The Former French President Demands That The Allies Resist All Attempts To Revise The Treaty Of Versailles

Allied Occupation of the Ruhr Basin in Western Germany Is Being Considered by Allied Premiers—Premiers Lloyd George, Millerand and Nitti Agree, in Principle, to the Necessity of Forcing Germany to Disarm.

PARIS, April 19.—(Havas)—Demands that the Allies, during the San Remo meeting this week, resist all attempts to revise the terms of the Versailles Treaty with Germany, are made by Raymond Poincare, former President of the French Republic, in an article published by the Matin. France and Belgium have been "deprived of guarantees" by the failure of Great Britain and the United States to put the convention into operation, he says, and the League of Nations is as yet without means of action.

"Germany is violating the Versailles Treaty and avoiding all agreements, and France and Belgium could not have done otherwise than advance east of the Rhine when German regulars invaded the neutral zone in the Ruhr Valley," the former President states. The Petit Parisien says Allied occupation of the Ruhr Basin in Western Germany is being considered by Allied premiers gathered at San Remo for the meeting of the Supreme Allied Council. A certain amount of this year's work will be the finishing of some of last year's contracts, principally consisting in the laying of a top dressing on a section of Wellington street. A total area of 37,800 square yards of paving will, it is expected, be done this year, of which a little more than one-third will be in granite blocks, the remainder being of asphalt over macadam of concrete.

The streets affected will be Wellington south, King east and west, Aberdeen, Drummond, Dufferin, on which work will be started as soon as the gas and water mains have been laid; Melbourne, Richelieu, Brooks and Montreal streets.

THREAT OF NEW STRIKE AMONG RAILROAD EMPLOYEES—CLAIM SWITCHMEN'S STRIKE BROKEN

Eight Thousand Freight Handlers and Thirty Thousand Railroad Clerks Employed on All Lines Entering Chicago Will Take a Strike Vote Tonight After a Conference Today with the Railroad Heads—Men's Leader States There Appears To Be Little Chance of Any Compromise.

CHICAGO, April 19.—Threat of a new strike among railroad employees in the Chicago district today, confronted claims of railroad managers and Brotherhood officials that the "insurgent" switchmen's strike had been broken and the situation rapidly was returning to normal.

Eight thousand freight handlers and thirty thousand railroad clerks employed on all lines entering Chicago will take a strike vote tonight after a conference today with the railroad heads, George A. Worrell, chairman of the Chicago and Northwestern Railroad Clerks, announced. He said he had been empowered to speak for all the clerks and freight handlers. Worrell did not announce demands to be presented, but said there "seemed little chance of compromise," and the men probably would strike on Tuesday.

In the switchmen's unauthorized strike, continued improvement in traffic conditions throughout the central and far west was noted.

Representatives of Soviet Government Do Not Agree With Delegates of Letvia.

MOSCOW, April 19.—The first day's interchanges at the peace conference between representatives of Letvia and Soviet Russia here developed divergencies in views, the adjustment of which may be a matter of many weeks.

Chairman Sobchey laid down the fundamentals which he said Letvia considered should serve as the basis of the negotiations. He mentioned eight points, the chief of which was recognition of the complete independence of Letvia and the establishment of a frontier in accordance with natural boundaries.

For the Russian government, Adolph Joffe, head of the Soviet delegation, insisted that ethnographic considerations alone should determine the boundary lines between the two countries and the question of property rights in Russia by Letvians and the repatriation of national must be considered in the light of Russian laws.

MRS. NELLIE PECK, of Kansas City, who says her little boy never had a well day until he began taking Tanlac. Declares she will never be able to pay the debt of gratitude she owes the medicine.

"I will never be able to pay the debt of gratitude I owe to Tanlac for what it has done for my little boy and me," said Mrs. Nellie Peck, No. 1421 Charlotte St., Kansas City, recently.

"My little son Curtis is fourteen years old and never in his life had he seen a well day until he began taking Tanlac. I worried and worried over his condition, but in spite of everything I could do he didn't seem to gain any strength and was weak and delicate practically all his life. He seemed to have a very weak stomach. It just looked like he couldn't eat anything and digest it like other children.

He had no appetite at all and what little he did eat seemed to sour on his stomach. Sometimes his heart would palpitate terribly and he would get so dizzy he could hardly walk and as I stood and looked at him I thought he would surely fall over. He would have bad headaches and was nervous and could never sleep well at night. At school he was never able to keep up his work and he had to stay out a great deal on account of poor health.

