LAURIER'S APPEAL FOR TRANSCONTINENTAL IN 1903

To Keep Trade of the Dominion from Being Taken Away by American Railways.

WOULD HAND IT OVER TO THEM IN 1911.

In 1903 Sir Wilfrid Laurier used this language to justify the construction of the National Transcontinental Railway:

"Why this new enterprise? Why this expenditure? Why should Parliament be called upon to assent to such a policy as is here indicated. We ask Parliament to assent to this policy because we believe—nay, we feel certain, and certain beyond a doubt—that in so doing we give voice and expression to a sentiment, a latent but deep sentiment, which is to-day in the mind, and still more in the heart, of every Canadian, that a railway to extend from the shores of the Atlantic Ocean to the shores of the Pacific Ocean, and to be, every inch of it, on Canadian soil, is a national as well as a commercial necessity. That such a road must be built, that it is, in the language which I have used, a national and a commercial necessity, that it is a corollary of our status as a nation, that it is a requisite of our commercial development, is a proposition to which, up to this moment, I have heard no dissent. * * * To those who urge upon us the policy of to-morrow, and to-morrow, to-morrow; to those who tell us, wait, wait, wait; to those who advise us to pause, to consider, to reflect, to calculate and to inquire, our answer is: No, this is not a time for deliberation, this is a time for action. The flood tide is upon us that leads on to fortune; if we let it pass it may never recur again. If we let it pass, the voyage of our national life, bright as it is to-day, will be bound in shallows. We cannot wait, because time does not wait; we cannot wait because, in these days of wonderful development, time lost is doubly lost; we cannot wait because at this moment there is a transformation going on in the conditions of our national life which it would be folly to ignore and a crime to overlook."

"The Prime Minister continued:— 'We consider that it is the duty of all those who sit within these walls by the will of the people to provide immediate means whereby the products of those new settlers may find an exit to the ocean at the least possible cost, and whereby, likewise, a market may be found in this new region for those who toil in the forests, in the fields, in the mines, in the shops of the older provinces. Such is our duty; it is immediate and imperative. It is not for to-morrow, but of this day, of this hour and of this minute. Heaven grant that it be not already too late; heaven grant that whilst we tarry and dispute, the trade of Canada is not deviated to other channels, and that an ever vigilant competitor does not take to himself the trade that properly belongs to those who acknowledge Canada as their native or their adopted land. Upon this question we feel that our position is absolutely safe and secure; we feel that it corresponds to the beating of every Canadian heart. * * * Now, sir, we lay it down as a principle, upon which we are to be judged by friend and foe, that we are to have a transcontinental railway, that its terminus must be in Canadian waters, and that the whole line, every inch of it, must be in Canadian territory. We say further that such a line is a necessity of our commercial independence."

"Eight years ago, says the Toronto News, Sir Wilfrid Laurier considered it necessary to enter upon an expenditure of \$200,000,000 in order that Canada might have a purely Canadian railway, in order that Canadian trade might not be deviated to American channels, and in order that the Dominion might retain its commercial independence. So great, in his opinion, was the need of protecting the trade of the country against diversion to the United States, that he would not hear of delay. In 1911, though the completion of the National Transcontinental Railway still is years ahead, the Prime Minister insists upon forcing through Parliament an arrangement which was secretly made at Washington by two of his colleagues, which strikes a serious blow at inter-provincial trade, and which must turn over to the Hill and other American roads running north and south much traffic that properly belongs to the Canadian east and west roads."

"Years before the United States Government, urged on by Mr. Andrew Carnegie and others, had threatened Canada with withdrawal of the bonding privileges on United States railways, and touching upon this aspect of the case Sir Wilfrid Laurier said: 'The American railways wanted to have certain privileges upon our territory that we were not prepared to give them; and because we would not give them these advantages, because we were not ready to make the soil of Canada, for railway purposes, part of the territory of the United States, again we were threatened with the removal of the bonding privileges. * * * I have found in the short experience during which it has been my privilege and my fortune to be placed at the head of affairs, by the will of the Canadian people, that the best and most effective way to maintain friendship with our American neighbors is to be absolutely independent of them. These are the reasons why we apply to Parliament to give its countenance to the policy which I have outlined, a policy which will give to this new Transcontinental Railway its terminals in our own harbors and an all-Canadian route to reach them."

"Thus we see that in 1903 the Premier was determined upon a vast undertaking to prevent the Canadian West and other Canadian territory being made tributary to United States transportation agencies. He was certain that the best way to get on comfortably with the American people was to preserve our independence of them. May not Liberals and Conservative alike fairly ask how the Government has been led into its present attitude of mind? Why has it abandoned its old ideal of independence of the United States as regards both commerce and transportation? Why is it now so anxious to make Canadian territory tributary to American lines and Canadian prosperity subject to tariff legislation at Washington?"

SIR A. PELLETIER OUT OF DANGER

The Lieut.-Governor Will Return to Quebec Next Week.

Atlantic City, N. J., Feb. 27.—Dr. Walter P. Conway late this afternoon pronounced Sir Alphonse Pelletier, Lieutenant Governor of Quebec, out of danger. The aged statesman is improving steadily. Captain Victor Pelletier, his aide-de-camp, will take Sir Alphonse home next week.

G.N.W.T. CO. AND ITS OPERATORS

Men Being Brought from United States to Replace the Present Employees.

Toronto, Feb. 27.—The truce existing between the G.N.W. and its operators since the death of General Manager McMichael ended abruptly to-day, when the operators learned that the company was bringing in men from the United States to replace those under notice of dismissal. Twelve men leave the company's services to-morrow, seven in Toronto and five in Montreal. A local officer of the union notified the Department of Immigration that men were being engaged in the United States. Specific information was given about one man from Detroit, who was ordered to go to Windsor and there obtain transportation to Toronto. He is said to be at work here now. The Immigration Department replied by letter to the union official that the enforcement of the Alien Labor Law was left entirely to the local courts and the aggrieved parties. The executive committee of the union will meet to-morrow and decide upon a course of action. It is reported that L. M. Carroll, formerly manager of the Western Union Telegraph Company, who arrived here to-day, had been appointed general manager in Mr. McMichael's place. President Dwight to-night denied that Mr. Carroll's presence in the city was in any way connected with the general managership.

LT.-COL. TURNER IS PRESIDENT

Of the Canadian Cavalry Association—Elected at Annual Meeting.

Ottawa, Feb. 27.—The first annual meeting of the Canadian Cavalry Association was held to-day. The officers elected for the coming year were as follows:—Hon. President, Colonel Williams, A.D.C.; President, Lt.-Col. Turner, V.C., D.S.O.; Secretary, Major J. R. Munro, of Ottawa; Treasurer, Lt.-Col. R. M. Courtney, of Ottawa. Lt.-Col. Chadwick, of Toronto, is Vice-President for Ontario and Lt.-Col. J. J. Riley, of Montreal, Vice-President for Quebec.

An address was given on cavalry questions by Col. Williams and on the horse question from a military standpoint by Lt.-Col. Riley. A dinner was given to-night at which most of the members were present. Lt.-Col. Riley presided in the absence of Lt.-Col. Turner, who was at the Paardeberg dinner. The first toast was that to the Secretary, Major Munro, who has been to a large extent responsible for organizing the association. Major Munro has offered a cup to be given to the regiment of cavalry which brings out the largest number of qualified officers to camp next year.

NARROW ESCAPE OF PASSENGERS

Kingston, Ont., Feb. 27.—Sixty passengers had a narrow escape from death in a railway accident at noon to-day at the overhead bridge diamond near Davis' tannery, when the Grand Trunk suburban train collided with the Kingston and Pembroke express. The latter was on time and had the right of way at the diamond. The engine and mail car had cleared the diamond when the suburban crashed into the rear passenger coach, carrying the majority of the passengers. The coach turned over on its side, but all the occupants managed to get out safely. One side of the coach was smashed in, while the cylinder of the engine was also damaged. The passengers in the smoker went to the assistance of the imprisoned ones, and there was great excitement until it was found that none were missing.

G. T. RAILWAY BADLY SLATED

By Chairman of the Railway Commission for High-handed Proceeding.

Toronto, Feb. 27.—Chairman Mabee, of the Dominion Railway Commission, slated the Grand Trunk Railway for high-handed methods in the course of to-day's sitting of the board. A number of applications for expropriation in connection with the Grand Trunk Railway's grade separation scheme through Parkdale were being heard. W. H. Biggar, counsel for the railway, asked for a strip twelve feet wide at the rear of Miles Hotel at the Humber. "Do you propose to break down twelve feet of the buildings and leave Mr. Miles the rest?" asked the chairman.

"They have started already," said Mr. Miles' lawyer. "They have filled the place with their material and dug it up, incidentally breaking the water connection, so there has been no water in the hotel since December 1. They do not really require this property, which is south of the present track, for there are 500 feet available at the north."

"I see no reason," said the chairman to Mr. Biggar, "why you make application when you have already taken possession. We had better dismiss the application, when the Grand Trunk Railway acts in this high-handed manner, and let you work out your own salvation. It is a matter to be fought out in the courts, and I think the hotel has a right to sue for trespass. I cannot understand why people submit to such indignities."

On a suggestion being made that the railway company put up a retaining wall to save the hotel property, Chairman Mabee adjourned the case pending negotiations. "If you don't come to an agreement," he said, "an order will be made which will not be very favorable to the Grand Trunk Railway."

EIGHT-HOUR DAY AND 20CTS. AN HOUR

Are Provisions of Bill to Be Introduced by Labor Member of Ontario.

Toronto, Feb. 27.—An eight-hour day and a minimum wage of 20 cents an hour are the chief provisions of a bill which Allan Studholme, M. P. P., labor member, will introduce in the Legislature. The clause in relation to the eight-hour day is a particularly emphatic one. It would not only make an eight-hour day a legal working day, but it would prohibit employers from requiring or permitting their workmen to work more than eight hours, except in case of extraordinary emergency. Workmen would not be allowed to contract themselves out of the provision for a 20-cent wage per hour. No male, under 18, or female, under 21, should, according to Mr. Studholme, be allowed to work over time. A saving clause is placed in the bill to except agriculture labor and cases where all the persons employed are members of the employer's family. Other clauses would make the measure apply especially to any contracts made by the Government, and would void such contracts if the provisions of the act were not carried out.

THE BISLEY TEAM FOR CORONATION

Will Leave Canada on June 10, to Reach England in Good Time.

