M. ALBERT DION
A voice from Temiscouata County brings the good tidings of perfect health secured by the steady use of St. Michel's Wine

To expect an immediate and instantaneous cure from a tonic does not show a well balanced mind. As noticeable as may be the effects of a first glass, it goes without saying that the best of all tonics must be taken steadily to produce complete beneficiary effects.

There is no doubt that from the very first glass taken, St. Michel's Wine will sustain its high reputation as a tonic and that after taking it for a few weeks it will establish, beyond a doubt, its efficiency as a restorer. Everyone who has taken St. Michel's Wine, proclaims it the king of all tonics. It has a great advantage over most all solid medicines such as pills or powders which are not digested by weak stomachs. St. Michel's Wine, in its liquid form, acts immediately and penetrates into the circulation of the blood, which it makes richer and rapidly regenerates. This is why it is always gaining in the public favor.

Here is a letter from Isle Verte. It is short but it goes a long way in proving the medicinal value of St. Michel's Wine.

Messrs. Boivin, Wilson & Co., Montreal.
Gentlemen:—I am happy to give you a new testimonial and proof of the efficiency of ST. MICHEL'S WINE. I am including with my letter a photograph which is a proof of the good health I have acquired through the use of only a few bottles of this good wine.

I am, Gentlemen, very gratefully yours,
ALBERT DION.

Nothing better could be said, no better proof could be given of the standard qualities of St. Michel's Wine, the most effective of all tonics. It restores life to sick people; it gives a new vitality to persons who are weakened by sickness and overwork or tired out from too heavy manual labor, and also to those who are weakened by attacks of fever. Young and old people will find strength and health in this good wine. There is no reason why St. Michel's Wine will not do as much for you, who are reading these lines.

A most interesting special meeting of Vera Rebekah Lodge No. 8, was held Thursday evening. The meeting had been arranged in honor of Miss Phoebe H. Learned, who had recently been elected President of the Rebekah Assembly for the Province of Quebec, which is the highest honor in the gift of the Order. After the usual routine of the meeting was duly completed, and two candidates had been admitted into the Order, the new president was called upon to address the members, which she did in a neat and fitting manner. Miss Learned expressed her thanks for the high honor which had been conferred upon her, and although she felt incompetent to fill the important post, still relying upon the support and good will of the members of her own lodge and the Order generally she would endeavor to make her year a success. Miss Learned was then escorted to the dining hall where a banquet had been prepared, and was conducted to the seat of honor which had been tastefully decorated with pink and green ribbons, the colors of the Order. After due justice had been done to the dainty refreshments, Mr. McRae arose and gave an address of congratulation and welcome to the new president, saying that Vera Lodge felt highly gratified that this high honor had been conferred upon one of its members and assuring her of the cordial and hearty support of her fellow members. Mr. L. E. Charbonnel, on behalf of the guest of honor, made a fitting reply thanking the officers and members for their kindly welcome and touching evidences of their loyalty to their new president.

FALL FASHIONS IN Ladies' Coats and Costumes

Have successfully demonstrated their claim to the right of way in the department on the first floor. The chief visited the fashion centres with this thought in mind that a coat—a costume—is no better than its fabrics, and no style attraction has wooed him away from the fixed intention to start with a quality foundation. It isn't merely the garment for this season that we want to sell you, but we are looking ahead to future seasons, and the opportunity which a trial order gives isn't going to be lost.

Besides the good quality of the fabrics there is the assured good style of the garments. Come with fashion journals in hand and verify that the actual garments agree with the printed descriptions—with the pictures, too—in length of coat and skirt, in every particular, in fact, that characterizes this season's styles.

Observe the hand of the master tailor in the cut, and the skill of specialists in every stitch and at every stage of the making.

From \$15.00 to \$45.00 offers a wide range of choice, with every garment full of style and value.

BARNSTON.

