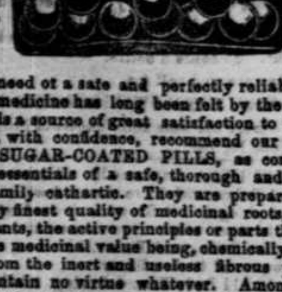
BRISTOL'S
SUGAR-COATED PILLS
PURELY VEGETABLE.



THE need of a safe and perfectly reliable purgative medicine has long been felt by the public, and it is a source of great satisfaction to us that we can, with confidence, recommend our BRISTOL'S SUGAR-COATED PILLS, as combining all the essentials of a safe, thorough and agreeable family cathartic. They are prepared from the very finest quality of medicinal roots, herbs, and plants, the active principles or parts that contain the medicinal value being, chemically separated from the inert and useless fibrous portions that contain no virtue whatever. Among those medicinal agents we may name PODOPHYLLIN, which has been proved to possess a most wonderful power over the Liver, and all the billious secretions. This: in combination with LEPTANDRIN and other highly valuable vegetable extracts and drugs, constitutes a purgative Pill that is greatly superior to any medicine of the kind heretofore offered to the public. BRISTOL'S VEGETALE SUGAR-COATED PILLS will be found a safe and speedy remedy in all such cases as

Piles,
Headache,
Jaundice,
Bad Breath,
Foul Stomach,
Loss of Appetite,
Liver Complaint,
Habitual Costiveness,
Dyspepsia or Indigestion,
Heartburn and Flatulency,
Dropsy of Limbs or Body,
Female Irregularities,
And all diseases of the Stomach,
Liver, Bowels and Kidneys.

In diseases that have their origin in the blood, BRISTOL'S SARSAPARILLA, that best of blood purifiers, should be used with the Pills; the two medicines being prepared expressly to act in harmony together. When this is done faithfully, we have no hesitation in saying that great relief, and in most cases a cure can be guaranteed, wher the patient is not already beyond human help.

For general directions and table of doses, see the wrapper around each phial.

For Sale in the Establishments of:—John Musson & Co., Roderick McLeod, John E. Burke, W. E. Brunet, R. Dugal, Edmond Giroux. Also, by all respectable Druggists, and dealers in Medicines.

WOODS' COUGH LINCTUS,
AN INVALUABLE REMEDY FOR

Coughs, Colds, Hoarseness, Loss of Voice, Influenza, Bronchitis, Tightness of the Chest, Asthma, Consumption, and Affections of the Pulmonary Organs generally.

Why suffer from the above distressing complaints, when this extraordinary Medicine will afford immediate relief, as proved in thousands of instances for many Winters past.

The remedial effects of this Medicine are based on entirely new principles, there being several Foreign plants used in its preparation unknown to general practitioners.

It acts freely as an expectorant, and relieves the most violent Cough by a single dose. Its peculiarly beneficial influence, in cases of Asthma, is truly astonishing, producing a free action of the lungs where the greatest difficulty of breathing has been felt; that those who have been unable to lay their heads low on the pillow for many years, are able to do so with impunity after taking two or three doses of this Cough Linctus.

The numerous imitations of this Medicine compel the proprietor to warn the public in having no other Cough Medicine palmed upon them when WOODS' COUGH LINCTUS is is asked for, as they are sure to be disappointed, there being no other Medicine which can act as a substitute.

Testimonials are constantly being received by the Proprietor of cures effected by this Cough Linctus, in Chest and Lung Complaints, after medical aid has been of no avail, and in numerous instances, the early stages of consumption are arrested and ultimately cured by its use.

Sold in bottles at 35c. and 90c. each.

Sole Proprietor, W. WOODS, Family and Dispensing Chemist, 45, Bedford Street, Plymouth, England. May be had of all Chemists, &c.

Sold by Messrs. MUSSON & CO., Quebec, Canada.

Morning Chronicle.

QUEBEC, FEBRUARY 18, 1868.

The Montreal *Herald* says two curious facts came out at a special meeting of the shareholders of the Bank of Upper Canada. One was, that Mr. Cassels had speculated in its stocks with the money of the Bank for his own benefit—and the speculation turning out a loss, left the Bank to suffer the damage, ($8.000). It was also acknowledged that Mr. Cassels had permitted one person, Mr. Berry, of Kingston, formerly of Quebec, who has since left the country, to become indebted to the Bank to the extent of $300,000, for which the Bank had not a farthing security.

Yesterday's sitting of the House of Assembly was principally taken up with the consideration of the Supplies. After the usual routine business had been gone through, Hon. Mr. Dunkin moved the House again into Committee of Supply, when the different items of the estimates were considered and adopted—the business occupying until about ten p. m., when the Committee rose, reported progress and asked leave to sit again, which was granted. A full report will be found under our Parliamentary heading elsewhere.

It is not long since a great noise was made about what the Ontario Government was doing; it was trumpeted forth that their measures were rapidly being passed, and that considering one member of the Government had a cork leg, and another a wooden arm, they were running the machine at a wonderful pace. But what are the facts? The Government are afraid to bring in a bill for the payment of its members, because some of the hungry only want $600 for the session, like the patent leather members they send to Ottawa; others say half that amount is enough, but who are ready to sneak off when the vote comes on, so that the $600 men may have it, when they will return to charge the ministry with extravagance. Then again their Government measures have been delayed or shorn, and the financial statement has not yet appeared. As to their own pay they want a good haul, but are afraid until they see what Quebec will do. Well, they have no doubt obtained the information by this time, and will probably cut down a few dollars to show their friends that after all they are not so extravagant as Quebec. When, then, the two languages are considered, our Local Government is far a head in a business point of view,—noise and tin trumpets from Ontario notwithstanding.

We observed with pleasure a few days ago that Mr. Carter had presented a petition to the House of Assembly from Mr. Charles de Salaberry praying that a grant of land should be made to his family in consideration of the important services rendered to the Empire by his father, and which have remained unrequited to the present day. Of the justice of the claim there can be no doubt. Colonel de Salaberry had the good fortune to repulse at Chateauguay the *largest regular army* that the Americans had ever brought into the field, and was in consequence justly regarded, to use the language of the Duke of Kent, "*as the hero who saved Lower Canada.*" The Local Legislature valued the service so highly that it unanimously passed an address to the Prince Regent, praying him to make a grant of Crown lands, but from some cause which has never been explained, no reply was ever made. Some months ago, a contemporary, in alluding to the services of our public men and how inadequately they had been rewarded, alluded specially to the case of Col. de Salaberry, and concluded with the following paragraph which we most cordially endorse:—"We think that for this service, so fully recognised by the Legislature, the family of Col. de Salaberry is yet entitled to receive the grant of lands which the Assembly *unanimously* prayed the Prince Regent to make to him, and also consider that it would be an act equally just and graceful, if the Legislature of the Province of Quebec, which will soon be in position to deal with the public lands, should make that compensation to them, for a claim which no lapse of time can invalidate." We are happy to know that Mr. Carter's motion will be well received, and that there is every probability that the Government will willingly attend to any recommendation of the House, and that justice will now be done to the family of a man of whom Canada is justly proud.

Among the recommendations of the Contingencies Committee, in the report they submitted yesterday to the Legislative Assembly, was one that will prove a mercy to some of the public employees. It is that, during the recess, should there not be found any, or sufficient work for them in their present offices, they be temporarily transferred to departments where there may be something for them to do. Now, while we by no means desire to see the public employees overworked, it is only right they should have as much duty to discharge as may be requisite to keep their minds and bodies in a state of gentle activity and reasonable vigor. The general health of these gentlemen should, undoubtedly, be a subject of concern for the Province, and when the Contingent Committee seeks to save them from mental stagnation it acts kindly towards them—though the good turn may not be appreciated—but infinitely more kindly towards the Province. The public must take care of its employees about the Legislative Buildings; for their places would be hard to fill, not only on account of the rareness of merit, but the natural modesty which prevents young gentlemen hereabouts from obtruding their qualifications upon the notice of Ministers and members of Parliament. We are afraid the Committee were, as Artemus Ward would say, perpetrating a "sarkasum," when they hinted at such a thing as officials not being sufficiently employed during the recess. Do they think gentlemen have not, now, and will not have enough to do; or that an employee is a machine? Why, for example, don't the Committee recommend at once that the able-bodied corps of officials be turned out to make colonization roads during the recess? The public might thus be saved much money, settlement promoted, and a taste for farming developed in the breasts of some gentlemen whose Cockney habits have hitherto prevented their making the acquaintance of the appetising air and health-improving occupations of the country. Such attractions, not to speak of the opportunity of procuring country wives and homesteads, to be hewn out of bush lots, would, no doubt, soon draw off from this Capua of ours lots of city dandies to be converted into farmers. Here is a chance for social reform and the development of the country. Who will take it up. If a number of our young men could be induced to "go upon the Crown domain," as the phrase is, the cities would be greatly eased, while an important step would be taken towards the colonization of the Province. Let the Committee further recommed that every bachelor clerk be obliged to get married, and "take up a wild lot." He will thus help to clear the country, and improve his own lot; and if he has not too much to do in his office, he will have enough to exercise him in the lively and contemplative occupation of axeing trees. What does the Committee say to these hints?

