The Royal Yacht Britannia Which Will Anchor Off Valleyfield, on June 26th

The Queen Will Be At Valleyfield

The Valleyfield Senior Chamber of Commerce received official word from Mr. Gérard Bruchési, Federal M.P. for Beauharnois Salaberry, that the Queen will tour the St. Francis Bay in Valleyfield on the evening of June 26th.

Mr. Bruchesi said, and we quote, "the Royal Yacht Britannia will anchor off the upper end of the new Beauharnois Canal at approximately 7.30 p.m. The Queen and the Royal party will board the Royal Barge, at approximately 8.30 and start a short tour in the St. Francis Bay, in the City of Valleyfield, weather permitting", end of quote.

After the tour in the bay the Queen will return to the Royal Yacht to spend the night at anchor, early next morning the Royal party will proceed up the Lake St. Francis and on to Cornwall.

A Valleyfield Royal Tour Committee has been formed to make preparations, and iron out the many problems, such as traffic, parking, decorations, etc. to accommodate as many people as possible on the shores of our beautiful bay to view this most spectacular event.

Residents Of Chateauguay Valley Can View Naval Display At Lower Beauharnois Lock

Her Majesty the Queen and President Eisenhower will sail past a combined fleet of sixteen Canadian and United States naval vessels on June 26 while on passage through Lake St. Louis on board the royal yacht Britannia.

The Queen and the President will embark in the Britannia at the approaches to St. Lambert Lock after formally opening the St. Lawrence Seaway on the morning of June 26. The President will remain on board until the Royal Yacht arrives at Lower Beauharnois Lock, 32 miles west of Montreal, late in the afternoon.

The naval ships will be anchored in single line along the north side of the seaway channel between Ile Perrot and Beauharnois, in Lake St. Louis. The line will be composed of alternating RCN and USN ships.

All units will be dressed overall with flags and each vessel will be manned to "cheer ship" as the Britannia passes down the line.

A co-ordinated 21-gun salute — with all saluting ships firing simultaneously — will be fired as Britannia approaches HMCS St. Croix, the first ship in line. The sail past, scheduled to start at four o'clock in the afternoon, will last approximately 20 minutes.

Canadian units participating are the destroyer escorts St. Croix, Athabaskan, Micmac, Cayuga, Crescent and Restigouche, and the frigates Fort Erie and Swansea, all units of the Royal Canadian Navy's Atlantic Fleet.

The USN ships are part of a task force from the U.S. Atlantic Fleet, which will operate in the Great Lakes during the summer. Participating in the naval review are the 17,200-ton heavy cruiser Macon, the destroyer leader Willis A. Lee and the destroyers Samuel B. Roberts, Charles H. Roan, Forrest Royal, Joseph P. Kennedy, Jr., Warrington and Charles R. Ware.

During the naval display in Lake St. Louis the Britannia will be escorted by the U.S. destroyer Dupont and the Canadian destroyer escort Kootenay. The Royal Yacht is scheduled to arrive at Lower Beauharnois Lock at 5 p.m.

Cattle Show At Ormstown One Of Best In Years

It can well be said that this year's cattle show at Ormstown Exhibition was one of the best seen there in several years, both as regards quality, fitting, showmanship and numbers.

With entries of 105 each in the individual classes the Ayrshire and Holstein sections had the largest number of cattle, while there were also 32 Jerseys, 53 Dual - Purpose Shorthorns, 23 Scotch (or Beef) Shorthorns; 39 Aberdeen-Angus and 20 Canadian Cattle. However, since the complete list of awards in each section will be given elsewhere, we will confine our comments here to the highlights of that show.

Ayrshires were judged by Clement Beauchemin, Vercheres, Que., with the leading exhibitors being J. Bruce Cairncross, Russel Logan & Son; A. E. McArthur & Son; J. Earle Ness & Sons; R. R. Ness & Sons, and G. A. Roy & Son, all of Howick.

J. Grant Wnyte, and Davies Bros., both of Huntingdon (the latter in partnership on a bull with R. R. Ness & Sons, and with two of the Davies' sons with calf entries).

Mrs. Lucille Davis, Fulford, Que., and J. W. MacGillivray & Sons, Brome, Que.

The Cherry Bank herd of A. E. McArthur made its reappearance at this show after a lapse of several years and annexed both the grand championships, likewise the Premier Breeder and Premier Exhibitor Awards. The grand champion male was Cherry Bank Certified, first prize bull 3 years and over, while the grand champion female was Cherry Bank Bonnie Buttercup 41st., first prize mature cow in milk and a former reserve grand champion at the Royal Winter Fair. Cherry Bank also won several other leading awards, including the reserve junior male championship and the junior female championship.

The reserve senior champion male was Elm Manor Peggy Pansy's Monarch, first prize 2 year old bull and a son of the veteran 13 year old Peggy Pansy 3rd, which won first in the dry cow, 5 years and over class. Both of them owned by J. Grant Whyte.

J. W. McGillivray & Sons won the junior and reserve grand male championship on Glencameron Supreme Hastyheart, first prize bull calf.

The reserve senior and reserve grand female championships went to R. R. Ness & Sons on Burnside Appreciation, second prize cow, 5 years and over, in milk, and Reserve All Canadian of her age class in 1958. R. R. Ness & Sons also won the reserve junior female championship on Burnside Nelani, second prize senior heifer calf. They also won first on Dairy Herd and Junior Get of Sire.

Quoting Geo. M. Clemons, Secretary - Manager, Holstein-Friesian Association of Canada, there was a very satisfactory Holstein show, with an emphasis on the quality of the bulls shown. Local exhibitors included W. K. McRae & Son, Howick; John Bustard, Riverfield; J. H. Murphy, and J. R. MacDonald & Sons, both of Huntingdon; Donald Hamilton, Athelstan. From outside the district were exhibits from Raymondale Farm, Vaudreuil, back after a lapse of a considerable number of years and now owned by College St. Laurent; Georges-Rolland Gladu, Sutton, Que., a regular exhibitor; R. Leslie Allen, Vankleek Hill, Ont.; Charles Naylor, Lancaster, Ont. The judge was Stan. Panneton, Three Rivers, Que., and president of the Holstein-Friesian Association of Canada.

The senior and grand male championship went to Gladu on the well-known Spring Farm Fond Tom, first prize aged bull. The reserves in both instances went to Charles Naylor, on Glenvue Royal Lancer, first prize 2 year old bull.

The junior male champion was the first prize calf Rosafe Supreme Inka Prince for Raymondale. The reserve was Gladale Fond Prince for Gladu.

The senior and grand female championships were won by Raymondale on Elmbank Sovereign Kay, first prize cow, over 5 years, in milk. In both instances the reserve went to Charles Naylor on Valins Keyring Lyons, first prize cow, over 5 years, dry. Charles Naylor also won the reserve junior female championship. The reserve junior female was Raeburn Sovereign Maud A., for W. K. McRae & Sons. The McRaes also won several other leading awards and, finally, the coveted Premier Breeder and Premier Exhibitor Awards.

As already noted there were only 32 Jersey entries in the individual classes, the exhibitors being W. T. McEwen & Sons, Ormstown, Que., and Pierre Veillon, Sweetsburg, Que. However, the exhibits from these two herds were of a very high order indeed. The judge was Prof. Alex R. Ness, Senneville, Que.

The Wendybrook herd of Pierre Veillon annexed the senior and grand male championships on Wendybrook Victor Duke; the junior, senior and grand female championships, the latter being Longview Basils Cicely.

However, the Honeyholm herd of the McEwens also annexed several of the leading awards, including first junior yearling bull and the reserve junior champion male; the reserve junior female championship; the reserve senior and reserve grand female championships on Honeyholm Beacon Lassie, first prize 3 to 4 year old in milk.

Local exhibitors in the Dual-Purpose Shorthorn section included Eric Smith, Howick, and H. Gordon Green & Sons, Ormstown. However, the bulk of the entries came frome the herds of C. N. Abbott, Varennes, Que., and Mrs. Peter Williamson, Ste. Anne de Bellevue. The Abbott herd won the junior, senior and grand male championships; the senior and grand female championships. The Eric Smith herd won the reserve senior and reserve grand male championships on Ridge Wild Cavalier 3rd.

Competition in the Scotch (or Beef) Shorthorn classes was between Angus Wilson, Cumberland, Ont., and Mrs. Alice Skinner, Bois de la Roche Farm, Senneville, Que., in the latter instance a former long time Ayrshire exhibitor, and with John Greenshields as manager of the Bois de la Roche herd.

The senior and grand male championships, as also the reserve junior male championships, the junior female and the senior and grand female championships all went to the Bois de la Roche herd.

Local exhibitors in the Aberdeen-Angus section, a very excellent show, included Peter Miller, Aubrey, Que., and Bruce and Mrs. McKellar, Dewittville, Que. Other exhibitors were Charles Graham, Isle Perrot, Que.; Chanbay Farm, Magog, Que.; S. L. Kerr, Vaudreuil, Que., L. T. Porter, St. Andrews East, Que.

While the competition from the outside herds was very keen indeed, the local entries gave them very keen competition. In addition to several other leading awards the Braemanor herd of the McKellars won the first on Bandolier of Braemanor in the senior yearling bull class.

The judge of the Dual-Purpose and Beef classes was Frank Wolff, Head of the Agricultural Department, C.P.R.