Many hearts were sorely saddened by the death of Mrs. Rose MacKenzie, that occurred at the home of her daughter, Mrs. Chas. Cleveland, Sunday, August 27, 1911, as already reported. Mrs. MacKenzie was born in Province Hill, Que., November 11th, 1836, the daughter of Andrew and Elizabeth Gardyne, who came from Arbroath, Scotland in 1830. In 1860 she married William MacKenzie. Her early married life was passed in Rock Island, Que. The several years following in Lowell, Mass., Pith Bay, Que., Manchester, N.H., and Bridgeport, Conn., where her amiable disposition and gracious manner, won her a large circle of friends, and endeared herself to all she knew. Her declining years were made pleasant by her children, who spared nothing for her comfort. The funeral services were held at the home Tuesday afternoon at 2 o'clock. Rev. M. Pimlott officiating, who spoke comforting words to the afflicted family. The music was rendered by Messrs. B. E. and J. N. Converse, Mrs. C. H. Remick and Mrs. P. R. Thornton, also a solo was touching, rendered by B. E. Converse, accompanied by Miss Mabel Parker. The following heartfelt message from the pastor in Bridgeport, Conn., where for many years she had resided with her son, Angus MacKenzie, was read: "Mrs. Rose MacKenzie was for many years an esteemed parishioner of mine. A woman of decided religious convictions and of unswerving loyalty to her church and pastor—'A real mother in Gail,' she had a sweet and chastened spirit, which manifested itself in beautiful words and ways, and thus endeared herself to all her friends. Like Dorcas, she was 'full of good works,' always cheerful and encouraging others. She was specially happy in her children and greatly appreciated and enjoyed their generous devotion to her. The news of her sudden decease fills her fellow church members with peculiar grief, though we know that 'death cannot continually to those who are prepared to die,' and that the death of the saint is precious in the Lord's sight. As we cannot even see her face again or participate in the memorial services, our hearts prompt us to prefer this beautiful tribute. Sincerely, H. A. Davenport." Messrs. Cleveland, Cushing, Buckland and Hunter were at the hearse. The interment was at the village cemetery, beside her husband who died in 1890. Mrs. MacKenzie is survived by three children, R.

NO CONSISTORY

WILL BE HELD

REPORT THAT ONE WHO BE HELD THIS YEAR IS UNFOUNDED.

Rome, September 5.—The report that there will be a Consistory toward the end of the present year is unfounded. It is possible that one will be held in the spring, but not before the closing of the Exhibition, which, by the way, has been a complete financial failure.

It is anticipated that only a few foreign cardinals and no American cardinals will be created.

Cardinal De La, Secretary of the Consistorial Congregation, had an audience with the Pope on Friday. He denies that a Consistory will be held in 1911. It is possible, he says, that it will be held in March.

The Pope said that at present it is unnecessary to increase the College. It is sufficiently numerous for the election of his successor, but he hoped he would not die before he created a few new Cardinals.

FRENCH CRUELTY TO ENGLISH WORDS.

(Paris Correspondence 'Pail Mail Gazette'.)

Fearful and wonderful are the uses to which some of our English words are put, for which they were never meant. The most conspicuous at the moment is the word skating. In a Parisian's mouth a skating is a rink, and he talks of one skating, two skatings and even a third with unblushing ineptness. Then there is the word smoking. This in Paris has nothing to do with either tobacco or opium. It merely means a man's dinner jacket. There is a pastry cook who makes buns on what is believed to be an English model, and he will sell you one bun, pronounced nasally, like burrs, for four sous.

Murphy: "Patrick O'Flanagan, ye layin' thafe, hitherside ye go about sayin' as me father was hung?"

Patrick: "Sure now, and it's yerself that tould me that same. Didn't ye say, only the other day, that yer father perished on the scaffold?"

Murphy: "Thru for you, Patrick, an' so he did; he was a bricklayer, and fell off it one day after a drop too much of the craythur."

ST. PAUL'S CHURCH CONCERT.

