## Distinguished Westmount Flyers

The five men shown in the above photo, taken Tuesday night in No. 401 City of Westmount Fighter Squadron headquarters, have all been commanding officers of the famed R.C.A.F. unit. Left to right are: Wing Cmdr. J. A. Reid, D.F.C., present commanding officer; Group Captain A. Deane Nesbitt, O.B.E., D.F.C., Group Captain Gordon E. McGregor, O.B.E., D.F.C.; Group Captain R. H. Foss, O.B.E.; and Air Vice-Marshal F. S. McGill, O.B.E. Photo was taken following an inspection of the squadron in Westmount Park.

## Walter P. Zeller, Westm't Resident, Heads Boys' Farm

Walter P. Zeller, of 753 Lexington avenue, Montreal, well known in Canadian commercial and financial circles was elected president of the Boys' Farm and Training School, Shawbridge, at the annual meeting held in the board room of the Canadian Pacific Railway, Windsor Station, Montreal, on Thursday evening.

Mr. Harrison in his address stressed the need for a better understanding of the role the school plays in the treatment and training of juveniles.

He also stated that the Quebec Provincial Government was becoming increasingly aware of the need for such institutions.

The objective of the school is centred about a program that will enable boys to return to the community properly trained in good work habits and social living that will bring about effective citizenship.

A grant by the Province of \$40,000 reduced the operating deficit to a net of \$4,677, William F. Shepherd, executive director, reported.

## Swimming Pool Asked For Westmount Park

Mayor Cameron's warning given in the course of his address to the annual spring meeting of the Westmount Municipal Association to the effect that taxes could not be kept down if demands for new services continued was apparently not taken very seriously by "Swimmer" whose letter asking for the construction of a swimming pool in Westmount Park reads as follows:

To The Editor,  
The Examiner.

Dear Sir,

According to a news item I read this week, Lachine City Council approved a by-law whereby a referendum will be held on the question of whether the City should proceed to build a \$250,000 swimming pool.

All property owners will be asked to vote on the matter.

It is proposed to place the swimming pool in Lasalle Park for the use of residents.

Westmount is more in need of a

swimming pool than Lachine which has its Lake St. Louis.

Verdun, a working man's city, has a swimming pool, but here in the wealthiest city in Quebec there is no swimming pool for those of us who have no country estate to spend the hot weekends.

Why doesn't our Westmount City Council take steps to construct a pool in Westmount Park, which could be utilized as a skating rink in winter?

Swimmer.

## Colorful R.C.A.F. Ceremony Held in Westmount Park

At a colorful ceremony staged in Westmount Park on Tuesday evening, Group Capt. Gordon R. McGregor, O.B.E., D.F.C., president of Canada Airlines, was made an honorary wing commander in No. 401 City of Westmount Fighter Squadron, R.C.A.F. Reserve, the unit he formerly commanded.

The newly appointed wing commander inspected the 300 officers and men of the squadron with their kilted pipe band in attendance as hundreds of spectators looked on.

Among the prominent citizens at the ceremony were Mayor J. S. Cameron of Westmount, Air Vice-Marshal F. S. McGill, O.B.E., a former commanding officer of No. 115 Squadron; Group Captain A. Deane Nesbitt, O.B.E., D.F.C., also a former commanding officer of Squadron 401.

## R.M.R. Church Parade Sunday

The Royal Montreal Regiment is holding its annual church parade to St. Mathias Church, Westmount on Sunday.

The Examiner has been asked by a member of No. 14 Branch Canadian Legion to request that members should make it a point to turn out with the regiment on this occasion.

It is pointed out that the presence of older vets on such a parade is an example to young soldiers of the regiment and to the cadets.

Ex-members of the regiment are also asked to turn out if for no other reason than to renew old friendships formed during the war and to talk over old times after the parade.

## Fire Chiefs to Watch New Pump Machine in Westm't

The Westmount City Council and fire chiefs from several Greater Montreal municipalities will be on hand to witness a demonstration of the newest fire pump, recently purchased by the City of Westmount.

Claimed to be the latest model in Canada, the machine was shipped from Toronto yesterday, and will be demonstrated at the Light Department Pond, Glen Road, on Tuesday afternoon.

## Mayor Cameron Reviews History of Westmount

At the request of Williard C. Beamer, of 731 Upper Belmont, Westmount, The Examiner is pleased to publish the first part of the address on "Westmount," delivered by Mayor J. S. Cameron, to members of the Westmount Municipal Association, at the annual spring meeting held last week.

The part of His Worship's paper, dealing with the finances and the workings of the various municipal departments, appeared in last week's issue.

Mr. Beamer, however, states that many residents have expressed the wish that Mr. Cameron's historical sketch of the City, which is extremely interesting to citizens

generally, should be given wider publicity, especially as it will be of value to newcomers to Westmount and to the younger generation, who probably know more about distant cities than they do of their own birth place.

Mayor Cameron prefaced his address, by thanking J. W. Weldon, K. C., City Attorney, for having furnished him with much of the material concerning the early history of Westmount.

The period covered by Mr. Cameron in his remarks, runs from 1874 to 1914. Westmount eventually emerged as a city in 1908.

The text of Mayor Cameron's address is as follows:

The City of Westmount began its municipal career on the first day of January 1874 as the Village of Notre Dame de Grace. Its Charter took the form of Letters Patent issued by the Lieutenant-Governor-in-Council on December 9, 1873, under the authority of the old Municipal Code which, incidentally, was dated 1870 and was applicable January 1, 1874. The village territory comprising 5,954 arpents (more than 5,000 acres) on the southwest border of the City of Montreal was carved out of the old Parish of Montreal in the County of Hochelaga.

The name and status of the municipality were changed by successive statutes in the first thirty-five years of its life.

It became the Village of St. Antoine in 1879.

The Town of Cote St. Antoine in 1890.

The Town of Westmount in 1895.

The City of Westmount in 1908.

Of the original surroundings "the lands of the Municipality of Cote des Neiges" on the north, and "The City of Montreal and part of the property of the Gentlemen of St. Sulpice" on the east, still mark the limits of Westmount. The other landmarks, "the little Cote Antoine Rd., and the Tanneries," have disappeared without a trace but must have been on or near the present boundary along Atwater Avenue.

On its two other sides the village territory went far beyond the present limits of the City, extending westerly to the municipalities of St. Laurent and Lachine, and southerly to "the little lake below the lands of Coteau St. Pierre." This extended area, comprising more than four-fifths of its territory, was detached from the village in 1876 to form part of a new municipality incorporated by statute as the Village of Notre Dame de Grace West.

In the same year the Village of Notre Dame de Grace obtained statutory authority to have a plan prepared to show its territory and the lines of its streets and projected streets for ratification by the Superior Court. The plan was ratified on the 9th day of June 1880 and showed the municipality, then the Village of Cote St. An-

## Attendant Grads Hold Exercises In Melville Hall

The spring graduation exercises of The Trained Attendants Association of Canada, was held in Melville Presbyterian Church, Westmount. The Rev. C. C. Cochrane, minister of the church delivered the main address to the graduates.

Dr. W. W. Mingie also took part in the exercises and congratulated the members of the graduating class.

The Trained Attendants Association is a non-profit organization and was brought into being to assist in meeting the nursing shortage during the war.

Sixteen members of the class graduated and received their diplomas.

## Officers Named For King's H-S

Mrs. R. G. Reid was elected president of the King's Home and School Association, Westmount, at the annual meeting held recently.

Other officers elected at the meeting were: R. S. Robson, vice-president; Mrs. B. M. Adair, second vice-president; A. L. McLaurin, treasurer; Mrs. A. G. Buckmaster, recording secretary; T. J. Kennedy, corresponding secretary; Miss M. White, teachers' representative, and Mrs. A. G. Chesmer, past president. Frank Sharpe is an honorary executive of the association, being principal of the school.

W. C. Hankinson of the Canadian Broadcasting Corporation was the guest speaker of the meeting, and spoke on the importance of radio in the school.

## Director Asks Motorists To Avoid Traffic Tie-up On Sherbrooke Street

Police Director Robert Byford requests that all Westmount motorists consider the present traffic tieup between Greene and Atwater avenue on Sherbrooke street.

The Director said that Tramway officials claim the street will be closed to Eastbound traffic starting Monday, while at the present time the Westbound traffic must detour once it reaches Atwater avenue.

He said that it was up to the motorists to pick other byways for the time being to alleviate any bottleneck of traffic during the rush hours.

# Scouting Around

with REG. GROOME

Peanut Day 1950 is coming up just about one month from now . . . the date is June 10th . . . Saturday, of course . . . and we hope every Scout, Cub and Scouter in Westmount district will get right in there and work. Remember, the object of the Peanut Day is to keep the cost of camping at Camp Tamaracouta, Camp MacAuley and the Venture at a minimum. So, by working hard on Peanut Day, you are thus enabling yourself to enjoy camping below the actual cost. Keep the date in mind, Saturday, June 10th.

### Trinity Memorial Pack

Twenty-seven cubs attended Monday's meeting of Trinity Memorial Pack. Sixer Graham Martin led the opening ceremony and Grand Howl. Teddy Gosse was presented with his First Star (having completed his tests last meeting) and Norman Price was appointed Second of the Brown Six. During instruction the following tests were passed:

Second Star First Aid, Ronald Leadbetter; Union Flag, Jack Witcher, Raymond Impey; Knots, Edmond Bergeron; Somersault, Edmond Bergeron, Brian Jackson; Hopping, Edmond Bergeron; Skipping, Herbert Doyle, Gilbert Cooke; Time, Brian Jackson.

