

## WRANGLE AT MEETING OF CITY COUNCIL

### Motion to Repudiate Asphalt Purchase Voted Down—Road Committee To Investigate—Deadlock Continues—No Headway Made on Paving Proposition—Summary of Proceedings.

It is unfortunate that all the citizens of Sherbrooke could not have been present at last night's Council meeting. The farce of the whole thing would have been brought home to them and they would have realized the absolute non-effectiveness of the civic governing body under present conditions. The wrangle can only be straightened out by the eliminating force of a civic election. Both the Mayor and Ald. McManamy likened the meeting last night to a theatrical performance. The critic would call the show a good one of the farce-comedy class. The audience appeared to enjoy it, the several actors receiving rounds of applause.

#### ALDERMAN McMANAMY'S RESOLUTION.

The excitement began after the reading of the following resolution, which is self-explanatory, by Ald. McManamy:

"Moved by Ald. McManamy, seconded by Ald. Thompson:

"Whereas it has come to the knowledge of some of the members of this Council in the course of the past week that 150 tons of paving material was forwarded to this city, and that the same is now stored on City property, and inasmuch as no authorization was given by this Council to any person or persons to purchase or to receive paving material, and that this Council does hereby, for the aforesaid reason, refuse to accept delivery of the same;

"Therefore, be it resolved that the Secretary-Treasurer be and is hereby authorized to notify the vendor or vendors and shippers of the said paving material to remove from the City property within the next ten days the said paving material, and that upon their default so to do that this Council do take such legal proceedings as it may deem necessary under the circumstances."

In supporting the resolution, Ald. McManamy said: "I think this is the most important resolution ever brought before this Council. It is to place this Council where it belongs. It is not necessary for me to go into a long explanation in this matter. It is currently reported that Ald. Simoneau has taken it upon himself to order this material, and that his Committee had no knowledge of it. It is irregular, and it is necessary for the City to place itself right, and the only way is to refuse to accept the order. It is the duty of the Council to adopt this motion."

Ald. Thompson: "In order to bring this matter before the Council I will second Ald. McManamy's motion. It is very important, and should be thoroughly discussed."

Ald. Simoneau, at whose action the resolution was directed, then explained his part. The asphalt was ordered through the Road Department, the order having been made out by the Secretary-Treasurer and signed by the City Engineer. He had given instructions to have it ordered, but only after the Council had passed a report favoring the kind of asphalt he purchased, and giving the name of the firm that manufactured it. After the meeting at which this report was passed he had spoken informally to Ald. Jencks and others, and following these conversations ordered the asphalt in order to expedite matters.

Ald. Ledoux: "The whole question, to my mind, is whether or not Ald. Simoneau's act was legal. I would suggest that the Road Committee and Mayor make an investigation and report their findings to the Council. It is wrong to pass a resolution censuring him if he is right or wrong. Mr. Mayor, I will make this in the form of an amendment."

The motion was seconded by Ald. Simoneau, who favored an investigation being held.

Ald. Jencks explained his idea of the whole proceedings. He had no doubt Ald. Simoneau was sincere, and thought that the Council should go on with the work at once. All were anxious to have the work done. Continuing, he said: "We ought to get ahead with this work. I see no reason why Ald. Simoneau should be put on the black books." (Applause from citizens present.)

Ald. McManamy: "Not only is this action on the part of Ald. Simoneau irregular, but all he has done is irregular. An action is to be taken against him for laying a sidewalk in East Ward before he was asked to do so by the citizens on the street. He did not call for tenders for the purchase of this asphalt. He paid \$32.50 per ton for it, and I have a letter here from the Barber Co. offering a superior article for \$20. I am inclined to accept the suggestion made by the Record. In fact, before this meeting closes I am going to move that Ald. Ledoux, Ald. Thompson and Mr. Morrill, of the Record, go to Boston and report on the best paving. I will stand by their report, and if necessary provide the money to do the work."

Ald. Ledoux laughed aloud as Ald. McManamy was speaking, drawing the following retort from the ex-chairman of the Finance: "Farceur, you keep quiet."

