THE DOG SHOW.

The Dog Show, held in the Arena last week, was one of the most successful affairs of its kind ever held in Montreal. The exhibits were more varied in character than usual, and the entries were numerous. On the first page of this issue a few of the prize-winners in several of the classes are featured, and elsewhere will also be found a couple of prize-winners.

AN EARLY SUMMER SCENE IN THE HIGHLANDS OF ONTARIO—The Highland Inn, Algonquin National Park, Grand Trunk Railway System. This is rapidly acquiring a continental reputation as a hunting ground and pleasure resort.

SUMMER SCENES IN THE CANADIAN WEST—Regatta at Katopwa Lake, about 12 miles from Indian Head, Sask. In Eastern Canada the annual regatta has been a fixture for years back; in the new parts of the Canadian West it is comparatively modern. It is perhaps one of the most pleasing out-door pleasures of our summers.

KELSEY Zig-Zag Heat Tubes Make the KELSEY WARM AIR GENERATOR the most powerful apparatus. The "Kelsey" warms fresh air by the best method; warms large volumes of air properly and forces to exposed or distant rooms; has double the weight and heating surfaces of the ordinary furnace, and utilizes all the heat to much better advantage; does not heat the cellar or waste heat up the chimney. The "Kelsey" does not warm the same air over and over like steam or hot water systems with radiators; costs less to install, and for management and repairs; and is more efficient, healthful and economical. These are a few of the reasons why the Kelsey Fresh Air System has been installed in so many of the finest class of City and Country Homes, Churches and Schools, and why it is being specified in preference to other systems. Send for Kelsey Booklet. The JAS. SMART M'F'G CO., Ltd. BROCKVILLE, ONT.

Cool Underwear

Cotton and Linen Underwear Feels Nice and Cool When First Put On, But—

They get wet, clammy and oppressive in a short time, and are very liable to give you a chill. And because they retain the poisonous exhalations of the skin they become uncleanly very quickly.

Pure undyed wool is nature's own covering for all warm-blooded animals in hot and cold climates. It possesses the natural properties of absorbing and at once evaporating perspiration, keeping the pores healthily active and the body relieved in nature's way of excessive moisture.

Garments made of pure wool do not chill the skin when damp, nor do they become offensive like linen and cotton.

One woollen garment will keep sweet as long as three or four of linen or cotton. So that, in the long run, wool is cheaper than cotton. It saves laundry bills, doctors' bills, and the wear and tear of constant washing.

Pure undyed wool is the only clothing for human use.

Jaeger Pure Woolen Garments fulfill nature's intentions, and are made for men, women and children in the finest summer texture. The greatest care is taken to have these garments perfect. Jaeger System also includes smart shirts for men, Golf Coats, Socks, Stockings, Coat Sweaters, Blouses, etc.

GRAVE AND GAY.

Prosperity is not merely owning a motor-car and owing money. With many people charity begins at home and seldom goes for a walk. Men never fight so fiercely as when they disagree about the proper method of worshipping a God of peace and love. Advice and assistance seldom go hand in hand.

Some folks' idea of drama is a climax surrounded by stuffed figures. All men are selfish when they have got something they want. Habits are the standard of morality for the majority. The wages of sin vary according to the social status of the sinner. Put a beggar on horseback—and he'll ride to the first place where he can sell the horse.
