IMPROVEMENT AND EXPANSION MUST GO HAND IN HAND.

Board of Trade Reports Emphasis Importance of Laying Well The Foundations of a Future Large City—On Sherbrooke Site—Annual Meeting Last Night—Officers Elected.

There was a large and enthusiastic attendance at the annual meeting of the Sherbrooke Board of Trade, last evening.

Officers were elected, reports presented and the work for 1912 begun. The President, Mr. E. Winn Farwell and the Vice-President, Mr. J. E. Poutre, were re-elected by acclamation. The board felt that they could not release them from office. The Greater Sherbrooke Movement had been fairly launched. The energetic work of the two chief officers during the first year had been such that in the interests of the forward movement the members insisted upon the re-election of these officers.

Thirteen members of the Council of

sidents supplemented the report by remarks relative to the work the Board had done and the work before it. Industrial expansion was not the only goal of the Board of Trade. The Board must work for an improved city as well as a greater city. New industries would bring large numbers of people to Sherbrooke. City expansion must be directed along proper lines.

Following the annual report, Mr. Bradford read his report, followed by reports of the various committees as follows: Industrial, G. A. LeBaron; Merchants, A. C. Skinner; Legislation, L. A. Dufresne; Educational, Rev. G. E. Read; Membership, J. W. McKee; Publicity, V. E. Morrill; Entertainment, E. J. Page; Exhibition and Convention, J. K. Edwards; Civic Improvement, H. V. Haight.

ANNUAL REPORT
To the Members of the Sherbrooke Board of Trade.

Gentlemen:—

We beg to submit herewith for your information, financial statement for the year ending December 31st, 1911.

We think we may justly congratulate ourselves upon the satisfactory financial showing. The total cash receipts for the year, as you will note, have been \$5,497.56, while the total expenditure has been \$5,180.54, thus leaving a surplus to carry forward of \$327.02. All liabilities have been paid, and we start the new year free of all indebtedness. This satisfactory showing is due largely to the patriotic members who adorn our honor list, with their generous subscriptions, outside their membership dues, of \$25 each, and you will note that we collected from this source \$1,660.00. In addition, the City Council, recognizing the value of advertising our city, voted us the sum of \$2,000.00, thus leaving a surplus to carry forward of \$327.02. All liabilities have been paid, and we start the new year free of all indebtedness. This satisfactory showing is due largely to the patriotic members who adorn our honor list, with their generous subscriptions, outside their membership dues, of \$25 each, and you will note that we collected from this source \$1,660.00. In addition, the City Council, recognizing the value of advertising our city, voted us the sum of \$2,000.00, thus leaving a surplus to carry forward of \$327.02.

Since the last annual meeting, the Board has sustained the serious loss through death, of two highly esteemed and valued members, namely, the late Col. A. N. Worthington, and Mr. W. J. May. The untimely loss of these two valued citizens is deeply deplored by all.

From the report of the Membership Committee, which will be submitted in detail, you will learn that we have 216 members on the roll at the present time. The work of the past year will be fully reviewed at this meeting by the Chairman of the various Committees, and by your Secretary, who will submit detailed information. We think we are safe in saying that we feel fully justified in relying, during the current year, upon the wholehearted, enthusiastic, and active support of each and every member of this Board, for a renewal of the progressive and aggressive policy which was inaugurated last year. It is intended to follow up the work with renewed activity, and we trust, before the end of the year, to be able to report a material advance upon all of the avenues leading to that success at which we are aiming.

We trust that the very important step which has been taken recently, looking towards the establishment of an Associated Board of Trade for the Eastern Townships, will materialize, and we believe that the greatest results and benefits are possible through such an organization. We feel sure that this Board will co-operate, and do everything possible to assist such an organization.

In closing this report, we feel that we should express appreciation for the generous manner in which we have been supported directly and indirectly by the citizens as a whole. For the attention which has been given to our suggestions by the Mayor and Aldermen of the city, and we feel that a great deal of good can be accomplished through increased co-operation, mutual confidence, and enthusiasm.

MR. E. WINN FARWELL, re-elected President Sherbrooke Board of Trade.

The Board were elected as follows: D. J. Steele, G. A. LeBaron, J. W. McKee, V. E. Morrill, A. J. Genest, J. K. Edwards, O. C. Morrisette, E. J. Page, L. E. Chamberlain, H. V. Haight, A. C. Skinner, C. O. Palmer, A. M. Sangster.

For Arbitration Committee—C. W. Cate, T. M. Craig, Wm. Farwell, J. W. Gregoire, O. C. Morrisette, N. B. Pritchard, J. P. Royer.

For Auditors—A. U. Dorais, A. L. Parker.

TRIBUTE TO LATE COL. WORTHINGTON.

The following resolution was adopted after the regular business of the meeting was taken up:

Moved by William Morris, seconded by J. W. McKee:

"The members of the Sherbrooke Board of Trade desire to express their appreciation of the work and services which have been rendered to this city by the late Colonel Arthur Norreys Worthington, for eight years its representative in Parliament.

"Born and brought up here he took

MR. J. E. POUTRE, re-elected Vice-President Board of Trade.

up the practice of the medical profession with conspicuous ability and success. His subsequent voluntary service in the War of South Africa, gave to his advice on military matters, a special weight.

"The name he bore, his professional skill, his services to his country and his dealing with his fellow-men, all earned for him a marked popularity.

"In his death the community has suffered a loss, which this Board desires should be recorded in their books. To his widow and the other members of his family, they offer their respectful sympathy.

ANNUAL REPORT.

The annual report was read by the President. Both he and the Vice-President

TELEGRAPHIC DISPATCHES SUMMARIZING CANADIAN AND WORLD NEWS

PRESCOTT TO BE G. T. TERMINUS.

Brookville, Ont., Feb. 17.—There are rumors to the effect that the Grand Trunk Railway is obtaining options on large parcels of land in Prescott with the object of acquiring them for terminal purposes. The Grand Trunk is trying to put through a deal to get control of the Rutland Railway, east from Ogdensburg, to the New England States. In the event of being successful it is said the terminal will be removed from Brookville to Prescott where connections could be made with the Rutland by means of a car ferry.

CAPTAIN YOUNG THE CHOICE.

Toronto, February 17.—Captain D. Young of the R.C.D., now stationed with his squadron at St. Johns, Que., has been selected to succeed Mr. W. J. Stark as manager of the Canadian National Horse Show. The new manager is widely known both here and in the United States for his prowess as a horseman.

He is a veteran of the Boer war and saw considerable service with the Canadian Mounted Rifles, in which he enlisted shortly after the outbreak of hostilities.

INCREASE IN MONTREAL'S VALUATION.

Montreal, Feb. 17.—An increase of one hundred million, or twenty per cent., on the last valuation is what is foreshadowed by Mr. Hamilton Ferns, chairman of the Board of Assessors, for the present year.

REBELS CAPTURE TOWN.

El Paso, Tex., Feb. 17.—News has reached Juarez that Vasquezistas captured Guerrero in Chihuahua Thursday. The state legislature of Chihuahua has sent peace commissioners to all parts of the state to endeavor to induce the rebels to return to the ranks of the Madristas.

POLICEMAN DROPPED DEAD.

Owensboro, K.Y., Feb. 17.—Just as the burglars for whom he was looking smashed a window and escaped, Policeman Lee Barker dropped dead of heart failure. Barker heard a noise, while passing a store and stopped to investigate. He was watching beside the building when the crash of broken glass that accompanied the exit of the burglars reached his ears, and he dropped dead without uttering a word.

AVIATOR KILLED.

Graham Gilmore Fell to His Death From Height of 3800 Feet.

MACHINE BUCKLED AND DROPPED TO GROUND LIKE BIRD SHOT ON WING.

London, Feb. 17.—(Special)—Graham Gilmore, one of the best known among British aviators, was instantly killed this morning by a fall with his aeroplane from a height of 3,800 feet.

He was testing a new monoplane in which he was making a flight from the aerodrome at Brooklands, towards Richmond, and was travelling at the rate of 60 miles an hour, when his machine suddenly buckled up and dropped to the ground like a bird that had been shot dead on the wing.

When eye-witnesses reached the spot they found the aviator dead, entangled in the wreck of his machine.

THIS WAS THE REAL THING.

Duel With Swords Took Place Between Playwright and Critic.

