ONE CENT.

TO PROVIDE ACCOMMODATION FOR QUEBEC'S MANY VISITORS

Occupied the Attention of a Meeting of Business Men Called for the Purpose Yesterday Morning.

CONSIDERABLE FUNDS SUBSCRIBED.

How to provide accommodation for the vast multitude of visitors who are expected to come to Quebec during the Tercentenary celebration was the question discussed at a special general meeting of the Board of Trade, held yesterday at the board rooms, at which were present Mayor Garneau and members of the Tercentenary Committee, representatives of the local branch of the Canadian Manufacturers' Association and of the Retail Merchants' Association. The transportation interests were also in evidence, Messrs. R. W. Baker, C.P.R., Davis, Grand Trunk, and Henry, Richelieu & Ontario Navigation Co. being present on invitation.

Dr. Ed. Morin presided at the meeting, and explained the object for which it was called. It was a very important matter which the business men had been summoned to consider, namely, the providing of accommodation for the large number of visitors who would be here for the Tercentenary celebration. Every citizen, and particularly the business man, had a special interest in it, and nothing should be left undone to make our visitors return to their homes fully satisfied with their treatment here. It was a duty to maintain the good reputation which Quebec had ever enjoyed for its hospitality. He then invited Mayor Garneau to submit plans which might be suggested.

His Worship said the present meeting was one of business men to talk over some business aspects of the Tercentenary celebration. The celebration will last over two weeks, from July 20th to July 31st. During that time the programme would keep not only the visitors but everyone busy, so many are the attractions provided. With the programme it was possible to attract a very large crowd to Quebec, as large in fact as the transportation lines could carry. The advantage of the presence of such a large crowd of visitors it was not necessary to enlarge upon before business men. His Worship then outlined the proposed programme. On Monday, the Heralds and Watchmen would appear upon the streets, garbed in the old-time costumes worn in Champlain's time, announcing the opening of the celebration. On Monday evening the first session of the Congress of French medical men of North America would be held. Part of the fleets will arrive on Monday, and the balance, as well as the official visitors on Tuesday. Invitations had been sent to France and United States to send ships, and official representatives would also be present from France, the United States, Bronage, Honfleur, and from the self-governing colonies beyond the seas. Among the visitors would be the descendants of many of the men who have figured prominently in the history of Canada. The reception of these would take up the greater part of the day. In the afternoon the first official performance of the historical pageants would take place on the Plains. This promised to be something unique in America and would enlist the services of nearly 3,500 performers. In the evening there would be a special concert by the Symphony Society and a large choir in the Drill Hall, at which Felicien David's symphonic ode, Cristopher Colombo, would be rendered. On Wednesday afternoon the Prince of Wales would arrive, and will be received with a salute from the large fleet. His Royal Highness will land and be officially received by the Governor-General and representatives of Federal and local Governments. In the evening the Royal Society of Canada will hold a special meeting at the Parliament House, which will be devoted to a symposium on Champlain, founder of Quebec. All through the celebration, military bands will play in different parts of the city. Thursday will be the great day of the celebration, Champlain Day. The first part will take place in the afternoon, when Champlain will arrive in his ship the Don de Dieu. He will sail up the river and land about two o'clock. He will be escorted up to the Champlain monument by a grand procession in which all the principal historical characters will be represented. At the foot of the monument, the official proceedings will take place, after which there will be a display on the river. All the surrounding banks of the river will be lighted up by a chain of bonfires, the ships will be illuminated, and the greatest display of fireworks probably ever seen in America will take place on the Levis heights. On Friday there will be a review of between 20,000 and 25,000 troops. This will be the greatest concentration of troops ever seen in Canada and will be a unique spectacle. The review will take place on the Plains. The Battlefields Park dedication will also take place on this day. In the afternoon there will be the second performance of the historical pageants on the Plains. These performances are to take place before a stand which will accommodate 15,000 people, and the picturesque surroundings, according to Mr. Lascelles, the director, could not be excelled anywhere in the world. In the evening there will be a state concert in the Plains. Monday afternoon there will be a regatta and sports on the river opposite the city and repetition of the pageants. In the evening it is hoped to have a naval display and night attack on the city by the fleet similar to that given by Prince Louis of Battenburg. On Tuesday the youngest element of the population will be given their turn to participate in the festivities, and a children's fête and display of daylight fireworks will be given on the Plains. In the afternoon there will be a synkara or field sports and an official ceremony at Victoria Park (the details of which His Worship was not yet at liberty to disclose). In the evening the Premier and Government of the Province will tender a ball at Parliament House to the official visitors. On Wednesday, the Prince of Wales will take his departure. In the afternoon there will be another pageant on the Plains, and a children's fête in Victoria Park. In the evening there will be a grand civic reception at the City Hall. Thursday there will be a grand parade and review of national societies and independent military guards who may have assembled in Quebec, and in the evening another display of fireworks at Levis. On Friday the last performance of the historical pageants will take place.

The above, said His Worship, was but a mere outline of what the programme will be. There were a great many other details yet to be added, of which he was not as yet at liberty to speak. It could be judged, however, from what he had stated that there was more than sufficient to attract a crowd of visitors such as a much larger city might be puzzled to accommodate. There were three things absolutely unique in the programme—the pageants, the concentration of 25,000 troops, and the presence of the fleets of three nations with crews aggregating 25,000 to 30,000 men. The great problem which confronted the city was the lodging of the vast crowd of people once they were here. The business men must rise to the occasion, as the situation directly touched the business interests of Quebec. If accommodation could not be found for the large crowds which could be attracted here, they should not be allowed to come. If people came here and were well satisfied it would be the greatest advertisement Quebec could ever have. If on the other hand the visitors went away dissatisfied with the lack of accommodation and their treatment here it would work the city lasting harm, so far as the carrying out of the programme was concerned, nothing that human energy could do would be left undone to make it a success. The housing of the guests, however, must be looked after by the business men. His Worship suggested that \$100,000 be subscribed to solve the problem, and he felt assured that the great transportation companies would be disposed to help all they could. A joint stock company could be formed, and he had no doubt that the results would prove satisfactory. It would be the greatest advertisement the city ever had and would make Quebec a household word throughout the world. If this was not done, it would be the blemish of the city to let people know that they should not come here unless they were assured of accommodation. But he thought Quebec should rise to the situation and attract all the visitors possible here. His Worship then called upon Mr. Jules Hone, jr., Chairman of the Hotels and Lodging Committee, to lay before the meeting the result of the work done by him and his associates.

Mr. Hone stated that his committee had made a special study of the subject for some time, and the experience of Chicago, New York and other large American cities, had been acquired into. Quebec's situation, however, was altogether different from these big centres. A careful canvass had been made of the city, and the space available in convents, schools, etc., in this city and Levis would provide only space for some 20,000 to 25,000 extra people. Most of the accommodation available was not in the main desirable for the class of people expected. Much of the best accommodation had already been taken up. The committee had considered the question of temporary hotels and had asked plans from various architects, but there was no money available to help out this project, and the citizens would have to come to the rescue. Tourist agencies all over were in communication with the committee, but the latter felt that they could not recommend people to come here because of lack of accommodation. Large parties had already been formed to come here, but these would have to be cancelled unless something was done. There was a feeling going abroad that accommodation could not be provided and the situation was growing serious. Mr. Hone then gave estimates as to cost and probable income on a 1,000 room temporary hotel. The construction of this structure, with furniture, light, heat, etc., would be \$85,000, while the revenue would be in the neighborhood of \$105,000. These figures had been examined by experts and had been pronounced most conservative. Of course the construction of one, or even two or three hotels, would not solve the problem, but it would show that some attempt had been made to meet the difficulty.

A general discussion then ensued upon the subject, in which Mr. Valiquet, Senator for Quebec, G. A. Vandry, d'Hellecourt and others took part. During the discussion it was brought out that the transportation companies were prepared to bring 10,000 people a day to Quebec during the celebration, and this would be spread probably over three weeks. Mr. Vandry stated that, on behalf of the Z. Paquet Co., he was prepared to open a list with a subscription of \$1,000.

Mr. Baker, of the C.P.R., said that in a general way the number of visitors could be estimated only by the amount of accommodation afforded. Lt.-Col. Ray submitted a plan for a 1,000 room pavilion to run the length of the Plains. It would be a two-story building, intersected by reproductions of the city gates. The platform could be used as a stand for the crowds who would gather to witness the pageants and other functions. If the committee would crowd the stand with the children from the different orphan asylums he would be prepared to subscribe \$500 and friends of his would put up another \$1,000.

The discussion was continued by Ald. Lockwell and others, during which Mayor Garneau asked what the transportation companies would be prepared to do. Mr. Baker, in reply, stated that the transportation companies did not take any responsibility in regard to the accommodation of the people. They would be fully occupied in carrying the visitors and troops to Quebec. The accommodation rested with those responsible for the good name of Quebec. Quebec's position was unique and it behooved the people of the city to bestir themselves. He thought, however, that any feasible scheme would be looked upon with favor by the C.P.R. Quebec was going to have one of the most wonderful celebrations ever seen on this continent, and its citizens should not allow visitors to go away discontented.

