CRIPPEN AND LE NEVE MUST STAND TRIAL

Committed for Murder at Close of Police Hearing To-day.

Girl Shook With Laughter in Dock When Boy's Suit Was Produced.

London, September 21. — At the close of the police court proceedings to-day Dr. Hawley H. Crippen and Ethel Clara Le Neve were committed for trial charged with the murder of the doctor's wife, Belle Elmore. Solicitor Newton reserved his defence for the trial proper.

Special to The Montreal Star.

London, September 21.—There was no diminution of public interest in the Crippen murder case when the police court hearing was resumed in Bow Street Police Court this morning. The court-room, which was crowded, presented a gay appearance in consequence of the predominance of women with smart dresses.

Only a strong escort of police prevented Miss Le Neve from being mobbed as she made her way from a closed cab to the Court.

Hundreds of people gathered about the building began hooting and hissing Miss Le Neve the moment she stepped from the cab. Quickly realizing the menacing attitude of the mob, the two officers who accompanied the girl from Holloway jail summoned the score of police who were guarding the entrance to the Court and the squad formed a cordon about Miss Le Neve and fought back the belligerent spectators until the prisoner was inside the Court building.

The demonstration against Miss Le Neve was wholly unexpected, and was the result of the testimony at Monday's inquest of Mrs. Emily Jackson, that Miss Le Neve had told her that if Mrs. Crippen were out of the way, Crippen would marry her.

Miss Le Neve almost collapsed at the first show of hostile demonstration, and by the time she reached the Court room the services of a physician were required to quiet her nerves. She sat throughout the hearing.

The excitement attending Miss Le Neve's arrival was so great that Crippen, who was brought to the Police Court in a "black Maria," was able to slip into the building unnoticed.

To guard against a repetition of this outbreak, the police force around the building was doubled.

CRIPPEN'S FINANCIAL DEALINGS EXPOSED.

The financial affairs of the Crippens were gone into, in line with the prosecutor's opening assertion that the doctor, at the time of Belle Elmore's disappearance, was pressed for funds and that the death of the woman was to the monetary advantage of the husband.

The manager of a bank testified that Mrs. Crippen notified the institution on December 15, 1909, of the withdrawal of a joint account which she and Crippen had kept there.

Inspector Dew again repeated the story of Crippen's different stories regarding his wife's disappearance, first that she had gone to America on a visit to her people, and then that she had run away with another man.

Mr. Brett, manager of the Charing Cross Bank, testified that on July 11, two days after Crippen disappeared and two days before the body was found, he honored a cheque for $185, made out above the presumably bona-fide signatures of Belle Elmore and Dr. H. H. Crippen. The cheque was made payable to "J. N. Curnow."

LEFT PACKAGES TO BE GIVEN TO MISS LE NEVE

Miss M. L. Curnow, who succeeded Crippen as manager of the Munyon's patent medicine house, testified that she never knew of Crippen using hyoscin.

"The only remedies I ever knew him to use were those he got from our house," she said. "He also used a preparation of his own, but I don't know what there was in it."

The witness said that during February, when Crippen told her that his wife had gone to America and died there, she cashed for him several cheques, one for $500. She last saw the doctor on July 9, when she gave him the money on a cheque for $185. This was just before he disappeared, and at the time he said to the witness: "If any one inquires for me you are to know nothing. Say nothing."

Before this Crippen had left several packages with the witness, saying:—"If anything happens to me give these to Miss Le Neve."

GIRL LAUGHED WHEN BOY'S SUIT WAS PRODUCED

Mr. Long, dental mechanic, told the Court how he purchased a boy's outfit for Crippen. While Long was testifying Miss Le Neve sat in the dock shaking with laughter, which she vainly tried to conceal.

Solicitor Newton caused smiles in the Court by the first question which he put to each witness. This question was "Would you describe Dr. Crippen as a genial, kind-hearted man?"

The invariable answer was "Yes."

Long said he bought the suit on Crippen's orders. The suit was exhibited in Court, and Long easily identified it.

"Crippen seemed greatly worried when he appeared at the office on July 9," Long said. "He explained that his worry was due to a scandal in which he was involved, but he did not tell me what it was. He sent me out to buy the suit, but I did not know what it was to be used for. Neither Crippen nor Miss Le Neve indicated at this time that they contemplated flight, but two days later I received a long letter from Crippen telling me to wind up the business of the office."

BOTH PRISONERS SEEMED CHEERFUL.

The prisoners, judging from their demeanour, were apparently cheerful at first. They chatted together and occasionally smiled during the proceedings.

Crippen, as during the previous hearings, followed the evidence intently. He borrowed a pencil and paper from a policeman who was standing near him, and constantly scribbled notes which he passed to Arthur Newton, the solicitor who is defending both prisoners.

CRIPPEN GLARED DEFIANTLY ABOUT.

Inspector Dew testified that he made a searching investigation of the Crippen home, at Hilldrop Crescent, North London. He said he found the body on July 13, buried from 8 to 12 inches beneath the surface of the cellar floor.

At the conclusion of the hearing Crippen and Miss LeNeve were committed for trial.

This means that the court has decided that the prosecution has made out a case for trial by jury in the Criminal Court.

The shock of recent setbacks to his defence evidently preyed upon Crippen after his committal. His face wore a deathlike pallor, but he glared defiantly about him.

CHARLTON IS UP FOR EXTRADITION

Defence Advances Insanity Plea, Alleging Prisoner Driven Mad by Dead Wife.

Special to The Montreal Star.

New York, September 21. — Porter Charlton began his fight to escape extradition for the murder of his wife, Mary Scott Castle Charlton, to-day, when he was arraigned before Justice Blair in the Hudson County Court, Jersey City, for a preliminary hearing.

The points that are to be argued at the hearing are set forth in a brief sent to Judge Blair by Emil Fuchs, counsel for the Italian Consul-General DeRasse, and Orrin Henry H. Scott, United States Army, brother of the late Mrs. Charlton.

It is decided that the insanity plea is to be defended before a committing magistrate. The brief goes into technical details, citing various cases to uphold the side of the prosecution.

Among them are those of Aaron Burr and "Boss" Tweed, who were delivered to the United States by the Spanish Government, although at that time there was no treaty between the two countries.

The brief sets forth that a demand has been made by the Italian Government for the surrender of Charlton, and that, therefore, the only question to be decided is whether the prosecution can establish a prima facie case. Mr. Fuchs chooses to say that, whether the defendant is sane or not, he must be delivered over to the Italian Government.

R. Floyd Clark, counsel for the defence, will contend that Charlton is insane, and that he lost his reason because of actions by his wife.

MR. JOHN HENDRY.

President Canadian Manufacturers' Association.

PREFERENTIAL TREATMENT, BUT NO RECIPROCITY

Canadian Manufacturers Convene at Winnipeg—President's Address on These Lines.

Western Associated Press Special.

Vancouver, B.C., September 21. — "This occasion is unique in that it marks the first time in thirty-nine years of activity that the association has met in annual session west of Winnipeg," said President Hendry, of the Canadian Manufacturers' Association, in to-day's first session of the convention of that body.

Two special trains brought 300 delegates from the East, while some 200 from all parts of British Columbia joined them here in what promises to be one of the most important of the association's meetings.

The opening day was marked by an able and exhaustive address by President Hendry, in which he made a vigorous plea for the continuance of a preferential tariff in favor of the Old Country and the Colonies, the desirability of Canada retaining the right she now possesses of making her own trade treaties, and strongly opposed reciprocity with the United States.

Urge Advertising Campaign.

The address was a feature of a brief day's session at which the Commercial Intelligence Committee recommended that an advertising campaign for Made-In-Canada goods be instituted and carried on through extensive advertising.

By an expenditure of $25,000 annually, they estimated, a circulation of eighteen millions could be covered and good work done. The committee advised that large corporations in the building line employ Canadian architects, who in turn should favor materials from Dominion establishments.

It was also suggested that Canada join the International convention for the protection of industries, so that the patents of Canadian inventors would automatically receive twelve months' protection in subscribing countries.

It was reported that a select number of employment agencies in the Old Country had been listed for the benefit of members of the Association.

The value of the Dominion Department of Trade was attested in the highest terms.

The committee made a recommendation which will be discussed on Thursday, advising that the membership of the Association be altered from three classes, with a maximum fee of $25, to six classes, with a miximum fee of $100.

Next Convention at Ottawa.

Vice-President Rowley and others spoke in feeling terms of the good work done by President John Hendry during the year. The retiring president responded briefly.

Ottawa is likely to be the city where next year's annual meeting of the Association will be held. It is the home town of Mr. W. H. Rowley, the first vice-president o fthe association, who, according to established practice, will succeed Mr. Hendry, of Vancover, in the presidency.

The association usually meets in the city where the head of the association resides. The selection of the convention city, however, rests with the executive committee, which usually does not announce its choice until the close of the convention.

Aviator's Mind Affected by Fall

De Raeder Removed from Hospital To-day, Unable to Recognize His Friends.

Special to The Montreal Star.

Paris, September 21.—The mind of Aviator DeRaeder is believed to-day to be permanently impaired as the result of injuries he sustained several weeks ago in the fall of his aeroplane at Cambrai. DeRaeder was removed from the hospital to-day by his mother. He is unable to recognize his friends.

Sir Hiram Maxim on Aerial Risks.

Special to The Montreal Star.

London, September 21—A striking recognition of the dangers of aeroplaning was given to-day by Sir Hiram Maxim, one of England's foremost builders of aerial craft, in the announcement that he would retire from the business.

"I am too old to fly myself," Sir Hiram said, "and I am unwilling to expose my employes to the risk of flying, merely for the sake of experimenting."

Sir Hiram Maxim has devoted years to the construction of a bi-plane which has been described as the "Pullman of the air." His model was to have been exhibited soon, and great hopes of its success had been entertained. A novel feature was the employment of three screws designed to lessen the waste in power unavoidable in French aeroplanes of the small single screw type.

BIG FORTUNES MADE IN THE RISE IN POWER.

There were more fireworks in Montreal Power stock again this morning, and thousands of shares changed hands.

Last night the stock closed at 155. To-day it opened at 159 and worked up to 161 3-4. Afterwards it fell away to 159.

As the movement in Power really began when the stock was 131 1-2, the advance is fully 29 points.

Several of the big men who bought the stock early in the day have cleaned up anywhere from $15,000 to $30,000.

Senator Forget, who holds 5,025 shares is the largest winner, but of course has not sold his stock, and does not intend to.

It is believed on the Street now that Montreal Power and Street Railway will eventually merge on the basis of 190 for the former, and 250 for the latter.

Shaughnigan will not be taken into the deal right away.

DRAWBACKS OF GAY LIFE.

Society Leaders Ill in Hospital at Newport, R.I.

Police Ingenuity Taxed to Limit to Prevent Serious Accident Opposite Old St. Lawrence Hall

St. James Street Business Men Register Strong Protest at City Hall Over Blocking of Street—Several Times Yesterday Accidents Narrowly Averted.

The conditions on St. James street, at the corner of St. Francois Xavier street, consequent upon the obstruction of the thoroughfare in the manner described in yesterday's Star, have become so dangerous to traffic that two policemen are now assigned to continual duty there in the interests of public safety. It took their combined activities and all their vigilance yesterday afternoon to avoid several accidents that were threatened.

"I cannot understand how it is that the civic authorities will tolerate such a state of things for a single day," remarked Mr. W. H. Clancy, chief agent of the Grand Trunk ticket office, to a representative of The Star yesterday afternoon. "People coming here on business are so inconvenienced with the nuisance that to-day I had to call the attention of the chief of police to the matter. He promised me that he would see to it at once, and I am awaiting with interest to ascertain what may result from that.

"On this side of the street, the sidewalk has been kept open to pedestrians in a way; but it is obstructed nearly all the time by contractor's materials. As there is no sidewalk open at all on the opposite side of the street, many people naturally flock over here, only to be driven back on to the narrow roadway by the moving of timbers, the swinging of girders, etc. It is extraordinary to me if such a state of things can be allowed to continue."

At the time of the interview, a Windsor-St. Lawrence car narrowly escaped collision with a huge steel girder that was swung suddenly into the middle of the roadway from the construction works next the Grand Trunk ticket office. Traffic was delayed now, and again, as each of the next three succeeding cars came along, while a string of vehicles had to wait to pass eastward and others to pass in a westward direction were held up for a considerable time, and subsequently several mix-ups at the north-west corner of St. Francois Xavier and St. James streets called for the ingenuity of drivers and police to unravel without mishap resulting. And so it goes on all the time. "Guess somebody will get killed here," remarked one man, "and then we may perhaps get relief. Wonder they don't close the street altogether. If two evils, it would be the less."

Others joined in the protest, and their remarks, though brief, were very emphatic.

The complaint registered by Mr. Clancy is supported by his business neighbors.

"Formal objection to the nuisance has been made at the City Hall," remarked one of them to the Star. "That ought to be enough to bring about a remedy, without any of us saying more. The thing is so glaringly bad, that really the Board of Control or somebody in authority ought to have acted before complaint was made. It is up to them to see an improvement is brought about, and to see that their own laws are complied with. It is not unreasonable to expect them to act quickly."

HON. BLAIS LETELLIER.

NEW JUDGE FOR SUPERIOR COURT

Hon. B. L. Letellier Succeeds Late Judge Gagne—Mr. A. Corriveau for Intercolonial Board.

Special to The Montreal Star.

Quebec, September 21.—Before leaving Quebec last night, Sir Wilfrid Laurier announced two important appointments decided upon during his visit.

Hon. Blais Letellier, M.L.C., is to be made Judge of the Superior Court in place of the late Judge Gagne. Mr. Appolinaire Corriveau, K.C., is to be made an additional member of the Intercolonial Railway Commission, with residence at Moncton.

The Hon. Blais Ferdinand Letellier, who has been practicing as an advocate in Quebec, was born in Levis, June 23, 1862. He is the son of Blaise and Emerentienne (Lacombe) Letellier. The former is related to the late Hon. Luc Letellier, ex-Lieutenant-Governor of Quebec.

Mr. Letellier was educated at the Quebec school and at Laval University. After making a brilliant course, he obtained the degree of Bachelor of Laws at the latter institution, and at his final examinations, carried off the silver medal presented by the then Governor-General, Lord Lansdowne; the gold medal presented by ex-Lieutenant-Governor Masson, and the Tessier second prize, presented by Judge Tessier.

He was admitted to the practice of law in 1886, and has practiced since that time at Quebec, in partnership with N. N. Ollivier. In religion he is a Roman Catholic, and in politics an active Liberal. He was one of the directors of the newspaper L'Union Liberale, at one time a prominent political publication. He wrote his articles over the signature of "Max." Mr. Letellier was married in 1889 to Miss Emma, daughter of Mr. Albert Angers, of the Civil Service.

POTASH MONOPOLY LAW.

London, September 21.—The Berlin correspondent of The Morning Post, says that the heads of all the great American fertiliser companies are now in Europe for the express purpose of securing a modification of the potash monopoly law passed by the Reichstag at the last session. That measure was aimed directly against the United States and annulled the contracts entered into by American buyers to the amount of many million dollars. The German government declares its inability to recede from the position taken.

In Protesting New Regulations Governing Admission of Textiles to the States.

Special to The Montreal Star.

Berlin, September 21.—Although there has been a withdrawal of the objectionable features in the regulations governing the admission to the United States of foreign textiles, a powerful trade association known as the Kaufmannshaft has just decided at a committee meeting to approach the German Foreign Office with a demand that the Embassy at Washington present an energetic protest.

Germany thus lines up officially with England and France against the obnoxious regulations.

Hope to Induce Cunard Line to Retain Irish Port.

Special to The Montreal Star.

Southampton, September 21.—A distinguished delegation of Irishmen embarked on the steamer Oceanic to-day for New York. The mission of the members is to interview the officials at Washington on the question of inducing the Cunard line to continue Queenstown as a port of call for its larger mail steamers.

The number includes the Lord Mayor of Dublin, and the presidents of the Chambers of Commerce of Dublin and Belfast, the town clerk of Queenstown, Sir Edward Fitzgerald, Lord Mayor of Cork, and Sir James Long, also of Cork.

STILL INQUIRING RE DURAND WRECK

Michigan State Railroad Commission Subpoenas Superintendent and Trainmaster.

Special to The Montreal Star.

Detroit, Mich., September 21.—Another move has been made by the State Railroad Commission in the investigation of the Grand Trunk wreck at Durand in which nine lives were lost. Supt. J. Ehreke, of Detroit, and Trainmaster T. G. Akers of Battle Creek, will be subpoenaed to-day to appear on Thursday for examination relative to certain features of the wreck and to the efficiency of the train crews in charge of the trains.

Superintendent Ehreke was asked some time ago to furnish the Commission with a record of the railroad service of the conductor, W. E. Lacey, who was in charge of the head train. Ehreke never complied, and is directed in subpoena to bring the report with him.

This move by the Commission is part of the announced plan to determine whether any officials of the road were in any way responsible for the wreck, through hiring men to operate the trains who were not competent.

To Aid British Workmen in West.

Special to The Montreal Star.

Winnipeg, Man., September 21.—As the result of a suggestion made by Mr. J. Morton Griffiths, M.P., when in Winnipeg some weeks ago, a society is being organized for the purpose of aiding British workmen now in the West to bring out their families and get properly settled in their new homes.

SPORTING VIEWS AND REVIEWS

When the first evidences showed themselves of the necessity of running lacrosse, which was becoming speedily almost completely professional, on professional lines, and the failure of the gentlemen then in charge of the Canadian sport, to keep it up to the standard, while the United States game of baseball was gaining ground all the time became patent, the Montreal Star jokingly suggested that if they could not do any better, they might take a leaf out of the Eastern League book.

It is gratifying to know that, feeling themselves at a loss in the matter of which way to turn, and unable to devise an original way out of the situation in which they have allowed themselves to drift, they intend taking up The Star's suggestion, and even to a greater extent than originally proposed, by taking the baseball book holus bolus and applying its rules as nearly as possible to the national summer game of Canada.

But if it be gratifying to The Star to have so much attention paid to its idle suggestion, how much more gratifying must it be to that grand man of Eastern League baseball, who has brought the rules to their present perfection. Flattering as it must have been to him up till now to hear the frequency with which the term of "Pat Powers of Lacrosse" has been used during the last two or three years, the tribute which will be paid to him by the few gentlemen who, while thus admitting their own weakness, advocate in all seriousness this plan of having lacrosse governed by baseball rules in future, originally an idle suggestion for a last resort on the part of The Star, ought to be the crowning glory of his existence.

It will entirely overshadow the slight sentiment of bitterness that may be provoked by the fact that other men will try before thousands of lacrosse enthusiasts unfamiliar with baseball, to pose as the originators of rules, to the perfection of which Mr. Powers has devoted the greater part of his life, since it will help to hand down his name to posterity as "Pat Powers, the new Father of Lacrosse, Canada's national summer sport," as surely as the paid president of the reigning professional lacrosse body will also in future be always known by the same name.

When considering these raids by Easterners upon the Pacific Coast, made for the purpose of recapturing lost silverware, one or two features of the situation should be borne in mind. New Westminster is determined to hold what it has, principally because it has so little else, and it cannot afford to lose any of its possessions, lest it should be wiped off the map. Besides the Minto Cup and the penitentiary there is not much there, except the Fraser River, and that is an accident of geography, for originally the river did not intend to flow by the town.

New Westminster is determined to hold what it has.

In the next place the raiders have to make a long journey. The raiders are tired, although the New Westminsters think them rather fresh to have ever thought of coming at all. This journey of almost three thousand miles is New Westminster's first line of defence.

And then there are the grounds. Some who played on them earlier this season called the place a hay-field, and, therefore, far below the standard of league grounds in Eastern Canada. None of the Eastern teams that have played there approved of them. No doubt, to some extent, this unanimous disapproval was due to the fact that, so far, they have brought victory to none. And besides all this, there is the "rag-play" of the New Westminsters, which has an uncontrollable and awkward tendency to land the ball in the opponents' goal. With all these things to contend against, it is not surprising that up to the present the Eastern raiders have had to return home empty-handed, sadder but wiser men, with a heightened respect for the West and a firmer faith in its great future.

Some ungallant and untruthful people in Toronto are saying that fine weather for a few days cannot reasonably be expected, for there is sure to be a storm when there are gathered together as many women as are now taking part in the ladies' golf tournament. Just to prove that these croakers are absurdly, and perhaps maliciously, mistaken, not to say anything about the success of the meeting, all the rest of Canada will sincerely wish that, while the matches are being played, the September sun may wear its sweetest smile and that any gentle breezes may blow over the links. The truth of the matter is that Canadian ladies are becoming as skilful at golf that their brothers and cousins, and others people's brothers and cousins, are afraid that their laurels will be taken from them.

A mile in one minute and thirty-eight and one fifth seconds is fast running. It makes a Canadian record and the honor goes to a horse owned by a turf woman, Mrs. L. A. Livingston, whose colors are now well known on every first class track in Canada. That rate of speed is equal to 36.7 miles an hour, which is about the rate made by the best express trains running between this city and Ottawa. But, of course, there is this difference—the iron horse maintains this rate for three hours, the horse of flesh and bone could keep it up scarcely beyond two minutes. The horse that did this mile is called Lovelie. He certainly tied a knot in the Canadian record that it will bother rivals to unloose.

Mr. August Belmont finds much to praise at Blue Bonnets, the race course, its accessories and beautiful surroundings receiving his unqualified approval. Coming from so experienced a turf man that is praise indeed, for Mr. Belmont in his day has seen many courses and witnessed many races. Blue Bonnets is new. Perhaps that is one reason for it being so good. It is thoroughly up-to-date.

DOINGS OF RANELAGH POLO PLAYERS HERE

The ponies of the Ranelagh Polo team have not yet arrived, but Mr. Gill who has looked after this part of the trip, is assured that they will be here in time for to-morrow, so that there will be no disappointment about the match scheduled for to-morrow afternoon at half-past three o'clock on the Back River polo grounds at Cartierville.

The match will be one in which in all probability two English payers will play on each side.

On Saturday on the same grounds the match will be All-Canada against England, and on Friday the match will take place on the Montreal Polo Club grounds.

MONTREAL LADIES IN THE CHAMPIONSHIPS

Special Staff Correspondence.

Toronto, September 21.—Under the most favorable weather and with links in the pink of condition, the ladies' golf championship and consolation competitions were continued at the Toronto Golf Club links yesterday, and as a result of the day's play two Montreal players are still in the running for the championship honors. Miss Henry-Anderson, of Royal Montreal, last year's champion, who defeated Miss E. Cox, of Toronto, the match only being decided on the final green, and Miss J. Greene, also of Royal Montreal, are the two players.

Sixteen players started from the first tee yesterday afternoon, all striving for the championship honors, while the same number took part in both the first and second consolation competitions.

The feature match of the day was probably that between Miss V. Henry-Anderson, of Montreal, and Miss E. Cox, of Toronto. Both players put up a first-class brand of golf and made it a battle royal right up to the final green, when by halving the hole the Montrealer, who came here with a fine reputation, managed to capture the contest by the narrow margin of one up.

Miss Henry-Anderson, although not quite as tricky as her opponent in placing her shots, played an excellent game, her driving and iron shots being of high order. She is undoubtedly one of the best lady golfers seen here for some time past, and, according to form, is picked as Miss Campbell's opponent for the final, which is scheduled to be played on Friday afternoon.

Miss Cox started off like a champion, making the first three holes in four each, with the result that she gained a lead of 3 up on the Montrealer at this stage. Miss Henry-Anderson, however, came back strong in the next two holes, and by the time the fifth hole was finished had evened up matters. The Toronto player again took the lead on the next hole, but only to drop the next two in favor of her opponent. The ninth hole, however, went down to Miss Cox's credit, and the pair were on even terms at the turn. Both players were playing strong, and by the time the 12th green was reached they were still on an even standing. The 10th hole having been won by Miss Cox and the 11th by Miss Henry-Anderson, while the 12th was halved as a result of brilliant play, the Montrealer took the 13th, being one stroke less than her hard-fighting opponent. The next two holes were halved, but the 16th went to Miss Cox and the pair were once more even with two holes to go.

It was on the next hole, the 17th, that the Montrealer captured the contest. Both players got well away on their drives and followed them up with good seconds. Miss Cox's third shot, however, put her into difficulty, and although she extricated herself cleverly, she took two more strokes to reach the green, going down in seven, while Miss Henry-Anderson made it in six.

Although one down and only one hole to play, Miss Cox stuck bravely to her task and tried desperately to square matters on the final hole, with the result that Miss Henry Anderson, last year's champion, is still in the running. The scores for this match were:

Miss Henry Anderson—
Out ..... 455457356—44
In ..... 666464464—46

Miss E. Cox—
Out ..... 4445664.5—
In ..... 576564374—47

As Miss Cox picked up her ball on the eighth her total cannot be given.

Miss J. Greene, of Montreal, and Miss J. Harvey Hamilton a go put up a grand battle, but the Montrealer won out by 5 up and 4 to play.

The match between Miss Dick, Lambton and Mrs. A. J. Rodgers, Lambton, is also worthy of praise, the former only winning on the final green by one up. The results of the matches for the championship which were played yesterday are:

Miss D. Campbell Hamilton, beat Mrs. B. McInnes, Toronto, by 7 up and 6 to play.

Miss Nesbitt, Toronto, beat Mrs. Bryden, Winnipeg, by 3 up and 2.

Miss F. Harvey, Hamilton, beat Mrs. Silkeman, Rosedale, by 4 up and 2.

Miss Dick, Lambton, beat Mrs. A. J. Rodgers, Lambton, by 1 up.

Miss M. Thompson, St. John, beat Mrs. E. Fitzgerald, Lambton, by 5 and 4.

Miss T. Greene, Montreal, beat Miss L. Harvey, Hamilton by 5 and 4.

Mrs. Riddut, Lambton, beat Mrs. Duncan, Toronto, by 8 and 6.

Miss Henry Anderson, Montreal, beat Miss E. Cox, Toronto, by 1 up.

The eight winners play off to-day. The three champions, Miss Henry Anderson, Miss D. Campbell and Miss M. Thompson, are still all in the running, and their matches will be watched by many.

The results of the consolation competition are as follows:

First Consolation — Miss B. Dawson, Galt, beat Mrs. F. D. Ross, Ottawa, by 2 up; Mrs. A. Hepler, Toronto, beat Mrs. C. F. Hare Montreal, by 3 and 2; Miss Ogden, Toronto, beat Mrs. Hansombody, Halifax, by 5 and 5; Miss E. Miss Balfour vs. Miss M. R. Boulton.
Miss Foy vs. Mrs. McGregor Mitchell.
Mrs. Peller vs. Mrs. Torrance.

ROBY IS MATCHED TO WRESTLE WITH LAPOINTE.

Eugene Tremblay, the lightweight champion, refuses to meet his fellow-countryman, Lapointe, in a catch-as-catch-can match, with the toe-hold barred. This shows the respect the champion has for the prowess of Lapointe.

Failing this match George Kennedy has arranged a bout for next Saturday night between Lapointe and Peter Roby, who lost to Tremblay last Saturday. These men are the best in the business, and should put up a rattling good go. In addition the moving pictures of the Jack Johnson—Stanley Ketchel boxing contest will be shown.

Jimmie Jones came within a foot of bumping the ball into St Catherine St. in the sixth inning. He met the ball squarely, and it struck the fence about a foot from the top in left centre.

JOE LALLY WIRES LALONDE IN A BAD WAY MINTO CUP HOLDERS PRACTICING HARD

(By Joe Lally, the Celebrated Lacrosse Referee.)

Vancouver, B.C., September 21.—The National Lacrosse Club have left Vancouver and gone to Harrison Hot Springs, about seventy miles from Vancouver. Several of the boys are considerably broken up, not on account of roughness in the first Minto Cup game, but owing to climate conditions. Several of them are in a bad way with colds, and are anything but well.