Marbleton, Sept. 5.—(Special)—Marbleton was given a rare treat on Saturday evening, September 3, when the Town Hall, despite wet weather, was comfortably filled. The programme was sparkling with humor, and rich in pathos alternately, given by two entertainers, Miss Victoria Chapman of Toronto, niece of Rev. Thos. Shaw Chapman, and Mr. Robert Van Buskirk of the Standish Male Quartette of Boston, Mass. The chair was taken by Rev. I. Newton Kerr, M.A., Rector of St. Paul's, Mr. Van Buskirk's solos were chosen from classic and humorous and sung with artistic spirit. He was in splendid voice, carrying the audience by storm, especially in the nautical songs, receiving repeated encores. The accompaniments were sympathetically interpreted by Miss Chapman. His versatility seemed never-ending. Story telling in Southern, Chinese and Irish were well received. "Weber's Last Waltz" recited to piano accompaniment showed him in another vein. Miss Chapman's lecture on the "Alps" much might be said. She was perfectly at home in her subject, and has the gift of imparting to others in a manner which carried one on to the spot, so true and vivid were the word pictures given, taking her audience up the dizzying height of Jung Frau, nearly 14,000 feet above the lakes; giving one the beauties of picturesque Switzerland, as well as the thrilling stories told by Alpine climbers. That the lecture was much appreciated was shown by the close attention from start to finish. An armful of flowers was sweetly given by little Freda Barter on behalf of the ladies. During the second part of the programme the lecturer gave by request one of the Habitant poems, by the late Dr. Wm. Henry Drummond, who himself has stood on the same platform. It was well given, with sympathy, feeling and humor, and was enthusiastically received, bringing out, it was said by those who knew him best, the true idea of the author. Mr. Van Buskirk received a bouquet after a soulful rendering of Nevin's "Rosary" and "O Fair, O Sweet, and Holy," followed by Miss Chapman with a poem

in prose by Mrs. Stevens, nee Bertha Jean Thompson, author of the poems "Gleaned from my Garden." A standing vote of thanks was proposed by Rev. Mr. Roy, seconded by Mr. L. P. Bishop, voicing the sentiment that both entertainers would return to Marbleton in the near future.

REPORT OF DEATH INCORRECT.

Richmond, Sept. 5.—(Special)—The Record published a report yesterday from Richmond to the effect that Mr. Poirier had died as a result of the injuries he received through being crushed between two cars. This was incorrect, and although Mr. Poirier lies in a serious condition there is every reason to hope that he will recover. The Record regrets having caused anxiety to his family, but the information was furnished from what was believed a reliable source.

MARRIAGES.

MAYHEW-McCOY.

Dixville, Sept. 5.—(Special)—On Friday evening at 6.30 o'clock the home of Mr. and Mrs. Fred L. McCoy, Parker Hill, was the scene of a pretty and quiet wedding when their eldest daughter, Jennie, plighted her troth to Mr. Harold Mayhew, youngest son of Mr. and Mrs. Geo. W. Mayhew of this place. The ceremony was performed by Pastor C. P. England in the presence of about 50 relatives of the bride and groom. The bride, who was simply but tastefully gowned in white organdie with trimmings of all-over lace and insertion, was attended by Miss Lillian Mayhew, sister of the groom, as bridesmaid, while the groom was assisted by Mr. Frank McCoy, of Barnston, cousin of the bride. Mr. Ora McIntyre ably performed the duties of usher. The wedding march was nicely rendered by Miss Alice McCoy, of Barnston. During the ceremony the bridal party stood directly beneath a beautiful arch of evergreens interlaced with golden glow, while the other rooms were decorated with a profusion of sweet peas, pansies and other cut bloom.

After congratulations were received the company repaired to the dining room, where a sumptuous supper was served. The bride's travelling suit was of navy blue with white blouse and blue toque to correspond. The large number of presents, which included silver, china and linen, testified to the popularity of the young people. Mr. and Mrs. Mayhew will reside here, where they have many friends who extend best wishes for their future happiness and prosperity.

TEMPLE—BROWN.

