Ladies' And Farmers' Valdo Bowling Leagues End Successful Season

A successful year of bowling for the Ladies' and Men's Farmers' League of the Valdo Bowling ended with a party on Saturday night, May 2nd at the Legion Hall when a barbeque chicken supper was served to 170 people. The hall and tables were decorated in bowling theme colors. Betty Rolleri, treasurer, gave each girl a bowling pin with her name and single game on as she entered the hall. Grace was said by Mr. John Thompson, Master of Ceremonies.

The Farmers' League joined the Ladies' League this year for their banquet. Mr. Thompson introduced the honored guests, Mr. and Mrs. Francois Cley and Mr. G. Campeau of Valleyfield. He also introduced the presidents of the two leagues, Mrs. Gladys Duheme and Mr. Lloyd Douglas. After supper was served the presentation of trophies and prizes took place.

The first trophy went to Jolly Five for the League Championship. This team, ably captained by Mrs. Jackie McCallum, received the Helecta Hart Trophy and all the girls received crests. Team members are Normande Gregoire, Irene Carriere, Claire Caza, Pauline Coucher, Rachelle Groleau, Denise Robidoux and Rolande Thibault.

The Gay Nineties, a team captained by Effie Gordon, were second in League play. Each player received a lovely gift; team members, Gwen Duheme, Eileen Feeny, Evelyn Robson, Pat Feeny, Ruth Brunette, Alma Duheme.

Jolly Five were also presented with the Mademoiselle Dress Shoppe Trophy for placing first in the finals. This trophy was presented by Gladys Duheme. There were also small trophies for each player.

The Gay Nineties were the runners-up and received gifts.

Season high average triple, single, Effie Gordon, Single 202, triple 458, average 121. Effie is to be congratulated for these three as this is her second year of winning. She received the lovely trophy. The presentation was made by president, Gladys Duheme.

Team single — Valdo's captain, Jean Marshall. Total pinfall 627. This trophy was donated and presented by Lawrence McCallum. Team members Ollie Watson, Louise McCallum, Cecile Lavallée, Ruth McGerrige, Connie Helm, Wilma Laurin and Elizabeth McDonald.

Team triple — Clinkers — Captain, Gladys Duheme, total pinfall 1775. This trophy was donated by Cley and Tinker Ltd. and presented by Mr. Francois Cley. Team members Babs Laberge, Madeline Galipeau, Sylvia Tremblay, Sofie Picard, Frances Sparrow and Betty Rolleri.

Total pinfall (Clinkers) Captain, Gladys Duheme. This trophy was presented by Mrs. D. O'Connor, the D. J. O'Connor Memorial Trophy, and was presented by Mrs. Jackie McCallum. Consolation trophy — Clinkers. This trophy was donated by Dow Brewery

Ladies of St. Anne Hold May Meeting

On May 13th the Ladies of St. Anne held their monthly meeting in the Parish Hall with a good attendance. Mgr. David presided at the meeting and gave a most interesting talk and discussion. The meeting opened with the president, Mrs. Brisebois, welcoming the members followed by the recitation of St. Anne's Chaplet and the singing of a hymn to St. Anne. The second and third chapters of the rule book were read. Mrs. Deme, the secretary, gave her report of the last meeting. They were approved by Mrs. Leboeuf and seconded by Mrs. McGee and Mrs. Robertson. The Treasurer, Mrs. McDermitt, gave the financial report for the past month. This was moved by Mrs. English and seconded by Mrs. Lettre. It was decided that all women in the Society would help with the care of Canon Pigeon's grave. Mrs. Daigle gave her sewing report for the month of April. Anyone interested in participating in the pilgrimage of Mary Queen of All Hearts is asked to notify Mrs. Leboeuf. Tel. 264-2616. She will give information with regards to the pilgrimage. The meeting closed with a short prayer.

Most improved player, Lady Curran, a trophy presented by Gladys Duheme. Perfect Attendance — June Perrott, Jackie McCallum, Olli Watson, Normande Gregoire, presented by G. Duheme.

Good Sportsmanship trophy — Edith Thompson. Edith is to be congratulated as she was the winner of the most improved player last year.

Consolation Averages — Isabelle Cogland, Evelyn Robson and Valma Benoit. These girls were each presented with a dish and a bowlers' prayer.

Then came the Averages, High Triple and Single, each girl received a lovely gift and every girl of the League received something. This being the last of the presentations, Mrs. G. Duheme congratulated and thanked everyone for having such a successful year.

Mrs. Effie Gordon then presented gifts from all the ladies to Sec. Gwen Duheme, Treas. Betty Rolleri and Pres. Gladys Duheme. Other presentations were made to Jackie McCallum from her team players; Jean Marshall from her team players and June Perrott from her team players. This brought the ladies' presentations to an end.

The Farmers' League trophies were as follows: The first trophy went to Dundee League Champions. The team ably captained by Richard McPherson, received the trophy presented by Pres. Lloyd Douglas. The team players are Harold Arnold, Clarence Platt, Alfred Latulipe, Edward Watson, Clarence Coffin and Cameron McNicol. Each player received a small trophy.

The Boyd Settlement, second place team, was captained by Glen Gordon, team players Ira Gordon, Donald Feeny, Keith Curran, Sandy McDonell, Luc David and James Robson.

Finals Winner Rookburn, captain Lloyd Douglas, team players Mack Sloan, John Steele, Gordon Lindsay, Ronnie Williams, Stanley Farquhar, and Roy Arthur.

Runners-Up Franklin, captained by Herbert Simpson, team members Gerald Goldie, Bruce Maither, Ernest Maither, Roy Middlemiss, Mervin Farquhar and Dale Tipping.

Men's League — High Single Trophy — Fred Hutchings; High Triple trophy — Glen Gordon; High Average Trophy — Russell Moore, Total pinfall — Lloyd Douglas.

Receives A Letter From The Queen

Master Richard McCallum age 10, son of Mr. and Mrs. Lawrence McCallum, of Huntingdon, thought to send a letter to Buckingham Palace London, England, to wish the Queen a happy birthday. The following answer has just been received and of course the young lad is delighted.

Buckingham Palace
5th May, 1964.

Dear Richard,
I write at The Queen's command to thank you for the very kind message of good wishes which you have sent to Her Majesty for her birthday.

The Queen bids me say how much she appreciated your thought for her on this occasion, and I am to send you Her Majesty's sincere thanks.

Yours sincerely,
Susan, Hussey, Lady-in-Waiting
Master Richard McCallum

Famous Rifleman Visits Rockburn

The wonderful spectacle of our apple blossoms this year was the occasion for a visit by Mr. Alex Parnell of Bisleigh and international shooting fame who called on Mr. Burt Norman of Rockburn, a former shooting pal and team mate.

Mr. Parnell, a world war one veteran is now a spry and vigorous eighty-three and never misses a rifle match or tournament, and the fabulous marksman who has helped to dominate the rifle ranges and prize lists for half a century can still hold in the bull's-eye with uncanny accuracy.

After a tour of the orchards and a visit with Mr. Norman, the two old friends repaired to a nearby gravel pit and fired a few practice rounds. Mr. Parnell declares that if he had a farm or orchard, the first thing on it would be a rifle range; trees, barns and crops could come later.

Legion Provincial Golf Tournament At St. Anicet June 13 With Branch 81 As Hosts

The Regular Monthly Meeting of Huntingdon (Que. No. 81) Branch of The Royal Canadian Legion was held at the Legion Hall Thursday evening, May 14th with Erik Rottensen, President, in the Chair, and with Frank Napier as Secretary of the meeting.

Committee reports presented included that of Merrill Smith, Chairman of the local Sub-Committee in connection with the Provincial command of the Legion's Golf Tournament of which Huntingdon is the host Branch. The Tournament will be staged on Saturday, June 13th, at the St. Anicet Golf and Country Club after which the players and other members of the legion will adjourn to the Legion Hall, Huntingdon, for supper, presentation of prizes and a Social Evening. While Merrill Smith will issue the necessary announcements with respect to that event, it is hoped that a considerable number of Huntingdon Branch members will come to the Legion Hall that night to welcome their fellow members from Branches from all over the Province of Quebec, even if they do not attend the Tournament.

Committee members were appointed to organize the events to be staged at the Legion Hall and grounds on the First of July. Included in that event will be the usual Games held at such events and dancing on the Tarmac in front of the Legion Hall, the latter being a revival of the Street Dances held in the past in the Town Square.

A nomination committee was appointed to prepare a suggested slate of Officers to be elected at the time of the June monthly meeting, June 11, for the ensuing year. The new slate of Officers will be installed at a Special Meeting of the Branch to be held Saturday evening, June 27th, with Col. His Honour, Judge Redmond Roche, O.B.E., President of the Provincial Command, being invited to act as the Installing Officer. At that time also Life Membership of the Branch will be conferred upon four Charter Members of the Branch, like-

wise 25 Year Service Awards. Two other members of the Branch will also be presented with 25 Year Service Awards. It was announced that Isaac C. Dykes will succeed Edwin R. Beare whose three year term of service as Caretaker and Canteen Steward of the Legion Hall has expired. Mr. Dykes is a Newfoundland who served in World War II with a Newfoundland Regiment. However, he has been living in Montreal for several years.

A Cruel Joke
It would take a considerable number of expletives to fully categorize the party responsible. On Saturday afternoon last, someone called the Legion Hall and left a message for Caretaker E.R. Beare, who was away at the time, instructing him to call the Cornwall, Ontario, Police, as one of his daughters had been killed in an automobile accident. Since Mrs. Beare suffers from a heart condition the news was quite a shock to her, even although the Cornwall Police subsequently denied any knowledge of any such accident. The miscreant perpetrator has not yet been identified.

Shuffleboard Tournament
Organized by District Sports Officer Baker a Shuffleboard Tournament was staged District Command No. 13 of the Legion was staged at the Legion Hall Sunday afternoon, May 17, with Huntingdon (Que. No. 81) Branch of the Legion as the Host Branch. Also with Honorary Member and Honorary Vice-President Leo Cappiello of Huntingdon Branch and Convener of that Branch's Games Club-Committee, as the M.C. of the Tournament.

A very successful event indeed with two teams of two people each from Beauharnois, Chateaugay, Valleyfield and Huntingdon Branches of the Legion. The finalists were one team each from Huntingdon and Valleyfield, with the Huntingdon Team comprised of Earle Middlemiss and Mrs. Ruby Middlemiss, respectively. A Social Guest and a member of the Ladies Auxiliary, being the final winner. The Valleyfield runners-up were Mel LeBelle and Frank Amos.

Bowling Trophies Awarded At Banquet Saturday Night

Above are the champion bowlers of the Huntingdon County mixed leagues, which played at Valdo Lanes on April 29th. They are, from left to right, back row: Pearl Kyle, Marian Ruddock, Irene McLean, Margaret Beattie. Front row: Fred Kyle, Nelson Beattie, Rovee Ruddock, Captain, Howard McLean. A banquet was held at the Knights of Columbus Hall on Saturday night and was catered for by the ladies of St. John's Church. Following this the trophies were awarded to the winners.

Elected President

MRS. KAY WILLIAMS

At the annual meeting of the Quebec Association of Hospital Auxiliaries held at L'Estrel, Que., on May 12 and 13 Mrs. Kay Williams of Kensington, a member of the Huntingdon County Hospital Ladies' Auxiliary, was elected president of the provincial auxiliary for the ensuing year. This is the first time that a member from a rural community has attained this high post. Therefore her election to this office is indeed a great honour not only to Mrs. Williams but to Huntingdon County.

Mrs. Williams is presently attending the National Hospital Auxiliary Annual meeting being held in the Chateau Laurier in Ottawa, from May 20-22. She will also be in attendance at the American Hospital Association Auxiliary, Middle Atlantic Conference, to be held in Atlantic City, N.J. from May 25-27.

In addition to her interest in hospital work Mrs. Williams is also an enthusiastic Grange worker. She is a member of Maple Leaf Grange and Lecturer for New York State Grange.

She is an honorary social member of the Royal Canadian Legion, Huntingdon Branch 81 and a member of its Ladies Auxiliary as well as a member of the Navy League of Canada, Huntingdon Branch.

Brooks Tray-winners, Ruth Smith (skip), Laurette Duclous, lead. Runners-up, Valeda Cookman (skip) Mary Jane Derick, lead.

Red Cross Blood Donor Clinic In Huntingdon June 1

It is time again to give constantly replenished by voluntary donors because blood of this province. Twice a year the Red Cross Mobile Blood Donor Unit visits our community to replenish the "fresh" blood. New supplies of freshly donated blood must be maintained in every hospital for the sick or the injured who need transfusions. The blood donated by the public is delivered to the hospitals by Red Cross absolutely free of charge. The Canadian Red Cross receives no part of the fees for these services. A great many people of our community have received blood transfusions during the past twelve months and it is reasonable to expect that more people will need fresh blood and blood by-products in the months to come. Let the hospital authorities who make sure that there will be adequate supplies of blood when we need it, by making enough donors to meet their rising demands for blood. The blood bank must be June 1st.

Mrs. K.G. Cameron is Chairman of the Blood Donor Campaign, ably assisted by Mrs. N. Bourgon and Mrs. George Lefebvre. Mrs. Cameron states that canvassers for blood donors have started to work in the week.

The Canadian Red Cross undertook collecting blood and supplying it to hospitals in 1948 at the urgent request of hospital authorities who were experiencing, then, great difficulties in recruiting when we need it, by making enough donors to meet their rising demands for blood. The blood bank must be June 1st.

Husband Of Former Huntingdon Girl Chosen New York State Star Farmer For 1964

John Armstrong, 19, of Westville, N.Y. was chosen New York State Star Farmer for 1964 at the annual Future Farmers of America convention held at Attica Central School on May 9.

He is the son of Mr. and Mrs. Robert Armstrong of Westville and is married to the former Marjorie Douglas, daughter of Mr. and Mrs. Wallace Douglas of Huntingdon. Mr. Armstrong graduated from Salmon River Central School last year as valedictorian of his class.

He was chosen from among this year's 133 Empire State Farmers and the highest award was conferred upon him in a colourful ceremony which included the presentation to him of \$200 from the National FFA Foundation by James Feets of Terra Alta, West Virginia, national vice-president.

Mr. Armstrong thus automatically enters the sectional competition of the FFA to be held at West Springfield, Mass., as another step in the selection of the outstanding Future Farmer of America.

The 19-year-old farmer owns and operates with complete management a 152-acre farm he bought last June from James Tuggey. He has a \$30,000 investment in this enterprise and a net worth of \$11,500. The farm is stocked with 32 head of dairy cattle which he has been building up during his years as an agriculture student and FFA member.

In winning the state's highest Future Farmer award, Mr. Armstrong has not only achieved a high honour for himself but has brought recognition and credit to his school and his FFA chapter. (Taken from Fort Covington Sun)

R. Bourassa Fined On Illegal Transportation Count

Raymond Bourassa, of Huntingdon appeared in court to answer a charge of illegally operating a transportation service for passengers between Huntingdon and Valleyfield. This in return for an amount of money and without previous permit from the Transportation Board. In contravention of the provisions of Article 30 of the Law of the Transportation Board, 13 George VI, chap. 21 and amendments to late S.R.Q. 1941.

