Amazing Facts Given On Traffic Violations

"While our drawing-room manners in Quebec are the finest in the country, we have failed to take these manners on the highways," A. Leslie Ham, manager of the Canadian Board of Underwriters, told members of the Westmount Rotary Club, Wednesday.

Speaking on "Men Manners and Motorists", Mr. Ham gave a number of facts and figures to prove that the majority of accidents in Quebec and the whole of Canada are due to the inconsiderations on the part of the people who drive automobiles.

He also cited through facts, the point that Quebec's accident toll was higher than any other province, stating that private automobiles in accidents for 1949 were 120 of every 1,000 in Canada, but 231 for every 1,000 in Quebec.

Westmount Lady Hurt in Accident

Miss Isabel Buck, 32, of 4210 Dorchester street west, Westmount, suffered shock and bruises at 12:45 a.m. Sunday in a collision between two automobiles opposite 5567 Decarie Blvd.

Miss Buck was a passenger in a car driven by William O. Lewis Jr., 29, 1 Crescent road, Granby, Que., who was driving north when he collided head-on with an automobile driven by Edward Desrochers, 54, 4516 Melrose avenue, N.D.G.

The driver of the first car, William Lewis, suffered head injuries, lacerations to the face, body and legs, and a broken leg. Mr. and Mrs. Ralph Jones, both 39, of 4085 Hampton avenue, who were also passengers in the Lewis' car were treated for shock and lacerations.

Edward Desrochers, driver of the second car suffered multiple bruises and lacerations to both knees, the mouth and hands, and his wife who was the only passenger suffered from shock and a fractured left forearm.

All were taken to St. Mary's Hospital. Miss Buck whose injuries were slight refused treatment.

Switching to commercial vehicles over a six-year period, the speaker said that 269 accidents were reported for every 1,000 vehicles. This was a Dominion figure, while the Province of Quebec total was 434 accidents for every 1,000.

He pointed out that while the climate, terrain and population had a part to play in the number of accidents, 95 to 96 per cent of the accidents are due to the human element, and that another percentage is on account of faulty equipment, which in the long run, can be attributed to the human element as a person does not take care of his vehicle.

Another point mentioned by the speaker, who was introduced by Wally Rowat, was that only 3 per cent of the accidents occur between 8 and 9 a.m., while 8.4 per cent are reported between 5 and 6 p.m. He attributed this to fatigue after a full day's work, and also mentioned that the biggest majority of fatalities occur in the after-dark hours.

Backing up his statement that people are largely to blame for the high toll of accidents, the speaker emphasized that 88.6 per cent of all accidents happen when the weather is clear. He said that this high percentage was due to their attitude, for when the weather is poor, they drive much

Beaton Speaks To Boys' Hi-Y

Leonard Beaton, graduate student in political science at McGill University, addressed the Westmount Boys' Hi-Y Club on Thursday on the topic "The Government of Canada."

Mr. Beaton outlined the structure of the Canadian Government and drew comparisons with those of Great Britain and the United States. He then went on to explain the function of the legislature, executive and judiciary bodies.

Mr. Beaton, while at high school, was treasurer of the Westmount Hi-Y Club, and a member of the executive of the Westmount Boys' and Girls' Hobby Show. While an undergraduate at McGill he was elected vice-president of the Student Council, and was sent last summer as McGill's representative to the I.S.S. Conference in Holland.

Mr. Beaton was introduced by Mr. Dick Ewing and thanked by Mr. Paul Arnold.

The following members were elected to office for the year:

Finance Minister Warns Against Overspending

Finance Minister D. C. Abbott, speaking to the Men's Club of Dominion Douglas Church, Westmount, on Monday night, warned that although he was "completely optimistic" about Canada's future, the Government was quite concerned regarding the comparatively large annual total of fixed expenditures, to which it is committed.

He said, "We are making large outlays in the fields of social security, and national welfare. More is being spent on National Defence than could reasonably have been anticipated at the end of the war."

Must Take Stock

Before we contemplate further commitments, we must take careful stock of the situation, in order that we do not place undue strain on our resources."

The Minister said that he might be accused of taking the traditional view of Finance Ministers, who are more often than not regarded as parsimonious creatures. He said, however, that he believed that this was a sound and prudent course to follow.

Prior to this warning, Mr. Abbott had reviewed the steps taken by the Government to alleviate the situation caused by the reduction both in the volume, and the price of our exports to overseas markets.

Dollar Shortage Problem

He pointed out that these were directly related to the world dollar shortage, and were inevitable. The concerted action that is being taken to overcome this dollar problem must be continued, if the fetters binding world trade are to be loosened, he said.

Residents Warned About Fake Representative

Westmount Police officials warned residents of Westmount this week about an unknown man who is posing as a representative of the Lachine Branch of the Canadian Legion.

According to complaints received from two Westmount women, a well dressed man called at their home to announce that their husband had held the winning ticket in a Legion drawing for a set of chinaware.

