SHERBROOKE, QUE., SATURDAY, MARCH 8, 1902.

PRICE ONE CENT.

BOERS LOSE AMMUNITION.

Canadian Scouts Discover Magazine With Large Quantity of Supplies—Cecil Rhodes Better.

London, March 8.—(Special)—Kitchen reports from Pretoria that a Boer magazine was discovered by the Canadian Scouts under Col. Ross, in North East Rietz, Orange River Colony. It contained 310,000 rounds of rifle ammunition, hundreds of shells, two hundred pounds of powder, some Maxim guns and a quantity of stores.

Thirty-five Boers were also captured in the district.

CECIL RHODES BETTER.

London, March 8.—(Special)—Reports from South Africa today indicate that Cecil Rhodes is not so ill as reported. He will be able to attend to business. Earlier despatches reported him critically ill.

THE IRISH LEAGUE.

Expected That the British Cabinet Will Take Action

IRISH LEADERS SAY THEY WOULD WELCOME SUCH A MOVE.

London, March 8.—Owing to the agitation which is being carried on by the National Irish League, the Government is confronted once more with the question of lawlessness in Ireland. It is a rather significant fact that the Times and the Pall Mall Gazette, and Westminster Gazette print strong leading articles on the subject.

It is stated the Irish executive have been asked to urge the Government to proclaim the league.

It appears to be generally expected that the United Irish League will be proclaimed, although George Wyndham, chief secretary for Ireland, is averse to such a strong measure. Mr. Wyndham, however, is not in the Cabinet, and his opinion is likely to be overruled. The Irish leaders declare that they will welcome such a move, which would result, they declare, in a revolution in the south of Ireland.

SHERBROOKE MARKET.

The market this morning was in every respect better than that of last week. Eggs are on a steady decline in price but advance in quality. Onions are going up. Potatoes remain about the same and there is little change in the price of butter. A little so-called new sugar made its appearance this morning. Whether new or old, or mixed, it was not of a very choice quality and did not meet with the ready sale at advanced prices, which the first lot of the genuine article usually finds on the market.

MONTRÉAL MARKETS.

EGGS.—The market was weak this morning owing to increased receipts, and prices declined 2 or 3 cents. Sales were made at 22c.

BUTTER.—Really choice stock seems to have worked into a few hands and the market is fair at 22c for choice. Second rate creamery and second quality are plentiful and the market is fair at 22c for choice. Demand is fair at 22c for choice. Demand is fair at 22c for choice.

THE CHILD'S COT FUND.

Contributions Today Bring Total Up to \$475.

ENTERTAINMENTS BEING ORGANIZED IN AID OF THE FUND.

The Child's Cot Fund continues to grow, \$11.25 being added today.

A lady sending subscriptions from her children to the fund, writes: "Our little ones are very much interested in the fund which has been started to endow a cot in the Protestant Hospital and wish to contribute their mite—something of their 'very own.' I hope that you will meet with every success in this good work."

A lady writing from Lennoxville, says: "We are trying to get up our Kindergarten entertainment, but the children have all been ill and it has been put off again and again. I am sure now that we can have it the end of next week. We are waiting for one little girl who will be well by that time the doctor says. We have been planning this entertainment for the fund ever since we saw the first letter in the Record."

Miss Florence Ramsey, of "King's Hall," Compton, writes this to Mrs. Bowen, treasurer of the fund: "I am sending you \$1.50 for the Cot Fund, that a few of the girls and myself at the school here have contributed. Will you kindly accept it? I only wish it was more."

FOR THEFT OF VALISE.

Lacroix is Committed For Trial.

WAS SEEN TO THROW VALISE IN TO ANOTHER CARTER'S WAGON.

Engene Lacroix, a carter, was arraigned in Magistrate's Court this morning, and after examination of witnesses committed to King's Bench for trial on the charge of stealing a valise from the C.P.R. station.