Newsy Lalonde, the one man more than any one else whom the Nationals count on to pull them together and land a victory in the second match is in a bad way. Besides suffering from a very severe cold which makes him a more fit subject for an hospital than going through a gruelling contest, such as a Minto match be has in some manner or other contracted poison which has broken out on his face. Lalonde is under the weather more than any member of the team, but the doctors hope to pull him around so that he will be able to line up with his team Saturday, but it is doubtful if he will be as effective as in the first game. The champion Salmon Bellies were going to take no chances with the Nationals in the second game, and had a good workout this afternoon and to-morrow afternoon will put in two hours of stiff going with a junior team, and then rest up for Saturday's contest.

All the old-timers, including Fred Lynch, Alex. Turnbull and Bob Cheney are looking after their old club-mates to see that they are in trim for the final game. Twelve thousand people witnessed last Saturday's match, and it is expected that fully that number will be on hand for the deciding match.

JOE LALLY.

ATHLETIC STRIKERS GET NO SATISFACTION

Special to The Montreal Star.

Toronto, September 21. — Certain local athletes are contented with having the A.A.U. of C. pay their transportation to Montreal and return for the Canadian championships. They are among the chosen few whose records during the summer entitle them to the trip, and who were named by the Union. Hotel and other expenses are now demanded by others. The union in the last twenty-six years has not gone even so far as to pay transportation. "It's funny," said an official of the A.A.U. of C. last night. "It's a good joke. What do they care whether they go to Montreal or stay right where they are? Of course, we paid the transportation of some athletes to Halifax and Winnipeg, because the jumps were long and the expenses high. But to Montreal—never before, and we are not going to do it now. Of that I am quite sure."

M.A.A.A. Swimming.

The first of the fall series of M.A.A.A. weekly handicap swimming races takes place to-night at the Peel street tank. A big entry list has been received, including all the club's crack swimmers and a good number of young men. The programme includes a forty yards race, a hundred yards race, springboard diving, a relay race and a green event. The green event is a scratch race.

Among those entered are: George Draper, Stan. Tait, Mac. Wallace, L. Earl, Geo. Hodgson, A. Mackay, B. O. Smith, J. Kerry, S. Molson, J. Hunter, J. C. Parent, Peter and Neil Cameron, and F. McGill. The races start sharp at 8 p.m.

Stallings and Chase.

Chicago, September 21. — George Stallings, manager of the New York Americans, will leave for New York to-day in response to a summons from President Frank Farrell.

It is said that alleged differences between Hal Chase, first baseman, and Manager Stallings, are to be gone over, and some conclusion reached which will tend to bring about more harmony in the team.

McGill Rugby Work.

The McGill squad had its second senior workout yesterday, and George McDonald, an old McGill and Montreal man, is again coaching the team. Dan Gillmor, the captain, looks forward to a good season, and among the seniors out were: Gillmor, Forbes, Goodeve, Seath and Digby. Of last year's intermediates, Price is playing a fine game on the back division, Geo. Murray also is a candidate for the senior fourteen.

'NEWSY' LALONDE AND LAVIOLETTE INVALIDS

From Billy Noseworthy, trainer of the Nationals.

Harrison Hot Springs, September 21. The boys left Vancouver yesterday afternoon to come here to Harrison Hot Springs, some eighty miles from the big city. Some of the other lacrosse teams who came West to play for the mug did spend a certain time in this place, the recuperative quality of the waters going a long way to give them the shape which they might have lost after the long journey. Tecumsehs and Regina were guests here and people say that they certainly did better on account of it. The boys will enjoy themselves and a change of place will be all to the good. Some of them are just beginning to feel homesick on account of the monotony of the staying in Vancouver. Newsy Lalonde, the captain of the team, is not any too well, his face looking as if he had blood poison. He has been under the care of a doctor since the last game. Jack Laviolette has a very sore hand, too, the cause being blood poison from a blow sustained in practice, the wound having been neglected.

At one time it was feared that a complication might set in. The two Referees of the Cup series, Matt Barr and Lionel York, were at the station to see the boys off and the latter seemed very pleased to shake hands with them, as these gentlemen proved experts at handling the whistle. The prevailing note of the Vancouver and New Westminster papers is that Nationals are the greatest bunch of sports that ever came from the east to get the cup. All agree that they are good losers and that they take their fate in good part. We feel that even when the better team won in the last game we can prove the better team too in the next and last struggle and win too. The boys think that if they can score two goals in the first quarter of the game they are set and they can overcome the lead Westminster has over them, especially when that team is known to blow up when things are on the wrong side for them.

Previous to the last game Nationals received two telegrams from the east, one from the Premier of Canada. Sir Wilfrid Laurier, saying that the French population of Quebec had its eyes on the players of the purple and white, and wishing every success in their effort to do honor to the race. Pleased as they were at receiving this telegram before the game, they felt sorry after that they could not respond to the patriotic appeal, and it is a sure bet that they will strive with every nerve to do better the next time. The other telegram was from a great friend of them all and a great lacrosse player, Ciarrie McKerrow, wishing all kinds of success, and advising them to stay on the field if they wanted to win, wait till the next game for an answer to all these good wishes from the east.

WILLIAM NOSEWORTHY.

BASEBALL NOTES

The work of Demmitt in left field was a feature of the game. He had three beautiful catches to his credit.

Pattee and Starr both had a bad day in the field, and had Jessop in trouble almost every inning.

HE WANTS TO DO IT AGAIN.

Special to The Montreal Star.

Niagara Falls, Ont., September 21.—Spurred on by the success of Capt. Larsen's motor boat trip through the whirlpool rapids on Sunday, Robert Leach announces he will attempt to navigate the rapids in a barrel next Saturday and again Sunday. Leach made the trip in a barrel twice on June 12 and 19th, 1898. He will use the same barrel on the two proposed trips that already has brought him safely through.

BOWLING MEETING TO BE WELL ATTENDED

Mr. Louis Rubenstein is calling a meeting for Tuesday evening next in the M. A. A. A. club house for the purpose, if possible, of forming one large bowling association for the whole of the city of Montreal. The Canadian Bowling Congress adopted the American plan of bowling with five-men teams, and it is to ensure some sort of cohesion among the various bowling clubs of Montreal that the meeting in question is being called.

The Canadian Congress is to hold a big tournament there at Easter. The new league, when formed, will, it is hoped, comprise every club in the city, and these clubs and their various members will be divided into three classes according to their ability, so that every individual member will have a chance in their respective classes. Although it is difficult to find out how the different leagues like the City, the Independent and the Canadien will take the plan, the meeting as far as can be ascertained will be well attended if only as a matter of curiosity.

AMATEUR BALL

The Stars and Cercle St. Germain Club, of St. Laurent, will play their game, which was postponed from September 17 on the National grounds to September 24. This match, which is for a side bet of $100, promises to be a very warmly contested one, and both teams seem confident of winning out. The great record of the Stars this year, coupled with another double victory last week over the Cheniers, shows how this nine is now going, and every player will be in this place in this coming match.

DECORATIONS AND SCHOOLING FOR SHOW

Already the decoration work at the Arena, in preparation for the coming Horse Show, which starts next Tuesday, and lasts until the following Saturday, is under way, and the elaborate work planned is being carried out. The decorator and his assistants are at work now in the building, and it is expected that they will have the greater portion of the many festoons and other buntings up in ample time for the coming big opening. The stage, flooring and ground floor seats which have been in place for the recent concerts, meetings, etc., is being removed, and the bark ring is being prepared. When the decorating and other displays, which are to be exceedingly effective, are installed the interior of the Arena is to present a new appearance, as many of the decorations are to be of such a character as to give the whole a novel effect.

Among the cups that are to be competed for is the one offered by Mr. R. J. Inglis, which is for mounted officers, and was won last year by Captain T. Guerin, of Montreal. This cup, being for the military officers' class, is to have exceedingly keen competition. Mr. Hugh Sutherland, of Winnipeg, will exhibit for the first time in Montreal this year. This exhibitor has some very fine saddle and harness horses, which have taken prizes at all prominent shows in the West during the past year. Previous to that period they were also prize-winners at the National Show, held in New York. He has his animals entered in almost all the harness and saddle classes. Mr. Sutherland is one of the high officials of the Canadian Northern Railway.

His Excellency the Governor-General of Canada, under whose patronage the show is being held, will, it is expected, be present during the greater part of the five days' duration of the show.

Hours for Schooling.

The Arena will be open for exhibitors in the coming Horse Show for schooling purposes on Friday and Saturday next only, to accustom horses to the ring. The schooling hours are as follows, on each day:

6.30 to 9 a.m., hunters and jumpers; 9 to 9.30 a.m., pony jumpers; 9.30 to 10 a.m., ponies and under saddle; 10 to 11 a.m., ponies in harness; 11 to 11.30 a.m., ladies' saddle-horses; 11.30 a.m. to 12 noon, ladies' hunters; 12 to 1 p.m., harness tandems; 2 to 3 p.m., roadsters and runabouts; 3 to 3.30 p.m., unicorns and four-in-hands; 3.30 to 4 p.m., horses in harness (pairs); 4 to 5 p.m., horses in harness (single); 5 to 6 p.m., polo ponies; 7 to 7.30 p.m., general deliveries; 7.30 to 8.30 p.m., saddle horses; 8.30 to 10 p.m., hunters and jumpers.

At the above hours mentioned the persons entering horses can use the ring in which to accustom their horses.

Queen's Weak at Rugby.

Special to The Montreal Star.

Kingston, Ont., September 21.—Queen's had its first practice yesterday afternoon, with only five of last year's senior team, Moran (captain), Erskine, Elliott, Overend and Kinsella, George Richardson and Norman Crothers are Queen's coaches. It looks at present as though Queen's will have a much weaker team than last year. Things are not very promising at the Royal Military College, either, for a first-class team in intercollegiate intermediate series.

DOCTORS TELL HOW "CUTICURA" CURED SKIN DISEASES

One says, "I have Great Faith in Cuticura Remedies." Another, "They Always Bring Results."

"I wish to let you know of a couple of recent cures which I have made by the use of the Cuticura Remedies. Last August, Mr. ——— of this city came to my office, troubled with a severe skin eruption. At first I could not understand the nature of the case. I finally traced it to his occupation, as he was a painter and decorator. It was dermatitis in its worst form. It started with a slight irritation and would affect most parts of his body—thighs, elbows chest, back and abdomen—and would terminate in little pustules. The itching and burning was dreadful and he would almost tear his skin away trying to get relief. I recommended all the various treatments I could think of and he spent about fifteen dollars on prescriptions but nothing seemed to help him.

"In the meantime my wife who was continually suffering with a slight skin trouble and who had been trying different prescriptions and methods with my assistance, told me she was going to get some of the Cuticura Remedies. But as I did not know much about Cuticura at that time I was doubtful whether it would help her. Her skin would thicken, break and bleed, especially on the fingers, wrists and arms. I could do nothing to relieve her permanently. When she first applied the warm baths of Cuticura Soap and applications of Cuticura Ointment she saw a decided improvement and in a few days she was completely cured.

"I lost no time in recommending the Cuticura Remedies to Mr. ———, and this was two months ago. I told him to use the warm baths of the Cuticura Soap and to apply the Cuticura Ointment generously. Believe me, from the very first day's use of the Cuticura Remedies he was greatly relieved and to-day he is completely cured through their use. I have great faith in the Cuticura Remedies and shall always have a good word for them now that I am convinced of their wonderful merits." (Signed) B. L. Whitehead M.D., 108 Dartmouth St., Boston, Mass., July 22, 1910.

As though in confirmation of this most convincing statement, G. M. Fisher, M.D., Big Pool, Md., writes: "My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies and was entirely cured. I am a practicing physician and very often prescribe Cuticura Remedies in cases of eczema, and they have cured where other formulas have failed. I am not in the habit of endorsing patent medicines, but when I find remedies possessing such merit, such as the Cuticura Remedies do, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for twenty years, and must say I find your Remedies A No. 1. I still find the Cuticura Remedies as good as ever. They always bring results."

Pat Powers as the New Father of Lacrosse

J. DUBUC'S PINCH HIT CAME JUST WHEN IT WOULD DO MOST GOOD

Score Was a Tie, 2 to 2 and Tying Run Came Just Before Game Was Called on Account of Darkness.

There were two great world events of yesterday, viz., to wit, as follows: Dr. Crippen's household goods were sold at auction and J. Dubuc made another pinch hit.

The game ended 2 to 2 being called on account of darkness and J. Dubuc made his pinch hit none too soon, for just as the gent had crossed the plate on the hit, tying the score, the talented Ump. called the pastime.

The climate was dark and gloomy, keeping down the attendance of best citizens to starvation proportions.

Not more than 2 bags of produce, i. e., peanuts, changed hands, and these were bought by the management just to make trade and commerce look active.

The demon visitors opened the ceremonies by scoring 2 runs and it took 8 innings of keen endeavor for Montreal to equal that showing.

J. Yeager and the mangled arm coached in emphatic style and at the conclusion of the fray J. Yeager had worn some of the soprano from his voice in an effort to entice runs across the plate.

The event of the day calling for the most comment was a one hand clutch by R. Demmitt in left centre.

It was in the third round that Mr. Sabrie, the Buffalo first baser, exploded a line drive out there, and R. Demmitt amazed one and all by spearing it with one mit while on the dead run. Applause.

J. Jones, the great statesman, who spares no expense to supply features made another near-home run, and also turned a little tap to the third baseman into a blow good for three bases.

Another Big Blow.

The big statesman's home run effort hit within a foot of the top of the fence, nicking a couple of letters from the news that Milwaukee was made famous by a brand of nose paint.

Had J. Jones knocked the fence down it would have made Milwaukee twice as famous.

We copped a run in the second when B. Bailey got a base on balls, went to second on a sacrifice by N. Nattress, and scored on a safe blow by E. Holly.

The next did not come until the 8th. In the gathering gloom, J. Jones tapped the pill at Mr. Pattee, who third bases for Buffalo. Instead of heaving it to the first baseman, Mr. Pattee very kindly shot it into the first base bleachers, and J. Jones fled all the way around to third. Some heave by Mr. Pattee, believe us.

Enter J. Dubuc, the pinch hit marvel of all time. Also G. Winter, a pinch runner, who took the place of J. Jones. The great statesman's left leg was hors du pastime and in no fit condition to speed.

The Buffalo infield came in close to get the runner at the plate, but all to no purpose.

J. Dubuc was feeling in his best pinch-hit form and exploded a death-dealing rap over second base. J. Dubuc, the pinch hit sensation, reached first and G. Winter, the pinch runner, came home. Take it from us, gentle reader, the applause for J. Dubuc was large and continuous.

T. Hurst the Ump.

By this time it was too dark for the official scorer to see the base-hits, assists, put outs and errors, andrather than have the box score all wrong, the gentlemanly Ump., T. Hurst, called the combat.

Before concluding we might observe that this T. Hurst in his palmy days was an Ump. of wide renown, being a scrapper from Scrappersville.

When T. Hurst Umped in the American League the players, as is their habit, frequently, turned round and caleld him a sausage or some other kitchen utensil,

T. Hurst would make no immediate reply, but after the game hastily ducked into the Umps' boudoir, changed his garments and waited for the gent who called him a sausage to come out.

T. Hurst would, without any introductory observations, plant a left on the player's fine features, whip a pivot blow with his right into the player's solar plexus and then when he was down, use him for a door-mat. J. Johnson, the pride of the Pullman car porters, has nothing on T. Hurst, the violent Ump.

SUMMARY.

Two base hits, Holly, Jones. Left on bases, Buffalo, 4; Montreal, 6. Double play, Starr (unassisted). Stolen bases, East, McCabe. Sacrifice fly, White. Sacrifice hits, Pattee, Nattress, Burchell. Struck out, by Burchell, 5. Bases on balls, off Burchell, 3; off Jessop, 2. Hit by pitched ball, Nattress. Wild pitch, Jessop. Time, 1.20. Umpire-in-chief, Hurst. Field umpire, Finneran. Attendance, 700.

Pattee's error was responsible for the run in the eighth. With one out Jones hit an easy one along third base line. Pattee fielded it, and threw the ball clean to the bleachers, and Jones made third while the ball was coming back.

The Royals made but six hits, and no two of these were in the same inning.

A pinch hit by Dubuc put us on an even footing with the Herd, after a hard struggle in the eighth inning.

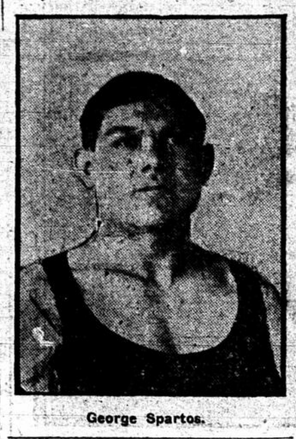

At the conclusion of the eighth Umpire Hurst called the game on account of darkness; the Royals getting in just under the wire.

THE NEW PROSPECTIVE FATHER OF CANADA'S NATIONAL GAME.

Mr. Pat Powers.

THIS MAN WANTS TO WRESTLE AT SOHMER PARK THIS WEEK.

George Spartos.

PAT POWERS THE NEW FATHER OF LACROSSE

The fight against Pat Powers again occupying the president's chair of the Eastern League seems to be waxing more serious than at any time before, but his disappointment at being ousted, if he be, should be somewhat assuaged by the fact that it is the intention to have him inaugurated as the new Father of Lacrosse.

It is unofficially announced that some of the committee appointed to revise the constitution of the National Lacrosse Union have decided to take the Eastern League baseball rules, which are mostly Mr. Powers' own work, adapted to lacrosse as much as possible, and present them to the lacrosse convention as an entirely original set of rules for lacrosse—a thing which could be easily done, as lacrosse followers are not very familiar with any but the playing rules of baseball.

The Montreal Star some time ago, referring to the possibility of lacrosse affairs through neglect and carelessness of those in charge, drifting to a situation like the one in which Canada's national game now finds itself, jokingly suggested that as a last resort a leaf might be taken out of Mr. Powers' baseball book of rules. That this suggestion has been taken up in all seriousness shows how perilous the lacrosse situation has become, and how weak and helpless those in charge of it feel in regard to coping with it on national lines.

Mr. Powers' adapted baseball rules are to be submitted officially to a committee, consisting of Messrs. W. E. Findlay, president of Montreal; Jakey McPhee, president of Cornwall; E. C. St. Pierre, of this city; and Fred. Thompson, secretary of the Toronto club, on Saturday, October 8th.

PEACE IN THE CAPITAL LACROSSE CLUB RANKS

Ottawa, Ont., September 20. — Peace once more reigns in the camp of the Capital Lacrosse Club, and as a result of last night's meeting the officers of the local N. L. U. representatives are happier than at any stage of the season just expiring.

Several futile attempts had been made to gather the executive together, but last night only Controller Hinchey was absent, the others all being on deck, and everything running smoothly. The members of the club have decided to put their shoulders to the club debt, and they were optimistic as to the future of lacrosse in this city.

"We will make an earlier start with the younger blood next season," stated Mr. George Duncan to the Star last night, after the meeting, "and we hope to do much better than this summer."

This is just what will boost the game here, and with a winning twelve Capitals would make barrels of money. The directors of the club realize this, and with everybody pulling together a lot of the friction that was rumored this summer will have ceased to cause comment on the local lacrosse horizon.

The team will play at Lansdowne Park again, and an effort will be made to have the City League lacrosse teams go out to the south end of the city. Another gathering has been called for Friday evening, when matters will be settled for the year.

MURRAY KENNEDY BACK IN OTTAWA

Special to The Montreal Star.

Ottawa, Ont., September 21. — Stirred to action by the fact that only a couple of weeks remain in which to gather a team together, the Ottawa Football Club, after last night's practice, announced that a telegram has been despatched to Murray Kennedy, the former red, white and black player, asking the Rugby star to come ahead. Murray will captain the fourteen, and will play centre half, his Not only have they pulled their half line which had been thrown out of gear with the retirement notice of Jack Williams, ot only have they pulled their half line together, but the executive have put across some detective work that would put Inspector Dew to shame getting after the veterans, who are banging back with remarkable alacrity. Clancy states that he will have a full senior team by the end of the week, and, once started, it will not take long to whip the champions into winning shape again. To date the juniors have occupied the spot light at the practices, but hereafter the seniors will be there with the bel's on. Yesterday afternoon's rain dampened the ground a bit, but, though the ball was a bit soggy and slippery, the men handled the oval nicely, Clancy confining the work-out to a few line plays. He did not, however, send any men out for the tacklers to grapple, the turf being a trifle moist for that stunt. This work will be started the first of next week. It looks as if Kilmartin, Ferguson and Wilkinson will be the trio to get out the ball for Ottawa this year, all three being on deck once more. Vaughan and Charlie Disney will make a good pair of middle wings, while Jack Ryan, Stuart Christie, Parnell, Hickey, Kuhn, Reg. Gaisford, and a host of youngsters are ready for the two remaining wings. Jim McQuaig has left for the bush, but he will be back in a fortnight. Martin Kilt is counted upon for quarter, and it will be very strange if he does not out-class any other quarter in the Big Four this fal. Kilt has the weight and speed to make a wonderful ball carrier, while his experience will enable him to get through any opening that presents itself. The team's outlook is getting better every day, and the fourteen will be in grand condition for that little affair with the Tigers on October 8th.

Burchell pitched excellent ball after the first inning, and backed up by an air-tight defence, it was a pretty hard proposition for the Herd to score runs.

SECOND DAY AT KING EDWARD PARK

Five favorites won at Ile Gros Bois yesterday, and the attendance at the second day's meeting of the King Edward Jockey Club seemed to think that they had had a satisfactory outing. Isabel Casse, a two to five favorite, was the only first choice to go under, being beaten in a five furlong race, which Ben Lomond, at 7 to 2, won.

The weather was not promising, but t considerable number went to the island to witness the races.

A number of horses have reached the park from Toronto, and it is promised the future fields will be larger. Summary:

First race, 5 furlongs; purse, $200, for 2-year-olds—Ben Lomond, 110, Kohn, 7 to 2, won; Rusticana, 100, 20 to 1, 2nd; Isabel Casse, 112, Martin, 2 to 5, third. Eli Soo also ran. Time, 1.03 1-5.

Second race, six furlongs; purse, $200, 3-year-olds and up—Donna H. 107, Fain, even, won; Howlet, 100, Tellott, 8 to 5, second; Nanticoke, 107, O'Connor, 12 to 1, third. Square Deal also ran. Time, 1.17 1-5.

Third race, six furlongs, purse $200, 3-year-olds and up—Anavri, 104, Tellott, 3 to 5, won; Miss Cardigan, 107, Benzanson, 4 to 1, second; Equation, 104, Kohn, 2 to 1, third. Clem Beachey also ran. Time, 1.16 4-5.

Fourth race, six furlongs, purse $200, 3-year-olds and up—Merry Gift, 110, Pain, 1 to 4, won; Don Hamilton, 110, Martin, 8 to 1, second; Star Emblem, 110, S. J. Davis, 7 to 2, third. Okis also ran. Time, 1.16.

Fifth race, 5 furlongs, purse $200, 3-year-olds and up—Lady Chilton, 107, Martin, 1 to 2, won; Miss Rex, 100, Dryer, 4 to 1, second. The King, 100, Tellott, 5 to 2, third. Solumbus also ran. Time, 1.03 4-5.

Sixth race, five furlongs, purse, $200, 3-year-olds and upward—Mary Rue, 107, Pain, even, won; Dorothy Webb, 111, Dryer, 8 to 5, second; Winter Day, 100, Murray, 12 to 1, third. Johnny Wise, Isleton also ran. Time, 1.03 4-5.

CUP HUNTERS ON THEIR WAY EAST

Special to The Montreal Star.

Vancouver, B.C., September 21. — The Vancouver Amateur Athletic Club's lacrosse team left here at 7 o'clock last night for Toronto, to compete for the Mann Cup, which will carry with it the amateur lacrosse championship of the world. The team is in charge of James Findlay, a brother of Mr. Wm. Findlay, president of the Montreal Lacrosse Club, and Al. Larwell, who is known on the Coast as the Grand Old Man and the father of lacrosse. Al. Larwell is now about 70 years of age, but is still one of the boys, and has such a moral influence over the young athletes of the Pacific Coast, that he is thought more of on the coast than any other man connected with athletics.

St. Mary's Won Eleven; Tied One.

St. Mary's won their eleventh straight victory yesterday by defeating the Vaudville twelve by a score of 3 to 5 on the latter's grounds. St. Mary's will, if possible, enter the Junior League next season.

Only fourteen players were used by St. Mary's during the season, who were:—Welch, Norton, McWilliams, McAllindon, Moore, Gorman, J. Radcliffe, Boyle, M. McNamara, M. Greene, E. Greene, J. McNamara, E. McCahey, W. Adams.

BROCKVILLE OARSMEN ARE GREAT DANCERS

Special to The Montreal Star.

Brockville, Ont., September 21. — That interest in rowing is waning here, which was once the home of champions was shown by the miserably small attendance at the annual meeting of the Brockville Rowing Club. President Ritchie "knocked" the membership good and hard in his address for the laxity displayed throughout the season in developing the art, and sarcastically called attention to the success attending the weekly dances which cleared over $100. "As a dancing club," he said, "we have been a huge success," ther speakers who handed out food for thought were Judge McDonald, Rev. H. H. Bedford Jones, Dr. Mitchell, B. Craig, P. D. Hammond. The spring and midsummer regattas for fours barely had enough entries to make races. The winners of the former, Messrs. A. Gillerlain, F. Eagan, A. Pilgrim and F. Wolthausen received silver cups presented by Judge McDonald. Financially the club did well. The total receipts were $1,458, and expenditure $1,447. It is proposed to enter a team in the Quebec Rugby Union, with Prescott, Gananoque and Kingston.

The new officers are: Hon. president, Judge McDonald; president, Geo. E. McGlade; 1st vice-president, C. A. McLean; 2nd vice-president, H. B. White; secretary-treasurer, D. M. Downey; executive committee, L. C. Dargavel, Dr. Mitchell, F. I. Ritchie, J. Young, Dr. Gowan, Capt. A. Gillerlain; rowing committee, W. Row, C. E. Bissell, F. Egan, E. Mahern. The club has a membership of 200.

"CRANKS" and OTHERS

A student of human nature once remarked that "a crank is a man who KNOWS what he wants, AND GETS IT."

A good many hundred men have been brought up on Molson's Ale.

Fathers and grandfathers and great-grandfathers all used Molson's—for it has been brewed in Montreal for 124 years.

Naturally a man gets "cranky" where Molson's Ale is concerned. It is the Ale he has always enjoyed, and he wants Molson's or none.

Be a "crank"—and insist on having Molson's whenever and wherever you order—

"PRISONER IN SPAIN" TRIES THIS CITY

"Russian Banker Imprisoned in Madrid" Writes to Montrealer for Aid.

Procure Modest Fortune for Yourself and Save My Darling Daughter, Says the Writer.

Once again an attempt is being made to work the "Spanish Prison Fraud" on Montrealers. While the game is an old one—that of writing to implore aid on behalf of some one represented as suffering in the depths of some dungeon in Spain—and while the fraud has been practiced quite recently in other parts of Canada, it is some time since residents in this city have been selected as possible victims.

Yesterday, however, Mr. Charles M. Henderson, of 15 Shuter street, was surprised to receive the following letter, which bore a foreign postage stamp, the letter itself being written in a peculiar foreign style of handwriting.

The writer, as will be seen, claims to be a St. Petersburg banker, arrested in London, and sent to Spain to answer a charge of manslaughter. His letter is as follows:—

Madrid, 7—9—910.

"Dear Sir,

"Although I know you only from good references of your honesty, my sad situation compels me to reveal to you an important affair in which you can procure a modest fortune, saving at the same time that of my daughter.

"Before being imprisoned here, I was established as a banker in Russia, as you will see by the enclosed article about me of many English newspapers which have published my arrest in London.