Ottawa, Feb. 27.—The Canadian Bisley team will arrive in England in time for the Coronation. It was decided at the meeting of the D.R.A. Council this afternoon that arrangements would be made to give the riflemen a chance to see this great ceremony. Since this takes place on June 22nd the team will sail about the 10th of that month from Montreal. The Bisley matches start early in July.

It was decided that the annual D.R.A. matches would be held at Rockcliffe beginning Monday, August 21st, and last a week.

The Council elected Lt.-Col. Purland, of Montreal, as chairman; Capt. R. J. Birdwhistle was re-elected as Secretary and Major E. D. Sutherland as Treasurer. Lt.-Col. D. R. Street was elected to the executive to succeed Lt.-Col. S. M. Rogers, and Lt.-Col. Ross, of Montreal, succeeds the late Col. Ibbotson. Col. Tilton was re-elected chairman of the executive.

QUEBEC SKATING RINK.

There will be no band at the rink to-night owing to the Mardi-Gras carnival outside.

THE INFORMER IS NOW ACCUSED

Of Assaulting the Insane Patient Who Died in an Asylum.

Poughkeepsie, N. Y., Feb. 27.—Jos. Seery, a patient at the Matteawan State Hospital for the Criminal Insane, told Assistant District Attorney Conger this afternoon that he had seen George Galbraith, an attendant at the institution, brutally assault John J. Nugent, the patient found dead in his room February 3, the day before Nugent died.

It was upon the evidence of Galbraith, given to Judge Hasbrouck Saturday, that Daniel Riley was arrested on a charge of manslaughter in the first degree. Galbraith charged Riley with having wound a pillow slip about Nugent's neck, strangling him, and then throwing him on the bed and jumping on him.

Seery told the Assistant District Attorney that the day before Nugent's death he saw three attendants, Galbraith, Riley and Edw. Masten, taking Nugent upstairs. While Riley had hold of Nugent about the body and Masten had hold of his arms, said Seery, Galbraith, who had released his hold on Nugent, drew back his arm and struck Nugent a terrific blow with his fist.

JEWISH PEOPLE OF TRIPOLI

In a Desperate Plight for Food and Clothing—Infected with Cholera.

Washington, Feb. 27.—The poor Jewish people of Tripoli are in a desperate plight, according to American Consul Wood, who reports to the State Department that there is urgent need for food and clothing for no less than 13,000 Jews, who comprise about one-third of the entire population of the city, crowded together in one quarter, which is now infected with cholera. The consul reported the unusual fact that these people on the African Coast of the Mediterranean actually are suffering from cold, which has thrown many of them out of work and made others unable to assist their friends by reason of the failure of the crops upon which they depend.

Malpèque Oysters

By the barrels from \$9.00 to \$12.00.
By the half barrels, from \$5.00 to \$7.00.

REPAIRING DEPARTMENT

Our repairing department is better equipped than ever it was. We brought out additional workmen from England and Germany, so that we are in a position to handle all kinds of repairs.

Antique Jewellery repaired, refinished and colored almost as good as new.

Old Jewellery remodelled and converted to modern designs. We repair music boxes, cameras, gramophones and all kinds of mechanical instruments. We employ skilled mechanics who are competent to make or repair any part of a chronograph, repeater, stop watch or other complicated watch movement.

We do electro gilding and electro plating. Spoons, Forks, Entree Dishes and Tea Sets replated and burnished like new.

Old gold Jewellery bought or taken in exchange for new.

If your clocks do not keep time telephone 147 and our man will call.

16 Fabrique Street, Quebec

THE QUEBEC CHRONICLE

QUEBEC, FEBRUARY 28, 1911.

THE QUEBEC BRIDGE.

Still another delay in the matter of the Quebec Bridge! Another member of the Commission has resigned. Mr. Graham informs us that the resignation was due to illness, but this is hardly in accordance with the words of Mr. Vautelet himself, and there is evidently another reason which has not been made public as yet.

We are told that it will require several months to replace Mr. Vautelet, and it is now said that it may be another five years before the bridge will be completed.

Yet as long ago as 1896 Sir Wilfrid promised that the two banks would be joined before the next election came round.

If we are rightly informed the Transcontinental will be completed to the Bridge next year. Is it not time that something should be done to provide for ferrying the cars across?

What is the reason for these continued delays? Excuse after excuse is brought forward to delay or postpone action. Is the matter being held back for an election cry? The Liberal party appears sadly in need of such.

POLLUTING THE ST. CHARLES.

Before the adoption of the City Bill a lengthy discussion took place regarding the clause intended to prevent the floating of logs in the St. Charles, and it was argued that this practice tended to pollute the water.

This seems to be a case of straining out a gnat and swallowing a camel. There are various other things far more likely to pollute the water and to be productive of disease than this. For instance, several farms drain into the river, and there are places where houses drain into it also. Then, too, during the summer the cattle pass hours in the shallows with a little regard for etiquette as for the public health.

If the city intends to lay a new main, it would be far better for it to draw the water from one of the lakes higher up and to make such an arrangement as would minimize any danger of pollution.

THE LABOR GAZETTE.

The Labor Gazette, which is brought out by the department of Mr. Mackenzie King, is somewhat of a luxury when it is considered that it costs the country no less than \$27,300, and the revenue last year only amounted to \$1,547. About 16,000 copies are issued monthly. Some 10,000 subscriptions of 20 cents yearly are paid, while the other 6,000 copies are issued to "dead-heads." In addition to this the printing is not done in the Government Printing Bureau, but in the office of an Ottawa Liberal newspaper.

SUPERIOR IMMIGRANTS.

In giving his evidence before the Committee of Agriculture and Colonization in the House of Commons, Mr. W. D. Scott, Superintendent of Immigration, stated that in spite of the augmentation of the restrictive regulations, a large increase has taken place in the number arriving, and gave as a reason for this that many of the most desirable settlers who had held back when they were under the impression that there was an open door through which all might pass, now came when they saw the great care which is being taken in the selection of immigrants.

CROWNING THE KING.

In June, when George V. shall be formally confirmed in his title of King of Great Britain and Ireland and of the dominions beyond the seas and Emperor of India, it is anticipated that there will be something like 2,000,000 strangers in London, drawn thither for the most part by the coronation ceremonies. This fairly indicates the world-wide interest in the event, and it also serves to explain why the preparations for it have already begun, and why they are on such an extensive scale.

The coronation of King Edward in 1902 was carried out with a degree of magnificence that fell short only of the Victorian jubilee, and yet by the great masses of the British people it was taken that Edward's reign would be simply a continuation of that of his illustrious mother. It is recognized on all sides, however, that the accession of George V. meant, in the history of the British Empire, the beginning of an epoch destined to be marked by many and important changes as to methods and usages that have prevailed for centuries. This conviction is strong in the British consciousness to-day.

While certain of these changes are looked forward to with grave solicitude, there is no doubt among the people at large that good must result from them ultimately, and there is no doubt as to the ability of the monarch to perform his part in the solution of pressing problems with discretion and with wisdom. He has not been long enough in intimate touch

with the people to have won from them the same measure of affection they bestowed upon his father. But he has won their respect; and recent events have contributed very largely toward stimulating the desire among all classes of his subjects to exhibit to him their good will in an impressive way.

A STRIKING PROTEST.

It would be hard to find in the political annals of Canada a parallel to the protest of eighteen leading Liberals of Toronto against a measure introduced by the head of that party. The language of the protest, and the character and standing of the men who made it attest to its significance. Sir Edmund Walker is president of the second largest bank in Canada; Sir William Mortimer Clark has recently completed his term of office as Lieutenant-Governor of Ontario. Both these knights received their titles on the recommendation of Sir Wilfrid Laurier, and on the score of their public services. Mr. W. D. Matthews is primarily a grain merchant, but is a director in many trading, industrial and financial corporations, and a former president of the Toronto Board of Trade. Mr. George, one of the leading representatives of Ontario industries, is vice-president of the Sterling Bank. Mr. L. A. Lash is one of the foremost jurists in Canada. He was Deputy Minister of Justice for Canada, from the time of his appointment by the Mackenzie Government until 1882, when he became a law partner of Sir Edward Blake. Mr. Gourlay is now president of the Toronto Board of Trade, and Mr. Somers is the vice-president. Mr. Hugh Blain is a former president, and is, we believe, an ex-Mayor of Toronto. Mr. H. S. Strather is a director and was, we believe, formerly president of the Traders' Bank. Mr. John Eaton is the head of the well-known firm of merchants who carry on a retail trade in several cities and throughout the country. Mr. Matthews, Mr. Eaton and Mr. Christie are directors of the Dominion Bank.

The situation which causes these and other representative Liberal men in the first rank of business men in the city of Toronto to take this action must be considered serious. These memorialists have no desire to discredit the Government or their party. Rather they wish to protect the party leaders from themselves.

A GOVERNMENT WHITEWASH.

There is one aspect of the Monk amendment which may have escaped the notice of some. It might have been designed to create sentiment against the utterances of Champ Clark (though in reality it has tended to allay suspicion), or to annoy the Government by annexation talk. But, when we consider that the text of the amendment followed—almost word for word—an article from the pen of Henri Bourassa, which appeared on the previous day in Le Devoir, it seems evident that the amendment had a somewhat deeper significance than is generally understood.

CROWNING THE KING.

In June, when George V. shall be formally confirmed in his title of King of Great Britain and Ireland and of the dominions beyond the seas and Emperor of India, it is anticipated that there will be something like 2,000,000 strangers in London, drawn thither for the most part by the coronation ceremonies. This fairly indicates the world-wide interest in the event, and it also serves to explain why the preparations for it have already begun, and why they are on such an extensive scale.

CROWNING THE KING.

The coronation of King Edward in 1902 was carried out with a degree of magnificence that fell short only of the Victorian jubilee, and yet by the great masses of the British people it was taken that Edward's reign would be simply a continuation of that of his illustrious mother. It is recognized on all sides, however, that the accession of George V. meant, in the history of the British Empire, the beginning of an epoch destined to be marked by many and important changes as to methods and usages that have prevailed for centuries. This conviction is strong in the British consciousness to-day.

The coronation of King Edward in 1902 was carried out with a degree of magnificence that fell short only of the Victorian jubilee, and yet by the great masses of the British people it was taken that Edward's reign would be simply a continuation of that of his illustrious mother. It is recognized on all sides, however, that the accession of George V. meant, in the history of the British Empire, the beginning of an epoch destined to be marked by many and important changes as to methods and usages that have prevailed for centuries. This conviction is strong in the British consciousness to-day.

