MINIMUM BILL DELAYED.

As Result Royal Assent Will Not be Given Before Friday.

HITCH IN WORDING OF GOVERNMENT AMENDMENT CAUSE OF DELAY.

London, March 28.—The House of Lords last night passed the second reading of the Minimum Wage Bill without division. During the course of the debate Lord Lansdowne said that the Opposition would not amend the bill or delay its passage, but the ministry must accept full responsibility for it. Nobody but the Government and their supporters, he added, had a good word for the bill, which failed to satisfy either of the disputants. Other Opposition speakers denounced the bill in a similar strain.

Owing to some hitch in the wording of a Government amendment and its failure to suit both sides of the House, the Marquis of Crewe announced that the committee stage would be postponed until Thursday. This will result in delaying the royal assent until Friday.

The most serious outbreak since the strike began occurred yesterday at Cannock, Staffordshire, where several thousand strikers, accompanied by hundreds of women, raided a colliery in which eighty men were working. They stoned and overpowered the small force of police on guard, setting fire to two buildings and wrecking others. The rioting continued for several hours, until large reinforcements of police arrived and scattered the rioters by baton charges.

10,000 RETURN IN WARWICKSHIRE.

Warwickshire's 10,000 miners, who were the last to quit work, will be the first to resume. Their executive last night sent a notice to all the miners' lodges, stating that the owners agree to the same minimum wages as when work ceased, and authorizing the men to resume without waiting for a ballot, and announcing also that the district board will be constituted and will meet to-morrow to discuss the wage question.

Thus, with those who have already resumed work in North Wales and Lancashire, there will probably be 13,000 men working in the mines to-morrow. The latest reports from almost all the mining centres, with the exception of South Wales, indicate that the men are anxious to get back to work, although in many cases they have decided to await the result of a meeting of the miners' council which is to be held on Saturday.

TROOPS HELD READY.

Orders were issued at Aldershot last night for all the troops, numbering 10,000, to be prepared to move at any moment into the colliery districts. Troop trains are being held in readiness. Five hundred troops left Lichfield for Cannock, where a serious riot occurred yesterday afternoon, and a detachment of infantry is quartered at Brynallt, where trouble is expected between union and non-union men.

The railway managers have decided to suspend all freight traffic except perishable goods from April 3 until April 9.

COAL OWNERS GIVE IN.

London, March 28.—The British coal owners, after a prolonged meeting yesterday afternoon, resolved to accept the minimum wage bill. This means that all the mines will be opened to the men as soon as they desire to return to work.

TERRIBLE DISTRESS EVERYWHERE.

London, March 28.—Trouble is feared in Scotland, where many men have already returned to the pits and others are anxious to follow their example. In Scotland at many of the collieries the hewers of coal who play their own laborers, whom they pay about 88 cents a day. Should a minimum of \$1.25 be established the hewers will find their profits considerably curtailed.

Conditions throughout the country are growing worse hourly. London has only ten days' supply of fuel left, and thousands of small factories in and about the city must soon close their doors.

In anticipation of this the education authorities have decided to cancel the Easter holidays of the schools.

GRANT TO VETERANS IS INADEQUATE.

This was General Opinion Expressed By Members in Commons.

WILL NOT BE EXTENDED TO THE WIDOWS OF DOMINION'S DEFENDERS.

Ottawa, March 28.—That the sum of \$100 is totally inadequate as a remuneration for the services of the men who took up arms in defence of Canada in 1866 and 1870, as proposed in the bill in the Minister of Militia, was the general opinion expressed when the bill was in Commons last evening.

Some flashes of humor enlivened the discussion. Col. Hughes, in explaining that many difficulties stood in the way of extending the grant to widows of veterans, told of one veteran who had three wives and had families by them all.

"How many widows would be left?" inquired F. B. Carvell (Carlton N.B.). While he thought the amount of \$100 too small, Mr. Carvell thought that the men who had not thought enough of Canada to remain in Canada should not get the grant.

In answer to this contention, Col. Hughes said that there were many Canadians resident in Chicago and elsewhere in the United States who had chartered special trains and came back to fight for Canada. If any men had made sacrifices these men had, and they should get the grant.

Wm. Thoburn (N. Lanark) thought the veterans should have the interest on the \$100 from 1866.

Dr. Steele (S. Perth) declared that if Canada could not extend this grant to the widows of the men who took up arms we should be acting very penuriously.

"My heart strings were almost torn asunder when I had to bring in a bill recognizing the widows," said the Minister of Militia. The point was, however, that most of the men were unmarried at the time they were called out. What right had women who married these men years after to get the grant? Moreover some of these men had been married two or three times.

J. H. Snelair (Guysboro)—"Does the hon. minister intend to say that they left two or three widows?" Col. Hughes denied the insinuation. "It is to the admiralty, not to the army, you have to go for that," he said. "A sailor has a girl in every port, but the soldier is true to one," and the gallant minister of militia laid his hand on his heart to emphasize his statement.

WIDOW CLAIMS \$5,000 FOR HUSBAND'S DEATH.

J. B. Bouchard was Killed by G. T. R. Train at Richmond

ALLEGED THAT ACCIDENT WAS CAUSED THROUGH NEGLIGENCE OF COMPANY'S EMPLOYEES.

An action for \$5,000 has been entered in the Superior Court by Mrs. J. B. Bouchard, Richmond, against the Grand Trunk Railway Company. The late Mr. Bouchard was killed by a train belonging to the defendant company at Richmond on the 18th of October, 1911, and the widow claims that his death was brought about by the negligence of the Company.

and this action also has been taken throughout the provinces, so that the children may be fed regularly. In South Wales want and hunger prevail everywhere. At Cardiff, Newport and Swansea, all the dockers are destitute and the sailors who have been discharged from their ships have joined the ranks of those needing assistance. The strike is now getting a grip on the cotton trade, and several mills in Lancashire have been closed. In Oldham, the greatest spinning centre of the world, a dozen mills have been forced to stop. In the big towns of the china and stone-ware industry food has to be found daily for 100,000 people out of a population of barely a quarter of a million. Under these circumstances the officials of the Government are surprised that there has hitherto been no disorder whatever. Scotland, the police headquarters, fear a trouble, however, has sent out a circular to employers asking whether their employees would consent to act as special constables.

LAKE MEGANTIC AND GOOD STREETS.

Question of Borrowing \$40,000 for This Work Discussed.

AGITATION HAS AGAIN BROKEN OUT TO HAVE A PUBLIC MARKET.

Lake Megantic, March 27.—(Special)—At a special meeting of the Town Council two matters of much public interest were brought forward and discussed, but nothing definite was decided in either case, and they were carried over for further discussion and action.

One of these was the question of good streets and the borrowing of \$40,000 for the purpose. It appears that the Council are in favor of the project, but before it can be accomplished a by-law will have to be drafted at a further meeting or meetings of the Council will have to be held to decide the best methods to be adopted, and then passed by the ratepayers.

The other question was in connection with the establishment of a public market, which is urgently needed in town, but which will call for a good deal of discussion before a decision can be arrived at. This matter has been in abeyance for some years, but the agitation has recently been renewed.

These two questions, with some minor matters, took up the whole evening, and the meeting was adjourned.

COUPLES MUST HAVE CERTIFICATES.

Boston Pastor will Refuse to Marry Those Who are Not Physically Strong.

PROSPECTIVE HUSBAND MUST SHOW STATE OF FINANCES AND BRIDE THAT AS TO HOUSEHOLD WORK.

Boston, March 28.—(Special)—Rev. Mabel R. Witham, pastor of the Church of Immortalism here, will hereafter decline to marry couples unless each produces two duly attested certificates. Both must have physical signatures showing they have passed a medical inspection.

In addition, the husband must present a statement demonstrating his ability to maintain himself and wife in decent circumstances.

The bride's second certificate must show that she is master of the mysteries of household management, cooking and domestic science.

WOMEN JURORS DECIDE AGAINST TAILOR.

Suit Must Fit Perfectly or Custom-er Need Not Pay in Full.

SUCH WAS THE DECISION HAND-ED DOWN BY FIRST JURY OF WOMEN EMPAN-ELLED IN SAN FRANCISCO.

San Francisco, March 28.—(Special)—Twelve women jurors in the justice court decided yesterday that unless a tailor-made suit fits perfectly the man who ordered it need not pay the tailor full price.