NOTICE TO GLEANER SUBSCRIBERS

Effective June 13, subscription rates to The Gleaner will be adjusted as follows:

One year	\$4.50
Six months	2.50
Single copies at news-stands	.12

Annual subscribers will save \$1.74 over single copy price.

The Gleaner regrets to advise readers of this increase, but production costs have more than trebled since the last advance in price almost ten years ago. Our newspaper is consistently twice as large as it used to be which involves more manpower hours, higher wages and additional basic costs. This change has been contemplated for many months but was delayed as long as possible and while the increase was inevitable, we trust our valued readers will understand our reluctance to contribute to their increased costs of living.

Subscriptions received at The Gleaner booth at Ormstown Exhibition until closing on the final night will be honored; likewise all subscriptions postmarked not later than June 13.

Areas serviced by route carriers will be charged 12 cents per copy.

Subscriptions in U.S.A. \$5.50

Automation Making Things Tough For Unskilled Workers

The unskilled worker is going to have a tougher time ahead in this workaday world, because of the inroads being made in industry at all levels through automation according to Mr. Jack Williams, Director of Public Relations of the Canadian Labor Congress, Ottawa.

It was his contention that individuals with more skills particularly the younger men will have to accept the rising problem which is now apparent in all lines of industry. The Congress, he said, was worried the younger people as they were going to have a tougher time and nobody has the answer to the problem at the present time.

The fact is that we still have far too many people unemployed and the impact of unemployment is showing some particularly disturbing characteristics — said Mr. Williams. The hard-core group — the people who have been without jobs for a considerable period — is steadily growing. Some economists are now talking about the "hidden unemployed" — the people, particularly in older age brackets who have become discouraged and who have given up active job hunting and so have disappeared from our statistics.

Another group that is particularly hard-hit is at the opposite end of the age scale — the young people. Unemployment among young people in the 14 to 19 year bracket is

double the national average rate. This is undoubtedly because most of the young people caught in this trap lack skills or educational requirements; and this points up a situation which is going to require a great deal more attention in the future.

Still another aspect of the unemployment situation which gives cause for worry to every "Canadian is the great disparities that exist on a geographic basis. The unemployment rate in this Province of Quebec has been running almost double that of Ontario and the Prairies; and the Atlantic Provinces have, of course, been far higher still.

"We don't know enough about the causes of these conditions. We have a very definite feeling that technological change — or automation, to use the word loosely, is one of the present causes. How long this will last and what the permanent effects will be, at the moment, little more than guesswork. But there are enough concrete examples to give us cause for concern, to say the least," he said.

Mr. Williams cited instances where he actually saw a machine operated by one man in which performed 500 operations. Previously anywhere from 50 to 70 men were required to do the same work. Now 48 men can produce an engine block in 20 minutes. And this automation was being carried on into all levels

union will be observed in Powerscourt United Church on Sunday next, with Rev. W. Black of Huntingdon in charge.

Modern textiles are playing a big part in a quiet revolution that is taking place in Canadian religious institutions. Thousands of nuns are becoming important customers for "easy care Canadian fabrics as the modernization of centuries old dress gains momentum.

Some religious orders, which have not changed their habit costume since the 18th century, are adopting streamlined clothing with all the practical wash and wear advantages enjoyed by regular consumers.

Nuns who act as buyers or purchasing agents for religious institutions are famed as wise customers who demand the utmost value, and they get VIP treatment from tradespeople, their approval of a new fabric means more than a substantial order. It means a continuing loyal customer who will not be lost to a new fashion color or faded new season.

The modernization of nun's dress is taking place with active encouragement from the Vatican. The habit is less voluminous and in some cases above the ankle in length. Wimples are disappearing and the firmly starched dummies are being replaced by wash and wear neckpieces.

Terylene fibre blends are favorites with the nuns who are apparently just as keen on abhor saving fabrics as other women. The easy care fibre in a crushable blends with wadded for winter dress and a tropical weight for summer is usually accented by non-iron terylene and cotton in white dummies.

All-white habits of wash and wear textiles are being sent from Canada to missionary nuns, Canadian nuns in Africa are known as the "best dressed" for their immaculate garb. These are quick drying taffeta which the nuns wash and dry each day during their two hour sestas.

Besides the labor savings in care of their clothing some institutions are actually having their outfits factory made. A manufacturer in the Maritimes worked out a simple sketch to indicate measurement requirements which he supplies to one large order in quantity. He sorts out the sketches for cutting cloth and then finishes each habit according to individual measurements.

Another Canadian manufacturer recently discovered a new source of business from the religious institutions; high-necked, cap-sleeved cover-up bathing suits of black stretch nylon.

The manufacturer was somewhat startled to find that he was getting substantial orders for the suit from nuns. He now refers to the style as the "sister suit" although he designed it originally for physical culture classes. Wherever the nuns swim, they must be just as interested in modern physical fitness as they are in modern textiles.

Ormstown High School Notes

by Linda French

The big week-end is over at O.H.S. on Friday night our graduating class was honoured at a supper and dance. Grade Ten tendered a delicious supper in our honour under the supervision of Miss Hillman. After the banquet the exercises were held in the gymnasium. Mr. King, former principal of O.H.S. was guest speaker and gave the graduates an inspiring talk. We were all glad to see his friendly face once more and we hope he will visit us again soon. On behalf of Grade XI, I would like to thank all those concerned for making the evening enjoyable.

Interclass debating has started and the final debate between Grades IX and XI will take place at the Home and School Meeting on Tuesday night. The winners will receive the Campbell Debating Trophy.

On Saturday the C.V.T.A. Track Meet will take place in Chateauguay and O.H.S. is planning to send a strong team of at least 80 athletes. Congratulations to Bogdan Krawchenko, recipient of the Bronze Medal in the Rotary Club Public Speaking Contest. Also to Andrew Sancton who has won a \$2000 scholarship from Bishop's University.

Employment Prospects For University Graduates

The Executive and Professional Division of the National Employment Service has just published its annual booklet, "Supply and Demand — University Graduates", for 1963-64. It is now available free on request, from your nearest National Employment Office. Employers will find the booklet a mine of useful information, to help them in their search for suitable professional manpower. The text describes the trends of increase or decrease foreseen in graduation, in more than 40 professional categories. The extent of demand by business and industry for graduates, in the various disciplines, is also forecast. A summary of estimated starting monthly salaries, received in 1963 by university graduates in more than 30 professional fields, indicates what 1964 graduates may expect to be offered.

High school graduates, and students now in their graduating year, who are not yet absolutely certain what university courses they should follow, will also find invaluable guidance in this booklet.

The starting salary chart points up the financial advantages, to be reaped by students, who continue beyond the bachelor level to gain master's or doctor's degrees. The text explains, in which disciplines graduate students are expected in excess of demand, and in which courses there will not be enough graduates to supply the manpower needed by employers. The preference by employers for honours rather than pass course graduates, is clearly pointed out. The types of employment for which graduates in the various disciplines may best be suited, are also described.

Students should be able to see a copy of the booklet in their own high school library. Both high schools and employers, may obtain copies of the booklet from their National Employment Office, whose staff is geared to handle either orders from employers for executive and professional manpower, or applications for jobs in this category.

Every year, the National Employment Service has been placing more graduate students. During 1962-63, some 3,000 were placed in permanent employment, while many more were referred to summer jobs between university semesters.

Whether you are a student, or an employer, it will be well worth your while to read the booklet, "Supply and Demand — University Graduates" for 1963-64 and to ask your National Employment Office for one further advice you may require.

Farewell Party Given For Mrs. Beryl Elliott, Ormstown

(By Bernice Cullen)

About 60 friends, relatives and neighbours tendered a farewell party for Mrs. Beryl Elliott, at the Ormstown Legion on Hall last Saturday evening. Beryl was visiting with friends when a suggestion was made that they should see what was going on at the Hall. Her surprise was genuine when she arrived to the cheers of her many friends. She was presented with a corsage of pink carnations by Mrs. Doug. Glover.

Cards were played with Audrey Elliott and Stewart Duncan receiving prizes for high score and Myrtle Cullen and Selkirk Bryson being awarded the prize for low score. Dancing was enjoyed and refreshments were served. During the lunch hour, Mr. Harvey Forrester called on Beryl and extended best wishes to her and her family in their new home in Los Angeles, California. Mrs. Harvey Forrester presented Mrs. Elliott with a piece of luggage and a purse of money on behalf of her friends.

Mrs. Elliott, Randy and Rhonda leave for Los Angeles next Saturday.

The Ottawa Trip

(by Karen Stonebridge)

On May 14th, 1964, the member of Parliament for Chateauguay-Huntingdon - La-Hemmingford High School left on their trip to our nation's capital by car. The drivers were, Mr. F. Matheson, Principal of Hemmingford and Mrs. Matheson, Mr. and Mrs. Ross Hawkins, Mrs. Ross McNaughton, Mrs. Ruth Beattie and Mr. Ronald Deery.

On arriving in Ottawa we first checked into our hotel, the Chateau Laurier, a majestic building commanding a view of both the Rideau Canal and Confederation Square, where the National War Memorial is situated.

A hectic afternoon awaited us. At 1:30 we had lunch at the Parliamentary Café as the guests of Mr. Ian Watson, member of Parliament for Chateauguay-Huntingdon - La-Hemmingford High School left on their trip to our nation's capital by car. The drivers were, Mr. F. Matheson, Principal of Hemmingford and Mrs. Matheson, Mr. and Mrs. Ross Hawkins, Mrs. Ross McNaughton, Mrs. Ruth Beattie and Mr. Ronald Deery.

After leaving the closely guarded Mint in a somewhat envious mood, we toured the Central Experimental Farm. Here we saw the cattle, sheep and hogs being used in various experiments to increase their value and usefulness to Canadians. The experimental gardens were vibrant with the colour of spring flowers. Perhaps the most interesting place on the Experimental Farm was

THIS and THAT in TOWN ...

- We know that Mrs. Joan Smythe, who left Huntingdon a month past and who was visiting a brother-in-law and sister in Los Angeles, Cal., now has a position with the Richfield Oil Co. there. Her friends here will be pleased to know she is enjoying her work and life in California and that she now has her own apartment. Evening temperatures run around 65/70, but we didn't hear anything about mid-day temperature.
- Literally hundreds of subscribers have renewed their Gleaner subscriptions since last week, when we announced that the annual rate will be advanced to \$4.50 effective the final night of Ormstown Exhibition, June 13. While this move was contemplated for the best part of a year because our production costs have almost trebled since the last price increase almost ten years ago, we are greatly relieved to be assured that most folks in general have anticipated the increase. Notes along with renewals indicate that readers find The Gleaner more interesting than ever: one Ormstown subscriber offered to renew for the next five years at the new price and a Howick farmer told us he wouldn't do without it if the price was doubled. Thanks, readers, but we sincerely trust this new rate will not be changed for many more years; however, we are not accepting renewals for more than two years in advance in Canada and one year in the U.S.A.
- Remember about ten years back when we had so many caterpillars? They were crawling here, there and everywhere. Indications are we'll have our share this year again: nests are everywhere on apple and other fruit trees. Burning the nests does some good, but a good spraying is more effective and does not cost much.
- So, Ormstown High students didn't have a holiday on Monday. It was a real nice day, too. Cheer up, friends, you'll have the last laugh at Exhibition time.
- Talking about students: seems there are more than usual this year who want summer employment. The Gleaner has a list as long as your arm. If there are any storekeepers, service stations, restaurants, etc., who need help during the summer months, there are plenty of eager teen-agers willing to work.
- With opening day of Ormstown Exhibition quickly approaching, we think some of our readers will be interested in learning that a couple of booths are still available in the Industrial Building. The secretary, Mr. Carlyle Dickson, informs us that the opening day parade will be bigger and better than ever. O.H.S. students will have Thursday and Friday of Fair week as holidays.
- That sudden storm about 9 p.m. Tuesday brought hail in some parts of our community. Rain in the morning and evening was welcomed by farmers who were beginning to be concerned about their hay.
- A well organized softball league is in the making in Huntingdon. More next week.
- There's talk of a boating club being formed near Port Lewis. Seems quite a few like the idea of having a boat penant for this area, and they also like the idea of boats co-gregating at a central spot and then taking off in convoy to have an outing or picnic on an island or at someone's camp. Remember the old Port Lewis Wharf Rats of yesteryears? A more dignified name would be better for a yacht club, but the idea is good.
- A rumour is circulating at press time that St. Anicet Golf and Country Club was robbed Tuesday evening or early this morning, but there has been no official confirmation.

In Memoriam

BOURDON - In loving memory of my dear wife Marie, who was called from me on May 19, 1963.

My heart still aches with sadness My eyes shed many tears God alone knows how much I miss you As it ends another year What I would give if I could say Hello Marie in the same old way To hear your voice and see you smile To sit with you and chat a while One year has passed since that sad day When the wife I loved was called away The golden gate stood open God said she needed rest His garden must be beautiful He only takes the best. Always remembered and sadly missed by your loving husband. George.

CARSON - In loving memory of a dear wife Mrs. Melvin Carson who passed away, May 23rd, 1963. "One year has passed since that sad day When one we loved was called away. God took her home—it was His will: Within our hearts she liveth still." Sadly missed but always remembered by Melvin.

CARSON - In loving memory of a dear wife and mother, Janet Templeton Ness, who passed away May 23, 1963. Who mended all the things we tore - Who made us scrub our ears - Who smiled when we were nappy - And who kissed away our tears. There wasn't a thing too big or too small She wouldn't try to do for us all. Her wants were few, for others she lived, Not for what she received, but what she could give. Always lovingly remembered and sadly missed by husband, Melvin and son, David.

PATENAUE - Remembering today and everyday our beloved mother, who passed away May 20th, 1950. A thousand times we hear your voice And long to see your face For no one in this big wide world Could ever take your place. Sadly missed by your two daughters and son-in-law, Dorothy, Margaret and Raymond.

WHEALON - In memory of our nephew, Clifford, who passed away May 18th, 1962. Your kind face and sweet smile. With sadness we recall. You had a kind for everyone. And died beloved by all. Always remembered by Aunt Edie and Uncle Ray. CARSON - Cherished memories of a very dear sister-in-law, Janet Ness Carson, who left us on Ascension Day, May 23rd., 1963. "Gone but not forgotten." Sister Eleanor.

Huntingdon Locals

Mrs. Robert McCleary arrived home Thursday evening after spending a week in Montreal. While there she attended the 100th Anniversary of the Women's Missionary Society of the Presbyterian Church in Canada on May 8th and 9th held in the Church of St. Andrew and St. Paul. There was a large attendance. Over 1500 registered.

Mr. and Mrs. Donald Carl of Malone, N.Y. spent the weekend with her mother Mrs. Mary Monique. Mrs. Blanche Charron and daughter Michele of Lasalle spent Sunday at the same home.

Mr. and Mrs. George W. Thompson spent the weekend in Sudbury visiting their son and daughter-in-law, Mr. and Mrs. Roger Thompson and daughter.

