

ALLIED FORCES IN DAMASCUS DEFENCE SYSTEM

Strategic Post Taken Despite New Resistance

British and Free French Forces Have Reached Kiswe, Ten Miles South of Damascus—Stiff Opposition Encountered by British Parties Landing on Lebanon Coast Under Cover of Heavy Naval Bombardment.

London, June 11.—(P)—Allied forces have reached Kiswe, ten miles south of Damascus, despite stiffening resistance on three fronts in Syria, an authoritative source reported today.

This source said Kiswe could be regarded as part of the Damascus defence system, and that resistance to the Allies still could be described as "patchy."

"Stiff opposition," however, was reported encountered by British forces landed on the Lebanon coast north of Tyre under the guns of warships of the Royal Navy.

Fighting also was reported at Merdjayoun, inland in Lebanon, where British forces advanced from the Northern tip of Palestine.

Sources here said several hundred prisoners had been taken on all fronts, but it was not certain whether these were captured in battle or gave up after mere "token resistance."

Launching of an Allied drive into Eastern Syria in an attempt to seize the important air base at Palmyra was reported. British forces captured the ancient city of Damascus had fallen to the Allies.

Units of the desert-wise forces which participated in the recent fighting in Iraq presumably were taking part in the push toward Palmyra, which the Royal Air Force has bombed several times because it was used as a German air base.

Official reports on progress of the British-Free French column driving toward Damascus from the Palestine frontier said last night it was within sight of the minarets of the city. London expected the Syrian capital would be in Allied hands by nightfall.

Another Allied column, pushing northward along the shores of the Mediterranean, was moving toward Beirut, capital of Lebanon, but there was no exact information as to extent of this advance.

The British Broadcasting Corporation, in a German-language broadcast heard last night in New York by CBS, said Allied troops actually had entered the outskirts of Damascus. The same source said a British column, advancing from Iraq, had pushed across Syria to the Turkish frontier in the north.

French defenders of Syria and Lebanon were offering only half-hearted resistance, official quarters said. There was no indication that any heavy fighting had developed.

The Allies said their forces were deliberately proceeding slowly in an effort to avoid clashes with the French wherever possible.

It was disclosed the Allies were making extensive use of loudspeakers in appealing to French troops to join the Free French forces and

force its decision, once it reached a conclusion, Byrnes said:

"The Government can continue to operate the plant. If the men don't want to accept the decision of the Mediation Board, they can quit. More men can always be found to take over their jobs."

LABOR SITUATION BRIGHTER

Washington, June 11.—(P)—United States army troops, more erstwhile strikers returned to work today at the Inglewood, Calif., plant of North American Aviation Corporation. The defence-labor picture also brightened on other fronts.

As the Inglewood plant neared output on its \$196,000,000 in war orders for Britain and the United States, the threat of a strike at the Consolidated Aircraft Corporation at San Diego, Calif., lessened when management and officials of the A.F.L. Machinists Union reached an agreement last night on terms of a proposed labor contract.

The agreement occurred as workers in the huge bomber plant, holding \$700,000,000 in orders for planes for Britain and the United States, finished a secret ballot on the question.

Byrnes said he was informed that such a case negotiations would be begun by the Mediation Board and some solution sought for the disputed points.

Asked how the Board would en-

FOUR HUNDRED YOUNGSTERS IN NARROW ESCAPE

Fire Breaking Out in Early Hours of Morning Completely Destroyed Large Orphanage at Huberdeau.

Huberdeau, Que., June 11.—(P)—Some 400 children were herded to safety by thirty nuns when fire early today destroyed all the buildings of Notre Dame de la Merci Orphanage in this Argenteuil County village, about sixty miles north of Montreal.

All the orphans, asleep when the fire broke out, and other occupants escaped as the flames leaped from building to building until none was left standing. Brother Leon, who suffered severe burns, was the only casualty. He was taken to hospital in Montreal.

Father J. L. Pilon, Huberdeau parish priest, said that the fire was discovered at 3 a.m. The orphanage night watchman, who had made his rounds a short time before, smelled smoke and investigating found flames raging in the interior of a building containing the orphanage recreation hall.

The nuns in charge of the orphanage had time to remove all the children from the main, five-storey building, 200 feet away, before the fire reached it.

Volunteer firefighters attempted to contain the blaze.

Churchill Favors Parley Of Dominion Chiefs In London

Difficulty of Having All Dominion Prime Ministers in London at Same Time May Preclude Possibility of Imperial Conference, However—Still Registers Opposition to Creation of Imperial War Cabinet.

London, June 11.—(C.P. Cable)—Prime Minister Churchill told the House of Commons today he would warmly welcome a meeting of Dominion Prime Ministers, but added it might not be easy to arrange for all of them to visit Britain at the same time.

He was replying to Sir Thomas Moser, Conservative, who asked whether any approaches had been made to or by the Governments of the Dominions concerning formation of an Imperial War Cabinet.

Sir Thomas remarked there was an Imperial General Staff to direct military operations and an Imperial Defence Committee to direct strategy, and suggested it was logical there should be an Imperial War Cabinet to direct the war effort.

"That is a very large question and I am not prepared to deal with it now," said Mr. Churchill.

There is a considerable public opinion," said Mr. Granville, "which desires this (an Imperial War Cabinet) but does not desire to bicker or hinder him (Mr. Churchill) in the course of the war."

In urging an Imperial War Cabinet, the Liberal National member contended: "I am only following the writings, precepts and footsteps of Winston Churchill."

(This apparently is a reference to Mr. Churchill's extensive writings on the First Great War, during the latter part of which an Imperial War Cabinet directed the Empire's war effort.)

CONSECRATE BISHOP FOR VANCOUVER SEE

Edmonton, June 11.—(P)—Attended by prelates of the Roman Catholic Church, clergy, members of his family and laymen, Rev. Edward Q. Jennings, Chancellor of the Edmonton Diocese since 1934 and Rector of St. Joseph's Cathedral here since 1937, today was consecrated Auxiliary Bishop of Vancouver.

Father Jennings, who until recently was command chaplain at No. 2 Air Training Command, R.C.A.F. at Winnipeg, became the third rector of the Edmonton Cathedral to be elevated to the episcopacy. He was appointed Titular Bishop of Sala in Asia Minor, March 25.

Seignior Club, Que., June 11.—(P)—Breaking a precedent of many years standing, the Canadian Manufacturers Association today re-elected its President, Harold Crabtree, of Montreal, for a second year of office.

Opposition Criticizes Payments For Special Commons Committee

By FRANK FLAHERTY (Canadian Press Staff Writer) Ottawa, June 11.—(P)—Parliamentary investigation of war expenditures will continue throughout the summer while Parliament itself is adjourned.

By adopting last night the report of the special committee which studied war expenditures during the present sitting, the House of Commons placed its approval on the Committee's recommendation that it continue its work after adjournment, which is expected to come this week.

The question of remuneration of members of the Committee for their extra summer work was left in the air but a proposal that they be paid an allowance of \$15 a day provoked objections from Conservative members, one of whom, Joseph Harris (Con., Toronto-Danforth), declared he would not accept any payment.

However, supplementary estimates tabled by Finance Minister Ilsley just before the House rose for the night made provision for payment of \$15 a day to Committee members who act during the summer.

The supplementary estimates totalled \$48,463,183, the major item \$45,000,000 to provide for payments to provinces which accept the budget proposal that they vacate the personal and corporation income tax field for the duration of the war.

The payments are to equal either the provincial income tax collections for the previous year or the service on provincial debt, whichever the provinces choose.

Mr. Ilsley said the intention was to compute payments due to provinces on the basis of the last fiscal year in each province. At first it was intended to take the last calendar year

WIDELY SOUGHT REICH CRUISER IN BREST PORT

London, June 12.—(P)—British planes bombed a German cruiser believed to be the Prinz Eugen at Brest last night.

A large weight of bombs was dropped on docks and anchorages but there was no specific claim to having hit the cruiser.

The 10,000-ton Prinz Eugen accompanied the German battleship Bismarck on her venture into the Atlantic which ended in destruction of the Bismarck after she had sunk the British battle cruiser Hood. The Prinz Eugen, however, parted company with the Bismarck soon after the Hood was sunk.

An Air Ministry communique on last night's bombing said: "Last night a strong force of bomber command aircraft attacked docks at Brest where a Hipper class cruiser believed to be the Prinz Eugen is taking refuge along with the battle cruisers Scharnhorst and Gneisenau. A large weight of bombs was dropped on docks and anchorages."

Previous Royal Air Force bombings of Brest were believed to have damaged the Scharnhorst and Gneisenau so severely that they are unable to leave their anchorage.

