NEW ELECTRIC LIGHT COMPANY

Secures Permission from the
Finance Committee to Enter
the City.

A very important meeting of the Civic Finance Committee was held last evening, when, after a three hours discussion, the committee decided to allow the Dorchester Electric Light Company to enter this city to carry on business upon certain conditions which were accepted by Mr. W. Bosse, representing the company, who was present at the meeting with Mr. Fortin, Secretary of the company.

Those present were Ald. Cannon, presiding, and Ald. Verret, Gauvreau, Collier, Cote, Lockwell, Beaumont, Trudel, Madden, Guillot, Morin, Goselin, Shink.

The chairman gave a statement of the gross receipts of the Q. R. L. H. & P. Co. for the months of July, August and September last, which amount to \$100,737.48, the city getting 4 per cent on that amount. Last year the receipts for the same period were \$84,171.

A letter was received from Mr. J. B. H. Pouliot asking for a position in the civic service.

A letter was also read from Mr. N. Matte, receiver in the City Treasurer's department, asking that an assistant receiver be appointed, owing to the increased business in that department.

Mr. Chouinard, city attorney, sent in his written opinion in answer to a request from the committee, stating that the city had no power to subscribe towards the purchase of the Montcalm monument.

The chairman read the petition of the Dorchester Electric Company, asking leave to enter the city to carry on business and also presented a draft of the report adopting the conditions upon which the city was willing to grant the request. The principal discussion was on the clause binding the company not to sell out to any other company, several suggestions being made by Ald. Cannon, Verret, Collier, Lockwell, Gauvreau, Morin and Madden. After a lengthy discussion the following report was adopted:—

"That after having taken into consideration the request contained in the letter of the Dorchester Electric Co., which asks authorization to introduce and sell electricity in the city of Quebec, recommends that the City Council grant the necessary authorization on the following conditions:—

1. The company shall erect in the limits of the city of Quebec before 31st December, 1911, and keep in constant operation, workshops, which are to cost at least \$200,000.
2. The said company binds itself not to cede or sell to any other company the powers conferred upon it by its letters patent, as regards the city of Quebec, without having previously obtained the consent of the city and the payment of a penalty of \$50,000.
- 2a. If the company ceases to exercise its franchise in the present and future limits of the city, during the ten years following the 1st of January, 1912, it will be subject to a penalty of \$50,000.
3. The said company will only plant poles in the streets or public places at points indicated by the City Engineer, and after the erection of these poles if the City Engineer considers it opportune to remove some of them, the company will have to abide by the City Engineer's decision.
4. In case of a conflict between the other companies and the Dorchester Electric Co., the latter will have no recourse in warranty against the city of Quebec, on account of the authorization now granted the company.
5. The said company binds itself not to exact more than 10 cents per kilowatt hour for the price of its electricity in the present and future limits of the city and that maximum rate cannot be changed without the consent of the city.
6. The company binds itself to pay to the said city of Quebec, as a penalty, \$1,000 for each infraction of the above conditions, save in the case where a higher penalty has been provided.
7. The said company will not commence its works in the city of Quebec before a notarial deed, containing the above conditions, has been signed between the parties and His Worship the Mayor is authorized to sign that contract.

The report will be presented at the City Council meeting this evening. The committee also considered a few other matters of routine and adjourned at 11:45.

SET FIRE TO PRISON: SIX PRISONERS ESCAPED.
Morehead, Ky., Nov. 10.—Six prisoners, after setting fire to the Rowan county jail here to-day, escaped in the confusion. The jail was destroyed within a year.

PERSONAL.
Mr. Allyn Taschereau, advocate, and Mr. H. Dussault, contractor, of Levis, leave this morning by the Royal Edward for a business trip to London, Eng., France, Belgium and Germany.

Ladies' "P.C." Corsets in fine white Coutil, sizes 22 to 35, medium length, lace trimmed, regular price \$1.50, Clearance Sale Price 98c

PAPAL ORGAN

CENSURES NATHAN

Attacks the Letter He Wrote in Connection with Motion of Montreal City Council.

OVATION TO

SIR HENRY PELLATT

Was a Conspicuous Guest at the Lord Mayor's Banquet in London.

Rome, Nov. 10.—The Osservatore Romano, in an article inspired by the Vatican, comments on a letter written by Mayor Nathan in protest against the recent introduction in the Montreal city council on a resolution censuring his speech of September 20th, in which he attacked the papacy as an enemy of Italian progress. The Osservatore Romano remarks that while Mayor Nathan accused the council of Montreal of overstepping the limits of their civic prerogatives in censuring an official having no connection with them, did not he himself overstep all limits of his civic authority when he condemned the Pope, with whom he has no connection?

"Nathan spoke as Mayor," says the paper. "As such his insults against the Pope were detestable and arbitrary, far beyond those of which he complains. He passed judgment on papal acts and documents of which he was ignorant, for he is entirely without religious culture and is blinded with hatred of the church—a hatred which holds sway in the lodges and synagogues from which he comes."

The paper ends by justifying the resolution of censure adopted by the Catholics of Montreal, on the ground that the Pope is universal and belongs to all countries.

CREW RESCUED FROM SCHOONER

Inward Bound Steamer Took Men From Price Brothers' Craft Rose.

The Price Bros. schooner Rose, which was driven away from Matane during a hurricane on Monday night, was sighted about 11 miles from Matane at one o'clock yesterday afternoon. She was waterlogged and showing signs of distress.

The Dominion coal steamer Fritzoe, inward bound, went to her assistance, and rescued the crew, but left the schooner drifting outward. When last seen she was drifting slowly to the south-east.

FIRST SNOWSTORM

OF THE SEASON.
The first real snowstorm of the season came to hand last evening. It set in about five o'clock, but the high gale which accompanied it increased in violence until a miniature blizzard was in progress in exposed portions of the town about nine o'clock. The gale subsided somewhat later, but the snowfall was heavy, and the ground was completely covered with the beautiful. Several carolers were in evidence and the town took on a really wintry appearance.

The first electric snow plough made its appearance on the streets at three o'clock this morning.

CANADIAN BANKS

UNITE IN PORTO RICO.

LECTURE AT MORRIN COLLEGE

Yale Professor Discoursed on Research in Babylonia—Stereopticon Views.

The Quebec branch of the Archaeological Institute of America foregathered at the Morrin College last night to hear a lecture on "Recent Discoveries in Babylonia," delivered by Prof. A. T. Clay, of Yale University. Sir Louis Jette presided and the vote of thanks was moved by Judge McCorkill.

The chief argument advanced by the Professor was that Babylonian research corroborated the story of the Bible and proved that many events and persons that had been regarded as mythical had been realities. He contended that there was a very advanced state of civilization long before the type of Abraham. He also held that Abraham was not a myth but a real being, that Israel's religion and civilization were not influenced by Babylonia, but both drew their inspiration in this respect from the common source of Aram or Syria, the land of the Amorites. The Babylonian story of the deluge, for instance, so very like that of the Israelites, originated in Syria.

There was a class of German scholars who held, in connection with their theory that Babylon was the root of Israel's and the Christian religion, that the Sabbath came from Babylonia. Prof. Clay showed that this was assumed without regard to all the evidence and that the inscriptions contained no warrant for the theory of a Babylonian Sabbath.

There were yet thousands of mounds in Aram, to be excavated, said the lecturer, and the exploration of mounds even on this continent would throw valuable light upon its history. Part of the lecture consisted of stereopticon views of deities, stones and inscriptions from Babylonia. It was evident that the lecturer was an expert who had obtained his knowledge at first hand.

DEATH OF QUEBEC PHYSICIAN

Dr. Blair Passed Away at Chicoutimi Residence of His Cousin, Mr. A. Blair.

The death of Dr. R. C. Blair, which occurred at Chicoutimi on Wednesday, will occasion much regret in local circles.

The late Dr. Blair, who was one of the oldest and best known physicians in this city, where he practised his profession for many years, had been in ill-health for some time past, and in consequence was sojourning at Chicoutimi.

A telegram was received by the family on Wednesday stating that the doctor was very ill, and immediately Harold, his oldest son living in Quebec, hastened to his father's bedside.

Dr. Blair was the son of the late Robert Blair, of Ha Ha Bay, Quebec, who was manager for Price Brothers in the Saguenay.

After a brilliant course in McGill University Dr. Blair graduated with distinction and afterwards spent a year studying in Europe. He first practised in Chicoutimi for a number of years, and later in Three Rivers, subsequently coming to Quebec, where he followed his profession until he retired, due to failing health, about a year ago.

During his professional career in this city the late physician had a large practice and was for years one of the visiting doctors of the old Jeffery Hale's Hospital.

Shortly after his retirement Dr. Blair visited Chicoutimi for a change, hoping that it would benefit his health, but he faded gradually and passed away peacefully Wednesday at the residence of his cousin, Mr. Alexander Blair, of Chicoutimi.

The late Dr. Blair, who was much esteemed both by his fellow physicians and the general public, as well as by a large circle of friends who knew him intimately, leaves a widow and a large family, composed of six sons and three daughters. The sons are Frank, who is in Detroit; Gordon, who resides in British Columbia, and Harold, Crammond, Percy and Stuart, who reside in this city. The daughters are Mrs. Bryce, of Montreal, and Misses Edith and Eileen Blair. The Doctor leaves a brother, Mr. David Blair, who is manager for Price Bros. at Rimouski.

CONVICTED BY FINGER PRINTS

Negro Burglar Convicted and Sentenced to Death on Evidence Left in Paint.

Chicago, Nov. 10.—Marking the first conviction on finger print evidence in the history of the country, Thos. Jennings, a negro, to-day was found guilty by a jury of the murder of Clarence A. Hiller on the night of Sept. 19th. The jurors demanded a sentence of death.

Counsel for Jennings asked for a new trial on the ground that the finger print evidence should not have been allowed, and it is probable that the Supreme Court will be asked to rule on the use of such evidence in criminal cases.

Following the murder of Hiller, the porch railing with finger prints in the paint, were photographed and after Jennings' arrest, the photographic imprints were compared with new imprints of his left hand. Experts testified at the trial that there were 33 points of similarity on the first three fingers of the left hand of the murderer of Hiller and that of Jennings.

Hiller, who was chief clerk in the Chicago offices of the Rock Island Railroad, was shot to death in the front hall of his suburban residence at Washington Heights, Ill., by a negro burglar.

BARON SENTENCED ON CHARGE OF HIGH TREASON.

St. Petersburg, Nov. 10.—Baron De Ungern Sternburg, correspondent of a semi-official Austro-Hungarian news agency, was sentenced to-day by the Appeal Court to four years at hard labor on the charge of high treason. Baron De Ungern Sternburg was arrested last June by the secret police after a search of his apartments. The police seized his papers and the Baron was placed in strict confinement. On examination he admitted furnishing the Austrian military attaché a translation of the proposals of the ministries of war and marine to the Duma, which were stamped secret. He maintained, however, that the proposals were in reality not secret.

C. SEIFERT & SONS

JEWELLERS

16 Fabrique Street, Quebec.

The Quebec Chronicle

QUEBEC, NOVEMBER 11, 1910.

PRESENCE OF MIND.

There could be few better instances of presence of mind than that displayed by the lady operator who answered the telephone call from the Citadel early on Tuesday morning and at once informed the police. Some girls might have been too alarmed to do anything and others might have thought the call was a hoax. But, by acting with such promptitude and judgment the young lady in question very probably saved the life of the unfortunate soldier, who, it seems likely, would have bled to death if assistance had not arrived in time.

AN OBSERVATION LESSON.