BOTH MEN WERE WOUNDED AND PHYSICIANS PUT AN END TO ENCOUNTER.

New York, Feb. 17.—(Special)—A Paris cable to the World says a duel with swords was fought this morning in the Parc des Princes, between De Caillavet, a playwright, and Mas, a critic. After two lively rounds the encounter was put at an end by physicians.

Both men were wounded. De Caillavet did not like Mas' criticism of his play, "Primrose," and slapped Mas' face.

AUCTION SALE AT HIS MAJESTY'S.

Mr. Wm. Morris Bought What Was Sold.

MANY ARTICLES ADVERTISED WERE NOT PUT ON SALE.

Considerable dissatisfaction was expressed by those present at the bailiff's sale at His Majesty's Theatre this morning. Many claimed that the time of the sale had not been announced in the advertisements, and it was only after considerable difficulty that they found out the hour of the sale.

Mr. Wm. Morris was in charge, and he ruled what articles were to be sold or withheld. He also purchased the piano and the few other articles which were sold.

Many thought that every article advertised had to be sold, unless sufficient money had been realized to cover the debt. Mr. Morris thought otherwise and was supported by the bailiff.

CURE FOR BLACK FEVER.

London, February 17.—The Times announces that Capt. W. S. Patton, Assistant Director of the King Institute for preventive medicine in Madras, has discovered complete developments of the Parasite of Kalaazar or black fever, in Indian-European bedbugs.

The disease which is known in India as dum-dum fever, is a peculiarly deadly form of chronic malaria, causing the death of perhaps ninety-nine out of every hundred cases.

JUMPED FROM SLEIGH.

Mrs. J. Boucher, Richmond, Probably Fatally Injured As a Result.

WAS RETURNING FROM FUNERAL SERVICE WHEN HORSE RAN AWAY.

Richmond, Feb. 17.—(Special)—A serious if not fatal accident occurred here this forenoon, the victim being Mrs. J. Boucher. The unfortunate lady and her daughter were returning in a sleigh after attending funeral services in the Roman Catholic Church.

The horse became frightened and ran away. It had gone but a short distance when Mrs. Boucher jumped out of the sleigh and fell on the hard icy roadway.

When picked up it was thought she was dead, but the doctors found that she was suffering from severe concussion of the brain. She was removed to her home, and at noon to-day was still in an unconscious condition.

The daughter remained in the sleigh and managed to control the horse.

GENUINE OPIUM JOINT AT TORONTO.

Stuff Ready for Pipe and Chinese Whiskey Filled Two Wagons.

POLICE MADE A MID-NIGHT RAIL AND CLEARED OUT PLACE.

Toronto, February 17.—(Special)—Sweeping down upon a genuine opium joint at mid-night, inspectors Kennedy, Cuddy and three detectives nabbed Jim Lee, grocer at 187 East Queen St., and sufficient opium and real Chinese whiskey to fill two police patrol wagons.

Entering by the front and rear doors the officers surprised about a dozen yellow faced hilarious individuals who tried to break for liberty. While the whiskey was being carried to the wagons, Lee retreated out opium and made for the rear window. He tried to escape three times but with no avail.

Opium valued at about \$500, and what officers termed as pure unadulterated stuff ready for pipe, was thrown in wagon and imported whiskey loaded two police wagons.

Lee, the only man arrested, charged with selling stuff, was placed in a third vehicle and accompanied by officers, was taken to Agnes St. station.

The whiskey contains 90 per cent. alcohol, and came direct from China, said Inspector Kennedy.

SHERBROOKE TO BE HOME DIVISION.

Stated That C. P. R. Is Completing Arrangements With This in View.

WILL MEAN CONSIDERABLE OF AN INCREASE TO POPULATION OF THIS CITY.

It is understood that when arrangements are completed the Canadian Pacific Railway will make Sherbrooke a home division. That means that the crews of the different trains running over two divisions will make their headquarters in Sherbrooke.

Should the above arrangement be carried out it will mean that there will be a considerable addition to the population within the next few months.

TALK OF OTHER AMALGAMATIONS.

Quebec Bank Absolutely Denies Rumor.

BANK OF MONTREAL EXPECTED TO SEEK FURTHER EXPANSION.

Montreal, Feb. 17.—(Special)—Since the Canadian Bank of Commerce and the Eastern Townships Bank came together the public has been seeing other amalgamations. In this connection the prophets have associated the Bank of Montreal with the Quebec Bank and the Union Bank.

So far as the Quebec Bank is concerned, emphatic denial is given the report. "Absolutely nothing in it," is the official announcement.

With regard to the Union Bank, no official announcement has yet been made.

TWENTY-FOUR PEOPLE INJURED. Baltimore, Md., Feb. 17.—In a head-on collision between an east-bound freight train and a west-bound passenger train on the Baltimore & Ohio Railway near Rockwood, Po., last night, 24 people are reported injured, three seriously.

MONTREAL HAS A HOLD-UP.

Jeweller Attacked as He Was About to Open Safe.

DESPERADOES GOT AWAY WITH DIAMOND RING AND \$50 IN CASH.

Montreal, Feb. 17.—(Special)—Montreal this morning had its first taste of the wave of hold-ups which have been sweeping over the Eastern States.

While Mr. Cohen, 499 St. James street, was opening the safe in his jewelry store, he was startled by a voice just behind him, and on looking up found himself covered with two revolvers in the hands of two desperadoes.

Cohen made a quick grab at one of the weapons, only to be struck down unconscious by a blow from the butt of one of the revolvers.

The thugs then picked up a \$300 diamond and \$50 in cash and disappeared.

The police were soon on the trail, and a few minutes later had arrested a man who was running down the street. He gave the name of Vega and said he was a Spaniard, but disclaimed any knowledge of the crime. He is held at present.

SNOWSHOERS LEFT FOR QUEBEC.

Will Take Part in Mardi Gras Carnival.

SHERBROOKE CLUB WILL BE ENTERTAINED BY QUEBEC SNOWSHOE CLUB.

The much talked of and long waited for snowshoers' excursion to Quebec took place to-day, when about 200 local snowshoers left for the Ancient Capital. The various clubs were represented as follows: Sherbrooke Club 35, Tique Rouge 75, St. Francis 35, Dollard 25, and 48 members of the Harmony Band.

The excursionists went on board the special Quebec Central train at 11 o'clock and pulled out about 3 a.m.

To-day's programme is as follows: 10 a.m.—Opening of the annual convention of the Snowshoe Clubs of the Dominion of Canada.

11 a.m.—Civic reception to the Canadian Snowshoe Clubs by His Worship the Mayor and the members of the Council.

2 p.m.—Championship snowshoe races at the Exhibition Grounds.

8 p.m.—Torchlight procession of allegorical cars and of snowshoers in costume through the streets of Quebec.

10 p.m.—Storming of St. Louis Gate by the snowshoers. Grand display of fireworks.

SHERBROOKE CLUB WILL BE ENTERTAINED.

To-morrow the members of the Sherbrooke Club will be entertained by the Quebec Snowshoe Club. Last year the Quebec boys were the guests of the Sherbrooke Club in Sherbrooke.

CROWS AROUND KNOWLTON.

Knowlton, Feb. 17.—(Special)—Crows were seen around here yesterday. This is said by weather wiseacres to indicate that spring is not far off.

THE WEATHER LOCAL FORECAST.

Generally fair and comparatively mild.

NO INVESTIGATIONS HAVE BEEN MADE IN SHERBROOKE COUNTY

Dr. Shurtleff, K. C., Has, So Far, Received no Instructions to Enquire Into any Charge of Political Partisanship on Part of Civil Service Servants—Cases Dealt With Were at Beebe Junction, West Shefford, Bedford, Coaticook, Roxton Falls, and Magog.

There have been so far no investigations made in Sherbrooke County of charges against civil service employees of political partisanship during the last election campaign.