Mr. Davis, of the Grand Trunk, Mr. Wiggs and others spoke, and a subscription list was then opened and the following sums subscribed:—Z. Paquet Co., \$1,000; Jos. Cote, \$200; Jules Hone, jr., \$200; Lt.-Col. Ray, \$200; W. H. Wiggs, \$1,000; J. H. Battersill, \$200; H. D. Barry, \$500; H. Blouin, \$200; J. Sanson, \$200; C. J. Lockwell, \$200; H. d'Artois, \$100; R. H. Gale, \$200; T. J. Delany, \$100; J. Valiquet, \$100; Dr. Morin, \$200; C. A. Paradis, \$300; J. H. Giguere, \$100; Senator Choquette, \$250.

Since the close of the meeting the following sums have been added to the list:—G. E. Anyot, \$500; Hon. A. Turgeon, \$500; R. P. Lemay, \$100; Ald. Galipault, \$100; George Belliveau, \$100; Louis Boivin, \$100; A. S. Gravel, \$100; P. B. Dumoulin, \$100; John Ritchie, \$100; Dr. Arthur Simard, \$100; Dr. Dussault, \$100.

SIR ROBERT BURNETT'S GIN. "The highest class of Gin made."

NEGRO SETTLERS IN ALBERTA. Edmonton, Alb., April 20.—Three of seven families of negroes who came from Oklahoma will settle in the Lethbridge Lake district, while the other four have rented farms of from 100 to 300 acres.

EASTER SOCIAL. The annual Easter Monday social of the Ladies' Auxiliary of the A.O.H., which was held at the Auditorium last evening was, as usual, a decided success. Some twenty-five to thirty tables engaged in the ourebre contest, after which refreshments were served. Dancing followed, Charbonneau's orchestra furnishing a select programme of music. The encore prize winners were—Ladies—First, Mrs. R. H. Hartley; second, Miss C. O'Doherty; third, Mrs. F. Boyle. Gentlemen—First, Mr. W. Rooney; second, Mr. C. Griffin; third, Mr. L. Royer.

SIR A. P. CARON DEAD

Passed Away at the Royal Victoria Hospital, Montreal, Yesterday Afternoon.

Montreal, April 20.—Sir Adolphe P. Caron died at the Royal Victoria Hospital this afternoon following a severe attack of pneumonia. At two o'clock he was removed from the Windsor Hotel, where he was staying, to the hospital and passed away shortly after four. Sir Adolphe had been suffering for some time from a serious throat trouble and was taken down on Sunday by pneumonia, growing rapidly worse. The deceased, who was in his 65th year, at one time occupied a prominent position in Canadian public life, having been Minister of Militia and subsequently Postmaster General. It was while he was Minister of Militia that the Riel rebellion took place in the Northwest and for his services at that time he was knighted. He leaves a widow and two children.

Hon. Sir Joseph Philippe Rene Adolphe Caron, K.C.M.G., was born December 24th, 1843 and was the son of the late Hon. R. E. Caron, Lieutenant-Governor of the Province of Quebec. He was elected to Parliament in 1873 and was appointed Minister of Militia in 1880 and Postmaster General in 1892.

Deceased was the brother of Mrs. (Hon.) J. T. Taschereau, and uncle of Hon. L. A. Taschereau, K.C., and Messrs. Ant. Taschereau, C. E. Taschereau, Mrs. Hecker, Mrs. (Dr.) Coote, and Mrs. W. D. Maillefer. The remains will arrive in town by C. P. R. this morning and will be transferred to the General Hospital, from whence the funeral will take place.

NOTES OF OTTAWA

Trouble in the Building Trade—No More Females in R. C. Church Choirs.

Ottawa, April 20.—The city Liberals are still urging Mr. D. J. McLoughlin, M.P.P., to accept nomination for East Ottawa.

The number of Easter picture cards passing through the mails this year far exceeded any previous year. An agitation is on among boys of the Builders' Laborer Union, which may result in trouble among the laborers employed on the new Y. I. C. A. building, for which the contractors are Peter Lyall & Sons, Montreal. The union men claim the wages should be 25 cents per hour, but much less than this, in fact forty per cent, less, is being paid. Not only is there possibility of the laborers going on strike, say the union men, but there is also a possibility of the union bricklayers and stone masons who are on the job being called in sympathy.

Ottawa was selected as the place for holding the annual provincial convention of the Ancient Order of Hibernians in August next at a meeting of the provincial executive held this morning in St. Patrick's Hall. The date of the month has not been settled yet.

Some of the local Catholic Church choirs which had arranged for ladies to take part in their Easter music programmes were obliged to despatch with the female voices. In one or two cases they were to take so prominent a part that the elaborate programmes practically had to be cancelled. When the decree of Pope Pius X. on church music was issued, in which decree was provided that women should not sing at mass and certain other services of the church, the churches were given a certain length of time to prepare choirs of male voices. Some of them complied with the new regulations many months ago, but other still continued to have women in the choirs. The rule is now strictly enforced in Ottawa.

EXCITING MAN HUNT

After Private Moir, who Shot Color-Sergeant Lloyd at London, Ont.

London, Ont., April 20.—An exciting man hunt is in progress in this locality at the present time. A posse of five officers and a crack shot from Wolsley Barracks are after Moir the fugitive slayer of Sergeant Lloyd. The police lay in wait all night at Kelly's Siding, where Moir had been seen, but did not locate him. He has abandoned his rifle, but has two revolvers. The hunted man's steps have been traced from the time he left the scene of the crime early Saturday morning. Near Grove Post Office it had been discovered he slept all day, and in the evening secured food from the postmaster. At the home of Albert Martin, across the road, he was unable to obtain the change of clothing he asked for. Mr. Martin states that Moir did not have a rifle, and appeared quite calm and self-possessed. Moir was next seen by Simon Blake, postmaster at Wytown, and the former took a cap from the head of a boy he met on the road.

GERMANS FOR BRITISH COLUMBIA.

Nelson, B.C., April 20.—Joseph Edinger, representing the British Columbia Colonization Agency, has purchased 345 acres of the arm of Kootenay Lake, west of Nelson, and will settle a colony there of Germans and other foreigners, all used to grape culture and brought here from European vineyards. If there is a damp cupboard in the house, a box should be filled with lime and placed in it; this will make it strictly dry.

Telegraph Office. WE have opened a new Telegraph Office on the main floor, center store, near Elevator, for the convenience of our customers. THE PAQUET COMPANY LIMITED. RETAIL DIVISION. 157-173 St. Joseph Street, QUEBEC. "La Fiancee", 23c. THE Music Dept. offers "La Kianee" Waltz, one of the most charming compositions ever written. Sale Price, Tuesday.....23c

Dainty Laces and Embroideries. NOW that Easter is over the question that will occupy your mind for a few weeks will be the making of the Children's First Communion Dresses. You know as well as we do what a serious problem this is. ## The Quebec Chronicle

QUEBEC, APRIL 21, 1908.

### SIR A. P. CARON.

It is our painful duty to announce the death yesterday of one of Quebec's most distinguished citizens, Sir Adolphe P. Caron, K.C.M.G. He was the son of the late Hon. R. E. Caron, and was born in this city on the 24th December, 1843. He received his education here, afterwards graduating at McGill University, and in 1865 was called to the Bar. In 1867 he married the only daughter of the late Hon. F. Baby, and was made a Q.C. in 1875. He first entered the House of Commons in 1873, and in 1880 was appointed Minister of Militia in the Government of Sir John A. Macdonald, and was created K.C.M.G. after the suppression of the North-West Rebellion in 1885. On the re-organization of the Cabinet on 25th January, 1882, he became Postmaster-General, which portfolio he held till the end of the Mackenzie Bowell administration. Since then he has retired from the political arena and dwelt as a private citizen. He was greatly esteemed by his own intimate friends, and universally respected. His death at a comparatively early age will be widely and deeply regretted.

### THE C.P.R. AND THE PORT LABORERS.

The correspondence which appeared in the Chronicle yesterday morning relative to the matters under dispute between the Canadian Pacific Steamship Company and the port laborers of Quebec will have been read with great interest and with mingled feelings of disappointment and relief; disappointment that a question in which so many and grave interests were involved has not received a more satisfactory solution; and relief that a situation of such tension has at length been ended, and that the citizens now know in what position they stand, and what they have to look forward to.

It may reasonably be taken for granted that the Canadian Pacific will now take the Embresses up to Three Rivers and build up a thriving sea port there. This would hardly have been possible a quarter of a century, or more, ago, but is very possible now owing to the opening up of the North Shore country since then, and the Canadian Pacific will have all the advantages of the first comer, and little of the disadvantages of the pioneer. It will be well able to afford the necessary expenditure, and will lose little, if anything eventually, by the transference of its Embresses from Quebec to Three Rivers. That is the position claimed by the C. P. R. and it will be generally conceded that the claim is not a preposterous one; the position taken by the port laborers is that they intend to have what they consider to be fair wages, and that so far as the C.P.R. is concerned they are quite indifferent as to whether it stays here or not; virtually this is to say that there is something about Quebec port laborers which places them in the aristocracy of the craft, and entitles them to better treatment than their less highly gifted brethren elsewhere, and that they care nothing for the C.P.R., or for the interests of the port, or for the interests of the city. Rust coolum!