Brown's Hill, Sept. 5.—(Special)—The prettiest event of the season in this community was witnessed Wednesday evening, Aug. 30th, at the home of Mr. and Mrs. Chas. R. Brown, when their eldest daughter, Florence Pearl, was united in marriage to Gordon Leslie Temple. The strains of Mendelssohn's Wedding March, played by Miss Lena Taylor, announced to the assembled guests the approach of the bridal party. The groom, supported by Mr. Harry G. Taylor, entered the room and took their places under an arch of evergreens and autumn leaves. They were soon followed by the bridesmaid Miss Vera Mae Brown, sister of the bride,

who looked charming in a dress of King's blue messaline silk, carrying a most dainty basket of sweet peas. The bride, who was beautifully gowned in white messaline silk, entered, leaning on the arm of her father. She carried an exquisite shower bouquet of sweet peas. After a most impressive ceremony by Rev. R. Wilson Carr, the happy couple received the hearty congratulations of about sixty friends. The dining room which had previously been elaborately decorated with golden-glow and white, was soon entered by the immediate bridal party, the parents of both bride and groom and a few friends, while the others arranged themselves commodiously through the house. Dainty refreshments were passed by Messrs. C. A. Brown and Wray Adams and the Misses May Adams and Lena Reed, while Mrs. A. S. Temple poured tea and Mrs. C. Lee Jenkins, coffee. Mrs. Harry Ayer and Miss E.A. Temple served.

The large array of both valuable and useful presents from friends far and near, testify to the popularity of both bride and groom. They left amid showers of rice and confetti for a short carriage drive to the groom's former home.

DECORATION DAY AT RICHMOND.

Richmond, Sept. 5.—(Special)—The annual decoration day of the Oddfellows and Sons of England took place Sunday afternoon at St. Anne's Cemetery. Music was furnished by the different choirs. The weather being favorable a large number turned out and quite a number from Danville, Windsor Mills and South Dunham assisted in the decorating of the graves of departed brethren.

THE MAN WITH A TOUPEE

Might Have Had A Good Head Of Hair.

The man who wears a toupee does not like it, but has the courage of his convictions. Nature never intended that the top of the head should be left entirely without protection. A bald head is very susceptible to contraction of colds and neuralgia. Wearing an artificial top piece counteracts this tendency, and aside from the improvement in the personal appearance, is amply justified. How much better it would have been had the man now clinically bald and wearing a toupee, but realized earlier in life the approaching danger and devoted a little regular attention to his hair, which would have saved it. There is a remedy which will absolutely prevent baldness. Loss of hair in nine cases out of ten is unnecessary being due to dandruff and the germ that causes it. This germ must be destroyed and the accumulations of dandruff checked. Then the hair will not fall out, but instead will grow naturally and luxuriantly.

Newbro's Herpicide is the remedy, regular applications of which will do this. It has long been known as the original remedy which kills the dandruff germ, and is absolutely dependable. So reliable is this preparation that all druggists now sell the one dollar size bottles of Herpicide with a binding guarantee to refund money if unsatisfactory. Herpicide applications may always be obtained at the better barber shops and hair dressing parlors. Anyone desiring to try Newbro's Herpicide before purchasing a large bottle will receive a nice sample and booklet by sending 10c in postage or silver to The Herpicide Co., Dept. R, Detroit, Mich. W. H. Griffith, Special Agent.

The Hand That Cooks The Dinner

is the hand that rules the world.
In spite of what they say about "cradles," the stove is the all-important factor in "home-rule." A

Chancellor

is the best guarantee that the "hand" will keep your home moving in the right direction of economy and health.

Please call and see our line of GURNEY-OXFORD STOVES and RANGES that are built and sold on honor. The Chancellor and Imperial Oxford are equipped with the Oxford Economizer. Come and let us show you how this marvelous device saves time and fuel by a single touch of the lever; how it holds the fire, and directs odors up the chimney.

The Dividing Oven Strip guides heat equally all over the oven—a fine baking insurance. The Reversible Grate saves time and fuel-waste. These, with other set features make us proud to show the Gurney-Oxford line. Design—finish—workmanship—all these details we want to demonstrate to your entire satisfaction.

IN our introductory advertisements we did not dwell specifically upon any of the outstanding features of the Schacht Cars—we merely gave illustrations and let the specifications speak for the car.

In placing our 1912 Cars on the market, we are offering for sale a line (manufactured by a Canadian Company, with exclusive Canadian Capital) of which every Canadian can be justly proud.

