MAY FORCE GENERAL ELECTION

World News In Brief

WEBYRUN, Sask. —(CP)— The worst highway crash in Saskatchewan history claimed nine lives Saturday night when two cars collided head-on near this city 70 miles southwest of Regina.

Five oil workers were killed in one car which burst into flames after the impact. From the other car police took four bodies, all members of one family from Bienfait, Sask. Only survivors were three young boys, one of them snatched from the burning car by passers-by who couldn't reach the adults.

HONG KONG—(Reuters)— Peiping newspapers have begun to try out a group of 95 simplified Chinese characters drafted by "the committee to reform the Chinese written language," the New China news agency reports. A group of 260 simplified characters is already in widespread use.

WINDSOR, England—(Reuters)— Three of 33 passengers were injured here Sunday when their bus crashed into the gates of a Windsor Great Park lodge after the driver died of a heart attack and slumped across the wheel.

CALAIS, France—(Reuters)— The Calais fishing vessel St. Pierre caught a 1,800-pound magnetic mine on her nets three miles off this harbor and brought it into port Sunday.

RANGOON, Burma —(P)— Informed sources today said Premier U Nu, who has headed the government of Burma since it became independent eight years ago, will announce his resignation Tuesday. Informants said he will quit because he feels his foreign policy of neutral friendship has failed.

TOKYO. —(AP)— Japanese coast guard officials said Russian soldiers fired warning shots today over a Japanese government rescue boat making a futile attempt to pick up 10 crew members of a fishing vessel aground off Soviet-held Suibei island in the Kuriles. The 10 fishermen were not sighted and maritime officials fear they were taken into custody by the Russians.

ROCHESTER, N.Y. —(P)— Two men injured when their light seaplane crashed into Lake Ontario Sunday were reported improved in hospital here today. Howard Marsh, 44, of Wolcott, N.Y., and his nephew, Howard R. Handley, 19, were rescued from Port Bay near Rochester by two fishermen.

PARIS —(Reuters)— Anti-polio vaccine went on sale today in drug stores throughout France. Any parents wishing to vaccinate their child against infantile paralysis will be able to buy vaccine for 2,400 francs (about \$7) and have their family doctor vaccinate the child.

Diet Clerks, Ushers Hurt In Clashes

TOKYO (Reuters) — Ushers and clerks in Japan's parliament threatened Sunday to quit unless they receive protection against "fierce politicians." More than 10 parliamentary ushers and clerks were injured last week in clashes between government and opposition politicians debating a government-sponsored educational reform bill. The bill was finally passed late Saturday.

In a protest to the Speaker of the upper house, members of the Japanese Parliamentary chamber as "a dangerous workshop."

The union said that if the present lawlessness of upper house members continues "we will desert our posts rather than risk our lives."

Duplessis Rejects Highway Lapalme Charges Leadership Struggle

QUEBEC —(CP)— A charge by Liberal leader Georges Lapalme that a power struggle is developing in the Union Nationale party and a reiteration by Premier Duplessis that Quebec must retain its rights highlighted a busy weekend of campaigning for the June 20 general election.

At Riviere-du-Loup Saturday night, Mr. Lapalme said a three-way fight is developing among cabinet ministers for Union Nationale leadership.

"Premier Duplessis has reached

N.S. Man Acquitted Of Murder

LUNenburg, N.S. —(P)— The murder of a 76-year-old Italy Cross farmer remains unsolved with the acquittal Saturday of Leroy James Llewellyn.

Llewellyn, 44-year-old father of nine, had been charged with murder following the brutal slaying of William Cross on April 17. A Supreme Court petit jury deliberated five hours and 20 minutes before acquitting Llewellyn.

Mr. Justice L. D. Currie of the Nova Scotia Supreme Court, in dismissing the woodsman, said: "The jury was not asked to tell us how they reached that verdict and I am not going to ask them."

"But you know what I know. That is all I'm going to say to you."

The verdict was reached despite the fact that counsel for defence had not called a witness.

Crown prosecutor E. Fowke paraded 26 witnesses in four days including Mrs. Cross, widow of the victim, who was also beaten but recovered.

Defence counsel Archibald Burke of Lunenburg referred to a chain of circumstantial evidence as presented by the crown. He pointed out the lack of fingerprints, and the lack of bloodstain on the clothing of the accused when found.

Mrs. Cross, he said, had alleged the man who came to visit her husband on the night of April 17 was at least a foot taller than her husband. Evidence had disclosed Llewellyn and the victim were about the same height.

Sukarno Begins Six-Day Canada Tour At Niagara

NIAGARA FALLS, N.Y. —(P)— President Sukarno of Indonesia today was to begin a six-day tour of Canada.

The leader of 80,000,000 Indonesians ended a 19-day trip through the United States here Sunday night.

The president was accompanied by a party of 15, including his 12-year-old son, Mohammed Guntur.

Sukarno was to leave for Ottawa by air after touring the falls today.

Harding Arrives In Britain Under Guard

LONDON —(AP)— The governor of Cyprus today began talks with his home government on a new offer to relax British rule of the strife-ridden Mediterranean island colony which Britain is determined to hold as a military base.

Field Marshal Sir John Harding, the governor and military commander of Cyprus, arrived by plane Sunday night under close security guard thrown around Northolt airfield to foil assassination-bent Cypriots believed to have slipped into England.

Simultaneously, British authorities on Cyprus disclosed a secret operation in the mountainous western part of the island had netted a large store of arms and 17 "hard-core terrorists," including two with prices of £5,000 each on their heads.

Government sources said Harding's talks will explore a new approach to governing Cyprus, where many of the Greek-speaking majority seek union with Greece. About 100,000 Cypriots of Turkish origin do not want Greek rule. There are some 400,000 Cypriots of Greek descent.

The sources said the talks will formulate an approach to Greece, Turkey and possibly the United States and other NATO countries on an interim government which would permit Britain to retain military control.

Britain is reported considering either a form of British-Greek-Turkish joint rule or a NATO-sponsored government which would permit the Cypriots to determine their future after NATO is dissolved.

Meanwhile in the Cyprus Capital City, Nicosia, an 18-year-old youth shot in the back and

left for dead by Cyprus terrorists, crawled into a church and lit candles to summon police to the scene of an ambush.

Strategists Attempting To Dissolve Parliament

OTTAWA —(CP)— The Opposition was mapping strategy today designed to force the government to dissolve Parliament and bring on an immediate general election.

The Progressive Conservatives were called into caucus at 11:30 a.m. ADT. Meanwhile, the cabinet also met to decide on the government's course of action at today's crucial Commons sitting which begins at 3:30 p.m.

It is understood opposition spokesmen are determined not only to block the government's hotly-debated pipeline bill but also any government move to obtain parliamentary approval for more funds to pay civil service bills.

A source close to the treasury said departments are beginning to run out of money. If more funds are not obtained before June 15, the army of some 160,000 civil servants across the country will not get paid. The salaries require about \$35,000,000 a month.

