

PLACES IN THE NEIGHBORHOOD OF MONTREAL OUTSIDE CITY LIMITS.

LACHINE.

(Incorporated in 1872).

A City on the St Lawrence and on Island of Montreal (Seignory of Montreal), county of Jacques Cartier. It is the summer residence of many Montrealers and one of the most prosperous manufacturing centres of the Province of Quebec. Its works are very numerous, and thousands of men are employed yearly. The chief industries are the Dominion Bridge Co, the Allis-Chalmers-Bullock, Limited; Daly & Morin; Fisk, Limited; Asbestos Co.; Canada Flax & Fibre Co.; the Dominion Wire Rope Mfg Co.; McLaurin Bros., Limited; The National Breweries, Limited. In winter months, it is greatly frequented by pleasure parties, while in summer, thousands of tourists pass through Lachine to run the Lachine Rapids. Regattas and other sporting events take place every summer, and are largely patronized by visitors. A handsome public market has just been built at a cost of \$30,000, and it is opened daily from 5 a.m. to 9.30 p.m. It is provided with the most modern refrigerators and coolers, and all perishable articles are constantly kept on ice. A new public weigh house has just been built for the accommodation of the traders. The leading citizens of the city have just provided a Board of Trade, where all important business matters are discussed. A new City Hall, to cost about \$100,000, will shortly be erected. The Ladies of Saint Anne have built an extensive convent, which will be known as Le Mont Saint Anne. Messrs. Tooke Bros, of Montreal, have erected a large factory on Eighteenth av, and it gives work the year round to many employees. There are also three banks, viz., the Merchants Bank of Canada, the Molsons and La Banque Provinciale, all of which are doing good business. The Grand Trunk Railway runs several trains daily to Montreal. Montreal Park & Island Electric Railway have also a line of electric cars running from the City of Montreal to the Western limits of the city of Lachine. The Catholic church has been renovated and enlarged, and a new parish has been formed in Dominion Park, to be called that of the Holy Sacrament, and a new church is being built and will be dedicated under the name of "l'Eglise du Tres Saint Sacrament. The Ladies of St. Anne have built an extensive convent, which will be known as the Le Mont Ste. Anne. The Lachine Methodist Church has been rebuilt and enlarged. New granolithic sidewalks have been laid on several streets, and tar is being laid on St Joseph street, to prevent dust, and make the road bed as level as possible for automobiles. A ship canal connects the navigable waters of Montreal with Lake St. Louis. Trees have been planted on all avenues, so as to give shade to the residential districts. The Great North Western Telegraph Co. have offices here. There are two post office branches, also the Bell Telephone Co. The City is lighted by electricity, and has a fire alarm system and a complete system of waterworks and drainage. There are, besides the convent, a first-

class commercial college, two Catholic academies and two Protestant academies. Distant from Montreal City Hall, 9 miles. Mail three times daily. Population 9,800.

MONTREAL WEST.

(Incorporated as a Town, 1897).

FORMERLY MONTREAL JUNCTION

This beautiful suburb in the parish of Notre Dame de Grace West owes its origin to the junction of the O.P.R. routes, five miles from Montreal; it is so easy of access that it is in great favor for residential building. Trains connect with the City at almost all hours both by the Canadian Pacific (Montreal Junction) and Grand Trunk Rys (Montreal West), while the Upper Lachine turnpike road affords a delightful drive. The Park & Island Electric Ry. cuts through the outskirts, affording a 20 minutes' service with the City. It has three churches: Church of England, Presbyterian and Methodist, a

Public Model School and a Post Office. Mails twice a day. There are drains, water, electric light and Bell Telephone. Population about 750.

OUTREMONT.

(Incorporated in 1875.)

A town near the west end of Mount Royal Park, forming part of the municipality of the parish of Montreal, county of Hochelaga. It is bounded on the East and North by Laurier ward, on the West by Cote des Neiges ward, and on the South by Mount Royal Ward. Electric cars going around the mountain to St. Laurent, and Cartierville, pass through the town, and there is also a special ten minute service for the town. The town contains a very fine dissentient school, a large educational convent, a branch of the Sisters of the Holy Names of Jesus and Mary, a Town Hall and the Outremont Curling Club. The Outremont Golf Club has its links off St. Catherine road. Building operations have been carried on extensively during the past year. Easy of access from the city, no finer suburb can be found. Distant from Montreal 2 miles. Population about 4,000. Joseph Beaubien, mayor; G. Picher, G. H. Robinson, Donald Munro, Wilfrid Bessette, J. Ainslie, Robert Cooke, W. J. Stewart and J. Lamoureux, councillors; Julius Kruse, sec.-treas.

