### AIRSHIPS MOST POTENT FACTORS IN MODERN WAR

British Army Manoeuvres at a Standstill Because of Aeroplane Scouts.

Cambridge, England, Sept. 18.—The science of aviation apparently is to revolutionize warfare. An official announcement was issued tonight that the army manoeuvres had been abandoned and that a military conference would be held here tomorrow to adjudge the results and explain the cessation of operations.

This surprising situation has arisen from the fact that the rival armies have reached a sort of stalemate. Owing to effective air scouting, entailing a constant change of tactics, no broad plan of action has been possible. A series of minor "engagements" were fought today at various points, and when the day closed the exhausted armies were still in such positions that neither was able to claim that it had secured an advantage of the situation and they were so close together that the only possible issue was a pitched battle at the bayonet point.

King Watches Manoeuvres.  
The King was again for many hours in the saddle, watching the operations, which were a disappointment from a spectator viewpoint.

The British army manoeuvres began on Monday and were scheduled to continue until Sept. 20. On the opening day the manoeuvres were characterized by the brilliant work of the flying corps, one airship squadron and two aeroplane squadrons being attached to each army. Both aeroplanes and airships did scout duty for hours and all the movements of the rival armies were speedily conveyed to headquarters.

### RACE WITH DEATH; BUT DEATH WINS

Man with Both Legs Crushed by Train Dies While Being Hastened to Quebec.

Coroner Jolicoeur held an inquest on the body of Alfred Lapierre, a resident of Levis, who met with a frightful death at Chambord, on the line of the Lake St. John Railway Tuesday.

Mr. Lapierre, who was employed on the new cement works at Chambord, had both legs crushed by a train, and died a few hours later while a train was rushing him to Quebec.

At the time of the accident, Mr. Lapierre was walking on the track, and apparently paid no attention to the whistle of the approaching engine. Before the engineer could stop his train the man was struck and fell beneath the cars. He was picked up and first aid rendered him, after which he was placed aboard a train to be taken to this city, but he died near Beaudette.

The body was taken to Moisan's morgue in Quebec, and at the inquest yesterday morning a verdict of "Accidental death" was returned.

### 10,000 ODD FELLOWS MARCH AT WINNIPEG

Americans Win Cheers by Carrying Union Jack as Well as Stars and Stripes.

Winnipeg, Sept. 18.—The big feature of the Odd Fellows convention here to-day was the monster parade, which took place in glorious weather. It is estimated that about 10,000 members of the order walked in the procession, with about thirty bands, representative of all parts of the continent.

Headed by the Patriarchs Militant, they made a fine showing and the local lodges and those from Western Canada, which were well represented, were loudly cheered by the thousands who lined the route of the procession.

The lodges from the United States, with good grace, carried most of them, Union Jacks in addition to their Stars and Stripes, and their thoughtfulness brought forth many hearty cheers from the populace.

During the day fourteen special trains brought their complements into the city to take part in the procession and the streets were busy all day, even before the procession started. Good order was preserved throughout, despite the fact that it took about an hour and three quarters for the procession to pass a given point.

In the evening the ball of the Patriarchs Militant was held at the Arena rink and was largely attended. The other sessions of the day were of a purely private nature and little of general interest was done.

### WALDO'S SECRETARY DEALT WITH MEN "IN ON THE GRAFT"

Testimony in New York Police Investigation Shows \$10,000 Price of Promotion.

New York, Sept. 18.—Investigation to-day by the aldermanic committee of the affidavit made by Police Captain John T. Reith, that \$10,000 had been demanded of him as the price of his promotion during Commissioner Bingham's administration, developed testimony associating Winfield R. Sheehan, secretary of Commissioner Waldo, with a man "supposed to be getting graft."

The testimony was given by D. J. Kelleher, a private detective, who said he had been assigned in December last by Alfred G. Johnson, the under-sheriff whom Reith accuses in his affidavit of having demanded the \$10,000 from him, to follow a lawyer named Norton. This man, "by common rumor," he said, was supposed to be collecting graft from his office at 115 Broadway. He trailed Norton, he testified, to Sheehan's house. Sheehan discovered him there and kept him locked in while he sent for two detectives. Norton, he said, collapsed.

Kelleher said he was not arrested, but declared that a few days later he met Sheehan by appointment and that the commissioner's secretary said to him, "What have you got one me?"

"Something On Norton."

"I told him," said the witness, "that I had nothing on him, but that I did have something on George C. Norton, and that I had been sent to find out if Norton ever met Sheehan and that I found him, and that my job was done. I told Sheehan that Norton was supposed to be getting graft. He told me then he should be arrested. I stated that was a police job and not mine."

"Did Sheehan ask you who you were working for?" asked Emory R. Buckner, counsel for the committee.

"I told him," replied Kelleher, "I thought I was working for Al Johnson."

"What did he say?"

"Sheehan said, 'That will be all right; we will get him,'" replied the detective.

Police Captain Bernard J. Kelleher, a brother of the previous witness, testified that Commissioner Waldo had said to him last January: "I am very sorry that a member of your family should have had one of my men under surveillance."

Johnson Denies Demanding Money.

The Kellehers were preceded on the stand by Johnson, who denied that he had ever demanded money from Reith. "I saw him a couple of times," said Johnson, "and then he said he knew the job could be bought and said he had the money to pay. I told him he was a fool if he thought he could buy General Bingham. He stuck to me and came to see me again and again until I was sick of his face, and told him to get out of my sight and to keep out."

"But don't you think it was funny that a police lieutenant should call that way?" asked Mr. Buckner. "Did you know that the police were paying for promotion? Didn't you hear the talk?"

"I probably heard that, but passed it over. I did not think any more about it," replied the witness.

Johnson admitted that he had had Norton investigated "out of curiosity," but he had stopped without learning anything important.

Reith's Testimony.

Captain Reith's testimony was in the main an elaboration of the already published charges made in his affidavit, which was produced at the beginning of the day's proceedings by Commissioner Waldo. Reith swore he had "received word" that Johnson wanted to see him and that upon visiting him, Johnson informed him that his name was about to be certified for promotion to Commissioner Bingham. Johnson then took him, he said, to see Thomas J. Hassett, former secretary to Mayor McClellan, as the man who could "do the business for him."

"Hassett asked me some questions," testified the witness, "and later I got word to call at the home of Johnson. I went there and Johnson told me that he had done all he could for me and that I would have to put up \$10,000."

Upon failing to put up the money, Reith said he was passed over on the eligibility list. He went to Commissioner Bingham to find out why, he said, and was told by him that he had "the right to promote whom he pleased and that when he was ready to promote him he would." Reith absolved Commissioner Bingham from any part in the alleged promotions.

"I don't believe that General Bingham wanted my money," he said, "and would not have taken it. What I believe is that there was one understrapper who broke in with knooks and then took money to straighten out the knooks."

"Would you have been willing to have paid \$10,000 for promotion?" asked Mr. Buckner.

"Most assuredly."

"How would you have gotten the \$10,000 back?"

"I don't know, but the job was worth it. You don't have to work nights. You can get plenty of sleep."

### FAIRCHILD KILLED ON HUNTING TRIP NEAR HIS HOME

Body of Famous Writer Is Found on Banks of Jacques Cartier River.

Lying dead near his residence at Valcartier, on the banks of the Jacques Cartier River, which he had loved so well and of which he had so many times written, the body of Geo. M. Fairchild, Jr., was found yesterday afternoon.

A brief message to Coroner Jolicoeur last evening brought news of the accidental death of the well-known writer and publicist, and the doctor will leave this morning for the scene of the accident to hold an inquest.

Killed While Hunting.

According to the news received by the coroner, Mr. Fairchild had left in the morning with his gun for a trip over the territory surrounding his home, seeking some sport. Later in the afternoon he was found with a gunshot wound in his body, but how the accident occurred is so far unknown.

The Chronicle last evening made every effort to find out further details about the accident, but owing to the difficulties in telephone connection, it was almost impossible to secure any further news of the accident.

Well Known in Quebec.

The figure of Geo. M. Fairchild, Jr., was a well-known one in Quebec. He was one of the best-known literary men in this city, and he had contributed freely to the different papers of the city, as well as to many outside, both in Canada and the United States. He was a man who knew his Quebec and its history thoroughly, and he never failed to point out its great attractions to the many thousands who yearly come to this great Mecca of the North American Continent. He wrote many articles in regard to the winter attractions of the Ancient Capital, and he never failed to impress upon the world that the great northern climate was the best in the world.

An ardent follower of sport, he was a fisherman and hunter, and whether he toyed with the fly in summer or went off on snowshoes in the winter after big game, he was always the same genial sportsman. He was a friend of all who met and became acquainted with him, and the news of his death will cause the deepest sorrow among a circle of friends almost continent wide.

### NO STRIKE BY THE C.C.R. TELEGRAPHERS

Company Practically Concedes the Demands of Operators on Matter of Wages and Hours.

Montreal, Sept. 18.—Negotiations between the Canadian Pacific Railway and their railway telegraph operators were brought to a practical conclusion this afternoon, when an agreement was arrived at which was accepted as satisfactory by the representatives of the men.

While the whole matter is fairly complicated and will not be reduced to a formal agreement until some time to-morrow, the broad outlines of the settlement are that the men shall be granted an increase of 12 per cent in their pay, including a 12 per cent increase for overtime work, while their hours of work will be generally reduced from an eleven-hour to a ten-hour standard.

This agreement was arrived at as the result of negotiations which have extended over a considerable period, and which at times threatened decided tension between the company and the men, represented by the Order of Railroad Telegraphers. The operators asked for a 15 per cent increase, with special provisions for overtime and a decided reduction in hours of work. While their demands have not been altogether met, the settlement is in the nature of a compromise which is regarded as fair to both sides, and will undoubtedly be accepted by the operators, who will benefit to a very appreciable extent thereby.

### ENGLISH ATHLETES SHOULD MODEL AFTER AMERICA

London, Sept. 18.—The British Olympic Council has issued its official report on the Stockholm games. It is signed by Lord Desborough and the Rev. Robert S. DeCourcy Laffan. The leading point as set forth in the report is the need of national support and more money for training purposes.

It is contended that it was not mere specialization which enabled the United States and Sweden to do better than England in the games, and that the great factor in the excellence of American teams lies in the existence of institutions throughout the United States after the model of the New York Athletic Club.

## QUEBEC HARBOR COMMISSION BOTHERED BY LACK OF FUNDS

### Government Money Appropriated But Not Expended and Reverts to Treasury—Montreal Commission Has a Free Hand and Unlimited Resources.

The Quebec Harbor Commissioners complain that they are badly handicapped by lack of the necessary means to carry out greatly desired and essential works of improvement for the proper equipment of the port.

The general public has an idea that the Quebec Harbor Commission, like the Commission at Montreal, has only to ask the Government at Ottawa for all the money that may be required for harbor improvements, and that it will be forthcoming without any mummur or delay.

This is not the case with Quebec, although it does apply to the Montreal Harbor Commission. For a number of years the Quebec Harbor Commission has been obliged to make improvements from the revenue received from shipping and wharfage dues and at the same time carry on the management and pay salaries and wages, without a dollar of aid from the Government.

Didn't Get Funds Appropriated.

The late Liberal Administration established the precedent of voting money at every session of Parliament for harbor improvements at Quebec, but these sums were never placed to the credit of the Harbor Commission, and the work was not carried out, with the result that the money voted reverted back to the Dominion Treasury at the close of each session of navigation, to be re-voted for the next year, when it would again revert to the Treasury.

