FRENCH LINE BOAT PUTS BACK DISABLED

STEAMER NIAGARA, WITH 147 PASSENGERS ABOARD, IS IN DISTRESS.

London, Feb. 15.—The French Line steamship Niagara, from Havre for New York, is in distress about 135 miles off Ushant, the westernmost of the islands off the coast of Brittany, according to a Havre despatch to Lloyds reporting the receipt of a wireless message from the steamship.

The wireless says the Niagara has lost her starboard propeller and one blade from the propeller on the port side. Much anxiety is felt for the safety of the liner, and a steamer has gone to her assistance.

SHIPS TO RESCUE.

Havre, Feb. 15.—The French liner, which is returning to port disabled, has on board 147 passengers, of whom 46 are in the first cabin. The steamer Bordeaux has been sent to assist the Niagara.

It is believed the captain of the Niagara found it impossible with his broken propellers to make headway against the high seas. The Niagara sailed from Havre, Feb. 7 for New York with 147 passengers aboard.

QUEBEC TO PRESS HOCKEY PROTEST

MATTER WILL PROBABLY BE AIRED BEFORE THE N. H. A. COUNCIL THURSDAY.

Quebec intend to press their protest against Ottawa and the matter is likely to be aired before the council of the N. H. A. on Thursday morning. The original idea was to bring it up on Wednesday, but as Sammy Lichtenhein will be away on that day the date will be changed.

As a matter of fact, Sammy may have to decide the question all by his lonesome. The other two members of the council are D'Arcy McGee, representing Ottawa, and Percy Quinn, representing Toronto.

As Ottawa is one of the interested parties, McGee is likely to drop out, as the result will also affect Toronto. Percy Quinn may also drop out. Besides, Percy is not likely to "reflect" upon his brother. Lichtenhein is in no way interested, and he may, therefore, have an opportunity to decide by himself and the Quebec club would be quite ready to abide by his decision.

FROZEN PIPES CAUSE BOILER TO EXPLODE.

Ridgetown, Ont., Feb. 15.—The starting of a fire in the kitchen range when the hot water pipes were frozen caused an explosion of the boiler in the house of Thomas Simpson, Seanes Side Road, yesterday. The stove was blown to fragments, the furniture, wrecked and the doors and windows blown out.

GOOD TORONTO IS GOING TO THE BAD.

Toronto, Feb. 15.—The unusual sight of coal being delivered on Sunday was witnessed in Toronto today, when a prominent firm of coal dealers distributed fuel to their customers. A special permit to do so had to be obtained at the City Hall, owing to an accumulation of orders as a result of the continued cold weather.

SECOND RITUAL MURDER AROUSES TROUBLE AT KIEV

Killing of Boy at Fastoff Likely to Be Repetition of Beiliss Case.

ANTI-SEMITIC ACTIVITY

Leaders of the Black and Union of Russian People Are Busy Again.

Kiev, Feb. 15.—The murder of the boy at Fastoff, which it is alleged was committed for ritualistic purposes, is assuming the dimensions of the Beiliss case. As in the earlier tragedy stories of mysterious characters have been introduced, such as "a red headed man" and "a lamp lighter," both of whom have disappeared. The Black Hundred and the Union of Russian People are showing their old time anti-Semitic activity.

The Minister of Justice, J. G. Chichegiovitch, and other judicial officials have arrived at Kiev and are sifting the evidence. On their arrival they were acclaimed by deputations from the Union of Russian People and the Two Headed Eagle organization.

Conflicting Stories.

The leader of the Black Hundred, after first asserting that the victim was a Christian, subsequently declared that he was a Jew and that he had been murdered by Jews in connection with the Beiliss case for the purpose of disproving the allegations that in the so-called ritual murders Christians were invariably selected. They are also seeking to prove that Paskoff, the Jewish tailor, who has been arrested on the charge of being implicated in the murder, is a relative of Beiliss.

Another indication that the present case is likely to be a repetition of the Beiliss case is found in the fact that the two opposing counsel in the Beiliss trial, the Black Hundred barrister, G. Zamislavsky, and the defender of Beiliss, M. Zarudny, have arrived at Kiev. Newspaper correspondents are thronging to Fastoff.

Paskoff is still in prison as is also a Russian peasant, Gontcharuk, who is said to have been seen with the boy on the day of the murder.

HISTORIC HONOR TO GO TO GERMANY

FIRST NATION TO SEND WARSHIP THROUGH PANAMA CANAL.

Berlin, Feb. 15.—It is generally believed here that Germany will have the historic honor of being the first nation to send warships through the Panama Canal. No definite announcement is expected for the present, but it is generally believed that the Kaiser will send Prince Henry of Prussia to command the German fleet on this occasion. If this should be done, the Prince, who is a brother of the Kaiser, as a "great admiral" of the German squadron, will outrank all the other commanders present.

The procession through the Canal, it is believed here, will be, according to the usual naval regulations and etiquette, by seniority of the highest commander, which, under these circumstances, would be Prince Henry. The only way the American vessels could be among the first to go through would be to sail along with the Germans as an escort of honor to Prince Henry.

STEAMER ARRIVALS:

New York: Venezia, Naples; Chicago, Havre; Patris, Piraeus; Regina D'Italia, Genoa; Oosterdyk, Rotterdam.

Boston: Alaunia, Liverpool.

Naples: Sant Anna, New York; Carmania, New York.

Queenstown: Merion, Philadelphia.

Copenhagen: Oscar II., New York.

Antwerp: Kroonland, New York.

Southampton: Philadelphia, New York.

London: Pomerania, St. John, N. B.

Genoa: Caponic, Boston.

Alexandria: Caronia, New York.

Passed: Lizard: Kanawha, St. John, N. B., for London.

DIES AFTER MEAL.

St. Thomas, Ont., Feb. 15.—Alonso Dingman, a well known grocer, died suddenly at his home, 26 Horton street, at 8:30 p.m. Friday. He had just eaten a hearty meal and was about to read a paper when a fatal attack of heart trouble seized him.

MONTREAL TO SPEND TWELVE MILLIONS ON TRANSPORTATION

IF THE CITY ENGINEER'S DEPARTMENT IS ALLOWED TO HAVE ITS WAY.

Montreal, Feb. 15.—Over twelve million dollars will be earmarked for tackling Montreal's transportation problem, if the city engineer's department has its way. Their report, presented to the Board of Control Saturday, does not express any opinion upon the demand of the Tramways Company for a new forty year franchise. The immediate construction is recommended of two subways, one under St. James and the other under St. Catherine street, providing for quick east and west transit along the two busiest streets. A "tube" running north and south under Phillips and Victoria Squares also is favored to link up the other subways and relieve downtown congestion. These to be built by the Tramways Company, the city guaranteeing the cost, estimated at around \$7,000,000. Subways and new surface lines in outlying districts, and an autobus system along residential Sherbrooke street, will swallow up the other five millions.

WARRANTS ISSUED FOR LIPTON MEN

TWO MORE ARE ACCUSED OF COMPLICITY IN CANTEEN IRREGULARITIES.

London, Feb. 14.—Sharp action was taken today by the police in connection with the British army canteen scandals, when warrants were issued for the arrest of James Ness, formerly manager of Lipton, Limited, at Malta, and also against Archibald Minto, another employee of Lipton, Limited, neither of whom appeared to answer the summonses sent to them when the case opened.

James Ness is believed to be in Canada, while Archibald Minto is said to be in France. Altogether nine army officers and eight civilians, all of them employees of Lipton, Limited, have been charged with receiving or giving illicit commissions on contracts for army canteen supplies, and the case has aroused widespread interest and great indignation among the British public.

400,000 PRAIRIE DOGS MEET DEATH

Work of Department in War of Extinction Cost About \$12,000,000.

Washington, Feb. 14.—Four hundred thousand prairie dogs in the Colorado and the Tusayan and Conino forests in Arizona have been killed by the Department of Agriculture since the campaign of destruction was declared on the rodents. In a statement issued today the department says that this work was done at a cost of about \$12,000,000, which is a mere trifle when compared with the value of the forage upon which the dogs lived. It is estimated that the forage which the rodents devoured would have been sufficient for about 15,000 sheep or about 1,800 head of cattle, valued at \$150,000.

Carbon bisulphid and strychnine mixed with heavy oats is the department's means of getting rid of the dogs. In the Cochitopa forest alone last year the survey used 35,000 pounds of oats, 4,000 pounds of carbon bisulphid, and about 1,800 ounces of strychnine.

The hides of the prairie dogs are practically worthless in this country, according to the department. American and English furriers secure better skins from Siberia for 5 cents apiece, and glove makers say that the skins are too small to be worked up economically. As a result, the department says, no market for the skins has been found.

INTEREST IN PEACE CELEBRATION LAGS.

Only \$50,000 of the Required \$300,000 Has Been Raised.

London, Feb. 15.—The response to the appeal made by the British committee last October for a public subscription of \$300,000 to enable it to carry out the British program in connection with the Anglo-American peace centenary thus far has been only \$50,000, and the Duke of Teck, president of the committee, today issued an urgent request for the subscription of the \$250,000 still needed. Of the sum required \$75,000 is to be used for the restoration of and furnishing an endowment for Sulgrave Manor, in Northamptonshire, the ancestral home of the family of George Washington, which recently was purchased by the British committee for \$42,000.

ENGLISH AROUSED BY APPOINTMENT OF AN AMERICAN

Greatest Reflection on British Railway Management in Recent Years, Says Railway Review.

HAMILTON CRITICIZED

Selection of Long Island Ry. Manager as Head of Great Eastern Excites the Press.

London, Feb. 15.—The appointment of Henry W. Thornton, general superintendent of the Long Island Railway, as general manager of the Great Eastern Railway Company, continues to be the subject of comment by the newspapers and those interested in railway affairs.

"Great Britain has not in many years had such a shock to her pride as that experienced by the announcement of the appointment of Mr. Thornton," says the Sunday Observer, prefacing a couple of columns of opinions which are to the effect that something must be wrong with the system of promotion in the British railways.