The owner of the valise in question is Mr. E. P. Johnston, a jeweller. It appears that Thursday afternoon, he went to the C.P.R. station to take the train for Megantic. Leaving the valise of the platform, he went to buy his ticket. When he returned his valise was gone. On inquiry, he learned from a bystander that Lacroix, who was near by, had been seen to throw the valise into another carter's wagon and that the latter had driven off with it.

Subsequently, Lacroix was arrested. The other carter and the valise, however, have not yet been found.

Mr. Johnston values the lost valise with contents at \$100 and is offering a reward for information which will lead to its return.

CLAIMS THROWN OUT.

DECISION BY SPANISH WAR CLAIMS COMMISSION.

Washington, March 7.—The Spanish Treaty Claims Commission yesterday handed down a decision against the claimants for deaths and injuries received by officers and seamen in the wreck of the battleship Maine in Havana harbor. The Commission holds that:

"Individual claims of citizens of one nation may arise against the Government of another nation for redress of injuries to persons or property which such citizens may have sustained from such Government or any of its agents. But such individual claims do not rise in favor of the officers and seamen of a ship-of-war who receive in the line of duty injuries to their persons for which the foreign Government is responsible. The claim against the foreign Government is wholly national, and all injuries to such officers and seamen are merged in the national injury, and they can look only to their own Government for such reparation as it may choose to give them."

"A seaman injured by the explosion which destroyed the battleship Maine, in the harbor of Havana, Cuba, on Feb. 15, 1898, had no individual claim against Spain, even if that Government was responsible to the United States for the explosion; and therefore, such a seaman is not entitled to an award in Congress of March 22, 1901, to adjudicate all individual claims of citizens of the United States against Spain, which the United States released to Spain and agreed to pay the treaty of peace Dec. 10, 1899."

The Fitch Bay Band was organized last Saturday week with the following officers: F. H. Rider, Pres.; D. E. McAnville, Vice-Pres.; F. L. Carr, Sec. and Treas.; C. G. Rand, Leader, and a membership of 16. Practice night, Saturday, in the Hovey Hall.

CITY NEWS.

Mr. W. McCulloch has been in New York for the past few days.

Mr. R. de Watterville, of New York, is among the visitors to Sherbrooke.

Mr. L. R. Willard, from East Angus, and Osborn L. Pope, from Bury, were in town yesterday.

Mr. J. G. Richmond is in the city on a visit to his uncle and aunt, Mr. and Mrs. G. F. Bradford.

Miss Faucher, of Toronto, will take charge of Mrs. Enright's establishment as head milliner this season.

Mr. and Mrs. G. F. Bradford have returned to town from a two weeks' visit to Montreal and South Durham.

The men's meeting at the Y.M.C.A. Sunday afternoon will take the form of a missionary meeting. All men are welcome.

Mr. G. H. Davis, who has spent the winter in Westfield, Mass., is home on a short visit to his parents on Wolfe street.

Miss Lena Caron has returned home this morning after a two months' visit to her sister, Mrs. L. S. Bachand, of Woonsocket, R.I.

Miss E. May Davis, who is taking a course in stenography and bookkeeping at Montreal Business College, is home on a short visit.

The Devotion of the Fourth Hours opened this morning at the convent of the Congregation Notre Dame, and terminates on Monday.

Mrs. J. A. Symmes, who has been confined to bed since her recent accident when she received severe injuries, is more comfortable and improving.

The house on the Lennoxville road belonging to Mrs. H. Carrier, who is now living in Boston, has been sold to Mr. M. J. Wolfe, for the sum of \$730.

The Rev. Elie Auclair, of the Seminary has accepted the invitation of the cure of St. Jean Baptiste, East Sherbrooke, to preach the Novena, which begins in that parish on Sunday in honor of St. Francis Xavier.

The statement that Mr. Belanger was to go to Quebec to oppose the bill granting jurisdiction up to \$50 to the Commissioners Court was incorrect. There is no question of sending Mr. Belanger to Quebec for this purpose.