Dr. Shurtleff, of Coaticook, speaking to the Record, said that not only had he made no investigations in Sherbrooke, but furthermore, he had no instructions thus far to make any. Of course, it does not follow from this that none will be made in the future. The commissioner is receiving instructions all the time, and states that at present he has enough investigations ahead to take him two months to make and give all the time that he can spare from his law practice. These investigations, according to the commissioner, are scattered all around the Townships. Thus far they have had to do with postmasters and customs officers. No instructions for investigations concerning officers of the Department of the Interior, which would include im-

migration officers, or of the Marine and Fisheries, have thus far been received. Few, if any, investigations are likely to be made in either Compton or Bromont. The minister accepts the word of the sitting members as to political partisanship, and when charges are made by these members, and they state that they have personal knowledge, no investigations are ordered. In other counties, where the sitting members are not supporters of the Government, investigations are necessary. Among recent investigations which Dr. Shurtleff has made are enquiries regarding the conduct during the last elections of two customs officers at Beebe Junction, in the county of Stanstead, the postmaster at West Shefford, the postmaster at Bedford, two customs officers at Coaticook, the postmaster at Roxton Falls, and the postmaster at Magog.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS.

CUT HEAD WITH AXE. Frost Village, Feb. 17.—(Special)—Mr. W. J. McClary received a nasty wound on the head while splitting wood. The axe he was using came in contact with a clothes line, which caused it to strike his head. Several stitches were required to close the wound.

HELD INVESTIGATION AT MAGOG. Magog, February 17.—(Special)—Dr. W. L. Shurtleff, K. C., was here on Wednesday, and held an investigation into charges of partisanship made against some of the Federal officers in town. Those charged were given a hearing, and the report of the investigation will be forwarded to Ottawa for consideration there.

FOUNTAIN PENS

We believe that any Manufacturing concern that has faith enough in the superiority of their products to spend millions of dollars in advertising their goods must have common sense enough to realize that in order to maintain the good-will of the public they must keep up the quality of their goods. It was very evident to us that

WATERMAN'S IDEAL FOUNTAIN PEN

had proved itself to be the LEADER and that we would have the makers with us in looking after the interest of the buyer thereby enabling us to give satisfaction to our customers as to quality maintained at any cost. That decided us to lay in a stock which is of such a variety that we are in a position to suit almost any kind of a writer. Tell us the kind of a pen you like and we will select as near as possible and mail on approval.

COUNTRY PRODUCE

EGGS ARE SCARCE.

Montreal, Feb. 17.—There is practically no select or No. 1 stock now on the market, all the trade being cleaned out of these stocks. The only eggs that are coming into the market from country points, and the United States markets are new. These lots are selling at 40c doz.

POTATO MARKET STEADY.

Montreal, Feb. 17.—The high prices that have been paid for potatoes, have brought in quite a number of small lots. The high prices have also curtailed the demand and although there is no change to note, there is an easier feeling in the market. Prices are purely nominal at 15c to 17c on track Montreal.

POULTRY MARKET FIRM.

Montreal, Feb. 17.—The poultry market is firm. There is very little coming in and all good stock meets with ready sale. Turkeys are worth 18c to 19c per lb. Geese are scarce. Sales this week being made at 13c. Good sized chickens are worth 16c but small chickens are only worth 13c to 14c. Fowl is plentiful at 10c to 11c. Ducks are scarce at 17c per pound. Live chickens 15c per pound.

HONEY MARKET STEADY.

Montreal, Feb. 17.—Stocks are light with very little offering, and market continues steady, price being fully maintained at 10 1/2c to 11 1/2c for white clover in comb as to quantity and 7 1/2c to 9c as to quantity for buckwheat honey.

DAIRY PRODUCE

BUTTER BUSINESS GOOD.

Montreal, Feb. 17.—Short as the make of butter is in England she has been able to spare Canada a portion of her New Zealand imports amounting to about 3,400 pkgs which arrived in the city Thursday, costing about 32 1/2c to 33 1/2c laid down here duty paid. The quality is grass made December creamery of excellent body and flavor, a shipper stating that there is plenty more of the same class available if needed.

There is some well preserved June creamery still in cold storage costing 21 1/2c to 22c last June, solid boring and sweet, which is held at 34c. Two cars of creamery was sold to a Toronto firm this week, the price paid being reported at 33 1/2c. There is not much for dairy butter which moves slowly, but at steady prices the only sale reported to us this week being a lot of a little over 100 packages at 29c. Choice rolls and prints are very scarce.

CHEESE MARKET STEADY.

Montreal, Feb. 17.—What cheese is being sold over the cable is on the basis of 15 1/2c to 15 1/2c f.o.b. for finest grades, and 14 1/2c to 15c for seconds.

PROVISION MARKET.

DRESSED HOGS ARE FIRM.

Montreal, Feb. 17.—The receipts of live hogs have been fair, but are still light, and as there is a good demand from packers prices have been maintained but are unchanged. Packers are paying \$7.00 per hundred pounds weight off cars. Dressed hogs are also firm in sympathy with the raw material, and are selling this week at \$9.75 to \$10.00 per hundred pounds. Country dressed hogs \$9.00 to \$9.50 per hundred pounds.

THE GRAIN TRADE

MARKET WAS STEADY DURING WEEK.

Montreal, Feb. 17.—A fairly good business is reported in No. 3 yellow corn.

Oat market keeps strong. Any cars of No. 2 O. W. on spot floating around can find a ready market, one car being picked up as soon as offered at 55c. Extra No. 1 feed 52c to 53c.

52 1/2c. No. 2 local 51c to 51 1/2c. No. 3 do 50c, No. 4 do 49c.

BARLEY.—Malting barley is very firm, choice lots being quoted at \$1.04 to \$1.05. Feed 55c to 70c. Malting barley has sold in Toronto at \$1.02 1/2, and at outside points at \$1.00.

BUCKWHEAT.—The market remains steady at 72c to 73c.

RYE.—Quotations in the West, \$1.03 to \$1.05.

SEEDS.—Prices in the West are quoted as follows:—Red clover, \$13. to \$13.50; alsike, \$11; timothy, \$7.50, and alfalfa, \$9 per bushel.

MALT.—The market is steady at \$1.25, last sale of round lots being quoted at that figure.

HOPS.—The market continues firm.

British Columbia sold at 57c. and we quote 57c to 60c. Bohemians are quoted up to 90c and 95c; Oregon 55c; Canadian 50c.

OPTIMISTIC SPEECH
BY SIR E. GREY.

Mists of Suspicion Between England and Germany Being Dispelled

SOMETHING HAD BEEN ACHIEVED BY VISIT OF WAR SECRETARY.

Manchester, Eng., Feb. 17.—Sir Edward Grey, the secretary of foreign affairs, made an optimistic speech here last night on the present relations of Great Britain and Germany. Referring to the visit of War Secretary Haldane to Berlin, Sir Edward said the reticence in regard to details of the statements made by Premier Asquith in the House of Commons and Chancellor von Bethmann-Hollweg in the Reichstag, did not imply that there was any lack of cordiality between the two powers.

Something had been achieved which he (Sir Edward Grey) hoped had permanently brightened the sky, and which would dispel the mists of suspicion which had arisen from unfounded rumors.

Asked if any negotiating had been opened with him concerning the defendants, United States District Attorney Charles W. Miller said: "I shouldn't be surprised if it is shown soon that something like that had happened."

OBJECT TO CANADIAN POLES ON U. S. SOIL.

The Stansfield Journal says:—The Sherbrooke Railway & Power Company has got into a little difficulty with the United States custom officials.

The company's distributing station for this section is located on the "American side," just a few rods over the boundary, and is equipped with "American" machinery.

To reach the distributing station, however, Canadian poles were set and Canadian wires strung in United States Territory, without consulting Uncle Sam's representatives. As a result the company has been asked to desist from turning on the current until the matter has been settled to Uncle Sam's satisfaction.

It is understood that only two poles were set in Vermont and only a matter of a couple of thousand feet of Canadian wire strung in U. S. territory. From the standpoint of the U. S. customs officials it is not so much the value of the contraband articles as the principle involved.

In their opinion corporations have shown a disposition to take too many liberties. They are waiting for one of them to get on their knees. The little difficulty in which the company finds itself is no doubt the result of thoughtlessness, rather than any desire to defraud the U. S. customs. Doubtless the matter can be adjusted without serious trouble. It is more than likely that the U. S. action is intended only as a cure for such thoughtlessness.

BRITISH ADMIRAL DEAD.

London, February, 17.—Admiral of the Fleet Sir Nowell Dalmon died yesterday at the age of seventy-seven. Until his retirement in 1905, after serving fifty-eight years in the navy, he was one of the most popular officers in the fleet. He wore the Victoria Cross, which he won for bravery in the field during the Indian Mutiny.

Commons and Chancellor von Bethmann-Hollweg in the Reichstag, did not imply that there was any lack of cordiality between the two powers.