In line with the Chronicle's pleading in behalf of a deliverance for Canada from the conspiring party influences that would rob Canadians of their birthright of self-government, we have had an illustration of what has to be done for freedom's sake in the turn-over that has just taken place in the United States. The Democrats are certainly about to come into power through a self-arousing on the part of the electorate as a whole to wrest their birthright from the Republicans, who have been too long in power for the safety of the "vox populi," and even for their own good. The manipulations of partyism to retain power have become of late as brazen in their temerity across the line as we have become on this side. Colonel Roosevelt has been running the showman business to the disgust of the people, much as has our own Sir Wilfrid Laurier. Wherever he went on his canvassing tours to secure votes, he carried with him his paraphernalia for the motto and torch-light procession business to a ludicrous extent, just as our own Premier did on his late tour through Saskatchewan and Alberta, and his later visit to Montreal—not forgetting, of course, the subsidiary corrupting influences of tawdry promises and the flare of a specious "ad captandum" oratory that is too often as pernicious as a bribe. The worthy Colonel has just been buried under the paraphernalia of his showmanship in nearly every constituency he had visited in behalf of his own ascendancy as a third-term President, even in his own riding of Oyster Bay. And, now that the people of the United States have risen in their might to bid defiance to the man who is not content with having been honored by his nation for a long period of years, but would fight for such honoring as a something to be held by him to his life's end even against the public will, the lesson of the revolt stands as a leading to Canada, to follow or not as it may think proper. Sir Wilfrid Laurier has been told by his native constituency in the Eastern Townships that there is no longer any pocket-borough business for him there, on the plea of a racial preference, much in the same way that Theodore Roosevelt has been told the same thing in Oyster Bay.

More than this, Mr. Roosevelt has been told that the people of the United States have grown sick of being fooled by his party affiliations; and it will be just as proud a day for Canada when Sir Wilfrid Laurier is told that the mastership he has set up has to be rid of its seeds, if Canada is to have restored to her a government by the people and for the people, which is every free and loyal nation's birthright.

Every one is asking since Tuesday last if Theodore Roosevelt is likely to be elected for a third term in 1912, just as everybody has been asking about Wilfrid Laurier's chances at the next general election. The issue of a parliamentary election is always more or less of an enigma; but when the electors are once fairly aroused against practices that would rob the public of its free and open voice, there is little question as to the result. The constituencies on the other side of the line have evidently been aroused; and the chances are that ex-

President Roosevelt will not be sent back to the White House in 1912.

This is not a question of leadership, but a question of a first principle of self-government. The constituencies on this side of the line have had the complacency of the "laissez-faire" knocked out of them for the moment, and the quickening is not likely to be otherwise than in the disallowance of the Laurier mastership, which every clean-minded Canadian has grown sick of. The question, however, rests with the Canadian public as a whole, without interference from this partyism or the other.

THE DECLINE IN CONSOLS.

The St. John Standard is moved to comment on what it declares to be one of the most impressive financial declines of the year—that is, the fall in British consols. The price last week touched 78½; two weeks ago it was 80; last year it was as high as 86, and it has been above 113 within a dozen years. This week's bottom price is the lowest level touched by what is still called "the world's premier security," since 1847, when a period of severe financial reaction coincided with that world-wide political unrest which culminated in the European popular uprisings of 1848.

Various causes have from time to time been assigned for this recent continuous shrinkage in market value. The immense increase in the public debt during the Transvaal war; the numerous projects of the present ministry, such as old-age pensions and Irish land purchase, which foreshadow further drafts on the national credit; the increase in the income tax, which is deducted from the interest paid on consols before the government makes its remittances; and, more recently, the world-wide rise in commodity prices, with the resultant heavy demands on capital are all influences which have co-operated.

THE PROPER SITE.

If there is any one that should know the best site for a first-class dry dock in the St. Lawrence, it should be in the Shipping Federation. And that body has given an outspoken verdict in favor of Quebec. Mr. Andrew Allan does not oppose the construction of a dock at Montreal, but considers that the providing of "a first-class graving dock at Quebec is an absolute necessity."

A damaged vessel might be shut up all winter in Montreal, whereas if in Quebec it could probably be taken down to the sea in almost any month of the year. The interests of commerce demand that the dock should be here.

English ports have realized that they must have larger docks if they wish to cater for the big liners. Unless the St. Lawrence is equipped for them, we shall see our trade passing to the South.

"AN ABSOLUTE DENIAL"

If the other Liberal papers of this city were as blindly partisan as Le Soleil where it is a question of Quebec's interests, it would be a bad thing for the port. But, thanks to Providence—which in this case is not synonymous with Laurier—they are not, and they are to be commended for the stand which they have taken on several occasions in the matter of the dredging of the St. Lawrence. The contrast with Le Soleil is the more remarkable, owing to the emphatic assertion of that journal's representative at a meeting early in the year that discrimination was being exercised against our port, and that Quebec's development was hindered rather than advanced by an excess of politics. For some time it followed out this policy with such creditable persistency as to annoy the Liberal chieftains. Evidently Le Soleil is informed that it was not paid by the government to point out the little failings of the latter, and a rebuke of the same kind as was dealt to the indiscreet Mr. Turcotte was administered. Le Soleil, therefore, immediately returned, like the dog to his vomit, and with a very face once more began to expound its partisan doctrines.

Twice within the last month or so the Empresses have been delayed below this city for several hours, because they could not pass at low tide. Every one in the town knows that there was not a sufficiency of water for them to pass, but Le Soleil says otherwise. The C.P.R. knew it, the pilots knew it and the passengers were not altogether unaware, considering that some of them were delayed a day through the incident.

Yet Le Soleil can willfully attempt to palm off such nonsense as the following:—

"We are in a position," it says, "to give the most complete and categorical denial to the story started by the 'gazette bleue' during the last few days to the effect that the Empress was delayed at the Beaujeu Shoals and compelled to wait some time before it could pass through the canal at this point."

"When we heard of this story we took the trouble to get some information about it. Now, we affirm that the C.P.R. Steamship Co., as soon as the news was communicated to it by the Minister of Marine, denied the fact and assured Mr. Brodeur that the Empress had suffered no delay whatever in passing through the channel at the Beaujeu Shoal."

"It is evident that the 'gazette bleue,' always on the lookout for the least pretext to noise abroad its partisan ritornellos and to disparage the Liberal ministers, sprang upon this tale like a frog on a fly, and gobbled it up without further ceremony."

"We would not do more than shrug our shoulders out of pity for these clumsy partisan manoeuvres, as despicable as they are ridiculous, were it not that these false rumors did the gravest of harm to the St. Lawrence route."

"Whilst the Minister of Marine is working with all the perseverance that we know of to make the most perfect waterway of the St. Lawrence route both below Quebec and above it, the 'gazette bleue' seems to have only one occupation—to disparage by every means and with the most futile pretexts this great artery of Canadian commerce."

If there ever was an article that plumbed nearer to the nadir of foolishness than the above, then we are sorry that we have never read it. If Le Soleil is in a position to give "categorical" proof that the Empress was not delayed by insufficient depth of water, then we challenge that journal to adduce it at once in black and white. If it can get a single pilot or a single man of the C.P.R. Navigation Company to support it, we shall be very much surprised. And we consider that any journal which calls attention to the state of the channel below Quebec and the actual disadvantages thereof is doing far more to benefit "this great artery of Canadian commerce" than one that, for unscrupulous and partisan reasons, will attempt to make the public believe what every shipping man on the St. Lawrence knows to be an absolute untruth.

It is a pity that "J. M.," the author of the letter which appeared in a local paper yesterday evening, could not draw more frequently from the treasure-house of his wit and wisdom, that the people of Quebec might know what Literature—with a capital L—really is. Compared with this Daniel come to judgment, we realize how far our poor, untutored pen falls short of the ideal. But our humiliation is as naught, now that we know there is no danger that the mantle of the late Goldwin Smith may fall on unworthy shoulders. There cannot be the slightest ground for apprehension whilst "the sweet Roman hand" of "J. M." is available to pen these honied epistles. Such a master of simile and metaphor—especially mixed metaphor—should never hide his light beneath a bushel, and we would recommend all students of the English tongue to mark well the beauties of the following passage:—

"When one of these editorial springs of thought overflows its banks and spills its muddy waters over neighboring territory, we have cause for alarm. It is just possible that somebody may get the idea that the violent editorial outburst in this morning's Chronicle is a reflection of the sentiment of all the people of these parts instead of the vapors of one overworked mind disordered by the mental gymnastics which recent events have made necessary."

A man who can juggle metaphors in this manner—and these are but a few examples of many—is daring more than any mere, ordinary journalist will attempt.

MURDERER DEFIES

ARREST BY POSSES.

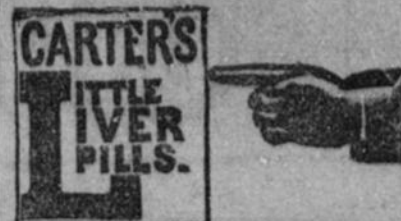

Lexington, Ky., Nov. 10.—Surrounded by heavily armed relatives, Jake Noble, who killed Wesley Turner, jailer of Breathitt county, Tuesday night, is entrenched on Lost Creek, far back in the mountains, according to advices received here to-day from Jackson, Ky. Noble has defied the authorities to arrest him and fully 200 men either in official posses or in private hunting parties, organized under the lure of a \$500 reward for Noble's capture, have started for the mountains. News of a general fight is anxiously awaited in the town, where a special grand jury has been empaneled. Noble has sent word that he would not be taken alive and if the sheriff was sent for him that official should bring two coffins with him.

CITY ENGINEER'S OFFICE

Tenders For Carters Numbers.

CITY HALL.

Quebec, 3rd Nov. 1910.

PUBLIC NOTICE is hereby given that sealed tenders, endorsed Tender for Carters' Numbers, etc. and addressed to the undersigned, will be received up to Wednesday, 16th Nov. 1910, at 4 p.m., for Carters' Numbers, etc., required for the fiscal 1911-1912.

Tenders must be made on the printed blank forms, and endorsed in printed envelopes, which will be furnished to intending contractors, on application for same at the City Engineer's office, and the Road Committee will not entertain any tender that is not made on the said blank forms and enclosed in the said envelopes.

Tenders must be endorsed on the outside of the envelopes, with a certificate from the City Treasurer of the necessary deposit as security for the contract.

Each tender shall be subscribed to by two responsible parties willing to secure the execution of the contract.

Each tenderer shall deposit in the hands of the City Treasurer the sum of \$50.00, to be confiscated by any one refusing to sign the contract.

The Corporation does not bind itself to accept the lowest or even any of the tenders.

The contractor to pay for drawing up the contract, and supply the City Engineer with a certified copy thereof.

FAVOR SIX-CLUB HOCKEY LEAGUE

Majority Against Proposal of Four Clubs for the National Organization.

An Ottawa despatch to the Montreal Gazette says:—Secretary Marain Rosenthal, of the Ottawa Hockey Club, stated to-night that the Ottawa was had not been approached in regard to a four-club hockey league. The local club expects the National Association to continue a six team affair and would oppose a four-club proposal, particularly in view of what happened two years ago when Ottawa, Wanderers, Quebec and Shamrocks constituted the Eastern Canada League. Ottawa won the championship, but Quebec and Shamrocks proved such poor drawing cards that the local club finished with a big deficit. Renfrew officers also say that they have heard nothing about it.

Some of the clauses proposed in the new constitution for the National Hockey Association will likely be opposed by the Ottawa Hockey Club. Of course the latter has not yet decided upon its course, but a canvass of the executive officers indicates that not all the proposed rules will meet with the approval of the Ottawas.