This system has been going on for many years, and is the chief cause of the inactivity of the Quebec Harbor Commission.

Time after time the Harbor Commission has gone from Quebec to Ottawa to get assistance from the Laurier Government to equip the port, but would be told that the Government could not lend them money, because the interest was not paid on sums advanced years ago, but the Government would vote money, and supervise its expenditure on any works necessary, that the Commission would suggest.

The Government, true to its promise, would place sums of money for Quebec harbor improvements in the estimates at each session of Parliament, but this was an easy matter, as the money would never be expended, notwithstanding the suggestions for much-needed improvements that would be made from by the Chief Engineer of the Harbor Commission.

Appropriation of \$1,000,000.

The present Government, following the precedent of the Laurier Administration, voted \$1,000,000 at the last session of Parliament for Quebec harbor improvements, which so far have not been placed to the credit of the Harbor Commission, which is unable to disburse one cent of the amount. This appropriation, like all previous subsidies, will be returned to the Federal Treasury.

It is true that the present Government has adopted the plans for two new piers in connection with the

## CANADIAN BUSINESS MISSION WILL BE SENT TO EUROPE

### Montreal Chamber of Commerce to Send Dominion Representatives on Trip.

Montreal, Sept. 18.—The Chambre de Commerce du District de Montreal is inaugurating its second quarter century of existence with an important project to have a Canadian mission formed of representatives of all the boards of trade and important commercial bodies of Canada, from the Atlantic to the Pacific coast, spend seven weeks next summer in Great Britain, France, Germany, Switzerland, Belgium, Holland and Italy, to open up trade routes and develop friendly relations that will bring capital and business to the Dominion.

The mission to France will be in some part a return of the visit made this year by the party of distinguished Frenchmen to Montreal and Quebec.

A committee was appointed with all the necessary powers to complete arrangements for the organization of this mission to all the countries in Europe with which Canada has trade treaties. They will visit or communicate with the other commercial bodies of Canada with the object of getting, as many important men of affairs as possible to join in the trip, the mission to be conducted under the auspices of the Minister of Commerce.

To Interest European Capital.

The great object of the Canadian mission is to interest European capital in Canadian resources. In Canada are the resources, and in Europe there is abundant capital, often not producing very great returns.

The delegation will be composed of representatives of all the great financial, industrial and commercial organizations of the country as well as a representative of each board of trade.

Efforts will be made to make the benefits of this voyage extend to all who wish to participate, and to make the arrangements such that there will be opportunities for the manufacturers, bankers, wholesale and commission men, whatever they might be, meet men of their own specialty, and so get advantageous relations. One of the great benefits of this mission is expected to be in the fact that men of various races in Canada will get to know each other better and find out how much can be done by working in common.

(Continued on Page Four.)

GIRLS! GIRLS! SURELY TRY THIS!
DOUBLES BEAUTY OF YOUR HAIR

All You Need Is a 25 Cent Bottle of "Danderine"—Hair Gets Lustrous, Fluffy and Abundant at Once.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair.

The Quebec Chronicle

QUEBEC, SEPTEMBER 19, 1912.

A DAY AFTER THE FAIR.

The protest against the delays in starting to work on the Quebec railway terminals is an illustration of how the Board of Trade can indulge in a slow kind of action, now and again, on its own account. Their latest protest has really been made public a day after the fair. The Hon. Mr. Pelletier, before leaving for Ottawa, gave Quebecers every assurance that there would be no further delay in pushing on the work on our harbor improvements; and any further delay has either to be openly explained, or Mr. Pelletier has to resign his position as a representative Minister of the Crown for the Quebec district.

BETWEEN THE TWO, WHICH?

Sir Wilfrid Laurier has again assumed the patriarchal tone in his campaign speeches; and reading between the lines of his St. Clet speech we can locate a threat that in his advancing years he intends to urge, on all occasions, as a means of getting his corruptionist friends back into power at Ottawa again. And no one can gainsay that his "silver locks" gives a venerable force to his rhetoric, as he pleads, with tears in his voice, to have Heaven forgive Mr. Henri Bourassa, his youthful friend whom he once loved so well, until he found Mr. Rodolphe Lemieux a worthy youth to confide in. It is not right for any one to put a wrong meaning into these words, or laugh at them, especially in presence of the numerous friends and relatives of Mr. Lemieux, on whom the patriarchal premier has conferred from time to time, many an office of state, and renewals of the same.

"If I were to consider," said Sir Wilfrid at St. Clet, "only my personal feelings, I would be tempted to thank the Conservative party for having taken from my shoulders the heavy burden that had been placed upon them by my countrymen. I would be happy to be able to retire into private life. But I belong to my country. I have still health and strength enough to serve my Canada, and I must do so until the last day of my life." And what a pathos there would have been about these words, had not Sir Wilfrid, recovering his second breath, smote Mr. Henri Bourassa, his former bosom friend, on the right cheek, while he proceeded to pat in a kind of great-grand-uncle way Mr. Rodolphe Lemieux on the head.

MAGIC BAKING POWDER

W. GILLET & CO. LTD. TORONTO-ONT.

not wish to go down to posterity on the page of history as one who would knock the heads of two of his former youthful companions together, in order to make them fight again as they once did on the hustings of St. Hyacinthe. Surely he has not such a bitter, bitter heart—the dear old fellow that he is! And yet what will not an old man do to get back into power again, case-hardened as he can hardly be after having had fifteen years of a regime. And back again to power he is going to get if his converse attitude of love and hate can aid him in getting there, through the co-operation of a second Mr. Tait and his indirections in favor of annexation through reciprocity.

THE WAYS OF PASSION AND PREJUDICE.

The profit and loss account of society has a pitiful tale to tell of what might have been but for the passions of men and the breeding of a prejudice as a law of guidance force. Today we have the Ulster Protestants in anything but an amiable mood towards the supporters of Home Rule. In Ottawa we have the school separatists hurling defiance at the educational department of Ontario; and again the old antipathies between the two great elements in our population are being quickened in the quietest way possible of course, to fortify themselves for another tussle in behalf of Laurierism. And the worst of it is that the prophets of peace and good will might as well speak to a stone wall as try to reason with the Ulsterite, the opponent of bi-lingual education, or the politician who would foster the race-and-religious cry in their campaigning in behalf of party aggrandisement. The telegraph wires are being kept busy these days telling us what frictional conditions prevail in Ireland. The local lines are also kept hot by telling us how the opponents of bi-lingual schools are comporting themselves against the law-and-order of the Ontario Educational Department. And were one to point out the absurdity of giving way to passion and prejudice in cases of public import, we would be in almost as painful a plight between two fires as we would be under the roasting process of one fire, should we take sides. Narrowness of mental vision has done the world ever so much harm; and yet it has always to run its course, allowed or disallowed, as it may be, by the up-brakes or down-brakes of common-sense.

The Panama Canal Act is in danger of being declared "ultra vires," which means that it ought never to have passed. And all the excuses that President Taft can furnish up to pass muster as justifications of him cowardice, will avail him little now, as he stands face to face with the nation whose good name he has had but poor consideration for. And yet this is the man whom Sir Wilfrid Laurier would hob-nob with tomorrow again, to imperil the national prestige of Canada under the guise of pleading for reciprocity.

The indiotic action of a Dublin newspaper calling upon Lord Aberdeen to resign his position as Lord-Lieutenant of Ireland because he happens to be a Protestant, brings us nearer home to "the devil's dance" being indulged in to have the Hon. L. P. Pelletier resign the Postmaster-Generalship, either because he is too much of a nationalist or too little of one, all because certain party gossips hereabouts are now "men-grown liars," and make "no bones" about being such either. The noise these "men-grown liars" make in their daily war dance, cannot but tend to close up the ranks of those who are within euter sound of the drunken racket.

The Hon. Mr. Hazen had his chance at the Pelletier banquet to say what he thought about the future of Quebec, standing, as it does, at the very entrance to the prosperity of a united Canada. And the Hon. Mr. Flynn had also his chance of referring to Quebec's future. With Messrs. Hazen and Flynn to stand by him in his pleadings in behalf of Quebec, Mr. Pelletier can have no excuse for not making things hum in the locality which he represents, now that his health has been so restored as to warrant him to continue in the public service as a Minister of the Crown.

There is a novel which represents, in one of its chapters, a pert young lady counting up the number of "I's" indulged in by a certain old gentleman as he made a political speech on an out-of-town platform. Had the same young lady been at Sir Wilfrid Laurier's meeting at St. Clet, she would have failed, we are sure, in her counting up of the autobiographical repetitions in the Grand Old Man's address. In fact, there was little else in that address to retain the attention of the large audience, save that "whopper" about the number of bushels in the western wheat crop this year. The "I's" however had it.

Our "no-war-scare" advocates are now spectators in the full sight of the Kaiser's plans for fleet aggrandisement. They may enjoy themselves by counting the number of ships under Emperor William's immediate personal oversight, near the island of Heligoland, which Britain once made a present to Germany; and then they may take to counting the number of ships Great Britain has, to hold the "menace of war" in arm's length. Yet there are still fools at large who say there is nothing in the whole exhibition to cause any alarm in Canada that should incite Canadians to plead for united action with the Motherland for the protection of the whole Empire. Can the fool and his folly go further than that?

The riot on a football field in Belfast, Ireland, is being made a football in itself between the political parties, that are advocating Home Rule and No Home Rule. Such a contest, aroused by denominational bitterness, has been seen more than once at an Agricultural Exhibition in the peaceful outskirts of Charlottetown, Prince Edward Island. And so will it be for many a day yet, until religious differences cease to stir up the most bitter hatreds among neighbors, and our upholders of the "Gospel of Peace and Goodwill" get to work to forgive and forget, from a political standpoint as well as a theological one.

Sir Wilfrid Laurier has found a "doh-ray-me" to sing in all of his speeches these days, namely, (1) his declining years, (2) his great love for his "compatriots" as he calls them, and (3) a non-scientific co-ordination of his views on reciprocity. And the refrain of all his three-toned talks is a whimpering appeal to get back to power for the sake of his followers. Only the respect due to old age can keep his opponents from indulging in a laugh at the expense of his personal appeals. The only fire about the whole thing is when he exposes his eagerness for reprisal—we might safely say revenge—on those whom the people have chosen to direct the affairs of the State, within a cleaner

channel of administration than he was allowed to do.

Hon. Charles Murphy, the hero of the house-cleaning in the Printing Bureau which was no house-cleaning, has been airing his views about certain millionaire club courtesies to Henri Bourassa, and certain beseechings on the part of the Borden Government to have Sir Wilfrid Laurier come to his assistance on the naval question. Out of his own mouth the said Mr. Murphy proves himself to be not only a cultivator of the Laurier hatred against Mr. Bourassa, but one of these unwholesome "men-grown what-you-may-call-'ems" to boot. There has been no beseeching on the part of the Borden Government to Sir Wilfrid Laurier to come to their assistance on the naval question, however the Chronicle and its contemporaries, Liberal and Conservative, would have the ex-premier given a chance to let us all measure the calibre of his much vaunted statesmanship.

### Fall Opening Exposition Of Millinery and Dress Accessories

OUR Grand Exposition of Fall Fashions will continue Thursday and all this week. The store has been packed with interested throngs of purchasers and visitors since Monday morning, and it is gratifying indeed to hear the expressions of pleasure and appreciation occasioned by our efforts to provide the best there is for the Ladies of Quebec. Now, just a word about the selection of your Fall Wearables! You know, without being told, that this store is absolutely pre-eminent here in matters of style, assortment and value. But we want to impress upon you the vital importance of making an early selection. No matter how complete the assortment may be, there must of necessity be some particular models which stand out as the most desirable in every exhibit. And these are always the very first ones to be sold. That's why it is advisable to come at once, while the showing is at its best, and pick out your new Fall Costumes, Coats and Millinery.

