GOOD CIVIC GOVERNMENT.

Alderman Ames, of Montreal, Speaks on the "City Problem" at Banquet in His Honor at the Art Hall, Under the Auspices of Y.M.C.A. Lyceum.

The "good government banquet" in the Art Hall, last night, under the auspices of the Y.M.C.A. Lyceum, complimentary to Alderman H. B. Ames, champion of civic reform in Montreal, was a decided success. It was attended by about 175, including many of the leading citizens of Sherbrooke and representatives of all nationalities and creeds in the city. The Art Hall, with its picture laden walls, liberal display of painting, prettily decorated and well laid tables presented a very attractive appearance. The menu and the arrangement of the tables was under the supervision of the Ladies' Auxiliary of the Y.M.C.A., and, as expressed by more than one speaker in connection with the banquet, it was a banquet which was wholly due.

The chairman of the evening was the president of the Lyceum, Mr. V. E. Morrell, at whose right and left were the guests of the evening, viz., Alderman H. B. Ames, of Montreal; Mayor J. O. Camirand, Councillors McManany, Cate, Olivier, Jencks, Thompson and Wilson, Mr. L. E. Panneton, K.C., ex-M.L.A., ex-Mayor L. G. Worthington, Messrs. J. M. Dufresne and L. A. Bayley, president and vice-president of the Board of Trade.

Letters of regret were read from Hon. John Mcintosh, M.P., Dr. Pelletier, M.L.A., Gen. Paul Lang, U.S. Consul, and Councillors Royer and Caron.

Seats were taken at the tables at 8:30 Hubbard's orchestra furnishing music throughout the banquet. Mr. H. H. Morency gave a recitation from Drummond during the evening which called for an encore.

At 9:30 the toast list was begun, and was as follows: "The King," "Our Guest," proposed by Councillor Cate and responded to by Alderman Ames; "City of Sherbrooke," proposed by ex-Mayor Worthington and responded to by Mayor Camirand and Councillor McManany; "Our Trade and Commerce," proposed by Councillor F. Thompson and responded to by Messrs. Dufresne and Bayley, of the Board of Trade; "Dominion of Canada," proposed by Mr. C. C. Knight and replied to by Mr. L. E. Panneton, K.C.; "Y.M.C.A.," proposed by Mr. W. S. Dresser, and acknowledged by president and secretary of the local organization, Mr. McKee and Mr. Rowland, and finally "The Ladies" proposed by Mr. A. M. Saenger and responded to by Dr. Lynch and Mr. J. P. Wells.

The address of Alderman Ames, in reply to the toast to his health, was, of course, the speech of the evening. It was not the only feature, however, as both the mayor and senior member of the Council also responded to the toast to the city, as did Messrs. Dufresne and Bayley in connection with the commercial side of our city life. Mr. Panneton's reply to the "Dominion of Canada" was a masterpiece of eloquence and aroused much enthusiasm. The selection of gentlemen to propose the toasts proved equally fortunate.

ALDERMAN AMES' ADDRESS.

On rising to respond to the toast to his health, Alderman Ames was greeted

DIED AFTER SPEECH.

Ex-Governor of Illinois Makes Pro-Boer Address

SEIZED WITH FATAL ILLNESS IMMEDIATELY AFTERWARDS.

Joliet, Ill., March 12.—(Special.)—Former Governor John Patzold, of Illinois, who was the principal speaker at a pro-Boer meeting, was seized with a sudden dizziness, just as he concluded his speaking.

He was very ill, and it was an hour later before he could be removed to his hotel, where he died this morning.

He was Governor at the time of the Anarchist riots in Chicago.

CECIL RHODES.

His Condition Stated to be Extremely Grave.

London, March 12.—Mr. Alfred Beit, a member of the firm of Wertheim, Beit & Co., and the most intimate friend of Cecil Rhodes, received a cable yesterday from Cape Town, stating that the condition of Mr. Rhodes was very grave. He received another cable to-day stating that his condition was unchanged.

WIFE OF PREMIER ROSS DEAD.

Toronto, March 12.—(Special.)—Mrs. Ross, wife of Premier Ross, died suddenly at 4:30 this morning.

THE IRISH LEAGUE.

CABINET WILL NOT PROCLAIM IT AT PRESENT.

London, March 12.—Although no official statement can be obtained regarding the Cabinet's decision concerning Ireland, there is every reason to believe that it has resolved not to proclaim the Irish League or to adopt immediate coercive measures.

The Standard, the ministerial organ, whose information in this matter coincides with that obtained from other sources, says that the ministers decided after full consideration of all the circumstances, that the time has not yet come for bringing into play the more drastic features of the Crimes Act. It is not thought necessary at present to suppress the United Irish League as a national organization or any of its branches as such, but the policy hitherto pursued of rendering amenable to justice all who in promoting the object of these or kindred combinations commit offences against the law will be vigorously followed up. Should it be found that the procedure under the ordinary law or under these provisions of the Crimes Act which do not depend upon the issue of a proclamation is sufficient, there will be no hesitation in resorting to the special powers at the disposal of the executive.

DEATH OF MRS. M. WOOD.