Sister Marie, of the Escholiers, near Nicolet, is spending a couple of months at the convent of the Precious Blood, for change and rest, her sister being in delicate health. Sister Marie is a cousin of His Lordship of Sherbrooke, and of Rev. Joseph LaRoque.

Another harbinger of spring was observed yesterday in the shape of a hand organ, the first of the season. Far from grinding out lively, it somewhat wheezy airs, the instrument in question emitted the most delightful sounds, with now and then an ear-splitting discord.

Minto rink was crowded last evening with gay skaters, a large number from Sherbrooke joining in the pleasant winter pastime. The fact that skating will soon be over added to the enjoyment. The ice was in fair condition, and the 53rd Band played with its usual swing and spirit. Altogether, the evening was a delightful one.

"Elm Cottage," East Sherbrooke, the home of Mr. and Mrs. Severylight, was the scene of a very pleasant gathering, the occasion being the meeting of the Euchre Club. The game was entered into with great enjoyment by the guests, and the contest was a close one. The lady's prize was won by Miss Wilson, while Mr. George Browning took the gentleman's prize. The most delicate and appetizing refreshments were served to the cozy groups gathered around the small tables, and the evening closed as brightly as it had begun.

(City News continues on page 4.)

UNREST IN RUSSIA.

The Revolutionary Movement is Spreading.

IT IS SAID TO BE ASSUMING SERIOUS PROPORTIONS.

London, March 8.—A correspondent of the Daily News writing from Copenhagen, says authentic reports have reached there from St. Petersburg saying that the revolutionary movement is spreading in all directions and assuming serious proportions. The unrest has reached many parts of Siberia. The Governor of Tomsk has issued an order prohibiting meetings of citizens in the towns and villages throughout the province. Troubles are reported at many places in Siberia, including Novonikolaievsk, Yisk Marinsk and Baranoul.

RAILWAY WRECK.

FIFTEEN PEOPLE ARE REPORTED KILLED.

El Paso, Texas, March 8.—A west-bound passenger train on the Galveston, Harrisburg & San Antonio Railroad was wrecked three miles west of Maxson on the El Paso & Sanderson division, at three o'clock this morning. Meagre details have been received, but it is reported that up to ten o'clock fifteen unidentified dead bodies had been taken from the wreck, and also the bodies of Engineer Mast of St. Louis and Fireman Harry Bertsch of El Paso. Express Messenger Adams and several clerks were injured. Nine coaches and a baggage car were burned. Only one coach in the train escaped destruction and this was occupied by forty New York capitalists. It is believed the train, while running at rapid speed, was hurled into the ditch by a broken rail. A special train left El Paso at five o'clock bearing Superintendent Martin and a corps of physicians. Wrecking outfits have been sent from Alpine, Marfa and Marathon, the nearest stations to the wreck. It is reported that many of the dead were pinned in the debris and were burned to death.

ANOTHER YEAR OF WAR.

LONDON MAIL CORRESPONDENT SEES NO REASON TO EXPECT EARLY PEACE.

London, March 8.—Cabling from Pretoria, Edgar Wallace, the correspondent of the Daily Mail, says he sees no reason why the war should not be prolonged for another year, and perhaps two years more.

The authorities at Farnham have decided to take measures to have the hotel bars closed on the Sabbath.

WEATHER PROBABILITIES.

Waterloo, March 7.—(Special)—Wednesday afternoon, at the home of the bride's parents, in Waterloo, Major and Mrs. Whitcomb, Mr. Thomas Edward Read, of Sherbrooke, and Miss Maud Ardella Whitcomb, were united in marriage. The ceremony was performed by Elder E. C. Chadsey, of the Advent Church, assisted by Rev. Mr. Reynolds, of the Methodist church. The bride is a very accomplished and popular lady, and has many friends here, of whom there was a large gathering present to witness the ceremony. The happy couple left here on the evening train to take up their residence in Sherbrooke.