In the first place the Ottawas do not like the idea of appending a salary limit. The matter of binding the players over to the clubs whose property they were last season will meet with the approval of the Ottawa officers. Then the membership fee of \$500 is pretty steep. The clause calling for the employment of ten players only, together with the exchanges and releases of players is popular at this end of the circuit.

Undoubtedly the players will kick considerably over being bound down so tightly, but as there is no other professional league of any importance in existence it looks as though the puck chaser would find it necessary to bow to the rulings of the National Association. The Ottawa and Renfrew Clubs favor the enlargement of the league, and will likely support the application of the Toronto Club.

The Montreal Gazette says:—As Wanderers and Renfrew both favor a six-club league, the plan to shut out Quebec and Canadiens is likely to fall through. Shamrocks are understood to be the chief supporters of the four-club league idea.

A Montreal despatch to the Toronto Star says:—Though there seems practically no opposition to the admittance of the Quebec Hockey Club to the National Hockey Association, Joe Power, the great defence player and leader of the Ancient City seven, is in town working on the matter. It is understood that if admitted Quebec will put one of the best teams procurable on the ice this winter. Mr. Power stated that all of the former Quebec stars were ready to turn out and help the former team-mates, and with Paddy Moran, the Power brothers, Jordan, and several other good juniors, there will likely be a formidable seven.

SHRUBB AND THE BIG INDIAN HOOKED UP.

In Boston on American Thanksgiving night, November 24th, the noted rivals, Alfred Shrubbs and Tom Longboat, will meet at 15 miles and battle for the middle distance championship of the world. In getting the Harvard cross-country team into shape the little Englishman has also raced himself into condition.

EASTERN LEAGUE MAY ELECT BARROW.

New York, Nov. 10.—At the annual meeting of the Eastern League in this city next month, preceding the annual session of the National League, Edward Barrow, now manager of the Montreal team, probably will be elected president of the league to succeed Pat Powers, who for almost fifteen years has handled the executive reins of the East's strongest minor league. Barrow is practically assured of the support of five clubs. It is understood that Newark, Baltimore, Buffalo, Toronto and Montreal favor Barrow, but Providence is doubtful.

MONTREAL LACROSSE CLUB'S DEFICIT.

Montreal, Nov. 10.—At the annual meeting of the Montreal Lacrosse Club, held last evening, he report of the treasurer showed a deficit of some \$1,600, due in large part to the fact that the game of the season of most public interest, that with Nationals, was played in very bad weather, very few players venturing out to see it.

The officers elected for the ensuing year were:—

President—W. E. Findlay.
Vice-President—E. Hamilton.
Hon. Secretary—E. Hamilton.
Hon. Secretary—Desse Brown.
Treasurer—R. M. Melville.

This year the committee membership has been reduced from five to three. Those elected were R. Finlayson, C. McKerrrow, R. T. Taylor.

SLOSSON ISSUES CHALLENGE TO HOPPE.

New York, Nov. 10.—George F. Slosson to-day challenged Wille Hoppe to a match for the world's championship at 18.1 balk line billiards now held by Hoppe.

JOCKEY HAD LEG FRACTURED AT LATONIA.

Latonia, Ky., Nov. 10.—Oceanbound won the Criterion stakes at Latonia to-day in a driving finish by a neck from Milton B., with Jack Atkin a length back. Jack Atkin raced out in front with Mary Davis until the final eighth pole, where he tired and fell back. Jockey Keogh suffered a fracture of the leg while riding Adams Express in the second race by being jammed on to the rail as the horses were entering the stretch. He remained on his mount but finished last.

McGINNITY WANTS A SHORTER SEASON.

Manager Joe McGinnity of Newark will suggest at the Eastern League annual meeting that there be a shorter championship season, and a later opening.

"There is a great deal of dicker every year at the Eastern League meeting, too," said McGinnity, "because it is impossible to open in the Canadian cities before the 15th of May, owing to its late spring in that section. Now it is necessary to have two separate openings, one in the East and one in the West. Were the season opened later it would be possible for the entire league to get under way in two days same as the National League does. Newark could open at home with Jersey City and open at Jersey City on the following day, while Baltimore and Providence could do the same. In the other section it would be Buffalo and Toronto and Montreal and Rochester."

Joe is off in his dates. The opening in Toronto has taken place as early as May 4.

THE KEYSTONE OF THE TIGER TEAM.

Toronto Star:—There is no doubt but that Ben Simpson, the schoolmaster is the keystone of the Tiger team. Straight as a soldier, clean and spare of limb, with a face of severe outline and a high forehead, he nurses the ball like an expert billiard player nurses the ivory.

Able to catch, run and kick, with equal facility, he handles the remainder of the team as if they were electric automatons whom he controls by means of invisible wires.

Once he decides that the auspicious moment has arrived, he forms his wings into a sort of a dead line which the ball must not pass in the direction of his own goal; in fact, he quarantines it so to speak, in an area, on the opponents' side of centre.

Then he starts to drive it in, as the beaters drive in the grouse in the moorlands.

The quarantined area becomes smaller and smaller, through what seem in themselves insignificant bits of play, resulting only in small gains each, but finally making the enemy's twenty or ten-yard line the extreme boundary.

And after that the bombardment and the slaughter of the opponents' hopes and aspirations.

What makes it the more harrowing to them is that, as a rule, he piles up the score against them one by one.

FAMILY OF SOLDIERS FOLLOW FATHER TO GRAVE.

Six soldier sons followed their father, ex-Drum Major Mulvaney, late of the Northamptonshire Regiment, to the grave recently in England. The united services of the father and sons reached an aggregate of nearly 100 years.

After serving twenty-five years in the Army, Mulvaney was a steward's beadle at the Blue Coat School. The Mulvaney family can claim a continuous service in the Northamptonshire Regiment of 107 years.

A GERMLESS LIFE.

The extent to which germ theory of disease confines the activities of gilded childhood must be known by personal observation to be realized. Up in the Berkshires in a beautiful country home, the young heir to many millions has struggled up to his fourteenth year surrounded by doting relatives, who are haunted by visions of microbe armies bent on destroying their youthful darling.

Rarely has he left the estate; then always in a closed carriage or automobile, carefully disinfected before the start. The inside of a train or street car is unknown to him. In his brief intervals in town his playground is the house roof, carefully mopped up with disinfectants before he sets foot upon it. Money he has never been allowed to touch. His diet is the chief interest of a band of doctors and trained nurses. His studies have been pursued at irregular intervals whenever he was quite sure he felt strong enough. "His health comes first" has been the motto of parents and guardians.

Neither dog nor cat nor guinea pig has been allowed to cheer the solitude of this luckless victim of sanitation. He is without companionship because the young of his neighborhood have not reached the antisepetic stage of society. A visiting uncle came to his rescue a year ago under an indignant demand that he be taught to swim. An athletic instructor has been there fore engaged. Three times a week, with the listless interest with which he parses Caesar, the boy goes through a series of athletic instructions while mamma and a trained nurse watch anxiously from a terrace.

The Men who Examine Good Clothes

"Do not permit a garment to leave your hands unless it is perfect!"

From the superintendent to the foreman, to the chief examiner and his several assistants these are the instructions which are followed out, and the Company can cheerfully and faithfully guarantee every Semi-ready garment.

When you see the Semi-ready label you can bank on the quality and value.

These Clothes have gained the reputation of being the highest type of tailoring in Canada—you may be sure that there are good reasons behind that prestige.

If "Semi-ready" is not in the pocket it is not a Semi-ready garment. Watch that!

MADE HER LIVING BY FAKING ACCIDENTS.

New York, Nov. 10.—Mrs. Anna A. Strula confessed in the general sessions court to-day that she had obtained her livelihood by her ability to fake accidents on railroad property and to compromise her suits for damage.

She pleaded guilty to having obtained \$500 from the New York Central-railroad by fraud and was remanded for sentence.

PRUSSIA WILL REFUSE THE VATICAN'S REQUEST.

Berlin, Nov. 10.—The Taegliche Rundschau says the Prussian Governor will refuse the Vatican's request that Catholic professors of theology be compelled to take the oath against modernism. Prussia will also, according to the paper, refuse to subject her Catholic clergy generally to such an oath. The Bavarian Government has already declined the same Prussian request.

The Famous Rayo
The Lamp with Diffused Light

should always be used where several people sit, because it does not strain the eyes of those sitting far from it.

The Rayo Lamp is constructed to give the maximum diffused white light. Every detail that increases its light-giving value has been included.

The Rayo is a low-priced lamp. You may pay \$5, \$10 or even \$20 for other lamps and get a more expensive container—but you cannot get a better light than the Rayo gives.

This season's Rayo has a new and strengthened burner. A strong, durable shade-holder keeps the shade on firm and true. Easy to keep polished, as it is made of solid brass, finished in nickel.

Once a Rayo User, Always One.

Dealers everywhere. If not at yours, write for descriptive circular to the nearest agency of the

Corporation of Quebec

CITY ENGINEER'S OFFICE

Tenders For Road on Ice-Bridge.

CITY HALL

Quebec, 3rd Nov., 1910.

PUBLIC NOTICE is hereby given
 that sealed tenders, endorsed Tender
 for Road on Ice-bridge, and addressed
 to the undersigned, will be re-
 ceived up to Wednesday, the 16th
 instant, at 4 p.m., to make and keep in
 good order the road on the ice bridge
 between Quebec and the island of
 Orleans.

Tenders must be made on the
 printed blank forms, and endorsed in
 printed envelopes, which will be fur-
 nished to intending contractors, on
 application for same at the City Engi-
 neer's office, and the Road Commit-
 tee will not entertain any tender that
 is not made on the said blank forms
 and enclosed in the said envelopes.

Tenders must be endorsed on the
 outside of the envelopes, with a cer-
 tificate from the City Treasurer of the
 necessary deposit as security for the
 contract.

Each tender shall be subscribed to
 by two responsible parties willing to
 secure the execution of the contract.

Each tenderer shall deposit in the
 hands of the City Treasurer the sum
 of \$5.00, to be forfeited by any
 one refusing to sign the contract.

The Corporation does not bind it-
 self to accept the lowest or even any
 of the tenders.

The contractor to pay for drawing
 up the contract, and supply the City
 Engineer with a certified copy there-

SHIPPING NEWS

A HEAVY STORM
STOPS NAVIGATION

Many Vessels Held Up Both
 Above and Below Quebec—
 Missing Bateaux Reported.

An easterly gale, accompanied by
 snow, which set in yesterday after-
 noon, almost completely stopped nav-
 igation up and down the river. About
 4 o'clock the snow commenced to
 fall, and as the evening advanced it
 became heavier. There were quite a
 number of vessels on the way down
 from Montreal, and these came to an-
 chor early in the afternoon, as the
 snow set in to the westward much
 sooner than it had at Quebec. Among
 the steamers thus held up were the
 Prinz Adalbert, Cassandra, Royal Ed-
 ward, Zylidk, Borgestad and Bona-
 vista. These are expected to arrive
 here to-day. Three or four steamers
 which were to have left for the Gulf
 of St. Lawrence last evening post-
 poned their departure until this morn-
 ing.

SCHOONER ASHORE.

The schooner Lala, Captain Madsen,
 from Quebec for Cap Chatte, with a
 general cargo for the James Richard-
 son Co., is ashore at Sacre Coeur,
 near Rimouski. The crew is safe, but
 the vessel is in a bad position. It may
 be floated after discharging cargo. The
 owners are the Richardson Co., of Ma-
 tane.

ALLAN LINE.

R.M.S. Victorian, Captain Outram,
 leaves here this afternoon for Liver-
 pool with a goodly number of pas-
 sengers in all three classes and a gen-
 eral cargo. She stops at Rimouski
 for the mails.