Lennoxville, March 12.—Mrs. May Wood, beloved wife of William Wood, and daughter of the late William Hunting, of Huntingville, passed away recently at her home in Lennoxville. Mrs. Wood was stricken by a shock and will only a little more than one week. Knowing that it was not expected that she would recover, she chatted pleasantly with her friends, expressing herself as feeling sorry at leaving her loved ones, yet willing to go if it was the father's will. She was a consecrated member of the Universalist church at Huntingville, and for many years the organist there. Her home was one of sunshine and hospitality, and she will long be remembered as a dutiful wife, affectionate daughter and loving sister and friend. The fullest measure of sympathy is extended to all the mourning ones. The funeral was held on the 21st at the Methodist church, Lennoxville, Rev. I. W. McLaughlin, of North Hatley, conducting the services. Burial was at Malvern cemetery.

TWO OLD CRONIES.

Two Old Cronies at the Clement Theatre last night had a good audience. Frank M. Wills and Dick Thompson as Frank Kreitzmeyer and O'Donovan Duff, respectively, were very funny, the German dialect of the Professor being perfect. The two comedians on several occasions brought down the house. Geo. H. Adams, the famous clown, gave an eccentric dance on stilts. The ladies of the company were heard to great advantage in several of the latest popular songs and choruses, and while pretty to look at, they also possess good well trained voices. Miss Mamie Fleming made a great hit in her song, "Go Way Back," and received several recalls. The whole company did most creditable work and should have large audiences to-night.

CHARGED WITH THEFT.

A. Martel, charged with two offences, one of stealing a suit of clothes from the Grand Central Hotel, and another of stealing a gold watch of the value of \$45 from a widow named Mrs. Laflamme, now Mrs. Mathieu, on the 9th of April, 1898, has been committed. The facts of the latter case are: On the 9th of April, 1898, Martel, accompanied by one Allard, entered Mrs. Laflamme's house on Wellington street and asked for a meal. Mrs. Laflamme said she had nothing in the house, so Martel went out and bought something and brought it back to be cooked. In the meantime, Allard asked Mrs. Laflamme what the time was, to which she said that her watch was upstairs in her room, under a pillow, and that he could go and look. He did, and after Martel's return, at their meal, went into Mrs. Laflamme's room to get their coats, which were left on the bed, paid for their meal and left. After their departure, another man came into the house and asked the time, whereupon she went to her room, but found her watch missing. In the meantime, Martel and Allard left for Island Pond, on a freight train, which trip resulted in the death of Allard, by falling under the cars. Martel did not return until last year, but was not arrested, until the stealing of the suit of clothes. Martel pleads that he did not know anything about the watch, and that it must have been stolen by someone else. On the first charge he was remanded until tomorrow for sentence; and on the second he was bound over to take his trial at the Court of King's Bench.

TO SUPPRESS INDIAN TROUBLE.

Ottawa, March 12.—(Special.)—The Government officials are taking steps to suppress the Indian trouble at Quessel, B.C., which despatches from the coast describe as serious.

CITY NEWS.

Mr. T. N. St. Dizier, of Massachusetts, is in town.

Mr. Octave Gendron, of St. Hyacinthe is in the city.

Mr. R. Robinson, of Kingston, was in town yesterday.

Col. M. B. Macaulay, of Scotstown, was in town yesterday.

Ald. H. B. Ames returned to Montreal on the midnight train.

Farmers report a good run of sap yesterday and new sugar with the correct flavor may be expected soon.

Mr. J. Sutton Clark, of St. George, N.B., and A. Gordon Hamme, from St. John, N.B., are visiting the city.

The ladies of St. George's Guild will give an afternoon tea on Thursday next, the 13th inst., from 4 to 6, in the church hall.

Mr. T. G. Weston left town today for Bury, to look over the ground preparatory to organizing a council of the Royal Templars of Temperance.

At the Continental yesterday were Messrs. J. H. McCall, Montreal; H. Cunningham, South Dufferin; J. W. McDougall, Waterford, and L. A. Evans, of Sawyerville.

The Rummage Sale, in aid of the Protestant Hospital, will be held next week, commencing Monday, March 17th, in the same place as last year. It is hoped that Richmond, Coaticook and all outside places will contribute generously.

Among the guests at the Albion yesterday were Messrs. S. C. Squires, Eaton Corner; C. C. Hopkins, Coaticook; L. Holstein, W. M. Harrison and W. McEwan, Montreal; S. W. Atkinson, Suffield, and Charles Demere, of Coaticook.

The regular meeting of Court Prince Albert, No. 149, I.O.F., was held last evening at the rooms of the Order. One application was received for membership and other routine business transacted, after which the majority of the members adjourned to the Art Hall to attend the Y.M.C.A. banquet.

A special full Board meeting of the directors of the Eastern Townships Bank was held yesterday morning. There were present Senator Cochrane, of Hillhurst; J. N. Galer, Durham; N. W. Thomas, Coaticook; C. H. Katham, Rock Island; Gardner Stevens, from Waterloo; Major Wood and J. S. Mitchell, Mr. H. B. Brown, K.C., was unable to be present, being out of town.

The Misses Wiggitt entertained a number of their young friends at their pleasant home on Queen street, on Monday evening, in honor of their cousin, Miss Riperta Wiggitt, of Waterville, who is their guest. A few hours were passed most agreeably, and gaily, in playing cards, and light refreshments were served at the close of the games, soon after which the little party broke up.

The monthly business meeting of the W.C.T.U. will be held at the home of Mrs. Hodde, on Friday, March 14th, at three o'clock. A collection will be taken up in aid of the Children's Cot Fund. An "At Home" will also be given from four to six. A musical programme has been provided and refreshments will be served. Collection in aid of the Fountain Fund. All are cordially invited to be present.