"I had heard so much about Tanlac I decided to try it and see if it wouldn't help him. Well, you just can't imagine how overjoyed I was when he began to improve! I kept right on giving him the medicine until now it is hard for me to believe he is the same child. His health is better than ever before in his life and he is bright and playful all the time and he enjoys going out and playing with other boys. He has a splendid appetite and I let him eat anything he wants. He is not the least bit nervous any more and is asleep as soon as he goes to bed. In fact, he is perfectly well in every way.

"After seeing what Tanlac did for him I began taking it myself as I have been suffering from stomach trouble, headaches and dizziness for five years. Since taking this grand medicine I am now happy to say that I never suffer any more with these troubles.

"Tanlac has been one of the greatest blessings that ever came into our home and I expect to praise it as long as I live."

Tanlac is sold in Sherbrooke by Griffith's Drug Store and A. E. Dufferin, under the personal direction of a special Tanlac Representative. (Adv.)

The Frequent Cause of Nervous Breakdown

NOTHING so certainly breaks down the nervous system as constant straining of the eyes. You may think that sewing is light work and wonder why it tires you. It is the strain on the eyes. The controlling of the sight is the most delicate work of the nervous system and when there is strain on the eyes there is an enormous waste of nervous energy. There are times when it seems necessary to stick at this work for long hours and to sew by artificial light, but you may have to pay for it by a nervous breakdown. It is then well to know about Dr. Chase's Nerve Food, as a means of restoring a run-down nervous system. Whatever may be the cause of your nervous breakdown, it has been demon-

strated in many thousands of cases that there is nothing like Dr. Chase's Nerve Food to restore the depleted nerve cells. Headaches, tired feelings, sleeplessness, indigestion, lack of energy and appetite are some of the indications of an exhausted condition of the nerves. Your digestive system is failing to supply the necessary nutrition to the blood and nerves, so it becomes necessary to employ such restorative treatment as Dr. Chase's Nerve Food. Rest will help. Eating only wholesome, nutritious food will benefit. But restoration is very greatly hastened and ensured by the use of Dr. Chase's Nerve Food. 50 cts., a box, all dealers, or Edmansons, Bates & Co., Ltd., Toronto. SICK HEADACHES FOR LAST 10 YEARS

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion, N.S., writes: "I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did and found relief in a very short time. I would now recommend B.B.B. to anyone who is suffering as I did. I only took three bottles, and am never troubled with sick headaches any more."

B. B. B. has been on the market for over 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva P. Yateman, Krugersdorf, Ont., writes: "I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls whenever I was that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicines and took several different kinds, but seemed to receive but little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and am almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise anyone troubled with their heart to try them, as I am confident they will find relief."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A school room Lesson too seldom learned

SCHOOL days are rough days for school furniture; there is hardly any varnished article that has to stand what desks and chairs in the school go through.

Their salvation is surface protection. Ordinary wear and tear leave their surfaces uninjured. It is a hard test but varnish is equal to it!

Interest to you lies in what it teaches. It teaches that in your own home you can have the same protection.

You know better than anyone else what the good floors and good furniture in your home have to stand. You know, but do you think much about it? Do

you accept it as a necessary evil or do you realize that by keeping every surface intact under a tough, enduring protective coating you will save your property—save replacing furniture—save repairing, indoors and out?

The surface is the danger point. The surface is the point attacked. Whether property be wood, metal, stucco or concrete the surface is the place where deterioration tries to get a foothold. It has no chance if there is always a protective coating in the way.

Look at all your property from this extremely important angle. Save this surface and you save all.

Many people never think of their eave troughs until a leak occurs. Eave troughs cannot be expected to last indefinitely unless given surface protection. Inspect them frequently. Paint them thoroughly.

THIS ANNOUNCEMENT is issued by the Canadian Trade Commission in the name of the Canadian Trade Commission for the purpose of educating the public in the Preservation and Protection of the Surface of Paint, Varnish and Allied Products for the Conservation of Property, and has received the approval of the Canadian Trade Commission in the following words: "The realization of the above objects will lead to employment during the Reconstruction period and bears our entire approval." MISSION OPENED IN ST. ANDREW'S CHURCH SUNDAY

Eloquent Addresses and Fine Song Service Were Features of First Day of Mission.