As a result of this, F. W. Von Schrader, Jr., an attorney, will not have to pay a balance of \$69 for which he was sued by a tailoring firm.

Von Schrader demanded that his case be tried by a jury of women, the first to be empanelled in San Francisco.

Before them Von Schrader, clad in the suit, twisted, turned and paraded.

LAWRENCEVILLE.

Mr. and Mrs. John Neil of Granby have rented a house in the village and moved in last Monday. Mr. Neil is well-known in these parts, where he has bought live stock for a great many years.

Arrivals and departures: Miss Susie Proulx the week-end with her parents at Davidson Hill; Mr. Geo. Payne and Mr. McDonald of Granby in town; Maj. and Mrs. Brown the week-end in Fulkford; Mr. E. W. Brown to Waterloo on Tuesday.

Mr. W. Hamel has bought a house in the village and is moving into the same. The purchase price is not known.

GRANTS TO UNIVERSITIES.

Quebec, March 28.—The supplementary estimates will provide for grants of money to McGill University and also to Laval, Montreal, and Laval, Quebec. All three will be treated on an equal basis. Sir Lomer will not learn how much is to be given, but it is learned on good authority that the sum will amount to \$25,000 in each case.

MINES ARE NOW IN FULL OPERATION.

King Mine at Thetford Mines Open ed up With 400 Hands.

THIS FACT IS A GREAT BOON TO WORKING PEOPLE OF PLACE

Thetford Mines, March 28.—(Special)—The King Mine, of the Amalgamated Asbestos Co., resumed operations Tuesday morning. The total number of hands employed at the mine and the mills approaches nearly 400, so it can be well understood what a boon this is to the working classes of Thetford.

The Companies Mine, the British & Canadian, at Black Lake was also opened for work on Tuesday.

All the mines at Thetford are now in full operation. The Martin-Bennett Mine has been opened since the works have been completed. They presently employ 250 men, and it is expected that before long they will have over 400 men on the pay roll.

The asbestos trade is very good, and mine owners and the traders generally are looking forward to a prosperous season.

Q. C. RAILWAY VS. BELL ASBESTOS CO.

Complaint as to Bridges at Thetford Mines Before Utilities Commission.

POINT AT ISSUE IS AS TO WHO WILL PAY FOR RECONSTRUCTION.

Quebec, March 28.—The complaint of the Quebec Central Railway against the Bell Asbestos Company in regard to overhead bridges at Thetford Mines was commenced before the Public Utilities Commission yesterday and adjourned in order to get a report of the Commission's engineer as to the state of things in Thetford.

The railway was represented by Messrs. Fergus Murphy and J. H. Walsh, and the Bell Company by Mr. White and Hon. Geo. Smith.

Explanations were given regarding the complaint, the Q. C. R. complaining that the bridge at Thetford Mines is too low. This the Bell Company admit, but the contention now is as to who will pay for the reconstruction of the bridge.

The Bell people claim that formerly the bridge was high enough but the heights of cars has been increased. At present the cars of the Bell Company run over the bridge by gravity, and if the bridge is altered the Bell Company will have to remodel its whole plant.

MEGANTIC TEACHERS HAVE RESIGNED.

Board is Pleased With Their Work and Would Like Them to Remain.

COMMISSIONERS EXPRESS HOPE THAT THEY WILL RECONSIDER DECISION.

Lake Megantic, March 28.—(Special)—There was a regular meeting of the Agnes and Megantic School Board last evening, when the resignations of the teachers were accepted. The Sec. Treas. was instructed to write to each of them the appreciation of the Board in their work, and the progress of the pupils during the present term, and expressed the hope that they will reconsider their action, as the Board was quite satisfied with their efforts for the advancement of the school.

Failing their reconsideration, new teachers will be advertised for. The Easter holidays in the Model School will extend from Wednesday evening, April 3rd, until the following Wednesday or Thursday, at the discretion of the principal. Several accounts were accepted and ordered paid.

THETFORD MINES BOARD OF TRADE.

WILL GET FURTHER PARTICULARS BEFORE JOINING FEDERATED BOARDS OF TRADE.

Thetford Mines, March 28.—(Special)—A meeting of the Board of Trade of this place was held on Tuesday evening. Mr. Blais, president, presided. There was a good attendance of members.

The matter under discussion was whether the Board should join the Federated Boards of Trade of the Eastern Townships which has recently been organized.

After some discussion it was decided to delay coming to a final decision until further particulars in connection with the same were obtained.

The mayor and members of the Municipal Council were made honor-

ary members of the Board.

PROROGATION OF LEGISLATURE.

Not Expected That It Will Take Place Before Wednesday.

AMENDMENT BY MR. BERNARD, SHEFFORD COUNTY, WAS DEFEATED.

Quebec, March 28.—It now seems somewhat doubtful that the Legislature will prorogue this week.

The order paper still figures with more than eighty items, while the estimates are not nearly all voted yet, and still the Opposition obstruct and move amendments each time a motion is made to go into supply.

Invitations have been issued for the prorogation ceremonies, but no date is mentioned, and from the present outlook next Wednesday, the 4th of April, seems the most probable.

When a motion was made to go in to supply in the Legislature, Mr. Bernard, member for Shefford County, made an amendment against the commission appointed to propose rules for the regulating of running waters, on the ground that the members of the Commons were overpaid, and that the same should be reduced.

After a rather stormy discussion, in which the Premier and Hon. Mr. Parent defended the Commission, the amendment was defeated on a division of 49 to 12. Messrs. Jean Prevost and Pennington voting with the Government.

SPLIT IN THE LABORITE PARTY.

Strained Relations Caused During Present Coal Crisis.

SEPARATION OF SOCIALISTS AND TRADE UNIONS MAY BREAK PARTNERSHIP.

London, March 28.—The Times says there is a serious split in the Laborite party following the strained relations during the recent crisis between the trade union and socialist wings, which amalgamated in 1909, of the Coal Bill in the House of Commons, and there were angry and violent recriminations. The trade unionists, including the miners, wished to oppose the third reading of the bill. Ramsay MacDonald and other Socialists argued that the Labor and separation of these two branches is now threatened. The antagonism culminated on March 26, in regard to the course which the party should take in regard to the third reading party should abstain from voting.

The trade unionists prevailed and under the party rules Mr. MacDonald and the other Socialists were obliged to obey and vote against the bill. It is predicted that the vote will embarrass the Labor movement in the country. Several Socialists are going on the stump in support of the bill.

BUSINESS BLOCK BURNED TO GROUND.

East Richmond, Vt., Sustains Heavy Loss By Fire.

DWELLING HOUSE BELONGING TO MR. W. H. HUBBARD SCORCHED.

East Richmond, Vt., March 28.—(Special)—Fire broke out in the general store of Willis & Durkee, on Tuesday night, and spread with such rapidity that the building, as well as the feed store and store room and barn near, were burned to the ground in but little more than an hour.

Though a good crowd gathered and a large number came from Glen Sutton and Stevens Mills, nothing could be done towards saving the contents of the buildings.

An incident of the fire was a lively series of explosions when the fire reached the rifle and shot gun cartridges of which there was a large stock.

The dwelling of Mr. W. H. Hubbard was set on fire, but with the help at hand it was quickly extinguished.

It is but little more than a year since this village was visited by a disastrous fire that consumed the saw-mill, box shop, store, post office and hotel, none of which have been rebuilt except the hotel.

The present disaster leaves this village a purely residential one and at present it cannot be learned whether the store will be rebuilt or not, as Mr. W. Durkee, one of the firm, is away on a business trip.

NORTH STANBRIDGE.

Arrivals and departures: Mr. and Mrs. A. V. Durocher to St. Johns. Mr. Johnson and St. Alexander on Saturday; Mr. and Mrs. A. M. Kemp to Brigham on Sunday; Mrs. C. Durocher with her mother, Mrs. H. Jones, Peacetown; Mrs. A. Kemp has received the announcement of the marriage of her youngest sister, Miss Christina Cameron, in Coaling Cal.

Lawrenceville, March 28.—(Special)—Mr. Arthur Norris had the misfortune to slip when going in his sugar cabin and fell, striking on the sharp edge of a board, he broke a rib, which will lay him up for a time.

CHINESE SOLDIERS MUTINIED.

Left Barracks at Sa Chow and Looted Many Stores.