The following were registered at the Central yesterday: Messrs. A. G. Gardner, P. Gordon, J. A. Burns, W. R. Drummond, and F. G. Tester, of Montreal; R. C. Steele, D. McIntyre, D. McIntyre and H. C. Palmer, of Toronto; W. H. Henderson, London; E. L. LeBel, Mansouville; H. R. Keith, Boston; J. A. Letray, L'Orignal, and L. B. Andrews, Hereford, Que.

At a recent meeting of the municipal council of Rock Island, the project of assisting in a public way the Sherbrooke Protestant Hospital was discussed and approved. Accordingly a cheque for \$50 was sent to Major Wood for the hospital, which was handed to Mr. E. Hargrave, the treasurer. The example is one that might well be followed by other municipalities, which derive so much benefit from the institution.

A special meeting of the Royal Templars of Temperance was held at the court room of the I.O.F. with a very fair attendance. After some routine business had been disposed of, there were four candidates introduced, and eight proposed for membership. A pleasing programme was then carried out, consisting of vocal and instrumental music, recitations, etc. Mr. T. G. Weston, organizer for Quebec, giving two recitations which were highly appreciated and applauded. Both financial

and numerically the R.T. of T. appears to be flourishing.

Mrs. John Dunsmore has been called to Hanover, N.H., on account of the illness of her daughter, Mrs. William H. Badger.

The police were called by messenger at 7:40 a.m., and arrested a man charged with being drunk and disorderly on Market street. He was also breaking and throwing his furniture out into the street.

A concert will be given for the benefit of Miss Amy Dumbell, under the auspices of St. Peter's church choir, in the Art Hall, on Tuesday evening, April 1st. It is greatly to be regretted that Miss Dumbell is leaving town, and this will probably be the last opportunity the people of Sherbrooke will have of hearing her. A good programme is being arranged for the occasion.

Rev. Dr. Whitney, principal of Bishop's College, Lennoxville, went to Quebec yesterday, and last evening was the principal speaker at the anniversary of the Quebec Church Society. Dr. Whitney spoke for nearly an hour on the subject of Church Society. Missionary Work, dwelling upon the importance of the training of the clergy. He referred to Sunday Schools, saying that they were often inefficient for want of trained teachers, and that voluntary help could not be depended on. Dr. Whitney touched upon many subjects of interest, and in particular dwelt upon the importance of the assistance of the laity.

At the conclusion of the meeting a vote of thanks was moved by the Lord Bishop of Quebec to Rev. Dr. Whitney and Rev. Mr. Wright, which was unanimously carried.

THE SOUTH AFRICAN WAR.

Methuen's Reverse Only Makes British More Determined to See War Through at Any Cost—Reinforcements Will be Sent.

London, March 12.—The War Office tonight issued a list of casualties among the officers in the fight of Lord Methuen's force with the Boers under De la Rey. Lieutenants Vanning, Nasham, and Hartley and Col. Wilson were killed. Gen. Methuen and Col. Townsend were dangerously wounded. Capt. Outman, Lieut. Dennis Logan, of the Imperial Yeomanry, and Lieutenants Mitford, and Fitzpatrick were severely wounded, and Lieut. Squires, of the Imperial Yeomanry, slightly wounded. Thirty-eight men were killed, and 72 wounded.

The War Office also issues a correction as to the point from which Lord Methuen was marching. It was stated that he was marching from Wynburg. It should have been Vryburg.

It is pointed out in connection with the capture of General Lord Methuen that he is the senior officer next to Lord Kitchener in South Africa. Indeed in army service he is his chief's senior.

The Twebsch reverse like a shadow on the country, and the nation yet looks vainly for comfort. This is not to say that there are any signs of despair. On the contrary the press and

public generally are stiffened in their determination that Lord Kitchener shall be strengthened, and to see the war through at all costs. But the uncertainty and mystery surrounding certain features of the affair which there is no fresh information to remove cause a fear that the disaster will prove even worse than has hitherto been apparent. The laconic "dangerously wounded," appearing against General Methuen's name in the casualty list increases anxiety. Lady Methuen arrived in Madeira Tuesday, on her way home from South Africa. She received the news of the wounding and capture of her husband in a Government despatch. She disembarked, and will return to South Africa by the first steamer.

REINFORCEMENTS.

The War Secretary, Mr. Broderick, asked in the House of Commons to-day what steps had been taken in view of the success of the Boers against General Methuen, to send Lord Kitchener reinforcements, said 6,000 Yeomanry would be immediately embarked, with large drafts of cavalry and infantry. Lord Kitchener would be given all the assistance he asked for.

CHARGED WITH KILLING A COW.

The case of the King vs. Fontaine was heard yesterday at Theford Mines before Judge Mulvena. Mr. L. C. Belanger, K.C., was the counsel for complainant, and Mr. Deschamps, formerly of Sherbrooke, appeared for the accused. The defendant was accused of having killed a cow belonging to complainant some two years ago, by shooting her with a gun, the ball having been found in the head.

The evidence was rather circumstantial, and it was decided to see that the law regarding compulsory vaccination in the schools should be carried out strictly. After the usual routine business the meeting adjourned.

Madame Salva, of Pautucket, arrived in the city this morning.

Mr. W. Bushell, of Island Pond, is in town today visiting his sister, Mrs. E. M. Lyster.