Colin J. Campbell Speaks At Dewittville W.I. Meeting

Twenty-one members of the Dewittville W.I. met at the home of Mrs. George Monique last Thursday evening for their May meeting. The president, Mrs. G. Moore, chaired the meeting, which was opened in the usual manner by the "Collect and Ode". In answer to the roll call question "If you had it to do over again what profession would you choose?" most of those present disclosed alternate careers they would pursue if another opportunity presented itself. Mrs. R. Ruddock then introduced the guest speaker for the evening, Mr. Colin J. Campbell, Notary, and a member of the firm, Rowat, Van Vliet, Talpis, Campbell and Caron. Mr. Campbell spoke to the group about the making of wills, succession duties, marital status in relation to Quebec law and other legal matters of general interest. He also made reference to various clauses proposed in Bill 16, which is under discussion at present by the Quebec parliament and explained how these measures, if adopted, would improve women's rights in this province and grant many privileges which have been denied in the past. At the conclusion of his talk

Cards of Thanks

My sincere thanks to Dr. Kelen nurses and staff of the Barrie Memorial Hospital, for the good care given me while a patient there, also for flowers, visits, cards and gifts all were very much appreciated. Mrs. A. A. McNeil.

4,332 Persons Placed In Employment In 1963-64 By N.E.S.

In his annual report of activities for 1963-64, Mr. J. DeSerres, Manager of the National Employment Office in Valleyfield, declares that 4,332 persons have found work through this service. Nearly 13,000 candidates have registered for employment; of those, 5,600 were referred on 1736 orders, representing 4449 offers of employment. Employment officers visited 931 employers. 50 handicapped have found work through the Special Services of the National Employment Service and 1169 youth and 268 handicapped workers have received counselling interviews. To improve their employment possibilities, 265 candidates were referred on vocational training courses. 3386 claims for unemployment insurance benefits were filed with the Insurance Division at the local office. National Employment Service has been particularly concerned with organization of Youth and Handicapped workers Campaigns, as well as winter works. It has also widened its activity in vocational training field. Special Services section of the National Employment Service worked in close connection with school authorities and guidance counselors. A wide information program was carefully set forth, in respect with various fields of activity. As usual, for the benefit of the employers, a close relationship

Campbell Debating Trophy Won By Grade IX O.H.S.

The Ormstown Home and School Association met on Tuesday evening, under the chairmanship of Mrs. J. Saneon. An interesting feature preceding the meeting was the debate competition between Grade IX and Grade XI or the Campbell Trophy. The subject "Resolved that it is more advantageous to attend a city school than it is to attend a country school" was upheld affirmatively by three students of Grade IX, who captured the coveted trophy. These speakers, Nancy Lynn Jullien, Jim Sproule and John Moore, pitched their wits against the pros of Grade XI, Sheila Stevenson Bogdan Kravchenko and Andy Saneon. The judges for the event were Mrs. (Dr.) A. Kelen, Loree and Rev. Stote. A slate of officers for the coming year was presented at the Home and School Meeting. The home took place after the debate and was as follows: President, Mrs. Mary Saneon; Vice-President, Ewen MacDougall; 2nd Vice-President, Morris Nussey; Secretary, Mrs. Monica Johnson; Treasurer, Mrs. Loree and Rev. Stote.

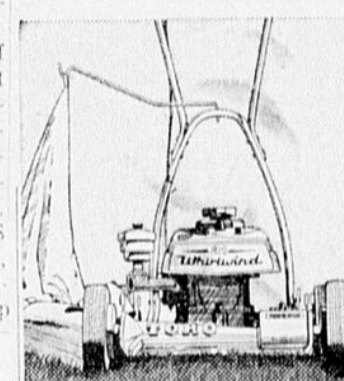

A group of about 15 people representing many regional welfare agencies met on May 6th, in Valleyfield's Centre Le Royer, to set up a committee to coordinate the work of public, private and benevolent welfare services. This meeting allowed upon an initial study session held on January 22nd, when the desire to establish permanent coordinating committee was unanimously expressed. The interested group comprises representatives of the Diocesan Social Service, the Chateauguay Regional Social Service, the Provincial Welfare Bureau, the Sisters of the Assumption, the Victorian Order of Nurses, the Employment Assurance Commission, the St-Vincent-le-Paul Society and many social and services clubs.

Valleyfield Welfare Council Coordinating Committee Has Been Inaugurated

The executive committee comprises the following officers: M. Gaston Crépeau, president, Unemployment Assurance Commission division of Special Services, Beauharnois; Mrs. Roger Cuierrier, president of St-Cécile of Valleyfield St-Vincent-de-Paul Society, vice-president. Mr. Gerard H. Bourdon of the board of directors of the Chateauguay Regional Social Service Bureau, vice-president; Mr. Bertrand Breton, t.s.p., of the Diocesan Social Service Bureau was elected secretary. Mr. Roland Pomerleau, director of the Valleyfield Welfare Council, joint secretary. The provisional committee will meet again on May 20th, at 8 p.m. and a general meeting of all interested organizations will be held around the middle of the month of June. All parties interested in joining this group should contact a member of the executive committee of their own choosing, or the secretary Mr. Bertrand Breton Phone 373-4770.

was maintained with the Corrective Institute of the Department of Justice in Valleyfield. Finally, may we mention the great work done in recruiting 600 persons for apple picking.

GENERAL ELECTRIC

PUSH BUTTON POWER PORTABILITY - CONVENIENCE

Designed and built entirely in Canada, the new CGE portable power mower has built-in reserve power to handle all home mowing conditions. And, more power means faster, better cutting, and more convenience. The CGE portable power mower handle long, thick, damp or wet grass with ease leaving a neatly trimmed lawn with no windrows or unsightly clumps of cut grass.

Safety is important and the CGE lawn mower is safe electrically because it is built for operation with a three wire grounded cord. In operation it is safe because the blade is recessed well inside the bottom of the housing. It's light-weight, and the special handle lock improves control on grades and terraces, and the recessed pushbutton cannot be operated accidentally.

NITRO NEWS

(Mrs. E. St. Onge)

NITRO — This past holiday week-end brought sun and rain. I, personally, was very glad that Saturday was rather on the wet side as for a time we hadn't too too many customers in our store and I was able to have supper and a visit with a friend — and one of his chums — Mrs. Shannon and I had met on more than one of the "Shows" she has organized and who had helped out with the musical part of these shows. Naturally I called Mrs. S. and she came out from Valleyfield so we had quite a chin-wag. Now these two, Messrs. J. Wilson and Chuck Thomas have finally found just where Nitro is, no doubt they will be back.

Later still on Saturday I had another nice surprise. I was busy in the house when all of a sudden I was being "paged" with a "Mrs. St. Onge where are you. Look who's in Nitro" Linda Halliday had had a chance of a drive from Stratford, Ont. to Nitro and a week-end at the Loney home AND a visit with her old friends. Naturally she was in more than once and I was so glad to see her again.

Then on Sunday the two older Gutzit girls were in for candy and to tell me. — "Daddy and Mummy and Kathy are coming in later." Which they did and little Kathy hadn't been away long enough to forget me so this was another happy reunion.

Philip Sexton was home from college at Toronto for the holiday week-end.

Have been down to see Donnie Loney a few times but was so pleased on Sunday to have one of the "gang" come and tell me that he was outside in the wheel chair. Naturally Sam and I took turns from the store to "Welcome" him. The boys said they would take turns bringing him out and now he is able to get in the chair I'm sure he will find many "pushers". Jackie Wendover couldn't place Donnie until I took him down last week for a visit. I only had time for a short visit and left Jackie for a longer one. He fixed

a camera before coming home so no doubt Donnie will be hoping to take some pictures. And speaking of pictures, I am always interested in the pictures Jackie takes, even of places and people unknown to me but since he has been home he has taken some beautiful snaps of "NITRO". Some are scenes, some wild

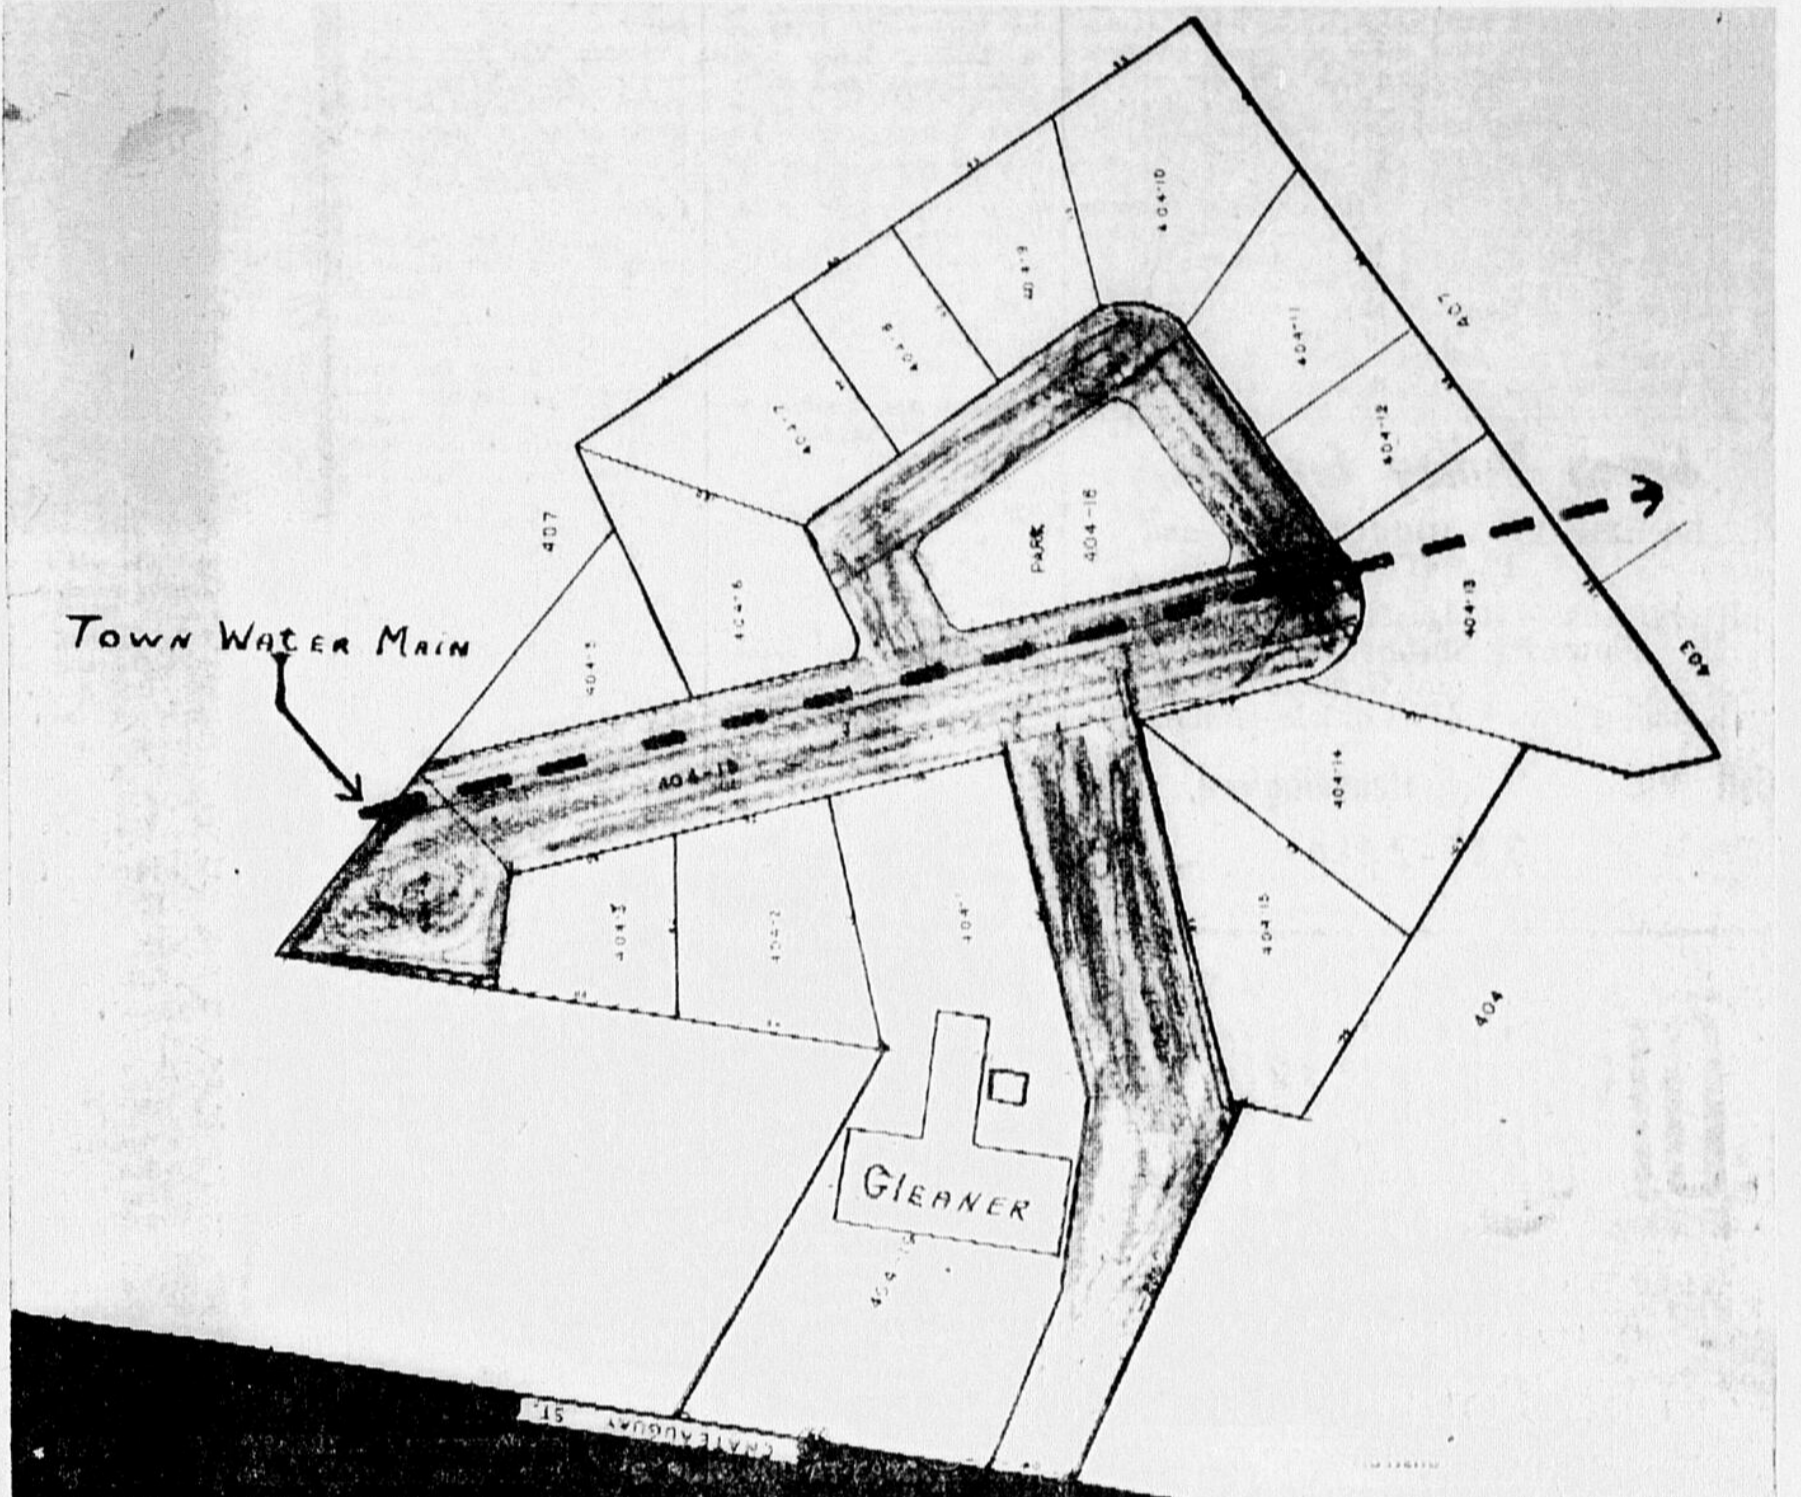

flowers and spiders from the A.L. woods and some of Mrs. Moojeking and the flowers in their greenhouse. Then too, of some of the children at the Confirmation over in the Ste. Jeanne d'Arc Chapel. Those pictures were here and parents were not long in coming or them and best of all offering more! I know my col-

umn is read by many old friends and also by many people whom I have never met and if any one wants some "home" pictures taken just give me a call and I'll pass on the message to my friend.

