Build Pipeline Along N. Ont. Railway Line Suggests George Drew

OTTAWA — (CP) — Construction of a Canadian-owned natural gas pipeline from Alberta to eastern Canada using railway right-of-way through rugged northern Ontario has been suggested by opposition leader Drew. He urged Tuesday that the government explore that possibility immediately instead of pinning its hopes on one company — Trans-Canada Pipe Lines Ltd. — to get the line built.

Mr. Drew spoke in the Commons budget debate before a vote that defeated a CCF motion of non-confidence in the government's tax policies.

The vote was 150 to 24 on the motion, which suggested imposition of a capital gains tax and elimination of the present 20-per-cent income tax credit for dividend income. It also said the government has "failed" to reduce the burden of sales and income taxes on lower-income groups.

The eight-day budget debate continues today in its sixth day. Before the house is a Conservative non-confidence motion attacking the March 20 budget of Finance Minister Tarras as "empty, negative and partisan."

It accuses the government of unconcern about economic trouble spots and "the growing economic domination of Canada by United States interests."

Mr. Drew, suggesting gas pipeline construction along railway tracks, called on the government to examine the possibility of "getting our railway companies to cooperate in this matter in order to have our pipelines controlled by Canadians for the benefit of Canadians."

He said there has been much talk about the problems of northern Ontario terrain. Those difficulties had been overcome long ago by the railways and the government should look into the chances of taking advantage of existing rights-of-way of the CNR and the CPR.

Mr. Drew, in a 1½-hour speech, made these other points:

1. Russian leaders Bulganin and Khrushchev, in their coming visit to London, should be pressed to permit free elections in Communist satellite countries.

2. The army militia is "hopelessly unequipped and unprepared" and could not mobilize if war came.

3. The government should drop its proposed 20-per-cent tax on advertising revenues of Canadian editions of United States magazines. Instead, it should seek agreement in the Commons on some other means of helping Canadian magazines and Canadian culture.

Alan Fraser (L)—St. John's East, said the budget has been criticized for not cutting tax rates. Yet he had heard no concrete opposition proposal for a substantial cut in spending, but rather a series of demands for more expenditures requiring millions more in taxes.

Refuses Blood, Boy Dying

St. Thomas, Ont. — A seven-year-old boy was in serious condition in hospital here today, following an accidental shooting Tuesday night, and with his father refusing to permit a blood transfusion.

The parent, Alvin Leatherdale, is a member of Jehovah's Witnesses, a religious sect which believes transfusions are contrary to teachings of the Bible. The family lives on a farm at nearby Fingal.

With a bullet lodged near the spine, Paul Leatherdale underwent surgery Tuesday night.

A hospital spokesman said that when the father refused to allow a transfusion for his son, he was asked what would happen "if the worst came to worst."

"That's too bad, that's all," Leatherdale was quoted as replying.

Police said Paul was shot by a .25 calibre Belgian pistol in the hands of an older brother, Ray, while the two were playing earlier in a spare room in their home.

Mmm! Good! — If ever there was a typical sugaring-off picture, this is it. Eager youngsters elbow in to get some of the delicious sugar-on-snow at the Bellevue Club grounds. Members of the Ingersoll-Rand Company and their families were guests of the Circo Long Service Association. Meanwhile, syrup producers, who had feared a dismal crop, were reporting a sudden surge of syrup this week and were hopeful that it would match last year's good run. (See story on Page 3.)

UN Charge An Attack In S. Korea

Seoul. — (Reuters) — The United Nations command today charged the Communists in Korea with "wantonly attacking" a South Korean defence post along the demarcation line.

The charge was made after South Korea earlier said Communist troops, believed to be Chinese, had crossed the armistice line Tuesday to attack the post 50 miles north of Seoul.

The 40-minute exchange of fire was the third attack of its kind in the area within 10 days, a South Korean spokesman said. He said there were no casualties.

In Tokyo a spokesman for the United States Far East command said a confidential report on the incident had been received from the UN section of the military armistice commission which "pretty much" confirmed details of the clash given by the South Korean government.

The South Korean announcement, which gave the place of the attack only as north of Seoul, said "more than five" attackers fired about 40 rounds of rifle ammunition, and the defenders fired about 30.

The Communist North was divided from the non-Communist South under the armistice agreement, and a demilitarized zone was established. Both sides have since complained of hostile incidents in this zone.

World News In Brief

London. — (Reuters) — A 100-year-old piano found in a school at Pecs in Hungary has been identified as having belonged to composer Franz Liszt. Budapest radio said Tuesday night. The broadcast said the piano is still in perfect tune and the keys are intact. It has been put into the local museum.

Reykjavik, Iceland. — (Reuters) — King Frederik and Queen Ingrid of Denmark arrived in Iceland today for the first official visit by a foreign sovereign to the Icelandic republic since its foundation in 1944. Thousands cheered the royal couple on their journey from the airport to Reykjavik.

Nairobi, Kenya. — (Reuters) — "General" Tanganyika, leading anti-white terrorist and No. 3 man in the Mau Mau cult, has been captured, a government spokesman said Tuesday. It was the second time he had been captured. The first was over a year ago when he was used as a go-between to arrange the surrender of terrorist groups. He had been missing since he failed to return from one of these missions.

Paris. — (Reuters) — French Premier Guy Mollet and West German's Chancellor Konrad Adenauer are expected to meet towards the end of May, reliable sources said here today. Mollet today received the German ambassador in Paris, Voltrath von Maltzan, and the question of a meeting between the two heads of government was discussed, the sources said.

Sidi bel Abbes, Algeria. — (Reuters) — About 100 naked Moslem women fled in panic from a Turkish bath into the streets here Tuesday after a leak in the boiling water tank blinded them with steam. Passers-by took off some of their own clothes to cover the women.

Ease Border Tension As UN Secretary Gen. Has Short Conference

CAIRO — (AP) — Dag Hammarskjold talked with Premier Gamal Abdel Nasser of Egypt for 75 minutes today in his first major move to restore peace between Israel and its Arab neighbors.

As the United Nations secretary-general began his talks with the strong man of the Arab states, a Jerusalem dispatch reported an easing of tensions in the Palestine area.

Egypt in turn charged that an Israeli plane flew over the Egyptian-held Gaza strip Tuesday, and an Israeli Army patrol had raided deep inside Gaza. More incidents during Tuesday night were reported this morning.

The latest chain of violence began last Wednesday, when four Israeli soldiers were killed in a patrol clash on the Gaza strip border. The next day a 14-hour artillery and mortar duel across the Gaza frontier killed 64 Arabs and wounded 102. Most were Palestine refugees.

Each side blamed the other as Hammarskjold opened his talks with Nasser.

The UN diplomat was backed by a statement from President Eisenhower that the United States would "observe its commitments within constitutional means to oppose any aggression" in the Middle East.

Israel appears pessimistic about Hammarskjold's peace efforts. Foreign Minister Moshe Sharett told a political meeting in Tel Aviv that his government "is willing to give Hammarskjold all possible assistance," but expressed doubt that the effort would succeed.

The dispatch reported only two minor attacks Tuesday night by roving Arab suicide squads which had struck in a series of raids and sabotage missions on the three previous nights. No casualties were reported.

Hammarskjold declined to comment as he merged from his meeting with Nasser.

As a preliminary, Hammarskjold talked with the Egyptian foreign minister Mahmoud Fawzi, Tuesday night shortly after his arrival in the Egyptian capital.

The secretary-general was accompanied by Maj.-Gen. E. L. M. Burns, Canadian chief of the UN truce commission. They plan to fly on later to Tel Aviv and the capitals of Jordan, Syria, and Lebanon for more conferences.

Burns' plea last week for a ceasefire along the flaming Israeli borders failed to halt the outbreaks.