GOOD CIVIC GOVERNMENT
(Continued from page 1.)
The individuals of a community are united together for the promotion of the prosperity and material advancement of that community; that standard of measurement employed to ascertain whether success or failure is consequent. The standard of measurement is expressed in the promotion of population, of wealth, of trade, of commerce. This conception has evidently been permanent in the minds of the citizens of Sherbrooke, both past and present. You have granted bonuses to manufacturing industries; you have given exemptions to industrial enterprises; you have offered inducements to railways to enter your borders. Judged from this standard, Sherbrooke is prosperous. But the conception of the industrial century which has just passed is not the highest conception to my mind of the purposes of associated life. The life is more than meat and the body than raiment. I would consider it rather the uniting of common welfare. Each for all and all for each. In the old days of the Greek games, many towns sent athletes to compete, and he along who first reached the goal was adjudged the victor. Of all other competitors nothing was known or cared. It might happen that a town sent many competitors, but only to that place which produced the victor did honor accrue.
The present century idea is that of the team race, where it is the united result of several runners, and the total of several aggregates that come into competition, and that association which contributes the aggregate of men which can make the best record is adjudged the victor. To my mind this latter illustration meets the point. The city problem is simply this: How may it be or become possible with these conditions which are inherent upon city life, where the many must necessarily live within the limit intended by nature for the few; how may it become possible for the individual to obtain that opportunity for development, physical, intellectual, social and moral, which is his God given and therefore his right. The right to live, to grow, to blossom, to bear fruit, to ripen, the right which the God of the universe has conferred upon every individual. If here in Sherbrooke there are those who have not had that chance to develop along the line that their individual qualifications permit; if here in Sherbrooke there are agencies which tend to prevent such growth, such development, then you already have such a problem, perhaps more than in embryo.

ALDERMAN HERBERT R. AMES, OF MONTREAL, WHO WAS THE GUEST OF HONOR AT THE BANQUET LAST NIGHT.

Through the kindness of one of our citizens, I was furnished with a copy of your municipal report for 1900. There is much in it which can only be commended, but my eye fell on some figures which to my mind are alarming. You had a death rate in that year of 25.16 percent, a death rate larger than that to be found in many cities less favorably situated. Suppose the death rate could be lowered to 18 per cent. Do you realize that that would mean a saving of one hundred lives a year. The expenditure of your health department is but a few hundred dollars per annum. Is that all that is necessary in view of these figures? Have the babies of Sherbrooke their opportunity, and if not, why not? And looking over your police reports, what does one see? Out of 108 arrests, there were 106 of persons under thirty years of age; out of 208 arrests there were 118 for the first offence; out of 208 arrests there were 185 persons who were not of temperate habits. In view of these figures, might I ask, are the young men of Sherbrooke having their chance, their opportunity, or are there agencies here which tend to deprive them of it. If I may be allowed so to do, I would venture to prescribe two remedies. There are many remedies, and in the use of these remedies I am not a homeopathist. I would not label the bottle poison, and you may take the doses as frequently and in as large quantities as you desire. First, I would aver that in dealing with your municipal problem it is of importance that you maintain that interest in municipal government with which you are proverbial, but mere interest is not enough. There should be added thereto capacity, intelligence, devotion. Do you ever stop to think what it would mean to have the absolute control of one of our great cities, for a reasonable period, in the hands of a body of thoroughly capable, honest and unselfish men? The benefits to be derived would be simply incalculable. It is considered a high honor to represent the city of Sherbrooke at Ottawa; it is considered a glory to represent it at Quebec; and it is considered a great sacrifice to represent it at Sherbrooke, and this is indeed by far the greater contribution. My second suggestion would be in the line of calling your serious attention to the importance of a city like Sherbrooke to the young men of your community. What they are you later will permit; if here in Sherbrooke there are agencies which tend to prevent such growth, such development, then you already have such a problem, perhaps more than in embryo.

We are met here tonight under the auspices of an association which in my mind has contributed more towards the building and development and sound character among our young men than any other similar institution on the continent. I refer to the Y.M.C.A. It was founded primarily as a religious institution, but it has become a potent factor in the development of twentieth century men. Its object is to reach out for the young men and lead them to that which is wholesome, develop them socially, physically, mentally, morally and imprinting upon them the thought that their responsibility towards their fellow men and the community in which they live, is a work which cannot be surpassed. One of the latest developments of this association is to advance the work along the line of good citizenship. To prepare by study, training, by practice, by inspiration, the young men with whom it comes in contact to take an intelligent part in the municipal life of our great cities. Hundreds of associations throughout the great cities are bending their energies to this work and are laying the communities in which they are situated under everlasting obligation to them. This work you are doing in Sherbrooke. We are doing it in Montreal. With honest, intelligent municipal government with active work for young men by young men your city problem should be solved before its presence can make itself known.
You remember when the Roman Colonial speaking of Roman citizenship, said: "But a greater prize have I obtained than freedom," and Paul of Sherbrooke, let these words remain with you. We of Montreal are struggling to regain that which we should never have lost, the privileges of honest, intellectual municipal government. We believe that we will succeed. We certainly shall not abandon the fight until we do succeed. You already have that boon. Prize it as your dearest possession. Keep it against all assaults. It will be your salvation, and not yours only, but ours as well. Your best flows to our city. It flows to every city in the Dominion. The influence of the young men of Canada will be spread from end to end. In this building up your prosperity you will contribute to the growth of the nation.
I Will Cure You of Rheumatism.
No Pay Until You Know it
After 2,000 experiments I have learned how to cure rheumatism. Not to turn bony joints into flesh again; that is impossible. But I can cure the disease always, at any stage, and forever.
I ask for no money. Simply write me a postal card and I will send you an order on your nearest druggist for six bottles of Dr. Shoop's Rheumatic Cure, for every druggist keeps it. Use it for a month, and if it does what I claim, pay your druggist \$5.50 for it. If it doesn't, I'll pay him myself.
I have no samples. Any medicine that can effect rheumatism with a few doses, must be drugged to the verge of danger. I use no such drugs. It is folly to take them. You must get the disease out of the blood.
My remedy does that, even in the most difficult, obstinate cases. No matter how impossible this seems to you, I know it, and I take the risk. I have cured tens of thousands of cases in this way, and my records show that 39 out of 40 who get those six bottles pay, and pay gladly. I have learned that people in general are honest with a physician who cures them. That is all I ask. If I fail, I don't expect a penny from you. Simply write me a postal card or letter. Let me send you an order for the medicine. Take it for a month, for it won't harm you in any way. If it cures, pay \$5.50. I leave that entirely to you. I will mail you a book that tells you how I do it.
Simply state name of your doctor, and address Dr. Shoop, Box 27 Lacie, Wis.

