DIPLOMATICALLY THERE IS NO CHANGE,

32 Library of Parliament 21Dec8

But the Preparations for Eventualities on the Part of Great Britain Go on at a Steady Rate.

MUCH STIR IN HALIFAX NAVAL YARD.

England Has Assumed a Warlike Attitude and May Give the Powers Something to Think Over in the Near Future—France Disposed to be Peaceful.

Halifax, N.S., Nov. 3.—Orders have been given to the commander of torpedo boat No. 61 to be in readiness to proceed to Sydney to join the warships Pelican and Cordelia. The dummy torperdoes on the torpedo boat have been replaced with the genuine article. Cipher telegrams were exchanged between Sydney and Halifax this morning, and cipher cables are being received almost hourly by Admiral Fisher from the Imperial authorities. The office of the naval authorities has been removed to the Admiralty house, and strict orders have been issued forbidding the press or public receiving any information.

The authorities have been notified that two fast and powerful cruisers are being commissioned at Devonport for this station. The cruiser Columbine, now at this port, has orders to be in readiness to proceed to sea at a moment's notice and to ascertain the exact number of French war craft cruising off the Miquelon coast. These warships coal at Sydney at regular periods.

The Cordelia and Pelican, with torpedo boat No. 61, will prevent the Frenchmen from coaling at Sydney in case of trouble with France. Being without coal, these obsolete gunboats will be at the mercy of the British men-of-war. The strictest secrecy is being maintained here regarding the movements of the war vessels. War-like preparations continue.

Paris Peaceful; London Warlike.

Toronto, Ont., Nov. 3.—(Special.)—Whereas in Paris the attitude, not only of the government, but also of the press, is distinctly more conciliatory and more peaceful, the situation here in London has become so much more threatening as to affect the money market. It is now known that this pacific attitude on the part of the French Government and people is due in the main to the advice tenderd in the name of the Czar by Count Muraview, the Foreign Minister, while at Paris, who informed M. Delcasse and President Faure that if France declared war against England she would have to fight her alone. But the Czar promised that if France would have patience and defer any quarrel that she might have to pick with England to a more favorable oportunity, Russia would take steps to bring the entire question of England's presence in Egypt and its illegality before a European congress, and would support France to the last extremity in her contention. This being the case, it is evidently not the present state of feeling across the channel which causes England to arm in a manner without precedent since the Crimean war, more than forty years ago. But it is because the English Government is about to perpetrate a coup which is calculated to excite to the boiling pitch the angry passions of the French people, and possibly, too, of other continental nations.

A British Protectorate.

It is the proclamation by this Government of Egypt as a British protectorate, as no longer a portion of the Ottoman Empire, but as an integral part of Queen Victoria's dominions. It is no longer a secret that England's intentions in the matter have been hastened by the discovery that France has secured from the Sultan a lease of the Bahr-el-Ghazal province and of the Bahr-el-Ghazal banks of the Nile, which it contemplates producing at the congress which Russia has undertaken to assemble some time hence for the discussion of the entire Egyptian qustion. England has objected to France's presence either at Fashoda or in the Bahr-el-Ghazal on the ground that the latter is an Egyptian province, temporarily held by the Dervishes, but now restored by means of conquest to Egypt, and it was the Egyptian flag alone which General Kitchener hoisted at Fashoda. Wheather Russia will go to the length of going to war in order to keep England out of Egypt is a question, but there is no doubt that she will bring every conceivable pressure to bear in the matter. Just what Germany will do it is difficult to say. An impression seems to prevail here that Emperor William's acquiescence has been secured to Great Britain's move, and that this was really the subject of the negotiations between Arthur Balfour and Count Hatzfeldt last summer concerning which there has been so much speculation. On the other hand public opinion in Germany will not be favorable to Great Britain's annexation of Egypt unless some full guarantees are given with regard to the neutrality of the Suez Canala. As the chief highway of the Orient, this canal gives each European nation a sort of vested interest in the Egyptian question.

It is understood that Emperor William's sudden abandonment of the Egyptian portion of his trip was due to the knowledge of the fact that he might have found himself in the land of the Nile at the very time when Lord Cromer was proclaiming its annexation by England. This would have been decidedly awkward.

Goldwin Smith's Opinion.

Toronto, Nov. 3.—Mr. Goldwin Smith writes:

There is a rift in the war cloud," say the journals. The cloud never was so dark or so charged with electricity as they represented it; and of whatever electricity there was they were themselves largely the conductors. Two governments must have lost their senses before such an affair as that of Fashoda could lead to war. A very different scene would be opened if Great Britain, under the guise of declaring a protectorate, were to annex Egypt. She is pledged to the other powers against annexation, and her seizure of that country with the command of the Suez Canal, whether it led immediately to war or not, would place her in an attitude of permanent hostility and menace to the rest of Europe. It might not unlikely be the signal for a general combination to put limits to her ascendency and restore the freedom of the seas. There is no doubt a party in England, with Mr. Chamberlain at its head, which, intoxicated with the sense of maritime power, wants to provoke a fight. It would learn what, to a manufacturing and commercial country, was the cost even of a successful war.

It should not be forgotten that the Sultan is still legally suzerain of Egypt, the Khedive being legally his Lieutenant; and that England, under the treaty of Berlin, placed herself in an almost tutelary relation towards the Ottoman Empire, receiving the cession of Cyprus as her fee.

THAT CHINESE STORY.

The despatch dated from Wei-Hai-Wei about British ships "clearing for action," published in The Herald yesterday, was probably manufactured in the New York World office. It first appeared in a special edition of that paper on Tuesday afternoon. The intimation about the fleet "clearing for action" is a yellow journal touch. There is really no necessity to clear for action, even supposing war is on, when no enemy is in sight. The operation only takes fifteen minutes, and a knowledge of this fact shows how thoroughly unreliable a despatch is which declares that ships are cleared for action and ready to go to sea on an hour's notice."

England Purchases Coal.

Philadelphia, Nov. 3.—A morning paper publishes the following:

"The probability of a war between England and Frence received fresh impetus yesterday by the action of England, who purchased a large amount of American coal for immediate delivery at her West Indian naval stations. In response to hurried cablegrams from London, ship brokers engaged in the West India trade spent the greater part of yesterday searching for tonnage suitable to transport the coal from Philadelphia and Newport News to points where it will be most convenient for English war craft to fill their bunkers. Sailing vessels from 1,000 to 2,000 tons capacity are particularly in demand.

"The first shipments are to be sent to Kingston, to be followed by vessels for Bermuda, St. Lucia and Demerara, which are the principal ports in the West Indies subject to Great Britain. It is proposed to discharge a part of the purchase at St. Thomas, a Danish island, for which hulks will be used.

"It was reported yesterday that two British warships had been ordered here to undergo slight repairs, which under ordinary circumstances would have been made at either Halifax or the Bermuda Islands."

Extraordinary Activity.

Hong Kong, Nov. 3.—Extraordinary activity has prevailed in naval and military circles here during the past few days. But no information on the subject is obtainable.

The British first-class cruiser Powerful has just taken on board over two thousand tons of coal, and all the other British warships here are taking on board stores and ammunition. It is reported that they have been ordered to be ready for sea immediately. The British second-class cruiser Bonaventure has been recalled from Manila and arrived here last night. She is now coaling with all possible haste.

It is reported that the British gunboats have been ordered to rendezvous here.

At the navy yard here the ordnance department is most active, and is engaged in mounting siege guns.

WAR RISKS EASIER.

War risks today are quoted at 7½ cents per $100 from Montreal to England. This is a decrease of 3½ cents in four days.

THE CRISIS IN PEACE PLANS.

French Opinion on the Deadlock Between the American and Spanish Commissioners.

U. S. AFTER A GREAT DEAL

European Nations Are Anxious That They Should Come to a Settlement of Some Kind.

WOULD HELP TO CLEAR THE AIR

Paris, Nov. 3.—The Echo de Paris today expresses strong approval of the speech delivered at Worcester, Mass., on November 1 by Senator Hoar, in which he denounced the so-called policy of American extension. The paper mentioned quotes the speech fully, and remarks that all American political men "apparently do not agree with th policy of conquest."

The Figaro says: "The peace negotiations have reached a very critical point. Up to yesterday the Spanish delegates had received no definite instructions from Madrid. Will the Spanish Government accept the American proposition. We doubt it."

The Petit Bleu remarks: "One must admit in looking beneath the surface that the late war has completely changed the American character. Outside of being anxious merely for commercial supremacy and playing a small political part, save regarding the South American republics, the United States felt no desire to interfere in European politics. But everything changed very suddenly. After the success against Spain the American Government felt itself capable of taking part in European politics, and the advances of Great Britain showed the American ministers they could speak up. This popular feeling has induced the American Government to demand the whole of the archipelago, when at the outset a part of the Philippines was all that was demanded.

"This new demand exceeds a war indemnity, and this is the weak point which American diplomacy has encountererd. The Spanish Government is at the end of its resources, and, hopeless as it is for her to attempt to master the insurrection in the Philippine Islands, even if they were handed over to her to-morrow, it is evident that if, instead of using the words 'Abandonment,' 'Cession,' against a cash indemnity, is spoken of, the Spanish and American delegates may come to terms.

"The American delegates have made several offers, and have at the present time proposed the sum of $40,000,000. The Spaniards want more, and have demanded $100,000,000.

"The Spanish delegates, for whose sad condition one must feel pity, had for a moment the illusion that Europe would intervene and defend the interests of Spain. They must have lost this illusion by now. American diplomacy has played its part with great cleverness, and has from the outset gained an extraordinary position. At the present moment the United States is taking advantage of the hatred against England, which is growing upon the Continent, and offers its neutrality if Europe will leave the United States a free hand with Spain.

"Besides, Europe really has no interest to interfere. The various European governments foresee what will inevitably come if the United States restores the Philippines to Spain. As soon as Spain has proved her inability to quash the revolt, Germany would offer her interested assistance, and, immediately, the covetousness of France, England and Russian diplomacy would provoke international intervention, which would raise a quarrel of exceptional gravity.

"At the present moment, it is because something of the sort might happen that the attitude of Europe in general towards the Spaniards and Americans is as follows:

"Come to some agreement about the price of the Philippines; make concessions on either side, but whatever you do, be quick about it. There are plenty of troubles floating round just now upon the political horizon without a prolongation of these dangerous negotiations of yours."

SAID GOOD-BYE TO THE CAPITAL.

Their Excellencies Left for Toronto This Morning by Way of Brockville.

PROHIBITIONISTS GATHER

They Will Probably be Told That Legislation Cannot be Introduced at Present.

STEAMSHIP MATTER IS SETTLED

Ottawa, Ont., Nov. 3.—(Special.)—Lord and Lady Aberdeen took farewell of Ottawa to-day. They left for Toronto by way of Brockville. They will have two hours to wait in Brockville for the westbound train, and during that time will hold a reception. A guard of honor from the 41st battalion will be present. From Toronto Their Excellencies will go to Montreal, and from there to Quebec, where Lord Minto will be sworn in as Governor-General on the 11th instant, and Lord and Lady Aberdeen will sail for Scotland.

The I.C.R. Operators.

It is understood that Grand Master Powell, of the Railway Teelgraphers, has made a satisfactory arrangement with Mr. Blair for the present in regard to the claims of the operators on the Intercolonial Railway. Later on Hon. Mr. Blair will meet some of the operators at Moncton, N.B.

Steamship Difficulty Over.

The Government and the Allan and Dominion Lines have as good as settled the difficulties over the six months' contract for carrying British mails. The trouble was as to the dates of sailing. That has now been pretty well arranged, and the contract will likely be signed in a day or so. Mr. J. N. Greenshields, of Montreal, who was here yesterday arranging the matter, left for home last night.

The Prohibitionists.

The interview between the prohibitionists and members of the Government in respect to the plebiscite vote will take place this afternoon in the Railway Committee room of the House of Commons. Mr. F. S. Spence has made arrangements for the interview. The prohibitionists have made up their minds to demand a prohibitory law, and the reply of the Government will no doubt be in effect that the recent vote was not one that would justify such legislation.

CAPT. GILLETTE ARRESTED

Hartford, Conn., Nov. 3.—(Special.)—"Capt. Gillette" was arrested in this city under the name of Norman Browne on Saturday last, for passing a bogue cheque pretending to have been signed by H. H. Larkum, of the National Exchange Bank. He was suspected of having attempted other transactions of a simialr nature, and was held by the Police Court on Monday in $5,000 bonds for further examination. It is now supposed that his name is Gardiner Howells, as letters from his mother have been found indicating this. He is supposed to have married Gertrude Atherton, now living in Mattewan, N.Y., supporting herself by teaching. She is said to have had money, which Howell ran through. Howells was finely dressed, and in an interview acknowledges that he knew Gardiner Howells, but did not so identify himself.

CHICAGO MARKETS.

Messrs. J. S. Bache & Co. report the following quotations from Chicago:

Nov. 3.	Opg.	High.	Low.	Close.

THIS EVENING.

Academy — Haverly's Minstrels. (An average minstrel show.)

Queen's—"Lost, Strayed or Stolen," farce-comedy. (Fair, but amateurish.)

Francais—"The Highest Bidder" legitimate comedy and vaudeville. (A good entertainment.)

Royal—Burlesque. (Very ordinary.)

Federated Trades Council Meeting.

Central Trades and Labor Council meets.

Place Viger Hotel—Architects' dinner.

Karn Hall—Miss Cartier's piano recital.

Armory—Royal Scots presentation of prizes 9 p.m.

Monument National—Real Estate Owners' Association.

St. George's Church Y.M.C.A. anniversary gathering.

St. Andrew's Home—Annual preparatory meeting of St. Andrew's Society.

Old Brewery Mission—First of the winter concerts.

No. 30 McGill College Ave.—St. John the Evangelist's Girls' Friendly Society Concert.

Fine and Mild.

Probs:—Moderate to fresh westerly to southerly winds; fine and comparatively mild to-day and to-morrow.

Highest and lowest temperatures yesterday Kamloops, 50, 38; Qu'Appelle, 44, 26; Port Arthur, 42, 34; Toronto, 54, 28; Montreal, 52, 32; Halifax, 52, 42; Calgary, 36, 22; Winnipeg, 48, 30; Parry Sound, 48, 36; Ottawa, 54, 20; Quebec, 44, 28.

Temperatures observed by Hearn & Harrison, opticians, 1640 and 1642 Notre Dame street, Montreal:—Standard thermometer—8 a.m., 38; 11 a.m., 49; maximum, 52; minimum, 30. Standard barometer—8 a.m., 30.38; 11 a.m., 30.34.

ANOTHER KIND OF "DRAWING."

The Montreal Provident Association Starts in to Make People Rich at a Small Cost Where it Differs from a Lottery.

"The Montreal Provident Association" is the newest Montreal scheme for making people rich at small cost.

Its promoters say that it is "created to stimulate economy and savings by the accumulation of capitall from small assessments."

Of course it is not like other "drawings." Its promoters are anxious to point this out. They say that in a lottery 2,000 tickets or more are issued, and from these a prize is drawn, while in the case of the Montreal Provident Association one of the "bondholders" wins $100, while the profits go towards buying securities to redeem the ten or sixteen-year bonds which the public purchase. "Special agents will call to receive subscriptions," says the M.P.I., while lotteries say "Canvassers sell our tickets for the drawing." In the latest enterprise "bonds" are issued instead of tcikets.

Mr. G. d'Hauption registered on October 14th in the Tutelle office as follows—

"I, the undersigned, Germain d'Hauption, financial agent, residing in Montreal, in order to conform to the prescriptions of article 1834a of the Civil Code of the Province of Quebec, certify by these presents that it is my intention to create without delay, and that I intend to direct, the financial establishment which shall have for denomination, Comptoir de Prevoyance de Montreal (Montreal Provident Institution), of which the offices and counting room shall be at Montreal, No. 1996 Notre Dame street, and that no person is associated with me.

Done at Montreal, the 14th of October, 1898.

(Signed) G. d'Hauption.

"Filed and enregistered this fourteenth of October, one thousand eight hundred and ninety-eight."

I visited the store, 1996 Notre Dame street, to-day, and found everything ready for the first drawing, which takes place on November 19th. In the window are many bright bank bills, and the place has a very enticing appearance.

MR. LEDOUX'S ACCOUNT.

The Claims Committee, After Taking Evidence Under Oath, Reduces it by Several Thousand Dollars—Other Accounts Passed.

The Claims Committee held another session behind closed doors last night, and used for the first time the right given them by Council to examine witnesses under oath. The large account of B. Ledoux & Co. for repairs in the various departments was thoroughly examined. Evidence concerning it was taken under oath, and a few interesting facts concerning the manner in which the repairs were ordered were elicited. These will be reported to Council in due time. The account was reduced several thousand dollars to $14,000, and the treasurer was asked to pay that amount. The accounts of The Shearer & Brown Co. for $357, and John McDougall for $543.88 were also ordered to be paid.

SHIP CHANNEL TO BE IMPROVED.

All the recommendations in Col. Anderson's report on the ship channel, which was published yesterday, have been approved, and steps have already been taken by the Marine Department to carry them into effect.

One of the most important sections in Colonel Anderson's report is that fluke anchors, standing eight or ten feet above the channel bottom, is a danger to navigation, and should be done away with. When these fluke anchors are taken up this fall they will no longer be used, cast iron sinkers being used to anchor the buoys next year.

NEW G.T.R. OFFICES ARE NEO-GREC.

The Grand Trunk Railway offices committee met this morning for a short conference with Mr. Wainwright and Architect Waite regarding the plans for the big building. The following letter from Mr. Waite to the Mayor was read:

"Referring to the drawings of the new general offices of the Grand Trunk Railway System, as submitted to Your Honor, in person, the noon of the 29th inst., it was clearly evinced that the elevations are treated Neo-Grec, that is a modern adaptation of Greek and Roman architeceure. Not a servile copy, but from the spring whence marvellously simple and logical inspirations of the art of the Greeks is obtained, for architecture is required to modify its forms in accordance with the conditions of life, of temperature, and plan of the required arrangement.

"The sculptural parts are concentrated upon features supported by dignified and quiet masses of walls, and while Greek, will have the French phase. The plans are naturally adopted with reference to the absolute needs of the company; entrances, galleries, corridors, apartments and minor arrangements are placed with reference to the convenience of the public and company, yet keeping in view a pleasing impression as to its beauty. The principal materials for the facades, now under consideration, are: granite, red or grey, sandstone, a grey-bluish and limestone, and also a combination of these materials. The construction will be of a most permanent character, working in materials of the highest grades, with all steel and iron parts absolutely concealed in solid masonry. As to cost, this naturally depends upon the materials chosen for the facades. However, the sum named ($250,000) in the contract between the city and the company will be largely exceeded."

The Mayor said to the committee that it was desirable to get the plans before the Council as soon as possible in order to allow the company to go ahead with the work on the foundations.

In answer to Ald. Laporte Mr. Waite said that nineteen trades would be required to finish the building. Tenders would be asked from each of these trades, so that all would be free to enter the competition.

The plans will be submitted to the Council as soon as the details are completed. They will then be laid before the G.T.R. directors in England, and as soon as the cable that they are accepted is received the work will be pushed ahead with all speed.

WAR RISKS GETTING DULL.

The prospect of war between England and France has caused a decided movement in marine insurance rates. The war risks are separate from the regular rates, and some few days ago a number of war risks were taken out in Montreal at 10 cents per hundred dollars. These vessels were, of course, British vessels. To-day the rates have dropped, and are about 7 1-2 cents per hundred dollars. No risks have been taken on French vessels, but these would be higher, owing to the great strength of the British navy and the great risk French merchant vessels would incur if war broke out.

During the Spanish-American war the war risks on British vessels went up as high as 25 cents. Risks on vessels flying the United States or Spanish flag arose to $1.50, or $2.

CORINTHIAN MASONS.

The D.D.G.M. Pays Them an Official Visit at the Masonic Temple—Patriotic Speeches.

The loyalty of Freemasonry to the State was abundantly proved at the regular communication of Corinthian Lodge, No. 62, A.F. & A.M., at the Masonic Temple last evening. Both speeches and song at the social entertainment partook of a patriotic character in view of the happenings of the present time.

R.W. Bro. W. Paterson, D.D.G.M., attended by a goodly array of Grand Lodge officers and past masters, paid an official visit and was cordially received. The D.D.G.M. and visiting brethren were hospitably entertained after the meeting, W. Bro. Thomas Laing, W.M., presiding, when the usual loyal and Masonic toasts were duly honored.

In responding to "The Grand Lodge of Quebec," R.W. Bro. Paterson took occasion to refer to the hearty manner in which the first toast, "The Queen and the Craft," had been received. It was particularly significant in these trobulous times, and showed the loyalty of Masons to the State. He congratulated Corinthian Lodge on its renewed success, and referred to the great progress which the various lodges in the district of Montreal were making. He wished Corinthian Lodge every success.

R.W. Bro. C. J. Williams, Grand Registrar, also alluded to the loyalty of the craft, and said that in case of trouble Masons would not be found wanting..

V.W. Bro. James Walker, Grand Purvuivant, also acknowledged the toast, and wished Corinthian Lodge every success.

"The Visiting Brethren" was replied to by W. Bros. J. S. Jellyman, W. Bro. T. McRobie, W. Bro. Carroll Ryan and Bros. W. J. Furse, of New York; Bro. C. J. Linford, of the S.S. Dominion (who regretted that this was the last trip of his ship to the port this season), W. Bro. Alex. Miller and W. Bro. Thos. Erskine.

W. Bro. Carroll Ryan, who had been a Mason for thirty-two years, remarked that he had seen some years of service in the British army, and although only a non-commissioned officer, he had felt his full responsibility in upholding the honor and glory of the British flag. Under the protection of that flag the Masonic Order had flourished more than in any other land, and with the heir to the throne occupying the position of Grand Master of England, they might feel that a triumph of British arms was a triumph for Freemasonry, and he hoped that whatever might be the outcome they would always be able to meet together as they did to-night to advance the principles they held so dear.

Bro. C. R. Willis, who had joined the British army forty-one years ago, followed with an inspiriting and patriotic song.

The D.D.G.M. proposed the health of Corinthian Lodge, which was acknowledged by W. Bro. Thomas Laing, R.W. Bro. H. Dunne and Bros. N. L. Bonneau and James Dick.

During the evening some fine songs were given. Bro. John Poole, who was in splendid voice, sang Rule Britannia, the whole company joining in the chorus, and had to respond to an encore. Others who contributed to the musical programme were W. Bros. Johnson, J. F. Smith, W. J. Furse and Garland. Bro. N. L. Bonneau was the caterer, and he did his duty well.

AT BROCKVILLE.

Their Excellencies Presented With an Address and Otherwise Honored by the Citizens.

Brockville, Ont., Nov. 3.—(Special.)—Lord and Lady Aberdeen made their first visit to Brockville today. Their Excellencies, who were accompanied by Lady Marjorie Gordon and Col. Denison, A.D.C., were met at the station on their arrival on the C.P.R. train from Ottawa at 10.40 by the Mayor and members of the Town Council and a large number of representative citizens. The 41st Battalion provided a guard of honor and, headed by the battalion band, a procession was formed, proceeding to the front of the Court House, where an immense crowd had gathered.

Mayor Downey presented an address to His Excellency, to which he replied in pleasing terms, expressing his thanks for the address and the pleasure they had in visiting Brockville. Little Misses Wilhelmina Comstock, daughter of Mr. W. H. Comstock, and Doris Jackson, daughter of Dr. Jackson, presented Her Excellency with a basket of roses and a bouquet of the same flowers. After Her Excellency's reply, the party were driven around for half an hour, and they left by the noon train on the Grand Trunk for Toronto. The town was beautifully decorated for the occasion, and presented a fine appearance.

Can Have Their Own Pilots.

St. John, N.B., Nov. 3.—(Special.)—The pilot commissioners state, in reply to a memorial from Montreal steamship agents who will do business here this winter, that no request has been made to do away with the system allowing each agent to select his own pilots, and they have no present intention of altering the system.

MURDER IN BUFFALO.

Peter Allan, a Night Watchman at the Grand Trunk Sheds, Shot and Killed.