The supposed representative, who gave two different names to the two people he called on in one day, told the women that they could either take the gift or the money valued at approximately \$85. He also said that the Legion branch had a number of sheets and blankets at a very reduced price on hand, and that if they would give a small deposit down for the goods, he would return that evening.

One lady gave the man \$4.00, but the second refused to do so, asking him to return that evening when her husband was home.

The man gave his name as Charles Shannon and Charles Miller to the respective women and said he lived in Lachine. Both women were given slips of paper with his writing on it, and they were identical. He is described as being 5 feet 8 inches, slight build, dark curly hair, and well dressed.

Liberal Caucus Set Tomorrow

George C. Marler, acting liberal leader at Quebec, and member in the Provincial Parliament for Westmount St. George, has announced that a caucus has been called in Quebec City for tomorrow, January 28.

Attending the meeting will be all members of a general committee whose task it is to formulate plans for the provincial Liberal convention to be held May 19 and 20.

Hon. Henri Groulx will preside at the caucus.

Among matters to be discussed will be the method of selecting delegates from the 92 constituencies. All categories of party members must be taken care of, including representatives from the Young Liberals and the Women's Groups.

Regular delegates will be chosen at public meetings in the different counties, and delegations will consist of from five to ten members. Senators, legislative councillors, M.P.'s and M.L.A.'s will be ex-officio delegates. More than 1000 delegates are expected to attend the May convention which will be held in the Palais Montcalm, Quebec.

Among names already mentioned as possible candidates for the party leadership are: Fernand Choquette, K.C., of Quebec; Hon.

The Bridge Club will hold its meeting as usual on Monday night at 8 p.m. There is still instruction being given to beginners; average players are learning more about the conventions through regular play, and those who wish to have some keen competition can readily find a table. Why don't you come out and join?

The Square Dance Club was able to put the records to one side last Tuesday night and dance to the calling of Lovatt Fraser and the music of the Weldon brothers. This was a definite advantage, and two of the Club members are now practicing, in order to make this form of music more readily available. Here is one group that has taken the lead in this community, and so members and their friends are able to enjoy this latest revival of the old-time dances. Guest callers are being secured as much as possible. Next week there will be a special attraction. We will have a well known caller. Come early; dancing will start at 8.00 p.m. sharp.

The Badminton Club is now arranging a number of matches with teams from the N.D.G. and Southwestern Y.M.C.A.'s. These matches will be played on Saturday night in the Westmount "Y" gymnasium and on the regular club nights of the other branches. There has been a definite growth in the numbers and ability of the players. The regular meeting nights of the Badminton Club are Tuesday and Friday at 7.30 p.m. The pool is open for mixed swimming from 9.30 to 10.30 p.m.

The Music Appreciation Group has a well planned series of concerts, which will be presented by the members, at the club meetings on Thursday evenings. The concerts are held in the newly arranged program room on the second floor at 8 p.m. In order to enjoy the full program it is requested that members and their friends be present from the start.

There will be a Sunday Evening Fireside next Sunday at 9 p.m. Here is your opportunity to finish your Sunday in good fellowship.

The regular Friday Social Dance will be held tonight and next Friday night. The big party of the month will be the St. Valentine's Party, to be held on February 10th. Book that date — make a date.

A special Inter-Faith Youth Sunday will be held on February 5th, and the Westmount and N.D.G. Branches are taking an active part in the service and fireside, which will be held in the Westmount Baptist Church at 7.30 and 9 p.m. There will be no fireside at the Branch on that evening, and all members are asked to be present at both the service and the following fireside. The principal speaker will be Professor Martin of McGill University. Discussion groups will be held following the address on the theme "Christ Builds Through Youth."

Wilfrid Hamel of Quebec; Georges E. LaPalme, M.P. for Joliette-L'Assomption-Montcalm; Councillor J. O. Asselin, chairman of the Montreal City Executive Committee, and the acting leader George C. Marler.

Scouting Around

with REG. GROOME

Readers of this pillar will recall that we have mentioned recently on several different occasions the fact that St. Matthews Troop have their own newspaper, the "St. Matthews News". The sixth issue of this well set-up little publication was delivered into the hands of your reporter on Monday evening, and we were very pleasantly surprised to find a story on the front page concerning our activities on behalf of Scouting during the past eight years or so. What was even more surprising was that the story was written by The Monitor's Oliver Towne, a star member of the feature writing staff of this journal.

Aside from one or two incidental inaccuracies in Oliver's story, the entire effort was well put together, although it is written in a style amazingly similar to that of a member of the editorial staff of "St. Matthews News". Anyway, thanks, fellows, for the nice words. . . and, next time we meet, remind me to tell you a most important fact about our friend, Oliver Towne. A word of commendation also, for the fearless editorials in your paper, boys. . . it shows a "free press".

At the last meeting of the St. Columba Ladies Auxiliary, arrangements were made to hold a Father and Son Banquet on Saturday, March 4th, and a report of the conference of the district Ladies Auxiliaries held at Scout HQ January 11th was read. The next meeting of the Auxiliary will be held Tuesday, February 21st, and all Scout mothers are invited to attend.

