BOARD OF TRADE.

Regular Monthly Meeting Held Last Night.

MARKET SQUARE IMPROVEMENT.

A Special Report Presented in This Connection and Adopted.

The monthly meeting of the Sherbrooke Board of Trade, was held last evening in the City Council Chamber, the president, Mr. W. R. Webster, in the chair. The principal business before the Board was the receiving of the report of the committee who waited upon Mr. Whitehead, in Montreal, in regard to the establishment of his new print works in Sherbrooke, and of the report of the joint committee from the Board of Trade and City Council, in regard to a new City Hall and other local improvements.

The committee who waited on Mr. Whitehead and the other gentlemen connected with him, stated that they had used every effort possible to obtain information as to freight rates, etc., so as to place the position of Sherbrooke in as favorable a light as possible. There are three places that will be considered by the new Print Works Company, and it is expected the decision will lay between St. Henri, near Montreal, and Sherbrooke. A meeting for the election of the directors of the new company, is to be held in Montreal today, when it is expected the location of the works will be decided upon.

The report of the joint committee on city improvements was then submitted by the president, as follows:

Sherbrooke, June 27th, 1899.
To the Members of the Sherbrooke Board of Trade.

At a monthly meeting of the Board held on the 28th of February last, you recommended that a committee be appointed by the Council of the Board to act with a committee from the City Council for the purpose of considering some very important local improvements.

At a meeting of the Council of the Board held on the 8th of March the following gentlemen were selected to act on this committee: President, J. S. Mitchell; G. G. Bryant, W. B. Neil, W. H. Wilson and O. Dupont.

The first question considered by the joint committee was location for the proposed new Court House. This question was thoroughly discussed, in all its bearings, when it was found that the Government itself intended to expend not over \$60,000 for the new Court House, and also that the Government itself preferred the old site, and ascertaining that in order to furnish a suitable location in the square, that the city would be obliged to expend over \$30,000 for the site, and in return would only have the old site, which could hardly be estimated to be worth over \$5,000 which would mean a cost to the city of about \$25,000 for this site.

A resolution was unanimously passed that the location of the new Court House be left entirely in the hands of the Government.

The second question for consideration was the City Hall, there were three propositions considered: 1st, the remodeling of the present City Hall, at an expense of from \$15,000 to \$16,000; 2nd, to build a new City Hall at a cost of from \$25,000 to \$40,000; 3rd, repairing old City Hall to the extent of \$2,500, to \$3,000.

An unanimous resolution was passed as follows: "This committee is of the opinion that a new City Hall should be built on present site, providing cost not to exceed \$25,000."

Third, Market. This question was gone into very carefully, there were two sites considered, No. 3 fire station and Frog Pond.

Mr. Tremblay, the city engineer, was engaged to survey Frog Pond, and to make an estimate of the cost of filling in, and levelling same, ready for the building, also to furnish exact area.

The area was found to be 2.7-10 acres. The cost of filling in and preparing the ground was estimated to be about \$3,500, the cost of the properties according to valuation would amount to about \$33,000, which would mean a building, from \$45,000 to \$50,000, to locate the market in Frog Pond.

The area of No. 3 fire station is about 2.1-4 acres, the estimate made was \$500 to put this land into proper shape, ready for the market building, the building estimated to cost about \$5,000.

The result of the deliberations on this question was a unanimous resolution which was as follows: "Recommend removing to No. 3 fire station when change is made."

Fourth, the improvement of Wellington street square. It was considered wise not to take up this question at present.

The whole respectfully submitted.
W. R. WEBSTER,
For the Committee.

Mr. J. S. Mitchell, speaking as one of the Committee, said that in the resolution referring to the new market, it was thought by several of the members that it was not best to make any change at present, but when it became necessary through improvements to the City Hall, the change should be to No. 3 Fire Station.

Among the minutes of the meetings of the Council of the Board, adopted last night, was an adverse decision to Government giving financial assistance for the erection of an abattoir at Levis. It is probable this question will again come before the Board as the promoter asked to meet the Council and more fully explain its object.