Buffalo, N. Y., Nov. 3.—Peter Allan, 40 years old, a night watchman at the Grand Trunk sheds, was shot and killed early this morning while on duty. The identity of the person or persons responsible for his death is a mystery, but they are believed to be safecrackers whom he sought to intercept while they were fleeing from Patrolmen Hyde and Boland. The office of the Western Beef Company had been robbed, presumably about two o'clock. Later the patrolmen discovered three men acting suspiciously, and when the officers called to them they fled, firing two shots at the officers, which were returned, without effect. Later they fired a third shot, and this, it is believed, is the one that killed Allan, who, it is thought, attempted to intercept them. It is possible, however, that Allan was struck down by a stray bullet in the running interhange of shots between the officers and men they were watching.

SENT THEM HEATHER.

Bob Esdaile Remembers all of His Old Friends on the Board of Trade.

"Bob" Esdaile, who has been over in Europe for several years, remembered his old friends on the Board of Trade by sending them each a small bunch of heather. It arrived too late for Hallowe'en, but the members got the heather this morning, and it brought up recollections of the days when Mr. Esdaile was actively engaged in business, and was a daily visitor on 'Change

Something New.

The barless steel plate grand piano manufactured by John Broadwood & Sons, of London, Eng., pianoforte makers to Her Majesty the Queen. This piano was used during a part of last July at Marlborough House, by the family of H. R. H., the Princess of Wales, and will be the sole instrument used at the Karn Musicale Saturday afternoon, Nov. 5th, at 4 o'clock. This beautiful instrument can be seen in the window of the D. W. Karn Co., Ltd., Karn Hall Building, St. Catherine street.

CITY HALL FABLES.

II.

Once upon a time, not more than a thousand years ago, there lived in a Great City a man who was noted for Benevolent acts towards Himself. In every respect he was a Great Man, and his acts of Kindness towards Himself were unbounded. There was nothing this Kind man would not do to further his Own private Interests, and his Efforts in this direction spread his fame far and wide, so that the People stopped in their paths and marvelled greatly.

After some months, when his acts of Charity were spread broadcast throughout the Land by the Press, the Common People were even more Astonished, and were Eaten up in their Wonderment to think that a mere man should bestow such careful Attention to Himself and His Own Affairs.

Many of his Acts of Kindness put large quantities of Silver Shekels and Paper Money into Circulation, the same being previously owned by the People. But they—the People—deemed it a high Honor to shower the money hereinbefore mentioned at the Benevolent Man, though their Sentiments towards Him changed a little later, which change came about in this wise: The said Benevolent Man entertained an Undying Affection for carrier Pigeons. In fact, the birds were the delight of his Heart, and in the end things came to such a pass that they lived on the Fat of the Land and nothing was too good for Them.

In those Days the People in many parts of the City, the Outskirts principally, stumbled at night time through Dark alleyways and Stubbed their Toes against Unseen objects for want of Light. When the Great Man saw this he Meditated unto Himself and said: "Shall my Pigeons suffer Thus in their handsome Pigeon house?" And he briefly answered unto Himself: "Nit."

And Thereupon the Great Man had Electric lights of great brilliancy placed in the heretofore-mentioned Pigeon-coop, regardless of Expense. When the People saw this, and saw that the Benevolent Gentleman had, with his usual Consideration, chalked up the Bill to them, so that they had to dig Deep into their Pockets to extract the Necessary Coin, they cried in an unanimous voice, "Enough," and clamored for the Man to Vacate his Job.

Moral.

It is a Dangerous Thing to Wire a Pigeon House with Electricity At the City's Expense.

THE BILL OF PARTICULARS—ITEM 13.

When Mr. Laforest became superintendent he constructed a splendid workshop on St. Charles Borrommee street, using pressed brick, bought at fancy prices from a firm in which the son of an alderman is interested. There was no need of the building, for a first-class shop had been made by Mr. Davis. But too many bricks were bought, several thousand too many, and where they are now is a mystery.

But that is another story. The point of interest in the present situation is that the big shop is not suited to present circumstances, so a little shop has been taken on Plessis street, and some appliances have been sent there to be painted. By way of explanation, it is stated that some work is being done at Plessis street for an alderman who has had the city's painters doing odd jobs at his house this summer.

Note.—Mr. Laforest had a fine fox-house made at the city's shops, as well as a pigeon-house. Both are on the largest and most modern plan.

FROM ALL OVER CANADA.

THE ONTARIO W.C.T.U.

Some Uncomplimentary Remarks Made About this Province in the Report of the President.

Ottawa, Nov. 3.—At yesterday afternoon's session of the W.C.T.U. Mrs. Thornley, provincial president, read her annual report, in the course of which she dealt very extensively with the plebiscite. The report was apparently prepared with a view to being offensive to the Province of Quebec, because the majority of the voters were against prohibition, and contains statements which it would have been best were not made. As to the result in the Dominion, Mrs. Thornley made the following statement: "Counting in the territories, we carried seven out of the eight provinces. Taking the country by constituencies, about 125 pronounced for prohibition and 81 against. This country is not ruled by a majority of voters, but of constituencies. The unit by which they measure political triumph is therefore with us. If the members now in the House truly represented their electorate there would be about 128 prohibitionist M.P.'s and 85 antis. Leaving out Quebec, the country said by 105,975 of a majority "down with the licensed bar." Even including the Frenchman, we have still 13,000 of a prulality. What Government would not be proud to receive election with such a heavy electoral margin to spare? According to the figures given by the parliamentary companion, Sir Wilfrid Laurier came into power on a minority of the total recorded vote of over 40,000. We have no objection to offer, for he secured a majority of the constituencies. But we carried both constituencies and voters."

Our Field Batteries.

Ottawa, Nov. 3.—(Special.)—The official returns of the general efficiency of the field batteries of Canada have been issued, and show the 16th Battery, Guelph, on top, with a total of 553.3 marks. The marks are as follows:—

16th, Guelph	555.3
9th, Toronto	513 7
4th, Hamilton	506.2
2nd, Ottawa	491.4
7th, St. Catharines	477.4
12th, Newcastle	465.2
11th, Guelph	464.9
13th, Winnipeg	464.2
15th, Granby	450.4
8th, Gananoque	416.4
6th, London	398.2
3rd, Montreal	397.5
17th, Sydney	375.0
14th, Port Hope	374.7
10th, Woodstock	371.5
5th, Kingston	354.4

The First Field Battery, Quebec, were excused from drill.

Six Thousand Sportsmen.

Toronto, Ont., Nov. 3.—Fully six thousand sportsmen are now ranging the northern hunting grounds in chase of deer. This is the estimate of Chief Game Warden Tinsley, based upon the number of licenses issued this season to hunters and settlers. This official further calculates each of these 6,000 sportsmen kills at least one deer on an average, and notwithstanding this deer are increasing. The clearing of large timber tracts and their replacement in the course of nature by a thick undergrowth, is one of the prime factors in this increase, for it not only affords protection to deer in places impenetrable by huntsmen, but also gives them a better supply of food. Nobody can gauge the vast number of deer in the north, as they are scattered over such a wide district.

The Strike Is Not Settled.

London, Ont., Nov. 3.—The Street Railway Company announced at 4 p.m. yesterday that they would not accept the proposition made by the men for 16 2-5 cents per hour and the arbitration of disputes. What their plan of action will be is not made public, but it is expected that they will make an effort to operate their cars some time today. The police authorities have been requested to furnish protection to their employes, and have notified the company that they will do so. A number of young men were before the police magistrate yesterday to answer charges of disorderly conduct on the public streets on the occasion of the first attempt to run cars with non-union men on Friday last. They were remanded for a week, and in the meantime more summonses will be issued for other offenders.

Teaching Poorly Paid.

Toronto, Ont., Nov. 3.—Principal Parkin, of Upper Canada College, at the distribution of prizes yesterday, said: "In order to establish great schools the services of the best men are needed, and they must be well paid. Teaching must offer them a career, but the school service of the country at the present time does not do this. The schools of Ontario, despite their merits, offer no opportunity for the creation of a great teaching profession."

General Wilkinson.

Toronto, Ont., Nov. 3.—Lieut.-General Sir Henry Wilkinson arrived from Winnipeg yesterday en route for Montreal. Sir Henry enjoyed an excellent month's hunting in and around Rat Portage and in Northwestern Manitoba. Big game was bagged by the party, which included Lieut.-Col. Henshaw, of Montreal. In Northern Manitoba, in the Flintona district, th live stock of the farmers is suffering from the inroads of mountain panthers, said to have wandered from their usual abode in the western mountains. Game of every description, particularly duck, partridge, and grouse, abounds in the Thunder Bay district.

It is the primary duty of every woman to wear in her face the lilies and roses of health. It is one of woman's natural missions to please, and one of the first attributes of a pleasing woman is a complexion that shows the bloom of health.

No matter how beautiful a woman may be at the outset, if she suffers from weakness and disease of that delicate and important organism that is the threshold of human life, she will soon show traces of suffering in her face, and very shortly become haggard and homely. She will lose her animation of manner, the sparkle will fade from her eyes and the roses from her cheeks, her form will lose its roundness and her step its sprightliness. Dr. Pierce's Favorite Prescription imparts strength, health, vigor and virility to the feminine organism. It allays inflammation, heals ulceration and tones the nerves. It makes weak women strong in a womanly way and able to bear the burdens of maternity. It banishes the suffering of the period of gestation, and makes baby's advent easy and almost painless. It restores the lost complexion and imparts strength, vitality and health to the entire system.

"I am very thankful for what Dr. Pierce's Favorite Prescription has done for me," writes Mrs. Etta E. Smith, of Grenola, Elk Co., Kans. "About a month before I was confined I had such pains that I could stand up only a little while at a time. I could not rest at night or at any other time. I could scarcely eat anything. I began taking Dr. Pierce's Favorite Prescription and after the second dose I felt better. From then until I was confined I carried all the water that was used up a long hill and worked in the garden every day, besides my other work and did not feel at all bad. When the baby was born I had a very easy time. The women said I had an easier time than any one they ever saw for the first time. The baby is very healthy. I got up when she was five days old. After two days I began my own work and felt stout and healthy."

For a free, paper-covered copy of Doctor Pierce's Common Sense Medical Adviser send 31 one-cent stamps, to cover customs and mailing only. Cloth-bound 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y. A medical library in one 1008-page volume.

KINGSTON LIBERALS.

Reform Association of the Granite City Elects Officers and Compliments the Retiring President.

Kingston, Ont., Nov. 3.—(Special.)—The annual meeting of the Kingston Reform Association was held last night, President Pense gave an account of his stewardship for five years, and told of the success of Liberalism in this city during those years. The election of officers was then proceeded with: Honorary president, Hon. W. M. Harty and B. M. Britton, Q.C., M.P.; president, Ald. R. F. Elliott; first vice-president, Patrick Daley; second vice-president, W. J. Livingston; third vice-president, Michael Sullivan; treasurer, W. R. McRae; secretaries, W. R. Dick, J. M. Farrell and E. C. Dean.

A resolution was carried and a committee appointed to devise some suitable way of testifying the association's gratitude to its retiring president, Mr. Pense.

Overcome by Powder Fumes.

Rossland, B.C., Nov. 3.—(Special.)—Powder fumes caused the death of William Cain and Patrick Nolan, miners, in the Sunset mine last night. The men went into the mine before the gas was blown out, felt the effects and tried to escape, but were overcome and fell from the ladder, death resulting. Fred Holt was rescued by George Drewry, who descended in a courageous attempt to rescue the others and nearly succumbed himself. The boiler was being cleaned, and the hoist was not working.

A Creditors' Meeting.

Sweetsburg, Nov. 3.—(Special.)—Yesterday a meeting of the creditors of the P. & A. Corset Company, of Farnham, which recently made an assignment, was held at the court-house. Messrs. Kent and Turcotte, of Montreal, were appointed curators.

The argument in the celebrated Harvey vs. Pare suit for damages for false arrest will be heard by Judge Lynch on Friday. Hon. Mr. Duffy for plaintiff, and Mr. Jacques for defendant.

Sutton Liquor Cases.

Sutton, Que., Nov. 3.—(Special.)—Four liquor suits were tried before Judge Mulvena here yesterday, with T. Amieraum counsel for plaintiff and J. C. McCorkill counsel for the defendants. The parties convicted of selling liquor were James Wilson, Benjamin Sisco and Wm. Manson, of Mansonville, Que., and Saul Daignault, of Eastman, Que. They were fined $100 and costs each, this being the second violation of the Scott Act for each one.

Order Ontario Live Stock.

Toronto, Nov. 3.—(Special.)—The Newfoundland Government has instructed the Live Stock Association of Ontario to procure and ship to the island for breeding purposes ten Southdowns, twenty Shropshires, twenty horned Dorsets and one stallion. The present order is in accordance with the policy of helping the farmers of the island to improve their live stock, upon which the Government determined some time ago.

A Tramp's Terrible Death.

Winnipeg, Nov. 3.—(Special.)—A tramp was killed Tuesday night while stealing a ride on the Atlantic express, which arrived yesterday morning. He was riding on the brake beam of the sleeping car, and in some way became caught by the axle and was wound round and round until he became an unrecognizable mass of flesh. His remains were discovered at Qu'Appelle, and so far his name has not been discovered.

Missing Bag of Gold.

Winnipeg, Nov. 3.—(Special.)—A Vancouver despatch says a sensational rumor is going the rounds that a bag of gold worth seven hundred dollars is missing from the Bank of Montreal. The rumor became rife after the bank closed, and Manager Sweeney cannot be seen. Other officials have nothing to say. It is alleged that the bag disappeared on Friday, and contained English sovereigns.

Sustained Mortal Injuries.

Comber, Ont., Nov. 3.—(Special.)—The 12-year-old son of William Souliere was unloading furniture at the home of his parents a short distance from the village, when the horses started, throwing young Souliere from the waggon. He sustained internal injuries, which caused his death before a physician could be summoned.

Bought a Copper Mine.

Toronto, Nov. 3.—(Special.)—An important mining transaction was brought to a close yesterday, when the Arcadia Copper Mining Co., of Boston, acquired the copper properties on Michipicoten Island owned by Joseph Cozens, of the Canadian "Soo." The amount of money paid by the company has not been given out, but it is understood that the sum involved was a large one.

Ottawa Men Acquitted.

Brampton, Ont., Nov. 3.—(Special.)—F. Coleman and M. Gallagher, two Ottawa young men, who were brought here on a charge of passing bogus money, were honorably acquitted Tuesday by the police magistrate. There was no evidence whatever against them, and the witnesses all declared they were not the parties wanted.

Took Carbolic Acid and Died.

Toronto, Nov. 3.—(Special.)—Tired of her life and hopeless of the future, Edna Leslie, a young woman well-known on the down-town streets of the city, drank three-quarters of an ounce of carbolic acid and died in a few minutes, in Mrs. Ford's restaurant, King street west, last night.

Mr. Dryden's Majority.

Whitby, Ont., Nov. 3.—The two outstanding polls in the South Ontario election have just been heard from. No. 5, Pickering township (Cherrywood), gives Dryden 9 majority; No. 2, Reach township (Gregg's schoolhouse), gives Calder 26, making Dryden's net majority 100, with all places heard from.

Mr. E. F. Clarke Resigns.

Toronto, Nov. 3.—(Special.)—Differences have arisen between some of the directors of the Excelsior Life Insurance Company and E. F. Clarke, M. P., president of the organization, and as a result Mr. Clarke has tendered his resignation.

A Masonic Banquet.

Toronto, Nov. 3.—(Special.)—At least eight hundred brethren of the Masonic body attended a banquet to Most Worshipful Brother E. T. Malone, grand master of the Grand Lodge of Canada, tendered by the Toronto city lodges in the Temple building last night.

CAN RECCOMMEND IT. — Mr. Enos Bornberr, Tuscarora, writes: "I am pleased to say that Dr. Thomas' Eclectric Oil is all that you claim it to be, as we have been using it for years, both internally and externally, and have always received benefit from its use. It is our family medicine, and I take great pleasure in recommending it."

ELECTION TRIALS.

Four More Petitions Removed to Toronto and Will Not be Proceeded With.

Toronto, Nov. 3.—Four more election petitions, one Conservative and three Liberal, have been moved for trial to Toronto, which means that they will not be proceeded with. They are North Essex, held by J. McKee; North Renfrew, held by A. T. White; and East and Centre Simcoe, held respectively by A. Miscampbell and A. B. Thompson.

The West York election protest trial opened this morning.

The South Perth protest trial was enlarged until the 11th of November.

Particulars were filed at Osgoode Hall yesterday in the motion to unseat J. W. Holmes, the Liberal member for Haldimand. The charges made are the usual ones of corruption and illegaly giving or offering money or other valuable considerations in order to influence voters.

Cobourg, Ont., Nov. 3.—(Special.)—At the East Northumberland election trial yesterday the counsel for the petitioner concentrated their energies in an attempt to prove that Mr. Douglas, the member, had been guilty of bribery by treating. Nearly twenty witnesses were produced, who swore that they had seen him in bar rooms buying drinks for electors, and one witness testified that he had been solicited for his vote, and that the candidate had treated him when he told him he would consider whether he should vote for him. The witnesses for the respondent will be heard to-day.

MR. GRACE LEAVES.

The Pastor of St. Bartholomew's R. E. Church Accepts a Call to a a Cleveland Congregation.

Rev. Archibald H. Grace, B.A., pastor of St. Bartholomew's Reformed Episcopal Church, leaves the city next week to assume the pastorate of a large church in Cleveland, Ohio. While his many friends will rejoice to learn of his advancement they will regret his departure from among them. Mr. Grace came out from England nineteen years ago, and after studying under private tutors in Montreal for some years he went to Philadelphia and took a four year course in the Reformed Episcopal Theological Seminary. In 1892 he was ordained and took charge of an Ohio congregation, where he remained for two years. Having made up his mind to take an arts course in McGill, he returned to Montreal, and while studying here was secretary of the McGill Y.M.C.A. He was very popular among the students, and on the football and cricket field scored many successes for the college teams. For over a year past Mr. Grace has been connected with St. Bartholomew's Church.

TO ASK PROHIBITION.

The Montreal Deputation Left for Ottawa This Morning to Interview the Government.

The Montreal members of the prohibition deputation which is waiting on the Government this afternoon left for Ottawa this morning. Those in the party were Major E. L. Bond, John R. Dougall, Geo. M. Webster, S. J. Carter, Walter Paul, Rev. G. G. Huxtable, Rev. J. McKillican and Mr. J. H. Carson.

It is understood that the deputation as a whole will ask for national prohibition. The Province of Quebec executive held a meeting yesterday afternoon, at which the action of the general council at the recent meeting in Toronto was endorsed.

MUSIC AND DRAMA.

Fanny Davenport's production of "Anthony and Cleopatra," the play which Victorian Sardou wrote around the last days of the "Serpent of the Nile," will be revived at the Academy next week. Mr. Melbourne MacDowell, that excellent romantic actor who has helped so signally in the later triumphs of Fanny Davenport, will again be seen as Marc Antony. Miss Blanche Walsh will appear in the characterization of the lady of the title. The mounting of the melodrama has caused most favorable comment, and makes of the production one most delightfully spectacular. On Monday and Thursday nights will be presented "La Tosca," for the first time in Montreal, in English. Tuesday, Wednesday and Friday nights and Saturday matinee, "Antony and Cleopatra." On Saturday night "Fedora" will be the bill.

Manager Phillips, of the Theatre Francais, announces William Gillette's famous comedy, the "Private Secretary," as a big attraction for the coming week. This laughable comedy has not been seen in Montreal for many years, and it will, therefore, be all the more welcome when next played. Bishops' College boys have decided upon next Thursday night as their annual theatre night at the Francais. Great preparations are being made to make the night the most successful of the many college festivities of old Bishop's. The Goldsmith sisters, known as the "Queens of Vassar," are to head the vaudeville bill.

The Theatre Royal will be occupied all of next week by the "Sporty Widows" spectacular company, who are expected to give a performance of exceptional merit. The first part of the entertainment is a merry trifle called "A High Old Time." It is a jumble of nonsense, mirth and melody that appears to have found its way into the good graces of the fun-loving public. The olio of novelties will introduce many specialty artists whose names are a sure guarantee of worth.

Miss Mabella Biggart.

Miss Mabelle Biggart, of New York, is at the Windsor, and expects to remain in Montreal for several weeks. Miss Biggart has just come from Newfoundland, where she has been spending the summer in the interests of the National Geographical Society of Washington. She will embody the results of her work in an ethnological study to be published under the title of "Acadians Old and New." She has also begun a story of Newfoundland life, and is collecting materials for a work on which she has been engaged for seven years, and which she will call "Ourselves and Our Neighbors." Montrealers may remember that Miss Biggart was here two years ago with Mrs. Cora Stuart Wheeler, and gave an entertainment in the Queen's Theatre for the Diet Dispensary. Miss Biggart goes from here to Chicago and New York, and will close the season in England.

To Prevent is Better than to Repent.—A little medicine in the shape of the wonderful pellets which are known as Parmelee's Vegetable Pills, administered at the proper time and with the directions adhered to often prevent a serious attack of sickness and save money which would go to the doctor. In all irregularities of the digestive organs they are an invaluable corrective and by cleansing the blood they clear the skin of imperfections.

St. Henri Council.

At a meeting of St. Henri Town Council, last night, a letter was read from Madame Sanscartier, claiming $1,000 damages for a fall on the sidewalk. It was referred to the Insurance Company. A letter was read from the Deputy Minister of Railways and Canals to the effect that the question of a level crossing at St. Elizabeth street would be again discussed in committee on Dec. 8th next.

The Sultana Not Sold.

Winnipeg, Nov. 3.—(Special.)—J. F. Caldwell denies that he has sold the Sultana mine, or has received an offer or given an option.

BIGOT OR FANATIC.

A Prohibitionist Does Not Object to the Names in View of the Immense Injury Done by Drink Evil.

Editor of The Herald:

Sir,—I read with interest in Saturday evening's Herald the letter from your correspondent, I. R. McLeod, claiming that we prohibitionists are neither dead nor defeated, nor discouraged, and while I endorse every claim he makes, there are some points which he might have made which are worthy of note.

There are not a few kind people who have told us we are fanatics, and for one I do not care to deny it. But as I read my dictionary I discover that the word has two prominent meanings, enthusiasts and bigots. We'll look at both points.

We read the signs of the times, and note that all the world over intelligent people are coming earnestly to our side.

British army statistics declare that soldiers who are total abstainers in India are proportionately guilty of only a very small percentage of the crimes, and are comparatively exempt from sickness and death, as compared with the drinking portion of the army. Lord Kitchener had the army in splendid condition, because he smashed every package of liquor, for both officers and men. Lord Wolseley, as commander-in-chief of the army, says that is the only way to secure that result. And now the British government is calling a conference of all the powers to arrange for the prohibition of the sale of liquor to native races all over the world. Well, we like to have such men as Lord Salisbury join our camp, and he must have been either very enthusiastic, or intensely conscious of the mischief which liquor is doing, when he would ask the great powers of the world to join him in an attempt to crush the liquor traffic everywhere among barbarous people. Surely it should not be long before he looks at its doings at home as well.

We long ago had Gladstone and Harcourt on our side, while, for more than one presidential term in the White House, liquors were conspicuously not present. Such is the rapidly accumulating evidence that the world is coming to our side. Here is one of the grounds of our fanatical enthusiasm, and we look at our plebiscite vote in the light of it. Don't the liquor men rejoice in the outlook for their side?

But another point we make is the ground on which we are opposed.

Dr. Grant, who so strongly championed the anti's side, proclaimed his reason to be a desire to attempt a better way. He declared his hatred of the liquor curse to be as strong as ours, only he did not believe public sentiment to be strong enough to make prohibition effectual. Well, there is not much in this for the liquor men to rejoice over. Their champion acknowledges their cause is doomed. The good men everywhere ought in some way to contend against it, and if so, then the educational results of the campaign are immensely on our side. Said a gentleman to me—who employs from 150 to 200 hands in his factory—"I have never been a total abstainer, and am not now, but I see so much evil among my hands I would gladly give up my glass of wine to save my men. My vote was for prohibition." And so the tide rises, surely and strongly.