The red six won the competition of the evening and Graham Martin was presented with the pennant. Paavo Wright—please return the six competition trophy next meeting without fail. The following cubs have returned their registration slips for Camp: Peter Lindsay, Brian Hutchinson, Graham Martin, Herbert Doyle, Norman Price, David Shaw, Gordon Smith, and Edmond Bergeron.

### Montreal West

The "very special something" at the Montreal West Wolf Cub Pack meeting last week was the recording of the highlights of a pack meeting and an outline of Cub qualifications. Akela Vern Crowley gave the introductory remarks and turned the "mike" over to Pack Sixers. Sixer Roger Fox explained the Duty of a Wolf Cub, Sixer Ed. Humphrys recorded the First Star Tests, and Sixer Peter Gallop led the entire pack in the Grand and Whisper Howls. Various Sixers and Seconders introduced themselves, and Cub silence was observed. The record is remarkable for its clarity, and may later be given over radio station CJAD on the Scout Programme.

Instruction continued in Wolf Cub lore and knowledge under the

direction of Cubmaster Crowley and his co-workers Mrs. E. A. Edson and Messrs A. D. Nickerson, Geo. Mason, A. D. Hayman, and Eric Brueton. The Green Six won the inspection award.

toine, to have the same area and the same metes and bounds as the present City of Westmount.

In the seventy-six years of its existence, the municipality has been administered under the authority of three public or general provincial acts — the Municipal Code, the Town Corporation Act and the Cities and Towns Act, (in successive re-enactments) —, while its particular Charter powers have been extended, repealed, renewed, consolidated or amended by seventeen private acts.

Then follow a list of the statutes, of which I shall take time to read only two or three—

December 1876—Authorizing the homologation and opening of streets and preparation of a plan of the Village.

October 1879 — Changing the name to "Village of Cote St. Antoine" and empowering Council to supply water and sewers.

July 1888 — Authorizing commutation of taxes on the M.A.A.A. property at \$100,000 per year if no spirituous liquor is sold thereon.

April 1890—Changing the name to "Town of Cote St. Antoine, with new Charter under the Towns Corporation Act and empowering the Council to establish building lines on private properties and to require all wires to be laid underground.

1893—Provide for street railways and free libraries.

1895—Changing name to "Town of Westmount" and authorizing installation of gas and electricity plants. Another Act in 1895 authorizing the Council to regulate the sale of milk and foods, the use of bicycles, to pave private lanes at the expense of proprietors, to prohibit terraced dwellings above the level of Montrose Avenue and exempting the property of McGill University from taxation.

1908—Incorporating the City of Westmount with four wards and two councillors for each ward, besides the Mayor.

1912 — Abolishing wards and establishing a Council of Mayor and five Aldermen, forbidding commercial establishments on a part of Sherbrooke Street, granting the vote to tax paying companies and authorizing a referendum on any question of public interest.

1913 — The Municipal Council passed a By-Law establishing the Office of General Manager as the Chief Executive Officer of the Corporation. At a later date this provision was also included in the Cities and Towns Act, Westmount being the first Canadian city to establish the Office of General Manager.

1914—Authorizing expropriation of part of McGill University property for a water reservoir, empow-

### Boys' Department

Swim Schedule: During the month of May and part of June, swimming will be at 5 p.m. for Juniors, and 5.30 for Intermediates and Seniors. Saturday mornings at 10.00 there will be baseball, followed by a general swim at 11.00 for Juniors and 11.30 for Intermediates.

Tom Sawyer was played by Brian Casey, Huckleberry Finn by Ronnie Taylor; other players in full dress were Edgar McDougall, Charles Casey and Johnny Roche. The play was excellent, and the boys acted remarkably well. Following the play other members of the club, headed by Peter and Donald Casey, put on their version of "Fun Parade". They were assisted by other members in the club, Patrick Davis, David Taylor and Pepper Young. Included were stunts, from imitating a car taking a sharp curve to singing a song. After a summary of the year's activities by the secretary, refreshments were served for club

members and their parents. The club certainly had a successful year.

Movies: On Saturday afternoon at 1.15 p.m. the movie "Treasure Island", starring Wallace Berry and Jackie Cooper, will be shown. It is a grand children's adventure movie, and it will be well enjoyed.

## Kinsmen Coaster Classic, June 17

The biggest and best Kinsmen Coaster Classic ever staged in Montreal is scheduled for Saturday, June 17, at Fletchers Field on Duluth Street.

More than 100 boys are expected to enter the event. Out of town entries have been received from Three Rivers, Lachine and Sherbrooke.

The rules stipulate that boys must build their own racers but Kinsmen will visit the homes of entrants in order to pass along any information that may be needed.

### To Inspect Cars

Every car entered in the race will be inspected before being allowed to go to the starting ramp. Brakes must be capable of stopping the car with safety. Every car will be examined for rough edges and all cockpits must be properly protected.

The combined weight of the racer and the boy driving it cannot exceed 250 lbs. Boys who have built racers in the past have found that while a heavier car will pick up speed faster, a lighter car will get off to a quicker start.

A host of prizes have been secured for all entrants and there are several special awards. The winner of each division will receive a bicycle and the driver of the fastest car on a clocked speed basis will receive the beautiful Birks championship trophy.

Entry forms and additional information may be secured by writing to P.O. Box 915 Place d'Armes.

### A TRIBUTE WELL DESERVED

St. Leo's Academy will be jammed tonight. For this is the day of the Clarke Avenue institution's tenth annual boxing show and these affairs always manage to attract a capacity throng.

All of that, of course, isn't world-shaking news by any means but it brings to mind that fact that there's a hard-working individual at St. Leo's who has been doing a terrific job for many Westmount youngsters in the realm of sport with very little in the way of public praise to reward him for his efforts.

The man is, of course, Andy McGillis and he's not the type to seek adulation. His satisfaction lies in the knowledge that as athletics director of St. Leo's, a post he has held for some years now, he is doing a great deal — through sport — to make many Westmount youngsters know the full meaning of loyalty, perseverance, self-sacrifice and team play.

Andy has done, and is still doing, wonders with the boys who sport the red and green. St. Leo's has a very small enrolment and you would expect a limited sports programme.

But anyone at all familiar with the picture there — and this is a fact admitted by his confreres in other schools throughout the island — will tell you that St. Leo's has a programme second to none. Andy's teams manage, despite tremendous handicaps in the way of reserves, to win more than their share of championships. Win or lose, St. Leo's teams play it hard and clean. They're an asset to any league.

But St. Leo's isn't content with participation in inter-school leagues. The institution's intra-mural programme gives every boy in the school who has the desire and opportunity to participate in some form of athletic activity.

This is particularly true when the hockey season rolls around and a full quota of St. Leo's teams enter the various leagues organized by the City of Westmount Recreation Department.

Andy will be very much in evidence tonight as the lads he has trained display their knowledge of the manly art in competition with young boxers from some of the leading fight clubs in the city.

Mr. McG won't like me for suggesting this because he's the type of man who prefers to remain in the shadows while others grab the headlines, but I'd like to put forth one little idea with the hope that someone connected with St. Leo's will do something about it.

The idea is merely this: An Andy McGillis night. It'd be quite an occasion for a reunion for some of the great athletes who have passed through Andy's hands. And it would be only the just due of hard-working, pipe-smoking Andy McGillis.

bers, who also have an opportunity at their meetings to discuss their editorial problems.

Founded in 1942 as the Canadian Association of Personnel Publications, with 12 member companies, it affiliated with the Ontario Chapter of the Association under its present name in 1946.

The National Council of Industrial Editors represents the total Canadian membership of some 85 companies at the International Council of Industrial Editors which has a world-wide membership of approximately 2,000. Readership of industrial publications in Canada alone is estimated at two million each month.

The meeting was held in the Boy Scout Headquarters, Bishop street, at which time Mr. Leahey stated that the reasons for the "tag day" are to keep down the cost of camping for the boy, and to give the Scouts and Cubs a chance to do the Association a Good Turn in token return for the benefits they derive from membership in the Scout Movement.

## Modern Offices Attracted Business Rotarians Told

"Modern offices tend to bring more business", Harry J. DeLuca told members of the Westmount Rotary Club at their luncheon meeting Wednesday.

The speaker made this as only one reference to his talk, which he said, "was directed at those business and professional men who do not want to go to their office on a Monday morning."

Pointing out that twice the amount of time is spent in the office than at the home, Mr. DeLuca said it is important that a man consider his office a place to live in, and therefore to make it as pleasant as possible.

Mr. DeLuca was critical of dark colored desks and walls, stating that they were bad for the eyes as well as being more drab to look at for the average office employee. He also said that people who have private offices should have curtains or drapes on the window, and an easy chair in which they could relax at least twice a day.

"All this will do wonders in helping you at the daily job," he said, "for it has been proven that the better working conditions of this type, the better the output and attitude towards work."

