NADEAU SCORES DECISIVE VICTORY

Have-Not Provinces Seeking Additional Federal Tax Help

Ottawa — (CP) — Beneath the serenity of federal-provincial talks lies an abyss of differences on how to resolve tax issues. Generally, the "have-not" provinces want more money. The federal government says it is opposed to increasing fees paid to provinces for rental of tax fields.

And the central and wealthiest provinces, Ontario and Quebec, have given no indication they would be willing to share more of their wealth with the lower-income regions.

The differences showed yesterday at the opening of the two-day federal-provincial conference called to set the agenda for a full-dress meeting next fall.

The issue is what tax arrangements are to replace the five-year federal provincial tax rental pacts which expire March 31, 1957. All provinces but Quebec are parties to the agreements, but many have indicated dissatisfaction with them. The central administration has offered to consider an alternative.

Under the agreements, consenting provinces exchange rights to personal and corporation income tax, along with succession duties for most provinces, in return for annual federal payments, amounting roughly to \$325,000,000. The payments vary in accordance with national production and provincial population.

Yesterday's opening session was marked by expressions of warm and friendly co-operation by provincial premiers. But Premier Duplessis of Quebec decided to withhold any proposal he may have on taxing arrangements until closed-door sessions today.

The Maritimes showed clearly they are in the "have-not" class and want agreements continued on a more permanent basis but with inclusion of a scale of payments to compensate for their lower average income.

Apparently anticipating these and other demands, Prime Minister St. Laurent made clear, at the outset that the federal government opposes increasing the scale of payments under the tax rental agreements. There might be some improvement through redistribution of payments among the provinces, but it would be up to the provinces to suggest a "logical formula."

Premiers Hicks of Nova Scotia, Flemming of New Brunswick and Matheson of Prince Edward Island said they favor extension of the agreements with the inclusion of extra payments for lower-income provinces.

Premier Smallwood of Newfoundland made no mention of the agreements, though he is known to favor them. He called instead for federal aid to discover and blueprint natural resources, particularly in the eastern regions.

Newfoundland, he said, would withdraw from confederation before its people would agree to being fifth- or sixth-rate citizens.

From the West came some sympathy for the Maritimes expressed by a proposal by British Columbia's Social Credit Premier Bennett of a new taxing system under which Ottawa would collect taxes for the provinces. Mr. Bennett, whose province generally is classified in wealth with Ontario and Quebec, said he supports the Maritime view.

Montreal May Hook To Gas Line

Ottawa — (CP) — Premier Duplessis of Quebec said last night "all but the details" have been worked out in a \$30,000,000 transaction to turn over the Quebec hydro-electric commission's Montreal gas system to a company to be formed by principals of Trans-Canada Pipe Lines Ltd.

Trans-Canada, which plans eventually to run an all-Canadian natural gas pipeline from Alberta to Montreal, hopes for the present to develop the Montreal market with United States gas to be piped from a line to be built between Toronto and Montreal.

Mr. Duplessis, here for the federal-provincial conference, said Monday night the sale of Quebec hydro's Montreal manufacturing and sales division for gas to Trans-Canada was under serious consideration.

Last night he said main principles of the sale have been agreed upon between the commission and Trans-Canada.

"You must describe it as a tentative agreement," he said. "Some details have to be worked out."

Hess May Move To Asylum

Berlin — (AP) — Allied doctors today were reported discussing a United States proposal to transfer Rudolf Hess to a mental home. Informal sources revealed yesterday that Adolf Hitler's former deputy, now serving a life sentence as a war criminal, recently attempted suicide in Spandau prison.

These sources said Hess has deteriorated mentally in recent weeks and a special guard has been placed on him. He is reported convinced that he has cancer, although medical examination have disclosed no evidence of the disease.

Hess is one of six Nazi leaders held in Spandau prison under joint American, British, Russian and French guard. Any decision to remove him would have to be approved by all four powers.

Although an American doctor at the prison denied the reports of a suicide attempt, other sources said Hess swallowed insecticide he had been given for his garden in the prison grounds.

Besides Hess, prisoners include Grand Admiral Erich Raeder and former Reichsbank president Walther Funk, also serving life; former Nazi youth leader Baldur von Schirach and munitions minister Albert Speer, 20 years; and Admiral Karl Doenitz, whose 10-year term expires in October, 1956.

There has been some question of Hess' mental state since he flew from Germany to Scotland during the war, with the expressed notion that he could bring about a peace between Britain and Germany.

British psychiatrists described him then as suffering from paranoid schizophrenia and hysterical amnesia. At the start of the Nuremberg war crimes trials in 1945 he put on such a show of amnesia that there was some doubt whether he would continue as a defendant.

P.Q. Won't Produce Liquor File

Quebec — (CP) — The Quebec government has refused to allow the books of its liquor commission to be produced in court.

The attorney-general's department suddenly stepped in yesterday at the trial of a man charged with illegal possession of alcoholic beverages and blocked a court order for production of the books.

The judge, Mr. Justice Gerard Simard, admitted his hands were tied and said he had no power to force production of the books if the government classed them as "state secrets."

Earlier, he had ordered their production after the lawyer for the accused, Rene Boivin, a 43-year-old storekeeper from Val St. Michel, Que., said his client had been framed by provincial liquor police.

The crown says police found four 10-ounce bottles of liquor and 200 bottles of beer when they raided Boivin's store Jan. 10. Boivin had no licence to sell liquor.

Defence counsel Gerard Corribeau claimed the police informer, Adrienne Raymond, 38, Boivin's sister-in-law, was paid \$10 to plant the liquor in the store and asked that the liquor commission's ledgers be produced in court.

Corribeau said the ledgers would show "Boivin was framed on the beer charges just as the liquor charges."

ARMAND NADEAU, Q.C.

Becomes Sherbrooke Mayor After 2 Unsuccessful Tries

By CUTHBERT JONES

Armand Nadeau, Q.C., the man who waged two unsuccessful battles for the Sherbrooke mayoralty in five years, registered a smashing victory in yesterday's elections to sweep into office by a majority of 2,223 votes over his only opponent, J. Emile Levesque, who had held office the past three years. Mr. Nadeau registered a total of 5,253 votes to 3,030 polled for Mayor Levesque.

The two aldermanic elections, carried on simultaneously with the mayoral vote, saw the two incumbents, Alderman Wesley Bradley, Q.C. and Ald. Carl Camirand, returned by substantial majorities in the North and South wards, respectively.

In the North ward, Mr. Bradley received 1,365 ballots to 859 cast for his opponent, Francis Larkin, for a majority of 506. Ald. Camirand scored an even more smashing victory in the South ward, where he received 79 per cent of the votes cast, taking a 654 to 184 lead over his opponent, Josephat Beaudoin, a former president of the Proprietors' League, to go back to the City Hall for a third term.