CONCERT IN AID OF THE NOVA SCOTIAN FISHERMEN.

THE MARKETS, AMUSEMENTS, &c. &c.

MONTREAL, Monday, Feb. 17.—The committee in charge of the silver movement publish a circular in the course of which they say that they have already sent 30,000 dollars worth out of the country, and deposited 50,000 dollars more with the Bank of Montreal on Saturday for the same purpose. They feel satisfied that the large amount promised for shipment will still further reduce the discount, and will place themselves in communication this week with other localities for the same object.

ST. JOHN, N. B, Monday, Feb. 17.—A meeting on the tariff was held on Saturday evening, Alex. Jardine, Esq., in the chair. All shades of politics were represented. The object of the meeting was to suggest some method of lessening the duties on articles of necessity without injury to the revenue. The meeting adjourned until Thursday.

FREDERICTON, 17th Feb.—A Bill was introduced for assessment of Charlotte County for the purpose of forwarding information to Ottawa on the subject of the Intercolonial Railway. Other proceedings wholly unimportant.

The Nova Scotia Legislature is to be prorogued during the absence of the delegation in England.

LATEST FROM NOVA SCOTIA.

(Specially reported for the Morning Chronicle.)

HALIFAX, Monday, Feb. 17.—From a report of the committee of the House of Assembly of Nova Scotia on the distress among the fishermen of the province—the committee, after careful examination and enquiry, are satisfied that there exists at the present time amongst the fishing population of twelve counties great and wide spread distress and destitution. Your committee are also satisfied that this distress will rather increase than diminish from the present date till the first of June next, and that unless extensive and permanent arrangements be made, many may perish from starvation. The committee are, therefore, of opinion that there is an urgent necessity not only for relief from the provincial authorities, but for a loud call upon the charity and generosity of the citizens of this and the neighbouring provinces.

The pieces which will be brought out on the occasion are the "Loan of a Lover," and the farce entitled "*Ici on parle Francais*". The box plan of the house is on view at C. E. Holiwell & Co's, opposite the Post Office, where reserved seats can be taken. We believe the amateurs who will appear will make a hit advangeous to their histrionic reputation, and gratifying to the public. As this is the only entertainement of the sort to be given before Lent, and as the object is a good one, there is reason to anticipate a large audience.

ROYAL ARTILLERY.—Last week, upwards of one hundred and twenty-five men of the Royal Artillery, formerly part of the Quebec garrison, but who are now stationed at Toronto re-enlisted, and were sworn for a further term of ten years' service. This speaks well for this branch of her Majesty's service, and most practically illustrates the good feeling existing between officers and men.

ST. PETER'S WARD ELECTION.—Owing to the retirement of Mr. Owen Murphy from the candidature of this Ward there was no opposition whatever to the return of Mr Convey, and polling in favor of the latter candidate proceeded yesterday without any lively incident worth mentioning occurring. Mr. Convey had recorded 136 votes at the close of the poll, and Mr. Murphy two. Mr. John Ryan was also unanimously returned as Councillor for this Ward, in the room of Mr. W. Darling Campbell, Notary, withdrawn.

ST. ROCH'S WARD ELECTION.—The election of a City Councillor for St. Roch's Ward, in the room of A. G. Tourangeau, Esq., who has declined to sit for the said Ward, commenced at nine o'clock yesterday morning. The candidates were Messrs. Jacques Auger, Notary, and Louis Rosa, ship-builder. The following was the state of the poll at the close yesterday afternoon:—Mr. Auger, 150, and Mr. Rosa, 91. The polling will be continued to-day until four o'clock in the afternoon. Complete order was observed throughout yesterday's proceedings.

ST. PETER'S WARD.—We, the undersigned, duly qualified electors for St. Peters ward, do hereby nominate John Ryan, Esq., of the city of Quebec, trader, as a fit and proper person, and as one duly qualified by law to replace William Darling Campbell, as councillor for St. Peter's ward: David Laliberte, Urbain Leclerc, James McChitelz, Martin Hannon, James Sullivan, John O'Donohoe, N. Rioux, Chas. Joncas, James Coolican, John O'Brien, Francis Thomas, Wm. Nicholson, Hilaire Grenier, John Murphy, Ed. Lyng. Quebec, 17th February, 1868.

RECORDER'S COURT.—Yesterday, in this Court, a withered-up diminutive specimen of old mortality, whose chief industrial occupation consists in driving an unfortunate skeleton of a horse through the suburban streets of the city, while the owner exercises his vocal abilities in shouts of "rags, rags, old rags," was brought up charged with being helpless from the effects of ardent in Julie street on Saturday afternoon. He was ordered to pay a fine of $2 and costs, or go to jail for four days. Several judgments were given in assessment prosecutions against defaulting tax-payers.

DEPARTURE OF VOLUNTEERS FOR THE PAPAL SERVICE.—Thirteen young gentlemen of the Province of Quebec, left yesterday, to join the Candian volunteers about to leave Montreal for service in the Pontifical army. The following is a list of the names of these disinterested young Canadian crusaders: Theodule Begin, of Notre Dame de Levis; Charles Bertrand, advocate, of Quebec; John Fraser Blackburn, of Beauport; Augustin Fortin, of L'Islet; Elzear Garneau, of Quebec; Louis Gosselin, of St. Laurent, Isle of Orleans; Edouard Lemieux, of Chicoutimi; William Murray, of Quebec; Theophile Morisset, physician, of Quebec; Louis Pacquet, of St. Henri de Levis; F. X. Toussaint, student of Laval Normal School; Charles Trudelle, of Quebec; Cyprien Vohl, of Quebec. We also learn that Mr. Alfred O'Meara, son of Major O'Meara, of Her Majesty's Customs, is shortly about to leave for the same destination at his father's expense. Hon Mr De Boucherville, Speaker of the Legislative Council, has subscribed $100 towards the Canadian Pontifical Zouave fund. A farewell dinner was given on Saturday evening to several of the volunteers on the eve of their departure. Three Rivers it is stated furnishes eighteen recruits for the Papal Zouaves.

THE LATE SIR EDMUND HEAD.—It was announced by telegraph yesterday morning, in the columns of this paper, that Sir Edmund Head, late Governor-General of Canada, had died suddenly in London, on the 28th ultimo. Sir Edmund was born in 1805, and had consequently attained his sixty-third year. He was descended from an ancient and honorable family in Kent, which derived its surname from the Kentish district, now called Hythe, but formerly known as *Le Hede*. Sir Edmund's first appearance in public life was in the capacity of a poor-law assistant commissioner, with a thousand pounds a-year and travelling expenses. Next he was appointed Lieutenant-Governor of New Brunswick, and afterward, in 1854, was promoted to the Governor-Generalship of Canada. Sir Edmund contributed to the periodical literature of the age. He wrote a clever treatise, entitled, "Shall and Will;" "A Handbook of Spanish Painting;" and "The Temple of Serapis at Pazznoli." He married in November, 1838, Anna Maria, daughter of the late Rev. Philip Yorke, grandson of the first Earl of Hardwicke; and by her had one son, who was drowned in Canada, and two daughters, both the latter living.

PROVINCIAL PARLIAMENT.

SATURDAY, Feb. 15, 1868.

The SPEAKER took the Chair at eleven o'clock in the forenoon, pursuant to the adjournment of the previous sitting.

INTERCOLONIAL RAILWAY.

Mr. PICARD (Richmond and Wolfe) presented two petitions from his constituency, praying for the adoption of Major Robinson's line.

GAME LAWS.

Mr. CARTER presented a petition from the Montreal Fish and Game Protection Club, praying for amendments to the Game Laws.

CONTINGENCIES.

Mr. BELLEROSE brought in the following (9th), report of the Committee on Contingencies:—

LEGISLATIVE ASSEMBLY, Quebec,
Saturday, 15th Feb., 1868.

Ninth report of the Select Standing Committee on Contingencies.

Your Committee beg to recommend to your Honorable House the adoption of the following resolutions:—

Resolved—That all temporary, supernumerary or extra clerks, messengers or other employees of the House, who are not on the permanent staff, be paid only during the sessions of Parliament.

