Rotary Club Here Plans Boys' Club To Open June 16

The serious rioting which occurred a few days ago in the Greene Avenue-Staynor Park district of lower Westmount, has hastened the plans, begun last October, for the establishment of a Boys Club by the Rotary Club of Westmount, in this district, to open on June 16, it was announced by the Boys Work Committee of the Westmount Rotarians. The whole project is being sponsored and financed by the Rotary Club of Westmount from proceeds of its own activities, such as the Annual Carnival which takes place this year in Westmount Park from June 20 to 24 inclusive.

Since last October the Boys Work Committee of the Rotary Club of Westmount has been studying plans for the establishment of a Boys Club in the lower district of Westmount, and, on June 16, such a club will be opened in temporary quarters in Calvary Church, corner of Greene Avenue and Dorchester Street. It had already been planned to start earlier in the season, but difficulty in finding suitable temporary quarters delayed the opening.

The need for such a club has long been apparent. In the summer months it is the custom to close the playgrounds at dusk, with the result that many of the youngsters with time on their hands, congregate in lanes and on street corners and get into mischief, as became abundantly clear last week. The club is designed to provide some place

R.M.R. 'Intercomm' Makes Its Bow

A very interesting journal made its bow to Westmount this week at the Royal Montreal Regiment Headquarters, 4625 St. Catherine Street West, namely "Intercomm."

"Intercomm," which is the military abbreviation for "inter-communication," will be published monthly and distributed to all members of the Active Service Unit and their next-of-kin; to the Reserve Battalion, to No. 14 (R.M.R.) Branch, Canadian Legion, and to personnel now serving in other units.

It is announced that although it is edited and produced at present by members of the 2nd (Reserve) Battalion, with the approval of Lt-Col. H. G. Brewer, M.C., it is hoped that, before long, "Intercomm" will assume the character and proportions of a combined operation, in which all units and auxiliaries of the Regiment will participate.

The following message was received from Major-General C. B. Price, (Honorary Colonel of R.M.R.):—

"As Honorary Colonel of the

Maj.-Gen. Price Sends Message To Ken Lyall

Kenneth E. Lyall, who will contest the riding of Westmount-St. George in the coming Provincial Election, as Independent and the Servicemen's Candidate, received a reply on Saturday, to his congratulatory message sent to Major General Charles B. Price, D.S.O., D.C.M., overseas, who has just recently been named to represent St. Antoine-Westmount division as a candidate of the Progressive - Conservative Party in the Federal Election.

The text of the cable reads as follows:—"MANY THANKS CONGRATULATIONS BEST WISHES YOUR SUCCESS."

James Spencer Wins Annual Award Of Honor

James Spencer, final year student at Westmount High School, was elected on Monday by his classmates to receive the Westmount High Old Boys' Association Award of Honor. This award is presented to the man in the graduating class who, in the opinion of his fellows, has performed the greatest service to the school and who best has combined the qualities of honor, scholarship and sportsmanship.

The annual election ceremony and granting of the Award of Honor to the winner was inaugurated several years ago by the Old Boys' Association. The Association supervises the election with each boy in the graduating class having a vote. James C. Riddell, president of the Old Boys' Association, presided at the election ceremony, and in congratulating Jimmy Spencer told him that he would always look back on June 5, 1944, with pride and affection for his many classmates who had chosen him as their winner. He went on to point out that any boy possessing the qualities that had so won the respect and admiration of his fellows would have little difficulty surmounting the long road of life that may lie ahead.

Immediately following the announcement of the winner of the award, the boys themselves took part and carried out to the pond at Westmount Park. Here, to the dismay of the procession, the pond was found to be empty. The boys were not to be thwarted, however, and after carrying their victim to the Junior High School and completely disrupting the

Westmount Citizens on King's Birthday Honour List

Among the Westmount citizens serving in the forces who were recognized in the King's Birthday Honour List just announced are the following:

ASSOCIATE OF THE ROYAL RED CROSS:

Lt. (Physiotherapy Aide) Effie Beryl Webster, R.C.A.M.C., was born in Montreal and practised

physiotherapy in civilian life. A graduate of McGill University, she studied physiotherapy at the University of Toronto. Lt. Webster was appointed to her present post in November, 1941. Her father, A. H. Webster, resides at 631 Victoria Avenue.

OFFICER OF THE MILITARY DIVISION OF THE MOST EXCELLENT ORDER OF THE BRITISH EMPIRE (O.B.E.):

Col. Philippe Auguste Pitze, E.D., retired provost marshal of the Canadian Provost Corps and veteran of the Great War, was Commissioner of Prisons for the Province of Quebec. He rejoined the army in August 1940 and served three years as provost marshal. His home is at 4297 Western avenue.

MEMBER OF THE MILITARY DIVISION OF THE MOST EXCELLENT ORDER OF THE BRITISH EMPIRE (O.B.E.):

Capt. David Ross McMaster, R.C.A., went overseas in July, 1941. An advocate in civilian life, he is a graduate of McGill University and was appointed to his corps in October, 1940. He returned to Canada early in 1942 and received his captaincy in September of that year. He went overseas again last August. His wife and three children live at 3142 Daulac road.

Odd Species Of Butterfly Found Here

Alex Ouimet reports that on Saturday morning on Greene Avenue below Dorchester Street, he found an unusual species of butterfly, on his way to work.

The lepidopterous insect had a wing-span of 6 1/4 inches and the color of the body was white and brown striped and the wings were a beautiful shade of henna and fawn.

Lt. Hugh P. Gurd Is Reported Wounded In Italy

Word has been received here that Lieutenant Hugh Pedley Gurd, R.C.O.C., has been wounded in Italy.

Lieut. Gurd, who is the son of the late Mr. and Mrs. Walter R. Gurd, and whose wife the former Lois Cameron, resides at 3248 Westmount Boulevard, was educated at Roslyn School, Westmount High School and at St. Alban's School, Brockville, Ont., enlisted in the ranks and later won his commission following courses at Brockville and Barriefield. He went overseas to England in December 1942, and to Sicily and Italy in November of the following year. Prior to enlisting Lieut. Gurd was an insurance broker in Montreal.

Westmount Park Band Concert

Captain T. E. Jackson, Director of Music in the Royal Montreal Regiment, has chosen an excellent repertoire of music to be played at this Monday's band concert in Westmount Park. As usual the concert will be held by the permission of Lt. Col. H. G. Brewer, M.C.

A large enthusiastic crowd attended last week's concert, the first in three years and it is expected that the attendance will grow each week during the summer. Requests for favourite scores may be made by dropping the names of the pieces requested in the box placed in Westmount Park.