Messrs. W. E. Morehouse and R. F. Fletcher were elected as new members, and Messrs. Charles Fuller, W. Southwood and A. L. Parker proposed for membership.

The meeting then adjourned.

QUEBEC CENTRAL MAIL.

No Change in the Position of Affairs Today.

The mail service difficulty between the Q.C.R. and Postoffice department remains unchanged today, with no immediate prospect of settlement.

Again this morning the mail bags were taken in the baggage car of the express. These are dropped along the line at stations where the express stops, and the mail for the smaller stations is distributed by the old mail carrier system. The same course is followed in the distribution of mail from the Levis end of the line.

The empty mail cars continue to be run in the mail trains under the new schedule.

A PARTY AT LENNOXVILLE.

Convocation week was delightfully opened at Lennoxville by a party given last evening by Miss McKenzie, at "The Elms," Mrs. Shuter's beautiful home. A number went up from Sherbrooke, and a charming evening was spent. The weather was cool enough to make dancing very enjoyable, and it was kept up with great spirit, till a delicious supper was served, and then resumed again. It was late before the guests regretfully bade their hospitable entertainers "adieu."

GARDEN PARTY.

The Garden Party given yesterday afternoon by the Junior Order of "King's Daughters" was very pleasant. Mrs. Wiggott, Montreal street, kindly gave her lawn, and assisted the children. It was a lovely afternoon, though a little cool, and a number of people occupied the seats which were arranged under the trees, and were served with ice cream and cake by a bevy of little maids in pretty summer frocks. Flowers were also sold, and the proceeds, about seven dollars and fifty cents are to be given to the Protestant Hospital.

BRIEFLETS.

Mr. John Booten has gone to the Protestant Hospital, for treatment.

Mr. C. H. Clark has sold his dwelling house at Brompton Falls, to Mr. Fred J. Alger, the transfer being made today.

Messrs. Wilson & Sons have furnished two pianos for the concert of the St. Cecilia Orchestra in Rink Opera House tonight.

A meeting of the Women's Auxiliary, the last for the summer, took place yesterday, in St. Peter's Church Hall. In the absence of several of the officers, very little business was done, and the meeting soon adjourned.

A basket picnic in connection with the B. of H. will be held tomorrow (Thursday) afternoon at the Park. A special car will leave the High School at 2.30 sharp. Round trip, 8 cents. Parents will please furnish refreshments.

The Harmonie Band gave an open air concert at Racine Park last evening, and the really good music was enjoyed by a large number of people. There were some impromptu bicycle racing, and a few fire-works, and gaiety seemed contagious.

THE FRENCH CRISIS.

New Government is Again Sustained by a Vote of the Deputies.

Paris, June 28.—In the Chamber of Deputies yesterday M. Paul Deroulede, founder of the so-called League of Patriots, and member for the Angouleme division of Charente, introduced a proposal for a revision of the constitution with the view of substituting "a popular for a parliamentary republic," and demanded urgency for his motion.

The premier, M. Waldeck Rousseau, opposed the proposition and asked that the motion be referred to a committee.

M. Deroulede requested permission to speak, but the president of the Chamber, M. Deschanel, refused to allow him to do so.

M. Lasies, anti-Semite member for the Condom division of Gers, accused the Premier of having recourse to subterfuges, and a violent tumult ensued. Several of the Deputies tried to speak, but their voices were drowned and the President was compelled to suspend the session. When it was resumed urgency was proposed for M. Deroulede's motion, and it was defeated by a vote of 397 to 70.

As a result of an altercation in the Chamber of Deputies today between M. Berteaux, Socialist, and M. Millevoye, Republican Nationalist, those two deputies will fight a duel with swords tomorrow.

CROP PROSPECTS IN ONTARIO.

Iroquois, Ont., June 28.—(Special)—All spring cereals promise an abundant yield. Roots, potatoes and corn are doing well. The meadows suffered from winter killing, and the hay crop is, on the whole, light. Small fruits are abundant. Apples suffered from the ravages of worms, and the yield will be below average.