Resolved—That in all future sessions the first business of the Committee on Contingencies shall be the auditing of the accounts of the previous year.

Resolved—That in future the accountant shall not pay any sum or sums of money whatsoever except upon the previous authorisation of the law, or of a vote of the House, or for expenses certified in writing either by some officer or Committee authorized to make or allow such expenses.

Resolved—That whenever in the future a vacancy shall occur in the staff of the officers or other employees of the House, whether by resignation, death or otherwise, it shall not be filled up until after the case has been submitted to this Committee.

Resolved—That all employees of the House shall fulfil all duties and do all work required of them by the Clerk of the House or other authorized, or proper person, without extra pay or emolument whatsoever beyond their fixed salaries.

The whole respectfully submitted.

JOS. H. BELLEROSE,
Chairman, C.C.

On motion of Mr. BELLEROSE, the report was forthwith concurred in.

OTHER REPORTS.

Mr. HARWOOD brought in the nineteenth report of the Committee on Standing Orders.

Mr. CARTER submitted the fourteenth report of the Private Bills' Committee.

Mr. BERGEVIN, from Select Committee, reported the bill to legalize certain proceedings of certain Boards of Notaries.

STAMPS.

Hon. Mr. DUNKIN introduced a bill to amend certain Acts therein mentioned, and to provide certain measures in relation to stamps.

COLONIZATION.

Hon. Mr. CHAUVEAU then, amid considerable applause, moved for leave to introduce his promised bill in relation to colonization roads.

Also, his bill for the encouragement of settlers on Crown Lands.

At the request of Hon. Mr. Langevin, the hon. gentleman forthwith explained the main features of his measures. The former was intended for the purpose of classifying the colonization roads, distinguishing them as roads maintained wholly at the expense of the Province, roads maintained partly at the expense of the Province, and partly at the expense of municipal or local associations, and roads maintained also partly at the expense of the Province, and partly at the expense of the settlers, under certain conditions. It also contained provisions for the making of a general map of the colonization roads and all Crown Lands, shewing the nature of the soil in each place, and for the publication and dissemination of information regarding these lands in pamphlet and other forms. The other bill for the encouragement of settlers on Crown Lands was not exactly a homestead law—he would not like to so style it—but it partook somewhat of the character of such a law. Its object was to exempt from seizure for a certain number of years the lands, instruments of husbandry, stock and a portion of the farm produce of settlers for debts contracted previous to their coming into possession of such lands. (Applause.) Another provision, contemplating a limit to the extent for which they could be attached for subsequent debts, was under consideration, but had not yet been quite agreed upon. Of course, in reference to the last feature, the Government were prepared to receive suggestions from the House and the Committee, perhaps more in the way of extension than limitation.

Mr. MARCHAND enquired if there was anything in the last mentioned bill for the protection of settlers against large landholders? (Hear, hear.)

Hon. Mr. CHAUVEAU said this point was much more serious and difficult; but it could have been gathered from the Hon. Treasurer's statement that it was the desire of the Government to grapple with it. It was too complicated a question, however, affecting, as it did, private rights, that they did not feel themselves, in the hurry of the last days of the session, at liberty to deal with it this session, but they would most certainly do so next session. (Applause.)

The bills were then read, and fixed for a second reading.

THIRD READINGS.

Read a third time and passed:—

Bill respecting the office of Secretary and Registrar, and other subjects therein mentioned.—Hon. Mr. CHAUVEAU.

Bill respecting the office of Queen's Printer and the publishing of an Official Gazette for the Province of Quebec.—Hon. Mr. CHAUVEAU.

Bill respecting inspectors of prisons, hospitals and other institutions.—Hon. Mr. CHAUVEAU.

Bill to amend the Act cap. 18 of the Consolidated Statutes for Lower Canada, respecting the erection and division of parishes.—Hon. Mr. OUIMET.

Bill to supply the place of the Speaker of the Legislative Council in certain cases (from the Legislative Council.)—Hon. Mr. CHAUVEAU.

EDUCATION.

Hon. Mr. CHAUVEAU then moved the reception of the report of the Committee of the Whole on the resolution respecting the support of schools in the cities of Quebec and Montreal.—Carried.

The resolution was read a second time; and—

Hon. Mr. CHAUVEAU then introduced a bill based on the resolution.

After some explanations, it was read and fixed for a second reading.

THE SUPPLIES.

On motion of Hon. Mr. DUNKIN, the House again went into Committee of Supply; when the hon. gentleman moved the adoption of the first item relating to the Lieutenant-Governor's office, to enable him, he said, to go into Committee of Ways and Means on Monday, when he expected to be able to afford all the necessary explanations.

The item was carried, and the Committee rose and reported progress.

Mr. JOLY complimented Hon. Mr. Dunkin on the ability and clearness of his financial statement and the happy condition of affairs which it had proven. (Applause.) He went on to make several suggestions in relation to the Reformatory Prison, and the propriety of the Government bringing down by Monday a detailed list of the departmental employees, with their salaries, so as to avoid discussion and numerous inquiries on that head.

Mr. BACHAND also warmly felicitated the Hon. Treasurer. He knew, he said, his ability and character for frankness, but he had been surprised by the very great frankness he had evinced in his statement, concluding by observing that that speech or statement sufficed of itself alone to place the hon. gentleman in the foremost rank of celebrated men of the Province. (Applause.)

Mr. ROBERTSON, on his own behalf and that of the other English speaking members, also paid a warm tribute of praise to the Hon. Treasurer, promising him his warm support in the carrying out of his policy.

Hon. Mr. DUNKIN returned thanks for the compliments paid him, and again explained the difficulties under which he had labored in the matter of his statement.

The subject then dropped.

JURY LAW AMENDMENT.

Hon. Mr. OUIMET moved the second reading of his bill to amend the act 27 and 28 Vic., cap. 40, respecting the summoning and selection of jurors. He explained that its object was to lessen the cost of the administration of justice in the summoning of juries by doing away with the necessity of summoning parties already exempted by law, from serving on juries. Some $22,000 or $23,000 would be thus saved a year.

After some conversational discussion, the bill was read and ordered for reference to Committee of the Whole on Tuesday.

OTHER PROCEEDINGS.

The bill to amend the act incorporating the Montreal City Passenger Railway Company was passed to a third reading.

The bill respecting the Rockland Slate Company was reported from Committee of the Whole and fixed for a third reading.

The bill to amend the charter of the Quebec Gas Company, and that to amend the acts respecting the Corporation of Montreal were read a second time.

The House then adjourned.

MONDAY, Feby. 17, 1868.

The SPEAKER took the Chair at three o'clock.

INTERCOLONIAL RAILWAY.

Mr. JOLY presented two petitions from Lotbiniere, praying for the adoption of Major Robinson's line.

QUEBEC MUNICIPAL CHARTER.

Mr. JOLY also presented a petition from the Quebec Bank, praying against that part of the Quebec Corporation amendment bill, praying for power to levy a tax on banks. (Hear, hear.)

ST. SAUVEUR.

Mr. SIMARD submitted a petition from 400 inhabitants of the municipality of the Parish of St. Roch's of Quebec South, praying that the amendments asked for to the charter of the said municipality by the Mayor and Councillors thereof be not granted, inasmuch as the election of the said Mayor and Councillors was illegal, and under examination at the moment by the Courts of Law.

WINTER VEHICLES.

Mr. MOLLEUR presented a petition in favor of the bill to amend the law relating to winter vehicles and winter roads. (Hear, hear.)

Mr. BENOIT brought in another, with the same prayer.

FIRE MARSHAL.

Mr. CARTER submitted a petition from Montreal in favor of the bill for the appointment of a fire marshal for that city.

CONTINGENCIES.

Mr. BELLEROSE brought in the tenth report of the Committee on Contingencies, recommending further retrenchments in the contingencies. He explained the report at length, and moved its adoption.

The report also recommended a reduction in the staff of permanent officers.

Mr. SCRIVER bore testimony to the valuable services rendered by the chairman of the committee. It had been owing to his activity and firmness that much of the Parliamentary expenditure had been reduced to the present figure. He thought he (Mr. Bellerose) was honestly entitled to the warmest appreciation of his services on the part of the House. [Hear, hear.]

Hon. Mr. CHAUVEAU said he desired to state in reference to the recommendation of the report touching the reduction of the number of permanent employees, that the opinion of the Clerk of the House had been taken on the subject. The clerk did not think the present number too large, particularly for future sessions when the business was likely to be more considerable. Still the Government intended, whenever a vacancy occurred, to not fill it without consulting the Speaker and the Clerk as to the necessity of doing so, so that the House, through its chief officers, would be enabled to exercise a control in the matter and effect economy if it thought proper.