Large gatherings assembled both morning and evening in St. Andrew's Church yesterday on the opening day of the mission under the leadership of Rev. Thomas McConnell, M. A., the special preacher for the occasion, and Mr. T. H. Nichol, the director of song. The choir was augmented to forty voices and led the congregation in hymns.

"Communities sag, as do churches, and as do individuals, and sometimes more is required than the steady, faithful work of the minister of the church. A new voice arouses interest, and when wisely conducted and carefully guarded, the evangelistic campaign is certainly a blessing to the individual church and to the community. The purpose of the Mission is not to hold a meeting, but to assist in deepening the spirit of the church, causing it to be more aggressive, making the work of the minister easier, and calling to his assistance those who will be glad to follow his leadership. The Mission is to put an added emphasis to the regular work of the church. As the farmer tills his soil, sows the seed, and cultivates the growing vegetation, so are we obliged to make preparation for a genuine work of grace. Revivals are born in prayer. When Wesley prayed, England was revived; when Knox prayed, Scotland was refreshed; when Moody prayed, America was moved," said Rev. Mr. McConnell.

Mr. Nichol, the soloist and leader of song, has a message in every solo he sings. His voice is so clear and his announcement is so distinct that every word can be heard in any part of the church building. The service of song is one of the most attractive features of the services.

Rev. Mr. McConnell will preach every night this week, Saturday excepted, in St. Andrew's Church. The public is invited to all these services.

the tea hour: Mrs. A. M. Sangster, Mrs. Z. Griffith and Mrs. Robert McLeod. Those who have not yet brought in their Easter offerings are requested to do so at this meeting. The Junior Choir will meet on Thursday evening at 7 o'clock. All members are asked to be in attendance. The Seniors will meet on Friday night at 8 o'clock.

The Rev. Principal Ritchie, D.D., of the Congregational College, Montreal, will occupy the pulpit next Sunday.

TWO FIRE CALLS SATURDAY

Two fire alarms were sent in on Saturday for outbreaks which, however, caused little or no damage. The first was for a chimney fire at 170 King Street East, in a house occupied by Mr. O. Archambault. This was answered by Station No. 4 and required but a few minutes' work. The other was for a similar fire at the residence owned by Mr. F. Plouffe at 12 Short street. The Central Station responded.

SIDEWALK PUSHED OUT OF PLACE BY SPRING FRESHET.

Washouts are among the inevitables of spring, and occur at many unsuspected places and times, with various results, and among these is the big washout on Pine street, just below the Exhibition grounds, where the brook runs under the road. This brook turned into a rushing river in the big spring thaw and bursting its bounds, ran over the road, played havoc with the new stone sidewalk put down last summer and disarranged things altogether. At present this bad spot is fenced off, so a turnout is necessary for pedestrians, but will come under the annual road repairs in due time. It is expected that the road will have to be rebuilt, as it is undergirded by water, and will need a stronger basis.

Over one hundred Scouts and guests assembled to celebrate the occasion, which they did in proper Scout style.

The members of the Lennoxville W.C.T.U. were pleasantly entertained on Friday afternoon by Mrs. Jas. Malory at a "sugar-on-snow" party. This spring delicacy was enticingly served and the social afternoon was much enjoyed. The monthly meeting of the W.C.T.U. will be held tomorrow afternoon at the home of Mrs. Bayne, Church street.

One of the many features of Saturday in the city was the combined tea and food sale at Plymouth Church hall, under the auspices of the Women's Association and the Young Ladies' Guild, which was well attended in spite of other attractions.

The hostesses were Mrs. H. A. McCrea, Miss Abbott, and Mrs. St. Pierre, and the food table, set forth with home-made good things, was in charge of Mrs. Philip Hovey, Mrs. M. L. Hunting, Mrs. G. K. Fuller and Mrs. MacLagan.

The tea at the assembly hall of the G.W.V.A., given by the Women's Auxiliary of the association on Saturday, was a great success. The large, well-lighted room, adorned with patriotic pictures, looked very attractive. The numerous guests were received by Mrs. Worthington, the president, and Mrs. J. F. Wilson, and tea was poured by Mrs. Horsefield. The refreshments were served by the members of the W. A. During the afternoon songs were contributed by Mrs. Stevenson, Miss McCallum, Miss Flossie Westman and Mr. Stanley Davis. The proceeds will be applied to the fund of the W. A.

Mr. Louis F. Cruikshank, son of Mr. and Mrs. Alex. Cruikshank, of Montpelier, Vt., and grandson of the late Mr. John Parsloe and Mrs. Parsloe, Cliff road, Sherbrooke, returned to his home last week, having just received his discharge from the American army the day previous.