The government got Parliament's approval of one-sixth of their annual needs, just about enough for two months at the start of the fiscal year, April 1.

The government has three courses open: It can go back to Parliament for a further interim money supply, it can adjourn or dissolve Parliament, obtaining the necessary funds by governor-general's warrant. This is merely a note from the governor-general allowing the government to make expenditure on his authority while Parliament is not sitting.

Strategists for the CCF and Conservative parties say they will block any government bill for further money supply. The government would have to im-

pose at least four debate-throttling closure moves to get the bill through the House.

The feeling among opposition members is that with the pipeline bill still to be passed, the government could not get the money bill passed by June 15 even with closure.

The government could possibly meet this opposition by adjourning Parliament immediately after passage of the pipeline bill and then resorting to the governor-general's warrant to obtain the necessary funds.

But Opposition sources say that would not end the issue. The government would have to come back to Parliament in the fall for passage of its new federal-provincial tax-sharing scheme. An interim supply bill would have to be introduced and the Opposition could then stage further blocking moves.

The deadline for the pipeline bill is June 7.

Mr. Drew's censure motion followed repeated, angry protests by Conservative and CCF members against the rulings and actions of the chair, climaxed last Friday when opposition members milled in the centre aisle shouting, "Puppet! Dictator! Garroting of Parliament!"

It is certain the government will attempt to get on with the pipeline today and will try to present notice of closure to end debate on third reading by 1 a.m. Wednesday.

The bill likely would receive swift Senate passage. Any possibility that the seven Conservative senators could block it is just about ruled out.

The opposition is expected to use every possible parliamentary weapon to argue that the censure motion should be the first item of Commons business. If the speaker rules against them, there may be another of the protracted, noisy outbursts that marked the Friday sitting. Almost anything could happen but opposition strategists have said they do not plan to walk out of the Commons.

Many observers see dissolution of Parliament and a general election as the only end to the new pattern of opposition and the defiance of rules and personalities that have marked the debate.

The river Sunday night had reached a level of 24.80 feet and there was a threat of rain. One official said a heavy rainfall "could be disastrous."

The river was about eight inches from the tops of the dikes and was expected to reach a crest Wednesday or Thursday.

Most seriously threatened spot during the week-end was a 7,000 acre tract known as the Creston Reclamation Co. district.

High water was reported to have cut off the suburb of West Creston from the rest of the town.

Across the border in Idaho, the Kootenay was rising towards a new flood crest after forcing army engineers and National Guardsmen to battle high water for more than two weeks. At Bonners Ferry in northern Idaho 18,000 acres of farm land have been flooded and more are threatened.

At Trail, Columbia river waters completely covered flood-prone Groutage Ave. But a city engineer said the situation was well under control.

Police reported 119 persons arrested and 100 or more injured.

Nehru said Bombay's violence had forfeited the city's immediate right to determine its future, and repeated that the metropolis of 3,000,000 population will become a federal area administered by the New Delhi government. He promised to reconsider Bombay's status in five years.

Two rival language groups, the Marathi and the Gujarati, covet the rich prize, a modern and beautiful port city with a solid base of industry. Savage rioting flared last winter over the issue, and estimates of the dead then ranged up to 400.

After Nehru's speech, the Marathi mobs stormed along Bombay's main boulevards attacking supporters of the prime minister.

It "is not impossible" that such a penicillin — like drug might be found because of research developments in the last five years, said Alexander Haddow, famous cancer researcher from the Chester Beatty Research Institute, London.

Dr. Haddow explained the prospect and problems in a press conference before the opening of the third national cancer conference sponsored by the American Cancer Society and National Cancer Institute.

The conference is being attended by some 1,000 physicians and 100 scientists, including 40 delegates from 24 foreign countries.

Cancer strikes many different body organs, and some experts consider it a variety of different diseases in its various forms. Other think it might have a common cause, from a virus or something else.

One view is there is little hope that any single drug could affect all forms of cancer — or even a number — in the way penicillin hits numerous bacterial diseases.

Scientists have discovered differences in the microscopic appearance of various cancerous cells compared with healthy ones. And they have detected some differences in the chemical makeup or chemical appetites of cancerous compared with healthy cells.

Dr. Haddow said these clues might yet show some difference common to all cancerous cells, and "we cannot exclude the possibility of a penicillin-like drug."

ERSKINE, Alta. —(P)— The bodies of four children lay side by side on the bed, in order of age. Their mother lay dead in the same room. Elsewhere in the six-room farm home of John E. Clark, member of the Alberta legislature, two other men had been killed.

All seven died from bullet wounds in the head inflicted by a 22-calibre rifle.

Victims of the attack were 36-year-old Mrs. John E. Clark, her four children—Jenena, 8, Ross, 7, Ann, 5, and Linda, 4—George Anderson, 20, a hired man on the Clark farm, and William Olah, 30, a member of the Royal Canadian Navy and a visitor at the home.

Sought today in this lush, central Alberta farming area was Mr. Clark, 41-year-old Social Credit member of the legislature since 1952 for the riding of Stettler. RCMP Inspector M. Laberge said Clark is wanted for questioning.

The bodies were found by G. M. Parrott about 10:30 a.m. Sunday when he dropped over from his neighboring farm on a social visit. Apparently the shootings had taken place within 1 1/2 hours of his arrival.

Parrott went to a neighbor's to phone police at Stettler, 100 miles southeast of Edmonton.

Dr. Zender said Mrs. Clark, three of the children and Anderson were dead when police arrived. Linda died within 10 minutes of their arrival, before she could be moved. Olah died soon after being taken to hospital in Stettler, 17 miles southeast of the Clark farm.

All seven had been shot once through the head though Dr. Zender said one victim may have been shot more than once.

There was no sign of a struggle in the faded-yellow two-story frame farmhouse. The body of Anderson was found in the living room, those of the mother and four children in one of the second-floor bedrooms. Olah was found lying in a second bedroom.

The cows in the adjoining barn had been milked. Beside the house was a new automobile and a truck belonging to Clark.

The big farm—almost two sections of land—has been the home of Clark, part-time teacher and farmer, for most of his life.

It was from there, too, that he left two weeks ago for Saskatchewan to participate in that province's election campaign. He was to have gone back to Saskatchewan last Friday but did not make his scheduled appearance.

The murder weapon was not found. Inspector Laberge said a single-shot, 22-calibre rifle borrowed from an uncle by Clark some time ago was located but was not the weapon used in the slayings.

Negro Minister

NEWFIELD, Maine. —(AP)— Rev. Joseph R. Washington Jr., the first Negro to become minister of an all-white congregation in Maine, took over his duties at services here and at West Newfield Sunday. The 25-year-old native of Madison, Wis., made no mention of racial issues.

Penicillin Could Cure Cancer

DETROIT (P)— Scientists may yet find a kind of "penicillin" to control most or all forms of cancer, a British scientist says.