Steamer Lake Erie, Captain Carey,
 from London and Havre, with passen-
 gers and general cargo, passed Point
 Amour at 6 a.m. yesterday. Due here
 to-morrow morning.

DOMINION LINE.

Steamer Manxman, Captain Chris-
 tie, from Quebec, arrived at Bristol
 on the 9th instant.

GASPE LINE.

Steamer Lady of Gaspe, Captain
 Bouchard, from Gaspe and way places,
 with passengers and general cargo,
 arrived in port yesterday afternoon,
 mooring at the Champlain Market
 wharf.

MANCHESTER LINE.

Steamer Manchester Importer, Cap-
 tain Haworth, from Manchester, with
 a general cargo, passed West Point
 Ant. at 9 a.m. yesterday. Due in port
 this evening.

THOMSON LINE.

Steamer Cairntorr, Captain Band,
 arrived from Montreal yesterday
 morning and proceeded for Hull and
 Leith.

WHITE STAR-DOMINION LINE.

R.M.S. Megantic, for Liverpool with
 mails and passengers, sails from
 Montreal to-morrow morning, and is
 due in port in the afternoon. This
 steamer will sail from the Break-
 water wharf at 7 p.m., as usual, on
 arrival of the mail train.

SS. GENERAL WOLFE FLOATED.

Messrs. Holliday Bros. received a
 telegram yesterday morning from
 Captain Young, of the steamer Gen-
 eral Wolfe, which was ashore in Har-
 rington Harbor, stating that the
 steamer floated off unassisted on
 Wednesday evening. She then came
 to anchor in the harbor for the night,
 to ascertain if the water was under
 control under the engine room. Find-
 ing that it was, the steamer started
 for Quebec via Natashquan and im-
 mediate ports. When the General
 Wolfe arrives, if she can be tempo-
 rarily repaired, she will make another
 trip to the North Shore this season.
 In the meantime the Messrs. Holliday
 have made arrangements for the North
 Shore mails to leave Quebec for their
 destination next Sunday.

WANT THE WHOLE CHANNEL.

Montreal, Nov. 10.—Pilots in this
 district are complaining at what they
 designate as the encroachment of tug
 boats and their tows on the deep
 water channel. They argue that this
 deep water channel was constructed
 for the convenience of ocean steamers
 only, and that there is no necessity
 whatever for tugs and their tows to
 use it, since there is plenty of water
 on each side of the deep channel which
 small craft could use with safety. The
 present deep water channel is by no
 means too wide for the purposes to
 which it can be legitimately put, and
 the pilots say it should be kept solely
 for the use of the ocean-going vessels.

Had this been done the Prinz Adal-
 bert at least would never, so her pilot
 claims, have fouled a barge and have
 been forced to put back to this port
 for repairs.

READY FOR WINTER SEASON.

St. John, N.B., November 10.—With
 the opening of the winter port season
 less than ten days off, preparations
 are being rushed by steamship com-
 panies for the arrival of the first boats,
 the first six of which arrive almost
 daily from the 18th to the 25th of this
 month. The Allan liner Virginian will
 inaugurate the 1910-1911 season, she
 being expected on the 13th. The first
 C.P.R. grain is already on the way,
 and of the lot 500,000 bushels, more
 than 60,000 bushels are already in the
 big elevators at Sand Point ready for
 shipment. While there is no I.C.R.
 grain on hand as yet, a large quantity
 is expected during next week. The
 outlook for freight is reported good
 and plans are being made to handle a
 large number of passengers. The
 steamers following the Virginian are
 ex-Furness liner Tanawha on the 22d,
 Manchester liner Manchester Com-
 merce and Donaldson liner Kastalia,
 on the 24th, and the C.P.R. Empress
 of Ireland and C.P.R. London and
 Antwerp liner Mount Temple on the
 25th.

BATEAUX ACCOUNTED FOR.

The two bateaux, Rose and Win-
 nie, belonging to Messrs. Price Bros.
 & Co., reported from Matane on
 Wednesday as being missing, have
 been accounted for. A despatch to
 the Signal Service office states that
 the Winnie arrived at Trinity Bay at
 2 p.m. yesterday.

Another despatch to the same office,
 dated Fame Point, November 10th,
 says: "The three-masted schooner
 Rost, painted white, water-logged and
 abandoned, drifting outward at 1 p.m.,
 about four miles off shore."

No news of the fate of the crew of
 the latter vessel has been received.

WIRELESS REPORT.

Cape Race, N.F., Nov. 10.—Steamer
 Rotterdam, Rotterdam for New York,
 was in wireless communication with
 the Marconi station here when 1,175
 miles east of Sandy Hook at 11 a.m.
 Dock 10.30 a.m. Sunday.

PORT OF QUEBEC.

Arrived November 10.

SS Lady of Gaspe, Bouchard, Gaspe,
 etc., Bouchard Bros., passengers
 and general cargo.
 SS Ocean, Olsen, Sydney, Dominion
 Coal Co., coal.

COLDS AND CATARRH

Yield to Zam-Buk.

If you suffer from catarrh or cold
 in the head, just insert a little Zam-
 Buk at the base of the nostril, and as
 the balm becomes warm inhale the
 healing essences which vaporize. You
 will be surprised how quickly this will
 give you ease.

For bad colds on the chest rub the
 chest and between the shoulders well
 with Zam-Buk at night.

Sores in the nostrils, which are
 sometimes set up by catarrh, will
 yield to Zam-Buk treatment.

Mrs. N. S. Babcock, of Matawatach-
 an, Ont., says: "For a long time I
 had a very disagreeable sore on the
 inside of the nostrils, which gave me
 great pain and caused much annoy-
 ance. I feared it would turn to can-
 cer, and all I tried proved unavailing.
 I was ordered to try Zam-Buk, and I
 am glad to say that the sore that de-
 fied all other remedies was overcome
 by one box of Zam-Buk and is now
 quite healed."

Zam-Buk will also be found a sure
 cure for cold sores, chapped hands,
 frost bite, ulcers, eczema, blood poi-
 son, piles, cuts, and skin injuries gen-
 erally. All druggists and stores gen-
 erally, or Zam-Buk Co., Toronto.

IN AND ABOUT TOWN

SAD DEATH OF MRS. G. ROWLEY

Deceased Was One of the Most Popular Young Ladies in the City.

It is with the deepest regret that we learn of the very sad death yesterday of Mrs. George Rowley, of Lake Edward. Mrs. Rowley was formerly Miss Mamie Ritchie, youngest daughter of John Ritchie, Esq., of this city, and was married a little over a year ago to Mr. Geo. Rowley.

Mr. and Mrs. Rowley had been spending a few days in town and were contemplating their return to Lake Edward on Monday last, but deferred this by reason of the sudden indisposition of Mrs. Rowley. After a consultation with Dr. Ahern, it was decided to perform an immediate operation for appendicitis, but while this was in itself successful, the disease had become so far advanced that the unfortunate lady succumbed yesterday morning to the after effects.

Mrs. Rowley had a host of friends, her charming manners and cheerful, bright disposition having made her one of the most popular young ladies in the city. For years she had assisted most practically in the nursing of her favorite brother, the late Mr. Allan Ritchie, and her death will be all the more felt by reason of her many admirable qualities.

To her bereaved husband and the other members of the family the Chronicle joins with the entire community in expressing its deep and sincere sympathy in their great affliction.

LAST TRIP.

The R. & O. Navigation Company are announcing the last trip for this season of their Saguenay boat, which will leave on the 15th instant. On Sunday next they are running a special boat to Montreal, leaving Quebec at 3 p.m.

HANDSOME MENU CARDS.

The Chronicle is in receipt of a large stock of handsome menu cards which have just arrived from England. These cards are something entirely new in design, and are suitable for any occasion. Any one desirous of purchasing is certain of procuring the desired article from this large assortment.

NEW MANAGER APPOINTED.

Mr. A. L. Hamilton, manager of the branch of the Canadian Bank of Commerce at Portage la Prairie, Ont., has been appointed manager of the Quebec branch of the institution, in succession to Mr. W. H. Dunsford, who has been transferred west. Mr. Hamilton is a brother of Mr. J. W. Hamilton, of the Union Bank, Quebec, formerly Quebec manager of the Bank of British North America.

FREE COFFEE

DEMONSTRATION.

Mr. P. G. Copeman, 135 St. John street, is just now making a special demonstration of his famous Castle Blend Coffee, and has a native of far-away Ceylon on the premises for that purpose. This man has been brought up in the growing of tea and coffee, and thoroughly understands everything connected with their properties. The patent coffee percolator is something entirely new, and demonstrates a perfect method of making coffee in four minutes. Mr. Copeman invites his patrons and the public generally to step into the store and let him make for them a cup of delicious coffee free.

LAYMEN'S BANQUET TO BE HELD AT Y.M.C.A.

Satisfactory arrangements are progressing for the large banquet to be held in the Y.M.C.A. Hall in connection with the local council of the Laymen's Missionary Movement on the evening of November 25th at 7 p.m. A special committee of ladies have been asked to take charge of the menu, and we bespeak their usual success. The principal speaker of the evening will be Colonel Halford, vice-chairman of the Laymen's Missionary Movement of New York, and founder of the Chicago Inter Ocean, one of the leading papers of the United States. Having acted as private secretary to President Harrison and later on with the United States Army in the Philippine Islands, he has come in close touch with all the national life of our neighboring republic. He has been intimately associated with Bishop Brent in his good work in the Philippines, and also is a strong supporter of the Y.M.C.A. in the mission field. We are sure there will be a great treat in store for those who can be present on this occasion. Dr. W. L. Shurtleff, K.C., of Coaticook, has also promised to give an address, and as he is also a very able speaker, we are sure our readers will be glad to welcome him to this city and give both of these distinguished gentlemen a hearty reception. The local committee are hard at work to make this banquet an even greater success than the last one, and they are inviting their friends to dispose of as many tickets as possible. As the hall holds only 250, we would advise our friends to secure same as soon as possible.

RUSH OF SETTLERS TO DOMINION

Passenger Men Claim That the Season Has Been Biggest on Record.

With the present week, says the Montreal Gazette, the regular immigration season from Europe closes, and it is stated by railroad men that it by far exceeds any previous season in Canada's history. While definite figures are not yet available, it is estimated by the officials looking after this work that since the beginning of the navigation season about 132,000 settlers have landed here and been distributed through the country, the majority of them going to the West, although quite a large percentage were booked for Ontario and Quebec points. Not only has the season been notable in point of numbers, but as regards quality, more settlers coming from the British Isles than ever before. In fact, the traditional immigrant, with no money but that he expects to make, has been almost a forgotten item, and the per capita wealth of the new settlers, especially from Great Britain, has been surprising.

On the Canadian Pacific Railway alone 98,400 immigrants were handled, or about 70 per cent of the total. These came as follows: May, 25,000; June, 16,200; July, 11,500; August, 12,000; September, 12,000; October, 10,000, and up to date for November, 1,200.

Although the season is approaching its close, an unusually large number of people are still coming to Canada, a goodly proportion of them, of course, being returning travellers. At present there are 3,800 on the ocean bound for Montreal, of whom a considerable number are settlers. They are coming:—On the Corsican, 550; Lake Erie, 300; Empress of Britain, 1,150; Dominion, 400; Montezuma, 400; Caronia, 300; Ionian, 350, and Lake Michigan, 350.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

ST. ANDREW'S CHURCH.

Violin solos—(a) "Canzonetta" (Spencer); (b) "Traumeri" (Schumann)
Mr. Herbert Spencer.
Prelude and Fugue in E Minor.....Bach
Violin Solo—"Duet from Souvenir de Bade".....Leonard
Mr. Herbert Spencer.
Elegy in G.....Lemare
Finale in D.....Lemmens

OLYMPIA THEATRE.

