Who Is Getting The Most Fun?

Amid cheers and much shunting and side-tracking, boys of Red Feather's Weredale House, Weredale Park, Westmount, Thursday night, inaugurated their new small-scale railway — one of the finest in Canada — gift of E. J. COSFORD, vice-president of Canadian Car and Foundry Company. Included in the picture are: adults, left to right: Mr. Cosford; NORMAN HOLLAND, past president of Weredale; GEORGE

BRUGMAN, assistant secretary; C. F. RITCHIE, president. At the control tower in the rear are young railwaymen KENNY MOORE, RONALD RIOUX and ROBERT HOWELL. Between tracks is ALBERT WELFORD, south section superintendent of the road. In foreground is FRED RYNER, chief dispatcher. Close to the tracks can be seen "de-rail troubleshooters" JACK McBAIN, CLAUDE BRABANT and CLAUDE VEZINA.

Driver Arrested For Driving With Defective Brakes

The driver of a ten-ton Diesel truck, Raymond Serjerie, of 2011 St. Lawrence Boulevard, was arrested Wednesday on the charge of driving with defective brakes after being involved in a three-way accident.

Employed by the Frank Ross Construction Company his truck struck the rear of a Leonard Fisheries truck driven by Ovilva Adelin, of 2220 St. Antoine Street causing it to smash into the rear of a car driven by Desmond Booth, of Ottawa.

The accident took place on Sherbrooke Street West between Prince Albert and Claremont Avenues. Damage to all three vehicles was slight.

Spring Flower Show Continues To Attract

E. J. Anderson, Superintendent of Parks and Greenhouses, announced that to date over 25,000 persons have passed through the Westmount Conservatory to view the Annual Spring Show since it opened on the eve of Good Friday. He stated the show would remain open another week for those who still want to see it.

Slippery Car Tracks Is Cause Of Accident

Trapped in the slippery streetcar tracks on Atwater, Noel Duperron, of 6380 Henri Julien Street, told Westmount Police he was unable to avoid crashing into the rear of another car stopped at a traffic light driven by Robert Gaudette, of 7092 Papineau Street. Damage was slight.

Rotarians Told Montreal Is Sixth Target On List

If the atom bomb was dropped on the Royal Bank of Canada at St. James street it would demolish the harbor, the canal and a radius of a half mile of downtown Montreal, P. N. Sodon, president of P. N. Sodon Co., told the Westmount Rotary Club Wednesday.

He told the meeting there would be a possible loss of life totalling 126,000 people within a two mile radius, but added that fatalities could be cut down as low as 50,000 if the proper precautions were taken.

The safest place in an atomic attack, the speaker said, was the basement. People above ground would have only a 50-50 chance of surviving.

Mr. Sodon stated the blast would be over in the space of three seconds, the burst would be 900 feet in diameter, would have a heat of 1,000,000 degrees Fahrenheit and set off a hurricane at 800 miles an hour accompanied by shock waves.

To Russia's 35 to 50 atom bombs, he said the United States has 1,000. Describing the bomb itself, he said it would have to contain at least 22 pounds of explosive substance but with accompanying mechanism and protective lead shell would weigh one ton.

Compared to the H-bomb, Mr. Sodon said it would be a baby, the H-bomb being capable of demolishing an area of 300 square miles.

When the atom bomb is dropped, he told the meeting, it was found to be most effective if set to explode at 2,000 feet, the air burst being more dangerous than the water or ground burst.

If Russia attacked, he said, it would be at many points simultaneously concentrating on the industrial centres first. The major points in Canada would be Sault St. Marie and Niagara Falls. Next would follow Windsor, Toronto, Hamilton, Montreal and Ottawa.

The speaker was introduced by Archie Callard and thanked by Fred Roest.

School Chairman DeLalanne to Meet Queens H&S Assn.

The annual general meeting of Queens Home and School Association will be held on Friday evening, April 20, at 8:15 p.m. in the school auditorium.

The children of the school will entertain with "Farmer in the Dell" (Operetta Grades 1, 2, 3, 4). A Medley of Stephen Foster songs with narration will be sung by the school choir.

Following the concert James DeLalanne, chairman of Westmount School Commission will speak to the parents and friends concerning the proposed amalgamation of the Westmount School Board with the Protestant School Board of Greater Montreal. Mr. DeLalanne will answer questions at the end of his talk.

Third item on the agenda is the annual meeting and election of officers.

Membership dues of one dollar per family are payable at this meeting.

Blue Laws Denounced By Westmount Pastor

"Enforced Sunday Blue Laws are a direct violation of the basic laws of man's inalienable religious rights. Man's fundamental freedom, freedom in religion stands to be completely shattered at the enforcement of the laws commonly known as Sunday Blue Laws," charged O. J. Ritz, Pastor of the Seventh-day Adventist Church at 4250 Western avenue in Westmount. Mr. Ritz spoke last night in connection with Lord's Day Observance Sunday.

"Surely the time has come," continued the minister, "that the Lord's Day Act of Canada be removed from the legal books of Canada, or modified to grant religious freedom to the thousands who do not observe Sunday as their day of rest. There is no greater potential of danger to the religious liberty of thousands of honest Canadians than this piece of outmoded religio-philosophical legalism."

Forced Conscience

The speaker noted that "in Russia men are not permitted to worship God and this concept is enforced by state law; whereas in Canada men are forced by state law to observe the religious concept of a day and its traditions, though the keeping of that day forces the conscience of thousands."

"Sunday laws telling millions of people what they can do and what they cannot do on their day of rest are discriminatory and wholly undemocratic." Of the worthiness of Sunday laws the ministers said "a baleful harvest of indiscriminate jailings, lawsuits, and religious bigotry has been the result."

The minister scorned the idea that strict enforcement of Sunday laws would be a boon to the spirituality of the community. Said he, "The greatest era of moral and spiritual disintegration have been times when strict Sunday laws have been enforced by the strong arm of the law. Men attended church with hypocrisy in their hearts toward legalized religion." "All down the ages there have been religious groups who have found it convenient to enforce their concept of religion upon the masses by the strong arm of the police."

Origin of Sunday Worship

The minister observed that "nowhere in the Bible is it laid down that worship is to be done on the first day of the week," and noted that Saturday, the seventh day of the week is the Bible Sabbath. Said he, "It is strange that in this age of knowledge and enlightenment, men will presume to continue to foist the observance of a religious day upon the public by state laws, a day for which there is no Bible command."

Mr. Ritz in his challenging address traced the origin of first day worship to the pagan rites of ancient Rome, in which Sunday was observed as a day of dedication to the Sun. Hundreds of years after Christ's resurrection, under the troublesome time of Constantine I, the Roman Empire in order to consolidate its religious factions, settled upon the day of the Sun (Sunday) to bring peace to both Christians and pagans. Upon the first day of the week, the Roman Catholic Church later added its blessing, and benediction, and the day stands today wholly apart from the Bible Sabbath.

The minister pointed out that more than 600 direct and indirect references teach the observance of the seventh day Sabbath, but that not one direct command in the Bible teaches the observance of the first day of the week.

Business Assn. Organize Defence Committee at Meet

The Westmount Business Association held an executive meeting on Wednesday night in Graham's Business College, Sherbrooke St., under the chairmanship of Ken Willock, newly-elected president.