The programme for this week will consist of the following numbers:—

- 1.—March: "With Sword and Lance" Starke
- 2.—Overture: "The Secret Marriage" Cimarosa
- 3.—Trombone Solo: "The Gypsy's Warning" Hardmann Soloist—Sgt. L. Barnes
- 4.—Modern Transcription:—"Deep River" Chennette
- 5.—Fantasia:—"The Desert Song" Romberg

HIS DAD'S MEDAL

As solemn-faced as if he knew what it was all about, 7-month-old Patrick Michael Ryan poses with his mother, Mrs. Jo Ann Ryan, after receiving, on behalf of his father, the Distinguished Service Cross with Oak Leaf Cluster at Ft. Richardson, Alaska. Boys' dad, Lt. John C. Ryan, is listed "missing in action" since 1943 raid of 9th USAAF on Ploesti oil fields.

Westmount Library Is Cool Spot To Do Extra Reading In Summer

Summer time is the season for leisure and relaxation and reading is one of the things most people enjoy. The following announcement has been received by the Librarian of the Westmount Public Library which will be of interest to our readers:—

"The Westmount Public Library invites the residents of Westmount to use the library during the summer months. We rather like the slogan adopted by some British and American libraries—'Gasoline may be rationed; reading is not. Use your public library.'

During July and August, the library is at your service for five days a week—Monday to Friday—adults from 10 a.m. to 9.30 p.m., and children from 2-6. The building is closed all day Saturday.

To those who are spending the summer in the city, we suggest that, with the cessation of some of the activities of the winter, you may have time for extra reading. The library reading rooms are usually cool and airy—we think you will find them quiet and pleasant for reading and study. The library subscribes to about one hundred periodicals and newspapers, and the stock of forty-five thousand volumes is available for home or library use.

For those who go to the country during the summer, we have special privileges. Each member may borrow five books on his or her card, and keep them for a period longer than the usual loan. Full information about this may be obtained at the library loan desk. Certain classes of books must obviously be ex-

cluded—all new books, both fiction and non-fiction—all titles that are in demand—all detective stories. We suggest that the selection of your summer reading requires time—it is better to browse through the library shelves at your leisure until you find what you want, than to get to the country and decide you don't like your hastily-chosen titles.

Last summer the Library issued 2,300 books on long vacation loans. We think you will be interested in some of the titles. Hitler's "MEIN KAMPF," T. E. Lawrence's "SEVEN PILLARS OF WISDOM," and Carl Sandberg's "LINCOLN," were asked for—along with plays by Bernard Shaw. Many volumes of music were taken out—Handel's MESSIAH, and compositions by Grainger, Wagner, Beethoven. The demand for the Russian authors continued unabated, summer and winter—"WAR AND PEACE," "ANNA KARENINA," "THE BROTHERS KARAMAZOV." Other borrowed books on child psychology, on cooking, rock gardens, ship models, algebra, and art appreciation. Etiquette was not forgotten—and Shakespeare, Milton, and Jane Austen all had their readers.

The Children's Library also makes summer loans—but here, only three books may be borrowed by each child. We have made this change reluctantly—but the difficulty of getting replacements of children's books in wartime, makes this essential. We do feel, however, that our stock is sufficient when used under these conditions to supply any reasonable demands."

Municipal Association Issues More Names For Honor Roll

The Honor Roll of Westmount citizens serving in the armed forces will soon be completed and erected by the Westmount Municipal Association at the entrance to Victoria Hall.

Anyone wishing to add to this list will please send details to Reverend H. S. Laws, Secretary of Westmount Municipal Association, Victoria Hall.

Q.—Is there a City Yard?—Where is it?—What is its function?—What is to be found there?

A.—The Corporation Yard is located at Bethune Street, which is a street running South off St. Catherine Street between Glen Road and Blenheim Place.

Its function is varied, and the real answer lies in what is to be found there.

The yard contains the offices of the timekeepers and the yard and road superintendents, municipal stores and workshops such as blacksmiths', welders', plumbers', painters', and carpenter shop, garage stables, harness room, cement and sand sheds, cinder crushing shed, cart shed, workrooms and storage for the electric light distribution system, lumber loft, metal storage, incinerator building, employees' mess rooms, lockers, and even a clothes drying room for scavengers.

Entrance into the yard is made by passing between the yard offices and the stores office.

The stores department is very complete, and in itself is similar to a large hardware warehouse. It keeps track of no less than 450 pieces of equipment such as automobiles, trucks, tractors, carts, snow ploughs, sleighs, horses, portable shacks, gasoline pumps and tanks, steam and gasoline rollers, paint spraying and marking machines; also of 780 different types of tools, many of which such as picks, shovels, brooms and hammers run into the hundreds. In the store itself will be found, at varying seasons of the year, 1,500 to 2,000 different items of hardware. These range from anvils to yokes for carrying pails.

The plumber looks after the heating and water systems in the public buildings, as well as doing nearly all the work where pipe-fitting is required, such as traffic signs, fences and hand rails. The principal work done in the paint shop is the painting of all motor vehicles, carts, sleighs, scoops and other equipment.

The carpenter shop is comprehensive equipped with a large variety of tools and wood-working machinery, capable of handling all types and classes of work from making, surveyors

pickets, cabinets, cart wheels, to building construction and intricate form work for construction jobs like the Lookout and Power House. Models of buildings and proposed improvements have been included in the multiplicity of jobs required from the workers in this shop.

The garage is a complete automotive repair shop and service station, capable of maintaining and repairing any type of motor vehicle, exclusive of body repair work on automobiles. It also develops equipment and experimental apparatus designed by the engineers. An example of this is the sand spreading attachment used on trucks for roughing roads in the winter time.

In the lumber loft will be found 45 different kinds and grades of lumber, including spruce, B.C. fir, pine, maple, birch, oak, hickory, elm, and occasionally such woods as walnut, mahogany and cypress.

The metal storage racks contain over 50 varieties of steels, including various shaped bars, plates, channels and angles.

In the electric light distributing workshops and storage will be found all the necessary apparatus, tools, equipment and appliances for the maintenance and repair of the electric light distribution system.

The fertilizer, leaf mold and earth stock piles are for the use of the Parks Department. Com-

The Boys Compare Westmount Park To The West

The following letter from James Tedlie was recently published in the R.M.R. journal "Intercom":—

"I returned last evening from a fortnight's course on Tank Gunnery and amidst a supply of accumulated mail was a very welcome letter from Colonel Brewer telling of the good news about the formation of an R.M.R. news-sheet. The announcement was greeted with much interest by the lads of the R.M.R.