Annual Holstein Heifer Calf Sale

Huntingdon-Orms town Holstein Club held their Annual Heifer Calf Sale on Saturday, April 25th, at the Orms town Fair Grounds. The average sale price for the 28 junior and senior calves was \$149. These calves were a very good offering and the prices were quite satisfactory. Lyell Graham was the auctioneer.

BELL LINES

by Marcel Boileau,
your telephone manager

Not Visible

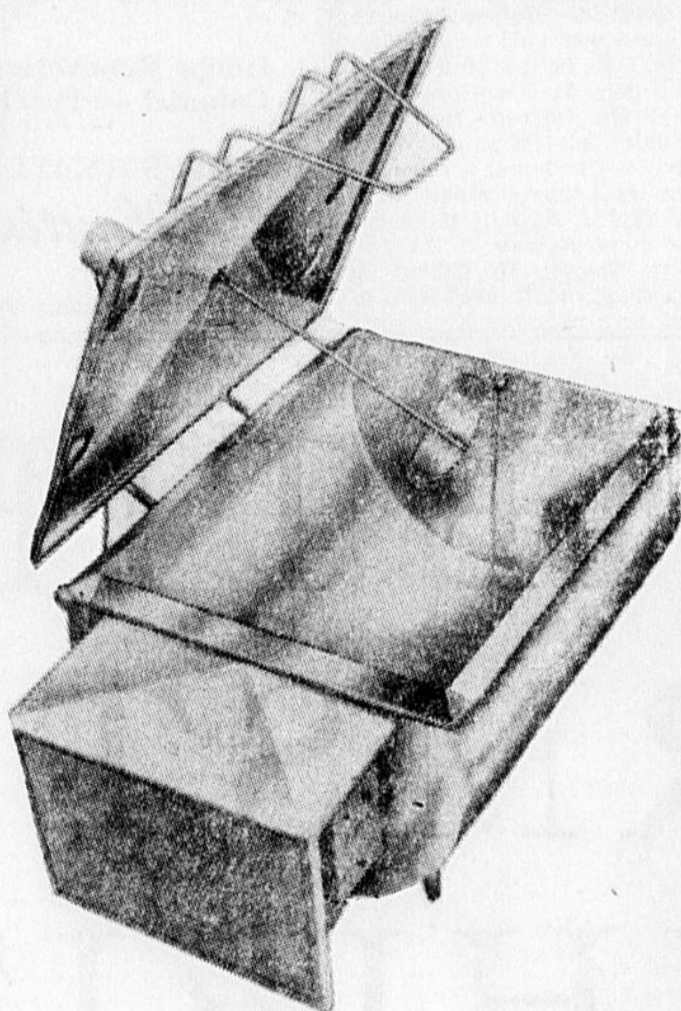

I suppose it may seem strange bringing up icebergs in May, but it suddenly occurred to me that they have something in common with the telephone business! — Just like the greater part of an iceberg, the greater bulk of technological advances in telephone service is not visible to the average person. If asked, I suspect most telephone users would say that 'phone styles have changed over the years, and that transmission has improved markedly, but that in general telephone service serves the same single function today as it did fifty years ago. Not so! For example, telephone lines today carry computer "talk" as well as people's conversations, and carry charts, diagrams, drawings, musical scales and even handwriting as it is being written! Again, telephone lines are used to regulate traffic lights from remote control positions, or to regulate the flow of oil or natural gas in pipelines spanning the continent. But, as I say, many of these aspects are not apparent to the average customer.

Custom Made

I'd like to bring your attention again to the special telephone handsets that we provide for customers with speech or hearing difficulties. The "handset for confidential conversations" is not only meant for people who wish to speak softly for privacy, but for those who, perhaps as the result of an operation, cannot speak as loudly as they wish. (And for laryngectomies, of course, there is the artificial larynx.) The handset for impaired hearing contains a rotary switch that raises the caller's voice-level to desired strength. If either of these handsets, or the artificial larynx, could possibly make your life a little pleasanter, please don't hesitate to call our Business Office and inquire about them.

On impulse, the man had written to an old friend with whom he'd been out of touch for many years. When the out-of-town friend received the letter, he made a Long Distance call to our impulsive pal. "Your letter really surprised me after such a long time," he said, "And what's more...today is my birthday so I thought I'd give myself a birthday present and call you!"

Tender Accepted By Chat. Heights Council For Work On Maple And Gilmour Streets

The regular monthly meeting of the Heights Council was held Tuesday, May 12th, at which it was decided to accept a tender amounting to \$7,700 for road work on parts of Maple and Gilmour Streets. From the north border of Maple to a point midway between Gilmour and Trudeau the present road will be excavated and replaced by a 12" stone base, and surfaced with 2" of asphalt. Gilmour will receive the same treatment between Austin and mountain. A notice of motion was given to ban heavy traffic on Maple.

The mayor stated his disappointment that the meeting of "Unichat" was practically ignored by residents of the Heights. It transpired that very few invitations were received, and these few were received by phone the night of the meeting.

This was the last regular meeting of the present council and Mr. C. A. (Bill) Smith, from the floor, proposed a vote of thanks for the hours and work donated by the council members.

A discussion arose as to why the poplars on Hamilton had not been trimmed as per a motion at the previous monthly meeting. Mayor Currie explained there was a divergence of opinion on the subject.

Mayor Currie thanked the present council for their cooperation during the past term.

The meeting was then adjourned and will reconvene Tuesday, May 26th, to deal with any urgency, pending the installation of the new council.

Chateauguy Well Represented In No. 1 Squadron, Royal Canadian Air Cadets

Last week, the No. 1 (West Montreal) Squadron, Royal Canadian Air Cadets held its annual inspection parade at the R.M.R. (Royal Montreal Regiment) in Westmount. Before the parade and march past the Reviewing Officer, S/L D.V. Tempest, C.D., of St. Hubert R.C.A.F. Station inspected the squadron accompanied by Commanding Officer F/L D.C. Skinner. After a series of brief addresses by some of the dignitaries present, the parents and guests viewed a demonstration by the Drill Team. This was followed by a judging of the various aircraft models on display and presentation of awards.

There are several Chateauguy boys within this squadron which was formed in 1941 to promote certain aims. The Air Cadet League of Canada, a national public service organization was formed for the primary purpose of creating a reserve pool of pretrained airmen for the R.C.A.F. during war-time. However, at the end of the war, the movement was reorganized to provide aviation and citizenship training to Canadian boys in the high school age bracket. The stated aims of the present day Air Cadet League of Canada, are as follows —

1. To encourage Air Cadets to develop the attributes of good citizenship.
2. To stimulate in Air Cadets, an interest in aviation and space technology.
3. To help Air Cadets develop a high standard of mental, physical, discipline and physical fitness.

Two evenings per week the following groups of air-cadet Chateauguy youth travel to Westmount: Sgt. Brian Walsh, Capt. Barry Michaels, Sgt. Robert Wallace, Capt. Walter, Master Van Emmel, Cadets Richard Corbett, Stephen Roffenstein, Lawrence Denton, Richard Aivie, William J. Fowler, Douglas Currie, Brian Donaldson.

In the past the No. 1 Squadron has won many trophies for their achievements in sports and academic fields. At one point in the unit's history it was being awarded an average of three Elsie Schabachschin per year. This year and has been awarded to a Chateauguy cadet, Sgt. Robert Wallace.

Our congratulations to Sgt. Wallace and to all his fellow cadets who are again proving that since the organization our Canadian youth will mature to be some responsible citizens. We wish all the cadets of No. 1 Squadron every success.

Some Views On A Flag

It seems certain now that Canada is to have her own flag of a distinctly Canadian design. That's fine. A sense of national identity and unity are much in the news forefront. But regarding the flag, what about our sense of national pride? I've yet to hear any laws governing the care and treatment of our new symbol. There are many places in and around Montreal where flags are being flown in disgraceful condition; flags most frequently seen in our province.

Canadians have been clamoring for a new flag for years. Let us hope that we can take pride in it. It should not be allowed to be displayed in a torn condition. At all times it should be treated and handled with respect. Police officers should be given the authority to levy fines upon the owner of a building which flies the Canadian emblem not in proper condition. There should be a campaign to educate all the people on the correct etiquette of flag raising, lowering, handling and care. If none of these suggestions are acted upon by the lawmakers then it will be up to each individual to see to it that they and others treat the flag with respect. Combined efforts can only bring the rewards that belong to a country that displays our national flag with a sense of patriotic pride.

Chateauguy Minister To Observe Special Sermon

Two Presbyterian ministers from the Montreal area will be observers at the Sermons for Science at the New York World's Fair held by the Moody Institute of Science. It was announced last week at the Stated Meeting of the Presbytery of Montreal.

Dr. C. Ritchie Bell, D.D., Presbytery clerk, made the announcement at the meeting in the Ephraim Scott Memorial Presbyterian Church, at Clanranald and Snowdon Avenues, after the Moody Institute invited two ministers from the Presbytery of Montreal to represent the Montreal area.

The two rectors are Rev. J. A. Crabb, of St. Andrew's Presbyterian Church, Lachine, and Rev. John Allan, of the Maplewood Presbyterian Church, Chateauguy.

A letter from Mrs. John F. Kennedy, thanking the Presbytery of Montreal for their sympathy and prayers on her late husband's death, was read into the minutes of the meeting by Dr. Bell. The Presbytery had sent a sympathy note to Mrs. Kennedy.

IT'S TULIP TIME

While many people have and will travel to Ottawa to view the annual Tulip display, still more are enjoying the fruit of their fall efforts at home. Many beautiful displays are viewed as we drive around in our own Chateauguy Valley. Some above the Beauharnois Smelters are really eye-catching.

Did you know that 'tulip' comes from a Turkish word meaning turban? When tulips were introduced into Europe in the seventeenth century, everyone went mad about them and they paid colossal prices for them. The highest paid was in Holland where a speculator offered twelve acres of building land in exchange for a single bulb (so the story goes).

Far more recently bulbs have fetched sizeable sums of money and it's said that in Ireland, home of many of the newest daffodils, some have brought in amazing amounts of money. Irish hybridists, we hear, are trying to produce red daffodils. So far, they have only succeeded in producing some extremely pretty pink-flushed ones.

There's nothing like trying to improve on Nature! Gardeners never let up.

Chateauguy Police News

Firecracker night in Chateauguy was duly observed by the young and not so young and the only disturbance reported to police was a fire at 313 Caughnawaga Road, occupied by Mr. George Slater. This fire was in the roof and was caused by boys throwing fireworks on same. One stream of water quickly extinguished the blaze.

Chief Gervais states that dog licenses should be obtained without delay to avoid any procedures.

Chateauguy School Of The Dance To Present Recitals

(By Mrs. E. Vetland)

The Chateauguy School of the Dance will close the current season by presenting a "Time to Dance" under the direction of Alex MacDougall. The dancers have been practicing since mid-September for this ballet recital to be given Friday, May 29th, 8:15 p.m. at St. Willibrord's. (See display ad for details).

The news of the success of this school has reached Pierrefonds and the troupe has been invited there on Saturday, May 30th to present their programme.

The Chateauguy School of the Dance started eight years ago, with the late Olivia Wyatt as choreographer. For the past six years, Mr. MacDougall has conducted the lessons. Previously, this well-known personality has performed with the Sadler Wells Ballet and has choreographed numbers for television and stage productions such as "Plain and Fancy", "Guys and Dolls", "Oklahoma", plus others.

Under Mr. MacDougall's guidance, one of his pupils, Linda Sottiaux has already gained a measure of success when she placed 2nd in the Ballet Division, of the N.D.G. Arts and Letters Festival held last year.

On May 29th "Time to Dance" will feature numbers from all parts of the World, some in costumes created by the performers themselves. Other routines will feature solo numbers, doll dance, chicken reel, and many more in fact, a number for every taste.

Brownie Packs Hold Successful Mother and Daughter Banquet

(By Mrs. E. Vetland)

The Brownies held a Mother and Daughter Banquet last Thursday evening at the Chateauguy Motel with over 100 Brownies of the 5th and 8th pack attending with their mothers.

Mrs. T. Allman as President of 5th Local Association opened the festivities by welcoming the guests, among whom included Mrs. Cooper, Divisional Commissioner; Mrs. M. Marchadier, Deputy Divisional Commissioner; Mrs. N. Charlebois, Vice - President; Mrs. K. Chatterton, Secretary; Mrs. P. Round, Treasurer; Mrs. Walker, Brown Owl of 5th Pack and Mrs. Brooks, Tawny Owl of 8th Pack.

After a Bar-B-Q dinner, Mrs. Allman announced that a new guide company is to be opened in the fall, but due to her own health, Mrs. Allman announced her resignation from the executive board. At this point, the kind cooperation by all the mothers was gratefully acknowledged by Mrs. Cooper who also expressed the desire to see more mothers take an active part in the meetings which are normally held twice a year. Due to lack of interest, only one such meeting was held this year. If this trend continues, some of the Brownie and Guide activities may have to be curtailed.

Elections were then called for with the following officers appointed: Mrs. Hamelin, President; Mrs. S. Cahill, Vice-President; Mrs. Brooks, Secretary; Mrs. McLeod, Treasurer; Mrs. Charlebois and Mrs. Chatterton, Social Conveners; Mrs. Pat Round, Camp Councillor, Mrs. Dryden, Badge Secretary.

A sing-song by the Brownies followed next, much to the Mothers' delight and taps closed the evening's festivities.

Traffic Hazards At Chateauguy

Much has been said about the traffic at Chateauguy and Mercier Bridge and last week-end we saw a bit of it. We went out over the bridge at about 4 p.m. to Montreal and at that time the traffic coming from Montreal was piling up. There was a double line of thick traffic on the left side while on our side there was very little. The traffic was stopping and starting as it was delayed for some reason or another. This was so right into Montreal and as far back as Cavendish Street.