It would depend upon discovering a "common denominator" difference between cancerous and healthy cells. The drug would take advantage of the difference.

It "is not impossible" that such a penicillin — like drug might be found because of research developments in the last five years, said Alexander Haddow, famous cancer researcher from the Chester Beatty Research Institute, London.

Dr. Haddow explained the prospect and problems in a press conference before the opening of the third national cancer conference sponsored by the American Cancer Society and National Cancer Institute.

The conference is being attended by some 1,000 physicians and 100 scientists, including 40 delegates from 24 foreign countries.

Mixed Foursome Opens Golf Season At Thetford Mines

THETFORD MINES — The Thetford Golf Course was officially opened with a 2-ball mixed foursome tournament. The affair was fortunate in warm sunny weather and the course was in fair condition.

First place winners of the event were Mrs. Stan Sefton, Sherbrooke, and Mr. G. Thetford; second place winners, Miss June Smith and H. Byrns, third, Mrs. K. Briggs and Bob Fillion.

Bob Fillion, chairman of the match committee, announced that there will be special tournaments June 5th and on other dates to be announced later. Every Wednesday evening there will be mixed competitions and every Tuesday and Thursday evenings a "Calcutta" for the men.

The Opening Dance of the season was held in the Clubhouse. Paul Duso and his orchestra provided the music and although it was not one of the largest affairs of the season, many considered it one of the most enjoyable. Coffee and sandwiches were served by courtesy of the Clubhouse committee.

Presentation To Stanbridge Ridge Aid Member

STANBRIDGE RIDGE — A well attended meeting of the Ladies' Aid Society was held with Mrs. Eunice Soule as hostess.

Following the devotional period of an acknowledgment from Mr. Frank Corey, was read, thanking the members for a donation of two \$50 bonds to the Cemetery Association. Mr. Corey stated that the endowment fund has reached \$3,900 and that the Ladies' Aid Society had donated \$800 over the past years.

Mrs. Fairfield and Mrs. Corey will entertain at the next meeting.

It is hoped that the meetings will be held twice a month, during the summer.

Mrs. Soule, whose marriage to Mr. J. Ling is taking place in June, resigned as president, and Mrs. Lewis Bockus was elected in her place.

A special feature of the afternoon, was the presentation to Mrs. Soule, of an Irish linen tablecloth accompanied by the good wishes of the Ladies' Aid and a sum of money from friends, who, frequently attend the meetings.

The recipient expressed her appreciation for the gifts and good wishes. Afternoon tea was served.

General Notes

WINDSOR MILLS
Harvey Finley, vice-president, District Commissioner Herman Conley, and Ron Gilbert, treasurer, attended the meeting of the St. Francis Valley District Council Executive of the Boy Scouts' Association at Drummondville.

Coming events of interest to parents and well wishers of Scouts are the Cub Camp, June 28; Silver Arrowhead course at Camp Tamaracuta, July 7; Gilwell courses for Pack Scouters July 30; for Troop Scouters, July 21; Crew Scouters, June 30.

The Cecil Brehaut Memorial Trophy was on display.

It has been decided that the Jubilee Jamboree will be held in England in 1957 at which 35,000 scouts and leaders from all over the world will meet. The Quebec quota will be 56 scouts with 6 to 8 leaders.

Is it possible that one might go from Windsor? Now is the time to think about it.

FARNAM'S CORNER—
Mrs. Ida Bates and Mrs. W. Leonard, co-hostess, entertained at a miscellaneous shower at the home of Mrs. Bates in honor of Miss Helen Delpe. She was presented with gifts by Mrs. Morris Marco and assisted in opening them by her mother, Mrs. P. Delpe. Lunch was served to about 22. The guest of honor expressed special thanks to Mrs. Bates and Mrs. Leonard for giving her the shower and to her friends for the lovely gifts.

The Ladies' Aid met in the basement of the United Church for the purpose of cleaning the church. During the afternoon, the ladies held a meeting when in the absence of the president, the vice-president presided. A hot lunch was enjoyed at the close of the meeting.

WEST SHEFFORD—
Mr. and Mrs. Joseph Bernier, of Lachine and Mr. and Mrs. Frank McMahon and two sons, Maurice and Norman, of Montreal, were weekend guests of Mr. and Mrs. Michael McMahon. Mrs. McMahon was recently in Montreal, where she visited her brother, Mr. John Healey, who is undergoing treatment there.

The three Wilkinson brothers, of Montreal, spent a week-end at their country home on Lawrence Knoll.

After spending the past six months in Montreal, Mrs. Louis Boucher has returned to West Shefford.

Mrs. Emily Jones has returned from Montreal and re-opened her home in the Irish neighborhood.

The Misses Edith Brunton, of Shefford Mountain and Mildred Brunton, of the Bell Telephone staff, Cowansville, were guests of their parents, Mr. and Mrs. Harold R. Brunton. Mr. and Mrs. Jesse Brunton and family also called.

Miss Muriel Sall and friend, Miss Phillips, of Montreal were weekend guests of Mr. and Mrs. Ernest Doonan.

Mrs. Phillips has left for Ontario, where she is visiting relatives.

WINDSOR MILLS

Harvey Finley, vice-president, District Commissioner Herman Conley, and Ron Gilbert, treasurer, attended the meeting of the St. Francis Valley District Council Executive of the Boy Scouts' Association at Drummondville.

Coming events of interest to parents and well wishers of Scouts are the Cub Camp, June 28; Silver Arrowhead course at Camp Tamaracuta, July 7; Gilwell courses for Pack Scouters July 30; for Troop Scouters, July 21; Crew Scouters, June 30.

The Cecil Brehaut Memorial Trophy was on display.

It has been decided that the Jubilee Jamboree will be held in England in 1957 at which 35,000 scouts and leaders from all over the world will meet. The Quebec quota will be 56 scouts with 6 to 8 leaders.

Is it possible that one might go from Windsor? Now is the time to think about it.

C. W. L. Thetford Mines Sub-division Reports On Year's Accomplishments

THETFORD MINES — The Thetford Mines sub-division of the Catholic Women's League held its annual meeting with an election of officers and a report on the year's activities.

Mrs. W. J. Johnson was elected president with the following slate of executive officers: 1st vice-pres. Mrs. P. Boissonneault; 2nd vice-pres. Mrs. B. Potvin; 3rd vice-pres. Mrs. J. Dickinson; treasurer, Mrs. J. Hayes and secretary, Mrs. L. Atto. Counselors: Spiritual, Mrs. George Robinson; membership, Mrs. P. Boissonneault; welfare, Mrs. O. C. Smith; publicity, Mrs. B. Potvin; citizenship, Mrs. M. Senieie; magazine, Mrs. E. O'Brien; knitting, Miss S. Kerwin; immigration, Mrs. L. Lavigne; hospital, Mrs. Dickinson and library, Mrs. J. A. Wayland.