Mr. Cruikshank enlisted in the U. S. infantry in 1916, and served at the Mexican border until July, 1917. A few months later his regiment went to France, and he was in all the American engagements from March, 1918, to August, 1918, being in the Chateau Thierry drive, in the Rheims battle, and was wounded at Soissons, shrapnel breaking the bones of both legs. Only 26 years of age, he was crippled for life, obliged to go on crutches, and his left leg in splints, braced with an iron on each side. For six months he was in hospital in France, then transferred to the United States, and for the past six months has been at Camp Carlisle Hospital, Pa. He intends to remain in his native place, Montpelier, but will go to Boston shortly to be examined for compensation. Mr. Cruikshank is a quiet young man, and has a large circle of friends.

The members of the gymnasium class of the Y.W.C.A. were hostesses at a tea in the assembly hall on Saturday afternoon, which was attended by the friends of the class of the association and members of the board, always interested in the Y.W.C.A. undertakings. Miss E. Huntley, secretary, and Miss MacDonald, physical instructor, received the guests, and Mrs. Jones and Miss Coleman presided at the tea table, which, like the small tables, was decorated with pink carnations and mauve sweet peas. Miss Anna Dupuis and Miss Marjory Bean were in charge of the arrangements, assisted by Miss Maud Wilson, Miss Hazel Hatcher, Miss Campbell, Miss Moore and Miss MacDonald. The refreshments were very dainty and a musical programme added to the enjoyment of the visitors. Miss Constance O'Callaghan's delightful and finished piano solo, the charming songs of Mrs. Harrison, Mrs. Malcolm McKay, Miss Virginia Loomis, and the bright piano solo by Miss E. Caswell all being appreciated and applauded as they were given, and piano fund will be materially increased by the receipts of the tea.

TEA AND SALE AT BURY PROVED A BIG SUCCESS

An Excellent Programme Was Presented in Connection with the Sugar Social.

The afternoon tea and sugar social which was held in the town hall on Thursday evening last, under the auspices of the Ladies' Aid of the Methodist Church was very largely attended.

The afternoon tea took place from 4 to 6 in the afternoon during which time the bazaar table, which was loaded with useful and fancy articles, was making many sales to the numerous guests.

The "pound table," which was under the direction of Mrs. J. and A. Whitehead and Mrs. Wm. Cathcart, was the scene of much activity, with all the goods being sold out in a short while.

The "fish pond" which was in charge of Mrs. L. McLeod and Mrs. Herbert Keynes, attracted the usual large patronage, and netted a good result financially.

A beautiful tea and lunch was served, which was under the direction of Mrs. R. C. Crawford, Mrs. R. Lavalliere, Mrs. Roney and Mrs. Armstrong.

In the evening a short, but interesting, programme was rendered under the special direction of Mrs. (Rev.) DeGruchy, which received much praise from the audience on the special items of amusements as arranged.

The programme opened with a chorus entitled "The Maple Leaf Forever," which was followed by these items: Reading, Mrs. E. A. Stokes, entitled "The Baldheaded Man"; solo by Mrs. Hy. Crawford, "Take Us Back to Dear Old Blythly" after which the chairman, Rev. Mr. Brundage, made a few short remarks, thanking the ladies and all who were taking part in the programme for their assistance, and very feelingly referred to the regretted early departure of the Rev. Mr. and Mrs. DeGruchy from this district.

This was followed by a recitation by Mrs. Hy. Crawford, entitled "Lucky Horseshoe," which was followed by Mrs. DeGruchy, who gave a reading entitled "Saunders McLachlan's Courtship," and then Mrs. Crawford sang "Smiles," with a chorus.

A very interesting sketch was then presented in the form of a "station scene" with the arrival and departure of a train, which was very well received, followed by a series of character guessting with the different characters being thrown on a screen and the audience guessing the character shown. The singing of "God Save the King" brought the delightful evening to a close, when all retired to the dining hall, where an excellent feed of hot sugar and doughnuts was enjoyed by all. The proceeds amounted to about \$71.

IMPRESSIVE CEREMONIES AND BIG RECEPTION MARK FOUNDRESS' TRICENTARY

Solemn High Mass Followed by Reunion of Old Pupils in Honor of Ven. Marguerite Bourgeoys.