Principal business transacted was the formation of a Civil Defence Committee under chairman C. A. James, with other members being Mrs. M. Payette, Bruce Johnson, and Mr. and Mrs. Arthur Chesmer.

Another item considered was the suggestion that an exhibition of household appliances be held in Victoria Hall late this spring. The suggestion was well received and is receiving further study.

The Association will hold an inaugural supper in the new Prince Albert Hall above the DuBois store at the corner of Prince Albert and Sherbrooke Street. This event will mark the opening of this well appointed banquet hall which will hold 125 persons seated. The supper will take place early in May.

The meeting was pleased to learn that Mrs. C. A. James is much improved in health, and is now resting at home.

A letter of sympathy will be sent to the family of the late William Gordon Kenwood. Mr. Kenwood was one of the founders of the Business Association.

Man Pleads Guilty To Two Burglaries

Larry Connor, 21, of 242 Logan Street, pleaded guilty on two counts of burglary at Westmount Records Court before Deputy Recorder A. E. Lavery last Tuesday and was sentenced to two years in St. Vincent de Paul Penitentiary, Thursday.

Arrested at Bordeaux Jail where he was serving a 40 day sentence for drunkenness, he confessed to having burglarized two Westmount homes, police said.

On October 31 last year he entered the home of Gordon Pyke, 3238 The Boulevard; and on March 20 of this year he broke into the home of Henry W. Davis, 533 Clarke Avenue, according to police. In both cases Connor stole household articles and clothing.

Det. Sgt. H. Belec and Det. H. Ward made the arrest on a warrant.

Young Liberals To Meet Guest Speaker J. Cleary

A meeting of the Westmount Young Liberals will be held April

17 at the Renfrew Club, 82 Sherbrooke Street West. James Cleary, well known political analyst and broadcaster, will be the guest speaker. All interested are welcome.

Unity Boys' Club News

Boys Club Week was an important event in the life of the Unity Boys Club which is affiliated to this world wide movement through the Boys Clubs of Canada. A report of the celebrations that took place since last Wednesday night follow:

Wednesday night, "Sponsor Night," had a large attendance from the Rotary Club of Westmount, Stan Cayford was the star of the evening with first rate performance at ping pong. Gwen Lord directed the evening's entertainment in an efficient manner. A postponed bantam and midget Easter party was held and an exhibition game of volleyball played.

Friday night was "Parents' Night," entertainment taking the form of a variety concert by members of the Unity. Songs, skits and short plays exhibited talent and imagination amongst the members of the club.

The main feature of the evening was the play Cinderella directed by Miss Belanger who also directed four short skits, Red Riding Hood, Peddler and Old Women, The Dentist and Prisoners. Junior members of the club presented an entertaining short play entitled Her Highness the Cook, directed by Miss Wirth. The gymnasium was packed and parents were delighted with their children's performance.

On "Friendship Night", Saturday Unity members invited friends from outside. The main event was a talk by Constable Jim Archer of the R.C.M.P. Youth and Police Department on the meaning of friendship in the present day.

Constable Archer is to be congratulated on the magnificent work he is doing at the club. He has created amongst the mem-

YOUNG ADULT SECTION Square Dance Callers' Course

By popular demand this course in "calling" has begun. In the group are representatives of the different Y.M.C.A. Branches and church young peoples societies. The instructors are Jay Conn, Bill Hopper and Howard Fairbairn. The evening is balanced with theory, calling practice, square dancing, and different folk dances. This group meets every Thursday at 8.00 p.m.

For variation's sake, our enthusiastic artists are now painting models. Instructor Don McBride reports very favourable program by all members of his Wednesday night class.

You learn to call them Thursday, and practice them with the "experts" on Tuesday. The Club is still going strong. Watch for announcements of the Monster Barn Dance in May.

PHYSICAL DEPARTMENT

Staff vs. Senior Boys. The Senior Boys took the measure of the Staff to average their previous defeat in Basketball by a two to one game score last Saturday afternoon. The high-powered spiking of the Seniors was too much for the staff to handle.

Physical Committee vs. Boys' Work Committee. Last Tuesday evening, prior to a joint supper meeting, the Physical Committee trounced the Boys' Work Com-

mittee two to one, after coming from behind, to take two games straight.

GYMNASTIC CLUB

More gymnasts are turning out to watch and work-out with the Senior team as they prepare for the Provincial Championships next week. Congratulations are due this team for their firm showing in defeating Ottawa over the week-end, as well as for their smart appearance.

Westmount's Civil Defence Heads

Westmount's Civil Defence Officials were named by Mayor J. S. Cameron at a public meeting in Victoria Hall last Wednesday, under the auspices of the Municipal Association. Shown in the top picture are left to right: Brig. J. A. DeLalanne, C.B.E., M.C., Chief Warden; Mayor Cameron and Brig. J. G. Gauvreau, C.B.E., D.S.O., co-ordinator for the Montreal Metropolitan area.

St. Matthias Cubs Work For Badges

There was a good turnout of Cubs last Friday and it is encouraging to have so many men out now that the holidays are over. Some badge work was done and Ian Motherwell and Peter Hill both completed the Union Flag test for First Star.

Colin Aykroyd, Norman Burrows, David Slessor, Ian Ross and Alan Willis ran with the verbal message and all passed this Second Star test. Tony Bowen, Bobby de Fougères and Colin Russel passed House Orderly badge. Colin now has five badges and is eligible for promotion to the rank of Second.

Alderman Panet-Raymond Heads Blood Donor Unit

A committee has been formed in Westmount at the request of the Canadian Red Cross Society to obtain from the residents the largest hospitals and the possible requirements of civil defence a permanent Westmounters who are giving regularly some blood at the Red Cross clinic. But it is felt that due to the great amount of blood needed for hospitals and the possible requirements of civil defense a permanent campaign should be put on foot to induce our residents to give blood when at all possible.

A committee therefore has been formed consisting of Alderman R. Panet-Raymond as Chairman, and Messrs. Steve Macnutt, Roger

Joint Anglican Choirs In Evensong At Trinity

A festival service for Anglican Church choirs in the Dioceses of Montreal and Quebec, which are affiliated to the Royal School of Church Music, will be held in Trinity Memorial Church on Saturday, May 5, at 4:30 p.m.

Choirs from the Diocese of Montreal which will participate will be Christ Church Cathedral, Church of the Advent, Church of the Ascension, Grace Church, St. George's, St. John the Evangelist, St. Barnabas and Trinity Memorial; and from the Diocese of Quebec, Bishop's College School and Bishop's University, Lennoxville, King's Hall School, Compton; St. Matthew's Church, Quebec, and St. Peter's, Sherbrooke.

Quimet, K.C., and Gerald Bronfman as Vice-Chairmen. The ladies in charge, and who will also organize their sub-committees with voluntary auxiliaries, are Mrs. Gordon E. Copping, Mrs. Jacques R. Hébert and Mrs. F. Victor Elkin. These ladies are presently forming their respective groups and our citizens will be in due course called on the telephone or perhaps interviewed concerning the possibilities of increasing the number of blood donors in Westmount.

The necessity of full blood or plasma is so very obvious at the present time that everyone will surely see it. Alderman Panet-Raymond told the Examiner that Red Cross blood donations in the Montreal area have fallen considerably short of requirements for the area. Some 960 volunteers have given blood this week, but requirements are at a minimum 200, and if possible 250 bottles a day.