Activity of the Nazi air force over the British Isles during the night was on a small scale.

One point near the coast in Southern England was bombed and damage and some casualties were reported in South Wales.

The comparative lull in Nazi air assaults on the British Isles during the last month was attributed to generally unfavorable flying weather. Informed sources placed little

WAR BULLETINS

London—The War Office's 176th casualty list issued last night listed fifty-seven killed, ten who died of wounds, sixty-nine wounded, five wounded and prisoners of war, six prisoners of war and forty-six who died.

New York—Maritime sources reported yesterday the Finnish freighter Kastelholm, 5,417 tons, en route from Petsamo, Finland, to Rio de Janeiro, has been sunk in the North Atlantic with the loss of one crew member.

They said thirty-seven crew members, two severely wounded, had been landed safely at Thorshavn, Faroes Isles.

Auckland, New Zealand—Of 16,530 New Zealand troops who fought in Greece and Crete, 11,180 have been removed safely to Egypt, leaving 5,350 unaccounted for, acting Premier Walter Nash announced today before Parliament went into secret session.

MORE CANADIAN AIRMEN ARRIVE ON FRONT LINE

Scores of Canadian Aviators Among Latest Detachment to Reach Old Country Under Commonwealth Plan.

By PAT USSHER. (Canadian Press Staff Writer) Somewhere in England, June 11.—(P) Cable—Scores more Canadian airmen have arrived in Britain, eager to get into action against the Germans.

"Give us planes and let us fly over Germany," was the typical comment of all.

Graduates of the Commonwealth Air Training Plan, they included sergeant pilots, air gunners and observers from all parts of Canada.

The airmen said the Atlantic crossing was uneventful, with no enemy submarines or airplanes sighted.

After landing the airmen entered and came to a Royal Air Force reception depot. They will spend a few days there and, like all arrivals, receive anti-gas equipment and steel helmets. Then they will be posted to operational units.

Sgt. Observer C. J. Kelly of Ottawa was said to be a lot of fun when he got into action over Germany.

Sgt. Pilot Albert Hemphill of Winnipeg declared: "I hope to get hold

Prime Minister Claims Empire Interest Served By Jap Wheat Shipment

Mackenzie King Tells House of Commons that Permits for Two Shipments of Canadian Wheat to Japanese-Dominated North China Had Been Issued in Accord with Wishes of British Government.

Ottawa, June 11.—(P)—Action of the Canadian Government in issuing permits for two wheat shipments to North China was in accord with the wishes of the British Government and in the interests of all parts of the British Commonwealth, Prime Minister Mackenzie King told the House of Commons today.

Making a brief statement on the shipments as the House opened Mr. King said he had called all British Columbia members, regardless of party to his office and explained the reasons for issuance of the permits to them.

He also communicated the reason to Conservative House Leader Hanson.

Mr. King said he had asked Hon. Grote Stirling (Con., Yale), Mr. Hanson's desk mate to inform Mr. Hanson of what took place at the meeting and Mr. Stirling had undertaken to do so.

Answering questions from Howard Green (Con., Vancouver South), after his statement, Mr. King said Canada had gone further in curtailing trade with Japan than any other part of the British Empire but had done so with a view to avoiding any possible occurrence in British Columbia in connection with shipments to Japan which might cause ill-feeling and misunderstanding.

This had been fully explained to the Japanese Government.

"Our action has not been aimed at Japan as an enemy," he said. "But we are anxious to avoid any incident which might be construed by Japan as offensive."

INTERMED CANADIAN WOMEN TO BE FREED

Ottawa, June 11.—(P)—All Canadian women interned in France are being released, said a statement issued by the External Affairs Department today.

A recent list of Canadian women interned in France showed they numbered fifty-nine.

The department said it has been informed that the German civilian internment authorities in Occupied France had explained this decision to the United States representative in Paris.

The department recalled that on May 29 a list of Canadian women reported interned in Occupied France was published.

At that time it was stated that representations had been made by the Canadian Government through the United States Government, stating that German women had not been interned in Canada merely on the ground of their nationality.

Axis Political-Economic System Doomed To Failure, Stimson Says

West Point, N.Y., June 11.—(P)—War Secretary Henry Stimson said today that the issue raised by leaders of the Axis powers "not only demonstrates that any compromise between their system and ours is impossible," but that their system "is doomed to eventual and total failure."

That issue, he told 420 graduates of the United States Military Academy in a prepared address, is "so clear-cut that its nature should be apparent to anyone who faces it fairly."

"To anyone brought up in American standards it is an issue between right and wrong, between freedom and slavery, between kindness and cruelty. Such an issue is not subject to compromise.

"The people who are urging today that we can make terms with the Nazi system and that our system can peacefully live in the same world with theirs today have simply not thought this matter through. They are guilty of wishful thinking."

"You have been trained to face the questions of the world from a viewpoint of character and honor," Stimson told the graduates. "You can, therefore, understand more easily than most of us the dominant part which is played in all world

Dr. McGreer Declares It Is Sacred Duty Of All To Back Victory Loan Appeal In Address At Rotary Club

Driving Force Behind British Effort Is Profound Conviction of Righteousness of Cause, States Principal of Bishop's University—Says Democracies in Role of Pinch-Hitter "And We Must Not Fail to Get Hits."

Canadians who refused to provide their sons fighting in the armed forces of the Dominion with the necessary guns, munitions and equipment "are nothing better than murderers," Rev. Dr. A. H. McGreer, Principal and Vice-Chancellor of the University of Bishop's College, told members of the Sherbrooke Rotary Club at their weekly dinner-meeting at the New Sherbrooke House last night.

The speaker said that some people were optimistic and some were pessimistic as to the post-war situation but he believed that "if the outcome of this war is that you and I wish it to be, we don't have to worry about the future. But if we don't win this war, well, I don't know who can be optimistic about the post-war situation."

Dr. McGreer said that it was not his intention to "give the Rotarians a pep talk" and to urge them to get out and sell and buy more Victory Bonds. He was confident that the majority of the members were doing just that.

The success of the loan and the success of the war effort depended upon something deeper than the mere purchase and sale of bonds, he said.

Dr. McGreer added that "We can afford to look back to the decades between the Great War and the present conflict not without profit. In examining the situation I suppose we all feel guilty and realize that our guilt arises over our negligence to study international and national affairs, to study the trend of movements and to make our interest an intelligent one."

After the Great War, the speaker continued, the democratic countries rested on their oars and believed that the time had come when all international differences could be settled at the conference table. "During all this time a certain group were busy preparing for the present struggle, he added.

"We democracies today are in the role of a pinch-hitter and we must not fail to get hits," he asserted. "What was the terrible indifference of the past must be added into a grim determination for the future."

During the intervening years, said Dr. McGreer, the responsibilities of citizenship were narrow and circumspect and "there are few citizens against whom you cannot level that accusation."

In the present conflict the issues were so great that the alternatives were life or death, said the speaker, and the driving force behind the British effort was the profound conviction of the righteousness of the cause.

Dr. McGreer said that one heard much talk of British justice, freedom, liberty and fair play and "we are tempted to feel self-conscious when these are discussed."

He declared that justice was not a British thing but a super-worldly thing, the same as liberty and freedom. "The British didn't create them, they only perceived them sooner than other people," he added.

It is to live for these things eternal that the country was at war today, Principal McGreer continued, and the spirit behind these God-given rights "should impel every

thought, word and deed of your life." Dr. McGreer said that if freedom was not inherent in the will of God, "let us get out of this thing and avoid all the useless bloodshed." He warned, however, that the man who defies the will of God was a sinner.

The belief and firm conviction that the freedom and liberty which we enjoy under the British flag are God-given rights are the "bedrock of reality on which our own war effort must rest."

Principal McGreer suggested the following slogan for the Victory Loan Drive: "All that I can do, I must do and we are me if I don't do it and not before the Bar of public opinion I will be judged but at the judgment seat of Almighty God."

Reviewing the growth of Nazism, Dr. McGreer said that before Hitler assumed power the German businessman was one who could be trusted and whose integrity was never doubted. Business dealings in Germany today are interwoven with corruption and double-dealing as the businessmen seek favors from the powers in Berlin.

The same was true of the peasant, he added. Formerly the German farmer was a hard-working, God-fearing man. Today the pastors of these people, both Protestant and Roman Catholic, have been thrown into concentration camps because they dared preach that there was a Divine power greater than the Nazi rulers.

Dr. McGreer said that undoubtedly many of the Rotarians present had sons in the army, navy and air force, many of them on active service and he believed that it was the sacred duty of all to lend their support to the Victory Loan Drive.