George J. Wardle, M.P., editor of the Railway Review, declares that if the statement of Lord Claud Hamilton, chairman of the Great Eastern, that it was impossible to find a capable Englishman for the position, is true, it is the greatest reflection on English railway management made in recent years, but he declares that the statement is not accurate and that there is plenty of ability in the ranks of British railwaymen, but that much of it is stifled and does not get a chance.

William Whitelaw, chairman of the North British Railway Company, does not consider that there is any dearth of first class young railway talent in the country.

Sir Charles Bine Renshaw, chairman of the Caledonian Railway, thinks that one of the difficulties in retaining good railway men in Scotland is the slowness of promotion.

The Westminster Gazette concludes a severe criticism of Lord Claud Hamilton by refusing to believe that Englishmen who are the pioneers in the railway construction of the world, are incapable of managing the Great Eastern.

SCHOONER DISABLED.

Halifax, N.S., Feb. 15.—The Gloucester schooner Harmony reached here Saturday in a disabled condition, her steering gear out of commission, boom ripped from its fastenings, deck strained, hatches more or less damaged, and everything about decks in a topsy-turvy state.

The vessel was on Bank Quero when Captain Gibbs decided to return to Gloucester. Sails were set and in the teeth of a gale which at times reached a velocity of 80 miles an hour, the little schooner bravely pounded along. Giant waves swept over her and more than once the men were swept off their feet and almost overboard. The crew said their plight for a time was terrible and it was a great relief when they sighted Halifax.

The Weather

Toronto, Feb. 15.—Pressure is highest tonight in the Western States, while a moderate depression is centered over Michigan. Snow has fallen today in parts of Saskatchewan and flurries have occurred very locally elsewhere in the Dominion. Cold weather prevails from Manitoba to the Atlantic, while it has been very mild in Alberta.

Temperatures:

	Min.	Max.
Victoria	40	48
Vancouver	32	40
Kamloops	28	40
Edmonton	10	50
Calgary	34	52
Battleford	6	20
Moose Jaw	2	16
Winnipeg	6	2
Port Arthur	10	14
Perry Sound	18	6
London	6	18
Toronto	2	14
Kingston	10	6
Ottawa	10	0
Montreal	6	2
Quebec	8	4
Halifax	20	24

Forecasts:

Lower Lakes and Georgian Bay: Fresh to strong north westerly winds; a few local snow flurries, but generally fair and cold.

Ottawa Valley and Upper St. Lawrence: Cold with light snowfalls or flurries.

Lower St. Lawrence and the Gulf: A few local snow flurries, but generally fair and cold.

Maritime Provinces: Generally fair and cold.

Manitoba, Saskatchewan and Alberta: Generally fair and milder.

BOOT AND SHOE FACTORIES WILL BE REOPENED TODAY

Trouble Between Manufacturers and Union Has Been Amicably Arranged at Last ---Much Hardship Caused

The general public will be pleased to learn that the tie-up in the St. Roch boot and shoe industry which has lasted for the past seven weeks, has at last come to an end by an amicable settlement between the manufacturers and the union operators, and the factories will re-open this morning, and the hum of this important industry be heard again that will bring peace and happiness and comfort to the many concerned.

A settlement was reached on Saturday last, the result of various meetings of the Labor Union to consider the terms placed before them by the manufacturers, in line with rules adopted by the Manufacturers Association, and put in force in November last, which was rejected, and caused the tie-up.

The machinists branch of the labor union, responsible for the strike, insisted that the old order of things should continue, and to the end were obdurate in their demand. Wise counsels prevailed, especially, when it was realized that the manufacturers were all fully determined to keep their factories closed for an indefinite period of time, unless they were at least allowed to govern their own factories, as they judged best, in the interest and protection of their investments.

The first sign of an amicable settlement was shown on Tuesday night last, when a committee from the union, composed of nine operators—three from the machinists branch of the union, three from the cutters and three from the lasters, met the manufacturers in conference. This meeting lasted till after midnight and resulted in an understanding that satisfied both parties, and it was arranged that an agreement would be drawn up accordingly the following day for the union to sign. But when this written agreement was presented for signature, the union refused to give its endorsement, with the result that the situation became more strained than ever, and the Manufacturers declared they would not again accept any proposition, unless the operators came to them with a concerted offer in line

with this original conclusion, and prepared to do business.

On Friday last the union held a general meeting that lasted all afternoon, and the same night it was announced in manufacturing circles, that the operators had reached an agreement, and wished to confer with the Manufacturers the following day. Saturday last the meeting took place, and the workmen placed their proposition before the manufacturers and it was accepted, and agreed that the factories would re-open for business on Monday morning. The full text of the understanding arrived at, could not be obtained up to going to press this morning. It was learned, however, from a reliable source, that the agreement provides, "That in case of any dispute or complaint being made by an operator, the said operator will have to deposit \$25, in order to show good faith, and should he not be able to establish his complaint, the operator forfeits his deposit.

In case of dispute as by difficulty arising in a factory, the matter will be referred and settled by arbitration. In each case the manufacturer will appoint, and those two shall agree upon a third. In case they are unable to agree on the third, the appointment will be left to a Judge of the Superior Court, and the decision of the said arbitrators to be final and immediately effective. Furthermore the nine men representing the three unions, with whom the manufacturers conferred, have deposited a sum of \$200 for each of the three unions as a pledge that the men will observe the rules of the contract. Should any of the rules be violated by any members of any of the three unions in question the infraction will be referred to a Board of Arbitration, and if the violation be proved the union will forfeit the money deposited.

It is further agreed, that in the event of a dispute and the operators found in the wrong, the manufacturers will have the right to discharge.

These concessions have been sought for by the manufacturers for

(Continued on Page Four)

"Did you send that?" Demanded the Oracle, in no pleasant voice and with features and fingers twitching, as he extended an envelope towards us and then jerked it away before we had reached it. "I say, did YOU send that? A Valentine, of course. One of these so-called comic ones? If I could only lay my hands on the fellow that sent it. A lady? Lady nothing! No lady! I ever send a picture of a skating rink to a bald-headed man with the question: 'Do you part it in the middle?' on it. That's not comical. Some people's idea of humor is like that wart on your nose—very pronounced, but decidedly out of place. Milder today."

Perhaps the Oracle has a kick coming, especially as he does happen to be guiltless of anything resembling a herbage appendage. But he has nothing compared to the party who obtains an article which is different in quality to what it has been represented. This is a case in which a kick should be expected.

For that reason we never misrepresent an article. We describe it just as it is. Therefore, when we tell you that from the view point of quality and price our SPECIAL IMPERIAL NOTE PAPER is the best on the market you can believe it.

QUEBEC FEBRUARY 16, 1914.

THE BOOT AND SHOE STRIKE.

There will be general rejoicing among the citizens of Quebec that the long-continued dispute between the boot and shoe manufacturers and the operatives has at last been amicably settled and the factories are to be opened again. Coming, as the dispute did, in the heart of winter when the field of labor is always more limited, the strike has been productive of much misery and hardship among the families of the men and thousands have suffered by it. The effect has also, of course, had its effect on business generally and has taken a good deal of money out of circulation. It has also done no good to the manufacturers, so that everyone is glad to see it ended.

We hope that the result will be a much better and more cordial understanding from now on between the manufacturers and the realization that capital and labor are dependent on each other, that their interests are in many ways identical and not antagonistic.

THE GRAFT DEBATE.

With the debate which took place last Friday in the Legislative Assembly on the report of the investigation committee it is evident that the Government has no intention of letting the public discover more than it can possibly hush up and by its brute majority will prevent every effort of the Opposition to shed any further light on the corruption which has so long been suspected in the Quebec Legislature.

Premier Gouin made a good fighting speech on party lines and made the best of a weak case, but Messrs. Teller and Bernier exposed the flaws in his argument very quickly. And, indeed, it was not hard to find them. They showed that the restricted scope of the inquiry and the illness of Mr. Mousseau still left things in a most unsatisfactory and incomplete condition. For the argument that the investigation was complete, fearless and impartial, is not in any way borne out by the manner in which it was conducted and in which evidence was taken or barred out. Can it be said it was complete when Messrs. Bergeron and Berard refused to answer essential questions for fear of incriminating themselves and others? How could it be complete when Mr. Mousseau, the most important witness, was absent? And, if he had been present, would he not have taken the same ground as Messrs. Berard and Bergeron and have refused to divulge the names of those to whom he gave money—if he did so—for fear of incriminating himself and himself? And would not the Government majority have sustained him in such an answer? It is self-evident that they would.

How was it impartial when Lorne McGibbon was asked all kinds of questions, relevant and irrelevant, even by the chairman of the committee, and when similar questions were put to Sir Hugh Graham, the friend of the Government, these questions were ruled out as foreign to the inquiry? How was it impartial when Government supporters were allowed to exercise their inquisitiveness in the matter of the Tramways and Opposition members were not permitted to do so?

If it was right to charge that those who brought the charges were in a conspiracy and if it was right to question their motives, would it not have been right to endeavor to ascertain what were the motives of those who were in possession of the facts and refused to publish them? Was it right that the grafters should be shielded and the work of corruption go on at the expense of the public, thanks to a conspiracy of silence. It took \$50,000 to expose the graft, but hundreds of thousands, some say more than a million dollars, appear to have been spent in the "conspiracy of silence."

How can the investigation be complete when it is still unknown how many members of the Legislature received bribes and when no attempt is made to find out who are the legislators who have received money from Montreal lawyers for their votes and influence, as is charged by Mr. Beck?

The Government's argument that the whole thing was a political conspiracy to overthrow the Liberal party will not hold good and is merely an attempt to draw a red herring across the trail. The Government itself was the first to make a party affair of the matter and is therefore itself more to blame for the fact that the Opposition have responded in kind. When the charges were first made, its instructed members at once raised the racial and political cry by proclaiming that the charges brought by Messrs. Nichols and Malah were the work of "Anglo-American and Tory blackmailers." Such

appeals to passion and prejudice were calculated to throw the public off the scent but they failed signally.