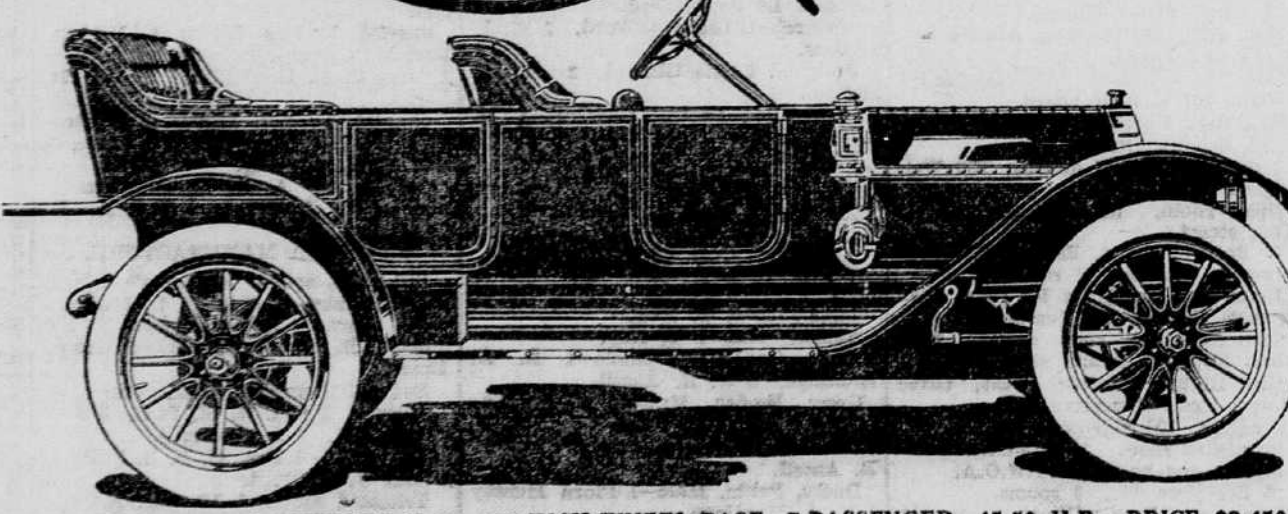

The Schacht car is not a low-priced car, and yet when everything is considered, it is the most inexpensive car on the market. With its powerful motor, (cast en-bloc) having a 4 1/2-inch bore and 5-inch stroke, generating 50 H.P. A.L. & A.M. rating—an engine so perfectly and so beautifully balanced that the driver is enabled to throttle the car down to a speed on direct drive (high gear) as low as 2 miles an hour, and with the same car attain a maximum road speed of 70 miles an hour. The motor, equipped with the peerless Mea Magneto has made the Schacht car famous as a hill climber—no other car on the market can boast a better hill climbing record than the Schacht.

The Schacht, Model J.M. at \$2,450.00, fully equipped, combines in itself the specifications and qualities of cars ranging from \$3,750.00 to \$5,000.00. The long wheel base, the large wheels, the roomy driving seat and five passenger tonneau has been heretofore found only in the highest priced cars. In the Schacht for 1912 we have incorporated the left-hand drive and centre control, enabling the driver to use the necessary right hand to operate his gear control and emergency brake levers.

JUDGES BUSY AT SHERBROOKE FAIR.

(Continued from Page 1.)

while the creamery exhibit was a little over that of last year.

Mr. Warrington, Montreal, said that the cheese exhibit was a small one, but with the exception of two instances the quality was good. Mr. Warrington said to the Record that he was surprised that only two entries were forward for colored cheese, when there were five prizes. He thought that the Government Inspectors should pay more attention, to the making of cheese, and tell makers just what to make for exhibition purposes.

POULTRY EXHIBITS.

The poultry exhibit this year is a very attractive one and about the same size as former years. Birds are here from the lower provinces and from Western Ontario. Directors Wilson and Loomis, who are in charge, have considered and brightened up the building by a display of hunting.

FINE FRUIT EXHIBIT.

The former Transportation Building is given up this year to fruit, vegetables, grain and cereals, with maple products, and one is struck immediately on entering by the very large and extensive display of the fruit of the North.

Table after table presents itself covered with apples of all known varieties, the Duchess of Oldenburg, the Fameuse, its near relative, the St. Lawrence, the McIntosh Red, Spy and Wealthy, the delicious transparent French Apple, the sturdy Winter Baldwin, the Red Astrachan and numberless others.

