FEDERAL MINISTERS HAVE LEFT QUEBEC

SAILED ON LADY GREY YESTERDAY AFTERNOON — DELIGHTED WITH VISIT.

Major General Mewburn, Minister of Militia, and Hon. C. C. Ballantyne, Minister of Marine and Fisheries, left this City yesterday afternoon on the Government Steamer Lady Grey after their two days' visit to Quebec which resulted in a stronger bond of relationship between the members of the Government and the people of Quebec than has existed for some time.

The departure from Quebec of the ministers was done quietly. Major-General Landry, Col. O'Meara and Major Leonard, accompanying them to the King's Wharf where they boarded the steamer for Montreal en route for Ottawa.

At the Court House yesterday morning where General Mewburn was received by the Bench and Bar, the scene was a very impressive one. After hearing the speeches of greeting from Sir Francois Lemieux, Chief Justice of the Superior Court, and of Mr. Adjutor Rivard, K.C., the Batsonnier, General Mewburn who was visibly affected said that he was deeply moved by the cordial reception which was extended to him and assured the judges and members of the Bar present that the honor would be fully appreciated by his colleagues of the Bar of the Province of Ontario. When he was asked to become a member of the Union Cabinet, he hesitated for a long time because he felt that the responsibilities of the position would prove a heavy burden. Until the time of his entry to the cabinet he had followed his professional exclusively, having taken an active part in them for many years. At the outbreak of the war he had offered his services to the Government because he believed that it was his duty to give the assistance which was expected from everyone in order to attain final victory.

Speaking of the Province of Quebec General Mewburn said he was very much attached to it as he had many friends in it and particularly in Montreal. He affirmed that he had

never had any doubts on the patriotism of the Province of Quebec and after what he had seen and heard since his arrival here he had nothing but praise to give. He was convinced that the Province of Quebec would do its share and would contribute largely to the honor of Canada. He affirmed that he had been most favorably greeted on every hand and felt very much flattered in the manner in which he had been received by Cardinal Begin and the Rector of Laval University.

Since 1914 in the great war which was raging many things had cropped up, and the decision which the Government had taken to keep four divisions in the field at maximum strength was one of the articles of its program which would receive great attention.

General Mewburn then assured his hearers that he was doing all in his power to keep the French-Canadian troops together and to have them commanded by their own officers here as well as in England and at the front. He felt that this news would cause much gratification amongst French-Canadians as they deserved such consideration and added that the matter was practically decided.

St. Malo Shops.

A delegation of the Board of Trade waited on Hon. Mr. Ballantyne at the Chateau Frontenac yesterday morning bringing to the attention of the Minister the most urgent needs of the city of Quebec. The President, Mr. Bedard, Mayor Lavigne, Mr. J. G. Scott and Captain Bernier were the principal speakers.

Mr. Ballantyne responded briefly promising to do all in his power for the City of Quebec, expressing the hope that the Government would utilize the St. Malo Workshops in the near future. He remarked that Hon. Messrs. Carvell and Reid would visit Quebec next week.

AN INSULT AND PROVOCATION TO IRISH CATHOLICS

VIEW T. P. O'CONNOR TAKES OF APPOINTMENT OF IRISH LORD CHANCELLOR.

New York, June 5—The appointment of Sir James Campbell as Lord Chancellor of Ireland, as announced last night in a cable despatch from London, was declared here today by T. P. O'Connor, M.P., to be an open and violent insult and provocation to the Catholics and Nationalists in Ireland.

Mr. O'Connor made the following statement: "The appointment of Sir James Campbell to the Lord Chancellorship of Ireland, with the obviously enforced retirement of Sir Ignatius O'Brien, a Nationalist and a Catholic is one of the most serious events in recent Irish history.

"It is an open and violent insult and provocation to the Catholics, and Nationalists in Ireland. Sir James Campbell has stood all through his life, for the most extreme section of Irish Tory and Orange opinion.

London, June 5—As a temporary measure, it was officially announced tonight, General Sir William Robertson, chief of the eastern command and former chief of the Imperial Staff, has been appointed to command the forces in Great Britain.

The Weather

Toronto, June 5—The weather has been fair, with moderate temperature, from Ontario to the Maritime Provinces, while showers have occurred in many parts of the western provinces.

Temperatures:

	Min.	Max.
Dawson	36	68
Prince Rupert	44	72
Victoria	54	80
Vancouver	46	78
Kamloops	42	78
Calgary	32	66
Medicine Hat	50	54
Battleford	40	62
Prince Albert	36	60
Moose Jaw	39	70
Regina	40	70
Winnipeg	44	70
Port Arthur	38	56
Parry Sound	40	64
London	48	75
Toronto	45	67
Kignaston	46	72
Ottawa	56	76
Montreal	48	70
Quebec	46	72
St. John	44	64
Halifax	43	74

Forecasts:

Lower Lakes and Georgian Bay: Moderate to fresh east and southeast winds; mostly fair, not much change in temperature; showers in some localities by night.

Ottawa Valley and Upper St. Lawrence, Lower St. Lawrence: Moderate winds, fair; not much change in temperature.

Gulf and North Shore: Light to moderate winds; fair; stationary, or a little higher temperature.

Maritime: Light to moderate winds; fair; stationary, or a little higher temperature.

Lake Superior: Fresh easterly winds, unsettled, with showers.

Manitoba: A few local showers at first; not much change in temperature.

NOWHERE IS ENEMY MAKING PROGRESS BUT HIS FURY HAS NOT BEEN CHECKED — ASSAULT AFTER ASSAULT LAUNCHED ON VARIOUS SECTORS TO STRAIGHTEN LINE — GREAT MASSES OF TROOPS AND ARTILLERY EMPLOYED IN ALMOST CONTINUOUS BATTLE — GERMANS STILL SUFFERING HEAVY CASUALTIES—NO RESUMPTION AS YET OF FIGHTING IN FLANDERS AND PICARDY — RUSSIANS UNOFFICIALLY CREDITED WITH VICTORY OVER THE TURKS AND GERMANS.

The Allied stone wall of resistance is still being imposed against the Germans on the battlefront from Soissons to Chateau Thierry. Nowhere is the enemy making progress. For the moment at least he is being held in his tracks.

The fury of the invaders, however, has not yet been checked, for all along the front they are launching assault after assault on various sectors in the hope that the Allied ranks may give further ground which would enable the enemy to straighten out the curve in the line from Moulins-Touvent, northwest of Soissons, to Troesnes, which lies southeast of Villers-Cotterets.

Great masses of artillery and large numbers of troops are being used by the Germans in almost continuous battles but notwithstanding this fact the Allied line everywhere has held strongly and at several points the defenders have taken the offensive into their own hands and improved their positions.

Standing out in strong contrast against previous communications issued by the German War Office, claiming gains by feats of arms or the falling back of the Allies, is the announcement made in Berlin Wednesday night, "On the battlefront the situation is unchanged," says the announcement.

The Germans are still suffering heavy casualties in their unsuccessful assaults.

Along the Marne front there has been no further fighting of great moment, although in the vicinity of Rheims the German artillery has begun a violent bombardment, which probably indicates another infantry attack in this region, which has been relatively quiet for several days past.