Ultimate objective is of 100,000 bottles annually, which could be assured by 50,000 volunteers donating regularly on a twice yearly basis.

Westmount can help to boost the blood donations required, by residents not now giving coming forward in greater numbers. Alderman Panet-Raymond feels that the pleas of his committee will not go unheeded as during the war years local residents came forward willingly. The need today is equally as great as it was then he said.

Local Doctor To U.S. Breaks Tie With M.G.H.

Dr. R. Palmer Howard, 599 Victoria avenue, Westmount, has left here to take up an important post with the Oklahoma Medical Research Institute and Hospital, in Oklahoma City.

He will be a member of the section on endocrinology and metabolic bone disease. Endocrinology is the study of the glands of internal secretion.

Dr. Howard's departure has broken a three-generation family link with the Montreal General Hospital.

Dr. Howard, who holds M.R.C.P. (Lond.) and F.R.C.P. (C) degrees, became assistant in the departments of medicine, metabolism and toxicology at the General in 1947, and established endocrinological laboratory and out-patient clinic. Last year, in addition, he was placed in charge of the metabolism service of the Queen Mary Veterans' Hospital.

Married and the father of two children, Dr. Howard doesn't feel that his separation from Montreal's most historic teaching hospital is necessarily a permanent one.

C. Douglas Taylor On Cadet Mission

C. Douglas Taylor, 4719 Upper Roslyn Avenue, Westmount, well known for his work and interest in promoting the Air Cadet movement, will head a four-man delegation representing the Air Cadet League of Canada and the R.C.A.F. in Europe, to lay the ground work for an expanded Air Cadet "exchange visits" program this summer.

The group will visit London, England; Amsterdam, Holland; Copenhagen, Denmark; Stockholm, Sweden; and Oslo, Norway.

In London the delegates will meet with British and United States' representatives to complete plans for a continuation of last year's successful three-day exchange involving a total of 150 teen-age cadets.

LETTERS to the Editor

RESPECT URGED

The Westmount Examiner,
Dear Sir,
I would appreciate very much
if you would publish this letter or

something of his respect in your
Examiner.

During the last couple of years
most of us living on Grosvenor
below Sherbrooke have developed
a very bad habit of putting fences
made out of old rope or wire
around our front lawns. We use
old broomsticks or water pipes of
all sizes, to keep these ropes and
pipes up. Twice now, I have torn
my dress on these wires. They are
not only causing damage but they
also make our street unsightly.
Wouldn't it be better if we didn't
put these unnecessary fences up?

Instead, let's caution our chil-
dren about walking on the grass.
Let's encourage our children to
take better care of our belong-
ings.

In this way we will beautify
our street, we will prevent any
further damages caused by these
wires, and at the same time our
children will learn to respect pro-
perty belonging to others.

I hope and trust that my letter
concerning this matter will re-
ceive your consideration.

Sincerely Yours
A Well-Wisher

School Of Electricity To Open New Quarters

After 25 years service sending 5,000 graduates out into industry,
the Canadian School of Electricity is about to take the next step
in its growth.

May 1 the public will be invited to see its new home, a four
storey building, 1204 Crescent Street, between St. Catherine and
Dorchester Streets.

Originally started as a branch of the Milwaukee School of En-
gineering, it was the first school of electricity in the country and
is the largest one.

M. E. Coshof, founder of the in-
stitute, is an N.D.G. man living
at 4856 Wilson Avenue. Over the
years he has seen it expand out
of the small office with seven
students where it started, to its
peak enrollment of 385 students
and now to the new quarters on
Crescent Street.

For many years it was a
branch of the Milwaukee school of
Engineering, but in 1942 the con-

nections were severed leaving it a
separate entity with Mr. Coshof
as president.

Taught in the school are junior
electrical engineering, radio en-
gineering, electronics, television,
drafting and armature winding.
The graduates have gone on from
the school to careers in the large
manufacturing concerns and the
broadcasting companies.

Geared to Industry's Needs

Studies at the school, Mr. Co-
shof said, are geared to co-ordi-
nate with the needs of industry
supplying them with personnel but
open to anybody in general.

Students have the choice of tak-
ing an evening, day, or correspon-
dence course. The day course is six
months in duration, the evening,
12 months; and the correspondence,
12 to 24 months. Graduates are
awarded a recognized diploma.

He is proud of the practical as-
pect of his courses, which are 50
per cent technical and 50 per cent
application.

The degree man, Mr. Coshof
pointed out, is often able to draw
up his plans but unable to show
the foreman how to go about it.
"That is where we come in. Our
graduates can draw a plan or wind
an armature themselves."

Write Own Text Books

Mr. Coshof states that the Can-
adian School of Electricity is the
only one in the business that has
developed and written its own
textbooks on junior engineering.

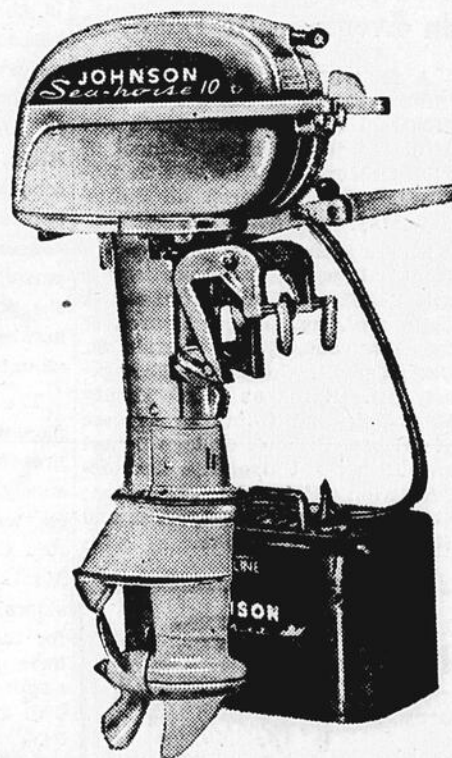

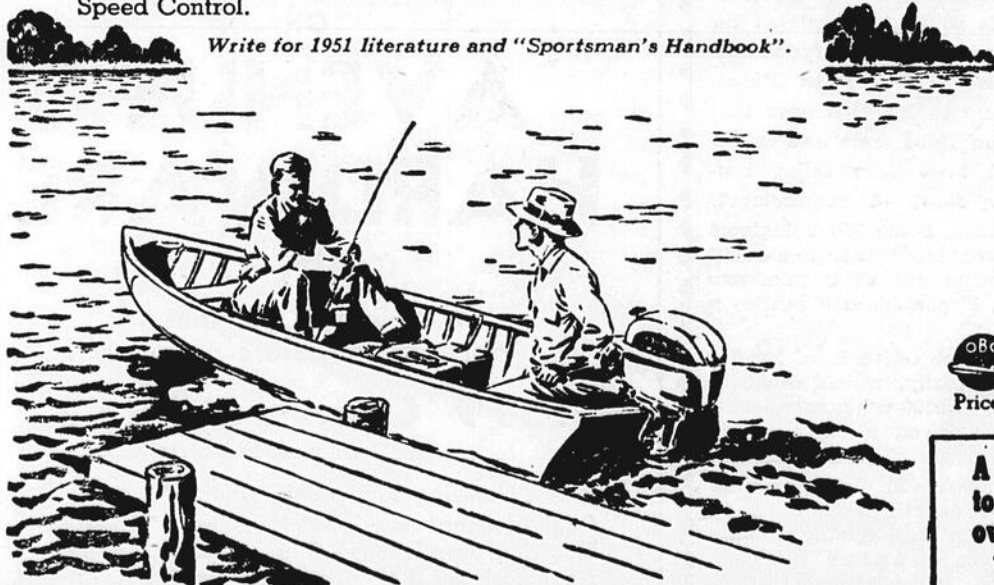

From 16 years old to 65 they
can enroll in the school. The stu-
dents come from all over the
world. Some of the foreign coun-
tries include Mexico, Brazil, Ura-
guay, Tahiti, British West Indies,
Jamaica, France, England, Italy
Poland, Hungary, Albania, Swed-
en, China and Syria.

