

Few People Realize What It Costs to Operate a Railway

We received recently a brochure issued by the Canadian National Railways, the contents of which every Canadian should know about. For it strikingly illustrates by way of comparison with familiar, everyday things what it costs to run a railway — your railways.

In a brief foreword, President Donald Gordon says that so basic is the need for railway transportation and so common-place its use, that most Canadians are apt to take railways services for granted and few people — railroaders among them — realize or are able to grasp what it costs.

A diesel locomotive, for example, costs \$425,000, which would buy 170 automobiles at \$2,500 each. Each

dining car costs \$200,000, the outlay required to build an apartment house with 20 units. The price tag on a day coach is \$130,000, more than double the take from a Grey Cup football game at Varsity Stadium, Toronto. The \$200,000 it takes to purchase a sleeping car would buy 16 substantial houses. The average cost of a double track line is \$160,000 a mile, which would build two miles of ordinary two-lane highway.

A modern treated railway line costs \$3.09 and since there are \$9,655,376 miles on the C.N.R. system, the cost would enable a housewife to serve steaks to every man, woman and child in Canada for dinner for six days. The Continental Limited, which runs daily in both directions between Montreal and Vancouver and Toronto and Vancouver represents \$1,750,000 worth of passenger train equipment. Since 16 trains are required to maintain this one service, the total investment is \$28,000,000, a sum which would pay for the erection of 14 modern high schools.

All this and more is required before a train can even run. Add the cost of operation, maintenance, etc., and the resulting figure is enormous.

Wedding

HOULE-ROBIDOUX

St. Anicet Church was the scene of a pretty wedding on Saturday, August 22, 1953, when Therese, eldest daughter of Mr. and Mrs. Avila Robidoux, St. Anicet, became the bride of Gaetan, eldest son of Mr. and Mrs. Gustave Houle, St. Remi Naperville. Reverend Father Provencal, uncle of the groom, officiated at the Nuptial Mass.

The bride entered the church on the arm of her father, to the strains of the Wedding March played by Miss Mariette Latreille. During the ceremony, Mrs. Rudolph Bédard rendered "Ave Maria" from Rosary, Noel du Mariage and other appropriate selections.

The bride was attired in a strapless floor-length model of white French lace over an accordion pleated skirt of tulle with an underskirt of white satin, and a matching bolero of French lace with long sleeves ending in points over her hands. Her shoulder length veil of French illusion was held in place by a diadem of seed pearls. She carried a cascade bouquet of white gladioli.

Miss Gisèle Robidoux, sister of

the bride, acted as bridesmaid and was gowned in a floor length dress of yellow tulle over taffeta with bandeau of tulle trimmed with lilies of the valley and matching mitts, and carried a spray of pink gladioli. A niece of the bride, little Nicole Robidoux, was flower girl. She wore a dress of yellow tulle over organza with matching bandeau and mitts and her bouquet was of pink and white rose buds. The bride's mother wore a gown of navy lace over tulle with navy and white accessories and a corsage of pink roses. The groom's mother was attired in a dress of two toned green metallic cloth with black accessories and shoulder corsage of yellow roses.

After the ceremony, a buffet lunch was served to over 150 relatives and friends at Leblanc's Hotel, where the guests enjoyed dancing to Jimmy Thompson's orchestra. Later, the happy couple left on a motor trip to Niagara Falls and other points. For travelling, the bride chose a grey Orton wool dress with navy redingote of silk whipcord, red hat of ostrich plumes, red gloves and navy purse and shoes. She wore a corsage of white carnations. On their return they will reside in Huntingdon.

Red Licence Plates Urged For Drivers Breaking Law

Judge Oscar Gagnon on Thursday suggested the Government provide red-colored licence plates for drivers whose licences had been suspended for serious traffic infractions.

The judge, who earlier in the week said he felt long suspensions of driving permits were more effective than heavy fines, cancelled a drunk-driver's permit for three years — the maximum — and a hit-and-run driver's for one year.

The Gore

Mr. and Mrs. Ken Ross, Wayne, Gary and Kenneth, Mrs. R. Letine and daughter Monique, of Montreal were Sunday guests at the home of Mr. and Mrs. John Ruddock. They were also callers at the home of Mr. and Mrs. Cyril Foster.

Sunday guests at the Foster home were Mrs. Jessie Anderson and May and Mr. Ernie Wilson of Montreal, and Mrs. Morris Henderson and daughter Dawn, of Huntingdon.

The Gore — Mr. and Mrs. Angus Black of Aubrey were guests of Mr. and Mrs. Josie Moneypenny on Sunday, August 16.

Master Duncan Moneypenny spent a week's vacation in Montreal, the guest of his uncle and aunt, Mr. and Mrs. Harry Moneypenny, Jr.

Valleyfield

VALLEYFIELD — Mr. Samuel J. Rozon, the Canadian Life Assurance Co. representative in Valleyfield and who is very well known to many throughout the Chateauguay Valley, is receiving words of congratulation. Mr. Rozon has qualified as a member of the Millionaires' Club.

To become a member of this select group, a representative must have arranged and have in force for his clients in the Canada Life a total of at least one million dollars of life insurance and annuities. In qualifying for membership in this group, he has achieved distinction and recognition as an outstanding member of the life underwriting profession.

CONSERVATION PROJECT
LAC LA RONGE, Sask. (CP)—The Saskatchewan government plans a conservation program for this internationally-known fishing spot. The program, both for domestic and commercial fishing, will include a creel census and catch analysis. The 500-square-mile lake is estimated to yield 600,000,000 fish annually, most to commercial fishermen.

was entertained at two showers where she received many beautiful and useful gifts. The best wishes of all accompanied them on their trip.

In handing down the penalties to Robert Apple, 27, 397 Rielle Ave., Verdun, who was also sentenced to seven days in jail for driving while under the influence of liquor, and Joseph Pellerin, 4369 Delandiere street, who was fined \$100 for failing to stop after an accident, Judge Gagnon appealed to police heads to co-operate with the judiciary in giving special attention to these types of drivers.

He suggested police refuse to give such motorists bail before their arraignment because "if they were deprived of their liberty for only a short period they would be less inclined to take a chance on trying to outwit the law."

The judge proposed the red licence plates for delinquent drivers because they could be easily identified by police and would be a warning to all citizens of the type of man behind the wheel.

He compared this province's system with that of New Jersey, where a driver gets 12 merit points for good driving. Every time a motorist there is involved in an accident he loses some of these points, Judge Gagnon said, until he loses them all and his licence is cancelled for life.

"Drunk driving takes away six of these points automatically," he said. "Two convictions and there is one less menace on the road."

Judge Gagnon said he firmly believed the only way of reducing the number of speeders, reckless, drunken and "impaired" drivers is

through long cancellation of their licences.

"Every auto owner is anxious to be behind the wheel," he said. "It is only reasonable to believe that if he is deprived of this privilege because of unlawful conduct he is severely punished."

He suggested police authorities to designate special investigators to check continuously on whether the driver continues to drive under fictitious names or with the permits of other people.

Apple, who was convicted of drunken driving, had been in cells since Saturday because he could not raise his bail. The judge ordered these six days be considered part of the sentence. He was released on Friday.

Pellerin fled from the scene of an accident at Brosseau Station.

494 PRAIRIE DRIVERS GET COLORED PLATES FOR VIOLATING LAWS

A total of 494 Saskatchewan motorists were given colored drivers' licences during July for infractions of the driving regulations. This was 188 more than were ordered in July, 1952, and more than double the number in June of this year.

Under Saskatchewan regulations,

a blue drivers' licence is issued for any of the following offences: Bus or truck drivers caught drinking while on duty (not driving); overcrowding the driving compartment; allowing anyone to ride on the side of vehicles; failure to hang flags on overhanging loads; obstructing a highway at night; operating a snowplow without a propeller guard; speeding; failure to give the right-of-way; passing stop signs or lights or failure to dim lights.

A red licence is given for committing any of the above offences while holding a blue licence.

Crab Grass Spoils Appearance of Lawn

Crab grass (*Digitaria sanguinalis*, L., Scop.) is strictly a lawn weed and a great pest to householders who find that, once it becomes established, it not only spoils the appearance of the lawn but begins to crowd out the lawn grass as well.

Crab Grass is a coarse, annual grass with broad, short leaves which, along with the stems, turn red or purple in color during mid-summer. The stems spread along the ground with roots forming at the nodes and this crab-like behaviour gives rise to its name.