It is true we have not obtained a majority of all the votes in the Dominion; but pray don't forget that there never was an election in Canada, in which the electors had a majority of all possible votes. But in 7 provinces we had a vast majority of the votes cast, and every one of those votes was cast disinterestedly, while the other side, with millions of money invested in the liquor business, were not able to drum up ten per cent. of the possible vote. If we had no other plea than the one fact that we have the disinterested vote two to one as against the moneyed vote, that of itself should give us courage, while it warns the liquor men that the death knell of their power is coming.

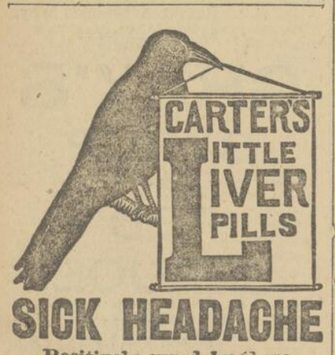

Well, it won't hurt me to be told I am an enthusiastic fanatic or anything else, so long as I know our cause is stronger and stronger every day.

What, then, about bigotry? A bigot is one who is intensely one-sided. And for myself I acknowledge it is true. Our Recorder, a day or two ago, declared that a very large majority of all the cases brought before him are either drunkenness or crimes from drink. In fact, I doubt if 10 p.c. of the prisoners in our gaol, or the gaols of Canada, or the United States, or Great Britain, are total abstainers. Total abstainers are not the class of people who go to gaol anywhere. Wherever prohibition exists policemen are scarcely wanted.

Then surely there is some reason for being one-sided. But look for a moment at another point. In 1885 we had a plague of small-pox in our city, and over 3,000 died by it, and the cry was carried all round the world. But we have as many deaths from drink in the city of Montreal in every three years as small-pox cost, and we are one-sided bigots if we try to crush that which does the mischief!

We are now told that there are a dozen cases of small-pox in the Dominion of Canada to-day, and doctors can't tell us where they come from, or hence how they do come. Therefore, the head of our sanitary department warns the city. We may at any moment have a case or cases appear in Montreal. And while we are warned to take every possible precaution he is armed with arbitrary power to seize and isolate any possible victim in order to save the city, and yet, forsooth, if we try to save our people from more deaths and insanity and crime and poverty every year than are carried off by small-pox on the continent of America in 10 years, we are bigots and fanatics. Well, I confess I am one. Yours truly,

W.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Carter's Little Liver Pills.

Heavy Loss.

The loss on the Mohegan, recently wrecked on the south coast of England, was the greatest sustained upon a single vessel this year by the Marine Underwriters. The total loss was £192,000. The steamer was valued at £140,000 and was insured at £112,000, and is a total wreck. The cargo was not a valuable one, and was insured at about £80,000.

TO LESSEN THE CHANCES OF SHIP'S ACCIDENTS.

The Board of Trade intends to lessen the chances of ship accidents in the river all it can, and one of the results of yesterday's meeting was that the Government will be asked to extend the telegraph line to Belle Isle and also improve the signal at the same point.

Some years ago the Board of Trade made the same request, but the Conservative Government turned the deaf ear on them. The question has been set rolling again by the secretary of the Montreal Captains' Club, who forwarded a petition, numerously signed by shipmasters, praying that the existing telegraphic communication with the Lower St. Lawrence be extended as far as Belle Isle lighthouse, so that in case of accident to vessels assistance might speedily be afforded; also that the present bomb at Belle Isle be replaced by a powerful foghorn, and that foghorns be placed at Heath Point, Anticosti, at Cape Chatte and at Father Point.

The council therefore willingly agreed to the request that it should forward the petition, which it did in the following resolution:—

"That the council cordially endorses the recommendations in the petition, and hereby orders that the same be transmitted to His Excellency-in-council; that since the year 1894 the Montreal Board of Trade and the Marine Underwriters' Association have steadily pressed upon the Government the necessity for prompt action on both the extension of the telegraph line to Belle Isle and the improvement of the signal there."

The Deputy Minister of Marine acknowledged the council's communication respecting certain acts of piracy committed on the steamship Ganges, lately wrecked in the Straits of Belle Isle, and asking that immediate steps might be taken to recover the stolen property, and to bring the offenders to justice. The Deputy Minister of Marine stated that the matter was receiving the attention of the department.

The municipal affairs committee, which has had in hand the consideration of the city charter, and the executive committee of the council will together represent the board at the meeting of the Civic Charter Committee at the City Hall tomorrow evening, and there speak to the board's representations, which are already in the hands of the City Clerk.

Consideration was given to the question of the transatlantic mail contract system, but a decision was deferred.

The Marine Underwriters' Association had communicated a resolution urging that in the interests of life and property, the port warden regulations now in adoption in Montreal should be adopted for vessels loading at the port of St. John, N.B., as there were a large number of grain laden steamers leaving that port in the winter months, which season is more dangerous to grain cargoes than any other.

The council endorsed the resolution, and ordered it to be forwarded to the St. John Board of Trade.

LA MINERVE FAVORS EXEMPTIONS.

La Minerve publishes a fresh article this morning on the subject of tax exemptions. "How," it asks, "can a distinction be drawn between church and college buildings and the lands on which they are erected, so as to tax the land and exempt the buildings? If reason and good sense permitted the taxation of religious, charitable and educational properties, both land and buildings should be taxed. But common sense is opposed to the taxation of establishments of public utility and social necessity. If the building is of public utility, the land on which it stands is so also. The means are essential to the end. If we want churches and colleges, we want sites. He who does not recognize the necessity of the site wants neither churches nor colleges. No more churches! No more colleges! Let us return to barbarism. The savages get on very well without all that.

"Our churches, with their sacristies and their presbyteries, are the property of the entire Catholic population. To build them an assessment is made upon all the Catholic properties in the parish, and the obligation thus imposed becomes a privileged claim on the property. The people, then, is already taxed for its churches and its presbyteries. To tax the churches would be to tax the people.

"Tax exemption is not a form of State aid in the usual sense of the term. It is a method employed by the State to encourage individuals or corporations to establish institutions of public utility."

La Semaine Religieuse quotes figures to show that religious and charitable institutions are already taxed. They pay on property which they do not occupy. They pay water taxes and special taxes for improvements, and are only exempt from the property tax on premises used by them for religious and charitable purposes. From January 1st, 1888, to December 1st, 1892, the Sisters of the Hotel Dieu have paid $2,589 for water, $14,962 for heating, $2,999 for lighting, $8,720 for medicine and surgical instruments, $39,597 for ordinary tax on property, the revenues from which are applied to the support of the hospital. They receive from the Quebec Government an annual allowance of $1,120 for Irish patients and another $1,400 for French-Canadians.

From 1887 to 1892, the Grey Nuns have paid $3,914 for water, $4,612 for sidewalks, etc., $30,822 for property, etc.

A young Montrealer namer Ernest Cox, a printer in the Shareholder Office, was recently the victim of an unfortunate mistake which led to his arrest and confinement in the Police Court cells for some hours. Mr. Cox hails from Ottawa, and consequently knows a good many young men from that city. On Saturday he met two slight acquaintances from the Capital, named William Drake and William Webster, and stood talking to them on a street corner. The two young men had a valise. A couple of city detectives came along, eyed them suspiciously for a moment and then coralled the trio and the valise. Mr. Cox was mystified, and protested, but in vain. Subsequent events proved that the detectives were justified in their action. On the Monday previous Webster and Drake had broken into an Ottawa jewellery store, and the valise contained jewellery of considerable value. Mr. Cox, in spite of his declaration of innocence, had to appear before the Magistrate. His employer deposed that he had not been out of Montreal for weeks, and of course he was discharged. Webster and Drake were sent to Ottawa for trial. Mr. Cox has decided that in the future he will not be over friendly with slight acquaintances, even if they do come from his own city.

HOOLEY TELLS ON THEM.

Names Prominent Noblemen to Whom He Paid Money.

Claims to Have Been Blackmailed by Editors of Financial Papers and Other People.

London, Nov. 3.—The examination of Mr. Hooley in bankruptcy proceedings was resumed yesterday, and attracted much attention. Mr. Hooley continued to testify to the amounts, large and small, paid to trustees and directors in connection with his promotions. He created a sensation by asserting that he paid Sir William Marriott £1,000 for introducing him to the Carlton Club, and asserting later that he paid £10,000 to the Marquis of Abergavenny, a prominent Conservative, for party funds. The witness did not know whether the money reached the party fund. Subsequently, Mr. Hooley explained that he paid the Marquis of Abergavenny £5,000 first, and then paid him a second £5,000 because he was told that he had promised £10,000. "But," the witness interjected, "that was a lie."

Continuing, Mr. Hooley testified that he paid £1,000 to Mr. Frank Morris, editor of the Saturday Review, "to square a man named Blake, who threatened to publish something antagonistic to the companies."

Witness also said he did not know Blake, nor did he know what the blackmail was for.

Witness then said that Mr. Harry Marks, editor of the Financial News, and member of Parliament in the Conservative interest for the St. Georges in the East division of the Tower Hamlets, induced him to invest £22,000 in purchasing the London Sun. Mr. Hooley asserted that he never received a penny from this investment.

Answering further questions, Mr. Hooley testified that he paid £209 to C. P. Rose, of the Daily Mail. The witness explained that he could not allot Rose the shares he wanted, and so he gave him money instead.

The examination was adjourned until Monday.

Martin Rucker, a former promoter of bicycle companies, who was charged with contempt of court in endeavoring to induce Ernest Terah Hooley, the bankrupt company promoter to alter evidence which reflected upon the Humber Company directors, was fined £200 and costs, and was further ordered to pay the money or go to prison.

Mr. Hooley declared that Rucker, in behalf of four directors of the Humber Company, offered him £,5000 to change some of the evidence presented in the bankruptcy proceedings.

Sir Joseph Renals, former Lord-Mayor of London, was mentioned by Mr. Hooley as among those who received £5,000 for joining the board of directors of the British Embroidery Company. The bankrupt said also that Lord Ashburton paid him £50,000 for a quarter share of his profits from September 30, 1897, to the last day of that year.

On the other hand, Mr. Hooley paid Lord Ashburton £10,000 for an introduction to a firm of solicitors willing to advance him £92,000 at 3 1-2 per cent.

Various others were named by the bankrupt as having purchased shares in his profits.

London, Nov. 3.—It is announced that Mr. Rose, financial editor of the Daily Mail, who was named by Mr. Hooley as one of those to whom he gave money, has resigned his position.

SUPT. ROY'S FUNERAL.

The Remains of the Late Superintendent of Mount Royal Cemetery Laid Away Yesterday Afternoon.

The funeral of the late Mr. Frank Roy, superintendent of Mount Royal Cemetery took place at 3.30 yesterday afternoon, and was very largely attended. A short service was conducted at the residence of the deceased by Rev. Dr. Campbell, pastor of St. Gabriel's Presbyterian Church, assisted by the Rev. Dr. Barclay and Rev. W. R. Cruickshanks. The floral offerings were numerous and beautiful. Among those present were: Hon. A. W. Ogilvie, Hon. J. K. Ward, Alexander Macpherson, Henry Bulmer, John Stirling, James Tasker, W. R. Salter, T. D. Hood, Charles Alexander, George B. Muir, George Brush, George Balfour, J. P. Cleghorn, George Durnford, William Ewing, Alex. Sabiston, Robert Reid, Robert Shaw, W. M. Ramsay (Merchants' Bank), James Nairn, A. N. Shewan, David Williamson, James Shearer, William Evans, John Doyle, John Harper, Captain William Ross, W. M. Ramsay (Standard Life Assurance Co.), Rev. J. Myles Crombie, Walter Paul, Wm. Drysdale, G. K. Watson, Thomas Williamson, Sub-Chief Beckingham, Sub-Chief Jackson, Captain Mann, Mr. Dupre (superintendent Cote des Neiges cemetery), Archibald McArthur, Robert Reid (sculptor), Henry Evans, John A. Hardisty, David Sprigings, Wm. Sprigings, Joshua Stanford, Joseph C. Wray, Wm. Seale, Wm. Armstrong, James Robertson, John B. McLeod, James H. Davidson, William McMillan, A. E. Thompson, Wm. At the regular monthly meeting of the trustees of the Mount Royal Cemetery Company, which was largely attended, held at the office of the secretary yesterday, a resolution was unanimously adopted, expressing appreciation of the services of Mr. Roy and extending sympathy to his widow.

A NEW REPUBLIC.

Nicaragua, Salvador and Honduras Have Disappeared from the Map of Central America.

Washington, Nov. 3.—A complete transformation of the geography of Central America occurred on November 1st by the birth of a new republic, the United States of Central America, and the disappearance of the Republics of Nicaragua, Salvador and Honduras, except as states of the new union. Senor Corea, charge d'affaires of these republics during their transition stage, has received detailed information of the changes effected and the form of government of the new republic. As indicating the dignity and importance of the United States of Central America, Mr. Corea points out that it has a population of about 2,000,000, an area of about 110,000 square miles, a great stretch of sea coast on the Atlantic and the Pacific, and the site of the Nicaragua canal, through which commerce will ultimately pass from ocean to ocean.

DR. CODERRE'S RED PILLS FOR PALE AND WEAK WOMEN

BOX OF 50 PILLS 50 CENTS

The movement to form the new republic began on June 20th, 1895, when the three presidents, Zeluya of Nicaragua, Gutierrez of Salvador, and Bonilla of Honduras, formed the treaty of Amapala. This provided for a union on the foreign affairs of the three countries, and created a diet which directed these foreign affairs.

On August 27th last a constitution for the new republic was finally drawn up and signed with due formality.

BIRTHS, MARRIAGES AND DEATHS.

Advertisements under this head 25 cents.

BIRTHS.

BRYCE—On the 1st inst., at 50 Laval ave., a son to Mr. and Mrs. Albert Bryce.

BRYCE—On the 1st inst., at 50 Laval ave., a son to Mr. and Mrs. Albert Bryce.

BOWERS—At Ottawa, on Oct. 25, the wife of R. J. Bowers, of a daughter.

BROPHY—At Ottawa, on Oct. 31, the wife of W. M. Brophy, of a daughter.

ST. JAMES—At Pembroke, Ont., Oct. 30, the wife of Gus. St. James, of a son.

PATRIARCHE—At Toronto, Oct. 27, the wife of P. H. Patriarche, of a daughter.

WILSON—At Carleton Place, Ont., Oct. 25, the wife of Mr. John R. Wilson, of a son.

in her demand for lady charlotte gelatine.

The Use of Beauty.

A party of women once had the privilege of inspecting a factory devoted to the manufacture of spool thread. Their cicerone was the proprietor of the factory, one of the largest in the world.

What most impressed the visitors, however, was not the size and evident prosperity of the plant, but the beauty of the place. Not only was every hygienic and commercial comfort attended to, but, as far as possible, every aesthetic consideration was observed as well. Around each wall of the spacious, well windowed apartments where the work was done ran a broad, exquisitely painted frieze. The figures upon the frieze were a dainty, dancing company, beautiful in color as well as in form, and fit to grace the walls of a dwelling rather than a mill.

Finally one of the women, a practical, plain spoken dame, asked the owner why he made beauty such an object.

"I don't see the use of a frieze like that in a factory," she said bluntly. "Well, come to think of it, it is a very practical reason," he said. "I find it makes better thread."—Primary Education.

There are so many cough medicines in the market that it is sometimes difficult to tell which to buy; but if we had a cough, a cold or any affliction of the throat or lungs, we would try Bickle's Anti-Consumptive Syrup. Those who have used it think it is far ahead of all other preparations recommended for such complaints. The little folks like it as it is as pleasant as syrup.

Revolution in Russia.

London, Nov. 3.—A special despatch to the Daily News from Berlin says it is reported that a widespread revolutionary movement in Russia has been discovered. The centre of the movement was at Lodz, in the Government of Warsaw. More than 400 arrests have been made, the prisoners including many school teachers. Secret presses which were employed in spreading the movement were found in St. Petersburg, Lodz, Jaroslav and elsewhere.

"Do you own your own house, Tweedles?"

"No; we've had the same cook seven years."—Chicago Record.

Dr. A. W. CHASE

Ascribes the Cause of Many of the Most Painful and Most Fatal Diseases to

CONSTIPATION.

With constipation the kidneys become clogged and inactive, and the liver sluggish. Not only is the digestion interfered with, but the whole digestive system is thrown out of order, and poisonous impurities, which should be filtered from the blood by the liver and kidneys are sent through the whole system.

Indigestion, Dyspepsia and Headache are the more immediate results, but while very disagreeable, these are not the worst effects. Bright's disease, dropsy, or some one of the more complicated diseases of the kidneys and liver is almost sure to follow constipation.

Dr. A. W. Chase's Kidney-Liver Pills are a positive and permanent cure for constipation.

Dr. A. W. Chase's Kidney-Liver Pills quickly remove the bad effects of constipation because they strengthen and invigorate the kidneys and the liver, and help them to rid the system of the foul poisons which are the very seeds of disease. One pill a dose, 25 cents a box.

Dr. Chase's New Receipt Book, cloth bound, 500 pages, regular price $1.00, sent to any address in Canada on receipt of 50 cents and this coupon. Edmanson, Bates & Co., Toronto. (7)

THE S. CARSLEY CO. LIMITED.

Notre Dame St. Montreal's Greatest Store. Nov. 3rd 1898

THURSDAY, NOVEMBER 3.

A FUNDAMENTAL DIFFERENCE.

Once more the Star has dragged its anchors. A couple of weeks ago it welcomed in a half-hearted way the proposed introduction of the board of control, although it was plain, at the time, that the Star's notions of the present system at the City Hall were quite as hazy as its idea of the practical working of a board of control. Again, a little later, when the Charter Committee adopted a tentative scheme for a board of control, the Star came into line and accepted the idea. In another week the Charter Committee had improved upon its original design, and the Star, getting half-hearted again, fell back upon its first proposition, that the board of control meant party government openly acknowledged—a most mistaken assumption both as to present-day facts and the probabilities of the future. By yesterday the Star had lost all faith in the people, and the Council, and reverted to the futile proposition to govern the city by a board of commissioners. What the Star will think about it to-morrow or next week, goodness knows.

"If the executive power can be located somewhere else," it said, "we shall get on much better with our City Fathers. But are we going to be helped very much by having an executive committee composed of aldermen and chosen by aldermen? How will that differ materially from the present system, in which the chairmen of committees have tremendous power in their hands?" In case the Star's readers are indisposed to supply the information asked for, it may be as well to answer the questions here propounded. It is, therefore, necessary to mention that under the present system the chairman of a committee is responsible to no one but three members of his committee. If he can get them in an agreeable mood, he can do pretty much as he likes. They vote as he wants them to, and he does as they want him to, and there is an end of the business. The chairman of the Water Committee does as it pleases him to do; the chairman of the Roads Committee does likewise; the chairman of the Fire Committee follows the same course; in all the other spending committees there is identical procedure. But does any one of these chairmen ever think of accommodating his expenditures to the needs of any other branch of the city's service? Far from it. Being chairman of the Fire Department, he cares no more for the Roads Department or the Water Department than if they did not exist. He does not tolerate interference from another committee in the affairs of his own, and he makes the rule work both ways. He never questions the administration of any other department. With a board of control, consisting of the Mayor and six aldermen, individually and collectively responsible for the proper administration of all the branches of the city's service, it is easy to see how this more dangerous and expensive system would be instantly broken up. There would be, and there must be, the most rigid examination of the larger affairs of every department by every member of the board of control. The answer to the Star's enquiry, whether we shall be very much helped by the change, is, therefore, to be made in the affirmative, and that being established, it is no longer necessary to discuss the need of locating the executive power somewhere else. It is time enough to depart from the principle of British municipal institutions when they have been proved unworkable, and that time is not yet.

COST OF THE INCLINE RAILWAY.

The cost of purchasing and operating the incline railway to the mountain top cannot be weighed against the immense advantages the people would derive from it under municipal ownership and a penny fare. In purchasing the properties of companies operating under municipal franchises municipalities sometimes find that the agreement by which the franchise was transferred to the company has been so deftly framed they are compelled to pay heavily for the return of the franchise. But this is an element that will not enter into the question now under consideration. The agreement with the Incline Railway Company was made in 1884, for a term of fifteen years. Clause ten of the agreement says that "If at the end of the said fifteen years of the present contract no new arrangements are made, and should the said railway fail to be operated for one season, the said Nish, Wright & Lefebvre shall remove the said railway at their own expense."

Under this clause the railway company could claim no compensation from the city but the actual value of the railway, with the cars, engines and buildings. We are told these are not worth more than thirty or thirty-three thousand dollars. The expenses of operation would not exceed $60 per week. Five employes at an average of $8 per week would be quite enough even under municipal control. This would leave $20 per week for coal and other expenses. The suggestion has been made to substitute electricity for steam as the motive power. This would reduce the cost of operation by from ten to fifteen dollars per week. Running six months in the year, the outside figure for operating expenses would be $1,500. To meet this would require an average daily revenue of only $8.57, a small sum indeed to expect from the crowds that would patronize the road at the popular prices suggested.

If it were certain that there would be a deficit, and we think the probabilities are all against it—we still hold that it is none the less the city's duty to acquire the road and operate it at low prices. When the mountain was purchased for $800,000 and over a quarter of a million spent in improving it, it was not expected to pay its way. It was to be a pleasure resort for the people. And the incline railway for the masses is just as essential a part of the mountain, as a pleasure resort, as are the carriage drives. It would be as sensible to erect toll gates across the carriage drives and collect from those using them tolls to maintain them in condition, as to compel the masses to pay a fee on the incline railway that would insure the city against a deficit on its operation. The one would not be tolerated, and why should the other?

RAINBOW CHASING.

Rainbow chasing in politics is even less profitable than in most other spheres. The Star is looking for a reform of the civic administration—looking in an intermittent, luckadaisical way. But it will not see that nothing is more certain than that if the city is to get reform it must get it through the medium of the City Council. There is no other way. Affairs are now in the hands of aldermen, and there is not the remotest likelihood of their being taken out of them. Nor would we have much hope of better things under a Board of Commissioners who, according to the Star's plan of appointment, would be irresponsible and irremovable, beyond control, and beyond the power of punishment. A board of benevolent autocrats, it is barely possible, might be appointed by the various authorities appealed to by the Star, but benevolent autocrats are not more numerous in this city than elsewhere, and to start to find them by the Star's hit-or-miss scheme is a piece of typical rainbow-chasing. Our contemporary is only an occasional municipal reformer. It wakes up for a week or two at election times and sleeps through the intervals. It is natural enough, therefore, that it should want some easy way to good government. It is looking for a system by which good government can be acquired without work or worry, much as some persons look for a system of acquiring foreign languages in two or three lessons. If it be true there is no royal road to learning, not less true is it that there is none to honest and economical administration of public affairs. Eternal vigilance is the price of other political conditions besides liberty. Short cuts in politics are not usually safe cuts. And the chase for the gold which is supposed to lodge in the cup at the end of the rainbow is likely to be much longer and harder than digging for the precious metal in fields where the gold of honesty and public virtue is known to exist—in the people's consciences and intelligence. Until we have exhausted appeals to the electorate, and until having, by sober specific statement, and not merely hysterical accusation, informed them of dishonesty and corruption, we elicit no response, let us not attribute to popular apathy or venality an indifference which may more properly be due to the apathy of newspapers which shirk or neglect their responsibility as mediums of public information and direction.

THE CASE OF MR. LAFOREST.

The Superintendent of the Water Department is spending most of his time these days in trying to put the best face on his many shortcomings. He does not deny The Herald's charges, nor does anyone on his behalf. He does not ask for an investigation; but he goes on making preparations for the investigation he realizes cannot long be delayed. Most of the employes are in a state of terror at the prospect of discharge by the Superintendent if they do not act as he desires, or by the succeeding authority should the Superintendent get his deserts. We are not particularly concerned about the preparations being made, however, for when a properly constituted investigation is begun, the men will be willing enough to testify, and even, no doubt, to tell of the methods now being employed.