One of the most satisfying
things about the school, Mr. Co-
shof said, is what can be accom-
plished with the raw material.
Some of the boys labeled as un-
manageable by the public schools,
find their place "in our school and
turn into good Canadian citizens
placeable in industry."

Westmount To Benefit From Mountain Parkway

It is learned from sources at Montreal City Hall that a New York traffic expert has been in the city finalizing plans for traffic congestion relief.

Plans call for utilizing the mountain and allied projects according to report.

Residents of Westmount will benefit if the plan to construct a parkway over Mount Royal goes through.

One of the proposed parkways would follow the present tramway line utilizing the car right of way from the intersection of Cote des Neiges and Remembrance roads to the corner of Mount Royal and Park Avenue.

Motorists could cut through on the Boulevard to Cote des Neiges and then onto the mountain parkway to go either east or northeast without encountering the present tram and bus congestion at busy intersections as there would be no stops for passenger pickups on the mountain except during the summer season.

As far back as 1948, the City of Montreal Planning Department was studying the project of a tunnel from upper University Street, under the east flank of Mount Royal Avenue near its junction with St. Catherine Road. It was believed that such a tunnel would solve the traffic problem on Park and Pine Avenues.

Now the picture has changed somewhat. The City Planning Department feels that University Street offers too many difficulties, what with the hospital buildings at the top of the street and other things, and also that if there were no other justification for such a tunnel than traffic it would be far too costly an idea.

The plan now, though it is yet far from definite, is to create two parkways through the mountain, one from upper Peel Street to Mount Royal Avenue and St. Catherine Road, and the second by utilizing the present mountain tram road.

Along with these, there would be improvements made to the present belt line encircling the mountain by way of Pine Avenue, Cote des Neiges Road, Queen Mary Road, St. Catherine Road and Park Avenue.

These improvements would consist mostly of street widenings, curve adjustment and graded intersections.

The two parkways would in no way disfigure the mountain, a City Hall informant explained, for overpasses would be built for pedestrians, landscaping and everything possible done to increase the present beauty of the mountain.

The City Planning Department feels that the parkways and general improving of the belt line would make a great deal of difference in the present congested situation of the location.

The New York expert has already given considerable study to the most efficacious and economic plan and his visit next week is expected to bring the matter to a conclusion.

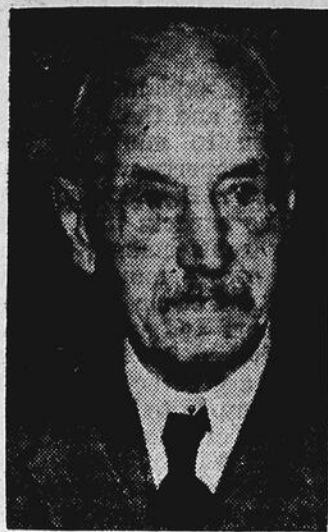

Once the planning department has finally come to a decision it will make a recommendation to the city administration and the affair passes out of its hands.

In connection with the alternative of a tunnel through the mountain, the City Hall spokesman said that, though it would appear to be costly, a venture solely to relieve traffic, it might come into being should it be believed necessary as a matter of civil defence.

Flanders Legion Branch To Hold Military Whist

Flanders Branch, Canadian Legion, are holding a Military Whist in the Legion Memorial Hall, Mountain Street, Thursday, April 26, commencing at 8.15 p.m.

Proceeds are in aid of the Branch Welfare Fund. Tickets will be obtainable at the door of the hall. There are many good door and table prizes to be given away that night. Come along and try your luck and at the same time help a worthy cause. Everyone is welcome.

W. W. Williamson, Oldest Mason, Was Buried Saturday

Hundreds of officers and members of all 43 city Masonic lodges, provincial Masonic leaders and US brethren paid final tribute Saturday to W. Walter Williamson, of 350 Kensington Ave., Westmount, who died Wednesday at 90 after 32 years service as grand secretary of the Grand Lodge of Quebec, AF and AM.

Full Masonic honors were accorded in the service at St. Andrew's United Church, Westmount, for the secretary who was a member of the order for 67 years, during which time he became recog-

nized as a widely-known authority on Masonic matters.

The honorary pallbearers Saturday were senior Masonic officers and all friends of Mr. Williamson who had devoted the last 27 years of his life entirely to Masonry.

Chief mourners at the service were two daughters, Mrs. Gordon E. Findlay, and Mrs. R. Grant Reid, both of Montreal. Following the service, burial took place in Mount Royal Cemetery.

GARAGE OPERATOR RISKS LIFE ON CRACKING CANAL ICE TO SAVE MAN

Vincent Dalterio, of Montreal, uses car chains and plank to rescue victim of Lachine Canal accident

1. For many weeks the ice on the Lachine Canal had been strong enough to provide a short cut for Marcel Charbonneau. But one Wednesday night in late February his luck ran out. He was on his way home from work around 6:30 P.M. Deciding to take the short cut, he was about half way across the canal when the ice broke and he plunged beneath the surface.

2. Frantic cries for help attracted the attention of Vincent Dalterio, 85, who was at his garage on St. Patrick Street. Without wasting a second, quick-witted Dalterio grabbed a plank and his car chains and began to crawl out on the treacherous canal surface. Using the plank for support, he inched his way towards the floundering, helpless Charbonneau. All around him the ice was cracking ominously.

3. Dalterio was only a few feet from the almost drowning man when he threw the car chains. Charbonneau's numbed fingers, blue with cold, grasped them eagerly. Then, slowly and coolly, Dalterio pulled . . . and in a few minutes both were safely ashore. To this gallant and unselfish garage operator we are proud to present The Dow Award. Through this man's action, another's life was saved.

THE DOW AWARD is a citation presented for acts of outstanding heroism and includes, as a tangible expression of appreciation, a \$100 Canada Savings Bond. The Dow Award Committee, a group of editors of leading Canadian daily newspapers, selects Award winners from recommendations made by a nationally known news organization.

DELALANNE EXCELLENT CHOICE

Younger Men Needed to Man Westmount Civil Defence Force

Brigadier James A. DeLalanne's appointment as Chief Warden for the City of Westmount will meet with the approval of all citizens. Brig. DeLalanne has had the necessary military training both in the field and in staff work to equip him well for the position. In addition to these qualities he possesses a dynamic personality which is a must for the successful direction of a civil defence force which has to be kept together and in a high state of morale by intelligent and tactful leadership.