While certain of these changes are looked forward to with grave solicitude, there is no doubt among the people at large that good must result from them ultimately, and there is no doubt as to the ability of the monarch to perform his part in the solution of pressing problems with discretion and with wisdom. He has not been long enough in intimate touch

So Mr. Fielding, in accepting Mr. Monk's (Henri Bourassa's) amendment swallowed at one gulp all the castigation and condemnation that had been heaped upon the Nationalists. He gave them a certificate of character, rehabilitated them as loyal subjects, rebaptized them as good Canadians.

15 THOUSAND BEDS DESTROYED BY FIRE

In the Warehouse of Ives, Ltd.,
Montreal—Loss \$150,000.
Firemen Hurt.

Montreal, Feb. 27.—Fifteen thousand beds of various sizes, styles and make, representing a value of approximately \$150,000, were destroyed by fire in the four-story warehouse of the Ives Modern Bedstead Company, Ltd., 117 Queen street, this afternoon. The warehouse is completely gutted, the fire, which originated on the second story, ravaging it clear to the roof.

The ground floor was occupied by the offices of the concern, while the three floors above were given entirely to the storage of manufactured beds.

The fire was a fierce one, due to the fact that the bedsteads in storage were covered with many wrappings of paper, and in some instances with slight wooden slats intended for protection in shipping. This material aided in the spread of the fire.

The building fronts on Queen and William streets, with a lane, which gave an opportunity to attack the fire from three sides, while men were stationed on the roof of the neighboring factories. Crossing Queen street at the upper floor is an iron bridge connecting the storage warehouse with the manufacturing plant. From this coign of vantage several crews worked and poured a series of good streams on the blaze.

Within thirty minutes after the first alarm there were 27 individual streams at work and one water tower. The force for these was supplied by seven steamers of the highest power, some of which can eject 1,400 gallons a minute.

Two firemen were injured during the fire. One came in contact with a live wire while at work on a ladder and was thrown to the ground. He was attended to by the surgeons of Notre Dame Hospital. Another, A. Gauthier, had his hand cut and was also patched up by the surgeons of Notre Dame.

There were several men who received minor cuts.

CONFERENCE OF EASTERN RAILROADS

Held in New York Yesterday.
Discussed the Interstate
Commerce Decision.

New York, Feb. 27.—Only the legal phases of what the Eastern trunk line railroads purpose to do in the face of the decision of the Interstate Commerce Commission, denying increased freight rates, were considered at the general conference held in New York to-day. It was a conference exclusively of general counsel, in which executive heads and bankers, so far as can be learned, took no part. Fifteen attorneys discussed the situation for several hours in the offices of Vice-President A. H. Harris, of the New York Central, who is the head of the legal department of the Central's lines. After the conference Mr. Harris made the following statement:—

"A conference of counsel of some of the Eastern lines was held to-day in the New York Central offices at the Grand Central Terminal for the purpose of considering the freight rate decision handed down by the Interstate Commerce Commission. It was stated that no conclusion was reached as to the course the companies would decide to follow, and might not be for some days."

The abandonment of the original plan to have a meeting of the executive heads was due, it is said, to the fact that the railroad officials desire that their counsel shall first determine the status of their case from a legal standpoint. It is believed that while the discussion to-day hinged upon the question of the constitutionality of the Mann-Elkins Bill, the fifteen attorneys present came to no decision whether the constitutionality of the bill would be attacked.

It is understood that the conferences of the attorneys will continue informally for several days without public announcement of the result of their meetings until it is definitely decided what action is to be taken. Wall Street interprets the change in plans—that is, the abandonment of the general conference idea, which was to have been in the nature of an indignation meeting—to a shift in sentiment. Railroad heads were almost without exception pessimistic when the decision was first made known, but subsequently several approved the ruling, and many powerful financial interests also took this view of optimism.

Those present at the conference to-day included Geo. V. Massey, general counsel of the Pennsylvania Railroad; Edw. D. Robbins, general counsel of the New York, New Haven and Hartford Railroad; Clyde Brown, of counsel for the New York Central lines, who had charge of that corporation's fight for increased freight rates; Hugh Bond, of the Baltimore & Ohio; Geo. Brownell, of the Erie; W. H. Jenney, of the Delaware, Lackawanna and Western; John B. Kerr, of the New York, Ontario and Western; Jackson E. Reynolds, of the Central Railroad of New Jersey.

FISHERMEN SAFE.
St. Petersburg, Feb. 27.—The fishermen who went adrift on an ice floe recently in the Gulf of Finland, have reached Seiskar Island in safety.

Eczema on Leg for 25 Years

I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My own doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, "try them if you like but I do not think they will do any good." At this time my leg was peeling from the knee down, my foot was like a piece of raw flesh and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. After the first two treatments the swelling went down and in two months' use of the Cuticura Remedies my leg was cured and the new skin grown on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use Cuticura for his own patients. But for the Cuticura Remedies I might have lost my life. I am truly grateful for the wonderful cure that Cuticura wrought. I have many grandchildren and they are frequent users of Cuticura and I always recommend it most highly as a sure and economical cure for skin troubles.
(Signed) Mrs. J. B. Renaud,
277, Montcalm St., Montreal.

Cuticura Soap and Ointment

afford the speediest and most economical treatment for affections of the skin and scalp. A single tablet of Cuticura Soap and box of Cuticura Ointment are often sufficient. Sold throughout the world. NOTICE

NOTICE is hereby given that a Special General Meeting of the Shareholders of The Quebec Bank will be held at the Head Office of the Bank, 110 St. Peter Street, in the City of Quebec, at the hour of 12 o'clock noon on the 28th day of February, 1911, for the purpose of considering, and, if deemed advisable, adopting a By-Law increasing the capital of the Bank by the sum of Two Million Five Hundred Thousand Dollars, thus making the total authorized capital Five Million Dollars.

By order of the Board of Directors,
B. B. STEVENSON,
General Manager,
Jan 11/11 Feb 28, 11

City of Quebec

BOARD OF REVISORS.

CITY CLERK'S OFFICE,
CITY HALL,
Quebec, January 5, 1911.

PUBLIC NOTICE is hereby given that the Board of Revisors established by the Act of Incorporation of the City of Quebec and amendments, will meet on Tuesday, the Seventeenth day of January instant (1911), at three o'clock of the afternoon, at the City Hall, in the chamber wherein are held the sittings of the City Council, for the purpose of revising the list of municipal voters and of hearing persons who have made claims concerning the invention or correction or the striking out of the names in the said lists, or their duly constituted attorneys, and will adjourn from day to day, until all the voters' lists are revised and approved of within the delay appointed by law.

No application to have a name added or erased from the said lists shall be received at the City Clerk's Office after four o'clock in the afternoon of the Sixteenth day of January instant (1911).

The Board of Revisors shall commence with Champlain Ward and shall continue with St. Peter, St. Louis, Palace, Montcalm, St. John, Jacques Cartier, St. Roch, St. Valier, St. Sauveur, St. Malo and Limoilou. Wards.
By order,
H. J. B. CHOUINARD,
City Clerk.

NUMBER OF BILLS WERE PASSED

By the House of Assembly—
Very Little Discussion
Except on One.

Two short sittings of the House were held yesterday, and quite a lot of routine business was transacted, several private bills being passed in final reading. At present it is impossible to prophesy when prorogation will take place, but this may happen this week if the Montreal Tramway Co. bill does not come before the House, as was rumored yesterday. In fact, it was stated that some agreement had been arrived at between the city of Montreal and the promoters of the bill, and that a large deputation which was due here from Montreal this morning was not coming down, but would meet Sir Lomer Gouin in Montreal this evening. The House will not sit to-night.

There were quite a number of bills put through their last reading at the afternoon sitting, while amendments made by the Legislative Council to several other bills were agreed to. There was no discussion on any of the bills, with the exception of the bill to amend the charter of La Compagnie du Chemin de fer de Quebec et de l'Isle d'Orleans, which was strongly opposed by Mr. Galipeault, who wanted the bill referred back to the Railway Committee, while Mr. Lavergne supported the measure and was backed up by a very large majority of the House.

Sir Lomer Gouin introduced an act to amend the Quebec Technical School. When the House went into committee progress was reported on the act to amend La Compagnie d'Assurance Mutuelle des Industries.

The following bills were read a third time and passed: To amend the charter of La Compagnie du Chemin de fer de Quebec et de l'Isle d'Orleans; to incorporate the town of La Tuque; to amend the act to incorporate the Saw Mill Mutual Insurance Co. and to change its name to that of the Mercantile Mutual Fire Insurance Company; to declare the petition of the substituted property of the late Dame Mathilde Leclaire final and definite; to incorporate the town of Greenfield Park.

An act respecting the building of the church and sacristy of the parish of St. Stanislas in the city of Montreal.

The House also agreed to the amendment made by the Legislative Council to eleven bills adopted in the Lower House.

The first business in the evening was the considering in committee of the Quebec City bill. The only objection raised was by Mr. Langlois, member for St. Sauveur, who spoke against the clause reducing the number of aldermen, as a similar proposition made in the City Council was defeated a short while ago, and he did not consider that the Legislature should act against the civic representatives.

Mr. Galipeault favored the reduction and considered it ridiculous to have 37 aldermen in a city with a population like Quebec. He still favored another reduction, and if necessary to have good men, they should be remunerated. The bill was finally adopted.

A slight discussion arose on the bill to change the chief place and registry office of the County of Kamouraska and to establish them in the parish of St. Paschal, and the bill will be read a third time to-day.

Progress was reported on the following bill, which will be read a third time to-day:

An act to authorize the sale by Sir Henri Elzeir Taschereau of his rights to the constituted seigniorial rents and the capital of the same in portions of the seigniories of Joliette, Ste. Marie northeast, Ste. Marie southwest and St. Joseph northeast, in the district of Beauce and of all his rights in the said seigniories.

Mr. Bernard was informed that Hon. Alexander Chauveau was appointed Judge of the Sessions of the Peace, on the 16th January, 1880, at a salary of \$2,400, but beside his salary he received indemnities as license commissioner at \$200 a year from 1880 to 1888, from April 1, 1888, to August 31, 1896, \$250 a year, and from September 1, 1896, to June 30, 1903, \$1,000 a year. His salary was increased to \$3,000 on July 1, 1887, and to \$4,000 on July 1, 1903, but he then ceased to draw indemnity as license commissioner.