The truth of the matter is that the affair had no political origin at all and this is admitted in the report of the committee of the Legislative Council. Business men in Montreal were satisfied that there was graft in the Quebec Legislature. They knew from previous experience that legislation which was not in the public interest had gone through at Quebec and that more of the same kind was likely to come up. This was also admitted by Mr. Hall Kelly, who is one of the most prominent men on the Government benches and is said to be slated for a position in the cabinet, and he pointed it out recently in a forcible speech in the House. Mr. Kelly did not hesitate to declare that not only the public was duped by some of this iniquitous legislation but the members also. And it was to stop this kind of thing that a business man of Montreal organized the coup, the results of which will certainly put terror into some of the gentlemen in the House for some time yet, and act as a powerful deterrent against bribery in future.

It is amusing to note the horror with which the Liberal party affect to see the fine Italian hand of Hon. Robert Rogers in everything. As soon as the charges were made they threw up their hands and endeavored to make out that the whole thing was some Machiavellian plot which owed its origin to him. "Hush! Hush! Hush! Here comes the bogey man," cries Hon. Mr. Taschereau and the Liberals immediately scurry to the centre of the stage, directing affrighted glances at the entrances as if they imagined that the Hon. Bob was lurking behind in the dark corners with a dagger and a mask. And it is the same everywhere. When anything goes wrong with them, they at once attribute it to some diabolical ingenuity on the part of the Minister of Public Works. For them he is the serpent in the Grit Paradise against whom the unsuspecting and innocent Liberals must be forewarned. It is to laugh. But they cannot blame it on him this time.

KNOCKING THE DETECTIVES.

If there were no crime, there would probably be no detectives. Their chief raison d'être is to discover crime and expose it, not to pick out clowns in a circus or to track elephants through the snow. As Mr. Maloney, the Burns man, said in his evidence, the Americans acted as they did in order to "root out the crooks in the Legislature." The results show that there were crooks to be rooted out.

The methods employed by the detectives may not commend themselves to everyone, but the end certainly justified the means. More than that, previous events also justified the means. It had long been rumored that there was graft in the Legislature and especially in connection with the Private Bills Committee. Even Government organs admitted the existence of the "accursed lobby" and of many other abuses. Iniquitous legislation was being enacted, and trafficking in taxes and franchises was being conducted at the expense of the public. There was indication that toll was being taken on various bills and there was a rumor that the Liberals had quarrelled among themselves at the unequal division of the spoils, but the matter had been settled amicably. Then, too, the Star had made charges of bribery and corruption in connection with the library site deal. But the graft appears to have gone on and the grafters, fancying that they were secure, practically defied the public to prove that they were doing wrong. Temptation didn't need to come to them. They went after it, if we can believe current gossip.

Then, when some were exposed by the only means in which it was possible to expose them, the mawkish humbugs and sentimentalists get up and try to make out that the man who discovered the iniquity were as bad as the offenders themselves, in spite of the fact that the Provincial "spotters" use worse methods than the Burns' men. Are we to infer that they did not want to have the public protected, that they wanted the plunderers to continue their operations with impunity?

Evidently the sin of the grafters in the eyes of the Government is not that they were guilty of graft but that they were found out. The fact that corruption was going on in the Legislature does not worry the Government a tithe as much as that the corruption has been proved. Naturally, therefore, it is not likely to cherish any love for the men who discovered it.

RECORDER'S COURT.

There were five prisoners before the Recorder on Saturday. Four were charged with drunkenness, and one with loitering. The latter was sent to jail for a month in default of paying a fine of \$5 and costs. Three of the "drunks" were condemned to fines ranging from \$3 and costs to \$5 and costs or eight days; and one was discharged.

PRESS COMMENT.

It is fine to see a growing spirit of toleration throughout society that makes us more patient and respectful toward views and opinions and policies that we cannot accept as our own. It is fine, but it is a somewhat dangerous tendency, nevertheless. It is all right to be tolerant, increasingly tolerant, of making things, and it may be an indication that we are really growing in grace when we are growing that way. But it may point in quite another direction. With all our toleration, there are some things that we must keep on hating, hating, hating all our days, and it is not a good sign when we are getting somewhat easy-going about them. It may not always be easy to decide whether, or not, we shall put certain things into the list of those that are to be allowed, but if we give conscience a reasonable chance, there will always be a goodly number of things that we will know ought to go into the other class. And to be a good hater of wrong, to always cherish a fresh and living resentment against it, is perhaps more necessary to our moral integrity and well-being than is a growing spirit of toleration toward matters somewhat indifferent.—Christian Guardian.

After a closely contested election a darky told how a Republican worker had come to him and said: "See here, Sam, you got four sons that can vote, and your vote will make five. Now, you'll vote for the Republican ticket, and here are eleven dollars for you." "All right, boss," said Sam, with a grin, taking the money. "We'll all be on hand, huh." Then the Democratic heeler found Sam and said: "Sam, you and your boys all vote the Democratic ticket, and here are seven dollars for you. But, mind you, you be on hand." "Yaas, huh," said Sam, as he pocketed the boodle, "we'll vote all right, cannell." After the election, being asked how he had voted, he said he had voted the Democratic ticket. "But," said the other, "didn't the Republicans give you eleven dollars to vote their way, while the Democrats gave you only seven? You ought to have voted for the party that gave you the most money." "No, sah," said Sam. "You see, the 'Publicans offer de mos' money, an' dey is de mos' corrupter. I votes for de least corrupter."—Argonaut.

Sir Ernest Shackleton has been inundated with applications for places in his new expedition, which has for its object the crossing of the Antarctic continent. It involves a journey of 1,700 miles without the possibility of renewing supplies at any pre-established stations. On this account it will be one of the most adventurous of enterprises, since until the travelers reach the pole they will pass through an entirely unknown country, if a wilderness of ice and snow can by any stretch of imagination be so called. Nevertheless, daring as is the design and poor the reward, save in honor, thousands are competing for the chance to risk their lives. It has sometimes been said that the British race have lost their relish for deeds of high enterprise. Indeed, the observation has been made that "the reckless Englishmen, who boldly sailed out from their little island to fight the Spanish Armada were long ago exterminated; and an admirably prudent and cautious race has been left behind." This rather superficial judgment can hardly be supported. Though there has been no Spanish Armada to fight, just as formidable difficulties have been faced and overcome in the peaceful exploration of the dark continents. Scott and his comrades were not exceptional, but typical.—Toronto World.

KEPHALDOL BIDS PAIN DEFIANCE

This remedy, new to Canada, though well known in Great Britain and on the Continent, brings to all who are "tos't on the thorny bed of pain" a means of speedy and grateful relief. Kephaldol offers the sufferer from Lumbago, Sciatica, or Rheumatism quick and certain cure, even where the case is of long standing.

No more is it necessary to endure the agony, enforced immobility, backwrenching and exhaustion of Lumbago attacks, the torture of Sciatica-ridden limbs, the cramping grip of Rheumatism. Kephaldol is not only a sure, safe and natural remedy, but an exceptionally prompt-acting cure. Kephaldol may be taken without fear. There is nothing in it to give rise to bad after-effects—nothing to injure the heart or other organs.

Thousands of letters from medical men testify to the wonderful power of Kephaldol to dispel pain and banish agonizing disease. Get a 25c package of Kephaldol tablets yourself and experience these benefits. Kephaldol Limited, 31 Latour street, Montreal.

When Will the Clock Stop Running ???**\$10.00 for the Nearest Guess**

In one of our windows there is a large 8-Day Grandfather's Clock. Make a guess as to the time when it will stop running, and register your guess in the book provided for the purpose on our Main Floor.

Anyone who makes a purchase during this week is entitled to enter this Guessing Competition, and the only condition we make is that the winner will be required to produce a sales check from our store dated during the week ending February 21st.

The window is sealed, so that the clock cannot be tampered with, and everyone has an equal chance of guessing the time when the clock will stop.

GLIMPSES OF OLD QUEBEC

From the Files of the CHRONICLE, February 1814 and 1914.

FORTY YEARS
AGO TODAY

Death of a Well-Known Citizen.

Thirty years ago, in these columns, was chronicled the death at his residence in this city of Henry Dinning, Esq., shipbuilder. The deceased gentleman was the son of our esteemed citizen James Dinning, and accompanied his father to Canada in 1822, having thus resided here for a period of 32 years. Mr. Dinning worked his way into the front ranks of our business community by dint of superior intelligence, perseverance and energy. For years he engaged in shipbuilding in this port and took a deep interest in all matters pertaining to the improvement of the port of Quebec. He was one of the most active members of the Board of Trade and at the time of his demise, was upon the Council of that body. He represented St. Peter's Ward for some years as Councillor and Chamberlain Ward as Alderman, where his extensive ship-building yard is situated.

Mentioned for Mayoralty.

So popular was Mr. Dinning in the two Wards which he respectively represented, that his name was freely mentioned on more than one occasion for Mayor of the city.

LAVIGUEUR & HUTCHINSON,
81-83-85 St. John Street

JAPAN STIRRED BY
NAVAL CORRUPTIONOPPOSITION ARE EXPLOIT-
ING SCANDAL TO DIS-
CREDIT THE MINISTRY.

Tokio, Feb. 16.—Vice-Admiral Koi-ichi Fujii, formerly Japanese naval attaché at Berlin, and Captain Sawasaki have been ordered before a court martial on a charge of bribery in connection with the alleged naval corruption. Admiral Baron Saito, Minister of Marine, made this announcement in the House of Peers today.

Allegations have been made that Admiral Fujii and other officers received illicit commissions for influencing the allotment of Admiralty contracts in favor of a German firm. Both the public prosecutor and a naval commission headed by Admiral Baron Shigetomo Dewa have been conducting inquiries along this line since Feb. 1. As a result of their investigations several other naval officers have been isolated, although definite charges against them have not yet been formulated.

The naval scandal has been used as a weapon by certain Opposition groups in an effort to discredit and overthrow the ministry. Many mass meetings have been held in protest against the government, and riotous scenes have occurred on the floor of the Lower House.

Members of the Diet have been attacked while proceeding to the

A HUNDRED YEARS
AGO TODAY

True Blue.

Under the above heading, a writer in the "Halifax Recorder" gives the following comparison of ships of war of Great Britain and the United States: Many of our readers are, no doubt, informed, that several 74 gun ships are building in the United States but the extraordinary size of these vessels, in reference to their nominal rates, may not be generally known. The mammoth 74 frigate building at Philadelphia, enables me by the length of the tread of the keel to tolerably estimate her full dimensions. The keel of this 74 is 173 feet 3 ins., which exceeds that of the British Queen Charlotte 110. We will now compare the broadsides of the vessels of the two nations:

Broadside of an American 74—
1,620;
Broadside of a British 98—
1,308.