A NUMBER OF PRIVATE RESIDENCES WERE ALSO SET ON FIRE.

Shanghai, March 28.—(Special)—A body of 500 soldiers belonging to the garrison of Su Chow, in the province of Kiang Su, about 50 miles to the northwest of this city, mutinied to-day.

They left the barracks and raided some of the principal streets, looting most of the numerous pawnshops. They also set fire to a number of private residences.

HANDING OVER OFFICE.

Nanking, March 28.—Owing to the necessity of arranging the details of the surrender of the departments and also settling Dr. Sun Yat Sen's personal affairs, the ceremony of turning over the seal of office, and the announcement of the cabinet have been postponed. They probably will occur to-day.

War Office reports show that the country generally is quiet, but there is unrest owing to the delay in the final settlement. The southern soldiers are being returned to their home provinces as rapidly as transport facilities will permit.

RUSSIA PUSHING OWN MACHINERY.

COUNCIL OF EMPIRE ADOPTS MEASURE FOR ENCOURAGEMENT OF AGRICULTURAL MACHINERY.

St. Petersburg, March 28.—The Council of the Empire has adopted the ministerial bill for the encouragement of the manufacture in Russia of agricultural machinery. The Council restored the bounties which the Douma rejected and reduced the range of machinery to be admitted free of duty, which the Douma enlarged.

LLOYD GEORGE MAY RESIGN.

London, March 28.—There were current rumors yesterday that Mr. Lloyd George will resign forthwith, and that Mr. Winston Churchill will succeed him as Chancellor of the Exchequer.

Mr. Lloyd George is in a wretched state of health, and his supporters agree that he has been profoundly disappointed that his influence was unavailable to induce the Premier to accept the miners' conditions.

Daily Reports From Correspondents
Of What Is Going On.

BURY

Miss Moore and Miss Pehlemann entertained several of the pupils at a snowshoe tramp on Tuesday evening after school. Afterwards they were all treated to ice cream and cake. The occasion was thoroughly enjoyed.

Arrivals and departures: Mr. and Mrs. Andrew, to Eaton recently owing to the severe illness of her grandmother, Mrs. Winslow; Mr. Thos. Moore, from Montreal; Mr. Guy Coates, from Cookshire; Mr. A. Whitehouse, Jr., from Montreal, last week; Mr. George Dunsmore, for the west on Tuesday to accept a position at High River, Alta.; Mr. and Mrs. Alden Saunders to Brookbury on to his father's farm.

Mr. Thos. Stokes who has been so very ill is somewhat improved. Mrs. Rudd is now confined to her bed, through illness; Mr. I. Goodenough is improving; Miss G. Coates remains very poorly. Mr. Grenlay shows slight improvement. Mrs. J. W. Bennett is now able to come down stairs for a few hours each day.

Again our little village is shrouded in gloom over the sudden death of Master Arnold Ross, second son of Mrs. G. W. Stokes. After several hours of intense suffering he died on Monday afternoon about 4 o'clock. The interment took place in St. Paul's Cemetery on Wednesday afternoon at 2 o'clock.

The sugar social, which was

to have taken place at Mr. Wm. Ellis' in connection with the Methodist Church has been postponed till Thursday, April 4th owing to the death of Arnold Ross.

STANSTEAD, ROCK ISLAND AND DERBY LINE.

A leap year snowshoe tramp took place on Monday night under the auspices of the Ladies' Guild of Christ Church. It was an ideal night for the purpose, just cold enough to be comfortable and a hard crust covered with light snow, the stars and moon affording ample light. The party, tramped westward out round the old golf links, then back across the College grounds and on towards the river and swinging round westward again reached the Parish Hall from which the start was made. There an ample and most delectable feast was ready to which the party did full justice. The remainder of the evening was occupied with games and conversation. Much credit is due to two ladies, non members of the congregation, Miss Mary Flint, who made a most capable leader, and Miss Montie who amused the company after supper with two humorous recitations. Altogether it was a most enjoyable affair. The next regular meeting of the Guild will be entertained by Mrs. R. C. Parsons and Mrs. C. F. Whitehead in the Parish Hall on April 9th.

Mr. J. P. Clark has opened as a blacksmith shop, the old Papineau shop at the north end of Stanstead Street.

Mrs. Eugene Dionne (nee Annie Lazerus) of Gorham, N.H., has returned to Stanstead to reside with her

parents, her husband having recently died.

The Woman's Reading Club will meet on Tuesday next at the home of Mrs. L. B. Robinson, Mrs. Coie will give a paper on "Alaska."

LAKE MEGANTIC.

The funeral of the late Mr. Findlayson McLeod took place on Tuesday afternoon and was very largely attended. The service was held at the home, at the Lake House in Megantic, on account of Mrs. McLeod being an invalid and unable to go to the church, and was conducted by Rev. J. R. Douglass, the pastor of the Presbyterian Church, with which the deceased was connected. Mr. Douglass gave a very touching and impressive address. Rev. Mr. McLeod, of Marshboro, delivered an address in Gaelic. After the service the remains were conveyed to the hearse by the bearers, Messrs. Allan McDonald, J. O. McDonald, Donald J. McDonald, John McLeod, D. P. Matheson and Murdo McKenzie. The chief mourners were his children, Miss Jennie McLeod and five sons, John, Robert, Malcolm, Joseph and Neil. Two very beautiful wreaths were placed on the casket, one from the school pupils and teachers, and one from the I.O.O.F., of which order the deceased was a member. He had also been a recent member of the Presbyterian Church. The body was taken to the Echo Vale Cemetery by way of the lake, where the interment took place. Rev. Mr. Douglass delivering the simple funeral service and prayer of the I.O.O.F.

EAST ANGUS.

On Sunday, March 24th, the pulpit of the Presbyterian Church, Chateaugay, N.Y., was supplied by Mr. David Dunlop, student of McGill University, Montreal. Mr. Dunlop has been appointed to East Angus Presbyterian Church for the coming summer. He has been supplying the church each alternate Sabbath during the college session. His friends in East Angus will be glad to know of his reappointment.

On Wednesday, March 20th, Mr. and Mrs. James Williamson entertained a party of young people, it being the twentieth birthday of their son Herbert. The evening was spent in games and dancing and a most delicious lunch was served.

Mr. Raymond Mills has recovered the sleigh robe which he lost two weeks ago. It cost the man that took it as much as would have bought him a pair of new robes, and now he has not even one to show for the money.

Dr. Ethier, of Sherbrooke, was in town on Monday, called to see Mr. Willie Tugman, whose condition remains about the same.

Mr. and Mrs. F. A. Little went to Montreal on Wednesday with their son, Master Arthur, who has gone to the Royal Victoria Hospital for treatment.

Mr. D. Macrae is moving into Mrs. Irwin's house near the ferry.

Arrivals and departures: Mr. Thomas Mitchell, of Drummondville, guest of his daughter, Mrs. J. A. Bothwell; Miss F. L. Cowling, to Cookshire at Mr. Taylor's; Mrs. E. J. Planché, of Cookshire, guest of Mrs. R. C. Cowling; Dr. Bandt from Magog on Monday; Mr. and Mrs. F. W. Barter at Mrs. W. Sunbury's; Mr. Robert Briggs, of Inverness, at his brother's, Mr. H. MARBLETON.

Word has been received here of the death of Mrs. Philip Sweet, sister of Mr. Charles O. Hall, of Marbleton, which took place at her home, Washington, R. I., Wednesday, March 27th. Mrs. Sweet had been in feeble health for some time, but had borne her sufferings with patience and resignation. She leaves to mourn her loss her husband, a son, step-son, two sisters, two brothers, uncles and aunts, nieces and nephews, cousins and a large circle of friends.

RICHMOND.

The funeral of the late Mrs. M. Murphy took place Wednesday morning from her late residence at Melbourne, thence to St. Bibiane Church. The interment was in the Roman Catholic Cemetery.

Constance Crawley and her company played Tuesday and Wednesday nights in the Opera House to a large audience. The plays which were presented were "What Kitty Did," "A Moral Question." The company left Thursday morning for Montreal.

ONTARIO'S NEW TAX MEASURE

LEGISLATURE WILL APPOINT A COMMITTEE TO STUDY THE QUESTION.