The report was then adopted.

OTHER REPORTS.

Mr. CARTER—Fifteenth report of the Private Bills' Committee.

Hon. Mr. IRVINE—Sixth report of the Committee on Contingencies.

JURY LAW AMENDMENT.

On motion of Hon. Mr. OUIMET, the House then went into Committee on the bill to amend the law respecting the summoning and selection of jurors—Mr. LABERGE in the Chair.

The Committee, after a short sitting, rose, reported progress and asked leave to sit again, which was granted.

THE SUPPLIES.

Hon. Mr. DUNKIN said that as the details in connection with the estimates under the head of Civil Government and Administration and certain other items were not yet printed, he would request the House, in going into Committee, to allow the estimates in question to stand until the evening sitting. In the meanwhile, the others could be gone on with.

After some conversation, the House went into Committee—Mr. SIMARD in the Chair.

On the item of $20,000 to meet the expenses of police—

Hon. Mr. DUNKIN remarked that this estimate was considerably in advance of what in all probability would be needed, and he was asking in effect for a vote of credit as regards that item; but in order to meet any exigencies which might arise, he thought it prudent to ask for $20,000.

The item was then passed.

On the item of $37,500 for the St. Vincent de Paul Reformatory—

Mr. BELLEROSE expressed a desire to see the salaries of the officials of this establishment placed on a more just and equable scale.

The item was carried.

The following were passed without discussion:—

In reference to the item of $68,000 for superior education, which was next passed,

Hon Mr. DUNKIN said this estimate was only for twelve months. When the House met again towards the close of this year, he would be in a position to afford more correct information on some points in connection with this subject. A more thorough and efficient distribution of the grants would then be made.

The following were then concurred in:—

Common Schools....	$174,000 00

On the item for school inspection above mentioneds,

Mr. SCRIVER asked whether it was the intention of Government to make any change whatever in regard to the inspection of schools, with a view to increase the number of inspectors, or in any other way to render the inspection more effective.

Hon. Mr. CHAUVEAU said the whole of the subject of education would be taken up in all its details next Session. The inspection of schools was a subject of great importance, and one which had occupied very much of his personal attention. The only difficulty they experienced in the matter was the expense. In Great Britain, a large proportion of the estimate for education was spent on inspecting schools, but in our case our finances would not permit of this. He had made a special report some five years ago, in which he had submitted three different systems, and had called the notice of Parliament thereto, but since that time they had not thought proper to deal with the subject. The whole question would be taken up by the Government next Session.

In reference to the item of $2,600, Superannuated Teachers' Fund,

Mr. HEMMING thought this amount entirely too small.

Mr. SCRIVER was also of the same opinion. He believed it should be increased. He had known teachers who after wearing themselves out in the service upon a miserably inadequate salary, and who were now living as best they could on their small allowance of $25 or $30 from this fund. He hoped the estimate would be increased.

Hon. Mr. CHAUVEAU was delighted to hear the remarks of the hon. gentleman. In every one of his reports as Superintendent, he had recommended an increase of the fund, and had shewn that the increase would be an advantage to the Province, because some day or other, if the grant was not augmented, the system would have to be abandoned, and then a larger sum would have to be refunded to those who had subscribed than the increase would amount to. He did not know the Treasurer would be able to appreciate this view of the case.

Hon. Mr. DUNKIN said they had all sorts of good intentions for next year. (Laughter.) The following grants were for twelve months, and were passed without debate:—

On the items of $138,000 for the Beauport Asylum, and $27,000 for the St. John's Lunatic Asylum—

Mr. BELLINGHAM asked the Hon. Treasurer upon what grounds he made his estimate for the Beauport Asylum? The amount was very nearly the same as the estimate he (Mr. B.) had made when he brought up his motion on the same subject. The contract allowed 650 patients as a maximum, and this number at three and nine pence each would amount to about $92,750 a year. So that there must be nearly the full number of patients there, about 647

Hon. Mr. DUNKIN said they had nearly the maximum number, about 639 he believed.

Mr. BELLINGHAM—How many of that number pay?

Hon. Mr. DUNKIN—Only one.

Mr. BELLINGHAM—He must be a paragon of honesty; I would like to know his name. (Laughter.) He thought the amount far too large. The institution if properly managed might be made self-supporting.

Hon. Mr. DUNKIN said the Government would look into the matter carefully before next session, and if they could reduce the amount they would. But it should be remembered that an institution of this kind must necessarily be expensive. He could not hold out the hope that the asylum could be made self-supporting. A large portion of the lunatics were connected with those who were very poor, and could not afford to give anything towards their support.

Mr. BELLINGHAM said he meant they should be made self-supporting by having farms attached to them. Such a course would have a good effect upon the patients, and would bring in a revenue as well.

Mr. MARCHAND asked whether the estimate for the St Johns Lunatic Asylum included an amount for making addition to the buildings.

Hon. Mr. DUNKIN—No, the item is only for the expenses of maintainance.

The estimate for aid to Board of Arts and Manufactures, $2,000, was passed. An aid to Agricultural Societies, $80,058.80.

Hon. Mr. DUNKIN said that they proposed to change the rule for gratuity to societies, and give them only the same amount which they have by subscription. He thought this would improve the efficiency of the societies and at the same time be a saving to Government.

Mr. BELLINGHAM was quite in favor of the proposed change; in regard to the proportion to be given by the Government it was quite liberal enough if the Government gave as much as the societies, but he protested against the amount being reduced. The Agricultural Societies were quite prepared to double the grant as already given; they were a grazing rather than a grain growing country, and every encouragment should be given to societies to introduce improved stock. In every country as agriculture advanced they always increased the grant to agricultural societies, and we would never be in a position to do without those grants.

Hon. Mr. DUNKIN said the societies would receive as much as formerly, more by subscription and less from the Government. At present there was not sufficient interest taken in those societies by the members, and if they were required to pay more themselves they would make them more efficient. If they existed merely to disburse the public money, the money would do no good at all The societies did very little, indeed, towards introducing improved stock.

After some further discussion—

Hon. Mr. DUNKIN said, after having heard the views of the House, he would consent to allow the maximum amount to any county to remain at $800, the Government at the same time only giving as much as might be subscribed. Whether his estimate would cover that or not he did not know; at any rate, it would not go much beyond it.

The item was passed, and it being then six o'clock, the House rose.

After the recess,—

House again in Committee of the Whole on the Estimates.

The CHAIRMAN said he had been informed that several members wished to speak on the estimate for aid to Agricultural Societies, and although the Committee had passed that item, he would ask the Government to allow it to be brought up again.

Hon. Mr. DUNKIN had no objection.

A somewhat desultory discussion followed.

Mr. LECAVALLER thought the grant should be increased.

Mr. DESAULNIERS (St. Maurice) opposed any increase. It was not so much the amount of the prize that was offered at the agricultural societies that induced farmers to exhibit their stock, as the desire to have the best.

Mr. GAUDET thought every encouragement possible should be given by the Government to agriculture, and approved of an increase in the grant.

Mr. HEMMING said it was true we had made great advances in agriculture, but great improvement might yet be made in that direction. Some changes in the law by which the societies were organized, and in other respects, required to be made, but he thought it best to postpone making those changes till next session. There was a strong desire in his part of the country that there should be district shows. The prizes at the Provincial Exhibition were generally carried off by a few of the best farmers, while other farmers who had good stock were virtually excluded from competing. For the latter class, who were by far the most numerous, district shows would be a great advantage. He approved of doing away with the division of counties; frequently the grant was so small in one county as to render the prizes almost worthless. Encouragement should be given to the formation of Farmer's Clubs. In the winter season when farmers had leisure, they could meet together and discuss practical questions relating to agriculture, and the result would soon be a decidedly improved system of farming.

Mr. COUTLEE said that considering that the whole question would be reconsidered next session, it would be best to pass the estimate as it stood.

Mr. JOLY was of opinion that the old rule of giving three times the amount subscribed by members of the societies was a good one, and should not be changed. The grants under that rule were not extravagant.

Hon. Mr. DUNKIN was exceedingly happy that this discussion had taken place, as it gave him a more correct idea of the opinions of the House. By the discussion in the Committee on Agriculture, he had been lead to think that the time had come when some change in the rule for distributing to agricultural societies should be made. Until the statute relating to such distribution was changed, the Government would be bound to give the old proportion of three-fourths of the whole funds of the societies; and if whether the estimates cover the amount or not, it was contrary to rule to change the estimates now, and he would therefore suggest that this item be passed.