Israel has charged that Arab suicide squads, trained in sabotage by Egyptian Army officers, have struck deep within southern Israel for the last few nights.

The Israelis said the roving commandos, called fedayeen, had killed six and wounded 24 Israelis up to Tuesday night. Is-

raeli patrols pressing a mop-up of the roving bands said they had killed 13 and captured six fedayeen.

The political committee of the Arab League, meeting in Cairo, urged all Arab states to co-operate with the UN peacemaker. The league's council today received the political committee's recommendation.

In the Syrian capital of Damascus, the heads of two Arab states pledged before the tomb of Sultan Saladin to devote "all our powers for the defence of the Holy Land."

With clasped hands, youthful King Hussein of Jordan and President Shukri Kuwaly of Syria vowed "to defend the Holy Land and Arab nations with all our power."

Saladin was the 13th-century Moslem defender of Jerusalem and conqueror of the crusaders. Syria and Jordan also have had border troubles with Israel.

Three Fatalities In RCAF Crash

Montreal. — Three RCAF flyers were fatally injured in the crash of a single-engine Otter aircraft near Goose Bay, Labrador, late Tuesday, air transport command reported here today.

Air transport command identified the dead as:

FO R. C. Reid, 27, Dartmouth, N.S., pilot; FO J. M. Ketcheson, 38, Trenton, Ont., co-pilot; and LAC F. E. Sollazza, 21, Sydney, N.S.

A spokesman said reason for the crash, which occurred five miles northeast of the Goose Bay airport, was not known. It occurred at 3:10 p.m. (AST).

Post Night Guard

Udall, Kan. — Smashed to pieces by a tornado while asleep last year, this revived town has posted an all-night guard to make sure an alarm is sounded if another tornado appears. An observation tower was built southwest of town and is being manned from 6 p.m. to 6 a.m. every night, with 114 citizens taking turns on two-hour shifts in the tower.

Troop Theory Out

WASHINGTON — (AP) — Officials here are discounting the likelihood of President Eisenhower's asking Congress for authority to use United States armed forces in the Middle East unless the Israeli-Arab conflict grows much more critical.

However, with border clashes and retaliatory attacks building up as they have been for the last week, the situation could become extremely grave in a matter of hours.

American officials say the major administration effort now is to prevent that kind of crisis from developing by using every resource of diplomacy to avert general Palestine warfare.

The purpose behind Eisenhower's statement on Monday warning against aggression by either side was described as being to back up the current peace mission of Secretary-General Dag Hammarskjold of the United Nations.

But officials made clear today in private conversation that the administration greatly hopes to avoid a request for similar stand-by powers covering the Middle East, and has no plan to act unless the danger grows considerably worse.

Monday's White House statement declared that the U. S. under the UN charter "will observe its commitments within constitutional means to oppose any aggression" in the Middle East.

The statement made no specific reference to a 1950 declaration by the U. S., Britain and France. In it, the three countries pledged jointly to maintain an arms balance between Israel and the Arab states and to resist aggression by either.

Halifax. — Nova Scotia Tuesday night became the first Canadian province to extend provincial voting rights to permanent force servicemen living outside military establishments.

The legislation, embodied in an amendment to the provincial Electoral Act, will enable thousands of soldiers, sailors and airmen to join wives and dependents at the polls for the first time in provincial balloting.

The bill was passed in the closing minutes of the 1956 legislative session.

There was no immediate estimate of the number who will be enfranchised but the bill will affect a large part of personnel stationed at naval bases here, in Dartmouth and Cornwallis, at the Aldershot army camp and the Greenwood air base.

Believed missing at first from the inverted safe, its bottom punched out, was found abandoned in a concealed spot, the money—from the store's weekend receipts—and the cheques were found intact when the safe was opened by company officials.

RCMP Inspector W. M. Taylor said the money was intact.

"It looks as though they only got a small amount of loose change," he said.

U.S. Ambassador Resigns Post In Canadian Capital

Augusta, Ga. — (AP) — President Eisenhower today accepted the resignation of R. Douglas Stuart as ambassador to Canada and nominated Livingston T. Merchant, now an assistant secretary of state, to succeed him.

James C. Hagerty, White House press secretary, said Stuart is leaving because of "personal and business reasons."

Merchant, whose nomination is subject to Senate confirmation, now is assistant secretary of state for European affairs.

When Red China was threatening an invasion of Formosa early last year, Eisenhower asked and obtained from Congress a blank cheque for the use of American forces if he thought such action necessary for defence of Formosa. He still has that authority.

But officials made clear today in private conversation that the administration greatly hopes to avoid a request for similar stand-by powers covering the Middle East, and has no plan to act unless the danger grows considerably worse.

Harriman Signs Maple Bill

Albany, N. Y. — (AP) — New York state's sugar maple may not have produced the finest syrup in a recent taste-test, but nevertheless it won official status Tuesday as the state tree.

Turning a deaf ear to friendly protests from New England states and the province of Quebec, Governor Averell Harriman signed a bill that proclaims the sugar maple as the official tree of the Empire State.

Introduction of the measure in the legislature early this year touched off a tongue-in-cheek feud between New York and neighboring states over the relative quality of their maple syrup.

The feud spread north into Canada and westward before it was resolved, at least temporarily, in Cooperstown last Friday.

At a maple syrup taste-test competition sponsored by Harriman, entries from Vermont and Michigan tied for first place. New York's syrup was judged third best of 10 entries, including one from Quebec.

2 Nigerians Join NY Picket Lines

New York. — Picket lines around the big Macy department store got unexpected reinforcements Tuesday. Two Nigerians in native dress showed up to join the marchers.

They identified themselves as Chief O. A. Beyioku and N. A. Cole. They said they represented Nigerian unions and had come here to study working conditions and other labor matters.

Thieves Miss \$75,000 Loot

Kitimat, B.C. — Discovery of \$25,000 in cash and more than \$50,000 in cheques inside a stolen safe Tuesday provided an ironic sequel to a daring weekend robbery attempt at the Hudson's Bay Company store here.

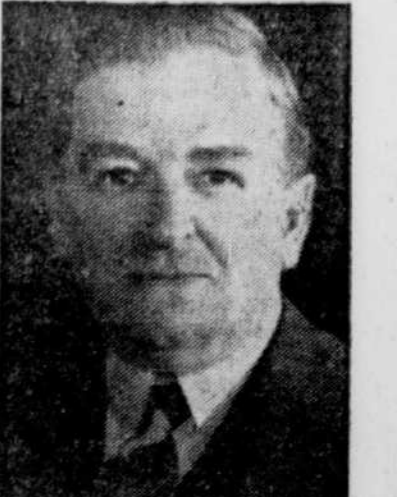

Believed missing at first from the inverted safe, its bottom punched out, was found abandoned in a concealed spot, the money—from the store's weekend receipts—and the cheques were found intact when the safe was opened by company officials.

RCMP Inspector W. M. Taylor said the money was intact.

CYRUS EATON
 Serious Limitation

PREMIER DUPLESSIS
 Absolutely Essential

Need Outside Capital In Canada

Quebec. — Premier Duplessis and American industrialist Cyrus Eaton were unanimous Tuesday night in declaring that outside capital is necessary to the development and expansion of Canadian industry.

The Quebec premier and the prominent Canadian-born industrialist were guest speakers at the annual dinner of the 58th general convention of the Canadian Institute of Mining and Metallurgy.

Mr. Eaton said the large sums of money required by the rapidly-expanding mining industry and manufacturing enterprises constitute a serious limitation to Canada's material progress.

"Money is simply not available

in adequate amounts from private and public sources in Canada to meet the gargantuan demands of the many mines to open, factories to erect, oil wells to drill, roads to build, railroads to extend, airports to construct, harbors to improve, rivers to make navigable, telephone lines to string and water powers to harness," he said.

