

## BALKAN ALLIES MARK TIME

### Negotiations are off Unless New Proposals are Made By Turkey

KIAM PASHA EX-GRAND VIZIER, REPORTED TO HAVE BEEN STRICKEN WITH PARALYSIS.

Constantinople, Jan. 28.—(Special)—A report was current to-day that Kiam Pasha, ex-Grand Vizier, had been stricken with paralysis, but it was announced at his residence that he was merely suffering slight indisposition, resulting from a bad cold.

**BOTH PLAYING WAITING GAME.**  
London, Jan. 28.—The special committee appointed by the Balkan plenipotentiaries drafted a note yesterday notifying the Turkish plenipotentiaries that they propose to break off the peace negotiations. The note was not submitted to the Balkan delegation, which held no meeting yesterday. Instead, the delegates gave a luncheon in celebration of the saint-day of Sabba, the patron of the orthodox church. This was attended by several of the military members of the delegations, who are leaving London to rejoin the armies in expectation of a resumption of hostilities.

The note as drafted is very brief. It reminds the Turks that since Jan. 6 the sittings of the peace conference have been suspended, without Turkey making any move toward their resumption, while the events which have occurred in Constantinople are the best proof that Turkey's answer to the demands of the allies, concerning Adrianople and the Aegean Islands will be negative.

On this account, unless the Turkish delegation has fresh proposals to make, the note points out, the allies see no alternative but definitely to break off the negotiations.

The Servian ex-premier, M. Novakovich, will give a luncheon to-day in honor of the other delegations, after which a meeting will be held for the purpose of examining the note. This another day will be gained before facing the question of reopening the war.

Rehad Pasha, head of the Turkish delegation, in an interview last night, said that he deeply regretted the obstinacy of the allies, which, he declared, was not only against Turkey's but against their own true interests.

**TURKEY'S PROGRESSIVE GOVERNMENT.**  
Constantinople, Jan. 28.—Prince Said Halim, president of the Council of State, and Secretary of the Committee of Union and Progress, has been appointed Minister of Foreign Affairs.

The first industrial act of the new Government is the granting of a concession to a German group for the construction of an underground railroad from Baysid, in Stamboul, to Chichli, the farthest quarter of Pera. The railway will run under the Golden Horn.

It is reported that a German bank will give Turkey financial aid in return, but the bank denies this report.

The Acting Foreign Minister characterizes the allies' proposal to denounce the armistice as another example of attempted intimidation to which Turkey is becoming accustomed.

## FINANCIAL EVENTS IN QUEBEC PROVINCE

### Formed The Subject of Three Motions in House of Commons

**PROJECTS OF SIR RODOLPHE FORGET WERE THE SUBJECT MATTER OF DISCUSSION.**  
Ottawa, Jan. 28.—Recent financial events in the province of Quebec formed the subject of a triplet of motions made by Hon. Rodolphe Lemieux yesterday for the production of papers. Incidentally Mr. Lemieux directed attacks at Sir Rodolphe Forget, whom he did not mention by name, and Hon. Mr. White, minister of finance. The Quebec merger, the Quebec and Saguenay Railway and the Banque Internationale were the matters which were before the House from four o'clock until after midnight, and the last subject drew statements from Premier Borden, the Minister of Finance as well as the leader of the Opposition and the Postmaster-General.

In regard to the Quebec and Saguenay Railway, definite assurance was given by the Minister of Railways, and reiterated by the Premier, that no negotiations had been entered into, much less any assurance given, of Government guarantee of bonds. But it was the Banque Internationale which provoked the warmest speeches. The member for Rouville, in trying to persuade the Minister of Finance against the assenting to the amalgamation of the Internationale with the Home Bank, asserted that the Treasury Board of the late Government had refused certificate to the Banque Internationale, and he also brought out various points, such as the ejection of the French shareholders at the recent annual meeting, and the court proceedings resulting against the manager.

It is thought more than probable that other indictments will follow.

## NEW HAVEN GRAND TRUNK REPORT

### Federal Jury Nearly Through With Its Investigations

IT IS THOUGHT MORE THAN PROBABLE THAT OTHER INDICTMENTS WILL FOLLOW

New York, January 28.—The Federal attorneys who have been conducting the re-investigation of the alleged monopoly agreement between the New Haven and the Grand Trunk roads said yesterday that they expected a report from the Grand Jury before the end of the week. The work of the jury is proceeding rapidly, because nearly all the witnesses testified at the previous investigation and many of them are required only to hear their former testimony read and to affirm its correctness.

Interest in the investigation centres in the possibility that if new indictments are found they may charge additional offences and include other defendants besides Charles S. Mellen, E. J. Chamberlin and Alford W. Smithers, officers of the two railroads who were indicted by the previous jury.

**ALLOWANCE FOR EXPLORER'S WIDOW.**

Ottawa, Jan. 28.—Asking a compassionate allowance for the widow of the late William Ogilvie, the original Governor of the Yukon, a delegation saw the Premier yesterday. Mr. Ogilvie died poor recently, but it was pointed out that his services to the country as an explorer and administrator included Dr. Thompson, M.P., and a number of Conservative members, along with the Hon. Frank Oliver and Sir Richard Scott. The Premier promised earnest consideration.

## CITY COUNCIL IS ORGANIZING

### Will Carry Commission Management Plans Into Effect

DECIDE UPON COMMITTEE CHAIRMEN—FIRST MEETING NEXT MONDAY

The members of the new City Council, with the exception of Ald. Ewing and Ald. Masse, met at an informal meeting, last night, to form plans for the work of the coming year. His Worship Mayor Hebert presided.

The question of Commission Government was discussed at considerable length, and it is understood that the wishes of the citizens in this connection will be respected. The first move will be the appointment of a capable man to take charge of all the outside work. As a result of an advertisement which was recently inserted in an engineering journal several applications have been received. The Council will also advertise in the local press so as to give an opportunity to Sherbrooke men who may be qualified to apply for the position.