First of all we must give a word of praise to this unit which greeted us with open arms and has done everything possible to make things as pleasant as possible under existing circumstances. The boys from the West are fine types and already firm friendships have been established. But be that as it may you need have no fear that the lads will ever forget the old regiment and insofar as a grand exodus to the West is concerned after the war I think the words of one of the Troopers gives the answer to the whole question when he stated that he wouldn't trade five square yards of Westmount Park for the whole of the Rocky Mountains.

We have been living in the great outdoors for some time past and with the weather nothing less than perfect, a good many of the boys are already sporting a healthy coat of tan. When it comes to outdoor living—the tank racket has it all over Recce. With a little spot of ingenuity the tank tarpaulin can rapidly be converted into a comfortable apartment

posts are mixed, soil sifted and mixtures shredded for different purposes. A soil sterilizer would have been installed but for the outbreak of the war.

An idea of the work that might be done in a particular shop which may seem unimportant, is the welding shop where approximately 350 welding jobs are done annually with portable welding equipment.

The stables accommodate about 20 horses; these are all heavy draft animals, used for scavenging and slow transport.

Men and Women Supervisors For City Playgrounds

Playground supervisors are now in attendance at all the playgrounds except Prince Albert, it was announced by E. J. Anderson, Superintendent of Parks this week. A lady supervisor will take on the duties of supervisor on the Prince Albert playground in two weeks time.

Mrs. Brennan is back on the Staynor playground looking after the girls while Bruce Small, well known to the local youngsters, will be in charge of the boys at Staynor. Mr. Small is a former teacher at the Westmount Junior High School and will replace Andy McGills in this position.

A new lady supervisor is in charge of Westmount Park, Miss McCammon. As noted before, all these supervisors are now on duty and will look after the needs of the children from now till next September.

Summer schools will be organized on all the playgrounds with handicrafts, sports, picnics, swimming, trips of interest and other interesting events planned for the summer's activities. Children wishing to avail themselves of these opportunities are asked to contact the supervisor at the playground nearest their home. At the present time the supervisors are only on part time duty, with the lady supervisors in attendance in the afternoons from 4.00 p.m. till 6.00 p.m. and the male supervisor from 6.30 p.m. till dark.

1st Company Boys' Brigade To Hold Annual Inspection

With prospects of several King's Badges, the 1st Company's inspection and Display has been advanced to the 16th instant, on which occasion it is hoped a very special ceremony will mark their presentation. This is the highest award a Boys' Brigade lad may attain and the requirements are exceedingly difficult. The Company is proud of the record made this session by their various teams and more particularly the very efficient way the N.C.O.'s have carried on their duties. There has never been a time in the past when young leadership was so keen as at the present time and Captain Richardson has arranged a special leadership training course to be conducted at Camp. It is hoped that all newly-appointed N.C.O.'s will be able to attend as new promotions this session will be on approbation only, their confirmation to be made in the fall following a test to be given by the Captain. In this way the boys will be thoroughly prepared for the responsibilities which lie ahead of them.

The Company paraded to Garden City Baptist Church on Sunday, the occasion being their annual visit to this church, and was more than appreciated by the boys, who have a very warm regard for the Rev. N. F. Swackhammer. The occasion also marked the formation of their new Life Boy Team as well as the Mount Royal Section of the 1st Company which will operate jointly with the Westmount Company, under the supervision of Capt. J. H. Richardson and Sgt. Bob Eastwood. When it has sufficient strength to warrant a charter it will operate independently.

Camp has become the highlight of the Company's activities and

CURIOSITY

Very idle is all curiosity concerning other peoples' estimate of us, and idle is all fear of remaining unknown. If a man know that he can do anything—that he can do it better than any one else—he has a pledge of the acknowledgment of that fact by all persons. The world is full of judgment days, and into every assembly that a man enters, in every action he attempts, he is gauged and stamped.

New York.—Stocks of slab zinc in the United States increased 20,645 tons during January to a new record supply of 194,311 tons, the American Zinc Institute reported.

each week there are additional names coming in, definitely registering to attend this year's period which shall run from the 8th to 22nd of July at their rendezvous in St. Andrews East. It is expected that the Captain of the 1st Hamilton Company shall attend for at least one week with one or two boys from his Company as a special exchange feature. It is hoped that in return two boys of the 1st Westmount shall take in a period with the 1st Hamilton.

The company's mascot, Gerald Smith, has become extremely popular since his first public appearance last Friday at the special display given by the Presbyterian Sunday School Association. He has been undergoing training for some little time and will play quite a prominent part at the Inspection and Display.

(Continued from Page 1)

for these boys to go after darkness falls. It will be open six nights a week from 7 to 11 p.m. and will be in charge of two men, both experienced in boys work with the Boy Scouts and with the Griffintown Boys Club.

The whole project has been planned in consultation with the Parks and Playgrounds Department of the City of Westmount.

Any boy aged 9 to 18, regardless of color, race, creed or class may join. The fee is ten cents a month.

The immediate program for the summer is to operate a library, provide ping-pong, darts, checkers and other games, and to organize boxing, basket-ball and a soft ball league in conjunction with present activities at Staynor Park nearby. Shower baths will be provided and it is hoped that from time to time movies will be shown, when the boys may bring their girl friends.

In the near future it is also hoped to develop handicraft projects and eventually to establish a permanent club house, operated by the boys themselves under supervision.

The Club is appealing to its members and to public-spirited citizens for games of all kinds, particularly sporting equipment such as ping-pong tables. Anyone wishing to assist the Club should telephone W. G. Moxley, P.L. 8551, Chairman of the Boys Work Committee.

The Club will be called the Unity Boys Club.

Victory Concert To Help Seamen

Pupils of Irene Nichols will present their annual concert in the Westmount Junior High School Academy road on Wednesday, June 14th at seven fifteen.

The children who are taking part and selling the tickets for this concert will be entirely from the elementary schools and the proceeds will be given to the Sailors Institute in appreciation of the work being done by our merchant seamen.

Michael Gampell will act as Master of Ceremonies and the programme will begin with a two-piano number by Liane Norckett and Barbara Jones. The five and six year olds will be included in the Marionettes introduced by Mary Jean Morgan.

David Gould and Esther Pierce will be followed by the Victory Pageant.

James Watt, inventor of the steam engine, was wont to say, "The world has heard of my success, but few have heard of the many failures I had before success came to me."

R.M.R.

(Continued from Page 1)

Regiment, may I say how delighted I am to know that a Regimental paper is to be issued. Regimental journals are a great factor in keeping alive the tradition and esprit de corps of a Regiment and in maintaining a spirit of comradeship in its members by keeping the individuals in contact, with its various activities and with each other.