A COMPTON MAN'S CURE
I hereby certify that I had Rheumatism about two months. I had no idea what a person would suffer with this disease. I was so bad that I could not do my work. I could not stoop over without causing me great pain. I got a bottle of Smith's North American Rheumatic and Kidney Cure and before I had taken it one week I commenced to improve, and now I am perfectly well. If I ever have lame back or Rheumatism again I will certainly try the same remedy, as I have great faith in it curing lame back and Rheumatism.

HOW TO BRING UP BABIES!

We have already given some useful hints on this subject, but, really, there is no science to bring up babies any more than there is in fighting flies—patience and labor will usually accomplish both. There is science, though, in making babies' shoes, for unless the shoes fit their feet naturally, there's going to be trouble later in life. The bones of an infant's feet are tender and very susceptible to impression. An ill-fitting shoe might cripple the child for life, cause the joints to enlarge, the toes to twist or warp, the toe nails to grow in, the ankle bones to curve, the instep to curl and in many other ways disfigure the child's foot for life. It is the mother's duty to look after this branch of baby raising, for she is more qualified to do so than any one else. It is well to bring the little ones to us and you will have the benefit of our years of practical experience and while here we will show you what ladies are to wear for street shoes this season.

RICHMOND.

March 12.—Colonel Harkom has moved the iron superstructure of the bridge he will build for the municipality of the Township of Durham over Black River at Boisvert's Mills, near Uxton, to the site of bridge. It left Richmond on two teams yesterday morning. The loads weighed 4730 and 4620 respectively, net. Colonel Harkom yesterday also transported the superstructure of the bridge to be built by the municipality of Kingsley Falls, at Landry's Mill, about one mile from Kingsley Falls on the road to Danville, for which he has the contract.

Mr. W. J. Healy, of Richmond, a McGill student, has been elected President of the Historical Society of McGill University. The society is for the purpose of promoting original research in history. Mr. Healy is a St. Francis' College boy. Miss Annie Linahan, of Montreal, spent Sunday the guest of her aunt, Miss M. Linahan, Richmond.

The Richmond Unions will play the Danville hockey team at Danville Wednesday night.

Mr. H. Jones, G.T.R. brakeman, injured his foot Monday afternoon at Lennoxville while unloading freight. Mr. Jones was brought home passenger. The usual spring roads are with us again, half sleighing, half wagoning, mud and slush, and as usual are seen the usual deplorable and painful sight of the poor jaded horse stranded with his load in the mud.

Mr. H. Smith is now an employe in A. J. Cross' factory. Mr. James Boast, our hawkey smith, has engaged another disciple of the forge, Mr. Alfred Rudd, of St. Cyr.

LAKE MEGANTIC.

March 12.—Rev. Mr. Baron, Cure of Piopias, left here again Monday morning for Quebec, and will visit the shrine of St. Anne de Beaupre before returning. Mr. Baron has been suffering from an affection of the throat and has been under treatment since last fall at the Hotel Dieu in Quebec. He has visited his parish two or three times during the winter, but has been unable to remain, and his duties have been performed by Mr. LaVallee, from Sherbrooke.

The annual tea meeting of the Methodist church in Agnes took place last Friday evening, and was quite a success. The programme was varied and entertaining and a very pleasant evening was spent.

The mid-Lent fancy dress carnival at the skating rink which took place last Thursday evening was not very successful. The skaters in costume were so few that we refrain from publishing them.

Mr. A. W. Girard, the local member for Compton, was in Megantic on Sunday.

Our local hockey team were disappointed last Saturday by the non-appearance of the Bury team to play a match, as agreed upon and advertised.

Mr. Cecil Simpson was at home here all last week from Sherbrooke, on account of the flooding of the Jencks shops, where he works. He returned to his work on Monday.

Nicol, eldest son of the deceased, Mr. The death of one of our popular young ladies, under very sad circumstances, occurred last Saturday night, March 1st. Miss Anna, the third daughter of Mr. Billedeau, of the Grand Central Hotel, passed away after an illness of only 48 hours. The funeral took place on Tuesday to the R.C. cemetery and was well attended. Much sympathy is expressed for the family in their bereavement.

Mr. Ferdinand Turotte and his friend, Mr. Constantia, from Dawson City, Yukon, are here at present visiting friends in Megantic and Piopias. Mr. Turotte, who was one of the first settlers on the east shore of Lake Megantic, and who built the first frame barn on the shore of the lake in 1875, left here about twenty years ago for Chippewa Falls, Wis., and at the time of the rush went to the Klondike. Mr. Constantia will return to the Yukon in the spring, but Mr. Turotte will reside with his brother, the Cure of St. Benet.