"Certain Canadian investors should be encouraged to put their funds in Canadian enterprises, and Canadian wage earners should be educated to the advantages of stock ownership in the companies in whose success they play a vital role."

The American industrialist, a native of Pugwash, N.S. and president of the Chesapeake and Ohio Railway, said, however, that United States capital may not be so readily available in the years immediately ahead, unless it continues to receive a cordial welcome from Canada.

"However, much American money pours into Canadian enterprises, the United States has neither the desire nor the power to reduce Canada to the status of a small and dependent crown colony."

Premier Duplessis told the gathering that capital, contrary to popular opinion in certain quarters, is absolutely essential to Quebec province's economic expansion.

Foreign capital, whether it come from France, Great Britain, or the United States, will

always be welcome," he said. "Capital means investment, without which progress is impossible."

"The mining industry," the premier added, "constitutes one of the most important factors in the economic life of Quebec province. Our mineral production today is 10 times what it was 10 years ago."

Mr. Duplessis praised the courage and spirit of enterprise of the pioneers in the mining industry.

The premier also touched on the problem created by the lack of skilled technicians in the mining industry, particularly mining engineers, geologists and metallurgists.

Please Pardon Us

We hope our readers will pardon us if we fail to show too much enthusiasm for the wedding of a young American actress to the Prince of a rather obscure state.

It isn't that we don't approve of the match. Heavens, no! And we're sure Miss Kelly and her Prince won't be too miffed at our attitude.

But, the way we feel about it is simply that this marriage, founded on little more than a few hellos and a lot of money, really isn't too important—

even if it lasts; and even if Miss Kelly manages to fulfill her intention to fill the palace with sons for her prince.

Fear not, though. Duly recorded in our pages will be a report of the wedding. And should the Princess bear a son or two, or three, be assured that you will be kept abreast of the news.

Preliminaries are fun, but we think we'll save ourselves for the main events.

A Moment Of Vision

Times of peace with their paper whirlwinds can dull the agonizing realities of what war is like. Then with a flash, a news article can recreate those times of battle in all their horror.

A small item from Bonn, Germany, had the qualities of this momentary stroke of vision. The mystery of who bombed the university city of Friburg in 1940 was being cleared up.

The Nazis did it through a navigational error in the clouds.

Not only was war's bloody senselessness unmasked by this ghastly mis-

take in which 57 persons, including 22 children, died, but the results were equally horrifying.

Instead of admitting an error and fixing the individual blame, the truth was concealed.

Not only that. The event had propaganda value. So it was used to touch off a flame of revenge bombings of British towns. Hundreds more innocents died.

Irresponsible slaughter compounded with lies and murder, it was human conduct at its worst. It reveals war in its stark insanity.

Aid To Cussers

A Tennessee professor announced that he has written a book called *Abusive Words*, which presents "a scientific grouping of 77 different ways to cuss."

Dr. Clyde Crobaugh, the author (plague take him) gets off to a bad start with a weak half-word like "cuss." He is a word expert, and he should know better. A murrain on him for a mealy-mouthed scamp. If he means "curse," he should say so.

However, the book may be better than its advance notice. It contains some 800 specific terms of abuse Dr. Crobaugh does not say whether it is to be published for general distribution. If so, it may be useful to parents for identifying some of the new words the children bring home from school, and deciding whether to rinse their little mouths with soap.

Adults might also use the book to increase their word-power after the children have gone to bed. Cursing is a nasty habit, but it is a valuable weapon against hostile and stubborn

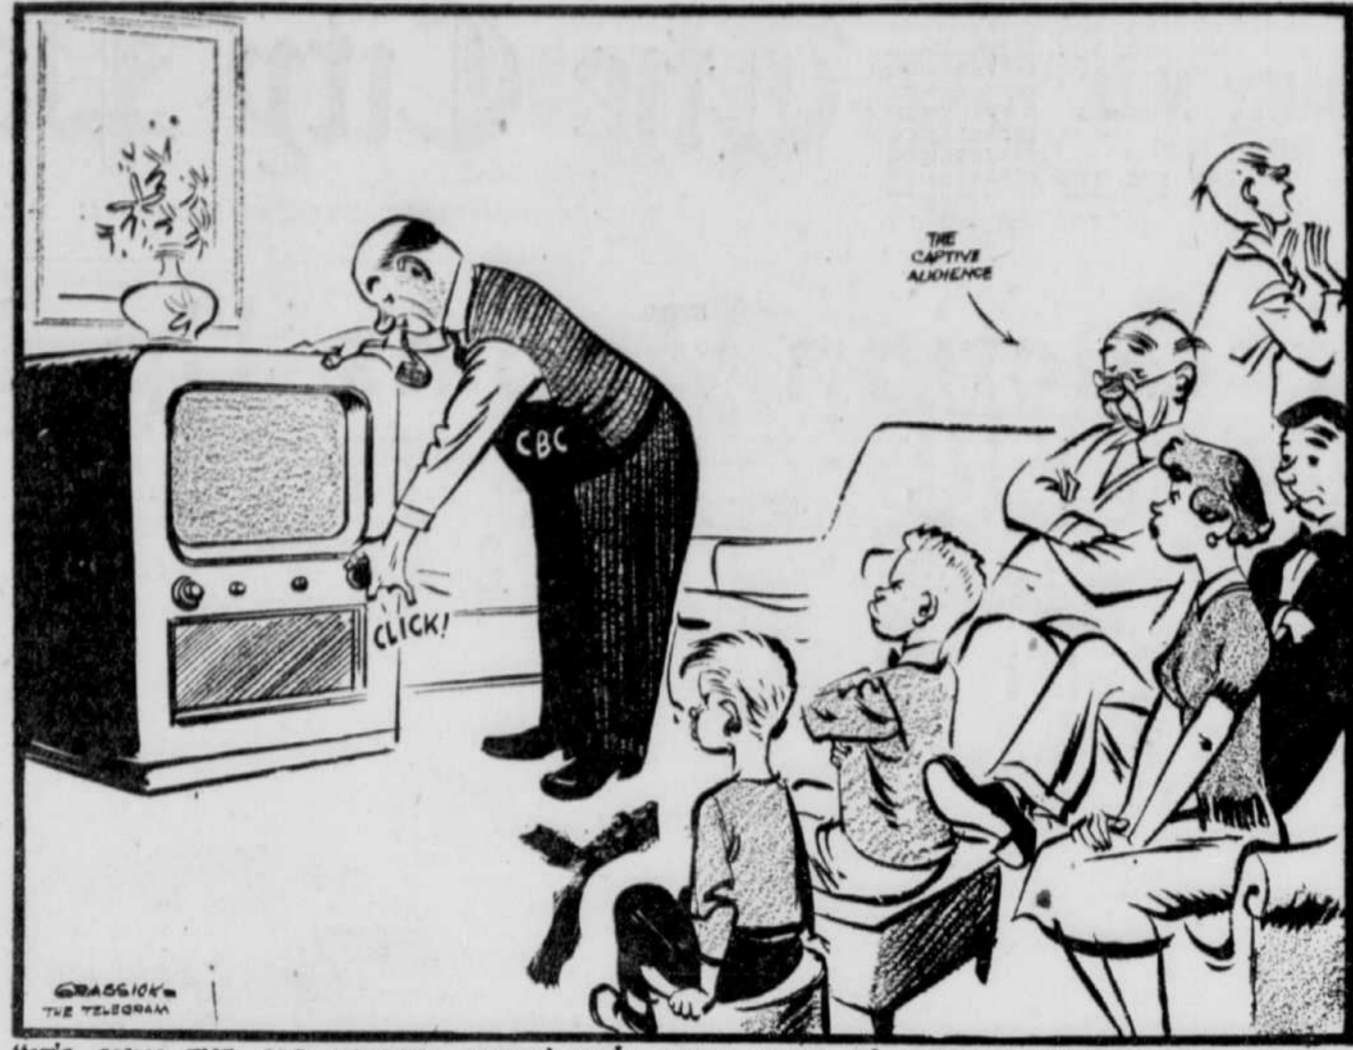

inanimate objects and humans who can not be reached through logical argument.