However, we went on to our destination and decided not to return until the rush of traffic had subsided somewhat after the supper rush. We started our return about 7:30 p.m. We were held up a short distance from Cavendish Street and then proceeded slowly over the bridge. Things started to move once the bridge was crossed and we came to Chateauguy. Here the traffic again began to pile up at the intersection of Routes 3 and 4.

Our route was on No. 4 and we followed the traffic going in that direction. At the intersection there was a tie-up with two lines of traffic waiting to proceed. Finally this line began to move, we were in the left hand lane and for some reason this was slow in moving on. When it came time for us to move the car in front of us shot out and went across. We attempted to follow, but to our amazement a car was crossing from No. 3 at a fast clip. The only thing we could do was slam on the brakes hard which caused our passengers to slide forward in their seats and let the car pass. We conceded right of way due to the fact that our lane had a stop sign on it, whereas the other lane would be considered a through road. However, we felt that our lane being on the move had the right to continue and those from No. 3 to wait until it had passed. Proceeding on our way, there are two more crossings just short distances apart. In each case cars were crowding into our road as if bound on going right through our line.

Getting through this hazard, the traffic was again held up and on the left hand side we saw a little boy had been knocked down by someone. He was grazed down one side where he had been knocked down on the gravel, but did not appear to be too badly hurt. However, it was decided to call the ambulance and take him to a hospital for a check-up just in case. The traffic began to move along then and we went on our way without further delays.

There is no doubt that this crossing wants some form of control. This could be by lights operating in both directions so that there would be no confusion as to who had the right of way. As it now stands it seems to be a case of selfishness and I am going through no matter what else. At a point such as this, all drivers should be willing to give and take. Traffic lights would at least hold the traffic for a period and allow cars to cross in fair safety. As it is now, you have to dart across and trust to luck. It is a wonder there are not more accidents there. It would seem that a policeman could bring some control until lights are installed.

The "Hi C" Group of the Chateauguy Centre United as yet to attend from this Church are holding a car wash and bake sale. There will be thirty teenagers participating in this affair. Proceeds will go to the Building Fund of the Church and a "Hi C" project.

What a beautiful week-end! Saw many of you out fixing your lawns, flowers beds, etc., and of course planting "Weeping Willows" Norma Veary was saying that he found it very difficult to sleep Friday night, that Weeping Willow he planted kept him awake most of the night, it just wouldn't stop weeping! (Norm, I was quite surprised to see that the tree hadn't grown 5 or 6 feet overnight, boy man... with all that fertilizer, peat moss and top soil, half expected to see a full grown tree next morning, what happened?) Speaking of trees if you wish to extend. We expect to have the largest group of trees yet to attend from this Church are holding a car wash and bake sale. There will be thirty teenagers participating in this affair. Proceeds will go to the Building Fund of the Church and a "Hi C" project.

Despite the long week-end, social news is at a premium. From our vetland travelled a total of 600 miles for trout fishing, but the only thing he had on his return was intestinal flu!

However, David Morrison, 7-year old, and his father, Alvy, flew to St. John, N.B. on a fishing trip and were much more successful. Apparently the fish (trout included) were hungry then! It was also David's first time in an airplane and it was all exciting for him. They spent a few hours visiting relatives too, so all in all, it was an enjoyable week-end for them.

Girls, ages 11 to 14 inclusive, of the Gardens and Terrace areas, who are interested in becoming Guides, please note: A new Guide Company is opening in the fall and you are invited to call Mrs. Marchadier at 692-4709 immediately to register your name.

Alas! Little Andy D'Arcy, a southpaw, has broken his (you guessed it) left arm near the shoulder point. Andy is required to keep his arm tightly bound for the next six weeks. This lad of 8 years is an enthusiastic softball player, so let's hope the arm will mend in time for him to enjoy some, if not all, of the ball season.

It is that time again to remind residents of the town of Chateauguy about the bylaw governing the watering of lawns. It is unchanged from last year. If your house number is an EVEN number you may water your lawn on EVEN days of the month; if your house number is an ODD number you may water your grounds on ODD days of the month. You will be liable to a fine of \$40. if you abuse this ruling.

The number is 692-2659. I would so welcome your comments and suggestions. Why not give me a call?

One of the new families in the Seignior Park brought me blow, as I thought, of all the back to earth with a dull back-breaking labour with the thud last week — and I do pick axe, the boulders moved mean the earth in my vegetable garden. "Are you going to have a garden?" this couple asked as they strolled by. "GOING to have a garden?" I asked, sorely stricken.

Congratulations to Norman and Rhoda Howntree of North on the birth of their baby daughter last Tuesday.

The week's most memorable remark must surely be the following — No wonder all the men in Seignior Park are losing their minds, one half of the women are pregnant and the other half learning to drive.

It seems that we may not after all see playground equipment in our Park this year. A difficulty has arisen with the Town's underwriters and it may be that the Town could not provide swings slides and so on without at the same time having an all hours guard in attendance. This would clearly rule out playground equipment because of the expense of a full time attendant. The Home Owners Association has requested the Town, should such a situation develop, to provide sand boxes and benches, as alternatives.

With regard to fill in the park, the most recent loads of greyish looking matter which are still in piles, were a mistake, and are to be removed. The red marks on certain trees mean that one is to be saved, and in addition to this, the fill will be dug out from around each tree to a depth of 2 or 3 feet, thus allowing each tree to "breathe".

An irate Seignior Park citizen said to me the other day "I wonder who these people think they are, who talk as if they can have their own pet little scheme for park development adopted if only the rest of Seignior Park would see the light and agree on such and such? Do they think they own the park? Don't they realize the park is Town property? If the Town decides to give us a cinder track for a park, what can they do about it? If I were Town Hall and found a crowd of residents interfering with a Town work force, I'd tell Seignior Park to go jump in the lake. Or maybe into a lagoon".

It was encouraging to see several lengths of concrete sewer pipe arrive on St. Francis at Woodbine. Presumably this pipe is for the continuation of Woodbine drainage under St. Francis, which is scheduled for laying in conjunction with paving the second half of St. Francis.

It is reported that Mr. Charles Smith has resigned as administrator of the Club due to ill health. Last year's Manager, Mr. Arnie Segal returns to his former post, and Mr. Bob Presner, while continuing as Programme Director, takes up additional duties as Assistant Manager. Congratulations to Messrs. Segal and Presner. Bob Presner tells me the pool will be open to members this coming weekend, May 23-24.

The Men's Club have been busy with shovels, rakes and whatnot preparing the grounds of the church; at the west side, sods have been purchased, and the curbs placed work at the front has still to be completed. Many more hands are needed for this project, and if you are willing to lend your hands will you please call Mr. Art Walker, Sr. at 692-0416 offer to help.

House Moved

A large two-storey house was moved last Thursday and Friday to a new location. The house, owned by Pierre Gelin, was originally at 10 Salaberry, quite close to the bridge. The moving was of necessity slow, and on the way had to have police escort. Power and telephone companies had also to be along to temporarily disconnect wires to permit the passage of the house to its new destination. It is now "resting" on Guy Street and the owner will have a foundation built under it in due time.

Verville News

The regular Tuesday evening Physical Exercise Group had their last session for this season on Tuesday, May 12th in the Hall. There are approximately 28 to 30 in the group and all had a good time. Mrs. Mary Manks played the piano. Mrs. Wyatt, (Leader) had quite a surprise at the close of the evening when she was presented with a travel-clock. The presentation, made by Mrs. Johnston, was a small token of the appreciation of Mrs. Wyatt's work with the group. A card with all the names, was included and will be treasured by Mrs. Wyatt always.

Here is a little item about the possible trip of the Bowling Group sometime early in June, destination unknown at the moment. Apparently the P.T. group will join them in his jaunt, but I will have more information for you regarding this, next week.

age, tells me he will be contacting newcomers to Seignior Park in the near future. Those who join now automatically become members in good standing for the next Association year, commencing in the fall.

The irate Seignior Park citizen mentioned a couple of paragraphs back was in a talkative, not to say belligerent mood last weekend. "I had an ugly shack like that on St. Francis staring me in the face every day," he said. "I'd petition the Manager, then the Head Office, then Town Hall. If I were Town Hall, I'd allow 48 hours for its removal, then I'd remove it, or burn it — under supervision, of course — and send a bill for the costs". I tried to soothe my angry friend, telling him that Town Hall indeed had the matter urgently in hand.

What would you suggest to do about the rats?" I asked him. He said he'd have to think that one over and let me know. I wonder if my other friend, the non-angry rat expert Main McCombe, has any suggestions?

Letter To The Editor

Residents of Chateauguy Heights have recently received an expensive mailing piece from some semi anonymous group called the Property Owners League asking that we vote five men into office for Town Council.

We presume that this League consists of these same five men, and from the fact that they indicate they plan to carry on with a million dollar sewage project to serve some 200 houses, and incidentally serve many acres of vacant fields, and which do not pay sewage taxes at all as arm land, we presume that owners of these vacant lots held under farm taxes, may also be members of this League as well, if not we strongly advise them to join it, as it seems to be working in their interest.

Concerning the proposed aldermen we know very little as it seems probable that most of them have moved into the community in the last few years. This is perhaps unfortunate, for they will not have had the experience of the days when we did have a amalgamation of Chateauguy Heights and Chateauguy Basin. If they could have had that experience, they might view the present trend towards amalgamation with even greater perception of what it would bring to the Heights. If they think that an amalgamated town would spend money on a section, namely the Heights, when vast areas of the new development sections are desperately in need of paved streets, parks, sidewalks, etc., etc., they were not here when we did have amalgamation before. They do not remember, for they were not here, when private citizens of the Heights such as Mr. Bill Smith, and others, paid out of their own pockets to have some of our badly needed streets built, rather than wait till an amalgamated town would have built them for us.

Regarding their proposal for mayor, we do of course, know a bit more. We know that he had many years of friendly relationship with Quebec while the National Union were in power. Just how this background is expected to help the Heights in its dealings with the present government is not made exactly clear. Certainly in the case of both Chateauguy Center and the Town of Chateauguy, they felt it expedient to select as mayors, men whose political friendship had been perhaps more with the Liberals than with the UN.

We do know that under Mayor Currie our taxes have climbed steadily upwards, and we still have only the same public services to show for it, namely snow removal at a

cost of \$7.50 per house and garbage removal at a cost of \$7.50 per house annually, though we do now pay a reported \$750.00 per month for a rented police service whose main function seems to be to "out parking" tickets on cars in the Heights.

When you compare this \$750.00 a month with the fact that the Heights could not afford 10 cents on the dollar to have its ditches cleaned under the winter works program, and at least one family has been forced to flee the Heights to escape the hazard of uncleared ditches, we might say that we have some knowledge of the present mayor. If a child should be drowned in these clogged ditches, this should hardly prove a benefit to the child, its parents or the community.

We do know that some streets do not have a single street name left intact, not even those signs that were installed free of charge to the town by private citizens.

As regular readers of The Gleaner, we do know that we have never seen a balance sheet published of Chateauguy Heights finances, nor have we seen any ads, run calling for "tenders" for street repairs or similar expenditures.

Having watched our taxes steadily upwards under Mayor Currie for approximately the same town services, I think we can expect that under the plans outlined by the Property Owners League, we can expect even higher taxes probably at an even faster rate of tax growth.

I wonder how many newcomers to the Heights realize that: —

- 1) Because the Heights is small, we get a cash grant from the province towards snow removal.
- 2) Because the Heights is small, much of our paved streets are maintained by the province.
- 3) Because the Heights is small, much of our paved streets were built and paid for by the province, and do not appear on our tax bills. This of course would hardly apply under a large amalgamated town.
- 4) Under the charter under which the Heights was formed, barns and other farm buildings pay no taxes at all, and vacant land held as a farm can be assessed at no higher than \$50 an acre for tax purposes.
- 5) "Farm" houses in the Heights also enjoy a substantial tax reduction.

I realize that some of these people feel if substantial expenses are made by the Heights, it will be easier for them to sell their houses and leave the community. This however is not necessarily true, for it assumes the buyer of their house will not be interested in the taxes he will have to pay, and that unfortunately is one of the first questions that a buyer asks. Low taxes and a well run town help the sales of houses. Unmarked streets, uncleared ditches, taxes heading upwards do not help the sale of houses.

It is unfortunate that no member of the present or proposed council ever appeared before the Board of Transport Commissioners to protest our lack of railway service to Montreal, nor have they made any serious protest to Ottawa or Quebec over the condition of roads leading to Chateauguy or about the infamous Mercier bridge situation that has dragged on for ten years now. No wonder house buyers and industry prefer the train service and the wide boulevards, serving the Pointe Claire shore. No wonder General Motors picked Ste. Therese, it would be physically impossible to move another 100,000 cars a year over the Mercier bridge.

This letter is submitted by way of constructive criticism and guidance to a group of men who may be sincere but not necessarily headed in the right direction.

Old Time Resident.

St. Andrew's Notes

Occasional Vesper Services will be held at St. Andrew's United Church starting next Sunday, May 24th at 7.30 p.m. A Service of Worship with a brief meditation and hymn singing in the Sanctuary will be followed by a Fellowship hour in the Memorial Hall. Anyone is welcome to attend these services, and they are being planned especially with the youth of the church in mind, several of whom have requested such Services.

Any of the Elders or Stewards who missed the School held at Centenary United Church in Verdun two Sundays ago were invited to attend a similar School at McDougall Hall in Ormstown last Sunday afternoon.

Mr. Thoms Allan will represent the men of the Congregation at the 8th Annual Conference of UCM of the Montreal-Ottawa Conference to be held in the Manor House at Ste. Agathe from May 22-24th. The theme of the Conference is "Adventure in Reality" and Dr. Norman Rawson is the theme speaker. Mr. Raiston Young, better known as Red Cap No. 42, Grand Central Station, N.Y., will be special guest layman at the conference.

The Committee of Stewards has engaged Mr. J.C. Parker, building contractor, to undertake the necessary repair and maintenance work on the church buildings and this work has already commenced. Mr. Parker lives at 199 Duquette St. and is a member of the congregation.

Offerings from last Sunday's service were given to further the work of the Council of Christian Education of the Province of Quebec. On April 12th, the offering was contributed by the four Christian Education groups who had participated in a Mission Study of India and will go through the M & M toward

special mission projects in India and Nepal.

The flowers in the Sanctuary on Sunday were in loving memory of the late Mrs. Albert Prengent of Chateauguay Station.

The Annual meeting of the Julius Richardson Home and School Association will be held on Wednesday evening, May 20th at 8.30. Reports for the year will be presented and election of new officers for the next year will follow. This is an important meeting to attend. Place? The School Auditorium, Abbotsford Ave.

UCW Meeting
The monthly meeting of St. Andrew's U.C.W. will be held in the Memorial Hall on Wednesday, May 27th at 8.15 p.m. Mr. Alun T. Hughes, Church Organist and Choir Director will show slides taken on his many interesting travels. Mr. and Mrs. Hughes returned from a trip around the world a short time ago and last year they toured Europe, so the program should be of great interest.

