

LENOXVILLE TO PAY \$500.

Judgment in Case of Mrs. Lemaire vs. The Village.

HER HUSBAND WAS FATALLY INJURED ON ROAD BETWEEN LENOXVILLE AND SHERBROOKE.

Justice Hutchinson rendered judgment this morning in several Superior Court cases.

LEMAIRE VS. THE VILLAGE OF LENOXVILLE. ET AL.

This was an action for \$5,000 damages which the plaintiff claims from the defendant corporation, and the Sherbrooke Street Railway Company for the death of her husband, the late Alphonse Lemaire.

Lemaire was coming from Huntingville on the 22nd of February last with a load of lumber, and was about opposite the house of Mr. James, on the Lennoxville road, when he met an electric car. It was claimed by the plaintiff that the road was not in good condition and according to what the railway track so that the car, when it came along with the car, he could not get out of the car in time and was crushed between the car and road, and received such injuries that he died several days later.

Both the defendant corporation and the plaintiff suffered damages by the death of the plaintiff's husband. The plaintiff claims that the accident was due to the negligence and negligence of the defendant, Alfred Lemaire. A large number of witnesses were examined, and His Lordship reviewed the evidence at length. The court held that the plaintiff had suffered damages by the death of her husband to the extent of \$2,000. The deceased had contributed to his own death by walking on the wrong side of his team, and should have seen on his side where he should have seen both sides especially when he must have known that he was likely to meet an electric car, and that the defendant should contribute to the damages one-half thereof. The plaintiff was found liable and severally to the defendants, were therefore ordered to pay to the said plaintiff \$500 each, with interest and costs of \$100.

JAMES E. J. BARON VS. I. C. BENOIT.

This was an action for \$500 which the plaintiff claims from the defendant. The plaintiff contended that she was injured by the defendant on the 12th of March, 1905, as his housewife, the defendant agreeing to pay damages for two or three weeks at the rate of \$2.50 per week, at the expiration of which time he would make good the plaintiff's work about the house, and received no pay and a marriage ceremony was contracted between them. The evidence showed that the parties had lived together as man and wife, and that she had admitted to several witnesses that she was working for her husband and the defendant. The court held that there had been no agreement proved as to the amount that was to be paid and dismissed the action but without costs.

WARD LINE AND G. T. RY.

Negotiating for Joint Mail and Steamship Service.

LENOXVILLE TO CANADA, ACROSS DOMINION, THENCE ACROSS PACIFIC.

London, Nov. 11.—(Special.)—Negotiations are on foot between the Ward Line and Grand Trunk Railway for joint handling of Canadian passenger and freight traffic.

The plan, which is still in its initial stages, contemplates running a line of Canadian steamers direct from Liverpool to Canada, and thence via the Pacific coast to Japan, China, and Australia.

THE P. E. ISLAND CROPS. (Agriculturist.)

Farmers on Prince Edward Island this season are to be envious, and why should they be disposed to sell their wheat and yield to the lure of the market? The grain crop will be one of the best on record. Wheat will average the average yield, but the crop is almost double that of last year. It is estimated that five million bushels will be threshed, and that over half of this will be exported. Most of the wheat was secured in good order, and the quality is uniformly good, heavy, and heavy. The prices of wheat range from 50 to 52 cents, and the dealers say these are higher than the state of the English markets.

Potato digging has nearly been completed. The shipments are small, and the crop on the island is considerably smaller than last year, and the prices are higher. 20 cents is the price at the dealer's, and nearly all are considerable quantities of the "Dakota" and "McIntyre" varieties, which have been very successful. The potatoes which have good dry fields and have been well cared for will get good profitable crops.

WINTER QUARTERS.—The steamer Jubilee has been hauled out of the water and into her winter quarters.

THE KAISER'S VISIT TO ENGLAND.

An Extraordinary Incident in Connection Therewith.

SIR PERCY SCOTT, BROUGHT TO BOOK BY ADMIRAL BERSFORD, MAY RESIGN FROM NAVY.

London, November 11.—The German imperial yacht Hohenzollern, which is bringing Emperor William and his party to visit England, and was expected to enter Sandown Bay, Isle of Wight, last night, was delayed by a heavy fog, and obliged to anchor, with the cruiser escorting her, off Sazabbill for the night.