Trinity Memorial

Twenty-six Cubs attended this week's meeting of Trinity Pack. . . Sixer Douglas Lindores led the opening ceremonies, followed by inspection and games. Tests passed during instruction were: Ball-throwing, Michael Warming-ton; shoe shine, Jim Chidley, Norman Price and Paavo Wright; Folding clothes, Peter Lindsay, Norman Price and Paavo Wright; Message, Peter Lindsay, Jim Chidley and Norman Price and Physical Exercise, Briant Hutchinson. More games were followed by the closing circle for announcements and the Grand Howl.

Six competition was again won by the Grey Six. A hockey practise was held Tuesday afternoon with F. H. Newman, and all who attended had a good time. Remember, Cubs, every Tuesday from 5-6 on the rink at the Mackay School on Decarie Blvd. . . Mr. Newman will be on hand, so let's see an eager group of Cubs every week.

St. Matthias Pack

St. Matthias Pack welcomes two new members, Laird Bush and Colin Russel, who passed their Tenderpad and were invested last Friday. First Star work is proceeding nicely, with Bob de Fougere and Peter Gillespie completing the work last meeting. The January Inter-Six competition was won by the Grey Six, closely followed by the Red and White Sixes. Tonight there will be a joint meeting of St. Matthias, Westmount Park-Emanuel and St. Leo's Pack, with all looking forward to a good time. St. Matthias Cubs are reminded that they are to be at the hall not later than five past seven.

Westmount Councillors To Attend Luncheon

The Westmount City Council has signified its intention of attending a luncheon of the City Improvement League, to be held at the Windsor Hotel.

Westmount High Students Enjoy Square Dancing

Over 250 students of Westmount Junior High School enjoyed two hours of square dancing, Friday afternoon when Tiny Clark, now appearing at the Normandie Roof in the Mount Royal Hotel, demonstrated his technique of square dance calling.

As a result of the tremendous interest in square dancing in Montreal, Miss Louise Cochrane, physical instructor, asked Tiny Clark to the school as part of the general programme of physical instruction at Westmount Junior High School.

Miss Cochrane introduced Tiny Clark to the students and teachers who quickly caught on to both the intricate and simple steps. In quick succession they danced their way through such square dances as "Duck for the Oyster, Dig for the Clam", "Lady Goes 'Round the Lady", "Marching through Georgia", and "Skip to My Lou". They also danced the Virginia Reel with tremendous enthusiasm.

Now in his fourth month at the Normandie Roof, Tiny Clark has been a professional square dance caller for the past 12 years. He started in New York City at the famous Village Barn in Greenwich Village and has made numerous personal appearances throughout the United States. His engagement at the Normandie Roof is the first time he has performed in Canada.

Finance Minister Offers Easy Money

The Hon. D. C. Abbott, Westmount's much maligned minister of finance, at Ottawa, has given every Canadian a chance to make some easy money.

If any Westmount art student can think up a new and attractive design for a new nickel, he or she may pick up first prize of \$1,000, or one of the four consolation prizes of \$250 each.

The new coin is to be issued next year to commemorate the 200th anniversary of the isolation and naming of nickel, the metal which Canada now produces abundantly, actually supplying about 90% of the world's demand.

W. G. Ronson, master of the mint, will head the committee that select the winning design. Two Montrealers are included in the committee, Jean Chauvin, a trustee of the National Gallery, and Anne Savage, a local artist.

Story of Church by Msgr. McDonagh

The story of Ascension Parish, Westmount, was told to the Westmount Subdivision of the C.W.L. at their meeting held in St. Leo's school hall by the Rev. Wilfrid E. McDonagh, who has been pastor of the church since its inception in 1926.

Msgr. McDonagh told his listeners that the English-speaking Catholics of Westmount had been members of the bilingual parish of St. Leo's under the pastorate of Father Gauthier.

When permission was granted by the archbishop for the forming of a new parish, a committee was formed under the chairmanship of J. W. Cook. The generous response to the plea for funds enabled the committee to immediately set about the building of the new church.

Mrs. P. J. Melvin thanked Msgr. McDonagh. Tea was served by the committee under the convenship of Mrs. C. Mallon.

WILL HEAD SCOUT CAMPAIGN

Major-General A. E. Walford, C.B., C.B.E., A.D.C., E.D., B.M., Commissioner for Montreal, and Earle T. Moore, president of the Montreal district Boy Scouts Association, who will act as joint vice-chairmen of the Association's financial campaign to be conducted from Feb. 6th to 22nd. The announcement was made recently by R. C. Stevenson, O.B.E., general chairman of the campaign.

Finance . . .

(Continued from page 1)

Nevertheless, in terms of Canada's total exports the reductions engaged have been seen are not of major proportion. In fact, he stated, our export trade is still operating at a remarkably high level.