This makes the broadside of an American 74 to that of a British 98 nearly as 5 to 4; yet what British 74, dare decline a combat with an American two-decker? Should the former be defeated, as, without a miracle she would be, what rejoicings on the one side and what bewailings on the other there would be, it does not take an expert at figures to see the mighty difference in force between the two ships. Surely this ought to have been known to our government. There is a story hawked about the States, and which is cast in every Englishman's teeth to the effect that a British commander declared to an American captain, that 18 pounders were as good as 24's. He had a different story to tell after his next encounter with the American captain.

House, and today the Minister of the Interior, Kei Hara, had a narrow escape from injury. Two men leaped into his automobiles in an attempt to assault him, but were seized by detectives. All the parties charge that the others are hiring henchmen to resort to violence.

ATLANTIC LINERS ARE
DELAYED BY STORMS

New York, Feb. 15.—Exceptionally heavy weather at sea has badly delayed a whole fleet of trans-Atlantic liners bound for this port. The Campania from Liverpool, due tomorrow noon, was 514 miles out at 11 o'clock tonight, indicating that she would not dock before Tuesday morning. The Amerika from Hamburg, also due Monday morning, was 460 miles from port at noon and was a day late. The St. Louis from Southampton, out 373 miles at 11 p. m., was another liner a day behind her schedule, as was the Adriatic from Mediterranean ports, 398 miles out at 4 p. m. Many smaller steamers are reported one to two days behind schedule.

SLIT SKIRTS HIS DOOM.

Hungarian General Who Barred Them Has to Retire.

Budapest, Feb. 14.—Gen. Fekete has been relieved voluntarily of the command of the garrison here. The retirement is laid to attacks on him in the press and social circles for his order prohibiting the wives of officers from wearing slit skirts at a ball to have been given recently.

The wives of the officers retaliated on the General by announcing that they would not go to the ball anyhow and it had to be abandoned. The women said they would take orders from the Paris couturiers, but not from a Hungarian General.

PREDICTS REVOLT
IN BRITISH INDIAIF GREAT BRITAIN ENDORSES.
EXCLUSION OF HINDUS
FROM DOMINIONS.

Washington, Feb. 14.—Predictions of "the fiercest revolution the world ever has known" if the British Government approves of the Hindu exclusion policies of its colonies, were made today before the House Immigration Committee by Dr. Sudhindra Bose, a professor in the University of Iowa, during an argument, in which he contended that Hindus were an Aryan people, entitled to naturalization here.

He urged that if the Hindus were to be excluded here a "gentlemen's agreement" be made between the United States and the British Indian government to restrict the immigration.

"A special law excluding Hindus would humiliate us in the eyes of the world. It is not necessary."

"We are a great class of British subjects," said Dr. Bose, "and are entitled to the rights of such a class. International complications may follow an attempt to exclude us."

"The colonies of Great Britain are excluding Hindus," observed Chairman Burnett.

"Then central Government in England has not endorsed such action," replied Dr. Bose.

"If it does it will precipitate the fiercest revolution the world has ever known. The people of India are awakening, and if they are to remain a part of the British Empire something must be done, some solution of this problem arrived at which is more reasonable than any yet suggested."

TRAFFIC IN HONORS
IN GREAT BRITAIN.

Question to be Brought Up in the House of Lords.

London, Feb. 14.—It is expected that revelations of a startling character will be made in the House of Lords next week, when Lord Selborne raises discussion "concerning contributions to party funds and distributions of honors." Lord Charnwood (Radical peer) will propose that in view of persistent allegations implying that contributions to party funds have been considered by Ministers in recommending names to the King for honors. The House would welcome an assurance from the Government that such allegations are untrue and that in view of the actual or possible abuse of party funds in regard to the manner in which they are employed, the House urges the immediate appointment of a Royal Commission to enquire by what amendments of the Corrupt Practice Act such abuses may most effectively be restrained.

DUEL BETWEEN AVIATORS
NOT YET ARRANGED.

Paris, Feb. 15.—A duel between Jules Vedrines, the French aviator, and Rene Quinton, president of the French Aerial League, has not yet been arranged. Vedrines today charged Henry De Jouvanel, editor-in-chief of the Matin, and Count Henri De Lavaulx, the aeronaut, to demand satisfaction from M. Quinton.

Vedrines, who recently flew from Paris to Cairo, arrived here yesterday. His quarrel with M. Quinton arose out of his refusal to give satisfaction to a rival aviator, Henry Roux, who has also flown from Paris to Cairo and who challenged Vedrines to a duel after the latter had struck him. M. Quinton suggested that he do so, but Vedrines replied that while he would not fight Roux, he would fight Quinton as soon as he returned to Paris.

M. Quinton up to present has given no intimation of his intentions with regard to Vedrines' challenge.

LAX METHODS CAUSE

SPREAD OF SMALLPOX

Albany, N.Y., Feb. 15.—Lax methods of dealing with smallpox are responsible for 105 cases of it in Niagara Falls and the spread of the disease to nine more cities and villages within the last week, according to Dr. Lindsay Rudd Williams, deputy commissioner of health. Thirty-nine houses in Niagara are now under quarantine, he said, and twenty-two patients are being cared for in the quarantine hospital.

"Until Dr. Herman J. Biggs, the health commissioner, took charge of the situation," said Dr. Williams, "the lax methods of control had resulted in the spread of the disease to twenty-seven cities and towns. People came and went from Niagara Falls without thought of danger. It takes from sixteen to eighteen days for the disease to develop, consequently isolated cases have appeared in many surrounding localities."

"Within the last week cases have been reported from many towns in the western part of the state. Consulting physicians of the department have visited all these places and diagnosed the cause under suspicion as true cases of smallpox. All these cases have been traced directly to Niagara Falls." The department is waging a campaign against the disease throughout the state, whether or not cases have been reported. Through the newspapers people are being warned that to bring a contagious disease knowingly into a city is a crime and will be prosecuted.

CORN SUPPLANTS
POPPY IN CHINAFIRM ATTITUDE OF GOVERN-
MENT AGAINST OPIUM
BUSINESS TAKING EFFECT.

Amoy, China, Feb. 15.—With the development of civilization along Western lines the isolated province of Fukien is rapidly undergoing important changes. It may soon be imagined that a chunk has been taken out of New England or some other farming region of the United States and laid down in China, for there are increasing evidences that fields once wholly devoted to the poppy will be turned over to potatoes and corn.

Progress has put its foot down on the opium business. Outside of China there are probably few persons who realize how great a blow this action has dealt at a means of sustenance to a province whose resources were already overtaxed to maintain its crowded population. Opium has always brought a good price in local markets and formed an important source of the farmer's revenue. It is small wonder that campaigns against the drug have met with armed resistance.

Sporadic and reckless destruction of fullgrown crops came last year with such a suddenness that farmers were not conscious that the government was in earnest until they saw their entire season's work lost. This year a new method is to be tried. Instead of waiting until the plants are grown and then destroying the crop, the government has served notice that all opium plants will be destroyed as soon as they appear in the field. In many instances the summary destruction of the crop last year caused riot and bloodshed, but the notices this year seem to be convincing farmers that the government means business, and the destruction of the young plants already underway has not caused the strife which resulted last year. The new policy is meeting with the approval of the farmers, and once they see that they must give up the poppy they are turning into indigo, potatoes and corn.

New Spirit of Freedom.

Another change a little less tangible, but none the less marked, is the spirit of freedom. During the revolution, Fukienese men and money were not lacking to do the province's part of the overthrow of the hated Manchu government. But, that accomplished, trusting that a clean government would be organized by the "patriots" who were clamoring for control, the people of Fukien settled down to business, and the general desire has been for peace and quiet.

There are always lawless bands wandering about the country back of Amoy and Foochow. Their numbers vary with local conditions, an unfavorable crop reducing the country people almost to starvation and augmenting the number of outlaws. It was such a band which recently pillaged a village near Chao-an, in the southern part of the province, and was reported to have destroyed the American mission chapel there. While the mission chapel was unharmed, the pillaging illustrates the difficulties with which the local populace must contend. In the Hingwa district about 80 miles from Foochow, the city of Tehwa has been the scene of fresh disturbances and, for the time being, no foreigners are allowed to travel there.

The fact that Fukien is practically isolated from its neighboring provinces, shut in by high mountain ranges, and dependent upon coolies and pack-animals for transport to the interior, has driven the Fukienese to ing directly opposite the province was colonized by Fukienese seafarers long ago, the success of which enterprise has encouraged the merchants to extend their zone of operations until the southern coast of Asia as far as the Malay peninsula, and most of the southern islands are now dotted with Fukienese colonies.

CRAZY ENGLISHMAN
SCARES THE NATIVES

London, Feb. 15.—An extraordinary escapade of Lee Bond, a wealthy man living in Lyndhurst, Hampshire, was reported to the police today. Bond, who is 23 years old, hired a motor car and a chauffeur Saturday afternoon and compelled the driver to make a wild ride of thirty hours duration through the counties of Wiltshire, Dorset, Hampshire and Somerset, holding pistols at the man's back and threatening to shoot if he dared to stop without permission. By similar threats he compelled various farmers in different towns to deliver petrol and other supplies for the motor car without paying for them.

Bond was found tonight in the garden of his residence holding a revolver in each hand. A posse of policemen who had been trailing Bond surrounded and arrested him.

ONTARIO M. P. P. DIES.

Belleville, Ont., Feb. 15.—William R. Dempsey, ex-M.P.P. for Prince Edward county, died suddenly at his home in Ameliasburg. He had been doing some work and entering the house complained of feeling a pain in his arm. He said he felt that he was going to die, then he expired. Heart failure was the cause of death. Deceased, who was 82 years of age, was prominent in military affairs in the county, was a former member of the County Council and an ex-warden. He was elected to the Legislature in 1898.

Halifax, N.S., Feb. 15.—The C. P. R. Liner Empress of Britain arrived here at midnight from Liverpool.

years, and they now feel that they are in a position to make fair and equal terms with their employees, that will put an end to future friction, and enable them to be the masters of their own factories.