The prize winners in the Ayrshire Rail-Bird Judging Competition were: 1, James Houston Macdonald College, Que.; 2, W. Erskine Rodger, Lachute, Que.; 3, Dennis Griffin, Burke, N.Y.; 4, Fred Bova, Burke, N.Y.; 5, Vera Stewart, Howick, Que.; 6, Donald Rose, Mountain, Ont.; 7, Donald McIntyre, Finch, Ont.

Rally Day Canadian Legion Chateauguay Valley District No. 13 Held In Huntingdon

A very successful meeting of the Branches of the Canadian Legion in the Chateauguay Valley, known as District No. 13, located in Beauharnois, Caughnawaga (Mohawk), Chateauguay, Howick, Huntingdon, Ormstown and Valleyfield, was held at the Legion Hall, Huntingdon, on Saturday, June 13th. This was known as Rally Day for the District Command with Huntingdon Branch as the host.

The opening ceremony was "Raising and Lowering of the Colours" with the Last Post ceremony, followed by the meeting of the Branches of the District, which was presided over by the retiring District Commander Bryce McGregor of the Chateauguay Branch. Guest speaker was Ed. Struthers, newly elected President of the Quebec Provincial Command and he also presided over the meeting for the election of officers who hold office for two years.

Also present from Quebec Provincial Command was 2nd Vice-President, Wyndham Strover.

The new officers chosen were Bruce Hains of Valleyfield Branch, as District Commander, and Clare Tucker of Chateauguay, as Vice-Commander.

Following the meeting was a social hour after which the Ladies' Auxiliary of the Huntingdon Branch served a turkey and ham dinner, which was presided over by president, J. Alton Warden of Huntingdon Branch and was enjoyed by all. At the close of the dinner the newly elected officers for the District were installed by 2nd Vice-President, Wyndham Strover.

Entertainment was provided by a group from Caughnawaga (Mohawk Branch) which consisted of various Indian dances performed in costume. These dances were very well executed and enjoyed by all.

Music for the dancing which followed was provided by the orchestra of Bill Murray's Legionnaires.

Ormstown High School Holds Graduation Exercises

Graduation Ceremonies at Ormstown High School were held on Friday, June 5th, 1959

At 6.30 p.m., Grade X students under the direction of the Home Economics teacher, Miss Anne Richardson, served the traditional Senior Class Banquet. Members of the Grades XI and XII classes, the Staff and the School Board were present at the banquet.

Mr. Dick Webster was the master of ceremonies and a toast was proposed to the Queen. Mr. Alton McEwen of Grade X gave the toast to the Graduates in verse and Mr. Grant Rogers responded.

At 8.15 Graduation Exercises were held in the auditorium. The graduating classes processional was accompanied by Miss Shirley Dunn, pianist. Mr. James White, chairman of the Ormstown School Commission, was the chairman for the evening and following the Invocation by the Rev. J. B. Hall, Minister of the St. James Anglican Church, Mr. White called on Mr. Gordon Hagen, vice-principal to introduce the Graduates.

Seniors: Joyce Begbie, Roberta Brocklehurst, Mildred Bryson, Joseph Davignon, Jolene Dennison, Norma Dunn, Preston Roberts, Donald Robinson, Grant Rogers, Murray Shopcott, Peter Sutton, Richard Webster.

Juniors: Gail Cavers, Mary Cottingham, Hazel Cullen, Ethel Duguay, Peter Finlayson, Alanne Hooker, Maureen Martin, Karen McCartney, George McKell, Robert Merriam.

Mr. J. C. Moore, Principal, gave a brief message to the graduates and wished them the very best in the final examinations.

Miss Mildred Bryson introduced the speaker, Mr. E. A. King, former Principal of Ormstown High School for nine years, and the incoming Principal of Lakeside Heights Elementary School.

Mr. King brought a challenging message to the students. Mr. King reviewed the contribution made to the life of the students by their homes, schools, churches and communities and urged them, in facing the future, to have faith in God and faith in themselves.

Miss Joyce Begbie thanked the speaker.

Miss Shirley Dunn of Grade X gave the class prophesies which proved to be very clever and entertaining.

Miss Karen McCartney, Grade XI, gave the Last Will and Testament and Miss Alanne Hooker was the Valedictorian.

Rev. J. B. Hall pronounced the Benediction and the Graduates Recessional followed.

Ormstown Exhibition Has Another Successful Show In All Ways

Ormstown Exhibition opened on Wednesday evening with hot, dry weather and with the evening just comfortable for viewing the proceedings in the arena. The official opening was performed by the Hon. D. S. Harkness, Minister of Agriculture for the Federal Government. Mr. Harkness congratulated the Fair Board and the people of the district on having such a fine exhibition. It was representative of a fine dairy farming country and had its place in such a location. He then officially declared the Exhibition open. Mr. Douglas Ness, President of the Exhibition, thanked Mr. Harkness for being present and also the other officials on the platform. Others who were present and said a few words were: Arthur Laberge, M.P.P. for Chateauguay County; Mr. Merrill Barrington, M.P. for Chateauguay - Huntingdon - Laprairie; Mr. Alister Somerville, M.P.P. for Huntingdon County.

Ormstown High School presented its annual parade of floats, which this year depicted historical background of Canada and of the St. Lawrence Seaway opening. On the Float of the Seaway, two of the students depicted Queen Elizabeth and Prince Philip and they carried the parts well. The Ormstown Band and the majorettes gave a very fine performance and were heartily applauded. The floats were carried out in great detail to show the item intended and the whole presented a long and colorful parade as it came into the arena and then paraded several times around that all might see. In consideration of the fact that June examinations come at about this time, the staff of the school and the students and any others who may have taken part in this opening item, are to be heartily congratulated.

Following the opening, the horse show events followed, or a visit to the King Reid Midway, through the exhibits, or whatever took the fancy. We understand that the attendance was not quite as good as the previous year, but it was still very satisfactory.

Exhibits generally throughout the show were up in number, with some sections excelling others.There was an unusually large poultry exhibit this year, which required the judge spending more time at the task than has been the case for many years. The judging is usually completed in the one day, but this year it went over into the second day. Every cage was filled and there were additional cages placed in the aisles which were also filled. The exhibits represented all types of poultry as well as rabbits and such. Cattle exhibits were heavy with every stall being filled. Sheep were in good number and also a number of goats. Swine showed a drop, although there was a fair number of exhibits, with the Landrace breed seeking prominence. Horses were also well represented and all stalls filled, this included those for exhibition purposes as well as those taking part in the horse show. The exhibits in the ladies section did not show up as well as they usually do. Cooking, preserves and such were on the light side. Sewing and handicraft showed up better. The usual exhibit of the Ormstown High School was missing this year. Howick High School had a fairly large display of their projects. There was a large collection of paintings and other art work. Cut flowers were down and potted plants were not as numerous as in other years.

In the industrial exhibits on the ground floor of the Industrial Building, the usual manufacturers and others filled all available space and had some interesting items on display. On the grounds, the machine and car exhibits were increased in number and quantity to provide a vast area of interest. Many of the new type small cars were on view as well as the popular makes of the larger cars. Farm machinery displays provided much of interest also.

The midway operated by King Reid Shows was probably the largest ever assembled on the Ormstown Exhibition grounds. The new paving throughout the midway is a great improvement and provides for cleaner and better walking as well as arrangement. The midway had about everything to suit the tastes of young and old alike. There were plenty of safe rides for the small children and which appeal to the hearts of the very young child. In the more exciting and thrilling rides, there were plenty of these also. Added to this were the many sideshow attractions providing a variety of entertainment. The games were plentiful also and a number of people were seen carrying away some very fine prizes.

This midway is one of the cleanest we have ever seen. The attendants are clean in themselves and the booths, rides and so forth are also kept clean and attractive. The booths where food items are served were clean at all times and those serving had a clean and smart appearance. Furthermore, the attendants were civil and attentive to the patrons and especially so where children were concerned.

The usual section at the side of the Industrial Building, where there has been machinery exhibits in the past was changed this year. This part was what might be called Trailer Camp, for here the many trailers of employees of the midway were arranged in orderly fashion to form a colony. There were some very nice trailers in the group and all are equipped to the equal of any home. Many of them have television sets and are comfortably furnished for the leisure hours of the occupants. This is a far cry from the usual accommodation that was used in earlier days by these travelling shows.

The Highland Dancing provided an added attraction in the arena on Thursday evening and was an event which drew a good sized audience. The cattle parade was perhaps one of the largest of any fair held, it filled the arena to overflowing.

The calf scramble staged under the auspices of Labatt's Brewery, was an outstanding feature on Friday evening and a large audience was on hand to witness the event. A large number of competitors took part and looked like a small army when they took places in the arena. The young Aberdeen-Angus calves were herded into the ring and then the order to go was given. The boys with ropes charged at the cavies and some managed to hang on, while others had to let go. It seemed that the arena was a mass of sprawling boys and calves; all struggling against the other. However, in short time the boys managed to get a rope halter on a calf and bring it in over the line to be declared a winner. The names of winners in each county appear below; these boys each received a certificate to the value of $125 toward the purchase of an Aberdeen-Angus calf six months of age.

Beauharnois. — Robert Mercier, Maurice Daoust, Denis Julien, Roger Daoust, Yvon Pilon, Rejean Deschamps.

Huntingdon. — Glen Hadley, Ricky Runnalls, Paul Caza.