The celebration of the third centenary of the Venerable Marguerite Bourgeoys, foundress of the Order of the Sisters of the Congregation, closed in this city Saturday, after the solemn high mass in the morning, by a very notable gathering of the old pupils of the Convent Mont Notre Dame at 1.30 o'clock.

The chapel, which is exquisite in its proportions, and artistic in design, was beautifully decorated with flowers and effective lights, the candles upon the high altar making points of light.

After a motif by the choir, Rev. Father H. A. Simard, rector of the cathedral, made an eloquent address, dealing with the life and work of Marguerite Bourgeoys and her labors in Canada.

The ceremony concluded with the benediction of the Blessed Sacrament, the fine music being furnished by the former pupils of Mont Notre Dame.

After the service a reception was held in the music hall, Rev. Sister Marie Austelle, acting superior in the absence of the Rev. Mother Superior, receiving the guests, who felt, as they assembled in the familiar halls, that they had returned to her days of their girlhood.

Rev. Father Simard presided, and a splendid programme of songs, piano duets, morceaux for violin and piano, choruses, etc., was contributed by the music pupils to the great enjoyment of the visitors.

Refreshments were served at the close of the evening. Margart Bourgeoys was born at Noyes, France, on the 17th of April, 1620, and died in the year 1700, at the old convent in St. Didier street, Montreal.

She was the first teacher of the No Melita, Cotton Seed, or Mineral Oils in

convent, Ville Mané, and rendered service to the educational and religious life of New France, second only to those of Maitsonneuve, Montmorency, and De Laval.

One hundred and thirty-one branches of the community Marguerite-Bourgeoys founded, exist in Canada, and the United States, thirty of which are in Montreal, and 41,000 pupils are in attendance. It would be impossible to estimate the number of young women who have benefited by the fine education bestowed upon rich and poor alike in the institutions, or to sum up the influence they have exerted along many lines.

In 1693, the venerable lady, advanced in years, resigned her position of superior to Maria Barber, but she preserved to the last day of her life her interest in the work and growth of the Sisters of the congregation. The process of her canonization has begun and is progressing. Eventually, this wonderful woman, who gave up home, friends and country, to establish a system of Christianity for girls, will be known in the calendar of the Catholic Church, as "Ste. Marguerite de Canada."

THE remarkable, beautiful effect obtained from the O-Cedar treatment, is due to the fact that O-Cedar "cleans as it polishes." A few drops of O-Cedar on a wet cloth will form a soft lather that removes all scum and dust. The final operation consists of a brisk rub with a dry cloth. The result is all that could be desired—a hard, dry lustre on furniture and floors; a dazzling radiance on your automobile. O-Cedar Polish, 25c. and 50c. a bottle; \$1.25 and \$3.00 a can. TRAPSHOOTERS HAD BUSY TIME ON SATURDAY

Bob Newton Captured the Honors in Two of the Events on the Programme.

The Sherbrooke Gun Club held its regular shoot on Saturday afternoon under very favorable conditions. Gilbert Bray was again the hero of the day in the spoon shoot, winning easily with the fine score of twenty-four. (Gilbert also trimmed Jim McCrea (the speed artist) in the shoot-off for last week's spoon.

Bob Newton has given a trophy to the club, and it is to be shot for at every regular shoot throughout the season, the person that holds the greatest number of times by the end of the season to win the prize. To show that there was no hard feeling, Bob registered the first win.

The picture shoot brought out some fine shooting and Bob Newton won this event also with a possible fifteen. The scores were as follows:

Ten bird practice—S. R. Newton 10; N. G. Bray 9; C. G. Thompson 9; J. E. McCrea 7; S. G. Newton 7; C. D. White 6.

Twenty-five bird spoon shoot—N. G. Bray 24; S. R. Newton 21; J. E. McCrea 20; S. G. Newton 19; C. G. Thompson 16; C. D. White 15.

Twenty-five bird Newton trophy—S. R. Newton 23; N. G. Bray 22; C. G. Thompson 20; S. G. Newton 20; J. E. McCrea 16; C. D. White 15.

Fifteen bird picture shoot—S. R. Newton 15; S. G. Newton 14; N. G. Bray 13; C. G. Thompson 12; J. E. McCrea 8.

Shoot-off for last week's spoon—N. G. Bray 24; J. E. McCrea 23.

The Gun Club will hold their next shoot this coming Saturday afternoon at two o'clock, and it is hoped that a large attendance will be on deck. The club intend taking in the shoot to be held at Montpelier, Vt., on May 12th, and if the boys do not think they need practise they had better come out and see what a trap looks like anyway.