The discussion then turned to the

## WORKMAN ELECTROCUTED

### Geo. Frederick Met Instant Death At Capelton Yesterday Afternoon.

#### RECEIVED A SHOCK OF 22,000 VOLTS WHILE REPAIRING WIRES.

Geo. Frederick, a mechanic employed at the Nichols Chemical Works, Capelton, met instant death yesterday afternoon when he came in contact with a live wire containing 22,000 volts.

During the last severe electrical storm the transformer was burned out and other damage was done. It was while repairing this damage that Frederick accidentally touched the loaded wire. He was hurled some distance away and death was instantaneous.

A fellow workman named Burroughs was also rendered unconscious and received an injury below the knee. The Coroner was notified and will hold an inquest.

## RUSSIANS DRANK WOOD ALCOHOL

### One is Dead, and Four Others are in Hospital.

#### A DOZEN OTHERS WERE AFFECTED IN RAILWAY CONSTRUCTION CAMP.

Montreal, August 20.—Suffering from the effects of drinking wood alcohol, four Russians were taken to the General Hospital last night while the body of another, who died from the poison, was taken to the morgue.

The men were employed on the construction of the Southern Counties Railway, about two miles from St. Lambert, near the Country Club, and physicians who were called there from St. Lambert yesterday said that a dozen others in the camp were suffering from the effects of the poison, but their conditions were not serious.

#### FOUR ARE DEAD AND TWO WILL DIE.

Montreal, Aug. 20.—(Special)—Four men are dead and two more are expected to die within the next six hours as the result of drinking wood alcohol.

The men were employed in the construction of the Southern Counties Railway at St. Lambert, near here. Twenty more men are ill from the effects of the beverage. The result of an investigation to-day is that one Russian has been arrested in Montreal and all beverages and alleged soft drinks have been seized.

## TRANSFER CHARTER OF RAILWAY CO.

### The Stanstead, Magog and Richmond Co. Will Build Road.

#### TAKE OVER THAT SECTION OF PROPOSED LINE BETWEEN MELBOURNE AND DRUMMONDVILLE.

L'Anvier, Aug. 20.—(Special)—As mentioned in yesterday's Record, an adjourned meeting of the directors of the L'Anvier and Melbourne Railway Co. was held here on Saturday. The Messrs. Gibson, Bowles & Co., of Quebec, builders of the Lake St. John Railway, were represented, and Mr. Hibbard, of Montreal, who looked after the interests of the Stanstead, Magog and Richmond Railway Co., was also present.

There were two propositions before the local directors for the transfer of the charter which they hold for a railway between Melbourne and Drummondville.

The Quebec people intended using the L'Anvier and Melbourne Ry. as a connecting link in their proposed line from Sherbrooke to Sorel, while the Stanstead, Magog and Richmond Co. intended making the L.A. & M. Ry. a part of their line to Stanstead, thus sidetracking Sherbrooke in preference to the boundary town.

A vote was called for on Ald. Ledoux's amendment that the Road Committee investigate Ald. Simoneau's action.

Ald. Ewing refused to vote until he had further information as to whether or not the Council had recommended the use of the asphalt bought by Ald. Simoneau. The report passed by the Council was read, and he was satisfied that Ald. Simoneau was justified.

The vote stood as follows: For: Ald. Olivier, Simoneau, Ledoux, Ewing, Jencks, Braut and Rousseau. Against: Ald. McManamy and Thompson.

The main motion was declared lost on the same division.

#### WOULD SEND DELEGATION TO BOSTON.

Ald. McManamy then moved that Ald. Ledoux, Ald. Thompson and Mr. Morrill be sent to Boston to investigate the different kinds of paving.

Ald. Ledoux: "Ald. Thompson and I went to Montreal for the same purpose. We submitted our report and you accepted it, but now try and turn it down. Ald. Thompson went with us, and when he came back said he saw nothing. Chances are when he would return from Boston he would say the same thing."

Ald. McManamy's motion was not

## HEAD-ON COLLISION AT HALIFAX, N. S.

### Engineer of the Suburban Train Is Fatally Injured.

#### CAUSE OF ACCIDENT WAS DUE TO SHUNTER BEING ON WRONG TRACK.

Halifax, N.S., August 20.—A head-on collision last night at Halifax between the incoming suburban train of the I.C.R. and a shunting engine badly damaged the suburban engine and inflicted such injuries on Engineer Hugh Hale, of the suburban, that he is dying. One of his legs was split downwards from the hip and he was terribly hurt otherwise.