Chateauguay. — Douglas Mason, Tommy Boyle, Merrill Greer.

There were twelve other boys who competed and they each received a radar lamp and a leather cow halter, value of $15.00. All prizes were supplied by Labatt's Brewery.

Viola Lallemand again won the trophy and first prize as the best lady driver. Others from this area in the Horse show prizes were: David McCoy, Mrs. Riel, Mrs. Myatt, Mr. and Mrs. Howard Rick, M. A. Robb and Miss Lois Kyle.

Saturday saw the close of the show and there was some rain on this day, but not enough to mar the show. The big feature was the square dancing contest sponsored by Canada Packers, which proved quite an attraction. The winners were the Howick High Steppers with the following on the team: Wayne

Midway Officials Hosts To Ormstown Cubs

On Thursday afternoon, the officials of King Reid Shows, who operate the midway at Ormstown Exhibition, were hosts to the Ormstown Pack of Cubs, under the leadership of Lynn Robb.

There were about 35 of the young boys and they arrived in a body marching into the Exhibition Grounds at 3 o'clock, to be met by Mr. Morris, public relations manager for the show. For the next hour they were conducted around the midway and were given rides on a number of the attractions. During this time photographs were taken and one rather amusing one was at the Hot Dog Stand, where a couple of the boys were shown eating a huge hamburger roll. The roll was artificial and used for display purposes, but the boys put on a good show. One of the concession owners gave the boys a chance to win one of the large panda bears, but unfortunately the boys became a little too anxious and threw the nickels which had been provided them by the owner, a little too wild and not one landed in a plate.

Following this tour of the midway and all the fun that went with it, the boys were taken to meet Mr. Reid, the owner of the midway. He is a plump, genial man and enjoys the company of children. The boys all grouped around him outside his office trailer and a photograph was taken of the group. He extended an invitation to the boys to visit him during the show and also when it returns again next year. The boys gave their various Cub calls in appreciation of the treat that had been given them by the midway officials and then left for a further excursion of their own of the attractions of the exhibition.

Huntingdon — Ormstown Holstein Club Trophy: Allan Ness, Howick.

Tax Arrears To Be Collected Or Properties Will Be Sold

An adjourned meeting of the Huntingdon Town Council was held at the County Building, on Monday evening, with all members present except Alderman Picard. A number of bills were passed for payment.

A letter was read asking for the opening of Centre Street by the council, a distance of about 600 feet and also of another street between the Leboeuf and Kelly properties of about 300 feet. Both these proposed streets are situated near Henderson Street. The matter was discussed and it was decided that a deed, or bill of sale, be asked for whereby the streets would become the property of the town, before proceeding further.

It was also decided that should there be a re-occurrence of the dry spell experienced last week, that use of garden hoses would be limited. The consumption of water during that week had been abnormally high and it was attributed to people watering their gardens and lawns. In future, during such dry spells, the use of garden hoses will be limited to one hour per day and preferably during the evening hours.

Mr. F. O'Connor again appeared before the council with regard to poor drainage at his property. He said if something is not done about it, he would refuse to pay his taxes. Council decided to check on the matter to see what relief can be given.

The council decided to purchase the lot of land where the old skating rink used to be on King Street, for use as a playground. The price quoted was $1600, payment of $400 to be made now and either another $400 in January 1960 and interest added, or pay off the balance at that time with no interest. It was decided to leave it at those terms, but with the possibility that the balance would be paid off in January.

Several streets in town are without name signs, so it was decided to order what is required and have them put up as soon as possible.

Some members of the Knights of Columbus Soft Ball Team came to the council to ask for a grant for the team. Previously, other members had attended, but were told to wait until they had organized. Aldermen Walsh and McGerrigle were opposed to any such grant, feeling that such was for the sport of the men and did not contribute anything to the town. However, Aldermen Tremblay and Leduc made the motion and Alderman Gaw supported it and a grant of $50 was made.

Discussion centred on the arrears of taxes and a list was examined as to what should be done. It was decided that in the case of taxes being a year or more behind, if the taxes are not paid, the property will be sold for the amount owing. In the case of some others, these will be handed in for collection. Registered letters are to be sent out this week and action will be taken after a certain lapse of time if no attempt has been made by those affected to make payment. A sum of approximately $4,000 is involved in this first list of arrears, there are others who are a year and under in arrears and action will be taken if these have not been paid, in due course.

The question of accident and sickness insurance for the town employees was taken up at this meeting. After some discussion, the council decided it would be willing to pay the balance according to the plan that is chosen. The men are to be asked to choose which plan they would like.

Notes From The Police Blotter

A Correction

A misunderstanding was caused by the write-up of the accident which occurred on Fairview Road during a wedding procession. It was stated that a car driven by Kenneth Walsh of Valleyfield, stopped suddenly and the other cars ran into it and one another. Mr. Walsh had to stop his car on account of there being some other cars ahead of him which were stopped by the stop sign at Fairview and Henderson Streets. The driver of No. 2 car was David Coffey and not Cossey. It is hoped that this will clear up any misunderstanding.

Accidents

At about 4 p.m. on June 12th, Daniel Myre, Huntingdon, was backing out from parking on Sheriff St. and was in collision with a car driven by Raymond Stark, who was driving on the same street north to south and turning east. Damage to the Myre car about $100 and to the Stark car about $50.

On June 13th, about 8.20 a.m. an accident occurred on a new street off Henderson Street. A truck owned by K. Ferns and driven by Alex Ouimet was backing out and a collision occurred with a car driven by Godfrey Leduc, who was driving west to east on the same street. There was no damage to the truck, but the car suffered about $100 damage.

Meeting Held At Lake

The regular monthly meeting of the Ladies Aid, St. Andrew's Presbyterian Church was held at the cottage of Lawrence and Mrs. Brown, Port Lewis, on Wednesday afternoon, June 10. The joint hostesses were Mrs. Brown and Mrs. C. M. Oney.

Twenty members were in attendance with the meeting being chaired by the President, Mrs. Brown. The Lord's Prayer was recited in unison and Mrs. D. Moody gave the Bible Reading. In addition to the regular routine business which was discussed and disposed of, it was unamimously decided that meetings be not held during the months of July and August.

In conclusion, delicious refreshments were served by Mrs. Brown and Mrs. Oney.

Suffers Accident

Marshall Hooker suffered a painful accident on Friday afternoon, at his machine shop, on Chateauguay St. East. Someone brought a multiple tractor hay fork in for repairs and leaned it against a wall with the prongs turned down as a safety precaution. A short time later someone else was noticed examining the fork. This latter person failed to turn the prongs down and this bit of carelessness was the indirect cause of a very deep gash in Marshall's left arm when he inadventently fell against it while handling a heavy piece of machinery. The prong that pierced his arm was covered with dirt and as a result the wound has to be cleaned every day. Because of the nature of the injury, the doctors were unable to close the wound with stitches, but expect to do so later this week. In the meantime, his arm is in a sling but this hindrance merely slows this very busy man down to the pace of an average person.

Special Flower Service

The Sunday School of Huntingdon United Church will hold their annual Flower Day Service at the morning hour of worship next Sunday. The children of the Sunday School have been asked to bring a bouquet of flowers with them to church. These flowers will be placed at the front of the Sanctuary during the service and will be taken to the sick and shut-in members of the congregation later in the day. Master David Sim, son of Mr. and Mrs. R. A. Sim, of Ottawa, will be the Guest Soloist. The Rev. Robert Beal will tell a story sermon entitled: "A Young Boy Finds God."

Mrs. James Grant, wife of Rev. Grant, received sad news the past week when she heard of an accident in which her brother was involved and which resulted in his death. Her brother, Donald Townsend, age 23, was working on a construction job at Hespeller, Ont., when an explosion occurred on a diesel shovel and his clothes caught on fire. This happened on Wednesday afternoon, he was taken immediately to St. Joseph's Hospital, Guelph, but died on Thursday afternoon. Mrs. Grant left on Friday for Tavistock, Ont., the home of her mother and brother and took the children with her. Rev. Grant was present for the funeral which was held on Saturday afternoon, at Stratford. The sympathy of this community goes to Mrs. Grant in her tragic loss. Mrs. Grant will remain at her home with her mother for some time.

Art Exhibition At Grove Hall June 19-20

The Chateauguay Valley Artists' Association is holding its annual Art Exhibit at Grove Hall, Huntingdon, on Friday and Saturday, June 19th and 20th. Besides the pictures to be placed on view by the Association, there will be a showing by members of the Malone Art Association. It is also expected that a number of ladies from Malone will attend the exhibit.

A rather important feature of the exhibition this year will be on Saturday afternoon, when Mr. John Byers of Montreal will give an exhibition of the art of sculpture. Mr. Francois Cleyn will sit as a model for Mr. Byers and he hopes to have a likeness of Mr. Cleyn by the end of the afternoon. It is hoped that gentlemen will be interested in this demonstration and a special invitation is extended to the pupils of the High School to attend. It is felt that sculpture is something new and should command a good attendance of the people of Huntingdon and district for this occasion. Mr. Byers is a sculptor of merit and his work will be well worth watching.

During the afternoon, the Ladies Auxillary of the Huntingdon County Hospital will serve tea. The proceeds of this will go toward hospital work.