**WILL HAVE EXTENSIVE WORKING POWERS.**

It is the intention of the Council to give the Commissioner in charge of the outside work as free a hand as possible. It will be his duty to see that the money appropriated by the Council is properly spent in order that the citizens get a dollar's worth of value for every dollar spent.

It is not yet known whether the powers of the Commissioner will be defined by by-law for the next year, or whether the members of the Council will reach an agreement by which the necessary powers will be invested in the Commissioner.

**CONTROLLER FOR FINANCES**

For the time being the Council will not appoint a Controller to take charge of the finances of the City. Before doing this it is their intention to have an expert auditor go over the books very carefully, in order that he may report to them what improvements to the system are required. Once the Council has this report and has decided upon an improved system of office management, steps will be taken to secure a competent man to look after this all important department.

**WILL BE GIVEN A FAIR TRIAL.**

The fact that the majority of the Council is in favor of Commission Government may be taken as a guarantee that the system will be given a fair trial. In the past the personnel of the Council has been changed from time to time, but there has been no appreciable improvement in the results accomplished. The next step is to change the system and this is what will be done this year.

If the present Council will only cooperate with the Commissioners there is little doubt but that the affairs of the City will be better managed in the future than in the past.

**THE NEW COMMITTEES.**

During the two informal meetings held by the City Council the question of chairmen of committees has been discussed at considerable length. At the meeting held on Friday evening last the chairmen were practically decided upon.

The retirement of Ald. L. H. Olivier has left the Finance Committee without a head. For this important committee Ald. J. M. Jenckes has been selected by his conferees, and it is understood has the hearty support of the majority of the council.

**CHANGE IN LIGHT COMMITTEE.**

The council has also practically decided on a change of chairman in the Light Department. Ald. Thompson, who has been chairman for several years, is to be replaced by Ald. Wm. Braut. Ald. Thompson will be given the Road Committee, which has long been considered the most difficult, as well as one of the most important, committees of the council.

**OTHER CHAIRMEN.**

Ald. Simoneau, whose chairmanship of the Road Committee during the past year was so fraught with obstacles of every nature, has been given a somewhat easier berth, and will hereafter guide the destiny of the Water Department.

Ald. Ewing will succeed to the chairmanship of the Fire Department; Ald. F. R. Darche is booked for the Police Committee, Ald. Masse for the Sanitary, Ald. Forest for the Parks and Real Estate and Ald. Prunier for the City Hall.

**ALD. DENAULT ON MARKET COMMITTEE.**

Ald. Denault has been assigned to the Market Committee. It was thought that in view of his experience in the council he would have been given a more important committee, but the practice of allotting the minor committees to newcomers was followed out in his case.

This slate will have to be submitted to the first public meeting of the council, and may possibly be revised on that occasion. This meeting will take place on February 3rd.

**PERUVIAN CAPITAL WITHOUT BREAD.**

Lima, Peru, January 28.—(Special)—The Peruvian capital is to-day practically without bread, owing to the bakers joining in a general strike of factory employes and other workmen, which began early in January.

**SOME NEW PAUL REVERES**

### Four Beautiful Women will Spread the Alarm in Washington

WILL HERALD THE APPROACH OF MARCHING SUFFRAGETTE COHORTS

Washington, January 28.—Heralding the approach of the riding and marching suffragette cohorts, four feminine Paul Reveres will gallop in relays into Washington March 3 with news of the progress of their sisters. Elaborate plans to welcome the cohorts are being made. The four, all expert horsewomen, will be Miss Inez Milholland, who will lead the parade, Mrs. Beatrice Forbes-Robertson Hale, Miss Crystal Eastman and Miss Janet Burns of New York. They will be detached from the cavalcade of "petticoat cavalry" and toiling women shortly after Baltimore is passed and at regular intervals will be sent off on dash to the capital to carry the news.

**THE WEATHER**

Fair and cold.

## SUFFRAGETTES OPEN CAMPAIGN

### Made a Concerted Attack To-Day on Windows of Dublin Castle

MRS. DRUMMOND, LEADER OF LONDON MILITANTS SENDS ULTIMATUM TO LLOYD GEORGE.

London, January 28.—(Special)—The suffragettes have lost no time in opening their militant campaign. According to report from Dublin they made a concerted attack at noon to-day on the windows of Dublin Castle, a number of which were smashed. These suffragettes were arrested.

In London, too, the suffragettes are displaying great vigor. General, Mrs. Drummond, sent an ultimatum to-day to David Lloyd George, Chancellor of the Exchequer, when he refused her request to receive deputation of women on the ground that he had other engagements. She wrote: "I and other members of the deputation intend to wait upon you in the House of Commons at eight o'clock this evening. We trust you will make necessary arrangements to receive us."

**SENTENCED TO THREE MONTHS.**

Dublin, Ireland, Jan. 28.—(Special)—The three suffragettes, Mrs. Hopkins, Mrs. Collins and Mrs. Connery, who were arrested this morning on charge of breaking fifteen panes of glass in windows of Dublin Castle were sentenced by Police Magistrate this afternoon to three months hard labor each.

**CLAIMS THAT TRICK WAS PLAYED.**

London, January 28.—England is on the brink of another campaign by the suffragettes, in comparison with which former outbreaks of the militant women will appear insignificant. Last night 2,000 policemen were engaged in dispersing the huge crowds around the Parliament buildings, shopkeepers were boarding up show windows, and excited women were making incendiary speeches in several halls. The women believe that the politicians have played a carefully studied trick upon them, and the decision of the Government to drop the Franchise Bill is likely to lead to serious consequences.

**SUFFRAGETTES HOLD MEETINGS.**

The Suffragettes held heated meetings last night. Mrs. Emmeline Pankhurst and other leaders denounced both the enemies and the supporters of the suffragettes in the Cabinet for their treachery. They declared an end of the truce which the women had observed while awaiting Parliament's action on the bill.

"Deeds, not words," was the motto displayed above the platform where Mrs. Pankhurst spoke. She asserted that the women would consider human life sacred, but would do as much damage to property as possible.