The shunting engine was a foot or two from the points connecting the track on which it was moving and the incoming suburban track, a curve preventing the other engine seeing it. As they struck engineers and firemen of both locomotives jumped and all escaped except Engineer Hale, whose leg and body was caught between the engine and the tender. It was a half hour before Hale could be released, when he was removed to the hospital. The fault was with the shunter, which should have kept on the other track. Shortly before midnight the hospital doctors said that Hale could not live.

## STEAMER ERIC BROKE IN TWO

### Was Rounded By Heavy Seas at Sable Island.

#### CREW WERE SAVED AFTER SHIP BEGAN TO GO TO PIECES.

Montreal, Aug. 20.—(Special)—The office here of the Marconi Wireless Telegraph Company received word this morning that the Eric, which went ashore at Sable Island, has broken in two and become a total wreck.

The crew were saved. The company's operator at Sable Island reported that the Eric began to break up during the night, after being pounded by heavy seas.

The crew was on board when she began to go and for a time their position looked perilous. They were all taken off safely, however, this morning when the ship subsided.

The Eric was a British steamer, 3,900 tons, owned by Turnbull-Bros., of Cardiff. Her master was Captain Corner. She was bound from Rosario in Argentina, to Quebec with a cargo of maize.

She went ashore in a dense fog on August 13. Part of the cargo was saved.

## BOSTON AND MAINE EXPRESS DERAILED

### Passengers and Trainmen Had a Narrow Escape.

#### MAIL CLERK AND EXPRESS MESSENGER WERE SLIGHTLY HURT AS RESULT.

Laconia, N.H., August 20.—Passengers and trainmen had a remarkable escape when the White Mountain express on the Boston & Maine Railroad, northbound, left the track at a point about two and a half miles north of Lake Fort late last night. Mail Clerk Harvey Conant, of Concord, and F. P. Hohen, of Concord, express messenger, were slightly hurt. No one else was injured.

The track was badly torn up and all traffic was suspended over the White Mountain division for several hours. The cause of the derailment is not known.

## PIRATES ATTACK BRITISH COLONY

### An Armed Band Overpowered Police Force Near Hong Kong.

#### LOOTED HOUSES AND GOT AWAY WITH CONSIDERABLE AMOUNT OF MONEY.

Hong-Kong, Aug. 20.—(Special)—A desperate attack was made, last night, by a large body of pirates on the Island of Cheung Chow, forming part of British colony of Hong-Kong and used chiefly as Missionary Sanatorium.

A hundred pirates who were well armed attacked small police force on duty.

They succeeded in overpowering and killing an Indian Police Sergeant and two other policemen, and then proceeded to loot the houses of the inhabitants, who number only about 2,700. They secured considerable amount of money in this way and afterwards broke into and demolished pawnshop, from which they stole \$10,000.

A heavy downpour of rain frustrated the attempt of pirates to fire whole island.

## RUMOUR OF DR. SUN YAT SEN'S DEATH

### Report Caused Great Excitement With San Francisco Chinamen.

#### REPORTED ASSASSINATION COULD NOT BE TRACED TO AN AUTHENTIC SOURCE.

San Francisco, August 20.—Rumors that Dr. Sun Yat Sen, first provisional president of China, had been assassinated in Peking yesterday by the soldiers of President Yuan Shi Kai, caused great excitement in Chinatown last night. The rumors could be traced to no authentic source, but varying accounts of the alleged assassination were posted on bulletin boards throughout the Chinese quarter.

At the offices of the Chinese Consul General and the two Chinese daily newspapers, no news of an attack upon Dr. Sun had been received and the report of his death was given little credence.

Cablegrams were despatched to Peking, however, inquiring as to the safety of the former revolutionary leader.

According to the rumors placarded in Chinatown, Dr. Sun had left Shanghai for Peking Sunday to undertake to save the Republic from a threatened renewal of hostilities as the result of the execution of Generals Chang Chen Wu and Weng Wei.