Dessert Bridge
The Dessert Bridge held by St. Andrew's U.C.W. in the Memorial Hall on Thursday, which had to be held in the evening instead of as planned was disappointing attendance wise. Time change was necessary owing to the fact that a funeral was taking place at the time scheduled for the bridge. The nine tables of bridge players enjoyed a pleasant evening and two gentlemen took top honors. They were Tommy Grant, 1st and Bob Little, 2nd. Mrs. George Lobban was the consolation prize winner. Group 7 convened. (Idle thought—wonder what the prizes were—maybe the wives turned out to be the winners after all.)

Linda Scores Again
Linda Tonge, girl singer of Gilmour Avenue, has scored again on the CKVL Talent Show. Her rendition of "Love Makes the World Go Round" won the top award. Prizes were given to Linda on last Sunday night's program and they included a wrist watch, a lovely blouse, two passes to Cinerama and two dinners at a Montreal restaurant. Congratulations Linda!

News Round-Up
Warrant Officer Charles Hamelin and Mrs. Hamilton of Smithfield, Ont. spent the holiday weekend at the home of Mr. and Mrs. Leslie Holmes, Gordon Avenue.

Sincere sympathy is extended to Mr. Eric Longley of Gordon Avenue on the death of his brother Robert who passed away suddenly on Tuesday, May 12th at his residence in Verdun.

Friends of Mrs. Stanton Jack of Smith St. will be sorry to hear that she was taken suddenly ill last week. She suffered a stroke during the night and we ask for your prayers on her behalf.

Mrs. Carl Bosshart and her mother, Mrs. Alex Herbert of Watt Avenue, motored to Ottawa on Saturday to view the tulips. Mrs. Herbert took a side trip to Hull during the afternoon to visit with Mr. and Mrs. J. Paul Lewis, former residents of Ville St. Laurent.

Our good wishes to young Donald Holmes of Gordon Avenue who is awaiting admission to St. Joseph's Hospital in Lachine where he will undergo tests.

Birthdays greetings to Leslie Holmes and Mrs. David Glemons, mother of Enid L'Ecuyer of the Heights and Lajo Pausa of Chateauguay North all with May 20th birthdays.

Recent guests at the home of Mr. and Mrs. Richard Allen of Salaberry Blvd. have been Mrs. Paul Bonnell of St. Lambert, Mr. Donald Allen of Cowansville, and Mr. and Mrs. Larry Allen and their daughter Janet of Greenfield Park.

Mr. and Mrs. James Clayton and their sons Michael and Danny of Jack Avenue spent the holiday weekend at the home of Mrs. Clayton's brother-in-law and sister, Mr. and Mrs. Jack Keeley of Stanstead. Mr. Clayton returned home on Monday but Barbara and her sons will spend the rest of the week at the Keeley home. Heard with regret that Jimmy and Barbara will be leaving Chateauguay to take up residence in St. Thomas, Ont. Jimmy will leave before his family who expect to join him by the end of June. Good luck to this fine young family. Quebec's loss-Ontario's gain.

Get well wishes to Miss Mabel Hardisty of Dupont St. who is presently a patient at the Royal Victoria Hospital in Montreal.

Leslie Grace Jr. of the RCN, Ottawa spent the holiday weekend at home with his parents on Watt Avenue. Hear that an early posting indicates Bermuda for two years. What could be nicer? Hope you enjoy it, Leslie.

Birthdays greetings to Ronald, son of Bobby and Barbara Moore of Oliver Avenue who celebrates his second on May 26th, while Mother celebrates on May 27th.

Our best wishes to Mr. J. Tonge of Gilmour Avenue who is hospitalized at the Queen Mary Veterans' Hospital in Montreal.

K. Moody, who left last Saturday by air to attend the funeral of her grandmother in Woods Harbour, was to return home Thursday. However due to dense fog in Nova Scotia the flights were all grounded and owing to the long holiday weekend the earliest flight she could get was on Saturday evening.

On checking with the airport on Friday to confirm her flight, Mr. Moody was told there was no such flight arriving at that time, so after checking with two or three clerks he decided to call his wife and check her flight number. He had quite a time getting her as the small community she was in had very few phones and she happened to be visiting an aunt who had no phone so it was some time before they found her. When she did finally tell her husband the number was right he again phoned the airline company who had to check with Toronto and sure enough there was a special flight at that time. Someone was ordering a large shipment of lobsters to be flown from Yarmouth to New York and there was a stopover in Montreal and Mrs. Moody was to be one of the passengers on this special flight. Mrs. Moody boarded her plane on Saturday and it turned out to be Vanguard which seats 70 passengers but on this particular flight there were only six including four men who turned out to be none other than the Ink Spots. One of the gentlemen helped Mrs. Moody carry her things off the plane and when she noticed that musical instruments she asked him if he was a musician. He said, "Yes, I am one of the Ink Spots."

She was so excited and nervous about her trip she forgot to get his autograph, but says it's one air trip she'll remember for a long time. Ink Spots, lobsters and all.

Holiday Travellers
Mr. and Mrs. Viereck of St. Andrew left early Saturday morning for a trip to Boston to visit with an old family friend. Hope you had a good trip and fine weather.

That's all I have for you this week. Don't forget to give me a call at 692-9272 if you'd like to share your news with your neighbours.

Parkview

(Continued from Front Page)

Joan Veary received a Lilac tree (bush?) as one of her Birthday gifts, if ever any of you intend to purchase a Lilac tree may I recommend a French Hybrid. It is beautiful! The flowers are of a deep purple, and the fragrance surpasses any Lilac I have yet seen. I make a point to go over every so often (you know for a coffee break but also to see that Lilac... no doubt these French Hybrids come in white also, but the purple is beautiful! I hope my husband reads this column this week!)

It has been quite a week for some of our residents here in Parkview! Jeanine Bushe of Parkview Blvd. was a lucky winner on C.K.G.M. Pinky game. She received many beautiful prizes some are as follows: — A deck chair, a tennis set, steam iron, and 7 other gifts. Congratulations Jeanine! The following day I was speaking with Irma Ingram on the telephone when her door bell rang and she received a gift basket from C.J.A.D. — my she was excited, and I at the other end of telephone couldn't wait for her to open the package and hear that she had received (a couple of over-grown kids' o.k. friends take it which ever way you want to... you know what they say, if the shoe fits wear it, well this shoe happens to fit me to a "T" over-grown!) I was so excited that by the time we had ended our conversation and I had hung up I forgot what she had received. (bird-brain!) will tell you more about this next week... keep you all in suspense, like Kellogg's, it's a serial... however Irma Ingram of Hillside drive, Congratulations.

I had to laugh the other day, apparently Sharron 8 years old and John age 5 Johnston found their annual fishing trip to Labelle very cold but the fishing good.

Friends of Margaret Allan, former resident of Oliver Avenue, will be glad to hear that she is making excellent progress following an emergency appendectomy on Monday. She is at the Montreal General Hospital if anyone cares to drop her a card of cheer.

Mrs. McGurk of Cartier has her mother staying with her for a couple of weeks, do hope you enjoy your stay! I know the youngsters are thrilled to have you with them and you will be missed when your visit comes to an end... but hope you'll be able to return before the summer is over!

Mr. and Mrs. Lloyd Mercer of Galt, Ont. spent the long weekend with their sister Marge and brother-in-law Jack Prange of St. Aubin. Hope you enjoyed your trip.

May 14th, was Citizenship Day, and Mr. and Mrs. Vroomer of Albert Street received their Canadian Citizenship... Congratulations!

Congratulations are also in order for Mrs. Vroomer who believes it was May 19th, that Mrs. Vroomer received her Special Teachers Certificate from the Thomas Moore Institute which qualifies her to be a Teacher for Retarded Children.

May 24th, Loeki Vroomer age 6 years will make his first Communion at St. Francis Xavier Mission Caughnawaga.

May 26th, is the birthday of Maryke Vroomer little Maryke will be three years old. Happy Birthday.

Happy Birthday to Mrs. Beryl Millet of St. Mary's Road who celebrates her birthday May twenty-third. Best wishes to Mrs. Dot Gardner who celebrates her birthday May 26th.

Mr. and Mrs. Thompson of Cartier had relatives visiting them over the week-end from Clarenceville.

Mr. and Mrs. Orville Little of Bury, Que., and their two children, Bethany, and Jackie were guests recently at the home of Mrs. Duchesneau of St. Aubin.

I see that Mrs. Vera Miller of Goyer had a visit from her daughter and son-in-law and little grandson Sunday afternoon! That was a pleasant surprise wasn't it Vera? We sat out for awhile Sunday afternoon, the weather was lovely. I don't know what Grand-Central Station is like, but I can well imagine! Our youngsters were outside with a few of their friends, our neighbour came over and started counting and he counted 20 of us, is that right Jack? so it appears we had thirteen little guests (some little, some not so little) but

must have sensed my enthusiasm for wanting "a tree" I went out to call them in for supper, they weren't around... waited, went out again, there I see Sharron carrying a heavy spade and John carrying a little branch or twig which they thought was just great, Sharron was appearing to be quite weary, she said "Mommy, we know how much you would like some trees, we tried to dig one for you, but I couldn't get all the roots so we bought you this I don't think it has any roots, but maybe it will grow if you plant it!" (she was right... it had no roots!)

We are very sorry to hear that Murray Millet of St. Mary's Road broke his collar bone last week! My goodness Murray, you certainly have had a rough time of it lately haven't you? We do hope you will be well again real soon.

I see that Ron Legrove of Cartier is going around with his head up in the air. He has no alternative poor fellow, he has his neck in a brace or cast... will have to tell you more about this next week hope it is not too serious.

Betty Mills of St. Mary's Road is not feeling up to par, hope you will be feeling better again soon.

Yours truly has been feeling rather grim lately, swollen glands, sore throat etc., nothing serious at least I hope not... (I diagnose my own ailments, maybe this occurred from being a public P.A. system for a friend of mine last week?) what do you think Joan? by the way I wouldn't make a very good doctor, it has taken me about a week to decide whether it is a cold, or a slight ailment I have with my throat and it is acting up again... I haven't decided just which it is as yet! medication: aspirin occasionally... and Listerine Antiseptic.

Sorry to hear that Mrs. Pennell of Goyer Street is a patient in the hospital, your friends and neighbours wish you a speedy recovery.

I see Mrs. Boyer is busy working outside, sifting soil, etc. working pretty hard, take it easy Gabriel.

Anniversary wishes to Mr. and Mrs. Hauss of Hillside Drive, who celebrate their 27th Wedding Anniversary, May 18th.

Birthdays greetings to Mrs. Nourper of Hillside Drive who celebrated her birthday, May 15th.

Happy Birthday to John King of Edgewood, who will be 8 years old May 19th.

Birthdays wishes to little Lyn and Leslie Martin, twin daughters of Mr. and Mrs. E. Martin of Hillside Drive, who celebrate their 7th birthday, May 24th.

Mr. and Mrs. Leslie Berry of Parkview Blvd. took Mr. and Mrs. Fred Berry of Hillside Drive to Ottawa, to see the Tulip Festival. The flowers were beautiful. While there they visited with their friends Mr. and Mrs. Atkins. They also visited the Agriculture Farm, found it most interesting.

Mr. and Mrs. Vroomer of Albert Street received their Canadian Citizenship... Congratulations!

Congratulations are also in order for Mrs. Vroomer who believes it was May 19th, that Mrs. Vroomer received her Special Teachers Certificate from the Thomas Moore Institute which qualifies her to be a Teacher for Retarded Children.

Thinking Of Ormstown Exhibition

TODAY, entries for the Ormstown Exhibition close and from then on they will be compiled and the program will be laid out and printed in readiness for the Exhibition on June 10, 11, 12 and 13. Three big days and four nights full of events for everyone.

This big show is the opener for the main summer attractions that will continue through to the beginning of the winter months. We generally feel that summer is here when Ormstown Show has been held. It can bring a mixture of weather and varies from year to year. Sometimes during these days it is real hot, just the sort of weather for a real successful fair, but sometimes it is cool and perhaps a bit on the wet side. We cannot control the weather, although we would like to, while this great little exhibition is on, so we have to take what comes. We can only hope for the best. It would seem that the farmers are well ahead with their work this year and this is always a good omen for the Fair. It means that they will not mind taking a few hours off to get exhibits to the Fair and to do a little looking around. Caring for the exhibits during the Fair does take quite a bit of time and it is this care which shows off the exhibits to the greatest degree.

We have not heard what the possibilities are yet for exhibits, but it is to be hoped that as many as possible will have entered. The agricultural fair means much to this area which is situated in the heart of one of the best dairying

districts anywhere in Canada. There is a reputation at stake and we have to get the best out of this exhibition for there will be many visitors looking it over and making comparisons.

This area is gradually getting into the bulk shipping of milk and no doubt the trend at Ormstown exhibition this year will be toward exhibitions featuring displays of equipment for such purpose and no doubt some lectures on the subject. It is fully expected ere long, that all farmers will be equipped to handle milk for bulk shipment. This means that trucks too will have to get new equipment. Thus there will be an evolution in the matter of shipping milk in the future. It is another one of those eras of advancement that comes with the times.

There is much that can be learned at an agricultural fair and Ormstown being among the first, has its share of new machinery and farming methods that are introduced. Much can be learned from the way the other fellow does his work and by looking over the exhibits. Therefore Ormstown Exhibition has its merits and should be a must on your list of plans and visits.

The entertainment side is not forgotten either and there is something for pretty well everyone. The midway provides lots of fun for young and old alike, while the horse show provides another form of entertainment. Thus the exhibition can be an attraction for all — three weeks from now it will open.

Ministry Of Education Born

LAST week the new Ministry of Education came into being with Paul Gerin-Lajoie as Quebec's first Minister of Education being sworn in. The proclamation of the change was made by the Lieutenant-Governor in council. In the change several special bodies were swept away and are now abolished in favor of the new Ministry.

It all has to do with Bill 60 which provided the means for change and which was the subject of much controversy in educational circles. The new Minister did much stomping of the country to explain his Bill and some changes were made from the original outline. It is now a part of the legislature by which educational matters will be governed in the future.

Most of the staff of two former branches of the Youth Dept. under Mr. Gerin-Lajoie will be moved into the new Ministry as also will be the Deputy Ministers for Protestant and Catholic committees under the former administration. The Ministry of Youth also disappears in favor of the Ministry of Education. It means that a staff of almost 4,500 employees will be retained for the Ministry of Education and all of them are more or less experienced in the line of the new duties, although there may be some new things to learn and some new ways of doing things. The new Ministry will have a budget of \$413,000,000.

It can be expected that as time goes on many of the projects under Bill 60 will be put into effect and generally speaking it should bode well for education in general. Education today, is an important factor in all our lives and of course at the student level it is even more so. Today's school pupil will be expected to learn more and faster in order to keep up with the rapid advancement of our times. Automation is an age that requires brains rather than brawn. It is an age of the machine and it is a time when man must be in command of the machine to do his bidding. Even the technician who tends the machine when it needs repair is a white collar worker who deals in the scientific rather than with the wrench and screwdriver. The electronic factor is uppermost in all types of scientific machinery such as computers and so forth. It is no longer just a matter of drilling and tapping a hole for a new bolt, or welding a piece here and there. The technician must find the fault and remedy

it and it will mostly be found in the electronic system which is responsible for the operation. The mechanic of yesterday has hardly any place at all in the more modern machines of today. It is therefore that the pupils of today must strive to learn more in order to cope with the aftermath in the years ahead.

