The articles manufactured by us are under one general superintendence during the whole process of manufacture, beginning with the raw hide, and ending with the finished boot and shoe. By this arrangement we secure uniform quality throughout.

As evidence of the real merit of our manufactures a medal was allotted us at the Dublin Exhibition or World's fair.

To occupy the extensive facilities which we have at our command for the manufacture of Boots and Shoes it is necessary that we should send Goods to all sections of the Province, however remote; every inducement allowable in commerce will be granted to this end.