"Any man who shrinks his duty to see they have all the tools, equipment and munitions necessary to fight this war is nothing but a murderer," said the speaker. "We must feel our responsibility as it is. It is a responsibility placed on us by God."

Dr. McGreer was introduced by President James Wark and was thanked by Rotarian G. E. Wadsworth.

President Wark and Rotarians George Ewing, J. W. Smith and Ernest Gilby reported on their recent trip to Randolph, Vt., where they attended the District Spring Conference of Rotary International.

PRIZE-GIVING AT STANSTEAD COLLEGE HELD

Diplomas and Certificates Awarded at Convocation Ceremony Which Yesterday Concluded Commencement Exercises.

Stanstead, June 11.—Stanstead College's sixty-eighth annual commencement exercises were brought to a close here yesterday afternoon with Convocation at which eighteen students of the Academy and fifteen students at Bugbee Business College received their diplomas.

The ceremonies, held in Centenary United Church, were attended by some two hundred parents, relatives and friends of the student body.

In addition to the diplomas, twenty-one certificates were awarded students in the bookkeeping course, the stenography course and for penmanship. The remainder of the awards consisted of Holmes Memorial School certificates.

The Melville Kearns Memorial Scholarship, 1940-41, was awarded to Joyce Ford, of Portneuf, while Joan Spencer, of Drummondville, carried off the Ann MacKenzie prize given in the Eastern Townships Conservatory of Music.

Convocation was presided over by Rev. Errol C. Amos, Principal of the College, which includes the Academy, the Eastern Townships Conservatory of Music, the Bugbee Business College and the Holmes Memorial School.

The Valedictory was read by Sidney Lamb, and Rev. C. M. Stewart, Pastor of Centenary United Church, gave the opening prayer, which preceded the awarding of diplomas and prizes. Songs by boys and girls choruses interspersed the programme.

In his annual report, Rev. Mr. Amos remarked that enrollment in the Holmes Memorial School, the elementary school, was 147 this year. There was no case of serious illness in the school it was reported. The fall school fair and track meet featured display of vegetables, flowers, manual training, fancy work, knitting, sewing and cooking and pupils took part in domestic science and stock judging contests.

Junior Red Cross carried on its usual work and in addition made a special effort in war work, it was announced. By sales and by working to earn the money themselves the members raised \$6.11 for the Senior Red Cross drive, contributed \$12.88 to the fund sponsored by the Business Women's Club to buy harmonicas for troops and sent \$16 to the Junior Red Cross "Bible Kitchen Fund."

Knitting and sewing has been done for soldiers as well as pupils helped in an International Night to raise money for local relief. At the Christmas season an operetta was given in Pierce Hall. Visual education is now a feature of the school, made possible by new motion picture equipment.

"Music has been studied by more pupils, with much interest shown in the Saturday 'Fun In Music' classes and in the rhythm band and choral speaking begun in the lower grades," the report says in part.

This year the college maintained its own outdoor rink for the first time in some years and the extra time the ice was available to college pupils justified the change from use of the town facility, it was

Finance Committee Recommends City Purchase Only \$50,000 Worth Of Victory Loan Bonds

The Finance Committee of the City Council, sitting yesterday afternoon under the chairmanship of Ald. Eugene Thibault, recommended that the Council approve at its next meeting the purchase of \$50,000 worth of Victory Loan 1941 bonds.

Expected to purchase at least \$100,000 worth, it was a disappointment to many when it was revealed that possibly only \$50,000 would be subscribed. There is a possibility, however, that the Aldermen will get big-hearted with the profits of municipally-owned gas, electricity and waterwork departments between now and Monday when the matter will come up for ratification.

Sherbrooke has the reputation of being one of the best administered cities in the province and one of the few which were able to carry on and show a surplus every year in spite of depression and unemployment. The powers-that-be at the City Hall

INDUCTION OF ST. PAUL'S CHURCH RECTOR

The induction services for Rev. W. T. Grey, newly-appointed rector of St. Paul's Parish in the West Ward, was held on Sunday evening with the Lord Bishop of Quebec, Rt. Rev. Philip Carrington officiating. The Lord Bishop was assisted by Ven. Archdeacon A. Jones, of Lennoxville.

A clerk in the Record Office received somewhat of a surprise when opening a plainly addressed, unregistered letter this morning to find enclosed \$100 in cash, a contribution to the Queen's Canadian Fund. With the bills was a brief note stating "Enclosed \$100 for the Queen's Canadian Fund." The letter was anonymous.

The money had apparently been in the possession of the contributor for some time as the \$50-bill was one of the old large-size ones which have been out of circulation for some time.

The letter bore a Sherbrooke postmark.

The total subscriptions when the books were closed last night amounted to \$507,550, but this total only included one \$25,000 subscription which was figured in the \$154,000.

The largest individual subscription announced today was that of \$50,000 from the Sherbrooke Trust Company. Others were \$27,000 from the University of Bishop's College and the Estate of the late Malcolm W. Mitchell, respectively, and \$25,000 each from Stewart Construction Company, Limited, and S. Rubin, Ltd.

The Loan Headquarters have not included the \$50,000 contribution which the Finance Committee of the City Council approved at a meeting yesterday as it still has to be ratified by Council before becoming official.

At the present time, six counties which make up the Eastern Townships have achieved 25 2/3 per cent of their \$7,000,000 objective. Contributions per county are as follows: Brome, \$151,000; Missisquoi, \$378,900; Richmond, \$316,050; Shefford, \$219,850; Sherbrooke, \$507,550; and Stanstead, \$224,200. CHURCHILL'S DEFENCE

The characteristic vigor with which Prime Minister Winston Churchill launched out against the critics of the war policies of his administration is ample proof, if the Commonwealth needed any, that the man at present guiding the affairs of Great Britain today has lost none of his vim and vigor despite the tremendous burdens which he has carried for the past several months.

The explanation of the Crete campaign was what might have been expected by anybody but a short-sighted politician seeking to make personal capital out of a critical world situation. Even making all due allowances for military secrecy veiling many movements, it was apparent from the early stages of the campaign that the main object of the battle was time—time in which to prepare the British forces in Asia Minor to move against any strength the Germans might seek to throw against them, and judging from the record so far achieved by the British and Free French forces, this effort was a distinct success.

The shortage of equipment, which the Prime Minister admitted, was to a certain extent traceable to the chief critic of the Government, former War Secretary, Leslie Hore-Belisha, who left the army without the very basic materials for carrying on the war when he resigned his post.

One highly cheering note in the address of the Prime Minister was the declaration that the month of May had been the best in the war for Great Britain insofar as the Battle of the Atlantic was concerned, indicating that the shipping losses were sharply reduced in this period with a consequent expansion of the flow of supplies from the United States and Canada to the Old Country.

His refusal to disclose the entire British Middle East policy at the present time was a reasonable one in view of the rapidly changing nature of conditions and the fact that many of the proposals must be kept a secret from the enemy if they are to retain their effectiveness.

Undoubtedly the British high command have made mistakes, and for these the Prime Minister has assumed responsibility, but certainly the majority of their critics have offered little constructive in their criticism.

THE GERMANS IN SYRIA

Turkish reports that the Germans are withdrawing their advance units—the men who lay the groundwork for invasion in force—from Syria and Lebanon are probably correct in view of the long-standing Nazi policy of not tackling a situation until the full weight of German resources can be effectively applied. As in Iraq last month Britain has acted in the Levant in time to forestall the German attempt to get himself established under cover while preparations for the open attack proceed, and it seems likely that the Germans may have to give up the idea of finding a short-cut route to the Middle East.

This may effect the whole Battle of the Mediterranean, for the German high command will be unwilling to launch its drive on the Nile Valley and the Suez Canal from one side alone, as its most conspicuous successes in the field have been achieved by the pincers plan under which the prime objective has been ensnared in an enveloping movement.

The German-Africa Corps, poised on the Western limits of Egypt, is known to have been reinforced since its advance across Libya was completed while the British army was busy in Greece, but the strength the enemy can concentrate in North Africa is limited by the meagerness of his shipping resources and the hazards of the Mediterranean crossing. The advance by this force on Mersa Matruh, on Alexandria and on the Suez Canal itself, if it is to have a fair chance of success, has the need of a supplementary drive from the North, that is, from Palestine and Syria. With their nearest bases four hundred miles away, the Germans cannot hope to land sufficient forces for this purpose by air or sea. Britain's timely march into the Levant states will prevent that.

This brings Turkey back into the picture. As long as Vichy held on to Syria and Lebanon and allowed the German advance units to go about their

work, the possibility existed that the enemy would secure a foothold from which he could not be dislodged. Then Turkey could be "by-passed."