## POLICE WANT TO SECURE SCHEPP

### Was Not Allowed Out Custody of District Attorney.

#### WILL CORROBORATE IN EVERY ESSENTIAL TALE TOLD BY ROSE.

New York, August 20.—Persistent efforts of the police to wrest Sam Schepps from the custody of District Attorney Whitman and his representatives during his trip here on Hot Springs, Ark., have come to naught. Last night Schepps, one of the State's most important witnesses in the Rosenthal murder case, was a prisoner on a technical charge in the West Side jail and under the surveillance of men from the district attorney's office, who have orders to allow no one to communicate with him without credentials from Mr. Whitman himself.

To-day Schepps will go before the grand jury and is expected to corroborate in every essential detail the story told by his friend Jack Rose, upon which Police Lieutenant Charles Becker was indicted for Rosenthal's assassination.

#### SENT OFFICERS TO TRAIN.

How essential it seemed to Mr. Whitman that he should personally protect Schepps from New York police interference, appeared last night when it was learned that Detective Thomas, the police officer who, with Assistant District Attorney Rubin, brought Schepps from Hot Springs, had received during the journey several telegrams from Deputy Police Commissioner Dougherty ordering him to bring the prisoner to police headquarters directly upon his arrival.

## VERMONT THE "BAROMETER STATE."

### State Is Now on View as Storm Centre of Political Situation.

#### IS CONCEDED, AS IN THE PAST, TO BE REPUBLICAN AGAIN.

Montpelier, Vt., August 20.—In view of the long-time reputation of Vermont as "the barometer state" in presidential campaigns, national interest centres there at this time when the voters are lining up for their state election Sept. 3rd. This year, as always, Vermont is conceded to the Republicans, but there are as many estimates as to the majority as there are politicians making estimates. With few exceptions, the normal Republican plurality of 25,000 has been followed by a Republican victory in the nation in November following. There have been three exceptions to this rule since 1850, one in 1876, when the Republican plurality in the Vermont State election fell slightly below 25,000, and the Republican candidate for President received a majority of one in the electoral college. But even then the popular plurality was on the side of Tilden, so that Vermonters, who take great pride in their reputation for "setting the pace" in presidential campaigns, contend that this was hardly a fair exception to the rule.

In both elections of President Lincoln Vermont failed to forecast the victor. In 1860, when the Republican candidate for President received a majority of one in the electoral college, but even then the popular plurality was on the side of Fremont, so that Vermonters, who take great pride in their reputation for "setting the pace" in presidential campaigns, contend that this was hardly a fair exception to the rule.

### SERIOUS ACCIDENT AVERTED.

Cootook, Aug. 20.—(Special)—What might have proved to be a serious accident occurred here on Sunday. Two young children by the name of Houle living on Water street were playing around the river edge finally getting into a boat belonging to Mr. W. B. Morgan, which was supposed to have been tied to the shore but at the time it was not. In a few minutes it had drifted out into the river which at this point is not many yards from the power house dam. Mr. George Tafe perceiving their danger promptly jumped into the water and swimming out got hold of the boat bringing them to shore. Except for his promptness it is likely that a frightful accident would have ensued.

### PRESENTATION AT ABBOTSFORD.

Abbotsford, Aug. 20.—(Special)—Mr. and Mrs. Miles Brousseau were pleasantly surprised by their friends who gathered at their home to wish them a safe journey and happy visit to their western farm in Saskatchewan. The presentation, a handsome furnished suitcase, was made to Mrs. Brousseau by Rev. W. G. A. Wilson on behalf of the Woman's Missionary Society of the Abbotsford Methodist Church. Mrs. Brousseau in a very fitting reply thanked the ladies for their kindness in thus remembering her, intimating also that her home would always be open for the meetings of the Society which was doing such good work for the missionary cause. Refreshments were served, and an enjoyable evening was spent by all present.

### STURGEON CAUGHT IN ST. FRANCIS RIVER.

Windsor Mills, Aug. 20.—(Special)—On Saturday evening a fine young sturgeon weighing 34 pounds was caught by one of the workmen employed at the Canada Paper Co.'s mill. It is called in England the royal sturgeon and the first one of the season caught in any part of Great Britain is always sent to the King. It would show our loyalty to the Crown if the first one of the season caught in Canada was sent to the Governor-General, now that we have a member of the Royal Family as Governor-General, and keeping the good old British custom. Fishing in the St. Francis River is very good in this neighborhood this season.