There is an exhibit, small but good, of citron melons, water and musk melons, and there seems to be no reason why this delicious fruit, grown so successfully near Montreal, should not thrive in the Townships.

Crab apples and some large and luscious plums of the green gage and purple variety, are arranged nearby, and altogether the fruit exhibit is excellent and encouraging, and is a direct contradiction to the assertion, so often made, that Canada is not a fruit growing country.

RESULTS OF BREAD MAKING COMPETITION.

Judging in the bread making competition was completed last night, and the prize winners announced this morning.

This department is growing more and more popular each year. There were twenty-three entries in one section and forty-six in the other.

The following were the winners:

Best loaf of home-made bread, about three pounds, made with Ogilvie's Royal Household Flour—first prize, Mrs. H. T. Johnson; second prize, Mrs. H. D. Johnston, both of 27 London street.

The prize offered for the best bread made from "Five Roses" Flour was won by Mrs. Chas. H. Ross, Sherbrooke. Miss A. Meigs, of Lennoxville, won second prize, and Mrs. A. W. Bradley, of the same place, third prize.

ever been before. A car leaves the G.T.R. crossing, King street, every 2 1/2 minutes.

GRAND TRUNK EXHIBIT.

The Grand Trunk exhibit in the Main Building is, as usual, attractive in its character. Mr. C. H. Foss, the local ticket agent, is in charge. The exhibit consists of samples of grains and grasses, etc., grown in the fertile west.

Pictures illustrating the exquisite scenery along the Grand Trunk routes hang on the walls surrounding the exhibit, and are admired by many visitors to the Fair. An abundance of literature descriptive of the country traversed by the road is kept for distribution.

Y.M.C.A., SHERBROOKE.

A novel exhibit is that of the local Young Men's Christian Association. This exhibit includes advertising matter relative to the annual concert course, Sunday afternoon meetings, etc. Several pointed statements relative to the excellent work done by the Association have been printed and are placed in conspicuous spots. Mr. W. S. Maguire is in charge.

E. T. MINERAL EXHIBIT.

To Eastern Townships visitors to the Fair the exhibit of E. T. minerals is a place of interest. G. R. E. Kennedy, Ltd., have charge of this display, which includes graphite, mica, talc, copper, asbestos, chrome iron, nickel and aluminum, all taken

formerly occupied by the Walter Baker Co., and have their goods tastefully arranged to catch the eye of the passerby. Ice cream is also served at their booth, the same quality as at the down town store.

FURNACE EXHIBIT.

Asbestos Wood Furnace, manufactured by the Nickel Steel Range Works, Coaticook, is on exhibition in Main Building. Intending purchasers of hot air furnaces should consider most carefully the strong points of this heater, a feature "patented" is the hollow dead air space between the two double asbestos-lined walls, also the heavy steel boiler plate, which gives a quick, live heat with less fuel than is required with a cast iron box.

H. C. WILSON & SONS, LIMITED.

The Piano Exhibit of this well known firm has been a leading feature of the Sherbrooke Fair since its organization, and their display this year is truly up to the mark in every respect. Their exhibit consists of a splendid assortment of the famous Heintzman & Co. pianos, including a very choice "Louis XV." Grand in mahogany. A special "Empire" style upright piano, and a full line of all regular styles. In this connection is shown also the great Heintzman & Co. Player Piano with patent Aluminum Action.

Wilson Pianos and Players are much in evidence, including a very neat and fine-toned Wilson Player-Piano in

MAIN BUILDING, WHERE MAY BE SEEN THE ARTISTIC SPECIAL EXHIBITS.

from different parts of the Townships. Those in charge of this exhibit are very obliging and gladly furnish all particulars possible with reference to the minerals on exhibition.

QUEBEC CENTRAL RY.

The contrast between the exhibits of the C.P.R. and Grand Trunk is striking. The first named show samples of wheat and products of the farm, the latter samples of lumber, paper, brick, asbestos, pulpwood, etc., all taken from towns along the line. Those who visit this exhibit are struck with the wealth there is in the vicinity of Sherbrooke, along the line of the Quebec Central Railway.