The public is asked to attend on either of the days — on Friday evening for viewing the exhibit of pictures and other art and on Saturday afternoon for the demonstration of sculpture and also a viewing of the pictures, etc. Also on this day to help the hospital by partaking of the tea being served.

Glenelm

GLENELM — Mrs. Annie Marshall of Huntingdon spent the weekend at the home of Mr. Clifford and Roy Hamilton, also Mrs. Melvin Hamilton and little daughter Christina of Cornwall, visited at the same home.

ALIX, Alta. (CP) — Nickels dimes, quarters and 50-cent pieces dated 1909 were found with remains of three newspapers of the same year when the cornerstone of St. Pancras Church was removed during dismantling operations. The papers were the Alix Free Press, the Calgary Albertan and a Glencoe Ont., paper.

FEDERAL MINISTER OF AGRICULTURE VISITS CHATEAUGUAY VALLEY

Hon. D. S. Harkness, Minister of Agriculture for the Federal Government, arrived in Huntingdon, at Cazaville, last Wednesday, and then proceeded to Ormstown for the opening of the Ormstown Exhibition. Mr. Walter Kuoni piloted his plane to Ottawa, where he picked up the minister and Mr. Merrill Barrington, M.P. for Chateauguay-Huntingdon-Laprairie and also a friend, Mr. Victor Devito and brought them to Cazaville. The above photograph taken by Mr. Peter Rozon, Valleyfield, was made soon after their arrival at Cazaville. The following day after having opened the Ormstown Exhibition, Mr. Harkness visited the experimental farm at Ste. Clothilde. He stated to our reporter that he had been looking forward to this visit which gave him an opportunity to study the agricultural situation here. Later he returned to the Capital. Shown in the photograph reading left to right are: Mr. Merrill Barrington, M.P.; Hon. D. S. Harkness; Mr. Walter Kuoni; Mr. Victor Devito and Mr. Gaspard Crepin, of Valleyfield.

Aluminum Being Used For Many Types Of Mechanical Items

Mr. Ray Lanctot, Beauharnois, works manager of the Beauharnois plant of the Aluminum Co. of Canada, addressed the Rotary Club of Huntingdon, on Monday.

The uses of aluminum have advanced tremendously, for such is now used in the making of planes, ship structures, railway carriages, buses, trailers, trucks automatic transmissions, pistons, cylinder heads, engine blocks, skyscraper walls, etc., etc.

Though there has been a slow down in the consumption of aluminum, the company forges ahead knowing the increased population and new uses will call for more of the metal. There has been a rapid increase in production of aluminum throughout the world. 1947 saw production as 1,200,000 tons per annum and in 1957 it was up to 3,800,000 tons.

The United States is the biggest producer with Soviet Russia capturing second place, thereby outplacing Canada. In 1947, Canada produced 300,000 tons of aluminum and in 1957 the production was up to 560,000 tons; present production is around the 500,000 tons figure, but the installed capacity represents 760,000 tons. In Canada our hydro electric resources, sources of raw materials and experience give us distinct advantages when facing competitors The natural law of supply and demand will make Canada the main supplier of aluminum to importing countries. Furthermore, we have developed over the years a top international sales organization, which is strongly backed by our research laboratories, so we feel more competent than most toward retaining and increasing our share of the world markets.

Mr. Lanctot told of the processing of bauxite to the finished product and of the by-products made through the making of aluminum. These by-products being aluminum fluoride, various qualities of alumina, magnesia, sized bauxite, aluminum hydrate, fluorspar, artificial cryolite, chlorine, aluminum chloride, hydrated lime, magnesium cloride, etc.

Our industry employs 15,000 people in Canada, pays salaries amounting to $80,000,000 and its exports aggregate $225,000,000. Domestic consumption of aluminum in Canada, which is now about 20% of the total Canadian output, places us fourth amongst the world countries in the utilization of aluminum per capita. The capital investment in Canada is one billion dollars, all of which goes to show how important this industry is to the economy of our country.

The company operates five primary aluminum smelters in Canada, one in British Columbia and four in Quebec Province, including that at Beauharnois, which is the smallest unit.

McKell, Norma Tolhurst, Gordon McKell, Marjorie Orr, Elton Robertson, Margaret McKell, John MacArthur, Carol Tennant. Coming second was the team known as the Canadian Hoedowners of Huntingdon, as follows: Gerald Duheme, Rita Allard, Rejean Cocher, Pauline Cocher, Jean Paul Taillefer, Yvonne Taillefer, Jean Claude Bergevin, Therese Perrault. Caller for the first team was Math McKell and for the second team, Maurice Perrault.

Horse racing was held on the track during the afternoon to provide the fans with the enjoyment of this sport.

On Saturday evening at the Ormstown Exhibition a drawing was made for a Maple Cribbage table given by the Vilas Furniture Company. The drawing was made from the reserved seat tickets for Saturday evening. Mr. Alan Hooker, local manager of the Vilas Mill Division made the presentation to Mr. Malcolm Whyte, Chateauguay Heights, Que.

There was a horse show in both the afternoon and evening and a public dance rounded out and closed the 1959 Exhibition.

Mr. and Mrs. Melville Kerr To Observe Golden Wedding

Mr. and Mrs. Melville Kerr will be in town for a few days this week. On Saturday, the family has arranged an "At Home" at the Legion Hall from 2.00 to 5.00 p.m. and from 7 to 9 p.m.

Miss Judy Gomery of Montreal and Mr. Milton Hooker of Kingston, spent the week-end with Mr. and Mrs. Earle Hooker.

Mr. and Mrs. Adam McNeil visited recently with Mr. and Mrs. Keith MacMillan and Barry, enroute to Hamilton and Dundas where they visited Mr. David Doughty and family,, Dundas, Mrs. J. McNeil, Mr. and Mrs. Willis Anderson and family, Hamilton.

Rev. J. C. Hood attended the General Assembly of the Presbyterian Church in Canada held in Toronto during the last two weeks.

Mr. and Mrs. Harold Kilgour, Barry and Janice of Harvey Station, N.B., spent last week with relatives, called here by the sudden death of Mrs. George Kilgour. They spent some time at the home of Mr. George Kilgour, and Mr. and Mrs. Earle Hooker.

Mrs. John McCaffrey attended the funeral of her cousin, Mrs. W. P. McArdle in Syracuse, N.Y., on Wednesday.

The Women's Auxiliary of the Barrie Memorial Hospital will hold the annual spring "General Meeting", in the Hospital Board Room on June 22nd at 8 p.m. Mrs. J. Hall, wife of the minister of St. James Anglican Church, Ormstown, will be the guest speaker. Mrs. Hall is an R.N. being a graduate of Ottawa Civic Hospital. Later she served on the Staff of the Smiths Falls General Hospital and spent several years in the North of Canada where her husband served in the Diocese of Moosonee.

Lacolle

LACOLLE. — The Lacolle Legion Branch No. 11 received an invitation to join the Rouses Point Legion, N.Y., in their Memorial Day Ceremonies, which were held on May 30th.

Due to most of the members of the Legion belonging to the Customs and Immigration services it was difficult to get many of the comrades together. They managed to get ten of the boys and they picked up one other member who lives in Rouses Point, N.Y. It would be nice to mention here that this member, Mr. Olivier Houle is 87 years old and that he marched the whole route of the parade as though he was still in his twenties.

They were commended on their smartness and they hope that next year, they will have a better turnout to join their comrades south of the border in their Memorial Day services.

The 5th Annual Fishing Derby took place on June 7th and it was a success even though the day was dull and chilly.

The following are the winners of the Derby and the person who donated the individual prizes other than the main prize, which was donated by the Legion itself.

Drawing on Entry Derby Ticket: 40oz Rye donated by Lacolle Inn, won by Dave Hannah.

The Canadian Legion of Lacolle Branch No. 11 wish to extend their thanks to everyone for their donations.

The Annual Collection Drive for the Canadian Red Cross was carried out by the Canadian Legion Branch No. 11, Lacolle. The chairman of the committe was Mr. Harold Cahill and co-chairman, Ralph Smith. The canvassers were some of the boys and girls from the community and girls from the Civil Service, Blackpool. The amount of $500.00 was collected.

A Blood Donors' Clinic will be held in Lacolle at the Catholic Girls' School on St. Marie St., Tuesday, July 7th. Conducting the drive are the Ladies Auxiliary of Branch No. 11, Canadian Legion.

About 2.30 a.m. Saturday morning, a severe electric storm caused the barn of Mr. Duteau, the local policeman, to burn to the ground.

The community was sorry to hear of the sudden illness of Mr. Wilson Grant, better known to all as "Bill", who is now a patient in the Queen Mary Veterans Hospital, Montreal. All wish him a speedy recovery.

New Erin

NEW ERIN — Mr. and Mrs. Allison Sparrow and Jimmy of St. Lambert, Que., were week-end guests of Mr. and Mrs. C. L. Sparrow and attended the Ormstown Fair.

Mrs. Clarence Starr and son Robert of Bordeaux, Que., have returned home after spending the past two weeks with Mr. and Mrs. C. L. Starr. Week-end guests at the same home were Messrs. L. West and E. Starr of St. Lambert, Miss Esther Lavery, Montreal and Mr. Clarence Starr of Bordeaux.

Mrs. Gerald Capsey of Bedford, Que., visited over the week-end with her mother, Mrs. Margaret Cameron.