What would be the fate of the responsible head of a large business against whom charges such as those made against Superintendent Laforest could be continued from day to day for weeks, without even an attempt at denial or a demand for investigation? Such a man would be dismissed at once, and, if need were, punished after a complete investigation had disclosed the measure of his shortcomings. The like policy ought to be pursued in Mr. Laforest's case, for most of the aldermen must be convinced that the Water Department cannot any longer be left in the hands of its present head. But there is no need to be unnecessarily harsh. Mr. Laforest is entitled to the benefit of any doubt there may be, and the Council will be doing him ample justice if it merely suspends him, pending an investigation. If he is removed from the control of the department it will be very much easier to prosecute the enquiry. The clerks will not then be obliged to go about with their eyes on the floor, fearful lest they should be seen speaking to strangers.

There is little doubt that a move will shortly be made at the City Hall to deal with the Superintendent of the Water Department, and to hold a thorough investigation of his department. And The Herald feels it to be due to the electors of St. Ann's ward to point out that the course of Ald. Kinsella as chairman of the Water Committee has been the reverse of what it ought to have been in this connection, and that there is danger of his giving a wrong vote on this forthcoming motion unless his constituents show him their mind on the subject in advance. It may be as well also to inform the electors of West ward that the appointment at the beginning of this year of a pliable chairman of the Water Committee in the person of Ald. Kinsella and the rejection of one who would have stirred things up was largely due to Ald. Stevenson. Such being the case, it will be as well to have the critical importance of a vote on the Water Department question impressed upon Ald. Stevenson in advance. Prevention is easy, but a cure is often impossible. Ald. Dupre, we are informed, is meeting with vigorous criticism in his ward because of his devotion to Mr. Laforest, and has been threatened with definite opposition in case his vote on such a motion is not what it should be. This is a good sign and one that cannot be too often multiplied. Public opinion is becoming awakened.

A COMPLETE LIST OF

Our New Crop Table Fruits and Nuts

WITH PRICES. Here they are. We need not now dilate on their quality. Everybody knows the class of goods we handle. We leave the rubbish to be disposed of by the junk shops, yclept Departmental Stores.

Here are our Table Raisins, the very finest shipped from Malaga this year:

WEST END TABLE RAISINS.

8 Crowns Finest Excelsior Tarajal Imperial Clusters, in fancy quarter-boxes, $2.25 per box.

THE NELSON MONUMENT RESTORATION FUND.

Amount required - $2,000
Subscribed to date, $706.98

Mr. Andrew T. Taylor, Fellow of the Royal Institute of British Architects, and a member of the Nelson Monument Committee, has made a careful examination of the monument with a view to ascertaining the amount required to put it in good repair, and has received bona-fide tenders for doing the work which is necessary. Mr. Taylor informs The Herald that to replace the present cement bas-reliefs with carved stone and to put the rest of the monument in good order two thousand dollars will be required. This definite information will be welcome to many who have withheld their subscriptions to The Herald's fund only through uncertainty as to the amount required for the purpose.

The following additional subscriptions to the Nelson Monument Fund have been received. Subscriptions may be sent to Mr. Wolferstan Thomas, general manager, Molsons Bank; but any that are forwarded to The Herald will be handed to the hon. treasurer.

NOTE — A Special WEDNESDAY MATINEE will be given

CRIB NO. 3 TO-MORROW.

When it Will be Towed to its Position and Sunk—Preparing for an Early Start in the Spring.

Crib No. 3 on the new pier will be completed to-morrow, and will be towed to its position and sunk. This will complete 450 feet of cribwork, besides a pony crib joining the end of the crib to the old dock. When this third crib is in position, three or four courses more will be added all round so that work can begin in the early spring without waiting for the water to go down.

Oh, will you come when I am gone,
To plant sweet flowers over me?
Will you, sometimes, when you're alone
Think of the "days that used to be?"
SHE.
Ah, yes, I'll often think of you
When in the grave you're laid away,
And I'll plant sweet flowers o'er you, too—
At least, that is, I hope I may.
—Cleveland Leader.

ARCHITECTS IN ANNUAL SESSION.

The Province of Quebec Association Listens to Satisfactory Reports on the Year's Work.

A. RAZA IS PRESIDENT.

Other Officers Appointed—Addresses by Retiring President and President-Elect.

AMENDMENTS TO CONSTITUTION

The Architects' Association of the Province of Quebec is to-day holding its eighth annual meeting in the rooms, New York Life building. The meeting was called to order at ten o'clock by Mr. J. F. Peachy, Quebec, president, over fifty members of the association being present, among them the following: J. S. Archibald, H. L. Auclair, C. Baillarge, A. Blouin, D. R. Brown, F. X. Berlinguet, C. Brodeur, J. P. Barnes, Prof. S. H. Capper, J. A. Chausse, A. J Cooke, W. E. Doran, J. S. Duquette, J. A. Deschamps, H. R. Fulbord, S. A. Finley, C. E. Fournier, P. A. Gamelin, J. A. Godin, A. C. Hutchison, M. Heilbronner, J. G. Huot, J. C. A. Heriot, J. A. Karch, A. H. Lapierre, S. Lesage, P. A. Leiors, J. E. Larochelle, J. L. D. Lafreniere, J. H. Lamoureux, L. Lemieux, E. Maxwell, W. S. Maxwell, G. A. Monette, H. McDuff, J. A. Morin, J. Nelson, D. Ouellet, A. Mesnard, J. Perrault, A. Raza, H. Staveley, M. Perrault, J. F. Peachy, A. M. Sigouin, C. J. Saxe, J. S. Smith, A. Sincennes, A. T. Taylor, J. E. Tanguay, J. O. Turgeon, Jos. Venne, A. Venne.

Mr. J. Venne, secretary, read the report of the council. After a reference to the partial improvement in the building trade, the report continues:

"In one respect, however, this has been the most eventful year since the incorporation of our association. We have at last obtained what we desired, as much for the welfare of the community as ours, but which we failed to obtain at the inception of our association, namely, the right to prohobit unauthorized and unqualified persons from calling themselves architects. Your council was authorized by you at the last annual meeting held in Quebec to take steps to secure this measure, together with other amendments, the time being considered by many as opportune, and the result has justified this conclusion. Your council lost no time in taking this matter up, and it absorbed most of the time devoted to the regular and many special meetings.

As actually constituted the association numbers 138 members. The profession is now closed to unqualified practitioners, and only three alternatives are left to outsiders who wish to qualify themselves to practice. The arduous task of the material organization is now nearly completed, and the association can congratualte itself on having secured an authority much coveted by similar associations. Not only the interests of the profession, but more specially those of the public, are now protected against incompetent and doubtful practice."

Regret was expressed at the death of Mr. Ovide Mailloux, a member of the council, and the report deals with the questions of a schedule of charges, the examination of candidates for membership, and the proposed amendments to the constitution and by-laws. In regard to the building by-laws of the city of Montreal the report says:—"Your council has followed as keenly as possible the vicissitudes of the draft of the new building by-laws for the city of Montreal, which were prepared by the association and delivered to the City Council a considerable time ago. Steps have been taken from time to time to endeavor to expedite matters. The necessity for a new and vastly improved building by-law for the city of Montreal cannot be doubted, and delay can only be fruitful of harm to the city and citizens. It will be the important and pressing work of the new council to endeavor to forward the passage of these by-laws in the interest of the public."

Mr. Edward Maxwell, treasurer, read his financial statement, which had been audited by Messrs. W. E. Doran and Maurice Perrault. The year's revenue amounted to $3,643.45, and the expenditure to $1,569.33, leaving a balance of $2,074.12. This was considered highly satisfactory, and the report was adopted, as well as that of the council.

The election of officers then took place, Messrs. Monette and Archibald acting as scrutineers. It resulted as follows:—President, A. Raza; first vice-president, Prof. S. H. Capper; second vice-president, J. E. Tanguay, Quebec; secretary, Joseph Venne (re-elected); treasurer, W. E. Doran; council, J. F. Peachy, M. Perrault, Edward Maxwell, J. S. Archibald, G. A. Monette and A. T. Taylor, auditors, J. C. A. Heriot and J. Alcide Chausse.

Mr. Peachy, in his retiring address, referred to the amendments to the association's charter, which is in the hands of Senator Dandurand, and expressed the satisfaction of the council with the good services that gentleman had rendered in that connection. The association was now on a sound basis, and had a useful future before it. The need for union as the only means of success was urged. In conclusion, Mr. Peachy said he could not help mentioning the hospitality which the Quebec members had always experienced at the hands of the Montreal members.

At this aftrnoon's session the amendments to the constitution were taken up and discussed, after which Mr. Raza, president-elect, delivered an address. The association dinner takes place tonight in the Place Viger Hotel at eight o'clock.

Queen's Football Officers Resign.

Kingston, Ont., Nov. 3.—(Special.)—As a result of the action of the Athletic Committee of Queen's University in informing the executive of the Intercollegiate Football Union that Queen's team had played an unregistered student, in the person of Guy Curtis, against 'Varsity, Captain Elliott and Manager Ross to-day handed in their resignations to the athletic committee. These will be considered at a meeting of the Alma Mater Society called for Saturday night. All the footballists of Queen's, who have this year played with Ross and Elliott, including the members of the second team, will stand by these two players, and will refuse to again go into the field this year. The secretary of the Athletic Committee, N. R. Carmichael, says the committee will put a team in the field to meet 'Varsity on the 15th inst., recruited from the students not actively engaged with either of the college teams.

W.C.T.U. OFFICERS.

They Were Chosen at the Meeting of the Delegates in Ottawa This Morning.

Ottawa, Ont., Nov. 3.—The principal feature of the W.C.T.U. Convention this forenoon was the election of officers, which resulted as follows:—President, Mrs. May R. Thomley, London, re-elected; vice-president, Mrs. Jennie Cavers, Galt, re-elected; corresponding secretary, Mrs. Mary Wiley, Richmond Hill, re-elected; recording secretary, Mrs. Alice Saunby, London, re-elected. The election of treasurer was left over for the afternoon session. It will in all probability result in Mrs. J. McArthur, of Cornwall, being re-elected.

The other important item of business was the appointing of the deputation to wait on the Government this afternoon regarding prohibition. The deputation selected was as follows:—Mrs. McCallum, Kingston; Mrs. McKee, Barrie; Mrs. Stone, Athens; Mrs. Bigelow, Cornwall; Mrs. Wheeler, Paris; Mrs. Rude, Teeswater; Mrs. Maxwell, Windsor; Mrs. Livingstone, Tilsonburg; Miss Smith, Rockland; Mrs. Caldwell, Lanark; Mrs. Gordon Wright, London; Mrs. Goldie, Ayr; Mrs. Saunderson, Dunnville, Que.; Mrs. A. Rutherford, president Dominion W. C.T.U.; Mrs. Atcheson, Goderich; Mrs. Asa. Gordon, Ottawa; Mrs. (Dr.) Bascom, Toronto; Mrs. Hunter, Pembroke; Mrs. Maddock, Guelph; Mrs. Scott, Ottawa; and Mrs. Ribble, Dresden.

DEATH OF MR. GENEST

The Well-Known Traveller for Liddle & L'Esperance Dropped Dead To-Day.

Mr. Joseph Genest, a commercial traveller for the wholesale house of Liddle & L'Esperance, dropped dead on Jacques Cartier square about twenty-five minutes past ten this morning. Mr. Genest wts fifty-two years of age, and was one of the best known travellers in Canada.

Before leaving the office this morning he had arranged his samples preparatory to his leaving next Monday for a tour of the Eastern Townships. The deceased gentleman lived at 333 St. Andre street. He leaves a wife and son.

Girl Gets Three Years.

Detective O'Keefe last night arrested Millie Thurston on the charge of stealing a gold watch from Mrs. Spicer, of 18 Darling street. In her trunk were found clothes of all kinds, which had been stolen from Mrs. Burns, of 52 Prince Arthur street. There was another charge of stealing $15 from Mr. Cochenthaler, of Bleury street. She pleaded guilty to-day to these charges, and was sent to penitentiary for three years. It is only a few weeks since Nellie has been released from penitentiary, after serving a term of 23 months.

Imitated Melba.

The hypnotic experiments by Prof. Carpenter at Victoria Rifles' Armory continue to draw large and appreciative audiences. Last evening's demonstration was attended by the largest gathering seen at the hall during the professor's entire engagement. Several new features were added in the way of experiment that convulsed the entire audience with laughter. The imitation of the singing of Mme. Melba by one of the male subjects was received with the wildest applause.

THE RATE WAR IS COMING TO AN END

'Change Has It that It Will be Over To-morrow, But the Report is Not Believed.

A SETTLEMENT VERY SOON

Differences Are Disappearing and the Local Rates Will Soon Be Restored.

WHAT A RAILWAY MAN SAYS

There was a rumor on 'Change this morning. In itself that is not very startling, as 'Change is a regular rumor incubator, but this time it was about a matter of great interest to the public, viz., the settlement of the rate war between the C.P.R. and Grand Trunk. The local rates have been ridiculously low for some time, and while the public do not complain, the companies have been anxious to settle the differences and restore their normal rates.

Negotiations looking to a settlement have been in progress for some time, and one by one the bones of contention have been removed. It can now be a matter of a short time only before the old rates will be restored. The rumor on 'Change this morning was that the war would be over tomorrow and the old rates restored as soon as possible thereafter. This apparently is a too sanguine view of the situation, but it seemed to put C.P.R. stock up a notch or two.

At the railway offices nothing could be learned to confirm these statements, but on the other hand the report was more or less pooh-poohed.

One prominent railway man said: "The war will not be over tomorrow, but I think it will be in a very few days. The stockholders of the companies are anxious that a settlement should be arrived at immediately, and they are rushing matters all they can. Negotiations have been going on for some time, and the results will be known shortly."

The Telegraphers.

The only information yet given out by the G.T.R. telegraphers was to the effect that the newspaper surmises of the objects of the secret meetings which have been held recently were correct. The men have tabulated their views, and will interview the G.T.R. officials at the first opportunity. Mr. W. V. Powell, head of the Order of Railway Telegraphers, has returned from Ottawa, and reports that he was received very kindly there by the Minister of Railways. The Intercolonial affairs were also discussed, and the Minister promised to meet Mr. Powell and the employes at Moncton this month.

There is no sign of any friction between the company and men, and negotiations have proceeded with the utmost good feeling on both sides. There is no indication of any trouble, as the men think the G.T.R. will agree to their propositions without delay.

Is It Settled?

New York, Nov. 3.—A cable to the Evening Post from London follows: London, Nov. 3.—I am told on the highest authority that the Fashoda question has been settled, and that a general and satisfactory arrangement hss been reached with France. Corcols are rising steadily.

And This Was One of the Reasons Why He Was Placed Under Arrest.

BURGLARIES EXPLAINED.

John Walker Had on a Pair of Boots of Which Chief Carpenter Had a Sample.

A SATISFACTORY DAY'S WORK

Chief Carpenter and his men succeeded in clearing up several burglaries yesterday. As a sequel to the arrest of John Walker at the Bonaventure station on Monday, on the suspicion of theft, George Sills has been arrested, and three burglaries have been explained. When Walker was ushered into Chief Carpenter's office on Tuesday, the chief eyed him with great care, and noticed that the boots which Walker wore resembled very much a sample pair which had been stolen from Mr. Fortier's store, 221 St. Lawrence Main street, on October 1.

Mr. Fortier's place had been broken into on that night and seventeen pairs of boots had been stolen. The next day he reported the case to the police and left a sampe pair at the Detective office in case something turned up. It was the sample pair of boots that gave the chief his clue.

From the description which Walker gave of his accomplice, Detectives Picard and Suthergill suspected George Sills, of St. Hermine street. He had been out of town lately, and had returned the day following Walker's arrest. The detectives shadowed him from place to place, but could find no evidence of his being implicated with Walker in the burglaries. Yesterday afternoon Sills went to the post-office, and the detectives followed him there. At the post-office Sills asked if a letter had been received addressed George Sills. There was none. Then he asked if there was one for John Walker. No, there was none. That was sufficient. Detectives Picard and Suthergill followed him to his house on St. Hermine street, and arrested him there. In the house they found a number of overcoats and suits of clothes. These goods were identified as the property of Messrs. J. G. Kennedy & Company, of 31 Main street. That explained the two burglaries perpetrated at Mr. Kennedy's in the beginning of October, when $270 worth of suits and overcoats were stolen in two nights. When Sills was arrected he had on him a suit of clothes which had been stolen from Mr. G. E. Loud's store in West Farnham.

Sills appeared before Magistrate Lafontaine this morning and pleaded guilty to burglarizing the Farnham store. He denied the other charges. He was remanded for eight days for enquete.

LATE SPECIAL CABLE.

His Royal Highness Received the Prince of Wales at Marlborough House Yesterday.

Toronto, Nov. 3.—Following is a special cable to the Evening Telegram, dated London, November 3rd:—At Marlborough House yesterday H.R.H. the Prince of Wales received the Earl of Minto prior to his departure for Canada to take over the exalted position of Governor-General of the Dominion. Lord Minto began his journey westward to-day. At Euston station there were a great number of friends gathered to wish him bon voyage. He sails from Liverpool by the Scotsman this afternoon.

The Mail Contracts.

The granting of a temporary contract by the Canadian Government for carrying the mails across the Atlantic is not considered here as an abandonment of the original proposal to establish a fast line. Parties interested in previous projects are still continuing their efforts.

Settlement Reported.

It is stated on the highest authority that the Fashoda question has been settled, an amicable arrangement with France having been arrived at.

C. P. R. Officials Deny.

The Canadian Pacific officials here deny most positively that the admiralty has requisitioned the whole or any part of the company's Pacific fleet of steamers for the purpose of converting them temporarily into auxiliary cruisers.

Edward Wood's Death.

Last night Coroner McMahon concluded the inquest on the body of Edward Woods, who was drowned in the Lachine canal last week. The verdict was accidental drowning.

Russian Troops in China.

(N. Y. Tribune.)

The statement is put forth that Russia has taken possession of New-Chwang, and is massing no less than 40,000 troops in or on the confines of the Chinese provinces of Kirin and Manchuria; and much agitation is caused thereby in the minds of those who would deplore the occupation of a China shop by a Bear more than by a Bull. The emotion is not altogether unwarranted, but the element of surprise which seems to be injected into it is justifiable on no ground but that of wilful non-information. It has been perfectly patent to all the world, or to all the observant and understanding world, for some years, that Russia is accumulating formidable military forces in the Lower Amoor region; and it has been for some months similarly and in equal degree patent that she has acquired the legal right, by formal, public and unchallenged treaty, to effect a complete military occupation not only of Manchuria and Kirin, but of Liau-Tong itself, right down to and including Port Arthur and Talien-Wan. We had pointed out that fact in these columns months ago—that Port Arthur had been made as much Russian as Cronstadt, and that Kirin was no less a Russian garrison city than Holy Moscow itself.

Down to a couple of years ago Russian troops had not permanently crossed the frontier, and there were not more than 40,000 or 50,000 of them in all the south-eastern corner of Siberia. But since then there has been a steady and unconcealed, though unostentatious, influx of them. Nor are they merely companies of Cossacks. There are, to begin with, about 75,000 of the best European Russian infantry, supplemented by 25,000 Siberian infantry under European officers. Then there are 15,000 Cossacks, mostly cavalry, but partly mounted infantry. Finally there are eighteen batteries of artillery from European Russia, comprising 10,000 men and 100 guns. There is thus a total force of fully 125 000 men, forming an army complete and well balanced in all its parts. Nor is this army chiefly in garrison at Vladivostok or on the northern side of the Amoor. The bulk of it is now on Chinese soil, at Kirin, Moukden, Tsi-Tsi-Har, Port Arthur and elsewhere. Its divisions control and command every road leading to Pekin from the north, northeast and northwest, and are within easy marching distance of the Forbidden City. What movements have been made during the present crisis in Chinese affairs cannot be confidently stated, since the Russian Government controls all lines of news transmission in and from those regions, and is excessingly chary in letting information escape to the outer world. It is reasonable to suppose, however, that there has been a considerable closing in of the lines upon the Chinese capital.

Now, however disquieting all this may be to those few who have vainly hoped to keep Russia altogether out of China, it is reassuring to those who take a philosophic view of the case. That Russia would absorb, annex or in some way acquire a large part of the Chinese Empire is entirely reasonable and proper; for not only are the Russian and Chinese territories contiguous, but the two peoples are closely related in race and blood, Russia being next to China the chief Mongolian and Tartar nation in the world. Finally, that Russia should at this time enter upon actual possession of the northeastern provinces of China is of good omen to all concerned, for it places within available distance a force competent to deal with any crisis or debacle that may occur at Pekin. A revolution in that city would in the absence of such a force, mean chaos and horrors unspeakable. And Russia alone is able to provide such a force to prevent the catastrophe. That mighty army just north of the Great Wall is thus a guarantee of safety to the interests of all Powers in that part of the Chinese Empire; and its presence there is not in the least incompatible with an equitable recognition of the rights and interests of other Powers elsewhere.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

EARL MINTO SAILS TO-DAY.

The Earl of Minto, Canada's new Governor-General, sailed today from Liverpool on the Dominion Line steamship Scotsman. The Scotsman is due in Montreal about the 13th.

Lord Aberdeen and Lady Aberdeen sail on the Dominion Line steamer Labrador on Nov. 12th for Liverpool.

London, Nov. 3.—Among the distinguished persons who bid farewell to-day to the Earl and Countess of Minto, who left London to embark at Liverpool on board the Scotsman, bound for Montreal, were Mr. Henry White, secretary of the United States embassy, and Mrs. White; Lord Strathcona and Mount Royal of Glencoe (better known as Sir Donald Smith), the High Commissioner of Canada, and Lady Randolph Churchill. The Earl of Minto is on his way to Canada to assume the duties of Governor-General in succession to the Earl of Aberdeen.

CHARGED WITH ABDUCTION.

This morning a complaint was lodged at the Police Court by Mr. J. Major, of 2178 Notre Dame street, against Wilfrid Vincent, accusing him of abducting his daughter Bernadette, 15 years of age.

For some time Vincent has been a steady visitor at the Major residence. His attentions to the young lady of the house, however, were never looked upon seriously Vincent, it is said, was considered more as a brother than a suitor. The pair went out last night, and when they returned they claimed they had been married by a minister on Chatham street. No one would at first believe it till Vincent produced the certificate.

Detective Landriault took charge of the warrant and arrested Vincent at noon. Vincent appeared before Magistrate Lafontaine and pleaded not guilty. His case was enlarged for hearing.

WAS DETECTIVE SO-AND-SO.

Louis Marchessault, 84 Fullum street, was arrested by Detective Richard last night, on the charge of obtaining money under false pretences. At one time, it is alleged, he palmed himself off as a revenue officer, at another as Detective So-and-So. His scheme was to call on a liquor dealer or a grocer and ask him if he knew Detective So-and-So. If the person said no, Marchessault would say: "Well, I'm the detective. I heard the was a warrant for you on the charge of selling liquor to minors, but if you like I'll settle it for you, on conditions." He thus obtained, it is said, various amounts of money, amounting in all to about $500.

The Sham Battle.

The 65th Battalion paraded last night under Lieut.-Col. Labelle, and after being served out with 10 rounds of ammunition, marched to Logan's farm, where a sham battle was fought. Companies 1, 2, 3, 4, and 5, under Capt. (adjutant) Pelletier, formed the attacking party. The other three companies, under Major Mackay, defended the position they had taken up. Lieut.-Col. Labelle acted as umpire. The parade state was over 200 of all ranks.

Lieut.-Col. Labelle is to be congratulated on the success attending the manoeuvres last night. This is the fourth time that such a drill has been planned, the three previous evenings being too wet to allow of a march out.

Steamer Burned at Collingwood.

Collingwood, Ont., Nov. 3.—The Great Northern Transit Company's steamer Pacific was completely destroyed by fire here this morning. The fire started in the Grand Trunk freight sheds, which were wiped out, as was also the wharf. In the sheds were great quantities of merchandise, which will be a total loss. The Pacific was a favorite with tourists. It was valued at $60,000; insured for $25,000. The Grand Trunk's loss will be over $50,000.

McAuliffe Is Wanted.