Toronto, March 28.—A special committee of the Legislature is to be appointed in the course of a few days to enquire into the whole question of assessment, with the two single tax measures now before the House as the basis of the investigation.

The announcement was made by Hon. Mr. Hanna yesterday during the debate, and in making it he assented to the second reading of both bills. The Provincial Secretary with out going into the merits of the bills, which were considered jointly, pointed out some of the difficulties that would arise in working out the single tax system in Ontario, and suggested that the special committee take a number of representative towns and cities and work out the effect that the adoption of the principle of land taxation would have.

MAKES HAIR RADIANT
OR MONEY BACK

People who desire to preserve the hair can gain some valuable information from the following:

Have your own brush and comb at home and at hair dressers.

Never use a brush or comb in public places, they are usually covered with dandruff germs.

Wash your hair brush once a week with soap and warm water to which is added a disinfectant.

Shampoo the hair once a week with pure soap and water.

Use PARISIAN SAGE every day, rubbing thoroughly into scalp.

PARISIAN SAGE is guaranteed by F. T. Ansell to destroy dandruff germs and soothe itching scalp.

To stop hair from falling and scalp from itching, or money back.

To put life and beauty into dull, faded hair, or money back. Price, 50 cents.

GOVERNMENT
OWNED STEAMERS.

Would be Used in Connection with West Indian Trade.

THIS WILL BE MAIN QUESTION DISCUSSED BETWEEN ISLANDS AND CANADIAN DELEGATES.

Ottawa, March 28.—If the negotiations which opened to-day between the West Indies delegates and the Dominion Government for closer trade relations prove successful, as it is confidently expected they will, it is possible that the Government may establish a line of Government-owned steamers, which would be a part of the Intercolonial system, to run between Halifax, St. John and the islands.

One of the main questions which will be debated at the conference will be a faster steamship service, for both the delegates from the Indies and the Dominion authorities realize that a reciprocity treaty is useless without faster steamship connection. As the I.C.R. handles the largest part of the Maritime Province trade which would go to the West Indies, it is pointed out that it is only reasonable that the Intercolonial line of steamers should carry the products south and north.

ASSAIL MOTIVE OF
G. T. PROPOSITION.

All Roads are Against Company Being Allowed to Enter Boston.

ARGUE THAT HANDS ARE TIED BY THE CANADIAN GOVERNMENT.

Boston, March 28.—(Special)—Combining for their self-preservation, the New York, New Haven and Hartford, Boston & Maine and Boston & Albany railroads pleaded with the Legislative Committee on Railroads yesterday not to let the Grand Trunk come to Boston. They contended that there is no public necessity for it shown, that the existing rails into Boston should be free from intrusion by it, that it is a small system in comparison with the railroads that reach Boston and that it is neither financially nor morally able to give Boston what it is promising, as its hands are tied by the Canadian government, and its motive in trying to enter is to "do" New England by diverting American business to Canadian ports.

Danderine

Stops Falling Hair and
Destroys Dandruff

Makes the Hair Grow Long, Heavy and Luxuriant and We Can Quickly Prove It

If You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed to find your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

NON
RUSTABLE
D & A
CORSET

The D & A price has been the First Step of many Fashionable Women towards Corset Style and Comfort.

FROM the latest Paris designs, adapted to Canadian figures, D & A Corsets are produced from the best materials in one of the finest factories in the world. Made in large quantities and sold at small profits, D & A Corsets save their purchasers from \$1.00 to \$3.00 over imported corsets of even values. This saving has induced many to try them and the style, comfort, and good wear has won us permanent customers.

The D & A Corset No. 510 illustrated herewith, is designed for the woman with a small or medium figure and requiring little bust support. This model has medium bust, extended hips and long back. It is made with English coutil, trimmed with wide lace, ribbon and bow, has duplex steel bones, stopped top and bottom with silk, six lisle suspenders, draw string and skirt. An imported corset covering the above description would cost \$3.00. The D & A model 510 is sold at all good stores for \$2.00. Other D & A models, from \$1.00 to \$3.00, every one guaranteed.

FOR SICK, SOUR, BILIOUS STOMACH,
INDIGESTION AND GAS TAKE CASCARETS

That awful sourness, belching of acid and foul gases; that pain in the
pit of the stomach, the heartburn, nervousness, nausea, bloating after
eating, feeling of fullness, dizziness and sick headache, means indigestion;
a disordered stomach which cannot be regulated until you remove the
cause. It isn't your stomach's fault. Your stomach is as good as any.
Try Cascarets; they cure indigestion, because they immediately cleanse
and regulate the stomach, remove the sour, undigested and fermenting food
and foul gases; take the excess bile from the liver and carry off the de-
composed waste matter and poison from the intestines and bowels. Then
your stomach trouble is ended forever. A
Cascaret to-night will straighten you out by
morning—a 10-cent box will keep your entire
family feeling well for months. Don't forget
the children—their little insides need a good,
gentle cleansing, too.

Have you ever eaten?
OATMEAL BREAD?

MANY people are afraid to eat fresh bread
because it is hard to digest. But oat-
meal bread can be eaten as soon as it
comes from the oven and there is no difficulty
in digesting it.

The addition of Tillson's Oats, which you will
see in the recipe below, gives to this bread a
delicious flavor and a dietetic balance.

If you have been fond of brown bread you will
forsake it in favor of this oatmeal bread.

Try it.

Oatmeal Bread

With one quart of boiling water scald two cups of Tillson's
Rolled Oats. Add one tablespoonful of salt and one of lard.
When cool, add one yeast cake dissolved in one cupful luk-
ewarm water, and three cups bread flour, or enough to make a
batter. Beat well. When light add one-half teaspoonful soda
dissolved in a very little warm water, and one-half cupful of
sugar. Beat eight cups of flour into the batter, making the
bread as stiff as can be stirred. It may take more than this
amount of flour, which should be added gradually, beating and
stirring continually. Turn into the tin, let rise, and bake one
hour in a slow oven.

Your grocer has Tillson's. Two sizes—10c
and 25c. Each 25c package contains a hand-
some piece of English Porcelain Tableware.

ral will remain over the week end.
Miss Muriel Landers is home from
Dunham for a short visit.
The funeral of the late Mrs. Berger,
wife of Mr. Noel Berger, assistant
roadmaster C.P.R., took place at the
Roman Catholic Church on Tuesday
morning.
Mrs. Naylor, who has been suffering
from injuries due to a bad fall, is
able to be up.
A C.P.R. bridgeman named Bedard
had a piece of steel off a hammer em-
bedded in his left eye about a month
ago. As it was causing him much
trouble, Dr. Slack removed it by op-
eration on Wednesday.
The infant child of Mr. D. Comeau
was buried on Wednesday.

WEST BOLTON.

Mrs. Aaron Whitehead is still un-
able to use her arm and suffering
considerable pain from the fall she
received a few weeks ago.
Mr. LeClerc opened his skimming
station at the Brill on Monday. Mr.
Herbert Turner is operating again
this year.
Arrivals and departures: Mr. and
Mrs. David Cousins of Bolton Glen

on Saturday. Miss Aggie Wilson,
who has been in Nebraska for the
winter, is expected home on Satur-
day; Mr. and Mrs. Harvey McLery
of South Stukely with relatives here
last week; Mr. Henry Goddard in
Montreal to attend the milk ship-
pers' meeting.
Mr. Gavin of Bolton Mountain has
just completed a big winter's work,
being that of hauling 250 cords of
wood from his home on the mountain
to Knowlton.

EAST FARNHAM.

Arrivals and departures: Mr. and
Mrs. Rufus Thompson and child of
Brigham visited Mr. and Mrs. C. F.
Buck on Sunday; Mr. and Mrs. El-
wood Shufelt of Montreal visiting her
parents, Mr. and Mrs. J. J. Brim-
mer; Mrs. Maurice Hawley returned

home from Granby last week, having
been the guest of her sister there for
some time.
There was no service in the Union
Church last Sunday owing to the ill-
ness of the pastor, Rev. A. T. Jones.
The box-social held last Wednesday
evening was quite a success. A fine
programme was rendered and an all-
round good time enjoyed.
Mrs. Teyviaw has fully recovered
from her serious illness.
Mrs. Archie Grant has been indis-
posed, but is convalescing at present.

WATERLOO.