ALICE WON'T GO. MISS ROOSEVELT'S PROPOSED TRIP TO ENGLAND ABANDONED. London, March 7.—A despatch to the Times from Washington says that the proposed visit of Miss Alice Roosevelt to King Edward's coronation has been abandoned.

CHOLERA IN CHINA. Hong Kong, March 7.—Cholera is prevalent among the Chinese at Honan, a place on an island, opposite Canton. There has been another death of an European from the disease at Canton. The authorities of Hong Kong are taking precautions to guard against the disease.

HONG LEE AND GRANT HALL. (Toronto Globe.) Word comes from the Queen's University who are willing to contribute to erect Grant Hall, is Hong Lee, the Chinese laundryman, whose previous gift of \$50 to a scholarship fund raised last week that the largest amount given by any student was \$100, payable at once, Hong promptly responded to his informant with, "Welly good, me see, you welly soon;" and this week he sent \$100 in cash to the "Principal's Hall." As Hong attends the same church as the Principal, he no doubt feels that he is in the same boat with him. There is little doubt that his main motive is deep respect for learning, which exists in almost every Chinaman, a spirit which will make them one of the greatest nations when they emerge from their age-long ruts in which they are now struggling, and set themselves to master western science, and methods, adding these to their own virtues of patience, industry, and frugality. Last year some of the knowing men hinted that Hong had an eye to business in giving fifty dollars. As the students generally are his patrons already, how shall we explain away the hundred dollars?

From the Child of a Year to the Man or Woman of Fourscore. Malt Breakfast Food provides in a way that no other can do for the health and vigor of young and old—from the child of a year to the man or woman of fourscore years. It is the food of the age for the bestowal of physical strength and general good health. Malt Breakfast Food is easily recognized by its delicious taste, its appetizing and satisfying qualities and its energy producing powers. Ordinary grain foods have many poor points. Malt Breakfast Food has not a single bad point that can be named by food critics. It is free from all starchy substances, it is partially cooked and predigested, easy to digest, most nutritious and healthy. Malt Breakfast Food is the only grain food that furnishes the benefits and virtues of pure health-giving Malt that enriches the blood and builds up the system. Get a package from your Grocer; it will please you. Wicks: "There should be a law to restrain the theaters from printing those mossy jokes on their programmes." Hicks: "You don't have to read them." MIKADO'S GIFT. WILL PRESENT A BEAUTIFUL PRESENT TO KING EDWARD. London, March 7.—A despatch to the Times from Tokio says that among the Mikado's presents to King Edward on the occasion of his coronation will be a pair of silver vases fifteen inches high and inlaid with gold. The vases represent seven years, of thirty of the best Japanese artists.