The correspondence published leaves the onus of the situation on the port laborers. Throughout the whole affair they have shown a sullen, obstinate and repellent spirit which has been most unbecoming, and the efforts made by outsiders, the Board of Trade, and the Provincial Council of Conciliation and Arbitration to bring about a friendly understanding have been met with a brusqueness that was absolutely boorish. Even the letter of Mr. Kenny, which appears to have been ardently compiled from The Universal Letter-writer, and Hints on Etiquette, while it is almost ludicrous in its attempt at dignity shows only the outcome of an unalterable resolution fixed long previously. "As there is no complaint made by the other steamship companies whatever," says Mr. Kenny, "we do not see why the

C.P.R. should complain alone." Mr. Kenny forgets that if the other steamship companies do not complain, they do something much more practical; they run their steamships up to Montreal, and unload there; they unload nothing but Quebec freight here, and not always that; sometimes they take it up to Montreal and send it back by rail. No! the other steamship companies do not complain; and it is not likely after this that the C.P.R. will complain.

For some little time past efforts have been made to induce steamship lines to establish themselves in this port as their port of entry and departure. What has been the result in every case, including this last one of the C.P.R.? Each, in turn, has abandoned the attempt in disgust. Instead of being what her position and natural advantages entitle her to be, and what intelligent and patriotic citizens have worked to make her, a seaport in the true acceptation of the term, Quebec is kept in the subsidiary position of a way port, without an independent line leaving her wharves beyond little local North Shore ones and the like. And this she owes to the obstinacy and wrong-headedness of the port laborers. Provided they can get higher pay and shorter hours than anybody else they are perfectly satisfied with conditions as they are. It is nothing to them whether the city progresses or stagnates.

We do not mince our words, because this is a matter in which we, and every citizen of Quebec have a practical, and not merely a sentimental interest; because a portion at least, of the higher wages of the port laborers comes out of our own pockets in the shape of increased freight rates, and not out of those of the steamship companies. The other day, in answer to the complaint of discrimination by the Board of Trade, a Maritime Coal Company explained that it was cheaper to send coal to Montreal than to Quebec, as the high labor here more than covered the expense of the longer voyage. The consequence is that coal is from one to two dollars a ton less in Montreal than it is here. And the same thing is true with respect to all imported goods that come by sea. They are higher, because the freight rates are higher, and these again are higher because the port labor rates are higher. We send to Montreal, and even to Toronto, for our goods because we can get them cheaper, goods that pass our doors and have to be brought back again, yet costing less. On every one of the articles of this sort that we purchase at Quebec the purchaser pays a tax to the port laborers to enable them to destroy the progress of the city.

### THE INTERCOLONIAL.

We trust that our readers have carefully considered the report of Mr. Accountant Forrester on the condition of affairs in the management of the Intercolonial to which we referred editorially yesterday, and from which we made some of the most salient extracts. It is the report of a trained expert, and an unprejudiced observer, only anxious to do his duty thoroughly and well, though he might be supposed to be naturally biased in favor of his employers, and it is noticeable that everything that might seem to have a political coloring has been carefully avoided. Indeed, the report is as significant for what it does not say, as for what it does. It speaks of graft as a possibility, not as an actual fact, but it is very evident that Mr. Falconer in his enquiries must have stumbled on facts that left little room to doubt of its existence, though it was not his business to further enquire into them, otherwise he would have seen no reason for making his suggestion. But apart from graft, of whose existence we have had testimony elsewhere the chaotic condition of the management revealed by Mr. Falconer is even worse than that which the Civil Commission found to exist in the Department of Marine and Fisheries, and goes a long way to account for the chronic insolvency of the Government railway. Probably we shall be told that the present regime is but a continuation of the old Tory regime, and if, hereafter, graft should be proved here, it would be set down to Mr. Aylesworth's flock of Tory goats, but that is no answer, even supposing it to be true. The Liberals have now been in power for some dozen years, and if they were not put there for the purpose of instituting reforms, for what purpose were they put?

The question for the public is whether they are duly impressed with these accumulating proofs of governmental incapacity and carelessness, to call it by no worse a term. If one department alone were arraigned, it might be competent to argue that this was the exception that proves the rule, and that all the others were wisely and satisfactorily administered, but, unfortunately, the argument is just the other way; first the Department of Marine and Fisheries is

## Let Us Look After Your Furs.

Unless properly cared for during the summer months, your Furs are liable to become damaged to a greater extent than they would from the wear of two or three winters.

For a very small charge, we will call for your Furs, clean them thoroughly, and insure every garment for the summer against loss from Fire, Moth or Burglary.

## Remaking and Repairing

If your Furs need repairing, or even if you purpose having the garment remodeled, your interests will be better served by allowing us to do the work, now, when we can give your order our very best attention.

weighed in the balance and found very much wanting indeed; then the extravagant department of Militia and Defence; then the notorious graft in the Department of the Interior; then the chaos and confusion in the Department of Railways and Canals as evidenced in the management of the Intercolonial, till we are given to ask ourselves whether what is already known does not constitute the rule, and whether there is one department where sagacity and honesty of administration in the interests of the public constitutes the exception. In less than a dozen years we have all but tribled the expenditure it is a tolerably steep price to pay for honesty and competency, but it is altogether out of the way for dishonesty and incompetency and it does not say much for the intelligence of Canadians if they continue to pay it.

**SAVES THE BABY'S LIFE**  
Mothers and Physicians Say that  
**LACTATED FOOD**  
Is A Blessing To All Infants.

Thousands of happy children have been nourished and brought up on life-saving Lactated Food. There is no other form of infant food in the land so popular with mothers and physicians. The most prominent city nurseries in Canada have made Lactated Food their choice, because it gives the most happy results. Lactated Food always keeps sweet and pure in any climate; variations of temperature cannot impair the virtues of this wonderful food. If baby is cross, peevish, puny and weak, do not delay the use of Lactated Food; it is a true life-saver and health-builder. Your druggist will recommend it.

We claim to have as good carpet if not better than anyone else, in the line of carpet. Come at once if you are in need of one, we will keep them for you.

FAGUY, LEPINAY & FRERE.  
**DEATH OF A CLERGYMAN**  
New York, April 19.—The Very Rev. Wm. S. Kelly, Dean of St. John's Roman Catholic Church, at Plattsburgh, died to-day in St. Vincent's Hospital here at the age of 55 years. Father Kelly was the founder and builder of the Champlain Valley Hospital.

**RITUALISTIC PRACTICE IN TORONTO**  
Toronto, Ont., April 19.—The recent additions to the ritualistic part of the service at St. Luke's Anglican Church were again put into effect this morning. No protest was made by any of those present put on the appearance of the new professional cross three people slipped quietly out of the church. Whether or not this was a sign of objection to the changes in the service did not appear. The new Eucharistic candles were lighted for the first time at the 11 o'clock service. The rector, Rev. A. G. Hamilton-Dieler referred very pointedly to the objection which some had made on the carrying of the professional cross on Palm Sunday. He asked all those who felt that the new institution was not proper to accept it for a little time, after which the novelty would wear off and they would consider the addition to the service as soon as they make the net of worship the more real.

## For Floors

JAP-A-LACK is a fine tough, quick dry, durable finish for new, and old, hard and soft wood floors, and woodwork. Comes in "natural" and twelve colors.

Webster, Montreal; G. R. Harding; E. Danville, Montreal; M. Donley, Strathroy, Ont.; R. Davies, Montreal; F. H. Hibbard, New York; W. B. Poston, Montreal. A very pretty, but quiet wedding, took place on Tuesday, April 16th, at the residence of Mortimer I. Godkin, Esq., New Rochelle, N.Y., brother-in-law of the bride, when Mabel A. Cully, daughter of Mr. Robert Stather, of Black Lake, Que., and Yorkshire, England, was united in marriage to Sidney Anderson Ogden, manager of the Quebec Bank, Black Lake, Que., and son of the late Lieut.-Colonel D. A. Ogden, of the H. M. 55th and 14th Regiments. The bride was attended by her little niece, while Mr. Gordon Greenshields, Montreal, was best man. The ceremony was conducted by the Rev. Dr. Kennedy, of Trinity Church, New Rochelle.

SHIPPING NEWS

INWARD BOUND. Steamer Fomeho, from Cape Breton, with coal, passed Father Point at 5.10 a.m. yesterday, and is due here this evening. Steamer Hermod, also with coal passed Little Metis at 9.30 a.m. yesterday, and is due here to-day.

THE BUOYS.