He said that the new office desks, chairs and tables were not thrown together as a standard size any more, but that they were designed for the individual job so

## Investment Group Meets Under Chairman G. R. Ball

Gordon R. Ball, general manager of the Bank of Montreal, who resides at 1 Braeside Place, Westmount, and who was recently appointed by Hon. D. C. Abbott as chairman of the Advisory Committee on Overseas Investment, presided at the first meeting of the committee held on Monday.

Following the meeting Mr. Ball said "Our job is to try to encourage Canadian overseas investment as an aid to the expansion of Canadian trade".

Mr. Ball also pointed out that one of the objects of the committee was to try to secure a better balance of trade as between the sterling and United States dollar areas.

The committee of which Mr. Ball is chairman is made up of representatives of business and finance across the Dominion.

"We are trying to approach the problem in a practical way" Mr. Ball said. "It seemed to the committee that as a first step it would be most useful to draw on the experiences of Canadian firms which have already made direct investment in overseas productive facilities, or which have overseas investment programs under contemplation.

A questionnaire will shortly go out to a representative list of such concerns", the chairman added.

"The answers we receive should be exceedingly helpful in providing

GORDON R. BALL

a basis for an analysis of present difficulties, and for consideration of steps that might be taken toward the removal of these barriers".

He drew attention to the many varied activities being carried out among the youngsters under the auspices of the club, and reported that 14 new members had been brought into the organization during his tenure in office.

The annual campaign for funds is now in progress, with the proceeds going to operate the Brome camp and the Point St. Charles Club. Mr. Brewer expressed the opinion that the campaign would again be a great success.

At the close of the meeting, the retiring president was presented with the past-president's diamond pin as a token of his service to the organization during his term of office.

## Burial Service for Pets New Idea in Cemeteries

Westmount owners of pets will be interested in the newest cemetery in the metropolitan area, which is located near the Indian village of Caughnawaga.

The cemetery will be for pets only, and an outlay of from \$15 to \$45 will ensure a respectful funeral for your pet dog or cat, although the owner, Mrs. Davidson, says she is prepared to handle any burial, from that of a canary to a riding horse.

Mrs. Gratia Davidson, who lives at 1166 Mackay Street, Montreal, states that when one of her dogs died last year, she discovered that the only means of disposing of the body was through the city police, who call in a rendering company which has a contract with the City, to pick up all dead animals and cremate the corpses.

This impressed Mrs. Davidson as very cold blooded, especially as her dog had practically become one of the family.

She decided that there must be many pet owners here who felt the same way about the disposal of dead pets, and she made a trip to Toronto to find out about the operation of a cemetery for pets which is established there.

On her return, she located a suitable site near Caughnawaga, and has signed a long term lease with the owner, an Indian resident by the name of Thomas Lahache. The lease has been approved by the Mines and Resources Dept. at Ottawa, so the cemetery will not have any trouble from prospective builders.

The first pets were buried during the past winter. When an animal dies, Mrs. Davidson's service looks after all burial arrangements, much as a regular undertaking establishment does.

The body is picked up in a special basket, laid out in a box of the right dimensions which is covered

PET CEMETERY

with material on both sides. Owners and friends may attend the burial service and a burial certificate is provided if requested.

Monuments of different sizes are available, with whatever inscription the owners desire. The service also includes flowers planted over the grave for one year or longer.

Prices range from \$15 to \$45, depending on the size of the monument.

Mrs. Davidson says that practically all of the people who have had their pets laid away, have put the animal's favourite articles in the coffin — an old ball, a rubber bone, an old shoe, a collar or a rubber mouse.

## Registrations Early for YMCA Kamp Kanawana

R. D. Locke, Director of Kamp Kanawana, the YMCA boys' camp in the Laurentians, announced this week that registrations for camp are coming in earlier this year than during any previous year.

Any parent who is planning to send his boy to camp this summer is advised to make application early to avoid any disappointment.

Mr. Locke commented on the very high percentage of old campers who were returning to camp this year.

Among the important changes in the camp this year is a new swimming dock. This dock will have a solid cement foundation, and is of a modern design which will guarantee maximum safety for all swimmers.

Another important change is the innovation of electricity, which will be used in the modern sanitary camp kitchen and for pumping filtered water throughout the camp.

The staff members returning to camp this year will include Clair Buckley, director of the Senior Section; Bob Moffat, director of the Junior Section; Ralph Erskine, Bantam Section director. "Ma" Cameron, who has been camp chef for the past 13 years, will be back at the camp again this season. There will also be a full-time doctor and nurse in attendance at the camp.

The camp season this year opens on July 1 and closes August 26.

## Crossing Guardians Needed Experiment Working Well

Norman T. Dawe, Personnel Officer for the City of Westmount, is looking for Crossing Guardians.

Mr. Dawe states that it has been found hard to recruit the necessary personnel to man the crossing points adjacent to schools, and at the moment an additional guardian is urgently required.

The experiment of having guardians guide the children across the intersections has been very satisfactory, Mr. Dawe said.

Especially must it be borne in mind that each guardian employed relieves a police constable for other duty, and at the same time puts into service another radio car which would be parked at the curb if an officer was employed looking after the children.

In Toronto, Mr. Dawe added, a force of 150 guardians are employed and they have formed their own Brotherhood there.

Westmount has had four guardians during the past months stationed at the following points:

Roslyn and Western Avenues to look after children from King's School, Lansdowne and Sherbrooke, for King's and Junior High Schools, Cote St. Antoine and Roslyn Avenue which takes care of pupils attending Roslyn School, Western and Clarke Avenues, for St. Leo's, St. Paul's, Queens, and Junior High Schools.

The job of acting as crossing guardians is suitable for men or women who have some spare time during the day. Hours of duty are: 8:30 a. m., to 9:00 a. m.; 11:45 a. m., to 12:15 p. m.; 12:45 p. m., to 1:30 p. m., and 2:30 p. m., to 4:00 p. m.; five days a week.

The remuneration is a flat \$40.00 per month and no deduction is made for holidays. The term runs for 10 months with a two month lay-off during the summer.

In Toronto, Mr. Dawe said, it has been found practical to employ janitors of neighbouring apartment buildings who augment their income by taking on the crossing guardian part-time job.

A cap, raincoat, and white harness is provided each guardian, besides the stop and go sign which each guardian is equipped with.

Applicants are requested to submit a certificate from their own family physician or, if they desire, the City Medical Officer will examine the prospective guardian at no expense to the person applying.

Men and women on pension are very suitable for guardians and the extra money earned may be useful to such persons.

No hard work is entailed in fulfilling the duties, but of course it is essential that the guardians are on the job at the hours stipulated.

Any one who would like to take on this work is asked to contact Mr. Dawe at the Westmount City Hall.

It is not necessary that the applicant should be a resident of Westmount, Mr. Dawe stated.

## LETTERS to the EDITOR

Letters are reproduced exactly as received as a public service. The paper does not accept any responsibility for them.

In The Examiner of April 21st, a letter was published from "Perturbed" asking what the City Council of Westmount is doing about the formation of a Civil Defence Force.

The same correspondent has followed up his first letter with another in which he draws attention to an address given by Commander Stokes-Rees on Monday to the Rotary Club of Montreal.

The Commander in his speech criticized the lack of preparedness in the terrible fire which happened at Rimouski over the weekend, and referred to the cluttering up of the roads by curious motorists who impeded the work of those fighting the fires.

He also spoke of the looting which had occurred and made the point that if a civil defence force had been in existence that perhaps much damage and suffering would have been prevented.

"Perturbed's" letter reads as follows:  
The Editor,  
The Examiner.

Sir,  
You were kind enough to publish my letter in your issue of April 21st, regarding the need for the creation of a Civil Defence Organization in Westmount.

The terrible holocaust which has happened at Rimouski, must surely have caused many people to stop and think that if this could happen to a town in time of peace, what would happen in the event of an attack by an enemy.

Unhindered as they were by the presence of an enemy the fire fighters at Rimouski were apparently powerless to prevent most of the town being wiped out.

According to report there was no organization of effort and no provision for relief of the homeless.

Also according to the quoted remarks of Commander Stokes-Rees in his address to the Montreal Rotary Club here on Monday, some looting took place and the roads became clogged with traffic, thus preventing rescue workers from getting to the scene of the tragedy.

Commander Stokes-Rees pointed out the pressing need for a disciplined force which could be called out in such emergencies and which at the same time could

"The medical profession feels that a centre of this kind will contribute materially to the basic research work on multiple sclerosis, which is being conducted at the Montreal Neurological Institute," the announcement added.

Dr. Donald McEachern, head of the neurological services at the Montreal Neurological Institute, is director of the centre.

I wish again to urge our City Council to waste no time in setting up a Civil Defence Organization so that at least we will have a disciplined body to act in an emergency, war or no war.

## Marler Avoids Question On Leadership Plans

George C. Marler, addressing a dinner meeting at the Reform Club on Tuesday evening gave no indication as to whether he will be a candidate for the Liberal Party Leadership in Quebec at the forthcoming convention of the party being held in Quebec City on May 19-20.

The dinner was given in his honour by the women's Liberal associations of St. Lawrence-St. George and Westmount-St. Antoine constituencies.

He again stressed that delegates to the convention should not make any advance promises, but should go to Quebec with a free mind.

