REICH FORCED SURRENDER OF MEMEL

Britain Told Of Reich Plan For Invasion

Home Secretary Tells House of Commons that Germany Threatened Lithuania with Action "in a Military Sense" if She Refused to Surrender Memel—Britain Seeks to Line Up Extensive Anti-Nazi Bloc.

London, March 22.—(AP)—The British Government said Germany had threatened Lithuania with action "in a military sense" if she refused to surrender Memel to her today.

In response to a question in the House of Commons, Sir Samuel Hoare, Home Secretary, substituting for Prime Minister Chamberlain, said:

"The Lithuanian Minister for Foreign Affairs, who was recently in Berlin, received while there demands of the German Government for immediate cession of Memel-land to the Reich, coupled with a threat that in the event of resistance or appeal for support elsewhere the matter would be dealt with, not diplomatically but in a military sense."

Previously, Sir Samuel had told the House that the Government was considering calling a special meeting of the League of Nations' Council to consider Germany's rapid expansion, continued today by the absorption of Memel, yielded by Lithuania.

A Government whip, Patrick Murray, disclosed Great Britain is conducting military staff talks, through military attaches with France, Russia, Denmark, Sweden, Yugoslavia, Rumania, Turkey, Greece and the Netherlands.

Mr. Murray answered "No" to a question by Josiah Wedgwood, Labor, as to whether "economic and military staff talks will be initiated with the United States concerning supply they could make to this country and our allies in case of war being forced upon us."

Colonel Wedgwood followed with a further question. "May I ask whether this also is an example of the inability of the Government to face the situation and may I ask why no arrangements are being come to with America in connection with supplies for the next war?"

Mr. Murray replied: "That is another question."

Sir Samuel substituted for Prime Minister Chamberlain in replying to questions following a meeting of the cabinet at which it was decided to take no action because of Germany's acquisition of Memel.

In reply to Philip Noel Baker, Labor, the Home Secretary said he had no information "regarding statements that 20,000 Czechs were now in concentration camps."

Geoffrey Mander, Opposition Liberal, asked if the Government "were considering immediate steps with a view to arranging a bill between France, Britain and Russia for joint action in restraint of aggression in association also with Poland, Rumania, Yugoslavia, Turkey, Holland and Denmark?"

Sir Samuel replied that "the Government are in communication with"

Legislative Assembly Bans Strikes By Charitable Institution Workers

Quebec, March 22.—(AP)—Strikes in hospitals and charitable institutions in Quebec Province benefiting from public assistance funds will be ruled illegal under a bill given the approval of the Provincial Legislative Assembly yesterday.

Passed by the Lower House on division yesterday, the measure passing a ban on strikes over wages or working conditions by employees of the hospitals and institutions now must go before the Legislative Council of the Provincial Upper House, before it becomes law.

Originally seeking prohibition of walkouts before possible disputes between institution workers and administrators were submitted to arbitration, the bill was amended by the Assembly to provide an unconditional ban on the strikes.

Opposition members objected to other terms of the bill. And another amendment was made under which application for a council of arbitrators might be presented by representatives of the majority of employees in the institution affected rather than the majority of all. Continued on Page 2, Col. 2.

OPPOSITION TO FEDERAL FILM BOARD MOUNTS

Conservative Leader in Senate Demands that Work Be Performed by Commercial Companies Rather than Government Departments.

Ottawa, March 22.—(AP)—The Senate expected today a continuation of yesterday's debate on the Government bill to co-ordinate motion picture activities of Government departments through a National Film Board.

Senator Arthur Meighen, Opposition leader, believed the Government should have its motion picture work done by commercial companies instead of appointing another commission and another batch of civil servants. Business in Canada was stagnant because so many commissions had increased taxation, he argued.

Senator Raoul Dandurand, Government leader, defended the bill as a progressive measure to make the Government picture service more efficient and economical. The Government Motion Picture Bureau was a great deal in force, he thought.

A bill to amend the Lord's Day Act so as to enable Attorneys General of the Provinces to prosecute officers and directors of companies violating the Act's regulations concerning work on Sunday was rejected by the Upper House when the Opposition voted down a motion for a second reading twenty-one to eleven.

Senator Meighen and Senator C. C. Ballantyne, (Conservative, Quebec), pointed out the same measure had been before the Chamber for several sessions and Senate amendments had been continually rejected by the House of Commons. They thought it was time the bill should be dealt with decisively.

SENATORS ATTEMPT TO REVERSE BILL

Washington, March 22.—(AP)—Senators supporting President Roosevelt made a desperate attempt today to reverse the 46-43 vote by which the United States Senate sharply limited the President's powers under the Government reorganization bill approved by the House of Representatives.

Vice-President John Garner, it was learned, promised them his vote if it should be added to break a tie.

WASHINGTON, March 22.—(AP)—Senators supporting President Roosevelt made a desperate attempt today to reverse the 46-43 vote by which the United States Senate sharply limited the President's powers under the Government reorganization bill approved by the House of Representatives.

Business Must Be Good

Chicago, March 22.—(AP)—Business, according to the twin-bed barometer, is on the upgrade. Stuart Mills, secretary of the National Association of Bedding Manufacturers, said the ratio of twin bed sales to double bed sales since 1920 has increased in good times and dropped when business was bad.

In 1938, double beds outsold twin beds ten to one, he said. "The present ratio is five to one."

COMMONERS TO TAKE PART IN TRIAL FLIGHT

All Sections of Eastern Canada to Be Represented on Good-will Flight from Ottawa to Vancouver Next Week-End.

Ottawa, March 22.—(AP)—All eastern provinces will have representatives aboard the Trans-Canada Air Lines plane that will carry a parliamentary party across the Dominion to Vancouver and return next week-end, it was learned today.

Mayor Camille Houde of Montreal will represent Quebec, Mayor Ralph Day of Toronto will represent Ontario. E. P. Foley, Liberal member of the Prince Edward Island Legislature, will be the Island Province's representative and New Brunswick and Nova Scotia also will have delegates aboard.

G. G. McGeer, Liberal M. P. for Vancouver-Burrard and former Mayor of Vancouver, will represent British Columbia and Defence Minister Mackenzie the Federal cabinet.

Other members of Parliament include Miss Agnes Macphail (U.F.O.-Labor, Grey-Bruce) and Leslie Mutch (Liberal, Winnipeg South). Mr. Mutch will represent Manitoba as far as Winnipeg, where Premier Bracken will board the plane.

The parliamentary plane will leave Ottawa at 10 p.m. E.S.T. Friday night, arriving in Vancouver Saturday afternoon. On the return trip the plane will leave the west coast Sunday evening, arriving back here at noon Monday.

OLD MAGNA CHARTA COPY INSURED FOR \$470,000

London, March 22.—(AP)—An original copy of England's historic Magna Charta has been insured for \$470,000 (\$470,000) prior to its shipment to New York for display at the World's Fair, it was announced today.

Montreal, March 22.—(AP)—Three-year-old Marielle Tremblay died in hospital yesterday from injuries suffered when she fell from a third-storey window last Friday.

ALL POWERS OF SOUTH EUROPE ARM SPEEDILY

Rumania Leading Smaller Nations Adjoining Germany in Preparations for Resisting Aggression of Hungry Neighbors.

Bucharest, Rumania, March 22.—(AP)—The nations of Southeast Europe were ready to defend their frontiers today.

No country would say it had mobilized, but there were soldiers on every border and hundreds of thousands of men had been called from their homes to fill frontier fortifications.

The contagion of military activity ran from one country to another. Rumania, alarmed by troop concentrations in Hungary, called out special troops of several yearly classes. Then significant military activity in Bulgaria prompted Rumania to call out reservists of the Bucharest region.

The general staffs of Turkey, Yugoslavia and Greece watched the military moves intently. Preparations were veiled in the secrecy with which all nations attempt to conceal military moves. But the intelligence services were busy, and each little Balkan state, watching its neighbors and watching Germany, knew approximately what the other was doing.

The pyramiding of preparations caused general concern. (France last night called up some reserves to man the Maginot defence line facing Germany.)

An official Rumanian statement last night said the summoning of troops to capital garrisons was prompted by "mobilization in certain neighboring countries."

Numerous Rumanian troops were being sent to the southern frontier, many to a point where an indentation of the Bulgarian border brings that frontier to within forty-seven miles of Bucharest.

A JUDICIAL INQUIRY NEEDED

Affecting so closely the safety and welfare of the lives and property of the citizens, the administration and operation of the Police and Fire Departments should be above reproach, and it is the duty of the aldermen, as the elected servants of the people, to see that these departments are maintained on a basis of honesty and efficiency. Of recent weeks, complaints have been heard in certain semi-official quarters that things are not as they should be in connection with the local departments. Taking cognizance of this fact, the aldermen have ordered an investigation, in camera, by a committee of the Council, and to this end they have appointed a former mayor as attorney counsel for the committee.

While welcoming a proper probe into the police administration, the citizens will be far from pleased with the nature of the proposed inquiry. Investigations of this nature should not be of the Star Chamber variety. All the facts should be brought into the open on a fair and unbiased basis. The only manner in which this can be done is through a judicial inquiry made under legislation designed for that mode of procedure. The proposed aldermanic investigation savors too much of complainants acting as judges.

Furthermore, the appointment of Col. Emile Rioux, a former mayor, as Committee Counsel is far from being satisfactory. Col. Rioux, both during his term of office and since stepping down from the chief magistracy has shown a spirit of enmity to the present head of the Department, Chief H. O. Camirand, that in the minds of the average citizen disqualifies him as an impartial prober.

Certain charges—some definite and others very vague—have been levelled at the Chief and the Department. These should be fully probed for the best interests of all concerned, but the probe should be by disinterested parties. If the Chief is found at fault, he must be prepared to suffer the consequences. If other members of the Department committed irregularities which were beyond his reasonable control, the blame should be placed on the proper shoulders and the punishment meted out accordingly. On the other hand, if the charges are false or based on flimsy foundations, it is but right that the accused parties should be exonerated.

The probe should be complete, involving all angles in the administration. All parties with reasonable complaints should be able to make themselves heard, and, similarly, anyone involved as defendants should be given an opportunity to make a fair defence. Only by this means can justice and satisfaction be provided.

PARTICIPATION PROTESTED IN FOREIGN WARS

French-Canadian Societies Express Alarm at Sentiments Expressed by Political Party Leaders on European Situation.

Montreal, March 22.—(AP)—A telegram expressing "absolute opposition" of Quebec Province to Canadian participation in a foreign war was sent yesterday to Prime Minister King by representatives of a group of French-Canadian societies after an "emergency meeting."

The telegram said delegates to the meeting were "alarmed" at declarations of the Prime Minister, Opposition Leader Manion, Premier Hepburn of Ontario and a resolution introduced into the Ontario Legislature, and added they considered "all expressions of solidarity with London on European affairs extremely dangerous to national unity and contrary to Canadian interests and to the country's free status."

The message was signed by the St. Jean Baptiste Society of Montreal "in the name of the St. Jean Baptiste Societies of Quebec and Ontario," and by La Ligue d'Action Nationale, the Catholic Farmers' Union, the French-Canadian Young Patriots, the Canadian Confederation of Catholic Workers, the Central Council of the National Catholic Syndicates of Montreal, the Alliance of Catholic Professions of Montreal and the Catholic Association of French-Canadian Youth.

The general staffs of Turkey, Yugoslavia and Greece watched the military moves intently. Preparations were veiled in the secrecy with which all nations attempt to conceal military moves. But the intelligence services were busy, and each little Balkan state, watching its neighbors and watching Germany, knew approximately what the other was doing.

The pyramiding of preparations caused general concern. (France last night called up some reserves to man the Maginot defence line facing Germany.)

LABOR UNIONS DIVIDED OVER RAILWAY UNITY

Canadian Federation of Labor Urges Unification While Standard Railway Unions Present Opposition to Proposals.

Ottawa, March 22.—(AP)—Consideration of Canada's railway problem will be continued by the special Railway Committee of the Senate next Wednesday, with submissions to be heard from C. W. Peterson, of Calgary. A week's adjournment was taken by the Committee yesterday, following hearings both forenoon and afternoon.

The standard railway labor unions registered anew their hostility to unification of the Canadian National and Canadian Pacific Railways. W. L. Best, legislative spokesman for the unions, presented the resolution approved by them at their January conference in Ottawa. This repeated the opposition of railway labor to proposals of amalgamation and also their distaste of co-operative measures.

From the Canadian Federation of Labor, however, an organization created after the split in the All-Canadian Congress of Labor in 1936, came a plea for co-ordination of railway activities.

CHINA-JAP WAR MARKED BY NAVAL AND AERIAL CONFLICT

Shanghai, March 22.—(AP)—The resurgent Chinese-Japanese conflict, once more characterized by far-flung positional warfare in addition to guerrilla operations, moved toward new decisions in five disputed provinces today.

It was marked also by naval and aerial operations along the East and South China coasts, and reports of Chinese air raids on a Japanese airfield and a munitions depot.

Advices on the turn of events in Hupeh, Chekiang, Hunan, Kansai and Kiangsu provinces were divided as to victory claims.

ITALY ISSUES STERN WARNING TO DEMOCRACY

Declares that Any Joint Action to Curb Rome-Berlin Axis Will Be More Likely to Lead to War than to Peace.

Rome, March 22.—(AP)—Italy in effect warned the democratic powers today that joint action to check the Rome-Berlin alliance might incur the risk of war.

The Fascist Grand Council, Premier Mussolini's cabinet, issued a strong statement this morning after long discussion of the consequences of Chancellor Hitler's push eastward.

Fascists interpreted the declaration as meaning the axis was prepared to fight, if necessary, to realize Italian aspirations to colonial concessions from France.

It is the general conviction among Fascists here that the furtherance of these claims is the next task to be taken up by the Rome-Berlin collaboration following German annexation of the Memel territory lost in the Great War.

The Grand Council statement said: "The Fascist Grand Council, in the face of the threatened formation of a 'united front' of the democracies associated with Bolshevism directed against the authoritarian states—a united front which is not the harbinger of peace but of war—declares that what has happened in Central Europe has its origin in the Versailles Treaty and reaffirms especially in this moment its full adherence to the policy of the Rome-Berlin axis."

Fascists said Italy supported Germany in the annexation of Austria, Czech Silesia, and Bohemia and Moravia and that naturally Italy expected returns of its own from the Fascist-Nazi machine.

The Grand Council emphasizes that "especially in this moment" Italy reaffirms its devotion to the Rome-Berlin axis, was interpreted in Fascist quarters as a hint of the role the axis may play now in reinforcing an Italian campaign against France.

The Council did not define the Italian claims on French African possessions, which the Fascist press has discussed for months, but Premier Mussolini may discuss them in a speech he is to make on Sunday—Fascism's twentieth birthday. Italians think that King Victor

Copenhagen, March 22.—(AP)—Premier Thovold Stauning declared today that the Danish Nazi leader Fritz Clausen had used expressions "which must be regarded as an appeal to Germany to deal with Denmark in the same manner that she dealt with Czecho-Slovakia."

"If there are any Danish citizens who wish to join such a person they will be regarded as traitors to their country," Stauning warned.

DANZIG GERMAN'S HOPEFUL

Warsaw, Poland, March 22.—(AP)—The Nationalist newspaper "Wiadomosci" declared today that German absorption of Memel was causing consternation throughout the world and that the future of Europe hinged upon the attitude of the western democracies.

Official circles made no comment. Poles privately, however, adopted an attitude of resignation to the German coup.

The British Trade Secretary, Robert Hudson, left for Moscow today after apparently satisfactory consultations here.

NON-INTERVENTION CONTRIBUTIONS END

London, March 22.—(C.P. Cable)—Germany and Italy have declined to pay further contributions to the upkeep of the Spanish Non-Intervention Committee, it was announced today, and as a result the Committee will dismiss its land and sea observers and close down the whole organization.

The Non-Intervention agreement will remain operative, binding the signatory nations not to send men and munitions to Spain, although signatories to the agreement, both Germany and Italy, particularly Italy, have been accused of constantly breaking its terms.

Continued on page 2, Col. 5.

Berlin, March 22.—(AP)—Chancellor Hitler left Berlin at 3:19 p.m. (9:19 E.S.T.) today presumably en route to board the battleship Deutschland at Swinemunde for a triumphal trip by sea to Memel, Germany's newly-acquired Baltic seaport.

By choosing this mode of travel the Fuehrer will emphasize both Germany's growing power as a maritime nation and avoid crossing what may be another objective of German policy before long—the Polish corridor.

Hitler left Berlin shortly after Lithuania capitulated to German pressure and agreed to cede Memel, Germanic territory acquired in the post-war settlements, back to Germany.

Swinemunde is Germany's Baltic sea-base 120 miles north of Berlin.

The Chancellor presumably left in the hands of his Foreign Minister, Joachim von Ribbentrop, dealings with a delegation of three Lithuanian cabinet ministers due here at six p.m. (Noon E.S.T.).

They are to arrange details of the transfer of Memel back to Germany and give it legal form.

His new acquisition came to him on a Lithuanian platter with so much as a distant rumbling of effective opposition—the Memel district of 1,600 square miles inhabited by 150,000 persons, mostly German.

Nazi leaders of the formerly German Free City of Danzig expressed fear, they might have difficulty in restraining a population that expects its "liberation" to come on the heels of the Memel.

Conceding was expressed in Poland, which next to Lithuania is most vitally affected by the new German acquisition, both because of her proximity to the territory and because of implications for Danzig, which lies at the head of the Polish corridor separating East Prussia from the rest of Germany.

Reliable opinion in Berlin, however, was that the Polish corridor was not on the list of additions to be made in the immediate future to the expanding Reich.

Lithuania's decision last night to return Memel to Germany was described by the German news agency as the "only expedient solution for conciliation." (Victor Gallus, Governor of the Memel Territory, said Germany had issued a virtual ultimatum demanding cession of the territory to Germany.)

Ernst Neumann, leader of Germans in Memel, announced he would issue a proclamation on reunion of his territory with the Fatherland during a special session of the Memel Landtag.

Hitler will not leave for Memel, a Government spokesman said, nor will German troops take possession of the territory until negotiations with the delegation of three Lithuanian Ministers have resulted in a treaty or a signed agreement.