SCENES OF THE LABATT'S CALF SCRAMBLE AT ORMSTOWN EXHIBITION

Shown above at top is the scene at the opening of the Calf Scramble, when the order was given to the competitors to go. The expressions on the faces of the boys show their eagerness to get going and try to be a winner. Photograph below shows one competitor who got his calf and managed to get it across the line to be a winner. It was an exciting time while the boys were catching their calf and putting a halter on to bring them in over the line. Scramble is an appropriate name for the calves sensed what was coming and went off in all directions and got away many times. (Photo by Lynn Robb)

A Successful Exhibition

WE believe we are right in saying that Ormstown Exhibition was a success in all respects. The weather was such that made conditions ideal for a fair. The rain held off for the most part, even though it was badly needed. But with the fair once over, the countryside was treated to a real downpour during the night of Sunday and over into Monday. A few showers fell on Saturday and Friday evening, but these did not mar the fair or the attendance.

The rain on Sunday and Monday will do much good to growing crops of all kinds and farmers generally should be quite happy the way things have turned out.

We understand unofficially, that Friday night was a complete sell-out for seats in the arena and had there been more seating capacity, it could have been sold too. It is also understood that this situation was a sort of record for the exhibition.

The Stock Parade filled the arena on Friday evening to capacity and an overflow of the 4-H Club exhibits had to form a second parade. This pointed to the increased number of exhibits in the cattle classes which were entered in the fair this year. The Poultry section was another department that burst its seams and overflowed beyond the facilities available.

The Exhibition Board is to be congratulated on the improvements made about the grounds which provided a better arrangement for the midway and farm machinery exhibits. There is a little work to be done at the underpass entrance to the parking lot on the inside of the race track, but no doubt this will be looked after before another fair.

The Highland Dancing and the Calf Scramble no doubt helped to increase attendance, for here were a couple of items that were more or less new for the exhibition. There is no doubt that they tended to add interest for some of the patrons and it is quite evident that the calf scramble did, for so many people were talking about it and anxious to see it when it took place.

All in all every change and every improvement, contributed to make the success attained.

Official Opening of St. Lawrence Seaway by Her Majesty Queen Elizabeth and President Eisenhower

TOMORROW, Queen Elizabeth and Prince Phillip will arrive in Canada and start their tour which will take them right across Canada and enroute they will participate in the official opening of the St. Lawrence Seaway. On June 24th, they will arrive in Montreal and on June 26th, the official opening ceremonies will take place at St. Lambert.

At this time we are not truly aware of the great impact this new seaway is going to make on the history of Canada. Already this great undertaking is known all over the world and ships from far off countries are already navigating its waters. Huntingdon is not in the real immediate vicinity of the seaway course, but it is not far away. However, much of the ceremonial program will be seen close to our Town, as the Queen's Yacht Britannia will sail along the route of the seaway within a few miles of here. The Royal Yacht will also anchor for the night in the bay at Valleyfield and we have been informed a boat will be lowered and the Queen will sail in this around the shores of the bay, so that as many people as possible may see her. This event and others in the Beauharnois area will be close to home and many citizens should be able to get a good view of the proceedings on June 26th.

There is no doubt that after this ceremony has taken place, there will be a settling down to business of development. This development will probably be along the shores of the St. Lawrence and could produce many new projects. At first no doubt, the development will be at those points close to Montreal and Cornwall. As time goes on however, this may stretch even as far as the Huntingdon area and beyond. Manufacturing concerns who will use the seaway in their business, will want to be as close to it as possible. Such development may take many years, but eventually we feel it will. As this development takes place new residential areas will be required and it could quite conceivably be that Huntingdon would become such a spot. In that event a much larger business area would be required and thus call for expansion in that direction. This, of course, is taking a long range view of the course of events, but it holds possibilities. Our planners should work with this in mind so as to be ready when the time should come to implement the action.

This event is truly an historical one and will go down in history as it is written. The seaway is no mean accomplishment, yet it is the realization of a dream that was talked about and planned for many years. No doubt there will be many problems to overcome and its true worth to the development of Canada will be watched with anxious eyes with the hope that it will prove the success that is looked for.

Summer Perils

BY now, most of us have caught the certain symptons of summer. Most winter-weary Canadians show signs of the seasonal malady — the weekend urge to go fishing, to take or plan the holiday trip, and find some sure-fire way to eliminate the dandelions sprouting on the lawn.

Although summer is a sort of rejuvenation to most, it has its built-in dangers and one of them centres around one of the season's greatest attractions — swimming and all the sport that bodies of water large or small offer.

Each year, the old swimming hole or something akin to it takes its toll of lives. Leaky boats, tipped canoes, the venture into deep water when swimming should be confined to the shallow shoreside, disregard of posted warnings about water safety or the neglect to arm non-swimmers with life belts for boat jaunts all may add up to summer tragedy.

As statistics indicate and the water-safety-promoting Red Cross emphasizes, the danger exists as much for adults as for children, and perhaps even more.

Most school-age children at least are introduced to water safety measures; many schools offer swimming instruction.

Water Safety Week, June 14-20, bombards the community and schools with posters and pamphlets stressing the importance of safe fun in or on the water.

It's the sort of week that must stretch into every summer month and be heeded by everyone as the move to beaches, cottages, lakes and bays gets under way.

The Rotary Club of Huntingdon would like to undertake the building of a wading pool, and likewise a swimming pool, but the lack of sufficient funds means such projects will have to be delayed. The Nurse Benefit Sweepstake tickets are presently on sale and what money is subscribed in excess of the Fund requirements for nurses-in-training during the coming year, is to be set aside for the pools. The Chateauguay River water has been tested again this year, and the test reveals that the water has been judged as unsuitable for safe swimming. Boys and girls, adults and parents should take heed to this announcement re the condemned water condition in the Chateauguay River, and at the same time back up the Rotary Club Sweepstake so that two safe pools can be built in Huntingdon at as early a date as subscribed funds will permit.

Association Managers

Holstein adherents in attendance at Ormstown Exhibition were naturally elated that George M. Clemons, Secretary-Manager of the Holstein-Friesian Association was in attendance on the day the Holsteins were judged.

It was indeed a nice compliment to pay to his fellow Black and White adherents. Mr. Clemons had been in attendance at a Holstein sale in the U.S.A. and in order to get to Ormstown, he had to drive a considerable distance.

J. Douglas MacKechnie, Secretary-Manager of the Ayrshire Breeders' Association of Canada, was also in attendance on Ayrshire day, likewise "Art" Steele, Chief Inspector, Record of Performance.

Lachute

Giving Ormstown Exhibition a careful look-over was a delegation from Lachute Spring Fair headed by its President, W. Erskine Rodger. As in former years they are promising a good livestock show, in fact a larger Ayrshire Show than usual.

The Ayrshires and Holsteins will be judged on Friday, June 19, commencing at 9 a.m.

Maxville Fair

Before Gilbert Macmillan telephoned during the evening of June 5, we had no intention of going to Maxville Fair this year. "Gib" had been at Maxville that day in attendance at the Holstein Show with his brothers-in-law Douglas Elder and Stanley Hamilton, had seen a good show, and the promise of an equally good Ayrshire show on the Saturday, June 6. However, he didn't want to drive alone and so finally persuaded this writer to accompany him. And we weren't disappointed.

Maxville Fair is one of Eastern Ontario's oldest Fairs, with Kenyon Agricultural Society as its sponsor. Since we had not been at that Fair in over ten years, when it was a Fall event, we were naturally surprised to see the changes that had been made. Most striking in that respect is an up-to-date grandstand, with, below same, the Society's office and the spacious dining room in which a Church organization served a satisfying, home-cooked style luncheon.

They also have a fenced-in paddock, with seating accommodation, as the cattle judging ring, with immediately adjacent to same the cattle barn. A pattern which many similar Fairs could well copy.

We might also add that Maxville has indeed a great asset in James (Jim) Humphrey, Agricultural Representative for Glengarry County. He stage manages all the cattle sections and he and his efficient Secretary, Miss Joan Marceux, had on hand for distribution, free of charge, a sufficient number of catalogues of the exhibits. We understand that similar catalogues had been prepared by Miss Marceux for the other breed shows.

The Village of Maxville has a population of only some 700 to 800, but it is in a central location, in that great livestock area, Glengarry County. Moreover, being an open show, the 103 head of Ayrshires on parade in the individual classes were not only from Glengarry, but also from Prescott, Stormont and Grenville Counties, and Lachute, Que. Of that show, considering the numbers, quality, fitting and showing of same, one could quite well claim that it was on a par with that seen at many leading Class A Exhibitions.

The judge, Alex. Sutherland, Paris, Ont., and President of Ayrshire Breeders' Association of Canada, made a most expeditious job of his rather heavy task, and the several comments he made on his placings indicated that he knew what he was looking for, so to speak, in every class.

The junior and reserve grand champion male was Mille Roches Leader, first prize junior yearling for W. Erskine Rodger, Lachute, Que. The reserve junior award went to Bruce Bros., Spencerville, Ont., on Bruceburn Perfect Blend, first prize senior bull calf.

The senior and grand champion male was Glengarry Lord, a most impressive young bull who headed the 2-year-old class for Salem Thomson, Martintown, Ont. The reserve senior champion male was Burnside High Destiny, a bull of substance and quality that headed the aged bull class for Harold Blaney & Son, Maxville.