The spirit of the R.M.R. is especially well worth preserving as it has stood recently perhaps the hardest test of all.

May I wish R.M.R. Intercom a long and successful life in its service to our great Regiment.

Colonel Brewer and you all are to be greatly congratulated on this happy thought which I am sure will be a very great asset in the life of the Regiment."

RICHES IN RICE

CANADIANS are being continually reminded of the dangers that result when uncontrolled inflation sets in. Even with a record for maintaining economic stability which has not been equalled by any other nation in the world during this war, all are aware of a drastic change in values since 1939.

But the challenge of inflation has been met by the foresight of economic experts who knew the inevitable consequences of abnormal conditions produced by war. In an attempt to forestall the inevitable they prescribed controls more drastic than had ever been attempted in any country. Some of the most competent economic experts doubted the success of the experiment. And it is true that the rigid character of the control system had to be relaxed in many respects, but for all that the broad result has been the envy of all other nations.

Canadians can appreciate more fully these benefits—entirely the result of the co-operation of the great majority of our people in accepting the control system—when they read of the latest inflation story that has come out of China. We have frequently heard reports of the fantastic prices such as \$12,000 (Chinese) for a suit of clothes. The latest report is that in Honan Province school teachers are being paid in rice instead of money. Money is almost worthless, so an official decree has provided that the teachers receive 3,850 to 4,400 pounds of rice each semester. Even in China inflation has made rice a scarce and valuable commodity. What the teachers do not need for personal use they sell or exchange for other needs. . . .

This practice has been such a success that writers in various parts of China are asking that they also be paid in rice. The rate sought is eleven pounds, or one Chinese tou, per thousand words. A tou of rice is worth about \$140 (Chinese).

Let us remember that while we are winning the battle with inflation in Canada, there is yet a long way to go. When the temptation to evade the controls, to spend carelessly rather than save, to patronize the black market rather than do without, is before us, Canadians might ponder what it would be like to be paid off in bushels of wheat for a week's work.

JOHN BRACKEN And His Twenty Years IN MANITOBA

By TRACY S. LUDINGTON

(This is the first of a series of eight articles intended to acquaint Canadians with the work of John Bracken, leader of the Progressive Conservative Party, during his twenty years as Premier of the Province of Manitoba.)

1.—THE GREAT CONCILIATOR
To Abraham Lincoln went the title "the Great Emancipator" but even at this early date it is evident that John Bracken may go down in Canadian history as "the Great Conciliator."

Bracken, it is said, is the most continuously successful political figure that the British Empire has produced in a century. This tribute is paid to his 20 years as Premier of Manitoba, two decades without a defeat. This record was only possible, investigation reveals, by virtue of his ability to conciliate what at times appeared to be impossible differences.

Throughout the entire record of John Bracken, one that includes safe political passage through countless session storms, and a successful weathering of the greatest economic depression in the world's history, this ability to conciliate has always come to his aid.

Persuaded to become the leader of the United Farmers of Manitoba at a time when that group had 26 members in a house of 52, Bracken kept his ship of state afloat through conciliation—a conciliation that found the opposition, more often than not, agreeing, after debate, to the Bracken group plans.

Contrary to what might be expected of a man who is a conciliator, John Bracken is not one to alter a firm stand when he has taken it, nor is he one to becloud with words, his statements on any given question.

In fact, men who were closest to him in his 20 years in Manitoba will tell you: "John Bracken never used two words where one would do."

The story of John Bracken, up to the time he was invited to head the Manitoba government, has been told and retold, and is being repeated throughout the country by the proponents of his party at the present time. Here, his successful 20 years as Manitoba's premier, are recounted.

As Aristotle said—to begin we must begin at the beginning.

THE LEGEND BEGINS

It was an agriculturally wise, but politically uninitiated, John Bracken who borrowed a Model T Ford from a neighbor to drive from his Manitoba farm to the city of Winnipeg in answer to the appeal of the United Farmers.

Finally persuaded to head that body, he told them: "I will head your party on one condition. You will have to stick with me when I am right and when I am wrong—and I will be wrong more often than I will be right, because I don't know anything about politics."

As a matter of fact it was this lack of any knowledge of politics that endeared John Bracken to the farmers of Manitoba, and heaped ridicule on his head in the first days of his administration. Said the people of Manitoba when the United Farmers took office: "This government won't last six months." As time wore on, however, even those in the cities began to accept the Bracken dynasty as a permanent thing. He stayed in power for 20 years, and, as the people of Manitoba will tell you today, he could have been there yet, for when he resigned, his government had no opposition whatever in the House. Bracken had swallowed it all.

Bracken asked for the support of his party followers and he received it, in full measure and to overflowing. As one western newspaper has said editorially, "no leader in public life ever enjoyed more unswerving loyalty on the part of his followers."

For the first few years the farmers stuck behind him, while the urban areas were uncompromisingly against him. Bracken had run in Le Pas, where there were but 450 electors, and when first standing for re-election, did so in the same constituency its population double in four years. When the ballots were counted, it was discovered that the Bracken popularity, and the Bracken majority, had also doubled.

Then came the wheat difficulties. The farmers had millions of bushels of wheat in the elevators and the banks had loaned them millions of dollars against it. The wheat market was in bad shape. Prices were low. The banks wanted their money and threatened to dump the wheat on the market. This would have sent prices cascading down and would have brought ruin to a great many of the farmers of Manitoba. They appeared to their leader—John Bracken.

Capt. S. Stanger Speaks Here At Rotary Lunch

Capt. Stanley Stanger, D.F.C., M.C., was the speaker at the Westmount Rotary Luncheon meeting on Wednesday, and the subject of his address was "Government In Business."

Capt. Stanger, who is a brother of Bob Stanger, member of the local club here, was introduced by E. A. Everson and was thanked by F. C. Whittaker. Chester McBride, president, was in the chair.

Announcement was made that the Fellowship Outing of the Club, would be held at Islesmere Golf Club, on Monday June 20th, in the form of a Golf Day and Dinner. Members will tee off at 2.30 p.m., and dinner will be served at 7.30 p.m.

Reference was made on plans for the forthcoming carnival of the Club, which is to be held in Westmount Park, from June 21st to 24th, and a request was made for equipment, especially card tables and games for the boys' club that has just recently been organized in the Westmount district.

Immediate needs are for the following equipment:—

2 ping-pong tables, 3 basket balls, 1 volley ball, 1 badminton net and posts second-hand badminton rackets and birds, also checkers, dominos, monopoly, shuffle board—in fact, any game.