Will You Spend a Penny FOR A SICK FRIEND. Here is my proposition. I have written the six books shown below. I want no money. I simply desire the privilege of sending the book needed to some one who is not well; I will do more: To prove my faith in my newly found principles of curing the sick, I'll send you an order on your nearest druggist for six bottles of Dr. Shoop's Restorative. I will let you or your friend take it for a month; and if it succeeds he will charge you \$5.50 for it. If it fails your druggist will send the bill to me. I will tell him to trust to your honesty, leaving the decision to you. You will know then what my Restorative can do. My Restorative will gain your good will and endorsement under such a trial. No physician ever has nor ever will, I believe, make an offer like this—my remedy is the only prescription yet found to stand a test like this. And I do exactly as here stated. No catch. No deceit. You deal with your own druggist, who may be your neighbor, and a stranger to me. The plan protects you absolutely. You will see this offer published in every high class magazine and widely circulated paper in America, and here lies the proof of my success. My records show that 39 out of 40 who accepted the six bottles, paid for them. They paid because they were cured—there are 39 chances in 40 that I can cure you. Is not this a remarkable offer? Is not the record of cures even more remarkable? I fail sometimes, but not often. A few of these diseases arise from causes like cancer, for which, as yet, no man knows a cure. And how do I accomplish this? I will tell you. I have found a way to strengthen the inside nerves—the only way yet known. These nerves alone operate each vital organ. The Heart, Stomach, Kidneys, etc., each have their nerve branch. The power that makes each organ do its duty, is the inside nerve power—nothing else. I know how to restore that power. No matter which organ is weak, this nerve system operates them all. Nerve strength or weakness extends to all. My Restorative goes directly to this cause—these nerves. That is the secret of my success. Don't let prejudice keep you from learning what my books will tell you. They are practical books written for intelligent people. I am not appealing to ignorance, and I wish to discourage prejudice. No matter what your doubts, remember I have spent a lifetime on my method, and it is unknown to you. I cannot call personally upon seventy-six million of people. Then I must tell you of my offer through the papers you read. The telephone, the telegraph, the wonders of electricity have been solved by man. May not I have found a way to do as much for human ills? Thousands who are sick will read this—who are discouraged because of others' failures to cure them. That is no reason why they should not get my book. You cannot know too much about ways to get well, when such ways can be tried at my risk. This offer is too fair to need argument. Don't you spend a penny for a sick friend? Write a postal today for the book he needs. Your reward will come in knowing you opened the way to a cure. Simply state which book you want, and address Dr. Shoop, Box 27, Racine, Wis. Book No. 1 on Dyspepsia. Book No. 2 on the Heart. Book No. 3 on the Kidneys. Book No. 4 for Women. Book No. 5 for men (sealed). Book No. 6 on Rheumatism. Mild cases, not chronic, are often cured by one or two bottles. At all druggists.

GOVERNOR-GENERAL. ENJOYS SOME ICE-BOATING AT TORONTO. Toronto, March 7.—Lord and Lady Minto were yesterday treated to an ice boat race in the bay by J. P. McCaw, of the R.C.Y.C. The race was between the Islander, on which were the Vice-Regal party, and the Volunteer, the latter winning after an exciting contest. Major Maude took a hand at the sheets of the Islander. The Vice-Regal party were entertained at luncheon by Mr. McCaw. VESSELS AT FRANZ JOSEF LAND. Arrival of the Baldwin-Ziegler Expedition. Copenhagen, March 7.—Letters dated from Franz Josef Land, August 17, have been received here from the Danes who accompanied the Baldwin-Ziegler arctic expedition (which left Tromsø, Norway, July 16, last year, on the steamers America and Delicia). The vessels arrived at Franz Josef Land after trying experiences with all on board well. The America intended to winter at Franz Josef Land and then proceed northward until stopped by the ice, when the party on board of her was to start towards the north pole. Mr. Baldwin hoped that the America would reach 83 degrees north. A MOTHER'S ADVICE. She Tells How Little Ones can be Kept Well, Contented and Happy. When baby is cross and irritable you may rest assured he is not well, even if you are unable to see any symptoms of his illness other than fretfulness. It is not natural for a baby to be cross, and he is not so without reason. He has no other way of telling his troubles than by crossness and crying. When baby is cross give him Baby's Own Tablets and they will soon make him good-natured and happy, because they will cool his hot little mouth, ease his sensitive stomach and help his obstinate little teeth through painlessly. These tablets are just what every mother needs for her little ones—for her older children, too. Mrs. Clarence Mackay, Roseway, N.S., says: "I find Baby's Own Tablets the best medicine I have ever used for my little ones. When my baby was four months old he was very much troubled with indigestion. He would vomit his food as soon as he took it. No matter what I gave him he seemed to be always hungry and grew thin and delicate. He also suffered from constipation. After giving him the tablets a few days the vomiting ceased and his bowels became regular, and I must say that since I began the use of the Tablets I have had less trouble with this baby than I had with any of the rest of my children." Every mother should keep Baby's Own Tablets in the house at all times—there is no telling when an emergency may arise. These Tablets are a certain cure for all the minor ailments of the little ones, such as constipation, indigestion, colic, diarrhoea, sour stomach and simple fever. They break up colds, prevent croup and allay the irritation accompanying the coming of teeth. They are sold under a guarantee to contain no opiate or other harmful drug, and dissolved in water may be given with absolute safety to the youngest infant. Sold by all druggists at 25c a box, or sent post paid on receipt of price by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Coteauque House, Popular home for travellers. L. Kilburn, proprietor.