The seed head is a group of spikes, radiating from the top of the stalk like fingers. Because of its appearance Crab Grass is often called finger grass. A great many seeds are produced by the seed heads during July and August and these, along with its habit of rooting at the joints of the stems, make it spread rapidly.

One of its weaknesses, however, is an inability to tolerate shade, and therefore a dense mat of lawn tends to suppress it. Setting the lawn mower to cut just a bit higher during July and August will also contribute to this shading effect. Wild clover in the lawn mixture is useful too. This small clover also creeps along the ground, offering serious competition to Crab Grass.

Being shallow rooted Crab Grass benefits more from light, frequent watering than does the deeper rooted, more desirable lawn grass. Hence watering should be done only as often as necessary, and then very thoroughly.

The Crops, Seeds and Weeds Branch of the Ontario Department of Agriculture reports that chemical control of Crab Grass is feasible and several effective killers are available. Potassium Cyanate, one-quarter ounce to three quarts of water per 100 square feet of lawn is one successful method of dealing with this weed. Two treatments should be given, one before heading, the second treatment two to three weeks later.

ATHELSTAN — The Woman's Association were most hospitably entertained on Friday at the home of Mrs. Mabel Carrigan. A delicious noon meal was served to the members and visitors present. A donation of money was voted to be given the Huntingdon County Hospital upon the opening of the new wing. Plans were made for another social event and a committee of three, Mrs. Myrtle Stewart, Mrs. W. O. Dawson and Mrs. T. J. Graham, to have charge of same. The entertainment committee presented a puzzling yet amusing quiz which was very much enjoyed, as were also the varied responses to the roll call.

The Cemetery Committee are to be congratulated upon the excellent and tidy conditions existing in the local cemetery. The plot owners must feel a great sense of satisfaction when they visit the resting places of their loved ones.

Mr. Stanley Claessens of Thorne, Ont., is at present visiting his parents, Mr. and Mrs. G. Claessens. Other recent guests at the Claessens-

Joint Meeting of W.A. and W.M.S.
ORMSTOWN — St. Paul's United Church, Women's Auxiliary and Woman's Missionary Society held a joint meeting Tuesday afternoon, August 18, in McDougall Hall with a good attendance. The President of the W.M.S., Mrs. A. A. McNeil, called the meeting to order and as it was the first meeting since the death of our esteemed pastor, the late Rev. C. L. Taylor, all stood to observe a moment of silence to his memory. Mrs. H. Patton had charge of the worship period, her theme being "God's Love". "Love divine all loves excellently" was the opening hymn. Miss M. Welch read the Scripture lesson from 1st Corinthians, 13th chap.: "The love of God revealed in the gift of His Son". Mrs. Stuart Osmond sang very effectively, "Peace, the gift of God's love". Mrs. A. Greig led in prayer, closing this service.

A talk was given by Miss Bessie Cairns who has been a Missionary in Japan and is now visiting her sister, Mrs. Wm. McEwen. Miss Cairns said when she was leaving Japan, the Woman's Auxiliary gave her a farewell party and sent greetings, which they had written with great difficulty in English, to the women of Canada. They have various ways of making money to carry on their work. There is a place where despondent people go if they contemplate suicide, so the women had a sign painted and placed there with this verse of scripture on it: "God is our refuge and our strength, a very present help in time of trouble". They also have Bible verses printed on wrapping paper so that people might learn God's message. Mrs. Austin Anderson expressed pleasure in having Miss Cairns with us and thanked her for her talk.

Mrs. John Wallace rendered two solos in her usual pleasing manner. "The Rose of Tralee" and "Jeanie with the Light Brown Hair".

Mrs. Wm. Hamilton, President of the W.A., then introduced their guest speaker, Mrs. J. Travis, who gave an interesting and instructive talk on "Ireland". The population is made up, she said, of "Saints and Scholars". Religion and Politics play a vital part in the lives of all thinking people. Mrs. Travis told many amusing stories of the life and customs of the people and held the attention of her audience throughout her talk. Mrs. Thomas Duncan thanked Mrs. Travis for her kindness in coming over from Franklin to address the meeting and assured her that all had enjoyed hearing her.

All joined in repeating the Mizpah Benediction, closing the meeting.

Mrs. Wm. Hamilton invited all to remain for tea which was served by the joint hostesses of the W.A. and W.M.S. Tables were decorated with

Guests this week at the home of Mrs. Lena Grant and other relatives are Mrs. Wm. Macfarlane and Mrs. I. R. Prendergast of Red Deer, Alta. These ladies were among those who attended the A.C.W.W. Convention which has been meeting in Toronto, Ont., this past week.

Mr. and Mrs. A. L. Strouse of Albany, N.Y., were overnight guests of their cousins, Miss A. Wilson and Mrs. Reese, on Wednesday last.

elementary, my dear watson

Walk the whole length of Baker Street in London, and you won't find a No. 221B anywhere. That's where Sherlock Holmes, greatest fiction detective of them all, maintained his "consulting room".

When the Baker Street Irregulars and other Holmes fans were planning an exhibition of mementos of Holmes and his creator, Conan Doyle, there was a spirited row about the proper location. Eventually, with the aid of Scotland Yard, a spot was picked and the exhibit opened.

From deerstalker cap to old microscope, the imaginary world of Sherlock Holmes was reborn. In the recreated consulting room were the ever-present handkerchiefs and revolver, the bust Holmes used to draw the fire of the fiendish Professor Moriarty's henchmen, the pipes and cloaks, and the chemical apparatus. People flocked to see the show. The famous address had become an actuality.

There is another famous address. It's 1670 Notre Dame Street East, Montreal. There, in the vaulted reception room, are some fascinating exhibits — and there's nothing fictitious about them. One is a book in a glass case. Its name: *Theoretical Hints on an Improved Practice of Brewing*. It was brought back from England by John Molson, the Elder, in 1785.

It may well have been the basis upon which a great brewing tradition was founded. You can see this old volume any day at Molson's. You can taste the results of 167 years of brewing skill any day simply by saying "Make Mine Molson's".

Editorial Notes...

A Bigger, Better Huntingdon Fair

FROM reports so far gathered on Huntingdon Fair, which opens tomorrow evening with a street parade, it promises to be a bang-up event. Since its rejuvenation about three years ago, there has been a steady improvement all around. Each succeeding year sees something different, something added and more work done on the grounds. From a two-day fair it is now this year a three-night and two days fair. Each moment is packed with events for education and enjoyment of all who attend.

Greater interest is noticed in the exhibitor's end of the fair and a larger number of entries have come about. Encouragement has been lent to this by the Fair Board paying in full the prize money earned in previous fairs of late. It has also attracted many new exhibitors and this is what is needed to make the fair a success.

The introduction of grandstand acts has done much to attract greater attention from the general public and as a result has been responsible for larger total gate receipts. With more money to finance operations, the Fair Board can incorporate more ideas to the betterment of this fair. The new contests should do much to increase interest on all sides. The day of the purely agricultural fair has passed, while the exhibits must still form the major part of these fairs, forms of amusements and attraction are essential to draw the non-agriculturist to the fair. The present Fair Board has seemed to grasp

the significance of this and as a consequence the Fair is attracting a much wider attention. The more people who can be encouraged to attend the fair, the greater chance is there of the exhibits being noticed and studied. The surroundings in which these exhibits are displayed are being improved each year and this too tends to draw greater interest on the part of the non-agriculturist as well as those dealing with it. No one likes to put first class exhibits in run-down and unpainted buildings which tend to deteriorate from the effectiveness of the exhibits. Well kept grounds do much to attract the public, good roads in and around with the grass cut short to lawn-like proportions can do much to entice people to visit the fair.

All this the present Fair Board is endeavoring to do and each year they are gradually fixing up toward this end. Funds are not available to do too much, but good use is being made of what funds are to hand. With the public giving its support to the Board by increased attendance at the Fair, this will enable these improvements to be carried out. In due course Huntingdon Fair can again be numbered among the best in the country. Patrons will find a number of improvements have been made this year both as to grounds and buildings and to the program being presented. We can only urge that you show your appreciation of these efforts by your attendance on all days of the Fair.

Greater Interest, More Support Wanted For Cemeteries

CONDITIONS have changed over the years and because of this, the managing officials of the various cemetery grounds in Chateauguay Valley are finding it difficult to carry on. From time to time these officials tell us of their concern as to the upkeep of the grounds and plots under their charge. Most people feel that these last resting places of their beloved ones should be in beautiful surroundings and kept that way. Throughout the world there are some very beautiful cemeteries and they feel that the local cemeteries should be kept along such lines as far as possible.

