PRAYERS OF THANKSGIVING GO UP IN IRISH CHURCHES

Following Ratification Of Peace Treaty—Ireland Continues To Face Internal Disorganization Giving Rise To Great Anxiety—Split In Dail Eireann Intensified

Dublin, Jan. 8.—The peace treaty has been ratified and prayers of thanksgiving went up from the people in all the churches today but Ireland continues to face internal disorganization, giving rise to the greatest anxiety.

The split in the Dail Eireann has been heightened and intensified by the vote on the treaty and the future was never more obscure. At different hours today the two factions held conferences at the Mansion House. The Dail will meet again tomorrow in public session and all the members are expected to attend.

It has become apparent that Eamon De Valera's resignation as President of the Irish Republic did not take an official form and the outstanding question tonight is whether he will make effective his expressed intention to resign and what will become of the Dail. Many believe that the opponents of the treaty plan to keep the Sinn Fein Parliament in being while the supporters of the treaty endeavor to establish a Provisional Government and carry out the terms of the peace agreement.

De Valera's resignation tendered to the Dail Eireann yesterday was specific; he consented, however, to postpone action thereon on condition that a vote on the treaty should be taken within 48 hours. At the same time he plainly stated that he intended, "whatever happened" to retire to private life.

When the vote was taken, the resignation was not repeated. Mr. De Valera merely alluding to it when he rose and, in a voice broken with emotion, began to explain his personal position. But he had not got far when he sat down unable to go on.

Subsequently De Valera summoned a meeting for today, exclusively confined to the fifty seven deputies who voted against the treaty and today at the Mansion House, prior to the session of his associates, he delivered a speech which was a close indication of his intention to continue the fight, this time apparently not against the British Government but against the Provisional Government of the Irish Free State, which he said, he regards as a usurpation and to which the chief objection, is that it derives its authority from the British Parliament. There are many to-night who are of the opinion that the question of Mr. De Valera's suspended resignation must be debated at tomorrow's meeting of the Dail. The inconsistencies in his declaration have puzzled all commentators.

Mr. O'Brien, President of the Self-Determination League of Great Britain, who, though not a member of the Dail, has been privileged during the debate to sit among the Members and who is in closest touch and sympathy with De Valera, informed The Associated Press today that his interpretation is that Mr. De Valera will resign the Presidency and retire to private life only when he has consolidated the Republican position.

The task of the new Provisional Government, faced by opposition from old Republican colleagues, will be extremely difficult. Some of the Deputies, including Miss MacSwiney, have frankly declared their intention to act from the outset as rebels against the Provisional Government.

The Dail appeared to be within a few hours of a vote on the Anglo-Irish treaty when it concluded its morning session on Saturday. Debate on the treaty was continued through the afternoon meeting and was to proceed during the afternoon until

to carry on the Government. (This was greeted with cheers.) Mr. Collins declared that President de Valera held the same place in his heart as ever. Then followed a violent speech by Mary MacSwiney, denouncing the result as worse than the betrayal of Ireland in the days of Castlereagh. (Viscount Castlereagh, Marquis of Londonderry, who was chief secretary for Ireland in 1798 was instrumental in carrying the union in 1800.)

Mr. de Valera rose again, supposedly to reply to Mr. Collins's overture; however he took no notice of it and merely appealed to all his own supporters in the Dail to meet him at the Mansion House today at 1 o'clock.

This evidently hurt Mr. Collins very much but he quietly said: "If the visible presence of myself and colleagues is so distasteful, there might at any rate be some accommodation between the parties for the purpose of public order."

Minister Burgess immediately retorted: "I will take care that the discipline of the army is preserved. The assembly then separated, to meet at 11 o'clock Monday morning."

The new regime for Ireland has now been approved both by the British Parliament and by the Dail Eireann.

Creation of the Irish Free State is provided for in the treaty signed last month in London, after prolonged negotiations for a settlement of the Irish problem. Its provisions in substance are:—Ireland shall have the same constitutional status in the British Empire as the Dominion of Canada, the Commonwealth of Australia, the Dominion of New Zealand and the Union of South Africa.

Ireland shall be known officially as the Irish Free State, with a Parliament having powers for the Government of the country and an Executive responsible to that Parliament.

A Provisional Government is to be set up, to function until an Irish Parliament and a Government of the Irish Free State shall be constituted, but not longer than twelve months at the outside. The treaty stipulates that a representative of the Crown shall be appointed for Ireland in the same manner as the Governor General of Canada.

Ireland is given control over all governmental affairs and is entitled to an army which shall, however, not be larger in proportion to Ireland's population than the British Army is to the population of Great Britain. One of the first steps, by virtue of ratification by the Dail, will be the withdrawal of the British forces from Ireland.

Under the treaty, the scope of the treaty, but provision is made for her to declare herself out within one month after an Act of the British Parliament ratifying the treaty, and to continue under the present regime as provided in the Government of Ireland Act of 1920. In that case, however, a Boundary Commission is to be named to determine the boundary between Northern Ireland and the rest of Ireland.

The Irish Free State will assume what may be decided by agreement or arbitration as a fair and equitable proportion of the public debt of the United Kingdom, and is to afford harbor facilities to British naval forces under terms to be fixed by a convention between the two Governments.

Formal ratification of the pact on the part of Ireland, it is provided by the treaty, shall be at a meeting, summoned for the purpose, of the Members elected under the Government of Ireland Act to sit in the House of Commons of Southern Ireland. These Members, with a few exceptions, are the same as those of the Dail Eireann.

By a majority of seven votes, 64 to 57, the Dail gave its approval Saturday to the document signed by its delegates at London.

The news was received with the greatest enthusiasm and the patient crowds which had waited for hours outside the University building in anticipation of a decision, burst into cheering, even before the official figures were announced.

A tense, strained silence prevailed while the vote was being taken and a gasp of relief went up for the supporters of the treaty when the result was announced. A dramatic scene ensued when De Valera stood up and in broken voice which vibrated with emotion, declared that "the Republic must be carried on."

Eventually he broke down so completely that he was unable to proceed. The Dail Eireann, with one accord, applauded and cheered him.

On the announcement of the figures, Mr. de Valera immediately rose and declared that the Irish people had established a Republic and until the Irish people in a regular manner disestablished the Republic, it constitutionally went on. This would be a sovereign body in the nation, to which the nation looked for supreme government. It was the Executive until the people disestablished it.

Michael Collins, in quiet tones followed De Valera. He said he did not regard the result in any spirit of triumph. He claimed that the movement, presenting the Dail who would be responsible for taking over from the British Government control of the Irish administration should get a fair chance. In every country what mattered most was public order and he appealed to the other side to appoint a joint committee of both sides

MURDER WAVE SWEEPING OVER MONTREAL CITY

Three Fatal Crimes Committed There Since Last Wednesday Night

LITTLE OR NO CLUES

Two Victims Prominent Citizens—Third Italian Gunman From New York

Montreal, Jan. 8.—Commencing Wednesday night last an epidemic of murders broke over this city and there is as yet little or no clues to the murderers.

Two of the victims were men in prominent positions in this city, one of them a University of Ottawa student in his graduation year, the other a well known debt collector.

The third appears to have been a New York Italian gunman, whose mission in Montreal was the murder of Gonzague Savard, former member of the Montreal Police force and now Superintendent of a Private Detective Agency whose activities in cleaning up the city's underworld had, it is supposed, caused deep resentment; Savard being responsible for the hanging of no fewer than nine murderers during his career. Payment for his murder was to have been in the sum of \$20,000, half payable before and the balance after his death.

Vincenzo Triccoli, the New York Italian, was found dead in a restaurant at 196 de Montigny street east, shot through the head, on Wednesday night. It developed at the inquest on Saturday however, that Savard had been told of his death on the same evening and had not notified the local police, a fact which called for the strictures of the Recorder.

Savard said Triccoli had been hired to kill him for the sum of \$20,000, but that he had evidently quarrelled with his gang and had been shot by one of them. In the meantime the aid of the New York police is being enlisted in an effort to locate the gang, the inquest being adjourned until next Friday.

The second case was that of Frederick Edwin Winterston, who died as the result of a murderous assault, thought to have been perpetrated while he was alone in his residence at 2185 Waverley Street in the North end of the city on Thursday night.

Medical testimony at the inquest Saturday was to the effect that his intestines had been burst and doctors held the opinion that such injuries could not have been self-inflicted. Stanley Winterston, the victim's son gave evidence to the effect that his father had said that, if he died, "he would tell the rest". It is thought his father had troubles with one of the many debtors on his books and said that it was to his knowledge that such troubles had occurred in the past. The inquest was adjourned until Thursday next.