Change of programme to-day in pictures. Besides the vaudeville bill, "The Great Buckner," sensational cyclist, there are four subjects:—"Cowboy Justice," a sensational drama of the west; "The Facori Family," an acrobatic picture of great merit; "Davy Jones' Domestic Troubles," a comedy taken from the life of our old friend, Davy Jones; "The Taming of Wild Bill," a snappy western comedy with a real story and an abundance of incidents, one of the real ones. Next week there will be two vaudeville acts at the Olympia.

THE FIRST TASTE.

Learned to Drink Coffee When a Baby

If parents realized the fact that coffee contains a drug—caffeine—which is especially harmful to children, they would doubtless hesitate before giving the babies coffee to drink.

"When I was a child in my mother's arms and first began to nibble things at the table, mother used to give me sips of coffee. As my parents used coffee exclusively at meals, I never knew there was anything to drink but coffee and water."

"And so I contracted the coffee habit early. I remember when quite young the continual use of coffee so affected my parents that they tried roasting wheat and barley, then ground it in the coffee mill, as a substitute for coffee."

"But it did not taste right, and they went back to coffee again. That was long before Postum was ever heard of. I continued to use coffee until I was 27, and when I got into office work I began to have nervous spells. Especially after breakfast I was so nervous I could scarcely attend to my correspondence."

"At night, after having coffee for supper, I could hardly sleep, and on rising in the morning would feel weak and nervous."

"A friend persuaded me to try Postum. My wife and I did not like it at first, but later when boiled good and strong it was fine. Now we would not give up Postum for the best coffee we ever tasted."

"I can now get good sleep, am free from nervousness and headache. I recommend Postum to all coffee drinkers."

Read "The Road to Wellville," in pgs.

"There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Fifty Years a Leader

The reasons for the unparalleled success of Duffy's Pure Malt Whiskey are that being devoid of impurities, it has all the healing properties of a medicinal whiskey, that it is an absolutely pure, gentle, invigorating stimulant and tonic that overcomes all weakening, wasting and run down conditions of the body, brain and muscle, giving the system power to throw off and resist coughs, colds, grip, catarrh, bronchitis and lung trouble; and that it is a wonderful remedy in the treatment and cure of consumption, pneumonia, malaria, low fevers and all stomach troubles, taken as directed.

Duffy's Pure Malt Whiskey

has had many imitators, some of them going so far as to imitate the bottle, label and seal over the cork, but they could not deceive the people as to the contents of the bottle.

Be sure when you purchase Duffy's Pure Malt Whiskey that you get the genuine. Make certain that the seal over the cork is unbroken. The genuine can be purchased at grocers and liquor dealers everywhere or direct. \$1.25 a large bottle. Write for our Aseptic Drinking Cup, sent free.

The Duffy Malt Whiskey Co., Rochester, N.Y.

BOYS' RALLY.

As the Boys' Committee of the Y. M. C. A. are desirous of meeting all members of the Junior Branch, there will be a meeting at 8 o'clock this evening in the boys' room (which has been recently painted and decorated). All members of the Junior Branch are most cordially invited, as it is the intention of the committee to appoint officers and sub-committees to plan for a campaign of aggressive work among the boys this winter.

ANTHRACITE COAL.

A Wonderful Discovery in British Columbia.

The Winnipeg Free Press has the following despatch from British Columbia as to another wonderful discovery of coal in that province. This time it is anthracite, which must prove of very great value, as it will be the means of furnishing the only supply of hard coal to all the great cities of the Pacific coast, including San Francisco. What makes it more interesting is the fact that the bulk of the deposit is held by a Quebec syndicate:—

"Victoria, B. C., Nov. 6.—Coal areas, eclipsing those of the Crows' Nest Pass, and underlying Groundhog mountain on the Upper Skeena, have been staked for the Crows' Nest Pass Coal Company, the National Finance Company of Vancouver, and a syndicate of Quebec and Winnipeg capitalists. The areas have just been gone over by Campbell Johnson, an expert, who reached Hazelton on his return trip yesterday. The staked claims, he says, cover ninety square miles, and constitute one of the largest and richest coal bodies in America. A railway will be built from Hazelton into the new coal fields in the near future. A charter will be applied for at the January session of the British Columbia Parliament."

RECORDER'S COURT.

Four prisoners charged with drunkenness appeared before the Recorder yesterday. One was fined \$5 and costs or eight days' jail, one was allowed to go on suspended sentence and two were discharged.

TAILORING.

Having secured the assistance of a first-class and well-known tailor, I am clearing my high-class \$35.00 overcoats and suits to order for \$25 cash.

J. MULLIN,
Fabrique Street.

SWORN IN.

Sir Louis A. Jette was sworn in yesterday morning as Administrator of the Province, to act during the absence of Sir C. A. P. Pelletier, Lieutenant-Governor, who has gone South for his health. The oath was administered by Mr. Rodolphe Boudreault, Clerk of the Privy Council at Ottawa.

STREET ACCIDENT.

In a collision between two vehicles, which occurred on St. Valer street yesterday morning, a man named Ed. Giguere, who was driving one of them, had his leg broken. He was conveyed to his home on Victoria street, where medical aid was secured. The driver of the other vehicle escaped unhurt.

YOUNG MEN'S BIBLE CLASS.

The first general meeting of the Young Men's Bible Class of the Methodist Church was held last evening. The constitution being considered and passed upon the election of officers for the year was proceeded with and resulted as follows:—Mr. J. Morley Carson was elected teacher, Mr. F. B. Wilson, President, Mr. Percy D. Woods, Vice-President, Mr. W. P. Davies, Secretary, Mr. D. Cobbledeick, Treasurer. After the regular duties of the meeting were over a social hour was indulged in and a very profitable and pleasant evening was spent by the large number of young men present. The meeting closed with the singing of God Save the King.

LOOKING FOR ONE

BODY, FOUND ANOTHER.

While looking for the body of Mr. Desbriens, of Chicoutimi, who is supposed to have been drowned in the Louise Dock, Mr. Fred. Jeffery, boatman, picked up that of Mr. Arthur Cardinal, of Cap Blanc, who has been missing for about four weeks.

QUEBEC SNOWSHOE CLUB'S ANNUAL

"Old Black and Red" Had Fine Meeting at Chateau Frontenac Last Evening.

The annual meeting of the Quebec Snow Shoe Club was held at the Chateau Frontenac last evening, when one of the largest assemblages in the history of the club was present. The interest in the club was well displayed by the attendance of several of the veterans of the old "Black and Red," and the meeting was a very interesting one.

The various reports were all most satisfactory, and showed that the club was maintaining its high position. After the reading and adoption of reports, the election of officers took place, when the following were elected:

President—W. J. Lynch.
Vice-President—S. H. Hill.
Secretary—P. W. Langlois.
Treasurer—E. C. Joseph.
Committee—J. D. Cassils, C. Fletcher, S. Lemesurier, P. Turcot, C. Lynch.

The 34th annual report presented to the meeting was as follows:—

Your committee begs to present before you the 34th annual report of the club, being for the season of 1909-10. Our season opened on the 9th December with an enthusiastic gathering, at which meeting it was decided to again adopt the issuing of an annual programme, which custom had not been followed out during the previous season. The success of this redaction is clearly evident, as will later on be seen.

Membership.—During the year 11 new members were elected, and, deducting those who had dropped out, owing principally to removal from the city, the total membership was 187, consisting as follows:—Honorary, 19; life, 28; ordinary, 140.

Meetings.—Seventeen weekly meetings were held at our clubhouse, the aggregate attendance being 491, making a weekly average of 29, against 26 for the previous year. The largest attendance in one evening exclusive of guests was 42; the largest attendance including guests was 51. There were 12 tramps on shoes, aggregating 246, against 220 for the previous year, making an average of 19 tramps.

Entertainments.—In this respect it must be said that the past season was a most successful one. During the season our lady friends favored us with their company on two of our tramps, and apart from several eures and an evening of indoor sports, we find, on taking the different events in order of date, that on the 23d December we had a delightful excursion to our vice-president's camp on the Montmorency River, on which occasion 47 turned out on shoes, including four ex-presidents. On the 20th January we had the pleasure of being again entertained at the home of Colonel and Mrs. Neilson, and every one of the 24 members that turned out had the best of good times. On February 7th the dinner dance given at our clubhouse was in every sense of the word an unequalled success. On the 17th March our limelight tour through Europe, under the personal direction of Mr. Louis Bruneau, was greatly enjoyed by the large number present.

Sherbrooke S. S. Club's Visit.—It afforded us great pleasure during the past season to entertain as our guests our old friends, the Sherbrooke Snow Shoe Club, who arrived in Quebec on February 10, under command of Dr. F. H. Bradley and his able lieutenants. After witnessing the ski jumping competition we tramped out to our clubhouse, where a most enjoyable few hours were spent in music, mirth and justice to a good feed.

Evening brought with it our great hockey victory over our visitors, in spite of the stellar exhibition by Sherbrooke's unique goal tend, Mr. J. P. Watson. After singing our best songs, playing our best hockey and smoking our best smokes, there was nothing left to do but climb our highest mountain, and this we did on February 11, when we visited Mount Ste. Anne.

The doings of the day need not be commented upon, for they are on view at the clubhouse, being a masterpiece of art by our fellow member, Mr. W. M. Dunne, and they furthermore prompted the poetic genius of our laureate, Mr. E. C. Joseph, in whose verses we have a treasured souvenir. It was on the same evening that the Sherbrooke boys took their departure, tired, but seemingly delighted with their trip.

Local Races.—In the Interclub Steeplechase for the Challenge Cup your team again secured a win on the first team prize, being the second win in succession. Our team finished as follows: 1st, W. A. Dall; 2nd, C. H. Ashmead; 3rd, L. B. Ramsey; 4th, S. Elliot.

President's Trophy.—Mr. W. A. Dall, in his holding the best records for the year, was the lucky winner of the President's Shield.

Committee Changes.—During the year there were two vacancies caused on your committee. It is with deepest regret that we are called upon to record in the annals of the club the untimely death of our popular and highly esteemed treasurer, Mr. C. H. Ashmead. The great loss sustained by the club in his early demise is only surpassed by the individual loss which each one of us, as his friend, has been called upon to share. The second vacancy was caused by the departure from Quebec of Mr. George W. Evans, whose absence from our midst we shall also keenly feel.

Finances.—Our finances show \$86.05 of outstanding liability, as compared with \$120.55 last year, and a surplus of assets of \$3,660.19. A glance at the treasurer's report will furnish particulars in detail.

Caretakers.—The club has secured for the coming season the services of Mr. Nap. Dionne, as caretaker. The committee respectfully submitted.

CHAS. L. LYNCH,
Hon. Secretary.

Confirmed:—
P. W. LANGLOIS,
President.

A number of invitations were tendered the club, among them one from Dr. Lemieux, who asked the club to visit him at Lorette during December. An invitation from Mr. W. J. Lynch to make another trip to his camp on the Montmorency was also received. It is understood that the club will also have an invitation from the Sherbrooke Snow Shoe Club for a trip to the capital of the Eastern Townships.

A resolution was passed requesting all members to keep Thursday, the weekly tramp night, free from all other engagements, and a vote of thanks was passed to the Chateau Frontenac for the use of a room for the evening.