Two acclamations had been accorded on nomination day, Ald. Felix Thibault being returned without opposition for his second term as East ward representative, with J. M. Jeanson, a contractor, being given a clear track in the West ward to succeed Ald. Conrad Cayer who retired from municipal politics when his term expired.

A highly-efficient system for the gathering of the returns from the 56 polling stations had been set up at the city hall by City Clerk Paul Emond and the Returning Officer, Eudore Vailancourt, and it was only a matter of minutes before the first polling stations reported.

These carried such impressive majorities for Mr. Nadeau that at 7:20 p.m., only 20 minutes after the close of the polls, it became clear that he was heading a runaway race. By this time, some 10 polls gave Mr. Nadeau a lead of approximately 900 votes. As subsequent reports confirmed this trend, the only question to be answered was the size of his final majority and whether Mayor Levesque would poll enough votes to retain his deposit.

By 7:45, all returns had been received and the majority of Mr. Nadeau placed unofficially at 2,253, which was reduced slightly on the official tabulation this morning.

Downstairs, on the main floor of the city hall, hundreds of citizens jammed the lobby of the accounting offices where City Treasurer Pierre Bachand and his

staff had set up a number of bulletin boards on which running reports were entered. Excitement continued at a high pitch long after the final results had been announced and at least 2,000 persons remained about the city hall until nearly nine o'clock awaiting the arrival of the mayor-elect.

Their wait was not in vain. Shortly before nine, the champion appeared on the scene, standing in the rear of an open car, surrounded by his chief organizers and giving the famous Churchill victory signal.

Wild cheering greeted his arrival and as he entered the city hall he was given an enthusiastic reception from the gathering.

In the Council Chamber, he addressed his followers briefly and then returned to Wellington St. The parade then re-formed and proceeded to his campaign headquarters on King St. W.

Mr. Nadeau's victory was a sweeping one, piling up overwhelming majorities in all wards except the North, where Mayor Levesque held a modest edge, and in the Centre where Mr. Nadeau's majority was held to 41. The largest majority for the

mayor-elect was registered in the West Ward, where he polled 1,826 votes to 674 for Mayor Levesque, representing a majority of 1,212. Next in order was the East Ward, where 1,659 votes were registered for Mr. Nadeau and 639 for Mayor Levesque, giving Mr. Nadeau a lead of 1,020 in that quarter.

Would Swap Sabres For Wool

Auckland, N. Z. — Trade Minister Howe of Canada says his country would be glad to sell Sabre jet fighters to New Zealand.

Howe, on a seven-day goodwill and fact-finding tour of New Zealand following a similar visit to Australia, said Canada sold 300 Sabres to NATO countries last year and would gladly sell to New Zealand.

Asked about prospects of Canada buying more New Zealand primary produce, he said Canada would take "everything but dairy produce."

Canada needed New Zealand wool and lamb, however.

MP's Take Cracks At "Authoritarian" View Of CNR Head

Ottawa — (CP) — CNR president Donald Gordon has received a few knocks in Commons debate.

A Liberal member pictured him yesterday as too much of a dominant force in running the government-owned company. And an opposition member complained of an "authoritarian" attitude by Mr. Gordon toward the Commons.

His name was brought into Commons discussion on a resolution preliminary to a bill, later introduced, to consolidate all existing legislation on the CNR.

Jean Francois Pouliot, veteran Liberal member for Temiscouata, said the CNR is too big to be run by one man.

He said Mr. Gordon, as president, should not also be chairman of the railway's directors who now were "treated like school children by the president."

William Hamilton (PC-Montreal Notre-Dame-de-Grace) said both Mr. Gordon and Transport Minister Marler have an "authoritarian" attitude toward Parliament, shown at a recent meeting of a Commons committee.

He said Mr. Gordon had protested when opposition members tried to investigate the sale for \$915,000 of four CNR hotels and lodges with a book value of \$3,300,000. The railway head apparently considered it an indiscretion to give full information to Commons members.

Mr. Hamilton added that Mr. Marler seemed to think there was something wrong in the committee trying to pass judgment on CNR directors.

The new legislation on the CNR provides only two innovations. The company would be authorized to build branch lines of less than six miles without specific parliamentary approval and to operate motor vehicle and telecommunications services now carried on by subsidiaries.

John Diefenbaker (PC-Prince Albert) said CNR employees are living in fear of layoffs. In the Calgary area, those laid off were passed over recently when 1,000 immigrants were hired for extra-gate work.

Stanley Knowles (CCF-Winnipeg North Centre) urged immediate action to prevent further CNR layoffs and A. M. Nicholson (CCF-Mackenzie) asked an investigation of R. F. Welsh Co., which he said profited by hiring immigrants to do contract road work for the CNR.

From the CNR resolution, the Commons turned to debate on the government's new measure rewriting terms of the Unemployment Insurance Act. Debate was continuing at adjournment.

The bill will raise maximum weekly insurance benefits to \$30 for married persons and to \$23 for single persons, compared with present ceilings of \$24 and \$17.10.

However, opposition labor critic Ellen Fairclough (PC-

US Envoys Leave Formosa

Taipei, Formosa — (AP) —

Two high-level United States envoys left today on the long trip to the White House to report on their military-diplomatic emergency mission to Formosa.

Admiral Arthur W. Radford, chairman of the joint chiefs of staff, and Walter S. Robertson, assistant secretary of state, maintained the same tight-lipped silence that marked their three days at President Chiang Kai-shek's suburban retreat.

Nationalist Chinese fears that their mission sought abandonment of the off-shore islands of Quemoy and the Matus seemed to have subsided, but disappointment and bitterness replaced these earlier apprehensions in the wake of State Secretary Dulles' Washington announcement yesterday of a new open-door policy toward cease-fire talks with Red China.

"We strongly believe that any contact with the Reds will be fruitless," a qualified Nationalist official said.

"Everyone knows what the Communists want — they want Formosa and they want to continue with their program of world conquest."

The Doofer Family

By ALMA SIOUX SCARBERRY

THE DISCUSSION

When the big posse of men and boys hurried away to hunt for the two strange men who had stolen the Sillie-Bird from her nest, Ooofie-Gooofie leaped ahead of them. The posse followed wherever he led, because Daddie Doofer felt sure Ooofie was trying to tell them something.

Mommie and Dollie Doofer took Baby Jollie and hurried to open the store. It was still early in the morning, but Mommie knew they would be very busy. The women and

children would come in to talk about all the excitement. Millie Moofer and her mother were the first to arrive. Dollie was very glad to see her good friend from the farm. Mollie's eyes were wide with the big news.

Mrs. Moofer snook her head. "My stars," she told Mommie, "I just don't know what the world's comin' to. A body can't even feel a bird is safe settin' on her nest. I'm that worried about our hens, Mrs. Doofer."