**WILL SURPRISE THE WORLD.**

Several speakers said that the women had prepared a plan of action which for the present was secret, but which would surprise the world. Several women were arrested last night, some of whom declined to give their names. One, believed to be Miss Sylvia Pankhurst, was captured in St. Stephen's Hall, leading to the House of Commons, where she was making a determined attack on a large painting.

## FOUR MEN BLOWN TO PIECES

### Premature Explosion of Dynamite in Railway Construction Camp

MEN WERE ENGAGED ON THE C. P. R. SOO LINE, 85 MILES WEST OF SUDBURY.

North Bay, Ont., January 28.—(Special)—The premature explosion of dynamite in a contractor's camp near Spragles, on the C.P.R. Soo line, 85 miles west of Sudbury, Sunday afternoon, blew four Austrian laborers to pieces and seriously injured two others.

The men were an extra gang engaged in making alterations to the road-bed of the C.P.R., and it is said the explosion was caused by the carelessness in throwing some dynamite in a shack.

**LONDON THREATENED WITH A BREAD FAMINE.**

London, Jan. 28.—London is threatened by a bread famine, should the manifesto issued by the bakers to their employers calling for better pay and shorter hours not be complied with.

The men demand a 54 hours week, with a minimum wage of \$8 a week, or the penalty of striking. At present it is said there are many cases of men working one hundred hours for \$5 a week.

While in town he is the guest of his parents, Archdeacon and Mrs. Longhurst.

**FAREWELL SERMON AT MARSBORO MILLS.** Marsboro Mills, Jan. 28.—(Special)—It was under great difficulty and deep emotion that the Rev. M. McLeod preached his farewell sermon to his congregation on Sunday from the text: Nehemiah, chap. 2, verse 19, to a large congregation where he had labored nearly twelve years and led many to Christ during his ministry. In his closing address he said that whatever the Lord may have in store for him in the future, in his memory there would be one green spot in his life upon which he could look back with pleasure and blessing the Lord for his prosperity in His work; that he saw many accepting Christ and more so many had been in Christ ripening for eternal blessings. Although hard as the parting he had the desire of his heart and the wish of his mouth was true that he would every family and member of each of the Lord's rich blessing henceforth.

**PREDICT SHORT SUGAR SEASON.** Rosenberg, Jan. 28.—(Special)—Our wise acres predict a very short sugar season owing to the slight amount of frost. But that is looking ahead some. For the past two years the maple sugar season did not really open till April. In 1911 April was nearly a week old before most people here tapped. There are therefore no full months yet for weather and we are not unlikely to get it in its severest and fullest form. So let those who are longing for a winter like last cheer up. Truly, we humans are incomprehensible creatures, seldom satisfied, or is it that we lack for conversational subjects, so must perform fall back upon the weather. Fortunately for himself and us the clerk of the weather is unaffected by all (Continued on Page 5)

**TENDERED A BANQUET.** Bury, Jan. 28.—(Special)—A nice banquet was tendered to Major W. W. Dunsmore at the Imperial Hotel by his many friends, prior to his departure for the Old Country. All wish him good luck in his new field of labor, and bon voyage and a speedy return.

Butterflies, caterpillars, robins and meadow moles are in evidence. People are plucking bouquets from their gardens. Wild geese, wood-chucks, etc., are reported from day to day. The snow has vanished and all business is at a standstill, except with physicians, who are on a rush day and night.

**PRESENTATION TO SUPERINTENDENT.** Scotstown, Jan. 28.—(Special)—A very successful surprise party was held on the evening of 22nd January at the home of Mr. Robert Scott, Postmaster of this place. The surprise of the occasion being the presentation by Rev. J.R. McLeod of a very handsome Morris Chair to Mr. Scott, from the Sunday School of St. Andrew's Presbyterian Church, to mark the esteem in which he was held by them on his completion of fifteen years as Superintendent of the Sunday School, and which position he recently relinquished much against his friends' wishes. He positively declined to offer himself for re-election. Mr. Scott feelingly replied, thanking the subscribers in a few well chosen remarks.

## MIRACULOUS ESCAPE AT COATICOOK

### Two Women Were Carried Some Distance on Cow Catcher of Engine

#### MRS. REGIS DUQUETTE SUSTAINED MOST SERIOUS INJURIES WHILE DAUGHTER-IN-LAW ESCAPED WITH BRUISES

Coaticook, Jan. 23.—(Special)—An almost miraculous escape from death and possibly a death is the result of a railway accident which took place here yesterday afternoon. Mrs. Regis Duquette and her daughter-in-law were driving across the railway track at a crossing in Lower Town, just as the noon express came thundering in. Either they did not see the train or thought they could get over the track before it arrived. In any event, the engine crashed in-

to the buggy, the horse getting over the track. The wagon was of course demolished. The two occupants of the buggy were landed on the cow-catcher. Strange to relate they were carried thereon a considerable distance without falling from the same. The train was then brought to a standstill and the two women removed from their perilous position. They were brought to the station and the Grand Trunk physician, Dr. McCurdy, was summoned. It was found that the elder woman had a broken leg or hip and severe bruises. She was nearer to the engine and got the greater force of the blow. The younger woman was shielded somewhat by the other. She escaped with only minor bruises about the head and limbs. Mrs. Duquette was taken to the hospital at Sherbrooke for treatment for fear that complications might arise from internal injuries.

## A GOOD BREAKFAST

### Some Persons Never Know What It Means

A good breakfast, a good appetite and good digestion mean everything to the man, woman or child who has anything to do, and wants to get a good start toward doing it.

A Southern man tells of his wife's "good breakfast" and also supper, made out of Grape-Nuts and cream. He says:

"I should like to tell you how much good Grape-Nuts has done my wife. After being in poor health for the last eighteen years, during part of the time scarcely anything would stay on her stomach long enough to nourish her, finally at the suggestion of a friend she tried Grape-Nuts.