R. Roy Simmons, Finch, led the 11 junior yearling heifers and then annexed the junior female championship on Memory Lane Patsy. The second prize junior yearling heifer, Springbrae Bessie 5th, was reserve junior champion female for Alex. Robertson, Martintown, Ont.

Woodlea Evergreen Florence, first in a class of 12 cows, 4 years and over, in milk, won the senior and grand female championship for W. Erskine Rodger. The reserve senior and reserve grand champion female was Glen Naughton Barbara 2nd, first prize 3 to 4-year-old, in milk, for W. J. McIlwain, Vankleek Hill, Ont.

Viewing Famous Cities Of The World — Travelling By Plane

by Miss Dorothy McKell

Miss Dorothy McKell has returned to Montreal after spending three weeks' vacation in Europe. She is employed as a stenographer for the K.L.M. Dutch Airlines at Dorval, Que., and is a daughter of Mr. and Mrs. Arnold McKell of Howick, Que.

This is the way she describes her trip—We landed in Amsterdam after a flight of about 15 hours. Our trip was smooth so we managed to get some sleep. They served a cold plate of chicken, ham and rolls.

Amsterdam seems to be a mixture of London, Paris and Venice. It has quite a few canals. The people get around in cars and on bicycles (I never saw so many in my life) young and old are all wheeling around. We had dinner in a little restaurant called the "Five Flies", built in 1627, you go down into a sort of cellar. There are all kinds of old swords and helmets on the walls. The waiter asks your nationality and puts your Country's flag on your table. They have gold plates on the backs of the chairs, engraved with the names of famous people who sat there. I was in the one occupied by Mrs. Bob Hope. Everything is green here, trees with thick foliage and shrubs having large mauve blossoms. They seem to have lots of rain.

We took a boat to North Amsterdam and then a bus to Voldendam. The sun was shining so it was fairly warm. Voldendam is a little town with narrow cobblestone streets, beside the Zuider Zee. The little cove is filled with fishing boats with their nets hanging like shrouds on them. The men wear black baggy trousers and tops and the women wear long black skirts and striped tops, both wear wooden shoes and some of the women wear lace caps. The houses are the same as they were centuries ago.

We flew to Istanbul, Turkey, and it certainly is a mysterious East. We landed in the midst of a heavy mist. There all the uniformed men with gun holsters and menacing looking taxi drivers all hanging

Sailing The St. Lawrence Seaway

The St. Lawrence Seaway in its broadest sense is a deep waterway extending some 2,300 miles from the Atlantic Ocean to the head of the Great Lakes at the heart of North America.

The St. Lawrence River is its main artery and the waters of Lake Superior, seeking sea level, drop 602 feet through the other lakes and the river's mighty course on their way from mid-continent to the sea

The St. Lawrence Seaway, as a jurisdiction and operating waterway, lies between Montreal Harbour and Lake Erie, and includes the Welland Ship Canal.

The St. Lawrense Seaway Authority is a Crown Company charged by the Canadian Government with task of building the navigation facilities in Canada necessary for the Seaway. It will also maintain and operate these works.

At Montreal, 1,000 miles of river from the Atlantic Ocean — these 1,000 miles entirely in Canada and in fact all within the one Province of Quebec — ships begin the transit of actual canals and locks necessary to overcome the series of rapids in the upper St. Lawrence River.

Seaway Route

As one crosses the Jacques Cartier Bridge from the Island of Montreal to the South Shore of the St. Lawrence, the pool of Montreal Harbour may be seen to the right and then the beginning of the Seaway channel on the South Shore close to the southern end of the bridge. A new bridge span, 250 feet in length, was built on falsework just beside the bridge. On October 20th, 1957, the old span was removed downstream and the new one translated into place. This translation, involving the movement of 3,100 tons, 78 feet, was accomplished in less than five hours. The raising of the bridge structure under the live load of the traffic followed until its completion on July 3, 1958.

From the bridge or the shore road may be obtained a view of the entrance to the Seaway channel. Ships sail here on their way for some 1,300 miles further, if need be, into the heart of North America.

Turning to the right (from the bridge) and following Quebec Highway No. 3, the traveller will see a two-mile-long channel leading to the first lock of the Seaway. It is at St. Lambert at the southern end of the Victoria Bridge.

Here ships will be lifted some 15 feet from the level of Montreal Harbour (22 feet above sea level) to the level of the Laprairie Basin and thence will travel 8½ miles in channel around the basin to the second lock at Cote Ste. Catherine.

Lift spans have been installed in the main Victoria Bridge structure and in a diversion just upstream of the lock to provide access for the road and rail traffic.

This lock, as will the other 6 new Seaway locks and the 7 lift locks on the Welland Ship Canal (which will form part of the Seaway) will have the following dimensions:

Useable length: 730 feet
Width: 80 feet
Depth over Lock Sills: 30 feet.

Canada has built the St. Lambert Lock and 4 other locks. The United States has built two locks. In this area, parks and playgrounds will be located on the newly made land and new water intake and drainage facilities have been installed by the St. Lawrence Seaway Authority for the municipalities skirting the channel.

Leaving the St. Lambert Lock and the channel skirting the Laprairie Basin, the traveller will pass through the Town of Laprairie — old in Canadian history. It is the western terminus of the first railroad in Canada—completed from St. Johns on the Richelieu River in 1837. Some of the houses in this town date back to the mid-18th Century.

Cote Ste. Catherine Lock

Just before reaching the Cote Ste. Catherine Lock there may be seen on the right a small shrine. This commemorates the life of a Mohawk Indian maiden, Kateri Tekakwitha who, in the belief of many, may become the first North American-born Saint in the Roman Catholic Church.

The Cote Ste. Catherine Lock, which will require 24,000,000 gallons of water to fill, will be able to be filled or emptied in less than 10 minutes. It will lift ships from the level of the Laprairie Basin 30 feet up to that of Lake St. Louis.

The function of this lock is to by-pass the Lachine Rapids, a classical barrier to navigation to those seeking to penetrate further since the time of the French explorer, Jacques Cartier, in 1534. The channel upstream extends through the Indian Reservation of Caughnawaga, the home of a band of some 3,000 Indians of the Iroquois or Six Nations Confederacy.

Also may be seen the towering piers which carry the Honore Mercier highway Bridge 120 feet high over the channel. Just upstream, the railroad bridge, the property of the Canadian Pacific Railway, has had installed in it 2 lift spans to allow the passage of ships through the railroad embankment. These lift spans will be able to be raised or lowered in a period of a minute and a half.

After a short stretch of channel the ships of the future will enter Lake St. Louis and proceed some 10 miles by dredged channels to the Lower Beauharnois Lock at the head of the lake. The minimum widths of channels are as follows:

200 feet wide with 2 embankments — canals;

300 feet wide with 1 embankment — canals;

450 feet wide in open reaches, i.e. dredged channels and lakes. The depth of canals and channels will be 27 feet.

Through Caughnawaga

To Beauharnois

Leaving Caughnawaga, the visitor proceeds on Highway No. 3 via an agricultural area specializing in apples and small fruits and with some production of honey and the Canadian specialty, maple syrup and maple sugar. Some of the maple sugar cabins may be seen in the woods beside the highway. The highway leads through Chateauguay, scene of a battle in the War of 1812, and through the town of Beauharnois.

At Lower Beauharnois Lock which the visitor reaches on Highway No. 3 just past the Beauharnois Powerhouse, a ship will be lifted 41 feet and then travel a ¾ mile canal to the Upper Beauharnois Lock. This lock will also lift the ship 41 feet and it can then proceed via the Beauharnois Canal some 13 miles to Lake St. Francis. Inspection of the locks is possible here and

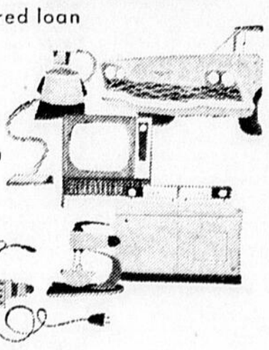
BANK OF MONTREAL

Family Finance Plan

Bring all your personal credit needs under one roof

with a low-cost B of M life-insured loan

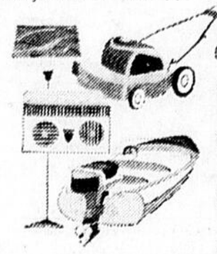


Here is the modern approach to finance the things you want to buy for your home and family . . . to take care of expenses for school, college, vacation and so on . . . and, of course, to meet emergencies.

The Bank of Montreal Family Finance Plan enables you to *plan* your purchases and helps you meet unexpected expenses under *one single comprehensive plan.*

Here are four good reasons why — whether single or married — you should use the Bank of Montreal Family Finance Plan . . .

"MY BANK" TO 2 MILLION CANADIANS B of M



1. All loans are automatically life-insured. Should you die before your loan is repaid, your debt to the Bank will be cancelled.
2. Monthly repayments can be extended up to two years — or even three, if need be. This means that FFP can be tailored to suit any salary.
3. You can borrow up to $3,500, depending on your income, to buy the things you want for your home and family, or to meet emergencies.
4. Planned repayments help you run your income — instead of letting it run you.

If you have a steady income and can make monthly loan-repayments without hardship, you can finance almost any useful purpose through the Bank of Montreal Family Finance Plan. Why not talk to the people at your neighbourhood B of M branch . . . you'll like their helpful attitude. Whether you are a B of M customer or not, you will find a warm welcome.