The Government realized that these adjustments will affect more particularly some of our primary producers. For this reason, steps are being taken to assist these groups in making the adjustment to the lower price level by agreeing to pay certain subsidies during Budget 1950.

Bridge Gap in Trade

Efforts have been made to close the gap in trade, between dollar and non-dollar countries. A group of far-sighted industrialists have formed the Dollar Exports Board and in this country, which is the counterpart of a similar organization in the United Kingdom. By honestly examining ways to facilitate the flow of British production to the Canadian market, this contact between industrial leaders, should prove of great value in bridging the gap between what the United Kingdom would like to buy from Canada and what the dictates of the dollar shortage allow her to buy.

Our International Trade Fair is an instrument which has done much to promote trade between Canada and overseas countries the Minister mentioned. These Fairs provide a good meeting ground for the representatives of Canadian and foreign industries, to investigate the possibilities of each other's markets.

Mr. Abbott emphasized, that in view of the measures taken, that

he did not believe there was any ground for pessimism as to the future. Internally we have striven to keep our house in order. The foundations of Canada's economy are more secure than ever before. In the year just past, capital investment in industry and in the development of natural resources had exceeded \$3,000 million. Present indications are that this level will be substantially maintained during the coming year.

National income and production were higher in 1949 than in 1948, he said. The nation was virtually fully employed throughout the year.

While he did not claim that Canada's unparalleled prosperity and continued growth was entirely the result of a sound government financial policy, he thought it was fair to say, that the line followed had helped materially to achieve these results.

Budgetted for Surplus

He explained that during the years between 1946 and 1949 he had budgetted for a surplus. In doing so he had two objectives in mind. First, by counterbalancing the strong upward pressure on prices that were at work in the period of high demand and comparatively restricted supply following the end of the war, he had striven to control inflation. Second, the surplus over this period of \$1,645 million had been used to effect a 13 per cent reduction in the National debt. He thought his listeners would agree that this was a not inconsiderable achievement.

During the period in question, he had been charged with "over-taxing" but he felt that subsequent events had borne out the wisdom of the policy adopted. Taxes had actually been reduced during four years, in careful stages, to well below wartime levels.

Time for Balanced Budget

In 1949, however, the Government felt that the time had come for a balanced budget, or as he explained, a more modest surplus rather than a substantial surplus. MORE — MORE — MORE \$ It was the Government's view that the increasing flow of goods available for sale to consumers, made tax reductions economically feasible and desirable, as the post-war inflation seemed to have about spent itself.

Having reached that conclusion, the Government acted boldly, concentrating tax reductions on the individual income tax, in order to encourage consumer spending, and also taking off a large number of so-called "nuisance" taxes on commodities carried over from wartime.

Income Tax Reduced

In the individual income tax, exemptions were restored to pre-war levels, thus relieving about three quarters of a million taxpayers of all income tax liability.

The tax structure was simplified in such a way that three out of four remaining taxpayers, become subject to a rate of 15 per cent of their net taxable income — no more no less. At the same time, individual shareholders, resident in Canada, were allowed a credit against their personal income tax, equal to 10 per cent of

the dividends they receive on shares of Canadian tax-paying corporations. Altogether these changes meant a one-third reduction in revenue from the personal income tax.

Simultaneously with these reductions, a start was made to reform the corporate tax structure in order to reduce in some measure what is known as "double taxation" and to provide added incentive to the small, family business.

Despite the bold nature of the tax reductions, it is estimated that the budgetary surplus for the current year will be in the region of \$90 million.

Adjustments Expected

Adjustments may have to be made in the pattern of trade and production, Mr. Abbott said, due to changing world conditions, but these adjustments will be made easier, if the United States, which now absorbs half of our total exports, is able to maintain a high, and better still, an expanding level of employment and income. It is encouraging, he said, to learn that this is indeed the outlook for most of 1950, in the opinion of competent observers.

Pays Tribute to U. K.

Mr. Abbott paid tribute to the substantial progress made by the United Kingdom in rebuilding its internal economy in the past few years. A remarkable increase in peacetime production, has made possible a physical volume of exports more than 50% above pre-war levels, he said. At the same time the United Kingdom has reduced the physical volume of imports by between 15% and 20% below the level that prevailed before the war. In the second half of 1948 the United Kingdom actually achieved a small over-all surplus in her balance of payments on current account.

However, the position of the United Kingdom, in respect to gold and dollar reserves, continued to decline up to last summer.

The enormous foreign liability incurred by the British Government during the war, which are known as "Sterling balances", has continued to be a constant irritant to the United Kingdom's balance of payments position, and insofar as Canadian overseas trade is concerned, the impact has been severely felt. Efforts now being made may circumvent some of these difficulties, he hoped.

Record Attendance

Mr. Abbott was introduced to the supper-meeting which was attended by over 170, the largest gathering the club has had at one of its meetings, by Commodore Paul Earl, C.B.E., M.L.A. K. P. Greenway thanked the speaker on behalf of the club.