The presence of British forces the whole length of Turkey's Southern frontier in Asia will do much to bolster the Anglo-Turkish alliance. The military staffs talks which have gone on from time to time can now proceed on a more practical basis, since the necessity of sea transport has been eliminated.

Turkey, if she is as intent on resisting the Germans as the Turkish press would have the world believe, can now become an integral part of the Middle East military domain under Gen. Sir Archibald Wavell's authority. And the Northern wing of the German march to the East may find the Hellespont an unbridgeable barrier.

THE DOORS ARE ALWAYS OPEN IN KNOWLTON

People who have occasion to go to the pleasant town of Knowlton are familiar with the hospitality which one finds there, for "hospitality" could well be adopted as the town's motto. Anyone who wishes to taste of this hospitality has but to visit the town.

The latest evidence of Knowlton's hospitality manifested itself when the Sherbrooke Fusilier boys passed through the town. When the lads reached the town, Col. M. W. McNulty, the Officer Commanding, called to pay his respects to Mayor Fleury, and was received in a most courteous manner by the town's Chief Magistrate.

Assuring the Colonel that he and his men were most welcome, Mayor Fleury wanted to know just what the other towns were doing in the way of welcoming the soldiers. Col. McNulty explained various programmes which had been carried out in other towns through which his boys had passed, mentioning that in some places the keys of the town had been presented to him on behalf of the Regiment.

This idea seemed to surprise Mayor Fleury. "All our doors are open," was the Mayor's reply. There is no need for a key to Knowlton. Visitors are always welcome and doors are always open. This is as it should be. Mayor Fleury has shown the spirit of real and sincere hospitality.

WHITE LILAC

Now the frost has pinched the sky, And spears of rain begin to fly That freeze to white and spill as snow In little fistfuls, and the wings Of snow have cut away the spring. Just a pinch of powdered stuff, An inch, perhaps, is quite enough To warn off April so the green Of lilacs will remain unseen. And desperate as I can be To pull the lilacs over me, And swift as I can be to lose Patience, and the spring so close, Still the eye cannot deceive Itself, however the heart grieve, And there's the lilac white and proud In the confetti of a cloud.

PRESS COMMENTS

U.S. HESITATES, MARKS TIME, TALKS

Cleveland Plain Dealer
Axis propagandists accuse this nation of prolonging and extending the war by aiding Britain and the Allies. The truth is that the United States is extending the war by its hesitations. It is not failing to deliver them, the United States is making it possible for Germany to score victories in the Near East and the Mediterranean, to enjoy the war in Africa and to obtain strategic positions from which to threaten the Western Hemisphere itself.

Every day that the nation hesitates to act in its own interests as the situation demands, the Axis is the winner. This policy, instead of keeping us out of war, only builds up to the time when the nation will be face to face with the Axis with all the odds on the enemy's side.

Dakar is open to the Germans through French collaboration. America hesitates. The Cape Verde Islands, the Azores and the Canaries are ideal submarine and air depots that the Nazis can take at will. America marks time. The goods America produces with which Britain can defend not only herself but the Western nations is sent to the bottom. America talks. Washington has not yet made a move toward the seizure of Martinique, on the sea highway to the Panama Canal, held by French Nazis. It is little wonder the Axis gloats and is swelled with confidence. Those who will not defend themselves are ripe for conquest.

The loss of the Hood and all that it implies should be the keynote for this nation's future policy. Action cannot longer be delayed with safety.

REAL CONSIDERATIONS

(London Daily Herald)
Our ostriches try to persuade themselves—and us—that every Allied triumph is a major triumph, every enemy triumph a sideshow. It was big business when we pushed the Italians out of Cyrenaica. It was a sort of mass strike around the world when the new Yugoslav Government defied Hitler. But the German thrust in Libya is a "propaganda gesture"; German victories against the Yugoslavs were a trifle not in the least upsetting to those who "view the war as a whole." And so the happy argument runs—we must not allow these incidents to divert our attention from the "real" battle. What is the "real" battle? Surely every aspect of the battle is real. Of course the most crucial struggle—the final decisive clash, unless we defeat Hitler elsewhere—will be found in the Atlantic and around Britain's shores. But do let us expect the childish notion—the imbecile notion—that the trend of the war in the Balkans and Africa can have a really decisive effect on the war. Hitler's aim at the territories is to secure control of the Eastern Mediterranean; to capture Egypt; to secure oil supplies that flow from the Middle East to Palestine; and to set his foot on the path to India. These are real considerations? It is his real aim at the territories as a whole. But it is nonsensical to treat each separate aspect of the war as if it could have no vital effect on the outcome.

A HINT TO EIRE

(Montreal Star)
President Roosevelt's reply to Eire's appeal for ships, food and munitions, is characteristic. She can either buy or charter two cargo ships, and the Red Cross will give her worth of food to be used solely for Eire and the British Isles. Eire. But the United States will not sell any munitions or arms. Here is a friendly rebuke. Previously Eire was taking advantage of British convoys for the protection of food supplies purchased in the United States. But her supply of shipping was very limited, and the time came when she had dire need of assistance in this form. President Roosevelt, however, is not prepared to sell arms and munitions to a nation which, although a member of the British Empire, is not prepared to do more than defend its neutrality.

WARRIOR WOMEN

(London Daily Telegraph and Morning Post)
Public sentiment will warmly welcome the generous tribute which Mr. Winant, the United States Ambassador, has paid to the part which the women of this country are playing in the national war effort. What has impressed him, he testifies, as much as anything on our shores, is that this is a woman's war more than any other in history. It is true. Not only are women engaged in all the active services and in all the industries, but they are, by their indomitable spirit, their uncomplaining fortitude, and their unflinching acceptance of grievous burdens, aiding incalculably to maintain the national morale at the sticking place. Mr. Winant has seen the bombed areas, and noted how the mothers and home-makers there have faced unmerciful disaster, and shown not less than their men in the fighting services, the staying-power of their race.

NAZI RUTHLESSNESS FAILS IN NORWAY

(From The Sydney N.S., Post Record)
Fresh evidence of what happened to the people of a law-abiding and peaceful country when the German army has crushed out organized resistance and the Nazi Gestapo has taken over control is supplied in the documents seized in the British raid on the Norwegian Lofoten Islands and summarized in a white paper. All freedom has vanished in Norway. The Gestapo rules supreme, with the native police coerced into acting as its instrument. Gestapo authority is practically unlimited. It may forbid a Norwegian to practice his trade or profession, prohibit assemblies or judicial inquiries, suspend pensions, levy prices, or confiscate all a man's possessions and send him to jail or to his death. Even the conquering army is instructed not to interfere with the new misrule. It may act

BELIEVES IN PROCESSIONS AND PARADES

To The Editor of The Record,
Dear Sir: A few days ago the Sherbrooke City Council had before them a discussion of the traffic problem, one of the questions concerning cars being driven aimlessly around and around.

Now "Just a Canadian," whose letter appeared in The Record, came from Sawyerville. He just likes to drive around and around Sherbrooke streets. A procession comes along, he is in no hurry when held up. When it passes, he wants to drive around and around again; they should have cleared everything off the streets for him.

I would suggest to "Just a Canadian" who just comes to drive around: Why not go to the Exhibition Ground? There is a nice race track there. He could go around and around, or maybe if he did that the "Jalopy" he is driving would not be seen and admired by the people. Or why not join the Radio Police? He could go around and around then.

So, Sherbrooke, from now on when our friend from Sawyerville comes to town, see that there are no processions or parades. Will our military commanders please note and act in accordance so that "Just a Canadian" can always have perfect freedom of the streets?

Talk about winning the war which is supposed to be for freedom! "Just a Canadian" wants to stop that very freedom, only for himself to drive around. He ought to drive a tank, then he could grind over the Sherbrooke Police and processions and all "a la Hitler."

I think "Just a Canadian" is using the thin end of the wedge, German style, to make disunity; one does not have to read between the lines.

Yes, Sherbrooke has lots of parades. It brings people to the city who are glad to take part or watch such displays.

Don't come to Sherbrooke next Saturday, "Just a Canadian," because the "Freedom Torch Parade" is going to take place. You might get stopped for a few minutes!

Yours truly,
A BELIEVER IN FREEDOM,
Lennoxville, Que.

