

A winter wonderland weekend in Saint-Laurent!

A large turnout of Saint-Laurent families braved the cold and came out for the *Fin de semaine féérique*, which took place on February 6, 7 and 8.

On Friday, Parc Beudet was the venue for the Evening skating on the lighted path, and on Saturday, a tournament hosted by the Club de hockey mineur de Saint-Laurent, involving more than 100 pee wee players, took place at Parc Noël-Nord. Elsewhere, at Parc-nature du Bois-de-Liesse, a sculpting workshop was held for youngsters who were encouraged to let their imaginations run wild.

Last but not least, on Sunday, families from across the borough gathered in Parc Cousineau for the Féerie d'hiver under the theme "La guerre des tuques" (The dog who stopped the war), as a tribute to the movie classic. Some huddled in a tent to watch the film, while others enjoyed horse-drawn carriage rides. Bundled up tight, the children also had a great time on the inflatable structures and in the snow fort. It was a wonderful weekend for the young and the young-at-heart!

On February 7, a vernissage was held for the exhibition entitled *Anecdotes : Pour l'oeil, pour l'esprit et pour le mal de dent*, featuring the works of Pierre Henry. A painter and writer, Pierre Henry is also the president and founder of Impatients, a centre that was created to help people with mental health problems through artistic expression.

The exhibition will be on display until March 25, 2015, in the Centre d'exposition Lethbridge inside the Bibliothèque du Boisé, open on Tuesdays and Wednesdays from 1 to 6:30 p.m., Thursdays and Fridays from 1 to 8 p.m., and Saturdays and Sundays from 11 a.m. to 4 p.m.

Message from the Mayor

Dear fellow citizens of Saint-Laurent,

As your leaf through the following pages, you will come to appreciate that the winter season has provided some wonderful opportunities for Saint-Laurent families to enjoy their downtime. We need think only of the second edition of the **Fin de semaine féerique**. For three days, participants were able to partake in traditional winter activities including skating and hockey. The theme for the weekend, La guerre des tuques, had a rallying effect on the community, which is clearly seen in the middle pages.

And this is just a start, because March will begin with the **Spring School Break** program, featuring more activities than ever.

If you'd like to stay in shape, from March 1 onward you can register for the **5/30 Health and Wellness Challenge** at www.healthchallenge.ca for a chance to win many prizes. Also, five winners in Saint-Laurent will each receive a \$200 credit towards registration for sports and leisure activities of their choice.

Please make a careful note of the **registration dates for leisure activities and summer camps** on Page 5 so that you can make plans for the entire family throughout the warm summer months.

Of course, we mustn't forget the **Course Saint-Laurent** that's coming up on April 12. Year after year, this event continues to break registration records. There will be starts for every age group. Yet another wonderful family challenge!

In closing, I would like to ask you to pay close attention to the collection dates for HHW and green waste, proof that spring is just around the corner. We also invite you all to come out for the cleaning blitz in the **Parc Marcel-Laurin woodland** on April 24. It is thanks to the generosity of volunteers, including many corporate citizens, that we have this splendid natural space at our disposal. A big thank you to everyone!

Paperless meetings

Since February, Saint-Laurent Council has been holding its internal meetings without using paper. In fact, in addition to its public monthly meetings that have also been paperless for the past several years, the members of Council will from now on follow the agenda on an iPad or use the device to take notes during their preparatory meetings. Several tools have been made available to them, including the **iReunion application** that was developed by the Borough's Division des ressources informationnelles, enabling them to consult, annotate, and organize documents before and during each meeting.

Interesting to note, since last September, all department directors throughout the Borough have been using this type of tool for their bi-monthly meetings.

The iReunion project rollout unfolded in keeping with the objectives defined by the ISO 1400 standard, which is geared towards reducing the use of paper.

Accompanied by technicians from the Division des ressources informationnelles, we recognize the Borough Councillor for Norman-McLaren District, **Michèle D. Biron**, the Borough Councillor for Côte-de-Liesse District, **Maurice Cohen**, the City Councillor for Côte-de-Liesse District, **Francesco Miele**, the City Councillor for Norman-McLaren District, **Aref Salem**, the Mayor of Saint-Laurent, **Alan DeSousa**, the Head of the Division des communications avec les citoyens, and Assistant Borough Director, **Paul Lancôt**, the Borough Director, **Véronique Doucet**, and the Director of Services administratifs, **Isabelle Bastien**.