"I beseech you to help me to obtain a sum of $480,000 I have in America, and to come here to save the seizure of my baggage, paying to the registrar of the court the expense of my trial and recover my portmanteau containing a secret pocket in which I have hidden the document indispensable to recover the said sum.

"As a reward, I will give up to you the third part, viz., 160,000 dollars.

"I cannot receive your answer in the prison, but you must send a cablegram to a person of my confidence who will deliver it to me.

"Awaiting your cable to instruct you in all my secret, I am, sir,

Yours truly,

DEMIDOFF.

"First of all answer by cable, not by letter, as follows:

L. Escudero,
Luna f cuardo dericha,
Madrid,
Received, Henderson.

Enclosed in the letter, as the writer stated, was a clipping alleged to be from a London newspaper reporting the arrest of a St. Petersburg banker, charged with fraud in Russia and with manslaughter in Spain. He had absconded leaving a deficit of over five million rubles. It was agreed in London that the prisoner should be sent to Spain to stand his trial for manslaughter.

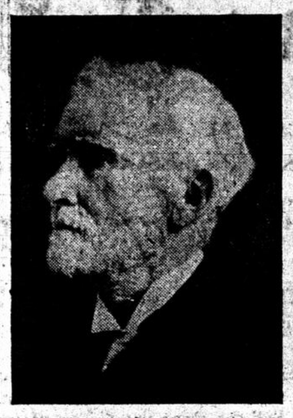

This forwarding of a newspaper clipping reporting the arrest of the so-called prisoner is one of the usual elements of the "Spanish Prison Fraud," it being easily explained by the fact that those working the scheme have a printing press of their own and turn out what at first sight look like genuine newspaper reports to suit the terms of their letter.

It is not likely, however, that the fraud will meet with much success in Montreal.

In the case of Mr. Charles M. Henderson, of 15 Shuter street, who was thus promised "all the secret" of the "poor prisoner," and the prospect of saving the "darling daughter," he promptly turned the letter over to The Star to be a warning lest some should actually be deceived.

Mr. J. Norton Griffiths, M.P. for Wednesbury, has sent a wireless to his constituents stating that Canada is throbbing with prosperity.

LATE MR. JAMES TASKER.

MR. JAMES TASKER DIED YESTERDAY

He Had Been Resident of Montreal for Last Fifty Years.

After a short illness, Mr. James Tasker died yesterday at his residence, 32 Drummond street. The deceased had been a resident of Montreal for the last fifty years. He was born 76 years ago at Dunn, Forfarshire, Scotland, and received his early education at the Brechin grammar school.

After a few years spent as a printer with the Brechin Advertiser he came to Canada, and settled in Toronto, with the idea of following the teaching profession. With this view, he took a course at the Provincial Normal School, Toronto, leaving with the highest grade certificates.

In 1866, Mr. Tasker came to Montreal, and established himself as principal and proprietor of the Montreal Business College, retiring from that position in 1881. In 1887, he was elected to the Board of Directors of the Sun Life Assurance of Canada. He was also a director, at the time of his death, of the City and District Savings Bank.

The deceased took a deep interest in the St. Andrew's Society, Protestant House of Industry, Temporalities Board of Management of the Presbyterian Church, Widows' and Orphans' Board, Montreal General Hospital, Protestant Hospital for the Insane, and others. He has been an elder of St. Paul's Presbyterian Church since 1877.

He was a widower and leaves one son.

The funeral takes place at 2.30 on Thursday afternoon.

Mosquitoes Hold Up Train

Engine Crew Compelled to Light Bonfire Before They Could Go on.

Special to The Montreal Star.

Granite City, Ills., September 21.—Mosquitoes to-day stalled a freight train for three hours just outside of Granite City, the crew being driven from the train by the immense swarm of insects.

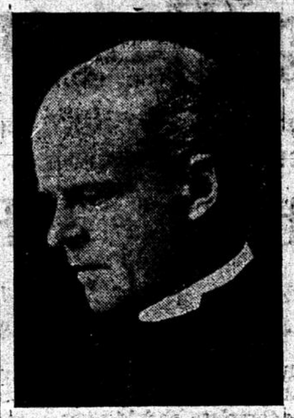

Not until the engine driver and fireman had built bonfires beside the engine could they enter the cab and take the freight into the yards.

Both men were bitten until their faces were almost unrecognizable. The conductor and brakeman were also badly bitten.

CONTRACTORS TOLD TO HURRY PAVING WORK.

In making their weekly inspection of public works, the Board of Control yesterday afternoon visited Fort, Drummond and Mackay streets and Mount Royal avenue. Where the paving work seemed to be advancing slowly, the contractors were urged to make better progress, especially on Mount Royal avenue, where it is complained that much inconvenience is suffered, owing to the roadway being torn up.

BISHOP BURGESS.

BISHOP BURGESS' TROUBLES.

New York Congregation Makes Attack on Clergyman.

New York, September 21.—"We are acting as Christians, but we have been shamefully treated, and by the bishop. We have the right to say so, and we expect to prove everything that we have said in our affidavits," said Mr. Francis C. Koehler, representing the vestry of St. Andrew's Protestant Episcopal Church, before Judge Garretson, in an effort to secure the removal of Rev. Wm. N. Ackley, the rector, against the wishes of Bishop Burgess, of the diocese.

The statement made before Justice Garretson yesterday continues:—

"Being satisfied that the said Bishop had deliberately lied to this deponent and his brother vestrymen, and that he had no intention of hearing their grievances, said vestry duly met and retained Darwin J. Meserole as their attorney and acting advocate."

Mr. Ackley got an injunction to restrain the vestry from preventing him from preaching on Sunday.

FREE MEALS ON BET MOSTLY IN THE JAIL

Man Bet He Could Board for Nothing and Governor Vallee Agreed With Him.

Harry Sanderson won his bet. He was advised to make no more of such a nature and was then allowed his liberty on suspended sentence.

Being in a sporting mood, Harry, according to his statement in the Police Court this morning, had entered into a bet with a friend that he could exist for some time without paying for his meals. The terms of the bet were arranged and Harry started on his quest. That was over a week ago and meals since then have not cost any money, so that the bet was won.

To begin with Harry went to the Canadian Pacific Railway dining room in Windsor Station and ordered up a meal. He did not pay for this. He went back some hours later for a second meal. He did not pay, but on this occasion was met by an official who knew nothing of the bet. Accordingly he had Sanderson arrested for the transactions there.

The meals thereafter were supplied by Governor Vallee's staff.

On telling his story to-day Sanderson was advised by Judge Bazin to refrain from making such bets in the future, and was allowed his liberty.

NO POLO MATCH TO-MORROW.

Ranelaga Ponies Cannot Get Here Till To-morrow Night.

It is greatly to be regretted that the inability to get the ponies of the Ranelagh polo team here, will compel another postponement of the first match.

There will, therefore, be no match on the Back River polo grounds to-morrow, and the initial match will take place on the Montreal Polo Grounds, which are also situated at Cartierville, on Friday afternoon, at 3.30 p.m.

The second match will take place at the same time Saturday afternoon, on the Back River Polo Grounds, also at Cartierville.

FIRST SAILING SHIP IN PORT FOR YEARS.

The three-masted Norwegian ship Sophie, now lying at Laurier Pier, Hochelaga, taking on a cargo of lumber for South American ports. The Sophie is the first full rigged ship that has been seen in the Port of Montreal for many years past.

BOARD OF CONTROL DECIDES ON CITY LIGHTING TENDER

Montreal Light, Heat and Power Offer is Recommended for Council to Adopt.

The Board of Control to-day received the analytical report of Mr. A. Parent, superintendent of the city lighting department, on the tenders that have been submitted for the lighting of the street lamps in the city.

"We have come to a decision on the matter," said Mr. Wanklyn, after the meeting was over, "and we hope that our recommendation will be in the hands of the City Clerk to-morrow morning at 10 o'clock, so that it may be considered by the Council at its meeting to-morrow afternoon."

More than that, Mr. Wanklyn declined to say, but it was learned from an authentic source that the recommendation of the Commissioners is that the tender of the Montreal Light, Heat and Power Company be accepted as the lowest and best tender.

This, if accepted by Council, means the possible adoption of two new grades of arc lamps, one of which will cost $72.70 a year, and is best adaptable to main business thoroughfares. The second is the Standard B. light, at $63.15 per annum, which is suitable for residential streets. On this point, however, it is understood the city will maintain an option to select whichever light they please in any particular district.

The price will be applied uniformly in every ward in the city, and also in new wards as they are annexed, providing the Light, Heat and Power Co. has a contract for lighting that district.

Under the tender, the company stands to forfeit some very high-priced street lighting franchises which were accorded to them for a long period of years by several municipalities before they were annexed. This fact was taken into consideration by the company when their tender was prepared, and it is upon the uniform basis of charges for the entire city that it is shown the Power Company's tender is lowest, the claim being that as the acceptance of others would of course mean the maintenance of the existing high charges in the suburban districts, some of them upwards of $100 per annum per lamp, the city's total lighting bill would amount to more than the rate of $72.70, which the Power Company is asking.

BRITISH BOWLERS DELIGHTED WITH CANADIAN TOUR

Visited Many Ontario Towns and Received Hearty Receptions Everywhere They Went.

After touring through Ontario and playing two games in every town they visited, the majority of the British bowlers returned to Montreal this morning in order to fulfill their promise to play a private game here this afternoon.

Speaking on behalf of the visiting bowlers, Mr. J. A. D. McLean said this morning that the tour had been eminently successful. They had won nineteen games and lost six, the successful Canadian clubs being: Alexandria, Granites, Victorias of Toronto, Hamilton, Peterboro and London.

"The Britishers," Mr. McLean said, "are high in their appreciation of the entertainments provided during our tour. We were motored around all the towns, the corporations invariably invited us to lunch and again in the evening the clubs entertained us to dinner. This was repeated day after day."

During the tour, the visiting bowlers played two matches a day in the following towns: Ottawa, Peterboro, Toronto, Niagara Falls, St. Catharines, Hamilton, Brantford, Paris, London, Petrolia, Sarnia, Windsor, Detroit, Clinton, Stratford, Berlin, Waterloo, Guelph, and Owen Sound. The best bowling greens in Canada, in the opinion of the Britishers are: St. Matthews in Toronto, and those in Clinton, London, Stratford and Owen Sound.

"The Canadians, Mr. McLean said, had undoubtedly improved very much in their play and this improvement would likely continue as an agreement had been reached whereby the Canadian bowlers will go to the Old Country to play two years from now.

"What we have found very remarkable," said Mr. McLean, "are the young mayors that you have in your towns in this country. Most of those we met in Ontario are about thirty years old. Mayor Geary, of Toronto is only thirty-two. In our country we have to be bald-headed and paralyzed before they give us such honor as that."

The majority of the bowlers are leaving by the Empress this week. Mr. McLean, however, will sail by the Ionian.

LADIES' DRIVING COMPETITION AT GOLF TOURNAMENT

Miss Thompson, of St. John, N.B., Won With 524 Yards.

Special Staff Correspondence.

Toronto, September 21.—The honors in the Driving Competition in connection with the Ladies' Golf Championships tourney at the Toronto Club's links this morning were carried off by the Maritime Province champion, Miss Mabel Thompson, of St. John, N. B., who made a total of 524 yards for the three balls driven. Miss Thompson has a free easy style and hits her balls clean and sharp. In her first attempt she made 187 yards and followed this up with 172 and 165 yards drives which gave her the fine total.

The longest drive of the morning in connection with the competition was credited to Miss Nesbitt, of Toronto, who made a remarkable drive of 191 yards. Her second drive, however, went out of bounds and put her out of the running.

Miss Dick, of Lambton, captured the second prize, her score being 177, 176 and 162 yards respectively, which gave her a total of 515 yards.

Although there was a strong north wind blowing throughout the morning, the players did remarkably well and comparatively few balls went out of the bounds.

Miss Campbell, of whom much was expected, failed to connect with her balls in her usual style and only got third place with 501 yards as her total.

Mrs. Henry Anderson, of Montreal, was on hand early but like Miss Campbell could not make the necessary connections with the rubber and as a result only made a total of 454 yards for her three drives, which gave her eighth place.

The best twelve scores are as follows:

	1st.	2nd.	3rd.	Tl.
Miss Thomson	187	172	165—	524
Miss Dick	177	176	162—	515
Miss Campbell	163	153	180—	501
Miss J. Harvey	175	173	143—	497
Miss Fellows	173	151	159—	483
Mrs. McInnes	147	160	172—	479
Miss Cox	161	167	147—	475
Miss Henry Anderson	141	143	170—	454
Mrs. A. Pepler	170	144	155—	469
Miss Crysler	157	144	154—	460
Mrs. Rodger	148	179	156—	483
Mrs. Stikeman	144	148	127—	419

ARREST MADE IN HAVELOCK CASE

Husband of Slain Woman Placed In Custody—Inquest on Friday.

Havelock, Que., September 21.—Mr. Hugh Deline was arrested here last night by County Constable Williams and Provincial Detective Reburn, in connection with the murder of his wife, Telisa Deline, at their home in North Belmont, on Thursday night last.

Deline appeared before Magistrate Joyce last night and was remanded to appear at the inquest on Friday of this week.

Deline was shown to have left a neighboring farmer's place where he had been working, at six o'cock. He arrived at his own home, according to his own statement, at 8.30 o'clock. At ten o'clock he appeared at the Newel home and told them that he had found his wife dead on returning from his work. When placed in custody the prisoner merely said, "I am an innocent man."

Deline is about 27 years old, of light complexion and medium height. The neighbors have always regarded him as a little queer.

BIRTHS.

HONE — On Wednesday, September 21, to Mr. and Mrs. Alfred Hone, a son.

DEATHS.

TWO BOYS ESCAPED FROM BOYS' TRAINING SCHOOL AT SHAWBRIDGE

Two boys escaped from the Boys' Farm and Training School, Shawbridge, on Monday night, and have not yet been located. The officials of the institution publish the following descriptions of the young fugitives:

Frank Fraser, alias Frank Foske, is 16 years old; 5 feet 6 inches in height, with curly brown hair, blue eyes, full figure, laughing face, and discolored teeth. He is a pleasant spoken boy and is very intelligent. He wore a blue serge suit and had a hand cuff on one wrist when last seen.

Samuel Isadore, is a Hebrew, 15 years old, dark, with curly hair; height, 5 feet 3 inches, narrow chested with slight stoop, weak chest, slouching gait. He wore khaki overalls and a black jacket.

Assault Case Dismissed.

The case against Mrs. D. M. Carruthers, charged with committing common assault upon Janet Finlayson was disposed of in the Police Court this morning before Judge Bazin. The case was dismissed without costs.

ROYAL COMMISSION MEETS AUTHORITIES

Tell Representatives of Universities and Schools Nature of Information Required.

The members of the Royal Commission on Industrial Training and Technical Education spent the morning to-day visiting Laval University and the Polytechnical Institute. At both places they were received by the professorial staffs and shown the work being done by the institutions.

A luncheon in the Mount Royal Club was tendered the members at 1 o'clock this afternoon by the Mayor and the Civic Reception Committee.

The Commission held another session in the City Council Chamber at 3 o'clock this afternoon. At this meeting representatives of McGill and Laval Universities, the two Boards of School Commissioners, Superintendents of Schools, the Institute of Architects and other educational and industrial bodies were received. The chairman of the Commission, Dr. J. W. Robertson, outlined to the different representatives what information and suggestions are needed and requested the several interests to be prepared to appear again before the Commissioners when they meet here next January on returning from their western trip.

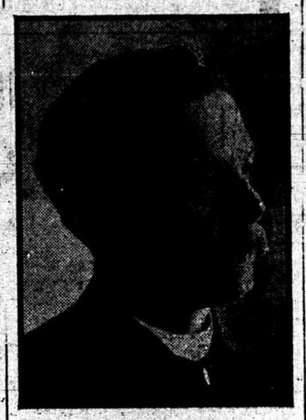

At 4 o'clock the Chambre de Commerce will receive the members at their council chambers and the Commission will leave to-night for Quebec.

At Macdonald College yesterday afternoon, Dr. Sinclair, head of the College for Teachers there, suggested the establishment of consolidated schools in the sparsely settled parts of the country. The small schools of the rural districts and the attendant absence of proper equipment and apparatus was the chief obstacle to be overcome, he said. The lack of qualified teachers, too, was a drawback to efficiency. By the adoption of the consolidated system, both these obstacles could be overcome.

Dr. Sinclair also advised a certain amount of technical training from the very outset of a child's education. This, however should be done in a more intelligent way than had sometimes been the case in the past, and the child should be induced to take an interest in the work he was being given.

Dr. Harrison, acting principal of the college, and Miss Fisher, head of the School of Household Science, also spoke before the Commission on other phases of the institution's work.

OPENING OF COLLEGE.

REV. W. H. SMITH, of St. Paul's Church, Fredericton, N.B., who is to deliver the address at the opening of the Montreal Presbyterian College.

MANY STUDENTS ARE ENROLLED AT ALL M'GILL FACULTIES

But There is a Scarcity of Candidates for the Ministry in Theological Colleges.

Applications for admission into the several faculties of McGill University indicate that the number of first year men will be larger than usual in all departments.

The progress made in the building of the new medical college has been very satisfactory, and it is expected that the improved facilities will have a most salutary effect on the number of candidates enrolled by the faculty this autumn. Already the offices of this branch of the university have been moved into the new quarters, where the officers of the faculty are now prepared to carry on the executive part of their work.

More than 250 students took part this year in the special summer surveying work, proving the popularity of this section of the science course. The school opened on September 5, and closed yesterday.

Regular classes in all faculties will be opened on October 1st, by which time all the professorial staff will have returned from their summer outings. Principal Peterson will reach the city from England the end of the present week; Prof. Macnaughton, who accompanied Earl Grey on his recent trip to Hudson Bay, is already here, as are also Professors Penhallow, Slack, Dr. Willie, who succeeds Prof. McBride in the chair of zoology, and Dr. Adams, who has just returned from Stockholm, where he represented McGill at the Geological Congress.

Work in the several theological colleges affiliated with the university will commence about the same time as that of McGill. The Wesleyan College will open on September 28, and the Presbyterian on October 4. These colleges, in common with other denominational educational institutions, report a scarcity of students offering themselves for the ministry.

Principal Scrimger, of the Presbyterian College, stated yesterday that it was estimated his church alone would require 1,500 men for the ministry in the Canadian Northwest, and that the problem of where the men were to come from was a serious one. Some modification in the college courses might be advisable, he thought, as men past their youth found it difficult to learn Latin and Greek, and the time spent on these studies might with advantage be devoted to other studies more easily acquired.

On Tuesday evening, October 4, the opening date of the College, the Rev. Dr. Smith, of Fredericton, N.B., will deliver the inaugural address. His topic will be: "The Relation of the Church to Social Questions." The regular classes of the college will commence the following day.

EMANCIPATION INJUNCTION JUDGMENT

Court Allows Committee to Make its Report to Council.

But Raps the Committee as a "Court of Inquisition" and Reserves One Point for a Month.

The civic committee appointed to enquire into the Milette charges against Emancipation Lodge may make its report to the City Council.

This morning, Mr. Justice Demers rendered judgment on the petition of Joseph Fortier, who sought a writ of interlocutory injunction against the committee to prevent them from continuing their inquiries and making report.

"The Court having found," His Lordship said, "that the committee could inquire into the conduct of the officers of the city, cannot it seems to me, logically prevent them from making a report. The Court is, moreover, convinced that in this report they will confine themselves strictly to the questions at issue.

"Seeing that the advocates of the petitioner have expressed fears that the inquiry might be continued by other parties, in spite of the declaration made before the Court, the Court decides to suspend its decision on the present petition for a month in order to give the inquiring committee time to make their report to the city in the interval."

A Court of Inquisition.

The judgment of His Lordship contains a number of sharp raps for the committee of inquiry. After quoting some of the questions asked of witnesses during the proceedings, His Lordship remarked:

"The facts show that the members of the committee attempted to make a sort of court of inquisition of their investigations. All that would not have happened if the city had entrusted the direction of the proceedings to its own advocate."

The judgment quotes in substantiation of the declaration, such as the following: The declaration of Mayor Guerin that the inquiry is not confined to Grandchamps and Laberge, but was "practically" an inquiry into all the members. "Not only this declaration," the judgment adds, "but a multiplicity of illegal question convinces the court that there was "parti pris," abuse of powers by the committee."

His Lordship cites, in the first place the Milette letter to the City Council which led to the appointment of the committee.

"It has been said," Judge Demers continued, "that the complaint of Milette was a question for the criminal courts. That is true, but it is none the less evident that the City Council had the right to see if these employes (Dr. Laberge and Inspector Grandchamps) were responsible for this alleged conspiracy.

"It is true that no direct accusation was made against the two employes of the city, but the Council having considered that it was pertinent to inquire even into an indirect charge, should the Court intervene especially when the parties interested did not complain, and when no one protested against the holding of an inquiry? One must say that the question is at least doubtful, and refuse to intervene with a writ of interlocutory injunction."

The inquiry had been declared closed, irregularly perhaps—through the medium for instance of the newspapers—and as it was about to be re-opened, the petitioner whose name had been brought up in the inquiry, had applied to the Superior Court for an interlocutory injunction to prevent continuance of the investigations. "On the other hand," His Lordship added, "the respondent committee have declared through their counsel that the inquiry is finished. An injunction cannot prevent what has already been done."

The appointment of Mr. J. C. Homery as vice-consul for France at St. Johns', Newfoundland, has been approved by the King.

READY TO WORK ON RECIPROCITY NEGOTIATIONS

The New York Commercial Thinks Proposals Come Too Late Now, However.

Special to The Montreal Star.

Washington, D.C., September 21. — Professor H. C. Emery, chairman of the new tariff commission, reached Washington to-day, and Alvah H. Sanders, a member of that body, also arrived. Both are ready for the winter work of preparing information on which a scientific revision of the Payne-Aldrich tariff law may be based, and on preliminary work for Canadian reciprocity.

Prof. Emery does not thing there is much chance that the commission will be able to make any recommendations for a revision of the individual schedules of the tariff law at the coming session of Congress.

President Taft, in his letter in the Republican campaign text-book, declares for a revision of the individual schedules of the law where the tariff commission so recommends.

Mr. Emery thinks the investigations of the commission have not gone far enough to warrant the revision of any schedules this year.

THINKS MAJORITY AGAINST RECIPROCITY.

Special to The Montreal Star.

New York, September 21.—The New York Commercial says:

"In all probability dissatisfaction with the tariff had little to do with the shrinkage of the Republican vote in Vermont and Maine. It is even more improbable that the popular demand for Canadian reciprocity in those States had anything to do with it. Still, there is good reason to believe that negotiations for trade reciprocity are 'on' between Washington and Ottawa.

"But this does not mean that a treaty may have an early conclusion between the two governments and be ready for consideration by Congress. Indeed, the great bulk of the people of the Dominion do not want reciprocity with the United States, and the publication of a tentative treaty would no doubt operate to heighten popular opposition to it there.

CRITICIZES MGR. BOURNE.

Le Temps Disagrees With His Views on Language Question.

Special to The Montreal Star.

Ottawa, September 21.—Le Temps, the French newspaper of Ottawa, publishes a criticism of Mgr. Bourne, archbishop of Westminster, for his speech on the English language, delivered at the Eucharistic congress, and of Bishop Fallon of London in regard to his dealings with the bilingual schools of his diocese.

"It is under the blows of misfortune that apathy disappears," says the editorial in part, "and we say to Mgr. Fallon, 'Very well; continue your work of Anglization and you will contribute to the awakening not only of the French-Canadians of your diocese, but also all our compatriots in Ontario, the national French sentiment, unfortunately somewhat dormant in some of us.'"

The editorial also refers to Bishop Fallon's attitude at Ottawa university, saying that the news of his present conduct is not surprising when the former is considered.

"It is a strange proposition, coming from the mouth of an archbishop, to say that unity in religious belief will be better and stronger if nothing but the English tongue is spoken," says the editorial in connection with Mgr. Bourne's address. It critizes his attitude on this question as wrongly taken.

More Buffalo for Wainwright.

Winnipeg, September 21.—The final shipment of one hundred head of buffalo from the Montana ranch of Michael Pablo, from whom the Dominion Government purchased the herd now at the park at Wainwright, will be made to Wainwright on September 28. It is the intention of Howard Douglas, Commissioner of Parks, to go to Montana within the next few days to arrange for the shipment.

Funeral of Late G. Marchand, M.L.A.

St. John's Que. September 21.—The funeral of the late Mr. G. Marchand, M.L.A., took place yesterday, and was very largely attended. Among those who paid their last respects to the deceased were Sir Lomer Gouin, Hon. L. A. Taschereau, and Hon C. R. Devlin.

Japan's Far-Sighted Policy.

Washington, September 21.—Japan appears to be steadily moving forward in a systematic policy of extending her influence and trade on the eastern shores of the Pacific Ocean. Advices to the State Department from its officers in Peru are to the effect that the Japanese special embassy which was sent to Chili to participate in the centenary celebration of independence spent some time in Peru, en route to Santiago, and was received with the greatest cordiality.

During Their Exposition Week

Dress Goods, Costumes and Millinery

Are Being Given Special Prominence in These New Shades

New Blue Dress Serges

The new Blue Serges now being shown in the Dress Goods Department are of unusual merit, as much with regard to the superior quality of the weaves shown as to the extremely moderate prices at which they are offered for sale.

Basket Weave Blue Serges, extremely desirable for dainty, smart Fall costumes and undoubtedly fashionable, are being shown at $1.30 and $1.60 per yard.

New Diagonal Blue Serges, one of the most popular weaves, that should prove serviceable and attractive for street costumes, are now being shown in a variety of qualities at 85c, $1.10, $1.20 and $1.60 per yard.

Distinctive Fall Costumes

Various adoptions of the semi-fitting model are now being shown in the newest Fall costumes, which are tailored in extremely graceful lines. The many distinctly new effects in Blue which have been achieved in tailoring and trimmings will without doubt excite the interest of visitors to this Department.

Women's Costumes in a range of Venetian Cloths and Diagonal Serges, are shown in semi-fitting styles, beautifully tailored. Variously designed collars and many fancy effects in cuffs, pockets and trimmings serve to render these models exclusive. The skirts are made in full pleated styles, some trimmed with braid in the modified hobble effect, others plain. Price $25.00 to $35.00 each.

Women's Costumes in Cheviots and Broadcloths, tailored in semi-fitting styles that are extremely effective. Fancy braid enters largely into the trimming of these costumes. Many exquisite effects being obtained. The materials used are of the best obtainable quality and should give entire satisfaction. The skirts are made in pleated and panel styles, many of them showing the modified hobble effect. Price $35.00 to $50.00.

New Models in Millinery

The prevalence of Blue, in all it shades, in the most attractive millinery creations for Fall wear, is a noticeable feature and serves but to emphasize the importance of blue as the most fashionable color for this season's wear.

The following details are illustrative of the many beautiful models that can be obtained in this most attractive shade of blue.

A large Hat, drooping shape, covered in American beauty velvet, shrouded in blue chiffon. Facing of rich blue velvet with a band of the same encircling crown, finished with a soft flat bow low on the brim. This Hat is finished with a small wreath of roses which encircles the crown. Price $31.00.

Soft, crush, small Turban Hat, which covers hair completely and is worn without pins, resting lightly but securely on head, is made in bright national blue velvet with turned reveres of satin in the same shade finished with a flat pleated bow. This Hat is remarkably attractive and can be worn for motoring or street wear effectively. Price $35.00.

AMUSEMENTS

His Majesty's.