On Tuesday evening the "Truth
Seekers Bible Class" of the Metho-
dist Church gave their first social eve-
ning in the form of a sugar social.
The weather being fine there was a
good attendance, the sugar leaving
nothing to be desired. The aim of
this class is to get all the adult
members of the congregation to at-
tend Sunday School. The Rev. E. W.
S. Coates is the teacher and Mr. A.
A. Racicot the president. After sugar
had been partaken of the following
programme was rendered: President's
remarks. Mr. A. A. Racicot; solo,
Miss N. Soule; reading, Mrs. H.
Bird; quartet, Mesdames Coates,
Vaudry and Messrs. Racicot and Pal-
mer; reading, Mrs. P. B. Vaudry;
short address by Mr. Palmer; quar-
tet, Mesdames Coates and Vaudry
and Messrs. Racicot and Palmer;
reading, Rev. E. W. S. Coates. The
evening closed by all joining in the
singing of the National Anthem.

GRANBY.

Principal Adams gave an interest-
ing and instructive lecture on tea-
growing Monday evening in the as-
sembly hall of the High School.
There was a good attendance and all
enjoyed the lecture, which was splen-
dently illustrated by lantern views.
Messrs. Gladys Savage and Florence
Bowker contributed a piano duet.
Mr. and Mrs. George Traver of
McNeil Crossing spent the week-end
guests of Mr. and Mrs. M. J. John-
son.
Mr. G. A. Mitchell of Waterloo was
in town on Monday.

Mr. and Mrs. W. S. Bullock of Rox-
bury were in town on Saturday.
Through a typographical error of the
26th, an item says, "The choir will
render Mander's 'Olivet to Calvary.'"
It should have read Mander's
"Olivet to Calvary."
Mrs. Blunt of Knowlton is the
guest of Dr. and Mrs. W. H. Blunt.
Dr. Hill of Montreal will give an
illustrated lecture on the Passion
Play on April 3rd.

THE RIGHT MAN IN THE RIGHT
PLACE.

(Cookshire Chronicle.)
The Associated Boards of Trade
made no mistake when they elected
Mr. E. W. Farwell, of Sherbrooke, as
the first president of this organiza-
tion. He possesses a personality that
few men can boast of, whole souled,
and his entire make-up is so bubbling
over with energy that he never fails
to enthuse all those who come in
contact with him.
It was when Mr. Farwell presented
the claims of the Eastern Townships
before the Premier at Quebec, that he
exhibited his business training and
ability. In a clear and concise man-
ner, calmly and without gusto he laid
before the members of the Cabinet the
objects and claims of the Association.
—Here we pause to say that he was
ably assisted by Messrs. R. C. Wil-
kins and Jos. Roy, Vice-Presidents of
the Associated Boards of Trade.
Knowing Mr. Farwell, as we do, we
feel safe in saying that the watch-
word will be "Forward," now that
he has put his hand to the plow there
will be no looking back.

THE RIGHT MAN IN THE RIGHT
PLACE.

(Cookshire Chronicle.)
The Associated Boards of Trade
made no mistake when they elected
Mr. E. W. Farwell, of Sherbrooke, as
the first president of this organiza-
tion. He possesses a personality that
few men can boast of, whole souled,
and his entire make-up is so bubbling
over with energy that he never fails
to enthuse all those who come in
contact with him.
It was when Mr. Farwell presented
the claims of the Eastern Townships
before the Premier at Quebec, that he
exhibited his business training and
ability. In a clear and concise man-
ner, calmly and without gusto he laid
before the members of the Cabinet the
objects and claims of the Association.
—Here we pause to say that he was
ably assisted by Messrs. R. C. Wil-
kins and Jos. Roy, Vice-Presidents of
the Associated Boards of Trade.
Knowing Mr. Farwell, as we do, we
feel safe in saying that the watch-
word will be "Forward," now that
he has put his hand to the plow there
will be no looking back.

Every seat in the Monument National is a good one. Make sure of yours for to-night. Phone LeBaron's Music Store early. A capacity house is expected.

Miss Alice Sayer was taken to the Protestant Hospital on Wednesday, and now lies in a serious condition.

The booking for to-night's Symphony Concert is already three times larger than at any previous concert.

On Friday evening, March 29th, at 7 o'clock the Sunday School Endeavor class of the Congregational church will hold a picture entertainment in the church hall. Views of the famous Yellowstone Park, Alpine scenery, Switzerland, scenes from the life of Christ by famous artists, etc. This is specially for the members of the Sunday and Home Study Class. Parents and friends of the children and others are cordially invited. A silver collection will be taken.

SYMPHONY ORCHESTRA CONCERT TO-NIGHT.

The Sherbrooke Symphony Orchestra will give their second and last concert for the season this evening at the Monument National. The advance sale of seats has been large, and it is expected that every seat will be taken when the curtain rises.

Y. M. C. A. BOWLING ALLEYS.

The bowling alleys at the Y.M.C.A. during the past year have been one of the most popular parts of the building, as will be seen by the fact that over 3,600 games have been rolled during the season.

The Association has not only been successful in capturing the City League Bowling Championship for the second time and with it the highest team score as well as highest individual score, but there are from 15 to 20 other members rolling in the 200 class. The alleys have been kept in good repair and have been appreciated by all.

A three days' tournament is being arranged to close the season when suitable prizes will be given for the best single and three string scores.

HELD ANNUAL BANQUET.

No. 7 Company, 53rd Regiment, held their annual banquet last evening in the Lecture Hall of the Armory. A large number of Non-Coms. and men were on hand and spent a thoroughly enjoyable evening. The Company and guests sat down to a sumptuous repast and did justice to the good things provided. After the toasts to "The King," "Our Country," "No. 7 Company," and "Our Sister Companies" had been proposed by Chairman Hastings and duly responded to, the following musical programme was successfully rendered: Song, "Anchored," Staff-Sgt. Guy; Quartettes, Messrs. Matthews, C. Johnstone, J. Johnstone and McCusworth; "One Man Band," Mr. A. Barrie; Songs, Col.-Sgt. Wilson, Corp. Rawlings; Vocal Solo, Mr. C. Johnstone; Selection, Messrs. A. Barrie and M. Gettins; Quartette, "O Canada," Messrs. McCusworth, J. Johnstone, C. Johnstone and Matthews.

Mr. Jones acted as accompanist.

Every number on the programme was loudly endorsed.

Replying to the toast to his health, proposed by Sgt.-Major McAllister, Captain Francis stated that a dual honor had been imposed on him. He was the guest of his company and, as commanding officer, their representative. He felt that he had the nucleus of a good company and thanked the men for the interest they had shown. Captain Francis then paid a tribute to Sgt.-Major McAllister. He regretted the announcement that the Sgt.-Major would soon retire from

his post as instructor. The 53rd Regiment was known throughout the length and breadth of Canada for efficiency, and wherever he had heard it spoken of the name of Sgt.-Major McAllister was mentioned as being responsible to a large extent for that efficiency. By his untiring efforts and unabating interest he had done much to raise the standard of the "Old 53rd."

In conclusion, he moved a vote of thanks to Messrs. McCusworth, C. Johnstone, J. Johnson, Jones and much to the success of the entertainment. Matthews, who had contributed so much, also to Chairman Hastings, Secretary Rawlings and the Committee, Gettins, Staff-Sgt. Guy, Col.-Sgt. Wilson, Bandmaster Barrie and all others who had helped to make the evening an enjoyable one.

The Company then sang "O Canada," and "God Save the King," after which they left for their homes feeling that No. 7 Company's annual banquet had been an unprecedented success.

FINANCIAL AND
MARKET NEWS.

COUNTRY PRODUCE.

EGG MARKET ACTIVE.

Montreal, March 28.—The demand is steadily increasing for local con-

sumption, and the egg market is active, with a steady undertone: We quote prices as follows: Canadian new laid, round lots 25 to .26 Canadian new laid, single cases 00 to .27

BETTER DEMAND FOR HONEY. Montreal, March 28.—There is no change in honey, but the demand is somewhat better owing to the approaching Jewish holidays. We quote: Clover, white honey 10¢ to 11¢ Dark grades 07 to .08 White, extracted 08 to .10 Buckwheat 07½ to .08

MAPLE PRODUCTS SLOW. Montreal, March 28.—Business in maple product was slow and will be until the new crop comes in. We quote: Maple syrup, in wood, at 7¢ to 7½¢ per lb., and in tins, 70¢ to 75¢, as to size, and maple sugar at 8¢ to 9¢ per lb., as to quality.