Hon. Mr. CHAPAIS was of the same opinion.

Hon. Mr. CHAUVEAU said the House must either reject the whole item, or take it as it stood—they could not now change it. But he would carefully consider the whole question, and he proposed to make whatever changes might be thought necessary next session. He thought if the Government only gave the same amount as subscribed, the members would pay more and thus a larger fund would be obtained.

The item was then passed; also the following, which complete the whole of the estimates:—

Hon. Mr. DUNKIN said there was one remark, in connection with the subject of immigration, he had neglected to make in the course of his statement the other evening. The question of immigration was one which must occupy the attention of the Dominion Government, and until they knew what steps the Dominion Government were prepared to take in the matter, they had not thought it best to advise the expenditure of a large amount. After that we would be in a better position to act. Before we took any great pains to draw emigration to our shores, we should first make the country attractive, by making colonization roads, building bridges and otherwise improving the country. It would be absolutely unsafe to draw a few thousand emigrants to our shores before we were ready for them. Every emigrant who might be induced to come to the country, and who afterwards leaves, was a damage to us. In regard to the item of removal, the hon. gentleman remarked that the most of the amount was already paid, and when a settlement came to be made, he thought a large part of it would fall to the Dominion.

Mr. ROBERTSON, in calling attention to the item for the Quebec Jail, said he had reason to believe the Corporation of Quebec would assist the Government to the extent of their means.

Hon. Mr. DUNKIN, in reply to a question put to him, said that the item for culling timber would be very nearly covered by the receipts from the same source. In answer to another question, he said that the item for repairs, &c., on public buildings, included the amount expended in repairing the Parliamentary Buildings, as well as every other expense of that nature.

After the above items were passed,

Hon. Mr. DUNKIN said the details connected with Civil Government and Administration of Justice had not yet been received from the printers; but if the House choose to pass them through the Committee, he would be able to give all the details before concurrence.

This suggestion was agreed to, and the following items were then passed:—

CIVIL GOVERNMENT.	
Lieut.-Governor's Office.	$ 4088 64
Provincial Secretary's Department....	15200 86
Provincial Registrar's Department....	4379 89
Crown Law Department.	13051 75
Treasury Department...	18911 37
Crown Lands Department....	48900 16
Public Works and Agriculture Department.	17139 62
Executive Council Department....	6933 90
Contingencies of Public Departments....	47634 00
Speaker of Legislative Council....	4666 67
ADMINISTRATION OF JUSTICE.	
To meet salaries and contingent expenses...	490339 35

The Committee then rose, reported progress and asked leave to sit again to-morrow, which was granted.

SECOND READINGS.

Hon. Mr. OUIMET—Bill to continue for a limited time the several Acts therein mentioned.—Referred to Committee on Expiring Laws.

STAMP DUTIES.

Hon. Mr. DUNKIN moved the second reading of the bill to amend certain Acts therein mentioned, and to make further provisions respecting stamps.—He explained the principal object of the bill was to enable the Government not to levy any new burdens in this way, but to extend to a variety of deeds the provisions of the Stamp Act, and thus afford an opportunity of collecting a multiplicity of petty dues hitherto uncollected.

The bill was then read a second time.

ROCKLAND SLATE COMPANY.

On motion of Mr. HEMMING, the bill respecting the Rockland Slate Company was read a third time and passed.

QUEBEC GAS COMPANY.

On motion of Hon. Mr. IRVINE, the House then went into Committee on the bill to amend the charter of the Quebec Gas Company.—Mr. MOLLEUR in the Chair.

The bill was reported without amendment, and fixed for a third reading.

CITY OF MONTREAL.

Mr. CARTER, before the House went into Committee on the bill to amend the Acts respecting the Corporation of the city of Montreal, presented a petition from the Citizens' Association of Montreal, praying for certain amendments to the bill as regards the expropriation of property.—He moved that the Committee be instructed to adopt the amendments asked for and report accordingly, and spoke at some length, in French, in support of his motion.

Hon. Mr. LANGEVIN argued that the amendment could not be received, as the requisite notice had not been given. The bill could not contain any provisions not mentioned in the petition asking for the bill. This petition proposed amendments to the city charter in regard to matters not embraced in the bill before the House, and as no notice had been given that such amendments would be asked for, it was not in order now to receive them.

Mr. HCAPLEAU spoke much to the same effect, and moved that in consideration of the importance of the question, and the small number present, further discussion on it be deferred till to-morrow.

The SPEAKER decided that the notice of the amendment proposed by Mr. Carter, having been given orally was not sufficient. It should have been given in writing. The amendment was consequently irregular.

Hon. Mr. CAUCHON argued that the House had a right to amend or add to any bill before them without regard as to whether a petition had been presented to that effect or not.

After some futher discussion, the motion to adjourn the debate was carried, and Mr. Carter gave his amendment in the shape of a notice of motion to-morrow.

MESSAGE.

The SPEAKER reported a message from the Legislative Council, informing the House that they had passed several bills already passed by the Assembly.

EXPEDITION OF BUSINESS.

Hon. Mr. CHAUVEAU said that if the House would consent, he would move that the rule of the House relating to the printing of all bills in both languages, be suspended so as to permit the second reading of bills only printed in one language. The printing was the only thing that now retarded the progress of parliamentary business, and by permitting the second reading of bills thus printed only, affairs would be much expedited. Of course the bills would have to be printed in both languages before the third reading.

The motion was carried, and the House then adjourned at midnight.

Rev. Dr. I. W. D. Gray, Pastor of Trinity Church, St. John, died in Halifax on Saturday last; the funeral takes place in that City today. There was universal regret throughout our City when the sad intelligence was made known by telegraph on Saturday. The deceased was held in the highest esteem by all classes of our citizens.

DINNER TO ADMIRAL FARRAGUT AT FLORENCE.

EARL DERBY AND JUDGE SHEE ARE RECOVERING.

LARGE FIRE AT ANTWERP.

FLORENCE, Feb. 15th.—The compliments passed at the dinner to Admiral Farragut, yesterday, show that the Italian Government has the highest esteem for the United States.

LONDON, Feb. 15th, Ev'g.—It now appears that reports which were printed in the morning journals, and which have been in circulation, to the effect that Earl Derby and Judge Shee were dead, are without foundation; though both have been dangerously ill. It is announced to-night that they are much better, and their speedy recovery is confidently looked for.

Later advices do not confirm the Abyssinian intelligence sent to the United States last evening. Dispatches received to-day state no such movement of Egyptian auxiliary corps as alleged had occurred.

LISBON, Feb. 15.—The regular mail steamer from Rio Janeiro arrived here to-day.

Beyond the usual skirmishing there had been no fighting between the hostile armies on the Parana.

Cholera was still raging with unabated fury in Buenos Ayres. There was also much sickness in the camps of both the armies.

The revolt which had broken out in Santa Fe, one of the provinces of the Argentine Republic, had been successful. The ruling Government having been overthrown, the Spanish Government hopes for a general peace from internal dissensions now prevailing in Peru and Chili.

SOUTHAMPTON, Feb. 15.—The steamer *Weser*, rom New York, has arrived.

LONDON, Feb. 15.—There is a report that Earl of Derby, who has been very ill, died last night.

LONDON, Feby. 16.—It is generally believed that Lord Stanley will soon succeed Earl Derby at the head of the Ministry.

PARIS, Feby. 16.—The semi-official journals of this city deny that there will be any immediate change in the Ministry, and contradict the reports that the Government contemplates important alterations in the constitution of the empire.

ANTWERP, Feby. 16, Ev'g.—A fire occurred to-day, which at first threatened to be very destructive. It broke out in a fleet of vessels laden with petroleum and near some large warehouses stored with that article. The flames were confined to two or three lighters, on board of which about three hundred barrels of petroleum were destroyed.

GENERAL SHERMAN DECLINES THE NEW COMMAND.

TRAIN THROWN OFF THE TRACK AT HARTFORD.

FIRE AT NATRICK—LOSS $50,000.

CHINESE AMBASSADOR TO TREATY POWERS SAILED ON 15TH INST.

EARTHQUAKE IN THE ISLAND OF FORMOSA.

NEW YORK, Feb. 15.—In the Superior Court a jury found a verdict against the proprietors of the Metropolitan Hotel for the loss of a watch, chain and a sum of $50, alleged to have been stolen from a guest of the house.

The *Tribune's* special says: Lt. General Sherman, according to special despatches received in this city, does not appreciate the kind intentions of Mr. Johnson, in assigning him to the new military division with his head-quarters at Washington. The Lt. General has telegraphed to one or two of his friends in Washington and other places, that he does not wish to come here, and that he does not believe the President can legally create a new military division. He is so determined on this point that he prefers the alternative of resigning, and will so act if ordered to accept the post. Lt. General Sherman has telegraphed to his brother to have the Military Committee refuse to sanction the appointment, and a Senator will present a bill denying the authority of the President to make the proposed change.