Just how conclusive the document was to be was not disclosed. Either in this document or else in a series of agreements of which this will be

Continued on Page 2, Col. 5.

Ottawa, March 22.—(AP)—Farmers in Western Canada will test out a new variety of rust-resistant wheat during the coming summer. Agriculture Minister Gardner told the House of Commons last night.

Developed at the Indian Head, Sask., Experimental Farm, the wheat, known as "No. 95" promised good milling qualities, withstood the attacks of rust last summer and gave yields of forty bushels an acre. As long as supplies last it will be supplied to farmers in four-bushel lots for multiplication on the farms.

Echoes of an old argument as to how far Parliament should delegate its powers over the expenditure of public money to the cabinet or to individual ministers were heard as Conservatives took a stand against a bill to amend the Prairie Farm Rehabilitation Act.

They objected to the powers conferred on the Minister of Agriculture with the approval of the cabinet to enter agreements with provinces, municipalities, persons or corporations respecting water control. Continued on Page 2, Col. 4.

Continued on page 2, Col. 5.

# French-Italian Pact Conversations Thought Reason For Secret Mission

Paris, March 22.—(P)—A French friend of Premier Mussolini who knew him when they both were Socialists came from Rome today on a secret mission, arousing reports that conversations were underway for a French-Italian reconciliation.

Hubert Lazardelle, a writer who has been living in Italy for many years and has maintained his old personal friendship with Il Duce, arrived on the Rome-Paris Express this morning.

Friends of Lazardelle indicated he might carry proposals for settlement of the French-Italian quarrel back to Mussolini. Attaches of both the French Foreign Ministry and the Italian Embassy here said they knew nothing of Lazardelle's activities.

The return of Italy's ambassador from Berlin to Rome for consultations on German proposals, it is believed, has been a prelude to the secret mission.

Lazardelle is reported to have communicated to Paris a belief that Italy would agree to negotiations with France if early overtures were made.

Early today the Fascist Grand Council in Rome issued a declaration that it supported fully "the policy of the Rome-Berlin axis" and found the move for a united democratic front "not the harbinger of peace but of war."

With an undisclosed number of reservists called under Premier Daladier's new dictatorial powers to man the Maginot line facing Germany, the Premier was reported to be considering a second series of decrees further to increase the number of persons affected by France's remilitarization plan.

The first decrees, while enabling Daladier to summon reservists from the last two classes completing compulsory military service, affected principally workers in national defence industries, increasing their working hours and decreasing their rate of supplementary pay.

Political sources said the second group of decrees likely would be financial.

The only protest against the decrees already issued came from labor leaders and that was limited in scope.

# RESIDENT OF BLACK LAKE TO ASSIZE COURT

## Stanislas Arseneault to Stand Trial for Offence Under Lottery Act—Preliminary Hearing Today.

Stanislas Arseneault, of Black Lake, will stand trial in the next Criminal Assizes term for an offence under the Lottery Act, it was ordered in Magistrate's Court this morning when Arseneault appeared before Judge J. S. Couture for preliminary hearing.

The Black Lake man was arrested a week ago when a quantity of tickets for a raffle on a seal coat were seized by Provincial Police, he pleaded not guilty on his first Court appearance and was remanded until today.

Two witnesses, Clifford Wright, of the local Provincial Police, and Robert Trudeau, East Angus police chief, testified during the brief hearing this morning. Wright stated he arrested Arseneault in East Angus and produced the fur coat and the tickets he had seized.

Chief Trudeau stated he had questioned the accused before his arrest and Arseneault had claimed he was selling the tickets in aid of a religious institution in Black Lake. After hearing the evidence adduced by the two officers, Judge Couture ordered Arseneault to appear before Court of King's Bench and fixed bail at ten dollars.

Continued from Page 1.

several projects, to buy, sell or lease lands, and purchase or rent machinery required to sell such equipment.

"This gives the Minister power to do anything on earth within the limits of the money voted by Parliament," said Conservative Leader Manion.

In reply Mr. Gardner said the power conferred by the bill were no greater than in the original Prairie Farm Rehabilitation Act passed in 1935 while a Conservative Government was in office and were necessary for the efficient functioning of the measure.

On the whole, the House made good progress yesterday. Mr. Gardner, besides getting the P.F.R.A. bill through third reading, got a bill to amend the Agricultural Pests Prevention Act through second reading and advanced in the Committee stage.

Finance Minister Dunning obtained approval for a large block of the tariff items in the Canada-United States Trade Agreement in Committee of Ways and Means. The items passed included the controversial farm implement schedules which led to a brief east-west flurry.

On an item reducing the duty on cream separators to 7 1/2 per cent the rate common to most farm machinery, J. T. Thorson (Liberal, Selkirk), expressed the hope that duty would soon be removed altogether.

This provoked John MacNicol, (Conservative, Toronto-Davenport), who protested at what he termed persistent attacks by western members on the industries and agricultural employment in Eastern Canada at a time when the East was "bled white" contributing to relief in Western Canada.

Hon. H. H. Stevens (Conservative, Kootenay East), urged the Government to instruct the National Research Council to make a complete inquiry into the Canada-United States tariff items in Canada as tariff items on certain electrical apparatus were considered. He claimed patent rights were used to maintain prices for certain products in Canada at levels far out of line with the prices prevailing in other countries.

Various suggestions regarding inter-dominion sentiment were considered by the Justice Department in preparing legislation based on recommendations of the Royal Commission on Penitentiaries, Justice Minister Lapointe told the House.

In his suggestion T. L. Church (Conservative, Toronto-Broadway), with a bill to abolish indeterminate sentences, Mr. Lapointe said conflicting representations had been made on the matter.

Grant MacNiel (C.C.F., Vancouver North), used a labor dispute at Blubber Bay, B.C., as an argument in support of the bill to make it a criminal offence for employers to interfere with the exercise of the workers' right to organize.

# Italy Issues Stern Warning To Democracy

Continued from Page 1.

Emmanuel may have the way for Mussolini by a declaration affirming the policies of the Fascist regime. The King is to speak Thursday at the opening of the new Parliamentary Chamber of Fasces and Guilds.

Newspaper comment seconded the Council's hint of the possibility of a clash between the united democracies and the totalitarian powers.

# Hitler Plans Triumphant Sea Journey To Acquire Newly-Surrendered Land

Continued from page 1.

the first, the following will find their expression:

1—Memel will be ceded unconditionally to Germany;

3—Germany will become the principal and exclusive purchaser of Lithuanian exports, namely, poultry, butter, eggs, potatoes, timber, linseed, flax, hides, pigs and horses.

It may also be expected that Hitler will not overlook the possibility of Memel as a submarine base. His intention of the Baltic will thus be enhanced and Russia will be just as much closer.

# NOISY CELEBRATION OF MEMEL SEIZURE

Berlin, March 22.—(P)—In the face of mounting criticism from abroad, Chancellor Hitler today scored his second triumph within a week—Lithuanian consent to the return of war-torn Memeland.

D. N. B., the official German news agency, in a Kaunas dispatch this morning said that Lithuania had decided to return the 1,000 square mile territory with 150,000 mostly German population as the "only expedient solution for conciliation."

The agency published the communique issued by the Kaunas Government and delivered here through the Lithuanian Telegraphic agency.

Formally announcing agreement to surrender Memel, (Victor Gailius, governor of the Memel territory, said Germany issued a virtual ultimatum demanding cession of the territory to Germany, Kaunas dispatches related.)

The Lithuanian decision came just one week after Dr. Emil Hacha, President of the now vanquished Czechoslovak republic, pledged Bohemia and Moravia under German protection—a step which brought protests from Great Britain, France, the United States and Russia and resulted in a vigorous Nazi counter-attack upon those powers.

The Memel question—bound with discussion of German annexation of the Free State of Danzig—has been frequently in the news since Chancellor Hitler came to power in 1933.

Since the new parliamentary election in Memeland last January showed a strong foreign quarters, persistently predicted Memel would be a part of the German Reich before Hitler's fiftieth birthday, April 20.

The swift capitulation attributed to Lithuania came after a conference between the Lithuanian and German Foreign Ministers and had been expected for several days.

A delegation from Lithuania was awaited here to settle all questions resulting from the Kaunas Government's decision.

The territory is a narrow strip along East Prussia with the City of Memel, an important seaport on the Baltic and one of the problems to iron out undoubtedly will include what use Lithuanians shall have of the port facilities. Lithuania already has started developing another harbor farther north.

The question of rights of Lithuanian people living in Memeland must be settled.

D. N. B. said a Lithuanian delegation would leave Kaunas for Berlin today.

Propaganda Minister Goebbels' De Angreif came out with a one-page spread as an extra edition announcing the new territorial acquisition. Chancellor Hitler's Voelkischer Beobachter had an extra.

Both carried the inspired comment that "In the midst of outrageous agitation, which England is losing against the Reich, the news strikes like lightning that the ancient German Memeland is free again."

"One single cry of jubilation sweeps over Germany. We are living in a time for great recompensation. Our hearts are burning with pride. We thank the Fuehrer."

"Our feelings go out towards the land in the East which was robbed of us in 1923. In spite we are with our brothers in Memel who have borne so much sorrow. Today these difficult times are ended."

There were these other developments having a bearing on the international situation:

The press continued strong criticisms of western democracies for what Germany considers efforts at "enrichment of the authoritarian states by a British-sponsored bloc."

Newspapers specifically attacked the United States for its note declaring absorption of Czechoslovakia Bohemia and Moravia illegal while the German Economics Ministry was reported studying the twenty-five per cent extra duties imposed by the United States on most German goods, presumably with a view to retaliatory action.

Government opposition groups in Poland, concerned by Nazi expansion, were urging with little apparent success a new cabinet dedicated to national defence.

Upon returning from the theatre last night, Chancellor Hitler received the news that Italy, through the Fascist Grand Council, endorsed his action in Czechoslovakia.

The German press gave prominent play to news from Memel of the flight of Jews from the territory.

Hitler's newspaper, Voelkischer Beobachter, said of the British drive for some form of collective security declaration among world

# COATICOOK MAN RETURNS FROM VOYAGE ABROAD

## Educational Six-Months Stay in England Concluded by J. Bruhmuller—Followed Leadership Course.

Coaticook, March 22.—A six-months' stay in Great Britain has recently been completed by a local resident with the return home of Mr. John Bruhmuller, Canadian student selected to represent the Dominion at the Westhill Training College near Birmingham, England.

The story of Mr. Bruhmuller's stay in the Old Country has proven of much interest in this community. After crossing on the Duchess of York, the traveller landed at the height of the crises that swept Europe last autumn. He spent the first three weeks in London on a sightseeing tour and saw most of the points of interest in the Empire capital. Mr. Bruhmuller was especially impressed with "Big Ben" and other historic landmarks.

At the end of the London visit the traveller went to Westhill, a charming town nestled in the Midlands where are situated seven colleges at which a great variety of subjects are taught. There Mr. Bruhmuller followed a special Leadership Training course with Sunday School work featured.

During his stay at Westhill, Mr. Bruhmuller, while spending most of his time at his work, found ample time to visit the surrounding countryside and saw such famous places as Shakespeare's birthplace, Stratford-on-Avon, Epsom Downs and Surrey, the latter places seen during his Christmas holidays.

Mr. Bruhmuller finished his second term early in March and on his return to Canada found a warm welcome at his home. His stay in Coaticook will not be long, however, as he is leaving for Montreal to take up business with a firm in the Metropolis. He hopes to continue the Leadership work in which he obtained such a good grounding in England.

# NEWSREELS TO BE PRESENTED IN FRONT ROOM

## British Theatre Owners Show Growing Concern Over Effects of Latest B.B.C. Developments in Television Field.

London, March 22.—(P)—Shivers course occasionally along the spines of London theatre owners who've seen full-length plays or vaudeville performances in black and white pictures across the screen of television sets. They are the kind of shivers that shook the concert business in radio's early days.

Pessimistic or jittery managers have nasty dreams about dark theatres and customers staying home to enjoy performances brought to their own firesides from the British Broadcasting Corporation's studios in Alexandria Palace. Optimists say they are seeing things under the bed, that radio helped the concert business by spreading music-mindedness, that the sight of television picture plays will probably make people more theatre-conscious.

Owners of news-reel theatres probably have the best concern for pessimism, for London's television censors see two 15-minute daily films produced by the two major motion picture news covering agencies and broadcast through a complicated machine at Alexandra Palace.

Another thing that may worry the news-reel people soon is the B.B.C.'s mobile television unit that covers news-worthy events from time to time in and around London. The unit travels in three big trucks and is a replica of the Alexandra Palace station. Its signals are picked up at the main station and re-broadcast.

It goes to important boxing matches, football games, to the Cenotaph on Armistice Day, to the Derby. It covered the coronation procession in 1937. It attends the Lord Mayor's show, goes out to the zoo or to motion picture studios for features.

If news theatre owners look on television as a threat, newspapers apparently do not. They list its programmes on their radio pages and cover its developments generously. There is an even chance it may be useful to them some day. The television image is bright enough to photograph with a fast film.

Theoretically a newspaper could save a couple of hours by photographing the image of the Derby finish on the television screen. It would save the time it takes the photographer to reach the office from Epsom. There are two disadvantages, however.

First, a camera shot fast enough to stop the action on a television screen also shows up the 405 horizontal "scanning lines" of which the picture is composed, but which escapes the notice of the eye because the picture is projected on the screen at the rate of twenty-five frames a second.

Secondly, newspaper offices are located in streets which carry heavy motor traffic. Automobile ignition systems radiate impulses which disturb the television image, make it shaky, and send irregular blobs of white light dashing across the screen. The ignition systems could be made disturbance proof, easily, but there is no law in this country to compel it.

Television will improve if and when Parliament legislates to protect the viewer from disturbances caused by electrical appliances.

Chances that it will cut materially into the revenues of theatre and newspapers are generally considered remote.

# BIRTHS

**NORTHUP**—On March 20th at the Royal Victoria Hospital, to Mr. and Mrs. Harry Northup (nee Rhoda Wheeler), of Parent, Que., a daughter.

# DEATHS

**LING**—Passed away at Richmond, Tuesday, March 21, 1939, at the age of 74 years, James Albert Ling, beloved husband of Lumina Labonte. Funeral from his late residence Thursday, March 23rd, to St. Bibiana's Church at 9.30 a.m. for service and interment.

**MONTEY**—At St. Vincent de Paul Hospital, Sherbrooke, on Tuesday, March 21, 1939, Alphonse Joseph Montey, of Rock Island, at the age of 56 years. Funeral Friday at 9 a.m. from the residence of Our Lady of Mercy Church, Rock Island, thence by motor to Granby, where interment will take place.

**IN MEMORIAM**  
In loving memory of our dear mother and grandmother, Mrs. L. A. (Dell) Drew, who passed away March 18th, 1937. Gone, but not forgotten.  
MR. AND MRS. LEWIS DREW, JR. Son.

**IN MEMORIAM**  
In loving memory of our darling son and brother, Glenn Herbert, who died March 22nd, 1935, age six years. Happy times we once enjoyed. How sweet the memory still. Days of sadness still come over us. The world can never fill. Ever remembered by  
DADDY AND MAMA  
MR. JOHN HORTON, & SON.  
MR. AND MRS. HERBERT WILSON, Hols. Maine.

**IN MEMORIAM**  
In loving memory of our dear wife and mother, Mrs. John Horton, who passed away March 22nd, 1938.  
Sleep on dear mother, take your rest. We loved you dearly, God loved you best. Some day, some time, we shall know. The reason why He willed it so. Days of sadness still come over us. Sweet tears do often flow. But memory keeps you ever near us. Though you died one year ago.  
MR. JOHN HORTON, Husband.  
MRS. O. E. DOLIVE.  
East Angus, Que.  
MRS. L. L. DAVIS, Daughters, N.B.  
MRS. GEORGE DEARMOUTH.  
MRS. LESTER STEWART, Daughters, Bennett, Que.

**CARD OF THANKS**  
We wish to express our deepest gratitude and appreciation to the many friends who were so kind at the time of the death of our dear mother, especially Rev. J. R. Graham and F. Williams, the trio, bearers, those who so kindly sent flowers, loaned cars or helped in any way.  
THE FAMILY OF THE LATE  
MRS. JOHN CAMPBELL,  
Sherbrooke, Que.

**DAYLIGHT TIME PROPOSED**  
La Tuque, Que., March 22.—(P)—Council of this St. Maurice Valley town recently adopted a resolution, proposing Daylight Saving Time during the summer months.

**BISHOPTON**  
The many friends of Mr. Leonard Hughes join in wishing him a speedy recovery from his illness. Mr. Leon C. Bennett spent a weekend in Sherbrooke to be near his wife, a patient in the hospital.

# Legislative Assembly Bans Strikes By Charitable Institution Workers

Continued from page 1.

workers in the "trade, art or profession" as originally provided.

Objection also was made to provisions in the bill which would require employers to examine applications for arbitration of disagreements and decide whether or not there was justification for formation of a board made up of one representative each of the workers and employers and a third member chosen by both.

Cloppins Bastien (Liberal, Berthier) told the House the Health Minister is in charge of the Province's Public Assistance Fund and should not have any connection with a possible wage dispute in an institution supported by the fund.

Cordile Rochefort, assistant Union Nationalist member for Montreal-St. Marie, proposed that officers of Hospital Employees' Union be permitted to act as workers' representatives in a dispute.

When he explained the bill, Premier Duplessis said during a recent meeting with representatives of the Hospital Employees' Association that "in some cases" had been discussed and the word "strike" had been mentioned.

He had told them, the Government would not "endure strikes." Strikes by police and firemen were illegal and strikes of hospital workers could not be permitted to "deprive the sick and infirm of the care necessary to maintain life," the Premier said.

The Assembly yesterday also, rejected on a forty-nine to thirteen vote a motion by Rene Chalouit (National, Kamouraska), for representation of the National group on the legislative committee investigating redistribution of electoral districts.

Introduced during the afternoon sitting before debate on the motion in which Premier Duplessis declared he did not "recognize" the five-man group, were measures for extension of organization and encouragement of manufacture of sulphur and other by-products of iron ore.

Quick approval was received by a measure to prevent identification of workers complaining against their employers and to reimburse them for unjust dismissal.

During discussion last night of a \$450,000 budget item for Forestry Service, the Premier warned against imposition of paralyzing conditions on the forestry industries seeking re-establishment.