Annual reports were read and showed that all national, provincial and diocesan C.W.L. obligations had been met. Total money raised during the year was \$1,031.47 and of this amount \$780.30 was spent locally.

The money spent locally went to various causes: a grant of \$160 to the St. Vincent de Paul Society; \$48. school prizes for St. Patrick's High School; \$50 Foreign Missions; \$90 treats for the patients of St. Joseph's Hospital where C. W. L. members visit regularly; \$50 on yarn for the Veteran's Hospital at Ste. Anne de Bellevue.

\$87 was spent to provide transportation for a child and mother to Montreal as well as to pay three weeks for the child at the Red Cross Speech Camp; \$87, transportation and books for a country student to attend school in Thetford Mines, plus sufficient money to buy caps and toys for needy orphans at the Black Lake Convent.

In addition to these contributions the C. W. L. made 119 pads for the Cancer Society in Quebec. They also contributed \$25 to the Eucharist Congress held in Thetford Mines.

Liberals Will Drop Socreds After Election — Bourque

Fire Three Shots, Man Held After Wild Magog Ride

Benjamin Wheeler, 35, was waiting to appear in court here today after a wild, bullet-punctuated chase in Magog yesterday. Three people, members of Wheeler's family, were hospitalized after his car ran into a ditch and turned over.

Nature of the charge to be laid was not certain this morning.

The incident occurred yesterday afternoon when Wheeler's 1935-vintage car was found parked across Main St. in Magog in front of the strike-bound Dominion Textile plant.

In answer to police, Wheeler said the transmission on his car was broken.

When police asked him for his driving permit, he jumped into the car and drove off, zig-zagging down the street.

Police gave chase and fired three shots into the air. The car finally ran into a ditch and turned over. Occupants of the car suffered minor injuries and were taken to La Providence Hospital, Magog.

Mrs. Wheeler had cuts on her right arm.

Larry, 6, had head and foot injuries.

Barbara, 13 months, suffered a bruise on the head.

Lester, 2, was uninjured.

The father was lodged in the Magog police cells. Officers involved were Lucien Desruisseaux and Lucien Lessard, of the Magog force.

Organists Hold Election Meeting

At the Annual Meeting of the Canadian College of Organists held in St. Peter's Church hall last night, the following were elected as officers for the coming two-year term:

Chairman, Morris C. Austin, succeeding John Codere; secretary, Jack Lenaghan; treasurer, Gordon S. Peabody, succeeding Miss Doris Robinson; and social convener, Miss Pauline Roy.

The treasurer reported a good financial year for college during 1955. It was also decided to allocate \$50.05 for this year's contribution to the building fund of the new headquarters which will be erected in Toronto.

August 28 to 30 are the days chosen for the annual convention that will be held in Montreal.

Dr. John Withall Given Pakistan Appointment

Dr. John Withall, son of Mr. and Mrs. J. Withall of Sherbrooke, has just been appointed executive secretary of the United States Educational Foundation in Pakistan.

In this capacity he will administer the Fulbright Education Exchange Program in Pakistan; under this program American scholars, educators and research workers travel to Pakistan for a year to teach in institutions of higher learning and to do research. At the same time Pakistani educators and researchers visit the United States for a year's study and research. The Fulbright Program is under the aegis of the United States Department of State.

The aims of the International Educational Exchange Program are to improve the educational programs of the countries involved and to nurture greater international understanding.

Mrs. Withall and their three youngsters, Barbara Joan, Ronnie, and Carol-Ann will accompany Dr. Withall. His headquarters will be the U. S. Educational Foundation in Karachi.

Dr. Withall is a graduate of Sherbrooke High School and Bishop's University where he obtained his B.A. and M. Ed. degrees. He secured his Ph. D. degree from the University of Chicago in 1948. He will assume his duties in Karachi about July 1, 1956.

Miss June Frazer, of Coaticook, was a weekend guest at the Patterson home.

Local Youth Killed As Farmhouse Falls; Nine Dead In Quebec

A Sherbrooke youth and an Arthabaska youngster were two Eastern Townships fatalities this weekend, as Canada saw at least 34 accidental deaths.

Denis Cote, 15, of Sherbrooke, was killed Saturday afternoon in St. Jean de Vianney, Que., when a partially-constructed farmhouse collapsed. Police said the accident sent three others to hospital. All had been helping construct the house.

Pierre Hamelin, six-and-a-half-year-old son of Emile Hamelin, of Arthabaska, died in hospital Saturday afternoon shortly after he had been hit by a car on the Arthabaska-Victoriaville highway. The boy ran across the street in front of a car driven by Marcel Beauchêne, and was dragged 50 feet along the road.

Quebec and Saskatchewan, had the highest provincial tolls this weekend, with nine each. In Quebec, six died in traffic, one by fire and two in miscellaneous mishaps.

Saskatchewan's dead were all in a single accident near Weyburn, 70 miles southeast of Regina, when two cars collided.

Fatalities-free records were marked by Prince Edward Island, New Brunswick, Manitoba and Alberta. Ontario had seven deaths, Nova Scotia, five, Newfoundland two and British Columbia two.

Not counted in the accidental deaths were seven persons killed in a mass shooting on a farm in Erskine, Alta., and three industrial deaths.

Bourque Campaign Opens In Sherbrooke With Spirited Attack

By CUTHBERT JONES

Charges that the Liberal-Social Credit alliance was only a desperate bid on the part of Liberal Leader Georges Emile Lapalme to gain power and that the Liberals would ditch their Social Credit friends after the elections on June 20 were hurled by Hon. J. S. Bourque at the opening of his campaign last evening.

The Lands and Forests Minister, addressing an enthusiastic rally in St. Jean Baptiste school auditorium in East Sherbrooke, declared that the Social Credit group had a peculiar monetary doctrine which might have many points in its favor.

"But, unfortunately, I do not understand it, and I doubt if the Liberal leaders understand it," Mr. Bourque declared. "It has been applied nowhere in the world, and I do not believe it can be applied in Quebec."

"In Canada we have two Social Credit Governments, but they are not applying Social Credit doctrines."

"And remember, the provincial government does not have control over banking and currency, an essential power if these doctrines are to be applied."

By promising to implement certain Social Credit policies, Mr. Lapalme was acting in bad faith, Mr. Bourque declared, and was admitting that he did not expect to gain power in the elections this month.

The attack on the Liberal-Social Credit alliance came at the close of a spirited defence of the record of the Duplessis Government and of his record as member for Sherbrooke County during the past 21 years.

One of the battle cries of the Opposition leader during the present campaign was that the Union Nationale Government was guilty of many scandals, the Minister declared, but ever since the Duplessis administration had begun its record of accomplishment, there had been this cry. Never had definite cases been mentioned, Mr. Bourque continued. Mr. Lapalme and his supporters always spoke in generalities. They had never called a meeting of the Public Accounts committee of the Legislature where the charges could be aired on a proper basis.