The American troops in the Luneville sector daily are showing their merit in fighting with the enemy. Wednesday witnessed another venture carried out successfully by them, thirty of the men from overseas attacking the German lines and penetrating them to the third defences and assaulting the two hundred occupants of them with rifles, bayonets and grenades. The losses to the enemy were numerous, while the American casualties were very small.

There still has been no resumption of the battle on the front in Flanders and Picardy where the British are facing the Germans. The enemy, however, is carrying out violent bombardments on various sectors.

In the Amiens sector near Morlancon the Germans made an attempt to capture a British position, but were repulsed, the British taking some prisoners.

Near Lens, the British also captured a number of Germans.

Unofficial reports credit the Russians with a victory over the Turks and Germans in the Kars district of Transcaucasia. The enemy is reported to be in retreat and massacring the population.

BRITISH STATEMENT.

London, June 5—Field Marshal Haig's report from British Headquarters tonight says:

"As a result of the raid attempted by the enemy early this morning in the neighborhood of Morlancon we captured twenty-one prisoners and three machine guns. Beyond the usual artillery activity on both sides there is nothing to report from the British front."

FRENCH STATEMENT.

Paris, June 5—All the efforts of the Germans to advance in the French sectors have been repelled, according to the War Office announcement tonight. Ground has been regained by the French and prisoners taken. The text of the statement reads:

"During the day the enemy multiplied at different points of the front his efforts to advance, but was everywhere repulsed, suffering serious loss. An attempt to cross the Oise near Montalampache completely failed.

"North of the Aisne our counter-attacks regained the entire ground which had been temporarily occupied near Vingres. We captured more than one hundred and fifty prisoners and some machine guns. In the region of Longpont the Germans who had succeeded in making some progress in the underwood around Chavigny were driven out, leaving in our hands about fifty prisoners. Everywhere else our positions were maintained."

"Our aviators were very active in the whole fighting zone. On June 4th in the course of a double expedition in the valley of the Savieres our bombing squadrons dropped more than seventeen tons of projectiles on enemy concentrations, which were completely dispersed. On the night of the fourth about fourteen tons of explosives were dropped on the railway stations at Fismes, Fere-en-Tardenois, Roye and Bohain.

"Four enemy machines were brought down and two captive balloons burned. An enemy machine on a grand model, having four motors, was brought down on the night of June 1-3 in the region of Nanteuil-le-Haudouin. Its crew of eight men was made prisoner.

"Eastern Theatre, June 4—South of Seres Hellenic cavalry dispersed a Bulgarian detachment near Zborako.

"A detachment occupied a Bulgarian post and maintained it despite an enemy counter-attack. Several enemy attempts on our new positions at Srka-di-Legan, southwest of Gradisnitsa and between the lakes on the Lewskovic salient were repulsed. Allied aviators bombed encampments east of Seres and north of Huma. An enemy airplane was forced to land in a damaged condition northwest of Gloghall."

Furriers.
To H. M. the King.

A Fresh Supply of Lingerie Blouses Has Just Been Opened Up

And we find New York's newest modes in Blouses of dainty Voile, crisp Organdie, Diximittie and Irish Linen.

Most of them have Organdie collars and nearly all are prettily tucked in front.

A novel styled Blouse is a new slip-over in good cotton.

Petticoats

We have been unusually fortunate in securing these smart Petticoats in Jersey Satin, Surah Silk and Tub Silks, in practically every shade of the new gowns.

Suitable Wedding Gifts

In these days of sacrifice when useless luxuries are abolished by all true patriots, it is all important to choose for a Wedding Gift something that will be of real service. We know exactly what the young June bride would like to receive and of such articles we have provided a vast selection.

A complete Dinner and Tea Service cannot fail to please the bride if it is not already provided, as an alternative we suggest a few nice pieces of fine Cut Glass, or some pieces of the delicate Porcelain we show in such great variety. Cutlery Cases that are always welcome can be seen in a number of styles.

From quite a small amount up to five hundred dollars or more, represents the scope of your choice in this Department.

QUEBEC, JUNE 6, 1918.

NATIONAL REGISTRATION.

Fears have been expressed in some quarters that the Order with regard to the compulsory registration of all Canadians over sixteen years of age is only the prelude to compulsory labor, with the result that young boys, and more particularly young girls will be arbitrarily removed from the shelter of parental influence and set to work elsewhere under less desirable, if not actually dangerous social conditions.

If there was any intention such as that defined above it would be a grave abuse on the part of the Government against which a storm of public protest might properly be raised. The Chronicle, however, is in receipt of the complete regulations, together with the actual registration forms and the official instructions to Deputy or Assistant Deputy Registrars, which offer convincing proof that all fears in this direction are devoid of foundation.

On the registration form for men are thirteen questions and on that for women, sixteen. Space does not permit nor is it necessary to take each of the questions seriatim in these columns. Almost all of them deal with ordinary facts such as age, nationality, health and employment which might be asked in connection with Insurance or Census statistics.

In the case of men, the only question which considers a possible change of employment is as follows: "Do your circumstances permit you to serve in the present national crisis, by changing from your present occupation to some other for which you are qualified, if the conditions offered are satisfactory?" (a) Where you can return home daily? (b) Away from home?

Dealing with this enquiry the official instructions state "The object of this question is to ascertain how many people there are, with the name and address of each, whose help could probably be counted upon were it to become necessary in the national interest to increase the labor engaged in any essential or important undertaking.

Deputies will note particularly that the question does not ask 'Are you willing to serve?' but only 'Do your circumstances permit you to serve?' Presumably many persons might be perfectly willing to serve who for reasons of which they themselves would be the best judges, could not do as they would like. Nor does the registrant who answers either part of this question in the affirmative thereby pledge himself to report for any service that may subsequently be offered him. Unless the conditions under which he will be required to work are satisfactory he is quite at liberty to decline.

The reason for dividing the question is quite apparent. There will be some who are so circumstanced that they can report for service anywhere; there will be others just as anxious to serve who because of family or other ties cannot accept employment that would require them to be away from home. If Canada is to make her maximum contribution towards winning the war, ways will have to be found for utilizing to the full the services of both classes."

Again in the case of the form for women there are four questions in regard to employment which seem to require elucidation and which we will take one by one. The first of these reads: "Do your health and home ties permit you, if required, to give full-time paid work?" and carries a foot note "Registrants answering 'No' here, need not answer any of the following questions: if answering 'Yes' or, if in doubt, should fill up rest of card. All must sign affirmation."

Here the instructions observe: "The answer to this question is extremely important. It is meant to divide female registrants into two classes.

(a) The first class will consist of those who by health or home duties are prevented from going out of the home to take up daily work, even if paid to do so. These will answer 'no', and will be regarded as 'honorably exempted' from industrial, agricultural, or other employment. In such cases it would serve no useful purpose to require the registrant to answer the remaining questions, so she may be excused. If, however, there is any doubt in the registrant's mind or if she cannot answer 'No' unqualifiedly, because of some condition which might operate only temporarily, she should fill up the whole card. In such cases it is immaterial whether this question is answered 'No' or left blank.

(b) The second class will consist of those who are already employed or who are eligible for employment. These will answer 'Yes'. In order to show for what kind of employment they are best qualified, they will be required to answer the remaining questions on the card."

The next question with which we are here concerned asks: "Do your circumstances permit you to live away from home?" and the instructions say "This question will be sufficiently answered by 'Yes' or 'No'. It is designed to divide into two classes those who answer the previous question in the affirmative. The first class will comprise those who can move about, who can work anywhere, those whose labor is fully mobilizable; the second class will comprise those who by home duties or for other reasons are tied to one place, and whose labor, therefore, is only partly mobilizable."