An extraordinary incident has come to light in connection with the visit of Emperor William. It is related that at the conclusion of the recent manoeuvres the channel fleet and the first cruiser squadron were ordered by the Admiralty to repaint, etc., in honor of the German Emperor. On receipt of this order, Sir Percy Scott, commander of the cruiser squadron, issued the following signal to two of his vessels: "Paint work appears to be in demand than gunnery, so you had better come in in time to look pretty by the 8th instant."

Admiral Lord Charles Berosford, in a general order to the fleet, repeating the instructions to repaint, refers to the signal sent out by Sir Percy Scott as "contemptuous in tone and insubordinate in character," and orders Sir Percy to have it stricken from the signal logs.

Sir Percy Scott and the members of his staff were summoned aboard Admiral Berosford's flagship last Friday, and the Admiral's reprimand was read to them.

This affair has created a consternation in the fleet, and there is a probability that it will lead to the resignation of Sir Percy.

Rear Admiral Sir Percy M. Scott is probably the best vessel officer in gunnery in the British navy, and he is well known as the man who "saved Ladysmith" in 1899, because he devised a special carriage for 6-inch and 4.7 guns from the cruiser Terrible which he commanded at Durban where those pieces were carried by rail into Ladysmith just before its capture by the Boers. Sir Percy was noted in and about Durban, of which port he was made commandant, for his blunt and direct statements.

Sir Percy commanded the gunnery school of the royal navy in 1904-05, and he has been director of naval target practice. He was naval A.D.C. to King Edward in 1903-05. He is the inventor of the night signal apparatus now in use in the British navy.

THERE IS NO PEACE FOR CZAR.

Another Plot to Take His Life Frustrated.

THE PLAN WAS TO CAUSE WRECK OF THE EMPEROR'S TRAIN.

St. Petersburg, Nov. 11.—What is believed to have been a carefully concerted plot to take the life of Emperor Nicholas while he was en route from Peterhof to his winter palace at Tsarskoe-Selo, Saturday, was frustrated by the vigilance of the railway guards. Early Saturday morning a guard discovered six men trying to cut the wire of a semaphore signal at Ligozov station, at the junction of the railroad to Peterhof and Tsarskoe-Selo. The guard attempted to arrest the men, but was fired upon and wounded. The shots, however, aroused the officers and guards at the station and several volleys were exchanged between the outlaws and the soldiers, the former escaping without injury.

The police profess to be unable to understand the attempt to cut the semaphore as such an act could hardly work any harm to the imperial train, which was due to pass a few hours later. It is generally believed, however, that the outlaws intended to prevent the use of the signal, with the object of bringing the train to a stop at that point. No arrests have been made.

NO MIXED MARRIAGES.

ARCHBISHOP BRUCHESE SAYS THAT NO DISPENSATION WILL BE GRANTED.

Montreal, Nov. 11.—Mgr. Bruchese, Archbishop of Montreal, has forbidden the young ladies of Notre Dame parish to contract marriages with Protestants.

During the retreat for young women at Notre Dame last week, His Grace made it known that all dispensations for such marriages would be absolutely withheld. Mgr. Bruchese declared that it was quite useless for the young ladies to keep company with Protestant gentlemen with a view to matrimony, as dispensation would be in all cases withheld by the head of the archdiocese.

TERRIBLE BUBONIC PLAGUE.

DEATH RATE IN SAN FRANCISCO IS 63.3 PER CENT.

San Francisco, November 11.—Bubonic plague totals to date are as follows: Verified cases, 90; deaths, discharged as cured, 22; remaining under care at the city and county hospitals, 11; suspects under observation, 39.

CONSERVATIVES WILL ORGANIZE.

Meeting to be Held Here Tomorrow.

EASTERN TOWNSHIPS CONSERVATIVE ASSOCIATION WILL ELECT OFFICERS.

A meeting of representative Conservatives from the various constituencies of the Eastern Townships is to be held in this city tomorrow.

The meeting will be held in the Art Hall, beginning at 11 o'clock, and continuing through the afternoon. Strictly speaking, it is a meeting for organization. The Eastern Townships Conservative Association, it is expected, will be brought into active existence again. These representatives will include delegates from the various county associations and other prominent supporters of the Conservative cause.

It is possible that Messrs. Monk, Bergeron and Leblanc, of Montreal may be here also.

ADVERTISING CANADA THROUGH THE PRESS.

American Agricultural Journals May be Given Trip Next Year.

FINANCIAL EDITORS FROM FRANCE, GERMANY AND BELGIUM MAY BE INVITED.