The Government had been charged with graft in the awarding of school contracts, but actually these were awarded by the school boards concerned, Mr. Bourque said.

When the Government undertook such projects as the Montreal-Senneterre Highway, the Quebec-Chicoutimi Highway, the Abitibi hydro development and the Bersimis project, the Liberals had always cried graft, but

Other speakers included Maurice Allard, Lionel Ferland and Hermenegilde Perron.

The joint chairmen were Aldermen Felix Thibault and Robert Gauthier, with Jean Paul Thibault acting as master of ceremonies.

Magog Merchants Pass Resolution Backing Strikers

Magog merchants have passed a resolution favoring the workers in their strike against Dominion Textile Limited.

The Magog Association of Retail Merchants approved the following resolution:

"Since the strike of the textile workers affected almost all the families of the City of Magog, and since this strike is judged to be legal and has been declared for justifiable reasons, and since we, the merchants of Magog, are solidly linked with the economic life of the workers of this centre,

"And since the economy of Magog depends on a settlement favorable to our workers with as little delay as possible,

"It is unanimously resolved that we, the merchants of Magog, support the workers of Dominion Textile Company at Magog in their demands and hope that the conflict will be settled in their interests, with as little delay as possible."

Copies of the resolution have been sent to the president of the local syndicate Raoul Gauette and his deputy, Denis Gerin; to Labor Minister Barrette and to Premier Duplessis.

Good Behavior

It is dubious whether the Dominion Textile strikers won themselves much sympathy by their parade and rally in Sherbrooke last Friday. But it is noteworthy that the strikers managed to behave themselves pretty well.

Put 3,000 disgruntled people together and you can usually expect trouble. Most people thought there would be at least a few rabble-rousers who would cause a fuss before it was over.

That nothing materialized is a credit both to the strikers and to the local police force. The latter handled itself extremely well in a situation where misguided heavy-handedness could easily have incited trouble.

"Twinning" A Fine Idea

The "twinning" of cities is one of the best gimmicks to come along for quite a while.

The idea actually started in Europe. The Canadian Federation of Mayors and Municipalities picked it up and the results have been heartening.

Granby has been twinned with Windsor, Ont.; Shawinigan Falls with Hamilton, Ont., and now Sherbrooke has linked itself spiritually with Halifax. More "twinning" will undoubtedly follow.

Beyond doubt, it is a fact that the rest of Canada doesn't fully understand the Province of Quebec and this lack of understanding has bred distrust in the past. By the same token, people of this province frequently find themselves confused by the attitudes of people in other sections of the Dominion.

This And That...

Support the Sherbrooke Hospital campaign!

It's interesting to note that 10 years ago last Friday, workers at five Dominion Textile plants went on strike. What industry has more labor trouble than textiles?

That new highway that's to be built from Montreal to the Laurentian resort area sounds wonderful. Now if we could just get somebody's assurance that a similar highway will be built between here and Montreal. Officials are mum on what the plans are beyond the Sherbrooke-to-Magog stretch.

of proportions.

About the worst that happened was the odd traffic jam—and traffic jams, while aggravating to those who are caught in them, cause no real physical damage.

At best, strikes are unfortunate, especially those that are long and drawn-out—and it appears that this one is headed in that direction. But the most unfortunate are those that become marked with violence, frequently injuring the person or property of innocent parties.

It is to be sincerely hoped that the Dominion Textile strikers continue their good behaviour. This is the best means of promoting sympathy for their cause.

The logical way to promote understanding and unity with friendly frequent exchanges of ideas and viewpoints. This is difficult at long range; such contacts must be considerably more personal than an exchange of letters and brochures.

Mayor Nadeau made a good choice when he hit upon Halifax. Two other Quebec cities chose "twins" in Ontario; it was time that a Quebec city looked elsewhere and within certain reasonable limits of distance, other Quebec cities should do the same. Fredericton, N.B., for example would seem to be a good choice for the next Quebec twin. The more variety we can get in our "twins", the better the net results.

Sherbrooke's duty is clear. It is up to the City officials to make its new relationship with Halifax as happy and as productive as possible—to the advantage of both.

And to think that we criticized the conduct of members of the French Assembly not long ago. This is one peace-pipe (line) that is really smoking!

See where a former world titleholder is forsaking the ring for a mental institution. That's what we like about the fight "game". There's such a good future in it.

cluding the number of patients on the very long waiting lists. One family out of 115 has a tubercular case in hospital. One family out of 1,471 has a case of polio.

Because it affects so many people and because their hospitalization is lengthy and expensive, mental ill health creates a vast financial burden for the community.

The claim of the Mental Health Association for public support stands extremely high on the priority list of all thoughtful persons. The important contribution which this association, properly financed, can make to the reduction of mental illness offers gains for the community which are truly immense.

Mental ill-health is the great maimer. The problem of mental health has yet to gain public recognition as such and to win the kind of public support it deserves.

THE SAME PATTERN (Vancouver Province)

There are still some who remember the opposition that delayed vaccination and pasteurization, now accepted health measures. Must we hold up another health innovation (fluoridation) that has the unrestricted approval of all expert opinion?

PIPELINE POLICIES (Winnipeg Tribune)

Many Canadians have serious doubts about the method the Government proposes to get the pipeline built. They are far from satisfied that all the alternatives have been given a proper or fair examination. Moreover, while there may be great political urgency about a start on construction of the line this year—the Government does not relish the idea of a federal election without a start having been made—many Canadians question whether political urgency should be the decisive factor.

Leaning Tower of Strength

MANY DOGS ARE BLATHERING SNOBS
(Editorial in Sydney Post-Record)

Pursuing further a topic touched upon the other day—that of postmen bitten by dogs—a question lingers in the mind: Why should a postman, the most useful and amiable of citizens be the object of canine rage? The explanation seems to be in the mail the postmen carry. Dogs, apparently don't like objects that seem to them out of proportion, and a postman often is heavily laden. Thus, the citizen most welcome at every door, is treated, sometimes in some places, as an intruder by the household pet. This belies the frivolous idea that dogs accurately estimate human character.

It is submitted here—kennel clubs can make the most of it—that dogs are the most unreasonably idealized pet. The dog often is called "man's best friend." More often a dog is the owner's barking fool. What sort of friend is an animal that terrifies the children of people other than the dog's owner, that makes the performance of a useful job disagreeable for numbers of people—postmen, deliverers of groceries, milk and bread—anyone who has his arms full?

Truth is that many a dog is an arrogant and blathering snob, with an instinct for guardianship but no judgment whatever, incapable of estimating between good and evil or of recognizing innocence. Beside the dog, a cat, any cat, even a homeless ashen cat, is an aristocrat. Whatever may be said against it as a destroyer of birds, the cat has the virtue of minding its own business and hoping that you will mind yours.