Something had been achieved which he (Sir Edward Grey) hoped had permanently brightened the sky, and which would dispel the mists of suspicion which had arisen from unfounded rumors.

Asked if any negotiating had been opened with him concerning the defendants, United States District Attorney Charles W. Miller said: "I shouldn't be surprised if it is shown soon that something like that had happened."

THE ONLOOKER COMMENTS.

Free Books.

The introduction of free books into the public schools of the province would assuredly be a popular and progressive educational move, and that school commissioners realize this is evidenced by the resolution passed at a recent meeting of the Hampden School Commissioners. This resolution the Commissioners decided to send to Sir Lomer Gouin.

If school commissioners have earnest desires to benefit education in this province, they have only to exercise their united powers to accomplish whatever they will. An isolated resolution would be ignored at Quebec. But resolutions from the majority of school commissioners would result in legislation.

School commissioners act independently, and each individual body has little influence. But if business methods were adopted, and inter-communication between the commissioners of towns or municipalities established, these organizations would not have to do much talking to get their desired reforms.

And writing of educational matters brings one up against the greatest problem of all, the qualification of the teacher.

Seven thousand two hundred and ninety teachers are employed in Quebec province, and only 1,116 have diplomas. Probably a considerable number of the teachers without diplomas are qualified to teach, but how many the public does not know, and the "unknown quantity" may well cause uneasiness to educators.

Of what use are free books, if text books are in the hands of ignorant instructors?

Local examination centres are an expedient of the past which should be adopted again in the interests of present day reform.

'Tis a pity that some public man of ability and influence does not make fame and name for himself in solving our educational problems. These problems are serious and imperative, and the next generation would surely rise up and "call him blessed."

Age and Energy.

Thomas A. Edison celebrated his sixty-fifth birthday on the eleventh of this month.

Yet the news item recording this fact gave less space to a reference to the anniversary than to a description of the plans for further work of the great wizard.

Some men at sixty-five retire on a pension and cultivate the habit of "dignified age."

But Thomas A. Edison does not grow old. The fire of genius which has already so greatly benefited the world has not smoldered down to be fanned into flames by occasional eulogy and expression of public homage. It burns steadily on.

Some time the fire will go out. But the name of Thomas Edison will

not burn out with the flickering of his inventive greatness. Mankind has received very real assistance from this old young man. He has lightened the burden of living and added to its pleasures to a greater extent than any one man in his own period.

Sixty-five years old, and still working for the advancement of practical and applied scientific knowledge, with the vigor and enthusiasm of twenty years.

A man is as old as he thinks himself—no older.

The Quebec Eastern.

The sale of the Lotbinière & Megantic Railway has been received as a confirmation of the early putting through of that much hoped for provincial road, the Quebec Eastern. As the shortest route to Quebec, the line will make a bid for all patronage that appreciates a saving of time. And in opening new territory in Megantic County the proposed new route will materially assist in the development of what are at present outlying districts.

The news of this assured new line to Quebec comes only a week after the confirmation of the proposed electric line from Granby to Montreal. The enthusiastic progressive movement within the Townships is met on every side by answering expansion from without.

"Home Rule Session"

The session of the British Parliament that has just opened promises to be one of the most important of many years, and the world will follow the developments in British politics with interest. England, for a conservative nation, has given the world surprising spectacles of progressive legislation, and promises to make its present sitting even more notable than any preceding ones.

A change in the personnel of the Government may alter the color of British political affairs, for Sir Edward Grey is a very different man from Mr. Asquith. And, from a respectful Canadian distance, Lloyd George is not of the Sir Edward Grey type. Asquith and Lloyd George were a good team, and possibly a new combination might have an important effect upon new legislation.

A Present Day Hero

A man suffragette has gone insane from trying to follow out the starvation plan of his feminine co-workers. We are sorry for him, but how mere man ever dared to adopt a woman's tactics to win a point is a mystery. He surely was not wise in a knowledge of human nature. A man must fight his quarrels with his fists, and squarely, in the open. He takes a risk when he tries the pussy cat methods on his fellow-men. For on the pussy cat methods of gaining a point, tradition has given the prerogative to the "female of the species."

THETFORD MINES.

The Young People's Forward Movement of the Methodist Church at Thetford Mines, held a Valentine Day Social in the Sunday School of the church Wednesday evening. There was a good gathering of the young people and their friends and a most enjoyable evening was spent. Mrs. (Dr.) Daigneau was the Lady President and received the guests whilst Mr. Clarence Lipsey, the President, presided, and with Mr. J. Preece, the Vice-president, conducted the proceedings. The drawing of the "Hearts" and the allotment of the happy couples caused great amusement. The ladies provided refreshments—the two sweet "hearts" in all cases occupying seats at the supper table. In addition to games provided, Mr. Edgar Bailey favored the company with a song. The pastor, the Rev. A. Matthews, conducted the brief religious portion of the proceedings. This society has made a good start, and should, as it progresses, do very much to benefit the young people of the Methodist connection in Thetford.

The Valentine Ball given by the Ladies of Thetford Mines took place Wednesday evening in the Hall of the Bell Company, kindly lent for the occasion.

The entertainers comprising: Mrs.

W. H. Smith, Mrs. Pacaud, Mrs. P. P. Johnson, Mrs. Scott, Mrs. Dean and Mrs. (Dr.) Ross, received their guests with the aid of Mr. W. H. Smith, the manager of the Thetford Branch of the company, who acted as the president of the ball. The guests included those who had previously participated in the enjoyable evening already spent this winter amongst whom were, Mr. and Mrs. J. R. Thompson, Mr. and Mrs. Bean, Dr. and Mrs. Delage, Mr. and Mrs. A. Grubeau, Miss Mabel Smith, Miss Bucknell, Miss Philis Jean, Mr. and Mrs. Green of Black Lake, Mr. and Mrs. J. T. Scott, Mr. Dean, Mr. W. R. Leventritt, Mr. Portis, Mr. J. V. Morisset, Lt. Col. Baker, Mr. J. Wilson, Mr. Elliott, Mr. Goodrow, and many others.

Considerable amusement was caused "Hearts" competition both at the beginning of the evening and at the commencement of the second part when each dancer was decorated with a heart, having a motto relating to the great good St. Valentine's day upon it. The dance selected for the "Cupid Couples" was designated the "Pari Jones", and carried through under able direction of Mr. Leventritt, caused a great deal of merriment. Mr. W. H. Smith, too, with his happy beaming countenance, imparted a considerable amount of fun to the proceedings of the evening, and altogether a most enjoyable time was spent which was not a little enhanced by the excellent music supplied by Miss Lachance, piano, and Miss Persson, violin. The ladies had not forgotten any part of their duties and a plentiful supply of delicious refreshments was provided. The dancing hall and the other rooms were prettily decorated, the prevailing ornament being the cupid "Hearts" whilst the lighting was the dim "red light" which made a very pretty effect in the rooms. Valentine's Day will long be remembered by those who were

fortunate enough to be present at this enjoyable dance.

Ellen Macquie, Gladys Parker and Thomas Griffiths, patients in St. Joseph's Hospital, are making satisfactory progress.

ST. SYLVESTER EAST.

Rev. P. O. Reilly, of St. Patrick's, was here on a visit last week. On Monday morning the anniversary service of the late and much lamented Mr. Onezeme Latourneau took place, and was largely attended by relatives and friends.

On the 30th ult. Mr. Onezeme Gilbert and Mrs. W. Blouin were married at the R. C. Church by the pastor, the Rev. E. Lachance.

Several of the scalers are out looking after pulpwood, and by accounts there will be the usual good prices this season.

At a meeting of the councillors of this parish last week, Mr. L. Delisle, Mr. M. W. Delisle, Mr. T. Hogan and Mr. W. Craggie were appointed to replace the outgoing councillors, whose terms had expired.

LOWER IRELAND.

Arrivals and departures: Mr. John Bennett, of Clapham, on business; Dr. and Mrs. Henry, of Lennoxville, a few days with Mr. John Johnson, Clapham; Mr. Willie Walker to Montreal with cattle; Mr. Hugh Andrews, of Millfield, round here buying cattle.

Mr. Amos Forbes is lying in a critical state in Thetford Mines Hospital.