The third to which there is also so far no clue was the murder on Friday night of Raoul Delorme half brother of Father J. A. Delorme of 190 St. Hubert street and a student of the University of Ottawa. He was shot twice through the head, which was enveloped in napkins to prevent bleeding and carried in an automobile to Notre Dame de Grace, where his body was left in a shanty. It was found frozen stiff on Saturday morning. Robbery is given as the motive of the crime, not a cent being found on the body and a watch and chain being missing. Father Delorme states that, as far as he knew, his brother had about \$30. on his person but, in addition, carried a large "roll" of imitation bills used in college for practice in commercial and financial classes. These were doubtless the cause of the murder for the robber, thinking he had a large sum of money, tried, it is thought, to take it from him. Delorme probably put up a fight, in the course of which he was shot. An inquest will be held in this case tomorrow.

CONFERENCE HAS NEARLY FINISHED ITS PROGRAMME

Only Two Topics Left—Aircraft Limitation And Revision Of War Rules

POISON GAS IN DISCARD

No Surface Indications Of Progress In Far Eastern Discussions

Washington, Jan. 8.—The Washington conference has about completed its armament limitation program by voting poison gas into the discard.

As in the case of the new rules to govern submarines, the prohibition against use of gas in future wars was adopted Saturday by the five Great Powers as applicable among themselves, with an invitation to the rest of the world to join in the agreement.

That left on the armament waiting list of the conference, only two topics, limitation of aircraft and general revision of the rules of warfare, and both seemed likely tonight to be passed over without definite action.

An air warfare sub-committee has reported, after weeks of study, that limitation of airplanes appears impracticable until a conference of wider scope has been convened, although it was suggested that some restriction on the use of lighter-than-air craft might be worth attempting.

A future world-wide conference for the consideration of the rules of war also has been suggested and sentiment among the delegates seems to favor it. Italy, however, hopes to see the present negotiations develop some agreement against bombing of undefended cities.

In the Far Eastern discussions there were to-day no surface indications of progress, despite an appeal by the Chinese to Secretary Hughes and Arthur J. Balfour to suggest a way out of the Chinese-Japanese deadlock on Shantung. The Chinese delegates saw the respective heads of the United States and British delegations Saturday and opinion was divided afterwards as to the proposals.

Facing a situation that both described as delicate it was apparent the two parties to the controversy could not even agree on a method by which mediation could be attempted.

The Chinese wanted to avail themselves of the offer of "good offices" made by Messrs. Balfour and Hughes but the Japanese took the position that such a step would be valueless unless China was prepared to make concessions she heretofore has refused to consider. The anti-gas resolution went through as drawn by Elihu Root, of the American delegation. It reads:

"The use in war of asphyxiating, poisonous or other gases and all other analogous liquids, materials or devices having been justly condemned by the general opinion of the civilized world and a prohibition of such use having been declared in treaties to which a majority of the civilized Powers are parties."

"Now to the end that this prohibition shall be universally accepted as a part of international law, binding alike the conscience and the practice of Nations, the signatory Powers declare their assent to such prohibition, agree to be bound thereby between themselves and invite all other civilized nations to adhere thereto."

MILLING MEN ARE JUBILANT

Over Desired Regulation Issued By Board Of Railway Commissioners

Montreal, Que., Jan. 8.—Word was received here Saturday by J. J. Smith, Manager of the Transportation Bureau of the Board of Trade from the Board of Railway Commissioners, that an order had been issued providing that a charge of one cent per hundred pounds should be made for a stop-over charge, or milling in transit.

It is understood that the new rule will go into force on February 1 next and Montreal grain men are jubilant that they have won their contention for this regulation which will enable them to compete successfully with other grain centres in the domestic trade.

It means, Mr. Smith said, that in future shippers will be able to have their grain milled in transit at one millling point at a uniform charge of one cent per hundred pounds for the delay and also means that the sort Ontario wheat will be entitled to the same privilege.

LARGE CROWDS OUTSIDE OF THE MANSION HOUSE

To Witness The Arrival Of De Valera And His Supporters

REPUBLICAN AS EVER

Says Retiring President Of Heart Of Irish People, In Address

Dublin, Jan. 8.—Large crowds assembled outside the Mansion House today to witness the arrival of Eamon De Valera and his supporters in the Dail Eireann, who met for a consultation with regard to the future. All the well known leaders who spoke against the treaty were enthusiastic spectators.

Previous to the private meeting, Mr. De Valera in his drawing-room and in the presence of the newspapermen, received an illuminated address voted him December 21 by a convention representing 50,000 members of Hibernian Catholic Benefit Societies in Australia. The presentation was made by the Rev. Dr. O'Reilly, who said the feeling in Australia, when he left that country, was altogether Republican for Ireland and that he was certain great disappointment would be felt if it had not been found possible to secure an untrammelled Irish Republic.

Mr. De Valera, in reply to Dr. O'Reilly, said the fight of Ireland had inspired the world. The Irish Self-Determination League had been founded on the principle of free determination and not determination taken at the cannon's mouth.

"Let no man say", said Mr. De Valera, "that the Irish people have self-determined themselves within the British Empire as British subjects. The heart of the Irish people is as Republican today as ever. The Irish Republic is absolutely a wonderful opportunity of securing a lasting peace between two great countries, one of which has been the mother country of Australia and Canada, and in a large part, of the United States, has been definitely lost once more by the triumph of the British force over reason and right. The heart of Ireland is absolutely for complete independence."

Mr. De Valera said he had worked hard to get help from every source to find a solution of the problem to reconcile the two peoples, consistent with the desire of the Irish people to maintain a distinct nationality and sovereign Statehood.

That had been turned down, he declared, and therefore the fight was to go on.

"The Republic of Ireland", Mr. De Valera declared, "will exist. Its Sovereign Parliament still exists. The resolution recommending the approval of a certain treaty is not ratification of that treaty and is not a loyal act. That will not be effected until the Irish people have established the Republic, which they set up by their own will. As far as human brains and hearts can achieve it, the self-determination of the Irish people will be forged, and by the men and women of Ireland in this generation. They are not going to give up now."

the Supreme Council the Reparations

decided upon at the second day's
session of the Council yesterday and
notification to this effect was de-

stipulating, however, that the Ger-
man experts go to Paris first, and
there hold themselves in readiness
for the call.

The work of the Council slowed
up to-day when the thorny repara-
tions question came up. By the
experts it was maintained yesterday
that there was an agreement in
principle, but the members of the
Council announced that further de-
liberation was necessary, after
which the Council would receive the
experts' report and make its de-
cision.

The experts, it is learned, have
reached an agreement providing for
remission of cash payments by
Germany, providing for the pay-
ment of 500,000,000 gold marks in
cash and 1,000,000,000 gold marks
in kind each year over a period of
years.

In the course of the deliberations
Great Britain, in exchange for
abandonment of her 22 per cent. of
the first two payments in 1922,
asked Belgium to renounce in part
her priority claim so that France
can share in these payments, de-
manding at the same time, that
France ratify the August agreement
whereby the first billion gold marks
now in the hands of the Repara-
tions Commission would be applied
to the payment of Great Britain's
and Belgium's occupation expenses
to the exclusion of France.

Mr. Lloyd George also resisted
all suggestions that action be taken
to obtain stronger guarantees
from Germany, as asked by France,
such as a Commission on the Ger-
man debt, to control customs,
monopolies and tax receipts.

It was suggested in a meeting of
the experts, previous to decision,
to invite German representatives to
Cannes, that Germany be asked to
send a representative here to con-
fer with the Council regarding re-
parations payments before any ac-
tion toward further guarantees was
taken.

A Practical Prescription For Sour, Acid Stomach

Nine-tenths of all cases of stomach
trouble nowadays are caused by too much
acid. In the beginning the stomach in-
flict is not disease but a condition
which is allowed to continue, the acid
very likely to eat into the stomach walls
and produce gastritis with stomach ul-
cers. This may require a radical surgical
operation necessary even to prolong life.
Therefore an "acid stomach" is really a
dangerous condition and should be
treated seriously. The excess acid or
stomach hyperacidity can easily be neu-
tralized by Bismarck Magnesia taken in
teaspoonful doses in a glass of water
after each meal. Larger quantities may
be used if necessary as it is absolutely
harmless. Be sure to ask your druggist
for the pure Bismarck Magnesia espe-
cially prepared for this purpose.