The third query is: "Considering your health, training and experience, and the national needs, in what capacity do you think you could serve best?" and is explained as follows by the instructions: "The needs of the nation are continually changing. This

question is meant to elicit the registrant's own opinion as to the form of service she could most effectively give, considering her health, her capabilities, and the nature of her training and experience."

Finally the fourth question reads: "Do your circumstances permit you to give regular full-time service without remuneration?" and the instructions state regarding it: "All the foregoing questions as to employment presuppose payment, but there are many opportunities for all kinds of regular voluntary work. This question is designed to elicit the amount of such service that would be available."

These quotations constitute everything bearing upon the main objection raised against the operation of national registration so that we believe it will be recognized that no one need hesitate to comply with the order for fear that his or her personal liberty will be infringed upon in any way.

While we have no special information as to the Government's views or intentions, it seems only fair at the same time to state for fear of being misleading that we do not suppose Sir Robert Borden and his colleagues would bind themselves not to introduce the conscription of labor at any time, under any circumstances. It is quite conceivable that in the event of a prolonged war it might become necessary to resort to such a measure for the public safety or to avert nation-wide starvation. We do believe, however, that in such a yet remote event, the operation would be so planned that men and women would not be required to accept employment for which they were unfitted through ill-health, physical deformities or any other valid reason; nor would young boys and girls be compelled either to leave home or to work in surroundings that offered any danger to their morals and well-being.

There were many men who, while obeying the letter of the Military Service Law, consciously sought to evade its spirit in the belief that the State had no right to force them to place life or limb in danger. There are many more who have consistently maintained that Canada's most effective contribution to the Allied cause lies in industrial and agricultural production. To the first we say that they have an opportunity to voluntarily serve the State without personal risk and to the second that they have now an opportunity of carrying their principles into practice.

Had there been a sufficient spirit of voluntary service before, the draft would have been unnecessary and if there is a sufficient spirit now there will be no question of compulsory labor. On the other hand, if there is any general spirit of evasion it must eventually remove the privilege of choice as has been the case with military exemptions.

There are sufficient men and women in the country who, by the exercise of patriotism and, in individual cases of some small self-sacrifice, can ensure a plentiful supply of labor for all essential or important employment throughout the duration of the war and unless we are utterly lacking in public conscience or sense of citizenship the present scheme for national registration will be an effective stroke for victory.

IN FLANDERS FIELDS.

In Flanders fields the poppies blow Between the crosses, row on row, That mark our place; and in the sky The larks, still bravely singing, fly, Scarce heard amidst the guns below, We are the dead. Short days ago We lived, felt dawn, saw sunset glow, Loved and were loved, and now we lie In Flanders Fields.

Take up our quarrel with the foe! To you from falling hands, we throw The torch. Be yours to hold it high! If ye break faith with us who die We shall not sleep, though poppies grow In Flanders Fields.

LIEUT.-COL. JOHN McRAE.

(Died while on duty in Flanders.)

AMERICA'S ANSWER.

Rest ye in peace, ye Flanders dead. The fight that ye so bravely led We've taken up. And we will keep True faith with you who lie asleep. With each a cross to mark his bed, And poppies blowing overhead, Where once his own life blood ran red. So let your rest be sweet and deep In Flanders fields.

Fear not that ye have died for naught. The torch ye throw to us we caught. Ten million hands will hold it high, And Freedom's light shall never die! We've learned the lesson that ye taught In Flanders fields.

R. W. LILLARD.

SAVINGS AND THE WAR.

(Toronto News)

We are glad to see that the Minister of Finance is providing increased facilities for the small investors who wish to lend their savings to the Government for the winning of the war. The new Dominion of Canada debenture stock is issued in denominations of \$50.00 and multiples thereof, and it is fortunately made available just at the time when the first installment of interest on the Victory Bonds is being distributed. As the British Chancellor of the Exchequer recently asked the people of Great Britain to reinvest the interest they receive on war loans in fresh war credits for the Government, so the Canadian Finance Minister makes a similar request of the Canadian people. The more Canadians save and lend to the Government the more effectively will the Government be able to carry on Canada's part in the war and the better off Canada will be after the war.

One Hundred Years Ago Today

Rev. Mr. Mills at this time a hundred years ago preached a Charity Sermon in the English Cathedral for the benefit of the Female School of this city. The newspaper report of the service states that about one hundred children were present on the occasion, the sight of whom added to a discourse eloquently and touchingly addressed to the passions of the audience, which had the effect of opening up the hearts and purses of all present. About £170 were collected, the collectors having been Hon. Justices Kerr and Bowen, Mr. Irvine of the Executive Council, Mr. W. H. Robinson, Commissary General, Sir Sydney Bedouith, Quarter Master General and Col. Harvey Deputy Adjutant General.

The greatest part of the range of buildings known a century ago as the Artillery Barracks near Palace Gate were destroyed by fire at 2 o'clock in the morning. The flames were first discovered by the sentry on duty who gave the alarm. The fire raged until 8 o'clock before it turned itself out for the water supply was limited. Very few carters attended to draw water, it was said, and the constables in general seemed to have availed themselves of their perspective right of remaining quiet in their beds while the citizens worked with a will in combatting the flames; the report stated that the constables being peace officers, certainly set a peaceable example.

The death was announced a hundred years ago in Montreal of Captain Beaton, of the ship Eweretta, the oldest trading vessel of its time between London and Montreal.

PALE, DELICATE GIRLS

Does your daughter inherit a delicate organization from you? The anaemia of young girls may be inherited, or it may be caused by bad air, unsuitable food, hasty and irregular eating, insufficient out-of-door exercise and not enough rest and sleep. It comes on gradually, beginning with languor, indisposition to mental or bodily exertion, irritability and a feeling of fatigue. Later comes palpitation of the heart, headache, dizziness following a stooping position, frequent headaches, and breathlessness. In a majority of cases constipation is present. There may be no great loss of flesh, but usually the complexion takes on a greenish-yellow pallor.

Cases of this kind, if neglected, become serious, but if taken in time there is no need to worry. The treatment is quite easy and simple. Dr. Williams' Pink Pills, which are free from any harmful or habit-forming drug are just the tonic needed to remedy this wretched state of health. Though it is not noticeable, improvement actually begins with the first dose. As the blood is made rich and red the pallor leaves the face, strength and activity gradually return and if the treatment is continued until the last symptom disappears the danger of a relapse is very slight. If any symptom of anaemia appears prudence suggests that Dr. Williams' Pink Pills should be given at once, and the sooner they are taken the more speedily will the trouble be over come. You can get these pills through any dealer in medicine, or by mail, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

TWO MORE SHIPS SUNK OFF COAST BY GERMAN SUBS

TOTAL LIST OF RAIDERS' VICTIMS NOW STANDS AT 19.

New York, June 5—Two more vessels, a Norwegian steamship and one schooner were added today to the list of ships known to have been sunk by the German submarines which are raiding in American waters.

The fact which stood out most prominently in the day's developments is that the U-boats are still operating near the coast and have not returned to their bases, assuming that the two which already have been identified are the only ones on this side of the Atlantic.