"ALL HOT FROM HELL"

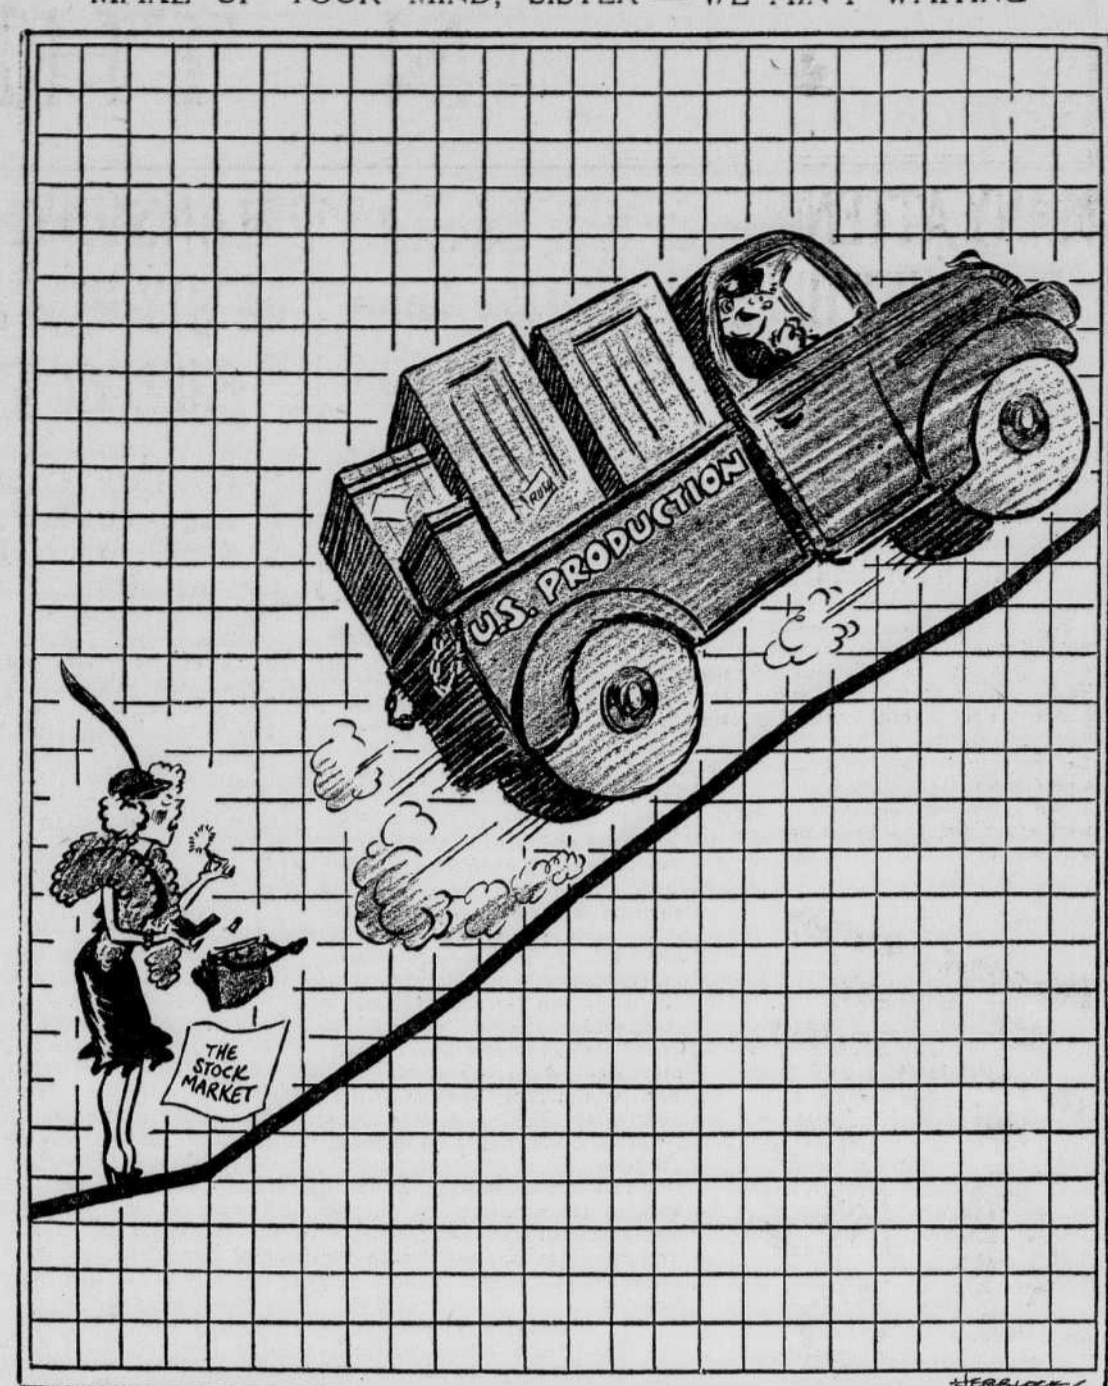

La Patrie, Montreal
It is a strange war which began by a sort of mass strike around the Maginot Line. They looked at each other along the Rhine like china dogs, until the china broke for good. Yes, a strange war in which armoured units (fortunately) replace human bodies, in which the German enemy seems to prefer, in this war, to hurt nerves, civilians to soldiers, and in which he sometimes kills more of the former than of the latter. It is a generalized hell; one wonders whether the great devil which threatens us with his fork has not come, all not, from a real hell. A strange war in which, in the most part, men are replacing men and horses. There is more economizing of lives than in 1914-1918, more prodigality of gold. . . . Our victory should be in the first place a voluntary obliteration of our wealth and our fighters. Above all because this war, our war, and a noble war, resembles a crusade.

only if called upon to enforce compliance with Gestapo edicts.

Yet careful reading of the documents reveals something more; something which German propaganda would hardly wish the world to know. Norwegians, despite close espionage and the severest regulations, are still fighting as best they can. A letter of instruction not the German police complains of Norwegian unwillingness to accept domination and their set determination to remain anti-German. "At the critical moment," it says, "they pursue a deliberate policy of holding back and waiting to see in order to gain time." They make "only an attempt" of falling in with German policies—policies which would relegate them to the role of obedient serfs of their German masters. Their old organizations have been dissolved and prohibited, yet they refuse to go in under the petty Quislings and promote traitors placed in authority over them. Wholesale arrests have failed to prevent sabotage; strikes do take place. Norwegian home-holders refuse to take Germans seeking lodgings and persist in boycotting the few pro-German Norwegians.

Nazism is finding it a tough job to remold this sturdy people to its pattern of subservience. There is evidence in these papers of an unswervingness as to what will happen in Norway if and when the tide turns against the whole dictatorial system.

McKENNEY ON BRIDGE

EXPERT MEETS TEST OF NEW SITUATION BY QUICK DECISION

In the play of bridge hands, many of the same situations turn up again and again. The expert does not have to think the situation out each time it arises—he simply reacts by well-formed habit.

The test of the topflight player is what he does when confronted by a totally new situation, such as that which faced Edward Hymes, Jr., after the first trick in today's hand. I had never seen this situation before, and I do not think Hymes had either, but he made a decision and a plan in a split second.

The opening lead was won by the ten of hearts. East led a small diamond, and South discarded the deuce of hearts. North was thus placed for a sure double stopper in diamonds.

What could be done? One idea would be to go up with the ace of diamonds and to spades. If South held the spade ace, he would be unable to lead a diamond to North's king. But this plan would in fact produce only eleven tricks—three South held an ace, North held four spades, four hearts, one diamond, South and three clubs.

The slam could net possibly be made without two diamond tricks, the ace of spades and cashed the ten of hearts. East had a small diamond, and North had a small diamond. The importance of not arousing but it takes quick thinking to pull North's suspicion by undue hesita-

MANY ATTEND BANQUET HELD AT RICHMOND

Over Seventy in Attendance at Annual Mother-and-Daughter Banquet Held in College Street Church Hall.

Richmond, June 11.—The annual Mother and Daughter banquet was held in the College Street Hall. About thirty girls with their mothers and several invited guests were entertained by the W.M.S. of the Richmond and Melbourne United Church.

The Hall was beautifully decorated with flags, the tables being decorated with vases of red, white and blue flowers. The place cards and programmes were prettily decorated with Union Jacks.

Miss Audrey Fee, President, acted as Toast Mistress. The following are the toasts, which were proposed and suitably responded to by the members and guests: "The King," Audrey Fee; "The Church," Lois Paige, response, Rev. S. G. Soft Figure-Flattering Dress
MARIAN MARTIN
Pattern 9677

Lovely lines for a lovely lady—in an entrancing new Marian Martin dress, made from Pattern 9677. A dress to provoke those welcome "how-slim-you've-grown" remarks from everyone. There's clever design through the bodice, where two panels start just below the cool, low sweetheart neck and flow smoothly down into a wide, curving waistband. Each side-front bodice section is soft and full-cut, with darts at the shoulders and gathering above the waist. The skirt has a single short panel down the front; the short sleeves are straight or tucked. Lace all around the neck and sleeves adds daintiness. Another suggestion is to make the panels and waistband in attractive contrast. Do start this frock soon!