NO TRUTH IN RUMORS OF GLASGOW EXHIBITION

Rumors have been current for
some time past that an Exhibition
of international character would be
held at Glasgow during the coming
year, and that the steamship com-
panies would put into effect reduced
round trip rates in connection with it.
The Robert Reford Co., Limited,
General Agents for the Anchor
Donaldson Line are in a position to
state definitely that there will be no
International Exhibition at Glasgow
during 1922, and no reduction in
rates is contemplated in connection
with any small trade show or ex-
hibition which might be given.

HIDDEN MUSHROOMS.

Many people will tell you that
they have seen a field of grass gradu-
ally change color during a show-
er of rain, thousands of mushrooms
springing up before their eyes. This
is an optical illusion caused by the
rain beating down the grass. The
mushrooms do not really spring up
during a single shower of rain.
They are there already, but hidden
by the grass, and when the rain
beats down the grass it exposes the
hidden mushrooms to view.

Kidneys cause Backache? No!
They have no nerves, therefore can
not cause pain! Listen! Your back-
ache is caused by lumbago, sciatica
or a strain, and the quickest relief
is soothing, penetrating "St.
Jacob's Oil." Rub it right on your
painful back, and instantly the
soreness, stiffness and lameness dis-
appears. Don't stay crippled! Get
a small trial bottle of "St. Jacob's

you'll wonder what became of the
backache or lumbago pain.

whenever you have sciatica, neu-
ralgia, rheumatism or sprains, as it
is absolutely harmless and doesn't
burn the skin.

GT. BRITAIN TO KEEP IN TOUCH

With Developments In Chem-
ical Warfare To Be Pre-
pared For Emergencies

Washington, Jan. 8.—At the dis-
armament conference on Saturday,
Mr. Balfour, in expressing assent
for the British delegation to the
poison gas resolution, was under-
stood to have stated that Great
Britain, while agreeable to the pro-
posal to prohibit the use of that
weapon, must, however, keep in
touch with development in chemi-
cal warfare so as to be prepared,
should war arise with any nation
not represented in the Washington
conference.

Mr. Hughes, in submitting the
report of the submarine committee
on aircraft, called attention to the
recommendation of the Committee
which reads:

"The committee is of opinion that
it is not practicable to impose any
effective limitation upon the num-
ber of characteristics of either com-
mercial or military aircraft, except
in the single case of lighter-than-
air craft."

"The committee is of opinion that
the use of aircraft in war should be
governed by the rules of warfare as
adapted to air craft by a further
conference."

Copies of the report were distrib-
uted and, as it was evident that it
could not be postponed until the
Monday sitting.

Lord Lee of the British dele-
gation, asked if there was any other
business to be discussed at the
Monday meeting.

Chairman Hughes replied that
there was a third committee, that
on the rules of warfare, which had
not yet submitted its report.

STRIKE SITUATION IN SOUTH AFRICA GRAVE

Smuts Requests Federation
To Allow Coal Supply For
Power Station

(Canadian Press Cable)
London, Jan. 8.—The strike situa-
tion in South Africa is very grave,
according to a Reuters dispatch from
Johannesburg. Premier General
Smuts conferred on Saturday with
the Industrial Federation and re-
quested the Federation to allow coal
mined by non-Union workmen to be
supplied to the Verenging Power
Station, but the Federation refused.

Since the coal miners went out on
January 1, the Federation has been
organizing other trades for a sym-
pathetic strike if necessary.
The trouble grew out of the pro-
posal of the mine owners to cut
wages and modify some of the work-
ing conditions pertaining to colored
labor.

LETTER "G" FATAL

FOR HENRI LANDRU
Paris, Jan. 4.—The letter "G" was
fatal for Henri Landru who was
convicted of murdering his ten
finances, the opinion of a French
fortune teller. She points out that
G was the initial letter for Gambais,
the villa where Landru's finances
met their untimely end and also
for Gilbert, President of the court
before which Landru was tried and
for Godefroy, Advocate General of
the court.

This fatal letter, the fortune tell-
er predicted was leading Landru
inevitably toward the instrument of
Justice, the guillotine, the name of
which begins with G.

ADRIATIC FOR MEDITERRANEAN

White Star Liner Leaves New
York On Special Winter
Cruise

The White Star liner Adriatic
sailed from New York Saturday for
its special cruise to the Mediter-
ranean with a full list of passengers.
During the last few weeks there has
been an unprecedented demand for
accommodation on these special
voyages to the Mediterranean, and
although the Arabic is sailing from
New York on January 21, followed
by the Adriatic again on February
18, as well as steamers of other lines,
it has been found that many would-
be travellers have been disappointed.
In order to accommodate these the
White Star Line has arranged for the
Lapland, of 18,694 gross tons, to sail
from New York on February 4, for
Naples and Genoa, calling en route
at Madeira, Gibraltar, Algiers and
Monaco. From Naples the Lapland
will sail to Palermo Bay, for Athens,
and thence to Alexandria where a
stay of two days will be made to
allow visits to Cairo and the
Pyramids. Leaving Alexandria, the
Lapland will proceed back to Naples
and thence to New York by way of
Monaco.

The Lapland was originally sched-
uled to sail from Halifax during the
winter to Plymouth, Cherbourg and
Antwerp.

FINDS OPTIMISM IN GT. BRITAIN

Col. Wm. I. Gear, Well Known
Shipping Man, Back From
Europe

Col. William I. Gear, Vice-Presi-
dent of Robert Reford Co., Ltd., who
recently returned from Europe, in
an interview given to the press, said
in part that, in regard to conditions
in Great Britain, there was, of
course a large number of unemploy-
ed and possibly a certain amount of
distress which was the natural result.
"But in business circles I found a
note of optimism and the feeling is
that with the turn of the New Year
conditions would improve," he said.

"In talking with some of the lead-
ing bankers," he continued, "they
stated that the lowest point has been
reached and already there were signs
of improvement. Industries, how-
ever, are still suffering from lack of
orders and no doubt further read-
justments in the wages of labor will
have to be made—I regret to say
downwards—to meet outside competi-
tion before trade will assume its
normal conditions."

"In shipping, conditions could not
well be worse. A large number of
ships are laid up, and the weak ship-
owners, who invested at the high
price of tonnage, are finding it very
difficult to finance, and in some cases
the ownership of vessels is changing
hands with very serious losses."

Everybody Works.
"I visited several of the large ship-
ping ports on the continent, includ-
ing Hamburg. In the small part of
Germany which I visited I was struck
by the well-to-do appearance of all
the people and the fact that every
person appeared to be working, and
that as far as one could see there
was no unemployment and no dis-
turbances except in Berlin. In con-
versation with other Canadians who
had visited other parts of Germany
I was told of similar conditions and
activity."

"I also motored to some of the
fields in France and the old Cana-
dian front and found that the
French agriculturist and made great
strides in cleaning up and cultivating
the land and I was informed that
they had had good crops during the
past season. I visited several Cana-
dian cemeteries and I would like to
say, for the comfort of relatives in
Canada, that the cemeteries are care-
fully looked after with attendants
each and every courtesy is given to
visitors."

JUDGE LAVERGNE PASSED AWAY

Father Of Well-Known Local Lawyer Semi-Invalid For Three Years

Montreal, Jan. 9.—Hon. Justice Joseph Lavergne, for 25 years on the Bench, died at his home, 840 Kensington Avenue, Westmount, at 1:45 o'clock this morning, having been for the past three days in a state of coma. Mr. Justice Lavergne, who for some years was a partner of Sir Wilfrid Laurier in the practice of law, had been a semi-invalid for the past three years and was taken critically ill with heart failure three months ago. He was born in 1847 at St. Pierre, Montmagny, Quebec.

The deceased gentleman was Judge of the Court of King's Bench for the Province of Quebec, Montreal.

He was born at St. Peter, Montmagny Co. on October 29, 1847, the son of Louis David Lavergne, Justice of the Peace, and Marie Genevieve Delagrave. He was educated at St. Anne's College, Quebec, and was admitted to the Bar in 1871 practicing law for twenty-six years in partnership with Sir Wilfrid Laurier in Arthabaska from 1877 to 1897.

He was Judge of the Superior Court for the District of Ottawa in 1897 and Montreal in 1901. In 1906 he was made Judge of the Court of King's Bench for the County of Arthabaska, and for some years was Warden of Arthabaska County, and was also Councillor of Arthabaska.

He was also a member of the House of Commons from 1897 to 1907, representing the constituency of Drummond and Arthabaska. During the same period he edited a weekly newspaper. Publications by Judge Lavergne were Le Journal d'Arthabaska and L'Union des Cantons de l'Est.

In 1876 he married Marie Louise Emile, daughter of the late J. G. Barthe, M.P., barrister and writer, and has one son, Mr. Armand Lavergne, K.C., ex-M.P., advocate, and one daughter.