Premier Duplessis reviewed the steps taken by his Government since its election in 1936 to better conditions in the lumber industry and protect the industry itself.

Minimum wages had been fixed for lumber workers higher than in Ontario or New Brunswick, provinces with which the Quebec forestry competed, he said.

The Premier told the Assembly he had turned down offers from "foreign interests" for establishment of lumber plants worth \$50,000,000 or \$60,000,000 in the Province because export which possibly would have "destroyed" the industry had been sought.

With the "co-operation" of Ontario authorities, the Union Nationale Government had been able to "stabilize prices in the newsprint industry," he added, after over-production had permitted "United States publishers to acquire stocks of newsprint and control prices."

Because of the value of Quebec forests to agriculture, hydro-electric development and other natural interests, protection of forest lands was necessary, the Premier concluded.

Leon Casgrain (Liberal, Riviere du Loup), noted the Government leader's statement regarding lumber export and asserted shipments had been made freely to Germany from the St. Lawrence river port of Riviere du Loup.

"Why didn't Mr. King use his cannon," remarked the Premier.

"I'm surprised that in such a time of anguish when no one knows if war is near or not, that the Premier speaks lightly of such important questions," said Casgrain.

# Britain Told Of Reich Plan For Invasion

Continued from Page 1.

other governments."

Richard Butler, Under-Secretary for Foreign Affairs, announced: "It has been decided that Czechoslovak diplomatic representation in London shall remain unchanged for the present."

The cabinet had met to consider what commitments Britain must undertake to check German expansion by formation of a bloc against aggression.

Although Great Britain was one of the signatories of the Memel Convention of 1924 by which Lithuania sovereignty over Memel was recognized, there was no indication that any action was planned here specifically to combat the return of the territory to the Reich.

Prime Minister Chamberlain had his Ministers before them tentative replies from several European governments to a British proposal for an anti-aggression declaration.

The replies generally called for indications from Great Britain that she is prepared to give more than token support to any move against German expansion.

The cabinet thus apparently faced the problem of deciding what specific pledges of aid she could give the states she has asked to sign the declaration with her.

A Government spokesman made it clear that the proposed policy would not apply to the Memel surrender.

"Britain has no obligations to help Lithuania in the event of aggression of any kind" on Memel, he said. He added that neither Lithuania nor Germany had consulted Great Britain during the negotiations for Memel's transfer.

The Government disclosed it would make a formal statement in the House of Commons late today in reply to a question by the Labour Opposition.

The cabinet, forced last week to suspend Mr. Chamberlain's appeasement policy when Germany occupied Bohemia and Moravia, faced these new developments:

1.—The Italian Fascist Grand Council's declaration of full accord with Germany in the Rome-Berlin partnership which called for formation of an anti-aggression bloc "not the harbinger of peace but of war."

Great Britain has asked France, Rumania and Poland to initial the anti-aggression declaration to be joined later by Rumania, Turkey, Greece, Yugoslavia, Bulgaria and other nations if possible. The declaration would bind the signatories to consult in a group in the event of another Hitler step against a non-Germanic people.

The British proposal followed Russia's call for immediate consultation. The British considered an immediate conference premature and argued it would take foreign ministers from their capitals at a trying time.

The opposition at home accused Mr. Chamberlain of still being influenced by anti-Russian elements in the Conservative party and some demanded he get out of office on the ground he is impeding the chances of halting Hitler. One commentator said "to put it brutally" British hesitation was causing a bad impression among other states.

Poland was reported to have stated she could not afford to sign the proposed document without a definite military commitment because of her delicate position with respect to Germany.

Many Government supporters joined the Opposition in urging the Government to forget its antipathy to Communist Russia. Anthony Eden, who resigned as Foreign Secretary a year ago, expressed the view last night in a speech that regards entering an international agreement it should be "no affair of ours whether the Government is black, w' or pink or red in domestic policy."

# EUROPEAN SITUATION RAISED IN SENATE

Ottawa, March 22.—(P)—The question whether Canada has conveyed to the British Government its willingness to confer on the European situation was raised in the House of Commons last night by Conservative Leader Meighen.

Referring to the statement on foreign affairs of Prime Minister Mackenzie King in the House of Commons Monday, Mr. Meighen said the inference from the statement seemed inescapable that up to that time no effort had been made to confer with the British Government. He asked whether the Government had communicated its present willingness to confer with the British Government.

"I have no knowledge of what might have taken place in respect to the question now asked," Government leader Dandurand said. "But I would say that whatever was stated by the Prime Minister stating his desire to confer with Great Britain and other countries has been cabled to London directly."

# ESCAPE FROM HOTEL TOLD BY TWO GUESTS

Halifax, March 22.—(P)—Two guests of the Queen Hotel were called to give evidence today at the Government investigation into the disaster March 2, Robert McGarvie, of Montreal, and Mrs. Laura Barteaux, of Halifax, told of their escape from the flaming hotel.

McGarvie said he escaped with his wife through a room from the rear of the hotel. He said he saw no notice in the doorway indicating the direction of the fire escape.

Mrs. Barteaux told Mr. Justice Archibald, the investigating commissioner, she had no warning of the fire until flames burst into her room. "We could see a fire escape anywhere," she said. She made her way to a window and dropped into the arms of a fireman on a roof below, where she was assisted down a ladder.

# BUGGIES ARE NOT MUCH IN DEMAND

Yorkana, Pa., March 22.—(P)—If you should ask Maurice S. Fry, he can tell you the horse and buggy days are gone—definitely. Among vehicles which he sold at auction an old buggy, once drawn by two horses. It was "knocked off" to the highest bidder for twenty cents.

# LUCK CHARM FAILS

Memphis, Tenn., March 22.—(P)—A thirty-two-year-old negro's "good luck charm" back-fired on him in City Court. In the first place it wouldn't work, for its owner was fined \$20 on traffic charges. Then police gingerly confiscated the "charm"—a black widow spider carried snugly in a matchbox.

with neighbors. In two days he cancelled \$50,000 worth of mortgages on homes and a church.

# DRUNKEN DRIVING FLAYED AS COURT CLOSES

## Eleven Receive Sentences As Court Of King's Bench Ends

John Henry Pope, Convicted of Grievous Assault, Given Three-Year Term—Termed "Fortunate" by Mr. Justice C. D. White—Albini Samson Will Serve Two-Year Sentence in Penitentiary—Paulette Sentenced to One Year.

Eleven persons, ten men and one woman, were sentenced to terms ranging from three months to three years when they appeared in Court of King's Bench this morning to mark the official close of the Criminal Assizes. Total of all sentences handed down by Mr. Justice C. D. White was nearly twelve years, an average of slightly over a year for each prisoner.

Hardest sentence was received by John Henry Pope, of Albert Mines, originally charged with murder and found guilty of a reduced charge of grievous assault. Pope was ordered to spend the next three years in the penitentiary.

"You may consider yourself very fortunate in getting off so easily," remarked Mr. Justice White to the sixty-six-year-old Albert Mines man. "I think the jury made a very serious mistake in not bringing in a verdict of manslaughter."

Only other penitentiary term was given to Albini Samson, of Sherbrooke, found guilty several weeks ago of indecent assault. Commenting on the plea for clemency made by A. Rivard, counsel for Samson, the presiding judge stated it was the third time the prisoner had been found guilty of a similar offence.

Edwin Paulette, of Huntingville, who was pronounced guilty of manslaughter in connection with the death of two Sherbrooke boys, Edgar Sawyer and Loy Lemire, was sentenced to one year in jail, dating from the time of his incarceration last October.

Mr. Justice White, referring to the car collision leading up to Paulette's arrest, stated there was entirely too much driving under the influence of liquor and added the prisoner was very fortunate that the jury recommended clemency.

That the violation of trust placed in officials of public institutions is a serious crime, was stated by Justice White when he sentenced Oscar Gouin, of Coleraine, to twenty-three months in jail. Gouin, former secretary-treasurer of the school commission of St. Julien de Wolfestown, was convicted of falsifying the books of the Commission and of the

Rosario Gagnon, of Asbestos, tried and found guilty on a charge of theft from the Canadian Johns-Manville plant, was given six months tantamount to freedom as he has been in jail since last October. In a similar trial to that of Gagnon, two other Asbestos men, Aureo and Onesime Bilodeau, were acquitted of a like charge.

One year in the local jail was the sentence received by Wellie Boucher and his wife, who pleaded guilty to a statutory charge when they appeared in court.

## PROMOTIONIS GIVEN MEMBER OF REGIMENT

Governor-General's Warrant Presented to Regimental Sergeant-Major A. Brittain—Highest Rank Attainable by N.C.O.

The seventh training parade of the Sherbrooke Regiment (M.G.) held last night was featured by the presentation of the Governor-General's warrant to Regimental Sergeant-Major A. Brittain. The presentation was made by Lieut-Col. Lee M. Watson at the conclusion of the parade, with the whole battalion drawn up in line.

This certificate makes the holder a first-class warrant officer, with the privilege of wearing a Sam Browne belt. He is no longer called "Sergeant-Major" but is entitled to the prefix "Mister" before his name from all ranks, and when spoken to by anyone junior to him must be called "Sir." The Colonel pointed out that this was the highest rank to which an N.C.O. could attain and stated that it was a great privilege to hold the Governor-General's warrant. Corporal A. Morrison also received a special signalling certificate for qualification in line-telegraphy.

Last night was the special O.C.'s parade, and the Officer Commanding was received by the battalion drawn up in line. The band then played the Regimental March, followed by "The Wolf's Dirge," which has been played by the affiliate regiment, the Leicestershire, in mourning for General Wolfe ever since he was killed at Quebec.

During the first part of the drill period the non-commissioned officers and men were practised in machine-gun work by Sergeant P. B. Bingham, of the permanent force, while the officers were given a lecture in field duties by Major B. D. Lyon. The N.C.O.'s were then given practice in recognition of targets by Lance-Corporal A. F. Mitchell, of the Royal Canadian Regiment, and the Officers were given a staff work-out in saluting.

The following promotions were announced: No. 528, A.C.Q.M.S., E. Roach, to be promoted to substantive rank of sergeant and to continue to be acting C.Q.M.S. of "B" Company; No. 538, Corporal L. E. Johnston, to be acting sergeant in "D" Company; No. 889, Private A. McNabb, to be acting corporal in "C" Company.

It was noted in regimental orders that the Orderly Officer for the week ending April 1 is Lieut. G. F. Ransehouse, assisted by Corporal J. Ayoote as Orderly Corporal. Next for duty will be Lieut. K. A. Bryce and Corporal E. Trussler.

After parade light refreshments were enjoyed by all ranks.

LENNOXVILLE

NURSES' WORK REVIEWED

Miss Edna Osborne, of the local staff of Victorian Order of Nurses, addressed members of the Young Woman's Association of the Lennoxville United Church at their monthly meeting last evening at the home of Mrs. Hart Montgomery on Belvidere street, when Miss Estella Wellman was joint hostess.

Miss Osborne spoke on the foundation of the Victorian Order of Nurses, and following her interesting remarks, a social period was enjoyed and lunch was served by the hostess, assisted by the Misses I. W. Montgomery and Jean Campbell.

WOMEN'S LEAGUE MEETS

Mrs. M. Cathcart was hostess to members of the Lennoxville Women's League of St. Andrew's Church, Sherbrooke, at her home on Belvidere street yesterday afternoon, with Mrs. J. G. Trenholme, the president, in the chair.

Plans were made for the forthcoming tea, food and kitchen sale which will be held by the League the middle of April. Mrs. Harry Fovell will act as convener of the tea and Mrs. W. E. Glass will have charge of the food table, while the convener for the kitchen sale table will be chosen later.

Several were reported ill and a card shower was arranged for them. An interesting point in the afternoon's activities was the reading of a letter from the wife of a missionary in India, who described the work there and spoke of the need for greater enlightenment in that country.

At the tea hour Mrs. Cathcart was assisted in serving by her sister, Miss Eleanor Pocock.

## NEWSY ITEMS

Our Congratulations To: R. N. Ogilvy and A. Douglas Kerr who are today observing their birthdays.

LOCAL SNOWSHOERS HONOR DR. A. N. DUPUIS

Recognition of the valuable work done by Dr. A. N. Dupuis as chairman of the committee in charge of the 1939 International Snowshoers Convention, held in Sherbrooke, was given last night when he was presented with a memento cabinet by the officers of the local Snowshoer Union, consisting of the Tuque Rouge, Gouind, Dollard and St. Francois clubs.

The presentation, made by J. A. Rouleau, president of the Sherbrooke Union, was the feature of a banquet given by H. H. Ingram, proprietor of the Magog House, headquarters of the 1939 Convention. In acknowledging the gift, Dr. Dupuis expressed his surprise and gratification and thanked the executive for their co-operation during the convention.

FUNERAL OF MRS. E. GUNNING

Final tributes were paid yesterday to the memory of a long resident of Sherbrooke in the person of Mrs. Edward Gunning, who passed away early Sunday morning at the advanced age of eighty-three after a short illness. Born at Cornwall, Ontario, the daughter of the late James and Esther Robinson, she married the late Edward Gunning some fifty-eight years ago and moved to Sherbrooke where she has resided ever since.

The funeral service was conducted by the Rev. J. R. Graham, minister of St. Andrew's Presbyterian Church, with which the deceased and her late husband were associated for so many years. A quartette of the St. Andrew's choir rendered two selections, "Safe in the Arms of Jesus" and "Abide With Me." The carriers were Messrs. James Johnson, George Robins, William Ballantyne, Reg. Smith, Alex. Johnston and Garnet Ross.

Of a quiet, reserved nature, Mrs. Gunning nevertheless had a host of friends throughout the city, as was evidenced by the large array of beautiful flowers and the large number of friends who gathered to pay their last tribute to Mrs. Gunning who enjoyed almost until the last remarkably good health for a woman of her advanced years, and the end came quietly after a short illness.

Her husband, Edward Gunning, predeceased her some five years ago. She is survived by four daughters, Mrs. C. T. Ross, Mrs. Edward Bradley, the Misses Evelyn and Gwen Gunning; by Charles T. Ross and Edward Bradley, sons-in-law; by Wesley H. Bradley, grandson, and the Misses Claire and Helen Ross, granddaughters; A. A. Gunning, John Gunning, both of this city, and Hugh Gunning, of Montreal, nephews; Mrs. A. V. Gurnham, of Valleyfield, and Miss A. Gunning and Mrs. Guy Bryant, of this city, nieces, as well as a number of other more distant relatives in Valleyfield and Cornwall.

## FINAL TRIBUTE IS GIVEN MRS. JOHN CAMPBELL

Citizens Gather in Large Numbers at Funeral of Eighty-One-Year-Old East Sherbrooke Resident.

Convincing evidence that a life devoted happily and lovingly to relatives and friends has its true reward was given Monday afternoon when citizens of Sherbrooke gathered in large numbers at the funeral service for Mrs. John Campbell, who passed away in her eighty-second year following an illness of eight months' duration.

All her life a resident of East Sherbrooke, Mrs. Campbell had the happy faculty of being a good friend and a thoughtful mother, and her pattern of life was woven among her home, family and many acquaintances. Mrs. Campbell had seen many changes take place in East Sherbrooke, and it was a source of interest to her to follow activity throughout the city.

Floral tributes were unusually numerous and beautiful and they, as well as the many citizens attending the service at the late residence, 18 Park avenue, bore witness to the love and affection in which she had been held by all who were privileged to know her.

The service was conducted by Rev. J. R. Graham, minister of St. Andrew's Church, of which the deceased had been a member, while Rev. Fred Williams, of Trinity United Church, led in prayer. Music was provided by a vocal trio composed of Mrs. Malcolm Mackay, Mrs. William Scott and J. G. Scorer, who sang the hymns, "Nearer My God to Thee" and "Abide With Me." Acting as carriers were Messrs. J. Shorten, P. Johnston, J. Murphy, C. Armstrong, H. Wilcox and N. W. Price, and burial was made in Elmwood Cemetery.

Born in May, 1857, in East Sherbrooke, the deceased, formerly, Henriette Jane Rennie was married to John Neil Campbell on April 24, 1879. Her husband predeceased her fourteen years ago.

Mrs. Campbell leaves to mourn her death four sons and four daughters-in-law, Mr. and Mrs. James Campbell, Mr. and Mrs. William Campbell, Mr. and Mrs. John Campbell and Mr. and Mrs. Cecil Campbell, all of this city; a daughter, Mrs. Harold Caesar, and Mr. Caesar, of Stratford, Conn.; two brothers, William and Edward Rennie, of Sherbrooke; a brother-in-law, William Campbell, of Lowell, Mass.; five grandchildren, Doris Campbell and Kenneth and Nelson Campbell, of Sherbrooke, Mrs. E. Glass, of Lennoxville, and Jean Caesar, of Stratford, Conn., and several nieces and nephews.

## MEXICAN LABOR LAWS REVIEWED BEFORE ROTARY

A. C. Skinner Compares Rules Existing in Republic with Those of Canada—Foreign Labor Virtually Excluded.

Although complaints are sometimes made regarding labor laws in force in the Dominion of Canada, when these laws are compared with those existing in Mexico it is seen that the Canadian rules are decidedly superior. A. C. Skinner, past president of the Sherbrooke Rotary Club, declared in an address before the group in the New Sherbrooke House last night.

When a strike breaks out the first step is to take the matter to a court of law and if declared legal the striking employees are assured of their wages during the period until the strike is settled. No employee can be discharged without three months' notice and he must be paid fifteen days' wages for each year in the firm's service.

Mr. Skinner, who recently returned to Sherbrooke from a trip to the republic with Windsor Swallow, of Sherbrooke, observed that Mexico is apparently trying an extreme type of nationalism associated with a form of socialism.

At one time all the farm lands in the country were owned by a comparatively small number, he said, but this land has been seized by the government and divided more equally among the population.

Companies are not allowed to employ over five per cent of foreign labor, Mr. Skinner stated. The nationalism policy is not proving very successful, the speaker said, and in recent years Mexican money has been drained from two to one to five to one when compared with the coin of other countries.

Considerable German influence is felt in Mexico, Mr. Skinner said. There is a probability that the difficulties with the United States over oil wells will be adjusted satisfactorily, he stated, but there is still a feeling of resentment in Mexico against the States because of the war between the two countries a century ago.