While the meeting last Wednesday was quite well attended, it was noticeable that the majority of the men present were probably over 50 years of age. If Civil Defence is to be effective the services of younger men will be required. The present age for active military service is set at around 35 years so that there are many men in Westmount just over that age who could serve in the civil defence organization.

If we are attacked there will be much arduous and strenuous work to be done and it is doubtful whether this could be performed by older men for any length of time.

To enlist younger men it will be necessary to make the training program as interesting as possible. The reciting of technical details in the construction of the Atomic and H bombs is rather dry matter and is in effect

over the heads of those who are not physicists.

It would seem that the explaining of the effects of a bomb attack and the measures which should be taken to minimize the destruction of life and property would command greater attention. As Brig. DeLalanne said at the meeting, he expects that there will have to be many replacements in his warden force due to people moving away from Westmount, and for other causes. In any event the more men and women who pass through the civil defence training program will make for a greater number of individuals who could jump in to lend a hand in the event that we are attacked.

In the meantime volunteers, both men and women, are wanted for Westmount's Civil Defence organization.

NEW ROTARY CLUB

St. Laurent - Mount Royal Brought Into World-Wide Organization

This newspaper extends a cordial welcome to the newest Rotary Club to be chartered in Greater Montreal—in the St. Laurent-Mount Royal district. To its officers and members we add our congratulations to those already tendered by local Rotarians. We offer, too, our approval of these Rotary objections, to which members of the new Club subscribes:

1. The development of acquaintance as an opportunity for service;
2. The fostering of high ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society;
3. The application of the ideal of service by every Rotarian to his personal, business, and community life;
4. The advancement of international understanding, good will, and peace through a world fellowship of business and professional men united in the ideal of service.

Jones. He will preach at the morning service on the theme "A Lesson from the Master Teacher in the Springtime of the Year." At the evening service, at 7:30 p.m., the theme will be "Wanted! Four Square Christians." The officers and members of the Canadair Square Club will attend and take part in this service.

At 8:45 p.m. following the sermon members of Calvary Youth Fellowship will have the opportunity to hear a talk "Florida Bound," about a motor trip of six weeks in the palm state, to be given by Dr. J. S. Astbury and F. N. Stephen. This trip will be illustrated by colored photographs.

The church school will meet in all departments from beginners to seniors at 9:45 a.m. The nursery division and the mission band will meet at 11 a.m.

The Elizabeth Read Missionary Auxiliary will hold a Springtime

tea and musicale in the church parlors Saturday, April 21 from 3 to 5 p.m.

BAHA'I

A WORLD FAITH

This is the time for man to strive and put forth his greatest efforts in spiritual directions. Material civilization has reached an advanced plane but now there is need of spiritual civilization. Material civilization alone will not satisfy; it cannot meet the conditions and requirements of the present age. Its benefits are limited to the world of matter.

Westmount Baptist

The Sunday sermons at Westmount Baptist Church will deal with truth and desire. The morning address is entitled "Truth", a word often on the lips of Jesus. The evening address will be "Desire".

The Westmount Christian Youth Fellowship will meet at the close of the evening service. The mid-week fellowship of the church will meet for discussion, prayer and inspiration.

Christian Science

"Are Sin, Disease, and Death Real?" is the subject of the lesson-sermon to be read in Churches of Christ, Scientist, on Sunday.

The Golden Text is from Psalms 68:20; "He that is our God is the God of salvation; and unto God the Lord belong the issues from death."

Among the citations which comprise the lesson-sermon is the following from the Bible:

"For as by one man's disobedience many were made sinners, so by the obedience of one shall many be made righteous. Moreover the law entered, that the offence might abound. But where sin abounded, grace did much more abound: That as sin hath reigned unto death, even so might grace reign through righteousness unto eternal life by Jesus Christ our Lord."

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"Sin brought death, and death will disappear with the disappearance of sin. Sin is unsustained by Truth, and sickness and death were overcome by Jesus, who proved them to be forms of error, spiritual living and blessedness are the only evidences by which

St. Luke's United

"The Case Of Mr. Everyman" is the title of a short series of morning sermons to be preached by the minister commencing Sunday.

The subject of the first sermon is, "Everyman's Conflict With Irreligion and Religion."

In the evening the minister will continue the series of sermons entitled, "A Pattern For Living," with, "Finding The Way With Jesus In A Rough and Tumult World Similar To The One He Knew." The Young Adult Group will meet at the close of the service.

The next reception service for new members will be held on Sunday morning, May 27. Those interested in uniting with the Church are asked to contact the minister.

The next issue of the "Parish Piper" will be delivered to homes at the end of May. All news should be placed in the "information receiver" in the vestibule of the Church.

WEDDING

BUDDEN - O'BRIEN

The marriage of Nora Barbara, daughter of the late Mr. and Mrs. Peter E. O'Brien to Mr. Robert Herriot Budden, son of the late Mr. and Mrs. Hanbury Budden, took place last Friday in the sacristy of the Church of the Ascension of Our Lord, Westmount, Rev. Father Feron officiating. White stocks and snapdragons formed the decorations.

Mr. Richard O'Brien gave his sister in marriage and Mr. William H. Budden was best man for his brother.

The bride wore a ballerina length gown of pale blue eyelet organdy over toning taffeta with matching slippers and a headdress of blue tulle and orange blossoms, while she carried a bouquet of white bouvardia.

A luncheon for the members of the immediate families took place at the home of the bride's brother-in-law and sister, Mr. and Mrs. T. P. Slattery, Mount Stephen avenue, where white stocks and snapdragons adorned the rooms. Mrs. Slattery wore a navy blue faille suit with a picture hat of matching Milan straw and toning accessories, her corsage spray of white carnations. Mrs. William H. Mr. and Mrs. Robert Herriot Budden left by plane for Washington, D.C., the bride wearing for travelling an ensemble of grey worsted with brown and white accessories and a shoulder spray of brown orchids. Upon their return the couple will reside on Lincoln avenue.

PARODY - BAKER

On Saturday morning, at nine o'clock, in the Church of the Ascension of Our Lord, Westmount, the marriage took place of Mary-Aden, daughter of Mr. and Mrs. Charles W. Baker, of Westmount, to Mr. Hugh A. Parody, son of Mr. and Mrs. Alex R. Parody, the Rev. Donald J. Feron officiating.

Following the ceremony a reception was held at the residence of the bride's parents, 383 Olivier avenue, Westmount. Later Mr. and Mrs. Parody left by motor for New York.

Gleanings

The smallest good deed is better than the grandest good intention.

A specialist is one who has his patients trained to become ill in his office hours. A general practitioner is likely to be called off the golf course at any time.

The worst bankrupt in the world is the man who has lost his enthusiasm. Let him lose everything else but enthusiasm and he will come through again to success.

An old Negro woman, asked by her mistress why she was always so cheerful, laughed and said: "Lawdy, chile. Ah jes' wears de world lak a loose garment."