## St. Mary's Drive Successful Says Chairman White

R. S. White, of 1 Murray Avenue, Westmount, well known as chairman of publicity for the Westmount Municipal Association, who has been general manager of the St. Mary's Hospital Campaign, told canvassers and committee members on Monday night at the final rally held in the Windsor Hotel that a total of \$112,565 or 95.4% of the objective of \$117,964 had been collected from all sources.

Mr. White said that he was optimistic that other canvassers "still in the field" in a last ditch attempt to push the drive beyond the quota would be successful.

The final figures given at the rally were: parish division (Montreal's 27 English-speaking Catholic parishes) \$52,461 collected of the \$50,000 objective; industrial division, \$26,734 collected of the \$31,500 objective; men's special names division, \$29,760 collected of the \$33,000 objective, and women's special names division, \$3,610 collected of the \$3,500 objective.

J. J. Gallagher, president of St. Mary's Hospital, said that the campaign had been particularly difficult because of the many campaigns which have been conducted this year. He said that there had been as many as 35 other drives besides their own.

He paid tribute to the splendid work accomplished by the committee and canvassers.

E. F. King made an appeal for increased membership in the organization and said that St. Mary's Hospital was the only one in Montreal devoted to Montreal's English-speaking Catholics.

Mr. White expressed thanks to the campaign secretary, Miss Gerry Brown, and to the backbone of the campaign, the canvassers.

He strongly criticized the Duplessis government which he said had "no financial policy and foresight... no sense of responsibility to the people."

### THE FACTS—From another B of M customer...

## "My Bank"

## helped us pay for Tommy!

Tommy won everyone's heart—but he couldn't charm away the hospital bills. I was a student-vet taking pharmacy. My DVA cheque and a part-time job were my only resources, and our family savings had gone into the down-payment on our house.

So I put my problem to the manager of our B of M branch—we had a small savings account there. Asked him for a loan of \$200. I wasn't too hopeful, but he agreed to the loan on the spot. Knew I had a steady income and always paid my bills. Repayment was spread out over two years—just \$8.34 a month.

And that's only half of it. Later on, "My Bank" advanced me another \$100 to meet dental bills, and even merged the loans... still keeping my monthly payments at \$8.34.

I received another much-needed loan before graduating. Then I got a good job in my home-town, sold the house at a profit and paid off what was left of the loans. That's

how I began my career with a solid bank balance behind my family.

Thinking it over later, I couldn't help but write my old B of M manager... "Once more I wish to thank you for your confidence and financial assistance during those trying years at University. You have proved to me that the Bank of Montreal is truly 'My Bank'."

A personal loan from the Bank of Montreal costs you only six per cent interest—27 cents a month per \$100, when repaid over 12 months. Every year, tens of thousands of Canadians borrow from the B of M for all kinds of useful purposes.

Do you need money? ... If your proposition is sound, there's money for you at the B of M. Provided you are in a position to repay your loan out of regular income, we are in a position to lend you money. Remember—when you ask for a loan at the B of M, you do not ask a favour.

*Hollywood*

**By JACK HIRSHBERG**

\*\*\*\*\*

HOLLYWOOD, May 11 — Some years back I did a yarn about the peekaboo bob and the girl behind it, a Montreal-educated lass named Constance Keane. Signed by Paramount, she skyrocketed to fame on the wings of a highpowered publicity campaign which took her out of the Hollywood nebulae and shoved her onto the front pages in short order. The studio changed her name to Veronica Lake, shot some busy photos of the lady, and proclaimed the birth of a new star.

You may recall my story in The Montreal Standard, for it raised quite a commotion. Seated at a studio luncheon table, Miss Lake blandly told me a tale she subsequently repeated to a Life reporter and other writers. She said she had been a pre-med student at McGill University. She further stated the dean of medicine had taken her hand in his and predicted for her a great future as a doctor.

★ ★ ★

I printed Miss Lake's remarks — as did Life, at a later date. And then the fur began to fly. McGill reported in some annoyance that neither Constance Keane nor Veronica Lake had ever been a student on the campus. The University demanded a retraction. Miss Lake hopped a plane from Hollywood to Montreal, smiled sweetly at Principal Cyril James, and told him she had never made any such statement. She insinuated I had invented the whole shebang.

This made me look like a counterfeit penny, and I was slow to forgive Miss Lake for the deception. Since she repeated the identical fabrication to Life and other publications, my own honor was eventually satisfied. Strangely, however, Miss Lake seemed unwilling to let the matter die. At a later date, for some reason I have never fathomed, she attempted to have me removed from a writing job in Hollywood. In this attempt she failed.

★ ★ ★

Despite the above itemized treatment, I find no joy in reports of Miss Lake's current financial difficulties. She has not made a movie in two years and is finding it impossible to get a part

in pictures. Her mother sued her for support, claiming she once fed the entire Keane clan on six dollars a week just to buy drama lessons for Veronica. Now a finance company has repossessed her automobile because of the star's failure to maintain payments. It is reported that her home, a rambling rancho in Chatsworth, is to be foreclosed by holders of a first mortgage which defaulted last September.

Few tears are being shed for Miss Lake in her present difficulties, but I think she rates a hatful of sympathy. From near poverty she ascended overnight to a salary of \$1,000 a week. Of this sum she was unable to save much, and there is a hint of unpublicized pressure sources draining a heavy percentage of her income. Whatever the truth, Miss Lake today is in a position she does not enjoy. The glamour is past, the autograph hounds remain but a memory, the future is uncertain. If she manages to pay her creditors and start anew in films, it is to be hoped she will demonstrate a loyalty and consideration to her colleagues which until now has been sadly missing in her makeup.

Miss Lake was not very farsighted in her treatment of press or co-workers. But, then, perhaps this was just because her hair got in her eyes.

**Bowling Banquet**

**Annual Event at LaSalle Golf Club Voted Success**

By OLIVER TOWNE

Approximately fifty employees of The Monitor Publishing Company, publishers of The Guardian, The Monitor and The Examiner, gathered in the spacious hall of the LaSalle Golf Club last Thursday evening. The occasion was the company's annual Bowling Banquet and, as in past years, a gala evening of festivities and dancing was enjoyed by all.

Brief remarks were made, after the tasty turkey dinner, by the President of the company, H. E. McCormick; by the General Manager, H. B. Houghton; Advertising Manager, H. V. Stoddard and H. G. Phillips, manager of the Verdun Guardian. Presentations of numerous awards and prizes followed, among them being the awarding of The Monitor Trophy to the winning team over the season's bowling, The Commercials, captained by Alf McKanick and including Miss Pearl Howard, Paul McCaffery, Harry Houghton, Jim Ritchie and Bernie Tingle.

The "H.B.H." Monitor Play-Off Trophy, awarded to the team win-

ning the post-season playoffs, went to The Monitors, captained by Brodie Snyder, Jr., and including Miss Ruth Webster, Miss Lucy Beauchamp, Reg. Groome, Ernie Dalgleish and Al Laurendeau. Other presentations made included such awards as season's high single and triple, gross and net, for men and women and special

gifts of appreciation to Tom Carter, league secretary and Alf McKanick, both of whom combined to produce the weekly news bulletin.

Tribute was also paid to Miss Pearl Howard, league treasurer and to Mr. McCormick, who donated prizes for weekly high scores throughout the season. By way of creating some extra fun, several of those present received prizes for such things as "No beefing all season" . . . "Expert Marking" . . . etc. Following the dinner and the presentations, entertainment and dancing was the theme of the evening. Al Laurendeau turned in a sparkling performance on the piano and Ernie Dalgleish shone in the vocal field. All in all, it was a typical Monitor party . . . lots of good food and fun for all.

**CHILD HIT BY WAGON TREATED FOR BRUISES**

Seven-year-old Robert McLean, 2112 Claremont Avenue, was taken to the Homoeopathic Hospital at 10 a.m. on Saturday for treatment for a bruised right knee and both feet by Dr. Griffith.

The child was taken to hospital by radio patrol car for examination following being hit by a horse-drawn milk wagon at Claremont and Winchester Avenue while crossing the street.

Bing Crosby reported to Paramount Studios this week for pre-recording of the songs he will warble in his next production, "Mr. Music." Charles Coburn, Ruth Hussey, Nancy Olson and Robert Stack also appear in the musical.

It takes nature 18 to 20 years to develop all the bones and muscles of our feet. And then we walk all over them.

**TOM GARD'S NOTE BOOK**

Our new neighbours moved in yesterday and we had fun watching them start immediately to fix up the interior to suit themselves. With the house shortage being what it is, I didn't think it would take long to find a tenant. I have met the man of the house, "Red" Breast, but not his good wife—she was too busy! The two robins must have liked the shelter I put up for them in the early spring as they have decided to stay.

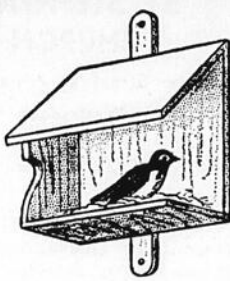

Most of our feathered songsters will be returning soon and looking for a nesting place. Help ease their housing problem by building one or two of the houses illustrated. Weathered wood without paint is a satisfactory building material. It's wise to stay fairly close to the dimensions as given in the booklet "Around the Home".

**Doorways**

Does your doorway extend a welcome? It's a most important feature of the home that can be made very attractive by an arrangement of flowering shrubs for summer, ornamental evergreens for winter effect, and climbers. Perennial plants are best for the man who owns his property, annuals for the one who rents.