### MARRIAGES

#### GOATCHER—SULLIVAN.

Iron Hill, Aug. 20.—(Special)—A very pleasant home wedding took place at "Mountain View Farm," the residence of Mr. and Mrs. John Chapman, when Mr. Chapman's cousin, Miss Daisy Sullivan of London, Eng., was joined in holy matrimony to Mr. Philip Goatcher of Dunham, Que., formerly of London, Eng. Rev. J. W. Martin, incumbent of Holy Trinity Church, officiated. The bride was very tastefully gowned in white silk with net veil and orange blossoms, and carried a bouquet of white chrysanthemums and white asters tied with white silk ribbon. Miss Annie Goatcher, sister of the groom, was bridesmaid and was very prettily dressed in cream cashmere with a white picture hat and carried a bouquet of nasturtiums. Mr. Ned Bazzell of Cowansville acted as best man. The groom's present to the bridesmaid was a very pretty ring. The bride was given away by Mr. Chapman. The marriage ceremony was performed at eleven o'clock in the forenoon, after which a very beautiful wedding breakfast was partaken at provided by Mrs. and Mrs. J. Chapman. The wedding presents were very numerous, showing the high esteem in which the bride and groom are held. The presents consisted of many very beautiful pieces of silver, cut glass, china, table linen and a cheque for \$50.00. The bride's going away costume was of blue serge with hat and gloves to match. The happy couple left on the evening train from Cowansville for Montreal, where they were going to spend a couple of days and then proceed to Regina, Sask., where they are to make their home in future.

## POPE D D NOT LEAVE VATICAN

STATEMENT AS TO HIS SISTER'S ILLNESS IS ERRONEOUS.

Rome, Aug. 20.—A statement circulated in the press here that the Pope went out of the Vatican to visit his sister, Rosa, who was said to have been struck with paralysis, was officially denied at the Vatican yesterday.

The officials declare that the stroke of paralysis suffered by the Pope's sister occurred as far back as June, and was of such a slight nature that it never caused any serious anxiety, which is proved by the fact that another sister and a niece of the Pope, who were caring for his sister Rosa, have left Rome and that Rosa has almost entirely recovered.

**OUR MOTTO—"Let the heathen rage."**—Psalms.

**TAKE IT** from us, with a good swift punch behind it, that your City Papas possess within their organization the prime nucleus for a "three-ring circus of world renown. There is only one questionable feature that arises in our mind as to their eligibility for the professional field and that is—can they keep the show under canvas. It's so noisy, you know.

**BEFORE WE** entered the sacred portals of the Council Chamber we felt singularly pensive, and there was enrooted deep within our dome some sort of a dire misgiving that perchance an attempt to evolve a sly wheeze or throw a laugh would be futile. As the evening progressed we personally would have been amenable to a seat tax of two bucks, and at that the bank would have lost coin on the deal.

**DURING THE** meeting it became painfully clear to us that someone was of the opinion that somebody thought such and such a person might be—ah, prevaricating. In fact, although it is claimed that The Pipe misuses the mother tongue, we feel that we can now rest on our oars, for if the bunk which we listened to last evening is a sample of language in vogue within your best homes, then we're in the wrong pew.

**FROM THE** trend of the arguments concerning the trip of the Special Committee to Montreal to investigate paving systems, we have a faint recollection that the majority of this Committee failed to remember just what did happen while they were at the metropolis. This is generally the case, for the bright lights cause your small-town butterflies to flitter from the straight and narrow path, and how the lemonade stands and soda fountains suffer during such an influx.

**WASN'T ALDERMAN** McMANAMY a heroic figure, standing there with bold, impassive cast of countenance, his fair hand daintily waving in the flower-scented atmosphere of the Chamber, and the treasured pearls of

vate and preparatory schools and was postmaster at Williamantic, Conn. from 1890-1894, later Judge of Probate, 1897-1903. He was State Auditor in 1903, and on September 24th of the same year was appointed after examination, consul at Sheffield, Eng.

thought falling headlessly from his sweet lips? We listened spellbound as he strove for the topmost pinnacle of oratorical heights. 'Twas a gallant sight, and the memory will stick in our brain for many a long day to come.