"The Call of the Wild," a dramatization of Frederick Remington's novel, "John Ermine of the Yellowstone" will be presented at His Majesty's on Monday next. It is a thrilling tale of western life during the period of 1877-78. The role of the hero, John Ermine is played by Franklin Woodruff. Ermine is a white man who has been raised by Indians and doesn't understand the customs of his own people. Engaged as a scout in the United States army, in the war against the Sioux, he falls in love with the daughter of the Major of the Regiment. She, however, though fond of him, cannot brave the comment of her own sort by marrying him—this half wild white man. After several difficulties, he responds to the "Call of the Wild" and returns to his Indian life, where he is followed by the girl and all ends happily.

Princess.

"The Great John Ganton," a drama which is laid in the stock yards district of Chicago, will be given at the Princess next week. The play had a long run at the Lyric Theatre in New York. It was written from Arthur Eddy's novel, "Ganton and Co.", which was said by reviewers to be a reproduction in part of the life of the late Phil Armour. The first scene is laid in the stock yard offices of Ganton and Company. There is a strike in progress and the old man is in the thick of the battle. Of course there is a love story. The principals are John Ganton's college-bred son and May Keating, the daughter of a man who John Ganton, years before, drove to bankruptcy and suicide.

Francais.

Next week's bill at the Francais will be headed by Gertrude Vandyke and Ray Feron, in a singing oddity. The Sidonias will appear in "The Lady Artist and the Tramp." Scintilla, the violin soloist, is spoken of as a clever musician. Gladys Arnold and company, will present their comedy sketch, Billy A. Falls is to do an act which has earned for him the name of the assassin of sorrow. Moss and Frye, the two black knights, will give their character stunt. The Bounding Lanoles will furnish what is claimed to be a clean and skilful gymnastic turn. Exceptionally good pictures are promised.

Orpheum.

The popular monologuist, Frank Fogerty, heads the list of features for the Orpheum next week. The contract calling for his services, at the Orpheum in this city were signed in Brooklyn in October, 1909. Among others booked for next week are: Luciana Lucca, the vocal phenomenon who sang all last summer at Hammerstein's Roof Garden; Hall Davis and Pretty Inez MacCauley, in a new race track sketch entitled "The Unexpected"; Phil and Nettie Peters, old favorites; and the Arnaud Brothers, foreign gymnasts.

Royal.

Dave Marion and his big Dreamland Burlesquers will be the attraction at the Royal next week, beginning with the usual Monday matinee. "The Aeronaut" is the title of the new two-act musical extravaganza to be presented. Dave Marion always has a good show, but claims that in this season's production he has reached the ambition of his life and has the best show in the burlesque wheels.

Montreal's Season of Opera.

The Montreal Musical Society has just issued the complete list of its regular artists for the season of opera to be given at His Majesty's Theatre. It is here given in alphabetical order: Mmes. Frances Alda, Louise Barnolt, Jeanne Ducasse, Marie Elba, Esther Ferrabini, Christine Heliane, Helene Koelling, Alice Michot, Simone Riviere, Camille Seygar; Messrs. Hugh Allan, Fernando Autori, Umberto Bucchieri, Natale Cervi, Edmond Clement, Jacques Deru, David Magnanelle, Andrea Sarto, Eugenio Torre, Henri Varillat.

The subscriptioins for the Monday and Thursday performances are encouraging. The boxes have all been sold for the entire season, which shows that this city is alive to the usefulness of the present undertaking.

Glasgow Choir.

The famous Glasgow Select Choir consists of twenty members, all of whom are professional singers and possessed of voices of high culture and the necessary ability to make a perfect blending tone. As individual vocalists they are in the front rank of the profession and are touring Canada and the United States for the first time. The programme consists of Scottish, English and Irish part songs, glees and madrigals and are varied by a large number of solos, duets and trios. The Glasgow Select Choir are giving their concert in the Arena at 8 o'clock to-night.

Silver Deposit Ware

The depositing of graceful traceries of Sterling Silver upon Fine Glass has developed into an art of exquisite attractiveness, as is evidenced by our present display of Wedding Gifts.

Flower Vases and Flower Bowls offer a most varied choice, both as regards design and price range. From $1.50 to $5.00 will secure one of the many Bud Vases, while from that to $100 come the varying sizes of larger pieces for long-stemmed and short-stemmed flowers.

Selection sent on approval to out-of-town customers upon request.

Zebeline Cloth is a very attractive weave that is ideal for late Fall costumes. The beautiful heavy texture and superior finish of this material is immediately apparent, and should appeal to women of taste who desire distinctiveness. This material is 45 inches wide and is shown in the following colorings: Olive, wistaria, navy, petrol and aeroplane. Price $1.50 per yard.

An exclusive weave of Basket Cloth, for which there has been already an extensive demand, can now be obtained in the following new colorings: Blue, reseda, brown, tan, olive, wistaria, and aeroplane. This fabric is 52 inches wide., Price $1.60 per yard.

French Chiffon Broadcloth, is woven with a remarkably fine, smooth finish that holds the light perfectly. The unusual popularity of this material for street wear and dress occasions is constantly increasing. Eighteen different shades can be obtained in this cloth, which is 48 inches wide. Price $1.60 per yard.

Cream Serges, Cheviots, Basket Cloths and Estamines. Cream is becoming increasingly popular for smart street costumes for Fall wear and these weaves represent the most superior grades in this attractive coloring. Prices: Serges, 65c, 75c, 80c, $1.00, $1.25 and $1.40 per yard; Basket Cloth, $1.10 and $1.40 per yard; Cheviots and Estamines are the same prices as the Serges.

Beautiful Novelties in Fall Trimmings

The handsome new Garnitures, Transformations, and Trimmings, which are now being shown in the Trimming Department are remarkably beautiful in both conceptions and designs. Jet and Gold Beadings are extensively employed in the more exclusive designs, while combinations of colored silk and gold will undoubtedly find favor. The variety of the patterns displayed affords scope for perfect selection rarely equalled at any time previously, so that women who would secure the advantage of complete assortments, would be well advised to shop now. The following is a brief description of the more important lines:

Garnitures and Dress Transformations, beautifully designed in colored silk and beads, in an immense variety of patterns. A representative pattern in this assortment is a large Garniture made in pale blue silk with unusually attractive designs in gold and beads and white satin pearls. Price $25.00.

New Persian Trimmings, the very newest creations, made in lovely designs of iridescent beads and colored sequins. Prices $2.75 to $3.50 per yard.

Fancy black military Braid, 3 inches wide, the newest trimming for costumes. This braid can be obtained in narrow widths to match. Price 80c to $1.40 per yard.

Black Silk and Jet Insertions, made in a remarkable assortment of new and beautiful patterns. Price $1.25 to $4.50 per yard.

Beautiful Silk Appliques, made in all widths and colors affording a unique selection. Some of the patterns shown have smart designs, in metal beads. Price 60c to $2.75 per yard.

Women's Superior New Fall Gloves

The decided advantage of purchasing Fall Gloves at this Store can be easily understood by women who have examined the new styles now being shown in the Glove Department.

The charming new Fall colorings, the perfectly matched skins, from which these Gloves are made, and the careful manner in which they are finished, these are factors in glove perfection, that should not be overlooked by women who expect smart appearance, perfect fit, and durability, in return for the purchase price.

It is in these respects that these Gloves are distinctly superior and will undoubtedly give entire satisfaction in every instance. A few suggestions in stylish Gloves for Fall wear include:

Women's real French Glace Kid Gloves, beautifully made from selected skins that are soft, comfortable and perfect fitting. These Gloves are made with fancy points, 2 dome fasteners and can be obtained in all the new shades. Price $1.15.

Women's genuine French Kid and Paris Suede Gloves, made from perfectly tanned skins, beautifully colored by a special process. These Gloves have smart braided backs, 2 dome fasteners, and particular care has been given to details. Black and white and every new color is represented in this line. Price $1.50 per pair.

Women's real French Glace Kid Mousquetaire Gloves, made with three wrist domes, are 16 inches in length and can be had in the correct shades. The skins from which these Gloves are made are distinctly superior in quality. Price $1.75 to $3.50 per pair.

Women's Paris Suede Mousquetaire Gloves, are unusually attractive for evening wear and are produced from the best obtainable skins, which are colored by a specially patented process. These Gloves have three dome fasteners, and can be had in all shades. Prices $2.25 and $3.00 per pair.

New Styles in Fall Footwear for Women

The Fall season has introduced several distinctly new and attractive styles in Women's footwear, which are now being shown in the Shoe Departent.

The most noticeable feature of several of these new styles, is the prevalence of the plain toe effect that is extremely smart and effective. Pointed toes and high Cuban heels are again in favor and are attractively embodied in many of the new models, while patent colt seems to be the most favored leather for the present season.

For evening wear the new styles as shown here, form a fascinating study for women of taste and discrimination. The following descriptions are illustrative of some of the newer lasts.

Women's Vici Kid and Gun Metal Lace or Button Boots, made on a very smart American last, embodying many new different light and heavy styles; carried in all widths and sizes. Price $4.00 to $7.00.

Women's Velour Calf Boots, made in an attractive medium or pointed toe last, with patent caps and Cuban heels. These Boots are exceptionally smart and comfortable for street or dress wear; all sizes in stock. Price $5.00 and $6.00.

Women's Patent Colt Lace or Button Boots, made with narrow or wide toes, low or high Cuban heels; all sizes and widths can be obtained in this line. Proce $4.00 to $7.00.

Women's Tan Russia Calf Boots, in lace or button styles, are shown in a variety of attractive American lasts in medium and heavy styles; all widths and sizes may be obtained in these Boots. Price $5.00 and $6.00 per pair.

VISIT TO SMALLPOX HOSPITAL REVEALS ONLY A GUARDIAN THERE

Yesterday afternoon the members of the Board of Control paid a visit to the city's smallpox hospital on Moreau street. Fortunately, there has not been any demand made for accommodation for the sick for a long time at this place. The only present occupant is a guardian. The question, however, has been raised if the place is suitable for the treatment of smallpox in the event of a case occurring in the city, and it was, therefore, resolved by the Board to make an inspection yesterday prior to coming to a decision on the question raised. A report will be made on the subject to Council at an early date.

STRIKER'S CHILDREN STAND BY PARENTS

Will Not Go to School With Non-Union Men's Children—Novel Impasse at Springhill.

Halifax, N.S., September 21.—A new feature arising out of the strike in the Cumberland Railway & Coal Company's mines in Springhill is being experienced. The men have been out for fourteen months. When the schools re-opened the children of the strikers went out in a body, refusing to sit beside the children of the strike-breakers or men at work in the mines. The former were in the majority, and they not only went out, but stayed out. Attorney-General MacLean went up from Halifax to Springhill and tried to reconcile the differences and get the children together, but he failed. The school authorities, to tide over the trouble in the meantime, have asked the non-union youngsters to stay away from the school.

The company is constantly increasing its output of coal. The striking men now have all been evicted from the company's houses and their places taken by men working for the company.

SILVER AT PORT ARTHUR.

Vein Found in Quarry With, the City Limits.

Special to The Montreal Star.

Port Arthur, Ont., September 21. — A mining experiment which is somewhat novel in its general features will be undertaken within the city limits of Port Arthur at once. Recently Stewart and Hewitson, contractors, ran across a vein of silver in their rock quarry, situated within the city limits. Assays gave promise of a remarkable find.

Since then Stewart & Hewitson gave an option to Mr. Cyrus E. Baker, an expert mining man of Denver, Colorado, and to Mr. Barney Wilcox, on six acres of the property, for which they received $50,000, at the same time retaining a large interest.

The conditions of the option provide that Baker and Wilcox will commence work immediately. To facilitate preliminary work an eight by ten double compartment shaft will be sunk at once to a depth of one hundred feet.

Baker and Wilcox, according to the terms of their option, are to spend $20,000 on preliminary development.

ODDFELLOWS' OFFICERS.

Grand Lodge in Session at Atlanta, Georgia.

Atlanta, Ga., September 21:—The Sovereign Grand Lodge of the Independent Order of Oddfellows elected the following officers: Grand sire, John B. Cockrun, Indianapolis; deputy grand sire, C. A. Keller, San Antonio, Texas; grand secretary, John B. Goodwin, Baltimore, re-elected; grand treasurer, M. Richards Muckle, Philadelphia, re-elected.

Count Harmon Found Bankrupt.

London, September 21. — The London Court of Bankruptcy yesterday examined the affairs of Count Louis Hamon, palmist, journalist, financier and former owner of the American Register of Paris. His liabilities were found to be £43,266, and his assets £10.

Blow for Vice-President Sherman.

Utica, N.Y., September 21.—Vice-President Sherman was defeated in his own election district, his own ward, and his own assembly district, by the Progressive Republicans at the primaries in Utica yesterday, though he carried the city by gaining delegates in a scant majority of the wards.

"YOUR FACE LOOKS SO MUCH BETTER!"

Pimples and Blemishes Cleared Away by Poslam, the New Skin Remedy.

Results are seen after one over-night application of poslam when used for pimples, blemishes, rashes, undue redness, clearing the complexion, etc. It works wonders in quickly restoring any affected skin to normal condition and healthy tone. "My face was always full of big pimples, and I used to be ashamed to go on the street," writes Mrs. Helen Christian, Jersey City, N. J., "but since I used poslam my face is as clear as a new-born baby's."

In promptly disposing of these minor skin troubles, poslam gives evidence of its remarkable powers to heal the more serious and stubborn skin diseases, such as acne, tetter, scabies, etc., in which it has made its great reputation. Itching is stopped as soon as poslam is applied. A sample sufficient to show results is mailed free, upon request by the Emergency Laboratories, 32 West Twenty-fifth St., New York City. Poslam is sold in two sizes (trial, 50 cents; regular jars, $1,) by all druggists, particularly Robert H. Bryson, and Quenneville and Guerin.

LOUISE LE BARON A NOTABLE AZUCENA

Aborn Opera Company Gives Good Performance of "Il Trovatore" to Enthusiastic House.

Without going beyond the limits of an artistic appeal, Miss Louise Le Baron last night gave an unusually interesting interpretation of the role of Azucent in the Aborn Opera Company's production at the Princess. Vocally, it was more than adequate. In dramatic intensity it was distinctive to no small degree, and its compelling realism fascinated. Miss Le Baron held her audience easily. Of her ability as a singer it is unnecessary to speak. But few who had not seen her in the role before would have been inclined to credit her with such emotional depths as she sounded in this gypsy impersonation.

She displayed an attention to detail that added notably to the conviction her work carried with it. The technique of her make-up was of itself admirable, and she brought to bear upon the interpretation of the role a wealth of sincerity and histrionic artistry that made her Azucent something far removed from the commonplace. She achieved her climaxes without strain, and invested the role with a sinister strength and significance absolutely correct but rarely seen. It was a triumph of interpretative art, upon which Miss Le Baron is to be warmly congratulated.

The Leonora was Miss Paula Brandle. She possesses a voice of rather unusual timbre and of penetrating sweetness, and her technique is by no means limited. Hers is a voice that surprises continually, and she knows how to use it with thrilling effect at times, though she does not always emphasize the genuine operatic moment. For instance, though she sang the beautiful cabaletta in a manner that delighted all who heard her, she left much of the significance of the passionate lament preceding the Miserére to the imagination, only to rise to the supreme requirements of the Miserere itself most convincingly. Her interpretation was a genuinely sympathetic one, but of uneven dramatic values, and its chief merit lay in its freshness and the charm of naturalness she lent to it. She is beyond doubt a gifted and attractive artiste, with big possibilities.

Mr. Paul Bleyden, the Manrico, is a genuine tenore robusto, though not always equal to the additional strain of delivering in English some of the passages allotted to Manrico. The music, flexible enough when sung in so flexible a tongue as Italian, becomes infinitely more difficult to sing to more angular phrases. If at times Mr. Bleyden seemed to be putting his voice to undue strain, the explanation may be found in this fact. His delivery of the famous cantabile was excellent in phrasing, but in more agitated selections he was slightly prone to wander from the key.

As the Count di Luna, Mr. Luckstone proved uneven. His singing in the agology for a trio which ends the first act was rather lacking in fire, but later he warmed to his work and was responsible for some of the most delightful moments of the evening. Of Mr. George Shield's Ferrando it may truthfully be said that it was admirable in every detail.

The chorus did sound work, and in the Miserere the choral-singing was really good. The orchestra, moreover, acquitted themselves to much better all-round effect than on the opening night, and though they did not conceal all the faults of the orchestration, they did not, on the other hand, fail to bring out its melodic strength.

This afternoon, "The Bohemian Girl"; to-night, "Carmen."

Some Printing Bureau Changes.

Ottawa, September 21.—Before the coming of the new superintendent of the Printing Bureau, it is proposed to retire some of the officials under disagreeable for reasons not altogether derogatory to the character of the men themselves.

Supt. W. McMahon's superannuation is part of the scheme, and Alban E. Chamberlain, a clerk who had the register of stationary supplies, who was recently suspended for a week, was relieved by order. His salary was $1,450. Other orders of a like nature are expected daily.

Pittsburg Taxi Chauffeurs Strike.

Pittsburg, September 21.—All Pittsburg taxicabs were tied up at midnight because of a strike of the chauffeurs, who declare they will not return to work until the companies agree to pay for the gasoline. The men have been working on a basis of 20 per cent. of gross receipts and paying for gasoline.

Took Relative for Deer; Shot Him.

Syracuse, N.Y., September 21.—Clifford Judd, well known in St. Lawrence county, yesterday afternoon, shot and killed his brother-in-law, Theron Plumb, mistaking him for a deer. The tragedy occurred in a wild, brushy region, near Horse Shore, St. Lawrence county.

BELL TELEPHONE MEN HOLDING CONVENTION.

Contract and commercial men to the number of a hundred representing the Bell Telephone Company of Canada, and the various Bell companies of the United States are holding their annual convention at the Windsor.

The meetings began yesterday and will continue throughout the week.

It was explained that matters discussed at these gatherings are of a private nature, dealing exclusively with the commercial side of the business, in which, it was said, that the public had no interest.

A number of papers are to be read dealing with the development of business and the securing of subscribers as well as methods of recording the many details contingent upon the business organization of the various companies.

The delegates who are in Montreal have come from many points in the country and the adjoining republic, representatives coming here even from San Francisco.

The meetings are private and are said to be informal in character.

FUNERAL OF MR. F. X. ST. CHARLES ON FRIDAY.

It was decided yesterday afternoon that the funeral of the late Mr. F. X. St. Charles, will be held on Friday next.

The following resolution was unanimously adopted at the meeting of the directors of the Hochelaga Bank, held yesterday:—

"That the board of directors of the Hochelaga Bank have learned with the deepest regret of the death of their worthy president, Mr. F. X. St. Charles, one of the founders of the bank.

"That the bank loses in the person of Mr. St. Charles a man who has devoted all his energy and time to promote the interests of the bank.

"That a copy of the resolution be sent to the family of the deceased, and as a sign of sympathy the meeting do adjourn."

The resolution was signed by Mr. M. J. A. Prendergast secretary and chief director.

LACHINE LAST PLACE FUGITIVE WAS SEEN.

Dominica Pizzelghene, the Italian wanted on the charge of killing Antonio Mazagotti, is still at large. The detectives have not been able to trace him beyond Lachine, whither he fled after the stabbing affray on Sunday night. Countrymen of the suspected man are very reticent about giving information which might help the police. As the police have a good description of the man, however, they expect to be able to run him down.

Police Station a Danger.

Chief Campeau, of the Police Department ,made a report to the Board of Control yesterday, that the police station in St. Cunegonde, was in such a dangerous condition that it was no longer fit for human habitation. The Board decided to take steps to remedy the matter at once.

LIVED OFF LEATHER FROM THEIR SHOES

American Scientists in Arctic Regions Ate Shoe Laces Also, With Sealskin.

New York September 21.—Some interesting details of what hungry men will eat in the far North, with their food caches raided and ruined by bears and wolverines, is shown by letters written to Hermon C. Bumpus, director of the Museum of Natural History, by Dr. Rudolph Anderson and Vihjalmir Stefansson, who left New York for the Arctic zone in May, 1908. The scientists, who are making extended ethnological and zoological collections on the shores of Arctic America for the museum, have travelled four hundred miles east of the mouth of the Mackenzie river.

The party ate whale tongue, which, owing to its fibrous nature and to the presence of sea salt, was very sickening. When the tongue was gone the men ate sealskins, deerskins — which they used for sole leather— and the tough skin laces used for their snowshoes. There was sufficient seal oil with the expedition. The oil, about a teaspoonful a day, was consumed to keep away the ravages of hunger. It was taken with deerskin or feathers, as few of the men could take it "straight."

Verdict in Truro Tragedy.

Truro, N. S., September 21. — The coroner's jury in the inquest on the body of Mrs. Maud Wright, who was done to death by a razor in a house in this town, found that she was killed by E. J. Perry as the result of a drunken brawl, or fit of jealousy.

Perry's wounds are healing rapidly.

VERY DIFFICULT TO HIT AEROPLANE

British Army Experts Convinced as Result of Actual Tests With Shrapnel.

Special to The Montreal Star.

London, September 21.—Despite official reticence, the actual experiments with real shrapnel fire against dummy aeroplanes and dirigibles at Plymouth have convinced the British Army experts of the great difficulty of hitting aerial war craft with direct fire from quick-firing field guns or a high-angle fire from howitzers. Only one shell hit the flying mark.

Grahame-White in Engine Cab.

Special to The Montreal Star.

New York, September 21.—Claude M. Grahame-White left off winning prizes at Boston long enough yesterday to pay his first visit to this city. In accord with a suggestion of Chas. S. Mellen, president of the New York, New Haven and Hartford Railroad and the Boston and Maine, the aviator made the entire trip in the cab of a locomotive. Grahame-White will go to Belmont Park to-day.

Insurance Rescinded for Risk.

Special to The Montreal Star.

New York, September 21. — Allan Ryan, general manager of the International Aviation meet, complained yesterday that his connection with the tournament has caused him trouble with his insurance policies.

More than $250,000 worth was rescinded because of this association. The insurance companies claim Ryan will be required on the field a great deal and that his position will be extremely hazardous.

Big Balloon Race Ended.

Indianapolis, Ind., September 21. — The last of the thirteen balloons, which started in the American championships and free-for-all races at the Indianapolis Motor Speedway last Saturday afternoon, has landed.

"I have never made a voyage in which so many adverse conditions were encountered," said Captain Baldwin, of the balloon "New York." "We encountered hot sun, cold winds, thunder, lightning and rain in rapid succession. About noon Sunday we encountered one of the worst thunderstorms I have ever met with in the upper air. Only by soaring above it at a height of three and a half miles did we avert the danger of being struck by lightning. It was a magnificent spectacle as we were carried along above it."

CHOICE FURNISHINGS.

Mr. Hicks Returns from Europe with Choice Collection.

A fine exhibition of old English furniture and rugs is now being shown at the warerooms of M. Hicks & Co., 99 Metcalfe street, the result of a summer spent in Europe by Mr. Hicks, who visited all the important markets of the old land, and who has gathered together some beautiful specimens of handiwork. In furniture there are many examples of the best work of Chippendale, Sheraton and Adams. The furniture consists of mahogany tables, chairs, wine coolers, tea and knife holders as well as work and card tables. Some of the finest examples of Sheraton's work have been secured, and the old mahogany, darkened with age, is in perfect condition. One piecee, the choice of the collection, was taken from the home of the Marquis of Anglesey.

Some fine specimens of Sheffield plate and candelabras of antique design are also shown.

Rugs from Persia and the Caucasus, some very old, and in all sizes, were also secured. The coloring in some of the larger specimens is wonderful, the blending and the weave of the cloth being perfect. One square rug, from Bokhara, is a fine example of the best work done in that district. Many of these rugs were made in the harems of the Persian potentates.

Never Too Old To Learn

STANDS BY WORDS ON UNION TYRANNY

Bishop Dumoulin Upholds His Statements on Labor Men Made at Halifax.

Special to The Montreal Star.

Hamilton, Ont., September 21.—Bishop Dumoulin, who has returned home from Halifax, where he attended the bicentenary celebration, said in an interview that his statements regarding labor men were correctly reported, and that he saw no reason why he should change his opinion.

His Lordship said it was correct for union men to try to get as much money as they could, but it was one of the tyrannies of the age that they should assault those who did not fall in behind them.

When informed that Rev. E. B. Lanceley took exception to Bishop Ingram's remarks that he was an English Catholic, His Lordship said thousands of others were pleased with that remark.

CORNER STONE WILL BE LAID AT CHURCH OF THE ASCENSION.

At a meeting of the building committee of the Church of the Ascension, held last evening, the rector, Rev. James A. Flanagan stated that Bishop Farthing had consented to lay the corner stone of the new building, and arrangements were made for the ceremony to take place on Saturday next, at 4 o'clock. Six years ago the present building was erected to accommodate about 275 in the church, and about the same number in the basement schoolroom. The congregation has outgrown this, and an additional lot was secured and the completion of the church, with transepts and chancel, at a cost of $20,000 was begun two months ago. When finished the church will seat 685 people and the school room 700.

TORONTO SEEKING LIGHT FROM MONTREAL IN ORDER TO IMPROVE CITY.

Representatives of the Toronto City Council and of the Board of Trade, accompanied by three civic officials, who will arrive in Montreal to-morrow will inspect the harbor here in order to obtain an enlightened view on one of the most up-to-date ports on the American continent. The Toronto delegation are out seeking light so that they may carry out improvements that have been asked for on the water front at Toronto.

Queen's Own Return on Saturday.

According to present arrangements, the Queen's Own Regiment will sail for home on Saturday next on board the White Star-Dominion liner Canada. It is hoped the men will not disembark at Quebec, but will sail up the river to Montreal, where they are assured of an enthusiastic reception before entraining for Toronto.

Guest at Canadian Club.

At the Canadian Club luncheon in the Montreal Sailors' Institute, 8 Place Royale, at 1 o'clock next Monday afternoon, Sir George Doughty, ex-M.P., of Grimsby, England, will be the guest of the club.

CHAUFFEUR NOT HELD RESPONSIBLE FOR CYCLIST'S DEATH

A group of the witnesses. The lower figure leaning on the table is that of the chauffeur, Leon Daumery, who was freed of all responsibility. In the upper left-hand corner is A. Thoulin, carter, who was a witness of the accident. To the right is Albert Bonen, chauffeur of the second car; and the other portrait is that of Mr. I. Blumenthal, the owner of the second car.

URGES CITY TO STOP NOISES NEAR HOSPITALS.

Dr. R. Wilson, secretary of the medical board of the Western Hospital, has again approached the Board of Control with a view of stopping as far as is possible, street noises within a given distance of all hospitals in the city. It is pointed out that much needless annoyance is suffered by patients through having their sleep broken by all kinds of discordant noise: from steam whistles, automobile horns, etc.

It is suggested that an appeal be made to the public to respect the hospital as a place where every endeavor is made to alleviate pain. A little thought on the part of drivers of vehicles when passing through a street where a hospital is situated would also count for much.

The Board of Control is also asked to consider the advisability of Montreal following the lead of other big cities whe: signs are posted on the streets, warning vendors, street musicians and others, to refrain from making any undue noise within a given radius of a hospital. Fast driving might also be prohibited.

Dr. Wilson's letter was filed for later reference. Probably it may be passed to the Legislation Committee to consider if it would be advisable to frame a by-law in relation to this matter.

CHANGES IN PROCEDURE OF SUPERIOR COURT

Since the appointment of three new judges to the Superior Court Bench, the number of cases on the roll is being gradually reduced. Last week, the first week of term, sixty cases were disposed of, as compared with the average of forty which prevailed under the old system. It is expected, however, that fully two years must elapse before arrears of cases are wiped out, as the courts are now about fifteen hundred behind.

On the 10th of next month, a new departure is to be inaugurated. Two judges will be specially charged with privileged and summary matters, and a judge will sit in Room 20 to attend to the distribution of such cases. Ordinary cases will be distributed in Room 24 as at present.

Montreal Presbytery.

John Ryan Not Guilty.