**Rock Gardens**

I spent two enjoyable hours in The Botanical Gardens last week admiring their beauty, listing some of the plants that are in bloom even at this early date, and getting some ideas for rock gardens. When asked what can be done with a sloping bank my usual suggestion is to build a rock garden. When carefully planned and executed, it's a decided asset to your property. You'll find directions and a list of plants that can be used in the booklet "Around the Home".

## NEWSPAPER AND ADVERTISER

### Relationship Not Always Understood

The relationship between the newspaper and its advertisers is as important to the newspaper reader as it is to the publisher. Newspapers are sometimes unfairly accused of being subservient to the advertisers who provide the revenue upon which the newspaper exists. This erroneous impression has been gathered because the average person knows that the newspaper must have advertising to exist, and therefore if he happens to be of a suspicious turn of mind, he concludes that the advertiser must set the policy of the newspaper.

Not only is such a suggestion untrue, but it is unfair both to the newspaper and to the

advertiser. Practically every publisher will tell you that few merchants ever attempt to dictate the policy of the newspaper. They may express opposition to some stand the newspaper has taken, but few would go so far as to threaten the newspaper with withdrawal of business, if that policy was not changed to conform with the wishes of the advertiser. The successful merchant is usually successful because he is an honorable man, and few would stoop to the level of threatening a newspaper because its publisher had different ideas on a given question than the advertiser.

The relationship between the advertiser and the newspaper is similar to that which exists between a merchant and his customer, only in this case the publisher is the merchant and the advertiser the customer. The advertiser purchases space in the newspaper because he has a story to tell the readers of the paper. He uses advertising as a legitimate means of drawing custom to his store. If the newspaper continues to provide the service required and adequate returns for the investment the merchant continues to advertise. When he feels he is not getting that value he ceases to advertise. That too is the relationship which exists between any other merchant and his customer. So long as the customer feels he is getting good value and service from the store, he continues to be a customer. When value and service cease he takes his trade elsewhere.

### Christian Science

"Mortals and Immortals" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday.

The Golden Text is from Romans 8:5 "They that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And, behold, there was a woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself. And when Jesus saw her, he called her to him and said unto her, Woman, thou art loosed from thine infirmity. And he laid his hands on her; and immediately she was made straight, and glorified God." (Luke 13: 11 to 13.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"Jesus never asked if disease were acute or chronic, and he never recommended attention to laws of health, never gave drugs, never prayed to know if God were willing that a man should live. He understood man, whose Life is God, to be immortal, and knew that man has not two lives, one to be destroyed and the other to be made indestructible." (Page 369.)

### Montreal Truth Centre

At the usual weekly service of the Montreal Truth Centre on Sunday evening Dr. Margaret Davies Edwards, leader and minister, gave an address entitled, "What Is This Power Within?" She stated that man, by linking up with the Divine "Power-House" could become as an impregnable city against which the storms of tribulation could beat in vain, and that he can establish within himself an inner sanctuary of peace.

An ambitious tree planting program has been undertaken by Chinese communists. **The Clean-Up Campaign**  
 By Rev. Canon R. Kenneth Naylor, Rector of Trinity Memorial Church

It is not a Biblical saying nor was it a very popular idea in the early church that clean linen is next to godliness. Nevertheless it is a good saying, which falls in very well with our modern way of life. It is true that cleanliness can be put ahead of good nature and comfort and the good life generally. That happens when the woman of the house so reverences her polished floors and clean furniture that her husband and her sons are never comfortable in their own home. But when cleanliness is kept in its proper place as one of many marks of good citizenship it is to be placed very high in the list of such marks.

There are many varieties of cleanliness - tidiness of person, indispensable except to the genius who can overlook such trivialities; tidiness of desk, rarely achieved by the writer; tidiness of house, the aim of all good housewives; tidiness of mind, the first essential of a thinker. But, of course, what we have in mind at the moment is the clean-up of our neighbourhood, the mark of good citizenship.

Many of us have houses; some more fortunate still have gardens; a few are responsible for plots of land. On all of us rests a responsibility for the care and upkeep of what is put in our hands. If we neglect it we are an offence to ourselves and to our neighbours. It may be a broken window or an unpainted gallery; ten square feet of untended grass; or 1000 square feet of nasty burdocks; or even a lot of land covered with litter by wind and small boys. Add together the neglected spots in one city block and then multiply them by the blocks in the west end of the city, and the total is not a credit to us.

So let us get behind the campaign being staged by the Junior Board of Trade. If they put on a parade to drive home the idea, let us get out and cheer even though

it may hurt our dignity; but above all let us tidy up that piece of ground and do the necessary planting, even if we do suffer from lumbago the next day.

Ascension Day, the 40th and last day of the Easter season, is one of the greater festivals of the Church Year. At the Church of the Advent there will be two early celebrations of Holy Communion, and at 9.30 a.m., the Children's stay away from school to attend this special service.

**Westmount Baptist**

Mothers' Day and Family Day will be observed in Westmount Baptist Church on Sunday. At the 10 a.m. session of the School the programme will be conducted by students in the older grades. At the worship service of the morning a floral tribute will be presented to the Mothers of the younger children present. A special feature of this service will be a dedication presentation service for young parents and their little children. Dr. Johnston will preach.

At the evening service a ladies' double trio from Toronto Bible College will present a fascinating programme of vocal music. Dr. Johnston's sermon theme will be "Digging Ditches". This message will be based upon a most interesting story from the Old Testament. Irrigation schemes have transformed deserts into blossoming gardens and fruitful fields. What can be done in the landscape can also take place in human lives.

What's new about this dress? Plenty! Déjà's popular Getaway style makes exciting news in 1950's fabulous nylon and acetate fabric "Dobbalon". Completely hand washable, the crisp pleats are permanent, making pressing a delight. It's a new Bruck fabric which combines the beauty of acetate with the strength and easy washing qualities of nylon. The silky sheen is highlighted by a tiny woven pattern. This year, when the shirtwaist style is one of fashion's favorites, this dress meets morning, afternoon, or informal evening with equal assurance.

**Closing Date Extended For M. G. H. Auxiliary Charter Memberships**

The Women's Auxiliary of the Montreal General Hospital has extended the closing date for charter memberships to September 30, Mrs. Alexander Hutchison has announced. This extension of time has been decided upon by the Council of the Auxiliary, Mrs. Hutchison said, because so many applications have been received for charter memberships from individuals who could not apply before the earlier closing date.

There are already over 1500 members in the Auxiliary and new applications are being received daily. The names of charter members are to be inscribed in a handsome illuminated volume which is being presented to the organization by one of its members.

The aims of the recently organized Auxiliary are to assist in the work of the hospital wherever it is possible for lay people to relieve the heavily-burdened professional staff, to raise money for special hospital equipment and comforts for patients and to act as an informed body of women who can interpret the functions and needs of the Hospital to the general public.

**National Convention of Liberal Women to Be Held in Ottawa June 7-8**

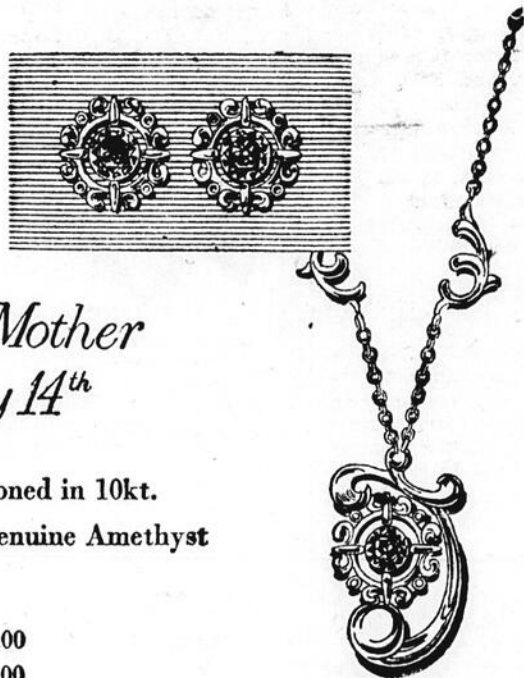

The National Convention of the National Federation of Liberal Women of Canada will be held in Ottawa on June 7 and 8.

Each affiliated club is entitled to one official delegate, but these meetings are open to all Liberal women.

Any women in Notre Dame de Grace or Mount Royal divisions who are interested in joining, are asked to contact Mrs. Brodie Snyder, president of the women's committee of the Notre Dame de Grace and Mount Royal Liberal Association, or Mrs. W. L. Burke, secretary.

Get down to earth about meals! Three meals a day is a rule that includes a good breakfast, an adequate lunch and a complete dinner. The ardent worker needs one-third of the day's food for breakfast. So have a good breakfast to have a good day.

## Coffee Gelatin Fine Dessert For Springtime

Here's a dessert everyone is going to like, especially on a warm spring day;

**Coffee-Cream Gelatin**  
(Yield: 6 generous servings)

Two envelopes unflavored gelatin, 1-4 cup cold, strong coffee, 1-4 cups hot, strong coffee, 1-3 cup sugar, 1 cup heavy cream, 1-4 cup fine sugar, 1-4 cup cold water.