"Now, after about four weeks on this delicious and nutritious food, she has picked up most wonderfully and seems as well as anyone can be.

"Every morning she makes a good breakfast on Grape-Nuts eaten just as it comes from the package with cream or milk added; and then again the same at supper, and the change in her is wonderful.

"We can't speak too highly of Grape-Nuts as a food after our remarkable experience." Name given by Canadian Postum Co., Windsor, Ont.—Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## FERTILIZERS

### Farmers Buy Nitrate of Soda, Acid Phosphate and Potash.

Mix your own Fertilizers instead of using ready mixed as have been sold heretofore.

All our Agricultural Colleges and Experiment Farms recommend and advise the farmer to do his own mixing, and many of them come out and state frankly that it will be a saving of from \$4.00 to \$10.00 per ton on the cost of your Fertilizer.

This is the most reliable source of information we have, and surely you cannot afford to ignore the many tests and practical experience of these people with all the different brands of Fertilizers on the market for years without giving it a thought.

Printed matter showing best methods of mixing, and also tables carefully worked out by experts, giving quantities to mix to supply plant food for the different crops raised in the garden and on the farm, can be had for the asking.

Will carry a stock of the three ingredients mentioned above for home mixing. You can procure your supply with the privilege of paying for same in October if you wish, and by that time you will be able to see results from your Fertilizer.

Call or write and get prices, and do not forget that these materials will cost you considerably less than mixed Fertilizer. Give us your order early that you may be able to procure sufficient quantities at seed time.

Mr. Wm. Sharman sold a lot of fat cattle to Mr. C. Chute of Eaton. They were carried at Birchton on Friday with some difficulty owing to the ice on the roads.

It is to be hoped that we will get snow enough for sleighing soon as travelling is difficult and somewhat dangerous.

## STANSTEAD COLLEGE NOTES

With the score 38 to 20 Stanstead defeated Macdonald College in a rousing game of basketball at Stanstead on Saturday. Stanstead was defeated at Macdonald College a few weeks ago and the boys were anxious to get even. They had no trouble in doing so, although they had to work hard for every point. Macdonald had very bad luck at shooting but at times got in some very good passing.

"Chick" Hyndman, who played against Astic, his old room-mate, put up a splendid game. On the Stanstead team Parsons at centre was playing his first match. He played a good game and scored a good many points. The game was a little rough but was well handled by Mr. McPadden, who gave the fullest satisfaction to both sides. Macdonald played the same team as they did at Sherbrooke.

Stanstead players have improved greatly and are putting up a very good brand of the game.

Arrival of Moderator of the General Assembly of the Presbyterian Church in Canada at the next meeting of that body, and will doubtless receive the honor of election.

Dr. McKenzie is well-known in the above named places, where in his younger days he was a student minister of the Presbyterian Church at Marsboro, Lake Megantic and also at the church in Scottstown, Mrs. McKenzie, his wife, who was Miss Marie Mordant, is a niece of the late Major J. D. Ramage, formerly of Lake Megantic, and passed her younger days at their beautiful rustic home at what is now known as Ramage Point, on the shore of Victoria Bay. When Dr. McKenzie went as a missionary to China his wife accompanied him and has since shared in all the perils and dangers as well as the missionary work in that turbulent country.

FOR BURNS---ZAM-BUK

Stop Pain at Once.

This is the verdict of all who have tried Zam-Buk. The woman in the home knows best its value. A burn from the stove, from a hot iron, or a hot pan, is instantly soothed by Zam-Buk. When the little ones fall and cut or scratch themselves Zam-Buk stops the pain and, incidentally, their crying. The best proof of this is the fact that children who have once had Zam-Buk applied come for it again.

For more serious burns, too, it is unequalled. Mr. John Johnston, of 734 South Marks street, Fort William, says: "Some time ago I burned the top of my foot severely by dropping some molten iron from a ladle I was carrying. A ten hole was burned through my shoe and into the top of my foot. I was taken home and Zam-Buk was applied to the burn directly. It was surprising what relief this balm afforded. The burn was so deep and so serious that it required careful attention, but Zam-Buk quired careful attention, but Zam-Buk prevented other complications arising, and it was daily applied, soothed the pain and allayed the inflammation. In the course of two weeks the hole burned in my foot had been quite healed."

Mr. W. B. Gibson, of Belleville, writes: "We have tried Zam-Buk often on cuts and sores, and I think there is nothing that can equal it."

Zam-Buk will also be found a sure cure for cold sores, lead-poison, varicose sores, piles, scalp sores, ringworm, inflamed patches, babies' eruptions and all skin diseases generally. All places, and stores sell at 50c. box of post free from Zam-Buk Co., Toronto, for price.

BEDFORD DISTRICT LOCAL HAPPENINGS

Gathered by Daily Record Correspondents in Various Communities

ROSENBERG.

Most unusual weather conditions continue to prevail. Friday was an ideal day for early spring. The very look of sky and atmosphere pronounced it such, while birds are twittering, crows flying about and only the calendar tells us that we are yet in the first month of the year. Very little teaming has been possible thus far, though the nine days of sleighing was made the most of by those who had wood to deliver, logs to draw to mill, lumber to get home from the mills, or teaming of any kind to do. Not a little of this kind of work has been done with wagons and many are getting up their wood piles on wheels. Others are waiting on the assurance that snow must come if only to afford the usual blizzards of February and March.

On the 23rd a violent gale attended almost to a hurricane at intervals throughout the latter part of the afternoon, passed over this section. Thirty feet of roofing was torn from a barn belonging to Mr. G. B. Brown, trees were blown across the road and the woods are full of fallen trees and branches. The Roman Catholic school was not re-opened as soon as at first reported. This was owing to some very necessary repairs being made to the building.