Many ancient buildings and statues found in Mexico indicate that a very high type of civilization existed there long before Columbus discovered America, Mr. Skinner stated.

Following Mr. Skinner's address films depicting scenes in Mexico were shown by Mr. Swallow.

Mr. Skinner was introduced by President George Ewing, who presided at the meeting, and with Mr. Swallow, was thanked by Rotarian Reford Stewart. Two Boy Scouts, Robert Matthews and Robert Dupon, were guests of the club for the meeting. Rotarians Gerry Wiggitt, Doug Kerr, Walter Mutchler and Bob Ogilvy, were remembered by their fellow-members on their birthdays.

Seated at the head table with President Ewing were Rotarians Fred Briggs, Phil Mathias, A. Skinner and L. Vaehon, and Mr. Swallow, a guest.

## Arts Faculty Gained Coveted Debating Trophy At Bishop's

Opposing Proposals for Unifying Canadian Railways, Arts Defeated Divinity in Third and Final of Series of Debates for Skinner Trophy—Marks Tenth Arts Victory in Sixteen Years of Trophy.

The everlasting Canadian railway question came up again last night, this time in the form of a debate at Bishop's University. In the last of three debates for possession of the Skinner Trophy for inter-faculty competition, Arts defeated Divinity to take over the cup for the first time in six years. The resolution was, "That there should be a unified control of the Canadian National and Canadian Pacific railways." The winning Arts team upheld the negative of the resolution.

The successful debaters were Lincoln Magor, of Montreal, Waldo Tulk, of Cookshire, and Lord Shaughnessy, of Montreal. The Divinity team was composed of Hector Belton, of Winnipeg, Bill Robinson, of Kemptonville, Ont., and Edward Parker, of Westmont.

In the chair was Peter Greenwood, president of the Literary and Debating Society, who mentioned that in the years from 1922, when the cup was presented, Arts won nine times, and Divinity six.

Leader of the affirmative, Hector Belton, opened the debate. He cited the C.N.R. as having 22,000 miles of track, and the C.P.R. 17,000 miles, much of which was overlapping and superfluous. He told how the government railway was run in deficit at the rate of forty-two millions yearly, yet continued with such foolish expenditures as the new terminal at Montreal. The attempt to make Prince Rupert into a seaport rivaling Vancouver was also mentioned as an example of C.N.R. folly.

The slight unification in effect between Montreal and Toronto, as represented by the pool trains has already saved a considerable amount of money, and would seem to indicate that complete unification would save much more for the taxpayer, he claimed.

He named five benefits to be derived from unification. They were relief to the treasury, opportunity for the C.P.R. to pay a better return on the investment, opportunity for modernizing service and equipment, economical operation of trains for light traffic, and the stabilization of labor.

Lincoln Magor, first speaker for the negative, thought that the affirmative's leader had only scratched the surface of the problem, that he had been shallow, and that we must treat this question from the foundation. There were two main circumstances which governed the successful operation of a railroad, he said. They were population and competition.

The trouble with our railroads is that there are not enough people for the profitable operation of the great amount of track. We have two alternatives, to decrease expenses, or to increase revenue. The latter in the end he said was to increase revenue by increasing population through immigration.

Creation of a railway monopoly would grant progress; experience in Great Britain has shown that a solution can be found without complete unification. We should try to adapt that solution to our own problem.

Bill Robinson flayed the Government for taking tax money so ruthlessly and spending it foolishly. In 1931 the Royal Commission investigation took place and its recommendations resulted in the National-Pacific Act, which effected great economies in railway operation through a measure of unification.

The speaker pleaded for the abolition of duplication in services as

the means to wiping out the debt. Rails, hotels, and steamship lines are all operated at a loss in competition with the C.P.R., he said.

Waldo Tulk, of the negative, pointed out that the money saved by cutting down labor on the railway would have to be spent for additional relief, so that there would be no saving at all. His solution was to make the railways direct competitors of the automobiles by giving faster, more comfortable and convenient service, and thus increasing the revenue. He likewise advised the abolition of free passes to employees and others as an economical measure. "It must be remembered that the Duff Commission advised strongly against complete unification," he concluded.

Third affirmative speaker, Edward Parker, said there could be no competition between the C.P. and C.N. railways as the former, a private enterprise, was run on a profit basis. The identity of interest of business and railroads he saw as an influencing factor. No major business would not benefit from cheap transportation, he claimed. "The ultimate good for the greatest number" will come from unification, he stated.

Lord Shaughnessy pointed out that the savings in operation effected so far had resulted from co-operation, not unification. Sensible co-operation can accomplish much more than it has. He mentioned the case of the two rival hotels in Vancouver, which had settled their difficulties by sane co-operation. The debt of the Canadian National Railways is so large now that unification with the Canadian Pacific could wipe out only a part of it, and the C.P. investors would suffer by non-payment of dividends, he claimed.

After rebuttals by both sides, and some deliberation of the judges, the decision was awarded to Arts. The judges were W. G. Bessett of Lennoxville, J. K. Flaherty, of Sherbrooke, and John Wolfe, of Sherbrooke.

## FAST FOR FUGITIVES

Leeds, England, March 22.—Sixty girl students here at dry bread for a week and sent the sum saved on butter to help Spanish refugees.

# Sherbrooke Daily Record

Established Ninth Day of February, 1897, with which is incorporated the Sherbrooke Gazette, established 1857, and Sherbrooke Examiner, established 1878.

— Eastern Townships' Only English Daily —

The Record is printed and published every week day by the Sherbrooke Record Company, Limited, of which Edna A. Beerworth is Secretary-Treasurer, at the office, 69 Wellington Street North, in the City of Sherbrooke, incorporating the news services of The Canadian Press, The Associated Press, Reuters and Havas.

The Record is a member of the Audit Bureau of Circulations, its circulation being regularly audited and guaranteed.

Subscription rates: 75c a month, delivered at any place in the city and suburbs Post Office delivery to any place in Canada, Great Britain or the United States, \$4 per year, six months, \$2; three months, \$1; one month, 50c. Single copies, 3c.

SHERBROOKE, WEDNESDAY, MARCH 22, 1939.

Great institutions have their beginning in great men.

## THE CIVIC BUDGET

While budgeting for a nominal surplus of slightly over twenty thousand dollars for the current fiscal year, which in itself is no mean achievement, the City Fathers have apparently become reconciled to the fact that the people must expect to bear an ever-increasing burden of taxation. This is illustrated by the fact that when the revenues are estimated to increase by over \$100,000, the surplus will be cut over \$5,000, amply indicating that the much-vaunted surplus is only achieved at the expense of the taxpayer.

The public utilities systems operated by the city represent approximately one-half of the municipal gross revenue, yet they account for less than one-sixth of the increased income. They do, however, prove an important item in the municipal financial picture, transferred surpluses totalling \$250,000 accounting for about one-third of the total tax department revenues. Pleasant as this would appear for the taxpayer, it also indicates that the rates charged for electricity and water in Sherbrooke are too high. No utility should be operated at less than cost, but when one department is mulcted over \$200,000 to aid another balance its budget, something would appear to be wrong. Especially is this the case when almost every conceivable item of extra-municipal expenditure—ranging from grants to supposed dog derbies to financing the visit of Their Majesties—is charged to this department.

The item providing for the greatest criticism on the expenditures side is the \$7,200 expansion in the police and fire department budget to pay for some innovations introduced by over-ambitious aldermen who are more adept at spending someone else's money than their own. The large increases in the relief and road departments are perhaps unavoidable, being to a great extent co-related through the efforts of the administration to replace direct relief with public works.

The budget is not as bad as those presented in many municipalities, but it does indicate that a great room still exists for greater economy and efficiency in municipal affairs.

## THE MUNICIPAL ACCLAMATIONS

The re-election of the three retiring members of the Sherbrooke City Council without opposition for a period of three years reflects a satisfaction on the part of the citizens over the manner in which the affairs of the city are being administered or shows a lack of public interest in the progress of the city. More than likely it reflects a combination of both, as satisfaction generally brings disinterest while dissatisfaction breeds deep concern. As a general rule, the electorate displays little enthusiasm for or against an administration if things are running smoothly.

The three returning aldermen have all made their marks in one or other department of municipal administration, the work of Alderman A. C. Ross in the roads and later electric departments being particularly noteworthy. Ald. Genest has a fine programme of parks improvements to his credit, while Ald. Cinq-Mars has also left his impression on the police department, even if all his reforms were not needed or approved.

With their numbers at full strength, the aldermen should now be able to proceed with many advancements which would react to the benefit of the city.

## A POSY FOR EINSTEIN

Albert Einstein, the physicist, is a man you can like even without in the least understanding the theories of the physical world which have made him great.

Those of us who failed dismally to understand his revolutionary conception of relativity, curved space, and space-time relationships, can get a thrill out of learning that Einstein is boldly striking out toward a single unified concept that will unlock with a single key the mysteries of the physical world.

This boldness in a human mind, especially in a world which faces a sort of twilight of the intellect, is exciting.

At the same time, Einstein indicates his interest in a sort of "Court of Wisdom" in which twenty of the world's wisest men might sit and deliver judgments of the world's affairs which, though without any compelling force behind them, might at least set

up a standard against which men could measure actual affairs.

Visionary? Perhaps. Yet it will be a sad day when the world no longer produces visionaries.

## INTERNATIONAL FIGURE TO VISIT SHERBROOKE

Sherbrooke is to be honored tomorrow in having as its guest Mrs. Nellie L. McClung, pioneer in women's suffrage work and internationally-known writer, who is to speak at the City Hall in the evening under the auspices of the Sherbrooke Branch of the Business and Professional Women's Club.

It is a privilege and an honor for the people of Sherbrooke and of the Eastern Townships to have Mrs. McClung visit them, and her address should arouse keen interest.

The name of Nellie L. McClung is widely-known in many phases of public life. She has had a long and varied public career which, coupled with her outstanding ability and her keen power of observation, enables her to resort to a rich store of experiences.

Her widely-read articles and her recognized ability as a public speaker have singled Mrs. Nellie McClung as one of the outstanding women of today.

The local Business and Professional Women's Club are to be congratulated in securing the services of Mrs. McClung. Her address tomorrow evening promises to be one of keen interest and outstanding importance. Those who turn out to hear this gifted writer and speaker tomorrow evening may rest assured that their time will be well spent, and that they will derive much of interest and importance from her remarks.

## EDITOR'S NOTE-BOOK

If we are going to subject our Police Department to an enquiry let us do it openly and in a sane manner. The reputation of the city is also at stake. Let us consider the public welfare before petty or personal grievances.

The 1939 municipal budget provides for a substantial surplus. The aldermen are always telling us about surpluses. How about letting the poor taxpayer benefit by some of these surpluses?

Waiting for a twin baby has become so commonplace that many hospitals must be thinking of reinforcing the floor.

What to do with the Czech-Slovakian exhibit at the New York World's Fair? The most representative thing would be to hang a black flag over it.

## THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record.

March 22nd, 1909.

At the close of a searching inquest into the fatalities that marked the recent catastrophe at the Windsor Station, the jury brought in a verdict freeing the Canadian Pacific Company and its employees of any criminal blame in connection with the accident.

Official announcement was made at Ottawa today that the outpost hitherto known as Stanstead Junction is now detached from the port of Stanstead and established as a customs and warehousing port under the name of Beebe Junction. The preventative station of Rock Island has been established as an outpost of customs and warehousing port under the survey of the port of Beebe Junction. The port of Stanstead is closed.

The Post Office Department employees strike, which has practically isolated Paris and cut off France's communication with the outside world for the past week, came to an end yesterday. The strike committee made the first move to effect settlement and the Government met them half way.

Inspector Parker paid an official visit to the Comple Model School last week and in recognition of the splendid work being done in the school, granted the teachers and pupils a half holiday to be enjoyed sometime during the sugar season.

Announcement was made at Boston today that during the fall and winter season of 1908-09, two hundred and twenty-one persons perished by shipwreck and eighty-nine vessels met with disaster on the New England and British North American coasts. Of the eighty-nine vessels cast ashore or lost at sea, six steamers and fifty-six sailing craft were totally wrecked. Financial loss exceeds \$3,000,000.

The festival of the Annunciation of the Virgin Mary was celebrated at St. Jean Baptist Church, East Sherbrooke, yesterday. Abbe Chartier, professor of Belles Lettres at St. Charles Seminary, officiated at high mass and the sermon was preached by Rev. Father Laporte. During the offertory an Ave Maria, composed by Professor Chartier, was rendered by Antonio Genest.

Dedication of a memorial window in St. Peter's Church, Sherbrooke, took place last Sunday morning, the service being conducted by the rector, Rev. Canon Sheave. The colored double window, depicting the Resurrection, was presented by W. Moe in memory of his wife.

While working in the woods last week, Thomas Knowlton, Jr., of Knowlton, picked several May flowers in full bloom.

## NOT AT HOME

"Not at home!" A servant's blunder?

As I dumbly leave a card,  
"Is she really out?" I wonder,  
And my breath comes thick and hard.

And I feel chagrined, defeated,  
And the housesteps blur and whirl;  
Is it thus a man is cheated,  
And thus a man is cheated,

For putting his trust in a girl?  
Ah, will she guess my sorrow,  
And my mean and jealous doubt?  
Will she write and say, tomorrow,  
She is sorry she was out?

Not at home! The street is dusty,  
No gleam from the high arc light,  
And the wind comes chill and gusty;  
There'll be a storm tonight.

Not at home! The world grows bitter  
And my life seems flat and tame,  
As I seek the club to fritter  
The night away at the game.

—Harry Romanc.

### UMBRELLA SYMBOLISM

(Saint John Telegraph-Journal)  
Chamberlain carries an umbrella. We are asked to accept this umbrella as inseparable from Chamberlain. No one who has carried an umbrella is unaware of how separable it is. He who would carry an umbrella must pay the price of eternal vigilance. An umbrella for so much as an instant and somebody will try to sneak it. Let attention wander for a split second and it will be snatched. An umbrella is a temptation to men of otherwise unblemished honesty, as the hall porter of the Athenaeum knows when there are more bishops than usual in the club. But nobody gets away with Chamberlain's umbrella, or if someone does, he always has another to take its place. Certainly, he is never caught without an umbrella unless the reporters and photographers are all wrong. That alone proves him superior to his fellows, and must rely upon a man who can be trusted to guide his country's interests as he does his own umbrella.

### WHAT IS THE LIMIT?

(Sydney Post-Record)  
Man ever seeks to reach new levels in travel—in speed, in height, in distance. But no matter what kind of a device he conceits there is always an end to the possibilities. Prof. William F. Durand of Stanford University, an aviation expert, emphasizes this thought by predicting that airplanes will not be able to climb much beyond 60,000 feet or attain a speed of more than 500 miles per hour. At that, the professor says, an Italian seaplane which made the existing speed record of 440.8 miles per hour had to sacrifice everything to its engine. Only sufficient room for the pilot and a small supply of fuel was left in the craft. Perhaps man does not need to go faster; maybe he isn't meant to go higher. But, like the time man's in the play, "The Star Wagon," we can only see the past and present, not the future. Man's greatest thirst for adventure will not be quenched. He'll set to work on a new machine in which to break the old marks.

### RURAL CHURCH SHEDS

(Sarnia Observer)  
An event in the affairs of a couple of rural churches in Southern Ontario indicates the wave of modernization that is sweeping over the country. In this case there doesn't seem to be any detrimental results to be feared as in many instances where a time-honored institution falls. Here it is a matter of doing away with the church shed, that used to house the horse-drawn vehicles in which the worshippers came to the services. The Burns Presbyterian Church at Meas and the Chalmers Church at Brook Township are offering their sheds for sale. The majority of the church members now use automobiles.

When the sheds were built they were up-to-date accommodation for the kind of transportation that was used at that time. In fact, the builders did not anticipate a time when their structures would be discarded because horses and buggies would no longer in vogue.

The Burns Church makes the disposal of its shed still more indicative of the modern trend since it is the proceeds to install electrical power. The Chalmers Church will use the funds to promote church work.

One of the disturbing things in the general modernization trend, is the displacement of human labor, the creation of an unemployed proletariat that has not yet been solved. The abandonment of church sheds does not involve any consideration of this kind but the majority of cases of modernization do. In industry, the adoption of many kinds of machinery that do the tasks formerly accomplished by human hands, has led to a bewildered host of people out of work, with no compensating events that would show them how they can obtain a living. That is the feature that makes humanity wonder whether progress and invention are going to justify the faith that has been staked on them.

### AN AMERICAN POINT OF VIEW

(Business Week)  
Watch Canada during coming months for a business men's drive for railroad reform. The demand of business interests for relief from the taxation burden involved in working a road is a real one. The Canadian National Railway deficits is becoming increasingly insistent. The only remedy visualized now is the ending of competitive duplication of service by the publicly-owned C.N.R. and the privately-owned Canadian Pacific Railway.

The proposed voluntary co-operation between the two roads, undertaken at the request of Parliament, has failed to produce substantial economy. C.N.R. deficits are larger than before co-operation. C.P.R. is opposed to more extensive co-operation under compulsion, and insists on unification of operation and management.

C.P.R.'s plan is held by its opponents to be railroad amalgamation in disguise. Political parties are afraid of the opposition of western agricultural producers. Amalgamationists see hope in the possibility of a national coalition government for Canada after a federal election this year.

They think that if the two parties united they would face the railway situation courageously, ignoring sectional opposition to economy measures. Toronto publisher George McCullagh's broadcast appeals for national economy are interpreted as the opening shots in a campaign in behalf of business interests for national government. The mining millions of H. Wright, one-time English butcher, are behind McCullagh's drive. So also is at least the moral support of capital in general.

A federal election is expected in September. Should it result in a draw between the two old parties, a national government will be set up immediately.

The snow belt covers two-thirds of the United States.

## Letters To The Editor

The Record will be pleased to publish letters of interest from its readers. We reserve the right, however, to reject any letters which we do not feel are in the interest of the general public. Letters must be signed although a pen name may be used. Unsigned letters will not be considered. Opinions expressed in this column are the personal views of the writer and the Record is in no way responsible.—The Editor.

### MINISTERIAL ASSOCIATION PASS RESOLUTION

To the Editor,  
Sherbrooke Record.  
Dear Sir:—We would be pleased to have you publish the following in your paper.