This was demonstrated when the Norwegian steamer Eidsvold was sunk off the Virginia Capes last yesterday.

The location of the attack shows also that the submarines are moving steadily southward, if they are the same ones which attacked shipping almost at the gateway to New York harbor.

Another fact which is regarded as significant in marine circles here, is that none of the vessels reported sunk thus far was sent to the bottom by a torpedo. It is considered certain that the undersea craft carry torpedoes and that they are conserving them in the hope that they may get an opportunity sooner or later to attack a transport loaded with American troops.

Possibility that vessels still unreported may have been sunk was seen in a statement of the master of the schooner Samuel C. Mengel, who arrived here today with his rescued crew. He declared he was told by the commander of the submarine which destroyed his ship, that the U-boat had sunk three steamers, one a passenger liner, and three schooners, last Saturday.

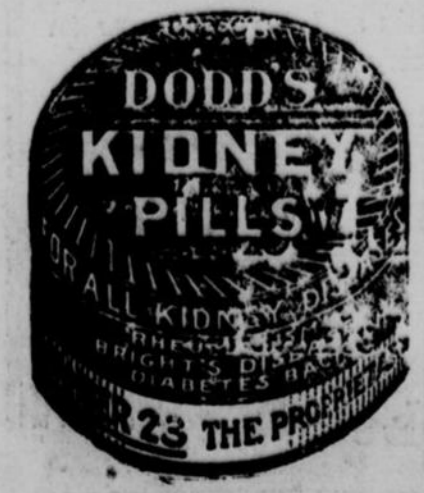

So far as known the only loss of life was on board the New York and Porto Rico liner Carolina and that was definitely established at only sixteen by revised figures compiled by the Company showing that there were aboard only 218 passengers and 111 in the crew, making a total of 329, instead of 350 as originally reported.

Carolina Survivors. The New York and Porto Rico Line, announced late today that 95 out of 111 members of the crew of the destroyed ship Carolina had been accounted for on a list and four bodies have been picked up by United States destroyers, leaving 11 of the crew unaccounted for.

More Mines. Washington, June 5—Mine sweepers have picked up a number of mines off the Atlantic Coast the Navy Department announced today. The mines were of German manufacture and undoubtedly were strewn by Navy officials said, by the raiding submarines.

SS. Gibs. Sinking by a German submarine of the Norwegian steamer Gibs about forty miles off the Virginia Capes at five o'clock yesterday afternoon, was reported to the Navy Department last night by a Naval cargo ship. The entire crew was rescued today.

SS. Radicoline. The story of the captain of the French tanker Radicoline, attacked by a submarine off the Maryland coast yesterday, showing that the raider had fired fifteen shots at the Frenchman from long range before an American destroyer answering a S. O. S. appeal appeared.

STRINGENT FOOD REGULATIONS IN EATING PLACES

CANADA FOOD BOARD ANNOUNCES NEW ORDER DEFINING TERMS.

Ottawa, June 5—The Canada Food Board announced today that, in the application of Order No. 25, relative to the public eating places, certain changes were found desirable, and these have been incorporated in a new Order to the Board.

Under the new regulations, "public eating place" is defined as including hotel, restaurant, cafeteria, club, or club-room, private family keeping boarders, boarding house, school, dining-car, steamship, or any place whatsoever where meals or refreshments are regularly served or sold to others than members of the family or household of the proprietor or caterer.

In addition to public eating places, the regulations apply to all public entertainments, lawn socials, bazaars, and tea meetings, public luncheons, dinners and picnics, fairs, and exhibitions, lodges and fraternal societies meetings, and all such places of like or similar character. They also apply to private or semi-private luncheons, dinners, parties, and picnics, where food or refreshments are served to fifteen or more people, other than members of the family or household of the proprietor.

Tenderloins, spare ribs, as cut by packers, and sweet-breads, in addition to other parts of the carcass mentioned as exceptions in Order No. 25, are not included in the term "pork" for the purposes of the regulations. Sausages are also definitely included in the list of exceptions to the restrictions on beef and veal.

A meal is defined as all the food a person consumes during any of the periods serving the same, as limited by the regulations. The hours for morning and midday meals respectively are unchanged, but under the term "evening meal" is included any meal served between 5.30 and 8.30 p.m., instead of between 6 p.m. and 9 p.m. as under Order No. 25.

At the midday meal no sandwiches shall be served. This applies to all public eating places, including railway lunch counters.

At the midday meal no bread and bread rolls, containing more than 75 per cent of standard wheat flour, shall be used, and not more than a total of one ounce of standard wheat flour shall be served to any person in all products, including bread, buns, biscuits, pastry, or other like products. All persons subject to the eating place regulations are also required to comply with the Canada Food Board's regulations governing bakers and confectioners (Order No. 16, of February 9, 1918, and Order No. 34, of April 27, 1918).

Licenses from the Canada Food Board must be secured by persons operating public eating places where meals or refreshments to the number of fifteen or more per day are served or sold to persons other than members of the family or household of the proprietor. It will be illegal to operate, on and after July 1st, without such a license.

SHAWINIGAN POWER OFFICIALS VISIT CITY

LARGE PARTY ARRIVED OVER QUEBEC BRIDGE ON ANNUAL TOUR YESTERDAY.

Mr. J. E. Aldred, President of the Shawinigan Water and Power Company, accompanied by a number of other officials and interested parties from Canada and the United States paid their annual visit to Quebec yesterday. The party arrived by special train over the Quebec Bridge route and during the course of the afternoon viewed the points of interest in and about the city in automobiles, arriving at the Chateau Frontenac shortly before the dinner hour. The object of the visit is to inspect the most important industrial centres of the province such as Quebec, Shawinigan, Grand-Mere, Three Rivers and Montreal.

It was the first visit of several of the American members of the party and the sight of the Quebec Bridge and the fact of crossing it, impressed them greatly as did also the sights of the Ancient Capital.

Dinner was served at the Chateau last evening and included among those present beside the party were Premier Sir Louis Gouin, Hon. Jerome L. D'Amour, Provincial Secretary, Hon. Walter Mitchell, Provincial Treasurer, Hon. Jules Allard, Minister of Lands and Forests, Hon. John C. Kaine, His Worship Mayor Lavigne and Mr. J. Eug. Tanguay, local manager of the Public Service Corporation.

The visitors, who left the city on a special car attached to the 11.55 C. P.

BRITISH LABOR WON'T NEGOTIATE WITH GERMANS

HENDERSON MAKES IMPORTANT STATEMENT TO MEMBERS OF AMERICAN MISSION.

London, June 5—Via Reuter's Limited—"We are willing to converse, but not to negotiate with German labor," says Arthur Henderson, Labor leader in the House of Commons, in a statement he made to Chester M. Wright, a member of the American Labor Mission, which visited England, which implied that the policy of Mr. Henderson and his party had been radically modified, especially regarding the question of a conference between the Allied and German workers.

He says that the Allied workers are just as sternly resolved to resist the predatory designs of the German militarist as when Belgium was brutally violated.

Nor will they accept a cynical peace on the basis of a military stalemate, he says. What they want is a peace of reconciliation and understanding in harmony with principles of international justice and the rights of nations to freely determine their own destinies. His proposals were conserved before the enunciation of President Wilson's "four principles."