If anyone has such equipment which they wish to donate, they should telephone W. G. Moxley, P.L. 8851, Chairman of the Boys' Work Committee; he will arrange for the equipment to be picked up.

"All jokes aside," remarks the St. Thomas Times-Journal, "the world is going to look pretty funny when the ladies again start wearing skirts which drag on the ground." And the Owen Sound Sun-Times wants to know when that will be—if ever. We know—just the minute cloth gets plentiful and someone sets a new fashion.—Kingston Whig-Standard.

MR. LYALL REPLIES

To the Editor
of the Examiner
Sir:—

In your issue of last week your correspondent, Curiosity, asks of what avail any experience I acquired in the Armed Forces would be to me were I elected to the Quebec Assembly.

Service training, as well as Service experience, which accustoms one to discipline, vanity, selfishness and egoistic greed and to subordinate all personal desires towards a successful conclusion of a common cause, Victory, is one of the benefits that I gained from serving in the Armed Forces of this War.

I look forward, when elected, to bring that service, gained ability into serving the common cause again, in this case, the interests of the Electors of Westmount, St. George. As to being interested solely in War Measures at Quebec, just what other measures at a time of War would appear more vital in the opinion of Curiosity?

Wars are not fought and won for the interest or gain of the Armies engaged but for the ultimate benefit of the people at home whom those Armies so proudly and gallantly represent. In turn the Army is helpless without the productive efforts of those who at home provide the munitions, food and the thousand and one necessities that an Army requires. That is why, having served, I am tempted when passing a war plant to enter and thank personally each worker and executive who, working together, give our gallant and proud representatives, our Service Men and Women, the material necessary to carry on. To those who carry on in the ordinary way I feel like patting on the back and saying, "Well done, Soldier".

War measures, certainly, but protecting the interests of all workers and executives, all citizens of this Province as a whole, is in my very sincere opinion a necessary War measure.

And, therefore, Curiosity, I am proud to be called a Veteran of this War, and to have the honor to be the Servicemen's Candidate for Westmount-St. George in the coming Provincial Election.

Relative Ease And Comfort Of Urban Living

To give up city life and move to the country is a perfectly attainable dream. However, in doing so one usually abandons the security of a regular income, the relative ease of urban living, the excitement of almost constant contact with people in the mass . . .

The significant differences between city and country living lie more in the individual, his knowledge, mental attitudes, and bodily dexterities, than in the physical environments. . . . These differences may be broadly summarized under two headings: a different concept of money; doing for oneself.

Most city dwellers look upon their community as a huge money reservoir which each week yields so many dollars to its inhabitants in salaries, wages, and profits. Practically every necessity, convenience, and luxury of living must be purchased with their share of these dollars . . .

In contrast, the country dweller tends to be preoccupied with non-monetary considerations. He carefully cultivates his garden and tends his stock in order to eat more plentifully. He labors to thin out his wood lot in order to provide fuel for the coming year and to assure a permanent future supply. He builds a chicken house or a fence, using his own labor and home-produced materials as far as possible. He produces, repairs, maintains, beautifies with the skill of his hands and the sweat of his brow.—From "How to Live in the Country Without Farming," by Milton Wend. (New York: Doubleday, Doran.)

Lord, work as Thou wilt, only give Thy servants the believing heart, that they may know that Thou doest all things well.

would find it difficult to distinguish him from any of the old timers.

Most of the R.M.R.'s here have been sent on tank maintenance and gunnery courses and the high marks obtained by them are good proof of the high standard of training received previously.

As far as leave is concerned we all feel that our new units have been exceedingly decent because they have gone out of their way to see that every man gets his leave regardless of any other considerations." Signed: James Tedlie.

The Church Calls to Worship

Westmount Baptist

Thanksgiving and intercession service will be held in Westmount Baptist Church morning and evening on Sunday. At the morning service prayer will be offered by the entire congregation in unison. In addition to this, officers and members of the church will assist the Minister by leading the congregation in intercession.

The church is open daily for private prayer, the parlor having been transformed into a prayer chapel for this purpose. Passers-by, together with all who have boys or friends in the Services, are invited to enter this quiet place to wait upon God.

While the evening service will also be dedicated to intercession, the minister will continue his series entitled: "Famous Romances of the Bible." For this week the theme will be: "The Kinsman Bridegroom and the Alien Bride." Specially chosen hymns will feature all services.

On Monday, June 19th, Dr. H. H. Bingham, who has just returned from a visit to our Canadian forces in England, will address a mass meeting in Westmount Church. Dr. Bingham came into very intimate contact with our Canadian leaders, our Chaplains and our men overseas as they were preparing for the

Children's Day will be celebrated in Calvary United Church on Sunday morning with a special session of the Church School for the presentation of diplomas and records of attendance at 10.30 a.m. and processional of all classes together with the C.G.I.T.; the Boy Scouts and the Cubs into the Church for a special floral and pageant service at 11 o'clock. Officers and members of the Church School will participate with the minister in conducting this service and in building a floral cross as part of the missionary pageant on the theme "Go and Tell."

The annual children's service in Calvary has always been one of the most inspiring services of the year and this one will doubtless keep the standard high both in the beauty of the arrangements and in the inspirational values of the service of worship itself.

The church school annual picnic will be held on this coming Saturday, to Belmont Park, with special cars leaving the corner of Greene Avenue and St. Catherine St. at 1.10 p.m. All members of the school and all others desiring to travel with the school should be at the church by one o'clock sharp.

An important meeting of the church will be held on Tuesday, June 13th, at 7.30 p.m., when details regarding summer work in the church will be discussed.

On Wednesday, June 14th, at 2.30 p.m., the summer meeting of the Women's Missionary Society will take the form of a garden party at the home of Mrs. A. S. Killer, 318 Cote St. Antoine Rd., Westmount.

Next Thursday, at 8.15 p.m. a strawberry social and musical evening will be held in the Calvary Church hall, under the auspices of the Women's Association.

Mr. and Mrs. Hugh Crombie entertained at a garden party on Tuesday afternoon at their residence, 759 Upper Lansdowne avenue, in honor of Mr. Crombie's parents, Mr. and Mrs. David Crombie on their golden wedding anniversary.

Among those present were Mrs. Sydney Pierce, and Mrs. J. A. Wales, daughters; Mr. James G. Crombie, of Port Arthur, Ont., and Lt. John Crombie, Canadian Active Army, sons, Dr. David W. Crombie, of London, Ont., a nephew; Mrs. J. A. Gillies, of London, Ont., and Mrs. C. Turnbull, of Detroit, nieces; and Mr. Sydney Pierce, of Ottawa, son-in-law, and several grandchildren. Capt. George Crombie, Canadian Active Army, at present on duty on the Pacific Coast, was unable to attend.