Mrs. Arnold Davidson to Thetford Mines to see her daughter, Mrs. A. Forbes, who is very ill. Miss Melinda Davidson visiting Mrs. A. Davidson; Mr. George Davidson to Inverness.

RECTORY HILL.

Mr. Thos. Kingsborough, who has been spending the winter at Mr. Robert Leith's, left for Littleton, N.H., on Tuesday. Mr. Chester McIntyre, of Reedsdale, visiting his cousin, Mr. R. Patterson.

FACTS from FORD

There are no "glittering generalities" in FORD advertising—it gives you the established FACTS—we appeal to your judgment through Facts, not with claims—and you know it's more profitable to live with a Fact than to nurse a family of "claims."

There's this about FORD advertising that makes it particularly distinctive, and that is its positive harmony with Facts. It is just like FORD MODEL T—reliable, positive.

We tell you FORD MODEL T is the lowest priced quality car and immediately follow with the Facts.

Entire mechanical construction of Vanadium Steel, scientifically heat-treated—the very best as well as the most expensive steel made.

The only motor car with the Magneto built into the flywheel as a part of the motor; the only motor car in which there are neither dry cells nor batteries. This is also a FORD Magneto—built entirely in our own shops.

The lightest weight 4-cylinder motor car in the world, size, power and capacity considered—60 pounds to the horsepower.

The cheapest 4-cylinder motor car in maintenance, 20 to 25 miles on one gallon of gasoline and 5,000 to 8,000 miles on one set of tires.

The simplest motor car in design, anybody of ordinary intelligence quickly understands its every mechanical detail.

A durable car is best evidenced by there being in active operation to-day more than 100,000 Model FORD cars; the most widely-known motor car, as it is seen in every part of the civilized world, it is the Universal Car.

The FORD MODEL T has the lowest purchase price and running cost per mile per passenger of any motor car in the world.

The high quality and the low price of MODEL T FORD'S are possible because of:

1st—The extreme simplicity and accurately scientific design—the creation of the marvelous inventive genius of Henry Ford.

2nd—The scientifically heat-treated Vanadium Steel material. We emphasize

FACTS from FORD

size this because it is vitally important that you should know the sort of materials used in the construction of the motor car you buy.

3rd—The most efficient automobile factories in the world, where the workmen are employed during the entire year building only this ONE WONDERFUL CAR.

4th—The large production—75,000 FORD MODEL T cars in one year.

5th—The Ford Motor Company devotes all its energy to the production of only one car; it finances the entire business itself, and this is a mighty force in manufacture; no borrowed money, no interest-bearing bond issues, no mortgages, but everything bought and paid for with spot cash, and sold the same way.

There is intense significance in the fact that every third car sold in Canada last year was a FORD MODEL T. This significance increases when you know that every second car made in Canada this year will be a FORD MODEL T.

FORD MODEL T cars would not be made in such quantities if established merit had not produced the demand. If the MODEL T had not satisfied its thousands and thousands of users.

FORD MODEL T car is in largest demand because of its all-round utility; it meets the motor want of everybody, from the man of leisure to the busy worker, from the doctor and professional man to the banker and farmer.

Remember, all FORD cars are sold fully equipped—we specify the equipment article by article. When you buy a FORD MODEL T you buy a complete car.

In addition to FORD MODEL T Touring Car we have for prompt delivery:

Ford Model T Torpedo, fully equipped, f.o.b. Walkerville \$775

Ford Model T Commercial Roadster, fully equipped, f.o.b. Walkerville \$775

Ford Model T Town Car, fully equipped, f.o.b. Walkerville \$1100

Ford Model T Delivery Car, fully equipped, f.o.b. Walkerville \$875

LETTERS TO THE EDITOR

"HONOR TO WHOM IT IS DUE."

Montreal, January 26th, 1912.
3 Shuter St.,
W. C. McKill,
Melbourne, Que.

Dear Sir—Yours of January 22nd to hand re my Christmas present to you. I am very sorry that the present was not addressed to the right party.

Some few days before Christmas we received a box of fowl from Messrs. Johnson Bros., and in looking over them we came across an old rooster that had done the fall's plucking, and as my son George was going to spend Christmas with his Uncle, Mr. John Brighten, I sent the two rooster's feet with him to give to his uncle and show him what fine strong birds they raised in your county. As to what happened after I was not aware.

Trusting this explanation will be satisfactory, and again expressing my regrets, I remain,
Yours very truly,

R. NEVILLE.

NO REFLECTION ON TEACHERS.

Editor of Record:

Sir—In reference to the article which appeared in the Sherbrooke Daily Record of Feb. 13, 1912, notifying all the teachers in the municipality that after the expiration of the present engagement their services would not be required, this is strictly in accordance with the school law, and is in no way a reflection on the teachers at present engaged, nor does it prevent their re-engagement.

Hecock, of Cleveland, mother of Burrell Hecock, the Cleveland boy drowned in Niagara river when the ice bridge broke, writes to firm of Toronto lawyers a letter in which she emphatically denies the newspaper despatch which described her having had a telepathic vision of her son's danger and death at the time when the tragedy was occurring. She also states that she had no premonition of disaster when he left her the night before.

INSPECTOR HUGHES RETIRES

Toronto, February 17.—James L. Hughes, Chief Inspector of Toronto Public Schools, and one of the most critics, last night resigned his position and at midsummer will retire on a yearly pension of \$2,000, after 38 years continuous service. Mr. Hughes is a brother of Hon. Sam Hughes, Minister of Militia. He has written extensively on Charles Dickens and on general educational subjects.

STORY IS DENIED.

Ottawa, February 17.—(Special).—An emphatic denial was given by members of the Government to the story cabled from England to the effect that the British Admiralty had been secured by Pethick Bros. of Plymouth, for the building of the docks and granaries at Fort Churchill for the terminals of the new Hudson Bay Railroad. It was stated that the story was ridiculous as the Government has not even decided yet whether the terminus of the road will be at Port Churchill or Port Nelson.

Not Merely Pure

SOME soapmakers claim Purity as the greatest thing ever. And they even give the percentage of Purity their soaps contain, as though Purity alone is all that soap requires.

A soap maker can, however, make his soaps from pure refuse grease and pure soda, and claim, with absolute truth, that his soap is 100 per cent Pure.

But if that soap is not colored artificially, nor perfumed, it will be yellowish in color and soon smell like axle grease, or worse.

Soap made from such cheap material stops up or irritates the pores and sets up a disorder that will surely make itself felt throughout the entire body.

You should take care of your skin by using soaps in which the materials are not merely pure, but

which are absolutely the highest grade—fats such as you buy from your butcher to eat, and pure coconut oil such as Milady uses for her delicate complexion.

Certain of these soaps retail at from 25 to 50 cents a cake—because of the expensive perfumes they contain. One of them retails at only 5 cents a cake—

That's Fairy Soap. Buy a cake now and see for yourself.

siasm on the part of both bodies. We desire also to thank the President and officers of our sister organizations, the Chamber of Commerce, and the Civic Improvement Society, the progressive and enterprising press of the city, the Mayor and Councillors of Thetford Mines, the Management of the Sherbrooke Street Railway Company, the General Manager of the Quebec Central Railway, the Industrial Commissioners of the Grand Trunk and Canadian Pacific Railways and the gentlemen who assisted at the banquet, for the courtesy, consideration and assistance which they have rendered us during the past year.

INDUSTRIAL SECRETARY'S REPORT.

Sherbrooke, Feb. 16, 1912.
To the Members of the
Sherbrooke Board of Trade.

Gentlemen:—
Special attention has of course been given during the past year to the securing of new industries. Visits have been made to manufacturers in Quebec, Bracebridge, Ont., Toledo, Ohio, Tiffin, Ohio, Decatur, Ill., Cincinnati, Ohio, Columbus, Ohio, Cleveland, Ohio, Rochester, N.Y., and Troy, N.Y. The industries visited in many cases have not as yet decided definitely on a location and are still retained on our files as good "prospects."

Representatives of some twelve to fifteen prospective manufacturers have been shown our city, and hundreds of letters written on this subject. We are at the present time in correspondence with a large number of firms.

Within the past week we have been visited by the representative of a large paper machinery manufacturer. Other interesting information has been received in this connection which will be reported by the Chairman of our Industrial Committee.

With your permission, I will let the reports of the various Committees

tees for the past year cover my other activities. As I have attended practically all Council and Committee meetings, some 75 in number, I feel it would be only lost time for me to now go over this work in advance of the Chairman.