But Mommie reassured her: "Oh, Mrs. Moofer, I don't think those two awful men are interested in hens. They just wanted the Sillie-Bird because Professor Zoofer thinks she is from another planet. They wanted her for the Tingling Circus. And they tried to buy the Ooofus-Gooofus too, you know."

Mrs. Moofer sighed: "I just

don't believe I could have turned down all that money. Boogie Boofie said they had a truckload of it. My stars!"

"Not quite," Mommie smiled. "But they did have a big bag full. We just couldn't part with Ooofie-Gooofie and Mrs.

OUR BOARDING HOUSE with Major Hoople

Sillie-Bird. They're almost human!"

Dollie said, looking very sad. "And we would have been so rich we would have moved away. But I don't want to move."

Mollie Moofer smiled. "Oh, I'm so glad. We'd miss you somethin' awful."

Just then Gussie Goofer came in with her Granny. Granny Goofer was hobbling on her cane because she was very, very old. She shook her

head, cluck-clucked and then—chucked: "My sakes alive, girls! I just don't know what this crazy world is comin' to. That there Sorry-Lookin' pup of Gussie's has turned into an old settin' hen. He's just settin' there on that crazy bird's egg like he laid it himself. You reckon he'll hatch out a flyin' sasser!"

And Granny Goofer just cackled and laughed. Everybody had to join her—even if it was a pretty serious situation.

The Municipal Vote

Congratulations are in order today to Armand Nadeau, Q.C., upon his victory in yesterday's mayoralty election, his majority being so overwhelming that there can be no question that he is the real choice of the electors. Making allowances for certain outbursts that seem inevitable during the heat of an election battle, Mr. Nadeau conducted a decent campaign and presented a program of clear promises which obviously won the endorsement of the electorate.

The size of his majority is such that he is in a position to demand that his colleagues of the City Council take action on his proposals and it will be the sincere hope of the citizens that he can fulfil his pledges — all of which undoubtedly are for the general good of the city although the practicability of some of them may be open to question.

But if Mr. Nadeau shows the same persistence in tackling the problems facing the city as he displayed in efforts to be elected to the post of Chief magistrate, the citizens can expect, at least, that a determined effort will be made toward overcoming the various difficulties. Mr. Nadeau can consider his victory a personal one and not a vote of want-of-confidence in the present

City Council, as both aldermen who faced opposition in their bid for re-election registered easy victories.

Especially noteworthy is the victory of Ald. Carl Camirand in the South Ward where a particularly bitter undercover campaign had been waged by a small group; but the very nature of the attacks seem to have defeated their own purposes. Certainly when a man receives 79 per cent of the total votes cast and the endorsement of over 50 per cent of the number of registered voters, he can consider that he is the choice of the people.

In taking over as head of the civic administration, Mr. Nadeau will have an important advantage. All members of the Council with one exception have had extended experience in municipal affairs, some dating back ten years, and they should be able to provide him with much valuable assistance in formulating his policies.

A word of appreciation is also due Mayor Emile Levesque for the valuable services he has rendered the city during his three-year term of office. It is doubtful if any mayor has ever given the long hours to the service of the city that Mayor Levesque did and the fact his policies have not met with the approval of the majority of his co-citizens in no way reflects upon the personal esteem in which he was held.

Nine Deaths: Average Age--83.

The Eastern Townships are not able to boast of a mildness of climate comparable to that of Florida nor of year-round temperatures to be compared with those of Southern California, Southern Texas, the Virgin Islands, Puerto Rico, Majorca or Upper Egypt. This is hardly a startling statement nor do we claim credit for the discovery. Even the most exacting, were he not convinced of the axiom's truth before, would have been removed from the doubting list by the plunging mercies of last winter.

But the Townships, judging by the longevity of their people, have a climate which is better in the long run for the health of the individual — even though it may not always seem so. It is a climate which frequently holds the Old Man with the Reaper at arm's length for a long time; a climate suited to human living in a degree that few sections can excel.

We have drawn attention before to the relatively large number of persons in the Townships who are reaching the nineties these days and occasionally, strange though it may seem, the same things occurs in the rest of Canada. And half a dozen deaths have been reported in the Eastern counties within the last year of those who had neared, or even passed, the century-mark.

The obituary page of The Record

last Friday chronicled nine deaths. Among them: Robert G. Skilling, Danville, 83; Edward W. Fuller, Bolton Pass, 90; Frederick E. Royea, Knowlton, 87; Robert Pearson, resident, until the last few years, of Waterloo, 90; Thomas McGovern, Stanbridge Ridge, 72; Miss Ethel Jane Mathias, Melbourne, 92. The age of Alfred T. Cunningham who had lived in Melbourne until he retired, was not given but whom we will put at 80, subject to correction.

(The two remaining deaths reported were those of an Ottawa-born woman who had spent only her last few years in Bedford and a Danville-born man who had left the Townships early in life.)

In the same issue the deaths' section of the classified columns gave two adult ages, that of John Neil Cameron, Sherbrooke, 70, and Robert Ewen Morrison, Lake Megantic, 83.

If one places the age of Mr. Cunningham, great-grandfather, at a highly conservative 80 the average years of these nine Townshippers, their deaths reported in one paper, was 83.

There may be something about that little extra bit of dryness, that little extra altitude of the purple hills and the green valleys — or it may be something else again — that helps to breed the contentment which is almost invariably the father of a long life.

Good Things Happen Too

Our happy philosopher reports There are 15,400,000 Canadians who are not members of the Communist party.

At least 15,425,000 Canadians have not been frightened by seeing flying saucers, piloted by little green men, hurtle through the air.

Some 3,440,000 couples will stay more or less happily married during the year.

The Department of National Revenue will find that 3,000,000 income tax returns for the year 1954 will be filed correctly.

Last year Canadian airlines carried passengers more than 1,000,000,000 miles.

The Canadian railways safely carried passengers about 1,700,000,000 miles last year.

Of the 1,348,000 children under ten years, only three or possibly four, will have to go through the increasing ordeal of being Prime Minister of Canada.

About 840,000,000 acres of forest land will not be set on fire by careless smokers and picnic-goers this year.

Probably 3,400,000 motor vehicles will not be involved in fatal accidents.

More than 4,700,000 children under 15 will not lose their lives in fire this year.

And, more than 2,400,000 youth as bad as the headlines would at times suggest. Good things, in abundance, happen too.

Mine Field

BYGONE DAYS

THIRTY YEARS AGO

From the Record of Monday, April 27, 1925.

The results of yesterday's polling in Germany saw Field Marshal Von Hindenburg, German military leader, elected to the presidency of Germany.