The minister of the church, Rev. A. Lloyd Smith, also spoke, and commented on the fact that at the head table were two members of

the congregation, who were on opposite sides of the fence politically in the Quebec Parliament, Commodore Paul Earl and the Hon. C. D. French, Minister of Mines, in the Quebec Cabinet. This, he thought, was as it should be.

The supper-meeting took place in the Tees' Hall adjoining the church.

Distinguished Head Table

Head table guests were: Lord Shaughnessy, Executive Assistant to the Minister of Finance; W. D. Neal, O.B.E.; W. S. Hart, K. S. LeBaron, Commodore Paul Earl, C. B.E., M.L.A.; Hon. D. C. Abbott, W. Earle McLaughlin, President of the Men's Club, who presided; K. P. Greenway, E. A. Everson, H. M. Long, O.B.E.; D.R. Townsend, O.B.E.

Mr. Abbott in a few witty remarks prior to his address, stated how happy he was to be home in Westmount, speaking to his own constituents, who, despite the fact

that some of them might be tenants, he hoped he could still count as supporters and friends. He did not blame any of them for the nice little skunk he had received as a Christmas present. He seemed to think that a brother-in-law was the culprit.

W. Earle McLaughlin, the chairman, thanked the ladies of the congregation for having prepared and served the excellent supper.

A NEW CHILDREN'S BOOK

Leonard Knott Scores Again

The latest in the children's book series produced by Editorial Associates and written by Leonard Knott, is off the press. It is entitled "The Children's Book About Pulp and Paper" and tells the story of Canada's greatest industry in terms that the youngsters will like and understand. The book deals with the origin of paper, its methods of manufacture and uses, all in a style that will enthrall the average intelligent youngster. The story introduces a bit of science, a bit of drama, a bit of philosophy and a bit of Canadian history, attractively illustrated by Jacques Gagnier, and put together

in a manner that will not only interest the youngsters, but will be thumbed through by their elders as well.

GUARD YOUR HEALTH

This Is Good Time To Check Up

During the course of the Sixth National Health Week, to be observed in Canada this year from the 29th of January to the 4th February, health authorities and associations, churches, schools, the press, radio and many other agencies, will bring once more to the attention of the people of Canada the necessity of promoting national health.

Opportunities to keep physically fit are available in abundance to Canadians. Encouragement will be given during National Health Week for the observation of simple rules for the preservation of our individual, communal and national health. Much progress has been made during the first half century towards the prevention of diseases and the maintenance of health. Many problems, however, still demand our active attention and it is for all of us to help towards their solution by our constant support of, and co-operation in, the efforts which are being made in this direction.

Dominion-Douglas

At the morning service in Dominion-Douglas church, Dr. Lloyd Smith will speak on "Baptism".

During the session of the church school at 3 p.m., the minister's class for church membership will be held.

At the evening service, Dr. Charles Johnston will take as his theme "Stooping to Conquer". Two members of the Y.P.U. will assist in the conduct of worship. Immediately following the service, the Young People's Union have arranged a "Fun Night" to consist of an informal program of games, songs and refreshments.

Those who go north are invited to plan their cross-country skiing so as to be in Morin Heights for the skiers' service each Sunday in the United Church, 12.30 to 1.00 p.m.

On Monday, the Sewing Circle will meet at 2 p.m.

On Wednesday at 8 p.m. the annual congregational meeting will be held. Brief and varied reports will present an interesting review of the manifold activities of the church. Refreshments will be served by the Women's Association.

Christian Science

"Love" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday.

The Golden Text is from Jeremiah 31:3. "The Lord hath appeared of old unto me, saying, Yea, I have loved thee with an everlasting love: therefore with loving kindness have I drawn thee."

Among the citations which comprise the Lesson-Sermon is the following from the Bible:-

"No man hath seen God at any time. If we love one another, God dwelleth in us, and his love is perfected in us. Hereby know we that we dwell in him, and he in

us, because he hath given us of his Spirit. And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him." (I John 4: 12, 13, 16).

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science & Health with Key to the Scriptures" by Mary Baker Eddy:-

"Divine Love is infinite. Therefore all that really exists is in and of God, and manifests His love. The spiritual man's consciousness and individuality are reflections of God. They are the emanations of Him who is Life, Truth, and Love. (LOVE) restoreth my soul (spiritual sense): (LOVE) leadeth me in the paths of righteousness for His name's sake. Surely goodness and mercy shall follow me all the days of my life; and I will dwell in the house (the consciousness) of (LOVE) for ever." (Pages 340, 336, 578).

NO OTHER SAFETY

Your children are not safe from diphtheria and whooping cough unless they have been immunized. Each year in Canada several hundred children lose their lives to these diseases which could have been prevented. Immunization requires little time and trouble, is practically painless. It is your duty to protect your children.

St. Mathias Church Annual Vestry Meeting Held Wed.

One of the largest Vestry Meetings in the history of St. Mathias Anglican Church, Westmount, was held on Wednesday in the Parish Hall.