Deputy High Constable Bisonnette holds a warrant for the arrest of Jack McAuliffe, alias Murphy, who is said to be the lightweight pugilist. The warrant charges McAuliffe with skipping a board bills. Mr. Samuel Flatt, of St. Johns, is the complainant.

Personals.

Miss Alice Mathieu, only daughter of Mr. Aime Mathieu, and Mr. Louis Boyer, of Dandurand, Brodeur & Boyer, eldest son of L. Alphonse Boyer, ex-Member of Parliament for Maskinonge, were married this morning in the chapel of the Sacred Heart, Notre Dame Church. Abbe Marre officiated, and the bride was given away by her father. Miss Carter was at the organ. Among those present were Mrs. A. Mathieu, Mr. and Mrs. A. David, Mr. H. David, Mr. and Mrs. L. A. Boyer, the Misses Boyer, Miss Lila Boyer, Guy Boyer, Miss Amos, the Messrs. Amos, the Messrs. Baby, Mr. Meilleur, the Misses Steele Dansereau, Barthe, Duhamel, Prevost, Leclair, Surveyer and Brais, Messrs. Alfred Roy and C. Gaudet, Dr. Bruneau, A. St. Germain, Capt. De Blois Thibaudeau, Mr. Eugene Langlois, Mr. Sydney Ostell, Mr. Armand, and Mr. Prevost. Mr. and Mrs. Boyer left for New York by the morning train. They were the recipients of many costly presents.

Mr. Smith is the author of "Aneracestes the Gaul," to be published by T. Fisher Unwin, London, Eng., about the 1st of December.

HE.

"What's the matter with the Chinese Emperor?" inquired Li Hung Chang.

"Oh, he's sulking again," answered the Empress dowager. "He says his latest obituary notice wasn't nearly complimentary enough."—Washington Star.

Mrs. Eva Nansen, wife of the Arctic explorer, is a singer of some renown in her native country and was a professional. Since her husband became rich through his book and his lectures she has retired from the concert stage.

Tea Sets

We are showing some handsome designs in Solid Silver Tea Sets, in both 5 o'clock and full sizes. The designs, ranging from the very simple to elaborately chased, are very artistic. For a handsome Wedding or Anniversary Gift nothing could be more appropriate.

Henry Birks & Sons,
PHILLIPS SQUARE, Montreal.

J. A. OGILVY & SONS

Buy a Jacket or Cape with the above name on it and you have the most Stylish Garment possible to procure. Every day we make sales to shoppers who have inspected garments elsewhere, but at Ogilvy's they found their ideal garment at a price lower than they expected to pay for a high class garment. The colorings, style and finish always give perfect satisfaction.

Ladies' Jackets

For Autumn Wear, stylish designs. A few specials, to clear at special prices. For example: A $5.00 Jacket for $2.59, $6.95 Jackets for $3.79.

Linens

Time was when Table Linens were for the few only. Advanced methods of manufacture have brought goods of flax down to easy reach, and with our restless searchers for the world's best, and the direct and enormous buying we do, offerings of fine qualities at less than usual prices, like the following, are frequent:

All Linen Cream Table Damask, 50 inches wide, 21c yard.

Pillow Cottons, 8½c, 9½c, 10c, 11c.

8-4 Grey Sheetings, 12c, 14c, 16c yard. Bleached, 16c, 17½c.

American Crochet Quilts, full size, 95c each.

Beautiful Cashmeres

Fine assortment of colors, including all the wearable tones of Blue, Brown, Green and Gray, heavy yet fine fabrics, to be sold at 50c yard.

Laces

Extraordinary Reductions of Fine Irish Point and Brussels Lace, 9 to 14 inches wide, 15c and 25c yard.

These goods ranged from 35c to 75c yard.

Hosiery

Children's Black Ribbed Cashmere Stockings, sies 4½, 5, 5½. Were 30c to 40c pair. Now 25c.

Our 45c to 75c quality for 38c pair.

Ladies' Drawers

Ribbed, in assorted sizes, good winter weights, 30c pair.

JAMES A. OGILVY & SONS,
The Largest Exclusive Dry Goods House in the Dominion
Mountain and St. Catherine Sts., Montreal.

Oculine, The Brilliant Eye.

This preparation immediately on application BEAUTIFIES, STRENGTHENS and ANIMATES the EYE, giving it a beautiful and lasting brilliancy. A positive cure for red and diseased eyelids. Will instantly remove all bloodshot and soreness.

PALMER & SON, 1745 Notre Dame St,
'Phone—Main 391. SOLE AGENTS FOR CANADA.

ALWAYS BUYING.

Some people are "always buying" linens—not our kind of linens though—good linen lasts well—always looks good and delicate—Poor linen only lasts a short time—and looks like a starched rag even when new—We have a name for keeping only high quality linens—the prices are a little too low to suit our taste—perhaps they will suit yours though—COME AND SEE.

Swiss Tambour

Covers and Squares. A very fine new lot to choose from. Size, 10x10 inches. Prices, 10c, 12c, 15c, 18c, 20c, 22c, 25c. Size 16x16 inches—Prices, 22c, 23c, 25c, 29c, 45c, 49c. Size 18x36 inches—40c, 57c, 68c, 85c, 89c. Size 18x45 inches—65c, 80c, 98c, $1.00. Size 18x54 inches, 50c, 69c, 75c, 89c, 93c, $1.10. Size 32x32 inches—50c, 55c, 59c, 65c, 75c, 85c, 95c, 98c, $1.00, $1.10, $1.25, $1.40, $1.50.

Bureau Mats, Bureau Covers, Pillow Shams.

One Table of Ends.

of Unbleached Table Linens, Glass Towellings, Rollerings, all of good quality and greatly below the regular prices. You want some, don't you?

Odd Napkins.

These are Seconds, of very good quality. Prices are 8c, 10c, 15c, 17c, 20c each.

Table Cloths.

A very fine job lot, which we were lucky enough to buy very cheap.

2 yards square — $1.40, $1.50, $1.75, $1.85.

2x2½ yards—$1.25, $1.35, $1.75, $1.85, $2.35.

2x3 yards—$1.50, $1.75, $1.95, $2.25, $2.55.

2½x3 yards—$2.25, $3.50, $4.50.

Table Napkins.

We have a splendid assortment, many of which are of the same pattern as some of the table cloths, and match very nicely.

⅝ size — $1.15, $1.20, $1.65, $1.85, $1.95, $2.25, $2.50 per dozen.

¾ size — $2.15, $2.50, $2.65, $2.73, $3.35, and $3.75 per dozen.

ROLLER TOWELLING—5c, 7c, 9c, 10c and 12c yard.

CHECK TOWELLING—9c, 10c, 13c, 14c, 15c, 17c per yard.

ALL LINEN TOWELS—7c, 8c, 9c, 10c, 12c, 14c, 15c.

Extra Large Size, 25 x 50 inches. Special Price, 25c each.

MAIL ORDERS A SPECIALTY.

TELEPHONE -UP, 1274.

THE WORK OF AMERICAN TEAMS.

Philadelphia, Nov. 2.—The University of Pennsylvania football eleven lined up on Franklin Field this afternoon for the last time before the Harvard game.

At 11 o'clock to-morrow morning coach Woodruff will take the team to Auburndale, Mass., for final touches preparatory to the big game.

The 'varsity players rested this afternoon, and Captain Woodruff devoted all his attention to Outland and Hare, who received special instructions in place kicking and punting. Outland was tried at place kicking and did good work.

Hare's punting showed great improvement, and he will probably do better work than ever in this department in Saturday's game.

The coach feels confident as to the outcome of Saturday's game, and says if the team plays as well as it did in the second half of the Chicago game the result will never be in doubt. At the same time he does not in any way underestimate the strength of the crimson team, which he admits is a formidable one.

TIGERS IN NEW QUARTERS.

Princeton, N.J., Nov. 2.—The Tigers said good-bye to the old grid-iron this afternoon. Many glorious victories have been won there, and never has the orange and black been lowered on that field by a visiting eleven.

The sod is dear to the men, but to-day was moving day. The old lockers in the club-house were ransacked and all the paraphernalia from headgear to shinguards were removed. Their new headquarters in Brokaw Field House, recently given to the university by Ira C. Brokaw, of New York City.

Stands surround the gridiron on four sides. Sixteen thousand anxious enthusiasts will watch the Tiger grapple with the bull dog on that field eleven days hence. To-morrow the University of Virginia will play there in the first game in the history of the field.

The practice was short, it lasted only fifteen minutes, and but six points were scored. Reiter was declared out of the game yesterday and to-day Hutchinson was retired. Duncan or Rosengarten will have the place.

DUDLEY FOLLOWS AYERS.

New Haven, Conn., Nov. 2.—At last a majority of the regular Yale 'Varsity selected more than two weeks ago lined up in the practice this afternoon. Captain Chamberlain himself, for the first time in three weeks, took his place in the line during the play.

The followers of the team were greatly pleased to see the captain relieved from the dutis of coach. The coaching staff was augmented by the arrival of ex-Capt. Brinkerhoff, Thorne and Kid Wallace.

The coaches were not pleased with the play. There was too much fumbling and a lack of team work. The 'varsity scored but once and the strengthened college side wane through the line for long gains.

Princeton's tale of woe over the loss of Ayers is echoed over the Yale campus to-night. Dudley, Yale's best line-breaking half-back, twisted his bad knee and was compelled to take to crutches again. Benjamin did not appear to-day, so this leaves Corwin as the only 'varsity back now playing.

DELAND COACHES HARVARD.

Cambridge, Mass., Nov. 2.—For the last few days head coach Cameron Forbes has been telegraphing all over the country to get the old Harvard players to return to Cambridge and do some coaching. The result was that to-day fifteen men assisted him in the coaching. The most important acquisition to the coaching squad was Lorin F. Deland, who for years has aided Harvard in all that goes to make a mental victory in physical contest.

The practice was secret, as it will be for the week, and the authorities refused to say whether or not Mr. Deland drilled the men in trick plays, but the natural assumption is that some of his ideas will find their way into the Harvard team play before the great game of next Saturday.

Besides, Bob Wrenn was out for the first time, giving Daly points at quarter, and Charley Brewer was on hand to help the backs, as were former Captain Wrightington, George Gray and Everett Lake. Waters, Lewis, Manahan, Cranston, Mason, Cabot, Upton and Adams devoted themselves to the linesmen. Everybody has awakened to the fact that the Harvard line has to be bolstered up in short order.

The play to-day was devoted for the last twenty minutes of practice entirely to defensive play. The 'varsity made two touchdowns. The team to-day showed an aggressiveness which pleased the onlookers. The' varsity was penalized just six times for offside play, but even misdirected energy sometimes has its advantages.

To Say Farewell.

The Montreal branch of the Aberdeen Association will hold a special meeting next Wednesday afternoon at No. 1152 Dorchester street, to say good-bye to the president of the National Association, Lady Aberdeen.

Revived and Refreshed.

That drowsy sleepiness which comes over you during the day is but one of the symptoms of indigestion. It clogs the blood and makes the brain weary and listless. A good, refreshing, invigorating drink is a teaspoonful of

Abbey's Effervescent Salt

in a tumbler of water. It quenches the thirst, drives away Indigestion, cures Constipation, makes the blood pure and the brain active. Abbey's Effervescent Salt is the true helper of the active, progressive man.

This standard English preparation, which is endorsed by medical journals and prescribed by physicians, is for sale by all druggists at 60 cts. a large bottle. Trial size 25 cts.

CURRENT GOSSIP OF THE GRIDIRON

Final Practising Touches for the Big Football Games on Saturday Afternoon.

M'GILL LEAVES ON FRIDAY.

The Men Will Spend the Day on the Train and Have a Good Night's Rest at Toronto.

GENERAL FOOTBALL NEWS.

Unfortunately for both clubs, the Brits have not been able to get their men out for the practice match that was to have taken place to-day, and only the regular practices of the teams will be held. McGill has been putting in very satisfactory work this week, and when they meet 'Varsity on Saturday the red and white team will be as strong as it has been for years. There has been big improvement all along the line recently, and the utmost confidence exists up at the university that the Toronto men will be downed. In order to have an unbroken night's rest before the match, the players leave to-morrow morning for Toronto, and will spend the day on the train. A large number of friends will accompany them, and together with the Montrealers in Toronto the McGill team will not want for supporters. Reports from Toronto are to the effect that the greatest of interest is being taken in the game, and the attendance at the 'Varsity grounds will, no doubt, be very large. Nineteen players and the manager will make up the fighting part of the McGill forces. About as many more will go along as non-combatants.

THE MONTREAL TEAM.

The Montreal players have not shirked their work this week. They have turned out well, and the condition in which the players now are will enable them to stand any pace until the game is over. Montreal should win against College on Saturday, and will if they only play the game they are capable of. If the players stand around and show no life, as they did against the Granites, they can expect to lose. College, at any time, is a hard nut to crack, and, judging by The Herald special published below, the nut will be very hard on Saturday. Montreal can certainly take no chances in the game, for a victory means the Quebec championship. The general opinion among club men is that Montreal can win if the men really go in for all they are worth, and the players are resolved to do this. This morning a good lively practice was held, and the men will work again in the Victoria rink this evening. To-morrow they will rest up, and on Saturday they leave for Ottawa, accompanied by a large number of friends. One of the C.P.R.'s excellent fast trains will run the party up.

COLLEGE WILL BE STRONG.

Ottawa, Ont., Nov. 2.—(Special.)—There will be two football matches here Saturday. The Ottawas play Argonauts in the Ontario series, and College will have Montreal for an opponent.

All interest is in the latter struggle. To College it means a "look in" for the Quebec championship, while a victory for Montreal would mean the championship for the Metropolitan aggregation. To win is the ambition of every College man. They are preparing for victory as they never did before. Every day this week the team has been at work strengthening every weakness, which was only too much in evidence at Kingston last Saturday. They realize in Montreal a team of worthy opponents, but College also realizes victory in advance, and are going to battle for it in true championship style. To-day the fifteen had two hours' practice of the hardest kind of a game, and showed improvement over a week ago. In fact, College is always improving, and on Saturday it will be as strong in every position as it was a year ago, when the championship came here. Montreal has a mighty task ahead to win. To everybody in Ottawa they have little chance, unless the unexpected happens, as it generally does. The team will be same as in Kingston. Clancy will be at centre scrimmage as usual. To-day Clancy played like a warrior, and he made every man on the team do likewise. No chances are to be taken against Montreal. College still thinks they will be top-notchers in the race, and on Saturday they will leave nothing undone to make the garnet and grey as popular and victorious as it always was. The team is: McGuicken, E. Murphy, C. McGee, Duval, P. Murphy, Boucher, Clancy, Murphy, Lafleur, O'Gara McCreadie, Nagle, Fahey, Prudhomme, McCabe and Dunlop.

SATURDAY'S TORONTO GAME.

The Toronto papers make the following comments:

The average weight of the Varsity team is about 165 pounds.

R. Grant Fitzgibbons picks Varsity to win the Canadian championship.

Blackwood is fit again and he will be on Varsity's line against McGill.

Eddie Gleason thinks the Ontario Union clubs are stronger than those in the Quebec organization.

If McGill wins from Varsity on Saturday it will give them the lead in the Intercollegiate series.

It looks like a three-cornered tie for the Quebec championship, as College should defeat Montreal in Ottawa on Saturday.

The game on the University athletic field between Varsity and McGill will virtually decide the Intercollegiate championship.

The Varsity men are sparing no pains to prepare themselves for their great final struggle with McGill here next Saturday.

The Varsity boys are going through some hard, consistent practices to fit themselves for McGill, who are reputed to be very strong.

The Varsity men feel that their work is cut out for them next Saturday, when they meet the McGill team on the University athletic field.

McGill is very strong on the line, and Varsity is on the defence, which will make the game on Saturday rather interesting.

If McGill wins on Saturday they will lead in the Intercollegiate series, whereas if the Varsity team wins at will give them the championship beyond the shadow of a doubt. What the chances are the Varsity prophets refuse to say.

The final struggle for the Intercollegiate championship will take place between Varsity and McGill this week. Both teams play an open game and are well balanced. This should make the game a very interesting one from a spectator's point of view. One may be perfectly safe in saying that this will be the fastest and cleanest game of the season. Both lines are very swift, and the best of feeling prevails between the colleges.

'VARSITY WORKING HARD.

The 'Varsity management are at a loss to strengthen the one weakness of the great fifteen, says the Toronto News. The line is fairly weighty, but the scrimmage is altogether too small and deficient in avoirdupois. In open play, with a punter like McKenzie, and men able to hit the opposing line with such terrific effectiveness as big "Tart" Hills, the blue and white have probably the best team in all Canada, but in close heavy mass play Captain Burnsides' men are at a great disadvantage. Sanderson is a remarkably strong young athlete, but his side assistants must contribute the ballast to the trio. Gibson would be invaluable if fifteen pounds were thrown on him. Big Dodds has been brought out, and it is hoped the big fellow's size and weight will in a measure supply 'Varsity's sadly lacking quality in the make up of the line. It is just as John Inkster said: "Our men are more aggressive, faster, better trained and play with greater spirit than any of this season's Canadian fifteens, but when our opponents adopt mass play tactics, we are all out. 'Varsity is the best of them all on open, free play." Queen's held the blue and white well because of 'Varsity's ineffectiveness in scrimmage play. McGill will try the same methods on Saturday. If Captain Burnside can contrive to get the oval back to McKenzie, the locals should win. Waldie will make his second appearance on University field behind the first team trio. Inter-Collegiate football men look for the greatest game of the year.

ALLAN, STAND UP.

Kingston Whig:—Every fair-minded person who witnessed the recent struggle between Granites and Ottawa College football teams will candidly admit that the referee, Allan Rankin, made a fair, impartial referee. Even the vanquished players gave him full credit of having done justice to both teams.

SADDLE AND SULKY.

Every race on Saturday, the opening day, at the Oakland, Cal., track, was won by the big firm of Burns & Waterhouse.

Among the horses catalogued in the Easton sale at Lexington, November 21 to 26 are Ben Holladay, Lanky Bob and Queen of Song.

John Huggins, who trained for Mr. Pierre Lorillard, will remain as private trainer for Lord Wm. Beresford, who has taken over all the yearlings bred by Mr. Lorillard, about twenty in number.

Mr. J. B. Haggin has bought two Bend Or stallions in England for his California establishments. They are the four-year-old Orello and the five-year-old Citroy. The former is a full brother to Ormonde, but was not a racing success.

Though the American-bred Caiman, by Locohatchee—Happy Day, carried in the Dewhurst Plate a 10-lb. penalty for winning the Middle Park Plate, he finished in second place, and is likely to be the winter favorite for the Two Thousand Guineas.

An English paper says that a bookmaker named Dooley laid Arthur Lewis, of Hamilton, $10,000 against $100 that Sloan would not be first home in both the Cesarewitch and the Cambridgeshire. He was second in one race and left at the post in the other.

Thirty-eight horses started in the race for the Caulfield Cup, the next race to the Melbourne Cup in importance in Australia. Seven fell and one rider was killed, three others being seriously injured. The race was won by Hymethus, a son of the Isonomy horse Eiridspord.

Goodfellow, the sire of the Cesarewitch winner, Chaleureux, is standing as a sire in Hungary at the Government stallion depot of Nagy-Koros. He was bought by Prince Louis Esterhazy at the Newmarket sales in 1893, for 800 guineas. He is now only twelve years old.

Directum, the trotting stallion, sold last week for $20,000, is nine years old, and is by Director-Stemwinder, a half-bred mare. His new owner, Mr. Spiers, is a wealthy paper manufacturer, who has for years past been prominent as a breeder of trotting horses. In the fall of 1890 Mr. Spiers gave $35,000 for Robert McGregor, afterwards selling the big chestnut horse to George Ketcham, of Toledo.

Mr. John F. Clark, for 35 years the judge for the English Jockey Club, is dead, at the age of 82. He was apointed to the post of judge to the Jockey Club in 1852, and retired in 1888, and was the third member of his family to hold the office, his grandfather and father having in turn succeeded Mr. John Hilton, who was the first judge. Mr. Clark was a famous architect and also found time to engage in farming.

Mr. Wm. Hendrie will exhibit Derwentwater and Othmar at the New York Horse show this month. Derwentwater was the winner in the thoroughbred stallion class last year. Othmar will be shown in the class for stallions calculatel to get hunter and sadle horses, in which he was the winner at the Toronto Exhibition this year.

BROCKVILLE VS. GRANITES.

Brockville, Ont., Nov. 2.—The Brockville football team is arranging an exhibition game with the Granites of Kingston for Saturday next. The Brockville and Granites are old rivals, and up to this season, when the latter joined the Quebec Union, the Kingston men always went down before the Island City kickers in the intermediate race. The game promises to be a hot one.

AN ENERGETIC FRAUD.

This item is a newspaper waif. It has been wandering all over the country, and as it now appears to be playing return engagements in most of the papers, it is time to state that there is really nothing in it, as McGill has not taken entire leave of its senses. Here it is:

"There's honor among College footballers. McGill College, Montreal, have decided not to accept their win from Queen's at Kingston a couple of weeks ago. They recognize the fact that they were fairly defeated, but the game was given them by the referee."

ABOUT THE KINGSTON TROUBLE.

Kingston, Nov. 3.—(Special.)—Members of the Athletic Committee of Queen's say that they were merely carrying out the instructions of the Senate in notifying the executive of the Inter-Collegiate Union of the ineligibility of Curtis to play on Queen's team. Curtis was informed by the authorities that he could not play this year, but that if he conformed with the rules of the institution, and attended lectures this winter so as to qualify himself as a bona fide student, he would be permitted to play next year. Even after this warning he was played at Toronto, and it then rested with the Athletic Committee to uphold the Senate's action in the matter, which was done by notifying the executive of the Union.

A EXPLANATION.

On Monday a report of a game between McGill III. and Point St. Charles appeared in The Herald. A mistake was made in publishing some notes written for the sporting editor, who overlooked re-writing them. There was no intention whatever on the part of The Herald to make fun of the Point St. Charles team by referring to "Griffintown" and ploughed fields. The Point team has worked hard this year and deserves encouragement. The Herald is sorry to have caused them any annoyance.

A BILLIARD LEAGUE.

A Movement is on Foot to Form a League With Ottawa, Quebec and Montreal Represented.

Ottawa, Nov. 3.—It is not unlikely that an effort will be made to form a Canadian biliard league on somewhat the same lines as the existing bowling league.

For several years the O.A.A.C., and M.A.A.A. have been playing a series of home and home games at billiards with four men on a team.

It is now thought by many that it would be a move in the right direction to include Quebec and possibly another Montreal team in the series.

Billiards are booming in the O.A.A.C this season, even to a greater extent than last. The tables are always in use in the evening and many have to wait for their turn.

There is excellent material this year for forming the team. Places in the team will be given by competition, which will be opened within a few days. The following have entered for the competition: J. M. McDougall, J. E. Wright, Alex. Graham, E. T. Smith, E. F. Roy, J. O'Connor and V. H. Steele.

The New Hoyen Carsmake is the largest and best European House in Canada. Adjoining both Grand Trunk and C.P.R. Depots. Rooms from $1.00 upwards. Electric light.

Cuisine and service unsurpassed by any hotel on the American continent. All meals a la carte. Dining room open from 6 a.m. to 12 p.m.

WESTERN HOCKEY.

Manitoba Association Organized for the Season Last Night.

It Was Intimated at the Meeting That Two Winnipeg Teams Would Visit Montreal This Winter.

Winnipeg, Man., November 3.—(Special)—One of the most enthusiastic gatherings in the history of hockey in Manitoba was the annual meeting of the Northwestern Association, held in the Manitoba Hotel last evening. Speaking on the secretary's report, Mr. Metcalfe, president of the Winnipeg club, said: "I am pleased to see the intimation that the Victorias would go east to play for the Stanley Cup. I for one was disappoined that the Victoria team did not go east for the cup last year. In the contest for the championship the Vics will have the hearty goodwill and well wishes of the Winnipeg Club."

He anticipated that the Winnipeg hockey players would be in Montreal when the game for the cup was played, and they would be pleased to cheer for their fellow club.