Ten miners, trapped and overcome by poisonous gas in a Eustis Mining Co. shaft were rescued just in time Saturday by the general manager, F. M. Passow, mine foreman, William Gowans and Albert Lord. After a series of accidents involving children, Sherbrooke Police Chief Couture yesterday said that any child caught playing on the street, regardless of age, would be arrested. Three arrests were made shortly after the statement.

TWENTY YEARS AGO

City authorities said today that the call for tenders will be launched next week for the \$80,000 paving project, scheduled to commence May 15 with the surfacing of Big Forks Street or the "Lange Canal."

Two St. Pierre youngsters, Guy and Yvon Poulin, nine and seven years old, were burned to death in their home near Drummondville last

night when fire raced through the building.

TEN YEARS AGO

From the Record of Friday, April 27, 1945.

F.L. Frank Edwards, R.C. A.F., formerly of 31 Larocque St., Sherbrooke, has been mentioned in dispatches," said a report from Ottawa.

A precedent was set last night in the Quebec Legislature with an announcement that a bill providing for a new luxury tax would be enforced today although the measure has not yet been given second reading. Two percent tax will be levied on gas and electric light bills, as well as a six percent on certain items and services, including all spirits, jewels, autos, furs, electrical appliances, and charges for telegrams, cablegrams, radiograms, telephone service and long distance telephone calls.

President Truman, while announcing the junction of the U.S. and Red forces from east and west, today, declared that the last faint desperate hope of Hitler and his gangster government has been extinguished, but he warned that there must be no relaxation of effort on the home front.

New Zealanders Worried By Over-Full Employment

By J. C. GRAHAM
Canadian Press Correspondent

Auckland, N.Z.—A country without unemployment might be looked upon as a happy state indeed. But the situation is causing concern in New Zealand.

Reason is there are far too many jobs for the available workers.

At the beginning of the year each unemployed person had a choice of 384 jobs. A year before, he only had 162 jobs to select from.

In the whole country there are only 35 persons registered as "disengaged"—28 men and seven women. Against this there are 13,450 notified vacancies—and many thousands more which employers have not bothered to report because it brings them little help.

Auckland, the largest city in the country, has only three unemployed and 2,267 vacant jobs notified. Wellington, the second largest city, did not have a single unemployment registration throughout the whole of last year.

This over-full employment is proving a very mixed blessing. Some businessmen declare it is the most serious single situation in the country's economy and the cause of greatly inflated costs.

"I doubt if the extent of over-full employment is appreciated by the average person or even by the average businessman," said S. L. Moses in discussing the problem of the annual conference of the Associated Chambers of Commerce.

"The published figures give little indication. In industry there are many old people continuing to work only out of a sense of loyalty to their employers. There are also many part-time workers who have little interest in their jobs."

"At present we see every day the situation of one employer bidding against another for staff."

This is a luxury we cannot afford. The cost to our economy is too high."

C. D. A. George said there was a disposition in official statements to express pride at the huge lists of "situations vacant" advertisements in the newspapers as exemplifying the prosperity of the country. Rather, the extent of the shortage of labor should be arousing the gravest concern of the government.

"The cost of living is higher than ever because of conditions arising from over-full employment, including reduced work output and the bidding for labor," he added. "It has resulted in lessening of the margin of reward for skill and it has brought social problems through easy money for young people."

The conference decided to recommend that the government re-examine its immigration policy and study proposals for employing the available labor to the best advantage.

LOQUACIOUS LASSIES

(Windsor Star)

Speaking of insanity in criminal cases Welland's crown attorney mentioned a man who killed his wife because of "a delusion that she talked too much." Whereupon another counsel suggested all husbands might be suffering from the same delusion. But is it a delusion in all instances?

Recently we heard of a Windsor man watching a hockey game on television. His wife kept chatting amiably but persistently. He walked over and shut off the sound effects on the machine. The wife, somewhat confused by the act, asked why. With as much good humor as he could muster he explained the announcer was interrupting her, that two people couldn't broadcast at the same time and expect to be heard by the same person. It was easier to shut off the machine than shut her off.

She took the hint and left the room.

What Other Papers Say

TO SEE CANADA

Windsor Star

Three French immigrants to Canada, all in their twenties, have decided to see Canada by hiking from Montreal to Vancouver. It's going to take a lot of walking, as they'll find out. But when they throw down their packs and soak their feet for the last time, they'll probably say it was worth the effort.

These are great weeks to be in one's twenties, with a yen to strike out for the horizon, and the opportunity to satisfy it.

The young Frenchmen can be expected to come back with a new conception of Canada's variety and vastness.

ANY SLIP WILL GIVE FOE CONTRACT

West opened the deuce of clubs, and East won with the king. Without thinking much about the matter, East continued with the ace of clubs. This play gave declarer the contract.

South noticed that the ten of clubs dropped on the second trick. Later on, declarer got to dummy and ruffed a low club. This dropped the queen of clubs, and established dummy's nine. South drew trumps and discarded a diamond on the nine of clubs. Since South lost only one heart and two clubs, he made his contract.

After the play of the first trick, East should have seen that the three missing clubs were the queen, jack and ten. Since West had led the deuce of clubs, he held either two more clubs or none at all.

If West had no more clubs, it didn't matter whether East led a high or a low club at the second trick. If West had two more clubs, they could not be queen-jack or jack-ten, for then West would have led his top club instead of the deuce. The only possibility was the actual holding of Q-10-2.

If East had worked this out, he would have returned a low club instead of the ace of clubs at the second trick. This would prevent South from establishing a club trick, and declarer would eventually lose a diamond trick in addition to a heart and two clubs.

FORTUNE-HUNT

Were you "out" last Saturday night? If so, it may have cost you \$1,000, perhaps even \$2,000. The Dominion "Famous Brands" FORTUNE-HUNT made calls Saturday night between 8 and 9 o'clock to St. Jean, Magog, Three Rivers (2), Buckingham, Bedford, Joliette and a number of Montreal exchanges. On two of the calls there was no answer, others answered "Hello" and were disqualified. Then at 8:40 p.m., Mrs. Jacqueline Pelletier of 21 de Longueuil, Quebec City, picked up the receiver and said: "Dominion Stores - New Domestic Shortening". That was the correct answer to last week's DOMINION FORTUNE-HUNT puzzle. It was also confirmed that Mrs. Pelletier had in her possession a New Domestic Shortening box top, plus a Dominion Cash Register slip of more than \$3.00 dated the same week making her the winner of \$2,000. in cash. A Consolation Prize of \$100. was also awarded to Mr. Jacques F. Laliberte of 45 Lechevriere, Quebec City.

You can win \$2,000 this week in the DOMINION "Famous Brands" FORTUNE-HUNT. First, find the "Phantom Famous Brand" listed on this page but not illustrated. Next, if your telephone rings between 8 and 9 o'clock next Saturday evening, DO NOT ANSWER HELLO or you will be automatically disqualified from an opportunity to win \$2,000.