Our teamsters have made good use of the snow that came last Sunday, and a large amount of lumber has been moved.

BISHOPS CROSSING.

March 12.—At the time of writing we are all living through a scarlet fever scare. There are several cases at present and it is feared there will be more, as it seems a young man came from a neighboring township just recovering from the disease, and has spent a considerable time calling on his friends, etc., with the result mentioned before, but we do not blame the young man—it is a different fraternity that are blamed.

Mr. J. Bloomfield is ill with typhoid fever.

Mr. L. D. Gilbert has sufficiently recovered from an attack of bronchial pneumonia to be able to resume his duties of health officer, and just at present those duties are not light.

Mr. H. H. Gilbert, from Sherbrooke, spent Sunday in town.

A five minutes' walk from our Post Office will bring one in a fine deer's yard, and only yesterday there was a dog in it all afternoon. Where is our game warden? Is he asleep? Or is he quietly drawing his pay and not having to buy meat? But really if the Government must employ a good Liberal for the job, why do they not give it to one who resides in the county; not go into Stanstead county to find a game warden for Wolfe county. We have some good honest men here, and Liberals, too, that would see that value was given for the salary drawn. I don't believe the game warden for this place ever put his foot in the county. If he has I should like to have him prove it, for there are infringements every few days, which a live man would follow up, and make the offenders sick of their bargain.

LIVE STOCK TRADE.

London, March 11.—The market for Canadian cattle was stronger and prices show an advance of 1-2 cent, as compared with a week ago, but American cattle and sheep are unchanged. Choice States cattle sold at 13 1/4c, sheep at 13c, and choice Canadian cattle at 12 1/2c.

A private cable from Liverpool quoted choice Canadian cattle at 12 1/2c, medium at 11 1/2c, and sheep at 12 1/2c. London quoted choice Canadian cattle at 12 1/2c; medium at 11 1/2c, and sheep at 13c.

Montreal, March 11.—During the past few days no new developments have taken place in local export live stock circles. The prospects for trade this spring are not very encouraging at present owing to the fact that the bulk, if not all, the stall and distillery fed cattle have been bought up by American shippers, and if these are shipped by way of United States the indications are that the shipments from the ports during the early part of the season will be small.

Receipts of live stock at the East End abattoir market yesterday morning were 350 cattle, 580 sheep and lambs, and 400 calves. There was a good demand for cattle, as the supply was comparatively small, the undertone to the market was firm. Trade was active and an early clearance was made. Choice heaves sold at 4 3/4c to 5 1/4c; good at 4c to 4 1/2c; fair at 3 1/4c to 3 3/4c, and common at 2c to 3c per lb. The trade in sheep and lambs was fair, and prices show no change. Sheep sold at 3 1/2c to 4 1/4c per lb, and spring lambs at \$3.50 each. A fairly active trade was done in calves at prices ranging from \$2 to \$12 each, as to size and quality. The supply of live hogs was small and trade was quiet at 6c to 6 1/4c per lb.

DAIRY PRODUCE.

Montreal, March 11.—There was some demand for cheese from over the cable, and a sale of 1,000 boxes of finest western was made at a fraction over the present prices quoted.

Finest Ontario makes .11 1/8 to 11 1/4c
Finest Townships .11 1/2 to 11 1/4c
Finest Quebec .11 3/4 to 11c
Undergrades .10 1/4 to 10 5/8c

There was an improved demand for butter, and the market is moderately active, with a firm undertone.

Finest fresh creamery .22 1/2c to 23c
Fine held creamery .20c to 21 3/4c
Creamery specials .20c to 20 3/4c
Western dairy, rolls .16 1/2c to 18 1/2c
Western dairy, tubs .15c to 17 1/2c
Manitoba dairy, tubs .12c to 16c.

DANVILLE.

March 12.—Miss Adele Thorpe arrived home on Monday evening to spend a few days with her parents.

Mr. James A. Bedard and Miss McGovern, of Richmond, were in town on Tuesday.

Mr. Holey Cleveland returned to North Dakota on Tuesday after spending three months with his parents, Mr. and Mrs. Curtis Cleveland.

Mr. Moffatt, of Montreal, was in town on business on Tuesday.

A number of teams turned out on Tuesday to help Mr. J. C. Stockwell draw down his pulp wood, as another thaw is expected.

Bishop Dunn, of Quebec, will hold a Confirmation service in St. Augustine's church on Sunday morning next.

THEFT OF MINES.

March 11.—Mr. Charles Canning last Saturday met with a painful accident. While bringing two single loads of boards to the mill to get planed, he had occasion to leave his team on the road to return the man in charge of the planer, returning to his team, he found one of the horses down, and in endeavoring to assist him to his feet, the horse in his struggles landed one of his hind feet full in Mr. Canning's face, inflicting a ghastly wound, which bled so profusely that it seemed for a time that the man must bleed to death. Mr. Gregoire took Mr. Canning to his house and sent at once for Mrs. Canning, and with her care and the doctor's, the man is making fine progress.

SCHOOL GIRLS KNOW ITS WORTH.

PAINE'S CERYL COMPOUND Gives Them Energy, Snap and Full Life.

IT ENABLES THEM TO ATTAIN THE BLESSINGS AND VIGOR OF TRUE WOMANHOOD.