Aubrey-Riverfield

Aubrey-Riverfield W.I.

AUBREY-RIVERFIELD —The June meeting of Aubrey-Riverfield W.I. was held at the home of Mrs. Roy Angell, on Thursday, at 8.30 p.m. with fifteen members and eleven guests present. This meeting was dedicated to the Grandmothers and each member was to bring a friend. The roll was answered by telling "Something I remember about my Grandmother".

Mrs. Burton Reddick, Agriculture Convenor, reported on Mrs. Angell's and her meeting with the Howick W.I. President and Agriculture Convenor Mrs. Greig and Mrs. Cairncross, and Mrs. Morgan, Howick High School Principal, to discuss plans for the School Fair. Lists were made and Sept. 4th set as a date. The August meeting is to be a drive or picnic, a discussion followed and Secretary was to get information on same.

The Secretary reported one hospital bed in use.

Current events — Agriculture Powdered instant milk not as nutritional as whole milk. Cattle men are developing a serum to be injected to cows and as a result produce milk to be used as an immunity to arthritis and hay fever.

Citizenship — Item on A.C.W.W. six and a half million members in thirty countries. An organization which creates friendship and help among the countries.

Education — An explanation of the new A.C.W.W. stamp issued May 13th, at Stoney Creek.

Home Economics — Report on World C.A.C.

Welfare and Health — Information on Muscular Dystrophy, a malady that rots muscles of energy, it is not contagious but lowers resistance in such a way that even a common cold is fatal. Of 10,000 sufferers 50% are children.

The meeting closed with the National Anthem. Mrs. Harold Robertson, Mrs. Gordon Easton were in charge of a program of games and contests. The winners were Mrs. W. G. Allen, Mrs. Edgar McKell, Mrs. Brodie MacFarlane, Mrs. Ralph Reddick. On behalf of the grandmothers Mrs. Finlay Milne thanked those who entertained them. Refreshments were served by Mrs. Roy Angell, Mrs. Harry Angell, Mrs. Andrew Allen, Mrs. Gordon Easton.

Mrs. Janet Reddick and grandson Warren spent the weekend with Mr. and Mrs. T. L. Wilkinson, Waterloo.

Aubrey Curling Club held a card party in the rink club rooms Friday evening. Euchre was played at eight tables. Prizes were won by Mrs. Gordon Easton and Mr. Gordon Easton. Consolation Mrs. Donald Black and Mr. George Kees.

A card was signed by all present with best wishes to Mrs. Keith Robb who is presently at St. Agathe.

Club curling prizes for the past winter were presented — President's prize donated by Keith Robb was won by Mrs. Cote, Roger Giroux, Mrs. A. Black, Keith Robb, skip. Runner-up donated by Mr. and Mrs. Morris Robb were won by Mrs. Roger Giroux, John Nussey, Mrs. W. G. Allen, Gordon Easton, skip.

Prizes donated by Mr. and Mrs. Gordon Easton were won by Mrs. Lloyd Allen, Everett Orr, Mrs. John Bustard, Ronald Reddick, skip.

Runners donated by Mr. and Mrs. Angus Black were won by Mrs. Osborne Orr, Roger Giroux, Mrs. Floyd Gruer, Fred Letto, skip.

Dundee

DUNDEE — Not too many people living today will remember an event of yesteryear in 1909 when a 1908 Ford car won the transcontinental automobile race across the U.S.A. from New York to Seattle. The event, at that time, was sponsored by the then prominent philanthropist, M. Robert Guggenheim to introduce motor cars to the general public and stress the need for new and better roads. This year to commemorate the turning out of its 50 millionth Ford vehicle (a Ford galaxy) the Ford Motor Company on June 1st, sent a caravan of old and new car models on the same cross country trip, which is expected to arrive at its destination in the same time of twenty-two days as its predecessor did fifty years ago.

The caravan is made up of a Ford galaxy, a 1908 model K Ford, also a 1909 model T Ford, a light truck, an exhibit van and also a futuristic model car. In 1909 the distance travelled was 4,106 miles. With new roads shortening the distance, the mileage totalling only 3,700 is expected to be chalked up. The 1908 model Ford, which won the race at that time, was entirely an open job with no windshield or top, so the driver of bygone days must have been an extremely tough individual to brave the elements and extreme heat of the west plains on the cross country jaunt. In those days with few gas stations and service stations practically non-existent, the chauffeur as the car driver was called then had to do all his own servicing, which must have been plenty especially with the old 30x3½ tires, with which the old cars were equipped. It was not uncommon for one of the horseless buggies to have flats every few miles especially in the hot weather. This time although the two old cars are still open jobs, better tires and service close at hand, the going will not be so tough.

The idea behind the trek of the car caravan, as well as commemorating the 50 millionth car, is to show the public generally what great strides have been made in the automotive industry in the past half century.

Guest of honor at a bridal shower held Saturday evening in Zion Church Hall was Miss Lorna Fleming. To the strains of the Wedding March, Mrs. Charles Fraser led Lorna to a large table laden with gaily decorated gifts and sat her beneath a pink and white umbrella. The numerous gifts were opened and admired and then Lorna expressed her thanks for the beautiful gifts and invited any who come to Ottawa where she will be living after her marriage, to visit her. Refreshments were served by the hostesses, Mrs. Charles Fraser, Mrs. Vernon Elder and Mrs. Lester Fraser.

The June meeting of the Dundee W.I. was held last Wednesday at the home of Mrs. Earl Gardiner. The roll call was answered by the members giving a cookie recipe. Mrs. Gardiner reported having sent another 20 lb. parcel of old cotton to the Canadian Cancer Society. Interesting items were read by the conveners, beginning by Queen Victoria to help parents of triplets this bounty has now been discontinued because of red tape and child allowance. Improper school furniture might hinder school work. To locate a lost article in a well use a light or flash light in a closed glass jar sealer. To procure better prices farmers must learn how to improve their grades and how to package their products. One's personality is often told by certain mannerisms. Citizenship is important and every citizen should become aware of his own C.Q. Complacency has set in and the root of the trouble is the lack of interest displayed by the average citizen in his responsibilities. This was a statement made in a speech to the Kiwanis of Montreal by Kenneth Loheed of Toronto. The publicity report told of the christening of the National F.W.I.C. in Ottawa when the first meeting was held.

Mr. and Mrs. R. Young returned last week after a short holiday at Tupper Lake, N.Y.

Week-end guests at the manse were Mrs. Mabel Young and Mr. and Mrs. John Young of St. Eustache sur le Lac, Que.

Havelock

HAVELOCK — The Ladies' Guild met on June 2nd at the home of Mrs. George McKee with 7 members present.

It was decided that a special clean-up would be held this Monday evening at the Church.

Many small knitted articles and sewing was handed in, at this meeting.

Refreshments were served by the hostess.

On Saturday at Trinity Church, Rev. Selwood assisted by Mr. D. Rogers christened the infant son of Mr. and Mrs. Ernest Allen receiving the name David Harold. Sponsors were Mr. and Mrs. H. Allen.

Recent guests of Mr. and Mrs. F. Laurin were Mr. and Mrs. Denis Castonguay and family, Mr. and Mrs. Joe Laurin of Ste. Rose, Mr. and Mrs. G. Laurin of Huntingdon and Mr. and Mrs. C. Labelle of Valleyfield.

Mr. and Mrs. Pat Ergen of Montreal spent Sunday with Mr. and Mrs. Ross Carson and family.

Mr. and Mrs. Sprague Pettes of Champlain, N.Y., have been recent guests of Mrs. Pettes and Miss Myrtle Pettes.

Sorry to report that Mrs. Wm. Perry is at present a patient in Barrie Memorial Hospital, suffering from the effects of a fall, which happened at her home on Thursday evening.

Allen's Apple Juice Plant opend up the past week and is making Orange Juice and Grape Juice.

CIVIC PRAISE

WATERLOO, Ont. (CP) — This city's garbage and sewage are a credit to the community, says Ald. Vernon Bauman. He told city council the garbage dump "enhances the area", and the effluent of the new sewage plant "smells sweet."

Sailing the St. Lawrence...

(Continued from page 7)

the visitor then returns to No. 3 highway and proceeds via a 4-lane tunnel and some miles of road to cross the Soulanges Canal at Coteau, Quebec.

This canal is one of the 6 of the outmoded St. Lawrence Canal system which offered 14-foot depth. Paid for by the people of Canada, these canals were available without cost to ships of all nations.

On To Cornwall

The visitor then turns through a cloverleaf and proceeds via Highway No. 2 west through part of the Provinces of Quebec and Ontario to Cornwall on the north shore of Lake St. Francis. This, like Lake St. Louis, is a widening of the St. Lawrence River.

Far to the left may be seen the Adirondack Mountains in New York State. The lake, however, is entirely in Canada and it is at Cornwall that we find the river's south shore becomes part of the United States — the State of New York. The United States built 2 locks in their territory and a joining canal of about 10 miles in length. This will enable ships to proceed from Lake St. Francis into the power pool or Lake St. Lawrence in International waters.

This power pool was created by giant dams built by power entities in the Province of Ontario and the State of New York, and at Cornwall a view of the powerhouse may be obtained. Westward of Cornwall, 6 old towns have been removed and the inhabitants and many of their homes relocated in new communities on higher ground. The old communities lie under water.