Montreal, Nov. 11.—(Special.)—Mr. W. D. Scott, Superintendent of Immigration at Ottawa, who was in the city last week, stated in an interview at the Windsor, that while the department is satisfied with the results of the visit of British journalists who had come here at the invitation of the Dominion Government, it was not at all probable that the Federal authorities would interest themselves in bringing any newspaper men from Great Britain to Canada next year. If any work was done in that line it would take the form of organizing a trip for a selected party of representatives of agricultural papers in the United States. The Ontario Government is likely to follow up its experiment in bringing up financial journalists over from the United Kingdom by bringing a party of newspaper men from France, Germany, Belgium and other countries next summer.

LABELLE WANTS BOURASSA BUT FORMER MEMBER SAYS HE WILL NOT OFFER.

(Montreal Gazette.)

The Gazette is authorized to announce that Mr. Henri Bourassa is not a candidate in Labelle. He declared so when spoken to on the subject yesterday afternoon.

La Patrie published the following special last evening from Papineauville: "In reply to several requests made to him by the electors of the county of Labelle, Mr. Bourassa has decided to accept nomination as a Liberal independent candidate, and this news has been received here with the greatest enthusiasm. In fact the news received to-day from every parish in the county is favorable to Mr. Bourassa's candidacy. If he comes forward as in 1904 as an independent Liberal, he will be elected by two thousand majority. Mr. Bourassa, who is confined at home through illness, cannot come to the county at present, but he will be ready for the contest if a contest there be."

MALTED LIQUORS.

TORONTO HOTEL-KEEPERS ASK BREWERS TO GO BACK TO OLD PRICES.

Toronto, November 11.—A deputation of local hotel men have waited on the brewers and requested that the price of malted liquors be put back to what it was originally. The brewers refused to give an answer off hand, and told the deputation that they would take the matter into consideration and let them know in the course of a few days. The hotel men pointed out that the high rate of malted goods and barley necessitated the increase, but that, nevertheless, they would consider the question of going back to the old scale. The hotel men deny that they have any intention of putting up an independent brewery. They say they would be unable to get malt, the brewers' combine having the supply cornered.

GUCKLOFF IN THE DUMA.

LEADER OF OCTOBERISTS FOUGHT IN THE BOER WAR.

Moscow, November 11.—Alexander J. Guckloff, leader of the Octoberist party, and M. Plevko, a lawyer, who have just been elected to Parliament from Moscow, will be among the prominent men in the lower house. M. Guckloff served on the Boer side in the South Africa war, was a high official of the Red Cross in the war between Russia and Japan and in the Boer campaigns, and has several times visited the United States.

ASBESTOS IN EASTMAN DISTRICT.

Development Work May Begin at Once.

PROSPECTS ARE SAID TO BE VERY GOOD.

The extension of the asbestos field to Broome County is just now a matter of a good deal of interest to mining men.

These asbestos discoveries are in the vicinity of Eastman and but a short distance from the O.M.R. line. A sale of one property, known as the Carpenter property, to a company for \$51,000, was reported a short time ago. The sale, it is said, is in the form of an option with enough paid down to bind the deal.

There is another property, not far from the one mentioned which it is understood has also been secured. Messrs. Labranche, of Thetford, and Adam, of South Ham, have been in Eastman several times of late as representing the syndicate interested in the development of asbestos in the Eastman district.

BAVARIAN IS SOLD FOR SCRAP.

\$65,000 Said to Have Been Paid.

SOME \$150,000 HAS BEEN SPENT IN EFFORT TO SAVE HER.

Quebec, Nov. 11.—(Special.)—The Allan liner Bavarian, which went on Wye rocks two years ago, has at last been sold for scrap. The purchaser is a New Yorker named Rosoff, who is said to have paid \$65,000 for the vessel, including furniture and all. Ever since the grounding of the vessel efforts have been in progress to save her, first by Allan and later by the North American Wrecking Co., which took her over from the Underwriters. It was thought that the latter had succeeded in saving the big liner, but it was found she was too badly wrecked to be repaired. Fully \$150,000 is believed to have been spent in efforts at recovery.

HEROISM OF AN ENGINEER.

SAVED A TOWN BUT LOST HIS LIFE AND KILLED SEVERAL SECTION MEN.