SIXTEEN YEAR OLD LAD ARRESTED BY POLICE

Charged With Passing Raised Notes Of Bank Of Nova Scotia

Charlottetown, P.E.I., Jan. 8.—Harry McLeod, aged sixteen of Dunstaffnage, was arrested last night by Dominion Police, charged with passing raised notes of the Bank of Nova Scotia. McLeod confessed at police station today that two young men, whether from the city or country he did not know, gave him four ten-dollar bills which had been raised to twenties by pasting over the figure one, figures two cut from two dollar bills. McLeod said he bought a pair of boots at one store, a bottle of ginger ale at another and a package of sponges at another.

He also declared before he knew the bills raised he had given twenty dollars of his own money for one of them.

PUBLIC SCHOOL DEFENCE LEAGUE BEING FORMED

In Toronto To Offset Campaign For Establishment Of Separate Schools

Toronto, Jan. 8.—The propaganda carried on by the Roman Catholic Church and schools, looking to changes in the Assessment Act, which will give the separate schools a larger proportion of municipal revenue through a readjustment in the method of dividing corporation taxes and the right to establish separate high schools, is apparently provoking organization by public school supporters to combat any alteration in the present system, says the Sunday World.

It was stated on Saturday that steps were under way to form an organization to be known as the Public School Defence League. The matter has been discussed among a number of well known Protestants and something definite may come out of it next week.

DISCUSS ANGLO-FRENCH RELATIONS.

Cannes, Jan. 8.—Premiers Briand and Lloyd George to day had their first talk on the future relations between France and Great Britain since they have been at Cannes. DRANK VARNISH AND THEN DIED

Eight Elders Victims Of Mistake For Sacramental Wine In Church

Grand Rapids, Mich., Jan. 8.—Eight Elders of the Seventh Reformed Church here were poisoned at the morning service today when they drank varnish that had been poured into a communion cup in the belief that it was sacramental wine. Two of the elders were said to be in a critical condition.

The church recently had been repaired and in the store room where the sacramental wine is kept in a jug several jugs of varnish used in redecorating had been stored. One of the officials of the church is said to have mistaken the varnish for wine when he filled the communion cup during the service. The ten Elders of the Church were the first to drink the communion wine. As the cup was being passed to other members of the congregation the Elders were seen to fall to the floor. Many of the church members became panic-stricken and rushed from the edifice. A physician was summoned and the stricken men taken to hospitals or their homes.

STOP WORK ON BIG ICE BREAKER

Liberal Government Terminates Contract Given Out By Hon. C. C. Ballantyne

Montreal, Jan. 8.—Canadian Vickers Limited, at Maisonneuve have received instructions from the Department of Marine not to proceed further with the carrying out of work on the ice breaker, contract for which entailing a cost of \$1,550,000, had been signed by the late government a few days before it was defeated at the polls.

This was the statement here Saturday of A. R. Gillham, Managing Director of the concern, who expressed the view that it would accordingly be impossible for his firm to mitigate the unemployment prevalent in this city.

Speaking on behalf of the Canadian Workers Federation of Returned Soldiers and Sailors, Bernard Rose stated to-night that as the members of that organization were all directly affected they would send a delegation to Ottawa but lacked funds and therefore appealed to the general public to assist them to that extent. "It looks as though the cancellation has been made in order to ask now tenders and give Quebec City a chance", Mr. Rose commented.

OLD EMPLOYEES REMEMBERED

Messrs. Langlois And Lemoine, Of J. B. Renaud Firm, Given Handsome Presents

Two of the employees longest in the service of the J. B. Renaud Company recently retired after having faithfully served for a number of years. These two faithful employees, on leaving their positions, carried with them the souvenir of long and amiable relations as well as the esteem and the good wishes of the officials of the company, as well as the staff.

Mr. Alexandre Lemoine entered the employ of the firm of J. B. Renaud on May 17, 1882 and became cashier on January 16, 1885. He is thus retiring after forty years of faithful service. It was only on the express command of his physician that Mr. Lemoine agreed to abandon his post, which had become like another home to him. Mr. Lemoine remains a director of the company however.

Mr. Charles Langlois is with the J. B. Renaud firm since 1900 and retired to enter commerce himself. He entered the J. B. Renaud service on May 4, 1900, and in 1905 became a traveller for the firm. Now Mr. Charles Langlois will enter business for himself.

Patrons and employees did not want to let these two old comrades leave without showing them how highly they thought of them, and without giving them their good wishes, so on New Year's Eve, the directors and personnel, in the general offices of the company, made their adieux to Messrs. Lemoine and Langlois. Mr. J. S. Royer on behalf of those present, presented Mr. Alexandre Lemoine, with a magnificent set of cutlery, and a superb cane, while Mr. Charles Langlois received a magnificent set of office furniture, while both received addresses.

HEADS SECOND RELIEF PARTY

Fifteen Year Old Boy Vows To Find Father Dead Or Alive

(Can. Press)

Fort William, Ont., Jan. 8.—To find his father, dead or alive, fifteen year old Donald Mahar heads a second relief expedition standing by the last concession of the majors to Monday for the barren lakes of Thunder Bay, where James Mahar, Minnesota States Commissioner at Grand Portage, is lost in an open motor boat in which he started out to navigate a passage from Cloud Bay to Port Arthur twelve days ago, according to the Fort William Times-Journal. His first enterprise failing last week, young Donald vowed he would keep up the search until he could bring definite news to his mother at Grand Portage and on Monday he sets out on the ice-breaking tug "Strathmore" for mid-winter cruise among the dangerous channels that lie along the north-west shore of Lake Superior and Fort William and the Minnesota boundary.

Southampton, N.Y., Jan. 8.—Two young girls crashed through the thin ice of Lake Agawam while skating today and then clung so tightly about the neck of a youth who tried to save them that all three were drowned.

BUNDLED UP IN OWN BEDCLOTHES

Toronto Grocer And Assistant Tied And Robbed By Armed Bandits

Toronto, Jan. 8.—Bundled up in their own bedclothes by armed bandits early Saturday morning S. George, grocer, and his assistant, S. Christie, struggled in vain to liberate themselves while the desperadoes helped themselves to \$150 from the till and a large amount of groceries. George also was relieved of his watch, valued at \$50, and Christie was deprived of \$50 from his pocket. They informed the police that they had been aroused from their sleep by the sound of some one moving about in the store. Both got up to investigate and were met by the bandits who backed them toward their bedroom and there tied them up in the bedclothes. The robbers escaped.

FRIENDS HONORED MR. J. A. C. ETHIER

On Twenty-Fifth Anniversary Of His First Election To Commons

Montreal, Jan. 8.—The twenty-fifth anniversary of the first election of Mr. J. A. C. Aurele Lacombe, Mr. Antoine Chauvin and Mr. Liguori Lacombe. Following the reunion a reception was given Mr. Ethier at the home of J. W. Levesque, notary.

HIGHER PRICES FOR BALL PLAYERS

To Draft Player From Minors Will Cost Majors \$7,500. Now

Chicago, Jan. 8.—Major League baseball leaders, meeting here yesterday with Judge K. M. Landis, baseball commissioner, decided to amend the major-minor draft agreement so that \$7,500 instead of \$5,000 will be the price for drafting a player from the Class A. Leagues. This agreement according to Ban Johnson, American League head, and John Heydler, who represented the National League, will be the last concession of the majors to induce the Minors to accept the draft.

The Major League chiefs consented to the increase in price only after an all-day meeting, the most of which was taken up by John Conway Toole, President of the International League and President Tom Hickey, of the American Association, in explaining why their circuits have objected to the major leagues selecting one player annually from each club.

At the suggestion of Judge Landis, the amendment to the draft is so worded that either major league can withdraw prior to January 1, 1923.

This was the only condition on which President Johnson and President Heydler would agree to the change. Both Hickey and Toole expressed a belief that the scheme might satisfy their respective clubs owners but the matter will have to be put before those men and also before the major league owners before it can be put into effect.

At a recent meeting of the American Association, the draft question was turned down principally because one of the owners thought \$5,000 was not enough for a player. For this reason it was predicted to night the amendment will be satisfactory to the association.

The International may be willing to follow the lead of the American Association, baseball observers said, but little is known regarding the attitude of the Pacific Coast League. Minor League leaders asserted that the higher price would make the majors less anxious to draft players indiscriminately.

In returning a drafted man only half the draft price will be paid back, as in the original agreement. The new arrangement, if accepted, will include the feature agreed to by the advisory council in New York to the effect that when players are turned back by the majors, they must be offered first to Class A.A. and then to Class A leagues, and so on until they are accepted. This will insure the player of being in company fitting his ability.