## GLIMPSES OF OLD QUEBEC

From the Files of the CHRONICLE, August 1812 and 1882.

### A HUNDRED YEARS AGO TODAY

War has desolated Europe for 20 years; it is now come home to our own threshold. Every man who is not of a mind to submit to the first set of scoundrels who choose to disturb the peace of their neighbors, would do well to seize the present opportunity to qualify himself for the discharge of his duty to himself, to his King and country.

A profession 100 years ago to-day: The subscriber tenders his best thanks to those who have so liberally supported him in his profession and solicits a continuance of their favors. John Shea, boot and shoe maker, No. 11 Buaide street, Upper Town Market place.

### THIRTY YEARS AGO TODAY

The news of the decease of R. H. Wurtele, Esq., was received in town with unfeigned regret by his many friends.

Major General Luard will inspect the Levis camp this morning. The Quebec Field Battery in camp there under the command of Capt. Crawford Lindsay, which he complimented last year, both here and in England upon its efficiency.

Thirty years ago to-day the farmers were complaining of too much rain.

## FINANCIAL.

### CLOSING LETTER.

By private wire to Neuville Belleau & Co., 93 St. Peter st., Quebec. Phones 946-4076.

New York, Sept. 18.—It is reported that Bailey, assistant secretary of the Treasury, is on his way to Dublin, New Hampshire, to see the Secretary of the Treasury about putting 25 to 50 millions in banks for crop-moving purposes.

The market opened active and strong. Lehigh Valley gained 3/4 of a point, Reading 3/4 of a point, Union Pacific 3/4 of a point and Steel 3/4 of a point in initial sales. Beet Sugar was strong on large buying by the pool. Bethlehem Steel was another specialty to benefit, the common rising 3/8 and the preferred 2 1/2 points. Beet Sugar estimated earnings are put as high as 13 per cent for this year. Advance in steel products of \$2 per ton are announced on bars, plates and shanes, all of which must rebound greatly to the advantage of the United States Steel Corporation, which is now running to maximum capacity. The Lackawanna Steel Company sets the bulk of the Delaware, Lackawanna & Western Railway rail orders, amounting to 25,000 tons. Soo was strong at a rise of 2 1/4 points in sympathy with Canadian Pacific. Rubber was in demand, rising 1 1/2 points. Reports of frost in the corn belt and lowered estimates

by Lyle for Nebraska had no effect either on the grain or stocks. In the afternoon trading the market sold off on realizing and prices dropped generally below last night's closing. It was rumored that the Secretary of the Treasury might deposit \$25,000,000 or more in the banks for crop-moving purposes.

Bull tips were circulated on Interborough-Metropolitan and St. Paul and it is said accumulation is going on in the latter issue. Wabash Railroad reports a deficit for the year of \$2,864,597. London bought about 15,000 shares. Copper metal was slightly higher abroad and the copper stocks acted well. They should sell higher. The manipulative crowd that bulled the market yesterday took profits to-day, but the life given to the speculation was an encouraging sign. We would buy stocks on all recessions of a couple of points and accept profits on turns, having confidence in much higher prices in the future and before the end of the year.

### THE TORONTO

#### PRODUCE EXCHANGE

Toronto.—Quotations are as follows: Wheat—Ontario No. 2 winter 97 1/2c outside, according to location, Manitoba, No. 2 northern, \$1.10, Oats—Canada western, No. 2, 47 1/2c outside. Ontario, No. 2, white, 43a45c. Corn—American, No. 2 yellow, 82c on track, Toronto; No. 3 yellow, 81 1/2c Toronto, 83c bay ports.

Barley—60a65c outside for malting and 58c for feed. Manitoba Flour—Listed quotations at Toronto are: First patents, \$5.70, second patents, \$5.20; strong bakers, \$5.00. Ontario flour—Winter flour, 90 per cent patents, \$3.80a3.85 seaboard. Millfeed—Manitoba bran, \$22 per ton; do shorts, \$26 per ton on track, Toronto. Eggs—Selected, 26a27c; fresh, 24c.

### FINANCIAL GOSSIP.

(From Barry & McManamy). London.—Copper closed firm, up 3s 9d for spot; futures up 3s 9d. Sales, spot, 300 tons; futures, 900 tons. Tin, firm; spot, up £1; futures up 15s.

Earnings. Soo, second week September, gross increase \$162,345.

Texas Pacific, second week September, increase \$26,619. From July 1, increase \$223,924.

Missouri Pacific, second week September, increase \$124,000. From July 1, \$1,476,419.

Missouri, Kansas & Texas, first week September, increase \$61,109. From July 1, increase \$403,698.

Wabash, deficit after charges, \$2,864,000, increase \$2,449,866.

St. L. S. W., second week September, increase \$22,000. From July 1, increase \$444,169.

Canadian Car & Foundry Co. has issued \$500,000 additional 6 per cent first mortgage bonds and these have been purchased by Royal Securities Corporation and Lee, Higginson, of Boston.

### LONDON MARKETS.

London, Sept. 18.—Raw sugar, centrifugal, 11s 9d; muscovado, 9s 9d. Beet sugar, 12s 3 1/2d. Calcutta linseed, September-October, 61s 9d. Linseed oil, 34s 4 1/2d. Sperm oil, £30. Petroleum, American refined, 8 1-16d; spirits, 9 1-16d. Turpentine spirits, 30s 9d. Rosin, American strained 16s 4 1/2d; fine, 19s.

### LA ROSE STOCK ACTIVE.

Montreal, Sept. 18.—La Rose directors met to-day and declared the regular quarterly dividend of 2 1/2 per cent.

The stock was more active than usual on the Mining Exchange to-day, opening at 260 and advancing to 266, with a later reaction to 263.

In some quarters apprehension had been expected that the company would not continue the present dividend rate, in consequence of which the stock has been weak of late.

# FIFTY-SIX MILLIONS NEW ASSESSMENT OF CITY

### More Than Doubled in Last Year According To City Assessor's Figures Secured Today.

# SEVENTY-ONE MILLIONS IS THE GROSS VALUE

The assessment of the City of Regina this year is over double that of last. The actual figures for the gross assessment are over \$70,000,000 and within a few thousand of \$71,000,000. Last year the assessment was within a few dollars of \$27,000,000, exclusive of exemptions. The figures for this year in round numbers are as follows:

Gross assessment	\$71,000,000
Net assessment	\$56,000,000

These figures, secured by The Standard to-day, are authentic and may be relied upon as indicating with accuracy the assessment of the city.

With the net assessment \$56,000,000, and it comes within a couple of thousand of that figure, the city books show that there has been more than a doubling in values during the year. Last year the total was slightly under \$27,000,000, so that the actual increase is about \$29,000,000 this year.

The increase in the assessment is more than usually significant owing to the fact that this year the assessment on buildings had been reduced. Out of the gross assessment must come the exemptions and the assessment of the annexes, which are not under full taxation to arrive at the borrowing power city.

A good indication of the strides the city has taken may be gleaned from the fact that in 1902, just ten years ago, the assessment was \$1,062,628, and in 1906 it was \$6,448,092.

## ROADS AND POLICE COMMITTEES MEET

### Civic Officials Discuss Many Matters, but Postpone Action in All Cases.

Two civic committees, Roads and Police, held short meetings yesterday, the former in the afternoon and the latter in the evening, when practically routine business only was transacted, although at the police meeting quite a discussion arose on the advisability of appointing a civic building inspector.

Ald. Guillot presided over the meeting of the Roads committee, and among those present were Mayor Drouin, Aldermen Madden, Fiset, Gauvin, Dussault and Berube.

Tenders were received for electric light cables from three American firms, two tendering for cable and the third for the cable and laying down of same. The tenders were left in the hands of the city engineer, who will report as to which is the most advantageous for the city and report at the next meeting.

A letter was read from the Q. R. L. H. & P. Co. asking for permission to double track St. John street from Salaberry street to Maple avenue, the town of Montclair having already granted permission on its part of the street. The committee decided to grant the company's request.

A Montreal company asked for the exclusive privilege to erect a certain number of kiosks in this city, which would contain a number of meteorological instruments, while the exterior of the building would be used for advertising purposes. The matter was left over until another meeting for further information on the subject.

Ald. Fiset suggested that the committee should study the question of the removal of snow from the streets by the civic authorities.

His Worship the Mayor did not consider the time opportune to take up this question and the committee decided to drop the matter for this year at least.

#### Police Committee.

Ald. Verret occupied the chair and those present were Mayor Drouin, and Aldermen Beaumont, Dussault, Morin, Emond, Martir, Cote, Lavigne and Trudel.

A letter was read from Hon. G. E. Amyot, informing the committee that he was told that a wood yard was to be established on the site of the former roller rink near No. 3 fire station, which had been destroyed by fire over a year ago, when his own factory had sustained considerable damage, and calling upon the city to adopt a by-law prohibiting wood yards in the centre of the city. The letter was referred to the city advisors to report at the next meeting.

A letter was also received from Mr. J. A. Mercier, secretary of the Council of Labor, requesting the committee to take the necessary steps to prevent the employment of foreign labor, but the committee decided to leave matters as they were, as laborers not living in the city had to pay a double civic tax.

A letter from a constable recently dismissed from the force, asking the committee to investigate the charges against him, was referred to the committee on discipline.

On the suggestion of Chief Trudel, the committee decided in favor of an amendment to the police by-law to the effect that anything found in a carter's cab be handed over to the police, and if not claimed within a year to be given back to the party who found it. The suggestion will be handed over to the city attorneys.

Ald. Dussault remarked that a number of residents of his ward had requested him to have the cab stand removed from St. Ann street opposite the Clarendon Hotel. He asked if it would not be possible to remove the stand to Chauveau avenue with the other carters.

Mayor Drouin and Ald. Verret replied that similar steps had been taken on other occasions, but that the cabmen had presented counter petitions largely signed by taxpayers of the ward in their favor, and had won their case before the committee.

Aldermen Beaumont and Emond were of the opinion that there were enough carters (24) at present on Chauveau avenue and that it was no place to keep horses standing all day, owing to the heavy grade on that avenue.

Ald. Dussault did not want to treat the carters unjustly, but thought that the question of another stand should be studied by the committee. The matter was left in abeyance for the present, but will probably be brought up at the next meeting.

Ald. Morin asked if the city did not think it was time to appoint a building inspector. His Worship and several aldermen were of the opinion that such an official should be appointed, as buildings were going up in all parts of the city against the law, and the police could not attend to them.

After a certain discussion, on motion of Ald. Morin, it was decided to allow the question to remain in the hands of Mayor Drouin, Ald. Verret, the city engineer and legal advisers, but His Worship remarked that the committee could not report before January next, as the city engineer was a very busy man just now.

#### HER LITTLE JOKE.

Wife—Broke again! It seems to me you are always short of money.  
Hub (a poker player)—It is due to the way I was raised.  
Wife—That's right; blame it on your poor parents.

## LOTBINIERE CASE SET FOR OCT. 17

### Judge Malouin Refuses Grant of Postponement Pending Decision of Supreme Court.

Judge Malouin rendered judgments yesterday on four motions in the federal contested election case of Lotbiniere. On behalf of the sitting Liberal members, Mr. Fortier.