Douglas, Ariz., November 11.—Jesus Garcia, a locomotive engineer, saved Nacoziari, Ariz., from destruction by running a powder train through the town at top speed, but lost his own life and caused the death of a dozen or more Mexican section hands through the explosion of two cars of powder. Just as the flaming train was passing a section house, John Chisholm, a boy, was also killed by the explosion. The details of the accident have been received. A powder train on the narrow-gauge railway of the Pitaras Mine caught fire yesterday when near Nacoziari, a town of 200 people, and two open cars heavily loaded with explosives. Realizing that the concentrator and a good part of the town of Nacoziari would be destroyed if the powder exploded there, Engineer Garcia called to the rest of the crew to jump, and started to run the train away from the town. He had made about half a mile when the explosion occurred, as the cars were passing a section house full of Mexicans. The explosion blew the house, the train, the men and the engineer to atoms.

Young Chisholm not seeing the fire in the train, sought to steal a ride on the rear car. It was impossible to say just how many section men were killed.

TROUSSEAU OF A PRINCESS.

MARIE BONAPARTE'S FINERY THE TALK OF PARIS.

Paris, November 11.—The trousseau of Princess Marie Bonaparte, whose marriage to Prince George of Greece will be celebrated in Athens, has been put on exhibition, and has set all Paris to discussing it. Such a magnificent display of feminine finery has not been seen here since the Third Republic. There are sixty-five different costumes complete, a dozen hats, a profusion of costly furs and silks, acres of men, and piles of dainty lingerie. The lingerie alone cost \$80,000, the beautiful skirts and other garments which the bride will wear on her wedding day attracting special attention.

The Princess has been the subject of much criticism by Parisians because the entire trousseau was purchased at a single house, and that not French, but Austrian.

MANITOBA POLITICS.

G. R. COLDWELL MAY BECOME THE PROVINCIAL SECRETARY.

Brandon, Man., Nov. 11.—(Special.)—Current reports in political circles is that G. R. Coldwell, K.C., will receive offer of portfolio of Provincial Secretary. He likely would not be opposed if he received the nomination.

THE WEATHER.

LOCAL FORECAST. Northwesterly winds; fair and colder, with local snow flurries Tuesday, northwest winds; fair and cold.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS.

NORTH HATLEY GUN CLUB.

North Hatley, Nov. 11.—(Special.)—The Gun Club are to hold an old-fashioned turkey and chicken shoot on Saturday, Nov. 23rd, beginning at 9 a. m. They have over 125 chickens and turkeys. All guns will be allowed.

KNOWLTON CEMETERY IMPROVEMENTS.

Knowlton, Nov. 11.—(Special.)—Mr. Roy, of Mount Royal Cemetery, came to Knowlton on Saturday and with the committee looked over the new part of the Knowlton cemetery. They discussed plans and schemes of laying it out in a picturesque and suitable manner.

MARKET PRICES AT MAGOG.

Magog, November 11.—(Special.)—The local market was rather poorly attended Saturday by both buyers and sellers. The current prices were as follows: Butter, 25c; eggs, 30c; maple sugar, 10c; apples, \$1 to \$1.20 per bushel; apples (cooking), 75c to 85c; onions, 50c bushel; turnips, 50c a bushel; beef, forequarters, 4c to 6c; hind quarters, 6c to 8c; chickens, 10c lb.; potatoes, 60c bushel.

EVANGELIST FOR RICHMOND.

Richmond, Nov. 11.—(Special.)—Rev. T. McLennan, the Evangelist, who was so successful at Danville and Inverness last spring, is to begin meetings in the Old Fellows' Hall here on Nov. 24th. Mr. McLennan is a Scotchman, a forceful speaker and comes to the town most highly recommended. Some of the local ministers are interesting themselves in his coming, and arrangements have just been perfected.

PREDICT WINTER FOR NOVEMBER 12TH.

Magog, November 11.—(Special.)—Owing to the long continued rains the country roads are in a very bad state. Farmers and others who have to travel over them will welcome winter to improve the conditions. According to the "wise ones," winter will come to stay on November 12th, this year as winter is said to arrive exactly six weeks after that mountain is first whitened with snow.

BAGGAGE CAR DISCOVERED ON FIRE.

Stantstead, Nov. 11.—(Special.)—Just as the branch train was leaving Stantstead station, about 10.20 p. m. Friday, fire was discovered behind a desk in the baggage compartment of the combination car. The train was stopped and water procured from the Great Britain to soon under control. As it was, the desk and contents as well as the woodwork of car were pretty well scorched.

It is supposed some one accidentally threw a lighted match or cigar stub under the desk, where there was a lot of oil and waste.