Mrs. F. W. Cowie, Mrs. Sydney Pierce, Mrs. J. A. Wales and Mrs. R. M. Brophy were in charge of the tea table.

INTERNATIONAL WEDDING

The Church of the Ascension of Our Lord was the scene of the wedding on Saturday morning at eleven o'clock of the former Miss Brenda Eileen Reynolds, eldest daughter of Mr. and Mrs. Leo O. Reynolds and Maj. Jan Van Tyken Wilking, U.S. Army Air Forces, of Asheville, N.C., son of Mr. and Mrs. Leo F. J. Wilking, of Casper, Wyoming, U.S.A. The Rev. Father David W. Twomey, S.J., of Worcester, Mass., cousin of the bride, officiated.

Shabby Blinds Made Fresh With Paint

Shabby window blinds can be renewed by painting, according to Consumer experts. The shade should be put on a table which is well-covered with old newspapers. This precaution is important for sometimes the paint goes through the shade to the table. As much dirt and dust as possible should be wiped off. Any good quality paint, thinned with turpentine, should be applied with a brush, preferably brushing it crosswise. Before rolling the shade up, make certain that the paint is thoroughly dry.

Window shades, made of good quality cloth can be cleaned with soap and water, using a soft-bristled brush. Remove all traces of water with a sponge. As in the painting process, make certain that the shade is dry before re-rolling it.

Everyday care of shades actually requires only a lick and a promise; a dusting with a dry, clean cloth from time to time.

Pull shades up and down by the pulldown and not by the bottom of the shade. Cracks and tears

TOUCH UP OLD SHOES TO LOOK LIKE NEW

How about salvaging one of those old pairs of shoes you have? You probably can find some wearable ones among the discards.

For example, a pair of beige snakeskin sandals that had outworn their attractiveness were dyed a toasty brown color. Ordinary dark brown suede cleaner already on hand was used. The shoes wore over a year, even going through rainy weather with only the protective coat of neutral shoe cream.

It is best to try the dye on an inconspicuous spot before launching into dyeing the whole shoe. Some dyes and leathers will not react to each other, as the novice experimenting at home can thus learn. An attempt was made to dye white shoes red, for instance. Experimenting inside an ornamental bow brought out a shocking pink color and the dyeing was called off.

When in doubt consult a reputable shoe man about dyeing. He can usually tell you what results to expect. If you don't want to tackle the shoe job yourself, have him do it. One shoe man recently did a beautiful job of dyeing a pair of luggage tan shoes a dark brown.

Often just a new inner sole put in by a shoe man will make a shoe feel more comfortable. Many wartime shoes have a paper layer under the top inner sole which wrinkles badly with wear. A cobbler is able to smooth out the wrinkles or put in a leather layer.

Nothing makes shoes take on a well-worn look so quickly as run-down soles on the tips of shoes. Tiny metal toe tips will preserve the leather and attractiveness of the shoe.

can be avoided. They are often caused by shades flapping at open windows.

The only difference between a man and a woman backing a car out of a garage is a little paint.

A COOKING CATECHISM FOR THE JUNE BRIDE

When the wedding bells stop ringing, the dinner bell starts. It's a wise June bride who knows the basic facts about food. Here is a little series of questions and answers that will make her kitchen hours smoother.

Q. Is it necessary to soak kidneys in salt water before they are cooked?

A. No, just wash them thoroughly before removing the membrane.

Q. Should the skin be removed from liver before it is cooked?

A. Removing the skin from liver, particularly beef liver, makes it a little more tender and prevents sliced liver from curling.

Q. Should liver be washed before it is cooked?

A. No. Washing sliced liver will cause a loss of the water-

soluble minerals and vitamins.

Q. Is it necessary to cut the edges of a ham slice, before it is broiled, to keep the edges from curling?

A. No. If the ham slice is cooked at a low temperature, the edges will not curl.

Q. When using lard in recipes which call for other fats, do any changes in the amount of fat specified need to be made?

A. Since lard has greater shortening power, it is possible to reduce the amount of fat approxi-

mately one-fourth when lard is used.

Q. Can lard be used for deep fat frying?

A. Yes. No food needs to be fried at a temperature above 375 degrees and most foods may be fried at even a lower temperature—around 350 degrees. Lards on the market today may safely be heated to 375 degrees.

A man who has no office to go to—I don't care who he is—is a trial of which you can have no conception.—Bernard Shaw.

THE SENSATIONAL STORY OF HISTORY'S MOST VICIOUS KILLER!

MERLE OBERON
GEORGE SANDERS
LAIRD CREGAR
THE LODGER

At York Theatre

The stars are all here!
The gals are all here!
The songs are all here!
The laughs are all here!

Where? Why, in "The Gang's All Here," the brilliant new Technicolor musical triumph which 20th Century-Fox brought to the screen of the York United Theatre where it will be showing until Friday night.

Noted for its sensational musical entertainments, 20th Century-Fox has put everything in this new romance-song-comedy fiesta, and the result is a hit that future screen musicals will be measured by.

Starred in the production are Alice Faye, Carmen Miranda, radio's man with the \$64 question, Phil Baker, and the King of Swing, Benny Goodman, and his famous orchestra. Backing up this brilliant galaxy are many of the screen's most popular favorites, including Eugene Pallette, Charlotte Greenwood, Edward Everett Horton, Tony De Marco, James Ellison, Sheila Ryan and Dave Willock. The story has been ingeniously fashioned to provide each and every one of these players opportunities to appear at his peak.

Alice Faye, singer in the famous Club New Yorker, meets James Ellison, a soldier spending his last night of leave. Pretending he has no friends in New York, Ellison wins Alice's sympathy and they "do the town," with Alice promising to meet him at the station the next day to say "good-bye."

Ellison's wealthy father, Eugene Pallette, and Edward Everett Horton and Charlotte Greenwood, parents of Ellison's fiancée, Sheila Ryan, throw a big farewell party for him, but he breaks away to meet Alice.

Shipped overseas, Ellison contrives to keep both girls interested. When news comes that he is returning home, his father determines to give him a royal welcome, and hires the entire Club New Yorker cast, including Carmen Miranda and Phil Baker, to put on a show at which admission will be by War Bond purchase only. Rehearsing for the show, Alice and Sheila, each unaware that the other is in love with Ellison, become fast friends.