The effectiveness of abuse against wayward golf balls is widely known.

Even ministers of the gospel have been heard to address a few short words to the universe after hitting their thumbs with a hammer. Dr. Crobaugh's book may help golfers, amateur carpenters and sergeant-majors to choose their words with more care and reverence.

And the book may give us a richer assortment of words to use against party-line telephone hogs, car drivers who thrust two fingers out the window for a turn signal, and other varied pests.

"Hey Mac, that pile of scrap metal you call a truck is double-parked right in my way. Move it, you big dim-witted hairy ape. . . . Yeow! Why did you hit me? I was only quoting a passage from a college book. Ow! I guess I should have paid more attention to the instructions. The book said I had to smile when I said that."

(Ottawa Journal)

Quebec's Royal Commission on Constitutional Problems (it was set up by Mr. Duplessis in 1953) has come up with its report.

For all the good it will do, judged by the chances of its recommendations being accepted, the commission might just as well have not reported at all.

The Commission recommends—that the federal government get out of the direct taxation field, ultimately abandon to the provinces taxes on personal incomes and corporation taxes and succession duties, confine itself to indirect taxes, such things as customs duties, excise taxes and the like. Also that the federal government abandon the social security field, hand over to the provinces responsibility for family allowances, health insurance, old age pensions and so on and so forth.

With the federal government having responsibility for national defence, and facing at the present time an annual defence budget of \$1,850 millions, the suggestion that it abandon taxes on personal incomes and on corporations must strike most people as irresponsible nonsense. Also it must strike many as irresponsible nonsense that the federal government at this stage abandon its entire organization for the administration of family allowances and pensions and leave such social measures to the whims and different notions about them of the various provinces.

INFLUENCE FOR GOOD

(Brandon Sun)

Often we hear people grumbling about their civic government, grumbling about the federal government, grumbling that the government does not do this or that, or that it has gone too far in some respect. Yes, most of us are prone to grumble but few do anything more about it. We wonder how many of the grumblers have taken pen in hand to make some pointed criticism to the press or the sitting member.

The point at issue is that most of us grumble but few of us are sufficiently touched by the action against which we speak to sit down and write a letter. Personal letters from a citizen to an alderman, a sitting member or to the press usually receive prompt action particularly if they are constructive.

A personal letter to a member of parliament or a member of the legislature, particularly if it contains a suggested correction of a particular evil, will prove beneficial to both the member and the writer, and it may give the member a new conception of the problem.

It has been proven time and time again that the pen is mightier than the sword, but in this present age of hurry, few of us take the time to put our thoughts into words. Letters to be appreciated should be constructive and more letters to the members and to the press will undoubtedly be a far greater influence for good than most people realize.

WINTER

The winter has been very long. And it is not over yet.— Haven't heard a bride's song. Only the black crow's fret.

Snowdrifts will be found in the woods On the twenty-fourth of May. Alongside you may find a monk's hood, Or mayflowers nodding heads so gay.

But June will be busting out all over, The grass is green 'neath the snow.— When froggies pipe and brook's a'burble We'll forget this heavy March blow.

When in the summer we drink lemonade In the hot hayfields, 'neath a shade Sweltering in the weather for which we prayed, While the car was stuck on an icy grade.

Six months from now we will forget How we peered out the windows at the gales, Watched the plows spurt the snow in jets Across the fences, on hills and in vales.

So cheer up, that robin will soon be here, The meadow lark, bluebird and the wren. Dandelions, daisies and buttercup dear Will tell us summer is here again.

KATHERINE D. BEAUCAGE.

Route 2, Sherbrooke, Que.

APRIL BIRTHDAY

When spring returns with wandering sweet air; With sun and shadow, softness and clear rain, And robins sing loud hymns in leafless fane, We feel such joy a pain we cannot bear; In incompleteness a divine despair, And strive to dress our shabby souls again, Nor shame the innocent earth with guilty pain, Nor make it of our poverty aware.

In this same shining time you once were born, And like a bud that opens to the skies, Saw life reflected in your mother's eyes, And smiled to wake in such a lovely dawn, Maybe she watches, if perchance you smile — And so, 'tis summer for a little while.

THE CIVIL SERVICE INCREASES

(Ottawa Journal)

We may rest assured that in areas beyond Ottawa increases in the salaries of civil servants will be attacked. But we have long since learned that people outside Ottawa are not the best judges of the civil service, of its salaries or its work.

During World War II a number of business executives who came here as "dollar-a-year" men entertained the notion at first that there were too many civil servants doing too little work, that most civil servants in fact were a pampered privileged class or caste living off the fat of the land.

These business executives — as most of them readily confessed — speedily changed their minds; admitted that they found the civil service a highly competent body of people who worked as hard and as devotedly as any group of employees anywhere.

That being the position, a fact which no informed person denies, there is no just reason why civil servants should be paid salaries lower than those enjoyed by persons in private employment. Government, after all, is our biggest and most vital industry, and it would be a poor thing to have its salary scales such as to attract to its service only the left-overs of private business.

Boy Scouts Promote Conservation Theme

By G. H. M. LEMESURIER

The Boy Scouts of Canada commence this week their 1956 special theme activity — Conservation. Throughout the week each member of the Canadian Boy Scouts Association, close to 200,000 persons, will make the following pledge: "I give my Pledge as a Canadian to save and faithfully to defend from waste the Natural Resources of My Country — its Soil and Minerals, its Forests, Waters and Wildlife." The purpose of this national Good Turn to Canada is to awaken an awareness of, and an interest in the need for conservation in the building of Canada's future. Every member of the Association will make this pledge this week and wear a special badge as a reminder of the Conservation Pledge.

This special theme for 1956 will continue to comprise the major part of the Scout programs until late next fall but it is during this week that the activity will begin. April 8 to 13 is National Wild Life Week and this is certainly a most appropriate week to commence the Conservation campaign.

Conservation is no new idea for Scouts, for as far back as 1926 three thousand acres of woodland were set aside by the Province of Nova Scotia for reforestation by Scouts. During the year of Canada's Diamond Jubilee (1927) the Boy Scouts of Canada traced, marked, and suitably decorated the burial places of the Fathers of Confederation. During a Calgary Civic Drive for Bird-Sanctuary activity Calgary Scouts erected over one thousand bird-houses in their city.

Almost every year since 1907, when Scouting came into being, Conservation has been part of the Scout program. Those boys

who did Scout Good Turns in the 1920's in Canada are the citizens of this country today, and those Scouts who will be doing good-turns this week and in the coming months are the citizens of the Canada of tomorrow.

It is necessary that this special program be successful and that Canada be conserved for future generations. As an African Chief once said, "This land belongs to many people; some of whom are dead, some of whom are living, but most of whom have yet to be born." The members of the Canadian Boy Scouts Association therefore will be "doing their best" to protect Canada's Natural Resources for the Canada of today and the even greater Canada of tomorrow.

The Governor-General, Chief Scout for Canada, will send a special message from Government House in Ottawa this week to each Cub, Scout and Rover as well as the leaders. Here is that letter:

"I have been happy to learn that the Boy Scouts Association has recently added to the Proficiency Badges available to Scouts, four new badges dealing with Forest, Water, Soil and Wildlife Conservation.

"I have had the opportunity and good fortune in the past few years to visit many parts of Canada, and the more I have travelled the more I have realized how important it is to promote the wise use and preservation of our natural resources.