Here comes the difficulty. To keep the grounds and the graves becoming and tidy costs money. During the summer months at least, a man should be continually on the job attending to this work. Grass does not stop growing, weeds keep growing, trees and shrubs need to be kept trimmed, litter need to be gathered up and driveways need to be kept tidy and neat. The money paid for perpetual care is invested and only the interest from this can be used for this upkeep. The amount is insufficient today to meet the mounting costs of these services. Every cemetery company is finding this out. It is therefore necessary for the few directors to constantly form bees among themselves and spend a day or two fixing things up to keep the cemeteries in anything like proper condition. This is a great sacrifice on the part of these directors for which they get little praise, but do get lots of criticism.

What shall we do to obtain more money to keep these services going? We can go out and ask the people for donations, but we get small response to this. We cannot borrow the money as we have no means with which to pay it back. There are a number of people who have moved away from the districts who we feel sure would contribute a little, but we do not know where to contact them. Truly the position is bad and certainly something must be done to help keep these cemeteries in good condition.

The thought arises that at the time of funerals considerable money is spent in flowers and while they are very beautiful at the time, they do not last long and this

is especially so in cold weather. Would it not be better if the money spent on flowers could be turned into a fund for the cemetery whereby the place of last refuge could be kept looking beautiful all the time. Instead of these wreaths, possibly bedding plants could be bought each year so that the flowers would have perpetuity from living and flowering to continue their beauty. Excess money could remain in the general fund for paying the repairs to fences, making up sunken graves, keeping the grass cut, the driveways repaired and neat in the summer and snow shovelled out in the winter. Special cards could be sent the bereaved families at the time of the funeral announcing the regular sympathy message and the fact a donation had been given in remembrance of the departed one. In this way far greater use could be made of the cost put into the total of flowers sent to a funeral and far better use could be made of the fund obtained. At some funerals huge amounts are spent on flowers which are only good for a few hours. While they are beautiful and contain a silent sentiment, they cannot do what the cash involved in their cost could do, when otherwise spent for the cemetery maintenance.

In addition, the various municipalities wherein these cemeteries are located should shoulder a certain amount of responsibility towards their upkeep. The Councils should make an annual set-aside in the way of a grant toward the expenses of keeping the cemeteries in good condition. It is as much a responsibility of the ratepayers in general as of the company. Deceased people under existing laws must be properly buried and it is surely more than a moral duty of the various councils to see that such is complied with. If cemetery companies make this request of a council, we believe such request should be granted favourable consideration. Probably in return for such grants, a plot for indigent persons could be reserved for the use of the council when occasion arises.

The foregoing are only suggestions to relieve a situation, but perhaps they could be discussed at the various meetings to see if they can be made workable.

Regimentation

REGIMENTATION of the farmer, with agricultural 'police' telling him what he may grow and how much, will be the inevitable consequence of reliance by the farmer upon Ottawa to market his crops, warns Saskatchewan Farmers' Union chairman J. L. Phelps. Proper policy for Canadian farmers who want to prosper to follow, says Mr. Phelps, is to get out and do their own selling and not leave it to the government.

Consequence of resorting to socialist panaceas in agriculture is grim threat in latest British Labor party policy statement, "Challenge to Britain," which asserts that "A Labor Government will use more rigorously existing powers — and when required

extended powers — to take farm land into public ownership wherever this is necessary to ensure its full use and maximum output." Nor would British socialists, or socialists anywhere, for that matter, content themselves with regimenting the farmer, but would also attempt to regulate and manage the soil, the sunshine and the seasons. "Labor," says "Challenge to Britain," will institute a system under which each district will have a standard output per acre."

Trouble is that socialism often goes about in sheep's clothing and effectively disguises its true purpose of relegating the farmer to the role of serf in a system as outmoded as feudalism.

June 11
In the fourth year exams at Macdonald College last Thursday, when the annual closing took place. They are as follows — Misses M. E. MacDougall, Eleanor Lang, and Muriel Hastie, who received model diplomas, and Misses Cecilia Brooks and Olive Graham who received elementary diplomas.

June 25
Sunday night a horse belonging to D. Dancause was stolen, but, unlike most of the horse robberies, the animal returned home on Monday.

Sunday the house of Mack Boldevitch was broken into by three boys. They turned things upside down, and carried off some forty pounds of rubber which they sold to John Gilmour. They also took Mr. Boldevitch's horse and after helping themselves to a whip from a rig in the St. Andrew's Church stables, drove to Ormstown, and while down there they broke into James Beattie's barn and took some turkeys. Being pursued, they dropped the birds and brought the rig back.

Another name to be added to the list of Ford owners is J. H. Demers, having purchased a runabout. Saturday night, Wm. Tedstone's bakery was broken into. Entrance was gained through the backshop, but as Mr. Tedstone had emptied his cash register, the burglars only got a few cents.

R. H. Crawford has sold the house occupied by Manager Thomas of the Bank of Commerce to Neil Henderson of New York. Mr. Henderson takes possession in August.

Increased Facilities for High School Desired

School Tax rate is to be based on the rate of 17 mills, providing ap-proval is given to the budget which was presented and submitted to the Province of Quebec. In the budget, salaries call for an increase of \$8,000. The day is close at hand when additional class rooms will be required in the Huntingdon High School. When the day comes for the decision to be made as to addi-tional class rooms, it would seem logical to have the present gymnasium converted into four class rooms and have a new building erected facing Dalhousie Street, in which would be found a gymnas-ium, somewhat larger than the present gym. If the Walsh property were acquired for such a building program, it would also mean the campus would be enlarged there-by providing more safety for the students. With so many children crossing King and Dalhousie Streets to get onto Prince Arthur Square, an accident or fatality may be re-ported almost any day.

The "Duck Race" is to take place on Saturday morning in the Cha-teauguay River. The finishing line is to be near the lower bridge. We understand the race will take place between 11 a.m. and noon. Ten ducks will participate in the race. Be sure and see the race and then continue on your way to the Huntingdon Fair.

Mr. and Mrs. Fred Smith, of Guelph, Ontario, left on Monday, after spending a few days at the home of Mr. and Mrs. Louis Roy.

Miss Eileen Gordon, daughter of Mr. Ira Gordon, will leave Monday, August 31, for Cornwall, Ontario, where she will take a business course at the Cornwall Commercial College. While there, Miss Gordon will stay at the home of Mr. and Mrs. Hubert McLean.

Miss Wilma Boyd of Avonmore, Ontario, was a guest of her cousins, the Misses Helen and Eileen, and Master Glenn Gordon. At present, Miss Boyd's sister, Helen, is visiting at the same home.

The Listing Flag-pole — For Coronation Day, the flag-pole which originally stood in Prince Arthur Square was transferred to near the Foundry Street and erected near the Foundry. Now, the flag-pole appears to be listing consider-ably and should either be removed or made to stand perpendicular. Should the flag pole fall, where it is presently located, it might cause injury to man or damage to prop-erty.

Crystal Shower for Bride-Elect

On Friday evening a group of friends and relatives met at the home of Dr. and Mrs. F. G. Mc-Crimmon to honour Miss Carol Martin whose marriage to Mr. Jos. Carr has been arranged to take place on September 5th in Hunt-ingdon.

On her arrival at the party, the bride-to-be was greeted by the fam-ily. The bride's Bridesmaids, Miss Lohengrin played for the bride. The bride's Bridesmaids, Miss Lohengrin played for the bride. The bride's Bridesmaids, Miss Lohengrin played for the bride.

Shower in Honour of Bride-to-be

A miscellaneous shower was held on Wednesday, August 19, at the home of Miss Hazel Cairns' approaching marriage. Hazel arrived to spend the evening with her cousin, Mrs. Allison Elder, who was home from Rawdon. Although taken very much by surprise to find about forty re-latives, friends and neighbours greeting her with "For She's a Jolly Good Fellow" and amid showers of confetti, Hazel very adroitly opened her fifty-four useful gifts and passed them around for all to see. With a few well chosen words, she thank-ed all present and also those who had been invited and unable to attend, for their good wishes and invited all to visit her and Dan in their new home.

A social hour was spent, after which refreshments were served by the hostesses, Mrs. Eddie Weir, Mrs. Allison Elder and Mrs. Jack Head assisted by Mrs. Gerald Murphy. Others who helped to make the evening a success were Mrs. Irvin Cairns, Miss Lizzie Lang, Mrs. Wm. Lang, Mrs. Chas Sherry and Mrs. Geo Harrigan. All departed wish-ing Hazel much happiness for the future.