AN EDUCATIONAL INFLUENCE IN THE HOME—

The GRAM-O-PHONE can be made to represent much more than merely an amusement—a careful selection from the Victor repertoire of over 3,000 records can make it a strong educational influence. There are no minds so easy to cultivate to an appreciation of the best in music as those of children. Victor Records include the classic symphonies of great composers, sacred music by celebrated choirs, the rare voices of the greatest operatic stars, etc., etc., as well as the popular airs of the day. For, from \$15 up, you can buy

BLACK KNIGHT STOVE POLISH

You don't have to mix "Black Knight" Stove Polish.

There is no black watery liquid to stain your hands or dirty the floor.

There is no "hard brick" to scrape—no trouble—no waste—no hard rubbing.

"Black Knight" is a firm paste—ready to use—quickly applied—and shines quick as a wink.

It's as simple and easy to use as shoe polish, and a big stove can be shined with it almost as easily.

Perhaps your dealer does not handle "Black Knight" Stove Polish. If so, send us for a big can, free postpaid.

DISFIGURED
FOR LIFE!

Mothers Should Realize What
Neglect of Skin-Troubles
May Mean to Children.

A lifetime of disfigurement and suffering
often results from the neglect, in infancy or
childhood, of minor eruptions of the skin and
scalp. A mother overlooks a little rash or
attempts some simple treatment and in a
day, perhaps, the little one is covered with
severe eczema or a similar distressing erup-
tion. Then the struggle for a cure begins.

A multitude of remedies are tried, doctor
after doctor consulted and hospitals visited,
but too often the suffering extends, without
substantial relief, from days to weeks, weeks
to months and months to years. Added to this
is the ever-present fear that the itching, burning
and disfigurement will become chronic, mar-
ring future welfare and making life miserable.

In the prevention of the simple skin troubles
from which all this suffering so often arises
and in establishing a condition of skin health
that makes eruptions impossible, mothers are
assured that nothing is purer, sweeter or more
effective than Cuticura Soap and Cuticura
Ointment. And greater still, if possible, is
the success of these simple household remedies
in the treatment of the severest skin affections
themselves. With the first warm bath with
Cuticura Soap and gentle application of
Cuticura Ointment, the itching and burning
of eczema ceases, the child falls into a refresh-
ing sleep, the mother rests and for the first
time, possibly, in many weeks peace falls on
a distracted household. Frequently a single
cake of Cuticura Soap and box of Cuticura
Ointment are sufficient.

Positive as is this statement, it is justified
by more than thirty years of pronounced
success. To quote but a single instance,
Robert Mann, of Proctor, Minnesota, says:
"Our boy was born in Toronto on Oct.
12, 1898, and when three months old a slight
rash appeared on his face. What appeared to
be a water blister would form. When it
broke, matter would run out, starting new
blisters until his entire face was covered.
There were a mass of scabs and you could not
see a particle of clear skin. We tried about
every advertised remedy without avail, in-
deed some of them only added to his suffering
and one in particular, the 'Remedy', almost
put the infant to rest. Finally, we resorted
to Cuticura. The family doctor prescribed for him and told us
to bathe the baby in buttermilk. This did
not do any good, so we took him to a hospital.
He was treated as an out-patient twice a week
and he got worse. If anything, we decided
that it could not be cured and must run its
course and so we just kept his arms hand-
cuffed to his side to prevent his tearing his flesh.
We left Toronto and shortly after our arrival
in Duluth, the Cuticura Remedies were
recommended. We started using them in
May, 1899, and soon the cure was complete.
You would not think he was the same child
for Cuticura made his skin perfectly clear and
he is entirely free from the skin disease. There
has been no return. We still use only Cuti-
cura Soap for baby's bath."

Cuticura Soap, Cuticura Ointment, Cuticura
Resolvent and Cuticura Pills are sold by drug-
gists everywhere. Send to Potter Drug &
Chem. Corp., Boston, Mass., for a free copy of
their latest 32-page Cuticura Book on treat-
ment of skin diseases.

NEW PAPER DELEGATE.

Official notification of the appointment
of Mr. Sbarretti, formerly apostolic dele-
gate to Canada, as Secretary of the Con-
gregation of the Religious in Rome, has
been received at the delegates' residence
here. As yet, however, no official an-
nouncement of Mr. Pellerin Sagn's ap-
pointment as the new delegate has been
received locally. There is no doubt
of its authenticity, however, and it is
even hoped that Mr. Sagn would be
here in time to install the new Metro-
politan of Ottawa, Mr. Gauthier.

RAILWAY COMMISSION.

The Railway Commission meets in Ot-
tawa on Nov. 15. Among the applica-
tions is one from the Marconi Wireless
Telegraph Company for approval of its
tariff of tolls. The C. P. R., G. N. W.,
C. N., North American, Western Union
and Anglo-American Companies, and the
Marconi Wireless Telegraph Companies
ask for approval of the forms used by
them in the transmitting and receiving
of messages.

AVIATORS HAD
A GREAT DAY

U. S. Postmaster General Made
a Flight with Count Jacques
de Lesseps.

Baltimore Md., Nov. 10.—Aviation
enthusiasts flocked to-day to the field
where the Baltimore aviation meet is
being held. The day was one of good
flying conditions and the programme
attractive one. There were bomb
throwing and target shooting contests
and aerial gymnastics and several pro-
minent government officials made
trips aloft. Postmaster-General Frank
Hitchcock went up with Count Jac-
ques De Lesseps and was so pleased
with the experience that he asked A.
Hoxsey for a higher flight in the
Wright biplane. Hoxsey, however,
said the upper air was too gusty to
make passenger carrying altogether
safe and asked the Postmaster-General
to wait until to-morrow. Mr. Hitch-
cock expressed himself as delighted
with his experience in the air. Gen.
Allen, Chief of the Signal Corps, U.S.A.,
also went aloft with Count De
Lesseps.

The first of the fliers to take wing
to-day were Jas. Badley and Robert
Latham. Both descended after brief
flights. A little later Count De Les-
seps, in his 100 horsepower Blériot,
took aloft for rifle practice. Capt. J. P.
Dow, of the State Ordnance Corps,
Capt. Dow fired twice at a C target
as a small arms practice, but the best
of the shots missed. Latham then
tried with a revolver and of four shots
two were hits, one scoring two and
the other three points.

J. Armstrong Drexel tried for alti-
tude, but returned to earth in a quar-
ter of an hour, reporting the wind
aloft too fluky for high flight. His
barographs recorded only 820 feet.

In the bomb dropping contest for
the Barry trophy, Latham had a score
of 15 points with 6 bombs. One
bomb would have dropped into the
funnel of a battleship. This was a
bull's eye. Drexel followed Latham
and from his Blériot dropped six mis-
siles to the outline representing the
deck of the battleship, but none of
them struck the vital spot. His score
was only six.

NEGOTIATIONS
FOR RECIPROCITY

Will Be Resumed in Washing-
ton in January—Public Debt
Increase.

Ottawa, Nov. 10.—The reciprocity con-
ferences with the U. S. delegates have
concluded here, and will be resumed at
Washington in January. Hon. Mr.
Fielding states he hopes then to reach
an amicable agreement acceptable to the
people on both sides of the boundary.

PUBLIC DEBT INCREASED.

The Public Accounts of Canada for
the fiscal year ended 31st March, 1910,
have been issued. They show consolida-
ted fund receipts of \$101,503,710; ex-
penditure, \$79,411,474, leaving a surplus on
this account of \$22,091,968. In addition
to this, however, there was a total capital
or special expenditure of \$35,971,911, of
which \$19,968,064 was on the National
Transcontinental Railway and \$2,414,171
on bounties. Deducting from this the
surplus of \$22,091,968, sinking fund in-
terest and other credits, totaling in all
\$23,633,044, a balance is left of \$12,
338,267, by which sum the public debt
of the Dominion was increased during the
year. On March 31st the net debt stood
at \$336,268,546.

NEW PAPER DELEGATE.

Official notification of the appointment
of Mr. Sbarretti, formerly apostolic dele-
gate to Canada, as Secretary of the Con-
gregation of the Religious in Rome, has
been received at the delegates' residence
here. As yet, however, no official an-
nouncement of Mr. Pellerin Sagn's ap-
pointment as the new delegate has been
received locally. There is no doubt
of its authenticity, however, and it is
even hoped that Mr. Sagn would be

politan of Ottawa, Mr. Gauthier.

RAILWAY COMMISSION.

The Railway Commission meets in Ot-
tawa on Nov. 15. Among the applica-
tions is one from the Marconi Wireless
Telegraph Company for approval of its
tariff of tolls. The C. P. R., G. N. W.,
C. N., North American, Western Union
and Anglo-American Companies, and the
Marconi Wireless Telegraph Companies
ask for approval of the forms used by
them in the transmitting and receiving
of messages.

ARGO'S PROTEST DEFEATED.

At the meeting of the Interprovincial
Rugby Union to-night, the protest of the
Argonauts of Toronto against the deci-
sion at Saturday's game with the Ot-
tawas was voted down.

MILLIONAIRE'S WIFE
NOW IN GAOL

Charged With Attempting to
Poison Her Husband—De-
tective-Nurse's Evidence.

Wheeling, W. Va., Nov. 10.—Further
sensational developments ap-
peared to-day in the case of Mrs.
Laura Farnsworth Schenck, who is
locked up charged with attempting to
poison her husband, a millionaire pork
packer. According to the prosecution,
a detective disguised as a nurse
charged that Mrs. Schenck offered
\$1,000 to put arsenic in her husband's
medicine. The offer is alleged to have
been made to the detective-nurse at
the North Wheeling Hospital, where
Mrs. Schenck is in a critical condition.
Mrs. Schenck is still in the county jail,
with bail refused.

Mr. Schenck was told of his wife's
arrest to-day. He received the news
calmly, his only remark being, "She's
just where she ought to be."

Dr. F. L. Hupp, who had mineral
waters of which Schenck is alleged to
have drunk analyzed by Eastern
chemists, says they showed heavy
traces of arsenic.

BRIEF NOTES OF
CANADIAN NEWS.

Mr. F. C. Wade, of Vancouver, in
addressing the Empire Club at To-
ronto yesterday, made a strong appeal
to Canadians to assist in carrying to
a successful conclusion the proposal
to erect a monument to General
Wolfe in St. Alfege's Church, Green-
wich.

The Welland, Ont., board of trade,
after a lengthy discussion, passed a
resolution strongly opposing reciproc-
ity with the United States.

Mr. Justice Britton, at Toronto yester-
day, granted a stated case to the
Court of Appeal in the case of Thos.
McNulty and Mary Dolan, under sen-
tence of death at Barrie for the murder
of their illegitimate child. The ques-
tions are the rejection of certain
evidence and the admission of other
evidence, and whether the trial judge
should not have told the jury there
was absolutely no corroboration of
the girl's story.

Arthur Dargavel, aged 24 years, and
two companions, were fox-hunting in
Cook's bush, Sullivan Township, Ont.,
when their dog located an animal
at the bottom of an embankment.
The hunters dug around the hole to
get at their prey, when a large sec-
tion of gravel and sand caved in, com-
pletely burying Dargavel. The man
was dug out within ten minutes, but
life was extinct.

GENERAL ELECTION
IN GREAT BRITAIN

Failure of Conference on Veto
Power of Lords May Pre-
cipitate Contest.

London, Nov. 10.—The conference
which was organized shortly after the
death of King Edward in an endeavor
to secure a settlement of the acute
controversy over the question of the
veto power of the House of Lords
with reference to measures passed by
the House of Commons—a controver-
sy aggravated by the refusal of the
upper house to pass the budget—has
dissolved without reaching an agree-
ment.

Announcement of the failure of the
leaders of the two great political parties
to find a solution of the dispute
which has kept British politics in a
turmoil for more than a year, was
made by Premier Asquith to-night after
a meeting of the Cabinet, which
followed the earlier gathering of the
conference. The official statement
does not disclose the cause of the dis-
agreement. It simply says: "The con-
ference which has been sitting to con-
sider a constitutional question has
come to an end without having ar-
rived at an agreement."