"I am happy to learn that "Conservation" will be the theme of Scouting throughout the nation in 1956, and as your Chief Scout I am most happy to endorse this effort and to appeal to every member of the Movement to co-operate in so important an undertaking.

"Boy Scouts are among the heirs of these resources, and, as members of an organization dedicated to the service of their country, they have an important role to play in helping to conserve them.

"I shall be pleased to hear of the progress you are making, and to have a report at the end of the year of what has been accomplished.

"Your plan promises a very real and valued service to Canada, and I invite every Wolf Cub, Boy Scout, Rover Scout and Scouter to share in this important project."

Each group across Canada will arrange special events for their members and Districts are to organize special committees for local activity. At the end of the year a special report will be presented to the Chief Scout at Government House in Ottawa. Imagine the great benefit to Canada that the work of 200,000 young Canadians will be doing during the next few months! A special Recognition Streamer will be presented to those groups who excel in Conservation activity during the special period of intensified activity. Conservation will continue however to be a very important part of the Scout Programme for years to

come, much as it has been since Scouting commenced in 1907.

Sherbrooke District and the Eastern Townships will play an important part too in this program. For example this Saturday, April 14th, a city wide paper drive will take place in Sherbrooke, and residents are requested to prepare any waste paper to be picked up by the Scouts. A special Scout Conservation Program will be presented over station C.K.T.S. tonight at 8:45 when John Fisher and others will explain what the Scouts will be doing. Scout Leaders will hear Dr. A. N. Langford tomorrow night in the Lennoxville Town Hall at 8 p.m. at the Sherbrooke District Scouters' Council regular monthly meeting. Dr. Langford, Science Professor from Bishop's University, will be speaking on Conservation.

OBITUARIES

JOHN CLARK REILLY OF MANSONVILLE Formerly of Ottawa Victoria, B.C. — John Clark Reilly, B.A., S.T.B., of Mansonville, Que., formerly of Ottawa, first general manager of the Canadian Construction Association, died at the Royal Jubilee Hospital here on Saturday, April 7. With his wife, he had made his home in Mansonville since his retirement some years ago. They were spending the winter in Victoria at the time of his death.

Mr. Reilly was born in Toronto, September 10th, 1881, the eldest son of John Reilly and Martha Cameron. He completed his early education in Toronto at the age of 16 and went to work in Montreal. He decided to enter the ministry and graduated first from Stanstead College and later McGill University with an honor degree in history in 1910. He received a scholarship to attend Andover and Harvard Divinity Schools, where he earned his S.T.B. Ordained in the Methodist Church in 1912, he served first as assistant pastor at St. James Church Montreal, then as pastor at Grenville, Cushing and Calumet, Que., and the Carlisle Congregational Church at Carlisle, Mass.

He went overseas with the Canadian Y.M.C.A. in World War I. On his return to Canada after the war, he found no vacancies in the Methodist Church. The Canadian Construction Association was being organized at this time and Mr. Reilly was asked to help in its founding, as executive secretary for the remainder of the year.

He remained with the Canadian Construction Association for 28 years until his retirement in 1946, first as executive secretary and then as the first general manager in Ottawa. He counted as his friends the many who were the founders and early members of the Canadian Construction Association.

Mr. Reilly's first interest was his church, and on Sunday he was usually found in some pulp supply for either a sick colleague or at a special anniversary service. He was also active as a guest speaker at many occasions both in Canada and in the United States.

He was a past president of the Ottawa Rotary Club, and was interested in Crippled Children's work. He maintained his connection with the Y.W.C.A., particularly in their boys' work and summer camps. He was fond of animals and was at one time secretary of the Ottawa Humane Society. He was a Mason and was a charter member of the University Lodge of Montreal. He was a member of the Murray Chapter of the Rose Croix of H.R.D.M. of the Ottawa Valley, and was a 33 degree honorary member of the Supreme Council.

JAMES EDMUND CRAWFORD OF LENNOXVILLE Formerly of Leeds

James Edmund Crawford, Queen Street, Lennoxville, passed away at the Sherbrooke Hospital on March 6, following a lengthy illness.

Mr. Crawford, son of the late Charles Crawford and his wife, Catherine McInnis, was born on July 19, 1869, at Leeds, one of a family of 14. He spent his early life as a stone cutter in Barre, Vt., returning to take charge of his father's farm.

In 1904 he was united in marriage to Edna Rickaby. Thirteen children were born of this union, two of whom died in infancy. He retired in 1947 and with Mrs. Crawford spent the winters with members of their family in Wilton and Manchester, N.H., and the summers in Canada. In 1952 they moved to Lennoxville, where they resided with their daughter, Mrs. Clara Giguere, and family.

Although confined to his home for some time, Mr. Crawford had made many friends. He had been tenderly cared for by his wife and daughter, Mrs. Giguere, for two months before entering hospital. A kind and loving husband and father, he was always ready to lend a helping hand to a neighbor. He was a member of L.O.L. No. 1010, King's Corner, Que.

Left to mourn are his wife; 11 children, Wendell, of Westerville, Vt., Stella, Mrs. Elmer Jordan, Manchester, N.H., Dora, Mrs. Herman Glines, Wilton, N.H., Wesley, of Sherbrooke, Clara, Mrs. Giguere, Lennoxville, Glen, Hamilton, Ont., Earl, Island Brook, Alfred, Theiford Mines, Edith, Mrs. Phil Draper, Wilton, N.H., Eva, Mrs. R. Boucher, Manchester, N.H., and Herbert, of Hamilton, Ont.; sons-in-law and daughters-in-law; 31 grandchildren and three great-grandchildren; three sisters, Mrs. Sadie Wilson, Abbott, Texas, Mrs. Harriet Martin, Worcester, Mass., Ellen, Mrs. Samuel Crawford, Barre, Vt.; a brother-in-law, Mr. S. Crawford; nieces, nephews, and cousins.

Prayers were held at Johnston's Funeral Chapel on March 9, Rev. F. R. Matthews officiating.

Owing to a severe snowstorm, the funeral was held on March 15 from Lavallieres Funeral home in Theiford Mines, thence to Candlish United Church at Kinross Mills. Rev. F. R. Matthews officiated and hymns sung were "What a Friend We Have in Jesus" and "Abide with Me." The choir rendered "The Old Rugged Cross."

Bearers were Albert Bailey, Irwin McElreavy, Carl King, Reginald Rickaby, Wilbert Wallace and Edwin Canning.

The floral tributes were silent tokens of the esteem in which Mr. Crawford was held. Interment was made in the family plot.

HEAVY TRAFFIC ON HALL'S DOORSTEP

FIERY TED STOPPED BY PLANTE AND COMPANY

Was Never So Nervous—Toe Blake; Beliveau Big Difference—Skinner; Plante Was Terrific—Floyd Curry

MONTREAL — (CP) — Within seconds after captain Butch Bouchard had carried the Stanley Cup into Montreal Canadiens dressing room Tuesday night the place was jumping.

There were shouted congratulations by the players to each other, champagne was poured into the big trophy and duly sampled and photographers, radio men, newspapermen, club executives and former Canadiens players milled about in the throng that jammed the room to the doors.

Former Canadiens players on hand to offer congratulations included Bill Durnan, Elmer Lach, Ken Reardon and Bobby Filion.

Coach Toe Blake said he was really proud of his players throughout the season as well as in the playoffs.

"I was never so nervous in my life as I was all today," said Blake.

At the same time he paid tribute to the Detroit Red Wings but added: "We were a little bit better, and we got the breaks too."

Asked what about next season, Blake said he would have to try for some kind of record as coach. He won the cup in his rookie year.

"But so did Jimmy Skinner of Detroit last year and now I'll have to try and better that."