**WE FEEL** that we must mention Alderman Ledoux within the exclusive precincts of this column. It was singularly disappointing to us that we were unable to get the meaning of the hot line of bunk he seemed to be putting over. We feel ignorant and dejected that such a scoop should get by us, for after one of his oratorical flights, Alderman McManamy retorted with a phrase not common to good society. We were very much interested, however, in the trend of Alderman Ledoux's arguments, and we hope, should we attend the next Council Meeting, we may be able to give him the appreciation that is his due.

**WE ARE** keen lovers of anything in the mechanical line. We have fought the evil spirits stored within a motor boat engine, and never turned a hair; also monkeyed around a gasoline engine that would not submit to discipline, and got our hair all crammed with oil, when in its fury, it spat a mouthful at us. But this morning we are enthusiastic clean to the backbone, for we discovered last evening two of the finest working little machines it has been our lot thus far to beat up against. Did you notice how evenly and cleanly they worked, for you will at the next meeting if you watch close enough, now that we have put you wise? Namely the precision and regularity with which certain little Aldermen seconded any old motions put forth by their conferees, other little Aldermen.

**FROM THE** hot air shooting around we became wise to the fact that there was some eighty tons of cement goods stored, somewhere on the east side. From the gist of Alderman McManamy's arguments last night we grabbed the idea that it was unlawful to take action on any matter without first having such matter pass through the Council for approval, inasmuch as there didn't seem to be enough dough in the mitts of the Finance Committee to pay for it. Nevertheless we understand that there was a sign flapping atop the cement goods during the meeting to the effect that it was for sale. (Notice how technical we are getting to be). Now, we are here to show up the funny side of life, not the corrugated, and the point we are getting at is that the Council spent two hours arguing as to the "legality" or "illegality" of Alderman Simonet's action in ordering the cement goods without authority of the Finance Committee, when the cement goods were being offered for sale at the same moment without their approval. Ah, well, 'tis a merry whirl, and the deeper we get into it, the more infatuated we become.

**WE ARE** wondering if we stuck around Sherbrooke for the next twenty years we might possibly grab the Mayorship. Believe us, if a yink sitting down at the tables underneath went so far as to hint that we were not telling the truth, we would bust his beak.

**ISN'T IT** A pity that we haven't got about three or four more Aldermen of the same fighting timbre as McManamy. If such were the case, seats would be at a premium at the Council meetings, and the City would derive more from this source than from the insignificant taxes which they insist on pulling from poor, little growing concerns within our city limits.

**DID YOU** grin with feeling when the procession of letters passed through the clerk's hand, all calling attention to the fact that we had a shouter the other night?

**IT IS** rumored that there will shortly appear within Sherbrooke an incorporation for the growth of pure native ivory. The firm will consist of nine members and one silent partner. To anyone desiring further information in regard to this proposed industry, please write.

COST OF BULL MOOSE CONVENTION

Meeting in Chicago Caused an Outlay of \$19,403.31

MANAGERS ARE ELATED AS SHOWING PRECEDENT FOR ECONOMY AT SUCH GATHERINGS.

Chicago, August 20.—Progressive leaders were greatly elated yesterday when a detailed statement was issued showing that the Bull Moose convention in Chicago all told cost its managers \$19,403.31, as compared with more than \$100,000 expended by the Republican and Democratic national committees respectively. The Bull Moosers say they have set a precedent of economy in national conventions and they are making the suggestion that the Republican and Democratic national committees be requested to make public detailed statements of their expenditures. The Bull Moosers received \$5,350 in subscriptions for convention purposes, of which \$3,350 was contributed by Chicago hotels. The sale of seats netted \$13,262 and that of programmes \$1,265. The committee received in all \$19,877.34 and expended \$19,403.31 for rent, music, etc., leaving a balance on hand of \$474.03. For the Republican convention \$125,000 is said to have been subscribed, and a little more than \$100,000 expended. Of this W. Upham, assistant treasurer, is said to have reported \$20,000 was needed to settle the Roosevelt contest. For the Democratic convention in Baltimore \$110,000 is said to have been subscribed and most of it used on account of the length of the session.

MASSACRE OF CHRISTIANS CONTINUE

TURKISH ARTILLERY SETS VIL- LAGE ON FIRE IN ALBANIA. Cetinje, Montenegro, Aug. 20.—The massacre of Christians in the Berana district of Albania continues. A number of Christian villages were set on fire by Turkish artillery and destroyed. The massacre of Christians at Berana was begun on Friday last, when a band of Mohammedan Artakats, supported by a force of Turkish troops, attacked a section of the Christian population close to the Montenegrin frontier. In the fighting large numbers of women and children are reported to have been slain and the Mohammedans are said to have carried off many young girls.