Hon. Mr. Taschereau informed Mr. Bernard that Mr. Ernest Gagnon was appointed an employee in the Public Works Department on May 1, 1876, at \$1,200. His salary was subsequently increased to \$1,400 and later on to \$1,600.

Mr. Gault was informed that the Government had taken cognizance of an article in the Montreal Daily Star of February 14 entitled "Fines not going into the pockets of the Government" and the Government would take action in the matter if the parties who gave the information to the Star would only give the Government the names of the parties referred to.

Mr. Lafontaine (Maskinonge) asked for an order of the House for all correspondence with respect to the construction of an iron bridge over the River du Loup (en haut) and also for the production of all correspondence between the Government and the board of directors of the Mutual Assurance Company of the County of Maskinonge. Mr. Lafontaine spoke at length on both motions, which was finally adopted.

The following bills were read a second time—An act respecting bakers and the making of bread in rural municipalities; an act to amend the Civil Code; an act respecting the annexation of a portion of the township of Wexford to the County of Montreal for all purposes; an act to validate certain sales by authority of justice in

the Island of Montreal; an act to amend article 6992 of the Revised Statutes, 1909, with respect to electric light and power companies; an act to amend the Municipal Code respecting the redemption of constituted rents; an act to amend the Revised Statutes, 1909, respecting expropriation in connection with the building of churches and rectories.

The House adjourned at 10.30.

Shipping News

QUEBEC STEAMSHIP CO.

Steamer Bermudian, from Bermuda at noon last Saturday, arrived at New York at 8 a.m. yesterday.

CREW FROZEN TO DEATH.

London, Feb. 27.—An Odessa despatch received here to-day states that a tragedy of the sea has been revealed in the discovery in the Caspian Sea of a derelict vessel. The whole crew, numbering 34, had been frozen to death. The ship was a mass of ice.

TEN LIVES LOST.

Cushaw, Germany, Feb. 27.—The fishing steamer Senator Strack was sunk in the North Sea during last week's storm. The crew of 10 perished.

VICTORIA SCHOOL CADETS.

Children's Scalp Sores are Healed by Zam-Buk.

Mothers are well aware how frequently children contract scalp sores, ringworm, etc., at school. Some little sufferer is sent to school with a sore of this nature. At play, the children change caps, and right there the infection is spread—the damage done.

Some children are particularly liable to scalp sores, etc., and often these break out with annoying frequency. Such a case was that of the daughter of Mrs. Albert Gaidike, of 485 Amherst street, Montreal. Mrs. Gaidike says: "My little three-year-old daughter suffered frequently from scalp disease, and try as we would, we could not rid the little one of this. We tried everything we could think of, but failed to effect a cure, until we were advised to try Zam-Buk. This balm seemed entirely different to anything we had ever tried before, and from first applying it there was a marked improvement. The sores became less inflamed and less irritable. After a few days, they ceased to trouble the child; and in less than a fortnight from first commencing with Zam-Buk, they were completely healed. In view of these facts I feel it my duty to let mothers know how beneficial Zam-Buk is."

There is no doubt that for scalp sores, ringworm, ulcers, abscesses, cold cracks, chapped hands, frost bite and similar sores, Zam-Buk is absolutely without equal. It is just as good for piles, varicose sores, poisoned wounds, cuts, burns and scalds. Rubbed well in over the affected part, it cures rheumatism, sciatica, etc., etc., and rubbed into the chest it relieves the tightness and feeling of weight due to contracting a bad cold. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for price. Refuse imitations.

CLOSE FINISHES WERE FEATURES

At Moncrief—Three Favorites
and Two Second Choices
Among Winners.

Jacksonville, Fla., Feb. 27.—A well-balanced field and close finishes featured the Moncrief card to-day. Three favorites and two second choices accounted for the six races.

The feature race, a handicap at a mile and a sixteenth, was won by Bob R., who came from behind and in the stretch out-gamed Aylmer, after a grueling drive.

Restful Sleep Restored

"Duffy's Pure Malt Whiskey is far superior to all else as a strengthener and health builder for the aged, weak and sickly," says Mr. D. F. Sibert, 81 years of age but hale and hearty.

He writes: "I am 81 years old and have suffered a great deal with indigestion and kidney trouble. These troubles were entirely overcome by Duffy's Pure Malt Whiskey. It also induces sleep. I find Duffy's Pure Malt Whiskey far superior to all else, and while I am greatly opposed to taking spirits as thousands do, I will always use Duffy's Pure Malt Whiskey, be benefited and attain a clear conscience by taking it as a medicine as prescribed." D. F. Sibert, Scotland, Archer Co., Texas.

Duffy's Pure Malt Whiskey

as a renewer of youth and tonic stimulant is one of the greatest strength-givers known to science. It is a wonderful remedy in the prevention and cure of consumption, pneumonia, grippe, bronchitis, coughs, colds, asthma, malaria, low fevers, stomach troubles and all wasting, weakened conditions, taken in time and as directed.

All grocers and liquor dealers, or direct, \$1.25 a large bottle. Refuse substitutes and imitations; they are impure and dangerous. Send for medical booklet and doctor's advice, both sent free.

The Duffy Malt Whiskey Co., Rochester, N.Y.

Correspondence

THE SMOKE NUISANCE.

Editor of the Chronicle:—

Sir—It is a beautiful bright day. "Whilst every prospect pleases, man only is vile," for a black pall hangs over "the city set on a hill," concealing, under a shroud of smoky fog, one of the fairest landscapes in the world. Dense and foul soot cloud smoke is pouring out of some half dozen chimneys, wafting sooty clouds across the cherished lanes of already historic interest, and besmearing costly structures of some architectural and considerable artistic merit.

This evil is practically of recent growth; but a few years of it will, owing to the negligence of some and cupidity of others, be the cause of the disfigurement of the whole city.

The following extract from a recent overseas newspaper may show what havoc can be wrought, even on so modern a building as the British Houses of Parliament, and suggest to the "offenders" the use of "consumers," or to the authorities the application of the by-law:—

"Our ancient edifices are simply rotting away because of the effect of sulphuric acid. I have broken lamps as big as my fist from Westminster Abbey simply by catching hold of them. The Houses of Parliament are crumbling."

Dr. J. Owens made this startling statement at a meeting over which Sir W. B. Richmond, R.A., presided, in connection with the British Institute of Social Service and the Coal Smoke Abatement Society, which does its best to fight the harm caused by smoke.

Yours truly,

TRANS-FLUVIUM.

February 25, 1911.

CATHEDRAL OF THE HOLY TRINITY.

The first day of Lent, Ash Wednesday, will be observed as a "Quiet Day" of Devotion. Services will be held at 7.30 a.m., 9.30 a.m., 11 a.m., 3 p.m., 5 p.m. and 8 p.m. The Right Rev. Walter Farrar, D.D., will conduct the "Quiet Day" and deliver four addresses.

A special series of services for men only will be held in the Cathedral this Lent, and several distinguished preachers have been secured to address the men. The first of these services will be held on Thursday next at 8 p.m., and the Rev. A. P. Shafroff, of Montreal, will be the preacher. Subject, "The Gambling Spirit." We here give a full list of the services for men:

At 8 p.m.

March 2nd, Thursday.

Rev. A. P. Shafroff (Montreal).

March 10th, Friday.

Rev. H. M. Little (Westmount).

March 17th, Friday.

Rev. H. R. Bagg (Three Rivers).

March 24th, Friday.

Rev. R. W. Norwood (Montreal).

March 31st, Friday.

Rev. J. Paterson Smyth (Montreal).

April 7th, Friday.

Rev. A. H. Moore (Stanstead).

"The Needs, Substance and Requirements of the Faith."

STARTLING RESULT
OF DOING OVER

Of Valuable Pictures Under
Orders of the Police
in Albany.

Albany, Feb. 27.—As a result of the efforts of Rev. J. A. McCuaig, a well-known purist, who recently made a tour through Albany's underworld, valuable oil paintings in a local saloon have been "done over" to conform with the rules of decorum and the mandates of the police. When the owner of the pictures was informed by officers Saturday that his paintings must be either "draped or removed" by to-day, he hired an artist and put him to work. The result was startling. "Diana at the Bath," said to have been valued at \$10,000, is no longer shocking. Diana herself has been clad in a bathing suit of brilliant hue, while her attendants wear suits of rainbow varieties. The man in the painting appears in a convict garb, wears a silk hat and smokes a pipe.

Another valuable work, "The Awakening of Adam," has been "done over" so that Eve wears a suit of blue pajamas and Adam a pair of overalls. Both have on boxing gloves.

THE DAMMING OF
THE ST. LAWRENCE

At Long Sault Rapids—Corre-
spondence with Regard
to the Matter.

Ottawa, Feb. 27.—The correspondence between the Canadian Government and the British Ambassador at Washington, respecting the bill before the United States Congress to permit the Long Sault Development Company to dam the St. Lawrence river at the Long Sault Rapids was brought down in the form of a return by Sir Wilfrid Laurier in the House to-day. The cabinet committee discussed the situation on January 11 last and decided to make representations based upon an order-in-council citing that "the waters of the St. Lawrence River at the place in question are boundary waters within the meaning of the preliminary article of the boundary convention of January, 1909, and that by Article 3 of the said convention it is agreed that no obstruction or diversion, whether temporary or permanent, of boundary waters on either side of the line affecting the natural level or flow of boundary waters on the other side of the line shall be made except by authority of the United States or Canada within their respective jurisdictions and with the approval of the international joint commission."

Sir Wilfrid telegraphed to Ambassador Bryce, asking the latter to obtain a postponement of action on the bill. This bill, however, defeated in the House of Representatives and another was introduced in its stead in the United States Senate. Respecting this second proposed measure, Earl Grey wrote to the Ambassador on Feb. 11, and after citing the Ashburton treaty and the treaty of 1909, said that the Canadian ministers objected to the obstruction of the main channel of the river because that channel had always been open to navigation, because the scenic beauty of the river would be marred and because the level of the waters on the Canadian side would be altered. My advisers, he continued, desire you to urge that the clauses in the bill now before Congress relating to the above subject, which provide for any works other than in the South Sault Channel, shall be entirely omitted from the bill.

Mr. Bryce replied on Feb. 13th that the promoters of the bill had suggested an amendment requiring that before any works were commenced in the South Sault Channel, the plans should be sanctioned by the International Joint Commission, and that before works other than in the South Sault Channel were begun the approval of the proper authorities in the Dominion of Canada should be obtained. It was also stated that the promoters of the bill might be willing to fix the term of the franchise they sought at 65 instead of 99 years. Earl Grey replied to Ambassador Bryce, "Suggested amendment would considerably improve the bill as it now stands, but ministers still adhere to the position taken by them in my last telegram."