Jean Beliveau, Montreal centre whose 12 goals in the semi-final and final tied the playoff record, said it has been his ambition ever since he started playing hockey to be a member of the Canadiens team and to play on a cup-winning team.

"This is Beliveau's third season and he said he hopes 'to be around to help win the cup a few more times.'"

Floyd Curry, whose pass sent Beliveau sweeping in for Montreal's first goal in Tuesday night's 3-1 win, said goalie Jacques Plante's terrific goaltending in the last two games "broke the Red Wings' hearts."

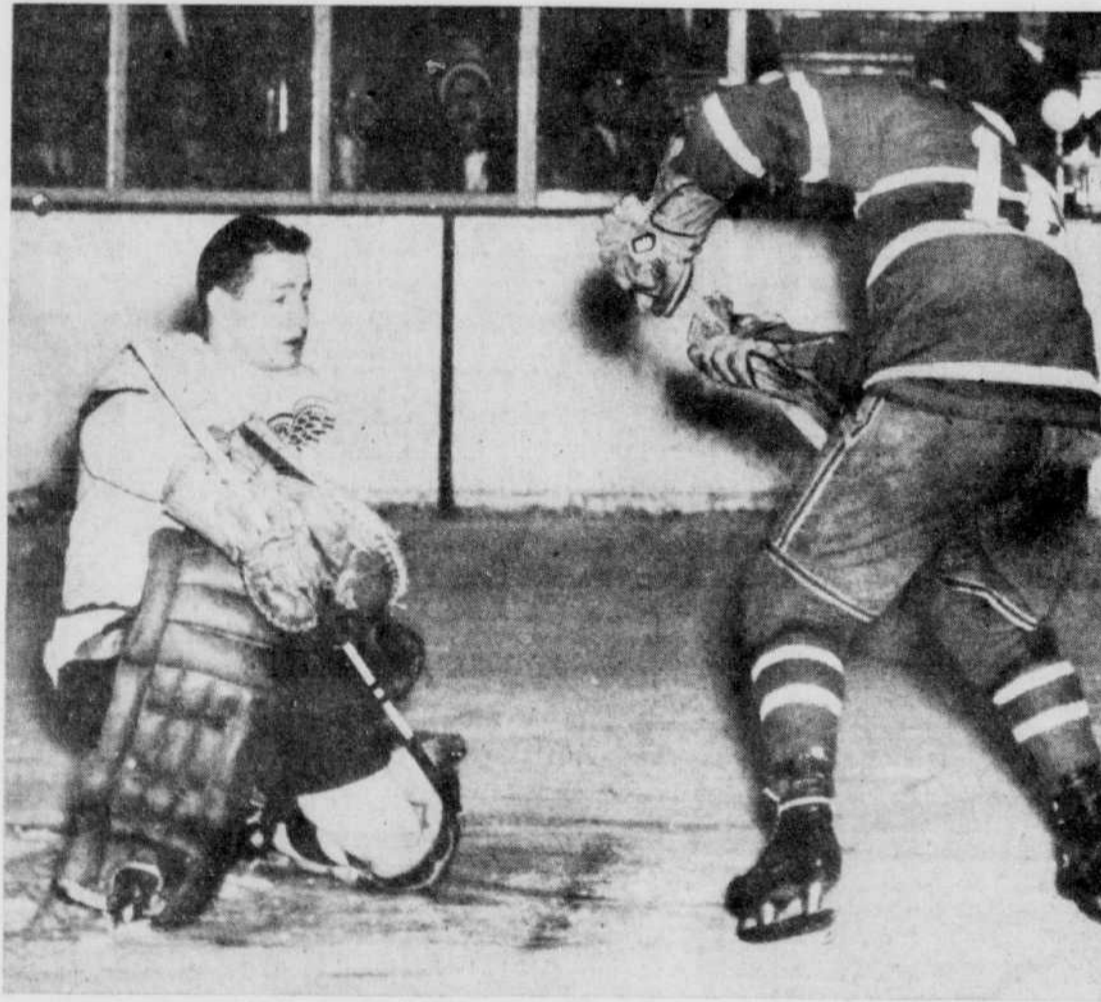

In the Detroit dressing room the players took their defeat gracefully.

Coach Jimmy Skinner and general manager Jack Adams congratulated each of the players, shaking hands with them.

Coach Skinner singled out Beliveau as Canadiens' outstanding star.

"Beliveau was the big difference; he carried the whole Canadian team," said Skinner.

"But I am proud of my players. We have a lot of young fellows on our club and I think they did as well as we could expect."

Argos Sign Two Canadians

Toronto — (CP) — The signing of two Canadian football players by Toronto Argonauts of the Big Four was announced Tuesday by general manager Bill Earley.

The prospects are Dick Howe, a 1954 tackle with University of Western Ontario Mustangs of the Senior Intercollegiate League and half-back Gordon Brown of the Ryerson Institute of Technology intermediate Rams.

Howe, six foot two and weighing 200 pounds, graduated in 1954 but intended to return to Western for a year of post-graduate work.

Brown is a 200-pound, six-foot-two halfback who can play either offensive or defensive football.

Find Right Man And Marciano Will Fight

NEW YORK — (AP) — Charley Goldman, the tiny trainer who helped harness Rocky Marciano's raw power, said Tuesday he doesn't think the heavyweight champion will call it quits.

"From what I know all they have to do is provide an opponent who can draw some dough and Rocky will be in there in September," said Charley.

"If Rocky was going backward I'd advise him to quit myself. He's getting better with every fight. Just imagine, here's the guy who is king of them all and he's improving right along."

FIGHTS TUESDAY NIGHT

Richmond, Calif. — Archie Moore, 196, San Diego, stopped Willie Bean, 211, Los Angeles, 5.

Kansas City, Kan. — Floyd Patterson, 183, Brooklyn, knocked out Chief Alvin Williams, 176, Kansas City, 3.

Miami Beach, Fla. — Bob Satterfield, 182½, Chicago, outpointed Jim Persey, 182½, Miami, 10.

Gros Bill, Rocket And Boom Boom Are Payoff Boys; Plante And Hall Outstanding; 7th Cup Victory

MONTREAL — (CP) — Montreal Canadiens' fearsome weapon, the explosive power play, broke loose in all its fury over a stretch of less than one minute Tuesday night and the prized Stanley Cup was whisked from the hands of underdog but courageous Detroit Red Wings.

Two big goals in the second period and another early in the third before the fighting Red Wings could break into scoring gave Canadiens a 3-1 victory and the best-of-seven cup final four games to one.

It was fitting that all the scoring in the thrilling windup of the season for the National Hockey League champions was looked after by Canadiens' big three — Jean Beliveau, Maurice (Rocket) Richard and Bernie (Boom Boom) Geoffrion.

Alex Delvecchio, the Red Wings' playoff opportunist, scored the single Detroit goal.

It was a spectacular game unfolded before 14,152 screaming Montreal fans—a game of driving, wide open play and a brilliant performance by goalie Jacques Plante of Canadiens who was forced into an almost superhuman effort in shading Glenn Hall, Detroit's rookie netminder.

As the second hand of the Montreal Forum clock swung around for the final minute of the third period, the roars of the crowd became a crescendo that reached its peak when captain Butch Bouchard came on the ice with only three seconds left.

It was the first appearance in play of the veteran defenceman for the entire playoff series and for the last half of the season. Everyone knew it was the swansong appearance of the gallant Bouchard after 15 seasons of campaigning and a gesture that signaled his retirement.

When the final siren signalled Canadiens' first Stanley Cup victory since 1953—after two unsuccessful efforts to defeat the Red Wings—the jubilant Canadiens slapped and hugged each other and the Red Wings to a man joined in congratulating and shaking hands with the new cup champions.