\$1,000 BONUS! If you win the Grand Prize and have in your home at the time a box top or label from this week's "Phantom Famous Brand" (or a reasonable facsimile) PLUS a DOMINION cash register slip dated this week and totalling \$5.00 or more, you will qualify for a bonus prize of \$1,000.

\$100 CONSOLATION PRIZES! If the DOMINION FORTUNE-HUNT calls your telephone number and you make the mistake of answering HELLO, but can still name this week's "Phantom Famous Brand," you will qualify for a consolation prize of \$100.

GRAND PRIZE MUST BE WON! If this week's Grand Prize is not won on Saturday night, it will be added to next week's Grand Prize of \$1,000. This will be repeated if necessary until someone wins the accumulated Grand Prize.

ed around him to city hall.

Mr. Nadeau then went to the Council Chamber where he was received by Mayor Gerard Berard and other aldermen among whom were J. M. Jean, newly-elected West Ward alderman and Carl Camirand returned to his South ward seat yesterday. In a brief speech, Mr. Nadeau thanked the pro-mayor and the aldermen for their promise of co-operation which would contribute greatly to the advancement of Sherbrooke.

Addressing the hundreds present in the chamber Mr. Nadeau said, "I am overcome with emotion in the overwhelming vote of confidence you have shown me today and I will do my best in seeing that the wishes of the people are fulfilled."

Following the visit to City Hall Mr. Nadeau, accompanied by five open cars and a cavalcade of other vehicles staged a victory parade through the streets of Sherbrooke which was followed by celebrations at the Tugue Rouge club and the New Wellington Hotel.

In an interview with the Record this morning, Mr. Nadeau said he planned to take a few

days' rest outside the city prior to his swearing in as mayor possibly next Monday night.

Successful candidates in the aldermatic elections in the South and North wards each made statements over the radio and to the press last night. J. Emile Levesque also made a radio address and in a statement to the Record this morning he congratulated Mr. Nadeau on his impressive victory at the polls. He also thanked his many campaign workers who labored on his behalf.

Extending thanks to his colleagues on the City Council he asked them to accord to his successor the co-operation which they gave him during his three-year term.

Aldermen Camirand and Bradley also thanked those who worked for them in the election campaign and stated they would labor hard to return the confidence their electors registered yesterday.

Francis Larkin, unsuccessful North ward candidate, thanked his supporters and urged that everyone get behind the new Mayor and Council to work for something of which Sherbrooke could be proud.

Josephat Beaudoin, defeated in a South ward contest, was unavailable for comment.

Police Chief Edouard Moreau reported this morning that two men were arrested in the East ward for impersonation but otherwise it had been, what he termed, a normal election.

Youth Festival Audition Phase Is Completed

The week-long session of auditions for the Youth Festival came to an end last night in the Superior School when the last two sections, Class B Piano and the Special Class, were performed. Adjudicator for the two classes was Gilbert Martin.

This marks the close of the audition period, but not the close of the festival, as there are two concerts yet to be heard. The first one will be this Sunday when winners in the preliminary classes will perform in a large concert at the Superior School, and the second will be the Grand Concert at the University of Sherbrooke Auditorium Thursday May 5.

INDIAN HIGH COMMISSIONER SPEAKS — Dr. M. A. Raaf tells Sherbrooke Rotarians of India's economic and social problems last night. From the left are Gene Gingras, President G. D. McManamy, Dr. Raaf, John Coyle, and Senator C. B. Howard. (Record photo by Gerry Lemay)

Capacity Hall Greets St. Paul's Variety Program

Variety Nite, a program of music and song, dance and drama, played last night to standing room only at the Lawrence School Auditorium. Sponsored by St. Mary's Guild of the Church of St. Paul the Apostle, the program featured all local talent and judging from the enthusiastic response of the audience, completely met with their approval.

A play in two scenes, "Polly, Put the Kettle On," was undoubtedly the highlight of the evening. The Polly in question is Polly Lincoln Washington, the Jason's colored maid just recently engaged by them. Polly has a most decided fear of ghosts and spends her life trying to avoid any mention of them.

When mischievous young Sylvia Vail learns of Polly's nervous dread of ghosts, she tells the colored maid that it is fatal to place the kettle on the stove in the Jason's house because every time the water starts to boil at night-time, the ghost of a former owner of the house appears.

When Mrs. Jason commands her to "put the kettle on and we'll all have tea," Polly is terrified. She finds herself confronted with not only one ghost, but two. All is straightened out eventually and the household returns to its "normal" state.

Mrs. R. A. Smith did a very fine job of portraying the slow-moving, glib and then terrified Polly. The Jason daughters, Kay and Marion, played by Mrs. R. Hastings and Mrs. C. Wells were also well cast. Sylvia Vail, the "mean little kid" from next door, was given the full treatment by Mrs. F. Hill.

Also in the cast were Mrs. W. Buck as Mrs. Jason, Mrs. A. Winget as Julia Martin, Kay's girl friend and Mrs. F. Currier as Mrs. Vail.

The musical side of the program featured the trumpet and piano arrangements of the popular comic duo, Irvin Richards and John Northey, a vocal and instrumental selection of Western songs by Douglas Ladd and his guitar and a number of modern and western pieces by the "Massachusetts Minstrels," a group of five young men including Don Acres, guitar, Ivan Amery, electric guitar, John Fleishman, accordion, David Lethbridge, ukulele and Alec Mizener, violin.

Two vocal duets were rendered by Mrs. J. Barnacal and Mrs. S. Hansford, "Sweet and Low" and "The Quilting Party," and were accompanied by Mrs. A. Morris.

The two ballet solos given by Rita Hough, one to Mozart's Fantasia in D minor and one to Rossini's The South, displayed grace and simplicity of movement. Mrs. Morris again acted as accompanist.

Rev. A. V. Ottiwell addressed a few words of welcome to the gathering. He with Mrs. Ottiwell played God Save the Queen as a duet to close the program.

GREENLAY — Mrs. R. Mongeon spent a week in Lachine, guest of Mr. and Mrs. J. Mongeon.

Mr. Stanley McGee of Melbourne has returned from the Sherbrooke Hospital where he has been a patient for a week.

Mr. Roland Mongeon of Lachine was a week-end guest of Mr. and Mrs. Darcy McGee and Mrs. R. Mongeon.

Mrs. Alice Keenan has returned home after spending a few weeks with her brother and sister-in-law, Mr. and Mrs. Ernest Comiskey, in Spooner Pond.

Mr. M. McGee and Mr. A. Beaulieu were recent guests of Mr. and Mrs. D. McGee.