The meeting was presided over by the Rector, Canon Gilbert Oliver, L.Th., M.C. In his annual report the Rector emphasized the continued growth in the spiritual life of the Parish, and he was greatly gratified by the substantial gains in Sunday School attendance and in the strength of the Young Peoples group. He reported on his trip to England during the summer months, made for the purpose of attempting to secure the services of an assistant priest. He was not successful in the endeavor. He reported on

conditions in the Old Country and he was convinced that a definite religious revival was in prospect there.

The report of the retiring warden, B. V. Atkinson and Ludlow St. John Haskell, for the year 1949, was delivered by the rector's warden, B. V. Atkinson. This report showed continued progress

with substantial gains made possible by the increased and generous response by the congregation generally. All financial obligations had been met in full. The recommendations of a sub-committee on Fire Insurance had been adopted and increased insurance based on a revised property appraisal had been placed. During the year the wardens had accepted a report of another committee recommending the establishment of a Rector's Retirement Fund. The wardens' report incorporating the recommendations of the sub-committee was adopted.

The Vestry accepted with great regret the resignation, for health reasons after 20 years of devoted and continuous service, of the organist, W. J. Hislop.

The Vestry approved the acceptance of a Budget Target of \$8,000 set by the Budget Committee of the Synod of the Diocese of Montreal as the contribution of the parish to the Diocesan Mission Fund. In 1949 the apportionment was \$7,000 but the parish actually forwarded the sum of \$8,000 to the Diocese.

Officers Elected

Attendance at the vestry meeting for the ensuing year: rector's warden, Leonard W. Taylor; people's warden, Arthur L. Eke; deputy warden, B. V. Atkinson and honorary auditors, Messrs. Campbell, Glendinning & Dever.

Lay delegates to the Synod, P. C. Armstrong, J. R. Wallace; alternates W.O.H. Percy, T. H. Jordan.

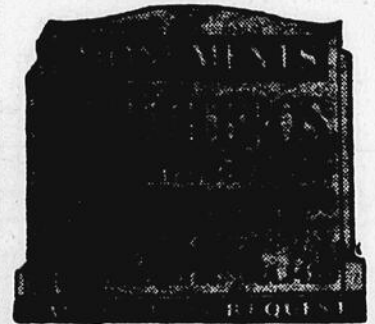

Chairman, Envelope Committee, A. L. McCulloch; Sunday School Superintendent, T. Desmond Rowe, Seat Manager, Lt. Col. J. Eric Slessor, G. Meredith Smith; vestry clerk H. M. Baldwin and secretary treasurer, Gordon C. W. Ross.

The following members of the congregation were added to the Advisory Board: L. A. Brooks, Fred Reid, P. Roy Wilson, G. Pemberton Smith, A. Leslie Ham, and J. Harold Wallis.

Michael Wallace, Robert C. Howard, H. J. Chapman were added to the Sidesmen list.

The following members of the ing included: Canon and Mrs.

Tennis Star To Marry February 4 In New Jersey

Miss Elizabeth Gillam, daughter of Mr. and Mrs. Simon Gillam, of Merchantville, N.J., and Mr. Brendan Hubert Macken, son of Mr. and Mrs. James R. Macken, of Westmount, whose marriage has been arranged to take place on Saturday, February 4, at Moorestown, N.J. Mr. Macken represented Canada in Davis Cup competitions for the years 1946-1949, and is a member of the International Tennis Club, New York.

mieux, brother of the bride, and Mr. Garnet LeMesurier, as ushers.

The bride wore a long-sleeved, ankle-length model of soft green, made with an overskirt of imported lace, the bodice having a sweetheart neckline and her matching off-the-face hat was trimmed with feathers. Her only ornament was a pearl and gold cross worn by her paternal grandmother on her wedding day and she carried a muff of bright yellow roses.

The matron of honor, in Burgundy crepe with long sleeves and panel back, wore a bonnet of biscuit shade satin trimmed with Burgundy ostrich feathers, her spray bouquet of pale pink roses.

Mrs. Lemieux, the bride's mother, was in a light navy long sleeved afternoon dress trimmed with dusty rose satin and sequins, and a dusty rose and navy hat trimmed with navy blue ostrich, her corsage of pink camellias. Mrs. Woodward, mother of the bridegroom, gown in navy blue crepe trimmed with rose lace, wore a hat to match, and a corsage cluster of pink roses.

The reception was held in the Viceregal suite of the Ritz-Carlton, where the bride's table was arranged with bowls of pink and white roses, the mantels decorated with bowls of pink roses and white snapdragons. For the wedding trip to the Laurentians the bride wore a bottle green wool dress and jacket, and a hat to match with muskrat coat.

WILSON - WEBSTER

Mr. Webster gave his daughter in marriage and she was unattended.

The bride wore a suit of grey wool tricotine with chamois colored hat and gloves and worn with a dark green coat.

After a short trip to Quebec City the couple will reside in Westmount.

St. Andrew's WA Reports Active Year; Mrs. Bremner Heads Group

A year of achievement was the keynote of the Annual Report of the Women's Association of St. Andrew's Church, Westmount, for 1949.