At a meeting of the Sherbrooke and District Ministerial Association held recently, and attended by representatives of all the Protestant denominations, the following resolution was passed and forwarded to the authorities of the Canadian Broadcasting Corporation.

"That the Sherbrooke and District Ministerial Association records its approval of the intended action to ban the advertising of alcoholic beverages over the air by the Canadian Broadcasting Corporation."

Thanking you for your attention to this.

I am,  
Yours very truly,  
W. H. WOLTER  
Secretary-Treasurer,  
Sherbrooke and District  
Ministerial Association.

### LET US HAVE THE TRUTH

To the Editor,  
Sherbrooke Record.

Dear Sir:—Mr. MacLeod Ross, of Richmond, attempts to reply to my letter of the 9th instant on the school question. My letter contains only facts, figures and questions. Mr. Ross replies with evasions and misinterpretations.

However, I would like to refute his statement in the first paragraph of his letter when he states: "Honorable P. Carre's apology in the Gazette of the 9th instant in defense of the Protestant Council of Public Instruction is neither logical in its reasoning nor clear in its conclusions."

There is no part of my letter which refers in any measure or degree to the "Protestant Council of Public Instruction." I hold no brief for this organization unduly, but what I have objected to in connection with the recent Protestant school question is the drastic and uncalculated partisan political methods which were used to oust the members of the Protestant Committee from their voluntary work. I also think it unlikely that any of these gentlemen forced themselves upon the Committee but were more or less selected for it and in these circumstances they should have been treated with the courtesy and the dignity which their positions and their efforts merit. This is what I object to and nothing more. With every other Protestant of the Province I desire to see our school system improved, but let us do it with the dignity that becomes gentlemen.

I was an ardent partisan of the Legislative Council for our Protestant school system. This interference may pass or succeed but I do not want it to do so without a protest as such interference may be used as a precedent and pressed to even greater extent in the future.

As Protestant representative in the Legislative Council for the Gulf (Gaspé) Division, let me reiterate what I have already stated in my previous letters. I never received a single letter from any taxpayer, principal, teacher or scholar against our present school system in the Province of Quebec before the extraordinary action was taken to prematurely demand the resignation of a number of very respectable members of the Protestant Committee without any reason being given for such action.

I am not only in favor of improving our school system but I feel that the principle in the whole matter is that the taxpayers should be consulted before any legislative measures are rushed through Parliament, which in the end may defeat the desired object, if it is not accomplished with the will of the people.

Mr. Ross concluded his letter with a reference to Mr. Carre's comprehensive survey of the educational situation in the United States in a work published in 1902, "in which the author refers in scathing terms to the conditions prevailing in the rural area of many States of the Union at the time."

Mr. Carre where, he says, "children sit around the stove with mittens and overcoats to keep from freezing." Did Mr. Ross ever draw the attention of the President of the Protestant Committee, the Government or any body in the Province to these terrible and inhuman conditions? If so, did the members of the Protestant Committee refuse to take immediate action in rendering the necessary relief to such conditions? If they did then I will join in criticism of the members of the Protestant Committee.

Let us have an investigation. Let us have the whole truth. Let us prosecute an immediate investigation into Mr. Ross' charges and verify or refute them. Has Mr. Ross complained to the school boards who are responsible? If Mr. Ross was of Quebec where, he says, "children sit around the stove with mittens and overcoats to keep from freezing." Did Mr. Ross ever draw the attention of the President of the Protestant Committee, the Government or any body in the Province to these terrible and inhuman conditions? If so, did the members of the Protestant Committee refuse to take immediate action in rendering the necessary relief to such conditions? If they did then I will join in criticism of the members of the Protestant Committee.

Let us have an investigation. Let us have the whole truth. Let us prosecute an immediate investigation into Mr. Ross' charges and verify or refute them. Has Mr. Ross complained to the school boards who are responsible? If Mr. Ross was of Quebec where, he says, "children sit around the stove with mittens and overcoats to keep from freezing." Did Mr. Ross ever draw the attention of the President of the Protestant Committee, the Government or any body in the Province to these terrible and inhuman conditions? If so, did the members of the Protestant Committee refuse to take immediate action in rendering the necessary relief to such conditions? If they did then I will join in criticism of the members of the Protestant Committee.

"GREAT BOY, ADOLF — JUST THE OTHER DAY I SAID TO HIM —"

## FROM THE PEN OF E. T. WRITERS

### THE GREAT PHYSICIAN.

Loving Christ, Thou great Physician,  
Whose Balm is love divine and peace,  
To bless, to comfort, and to heal,  
Thy Light to all mankind reveal.

Today, of yore and evermore,  
Thou art the same, nor turn'st away  
The maimed, the blind, the sick, the sad.  
For all in sorrow grant a bright tomorrow.

Thou spent'st Thy life in doing good,  
In bringing newness by Thy love;  
Thy touch has still its mighty power  
To cleanse, to save and to restore.

We would follow in Thy way,  
Grant us the power to heal and bless,  
Working and singing by the road,  
Till we God's upward call obey.

—G. O. T.

### HAVE A SMILE

"My goodness!" exclaimed the stranger, who had dropped into the bus to pass away half an hour. "They've caught a pretty tough lot this morning, haven't they?"  
"You're looking at the wrong lot," said his neighbor. "Those aren't the prisoners. They are the jury."  
An old farmer had become a widower. A neighbor called to express condolence. The old man, in grat-

fully accepting the assurance, said that he would like to tell his visitor the circumstances of the loss he had sustained. "A while ago I was feelin' verra well, an' I sent word to the druggist, tellin' him what like the trouble was, an' he said he would send me some poulters, but by the time the poulters came I was feelin' a good piece better, so I just put them past, thinkin' they might be o' some e'es another time, an' then, soon after, the wife took ill, so I thought she was better for the poulters, so I get them till I see, but a'! didna improve any; an' sure she just slippit awa'."  
"Dear me!" said the visitor, "how very sad."  
"Ay," said the other, "it's terrible; but man, isn't it a misery, didna tak' thae poulters mair?"

# IN THE WOMEN'S SPHERE

## How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 35 to 42), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells.

Just get more from air, 8 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist calming jittery nerves and those disturbing symptoms that often accompany change of life. Pinkham's is WELL WORTH TRYING.

"When I cut off his hair he'll lose all his strength like Sampson did." But he'll get it all back in no time. Think of his appetite and the way he eats Harmony Bread.

## BABY'S HOT LITTLE HEAD IS A DANGER SIGNAL

WHEN your baby's head feels hot to your hand you must do something. And do it quickly. Read what Mrs. B. — of Enterprise tells and what she gets. Her baby's cheeks and hands were so hot I was frightened. I gave him a Baby's Own Tablet at noon and by after supper he was all better.

And Mrs. Francis Carroll, of Midland, has this to say: "My little girl was so feverish I was really alarmed. Then I thought of Baby's Own Tablets, so I gave her three every two hours and by night she was up and around."

Baby's Own Tablets are sweet-tasting, easy to take, absolutely safe. Analyst's certificate on every box. Quickly reduce simple fevers. Equally good for teething fevers, diarrhoea, upset stomach, colds and other minor ailments of baby. Get a box today. Sickness so often strikes in the night. 15 cents. Money back if you are not satisfied.

## WOMAN AGED WITH SCIATICA

Now Praises Kruschen

When sciatica attacked this woman six years ago, she couldn't move without great pain. Treatment after treatment failed to help her. She tried Kruschen and got quick relief.

"Six years ago, I suffered terribly from sciatica," she writes. "I tried everything, but to no avail. Then I took Kruschen Salts. The first few doses gave quick relief. At the end of a few weeks my sciatica had gone. Now I always begin the day with a pinch of Kruschen in a glass of water. I live a strenuous life, being widowed four years ago, and having a son to keep. I run a boarding-house, rise at 6 a.m., and retire at 11 p.m. I am 52, but everyone says I look 32 thanks to Kruschen Salts." — (Mrs.) F. E. R.

The severe pain which is characteristic of sciatica is often due to needle-pointed uric acid crystals in the sheath of the great sciatic nerve. Two of the ingredients in Kruschen dissolve uric acid crystals. Other salts in Kruschen help Nature to expel these dissolved crystals through the natural channels.

When the opening bid of three in a suit is now used by most tournament experts to show a six-card suit headed by ace-king-queen, or a seven-card suit headed by ace-king-jack. One of the great advantages of such a bid is the ease with which slams can be reached, as demonstrated by today's hand.

The North and South players were Mrs. Meyer D. Rothschild and Mrs. Robert B. Fuller, winners of the "Walt Wright" Cup for the Women's Pair Championship in the recent Eastern Tournament in New York.

Mrs. Fuller (North) had good reason to jump to six spades. She knew that her partner had seven spade tricks, while her own hand would furnish at least three hearts and a club, with the expectation of a diamond ruff for the 12th trick.

## New Under-arm Cream Deodorant safely Stops Perspiration

- Does not rot dresses — does not irritate skin.
  - No waiting to dry. Can be used right after shaving.
  - Instantly stops perspiration for 1 to 3 days. Removes odor from perspiration.
  - A pure white, greaseless, stainless vanishing cream.
  - ArRID has been awarded the Approval Seal of the American Institute of Laundering, for being harmless to fabrics.
- TEN MILLION jars of ArRID have been sold. Try a jar today!
- ARRID**  
39¢ a jar at all stores which sell toilet goods (also in 15¢ and 59¢ jars)

"Pearls have been known to the human race for 3,000 years." And yet to most of us they still maintain a certain aloofness.

## BOLERO FROCK FOR GAY MISSES

MARIAN MARTIN  
Pattern 9995

"Join the Youth Parade of bolero-frocks" is Marian Martin's smart suggestion . . . and you'll want to fall in line the moment you set eyes on young-girl Pattern 9995. The design is so new—besides, it is versatile, flattering, and easy to stitch up! How about ordering this pattern today for an Easter dress? You'll find it fun to follow the simple directions of the New Chart. Contrast bodice with skirt and bolero if you like. See, the skirt has a high, pointed waist, smart as can be—and flares vivaciously when you walk or dance. Note the two gay necklines also!

Pattern 9995 may be ordered only in misses' sizes 12, 14, 16, 18 and 20. Size 16, skirt and bolero, requires 3 3/4 yards 39-inch fabric and bodice 3/4 yard contrast.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this Marian Martin pattern. Be sure to write plainly your size, name, address and style number.

Send your order to Sherbrooke Record, Pattern Department, Sherbrooke, Que.

## Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

- 1—Is it good taste to fill your conversation with price tags?
- 2—Should you ask a woman where she bought a new dress?
- 3—Should a man feel free to read a newspaper when there is no one else at the table but his wife?
- 4—Should a wife try not to interrupt her husband when he is settled down to reading?
- 5—If the telephone rings and both the husband and wife are near it, which one should answer?
- 6—What would you do if—  
You and your wife are expecting company—  
(a) Let your wife go to the door when the bell rings?  
(b) Answer the door yourself?

## CROSSBURY

Recent guests at the home of Mr. C. A. Locke were Messrs. Wyatt and Edwin Johnson, of Sherbrooke; Harold, of Sawyerville; Mr. and Mrs. J. H. Dougherty and little grandson, Wayne Fisher, of Harwood; and Mr. and Mrs. D. Quinn.

Mrs. M. Worby, Pearl and Allen Worby and W. Lister were in Lawrence, guests of Mr. and Mrs. W. Wilson and Mr. and Mrs. C. Campbell.

Mrs. Arthur Sylvest and daughter, Evelyn, are confined to their home with the mumps.

Allen Worby was in Lennoxville for a day.

Mrs. M. Worby and son, Frederick, were recent guests of Mr. and Mrs. Clarence Barter, Mrs. H. Dyke was also a guest at the same home.

W. Lister was a guest of Aranda Dyke.

## KIMBERLEY

Mr. Eddy Douville, of Noranda, has returned to Noranda, Que., after spending his vacation with his parents, Mr. and Mrs. L. A. Douville.

Miss Edna Douville was visiting her parents.

Mrs. Joe Houle and family and Miss Gilbert Houle were recent guests of Mr. and Mrs. L. A. Douville.

Miss Lessard and Mr. Henry Ward were guests of Mr. and Mrs. Arthur Joyce.

Mr. Thomas Joyce, of Inverness, was a recent guest of his brother, Mr. Patrick Joyce, who has been in poor health for some time.

Mr. Howard Keef was a Sunday guest of Mr. James Douville.

Messrs. Maurice Houle and Arthur Joyce were recent guests at the home of Mr. L. A. Douville's.

## INDIVIDUAL SERVINGS ADD INTEREST

Even the homely stew, rich and flavorful though it may be, is more interesting if served differently. Next time, serve the family potpie in individual ramekins with your very best biscuit crust on top—or a nice oven-browned garnish of mashed white or sweet potatoes. They'll dig in with vigor.

## McKENNEY ON BRIDGE

As it happened, the 12th trick was hard to find, as Mrs. Rothschild also held a singleton diamond. East won the first trick with the diamond ace and returned the king of clubs. The ace of clubs in dummy won, and now the declarer ran all of the trumps, discarding the rest of dummy's clubs.

When the last trump was led, East could hold only four cards. A heart could not be given up, for then dummy's low heart would win a trick. East therefore discarded the queen of clubs. Mrs. Rothschild cashed the ten of clubs and dummy's high hearts took the rest of the tricks.

## SOCIAL AND PERSONAL

Mr. and Mrs. S. R. Fuller, who have been in residence for almost two weeks at their home on Queen street, are leaving this afternoon for New York.

Mr. Ralph Gustafson, of London, England, who has spent the past few months in New York, has returned to Sherbrooke and is visiting his father, Mr. C. O. Gustafson, and sister, Miss Pauline Gustafson.

Mr. John Parr and Mr. T. J. Bonita, who have been transferred from the Quebec Central Railway offices here to the Canadian Pacific Railway staff in Montreal, left this morning to take over their new duties.

The regular meeting of the School Girl Guides' Troop was held last night in St. Andrew's Church Hall. Games were enjoyed at the opening of the meeting, followed by inspection and attendance check and formation of a horse show. Later the girls studied for tenderfoot and second class tests. The meeting closed with the Lord's Prayer and "taps."

Mrs. Nellie L. McClung, noted Canadian author, who is to deliver a lecture under the auspices of the Business and Professional Women's Club, is arriving in town tomorrow noon and will be the luncheon guest of Mrs. Philip M. Robins. At supper she will be entertained by the Club at the New Sherbrooke House and in the evening following the address, an informal reception will be held in the MacKinnon Memorial.

## Marriages

**MARTIN-GRAY**  
A very pretty wedding took place on Saturday, March 11, at Trinity United Church, Sherbrooke, when Agnes Irene, youngest daughter of Mr. C. W. Gray and the late Mrs. Gray, was united in marriage with Horace, son of Mr. and Mrs. H. Martin, of this city. The Rev. Mr. Williams officiated.

The bride, given in marriage by her father, wore a dress of white satin, princess lines, buttoned in front with tiny pearl buttons. Her elbow-length veil was pleated and caught with lilacs of the valley and she wore silver sandals and carried Cane lilies. Her bridesmaid and only attendant, Miss Elsie Marion MacIntyre, wore orchid taffeta trimmed with purple velvet bows, a matching hat and white accessories and carried a colonial bouquet of pastel sweet peas and roses.

Mr. Douglas Sinclair acted as best man and Messrs. Edgar Martin and Percy Gray as ushers.

The church was decorated with potted ferns and pink and blue hydrangeas tied with white tulle. During the signing of the register music was played by the organist, Mr. Wright Gibson.

A reception was held at the home of the bride who received in the living room, where cut flowers and ferns in standards were used in the decoration scheme. The dining room was in pink and white, the bride's table being centered with a three-tiered wedding cake and pink candles in silver holders. Those assisting in serving were Miss Florence Martin, Miss Kathleen Simpson and Miss David Johnston.

The bride and groom left amid showers of confetti, the bride traveling in a grey knitted suit and black fur coat with accessories to match and carriage of roses.

The out of town guests were Mr. Douglas Sinclair, of St. Johns, Que., Mrs. Arthur Gray and daughters, Eunice and Mrs. David Johnston, of Brompton.

## TOMORROW'S MENU

**BREAKFAST:** Strawberries, no-wheat-flour waffles, honey, bacon, coffee, milk.  
**LUNCHEON:** Scrambled eggs with tomatoes, hard rolls, frosted gingerbread, tea, milk.  
**DINNER:** Boiled white fish, chive sauce, steamed brown rice, grilled tomatoes, lettuce and green pepper salad, no-egg chocolate cake, apple-sauce, coffee, milk.

## How to Use Substitute Flours

Any recipe containing wheat flour may be used by substitution: 1-2 cups rolled oats for 1 cup wheat flour.

Three-quarter cup potato, rice, buckwheat, cornmeal or soy bean flour for 1 cup wheat flour.

One-half cup cornstarch for 1 cup wheat flour.

Combinations of substitutes produce better results than a single substitute.

All substitutes require longer and slower baking than wheat flour products.

Batters and doughs may seem too thin or too thick. When mixture is baked, however, product will be satisfactory.

Potato water, saved from boiling potatoes, makes bread lighter than plain water.

In using cornmeal and rolled oats, seal, after measuring.

Sauces may be thickened with egg yolk instead of wheat, using 1 egg yolk to 1-2 cup liquid.

To thicken custard 1 tablespoon of cornstarch to each 1-2 cup liquid may be used instead of flour.

In dredging chicken, use cornflakes.

To thicken vegetables, use cornstarch.

Thicken fruit pies by using 1 tablespoon tapioca, if allergic to flour, or 1 tablespoon gelatin to pint of mixture.

Mrs. E. E. Gilson attended the Women's Missionary Provincial Board meeting of the Presbyterian Church in Canada held in the parlors of Knox Crescent Church, Montreal, yesterday afternoon.

Members of Trinity United Church's Aketa Club were guests of the Plymouth Church Young People's Society last night, and with their hosts enjoyed a talk by R. Alex Sim on problems besetting the youth of today and a discussion arising from his remarks. Following a period of light entertainment, refreshments were served at the conclusion of the evening.