LAKE MEGANTIC AND ITS GOVERNMENT AIDED BRIDGE.

Lake Megantic, Nov. 11.—(Special.)—As there has been much apprehension about the new road bridge that is to be built here across the Chaudiere river, with the abutments thereto. The centre pier in the middle of the river will be of concrete, five feet wide at the bottom, 4 feet wide at the top, and 9 feet, 3 inches high, resting on a cribwork filled with stone, 10 feet wide, and 28 feet long.

The stone pier will be of concrete somewhat lighter than the centre pier, and the abutment will be loose stone-work 70 feet from the shore line to the abutment pier.

The bridge itself will be two steel beams, 40 feet long, and 24 inches deep (1 shape) and two steel beams, 40 feet long, and 24 inches deep, to support the planking, and on top will be a substantial iron railing on each side between which the width of the bridge will be 28 feet, 2 1/2 inches.

The Government has given \$5,000 towards the south half of the structure, including the centre pier and the town of Megantic will have to supply the funds for the north half unless they can prevail upon the Government for further help.

At the last meeting of the Board of Trade a resolution was passed to send a deputation to Quebec to ask for another grant for the purpose.

In the estimate of the Public Works Department at Ottawa last spring \$7,500 was granted to Lake Megantic for piers but this is for bona fide landing piers around the lake and cannot be used for bridge work, as many people think.

COMPTON TOWNSHIP PAYS DAMAGES TO AUTOMOBILIST.

Compton, Nov. 11.—(Special.)—A regular session of the Township of Compton Council was held last week. Present Mayor Blossom and Councilors Whitcomb, Taylor, St. Marie and Cleveland. The road tax on lot No. 2, in the 10th range, was put on the road between ranges 9 and 10, across lot No. 11. George Duffee was appointed inspector in district No. 19, and Eugene Hamm, in district No. 26. W. H. Caswell was asked to put in a new approach of culvert to the bridge at Hillhurst. Elmer Bliss was granted \$11.68 on his taxes; R. D. Fallister, \$22.92 for lumber. Mr. W. G. Cross was granted \$16 for damages to his automobile. By-law No. 14 was passed, calling for a tax of 2 mills on the dollar for the winter roads.

THE first session of the Liberal Government, which is in power at the Coaticook Mock Parliament, held in the Guild Hall on Friday evening last, Mr. J. N. Pierce was unanimously elected Speaker, and his position as Secretary of State is filled by the Hon. J. H. Carnie.

The Speaker in accepting office said in part:

"I trust that perfect harmony may mark our deliberations, that no unkind feelings may be entertained by the remarks of any of the speakers; but that we may take the example of our friends of the legal profession. They go into Court and abuse each other, ridicule the learned pleas of their opponents, and to an outsider they seem to be at sword's point, but when the Court adjourns they take off their robes, shake hands, and go out and take a smile, and everything is lovely and serene."

"I am constrained to make these remarks on account of an occurrence in the last session of Parliament, when an aged member took offence at a report of the Committee sent to Grande Vallée, in which report it was stated that the said aged member, who was one of the Committee members, was in a megafone, or starting (The Girl Left Behind), he claiming that he did not leave his girl behind."

"He was so angry that he sharpened his scalping knife with the intention of raising the scalp of the member from Antigonish, and was only deterred from proceeding with his bloody design by seeing the member with his hat off, when he discovered that he had so little hair that it would be impossible to raise the lid without using his cork-screw, which he had unfortunately left at home."

"I bespeak kind treatment for any member of the House who has, for best reasons known only to themselves, departed from their old beaten paths of rectitude and gone after false gods."

The Speaker read the Speech from the Throne, which was published in Friday evening's Record, and which was received with applause.

The Hon. Premier made a motion for leave to introduce a bill entitled "An act to amend the act respecting orders of allegiance." The Hon. H. B. Lovell then very ably moved the adoption of the Speech from the Throne, which was seconded by the Hon. D. Parmelee.

The Hon. F. E. Wadleigh, leader of the Opposition, then attempted to show the House what he considered were very weak points in the speech, and the proposed new legislation to be brought before the members, and also what he considered ought to be done. He was severely scolded by the Hon. Premier.

The Hon. W. L. Shurtleff, of the Opposition, then criticized the Cabinet, and speaking with great fluency against the proposed amendment of the Banking Act.

The Hon. Minister of Customs, I. B. Murphy, said a few words upholding the policy of the Government.