Soften one envelope gelatin in cold coffee; dissolve in hot coffee. Stir in 1-3 cup sugar. Cool. Whip cream lightly; add 1-4 cup fine sugar. Soften remaining gelatin in cold water; dissolve over hot water; cool; fold into sweetened whipped cream; let stand at room temperature. Pour coffee gelatin into 1-quart mold to a depth of about 1 inch; chill until firm. Add layer of cream; chill. Continue until mold is full, ending with gelatin.

And here's a happier version of the old-fashioned habit of taking molasses for spring fever:

**Taffy Ice Cream**  
(Serves 6)

Two eggs, beaten, 1-2 cup un-sulphured molasses, 1 teaspoon vanilla, 1-16 teaspoon salt, 2 cups light cream, 1-2 cup chopped nuts (optional).

Set temperature control of refrigerator to coldest point. Combine first four ingredients. Stir in cream. Pour mixture into ice cube tray and place in freezy compartment to freeze until almost stiff. Transfer frozen mixture to bowl; beat until smooth. Add nuts, if used. Return to freezing tray. Freeze until stiff (3 to 4 hours).

## Twist-A-Strand New Technique Brushes Out Into Softer Curl

Judy Tyler, Teaneck, N.J., beauty contest winner, gives a new twist to pin-up curls.

There's a new twist on the pin-up curl which will give you a better - looking and longer - lasting curl. It is literally a twist that you give to the strand of hair that is rolled up.

Instead of rolling up a strand as you usually do, give it—before winding—a twist with thumb and forefinger to twist it all the way to the scalp. That done, roll the twisted strand the way you usually do over your finger.

If you want to go one step farther toward perfecting a pin-curl, maneuver the ends of the strand of hair which are on the outside of your finger into the hole which is vacated by your finger when you slip it out. This technique gives you a pin-up that brushes out to make a softer and more lasting curl.

For crushing fruit to prepare for jam or jelly, use the food chopper. To remove any flavour or grease on the chopper, press a slice of bread through, then rinse before using.

## Plywood Stove Cover Handy for Hot Pies

Our college-age son says a reader saw me putting holders on the top of the electric stove and then setting a boiling hot glass baking dish down on them. He made the suggestion that he could give me a plywood cover, instead, for that part of the stove. Now I have it, and find it most helpful.

This plywood cover is just the size of the clear space on the top of the stove. Being wood, the surface is not slippery smooth, neither is it a conductor of heat. When a boiling hot baking dish, or a bubbling pie, is placed on it, there is no slipping around, neither is there the possibility of the dish being cracked by a sudden contact with a cooler surface.

When processing jars in the pressure cooker, it is most con-

venient to draw this plywood close to the side of the cooker, take off the hot cover, and put it on the plywood, then take out the jars onto the cover, snap down the lids, and just leave the jars there to cool.

The wooden cover is easy to keep clean, and when not in use can be put away with the trays or just stood on edge at the side of the stove.

## Annuals Easy to Grow By Amateur Gardener

The easiest and least expensive kind of garden is made with annual flowers. True, they have to be sown anew each year, but our repertoire changes and grows as we venture into new varieties.

Among the standbys, many gardeners include sweet alyssum, nasturtiums, marigolds, zinnias, morning glories and moonflowers. These six are free flowering until frost. They are good tempered, easy to raise, comparatively quick growing and not fussy about soil.

## New Ready-Mix is Boon to Baking Fans

"MAKE-YOUR-OWN" MIX is ideal for tender fruit tarts — a dessert treat for Mother's Day dinner.

Pastry, cream puffs, biscuits and desserts are just a few of the 77 baked products you can make from one basic homemade mix. It will be introduced tomorrow. You make it in advance, store it in a closed canister or fruit jar on the pantry shelf. No refrigeration necessary. It stores well.

Here's the know-how: The jobs of measuring shortening and sifted flour, so disliked by the home-maker, are all done at once in advance. The versatile fresh basic ingredients are then ready for quick transformation into a main dish, hot bread or one of dozens of desserts to add new interest to menus and to complete the meal.

### Make-Your-Own-Mix (Yield: about 13 cups)

Two cups rich shortening, 9 cups sifted all-purpose flour, 1-4 cup (4 tablespoons) double-acting baking powder, 1 tablespoon salt.

Combine sifted flour, baking powder and salt. Stir well. Sift into a large bowl or large pan or onto heavy paper. Add shortening. Use finger tip or pastry blender to distribute shortening throughout dry ingredients until the mixture resembles coarse cornmeal. The Make-Your-Own Mix is now ready to use or store in a closed canister on your pantry shelf.

### Tender Quick Pastry (Yield: two 8-inch crusts)

Two cups Make-Your-Own-Mix (do not pack), 1-4 cup butter, 1-4 cup hot water (scant).

Heat butter in water until melted. Sprinkle over the Mix, blending with a spatula or fork. Turn dough out on waxed paper. Shape into ball and cover with the paper. Chill at least 30 minutes in refrigerator. Roll out for pastry as needed.

### Cream Puffs

(Yield: 5 large puffs)

One cup Make-Your-Own-Mix

Place each slice on top. Serve rolls bottom side up.

### Baking

Bake all four kinds of biscuits at one time in very hot oven (450 degrees F.) 12 to 15 minutes.

## Orange Rind and Cheeses Vary Formulas For Baking Breads

There's something special about a meal that includes a hot bread. Nothing will pep up an ordinary menu so much.

And variety — well, it's practically endless. There are hot breads to accompany the main course — muffins, spoon breads, Sally Lunn, corn breads, biscuits. The dessert course is interesting, too, when hot breads fill the bill. Quick coffee cakes and other sweet breads are ideal.

Because they're so time-saving and easy, we suggest quick breads. But if you've time and the inclination, yeast breads are just as wonderfully good.

### MAIN COURSE BREADS

One of the best ideas we've run across is making up a basic batch of biscuit dough and then dividing it into portions for variations. Imagine how appetizing a platter of assorted biscuits would be at dinner tonight! Secret for success is to time them so you take them from the oven the very last minute and put them on the table piping

hot, even after everyone is seated.

### Parker House Biscuits

Pat out 1 portion of basic dough on lightly floured board to ¼-inch thickness. Cut into 2¼-inch rounds. Spread each round with softened butter. Crease through center with dull edge of knife. Fold over and press firmly. Brush tops with melted butter and place on greased baking pan.

### Cheese Biscuits

Roll 1 portion of basic dough out to ¼-inch thickness. Cut in half. Brush one half with softened butter; sprinkle with grated cheese (using ¼ cup). Place second half of dough on top. Pat edges together. Cut with small biscuit cutter, 1½ inches in diameter. Prick each biscuit several times with fork. Place in greased baking pan.

### Orange Flour Biscuits

Roll out 1 portion dough to rectangular shape, ¼-inch thick.

Spread with softened butter. Sprinkle with 1 tablespoon grated orange rind and 1 teaspoon sugar. Roll up as for jelly roll. Cut into 6 or 8 slices and place each slice in a greased muffin tin, 2 inches in diameter. With a pair of scissors, cut 4 or 5 gashes through upper edges of each biscuit. In baking these will open to resemble flowers. Brush tops with orange juice (using juice of ½ orange), sprinkle with sugar (1 teaspoon).

### Butterscotch Pecan Biscuits

Roll out 1 portion dough into rectangular shape, ¼-inch thick. Spread with softened butter. Sprinkle with 2 tablespoons brown sugar, ¼ cup raisins, ¼ teaspoon cinnamon. Roll up as for jelly roll, cut into 6 slices. In the bottom of each of 6 muffin cups, place 1 teaspoon butter and sprinkle with brown sugar (using 2 tablespoons). Place ½ maraschino cherry and 2 or 3 pecans in bottom of each cup.

Vitamin A which promotes growth, builds resistance to infection by keeping the lining tissues of the body organs in healthy condition, and is necessary for correct functioning of the eyes, is found in liver, fish oils, yellow and green vegetables, milk, cream, butter, egg yolk, green and red peppers.

(do not pack), 3-4 cup boiling water, 2 eggs.

Add Mix to boiling water in a saucepan. Stir over low heat about 1 minute until dough is smooth, follows the spoon and forms in a ball. Remove from heat immediately. Add eggs, one at a time stirring and beating. Beat vigorously. Drop by spoonfuls on

baking sheet. Bake in a hot oven (400 degrees F.) for 15 minutes. Then reduce heat and bake in a moderate oven (350 degrees F.) 20 minutes more. Let stand in warm oven (with door open) about 10 minutes to dry out. Note: For 5 medium puffs use 1-2 cu Mix, 1-3 cup water and 1 egg.

## Right Type of Tin Will Keep Color of Food Being Canned

The women who do their own canning have for years brought problems to the home economists of the Consumer Section, Department of Agriculture, Ottawa. Just now there are many questions pouring into Canada's Kitchen and among them many are about canning in tin cans.

Both glass and tin have their advantages in canning. Because

women have used glass sealers for a long time they usually understand them better. For canning large quantities, tin may be more practical. For one thing, it doesn't break as glass does. You don't have to handle it with such great care and you don't have to worry about sudden changes in temperature. Tin is often easier to handle when canning under steam pressure. It heats through more quickly than glass and also a hot can may be plunged into cold water just as it is taken from the canner with no fear of breakage. This quick cooling stops the cooking, so saves flavour and texture of the food.