YOUNG PEOPLE ENTERTAINED

Xmas Tree For St. Matthew's Sunday School—Cathedral Choir Boys Treat

A very enjoyable time was spent on Thursday and Friday last when the scholars of St. Matthew's Sunday School were entertained to tea. On Thursday afternoon, the primary classes were given a sumptuous repast in the Church Hall which gave much pleasure to the little ones, of whom there were about sixty-five present at the event.

On Friday evening the children of the main Sunday School were given a tea and Christmas Tree at which one hundred and twenty young people were present. Who made no mistake in doing full justice to the good things provided for them. This was followed by one of the most interesting features of the evening's events, when the Doctor Rev. Canon Scott, in the course of a neat little speech referred to the valuable services which had been rendered in connection with the Children's service by Mr. J. G. Billett by playing the organ, and, on behalf of the teachers, as a token of their appreciation of his kindness in assisting them, presented him with a gift. Mr. Billett, who was completely taken by surprise, was however, quite equal to the occasion, and thanked the Rector for his kind words and the teachers for their gift.

A programme of songs and recitations then took place as well as three plays cleverly acted by the children. Of the latter one was by the boys, entitled "Siberian Inquest", another was given by the C.G.I.T., and a third by two of the senior girls "Simply a Lesson". All those who took part in the programme were heartily applauded by the audience.

Following the completion of the programme, Santa Claus made his appearance and was received with enthusiasm by the youngsters. His Highness then proceeded to strip the well laden tree and distribute gifts all round. Games were then played after which a pleasant evening was brought to a close with the singing of the National Anthem.

CATHEDRAL CHOIR BOYS

The Very Rev. Dean Shreve entertained the Cathedral Choir boys to a toboggan slide on the Terrace on Saturday afternoon, which proved an enjoyable event. The sliding took place under the able supervision of Messrs. Cyril Bignell and Hilly Gibaut. Afterwards the boys were treated to a recherche tea in the Church Hall which proved very acceptable. Needless to say the boys were grateful to Dean Shreve for his thoughtfulness in providing them with such a fine entertainment as a reward for their services in the choir.

THINKS DAIL DECISION WISE AND WELCOME

Head Of Roman Catholic Church In Nova Scotia Issues Statement

Halifax, N.S., Jan. 8.—Archbishop McCarthy, head of the Roman Catholic Church in Nova Scotia, issued the following statement today: The decision of the Dail Eireann of Ireland on Saturday was, in my opinion, very wise and very welcome. It will bring happiness and prosperity to Ireland, I am sure. There is no doubt whatever that this action, bringing into being a free and autonomous State in Ireland, is the very best thing that has happened in that country for many an age.

Misgivings given way to hope and anxiety is replaced by expectation of a peaceful and prosperous future for Ireland.

SHOT WHILE WALKING THROUGH THE BUSH

Estonian Died Following Accidental Discharge Of Rifle By Companion

North Bay, Ont., Jan. 8.—While walking through the bush near Eureka, 45 miles from Cartier, Ontario, on the morning of January 4, Alexander Kirs, an Estonian, 40 years of age, was accidentally shot and killed, when a 22 rifle in the hands of John Milroy, a companion, suddenly exploded when he stumbled and fell. Kirs fell instantly. Milroy removed Kirs' snowshoes, made him comfortable among evergreens and set out for help. He secured aid after a six mile journey, and Kirs, still living, was brought to Eureka. He was placed on board the train, but died shortly after reaching Cartier.

STILL SUPPORT REPUBLICANS.

New York, Jan. 8.—Continued support of the Republican Party in Ireland, regardless of the Dail Eireann's ratification of the treaty creating the Irish Free State, was pledged by the Friends of Irish Freedom, in an official statement issued last night.

DEPUTATION WAS WELL RECEIVED

Impressed Transportation Needs Of Abitibi Region Upon New Government

The deputation named by the inhabitants of the Abitibi district to proceed to Ottawa to represent to the Minister of Railways the necessity for some immediate action, as to lower freight rates, so as to bring their goods to market, returned to Quebec Saturday evening, with good hopes as to the success of their mission.

The deputation was composed of Mr. Hector Authier of Amos, as spokesman, supported by Messrs. Holvin Turcotte and two other leading merchants of the Abitibi district, and, at their urgent request, the Council of the Quebec Board of Trade named Mr. J. G. Scott, Chairman of the Transportation Committee of the Board, as representative of the interests of Quebec merchants.

The new Minister of Railways, the Hon. W. C. Kennedy, was to have received the deputation, but was taken seriously ill, a few hours before the time fixed for the interview. So the delegates were received by Major Bell, C.M.G., Deputy Minister of Railways and Hon. T. B. Carvell, Chairman of the Railway Commission, together with Hon. Mr. Dandurand, Minister without portfolio, and Mr. Frank Cahill, M.P. for Pontiac, the county in which the Abitibi district is included.

Mr. Authier submitted a very strong memorial setting forth the following facts: That there are 15,000 new settlers in the Abitibi district, which six years ago was an uninhabited wilderness; that these settlers whilst making wonderful progress in agriculture, having raised a crop last year of wheat, oats, potatoes, etc., valued by the Government agrarian inspector, at nearly \$1,100,000, are absolutely dependent during their first few years upon the wood cut in clearing their farms; that there are now piled along the railway 100,000 cords of pulp wood and fifty million feet of sawn lumber made by these settlers last year which cannot be moved owing partly to the depression in the paper and lumber trades, but principally to the absurd prices of freight, which they contend are twice too high. The consequence is great distress amongst the settlers and merchants of the district, so intense in fact that in some cases stores have been broken into to obtain food for starving families, and store-keepers being unable to make further advances, have asked a reduction of fifty per cent. on the current rates of freight on pulpwood and sawn lumber.

Mr. Scott presented a memorial submitted by the Quebec Board of Trade, endorsing the position taken by the Abitibi settlers, in which it was pointed out that the wood goods now on the line are worth two million dollars, the fruit of the labor of these hardy settlers; too great a load for a small population of settlers and storekeepers to carry; that if these goods, which have been ready for shipment for several months, are not brought to market without further delay, there will be serious financial trouble, which will involve the wholesale trade of Quebec, Montreal and Toronto, and probably drive a number of these settlers out of the country; that it would seem better for the railway to carry these goods at moderate rates, rather than have its engines idle in the round-houses, and its engine men and train crews forced to accept inferior work or be idle; and that if these goods are not moved now, no more wood will be made for next season, and the railway will thus lose the best part of a year's traffic. Mr. Scott stated that he had the promise of two of the largest paper mills on the line that if the reduction of fifty per cent in the freight rate is granted, they will immediately buy a large quantity of wood in the Abitibi district so as to relieve the distress amongst the settlers, notwithstanding that they have an ample supply of wood at their mills.

Hon. Mr. Carvell, and the Deputy Minister, Major Bell, expressed the strongest sympathy for the settlers and promised an immediate and, if possible, favorable reply.

STRIKE DECLARED IN THE TRANSVAAL MINES

Gold And Coal Production Stops Today Through Industrial Dispute

Johannesburg, Jan. 8.—A strike has been declared in the Transvaal gold and coal mines beginning tomorrow. The cause of the dispute is an attempt by the mineowners to reorganize the labor forces by greater employment of native labor, especially in order to decrease working costs and thus meet the decreased price of gold.

WOMEN TEACHERS WANT EQUALITY OF STATUS

Toronto, Jan. 8.—The women of the Toronto public school teaching staff are preparing to lay certain demands before the 1922 Board of Education, with the object of securing status equal to that of the male teachers, particularly in the matter of salaries. They will not ask for drastic increases at once, but they will ask the Trustees to recognize the principle of equal pay for equal work.

FORGED LABELS BEING PRINTED

Also Stamps Of Quebec Liquor Commission In Montreal Is Discovery Made

Montreal, Jan. 8.—Forged labels, stamps, etc., of the Quebec Liquor Commission are being printed in this city. It was ascertained that the raiding of two printing shops over the week-end.

Labels of well known Scotch distillers were also seized. It is understood that this is only another of the wide ramifications of the bootlegger system. In the United States consumers are shy of bootleggers' concoctions and are now demanding Quebec Liquor Commission goods with stamped identity labels. An offer was recently received by a bootlegger, who claimed that he had considerable stock in the Adirondacks which he would be able to dispose of if labels were forthcoming. It is hoped that with their closing, the chief source of the traffic has been stopped.