Building operations upon Mr. E. Desranleau's dwelling house have been suspended for a time. The funeral of Miss Helene Tittemore at Pigeon Hill on the 23rd was largely attended by people from about here. The case is a peculiarly sad one and very great sympathy is felt for the remaining brothers and sisters. Miss Tittemore was predeceased by father, mother and baby sister. Recent arrivals and departures include: Mrs. Lasnier, of Ierville, to her home after a visit to her daughter, Mrs. H. Dandurand; Miss and Mr. Dandurand to Montreal after a visit to the latter; young Master Lasnier to his home at St. Gregoire after a couple of weeks with his aunt Mrs. H. Dandurand; Miss A. Crothers home from a month's visit to Mrs. L. Fadden and other relations at Sutton; Miss H. Roberts to Morgan's Corner after a visit to her grandfather, Mr. S. D. Beckus; Miss M. R. Fortin to St. Sebastien after some time with Miss Olive Chevalier; Miss Nina Jenkins home from a couple of months' visit to her sister, Mrs. R. W. Soule, of Everett, Mass.; Mrs. C. M. LaPoint from ten days with her daughter, Mrs. R. Valley, of St. Albans; Mr. E. Chevalier back from a short time in Swanton and Highgate; Mrs. Ernest Bean, of Highgate visiting her parents, Mr. and Mrs. Elie Chevalier; Miss Rosenberger after a week with Mr. and Mrs. J. B. Dimon, of Highgate; Mr. P. C. Moore, Miss Sara Moore and Mr. Geo. Cornell back to Stanbridge East after a few days with Mr. and Mrs. Rosenberger.

IRON HILL.

Mr. Cedric Hastings, who has been suffering from pleurisy, went to the District of Bedford General Hospital, where he was operated on by Dr. F. H. Pichel, and two quarts of water drawn from his lung. He is now recovering. Much sympathy is felt for Mr. Willis Dunlavy in his recent bereavement, also for Mr. and Mrs. Jas. Renihan, whose daughter Mrs. Dunlavy was, and general regret prevails at the sudden death of one so young, and who was a favorite with all who knew her. A number of peo-

ple from here attended the funeral at West Shefford Friday morning. Mrs. Griswold had the misfortune to slip on the ice and fracture one of her wrists recently.

The annual district meeting of the District of Farnham and Bromes convenes at the Union Church next week, beginning Thursday evening, January 30th, and continuing over the following Sunday. A cordial invitation is extended to all interested, to come and help make a good old fashioned meeting. Ed. Chas. McClure, President of the District and Pastor of the A. C. Church here will be present with Rev. Folland Cousins of West Derby and Mr. Squires of Newport Centre, to help on the work. Miss Freda Jemneau returned to Granby on Sunday to again take up millinery.

A sad gloom was cast over this community when news was received from the General Hospital, Montreal, of the death of Miss Mildred Johnson, youngest daughter of Mr. and Mrs. Sias Johnson of this place, on Monday evening, January 20th. Deceased had been a great sufferer for nine weeks from gastritis and as a last hope was taken to the hospital on the Saturday preceding her death for an operation. Her mother accompanied her and was with her when she passed away. The funeral service was held in the Episcopal Church here on Thursday and was conducted by Rev. W. Payne, assisted by Rev. James Coffin, of Mansonville, uncle of the deceased, and Rev. Gordon Sisco, Pastor of the Methodist Church. The bearers were: Messrs. G. Burnham, John Willard, Willie George, Guy Peasley, Robbie Johnson and Homer Manosh. The casket was covered with beautiful floral offerings, showing the esteem in which she was held by all. The interment took place in the Episcopal Church here. Though only 15 years old, Miss Johnson was a member and active worker in the Episcopal Church, a Sunday School teacher and organizer in the Sunday School. She bore her long illness and suffering with great patience and calmness never murmuring or complaining though she must have known her young life was fast ebbing away. She leaves a father and mother, one sister, Mrs. Eva Phelps, of this place, two brothers, Mr. Percy Johnson, of Edmonton, Alberta, and Mr. Lyle Johnson, of this place, besides numbers of other relatives and friends to mourn her loss.

BOLTON CENTRE

The social under the auspices of the Ladies' Guild on Thursday last, was a very enjoyable evening. Mr. H. H. Miner kindly came with his gramophone and gave some carefully chosen records which were much appreciated. The programme opened with two or three selections from the gramophone then Miss E. L. Baker gave a reading "Does Gardening Pay" by Charles Dudley Warner. Mr. Hugh Strain sang "Annie Laurie." Mrs. Plaisted read "The Denominational Garden" from Lovey Mary; Mrs. Plaisted, song "Bonnie Doon," and "God Bless the Prince of Wales," the audience joining in the chorus. Then came cake, coffee and sandwiches and conversation, after which Mr. Plaisted called on the Rev. Mr. Forde to address the meeting, which he did in a very happy manner. Mr. Harry Edwards of Winnipeg, was also called upon and responded with a short and humorous speech which quite brought down the house. Mr. Plaisted followed with a short address. After each number of the programme Mr. Miner gave a few selections from the gramophone which made a very pleasing change. It is to be hoped we will be able to have another evening's entertainment on similar lines before spring. Wagons are out again and people are wondering when and how they will get their wood piles renewed.

SOUTH STUKELY AND EASTMAN.

In the Anglican Churches at South Stukely and Eastman there will be special services during the season of Lent. Ash Wednesday, the first day of Lent, is on February 5th. On that day and on all Wednesdays in Lent there will be a special service with an address in St. Matthew's Church, Stukely, at 7:30 p.m., and on all the Fridays in Lent there will be service and address at St. John's Church, Eastman, at 7:30 p.m. The Sunday Services in these two churches until April are as follows: South Stukely, Sunday School at 9:30, and service at 10:30; Eastman, Sunday School at 2:00, and service at 2:00. The call of the Church during Lent is to meditation, fasting and prayer. The services will help prepare heart and soul for the joyous thagsgiving at Easter. Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents worth) in a 16-ounce bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the faded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and sugar syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been patented, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in quaiacal and all the natural healing pine elements. Other preparations will not work in this recipe.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

The market for dressed hogs is steady under a fair demand for abattoir fresh-killed stock at \$12.75 to \$13, and country dressed light weights at \$12.25 to \$12.50, with heavy at \$11.75 to \$12 per 100 lbs.