The plain tin can is not completely satisfactory for canning all kinds of food as the plain glass jar is. Canning in plain tin spoils the appearance of certain foods. Some years ago this was a serious problem to all canners. In fact, some of them gave up trying to put many of the garden foods in tin because of what happened to them during the process. Red fruits and vegetables such as berries, cherries, cranberries, rhubarb and beets lost their beautiful colour when packed in plain tin cans. For example, raspberries that went into a can with their natural lovely red colour came out a dull grey. This wasn't spoilage. Nothing was spoiled but their appearance. They tasted good but no one wanted to eat grey raspberries. Scientists, who worked on this problem reported that the red colour of certain fruits and vegetables always fades when heated in contact with tin.

Another difficulty occurred in canning pumpkin and squash. These vegetables caused discoloration in the plain tins and everybody was afraid to eat the harmless but dark, unappetizing contents of the can.

The colour of corn also suffered — but in a different way. Corn and also the inside of the tin in which it was canned, turned almost black. The dark colour formed when these foods were heated in contact with the metal is harmless but has an unpleasant appearance.

The cans on the market today, as a result of continued experimenting, are lined with special enamel. You may have success when canning in tin cans if you look carefully for the silver and gold linings — not in clouds but in the cans.

There are three types of tin cans sold for home canning — Plain, R for Standard enamel and C-enamel. Be sure to use the cans as recommended below:

1. "Plain" can — a general-purpose can which may be used for all foods except those for which the R or Standard enamel can is

## Mother's Day on Sunday, May 14

—Central Press Canadian  
Mother's Day brings memories of the bright May days of years ago when the cookie jar was produced after school books were stored away on the shelf and the last errand finished before the ball game or skipping contest started down the street. Blossom time brings fragrant roses or Mother's favorite flowers to the gray-haired woman whose babies have gone away from home, or are leaving her by growing up. The second Sunday in May is officially set aside as Mother's Day.

recommended. Use only plain cans for tomatoes or tomato juice.

2. "R or Standard enamel" can — with bright reddish gold lining, should be used for red berries, cherries, red plums, rhubarb and beets. The special lining prevents the fading of the colour which occurs when these foods are canned in Plain cans. Do not use R or Standard enamel cans for tomatoes or tomato juice.

3. "C-enamel" can — with a dull gold lining. This special lining prevents discoloration in corn. C-enamel cans may also be used for peas and pumpkin. Do not use C-enamel cans for fruits or tomatoes.

Can covers are also made in the three types to correspond with the three types of tin cans. The inside edge of the cover is lined with either a rubber compound or a paper gasket.

Tin cans for home canning are sold in two sizes:

20 oz. — capacity about 2½ cups.

28 oz. — capacity about 3½ cups.

C-enamel cans are sold in 20 oz. size only.

With the differences in cans firmly in her mind the homemaker should purchase the right types for her various purposes and avoid possible difficulties.

Instructions for canning in glass sealers and in tin cans are given

in the bulletin "Home Canning of Fruits and Vegetables" which may be obtained, free of charge, by writing to the Information Service, Department of Agriculture Ottawa, Ontario.

### FOR THAT TRIP

One of the joys of travelling by automobile is being able to hang up extra suits, dresses, or coats so they arrive as freshly pressed as when you left home. But, they do become dusty unless there is a cover over them, and it is easy to keep a supply of these on hand by saving the long paper bags in which the dry cleaner delivers his clothes. By removing the newly cleaned dress or suit carefully on its hanger so that you do not tear the paper bag, and folding it up, it will be as good as new for your next trip by car.

### Prevents Tarnish

The weather sometimes constitutes a difficulty for the home-maker as it tends to tarnish metal trim on many household objects such as lamp shades. Clear lacquer applied to the metal, and oc-

casional touching up to keep the metal protected, will bridge this hazard and help keep it fresh indefinitely. The method has been used successfully on inexpensive costume jewelry by the young set for a number of years.

# Favorite Top Stars Head Big Show At Monkland

"The Red Danube," new M-G-M attraction at the Monkland Theatre starting Saturday until Tuesday, offers strong dramatic meat. Telling the story of a British colonel and his staff, who are sent to Vienna after the war to ferret out subversive activities among displaced persons and to forcibly turn over Soviet citizens for repatriation, this picture doesn't pull a single punch in its gripping action.

The plot centres on one of the victims of Soviet injustice, the lovely ballet dancer, Maria, who is relentlessly hounded by the Russian officer, Piniev, and who takes refuge in the convent in which Col. Nicobar and his assistants, a young major, and an attractive subaltern, named Audrey, are billeted. This trio enlists the aid of the convent's Mother Superior in protecting Maria from her tormentors, and the episodes in which they enable her to escape from a D.P. train and secrete her away in a mountain retreat under the very eyes of the Russians are permeated with tension and suspense. Through the action runs a romantic thread between Maria and the young major and there is an additional underlying theme in the sometimes dramatic, sometimes comic conflict between the cynical Col. Nicobar and the fervent and courageous Mother Superior. It would be unfair to reveal the outcome of the manhunt for Maria; sufficient to say that

## Two Excellent Features Sunday At the Westmount

A princely motion picture starts Sunday at the Westmount. Twentieth Century-Fox's production of Samuel Shellabarger's epic romance, "Prince of Foxes," combines a king-sized production scale with one of the imperial casts of all movie history. The result is a breathtaking experience in moviegoing.

"Prince of Foxes," as the millions of readers of Shellabarger's novel will recall, highlights a dramatic episode in the career of the Borgias, bloodthirsty rulers of medieval Europe, an episode that is credited with beginning the end of Borgia rule.

As the young adventurer who begins in Cesare Borgia's service and, with a moral awakening and his love for a beautiful girl to spur him on, finally brings about the Borgia downfall, Tyrone Power has been presented with one of his richest roles.

Power plays it to the hilt, given the impetus of the foxy wiles of Orson Welles as the infamous Cesare and the quiet beauty of Wanda Hendrix as the girl he comes to love. This sterling trio of stars is supported in "Prince of Foxes," and at moments out-foxed, by the work of Everett Sloane as Powers aide; Katina Paxinou as his peasant mother; and Felix Aylmer as a kindly head of state.

Mr. Sloane's performance indicates how much he relished his reunion with Orson Welles, their scenes together having special force, and Miss Paxinou and Mr. Aylmer, both distinguished continental performers, come up with their finest work since "For Whom the Bell Tolls" and "Hamlet," respectively.

### Second Feature

Although he didn't have his first date with a girl until he reached the ripe old age of four, and hasn't had one since, Bob Hope makes a desperate bid for matinee idol honors as the title rolist in the mirthful comedy, "The Great Lover," which also opens at the Westmount Theatre.

Aided and abetted by his favorite red-head, ravishing Rhonda Fleming, he is said to be at his funniest in "The Great Lover."

**SUPERB CAST HEADS TWO OUTSTANDING HITS AT THE MONKLAND**

Torn between love and what she feels to be her duty, Jeanne Crain faces a tight emotional conflict when Bill Lundigan, with whom she is in love, visits her in her Southern cabin home. The scene occurs in Darryl F. Zanuck's major production "Pinky," which begins its run at the Monkland Theatre Saturday until Tuesday. Cast in other starring roles are Ethel Barrymore and Ethel Waters. Walter Pidgeon, Janet Leigh and Peter Lawford are three of the principals in "The Red Danube", M-G-M's exciting drama of post-war Vienna. The big cast also stars Ethel Barrymore, Angela Lansbury and Louis Calhern.

the story moves to a stirring climax.

Producer Leon Gordon selected a distinguished group of players for his leading characters, with Walter Pidgeon giving an incisive portrait of the quick-tempered and uncompromising Col. Nicobar, and Peter Lawford in a warmly sincere performance as the young Major "Twingo," who falls head-over-heels in love with Maria. The role of the subaltern, Audrey, who learns to reconcile herself to the inevitable. Ethel Barrymore lends her usual poise and authority to the role of the Mother Superior, Louis Calhern in the sinister Col. Piniev and Melville Cooper adds laughs as a philosophical Cockney private.

The fluid direction of Carey Wilson, and the picture's arresting backgrounds of post-war Rome and Vienna all help to make "The Red Danube" an out-of-the-run motion picture.

Paradoxical as it may seem, Darryl F. Zanuck began another trend with his major production of "Pinky," even though two other movie producers beat him to the nation's screens with similar pictorial themes.

Nearly three years ago, when the Twentieth Century-Fox vice-president in charge of production purchased film rights to the novel, "Quality," he was reasonably

certain this would be the case.

The reason was that it had happened before. Zanuck spent more than a year on his production of "Gentleman's Agreement," only to see "Crossfire" reach the public earlier. However, his movie on intolerance went on to win the Motion Picture Academy Award as "the best picture of the year."

So Zanuck was not concerned latter is beautifully played by Janet Leigh, with Angela Lansbury adding a lighter touch to the when various Hollywood executives pointed out to him that "Pinky" would not be the first film on the Negro problem. It was enough for him to know that his purchase of the Cid Ricketts Sumner novel had already started others thinking in the same direction. He feels that while "Pinky" is entertainment, it will attack bigotry that should have been uprooted from the American scene a long time ago.

The noted production chief has seen the strong entertainment possibilities in the raw materials of contemporary life since his production of "I Was A Fugitive From A Chain Gang," and has followed the same course ever since with films that influenced American thinking.