Iroquois Lock and Dam

At the head of Lake St. Lawrence, the St. Lawrence Seaway Authority of Canada built the most westerly of the new Seaway locks. Here ships by-pass the Iroquois Control Dam which controls the level of Lake Ontario.

The Iroquois Lock was the first to be completed of the Seaway locks and underwent final test on November 20, 1957, with the passage of a ship. It has been in use since the summer of 1958.

Less than five years from the first blast, which took place November 17, 1954 for excavation of the channel between Jacques Cartier and Victoria bridges, near Montreal, ships sail the St. Lawrence Seaway from the commencement of the navigation season in 1959.

Costs of the St. Lawrence Seaway and Power Project will be over one billion dollars ($1,000,000,000). Costs for the navigation facilities will be recovered through tolls on shipping using the Seaway. The costs for power facilities will be paid by the users of electricity produced.

REMEMBER WHEN WASH DAY TOOK ALL DAY ?

To get enough hot water Mom started the night before. She filled all her large cooking pots, then set them out to heat on the kitchen range overnight.

She rose at dawn and began the laborious chore of ladling hot water into her big wooden wash tubs. Then followed hours and hours of scrubbing on wooden washboards, and seemingly endless turning of hand wringer and mangle.

Then Mom carried heaping wicker hampers of clothes to the outside clothes-line and wrestled with wooden clothes pegs for hours more — a truly numbing experience in zero weather.

Invention of electric washers, then electric clothes dryers, changed all that.

Today we put this versatile servant, electricity, to work — not only to do our laundry and light our homes but also to serve us in a thousand ways which contribute to our strength, comfort and prosperity.

Viewing Famous Cities

(Continued from page 9)

about trying to get some business. It gives you a creepy feeling. They are on the watch for smugglers. We took the "Limousine" into the city, which is a rattly old bus that bumped over a long barren road. Every now and then there was a bombed out stone ruin. We stayed at the Hilton Hotel. It is very modern with lovely big bathrooms. We had a nice view overlooking the otherside of Istanbul. The Bosphorus separates it. The people speak English very well.

We had just become used to the Dutch guilders when we had to start the Turkish lira. We drove through Corinth past the Ionian Sea through mountains to Olympsia which is part of Greece. The country is very green, almost tropical vegetation, we saw orange and lemon groves, rice fields and vineyards. The people along the way all wave as though they hardly ever saw a human being. The women look to be doing all the work in the fields while the men were sitting around in the villages playing cards and talking. They all ride around on donkeys.

We took a sight seeing tour of the mosques, these are dome shaped Moslem Churches of which there are 400 in Istanbul, so you can see them no matter which way you look. They have long thin columns on the side, usually one or two called minarets. There are little balconies near the top and someone stands on one of these and calls the people to church. We went inside one. It was covered with mosaic religious pictures, stained glass windows and Turkish rugs. There are no seats in the mosques. The Moslems have to remove their shoes, wash their face, hands and feet, then they kneel down on the floor.

We toured the Old Sultan's palace and I never saw so many jewels in all my life—porcelain, emeralds, rubies etc., for tourists to look at. When you see so many poor people around, it seems a shame. We also saw the famous bazaar where they sell everything from rings to rugs. We drove along the coast of the Bosphorus to the Black Sea which was very beautiful. We travelled to Athens by Air France's jet taking 2 hours and 15 minutes. We drove in from the airport along the Aegean Sea to the city. From the air we could see the Parthenon which is white columns in a rectangular shape standing by itself on top of the Acropolis.

We took a sightseeing tour of Athens, drove by the palace, but could not see it for trees. It was completely hidden, certainly not like Buckingham Palace. I guess the people allow their Royal family some privacy. We went through the Archaeological Museum which was gold and bronze art from the time of the Trojan War. Statues of the Greek Gods which are so well done that you can even see the veins in the arms and legs. It is very hot here and there are so many white buildings, that the glare just about blinds you. Athens is a very busy city, and there does not seem to be any traffic laws, buses, cars and people going in all directions.

We went to Cape Sunion which is at the southern tip of Greece. It was a two hour drive through the mountains, along the coast of the Aegean Sea. We climbed up to see the temple built for Poseidon the God of the Sea. These temples are just columns of white marble, but have such grace, dignity and simplicity. It is amazing how they have stood for 1,000 years. We drove back at sunset, the sky was pink and the sea like glass.

We had our first taste of octopus, it looks awful but tastes something like lobster. They grow olives, and strawberries grow as large as eggs. Flowers are scarce here. We toured Olympia, where the first Olympic games were started sometime around 700 B.C. The stadium is still standing with the stone slabs where the races started, also parts of the gymnasium, temple and fountains. The statues are kept in a museum.

We drove to Delphi, where they had the oracles. People used to come here to have a priestess fortell the future. There is a stadium here, with the stone seats exactly as they were, also an outdoor theatre with Mount Parnassus in the background for acoustics. It is a lovely spot, high in the mountains with pine trees all around. The weather was hot and cloudy, but quite chilly at night.

Then we took a two-day trip from Athens to Mykonos Island by boat. The buildings are all white paster and the waves wash up against the cement front. The water is green, rough and cold-looking. Mykonos is a lovely clean little island with its white buildings. There are tiny chapels all over the island and several windmills. The people bake their own bread and it is awfully coarse stuff. It is very quiet here.

We left Mykonos, Greece by plane to Rome. It is a beautiful city, everything green and flowers everywhere. We spent a couple of days sightseeing, then took a plane to London, England and in two more days to Montreal.

MORE AND MORE GROCERS SELL MORE O'Keefe

Grocers everywhere are noticing this new sales trend. Everyday more and more people are discovering mild O'Keefe Ale. Next time you order beer from your grocer, make it O'Keefe — you'll enjoy its natural mild flavour.

THE O'KEEFE MILDNESS SECRET

Ever bitten into a grape seed? It's bitter, unpleasant. Grape growers found by experiment that they could develop seedless grapes with nothing to spoil the delicate flavour. It's the same with hops.

Ordinary hops contain seeds which give an unpleasant bitterness to ale. However, O'Keefe master brewers insist on costlier "Seedless Hops"; result—there's no unpleasant bitterness, just the right, natural mild flavour.

Name Officials Federation Of Charity, Diocese Of Valleyfield

On January 20, 1959, His Excellency Percival Caza Coadjutor Bishop of Valleyfield announced the official organization of a Federation of Charity for the diocese of Valleyfield.

While addressing the "Ladies of Charity" at a banquet, His Excellency noted that numerous needs were to be taken care of, in the line of Social Welfare.

Why the Federation

The Federation is a financial service of The Welfare Council for the diocese of Valleyfield.

Its aim is to receive and administer private or public donations to the best interest of general welfare.

The annual financial campaign of the Federation, is the only modern means to face the new needs which can only be met by "Charity".

The study of those new needs shall be the principal duty of the Welfare Council. First, it will group and lay plans, in order to help all the welfare societies, within the limits of the Counties of Beauharnois, Chateauguay, Huntingdon, Vaudreuil-Soulanges. Second, it shall coordinate and develop the efforts of all the different societies involved, in view of the best results to be obtained. Third, it shall also be favorable to the best methods known to achieve the aims of the Federation and also prevent the multiplication of societies covering the same social field. Fourth, the Council shall bring light and understanding to all social problems, and consequently add more help to the already existing societies and, if needed, create new ones. Fifth, it shall provide technical information to the Welfare Agencies.

Nominations

To assure the success of the annual campaign which will take place on November 1st, 1959, it was necessary to create posts to be filled by men whose only duty should be to obtain and maintain physical support of around 2,500 solicitors, who will cover the region in search of financial help.

It is announced that Mr. Paul Desjean of Valleyfield, manager of J. O. Clermont Ltd., has accepted the charge of general President of the campaign.

Five other presidents are to join him, as follows: Mr. James J. Haffey, manager of The Canadian Schenley Ltd., Valleyfield, Paul Lefebvre, Mayor of Huntingdon, Mr. René Dupuis, Hydro-Quebec commissioner, Dr. Oscar Gendron of Rigaud and Mr. Wilfrid Chevrier, merchant of Dorion.

Mr. Léo Georges Perron, Valleyfield, manager of The Valley Paving Co., and Mr. Frank Rosar, manager of The Merck & Co. Ltd., will have the responsibility of the section called "Special Names".

Mr. Adrien Cholette and Dr. Armand Clairmont of Valleyfield, kindly accepted to preside at the organization of parishes throughout the diocese.

Chateauguay

Bobby's Summer Ruined by Careless Motorist

A youngster from the Julius Richardson School has had his summer ruined by a careless motorist. Bobby Robertson, nine years old, from Chateauguay Park, was alighting from the school bus on Thursday afternoon on Highway 4 near the Park Development when he was struck by a car. His leg has been broken above the knee and he will be in the Lachine General Hospital for the next four weeks. After that a cast will be necessary and Bobby will be laid up for most of the summer. It is alleged the School Bus driver was at fault in allowing the children to leave the bus on the wrong side of the street, but a little caution on the part of motorists would be appreciated by parents. Schoolmates of Bobby's could help him by remembering to send a get-well card to him during his long stay in the Hospital and don't forget it will be a long summer for Bobby, so drop in and say hello when he returns home.

Toastmasters International News

Monday evening, June 15th, at the Chateauguay Heights Recreation Club will be Charter night for the local chapter Toastmasters International Club.