THE UNINSURED DRIVERS (Ottawa Journal)

Drivers and owners of motor vehicles who continue to think they can travel the highways without adequate insurance protection against accidents should take a look at the amounts courts are awarding victims and their survivors. Within the past month an Ontario judge gave a young boy more than \$60,000 for the loss of a limb and other injuries and a Quebec judge awarded a widow with four small children over \$24,000 for the death of her husband. Some court judgments have been in excess of these amounts.

Judgments in these amounts against a car or truck owner without adequate insurance protection could easily cripple him financially for life. The average person would take years to pay off such a judgment. Should he be in any business where the use of a motor car is essential to making a living his business is at stake because his licence to drive is suspended automatically while the judgment remains unpaid.

AGGRESSIVE BID PAYS HANDSOMELY

Aggressive bidding paid handsomely when today's hand was played at New York's famous Regency Club. Walter Malowan, who held the rather meager South cards, managed to steal the hand even though East could have made four spades with an overtrick.

North showed great restraint in passing four clubs. He had begun to suspect that the opponents could make four spades, and he correctly decided that they

card dummy's losing diamond on his own fifth heart.

West should have discarded instead of ruffing the second round of hearts. South would ruff a third spade and lead the king of trumps. East would be able to lead diamonds in time to set up a trick in that suit, and West would have a trump to ruff a heart and cash his king of diamonds.

CARD SENSE

Q—With both sides vulnerable, the bidding has been:

North East South West
1 Heart 2 Diamonds ?
You, South, hold:

Spades K-J-7-3-2, Hearts 3, Diamonds A-7-4-2, Clubs 8-5-4.
What do you do?
A—Double or pass. This is a borderline decision. Most aggressive experts double; the conservative would pass. Even if the opponents make two diamonds doubled, they won't get game for it.

TODAY'S QUESTION

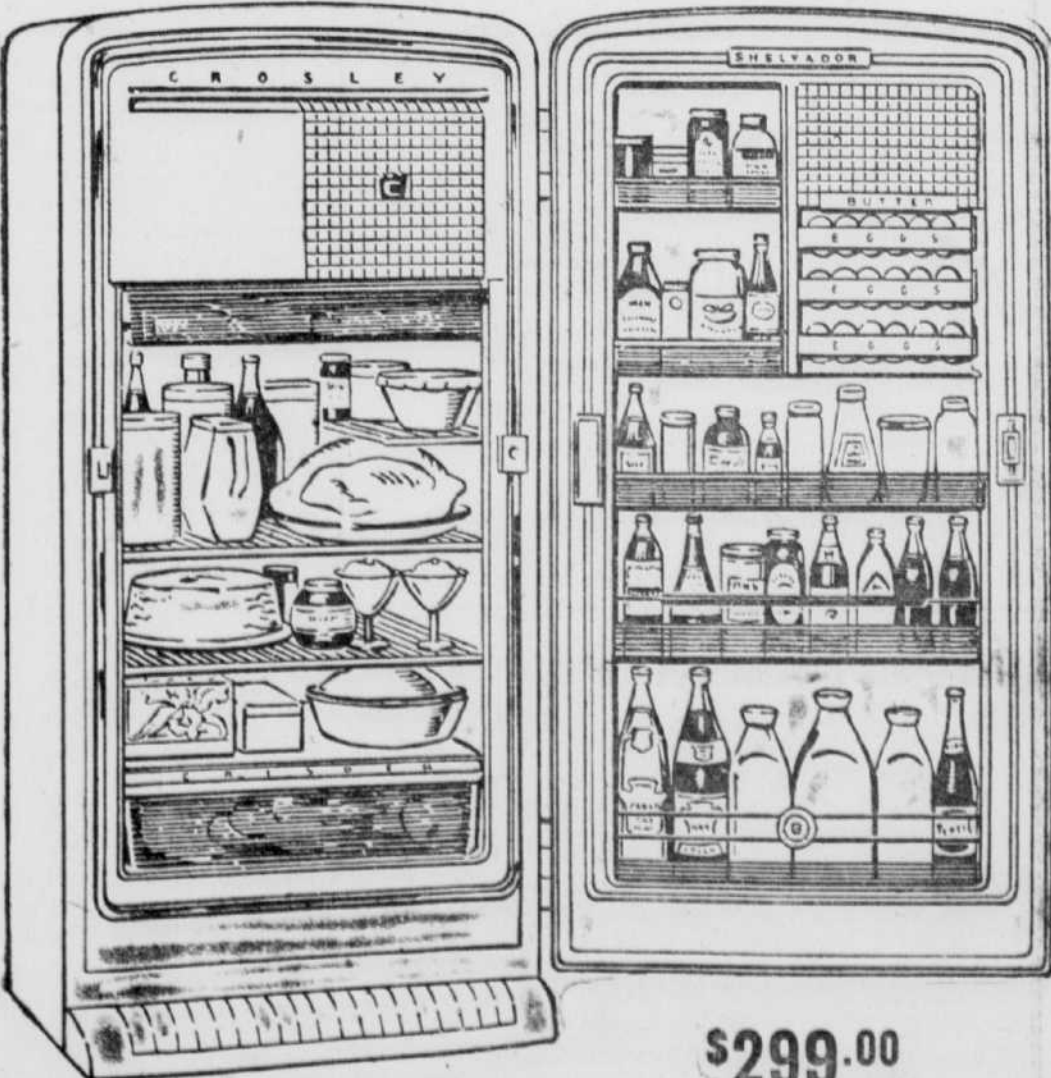

The bidding is the same as in the question just answered. You, South, hold:
Spades K-J-7-3-2, Hearts 3, Diamonds A-J-4-2, Clubs 8-5-4.
What do you do?
Answer Tomorrow

Home And School Makes Donations At Bury Meeting

BURY — The final meeting of the season of the Home and School Association was held in the school auditorium with Mr. Boynton in the chair.

The treasurer's report showed a substantial balance, due to the generous donation of Mr. C. Anderson. A donation was voted to the student loan fund, the dental clinic and school prizes, senior graduation on June 1 and juniors on June 8.

It was also decided to hold the meetings on Tuesday nights, when they start in the fall.

The skating rink is to be levelled off and voluntary help will be notified when needed.

Mrs. W. MacLeod, delegate to the Quebec Federated Teachers' Association, gave an interesting report, giving some of the ideas for program planning, and other helpful hints to improve the society.

A letter was received from a parent expressing gratitude for the hot lunches at school.

The meeting adjourned to meet the fourth Tuesday in September.

The benefit drawing then took place, with Mrs. T. Ward, Bury; Mrs. H. Cairns, Montreal; and Mr. K. Bryant, of Magog, holding the lucky tickets.

The proceeds of a successful food sale for the benefit of the Sutton Library amounted to \$39.70. The committee in charge express their thanks to those who assisted in the success of this project.

Net Found In Three Lakes

Three Lakes, near Asbestos. The couple were almost thrown into the water when the motor of their boat snagged on a wire net at the bottom of the lake. The net, a length of chicken wire, weighted with lead and suspended from wooden floats, was pinned to the bed of the lake by steel rods. Game wardens in the district and the Larochelle Fish and Game Club are investigating. Holding the net above, from the left are: Arden Gosselin, warden, J. W. Beliveau, president of the Larochelle Club, and Lucien Daigle, warden.