After some deliberation yesterday, the jury rendered a verdict of not guilty in favor of John Ryan, accused, with John Furlong, of theft. The verdict acquitting Furlong had been given before.

CHURCH UNION TALK AT KINGSTON

Principal Gordon Advocated Organic Union Before Members of Kingston Presbytery.

Special to The Montreal Star.

Belleville, Ont., September 21.—The Presbytery of Kingston which met in St. Andrew's Church yesterday, held an open session last night for the discussion of Church Union, after an address by Rev. Dr. Buchanan, a missionary from the Rheel Country in India.

Principal Gordon, of Queen's University, spoke, replying at length to the objections raised to organic union, and concluding by moving that the presbytery approve of the basis of union submitted by the General Assembly.

Rev. Dr. Mackie, Kingston, criticized the basis of union. He was not prepared to pay the price proposed, he said, and cited a variety of objections.

RAPIDS KING WITH THREE HUNDRED PASSENGERS DELAYED BY DARKNESS.

The Richelieu and Ontario Company's steamer Rapids King did not reach port last night. She left Prescott for Montreal yesterday morning, and was due here at about 7 p.m. This hour passed, and as no word was received from the boat, some anxiety was experienced. At 9 o'clock a telephone message stated that she was safely anchored below Lachine Rapids. Darkness had come on so suddenly after the steamer left Lachine at 5.30 that it was not considered safe to run over the shoal water which prevails at present. Therefore it was decided to anchor, and the 300 passengers on board spent the night comfortably on the river. This morning the Rapids King came safely into the harbor at daylight.

ANNIVERSARY OF DEATH OF BISHOP CARMICHAEL.

To-day St. Matthew's Day, is the second anniversary of the death of Bishop Carmichael. His Lordship died suddenly and unexpectedly at Bishop's Court on Monday, September 21, 1908. He had preached the preceding day at the morning service in Christ Church Cathedral, and he had treated his theme "The Pan-Anglican Congress and the Lambeth Conference," in an eloquent and masterly manner. While giving the blessing at the close of the service, however, he was seized with an attack of angina pectoris, from which he subsequently rallied. A second attack had a fatal termination shortly before 7 o'clock the next morning.

Domestic to Be Deported.

Jane Anderson, an eighteen-year-old domestic admitted in the Westmount Police Court yesterday that she had stolen clothing from her employer, the goods valued at $20.

The young woman, who has been in the country for twelve months, was sentenced to a term of three months in jail, and the magistrate thought on the completion of the term she should be deported.

KITTENS BORN ON ICE CAKE.

Cat and Her Family Found in Car Long Locked.

Montclair, N.J., September 21.—A Maltese cat and three young kittens were found in an ice car that arrived in Montclair, N.J., yesterday. They were lying on a large cake of ice and seemed little the worse for their cold lodging.

The car came from Pennsylvania and was thirty-six hours on the road. It is believed that the cat sought shelter in the car before the doors were locked and during the trip became a mother.

The warmth of the cat and kittens had melted a hole several inches deep in a number of cakes of ice, showing that when the kittens got under water in a cake of the ice the mother removed them to another.

No Water, So House Had to Burn.

Tarrytown, N.Y., September 21.—With Pocantico Lake only a mud hole school sessions were suspended yesterday because of unsanitary conditions in Dobbs Ferry and Hastings, N.Y.; a large factory was closed for lack of water, and a house was permitted to burn to the ground in North Tarrytown rather than waste the precious fluid.

Officials of the Consolidated Water Company, which supplies those villages admitted they had abandoned hope of the lake filling up and must find other sources of relief.

HOT SHOT AT NOTRE DAME DE GRACE

Montreal Civic Authorities Severely Criticised at Indignation Meeting of Electors Last Night.

Montreal aldermen were severely criticized at the indignation meeting held last night by the ratepayers of Notre Dame de Grace. Mr. Alphonse Decarie, the defeated candidate in the recent elections, taunted Alderman Geo. Marcil with failure to attend to the needs of the ward. Alderman Marcil, in reply, claimed that if Notre Dame de Grace to-day had not better streets, more police protection and the other essentials to a well run district, it was not his fault, but that of the controllers, who had pleaded empty pockets. Alderman Marcil did not think that Mr. Decarie could have done better or worked harder than he did.

Rev. Father Patrick McDonald declared that the streets had not been watered since annexation and conditions were little short of deplorable. He denounced the toll gate system, and said the fire and police protection was inadequate. Father McDonald alluded to the murder last Sunday of an Italian in Turcot village, which was evidence of the lack of efficient police protection.

After lively speeches had been made by Mr. Dugald McDonald, former councillor, and others, a resolution condemning the Montreal City Council, moved by Mr. Scott Stevenson, manager of the St. Henri branch of the Merchants Bank, was unanimously passed. The resolution stated that the controllers and aldermen had failed to carry out their pre-annexation pledges, and Alderman Marcil was instructed to present it to the Board of Control.

Mr. Stuart Howard, city engineer, has sent a report to the controllers dealing with the sewers of Notre Dame de Grace. He claims the work should be suspended on the ground that there was an error in the calculation which had been made by the engineer, Mr. Ghysens, who had charge of the works. Mr. Howard pointed out in his report that the sewers in question were inclined in a way contrary to that of the ground, which makes them practically useless.

News from Round about.

PROGRESS AT RAWDON.

Opening of Extension of the Canadian Northern Railway.

No sound was more welcome than the snort of the iron horse, a few days ago, when the extension of the Canadian Northern Quebec was finished from St. Jacques to Rawdon. The advent of the railway has put new life into the place, and there is quite an uplift in price of property already. A water main has been brought three miles from McGuire's spring to supply the place. It is finished as far as the Post Office. Joseph Kinsela is putting up the New Station House.

Mr. Rilance of Montreal was in town recently, superintending the survey of a block of land in the heart of the place, which he bought a few years ago, turning it now into streets and building lots. He has opened up two streets; one off Third Street he has named Waverly; the other is off Albert Street. He is now putting them on the market.

The New Roman Catholic College is well on its way to completion, the outside finish being about finished.

ST. HENRI LABOR CLUB.

Members Make Request to Provincial Government Respecting Education.

At last night's meeting of the St. Henri Labor Club, a resolution was passed to the effect that the Provincial Government be requested to have first aid to the injured taught in the normal schools and to appoint travelling lecturers to speak on technical subjects particularly adapted to the artizans of the country.

The question of organizing a St. Henri amateur athletic association is being considered by the young men of the ward, and a meeting will be held next week for organization purposes.

WESTMOUNT PEOPLE KICK.

Several "kicks" were sent in to the Montreal Street Railway Company regarding the wretched service on the upper level yesterday. It appears that a sewer is being put in on Westmount avenue, and as a result several changes of cars had to be made. A Star representative was told that the work was being rushed as rapidly as possible, and it was thought that the usual service would be in operation in a day or two.

Special to The Montreal Star.

Brockville, September 21.—Another motor accident occurred late yesterday afternoon on the St. Lawrence, about four miles below Brockville. In the party were ex-Mayor C. S. Cossitt, W. H. Downey, H. B. White and Alan Gilmour, bound for Ogdensburg in the large launch belonging to Mr. Gilmour. Going at a lively clip, the craft struck a floating log, which opened a large hole, into which the water poured and quickly swamped the boat. The accident happened about one mile from shore in a heavy sea, but the occupants managed to keep afloat until a farmer put out in a skiff and took three of them off safely. The other floated in with the boat, which was beached in twelve feet of water. The loss is covered by $1,300 insurance.

Medical Health Officer Warns People to Boil Their Drinking Water.

Special to The Montreal Star.

Cornwall, Ont., September 21.—Dr. C. J. Hamilton, Medical Health Officer, has issued a warning to all consumers, urgently requesting them to boil the water used for drinking purposes until further notice. This precaution is taken owing to repairs being made to the Cornwall water works system.

Mr. Alex. F. Macdonald, paymaster and assistant to the manager of the Canadian Colored Cotton Mills Company, in Cornwall, has tendered his resignation and will leave October 1st for Boston, Mass., where he will enter another line of business. Mr. Macdonald has been a faithful employe of the company for over twenty years, and the departure of himself and family from Cornwall will be deeply regretted.

Mr. Guy R. Roach, of the legal firm of Milligan and Roach, is going to Toronto about the beginning of October to become a partner in the firm of Morris, Jameson and Roach. Mr. Roach is a Cornwall boy, and his career in the Queen City will be watched with interest.

Mr. Wm. Macpherson, of Williamstown, will leave in a few days for Prince Rupert, B.C., having secured an interest in the Rupert City Realty and Improvement Bureau, Limited, of which he will become the manager. Mr. Macpherson has been one of the leading merchants of Williamstown for many years. He has served in the Township and Counties' Councils, and has occupied a prominent place in the community. His business at Williamstown has been transfered to his son, Wm. Macpherson, Jr.

The Cornwall Corps of the Salvation Army will hold their annual harvest festival services from Saturday 24th inst. to Tuesday 27th. The services on the first three days will be in charge of Brigadier and Mrs. Hargrave, Provincial Commanders, of Montreal.

The new building of the Bell Telephone Company is about completed, and the manager, Mr. J. A. Cokers, is now putting in the switchboard, which will take about three weeks. As soon as the switchboard is instaled, the office will be transferred from its present temporary quarters. As soon as the telephone business extends sufficiently, another story will be added to the height of the block.

FALL FAIRS DRAW BIG ATTENDANCE

Fine Exhibitions Now in Progress at Renfrew, Richmond and Knowlton.

Special to The Montreal Star.

Renfrew, Ont., September 21.— In fine weather Renfrew Annual Fair opened to-day. Exhibits are more numerous than any previous year, and the directors gaining from experience and foreseeing needs of Renfrew's growing industries, have enlarged and re-arranged buildings. The big day will be to-morrow, when the Fair proper will be thrown open, and judging of the live stock takes place.

Richmond, Que., September 21.—Bright weather attended the opening of the Richmond County Fair. The attendance was large, and on the whole the exhibition is far in advance of those held in previous years. To-day is a civic holiday, and a big crowd is expected. The band of the Royal Highlanders of Montreal is in attendance.

Knowlton, Que., September 21.—The annual exhibition under the auspices of the County of Brome Horticultural Society and also that of the Brome County Poultry Association opened here yesterday. The weather was favorable. The display in the horticultural department is a very fine one and exceeds that of last year. The same can also be said with regard to the poultry. A big attendance is assured.

NEW PASTOR AT THE ANNEX.

Reception Tendered to Rev. J. J. Potter and Mrs. Potter.

Rev. J. J. Potter and Mrs. Potter, who arrived from Peterboro, Ont., a few days ago to take charge of the MacVicar Presbyterian Church, Montreal Annex, were tendered a reception in the church parlors last night. Mrs. Potter was presented with a bouquet of roses by Mrs. Gladston, on behalf of the congregation, and addresses of welcome were made by Rev. Dr. Young, Rev. Dr. Herbert Symonds, Rev. Dr. Chisholm, Rev. J. L. Flannagan, Rev. Dr. Campbell, Rev. Dr. Scrimger, and others. Mr. John Scott, who occupied the chair, extended a cordial welcome to Mr. and Mrs. Potter, after which refreshments were served by the ladies. Rev. Mr. Potter was accompanied by his father, who is also a Presbyterian minister.

Can Women Do Without Servants

An English weekly has been conducting an enquiry into the question of domestic service with the end in view of discovering whether or not a cultured family, living like gentlefolk, can do without servants. The enquiry has brought forth many interesting letters. Some writers hold that it is impossible to do so; others that it is not only possible but preferable. Both sides are right; for some it is possible, for others it is not. To make it possible for all we should have to revert to the simple life and there is no doubt that by doing so life would lose much of its sociability and picturesqueness. For instance, it would be impossible for the owners of big houses, full of artistic treasures, to throw open their homes on certain evenings to their friends. Doing without servants practically means doing away with all entertaining except in the most informal manner, and by the abolishment of all large functions society would be very much the poorer. Therefore let us concede at once that there is a certain class which must have servants and proceed to consider other classes. Dr. MacPhail, who always likes to have a dig at the "inferior sex," says we have not enough to do and truth to tell he is not far wrong as far as many women are concerned. Take a family with several grown-up daughters at home. There is certainly not enough to keep them busy in the home. They must go outside for exercise and employment and join golf, tennis and curling clubs. Or else they join gymnastic classes and keep in physical condition that way. We are told, by those who know, that no exercises are better than the simple ones involved in the doing of the daily round of housework, the dusting, sweeping, bed-making and such-like. One mother, writing to the weekly mentioned in the beginning, said that for a time it was impossible to get a suitable maid so they all turned to and did their own work. Then, when the day came and a good maid offered they decided, by family vote, that they preferred to do without. It is becoming increasingly difficult, as the years roll by, to get competent and reliable maids and the trend is towards dispensing with these family worries. That this is so is evidenced by the increasing number of families who prefer to live in flats where there is the minimum of work to be done. Doubtless before the close of this century we shall all have adopted some sort of co-operative house-keeping, wherein most of the work is done by machinery and the domestic problem will be relegated to the annals of past history.

In Lighter Mood

Closer Yet.

"They seem to be packed like sardines in there," said the man who was trying to find standing room on the rear platform of the street car.

"Like sardines!" groaned a suffocating passenger on the inside; "we're packed like figs!"

A teacher defined conscience as "something within you that tells you when you have done wrong."

"Oh, yes," said a little lad at the end of the room. "I had it once last summer after I had eaten green apples."

It Might Be True.

"Did your husband bring home any fish?"

"No," replied young Mrs. Torkins. "I understand Charley had bad luck on this trip. He got into a game of cards and lost the money he took with him to buy fish."

Book Chats and Anecdote

The Author of Cranford.

September 29 is the centenary of Mrs. Gaskell, the author of "Cranford" and "Mary Barton." Writing in the September Cornhill Magazine, Miss Sarah A. Tooley claims to have identified the house in which Mrs. Gaskell was born. It is in Cheyne Walk, Chelsea, a place associated with a great many famous people, including Turner, Carlyle, Rossetti and Whistler. Mrs. Gaskell's connection with Chelsea, however, was very short. Her mother, who was a member of an old Cheshire family, died when she was a month old, and the child was adopted by her maternal aunt, Mrs. Lumb, of Knutsford, in that county. Mrs. Gaskell never denied that Knutsford was the original of "Cranford." One day her daughter returning from a visit said: "People are saying that Knutsford is Cranford." "Let them fit the cap on if they like!" replied Mrs. Gaskell, in her vivacious way. The fact that Mrs. Gaskell gives no topographical details of the town which she has made famous suggests the secret of "Cranford's" abiding charm. It is a triumph of atmosphere. Place and characters live in the memory not because they are described, but because they are sympathetically "felt" by the writer.

A Portrait of Mrs. Gaskell.

Miss Tooley gives an attractive picture of Mrs. Gaskell as a woman. She was extremely beautiful and gay and vivacious in conversation. "As a hostess she was perfect, judging from contemporary testimony. Her house was splendidly ordered and the service of peculiar delicacy and refinement, partaking of French elegance. She dressed with great taste and arranged her daughters' wardrobe long after they were grown up. . . Entertaining was a joy of Mrs. Gaskell, and a number of notabilities of the day sat at her table in Plymouth Grove. Thither came Ruskin, Mr. and Mrs. Carlyle, Dickens, Lord Houghton; and twice Charlotte Bronte played under her hospitable roof."

A FASHION HINT

Pretty Kimono Blouse of white Crepe de Chine with narrow tucks.

Half Fitted Coat for Misses and Small Women

6752. 14, 16 and 18 Years.

Coats that are half-fitted are always becoming to girlish figures. This one includes a novel collar, and the patch pockets that are always smart. In the illustration it is made of broadcloth with trimming of satin, but such a coat can be utilized both for the suit and for the general wrap, and it can be made from any seasonable material, with the collar and the trimming of silk or velvet or moire, or of the material banded or braided as preferred. The lines are all exceptionally graceful and becoming, and the coat is altogether a chic one, admirably well suited to small women and young girls.

The coat is made with fronts, back and sidebacks. The under arm seams are left open for a short distance, allowing flare over the hips. The facing for collar and fronts is made in one, and is rolled over to give the effect illustrated. There are darts in the fronts, under the arms, that mean perfect fit. The sleeves are made with upper and under portions, and are finished with cuffs.

For the 16-year size will be required 4¾ yards of material 27 inches wide, 2¼ yards 44 inches wide, or 2⅝ yards 52 ins. wide, with 1⅛ yards of silk for facing and trimming.

The pattern, 6752, is cut in sizes for misses of 14, 16 and 18 years of age, and will be mailed to any address by the Fashion Department of this paper on receipt of ten cents. (If in haste, send an additional two-cent stamp for letter postage, which insures more prompt delivery.)

Reliable Home Recipes

Macaroni With Beef.

Cook one pound of macaroni in a gallon of water for twenty-five minutes, having the water boiling. Drain and salt to taste. Take one pound of lean and tender beef, and put it in a stewing pan with a tablespoonful of butter and brown well. Then add just a little water to keep from burning. Add one pint of tomatoes, two dozen dried mushrooms and a small red pepper chopped fine. Let this mixture simmer or stew slowly for an hour and a quarter at least. When done take out the beef, add the macaroni to the gravy, with a quarter of a pound of cheese. Mix this well through the macaroni, season with salt to taste. Serve meat and macaroni separately. Veal may be substituted for the beef, doubling the amount of butter.

White Bean Soup.

One cupful of white beans, a small piece of salt pork—two or three slices perhaps—and one quart of cold water. When boiling add more water, keeping the quantity always a quart or more. Put this over the fire five hours before dinner, and let it simmer until an hour before dinner. Then add one cupful of celery sticks, one onion cut in slices and a tiny piece of red pepper. When ready to serve press through a colander and add one cupful of small croutons. A little hot cream improves it for those who like it, or the cream may be omitted and a fourth of a cupful of tomato catsup used. This gives a decided change of flavor to the ordonary bean soup.

Baked Apples, Stuffed.

Core the apples, but do not peel them. Stuff them with minced pecans mixed with scraped maple sugar and bake. When done and just soft place them on rounds of sponge cake and cover with whipped cream.

Double Milk Boiler.

The one sure way to count on heating milk correctly is to cook it in a double boiler. It takes longer, but the possibility of scorching is eliminated. These boilers are now so cheap as to be within reach of most housekeepers, but, if cost must be considered, a small saucepan inside a larger one answers every purpose.

As most of us know how quickly milk burns when heating, it is well to know what to do when such calamity overtakes us and there is no time or no milk to begin over again.

Remove the pan quickly from the stove and stand it in a bowl of cold water. Add a pinch of salt and stir well. While this may not entirely destroy the scorched taste, it lessens it, so that it can scarcely be detected.

Sewing Room Suggestions.

When pressing thick woollen materials soap the seams well first. It is far better than damping them.

When there is any difficulty about threading the machine needle, lay a piece of white paper against the eye and it will be plainly seen.

Do not use too coarse cotton in the machine. Remember that with machine work two threads are used instead of one, and the cotton used should be proportionately finer.

If there is a little fulness at the point of a dart in the skirt, lay a fold of damp cloth over it and press with an iron. This will shrink the material slightly and dispose of the fulness.

No Boot Bills.

"Why is it I wonder that savages have so many more children than civilized people?"

"I suppose it's because they don't have to buy them boots and shoes."

FOUR MURDERED NEAR BYERS

Terrible Crime Reported from Little Pensylvania Town.

Byers, Pa., September 21.—Mrs. John Zoos, and her three children, a boy, 7 years, and two girls, aged 7 months and three years, were murdered late yesterday afternoon at Byers, a small town, about twelve miles from this place. Suspicion points to a boarder who had disappeared.

The husband and father was the first to discover the horrible crime. While on his way home from the plumbago mines, where he is employed, Zoos saw the body of his 7-year-old son lying in the bushes along the road way. Upon investigation he found that the child had been terribly beaten about the head and was unconscious. The distracted father took the child in his arms and rushed to his home, a short distance away.

Here a terrible sight met his gaze. Lying on the floor of the little kitchen were the bodies of his two little girls and his wife, the latter still breathing, with her brains oozing from a great fracture of the skull.

The weapon used by the murderer was an axe, the head of which was covered with blood and brains.

The house had been ransacked and $45 which Zoos said he had hidden in the house is missing.

Train Ran Down Gang; Three Dead.

Buffalo, N. Y., September 21.—A New York Central freight train yesterday ploughed through a gang of laborers walking on the tracks between Buffalo and Tonawanda. As a result three of the men are dead.

The dead were brought to this city. All three are foreigners. The men had stepped out of the way of a passenger train coming toward them when run down by the freight.

The accident occurred on the Povoa Railway at the little station of Senhora Da Hora.

Fire on Brunswick Street, Halifax.

WILL INQUIRE RE CONGRESS.

Col Sam Hughes to Find Out "Exactly What it All Meant.

Toronto, September 21.—When Parliament meets inquiry into the guard of militia and the wearing of official robes by Ministers of State in the great Eucharistic procession in Montreal will be instituted by Colonel Sam Hughes, M.P., of Lindsay.

"I am very glad the Eucharistic Congress came to Canada," said Col. Hughes. "For one thing, it served to revive the dry bones of Protestantism and also to show that the power of the Papacy is on the wane. It awakened thousands of Protestants who have been asleep to the policy of Rome in Canada, and what may be expected if this policy continued unopposed. I may say that I am making a careful enquiry into all the facts connected with the participation of Dominion officers in the recent Roman Catholic Congress, and I intend to find out exactly what it all meant before I get through."

SMASHUP AT BRANTFORD.

Fast Freight Crashed Into Fort Erie Train.

Special to The Montreal Star.

Brantford, Ont., September 21. — Considerable excitement was caused here by a collision at the Grand Trunk station here yesterday.

A fast freight bound from Mimico to Sarnia crashed into the rear of a way freight for Fort Erie, smashing ten cars into kindling wood and derailing nearly twenty other cars.

The crew of the egine of the fast freight jumped and escaped injury. A local horseman, Amos Crandall, with Hal B., en route to Fort Erie, was upset with the car, but attendant, horse and sulky came out without a scratch.

Defective brakes are held responsible for the accident, it is stated.

A Fatal Trolley Accident.

Rochester, N. Y., September 21. — Leonard Manning, of 660 Frost Ave., was instantly killed and Lewis Hough, of 41 Marshall street, was seriously injured in a trolley accident at Central Park and Portland avenue yesterday, when an eastbound car running from Central Park into Portland avenue left the tracks at an open switch and ran for a few feet over the pavement before it could be stopped by the application of the brakes.

Street Railway Fatalities Inquiry.

Fashion Notes

The waist line is rising again.

Al lthe old laces are in great vogue.

Jumper house styles are increasing in favor.

The touch of black is still a feature of fashion.

There are manifold indications of the return of the empire.

Dark blue and black are the favorite costumes colors for coat suits.

Waists of black chiffon, marquisettes and voiles are prominent.

New toques and turbans generally have sharply upturned brims.

Among the new shades for this fall is "pole nord," a grayish blue.

The mushroom shape returns very strongly in fall millinery styles.

In the new coat suits the coats range in length from thirty-six to forty inches.

Lace, chiffon and marquisette are extremely fashionable for dressy fall costumes.

Fall tailor mades very strongly reflect the "hobble" skirt idea of Paris.

Plain colored chiffon and voile are very fashionable over changeable taffeta.

Two toned plumes and enormous pink poppies trim some of the latest hats.

New Gainsborough hat models roll on the left side and droop at the front and back.

The narrow silhouette is being adhered to with every prospect of its continuation.

A handsome costume of soft blue chiffon is embroidered with a conventional design in white crystal beads.

For early fall wear middle-aged women are going to use the black chantilly coat lined with chiffon and silk.

Among the most striking trimmings for fall gowns are embroideries done in very heavy silks and the metallic threads. Some are enriched by jewels.

The new waists to be worn with tailored suits as well as the waists of costumes will be of chiffon or marquisette in dark tones which match the suit.

Types of the narrow skirt now in vogue in Paris are seen on this side of the Atlantic, but the most pronounced effects are seen oftener in suits than in dresses.

Broad-brimmed, coarse straw sailors trimmed in scarfs of coarse linen embroidered in black, white, gold or color, are much in evidence at the French summer resorts.

Early showings of fabrics for suits are mostly tweed and serge in mixed colorings. Velvets will be extremely fashionable for winter wear, in dark colors with a fine stripe of another hue.

Scarfs grow in favor. For day wear with tailor costumes the supple satin scarf is worn. For afternoon the scarf of mousseline de soie or voile. For receptions the large empire scarf makes a pretty accompaniment, and for evening wear luminous scarfs of bright tones contrasting with the costumes are worn.

The old family dentifrice; always most modern. The standard 63 years ago—the same to-day. 3 forms—liquid, powder, paste.

Superfluous Hair or Toughest.

ANNOUNCEMENT EXTRAORDINARY

A Beautiful Christmas Number

For upwards of two years the publishers of The Standard have been entreated by multitudes of people in Canada, Great Britain and the United States to publish a Christmas Number of The Standard.

The demand was so widespread and so insistent that it was determined to comply in the Autumn of 1910.

This year Canada will have the distinction of publishing what is described by the best judges as certain to be the Finest Commemorative Number yet issued from the press of this country.

The Christmas Number of The Standard, superbly illustrated and with a wealth of most attractive features, will be sold in Montreal, Toronto, Quebec, Ottawa, Winnipeg, Halifax, St. John, and in six thousand Canadian cities, towns and villages; in London, Liverpool, Edinburgh, Glasgow, Birmingham, Manchester and hundreds of cities, towns and villages in Great Britain; in New York, Boston, Chicago, Philadelphia and throughout the United States.

The magnitude of the scale upon which the Christmas Number of The Standard is projected makes it absolutely certain that the demand will be enormous.

FATHER VAUGHAN ON CATHOLIC LOYALTY

Says Last Shot in Empire's Defence Will Be Fired by English Catholic.

Special to The Montreal Star.

Winnipeg, Man., September 21. — Striking a high Imperial note which produced a throb of response from the large crowd who heard him, Father Bernard Vaughan replied to the Anglican Bishop of London's declaration in Montreal that as he was an English Catholic he could not be a Roman Catholic.

"I am proud," said Father Vaughan, "to be an English Catholic to-day, standing upon this platform, to tell you Canadians how dear is the English flag to Catholics.

"I believe so strongly in Catholic loyalty and patriotism," continued the speaker, "that if our empire were to lose her prestige and, through any mistaken folly, were to come to decrepitude and decay, I believe the last shot fired in her defence would be fired by an English Catholic."

TOO MANY SHIPS ON THE GREAT LAKES FOR THE BUSINESS DOING.

Special to The Montreal Star.

St. Catharines, Ont., September 21.—"This is going to be a bad season for a good many of the owners of vessels on the Great Lakes," said a well known marine man, to-day. "The trouble is," he added, "as in the case of most othrer lines of trade, there are too many in it. There are not cargoes enough to supply all the tonnage on the lakes, which is not surprising when you consider that there are pernaps two hundred vessels on the lakes capable of carrying 1,200 tons."

"Will this year be any worse than last for the vessel owners?" was asked.

"Perhaps not, except for the new vesse' which were put on this year. You see, they are adding on every year and the goods to be shipped by water do not increase in proportion."

He added that about five million bushels of last year's wheat was wintered in boats which moved out as soon as navigation opened. This made the opening of the season brisk.

A warm controversy is raging at Victoria, B.C., between Hon. Mr. McBride and the Times newspaper as to whether the report of the university commission has been sent in to the Government, which the Premier denies.

LORD BRASSEY ON CANADA'S MARKET

Britain Cannot Compete With United States in Many Lines, He Says.

Leeds, England, September 21.—At the opening of the autumnal conference of the Association of Chambers of Commerce yesterday, Lord Brassey described his recent cruise to Newfoundland and Canada.