**MONTREAL LIVE STOCK MARKET**

**BEEF CATTLE PRICES FIRM, BUT PORT WAS LOWER.**  
Montreal, Jan. 28.—Trading was none to active at the West End Stock Yards yesterday morning as most of the receipts of butcher cattle were of the common variety and because the drovers were asking ¼c per pound higher than on last Wednesday's market, but at about the same level of yesterday a week ago. Choice stock was scarce although a few head on offer which were bought for shipment to Quebec brought as high as \$6.75. Quite a few oxen were on offer but were in no demand. The offerings were at \$5.00.

Packers were but small purchasers of butcher cattle of any kind as they were not disposed to pay the prices asked for the lower grades. Sheep and lambs were in good demand at firm prices.

There was an easier feeling in the market for hogs owing to the smaller demand and prices were 20c to 25c lower.

Calves were steady under fair demand and small receipts. Receipts of butcher cattle since Friday estimated 900 head, of which 600 were on offer yesterday. Market firm. Choice butcher steers, few, \$6.75; average \$6.25 to \$6.50; good \$5.75 to \$5.90; fair, \$5.25 to \$5.50; medium \$4.85 to \$5.20; butcher bulls, canners, \$3.00 to \$3.50 and better grades from \$4.00 to \$5.50. Butcher cows, best \$5.25 to \$5.50; good \$4.90 to \$5.20; fair, \$4.50 to \$4.75; poor to medium, \$3.00 to \$4.00; canners, \$2.25 to \$2.60.

Receipts of sheep and lambs since Friday estimated 400 head. Market steady; 4½ to 5c and spring lambs 7c to 7½c per pound.

Receipts of hogs estimated 800 head. Market easier and 20c to 25c cwt. off. Selects \$9.25; sows, \$7.75; stags, \$5.00 cwt., all weighed off cars. Receipts of calves since Friday estimated 250 head. Market steady and slow. Prices \$3 to \$12 each, according to size and quality.

**DAILY STOCK LETTER.**  
New York Noon Letter.  
The market entirely ignored the lower London quotations and was at a slight fractional gain over last night's close. Before long dealings became quite animated and stocks rose, the first rise taking place in Cdn. shares in which the Common rose over two points and Pfd. about 7 on very large dealings. There was no definite news to account for this, but there was the usual talk of big extra dividends on the Pfd. part of which might be paid in cash and part in scrip dividend in common stock. This latter rumor hurt the rise in common stock, shorts rushed to cover throughout the active list and leading issues rose on an average over a point. On the rise enough stock seemed to be encountered to check the advance and since then trading has fallen off in volume and stocks have receded fractionally although the undertone remains distinctly strong.  
Sales to noon, 234,000.  
The grain market was steady and cotton showed some strength at the opening but ground noon had begun to react moderately.  
Montreal Noon Letter.  
Dom. Iron was the most active stock during the forenoon and gradually declined from 50 to 54½ under steady pressure. No special reason was forthcoming. C.P.R. receded a fraction to 241½, otherwise a steady to strong tone was in evidence; the grains were confined to fractions. Granby 69. Crown Reserve 300, C.P.R. Rts. 174.

**TRANSCONA**  
**THE 1913 INVESTMENT**

**YOU MR. INVESTOR**

Who wish to make your first investment of 1913 in a Real Estate that will give you reasonable and sure returns, investigate personally the merits of our proposition. The demand for Transcona is on. Will you seize your chance or will you just drift with the tide? You and only you can give the answer.

Here are the Facts which Determine the Future of Our Proposition.  
C.P.R. Transcona is bound to be the future railroad, factory and labor centre of Winnipeg. The C.P.R. Terminal at North Transcona will be larger than those of Winnipeg and largest in the world. All through freight traffic from the east to the west and vice versa will be handled through North Transcona instead of Winnipeg. All engineers, firemen, conductors and brakemen must be within reach of the "call boy" and must consequently live in North Transcona.

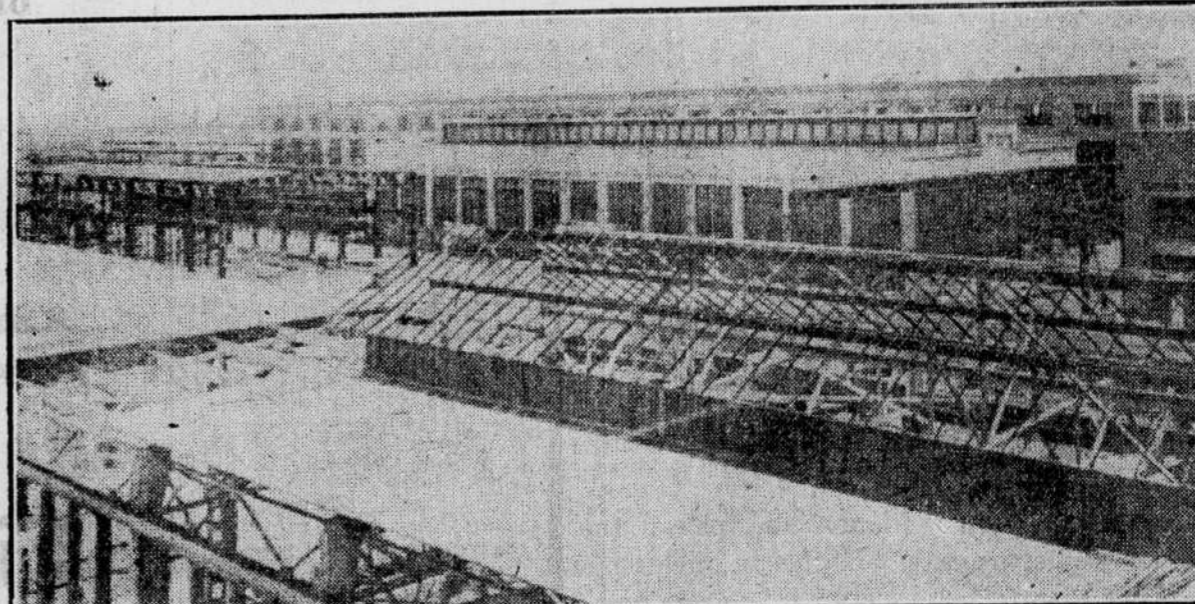

Oxford Street, Transcona

Here are the Facts which Determine the Future of Our Proposition.  
Houses for 6,000 people must be built before the fall of 1913. The monthly pay-roll nine months hence will amount to \$150,000. The distribution of \$150,000 monthly in wages will carry North Transcona through any period of temporary depression. Arrangements are now completed for the erection of 100 homes immediately the season opens. Bank buildings, hotels and stores must be erected at once.