A Tribute

JANE McINTOSH WILSON

1876-1953

On Thursday afternoon, August 20, one of God's gentlewomen of Valleyfield disappeared quickly and quietly from the sight of her family and friends. For some time, there had been signs that her days were probably numbered but Miss Wilson continued to go about her usual way of life. She was the descendant of one of the oldest families in Valley-field — a family that has contrib-uted much to the community for more than a hundred years and Miss Wilson, in her devotion to home and church was a traditional light-bearer who was earnest and sincere and genuine in the use of the gifts with which she was endowed. Truly, in many ways, she let her light shine before men and women; she was an inspiration especially to the young. Friend of the poor and dere-lict, ardent worker in the sphere of Women's Association and in the Society of the Women's Missionary Society, of which she was president for many years, always deeply in-terested in the welfare of the church, she was a shining example of a life dedicated to the intangibles that bring great exaltation to the soul and spirit. Her strength of char-acter and her kindly personality brought a happy and soothing influ-ence in every walk of life where she was so well-known and respected.

Final tribute was paid to this gentlewoman in the United Church, Saturday afternoon, when her fam-ily, relatives and intimate friends gathered at a quiet and fitting ser-vice conducted by Rev. Kenneth McMillan of Fort William, Ontario. His eloquent and moving words will not soon be forgotten as he spoke in an atmosphere of christian cheer and spiritual and family values. Miss Wilson was laid to rest in the family plot in Valleyfield.

The surviving members of her im-mediate family are Miss Anne Wil-son and Mr. Robert Wilson, as well as many nieces and nephews into the fourth generation. Hall and farewell to her, but her soul goes marching on.

R.C. Supply Cupboard Moved to Hospital

The Red Cross supply cupboard which was originally located at the Huntingdon Legion Hall has been moved to the Huntingdon County Hospital. Anyone wishing to make use of this facility is advised to get in touch with Mrs. G. A. Mc-Hardy at the Hospital.

Mr. and Mrs. Harry Sanderson, Listowel, Ont., and Mr. Stewart Henderson, Palmerston, Ont., spent the week-end at the home of Mr. and Mrs. Thos. Whealon and family. Mrs. Stewart Henderson, Morton and Patricia returned home with three weeks with her parents, Mr. and Mrs. Thomas Whealon.

Mr. and Mrs. Milford Whealon, Donnie, Marvin and Wayne of Montreal spent the week-end at the Whealon home. Sunday visitors included Mr. John R. Hampson, Cal-gary, Alta., and Mr. and Mrs. Ray-mond Thompson, Burke.

Huntingdon County Hospital Notes

The Huntingdon County Hospital has received and acknowledged the following membership donations: \$150 — life membership, Mr. Douglas Stephen; \$50 — life mem-bership, Miss Eva White; \$10 — annual membership, Mrs. Mabel Carrigan; \$40 — donation, Mrs. Mary White; \$25 — donation, Mrs. Mar-garet White.

Concert in Park

The open-air concert presented by Huntingdon Citizens' Band at Prince Arthur Square, on Sunday evening, was again well patronized. This marked the eighth in a programme of summer recitals.

A Margie-Berger arrangement of "Home, Sweet Home" drew rounds of applause as did such numbers as "The Wayside Chapel", "Anchors Aweigh", "Little Suite for Bands" and "Palomara". The programme was diversified and featured several new numbers. The audience and band were favoured with pleasant weather, slightly cool, but comfortable. Next open-air concert is scheduled for September 6th.

Justifiable Beef

Bandmaster Moore was provoked during the concert that the child-ren around the bandstand were not asked to rough-house elsewhere. Twice he was obliged to ask children to make less noise or the concert would end then and there. At inter-mission he requested that his per-sonal beef with the Town of Hunt-ingdon appear in this column, viz.: when an outside band recently pre-sented a concert in Huntingdon, members of the local police force were on hand before and during the programme to direct traffic. Al-though it is admitted Mr. Moore did not direct traffic and conduct simultaneously, he did see that the cars were parked in the Diamond opposite the park before the recital began. If the concerts are ap-preciated by the public — and they seem to be — surely the Town can lend a helping hand in this respect.

Some time ago it was stated in this column that the series of con-certs presented on Sunday evenings were being sponsored by a nation-ally advertised brewery. It was with respect that the Band realized some-time ago they would be unable to fulfill the commitment agreed upon because, due to weather conditions and other engagements, the required number of concerts could not be given; however, the Band is pleased to present the concerts as advertised.

Parade Tomorrow Night

The remainder of the week will be busy for the bandsmen. As stated in this column last week, the band has been booked to play at Huntingdon Fair. Tomorrow night (Thursday) the band will lead the parade through the streets to the Fair Grounds and later present a concert in front of the grandstand. Besides playing between feature acts, the band will lead the livestock parade on Saturday afternoon. The Fair is fast regaining popularity in the district and gate receipts are expected to soar this year. Some time ago the Band received fifty dollars as pay for taking part in the programmes at the 1952 Fair.

Next practice session will be on Monday evening, when the pro-gramme to be played at Malton on Sept. 10 will be rehearsed. All members are asked to make a special effort to attend.

Twenty-dollar Donation from Local Citizen

The Band hereby acknowledges a donation of twenty dollars from Mr. J. M. "Mac" Smellie, which was received on Tuesday of this week. Many thanks, Mr. Smellie.

Athelstan Shower for Bride-Elect

Elder, was held at the Athelstan home on Monday evening last, when over 60 guests gathered to "shower" Miss Shirley Rowat, with beautiful and varied gifts prior to her approaching marriage. A beau-tifully decorated three-tiered wedding cake adorned the bride's table. The good wishes of those gathered were extended to Shirley on the departure of all present.

Obituary

The late J. Wesley Dunn

Death came suddenly on Satur-day night, August 15 to Wesley Dunn, who passed away at 10.30 p.m. from a heart attack shortly after he had retired.

The deceased was born in St. Remi on August 31, 1891, the son of a brother, Edmund of Montreal and one sister Lillian (Mrs. M. Ruddock) of Dewittville, a sister-in-law, Mrs. Anna Dunn, Lachine. He is also survived by three nephews, John Ruddock, Cochrane, Alta., Royce Ruddock, Dewittville, and Frank-lin Ruddock, Regina, Sask., and two nieces, Roberta Dunn Hay, John Brookhurst, St. Laurent and Eleanor Dunn (Mrs. Gordon Lang) Montreal and several cousins.

The funeral service took place on Tuesday afternoon from St. Andrew's Presbyterian Church, the Rev. R. D. MacLean officiating and was at-tended by a large number of rela-tives and friends.

The floral tributes were numerous and beautiful. The pall bearers were Mr. Donald Ferns, Mr. E. Cunning-ham, Mr. R. Rolfe, Mr. R. Merson, Mr. G. Beattie and Mr. Donald Dou-glas. Burial was in Georgetown Cemetery. Flower bearers were Mr. Mac Smellie, Mr. Stanley Ruddock and Mr. Franklin Ruddock.

Those from a distance who attend-ed the funeral were Mr. and Mrs. E. Dunn, Mr. and Mrs. Gordon Lang, Mr. and Mrs. John Brook-hurst, Robin and Donald, Miss Mabel Elvick, Mrs. Florence McCaskill from Montreal, Mrs. A. Dunn, Mr. W. Robinson, Lachine, Mr. and Mrs. Gerald Sweeney, St. Albans, Vt., Mr. and Mrs. Lester Holcombe, Chateau-gay, N.Y., Mr. Thesseltine, Malone, N.Y., and many friends from St. Remi, St. Urbain, St. Clothilde, St. Eulene, Hemmingford, Havelock, St. Chrysostome and Ormstown.

Allan's Corners

ALLAN'S CORNERS — Mr. and Mrs. Bob Larkin, Kevin and Tommy of Adams Centre, N.Y., spent the week-end at the home of Mr. and Mrs. Jack Dooling and family.

Mrs. Helen Peddy is spending a few days at Cornwall, a guest of Mr. and Mrs. Wesley Peddie and family.

Mr. and Mrs. George McClintock and Gail of Sherbrooke are spend-ing a week at the home of Mr. and Mrs. Morris Nussey and family.

Mr. and Mrs. Hal Jones, Bever-ly and Bonnie spent a few days with Mr. and Mrs. Charles Wright and family.