THE VETO BILL
DEBATE LIFELESS

London, Feb. 27.—The members of the House of Commons are showing a languid interest in the veto bill debate. There was a sparse attendance in the House to-day and the speeches for the most part were confined to the back benches. At one time not more than a score of members were present, nearly all of these being on the Government side. The labor member, Geo. Lansbury, protesting at the lack of interest, exclaimed sarcastically: "It is disgraceful. Here is a revolution proceeding and nobody here to stop it."

GOLD BILL PASSED.

Washington, Feb. 27.—The Senate bill abolishing the requirement that all foreign gold coins and bars deposited with the United States Treasury shall be re-coined into American coins before gold certificates can be issued against them was passed by the House to-day and only requires the signature of the President to become a law. This legislation was urged by Secretary of the Treasury MacVicar.

CANADIAN PACIFIC
WERE NEGLIGENT

In Keeping Dangerous Cross-
ing, Says Coroner's Jury
in Ontario

Kemoka, Ont., Feb. 27.—Five witnesses in addition to the train crew were called at the inquest this afternoon into the death of J. McIntyre Cameron, the Lobo farmer killed by the Canadian Pacific Railway flyer at a crossing a mile west of here last Tuesday. Coroner Ross, of Hyde Park, presided.

The verdict brought in attaches no blame to the members of the crew of Train No. 5, which struck Cameron, but the railway company is declared to be negligent in maintaining a dangerous crossing.

Cameron was driving westward to Kemoka in a two-wheeled cart on the day of the fatality. The road crossed the track diagonally. The train, running at a good rate of speed, struck and threw the horse and driver a considerable distance. Cameron was almost instantly killed, but the horse was uninjured. The crew did not know of the accident until a cushion from the rig was found on the pilot at Clatham.

AN APPEAL TO
ALL CANADIANS

Not to Export the Energy of
the Water Powers to
United States

Montreal, Feb. 27.—A strong plea against the exportation of energy from Canadian water powers was made to-day before the Canadian Club by Mr. Chas. A. Magrath, M.P. for Lethbridge, Alb., in an address on "Western Water Questions." Mr. Magrath did not confine himself to the West by any means, but showed that the people of the plains were quite broad enough to become interested in the problems of the East. Cheap water power, said Mr. Magrath, was the key to commercial success. Canada had that key now, and he strongly objected to handing it over to any trade competitors in the States. If Canada wants to preserve her national identity she must keep that key and use it to open the world's markets, and not send it abroad for the advantage of others. For this reason he opposed the St. Lawrence dam proposition, and other schemes for exploiting Canadian water powers, to a nouveau riche, with the usual crowd after her to exploit her wealth for their own advantage, and urged that a commission of competent consulting engineers would be a good investment to preserve our wealth of water energy for the use of ourselves, for the advantage of Canada, not of the United States.

New York, Feb. 27.—Steamer Prinz Friedrich Wilhelm, from Bremen on Feb. 18, and Southampton and Cherbourg on the 19th, was twelve miles southeast of Fire Island at 11.20 p.m. to-day.

SUSPICIOUS DEATH
OF INDIAN CHIEF

Supposed to Have Been Pois-
oned by Members of An-
other Tribe.

Lawton, Okla., Feb. 27.—Comanche Indians believe that their chief, Quannah Parker, who died last week, was poisoned and to-day they started an investigation. Three days before his death the chief went among the Cheyenne Indians for a visit. He was taken ill suddenly. Returning home, he died within twenty minutes after his arrival. White physicians attributed his death to rheumatism and asthma. White Parker, son of the late chief, was chosen to conduct the enquiry into his father's death. The boy will go among the Cheyennes in search of evidence.

A BOARD OF
INVESTIGATION

To Be Established to Inquire
Into the United Shoe Ma-
chinery Co.'s Operations.

Ottawa, Feb. 27.—The Hon. MacKenzie King, Minister of Labor, to-night received from Mr. Justice L. J. Cannon, of the Superior Court, Quebec, an order directing the establishment of a board of investigation under the Combines Investigation Act to enquire into the existence of an alleged combine on the part of the United Shoe Machinery Company, in respect of the manufacture and sale of machinery for the manufacture of boots and shoes.

The application to Judge Cannon in this matter was made in the City of Quebec, November last.

Hon. Mr. King, on behalf of the judge's order, has taken steps to establish a board of investigation as directed, and the parties concerned, namely, the applicants on the one hand and the United Shoe Machinery Companies on the other, have been requested to recommend persons for appointment to the board under the provisions of the Combines Act. The act allows seven days during which the recommendation may be received. This will be the first board to be actually established under the act of last session.

Justice Cannon in his report states that a clear case has been made out against the company, which produces the controls all the boot and shoe machinery now in use in Canada and in the United States, and for the use of which the general public has to pay tolls.

HOTEL EMPLOYEES' BALL.

The annual ball of the Hotel Employees' Association was held in the Auditorium Hall last evening and was a complete success. There were about 150 people present, who enjoyed themselves immensely. Dancing was indulged in to music furnished by Charbonneau's orchestra until midnight, when an excellent supper was served. After supper dancing was resumed and kept up until an early hour this morning.

WILL TRY TO FLANK MADERO.

El Paso, Texas, Feb. 27.—The Mexican military commander to-day ordered discontinued the regular schedule on the Mexican Northwestern Railway, operating from Juarez south to Casas Grandes and Pearson and take south 500 soldiers and two field pieces to-night. These men will try to flank Madero, who is supposed to be south of Juarez, marching on Chihuahua, followed by 500 federal troops left Juarez Friday. This troops movement will leave about 400 soldiers in Juarez.

Columbus, O., Feb. 27.—Dr. Henry Garst, 75 years old, professor emeritus, and former president of Otterbein University, at Westerville, O., died to-day.

SCOTT'S EMULSION

is the best source of

SCOTT'S EMULSION

HOLDING UP OF
IMMIGRANTS

Causes Trouble to the Uranium
Steamship Co.—Its Of-
fer to Germany.

Berlin, Feb. 27.—Director Tinsley, of the Uranium Steamship Company, a non-pool line carrying considerable emigration traffic to America by way of Holland, is here negotiating with the Government regarding the regulations recently adopted to restrict emigration and the return of emigrants by way of non-German ports. Under these regulations emigrants returning to Russia by the Uranium line have been held up on the German frontier. The Uranium's troubles, according to the official view, are due to a failure to comply with the German rules intended to prevent emigrants being stranded in Germany in the event that they are refused entrance to Russia. The steamship company offers to deposit funds to cover any loss which may be incurred in this manner. The Government has not yet replied to this proposition.

HANGING OF THE
FINANCE MINISTER

Suspended from Electric Wires
in Montreal—"Body" Wrapped
in Stars and Stripes.

Montreal, Feb. 27.—An effigy of Hon. W. S. Fielding, Minister of Finance, hanging from some electric wires 25 feet above the ground was the spectacle which greeted a number of Grand Trunk employees at the Point St. Charles yards as they passed the corner of Knox and Hibernia streets early this morning on their way to work.

The effigy was draped in the Stars and Stripes, upon which was crudely painted in big black letters the finance minister's name.

It is believed that the hanging of effigies of Mr. Fielding throughout the city has been adopted by the adversaries of reciprocity as a protest against the passing of the measure.

The "body" was not "cut down" until 10 o'clock.

"MY BACK IS KILLING ME"

"FRUIT-A-TIVES" WILL CURE

Backache means Congestion of the Kidneys. Dull ache in the back—sharp shooting pains—headache and nervousness—mean that the Kidneys are overworked. The Bowels are constipated and the skin is inactive, so that the Kidneys are compelled to do the work of both bowels and skin in throwing off the waste of the body. The Kidneys thus become irritated and inflamed and backache results. The only possible way to relieve the congestion and cure the pain is to force their bowels and skin to do their share of the work.

"Fruit-a-tives," the great fruit medicine, is the best and most scientific Kidney Remedy in the world. "Fruit-a-tives" will always cure Pain in the Back and Kidney Trouble. 50c. box, 6 for \$2.50, trial size, 25c. Dealers, or from Fruit-a-tives Limited, Ottawa.

The whole world contributes and the

distributes the unusual delicacies that make up the daily menus for our table.

Be it luncheon or dinner, we have everything from land or sea served as only a skillful chef can suggest.

WANTED

To lease or to buy a comfortable house in good locality, Upper Town; 12 to 14 rooms with all modern conveniences. Apply to W. A. B. Cady, 81 St. Peter street, City.

Oh, you Quebec!

Get your tag on right.

If you can't get a false face for tonight go in your own.

Remember that this is the last day before you come to realize that the next forty are lent.

Did you say Ottawa? Why, of course! What about Wanderers and Renfrew?

A private despatch from Renfrew last night states that all the cream in the town had soured.

And the bands will play. And they'll march away. On this grand Mardi Gras day.

People who have refrained from putting ashes on their sidewalk all Winter, will not forget them to-morrow.

It is unsafe to say "rubber" these days. They cost too much.

PERSONAL

Mr. Herbert M. Price left yesterday for Philadelphia.

Mr. W. J. White, K.C., Montreal, is a guest at the Chateau.

Hon. H. B. Rainville is among the Montrealers who registered at the Chateau last evening.

Mr. J. J. Battle has left town for Winnipeg on a visit. He will be absent about three weeks.

Mrs. W. C. Teakle and Mrs. E. A. Verret left yesterday for Sherbrooke on a visit to their sister, Mrs. E. H. Sewell.

Alderman and Mrs. Pouliot and Mr. and Mrs. S. J. Mayrand left yesterday for New York and other American cities, and will visit Havana before their return to Quebec. They will be gone about four weeks.

"There's a Reason"

IN AND ABOUT TOWN

ALL READY FOR MARDI-GRAS PARADE

Celebration Promises to Be One of the Most Brilliant and Unique Ever Held.

Everything is in readiness for the great Mardi-Gras celebration this evening, and the enthusiasm shown by all classes of the population leave no doubt that the procession will be one of the most spectacular events ever witnessed in Quebec. The route of the parade will be as follows:

Assemble at Drill Hall, Grande Allee, St. Louis street, Port street, Duade street, Fabrique street, St. John street, Palace Hill, St. Paul street, St. Joseph street, Boulevard Laugellier, St. Joseph street, St. Valier street, St. Peter's Market. The return will be via: St. Joseph street, Crown street, Cote d'Abraham, St. John street, DuSalaberry street, Grande Allee.