After emphasizing their remarkable progress he dealt with Canada as a market for British goods, and said that in many lines Britain could not compete with the United States.

It would be vain to look for admittance through the open door into Canadian markets. The manufacturers of the Dominion who gave employment to some 400,000 workers were unable, as yet to compete with the huge factories of the United States or the skilled factory labor of this country. There was, however, a movement in the far West for a reduction of duties, and he pointed out that Sir Wilfrid Laurier, on his recent tour, said the Canadian tariff must be gradually reduced.

Britain was grateful to the States of the Empire as customers for goods, and for supplies of food. There was another benefit which they conferred, far-reachng in its effects, and of momentous import in relation to industry and finance, namely the borrowing of sums for railways and public works built mainly with British capital.

A resolution favoring Imperial immigration and land settlement, and the desirability of holding an Imperial conference on the subject was carried unanimously.

GRETNA TRIAL BEGUN.

Attempt to Solve Mystery of Diedrich Heibert's Death.

Special to The Montreal Star.

Gretna, Man., September 21.—Diedrich Heibert's preliminary trial on a charge of having caused the death of the late Isaac Heibert has been begun before Magistrate Tennant. The room was crowded.

It appears that the arrest is a result of the difference of opinion in the two sections of the Mennonite church.

Peter Heibert, brother of the accused, was called, and said that he found the dead body in Heller's summer kitchen on the evening of Sunday, September 4. He gave the alarm and Councillor Heibert sent to Plum Coulee for Dr. McGivern, the coroner.

BRITISH SHIP WRECKED.

One Boat's Crew Picked Up, But the Other Missing.

Melbourne, Australia, September 21. The British ship Carnarvon Bay, from Liverpool June 20 for Sydney, has been wrecked on King Island.

The captain and seventeen men have been picked up, but a second boat with fifteen men is missing.

Hull Assessment $4,464,284.

Special to The Montreal Star.

Hull, Que., September 21. —Assessment Commissioner Thibeault, of Hull, reports that the population of that city has grown from 15,737 last year to 16,673 this. Taxable property is valued at $4,464,284, as against $4,038,557 last year.

The exempted property has decreased by $3,000, and now stands at $2,093,240. The school population is 2,770, compared with 2,668 the previous year.

Special Notice.
10 TO 12 PER CENT. DIVIDEND.

Many persons are investing their money on loans at 5 and 6 per cent. and seem to be satisfied; sometimes these loans which appear very satisfactory at the beginning turn out to be a failure whether it is due to some accidents or default in the construction of the properties on which said loans were guaranteed. Have you ever stopped to consider that there are numerous ways of investing money which would pay you more than lending money on properties or temporary securities?

We wish it to be known that "DAOUST REALTY LIMITED" has absolute securities to give to those who have bought or will buy shares of said Company; last August we had a net surplus of $100,000.00 at the disposal of the shareholders, and at a meeting of the Directors of the Company it was decided that on the first of January next, we will grant a dividend of 12 per cent. instead of 10 per cent. to the shareholders, giving by this fact alone a very advantageous and profitable investment, without risk or trouble and besides giving unquestionable securities. Not only these dividends double the interest allowed on ordinary loans, but you must take into consideration that they are subject to increase in prices as soon as the Company will be through selling the last issue of stock for the amount of a few thousand dollars, it is almost a certainty that the price of these actions which are actually worth at par $100, each will eventually increase if you buy before the rise. Your investment being perfectly secured will yield you more interest; also this issue of stock which we offer will increase several times the value of your investment because you have only to refer to our assets of 1908 and 1909 to ascertain those increases. The experience and knowledge acquired during the last seven years can assure you of an always growing success.

INVESTIGATING STREET CAR ACCIDENTS.

The announcement that the Public Utilities Commission, at its session in this city next month, will make a start on the investigation of the street railway accidents from which we have so abundantly suffered these last few years, is very satisfying news. There is, admittedly, a large difference between beginning an investigation and arriving at a satisfactory solution of so complex a matter as the cause of the excessive number of such accidents, but it is a distinct advance to have made any serious inquiries into an intolerable situation. There has been a plethora of matter on which to base an investigation; the existence of carelessness, of the lack of proper appliances, or of dangerously arranged schedules, has already this year cost more lives than it is pleasant to contemplate.

The fact that the Montreal Street Railway kills between three and four times as many people as the street railroads of other cities of the same size constitutes a prima facie case for the prosecution. Possibly the officials of the company will be able to give an adequate and satisfying explanation to the Public Utilities Commission, although they have never given one to the general public. It may safely be taken for granted that there will be at least an attempt to do so. Anything along this line will be awaited with some eagerness by the average citizen whose natural curiosity as to why his life is being disproportionately endangered has never been gratified.

As a preliminary to next month's proceedings, Mr. Laberge, of the commission, laid before his associates yesterday a certain amount of information he had collected showing how conditions in Montreal compare with those in other cities. The same information has been in the possession of the City Hall authorities for several months. If it is to be the preliminary to any definite action, it is fair to remark that a sufficiently long time has elapsed since it was obtained to permit its becoming thoroughly seasoned. The Public Utilities investigation will, naturally, cover all the ground which should have been covered by a civic enquiry, and will quite possibly do the work more efficiently and with fewer distractions. The important thing is that something is going to be done. If in future, it becomes no safer to use streets on which the Street Railway has the privilege of running its cars, the terror should at least be shorn of part of its mystery.

RUSSIAN AND OTHER PRISONS.

The meeting of the International Congress now in session at Washington will serve to arouse world-wide interest in the whole subject of penology. If the members have had the privilege of reading the report of the Grand Jury on the Montreal jails, they may regret that the Congress was not held in Montreal, where we seem to have something worth showing in the way of prisons, besides other attractions. The most interesting delegate is M. Stephen de Khronieff, Supreme Chief of the Russian and Siberian Prison System, who has the responsibility of supervising eight hundred state prisons and twelve hundred municipal jails now accommodating 180,000 unwilling guests.

Mr. de Khronieff, who has the advantage of knowing more about the Russian prison system than most of the writers and speakers, native and foreign, who discuss it, makes the astounding claim in an interview in the New York Times, that Russian convicts are treated with greater leniency than the convicts of any other nation in the world. He says: "In almost every country, the man arrested for breaking the law is considered as a 'criminal.' We Russians have for centuries held the opinion that he is an 'unfortunate,' a mistaken individual who errs through ignorance. Our aim is not to punish, but to enlighten him."

The Russian and especially the Siberian prison system, has been exploited for all it is worth by foreign writers of fiction, including journalists, and playwrights. It is only fair to these interesting authors to add that the popular idea concerning the Russian prisons and Siberian penal settlements has been greatly strengthened by the statements of Russian refugees, politicians and publications. But anything more different to this popular idea and the prison system as described by M. de Khronieff would be hard to imagine. In fairness to the Chief we are also bound to add that his statement reads truth-like and that he supports it with valuable corroborative testimony; quoting from, among others, English and American writers of good reputation who wrote of what they had seen and known. Due allowance must be made for the difference in the point of view of the prison official, and that of the prisoner. (It is only in model institutions like the Montreal jail that jailers and prisoners are in perfect accord, and absolute content prevails all round.) But after making this due allowance, the fact remains that Russia must produce a phenomenal crop of perverters of the truth,

In illustration of his claim that Russian convicts are treated with greater leniency than the convicts of any other nation, M. de Khronieff mentions that, in Russia, men sentenced to hard labor, are allowed to receive their relatives at least once a month, while in England, Prussia and Belgium, men serving much lighter sentences can only see their friends once in two, three or four months. In Russia, also, the prisoners are "sometimes" allowed to converse with their relatives without being separated from them by iron bars or gratings. He claims that the cells are sanitary and are furnished with a table, a chair (not attached to the floor), an iron bed with a straw mattress and military sheets, a brass wash bowl and pitcher. Illiterates are taught to read and write, special courses of instruction and lectures are given, and nearly every prison has a good library. Weather permitting, all convicts are employed in agricultural work, their families, instead of being left destitute as in other countries, get a monthly allowance of white flour or bread, and their children are taught, fed, clothed, and sheltered by the government until the father or mother is released. Prisoners are paid as much as ten cents a day for their work and are allowed to spend half the amount on better food.

Contrary to the general impression, most of the 90,000 men and women arrested during the last four years were accused, not of rebellion, but of theft or burglary. The charges of extreme cruelty to prisoners supposed to be the rule rather than the exception in Russia and Siberia are disposed of by circumstantial denial. There is a good deal of human nature in mankind, east and west. Nobody has yet accused the Russians of burning prisoners at the stake. Ideas of right and wrong in the matter of punishments seem to vary with the longitude or latitude. As humane a man as President Roosevelt wanted a public whipping post for wife-beaters, and the U. S. Deputy Marshal at Seward, Wash., is being complimented upon his refusal to allow four Japanese prisoners, convicted at Unalaska of illegal fishing and who broke away from their guards, to be whipped in public. The Times argues that "sober second thought admonishes against resort to brutal punishment even of brutish men." There is, however, much to be said in favor of the Gilbertian Mikado's principle of making the punishment fit the crime. To take a man guilty of a crime against women or children and make him "stand in the corner" has little reformative influence. If brute force can only be checked by brute force the law must in extreme cases resort to brute force.

SCHOOL-STRIKES AT SPRINGHILL.

It was perhaps inevitable that the distinction between "union" and "non-union" should ultimately extend to our school system, but it was hardly to have been expected that in its application it should have become so inextricably confused with the problems and consequences of heredity, as is the case in the school strike which has ended so successfully at Springhill, Nova Scotia. As is well known, Springhill has long been the scene of a bitter and protracted fight between the Cumberland Coal Company and its former employes, but it was not until the opening of the schools a few days ago that its ramifications into the seats of learning became apparent. On the first day of the present term the children of the striking miners presented what was equivalent to an ultimatum to the principal of the local school, which gave the school authorities the option of dismissing from classes all the children of men who were in the employ of the Coal Company or of getting along without the patronage of the children of those who were not. In order to demonstrate their sincerity, the "union" children then "went out" on strike. It is easy to imagine the reluctance with which they took this step.

The Attorney-General of the Province then appeared upon the scene as an adjuster and arbitrator. The striking children he found to be enthusiastically determined to stand by their principles, if it meant dragging out the year's vacation until the school closed next June, while the youngsters of the opposition plodded regularly to the fount of knowledge, which was presumably maintained for the benefit of all who chose to take advantage of the opportunities it offered. Unfortunately, the striking children were largely in the majority and could not be made to accept any compromise. The authorities seem to have considered it a shame that children should grow up in ignorance. To quote the words of the despatch, "To tide over the trouble, the school authorities have asked the non-union youngsters to stay away from school." Apparently, education is of little importance in non-union families, though the contention is a difficult one to justify. If the so-called "non-union" children are at fault and need to be punished for their unwise choice of parents, one would be inclined to think that the punishment should take some other form than depriving them of the opportunity of becoming better educated and possibly, lifting themselves from their degraded position.

HUDSON BAY AND THE HAGUE VERDICT.

Because The Hague tribunal has decided that the three mile limit in the case of bays and creeks shall be measured "from a straight line drawn across the body of water where it ceases to have the configuration and characteristics of a bay," it does not necessarily follow that Canada has exclusive rights in Hudson Bay, desirable and pleasing as such a deduction would be. Nor does it add much convincing value to the assertion that this is bound to be the case to know that the Baie des Chaleurs has been declared a closed bay, although the line drawn between the two headlands which mark its entrance is between twenty and twenty-five miles long, the same holding good also in the case of Fortune Bay in Newfoundland, where the mouth of the bay proper is more than thirty miles wide. Although the entrance to Hudson Bay is only some thirty-five miles across there are many and obvious differences between it and either the Baie des Chaleurs or Fortune Bay.

For some reason or other, a certain section of the United States press has given vent to its emotions over the irreparable loss to American fishermen which will follow this interpretation—should it ever be officially accepted. Whether this be because of pure pessimism or for some deeper and more subtle reason, the fact remains that the weird of the Hudson Bay fisheries is being sung in many sections of the country without more rhyme or reason than that which lies in a hasty and not necessarily accurate deduction. It is probably going quite as far as the circumstances justify to say that there is opportunity for discussion and even for negotiation. To assume that the verdict of The Hague tribunal in the Newfoundland fisheries case is equivalent to an automatic and formal pronouncement on the hitherto unraised question as to whether or not Hudson Bay is territorial water, is to saddle that finding with a weight which it can hardly be expected to carry.

KING'S HONORS.

The conferring of knighthood upon Hon. A. B. Aylesworth, would be a fitting recognition of the excellent services he rendered the Empire in connection with the presentation of the British case before the Hague tribunal. It is not customary to make known the names of those upon whom the King's honors are to be conferred, but it would be in accordance with precedent for such special services as were rendered by Hon. Mr. Aylesworth, Sir Edward Morris and other members of the colonial Bar to be recognized by the Crown. Sir Hibbert Tupper and Sir John Thompson won their spurs under similar circumstances.

FROM THE STAR FILES THIRTY YEARS AGO TODAY

The Late Hon. M. H. Cochrane.

"A number of animals from the farms of Hon. M. H. Cochrane, Mr. Jos. Hickson and Mr. George Whitefield have arrived, and are the recipients of special attention at the Exhibition." — From the Montreal Star, September 21, 1880.

JUST thirty years ago the best men in our city were giving time, energy and money to make a success of the Dominion Exhibition that ultimately became an annual red letter event in Montreal. It did not pay, however, and practically proved that Montreal should be satisfied with being a commercial centre instead of aspiring to an agricultural one which its surroundings never warranted. There were then, and are still, gentlemen farmers in the Townships and on the island who had some of the best stock in the Dominion, but there never has been a good enough average to warrant an exhibition that could be made a financial success. The three gentlemen mentioned above had stock that would have elicited admiration in any part of the world; indeed, the late Senator Cochrane had done more in educating the farmers of Canada in the art of breeding than perhaps any man in the Dominion. Brought up on a farm in Compton, he understood rural conditions thoroughly, and accumulated wealth in his large business ventures, in which he was associated with Mr. Cassils in the firm of Cochrane, Cassils & Co. He imported the very best stock, and it was so high classed that it required some strong influence to persuade him to run the risk of bringing them to Montreal for show purposes.

"Bush fires in Gloucester Township are again assuming large proportions owing to the continued dry weather. In Hull Township there is also the appearance of extensive fires."—From the Montreal Star, September 21, 1880.

FIRES were frequent in the Ottawa district thirty years ago, and the demand for a better means of resisting the appalling destruction of the magnificent natural heritage of Canada were, as now, wholly inadequate.

"We, the undersigned merchant jewellers, will close our stores on Tuesday, the 21st, at one o'clock p.m., to allow our employes to visit the Exhibition: E. A. Eaves, Armand Beaudry, Rice, Sharpley & Son, W. S. Walker, P. W. Wood, Thos. Allan & Co., H. Birks & Co., H. Cochenthaler, F. X Beauchamp and Savage & Lyman"—From the Montreal Star, Sept. 21, 1880.

THIS was undoubtedly a sacrifice of valuable time when a large number of visitors were in the city. Many readers of The Star will remember these firms, some of whom are still prominent in the city after the test of over three decades.

AFTER ALL, there's only one real trouble with life—it's a thousand years too short.

A Disillusion.

I thought upon the stage my sketch,
"The Buttonhole," I'd try,
But when I did I found, alas!
It was the hook and I.

A COLORED prophet says there is going to be another war between this country and England, but since the darksome one did not show signs of climbing a tree, shaking his shoes loose or pulling out a razor, there is every reason to believe that he was merely talking for publication.—Philadelphia Telegraph.

Fair Girl—"You are looking very well, Mr. Smith."

Young Man—"I'm doing the best I can, Miss Jones, with only two eyes."

AT ANY rate, the man who contradicts himself saves somebody else a lot of trouble.

"Do you find that it is costing you more to live than it used to?"

"No, not more to live, but more to keep from being eclipsed by my foolish neighbors."

WHEN a summer girl can't find her way to the most romantic corner of the verandah in the dark, it's time to consult an oculist.

"I can't get my boy to do anything around the house."

"We have settled that problem. My son runs errands for my neighbor and her boy runs errands for me."

RAPID AGE.

"I'm going to save up and buy the kid a nice go-cart."

"Huh! By the time you've saved enough for a go-cart he'll need an automobile!"

He had long hair and a pensive look. He wrote a poem entitled "Why Do I Live?" He signed it Augustus and sent it to a magazine.

The editor wrote him as follows: "My dear Augustus, the reason why you live is because you sent the poem by mail instead of bringing it personally."

"Pa, it says here that he spoke with restraint. What does that mean?"

"It probably means that he referred in a general way to a lot of things he didn't know much about."

She Was Wrong.

There was an oppressive silence in the parlor. At last the desperate young lady broke out:

"George," asked she, "why don't you propose?"

"Somehow—somehow, I can't bring myself to do it, Myrtle!" blurted the young man.

"It's only a short sentence, George."

"It's a sentence for life!"—Judge.

PLOT TO KILL THE EMPEROR OF JAPAN

Publication of Act Creates Sensation in Tokio — No Precedent in Japanese History.

Tokio, September 21. — A sensation was created by the publication this afternoon of the alleged details of a plot among his own subjects to assassinate Emperor Mutsuhito.

The startling story appeared in the Hochi Shimbun, which states that the plotters, who are now under arrest, certainly will be sentenced to death after trials before a special secret court.

This is the first time in the history of the country that the life of the Sovereign has been plotted against by his own people and the fact known.

It is understood that a most rigorous censorship has prevented the publication of so much as a hint of the conspiracy until this evening, when the Hochi Shimbun assumed responsibility for the alarming announcement. The paper's assertions are not without a show of authority.

The men will be represented by Mr. W. T. J. Lee, of Toronto, and the company by Mr. J. W. Dawsey. Mr. Lee will act for the men and Mr. F. H. McGuigan will represent the Canadian Pacific Railway and Canadian Northern Railway on the Conciliation Boards in the trouble on these lines.

YALE SALARIES RAISED.

General Increase Sanctioned — Gifts of $60,000 Announced.

New Haven, September 21.—The fall meeting of the Yale University Corporation, attended by President Taft, Governor Frank B. Weeks and Otto T. Bannard, of New York, was devoted in a great measure to a discussion of the salary increases of the professors.

The new salary scheme as put in force continues instructors at from $1,000 to $1,600; increases assistant professors on the first term of appointment from $1,800 to $2,000, sets $2,500 as the nominal scale for the second appointment of the assistant professors grade, and reduces the period of the second appointment from five years to three years, making $3,000 the normal salary for an assistant professor after the expiration of his second term.

Gifts to the university totalling $60,000 were announced at the meeting. The largest was one of $50,000 from the estate of John B. Collins, of Fort Worth, Tex., of the class of '81, to be disposed of by the directors of the '81 class fund.

MAYOR GAYNOR TO RESUME.

Will Be Back in Office on October 3.

New York, September 21.—Mayor Gaynor will resume his duties as Mayor of New York city on October 3, according to information given out to-day at Deepwells, his country seat here, where he has been recovering his strength.

The first preparations for return to the Brooklyn home of the Mayor were personally superintended by Mr. Gaynor himself. He held a two hours' consultation with his secretary.

Decision Against Hon. Wm. Pugsley.

Special to The Montreal Star.

St. John, N.B., September 21.—Chief Justice Barker yesterday in the Chancery Division of the Supreme Court allowed the defendant's demurrer in Hon. William Pugsley vs. New Brunswick Coal and Railway Company.

Hon. Mr. Pugsley applied for a full investigation of the company's affairs while he was Attorney-General. The Court's judgment practically throws the case out of court.

HAMILTON, ONT. — Arthur, the six-year-old son of Mr. and Mrs. Sweeney, is dead of infantile paralysis.

CARDINAL LOGUE ON CANADA.

Pleased With Manliness of Men and Women's Grace.

Special to The Montreal Star.

Hamilton, Ont., September 21.—Cardinal Logue passed through the city last evening, en route to Niagara Falls, where he will visit Niagara College. Very Rev. Dean Mahoney and Fathers Bonomie, Cotey, and Casey called on His Eminence in his car. The Cardinal expressed pleasure at the prospect he saw from the car window from Toronto and Hamilton, and said he was struck by the apparent fertility of the country. He also said he was pleased with the manliness of the men and the grace of the women he had seen in Canada.

PREMIER INSPECTS SITES.

Sir Wilfrid Views Trans-continental Terminal Location.

Special to The Montreal Star.

Quebec, September 21.—As a result of his interview with the harbor commission, the Premier, it is stated, has virtually decided that the Custom House will be rebuilt on its old site, and has promised a vote of additional money for contemplated improvements in the harbor.

Three plans for the terminals of the Trans-Continental Railway, on the site of the Champlain Market, below Dufferin Terrace, were submitted to Sir Wilfrid, one by Mr. J. O. Marchand, and two others by Mr. G. E. Tanguay. No selection has yet been made, however.

Real Estate Boom in Winnipeg.

Special to The Montreal Star.

Winnipeg, Man., September 21.—Mr. Joseph Bernier, M.L.A. for St. Boniface, admitted to-day that he held options on large pieces of property adjoining that recently purchased near Winnipeg by the Provincial Government for the new agricultural college.

It is expected Mr. Bernier will make a big profit out of his deals, as there is a great boom throughout the entire district. Much of the property is being held at double the prices prevailing before the purchase by the Government was announced.

The roads throughout the whole district for several miles out of Winnipeg are swarming with rigs and automobiles of speculators and real estate men looking for a quick clean-up.

OTTAWA ARCHBISHOPRIC.

Kingston Paper Denounces Opposition to Archbishop Gauthier.

Special to The Montreal Star.

Kingston, Ont., September 21. — The Daily Standard, discussing editorially the objections put forward by the French-Canadians of Ottawa, to the appointment of Archbishop Gauthier, of this city, to Ottawa, and their objections also to the order of Bishop Fallon, of London, against the teaching of French in the schools in his diocese, declares that it is time that the English-speaking people of the country spoke out. Referring to Archbishop Gauthier, as one of "the ablest, most diplomatic, most scholarly and most kindly men in the Roman Catholic church to-day," the Standard says that the attempt to prevent the confirmation of his appointment because he is not French is in effect "not only a deliberate effort to dictate the policy of the church of Rome, but is manifestly putting race before religion."

Western Hunter to Be Tried.

Special to The Montreal Star.

Victoria, B.C., September 21.—Colin Wood, who accidentally shot and killed Chester Young while returning from a day's hunting, will be arraigned on a charge of manslaughter. The action is being brought by the Attorney-General's department.

Washington Department Merely Acknowledges Complaint Against New York Immigration Agents.

Ottawa, September 21.— The complaint made to the State Department by Mr. David Mooney, of Halifax, regarding the treatment accorded his daughter, Miss Margaret Mooney, by Ellis Island immigration authorities, has, after being passed on from one department to another, been returned to the complainant by the Department of Labor and Commerce at Washington with an acknowledgment of the complaint, but no apology.

Miss Mooney's friends were at the dock at New York awaiting her arrival, and she was to have paid them a visit, but the immigration authorities intervened, held Miss Mooney in the detention pen and afterwards deported her without giving her opportunity to appeal or secure counsel.

YOU CAN MAKE $1,500 to $2,000 Per Year

CHAS. E. CESSNA, Pres.

ON A TEN-ACRE

FLORIDA FARM

Hundreds are Doing It Every Year—So Can You

Only Small Cash Payment Down—Balance in Easy Monthly Installments.

Read Our Iron-Clad, Money-Back Guarantee Which Protects You

I, Chas E. Cessna, President of the Santa Rosa Plantation Co., promise and agree to return to any purchaser all moneys paid in to our company for land purchased by him, if the said purchaser finds that within ninety days after purchasing same, the said land is not exactly as represented by me or the Santa Rosa Plantation Co.

I now have on deposit with the Metropolitan Trust and Savings Bank of Chicago money to cover all refunds on this land.

Chas E. Cessna

Santa Rosa Plantation Co. — President.

Here is Your Opportunity of a Lifetime

You can move on your farm at once and your first year's crops will more than double pay for your land—besides you will be independent for life. A town lot in the thriving and beautiful town of Santa Rosa, 50x125 feet, free with every 10-acre farm.

This opportunity will not last long.

You Must Consider Carefully and Act Quickly

This land is located in Washington County, Florida, on the Choctawhatchee Peninsula, the best section of the south. Only a short distance from the world-famed naval city of Pensacola.

The soil is a deep, black sandy loam, which will raise enormous crops of all kinds of fruits and vegetables, corn and other crops. You can always raise two and three crops each year on the same land. Crops never have been known to fail. There is ample rainfall every season. You never have to irrigate.

You can raise Oranges, Grape-Fruit, Peaches, Pears, Pecans, all kinds of Berries, Irish Potatoes, Sweet Potatoes, Cabbage, Beets, Beans, Celery, Melons, Tobacco etc., etc. These crops pay from $200 to $1,000 per acre each year. You have good markets and high prices for all crops. You can quickly have an orange grove worth from $1,000 to $2,500 per acre. Can you afford to miss this opportunity for yourself and your family?

There is plenty of work down there. Secure your land and go at once. Three big saw mills. You can get your lumber at wholesale prices, enough for a good house for from $25 to $50. There is a great abundance of all kinds of fish, also oysters, crabs and small game. Your living will cost you practically nothing.

Washington County, Florida, is the healthiest section in the United States. Here there are no fevers, mosquitoes, flies, bugs or snakes. All vegetation on this land is exceptionally prolific. The finest climate known. Frost-bites and sun-strokes are unknown.

Get our literature and a sample of the soil which tells you the whole story. You will regret it if you don't. Land is selling rapidly. Write us today or mail the coupon. Remember every acre of this land is guaranteed, every promise will be fulfilled to the letter and every statement made is absolutely true.

Only 30 hours ride from Chicago.

$100,000 Auction Sale

900 Choice Building Lots

Situated in

OTTAWA PARK,

SAULT AU RECOLLET

On the line of the Park and Island Electric Railway, 20 minutes' ride from Montreal Postoffice. This property is most desirably situated. A view of panoramic beauty is to be had from every lot on the high level.

Go out and see for yourself the advantages of the property and beauty of the surroundings, where several well-known Montrealers have already built charming summer homes.

Send to the undersigned's office for a circular and plan giving particulars. Parties will be in attendance in a tent on the ground from the 24th of September up to the date of sale, from 2 till 6 each afternoon (Sunday included) to show visitors over the property and give information.

Remember, that a humble beginning in a real estate investment has been the foundation of many a large fortune, and the extraordinary terms of this sale, 10 per cent. cash and balance in 60 monthly payments, without interest, places it within the reach of every one to buy one or more lots.

The auction sale will take place, rain or shine, in a tent on the property on Saturday afternoon, October 1st, commencing at 2.30 o'clock.

WALTER M. KEARNS, Auctioneer.

COLORED MEN STILL APART.

Rumors of Agreement Between Langford and Johnson False.

Special to The Montreal Star.

Boston, Mass., September 21. —The expectations that the much talked of battle between Jack Johnson, the world's Champion "pug," and Sam Langford, the Canadian "Tar baby," would at last be arranged here to-day, failed to materialize. There was too much talk and too little money. Johnson and Langford met in the office of a local newspaper. Joe Woodman, Langford's manager was also on hand. "Put up your $20,000 and we will cover it," was Langford's position. Johnson refused to do so. "I am champion of the world," he said, "I don't have to put up money first for anyone." "I have here $1,000. You say you have the same; we will put this money up now and let it ride for $20,000 to-morrow at noon." Langford and Woodman could not see it that way and after a great deal of haggling, all fairly good humored, the prospects of a fight petered out. It was also learned that the Boston Police had forbidden any one to hold the stake money.

MR. HAWES TAKES ACTION.

Suit Entered Against Great Waterways President.

Special to The Montreal Star.