BELL APPLIES FOR BAIL.

Yesterday afternoon, Mr. John Leonard presented a petition to Mr. Justice White for an order to bail Harry B. Bell, committed to stand his trial for pocket picking, on the 24th May last. J. S. Broerick, Q.C., represented the Crown, and insisted upon the bail being fixed as high as possible without being prohibitory, so as to ensure Bell's attendance before the Court of Queen's Bench in October next. The application was taken on deliberation.

THERE WAS NO EVIDENCE.

Before Judge Mulvena, in the Magistrate's Court, on Monday afternoon, the case of Joseph Lacasse vs. Cyprien Denault, who was charged with theft of a horse from the complainant, Lacasse, was heard. DAY IN PARLIAMENT

Sir Hibbert Tupper Makes More Yukon Charges.

He Moves that a Committee of Judges Be Appointed to Investigate.

Ottawa, June 28.—Nearly the whole of yesterday's sitting was occupied by Sir Charles Hibbert Tupper in another attack upon Mr. Sifton and his Yukon administration. He ended by moving a resolution, which occupied seventeen type-written pages. In this among other accusations, he charged that the condition of things in the Yukon district in the Northwest Territories, was satisfactory prior to the time when the present minister of the interior, Mr. Clifford Sifton, became responsible therefore, that the latter had been guilty of gross neglect in the administration of his department in the Yukon; that the appointment of James Morrow Walsh was illegal, and that his previous record was such as disqualified him to a second official appointment; that Mr. Clifford Sifton had been guilty of favoritism and partiality in appointing officials; that misrepresentations had been made by him in matters of ownership of claims; that claims had been improperly registered by two partners of Clifford Sifton under fictitious addresses; that the gold commissioners had held state properties, and had a financial interest therein; that there had been gross illegalities in connection with the issue of liquor permits; that Major Walsh had by his misconduct brought the name and authority of the Queen into contempt; that he was guilty of misbehavior in office; that he was guilty of intemperate and immoral acts while in office that Canadian officials in the Yukon had been guilty of fraud, blackmailing, accepting bribes and other offences, contrary to the Criminal Code; that Judge Dugas was peculiarly interested in mining claims, while a judge and member of the executive; that the Postmaster-General was guilty of gross neglect in the administration of the Postal Department in the Yukon district from 1896 to 1899, and appointed thereby corrupt officials; resolved, that a humble address be presented to His Excellency desiring His Excellency to appoint a royal commission composed of Her Majesty's judges, with full powers to a discovery of the truth of all the charges and statements which he had made.

Sir Hibbert Tupper, who had spoken for six hours and five minutes, stated that tomorrow he will formulate many other charges against officials in the Yukon.

RUBONIC PLAGUE.

Just before recess Mr. Prior, the Conservative member for Victoria, B. C., called the attention of the Prime Minister and the Minister of Agriculture to a cable published in today's newspapers to the effect that bubonic plague had reached Honolulu, and enquired whether the Government was making special quarantine regulations especially on the British Columbia coast, to prevent the importation of the disease to Canada.

Mr. Fisher said the paragraph referred to had received the attention of the department. Dr. Montizambert, director-general of quarantine, had already had his attention called to the matter, and had given the necessary instructions to prevent the landing of any cases. (Hear, hear.)

NEW GOLD FIELDS.

Rich Discoveries at Cape Nome, Alaska.

About 500 Claims Have Been Located in That Place.

Seattle, Wash., June 28.—The latest advices from the newly discovered gold fields at Cape Nome, Alaska, are contained in a letter from Major E. S. Ingraham of Seattle, who writes under date of Feb. 2, 1899. Major Ingraham writes:

"On Sept. 25 men went to work to test their claims, some on Snow Creek, and the rest on Anvil Creek. The best pan was obtained on Snow Creek, and amounted to \$8.52. The aggregate of four days' work was four dollars less than \$1800. The gold was of good quality and sold at St. Michael for \$16.85 per ounce. On account of the lateness of the season and lack of supplies no attempt to reach bed rock was made. The news soon spread, and there had been a constant arrival of prospectors from Unalaska, St. Michael, and as far south as Kuskokwim. Fully five hundred locations have been made to date. Two other districts have been organized, one at Lime Creek, beyond Cape Rodney, and the other with Bonanza Creek as the centre.