Loss Entailed by Difficulty.

The loss in wages and auxiliary issues during the seven weeks the factories were closed, entailed a sacrifice of nearly \$800,000. The loss in wages alone is conservatively computed at \$350,000, not including the closing up of box factories connected with the industry, and the curtailment of the output in the tanneries, that forced a number of men into idleness. Added to this is the consumption of leather in the manufacture of boots and shoes, together with the loss of orders, and output of the various factories, etc. There is also to be considered the depression caused in the grocery, meat and dry goods trade of St. Roch and St. Sauveur, that is computed to reach a large value in these various lines of business. In fact, the tie-up, had the effect of causing a depression in every branch of business in St. Roch, and the amicable settlement reached by the union operators and the manufacturers, will be hailed with great rejoicing by the trade of Quebec.

MINISTER DEPORTED.

Havana, Feb. 15.—Rodolfo Reyes, who was Minister of Justice in President Huerta's cabinet, was aboard the French Line steamer La Navarre, which arrived here today from Vera Cruz. Reyes was under escort of secret service men attached to the Mexican Government and was not permitted to land or communicate with General Felix Diaz. Reyes was allowed to leave Mexico on condition that he would go direct to Europe.

CREW RESCUED FROM
BURNING CABLE SHIP.

Halifax, N.S., Feb. 15.—A wireless from Captain Decarteret of the cable ship Mina, at sea, says: "I have the crew of the schooner Cynthia of Gloucester, abandoned in sinking condition latitude 44.55 north, longitude 56.8 west. The schooner was set on fire, but owing to heavy coat of ice may not burn. She was on port tack with strong south-east wind and going fast to sea. She is a menace to navigation."

FAMOUS OLD HOTEL
DESTROYED BY FIRE.

R. L. Stevenson Wrote "Treasure Island in Its Rooms."

Brielle, N. J., Feb. 15.—The Union House, one of the first buildings erected on the North Jersey Coast, was destroyed by fire early tonight with an estimated loss of \$100,000. The hotel was built over 100 years ago, but had been enlarged to ten times its original size. In one of the rooms Robert Louis Stevenson is said to have written much of "Treasure Island."

NOVA SCOTIA STEEL
AND COAL COMPANY

Montreal, Feb. 16.—The Nova Scotia Steel and Coal Company will hold its annual board meeting here today. The dividends on the preferred and common stock will be declared, and it is understood that the statement to be presented today will show an increase in business over last year. The amount of coal shipped to the St. Lawrence ports from the lower provinces and Newfoundland during the past year was 600,000 tons, the total output being 820,000 tons, or somewhat less than the output of the previous year. The ore shipments from Bell Island, Nfld., amounted to 622,537 tons, against 500,000 tons the year before. About 160,000 tons were used at the company's plant.

QUEBEC WON OUT IN VERY EXCITING OVERTIME PLAY

Wanderers, at Full Strength, Forced Stanley Cup Holders to go the Limit In Evenly Contested Game--Mumery Did Great Work

N. H. A. STANDING.

	W.	L.	For	Ag't.
Canadiens	10	5	70	47
Toronto	10	5	72	49
Ottawa	9	6	52	48
Quebec	8	7	72	59
Wanderers	4	11	61	94
Ontario	4	11	55	86

Wanderers threw an awful scare into the camp of the Quebec team at the arena here Saturday, when they forced the home aggregation to go over seven minutes of overtime before the winning goal was scored by Tommy Smith for Quebec.

The game was full of spectacular rushes and from early in the opening period, play was of a nature to keep the spectators on edge. All breathed a great sigh of relief when the winning goal was scored; for the Wanderers were going strong enough to make the fans very doubtful as to Quebec's chances of victory.

Wanderers showing was not a surprise for with the return of their injured players to the game it was expected that they would force Quebec to go the limit, but the issue on Saturday was of much too close a nature to suit all the spectators.

Wanderers Score Goal for Quebec.

The most unusual part of the exhibition was the goal scored by a Wanderer player in trying to clear the puck from the visitor's goals. The rubber appeared to have touched the inside of one of the posts of the Wanderers' goal and umpire D. Giffin raised his hand. Referee Pulford was convinced that the puck went inside the goal posts for he refused to overrule the goal umpire, although Wanderers raised objections.

Quebec played in good form for most of the game, and on the performance, they would have had a better break had they not missed the open net a few times.

The game was one of the fastest and the most keenly-contested of the season. There was little to choose between the teams at any time. Wanderers had it on the home side in team play, but this was off-set by the sensational work of Paddy Moran in goals and the star performance of Harry Mumery on the defence and on the attack also.

Mumery Plays Great Game.

Mumery played about the best game on Quebec ice since joining the champions last year. His blocking and rushing figured prominently in the home team's victory, two of their goals having been scored by him. Joe Malone came back on the forward line and, although he was not at his old position at centre, he got in some nice work on the wind and checked back. Jack Marks replaced him in the second period.

Tommy Smith was about the most effective on the forward line. He could have passed a little oftener than he did, though Tommy is falling

into line with the other Quebec forwards now and is trying his hand at the checking back game. So long as he does this, there is little chance of the officials fining him for loafing.

Wanderers' Four-man Defence.

Wanderers' four-man defence system seemed to puzzle the locals not a little, it being very difficult for any one player to get through unassisted. When Quebec did try combination a number of the passes were away off. These were called back by the officials and other passes made when the home players were too close to one another were useless.

"Rusy" Crawford played an effective game on the line and when he was not taking part in some rush he helped out the defence by dropping back. Joe Hall played a good defensive game one of his rushes resulted in a goal. Jack Marks, who replaced Joe Malone in the second period, worked hard but was unlucky in not being able to register a goal, coming close to it several times.

"Goldie" Prodigar was sent out to replace Joe Hall on the Quebec defence in the final twenty. "Goldie" was so anxious to do something "big" at the critical stage of the game, when he came on, that he could not get started.

In the overtime session, Quebec settled down, which was about the only time during the evening that they had the advantage over their rivals, the latter showing the effect of the game more.

It was evident throughout the contest that no bad feelings existed between the players of the opposing teams, for there was little, if any, rough work. Only one major foul was imposed, Odie Cleghorn drawing this one for cross-checking Joe Malone. Seventeen minor fouls were handed out netting the N. H. A. treasury \$34. The total amount collected during the game was \$39. Twenty dollars of this amount was chalked up against Quebec players and the balance against Wanderer men.

The Play.

Quebec drew the play to Wanderers for a while and the visitors came back and had the rubber in the home team's territory. At times the blue and whites were a little slow in clearing. After seven minutes of play, Wanderers netted the first goal, S. Cleghorn taking the puck down and passing to Hyland. Joe Malone evened up the count a minute later, scoring on a rebound. Kendall put his team in the lead a minute and fifteen seconds later, and Hyland followed this up making it three to one for his team. Smith rushed after the face off and worked right in, but he could not connect. He scored a little later on an off-side and it did not count. Mumery got spilled a few minutes later and he was badly shaken up. On a face-off Crawford registered Quebec's second goal. Smith worked his way right through the Wanderer defence, but Nicholson ran out and saved a sure goal. Crawford tried his hand next, but was not successful. Joe Hall came up and

took a long shot, which fooled Nicholson and tied the score and the period finished three all.

Second Period

Marks replaced Malone on the Quebec forward line, and Warwick relieved Nicholson in the Wanderer goals. Shortly after play had been in progress, Smith nearly scored on a face-off. Roberts after coming the whole length of the rink hedged in from the side on Quebec goals, no one going to meet him, and he put his team in the lead in 1 minute and 30 seconds. Play continued at a fast clip for ten minutes, each team having about an equal share until Mumery registered on a long shot. The next goal went to Wanderers, when S. Cleghorn brought it down and passed to Kendall who scored in 2:58. Twenty seconds later Quebec evened the count again and the period closed five to five. Both goalers were called upon to make some difficult saves which they did in good style.

Third Period

The teams took the ice for the final twenty minutes with the same men in the line-up as the second session. At the outset each team had about an equal break in the play until a little over five minutes of the period elapsed when, in trying to clear the puck from the mouth of Wanderer's goals, Odie Cleghorn shoved the disc against the inside of one of the goal posts. As Smith was the last Quebec man to touch the rubber he was credited with the disputed goal. Before the next goal was scored by Roberts in 10:40 for Wanderers, Malone relieved Smith. Quebec made another change at this stage Prodigar replacing Hall. Odie Cleghorn was given a major and ruled off for five minutes towards the end of the period for cross-checking Malone. Art Ross replaced him. Ross is not the dashing Ross of old. He seemed slow and was not effective for the short time he was on the ice.

The bell announcing the expiration of the sixty minutes was rung; the teams tied, six all.

Overtime

Smith came back and Malone went off. Ross was warned shortly after the extra session had commenced for heavy checking. When O. Cleghorn's five minutes had expired, two or three minutes in the overtime period, he relieved Ross. In the overtime period Quebec had a clear advantage over their rivals, but it was not until 7 minutes and 15 seconds that Smith got his passage through the Wanderer defence for the winning goal.

The bright star in the Wanderer line-up was Odie Cleghorn, although he had very little on his brother, Sprague, Roberts, Hyland, Kendall or Warwick the goaler who did excellently in the poles in place of Nicholson, who seemed to be in for one of his off-nights.

Line-up:

Wanderers	Quebec
Nicholson	Moran
S. Cleghorn	Mumery
O. Cleghorn	Hall
Kendall	Smith
Hyland	Crawford
Roberts	Malone

Referee: Harvey Pulford, Ottawa; Judge of play, H. Westwick, Ottawa.