Stage and Screen Attractions at Local Playhouses This Week

AT HIS MAJESTY'S THEATRE. "Little Red Riding Hood," the fourth of a series of English pantomimes imported to this country by F. Stuart-Whyte, the noted British author-manager, will be the offering at

Dorothy MacLaren, as Little Red Riding Hood.

es, which finally turn out in a most satisfactory manner for all concerned.

For Wednesday and Thursday, Julia Dean and Louise Huff will be featured in the picture, "She Pays." This is a story taken from the book story of "The Ransom." A special feature of the Wednesday evening showing will be the 53rd-Harmony Band Concert.

Constance Talmadge, the select comedienne, will be seen on Friday in a film version of Frances Sterret's popular novel, "Up the Road with Sallie," in which a young heiress kidnaps her staid old aunt and, after some very exciting complications, is nearly mistaken for a criminal.

Next Saturday the Cartoon Play, "Bringing Up Father" will be the offering.

AT THE PREMIER THEATRE. Independently of its heart interest, splendor of production, beauty of scenes and artistic finish, "Fires of Faith," will be shown today and tomorrow, has a cast of exceptional power. Eugene O'Brien, Ruby de Remer and Catherine C. Ivert appear in three of the leading roles.

The story deals with a young woman who descends into the slums and who is reclaimed to become a Salvation Army worker in France. Eugene O'Brien is seen as an aviator who after scoffing the Salvationists, learns their real worth and becomes one himself. The narrative is a thrilling one and the love interest is most captivating.

Theodore Roberts, Herbert Standring, Edythe Chapman, Charles Ogilvie, Pat Moore, George Andersen, Lucille Ward and others are in the cast.

"The Forged Bride," the latest Universal photodrama starring Mary MacLaren, is from a story by J. G. Hawks, "The Sins of the Fathers."

"The Forged Bride" is said to offer Miss MacLaren the best opportunity of her screen career. It will be shown on Wednesday and Thursday.

Eugene O'Brien is starred in the offering for Friday and Saturday in "The Broken Melody," a simple love story staged partly in Greenwich Village and partly in society circles, and tuneful melodies.

Mr. Whyte's production of the piece comprises fourteen wonderful scenes.

"The Third Generation," with Betty Blythe in the leading role, will be shown on Tuesday night only. This is the screen presentation of an extremely trying chain of circumstances.

BOSTON & MAINE WILL ADOPT SUMMER TIME ON CANADIAN LINES SUNDAY

All Trains Will Be Advanced One Hour — Other Roads Have Not Received Notice Yet.

The Boston and Maine has issued instructions to their agents that all B. and M. trains operated in Canada will run one hour earlier than their present schedule, beginning Sunday next, the 25th.

While red notices of changes have been received at yet from the other railroads, it is thought some modifications will be made. The main office of the C. P. R. will be run on summer time.

mayor of a small city, has ample scope for the portrayal of deep feeling.

"The Third Kiss" is scheduled for Wednesday and Thursday, and is a splendid vehicle for the star, Vivian Martin, the little red-headed girl who, though owner of the factory in which she worked, was not known as such. A strong love story is the plot of the story, and the supporting cast is good.

In his newest motion picture, "Heart Strings," which is to be shown Friday and Saturday, William Farnum will be seen in the role of a violin virtuoso, the central figure of a remarkable story of devotion and sacrifice. The photoplay has been given a most effective production by William Fox, and the star is supported by a company of distinction. As many of the scenes are laid in the Laurentian Valley of Quebec, an unusual touch in atmosphere is given.

AT THE PRINCESS THEATRE. "Up Stairs and Down," the farce that played with such success on the stage, has been filmed and is presented under the able direction and with an admirable cast of players, featuring Olive Thomas, will be presented today and tomorrow.

Olive Joyce has many splendid roles to her credit in her screen career, but it is doubtful if any equals that of the unfortunate Duchess of Desborough, which she takes in "The Sporting Duchess," which will be seen on Wednesday and Thursday.

Over-night from chaperon of a nasty tempered cavalry horse to breakfastmate of the Colonel of the regiment is Sergeant Bill Gray's record in "Twenty-three and a Half Hours' Leave," the delightful screen comedy which is showing on Friday and Saturday. Moreover, he wins the heart of the Colonel's daughter for good measure and numerous moneys bet with his friends in khaki that he would break muffins with the C. O.