Hon. L. A. Taschereau had moved for the postponement of the case until after a decision was rendered in the Supreme Court on Fortier's preliminary objections, which had been dismissed in the Superior Court by Judge Dorion, and a second motion to dismiss the case, alleging that the delays to proceed had expired. Judge Malouin dismissed both these motions with costs.

The case had been fixed for the 11th September for final hearing on the merits of the case. On Wednesday of last week 68 witnesses, summoned by the petitioner, Mr. Bergeron, appeared in court, while none had been summoned by Mr. Fortier, and when the case was called Hon. Mr. Taschereau presented the two above motions and claimed that the case could not be proceeded with as the necessary notices had not been given.

Mr. Morand, attorney for the petitioner, and his counsel, Hon. E. J. Flynn, replied by presenting motions to have the case fixed for the 7th of October next, and that the member for the county be examined as a witness on the 24th of September. Both motions were granted yesterday, the evidence of Mr. Fortier to be taken on the 30th of this month, and the case to be proceeded with on the 17th of October next, costs on both these motions to follow the issue of the case.

#### Contested Aldermanic Election.

The contested civic election case of Ald. Berube, one of the civic representatives for Limoilou Ward, which was called before Judge McCorkill in the Superior Court on Tuesday last, was postponed until this morning, owing to the absence of some of the alderman's witnesses, and Mr. Berube was condemned to pay the costs of the day.

Yesterday a rule was obtained by Mr. O. Morin on behalf of the petitioner, Valcourt, against George Berube, who failed to turn up as a witness on Tuesday last.

The Court of Review will sit on the 25th, 26th, 27th and 30th instant.

## STOP! READ! AND CONSIDER!! SANOL

In addition to some of the very best local talent, several members of the SS Empress of Britain crew will take part, and the crew includes some splendid entertainers. Tickets 25 cents.

## Quebec Harbor Commission Bothered by Lack of Funds

(Continued from Page One.)

Louise embankment improvements, and has also called for tenders for the construction, and the contract is on the eve of being signed, but this does not help the Quebec Harbor Commission to plan and carry out works on their own untrammelled volition for the much-needed equipment of the port.

It is also true that the Quebec Harbor Commission in the long past was to some extent indebted by interest on money borrowed from the Federal Government and failed to meet its obligation, but it must be remembered that the obligation was later more than balanced by the large property space on the Louise embankment that was given to the Government to erect immigration buildings which have never yielded one cent to the Commission from that time to the present.

However, the same thing can be said of the Montreal Commission, which succeeded in having the late Government legislate a bill through Parliament that wiped the debt off the slate and allowed them to begin over again.

truth was admitted, but at the same time the answer was made, that things had since changed at Montreal, that the Harbor Commission of that port had met its interest charges with due promptness.

**Montreal's Big Debt.**  
Admitting the fact of this contention, it would be interesting to know how the port of Montreal meets its interest obligations on the money it borrows from the Government these days. The Montreal Harbor Commission, during the past fifteen years has borrowed, not alone millions, but tens of millions from the Dominion Government, which has been used to equip the port they preside over, while the port of Quebec, during the whole period of the Laurier Administration, was allowed to starve.

The Liberal Government some years ago abolished the old Harbor Commission at Montreal, and created a new three-headed salaried Board in its stead. This Board has been afforded all the assistance it cared to demand from the Government.

Sir Wilfrid Laurier was urged to pass a bill that would deal with Quebec in the same manner, but refused,

Not Question of Jealousy.  
The electors of Quebec are not averse to see the port of Montreal, and all other Canadian ports, equipped to handle the demand of the fast growing shipping trade. No jealousy exists in that respect in this city, but there is a most decided objection to the continued neglect of the port of Quebec.

There is an easy way to remedy these conditions so generally complained of. The Government should immediately appoint a three-headed Harbor Commission at Quebec, similar to the salaried Board at Montreal, and give the Quebec Commission the same privilege of borrowing money, also the same means of meeting the interest charges.

Perhaps the Government is not aware, at least the present Administration, that only recently came into office, of the manner in which, it is alleged, the Montreal Harbor Commission meets its interest charges on the money borrowed from the public Exchequer. It is no secret, but common talk, whether justified or not, that inasmuch as the Montreal Harbor Commission has the power to go to Ottawa and borrow money, which

is always forthcoming, they not only borrow to meet the exigencies of legitimate expenditure for construction purposes, but even go to Ottawa and borrow the money to meet the interest due on previous borrowed amounts.

It would be an easy matter for the present Government to ascertain the truth of this report.

**No Aid For Quebec.**  
In the meantime, the relative positions of the Quebec and Montreal Harbor Commissions is a cause for complaint in Quebec. Quebec is without means or assistance to improve or equip its port, while Montreal has every available means from a powerful and rich Government at its disposal.

With proper support the port of Quebec, with its splendid natural facilities, would forge ahead, and in less than three years, become one of the finest equipped ports on the Continent. But the hands of the Quebec Commission, under the present conditions, are tied, while the hands of the Montreal Board are free to carry out any work desired, with the coffers of the Dominion at their disposal.

## NOTICE

Is hereby given to the shareholders of the Quebec Auditorium, incorporated by letters patent under the name of Quebec Auditorium, that a meeting of the shareholders will be held on Tuesday, 1st October, next at 2.45 o'clock in the afternoon at the Auditorium (Manager's office), in the city of Quebec to elect directors and for the general transaction of the business of the company.

J. H. PAQUET, Secretary and Treasurer. sept19tooct.1

## St. Patrick's Court, No. 620, C. O. F.

The regular meeting of the above Court will be held to-night Thursday, at 8.15 p.m. in the Foresters' Hall, No. 6 Elgin Street.

Business:—Amending the Court's bylaws.

As this is a very important question, all members are respectfully requested to attend.

L. H. EGAN, Recording Secretary.

## LA BANQUE NATIONALE

On and after Saturday, the 2nd of November next, this Bank will pay to its shareholders a dividend of two per cent, being at the rate of eight per cent per annum, upon its capital, for the quarter ending on the 31st of October next.

This dividend will be paid according to the list of shareholders of record on the 16th of October, 1912.

By order of the Board of Directors, N. LAVOIE, General Manager. Quebec, 17th September, 1912.

## What Space for Lumber

Space on a wharf for lumber, etc., can be had on the River St. Charles.

### Rates Reasonable

Apply J. G. BOYCE, 163 Maple Avenue.

## IN AND ABOUT TOWN

### TRANSFORM LOOKS OF ST. PETER ST.

New Banking Buildings in the Lower Town Are Building and Being Planned.

Besides the nine story concrete building being erected adjoining the Hochelaga Bank on St. Peter street, the Peoples' Chambers, gutted by fire last spring, is being demolished by workmen to make room for a splendid three story granite front structure, to cost \$60,000, that will be erected by the Imperial Bank.

The architecture of the new building will be similar to that of the Montreal Bank building that will adjoin, and when completed will be an ornament to the Lower Town.

The old Commercial Chambers on the corner of St. Peter and Paul streets purchased in the early part of the summer by the Canadian Bank of Commerce, will be shortly demolished and an up-to-date building will be erected in its place.

The ground floor of this new building when completed, will be occupied by the bank, and the upper floors converted into handsome suites for business offices.

It is also under contemplation to demolish other old buildings on St. Peter street and build large and modern structures in their stead, which will transform the entire commercial aspect of the Lower Town.

### ST. PATRICK'S COURT, C.O.F., IMPORTANT MEETING

A very important meeting of St. Patrick's Court, No. 620, C. O. F., is called for this evening at the Foresters' Hall, Elgin street, and a full attendance is requested. See particulars in announcement in this issue.

### AUDITORIUM TO-NIGHT—"THREE TWINS"

This is the day in the show world when neither the largest or smallest of the chorus beauties will take the leading part in admiration, "it is time the "medium" was given her proper due," said the manager of the "Three Twins" company, in which Miss Marie Sabott is framed by a garden of girls of conservative bulk. "She is the hardest working, most reliable and altogether the most satisfactory member of a musical comedy menage."

With the "Three Twins" company are a number of these real specimens of hothouse charms, and they declare that wintering away from the big Eastern pay streak is not so bad when once you get used to it. One hard-headed theatrical manager recently announced his intention of launching a movement to force these Broadway birds of plumage to leave town with the companies they have joined during the New York run if they wish to continue along the course of "Thespi's a la mode." If they don't agree to "play the circuit," says, "they can't get position with the show at all." It is asserted that the "Three Twins" beauties went on the road after gentle persuasion and not by gruff and peremptory command. That "New York idea" of the haughty chorus nymph is peculiar as only a few of the hundreds of Tootie Footlights originated in that Eastern metropolis. Most of them "hailed" originally from small towns in the provinces and their reluctance to leave the big town is of comparative recent conversion. "Three Twins" will be the attraction at the Auditorium, commencing to-night, for three nights, with special matinee Saturday.

sept18/2

## DEMAND FOR LAND AT LITTLE RIVER

One Big Deal in That Section Is Reported to Have Gone Through Yesterday.

There seems to be a sudden demand for land in the vicinity of the Little River, and options have been taken on several properties, though only one deal so far has been reported to have gone through. What the reason for the demand for property in this locality is has not yet been explained.

The deal which is reported to have gone through is that of the Moore farm on the Little River road, on the north side of the St. Charles River, and a short distance west of Scott's bridge, which was sold yesterday. Louis Bolduc was the purchaser. The price paid has not been announced, but is said to exceed \$70,000. The farm contains 140 acres.

### PRETTY WEDDING AT TRINITY CHURCH

At noon yesterday, in Trinity Church, a pretty wedding was celebrated, when William Meter of Stokeville, Ont., and Miss Charlotte Paxman, daughter of S. E. Paxman, of this city, were united in marriage. The bride was dressed in a new travelling suit and black picture hat with white ostrich feather and osprey. The bridesmaid, the bride's sister, was becomingly dressed in a grey suit and white hat.

The ceremony was performed by Rev. I. M. Thompson, assisted by Rev. A. R. Beverley. The bride was given away by her father. The groom was attended by Thomas White. As the bridal party left the church the wedding march was played by Miss Handley.

Mr. and Mrs. Meter left by the C.P.R. train at 1:30 for Montreal, where they will take a steamer for a trip through the Thousand Islands and lakes before going to their future home at Stokeville. At the railway station a large number of the bride's young friends had assembled, and as the newly married pair were boarding the train they were showered with rice and confetti. The bride received numerous gifts.

### FRENCH WARSHIP ANCHORS IN PORT

Cruiser Descartes First of Her Navy to Visit Quebec in Four Years.

Shortly after six o'clock yesterday morning the booming of guns in the harbor announced the arrival in port of the French cruiser Descartes, Capt. Pugliesi-Conti.

Some time after the cruiser had ceased firing, the guns on the Citadel replied to her salute.

The Descartes then steamed up the harbor until she came opposite the Citadel, where she dropped her anchors in the stream.

During the forenoon, Messrs. H. R. de St. Victor and L. Ripp went on board the Descartes to pay the respects of the French colony in Quebec to their countrymen on the ship.

In the afternoon Captain Pugliesi-Conti, accompanied by his first lieutenant, landed and paid his respects to His Honor the Lieutenant-Governor, His Grace the Archbishop, His Worship the Mayor, the Acting Premier of the Province and the Speaker of the Legislative Assembly.

### Bluejackets On Shore.

Last evening a number of bluejackets were given shore leave, and they were to be seen in all parts of the city taking in the sights.