Coach Toe Blake was lifted into the air by his players and carried about before the cup-presentation ceremonies got under way at centre ice.

The goal by Beliveau, scoring champion of the NHL season with 47 goals and 41 assists, was his 12th in the playoffs and tied a playoff record set in 1944 by Rocket Richard in nine games. Beliveau's 12 were amassed in 10 games — five against New York Rangers in the semi-final and seven against Detroit.

The Red Wings gave battle all the way but left themselves vulnerable several times in the scoreless first period when Canadiens were given liberties in the Detroit end and produced the more dangerous shots. It was then that Hall came to the Wings' rescue.

The Red Wings missed their big chance in the first half of the second period. Twice they had the manpower advantage, through Montreal penalties, and both times their own power play was stalled by the forechecking and grim defensive work of Canadiens plus Plante's stand-out display.

The crushing blow came when Detroit defenceman Marcel Pronovost was penalized at 13:50 for tripping Rocket Richard. The Wings stood up under the driving power play only 26 seconds.

Floyd Curry, hard working Montreal right winger, slipped into the Detroit end and dropped a pass back to Beliveau. It was a situation almost made to order for the Montreal centre, who sped in alone on Hall and beat the goalie with a clean shot.

Pronovost was still in the penalty box when Rocket Richard counted what proved to be the winning goal at 15:08. The Red Wings were backed into their own end and trying desperately to ice the puck. From Beliveau the puck went to Geoffrion, who sent a short pass to Richard. The Rocket picked his spot for a cross-fire shot.

It was Beliveau who set up Montreal's third goal, after 13 seconds of the third period. He stickhandled beautifully inside the Detroit zone and rifled a shot that Hall blocked. Geoffrion pounced on the rebound to whip the puck into the net.

The end was in sight but the battling Wings had a scoring punch left. 22 seconds later, Delvecchio took Ted Lindsay's pass in the Montreal end, cut in sharply from left wing and fired a perfect shot that caught the far corner of the net from 20 feet out.

Canadiens outshot the Wings 30-26. Twelve minor penalties were called by referee Frank Udvari, seven against Montreal.

Coach Jimmy Skinner of the Red Wings did some line-juggling for Detroit's final effort. With Metro Prystai back home in Detroit because of an eye injury, Skinner sent an untried junior—Cumming Burton—into the game for several turns. Burton played this season with Hamilton Cubs of the Ontario Hockey Association Junior A League.

Canadiens' victory in the final was their seventh since the NHL was formed in 1917. They also won in 1916. The Wings have won the cup seven times since Detroit came into the league in the 1926-27 season.

"Doc" Dupuis Darts Tournament To Be Held At Hillcrest Sunday

The fourth annual "Doc" Dupuis Memorial darts championship will be held this Sunday at Hillcrest Lodge. Play is scheduled to start at 1:30 p.m. sharp.

This singles tournament is open to all players that are registered in the Southern Eastern Townships Dart League. Over six hundred players are registered with this league that includes five zones, Border, Massawippi, Richmond, Sherbrooke and St. Francis.

The "Doc" Dupuis Trophy has been won in past years by Bob Muir and Albert Scott, of Sherbrooke and last year's winner was Stanley Yetter, of the Border.

Players wishing to enter this tournament are requested to give their names to their team captain as soon as possible.

The "Doc" Dupuis singles tournament is expected to draw a large entry and will be the last chance of the season to watch the best singles players of the S.E.T.D.L. in action.

The Southern Eastern Townships Darts League clubs are presently engaged in a round-robin tournament that will declare a league champion for 1956.

Protest Tossed Out By Dudley

Midland, Ont. — (AP) — A protest by Western officials of the Canadian Amateur Hockey Association over the lateness of the eastern Canadian Memorial Cup final got little encouragement Tuesday from George Dudley, CAHA secretary-treasurer.

Dudley said the present series between Montreal Junior Canadiens and Toronto Marlboros was too lucrative to the CAHA to be cut to five games to meet pre-arranged scheduled playoff dates between the eastern and western champions.

Gordon Juckes, CAHA second vice-president had filed the protest.

He said the western champion may be idle for 11 days or more, awaiting the outcome of the eastern final. Toronto now leads the series 1-0.

Archie Moore Drops Bean To Earn TKO In 5th

Richmond, Calif. — (AP) — Light-heavyweight champion Archie Moore dropped Willy Bean of Los Angeles five times and breezed to a fifth-round technical knockout Tuesday night in Richmond auditorium.

Moore, who must taper down to 175 pounds by June 5 when he defends his title against Yolande Pompey in London, sealed 196 pounds. Bean came in at 211.

The champion floored Bean twice in the second and three times in the fifth before Jack Downey stopped the fight at 2:46.

Bandiera Sues Albertan And CP For \$100,000

Calgary — (CP) — Dean Bandiera, former captain of the Calgary Stampeder football team, is suing The Albertan and The Canadian Press for \$100,000 and costs as a result of published news stories about him.

In a claim for damages filed Tuesday in Supreme Court in Calgary, he alleges the Calgary morning paper and the news agency "falsely and maliciously printed and published" what was termed "defamatory matter" about him.

The suit states the newspaper and news agency meant the player was "disloyal, treacherous, unfaithful, dishonorable and guilty of espionage, and unfit to retain his position as a player and team captain" or to be "engaged in football in Canada."

Vancouver Wins Western Opener

Vancouver — (CP) — Vancouver Canucks took advantage of the breaks to score a 3-1 victory over Winnipeg Warriors here Tuesday night in the opening game of the Western Hockey League final.

Second game of the best-of-seven series is scheduled here Friday night. If Winnipeg wins, a third game will be played here Saturday.

A standing-room crowd of about 5,300 cheered every move of the Canucks as they took a 2-0 first-period lead and battled to a 3-0 second-period advantage.

Phil Maloney, Fred Brown and Bob Kabel counted for Vancouver and Paul Marnick got the only Warrior goal at 15:16 of the third.

Seventeen penalties—nine to Winnipeg—were handed out as elbows, sticks and tempers were carried high.

Holyoke, Mass. — Gerry Tesier, 173, Springfield, Mass., outpointed Gary Garafola, 180, Jersey City, N.J., 8.

Pinky Higgins Should Be Happy Today After Boston's 21-1 Win Over Phils; Mickey Mantle Returns To Action

Pinky Higgins is the world's No. 1 pessimist if he didn't smile during breakfast this morning.

What baseball manager is going to frown when his athletes — and 21 runs, even in an exhibition game? And how is any manager going to hold back a grin when the two big question marks on his pitching staff appear just fine for a change?

Pinky's Boston Red Sox did romp over Philadelphia Phillies.

Saul Rogovinn, an American League castoff, who held his own against Red Sox while working for White Sox and Orioles, was the victim. He lasted just 2 1/3 innings, giving up 15 hits—including solo homers by Jim Pearsall and Jackie Jensen and Ted Williams' three-run poke, his first of the spring, as Red Sox scored seven in the second and eight in the third.

The best news for Higgins, however, was the continued "comeback" of Mel Parnell and Frank Baumann. They represent Boston's southpaw strength on the mound—one of the club's few pennant drawbacks.

They combined to heckle Phils on four hits. Parnell, a castoff since 1954, walked four and gave three hits but wasn't in any danger for his five innings. His only lapse was a homer ball to Del Ennis, Mel, 33, suffered a broken wrist when hit by a pitch in April, 1954, at Washington and hasn't been the same since.

Baumann, the bonus rookie who hurt his throwing arm in the service, showed his best form in three weeks in his one-hit, four-inning chore.

Elston Howard, former Toronto Maple Leaf, homered and tripled as New York Yankees swung for 15 hits and defeated Dallas of the Texas League 6-3.