THE PLYMOUTH SUNDAY SCHOOL BOYS WINNERS

Captured Shield for Third Consecutive Time at Sunday School Athletic Meet.

The Intermediate Sunday School Meet was held in the Y. M. C. A. gymnasium on Saturday evening with the following results.

Congregational 31 points; Anglican, 17 points; Methodist, 10 points; Baptist, 2 points.

This makes the shield the permanent property of the Plymouth Congregational Sunday School, as they have won the trophy three times. Herbert Mills and Thornton Wilson tied for the highest individual scores.

SEMI-READY TAILORING

A promise of delivery is no mere scrap of paper with this shop. Service is the secondary meaning of Semi-ready, and Service means satisfaction and a lot of other desirable attributes in men's tailoring.

We can custom tailor suits, have them made to measure, and delivered here while some folks would be explaining why they weren't cut yet.

A Special Order suit is made from your own cloth selection—from your own style choice—and four days after it reaches the shops it's on its way to your door by the fastest all-night and day travel.

When you get it, you'll know how certain is the perfect fit from a physique type chart of your form and figure.

JENKES OPPOSE G. W. V. A. When the G. W. V. A. and Jenkes clash on Tuesday night at the 53rd. Armory, indoor ball fans should be treated to one of the best games that the League has offered so far this season. Both teams are evenly balanced and are also tied for first place honors in the race for the pennant.

The "Vets" uncovered a pitcher of repute in last Tuesday's game when they put Evans in to do the twirling for them. Evans held the Rand team to four scattered runs and struck out twelve men.

The Jenkes will have their regular team on the "lot" on Tuesday night and are determined to take a fall out of the fast Veterans aggregation.

BELL TELEPHONE ISSUE SOLD IN UNITED STATES

Entire New Issue Is Sold to American Investors.

MONTREAL, Que., April 19.—It is announced that the issue of \$5,500,000, 7 p. c. Bonds of the Bell Telephone Company of Canada, underwritten by Royal Securities Corporation, Lee Higginson & Company and Harris, Forbes & Company, Inc., has been entirely disposed of. Recent public issue of the securities was made exclusively in the United States by the three houses and was most successful.

The offering to American investors alone of so representative an issue of Canadian corporation securities is not without unusual significance, suggesting, as it does, the effect of present international exchange conditions in facilitating the financing of Canadian enterprises by American capital and at the same time barring the traditional flow into Canada of British capital; for it will be remembered that for many years preceding the war Royal Securities and Higginson and Company, of London, were instrumental in financing the Bell Telephone Company by British capital, largely through the sale of the Company's 5 p. c. Bonds in Great Britain.

The ready subscription of the issue in this country may be taken as an indication that the American investor is not unaware of the exceptional opportunities offered him by the prevailing premium on American funds in Canada, to purchase high-grade Canadian securities at substantial discounts.

NEW YORK PRESS MARKET COMMENT

New York Tribune.—An authority estimates the total stock market loan account in excess of \$1,250,000, which includes loans made by institutions which submit regular reports of their credit operations to the Federal Reserve authorities. This is a low figure when one considers the length and breadth of the stock market list. It is the intention of the banks to keep the aggregate of such loans at this comparatively low figure in deference to the wishes of the Federal Reserve Board.

Wall Street Journal will say today: Crucible earnings reduced by tax demands. Decline of \$5,510,272 from previous reports disclosed in revised balance sheets. **'SHALL ARMENIA PERISH,' STIRRING
ADDRESS BY THE REV. I. W. PIERCE**

Former Pastor of Waterville Church, Who Spent the War Years in Turkey and Witnessed the Horrors of the Armenian Tragedy — Turk Must Be Rendered Powerless Even if Empire Loses India, Says Mr. Pierce.

The congregation at Plymouth Church yesterday morning listened to a stirring address by Rev. I. W. Pierce on the tragedy of Armenia, coupled with an appeal which he is addressing to the peoples of all Christian countries, and of the British Empire in particular, to see to it that the Turk is rendered powerless to continue his savage outrage in Armenia.

Mr. Pierce speaks with intimate knowledge of his subject. He was for some time stationed at Waterville, Que., as pastor, but a few months before the opening of the war he answered a call for service in Armenia, and during the first years of the war was in the heart of the Armenian country a personal witness of massacres and deportations. He finally, with his wife and son, made his way across Asia Minor, and upon his British citizenship being revealed, was interned until the end of the war. He was associated with the American mission, and as the United States was not at war with Turkey, thus escaped during the earlier period.