It is now about four years since a French warship has visited this port. The Descartes is 300 feet in length with a draft of 24 feet. She carries 22 guns and is manned by 270 officers and men.

Following is a list of her officers: Commander—Capt. Pagliesi-Coste. First Lieutenant—M. de Saint Salvy. Surgeon—M. Alguer. Chief Engineer—M. Alard. Signaller—M. Chonquet. Commissary—M. Soit. Senior Officers—Messrs. Gueregan, Latham, Contamin, de Prevaux, and Robbe.

Second Engineers—Messrs. Dirion, Silvy, Lambert. Second Senior Officers—Messrs. Daniel, Hutter, Gonton.

The Descartes will remain here until the 27th, when she will leave for Halifax.

### NEW BRANCH POST OFFICE AT PALAIS.

A new branch post office at 349 St. Paul street will be shortly opened. The need of the new office has been long felt in the locality.

### AUTOMOBILE CLUB HAD GOOD MEETING

There were over fifty members of the Quebec Automobile Club at the regular meeting at the Kent House last evening, when as usual matters of importance were discussed. The meetings of the Automobile Club are becoming most interesting and at last evening's assemblage Frank Carrel, president, occupied the chair. There was the usual interchange of opinion, and the meeting was an interesting one.

### RECORDER'S COURT.

Six prisoners accused of drunkenness were before the Deputy Recorder yesterday. Five were condemned to fines ranging from \$2 and costs or 15 days each respectively, and one was discharged.

In a case where one Roy accused one Legare of causing a disturbance in the former's home, the plaintiff persisted in answering questions put to witnesses until he was condemned to a fine of \$2 for contempt of court. Legare was fined \$1 and costs for the disturbance.

### RIGHT HOME.

Doctor Recommends Postum From Personal Test.

No one is better able to realize the injurious action of caffeine—the drug in coffee—on the heart, than the doctor. Tea is just as harmful as coffee because it, too, contains the drug caffeine.

When the doctor himself has been relieved by simply leaving off coffee and using Postum, he can refer with full conviction to his own case.

A Mo. physician prescribes Postum for many of his patients because he was benefited by it. He says:

"I wish to add my testimony in regard to that excellent preparation—Postum. I have had functional or nervous heart trouble for over 15 years, and a part of the time was unable to attend to my business.

"I was a moderate user of coffee and did not think drinking it hurt me. But on stopping it and using Postum instead, my heart has got all right, and I ascribe it to the change from coffee to Postum.

"I am prescribing it now in cases of sickness, especially when coffee does not agree, or affects the heart, nerves or stomach.

"When made right it has a much better flavour than coffee, and is a vital sustainer of the system. I shall continue to recommend it to our people, and I have my own case to refer to." Name given by Canadian Postum Co., Windsor, Ont. Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## AGED PILOT FELL FROM THE BRIDGE

Dugas Must Have Been Attacked by Fit of Apoplexy and Thus Met Death.

"Accidental death" was the verdict rendered by the Coroner's jury yesterday in the case of George Dugas, the former well-known pilot, whose body was found on Tuesday floating in the River Chaudiere, near the Inter-colonial bridge. The old man had disappeared from his home last Sunday. The evidence tended to show that Dugas, who had been ailing for some time, had been seized with an attack of apoplexy and had fallen from the bridge, meeting with his death. A verdict in accordance was rendered.

### NEW DOCTORS ARE ADMITTED TO PRACTICE.

Leon Houde, Jean Dussault and Alphonse Noel were yesterday morning admitted to the practice of medicine at the examinations held at Laval University.

### SEMBRICH'S PLACE EMPTY AT METROPOLITAN

Since the retirement of Mme. Sembrich from the operatic stage, to devote herself exclusively to concert work, critics have bewailed that there is no one to take her place. Coloratura singing like Mme. Sembrich's is not to be equalled and the singer's possessing both her physical and intellectual powers have been few and far between.

The great artists will be here on the 14th of October next, when she will make her first appearance in this city. In order to get the necessary seating capacity, the Drill Hall has been secured for the event.

### ROW IN RESTAURANT CAUSES EXCITEMENT

There was a bit of a row in a Chinese restaurant on St. John street last night. A couple of inebriated individuals, who tried to rub things, resulted in one of them being landed in the Central Station.

## CHINESE LOAN IS PUZZLING QUESTION

Believe Independent Loan Is Effort to Force Banks to Allow Largest Participation.

Peking, Sept. 18.—In diplomatic circles at Peking it is believed that the new independent Chinese loan of \$50,000,000, contracted in London, is principally an effort to force the Hong Kong and Shanghai Bank to allow free English participation in the pending Chinese loans aggregating \$300,000,000.

The puzzling attitude of the Chinese Government in connection with the loan situation is attributed by foreign observers to its desire to keep two financial channels open—Hsiung Hsi-Ling, the former Minister of Finance, who conducted the original negotiations here, having received the fullest authority to conclude the agreement by manifesto.

The present Chinese Minister of Finance has disavowed approval of the important loan and he has assured the representatives of the so-called six-power banking group that the government intends to deal with them. He considers the terms of the new loan agreement to be unsatisfactory.

While the negotiations for the independent \$50,000,000 loan were proceeding in London, the principals credited China with 3,000,000 taels (approximately \$2,000,000) to be drawn on the foreign bank at Tientsin, but this sum has not been touched by the government.

The agreement signed in London Aug. 30 gave China the option of making a 5 per cent loan at 89, a 5 1/2 per cent loan at 92 or a 6 per cent loan at 95, with 1 per cent additional for commission.

### WANT MINISTER OF MINES.

Victoria, B.C., Sept. 18.—The first semi-annual meeting of the Canadian Mining Institute in session here passed a resolution to-day urging the Dominion Government to appoint a minister of mines. The gathering is presided over by Dr. A. E. Barlow, of Montreal, who in his presidential address referred to the highly prosperous condition of the mining industry in Canada. In Nova Scotia, he said, while gold mining was declining this had been more than made up for by the coal output, which this year would be the largest in the history of the province. In New Brunswick coal, iron and gas were soon to be developed. Quebec was on the eve of the discovery of new mineral areas and at the present moment this province produced 75 per cent of the world's asbestos supply. Quebec had also the largest copper mines in Canada. Ontario's production for this year would be \$40,000,000. The advance of the coal industry in Alberta had been amazing while with the advent of new and great railways, fresh discoveries would still stimulate the mineral outlook in British Columbia.

Among the other speakers were Sir Richard McBride, Minister of Mines in British Columbia, and Hon. Mr. Templeman.

No human memory can possibly be as reliable as a National Cash Register—it can't go wrong.

THE NATIONAL CASH REGISTER CO. J. R. DeLumen, Sales Agent. 285 1/2 St. Joseph St., Quebec.

## DORCHESTER PLANT IS NEARLY READY

Manager of Electric Company Says that Rapid Progress Is Being Made.

Mr. Wilson, manager of the Dorchester Electric Company, informed a Chronicle representative that rapid progress was being made toward the completion of the entire plant. All the short poles are in position and

the wiring has been begun and the work is going on satisfactorily. The building of the power house is half completed and will be ready for the installation of the machinery and generators by the first of next month, when the company will be in a position to fulfill the contract for the lighting of the city streets in November.

### FINED FOR CARTING MEAT UNDER A DIRTY CLOTH

Toronto, Sept. 18.—For conveying a quantity of meat from the slaughter house to the St. Lawrence market in a wagon that was covered by a dirty cloth, W. Gorton, a wholesale and retail butcher with an establishment at 181 Baldwin street, was fined \$10 and costs.

Secure an OLD AGE OF COMFORT and HAPPINESS by purchasing a CANADIAN GOVERNMENT ANNUITY.

Apply to your Postmaster, or to the Superintendent of Annuities, Ottawa, for information as to the cost.

June 25th, 1912.

SEALED TENDERS addressed to the undersigned, and endorsed, "Tender for Wharf and Approach at St. Pierre les Becquets, P. Q." will be received at this office until 4.00 p.m., on Tuesday, October 15, 1912, for the construction of a Wharf and Approach, and Dredging of Berth for head block, at St. Pierre les Becquets, County of Nicolet, P. Q.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of A. G. Sabourin, Esq., District Engineer, Sherbrooke, P. Q.; A. R. Decary, Esq., District Engineer, Post Office Building, Quebec; F. X. Berlinguet, Esq., District Engineer, Three Rivers, P. Q.; J. L. Michaud, Esq., District Engineer, Merchants Bank Building, Montreal, P. Q., and on application to the Postmaster at St. Pierre les Becquets, P. Q.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order, R. C. DESROCHERS, Secretary.

Department of Public Works, Ottawa, September 16, 1912.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—26558.

GRAND OLD ROCKET STILL GREAT HORSE

Wins an Exciting Trotting Match Yesterday Morning from Falls to Quebec.

Grand old "Rocket," a trotter whose name and performances are well-known in Quebec, again proved himself to be a great horse when he won an exciting road race from the Falls to Quebec yesterday morning, finishing the distance, a little over six miles, in the announced time of 18 minutes and 4 seconds.

Pitted against Rocket was a young flyer owned by Mr. Larose and which has been doing some great trotting on local tracks, but the youngster proved himself no match for the veteran, who finished the race fresh and fine.

Rocket was driven by his owner, Mr. Lenghen, while Mr. Gauvin drove the other horse.

All through Rocket maintained his old form and gameness. The match was for \$150 aside and quite a lot of money changed hands on the result.

GOLF AT MANCHESTER, VT.

Manchester, Vt., Sept. 18.—A high wind and a heavy rain combined to make poor scoring in today's qualifying round of the 13th annual tournament for the Equinox cup at the Ekwang Country Club. The card of 79 returned by F. B. Jennings, Jr., of New York, won the medal for low score. Such high ranking players as Fred Herreshoff of West Brook, and Norman Hunter of Edinburgh, Scotland, showed poor form, although both made some remarkably long drives. Herreshoff finished in 82 and Hunter in 83, both qualifying. In the drawings for the first round at match play tomorrow, these two are separated in the halves, and if each comes through will compete in the finals. Further high scores were: F. P. Clark, Ekwanok, 80; Holden Wilson, Cincinnati, 81; Findlay Douglas, Nassau, 82; C. S. Clark, Ekwanok, 85.

CANADIAN MARE IS FUTURITY WINNER

Princess Todd Captures Event for Three-Year-Olds at Detroit Grand Circuit

Detroit, Sept. 18.—Princess Todd, owned by the Cruickston Stock Farm, Galt, Ont., and driven by Murphy, this afternoon proved herself the best in the field of splendid three-year-olds by winning the major portion of the Horseman Futurity purse of \$10,000. Brighton B., Manrico and the Canadian filly each won one of the three heats in this event, the feature of today's Grand Circuit programme, but Princess Todd's standing in the final summary was highest.

The track was muddy and about 8 seconds slow when racing started late in the afternoon. None of the races on today's original programme was reached, and one of Tuesday's events, the Futurity pace, was unfinished after two tame heats.

Five heats were required to decide the 2:12 pace which was started yesterday. Robert Milroi, with the best average after the fifth heat, was declared the winner.

Joe Patchen II, with one heat of the 2:12 pace already to his credit, won two more today in easy style. He was never urged and finished both rounds slowing down.

Princess Todd Comes Strong.