The order directing Major General Thomas to his post, the War Department, as Adjutant General, which was issued last evening, is meant by the President as a severe blow at Secretary Stanton, as the gentlemen are not on the best terms. It is said the difficulty will be overcome by altering the law directing that officers over 46 years of age be relieved, so as to read shall be retired, and then Gen. Thomas will be set aside.

The Attorney General, it is said, will soon give an opinion that orders on reconstruction required to be issued through the General of the armies are only military ones, and not those of a civil nature. This is called for by the Grant-Hancock difficulty.

HARDFORD, Conn., Feby. 15.—The train was thrown from the track of the New York and Boston road last night, near the tunnel, by a broken rail. No one killed.

NEW YORK, Feb. 15—A special to the *Express* says that the President has a letter from Gen. Sherman, showing that Gen. Grant agreed to go with him and urge the resignation of Stanton.

The steamer *Palmyra* reports seeing, off Table Island, on the 12th inst., a 1500 ton American ship on fire. The *Palmyra* signalled and waited to discover if possible something of the crew, but failing to do so went on her course.

The *Post's* financial article says the loan market was still easy at 4 to 5.

HAVANA, Feby. 15.—Advices have been received from Hayti stating that the revolution in the southern part of that Island has become general. Gen. Soloman, the present minister to European Courts, has been proclaimed President in place of Gen. Salnave. All the principal towns are in arms against the government and authority of Salnave.

SAN FRANCISCO, Feb. 15.—In consideration of the attempt of the English Government to unite British Columbia with the Dominion of Canada, resolutions were to-day introduced in the Legislature stating that it is of the utmost importance to the Pacific States, and the whole American Union that British Columbia be annexed to the United States and that our senators and representatives be requested to urge the Government at Washington to use all honorable means to acquire the said territory, and that the Government be instructed to telegraph these resolutions to the President of the United States, and the members of Congress from the Pacific States.

WORCESTER, Mass., Feb. 16.—A fire at Natrick last evening destroyed property to the amount of $50,000.

SAN FRANCISCO, Feb. 16.—The steamship *Great Republic*, from China and Japan, arrived this morning, bringing advices from Hong Kong to Jany. 7th, Shanghae, 17th, and Yokohama, 27th.

SHANGHAE, Jany. 17.—Hon. Anson Burlingame, the Chinese Ambassador to the Treaty Powers, leaves China for San Francisco, Feby. 15th. His suit consists of thirty persons. Two Chinese officials of the highest rank proceed with Mr. Burlingame as noviciates, but by Imperial decree Mr. Burlingame has been placed at the head of the mission. He had letters of credence to each of the Treaty Powers, signed for the first time by the Repo. The mission is to be permanent as soon as the Chinese officials fit themselves for foreign diplomatic duties. His mission is regarded by the residents of China as the greatest step in advance yet taken by the Empire.

Pekin advices say the rebels and mounted robbers have slaughtered a great number of the people, but there is no danger whatever of the capture of the capital.

In Shantung thirty thousand rebels have been killed, and the Imperial troops are everywhere victorious. Horrible barbarities were committed by the Shantung rebels.

Extensive coal beds have been discovered seven miles from Ningpo, and there is a prospect that the coal mines at New Chinkaing can be worked.

The value of exports from Shanghae is greater than from the entire Russian Empire. Shanghae is entering upon a career of extraordinary prosperity. The opening of the Yangtz Kiang River is an absolute commercial as well as political necessity to the United States, now the nearest neighbors of China.

Everything is quiet at the coast ports.

There has been a terrible earthquake in the Island of Formosa, by which thirty thousand lives were lost.

The town of Hiago, Japan, was burned on Christmas Day.

MEMBERS INDEMNITY.

The Ontario Ministry have decided on establishing the indemnity of the members at $5 per day. This does not meet the views of those members who wish for a sessional allowance of $500. A deputation, headed by Mr. McKellar, waited upon the Premier of Ontario last week, with a view of enforcing the claim of the majority. The Ministry, it is stated, refuse to recede from the ground they have taken, pointing out the probable necessity of holding two sessions in the year, and ask what their constituents would think of their carrying off $1,000 each in the year. The Toronto *Leader* indignantly says: "The great outcry of the Reform party of Upper Canada, under the late union, was against the extravagance of the French Canadians. Well, our friends in Quebec do things in a pretty liberal way; but the members of our Legislature are actually demanding more than the indemnity received by the members of the Quebec Legislature, who have been berated from one end of the Dominion to the other for their extravagance. Having escaped from 'French domination,' we purpose to go from bad to worse, and your loud-mouthed Radical is in the front rank shouting at the top of his voice."

REGISTRY OFFICE ROBBED.

LONDON, Feby. 10.—The offices of the County Registrar and Treasurer here were entered by burglars on Saturday night last, and the brick vault in the latter broken into by drilling a hole in the wall large enough to admit a man. The iron safe inside was skilfully forced open, and a quantity of silver taken, the exact amount of which is not known, but is estimated at twelve hundred dollars. Entrance was effected by the windows in rear of the Registrar's office and the doors intervening, until the vault was reached, were prized open by a jemmy. Debentures, bonds, notes, &c., representing a large amount were in the vault at the time, but were not interfered with. The affair has caused considerable excitement among the business community, this being the third burglary within a short time.

Why will people keep 4 or 5 ill-looking sickly horses to do the work which one good horse might perform? If the horse has the heaves, is broken-winded, has a cough and cold, or his wind in any way affected; if his appetite is bad, or his digestive organs deranged, has a rough skin or his hide-bound, we would in all cases recommend the use of "Darley's Arabian Heave Remedy and Condition Medicine,"—it never fails to benefit and almost always removes the disease; it is free from anything that can injure, and may be used at all times with safety. Messrs. Grimault & Co.'s Popular French Patent Medicines.

JOHN MUSSON & CO.,

SOLE AGENTS FOR THE DOMINION OF CANADA.

MESSRS. G. & Co.'s Preparations are truly the greatest success of the age, and we will therefore enumerate his principal Medicines:—

IODIZED SYRUP OF HORSE-RADISH, for those who cannot take Cod Liver Oil. This is recommended by all the medical celebrities, instead of cod liver oil, and especially by Drs. Blache, Bazin, Vernais, &c., &c., physicians of the Paris Hospitals.

SYRUP OF HYPOPHOSPHITE OF LIME, Dr. Churchill's prescription. This new Remedy, most in cases of Consumption and the different diseases of the Chest, quickly arrests their most alarming symptoms. The Cough is soothed, night sweats cease, and the patient soon recovers health.

SYRUP OF SEA PINE OF LAGASSE, a new Balsamic Pectoral, used with the greatest success for Coughs, Catarrhs, Colds, &c., &c.; contains no opium. It is equally successful in Catarrhs and Inflammation of the Bladder and Urethra.

PHOSPHATE OF IRON OF LERAS, useful in green-sickness, diseases of the stomach, painful digestion, difficult menstruations, &c. It does not induce constipation.

ELIXIR OF PEPSINE.—This Medicine digests the food, as it were, without the assistance of the stomach. It succeeds admirably in gastritis, weak digestion, loss of appetite. It is the support of old men and convalescents.

PILLS FOR DISEASES OF THE SKIN.—Dr. Cazenasi's prescreption.

VEGETABLE GLYCERINE, (extracted from the fruit of the palm tree.) It speedily allays all irritation, and imparts great softness to the skin.

A CURE FOR NEURALGIA AND HEADACHE,—Guarana, a Vegetable product, obtained from Brazil.

He also has lately prepared Pills of Carbonate of Iron and Manganese, Dragies of Lactate of Iron and Manganese, and Pills of the Proto-Sodid of Iron and Manganese.

NO MORE BALSAM COPAIBA.—Use the Matico Capsule and Matico Injection.

THE TRIBUNE FOR 1868.

PROSPECTUS.

THE year 1868 will long be remembered for its settlement of the boundary question between Aristocracy of Color and Impartial Human liberty. The War of the Rebellion being closed, we have now to decide whether the fundamental idea which impelled and justified the Rebellion shall dominate over our whole country, molding her institutions and shaping her destiny. If it be true that God has *not* created all men, but only all White men, in His own image, and made them equal in political and civil rights, then it is a world-wide calamity that Grant did not surrender to Lee at Appomattox; and "The Lost Cause," trodden into mire under the hoofs of Sheridan's rough-riding cavalry, not only should but will be regained in Constitutional Conventions and at the ballot-boxes. If the Black race, because they *are* Black, should be excluded from the jury-box and repelled from the ballot-box, then Stonewall Jackson ought to head the roll of American martyrs, emblazoned high above the names of Warren and Mercer and Pulaski; of Ellsworth, Lyon, Baker, Reynolds, Wadsworth, Kearney, Sedgwick and McPherson.