The statement adds that the mem-
bers of the conference had decided
not to disclose the course of the ne-
gotiations or the causes which led to
its termination.

It is understood, however, that the
rock on which the conference split
was the question of the composition
of the joint committee of both houses
that should adjust the differences aris-
ing in the future. The Liberals in-
sisted that the proportion of peers on
this committee should be such that the
will of the House of Commons should
have a fair chance of prevailing. The
Conservative members of the confer-
ence would not agree to the govern-
ment's proposals, and their alterna-
tive proved unacceptable to the Lib-
erals.

Walter Hume Long announced to-
night on the authority of Mr. Balfour,
leader of the Opposition, that neither
home rule, imperial federation nor
devolution formed any part of the dis-
cussion, which confirmed previous re-
ports that the conference had con-
fined itself to the constitutional ques-
tion.

The political situation now reverts
to the position it was in before the
truce. The conference secured a re-
pite in the controversy over the pe-
riod of national mourning, which
gives hope that some means will be
found to avoid political complications
until after the coronation.

How this is to be accomplished re-
mains a matter of conjecture, and poli-
ticians are preparing to resume the
fight. Advanced Liberals, long tired
of inactivity, are urging the govern-
ment to press forward the original
proposals limiting the power of the
House of Lords by immediately intro-
ducing in the upper house the resolu-
tions passed in the House of Com-
mons last April. These the House of
Lords would reject, and in the crisis
then arising, Mr. Asquith is pledged
to advise the use of the royal pre-
rogative for the appointment of a
sufficient number of peers to ensure
the passage of a measure making the
will of the Commons supreme.

If this course were followed there
would probably be a general election
in January, or soon after. The opin-
ion prevails to-night, however, that
the government will force an imme-
diate dissolution to get the elections
over before Christmas. The result of
recent bye-elections encourages the
Liberals to make an immediate appeal
to the people. Besides, they are thor-
oughly organized and in a far better
position for a contest than they were
last January.

The Weather

Toronto, Nov. 10.—A disturbance which
was west of the lake region yesterday
has since crossed Ontario accompanied by
gales with rain and snow as far east as
Quebec city. Cold weather has prevailed
in the western provinces. Minimum and
maximum temperatures:—

Stations—	Min.	Max.
Calgary	14	26
Qu'Appelle	zero	20
Winnipeg	8	22
Port Arthur	18	26
Parry Sound	28	36
London	43	49
Toronto	38	46
Ottawa	26	34
Montreal	26	36
Quebec	18	34
St. John	26	38
Halifax	30	44

Lower Lakes and Georgian Bay—
Strong northwesterly winds; colder with
snow flurries.

Ottawa Valley and Upper St. Law-
rence—Strong winds, becoming north-
westerly; cold with snow flurries.

Lower St. Lawrence and Gulf—East-
erly and northerly gales; rain or snow.

Maritime Provinces—Strong southeas-
terly winds with rain.

CAR LEFT COURSE

ONE MAN KILLED.
Savannah, Ga., Nov. 10.—Albert Fuchs,
a mechanic, met instant death, and
W. H. Sharp, director and owner of the
car bearing his name, was seriously in-
jured when the powerful machine left
the grand prize auto course and crashed
into a barbed wire fence. Sharp who
was practicing for the grand prize had
finished several laps at high speed and
all seemed to be well with the car. One
theory is that Sharp took a curve at too
high speed and lost control. Another is
that a tire blew out, causing the driver
to lose control. The latter theory is sup-
ported by the fact that the left front tire
was stripped.

QUIETNESS IN
MEXICO CITY

Authorities Prevent Any Repe-
tition of the Anti-American
Demonstrations.

Mexico City, Nov. 10.—Repressive me-
asures adopted by the Mexican authorities
to-day prevented a repetition of yester-
day's riotous demonstrations against
Americans, and resulted in a day of com-
parative tranquillity. An attempt by the
demonstrators to gather late to-day in the
neighborhood of the new national thea-
tre was discouraged by the mounted po-
lice, who kept the crowds moving.

The Foreign Office has assured Am-
bassador Wilson that there will be no re-
petition of the rioting. Visits were ex-
changed between Foreign Minister Creel
and the United States Ambassador dur-
ing the day and a satisfactory verbal re-
ply was given by the former to Mr. Wil-
son's urgent message of yesterday con-
cerning the trampling of an American
flag and the insulting of American resi-
dents. Assurances were also given that
several newspapers, whose utterances in-
cited the demonstrations, will be suppress-
ed.

Reports, which reached Mexico City
from the United States to-night that an
attempt was made on the life of the
Ambassador are without any foundation
in fact.

With fears that with the coming of
darkness to-night violence would break
anew squads of mounted police with
carbines slung across their backs, patrolled
the business streets until late in the
night and prevented anything in the na-
ture of disorder. Governor Landa is
quoted as having told a students' com-
mittee to-day that their class-mates who
were jailed last night acted like hood-
lums, and were incommunicado.

"You may not speak to them," he
said. "I have advised committees of
each school that any attempt at demon-
strations of any kind would be put down
energetically. The police have orders to
shoot if their first command is not obeyed."

Austin, Tex., Nov. 10.—Thus far the
State authorities have not been officially
requested to take any steps looking into
an investigation of the lynching of a
Mexican at Rock Springs, Tex., which has
caused a serious outbreak in Mexico
City. Acting Adjutant-General Phelps,
however, said to-day that his depart-
ment is ready to institute an investiga-
tion as soon as a request is made.

CHANCE FOR
A SETTLEMENT

Tentative Agreement Reached
with the Striking Express
Drivers in New York.

New York, Nov. 10.—After backing and
filling for five hours an executive session
of the striking drivers and helpers of the
five transcontinental express companies
decided tentatively early this morning to
return to work Monday under the terms
of the agreement signed yesterday after-
noon.

If the Jersey City strikers also ap-
prove the agreement, the men will go
back; If the Jersey City men reject the
agreement, the New York men will stay
out. Drivers and chauffeurs on strike
not employed by the express companies
are not affected and may settle their dif-
ferences as they choose.

Before the agreement was signed the
day had been turbulent, confused and
full of statements and counter-
statements. There was more rioting
than at any time during the week.

It was directly due to Mayor Gay-
nor that the agreement was drawn up
and signed. Last night the companies
issued and to-day printed in the ad-
vertising columns of the newspapers a
long statement defining their position.
Mr. Gaynor read this and then sent for
Mr. Towne and asked him to reduce it
to such a short form and see if the ex-
press companies would not sign it. He
did so and they all signed.

The worst of the trouble to-day
came not from the express employees
but from the striking taxicab chauff-
eurs, who went out with them in
sympathy. They mobbed taxicabs
driven by non-union men and squab-
bled with the police until it was ne-
cessary to threaten them with drawn
revolvers and lash them with swinging
night sticks. Bottles, stones, bricks
and other missiles flew thick and there
were many broken heads, but only five
arrests.

MR. FOSTER MAY
RETURN TO NOVA SCOTIA.

Toronto, Nov. 10.—A well-known Con-
servative stated to-day that in all prob-
ability Hon. G. E. Foster, the sitting
member for North Toronto, will not be
given the nomination again. A. E. Kemp,
who was defeated by Joseph Russell in
East Toronto, does not wish to return
to Ottawa, and as Joe Russell is too po-
pular to be ejected, North Toronto is
Mr. Kemp's logical next best choice. Mr.
Kemp resides in North Toronto, and is
a very wealthy man. There is a possi-
bility of Mr. Foster being offered a
seat in Nova Scotia.

FINANCIAL

NEW YORK CLOSING LETTER.

By private wire to McDougall & Cowans, 81 St. Peter street:—

New York, Nov. 10.—The opening was fairly active with prices irregularly changed from last night's close, but with the majority issues somewhat lower. After a period of feverishness, selling started in which continued most of the session and which forced prices all through the list down, leading issues breaking from two to four below their early high level. The selling was very heavy and practically uninterrupted until the last hour, when the pressure ceased and short covering caused very sharp upturns, bringing the majority of issues back to about last night's closing level. The activity and pressure were greatest in Steel, of which there seemed for a long time to be an unlimited amount for sale. There was no explanation of the heavy selling, but it was surmised that it might be by the same persons who had been instrumental in advancing the market, and who finding it impossible to sell stocks on a scale up, had made up their minds to sell them on a declining market. The issuance of the orders on hand of the Steel Corporation could not have had any effect on the stock as it had been generally expected. Otherwise news of the day was generally favorable, especially the money market, which showed ease. C.P.R. earnings 1st week November, gross \$226,700.

S. A. WARRANTS.

S. A. Land Warrants quoted \$720 bid, \$725 asked by McDougall & Cowans, Winnipeg, Man.

CHICAGO WHEAT MARKET.

Chicago, Nov. 10.—Purchases made to anticipate the close of lake navigation formed one of the chief reasons changing sentiment to the buying side to-day in the wheat market. There was a net advance of 1 1/2 to 1 3/4 cents, with a strong tone at the finish. Latest figures for corn were unchanged to 1/4 cents higher compared with last night. Oats also wound up the same as yesterday's final to 1/4 to 1/2 cent gain. The outcome in hog products was to leave prices unaltered or at a loss not exceeding 5 to 7 1/2 cents. More strength was shown in wheat to-day than for some time back. As the day progressed shorts in general became nervous, many covered, and the majority of room traders here worked on the bull side. There was a wide variety of causes, starting with diversity of Argentine crop estimates, one authority figuring this year's total at less than was produced twelve months ago. Australia and New Zealand were reported to be suffering for rain, but there were dry weather complaints too, in the United States, notably in the southwest. On top of all, it was admitted that better export bids had been received at the seaboard, and that better sales for ocean shipment had been made at Winnipeg. Only in the first hour did the bears have any real inning, when news of heavy shipments from India and Argentina weighed down the market.

FINANCIAL

The Subscription List will open on November 14th, 1910, and close on or before November 17th, 1910.

PRICE BROTHERS & COMPANY, Limited

(Incorporated under the Laws of the Province of Quebec, Canada, with a Capital of \$5,000,000.)

OFFER OF

£1,000,000 FIVE PER CENT. FIRST MORTGAGE BONDS.

Forming part of an authorized issue (closed Mortgage) of £1,232,876.14.3 being the Sterling equivalent at \$4.86 2 1/2 of \$6,000,000.

Dated November 1st, 1910.

Due November 1st, 1940.

Callable as a whole at 102 1/2 per cent. and accrued interest on November 1st, 1915, or on any interest date thereafter, on three months' notice, or in part for sinking fund purposes only on any May First after 1915, at 102 1/2 per cent. and accrued interest.

Interest payable May 1st and November 1st. Both principal and interest are payable in London, England, in Sterling, and also in Montreal, Toronto, Quebec and New York, at the fixed rate of exchange of \$4.86 2 1/2 to the £1.

Coupon Bonds of £200, £100 and £50; \$1,000, \$500 and \$100; interchangeable; fractions adjusted in Script. Bonds may be registered as to principal only.

ROYAL SECURITIES CORPORATION, LIMITED, 164 St. James Street, Montreal, offers for sale £1,000,000 of the above Bonds at the price of 86 PER CENT. (unstamped) payable as follows per £100 Bonds:

£ 5	=24 33	On Application
£21	=102 20	On Allotment
£30	=146 00	On 1st February, 1911
£30	=146 00	On 1st May, 1911

£86 .at \$4.86 2 1/2 . = 418 53

Payment in full may be made on allotment, under discount at the rate of 4 p.c. per annum.