The election of officers resulted as follows:

Hon. president—C. C. Chipman, Esq.
President—James Hay, Portage La Prairie.
Secretary-Treasurer—Chas. M. Taylor.
Council—T. L. Metcalfe, B. Fletcher, G. W. Leech, J. G. C. Armytage.

Mr. Metcalfe, noted above, is the urbane gentleman who chaperoned the Winnipegs during their visit to Montreal last winter. He said then that their team would come again his winter, and he evidently means to stick to his word. When "Tommy" Metcalfe says a thing is going to happen, that thing generally happens. So the Montreal hockeyists can sharpen their knives for two slices at the hockey laurels of the Prairie Capital.

THE AQUEDUCT RACES.

The Attendance Was Better Than the Card Yesterday—The Meeting at Nashville.

New York, Nov. 2.—There was a large attendance at Aqueduct to-day, although the card was anything but promising. In the first event L'Alouette opened favorite, although she closed second choice, as so much money went in on Zanone. Blarney Stone was the next best backed. Blarney Stone made all the running, but was caught by L'Alouette in the last furlong, and beaten by three-quarters of a length. In the second race there was a heavy play on Dan Rice and Sanders, and at the close they were equal favorites. Dan Rice went out into the lead at the fall of the flag, and was never headed, winning easily, with Merlin second. Sanders sulked all the way, and would not run until the last quarter, when he managed to get into third place. Warrenton was the favorite for the fourth race, while Blue-Away had a lot of backing, Bona Dea being third choice. They finished in that order, Warrenton racing along to the last furlong, and then coming away and winning as he pleased. Summary:—

First race, selling, 6 furlongs—L'Alouette, 105, Spencer, 11 to 5 and 4 to 5, won by three-quarters of a length; Blarney Stone, 107, Maher, 5 to 1 and 2 to 1, second by four lengths; Zanone, 110, O'Leary, 9 to 5 and 3 to 5, third. Time, 1.14. Bonnie Gem, Midlight, Mizpah, Flax-Spinner, Red Spider, Hanlon, Oviatt, Taranto and Tanis also ran.

Second race, 1 mile and 40 yards—Dan Rice, Clawson, 6 to 5 and 2 to 5, won by six lengths; Merlin, 106, O'Connor, 20 to 1 and 3 to 1, second by five lengths; Sanders, 118, Spencer, 6 to 5 and 3 to 5, third. Time, 1.46. Philip, Oxnard and Prince Auckland also ran.

Third race, selling, 5 furlongs—Anagram, 109, Jones, 7 to 5 and 1 to 2, won by half a length; Lepida, 99, O'Connor, 10 to 1 and 3 to 1, second by three lengths; Morning, 99, Maher, 3 to 1 and even, third. Time, 1.02 1-5. Bessie Taylor, Abide, Lamity, St. Sophia, Onondaga's Pried and Lady Scarlet also ran.

Fourth race, 1 1-16 miles—Warrenton, 120, Clawson, even and out, won by one length; Blue-Away, 104, Songer, 11 to 5 and 1 to 2, second by six lengths; Bona Dea, 90, O'Connor, 9 to 2 and 11 to 10, third. Time, 1.49 1-5. Brighton, Hurns, and Filament also ran.

Fifth race, six furlongs—Great Land, 112, Maher, 2 to 5 and out, won by five lengths; Strangest, 112, Turner, 7 to 1 and 7 to 5, second by six lengths; Col. Tenny, 112, Clawson, 7 to 1 and 2 to 1, third. Time, 1.15. The Gardener, Comatop, Holden and Tophet also ran.

Sixth race, selling, one mile and forty yards—Bardella, 105, Spencer, even and 2 to 5, won by a head; Campania, 95, McCue, 20 to 1 and 6 to 1, second by a head; Swamp Angel, 105, Maher, 5 to 1 and 7 to 5, third. Time, 1.45. Sister Stella, Her Own, Nana H., Ruby Lips and Vanessa also ran.

THE NASHVILLE MEETING.

Nashville, Tenn., Nov. 2.—More than 400 horses are at Cumberland Park for the fall meeting commencing to-morrow, representing many stables, and many of the horses have good records. Some stables, it is understood, have been turned away because of lack of room. The track is in excellent condition, weather perfect, and all indications point to a successful meeting and a brilliant opening to-morrow. The entries for to-morrow have filled very well, and the meeting has already brought many visitors to the city. Stables now at Lakeside and Tritonia have decided to stop at Cumberland Park en route to New Orleans, and so notified the managers. "Jakies" Hollman will be a starter, and Hugh E. Keough and Major Overton will preside at the meting.

A PECULIAR DECISION.

Magistrate Connorton's decision in regard to the Rosenthal-Roberts case is rather a remarkable one. It is not so much a surprise that the tout was let off "scot-free" as it is that the order of the court allowed him to keep his ill-gotten gains. The fact that Mr. Rosenthal gave Roberts the money to bet with, outside of the race course, was a violation of the State Racing law, and such being the case he and Roberts were held to be equally guilty. Roberts doubtless played a skin game on the gentleman from Montreal, but the latter should have taken his losses quietly instead of rushing to court over them. Had Staysail won, and Roberts not made good the profits accruing, then there would have been some cause for complaint. As Mr. Rosenthal proved that he gave the money to Roberts it is difficult to see upon what grounds the magistrate turned the amount over to Roberts.—New York Commercial Advertiser.

BASEBALL.

BUFFALO OUT OF IT.

Chicago, Nov. 2.—President Johnson, of the Western League, to-day said that he understood that Buffalo was now out of consideration as a member of the Western organization, inasmuch as the eastern city did not desire to come in on the terms proposed.

"Our league has been a money-maker," said Mr. Johnson, "No league has ever paid the money on investments that we have—not even the National. We have made money, and have money in the treasury, despite the stories about our being a bankrupt organization. Next season we will be in the field, with the strongest league, next to the National, as we have been in the past. There is no danger the big league will transgress the national agreement, and invade our territory."

SITUATION AT SYRACUSE.

Syracuse, Nov. 2.—There is nothing new in the local baseball situation. Mr. Kuntzsch told a reporter that he had not yet made up his mind what to do. He said that the franchise was stil for sale for $5,000, and said in addition that whoever purchased it can have the lease of the grounds at a low figure. He will attend the special meeting of the Eastern League, which will be held on November 16th, unless the franchise is sold before that time, as he says he wants to keep posted on what the league is doing. He hasn't the slightest idea of what action will be taken at the meting, and isn't bohering very much about it.

TO STOP SIX DAY RACES.

An Ordinance Has Been Introduced in the Board of Aldermen of New York and Will Likely Pass.

New York, Nov. 3.—Alderman John T. McCall stood sponsor for an ordinance prohibiting six day bicycle races that was introduced at the meeting of the Board of Aldermen yesterday afternoon. The measure was framed by a committee representing the local consulate of the League of American Wheelmen, of which B. W. B. Brown is chairman, and Louis Rosenfeld, senior consul of that organization, was present in the Aldermanic Chamber to note its reception. Contrary to expectation, the measure called forth no debate or comment whatever, and on motion of Alderman McCall was referred to the Law Committee.

No intimation of a public hearing in the case was given, though the L.A.W. consulate will endeavor to have such brought about. The text of the measure is as follows:

An ordinance to prevent performances known as six day bicycle races in the city of New York.

Section I.—No person or persons shall organize, superintend, promote or manage a race or series of bicycle races, participated in by men, women or children, within these corporate limits which shall entail continuous riding or remaining on the wheel for more than twelve hours out of each twenty-four hours; and no man, woman or child in any bicycle race or series of races shall have less than twelve hours' continuous rest off the wheel in each twenty-four hours.

P. T. Powers, of the American Cycle Racing Association, when informed of the text of the proposed ordinance, said that his association would continue arrangements for a six day continuous bicycle race, to take place in Madison Square Garden, beginning December 5 next.

BOWLING.

MATCH AT THE ARMORY.

Two teams of eight men a side of the Victoria Rifles Bowling Club rolled a practice match at the armory last evening. The scores were as follows:—

R. Simpson	581
R. Ahern	515
F. McRobie	549
R. Walton	536
R. Matthews	539
G. H. Dodgson	538
W. Mills	512
L. Angevine	551
Total	4,321
L. McRobie	519
W. Simpson	558
B. Simpson	489
J. McLennan	391
W. Tasker	470
C. G. McCartney	495
E. M. McNab	473
P. Gorman	526
Total	3,921

Majority for Simpson's team, 400.

AQUATICS.

HIS BOAT UPSET.

Halifax, N.S., Nov. 2.—Mike Lynch, of Halifax, upset his boat in a three mile scull race on Bedford Basin this afternoon, with Harvey Vail, of St. John. As Lynch was in the act of turning a squall struck his shell, and in trying to save himself from being upset the oars got locked for an instant, and the boat went over. Lynch was picked up by a rowboat. Vail, who had a very slight lead at the time of the accident, rowed home leisurely. The race was for $300 a side, and a large sum was at stake in bets, with Lynch a strong favorite.

OBEDIENCE IMPERATIVE.

Servants Who Refuse to Obey Orders Can Be Dismissed Without Notice.

One phase of the mistress-and-servant question was illustrated in a case which was heard yesterday before Judge Dorion, in the Circuit Court. Miss Emma Taylor, through Messrs. Cullen & Chambers, sued Dr. Springle for one month's wages for alleged wrongful dismissal. Mr. A. G. Brooke Claxton, who appeared for the defendant, examined witnesses to show that the dismissal was justified, as the girl had refused to do some washing when told to do it by her mistress, and had said she would do it a week later. It was also proved that she refused to answer messages through the house tube, and was negligent in her work. Judge Dorion dismissed the case, remarking that every servant was bound to obey the lawful commands of her mistress, and if she refused to do so, or was impertinent, there was just cause for immediate dismissal without the customary fifteen days' notice.

$300 IN DOCTORS' BILLS,

NO CURE.

50 Cents for Doan's Kidney Pills,

COMPLETE CURE.

You may go to great expense to get rid of your pains and aches and sickness—heap up big doctors' fees and druggists' bills—and yet be uncured. When you know the right remedy — the unfailing remedy for any Kidney Ailment, such as Backache, Diabetes, Dropsy, Bright's Disease, Gravel, Rheumatism, etc., is Doan's Kidney Pills, and that a few boxes will effect a cure, you can save yourself both money and suffering. Listen to what Mr. James Row, a well-known resident of Belleville, says: "Nine years ago I was attacked with pain in my back just above the hips, and severe rheumatic pains all over the body, which as time went on grew constantly worse. I was most of the time unable to work, and suffered greatly from pain in the bladder. My disease has cost me fully $300.00 in doctors' bills and medicines, and still I got no material relief until I tried Doan's Kidney Pills. I got a box, and as a result have no pain or ache of any kind. The urinary or bladder troubles are all cured, I sleep well, and the tired, worn-out feeling has vanished. It was the best thing I ever did in all my life when I commenced taking Doan's Kidney Pills. The effect on me has been simply wonderful and, what is still better, the cure is permanent, for I have had no return of my trouble."

Hundreds of people in Belleville and Hastings County have been cured of Kidney Disease, Bladder Weakness and Urinary Troubles by Doan's Kidney Pills. Price 50c. a box, or 3 for $1.25, at all druggists, or sent by mail by the Doan Kidney Pills Co., Toronto, Ont.

Remember the name, Doan's, and refuse all others.

For Wet Weather, Too.

The "Paletot" Coat, Made of Chemically Waterproof Venetians and of other soft finished Cloths, fawn and drab, cut with sloping pockets, buttoned seams from hip downward, draping full and flowing.

Much in vogue at fashion centres and seasonable now.

Merchant tailors' price $25 and $35. Our price $15 and $18 each.

FRANCE AND ITALY.

Tribes Under the Protection of the Latter Kingdom Kill a Number of Frenchmen.

London, Nov. 3.—The Rome correspondent of the Daily Mail says: "The Government has received news from Massowah, on the Red Sea, that 1,000 Danakils, members of a tribe under Italian protection, recently attacked a caravan near Jibutil, on the west coast of the Gulf of Aden, belonging to the Abyssinian envoys, who were returning from Paris to the court of the Emperor Menelik of Abyssinia with M. Lagarde, the representative of the French Government, and the late Governor of Obok.

"The Danakils, who occupy the territory between Obok and the mountains of Abyssinia, killed four French soldiers and seized 200 camels, 4,000 rifles, a large quantity of ammunition and valuable gifts intended for the Negus. It is feared that the result will be complications with France, Russia and Abyssinia.

The Renfrew Shooting Case.

The Wilson-Renfrew shooting case was continued in the Enquete Court yesterday afternoon.

Dr. Harding, of the Montreal General Hospital, said that when he had called at the house some one had shown him a revolver, two barrels of which were empty. Dr. Barlow, of the General Hospital, said Renfrew had been admitted to the hospital in September. The witness produced a bullet which he had extracted between the eleventh and twelfth ribs of his left side. Renfrew, the complainant, has given evidence to the effect that he had not seen the accused while at the hospital, but remembered to have written a couple of notes to her. Witness stated that a sister of the accused was in the asylum for the insane. Miss Nelson's mother had written to him saying that other relatives had been likewise afflicted. Witness once had told the accused that she would go crazy if she did not stop worrying. That concluded the evidence, and the case was taken en delibere.

Our Work

is distinctive for its fine finish and effect. We make a specialty of fit, finish and workmanship, so that you need not hesitate an instant in leaving your order for a fall or winter suit, or overcoat, with us. Hugh Ross, 206 St. James Street.

Associated Board Examinations.

The preliminary theory examination in music of the Associated Board of the Royal Academy of Music and Royal College of Music for local examinations in music took place throughout the Dominion on the 2nd, and notwithstanding the small number of entries, which has evidently arisen from the limited time there was to prepare for the examinations, the board, not actuated by any mercenary or commercial motives, has at a very considerable cost to itself, resolved to send out Mr. C. Lee Williams, Mus. Bac., to conduct the practical examinations. Mr. Williams is a well known composer, and was until recently organist of Gloucester Cathedral and conductor of the Gloucester musical festivals, and has had a large and varied experience in examination work for the board. The board has decided to hold the examinations next year in May and June, and hopes that the date will be found more suitable for Canadian students.

The Debt Was Prescribed,

The Court of Review has reversed the decision of the Superior Court in the case of Angers against Dillon, in which the latter had been condemned to pay $242 out of an amount of $292, for which action had been brought. The action was based upon a debt incurred in April, 1879. The principal plea was one of prescription, and the Court of Review has found this plea well founded, and that the action should, in consequence, have been dismissed in toto. Judgment accordingly.

Decorative Painting Class.

The pupils already enrolled for this class are requested to be present next Friday evening at the Monument National. The members of the Council of Arts and Manufactures are anxious to extend the operations of the next season in this useful class, and would be happy if new pupils would give their names immediately. They hope the master painters will persuade their apprentices to benefit of the teaching, which is free, and join the class on Friday. After this date no other pupils will be admitted.

Wit and Humor.

The present unsettled state of affairs in France gives interest to the creation of a new bond between the Bonapartes, the Neys, the Massenas and the Murats. The Prince de la Moskowa is about to marry Princess Eugenie Bonaparte. The future bridegroom is the great-grandson of the illustrious but ill-fated Marshall Ney, and his sister is the wife of Prince Joachim Murat. His mother, the adopted child of the great Jewish banker's widow, the late Mme. Furtado Heine, became after her first husband's death the partner for life of another representative of imperial traditions, the Duc de Rivoli, Prince d'Essling, the lineal descendant of Marshal Massena.

A Business Man.—Shaw—"But you promised to give £5,000 with your daughter on her wedding day, and this cheque is only made out for £4,875." Aarons—"That's right." Shaw—"How?" Aarons—"Why, two and a half per shent discount for cash, of course. I never getsh less than that allowed to me."

It seems that a lawyer is something of a carpenter. He can file a bill, split a hair, chop logic, dovetail an argument, make an entry, get up a case, frame an indictment, empanel a jury, put them in a box, bore a court, chisel a client, and such things.

STEEL TUG BOAT.

Harbor Commissioners of Montreal.

SEALED TENDERS will be received at this office, until Twelve O'Clock, Noon, on November 14th, 1898, for the building of a

STEEL TUG BOAT,

Plans may be seen and copies of the specification and forms of tender obtained at this office, on application to Mr. John Kennedy, Chief Engineer of the Commissioners.

No tender received later than the above hour will be considered, and the Commissioners reserve the right to reject any or all of the tenders.

ALEXANDER ROBERTSON, Secretary.

67 Common Street, Montreal.
20th October, 1898.

Mr. Kitson, Robb, Scott, McCutcheon to

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for New Roof Covering of Post Office Building, Montreal, Que.," will be received until Monday, 14th November, 1898, for the renewal of the roof covering of the Post Office, Montreal.

Plans and specification can be seen and form of tender and all necessary information obtained at this Department and at the office of the Clerk of Works, Post Office, Montreal.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied and signed with their actual signatures.

Each tender must be accompanied by an accepted bank cheque made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. of amount of the tender, which will be forfeited if the party decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
E. F. E. ROY, Secretary.

Department of Public Works,
Ottawa, October 29th, 1898.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

Catarrh

GUARANTEE. — The compounders of Japanese Catarrh Cure guarantee to cure any case of Catarrh. If after purchasing at one purchase six boxes of the cure and using the whole contents of same, exactly as directed, there be failure to cure, the money paid for same will be refunded by them, providing that six guarantee slips are presented together with a receipted bill from the druggist or dealer from whom purchased, and declaring that the whole six boxes have been used by the person claiming the refund, and that there has been no cure. This is a strong position for the proprietors to take, but they have absolute faith that on a fair trial it will do all that is claimed for Japanese Catarrh Cure.

"I suffered from almost constant cold in the head, and catarrh symptoms were developing. I procured a box of Japanese Catarrh Cure and the effect was instantaneous relief."—Alex. McRae, New Westminster, B.C. 50 cents—at all Druggists or by mail.

BROKERS FELT MORE CHEERFUL

Although, as Far as Can Be Learned, the Situation Is Just About the Same.

RUMOR ABOUT RATE WAR

And That There Will Be a Settlement Causes a Much Better Feeling.

THE MARKET IS NOT VERY ACTIVE.

The feeling on the "street" to-day was just a little bit better.

There was no substantial reason for it, except that wheat cables on the other side were lower, even in the face of advices similar to those that put the market up the day before. The only real argument was that the report of the British ships clearing for action in China was somewhat absurd.

A wire from New York this morning said "Wheat cables are slightly lower, which is ample evidence that the relations between England and Russia are not strained, although the London papers are full of war preparations and talk."

Wall Street stocks were just about as tame and uninteresting as they were yesterday and what firmness there was came from the efforts of the shorts to cover. There was very little foreign selling reported.

One of the big factors here to-day was the rumor that Canadian Pacific and Grand Trunk are at last about to come to an agreement over the rate war question. This is about the five hundredth time—more or less—that this story has been started, but the "street" gave it a

Little More Attenion

to-day and manw are inclined to think that there is something in it. Pacific was a little firmer than it was yesterday, although it showed no improvement in London. The bulk of the trading here this morning was on the basis of 82, and 82 1-4 was the top for a transaction of 25 shares. Street Railway was barely steady at 275 3-4 to 276 and Gas sold at 191 3-8 to 191 3-4. For one thing there was a little more attention paid to Dominion Coal shares, preferred selling at 113 1-4 and common, which was more active than the other at 30 to 31.

Montreal Street Railway earnings yesterday amounted to $4,077.81, an increase over the same day last year of $419.96. The day before Toronto Railway earnings were $3,270.63, a gain of $124.65.

L. J. Forget's cable quoted Grand Trunk 1st preference at 61 5-8, third do. 15 7-8, Pacific 83 1-8 and later 83 5-8, Hudson Bay, 19.

Rossland, B.C., Nov. 3.—The showing in Commander at 270 feet is reported good. The superintendent of Le Roi says when the 800-foot level is opened up there will be enough ore in sight to ship five hundred tons a day for four years. There is more ore between the six hundred and seven hundred foot levels than has so far been taken out of the mine. The profits are said to be $100,000 to $150,000 a month. Stocks are firmer, and the general tone is improved.

In Wall Street.

Wall street prices were a trifle firmer to-day, with not much doing. Mr. Monk's despatches said: Wheat cables are slightly lower, which is ample evidence that the relations been Russia and England are not strained, although the London papers are full of war preparations and talk. We do not think the news from Paris of a rupture among peace commissioners, and that the Spanish commissioners will return on Friday is true. Spanish fours, 40 5-8. No change in the Bank of England rate of discount.

The market will not go down, the money is on the long side. B. R. T. earnings yesterday, $16,525, increase $1,982. Increase 2 days, $4,008.

Weil is buying to make the shorts cover.

Twenty active stocks yesterday declined 32 p.c., and dealings fell off materially. Foreign selling continued, but with this exception, no business of importance was done. Berlin has been rather a large seller of Pacific stocks. St. Paul earnings fourth week in creased $141,464. No change in the Sugar figt.

PRODUCE MARKET.

There is a Firm Tone to the Cheese Market, But Comperatively Little Business.

There is quite a firm tone to cheese in the country, and it is evident from the proceedings at the various boards yesterday afternoon that factorymen are holding on to their chese pretty firmly. In one or two instances 9c was again paid. In the way of actual business on spot there is not a great deal to be said. Bids of 9c have been made for finest late made Western goods, but the majority of holders are not disposed to let go at that figure, and are sticking out for a fraction more. A few Eastern cheese have been placed on the basis of 8 3-4c to 8 7-8c.

Finest Ontario fall cheese......	9c to 9¼c
Finest Ontario summer........	8¾c to 9c
Finest Eastern fall cheese......	8¾c to 8⅞c
Finest Eastern summer........	8½c to 8⅝c
Finest French fall cheese.......	8½c to 8⅝c
Finest French summer cheese..	8c to 8¼c
Liverpool cable...	42s

The receipts and exports of cheese at New York since May 1st (the beginning of the trade year) compare as follows:—

	Receipts. Pkgs.	Exports. Lbs.
For week ending Nov. 1	30,194	320,205
Same time in 1897....	33,293	535,177
Since May 1..	117,326	16,060,826
Same time last year..	1,105,309	29,959,578

There is very little change of importance to note in connection with the butter market, and prices rule just about the same. The demand is only moderate. Extra finest creamery, boxes, 18c to 18 1-4c; extra finest creamery, tubs, 17 3-4c to 17 7-8c; ordinary finest creamery, boxes, 17 1-4c to 17 1-2c; ordinary finest creamery, tubs, 17c to 17 1-8c; Western dairy, tubs, 14 1-4c to 14 1-2c.

A fairly good trade is being done in the market for eggs, and prices are about steady. Strictly new laid, 19 1-2c to 20c; No. 1 candled, 15c to 16c; No. 2 do., 12c to 13c; and culls, 9c per dozen. Receipts, 1,310 cases.

The demand for poultry to-day was ample to absorb the offerings, and prices rule steady. We quote: Turkeys, 9 1-2c to 10c; chickens, 6 to 7 1-2c; geese, 5c to 6c; and ducks, 7 1-2c to 8c per lb.

The receipts of partridge were fair, for which the demand was good at 50c to 55c for firsts, and at 35c to 40c for seconds per brace.

In beans business was quiet, and prices show no change. We quote: Choice hand-picked, 95c to $1 a bushel; primes, 85c to 90c.

There is little demand for honey, and the market is dull. We quote: White clover comb, in 1-lb. sections, 7c to 7 1-2c; dark, 5 1-2c to 6 1-2c; white extracted, 6c to 6 1-2c; and dark, 4c to 5c.

Maple product is without any new feature. We quote: Syrup, in wood, 4c to 4 1-2c per lb.; in tins, 45c to 55c, according to size; sugar, 6c to 6 1-4c per lb.

MANITOBA WHEAT REALLY SCARCE

Cables Lower, Showing That There Is Less Apprehension of Trouble in Europe.

LOCAL CATTLE SHIPMENTS

Will Not Be as Large as Last Year—A Decrease in the Export of Sheep, Too.

THE GOSSIP OF THE "STREET."