GOVERNOR-GENERAL. ENJOYS SOME ICE-BOATING AT TORONTO. Toronto, March 7.—Lord and Lady Minto were yesterday treated to an ice boat race in the bay by J. P. McCaw, of the R.C.Y.C. The race was between the Islander, on which were the Vice-Regal party, and the Volunteer, the latter winning after an exciting contest. Major Maude took a hand at the sheets of the Islander. The Vice-Regal party were entertained at luncheon by Mr. McCaw. VESSELS AT FRANZ JOSEF LAND. Arrival of the Baldwin-Ziegler Expedition. HOCKEY.

BENEDICTS DEFEAT WOULD-BE'S AT COOKSHIRE.

Cookshire, March 8.—(Special)—The long looked for match between the married men and would-be's took place Thursday night, in the Star rink. This match excited the keenest interest and drew forth a good crowd, not so much on account of fast hockey as the many new and entirely unlooked-for diversions which caused very much amusement to the spectators, and was greatly appreciated. The teams lined up as follows: Married men, Would-be's. J. D. Blanchard goal Roy Planché R. J. Planché point Charlie Fraser Arthur Drennan cover Wilfred Mackie Willie Mackie forward Dr. Butler Mr. Armstrong forward W. E. Enright Rufus Bailey forward Alden Learner Alex. Lennox forward Fred Bailey Referee—Oscar Rand. Umpires—Geo. Flaws, A. L. Goff.

In spite of the threats of the boastful young would-be's, they were doomed to defeat, and the benedicts won the match by a score of 2 to 1. However, the humiliation of defeat did not prevent the would-be's from making a good fight when the hot oysters appeared, even if it was at their own expense.

CURLING.

F. Rollison C. A. McKeeknie A. E. Jencks A. W. Bligh H. A. Tofield Jas. T. Morrill R. J. Spearing W. M. Tomlinson Skip—15

The matches to be played this afternoon will be between the smokers and the non-smokers and the following will likely compose the sides:

Non Smokers RINK I. Smokers C. W. Cate, E. W. Farwell A. D. Brodie, James Morrill James Craig, P. N. Boucher Clark Gordon, H. M. Tomlinson Skip. RINK II. Non Smokers. J. S. Mitchell, Rev. F. J. Day John Blue, H. A. Tofield, R. J. Spearing, Skip.

CURLING NOTES.

The postponed matches between Messrs R. J. Spearing and James Craig, and Messrs. P. N. Boucher and H. M. Tomlinson, will be played on Monday evening, the 10th inst.

On Tuesday evening, the P. J. Messrs. R. J. Spearing, vs. P. N. Boucher, and H. M. Tomlinson vs. D. G. Lovell, will play their postponed matches. These four matches are all in the President's Pin series.

NERVOUS PROSTRATION!

Miss W. Childs-Blackburn, Secretary of the Rock Island Literary and Art Society,

Writes a Special Letter to Mrs. Pinkham Telling How She Was Cured.