Pattern 9677 may be ordered only in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 requires 3 1/2 yards 39 inch fabric and 2 1/2 yards lace edging.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this Marian Martin pattern. Be sure to write plainly your size, name, address, and style number.

MANY ATTEND W.A. MEETING AT SCOTSTOWN

June Session of St. Alban's Women's Auxiliary Held in Church Hall.

Scotstown, June 11. — The June meeting of St. Alban's Women's Auxiliary was held in the Church Hall, with the Vice-President, Mrs. Pennoyer, presiding.

The meeting was opened by Rev. Oscar Berry and the hymn, "Breathe On Me Breath of God," was sung, followed by the Scripture lesson and special prayers. Rev. Mr. Berry also gave a short talk on Auxiliary Work, which was much appreciated. Rev. and Mrs. Berry were cordially welcomed to the Society by Mrs. Pennoyer.

The chief item of business featured the formation of plans for the Little Helpers service, to be held in church early in July.

Mrs. Berry kindly consented to take charge of the Junior W.A. which re-opens after the summer vacation.

An interesting report of the Diocesan annual meeting, held in Quebec, was given by Mrs. Pennoyer. Mrs. Scott Parsons and Miss C. Hanright assisted at the tea hour.

MEETING OF W.A.

A well-attended meeting of St. Andrew's Women's Association was held in the Church Hall with Mrs. E. Helgesen and Mrs. D. J. Graham as hostesses.

The Lord's Prayer repeated in unison and a prayer for Peace opened the meeting which was directed by the President, Mrs. Payson Sherman. The sum of \$12.35 was reported as receipts for May food sale and \$93 as receipts for rummage sale.

Several visits to the sick were reported and it was decided that on account of a tea that the June food sale would be cancelled. It was agreed that the July and August meetings be omitted and the members were requested to send donations amounting to fifty cents to the food sales for those two months. Mrs. John kindly invited the Association to hold a picnic at "Dunrobin," the date to be decided later. Mrs. C. J. Gustafson and Mrs. John Macdonald were appointed a committee to arrange details of the outing.

It was suggested that duplicate keys be purchased for the hall, so that it might be locked when not in use and plans were formulated for a salad tea and sale of work and novelties to be held the latter part of June.

Mrs. S. J. Scott kindly offered her summer home "Ardintoul" on Moffat Lake for the occasion.

Mrs. Angus MacLennan was named as supper convener and the various committees were appointed.

Following a period of work, a delicious tea was served by the hostesses, assisted by Mrs. Gustafson and Mrs. Fraser Mayhew.

MINTON WOMEN HEAR ADDRESS BY J. L. HEATH

Principal of North Hatley High School Gives Interesting Address Before Women's Institute.

Minton, June 11. — The June meeting of the Women's Institute was entertained by Mrs. K. Dean at her home and was largely attended.

The President, Mrs. Ryan, opened the meeting by asking those present to join in singing the Ode and repeating the Mary Stewart Collect.

The regular business was dealt with during which a decision was reached regarding entertaining the quarterly meeting in August and also regarding a date for the acceptance of Mrs. Cecil Jenkins' invitation to this branch to go to Eaton for a special meeting.

Mrs. Reginald Conner, who represented the Minton group at Hatley, gave a very excellent report of that meeting, and was warmly thanked for bringing back such a fine account.

Discussion took place regarding the lowering of quarterly dues and resulted in a motion that they remain as at present.

Later in the afternoon, Mr. J. L. Heath, Principal of the North Hatley High School, and several members of his staff came in. Speaking on educational needs of today, Mr. Heath stated that the present high school course was a direct descendant of the old academy course which in the early days was designed only for those who expected to enter the university. Mr. Heath contended that this course does not now answer the needs of the majority who attend high school, and he advocated the establishment of central high schools which would minister to the requirements of the few, while the other schools became largely vocational to meet the needs of the majority.

Interesting discussion followed Mr. Heath's remarks and Mrs. Ryan extended to him the appreciation of the members of the Institute.

Mrs. Dean served refreshments, which brought a pleasant afternoon to a close.

PARISH GUILD ENTERTAINED AT SWEETSBURG

Mrs. Lloyd Ruitter Hostess at
Regular Meeting of Parish
Guild of Christ Church.

Sweetsburg, June 11.—Mrs. Lloyd Ruitter entertained the regular meeting of the Parish Guild of Christ Church with a good attendance of members and a few visitors.

Mrs. C. B. Jameson presided and several items of interest were under discussion including the matter of removing a large safe from the church basement which is causing the floor to drop and which was placed there for convenience only and is not required for the use of the Christ Church vestry. The secretary was instructed to send a letter concerning this matter to the church corporation requesting immediate removal from the church basement, upon motion of Mrs. Eugene Hall seconded by Mrs. M. A. Robinson and unanimously carried.

It was also urged that the beautiful Bible with illustrations, which was donated by the late Batchelder family, highly respected members of the Anglican Church, be returned to the church proper with reverence, instead of being left, uncared for, in the basement of the church. This Bible is a very valuable one.

Mrs. F. H. Ruitter, of the Shefford Road, was a welcome guest at the Guild meeting and assisted the hostess at the tea hour. The next meeting of the Guild in two weeks time will be the closing meeting for the summer months.

Buy your share in a Warship TO DEFEND YOUR HOME

● NOT EVERYONE can man a gun on a warship, or shoulder a rifle, or battle for his home and family in the grim warfare of the skies.

But we *can* send our proxies to the front. We can take our dollars, translate them into war bonds and march them off to play a vital role in the great wall of defence.

Are they needed? . . . Every news report, every soldier, sailor, airman, fighting man, every bomb-harassed citizen of Britain answers "yes".

There's not a Canadian who views the terrible possibilities of this war without realizing that this contribution is needed . . . TODAY and NOW.

Let us turn our money into active fighter bonds. Never for a moment must we forget that thousands of our fellow men are giving their *all*.

HOW TO BUY—Give your order to the canvasser who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. OBITUARIES

MRS. MARY ROBERTS, BOLTON GLEN. Bolton Glen, June 11.—Mrs. Mary Roberts, a former well known resident of this place, passed away suddenly in Detroit, Mich. The deceased, who was eighty-three years old, had suffered a heart attack one month previously.

Mrs. Roberts was born in Glasgow, Scotland. Thirty-two years ago, her daughter, Mrs. Burton Paige, visited her relatives in Scotland and brought her mother and brother, George, back to Canada with her. In 1919, Mrs. Roberts went to Detroit to reside with her son, George.

Her daughter, Mrs. Clifton Brown, was unable to attend the funeral, but Mrs. Brown's son, Glendon Brown, was present and acted as bearer.

Left to mourn are Mr. and Mrs. Ted Roberts, Liverpool, England, Mr. and Mrs. George Roberts, of Detroit, Mich., Mr. and Mrs. William Roberts, of Montreal, Mr. and Mrs. Harry Roberts, of Knowlton, Mr. and Mrs. Clifton Brown and Mr. and Mrs. B. G. Paige, of Bolton Glen, besides a large number of grandchildren.

Many beautiful flowers expressed sympathy to the family in the loss of a loving mother.

FRANK W. HORAN, MAGOG. Magog, June 11.—The funeral of Frank W. Horan, who passed away in South Gate, California, on May 16, 1941, was held from the home of his brother, J. C. Horan, Magog, on Sunday, May 25, at three o'clock, following a Libera sung in St. Patrick's Church.

The deceased, who was a son of the late Mr. and Mrs. William Horan, was born in St. Alexander, Iberville Co., in 1869, and moved with his parents to Magog in 1881 to the farm from which his funeral was held.

His early manhood was spent in the employ of what is now the Dominion Textile Company, for which firm he acted as foreman for several years. Later moving to Montreal, he accepted a position of travelling salesman in Quebec Province, but later made his headquarters in Calgary, Alta.

His health forced him to move to California in 1925, but he and Mrs. Horan visited their relatives and friends in Canada in 1930 and again in 1937.

Those left to mourn his death are his wife, nee Julia O'Malley; his three sisters, Sister Mary of St. William, of Renfrew, Ont., Sister Mary of St. Ida, of Montreal, both Sisters of the Holy Cross Convent, and Mrs. King, of Montreal West, with her husband, Mr. W. P. King, two brothers, James A., of Sherbrooke, and John C., with his wife, of Magog. There are also many other relatives in Canada and the United States.