C.G.S. Druid left for the lower St. Lawrence yesterday morning with a number of buoys on board, which she will place in position to-day. C.G.S. Montcalm will leave port this morning also with a number of buoys to place them in position.

NOTES.

Schr. J. E. Heppell, from the lower St. Lawrence, with a cargo of sleepers, arrived in port on Saturday.

MARCONIGRAM.

Newport, R.I., April 20--Steamer Friesland, from Liverpool and Queens-town for Philadelphia, passed the lightship at 10.20 a.m.

LAKE ENGINEERS.

Cleveland, O., April 20--The members of the Executive Board of the Marine Engineers' Beneficial Association, who have been in session here for several days past, considering the announced "open shop" policy of the Lake Carriers, have left the city. It is understood that the returns indicated that a big majority of the members were opposed to such contracts. An official of the national organization, however, firmly expressed the opinion to-day that there would be no strike.

TOWED INTO PORT.

Halifax, April 20--After drifting helplessly around the Atlantic for nine days with a broken propeller, the German oil tank steamer Burgenmeister, owned by the Leland line (Columbian), which picked her up on Saturday off Sable Island and brought her safely into port, despite the heavy gale of Sunday, on April 18th, when sixteen days out from Shields, for Philadelphia, the steamer was abreast of Sable Island, when all four blades of her propeller suddenly snapped off.

OCEAN ARRIVALS.

SS. Minnehaha, London, at New York, from London. SS. Zealand, at New York, from Antwerp. SS. California, at New York, from Glasgow. SS. Nieuw Amsterdam, at New York, from Rotterdam. SS. Advertisement for Zam-Buk featuring a portrait of a woman and text: HEAD, ARMS AND LEGS COVERED WITH ECZEMA. Mrs. L. Elliott, of 41 Henry St., St. Catharines, Ont., says: "My little daughter Gladys, 4 years of age, was badly troubled from infancy with eczema on the back of her head, under her hair, the joints of her arms and on the back of her legs. This terrible disease first broke out on the side of her head in the form of red rash and pimples which, if rubbed or scratched sent forth a watery substance, and which later spread to the back of her head, joints of her arms and back of limbs. This proved a rather obstinate case and the child suffered intensely from itching and pain and was very restless and peevish. We tried all kinds of preparations, soaps, etc., but failed to bring about a cure. At last a friend who had been using Zam-Buk for small sores and wounds gave me a portion of her box to try. This seemed so good and showed such an improvement so I bought a supply, and after perseverance in using, the disease was soon checked and finally cured. I feel very grateful for the cure Zam-Buk has brought about."

LOST--A BROWN RUG, BETWEEN Ursule, D'Youville and Cote d'Abraham. Finder will be rewarded by leaving same at 39 Ursule street. Advertisement for IROQUOIS Natural Smoking Tobacco. IROQUOIS Natural Smoking Tobacco 5 per package

**The cure for the blues—Cascarets.**  
**A million boxes go out every month**  
**to carry a world of sunshine.**  
**Are you getting your share?**

Cascarets act as a bowel tonic, not as an irritant. They are vegetable. Their action is natural. Their effect is the same as the effect of some foods. They are gentle; no griping. They are pleasant; no dreading. They are convenient; no waiting.

One old way was castor oil. The effect was to grease the bowels, and for a single day. Oil never causes the bowel muscles to act. Other ways were pills, salts and cathartics. The effect was the same as pepper has in the nostrils. They flooded the bowels with fluid. Those fluids were digestive juices. And the waste today means a lack tomorrow.

We knew that the method was wrong. That the after-effects only weakened the bowels.

But we had no gentle laxatives in the old days. So we waited as long as we could, then took a big dose of physic. The method today is to take one Cascaret at a time—just as soon as you need it. Then the bowels are always clean.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and

Prince, Dr. Harper, Dr. Dussault, Dr. Simard, A. Painchaud, J. E. Martineau, Charles Grenier, J. H. Holt, J. Hone, Jr., Byron Nicholson, M. Joseph, E. E. B. Rattray, D. Watson, J. A. Charlebois, Ald. Galipeault, Ald. Lemay, and Messrs. H. J. B. Chouinard and Dr. Lessard, secretaries.

After the minutes of the last meeting had been adopted, the chairman read the report of the work transacted since last meeting, giving some additional explanations as regards the lodging question which he also referred to at the morning meeting of the Board of Trade, reported elsewhere.

Mayor Garneau considered this question a most important one to deal with and every Quebecer having at heart the interests of his city should make an effort to help in settling the question of lodging guests during the festivities, and it was to be hoped that citizens in general would do all they possibly could in that respect. As President of the Royal Commission, he had no hesitation in saying that if the citizens showed their willingness to subscribe towards the construction of a temporary hotel, he would be the first to recommend to the Commission to grant a certain amount to a responsible company. This was not only a question of providing lodging but also to provide meals and he had no doubt that such a company would do well.

The country had voted \$300,000 towards these festivities and the question was now whether or not Quebecers would do anything towards lodging their guests, and if sufficient accommodation could not be secured, thousands of tourists would be prevented from coming here.

Dr. Morin remarked that if the Commission was willing, as he understood, to grant a certain amount towards the construction of a temporary hotel the question of citizens subscribing would be much easier, as he knew of several who would double their subscriptions if such was the case.

Senator Choquette was pleased to learn that the Chairman would advise the Commission to subscribe towards the construction of a temporary building to accommodate about 2,000 or 2,500 guests, as it would considerably facilitate subscriptions.

Hon. Mr. Turgeon remarked that if a serious company was organized, the Commission would do its duty. His attention had been drawn to the fact that the labor organizations had been forgotten in the composition of the General Committee and he suggested that the names of Mr. Ford, Laroche and Mr. Dumont be added to the Committee.

Hon. Mr. Chapais also suggested, as members of the General Committee, the names of Judge Routhier, Senator Landry and Mr. Byron Nicholson, and the Committee accepted both suggestions.

The report was finally adopted as was also the official programme, which will be issued to-day, the Chairman remarking that the programme would not, however, include the Prince's movements.

Mayor Garneau suggested that a sub-committee be appointed to arrange for the procession of national societies and Independent Guards which was to take place on the second of Thursday, and upon proposition of Hon. Mr. Turgeon the presidents of all the national societies, and the presidents of the Literary and Historical Society and Institut Canadien were appointed to attend to this part of the programme, and at the suggestion of Lt.-Col. Ray, the name of Col. A. Evanturel was added to that committee, which will have power to add to their number.

The Chairman, at the request of Mr. Lascelles, also suggested the appointment of a sub-committee to consider the printing of a booklet containing among other things the programme of the pageants and also the printing of postal cards with historical scenes taken from Canadian history.

Mr. Vandy objected to the printing of these postal cards, as the advertising committee had already ordered one million postal cards containing six different views of Quebec, and if this committee favored the printing of other postal cards, the advertising committee might be at a loss.

Mr. Mathieu and Hon. Mr. Chapais favored the historical postal cards, while Hon. Mr. Turgeon suggested that the matter be referred to the advertising committee, and it was finally decided to leave the matter in the hands of the executive committee.

Mayor Garneau suggested that a committee be named to select horses for the different parades, three hundred horses at least being required.

Mr. Rattray remarked that this was another difficult question to solve, as even the members of the Quebec cavalry had difficulty in securing

**SECRETARY TAFT**  
**Delivers an Address on Mis-**  
**sionary Work, to Large**  
**Audience in New York.**

New York, April 20.—Lauding the missionary for what he had accomplished in aiding the advancement of civilization in the Far East and declaring that both Protestants and Catholics alike in the Philippines hoped that the Roman Catholic Church might be strengthened to be able to continue its work in our far eastern insular possessions, Secretary of War Wm. H. Taft, in a speech before a monster mass meeting of the Laymen's Missionary movement to-night, filled his four thousand auditors who filled Carnegie Hall to a rare degree of enthusiasm. Secretary Taft took occasion to generally commend Judge Leibens R. Willey for his efforts in improving the moral tone of the American district in Shanghai and incidentally criticized the policy of the United States in denying its representatives in the Far East even "mere hovels for homes." The speech of Secretary Taft to-night followed a busy day taken up with numerous conferences with those interested in his political future. In his Carnegie Hall speech to-night Secretary Taft said that until he went to the Philippines he had little interest in foreign missions and added: "I did not realize the immense importance of foreign missions. We have got to wake up. We are not all there in the world. There are lots of people besides us who are entitled to our money and efforts and sacrifices. You cannot study the nations, but you will realize that Christianity is the hope of modern civilization, for Christianity is the true democracy."