It is difficult to argue with a blind, besotted prejudice, grounded in ignorance and fortified by self-conceit. Devoid of reason, it is hardly amenable to reason. But millions who would listen unmoved to appeals based on Justice and Humanity can be stirred by facts which affect their own interest and safety. The naked truth that every Southern State reconstructed on the White basis is to-day a Rebel State—shaped and ruled by men who execrated Lincoln's reluctant and tardy resistance to the Rebellion as a causeless and criminal aggression, and profoundly rejoiced over Bull Run as their victory—will prove invincible, if we can but bring it home to the apprehension of every loyal voter. There is no paramount question of good faith or gratitude to the Blacks. Their votes are as necessary to the preponderance of White loyalty as to their own protection and security. Reconstruct the South on the White basis, and every one of the fifteen States which held slaves, in 1860 will be intensely, overwhelmingly Copper-head thenceforth and evermore. Allow to-day the plea that the Blacks are ignorant and degraded, and those whom you thereby clothe with power will take good care that the plea shall be as valid and well-grounded a century hence as it now is. Public Education and Civil Rights for the Freedmen can only be achieved and maintained through the ballot "We are for Negro Suffrage—*the way they suffered in New Orleans*," was the inscription on a banner borne in a late Conservative or Democratic procession in Baltimore; and the spirit which dictated that avowal is still rampant in the South. But for what is stigmatized as Military Despotism, it would daily avenge by outrage and infliction what it deems negro treachery to the Southern cause.

The Tribune has declined to be lured or turned aside from the Main Question. It has persistently refused to swell the clamor for vengeance on the defeated rebels, whether by execution or by confiscation; and one of its strong reasons for this course is a conviction that no drop of Rebel blood could be cooly, deliberately shed without essentially clouding the prospect of securing the right of Suffrage to the Blacks. Defying the madness of passion and the blindness of short-sighted misconception, it has demanded Reconstruction on the basis of Universal Amnesty with impartial Suffrage, in perfect consciousness of the fact that it thereby alienated thousands who had been its zealous supporters and life-long patrons. The hour of its complete vindication cannot be far distant.

As for the man who is to be the chosen standard-bearer of the Republican host in the impending contest, while we avow our deliberate preference of Chief Justice Chase as the ablest and most eminent of our living statesmen, The Tribune will render a hearty, cheerful, determined support to Gen. Grant, or Senator Wade, or Speaker Colfax, should he be nominated and supported on a platform which affirms and upholds the equal political as well as civil rights of all citizens of the Republic. We do not contemplate as possible the support by Republicans of any candidate who does not stand on this platform. And we do not apprehend that the candidates who, in our approaching struggle, shall represent genuine Democracy in opposition to the meanest phase of Aristocracy can be beaten if proper means be systematically taken, as they must and will be, to enlighten and arouse the American people.

We will think such friends as believe that The Tribune will prove an efficient and cheap way to influence the undecided, to aid us in extending its circulation. Though ours is eminently a political journal, but a small portion of its space is devoted to politics, while an outlay of more than $200,000 per annum is incurred in collecting and transmitting news from all parts of the world. We have regular correspondents at nearly all the capitals of Europe, with a director at London, who is authorized to dispatch special correspondents to all points where important events may at any time be transpiring or imminent. The progress of the war in Crete, which is the precursor of a still greater war, has been watched by one of these special correspondents, while another telegraphs from Constantinople each novel phase of the critical diplomatic situation. Every step of Garibaldi's recent heroic though unfortunate enterprise, from its inception to its close, was noted by our correspondents, who are also his most trused advisers; while an esteemed member of our editorial staff has just accompanied the Embassador of Juarez to Mexico to scan the Mexican problem closely and under auspices more favorable to the Republican chief than those which have colored the advices of our regular correspondents at Vera Cruz and the Capital. Another correspondent accompanied the first National expedition to Alaska, Walrussia, or whatever our splinter of the North Pole may be called, and is now reporting on the aspects and capabilities of that chilly region. Bayard Taylor is writing us in his own vein from Central Europe, while able correspondents report to us from Colorado, Idaho, Montano, &c., more copiously than we can find room to publish. Our Reviews of Books and Literary Department are in charge of one of the ripest American scholars; while Agriculture, under a competent editor, claims a leading place in our Semi-Weekly and Weekly issues. In short, we have for years spent a large proportion of the income of our business in efforts to render The Tribune a better and better newspaper; and, if we have not succeeded, the fault is not explained by a lack of means or of efforts, whether on our own part or on that of a generous and discerning public.

The Tribune is sent by mail daily (Sundays excepted) for $10, Semi-Weekly for $4, and Weekly for $2 per annum, payable inflexibly in advance. To clubs for the Semi-Weekly we send two copies one year for $7; five copies, or over, for each copy, $3. On receipt of $30 for ten copies we will send an extra copy six months. On receipt of $45 for fifteen copies we will send an extra copy one year; for $100 we will send thirty-four copies and The Daily Tribune. We send the Weekly to Clubs of five for $9; ten copies or over, addressed to names of subscribers, each, $1,70; twenty copies, addressed to names of subscribers, $34; ten copies, to one address, $16; twenty copies, to one address, $30. An extra copy will be sent for each club of ten.

A large and fine steel engraved portrait of the Editor is sent free of charge to any one who, in sending $10 for a Daily, $4 for a Semi-Weekly, or $2 for a Weekly, shall indicate a desire to receive it. One will likewise be sent to any person who forwards a club of ten or more Semi-Weeklies or twenty or more Weeklies, at our club rates, and asks for the portrait at the time of remitting. Address The Tribune, No. 154, Nassau Street, New York.

GOVERNMENT HOUSE, OTTAWA,
Friday, 24th January, 1868.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON the recommendation of the Honorable the Minister of Customs, and under the authority given and conferred by the 123rd clause of the Act 30 and 31 Vict., Cap. 6, intituled "An Act respecting the Customs."

His Excellency in Council has been pleased to make and prescribe the following "Regulations" respecting the Wharehousing and bonding of Wheat, Maize or other Grain that may be ground and packed in bond, that is to say:

1. That the Collector or other Officer of Customs at any Wharehousing Ports in the Dominion of Canada, may deliver without payment of duty to the Importer of any Maize or other grain from which flour or meal can be manufactured, on proper entry being made of the same, any quantity of such Maize or other grain for the purpose of drying, grinding and packing, in such place and on such premises as shall be particularly described by such importer or owner.

2. That such buildings used for drying, grinding and packing of Maize or other grain, and the premises thereto belonging, with the description to be given thereof as aforesaid, shall, for the purposes of drying, grinding and packing Maize and other grain under the above mentioned Act, be deemed and considered a Government Bonded Warehouse, and that none of the Maize or other grain so brought into the said drying, grinding and packing building or upon the said premises, shall be removed therefrom without a proper ex-warehouse entry and due payment of all duties on the same, if intended for home consumption within the said Dominion, or upon due entry thereof for removal or exportation under the usual bonds; nor shall any flour, meal or other products from the maize or other grain aforesaid, be removed from the said premises without due entry as aforesaid, either for consumption as aforesaid, for removal or exportation and payment of all customs duties legally due on the flour, meal and other products into which the said maize and other grain shall have been manufactured as the case may be, allowance having first been made of five per cent. on the said flour or meal for shrinkage in those cases in which the corn or other grain has been kiln dried before grinding.

3. That before the importer or owner of any Maize or other grain aforesaid shall, for the purpose of drying, grinding and packing, be entitled to obtain the delivery thereof, either ex ship upon their importation into the said Dominion, to be carried immediately to the drying, grinding and packing buildings, and premises aforesaid, or out of any Customs Warehouse, in which the same may be warehoused, he shall give bond with two sufficient sureties to the satisfaction of the Collector of Customs at the port where such Maize and other grain are imported or warehoused, in a penalty of double the amount of duties payable upon the quantities of Maize and other grain so delivered upon arrival or out of Warehouse as aforesaid, for the purpose of being dried, ground and packed in bond, shall within six months from the date of the bond to be so entered into, be well and truly paid to the Collector of Customs aforesaid for the use of Her Majesty, and the said importer or owner, shall before he can obtain the delivery aforesaid, further enter into and execute to the Collector for the use of Her Majesty as aforesaid, a general bond, the said importer or owner in the penal sum of one thousand five hundred dollars and two approved sureties in the sum of three hundred and seventy-five dollars each, conditioned that at no period shall the quantity of Maize or other grain, or the product thereof in the said building or premises be less than the quantity on which the bond or bonds for duties hereinbefore mentioned shall be outstanding and unpaid.