EAST ANGUS WON.

Sawyerille, Aug. 20.—(Special)—An interesting game of baseball was played here on Thursday, Aug. 15th, between East Angus and the local nine, in the St. Francis Valley League, resulting in a win for the East Angus team. The game was played in a drizzling rain, which made the ball hard to control, throws being rather difficult. Sawyerille's chances in the 9th inning looked good with two men on bases and none out, but Gilbert batted a short fly to first base, which resulted in a fine triple play. Batteries—East Angus, Cote and Fogg; Sawyerille, Picard and Smith. East Angus ... 0 2 1 1 1 0 3—11 Sawyerille ... 0 0 1 1 1 0 2 0—5

Derby Line, Vt., Aug. 20.—(Special)—About three hundred people attended the ball game on Saturday afternoon between Barre Athletics, champions of Vermont, and the Frontiers, the game being one of the best ever played on the diamond, and which was a most exciting one. Ten innings were played. The Frontiers won until the ninth inning when they made two errors which lost the game. At the ninth inning the score stood 3—1 and at the close of the 9th, a tie—3—3. In the 10th inning the visiting team made five runs and the Frontiers four which closed the score at 8—7, favor of the Barre team. In the second game the Barre boys won by a score of 5—0. TENNIS

BEDFORD AND FARNHAM IN FRIENDLY GAME. Bedford, Aug. 20.—(Special)—The Farnham Tennis Club visited the local club on Saturday afternoon for a friendly tournament and an excellent afternoon's sport was enjoyed. Ideal weather conditions prevailed, the courts were in splendid shape, the players were fit and ready and some fast and interesting sets of tennis were witnessed by the nice gathering of spectators present. An event which aroused a great deal of interest was that between Gough of Farnham and Barry of Bedford. The former winning the first set, 6—4 and losing the second by a score of 15—13, one of the longest sets ever played on the local courts. As it was fast becoming dusk, it was decided to call this event draw. Standish and Davignon of Farnham versus Batcheller and Jones of Bedford furnished another close event, three sets being needed to declare the winners, one of which consisted of 26 games. The summary of play was as follows: Barry and Baldwin, Bedford 6 6. Planché and Gough, Farnham 2 2. Batcheller and Jones, Bedford 7 4 14. Standish and Davignon, Farnham 5 6 12. Baldwin and Saunders, Bedford 4 6 6. Turner and Shepard, Farnham 6 1 0. Batcheller and Pra-roah, Bedford 6 6. Planché and Standish, Farnham 2 1 324. Batcheller, Bedford 6 6. Davignon, Farnham 3 6 6. Barry, Bedford 4 15 draw. Gough, Farnham 6 13. After the tennis the members of both clubs adjourned to the Bedford House for supper where the inner man was well taken care of. In the evening a dance was given in the Foresters' Hall to wind up the do-ings of the day and needless to say was very much enjoyed by all, the visiting Club leaving at a seasonable hour for their drive back to Farnham in the best of spirits and looking forward to the return match to be played in the near future.

EXPORT OF BUTTER CEASES.

Ottawa, Aug. 20.—That Canada is dropping out of the butter export trade is the effect of a report to the Trade and Commerce Department by J. E. Ray, commissioner at Birmingham. Ten years ago 13,000 tons of butter went from Canada to England. Twelve months ago it fell to 776 tons. There was not sufficient Canadian butter last year on the London market to secure an official quotation. The situation is attributable to increasing home consumption.

MONTREAL LIVE STOCK MARKET

PRICE OF BEEF CATTLE TOOK ANOTHER DROP.