High up in the Rockies there lived a small boy and his mother. One day, after he had been punished severely, the lad ran to the edge of a precipice and shouted back at his mother: "I hate you!" Across the ravine came the echo: "I hate you! I hate you!" Thoroughly frightened, the boy ran back to his mother and sobbed: "Who is that bad man over there who shouted: 'I hate you'?" Taking the boy's hand, the mother led him back to the edge of the precipice. "Now, sonny," she said, "call out: 'I love you! I love you!'" The little boy did as he was told. Clearly and sweetly the echo came, repeating his words. "My child," said the mother, taking the child

ENGAGEMENTS

Mrs. F. Thornton Cole, of Quebec, announces the engagement of her daughter, Kathleen Stain, to Mr. Peter Howard Greenwood, only son of Major and Mrs. Eric de L. Greenwood, of Westmount. The marriage has been arranged to take place at half past three o'clock, on Saturday afternoon, May 12, in the Cathedral of the Holy Trinity, Quebec. The reception following the ceremony will be held at the residence of Miss Elspeth Laird, St. Ursule Street.

APPROACHING MARRIAGE

The marriage of Dorothy Katherine, youngest daughter of Mr. and Mrs. S. D. Parsons of Verdun, to Mr. David Arthur Cully, son of the late Mr. Thomas Cully and of Mrs. Cully of Cartierville, will take place Saturday afternoon, April 14, at four o'clock in Verdun United Church, Rev. J. G. Joyce officiating.

The bride will be given in marriage by her father and will be attended by her sister, Mrs. Harold Leavitt, as matron of honour, and the Misses Joan Horlick and Edith Gillard as bridesmaids. Mr. Walter Cully will be groomsmen for his brother, and ushers will be Mr. Shad Parsons, brother of the bride, and Mr. Arthur Cassidy.

Following the ceremony a reception will be held at Tetrault Hall.

The marriage of Julia Godschall, daughter of Mr. and Mrs. Vance Johnson, of Westmount, to Mr. Georges Herbert Lalonde, son of Mr. and Mrs. J. Lalonde, of Montreal, has been arranged to take place tomorrow afternoon, at four o'clock, in the Church of St. James, the Apostle. The bride will be attended by Miss Marjorie Moysey, as maid of honor, and by her sister, Miss Dorothy Mary Godschall Johnson, as bridesmaid.

Mr. Frank Harvey will act as best man for Mr. Lalonde and the ushers will be Mr. Peter Johnson of Calgary, Alta., and Mr. Donald Johnson, brothers of the bride, and Mr. James Donald.

The reception to follow the ceremony will be at the Themis Club.

Girls' Association Will Hold Its First Tag Day Tomorrow

Montreal Girls' Association, whose object is primarily to promote and encourage recreation for girls of the community, is holding a tag day today, with many supporters of the organization working hard to ensure its success.

Long aware of the need for leadership in the development of recreation programs for girls, a number of women's clubs have succeeded in forming the Montreal Girls' Association, whose aim is to develop a recreation program in Montreal that will give girls an opportunity for constructive use of their free time. To achieve its aim, the association needs the support and encouragement of all persons and organizations of good will in this city.

It is estimated that a minimum budget of \$10,000 per annum for the next three years is needed to launch this program. The association's objectives are:

1. To operate play centres in Montreal for the elementary school girl regardless of class, race or creed.

2. To begin with the operation of one play centre only, staffed to provide a sound social group work program in a district where the need is great. Other units will be developed as rapidly as they can be staffed and financed.

3. To co-operate with school boards in the use of school buildings for the housing of these play centres.

4. To provide an adequate staff, well-trained and capable of conducting a social group work program of a recognized standard, with diversified activities aimed to meet the needs of younger girls.

5. To become part of the community in which the centre operates, knowing local needs and using local resources in developing

Two Strikes

Striking is the word for the bathing suit worn by actress Virginia Gibson in Hollywood. "Lightning strikes twice" is the theme of this suit, and the least you can say is lighting certainly knows what it's doing.

program. Purpose of the play centre is to act as a demonstration service pointing the way towards the development of a good city-wide play program for girls of elementary school age.

To act as an example in the development of the use of school buildings for well organized recreational program.

To act as a centre where students, preparing to become social group workers and physical education instructors, can put into practice, under good supervision, the training they are receiving.

To act as a centre for the training of volunteer workers for this type of program.

Mrs. John Corbett is President of the Montreal Girls' Association, and members of the Advisory Council include Mrs. Gregor Barclay, G. W. Bourke, Mrs. Quentin C. D. For Last-Minute Party Make Jif'y Appetizers

Need a simple appetizer? Use liver pâté—with a bit of horse-radish and a touch of onion; season it well. Arrange it in a tantalizing mound on a handsome dish with a wide rim. Park plenty of potato chips for scoops around it.

For another appetizer, take plenty of small pickled onions, stick a toothpick in each and roll in soft cream cheese, seasoned, then in minced cress or chives.

Soldiers' Wives To Hold Showing Of Summer Styles

The Montreal Soldiers' Wives League is holding a Summer Fashion Show presented by Henry Morgan and Co. Ltd., on Wednesday April 18, in the afternoon and evening. It will take place in the Town Hall, Town of Mount Royal. Proceeds will be used to purchase comforts for the Navy, Army and Airforce veterans in the military hospitals.

Mrs. E. G. Weekes, Mrs. Y. Montgenais and Mrs. Ian Morgan are joint chairmen. Mrs. John Savoy is chairman of the ticket committee. Tickets may also be obtained from all Ladies Auxiliaries of the Navy, Army, and Air Force.

Westmount Soccer Player Voted Best Hockey Rookie

Lorne Worsley, goalkeeper for St. Paul, in the United States Hockey League, has been voted the rookie of the year and also picked as the league's goaler on the first all-star team.

Worsley will be remembered as starring for Chief Byford's Westmount soccer team, at the Athletic Grounds last season in the National Soccer League competition. Lorne played centre forward on the soccer squad.

Worsley came to the fore two years ago in local junior hockey. In winning the rookie award he was the unanimous choice of sportswriters and broadcasters for the all-star position.

Tom Gard's Note Book

Last fall, after cleaning the summer's accumulation of junk off my work bench, I decided to start right in and make a movable lounge for the garden. Once started, the project proved not too difficult. Old packing cases provided the slats, pieces of two by four formed the frame and junior surrendered two small wheels from his dilapidated cart to make it mobile. Now I can look forward to next summer and many hours of relaxation—reclining at any angle in any part of the garden. In case you haven't the packing case slats, then string the frame with rope, it will work equally well.

Framed

I am anything but an artist yet the work of good Canadian painters has held my interest for several years. Last week I spent a pleasant evening with a chap who is a good artist and quite conversant with the work being done in Canada. During our conversation I noticed and remarked on the attractiveness of a picture hanging on the wall of his study. After my flattering comments had ceased, he suggested I take a closer look at it. Was my face red? It was simply a cheap print framed. He explained how it had been done and made me feel somewhat better by remarking that I was not the only one who had been fooled by this particular picture. It certainly looked authentic—even to the old antiqued frame.

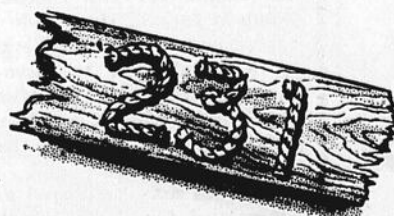

Pablum Boxes

Ever since junior graduated from Pablum I have been intending to put some of the boxes to good use. My small daughter finally put on the pressure to complete a doll cradle I had promised her for last Christmas. While at it I finished up a knitting box that had been talked about and hinted at for an even longer period.