Master George Bell of Hunting-don spent the past week with his grand parents, Mr. and Mrs. A. Tannahill.

Mr. and Mrs. Albert Moore of Ormstown visited on Friday with Mr. and Mrs. Norman MacLeish and family. Both Mr. MacLeish and Miss Heather are enjoying a vacation at their home here.

Mr. and Mrs. Harry H. Smeaton and daughter Mary Louise of Mon-treal spent the week-end at the home of Mr. and Mrs. Frank Hope and family. Miss Mary Louise is remaining to spend a few days with the Hope family.

the boys progressed so quickly that some have bands of their own; a Ferguson boy of Dewittville was one of them, now a leader in New York — others are key men in New York — this is a small town, but as an old bandsman of many years, as experience, permit me to suggest 'let not the town think that this band is well provided for because they have a little music and some uniforms'.

Getting a band is like getting a wife, new instruments, repairs and general up-keep means no end of expense. Don Moore gets less than 50 cents per lesson from each band-man, a mere trifle, and we are fortunate to have him here and devote his time and patience to these young men.

It is regrettable that this Band, which is a good one, should have to beg for a little money to keep going. There are many wealthy merchants and clubs, which should be canvassed for annual donations to maintain this splendid organization in a dig-nified manner, which they deserve, so that the bandsmen need not go begging every year or two.

Thanking you, Mr. Editor, for this space, I remain
Yours truly,
Benjamin F. Brown.

Editor,
Huntingdon Gleaner,

Dear Sir,
I have read with interest your recent editorial entitled "Criticism Just or Unjust", and, rightly or wrongly, wish to say a few words on the same subject.

When the marks of the Provincial High School Leaving examinations were published in the Montreal Star I was holidaying in Lennoxville and my hosts were startled to hear me shout, "Hurrah for Huntingdon!"

From behind the newspaper, I hurriedly explained that we in Hunt-ingdon should be justifiably proud that this year for the first time in some years, the entire graduating class has passed Provincial exams. Just by way of comparison, last year there were eight pupils in Grade XI, five obtained their School Leaving certificates and three were taking a partial course. This year eight pupils (the entire class) were prepared for examinations and eight obtained their High School Leaving certificates, a 100% record. In addition to this seven of them passed in Class II, indicating high average.

The charge has often been made that so few pupils "go right through school". Of this present class, five members started in Grade One in Huntingdon High School together eleven years ago, one has attended this school for five years, the other two at least half of their High School life. So you see that they are all local boys and girls — let's give them a hand!

They posed for their Graduation picture — I'd like to see it on the front page of this, your worthy paper.

Class of '53, on behalf of your fellow citizens, I salute you! We would acknowledge your ability and your success in school and we wish Ellen de Gooze, Eileen Gordon, Joyce Pope, Allan Martin, Evelyn Mac-farlane, Elizabeth Phillips, Robert Boisseau and Peter Fox the very best. We hope that they will con-tinue to bring honour to their families, their school and their com-munity.

Yours very truly,

PICNICS

Here is a parody to the song "Let's have a party, let's all have fun." It goes like this — "Let's have a picnic, we'll all have fun, you bring the weiners, I'll bring the buns, we'll light a bonfire and all sit around and we'll toast the weiners until they're golden brown." The parody brings to mind the subject for today — picnics. Everyone is picnicking these days, for summer weather is the time to enjoy the wonderful outdoors.

We all have our own ideas about what foods we like to take on picnics, but the home economists of the Consumer Section, Canada Department of Agriculture have some picnic ideas which certainly will be useful to everyone. The first idea they mention is the role of aluminum foil — this is not intended as a pun. This is one way they suggest using it — there is nothing like vegetables cooked outdoors in a bonfire, but there is the odd time when the fire gets too hot, too smoky and each person, instead of being given a nicely baked potato or a brown ear of corn, receives a charred offering which is not too palatable. Of course it is eaten charred or not, because on a picnic, no one complains. Now all-

minum foil enters into the picture. If the vegetables that are to be roasted are wrapped in aluminum foil and placed in the bonfire, they will cook just beautifully. The foil will not burn and the vegetables are protected from flames and from smoke, as they cook.

Thinking of flames and smoke, have you ever tried to toast a weiner on a stick which was too short and you kept burning your hand. Every time you jerked your hand back, invariably the weiner fell off into the bonfire and you had a difficult time trying to rescue it. The home economists of the Consumer Section, Canada Department of Agriculture have come up with a solution to the weiner-roasting problem. This solution is a popcorn popper, the one with the long handle. It is the ideal utensil for roasting weiners. If several weiners are put in the popper, held over the fire and shaken occasionally so that all sides are evenly roasted, a perfectly cooked weiner will be the result and there will be no burnt hands and no lost weiners. Another idea the home economists have sent us concerns milk cartons. If milk is bought in square or round quart containers, it is wise to save the containers to bring on picnics. They should be washed thoroughly and stored in a dry place so that they will be ready for use at any time. A piece of aluminum foil or heavy paper can be tied over the top to act as a lid.

Many Canadian homemakers are now the proud owners of home freezers, and frozen foods are ideal for picnics. The home economists of the Consumer Section, Canada Department of Agriculture have sent some ideas on frozen foods for picnics. If sandwiches are to be the picnic fare, they can be made up ahead of time, several days or even

a week or two in advance. On the day of the picnic, the sandwiches can be taken out of the freezer just when you are ready to leave. There are a few sandwich fillings which do not freeze too well such as egg, tomato, cucumber and lettuce but meat, cheese or fish fillings are all excellent so they are the ones to use. It is wise to be sparing with the mayonnaise because it may soak into the bread and make the sandwiches soggy. As mentioned salad makings like cucumbers and tomatoes do not freeze well because they are so watery, and when they thaw, they become limp and soggy — take them along fresh.

Hamburgers or weiners can be cooked and put into buns and then wrapped and frozen. If the buns, complete with cooked hamburgers or weiners, are wrapped in aluminum foil, they can be reheated right in the bonfire or in a barbecue fire-place. The foil will not burn and the bun and meat will be heated without further cooking. It is quite an advantage to be able to prepare these foods days ahead, all on the day of the picnic, all that has to be done is to pack them in the basket. The home economists suggest that cooked meats such as fried chicken, baked spareribs and sausage rolls can be frozen weeks ahead and just removed from the freezer on the picnic day. The same principle applies to these foods. If they are wrapped with foil, they can be heated on the bonfire. If the picnic day is rather a cool one, it is nice to have hot food. Chili con carne, stew or soup may all be cooked ahead of time and stored in the freezer. On the day of the picnic, they can be heated and placed in a large thermos jug. When the family is ready to sit down to the picnic, they will be thrilled with the piping hot food. Fresh fruits are in season now and of course you will want to take plenty of them on the picnic with you but if your family likes cake or cookies, as well as type of butter or sponge cake, chocolate brownies, peanut butter cookies, tarts, etc., freeze well. They keep very fresh and moist in the freezer just so long as they are properly wrapped or packaged. They too can be removed just before leaving for the picnic.

THE VERSATILE TOMATO

To the legal authority, the tomato is a vegetable. To the botanist it is a fruit, but to the wise homemaker it is both, for it may be used as either. It is the gardener's favourite too, as almost every garden boasts at least a few plants. And since tomatoes are plentiful now, you'll want to use them as often and in as many ways as you can.

First of all, it is important that you make a good choice in buying your tomatoes. The home economists of the Consumer Section, Canada Department of Agriculture say it is wise to buy tomatoes which are well-formed, firm, plump and smooth. They should have good red colour and be just ripe rather than under or over-ripe. If you find a few irregularly shaped tomatoes among those you have bought, use them for stewing or if your tomatoes are underripe, ripen them at room temperature instead of on a window sill. There are two reasons for this — the summer sun is too hot, and too much sunlight may actually prevent the colour developing or make the colour spotty. Since light is not necessary to produce good red colour, the kitchen cupboard is the right temperature and it makes a good place for ripening tomatoes. While the refrigerator is the best place for storing ripe tomatoes, underripe ones should not be kept in the refrigerator as the cold stops the ripening and the tomatoes become watery.

As for serving tomatoes, the possibilities for using this versatile food are unlimited. What is better than vine-ripened tomatoes for salads? They are good mixers with practically all vegetables and the number of pleasing combinations is almost unlimited. When using tomatoes in a salad, it is better to cut them lengthwise instead of crosswise. This is the French way and you lose much less juice.