Mrs. Roland Mongeon and Miss Nancy McGee were guests of Mr. and Mrs. Lyle Brooks.

Mr. and Mrs. Gaetan Verges spent a week-end in Montreal with friends.

Las Vegas Test Postponed Again

Las Vegas, Nev. — The atomic indoctrination of Canadian troops was postponed for another day when the United States Atomic Energy Commission called off its big nuclear test at the last minute this morning.

The postponement, because of unfavorable weather conditions, was the second in a row and will be "for at least 24 hours," officers said following a pre-dawn weather conference.

WARDEN — Women's Institute Holds Contest

Warden. — The April meeting of the W.L. was held at the home of Mrs. L. Maynes at Waterloo. Mrs. Hanna conducted the meeting with Mrs. Sicaud giving the financial statement. In the absence of Mrs. Martin, the minutes were read by Miss Alice Ashton. Correspondence was read and a card was signed by all to send to Mrs. Martin.

It was decided to buy a plant for Mrs. Barnes, a shut-in member. Mrs. Sicaud and Mrs. Marcotte to choose a suitable one. An interesting article was read by Mrs. Sicaud on the Cecil Memorial Home. A contest arranged by Mrs. Trussler, on jumbled letters forming names of flowers, vegetables and cities was won by Mrs. A. Hayes and Miss Minnie Whitehead.

It was decided to divide the members into two groups with Mrs. Sicaud and Miss A. Ashton as group leaders. A record of the year's attendance will be kept and the group with the lowest average will be hostesses for a supper for the winning group.

At the close of the meeting refreshments were served by the hostesses, Mrs. P. Jones, Mrs. C. Bowker, Mrs. C. Mairs and Mrs. Purdy. The next meeting will be held at the home of Mrs. Trussler.

General Notes

The April meeting of the Anglican Guild was held at the home of Mrs. J. Marcotte. Mrs. O. Ashton presided and minutes were read by Mrs. C. Caw. The financial report, given by Miss A. Ashton, showed a good balance on hand. An apron was drawn for and won by Mrs. O. Ashton. Following the adjournment, refreshments were served by the hostesses, Mrs. Lyle Ashton, Mrs. H. Ashton and Miss Grace Ashton.

Misses Mabel Burke and Grace Barnes of Montreal, are spending a holiday in Chatham, Ont., as guests of Mr. and Mrs. John Jolley and son, Bobby.

Miss Joyce Talbot of Swanton, Vt., spent several days with her parents, Mr. and Mrs. K. Talbot and family.

N.Z. May Share In Atom Research

Auckland, N.Z. — Prime Minister Sidney Holland today announced that qualified New Zealand scientists have been invited by the Canadian government to share in atomic research knowledge gained in Canada.

"This is a very great opportunity of which New Zealand won't be slow to take advantage," the prime minister said.

Canada's Trade Minister Howe said: "If you have qualified people who would like to come to Canada to participate in these activities we should be glad to do what we can to facilitate such arrangements."

COOKSHIRE — The B. I. C. Home and School Association held a very successful social evening in the auditorium of the Cookshire High School. Mr. A. Smith was in charge of the games, and the Eastern Ramblers supplied the music for the dancing, consisting of both square and round dances.

Mr. and Mrs. D. J. Macmillan and three children and Mrs. Arnold Bown motored to the Wales Home to visit friends recently.

Recent guests of Mr. and Mrs. D. J. Macmillan were Mr. and Mrs. Howard Majury and daughter, Janet, of Lennoxville.

ten years ago, Dr. Raaf gave Rotarians a picture of India under British rule.

In the first place, he said, no effort was ever made to develop India. On the contrary every effort was made to keep the country from progressing. When the few educated Indians in the country demanded that compulsory, primary educational systems be set up, the answer was that it would be impossible as the people were not ready.

In the same way social and economic reforms were squashed before they could be born. Consequently during the 150 years of British domination it is no wonder India made no progress.

ten years ago, Dr. Raaf gave Rotarians a picture of India under British rule.

In the first place, he said, no effort was ever made to develop India. On the contrary every effort was made to keep the country from progressing. When the few educated Indians in the country demanded that compulsory, primary educational systems be set up, the answer was that it would be impossible as the people were not ready.

In the same way social and economic reforms were squashed before they could be born. Consequently during the 150 years of British domination it is no wonder India made no progress.

Since 1947, however, when the country became a republic, irrigation systems have been installed in an effort to stave off famine, school systems have been set up, and social welfare workers are trying to improve the conditions of the people. It is an immense task, however, considering the 300,000,000 people.

Dr. Raaf was part of the Sherbrooke Rotary Club's plan to have exchange speakers between India and Canada, and the Canadian High Commissioner in India spoke to a Rotary Club there.

Dr. Raaf was introduced by Gene Gingras and thanked by John Coyle.

President G. D. McManamy conducted the meeting and grace was said by Paul LeProhon. Tom Keeley led the singing accompanied by Wright Gibson at the piano.

Guests included Henry Leonard, of Thetford Mines, Senator C. B. Howard and Mr. Justice William Mitchell of Sherbrooke. There was one visiting Rotarian, Donald C. Ross, of Bellows Falls, Vt.

Seated at the head table were Carl Skinner, George Murphy, T. Hanson, Gene Gingras, Hon. Dr. M. A. Raaf, G. D. McManamy, John Coyle, Senator C. B. Howard, Hawley Griffith, Paul LeProhon and G. E. Ewing.

Wants Line On N. Shore

Ottawa — Construction of a CNR rail line in Quebec along the St. Lawrence river north shore was proposed yesterday by a Quebec Progressive Conservative.

Leon Balcer (Trois Rivières) said in the Commons that the line would boost Quebec industrial development by opening up rich resources of the river's lower stretches.

Speaking on a resolution dealing with laws governing the government-owned company, Mr. Balcer said that, except for Newfoundland, Quebec has fewer railway miles for its area than any other province.

He said the north shore holds almost inexhaustible mining and forest resources. Hydroelectric potential was about 7,000,000 horsepower.

INVERNESS — Miss Jennette McKinnon, of Kenogami spent the holiday season visiting her sister, Mr. and Mrs. Donald A. Appleton.

Miss Elsie Mackenzie, of Phillipsburg, is spending a few days with her sister, Mrs. Margaret Smythe.

Mr. Lloyd Little is confined to the house with the grippie.

Mr. Allen Little motored to U.S.A. to visit his sister, Mrs. Francis Hamilton and family.

TENDER BEEF

IGA guarantees tender beef — every time — no more disappointments — you can now serve your favourite roast with full assurance that every cut will meet your highest expectations.

BOUGHT RITE

IGA's own beef buyer is on the market constantly, selecting only the finest beef for our IGA Markets. Only three out of every ten choice steers meet his rigid specifications.