Brighton B., winner of yesterday's one heat in the 3-year-old Futurity, started out well in the second heat today. He led to the three-quarters with Manrico alongside. The pace was too hard and at the last turn Brighton B. lost his stride. Manrico taking first position and holding it to the wire. Princess Todd, third on Tuesday, came strong at the end and was beaten by a length. In the third and final heat Manrico and Junior Watts raced out ahead of the field to the far turn. Brighton B. then took the lead and looked like a winner. Half way down the stretch Murphy made his magnificent drive. He took Princess Todd out of the bunch with a rush and in a whipping finish sent her under the wire a half length to the good.

The \$10,000 purse was divided as follows: \$2500 to the winner of each heat, \$400 to second, \$200 to third, a \$500 cup to the horse standing best in the summary and \$200 to the nominator of the winners.

There were only two starters in the three-year-old pacing futurity. Anna Axme was an easy winner over Impetuous Palmer in both of the heats run off today. The race is to be finished tomorrow.

EUGENE TREMBLAY WAS DEFEATED

Paradis Wins from Champion Lightweight—Maupas Had No Show Against Le Marin.

Montreal, Sept. 18.—Eugene Tremblay, holder of the lightweight championship title for the last seven years, met his Waterloo at Sohomer Park to-night. Paradis, a Greek lightweight, taking two falls out of three from the French-Canadian. Tremblay, however, still retains his title as the match was at catch weights.

The first fall came after 31 minutes of wrestling with a body and arm hold. The second fall came in precisely the same manner, with a leg hold on the left foot and both hands working on Tremblay's right foot.

After his win, Paradis will probably be given a chance at the belt in the next few months.

Constant Le Marin, an European Graeco-Roman champion, also made his debut locally, taking on Emile Maupas, who conceding pounds to the newcomer, could do nothing but stall off the inevitable. A cross bar disposed of Maupas in 16 1/2 minutes. The second bout as an exhibition of wrestling was not worth watching, Le Marin using Maupas to show off his strength, the coup de grace being inflicted by swinging Maupas around half a dozen times and then dumping him hard on the mat.

DETROIT TIGERS TRADE FOR DRAFTED PLAYERS

Detroit, Mich., Sept. 18.—It was announced this afternoon that the Detroit American League Baseball Club has traded infielder Derrick to the New York Americans for Catcher McKee and has purchased Catcher Rondeau from Washington. It is understood Rondeau cost the local club \$4000. All of the players were secured by the clubs concerned in the recent drafts.

McGILL'S CHANCES IN DOMINION CHAMPIONSHIPS

"McGill is going into the game this year with the firm determination to catch the college championship of the Dominion," said Jimmy Lee, captain of the team, who left last night to take up his studies again in Montreal. The Quebec boy, who has won the high honor of being captain of the college squad, is enthusiastic over the prospects of his men. "With the new trainer we have re-

Fashion-Craft CLOTHES advertisement featuring a large circular logo and text: "Made to your individual measure, from any of the Hundreds of Samples we show. As we are abandoning the Fit-Reform, all the stock must be sold between now and 15th October. Suits and Overcoats worth \$15.00 for \$ 8.50. Suits and Overcoats worth 18.00 for 11.00. Suits and Overcoats worth 20.00 for 12.50. Suits and Overcoats worth 25.00 for 15.00. This store will be closed on Wednesday and Thursday. Opening on Friday, 20th. Remember that these goods are of the latest style and a large portion of this fall's goods. On this occasion there will be a great reduction on our Hats, Boots and Shoes and Gent's Furnishings. Boy's Suits at great reduction. 105 and 111 ST. JOSEPH STREET

cured and with the good material we have on hand, I think we have a team that will again bring the intercollegiate honors to the Province of Quebec.

"Our coach is a man who knows the game and I am confident that he will leave nothing undone to put the men in such a shape that they will be able to cope with the very strongest output of the other colleges."

INTERNATIONAL LEAGUE PLAYERS TO THE MAJORS

The following draft from the International League to the major leagues have been authorized by the National Commission: From Montreal—Connelly, by Washington Americans. From Toronto—Fisher, by Brooklyn Nationals. From Baltimore—Derrick, by Detroit Americans. From Buffalo—Schang, by Philadelphia Americans. From Jersey City—Rondo, by Washington Americans. From Newark—Dent, by New York Americans. From Providence—Works, by Cincinnati Nationals. From Rochester—Dolan, by Philadelphia Nationals.

NO DISPUTE NOW, RED SOX HAVE WON.

Boston, Sept. 18.—The Boston Red Sox to-day clinched the American League pennant. All possibility of the Red Sox being overtaken was disposed of when Philadelphia lost at Chicago to-day the first game of a double header.

To relieve the tension among members of his team, and to assure finally the pennant for Boston, President McAleer of the Red Sox notified the management of the New York Highlanders that Boston would not play off a postponed game scheduled to be played in New York.

Boston now can lose all its remaining fifteen games and win the pennant, though Washington, which went into second place to-day, should win all its remaining 13 games, and Philadelphia should win all its remaining 14 games. Should this possibility develop the final standing would be:

Table with columns: Won, Lost, P.C. Boston . . . . . 97 56 .634 Philadelphia . . . . . 97 57 .630 Washington . . . . . 97 57 .630

CANADIAN MILITIA IS CRITICIZED IN HISTORY.

Ottawa, Sept. 18.—Same trenchant criticisms of the Canadian militia system, in connection with this country's preparedness for action, which are expected to excite much comment, are looked for in the publication of a monumental history of Canada, the work of one hundred associate historians during several years, which has now been completed under the direction of Prof. Adam Shortt and Dr. A. G. Doughty, Dominion Archivist. The various branches of the work included in the history, which will be the first of its kind in Canada, have been dealt with in one hundred and fifty-two signed articles on the different subjects touched upon.

Military Canada has been assigned to the pen of Capt. C. F. Hamilton, and it has been learned that quite a flutter is likely to be caused in militia circles by what Capt. Hamilton, who admittedly is an authority on this subject, will say. The report of General French on the militia system, it is understood, was no more trenchant nor did it cause more interest than

RELEASED ON ONE CHARGE, ARRESTED ON ANOTHER

Vancouver, B. C., Sept. 18.—Walter Davis, alias O'Day, and Alice Davis, his wife, who were arrested recently at Toronto, charged in connection with the robbery of the Bank of Montreal at Westminster a year ago, were dismissed this morning by Magistrate Edmonds, of Westminster. Counsel for the bank stated that there was nothing to connect the prisoners with the robbery and accordingly withdrew the charge.

The magistrate told the couple they could go, but they had not left the dock when they were rearrested and placed in custody. The new charge was of having stolen money in the City of Toronto. They will be taken back to Toronto next week to stand trial there.

NOTICE Is hereby given that the Pier at the mouth of Cap Rouge River is submerged as well as the other deep water Pier that was there up to last winter at the end of the long wharf. The position of the pier at the mouth of the Cap Rouge River is as heretofore shown by a flat buoy by day and a white light by night, and the position of the deep water pier recently taken at the end of the long wharf is in a straight line with the said flat buoy and about 600 feet to the west. W. A. KINGSLAND, Agent.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made in any agency, on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader. Duties--Six months residence upon an cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties--Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry including the time required to earn homestead patent and cultivate fifty acres extra. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchase homestead in certain districts. Price \$3.00 per acre. Duties--Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00. W. W. CORY, Deputy of the Minister of the Interior. N.B.--Unauthorized publication of this advertisement will not be paid for.

\$10.00 Cash and \$6.00 per month will put a beautiful PIANO in your home. Just receiving a new stock of Pianos from the leading manufacturers. ARTHUR LAVIGNE 63-65 John Street

Shipping News

NEWS FROM ALONG THE WATERFRONT

The Allan Line R.M.S. Virginian, Captain Gambell, from Liverpool, on Friday, the 13th, passed Belle Isle at 2 p.m. yesterday and is due here at 11 o'clock to-morrow (Friday) morning. She has 204 saloon, 343 cabin and 807 third class passengers, the mails and a general cargo.

ALLAN LINE. Steamer Lake Erie, Captain Carey, from London and Havre, with passengers and general cargo, arrived in port last evening, mooring at the Breakwater. She will land her passengers this morning.

BAIE DES CHALEURS LINE. Steamer Gaspesien, Captain Blouin, arrived from Montreal yesterday morning and moored at the Champlain market wharf. She left for Baie des Chaleurs ports at 3.30 p.m., after embarking Quebec passengers and cargo.

GETS VERDICT AGAINST NON-EXISTANT COMPANY Toronto, Sept. 18--An odd turn was given to a legal case to-day, when H. M. East, at Osgoode Hall, alleged that the law firm of Robinette, Godfrey, Phelan & Henderson was guilty of deception and contempt of court in representing a defendant who did not exist, and he moved for an order directing the Robinette firm to pay the costs of action brought by Miss Rose Campbell, of Toronto, and Mrs. Gibson, of Buffalo, against Taxicabs, Limited. The ladies were injured in a taxicab accident, and after they had secured judgment for \$1000 and \$400 respectively, the Robinette firm main-

THE CHRONICLE STEAMSHIP DIRECTORY OF OCEAN SAILINGS.

FRENCH AVIATOR GIVEN A HEARTY RECEPTION Paris, Sept. 18--Jules Vedrines, who won the world's aviation championship at Chicago Sept. 9 and brought back to France the James Gordon Bennett Trophy, was given a hearty reception on his return here this evening from the United States. Great crowds met him at the station, including many members of the Aero Club, a representative of the Ministry of Public Works, several high military officers and government officials. In reply to a speech of congratulation, M. Vedrines said that he thought now the cup was in France it ought to be kept here permanently.

Dr. de Van's Female Pills A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse cheap imitations. Dr. de Van's are sold at 25 a box, or three for \$10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

# SETTLES SOUR, UPSET STOMACH IN FIVE MINUTES--PAPE'S DIAPEPSIN

As Soon as It Reaches the Stomach All that Distressing Gas, Sourness and Indigestion Vanishes.

Time it! In five minutes all stomach distress gone. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach doctor in the whole world and besides it is harmless and delightful.

Millions of men and women now eat their favorite foods without fear—they know it is needless to have a bad stomach.

Get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Stop being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without fear of rebellion in the stomach.

Diapepsin belongs in your home. Should one of the family eat something, which doesn't agree with them or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement, it is there to give the quickest, surest relief known.

## WEDDING OF C. G. POWER IN MONTREAL

Well-Known Young Quebecker Was Married in Montreal Yesterday Morning.

Montreal, Sept. 18.—This morning at 9:30 a pretty wedding took place in St. Agnes' Church, when Miss Rosemary Pendleton, eldest daughter of Mrs. W. H. Pendleton, was married to Charles G. Power, of Quebec, son of William Power, M.P. The Rev. J. C. Brophy, D.D., officiated. The church was prettily decorated with palms and flowers.

The bride, who was given away by her uncle, Daniel Ford, wore a gown of ivory white Oriental satin, with trimmings of Irish lace and pearls. Her tulle veil was arranged over a coronet of orange blossoms and she carried a shower bouquet of roses and lilies of the valley.

She was attended by her sister, Miss Marguerite Pendleton, who wore a gown of pink satin with overdress of gold embroidered chiffon. Her picture hat was of pink satin with white touches of black lace and she carried pink roses.

Frank Power, brother of the groom, acted as best man.

After the ceremony a reception was held at the home of the bride's mother. The bride travelled in a gray whipcord suit with hat to match. After their return from a honeymoon trip to the west they will reside in Quebec.

## HAPPY, LAUGHING CHILD SHORTLY

If Cross, Feverish, Bilious and Sick, Let "Syrup of Figs" Clean Its Little Waste-Clogged Bowels.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your child isn't feeling well; resting nicely; eating regularly and acting naturally it is a sure sign that its little stomach, liver and 30 feet of bowels are filled with foul, constipated waste matter and need a gentle, thorough cleansing at once.