I believe we are making a mistake in looking upon our industrial work as the most important thing we have under consideration, and I want to refer for a moment to some of the remarks made by our President in regard to other phases of Civic Development. This matter was brought very forcibly to my attention during my trip through Central Ohio, and my visit to the Convention of the American Association of Commercial Executives at Louisville. At the Convention the average Secretary emphasized the desirability of his city as a place in which to live, by mentioning their paved streets, good sidewalks, pleasant parks, cheap rents, etc. For instance, the Industrial Commissioner of Ottawa made the statement: "There is not a tenement house in the city of Ottawa."

Then, too, in interviewing the large manufacturers, many of them put aside the question of railroad rates, sites, etc., and asked: "Are your streets paved? Are they laid out nice and wide? What arrangements are made to permit the workman to own his own home? Are there such amusements in your city as will help us hold our workmen? How many parks and playgrounds have you?" We have much work to do in Sherbrooke along these lines.

We have recently voted on three by-laws which will mean some 350 new employees in our city during the coming year. The question of housing these new families is one which we are soon to be called upon to face. The manner in which it is handled will affect in a large measure the securing of other industries.

Another thing which I believe is very essential is the advisability of investing in Sherbrooke enterprises. We have, during the past year, run across two or three good propositions that could have been secured by furnishing a little local capital. In one case, a large well established American firm wanted a certain portion of stock subscribed in the town in which they decided to locate. Would it not be a good idea to form a committee of men who would be interested in such matters, and turn these propositions over to them?

I want to take this opportunity to thank the members of the Board and Council, and particularly the Chairman of the Committees, for the cordial manner in which they have responded to every call during the past year. Without their assistance and

the hearty support received from our President and Vice-President, this would have been a dreary task indeed. A great deal of help has also been rendered by the local press, and I want to express my appreciation to the management of our daily papers for their co-operation.

Respectfully submitted,
CHAS. E. BRADFORD,
Secretary-Treasurer.

CIVIC IMPROVEMENT REPORT.

Mr. H. V. Haight, Chairman of the Civic Improvement Committee, in the course of his report said:

"Three new industries are assured us, giving employment within a year to 350 additional men. Our other industries are many of them growing rapidly. The 'Greater Sherbrooke' movement may be considered to have already justified its support for at least five years to come.

"But let us keep constantly in mind that a city, like a child, must grow wiser and better as it grows larger, or the growth in size will be a positive detriment. It is not necessary to go into detail for we are all aware that the conditions of life for the workingman are harder in a large city than in a small one, and that for his children the conditions are often not merely hard but destructive and deadly. Let us all realize, that we who have assisted in any way to bring these new industries here, owe it to our fellow citizens and to future generations to counteract the potential harm we have done by positive works of civic betterment.

"We should guard against the evils of overcrowding and unsanitary conditions and danger to life and property by fire. For this purpose we need not only by-laws to correct existing evils, and to prevent the erection of unsuitable buildings, but we need, also, some plan similar to the 'Garden City' movement for the erection of suitable houses of moderate cost for sale or rental.

"To further check the possible evils of overcrowding we should secure ample spaces for parks, squares and playgrounds. To delay in this matter is both expensive and may lead to the permanent loss of suitable spaces. "Education should receive our support. The School Commissioners should be encouraged to erect a separate High School, to levy additional taxes if necessary, to hire more male teachers for the older boys, and to increase the teachers' salaries. The Government should be approached regarding the establishment in Sherbrooke of a Technical School or a Commercial and Technical High School.

"A comprehensive city plan should be undertaken, one which will look forward to a city of fifty or one hundred thousand inhabitants. Many of our streets are far too narrow to successfully handle the traffic of a large city. A considerable part of the high cost of living in large cities may be traced to this cause. A splendid work for us to undertake would be to promote a popular subscription to a large fund with which to engage a city planning expert to study our city and to recommend a comprehensive plan for our adoption.

"Agriculture should receive our consideration. The encouragement of market gardening near the city would be of great benefit to all citizens. Possibly we could take steps to get an experimental farm established in this vicinity.

"The liquor question should receive our consideration. Whatever may be our individual views regarding temperance, we must recognize that to industrial concerns the use of liquor by their employees is a great detriment. We owe it, therefore, to those new industries as well as to the present ones to oppose any new licenses which may lead to increased drinking among their employees.

"We should recognize, however, that these new people coming to our city will need some provision for meeting each other and us in a social way. As one means to this end we might, perhaps, promote the use of the school houses in the evenings as social centres.

"Finally, let us as individuals and according to our several tastes and abilities give our hearty support to the various organizations, recreative, artistic, educational, philanthropic or religious, which are endeavoring to make Sherbrooke 'the best place to live in.'"

INDUSTRIAL REPORT.

Mr. G. A. LeBaron gave a verbal report relative to industrial prospects. During 1912 the Board had been in communication with no less than 668 manufacturers. Over 1,000 letters had been written. It might be said that there were forty live issues before the Board now. Two industries had been secured through the direct efforts of the Board, including one that was on the point of being closed. The Board had accomplished something and he believed it was in line for greater successes.

Rev. Mr. Read urged the Board's support to the bill providing for compulsory education. This bill applied only to Protestant schools. Mr. Read referred to school expansion in Sherbrooke during the past year. Much, however, remained to be done.

NEW MEMBERSHIP PLAN.
Mr. McKee proposed several new members and urged an effort to very largely increase the membership of the Board.

CIVIC IMPROVEMENT AND EDUCATION.

A number of matters were referred to the Council of the Board, including a letter from Mr. Morey re park extension; a letter from the Montreal Chamber of Commerce re licensing; the bill for compulsory education, etc.

GOOD ROADS.

Mr. William Farwell urged that the proposed Associated Boards of Trade should endeavor to interest the municipalities in the Quebec Government's good roads offer, a rare opportunity for the municipalities to obtain good roads.

NEW MEMBERS PROPOSED.

The following names were proposed for membership at Board of Trade meeting: Messrs. John Fales, Louis N. Audet, J. H. Bryce, Jacob Echenberg, James Lowe, E. S. Stevens, J. V. Price, J. N. Matte, Harry A. Sumpton.

"Our Personal Advice to all Skin Sufferers"

W. H. GRIFFITH, Druggist

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the effective eczema remedy, you can depend upon it that we give our advice, not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or better, we want you to try a full size bottle of D. D. D. Prescription.

Again and again we have seen how a few drops of this simple wash, applied to the skin, takes away the itch instantly. And the cures all seem to be permanent.

D. D. D. Prescription, made by the D. D. D. Laboratories of Toronto, is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel soothed and cooled, the itch absolutely washed away the moment you apply this D. D. D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now.

BABY'S OWN SOAP

ALBERT SCAPS LIMITED, MFRS. MONTREAL

What does 35% duty add to the value of a Car?

UTOMOBILE buyers are so used to paying "The Canadian price" for a car that they have formed the habit. When they pay \$2,200 for a car, they forget that it is only a \$1,500 car they are getting; that the extra \$700 is not real value but customs duty. They are forgetting that the 35% duty is an outlay which does not give any return in service. That it adds cost without adding value.

The Tudhopes have overcome this heavy customs charge by manufacturing in Canada on a large scale. They have adapted to Canada designs and models which have been prepared at enormous outlay for the larger American market. Tudhope Cars are made entirely in Canada—in a factory which is not surpassed in equipment by any on the continent. The output is large—the cost of production is low. Tudhope Cars are produced in Canada for as low a price as is possible in the United States.

And here is where the buyer profits. The fact that customs duty must be added to the selling price of other cars does not influence us

in fixing the price of the Tudhope. The 35% which we save by manufacturing in Canada is an actual saving to the buyer.

The import of this to Canadian buyers is that in judging a Tudhope at \$1,625 they may compare it point by point with cars sold at \$2,300.

The difference in price is not represented by a difference in value. The Tudhope has the same durable construction; the same equipment and the same refinements as the higher priced cars. But Tudhope methods of manufacture have placed them on the Canadian market at their real value.