## Tested Recipes

### ALLERGIC WON'T BE RASH IF HE EATS SPECIAL-RECIPE DISHES

If you can't eat eggs, wheat or milk without getting a rash or worse, then you should learn to cook special foods that look regular and taste almost regular, but are minus the offending irritations to allergies.

There's a helpful new book on this subject called "Recipes and Menus for Allergics, A Book for Harassed Housewives." Myra May Haas wrote in collaboration with Nathan Schaffer, M.D. All the recipes below come from this book.

### Chocolate Cake

(No egg)  
One cup sugar, 1-3 cup butter, 1-2 cups sour milk, 1-2 teaspoon baking soda, 2 cups flour, 1-2 teaspoon baking powder, 1-2 teaspoon salt.

Cream together butter and sugar. Sift flour, salt, and baking powder. Mix the baking soda with sour milk and add to creamed mixture, then add dry ingredients. Grease two layer tins. Pour batter into tins.

Light oven ten minutes before baking cake. Bake in oven 350 degrees F. for thirty minutes. Frost with chocolate icing.

### Oatmeal Cookies

(No egg)  
Cookies, and good ones, find a welcome in the egg-allergy group.

One-half cup raisins, 1 cup rolled oats, 1-2 cup sugar, 1-4 cup shortening, 1-4 cup milk, 1-4 teaspoon soda, 1-8 teaspoon nutmeg (if allergic to spice, omit nutmeg), 1-8 teaspoon salt, 1 cup cake flour, 1-4 teaspoon vanilla (if allergic to vanilla, juice of 1-4 lemon may be substituted).

Cream shortening and sugar. Add rolled oats and milk, and beat until creamy. Add soda, nutmeg, salt, flour, then vanilla and raisins. Chill. Roll thin. Cut with cookie cutter. Bake in moderate oven (425 degrees F.) fifteen minutes or more.

## WASHABLE PAPERS SUIT HARD USAGE ROOMS

The kitchen, bathroom, nursery and recreation room are those where practically in wall decoration is of paramount importance. Strong, washable papers or wall linoleums are materials best suited. Fortunately, one need not sacrifice beauty for service. New patterns in these wall coverings are designed with as much eye to beauty, color and suitability as for the most elaborate drawing room.

## LENNOXVILLE GROUP NAMES NEW OFFICERS

Mrs. L. W. Smith Re-Elected President of Women's Christian Temperance Union Branch at Annual Meeting.

Mrs. L. W. Smith, who has led the Women's Christian Temperance Union through a splendid year, was again returned as their president at the annual meeting yesterday afternoon at the home of Mrs. M. Elizabeth McCurdy, Prospect street.

The slate of officers, presented by Mrs. McCurdy, chairman of the nominating committee, was accepted as read. Other elections were: Mrs. P. Pergau, vice-president, re-elected; Mrs. F. R. Matthews, secretary, re-elected; and Mrs. W. H. Abbott, treasurer, re-elected. Those in charge of the various branches of the Union were named as follows: Mrs. Effie Munro, Scientific Temperance Instruction, succeeding Dr. Mary O. Vaudry; Mrs. Frank Woodard, Flower Mission, succeeding Mrs. C. E. White; Mrs. P. Pergau, Sunday School, re-elected; Mrs. Ethel L. Seale, Press, succeeding Mrs. W. H. Abbott; Mrs. H. L. M. Vaudry, Literature, succeeding Mrs. M. Elizabeth McCurdy; Dr. Mary O. Vaudry, Medal Contests, succeeding Mrs. Ethel L. Seale.

The programme for the year was presented by Mrs. F. R. Matthews and promises a year which will be active, instructive and interesting.

Annual reports presented from the several departments revealed that the past year had been one of progress and that a great deal of splendid work had been done. In the Flower Mission branch flowers and plants had been sent to cheer the shut-ins, as well as to the Sherbrooke Hospital, cards and letters had conveyed best wishes to the sick and sympathy to the bereaved and funeral wreaths had also been sent in sympathy to bereaved.

The petition which is being circulated asking the Federal Government to discontinue sending war materials to China has been sent to this district. It was reported, and after being sent to Sherbrooke will be forwarded to the committee in charge at Vancouver, B.C., after which it will be sent to Ottawa.

Dr. Mary O. Vaudry was authorized to write to C. B. Howard, M.P., and ask that he uphold the Canadian Broadcasting Corporation in preventing beer and wine advertisements to be given over the air after March 31.

R. Alex Sim, of the Rural Adult Education Service of McGill University, was the guest speaker and spoke on "The Rural Church." Mrs. Emerson, a member of the Sherbrooke W.C.T.U., was present and was welcomed by the members of the local union.

Following adjournment a salad tea was served by Mrs. McCurdy, who was assisted in her duties as hostess by Mrs. W. H. Abbott and Mrs. C. E. White.

## LATEST STYLES DISPLAYED IN FASHION SHOW

Large Number Attended Annual Style Exhibition Sponsored by Church Union of Plymouth United Church.

What milady will wear during the spring and summer was shown to a large number of interested Sherbrooke women who yesterday afternoon attended the annual fashion show sponsored by the Church Union of Plymouth Church. The exhibition, marked by a display of the latest in gowns and hats modeled by eight attractive local young women, was held in the church hall.

Wimbledon hats and the newest styles in evening gowns and afternoon dresses were shown by the models on the stage attractively decorated for the event. The latest in accessories were also displayed.

The gowns shown were imported models from shops in Paris and New York. Colors approved for spring wear were used throughout the fashion show, including fuchsia, cyclamen, boy blue and gold-leaf wheat.

Models in the show were Mrs. Charles Holt and the Misses Kay Davey, Margaret Dupuis, Margaret Sutherland, Jean Sutherland, Irene Clement, Norrine Lethrop and Betty Keene. The styles shown were described by Mrs. R. Beers.

At intermission tea was served. The tea was conveyed by Mrs. Howard Kennedy, Mrs. W. W. Lynch, Mrs. John Layton and Mrs. E. Nicol. The table decorations, carrying out the Easter motif, were arranged by Mrs. Charles Holt.

Mrs. William Steel was the winner of the door prize.

QUALITY PRODUCES RESULTS  
If you wish good results from cooking utensils, it pays to buy best quality—pans that hold their original color, that are the proper size for your purpose, and that will not warp. A cooked cake pan will produce an uneven cake. Discolored pans will not turn out the tempting golden brown loaves or layers you hope to serve.

WASHABLE PAPERS SUIT HARD USAGE ROOMS  
The kitchen, bathroom, nursery and recreation room are those where practically in wall decoration is of paramount importance. Strong, washable papers or wall linoleums are materials best suited. Fortunately, one need not sacrifice beauty for service. New patterns in these wall coverings are designed with as much eye to beauty, color and suitability as for the most elaborate drawing room.

Mustard drove out PAINS left by COLD!

## Mrs. Sund of 10 Elaine Court, McDermott Avenue, Winnipeg, is very enthusiastic about the many uses of mustard as a family remedy. Going to her pantry, she brought out the Keen's tin and said she would not be without it in her home.

About a year ago, her daughter Mary had a bad cold, which left her with a sore back, shot through with sharp pains. After using a number of remedies without avail, she tried a mustard poultice. This had such good results that a second and a third were applied and, after the third, the pain disappeared completely. Before applying a poultice of mustard, Mrs. Sund always rubs the part lightly with pure lard. This allows the mustard to stimulate circulation and do its healing work, without burning the skin.

## A POULTICE GOES ON FIRST

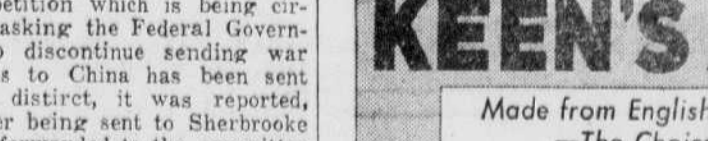

Both Mr. and Mrs. Sund, who, of course, have great faith in their family doctor, smilingly told of his invariable advice when they call up about any of the family who are down with a chest cold. "Put on a mustard poultice," are his first words, "and I'll be around in the morning."

Mrs. Sund boasts that her mother and her mother's mother always relied on mustard for many purposes, and it was from their ex-

## SAFE AND ECONOMICAL

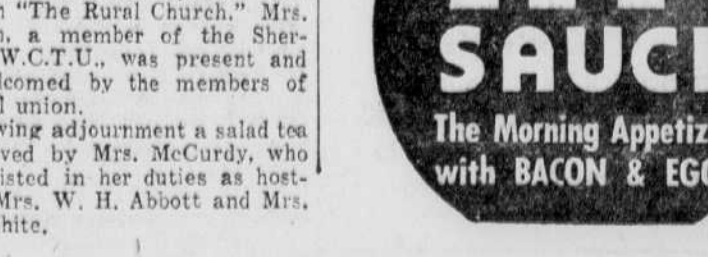

Mustard is safe and economical for many ailments. It only costs a cent or two to mix enough with a little cold water for a poultice, a hot foot bath or a tub bath to check colds, relieve aches and pains or induce sleep. A mustard bath stimulates circulation, cleanses the pores and has a medicinal effect that is amazing. Write to Colman-Keen (Canada) Limited, Montreal, for free booklet describing its medicinal uses and giving the correct proportions for preparing it.

Order an extra tin for the bathroom, and be sure to insist upon Keen's Mustard, the brand that is famous all over the world for its quality, purity and strength. 41M

## SEALED TENDERS

addressed to the undersigned and enclosed in a tender for Public Building, Lennoxville, P.Q., will be received until 12 o'clock noon, Tuesday, April 11th, 1935, for the construction of a Public Building at Lennoxville, P.Q. Plans and specifications can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, the Supervising Architect, 110 St. Paul Street West, Montreal, P. Q., the Clerk of Works, Customs House, Quebec, P.Q., and at the Post Office, Lennoxville.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada, payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

NOTE.—The Department, through the Chief Architect's office, and the office of the Supervising Architect at Montreal, P.Q., will supply blue-prints and specification of the work on deposit of a sum of \$10.00 in the form of a certified bank cheque payable to the order of the Minister of Public Works. The deposit will be released on return of the blue prints and specification within a month from the date of reception of tenders. If not returned within that period the deposit will be forfeited.

By order,  
J. M. SOMERVILLE,  
Secretary,  
Department of Public Works,  
Ottawa, March 20th, 1935.

sister, Mrs. and Miss Cruickshank,  
who spent a few days with Mrs. R.  
Annesley.

Mr. and Mrs. Hubert Bennett  
spent a recent evening with Mr. and  
Mrs. O. R. Bennett.

# Britain's Sea Dogs See Kiel Canal As Monument to Diplomatic "Follies"

London, March 21.—Prime Minister Chamberlain's performance at Munich—criticized even more strongly today because of complete dismemberment of Czechoslovakia—is regarded by opponents of the Government's policy as another one of those diplomatic follies in which English statesmen—far from showing their reputed superhuman cleverness—proved, according to their critics, that they could not see beyond the tips of their haughty noses.

Adolf Hitler's current widening of the Kiel Canal is making high officials of the British admiralty shake their heads over what they especially call England's "twin follies" of the latter nineteenth century—her abstention from intervening in the Danish War of 1864 and cession of the Island of Heligoland to Germany in 1890.

In 1864, Bismarck, Iron Chancellor of Prussia, dreaming of a mighty, united Germany which would challenge England's supremacy in world affairs, looked at the map. If that future Germany was to become a colonial and a mercantile sea power, it must have a navy as strong as England's.

But such a German navy would be master of the Baltic Sea. To go farther afield, it would have to risk the narrow and dangerous waters between the Danish mainland and the Danish islands.

But Bismarck visioned something else, and made war upon tiny Denmark. Princess Alexandra, daughter of Denmark's King, had married the Prince of Wales, future King Edward VII. Despite the connection between the royal families of the two countries, despite the long friendship, the British made no move to save Denmark.

Prussia grabbed the mainland provinces of Schleswig and Holstein. Years later the English saw the extent of their folly. Germany built the great Kiel Canal across this one-time Danish land. This canal connects the waters of the Baltic Sea with those of the North Sea.

It gives the German fleet a safe highway in the Baltic and easy exit for belligerent purposes into the North Sea when conditions are favorable. Thus a German fleet is always a menace to England in time of war.

The canal, sixty-one miles long, was completed in 1915 at a cost of \$100,000,000. It was wide enough and deep enough to permit Germany's war fleets to pass through.

Now England is planning to build ships of 40,000 tons—perhaps larger. If Hitler wants to match them, Kiel Canal won't take them. Result is he has ordered full speed ahead to widen and deepen the canal. At present it can accommodate 25,000 tonners. It is estimated it will cost another \$50,000,000 and take at least two years to widen and deepen the canal. That may mean naval peace for two years.

The canal empties into the mouths of the Elbe and Weser rivers. Outside in the North Sea, a natural guardian of this water, is the island of Heligoland. The English gave it to Germany in 1890 in exchange for German recognition of British rule in the African island of Zanzibar. They thus gave up a pistol held at Germany's head.

When the Versailles Treaty was written, the British tried to save themselves from their two past follies. The treaty decreed that the Kiel Canal was to be open to all warships of countries at peace with Germany. Hitler announced recently it would be closed to all, unless they received specific permission from Germany. The treaty decreed that the fortifications on Heligoland were to be destroyed. They were. But Hitler has now had the place more heavily fortified than ever.

Liah Ruiter, Dale Hauver and Mr. and Mrs. George Hosmer, Burlington, Vt.; Mr. and Mrs. H. Hungerford of Swanton, Vt.; Mr. and Mrs. Neil Taylor, of Hartford, Conn.; Mr. and Mrs. E. Hauver, Clarenceville; Mr. Arlie Hauver, Clarenceville; Mr. and Mrs. George Tremblay, Stanbridge; Mr. and Mrs. W. A. Girard, Mr. Robert Hauver and Mr. William Greene, of Montreal.

Friends were also present from Foster, Sutton, Freilighsburg, Farnham, Noyan, Granby and Bedford.

Regret was expressed at the accident to Mr. George Robb, which prevented him from being present. Bearers were J. Cushon, P. Cassidy, S. Yates, M. Martindale, M. Buzzell and George Tremblay. Interment was made in the Anglican Cemetery, Sweetsburg.

Friends were also present from Foster, Sutton, Freilighsburg, Farnham, Noyan, Granby and Bedford.

Regret was expressed at the accident to Mr. George Robb, which prevented him from being present. Bearers were J. Cushon, P. Cassidy, S. Yates, M. Martindale, M. Buzzell and George Tremblay. Interment was made in the Anglican Cemetery, Sweetsburg.

Friends were also present from Foster, Sutton, Freilighsburg, Farnham, Noyan, Granby and Bedford.

Regret was expressed at the accident to Mr. George Robb, which prevented him from being present. Bearers were J. Cushon, P. Cassidy, S. Yates, M. Martindale, M. Buzzell and George Tremblay. Interment was made in the Anglican Cemetery, Sweetsburg.

World War treaties forced the destruction of fortifications on Heligoland—a rocky guardian of the western end of the Kiel Canal, but Hitler has rebuilt them, stronger than ever.

Prussia grabbed the mainland provinces of Schleswig and Holstein. Years later the English saw the extent of their folly. Germany built the great Kiel Canal across this one-time Danish land. This canal connects the waters of the Baltic Sea with those of the North Sea.

It gives the German fleet a safe highway in the Baltic and easy exit for belligerent purposes into the North Sea when conditions are favorable. Thus a German fleet is always a menace to England in time of war.

STAGE PLAY IS DISCUSSED BY BEDFORD GROUP

Members of St. James' Church Guild Study Preparations for Presentation — Sunshine Bags to Be Collected.

Bedford, March 22.—The semi-monthly meeting of the Guild of St. James' Church was held at the home of Mrs. B. W. Draper, with an excellent attendance of members and friends.

Chief business for discussion was the presentation of a play, which will be held during April, practices for which have started with Mrs. Wesley Gilman in charge of the training of the cast for "The Springtime of Susie," a farce in three acts, with a cast of fifteen characters.

Following the business meeting refreshments were served by the hostesses, assisted by Miss Angeline Stevens, tea being poured by Mrs. Harry Jones, the tea-table centred with a vase filled with daffodils.

General Notes Miss Margaret Miller, of Clarenceville, is a guest at the home of her uncle, Mr. Lloyd Miller, and Mrs. Miller.

Mr. Douglas Sturgeon spent a week-end in Noyan, guest of his parents, Mr. and Mrs. W. B. Sturgeon.

Mr. Richard Gage, a patient for several weeks in the Royal Victoria Hospital, has returned home.

Mrs. C. Fulford spent a day with Mr. Fulford at the Military Hospital at Ste. Anne de Bellevue.

The women's bridge club was entertained at the home of Mrs. Harry Jones, the club also met at the home of Mrs. Ralph Van Horn, who was assisted in entertaining by Mrs. R. L. Craighead.

A meeting held recently at the home of Mrs. George Provent for the purpose of making arrangements for a card party to be held for the benefit of the Girl Guides was under the convenship of the president of the Guides in Bedford, Mrs. D. J. Reid.

Among committees appointed were: decoration, Mrs. Ralph Van Horn; food solicitors, Mrs. Joseph Laing, Mrs. Wilbur Borden and Mrs. George Provent, and games, Mrs. R. L. Craighead.

The death took place in the Western Division of the General Hospital on Tuesday, March 14, of Mrs. W. B. Nourse, of Butternut Lodge, Ste. Rose. Mrs. Nourse, formerly Miss Bessie Mae Wilson, was in her fifty-first year.

The funeral of the late Mrs. L. Benoit, who passed away at Ste. Elizabeth's Hospital in Larnham, where she had been for a time, was held at St. Damien's Church, the Rev. Father Lagace, officiating, with interment in the Catholic Cemetery. The deceased, who had reached an advanced age, was the mother of Mr. Thomas Benoit of this town.

Mrs. A. Hunter, of Clarenceville, who spent several months with Miss Jessie Blackwood, has returned to her home.

Mrs. C. O. Jones is a patient in the Western Division of the General Hospital, where she recently underwent an operation.

BACKACHE? Kidneys that are not eliminating waste matter as they should will make you feel miserable—ache—tired, depressed! If suffering from backache, broken rest, rheumatic pains, you need the 8 medicinal ingredients in Gin Pills to help your kidneys filter out trouble-making toxins. Get a box of Gin Pills today.