CHILDREN'S PARADE.

In the afternoon there will be a special procession for the benefit of the children who may not be able to see the parade at night.

CHANTECLERC WILL GET FREEDOM OF THE CITY.

Chanteclerc, in all the glories of Rostand's inauguration, will proceed to the City Hall at 2 p.m. to-day and will there receive from His Worship the Mayor the great key of the city, giving the Mardi-Gras celebrants the freedom of the city.

ALLEGORICAL CARS.

As already stated, the allegorical cars will be numerous and original. Among them will be a fac-simile of the ice-breaker Montcalm, which has been assigned by Nap. Richard, mechanical superintendent, and constructed by Messrs. F. X. Samsen, A. Garnueux and J. Dion. The Montcalm will appear at the head of the Marine Department of the parade, and will be a complete counterpart of the government boat. The boat will be 14 feet long and 4 feet wide, and has been rigged by Mr. Wm. Pike, who was out with Bernier on his first trip to the Arctic. The Montcalm will be surrounded by ice floes and will be typical of winter navigation on the St. Lawrence. This car will be but one of the many which will figure in the parade.

GREAT CROWDS AT THE AUDITORIUM.

"Fun in a School Room" is the title of the head-line act at the Auditorium this week. The act enlists the services of six performers, and it appeared to have greatly pleased four big audiences yesterday. The act introduces singing, dancing and comedy, and all performers work hard to make the skit go with a swing. There are the usual quota of up-to-date motion pictures, and other vaudeville acts, which make the bill one of most enjoyable seen here in a long time.

The Auditorium was crowded to its utmost capacity last evening, the two performances overflowing the house. The manner in which Manager Alox and his assistants handled the vast throng, however, was an object lesson, and those who sought to get in were accommodated in a manner that left nothing to be desired. The Auditorium promises to make a record week, as the performance is one of the best that it has yet put on during the present season.

DEATH OF FORMER CURE OF ST. ANSELME.

The death is announced of Father Morisset, formerly cure of St. Anselme, which has just taken place at the Hotel Dieu.

ST. PATRICK'S CHOIR HAD ENJOYABLE OUTING.

The members of St. Patrick's Church choir had a very pleasant trip to Montmorency Falls yesterday. The outing was a most enjoyable one, and all present had a good time. The members engaged the slides at the Falls, and after the outdoor sport refreshments were served. Between thirty and forty members of the choir were present.

SOCITE DE PRETS ET PLACEMENTS DE QUEBEC.

The annual meeting of the Societe de Prets et Placements was held yesterday; the reports were adopted and the Directors were elected as follows: Alexandre Gauvreau, Cyrille Kirouac, Philippe J. Bazin, J. L. Lavery and Charles Grenier.

At a subsequent meeting of the Directors Mr. A. Gauvreau was re-elected President and Mr. Cyrille Kirouac, vice-president.

Col.-Sgt. Cook	24	21-45
Corpl. Kerr	22	21-43
Cadet Phillips	20	23-43
Cadet Lerner	21	21-42
Sgt. Gibant	23	19-42
Cpl. Moore	21	21-42
Total	250	440

FUNERAL OF LATE MGR. GAUVREAU

Will Take Place on Thursday Morning Next—Body Laid in State.

The body of the late Mgr. Ant. Gauvreau, former parish priest at St. Roch, is now laid in state in one of the large vaults of the Hospice St. Antoine, where member of the Garde Independente-Champ-plain, which he honored, mounts guard continually.

On Wednesday afternoon, at 4 o'clock, the body will be removed to the parish church of St. Roch. The funeral service will take place on Thursday morning at 9 o'clock, and the funeral service will undoubtedly be one of the most imposing that has been seen in Quebec for many years.

TO CURE COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

QUEBEC SKATING RINK.

There will be no band at the rink to-night owing to the Mardi-Gras carnival outside.

NEW JUSTICE OF THE PEACE.

Mr. Lionel Lemieux, notary, of Lévis, has been appointed a justice of the peace for the county of Lévis.

CHIMNEY FIRES.

The firemen were called out a number of times yesterday to answer alarms for chimney fires.

RECORDER'S COURT.

There were no prisoners before the Recorder yesterday. A number of cases of non-removal of snow were heard.

CHURCH AT LORETTE.

The new Roman Catholic Church at Jéune Lorette, which replaces the one destroyed by fire, is now completed, but service will not be held in it until next June.

MARDI GRAS.

A special train will leave Quebec for Indian Lorette at midnight Tuesday, 28th instant, for the accommodation of those returning home after the Mardi Gras celebration.

AMBULANCE CALLS.

The ambulance was called out twice yesterday. Once to remove a sick pupil from the Seminary to the Hotel Dieu Hospital, and the second time to convey a woman with a broken arm from Lachevrotiere street to the same hospital.

LENTEN SPECIALTIES.

Attention is directed to the advertisement of M. Boyce & Son which appears in another column. This popular firm is offering a number of choice Lenten specialties which cannot fail to satisfy even the most difficult. Fresh eggs from their Ste. Foye farm are a feature.

JUDGE A BICYCYE BY ITS TIRES.

When you go out to buy a Bicycle next spring, look at the Tires first. If it is not a good enough bicycle to be fitted with Dunlop Tires, then it is not a good enough Bicycle for you to buy. The Dunlop is an unapproachably good Bicycle Tire.

LECTURE.

Thursday evening next, the 2nd of March, a lecture will be delivered by Prof. R. E. Welch, M.A., of Montreal, before the Literary and Historical Society, in the Morrill College Hall. The subject is a most interesting one, "Mark Twain, the Tramp, the Wag and the Sage," and in the hands of the distinguished professor will undoubtedly prove a rich treat. The public are invited to this lecture.

ONE KIND OF RECIPROCITY.

Washington, Feb. 27.—It is said at the Navy Department that the two Argentine ships which are being built at the Fore River and New York Shipbuilding yards are being constructed under a plan of reciprocity. The Argentine ships are bigger than any in the American navy at the present time, and represent the latest improvements in ship construction. Under the arrangement, it is said, the United States experts can observe all the details of their construction, and in return for this Argentine representatives are allowed to learn all the lessons they can from the American vessels now building at the two yards mentioned.

QUEBEC HAS WON ANOTHER VICTORY

Beat Renfrew in Well-Fought
Match—Rooney Hurt—
Hall Did Not Play.

Renfrew, Ont., Feb. 27—Another big surprise was sprung in the National Hockey Association here tonight, when the Quebec seven defeated the Renfrew team in one of the most stubbornly contested games of the season by the very close score of 11 to 10. Although the visitors had defeated the Wanderers in Montreal on Saturday night they were not regarded seriously here as it was thought they would be pretty well used up. The reverse was the case, however, the finishing powers of the team from the Ancient Capital winning the match for themselves in the last period in which they tallied three times and shut out their opponents. The hockey was good at times, and while the heavy checking made the play somewhat ragged in spots, the uncertainty of the outcome kept the spectators, which numbered about 1,500, on the go all the time. Millionaires led all the way until the last stanza, being in the lead at the end of the first session by 6 to 5 while at the finish of the second it was ten to eight for them.

In the final period the Quebecers had clearly and cleanly the best of the play. The great work of Moran in the nets accounted for the home team not tallying once. Renfrew disputed the goal that made the score ten all, the puck hitting Lindsay and dropping on the ice. Umpire Turcotte, of Quebec, raised his hand claiming that the rubber entered the nets while the result that the umpire was replaced by Geo. Cameron, of Ottawa. The fine showing of the Quebec team was remarkable in view of the fact that they came through such a hard match with the Wanderers. The teams were evenly matched in the first two periods although the home septette probably had the better of the argument. Renfrew started with exactly the same line-up as finished against Ottawa and Vair was substituted for Roman in the second period. Quebec were without the services of Joe Hall, who is laid up with an ulcerated tooth and Oatman took his place at cover. Rooney, a junior, who made the trip with the team, went on in the second period, Mallen being taken out. Rooney had hard luck, however, having two teeth knocked out shortly after he started and towards the last of the match he received a bad crack on the knee which necessitated his retirement.

Following is the line-up and summary:

Renfrew.	Goal.	Quebec.
Lindsay	Point.	Moran
S. Cleghorn	Cover-Point.	Holden
Taylor	Rover.	Oatman
xRoman	Centre.	Malone
Smith	Right Wing.	Dunderdale
O. Cleghorn	Left Wing.	xxMallen
Rowe	Replaced by Vair in second period.	McDonald
xx—Replaced by Rooney in second period.		

Referee, J. Brennan; assistant, D. Brown; timers, L. Laguerre, Quebec; J. Jackson, Renfrew; penalty timers, H. Jordan, Renfrew, B. Kaine, Quebec; umpires, R. McEwan, Renfrew; A. Turcotte, Quebec.

SUMMARY.

Game.	First Period.	Mins.
1—Renfrew, Smith		52
2—Renfrew, Rowe		10
3—Quebec, Oatman		4.30
4—Quebec, McDonald		3.00
5—Renfrew, Taylor		3.20
6—Quebec, Malone		1.10
7—Renfrew, O. Cleghorn		2.00
8—Renfrew, O. Cleghorn		.30
9—Quebec, Oatman		.50
10—Renfrew, S. Cleghorn		10.15
11—Quebec, Dunderdale		2.10

Second Period.	Mins.
12—Renfrew, Rowe	2.20
13—Renfrew, Smith	.30
14—Renfrew, O. Cleghorn	1.10
15—Quebec, Dunderdale	1.00
16—Quebec, McDonald	2.00
17—Quebec, Malone	.50
18—Renfrew, Vair	2.10

Third Period.	Mins.
19—Quebec, Holden	9.00
20—Quebec, Oatman	2.00
21—Quebec, Dunderdale	4.00
Total, Quebec, 11; Renfrew, 10.	

ENGLISH CHAMPION

OUTPOINTED.

London, Feb. 27—Matt Wells won a 20-round fight to-night from Fred Welch for the lightweight championship of Great Britain and the Londale belt. The contest was held at the National Sporting Club and a big crowd that gathered witnessed 20 rounds of fast work. Although the men appeared pretty evenly matched and there was little to choose between the two, the fight was awarded to Wells on points.

THEY WORK WHILE YOU SLEEP

POLICE GUARDED DRESSING ROOMS

Montreal Paper Says There
Was Much Trouble in Que-
bec-Wanderers Match.