The Hon. Premier then gave notice of a motion to introduce a bill to change the Banking Act.

The House then adjourned till Friday evening next at 8 p. m., sharp.

PRESENTATION TO PASTOR AT SCOTSTOWN.

Scotstown, Nov. 11.—(Special.)—Rev. J. S. Dickson, the Church of England minister, was pleasantly surprised last Friday evening when his parishioners gave him a present of a nice new range. Mrs. Dickson was not forgotten as she received a nice fall and winter suit. Not only were Mr. Dickson's parishioners present to give the pastor a good cheer, but neighbors and representatives from all the Protestant churches were present. A very enjoyable evening was spent playing games and with music. Dr. M. J. Mooney made the presentation speech, Mr. Dickson answering in an appreciative manner.

THE REASON
Why W. H. Griffith Continues
to Recommend Vinol.
First: Because it is not a patent medi-
cine and it contains besides tonic iron
all of the medicinal curative elements
of cod liver oil actually taken from fresh
cods' livers, but without a drop of oil
to nauseate and upset the stomach and
retard its work, therefore, wherever old
fashioned cod liver oil or emulsions
do good, Vinol will do far more good.

An Attractive Hardware Store

A place where you would be likely to come a second time. Its neatness is noticeable and the treatment customers receive here makes them when in need of hardware of any quantity or quality recall

KERR & FOSS' HARDWARE.

We have explained in our advertisements many advantages to be found in trading with us. You will see others if you come and make a trial purchase. Our stock is complete in every detail and every department is filled with the best goods to be found and prices are right. Come and look us over. See if we have exaggerated.

Among the many splendid toned Pianos in our stock this week, we ask special attention to a group of Heintzman & Co. instruments which have been received during the past few days. There are eight Pianos in this lot comprising the small and medium sizes in the new style cases for this season. There are also two very handsome Louis XV designs in choice mahogany, and one of those famous Miniature Grands. This is the very small Grand Piano, and is suitable for almost any room.

Heintzman & Co. Pianos stand without question at the head of all pianos made in Canada, and are the equal of any American production. You will find our prices reasonable and everything as represented.

Old Pianos and Organs taken at fair prices in exchange.

It frequently happens that when securities are desirable purchases investors are temporarily unable to avail themselves of the opportunity. In such cases, I am prepared to buy for my clients at prevailing prices, such securities as they may select, upon the payment of a fraction of the purchase price, the balance to be carried at a moderate rate of interest. An opportunity now offers to those who have money to make investments which will return a much larger rate of interest than has been the case for many years, and later on the opportunities will have passed.

VANISHING FORESTS.

Minnesota provides an object lesson in the destruction of forest wealth. The Minnesota Forestry Commission in its twelfth annual report presents the facts. The forests of Minnesota are rapidly disappearing. Minnesota is one of the most highly endowed States of the Union. Over \$200,000,000 worth of forest products have been taken off its lands. Much of these lands is unfit for anything but forest growth, and yet the forest is falling so fast that in a short time there will be no commercial timber left. The State owns 2,500,000 acres of land, but under the State constitution the bulk of this land must be sold for other purposes and will not be available for reforestation. Minnesota at one time owned 18,000,000 acres of pine forest. All that it now possesses for forestry purposes is 21,000 acres.

Minnesota is not alone. In other States the despoiling of the forest goes on apace. The United States press insistently urges the claims of the tree. State and Federal forest reserves have been established. President Roosevelt has spoken again and again in condemnation of forest destruction. And the United States lumberman has continued to cut pine. In many States lands suitable for nothing so much as forest growth are being sold away from the State at a few dollars an acre. But each of the 15,600,000 acres of the German forests, State, municipal and private, yields an annual revenue of \$2,400,000, while those of France yield \$2,020,000 per acre.

The United States lumberman first entrenched himself behind a tariff designed to keep foreign lumber out. So far as it succeeded in keeping foreign lumber out, the United States tariff was a boon to Canada. It delivered the Canadian lumberman from temptation to cut timber for the American market, and to that extent protected the Canadian forests. Meantime the United States lumberman, secure from competition, had no other interest than to cut his timber down, and he has been cutting it down.