A "Dagwood" salad-sandwich is a novelty salad which will appeal to teenagers. To make this treat, you start with a slice of buttered bread,

HUGH G. HUNT, B.S.A.
Recently appointed Secretary-Manager, Canadian Ayrshire Breeders' Association. He will assume his new duties on or about September 15.

New Ayrshire Secretary

Greetings to Hugh G. Hunt whose appointment to the position of Secretary-Manager of Canadian Ayrshire Breeders' Association was announced in last week's issue of The Gleaner. Details of Mr. Hunt and his career and accomplishments were given in that issue.

Black and White Show

Secretary Leon A. Beaudin of the Huntingdon - Ormstown Holstein Club has informed us that the prospects for this year's "Black and White" (Holstein) Show at Huntingdon Fair are most promising indeed. That show will be staged on Friday, August 28, with Ray Wilson, Kenmore, Ont., as judge. Mr. Wilson is a well-known former president of the Holstein-Friesian Association of Canada.

The aim is for 100 head on exhibit and, says Mr. Beaudin, that objective is pretty well in sight. Last year 76 head were on exhibit at the Huntingdon "Black and White" Show.

We understand that while the Ayrshire "Red and White" Show and the Jersey "Parish" Show will be held in conjunction with the Huntingdon Fair, there will be a good exhibit of Ayrshires and Jerseys at Huntingdon Fair.

In addition to being busily employed in connection with the farm competitions last week, Leon A. Beaudin also judged the Holstein and Jersey classes at Valleyfield Fair. The Ayrshires were judged by Professor C. G. St. Martin, Agricultural School of St. Martin.

Mr. Beaudin informed us that altogether some 300 head of Ayrshires, Holsteins and Jerseys were exhibited at Valleyfield Fair.

Topping a list of Ayrshire cows which have recently qualified in the R.O.P. is Bonnielash Flashy Girl, 12 years old, by Springfield Flashy Girl, a bull bred by Gilbert MacKechie and owned by S. Wyman MacKechie and Sons, Wyman, Que., produced 16,279 lbs. milk, 704 lbs. fat, 4.32%, in 365 days. We understand that the new Ayrshire "breed class average" system of calculation was credited as follows — milk 167%, fat 178%. She therefore apparently produced 67% more milk, 78% more fat than was necessary for a qualification certificate.

Bonnielash Flashy Girl was a first prize winner on several different occasions at the Royal Winter Fair. For five years in succession (the same pair) won first prize in the Progeny of Dam class at the Royal Winter Fair. One of her daughters, Bonnielash Gay Girl, then alternate layers of sliced tomatoes with a layer of sliced meat, potato salad, sliced cheese or egg sandwich filling and then top with another slice of bread.

Stuffed tomatoes are favourites of many people, either cooked or uncooked, stuffed tomatoes have a definite appetite appeal. They are delicious stuffed with a liver and crisp bacon filling or with cottage cheese seasoned with chives or green pepper and mixed with mayonnaise. They are good too, stuffed with potato salad, sliced cheese or egg. The home economists of the Consumer Section, Canada Department of Agriculture suggest using a scooped out tomato shell as a mould for a jellied vegetable salad. It tastes good, it is attractive, and so easy to make! Simply prepare your favourite jellied vegetable salad and, after you have added the vegetable spoon it into the tomato shells and put them into the refrigerator until serving time, when you will top them with mayonnaise.

Broiled tomatoes are popular with many families. They are delicious when cut in half, sprinkled generously with grated cheese, seasoned with basil and then broiled. Served this way, they add much to almost any luncheon or dinner plate.

If you are lucky enough to grow your own tomatoes, you might like to try this recipe for ripe tomato marmalade. It is from the home economists of the Consumer Section, Canada Department of Agriculture, and is a tart and very different spread for your breakfast toast.

RIPE TOMATO MARMALADE
10 medium tomatoes (2 1/2 lbs.)
2 lemons
4 cups sugar

Blanch, peel and cut the tomatoes into small pieces. Slice the lemons very thinly, then cut the slices into quarters. Place the tomatoes and lemons in a saucepan. Cover tightly and cook gently for 45 minutes, stirring occasionally to prevent sticking. Remove cover, increase heat and cook until somewhat thickened, about 15 minutes, stirring more frequently. Add sugar, bring to boiling and boil, uncovered, for 2 to 5 minutes or until a thermometer indicates 220°F. Pour into hot sterilized jars leaving at least 1/4 inch headspace. Allow to cool slightly, then pour a thin layer of melted paraffin over the marmalade, rotating the jar so that the wax will cling to the jar to form a close seal. When the paraffin has hardened, add a second layer and again rotate the jar. Cover and store in a cool, dry place. Yield: about 5 cups.

not only won first but also dropped a bull calf at the Royal Winter Fair. That bull, Bonnielash Douglas Royal, was shown at the Royal, his birthplace, in the following year when he won fourth in a class of 23 senior bull calves. Douglas Royal had been sold just prior to the Royal, for delivery after same, to W. C. Tully & Sons, Beaver Meadow Farm, Athol, which herd he still heads.

Distinguished Visitors

Visitors at the Huntingdon Chateau last Friday night were S. Wyman and Mrs. MacKechie, Wyman MacKechie is the senior partner of the firm of S. Wyman MacKechie & Sons, Bonnielash Farm, Wyman, Que. He is also a Vice President of Canadian Ayrshire Breeders' Association. Likewise Chairman of the Administrative Advisory Committee of that Association.

The Bonnielash herd is undoubtedly one of the best farmer-breeder Ayrshire herds in Canada. Wyman MacKechie was en route to Bedford, Que., to act as judge at the Red and White Ayrshire Show there. Gilbert MacKechie, Huntingdon, accompanied Mr. and Mrs. MacKechie to Bedford.

Again! Polled Cattle!

Subsequent to the appearance of the story about Polled Cattle in Round Byre and Ring a few weeks ago, J. H. McConnell, of J. H. & W. McConnell, Timber-top Ayrshire Farm, Mont-Rolland, Que., wrote as follows:

"Thank you, sir, for the article and the kind words of hope, expect and will try to live up to,

Mau Mau Campaign

The British government in Africa, which has already had considerable success against the Mau Mau by meeting force with force, is trying a new approach to reduce the ranks of the terrorist tribesmen. A new propaganda and information campaign has been started with radio, movies, travelling information trucks and air-dropped leaflets.

It aims at convincing the Kenya natives that the Mau Mau is doomed and at offering surrender terms. Several terrorist leaders said in notes to the government they would disband their gangs if suitable terms were forthcoming.

While terrorists who have committed crimes are still ready to be firm when firmness was needed. The East African appeal court ordered Jomo Kenyatta, accused as chief of the cult, back to his prison sentence of seven years hard labor along with five other Africans tried with him.

The court upheld the state's appeal against an earlier supreme court ruling quashing the conviction. Kenyatta's lawyer, British Leftist D. N. Pritt, immediately announced he would seek an appeal to the Privy Council, highest court in the Commonwealth.

our advance reputation. We do have now three milking Polls (Ayrshires) — one calved end of January, the next on June 26, and the third on August 4. (And all three gave us Polled heifers). These three are first calves — and the first to go her duty has given us 5,622 lbs. milk in 182 days, with average 4% tests. Her high month of her first six was 1,951 lbs., her low 859 lbs.; very steady. Too early to talk about the other two yet — except to say that they both made up udders that would be a bit hard to really criticize — all three have above the average T.T. udder.

"At the risk of boring you I am enclosing three 'Export' pedigrees which came in the same mail as the copy of The Gleaner. We have bought these three heifers from Marshall Cheeseman, Ellensburg, Dept. N.Y. You will note that all three are out of rather respectable Whitpain Man O' War daughters, and all sired by Greenrange Advanced Design. We already have an Advanced Design son from the Cheeseman herd (will start using him at the end of the year). Two of our milking Polls were also sired by Advanced Design.

"That bull is not 'Approved', but Tom Whittaker (Greenrange Farm, Brandon, Vt.) is (or was) milking five daughters and Marshall Cheeseman is milking another daughter. We have seen them all — and many other bred and open heifers by him; we have also seen Mr. Bull, himself, several times at Whittaker's and Cheeseman's — to be honest, we are nuts about him, and we are staking a lot of our Polled future on him.

"We also have and have used and will use extensively, a 'Sailor' (Green Meadows Champion Sailor) son — and, a milking and three bred Sailor daughters.