"The keystone of the new international system at which the allies workers aimed" says Mr. Henderson, "was a league of nations, including not only all the present belligerents, but every other independent state. Their plan also means, as president Wilson has repeatedly declared, the renunciation of any financial or economic boycotts of Germany."

"Regarding the supposed change of attitude on the question of an international conference, we have declined from the first to associate ourselves in any conference organized with a view to negotiating a peace. On August 10th, 1917, the national executive committee of the Labor Party submitted the following resolution to the national Labor conference:

"That invitation to international conference at Stockholm be accepted on the condition that the conference be consultative and not mandatory. From that position there has been no departure."

It has been reaffirmed in the War aims memorandum adopted by the British Labor Party. The suggestion that we seek to enter a plenary congress to negotiate a peace over the heads of the responsible Governments is thus completely disposed of. From the conditions laid down in a memo of British Labor we have not receded. Upon the conditions laid down in that memo but for that purpose and that only, the allied working class movement from the Central Empires.

"We seek to unite the German people with us in an effort to overthrow militarism and imperialism, which is as much their enemy as it is ours. It is imperative that the German people should be made to realize in a face-to-face talk with representatives of the five democracies of the west that we will not submit to a German victory like that imposed on Russia, Ukraine, Rumania and Finland. If we cannot convince them that the triumph of their militarists and imperialists will permanently fasten upon the democratic nations, not excepting themselves the awful burden of armaments and compulsory service, there opens up a vista of unending war until civilization itself collapses."

"To whatever reason and conscience remaining in the people of the Central Empires we desire to appeal for the purpose of forcing them to choose, knowing the consequences of a choice between our programme of permanent peace and democratic progress and the programme of world conquest and spoliation and oppression, pursued by their present militarist rulers."

"If the material resources and moral qualities of the German people are to continue to sustain Prussian militarism then the war will be prolonged until one side or the other is completely subjugated. But it is our duty to declare to the German people that Germany's military success only postpones the possibility of world peace. We seek, by argument as well as by sustained and resolute resistance in the field, to bring them into line with us in our effort to end forever the role of force in international affairs."

Railroad last night en route to Three Rivers, Shawinigan, Grand-Mere and hence to Montreal, were as follows: Messrs. J. E. Aldred, Howard Murray, Thos. McDougall, W. S. Hart, Julian C. Smith, Russell Cowans and Geo. C. Hiam, of Montreal; Maurice J. Curran, Henry F. Huriburt, Jr., Sabin P. Sanger, Robert C. Morse, Percival Gilbert, J. Willard Wheeler, J. S. Chase, Mitchell Johnston, N. Penrose Hollowell, George Fred. Russell, James A. Hutchison, Joseph Walworth, and Fred. Ley, Boston; Joseph W. Goss, Brandywine, Pa.; Furman S. Howson, F. N. Evans, Philadelphia; Henry B. Wilcox, Baltimore; Cecil Barrett, Howard S. Mett, Lewis L. Dunham, R. W. Kelly, Moreau Delano, R. E. Jones, Frank Nichols, H. J. Fuller, H. D. Campbell, and M. E. Simons, New York.

WORRIED ABOUT EMBARGO ON NUTS

TORONTO CONFECTIONERS WILL TAKE QUESTION UP WITH THE GOVERNMENT.

Toronto, June 5—Manufacturers of nut products and confectionery are worried over the embargo on nuts, included in the recent order-in-council. Local manufacturers in such products as peanut butter point out that if carried out, the exclusion of pea nuts will mean a serious curtailment of the food product that is coming more and more into general use.

Other nuts are demanded by bakers and confectioners and Mr. Ernest Robinson, of the Willard Chocolate Company, said that since the fifty per cent cut in sugar quantities, nuts had been used to make up the lack as fillers of various kinds. In Toronto there are seven thousand people employed in the making and selling of confections. The question will be taken up by the dealers with the Government.

CONDUCTOR INJURED BY FALL FROM CAR

Conductor Gaudreau on duty on one of the open street cars on Grande Allee last night fell from his car and was rather severely injured. He was taken to the office of Dr. George Turcot, Palace Hill, and after receiving medical treatment was removed to his home. His case is not considered grave.

ACTIVITIES OF THE KHAKI CLUB

RECREATION TENT FOR SOLDIERS IN CAMP ON ST. LOUIS ROAD IN OPERATION.

The Ladies Committee of the Khaki League Club have opened a branch of the club in the Military Camp on St. Louis Road and the "Recreation tent" as it is called, will no doubt prove a big boon to the soldier boys encamped out there. Writing paper and envelopes etc. will be supplied to the men and soft drinks will be served, while papers and magazines will be at the disposal of the soldiers. The convenor of the committee, Mrs. J. F. Burdall, opened this important branch of the club yesterday afternoon. Each lady of the committee has a day set aside for duty at the tent.

The Khaki Club's work has been an important factor in Military Life and since its organization some three years ago, much good has been done. The spacious rooms in the Lemesurier building are well patronized, the cafe, reading and recreation rooms being always well filled with soldiers, the pool tables, etc., always being requisitioned while writing letters is a favourite occupation of the boys.

There is also a dormitory with 20 beds, shower baths, hot and cold water, modern conveniences are pro-

NEW BRANCH OF THE FRENCH ARMY

BUREAU TO DIRECT DEVELOPMENT OF ARTILLERY IN OFFENSIVE.

Paris, June 5—Deputies Renaudel and Ferry have introduced in the Chamber of Deputies a proposal to create in the war office a bureau which will direct its activities to the development of work of artillery in offensives. It will be similar to the bureau in charge of the aviation service and will be based on the importance at present and in future of attacking artillery.

The methods adopted by the Germans in their counter-offensives in Flanders, Picardy and along the Aisne have brought about new developments in the use of field artillery. Light field guns mounted on small wheels and capable of being moved quickly have been used. This feature of their work, together with their low visibility, has added materially to the success of the German campaigns this spring on the western front, according to military experts.

Viewed for the benefit of the boys when it is considered that this is kept up by voluntary subscriptions and that eighty volunteer helpers are constantly in attendance, the work of the club is highly commendable. Six thousand three hundred and seventy hot meals were served in May

GERMANS SEE DOOM IN THE SAMMIES

SPIRIT AND SKILL OF THE AMERICANS HAS IMPRESSED THE FRENCH.

London, June 5—(Via Reuter's Ltd.)—"Few communiques issued by the French command have contained a statement more vital to the ultimate issue of the battle than those referring to the soldiers of America in action" writes the military correspondent of the Daily Express.

Commenting editorially on the situation the same newspaper says: "The Germans may read their certain doom in the spirit and skill of the Americans in the fighting at Verdun. During the past week the transport of American troops across the Atlantic has been quicker than we dared to hope for. Better still, the quality of the officers and men has astounded the most competent military judges. Germany will find herself in the last fight faced by troops equal to the best the allies have ever produced."

1918. During one week-end alone, 600 hot meals were served, and these meals are served at a figure very close to cost price—in fact it is impossible to make money.

Mr. H. C. Foy is President, Mr. Ross Strang, Treasurer, and Thos. Reid Peacock, Secretary. The ladies committee is one of the most energetic of any patriotic body and they have accomplished wonderful work. Mrs. Roy being president.