Summary:

First period:	
1-Wanderer, Hyland	7.00
2-Quebec, Malone	1.00
3-Wanderer, Kendall	1.15
4-Wanderer, Hyland	0.45
5-Quebec, Crawford	4.15
6-Quebec, Hall	5.10
Second period:	
7-Wanderer, Roberts	1.30
8-Quebec, Mumery	10.15
9-Wanderer, Kendall	2.58
10-Quebec, Mumery	0.20
Third period:	
11-Quebec, Smith	5.20
12-Wanderer, Roberts	10.40
Overtime:	
13-Quebec, Smith	7.15

Penalties:

Wanderer: Hyland 1 minor; Nicholson 1 minor; Roberts, O. Cleghorn, Warwick, 1 minor; O. Cleghorn, 1 minor; Ross, 1 minor; O. Cleghorn 1 major, ruled off for five minutes.
Quebec: Mumery, Hall, Marks, Moran, Smith, each one minor; Hall, Smith 1 minor Marks 2 minors.

DUBEAU, STAGGERING FROM EXHAUSTION, SCORES ONLY GO:1

Canadiens Trim Ottawa in Overtime at Montreal—Players Dropped in Their Tracks.

ROUGHNESS IS FEATURE

"Never Mind the Puck, Get the Man," Was the Instruction Given to the Senators.

Montreal, Feb. 15—With players dropping in their tracks, some from exhaustion and others from rough play, the Canadiens and Ottawa struggled for nearly seven minutes overtime in their scheduled National Hockey Association fixture at the Arena on Saturday night before the flying Frenchmen earned the decision by a single goal. To Dubeau, staggering from exhaustion, goes the honor of scoring the only goal of one of the most gruelling contests ever witnessed in the history of hockey in Montreal.

The play was marked by more rough tactics than any witnessed in Montreal in years. The penalty sheet showed \$89, one of the largest amounts ever collected by the N. H. A., more than half being against the Ottawa team.

Being coached to "get the man, never mind the puck," Ottawa players threw away many opportunities in an effort to carry out their instructions. Lesueur's spectacular work in the nets saved his club time and again.

Gerard drew three majors for persistently going after Lalonde, who will likely be out of the game for the remainder of the season, suffering from a badly dislocated shoulder. Broadbent deliberately cut Payan over the head, and each was given a match penalty.

Gardner had his right knee badly hurt from a bad check. Lavolette was injured by coming in contact with the fence.

The attendance was 6,800.

Canadiens

Goal.	Ottawa.
Vezina	Lesueur
Dubeau	Shore
Lavolette	Merrill
D. Smith	Gerard
Lalonde	Darragh
Gardner	Broadbent

Changes:

First period: Ronan for Gerard; Scott for Lalonde; Gerard for Ronan; Ronan for Gerard; Scott for Lavolette.

Second period: Gerard for Ronan; Duford for Broadbent; Berlinguette for Scott; Payan for D. Smith; Ronan for Gerard; Smith for Lalonde.

Third period: Scott for D. Smith; Berlinguette for Gardner; Graham for Broadbent; Duford for Darragh; J. Gardner for Berlinguette; Scott for D. Smith; Payan for Scott; Smith for Payan.

Penalties:

Ottawa: Darragh, 2 minors, \$4; E. Gerard, 2 minors, 3 majors, \$22; P. Broadbent, 3 minors, 1 major, and 1 match, \$24; Ronan, 1 major, \$3. Total 7 minors, 5 majors, 1 match—\$53. Shore and Merrill warned.

Canadiens: Lalonde, 1 major, \$3; D. Smith, 2 minors, 1 major, \$7; Payan, 1 major, 1 match, \$15; Scott, 1 minor, 1 major, \$5; Gardner, 3 minors \$6. Total—6 minors, 3 majors, and 1 match—\$36.

The summary:

First Period. No score. Second Period. No score. Third Period. No score. Extra Period. 1-Canadiens, Dubeau

Referee: Dr. W. G. Wood. Judge of Play: Riley Hern.

NEW EDINBURGH EASY FOR WINNIPEG VICTORIES

Winnipeg, Feb. 15—Outclassed in every department of the game, the New Edinburgh hockey team of Ottawa proved easy prey for the Winnipeg Victorias here last night in an exhibition game. The score was 14 to 3 and just about explains the relative merits of the teams. The Ottawa bunch are a young crowd and could not cope successfully with the speed and better all-round play of the more experienced Winnipeggers.

TIE HOCKEY GAME AT ST. ROMUALD.

The Canadian Independent team and the Young Vancouver seven played a tie hockey match at St. Romuald yesterday afternoon, the final score being two to two. The contest became a bit rough in the final period. The teams were:—

Goal.	Can. Ind.
Villeneuve	A. Roy
Demers	A. Savard
Marier	Pouliot
Pichette	Gagnon
Emond	W. Turgeon
A. Marier	A. Cote
H. Laberge	A. Gingras

TORONTOS WIN FROM ONTARIOS

HEBERT'S WORK IN GOAL WAS THE FEATURE—McDONALD SCORES.

Toronto, Feb. 15—Torontos won from Ontarios in the National Hockey Association game here Saturday night by 3 to 1. Sammy Hebert's good work in goal for the Ontarios was the outstanding feature of the game. He received a cut three inches long on the left side of the face by the puck which had been deflected from its course. Notwithstanding his wound Hebert resumed play as soon as it was stitched up.

Torontos won because their shots were made from closer in, while the Ontarios were forced to shoot from outside the defence, or from an awkward angle.

Ontarios.

Goal.	Torontos.
Hebert	Holmes
McNamara	Marshall
Lake	Cameron
McDonald	Harriston
Lowrey	Walker
Doherty	Davidson

Referee: Leo Dandurand; judge of play, H. Sproule.

Substitutes: Toronto: Wilson, McGiffin. Ontario: Creighton.

Summary: First period: 1-Torontos...Davidson ... 6.00 2-Ontarios...McDonald ... 6.00

Second period: 3-Torontos...Davidson ... 15.00

Third period: 4-Torontos...Cameron ... 13.00

CLEVELAND AFTER FEDERAL FRANCHISE.

Cleveland, Ohio, Feb. 15—James A. Gilmore, President of the Federal League, and E. E. Gates, Secretary of the League, held a conference lasting all the afternoon today with M. F. Bramley, who hopes to secure a Federal League franchise for Cleveland.

At the close of the meeting Gilmore declined to discuss the possibilities of Cleveland holding a Federal League berth this year, but he would not emphatically deny that it would.

VANCOUVER PLAYER UNDERGOES OPERATION

Vancouver, B.C., Feb. 15—Si Griffiths, star defence player of the Vancouver Hockey Club, will probably be out of the game for the remainder of the season as the result of an injury to his right ankle, suffered in a recent game. Inflammation set in and the big player was hustled off to the hospital on Saturday to undergo an operation. It is not likely he will play again this season. Vancouver and Victoria meet here on Tuesday and the Capitals have a chance to grab the championship. As it now stands Victoria must lose all the remaining games and Vancouver win the string to give the Millionaire the title.

SKATING CHAMPION.

Christiania, Norway, Feb. 15—Oscar Mathiesen, the Norwegian champion, won the skating championship of the world at the international meeting held at Frogner, near Christiania, yesterday and today. Mathiesen captured the 500 metres in 47-7-10 seconds; the 15 metres in 2 minutes 26-1-10 seconds, and the 5,000 metres in 9 minutes 20-3-5 seconds.

The Russian Ippolitov won the 10,000 metres in 18 minutes 47-3-5 seconds.

Owing to the unfavorable conditions no new records were established. The king was among the spectators.

INDOOR TENNIS AT NEW YORK.

New York, Feb. 14—Lively play in the singles and doubles of the National Indoor Lawn Tennis championship tournament today on the courts of the Seventh Regiment Armory, resulted in a surprise and an upset.

Dr. William Rosenbaum created the surprise by beating George Aranyi, of France, 6-2, 6-4, and A. S. Cragin scored the upset by beating W. C. Grant, the former champion, at 3-6, 6-4, 6-2.

In addition to the players named three others reached the round before the semi-finals, as B. M. Phillips beat C. J. Post 7-5, 8-6; J. S. Cushman beat B. W. Stair, 3-6, 6-4, 6-2, and A. M. Lovibond beat G. A. L. Dionne 2-6, 6-0, 6-2.

Defaults were plentiful in the doubles. The rest of the matches decided in the first round was that in which Karl Behr and B. S. Prentice, a combination of Yale and Harvard, beat G. S. Moore Jr., and R. K. Tomlin Jr., 6-3, 4-6, 6-2.

In the second round Counts Otto and Alexander Salm Hoogstraen, the Austrians, defeated G. J. Steinacher and Dr. J. W. Travell 6-2, 8-10, 13-11. Grant and Shafer, the champions, won easily, and F. B. Alexander and T. R. Pell took a default.

McGILL TRIMS VARSITY IN BASKETBALL.

Montreal, Feb. 15—The McGill basketball team placed itself on even terms with Varsity in the race for the inter-collegiate championship honors on Saturday afternoon, when they defeated the Toronto students by a score of 23 to 18. The game was one of the fastest exhibitions seen here in some time.

Give him BOVRIL

Bovril is a combination of the stimulating extractives with the nourishing and strengthening constituents of beef. It is a wonderfully warming winter beverage. It builds up the weak constitution and strengthens the strong one; it guards against colds, chills and influenza.

Directions on every bottle.

LAURENTIDES LOSE AT SHAWINIGAN

LOCAL INTER-PROVINCIAL TEAM WERE DEFEATED AT SHAWINIGAN FALLS BY A SCORE OF 20 TO 3.

By a score of twenty goals to three Laurentides, of this city, met their defeat at Shawinigan Falls on Saturday night against the Shawinigan seven in a championship fixture of the Inter-provincial League.

Shawinigan had the strongest team of the season and they completely outclassed the Quebec players, who, however, worked valiantly from start to finish. The game was extremely fast and very clean.

The teams lined up as follows:

Laurentides.	Shawinigan
Demers	Lepage
Pouliot	Chemilland
J. Walsh	Bechard
Angers	Perry
E. Roy	Pontbrilland
Gignac	Gouvernement

Simard

In the third period Derouin replaced Angers on Laurentides.

Referees: W. P. McNamara and Decarie.

Umpires: H. O'Dell and J. Dumont. Time-keeper: Dr. Hewet Duchene.

E. Roy scored Laurentides' three goals, one in the first period, and two in the second.

The first period was fairly evenly contested, and ended four to one for Shawinigan. The close of the second period, was ten to three in their favor, and in the last period they slammed in ten straight goals, making the final tally 20 to 3.