The lesson to Canadians is obvious, and all the Governments, dominion and provincial, may help. There is danger always that we in Canada when all the timber in the States is gone, may succumb to temptation. Prudence dictates that we should hold what we have. So many things depend upon the forest that the ramifications of forest influence comes, even into the homes. The forests regulate the rainfall; fill the streams and prevent floods; fill the streams wherefrom the water powers are drawn; govern largely the conditions upon which agriculture prospers or fails. Devoted scientists in all parts of the world are studying means to the preservation and renewal of forest growth, and we in Canada cannot be too often reminded that we should take an intelligent and practical interest in all movements to those ends.

Will sell by auction on his farm, 14 miles this side of Waterville at 10 a.m., all of his farm implements and live stock, etc., without reserve, except furs.

CITY NEWS

Col. H. R. Fraser is able to be at his office again after being indisposed for a few days.

Rev. B. W. Merrill, B.A., of Toronto, is the guest of Rev. T. B. Brown, London street.

The Rev. E. J. Bidwell, D.C.L., preached on Sunday evening in Holy Trinity Cathedral, Quebec.

The East Sherbrooke Ladies' Aid will meet with Mrs. H. J. Duffet, 27 Portland avenue, on Tuesday afternoon.

The Junior Ladies' Aid of the Methodist church will meet at the home of Miss Mimie Bostwick, Prospect street, on Tuesday evening.

The Rev. B. W. Merrill, General Superintendent of Baptist Sunday Schools for Ontario and Quebec, will deliver an address and hold a conference in the Baptist Church this evening at eight o'clock. Refreshments provided for friends.

The letter carriers are arrayed to-day for the first time in their uniforms, which consist of dark blue coat and trousers, piped with red, red collar and brass buttons, and blue cap, with red band. They were inspected by the Postmaster and everything was found to be satisfactory.

The Educational Department of the Young Men's Christian Association has arranged to conduct an Institute on the Educational Work on Wednesday evening of this week. Mr. George B. Hodge, of New York, Secretary of the International Committee, will be here and in the evening will give an illustrated lecture on the rise, growth, extent and character of the Educational

Work. All men interested are invited to be present.

The Congregation worshipping in the Methodist church on Sunday last gave expression to its loyalty and patriotism by rising in the midst of the service and singing with great enthusiasm the National Anthem, in remembrance of King Edward's Birthday, while during the offertory Mr. Grundy gave expression of the feeling of the audience by playing with excellent effect "Rule Britannia." The pastor said that King Edward had no more loyal subjects in all his empire than the people of Canada, and in Canada no more loyal Britishers than among the citizens of Sherbrooke.

The young men of the Methodist church have organized a branch of the Brotherhood of St. Paul, and will hold their first business and social gathering in the Sunday school hall on Tuesday evening at eight o'clock. A cordial welcome will be extended to every man who can attend. Mr. Fred D. Drew is President; Mr. Arthur Slack, Vice-President; Mr. Max V. Long, Secretary; Mr. Reginald Clark, Treasurer; Mr. George Hall, chairman of Christian Work Committee; Mr. Hutchins, Chairman of Social Committee, and Mr. S. M. B. Wright, Chairman of Members' Committee. An afternoon meeting will be held on Sundays, in the auditorium of the church at 2:45 o'clock, when the chaplain, Rev. C. S. Deerpore, will lead in the discussion of topics, relating to the teaching of Jesus in regard to the leading subjects of religious thought. A beautiful service of song and music is being arranged. Men of all ages will be made welcome.

The funeral of the late Mrs. Ward, wife of Lieut.-Col. Ward, of Lennoxville, took place on Tuesday last from the family residence, the attendance being usually large. A service at the house was conducted by Rev. Mr. Falconer, of Quebec, who had been the pastor of deceased for fifteen years. In his brief address Mr. Falconer spoke of her beautiful Christian character and many winning qualities. She was, he said, a true wife, devoted mother and firm friend, and was one of whom her children might well be proud. The funeral service took place at St. George's church, the Rev. J. E. Wright, Rector, officiating, assisted by Rev. Mr. Falconer. The music was beautiful, the choir singing the hymns "Thy will be done," and "Rock of Ages," with great expression. Among the flowers with which the casket was heaped were a wreath from the family a cross Col. and Mrs. James Thompson's wreath, Mr. and Mrs. H. Short, Theford Mines, and bouquets from Mr. and Mrs. J. J. Penhale, Mr. and Mrs. B. C. Doyle, Miss Kerr, Mr. David Nelson and many others. The bearers were the six sons of deceased, the Rev. James G. Ward, B.A., Ferus Falls, Minn.; A. E. Ward, manager of the E. T. Bank, St. Ferdinand, Halifax; Hewton Ward, Bescher's Falls, Vt.; Norman Ward, Bishop's College, Lennoxville; Lawrence and Leonard Ward. The chief mourners were Lt. Col. Ward, husband; Mrs. Wilson, Black Lake, sister; Col. and Mrs. Jas. Thompson, Mr. and Mrs. John Moonery, Leeds; Dr. Thompson, Sawyersville; Mr. and Mrs. Somerville, Kinross Mills; Mr. and Mrs. Dinning, St. Ferdinand; Mr. and Mrs. Johnston, Sr.; Mr. and Mrs. Johnston, Jr.; Lachine; Mrs. Tomkins, Richmond; Mr. and Mrs. Charles Ward, Mr. and Mrs. Alfred Ward, Mr. and Mrs. H. J. Duffet, Mr. and Mrs. Cromwell, Mr. and Mrs. B. C. Doyle, Miss E. V. Doyle, Mr. Wood and Mr. Ainslie. Two of the faculty of Bishop's College, Lennoxville, and many of the students joined the procession and accompanied the remains to Malvern cemetery, where the last rites took place.