Registration a Stupendous Task One Day - SATURDAY - June 22nd

The task undertaken by Canada to register every male and female, British or alien, of 16 years and over, residing in the Dominion, is of stupendous proportions. The machinery that has been created is most comprehensive in its scope, and the information procured through this registration will be in such form as to make it possible for Canada to mobilize every available unit of human energy, either in the "First line of defence" or at home in support of her Allies.

Five million people will have to be registered in one day. It is estimated that one hundred and fifty thousand workers will be required, to take this registration, or an army five times the size of the first Canadian contingent.

It will require at least six minutes to register one person. A Deputy working continuously can take only ten registrations per hour, or eighty for an eight hour day. On Registration Day the booths will be open fifteen hours; the Deputies therefore will have to work in two, possibly three shifts. In order to make registration convenient and easy, 25,000 places of registration will be established throughout Canada, with from one to twelve booths at each place. The location of these booths will be advertised by Proclamation and through the local press.

Canada will be divided into 230 districts, each in charge of a Registrar, who is instructed to surround himself with a competent staff of deputies and assistant deputies in whatever numbers the work may require.

Volunteer Workers Urgently Needed

To carry out this vast programme efficiently and completely, intelligent voluntary helpers are essential. Individuals, women's societies, clubs, fraternal societies, church organizations and municipal organizations are asked to help. The Board appeals with confidence to the patriotism of every Canadian man and woman

and to the pride which every locality must take in doing its own work well, to furnish the necessary number of volunteer deputies and assistants. Interpreters of all languages will be required. Those qualified should apply to the Registrar of their district at once.

Issued by authority of Canada Registration Board

IN AND ABOUT TOWN

SECOND DAY OF ANGLICAN SYNOD

DATES OF VESTRY MEETING CHANGED—ELECTION OF DELEGATES TO SYNOD.

The second day of Synod opened with a celebration of the Holy Communion in the Cathedral at 1:30. The Bishop of Fredericton was the celebrant assisted by the Dean of Quebec. Morning Prayer was said at 9:15.

The morning session began shortly after ten o'clock. The Bishop opened the meeting with prayer and the minutes of the previous day were read and confirmed. By the wish of the Synod the first subject considered was a motion of which notice had already been given regarding the war.

"Resolved, That we, the members of the Synod of the Diocese of Quebec, do here, in the name and in the presence of God, reiterate our heartfelt and undiminished loyalty to our King, and to the high principles for which he and his Allies are contending in the world war;

"That we pledge ourselves once again to do, each as Duty demands, our best for the Cause, in full obedience to Law, in conservation of food, in avoidance of all wastefulness; in steadfast maintenance of our Faith, in frequent and earnest prayer for King, Navy, Army and Empire, in penitence for our sins personal and national, so that we may be less unworthy of the victory which we pray God to give to our cause in His own good time.

"That we put on record our full belief that Penitence is a necessary precedent to Prayer, and that Prayer is Power in this War, that it will enrich the lives of those who practice it, sustain those upon whom sorrows fall, that it will tend to give patience to those who wait upon the Divine will, bring down needed gifts upon those who are in the forefront of the battle, that it will be the best preparation for the problems that face us now and will confront us in growing numbers at the close of the struggle, and be well pleasing to God."

A message of greeting was sent to the Archbishop and Synod of the Diocese of Nova Scotia. In this message the sympathy of the Diocese of Quebec was conveyed to the Diocese of Nova Scotia in the loss suffered by the Church there in the great explosion last December.

A message of greeting from St. Clement's Mission, Labrador, sent by the Rev. H. H. Corey, was read by the Bishop.

The reports of several committees were received, notably the report of the committee appointed to consider points arising out of the Bishop's Charge. Special mention was made of the facts brought forward by the Bishop showing that the malicious and slanderous charges made against the Canadian soldiers at the front were without foundation.

Vestry Meeting. A proposal to permit of the holding of the annual Vestry meeting on the second Monday in March instead of on Easter Monday, was brought forward by the Rev. H. R. Bigg, rector of Sherbrooke. The change was urged on account of the fact that in the country parishes the roads are generally at their worst about Easter time. After considerable discussion the motion was adopted.

SPLENDID ADDRESS ON THE GREAT WAR

BISHOP OF FREDERICTON CAPTIVATED LARGE AUDIENCE LAST EVENING.

The Columbus Hall was packed to the doors last night with citizens of all creeds and classes to hear the Rt. Reverend Dr. Richardson, Bishop of Fredericton, relate his experiences at the front, which, related in His Lordship's happy and eloquent manner, and interspersed throughout with pathetic as well as witty stories, fairly captivated the audience, and the frequent applause which greeted the speaker's statements was undoubtedly deserved.

His Lordship the Bishop of Quebec who presided, briefly introduced Bishop Richardson and in doing so thanked the Executive of the Columbus Hall for the kindness and courtesy extended by giving their Hall for the meeting free of charge.

The Bishop of Fredericton on his part expressed the pleasure it gave him to speak to the people of this Ancient City, and proceeding he dwelt briefly on life aboard ship going overseas, and then spoke on the slanders which had been directed against Canadian soldiers, both in England and France, which he stated emphatically could only be characterized as lies. In proof of his assertion he quoted General Currie who, when questioned on the subject of the alleged charges of immorality and drinking amongst Canadian soldiers, gave him this message: "Tell the Canadian people at home I have been in command of upwards of 100,000 men in three years and in all that time not one single Canadian has been charged with crime against women." No more reassuring statement could be made than that.

Bishop Richardson said that no story of the war could possibly be complete without some reference to the men of the Mercantile Marine, who had performed magnificent work, and faced all dangers with the greatest coolness. He also paid a tribute to the women of England in the manner in which the people of England accepted the situation. No matter what conditions or restrictions were imposed upon them they accepted them all as a means to victory and also with the spirit that whatever sacrifices had to be made, must be, in order that the men at the front should not suffer in their work of conquering the enemy.

The women of England had risen nobly to the occasion and were working at munition factories, farming, acting as drivers and conductors of trains and busses, driving automobiles and in fact were doing work, which before the war it was thought men could only perform. The Women's Auxiliary Army Corps had released 60,000 men for the firing line, and the spirit of intense loyalty to the empire shown by them was a wonderful example to all. His Lordship also paid a tribute to the Canadian Doctors and Nurses, whom he said were noted for their skill and devotion to duty. Of all the wounded ninety per cent recover at the casualty stations, ninety-five per cent recover, while of those in the base hospitals the percentage of recoveries was ninety-eight. He then vividly described his visits to the different towns and villages, once prosperous, now nothing but masses of ruins. He related his meeting with Canon Scott and said that amongst the padres at the front none were more respected or beloved than this Chaplain from Quebec. Bishop Richardson also referred to the leadership of General, Turner, Bursall and Watson, each of whom deserved the honors conferred upon them, but said that their leadership would not be worth anything if it were not for the spirit which animated the men under their command, and in conclusion he asked his audience to strive to imitate this spirit of the men at the front and together conquer the enemy.

A vote of thanks to Bishop Richardson was proposed by Dean Shreeve, seconded by Major Matte, and carried with acclamation.

The members of the Executive Committee of Synod were re-elected with the names of the Revs. R. J. Fothergill and G. H. A. Murray in place of the Rev. R. W. E. Wright and the late Canon King, and that of Mr. J. Bursall in place of Dr. Parmentier.

The Diocesan Board members were re-elected with the addition of the Rev. R. J. Fothergill in place of the late Canon King.