"The rich finds at the Cape Nome and on the Ne-Uck-Luck, a tributary of Fish River, prove beyond doubt that the rich mineral belt of the Yukon crosses Siberia. Pay dirt is reported to have been struck on a river flowing into the chain of lakes having outlet at Port Clarence."

United States Ambassador Choate had a conference at the foreign office yesterday morning with the Marquis of Salisbury in regard to the objection raised by Canada on Friday to the suggested modus vivendi in connection with the Alaskan boundary dispute.

Eight miners have reached San Francisco from Alaska with \$250,000, the result of two years' digging within twenty miles of Dawson. One of them, named W. H. Armstrong, has a nugget worth \$360. "The country is full of idle men," said Armstrong, "and every steamer brings a lot more to swell the list. There will be a fairly good clean-up this year around Dawson, but it will belong to ten times as many men as last year's output."

F. D. Higbee, of New York, has been given a contract to construct a life-sized statue in solid gold for Colorado's exhibit at Paris. The subject will be an American girl and is now being modelled in New York by Miss Beattie Potter, who has received suggestions on the work from Daniel C. French. The figure will contain nearly a million dollars in gold, loaned to the commission for five years by prominent mine owners.

A special to the Call from Nevada City, Cal., says: Mrs. Norval Douglas, of San Francisco, has received a letter saying her son, Harry Douglas, with 25 picked miners from California, who left June 2 of last year for Siberia, have perished from privation and cold. It is stated the party went to Siberia under contract to a New York company, expecting to be gone three years.

"Russia," says the Commercial, "is going to spend \$80,000,000 for field artillery, ammunition and mounts."

PRIVATION IN KLONDIKE.

A Party of Six Had Fearful Experiences on McMillan River.

Seattle, Wash., June 28.—Charles Osborne, of San Francisco, who arrived here yesterday from Dawson, claims to have found a rich placer ground at the head waters of McMillan River. He says it is a terrible country to go into. With his partner, Smithson, of Los Angeles, he travelled up the river 400 miles. He cleaned up nearly \$1,000 before they were compelled to come out for provisions. While in there they met a party of six who left Edmonton over four years ago and wintered on the Pole River. Their clothes were in rags and they were almost skeletons. Three of the party had died. The leader of the party, a man named Jackson, from New Jersey, said they had been held up by Indians and robbed of a good part of their outfits. From that time they lived on dog flesh and a couple of moose they had been fortunate enough to shoot.

RICHMOND.

[News items for insertion in the DAILY RECORD will be gladly received by E. R. Jones, local correspondent, Times Office Richmond.]
June 28.—Preparations for Dominion Day are about completed, and everything seems to indicate that it will be the largest ever held here. A large and varied programme of sports and games has been arranged including several bicycle races, and a large list of valuable prizes to hand, to reward the lucky winners. May the day be fine and the celebration a success.
Some of the citizens of Richmond may be curious to know how the 54th Batt. are conducting themselves at camp. Suffice it to say that word has been received from Col. Harkom stating that the boys are doing splendidly and carrying off lots of honors. Drum Major J. Kennedy, of No. 3 Co., 54th Batt., has been appointed Brigade Drill Instructor of the bugle corps of the whole camp, and Mr. Brien, of Sherbrooke, musical instructor for the same. The colonel writes in warm terms regarding the drum corps, and says that he is receiving congratulations upon all sides for the splendid work of the bugle boys. We are glad to hear that they are doing well, as this is their first year at camp.

SMITH MILLS.

Mr. and Mrs. Charles Stollker, of Libby's Mills, spent Sunday at the home of her sister, Mrs. Geo. Longeway.