BOY-DO I FEEL SLICK! and Mother says... "I smell fresh as a breeze" I've just had my regular beauty treatment—a rich, foaming bath with mildly medicated, super-fatted Cuticura Soap. It keeps my skin so clean and comfortable. For my baby chafings and irritations, I specify Cuticura Ointment. Smooth, borated Cuticura Talcum completes my trio of skin-comfort aids. Each 25¢, all druggists. Made in Canada. For FREE sample, write to Cuticura, Dept. 91, 286 St. Paul St., Montreal.

PARK PROJECT IS DISCUSSED AT COATICOOK

Ratepayers to Vote on By-Law Regarding Purchase of Site for Municipal Recreation Centre.

Coaticook, March 22.—Plans for a new park in the town of Coaticook were revealed at the regular meeting of the Town Council when it was decided to have the ratepayers of the community vote on a by-law for the purchase of "Meadow Park" with the view of transforming it into a municipal recreation centre.

Need for the new playground for the betterment of the town was stressed by aldermen as they adopted the resolution authorizing the citizens' vote on the project. At present owned by Dr. A. N. Dupuis, the ground has been judged admirable for the purpose for which it is intended.

Among other business transacted was the voting of funds to meet a bond issue due next month and the allotting of insurances to different companies on property and equipment belonging to the town. Three Councilors were unable to be present at the assembly, two through illness.

General Notes Mrs. A. A. Hopkins and young daughter, Martha, were among those in Montreal attending the Province of Quebec Musical Festival in which Miss Martha took part. Taking part in the piano division of the festival young Miss Hopkins was well up in the list of contestants and profited greatly by the experience.

Miss Dorothy Johnson, who also took part in the Quebec Musical Festival had her test in piano music and came third in her division. She remained in Montreal and took part in a vocal contest.

Dr. W. L. Shurtleff repeated his lecture "How to Get Things Done," at the hall of the United Church for the benefit of the Friendship League. The address, both interesting and humorous was listened to by quite a number of the League members and their friends. Mrs. Plunkett, president of the organization, occupied the chair and at the close of the lecture moved a vote of thanks to Dr. Shurtleff, which was seconded by Mrs. Harold Allen.

Mr. and Mrs. C. H. Duclos spent a few days with friends in Montreal.

Mrs. Arthur Bacon, with her daughter, Mary, of St. Hyacinthe, spent a week-end in town as guests of Mr. and Mrs. S. A. Meade, and was with her daughter, Margaree Bacon, to celebrate the latter's birthday.

The food, mystery sale, afternoon tea and bridge put on at the Odd Fellows Hall, under the auspices of Rebekah Lodge, was quite successful. Cards were played at six tables, under the supervision of different numbers of the Rebekah Lodge.

Miss Eleanor Wallace, who was in Montreal for a few days to be with her pupils, the Misses Dorothy Johnson and Martha Hopkins, at the Musical Festival, has returned home.

Mr. A. F. Andrews is quite seriously ill following an attack of influenza. Mrs. M. Adams and Mrs. S. Thompson have been caring for him.

Mr. H. D. Willard, of North Hatley, was a guest at the home of Miss Gareth Colt.

Mr. L. P. Patterson, of Montreal, with his little daughter, Margaret Susan, were guests of Mr. and Mrs. A. L. Parker, Margaret Susan will visit for some weeks with her grandparents.

Mr. and Mrs. Denis Gerin have returned from a week-end in Montreal. Mrs. Elizabeth Tilston accompanied Mrs. A. A. Hopkins and Miss Martha Hopkins to Montreal, and with them was a guest at the "Patricia," while in the city.

Rev. Albert Johnson joined his daughter, Dorothy, in Montreal and was present when she sang at the Musical Festival contest in vocal music.

Letters and cards have been received from Mrs. S. C. Smith, who is now visiting her sister, Mrs. Robert Hygan, in Richmond, Virginia. Mrs. Smith expects to continue her journey south in a few days, where she

will join Mr. Smith, Mrs. Dodds and daughter, Ann, at Daytona Beach, Florida.

The Coaticook High School has reopened, after having been closed for a few days because of the influenza epidemic, with the exception of the primary room.

Mrs. Selah Burroughs is spending a few days at her home in Coaticook. Mr. L. L. Shurtleff, who has been very seriously ill from an attack of influenza during the past two weeks, is slightly improved.

Mrs. Gordon Beerworth is a patient at the Sherbrooke Hospital.

Miss Verna Bacon, of Montreal, who has been very seriously ill is reported gaining.

Mrs. Charles Shurtleff, of St. Johnsbury, was a guest of Mr. and Mrs. Wonsley Barnes, Mrs. T. T. Shurtleff and other relatives.

Mr. Harold Edson has been quite seriously ill for ten days, but is now reported gaining.

COWANSVILLE'S TRADE CHAMBER HEARS REPORTS

Bus Session of Board of Trade Held in New Ottawa Hotel — Progress on Proposed Arena Reviewed by Hon. L. A. Giroux.

Cowansville, March 22.—Highlights of the business meeting of the Board of Trade held in the recreation hall of the New Ottawa Hotel following their monthly luncheon on Tuesday of last week were the reports of Hon. L. A. Giroux, K.C., chairman of the proposed Arena committee, R. H. Hibbard, secretary-treasurer of the Good Roads Committee and L. B. Braut, chairman of the Retail Trade Committee. The president, Ramel Demers, presided.

Hon. L. A. Giroux gave a detailed report of the progress made in securing substantial grants for the erection of an Arena, which would have an ice surface of 185x88 feet and a seating capacity of 1,200. The progress so far has been very encouraging and the prospects of its becoming an actuality are very bright.

In the absence through illness of Mr. E. A. Guillette, chairman of the Winter Roads Committee, the secretary-treasurer, R. H. Hibbard, gave the report, which included a proposal to have a detailed study of keeping the roads open in winter made geographically, with use of the Farnham highway if possible.

The president explained that the Provincial Transport Company were contemplating a new bus line from Granby to Drummondville, and after discussion the secretary was instructed to write the company inquiring if it might be possible to have the proposed service start at Freighsburg and pass through Dunham and Cowansville to Granby.

Mr. L. B. Braut, chairman of the Retail Merchants' Committee, reported that a request for a percentage of the business tax received by the municipality be made available to this committee for the purpose of advertising the advantages of Cowansville as an industrial centre, its excellent accommodations for tourists and its appeal as a mecca for all interested in sports had been made to the Council. About twenty members were present.

General Notes Lenten services are being held in Trinity Church every Friday evening. Mrs. Clare Buzzell has returned from the Brome-Missisquoi-Perkins Hospital, much improved in health.

Mr. Whitehorn, of the Theological College, Montreal, supplied in the pulpit of the Emmanuel Church Sunday morning on account of the illness of the pastor, Dr. S. W. Boyd.

Mary Gordon Johnson, who spent a week in Montreal, has returned home.

Mr. Gerald Johnston, of Montreal, spent a week here recently. Mr. Eugene Boisvert was visiting in Montreal.

Miss L. Daniel spent a week-end at her home in Sherbrooke.

A sugar social under the auspices of the Young People's Union was held in the parlors of the United Church. Games were played and an enjoyable evening spent.

Outside physicians will be called in to help the New York Boxing Commission M.D.'s check Galent's day

CLARENCEVILLE

Mr. Graham Macfie motored to Montreal.

Mr. and Mrs. Leon Derick were guests at the home of Mr. and Mrs. Lloyd Bullock.

Mrs. Flora Miller entertained the bridge club at the home of Mrs. Fred Miller. Mrs. Stuart obtained the highest score and delicious refreshments were served.

Mrs. Alice Mosher is visiting relatives in Montreal.

St. George's Guild held its monthly meeting at the home of Mrs. Graham Macfie. Plans were made for a sale of fancy articles to be held at a later date and at the close of the meeting refreshments were served by the hostess assisted by Mrs. Aubrey Hunter.

Mrs. Wyatt Young spent a week-end in Montreal.

Mr. and Mrs. Everett Hauver and Mrs. Arlie Hauver, attended the funeral of Mr. P. H. Hauver at Cowansville.

Mrs. Iby spent a week-end in Montreal visiting Mr. Iby who is a patient at the Western Hospital. It is reported that Mr. Iby is holding his own following a very serious operation.

Mr. Herbert Miller and Mr. Edwin Miller spent a week-end in Montreal.

Miss Doris Miller was home with her parents, Mr. and Mrs. Fred Miller.

Mr. and Mrs. A. C. Collins spent a day in Montreal with their children.

Mrs. A. J. Rowe delightfully entertained relatives and friends at a luncheon shower in honor of Miss Margaret Hewson who is to be married Saturday, March 25, to Mr. L. R. Dubuc. Miss Hewson was the recipient of some very attractive and useful gifts and during the afternoon cards were played at three tables, Mrs. Ray Derick winning the prize.

FLANDERS Mr. and Mrs. Robert F. French, Mr. Archie W. French, Miss Elena French, Mr. Lloyd French, Mr. A. E. French, Mr. Clement Flawas and Mr. Edmund Bowker were in Birchton where they attended the funeral of Mr. William French.

MR. CAFFEINE-NERVES Loses His Grip

Comic strip panels showing a man with a nervous breakdown. Dialogue includes: "GOOD MORNING, MR. HAYNES! WANT A JOURNAL THIS WEEK?" "YOU'RE ALWAYS PESTERING AROUND WITH SOMETHING TO SELL! NO! I DON'T WANT A JOURNAL!" "KIDS ARE THE WORLD'S GREATEST PESTS! SLAM THE DOOR IN HIS FACE!" "LISTEN! IF I DON'T WANT A JOURNAL... I DON'T WANT ONE! THAT'S WHAT!" "SO SHE THINKS YOU'RE MEAN, EN? JUST LIKE A WIFE, ALWAYS RUNNING A GOOD MAN DOWN!" "AND FURTHERMORE—YOU WOULDN'T BE ANY RAY OF SUNSHINE EITHER, IF YOU HAD MY HEADACHES AND INDIGESTION!" "BOSH! JUST BOSH! PLAIN AND SIMPLE!" "I WISH YOU'D GIVE UP TEA AND COFFEE! LET ME GET SOME POSTUM FOR YOU TO DRINK INSTEAD!" "ALL RIGHT! ALL RIGHT! GO AHEAD AND GET SOME POSTUM! MEANWHILE JUST LEAVE ME TO TRY TO GET THROUGH AROUND HERE!" "CURSES! HE'S GOING TO TRY TO GET THROUGH AROUND HERE!" "BUT, JOHN... YOU KNOW WHAT DR. LANE TOLD YOU? HE SAID CAFFEINE-NERVES WAS CAUSING ALL YOUR TROUBLE!" "MR. HAYNES... I NEED TO SELL ONLY FOUR MORE... JUST TO HELP YOU OUT!" "SONNY... I'LL TAKE ALL FOUR OF 'EM... JUST TO HELP YOU OUT!" "WHAT A CHANGE! HE'S NICE TO EVERYONE... SINCE HE SWITCHED TO POSTUM!" "MANY people can safely drink tea and coffee. Many others—and all children should never drink them. If you are one of these, try Postum's 30-day test. Buy Postum and drink it instead of tea and coffee for one month. Then, if you do not feel better, return the container top to General Foods, Limited, Cobourg, Ontario, and we'll gladly refund full purchase price, plus postage. Postum is delicious, economical, easy to prepare, and contains no caffeine."

KING OF THE ROYAL MOUNTED.

Comic strip panels showing a man on a horse. Dialogue includes: "KING! YOUR PARTNER, LAROUX'S, SHOOTIN' AT SOMEBODY!" "WAIT HERE, MRS. COLTON!" "KING! HE TRY TO KILL OLD HANS!" "I'LL GET HIM-- YOU HELP HANS!"

BRINGING UP FATHER

Comic strip panels showing a man and a woman. Dialogue includes: "HE WAS A SAILOR-- BUT SHE LANDED HIM." "GRACIOUS-DADDY-- WHEN I LEFT THIS MORNING I WAS TAKING A MUSIC LESSON AND NOW I COME BACK AND SHE'S STILL HERE! WHAT'S THE IDEA?" "IT'S MY IDEA-- I HIRED THE TEACHER-- I DON'T THINK THAT MAGGIE'S BROTHER KIN SHE'S STILL HERE! THAT RACKET." "IT COSTS A BIT OF MONEY-- BUT IT'LL RID THE HOUSE OF THAT PEST."

# FINANCIAL AND MARKET NEWS

## MARKET TOPICS

**IMPROVED TREND**  
Reflecting a growing confidence that war would again be averted at least for the time being, security markets improved somewhat yesterday. Responsive to the lead given by the London Stock Exchange, markets on this side rallied from the opening. The first hour brought a recovery on the New York market sufficient to lift the Dow Jones Industrial average 2.18 for that period, following which the list generally moved in a narrow range at the highs of the early rise and by the close the net change in the compilation for the day was a gain of 2.13 points. Locally, there was a fairly general improvement on falling volume only some 25,200 shares changing hands in a session that brought a rally of 1.4 in the 30-combined average. In the lightness of turnover was reflected a certain lingering nervousness over the trend of events in Europe, as it appeared to be realized that while the situation has become less threatening dangers of a serious flare-up have by no means been completely removed. There was, in fact, no general rush to buy stocks. Fractionally better at the close were such issues as Canadian Pacific, Shawinigan, Consolidated Paper and Dominion Steel and Coal B. Up 1 to 2 1/2 points were such issues as Nickel, Steel Car, Noranda, Smelters and Asbestos, the last showing the day's best gain. In the mining market also there was a fair degree of improvement. True to form, the wheat market sagged on the more pacific tenor of the day's news from abroad.

**BOND LIST HARDENS**  
Somewhat more pronounced was the improvement on the domestic bond market yesterday, prices showing their first worthwhile recovery since the commencement of the reaction last week. Encouraging at the opening was the brisk advance staged by the London market, where War Loans were higher by 1 1/2 and the Consols 2 1/2 added a point. The day's recovery in Canadian issues, which ranged from 1/2 to 3/4 in representative middle-term and long-term issues, was achieved mainly in the early trading and subsequent dealings took place at the new levels. Something of a feature in the provincial list was the easiness exhibited by some of the low-coupon Ontarios, attributed by dealers by switching in to the new Quebec bonds due to the more attractive yields provided by the latter. Thus, to give an example, there was reported to be some switching from Ontario 3 1/2's of '51, currently quoted at 101 3/4 bid side, which to the call date yield 3.05 per cent, into the new Quebec 3 1/2's of '54, being offered at 97.67, with a yield to maturity of 3.45 per cent.

**EUROPEAN MARKETS RALLY**  
That there has been at least some lessening of tension in the European situation was indicated by the action of security markets in England and on the continent yesterday. For the first time since March 5th the London list closed higher

## RAILWAYS AND LABOR ACCORD HELD OBSOLETE

**Senate Railways Committee Told Agreements Provide Serious Obstacle to Recovery of Position to Which Strength Entitles Them.**

Ottawa, March 22.—(C)—Agreement between Canadian railways and their running trades are "seriously obsolete if not totally obsolete," Professor J. L. MacDougall, of Queen's University Commerce Department, told the Senate Railways Committee Tuesday. He was giving evidence on wages and working conditions of the running trades. "The agreements provide a serious obstacle to the recovery by the railways of the competitive position to which their basic strength as carriers would entitle them," he said. "Since 1923 the railways were a declining industry." The relative shrinkage was "masked" up to 1928 by the rise in general business activity but a drastic decline since that date was only partly the result of "a cyclical decline in general business." It was also the result of a decline which has been running substantially unbroken since the end of the last year.

The railways were under pressure all along the line. "The lush earnings which they once had upon their main lines have been very greatly reduced and the modest profits on many branch lines have been replaced by substantial losses," Prof. MacDougall said. It would be a "grave mistake" to attribute all this to motor competition. The losses were incurred at a time when the volume of passenger travel was increasing more rapidly than at any time in the past.

**FOREIGN EXCHANGES**  
The following rates furnished by the Bank of Montreal are the approximate quotations for transactions between banks at the close of business yesterday:

New York		Montreal	
Sterling—			
Demand	4.68 1/4	4.70 3/4

## MONTREAL LIVE STOCK MARKET

Montreal, March 22.—(C)—Receipts on Montreal livestock markets today were 77 cattle, 559 calves and 454 hogs.

Cattle and hogs were unchanged while calves were steady to twenty-five cents lower in spots.

There were no early sales of cattle.

The bulk of the calves were of common to just fair quality. There were no tops. One lot of fifty-seven calves, averaging 143 pounds, made \$7 with fair calves around \$6.50. Common to just fair quality in mixed lots were sold at \$6 to \$6.25. Very common light veals sold down to 55.

Bacon hogs were steady at \$9.75 fed and watered. Selects drew \$1 per hog premium. Butchers were cut \$1.25 per head and heavies \$2.50 per head. Extra heavies were cut \$1.50 to \$2 per cwt. Sows were from \$7.25 to \$8. Hogs sold on rail grade brought \$12.35 cold weight.

### Country And Dairy Products Prices

Montreal, March 22.—Trading was more active in butter futures at the Commodity Exchange. There were two switches from March to November at an exchange rate of 2c. Three November futures sold at 23c and one March brought 21c. At the close March and April were offered at 21 1/2c, June was 21 1/4c bid and November was 22 1/2c to 23 1/4c, the latter two months being off 1/2c to 3/4c. The spot close was 21 1/4c to 21 1/2c for 92 score, against 21 1/4c to 21 1/2c Monday. The open spot market was 21 1/4c, and small lots to the retail trade were selling by jobbers at 22 1/2c to 23c for solids and 23c to 23 1/2c for prints, with the lower of the range becoming more general.

The cheese market was 11c to 11 1/4c for No. 1 Ontarios.

On the egg market graded shipments of eggs in used five cases, 11 arriving in the city were selling on spot at 22c for A-large, 21c for A-medium and 20c for A-pullets. Small lots to the retail trade were selling by jobbers in cartons, and two cents per dozen less for loose, as follows: A-1 large, 31c; A-1 medium, 30c; A-1 pullets, 28c; A-large, 26c; A-medium, 25c; A-pullets, 24c; B, 22c; C, 22-23c.