The game between Quebec and Wanderers last Saturday night evidently was a more than usually exciting one. The Montreal Gazette says:

A fist-fight marked the closing minutes of the game and some of the spectators rushed on the ice to get a better view of the combat. Ross, of the Wanderers, and Oatman, of Quebec, were the principals in the clash. There had been considerable rough play preceding the trouble and Oatman, who is no drawing-room player himself, was a mark for some hammering. Following a bump from Small he was thrown against the rail by Ross. This so enraged the Quebec player that he struck the Wanderer point with his stick. Ross tried to retaliate, but was prevented. Both players were then disqualified for the balance of the game. With Oatman in the lead, the unruly pair skated towards the penalty timer's box and, as the Quebec player started to mount the rail Ross, angered at the crack he received on the head, pulled off his glove and struck Oatman a hard blow over the eye with his bare fist. This was the signal for about fifty excited spectators to jump on the ice, but they were soon shooed off by the Westmount police and the Arena officials. After Ross had punched him, Oatman was eager to continue the fray, but peacemakers kept the belligerents separated.

The fight occurred with but two minutes of play remaining and the game was resumed and finished without further incident.

Chief Moffat, of the Westmount police, was a witness of the fist clash and there was expectation that he would take action, but he decided not to place the players under arrest.

When the game finished policemen were placed to guard the dressing rooms.

President Quinn, of the National Hockey Association, acted promptly in dealing with Ross and Oatman. He fined each \$25 and announced that the fines must be paid before the men played again. President Quinn said that if anything of a similar nature occurred again the offenders would be fined and suspended as well.

Once more the partisan umpire was the cause of a dispute. Quebec's third and winning goal was disputed by Wanderers, and those who were in the immediate vicinity of the nets were of the opinion that there was reason behind the Wanderers' kick. The puck, shot by Oatman from the side, struck the iron uprights and bounded in front of Hern. The umpire held up his hand. Wanderers objected, but the decision was maintained. The locals had the valueless satisfaction of changing the umpire after he had done the damage. Perhaps it will soon become evident that the umpires as well as the referees should be appointed by the head of the league.

QUEBEC TEAM IS CONFIDENT

Expect to Win All of the Three
Games in Closing
Series.

The Quebec hockey team are confident that they can make a brilliant wind up of the season. The Chronicle prophesied that they would win at least one of the three remaining games, and this they have accomplished by defeating Wanderers on Saturday last, and they went it one better and defeated Renfrew last night.

The victories of the Quebec hockey team have given the greatest satisfaction to the followers of the local team, who have had abiding faith in their capabilities, and who are ready to declare that they are one of the finest teams in the League.

The Quebec team has been working in hard luck this season, but the ability is there.

"I would not be surprised if the Quebec team should capture all of the remaining games," said a warm admirer of the team. "Neither Wanderers, Renfrew or Ottawa had any license to beat them in Quebec. The local team has already demonstrated this in Montreal against the Wanderers. Mark my words, Renfrew and Ottawa may be in the same box."

INTERNATIONAL LAWN

TENNIS CHAMPIONSHIP

Sydney, N.S.W., Feb. 27—A challenge has been received from the Lawn Tennis Association of Great Britain for the Dwight F. Davis International Lawn Tennis Cup.

The United States National Lawn Tennis Association sent a challenge for the Davis Cup about three weeks ago. A challenge was issued for this cup last year by both the United States and Great Britain, but representative teams could not be secured, and the effort to regain the trophy won in England by Brooks and Wilding, the Australian players, in 1907, was delayed.

Tuckett's Cigarettes

ALMOST any cigarette maker might give you the same tobacco and make cigarettes in the same modern and cleanly way in which Tuckett's are made. But only half a century of experience in blending could produce the exquisite flavor and pleasing aroma which is the distinguishing feature of Tuckett's Cigarettes. One Tuckett Cigarette is a temptation for another.

WON CUP FOR FIFTH TIME

Sergt.-Maj. Young Established
New Record for Miniature
Club Last Night.

The month's shooting of the Quebec Miniature Rifle Club was brought to a close last night when Sergt.-Major Young, W.O., distinguished himself by winning the Macpherson Challenge Cup for the fifth time since it was offered for monthly competition three years ago.

The cup presented by Capt. Wm. Price for young shots was won by Cadet Capt. Clayton Paulette, of Victoria School.

Following are the highest scores recorded during the month:

Macpherson Cup.

Aggregate of four scores on the "double-bull" target, H.P.S. 400 :
S.-M. Young, W.O., 92 93 95 95—375
T. J. Prendergast, 91 94 94 91—370
A. J. McCusker, 90 93 93 93—369
J. Dolan, 94 90 94 88—366
M. H. Murphy, 86 97 86 86—355
M.-S.I. Vaughan, 88 86 86 89—349
Cadet S. Goodenough, 82 90 91 80—343
Lt. J. B. Martel, 75 79 86 67—307

The Wm. Price Cup.

Aggregate of four best targets shot on during the month, H.P.S. 200 :
Cadet Cpt. Paulette, 43 42 44 47—176
Cadet F. Phillips, 38 34 44 43—159
M. G. McCormick, 39 39 39 39—156
J. Robitaille, 38 35 39 41—153
Cadet A. Gibaut, 45 47 34 25—151
Cadet L. Swezey, 28 34 39 30—131
A. Amyot, 31 34 43 107

On Friday night details will be announced for a handicap competition open to members who have taken part in the winter's practices. A number of prizes will be offered and as handicaps are being based on all scores recorded since November last, an interesting contest should ensue.

CHESS TOURNAMENT.

San Sebastian, Spain, Feb. 27—The fifth round in the International Chess Masters' Tournament was played today. The results :—Schlechter beat Duras; Leonhardt beat Maroczy; Vidmar beat Bernstein. The remaining games were adjourned. These will be resumed on Wednesday, the contestants being Capablanca vs. Janowski, Spielmann vs. Tarrasch, Rubenstein vs. Burnz, Teichmann vs. Marshall, Niemzowitsch a bye.

GOTCH UNDERTOOK TOO

BIG A CONTRACT.

New York, Feb. 27—Frank Gotch, the world's champion heavyweight wrestler, undertook to throw three men, allowing them twenty minutes each, at the Harlem Casino to-night. He threw the first two, but struck a tartar in the third. With a crotch hold and a half nelson he downed Fritz Mohl, a Swiss, in 7 minutes and 46 seconds. With a half nelson and toe hold he put Yankee Rogers, of

Buffalo, on the mat in 16 minutes and 28 seconds. The third man was W. Demetral, the Greek. Gotch worked hard, but the Greek was both strong and agile and the twenty minutes passed without his being thrown. During their struggles the Greek rolled out of the ring, but was not injured.

Zbyszko, the Pole, and two backers, announced from the ring an offer of \$20,000 for a match with Gotch with an additional \$5,000 for expenses. The crowd listened attentively, but Gotch made no reply.

LADIES WILL SHOOT MATCH THIS AFTERNOON.

The Quebec Ladies' Rifle Club meets this afternoon at 4.30 to shoot in the February match of the Canadian Rifle League series. Ladies' teams from different parts of Canada are taking part in the matches and the Quebec team now has two exceptionally high aggregates to its credit and it is hoped that an even better total will be recorded this afternoon.

The practice takes place at an earlier hour than usual so that the Mardi-Gras celebrations may not be interfered with.

THE CORONATION

PRAYER-BOOK.

The King has graciously given to the University of Oxford permission to dedicate to His Majesty a special Prayer-Book for his Coronation. This volume, which will be known as the Coronation Prayer-Book, will be printed in red and black from new type, specially designed initials being introduced. Oxford India paper will be employed.

WHY?

If we are selling our embroideries and lingerie at such low prices, it is because we have a balance of stock purchased from the manufacturers at ridiculously low prices. Come and see. FAGUY, LEPINAY & FRERE.

FOR SALE

NOTICE

United Empire Bank of Canada AND Union Bank of Canada

NOTICE is hereby given of the intention of the undersigned Banks to apply, after the expiration of four weeks from the date of the first insertion of this notice in the "Canada Gazette," to the Governor-in-Council and the Treasury Board, through the Minister of Finance and Receiver-General, for the approval of an agreement between the United Empire Bank of Canada and the Union Bank of Canada, whereby the United Empire Bank of Canada agrees to sell, and the Union Bank of Canada agrees to purchase all the real and personal properties, assets, rights, credits and effects of the United Empire Bank of Canada, of whatever kind, and wherever situated, and whereby in consideration for such sale and purchase the Union Bank of Canada agrees to allot and issue to the United Empire Bank of Canada, or to its nominees, 4,000 fully paid up shares of the Capital Stock of the Union Bank of Canada of the par value of \$100 each, and amounting in all to the par value of \$400,000, and whereby the Union Bank of Canada undertakes to assume, pay, discharge, perform and carry out all the debts, liabilities, contracts and obligations of the United Empire Bank of Canada (including notes issued and intended for circulation outstanding and in circulation and leasehold obligations).

A copy of said Agreement can be seen at the offices of the United Empire Bank of Canada at Toronto, Ont., and the Union Bank of Canada at Quebec, P. Q.

The said Agreement has been approved by a resolution of the Shareholders of the United Empire Bank of Canada, carried by the votes of Shareholders present in person, or represented by proxy, representing more than two-thirds of the amount of the subscribed Capital Stock of the said Bank; at a Special General Meeting of the Shareholders of the said Bank, duly called and held for the purpose.

The said Agreement has also been approved by resolution of the Directors of the Union Bank of Canada at a meeting duly called and held for the purpose.

Dated 15th February, 1911.

By Order of the Board,
United Empire Bank of Canada.
G. P. REID,
GENERAL MANAGER.

By Order of the Board,
Union Bank of Canada.
H. B. SHAW,
ASSISTANT GENERAL MANAGER.

Woman's Safe Step to Better Looks

is not hard to find. If your eyes are dull—if your skin is sallow, or your complexion muddy; if you have no roses in your cheeks, do not bother with cosmetics. Don't risk harmful drugs. Get good, rich blood in your veins, and then you will have the bright looks and charm of perfect health.

BEECHAM'S PILLS

are wonderful aids to women and women's looks. If your blood is poor—if you are pale, weak and not up to the mark—your stomach and organs of digestion and elimination are the cause.