NOW THE TIME TO ACT, OR NEVER.

Mr. Pierce declared that now was the hour when the fate of the remnant of the Armenian people was being decided. The future of Armenia was a subject before the peace conference framing the Turkish treaty. Could it be possible that the tragedy of the centuries would be continued and the Turk left to work his will upon the Armenian people? The British statesmen were hesitating before the Moslem threats.

"Though I am as loyal a Britisher as anyone," said Mr. Pierce, "I would prefer to see India lopped off the Empire than that the Empire should do what it knows to be wrong by again abandoning Armenia to the Turk."

Mr. Pierce declared that the Turk was by nature a tiger or a wolf. He possessed none of the finer qualities of humanity. He delighted in the infliction of suffering and was not content except when carrying on a work of destruction.

Mr. Pierce entered into details, recounting tragic occurrences which had come under his personal observation.

The Turks and their slaughtering places for the unhappy people, and near where he was staying was one such beside a lake. Two of his associates who visited the place in the early morning told him of the ghastly spectacle of ten thousand mutilated bodies.

During his journey across Asia Minor he witnessed a crowd of hapless victims being driven across the plain. Men, women and children were falling by the wayside, to be pounced

upon by brigands who followed just behind.

He paid a tribute to the qualities of the Armenian people as a race. They were in every respect superior to their oppressors. They had been the first nation in the world to adopt Christianity as a nation. They had maintained their ideals and adhered to their belief in spite of the most cruel persecution in all the history of the world.

Surely the nations whose representatives were now determining the future of the Turkish Empire would not commit the terrible wrong of leaving the Turk in possession of Armenia, there to continue his work of massacre and destruction.

The Record has in its possession several articles recently written by Mr. Pierce on the tragedy of Armenia, and published in the Toronto Globe. One or two of the series have already been printed in the Record. The others will appear in early issues of this paper. They are particularly valuable as coming from one with personal knowledge of his subject, and who is also known to Eastern Townships people.

In the afternoon Mr. Pierce addressed the school of Plymouth Church and gave a short illustrated account of the work being done in behalf of the children in Armenia. He drew a striking contrast between the lot of the young people to whom he was talking and that of those among whom he had been laboring. As an illustration he pointed out that in such an audience in Armenia 95 per cent. of the children would be fatherless. Mr. Pierce has the gift of holding the attention of young people, and his address was followed with the closest attention.

In the evening the congregation of the Methodist Church had the privilege of hearing this "ambassador for Armenia" and after the service in the church, adjournment was made to Wesley hall, where he gave an illustrated lecture, in which by means of pictures thrown on the screen the audience saw the evidence of the brutality and the bestiality of the Turk. The photos from which the lantern slides were made were taken by a missionary on the spot, and were the most damning evidence against the nation whose fate now hangs in the balance. It remains to be seen whether the Turk will be allowed to occupy territory in Europe and continue his long history of rapine and murder. After hearing Mr. Pierce one can have no doubt about what ought to be done with the "great assassin."

Several Steamers Suffer as a Result of Severe Storm that Has Been Raging.

(Associated Press Despatch)
BOSTON, April 19.—Stormy weather at sea was reported by several vessels in the North Atlantic today. The wooden steamer Columbine appeared to have suffered most. Wireless messages reported the Columbine as having been forced to turn to sails for power to meet a west, northwest gale about 750 miles from New York, her destination. The steamer, which is nearly a month out from Shields, England, reported that only one boiler was working, but with the help of three lower sails, she was proceeding.

(Associated Press Despatch)
NEW YORK, April 19.—Dr. James Markoe, friend and personal physician to J. P. Morgan, was shot and killed at the Sunday morning service in the fashionable St. George's Protestant Episcopal Church here. His assailant fired at members of the congregation who were chasing him without hitting any one else, and was eventually run down. He told the police he had been in London, England, and spent some time in Canada, and gave his name as Thomas W. Shelley and later as Thos. W. Simpkin. He had escaped last Thursday from the hospital for the insane.

Thomas W. Shelley, formerly of Calgary, Alberta, where he was known as Thomas W. Simpkins, faced arraignment in Yorkville Court today for shooting Dr. James Wright Markoe, an eminent surgeon, in St. George's Episcopal Church yesterday. Police said they would immediately ask for the appointment of a com-