EDSON-WOODS.

Massawippi, June 26.—In yonder church tower wedding bells rang out, Wednesday evening last, for the first time in the history of the church, which has been built about 35 years. The friends of Mr. Charles Edson met there to witness his marriage to Miss Victoria Woods, of Kingston. They entered to the strains of the wedding march, executed by Miss G. Robinson, and stood underneath an arch of ferns and flowers, while the ceremony was performed by the Rev. Williams, of Hatley. Mr. Gilbert Hitchcock acted as groomsmen, and Miss Isabel Goforth, of Stottsville, Que., as bridesmaid.
Miss Woods was gowned very prettily in a mauve colored suit, trimmed with white silk passementerie, white silk vest and chiffon frills, with hat to match.
After the marriage the invited guests, relatives of the bride from Fitch Bay and vicinity, and of the groom here, with quite a number of his "old time friends" met at his house, to offer congratulations, partake of the bounteous wedding feast, and to give them a "send off" by the evening train, going south.
Quite a large number of nice presents were presented, consisting of silver, china and glass, also framed pictures and nicknacks. Several articles of furniture, including a very handsome "rocky" (a chair) were sent from Kingston.
They will be "at home" after July 3rd.

SPY CONVICTED.

Nice, June 28.—The Italian general, Giletta di San Giuseppe, who was arrested here two weeks ago on the charge of spying on the French military defenses, was convicted and sentenced to five years' imprisonment and to pay a fine of 5000 francs.

Yesterday afternoon, Mrs. J. M. Flynn and her two children of Derrick's Mills, started out intending to drive to Stanstead. The horse got frightened, running some distance, finally colliding with another team. Mrs. Flynn and her two children were thrown out, the former remaining unconscious for several minutes but fortunately she nor the children received no serious injuries only a severe shaking up. The wagons of both parties were badly smashed up.
Mr. H. Wright Hovey has received a position in the Newport orchestra. Mr. T. C. Chapman, travelling salesman is at home for a few days.
Mr. Henry D. Pike who met with such a serious accident on Saturday, is reported somewhat better today.
Invitations are out for the wedding of Lillian Phelps to Walter Baxter. Mr. C. E. Weston, Burlington, Vt., is in town for a few days.

COATICOOK.

[News items for insertion in the DAILY RECORD will be gladly received by E. L. Sleeper, local correspondent, Coaticook.]
June 27.—Everything is looking bright for the celebration on Dominion Day. All that is needed now is fine weather to make it a success.
Mr. Fred Goodhue is confined to the house with an attack of measles.
Mr. and Mrs. Trihey and children have returned to Montreal.
Mr. and Mrs. J. Wright, Montreal, with their family, have arrived at the cottage "Fairview" for the summer.
The St. Jean Baptiste celebration was held today with great success. After mass in the morning, a parade headed by the city band, was made through the principal streets. In the afternoon a large crowd assembled at the grove, and listened to the speeches. The drama, "The Two O'phians," was given tonight at Shurtleff's Hall to a large house. While the acting was all very good, special mention might be made of Messrs. Paquette and Bachand and Miss Gallier. The vocal solo of Mrs. Beaulne and the cornet solo of Mr. L. Belisle were much enjoyed.

THE NORTH HATLEY GOLF CLUB.

North Hatley, June 26.—(Special)—Golf has long been a much desired addition to the many attractions of North Hatley, and as the desire for a Links has been particularly pressing this year, it was recently decided to lay out some Links and organize a Golf Club. Accordingly, on Saturday, June 24th, a meeting was held at the cottage of Col. J. E. Montgomery, the following charter members being present: Col. J. E. Montgomery, New York; Mr. and Mrs. Henry Fisher, Redlands, California; Mr. and Mrs. W. R. Smith, Washington, D. C.; Mr. H. R. Fraser, Sherbrooke, P. Q.; Mr. J. E. H. Post, Baltimore, Ind.
Col. Montgomery occupied the chair, and an election of officers resulted as follows: President, Mr. Henry Fisher; Vice-President, Mrs. W. R. Smith; Secretary, Mr. J. E. H. Post; Treasurer, Mr. H. R. Fraser.
The club is to be known as "The North Hatley Golf Club," and through the courtesy of Mr. Gull, a very attractive Links has been laid out on his property. Five holes are already in very good condition and four more will soon be completed.
The club is about to be opened for the enrollment of members, and a number of ladies and gentlemen have already promised to join. The outlook is very encouraging and those interested have every reason to think that their efforts will be crowned with success.