The Secretary declared it the Christian duty of this nation to help the Philippines. He continued: "The development of civilization in the Philippines depends upon the development of the power of churches in the islands. The poverty-stricken condition of the Roman Catholic Church in those islands is known to all and there is no one, be he Protestant or Catholic who in his soul does not hope for the prosperity of the Roman Catholic Church and does wish it able to do what it ought to do for the uplifting of those people. The influence of the people in the different churches, there upholds the hands of the civil government for the maintenance of peace and order. I am talking practical facts upon the affect of religion on government and I know what I am talking about. I have read many books describing how comfortable foreign missions are and that the missionaries are living better than at home. It is true that some of these missions are comfortable for I have seen them. It is necessary to fill the Oriental eye with a building of some size and appearance in order to have him deem it of some importance. The policy of the missionary in living in a comfortable mission is decidedly more sensible than that of the United States in denying to its representatives even mere hovels." Secretary Taft declared that while the missionaries have made many mistakes they worthily represented the best Christian spirit and were worthily doing their duty.

A dinner in honor of Secretary Taft was tendered by John Wesley Hill, pastor of the Metropolitan Temple, at his home, previous to the missionary meeting and among the guests were Andrew Carnegie, General Frederick D. Grant, former Secretary of the Treasury Shaw, and Henry W. Taft.

**A NOTABLE SPEECH**  
 By Winston Spencer Churchill on the Irish Question in Manchester.

Manchester, April 20.—Winston Spencer Churchill, who is seeking reelection on his recent appointment to the Cabinet, made a notable speech here to-night, which has been awaited by the followers of John Redmond before they undertook to counsel the Nationalists as to how they should vote. Mr. Churchill announced that he had the concurrence of Premier Asquith in saying that at the close of the present Parliament the Liberal party would claim full authority and a free hand to deal with the problem of Irish self-government without being restricted by mere measures of devolution like the abandoned Irish Councils Bill. Mr. Churchill said that his recent vote in support of John Redmond's Home Rule resolution in the House of Commons was no mere perfunctory proceedings. "It constituted on my part," he said, "a distinct acceptance of an advanced position in the Irish question. My opinion ripened during the two last years I frankly admit, I have become convinced that a national settlement of the Irish question on broad and generous lines is indispensable to a harmonious conception of Liberalism and I have a great object lesson in my experience in the matter of South Africa. There they ran a risk far greater. I hope some day for a settlement in a similar spirit in Ireland."

Late to-night Mr. Redmond's decision was still awaited. Although Mr. Churchill distinctly stated that the Irish solution must wait until the next general election the tenor of his speech seems to bear out the rumor that Mr. Redmond delivered a virtual ultimatum as the price of the Irish vote in Manchester.

**AWFUL ACCIDENT**  
**Forty-One Persons Killed and**  
**Sixty Injured on an Aus-**  
**tralian Railway.**

Melbourne, Australia, April 20.—Two trains from Ballarat and Bendigo respectively collided late last night at Braybrook Junction, about 8 miles from Melbourne, 41 persons being killed and 60 injured. The Bendigo train, with two heavy engines, crashed into the rear of the Ballarat train. Five cars of the latter train were wrecked. The wreckage took fire and was almost completely consumed. Many of the bodies were unrecognizable when recovered. The Bendigo suffered but little damage, but the two engines were piled on top of the rear coaches of the other train. Terrible scenes followed the accident, many of the injured being caught in the wreckage and with difficulty rescued. It was a long time before doctors and nurses arrived on the scene and as a consequence intense suffering prevailed among the injured.

**A QUIET CITY.**

Berlin is said to be the quietest city in Europe. Railway engines are not allowed to blow their whistles within the city limits. There is no loud howling of hucksters, and a man whose

waggon gearing is loose and rattling is subject to a fine. Even piano-playing is regulated in Berlin. Before a certain hour in the day and after a certain hour in the night the piano must be silent in that city.

**A LACONIC WITNESS**  
 A remarkably laconic debtor appeared at the Shoreditch Country Court. "Are you at work?" was the first question by the examining solicitor. "No," was the reply, and the examination continued as follows:  
 "Trying?"—Yes.  
 "When did you work last?"—To-day.  
 "Where?"—Covent Garden.  
 "Any good?"—No.  
 "Any prospects?"—No.  
 "What have you earned lately?"—Nothing.  
 "How do you live?"—Borrowing.  
 "How do you expect to live?"—Same way.  
 "You look fairly well on it?"—Thank you.  
 "Do you eat well?"—Fairly.  
 "Pay 2s. a month," said the judge. "Can't," the debtor replied.  
 "Try," said the judge.

# "Sunshine" Furnace

**Where Shaking is Respectable**

A draft of furnace dome, with no other assistance, is powerful to overcome the dust in ash-pit. Only surplus dust rises off itself above the fire. Great bulk descends into ash-pit, and unless legitimate outlet is therein provided, dust will escape through ash-door slits and into operator's face.

In "Sunshine" Furnace the legitimate dust outlet is provided. It's a great big dust-pipe running straight from ash-pit to dome, thence to chimney. When big pipe damper is opened, all dust in ash-pit ascends to dome; then, when direct drafts are opened, all dust passes up chimney.

Always the clean and quick dust route in "Sunshine" Furnace—via grate, to pan, to dust-pipe, to dome, to chimney, to open air.

Write to us for "Sunshine" testimonials received from your own townspeople.

## LATEST SPORTING NEWS

### BOSTON MARATHON OBJECT TO TRAIN

#### Was Won by T. P. Morrissey, of Yonkers—Canadians Not in It.

Boston, April 20.—T. P. Morrissey, of the Mercury Athletic Club, New York city, to-day won the twelfth annual renewal of the Boston Athletic Association Marathon road race, covering the twenty-five miles from Ashland to the finish mark, on Exeter street, in two hours, twenty-five minutes and 43.5 seconds. The time is second only to that record of 2 hours, 24 minutes and 24 seconds, made last year by Tom Longboat, the Canadian Indian runner. Fifty yards in the rear of Morrissey came J. J. Hayes, of the Irish-American A. C., New York, who in turn led Robert A. Fowler, of the Cambridge Port Gymnasium Association, by about the same distance. Hayes' time was 2 hours, 26 minutes, and 4 seconds, while Fowler took 2 hours, 26 minutes and 42 seconds. Following in order were:—

M. J. Ryan, Irish-American A. C., New York, 2:27.08.

George Brown, Nashua, N.H., 2:27.48.

J. J. Lee, Boston A. A., Boston, 2:28.34.

Fred. Lorz, Mohawk A. C., New York, 2:32.20.

S. Mellor, Mercury A. C., New York, 2:41.17.

Roy Welton, Lawrence, 2:43.25.

J. G. Goff, Cambridge Port Gymnasium Association, 2:43.53.

C. Andrews, Xavier A. C., New York, 2:44.10.

R. K. Wentworth, Lynn, Mass., 2:44.31.

A. Halstead, Lawrence, Mass., 2:45.10.

C. Henry, Lynn, Mass., 2:45.27.

J. F. Marshall, Marlboro, Mass., 2:45.31.

Morrissey ran a wonderful race, following out a plan carefully mapped out. He was never out of striking distance of the veteran runners, and when the race was half run his resolve began to waver. His long strides took him up to even terms with the leaders, and swinging along to the finish, he began to sprint soon leaving Hayes and Fowler in the rear, and crossing the finish line an easy victor.

The weather conditions were ideal for fast time when the contestants, 120 in number, lined up in Ashland for the start. A fresh northwest wind was blowing at the runners' backs and although a light snow fell for a few minutes it soon turned to rain which refreshed the competitors and laid the dust along the course.

Every man had been examined by physicians and pronounced fit to attempt the long run which as an Olympic tri-ot afforded the judges an opportunity to select part of the men who will journey to London and represent the United States in the Olympic games.

Roy Welton, of Lawrence, Mass., winner of the junior five mile championship, at Jamestown, took the lead at the pistol, and was fifteen seconds ahead when he finished the first mile. Entering Natick, Welton was two minutes ahead of the record. He increased his lead with every stride and passed through Wellesley nearly four minutes better than the record. Running through Newton the men encountered the long hill which has proved fatal to the hopes of many Marathon runners. By the time Welton had reached this point his strength was spent and he was forced to climb the hill at a walk. The veterans, who had held their strength in reserve then began to move to the front.

Welton's lead, however, was so great that he had covered 19 miles before he was overtaken. Leaving the Chestnut Hill reservoir, Hayes began to come up with a rush and at Coolidge corner was in sixth place, while Fowler, Lee and Morrissey were well bunched in the lead. Then Morrissey began a spurt and soon shook off Fowler and Lee. He received a tremendous ovation as he came along Commonwealth avenue, and crossed the finish line on Exeter street, the winner, by fifty yards. Hayes came in with a fine spurt and snatched second place from Fowler by a like distance.

The crowd of nearly a hundred thousand people, which had stood in the rain for nearly two hours to witness the finish, held their positions on Exeter street and Commonwealth avenue until the last runner had crossed the line.

Nearly all of the men finished in good shape, although some fell across the line exhausted. They were speedily revived in the club house.

## COMING BATTLES

### McGovern and Summers—Sullivan and Gardner—Memorial for Dixon.

New York, April 20.—Having been declared by responsible physicians to be in good physical and mental condition, Terry McGovern will now get back into the ring, arrangements having been made for him to meet Johnny Summers before the old Broadway Athletic Club, April 30. The pair will meet at catch weights, the former champion probably entering the ring at 135 pounds.