When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhoea, Sore Throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious fig taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given to-day will save a sick child to-morrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggists for the full name "Syrup of Figs and Elixir of Syrup," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

## FINN GIRL ACCUSED OF MURDERING HER BABY

Toronto, Sept. 18.—Unable to understand one word of the court proceedings, save through the medium of an interpreter, Matilda Sanila, a young Finn domestic, was arraigned before Magistrate Dennison in Police Court this morning on a charge of murdering her newborn babe at her place of employment, No. 6 Park place, on Aug. 26. At the conclusion of the testimony, she was committed for trial at the assizes.

It was said this morning that the young woman came from an excellent family in Finland, but because her parents had refused permission to marry a young countryman who was on a lower social plane, she had decided to emigrate.

## RAINY RIVER LOOKS VERY BAD FOR NAVIGATION

International Falls, Minn., Sept. 18.—Forced to go by train to War Road, Minn., where the next session of the International Waterways Commission is being held because, despite the heavy rains, Rainy River is not navigable for even small craft, Chairman Tawney remarked that there did not appear to be enough water to worry about and commissioners of both countries are inclined to view navigation on Rainy River under present conditions as negligible quantity.

## INDICT FOR BANK THEFTS.

Toronto, Sept. 18.—The following true bills were returned by the grand jury to the Sessions this morning: Roland Harris, theft of \$7000 from the Standard Bank. Arthur R. Richmond, theft of \$26,087.73 from the Bank of Toronto.

## Children Cry FOR FLETCHER'S CASTORIA

## PEACE TERMS ARE STILL IN QUESTION

Turco-Italian Negotiations Progress Favorably, But Pact Is Still Unsettled.

Ouchy, Switzerland, Sept. 18.—Pietro Bertolini, former Minister of Public Works and one of the delegates representing Italy at the peace negotiations which have been going on in Switzerland, discussed briefly to-day the possibility of a settlement satisfactory to both Italy and Turkey being reached. He said:

"The negotiations are proceeding favorably and I hope they will soon be successfully ended. I cannot, however, discuss the proposed terms. The Italian delegates have full power to conclude peace here in Switzerland. The long delay in the negotiations has been the result of having in the earlier stages to refer to the more important questions to headquarters."

Signor Bertolini, who has recently been in Rome laying before the Premier and Foreign Minister the latest phase of the negotiations, rejoined his fellow delegates here to-day. He declared that the alleged basis of peace, as published in the Paris Temps, were of such circumstantiality as to be a mere fantasy. He declined nevertheless to specify where in they were faulty.

The question of sovereignty over Tripoli and Cyrenaica seems to be the chief stumbling block.

## SHELL FISH COMMISSION MEETS AT CHARLOTTETOWN

Charlottetown, P. E. I., Sept. 18.—The shell fish commission is in session here. Evidence is being taken in the lobster and oyster industry. The lobster men are unanimously opposed to fixing the size limit. Opinions differ regarding the altering of traps. If more protection is needed they favor the shortening of the season.

General satisfaction is expressed at the present situation, a few demanding changes. Illegal fishing is complained of in some sections.

There was a diversity of opinion regarding the hatcheries, some witnesses advocating the use of some large bay as a natural spawning ground.

The desire is general for the protection of the oyster industry, which is declining. The better care of small oysters is advocated. The leasing of barren bottoms is approved of by some and objected to by other witnesses.

## LAMARCHE'S ELECTION IS DECLARED VALID

Three Rivers, Sept. 18.—Justice Tourigny to-day disposed of the claim that the election of Mr. P. E. Lamarche, member for the Nicolet division to the Federal Parliament in September last, was invalid.

After hearing evidence, Justice Tourigny decided that Mr. Lamarche's election was perfectly regular.

## QUESTIONABLE SHOWS ARE NOW UNDER FIRE.

Toronto, Sept. 18.—J. Lockie Wilson, Provincial Superintendent of Fairs and Exhibition Associations, reports to the Government that the directors of many fall fairs, in their anxiety to increase their revenues, issue permits to questionable side shows. These proceedings are in contravention of the provincial laws under which grants are made to the fairs, and if continued will result in the withdrawal of the grants. Mr. Wilson also complains that police magistrates are too lenient with suspicious criminal persons arrested at fair time, allowing them to leave town instead of jailing them, and thus permitting them to go on to another fair.

## MARINE MEN CRITICIZE DOMINION RESTRICTIONS.

Toronto, Sept. 18.—Local marine men strongly criticize the Dominion immigration regulations which prohibit vessel captains from discharging a crew without such member having been first examined by the immigration officer. The prescribed fine is \$20 to \$100. Vessel owners say that the regulation is unnecessarily stringent, and liable to cause serious delay to vessels in cases where immigration officers are not immediately available.

## PRINCE ARTHUR INVESTS MIKADO WITH GARTER

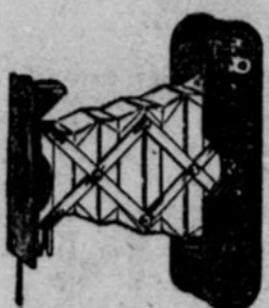

Tokio, Sept. 18.—With elaborate ceremonies today, Prince Arthur of Connaught, the representative of King George, invested the Emperor with the insignia of the Garter. The Empress, the members of the imperial family, the cabinet, the elder statesmen and councillors were present.

## FAITH HEALER HELD ON SERIOUS CHARGE

Chicago, Sept. 18.—The testimony of three young girls and a young wife resulted in the holding of Henry C. Oertle of Chicago Heights, an alleged "faith healer," to the grand jury today on a serious charge. Oertle was arraigned before Justice Charles A. Colly. Ella Borman, 15 years old, was the complaining witness. She reluctantly told a revolting story of the alleged practices of the "healer." She declared that Oertle claimed to have power by which he could direct the future of his patients, even when they were miles away.

Others who testified to similar practices were Mrs. Maud Johnson, 19 years old; Nettie Levitt, 16 years old, and Lizzie Albright, 15 years old. Oertle denied the charges.

As small as your notebook and tells the story better

## EMILE JACOT JEWELER

95 St. Joseph Street QUEBEC

Fine Railway Standard Watches, Clocks, Jewelry, Optics, Silverware.

From every part of this city and country surround this city

Phone 2042 for Standard Time.

EMILE JACOT, Jeweler

Do you pay high prices for imported mineral waters when you have much better here in your own city, at less than half the cost. We say much better, and we mean it, and can prove it.

According to the Report of Dr. Milton L. Hersey, M. Sc., Provincial Government Analyst.

CLAIRE-FONTAINE WATER

Leds the world, and his opinion cannot be contradicted, as he is authority when he speaks. As a medical and table water we challenge the best of them, and are willing to give \$200,000 to any Hospital in this city if any person can prove to the contrary.

Try it at our expense. If you have Dyspepsia, your liver is wrong or you are subject to headache. Kindly call on phone, and we will supply you for a time, and if you find it is not as we say, why, you don't pay us. The spring is upon our premises, 271 feet deep, in solid rock.

ALL RESPONSIBLE DEALERS SELL IT.

**NEW YORK STOCK MARKET.**  
McDonald & Lesperance, stock brokers, private wire to New York and Montreal, Hochelaga Bank Building. Telephone 1227.  
(Canadian Press Service.)

New York, Sept. 18.—The financial community was rather more interested to-day in the visit to this city of a representative of the Treasury Department than in the movement of stocks. It is understood that the Treasury official consulted with banking interests regarding a possible money stringency for the purpose of laying the exact facts before Secretary MacVeagh.

Our banks suffered a further loss of cash and call money, which opened at 5 per cent, hovered around that point for the greater part of the day. Time rates were unchanged from yesterday, but the supply was decidedly more scanty. Reports that some of the banks were demanding better collateral in loans were discredited.

The stock market opened with some indications of a resumption of yesterday's activity and higher movement. Most of the leading issues, particularly the anthracite shares, Harriman and Hill issues and numerous industrials and special stocks were up from substantial fractions to a point, some of these gains being extended in the very busy forenoon.

Realizing sales and short selling wiped out a large part of the rise in the early afternoon, and in the final hour few if any important advances remained. Reading was weakest of the leaders, with considerable pressure against United States Steel and some of the coppers, none of which had participated materially in the early upward movement. Shares of some of the independent steel companies were in demand during the day to the accompaniment of dividend rumors.

Commenting upon the steel industry, the recognized trade authority

**NEW YORK CLOSING LETTER.**  
Received over the private wire of McDougall & Cowans, stock brokers, 81 St. Peter street.

New York, Sept. 18.—Generally heavy tone in the last hour, the market missing the demand from covering of shorts which was the influence in yesterday's trading. Reading sales continued effective in forcing recessions and as low levels were established the professional element sent out fresh lines of shorts helping the downward movement. Utah was one of the most active features, declining to 64%. Amalgamated sustained a decline of one point. About the most important information to-day was that the Iron Age will say: "Iron and steel markets continue exceedingly strong with good-sized advances in pig iron and in finished materials." Total sales, 444,100 shares.

**MONTREAL CLOSING LETTER.**  
Received over the private wire of McDougall & Cowans, stock broker, 81 St. Peter st.

Montreal, Sept. 18.—The market still keeps strong and most issues again showed good gains for the day. Textile opened at 74% and sold up to 77% closing at 76%, a gain of two points for the day. Soo and C. P. R. were both firm. Richelleu showed a fractional gain. Iron was firm at 65% ex-dividend. Power took a jump in the afternoon to 234. Laurentide was erratic, it sold at 219% in the morning and at 215% in the afternoon. Can Cotton sold at 31.

In the unlisted department Tramway Power was strong selling up to 54% and closed with 54% bid. W. C. Power sold at 82%; Brick at 51% and Brazilian at 94.

**TO TOURISTS:**

**BOARD OF TRADE BUILDING,**  
39 St. Paul St., Quebec.

declares that prices in raw and finished products show a further tendency to rise, and that many large producers are unable to take more orders for 1912 delivery. It is expected that several of the leading railroad companies will send in large orders for rails during the next fortnight.

Bonds were at first inclined to harden, but became irregular with the late reaction in stocks. Total sales, par value, \$2,650,000.

United States Government bonds were unchanged on call.

### "YOU'LL SUFFER ALL YOUR LIFE"

That's what the Doctor told him

### "Fruit-a-tives" Cured Him

Chesterville, Ont., Jan. 25th, 1911.  
"For over twenty years, I have been  
troubled with Kidney Disease, and the  
doctors told me they could do me no  
good, and that I would be a sufferer  
for the rest of my life.  
I doctored with different medical  
men and tried many advertised reme-  
dies, but none of them suited my  
case.  
Nearly a year ago, I tried "Fruit-a-  
tives". I have been using this fruit  
medicine nearly all the time since, and  
am glad to say that I am cured.  
I give "Fruit-a-tives" the credit  
of doing what the doctors said was  
impossible.  
I am now seventy-six years old, and  
in first class health."

### SCHOOL SUPPLIES

contain more pages of better quality  
paper than can be had elsewhere for  
same money.  
Also, big line of Writing Pads, Pen-  
holders, Erasers, Crayons, etc., etc.