TORONTO Y.M.C.A. WIN RELAY RACE

WIN MILE AND HALF-MILE OPEN EVENT AT BALTIMORE.

Baltimore, Feb. 15—The joint annual indoor athletic meet of John's Hopkins University, and Fifth Regiment Maryland National Guard here last night, brought together the largest and best field of contenders that have ever competed in these games.

Athletes of national and international reputation were entered in the various running races, prominent among them being Brock, Canadian champion miler; "Jack Tait, of Toronto and Patterson, of University of Pennsylvania, inter-collegiate champion of America for the 100-yard dash.

University of Virginia, Carlisle Indian School, University of Pennsylvania, Georgetown University, Catholic University and a number of lesser colleges were represented by big squads.

In addition to the number of open handicap events, three South Atlantic Association championships were decided.

The Canadians scored in the one mile relay race and the 880 yards open handicap. The one mile relay race was won by Toronto Y. M. C. A. (Tessier, Brock, Tait, Phillips), from Carlisle Indian School, (Squirrel, Plenty, Guyon). Time 3 minutes, 27-2-5 seconds. Toronto allowed the Indians 40 yards handicap and won by five yards.

In the 880 yards open handicaps, University of Virginia, (four yards), won; second, Tessier, Toronto Y. M. C. A. (five yards); third, Wilson, Baltimore Y. M. C. A. (three yards). Time 2 minutes 4-5 seconds.

University of Virginia won the meet scoring 21 points; Georgetown second with 12 and John's Hopkins University third, with 6 points.

PLAYERS FRATERNITY SURPRISES FEDERALS

New York, Feb. 12—The appearance of the Baseball Players Fraternity as a party to the action of disciplining ball players who violate their contracts or the reserve clause by jumping to the new league, came as a surprise to the Federals, though the National and American League officers said it was not unexpected.

It was intimated by a member of the National Commission that the apparent change of heart by the Fraternity was the result of the action of the commission and of league officials in recognizing so many of the demands at the Cincinnati conference at which a players' committee, led by David Fultz, president of the Fraternity, appeared before the commission.

In other words, it is understood that organized baseball and the Fraternity

WORLD'S RECORD FOR PUTTING SHOT

PATRICK RYAN BEATS MARK SET BY HORGAN—HURDLE RECORD EQUALLED.

New York, Feb. 14—A world's record for the 28-pound shotput with follow—36 feet 8½ inches—was made by Patrick Ryan, unattached; and the world's record for the 75-yard low hurdles—9½ seconds—equalled by John J. Eller, of the Irish-American A. C. at the games of the latter club at Madison Square Garden here tonight.

A new American indoor record was made in the 1,000 yard invitation run for the McAlleman Trophy, Thomas J. Halpin, of the Boston A. A. winning in 2:15, four-fifths of a second better than the record of A. R. Kiviat.

The former world's record in the shotput event was held by Dennis J. Horgan, 36 feet 3 inches.

In the two-mile scratch race, W. J. Kramer, Long Island A. C. defeated Hannes Kolchiaminen of the Irish-American A. C. The time was 9 minutes 18-2-5 seconds. Kiviat dropped out after going a mile and a half.

Cornell defeated Yale in the two-mile inter-collegiate relay race in 7:59 1-5.

ENGLISH LACROSSE TEAM IS COMING

CON JONES HAS MADE ARRANGEMENTS AND WILL FINANCE TRIP.

Vancouver, B.C., Feb. 15—Cabling from London, England, to A. P. Garvey, a local sporting writer, Con Jones, the Vancouver lacrosse official, says all arrangements have been made for the Canadian tour of an English team this summer. The British team will be a representative one and will be accompanied to Canada by H. H. Allingham, who will represent the British Association. The tour will extend over ten weeks, the players arriving in Canada in May. Con Jones will outline the itinerary for the Britishers and arrange his eastern schedule upon his arrival in Montreal on March first from the Old Country. F. O. B. Hawes, Secretary of the British Association will also make the trip. The tour will be financed by the Vancouver magnate.

FAVOR TENNIS CHAMPIONSHIP TOURNAMENT IN NEW YORK

New York, Feb. 13—Count Otto Salm-Hoohstraten, the leading member of the Austrian lawn tennis team was defeated here today in the third round of the national indoor championship tournament at the Seventh Regiment Armory.

He met G. C. Shafer, a one time Princeton-Columbia player who easily took the measure of his opponent in straight sets.

Count Alexander Salm-Hoohstraten, the younger of the brothers, was successful as he defeated Dr. H. R. Mixsell at 6-8, 6-3. G. F. Touchard the playing through champion, won his match easily by scoring 6-4, 6-0 against G. J. Steinacher. George Aranyi, the Frenchman defeated F. Hardeste, 9-7, 6-3. J. S. Cushman beat H. F. Guggenheim, who has been playing in England for three years, in straight sets and A. M. Lovibond, the regimental champion, beat J. G. K. Lawrence 2-6, 6-4, 6-4.

SYNOPSIS OF REGULATIONS

Governing Timber on Dominion Lands in Manitoba, Saskatchewan, Alberta, the Northwest Territories, the Railway Belt in the Province of British Columbia, and the tract of Three and a Half Million Acres, Located by the Government of the Dominion in the Peace River District in the Province of British Columbia.

LICENSES.

A license to cut timber on a tract not exceeding twenty-five square miles in extent may be acquired only at public auction. A rental of \$5.00 per square mile, per annum, is charged on all timber berths excepting those situated west of Yale in the Province of British Columbia on which the rental is at the rate of 5 cents per acre. In addition to rental, dues are charged on the timber cut at the rate set out in section 20 of the regulations.

TIMBER PERMITS AND DUES.

Permits may be granted in the Provinces of Manitoba, Saskatchewan and Alberta, to owners of portable saw mills, to cut over a definitely described tract of land not exceeding one square mile in extent, on payment of dues at the rate of 50c. per thousand feet, B.M. and of a fee at the rate of \$100.00 per square mile for each sawmill.

TIMBER FOR HOMESTEADERS.

Any occupant of a homestead quarter-section having no timber of his own suitable for the purpose may, provided he has not previously been granted free allowance of timber, obtain a free permit to cut the quantity of building and fencing timber set out in Section 50 of the Regulations.

W. W. CORY.
Deputy Minister of the Interior.

SYNOPSIS OF CANADIAN

NO. 12 WESTLAND REGULATIONS

Any person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan, Alberta, the Northwest Territories, or the Railway Belt in the Province of British Columbia, on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years.

A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre.

Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry including the time required to earn homestead patent and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchase homestead in certain districts. Price \$3.00 per acre.

Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY.
Deputy Minister of the Interior.

LAKE ST. LOUIS.
It is the intention of the Marine Department to increase the aids to navigation on Lake St. Louis by improving the Beauharnois range. The height of the lights will be increased, a stronger lighting apparatus will be put in, and at the same time a new range will be constructed at the north end of the lake on permanent concrete piers, in the same alignment as the existing range. The object of this improvement is that vessels, whether bound up or down the lake, may have leading lights for the whole distance, between Lightship No. 12 and gas-buoy No. 100 S., situated where the turn is made for the mouth of the St. Lawrence Canal. The preliminary work in connection with the above additional aid to navigation has already been put in hand.

FINANCIAL

NEW YORK CLOSING LETTER

Received over the private wire of McDougall & Cowan, Stock Brokers, 81 St. Peter St., Quebec. Tel. 246.

New York, Feb. 14.—The market opened dull and prices generally firm and stiffening further during first hour. Steel common was a special feature of strength, selling up to within 3/4 point of its highest level, while amongst the specialties the price of that stock up well above its previous high record. Canadian Pacific, on the other hand, was weak from the start, as were the Rock Island issues, and in the second hour enough stock was offered to cause a general sagging off in prices. Declines were unimportant, however, and only about sufficient to cancel the earlier advances. The net result of the trading left the market as a whole about unchanged on the day.

Total sales, 156,000; bonds, \$1,000,000.

Bank Statement.

Average:

Loans, increase\$8,400,000

Specie, increase 2,300,000

Tenders, increase 694,000

Deposits, decrease 9,952,000

Reserve, increase 4,045,000

Actual:

Loans, increase\$17,250,000

Special, decrease 1,782,000

Legals, increase 1,332,000

Deposits, increase 2,357,000

Reserve, decrease 2,097,550

CLOSING MARKET LETTER.

Received over the private wire of Neuville Belloc & Co., brokers, 93 St. Peter St., Quebec.

New York, Feb. 14.—The market was rather reactionary in tone, trading being light, reflecting the storm.

Steel accounted for a good proportion of the transactions, showing a good tone in sympathy with reports from the iron and steel industry. The Rock Island issues were again weak on liquidation by holders who did not like the talk of a ten dollar assessment. Rumors that the life of the United States representative in Mexico had been threatened had a depressing effect and the situation generally around the border was not liked. Favorable reports from trade circles did not attract much attention, though warranting the good undertone recently displayed in the stock market. Over subscription of the Southern Pacific bond underwriting indicated that cheap funds were still an influence. Further offerings of railroad bonds are expected in the near future and investors will not lack for supply. Pool operations were again in evidence, Central Leather, for instance, continuing its advance. N. Y. C. displayed a better tone on official denial that a reduction in the dividend rate is being considered.

The market is still largely a trader's affair, and speculatively is likely to back and fill for the present. The absorption of the high grade issues, however, prevents much reaction in this direction and is bound ultimately to tell in higher prices. The closing tone was steadier on short covering.

LOCAL INVESTMENT YIELDS

Investment yields, Montreal stocks, compiled by Oswald Brothers, 17 Sault au Matelot, Quebec.

Montreal, Feb. 14.—Under the lead of Laurentide the market was again broad and active. Laurentide, Power and Shawinigan were again the features, Laurentide selling at one time two points over last night's close.

Quebec Railway was again in demand and advanced a point. The Internationals were weak in sympathy with lower prices in New York and London. Tramway-Power was less active, but held its recent advance.

Two sessions of the committee were held. No decision was reached and it was stated by several members of the committee that many more hours will be taken up with debate on the subject.

BREAKS A COLD IN A FEW HOURS

FIRST DOSE OF "PAPE'S COLD COMPOUND" RELIEVES ALL GRIPPE MISERY.