McGovern made the Southern training trip with the Giants, and worked hard on the diamond with the ball players. He thinks that he is once more in first-class condition, and at all events, looks to be fit for a ten-round battle.

McGovern will start training at once, near the city, under the care of Joe Humphreys, Charley Mayhoad, Martin Canale and Bant Dorsey.

Los Angeles, Cal., April 20.—Mike (Twin) Sullivan and Jimmy Gardner have been matched to fight twenty-five rounds April 23rd before Jeffries' Club for a purse of \$3,000.

Harry Lewis was matched with Gardner to fight on the above date, but later withdrew. Unk Russell was substituted, but he too, threw up the match.

Mike (Twin) came to Los Angeles Saturday and offered to go on with Gardner at 145 pounds, claiming he weighed 160 in his clothes and could not make 142 at 3 o'clock. Gardner refused and Jeff announced the opening of his club would be postponed.

Mike walked into Jeff's place and met Gardner and offered to bet Jimmy \$500 he could make the weight. Jeff matched the two, and their forfeits were posted. Mike gave Gardner the laugh, peeled off his clothes and weighed 145 pounds. Mike has nine days in which to take off six pounds.

New York, April 20.—Plans were approved yesterday by the Art Municipal Commission permitting the Society for the Prevention of Cruelty to Animals to erect a memorial fountain to Geo. Dixon, the boxer, in the little square at Harriot Street and Eighth Avenue. It will bear the inscription:—

"In memory of George Dixon, erected by his friends, 1908."

The fountain will cost \$1,500, contributed by friends of the late negro fighter. The fund was turned over to the Society for the Prevention of Cruelty to Animals, as that society is supervising the erection of many fountains.

## Every Garment Bears the Label

Don't you believe it!—unless the label's there. Any man who says that the Suit he shows is a Semi-ready garment will at once show you the Semi-ready label—if what he says is true.

Every Semi-ready Suit has the label and the price plainly sewn inside the pocket.

We do not make clothes under any other name than "Semi-ready."

Know these facts, and you will be armed against the imitator and the substitute. The man who "knocks" is not worth while—that's his foolish way.

## English Varsity Athletes Have to be Urged to Prepare for Olymp'cal.

Sporting Life comments thus on the Oxford-Cambridge athletic events:—

The performances at the Varsity sports appear to have been excellent in view of the early period of the year. It is satisfactory to see the "field event" performers well to the fore, as we shall need some strong assistance in this direction at the Olympic games.

**DON'T LIKE TRAINING.**

By the way, it is on the cards that the Varsity athletes generally will not view with favor the idea of training for the trial games on May 20, and would prefer to be selected upon the form displayed in the inter-varsity contest. Well, I am sure that the International Selection Committee would be the last people in the world to pass over any of the varsity men who may display form which warrants their inclusion, and if the contestants at Queen's Club are content to allow their claims to be settled upon their display there, I do not think any one can deny them the right to adopt this attitude.

**MAY DO BETTER.**

But the fact remains that better performances may be forthcoming on May 20, as that is certainly a more favorable period for fast times than the end of March particularly after the unpropitious weather we have been experiencing lately; and then, again there is nothing to guide the selectors as to the merits of our colleagues at, for instance, 200 metres, which will be an important distance, as it forms two sections of the relay race as well as a championship competition.

**OLYMPIC TRIALS.**

For the 400-metre hurdles, 3,200-metre steeplechase, Marathon race, pole vault, discus, and javelin, we shall also be without any guide. I am sure our Varsity friends are not deficient in patriotism, and when they have carefully considered the matter, expect to find them making the necessary sacrifice and training for the trial games as well as the sports.

**SHOULDN'T BE FAVORED.**

It is, after all, no more than the larger proportion of our athletes will have to do; many whose intervals for recreation and training are indeed circumscribed, will be giving all their spare time from now until July to get fit, and in the event of a close contest for any particular place those who had shown the greatest interest would deserve preference.

## THE LACROSSE MUDDLE.

Toronto, April 20.—President F. W. Thompson, of the N. L. U., stated to-day that he had heard nothing as yet from the clubs in reply to the telegram sent out on Saturday, suggesting that the Shamrocks be given until May 1st to consider their position and decide if they would withdraw from the organization. Arbitration is out of the question, said Mr. Thompson, and if the time mentioned, the Shamrocks are not back in the fold, another schedule meeting will be held and games arranged for the season. The Shamrocks objected to play a championship match on July 1st, as the Shamrocks wanted to arrange Minto Cup games with St. Catharines on July first and fourth. Manager Quercie, of the Tecumseh, in reply to President Thompson's communication, suggested that the Shamrock's be asked to specify the dates which they contended were objectionable. If the Shamrocks do not see fit to do this by May 1st then the other six clubs meet and draw up a double schedule which draw up a double schedule which would be possible with only two clubs in Montreal.

## QUEBEC CENTRAL LEAGUE.

Delegates from the five clubs in the Quebec Central Baseball League will assemble at the Victoria Hotel on Sunday afternoon next to draw up a schedule for the coming season.

## Mallory CRAVENETTE HATS

Weather Proof

STYLE SERVICE

The Mallory Cravenette Hat is Doubly Guaranteed

The name of Mallory, since 1823, has stood for the best in men's hatwear—honest materials, best workmanship, and styles that are accepted as standards. Besides this guarantee of excellence, the Mallory Cravenette Hat has what no other hat can have—the quality of being weather-proof from the Cravenette process, which makes a Mallory stay new in spite of all kinds of weather. We can heartily endorse any hat that bears the Mallory stamp.

We have them, both soft and stiff, in all styles and all the popular shades. They await your inspection.

## THE BASEBALL FEVER.

When the winter days are over and the green is on the trees, and the little birds are singing to us home-land melodies, we will do our very dearest to be happy in defeat. And to adverse luck bow down in calm submission. We won't care who wins or loses—that is, we will not complain. If the weather man is gracious and stalls off a bunch of rain. All we want is pleasant weather and the price to buy a seat—Baseball fever is a funny proposition.

## WHY SHAMROCK BALKED.

Toronto Telegram:—The true inwardness of Shamrocks' break away the N. L. U. has leaked out. It appears that the Irishmen, with that financial instinct peculiar to them, conceived the idea that there would be big money in Minto Cup games played on July 1 and the Saturday immediately preceding it. With this end in view secret negotiations were entered into with the St. Kitts Athletics, champions of the senior C. L. A. and in his dreams Harry McLoughlin could see big gates and easy games while Tim Slattery was happy in the belief that the year of his presidency would be a red letter one.

Then came the crash. And instead of that golden stream the Irishmen were doomed to come to Toronto play a hard game, and gather in only a measly \$250 guarantee.

Is it any wonder that they balked?

## MACHINERY AND SUPPLIES

ARE YOU INTERESTED? WELL LOOK HERE!

La Cie Chs. A. Paquet, Ltée.

## EMILE JACOT, 128 St. Joseph Street

BONDS NOT WORTH A BALE OF HAY

Washington, April 20.—Representative Vreeland, of New York, to-day appeared before the House Committee on banking and currency and explained the provisions of his currency bill, which was taken up by the committee as a substitute for the Aldrich measure. He is a banker, and as a precedent to his remarks on his bill said that during the recent panic the bonds held by his bank were "not worth more than a bale of hay so far as getting cash was concerned." Mr. Vreeland says he will amend the bill so that it will provide that the initial tax of 6 per cent on emergency currency according to the time it is in circulation will be 4 per cent for the first month and would then increase at the rate of one per cent per month until it had reached six per cent.

TWO BOXING BOUTS.

Seattle, Wn., April 20.—Abe Attoll, of San Francisco, to-night won from Eddie Kelly, of Buffalo, in the eighth round.

Roston, April 20.—Harry Lewis, of Philadelphia, knocked out Honey Melody, of Charlestown, in the fourth round of what was to have been a 12-round bout at the Armory Athletic Association to-night.

WOMAN HANGED MAY HAVE BEEN PRINCESS

Missing Russian Noblewoman Said to be Identical With Bomb-Thrower.

AN UNHAPPY MARRIAGE

ST. PETERSBURG. The St. Petersburg newspapers print strange rumors, telephoned here from Moscow, concerning the identity of the woman who was hanged a few days ago for throwing a bomb which exploded beneath the carriage of the Governor of Moscow, General Hertschman, without injuring him. She herself, however, was severely wounded.

BALLOON MAY BE CONSUMPTION CURE

European Doctors Recommend it and Say it Has Many Advantages.

LACK OF EXPENSE ONE

MUNICH. The knell of Davos and other Alpine resorts frequented by consumptives is sounded by an ever-growing band of continental medical men, who are advocating the "balloon cure" for tuberculosis.

WIRELESS MESSAGES WRITTEN BY MACHINE

Waldemar Poulsen Improves His Telephone System by Automatic Attachment.