Wheat in Chicago had a soft tone about it to-day, but otherwise the market was featureless. There was only a moderate amount of activity, telegrams said, and fluctuations were narrow. The range for December for the most part of the morning was 66 5-8c to 66 7-8c. A wire to a local broker said: "All reports are to the effect that great damage has been done to corn by the excessive rains which caused sprouting and delay. Good demand for lard. Wheat opened dull and easier at put prices on disappointing cables. Offerings were not heavy. Northwest receipts, 1,201 cars; last week, 760 cars; last year, 1,037 cars."

Winnipeg, Man., Nov. 3.—Seventy-two cents was yesterday's quotation for Fort William cash wheat, but it is almost impossible to get any wheat even at that price. The offerings are far short of the expectations of the dealers at Fort William. For instance, on Sunday only 37 cars were received, where a year ago 200 were unloaded at C. P. R. elevators. Country prices ranged yesterday from 54 to 64 cents.

Baltimore exported in October 4,616,000 bushels all kinds of grain, or 74,000 bushels more than for September, of which 1,745,000 bushels wheat, 2,010,000 do. corn, 358,000 do. rye, and 473,000 do. oats.

One million two hundred and thirty thousand brls. less flour have been received at Buffalo so far this season by lake than last, or 7,975,000 barrels; while wheat receipts have increased 6,470,000 bushels, to 164,000,000 do.

Liverpool stocks, as reported to the Liverpool Corn Trade Association, amount to 613,248 bush, compared with 1,062,280 on October 1. This indicates an average weekly consumption for the month of 912,000 bush, but the actual consumption was probably only 864,000. The Russian Tax Department estimates the grain crops of fifty governments this year as 1,504,000,000 bush, compared with 1,280,000,000 last year. The stocks of grain at harvest time are also estimated at 232,000,000 bush, compared with 336,000,000 at that time last year. This is an unusual authority and probably inclined to be optimistic. Liverpool advance is mostly due to the stock statement and partly to politics.

CATTLE EXPORTS FROM MONTREAL TO EUROPE.

It is a pretty sure thing now that cattle exports from Montreal this season are not going to come anywhere near the figures of a year ago. And it is not that the markets now are any more unprofitable than they were then. Shippers last season claimed that their losses on cattle fully averaged $2 to $4 a head.

It is known for a fact that losses this year have in some instances been very heavy, yet shippers have cheerfully sent cattle forward to the slaughter. Up to the beginning of the present month it is estimated that 87,540 head of cattle have been sent forward, compared with 106,681 head a year ago. The decrease is better explained by the fact that a large quantity of stock has found an outlet at Buffalo and Boston. Shipments of sheep amount to 28,900 head, against 54,823 last year, and horses, 5,381 head, compared with 8,853. The movement last week was fairly large, as will be seen by the following, which gives the shipments in detail:

	Cattle.	Sheep.
Oct. 29.—Arona, London	292	82

NINE CENTS AGAIN.

That Figure Was Paid for Cheese at Woodstock Yesterday—Markets Are Quiet.

There was very litte activity to the country cheese markets yesterday, but 9c was again paid in a couple of instances. Factorymen are apparently a little firmer in their views.

Picton, Ont., Nov. 2.—At our cheese board to-day 13 factories boarded 900 boxes and all colored; 8 13-16c highest bid; no sales.

Napanee, Ont., Nov. 2.—100 white, 740 colored boarded; 8 3-4c bid; no sales. Buyers present: McGrath, Vantuven, Thompson, Brenthall, Alexander.

Woodstock, Ont., Nov. 2.—Twenty-one factories offered 7,550 boxes cheese, 2,995 white and 4,555 colored. Sales: 900 at 8 3-4c; 1,485 at 8 7-8c; 550 at 8 5-16c; 2,785 at 9c. Eight buyers present.

Peterboro, Ont., Nov. 2.—The Peterboro cheese board has adjourned for the season.

MONTREAL GRAIN.

Just a Moderate Trade in Progress—Very Little Wheat Offering Up west.

ment in Montreal grain just now, the market is not nearly as active as it was some time ago. For one thing the offerings of wheat up west, Manitoba particularly are very light. Holders evidently deem it pretty good property, and are not disposed to let very much go at present prices. No. 1 hard is quoted on the basis of about 72c at Fort William, and 82c to 84c at Toronto. Red and white Ontraio is quoted at 74c to 75c, north and west freights.

In the way of coarse grains there is only a moderate trade. Peas are steady on the basis of 69c afloat, oats 30 1-2c afloat, buckwheat 50c afloat, and rye 56c.

The demand for flour in a local way is very fair, and there is quite a large movement on the whole at pretty good prices. In an export way there is also some enquiry, but no new business. Winter wheat patents, $4 to $4.25; straight rollers, $3.75 to $3.85; in bags, $1.75 to $1.85; Manitoba patents, $4.70 to $4.80; strong bakers' best, $4.20 to $4.40.

The offerings of feed are still small, for which the demand is good, and prices are fully maintained. We quote: Manitoba bran, $12; shorts, $14, and moulie, $16 per ton, including bags.

A stronger feeling has prevailed in the meal market, and prices for rolled oats have advanced 10c per barrel. The demand is good, and sales are reported at $3.60 per barrel, and at $1.75 per bag.

There was a fair demand for baled hay, and the market is moderately active and firm. We quote: No. 1, $6.50 to $7.50; No. 2 extra, $5 to $6; No. 2 and clover mixture, $4.50 to $5; and clover, $4.

Alexander, 105 bxs cheese; W. W. Ogilvie, 1 brl flour; Shaw & Cassils, 106 bales leather; H. & A. Allan, 190 head cattle.

WHEAT STATISTICS.

Trade's Opinion of the Amount Held By Farmers.

Receipts at Primary Points on This Crop Have Been Larger Than During Last Year.

The question of interest in the grain trade is the degree of tenacity with which farmers are this year holding their wheat. It is conceded on all sides that the high prices that accompanied the 1897 crop have depleted the reserves the world over, and as far as the farmers in this country are concerned it is also conceded that they are in a position to hold their wheat for higher prices. It is, nevertheless, a fact that the receipts of wheat at primary points have on the current crop been larger than the movement to market during the corresponding period of the 1897 crop. The last weekly report available on this subject is for the week ending October 22nd. It shows the receipts at the principal primary markets for the week and from August 1st, the beginning of the crop year. This statement shows excess receipts this year over last of 2,500,000 bushels. It follows:—

	Bushels.
Chicago	1,142,753
Milwaukee	409,500
Duluth	3,339,085
Minneapolis	2,425,000
Toledo	260,004
Detroit	140,718
Cleveland	137,249
St. Louis	742,291
Peoria	8,450
Kansas City	1,193,000
Total	9,798,059
Since August 1	85,688,693
Same time last year	83,199,284

If in addition to these heavy receipts the farmers are still maintaining large reserves, it means, it is argued, a very large crop. Western advices state that the movement to market would have recently been much heavier than has already taken place but for the unfavorable weather prevailing throughout the North-West, which has materially delayed threshing of wheat and its delivery. In sections of the North-West large quantities of wheat are still in shock, and more or less of it has been damaged by storms. Some reports are to the effect that farmers are unable to get help to thresh this wheat, which is being still further damaged.

MEANS $26,697,927.

That is the Interest Paid on Wall Street Stocks and Bonds for the Month.

According to the Daily Stockholder interest was due Nov. 1 on bonds the par value of which is $780,350,905, the amount of such interest being $20,451,994, as compared with $18,747,168 a year ago, $18,194,986 in 1896 and $17,144,191 in 1895.

Dividends are payable during the month on stock whose par value is $523,606,430, the amount of such dividends being $9,783,720, against $8,144,060 last year, $8,502,941 in 1896 and $7,197,730 in 1895. Subjoined is a comparison of disbursements for the past three years:

	1896.	1897.	1898.
Bonds	$624,485,517	$656,339,017	$780,350,905
Interest.. ..	18,194,986	18,747,163	20,451,994
Stocks	468,674,883	463,496,883	523,606,430
Dividends ..	8,502,941	8,144,060	9,783,720
Total disbursements.	26,697,927	26,891,226	30,235,714

The Government has paid interest on the 4s and 5s this month amounting to $4,072,637. This with the usual payments will bring the total due up to $35,000,000.

Matane.—Strong north-west. Barque Anna Camp and barque Prince Oscar anchored here.

Martin River.—Clear; north-west.

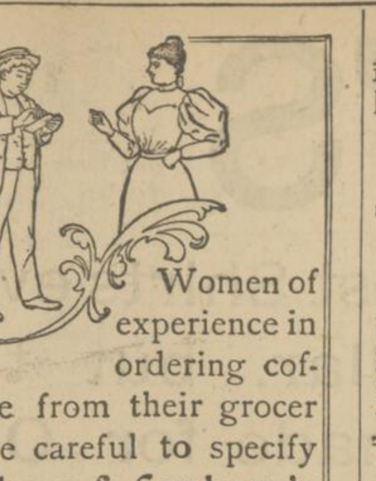

Cape Magdalen.—Cloudy; fresh north-west.

Fame Point.—Cloudy; north-west. Inwards, 7.30 a.m., Coban.

North Shore.—Clear; west.

Anticosti.—Clear; strong north.

Low Point.—Cloudy; strong north-west. Outwards last night, Turret Chief.

Women of experience in ordering coffee from their grocer are careful to specify **Chase & Sanborn's Seal Brand Coffee,** which comes in pound and two-pound tin cans, knowing that satisfaction accompanies every can.

Thousands of refined people who know and appreciate good coffee endorse this famous brand. The signature and the seal of these well-known importers guarantee its excellence.

Permanent Cure of Boils.

B. B. B. Cured Mrs. Harrison Henley, of Musquodoboit, N.S., in 1895, and the Boils have never come back.

Anyone who has ever suffered from boils, knows how sick and miserable they make you feel.

When you think you're about cured of one, another seems ready to take its place and prolong your wretchedness.

Boils are simply the outcropping of impure blood.

When the blood is purified, cleansed and vitalized by Burdock Blood Bitters, the boils quickly disappear, never to return—the cure is permanent—your misery is at an end, and your health and strength come back again.

Such were the results in the case of Mrs. Henley, of Musquodoboit, N.S., who recently wrote the following letter:

"In the spring of 1895 I was continually troubled with boils, one coming after another for about six months. Some as large as a hen's egg.

"My blood was in a very bad condition and I was very miserable all summer.

"In September I got a bottle of B.B.B. and began taking it, I felt better after I took one bottle. I kept on taking the Bitters until I had taken five bottles and can say **I have been well ever since and have never had a boil on me since.**

"I can safely say from my own experience that B.B.B. is the very best medicine in existence for any blood disorder."

MRS. HARRISON HENLEY.

SODA, POTASH, QUININE TONIC, LITHIA, GINGER ALE, ETC.
ROBERT DALGLISH, Montreal, Agent,
READ WHAT THE OTTAWA GOVERNMENT ANALYST SAYS:
(Taken from Journal of Commerce.)
"The Government Analyst, after testing samples of soda water, ginger ale and other aerated waters, states that no Canadian soda water comes up to the British standard, and that most consist merely of distilled water, impregnated with carbonic acid. In ginger ale the carbonic acid is not produced by fermentation, but introduced as gas. The analysis goes to show the impossibility almost of procuring a Canadian article that is fit to drink, and it is to be hoped the trade will take heed. Many sterling brands of whiskey have met their 'Waterloo' in bad soda, which is 'soda' without a trace of soda, than which nothing is more flat, stale and unprofitable."

A.O.F. Reading.

Court Unity, 7042, Ancient Order of Foresters, have extended to their friends an invitation to be present at the open meeting in their hall to-morow night. Amongst the talent who have promised their services are: Messrs. Prof. Jackson, S. Gover, F. G. Muggatt, C. Sheppard, J. Luckwell, T. R. Lanskaal, N. Ouellette, R. Robinson, and J. Molson. The programme promises to be very interesting, and a large attendance is anticipated.

The Ballet Girl.

"The Ballet Girl," that latest cornucopia of mirth, music, beauty and melody, which Edward E. Rice brought back in his luggage to these shores on his last European tour, and which has been presented 350 nights in New York and Boston, is to be seen here next Monday night at Her Majesty's Theatre, remaining six nights, with matinees on Wednesday and Saturday.

"The Ballet Girl" is a strict musical comedy in two acts, by James T. Tanner, the author of "The Circus Girl." The lyrics are by Adrian Ross and the music by Karl Kiefert, with a few capital numbers contributed by Mr. Rice himself.

An Expropriation Judgment.

Judge Gill this morning dismissed the application of Mr. Belanger for an increased award in the matter of the Notre Dame street east expropriation. Ten other proprietors interested had filed interventions in the case. The question was whether the commissioners in making their estimate of the value of the property expropriated had been justified in taking into consideration the increased value resulting to the rest of the indemnitary's property, from the improvement. The widening had placed the portion of Mr. Belanger's property remaining after the expropriated portion had been demolished, at the corner at Beaudry and Notre Dame streets, a very valuable site. The commissioners in making their award, had deducted from the value of the expropriated property a sum representing the benefit of the improvement. The court held them well advised, and dismissed the action and interventions.

The Trial of Elzear Mann.

The trial of Elzear Mann, charged with the murder of his mother-in-law on Poupart street on June 11th last was continued at the Court of Queen's Bench this morning.

Constable Letourneau testified to having called at the house, "La Citrouille," where the shooting had occurred, and found the body on the floor.

Dr. Wyatt Johnston testified as to the cause of death, producing the bullets extracted from the body.

Dr. Dugas, who had assisted at the autopsy, gave similar evidence.

Arthur Forster, of the Montreal General Hospital, testified as to the removal of the body.

Clement Charbonneau, furniture maker, identified the revolver.

This closed the case of the Crown.

Mrs. Philias Desjardins was called for the defence. She had known the prisoner and his wife ten years. She had visited them often, but never noticed anything worthy of remark.

Donat Boucher, constable, knew nothing of the parties.

At this point it was found that other material witnesses for the defence were absent; so it was decided to adjourn the case until half-past one o'clock.

Quebec, Nov. 3.—The shareholders of the Quebec, Montmorency and Charlevoix Railroad and of the Quebec Electric Railway, had their first general meeting yesterday since the amalgamation of both companies to authorize the board of directors to issue debentures to the amount of $1,500,000, bearing 5 per cent. interest, renewable in twenty-five years, and secured by a first mortgage on all the properties of the company. Since both companies are amalgamated the gross receipts have been $79,006.36, and the expenses $33,647.01, leaving a net balance of $45,559.35.

The deceased, who was 19 years of age, was the grandson of Mr. Henry Murren, of H.M. Customs, and nephew of Mrs. Thomas Fitzgerald, of this city.

OUTREMONT COUNCIL.

Those $15,000 of Missing Bonds Again—Amendments to the Town Charter to be Asked for.

At the regular monthly meeting of the Outremont Town Council last evening Councillor Mackenzie took occasion to say that he thought the secretary-treasurer, Mr. Charette, had been treated unjustly at the previous meeting when the Council shouldered him with all the expense ($238) incurred in recovering the missing bonds. He blamed the Mayor equally with the secretary for the loss of the bonds, and while he did not want the Council to pay one cent, he thought the Mayor and secretary should equally bear the burden of the expense. In order to test the sense of the Council in the matter he moved a reconsideration of the motion passed at the last meeting, and that the cost of $238 for the recovery of the bonds be settled by the Mayor and secretary-treasurer personally, and that the minutes be amended to that effect.

The Mayor—I have no intention of paying any portion of the costs, no matter what action the Council may take.

Councillor Joyce moved in amendment that the minutes be approved of, and this was carried. Councillors Cook, Joyce, Hall, Robson and Bond voting for, and Councillors Mackenzie, Denis and Languedoc against. The main motion was adopted on the same division reversed.

Proprietors petitioned for new sewers on McCulloch avenue, from St. Catherine road to Mount Royal avenue, and on St. Catherine road from St. Louis to McCulloch avenue, and the Council decided to hold a private meeting afterwards to confer with the proprietors and contractors to see if they could legally construct these sewers this year, the drainage loan having been exhausted.

Councillor Mackenzie moved that instructions be given to the town solicitor to examine the charter, with a view to pointing out what amendments were required to facilitate the administration of the town's business, and after discussion it was decided to hold a private meeting on Friday evening, when the solicitor will be present and the whole matter thoroughly gone into.

An extension of time to December 15th for the construction of the sewers on Bloomfield and McCulloch avenues was granted.

The town solicitor was instructed to take proceedings to collect all arrears of taxes.

Councillors Robson, Mackenzie and Languedoc were appointed a board of revisors to revise the voters' list.

The litigation between the school commissioners and the Council with reference to the ownership of the town hall building was brought up on an offer from Mr. Tancrede Pagnuelo on behalf of the school commissioners to settle the three suits now pending, each party paying its own costs. Mr. John Dunlop, who had acted as legal counsel for the town in these cases, recommended this settlement.

The Mayor and Councillor Cooke favored the settlement on these terms, the Mayor remarking that the law costs would be about $150 for each, and that the notarial fees for the deed of rectification would be about $30.

Councillors Joyce and Mackenzie strenuously opposed a settlement at this time. The other parties had at the first opposed any amicable arrangement whatever, and now that they had gone so far in the matter they should fight it out.

Finally, on the casting vote of the Mayor, it was decided to settle the cases providing the costs to the town did not exceed $165. Councillors Cook, Hall, Robson and Bond voted for this motion, and Councillors Joyce, Mackenzie, Denis and Languedoc against.

A committee of the Council will wait upon the Park and Island Railway with a view to securing a better electric service.

MISS BARBER'S WILL.

Left all Her Property to Her Secretary to be Used as She Thinks Proper.

The last will of Miss Emma G. Barber has been filed. She leaves all her property to her secretary, Sarah W. Frost, to use as she thinks proper, and to employ in a manner to carry out the deceased lady's frequently expressed wishes. Mr. S. P. Leet is joint executor with Miss Frost.

Under instructions from General Superintendent McGuigan, of the Grand Trunk Railway, the following circular has been issued by J. M. Herbert, superintendent of the Eastern division:

"The following changes and appointments are effective this date:

"The office of acting trainmaster, 1st district, is abolished, and Mr. John Irwin trainmaster second and third districts, is assigned to other duties.

"Mr. C. S. Cunningham, trainmaster first, second and third districts, office, Island Pond, Vt.

"Mr. J. Munday, assitant trainmaster first district, office, Island Pond, Vt.

"Their orders will be obeyed accordingly."

O'BRYAN SAYS "NO JURISDICTION."

Claims the Magistrate Has Not Power to Try Town Topics Case Until the Postal Authorities Give an Opinion.

The parties in the Town Topics case appear to be sparring for time, the prosecution being anxious to have the case sent up for trial at the present term of Queen's Bench, while the defence do not wish to have the case go before a jury, if the magistrate decides to send it up, until the March term. When the case was called yesterday, after several postponements, the counsel for O'Bryan put in an objection to the court's jurisdiction, and to enable him to back this up with authorities another adjournment for two days was agreed to.

When Magistrate Lafontaine entered the enquete room he asked:

"Are you ready to go on with this case?"

"I am," replied Mr. St. Jean, as he pulled off his overcoat, "and I declare that I have no evidence to offer; it is not necessary. I raise the objection that the magistrate has no jurisdiction. I have one question to ask any witness who can answer it: Does this paper circulate through the mails?"

O'Bryan answered that it did, and promised to produce a witness to that effect. Meantime he showed the court a letter he had received from the post-office department, asking him to choose his free distribution zone under the newspaper postage law.

Mr. St. Jean—"We will prove that by a witness. My objection is that the courts have no jurisdiction. It is altogether under the control of the Dominion Government, and it is for them to decide whether the paper is to be sold or not, whether or not it should be placed in the "index." When that is done, and if the paper is then circulated through the mails, the statute applies. I have said from the beginning of the case that it was not for so-and-so to come forward and say he thinks the paper immoral or obscene, and if it is not for them, it is certainly not for the judge to declare so before the department has given its decision. As this is the first time the point has been brought up, and it is an important one, I would ask for a couple of days to prepare a statement of the authorities."

Mr. Blair argued that it was only in regard to papers imported from other countries that this rule applied. He expressed his anxiety to get the case finished in time for the November term.

Mr. St. Jean did not think this was possible, and asked for a postponment to Friday.

"To-morrow," Magistrate Lafontaine announced, and added with a wearied look, "You ask too much; I am too lenient with you."

The adjournment to Friday was agreed upon, and as the parties rose Mr. St. Jean dropped a remark about showing how a certain document came to be signed.

This referred to the retraction of the Marshall Williams story made by O'Bryan, and Mr. James Crankshaw, who was in the room, at once stepped forward. "I can tell you how the document was signed," he said. "It was made by O'Bryan in dictation to me. I wrote it out and sent it up to him by Williams and my son. He signed the retraction in the middle, after reading the whole thing over."

O'Bryan—"I didn't read it at all, and I have made an affidavit as to how it was signed."

Mr. St. Jean—"That is the reason O'Bryan was sick.

Mr. Crankshaw—"That is what made him well. He said he felt better now he had retracted."

With this the incident ended.

THE LICENSED VICTUALLERS.

An Important Meeting of the Trade Was Held at Lanctot's Hall Yesterday Afternoon.

CHIEF LEGAULT TALKS.

The Handing Back of Fine Money Seriously Affecting the Revenue Officials.

NO MORE LICENSES WANTED.

The Montreal Licensed Victuallers' Association held a meeting yesterday afternoon in Lanctot's Hall, at which the following were present: Henri Dubois, in the chair, and Messrs. Lawrence A. Wilson, E. L. Ethier, L. A. Lapointe (secretary), A. Blondin, Victor Lemay, Napoleon Richard, Arcade Depatie, William O'Brien, A. P. Pigeon, Victor Bougie, Benjamin Lepine, J. E. Bourdon, Roch Henrie, Adolphe Lapierre, Ferdinand Larocque, Alfred Henrie, Roch Archambault, Francois Martineau, Joseph Bourget, Amedee Henrie, J. A. C. St. Amour, Theotime Lanctot, Arthur Guilbeault, Albert H. Dansereau, Elzear Fortin, E. Bell, James Clifford, Odilon Lessard, Rodolphe Chevalier, Edward Barrette, Louis Poire, Casimir Dault, Emery Cadieux, Nazaire Gauthier, Joseph Cote, Camille Charbonneau, Alphonse Poitras, Fred. Dubois, Edward St. Jean, Stanislas Vallee, George Gravel, and others.

The treasurer's report showed an increase of funds to the credit of the association, and an improvement in the payment of fees. In point of fact the roll of membership as presented showed but a very small percentage of members who had not paid their dues for the year 1898.

The secretary stated that from correspondence on the table he had every reason to believe that in the matter of readjustment of fire insurance premiums in connection with the trade an amicable arrangement of the discrimination complained of would be arrived at with the underwriters. The question would be settled shortly.

A letter was received from Mr. Haverson, solicitor for the Ontario Licensed Victuallers' Association, which stated that in his opinion the prosecutions pending for selling liquor on plebiscite voting day could not be sustained in view of the law. Mr. Haverson's opinion, which is very lengthy, was ordered to be filed with the solicitor of the association.

When the new city charter came up for discussion, Mr. Lawrence A. Wilson called attention to the clause in its provisions which called for an increase in hotel tax from $8 to $400, and further, that the City Council be given power to compel hotels and licensed restaurants to close their bars at seven o'clock every Saturday night. The discussion on these two points was very strong. Those who most strongly denounced the clauses were the president, and Messrs. Wilson, St. Amour, Richard, Lanctot, Bougie, and Lessard. It was finally resolved, on the motion of Messrs. Bougie and Lapierre, that the board of directors wait on the charter committee at the latter's meeting on Friday next, and submit to them the grave injustice such proposed amendments would inflict on a body of business already taxed almost past bearing limit.

It was also decided that in each ward a local committee wait on their respective aldermen to point out to them the flagrant injustice of the two proposed amendments, and ask them to oppose them, should they pass the Charter Committee.