Articles of clothing, both hand-knit and sewn, and donations of money were made to the following: the United Church Home, Women's Voluntary Services, Fresh Air Home, Foster Home Centre, Camp Lewis, Grenfell Labrador, Red Cross, W.M.S. Supply, St. Columba House, Family Welfare, Victorian Order of Nurses, Grace Dart Home Hospital, A United Church Minister's family and another needy family.

Rain-Catcher

Tuned to New York's water shortage is this hat of paper cups and plates worn by "Miss Water Conservation of 1950." Miss W. C. in real life is Betty Bridgers and her tipsy topper was designed for an "all-paper" luncheon where new water-saving dishes were introduced.

More Color To Be Seen In Baby's Ensembles

For the most part, there appears to be a thoroughly practical approach to all these below-six-year-old fashions. The children's clothes are new without being unique. The manufacturer keeps in mind the child who will wear the clothes and does not fashion anything that will make him stand out as "different" when he is playing with children his own age.

However, in infants' wear, individuality is permissible, for it is to the mothers that infants' clothes must appeal. So in these, new ideas will shortly appear, such as colored diaper ensembles, for instance. In a specially designed gift package are three colored diapers with diaper shirt to match. It comes in a choice of three colors, pink, blue and maize. Instead of the shirt, in some packages is a cotton flannel kimono or a plastic bib with matching diapers.

Velvet-Type Wash Fabric

A particularly appealing girl's dress will be seen in Juillcord, a fabric made of rayon and cotton woven like corduroy. This fabric looks and feels like velvet but washes like corduroy. It has detachable collars and cuffs, either in cutwork lace or plain and tailored. Both sets go with the dress. The Juillcord colors are

Special donations of money were made to "Canadian Save the Children Fund", the Macaulay Camp, to send girls to the C.G.I.T. Camp, Deaconess Order, Verdun Protestant Hospital, for purchase of gifts to patients and to Julius Richardson Hospital.

spode, a brick-red, and putty, a grayish tan.

In a useful ensemble for girls are skirt, jacket, and slacks in corduroy, with a gingham shirt. Pieces have endless combinations. The lining of the jacket is the same as the material in the blouse, and the slacks and skirts are fitted with side zipper adjustments, that enable a little girl to grow without growing out of her clothes.

Two Excellent Features Sunday At The Westmount

Another sparkling musical comedy "You're My Everything," color by Technicolor, starring Dan Dailey, Anne Baxter and Anne Revere, starts Sunday at the Westmount.

The story, a delightful one because of its light heartiness, of that fabulous period continues with the child-star craze of the mid-thirties. As the daughter of Anne Baxter and Dan Dailey, Shari Robinson, a 10-year-old mop-pet from Indianapolis in her first screen role, recreates the illusion of Shirley Temple with such old songs as "On The Good Ship Lollipop" and the "Staircase Dance," as well as some new ones including "I Want To Be Teacher's Pet." Anne Revere, with a sidelong wink at old Boston, brings an extra touch of warmth to the picture already brimming with happiness and gaiety.

Movie Within a Movie

One of the most amusing and realistic sequences in "You're My Everything" is the silent, black and white film that the producers wisely inserted. In it Anne Baxter does an impersonation of Clara Bow doing the Charleston and Buster Keaton, Jack Mulhall, Charles Morton and Stuart Holmes, luminaries of the silent films, add to the realism by their presence. This silent reel is a vivid contrast to the color and music which dominates the picture and provides a real saga of Hollywood in its sub-title days.

Second Feature

A vivid Melodrama, "Night Unto Night," set against the lush Florida tropics, and co-starring the team of Ronald Reagan and Viveca Lindfors, is an added attraction at the Westmount. Reagan, fresh from his comedy triumph in "John Loves Mary," is cast in a dramatic assignment.

Miss Lindfors, who shot to popularity on the American screen with her vibrant performance in the lavish Technicolor romance, "Adventures of Don Juan" with Errol Flynn, has her most dramatic role in "Night Unto Night."

Neil Madden Stars in C.A.T. Presentation

At C.A.T.'s casting of the first production of the 1950 season of their "Theatre for Young Folk", sixteen-year-old Neil Madden was chosen to play the title role in the play "The Big Bad Wolf". The play, written by Joy Thomson, is based on the three stories "Little Red Riding Hood", "The Three Little Pigs" and "Peter and the Wolf", with the same big bad wolf menacing the lives of the characters of all three stories.

Although Neil is only sixteen, he has had considerable experience in the theatre. At the age of nine he joined the "Toronto Children's Players" and was active with the group until he moved with his family to Montreal in 1946.

Shortly after his arrival here Neil registered as a student with C.A.T. and it wasn't long before he was taking an active and varied part with that group. The role of the "Big Bad Wolf" will be his sixteenth with C.A.T., and in addition to acting with both their "Theatre for Young Folk" and their Summer Touring Company, Neil takes a keen interest in all other phases of the theatre—being particularly adept in the field of lighting and scenery construction.