**The G.T.P. Shops are now In Operation**

and will employ within the next six months nearly 5,000 skilled mechanics, and Lots in Transcona will double in value.

G. T. P. Shops, Transcona.

Population 1912 3,500

Estimated Population 1916 50,000

**TRANSCONA** will be great Manufacturing Centre as well. The Eli Cartridge Co., and Dominion Tar and Chemical Co., are now in operation, employing a large force of men. The Manitoba Bridge and Iron Works will erect their Mammoth plant in the Spring and will employ 1,000 men.

**REMEMBER**—our property is directly opposite this site and we have several lots on one of the principal streets of the town.

**BEAR IN MIND THESE FACTS**—Several other industries have acquired factory sites in Transcona, because they have three Transcontinental Railway Lines to distribute over, and have negotiated with Winnipeg for the cheapest electric power in the West.

### TO REPEAL THE FREE CANAL PLAN

SENATOR SAYS THAT GREAT BRITAIN HAS JUST CAUSE FOR COMPLAINT.

Washington, Jan. 28.—Chairman Adams of the House Committee on Commerce, in a formal statement predicted that one of President-elect Wilson's first requests upon the incoming Congress would be for a repeal of the free passage provision in the Panama Canal act applying to American ships. "If Secretary Knox succeeds in avoiding or postponing the demands of England," said Mr. Adams, "he will undoubtedly also remove all foundation for the illogical claims of our people, who say they are opposed to substitutes, but still favor discrimination in favor of coastwise ships from tolls, which is a subsidy. England may justly complain that if the Canal is to be used as an instrument to distribute subsidies under the treaty, those subsidies must be equal to all nations."

### BONAR LAW WHOLLY RECANTS

WOULD NOW TAKE OFF EVERY VESTIGE OF DUTY ON FOOD.

Edinburgh, Scotland, Jan. 28.—Speaking at a big Unionist meeting here, Andrew Bonar Law, leader of the opposition in the House of Commons, said the Unionists if returned to power would impose a moderate tariff on manufactured goods which would be lower than that of any other country and give the colonies the best preference possible without imposing new food duties. He said he even hoped the Unionists would be able to abolish the existing duties on food.

### INCREASE ASKED FOR BY RAILWAY MEN

DEMAND IS BEING MADE FROM THOSE EMPLOYED ON ALL ROADS IN EASTERN ASSOCIATION.

Montreal, Jan. 28.—Increases approximating ten per cent. in the wages of railway conductors, trainmen and engineers, together with improvements in certain general conditions under which the men work, are being demanded of all the railroads in the Eastern Association, including the Canadian Pacific and Grand Trunk. Delegates from three great labor organizations, the Order of Railroad Conductors, the Brotherhood of Railroad Trainmen and the Brotherhood of Locomotive Engineers, arrived in Montreal on Saturday for a preliminary conference with a view to presenting new wage schedules.

In April of 1910 a conference was held in Montreal and a schedule drawn up and submitted to the lines having headquarters in the city. After some discussion this schedule was adopted with modifications. According to this agreement any revision of the schedule was to be preceded by thirty days notice.

### THETFORD MINES HAD PROSPEROUS YEAR

Mines Now Work all the Year Round, Which Means Much to Workmen

LABOR IS SCARCE AND THE WAGES ARE VERY GOOD FOR THOSE EMPLOYED IN PIT.

Thetford Mines, Jan. 28.—(Special)—Thetford Mines has been very prosperous during the past year, and by present indications promises to be soon a town of considerable size and importance. The mines are working full time now both winter and summer, to the past year the closing of the mines for the winter season has been a drawback to the place, but under the new conditions the town is bound to grow. There are five different asbestos companies, each of which employs between four and five hundred men with room for more, as there has been a scarcity of labour throughout the year. Wages are very good, and with the certainty of steady employment, the mines should prove attractive, as the open air working is very healthy.

The town has been considerably improved during the past year, by the macadamizing of the principal streets and the laying of concrete sidewalks. Old wooden culverts have been replaced by steel and concrete bridges, and an up-to-date sewer system has been laid throughout the town. Several new business blocks have been built, and stores, restaurants and hotels are quite up-to-date, and quite a number of the prominent citizens are building their own residences.

Railway facilities are of the best, and the town includes three banks, the Bank of Montreal and Quebec and the Canadian Bank of Commerce, the last named having two branches, and there are two post offices and customs office.

The source of the town's water supply is obtained from springs into a reservoir situated about two miles from this town. This furnishes abundant pressure for fire protection. Among the most recent additions to the place is a new fire and police station, thoroughly equipped with all the modern fire fighting apparatus. A building has been purchased for a City Hall and Court Room, and a site for a public market has been set apart for the building of a market hall, which will probably be ready in the spring. For the successful furthering of their plans the city has issued bonds to the amount of \$300,000. A Board of Trade has also been instituted, which is doing good work in trying to introduce new industries into the town.

END CAME WHILE IN USUAL HEALTH. NOTES OF NEWS.  
Danville, January 28. — (Special)—The sad intelligence was received here yesterday afternoon of the sudden death of Mr. G. A. Bourbeau, of Tingwick, who was well known in Danville. The deceased appeared to be in his usual health in the morning when without any warning whatever he fell to the ground and expired almost immediately. He was about 45 years of age and was well respected by all who knew him. Heart disease is said to have been the cause of his sudden death.