4. And for the purpose of further securing the due observance of the foregoing Regulations, the Collector of Customs, the Surveyor of Customs or Warehouse-keeper, or other approved officer of Customs at the port where the Maize and other grain shall be so onded, or bat the port nearest to the said drying or grinding and packing premises, shall at all times when such operations are being carried on therein, have free access to and upon the said drying, grinding and packing buildings and premises for the purpose of verifying the quantity of Maize or other grain and their products therein, and any reasonable expenses attending such inspection shall be borne and defrayed by the importer or owner of the Maize, and other grain so undergoing drying, grinding and packing in bond.

The order of His Excellency in Council of the 1st August, 1867, prescribing Regulations on the above subject, but restricted to the Provinces of Quebec and Ontario, is hereby revoked.

Downing Street,
5th September, 1867.

Sir,— Cases have not unfrequently occurred in which it has been proposed by Foreign Governments to grant Decorations to British Subjects residing in Her Majesty's Colonies.

It appears to be not generally known that British Subjects are not entitled to wear such Decorations without Her Majesty's special permission, and that such permission is granted only in cases in which the Foreign Order shall have been conferred in consequence of active and distinguished service which had been performed before the enemy, either at Sea or in the Field, or in cases in which the recipient shall have been actually and entirely employed beyond Her Majesty's Dominions in the service of the Foreign Sovereign by whom the Order is conferred.

You will find in the Appendix to the recent Edition of the Colonial Regulations, page 128, the Regulations respecting the grant of Foreign Orders and Medals to British Subjects, which have been promulgated by Command of Her Majesty, and which are now in force. It would be desirable that general publicity should be given to these Regulations in the Colony under your Government.

I have the honor to be,
Sir,
Your most obediet,
Humble Servant
(Signed) BUCKINGHAM & CHANDOS.
Govenor, the Honble. Viscount Monck, &c., &c., &c.

8. (Page 43.)

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force:—

Regulations Respecting Foreign Orders.

1. No subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished service before the enemy, either at sea or in the field, or unless he shall have been actullay and entirely employed, beyond Her Majesty's dominions in the service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British subject the insignia of an Order must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through his Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during war, the notification required by the proceeding clause must be made not latter than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of peace, the notification must be made within two years after the date of such service.

5. After such notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations and arises from naval or military services before the enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure therepon, in order to ascertain whether there may be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an officer in the army, or to the Lords of the Admiralty, if it relates to an officer in the navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure, on any such application, and shall obtain her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order and wear the signia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the warrant required by clause 1 to be prepared for Royal Sign Manual.

When such warrant shall have been signed by the Queen, a notification thereof shall be inserted in the *Gazette*, stating the service for which the Foreign Order has been conferred.

7. The warrant signifying her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such warrant as aforesaid shall contain a clause providing that Her Majesty's license and permission does not authorize the assumption of any stile, appelations, rank precedence or privilege appertaining to a Knight Bachelor of Her Majesty's realms.

9. When a British subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the decoration of a higher class of the same Order to which he may have become eligible by increase of rank in the foreign service, or in the service of his own country, or in distinctive mark of honor strictly consequent upon the acceptance of the orignal Order, and common to every person upon whom such Order is conferred.

10. The proceding clause shall not be taken to apply to decorations of the Guelphic Order which were bestowed on British subjects by Her Majesty's prodecessors King George IV., and King William IV., on whose heads the Crowns of Great Britian and Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of clause 2 of these Regulations. They must be rather considered as personl favours bestowed on British subjects by British Sovereigns and as having no reference to services rendere d to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Applications for permission to accept and wear Medals which, not being the decorations of any Foreign Order, are conferred by a Foreign Sovereign on British subjects in the army or in the navy for military or for naval services, should be addressed, as the case may be, to the Camman-der-in-Chief to the Secretary for State of War or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction, upon ob aining which they may grant such permission without any other formality

2. Permission to wear a Foreign Medal cannot be granted to a British subject unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn

(Signed) CLARENDON.

HOOFLAND'S GERMAN BITTERS,

—AND—

Hoofland's German Tonic:

The Great Remedies for all Diseases of the LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

H Is composed of the pure juices (or, as they are medicinally termed, *Extracts*,) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic mixture of any kind.*

HOOFLAND'S GERMAN TONC,

Is a combination of all the ingredients of the Bitters, with the purest quality *Santa Cruz Rum*, Orange, &c., making one of the most plasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

HOOFLAND'S GERMAN BITTERS.

Those who have no objection to the combination of the Bitters, as stated, will use

HOOFLAND'S GERMAM TONIC.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

O The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous debility, etc., is very apt to have its functions deranged The Liver, sympathising as closely as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea. Heart-Burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits

O The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skilfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies:—

Hoofland's German Bitters,

—AND—

HOOFLAND'S GERMAN TONIC,

PREPARED BY DR. C. M. JACKSON,

PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefitted suffering humanity to a greater extent, than any other remedies known to the public.

F These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or nervous Debility Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach or intestines.

DEBILITY,

Resulting from any cause whatever,
PROSTRATION OF THE SYSTEM,
Induced by Severe Labor, Hardships, Exposure, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of the BITTERS, or the TONIC, an elixir that will instil new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

L It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publication of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

HON. GEO. W. WOODWARD,
Chief Justice of the Supreme Court of Pa., writes:
Philadelphia, March 16, 1867.

A "I find Hoofland's German Bitters is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly
GEO. W. WOODWARD."

Hon. James Thompson,
Judge of the Supreme Court of Pennsylvania
Philadelphia, April 28, 1866.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,
JAMES THOMPSON."

From Rev. Joseph H. Kennard, D.D.,
Pastor of the Tenth Baptist Church, Philadelphia.

N Dr. Jackson,—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates Street.

From Rev. E. D. Fendall,
Assistant Editor Christian Chronicle, Philada

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver.

Yours truly.
E. D. FENDALL.

THE MOUNTAINS OF JAMAICA;
A CLIMATE FOR INVALIDS.
COUNTRY LODGINGS,
Stony Hill, in the Parish of St. Andrews, Jamaica, West Indies.

A LADY, residing near Stony Hill Barracks, (nine miles from the City of Kingston,) has comfortable accommodations for the reception of VISITORS AND PARLOUR BOARDERS, at Stony Hill Penn.

The Establishment is beautifully situate on the brow of a Mountain, and commands a magnificent view of the sea, the harbor of Kingston, the mountains of St. Andrew, and the Plains of Liguanea.

The Property abounds with most beautiful Shady Walks and lovely Drives. It has an endless supply of West India Fruits; and the Scenery which surrounds the establishment is so Picturesque, that Mr. Church, the celebrated American Artirt and Scene Painter, declared it "Sublimely Grand."

The Situation commands the fresh sea breeze all day, and the cool Mountain Zephyr all night. The temperature is exceedingly low, (56 to 69 degrees) in the shade, while the average fluctuation rarely, if ever, exceeds five degrees in twenty-four hours.

The Climate, from its uniformity of temperature, great coolness and dryness of atmosphere, is considered the finest for invadids and others tureatened with Bronchial affections and Pulmonary complaints, or who are convalescent after intermittent and other fevers, or when change becomes necessary for the complete restoration of health.

The Medical Faculty in England, America, and the Continent of Europe, are unanimous in their selection of Jamaica for Invalids, in consequence of its possessing a climate *peculiarly suited for the reception of Europeans and Americans*; and the Medical Faculty of Kingston recommends Stoney Hill Penn, in the Parish of St. Andrew, as most excellent for those who have been suffering from Fevers or Debility; and equally suited for persons looking for recreation and change in the country.

Visitors will meet with every attention to their comfort, and Parlour Boarders, with all the advantages of a "Home," in a private family.

Invadids and those Convalescent will receive the most tender care and attention, and nothing will be forgotten which will help to make their visit consolatory and cheerful.

There is a Carriage Way to the Property, and an almost daily communication with Kingston.

The Terms are Moderate, and may be ascertained on application to Mrs. John King, Stony Hill Penn, Golden Spring, P. O., or, in Kingston, to Mr. James Gall, at the Commercial Exchange; Messrs. Turnbull & Lee, or Mr. John McDonald, Harbor Street.

Pic Nic Parties accommodated, on due notice being given.