Don't stay stuffed-up! Quit blowing and snuffling! A dose every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

BANK OF ENGLAND.

London, Feb. 14.—Bullion amounting to £15,000 was withdrawn from the Bank of England today for shipment to France, and \$150,000 for Egypt.

KIEFF AGITATED BY NEW "RITUAL MURDER."

Body of Murdered Christian Boy Exhumed Said to Show Marks of Mutilation.

London, Feb. 13.—The Daily Mail prints this despatch from Kieff, Russia: "Another alleged ritual murder is said to have been committed at the small town of Easthoff, forty miles from here.

"A Christian orphan boy living with a Jewish family was murdered two months ago. After the inquest the body was buried, but owing to rumors the remains were exhumed.

"It is stated there were found to be thirteen wounds on the body and the Jewish rite was performed shortly before death.

"The case is expected to create even greater interest than the Belliss affair."

NINE WHISKEYS IN A ROW.

Mrs. Shaw Says Millionaire Husband Drank Them Before Breakfast.

Chicago, Feb. 13.—Mrs. Bessie Harlan Shaw, wife of Robert Shaw, a millionaire, telling of her domestic troubles in the Circuit Court today, testified that her husband often drank eight or nine whiskeys "in a row" before breakfast.

"For seven or eight years," she testified "he was regularly drinking thirty to forty drinks of whiskey a day. I have heard whiskey kills people, but I can hardly believe it now. I made a settlement with him for \$100,000 which he gave me. Shaw is a son of the organizer of the National Biscuit Company.

WOMAN BURNED TO DEATH WHILE VISITING HER SON

Brockville, Ont., Feb. 13.—An inquest was opened tonight on the body of Mrs. Richard Quinn, who was burned to death in the fire which destroyed the house of her son, Peter Quinn, whom she came to visit yesterday from Moscow, a small place near Napanee, Ont. The deceased accidentally upset a lighted lamp. She went to her bedroom to save some personal belongings and returned to find the stairs enveloped in flames. Mrs. Peter Quinn, who with her infant child was the only other occupant, gave the alarm, but assistance arrived too late to save the elder Quinn woman. The charred body was found later in the debris.

Deceased was 58 years of age and had been a life long resident of the district of Napanee. Her husband and three sons survive. Mrs. Peter Quinn had a narrow escape. Her hair was burned off and the baby's clothes scorched.

U. S. TRUST PROBLEM.

Washington, Feb. 13.—Whether to limit the justification of the proposed Inter-State Trade Commission to regulate big business, to corporations of stipulated size is a problem agitating committees of congress in charge of the administration's anti-trust legislative program.

Today the Inter-State Commerce Committee of the Senate, co-operating with members of the House Judiciary Sub-Committee debated proposed amendments which would exclude from jurisdiction of the commission smaller corporations. One amendment would exclude all corporations with less capitalization than \$2,500,000. Another would fix the limitation at a \$5,000,000 capitalization.

Two sessions of the committee were held. No decision was reached and it was stated by several members of the committee that many more hours will be taken up with debate on the subject.

215 ST. JOSEPH STREET & 70 CROWN STREET

WILL MAKE TRIP TO LONELY UNGAVA

ENGLISHMAN IS IN MONTREAL
ARRANGING FOR EXPLORATION IN NORTH QUEBEC.

Montreal, Feb. 15.—Claiming to be the only white man who has crossed the Behring Straits, between Asia and America, on foot, Charles Brouard, of Southsea, England, is in Montreal arranging for an 18-months exploration trip in Ungava.

The hazardous trip across the Straits, he says, took him two days, on November 26 and 27, 1899. He was accompanied by two Eskimos and a dog team of five.

This trip was previously attempted by Harry DeWindt, the globe trotter, who was compelled to remain on the Siberian coast and was rescued by the San Francisco whaler "Belvedere," from an Indian chief who stole his provisions and left him to his own resources.

The distance across the Straits is 98 nautical miles, and the temperature at the time of Mr. Brouard's trip was 35 below zero.

"GABY"

The French company who had such a great success this week at Columbus Hall, will give three other performances Monday, Tuesday, Wednesday evening and matinee of the sentimental comedy-play, "Gaby" by George Thurner, one of the best French dramatic writers of these days. The cast of "Gaby" is the following:

Rendet M. Roman
Jean M. Auvray
Dr. Seguin M. Miral
Joucourt M. Rolland
Laribois et Jerome-Leurs M. Rolland
GABY Mde. DeBussy
Madame Seguin Mde. Borel
Helene Mde. S. Verneuil
Francois M. Rolland
Louis M. Rolland
Seats are now on sale at the Columbus Hall box-office.

BRITISH LEGATION

WAS IN DANGER

Washington, Feb. 14.—The despatch of a small legion guard of marines and machine guns from the British cruiser at Vera Cruz to the legation in Mexico City was ordered only after the State Department had been advised of the plan through the American embassy in London. Threats that the British legation would be made a particular object of attack in the event of a public uprising led to the precautionary measure and it was intimated at the State Department today that Mexican authorities were not only willing but anxious that other diplomatic representatives in Mexico take similar measures.

BERTILLON'S BRAIN ABOVE THE AVERAGE

IT WEIGHED 1,525 GRAMMES AS AGAINST THE ORDINARY MEASURE, 1,360 GRAMMES.

Paris, Feb. 15.—The brain of Alphonse Bertillon, creator of the system of criminal identification which brought him fame, weighed 1,525 grammes. The weight of the brain of the average man is 1,360 grammes. Dr. Leonce Manouvrier, of the College of France, who has made a study of the brains of countless celebrated men, has just completed an examination of Bertillon's brain. He considers the weight all the more remarkable because the organ was shrunken and anaemic from a long and exhausting illness.

U. S. TUG ICEBOUND.

Bonne Bay, Nfld., Feb. 14.—Officers of the United States naval tug Potomac, ice-bound, off here, said today that they had on board 20 tons of coal and food enough for 15 days. Additional supplies were taken over the ice to the Potomac today.

Mariners familiar with ice movements in the Gulf of St. Lawrence, believe it will be necessary to abandon the tug, as the ice is rough and heavy and the chances of saving the vessel are considered uncertain.

QUEENSTOWN

EUCHRED AGAIN

Queenstown, Feb. 15.—The steamship Carmania, from Liverpool for New York, anchored outside the harbor today, the captain declining to enter. The tender did not dare to venture outside, and fifty-one passengers and 1,000 sacks of mail must wait for the Olympic on Thursday.

The Arabic, which arrived about the same time as the Carmania entered the harbor and took her passengers aboard in a comparatively smooth sea.

RACQUET CHAMPIONSHIPS.

Tuxedo Park, N. Y., Feb. 15.—It was East against West for the gold racquet championship title in racquets in the final round today at the Tuxedo Club court. The East won, 3 games to 1. Clarence C. Pell, of the Tuxedo Tennis and Racquet Club defeated C. G. Osborne, of the University Club of Chicago, 15-5, 15-11, 15-17, 15-10, 60 aces to 43. Pell won the open championship of the New York Tennis and Racquet Club two weeks ago and defeated Ernest Greenshield at Montreal a week earlier for the amateur championship of Canada in the final round. He is entered in the national championship at Boston next week.

FIRE KILLS ONE.

Minneapolis, Minn., Feb. 14.—One man lost his life and several others were seriously injured in a fire that today destroyed the six-story building occupied by the Northern Manufacturing Company. To save the life of a girl employed in his department, William P. Howe, aged 70, a shipping clerk, after having himself been assisted out of the building, plunged back and was burned to death. Rose Schultz, for whom Howe lost his life, was carried down the stairs from the third floor, only slightly hurt. The origin of the fire has not been determined. The loss is estimated at \$110,000.

DR. ANNA HOWARD SHAW

BADLY INJURED BY FALL

New York, Feb. 14.—The Rev. Dr. Anna Howard Shaw, president of the National American Woman's Suffrage Association and one of the foremost workers for votes for women in this country, was badly injured when she fell while alighting from a train at a Jersey City railroad terminal late today. She slipped under a car after the train had come to a stop and broke her right leg. An X-ray examination showed that the large bone was fractured and the other bone very badly splintered. Dr. Shaw was removed in a taxicab to the hotel where she lives in this city. She was suffering greatly tonight but her condition was not serious. She is 67 years old, today being her birthday.

TROUBLE IN JAPAN

Tokio, Feb. 14.—Five naval officers, including a rear-admiral, are held in confinement in the Navy Department pending the organization of a court martial in connection with the naval scandals. In the Lower House riotous scenes occurred on the floor today during the discussion of the tax of business. The members of the Opposition employed various methods of obstruction. During the course of the evening, a man not a member of the House entered the committee room and assaulted a member who was taken to a hospital. The man was arrested.

PLANK RETURNS

CONTRACT UNSIGNED.

Philadelphia, Feb. 14.—Eddie Plank, the hero of the final game of last year's world series, when he let New York down with only to his, has returned his contract unsigned to Connie Mack, manager of the champion Athletics.

The veteran pitcher was offered the same salary he received last year, but wants an increase. Connie Mack says he cannot grant the request.

So far as can be learned, Plank has not threatened not to join the club this year, but has simply asked for an increase. Plank is the only member of the champions who is holding out for more money.

Hidden Flavors Brought out by Windsor Table Salt

PERSONAL

Lady Gouin spent the week-end in Montreal.

Mr. I. Prefontaine, of Montreal, is at the Chateau.

Mr. Pierre Hamel was in Three Rivers on Saturday.

Vicount E. de Brecey, of Paris, is a guest at the Chateau.

SMASHES AMERICAN

AVIATION RECORD.

San Diego, Cal., Feb. 14.—Smashing two American records in a spectacular flight covering approximately 246 miles in 272 minutes, Lieut. T. F. Dodd and Sergeant Herbert Marcus of the First Aero Corps, today performed what Captain Arthur S. Cowan, commanding the army aviation camp tonight termed the most finished flight ever made in the United States by either an army or a civilian aviator.

Captain A. S. Cowan, commanding the Aero Corps, said Lieut. Dodd would be credited with both the American endurance and American non-stop distance records.