HUNTINGVILLE.

June 26.—Those who have an interest in the cemetery here, will please bear in mind that next Thursday afternoon (June 29th) is the time appointed for working in the yard; and it is hoped there will be a good attendance at that time. The Ladies' Aid will, also, meet in the vestry of the church on that afternoon.

Montreal, June 28. -Bleeding from an ugly gash over her right ear, which evidently severed one of the principal cranial veins, Mrs. Daley, 76 years of age, staggered into No. 7 Station shortly before midnight, and after telling Lieutenant Fox that her son-in-law had assaulted her with an axe, she fell from the chair unconscious.

DANVILLE.

June 26. -Rev. R. Robinson, who acted as pastor of the Methodist Church for the last three years, left last week for Magog. During his term here Mr. Robinson made many friends who were very sorry to part with him and his family. A farewell social was held on the 17th inst., and both Mr. and Mrs. Robinson were recipients of costly presents.

On the following Wednesday the Methodists again turned out to welcome their new pastor, the Rev. Wm. Howett, M.A., B.D. He, with his wife and family, arrived on the evening train, and were escorted to the parsonage, where a splendid tea had been prepared by the ladies.

A new remedy has been found for the caterpillar, but too late to try now. It is said to have proved effective in the vicinity of the Catskill Mountains and other place in New York State. It was discovered in this way: A woman blowing a horn under a maple tree was surprised to see the caterpillars fall to the ground by the hundreds, and continue to do so at each succeeding blast. She told her story, and the noise cure was adopted by her neighbors. Horns and drums were used and bushels of the worms fell to the ground and were gathered and destroyed. If this pest continues, woe betide us. If other means fail next year, try the "racket cure," is our advice.

MOES RIVER.

June, 26. -The Free Baptists of North Hatley are having regular weekly services in the Union Church, Reedsville, and each alternate Sunday afternoon in Abbott's School House. Earnest efforts are being made to make these services acceptable. The work in charge of the Rev. W. C. Hawthorne and Mr. Shaw.

A few days ago, we visited our neighbor, Mr. Edgar Chase, and were shown over his extensive grounds, devoted to market gardening, about ten acres of which are in a very high state of cultivation. He is very fortunate during this unusually dry season, in having an abundant supply of good water. On the upper part of the farm are a number of fine springs, and some time ago, he made a reservoir, and from this a number of logs are laid to all parts of the garden. The reservoir holds from 50 to 60,000 gallons, and is always kept full by the springs, and faucets are placed so as to be able to spray the whole of the garden whenever required. It will be seen at once, that this is the reason the crops are in such a splendid condition. -This will be a great help to him in keeping his large contracts, and especially that with Bishops College, during the season on which we are just entering.

PYTHIAN TRAIN IS WRECKED.

Indianapolis, Ind., June 28. -A special train on the Peoria & Eastern division of the Big Four, carrying Knights of Pythias from Champlain, Ill., to Danville, Ill., to attend a celebration, was wrecked near Danville yesterday morning. The engine and tender jumped the track, dragging two cars after them into a ditch. Three boys were seriously injured, but no one was killed.

PRAYED FOR REJECTION.