Whitey Ford, who sprained an ankle Sunday, went six innings for Yanks and was tagged for seven hits and all the runs.

Mickey Mantle made his first starting appearance since rejoining a hamstring muscle March 28 and got a single in

Saint John And Chatham Had Day Off; Fourth Tilt Slated For Tonight With White On Sidelines With Wrist Injury

Chatham, Ont. — Saint John Beavers and Chatham Maroons took it easy Tuesday, figuring a good rest was better than a practice as they awaited the fourth game of their Eastern Canada Allan Cup final series. Neither Beavers, champions of the Atlantic Coast Senior Hockey League, nor Maroons held drills Tuesday. Maroons lead the best-of-seven series 2-1, with the fourth game scheduled here tonight. Both coach Murph Chamberlain of Maroons, all-Ontario senior hockey champions, and playing-coach Steve Brklacich looked on tonight's engagement as a key game. "We have to win this one," said Brklacich. Commented Chamberlain: "We realize the importance of this one. We'll be out to win it."

Aces And Whickles Cop First Game In Total-Pinfall Playoff In City Mixed Bowling For Sinclair Trophy

Aces and the Whickles moved into the lead for the Sinclair Trophy in the City Mixed Bowling League in the first half of the six-strling total-pinfall playoff. J. Strickland walked off with the single and triple honors for the winning Aces when he rolled 292 and 716. W. Taylor took the individual honors for the Co Ops with 612 and 236. In the other half of the playoff K. Patrick came through with a single of 307 and a triple of 765. For the losing Rangers, A. Price rolled a single of 204 and a three-strling total of 550. Vernon Knocks Over Winnipeg

Vernon, B.C. — The rugged Vernon Canadians Tuesday night won the right to represent the West in the fight for the Allan Cup as they downed Winnipeg Maroons 7-5 to take the best-of-seven western final in five games. One was a tie. The victory gave Canadians the Patton Cup, symbol of western amateur hockey supremacy and the right to meet the winner of the Chatham Maroons-Saint John Beavers eastern final. Trouble came in double figures for Winnipeg as Vernon's Frank King, Don McLeod and Art Hart each scored twice. Brian Roche netted the other. Murray Balagas was the big gun for Winnipeg, scoring four goals. Bill Juzda got the other.

Whooping Cranes Head North For Summer Camp

CORPUS CHRISTI, Texas. — (AP) — The world's only known flock of whooping cranes, numbering 27 birds at the last count, has begun leaving the Aransas wildlife refuge near Austwell, Texas, for the hazardous 2,500-mile migration to summer nesting grounds in northern Canada. Eight of the birds have left so far and all are expected to be making the 10- to 15-day flight by the middle of this month. After the nesting season in Wood Buffalo National Park, Northwest Territories, the whoopers will return to the Austwell refuge next fall to spend the winter. Julian Howard, manager of the refuge at Austwell, said all possible precautions are being taken to prevent loss of the birds during flight.

Vancouver Wins Seventh Straight Ladies Title

Toronto — Vancouver Eilers captured their seventh straight Canadian women's Senior A basketball championship Monday night with a 50-44 win over Toronto Maple Leafs. Eilers won the best-of-five series in three games. They edged Leafs 58-55 in the first game and walloped them 64-39 in the second.

Dixie Howell Will Go To St. Paul Club

Louisville — Dixie Howell, veteran third string catcher, was left here Monday night when the Brooklyn Dodgers entrained for Evansville and he will be assigned to a minor league club, probably St. Paul, of the American association. Charlie Thompson 29-year-old lefthanded hitter who was with Montreal last year, will replace Howell in the Brooklyn bullpen.

Colin Kilburn Fined By Prexy For Hitting Fan

Seattle — Colin Kilburn of the Victoria Cougars has been fined \$100 for hitting a fan with a hockey stick. Al Leader, president of the Western Hockey League, announced Monday. The fan was struck Saturday night when the Cougars lost the division final to the Vancouver Canucks in Vancouver. Leader said the fan, who earlier had been heckling Kilburn, required seven stitches to close a gash on the side of his head.

Floyd Patterson Waits For Champion Rocky Marciano To Make Up His Mind; Standing Still Like Rest Of Boxers

NEW YORK. — (NEA) — This is New York's boxing beat in the era of confessions, court rooms and confusions: A few nondescript boxers rattle around Stillman's Gymnasium. Lou Stillman opens his place at noon and by 1:30 he is looking to look up—a full hour and a half before normal closing time. You walk up Eighth Avenue two blocks and find Tex Sullivan sitting in the second-floor offices of the London Sporting Club, which ran televised Monday night shows at the St. Nicholas Arena. "What do I know?" Tex says. "I'm in court trying to fight the commission order that KO'd me." Down a few blocks, Cusy D'Amato, who has Floyd Patterson, was having coffee at a cafeteria table. D'Amato looked out the window at Madison Square Garden, across the street. "Why am I so demanding?" he sputtered. "I got the only heavyweight who means anything. They want me to fight Hurricane Jackson in an elimination bout. The winner fights Rocky Marciano for the title. "They want me to take the same television money—\$4,000—that they give Tom Baldoni, Ray Drake, Jackie LaBua and a dozen others. "I'm riding out this month. "Al Weil is going to have to go something with Marciano. When he does, he will pick the promoter and the opponent. He's a business man. He won't go with these people across the street just because they are promoters. "His feud with Jim Norris is a real. He's going to go where the money is. "Patterson is the only fighter the public will accept against Marciano. I don't have to go to Weil. He'll come to me. "You'd be surprised how many other people want to promote a Marciano-Patterson match. "The promoter that holds the heavyweight title controls boxing. How do you think Mike Jacobs got in? He had Joe Louis, The International Boxing Club came into boxing with the heavyweight title. It could happen again. It always has. "Cross-town, in a carpeted and ash-stand studded office. Weil slips questions with practiced ease. "Rocky is down by South America. He will be here the end of the month." Al said. "Then I'll start using my cropper about September. We got to fight in September. Then two guys Jackson and Patterson, is just layin' around. They ain't causin' no interest. "Marciano would murder this Jackson? Well, what are you goin' to do? It's up to the public. I ain't no salesman. We'll see what's what when the correct and proper time comes. "Jack Dempsey, packing his bags for a trip to Santa Monica, Calif., was as up on the heavyweight business as anybody. "Where's Marciano?" he asked. "I've never seen Patterson. From Florida, Max Waxman, Dempsey's booker, asked:

John Landy, Australia's Top Miler, To Run Twice In California Next Month; Will Try To Set New Record

Melbourne, Australia. — (AP) — John Landy, the fastest miler of all time, visits the United States for two races next month. The Australian school teacher, who has dipped under four minutes in four of his last five races, will run in Los Angeles May 5 and in the West Coast Relays in Fresno, Calif., May 12. His world mark is 3:58. "If conditions are right, I might even run faster than last Saturday," he said Tuesday. He was caught in 3:58.6 in that one and complained later that he felt "sluggish." "But it's just a gamble," he added. "I would dearly love to break the four-minute mile in the United States, though." The under-four-minute-mile has been run nine times since Britain's Roger Bannister broke the barrier two years ago. Landy has done it four times. Wes Santee's 4:00.5 is the closest in the U.S. "I haven't been training particularly hard," Landy said. "But now I'll do some preparation for these meetings. However, I won't go into really hard training for the Olympics until my return from the States." He said he had no idea who would run against him. Landy revealed that the Victorian promotion committee, which is handling publicity for the Games, originally wanted him to go to the U.S. primarily for a series of interviews, television appearances and broadcasts. "I told them I would not go as exhibit A," said Landy. "I told them I was a runner and would go as a runner." There will be no more competitive appearances for him between his American races and the Olympics, the 25-year-old Landy indicated. He plans to arrive in U.S. by air May 3.