Popular Singer Heads New Bill

Don Cornell, handsome young singing star who heads another All-Star variety show at the Seville Theatre starting today has had a phenomenal rise to prominence. He soared to fame with Sammy Kaye's band on the best selling record "It Isn't Fair." He has won praise from the press and public alike for his top-notch song renditions and his stage presence. He sings many show-stoppers including "I Need You So" and "Take Me In Yours Arms."

In addition to Don Cornell the Seville has booked, for a return engagement, the popular Bobby Sargent. Many will recall Bobby's appearance a few weeks back when he broke all records for attendance.

Surrounding these two fine acts will be three other excellent groups including, Billy Winters, one of Broadway's favorite comics; also Jack Gwynne and Company, one of the outstanding magic acts now appearing before the public. The Haydocks a gay musical comedy team complete the bill. Len Howard the genial musical conductor will again take care of the proceedings from the "pit."

KRIEGHOFF PICTURE

A frozen river scene in lower Canada painted in 1856 by Cornelius Krieghoff has been sold at Christie's in London for \$1,496. Early in February two of the 19th century Canadian artist's paintings of Indians realised \$1,550.

At the Monkland Saturday till Tuesday

Dick Powell is the sportswriter, Ricardo Montalban is the boxing champ, and June Allyson plays the girl they're both after in "Right Cross," M-G-M's pulsating drama of the prizefight world, which comes to the Monkland screen Saturday till Tuesday as the added attraction. The feature attraction brings to the screen Kathryn Grayson, Mario Lanza and David Niven in the gorgeous technicolor hit, "Toast of New Orleans."

Comedy and Tense Prison Story Start At Westmount on Sunday

"For Heaven's Sake," the Westmount Theatre's new attraction which starts Sunday, proves to be fun on film. Clifton Webb's starring performance is a strong comedy portrayal. Aided by a number of other top stars, a fresh story idea and hilarious dialogue, he turns "For Heaven's Sake" into fine fare.

Webb has varied opportunities in "For Heaven's Sake," and he makes the most of each. An angel dispatched from his heavenly source, along with fellow-angel Edmund Gwenn, to right things on earth between a Broadway producer (Robert Cummings) and his actress wife (Joan Bennett), Webb gets to enact a Broadway-type "angel" as well. And, to do this, he fills the role of an oilman rancher from Texas, a role he takes for a Gary Cooper ride, reportedly with Cooper's drawled blessing.

The pent-up fury of pent-up men has been captured in Columbia's prison drama, "Convicted," the second feature on the bill. Starring Glenn Ford, as the prisoner whose austere existence slowly corrodes his character, and Broderick Crawford, as the tough district attorney who becomes Ford's two-fisted prison warden, "Convicted" emerges as high-tension drama.

Working from a tightly-knit script, director Henry Levin has used an incisive touch to convey the grim existence of the men behind grey prison walls. The story starts as Ford, convicted by district attorney Crawford of an accidental murder, is sent to prison. There the drab monotony and unsympathetic treatment drain away the last shreds of respectability from Ford, who becomes a hardened termier capable of obeying but one law: the convict's code.

At this point, literally the breaking point for Ford, Crawford becomes the prison's warden, removes Ford from solitary and, with the aid of his lovely daughter, attempts to rehabilitate the convict.

sick. The solicitude gets me. Eventually, they serve me dinner in bed. Now, breakfast in bed is something I wangle occasionally at home on a trade basis. Wife brings me breakfast one Sunday — and I bring her coffee every day and breakfast the next three weekends. Here I get breakfast, lunch and dinner in bed — and for dessert: another shot in the rump.

My wife goes home, and about 10 p.m. an Irish colleen enters the room and says I look hot. Probably its the six aspirins the doctor prescribed to break the fever, but when I take a good look at the nurse's comely figure my tem-

HOLLYWOOD, April 12 — Today I have more holes than St. Andrew's Golf Course. All day long a succession of comely damsels has paraded through my room, gently lifted the bed sheets, and unceremoniously plunged a hypo into my derriere.

You guessed it — I'm abed with pneumonia. Although my father is a medico, this is my first experience with hospital procedure outside of some unpleasant weeks in a Naval hospital. And, after three days flat on my punctured buttocks, I'm convinced I have missed a lot during my three decades of good health.

Everyone should spend at least one week annually in a nursing home or hospital. The food may be simple, but, brother, the luxury of it all. I understand some women have large families be-

cause of the brief periods of confinement in a maternity ward offer their only respite from pressures of the daily grind.

We poor males have to develop pneumonia before we get the same privilege — but it's almost worthwhile.

Look, I check into Queen of Angels Hospital in the afternoon. Right away a luscious redhead helps me into bed while my wife looks on. A few minutes later someone walks in with a glass of orange juice. This is almost a miracle, because they generally grow oranges in California for export only, and hardly a restaurant in town will serve you freshly squeezed nectar.

I'm halfway through the juice when an alluring Japanese nurse drops in, says how do you do, and jabs me in the rear. The needling has started. Before I get over the shock the lady has gone.

"Penicillin," explains my wife. "Good for you."

"I'd sooner have bourbon," I answer.

I settle down a bit but soon an attendant approaches with the evening paper. The front page tells of casualty lists from Korea, crime inquiries in New York, a train wreck fatal to 53, several murders and a stock market recession. I resolve then not to look at another paper until I get out.

My wife excuses herself for a moment, soon returns with a toothbrush, some magazines and a bouquet of flowers. Despite the fever I'm beginning to like being

Q.R.F.U. Annual Set For April 21

Secretary Norman Gillespie, of the Quebec Rugby Football Union, advises that the annual general meeting of the Union will be held in the Canadian Legion Memorial Building, Mountain Street, on Saturday, April 21st, at 2 p.m.

President Reg. Watson states that the Q.R.F.U. enjoyed probably the best year in its long history — the Q.R.F.U., he points out, is the oldest Football Union in Canada.

Watson said that he will present himself for re-election. Westmount Football Club and the Royal Montreal Regiment will both be represented at the meeting according to president Walter Smaill, of Westmount, and Major John Coupland, sports officer of the R.M.R.

'Y' Gym Team Defeated Ottawa

The Montreal Y.M.C.A. Senior Gymnastic Team came through with an impressive win over the Ottawa, Ontario, Y.M.C.A. Seniors in a meet held at Westmount Y.M.C.A., last Saturday evening. The local team amassed a total of 132 points to the visiting team's 88 points.

The Montreal gymnasts took the lead from the start by winning the high bar event 33 to 22, and went on to win all other events, excepting tumbling.

Top three places in the competition went to the local group, with John Cooper and Gordon Mather tying for first, and Don LeClair placing third.

The Montreal Y.M.C.A. team, composed of members from the Westmount and International "Y's", will compete in the Provincial Championships to be held at McGill, Saturday, April 21, at 2.00 p.m.

Low Admission Charges For Atwater Ball Games

Atwater Baseball League fans who have been concerned about the playing site for the popular west end loop this year can relax now. President Percy Hyland announced that the League will operate at the Westmount Athletic Grounds. This was confirmed by Westmount's director of Recreation Lionel Fournier.

Playing dates were arranged with the City of Westmount for the Loop to play its usual tri-weekly games at the old M.A.A.A. grounds. Games will be played Monday and Wednesday nights and Saturday afternoons.