The potato market was as follows: P.E.I. Mountains, 90 lbs., \$1.40; whites, 90 lbs., \$1.30 to \$1.35; N.B. Mountains, 80 lbs., \$1.30 to \$1.35; 50 lbs., 80c to 85c; Florida new stock, 50 lbs., \$2.50.

On the poultry market wholesale houses were quoting the retail trade the following prices for dressed stock, A-grade, and two cents less for B-grade: Turkeys, 26-28c; milk-fed chickens, 26-28c; selected fowl, 19 1/2c to 25 1/2c; Brome Lake ducklings, 27c; geese, 21c; domestic ducks, 23c.

## HATLEY LADIES OBSERVE SAINT PATRICK'S DAY

**Dinner Served by Members of Ladies' Guild of St. James' Church—Anglican Young People in Gathering.**

Hatley, March 22.—The annual St. Patrick's Day dinner served by St. James' Church Ladies' Guild, last night of its attraction by anticipating the 17th by two days.

Members of the Guild took a special delight in getting together after being almost snowbound, and practically the whole school accompanied by the staff of teachers, joined with about forty others to do justice to the beautiful repast provided by the ladies of the Guild. Baked stuffed haddock with mashed potatoes, diced carrots and peas and white sauce formed the piece de resistance for the appetizing meal, together with fresh rolls and butter, pies and jellies with whipped cream and cakes decorated with the green of the Emerald Isle.

Four large tables decorated in colors of green, yellow and white daintily laid with green serviettes and shamrocks, accommodated the guests. The head table featured a beautiful shamrock plant flanked with green tapers in ebony and silver candlesticks. Yellow and green candles in old fashioned brass and silver candlesticks graced the side and centre tables. The president, Mrs. Gordon Pocock, and Mrs. H. W. Parry welcomed the guests, and the ladies were assisted in waiting table by the Misses Nyla White and Rena and Hilda Bowen.

The business meeting, conducted

in the afternoon by the president, was opened with the members' prayer in union and the Lord's Prayer. Minutes were read by the secretary and approved and an expression of thanks was voiced by the secretary of the Women's Auxiliary, Miss Dorothy Brown, for thirteen yards of flannellette generously donated by the Guild. The entertainment convener, Mrs. Hugh Bowen, proposed that the Guild sponsor an invitation dance on the last Friday in April, and she was authorized by a unanimous decision to make necessary arrangements for both music and hall. Food was then solicited for the next regular fortnightly dinner and the meeting adjourned.

**General Notes.**  
The weekly Lenten service was held in St. James Church, evening prayer and litany being read by the rector and a short address on the text, I St. John 3, verse 23 being given. At the close of the service the special vestry meeting which had been called, was adjourned.

**LEMESURIER**  
Mr. and Mrs. Lorne Davidson kindly opened their home for a dance given under the auspices of the Junior Red Cross of Sunday River School. During the evening, a motor rug was raffled, the lucky winner being Mr. W. S. Allan. After a delicious lunch, served by the hostesses and friends, Miss Millar, teacher of Sunday River School, thanked Mr. and Mrs. Davidson and all those who had so kindly assisted in this work. Proceeds of the dance and raffle, amounting to \$13, will be donated to the Sick and Crippled Children's Fund of the Junior Red Cross of Montreal.

HEAR ARTICLE ON ST. PATRICK AT STANSTEAD

Mrs. Philps Gives Enjoyable Reading at Meeting of Centenary United Church Women's Association.

Stanstead, March 22.—The Women's Association of Centenary United Church was entertained at the parsonage, with Mrs. Philps as hostess.

An interesting article on St. Patrick was read by Mrs. Philps, and terms of business were discussed.

Two handsome hand-made quilts, which have been made by the ladies of the Association, were exhibited and were greatly admired.

A guessing contest was held and the first prize was awarded to Mrs. Merriman and the second to Mrs. Munroe.

Mrs. Philps read a letter acknowledging a bale of clothing sent to this Association to Peace River.

A vote of thanks was tendered Mrs. Lee Jenkins for her kindness in opening her home for the meeting and to Mrs. Merriman for her designs and valuable assistance.

Refreshments were served at the tea hour by Mrs. Philps, with Mrs. Jenkins pouring and Mrs. Rivard assisting in serving.

General Notes. Mr. Bud McKay spent a few days at his home in Sutton.

Mrs. Agnes Holland has returned to Stanstead after spending the winter with friends in Connecticut.

Mrs. Fred Laythe, who has been confined to her room during the past week, is able to be downstairs and is gaining nicely.

Miss Molly Bissontat, of Montreal, was a guest in town.

Mrs. Henry Ball and daughter, Henrietta, of Newcastle, N.B., have been visiting relatives and friends in town.

Mrs. D. A. Beaton at the piano. The annual sugar social under the auspices of the Ladies Aid Society of St. Patrick's Church was held at the parsonage.

General Notes. The annual sugar social under the auspices of the Ladies Aid Society of St. Patrick's Church was held at the parsonage.

MANY ATTEND BRIDGE PARTY AT STANSTEAD

Ladies' Guild of Christ Church Sponsor Highly Successful Event in Observance of St. Patrick's Day.

Stanstead, March 22.—A successful St. Patrick's Day bridge and tea was held in the Parish Hall, Stanstead, sponsored by the Ladies' Guild of Christ Church.

The hall was tastefully decorated for the occasion, with shamrocks, spring flowers and green tapers in silver holders.

First prize for bridge, a handsome pot of shamrocks, was won by Mrs. McKay.

General Notes. The Stanstead Badminton Club held a very successful "round robin" in the college gymnasium.

Miss Agnes Holland has returned to Stanstead after spending the winter with friends in Connecticut.

Mrs. Fred Laythe, who has been confined to her room during the past week, is able to be downstairs and is gaining nicely.

Miss Molly Bissontat, of Montreal, was a guest in town.

# N.H.L. PLAY-OFF OPENERS TRUE TO FORM

## Claude Bourque Goals Canadiens To 2-0 Win

Lithe Figure of Stanley Cup Apprentice Bars Path of Detroit Red Wings—Hector "Toe" Blake and Louis Trudel Beat "Tiny" Thompson in Second Period—11,533 Fans Howl as Bourque Blanks Jack Adams' Charges.

Montreal, March 22.—(C)—The lithe figure of Claude Bourque, an apprentice in Stanley Cup warfare, stood out today as the big barrier in the path of Detroit Red Wings as they made ready to resume their National Hockey League play-off series with the Flying Canadians of Montreal.

Bourque, an amateur only five months ago and making his debut in a Cup series, blanked the Wings two to nothing last night before a howling crowd of 11,533 fans on the heels of the big game. Bourque, leading scorer during the regular N.H.L. schedule, and Louis Trudel, both scores came in the second period, with Blake getting his tally while the Wings were short-handed.

"I still can't believe that I got a shutout," a happy Bourque said in the dressing room after the opening contest. "That's absolutely the biggest moment in my hockey career. I certainly was glad when that game ended and the Wings were still off the score sheet. You know, I had a few anxious moments out there."

A penalty to Elvin (Buck) Jones, formerly of Owen Sound, Ont., brought disaster in its wake. Jones received the only sentence of the second period, and tripping Blake, and while he was off Blake sent the Habitués into front by scoring on a pass from Johnny Gagnon. It was the only real shot on goal that Blake had all night.

Jones had served his time when Canadiens produced their second goal but the Wings still were slightly disorganized. A brilliant passing play by Polly Drouin, Rod Lorrain and Louis Trudel, the most effective combination on the ice, caught them napping. Drouin worked the puck into Wing territory but was steered over to the boards. He passed over to Lorrain and Lorrain relayed to Trudel.

"I just waited for a moment and then slipped it along the ice under Thompson," Trudel said after the game.

From Manager Jules Dugal came the after-game prediction that his Habitués would finish the best-of-three series "in two straight games." The Wings, who finished in fifth place in the regular season, could continue in Detroit tomorrow night. Should the series go the limit the third game also will be played in Detroit on Sunday.

"We should be able to take them in two straight games," said Dugal. "But even if we should lose Thursday we're still good enough to win the third game. Bourque sure was great out there tonight, but don't forget... this part of a darn good team."

Haines City, Fla.—Joe McCarthy of the Yankees has had one good look at the players who may be working in his outfield, but decision was reserved. Freshmen Walter Judnich and Charley Keller started against Newark yesterday. Neither caught a fly ball, each made a hit and Judnich drove in two runs. Joe Gallagher, another promising rookie, went in as a pinch hitter and walked.

St. Petersburg, Fla.—The St. Louis Cardinals' No. 1 headcoach—Joe Medwick's holdout was gone today, but it's still a secret whether he took the club's \$18,000 offer, which Branch Rickey said was the top at one of yesterday's conferences, or get the \$20,000 he had demanded. Joe has kept in condition but probably won't break into the line-up for a few days.

## Bruins Thump Rangers In "Wee Small" Hours

Rangy Mel Hill Dons Hero's Mantle, Beating Davie Kerr at 1:10 A.M. on a Pass from Bill Cowley, Play-Making Boston Centre, with Thirty-Five Seconds of Third Overtime Session Left—Shibicky Gets Ranger Marker.

New York, March 22.—(C)—Boston Bruins moved back to home ice today, one game up on New York Rangers in their best four-of-seven game Stanley Cup play-off series and the National Hockey League paid homage to a new hero—Mel Hill, the twenty-three-year-old rookie who wearily whisked the puck past Davie Kerr this morning to beat Rangers two to one.

Hill waited a long time before he took over his hero role, sewing up the first game of the series for Art Ross' N.H.L. champions and setting 16,000 fans free to snatch what little sleep was left before breakfast time.

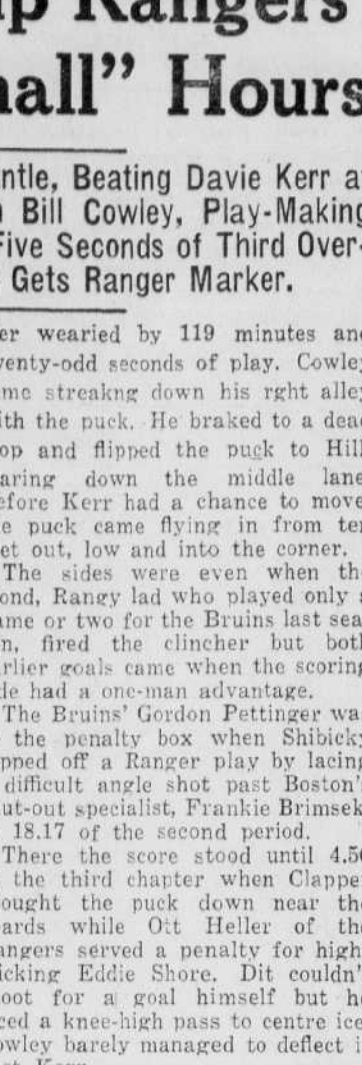

He scored at 1:10 a.m. His goal came thirty-five seconds from the end of the third overtime period. It was four hours and twenty-five minutes after the game started last evening. But that merely made the Saskatoon sharpshooter the bigger hero.

Hill shared his glory with Bill Cowley. The play-making Boston centre helped him score the winning goal and early in the third period converted Dit Clapper's shot into the goal that matched Alex Shibicky's second-period counter for the second-period Rangers.

"That was the greatest thrill of my life," said Mel after the game but he believed credit should go to Cowley and add that "I couldn't have scored without Bill's pass."

Still, Mel made a workmanlike job of it, particularly for a young-

## POOR DISGUISE

Behind all that wire entanglement, above, is Ernie Lombardi, Cincinnati Reds' star catcher, busy with spring training at Tampa, Fla. Below is another glimpse of the burly backstop—the 1938 National League batting crown, with a mark of .342.

## GREENS DEFEAT S.H.S. 38 TO 19 IN CAGE TILT

Ella Mullin and Dot Millar Pace Y.W.C.A. Crew to Convincing Ladies' Basketball League Triumph.

With Ella Mullin and Dot Miller swinging the leather through the hoop at a great clip, the Y.W.C.A. Greens last night handed the Sherbrooke High School lassies a thirty-eight to nineteen trouncing in a Ladies' Basketball League encounter played on the "Y.W." floor.

Although handicapped through the absence of Ruth "Shorty" McKeegan and Madeline McCabe, the Greens flashed the form which carried them to victory over the Montreal Y.W.C.A. girls last week-end and caused much eyebrow-lifting in lacrosse intermediate circles.

For the High School Caroline McCree was high scorer with five points, while Marg Sinclair and Ella Middleton were each good for four points. Other scorers were Geraldine Dransfield with three and Audrey Cross with one.

The game was played under boys' attacking and girls' guarding rules, and was handled by Bill Peak.

The teams:  
Greens: Irene Bachelder 4, Alice Hutchinson 4, Dot Miller 10, Ella Mullin 15, Emily Von Berg 5. Total 19-49-38.

S.H.S.: Marg Sinclair 4, Audrey Cross 1, Eta Middleton 4, Mary Donahue Marjorie McKee, Peggy Wilcox, Dora Steinberg 2, Caroline McCree 5, Geraldine Dransfield 3. Total 6-9-15.

Packard won three strings.

## MIXED CURLING BONSPIEL HERE GREAT SUCCESS

Sherbrooke Rinks Down Lennoxville 47-43—Twelve Quartettes Take Part in Enjoyable Tourney.

By a score of forty-seven to forty-three Sherbrooke curlers last night scored a mixed bonspiel victory over a team from Lennoxville at the Sherbrooke Curling Club.

Six Sherbrooke and six Lennoxville rinks participated, Sherbrooke winning three matches and Lennoxville two. The sixth engagement was divided.

Bruce McD. Millar, of Sherbrooke, and A. P. Blue, of Lennoxville, played to a blue-eight deadlock, Roy Clarke of Lennoxville, defeated S. G. Newton, of Sherbrooke, twelve-seven, H. B. Johnston, of Sherbrooke, downed Bob McMurray, of Lennoxville, seven-five, Alf Campbell, of Lennoxville, set back Dave Salls, of Sherbrooke, eight-six, Jim Fuller, of Sherbrooke, outpointed R. T. Atto, of Lennoxville, eleven-five, and Joe Mooney of this city scored an eight-five triumph over L. W. Atto, of Lennoxville.

Rinks and scores:  
Sherbrooke: Mrs. Holt, H. J. Kennedy, Mrs. Newton, B. McD. Millar. Skip—8.  
Mrs. Lacroix, R. Healy, Mrs. Johnston, S. G. Newton. Skip—7.  
Mrs. Kennedy, S. A. Belmont, Mrs. Mooney, H. B. Johnston. Skip—7.  
Mrs. Healy, R. Lacroix, Miss Leonard, D. J. Salls. Skip—6.

Lennoxville: Mrs. Marsh, G. McCintock, Mrs. Hall, A. P. Blue. Skip—8.  
Mrs. Ste-Marie, M. J. Bennett, Mrs. Downs, Jr., R. S. Clarke. Skip—12.  
Mrs. Richardson, D. J. Harrison, Mrs. Burton, R. McMurray. Skip—5.  
Mrs. Sanders, F. N. McLean, Mrs. Scott, A. C. Campbell. Skip—8.

## WRESTLING IN SPOTLIGHT ON SATURDAY HERE

Title Bout and Battle Royal Will Feature Attractive Programme in Belvidere Street Armory.

The Amateur Wrestling Club of Sherbrooke has cooked up a tasty morsel for sport fans of this city and will serve it in the Belvidere street armory on Saturday night, first bout to commence at 8:45 o'clock.

Shining the spotlight will be a bout for the championship of the Eastern Townships between a pair of 160-pounders, and a battle royal in which five grapplers will participate.

Valmore Viens, of Granby, who tips the scales at 163 pounds, will oppose Rosare Lefebvre, of this town.

New York, March 22.—(C)—Frank Frisch is in Florida getting acquainted with the Bees and Red Sox, whose doings he'll broadcast this season.

St. Petersburg, Fla.—Fat Freddie Fitzsimmons has set fifteen victories as his goal for his fifteenth major league pitching season. He has won 185 games during his career and wants to join that exclusive list of 200 by Detroiters. He figures he can do it if the Dodgers are able to give him four or five days rest between his turns on the mound.

Melio Bettina, champion of all the light-heavyweights (in New York State) makes his next start in a non-title bout with "Somebody" in the Hippodrome April 28.

Leu Ambers scouted Henry Armstrong against Lou Feldman last week.

## NAME OFFICERS OF SHERBROOKE BASEBALL CLUB

R. Dugre Re-Elected President of Provincial Baseball League Entry—Two New Players Acquired.

Signs of activity in the Sherbrooke Baseball Club camp were transformed to concrete progress last night at a meeting which saw the re-election of Roland Dugre as president, the naming of other officials and directors and the announcement of two new acquisitions for the 1939 playing roster.

Hon. Louis Blais and Dr. A. N. Dupuis were chosen vice-presidents of the organization, with Rosario Gagne being selected to act as secretary-treasurer. Directors are Carl Camirand, Adolphe Besse and Lucien Dugre.

It was made public that two new players at least have been secured by Tom Hammond and John Rieder, and that others are almost, if not already in the fold. Officials of the team intimate that they will release the names of one or two players once or twice a week, rather than all at once.

Third-base duties will be handled this season by Louis Varanese, if all goes well. Varanese, who has seen action in Clearwater, Florida, knows his way around in baseball circles, it would seem from his playing record. Varanese played for three years with the House of David on the Pacific Coast, with Hartford in the Connecticut State League and with Harrisburg and Phillipsburg in the N. Y.-Penn. circuit.

Ability to play the infield or outfield will make Raymond Cote, the second acquisition announced, a valuable man to have around. Cote stands six feet, weighs one hundred and seventy-five pounds and is twenty-four years of age. At present the property of Cincinnati Reds of the National Baseball League, Cote has played for Danville in the Kentucky State League, where he batted .325 in one hundred games, and also in the Union League. He tried out with Montreal Royals last season.

Rumor that Ted Duay, talkative Three Rivers catcher who staged a one-man vaudeville act on his appearances here last summer, would perform for Sherbrooke this season was denied this morning by Rosario Gagne.

St. Petersburg, Fla.—Fat Freddie Fitzsimmons has set fifteen victories as his goal for his fifteenth major league pitching season. He has won 185 games during his career and wants to join that exclusive list of 200 by Detroiters.