**HOME SICK FROM MONTREAL.**  
Mr. J. McG. Mowat is suffering from a severe attack of erysipelas in his head. Mr. Mowat occupies an important position with the corporation of the city of Montreal and was brought home Saturday. The cause of the disease is said to be due to the wearing of spectacles which were thought to have been handled by someone having the germs.

**"TEMPERANCE BEER," "HOP BITTERS"**

Several Dealers in Sherbrooke Fined for Selling The Same

AS HIGH AS FOUR PER CENT. OF ALCOHOL WAS FOUND IN SOME INSTANCES.  
Several dealers were fined on Saturday before Judge Mulvena, \$50 each and costs, or three months in jail, for illicit possession of intoxicating liquors for purposes of sale. They all pleaded guilty to the charge, and some of them pleaded that they had acted in good faith.

A number of people who hold no license have been handling of late different brands of liquid, labelled "Temperance Beer," "Biere de Temperance," "Hop Bitters," "Barley Brew," and other preparations not labelled at all, and some labelled "Not Intoxicating." An analysis having been made of these different drinks, they were found all to contain alcohol from four per cent. down to 1.32 per cent. Some are composed of a blend of one-half water and one-half ordinary beer. Some are one-half beer and one-half soda water.  
As some of the dealers were possibly in ignorance of the fact that the License Act defines "intoxicating liquors" as "brandy, rum, whiskey, gin, wines of all descriptions, ale, beer, porter, cider, and all other liquors containing an intoxicating principle, and all beverages composed wholly or in part of any such liquors," it has been considered better not to publish their names, but it is the intention of the authorities to put a stop to the unlicensed sale of those beverages that contain, in spite of their label, as high as 4 per cent. of alcohol, and are as intoxicating as most ales.

**ALLEGED THEFT OF A MUFF.**  
Ovelima Leclair, a young married woman, wife of Joseph Theriault, of Fall River, who had been on a visit to her people at Pont Rouge, near Quebec, and was returning home via Sherbrooke, was arrested the other day by Constable Boisvert, on the complaint of Marie Desbians that she had stolen a fur muff belonging to Miss Desbians at the Union Station at Sherbrooke. The evidence was quite conflicting as to the ownership of the muff, but the Court found the weight of it was strongly in favor of the complainant, and the accused was committed for trial.

Later she asked for a speedy trial and pleaded guilty, still protesting that she owned the muff.  
Owing to some special reasons, the Court allowed her to go on suspended sentence, and she left the same evening on the B. & M. for Fall River.

**ITALIAN BANK TAKES UP \$80,000,000 WITHOUT PUBLIC SUBSCRIPTION**  
Rome, January 28.—A combination of Italian banks headed by the Bank of Italy has bought up at par, without public subscription, four per cent. five-year treasury bonds to the amount of \$80,000,000, the issue of which was authorized last December to meet the expenses of the development of the State railroads and for other purposes. A portion of this sum, to the amount of about \$10,000,000 will be employed to pay off the Ottoman debt accruing to Italy and a further amount will be devoted to meet expenses incident to the war in Tripoli.

**AUDIT OF BOOKS SHOWS ENCOURAGING STATE OF AFFAIRS.**

Cowansville, Jan. 28.—(Special)—Mr. P. C. Duboyce, N.P., has just finished auditing the books of the municipality and finds a more encouraging state of affairs than has been manifest for several years. The interest on all the bond issues has been met, and an unusually important and large amount of concrete work has been done on the approaches to the larger bridge here, and still there remains \$1,336.95 to apply to sinking fund account. The water-works system has been more than self-sustaining this year and there are scarcely any arrears of taxes uncollected.  
Two portions of the year's business loom big in the ratepayers' eyes, and justly so. The first of these is the sale to a really solvent business firm of the Woodburn property, which for years looked like a white elephant on the hands of the Corporation. The unsecured condition of the Corporation's claim against the Woodburns rendered it necessary to buy the plant and hold it until some good company needed it, and the Norwood Company fill the requirements of being a first-class company, wanting a good plant for the manufacture of hydrants, water coolers and several other staples, and of being able to pay for what they want.  
This firm is getting ready to open up here. They ask no bonus, and mean business. They are paying \$7,500 for the plant and lease rights to the land, and will soon be a very distinct addition to the village and an asset to the community.  
The printing machinery installed in the building was sold to Mr. J. J. Barker, the hustling job printer of Cowansville, for \$3,500, and he also paid cash, which is a very satisfactory fashion of doing business. The Woodburns ran their business in a different fashion and came to grief.  
The sale of this property by the Corporation will clear up an old sore. The Corporation made a fine arrangement with the liquidators, who met the Corporation halfway, and now bid fair to get soon safely out of the woods with only a tithe of the loss that was expected during many weary months.  
The second item of importance in the ratepayers' eyes is the loan secured from the Government for macadamizing roads, and this is in need of no explanation. Three or four years ago South street and the East Farnham road were macadamized from end to end. Now Main street will receive much needed attention. The time is not forgotten when the road from here to Sweetsburg was the best in the Townships. That time will soon reappear.

**A WINTER DANGER IN AUTOING.**  
Automobile drivers should be extra careful in their driving on the ice roads. This caution is not so necessary on their own account as the auto holds to its course well but the danger is to the sleighs and their occupants. Sleighs are inclined to slip sideways on the ice covered streets and some autoists in meeting rigs do not count on this possibility.  
A citizen reports some narrow escapes in this connection and asks that the attention of auto drivers be called to this source of danger.  
There is, he says, much more reason for adhering to the speed limit in winter than there is in summer.

**ORDINATION AT MAGOG.**  
On Saturday Mgr. Paul Laroque, Bishop of Sherbrooke, went to Magog to officiate at the ordination to the priesthood of the Abbe J. Cortoux, son of Mr. J. C.