WHAT ABOUT THE PRICE OF GROUND BEEF?

Ground Beef, like any other commodity, can be made to sell for any price. Excess fat is only worth about 2½¢ per pound — so, naturally, the more fat that is included, the lower the price. There are lean meat items, such as Beef Hearts, that cost less than the Pure Top-Grade Beef — that may be included in Ground Beef — and, of course, if they are included, Ground Beef may be offered to the consumer at lower retails. However, whenever you see Ground Beef offered for sale at your favourite IGA Market you can be sure it is made from Pure Top-Quality Beef. Our expert IGA Beef Buyers see to that. Serve IGA Ground Beef with confidence... Priced for Better Value!

TABLE TRIMMED

Every cut of IGA "TableRite" Beef table trimmed — all excess fat and bone is removed. You actually get more edible meat for your meat dollar!

LIKE REALLY GOOD BEEF?

Most folks do, and your IGA TABLE-RITE Beef program is the answer. IGA has stationed its own beef buyers at the best producing centers in the Middle West to personally select all beef for IGA Markets. You are in for a treat when you serve your first steak or roast from IGA's TABLERITE Improved Beef.

MRS. PERCY ISAACS, ORILLIA, ONT., FORMERLY OF COWANSVILLE.

Orillia, Ont.—On Friday, February 25, this community was shocked and saddened by the sudden death of Mrs. Percy Isaacs at her residence, 296 Mississauga Street.

Mrs. Isaacs, the former Pearl Myrtis Scribner, was born on December 18, 1897, the elder daughter of Oscar Scribner and his wife, the late Flora Tubbs, who predeceased her 32 years ago. Her girlhood was spent in Farnham Centre, excepting a year which she spent in Manchester, N.H.

She belonged to the Rebekah Lodge, Cowansville branch, and was also a member of the United Church. Mrs. Isaacs was a loving and devoted wife and mother, a true and loyal friend, always ready to give a helping hand to any and all who needed it, a woman whose courage gave her strength to carry on when her health would not permit.

The deceased leaves to mourn her loss her husband; one son, Maurice, of Fort Erie, Ont.; two daughters, Euraina, Mrs. Irving Loughren, of Malartic, Que., and Donna, Mrs. Jack Westenfelt, of Orillia; also seven grandchildren, Richard, Robert and Roger Isaacs, Maureen and Patrick Loughren, John and Ross Westenfelt; her father and stepmother, of Brigham, Que., and an only sister, Mrs. Leon Aiken, of Mansonville, Que.; a daughter-in-law, two sons-

McFater Strips Percy Of Crown; Batters Drummondville Lad In 12

Toronto — Allan McFater, young Toronto fighter who couldn't get far in the lightweight ranks in nearly four years of boxing, today holds the Canadian welterweight championship.

The 21-year-old McFater stripped Tony Percy of Drummond-

ville, Que., of the title by unanimous decision over 12 rounds Tuesday night.

It was Percy's first defence of the crown he won from Reggie Chartrand of Montreal last Jan. 24.

There were no knockdowns, although Percy was wobbly in a couple of rounds. A small crowd of about 2,000 saw a sturdier, stronger McFater hammer Percy with jarring punches to the stomach and head in nine of the 12 rounds. He had Percy on the verge of a knockout several times but couldn't connect with a K.O. punch.

McFater, in going 12 rounds for the first time, discovered early that Percy had a vulnerable midsection. He concentrated on that. When Percy dropped his head, the dark-haired champion suffered a cut on the inside of his mouth in the early rounds and was bleeding freely.

Percy had trouble making the 147-pound limit. He had to spend a couple of hours in a steam bath early Tuesday to sweat off 1½ pounds. That probably weakened him a bit. McFater weighed 145½.

In an eight-round semi-final, Gord Wallace of Brantford, Ont., was awarded an unpopular decision over Charlie Chase of Montreal, Canadian middle champion who competed for Canada in the 1952 Olympics at Helsinki. Chase's title was not at stake.

Montreal Nips Havana 4-3

Montreal Royals, who finished second last year with a good pitching staff, are finding that just a fair mound corps is keeping them near the top of the International League.

In the only game played Tuesday night, Montreal nipped the league-leading Havana Sugar Kings 4-3 on Charlie Neal's seventh-inning home run. The Buffalo Bison-Richmond Virginian doubleheader was postponed because of rain. The other four clubs were idle.

Brilliant relief pitching by rookie Joe Stanek, who replaced starter Glenn Cox in the first inning, enabled him to record his first victory of the season.

The victory moved Royals to within 2½ games of the Sugar Kings.

Kitchener Edges Fort William In Fourth Game

Kitchener — (P) — Kitchener-Waterloo Dutchmen outlasted Fort William Beavers to take a 7-6 decision last night in the fourth game of the Allan Cup finals.

Kitchener leads the best-of-seven series 3-1 with the fifth game to be played here tomorrow night.

The eastern champions came from behind twice for their victory. Beavers jumped to a 1-0 lead early in the first period and were ahead 6-3 toward the end of the second.

But it was 6-6 midway through the final frame and Charlie Brooker broke it up with less than two minutes remaining.

Big Joe Schertel, 200-pound defenceman, led Dutchmen with three goals, one in each period. Ken Laufman scored two goals and singles went to Clare Martin and Brooker.

Alex Brukow and Tom Kompon paced Beavers with a pair of goals each. Harold Brayshaw and Morris Saplywy added the others.

Beavers, keyed up for this one after their Saturday loss, led 6-3 at 14:46 of the second period and then yielded four successive goals to a team that never stopped trying.

Coach Bob Drainville said Beavers "booted it away."

"We should never have lost that one."

Key figure in the winning drive was Schertel. The former Hershey Bear star scored the tying goal at 8:15 of the third period. He outgained two Beaver players for the puck and struggled in to beat Paul Morin from close in.

Brooker got the winner from a long pass by Don Bauer at 18:33.

MORE TO COME—Working at San Rafael, Calif., Don Cockell is joined by a hard right tossed by sparring partner Ron Harmon. The British challenger breaks the traditional training rule by boxing without a headgear and a mouthpiece. He tackles Rocky Marciano in San Francisco, May 16.

Cockell Says Old Men Gave Rocky Heavyweight Crown; Fight May 16

San Rafael, Calif. — (P) — Rocky Marciano won his world heavyweight boxing title "by beating a lot of old men," English challenger Don Cockell said yesterday.

"I'm confident youth will win the championship for me," the British boxer added. "I'm bigger, I'm huskier and I have a two-inch reach advantage. And besides that I'm four years younger."

The two met May 16 at San Francisco, with Marciano's title at stake.

Cockell, training here for the fight, listed Joe Louis, Jersey Joe Walcott and Ezzard Charles as the "old men" Marciano had defeated.