GOOD POTATO TRADE. Montreal, March 28.—A good trade continues to be done in potatoes and the market is fairly active with a steady undertone. Green Mountains, in car lots, are selling at \$1.60 to \$1.70 per bag of 90 lbs.; English potatoes at \$1.55 to \$1.60, and other varieties at \$1.40 to \$1.45.

PROVISION MARKET.

DRESSED HOGS IN DEMAND. Montreal, March 28.—A strong feeling prevails in the market for dressed hogs at the recent advance. The demand for abattoir fresh-killed was good in a jobbing way, and sales were made at \$11.50 to \$11.75 per 100 lbs. In all lines of cured meats a more active trade is doing and prices are firming up.

DAIRY PRODUCE

BUTTER MARKET STRONGER. Montreal, March 28.—The butter market is somewhat excited at present owing to the increased scarcity of supplies, and in consequence a much stronger feeling prevails, prices for Canadian and New Zealand creamery being 1¢ per lb. higher for wholesale lots and 2¢ for single packages, sales of the latter being made to-day at 38¢, and without the situation is relieved in the near future it looks as if the 40¢ mark will be reached. We quote: Choicest creamery 35½¢ to 36¢ Current receipts 34¢ to 35¢

Western dairy 28¢ to 29¢ Rolls 28¢ to 30¢

CHEESE MARKET QUIET. Montreal, March 28.—The cheese market is without any new feature, business being quiet and prices firm. We quote: First western at 15½¢ to 15¾¢; lower grades at 14½¢ to 15½¢, and fadders at 14¢ to 14½¢.

MONTREAL LIVE STOCK MARKET

SLOW TRADE WAS DONE AT YESTERDAY'S MARKET.

Montreal, March 28.—About 600 head of butchers' cattle, 90 milch cows and springers, 1800 calves, 100 sheep and lambs and 860 hogs were offered for sale at the East End Abattoir yesterday.

The butchers were out strong, but did not seem to need many cattle, and a slow trade was done at about former rates. Prime beefs sold at from 8½¢ to 7¢ per lb.; a few of the best were held for higher prices. Pretty good animals, 5½¢ to 6½¢, and the common stock 4¢ to 5¢ per lb. Milch cows sold at from \$25 to \$65 each. Calves sold at from 20¢ to 60¢ per lb. Sheep sold at 3½¢ to 6¢ per lb. Yearling lambs, 6½¢ to 7¢ do. Mr. Fred Richard bought 7 spring lambs at \$6.50 each. Good lots of hogs sold at about 8½¢ per lb.

DAIRY MATTERS
WERE DISCUSSED

Government Will Make Buttermilk Same Terms as Previously At Brome.

MR. GEO. H. BARR, OF OTTAWA, HANDS OUT GOOD ADVICE TO THE DAIRYMEN.

Brome, March 28.—(Special)—The largest attended dairy meeting ever held in connection with the opening of Brome Creamery, took place in the Town Hall here. Farmers for miles around, private citizens, and representatives from both the Bank of Commerce and Moisson Bank, made up the Company. Mr. E. Caldwell was called to the chair, and Mr. R. E. Miller chosen as Secretary for the evening.

At about 8.30 o'clock the meeting was called to order, and Mr. Geo. H. Barr, Chief of the dairy division, representing the Department of Agriculture at Ottawa, was introduced. He addressed the Assembly at some length, offering to manufacture whole milk and cream on the same terms as those of the past year. He urged the farmers to take much pains with the care of their milk, describing the best cooling system to be that of placing the can in a tank or tub of cold water when first commencing to milk, straining in each cow's milk until finished, and then leave plenty of water around the can, cover up the can and leave until morning. Aeration was not necessary.

This tried system will ensure sweet, untainted milk, without the "leathery" cream which is caused by the air blowing across the can, and which never properly mixes to guarantee a correct test. He also urged the farmer to breed, weed and feed; citing many instances where dairies had been increased from 4,000 pounds per cow to 8,000 and over. The speaker endorsed and advised the pasteurizing of skimmed milk, as a safeguard against tuberculosis and thought the system should become universal.

BUSINESS FOLLOWED.

The meeting was then in the hands of the patrons, who accepted the proposed terms, viz., 2½ cents per lb. for manufacturing of butter from whole milk, and 2 cents for cream, the department furnishing and paying a competent milk tester.

On a motion of Mr. Wm. Lefebvre, seconded by Mr. B. Joyal, Mrs. C.H. Frizzle was re-elected Secretary at 7½ cents per envelope, and dividend to be struck every two weeks. The motion was unanimous.

It was moved by Mr. J. E. Jackson, seconded by Mr. S. H. Salisbury, that Mr. R. E. Miller be re-elected salesman for the season, the remuneration to be \$2.00 per sale. This was carried unanimously.

Mr. Benj. Draper and Mr. E. W. Ray were unanimously elected as a committee for reference.

On a motion of Mr. Wm. Lefebvre, seconded by Mr. L. Stone, Mr. E. I. Peters was engaged at 1¢ per box to draw the season's butter from the factory to Brome Station.

It was also moved by Mr. E. W. Ray and seconded by Mr. Fred Farmer that the business of the creamery be transacted through the Bank of Commerce, of which there is a branch in the village.

The factory opened on Wednesday morning with over 3,300 pounds of milk and a quantity of cream. The question of the new creamery being erected at Brome is entirely in the hands of the patrons, who are asked for their patronage.

DEED OF SALE BEARS OLD DATE.

Relates to the Old Stevens Farm Beside Kirkdale Church.

ORIGINAL PROPERTY WAS GRANTED TO VENDOR BY THE THEN KING.

Richmond, March 28.—(Special)—Donald M. Rowatt, N.P., of this town, has in his possession a deed of sale bearing the date of June 11th, 1805. The document, which was made out by one L. Lalanne N.P., relates to the old Stevens farm beside the Kirkdale Church, Durham.

By the deed Benjamin Turner of the Township of Durham in the County of Bedford, Yeoman, sold to William Cross, of St. Armand, Yeoman, "all that tract of land situate, lying and being in the township of Durham in the district of Three Rivers in the aforesaid province, known and distinguished by lot Number Five in the fourth range in the said township, containing two hundred superficial acres of land and the usual allowance for highways, by the same more or less. . . . The said premises unto the said vendor belonging, it being a part of a greater quantity which was unto him granted by His Majesty, as in and by the Letters Patent of the said Township of Durham, bearing date at the City of Quebec the 30th day of August 1802."

The clause relating to the payment is as follows: "This bargain and sale is thus made for and in consideration of the sum of Fifty Pounds currency of the province aforesaid, the receipt and payment whereof the said vendor in the presence of us the said Notary and Witnesses did and hereby doth acknowledge, and thereof and every part thereof acquit, exonerate and discharge the said purchaser his heirs and assigns forever."

The signatures to the deed were witnessed by Bela Elderkin and John Evans.

Be Suspicious

BE suspicious of that of which nobody is proud. Be suspicious of the mere low-price argument offered in favor of an article with no reputation, no backer, no guarantor.

Better buy the thing you know and can trust, than an article unbranded and unvouched for.

The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker.

The underwear made by a firm whose name is as familiar to you as your own, is worth more to you than underwear nameless or labelled by a maker of whom you have never heard.

Tea sealed in a packet bearing the name of a reputable firm is to be preferred to tea of which the packer is not sufficiently proud to advertise its quality.

That in which much money has been invested to make or keep it good is worth more than that on which nothing or but little has been spent.

Peace of mind is worth something, just as quality is. Buy peace of mind.

When you buy anything worth while buying, buy that of which you know— from advertisements, or from other dependable acquaintance. Buy the article with the "money back" guarantee—with the pledge of a known name behind it.

Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.

PROPOSITION OF
A GUN LICENSE

DELEGATION FROM FISH & GAME ASSOCIATION HAS INTERVIEW WITH PREMIER.

Quebec, March 28.—(Special)—A delegation from the Province of Quebec Fish and Game Club waited on Premier Gouin yesterday. A three-fold request was made, namely, an increase in the subvention from the Provincial Government, the extension of the partridge season and the imposing of a gun license. The subvention is held to be deserved on account of the beneficial work which is being carried on throughout the province and which is continually entailing greater expenditure.