The Tudhope "The Car Ahead"

Examine these cars. Note the superior finish, the nickel trimmings and fine upholstery; note the Special Tudhope Equipment; long wheel-base and extra large tires which add to riding comfort and reduce tire wear; the double-drop frame; long-stroke motor cast in bloc; the material—chrome-nickel steel. Then note the following high priced features:

BOSCH DUAL IGNITION SYSTEM

The unit power plant of the Tudhope, with its long-stroke motor, is equipped with Bosch Dual Ignition System. This gives two independent sources of current and insures perfect ignition. It is the best system obtainable.

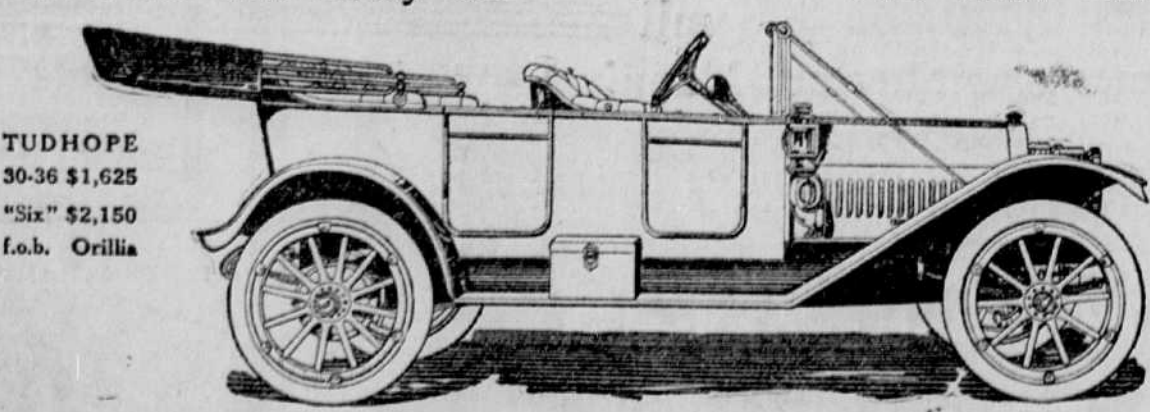

CONTINENTAL DEMOUNTABLE RIMS

All Tudhope cars have this superior equipment, which is recognized as the safest and most convenient. It is the equipment adopted by all the high-priced cars and is included in Tudhope Cars without extra cost.

SPECIAL EQUIPMENT

The Tudhope prices include everything the buyer needs, top and windshield of course, also speedometer and steel tool-case on running-board. Every Tudhope is supplied with an Extra Tire and demountable rim, tire irons and waterproof case.

BEDFORD.

The last meeting before the Lenten
season of the young people's Auction
Bridge Club was held last Thursday
evening at the home of Miss Mamie
Currie.
Miss F. Oimstead, principal of the
local Academy, in Montreal recently,
Mr. J. O. Galipeau and Miss Gail-
peau were week-end visitors in town
last week, as was also Mr. H. W.
Jones, of Dutch street.
The regular meetings of the local
Roulette Club were continued on Sat-
urday evening, with Mr. A. T. Gould
doing the honors as host.
Mrs. M. McNamara returned after
a few days' visit to the metropolis.
Mrs. V. B. McKenny is in Knowl-
ton, called there on account of the
sickness of her mother, Mrs. Mc-
Carthy, with typhoid fever.
Mr. Fred Pare, son of Mayor Pare,

left on Tuesday for Montreal, and
from there he leaves for Prince Al-
bert, Sask. Mr. Pare is taking with
him a carload of horses for disposal
in the West.

The meetings of the married peo-
ple's Five Hundred Club which was
organized early last fall, have proved
most successful, and the members
have enjoyed their weekly gatherings
together very much. The Lenten sea-
son, however, is fast approaching and
the last meeting of the club was
therefore held on Tuesday evening of
this week. Mesdames E. Ross, Wm.
Corey and M. Whitcomb joined in
entertaining the club at the home of
Mrs. Whitcomb, and needless to say,
the usual good time was enjoyed.

Miss Lucilla McNamara and Miss
Lila Burrage attended the leap year
ball given in Granby on Wednesday
evening.
Mrs. A. H. Holden returned on
Wednesday to Freilighsburg after a
short visit at the home of her
daughter, Mrs. M. Whitcomb.
Mrs. Windsor gave an afternoon tea
at the Rectory last Thursday after-
noon to the ladies of the Guild in
connection with St. James Church,
and this function was made the occa-
sion of presenting, on behalf of the
Guild, a handsome silver teapot to
Mrs. F. E. Harvey, who shortly leav-
es to join her husband in the Cana-
dian West.
Mrs. Harvey, who was
taken very much by surprise, feel-
ingly thanked the ladies in a few
words.

A large evening party was given on
Tuesday evening in the Victoria Hall
and proved a big success in every
way. Cards were first played at
about thirty tables, after which re-
freshments were served, and these in
turn were followed by a couple of
hours spent in dancing.
Messrs. W. A. Burrage, S. H. Ball,

A valentine supper was given in
the Parish Hall on Wednesday night
by the ladies of St. James Episcopal
Church.

The sympathy of many friends is
again extended to Rev. Mr. Lamou-
reux and Mr. E. M. J. Lamoureux in
the loss now of their father, who died
this week at St. Sebastian, thus
living only a few weeks after the
death of his late wife.

Food science has taught us that there is
much body-building nutriment in the whole
wheat grain which we do not get in white
flour. The only question is how to make
the whole wheat grain digestible. That
problem has been solved in the making of

TRISCUIT

the shredded whole wheat wafer.

It is the whole wheat, steam-cooked shredded, compressed into
a wafer, and baked—the maximum of nutriment in smallest
bulk. Many people prefer it to ordinary bread toast. Heated
in the oven to restore its crispness it is delicious for luncheon,
or for any meal, with butter, potted cheese or marmalades.

BITTERNESS NOT REMOVED.

cool, except on the part of the Social-
ists, who warmly favor better re-

**HONOURED BY
WATERLOO FRIENDS**

MR. J. O. MASSE TENDERED BAN-
QUET BEFORE LEAVING FOR
ANCIENT CAPITAL.

Waterloo, Feb. 17.—(Special)—The
many friends of Mr. J. O. Masse ten-
dered him a banquet at the National
Hotel here, prior to his departure to
Quebec, where he goes to fill the im-
portant office of private secretary to
Hon. Chief Justice Lemieux. The
occasion was a well merited one, as
Mr. Masse's popularity here is of the
kind that does not have to be sought
after; his modest, quiet and unassum-
ing ways, as well as his constant
willingness to do a kindness, and his
hearty good fellowship have won him
a host of friends, both young and
old.

Mr. C. A. Nutting, K.C., occupied
the chair, and after all had done jus-
tice to the excellent menu which Mine
Host Choiniere had provided, the
toast list was proceeded with. The
first toast was to The King; after
this, the Chairman spoke in a few
well chosen words, and paid a flatter-
ing tribute to the guest of the even-
ing, who has been in his employ ever
since he has been in Waterloo.

Mr. Masse replied in a very able
speech, and thanked the donors of
the occasion in very feeling terms for
the honor they had done him, also
expressing his regret at having to
leave his friends here.

Short speeches were also made by
Mayor J. F. Clement, L. J. Jodoin,
A. E. Chagnon, J. J. Ryan and oth-
ers. A toast to Mine Host Choiniere
closed a very pleasant evening.

The position that Mr. Masse is
leaving to fill is one that is well fit-
ted for his bright and able qualities.
While his friends regret his departure
they wish him all success for the
future.

WELL KNOWN IN SHERBROOKE.

Mr. J. O. Masse is well-known in
Sherbrooke, where he resided for a
number of years, having been pri-
vate secretary to Mr. Justice Le-
mieux during the time the latter was
on the Superior Court Bench here.

DAIRY VALLEY.

Arrivals and departures: Mr. Cles.
Hawley, of the Northwest, and Mrs.
C. B. Jameson, of Bedford, at Major
and Mrs. G. H. Macie's; Mr. and
Mrs. R. Lake and Miss E. Roy, of
Venice; Mr. and Mrs. Herbert Chilton
guests of Mr. and Mrs. G. G. Say-
yer; Mr. John Glasgow and Mr. U.T.
Chilton to Stanbridge on Sunday.

Mr. H. W. Boomhour, who has been
confined to the house for the past
week, is able to be out again.

The ladies of the Methodist Church
will give a social at the home of
Mr. and Mrs. E. E. Beerworth on
Thursday.