It is almost certain that in due course as a result of the change in administering education, that vocational training will become an important part of the school curriculum. Certainly when regional high schools become a part of the school system, vocational training plans will also be added. This will take care of the pupil who is not academically inclined, but who can adapt himself to a trade of some kind. Despite automation, trades will continue to exist, but they will require better skilled personnel. The vocational training will provide persons suitable to carry on such as may be introduced. There are still some jobs that have to be carried out with hand labor, but these even are getting more and more scientific.

However, we must be able to make use of the material we are turning out in our schools and colleges and not be just preparing it for use in other countries. Much of this is happening today and results in great loss of our human resources. This is just as much an economic factor as the loss of our natural resources, if not more so for the human resources have cost something in the processing. This of course is a gain to whomever is successful in obtaining it.

While we go on to improving our education methods and standards we must also do something about the economic factor in relation to education. With the present extent of unemployment in this country — education and jobs available are not exactly in form of balance. We were reading the past week where unemployment in Great Britain was 1.9%, whereas here there was jubilation that the figure had dropped from 8 to 6 or 7 percent. One must consider the population figures to get the right perspective of such percentages. Also in the same vogue, in one place in England there were over 1300 jobs wanting to be filled and very few people to fill them. The reverse is the case here. Thus it is a matter that should be given full study.

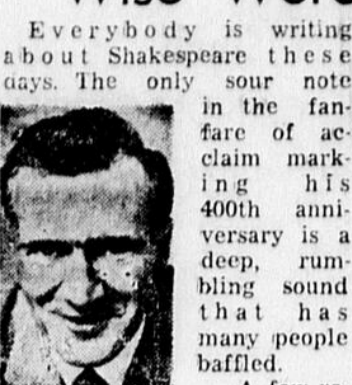

A Wedding In The Nude

OUR codes of civilization being what they are, there are many opinions of what is considered decency. For instance there are towns in this province where it is considered indecent to wear short, short shorts away from a beach, or summer resort. We see bathing suits advertised that are known as bikinis.

Now when there is a wedding everyone is more than covered up and the more flowing robes the bride can wear, the more magnificent is the wedding. But at a wedding that was held at Delray Beach in the United States, this month the entire assembly with the exception of one was in the nude. The 16-year-old bride wore a veil and white high heeled shoes while the groom wore only his suntan and

SUGAR AND SPICE

Wise Words From Will

Bill Smiley in a mantic claim it is the ghostly appearance of nearly four centuries of playgoers, echoing down the years. A few realists assert that it is the mirthful mummbling of 20 generations of students who had to memorize chunks from his works.

Personally, I think the discordant note is caused by the rapid rotation in his grave of the bones of The Bard, a shrewd businessman, as he organizes over all those royalties he is not collecting.

Otherwise, things are going swimmingly as the critics and professors of English peer and peek and poke among the magnificent debris, and the inane argument about who really wrote his plays waxes once more with futile fury.

But I'm not concerned with that. There are enough people plodding about through his works, trampling poetry underfoot as they search for clues to prove that he was really Bacon or Marlowe or the Earl of Something.

Let's look for a moment at the real Will Shakespeare. We find him in the hundreds of brief passages that have come ringing down the years with their universal truths. He had to put them in the mouths of others, of course, but the man himself is there, warm, alive, grinning, scowling, scolding, exulting.

What could be more hu-

man, for example, than his pride in his own success? When the opening night performance of Hamlet showed that the play was a smash, he deftly inserted in the last scene, and on the spur of the moment, the joyful line, "A hit, a very palpable hit!"

We can see his amused tolerance of his wife's lack of muscle in another famous line. She'd been spring cleaning and had slipped a disc while trying to move an old trunk full of sonnets. "Frailty, thy name is woman," quipped Will.

We can sympathize with his honest rage (this was before dry-cleaning) as he scrubbed the gray-stain on his new silk breeches and belatedly, "Out, damned spot! Out, I say!"

What man's heart does not warm to The Bard's forthright suggestion, in Henry VI, Part 2, "The first thing we do, let's kill all the lawyers."

Is there a housewife living who has not echoed, at some time, Shakespeare's immortal comment when his wife came home from the butcher with a stringy roast, "This is the most unkindest cut of all?"

Many a man has wished he had the gift, and the nerve, that Will displayed the night he got home from the pub, tidily and tardy, and was confronted by his wife, her sister, and his mother-in-law. Did he say he was sorry and would never do it again? Not he. He roared, "How now, you secret, black and midnight bags!"

He knew men, as witness, "Tis ever common that men are merrier when they are from home." He knew women, too. "There was never yet a fair woman but she made mouths in a glass."

As this piece of research ends, I can hear a multitude of English teachers saying, in unison, "For this relief much

"COUNTRY NOTEBOOK"

BY WALKER RILEY

"Country Notebook" by Mr. Walker Riley, Agricultural Extension Specialist with Macdonald College, appears in The Gleaner with this edition. The column will be a weekly feature which we trust will be of interest to all in the Chateauguay Valley.

If you don't happen to live in Pontiac County, take a drive up there sometime. It is a beautiful trip and a most interesting corner of Quebec's agricultural area.

Geographically, the area around Shawville is an isolated "island" of good farm land. It is bounded by the Ottawa River on the south and west, and by a horseshoe of the Laurentians on the other sides.

I suppose at one time it was part of the bed of the giant river which flowed off the face of the glaciers 10,000 years ago. By comparison, the present Ottawa River is a mere trickle.

At one time, we are told, this whole area was under a mass of ice. As the glaciers retreated north, a lake was created in the hills; it was trapped in between the hills; fine material settled to the bottom to form the clay fields we see today.

Then, as the glaciers retreated still further north, the lower St. Lawrence Valley became unlogged; the great lake covering the Ottawa Valley, eastern Ontario and southern Quebec drained

away. But the waters from the melting glaciers still came rushing down the Ottawa Valley, filling a channel several miles wide. It carved great gullies in the old lake bottom, and threw up sand banks you can still see.

As you drive up Route 8 from Aylmer, it is easy to let your imagination picture these massive forces of nature at work really only a few centuries ago. The old river bank is easy to see; the road just about follows it. Sometimes, it runs along the river bottom, sometimes it climbs up on top of the sandy shores.

In places, the Laurentians, several hundred feet high, squeeze the road close to the river. Then quite suddenly, they relax their grip and an area of good agricultural land opens out.

In places, it is quite flat. In others, the rushing waters have molded the clay into rolling, fertile fields where alfalfa is already knee deep. Further back are the sandy shore lines which have attracted tobacco growers to the area.

rubber sandals. The attorney who performed the brief ceremony was the only one dressed. How's that for decency? There's an old saying — We all come into the world with nothing and we can't take anything out. Well, these nudists are keeping up the tradition. Mind you, it has its advantages — think of the savings. See how much the bride saved and the groom, the bridesmaids, the best man and all of the guests. No expensive gowns, hats, gloves and so forth. Then as noted, there is only a brief ceremony — how could it be otherwise? The whole thing was brief. It does not say just how the bride wore her veil, or what length it was. It would certainly seem that none had any secrets to hide.

The reporters in order to report this wedding had to don the nude form and no cameras were allowed. However, after the ceremony the bride wore a gown and then pictures were allowed and she was taken wearing the gown. It is more than likely that any newspaper or magazine publishing a picture of the bride in her veil and shoes would have faced a charge of indecency and had the publication banned from the public. However, pictures were taken, but these were for the exclusive

Royal Visit
An estimated throng of approximately 3000 subjects from the Chateauguay Valley journeyed to Montreal last Thursday to acclaim and cheer for the first time the British rulers.

Their Majesties, King George VI and Queen Elizabeth also stopped briefly on Sunday at Coteau Station when between 15,000 and 20,000 persons were present to greet them.

Tree Planting Ceremony
More than 200 Canadian and American Scouts met at the boundary line at Trout River Lines on Saturday morning to plant trees in honour of King George's birthday.

Municipal Elections
In municipal elections on Friday, Alfred Latulipe was re-elected mayor for another term in Godmanchester with a majority of 8 votes over his opponent, Ernest Watterson and Coun. William Graham was returned to office

Provincial Capital Report

QUEBEC (CP) — A quiet-looking man with twinkling eyes this week took over what he himself calls "a basic instrument in developing the province's enormous economic and intellectual resources."

The man is Paul Gerin-Lajoie and the instrument is to some extent of his own making—the brand new Quebec Department of Education.

The legislation providing for the department was first presented last June, but then came protests that the government was going too far too fast.

The legislation was changed and re-introduced by the Lesage government last January. And since then the 44-year-old Gerin-Lajoie has been campaigning up and down the province for its acceptance.

A tanned and beaming Premier Lesage presided over the ceremony that saw Gerin-Lajoie, formerly Youth Minister, sworn in as first head of the new department, which incorporates and enlarges the functions carried out by his old office.

Three veterans of the now-superseded Youth Department were inaugurated as top men under Mr. Gerin-Lajoie.

They are Arthur Tremblay, technical adviser to the Youth Department and now Deputy Education Minister; Joseph Page, former Deputy Youth Minister and Associate Deputy Minister in the new organization and Howard Billings, Mr. Page's partner as Deputy and a former Superintendent of Protestant Education.

Mr. Gerin-Lajoie, describing himself as "quite moved" by his appointment, said the department would not belong to one man or one group of civil servants.

Maple Leaf Grange

Malone Grange will present the Neighbour Night programme at Maple Leaf Grange on Wednesday, May 27 at 8 p.m. The theme will be 'Art' and Mrs. Grace Thomas, past lecturer, will be in charge.

Mrs. Elvira Hosson, a well-known artist and teacher, will speak on general art and demonstrate knife painting. Mrs. Hosson's studio is on South Pearl St. in Malone, N.Y. She has won favourable comment in New York City and two prizes for knife painting in Paris, France. These pictures as well as other pieces will be shown at this meeting. Anyone interested in art will be welcome to see this demonstration.

Jackie St. Mary, daughter of Mrs. Jack St. Mary, will give an impersonation of Frankie Fontaine, well-known TV personality. She and Nancy Pond, daughter of Attorney and Mrs. Galneau Pond, will portray two of the 'Bea-Gees'. Other features will be a rock style show and special music by Armand Yando and Mrs. Joan Peters, Emmerson Tanner, son of District Depu-

ty State Master Arthur Tanner and Mrs. Tanner, who won second prize in the New York State Grange Talent Contest will sing his winning song accompanied by Martha O'Hara. There will also be other numbers and refreshments will be served by Maple Leaf Grange.

David Rankin, Master of M.L.G. will welcome the congregation and a large crowd is expected as all members and friends are welcome to attend open meeting.

All Franklin County Neighbour Night Meetings have been under the direction of Pomona Lecturer, Mrs. Eunice Jones.

Ste. Agnes

Dies Suddenly

Funeral services for the late W.C. McGibbon, age 68 years, were held on Monday afternoon, May 18, from Mc Gerrigles' Funeral Home in Huntingdon.

Bill's sudden passing came as a severe shock to his friends and neighbours who had seen him only the night before when he appeared to be his usual self. It is believed his death must have occurred sometime on Thurs-

day evening, but the body wasn't found until Friday afternoon when a neighbour called on an errand.

In 1950, Bill's wife, the former Margaret Cameron, predeceased him and since that time he has been living by himself although he has been in failing health for several years he managed to keep reasonably active. He enjoyed gardening, and this spring he had his land worked up and his seeds in early to insure an early harvest.

To his daughter, Evelyn and her husband, his grandchildren, and the members of his immediate family, we, of this community, extend our sincere sympathy in the loss of their loved one.

Members of the Huntingdon area Knights of Columbus paid their annual visit to Ste. Agnes Parish on Sunday morning, May 17. They participated in the Mass and afterwards formed a parade through the village.

HUNTINGDON LOCALS (Continued from page 14) Mrs. Nora O'Hare moved a vote of thanks to the hostesses, Miss Mary Pringie and Mrs. Paul for the appetizing refreshments.

The June meeting will be held at the summer home of Mrs. Lawrence Brown. She will be assisted by Mrs. C. M. Oney.

And don't be surprised when you hear that Huntingdon has a pipe band. That's right: bagpipes. Seems about ten localities have been practicing on chanters for as many months and two other pipers with their own instruments are ready and willing to join when the ten graduate to pipes. The group hopes to acquire the services of a qualified instructor in the near future.

We have a new actioner in our midst. Donald Wattie, age 19, ably conducted the auction at the residence of the late William Anders, on Saturday. Despite the fact that most of the selling took place in the open and the high wind and chilly temperature kept some people at home, Donald kept things moving at a brisk pace until everything was sold. 'A born auctioneer' according to his friends, Donald has sold at the Willis Hicks Commission Sales at Morrisville, Vt., and at St. Chrysostome, on several occasions.

Depth of water in Montreal Harbor was one inch above the minimum required on the week-end. Local people with summer homes on Lake St. Francis and Lake St. Louis have noticed the water level dropping steadily in recent weeks. On Tuesday, the Federal Government ordered the locks at Cornwall opened to allow water to run from Lake Ontario downriver to Montreal. It is expected that the level will rise from 8 to 12 inches this week.

An Ormstownian traded cars in Huntingdon last week and the trade-in went back to Ormstown. The new owner of the old car and his friends were looking the car over and one remarked the numbers on the license plates would make a perfect poker hand. A little later, they walked around to the front of the car and one of the men said he didn't think the plates on the front corresponded with those on the back. A sharp-eyed youngster pointed out what was wrong. The plate on the front is upside down. Sure enough, and it had been that way since January, too, and driven not only in Quebec, but in Ontario and New York State as well. The new owner remarked "Some racketeers would like plates that look as well upside down, like 8's, 9's and ones."

THIS and THAT in TOWN

Intended for the week of the 13th

Winds gusting up to 80 m.p.h. on Saturday and Sunday made the week-end less pleasant than the weather we have been enjoying for the past three weeks. Trees were the major victims and some toppled on wires, giving the Shawinigan and Bell employees plenty of work. Boy Scouts (about 150) ran into difficulties with their tents and the cooler temperatures Saturday night and Sunday didn't make for perfect camping weather either. Some people remembered the snowstorm we had about this time last year and wouldn't have been too surprised if some of the white stuff had appeared. A giant army tent that was to have been set up on the St. Joseph Church grounds on the final night of the week-long celebrations observing the 100th anniversary of the Parish was wisely forgotten. Monday was more pleasant with return of ideal weather. About the only good thing about our week-end weather was the rain... it was needed and did a lot of good.

And we're pleased to welcome home Mr. and Mrs. Lawrence Brown who spent the winter at Lake Worth, Florida. Once Chet and Mrs. Oney get back (maybe this week-end) most of Huntingdon's Floridians will be home.

If you're in Ormstown this week, drop by the Exhibition Grounds and see the difference a couple of coats of paint make.

And we're wondering if the town fathers of Ourtown realize just how much Patrick Barr is appreciated. The council recently voted to give Pat a permanent job sweeping refuse into piles for the town trucks to pick up. Since then, the streets really look cleaner longer. Pat is a good worker and judging by the good work he's doing, he likes his job.