For names of residents, see Montreal Alphabetical Directory.

ST. LAMBERT.

A suburban town on the south shore of the St. Lawrence directly opposite Montreal in the county of Chambly, district of Montreal, with a population about 2,500 and growing rapidly. It is an important railway centre, with an electric railway to Montreal, operated by the Montreal & Southern Counties Railway Co., making 40 trips each way. Fare single, 15c return, 25c; ten trips 75c, 55 trips \$2.75, and has an excellent train service by the Grand Trunk Railway, with over twenty trains each way daily. Return 25c, single

15c, on suburban trains, return good for day of issue only, 25c; return good for 1 month 35c; single fare on regular train 25c; by commutation tickets, 10 trips for 75c, 55 trips for \$2.75, or 5c a trip

The Victoria Jubilee Bridge spans the St. Lawrence here, and all trains to and from the City stop at the railway station. Several lines of railway run here, viz: Grand Trunk for points South, East and West; I.C.R. for Halifax; Central Vermont for Ferrisburgh; New York and Boston, Delaware & Hudson for New York; South Shore Railway for Sorel and the Montreal Southern Counties Electric Railway. The distance to Longueuil, the county seat, is three miles; communication, by the electric railway. There are four churches: Methodist, Episcopal, Roman Catholic and Presbyterian, with resident ministers and cure. There is a large Academy, conducted by the Protestant School Commissioners, with a staff of five teachers

The Roman Catholic School Commissioners' school is now conducted by the sisters of the Holy names of Jesus and Mary and have a staff of five teachers and they have built a convent that has cost \$30,000, to receive boarders and two Brothers of the C. S. Viateur for the boys. There is excellent boating on the river, and the St. Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal. The residents are mostly employed in the City, and select it for a suburban home from its favorable situation and excellent means of communication at all seasons with the city. A brick work wall along the river bank gives the Town a fine promenade of over 1,000 feet in length from which the view of Montreal, lighted at night by thousands of electric lights, is magnificent. During the winter months direct communication is had with Montreal by an ice road across the St. Lawrence on which considerable driving is done, and by the bridge. St. Lambert is being rapidly built up, and is destined to become a very important suburb point and has a system of water, drainage and electric light. Mail twice daily. G.N.W. Tel. Co., has an office, also telephone communication.

THE
Annotated Code of Procedure

BY
PIERRE BEULLAC
 OF THE MONTREAL BAR.

The Publishers beg to announce that they have just published a complete annotated edition of the Code of Civil Procedure. The text is in both languages and arranged in parallel columns; under each article will be found the appropriate jurisprudence, both the old and the new, given in the language of the report from which it is taken. There is also given the **RULES OF PRACTICE**, annotated, the **TARIFFS OF FEES** and **DISBURSEMENTS**, also annotated, and a very complete **INDEX** of Cases and **INDEX** of Matters.

NOTE.

It is important to note that this Code contains ten years' legislative amendments and jurisprudence, the latter probably amounting to more than two thousand cases decided under the new Code.

Two Very Important Features.

The numerous changes made in our laws on Civil Procedure since the appearance of the first Reports have caused many a decision of Jurisprudence to lose its practical value. As a consequence the practitioner is obliged to ascertain what the law was at he date of a decision if he wishes to know the value to be placed on such decision. This code spares him the work of finding out whether decisions referred to are worth anything under the present law or not. Each decision has been carefully looked into, those which having no practical value under the existing law being left out, while all those which can help in interpreting the law have been retained and the *judges* verified.

Besides, the practitioner has not to look over the whole of the notes under an article in order to find what he is looking for. The notes consisting of Jurisprudence and quotations from writers on procedure or pleadings are given under the appropriate article in the logical order, and as often as the importance of the notes justifies it, the matter is divided into chapters and sections, thus enabling the practitioners to know at a glance to what part of the notes he can restrict his searches.

FORMS.

A valuable collection of new forms is given.