**Doctors Condemn
Oily Liniments**

Public Are Warned Against Strong-
Smelling, Oily Liniments Con-
taining Harmful Acids and
Ammonia.

Many people have clung to the old-
fashioned idea that a thick, greasy lin-
iment is the best kind. Doctors say not
—and they know.
Recently a number of these white, oily
liniments were analyzed, and they were
found to contain an enormously high
percentage of harmful acids, and such
irritating chemicals as ammonia, etc.
For the moment they may cause a warm
sensation when first applied, but their
continued use never cures rheumatism,
and only deteriorates the skin, sets up
inflammation, and causes endless trouble.
When a doctor warns you to quit using
a white, oily liniment—do so. He knows
that a thick liniment can't penetrate,
can't sink through the pores and reach
the seat of the pain.

After his long confinement a few days ago
an important physician stated that he
considered a strong, penetrating, pain-
relieving liniment, such as "Nerviline"
to be superior to any of the white am-
monia liniments. In his twenty-five
years of practice he had witnessed cases
of rheumatism, sciatica, and lumbago
that simply would not respond to ordi-
nary treatment—but "Nerviline" cured
them. The same physician also spoke of
the great advantages of keeping a pre-
paration like "Nerviline" in the house, be-
cause of cramps, diarrhoea, stomach dis-
orders, earache, toothache, headache,
and such minor ailments. "Nerviline" is
a first-class cure for all other pain-relieving
medicines. It is used. Fifty years' continued suc-
cess and the endorsement of the profes-
sion are proof that "Nerviline" is the lin-
iment for the home.

**Girl Cured of
Disfiguring Pimples**

By Cuticura Ointment. Broke Out on
Face when Twelve or Thirteen.
Were Most Embarrassing.
Had Tried Everything.

A Nova Scotia girl, Miss Mabel Morash, of
Dover West, writes: "When I was about
twelve or thirteen years of age, my face
broke out with pimples, and I tried every-
thing to get rid of them, but failed. The
pimples were the worst on my forehead and
chin. They came out in groups and developed
into sores. Being on my face they
caused great disfigurement, and were most
embarrassing.

"After trying so many remedies without
success, I saw the Cuticura Ointment adver-
tised, and I sent for a box. I then applied
it to the pimples, and in a week I saw a
great change in my face. I kept using it,
and in a few months it rendered a complete
cure. Now you cannot tell I ever had
pimples, thanks to the Cuticura Ointment."
(Signed) Miss Mabel Morash, Mar. 31, 1911.

Baby's Face Like Raw Beef

"My baby boy had a large pimple come
on his forehead. It burst and spread all
over his face which soon looked like a piece
of raw beef, all smothered with bad pimples.
It was awful to look at. The poor little
thing used to scratch it and cry terribly.
I took him to a doctor but he only got
worse until I was quite frightened that he
would always be disfigured. Then I got two
tins of Cuticura Ointment, together with
Cuticura Soap, and in two months had quite
cured him. Now of course I use Cuticura
Soap for all my children. (Signed) Mrs.
E. Perry, 69, Waterloo Rd., Aldershot, Eng-
land, May 21, 1910.

Cuticura Soap and Ointment are sold
throughout the world, but to those who
have suffered much, lost hope and are with-
out faith in any treatment, a liberal sample
of each with a 32-p. booklet on the skin
and scalp will be mailed free on application.

A very severe test was tried last week on the electric self starting device on the Cadillac Car. The car was allowed to stand out on the street for 1 hour and 20 minutes with the thermometer registering 20 below zero. The electric self starter was then put into action and started the engine in exactly 5 seconds.

The Lennoxville Musical Club concert will be given on Monday, Feb. 19, and promises to be remarkably good. Those taking part are Mrs. Wm. Morris, Miss Gwyn, Messrs. Matthews, J. C. Stewart and J. W. Beaudet.

Rev. G. H. Parker, who with his family will be absent from Lennoxville for the next few months, is desirous of letting his house furnished.

Mrs. Wm. R. Burge received a cheque from the Standard Publishing Co., Thursday, and a letter of congratulation for her clever forecast in connection with the recent elections. Mrs. Burge predicted that Jordan would go into power with 42 majority, being only 5 short of his victory.

Mrs. Moise O'Bready was hostess this week at a very successful bridge at the Chateau Frontenac. Eleven tables were arranged for the guests, and the very dainty prizes were won by Mrs. Hubert Cabana, Mrs. Richardson and Mrs. L. C. Bachand. Mrs. Charles Codere was awarded the consolation prize, and Mrs. G. Picard the score prize, while Mrs. P. D. Authier carried off a special prize. Tea was served in the grill room, Bourgeois' orchestra furnishing charming musical selections.

The 1912 McLaughlin-Buick Automobiles were recognized at the Montreal Show last week as marvels of perfection and beauty, retaining their former qualifications for power, speed, and refined to the extent of being one of the quietest in operation with all up-to-date features, Electric Lighting, Self Starting, Demountable Rims, etc. G. A. LeBaron Automobile Sales Co., Distributors for Eastern Townships.

Mrs. Robert Newton, Queen street, entertained at tea yesterday for her guest, Miss Elizabeth Johnston, of Montreal, who assisted her in receiving. A large number of guests were present during the afternoon. In the tea room the effective decorations of the table were red and white carnations and crimson shaded candles. Mrs. Newton, served, tea, and Mrs. George McDougall coffee, while the teas were served by Hon. Lee, which occurred in Roosevelt Hospital, New York, Feb. 3rd.

Miss Lee's home was in Barrie, Ont. The Gazette of that place refers as follows to the deceased:

"Miss Lee was one of the most esteemed members of the public school teaching staff, and had been engaged in educational work many years. She was an active and energetic worker in Trinity Church. In recognition of her valuable services on the teaching staff, all public schools were closed on Monday afternoon to give the scholars an opportunity to attend the funeral. Two sisters, Miss Emma Lee, Sherbrooke, and Miss Violante Lee, New York, survive."

GOLF CLUB DANCE.

The annual dance of the St. Francis Golf Club, which took place at the Chateau Frontenac, Thursday evening, was a brilliant function and one of the most brilliant in point of arrangements and the enjoyment of the guests, in the history of the club. Mrs. William Farwell, gowned in black sequin lace over satin, with diamond ornaments; Mrs. E. C. Fraser, in grey chiffon over silk, with lace garniture, and Mrs. H.M. Tomlinson, whose gown was of white net over pink silk, received the guests on their arrival shortly after 9 o'clock, and dancing was directly under way in the dining room and rotunda. The music of Bourgeois' Orchestra, which was stationed on a raised platform, was all that could be desired, and the twenty dances, with several extras, on the dainty white and gold programmes, adorned with golf emblems, were carried out in their entirety. Towards midnight a substantial supper was served in the grill room, after which dancing began with renewed vigor and was kept up till not another air but "Home, Sweet Home" could be extracted from the musicians, and the Golf Ball of 1912 was a thing of the past.

How Dayton Ladies Cure Their Corn-Pinched Toes

Miss M. Lukey, of Zena Ave., Dayton, Ohio, writes: "Before using Putnam's Painless Corn Extractor I was quite laid up with corns, and could not even stand the pressure of a loosely buttoned shoe. I applied Putnam's 'Extractor,' and in a miraculously short time I was completely cured. I take great pleasure in recommending your valuable remedy to my friends." Putnam's Corn Extractor is in 25c bottles, sold by druggists.

"The Hair and Its Care," Sent Free Upon Request.

The Herpicide Company want everybody to have a copy of their booklet telling how to take care of and possess hair. The booklet contains much valuable information on the subject of saving and cultivating the hair. It is the present-day men and women would like to live up to the teachings of this little booklet. It is doubtful if the next generation would find a bald-headed man or lady wearing false hair. It is just as easy to have robust and beautiful hair as to have thin, scraggy hair or no hair at all. If the scalp is kept clean and free from dandruff, the hair grows naturally and luxuriantly. Newbro's Herpicide is the original remedy that kills the dandruff germ for which there are many imitations, and substitutes and to be just as good, buy nothing but the original.

All reliable druggists sell and guarantee genuine Herpicide in one dollar size bottles.

Send 10c, in postage to The Herpicide Co., Dept. H, Detroit, Mich., and a nice sample will be sent with the booklet.

Applications obtained at the better barber shops and hair dressing parlors. W. H. Griffith, Special Agent.