"The dams of both our young Polled sires are really something — and as Sailor and Advanced Design are not related, unless way back you can see that we appear to be set for some time to come — barring the usual nicking and breeding misfortunes which seem to crop up so often. Wish us luck, we'll need it."

"We can only compare horns and polled to ladies with long and short hair," continued Mr. McConnell. "With hair, whether long or short, it has to be well groomed to attract. Remember the first Bobbed Hair Doos? What a fuss they created! What now? The long hair is the oddity. To us it will be the same natural evolution from horns to polls, slow but sure."

In Retrospect?

Mr. McConnell also wrote: "My first sight of Ayrshires was at George Petrie's at Howick over 40 years ago. Since then, down through the years, the Ayrshire has been my cow. Maybe it was the horns that attracted me. Despite that, I now look at our dehorned and polled herd with even greater pride and liking — yet we cut off

many good looking sets of horns. We do have a few yearling heifers still with horns — they will come off this fall. After that we will surely miss the horns for only one thing — separated from the cow they make dandy fountain pen holders, dandy coat hooks, good looking shelf brackets, etc.

All the above, heresy? Probably — but it's nice heresy."

FRANKLIN CENTRE — The W. M.S. and the W.A. held a joint meeting on Thursday afternoon at the home of Mrs. Clarence Dunn. A satisfactory report, on the returns from catering for the reception was given by the new Treasurer,

Mrs. Keith Dunn, who kindly accepted this office. A donation of \$5.00 was voted to be given to the O.G.T. group for their help on that occasion. Articles for the Havelock Fair Booth were examined, priced; some of these articles were sold to the

members. Home Cooking for the booth was also discussed. Other plans were left undecided. Mrs. Clarence Dunn served refreshments at the close of the meeting. Mrs. Lawrence Towns and daughters, Barbara and Carol returned home from Chateaugay Lake, N.Y.

on Thursday. This past week seemed to be a reunion week in this community as so many former residents and friends came back to see friends and relatives. Among those who called here were Mr. and Mrs. Joe Latham and twin daughters of Gouverneur, N.Y., and his brother, Mr. Ben Latham of Seattle, Wash. The Latham family, who resided on the Hill, on the farm which they sold to the late Charles Barr's father moved to the States and Mr. Ben Latham and his sister Hattie (Raynor) eventually took up residence in Seattle and this is his first visit back to his old home town, which he left 65 years ago. He motored from his home on the west Coast to visit his brother. He is now 74 years old and his sister, who is now 87, would have liked to have come with him, but considered the trip too much for her. They visited their old home town, owned by Mr. Mike Rosturick and their mother's grave, in the Dunn Cemetery. They called at Mr. Money's store and inquired about old friends and relatives. The only spot that seemed familiar to Mr. Ben Latham was Sharp's Store. He found out that his cousin's wife, Mrs. Adah Pennington was living with her daughter Mrs. Wm. Brown at Ormstown so motored there to visit them.

leader was Mr. Zaven Dohanian, Rev. R. Stanford of Montreal was also present. Mr. and Mrs. Clifford Dickenson entertained them all as supper guests. Mrs. Harold Stevenson and daughters, Wilma and Shirley, spent from Wednesday till Friday with her son-in-law and daughter, Mr. and Mrs. Clifford Craig and her grandson at Howick. Mr. and Mrs. Larry Morin of Montreal spent the week-end with Mr. and Mrs. Kenneth McNiece. Mr. and Mrs. Austin McClenaghan of Montreal spent the week-end with her parents, Mr. and Mrs. Harold Stevenson. Mr. J. Dividge and sister Miss Annie of Ormstown with their sisters, Miss Mable and Mrs. Florence McCaskill of Montreal were Sunday callers on Mrs. Chas. Harvey the latter two, she had not seen for 47 years.

Beaver

BEAVER — Mr. Maitland Platt left Tuesday morning with his niece, Miss Florence Cook, Malone, N.Y., to visit Mr. and Mrs. Albert Platt, Olean, N.Y., for a week. Mr. Fred Platt enjoyed the motor trip with them also. Mr. Henry Hart, Grande Ligne, Que., is the guest of his son-in-law and daughter, Mr. and Mrs. Clarence Platt, for a few days. Misses Genevieve and Nellie Colquhoun, Massena, N.Y., spent Thursday with Mr. and Mrs. Franklin Cameron. Mrs. Nettie Cameron, Mrs. Wesley Thompson and Mrs. Elizabeth Cameron were recent guests of Mrs. Creta Cushman, Westville, N.Y. Guests of Mr. and Mrs. Maitland Platt on Sunday were Mr. and Mrs. Russell, Kerr and family, Fertile Creek, and on Monday Mr. and Mrs. Fred Allen, Howick, Mr. and Mrs. Robert Grisdale and son Allan, Okotoks, Alberta. Mrs. Elizabeth McMaster and Mrs. E. J. Cameron were recent guests of Mrs. Frances Fisher, Hemmingford. Mr. and Mrs. Clarence Platt, Anne and Shirley spent Friday with their parents, Mr. and Mrs. Henry Hart, Grande Ligne, Que. Mrs. Franklin Cameron and daughter, Mary Jean, spent Tuesday with her parents, Mr. and Mrs. Stewart Vaughn, Westville, N.Y. Mrs. E. J. Cameron spent Friday and Saturday with her sister, Mrs. Mary Elliot, Tachurst, who is not as well as her many friends would wish.

Food For Thought

For those who want to look young longer, the diet is an important affair. Prolonged nutritional deficiencies may cause premature aging. The middle-aged person who neglects a balanced diet, planned to supply adequate amounts of the foods necessary for body maintenance and energy, may show the advancing years more decidedly than the wiser person who follows a diet with sufficient proteins, minerals and vitamins. Proper amounts of these necessary food elements are available in milk, cheese, eggs, citrus fruits, vegetables and whole-grain cereals.

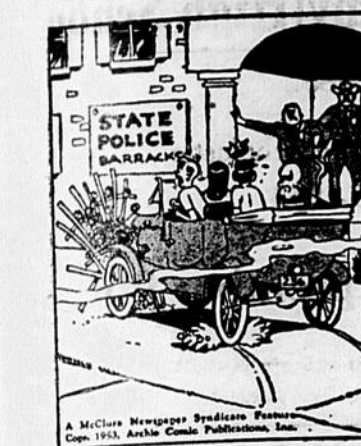

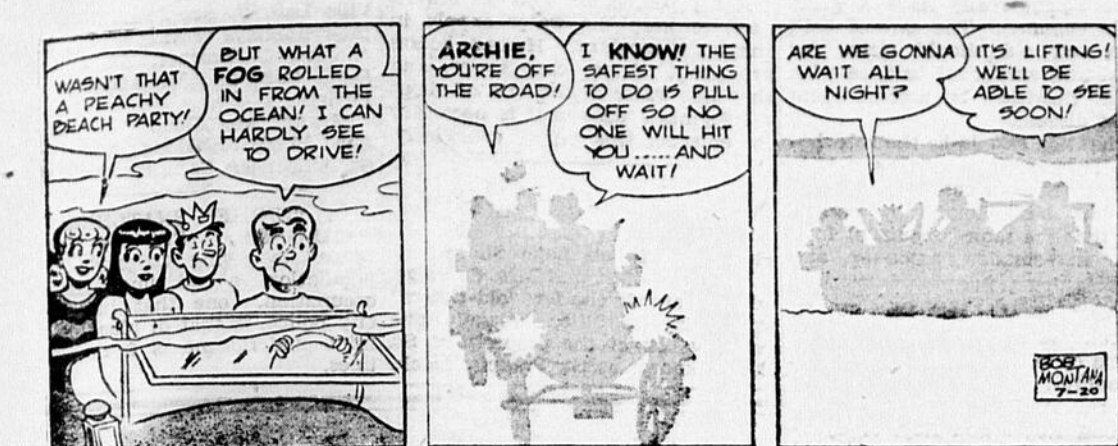

MASKATOON, (CP) — First report of spring seeding in northern Saskatchewan came from district farmer Ray Brisseau, who began plowing and seeding spring rye on April 6. Last year he sowed on April 14.

Good Eating Habits Result in a Long And Healthful Life

Aging people are the products of the life they have lived, points out Margaret E. Smith, Ph.D., M.Sc., director of nutrition for the Health League of Canada. If a sound state of health has been maintained for the first 60 years, people have little reason to be anxious about the next 40 years.

