"The Great Location for the Manufacturer and the Ideal Home City for the Worker"

# LONGUEUIL

## Head of the Navigation

On the South Shore of the St. Lawrence River  
right opposite Montreal City

**L**ONGUEUIL is the most important City on the Richelieu Peninsula, being also the County seat of the County of Chambly, and is an important banking centre, the Bank of Montreal, Banque d'Hochelaga and Royal Bank of Canada having branches in the City.

The Municipality is up to date with public utilities, having splendid water works equipped with turbine pumping system run by electric power. The water supplied is filtered through the New York Filter Corp. System. Streets have concrete pavements and concrete sidewalks. The City has the electric lighting system under its own control throughout all streets.

Longueuil is the ideal situation for healthy homes. Water is pure and cheap, electric lighting up-to-date, and is only ten minutes from the Commercial Metropolis of Canada. The educational system is second to none in Canada, a Roman Catholic College for young men, two convents for girls and women, and large Protestant schools.

There is also a Housing Committee that lends money to people having lots, in order to enable them to build and own their own homes.

There are several industries, producing steel, cast iron and sheet metal, mostly for export. A branch of the world-known Sir Wm. Armstrong Whitworth Co., Ltd., of England, largest producers of crucible railroad car wheel tires, have an enormous plant for the manufacture of tools, etc. The Stowell Screw Co., Ltd., Dominion Engineering & Construction Co., Ltd., and many others are also located here.

Longueuil has many institutions. An important Roman Catholic College, for the education of young men, French and English, full commercial course good boarding, gymnasium: Seminary of the Presentation Brothers, two Roman Catholic Convents for the education of young women, Protestant Schools, a Hospital and Home for the old, Roman Catholic Church, Church of England, and Presbyterian Church.

Communication between Montreal and Longueuil is easy and frequent by two ferry lines and an electric railway service.

The City has also fine parks and playgrounds. The water front is most beautiful and convenient for boating and yachting, and fine residences face on the water front. Shipping facilities both by water and rail are excellent. The Delaware & Hudson Railway Company, the Grand Trunk Railway System, and the Montreal, Quebec & Southern Railway pass through the City.

Longueuil has splendid factory sites right down to the water's edge, and the Harbour Commissioners are building wharves to accommodate the export trade.

The City has an efficient Town Council, which is determined to see that every manufacturer locating in the town receives good service.

## ST. LAMBERT.

A city on the south shore of the St. Lawrence directly opposite Montreal, about two miles from the centre of the city in the county of Champlain, district of Montreal, with a population of 5,000 and growing rapidly. It is an important railway centre, with an electric railway to Montreal, operated by the Montreal & Southern Counties Railway Co., making 50 trips each way; fare of one, 20c; return 30c; ten trips \$1.00, 50 trips \$3.50. There is also an excellent train service by Grand Trunk Railway with over twenty-five trains each way daily.

The Victoria Jubilee Railway Bridge with driveway for vehicles spans the St. Lawrence here, and all trains to and from the city stop at the railway station. Several lines of railway run here, viz: Grand Trunk for points South, East and West; Canadian National for Halifax; Central Vermont for New York and Boston; Rutland Railroad for New York; Quebec, Montreal & Southern Railway for Sorel; and the Montreal Southern Counties Electric Railway. Distance to Longueuil, the county seat, three miles; communication by electric railway. ## TOWN OF MOUNT ROYAL THE MODEL CITY

Ten minutes from the heart of Montreal via the electrically-operated Tunnel of the Canadian National Railways.

Being on the Northwest slope of Mount Royal and adjoining the cities of Montreal and Outremont.

The Town is conveniently reached by automobile from Outremont by following the Cote St Catherine road to Rockland avenue, crossing the Canadian Pacific Railway Tracks. The Town of Mount Royal's territory commences at this point, or to the westward it can be reached by the Cote des Neiges road, which is the continuation of Guy street.

**Tramways**—The Cartierville Branch of Montreal Tramways crosses directly through the Town.

**Water Supply**—Water consumed in the Town of Mount Royal is supplied by the Montreal Water & Power Commission, and is moved to the residents at two and a half cents per 1000 gallons.

**Sewers**—All streets in the developed portion are laid with the most modern domestic sewage system.

**Streets**—All streets are at least sixty-six feet wide, and the main boulevards, Graham Road and Laird Avenue, are eighty feet wide. The main thoroughfares are concrete and tarvin macadam. Special attention is given to the roads in the winter months, so that at all times they are kept open and free from snow by the most modern caterpillar tractor equipment.

**Buildings Restrictions**—All residences are placed 15 feet back from the street line and must be either detached or semi-detached, must be well-built on stone or concrete foundation with substantial walls. All residences constructed to date are roofed with slate and are of

high-grade construction. No stores or flats are permitted in the residential section, but arrangements are made to take care of these on the main arteries of the Town. Outside stairs are not permitted.

**Education**—For Protestant and Catholic School purposes the territory of the Town of Mount Royal has been erected into separate school districts. The School Commissioners have built one unit of a fireproof two-story and basement school, built of brick and reinforced concrete. The classes are conducted by teachers of high scholastic degree. The Catholic education is taken care of by a new Catholic School, just erected.

**Police**—The Town is well policed by an efficient and experienced police department, assisted by a motorcycle patrol.

**Taxes**—The taxes are lower than in other well-developed adjacent municipalities.

**Recreation**—Ample parks and playgrounds have been provided. Tennis courts have been constructed, a bowling green is in course of construction. As a healthful, convenient residential district of easy access by either motor or by the especially quick service of the Tunnel, the Town of Mount Royal offers unusual inducements to those who wish to live in a quiet, well-planned and well-managed residential section where their investments are safeguarded by the best of restrictions and surroundings.

Full particulars can be obtained either from the Town of Mount Royal, telephone Main 4840, or from the Canadian Northern Montreal Land Company or the Mount Royal Housing Company, telephone Main 7418.

## WESTMOUNT, CITY OF

FORMERLY COTE ST ANTOINE

Situated in the county of Hochelaga, district of Montreal, and within the limits of the city of Montreal. This flourishing city is rapidly increasing in population, and is the favorite residential locality of the merchants of Montreal. Westmount was erected into a city by Act of Legisla-  
ture 15th April, 1906. A municipal plant lights the city with electricity, it has an ample water supply and thorough system of drainage, and the streets are well laid out and paved or macadamized. An efficient police force and fire brigade fully equipped with all necessary apparatus is maintained for the protection of the city. The Montreal Tramways Co's lines, which traverse the city, afford rapid communication with the city of Montreal. The views from the Mountain are much admired. Mail three times daily. Pop. about 19,000.