Ellison's return brings everything to a climax—a climax that is at once hilarious, tuneful, romantic and eye-filling. All ends well, but only after a series of riotous incidents, spectacular musical numbers, and a special Phil Baker "Take-It-Or-Leave-It" program.

Alice Faye has never been love-

lier. Carmen Miranda has the best role of her career. Phil Baker brings the same suave humor to the screen that has made his air show so popular, while Benny Goodman plays several numbers in his own inimitable style.

Leo Robin and Harry Warren have studied the story with seven bright new song hits, destined to

be among the nation's "most popular" during coming months.

"The Gang's All Here" was directed by Busby Berkeley, who also created the dances, and produced by William Le Baron, famed for his many screen musical triumphs. The film was brought to the screen from a screen play by Walter Bullock, based on a story

by Nancy Wintner, George Root, Jr. and Tom Bridges.

Allen and Earl Sherlock, pilot twins in the RCAF, have set a great record, both winning the D.F.C. In time the boys may live side by side in Toronto, and then tourists can be taken to see our Sherlock homes.

AT WESTMOUNT THEATRE

One of the most important and significant productions ever to be filmed in Hollywood is now showing at the Westmount United Theatre. This outstanding film unites the team of Greer Garson and Walter Pidgeon for the third time in the historic and fascinating story of the discovery of radium in Metro-Goldwyn-Mayer's "Madame Curie."

The film, based on Eve Curie's best-selling biography of her famous mother, begins with Marie's student days at Paris and tells of her courtship and subsequent marriage to the brilliant young physicist, Pierre Curie. While working in Pierre's laboratory a fellow scientist shows them a remarkable phenomenon which cannot be explained. The mysterious substance fascinates Marie and she determines to isolate it. Soon Pierre realizes the magnitude of her work and joins her. The University refuses them aid but the Curies are not to be deterred. Working against the elements, sickness and despair, they persist in their endeavours. Their labors finally are rewarded with the discovery of a new element—radium, the great healer which they make

available to mankind at no profit to themselves. But just when their happiness is supreme a tragic street accident ends the life of Pierre Curie. Marie, heartbroken and grief-stricken, resolves to carry on alone. Greer Garson has never given a finer performance than in her portrayal of the greatest woman scientist of our times, and Walter Pidgeon does an excellent job of enacting the lovable, absent-minded professor. As Pierre's sympathetic parents Dame May Whitty and Henry Travers are human and understandable. Albert Basserman contributes an outstanding performance as the distinguished scientist who brings the Curies together and becomes Marie's bulwark in later years.

AT THE MONKLAND FRIDAY!

Jon Hall in a scene from the thrilling Technicolor production "Ali Baba and The Forty Thieves," which opens at the Monkland United Theatre on Friday playing until Monday night.

At Belmont Park

"Hurling into space at a tremendous speed, her body turns gracefully in the air, rapidly heading earthward to land in a swan dive in a net far from the cannon's mouth as spectator's hearts stop from the sheer excitement of seeing an impossible feat really accomplished." That's a description of the free outdoor act which is presented twice daily, at 5 and 11 p.m., at Belmont Park, and the individual who permits herself to be shot from the cannon's mouth is none other than "Miss Victory" the only living lady ever to essay this feat. This is the most death-defying act yet seen at the park. This is the second season that "Miss Victory" is performing this stunt . . . only essaying same after years of careful training by her father, the originator of the act and the first human being to be shot from a cannon. This act has been in the family for the past twenty-two years . . . injuries and the outbreak of the war compelling the male members of the family to enlist in the Armed Forces or work in essential war industries.

Picnics are being held today (Thursday) by the St. Anne's Academie (Swanton, Vermont) with the Ecole St. Jacques; the Chatelain Business College; the Ecole St. Paul de Viauville and the High School of Montreal holding their outings.

Available to mankind at no profit to themselves.

Dodgers Senior Softball Down No. 3 Training Camp and Ordnance

Art Mann's Dodgers downed two of their closest rivals in the senior section of the Westmount Municipal Softball League during the week when they took the No. 3 Training Command into camp, 8-7, and the Longue Pointe Ordnance Depot outfit, by a score of 8-2. This marked the third and fourth straight win for last year's champions.

Other teams to chalk up wins in the week's campaign were the No. 3 Training Command with an easy victory over No. 4 Ordnance 21-0, the M. T. Garage upset the Navy 9-6, the Navy came right back to beat the No. 12 Equipment Depot 15-5 and to complete the cycle, the No. 12 Equipment Depot shut out the M. T. Garage 12-0. The Provost Corps also turned in a pair of victories, their second and third straight wins without defeat, swamping the No. 11 A.I.D. 25-6 and getting credit for defaulted game with No. 4 Ordnance that will be played over at the end of the season if it affects the standing of the league.

The Dodgers signed up a former top notch hurler in Frank Forbes and his first two appearances on the mound indicate that he has lost very little of the smart pitching effectiveness that placed him on top of the softball heap about three years ago. Forbes made his first appearance last Wednesday night when he got credit for the Dodgers 8-7 win over the Command. Forbes hurled the first three frames, striking out five men, allowing but one hit. The Dodgers got to George Scully fairly early and built up an 8-1 lead before the airmen rallied in the fifth inning for five runs but the combined relief hurling of Syvie Munday and Doug Maher kept the opposition under control long enough to win out.

The Dodgers copped their

other win from Longue Pointe Ordnance in a tight game that was broken up in the sixth inning when the local nine staged a five run rally to win out 8-2. Tom Brennan and Dave Harvie were the big guns in the Dodgers' batting attack, Brennan crashed out a home-run and a double while Harvie contributed a triple and a single. Tom Hughes hit a homer for the army team.

Two smart twirling efforts were turned in during the week with George Scully limiting the No. 4 Ordnance outfit to a single hit in a game at the Barracks which the airmen won 21-0 while George Edwards set the M. T. Garage boys down with two bingles as the No. 12 Equipment Depot banged out a 12-0 decision.

The following games are scheduled for this week:

Monday, June 12.—Eq. Depot vs Navy; No. 11 A.I.D. vs LPOD; M. T. Garage vs No. 4 Ordnance at the Barracks.

Wednesday, June 14.—M. T. Garage vs No. 3 Command; Wireless vs Dodgers; Provost Corps vs LPOD.

Thursday, June 15.—Wireless vs Navy; No. 3 Command vs Eq. Depot.