Neil, the son of Mr. and Mrs. Roy C. Madden, is a student at Montreal High School and intends to carry on through college before turning to the theatre for a full-time career.

"The Big Bad Wolf" will have its first Montreal performance at Victoria Hall on January 28th.

A gay moment. Dan Dailey and little Shari Robinson recreate Shirley Temple's famous "Good Ship Lollipop" number for the new Technicolor musical which starts Sunday at the Westmount

Hoopsters At Home To Catholic High Quintet

By ALLAN SANDZELIUS

First: Due to circumstances beyond everyone's control, last week's effort wasn't. I'll recap for you after telling about today's games to be played in both the Senior A hockey and basketball. The pucksters meet D'Arcy McGee; the cagers go up against the undefeated Catholic High aggregation.

The basketball tussle starts at 4.00 p.m. in the Westmount High gymnasium while the Purple and White hockey sextet travel down to the Verdun Auditorium to tackle a McGee squad in a game that should provide a lot of thrills. The pucksters also get underway at 4.00. On Monday afternoon the local "A" hockey club

will take on a win-less West Hill squad in the night-cap of a double bill at the Forum.

These last two weeks have given their fair share of disappointments and celebrations with losses sustained by the Senior "B" team of puck chasers — two in a row; 7-0 versus Catholic High, 6-2 against St. Leo's Academy — and by the Senior "A" basketballers, 31-30 at the hands of Verdun High.

The Senior "A" hockey squad lost their inaugural 3-0 to Catholic High, who, by the way, seem definitely headed for bigger and better things this year in both Senior "A" and "B" hockey loops. However, this picture is brightened considerably in view of two wins in a row by the "A" pucksters with 5-3 and 6-1 victories posted over Verdun and Loyola respectively. And the "A" cagers have racked up 54-26 and 38-36 conquests at the expense of Baron Byng and Loyola.

High Scorers

High scorers so far for the local cagers have been Derek Hannaford, with a total of 30 points, and Andy Cote with 17. John Vipond, Mike Crombie, Jim Howe and Doug Reed have all turned in able performances for the hoopsters.

In hockey circles, Jim Brow, Bob Forrest and tiny Dave McDougall are leading local scorers with 5, 3 and 3 points respectively. Diminutive Johnny Swaine, in Westmount's nets, has so far only an average of 2.3 goals scored against him per game, and had it not been for an unexpected goal tipped in by Reece, one of Westmount's Senior "A" defencemen, he would have earned a shut-out against Loyola. In effect, it takes a Westmounter to score against a Westmount, n'est-ce pas?

Sport Notes

A request registered by Westmount's Senior "A" hockey sextet: "Please, please let's have more support from our fans. We want more people out at our games to give us moral encouragement. So come on out in numbers and don't make us feel we're the only ones who want to win!... and that goes for all the other teams, too!"

Hit and Miss Basketball Proves Popular

The Senior boys are enthusiastic about the Saturday afternoon Hit and Miss Basketball League at the local Y.M.C.A. Last Saturday games were hard fought, with little difference between teams until the last quarter, when a snappy aggregation, captained by Ron Law, edged out their nearest rivals by a score of 25-35.

Scoring in this type of League is based on individual baskets scored, plus a three point credit for being on the winning team and one for being on the losing team. This leaves the League open for additional players to join at any time. Two more teams will be added this coming Saturday, and activity will get under way at 2.00 o'clock. If you wish to participate in the League, come early.

Last Saturday the first team players were: R. Law (9), M. Goard (10), D. Reed (14), B. Robertson (2), F. Russell (1). The second team players were: E. Brooks, J. Noel (6), T. Parrot (9), G. Gough (4), D. Seller (6), D. Thompson. The point standings so far are as follows: M. Goard (6), D. Reed (6), J. Noel (4), G. Gough (4), D. Seller (4), F. Russell (4), R. Law (4), B. Robertson (4), T. Parrot (2), M. Innes (1), E. Brooks (1), D. Thompson (1).

WRAPPING METHOD

Westmount Food Centre is the first Frozen Food merchandiser in the Montreal district to use the sensational new Cry-O-Vac Wrapping which has revolutionized the frozen food industry.

Cry-O-Vac Wrappings have been thoroughly tested in the United States and have proved to be the ideal medium for packaging frozen foods. They seal in the food value of the packaged article while retaining the fresh, appetizing flavour.

The food to be frozen is inserted in a shrinkable plastic bag and all air is drawn out of the container by suction. The bag is then sealed and is immersed in a hot water bath which shrinks it to the exact size of the enclosed food. Bag and contents are then fast frozen in a temperature of down to 35 degrees below zero and may be kept frozen indefinitely. When the food is used it will still retain all its natural flavour and freshness.

Be sure to see the demonstration of this amazing, new method of fast frozen foods at Westmount Food Centre next Thursday, Friday and Saturday, February 2nd, 3rd and 4th.