CWL Sherbrooke Diocese Re-Elects Mrs. E. J. Wolfe

Mrs. E. J. Wolfe was re-elected president of the Sherbrooke archdiocesan council of the Catholic Women's League of Canada, at the 30th annual convention held Saturday afternoon in the Ursuline Convent at Stanstead.

The very attractive convent auditorium in its permanent decor of three shades of green was enhanced by baskets of spring flowers arranged on the platform, where Mrs. B. L. Monty, president of the Rock Island hostess subdivision, greeted the assembly. Mrs. F. Webb and Mrs. I. Rever were in charge of registration.

Mrs. Wolfe chaired the business session which opened at 3:30 with the League Prayer recited in unison and the Prayer for the Holy Father, following which reports were given by officers and conveners.

Mrs. Patrick Smith read the secretary's report, the details of which were later given by conveners.

Miss Priscilla Tuile reported 42 letters were received and 58 written, apart from the many circulars sent out. The corresponding secretary also read letters of regret at impossibility of being present and best wishes for a successful convention, from Mrs. R. C. Winslade, of Renfrew, Ont., (former president) and Miss Gladys Mullins, in Ottawa.

Mrs. Stewart Hansford, treasurer, stated receipts were, \$4,974.11 accrued through entertainments, card parties, tag days, sales, etc.; disbursements totalled \$3,345.95 covering national obligations, donations to Holy Father's Fund, Catholic Sailors

Club, Immigration fund, etc. The treasurer made it a point to stress C. W. L. assistance in parish work, social service, rectory need, in securing English speaking priests for retreats, Masses with English sermons, flowers for altars, repairs to church halls and smaller items.

Social Action reported by Miss P. A. Tuile, revealed that \$336.45 was spent on health, and \$3,333.55 on welfare work in the diocese. Hospital visits, 2445; homes, orphanages, etc., 1023; 78 Christmas baskets delivered; 384 books, 2261 magazines and papers, and 178 religious articles distributed; 4 children dressed for First Communion; baby trousseau (30 Pcs.) given to a mother. Donations to Little Sisters of the Assumption and other communities totalled \$65.51.

Dr. Jacques Olivier was secured to speak on prevention of cancer.

Mrs. Marion McCormick was appointed convener of resolutions with Mrs. A. L. Vallee and Miss Helen Fitzgerald acting on the committee. Mrs. Ross Alexander, provincial president, presided at the opening of the ballots, replacing Very Rev. Msgr. Moisan, director, who was unable to be present.

Miss Arlene Hand, reporting on organization stated membership stood at 495, honorary members 23 and 2 life members; that 22 visits had been made to the 7 subdivisions by the national, provincial and diocesan presidents on various occasions.

Miss Hand made a stirring appeal to all members to be perpetual organizers by their example.

ple, enthusiasm in their work, by encouraging non-members to join the C. W. L. and to be willing to plunge wholeheartedly in the vast amount of work to be done.

In the absence of Mrs. F. E. S. Shelley, convener of spiritual activities, report, given by Miss Y. Campbell, was as follows: Amount of \$436 spent on spiritual endeavors covered expenses of closed retreat (24 members) repairing room for celebration of Masses, aid to pastor in rehabilitation of youth, speakers, Masses, priestly vocations, votive lights, parish funds, decoration of altars. 31 families were consecrated to the Sacred Hearts of Jesus and Mary; Christmas Crib in 92 homes; 2 hours weekly devoted to translation of church bulletins into English. Attendance at daily Mass, rosaries recited, were summed up in report.

Miss Yvette Campbell reviewing efforts on education, reported \$502.29 was spent on scholarships, prizes, school equipment, donation to parish library, taxi service for school children, subscriptions to Catholic Magazines and various other endeavors; that 1 study club functions; that 7 members co-operated with other organizations in using influence to curb salacious literature; that a stand publicizing good books had been set up in drug store; that 1 member serves on school board. The convener urged the forming of discussion and reading groups in order to enjoy the untold wealth of material by Catholic authors, from a spiritual, cultural and pleasurable viewpoint.

Mrs. Arthur Harris, convener of Girl Guides, reported 1 Brownie Pack (36) members, 2 leaders. Leaders followed courses at North Hatley; there were 10 church parades; a mother-and-daughter tea was held during the year.

Immigration and Missionary Endeavor—in the absence of Mrs. Arnold Buzzell, Mrs. George Pott reported that pensions had been obtained for 3 widows; 3 New Canadian families (12 members) were sponsored; donations to Sisters of Service of \$72; and 1811 lbs. clothing, 212 Christmas treats, 2 boxes food, 2 ditty bags, 50 books.

Report on Magazine was given by Miss Helen Cosgrove, and the trophy for the highest number of subscriptions in proportion to membership, was presented to Mrs. E. Clark, president of the East Angus subdivision, for the third consecutive year.

Citizenship—Mrs. Paul Labrosse reported 30 members had followed course in Civil Defense; 12 wreaths and 2 Mass cards were placed on cenotaphs, Remembrance Day. The study of citizenship and current topics had been taken up; that the C.W. L. is represented on welfare and civic boards, as follows: As directors and secretary on Red Cross; secretary of school board; representation on V.O.N. Board, National Institute for the Blind; Can. Cancer So.; and Health Centre Group. 68 members devoted 315 hours work at Cancer Dressings Service. 10 members collected for Cancer Drive; 28 for Red Cross; 12 for Blind. 6 members provided and served lunch to organizers of a parish picnic; 6 gave 24 hours each, serving at hospital cafeteria. Members of 1 subdivision arrange (twice yearly) for Red Cross Blood Donors clinic; they enlist help from other organizations, in town, assist in registration and attend to the serving of refreshments in the day and evening, about (130 hrs.).

An East Angus member, Miss Madeleine White, R.N., was awarded the Canadian Red Cross Badge for humanitarian work of this type.

Miss Marion McCormick reporting on TV and Radio programs, drew attention to the very good programs of interest to Catholics, being Fr. James Keller's "What One Man Can Do," The Christophers, Fr. McQuade, s.j., "We Believe," and Bishop's Sheen's "Life is Worth Living."

There Are Some Tricks To Being Companionable

By RUTH MILLETT

Are you so sure you're companionable?

Grace thinks she is, but she didn't go to a business convention with Bob because she claimed she didn't have "a thing to wear."

She has enough clothes for her social life at home and she would have had enough for the convention. But maybe she didn't have enough clothes to impress the other women and so she stayed home and Bob went alone.

Jane thinks she is companionable. But if Jim suggests a last minute change of plans, Jane can always find several reasons why the plan won't work. It would be too much trouble to get a baby-sitter, or she already has a roast in the oven. Jane for one reason or another is never willing to change her plans to fit her husband's mood.