Bookmakers, Touts Formed Early History Of Western Canada Racing

Toronto — (P) — Bookmakers, touts, bothersome creditors and the Depression formed the early days of racing in western Canada. R. J. (Jim) Speers of Winnipeg told Ontario horsemen and breeders Tuesday night.

He was guest speaker at the second annual award dinner to the owner of Canada's leading thoroughbred sire of the year by "Thoroughbred of Canada," a monthly publication. For the second successive year the award was won by Chop Chop, owned by E. P. Taylor, Toronto industrialist.

Speers said that from 1905 to 1913 racing in western Canada was conducted on the fair circuit "under the control of men who were in the book-making business."

"They paid a cash price to the fair associations for the racing privileges at the various towns — Winnipeg, Brandon, Regina, Saskatoon, Edmonton and Calgary."

"They were unscrupulous and ruthless and delighted in fixing races to their own financial benefit. It was amazing the number of so-called smart business men who seemed to think such behavior was part and parcel of horse racing."

In those days, too, and in the early 20s, the tracks were "over-run by touts" and Mr. Speers believes he is the only track official who ever paid "getaway money for a tout."

"The touts were from the United States. One told me that they would leave provided I allowed them to stay long enough to make their railway fare."

"I told him I'd rather pay the

Turpin KO's Alex Buxton

London — (P) — Randy Turpin, former world middleweight champion now a comeback campaign, became the new British light-heavyweight champion last night with a second-round knockout of Alex Buxton.

It was one of the strangest knockouts seen in a British ring. The referee twice warned both boxers for mauling and brawling. Then in the fifth minute of the contest Buxton went down and was counted out.

Ringside observers could not make out the punch that put Buxton out. It came just after the referee's second warning. The boxers tore into each other in a welter of swinging fists and Buxton went down.

Turpin weighed 171½ pounds, and Buxton 162½.

Sports Roundup

By GAYLE TALBOT

New York — (P) — Now that the hysteria is over and the Brooklyn club's great start has subsided somewhat, the important thing to notice is that the Dodgers are being followed. As the second phase of the national league race began with an invasion by the western teams today, Milwaukee Braves were only one game behind the streaking leaders in the lost column.

Charlie Grimm's fine club had clicked off seven victories against only three losses for a percentage of .700. You may be sure that such a pace, if sustained all season, will be plenty good enough to land the Braves in the next world series.

As they opened a two-game set against the Giants here today, Grimm's sluggers had played three fewer games than the record breakers and as yet had not had a crack at the woody Pittsburgh Pirates, whom the Brooks mangled four times while winning their first 10.

With Bobby Thomson apparently fully recovered from his broken ankle and slugging the ball at a furious clip, the Braves appear to be that much stronger than they were last season. It should not be forgotten, either, that they were in there battling for the '54 pennant until Sept. 11, the tragic day when first baseman Joe Adcock, who was in the midst of a sensational hitting streak, was struck on the wrist by a Don Newcombe fast ball.

They faded steadily after that misfortune, but had shown their potential.

Thomson at last is proving that the Braves were not so dumb when they surrendered pitcher Johnny Antonelli to obtain him from the Giants. In his first 10 games the Flying Scot hammered home 17 runs, tying him for the league lead with Duke Snider of Brooklyn.

Hugh Auger Wins Top Athletic Award At UNB

Fredericton, N.B. — (Special) — Hugh Auger, the popular sophomore from Black Lake, Que., drew recognition as the best all-around athlete at the University of New Brunswick this school year during the annual athletic banquet for varsity and intramural athletics held in the main ballroom of the Lord Beaverbrook Hotel.

He was presented with the R. Kenneth Corbett Gold Medal, symbolic of the honor, by university President Colin B. Mackay. The award came for his play on the UNB Red Bombers championship team in the New Brunswick Rugby Football Union as well as the UNB varsity hockey and track and field aggregations.

Hall Of Fame Is Extended

Toronto — (P) — The Canadian Sports Hall of Fame to be set up in Toronto this year has been extended to include Canadian Olympic and world champions and athletes who have brought fame to Canada.

This was announced Monday by sports director Harry Price of the Canadian National Exhibition, sponsor of the Hall. Originally, the Hall was to honor this year athletes chosen in the half-century poll conducted by The Canadian Press in 1950.

Although plans are not yet official, it is planned to appoint one representative from each province to sit on a committee to consider candidates and to draw up a constitution governing the general conduct of the shrine. The Hall will be opened at the CNE next August.

The Hall of Fame will not conflict with the Hockey Hall of Fame to be established at Kingston, Ont., or the Amateur Athletic Union of Canada Hall of Fame.

Chicago: Johnny Gray, 197, Chicago, outpointed Ken Hammer, 187, Detroit, 8.

Antonelli Holds Braves To 3 Hits; One-Hit Pitching By Turley Puts Yanks In First Place Over Chicago

Charlie Grimm watched the rain bounce off the sidewalks of New York Tuesday afternoon and figured both his Milwaukee Braves and his ulcers were in good shape, what with Bobby Thomson hitting and all.

Jolly Cholly agreed with pre-season talk that had his guys winning the National League pennant. And he was sure the Johnny Antonelli-for-Thomson deal with the Giants was about to swing in Milwaukee's favor at last. A year ago, of course, Thomson was useless with a broken ankle while Antonelli was the pride of New York's pitching staff as the Giants swept to the world title.

"Thomson already has won two games for us in the field," said Charlie, "and three with his bat." That accounted for five of the seven won by second-place Milwaukee so far.

It might have been six games chalked up for Thomson Tuesday night—except for a guy named Antonelli. The young lefty, beaten in his two previous starts, three-hit the Braves in a 3-2 New York victory. And he made

Thomson, tied for the league leads in runs-batted in 17, look like just another batter.

Twice he fanned Thomson as Bobby went hitless in four trips. Three times, Thomson failed with runners on base. In the eighth, a rally fizzled as Thomson dribbled the ball in front of the plate for the final out with the tying run on third.

That was the only National League game played, with rain and cold putting the rest on the shelf. The American got off all four games, topped by Bob Turley's one-hit pitching in a 5-0 victory over the Chicago White Sox that moved the New York Yankees into first place, one game up on the Sox.

Al Kaline's ninth-inning blast beat Baltimore for Detroit 3-2.

New York had its three runs on a walk and four singles before Bob Buhl had retired a man Tuesday night. That did it. After the second, the Giants didn't make a hit off Buhl and two relievers, Dave Jolly and ace Warren Spahn. Hank Aaron tripled home the first Braves run in the eighth on Aaron's single and a pair of infield outs with the help of an error and a passed ball.

FIGHTS LAST NIGHT
London: Randy Turpin, 171½, London, knocked out Alex Buxton, 162½, London 2. For British light-heavyweight title.