The request for the extension of the partridge season means that the five year period established by law expires this year, and Mr. J. R. Innes, secretary of the Association, explained that partridges would be exterminated unless this law were renewed. "If the Government does not enforce the Game Act," he stated, "this country will become a veritable wilderness for the next generation in view of being what it ought to be, the finest game country in the world."

As to the proposed gun license, this Mr. Innes justified on the ground that too many irresponsible persons are wandering around in the vicinity of the city and making it dangerous for people—especially women and children—to be abroad in the woods and country parts. With a system of licensing, detection and identification would be rendered easier in case of accident or carelessness in handling weapons.

On the other hand, the lack of religion in business is even more injurious in its effects on society and the world at large. The business man whose sole aim is for use on the Sabbath only, like his good clothes and his hymn book, but who through the week proceeds to squander upon the theory of Ecclesiastes that there is "a time to rest, and a time to keep"—such a one, while he may profit in purse, undoubtedly keeps other men away from the house of worship and renders more difficult the ultimate conquest of Christianity. It is not to be denied, of course, but for the leaven of good business men in its ranks the church would be in sorry straits and denominational agencies would be hopelessly crippled. Neither is there any doubt that but for the number of religious men in business the standards of the counting house would be immeasurably and deplorably different. But if there were more of such in the other, and a higher degree of constancy could be obtained in the application of the principles of both at times and in places where they are most needed to work out the problems of the period, the world would be much better and mankind decidedly happier.

It is reported that Mr. Howard has sold his lumbering property and interests to the Berlin Mills Co., and that the Breaking Company has been approached and an offer made for theirs. Some think that the Berlin Mills Co. would like to secure a monopoly of the business here.

BUSINESS AND RELIGION. (From the Pittsburgh-Gazette Times.) Speaking at the Ecumenical Conference of the Methodist Church at Toronto, former Vice-President Fairbanks declared that there "should be more religion in business and more business in religion."

This is an epigrammatic way of voicing a criticism that has been made frequently by clergymen, one of the gravest difficulties in the church to-day, among all denominations, is due to the fact that good business men forget their commercial duties, or rather lay aside their financial astuteness and foresight, in all that relates to the conduct of temporal affairs in Christian effort. They practice lax methods, wink at a loose system of administration, permit heavy debts to be contracted in the face of adverse circumstances, and generally submit to operations which they would not tolerate in their own business. Still worse than this, there are good business men in religion who neglect the ever-present opportunity of applying the energy, patience and determination that are the foundation stones of success in private life to the labor of building up the spiritual kingdom, and so fail to use the talents entrusted to them in the manner intended by Providence. This is one of the greatest discouragements to which the minister of a flock is subjected.

On the other hand, the lack of religion in business is even more injurious in its effects on society and the world at large. The business man whose sole aim is for use on the Sabbath only, like his good clothes and his hymn book, but who through the week proceeds to squander upon the theory of Ecclesiastes that there is "a time to rest, and a time to keep"—such a one, while he may profit in purse, undoubtedly keeps other men away from the house of worship and renders more difficult the ultimate conquest of Christianity. It is not to be denied, of course, but for the leaven of good business men in its ranks the church would be in sorry straits and denominational agencies would be hopelessly crippled. Neither is there any doubt that but for the number of religious men in business the standards of the counting house would be immeasurably and deplorably different. But if there were more of such in the other, and a higher degree of constancy could be obtained in the application of the principles of both at times and in places where they are most needed to work out the problems of the period, the world would be much better and mankind decidedly happier.

ROAD MACHINES
FOR MACADAM ROADS.

BARON PICHON IS NEGOTIATING WITH GOVERNMENT IN THIS CONNECTION.

Quebec, March 28.—Baron Pichon, a French capitalist from Paris, is negotiating with the Quebec Government with the idea of forming a company in Canada with large capitalization that will construct road machines to be used for the macadamizing of the roads.

The Baron is also here to undertake the construction of a railroad which it is said will tap the asbestos areas of the province, while he has other projects in view for bringing much French capital to this country.

BEES AS MESSENGERS.

It is being urged as a practical plan that bees be used to carry messages in time of war in place of carrier pigeons. By the aid of photography it is now possible to reduce a message occupying a full sheet of paper down to the size of a pinhead. Such tiny messages could be glued to the back of a bee, and as these insects have the homing instinct a carrier service might be established which the bullets of the enemy could not reach. After being received the tiny messages would be enlarged by photography so as to be easily read. This, adds the London Globe, is an excellent suggestion which is also prompted to ask, who is going to dress the bees?

Chronic Throat Trouble
Permanently Cured

Seven Days' Use of Catarrhzone Performed Regular Miracle

Miss Counter's Case Proves the Wonderful Efficacy of Catarrhzone in All Throat and Nose Diseases.

Windsor, Ont., Feb. 20.—Miss Counter's case will prove of great interest to everyone troubled with sore throat, bronchitis or weak lungs. When asked for a statement, Miss Counter said: "About seven years ago I contracted a heavy cold that settled on my lungs and resulted in catarrh. After I had tried several doctors here and specialists in Detroit without benefit, I went to my druggist and asked him for the best remedy he had for cold on the lungs. He recommended Catarrhzone, which cured my cold and I have been ever since free from my old trouble. For coughs, colds and lung trouble—I am sure that Catarrhzone is the best remedy. It goes right to the sore spot, gives quick relief, and makes a lasting cure." Catarrhzone cures because its healing vapor is inhaled to the very places that are sore and inflamed. To permanently cure your winter illness, your coughs, sneezing and catarrh, by all means use a tried and proven remedy like Catarrhzone. But beware of the substitutor and imitator. Look for Catarrhzone only, 50¢ and \$1.00, at all dealers, or by mail from the Catarrhzone Company, Buffalo, N.Y., and Kingston, Canada.

There is a large and ever increasing demand for Freight Cars.

H. C. Long, a Boston Transportation Expert, when speaking of the great possibilities for traffic at Canada's Atlantic Ports, said:

"It would take 250,000 railway cars to handle the wheat crop of the Canadian West," he added. "At the present time the Canadian railways own about 70,000 cars. They have pinched tens of thousands of cars coming across the border and used them for grain. Nobody will blame them for holding on to American cars as long as they can."

This gives one a fair idea of the great possibilities that there are in car building, and should also impress investors with the desirability of the securities of well managed car building concerns as investments.

MEGANTIC COUNTY NOTES.

(Letter from Special Correspondent)
SEPARATE SCHOOLS.

While certain politicians are endeavoring to organize a Denominational-Race political party, in order to secure more separate schools and sow the seeds of discord generally, we can see in the County of Megantic the operation of that separate school system, with all its weaknesses, and the unprejudiced observer will readily conclude that the efforts of able, energetic men might well be spent in a better cause. A glance at the situation makes its defects apparent. There may be seen in one school district two little, uncomfortable school houses, in each of which there are a few pupils and an underpaid teacher. In another district one school may be found to meet the needs of the majority, with no school at all for the minority. In a third there may be no school, for the reason that neither party is able to maintain a school of its own;

while in other districts the undesirable features of the separate school system are emphasized by bi-lingual complications.

Not only is the system expensive and inefficient, but it has no advantages in its favor that in any fair measure compensate for its disadvantages.

It may be claimed for separate schools that they afford an opportunity to give denominational religious instructions. But even this one point in its favor is open to criticism, when viewed from the standpoint of all concerned. There are different Christian bodies involved, the rights of which should be respected, and there are no good reasons why privileges should be extended to some that are withheld from others. The Anglican is no more a Methodist, a Baptist or a Coonite-Mormon than he is a Roman Catholic; the Presbyterian, while he may be more closely allied to some by sentiment and doctrine, than to others, claims an identity that is quite his own, and so for the rest.

tity that is quite his own, and so for the rest.

To give separate schools to all would be to destroy our school system entirely; to give separate schools to one body, and not to others, is to show undue discrimination and weaken our educational efforts. But to have a good public school system, in which all efforts would be united in giving a sound secular education, with ample provision for time and place, in which all would receive their own religious instructions, would be to give equal rights to all, and eliminate the deplorable conditions now existing in mixed rural communities.

The English and the French of the rising generation would learn more of each other's language, and would find, in each other, many good qualities that are frequently not recognized. It would then be a more difficult matter to raise race cries effectively, and a sounder national spirit would be developed.