Winnipeg, September 21.—A writ has been served upon Mr. W. R. Clark, president and promoter of the Great Waterways Company, on behalf of Mr. Alfred Hawes, Toronto, who claims $250,000 damages, or as an alternative other concessions set out in a lengthy statement of claim, on the contention that he did not dispose of his holdings in the Alberta and Great Waterways syndicate.

Power Nearly Touched 162--Latest News of Deal--Big Bucket Shop Quits

THOUSANDS OF POWER SHARES CHANGE HANDS

Power started off at a furious clip again this morning, and in the first hour over 8,000 shares were hurled back and forth on the floor.

There was nothing really new in the morning's news except there was a little official touch to it instead of conjecture.

Anyway the directors' meetings were seized upon to justify another big whirl in the stock, and, after closing last night at 155, the first sale of the morning was made at 159. It was soon selling up to 161¾, and then toward noon reacted gradually towards the opening level.

McDougall & Cowans' operations continue to be watched with keen interest, and some significance was attached to the fact that the firm which bought heavily at the outset of the movement some days ago were again to-day a large buyer on balance.

The onlookers, however, were puzzled when the same firm bought most of the Canadian Power stock offered.

Another very strong stock to-day was Winnipeg Electric, which opened 3 points higher at 190, and, after selling at 191¼, closed at 193 bid and 200 asked. New developments are looked for.

"Scotia" was clearly disappointed at the dividend and sold off to 84. Five per cent. and a bonus of one was what most people looked for.

There was a sale of Montreal Street Railway at 241.

Dominion Steel was a little less active around 63¾.

In Wall Street

A wire said: "The strength of bonds is again a noteworthy feature, and it is believed that as soon as the political situation takes more definite shape there will be an active demand for bonds. An authority here predicts this fall the largest bond market Wall Street has seen. If this is the case, there should be a good market for stocks also. The utter lack of response to bad news is the principal market feature. For an instance, on the announcement that the United States Government would attack the American Sugar Refinery Co., there were only 700 shares of this stock dealt in at a decline of 1½ per cent., and, strange to say, the preferred stock on the same day advanced 2½ points. Yesterday's announcement of price demoralization in the steel trade brought some professional selling, but apparently no liquidation.

Sales to noon, 138,500 shares.

An Industrial Bond Favored

A first mortgage industrial bond is always in favor because the assets of the Company which constitute the security back of the bonds, increase rapidly in value as the company develops. Just at the present time we are in a position to offer a limited amount of the 6 p.c. first mortgage bonds of a successful Canadian industrial company at a price that will return the full 6 p.c. on the investment.

The bonds are issued in small as well as large denominations, making them available to the small investor.

Special circular dealing with the Company sent on request.

W. D. MATTHEWS WON'T PROMISE

Mr. W. D. Matthews has again been questioned about the dividend on Consolidated Mining and Smelting Co., and had nothing to say.

To be precise, he could not say at present whether a dividend would be paid this year.

The shareholders of this concern are a patient, long-suffering lot, and it is a wonder they haven't raised the roof long before this.

The directors may meet towards the end of this month, as Mr. Matthews has been in Rossland inspecting the mines.

"SOO" DECREASE IS $130,450.

"Soo" for the second week of September showed another decrease, this time $130,450.

MACKAY IS HIGHER AT 92.

Mackay was a strong feature on dividend talk. It sold up to 92.

C. D. Sheldon Bought Power Boomers Say

Mr. C. D. Sheldon's agents and boomers were circulating the glad news among the faithful to-day that the famous operator bought large lots of Power stock a few days ago, and up to the time of going to press had John D. Rockefeller 3 down and 2 to play.

According to the agents, Mr. Sheldon always buys a stock before it goes up, and sell short before it goes down, and never, never, never loses.

Some of the Montreal brokers were today asking for 20 per cent. margins on Power stock.

L. J. Forget's Paris Manager On Our Stocks

Mr. C. de Moyne de Martigny, Paris representative of the firm of L. J. Forget & Co., who is in Montreal, sails next Wednesday on the Lusitania.

He is very much pleased with the Canadian situation, and says there is no limit to the amount of money France will invest here, providing we do not impose upon the French investor by pushing questionable securities for sale in that country.

Mr. de Martigny asserts that the French investor is not particular about the amount of interest his investment returns, so long as the interest is secure, and once he buys a stock he keeps it for all time.

Among the securities placed in France in considerable quantities he mentioned Montreal Street Railway, Montreal Power, Dominion Steel stocks and bonds, Quebec Railway, C. P. R., and the Textile stocks and bonds.

Mr. de Martigny reiterated his belief that Canadian securities will be increasingly popular in France so long as Canadians sell them reliable issues. Unlimited harm will result, however, if securities without merit are placed there.

BUCKET SHOP WITH 4 WIRES HERE TO QUIT

Big Walker System is Retiring From Business Next Friday.

The local "Street" was greatly interested in the news to-day that the C. E. Walker Co., one of the largest bucket-shop systems in America, is going out of business.

The concern, in addition to many branches in the States had four wires in Montreal.

Notice was sent to the local agents to close out all trades by next Friday, when the wire system will quit.

In the Walker Company were several of the men who made the old Municipal wire famous.

When the Municipal quit some years ago the principals back of the system retired with millions, but a few afterwards identified themselves with the Walker concern, which evaded the anti-bucket-shop laws, by having some connection with the Pittsburg Stock Exchange.

The Municipal crowd, although they retired rich, acquired a great reputation for honest dealing, and there are many men in Montreal who still contend that they got better execution of orders over the Municipal wires than they did through the legitimate houses.

It is presumed that the Montreal people who were on the Walker wire will become identified with some New York Consolidated Exchange house.

Shawinigan

Mr. J. E. Aldred, upresident of Shawinigan and a director of Montreal Power, attended the meeting of Power directors yesterday.

As far as could be learned to-day, the Power directors have no intention of including Shawinigan in the merger just now but that end of the deal will likely come later.

"Soo" Made a Great Showing For the Year

The Minneapolis, St. Paul & Sault Ste. Marie Railway Company has issued its pamphlet report for the year ended June 30, 1910. The income account compares as follows:

	1910	1909	1908
Gross	$15,407,179	$12,609,299	$11,449,067
Exp.	8,118,322	7,097,716	7,213,305

Mr. F. H. Malcolm Given a Slap

Mr. F. H. Malcolm's crusade against the present management of the Central Canada Meat Packing Co., formerly the Western Canneries, is not apparently making headway. At an adjourned annual meeting of the shareholders of the Central Canada Meat Packing Co., held in the company's office, 310 Somerset Block, Winnipeg, on Thursday, Sept. 15, a resolution was unanimously passed expressing continued confidence in the present board of directors of the company.

OPINIONS ON THE MARKET

Oswald Bros.—The traders are working hard for a rally, and with slight encouragement from the public, the present strength should continue.

Burnett & Co.—October interest and dividend disbursements by railroad, industrial and traction corporations placed at $169,434,537, against $159,792,185 in October, 1909.

J. S. Bache.—The activity in the bond market generally precedes an important move in stocks.

TRI-CITY DIVIDEND.

The Tri-City Railway and Light Co. has declared the regular quarterly dividend of 1¾ p.c. on the preferred, payable October 1.

CERTAIN THEY CONTROL "STREET."

Star — "Do you control Street Railway?"

Canadian Power Man—"Yes."

Star—"Are you sure?"

C. P. Man—"Yes we are sure."

Star—"Are you dead sure?"

C. P. Man—"Dear sure."

Star—"How much stock have you got?"

C. P. Man—"I won't state the omount, but enough for control, you can gamble on that."

Star—"Have you increased your holding within the past week?"

C. P. Man—"Yes, by a large amount of stock but, remember, I am not boasting—merely answering your questions. We don't want to talk."

TOPICS OF THE STREET

Nine years ago Montreal Power was a lemon.

Waterlogged, it was thrown on the local market with nobody willing to touch it with a ten-foot pole.

The intervening years have witnessed the squeezing of many millions of water out of the stock, and instead of the lemon, Power is to-day in the peach class. It has acted this way:

	High.	Low.	Div
1901	103	90	4
1902	105	83	4
1903	99⅜	63⅜	4
1904	85	69¾	4
1905	95¼	77¾	4
1906	99½	86	5
1907	96½	79	6
1908	113	85	7
1909	126¼	109	7
1910	161¾	132	

During the past eleven months the Montreal Street Railway took in $3,889,475, an increase of $396,698, or 11½ per cent. over last year.

Wall Street's stocks are away below the high figures of the year, and at the same time are above the low level. Thus:

	Up from low.	Off from high.
Reading	9⅝	32½
Union Pacific	12⅛	40⅝
Southern Pacific	9⅛	25⅜
Pennsylvania	5⅝	10½
Rock Island	8⅛	26⅝

So far the insiders have made the "killing" on the rise in Power.

Three weeks ago The Star was told in confidence about Mr. Ogden's figures in regard to the merger, and this knowledge was extensively used by some to load up with the stock.

Their profits at current levels range from 20 to 29 points.

"One of the saddest things I know of," said a financier yesterday, "is to see a clerk on a small salary speculating in the stock market.

Brokers View Of the New Merger Deal

(Thornton Davidson & Co.)

It is claimed that the Montreal Power-Street Railway merger would be able to show earnings of 5 per cent. This would be the equivalent of 9½ per cent. on Montreal Power's present capital and 12½ per cent. on Street Railway, as follows:

Power, $17,000,000 at 9½ p.c.	$1,615,000
Street, $10,000,000 at 12½ p.c.	1,250,000

SCHEME ON TO UPSET POWER APPLE CART

That is to Say the Canadian Not Montreal Power's Wagon.

Yesterday the "Street" and Power directors decided upon the terms of the merger, 250 for "Street," 190 for Power.

First, however, they have got to be sure they have Street Railway in order to merge it.

Just at the moment it looks as if the Canadian Power crowd had it.

However, the bait has been decided upon, and it only remains for the Street Railway shareholders to nibble.

A circular will shortly be issued to the "Street" holders exhorting them to stand by the old guard. The situation will be explained in detail, and incidentally the circular will give the Canadian Power plans a rap over the knuckles.

In the meantime a committee of "Street" directors, Sir Montagu Allan, Mr. K. Blackwell and Mr. W. G. Ross, with the president as a member ex-officio, will confer with a committee of Power directors, and the first big gun in the campaign will shortly be fired.

And it is about time. It was on August 4th that The Star warned the "Street" directors that they were losing control of their property, and up to then the Canadian Power crowd had been gathering strength, with nearly everybody on the "Street" side fast asleep.

The Outcome.

Best opinion, however, is still to the effect that the Canadian Power crowd will eventually be clubbed into submission, and that, in spite of their strong stock holdings, they will take a somewhat minor position in the deal.

The Star knows for a fact that a plan has already been thought out, guaranteed to upset the Canadian Power apple cart, but it would be telling tales out of school to mention it here.

Suffice it to say that Canadian Power interests will have to stay awake nights thinking things out.

In regard to the merits of the proposed deal opinion is diversified.

Obviously, if Power is going into a deal at 190, the stock is worth more than 160, but several considerations call for sober reflection. (1) delay and possible legal complications; (2) what will the new securities be worth?

Of course, 250 for Street and 190 for Power is discounting the future, and it will be some time before the earning power of the two concerns justifies those figures.

In the meantime some of the brokers are not unwise to exact 20 per cent. margins from their clients.

JUDGE GARY DENIES CUTS.

Judge Gary, chairman of U. S. Steel, denies the stories of cuts in steel products, and says business is very satisfactory.

$801,000,000 On Deposit In Our Banks

The Canadian bank statement for August was highly satisfactory, for, while the banks increased their business loans by $5,000,000 and note circulation by $2,500,000, the outflow of money was offset by an increase of nearly $12,000,000 in deposits, which now total $801,970,000.

Call and short loans in Canada increased by $246,740, while similar loans made by Canadian banks abroad were reduced by $1,988,749.

Current loans in Canada, representing the banks advances to business enterprises, stood at $657,813,770 on August 31, an increase during the month of $4,-805,434.

Bartlett Mine Gets Some Ore.

Special to The Montreal Star.

Toronto, September 21.—The resumption of work on the Bartlett has apparently produced results. Mr. Walter Turner, who is in charge of the property, writes to James McPherson, president of the Bartlett Mines, as reorganized, reporting that a seven-inch vein of high grade ore has been picked up. Mr. Turner writes very enthusiastically thus: "We are well satisfied with what we have turned out of the new shaft back of the camp buildings. We have got at the vein and it is looking fine."

CHATS ON CHANCE.

"The representative of a Winnipeg wholesale house this week gave," says the Winnipeg Commercial, "a good account of the conditions in the country from a business standpoint. There has been an impression with some that the parts of Southern Manitoba affected by the drouth early in the season were not safe parts to do a heavy business in.

"The wholesale man in question explains that it happens that the portions affected the most are those that have been settled for years, and in which the farmers for the most part are well off. In the newer districts, where the newer settlers are, the crops are good, so that both the good crop country and the bad crop places have plenty of money for the coming season's business.

"Wholesalers here are not afraid to supply the retail trade at any point, and business is very satisfactory. There are not even complaints of poor payments."

The first carload of grain went into the new Grand Trunk Pacific elevator at Fort William a few days ago. The big elevator, the largest in the world, with a capacity of nearly 4,000,000 bushels, is now open for business. It is expected that a large quantity of wheat will be handled this fall.

Action Needed To Stop Sales Of Bad Eggs

Special to The Montreal Star.

Toronto, September 21—Produce and commission men, as a section of the Toronto Board of Trade, will make an effort at the next session of the Dominion Parliament to have an amendment made to the pure food law to prevent the sale of "ancient eggs." An effort will be made to have the co-operation of all the men in this line of business throughout the Dominion. Within the last year several of the commission merchants have been gulled badly by farmers and country buyers, and they think that if some action is taken to stop fraud in connection with egg sales, the producers and consumers will be much better satisfied.

A Case in Point.

James Madden, one of the most experienced produce merchants of the Board of Trade, states that cases have been brought to the attention of the commission men where farmers have taken unfertile eggs after several days from incubators and mixed them with eggs shipped as "fresh." The commission men hope to have a clause in the pure food act that will make selling rotten eggs a criminal offence.

LOCAL FIRMS PUT UP PRICE ON ALL PAINTS

A general advance in the price of paints and varnishes has been decided upon by the paint and varnish manufacturers of Montreal and will be effective immediately.

Manufacturers in these lines have been facing a steady increase in the cost of their raw materials. Linseed oil now costs on an average from 40 to 45c per gallon higher than a year ago; turpentine from 20 to 25c per gallon higher, while flaxseed, from which linseed oil is crushed, is $1.20 per bushel higher than a year ago.

There was no alternative to a large increase in the selling price of the manufactured products in order to maintain the present standards of quality.

At a meeting of the Montreal linseed, oil, white lead, paint and varnish section of the Canadian Manufacturers' Association, held in the association board room, 113 Board of Trade Building, the Montreal manufacturers unanimously agreed upon the following:

Increase is General.

"Resolved, that the Montreal manufacturers of paint, varnish, lead and putty are compelled, in consequence of the largely increased cost of raw materials, to agree that there should be a general increase in the price of all paints, varnishes and varnish products, commensurate with the advance in raw materials."

This action has been supported by manufacturers of paints and varnishes in all parts of Canada, who have written the Montreal section either giving advice of an increase already effective or notice of an early announcement of increases.

The trade has been largely prepared for the announcement of to-day by the action of a large number of manufacturers in withdrawing their prevailing price lists and discouraging advance orders.

CHEESE PRICES STEADY.

Receipts of cheese, 16,099 boxes. The market is quiet, but prices hold firm, with westerns quoted at 11 to 11¼c, and easterns at 10¾ to 11c.

BUTTER FIRMER AGAIN.

Receipts of butter to-day were 613 packages. The market is very firm owing to the strength displayed in the country markets. Choice stock is quoted at 24½ to 25c, and seconds at 23½ to 24c.

GOOD POTATO DEMAND.

A good demand continues for potatoes, and the market is steady at 60c per bag in car lots, and at 80c in a jobbing way.

LOCAL GRAIN RECEIPTS.

Local grain receipts: Corn, bush., G.T.R., 997; peas, bush., G.T.R., 682, C.P.R. 420; oats, bush., G.T.R., 2,490; barley, bush., 2,640; buckwheat, bush., G.T.R., 8,855; flour, brls., G.T.R. 3,951 C.P.R. 3,127.

WHEAT HAD DIP BUT RECOVERED

From the Special Correspondent of The Montreal Star on the Chicago Board of Trade.

Chicago, September 21. — Wheat was unsettled. September sold at 96¼ to 96¾, December at 100 to 100⅝, and May at 105¾ to 106¼.

There was a decline in the price of wheat at the opening because of the sharp break at Liverpool, coupled with the fact that many of the big shorts have evened up their accounts, and that the market generally speaking was not in a condition to rise. The decline in values seemed to stimulate the buying, and prices soon advanced under the improved demand.

Big Men Bought.

The Armour Grain Company, and Finley, Barrell & Company brought both December and May wheat. The North-West was a buyer on a large scale, and it was believed that the purchases by Logan-Bryan reflected a more bullish condition in St. Louis and Kansas City. In the face of the strong buying there was heavy selling by Bartlett-Frazier as well as foreigners; Oklahoma was reported a heavy seller of cash wheat in the south-west, but a Kansas City bull told of the excellent demand for cash there on outside milling account. Northwestern receipts were 639 cars, compared with 998 a year ago.

Liverpool was 1⅛ to 1¼d lower, while all the other European markets were higher. Berlin, ⅝c; Antwerp and Budapest, each ⅝c, and Paris ⅜c. A special Liverpool cable reported advices of heavy Black Sea shipments on which some of the big houses were free sellers.

It was reported yesterday that Black Sea freight rates have been advanced.

Today's Closing Prices

WATCHING THE RISE IN POWER STOCK.

From the gallery of the Montreal Stock Exchange.

POWER IS 159, WINNIPEG 195, STEEL NEAR 65

There was continued activity in Power and Shawinigan this afternoon but there were no wide fluctuations in prices.

In fact the most conspicuous gain of the session was scored by Winnipeg Railway, which is up 8 points from yesterday on active buying.

There is some good news coming out on this issue.

"STREET" CIRCULAR.

It was stated this afternoon that the circular to Street Railway shareholders would likely be out towards the end of the week, but would hardly be later than next Monday or Tuesday.

Steel Higher.

Dominion Steel was higher, selling to 64 7-8.

Quebec Railway was firm at 44.

Power sold off to 158 3-4, and around 159 at the close.

Directors Did Not Decide On Securities

There was some curiosity about the "Street" to know if the Street Railway and Power directors had decided upon the details of the proposed merger and the class of new securities they intended to issue. They haven't.

The matter was casually discussed yesterday, but will be reported upon later by committees representing both boards.

Speaker Cannon Again Nominated.

Danville, Ill., September 21.—Speaker Joseph G. Cannon, in accepting his 20th nomination for congress, to-day, said the present tariff needed no defence, and declared that the agitation for its revision was dangerous to the welfare of the country.

A SHARP RISE IN WALL ST. IN AFTERNOON

Special to The Montreal Star.

New York, September 21.—The Hill stocks were bid up again and there was a general improvement in the rest of the list.

Westinghouse Electric gained 2 1-2, and the preferred 5 points on the declaration of back dividends.

The market became strong on the fact that the railroad rates decided upon by Minnesota were void. This helped the northwestern issues, Great Northern selling up to 127 3-8 and Northern Pacific 117 1-2.

Union was up to 167 1-4, Steel 68 1-4, Reading 143, Southern 115 1-2, C. P. R. 190 1-2, Copper 63 3-4, Smelters 67.

Dixville Man Instantly Killed.

Special to The Montreal Star.

Sherbrooke, Que., September 21.—Mr. Wm. Norris, of Dixville, was instantly killed last night when he fell out of a waggon while returning from Coaticooke.

The horse he was driving became frightened and ran away, throwing him out. His neck was broken.

Quebec Bridge Victim's Body Found.

Special to The Montreal Star.

Quebec, September 21.—Another body has been recovered from the ruins of the Quebec Bridge by the workmen engaged there. The remains have been identified as those of Frank Kerby, a Caughnawaga Indian, twenty-six years of age.

TWO POLITICAL VETERANS ARE EN ROUTE FOR CANADA

Sir J. Laurence and Sir A. Mond Will Meet Here—West India Commission Report.

(By Special Cable from Our Own Correspondent.)

London, September 21.—Canada and Germany still furnish political fighters here with their most effective ammunition. To-day Sir Joseph Laurence, an ex-M. P., and a member of the executive of two leading Unionist organizations, and the head of Rt. Hon. A. J. Balfour's election committee, sails for Canada via New York, and by the time Sir Alfred Mond, M. P., a wealthy chemical manufacturer and head of the Free Trade Union, reaches Canada, he will find Sir Joseph Laurence ready to meet him. There should be some sport, for both are old campaigners and platform adepts.

Members of Parliament now returning from Canada are already turning their Canadian experience to keen press and platform uses.

It looks as if a general election, if it comes this winter as expected, will give Canada the best advertisement ever received here.

CANADA-WEST INDIES REPORT HELD BACK.

The report of the Canada-West Indies Trade Commission was signed by Hon. W. S. Fielding and other commissioners fully a month ago, has been printed and is ready for publication. Yet, for some unexplained reason, it is still unissued.

The direct mail service between England and the West Indies lapses on November 10th, in consequence of disagreements with the Post Office department here, and it is believed that the commission recommend a new fast mail service which shall call at Canadian ports.

MASTER PLUMBERS MEET TO-NIGHT TO DISCUSS THE STRIKE

The strike of the plumbers and steamfitters is unchanged. When the representative of The Star called at the Labor Temple to-day the men were standing around discussing the situation.

"Nothing doing," said the chairman of the strike committee. "We are waiting to see what action will be taken at the meeting of the Master Plumbers' Association this evening. We have not been invited to attend. We would naturally like to reach a settlement, but there will be no backdown. Our men are all satisfied, and are determined to stand out for a minimum wage of forty cents an hour."

The officials of the Master Plumbers' Association claim that none of the big structures are tied up, and that there is no lack of non-union men to fill the places of the strikers.

TIP SELLER SENTENCED TO TIME ALREADY SERVED

Thomas Kelly, the young man from Hamilton who was arrested on the tenth inst., for selling tips on the horse races at Blue Bonnets, was brought before Judge Leet this morning for trial. He pleaded guilty to the charge of selling the tips and was found guilty, his sentence being the number of days he had served in jail since his arrest. Kelly said he had come from Hamilton to sell papers. He was not a follower of the races and had taken the cards to sell them, not knowing he was breaking any law.

In giving judgment the Magistrate said the law is a new one and it appeared the accused did not know of its existence. He advised Kelly to keep away from the race track, as he did not think the surroundings there were ideal for young men.

KELLY WITH GRAND TRUNK.

Footballer and Aquatic Star Promises to Captain Point Team.

It will be a disappointment to the Montreal Football Club to hear that George Kelly has finally decided to turn out again with the Grand Trunk.

The statement is made on the authority of Mr. Walker, the secretary, who says that Kelly has positively promised to turn out with the Grand Trunk team, and not only that, but to captain it.

Other well known Rugby players are expected to follow Kelly's lead.

TEST LIQUOR CASE WAS HEARD TO-DAY

Witnesses of the Dominion Alliance Could Not Be Found and the Delay Asked Not Granted.

Judge Bazin this afternoon announced that he would be obliged to dismiss the first of the 108 actions taken by the Dominion Alliance against liquor dealers in the city. The judge wanted to dismiss the case before the Alliance said their witnesses were away. Later, however, Judge Bazin called Secretary Roberts, of the Alliance to the box. The latter stated that his witnesses were not in the city and he did not know where they were.

The case, which was considered a test one, was against Gauthier, Commissioner street, charged with selling liquor after legal hours. License holders were evidently much excited over the actions and the court-room was crowded to suffocation when it was called. The Dominion Alliance wanted the case postponed as one of their chief witnesses was out of town.

Judge Bazin wanted to know the witness's name. Mr. Patterson replied for the Alliance that he could not give it, as he did not know it.

"It is strange that you should not know the name of your important witness," said the judge.

"He is a detective," said Mr. Patterson.

"Well, surely you should know your detective's name."

Finally the judge called to Mr. Roberts as witness.

Mr. Roberts definitely declared that he could not find his witnesses to summon them.

Judge Bazin then ruled that he must issue his summonses this afternoon and have his witnesses in court and be ready to proceed with all the cases by 9 o'clock to-morrow morning.

KISSED SWEETHEART, HELD UP BY POLICEMAN, LATTER IS SUSPENDED.

One of the constables on duty on Mount Royal Park has been suspended by Chief Campeau, following upon a complaint laid by a young man who claims that the policeman after threatening him with arrest later allowed him off on payment of $50. The officer maintains his innocence.

The young man says he was walking in the park with a young woman, his sweetheart, that he had kissed her, and the policeman then stepped up. The offer of $10 for liberty was spurned, $20 also failed, as did $30 and $40 but, according to the young man, $50 seemed to be about the price and the transfer of the money brought his freedom. An investigation will take place.

Reception to Sir Wilfrid.

Sir Lomer Gouin will preside at the meeting at the Monument National on October 6, to welcome Sir Wilfrid Laurier. An address will be presented to the Premier in the name of the Liberal clubs of Montreal. The Hon. Messrs. Fielding, Brodeur and Bureau will be present.

Sir Thomas Shaughnessy has contributed $5,000 to the Notre Dame Hospital fund, which brings the total contributions up to $204,073.

Cabinet Council To-morrow.

Otawa, September 21.—Sir Wilfrid Laurier and Hon. Geo. P. Graham have returned to the city, and the Cabinet will meet to-morrow. The Minister of Railways will hear applications on October 4, for approval of route maps, including several from Western Canada.

Death of Major W. H. Orchard.

Toronto, September 21.—Major W. H. Orchard, of the 48th Highlanders, died at the General Hospital to-day, as the result of an operation for appendicitis. He was sixty-one years of age.

CRIPPEN AND MISS LE NEVE ASHEN WHITE

When Sir Albert De Rutzen Committed Them for Trial—Mr. Newton on Defence.

Special to The Montreal Star.

London, September 21.—Both Crippen and Miss Le Neve grew ashen white when Sir Albert de Rutzen, senior Bow Street magistrate, announced his decision to commit them for trial on a charge of murder this morning, though it was a foregone conclusion that such would be the outcome of the hearing. Both, however, retained their composure.

In delivering his decision, Sir Albert de Rutzen said:

"Without expressing any opinion regarding the evidence against the prisoners, particularly Miss Le Neve, I think there is sufficient warrant for the committal of both to the Central Criminal Court."

When the evidence was all in, Solicitor Newton asked that Miss Le Neve be discharged from custody, as the prosecution admitted that it had no evidence that she had any knowledge of the crime prior to its committal.

The magistrate denied this request. Mr. Newton then asked that the prisoners be admitted to bail.

This was also refused, and Crippen and Miss Le Neve were taken back to jail.

Mr. Newton explained his refusal to offer any defence at this time on the ground that in cases of such importance the inevitable rule of the police courts is to bind prisoners over to a higher court. He said his action must not be construed in the least as an admission of the weakness of his defence.

The next step will be the return of indictments by the Grand Jury, in which Crippen will be charged with the commission of the murder of his wife and Miss Le Neve with being an accessory after the fact.

The prisoners will be tried in the October term of the Central Criminal Court.

Aged Constable Dead.

William Harper, a retired constable, died suddenly at his home, 309 Grand Trunk street. He was 77 years of age.

PRIEST'S EVIDENCE SAVED A WOMAN FROM GALLOWS

He Told What Man Supposed to Have Been Murdered Declared to Him.

Pittsburg, September 21. — That a priest may testify in court as to what was told him by a dying person while the priest was not fully clothed in his vestments was the interpretation given in Criminal Court, of Allegheny County, last night.