When he decided to produce "Pinky," Zanuck impressed his associates with his conviction that

Claire Baillargeon and Sandra Van Der Haeghe as "Jack and Jill" in the Speirs-Miller Springtime Revue, Victoria Hall, Friday, May 19. Other features will be "Valse Brillante", "Ave Maria" and High School Ballroom Ensemble.

## Speirs-Miller Ready to Present "Show of Shows"

After yesterday's full rehearsal at Victoria Hall, which lasted approximately six hours, the weary Peter Miller announced that everything is ready to go.

Starting with the baby class with Jack and Jill, right through to the finals of Ave Maria, and including an intermission fashion display by the school's smartest models, everything was polished and repolished until what the audience will see on Friday, May 19th, at Victoria Hall will be the finished article.

The Senior Ballet, under the leadership of Marion Paul, was extremely effective, as were the various talented soloists in the school in their respective numbers.

As usual for the Speirs-Miller shows, Harold Morris was at the piano, which means that the artists will have the utmost in support.

Indications are that another "Standing Room Only" sign will be hung up and Miss Speirs advises the regular and faithful following, of which there are hundreds, to note that the box office opens at the studio on Friday, May 19th.

AT THE SEVILLE ART THEATRE

"THE AFFAIR BLUM", the European-made murder thriller now in its 2nd week at the Seville Art Theatre, stars Gisela Trowe and Hans Christian Blech (above) as the murderer and his paramour whose last minute confession saved an innocent man from death and precipitated a scandal that rocked all of Europe.

## "The Affair Blum" An Unusual Film Now at The Seville

"The Affair Blum," now being shown at the Seville Art Theatre, has been hailed by critics everywhere as an outstanding thriller.

This is an unusual film, based on an actual criminal case parallel to France's Dreyfus scandal. Produced in Germany, it has a Ger-

man director and cast and is one of the best movies to come out of this war-torn country.

The action takes place in the Weimar Republic of 1926 and revolves around a German industrialist who is innocently accused of a murder committed by a young, unemployed ex-soldier. It is a most amazing spectacle as judges and police officers weave a tighter and tighter net around the industrialist in order to help the young man find a loophole through which to escape.

The action is swift, tense and the acting superb. Everything a real detective thriller should be.

Not a propaganda film, by any means, "The Affair Blum" nevertheless strikes a blow at racial intolerance.

## Goltman Pupils Annual Concert At Tudor Hall

The Annual Pianoforte Recital by pupils of Miss Frances Goltman, Lic. Mus., First Medallist of McGill University and widely-read music columnist of this paper, will be given in Tudor Hall of James A. Ogilvy's Limited, on Tuesday evening, May 30th.

Frances Goltman

A prominent member of the music profession of this city, Miss Goltman has had many outstanding recitals and as usual is preparing a programme of great variety. Works by contemporary composers as well as the classical masters will be performed by many talented pupils.

Famous composers include the following: Mozart, Beethoven, Heller, Bach, Clementi, Burgmuller, Mendelssohn, Paderewski, Schumann and others. Over 40 young pianists will take part and all music lovers are invited to attend.

### LAUGHS A LOT

Edward Arnold, starred in Paramount's "Dear Wife," has absolute histrionic control over the hearty laugh which has become one of his best-known "trade-marks." Arnold can laugh on cue in any situation.

Personal income tax was unknown in Canada prior to 1917 — Quick Canadian Facts.

"any picture, even though it is adult in its thinking, must at the same time be emotionally stirring and full of suspense."

As a result, he treated the story as he would any type of screen entertainment. He permitted his characters to unfold as they would conventionally in any work of fiction, without any attempt to highlight racial problems, except as they naturally would occur. He centered the action and emotional conflict around the problems in the mind and heart of one girl, Pinky, who in the picture is portrayed by Jeanne Crain.

## NOTES FROM HERE AND THERE

That must have been some game that Vic Raschi pitched against the Chicago White Sox in New York's Yankee Stadium last Wednesday. It was probably the worst exhibition of all time by a winning pitcher, for Raschi tamed the Pale Hose, 4-3. Big Vic, the leading Yankee hurler in the past two seasons in almost every department, set a major league mark by committing four balks under the new rule. Vic also made an error, threw a wild pitch, gave up ten hits, and walked four. And he still won the ball game!

Bobby Locke, the jeweled South African who is now back in the good graces of the P.G.A., hasn't yet announced his plans for the summer on this side of the Atlantic, however he'd better hurry up if he wants to get a crack at the U.S. Open title. Deadline for entries to the greatest golf tournament in the world today is Monday, at 5 p.m., and all Locke, as British Open titleholder and exempt from qualifying round play, has to do to enter is to send his name along with \$7 to the U.S. Golf Association in New York.

However, it is definitely known that Locke plans to compete in the Western Open, which will be held in Los Angeles, May 18-21. That will give him ample time to prep for the Open, held this year at Merion, Pa., starting June 8.

Hungary has dropped out of Davis Cup competition, voluntarily, although this doesn't make much difference for the Hungarians and about as much chance of winning the coveted trophy as Josef Stalin has of marrying Harry S. Truman's singing daughter. No doubt some of the more politically minded observers of the sports world will cynically read into this act on the part of Hungary, a determination to echo Russia's stand in non-participation in world athletics, however, what seems more likely is that the Peoples' Government just didn't feel up to kicking in with the shekels needed to outfit a Cup crew.

So Hungary has gone from the sphere of international tennis, and the consensus of opinion in this continent at this unexpected move can be rather neatly summed up in two words — "So what."

The Sugar Bowl Committee, or more formally the New Orleans Midwinter Sports Association, have announced their plans for the 1950-51 festival, and this one looks like the best of all time. It starts on December 28 with an invitation tennis tournament, in which all of the big name amateur stars are expected to appear, and an eight-hour intercollegiate boxing tournament. The evening of December 29 and 30 will see inter-collegiate basketball doubleheaders featuring Kentucky, Sugar Bowl and Southeastern Conference champions, Bradley, the No. 1 team in the nation this past winter, Syracuse and St. Louis University.

A regatta on Lake Ponchartrain will be the attraction on Saturday afternoon, Dec. 30, while on Sunday, a six-event invitation outdoor track meet is scheduled.

The seventeenth annual Sugar Bowl football game, pitting two of the great powers in the South and Southwest, is again slated for New Year's Day and is the grand finale to the mid-winter sports card.

## Wolves Win Basketball Championship

The Wolves defeated the Avenue Stars in two straight games, 47-18 and 39-23, to win the championship of the Westmount Municipal intermediate basketball league, this week.

Dave Binmore paced the Wolves' attack in the first game as he sank 7 field goals and 4 foul shots for a total of 18 points. Dave Barnard was the second high scorer for the Wolves with 10 points, Marvin Greenbaum hit the hoop for 8 points, Wendy Young finished with 5 points, Eddie Lafontaine snared 4 points and Ian McGillis came up with a field goal for 2 points.

Bert Kelly with 7 points was the high man for the Stars, Jack McKissock sniped 5 points, Graydon Easton dropped 3 points, Willie Manolson accounted for 2 points and Allan Turner came away with a single.

**Binmore Stars Again**  
In the second game, Dave Binmore was again the star as he accounted for 16 of the Wolves' points. Dave Barnard followed him with 10 points, Wendy Young ranged in 8 points, Cliff Gill came through with 3 points and Ed Lafontaine scored a basket for 2 points. Bert Kelly led the Stars' attack

with 10 points. Jack McKissock rimmed the hoop for 5 points, Graydon Easton sniped 4 points, Pat Lomasney accounted for 3 points and Willie Manolson finished with a single.

## Braves Edge Crushers 42-41 to Win Juvenile Basketball Championship

In a thrilling see-saw battle the Braves came through in the last few seconds of play to eke out a 42-41 victory over the Crushers. The win gave the Braves the championship of the Westmount Municipal Juvenile basketball league.

The Braves were ahead 21-17 at the end of the first half but were outscored 24 - 21 in the second stanza. Doug Mariasine and Pat Baker were the big guns for the Braves, hitting the hoop for 12 points each. Ian McIntosh played good ball for the Braves and finished with 10 points. Bud Naimsmith sniped 6 points and Jim Beaton scored a field goal for 2 points. Larry Speigle, Bob Feldstein, Ken Thompson and Howard Rosen played tight defensive ball.

### McDougall Stars

Dave McDougall led the Crushers' attack, scoring 7 field goals and 2 foul throws for a total of 16 points. Andy Coté was the second high scorer on the floor, dropping 13 points. Mike Barnard

denied the mesh for 8 points and Mel Reece finished with 4 points. Bob Delo and Bill Pettie turned in good defensive games.

Earlier in the week the Crushers defeated the Ramblers 40-26, to earn the right to tangle with the Braves in the finals.

The Ramblers were leading 18-17 at the end of the first half but could not stand up under the Crushers' power in the second

stanza and went down, 23-8. Andy Coté and Dave McDougall scored 11 points each to lead the Crushers' attack. Mike Barnard came through with 10 points, Mel Reece snared 6 points and Bob Delo finished with 2 points.

Fred Hofman played sensational ball for the Ramblers, scoring 16 points. Lionel Burt sniped 6 points and Gerry Pecknold finished with 4 points.