PASTOR, COUNTY CONSTABLE'S AID

Carried Revolver And Drove Car For Pay Without Licenses

Sarnia, Ont., Jan. 8.—When James Holling was dismissed here Saturday afternoon in Police Court, on a charge of keeping a still, a mild sensation developed. Rev. Mr. Harding of Wilkesport Methodist church, being charged with being an aid in the employ of High Constable Scott, whose methods are now the subject of an investigation.

Questioned by Attorney W. S. Haney, Rev. Mr. Harding, in the witness box, admitted that he carried a revolver without a license and, while not having a chauffeur's license, he had received various sums of money for driving the County Constable in his motor car during recent raids.

Denying that he had carried a gun during the years from 1914 to 1918, the minister stated he had only carried it since he became a party to the clean-up campaign in Lambton County.

Attorney Haney charged that the case was a frame-up to secure a conviction of the fine allowed for such convictions under the Revenue Act.

Information may be laid against the Rev. Mr. Harding for carrying a gun without a permit.

COMMENT OF LONDON PRESS

Expresses Relief And Satisfaction Over Dail Vote On Peace Treaty

London, Jan. 8.—A majority of the London newspapers editorially expressed relief and satisfaction over the vote of the Dail Eireann on the peace treaty. While recognizing the difficulties ahead, owing to the hostility of the irreconcilables, they profess confidence that the trouble will be surmounted and that peace will eventually.

The Times expresses the belief that the followers of Eamon De Valera do not possess a more solid foothold for their policy than Irish gratitude for their past services. Concerning the effect of the agreement as regards Britain, the newspaper says:

"If only this country will understand that Ireland is entitled to the spirit as well as the letter of her liberties there is little fear for the future on the relationship between these islands."

The Daily Telegraph draws the deduction from the final speeches in the Dail Eireann of the "existence of a harsh, rancorous and unappealing section which means to do its worst." It thinks, however, that with sound leadership and the confidence of the bulk of the nation, the trouble will not prove insuperable.

"The near future," says the Daily Chronicle, "will show whether Irishmen can so abate their immemorial habit of discussion as to build a united people on the basis of a new charter, or whether the Valerian way will exist until it has dragged Ireland's politics down to the level of Portugal's or even Mexico's."

A very master of the art of euphemism was the Englishman we have just been reading about. He was filling out a questionnaire and one line ran, "Is your father dead?" If so, how did he die? Now the man's father had been hanged, but he hated to say so outright, so he wrote: "My father was taking the principal part in a public function, when the platform gave way."

CIVIC ELECTION POT WARMS UP

Mr. E. A. Tremblay To Run
Against Alderman Mercier
—Mayor Unopposed

It is evident that the Quebec tax payers are beginning to take an interest in the coming municipal elections to take place next month. Within the past week, quite a number of citizens who have been appreciated by tax-payers in the various city wards, to allow themselves to be put in nomination for Aldermanic honors, have visited the City Hall seeking information and obtaining copies of the municipal voters but, with the exception of St. Sauveur and Limoilou Wards, where, it is said, there are no less than 14 prospective candidates, there is no sign of a contest in the lower levels of the city, but it is expected from rumors current, that there will yet be a contest in every Ward.

Mr. Elzear A. Tremblay, Builder and Real Estate broker, who resides at 253 Grande Allée will contest No. 1 Seat Montcalm Ward, in opposition to the present incumbent, Alderman J. E. Mercier, Chairman of the Civic Police Committee. Mr. Tremblay was waited upon last week by a large number of tax-payers of the ward, and requested by them to come forward as a candidate, and in an interview with the Chronicle last evening said he, after some consideration, had decided to accept the proffered nomination.

There seems to be no sign as yet of a contest for the Mayoralty, several names have been mentioned, but up to the present there is no definite news of any opposition being offered to the present Chief Magistrate of the city, Mayor Joseph Samson.

THANKSGIVING FOR SETTLEMENT

Prayers in St. Matthew's Church For Ratification Of Irish Treaty

At the services yesterday morning and evening in St. Matthew's Church, the Rev. Canon Scott, announced the ratification of the Treaty between England and Ireland by the Irish Parliament, and said that the prayers of Christian people for its ratification had been answered, and thereby a feud of seven centuries standing between the two countries had been ended through the settlement that had been arrived at.

Special thanksgiving prayers were offered by the Rector, who at both services called upon the congregations to give thanks to God for the Peace established between England and Ireland.

LAKE BEAUPORT Christmas Tree Party Held By Residents At Lake Proved Great Success

A very happy and pleasant evening was spent at the home of Mr. and Mrs. Peter Simons, Lake Beauport, when a large company gathered on Wednesday evening last to celebrate their annual Xmas festival. All kinds of games were played with vim by old and young, after which it was announced that Santa Claus was on his way; the children's ears and eyes were all alert when he made his appearance as usual, and distributes the gifts from a well laden tree, every one present receiving one.

Thanks are due to kind friends who gave so generously to Mrs. Peter Simons, Mrs. David K. Smith and to Santa Claus impersonated by Mr. David K. Smith.

SYMPATHY FOR MR. L. P. SIROIS

Notaries Held Special Meeting
And Adopted Resolution Expressing Regret At Death

The notaries of the city and of the District of Quebec held a special meeting on Saturday last at the Court House, to pass a resolution of sympathy at the death of their learned confrere, L. P. Sirois, Mr. H. O. Roy, former General President, acted as chairman of the meeting, while Mr. Henri Delage as Secretary of the assembly.

The following resolution was unanimously adopted by the meeting:—"The notaries of the city and District of Quebec desire to express their deep regret at the death of their eminent confrere, Mr. L. P. Sirois, Doctor of Law, Professor at Laval University, and former President of their Association.

It was also resolved that thirty privileged masses be offered for the repose of his soul, and to assist at his funeral, and that a copy of the resolution be transmitted to the Revue du Notariat and to the newspapers.

NEW HOME FOR YOUNG PEOPLE

Quebec Presbytery Purchased And Furnished Home For Young People

The Quebec Presbytery of the Presbyterian Church has just opened up a new home for children at No. 585 St. John street, which will be formally opened and dedicated on Wednesday afternoon at 4 o'clock and the Dedication service will take place at 5 o'clock.

For some time past the Presbytery has kept a home going in Quebec for young people residing in the outlying parts of the Presbytery's district so that they could obtain the benefit of higher school education in this city, which it was impossible for them to do in the immediate vicinity of their parents' homes.

The premises, which will be formally opened on Wednesday will accommodate between forty and fifty young people, have been bought by the Presbytery and suitably furnished, and will doubtless prove a great boon to scholars from the country who would otherwise be deprived of the advantages of higher education.

Much credit is due to the Quebec Presbytery of the Presbyterian Church for its initiative and enterprise in providing such a home which is bound to have far reaching and beneficial results.

"PEEPING TOM" WAS ARRESTED

Man Will Face Judge In Court
This Morning On Two Serious Charges

An important arrest was made yesterday morning by Sergeant Tom Scallen and Constables Tremblay and Lapointe, when, after a chase that led them all the way along Cook Street, they captured an individual residing on McMahon Street, and for whom the whole of the Morality Squad had been on the look out for the last six or seven weeks.

The individual who now rests behind bars in the Central Police Station, is held on a charge of gazing into windows, and proved to be a tough customer, for yesterday morning at nine o'clock, when he was in the hands of Constables Tremblay, a crowd quickly gathered to learn what was the cause of the arrest.

When the police would receive a letter from one section of the city, they would immediately go out the very next night, with hopes of him repeating his nocturnal visit, but the man would fool them by operating in some other section of the city, and then when they would have several men out on the job, he would stop completely, laying low for several days, and then breaking out again when the police least expected it.

Several complaints have been received by the police, and one citizen said that there had been a great deal of an annoyance given by a degenerate.

Yesterday morning Sergeant Scallen and Constables Tremblay and Lapointe were on the Kent Gate, on the look out for their quarry, and a couple of minutes before nine o'clock he came into view, and immediately started to gaze at a window. The three policemen went after their man, but he heard them coming, and went off hotfoot along Cook Street, with the trio after him at top speed.

Running along Cook Street at top speed, the three pursuers gained on their man so much that he took the only course of escape left open to him, and darted down Chauveau Avenue, but he was not fast enough, for he was nabbed by the three policemen before he got to the bottom of the hill, and then escorted to the police station, where he remained all day, and will stay until this morning, when he will face the judge in the Court of Sessions.

GETTING TOO FAT? TRY THIS—REDUCE

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmosa Prescription Tablets and follow directions. One dollar is the price, but you can get them from your own druggist or send price direct to Marmosa Co., 4612 Woodward Ave., Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily, without starvation diet or tireless exercise.