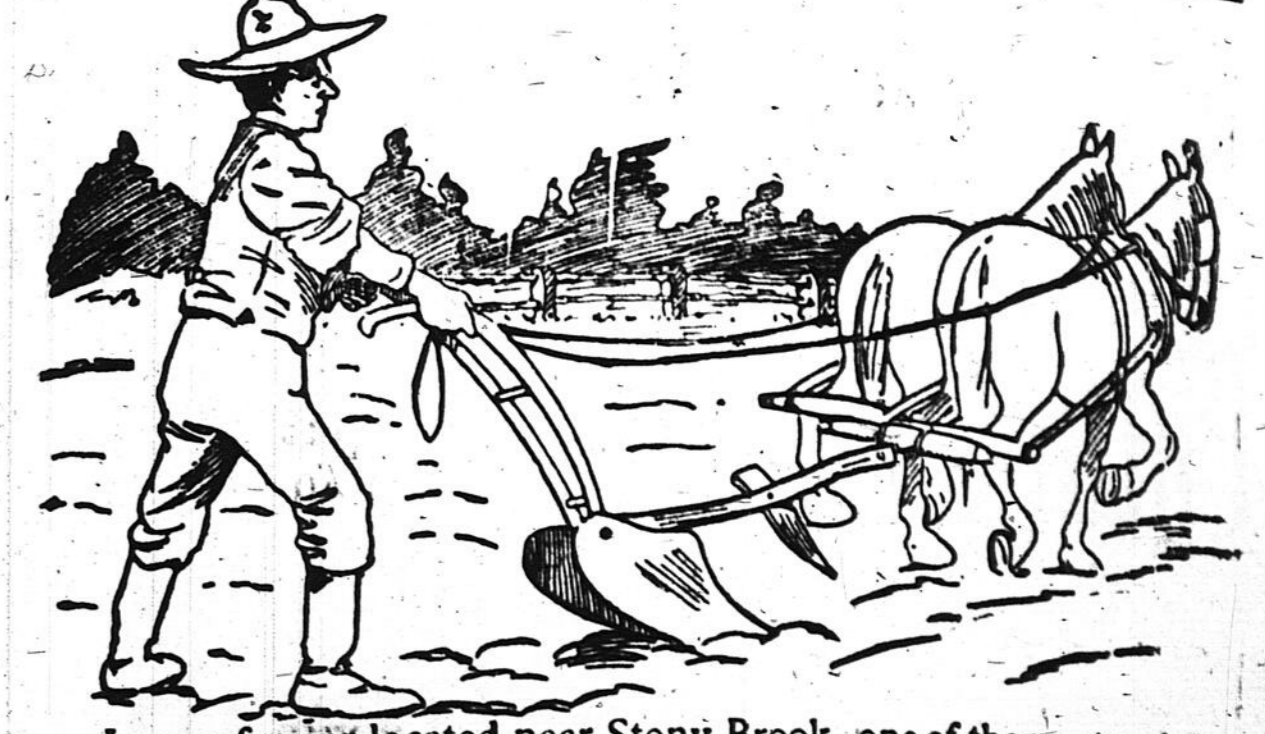

French Presidents' Wives More Fearful Than Proud. Paris, June 28. -A pathetic story of Madame Loubet goes the rounds of the press. It refers to the fears with which the wife of President Loubet regarded her husband's elevation to the head of the State.

A lady, a friend of La Presidente - they have known each other from girlhood - went to the Elysee to congratulate Madame Loubet. One of the President's children plucked her by the gown and said: "Don't say anything to mamma about papa's becoming President; it makes her cry."

Madame Loubet was not singular in thus regretting the consummation of her husband's ambitions. While M. Felix Faure's election was going on, Madame Faure and Mlle. Lucie Faure were kneeling before "Our Lady's altar" in the Madeleine, burning waxen tapers before the shrine, praying for the rejection of Felix Faure.

PILGRIMAGE TO STE. ANNE.

The annual pilgrimage to the Shrine of St. Anne for this district left Monday, returning last night over the Grand Trunk. As usual, it was largely attended, the greater number being from Sherbrooke and Norton Mills.

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very disappointed as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peach time, I had a most serious attack of chills and then commenced to take Ripans Tablets, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night, and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular, and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tablets will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Say, John, what are you doing to look so healthy?"