The late Mrs. Ward, whose maiden name was Carrie Kinnear, returned from the hospital in Montreal two months ago, and was tenderly nursed by her eldest daughter, Miss Hattie Ward, till the end. From the first there was no hope, the disease having been implanted in her system for several years, but her great sufferings were borne with the utmost patience and cheerfulness and she passed away like a child falling asleep. Only two of her family were unable to be present at the funeral. Mrs. Fred Wood and Mrs. Thompson, Sawyersville, sisters. Mrs. Ward left to mourn her loss, her husband and nine children, in addition to those mentioned above, two young daughters, Misses Marion and Emma Ward.

SAVED FROM HERSELF.

Masson, Que.—Just two years ago, the residents of this pretty village viewed, with alarm, the change that crept over Florence, the daughter of Mr. Jamison. From a bright carefree child, she emerged into a young womanhood, worn and wasted. It became a "nine-days wonder." There was no radical trouble and yet her health perceptibly failed. Finally, physicians were consulted. They prescribed—failed to do any good—and were discharged. All at once, Florence began to improve. Her eyes brightened, the color returned, and today, there is not a brighter, happier, healthier girl in Canada.

"I was a martyr to constipation," writes Miss Jamison. "I had every symptom of kidney irritation and had been told by physicians that my kidneys were affected. I consulted a number of physicians and took various remedies, but received very little benefit. Then I was advised to try 'Fruit-a-tives.' After I had taken half a box, the constipation was relieved—headaches left me—in the back was better—and I could sleep."

"Fruit-a-tives" always cure kidney trouble, because they cure the cause, they stimulate the liver and kidneys to increased action. Get a box—take them properly—and cure yourself to stay cured. Made of fruit juices and tonics. 50c a box; 6 for \$2.50. At druggists or sent "Fruit-a-tives," Limited, Ottawa, Ont.

GRAND STAND BURNS.

FIRE AT ATWATER PARK MAY PROVE BAD BLOW TO LOVERS OF BASEBALL. Montreal, Nov. 11.—Montreal's disastrous baseball season was last night succeeded by an even greater disaster in the complete destruction of the grand stand at Atwater Park by fire, with a loss of about \$8,000 and only some \$2,000 insurance. What effect this will have upon the prospects for ball here next season remains to be seen, but it will certainly not improve matters, since the present owners of the grand stand state that they will not rebuild, while the Sulpicians, who own the land, are not likely to do so either. It will therefore be for the club to rebuild, if it is done, and as they can only secure a two-years' lease of the park it is hardly likely they will spend seven or eight thousand dollars on a stand, the more so as the past season netted the owners of the club a loss of nearly \$10,000.

DEAD NUMBER 5000.

LANDSLIDE COMPLETELY DESTROYED TOWN OF KARATAGH. St. Petersburg, Nov. 11.—The first direct reports from the scene of the great earthquake at Karatagh, Russian Turkestan, about three weeks ago, reached this city Saturday, from a correspondent who accompanied the relief expedition from Samarkand, Telegraphing under date of Nov. 9th, this correspondent says: "The town of Karatagh was completely destroyed. The victims numbered about 4,000 in Karatagh and about 1,000 in the adjoining district of Denauk. All the villages in the vicinity were wrecked. It is probable that there are hundreds more dead in these villages; but investigation is only now determining the approximate number."