As a result the Rev. Father Kazincy, of St. Michael's Church, Braddock, went on the stand later and gave testimony which saved from the gallows Mrs. Annie Masarik, who was on trial since early morning, charged with the murder of her husband, John Masarik, at their home in Braddock on the morning of July 1 last. The jury retired at 9 o'clock, and returned soon with he verdict clearing the woman.

After a most bitter squabble between counsel the priest was permitted to take the stand, and gave testimony as to what took place in the death chamber while he had not the sacred stole about his neck. The priest declared that John Masarik, knowing himself to be dying, told him that he had shot himself with intent to kill, that he had been driven to the act because he had not had any work for three months, that he had been afflicted with sore feet and could not get out to work.

Prosecution Confused by Testimony.

This testimony was all the more sensational coming on the heels of that of an eleven-year-old daughter of the dead man and the accused woman.

Mary Masarik, the daughter, asserted that she had seen her mother with a pistol a few minutes before the fatal shot was fired and that the mother had threatened to do the shooting. The testimony of the child seemed enough to send her mother to the gallows.

She said she had been awakened by the shot which killed her father and saw her mother trying to extinguish her father's burning shirt. The mother, she said, had warned her not to say anything about the shooting of her father.

The testimony of the priest threw the prosecution into confusion. The jury was out but a short time.

TEMPERANCE IN BRITAIN.

Drunkenness Decreasing According to Statistics.

London, September 21.—Sobriety is in the ascendancy in England, Ireland, Scotland and Wales, and licensed public houses are decreasing in number, according to statistics gathered by United States Consul-General John B. Griffiths. The decrease of drunkenness is attributed primarily to two causes—the increase in the price of whiskey and the organization of social clubs where persons may drink without frequenting licensed premises.

In England and Wales in 1908 the convictions for drunkenness aggregated 187,803 while in 1909 the total was 169,618, a decrease of nearly one-tenth. The decrease in Scotland, outside of the towns, for 1909, as compared with 1908, was 19 per cent. In Scottish towns the decrease was 27 per cent. And in Ireland, 8 per cent.

A greater decrease was shown in the number of convictions of women than of men.

Roosevelt to Visit Toronto.

Special to The Montreal Star.

Toronto, September 21.—A Globe special from New York says Mr. Roosevelt has decided to visit Toronto next year, probably on his return from a trip through the Southern States in the spring. Mr. Roosevelt has been under invitation of the Canadian Club of Toronto for some time, and his tardy acceptance is due to his secretary, Mr. Frank Harper, who is an Englishman, and who recently visited relatives in Toronto.

Youth Drowned at Goderich.

Special to The Montreal Star

Goderich, Ont., September 21.—Colin McIver, twenty years of age, a son of Mr. Neil McIver, of this town, while out sailing with a couple of companions yesterday afternoon, fell overboard and was drowned. The life-saving crew are grappling for the body. No explanation is available as to the cause of the fatality.

A Record Price for Mackerel.

Special to The Montreal Star.

Halifax, N.S., September 21.—Fresh mackerel sold here yesterday at forty cents each, the highest price ever paid here for mackerel. Thirty years ago yesterday fresh mackerel were quoted in Halifax at fifty cents per dozen.

GIRL TOOK BLAME SO CASE IS ENDED TO ALLOW WEDDING

Albina St. Jacques, Who Had Been Shot, Appeared as Witness for the Accused

The case of Louis Soulie, charged with attempted murder came before the Court of the King's Bench, yesterday afternoon. Soulie was accused of having shot his lover on July 5 last, at the corner of Lagauchetiere and St. Dominique street. The girl—Albina St. Jacques—was the first witness of the Crown, but her evidence proved to be rather sympathetic to the accused.

When in the box the girl stated frankly that she loved Soulie and that he loved her, or that at least she thought so. She also said that the shot of which she had been a victim had been purely accidental, and that she had only herself to blame for the accident. According to the witness the shooting took place in the following way. Louis Soulie, who was a cook at the St. Regis, and Albina St. Jacques were going home after their evening work when they stopped at a restaurant, corner of Lagauchetiere and St. Dominique streets, to get their supper. While the meal was being prepared Soulie went out to have some beer at the bar opposite the restaurant, and when he came in Albina St. Jacques was talking with another man. Soulie was not jealous. Nevertheless, the girl got nervous when she saw a revolver in the hands of Soulie. She reached out to take the revolver away from her lover's hands, and this caused the shot. Immediately Soulie shouted: "Oh my God! I have killed Albina," and taking her in his arms he ran to a drug store.

Mr. St. Julien, lawyer for the defence, suggested that it would be just as well to stop the case right away and proceed immediately to the marriage, and Justice St. Pierre said it was a thing to be seen to in the morning.

Reward for Police.

A cheque for $20, enclosed in a letter to Chief Campeau, was received yesterday from Father Hebert, of Notre Dame Church, in which the Chief of Police is congratulated on the work of the force at the church during the lecture given there last week on Joan of Arc, by Archbishop Touchet, of France. The money in the letter will be turned over to the Police Pension and Benevolent Association.

Fire in Printing Office.

A fire at 2 o'clock this morning in the establishment of the Paquin Printing Company, 127 Maisonneuve street, caused $1,000 damage. The fire started in the basement and the firemen managed to confine the blaze to that portion of the building. The cause of the outbreak is a mystery.

JERSEY CREAM BRAND EVAPORATED MILK

JERSEY CREAM is just pure milk from grass-fed cows on Canada's rich pasture-lands and is sterilized and evaporated before it is six hours old. It reaches your table free from dust and bacteria and is far more wholesome for your little ones than the 48-to-72-hour-old milk your milkman delivers. The Dominion Government Analyst has pronounced it 13% richer than any other brand of unsweetened milk.

Specify Jersey Cream by name — else you run the risk of getting just ordinary unsweetened milk.

Poor Digestion?

This is one of the first signs of stomach weakness. Distress after eating, sour eructations, sick headache, bilious conditions are all indicative that it is the stomach that needs assistance. Help it to regain health and strength by taking

BEECHAM'S PILLS

for they are a stomach remedy that never disappoints. They act quickly and gently upon the digestive organs, sweeten the contents of the stomach, carry off the disturbing elements, and establish healthy conditions of the liver and bile.

STOMACH DISTRESS AND DYSPEPSIA GO.

Heartburn, Gas, Sourness and Indigestion Vanish and Your Stomach Feels Fine in Five Minutes.

As there is often some one in your family who suffers an attack of Indigestion or some form of Stomach trouble, why don't you keep some Diapepsin in the house?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapepsin, then you will readily see why it makes Indigestion, Sour Stomach, Heartburn and other distress go in five minutes and relieves at once such miseries as Belching of Gas, Eructations of sour undigested food, Nausea, Headaches, Dizziness, Constipation, and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order stomach with the common every day cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which putrefy in the digestive tract and intestines and besides poison the breath with nauseous odors.

A hearty appetite with thorough digestion and without the slightest discomfort, or misery of the Stomach, is waiting for you as soon as you decide to try Pape's Diapepsin.

ST. CHARLES Evaporated Cream

The Uniform High Quality of Every Can Is Guaranteed

WE take every precaution known to science to insure our product being the very best made.

OUR dairies are models of cleanliness, and all utensils that in any way come in contact with the milk are thoroughly cleaned before and after using.

AT our factories the vats and all machinery used in preparing the milk are thoroughly cleansed with hot and cold water and steam twice every day.

THESE are only a few of the precautions taken to insure cleanliness in every detail in the manufacture of St. Charles Evaporated Cream.

AFTER the cans are sealed, the milk is carefully sterilized to prevent any possible chance of contamination or disease. In this way you get the milk as sweet and fresh as when it was first put into the can, no matter how long you keep it before opening. St. Charles Cream will keep indefinitely in any climate before the can is opened, thus you can have a supply of milk in your home to last for weeks at a time.

KEEP a good supply of St. Charles and you will never have to wait for the milkman, nor will you be troubled with sour milk.

IF you would have a healthy and happy family, use St. Charles Evaporated Cream.

Buy Your Coal Yourself

How much thought have you given to your coal buying in the past? Left most of it to your dealer, haven't you? Taken his say-so as to quality, haven't you?

This winter buy your coal yourself. Tell your dealer you want the coal that lasts longest, that burns with the least amount of waste, that gives a steady even heat. Tell him you want the

LEHIGH VALLEY COAL COMPANY'S LEHIGH COAL

This is the finest of anthracite coal mined. It is cheaper to burn than other coals because it lasts longer. It gives more heat—a heat that is steadier.

Also, because it is a dense coal, you must use a little more care in starting a fire with it. It will not flash up at the first touch of flame and then burn out quickly. It starts slowly, but once started, burns long.

Your dealer should handle Lehigh Valley Coal Company's Lehigh Coal. He does if he buys of either of the firms mentioned below. If he doesn't tell him where he can get it.

AWAKENING OF SCIENCE

TO THE VALUE OF FRUIT

What is 'FRUIT-A-TIVES'?

Medical men are just beginning to realize the possibilities of fruit in curing disease. Its action on the liver, kidneys and skin is wonderful Yet fruit in its raw state is impracticable in treating disease because of the minute quantity of the active or curative principle contained in fruit juice.

A physician in Ottawa, after years of patient work, discovered a process, whereby the medicinal or bitter principle of fruit juice is increased in quantity and thus a more active and more valuable substance is obtained. "Fruit-a-tives" is the only medicine in the world made of fruit.

Hundreds of prominent people in every section of the Dominion owe their good health to "Fruit-a-tives." Hundreds more are daily becoming stronger and better by taking them. "Fruit-a-tives" is daily proving its inestimable value as a natural cure in all cases of Constipation, Biliousness, Torpid Liver, Backache and Headache, Neuralgia, Rheumatism, Kidney and Skin Troubles.

50c a box, 6 for $2.50, or trial box, 25c. Sold by all dealers, or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

CHARGE OF ARSON IS DENIED BY SUSPECT

Wilfrid Dufresne Being Held During Investigation of St Denis St. Fire.

Wilfrid Dufresne, a former Street Railway conductor, was arrested yesterday and arraigned before Fire Commissioner Ritchie this morning on a charge of illegally and deliberately and wilfully attempting to set fire to the house situated at 1488 St. Denis st., occupied by Mrs. William Huet and her family. Dufresne pleaded not guilty and preliminary hearing before the Fire Commissioner is being held this afternoon.

The arrest of Dufresne is the outcome of a fire which broke out in Mrs. Huet's residence early Saturday morning. After the blaze had been extinguished a cannister containing gasolene and other inflammable material was found in the room where the fire had been.

A number of holes were placed in the can and it was so arranged that when it struck anything forcibly matches inside would be lighted by the blow and cause the inflammable material to lighten. The bomb had been thrown into the house from outside and this is believed to be the cause of the fire.

Dufresne was held on suspicion of the offence.

"King" Cook, who has been for so long connected with the McGill University, and who met with an accident by being struck by a milk waggon Monday morning is doing well at the Royal Victoria Hospital, but will remain there at least two or three days longer.

HARVESTERS' EXCURSION.

Though the crops in the West are cut, there is work in connection with the threshing for 1,000 more harvesters than have gone forth from the East. The C. P. R. is therefore running another Farm Laborers' Excursion to the wheat fields on Friday next, September 23rd, the rate as in the past, being $10.00.

PERSONALS

Thornton—Robertson.

At Zion Presbyterian Church, Brantford, last week, the marriage took place of Miss Jessie Robertson, daughter of Major Robertson, to Mr. Percy Thornton, the Rev. R. M. Hamilton, of Toronto, officiating. The bride was given away by her father. She wore an ivory duchess satin gown trimmed with princess lace, with a tulle veil and orange blossoms, and carried a shower bouquet of roses and lilies of the valley. The maid of honor, Miss Annie Robertson, sister of the bride, wore pale yellow silk with a black picture hat, and carried yellow roses. The bridesmaids were Miss Grace Hamilton (Toronto) and Miss Edna Dowsley (Prescott), who were gowned in pale mauve, and Miss Helen Wallace in yellow silk. They all wore black picture hats, and carried chrysanthemums. The little flower girl, Miss Jean Thornton, was in white and carried mauve and white sweet peas. Mr. Frank McLey (Woodstock) was best man, and the ushers were Messrs. Gordon Scarfe, Hilton McKay, and Gilbert and Charles Robertson of Montreal. After a reception at the residence of the bride's parents, Mr. and Mrs. Thornton left for an extended trip to Boston and New York, the bride travelling in a navy blue costume with toque to match.

Keefer—Oliver.

An interesting wedding took place this afternoon in St. Andrew's Church, Ottawa, when Miss Claire Oliver, third daughter of the Hon. Frank Oliver, Minister of the Interior, was married to Mr. Allan Keefer, younger son of Mr. Charles H. Keefer, of Ottawa. The Rev. Doctor Herridge performed the ceremony. The bride, who was given away by her father, wore a gown of white satin, veiled in silk chantilly lace, with pearl and bugle trimmings, and a tulle veil and orange blossoms, and carried a shower bouquet of lilies of the valley. She was attended by Mrs. Franklyn Ahearn as matron of honor, and by two bridesmaids, her sister, Miss Anna Oliver, and Miss Rossie Chadwick, all gowned alike in peach colored satin, with overdress of white chiffon trimmed with hand-painted roses. Their hats were of black velvet, with large roses of peach colored satin, finished with a ruffle of cream lace under the brim. They carried sunset roses. The bride's little sister, Miss Lucy Oliver, acted as flower girl, wearing a white lingerie frock with pink ribbon and a rosebud wreath. The best man was the bridegroom's brother, Mr. Thomas Keefer, and the ushers were Mr. John Thompson, Mr. Herbert Chambers, Mr. D. J. McDougall, Mr. Cameron Edwards, and Mr. Samuel McDougall. The bridegroom gave the bride a diamond ring and to the bridesmaids gold chains with a peridot pendant. To the best man and the ushers the bride presented diamond and sapphire scarfpins. After the wedding a reception was held at the residence of the bride's parents, Mrs. Oliver mother of the bride, wore a gown of Saxe blue velvet, with hat to match. Mrs. C. H. Keefer, mother of the bridegroom, was in pale blue ninon, veiled with white Limerick lace and black ninon, and a black velvet hat with blue plumes. Among the out-of-town guests were Mrs. Mackay, grand-aunt of the bridegroom, and Miss Gregor of Montreal. One of the many beautiful gifts received by the bride was a gold chain bracelet set with rubies and diamonds from His Excellency the Governor-General and the Countess Grey. Lady Evelyn Grey sent a picture, and the Earl and Countess of Lanesborough a fan of rose point lace and mother of pearl. After the reception, Mr. and Mrs. Keefer left for New York and the White Mountains, where the honeymoon will be spent.

Coleman—Henry.

St. Andrew's Church, Ottawa, was the scene of a pretty wedding yesterday afternoon, when Miss Catherine Claire Henry, eldest daughter of Mr. and Mrs. Kussoth J. Henry was married to Mr. Charles Roy Coleman, of Montreal, formerly of Toronto. The Rev. Dr. Herridge performed the ceremony. The bride was given away by her father and was attended by Miss Norma MacKitchie. Mr. Egbert Marriott, of Toronto, was best man and the ushers were Mr. Frank Sheriff, of Toronto, and Mr. Jack Kingston, of Ottawa. Among those present at the wedding were Mr. and Mrs. Harold Henry, of Bracebridge, Dr. and Mrs. C. K. T. Henry, of Montreal, and Mr. and Mrs. Norman Henry, of Toronto. After the ceremony a reception was held at Idlewyld Cottage, Rockcliff, the residence of the bride's parents, the house being prettily decorated with flowers and music supplied by an orchestra. The honeymoon will be spent in the Adirondacks, and later Mr. and Mrs. Coleman will reside at Westmount.

Mahoney—McGovern.

The marriage of Miss Eileen McGovern, daughter of Mr. James McGovern, to Mr. John J. Mahoney, of Lowell, Mass., was solemnized at nine o'clock this morning in the Archbishop's Private Chapel. The Rev. Dr. Luke Callaghan, uncle of the bride, officiated. The bride, who was given away by her father, wore a gown of white Liberty satin, the corsage embroidered in seed pearls, with a white beaver hat with white willow plumes, buckle of brilliants, and gold graduation cross. Her bouquet was of American Beauty roses. The bridesmaids, Miss K Scullion aunt of the bride, was gowned in pink ninon de soie with black plumed picture hat and carried pink roses. Mr. James Gannon, of North Billerica, Mass., was best man, and the ushers were Mr. B. McGovern, and Mr. P. J. Scullion. Following the ceremony a reception was held at the residence of the bride's parents, 93 Park Avenue, and later Mr. and Mrs. Mahoney left for a trip to the Saguenay, the bride travelling in a grey costume and black panne velvet hat, toque trimmed with plumes.

Bonet—OBrien.

At St. Michael's Church the marriage took place to-day of Miss Margaret O'Brien, daughter of Mr. J. P. O'Brien, to Mr. Cecil C. Bonet, both of Montreal. The bride wore a blue travelling suit with hat to match. Mr. and Mrs. Bonet have left for the West on their honeymoon.

A very pleasant tea was given yesterday afternoon by Mrs. Dobbin, Western avenue, in honor of two of the brides-elect, Miss Pauline Frechette, and Miss Stella Moody. The rooms were prettily decorated with cut flowers and plants. The hostess received wearing a green fouland gown with lace garniture. Miss Frechette and Miss Moody wore pink silk gowns trimmed with lace. The tea room was in charge of Mrs. J. P. Cooke, Mrs. Guy Dobbin, and Mrs. Alfred Pelton, assisted by Miss Sumner, Miss Mary Johnson, Miss Jessie Caverhill-Cameron, and Miss Myrtle McLeod.

At the marriage of Miss Vida Roberts, daughter of Mr. and Mrs. E. M. Roberts, to Mr. Paul McKay Stroud, son of Mr. and Mrs. Wallace Stroud, which takes place at the Church of St. John the Evangelist on October 6th, the bride will be attended by Miss Mollie Ferris, of Phillipsburg, and Miss Helen Stroud. The best man will be Mr. Wallace Stroud, jr., and the ushers, Mr. Milton Skaif, of Ottawa; Mr. Lewis Hill, of Burlington, Vt.; Mr. T. H. Barnes, and Mr. F. L. Stroud.

The marriage of Miss Lulu C. Stewart, daughter of Mr. Thomas Stewart, 409B St. Antoine street, to Mr. Robert Elliott, of Montreal, is announced to take place quietly at the American Presbyterian Church to-morrow afternoon. After the ceremony Mr. Elliott and his bride will leave for New York, where the honeymoon will be spent.

The engagement is announced of Miss Margaret A. Taplin, youngest daughter of Mr. and Mrs. H. Taplin, of Ottawa, to Mr. John Benson How, of Montreal, son af the Rev. H. and Mrs. How, of Annapolis Royal, N.S. The marriage will take place quietly in November.

Sister M. J. Beatrice, of St. Joseph's Convent, Toronto, who has been a guest of her sister Mrs. Victor Roy, 538 Sherbrooke East, with Mother de Pazzi also of St. Joseph's Convent, and Miss Fraser of Toronto, have returned home.

Monsignor Gillies, of Indian River; Rev. Father J. J. McDonald, of Kenora; and Rev. Father Monahan, of Mascouche, P.E.I., who were the guests of Miss Mary Gillies, of 102, Mansfield street, have returned to their respective homes.

The engagement is announced of Miss Margaret T. Fulton, youngest daughter of the late Mr. John Fulton, to Mr. W. Henderson Paul, son of Mr. Walter Paul. The marriage will take place quietly about the end of October.

TREATY GAVE NO RIGHT TO FORTIFY PANAMA CANAL

M. Bunau-Varilla, Panama's Agent in Negotiations, Speaks Out on Fortification Question.

Paris, September 21.—Replying to a query as to whether in his opinion the Hay-Bunau-Varilla treaty authorised America to fortify the Panama Canal permanently, M. Philippe Bunau-Varilla, who was the representative of the Republic of Panama in the negotiations of 1903 for the transfer to the United States of Panama's exclusive rights of sovereignty over the mainland and island territory, said it did not.

It is true, he said, that Article XXIII. authorizes the erection of fortifications, but such authorization is simply an accessory of the right to use military force to protect the canal when the necessity arises for such protection. Therefore, M. Bunau-Varilla contends, until such necessity arises the obvious right to fortify the canal does not exist. Authority for fortifying the canal permanently does not result either from the sovereign rights conceded to the United States on the Canal Zone. Such sovereign rights, M. Bunau-Varilla says, were granted as the legal mechanism necessary for obtaining the essential aim of the treaty—the establishment of a maritime highway which shall be permanently neutral and open to all nations on terms of absolute equality in peace or war.

An Abuse of Sovereignty.

M. Bunau-Varilla went on to say that so strictly limited to the aim in view is the use of these sovereign rights that a special article in the treaty was deemed necessary in order to allow the use of armed forces for the protection of the canal.

Asked for his view of the international side of the question, he replied: "I can only say that the principle is gaining ground daily in the conscience of mankind that intermaritime passages are the common property of the nations, like the sea itself. The Western gate of the Pacific must, like the Eastern one, be free and open. If the canal is fortified by one nation it will be considered an abuse of sovereignty committed to the detriment of other powerful co-users in the Pacific.

FEAR WOLVES ARE INFECTED.

Mad Dog Showed Signs of Fight with Wild Animals.

Ottawa, September 21.—That danger exists of the epidemic of rabies in Ontario spreading to wolves and other wild animals in the northern part of this province, is the statement made by the Veterinary-General's Department in regard to a report received from Toronto that such a danger was apprehended.

"Wolves are certainly very prone to the disease when exposed to it," said Dr. Tennant, acing veterinary-general, in discussing the affair. Rabid wolves have little fear of man and have been known to run right into mining camps, biting everyone in sight.

Another Rabies Patient.

Toronto, September 21. — Another rabies case has been brought to Toronto for Pasteur treatment by physicians of the Provincial Board of Health. The patient is a boy, two years old, from Grand Bend, in Huron county. He was bitten in the face by a wandering dog. There are now three Pasteur cases at the General Hospital.

ATLANTA DOCTOR KILLED.

Desperate Patient Shot His Physician and Attempted Suicide.

Special to The Montreal Star.

Atlanta, Ga., September 21.—Driven desperate by chronic illness, which his physician had promised to cure, Wm. M. Cox yesterday shot and killed Dr. J. Robert Sewell in his office and then sent a bullet into his own head.

Dr. Sewell was one of the best-known physicians in this city. Wm. Cox is well known in Austell, Ga. Dr. Sewell had just received his patient and was taking him to the operating room for treatment when the fatal shot was fired.

From evidence adduced at the coroner's inquest it would seem that the physician was shot down while his back was turned.

Cox was rushed to a hospital, where it is stated that he has a chance to recover.

AN EXTRAORDINARY SALE OF 500 MISSES' AND LADIES' COATS OF ALL THE APPROVED FALL STYLES

A FEW OF THE NOVELTIES

Picked Up By Our Buyers in the Old World

It will doubtless be of interest to you to know a few of the centres of Fashion and Manufacture, visited by our Buyers, when in Europe, recently, and a few of the European novelties they sent us.

From St. Gall our Embroidery and Ribbon Buyer secured an exceptional line of novelty Swiss Embroidered Handkerchiefs, with hemstitched and scalloped borders, lace edged, and in new corner effects. One line of medium quality sells here as low as 7½c. Others are priced from 25c, 50c 75c up to $1.25.

There are also many new handmade embroideries, exquisite Swiss Laces, Beautiful Metal Laces and Trimmings, Embroidered Collars, Swiss Silk Trimmings of rare conception in design and quality.

From Paris he secured a wondrously beautiful line of Neckwear, and such positively new creations one would hardly give the brain of man credit for conceiving. Many new millinery ornaments, which will be much in evidence this season, from Rue de la Paix, some rare creations in model hats.

Perhaps one of the most interesting lines coming from Paris is one of new French Veiling—new novelty motor veils in Marquisette, Paisley, Crepe de Chine, Crystaline, in the very newest effects, known in Paris and conspicuous at Trouville. Prices range from 35c up to $7.75.

From St. Etienne, myriads of new novel creations in fancy nets, chiffons, velvet ribbons, scarfs, veilings. One line we know will particularly interest you at this period are the Novelty Millinery Cashmire Ribbons, which are at present reaching a craze in Paris. They were bought, thru a lucky purchase, at a remarkably low price, considering the newness and effectiveness, and are priced here at 20c to $1.25.

(To be continued).

Not One Worth Less Than $18—and they run from that to $22.50, $25, $27.50, $32, $35 and $37.50. All at One Price

$14.98

THESE ARE ALL STRICTLY HIGH CLASS, MADE BY ONE OF THE HIGHEST GRADE MANUFACTURERS IN CANADA.

Another Waist Sale But This Time Lingerie Waists

WORTH $1.25, for 49c.

For to-morrow, we will place on sale another lot of the most beauteous assortment of fine Lingerie Waists—of just the same, or rather a similar kind to those that sold like "hot-cakes" a couple of weeks ago.

They're waists that you'd judge were $2 values, if the price were not ticketed up.

And REMEMBER, there's only a small quantity, but it's a lot we've GOT to clear. So come early, if you'd have one.

They are made with beautifully all-over embroidered fronts, nicely trimmed with pin tucks, and wide pleats, long or 3-4 sleeves. Reg. $1.25 To-morrow..... **49c.**

—Second Floor.

A HANDSOME TAFFETA SILK WAIST

FOR $2.25, Worth $4.50.

It's easy enough to get an ordinary Silk Waist for $2.25 sometimes, but then you'll find after wearing it a week, probably two, it's practically in "ribbons," and then possibly the style is old.

But these Silk Waists are made of good quality Taffeta, and in the very newest up-to-date styles, front has box pleat with tucks, down centre, and revere finisht with one large button and five smaller ones and two clusters of small tucks—back has two clusters of pin tucks and two large ones, with high fancy collar. These come in the popular shades of:—

Copenhagen — Green
Pink — White
Navy — Reseda
Wistaria — Amethyst
Rose — Sky
and Gray.

This is certainly a high grade line, and will give good serviceable wear. A regular $4.50 value. Special for to-morrow..... **$2.25**

To-Morrow Will Be Apron Day in The Whitewear Department

For we are allotting a large section of our Whitewear Department to this big Apron-Day Sale.

We've shelves, display hangers, counters, tables, fixtures of all kinds stacked with Aprons. Everywhere you look you see more of them, from the finest little tea apron to the great big cover-all kinds. There's

Aprons for mother.
Aprons for big sister.
Aprons for school girls.
Aprons for grandmother.
Aprons for the kiddies.
Aprons for nurses.
Aprons for maids.
Aprons for fancy work.
Aprons for baking.
Aprons for pink-teas.
Aprons for every imaginable use—but all the prettiest, most exclusive, and serviceable designs.

Some are made of White Lawn, Gingham, Zephyr, Irish Linen, English Print, Imported Percale, Black Sateen, and there's not space enough here to tell you of all the others.

WE WANT YOU TO COME AND SEE THEM—for there's far too many kinds to describe, but we feature the following lines:

MAIDS' APRONS.

AT **19c** They are made of good quality lawn, with hemstitcht or embroidered bib, and this is a Reg. 39c value. Good size.

AT **25c** We will offer another line of Maids' Aprons, made of fine quality lawn, trimmed with bretelles of dainty embroidery, good full skirt, finisht with frill. Regularly sold for 45c.

AT **39c** Are other numerous styles, made of good quality lawn, and trimmed with neat little designed embroideries and insertions. Worth 59c. Another decidedly different style is made of plain lawn, finisht off with tucks, of hemstitch.

AT **54c** Are some extremely good quality lawn Aprons, with square yoke effect, trimmed with embroidery and insertion. And these are genuine 75c values. But in order to clear this small lot, we offer them for 54c each.