MACHINE SHOPS FOR LYSER.

The material is being collected for a machine shop to be built this spring at Lyster. The need of such a shop is recognized, now that the Quebec Eastern Railway shop will have less time to attend to custom work. General machine shop work will be undertaken, such as can be done with a medium sized gasoline engine power, with the intention of adding a foundry and putting in heavier machinery later. Now that the matter is being taken up it would appear to be a mistake not to give the enterprise sufficient financial support from the first to secure success. Lyster has now reached the stage when its requirements are worthy of consideration. For a number of years it has been the busiest shipping point on the Grand Trunk between Richmond and Lévis; and now that the Quebec Eastern is to be extended its importance as the headquarters of that railway will be still more marked, at least until the construction is completed.

WINTER CONTINUED.

From the first day of January to the present we have had, with the exception of a few days, a steady cold winter, and our roads are as good as not at any time this season. Though approaching the end of March, there has scarcely been a suggestion of sugar-making, or of our winter roads breaking up, and no one seems to be ready for the changes that spring brings. There is hauling to be done, and all kinds of work to be attended to before we are ready for spring roads. Still men, who find the winters too short for their work, complain of their awful length. While some would suggest improvements, it is just possible that our Quebec winters suit our requirements as well as any that we would devise.

OUR MORMONS.

Sherbrooke may be able to record the advent of its Mormon missionaries, but Megantic can boast not only of Mormon missionaries, but of Mormon converts, who have further use for the faith of their forefathers who lived in darkness and have gone to hell. Our Latter-Day Saints have not yet entirely mastered Joseph Smith's Theology, but they have been enabled to see everything in a new light. Those who do not feel that their thirst for knowledge has been satisfied find food for thought in the study of the article on "Mormons" in the 'Encyclopaedia Britannica'.

ASSOCIATED BOARDS OF TRADE. Megantic was well represented by the delegates from Thetford Mines and Black Lake that went to Quebec, last week, as representatives of the Eastern Townships Associated Boards of Trade. It should not be forgotten that Megantic County is a part of the Eastern Townships and in the advertising scheme to secure desirable settlers our County Council should take an active part. We need good settlers, and there are those who would make good settlers, who need a home in the Eastern Townships.

KILLING OF DEER OUT OF SEASON.

A Kennebec Road, Megantic Co., Correspondent Appeals for Aid To Suppress Slaughter.

SECTION OF MEGANTIC COUNTY IS HUNTING GROUND FOR MANY HUNTERS.

Our Kennebec Road, Megantic County, correspondent writes: "The snow has got quite hard as a result of the cold weather following the thaw and affords an opportunity for poachers to violate the game laws. A few days ago two unknown men on their snowshoes, with their dog, were out deer-hunting and had one run down so far that soon they would have had him had not some better law-abiding citizens come to his rescue and saved his life. The poachers very reluctantly gave up the chase in preference to running the risk of having to pay the fine."

"There should be a game warden in this vicinity, who would be constantly on the ground, for this is the main hunting ground, not only for the surrounding country and villages, but also for hunters from Beauveville, Valley Junction, Quebec, Sherbrooke and other centres during the open season. It is too bad that deer should be killed late in the winter and in spring when they are only skin and bone, or when their flesh is not fit for use and their hides worthless!"

"Is there not an association in your city whose object is to have the game laws obeyed? and who would have some influence with the Government to have game wardens appointed where needed? If so, your correspondent would be glad to assist in recommending a trustworthy person for the office."

CHARGED WITH ATTEMPT TO
BRIBE COUNTY ATTORNEY.

Kennebunk, Me., March 28.—Sheriff Charles O. Emery of York County

was arrested at his home in Sanford charged with attempting to bribe County Attorney Asa A. Richardson to protect liquor sellers at Biddeford, Saco, Sanford, Old Orchard and elsewhere in the county. It is alleged that Sheriff Emery offered Mr. Richardson \$50 a week. After being arrested Sheriff Emery was brought here and was arraigned before Trial Justice Bourne. He pleaded not guilty and was held for a hearing Saturday morning under \$10,000 bonds.

**CHARGED WITH
THEFT OF BUTTER.**

J. Rattelle, of Lake Megantic
Will Have to Stand Trial at
King's Bench.

SEVERAL OTHER CASES DEALT
WITH BY JUDGE MULVANA.

Julien Rattelle, formerly a clerk in the freight office at Lake Megantic, was charged at the instance of the company before Judge Mulvena, yesterday, with having stolen four pounds of butter from a box in the freight shed. After hearing the evidence against accused to the effect that he had been seen taking the butter and concealing it and that he had subsequently returned it to the company and had admitted his theft, the accused was committed for trial at the next term of the Court of King's Bench.

CHARGED WITH THEFT.

In the case of Angus D. McLeod, watchmaker of Bury against Harry A. Lothrop on a charge of stealing two rings of the value of \$9.25 the evidence of the Preliminary Trial was held before Judge Mulvena. Dr. MacRae produced a lady's ring which had been deposited with him by the defendant as a pledge for three dollars borrowed from him in January last; and William Fissette, of Bury, produced another ring which he had purchased from the defendant about the same time for which he had paid \$1.00. Both these rings were identified by the complainant McLeod as belonging to him, and as having been missed by him from a tray of rings which the defendant had examined in connection with the purchase of an engagement ring. The accused was committed to jail to take his trial on the charge of theft and opted for a speedy trial and pleaded not guilty and declared his readiness to proceed at once with his trial.

The trial of Harry Lothrop on a charge of theft of two rings was later proceeded with. The same evidence was heard as at the preliminary hearing and the defendant, who had pleaded not guilty, admitted having pawned and sold the rings, but claimed that he had bought them on credit from the complainant.

In the cross-examination the defendant admitted that he had laid a complaint under oath under the assumed name of Harry Lindon and made different other admissions as to his past career. Under the circumstances the Court found him guilty of the charge as laid and sentenced him to four months at hard labor.

GAVE WRONG NAME.

In the case of Alphonse Labrecque against Harry Lothrop on a charge of having laid a complaint before the District Magistrate under the false or fictitious name of Harry Lindon against Alphonse Labrecque and his wife took up most of the day. After hearing the evidence the court took the matter on deliberation until Saturday at ten o'clock to decide whether the defendant should be committed to take his trial at the next term of the Court of King's Bench or be discharged.

FOUR MONTHS' HARD LABOR.

In the case of the King vs. George Nelson, who had pleaded not guilty to a charge of attempting to steal from the person of a man under the influence of liquor at the G. T. R. station was held. The accused was convicted on evidence and committed to jail for four months at hard labor.

CASE WAS DROPPED.

The case of Angus D. McLeod vs. Harry A. Lothrop for obtaining goods by false pretenses, the attorney for complainant declared that he had no evidence to offer and the complaint was dismissed.

**ABOLITION OF THE
BAR IN ONTARIO.**

THE FIRST PLANK IN THE LIBERAL PARTY'S TEMPERANCE POLICY.

Toronto, March 28.—Abolition of the bar is the first plank in the Liberal party's temperance policy, which was finally decided at a caucus of the Liberal members of the Legislature.

At the conclusion of the caucus Mr. Rowell sent to the clerk of the House notice of the following resolution:

Moved by Mr. Rowell: That in the opinion of the House the public interests demand:

(1)—The immediate abolition of the bar.

(2)—Such other restrictions upon the residue of the liquor traffic as experience may show to be necessary to limit its operation and be effective to remedy its evils.

(3)—The strict enforcement of the law by officials in sympathy with law enforcement, and the elimination of political influence from the administration of the law.

(4)—Regulation and inspection of all houses of public entertainment so as to ensure reasonable accommodation for the travelling public.

Messrs. Evanturel, of Prescott, and Racine, of Russell, were the only Liberals to oppose the resolution in the caucus.

The caucus decided not to propose any interference with drinking in clubs.

The temperance element in the party fought successfully against any inclusion of a proposal for Government control of the traffic.

SPORTING NEWS**LACROSSE.**

A MOVEMENT ON FOOT TO FORM CITY LEAGUE.

A movement is on foot to form a city lacrosse league and a meeting for this purpose will be held at an early date.

In order to make lacrosse boom in Sherbrooke the citizens must take greater interest in the game than they have during the past two or three years.