The pall bearers were Messrs. Amedee Bibeau, George Abbott, John Peters, Edouard Moquin, A. W. Ling and P. Marchand.

The funeral was largely attended by sympathizing friends and relatives from Montreal and many parts of the Eastern Townships and of the New England States and by many of his former fellow citizens of Magog.

The remains were buried in the cemetery on Pine Hill, overlooking the home of his boyhood and the town, both of which he loved.

PT. F. J. MACKENZIE, MARSBORO. Marsboro, June 11.—Funeral services for Pte. Frederick John Mackenzie, of the Sherbrooke Fusilier Regiment, C. A., who was killed while in the performance of his duty in a highway accident on the Montreal Road, near Magog, on Friday, May 23rd, were held on Monday afternoon, May 26th, from the Marsboro Presbyterian Church.

The remains had been brought from Sherbrooke by Messrs. John C. Mackenzie and Donald Matheson. Major Biron, Lieut. Belton and men of the Sherbrooke Fusilier Regiment, C.A., took charge of the funeral, giving their fallen comrade every military honor, the Battalion providing bearers and firing parties. The flag-draped casket was borne on the shoulder of eight of his comrades-in-arms from the home

to the Church, two hundred yards away. Among them were two of his school-mates, Pte. George Matheson and Pte. Lester MacLeod, of Marsboro, and his closest friend, Pte. Lorin Jones, of Bulwer. As the remains left the house, the firing party presented, then reversed arms, and the funeral cortege moved off in slow march, led by the officiating clergyman, Rev. Mr. Gillies, accompanied by Mr. MacIver, Student Pastor of the Megantic Church. They were followed by the officers and men of the Chaudiere Regiment stationed in the neighboring town, Megantic, who also attended in a body to pay their respects. The officers and men of the Sherbrooke Fusiliers marched immediately preceding the casket which was followed by the mourners.

His Pastor, Rev. Malcolm Gillies, officiated, reading from the 14th Chapter of St. John's Gospel and the 5th Chapter of 2nd Corinthians. While the text was taken from Hebrews, Chapter 2, Verse 3 and the first clause of the verse, "How, shall we escape?" A most impressive and comforting address was given. The organist softly played "Nearer My God to Thee" while the remains were borne in and out of church. The hymns sung were "The Lord's My Shepherd," "What a Friend We Have in Jesus," and "Shall We Meet Beyond the River."

Burial was in the family lot in Echo Vale Cemetery, where Rev. Mr. Gillies conducted the committal service, after which the firing party fired three volleys and the bugler broke the stillness with the sad strains of the "Lament" and "Reveille" in a last farewell to their fallen comrade. Immediately after, seven planes roared out of the East, three flying directly over the open grave flanked by two on either side. Thus, every military honor and respect was shown to another who made the supreme sacrifice for King and Country, as truly and nobly, as if he had died on the field of battle.

Among the flowers was a beautiful wreath from the Sherbrooke Fusilier Regiment of red carnations with the center in white and gold in the center.

The deceased, who was well and favorably known in this district, was brought here when only a small child from the Protestant Orphans' Home in St. John, N.B., by Mr. John C. Mackenzie. From the first he captivated the hearts of the family by his cheerfulness, his loving personality and his quiet, obliging manner. He tenderly cared for his foster grandfather, Mr. M. W. Mackenzie, until the latter's death in 1938. He was able to speak three languages fluently and had a wonderful ear for music. Prior to enlisting in the Sherbrooke Fusilier Regiment last August, he acted as janitor of the school and church. His death is keenly felt by his friends who were numerous. He had not only the gift of making friends, he also had the gift of retaining them.

There was an unusually large attendance of friends. The mourners present were Mrs. Murdoch W. Mackenzie, Mr. Scott Hunnifield, Miss Virginia Wessels, Mr. John C. Mackenzie, Mr. and Mrs. Myron Brackett, Mr. Donald Mackenzie, Mrs. John M. MacIver, Mrs. Murdo D. Mackenzie, Miss Jean R. Mackenzie and Mr. and Mrs. John N. Mackenzie.

The sympathy of relatives and friends go out to the bereaved members of this home who mourn the death of a kind, loving son and brother.

Mr. and Mrs. Allan Mackenzie and four children, Mrs. Dorothy, Bruce and Charles, of New Hampshire, arrived Saturday but were unable to wait over for the funeral on Monday.

J. A. KINNEAR, INVERNESS Inverness, June 11.—Mr. James Adam Kinnear, a highly-respected and life-long resident of this place, passed away suddenly on Monday morning, May 26th. He was in his sixty-sixth year.

He was the second son of the late John L. and Mrs. Kinnear, of this place, and lived his entire life here, where, since 1905, he and his brother, William, were joint-owners of the Kinnear Saw and Grist Mill.

In 1919, he married Eva Andrews, daughter of the late Mr. and Mrs. George Andrews, of Millfield, who predeceased him in November, 1935. To this union were born two daughters, Edythe and Ethel, both at

home. Two brothers, Arthur and William, and one sister, Harriet, Mrs. David McCullough, also survive.

The funeral, which was attended by nearly five hundred friends, was held on Wednesday at his late residence, Rev. Charles Adey officiating and delivering the eulogy, assisted by Rev. John Prout who read Psalm Ninety, and Rev. William Reynolds, who led in prayer. Mrs. Adey presided at the organ.

Rev. Mr. Adey spoke words of sympathy to the bereaved relatives, speaking of the loss that would be felt in the community by the passing of Mr. Kinnear. The deceased had lived his whole life in this district, and had earned the highest respect of a host of friends because of his ability as a workman, and because of his integrity and uprightness. He was respected by all who knew him.

The pall bearers were all very old friends of the deceased, Messrs. Lipsey, Cox, Lowrey, Breton, Cruikshanks, Lennon, Joyce and Leonard. Interment took place in the Beauville Cemetery beside the remains of his wife. Many out-of-town relatives and friends were present at the funeral and the floral tokens were very beautiful.

ALBERT KNIGHTS, HATLEY. Hatley, June 11.—The death of Albert Knights, son of the late Mr. and Mrs. William Knights, occurred at the home of his daughter, Mrs. Allen J. Wheeler, of this place, on May 3.

Mr. Knights had been in failing health for some time, but was confined to his bed only a few days previous to his death. He was tenderly cared for by his wife and daughter.

Born in the Old North Church neighborhood in the year 1866, he spent his early life in Hatley. Moving to Massachusetts some years ago, he remained a resident of that place until a couple of years ago, when he and Mrs. Knights came to live with their daughter in Hatley.

The funeral service, conducted by the Rev. W. A. Edwards, took place on Tuesday afternoon, May 6, at 2:30 p.m. at the home. Favorite hymns were sung by a quartette composed of Mrs. Woodman, Mrs. Harold McCleary, Mr. Leon Parker and Mr. F. O. Webster with Mrs. Edwards presiding at the piano.

The bearers were Messrs. Thomas Little, E. Whitcomb, Percy Maloney and Fred Webster.

Interment took place in the United Church Cemetery.

Mr. Knights leaves to mourn his loss his wife, Maria Gagne Knights; two daughters, Mrs. A. J. Wheeler, with whom he made his home, and Mrs. Edgar Fay, of Fairlee, Vt.; four grandchildren and two great-grandchildren, besides many nephews and nieces and other more distant relatives and friends.

Among those from out-of-town who attended the funeral were Mr. and Mrs. Windsor Swallow, of Sherbrooke, Mr. Alby Wheeler, of Sherbrooke, Mr. Melvin Wheeler, of Bulwer, Mr. and Mrs. George Harrison and sons, of Sherbrooke, Mr. Oscar Wheeler, of North Hatley, Mrs. Nettie Kent and daughter, Mrs. Fred Auger and Miss Donna Auger, also of North Hatley, Mr. and Mrs. Herbert Orcutt and Roger Pellerin, of Stanstead, and a number of former neighbors from Massachusetts.

Sympathy is extended to the bereaved family.

Rev. Mr. Patterson was born here and educated at the rectorial school and academy at Fredericton, and at Bishop's College in Lennoxville, being ordained by the late Bishop Niles, of New Hampshire, at Nashua, N.Y., on June 22nd, 1900.

WARNEKE TWIRLS ONE-HITTER FOR CARDS

Lean Lon Stops Phils For Soaring Redbirds

Classy Hurling Marks Major Baseball League Contests—Bob Feller Registers 13th Win as Tribe Collars Senators 4-1—Vander Meer Scatters Nine Hits as Reds Nose Out Braves 4-3—Olsen Heaves Cubs to 11-0 Shutout of Giants.