Women and girls in every station of life who have used Paine's Ceryl Compound know that it is a blessing that sick and rundown females cannot afford to be without.

Mojska, the peerless queen of artists, voices the sentiments of thousands of women and girls who have tested the strength-making and life-giving virtues of Paine's Ceryl Compound, when she says: "I have found Paine's Ceryl Compound the best of all remedies for the nervous exhaustion consequent upon the arduous work of my profession."

Overworked women in the home, and weak, languid school girls have found in Paine's Ceryl Compound the health and vigor it so strongly guarantees.

Miss Nellie Gallagher, of Marlinton, Que., says: "Having used your excellent Paine's Ceryl Compound during the last term of school, I wish to proclaim to all the great benefits I derived from it. At the beginning of the term I was weak and languid, and having to be closely confined in school at my studies, I was not able to make satisfactory progress. Mamma got me to use Paine's Ceryl Compound, from which I greatly benefited, and have not had a recurrence of troubles I formerly had. Mamma has great confidence in Paine's Ceryl Compound, for she has used it herself and given it to my brothers and sisters. I highly recommend it to all young ladies at this special time in life, when they suffer from loss of energy and strength."

BEAUTIFUL COMPLEXION

is unknown to people having poor blood. Powders, rouges and paints are always injurious to the skin, no matter what kind you buy.

VIN ST MICHEL

(ST. MICHAEL'S WINE)

Gives a Beautiful Complexion by natural means. It has never failed to make pure, rich, red blood, that flows warm and colored through the veins and thus gives a clear rosy complexion, bright eyes and red lips, to the palest woman, even if her natural complexion is pale and sallow.

CITY NEWS.

(Continued from page 1.) Dr. Wm. S. Allen, dentist, Bell Telephone Bldg., 31 Wellington, Sherbrooke, Tel. 303. Night and day attendance. Mr. Justice Doherty, from Montreal, arrived in town to-day, accompanied by his sister, Mrs. H. W. Mulreux, and her little son, who have been visiting their relatives in Montreal.

Miss Barrett, a first-class trimmer of Messrs. G. Goulding & Sons, Toronto, has taken a position with Miss Lee. Notice of millinery opening later.

Miss Fannie Moulton has returned home from a visit to her brothers at Coaticook.

See Frank M. Wills and his merry company of comedians tonight.

Mr. and Mrs. A. Bell, of Ascot, visited Sherbrooke Tuesday.

See the pretty girls tonight in one Night in June.

For the Habitant reading by Dr. Drummond tickets and plan are now open and for sale at Ansell's drug store.

Mr. Charles Boujeon, of La Patrie, is a guest at the Central.

Dr. W. H. Drummond, of Habitant fame, is to be entertained by the Canadian Club of New York on the 18th, before visiting Sherbrooke.

Mr. Neil Dunning saw two deer yesterday afternoon, in the cleared space behind his house, Mount Prospect, a very unusual sight so near to the town. The pretty creatures played about for some time and seemed quite fearless, as if they were aware that this is the close season, and that, consequently, they were quite safe.

Manager Yale's claim that the "Devil's Auction" is the oldest in name, yet the newest in point of novelty, can well be substantiated in this the 20th edition of this famous spectacle, as everything is new from the time the curtains rise on the first act until it is rung down on the beautiful new Trans-formation scene, "Ocean's Mighty Depths" at the close of the performance. Every act, novelty and feature being new all the scenery, properties, etc., etc. in fact not one old feature is retained, and the theatre-going public of Sherbrooke certainly have a treat in store for them on March 18th at Clement's Theatre.

BROTHERHOOD OF ST. ANDREW.

The third of the meetings for men under the auspices of the Brotherhood of St. Andrew, was held last evening at St. Peter's church hall, with a very fair attendance. The speakers of the evening were the rector, the Rev. Dr. Dumbell, and Mr. E. Hawks, of Bishop's College, Lennoxville, the subject being Church History. Dr. Dumbell gave an exceedingly interesting and instructive address, beginning at a very early period some two hundred years before St. Augustine, and following the spread of Christianity, and the growth of the church to the present time. Mr. Hawks took up Church History at the Reformation, and was thoroughly well up in his subject, keeping the close attention of his audience. At the close of the meeting a vote of thanks was moved by Mr. H. D. Lawrence, seconded by Mr. C. H. Bowen, to the speakers for their carefully prepared and exhaustive addresses, which had been so highly appreciated, and which were worthy of a much larger audience.

BOATING.

A special meeting of the Scaswaningus Yacht Club, as was stated in yesterday's paper, was held last evening at the Magog House, with a good attendance. The plans for the present year were discussed, and it was decided to request all members who are in arrears to settle up at once before the annual meeting, which will be held on the 5th of April.

MARCONI IN OTTAWA.

PARLIAMENT TO BE ASKED TO VOTE A SUBSIDY OF \$80,000.

Ottawa, March 11.—Mr. William Marconi arrived in Ottawa last night to sign the agreement which is to be made between his company and the Government for the use of his wireless telegraph system by the Canadian Government. It was thought that probably the agreement which the Marconi Company had with the Lloyds regarding marine signals would interfere with that which he is to make with the Canadian Government, and in such an event the subsidy which would be given would only be \$50,000 instead of \$80,000. When questioned on this point, the inventor said that the agreement which he had with the Lloyds would not interfere with that which he is to make with the Canadian Government. Accordingly Parliament will be asked to vote \$80,000, the amount of the promised subsidy, for the use of the system.