Greetings from the Synods of the Dioceses of Calgary and Ottawa were received and reciprocal greetings sent from the Diocese of Quebec. The House adjourned at 6:00 p.m.

GOUIN BOULEVARD IN GATINEAU HILLS

SIR WILFRID LAURIER CONFERS WITH QUEBEC PREMIER ABOUT HIGHWAY.

Sir Wilfrid Laurier and Mr. Thos. Ahearn, president of the Ottawa Motor Club arrived here yesterday from Ottawa to confer with Sir Lomer Gouin on a matter of very great importance to automobilists of Ottawa and the surrounding district. It concerns the proposed Boulevard in Ottawa County which would provide motorists with one of the most picturesque trips on the continent, a fifty mile ride into the heart of the Gatineau Hills.

President Ahearn originated the idea and it received the hearty approval of Sir Wilfrid Laurier and others. It is proposed in honor of the Provincial Premier to have it known as Gouin Boulevard and it is hoped to have the work of constructing it commenced at the same time the Ontario Government begins reparations on the Ottawa-Prescott highway which will link the Canadian capital with the superb roads of New York state and thus pave the way for a steady influx of American tourists. It is understood that the estimated cost of the Gouin Boulevard will be about \$300,000. Gatineau residents are already in a flutter over the plan, the consummation of which would transform the district into a veritable paradise for tourists.

WIDOWERS SHOULD SUPPLEMENT PAPERS

MARRIAGE CERTIFICATE NOT SUFFICIENT TO SHOW NON-LIABILITY TO SERVICE.

A good deal of anxiety has been felt by men in this military district who are not at present liable for military service, but who appear to be of an age and condition that would warrant the military police in stopping them to enquire why, they are not in khaki. This feeling has been emphasized during the past few days, since June 1st, when the new instructions went into force that every male citizen apparently of military age and capacity must carry his papers with him to show why he is still in civilian clothes. These instructions generally cover the points of age and marriage, as well as health, with regard to men in Class 1 under the Military Service Act. Under the orders such men should carry with them proofs as to age, their position as married men, and if medically unfit, proofs as to this. In case they have not the necessary birth or marriage certificates they must have documents attested by two reputable citizens who are personally acquainted with the facts, and be ready to produce those at any time, on the streets or in their homes or offices. Should any men not have such documents and appear within reasonable reach of the needs of the military service they will only have themselves to blame if they are apprehended by the military police and turned over for service until they can prove their right to civilian life.

Already a number of points have arisen in the application of these rules which have given rise to the necessity for clearer definition of the requirements, especially since the work has been taken over by the military police, whose activities are devoted to getting men rather than exemptions.

One point that has given some trouble has been the marriage certificate rules. It has been found that while instructions are given that married men must have their certificates, this does not cover the whole law, since widowers without children are qualified for Class A, while they are also able to produce a marriage certificate, which does not show whether their wives are living, or if they are widowers, whether they have children or not.

So far as the instructions are concerned it can be easily followed by widowers with children securing the necessary attestations from two reputable citizens to the effect that they are such. This will completely comply with the regulation and avoid any trouble for them.

MARRIED. TRICKEY-READ—At St. Matthew's Church, Quebec, on June 5th, 1918, by Rev. A. R. Kelley, Florence Read, daughter of Mr. and Mrs. James Read, of this city, to Mr. Albert Trickey, son of the late Mr. William Trickey and Mrs. Trickey, of Point St. Charles, Montreal.

TRIDUUM AT ST. PATRICK'S

THREE DAY'S CELEBRATION IN HONOR OF SACRED HEART BEGAN LAST NIGHT.

A Triduum in honor of the Sacred Heart of Jesus and in preparation for the Feast of the Sacred Heart which will be celebrated in the Roman Catholic Church throughout the world tomorrow, was begun in St. Patrick's Church, McMahon street last night. The service consisted of the recital of the Rosary, sermon, Benediction, recital of the Pope's prayer for peace, act of consecration to the Sacred Heart and the recital of its Litany.

A large congregation was present who listened to a most eloquent sermon on the Sacred Heart of Jesus preached by Rev. Father Scully, C.S.S.R. Selma Benediction followed, Rev. Father Mechin, C.S.S.R., being the celebrant. The Senior Choir of St. Patrick's Parish was present and besides the rendering of the usual hymns, hymns in honor of the Sacred Heart were also sung.

The Triduum will be continued at the same hour this evening, 7:30 o'clock and tomorrow evening, when similar services will be conducted. On Sunday next, June 9th, the Feast of the Sacred Heart will be fittingly observed in St. Patrick's Parish by a Solemn Grand Mass at 10:30 o'clock in the McMahon street church and in the evening, an open air procession will be held from the Grande Allee Church passing through De Salaberry, St. Cyrille, Claire Fontaine streets and Grande Allee. On St. Cyrille street, there will be a restitory where Benediction of the Blessed Sacrament will take place, the boys and girls, men and women and members of the various societies of the parish forming the procession.

GENERAL CHAPLAIN FOR FRENCH CANADIANS It was officially announced yesterday that Mr. Forbes, Bishop of Joliette, has been named General Roman Catholic Chaplain for the French-Canadian soldiers at the front.

BADEN POWELL CHAPTER I. O. D. E. A special business meeting of the Baden Powell Chapter I. O. D. E. was held yesterday afternoon to discuss a novelty fair which will be held towards the end of the month of September in the Quebec Curling Club building. The meeting was presided over by Mrs. Fred Marsh, the Vice-Regent.

LAKE SHIPYARDS BUSILY AT WORK

THOUSANDS OF MEN ENGAGED FILLING ORDERS OF EMERGENCY FLEET CORPORATION.

Duluth, Minn., June 5.—The four shipyards at Duluth and Superior, at the head of the Lakes, have government orders that will mean the carrying on of their operations at a capacity basis for two years at least.

As a result of the postponing to it of additional orders by the Emergency Fleet Corporation, the capacity of the McDougall-Duluth Company's shipbuilding plant will be more than doubled at an estimated outlay of \$1,000,000.

With the order just awarded to it by the Fleet Corporation, the company's program for this season and next calls for the building of 26 ships.

Next than 1,700 men are employed at present at the plant, and the number will be increased to 2,500 within the next six months, according to the management.

In order to afford additional housing accommodation a contract has been let for the building of 60 more houses at Riverside, the town established in connection with the plant.

The Globe Shipbuilding Company at Superior, Wis., was also awarded a proportion of the latest government ship contract.

The Superior Shipbuilding Company has been busy the last year on government work.

The steam barge Cherakee arrived in port from above at 6.30 A.M. yesterday.

The tug J. H. Hackett and tow arrived down at 8.10 o'clock last night.

The steam schooner A. Tremblay was reported in ward at Fame Point at 5 o'clock yesterday afternoon.

The steam schooner Mary Josephine reached Clarke City yesterday.

The steamer Lake Sebago after loading bunker coal left late yesterday afternoon.

The tug J. H. Hackett and tow arrived down at 8.10 o'clock last night.

SUFFERED TERRIBLE AGONY "Fruit-a-lives" Alone Gave Him Quick Relief

Buckingham, Que., May 28, 1915. "For seven years I suffered terribly from Severe Headaches and Indigestion.