CLARE BROS. & CO.

Of Preston, Ont., have a very large exhibit in the Main Building of their well-known and famous Peninsular Stoves, Ranges, etc., including the leader of all coal and wood hot air furnaces, namely, the "Hecla." Those installing hot air heating in their homes this season should most carefully look into the merits of this furnace, which has always proved all and more than claimed for it by the manufacturers. Special features are: fused joints, patented steel ribbed fire pot, circle water pan, and saving of fuel, etc. This well-known manufacturing firm has been in the business for over fifty years and guarantee all goods put on the market by them.

WHEELER'S DINING HALL.

near the Main Building, is again to the front, furnishing first class meals and quick service. Those taking lunch on the grounds will find a homelike meal at reasonable price. Special rates to regular boarders.

CANADIAN PACIFIC RY.

Exhibition without an exhibit by the Canadian Pacific Railway Co. would be unusual. This year the Company has taken special pains to make the exhibit as attractive as possible. The exhibit this year is about the same line as in years past. The booth is decorated with sheaves, pictures and bunting. The large framed pictures show the rugged scenery through which this pioneer railway of Canada passes.

The usual illustrated pamphlets are in evidence.

WOODARD'S CONFECTIONERY.

Woodard's Confectionery has a fine display of home-made candies and chocolates in the Main Building. They are also serving the celebrated Sussex Ginger Ale and Manola, made at Sussex, N.B., from pure spring water and have a nice display of these fine goods. They occupy the White stand,

of the stumps blown out, if hand labor were used.

An excursion train from Lowell, Mass., comprising eleven cars, crowded to the doors, reached Sherbrooke about 4 p.m. yesterday. Many of the passengers came for the fair, while others were on their way to their former homes in the other parts of the Province. This excursion is run annually and is really an "Old Home" trip.

OKANAGAN LANDS.

One of the most attractive exhibits in the main building this year is that of Messrs. C. A. and H. H. McLeay, representing the Central Okanagan Lands, Ltd., of Kelowna, British Columbia. They are showing about 60 different varieties of fresh fruits from the famous Okanagan Valley, apples, pears, plums and Italian prunes. These fruits travelled 3,000 miles, not in cold storage, and arrived in best of condition. Mr. C. A. McLeay is in personal charge of the exhibit, assisted by Mr. A. J. Cameron, and both are kept busy answering the many enquiries.

J. A. ROBERT'S EXHIBIT.

One of the most attractive exhibits in the Central Pavilion is certainly the exposition of furs of Mr. J. A. Robert. This exhibit occupies the centre of the building, and the richest furs, in the most original styles, are shown to the visitors. Mr. Robert has recently opened a new store of furs at No. 69 Wellington St., and a visit to his locals is cordially solicited.

STUMP PULLING CONTEST.

This morning Mr. Monk, representing the Canadian Explosives Co., gave an interesting demonstration of stump pulling on "Arona," the St. Charles Seminary farm. At a total cost of 38 cents a large elm stump was blown up. A large tree and stone were also removed. These demonstrations will continue every morning and should be of special interest to farmers. One farmer stated that it would have cost \$5 to remove one

of the stumps blown out, if hand labor were used.

THE HOUSE FLY ON HIS TRAVEL.

(Saturday Review)

One does not, I think, always realize the extreme mobility of the house fly. The other day I was in a train which was drawn up at a station on the P.M. line in France. There was a fly with me in the carriage and the window was open. Presently the Savoy express went by, its speed reduced for the moment to a crawl as it passed over the points of a junction. As the wagon restaurant passed my car one of the cooks opened the window and put his head out. Instantly my fly left my carriage and flew into the Savoy express; the window was shut, and the train de luxe, with its long line of polished and glittering saloons of the International Sleeping Car Company, went on its expensive way. The next stopping place, if I am not mistaken, would be Dijon; but the fly would probably still be lunching in the restaurant and would hardly alight there. A mouse or a bird or a beetle attempting this means of locomotion would have been observed at once and either killed or ignominiously ejected; not so the fly. It is extremely probable that the same evening he alighted at Geneva or conceivably went on via Modane into Italy. And wherever he chose to quit the train, whether in Switzerland or Italy, this fly, who had spent the morning before in Paris, would find himself equally at home. Without fares to pay or luggage to pack, and with the briefest

of toilets, standing on four legs and brushing the others together two at a time, he was ready to fly out and take possession of whatever part of the world he was in, to dine in the most fashionable restaurants or sleep in the most comfortable hotels, and the moment he felt bored to take ship or train or horse or motor car or aeroplane and travel the world until he was ready to alight again.