Nothing concrete to go on concerning the new Regional Catholic School. When and if a site is definitely chosen, some hurrying will have to be done if classes are to open in September.

Going to be a Choir and Band Concert this Friday at 8:15 p.m. in the High School Auditorium — a visiting group called "The Lindsay Place High School Choir and Band," under the direction of Mr. Morley Calvert. The Student Council is sponsoring it. All parents are invited. No charge but there will be a silver collection. The Student Council will entertain the visiting group to supper and to refreshments after the entertainment.

The 80 m.p.h. wind that swept through this area caused extensive damage to the Ormstown grocery (newsstand) restaurant owned by Mrs. A. Forget, at 17 Roy St. Much of the roof of the two-storey brick building was torn off and a new roof is now being built. Slight damage was caused by rain water before plastic sheets were placed over counters, etc. Bagn took a beating throughout the Valley.

With a "flick of the lever" you can start Toro's Golden Whirlwind* from behind in mowing position. It's safer and more convenient. See both 19" and 21" Golden Whirlwinds and compare the features with any other... see why they are truly bargains in quality and performance.

MINOR ACCIDENT OCCURS AT STE-AGNES

What could have been a serious accident occurred on Thursday morning, around 8 o'clock. A large tractor with back-hoe and bucket attachments was being towed behind a dump truck, and while climbing the hill of the Hotel Ste-

Agnes driveway, the tow chain apparently snapped, letting the machine roll back down the hill, thus striking the front of Marchand's General Store.

Luckily, a cement sidewalk absorbed much of the shock and although the back-hoe struck the front of the store the damage was small. Had the machine hit a couple of feet either right or left it would have smashed the large front show windows, as it was the impact knocked articles from the shelves, damaged a small portion of the store front and broke the cement, but this must be considered very minor in comparison with what might have easily been the outcome.

Miss SIMONE PERRON R.N. is from Portneuf, Que. and is the Head Nurse on the Surgical Floor at the Barrie Memorial Hospital, Ormstown. Her parents reside at Portneuf and Nurse Perron did the first part of her schooling in that town. She trained at Hospital Sacre Coeur, Montreal, from which she graduated in 1958. She came direct from her graduation to the Barrie and is in residence in the Nurses' quarters of the hospital. Nurse Perron is interested in skating and curling. She likes her work and she like: Ormstown.

Liturgie - Un souffle! Dites plutôt une tornade qui, du cénacle, a emporté les Apôtres aux quatre coins du monde, qui a bousculé tous leurs préjugés, toutes leurs habitudes. Une tornade laisse derrière elle des déchets. Elle ne passe pas sans briser. Et c'est ce qui nous désarçonne un peu dans la liturgie nouvelle. Mais il ne s'agit pas seulement de liturgie, tout l'esprit de notre vie doit aussi éclater. La liturgie n'est qu'une forme de notre participation à l'Eglise vivante. Les autres formes, pauvreté, charité, compréhension de l'esprit chrétien, elles aussi doivent être secouées par la tornade de la nouvelle Pentecôte: dans nos vies, nos familles, au travail, dans les affaires.

Liturgie - When Adam and Eve decided to try out their own ideas in opposition to God, they turned things upside down. Then, following that initial revolution, matters just went from bad to worse until, finally, Jesus came as the Redeemer to rectify the whole situation. Jesus re-opened the channel between God and us, because we ourselves could not do that. But He did not restore the world to what it was when He gave it to Adam and Eve. He left it for us to re-build that kind of world. He will help us, He will direct, guide, supervise - but it was we who broke it down; it is our job to build it back up. The first Pentecost was the starting point in the re-building job. Every one of us is both a builder and the building material. We must do the building, and we must build ourselves up spiritually.

Jean Leduc... Jean Leduc naquit à Valleyfield 30 mai 1897, de J.-A. Delard, et de Mary McSweeney. Il fit toutes ses études à Valleyfield et fut ordonné le 15 juillet 1923 par Mgr Rouleau, o.p. Professeur au séminaire de Valleyfield et particulièrement préfet des études commerciales, de 1923 à 1935. Il fut vicaire à Huntingdon de 1935 à 1937; curé de Trés-St-Redempteur de 1937 à 1942, puis de Saint-Lazare en 1942 où il mourut le 11 novembre quelques jours après l'incendie de son église. Il avait été licencié en sciences commerciales en 1923. On a écrit de lui: "Jean Leduc! Qui n'évoque à ce nom l'ancien préfet du cours commercial, travailleur acharné, et l'ami toujours fidèle, capable de pleurer comme un enfant s'il croyait s'être rendu coupable de la moindre indécence. Dieu voulut porter à la limite ses souffrances méritoires, et la veille de sa mort, il eut la douleur d'assister impuissant à l'incendie de son église."

LE TOAST AU DINER DU CENTENAIRE DE LA PAROISSE ST-JOSEPH Excellence Monseigneur l'administrateur apostolique de Valleyfield, Son Excellence le Lieutenant-gouverneur et Madame, Messieurs les abbés et ministres du culte, Messieurs les députés, Messieurs les maires et échevins, Mesdames et Messieurs, paroissiens de St-Joseph, leurs invités et amis, Je lève mon verre à la prospérité de notre paroisse et de ses consœurs du diocèse, de la ville de Huntingdon et de ses municipalités, de sa province et du Canada; à la santé, au bonheur et à une longue vie à Mgr notre curé qui, le 15 mai franchira le seuil de sa 77e année; à la joie et au bonheur de toutes nos mères dont c'est aujourd'hui la fête dans notre pays.

Mouvement au service des jeunes travailleurs, la J.O.C. existe au Canada depuis 1932. La première section fut fondée à St-Pierre-Apôtre, à Montréal, par le Père H. Roy. Elle groupe aujourd'hui 25 fédérations de gars et de filles, réparties dans le Québec, l'Ontario, le Nouveau-Brunswick et le Manitoba. Trois secteurs forment la J.O.C. canadienne: la J.O.C. masculine, la J.O.C. féminine et le secteur de préparation au mariage. Plus de 600 sections, comprenant 10,000 membres actifs, responsables et équipiers, rejoignent chaque année près de 75,000 jeunes travailleurs et fiancés. La J.O.C. unit les jeunes travailleurs et les jeunes travailleuses pour les aider à résoudre leurs problèmes entre eux et pour eux. C'est ensemble, et ils apprennent à se connaître, à se comprendre et à découvrir leurs besoins;

Aux amis de la J.O.C. La J.O.C. dépasse déjà la trentaine. Elle est répandue à travers le monde entier. Nous devons sa fondation à un fils de famille ouvrière de l'époque, l'abbé J. Cadin. L'idée de la J.O.C. vient donc du cœur d'un fils d'ouvrier qui a regardé et découvert la vie des jeunes travailleurs. Il est arrivé à la conviction que parmi la masse des travailleurs, un groupe méritait une attention et un intérêt particulier. Dès le début, il a mis l'accent sur les besoins de la jeunesse travailleuse. Il a été frappé que des

milliers de jeunes travailleurs perdaient, à leur entrée au travail, la meilleure part des valeurs humaines, morales, religieuses qu'ils avaient acquises à l'école. C'est à partir de cette découverte que commença à se bâtir cette oeuvre gigantesque qu'est la J.O.C. aujourd'hui internationale et présente dans 92 pays des 5 continents.

REUNIONS de CONSEILS

Conseil de Hinchinbrooke Une réunion régulière du conseil municipal de la Paroisse de Hinchinbrooke a eu lieu à l'hôtel de ville de Herdman mardi, le 5 mai, à 8 hres p.m. C'est le maire Wilson qui présidait la réunion à laquelle assistaient tous les conseillers.

Le secrétaire lut les minutes et elles furent approuvées. Le conseil eut à répondre à plusieurs demandes au sujet de problèmes concernant des clôtures et des fossés de ligne et on s'en occupa en nommant des inspecteurs ruraux. Une délégation représentant la Brigade des Pompiers de Hinchinbrooke présenta un rapport sur le cours de pompier que plusieurs volontaires de la brigade locale ont suivi à Ellenburg N.Y.

Il fut proposé et secondé qu'un montant de \$100.00 soit souscrit à la Société Agricole de Huntingdon, Div. A. On proposa le paiement des comptes suivants: D.L. Tully, \$890.88, pour louage, entretien et balance due pour le déblayage de la neige Co. Tel Bell, \$4.42; Prink du Can., \$943.75; Mme Saumier, \$8.89; Co. D'Elect, Shawinigan, \$50.79; Paroisse l'Elgin, \$125.; Frank Mason, \$10.; W.C. Foster, \$7.20; Lucien Crête, \$39.15; Douglas Wilson, \$38.50; Harold Wilson, \$13.50; Kelly's Farm Supply, \$24.96; Ronald Elder,

\$13.50; Merrill Rosevear, \$15.; Arden Douglas, \$10.80; Robert Daoust, \$45.; Roméo Daigault, \$45. Le conseil de Hemmingford Une régulière du conseil de la Paroisse de Hemmingford a eu lieu lundi le 4 mai à l'hôtel de ville. C'est le maire Allister Somerville qui présidait la réunion à laquelle assistaient tous les membres.

MM. F. Zick, M. Grosser et Don Hadley assistaient à la réunion en vue de discuter de différents problèmes de drainage qui se présentent sur leurs fermes. Le secrétaire-trésorier lut la correspondance reçue du gouvernement à ce sujet et on passa une résolution demandant que des travaux de drainage soient faits sur la ferme de M. Zick.

Concernant la question des paiements dus au Service Social, le maire précisa que certains ajustements avaient été faits et que la somme totale due était maintenant à \$3,619.34. Le conseil accepta de payer en versements de \$600, par année, comme suggéré par le département.

Le conseiller Bouchard souleva la question du droit de propriété sur un lot et une maison en bois, ayant appartenues à feu M. et Mme Gload, et qui sont situés de l'autre côté du Lac Hermas, du côté ouest du chemin de Sherrington. Il mentionna qu'il avait toujours cru que cette propriété appartenait à la Paroisse de Hemmingford. Les autres conseillers étaient sous la même impression. On en repare actuellement la maison. Le conseiller Bouchard demanda qui faisait ces réparations et de quel droit. Le maire expliqua que cette partie de terrain avait fait partie de la ferme Paré-Hemmingford Enterprises ayant acheté cette ferme, ils ont cru que cette parcelle était retournée à son ancien propriétaire. On demanda au secrétaire de regarder dans le livre des minutes et de chercher si une résolution avait été passée pour abandonner les droits de la Paroisse sur cette propriété.

Les comptes suivants ont été approuvés pour paiement: M. Bouchard, \$61.25; A.P. Smith, \$49.16; salaire du secrétaire, \$175.

Le conseiller Barr demanda qu'on étudie la possibilité de placer des tables à pique-niques à différents endroits pour accommoder les automobilistes visiteurs. On étudiera davantage la question à la prochaine assemblée.

Conseil du Village d'Orms-town

Une réunion du conseil du Village d'Orms-town a eu lieu lundi le 4 mai à l'hôtel-de-ville, en présence de tous les membres et sous la présidence du maire A.A. McCormick. Le conseiller Ernest Ren-nie fut nommé maire suppléant jusqu'à la réunion du conseil du mois de juillet.

Conseil d'Elgin Une réunion régulière du conseil d'Elgin a eu lieu à l'hôtel de ville d'Elgin le 4 mai. Les cons. MacFarlane et Hay étaient absents. C'est le maire Gordon Anderson qui présidait la réunion. On approuva le paiement des comptes suivants: McCoy Bros., \$379.; C.E. Wilson, \$50.; Graham Salter, \$42.14; R.W. Crawford, \$31.25; Euclide Daoust, \$124.; Andrew Scott \$64.; Donald Ebbett, \$76.; Richard Runalls, \$20.; Wilfred Taillefer, \$45.

On autorisa le sec-trés à aviser les évaluateurs de ré-valuer avant le 1er juin, les propriétés qui ont été vendues en partie ou qui ont subi des dommages par le feu cette année.

M. Archie Paul était présent à la réunion pour demander un ponceau de l'autre côté de la 4ème Concession, face à sa ligne et à celle de Shearer. Le conseil accepta de demander au département de la Voirie de construire un nouveau ponceau.

M. Ernest Wills assistait aussi à la réunion pour demander que le reste de la décharge Pelton, cours d'eau principal soit creusé. Le conseil accepta et demanda à l'officier spécial, Eddy Rob-son, de prendre charge des travaux et de voir à ce que ce cours d'eau soit creusé le plus tôt possible.

Conseil de la Paroisse St-Ma-lachie d'Orms-town Une réunion du conseil municipal de la Paroisse St-Malachie d'Orms-town a eu lieu mardi le 5 juin à l'hôtel de ville, en présence de tous les membres, sauf le conseiller Gérard Dagenais, et sous la présidence du maire Jean-Paul Riendeau.

Le sec-trés fut autorisé à signer une entente entre D. L. Tully et la Paroisse St-Ma-lachie d'Orms-town con-cernant des travaux qui ser-ont faits aux embranchements Lauzon, Brière et Billette de la Grande décharge pour un montant ne devant pas excé-der la somme des octrois du Ministère de l'Agriculture et de la Colonisation, division du drainage.

On recut une plainte con-cernant des arbres sur le chemin Island qui nuiraient à la sécurité de la route sur le dit chemin; le conseiller John Rodger fut autorisé à vérifier cette plainte et à prendre les mesures qui s'im-posent si nécessaire.

On avisa le sec-trés. de de-mander à l'inspecteur rural M. John, d'enquêter sur plu-sieurs plaintes concernant un mauvais drainage causé par des fossés remplis et des au-tres obstructions.

On avisa aussi le sec-trés d'aviser le Département de la Voirie concernant les pon-ceaux et les ponts qui ont be-soin de réparation près des propriétés de MM. Romuald Crête et Lionel Bolduc sur le chemin de la Rivière aux Outardes et la propriété de M. J.P. Riendeau dans le che-min upper Concession. M. AVIS AUX ABONNES DU GLEANER

A compter du 13 juin, les taux d'abonnement du Gleaner seront changés comme suit: 1 an \$4.50 6 mois 2.50 L'unité aux kiosques à journaux... .12

Les abonnés à l'année épargneront \$1.74 sur le prix à l'unité. Le Gleaner regrette d'aviser ses lecteurs de cette augmentation, mais le coût de production a plus que triplé depuis la dernière augmentation des taux, il y a presque dix ans. Notre journal est presque toujours deux fois plus important qu'il était, ce qui comporte plus d'heures de travail pour la main-d'oeuvre, donc des salaires plus élevés, et des frais de base additionnels. Ce changement a fait l'objet de considérations depuis plusieurs mois mais fut retardé aussi longtemps que possible, et quoique l'augmentation soit inévitable nous espérons que nos précieux lecteurs comprendront notre hésitation à contribuer à l'augmentation de leur coût de la vie.

Les abonnements pris au kiosque du Gleaner à l'Exposition d'Orms-town jusqu'à l'heure de la fermeture le dernier soir ne seront pas sujets à la hausse; il en va de même pour les abonnements datés avant le 13 juin. Le prix sera de .12 l'unité pour les régions desservies par les livreurs. Abonnements pour les E.-U. \$5.50.