CHIEF D'OR TO OPEN AGAIN THIS MORNING

The Chien d'Or Cafe, on Du Fort Street, which has been closed for some time, will open its doors to the public once more this morning. Extensive repairs have been undergone, and the place has been entirely renovated, so that it is now the most up-to-date in the city.

THREE CALLS FOR THE FIREMEN YESTERDAY

The Firemen of No. 8 Station were given three runs yesterday, two of them being from the same box, for the same fire. This was at 78 St. Leon Street, where a curtain caught fire, and before it was extinguished, had set fire to the oilcloth and woodwork in the room. The fire was subdued without much difficulty. The third call was from Box 122, where there was a fire in a mattress at 1050 St. Valier Street.

ARRESTED FOR TRACK-WALKING

Thinly Clad Man Suffering From Exposure, Was Tramping To Manitoba

Thinly clad and wearing light summer shoes, a man aged about 50 years was arrested by the C.N.R. police, while walking the railway tracks on the South Shore on Friday last, and brought to the Court of Sessions on the charge of vagrancy. The unfortunate man, of harmless appearance, in telling his story, said he was married and the father of a family. He had walked from New Brunswick, where he lived, and was on the way to Manitoba where he had relatives and where he was going in search of work.

He was taken before Judge Choquette in the Court of Sessions, who realized that the man was suffering from cold brought on by exposure, and sent him to jail pending an investigation.

ST. PATRICKS FIVE HAMILTON TWO GRAND'MERE LOST TO CHICOUTIMI OTTAWA DOUBLED CANADIENS SCORE OPERATING DEPT. WON FIRST GAME

Greenshirts Displayed Better Brand Of Hockey Through-out—Still Lead N.H.L.

Toronto, Jan. 8.—By displaying a better brand of hockey throughout almost the entire sixty minutes, St. Patrick's defeated Hamilton by a score of 5 to 2 at the Arena on Saturday night, and so remain at the top of the standing in Frank Calder's four-team circuit of professional hockey clubs. John Ross Roach gave a sensational display in the nets. Several times he threw himself on the ice in front of the attacking Tigers to avert almost sure counters, on one occasion he stopped three in quick order from within the ten foot range. Stuart and Cameron kept the Tigers out of the net and long range shots of the visitors were easy for Roach to handle, but even when the visitors did get inside, they were turned back by the little custodian on all but two occasions.

The forward line played a pretty game. Denenny, Dye and Noble started out and each of the trio scored one goal, while Randall notched one when doing relief duty.

Leo Reise turned in one of the best games he ever played in this city and that the Hamilton score was not larger was no fault of his. He rushed almost continually while he was on the ice, but his shots, when he was not turned into the corner by the outer defence, were taken care of by Roach. Mummery also worked hard and got in several times on the local goalie but could not increase his scoring record. Lookhart was good in the nets.

Score Was 5 To 3 In Provincial Hockey League Match Played Yesterday

Chicoutimi, Jan. 8.—Chicoutimi defeated Grand'Mere today by a score of 5 to 3 in the opening game played here in the Provincial Hockey League. The home team was without the services of Roy and Vezina, but nevertheless managed to secure the better of the play.

Quenneville tallied the first goal for Chicoutimi when he followed in his shot and securing the rebound beat Gauthier. Savard put his team two to the good shortly afterward when he beat the Grand'Mere net-custodian with a shot from close quarters. With the score two-to-nothing against them the visitors seemed determined to do or die and after peppering Gagnon from all angles, Richardson finally struck the twine. Shortly before the end of the period Lamirande evened the score when he fooled Gagnon on a long shot.

In the second twenty Gauthier and Quenneville combined and the latter put the home team again in the lead. A few minutes later Tremblay on an end to end rush and after eluding the defence beat Gauthier for the fourth goal for Chicoutimi. Hayes brought the Grand'Mere total to three when he scored as the result of an end to end rush. Near the close of the period Tremblay made the score five to three by following in his shot and securing the rebound.

Bouchard Made Debut On Lineup Of Flying Frenchmen Saturday

(By Canadian Press.)

Montreal, Jan. 8.—The professional debut of Edmond Bouchard of Quebec on Canadiens' line featured the National League hockey game at the Mount Royal Arena here last night, in which Ottawa Senators, champions of the world, defeated the "Flying Frenchmen" by a score of 4 to 2. A crowd of 5,000 were mightily pleased with the brand of hockey displayed, although naturally somewhat disappointed that in spite of desperate efforts the home team was defeated by a narrow margin.

Bouchard, demonstrating his ability as a whirlwind skater, good stick-handler and hard worker, encouraged Canadian supporters to hope for a reversal of the verdict that was passed the last time Ottawa defeated Canadiens in Montreal, but the Senators' combination and speed again were too much for Lalonde's sextette.

The game, always fast, waxed rather rough in the second and third periods, Canadiens doing the most damage. Sprague, Cleghorn, and the defence man, showed no falling off from his usual speedy, excellent game, but the fact that Cooper Smeaton donated six minutes on the bench to him for rough play, did not help Canadiens to score the necessary goals.

Generally the game was very evenly fought. Canadiens seemed to lack just the final push to stick the puck behind Benedict and on numerous occasions the crowd groaned when a sure thing was passed up.

Defeated Passenger Dept. 2 To 1 In Initial Match Of C.N.R. League

Playing in excellent form the fast sextette of the Operating Department defeated the Passenger Department by the close score of 2 to 1 at the Q. A. A. Rink Saturday in the opening match of the recently formed C. N. R. Inter-Department League. The game was fast and well contested and it was only after sixteen minutes had elapsed in the final period that Butler tallied the winning goal.

Mr. W. J. Atkinson, the popular Superintendent of the C. N. R. in this city, faced the puck, being escorted to the centre of the ice by Mr. Owen Kelly, the President of the League.

Both teams started at a fast clip and Lapointe, the star defence man of the Operating Department, put his team in the lead when he rushed from end to end and beat McGrath for the first count of the match. Seven minutes later Frankie Murphy slipped one past Alain, tying the score.

Both teams took the ice in the second twenty fully determined to break the tie, but despite the efforts of both sides, no goals were scored.

In the final period the players of both outfits worked harder than ever to secure the lead, though it was only after sixteen minutes had elapsed that Butler finally managed to slip one past McGrath, for what proved to be the winning tally.

Referee "Mike" Power handled the game in a very efficient manner to the satisfaction of players and spectators, among whom were several officials of the C. N. R. Railways.

NEW PRESIDENT WAS ELECTED

L. Fortin Chosen To Replace C. T. Phillips Who Resigned In Independent League

A short meeting of the Independent Hockey League was held at the Victoria Hotel yesterday morning to elect a new President to fill the vacancy caused by the resignation of Mr. C. T. Phillips who resigned on account of not having the necessary time at his disposal.

Mr. L. Dougal, who had been elected Secretary-Treasurer at the beginning of the season was selected to fill the office of President, while L. P. Portier was elected Secretary-Treasurer.

The League also decided to suspend E. Hurens of the St. Gregoire team for the balance of the season on account of his deliberate rough work. Hurens had participated in two games and in each contest had taken a swing at one of the opposing players. The League decided that no rough work could be tolerated and barred the player in question from participating in any independent League contests for the remainder of the season.

As the Voltigeurs of the Provincial League will play an exhibition game with one of the Knights of Columbus team of Montreal Tuesday night at the Arena, the games scheduled for the 10th have been postponed until Wednesday, when Young Sons of Ireland meet the Villamoy outfit in the first match and Sarsfield clash with St. Gregoire in the final contest.

Sherbrooke, Que., Jan. 8.—The Quebec C. N. R. team registered another victory when they trounced the Maple Leafs of the Sherbrooke League in an exhibition basketball match by 30 to 17 at the Y. M. C. A. arena Saturday night. The visitors played well together and deserved their victory.

A crowd of about 200 people were on hand to witness the game which was fast and exciting but was spoiled at times by rough work on the part of the Sherbrooke boys.

The Quebec team was composed of T. Lane, C. Zinck, P. Foster, W. McTeer, C. Young, with C. Tanguay and R. Matthews as substitutes.

After the completion of the match the Quebec C. N. R. boys were challenged by the Young Sons of Ireland, a team that boasts of not having met defeat in two years. The Quebec outfit accepted and it is expected that home and home games will be played some time during next month.