"Health is the sum total of what a person has been eating daily throughout his life," notes Miss Smith. "Paediatrics, the study of children, and geriatrics, the study of the aging, really have a great deal in common. The care of both young and old should strive for mental and emotional balance with optimal nutrition to protect them against disease."

Moderation should be the rule, because an excess of good as well as deficiency is injurious.

It has been found by careful study that the same amount of food given in smaller amounts and

the home of Mr. and Mrs. W. H. McNicol. Mrs. Ryan remained to spend a couple of weeks' vacation in the country.

often — five or six times per day instead of three — is conducive of better health in the aged.

Excessive condiments and spices such as peppers, mustard, horseradish, hot sauces, etc. are not advisable for the aging because they tend to irritate the intestinal tract and contribute to vascular and renal irritations.

Aging people need a certain amount of bulky food as well as do younger persons.

Older people are frequently lacking in calcium and iron, so milk, cheese, cottage cheese, whole grain bread, and eggs, together with green and yellow vegetables, fruits and berries, are important in the diet.

Aging people, as well as others, need to keep the water supply in the body constant. Human bodies are about 70 per cent water, and they lose water at the rate of about 4 1/2 pints a day, so it is necessary to replenish this supply constantly.

BATS BOOM AS MERCHANTS DEFEAT BURKE 10-9 — WALT MCCALLUM DRIVES IN WINNING RUN

The game between Burke, 1952 pennant winners, and Huntingdon, the 1953 winners, at Cluff's Field, Sunday, produced the best game of the season for the sluggers with plenty of thrills and a total of nine home runs.

Burke started things off in the first inning when Cromp singled and Legassy homered over the left fence. With one man out, Baldy Poupore was safe on an error and Harry Mastin blasted a long high drive for his first of three homers for the day, to give Burke a 4-0 lead.

With one man out, Tiny Robert proved that the Burke boys weren't the only ones that could hit them over the fence, with a long high drive over the left field fence, to make the score 4-1. Huntingdon managed to fill the bases, but failed to score any more runs in the first inning. Rosie Lacompte quelled the Burke bats in the second with only one man reaching base, on an error. Huntingdon came back with another run in the second to make the score now read 4-2.

After Lacompte had struck out the first two batters in the third Mastin connected for his second home run. Huntingdon reached Bernie Poupore for two more runs in the third, when Rene Senecal led off with a towering home run over the center field fence. Ozzie Watson followed with a long fly that looked like another homer but Fitzsimmons pulled it down near the fence for an out. The next two batters walked and Bernhardt scored when Hannah hit to Cromp at third.

In the last half of the fifth, Bernhardt walked, but was forced at second when Lacompte hit to the pitcher. Monique walked, at this point Norm Hannah was faced with a problem. The club had only two bats left, one an ancient club that Eric Salter has had for years. Hannah made the old club pay off as he blasted a drive over the left field fence for a three-run homer to put Huntingdon in the lead for the first time in the game, 7-5.

Burke came up with another run in the sixth to cut the Huntingdon lead to one run. Huntingdon soon increased their lead when they put together two hits and two errors for two runs and took a 9-6 lead.

Neither team scored in the seventh or eighth innings and the game seemed pretty well over as far as scoring went, but with a team of sluggers like the Burke boys, the crowd soon got their thrills. With two men out in the ninth, W. Fitzsimmons homered; a couple of pitches later, Baldy Poupore also put one over the fence and Mastin, having already got two, connected for his third homer of the game and tied the score at 9-9. Huntingdon finally stopped the barrage when F. Fitzsimmons popped out to Tiny Robert who played a very good game at third, replacing J. Proudfoot at third base.

Hannah reached base in the ninth

when he was hit by a pitch; Gavin came in to hit for Tremblay and popped out to the catcher; however Hannah got to second on a bad throw to first by catcher Poupore. Walter "Squirt" McCallum came through with a clean hit past third to score Hannah from second and win the ball game for the 1953 Pennant winners.

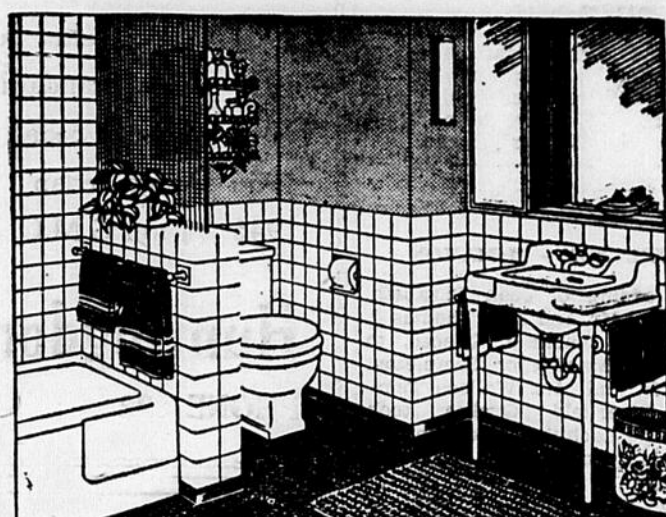

Totals
For Burke: 9 runs on 12 hits and 3 errors. For Huntingdon: 10 runs on 13 hits and 3 errors.

There will be no game here next Sunday, August 30. How about all you baseball fans coming out and supporting the boys who are going to be out there to win their SUDDEN DEATH playoff game Sunday, Sept. 6th? If the game is lost, it will most likely be the final game of the year in Huntingdon.

Athelstan

Athelstan Y.P.S.

The Athelstan Senior Y.P.S. held its regular meeting at the home of the president, Peter Tully, on Friday evening, August 14.

The devotional period was led by Messrs. Dan Elder and Dan Tully. A "roundtable" discussion was held on "What gives value to a job", where it was decided that a sense of personal satisfaction of a job well done was the real reward of work. Wages and working hours are not the only consideration in choosing a life work.

James Walde was proposed and accepted as a new member of the society. Maitland Lewis, of Dorval, was a guest at the meeting.

The next meeting will be held on Friday evening, August 28, in the church, with Dan Elder as host. Panel discussions will be held on the balance of the Study Book chapter "Stop! Christians at work!"

Misses Lois French and Pauline Foers, together with their Junior W.I. counsellor Mrs. W. E. Bernhardt, have returned from a four-day camping trip to Bury, Que., where they attended the J.W.I. rally. The first J.W.I. rally was a complete success, according to both campers and counsellors, and the latter are already thinking ahead on plans for a similar rally next year.

On Monday evening, August 17th, Mrs. Arthur Lumsden and Miss Janet Paul were joint hostesses for a Miscellaneous Shower in honour of Miss Letty Rowat. The gathering was held at the home of Mrs. Lumsden and the rooms were prettily decorated in pink and white streamers, with a cluster of balloons over the guest of honour's chair. The same color scheme was carried out in a huge basket containing parcels placed at her feet. As she was seated, a shower of confetti poured down. Over fifty guests were present and many beautiful and useful gifts were received, including china, pyrex, silver and linen. After the parcels were opened and admired by everyone, Letty, in a few well chosen words, thanked all present for their gifts. A period of community singing, led by Mrs. Eddie Barwick at the piano, was then enjoyed. Delicious refreshments were served by the hostess. Guests were present from Verdun, Huntingdon, Elgin and Athelstan.

W.M.S. Meeting
ATHELSTAN — The August meeting of the W.M.S. Auxiliary was held on Thursday afternoon at the home of Miss Bella Anderson, Powerscourt. The meeting opened

with singing "What a Friend" and the devotional exercises were conducted by Miss Kimball. Eleven members answered the Roll Call by repeating a verse containing the word "pray". Mrs. Jamieson distributed the little aprons among the members. These are to be returned at the November meeting. The secretary was asked to send a letter of thanks to Mrs. Evan Watson for making the aprons and to Mr. Mawhinney for typing the verse to be enclosed. The offering amounted to \$10.75 and the Offertory prayer was given by Mrs. Jamieson. For the lesson, Mrs. Walde read a letter from Rev. Albin McIntosh, telling of life in India. The meeting closed with singing "Dare to be a Daniel" and W.M.S. prayer. Delicious refreshments were served by the hostess.

Miss Ina Rowat, Ottawa, is at present a guest of Misses Tully and Kimball, Windy Way.

Mrs. Mawhinney and little daughter returned from Huntingdon County Hospital on Saturday afternoon. Mrs. W. F. MacDonald is staying for a short time at The Manse, until Mrs. Wawhinney regains her strength.