Beecham's Pills correct faults. They will help you to good digestion and active kidneys and regular bowels—to freedom from troubles—to purer life-making, beauty-creating blood. In all truth and seriousness, you will find that for good health and good looks, Beecham's Pills

Will Show the Right Way

Prepared only by Thomas Beecham, St. Helena, Lancashire, England.
Sold everywhere in Canada and U. S. America. In boxes 25 cents.

Card of Thanks

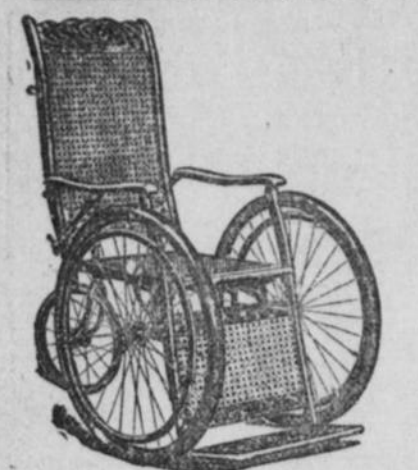

The undersigned take this opportunity to return thanks to his patrons for the support they have extended to him for so many years past. Having decided to give up business, he is prepared to sacrifice the balance of his stock at actual cost. The goods are imported direct.

Yours truly,

WM. LEE

YOUR EYES ARE YOUR OWN

Of course they are; but are you treating them—your very best friends—as you should. If you abuse them now, you'll pay dearly for that abuse later on.

If you are wise you will let us examine them. Should you then need glasses we will say so. If you don't we will be equally frank.

Our motto is Quality not Cheapness and what McClure sells or repairs he guarantees.

J. A. MCCLURE

THE DOMINION EXECUTIONER DEAD

D. J. Radcliffe Passes Away at His Mother's Home in Toronto.

Toronto, Feb. 27.—D. J. Radcliffe, who for many years performed most of the judicial hangings in Canada, died yesterday at his mother's home here of internal trouble. He was originally an English sailor, and at one time the Toronto Yacht Club cook. When he accepted a retainer of \$800 annually by the Dominion Government as hangman his wife and family left him. He hanged Birchall at Woodstock, Ont., and 153 murderers since that time.

AGAINST PHOSPHORUS MATCHES.

Washington, Feb. 27.—The House adopted to-day a joint resolution looking to an investigation of the so-called Match Trust. The resolution is the result of the recent recommendation of President Taft that the use of white phosphorus matches be prohibited because of the injurious effects upon employees in match factories and the disclosures following a brief inquiry by the Committee on Ways and Means.

ENJOYABLE GATHERING AT HUNT CLUB.

One of the most successful social entertainments ever held at the Hunt Club took place last evening, when the genial hosts of the organization were at home to their many friends. There was a large gathering, and after the euchre, which occupied the early part of the evening, there was a very pleasant dance, which all present thoroughly enjoyed. The handsome quarters of the club presented an animated appearance all the evening, and the hosts left nothing undone to make their guests feel at home.

BLACK KNIGHT STOVE POLISH

Has the "Black Knight" come to your home?

Let him show you the quick and easy way to shine the stoves.

"Black Knight" takes all the hard work and dirty work out of stove polishing.

It's a paste—so there is no watery mixture to be prepared.

Just a few rubs with cloth or brush brings a mirror-like shine that "you can see your face in". And the shine lasts!

Most dealers handle and recommend "Black Knight" Stove Polish. If your dealer cannot supply it, send for a big can—sent postpaid.

THE F. F. DALLEY CO. LIMITED, Hamilton, Ont. 18
Makers of the famous "2 in 1" Blue Polish.

THE FESTIVAL OF EMPIRE

Rapid Progress of England's Greatest Exhibition—Dominions and Pageant.

London, Feb. 27.—Everything goes well with the Festival of Empire, the All-British Exhibition and the Pageant of Empire, the government-supported display which is to be held from May to October in the Crystal Palace and in the 200 acres of grounds. "The All Red Route," the mile and a half of electric railway which runs through scenes of Empire life, is well in hand, the £70,000 Canadian building is nearing completion, and rapid progress is being made with the pavilions of the other Oversea Dominions. As an instance of the unbounded enterprise of this vast exhibition it may be mentioned that a mono-railway is being constructed in the flower grounds, and that, to take up the rise to the Palace, there will be a quarter of a mile of moving pathway. The Crystal Palace is being revolutionized into something more than up-to-dateness.

As to the Pageant of Empire, Mr. Frank Lascelles, the Master, says there is more enthusiasm than last year, and in several cases the full number of performers required for various scenes has been enrolled. "So far as is possible," he adds, "the different historical incidents will be enacted by people who, by residence, are most interested in a particular scene. We are adding eight new scenes, making 32 in all. The fourth part of the Pageant will be concerned with the history of our Oversea Dominions. I should indeed be glad to hear from three or four hundred American citizens who are descendants of the Pilgrim Fathers. This would add greatly to the interest of the scene in which the Pilgrim Fathers sail for the New World. Then, in the previous scene, Pocahontas at the Court of James I, we should be delighted to have the help of Virginians.

"To our French friends we extend the most cordial invitation to take part in the superb presentation of the Field of the Cloth of Gold. Many of our Brethren in the Overseas Dominions have already promised to come to the Mother Country for this great effort of Empire. Each scene is being prepared by historians and other experts with the utmost care, in order that the whole setting and each costume, weapon, banner and so forth may be absolutely correct.

The Austral Club in London has in hand the scenes devoted to Australia and New Zealand. It will probably be decided to show the landing of Captain Cook, and the Treaty of Waitangi, 1840.

"Canada will be represented possibly by the rejoicings at Confederation, 1868, though a second scene is under consideration. As to South Africa, I have been inundated with letters from people who witnessed the Pageant at Cape Town, and they ask for their favorite scenes to be given again at the Crystal Palace.

"For the Indian Section the Proclamation of Queen Victoria as Empress of India at Delhi, 1877, the India Office has given us every particular. This will be an exceptionally impressive grouping of several hundreds of gorgeously garbed figures, and will be a faithful reproduction of a great historical event.

"The Finale will take the form of a Masque of Empire in which nearly four thousand people will appear at the same time."

DEATH OF MR. D. R. McDONALD AFTER A LENGTHY ILLNESS.

The news of the death of Mr. Donald R. McDonald, of this city, which occurred last night, will be received with much regret by his large circle of friends. Mr. McDonald has been ill for some time past and had lately undergone an operation, and his death was expected at any moment, and, although it was hoped that this would be beneficial, it was still felt that his death was eminent.

Deceased, who was the son of the late Mr. A. R. McDonald, for several years superintendent of the eastern division of the I.C.R., was well and favorably known in this city, where he resided for many years, being previous to his illness city agent of the I.C.R. He always took an interest in military matters, and while still quite young joined the 9th Battalion and was subsequently a member of No. 4 Co., 8th Royal Rifles. He was married to Miss Duchesne, daughter of the late Mr. Henri Duchesne, ex-M.P., and leaves to mourn his loss a wife and four children, two sisters—Mrs. Dumont-Lavolette and Mrs. Rudolphe Forget, of Montreal, and four sisters-in-law—Mrs. Gust. Hamel, Beaure, Mrs. Elzer Fiset, Mrs. Ste. Foy Belleau, of this city, and Mrs. Faribault, of Montreal—with whom universal sympathy will be expressed on this sad occasion.

SPLENDID MODEL OF AN OCEAN STEAMER.

There is now on exhibition in one of the windows of Messrs. Lavigne & Hutchison's store, on St. John street, a splendid model of the Canadian Northern Railway Company's steamer Royal Edward. This model, which is made of steel, is twelve feet in length, and is a perfect replica of the big steamer to the most minute detail, not the slightest point being missing. It is a beautiful piece of workmanship and reflects the highest credit on the designers. The records of the Royal Edward on the Atlantic are given on a card above the model, viz:—Land to land, 3 days, 14 hours and 30 minutes; Bristol to Quebec, 5 days, 20 hours.

GAS, INDIGESTION AND DYSPEPSIA GO

Out-of-Order Stomachs Feel Fine Five Minutes After Taking a Little Diapepsin.

The question as to how long you are going to continue a sufferer from Indigestion, Dyspepsia or out-of-order Stomach is merely a matter of how soon you begin taking some Diapepsin.

If your Stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach?

People with weak Stomachs should take a little Diapepsin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, Sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapepsin.

Go to your druggist and get a 50-cent case of Pape's Diapepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

DETAILS OF THE PEACE OVERTURES

Made to the Mexican Revolutionists Were Made Public Last Night.

Washington, D.C., Feb. 27.—Details of the overtures for peace made to the Mexican revolutionists through the Juntas maintained by them at El Paso, Texas, and San Antonio, Texas, were made public to-night by Dr. Vazquez Gomez, head of the confidential agency here of the revolutionary party.

Dr. Gomez declared that while he had as yet not been given the names of the men who say they are peace envoys, telegrams received to-day reiterated a desire to have him participate in conference at Corpus Christi, Texas. He declared that his first information about peace overtures came from Alfonso Madero, a brother of Francisco Madero, the revolutionist leader in the field, who wired here from San Antonio, Texas, that individuals, among whom was a personal and influential friend of General Diaz, wished to discuss peace measures and would meet him at Corpus Christi, Texas.

Senor Madero also advised Dr. Gomez that the man whom he referred to as "a peace envoy from Diaz" used a cipher code in communicating with President Diaz. Dr. Gomez replied that as the representative of the revolutionist party he could not assume any responsibility for private negotiations, but would have to insist on seeing credentials from any peace envoys and, likewise, that he be permitted to communicate with his chief Francisco Madero. Dr. Gomez made another effort to-night to secure information from his representative at Corpus Christi, Texas, to the identity of those who are proposing peace.

Albion Lodge No. 2, I.O.O.F.

The members of the above Lodge are requested to attend the funeral of our late Bro. Geo. Reynar, this day (Tuesday), at 2.30 p.m., from 125 Artillery street to St. Matthew's Church.

Members of Sister Lodges are cordially invited to attend.

Badges to be worn.

By Order,
F. Desmond, N.G.

Our Fifth Grand Annual Reduction Sale

We draw your attention to one of the most important sales in this city.

This is not a question of economizing cents but dollars.

Commencing 1st February to 28th

that is to say during all the month of February, we will allow a discount of

15% to 30%

on all our assortment of Carpets, Oilcloth, Curtains, Portieres, Rugs, Furniture Coverings, Lingerie, etc.

In our special lines we have no superior in Canada, and we have in store

\$150,000.00

worth of goods, from which you can make your choice