The relation of woman's nerves and generative organs very close; consequently nine tenths of the nervous prostration, nervous despondency and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

MISS W. CHILDS-BLACKBURN. "DEAR MRS. PINKHAM:—I take pleasure in acknowledging the effects of Lydia E. Pinkham's Vegetable Compound. In my estimation there is no female remedy to equal it. Weakness and nervousness attended to, together with the close confinement at my desk brought on nervous prostration, so much so that for a year I doctored continually. I tried different remedies which only succeeded in poisoning my system, and my stomach refused food. A neighbor who had suffered with ovarian troubles and was perfectly cured, called my attention to your Vegetable Compound, and I made up my mind to give it a two months' fair trial. However, before one month had passed I was like a new woman, and after six weeks faithful use of the Compound I was in perfect health. It certainly is of great benefit to women, and I wish every poor suffering woman could have a chance to try it. Yours very truly, Miss W. Childs-Blackburn, 2922 Fifth Ave., Rock Island, Ill."

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and tones up the delicate female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling, backache, displacement of the womb, inflammation of the ovaries, and is invaluable during the change of life.

How Mrs. Pinkham helped Mrs. Borst. "DEAR MRS. PINKHAM:—When I wrote to you some time ago for advice I really thought my days were numbered. I was so ill that I could not stand on my feet for fifteen minutes at a time. I had female troubles in many of their worst forms; inflammation and ulceration of the womb; leucorrhoea; bearing down pains; headache and backache; nervous prostration. My kidneys were out of order and blood in a bad condition. Everyone, and even my doctor thought I was going into consumption. I followed your advice faithfully for six months with the result that I became a well woman, and it cost me much less than a doctor's bill. I feel that SAMUEL BORST, 7 Cozy Ave., Ononota, N. Y. The above letter shows how unerring is the advice which Mrs. Pinkham gives to women who write her about their sickness; as the advice is free and always helpful it is not strange that she advises more than one hundred thousand sick women every year. Her address is Lynn, Mass.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

BIRTHS. MCFARLANE.—In Magog, on March 2nd 1902, a son to Mr. and Mrs. Jas McFarlane.

SAUNDERS.—At Sherbrooke, March 6, a daughter to Mr. and Mrs. Frank Saunders.

DEATHS. BELL.—At Waterville, March 5th, infant son of Mr. and Mrs. Walter Bell.

MCLAUGHLIN.—At St. Stakely, on March 5th and 7th, of scarlet fever, Hubert and Kenneth, the two beloved and only sons of Ella and Robt. McLaughlin.

Called from this world to a higher sphere. Called from a parent's tender care. Gone to join the angel band. To live with Jesus in that happy land. How we shall miss their dear sweet presence. Dear little Kenneth and manly Hubert. But God looked down in His infinite love. And called them from us to live above. We hope to meet them on the other shore. Where tears and sorrow are known no more. For we know that God doeth all things well. And our faith is based on His righteous will.

The Women of Canada Are Becoming Proficient in the Work of Mat and Rug Making.

The city and town fairs and exhibitions held last autumn in the various provinces of our Dominion, have fully demonstrated the fact that the women of Canada are rapidly becoming proficient in the art of making mats and rugs. In the sections of Canada's fairs devoted to woman's work, the display of mats and rugs made from the Diamond Dye Mat and Rug Patterns was most varied and attractive, and claimed the attention of tens of thousands. The prize winners (who used the Diamond Dyes to color their rugs and other materials from which the rugs were made) all agreed that the Diamond Dye Mat and Rug Patterns were the best and easiest to work up. If you would like to make up a choice mat or rug, send your address to the Wells & Richardson Co., Ltd., 200 Mountain St., Montreal, P.Q., and you will receive full range of new designs.

WATERVILLE. March 8.—The members of the R.T. of T. lodge of this village, to the number of about fifty, visited the I.O.G.T. lodge at Abbott's Corner last evening, and report having had a splendid time. It may not be generally known that our R. T. of T. lodge here is the largest in the Province of Quebec, having 125 members in good standing at this time. Mr. William Good sugared off sixty-five pounds of nice maple sugar on Monday the 4th March, in Mr. Loomis' sugar place.