Correspondence

Atlantic City, June 3, 1918. Editor Morning Chronicle, Quebec.—Dear Mr. Editor,—The receipt here of copies of the "Chronicle" of May 27th and 28th brings to my attention the conspicuous article therein which by resolution of the Great War Veterans scores the Young Men's Christian Association workers as "four-flushers and hypocrites."

Not only has the Association given away hundreds of thousands of cups of coffee, free stationary by the hundreds of thousands of dollars but is doing other and less obvious work in administering to our brave soldier boys in every phase of their life as thousands can and do testify.

As regards the matter of "higher prices," this is under Government control and statements are furnished them as to returns, any surplus is put back into the general treasury and is used solely for the further benefit of the soldier.

After some seventy years work for the young men and boys of Canada, the United States and the world, which God has so abundantly blessed, is it conceivable that the Association is going to sell its soul for a mess of pottage?

In closing Mr. Editor will you allow me to thank you for your impartial and fair minded presentation of the case in your editorial which I am sure will go far to eliminate any impression that might be left in the minds of your readers by the action of the G. W. V. and which I am sure the National Council will be better able to deal with than myself.

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else.

AT THE THEATRES

YOUR DAUGHTER MUST KNOW—
HOW IS SHE TO AVOID
DANGER WHEN IT IS
SHIELDED FROM HER ?

THE GREATEST OF ALL THE IVAN PRODUCTIONS, THE BIG SEVEN-REEL FEATURE "ENLIGHTEN THY DAUGHTER," IS SHOWING THIS WEEK-END AT THE AUDITORIUM THEATRE.

This is the magnet which drew crowded houses to the Park Theatre, New York, for four weeks, and is regarded as one of the most powerful screen lessons ever shown. The title itself is an order to parents, and why it should be obeyed is made manifest as the gripping story unfolds. In the hands of a cast headed by Frank Sheridan and Zena Keefe, and directed by Ivan Abramson, the story is told in a masterly way, and carries its spectators spellbound to the end.—Adv.

DOUBLE ATTRACTION AT THE VICTORIA THEATRE

TODAY, TOMORROW AND SATURDAY—DAINTY VIVIAN MARTIN, AND A MACK-SENNETT COMEDY IN TWO PARTS.

VIVIAN MARTIN in "Unclaimed Goods" A Paramount Picture

Latest Paramount Vehicle said to be one of the finest in which this famous star ever has appeared. In addition Louis Fazenda in a funny Mack Sennett Comedy in two parts entitled "Those Athletic Girls". A laugh from beginning to end.—Adv.

A DRAMA ABOUT A SOLDIERS' "SEVEN DAYS' LEAVE" AT THE AUDITORIUM NEXT WEEK

SPOKEN MELODRAMA OF WAR IS TO BE THE ATTRACTION AT THE AUDITORIUM THEATRE ALL NEXT WEEK — A SPECTACULAR COMEDY—ALL THAT HAPPENS TO THE SOLDIER BOY IN HIS "SEVEN DAYS' LEAVE."

A scene from "Seven Days' Leave", the big military drama at the Auditorium all next week.

The thrill of danger imminent when an enemy submarine is trapped in Allied waters by British destroyers, is suggested by one of the effects in "Seven Days' Leave", the big spectacular military comedy which opens an engagement on June 10th at the Auditorium.

Robert Campbell is sponsor for the engagement, the performances being among a limited number to be given in the United States and Canada of the big London success, still the rage of the British Capital, despite a whole year of repetition at the Lyceum Theatre. This play of unusual thrills and laughter will be interpreted by an exceptional cast, including Lillian Lee Anderson, Rosalind Ivan, W. F. Mehan, Daniel Hamilton, Jack Morton, M. J. Harriman, Maude Williams, Jobb, Winthrop, Alfred Selman and others.—Adv.

LOUISE GLAUM AND STRONG CAST APPEAR AT THE EMPIRE TODAY

Although the title and the atmosphere of the first Paralta Play to star Louise Glaum, "An Alien Enemy," which will be shown at the Empire Theatre today, tomorrow and Saturday, deals with the war, the underlying emotions of the characterization delineated by Miss Glaum, are not essentially bound to the war. There is not a single battle scene in the entire production. "An Alien Enemy," can scarcely be termed a war picture; rather it is a strong, virile story of modern times in which the development and the strength of the picture are concentrated upon the plot and not upon elements of international intrigue which run, subordinated by the plot, throughout the film. Miss Glaum appears, for the first time in years, in a sympathetic role. Her emotional performance in "An Alien Enemy" is so impressive as to rank her among the greatest artists of dramatic interpretation. This Paralta Play is from an original story by Monte M. Katterjohn and was produced at the Paralta studios in California under the direction of Wallace Worsley. Miss Glaum is supported by a strong cast of eminent players. A luke comedy and short scenics are also shown.—Adv.

W. S. HART STARRED AT THE OLYMPIA THEATRE IN "THE TWO GUN MAN"

MAX LINDER IN "THE TAXI".
HIS LAST AMERICAN RELEASE, ALSO ON THE PROGRAMME.

The Olympia is showing today, tomorrow and Saturday a big feature entitled "The Two Gun Man." In this remarkable production one of the most popular artists of the screen, W. S. Hart is featured.

It is a wonderful story telling a tale in which thrilling developments are rapidly brought up, bringing the spectator to the climax which is naturally reached by various scenes brilliantly staged.

The star is strongly supported by a first class cast in which figure a few of the favorites of the Paramount programme.

Max Linder.

Max Linder, the king of the French screen comedians, is also featured at the Olympia for these three days in

W. S. HART in "The Two Gun Man" at the Olympia.

his latest American release "The Taxi."

This is a double bill that should attract large audiences at all the performances at the Olympia.

Legal Intelligence

Judgments Rendered

Judgments by Hon. Justice Cannon:

Thibault vs. Corporation of the Village of Bienville. Plaintiff claimed \$163.20, damages from the corporation which he suffered because the main sewer was blocked in front of his home and the house was flooded, causing plaintiff considerable damage, the aqueduct being owned by the Corporation. Defendant pleaded that the plaintiff's cellar was flooded on account of a torrential rain, but that the corporation is not liable of any fault having taken all the necessary means required by law. Action dismissed with costs.

Jacob vs. Gauthier. Action for \$190.00 damages for slander. Defendant pleaded justification for what he said about plaintiff, but made offers to the amount of \$25.00, without any retraction. The offers are declared insufficient and defendant is condemned to pay plaintiff \$31.00, with costs of the action as taken.

Judgments by Hon. Justice Dorian:

Fages vs. Robitaille. Judgment for

LIFT OFF CORNS FREEZONE IS MAGIC

Costs few cents! Sore, touchy
corns lift right off with
fingers. No pain!

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right off. It doesn't hurt one bit. Yes, magic.

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of either discovery of a Cincinnati genius.

\$100.00, for rent, with interest; and
Julien vs. Juneau. Judgment as
prayed for \$18, interest and costs,
and the said-garage is maintained
for this amount in capital interest
and costs.

Judgments by the Prothonotary:
P. T. Logare Ltee. vs. Valade.
Judgment against the defendant for
\$27.19, interest and costs.
Denard vs. Pharaud. Defendant is
condemned to pay plaintiff \$211.00
pursuant to his judicial sales ion,
with interest and costs.
Banque d'Hocheville vs. Saurimy.
Judgment against defendant for \$300,
interest and costs.