Mr. Eugene Cowies who will appear here at the Clement Theatre on Monday, March 17th, has certainly been surrounded by an excellent company for his initial star tour. Mr. Cowies is one of the most successful basses of the present time. While with the Alice Neilson Company, at the Shaftsbury Theatre, London, last season, in the "Fortune Teller," the Pall Mall Gazette gave him the following criticism: "Mr. Eugene Cowies as a gypsy musician, has a magnificent voice. We are quite serious in comparing it for quality with that of Edouard de Esske and in placing it, even above that standard in its ripeness and power." The bill to be given here will comprise an olio of ten numbers, consisting of solos, duets and quartets. The finals will be an original opera by Mr. L. J. B. Lincoln, entitled "Snow Bound."

Two Old Cronies was a big hit. See One Night in June tonight.

CANADA. In the Superior Court District of Saint Francis. No 400. The eleventh day of March, 1902. Before the Honorable Mr. Justice Lemieux.

Dame Amelia Moreau, of the city of Sherbrooke, in the district of Saint Francis, wife judicially separate as to property of William Murray, of the same place, and the said William Murray to authorize and assist his said wife, The said same Dame Amelia Moreau doing business as marchande publique at Sherbrooke aforesaid, under the name and style of W. Murray & Company, Plaintiff, versus Andro Labbe, of the township of Emberton, in the district of St. Francis, merchant, Defendant.

The defendant having this day made an abandonment of his property for the benefit of his creditors, the creditors of defendant are ordered to appear at the Court House, in the city of Sherbrooke, in the district of St. Francis, on the twenty-second day of March instant, at the hour of ten of the clock in the forenoon, to give their advice touching the appointment of a curator and inspectors to the said abandoned estate and upon all matters which may be legally submitted, the notice of the time and place of meeting to be once inserted in the Sherbrooke Daily Record and Le Progrès de l'Est, and the creditors whose names appear in the schedule of creditors to be specially notified by registered letter. (Signed) F. X. LEMIEUX, J. S. C. P. HACKETT, Dep.

CARD OF THANKS.

Mr. Manning desires to thank all those who so kindly assisted him during his late wife's illness, and for their kind sympathy in his late bereavement. Also the C.R.D. Co., for their kind expression of sympathy. He also wishes to extend to his fellow workmen his heartfelt thanks for their kind expression of sympathy extended to him on the occasion of his late wife's funeral by attending in a body. He also wishes to extend to the officers and members of the S.O.E.B.S. his sincere thanks for attending in a body and carrying out the funeral arrangements in such a satisfactory manner. A. MANNING. March 10, 1902.

MRS. IDA L. ROSER

Grand-Niece of Ex-President James K. Polk, Writes to Mrs. Pinkham Saying:

"DEAR MRS. PINKHAM:—I have been married for nearly two years, and so far have not been blessed with a child. I have, however, suffered with a complication of female troubles and painful menstruation, until very recently.

"The value of Lydia E. Pinkham's Vegetable Compound was called to my attention by an intimate friend, whose life had simply been a torture with inflammation and ulceration, and a few bottles of your compound cured her; she can hardly believe it herself to-day, she enjoys such blessed health. I took four bottles of your Compound and consider myself cured. I am once more in fine health and spirits; my domestic and official duties all seem easy now, for I feel so strong I can do three times what I used to do. You have a host of friends in Denver, and among the best count. Yours very gratefully—Mrs. IDA L. ROSER, 326 18th Ave., Denver, Col.—\$5000 forfeit if above testimonial is not genuine.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free.

MEMORIAL.

Died, at Lennoxville, Que., on the 18th of February, 1902, May Catherine Hunting, wife of William Henry Wood. Whereas, in the death of Sister Wood, brother Wood loses a faithful wife, wise counselor and devoted Christian woman; and whereas, in her death the First Universalist church, of Huntingville, Que., loses a most devoted member, earnest worker and consistent Christian, whose faith was without bigotry and life without a stain, who was ever conscientious in all her doings, being actuated by the highest sense of duty and the desire to be right and do right; so that in her death we feel that not only her beloved companion, her mother, brothers and sisters, but her church and the entire community have suffered an irreparable loss. Be it therefore resolved—First, that we emulate her virtues, honor and emphasize her life and faith, and that we go on with the work in which she was so faithful, and continue and end it in the Lord. Second—That, while we sympathize with the bereaved, we also glory in her life, faith and example. Third—That we suitably inscribe a page in our record book in memory of deceased, and that copies of these resolutions be sent to the afflicted family. Committee—L. W. McLaughlin (pastor), G. H. Glenday, Simson Mallory, Huntingville, Que., March, 1902.

MARTINVILLE.

March 12.—A gloom was cast over our quiet neighborhood Monday morning by the death of Edgar Gilman. Although expected, the shock was felt in the whole community, as Mr. Gilman was in manhood's prime and looking forward to a long life of usefulness. His father and mother and two brothers have the sympathy of all who know them. The final collapse was heart failure. The news of the sad event was being talked over by the neighbors, when another shock was given by the sudden death of Mr. Noble Merrill, who had walked about a quarter of a mile over to his son Myron's. After a hearty greeting he sat down in a chair and expired. The call was very sudden, although Mr. Merrill had attained a ripe old age, and was satisfied that his life's work was ended. Mr. Merrill was one of the early settlers of the town, so another landmark is gone. There are only a very few of those left who settled the town about fifty years ago.