After the secretary spoke of the "temperance" beer prosecution there was a discussion on the question of new licenses for next year, and it was finally determined to instruct the secretary to oppose all new applications for license, and to take legal proceedings to do so. The association based its action on this ground that no new license should be granted, first, because there are already four hundred competent men in the trade in the city; second, that the present four hundred licensed places in the city of Montreal fill all necessary requirements for the public. There were other minor reasons put forward in support of the action of the association.

In connection with the selling in unlicensed places, the president said he had seen Mr. Legault, chief of the Provincial Revenue Police, and that gentleman had expressed himself as only too anxious to aid the association in suppressing this illegal traffic. However, the chief added that it was very annoying to find, when a case was made out against these parties and conviction followed, that these people, in many instances, had their fines remitted. It discouraged his officers in making cases when there were no results.

"It may come to this," concluded President Dubois, "that the association may have to have a police of its own if it cannot get the protection which is guaranteed, but not given, under the law."

The president further stated that Chief Legault was prepared to furnish the secretary of the association with a list of all licensed grocers known to his force to make a practice of selling by the glass, and it was determined that when this is furnished the association will take it upon itself to oppose the new applications of the people on this black list.

The following new members were balloted for and duly admitted:—Francois Martineau, Albert Brunet, Leonidas Duchene, G. Lebel, L. Coulombe, Louis Durand, Toussaint Viau, Honore Lafleur, David Barsalou, George Gravel, Joseph Roch, Damase Gravel, Joseph Laporte, Benoni Dupuis, J. A. Ayotte, C. Roy, P. Dumas, Isidore Crepeau.

Walker Committed.

John Walker, the stout passenger who was transformed to a slight young fellow in the detective's office, as told in Tuesday night's Herald, was sent to Sweetsburg yesterday to stand his trial on a charge of theft. Walker confesses to burglarizing the house of Mr. Loud, at West Farnham, in company with another man, and stealing a quantity of clothing. Walker arrayed himself in two complete suits of clothes, and came into town by train Monday night.

Nubs of City News.

Joseph Chasse, alias Demers, was arrested Tuesday night by Detective Cote on the charge of stealing $22 and a suit of clothes from Philias Archambault, of Montcalm street. The theft was committed last April, but no clue of Chasse's whereabouts could then be had. Last night Detective Cote caught him on Montcalm street. He pleaded not guilty this morning, and will be tried on Friday.

A young Italian, Joe Joseph, recently arrived in Montreal from British Columbia, was, he alleges, swindled out of $55 last night at 68 St. Timothee street.

A warrant was issued by Magistrate Lafontaine yesterday for two individuals who are suspected of waylaying Mr. Francis Roger, of 792 Albert street. On Sunday last Mr. Roger was returning home from a party on Centre street about eleven o'clock, when two men suddenly appeared from behind a telephone pole and struck him in the face. Mr. Roger wears glasses, and these were broken into pieces, which entered his eyes. This morning Mr. Roger appeared in court, still suffering from the assault. Arrests will be made this afternoon.

Constable Routhier, of No. 15 police station, saved George Frederick from drowning Tuesday afternoon. Frederick was employed on the barge Joseph Edwards, and accidentally fell into the canal at Alkans' basin.

STREET RAILWAY MEETING.

The Shareholders Hold Their Annual Gathering and Express Their Satisfaction at the Business Done for the Year.

The proceedings at the annual meeting of the shareholders of the Montreal Street Railway Company, which was held at the Street Railway Chambers yesterday, were of an unusually quiet character. The speeches generally were those of congratulation, the only discordant note—and that not a strong one—being the drawing of a comparison between the more fortunate bondholders and the less fortunate stockholders.

The president, Hon. Senator Forget, took the chair promptly at twelve o'clock, and among those present were: Messrs. R. B. Angus, K. W. Blackwell and Lieut.-Col. Henshaw, directors; John Crawford, J. H. Joseph, J. T. Judah, Q.C., James Cochrane, W. McKenzie, John McDonald, W E. Cheese, Richard Starke, James Moore, J. N. Gibb, J. G. Snetsinger, M.P., James Wilson, jr., Hector Mackenzie, Stanley Bagg, E. P. Hannaford, J. Try-Davies, B A. Boaz, W. H. Weir, E. H. Copeland and others.

Messrs. W. McKenzie and John McDonald were appointed scrutineers for the election of directors, and Mr. McDonald was re-appointed auditor for the ensuing year.

The annual report and financial statement, which was published in Monday's Herald, was then submitted, together with the auditor's report, which stated that everything was found correct, and all accounts properly rendered.

The president said he need hardly add anything to the report. The business of the company was clearly on the increase, and he might also say that the increase for the month of October just ended over the same month last year was the splendid sum of $17,320. The increase of October, 1897, over the same month of 1896 was $7,000. The list of shareholders had increased from 609 to 753, a good sign that the stock was getting into the hands of investors.

In answer to Mr. E. H. Copeland, the president said that a fund had been started to provide for any accidents that might occur, but he thought that the amount of that fund had better be left unsaid, although they would be willing to give the information to any shareholder privately. Mr. Forget also referred to the item of $100,000 taken from the profit and loss account, and transferred to the contingent account to provide for any special renewals, etc. The road had now been in operation over five years, and there might be some heavy renewals in the way of motors being used up, etc.

Mr. John Crawford did not think they should rest satisfied until they had a surplus or rest of $500,000 and a renewal account of $250,000.

Mr. J. H. Joseph—What is the amount of percentage paid to the city?

The President—This year we paid $59,907.91.

Mr. James Cochrane asked if the item in the statement "tax on earnings, $61,355.48," settled the claim of the city against the company.

The President—As far as we know.

Mr. Crawford was well satisfied with the statistics furnished. They were given in more detail than those furnished by any other company.

Mr. J. G. Snetsinger, M.P., of Moulinette, Ont., called attention to the more natty appearance of the conductors of the Ottawa Street Railway Company, as compared with those in Montreal, and suggested the paying of such wages as would remedy this deficiency. As regarded the report, he could only say that the shareholder who was not satisfied with it was very hard to please.

The president replied that the street railway employes were better paid here than in Ottawa, and the company paid one-third the cost of the uniforms. They had two or three hundred employes in Ottawa, as against about 1,200 in Montreal, and of course a great many were new men from time to time, but the superintendent made it a point that those who remained untidy did not stay with them long.

Mr. Crawford desired once more to place on record the fact that he had not changed his mind one iota regarding the extreme danger which would result from the directors taking the track up Cote des Neiges hill. He would regard it as a criminal act, notwithstanding all that had been said to the contrary. Machinery was improving, it was true, but no machinery could stop the progress of a car which had once got an impetus down that tremendous grade, with ice on top of the rail.

Mr. J. H. Joseph drew attention to the favorable position of the bondholders, who received 4 1-2 per cent. to 5 per cent. compared with the stockholders, who got less than 4 per cent.

Mr. President—What does Mr. Joseph get for his stock?

Mr. B. A. Boaz—The bondholders are certainly in the better position. An investment in the stock at the present market price realizes scarcely 3 1-2 per cent.

The President—We will have to find some means of breaking the stock. (Laughter.)

Mr. James Wilson—What would you consider sufficient for the contingent fund?

Mr. R. B. Angus said that it was considered by the directors that they should make an allowance from year to year for wear and tear of the rolling stock, the cost of which should be charged regularly against each year, but it was also considered that there might arise a time—although it was not visible to them as yet—when it would be necessary to make some larger renewals, to provide for improvements in electrical machinery, etc., and it would be a conservative policy to provide for that.

On motion of the president, seconded by Mr. J. H. Joseph, the annual report was adopted.

Mr. Crawford moved, seconded by Mr. James Wilson, jr., "that the directors be and they are hereby authorized to apply to the next session of the Quebec Legislature for a bill to amend the company's charter, to authorize an increase of its capital stock, and to confirm certain contracts, with such modifications as they may think expedient." Carried.

The sum of $6,000 was appropriated for the services of the directors for the ensuing year.

On motion of Mr. Crawford, a vote of thanks was tendered to the directors for the promptitude with which they responded to the request for quarterly dividends.

The scrutineers reported the following directors re-elected: Hon. L. J. Forget, James Ross, R. B. Angus, K. W. Blackwell and Lieut.-Col. F. C. Henshaw.

At a subsequent meeting of the Board of Directors, Hon. Senator Forget was re-elected president, and Mr. James Ross vice-president.

Will Be a Success.

Cowansville, Nov. 1.—(Special.)—That the first annual banquet of the District of Bedford McGill Graduates' Society will be a complete success is a foregone conclusion. The folowing are among the invited guests, and have sent in their acceptation of the invitation: Principal Peterson, Dean Bovey, Dean Walton, Dr. Colby, president of the Montreal Graduates' Society; Hon. Mr. Justice Archibald, governor of the University; and Mr. Mackinnon, Mayor of Cowansville. The president, Hon. Mr. Justice Lynch; the secretary, Rev. Jas. E. Elliott, and the committee, which includes Hon. H. T. Duffy and J. C. McCorkill, M.L.A., are devoting a great deal of time and thought to the preparations which will be all that can be desired. Every graduate of McGill in the district whose address could beobtained, has been sent an invitation, and already nearly half of them have replied declaring their intention to be present, and many more are expected to be received between now and the date of the banquet, Friday, 4th Nov.

Mr. Herman Strelitz, business manager of the Liliputian company, is at the Windsor. The Liliputians will be an attraction at the Academy this month.

BROMA

Given in a Case of Anaemia With Marvellous Results.

Dr. Ed. Morin & Co.:

I was suffering for years from anaemia; my blood was poor, my nerves without strength or energy, my appetite was bad and I had no taste for food.

I was well treated by my doctor from the beginning of my illness. I was attentive to his advice, taking my medicines regularly. One day calling on his visit he found me in a terrible state of weakness; after an attentive examination, you have only one thing to do, said he, take Broma, a scientific compound.

I sent at once for a bottle, and took one dose immediately, and continued to use it four times a day. After a few days, to my great satisfaction, I met with great relief. My blood and nerves became stronger. The Broma gave me so much appetite that I was always hungry. What a change it was for me who for years had never felt the desire to eat. I thereupon resolved to use this medicine until perfectly cured.

Now I am strong and able to do all my work without fatigue.

I can never be thankful enough for your Broma which saved my life.

M. BEAUCHEMIN, Montreal.

Broma restores nervous people exhausted by hard work and abuses.

Broma gives a rosy complexion, brings back the joy and happiness of youth. Broma is famed as one of the most powerful tonics. It cures debility, anaemia, chlorosis, whites, etc.

Baby Swallows Lye.

Little Pierre Bourdon, of 300 St. Charles street, swallowed a cup of lye, on Monday morning, and died immediately after. Mrs. Bourdon had been scrubbing and left the lye on the floor in front of the baby. An inquest was held this morning, when a verdict of accidental death was brought in.

McDonough Committed.

William McDonough, who is accused of forging several names to the petition for paving Craig street, was yesterday committed to the Court of Queen's Bench for trial.

BARON DE COURCEL NOT PRESENT.

The French Ambassador for Some Reason Did Not Attend Lord Salisbury's Reception—Situation Unchanged.

London, Nov. 3.—The situation regarding Fashoda is practically unchanged. Baron de Courcel, the French Ambassador, who, on Tuesday, saw Sir Thomas Sanderson, permanent Under-secretary of State for Foreign Affairs, was absent from Lord Salisbury's reception yesterday.

The special despatches from Paris this morning repeat the semi-official statement that the evacuation of Fashoda is accepted in principle, but that other points in the Bahr-el-Ghazal region will be maintained.

Various rumors are afloat as to Abyssinian expeditions nearing the Nile to assist the French, but nothing authentic is known on this point.

M. Delcasse, French Minister of Foreign Affairs, is expected to announce his policy in the Chamber of Deputies to-day. It is admitted on all sides that Fashoda itself offers no difficulty, provided a way can be found to save French amour propre.

The fact that the Coast Guardsmen throughout the United Kingdom have been warned to be in readiness for mobilization is regarded as a menacing sign. Many of them have already joined their ships.

Halifax, Nov. 3.—A special from Sydney, C.B., reports the arrival there last evening of the British cruiser Cordelia, and the gunboat Pelican is expected to reach there soon. Both ships will await orders. It is the impression on board the warships that they will be ordered to Bay St. George, or some other harbor within easy reach of St. Pierre, Miquelon.

London, Nov. 3.—The Daily Mail announces the appointment as Governor of Khartoum of Colonel Kitchener, brother of the Sirdar, General Lord Kitchener.

London, Nov. 3.—The Right Hon. James Bryce, former Under-secretary of State for Foreign Affairs, subsequently president of the Board of Trade, and now member of Parliament in the Liberal interest for Aberdeen, speaking last evening, endorsed Lord Salisbury's stand in the Fashoda controversy, declaring that "the military control of all the navigable waters in the Bahr-el-Ghazal basin, as well as the Nile, must be secured to Egypt."

Washington, D.C., Nov. 3.—The condition of affairs between France and Great Britain is exciting lively interest among members of the diplomatic corps here, and on some of the phases of the controversy their information appears to be more exact than that coming from Paris and London. The despatches to-day attached much significance to the absence of Baron de Courcel, the French Ambassador, from London, and it was stated that France would show her animosity by not continuing an ambassador at London.

The Journal Official received at the French embassy, however, says that the appointment of M. Paul Cambon as ambassador to London to succeed Baron Courcel, was officially gazetted on September 21. M. Cambon is a brother of M. Jules Cambon, the French ambassador here, who was conspicuous in the peace negotiations between this Government and Spain. He has been ambassador at Constantinople and is now on his way from that point to London.

At the leading embassies here there is little idea that the Fashoda affair will lead to war, although there is a very general opinion that the Egyptian situation in general may lead to a conflict in which other European countries than France and Great Britain may take part. A French diplomat speaking of the Fashoda affair, said: "There is not the slightest chance that Fashoda alone will lead to war. Although of strategical value, it is practically inaccessible to France, while at the same time easily accessible to England. English ships are now well up the Nile and the British troops are not far from Fashoda. Besides, the Nile route brings the British within two weeks' travel of Fashoda. On the other hand, it took Major Marchand two years and a half to reach Fashoda, and at best it would take France two years to reach there on the route from the west coast of Africa and across the Congo country. From a military standpoint, therefore, it would be inexpedient, if not impossible, for an issue to be made on Fashoda. If there is to be an issue at all, it will be on the larger question of Egypt in general, and the control Egypt is to exercise in the heart of Africa."

THE WORK OF WOMEN'S COUNCILS

National, International and Local Plans Discussed by the Montreal Society.

TRIBUTE TO LADY ABERDEEN

The International Council Will Owe Its Success to its President, Says Mrs. Cox.

HER EXCELLENCY'S FAREWELL.

The Montreal Local Council of Women held the first general meeting of the present season yesterday afternoon in the Y. M. C. A. building. The president, Mrs. Cox, presided, and most of the time was devoted to the reading of reports. Mrs. Stevenson gave a most enthusiastic report of the last annual meeting of the National Council held in Ottawa last May, and Mrs. Rielle told what was done at the last executive meeting in Ottawa, held a few weeks ago. Mrs. Reid read Miss Carrie M. Derrick's report of the last meeting of the National Union of Women Workers of Great Britain, where she represented Lady Aberdeen. Mrs. Cox reported for the international meeting in London last June, and told what arrangements had been made for the international convention, which is to open on June 27 of next year. Speaking of the difficulty of carrying out the International Council idea, Mrs. Cox said that if the body ever became a power, it would be due to "the great determination and unthanked sacrifices of one woman, whom they were proud to claim as their first representative in it, Her Excellency the Countess of Aberdeen. Before giving her report, Mrs. Cox announced that the farewell to Lady Aberdeen had been arranged for Thursday afternoon, November 10. There will be a meeting, at which Her Excellency will address the council, and afterward tea will be served. This occasion has been arranged, Mrs. Cox said, at the request of Her Excellency, who wished to have an opportunity for a farewell talk.

Mrs. Rielle, in her report of the executive meeting in Ottawa, paid a warm tribute to the newly elected officers—Lady Edgar, president; Miss Theresa Wilson, corresponding secretary; Mrs. Willoughby Cummings, recording secretary, and Mrs. Hoodlus, treasurer. The council owed a debt of gratitude to Lady Edgar, she said, for adding the onerous duties of her new office to her already numerous responsibilities. Miss Wilson, the new secretary, has declined an important position at the Court of Siam in order to accept that office. The duties of the council's secretary have now become so onerous that the executive decided that it would be necessary to have a salaried officer for the position, and the members consider themselves fortunate in having secured Miss Wilson's services. As the funds of the National Council are limited at present, Lady Aberdeen has undertaken to raise a guarantee fund for the secretary's salary of $1,000 a year for three years. Mrs. George Drummond and Mrs. John McDougall have already made generous contributions to this fund.

The council's plan of work for this year include some measures looking for the improvement of the class of immigrants coming to the country, and steps have already been taken to secure the co-operation of the Woman's Council of Sweden for the purpose of bringing out a good class of servants. Legislation to prevent pauper immigration will be proposed to the Government at the coming session.

An agitation will also begin to secure a remedy for the smoke nuisance in cities, and efforts will be made to secure associated work in charities.

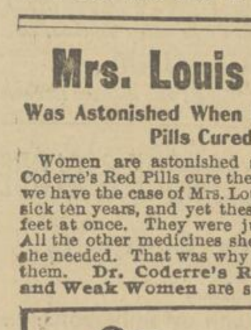

Under the direction of Miss Wilson, the new National Secretary, a national bureau of statistics regarding Canadian women and their work will be opened, and efforts will be made to collect as much information as possible on the subject. This bureau will be affiliated with an international bureau of the same kind.

In order to meet the increasing financial needs of the National Council, the National Council and each of the local councils is to appoint a finance committee to raise money for this purpose. Mrs. Wurtele has consented to act as convener of the Montreal committee.

Mrs. Louis Millette

Was Astonished When Dr. Coderre's Red Pills Cured Her.

Women are astonished sometimes when Dr. Coderre's Red Pills cure them so quickly. Here we have the case of Mrs. Louis Millette, who was sick ten years, and yet these pills put her on her feet at once. They were just what she needed. All the other medicines she took were *not* what she needed. That was why she got no good from them. **Dr. Coderre's Red Pills for Pale and Weak Women** are sure and safe. They don't force a cure. They simply supply what the system lacks. They tone up the stomach; make the blood rich, red and plenty; soothe the tired nerves; bring refreshing, natural sleep; regulate the menses perfectly. With them every woman becomes her own physician, and cures herself at home without obnoxious local examinations. The price is small, and the pills are so convenient to take. They can be easily carried about and swallowed without exposure anywhere. Mrs. Louis Millette, of 1010 St. Andre, Montreal, writes: "During my ten years' sickness I took about every kind of medicine I ever heard of, but none did me a bit of good. At last I bought Dr. Coderre's Red Pills, and was astonished to have my health completely restored by them. Before taking them I suffered with change of life, dizziness, palpitation of the heart, swollen legs, great weakness, headache, bad digestion and loss of appetite. I am another woman altogether since these pills cured me."

In bad cases, women should write us at once. Their letters will be read by our French specialists in female diseases, and full advice will be given without cost. Send your name and address on a postal card, and we will send you, free, a copy of our valuable doctor book, entitled "**Pale and Weak Women.**"

Dr. Coderre's Red Pills are widely imitated. Beware of all red pills sold by the dozen, the hundred or at 25c. a box. They are worthless imitations. Get the genuine at all honest druggists. They have them—always 50 Red Pills in a box for 50c., or 6 boxes for $2.50. Or you can send the price in stamps, or by registered letter, money order or express order to us. We mail them all over the world; no duty to pay.

Dr. Coderre's Red Pills, at 50c. a box, last longer than liquid medicines costing $1. They are easier to take, more convenient to carry, *and they cure.* Address all letters to

THE FRANCO-AMERICAN CHEMICAL CO.,
Medical Department, Montreal, Canada.

TALKED RECIPROCITY.

Many Members of the Corn Exchange In Favor of a Free Exchange of Agricultural Products.

Some of the people on the Board of Trade yesterday got talking about reciprocity in agricultural products, and incidentally a good deal of satisfaction was expressed at the Corn Exchange resolution published in The Herald Tuesday night. The resolution was the liveliest that has been turned out by the Corn Exchange for many a day, and it is interesting to note that it was for reciprocity flatfooted. There was satisfaction at this. It is evident that the majority of the grain people on the floor would like to see a free exchange of agricultural products on an even basis, and the question when casually brought up this morning was freely discussed and generally approved of.

A Tonic for the Debilitated.—Parmelee's Vegetable Pills by acting mildly but thoroughly on the secretions of the body are a valuable tonic, stimulating the lagging organs to healthful action and restoring them to full vigor. They can be taken in graduated doses and so used that they can be discontinued at any time without return of the ailments which they were used to allay.

Butchers in Court.

Five city butchers, Peter Lebrun, F. X. Tessier, J. B. Villeneuve, Victor Henri and Ephrem Lefebvre, were summoned yesterday afternoon, to appear before the Police Magistrate to answer a charge of killing cattle on their private abattoirs, in contravention of the municipal code in that regard. The actions were taken by the municipality of Delorimier. The case will be heard on Friday.

NEWS FROM ST. JOHN, N.B.

Sinking Shafts to Test the Quality of Nickel Ore—A Direct Steamship Service.

St. John, N.B., Nov. 3.—(Special.)—George H. Harrison, of Stowsbridge, England, has taken from Frank Todd, St. Stephen, a lease of his mining rights, covering several square miles of nickel area at St. Stephen and vicinity, and has commenced work sinking shafts for further tests as to the quality of the ore. If satisfactory Mr. Harrison will put in large reduction works capable of treating five hundred tons a day.

The Board of Trade Council recently discussed the matter of a direct service to London, but in the absence of replies to telegrams to Hon. Mr. Blair, were unable to accomplish anything. It is reported that the Furness Line is trying to make arrangements to call at Halifax, but the Canadian Pacific demand a direct line or will ship via Boston to London markets.

In Tyrrell vs. Queen, Judge Burbidge this morning gave judgment for Tyrrell for the price of a horse and rig seized by the customs for $310, holding the seizure was illegal.

DAILY HINTS TO HOUSEKEEPERS.

FRIDAY—NOVEMBER 4.

The farmers are guiding the plough;
Deep and straight is the furrow
They set in the green earth now.
—Margaret E. Sangster.

BREAKFAST.

Pears and Apples. Rolled Oats and Cream. Deviled Hash. Browned Corn Mush. Rolls. Coffee.

DINNER.

Bean Soup. Beef and Potato Pie. Baked Spanish Onions. Stewed Tomatoes. Celery. Barberry Jelly. Bread Pudding. Orange Sauce. Crackers. Cheese. Coffee.

SUPPER.

Buttered Toast. Stewed Pears. Marmalade. Cookies. Tea.

Deviled Hash—Cut in small pieces roast or braised beef to make one pint. Cut open a small, sweet red pepper, take out the seeds and veins, and shred one-half. Melt one tablespoon of butter in skillet, add one tablespoon of minced onion and the pepper, simmer five minutes, but do not brown; add the meat and small cup of rich stock (or water and butter); season if needed, and cook slowly ten minutes, stirring all the time. Serve hot.

Baked Spanish Onions—These onions are more delicately flavored than the common sort, and well repay the care in cooking. First put enough for each to have one, unskinned, in a kettle of boiling salted water, boiling one hour, then drain and wipe dry, lay in greased paper, twisting the ends, to keep in the steam, and bake from one to two hours. Then remove the papers, peel, serve with butter, pepper and salt, or hot seasoned cream.

There are 150 dogs from Labrador here on their way to the Klondike to be used by the Mounted Police. Some of them were brought up town and seen by hundreds of people on Parliament Square.

Deserved Confidence.

The monthly drawings of The Canadian Royal Art Union, Ltd., are under the direct supervision of The Hon. Peter Mitchell, ex-Minister of Marine and Fisheries of the Dominion of Canada; the Hon. N. Perodeau, member of the Legislative Council of the Province of Quebec, and Hilaire Hurteau, ex-M.P. This is a positive guarantee of their honesty and integrity.

TICKETS, 25c, 50c AND $1.

Send your money by registered mail, P.O. money order or express order or by express.