The following is the standing of the teams:

GROUP "A"			
	W.	L.	Pts
Dodgers	4	0	8
Provost	3	0	6
Wireless	2	1	4
LPOD	1	3	2
No. 11 A.I.D.	0	4	0
GROUP "B"

Tennis Club Opens Activities

Although some of the courts were in use as early as May first, it was decided that the official opening of the Notre Dame de Grace Tennis Club would not be held until all six courts were in play and the weather was likely to be warm and bright. Opening day was set for June third. Despite somewhat threatening weather, a good crowd was on hand to officially start the season's activities.

The attractive club house and grounds presented a gala appearance with colorful new drapes, table cloths and floor coverings. The afternoon was given over to a very successful mixed doubles Round Robin tournament, under the guidance of the Tournament Committee composed of Stewart Bain, Eleanor Bain, Helen Yawish, H. Duthie, L. Hudon and E. Abrams.

In the evening, the opening dance was held for the members and their friends. Many Airforce and Army uniforms were in evidence.

The entertainment committee not to be out-done by the tournament group, provided an excellent program. The committee

consisting of Dorothy Fabin, Audrey Cassidy, Joan MacLean, Pauline Parent, Jack Ellison, Harry Perego, assisted by Bob and Ruth McQuattie, the new manager and hostess, did much to make the evening a success.

During the dance intermission prizes for tournament winners were presented by Mr. Frank Keith, Club President.

The first prize for ladies was won by Miss Margaret Summers and the gentlemen's prize was won by E. Abrams. Consolation prizes were awarded to Miss Suzanne Gougeon and S. Levitt.

The grounds committee under the chairmanship of Donald Gagan and the house committee headed by Miss Angela Keith have arranged, despite early season difficulties, to have the grounds and club house put in fine condition.

A Club League with weekly competition between groups has been formed and all members are looking forward to an active and enjoyable season.

If further information is required, please phone E. F. Keith, AT. 5732 (evenings) or MA. 4731, local 551.

CLAMPING DOWN

In the B.B.C. magazine, the Listener, an article is headed "New Ways with Swedes." However, in this instance the Swedes are turnips, which many light-lunchers class as enemy rather than neutral.

THEY'RE DEADLY

British leaflets dropped over Germany are flatteringly described by Old Doc Goebbels. "Soul poison," he calls them, well knowing how the Nazi soul curls up at a whiff of truth.

Worst of an erroneous statement by a partisan premier is that it is echoed and re-echoed by the parrot press.

Human Cannon Ball

Staynor Royals Take Monarchs Into Camp 18-10

Bob Lord's Staynor Royals, champions of the junior section in the Westmount Municipal Softball League last year, appear to be headed for another banner season. The Staynor club took Doug Alexander's Monarchs into camp, 18-10, in the first scheduled junior game of the season last Friday night at Westmount Park. The same two teams will meet there again to-night.

Last Friday's game was a slugfest with the winners taking an early lead only to see the Monarchs go ahead 9-6 but from then on the Staynor team took

over and scored four runs in each of the last three frames to win out easily.

Jack McKissock, Paul Carse and Basil Boxer led the winners at bat, with the first named pair banging out four hits apiece while Boxer added three more. Carse and Bob Lord banged out home-runs for the Staynor team.

Dave Harvie led the Monarchs at bat with three hits while Sam Kert, John Peirson and Donn Bussiere accounted for two each.

The league is still looking for a third team as the Claremont Barracks will not be fielding a team but no difficulty is expected along these lines and one will be added before the week is out.

Lord's Tornados Hand Dodgers 21-4 Shellacking

Richard Lord's Tornados are one game up in one of the semi-final series in the bantam section of the Westmount Municipal Softball League, the Tornados handed the Dodgers a 21-4 shellacking on Tuesday afternoon. This was the first game of a two out of three game series with the second tilt scheduled to be played yesterday afternoon and the third, if necessary, tomorrow morning.

The other semi-final series got underway on Wednesday with the Royals meeting the Eagles. The second game in this series is scheduled for this afternoon and if a third game is necessary, it will also be played to-morrow morning.

In the event both semi-final series are settled in two straight games, the winners will meet tomorrow morning in the first game of the final series, otherwise it will not be started until Monday afternoon.

The last few scheduled games in the section were close affairs and they had a great bearing on the final standing of the teams. The Dodgers created an upset when they downed the Bombers in the last game of the season, tying Bob Lunny's team for fourth place, the last playoff berth. In the playoff to decide the fourth place team, the Dodgers came through with an unexpected 13-11 win over the Bombers and won a playoff berth for themselves.

A great stretch drive by Brian Tiffin's Royals failed to take first place away from the Tornados, the league leaders defeated the Royals 19-18 after one extra inning of play to hold on to the top place in the final standing.

The final standing of the section is as follows:

	W.	L.	Pts
Tornados	9	1	18
Royals	7	3	14
Eagles	6	4	12
Dodgers	4	6	8
Bombers	4	6	8
Red Wings	0	10	0

Pee Wee Panthers Trim Cote's Aces In 13-7 Score

Ross Gillingham's Panthers captured the first playoff game in the pee wee section of the Westmount Municipal Softball League when they handed Andy Cote's Aces a 13-7 trimming on Monday afternoon in the first game of a two out of three series, the second game will be played at 9.30 tomorrow morning and in the event of the Aces winning this game, the third and deciding tilt will be staged immediately after.

The Panthers ended up first in the section schedule without losing a game and are meeting the fourth place Aces.

In the other semi-final playoff, the Giants meet the Beavers, the second and if necessary, third game of this series, will take place to-morrow morning also.

The winners of these two series will then meet in a two out of three game set-to to decide the championship. The first game of this series will probably be staged on Monday afternoon at Westmount Park.

In the final scheduled games of the section, the Aces beat the Vampires 3-8, and then handed the Beavers a 22-11 shellacking. The Giants beat the Vampires 16-4.

The Aces and Beavers ended

Westmount Ladies' Downs St. Hubert

The Westmount ladies softball team won their first scheduled game in the ladies section of the Westmount Municipal Softball League on Tuesday night when they downed the RCAF from St. Hubert, 20-15.

In other games played during the week the CWAC No. 11 Company defeated the St. Hubert team, 30-7; Longue Pointe Ordnance Depot beat the CWAC No. 11 Company, 17-4 and the RCAF from Lachine took one from the CWAC No. 33 Company by default.

Marg. Forrest starred at bat for the Westmount team in their game with St. Hubert, banging out five hits in as many times at bat, two of them going for home-runs. Gertrude Munro, Beverly Condon, Harriet Brown and

Mary VanTongeron accounted for three hits apiece.

The Westmount team will play Longue Pointe Ordnance Depot

at Westmount Park on Monday night and then will take on the St. Hubert team again on Tuesday night.