MACHINE NOW COMPLETE

COPENHAGEN. Waldemar Poulsen's latest improvement in his wireless telegraph system is an ink-writing apparatus attached to the receiver. Mr. Poulsen, it will be recalled, is the inventor of the low-tension, continuous current applied to wireless telegraphy and telephony, which does away with the explosive sparks of the Marconi system.

VENEZUELA, BEWARE President Roosevelt to be Given Full Power to Act if Necessary.

Washington, April 19.—From a number of conferences which Chairman Cullom, of the Senate Committee on Foreign Relations, has had recently with President Roosevelt and Secretary of State Root it is now probable that before the adjournment of the present session of Congress blanket authority will be voted to the President to proceed against Venezuela in such manner as subsequent events may require to uphold the dignity of the United States and protect the interests of American citizens.

A resolution giving such authority to the President has been drafted by Senator Cullom and approved by the President and Secretary Root. It provides that the President shall have the power to deal with Venezuela in the matter of the adjusting the controversy with the country concerning wrong done to American citizens and corporations in Venezuela by reason of the ill-treatment they have received at the hands of President Castro. Under such authority the administration would again demand the submission to arbitration of the claims of American citizens and corporations against Venezuela. The treaties on the subject of general arbitration and the use of force in the recovery of debts ratified by the Senate in the last few weeks obligate the United States to follow this line of procedure. On several occasions, as is shown by the correspondence between the State Department and Minister Russell, the American Government has without success called upon President Castro to arbitrate the claims. In the very last representation made to Mr. Russell by J. de J. Paul, the Venezuelan Minister for Foreign Affairs, he said that the Government of Venezuela would view it with satisfaction if the American Government consider this (arbitration) question as closed.

If a resolution giving power to President Roosevelt to proceed against Venezuela as he sees fit is adopted by this Congress and if in that event Mr. Castro should continue in his present attitude there is no question that the American Government would have the power to use force. Furthermore the indications are that an aggressive programme would be adopted. President Roosevelt believes that Castro is trying to "bluff" the United States Government and Secretary Root believes the dignity of the diplomatic branch has been trampled upon and Senator Cullom and other members of the Committee believe, to use his words, "President Castro needs a spanking." Undoubtedly any plan of procedure agreed upon by the Senate would be followed by the House.

NEXT WEEK'S ATTRACTION. Overflowing with wit, humour, and sparkling conversations, with a rapidity of action which never for an instant allows the interest to lag—Such is "The Revels," which will hold the boards at Bennett's, for one night only, Tuesday, 28th. The mirth provoking complications of the famous "Duel Scene," in which the conceited ex-comb "Bob Acres" is shown up in his true colors, are not soon forgotten by those who have had an opportunity of witnessing them. Quebeers should not miss the chance of seeing this production which is entirely out of the common run of theatrical entertainments. One night only, Tuesday, April 28th.

WOODPULP AND PRINTPAPER Washington, April 20.—Speaker Cannon to-day introduced a resolution for the appointment by himself of a select committee of six members of the house to investigate in all of its many phases the woodpulp and print paper question and to report on the necessity of legislation to relieve the conditions complained of by the print paper users of the country. The resolution was referred to the committee on rules of which the Speaker is chairman.

You Recognize Nasal Catarrh

Chiefly by Dizziness, Brontal Headaches, No. e Cold and Stuffed.

Catarrh in almost every instance starts with a common cold in the head, which is added to with another cold, and because of some extra exposure of weakness of the system, it becomes chronic. A full case of disgusting nasal and throat catarrh then develops. Unless a radical cure is effected, the disease passes rapidly to the throat, bronchial tubes and finally to the lungs.

New Lun's No man or woman can ever get new lungs any more than new fingers or a new nose; but everyone suffering with Catarrh can get a sure cure by inhaling Catarrhzone, and this is proved as you read further.

Quick, Lasting Cure "After ten long years of suffering with Catarrh in the throat and nose I write to tell you that I am now completely cured with Catarrhzone. What a relief it was to get that buzzing stopped in my ears, to have my nose free and easy to breath through—what a blessing it was to get cured of droppings, catarrhal dyspepsia and bad breath. As this is the result of Catarrhzone which I recommend everyone to use for any trouble in the throat, nose, bronchial tubes or lungs."

JNO. McCULLOUGH, N.S. Moosebrook, N.S. Let Catarrhzone cure you too. Sold by all dealers in 3 sizes 25, 50 and \$1.00 the latter is guaranteed.

WANT THAW RELEASED

Poughkeepsie, April 20.—The first step toward the release of Harry K. Thaw from the Matteawan Insane Asylum was taken to-day. James G. Graham, of Newburg, of Thaw's counsel, made application to Justice Mordchauser at White Plains for an order directing the superintendent of the asylum to permit Thaw to sign a formal application for a writ of habeas corpus. The order was granted and when Thaw has made the application he will probably be brought before a justice for a hearing to determine whether or not he is sane.

Mr. Du Cros, the new member for Hastings, is a lifelong toototaller.

Correspondence Quebec, April 18th, 1908. To the Editor of the Chronicle: Dear Sir,—I notice in your paper this week that an Englishman says that although he is sorry to say so, Englishmen are a lot of grumblers. Now I happen to belong to that unfortunate lot and the I certainly grumble sometimes it is only because I have something to grumble about. I see that your legislators here are talking about raising their salary from \$800 to \$1,000. Now I would like to know what they are doing to earn that amount of money. I have lived in this country more than thirty years and have brought up a family of five children and through the whole time I never made \$800 in a year, yet these men come down here for a couple of months and want a thousand dollars. What has one of them done for the country worth that? I have? I have to help with hundreds more who are plodding along on from eight to fifteen dollars a week to pay this so called indemnity. An old friend of mine in the old country used to say that there was one more petition that should be added to the English Church Litany to read—From lawyers, parsons and doctors, Good Lord deliver us. I think if he was living here he would have added members of parliament, for God knows they are such a lot of one and the other that bye and bye there will be nothing left for the man who works and provides the whole \$2,500 for two houses in Ottawa and then every province besides \$800 or \$1,000 in a country of five million or six all told. It seems to me to be something serious that at the present time when things are so dull that they are looking for a rise, I think that at any rate they may wait till after the next election and bring the case before the electors who are or should be the ones consulted. Yours respectfully, S. SOBEY 56 Eustache Street.

**WILL COME TO QUEBEC**  
Ottawa, April 20.—The Governor-General has received cables to the effect that Sir Henry De Villiers, Chief Justice of Cape Colony, will represent the four states at the Quebec Tercentenary celebration. The premiers regret they cannot come. Sir Henry de Villiers was a delegate to the Colonial Conference held in Ottawa in 1891.

**EASTER VESTRIES**  
Annual Business Meetings of Anglican Congregations Held Last Evening.

The Easter vestry meetings of the different Church of England congregations were held last evening, when the reports presented showed that there had been steady progress during the year and that the financial conditions of the different churches was in a flourishing state. The meetings were all largely attended and most harmonious throughout.

**CATHEDRAL OF HOLY TRINITY.**  
The Very Rev. the Dean of Quebec presided at the meeting of the Cathedral Vestry. The reports showed the past year to have been a most successful one from the financial point of view.

Lieut.-Col. G. E. Allen Jones was re-elected People's Warden and Mr. St. George Boswell was re-appointed Rector's Warden.

The following were elected members of the Select Vestry: G. H. Balfour, John Brown, W. M. Macpherson, P. G. Owen, Dr. G. H. Parker, H. E. Price, C. G. Rollet, A. E. Scott, A. C. Smith, R. H. Smith, Fred. C. Wurtzle, E. Woodside.

The following gentlemen were elected to the Diocesan Synod: Messrs. W. Molson Macpherson, St. George Boswell, C. P. Champion and Dr. Parmelee.

**ST. MATTHEW'S CHURCH.**  
There was a large gathering of the congregation of St. Matthew's Church at the Easter Vestry meeting. The Rector, Rev. Canon Scott, presided. The reports presented showed the church's financial position to be most satisfactory.

Mr. R. Campbell was re-elected People's Warden and Mr. C. J. Pigot was re-appointed Rector's Warden.

The following gentlemen were re-elected delegates to the Diocesan Synod: Dr. J. Hamilton, Capt. Carter, Dr. K. Campbell.

Votes of thanks were passed to the vestry and ladies' choirs, and to the ladies who have assisted in the work of the parish.

A resolution was also unanimously passed congratulating His Lordship Dr. Hamilton, Bishop of Ottawa, on his jubilee in the ministry. Dr. Hamilton was for many years the devoted Rector of St. Matthew's Church, and his name and the good work which he accomplished there has not been forgotten.

A new organ for the church and other matters of interest were discussed.

Dr. J. Laurie and Mr. W. F. V. Atkinson were elected auditors.