This year the League celebrates its Silver Anniversary and President Tyland said that plans are underway to make the May 12th opening a gala affair.

Last year the Atwater Loop were notified at mid-season that their old playing site, Atwater Park, had been sold for a building project and that it would be their last year of operating on the popular site.

Favorite Spot

The news of the sale caused quite a commotion around the district as the Atwater Diamond has long been a favorite spot for the senior ball fans. Several playing sites were talked about during the winter months but nothing definite was settled.

The Westmount grounds were suggested from several quarters but before the deal was clinched President Hyland and the Westmount Athletic Commission delved into all aspects of the deal.

With the League playing only a few blocks away from its old site, the crowds are expected to be better than ever.

The teams will be playing in a fenced in park and the trouble encountered every year with standees is expected to be completely mastered. There will be plenty of seating facilities. In addition to the permanent stand at the WAG, the Atwater Loop will use its own benches for bleachers.

Lionel Fournier, superintendent of recreation for Westmount, told the Examiner that the deal for the use of the Athletic Grounds had been finalized on Wednesday.

The Atwater Baseball League will open at the Westmount ground on May 12 and close on September 8, Mr. Fournier said.

Admission to be charged will be 10 cents and 25 cents depending on the seats.

Although the proposed building project on the old Atwater Park site has been postponed, the League decided against using the lot again. Through the winter months it has been used as a parking lot and the outfield and infield have been thoroughly chopped up by the thousands of cars.

In addition the League would have had to operate on a year to year basis and this uncertainty of a playing site decided them

Ave. Stars, Wolves Lead In Finals Basketball Loop

Ave. Stars and Wolves took a commanding lead in their respective semi-final playoffs at the Junior High School last Wednesday.

Ave. Stars defeated Saints 45-23 to take a 22 point lead in their two game total point series. Jack McKissock was top man for the Stars with 13 points although his total was matched by Cam. McFadden, playing manager for the Saints who also netted 13 points. Worthy efforts were turned in for the Stars by Manolson, Selby and Easton with 9, 8 and 7 points in that order.

Wolves overpowered the Royals in the nightcap by a 51-31 score to take a 20 point lead in their series. Wolves' Mike Barnard turned in the top score of the evening, hitting the basket for 22 points, brother Dave with 10 and Wenty Young with 9 also showed considerable scoring power for the winners. Romney made five baskets in the second half to bring his point total of the game to 12 and lead the Royals in what proved to be a losing cause.

All four teams meet again on Wed., Apr. 11, in the last games of the semi-final series. The winners of the semi-finals will meet in a two game total point series for the championship of Westmount.

against using the Park again. Hyland said that under the present happy arrangement with the City of Westmount, the League knows just where it stands and they have no more worries about finding suitable quarters.

Games in the West end Loop will also be played on Sunday afternoon at St. Henri's Notre Dame Stadium and probably Town of Mount Royal. Thursday night games at Notre Dame Stadium are also under consideration.

perature actually seems to soar a few points. Why is it most nurses seem to pack such potent sex appeal? Or is it simply that when you're sick you're weak, and therefore more susceptible? Anyhow, she fires another salvo of penicillin into my you-know-what and says: "There, that'll comfy you up a bit, Honey."

Thrice more during that first night I got shot. And now, three days and 18 injections later, I feel like I've taken the full blast of a muzzle-loading buckshot canon in my seat. My behind must certainly look like needlepoint.

Each nurse has her own little line to accompany the needling. "It's time for the 21-gun salute again," says the redhead.

"I'm a little devil, aren't I?" chuckles a 200-pound night nurse.

"Folks call me a regular sticker in de-tail!" puns another Nightingale.

But a spell abed has its good points, too. Have you ever been bathed by a Latin lovely? I was. And she gave me an alcohol rub, too. All day and night ice water is by my bed, and the ringing of my bell brings instant service. They take better care of me than MGM does of Lassie. I've started the mustache I've threatened to grow for several years . . . and I'm catching up on a six-months backlog of New Yorkers and good books. In addition, I have time to think, time to listen to good music on the bedside radio, freedom to snooze whenever the urge presents itself.

Westm't Police To Shoot It Out With R.M.R. Six

Chief Byford of the Westmount Police Department advises that a six man team from the police department will meet six members of the Royal Montreal Regiment in the annual rifle and revolver match at the R.M.R. armoury on Saturday afternoon.

The match calls for firing in both upright and prone positions. Last year's contest was won by Westmount's finest by a narrow number of points and they are out to repeat to-morrow afternoon.

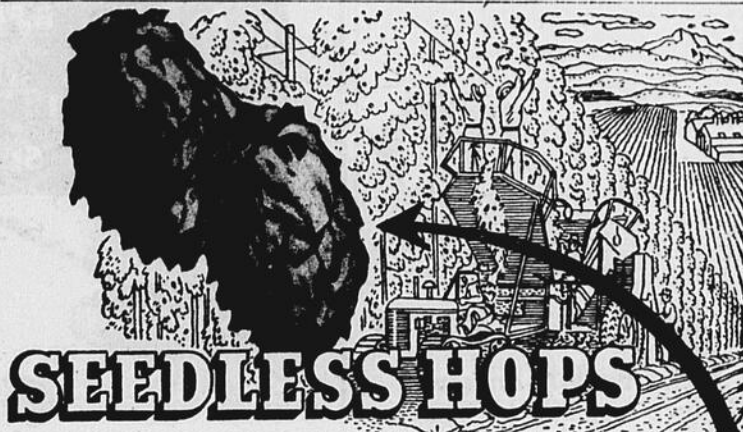

School Volleyball Tilts Scheduled For Tomorrow

The inter-school boys' volleyball tournaments under the auspices of the Montreal Protestant Schools Athletic Department will be held on Saturday morning.

Senior High will enter teams in

senior 'A' and senior 'B' divisions, while Junior High will be represented in all sections including bantam and junior.

The 'A' division games will be played on the floor of the Westmount Junior High gym. 'B' section games will be played at Mount Royal High and the Bantam and Junior games will take place at Montreal High.

One of the five reasons for the rich, full body and popular flavour of O'KEEFE'S ALE

1

"QUICK-GRIND" MALT

At O'Keefe's we make our own malt from the finest barley, using only the ripest, plump barley grains, for which we pay premium prices. To preserve its fine flavour O'Keefe's "quick-grind" the malt at the last moment before it goes into the brew. This gives you the fine flavour and mellowness characteristic of O'Keefe's Ale.

2

NATURAL YEAST

The yeast used in brewing O'Keefe's Ale is a natural by-product of the fermentation process; stored in a sterile refrigerated room to preserve its purity.

3

SEEDLESS HOPS

The finest seedless Kent, European and domestic hops are used in brewing O'Keefe's Ale. Picked at the exact moment of maturity and carefully blended in the brewing process, these seedless hops help to give O'Keefe's Ale its delicate tang and flavour. Removing the seed removes the bitterness leaving only the fine taste qualities of the hops.

4

NATURAL CARBONATION

Long fermentation is responsible for the natural carbonation which gives zest and sparkle to O'Keefe's Ale.

5

AGING

Time and nature age and mellow O'Keefe's. The result is an ale of rich, full body and pleasing flavour.