ENACTED TRAGEDY SHOWN BY MOVING PICTURES.

New York, Sept. 5.—(Special)—At a moving picture show last night, Raffaele Richetti and his 18 year old daughter Rosa saw a story of tragedy in which the father killed his daughter and then killed himself. "I'll do that to you some day Rosa" said her father. Early today Richetti crept to his daughter's bedroom and shot her, then fired a bullet into his own head. Both probably will die.

WRESTLING.

GOTCH WON FROM RUSSIAN LION
Chicago, Sept. 5.—The geographical centre of the wrestling world was more than ever fortified at Humboldt, Iowa, the home of Frank Gotch to-day. Moreover, Referee Ed. Smith, who proclaimed the world's champion victor over George Hackenschmidt, declared that for the next ten years there would be no shift of the wrestling capital, unless Gotch should choose to change his place of residence.

The Russian's showing was pitiful. The crowd decreed that he had "quit" but the defeated man, through copious tears, averred that he entered the arena with a wrenched knee, on which Gotch worked and speedily reduced him to a state of comparative helplessness.

While it took Gotch 11 minutes and 18 seconds to gain the first fall, the second fall required only 5 minutes and 32 seconds, which Hackenschmidt's friends assert, proved that his knee was in bad condition.

LACROSSE.

MONTREAL WON FROM NATIONALS—ROW ON FIELD.

Montreal, Sept. 5.—(Special)—It was an eventful but decidedly unsatisfactory game which more than eleven thousand lacrosse followers witnessed between the National and Montreal teams on the Westmount grounds yesterday afternoon.

With four minutes and thirty seconds of playing time left, and the score 4 to 2, a crowd of three to four thousand people from the bleachers on the south side of the field, the majority of whom were supporters of the Nationals, swarmed on the field and refused to disperse in order to allow the game to be finished. The police could do nothing and the club officials were powerless. The teams were withdrawn in the hope that the crowd would disperse and that then the game might be ended; but cheering and shouting for Nationals and singing "O Canada" and "Les Nationals Sont La," they stood their ground.

Referee McIntyre and Judge of Play Kavanagh could do nothing. The game was not finished, and although Montreal had a lead when

HATLEY.

In the demise of Mrs. Thos. Little, whose death took place Aug. 26th as already reported at her home, the entire community has met with a great loss. Mrs. Little was born in Hatley Dec. 10, 1844, her maiden name being Annis Jane Thwaites. She had been in failing health for nearly a year and a half, during which time she was tenderly cared for by her two daughters. Her sufferings were borne with great patience and Christian fortitude. She was a wise and loving wife and mother, ever ready to help those in need, and will be sadly missed in her home.

The funeral service was held at the Old Church, Hatley, on Aug. 29th, the Rev. W. T. Keough conducting the service, and preached the sermon. Beautiful flowers covered the casket, placed there by loving friends. The bearers were her three sons, Taylor, Thomas, Jr., and Raymond, and her son-in-law, J. B. Reed.

She leaves to mourn her loss a husband, three sons and three daughters.

IN BEDFORD

There are a number of smokers that insist on straw colored cigars, because they want a mild cigar.

☞ I would like them to take their favorite straw colored brand, cut it open, when they will find ten leaves, of which the nine under the wrapper will be dark colored.

☞ If they will take an inside leaf and put it on the outside, putting the outside leaf in the inside, they will think the cigar is too strong.

☞ The tobacco on the inside of the

Grit Cigar

is from the tables of clear Havana workmen, is naturally mild, is really in the 25c class, very fragrant, aromatic and sweet as a nut.

☞ We put on a light colored wrapper but that cuts no ice.

☞ There is not a five cent cigar on the market that will give you as much satisfaction as a "Grit"