If only a portion of the amount applied for be allotted, the balance of the deposit will be applied towards the payment due on allotment. Interest at the rate of 7 p.c. per annum will be charged on all instalments not paid on the due dates. Failure to pay any instalment when due will render the amount previously paid liable to forfeiture.

After payment of the instalment due on allotment, Allotment Letters will be exchangeable for Provisional Script Certificates, bearing a coupon payable on May 1st, 1911, representing interest at 5 p.c. to that date from the due dates of the instalments. Notice will be given when Script Certificates may be exchanged for Definitive Bonds bearing coupon due November 1st, 1911.

Make all remittances payable at par of exchange in Montreal to the order of MONTREAL TRUST COMPANY, MONTREAL.

From a letter of the President of the Company, a copy of which will be sent upon request, we summarize as follows.

- (1) First Mortgage covering all fixed assets owned by the Company.
- (2) Timber limits insured by Lloyd's against fire.
- (3) The assets forming the security for the new bonds will amount to over \$13,500,000, of which over \$8,000,000 represent Freehold and Lease hold Timber and Pulpwood Lands constituting a security of constantly increasing value, owing to the rapid depletion of the available supplies of timber in the United States.
- (4) The average earnings for the last three years amount to more than one and a half times the interest on the £1,000,000 of bonds; and the estimated earnings of the combined operations, after the completion of the paper mills, cover the amount required to meet the entire bond interest three times over.
- (5) The past earnings have been derived from careful operations of the Company's limits to the extent of only one-third of their capacity and after the construction of the new mills the business of the Company will require the operations of the limits to the extent of only two-thirds of their capacity.
- (6) The new paper mill is the development on a larger scale of the Jonquiere Paper business which has been operated profitably for several years past.
- (7) A Sinking Fund of 2 per cent., cumulative, beginning 1915 will redeem practically the entire issue before maturity.

Application will be made in due course to the Committees of the Montreal and London Stock Exchanges for an official quotation of the bonds. Holders of existing 6 p.c. Bonds of Price Brothers and Company, Limited, may deliver their Bonds at 105 p.c. and interest on account of payment for allotments.

The Bonds are being offered by Royal Securities Corporation, Limited, simultaneously at its Offices in Montreal, Toronto, Quebec and Halifax and for its account by Farwell Trust Company, Chicago, at 86 per cent. unstamped, and Parr's Bank Limited, London, England, at 87 per cent. stamped.

Maps and application forms will be furnished upon request.

UNITED STATES CROPS

EXCEED EXPECTATIONS.

Washington, Nov. 10.—In a general review of crop conditions issued to-day the Bureau of Statistics of the Department of Agriculture says in part: "The harvests of 1910 have been practically completed, with results exceeding the expectations during the growing period. Preliminary estimates have been made of the production of most of the important crops, by which it appears that the aggregate production of crops in 1910 are approximately 7.6 per cent greater than the crops of 1909, and about 9.1 per cent greater than the average annual production of the five years. Prices for important crops averaged on Nov. 1st about 5.4 lower than a year ago.

Men's Suits Dry Cleaned for Fall Wear

Get out your heavy suit, laid away last spring, and let us clean and press it and make it ready for wear this fall. Our service costs little, and if your clothes are in fair condition as to wear, it will save you the price of a new suit this fall. Many men have their light-colored summer suit dyed a darker color for wear in the fall. We have splendid success with this work, and the cost is small.

THE OPINIONS OF THE PRESS

Canada and the U. S.—Comment on the Recent State Elections.

New York World:—Mr. Roosevelt has been speaking for many weeks. Now the voice spoken, and the people have radiated Rooseveltism. He is beaten in his own State, where his personally conducted campaign is overruled and the Republicans have lost a Governorship for the first time in eleven years. He is beaten in his own Congress district. He is beaten in his own town, which was carried by John A. Dix. He is beaten in Massachusetts, where he viciously assailed Mr. Foss, and the people elected Mr. Foss Governor. He is beaten in Connecticut, where he viciously assailed Judge Baldwin, and the people elected Judge Baldwin Governor. He is beaten in Ohio, where he viciously assailed Judge Harmon, and the people have elected Judge Harmon Governor. He is beaten in New Jersey, where Woodrow Wilson made an Old Nationalism Democratic campaign against the vagaries of the New Nationalism. He is beaten in Indiana, where he campaigned for Senator Overidge on a fake tariff platform of false pretenses. He is beaten in Iowa, where a Republican majority of 74,000 nearly if not completely wiped out. And wherever Mr. Roosevelt has been beaten he has been beaten by Republican votes.

This is no partisan Democratic victory in the ordinary sense of that term. While it is a defeat for the Taft Administration and for the Republican party, it is peculiarly a defeat for Theodore Roosevelt and his 1912 ambitions. It was fought about by the help of Republicans who were dissatisfied with the record of the Taft Administration and the Aldrich-Cannon revision of the tariff. But it was also brought about by hundreds of thousands of patriotic Republicans who still believe in the Constitution of the United States, who still uphold the Supreme Court, and who will tolerate no third-term ambitions in any man, whatever the party name that masks his pretensions.

Toronto Mail:—Of the two parties in the United States the Democrats have generally shown the less capacity for government. Excellent policies and many able men have been given to the service of the State by the Democratic party, but "machine" politicians have done harm to it, and in crises the party does not always present a united front. In the latter respect the Republicans usually have a great advantage over their opponents, the former holding together under all difficulties, whereas the latter tend to divide. Division in their ranks made the tasks of President Cleveland extremely difficult. In spite of the fact that his party had a majority in both Houses, he narrowly escaped failure in his efforts to have the purchase clause of the Sherman Act repealed and to have the duties of the McKinley Act reduced. The close of his second term of office was also the end of Democratic ascendancy. In the elections of 1896 his party was overwhelmingly defeated, and since then the Republicans have held sway. In the Presidential elections of 1896 and 1900 the Democrats were divided on the leading issue, the money question. In 1904 and 1908, though the party was not quite solid, the former split gave no trouble, both the silver plank and the free trade plank having been practically abandoned. The party may now be looked upon as once more whole, with a popular platform acceptable to all its elements. While the Democrats have thus been undergoing wholesome unifying discipline in Opposition, the Republicans have felt the strong workings of the forces of disintegration. They are not in agreement on the tariff question, and there is lack of harmony on the subject of enforcing the laws against trusts and combinations. Towards the party there developed a general critical temper that seemed to bode the end of its days in power. Popular estrangement is often indicated in an unmistakable way before the time for polling comes, and the signs that the Republicans were losing the confidence of the people became a matter of comment. President Roosevelt saw that the slump was started, and he threw himself into the campaign to steady the voters and rally them back to the Republican lines.

Y.M.C.A. JUNIORS.

Amongst the new features introduced at the Young Men's Christian Association this year the juniors have not been overlooked. A large room has been completely renovated and will be opened this evening, when every junior member of the Association is invited to be present at eight o'clock to meet the Junior Work Committee. Officers for this department will be elected amongst the boys and the work will be largely under their own direction. The furnishing of the room will be one of the incentives for the boy and any of their friends who would like to contribute a nice article of furniture, a picture or a good game, may encourage the boys at this time by so doing.

PROPOSED SUCCESSOR TO CHAUNCEY DEPEW.

New York, Nov. 10.—Judge Alton B. Parker authorized the following statement to-night: "I am not unappreciative of the fact that many good people favor my selection as a candidate for the U. S. Senate, to succeed Senator Depew. I am most gratified to them for suggesting a most attractive opportunity for useful public service, but my obligations are such that I would not accept the office even if it should be tendered to me." Mr. Herman Herrick, mentioned as another probability, said to-day that he should certainly accept the Senatorship were it offered him. Edward M. Shepard, also spoken of, was non-committal.

MISS LUCILLE ANGERS.

The beautiful soprano singer, who will be heard at the Becket recital on Saturday evening at Loyola Hall.

STAGE DOOR "JOHN" KILLS N.Y. ACTOR

Jack Chanler, Protecting Chorus Girls, Shot Down by a Memphis Man.

Memphis, Tenn., Nov. 10.—"Jack" Chanler of New York, stage manager of a company appearing at a local theatre, was shot late last night by Rice A. Pierce, jr., son of former Congressman R. A. Pierce, and died this morning from his wound, ten hours after the shooting. Pierce is locked up on a charge of murder.

The shooting was the outcome of an attempt by Pierce to force unwelcome attentions upon a chorus girl belonging to the company. With several companions Pierce last night took up a station at the stage door waiting for the chorus girls to come out. Chanler, who was known in the company as Sanders, chased them away. Pierce returned and renewed his efforts to see the girl, one in particular. Again Chanler remonstrated and finally Pierce went away.

As the members of the company were assembled at the railway station waiting to take a train Pierce appeared and renewed his quarrel with Chanler, finally drawing a revolver and firing two shots, one of the bullets entering the body of Chanler. Pierce then turned the revolver over to a policeman and was locked up. His father is a well-known lawyer and politician and took a prominent part in the defense of the Reelfoot Lake Night Riders.

Chanler has a step-sister at Nyack, N.Y., and an uncle at Toga, Me.

"LES RANTZAU" NEXT WEEK AT THE THEATRE NATIONAL.

The famous drama "Les Rantzau," which created such a tremendous impression last season, when played here by Paul Marcel's Stock Company, will be presented next week at our French playhouse. Mr. Paul Marcel and Madame Camille Duceppe will play the leading roles. "Les Rantzau" will draw crowded houses at every performance and will no doubt be one of the biggest successes of the season. To-night will be a gala evening, when Miss Casgrain's play "L'Aube Lointaine" will be given before the regular bill, "Vingt Jours à l'Ombre"; and to-morrow matinee and evening, last performances of the last-named comedy.

Fraternal Prescription For Nervous Wrecks

(From "Medical Reports.") Thousands of men, nervous wrecks, have found the following "fraternal prescription" a blessing and a boon. Such men lack aggressiveness, they are timid, nervous, easily discouraged, lacking in self-esteem and confidence. They suffer from cold extremities, thin watery blood, nervousness, sleeplessness, frightful dreams, trembling hands and limbs, unsteady gait and an absolute inability to perform the ordinary natural and rational acts or duties such as any healthy normal man can.

A vigorous man works, plays, eats and sleeps always with the keenest enjoyment. The greater his exertions are, the stronger becomes his appetite and slumbers. The nervous man seems always tired and worn out. Retiring brings no relief. Sleep brings no refreshment, all because of an abnormal condition of the nervous system, brought about by—well, no matter what—the desire is for relief and freedom with rich, red blood surging through the body supplying the sensitive nerves with all the power of sensation, so that sleep is refreshing, food is delicious, work is play and play is pleasure.

This treatment is thorough, simple and correct. The ingredients are used in filling various prescriptions and can be obtained of any well stocked drug-gist and mixed at home without embarrassment or questions.

Obtain three ounces of syrup sarsaparilla compound in a six ounce bottle. To this add one ounce of compound fluid balmwort and let stand two hours. Then add one ounce of tincture cadomene compound (not cardamom), and one ounce of compound essence cardiol. Mix, shake well and take a teaspoonful after each meal and one when retiring until a vigorous, bounding new-health takes hold of the tired, exhausted nerves. Only a few weeks' treatment will astonish and rejuvenate, because the treatment is the right thing at the right time, and contains no deceptive opiates.

STOMACH DISTRESS SIMPLY VANISHES

Indigestion, Gas, Heartburn or Dyspepsia Go and You Will Feel Fine in Five Minutes.

If you had some Diapiesin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapiesin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal Griping. This will all go, and besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.