### SOLDIER SHOTS WIFE AND KILLS HIMSELF

Hamilton, Ont., Sept. 18.—William  
G. Willis, 118 Tisdale street, shot and  
killed his wife this afternoon and then  
committed suicide with the same  
weapon.  
Willis, a color sergeant in the 13th  
regiment and a crack shot, was re-  
spected and popular, but had been  
drinking heavily of late and was in  
debt. About 5 o'clock this afternoon  
he quarrelled with his wife over her  
refusal to give him \$32 which one of  
her sons had given her. When Mrs.  
Willis walked out of the house and  
stood at the back gate, Willis picked  
up a gun loaded with buckshot and  
fired at her, the charge striking her  
head and instantly killing her.  
Willis then went up stairs, reloaded  
the gun and blew off part of the top  
of his head. Both victims were  
dead when the police arrived shortly  
afterwards. Willis worked as a car-  
pet layer for McKay & Co. Two boys  
and one girl survive. An inquest will  
be held tomorrow. The victims will  
be buried on Friday.

### A POOR PAY

Autoist—I haven't paid a cent for  
repairs on my machine in all the ten  
months I've had it.  
Friend—So the man who did the  
repairs told me.

Quebec.

### SIR WILFRID SAYS HE WASN'T ALLOWED TO OUST POSITION

Liberal Leader Speaks at Co-  
balt on Question of Subsidies  
to the Railroads

Cobalt, Ont., Sept. 18.—The town  
was en fete this morning for the ar-  
rival of Sir Wilfrid Laurier and Co-  
balt excelled itself in the matter of  
decorations. The train bearing Sir  
Wilfrid Laurier's car was 45 minutes  
late in arriving at Cobalt. It was met  
by a large crowd. As the train came  
to a stop the Nipissing mine set off a  
succession of blasts to salute the vis-  
itors. Mayor Trudel boarded the spe-  
cial car to welcome Sir Wilfrid and  
the members of his party to Cobalt.  
Those travelling with Sir Wilfrid  
were Hon. Rodolphe Lemieux, Hon.  
George Graham, Hon. W. Meckenzie  
King and Hon. Chas. Murphy.  
Mr. King, in the evening speeches,  
struck a popular note when he touch-  
ed on the matter of the eight hour  
day, but roused hostile questions when  
he explained away the failure of his  
party effectively to deal with the  
question, when it was brought up in  
the Dominion House by Mr. Pardee.  
Sir Wilfrid Laurier in his address  
confessed the primary object of his  
visit to Northern Ontario was to de-  
termine at first hand the needs, re-  
quirements and wants of its people, for  
he planned to further devote himself  
to public service.

### Not Allowed To Retire.

"It is true," said he, "that the peo-  
ple have been pleased to dispense with  
our stewardship for a season. Well, I  
am enough of a sport to take defeat  
in a manly fashion. But I am still at  
the head of the Liberal party. Having  
reached the allotted age I would have  
passed the leadership into younger  
hands, but my colleagues and friends  
said: 'No, we have gone down under  
the old chief; we want to come back  
under him again,' and added Sir Wil-  
frid, amid cheering, "I am getting  
about the business with which they  
charged me."

Sir Wilfrid referred to the question  
of a subsidy for the construction of  
the Temiskaming and Northern Onta-  
rio Railway. The Liberal Govern-  
ment was in favor of it, but it was the  
policy of the Government of Canada  
that it should subsidize no railway un-  
less it had the control of the rates.  
That policy was established during 15  
years, and they said, "very well, we  
are quite prepared to give the subsidy,  
provided that the rates of the Temis-  
kaming and Northern Ontario Rail-  
way are put under the jurisdiction of  
the commission which has been ap-  
pointed by the Canadian Parliament  
to control rates and freight."

Sir Wilfrid concluded his address  
with reference to the naval question,  
and an exposition of his policy of a  
Canadian navy. "If England be ever  
in danger—nay, I will not say that—if  
England be ever even on trial, I, a  
Canadian of French origin, will be the  
first to go to the people and call upon  
them to assist with all our might."

"Two inspirations have guided my  
public life. They will continue to do  
so: Canadian citizenship and British  
ties."

St. Famille, Island of Orleans, has  
the honor this year of being the  
meeting place of the Pomological So-  
ciety of the Province, which yester-  
day opened its first session. The  
Island has long been celebrated for  
its fruit production, and when the  
congress assembled there was a large  
delegation from many parts of the  
Province. The programme for the  
day was as follows:  
President's address, C. P. Newman,  
Lachine Locks; Autumn Work  
Against Insects and Fungus Mal-  
adies, Prof. Lochhead, McDonald Col-  
lege; The Renovation of Old Or-  
chards, Henri Cloutier, Rougemont; Es-  
tablishment of an Orchard, Ben Rich-  
ardson, McDonald College.

7 p.m.—Addresses by Hons. L. A.  
Taschereau, Sydney Fisher and J. E.  
Caron; Specialization of Fruit Grow-  
ing in East Quebec, J. C. Chapais, St.  
Denis.

The congress will continue to-day,  
when another programme of papers  
will be read, among them: Several  
proofs of co-operation, Robt. Brodie,  
Montreal; Insecticides and Fungi-  
cides, Rev. F. Leopold, Trappist; The  
Culture of Small Fruits, Raphael  
Rousseau, St. Hughes.

There will also be several demon-  
strations of the packing of boxes and  
barrels.

**EQUAL TO THE OCCASION.**  
The Visitor—You have a very fine  
view here, my friend.  
The Guide—Aye; can sometimes see  
a long way.  
The Visitor (facetiously)—Ah, I  
suppose you can see America when  
it's clear?  
The Guide—Farther than that.  
The Visitor—Ah, is that so?  
The Guide—Yes; if you wait a  
while, you'll see to the moon.—Sketch

### DOCTORS URGE FEDERAL DEPARTMENT OF HEALTH.

Toronto, Sept. 18.—Two important  
resolutions were passed by the Cana-  
dian Public Health Association before  
it adjourned its annual meeting to-day  
to assemble in Regina next year. The  
organization urged the formation of a  
Federal department of public health.  
Another resolution advocated the ap-  
pointment of a committee to present  
to the Dominion Parliament a mem-  
orial and data showing the evils of  
permitting raw sewage to be discharg-  
ed into the waters used as sources of  
water supply and asking for a Federal  
enactment forbidding the pollution of  
streams.

### POS-LAM SOAP PUREST AND BEST FOR THE SKIN

Poslam Soap for daily use, toilet  
and bath is superior to all others as a  
means of improving the color and tex-  
ture of the skin, assuring its continual  
health.  
Makes hands soft.  
Soothes tender skin.  
Protects against disease.  
Beautifies the complexion.  
Poslam Soap obtains its extraor-  
dinary beneficial virtues through its  
medication with Poslam, the famous  
skin remedy—ideal as the active factor  
of a soap. Every cleansing operation  
with Poslam Soap thus becomes a  
positive source of healthfulness.

Poslam Soap is so pure that it may  
be used in the mouth for cleansing  
teeth and gums. It is especially  
adapted for use on tender skin—sooth-  
ing and delightful. Best and safest  
for baby's bath. An aid in eradicating  
dandruff, and greatly beneficial when-  
ever scalp difficulties exist.

In appearance, color and scent, Pos-  
lam Soap is the aristocrat of soaps, so  
superior in every quality that a trial  
lead to its continual use. The cake is  
unusually large and lasting; price 25  
cents; for sale by Henry Willis, 4 St.  
John St., and all druggists.

For free sample of Poslam Soap,  
write to the Emergency Laboratories,  
32 West 25th street, New York city.

Light-hearted, he, as any boy,  
Before a wife he took;  
And now his lightness is transferred  
Unto his pocketbook.

They say that tomatoes are rotting  
in the fields. This is tough news to us  
who like the "love apples." There  
are places where they want from 25  
to 40 cents an order for them. That's  
less the fault of the middleman than  
the lack of him.

Lest any one should think that his  
name is George Washington Perkins,  
let us announce that it is George  
Walbridge. But G. W. Perkins looks  
perfectly good on a Bull Moose  
cheque.

The press humorists' convention is  
in session, but no humor emanates  
from the gathering. Still, why should  
we expect that hard-working frater-  
nity to be funny while they are on  
their vacations.

Fashions named after Robespierre  
are gaining ground in Paris. Will  
that bring on, along with the new  
growth of lilacs on the sides of our  
faces, a type of hobble pantaloons  
for men, that have to be put on with  
a shoe horn?

President Taft sprained his ankle,  
but we see no sign of the Big Bull  
Moose who stands at Armageddon  
spraining his vocal cords.

Next to owning a gold mine, how  
would you like to be an Elgin butter  
board?

By last April's report the peach  
crop, as usual, was a dismal failure.  
Yet there are tons of 'em in the mar-  
ket.

They are laundering their paper  
money in the States. Good idea, too.  
The D. by D. man got a Dominion  
note yesterday that had all the ap-  
pearances of dating from the found-  
ing of Quebec by Champlain. But  
would it be right to speak of the  
germs on the greenback as greenbac-  
teria?

What do you think of the new fall  
lids?

The Bull Moose party is being ac-  
companied by some remarkable bull  
music.

Like a Rocket, the famous old  
horse came to the front and showed  
that there was still some of the an-  
cient fireworks in him.

If the "mysterious Mr. Slabb" and  
the lady who is looking for a seat in  
a street car would only meet and get  
married, there might be room on the  
first page of some of the Montreal  
papers for real news.

A matador was killed at Los An-  
geles the other day in a bull-fight.  
The bull gored him. With all the  
sympathy for the matador's family  
and friends, we can't resist the tem-  
ptation of scoring one for the bull. It's  
seldom that he gets one over in a  
bull-fight.

Don't persist in answering for a  
a witness in court. It is a losing  
business.

It is just as well to inform Mr.  
Bourassa at the outset that the of-  
ficers and crew of the Descartes do  
not intend to join the Canadian navy.

### FRUIT-GROWERS MEET AT ORLEANS ISLAND

Congress of the Pomological  
Society Assembles in District  
Noted for Its Apples.

St. Famille, Island of Orleans, has  
the honor this year of being the  
meeting place of the Pomological So-  
ciety of the Province, which yester-  
day opened its first session. The  
Island has long been celebrated for  
its fruit production, and when the  
congress assembled there was a large  
delegation from many parts of the  
Province. The programme for the  
day was as follows:  
President's address, C. P. Newman,  
Lachine Locks; Autumn Work  
Against Insects and Fungus Mal-  
adies, Prof. Lochhead, McDonald Col-  
lege; The Renovation of Old Or-  
chards, Henri Cloutier, Rougemont; Es-  
tablishment of an Orchard, Ben Rich-  
ardson, McDonald College.

7 p.m.—Addresses by Hons. L. A.  
Taschereau, Sydney Fisher and J. E.  
Caron; Specialization of Fruit Grow-  
ing in East Quebec, J. C. Chapais, St.  
Denis.

The congress will continue to-day,  
when another programme of papers  
will be read, among them: Several  
proofs of co-operation, Robt. Brodie,  
Montreal; Insecticides and Fungi-  
cides, Rev. F. Leopold, Trappist; The  
Culture of Small Fruits, Raphael  
Rousseau, St. Hughes.

There will also be several demon-  
strations of the packing of boxes and  
barrels.

**EQUAL TO THE OCCASION.**  
The Visitor—You have a very fine  
view here, my friend.  
The Guide—Aye; can sometimes see  
a long way.  
The Visitor (facetiously)—Ah, I  
suppose you can see America when  
it's clear?  
The Guide—Farther than that.  
The Visitor—Ah, is that so?  
The Guide—Yes; if you wait a  
while, you'll see to the moon.—Sketch