Montreal, Aug. 20.—The arrival of 17 cars of Northwest cattle at the West End stock yards, coupled with some 350 cattle left over from last week's market took another quarter off the beef prices at yesterday's cattle market. The tendency of the entire offerings of beef was easier. Butchers' bulls were scarcely worth their freight. The drop in prices sufficed to clean up the market early. The best price for butchers' cattle was \$6.90 for three extra fine steers sold by Harry Manly. In the smaller meats old sheep were easier and about 1c per lb. off. Lambs held steady. Hogs were easy to steady. Receipts of cattle estimated at 950 head, of which 758 head were offered yesterday. Market easy, 25c off. Top steers, \$6.25 to \$6.35, good, \$5.90 to \$6.15; fair, \$5.50 to \$6.75; medium, \$5.20 to \$5.40. WRANGLE AT CITY COUNCIL (Continued from page 1.) seconded, and the discussion was dropped for the time being. Ald. Jencks made another plea for united action on behalf of the Council. AN INTERESTING REFERENCE. Referring to his fighting qualities, during the evening, Ald. McManamy stated that if he had given up when beaten the first time Sherbrooke would not be what it is to-day. He had spent his money to elect men to the Council who would help him carry Sherbrooke along.

Weak, Tired Folks Given New Vigor STRENGTH RETURNS, HEALTH RENEWED, VITALITY OF YOUTH RE-CREATED.

From Cheboque Pt., N.S., comes the following from Mrs. W. A. Reynolds: "A year ago my health began to fail. I lost appetite, became nervous and sleepless. My weight ran down. I became thin, hollow-cheeked, and had black rings under my eyes. I really felt as if the charm of life had left me and when springtime arrived I was in the 'blues.' I read of Dr. Hamilton's Pills and got five boxes at once. Within a month my appetite and color were good. I gained strength and felt like a new woman. New life and vigor returned, and my friends scarcely knew me. A medicine that will do this should be in every home. Good health means much to you. Success and happiness depend upon it. The maintenance and source of health is found in Dr. Hamilton's Pills, 25c. per box, or five boxes for \$1.00, at all druggists and storekeepers, or by mail from the Cataract Co., Buffalo, N.Y., and Kingston, Canada.

THREATENED ACTION AGAINST ALD. McMANAMY. While the discussion on the asphalt was going on, Ald. Simoneau understood Ald. McManamy to accuse him of dishonesty. He immediately asked the Mayor to have Ald. McManamy retract his statement, or he would take action against him.

KAISERIN IS VERY ILL. Berlin, Aug. 20.—The newspapers reproduce a press agency report to the effect that the condition of the Kaiserin continues so unsatisfactory that her complete retirement from court and other representative duties may be necessary in the coming winter. The forthcoming transfer of the Crown Prince from Danzig to Potsdam is said to be due chiefly to a plan for entrusting to the Crown Princess the social and public duties ordinarily performed by the Kaiserin.

DECLINES CALL TO DANVILLE CHURCH Federated Congregation Was Anxious to Get Rev Jas Steven.

LATTER, HOWEVER, DECIDED TO REMAIN IN WORK AT COTE NES NEIGES. The decision of the Rev. James Steven, minister of Cote des Neiges and St. Laurent Presbyterian churches not to accept the call of the united church of Danville, but to remain in his present charge, was the principal business transacted at a meeting of the Montreal Presbytery held in Knox Church, Montreal.

STRAITS FULL OF ICE. London, Aug. 20.—The Cunard Line steamship Ascania, inward from Montreal, reports the Straits of Belle Isle filled with ice. She passed 116 bergs in the Straits alone.

English-speaking population to be settled there in a few years. Danville wanted a good man, but they required one also. The call having been placed in Mr. Steven's hand, he stated that he had decided that as far as his opinion was concerned it would be better for him to stop at Cote des Neiges. He believed his work there was not finished, and thanked his people for their proof of their love and sympathy. On the motion of the Rev. G. Whillans, seconded by the Rev. A. Bowman, it was decided by the Presbytery that the call be set aside, and that Mr. Steven remain in his present charge.

BURGLARS ENTER SCOTSTOWN HOUSE Only Secured a Few Dollars That Was Left By Owner.

GENERAL OPINION IS THAT HOUSEBREAKER WAS WELL ACQUAINTED WITH HOUSE. Scotstown, Aug. 20.—(Special)—The house of Mrs. N. Grouce on Osborn street was broken into some time during Friday night. The person or persons who entered were evidently after money as every cupboard and trunk was gone through. Mrs. Grouce was away visiting at her daughter's, about two miles from here on the Balmain Road. She left only a few dollars in a pocketbook and this was taken.