**TRINITY CHURCH.**  
There was a good attendance at the meeting of Trinity Church. The Rector, Rev. I. M. Thompson, occupied the chair. The church warden's report showed the finances of the church to be in a most healthy state, with a good balance on the right side. After a number of reports had been read and adopted, Mr. W. De Q. Sewell was re-appointed Minister's Warden, and the following were elected officers of the church for the ensuing year: People's Warden, W. C. Scott; Delegate to Synod, C. Knowles; Superintendent Sunday School, W. H. Wiggs; Trustees, H. Hull, W. H. Wiggs, J. S. Gale, T. H. Mahony and Geo. A. Jackson.

Auditors—G. A. Jackson and W. R. Murray.

Sidesmen—W. R. Murray, A. Ruthman, A. W. Colley, Jos. Kelly, W. Jewell, Dr. A. H. Hall, J. T. Middleton, Walter Wilkinson, John Prescho and Dr. Safford.

Vestry Clerk—W. M. Andrews.  
Organist—Miss Ruth Handley.

After votes of thanks to church officers, choir, etc., the meeting adjourned.

**ST. PETER'S CHURCH.**  
At the Vestry meeting of St. Peter's Church, the Rev. E. A. W. King, Rector, presided. The different reports were presented and adopted. These showed that the average attendance throughout the year has been remarkably well sustained.

Messrs. A. P. Doddridge and Benj. Martin were chosen as Wardens, and the following gentlemen as sidesmen: Messrs. A. E. Hookes, Geo. Borland, U. Simpson, M. Turpin, J. Starke, Jos. Brown, Jas. Brown, J. R. Parker, C. F. Brown, J. Harding, H. K. Doddridge.

Mr. E. T. D. Chambers was elected delegate to the Diocesan Synod, and Messrs. W. W. Martin and Alb. Simpson, Auditors.

Reports to the church were among the matters of interest discussed at the meeting.

**ST. PAUL'S CHURCH.**  
The annual vestry meeting of the above church was held yesterday afternoon, the Rev. A. E. Burgett, Rector, presiding. The churchwarden's financial report was very satisfactory, showing a substantial balance in hand Mr. George Robinson and Mr. James Woods were re-elected churchwardens for the ensuing year. A vote of thanks was passed to the organist and choir for their kind services, which have been much appreciated by the members of the congregation. Mr. George Robinson was elected delegate to the Diocese for the next three years.

**THE QUEBEC SYMPHONY SOCIETY**  
The latest orchestral performance of this season will be given at the Auditorium on Monday evening, by the Quebec Symphony Society. The members of the society have prepared since a number of weeks a very fine and interesting programme, and they have secured for the vocal part, the assistance of the charming vocalist, Madame Lucian Lebel, soprano, and Mr. J. A. Priestley, baritone. It will be Mr. Priestley's last appearance before a Quebec audience before his leaving our city. Among the orchestral works inserted on the programme we may mention particularly the celebrated orchestral suite by Mossest, "Les Erymanies" and Saint-Saens, "Hercule March," both of them being novelties for our public. Subscribers will be able to get their seats on Wednesday morning at the box office of the Auditorium after sending their subscribers' cards at St. Lavigne's music and piano warehouse. The plan will open for the public on Friday morning at the Auditorium.

**Correspondence**

Quebec, April 20th, 1908.  
To the Editor of the Chronicle:  
Sir,—An important matter appears to be neglected in the organization of the approaching festivities. How are the thousands of visitors coming here, to be fed? Some give the probable number of visitors as seventy-five thousand; and every effort is being made to provide them with lodgings during their stay here, a large number of rooms, it is said, being available while several Quebecers are willing to rent their houses furnished. However, nobody seems to consider the question of finding their guests on this occasion. The two or three local restaurants can barely supply a few hundred meals daily and the large hotels will only be able to attend to the comfort of their boarders. The only solution I can see, to this important problem, is to convert the Drill Hall and Quebec Skating Rink into two large dining halls, and to erect temporary kitchens in rear of these buildings. A first-class manager should be appointed, wherever secured and even if he was to be paid five thousand or more for his services for the season, but on condition that he is the right man. This is not a question of speculation and should not be considered as a money making proposition, but the reputation of Quebec as an hospitable city should only be taken into consideration.

The manager should be appointed immediately so as to allow him sufficient time to look after the perfect organization of his staff and of the kitchen and dining-room, even if that staff had to be paid during one month so as to allow him to organize. A great deception is in store for those who imagine that parties will consent to come to town to work for one or two weeks. We might at the very most get a staff of people ready to do any work but none conveniently. This, it may be said, would cost a considerable amount of money. Quite possible, but I think that by charging moderate prices for a well served meal, that the costs would be covered by the revenue. If, on the other hand, the experiment showed a deficit, even from ten to fifteen thousand dollars, I do not think that we should hesitate in trying it, instead of seeing thousands of strangers travelling through the streets in search of money where they could secure a meal. This would be a spectacle sufficient to humiliate any citizen who loves his city and supports its reputation.

These reflections occurred to me in following the organization for our festivities, and for which a certain number of our most prominent citizens have been working with great activity, but who appear to have forgotten this very practical point.

M. A. MONTMAYN.

**If You Don't Sleep Well**  
It's because your nerves are in a weak condition. Ferrozone will make them strong and correct the trouble that causes your insomnia. "I fell into a state of nervous exhaustion last fall" writes Mrs. J. Strand of Dexter. "I was run down, couldn't sleep and perfectly miserable—tried Ferrozone and was quickly benefited. I can recommend Ferrozone to anyone suffering from over-wrought nerves and sleeplessness." No tonic is better, try Ferrozone. Price 50c. at druggists.

**QUEBEC LACROSSE CLUB.**  
There is to be a meeting of the Quebec Lacrosse Club at the City Hall tonight for the purpose of re-organizing for the season.

**IRISH PROTESTANT BEEVEOLENT SOCIETY.**  
The members of the Society are reminded of the meeting Wednesday evening at 8 o'clock in the Y.M.C.A. rooms on important business. See advt. apr.21x2.

**SCHOOL COMMISSION.**  
The Roman Catholic School Commission held a meeting yesterday when reports to a number of schools were discussed.

**PERSONAL.**  
Sheriff Laugelier left for Detroit on Saturday last, where he went as commissioner appointed by Judge Blanchet, to examine certain witnesses for the defence in the Rochette case.

**To Purify The Blood**  
The liver and kidneys must be enlivened by Dr. A. W. Chase's Kidney Liver Pills.  
The blood not only carries nourishment to the cells and tissues of the body, but also takes up the poisonous waste material or acids which remain from the fire of life.  
These poisonous substances can only be removed from the blood by the liver and kidneys and this accounts for the extraordinary success of Dr. A. W. Chase's Kidney-Liver Pills as a means of purifying the blood.  
By acting directly and specifically on these organs this medicine ensures regular and healthful action of the bowels and a thorough cleansing and invigorating of the whole digestive and excretory systems.  
The blood is purified, digestion improves, the vital organs resume their various functions, biliousness, constipation, liver complaint and kidney trouble are overcome and rheumatism, backaches and all pains and aches disappear.

There is no treatment so prompt and certain and none so reasonable in price. One pill a dose, 25 cents a box. All dealers or Edmondson, Bates & Co., Toronto, Ont. Portrait and signature of Dr. W. Chase, M.D., the famous Receipt Book author, on every box.

**"The Blood is The Life."**  
Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. **Poor, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery.** It purifies and purifies the blood thereby curing pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open sores, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

**PLEASANT EVENT**  
Annual Sugaring Party of the Quebec Snowshoe Club.  
That "no storm can stop the wearers of the old Black and Red" was shown yesterday afternoon when the members and their numerous lady friends assembled for the annual sugary at Sault-au-Pic. The large party went down to Lefrancois' Hotel by special car, and notwithstanding the heavy downfall of snow, the whole party climbed the slopes to the sugar camp, where mine host Lefrancois, soon had a plentiful supply of succulent syrup ready, and everybody was energetically struggling with masses of the adhesive preparation, and though words failed the merry-makers, the facial expressions indicated that they were happy.

On returning to Chateau Lefrancois, the party sat down to a sumptuous dinner, after which the evening was spent in the ball-room, where the dancing was kept up till a late hour, to the strains of the splendid club orchestra. The party returned to town about midnight, having thoroughly enjoyed the outing.

"Is for sale everywhere"

**JAPANESE VISIT STOCK EXCHANGE**  
New York, April 20.—The visitors gallery at the New York Stock Exchange, which has been closed for more than two months, was temporarily thrown open to-day for the accommodation of sixty members of the party of Japanese tourists who are making a trip around the world and who arrived in New York last week. The gallery was closed two months ago ostensibly for repairs. There were widely circulated reports at that time, however, that fears were entertained that some crank might gain entrance to the gallery. The Japanese party occupied seats in the gallery for about half an hour and watched with apparent interest the proceedings of the exchange.

**A REPRIEVE GRANTED**  
Springfield, Ill., April 20.—Governor Deneen, acting on the recommendation of the State Board of Pardons, today granted a reprieve to Herman Billek, sentenced to hang in Chicago next Friday, to June 12th.