If the fans at Philadelphia don't get a no-hit ball game there this season they are going to be greatly disappointed.

Various National League pitchers have provided four one-hitters at Shibe Park already and three of them have been crowded into the last eight days.

Yesterday Lon Warneke, the lean veteran of the Cardinals, hurled No. 4 with a 3-0 shutout of the Phils in which the only blow was a line single by Emmett Mueller, the home club's first man up in the first inning.

The Cardinals themselves made just eight hits of Si Johnson and Bill Crouch, but these were all they needed to win and retain their hold on the National League lead.

There was some other fine pitching yesterday. Bob Feller achieved his thirteenth victory of the season and eighth straight by holding Washington Senators to four hits while Cleveland Indians slapped out a 4-1 decision. It was the 14th loss in 17 games for the hapless Senators.

Steve Peck, rookie knuckleballer of New York Yankees, had a one-hitter going into the ninth inning against Chicago White Sox. He weakened to allow five singles and three runs in that final frame, but the Yankees won easily 8-3 and took over second place in the American League.

Tommy Bridges, the little veteran of Detroit Tigers, put on a strikeout show against Philadelphia Athletics, fanning fourteen, but tired badly in the late innings and had to be rescued by big Al Benton as Detroit won 4-3. Benton worked the last 1 1/3 innings and received credit for the triumph.

A night game between Boston Red Sox and St. Louis Browns was postponed.

Brooklyn Dodgers cut short their slump with a 4-3 victory over Pittsburgh Pirates, who were held to six hits by their old nemesis, Fred Fitzsimmons. It was the second start and second triumph of the year for Fitz. Dolph Camilli hit his 13th round

NEWARK AGAIN GAINS VICTORY OVER MONTREAL

Rochester Blanks Baltimore 5-0 and Climbs into Virtual Second-Place Tie with Royals.

Rochester Red Wings, eager to make a three-cornered affair of the current International League baseball race, can't complain of lack of co-operation from the leading Newark Bears.

The Bears have done their bit by taking three straight victories from the second-place Montreal Royals and as a result the Wings and Royals are in a virtual tie for the runner-up spot, today, three games behind Newark.

Last night's 5-0 triumph over Baltimore Orioles lifted the Wings to within .003 p.c. of Montreal, when the Royals dropped an 8-2 decision to the league leaders.

George Washburn, pitching his first complete game since returning from New York Yankees last month, whitewashed the Royals with four hits. Head, who hurled the first six innings, was charged with his second defeat against seven victories.

Hy Vandenberg turned in the shutout for Rochester, holding Baltimore to six safehits and striking out ten. Clyde Smoll started for the Birds and yielded only three hits for the first six frames but lost control in the seventh when the Wings scored four runs.

Defeat lowered Baltimore to within a half game of the seventh-place Syracuse Chiefs, who split a two-light-night doubleheader with the last-place Toronto Leafs. The Chiefs took the overtime opener in the eighth 6-5 while the Leafs won the nightcap 3-2.

Buffalo evened its three-game series with Jersey City at one-all, beating the Little Giants 6-5.

YESTERDAY'S STARS

Lon Warneke, Cardinals: Shut out Phils on one hit.

Bob Feller, Indians: Stopped Senators with four-hit pitching for his 13th victory.

Hank Leiber and Bill Nicholson, Cubs: Former hit home run with bases loaded and latter socked one with two on.

Frank McCormick, Reds: Hit three doubles to account for all runs against Braves.

Fred Fitzsimmons, Brooklyn: Pitched six-hit ball to beat Pirates.

Steve Peck, and Frank Crossetti, Yankees: Former allowed only one hit in first eight innings against White Sox and latter hit home run with bases loaded.

Zat Mullin, Tigers: Led attack on Athletics with three singles, driving in tying run in ninth and scoring winning run.

The U. of San Francisco footballers worked out in spring drills to the tune of Latin-American rhumbas. The idea being that the rhythmic shaking of gourds and pounding of skins would instill a sense of timing into the lads.

Larry MacPhail and Chick Meehan, mad football coach, may team up to promote fights at Ebbses Field.

\$100 Youngster Plays Top Role In Dodgers' \$650,000 Baseball Show

New York, June 11.—Harold Bredon, Rickey and Co. had Reiser, too.

Reiser sounded like a fresh bushier when in Havana in the spring he told Leo Durocher: "I can hit any pitcher who ever threw a baseball."

But National League pitchers and the Brooklyn now know the St. Louis kid was right.

Baseball men tell you that Pete Reiser and Ted Williams, of the Red Sox, easily may be the first to hit .400 in the majors since Bill Terry edged into that remarkable circle in 1940.

The swing's the thing. Reiser leads the elder loop with a smacking .360. He's out in front of mighty Johnny Mize, the aptly named Country Slaughter, and the old and reliable Arky Vaughan.

It is ironical that, with Larry MacPhail having spent \$650,000 for talent in three years, the Dodgers are being sparred by a twenty-one-year-old boy who cost just \$100.

Reiser is the Flatbusher whom opponents and the people talk about. He has taken the play away from the \$40,000 Pee Wee Reese, the \$50,000 Billy Herman, the \$45,000 Dolph Camilli, the steady Dixie Walker, Cookie Lavagotto, the \$100,000 Muscles Medwick and the \$65,000 Mickey Owen.

And the \$100,000 Walter Kirby Higbe and the \$40,000 John Whitlow Wyatt would not be as effective without Reiser in center field.

Reiser is the kind of center fielder pitchers "pitch to" with the utmost confidence.

No mistakes out there. No baserunner takes that extra base. Reiser throws 'em out.

Terry Moore plays considerable center field for St. Louis, but the Flatbushers shiver when they think of what kind of a Cardinal club they would be combating.

TEXAS LEAGUE SQUAD BOASTS OLDEST ROOKIE

49-Year-Old James Patrick 'Snipe' Conley Added to Pitching Staff of Dallas Team—Knew Glory in 20's.

Dallas, June 11.—(AP)—Baseball's oldest rookie will trudge to the mound here June 25 and roll back the years for Dallas of the Texas Baseball League.

James Patrick (Snipe) Conley, who quit professional baseball when most present-day players were watching through knot-holes, is coming home to grab again at the glory he knew in the 20's.

President George Schepps, of the Dallas Club, announced today he had signed Conley and believed he could win in the Texas League.

At 49 he will be baseball's oldest rookie.

Reiser, standing 5 feet 11 and weighing 185 pounds, is a natural ball player who can play any position.

He was an infielder when he first showed up, but placed there he fitted into center field as though the terrain was surveyed for him.

His versatility extends to ambidexterity.

He was a switch hitter until he found pitchers looked alike as he swung from the left side.

No ball player is any faster going to first base than Reiser. Few are swifter after they get there.

While tossing all that money around, Larry MacPhail made his greatest purchase in a bargain basement.

Conn Ready But His Manager Might Not Make Title Scrap

Pittsburgh Pretty Boy Will Be Right for Joe Louis Next Wednesday Night—Worryin' Johnny Ray About as Sedate as Jumping Beans on Loose—Conn Most Confident Clouter Ever to Come Up to Bomber.

Pompton Lakes, N.J., June 11.—(AP)—The big question up here in the open-air nuthouse that passes for Billy Conn's training camp isn't whether Billy will be right for Joe Louis next Wednesday but whether manager Johnny Ray is going to make it.

At his calmest, Worryin' Johnny is about as sedate as jumping beans on the loose. But at the current rate of Conn's wear and tear on his nerves, it is doubtful that the little guy who brought "Junior" up to his heavyweight championship match is even going to be able to stand up by next Wednesday night, much less work in Billy's corner.

The Pittsburgh Pretty Boy is near the peak of his conditioning, weighs just under 180 pounds and is the most confident clouter ever to come up to the Bomber. But a gasp of the old school, he has Johnny riding around on a merry-go-round.

For instance, Johnny came out of his cottage the other noon, looking for Conn. He happened to glance upward and there, taking a sunbath, was Billy, balanced carelessly on the edge of the gabled roof—\$1,000,000 worth of fighter who could have become a hospital case if a breeze blew at him.

Then there was yesterday's workout. Billy was due for eight rounds of sparring at 1:30 p.m. An hour before that, Johnny stopped in the camp kitchen and there was Billy loafing up on a double order of ham and eggs.

That's how it has been. The result is that both are on edge and it's lucky Louis doesn't have to take on Johnny Ray. Day by day, they find brand new things to wrangle about.