GOOD CROWD AT HARNESS RACES

Phillip Ha! Ha! Won Trotting Event And Montalvo Captured Pacing Class

A crowd of about four hundred people journeyed to the Exhibition Grounds yesterday afternoon to witness the trotting and pacing races. There were two classes on the program, one being for trotters while the remaining one was set aside for pacers. Both events were won in straight heats, the trotting event being taken by Phillip Ha! Ha! who was driven by Leonard, having the edge pretty well his own way. Polo Russell driven by Marois secured second place while third position went to Betty Morrow who was driven by Cauchon. Robin Red Breast, with Gagner holding the reins, finished in fourth place. The best time was 26.4.

Only three starters went off in the free-for-all pace. Montalvo piloted by Jonas took this event in straight

BOSWELL SHIELD GAME TOMORROW

Sewell's Rink Meets Petry's Outfit At Victoria Curling Club At 4 O'Clock

The members of the Victoria Curling Club are making things hum, and although they have no matches scheduled for today, merely practice competitions being on the program, nevertheless they are getting ready for big doings.

Tomorrow afternoon at 4 o'clock, Colin Sewell's challenging rink will make a valiant effort to lift the historic Boswell Shield from Major W. H. Petry's defending crew. With good weather and a fast sheet of ice, the game should be an exceedingly keen one.

The first game of the four team a side Quebec-Victoria Competition will commence on Tuesday, the 10th, at 8 p.m., on both Victoria and Quebec ices. These rinks will play every two weeks, and the rink having the most wins at the end of the season will receive prizes.

Drawing for Victoria Club competitions have been made, and both Singles and Doubles are going on at a lively pace.

On January 27 and 28 six rinks from the Victoria Curling Club will be in town, and will be the guests of the Victoria Curling Club. They will stay in town for a couple of days, and will play friendly games with the Victoria Rinks.

BILLY BELL IS CAUSE OF SCRAP

Awarded To Ottawa By The N.H.L. But Is Held By The Canadiens

(By Canadian Press.)

Ottawa, Jan. 8.—Billy Bell, right handed forward player awarded to the Ottawa Senators at the meeting of the National Hockey League in Toronto last week, is the pivot around which a new controversy in President Calder's circuit is liable to revolve. Officials of the Ottawa team stated tonight that Bell refused to line up with Canadiens, his former team in the Metropolitan Saturday night, having previously affixed his signature, following the dictates of the league executive, to an Ottawa contract. Leo Dandurand is said to have appealed to the League and claimed Bell as his property, but Ottawa's right was upheld and Bell is expected to arrive in the capital tomorrow and to line up against St. Pats in the crucial game here Wednesday night.

Bell will fill a long felt want in the Ottawa machine and will be awarded number "seven" in the local numerical plan held open in the hope that Jack Darragh, last year's right wing star, would again be found in uniform. Negotiations with Darragh have, however, been definitely broken off. The new addition to the champions will team with "Punch" Broadbent in holding down the right boards.

FOUL COST JOE MOORE TITLE

Charles Jewtraw Won N.Y.'s Ice Skating Championship At Endicott Yesterday

Binghamton, N.Y., Jan. 8.—Charles Jewtraw of Lake Placid, now amateur champion, won the New York State Ice Skating Championship at Endicott Park Rink, Endicott, this afternoon, from a field of the fastest skaters in the country. He tallied 9 points.

Joe Moore, of New York, international title holder, finished second with 30 points, a foul in the final event of the day, the 220-yard dash, costing him the championship. With second place and enough points to win practically assured him in this race, Moore "cut in" on Paul Forsman of the Tremont Rink Club, New York, and was disqualified.

Miss Gladys Robinson, of Toronto, world's woman champion, who was to have participated in the feature race on the program, was taken suddenly ill with appendicitis yesterday; it is expected she will be operated on at a local hospital tomorrow.

Moore and Jewtraw, meeting for the first time this season monopolized honors, the Lake Placid flash living up to his reputation by leading home the field in the 220-yard, 440-yard and half mile events, while Moore took first place in the mile and three-mile events and second in the half mile.

"The Sheik" Scores a Decided Hit, With Rudolph Valentino and Agnes Ayres—Buster Keaton Comedy a Riot

"The Sheik" came, was seen, and conquered all who saw this mag-
nificent picture at the Victoria Theatre yesterday. Rudolph Valentino
the dashing hero of the "Four Horsemen," is co-starred with Agnes
Ayres and needless to say, they make a decidedly handsome couple. To
miss "The Sheik" would be a misfortune. It is a beautiful picture
and well worth seeing. Buster Keaton is on the same bill in "The
Boat" and this comedy is guaranteed to get more laughs than any
Chaplin and Lloyd put together.

The Governor-in-Council At

Ottawa

(By Canadian Press)

Ottawa, Jan. 7.—The Governor-in-
Council has commuted the sentence
of death passed upon Wilfred Meharg
a farmer's son, of Wentworth Coun-
ty, Ont., to life imprisonment. Meh-
arg was sentenced by Chief Justice
Sir William Mulock at Hamilton.
The date of execution was set for
January 18th. He was found guilty
of murdering Dr. Whitworth of
Hall's Corners, while engaged with
four other men in robbing a store.
It is understood that the principal
plea of the defence at the time of the
trial was that the shooting was ac-
cidental. Emphasis was laid on the
fact that, at the time the shooting
occurred Meharg was only twenty-
one years of age and had apparently
been led astray by evil companions.

Canadian trade overseas are more
hopeful, according to the number of
trade enquiries published in this
week's issue of the Commercial In-
telligence Journal. In this issue,
there are 65 enquiries, of which 18
are for foodstuffs, 17 for hardware,
machinery and metals, 19 for pulp,
paper, timber and manufactures
thereof, and the balance for miscel-
laneous products.

tremely indefinite." The meaning of
which is that Emma is all dressed
up with nowhere to go.—Rochester

Headaches Gone

Perhaps you can imagine what
this means to one who has suffered
terribly with headaches for ten
years.

Read about it in this latter.

Mrs. Tena A. Smith, Country
Harbor Cross Roads, N. S.,
writes:

"I feel that if anyone can recom-
mend Dr. Chase's Nerve Food, I cer-
tainly can. I suffered for ten years from
severe headaches, and although I took
all kinds of headache powders they
just relieved me at the time. I became
very nervous and run-down, and every-
thing seemed to trouble me. I have
taken fifteen boxes of Dr. Chase's
Nerve Food and it has made an en-
tirely new person of me. I felt that
I could not have lived without it. I
do not have one headache now for
every hundred I used to have, and my
nerves are good and strong. I just
weighed 109 pounds when I began
using Dr. Chase's Nerve Food, and
now I weigh 121. Knowing what this
treatment has done for me, I cannot
too highly recommend it to others."

FELT STRENGTH SLIPPING AWAY

Mrs. Champion Became So
Weak and Nervous Her Life
Was A Burden—Now Well

"For years, I was feeling so weak
and miserable that life seemed
hardly worth living, so I certainly
know how to appreciate the splen-
did health which Tanlac has
brought me," said Mrs. Ada Cham-
pion, 557 A. La Salle Road Verdun
Que.
"Indigestion, nervousness and
general weakness had made life
a burden to me for seven or eight
years. During the past year I seem-
ed to be getting worse and could
just feel myself losing ground every
day.
"In a short time Tanlac has built
me up so that I eat and sleep as
well as I ever did in my life, and,
in fact, I am just like an entirely
different person. It is impossible
for me to put into words the grate-
tude I feel towards this grand
medicine."
Tanlac is sold by leading druggi-
sts and general merchants every-
where.

Harbor Commission.

At noon today there will be a
meeting in the office of the Quebec
Harbor Commission, in order to el-
ect a member to represent the ship-
ping interests for the unexpired
term of the late Mr. William Rae in
the Quebec Harbor Commission, and
there is one gentleman we would
name, whose practical nautical ex-
perience coupled with his extensive
knowledge of shipping business
generally, would make him a most
useful member of the Board. We
refer to Mr. E. C. Fry, of the firm
of Henry Fry & Co.

Handball.

Mr. N. Lavoie, manager of the
St. Roch's Branch of the Banque
Nationale, won the silver medal in
the handball championship of Am-
erica competition played for yester-
day in Jersey City. Mr. Lavoie is a
member of the St. Roch's Amateur
Athletic Association, and both he
and the Club are to be congratula-
ted upon the result of the match.

Quebec West.

It is said that Mr. Richard
Turner, President of the Quebec
Liberal Club, is being urged very
strongly to come forward for Que-
bec West. A large delegation wait-
ed upon him yesterday, and re-
quisitions are being signed through-
out the division, and the most pro-
minent Liberals look favorably to
his acceptance of the candidature.