Yet she is sure that she is a companionable wife. Sue is always worrying about what other people will think and fretting over details. If they invite the Browns to dinner, she is afraid the Whites will be hurt if they aren't asked. She won't have company for a simple meal. It's got to be "company best" or nothing.

And she works so hard to produce "company best" she complains when the evening is over that she is exhausted and "thank goodness it is over." Without knowing it she takes all of the fun out of living, not only for herself but for her husband.

Marge is married to a man who likes the out-of-doors and he has tried to get her interested in the things that interest him. But Marge is more attached to the comforts of home than to learning new ways of relaxing and having fun. So when she does go along with Bill on a fishing trip, she is constantly complaining. It's too hot or too cold or she hates the wind, or she is sure she is getting sunburned. Marge feels she is being companionable by going along occasionally. But is she?

To be companionable to a man a woman has to be able to fit her moods to his, to share his enthusiasms, to take what comes with a light heart. Are YOU really companionable?

The guest of honor was completely taken by surprise upon entering the room to the strains of the Bridal Chorus to be presented with a corsage and ushered to an attractively decorated chair. A gay pink and white watering can, with streamers extending to the table where gifts for the guest of honor were placed.

After these were opened, Miss Nurse, expressed her thanks to her friends.

A pleasant social hour was spent after which refreshments were served. Mrs. T. E. R. Nurse and Mrs. G. Tetreault presided at the lace covered table decorated with tall white tapers and centred with a Bride's Cake.

And conversely she mentioned others detrimental to children's characters. She reported letters of commendation had been sent to two theatre managers, a radio manager; and a letter of censure to a radio manager. She thanked CKTS for making available the Sacred Heart daily program.

Mrs. E. Clark reported on publicity in the absence of Miss Mary Palmer, of East Angus, as follows: Pulpit, radio and poster announcements number 154; 12 large pictures and 2558 lines were printed in local English and French press. The convener requested newsworthy items to be forwarded to the Canadian Catholic Conference for publication in their bulletins. These to be sent to Miss Mary Palmer, East Angus, diocesan publicity convener.

Following, presidents of subdivisions reported on their activities: Miss Ave Walsh, Sherbrooke; Miss Julia Goggin, Richmond; Mrs. A. E. Booth (by Miss Arlene Hand), Sherbrooke; Mrs. Lloyd Fuller, Richmond, read by Mrs. Lloyd Broadbelt; Mrs. George Pott, Magog; Mrs. E. Clark, East Angus; Mrs. B. L. Monty, Rock Island.

Report on resolutions was presented by Miss McCormick. The meeting was then addressed by Mrs. Ross Alexander, provincial president, who remarked that she was very proud of this section of the province and congratulated the diocesan president and members of all subdivisions for the remarkable amount of work accomplished in the past year.

Mrs. Wolfe followed with thanks to her loyal supporters in all her efforts to carry out the motto "For God and Country" in the diocese of Sherbrooke and congratulated particularly the latest formed subdivision, Rock Island, which had so graciously and efficiently held its 30th annual convention in their town, which had been indeed a credit to the diocese.

Before retiring, Mrs. Wolfe presented small gifts to Miss Priscilla Tuile, retiring corresponding secretary, and to Mrs. Stewart Hansford, retiring treasurer.

Mrs. R. A. Galais, a past president in the Drummondville subdivision acted as secretary during the elections, presided over by Mrs. Ross Alexander.

The slate of officers presented by Miss A. Hand, resulted as follows: president, Mrs. E. J. Wolfe; first vice-president, Miss Yvette Campbell; second vice-president, Miss Marion McCormick; third vice-president, Mrs. Paul Labrosse; recording secretary, Mrs. Patrick Smith; corresponding secretary, Mrs. Stewart Hansford; treasurer, Mrs. Arnold Buzzell.

Following installation of officers, the meeting closed with the recitation of the Act of Consecration to the Blessed Virgin, and Benediction of the Blessed Sacrament in the convent chapel, where an outstanding girls' choir provided the singing.

Miss J. Spencer Feted By Shower At Knowlton

Miss June Spencer entertained at a delightful miscellaneous shower in honor of Miss Joan Nurse, R. N., on the occasion of her approaching marriage.

The guest of honor was completely taken by surprise upon entering the room to the strains of the Bridal Chorus to be presented with a corsage and ushered to an attractively decorated chair. A gay pink and white watering can, with streamers extending to the table where gifts for the guest of honor were placed.

Ivor Whitehouse Heads Coaticook Home And School

COATICOOK — The annual meeting for the Coaticook Home and School Association was held in the school auditorium with the president, Roland Racicot, in the chair. The minutes of the previous meeting were read by the secretary, Mrs. Charles Wells.

Annual reports were given by the convenors of various committees. Mrs. W. Adams gave a report on the Association membership, there being 5 paid up members at the present. Mrs. Rafal reported for the program committee and Mrs. Racicot presented the report of the entertainment committee. Mrs. Williams, the treasurer, gave her report and Mrs. H. Cutler stated the ca-

terfeteria fund had a balance of \$677 on hand.

A vote of thanks was given Mrs. Cutler, Mrs. Bailey and Mrs. Drew for their work during the year in the school cafeteria.

The president gave a summary of the executive meeting held the previous evening in Mr. Racicot's office. It was decided to continue the cafeteria meals until the end of the school year. A large vegetable pot which was not used by the cafeteria staff was to be sold to Quebec Lodge for \$25.

It was decided that \$500. of the cafeteria funds would be invested in suitable bonds. It was also agreed that a bonus of \$25. for the cook and \$10 for the assistant cook would be given, with

an additional \$25. and a \$15. bonus to be given providing they agreed to return next fall at the same wages. A vote of thanks was tendered Charles Wells for his services in auditing the cafeteria books.

The president thanked all committees for their fine work and cooperation during the past year. Mrs. Potter presented the slate of officers prepared by the nominating committee and the following were elected for the coming term: President, Ivor Whitehouse; 1st vice-president, Glen Brown; 2nd vice-president, Rev. Nevil Tucker; secretary, Mrs. James Barren; treasurer, Mrs. James Smith.

Mr. Racicot then turned the

meeting over to the new president, who expressed his thanks to the Association for electing him to office. The meeting then adjourned and a social hour followed.

G.G.I.T. Service

A graduation service for four girls of the Coaticook G. G. I. T. group was held in the United Church on Sunday morning. The hymns sang were, "Love Divine", "Take My Life, and Let It Be", and "Saviour Like a Shepherd Lead Us".

The group valedictorian was Miss Melba Andrews and the scripture lessons were read by Carmen Laperle and Leona Williams. The sermon, "God's Women", was given by the minister, Rev. F. Cant.

In an impressive ceremony, graduation diplomas were presented to Melba Andrews, Louise Brunet, Marion Smith and Shirley Williams.

GENERAL NOTES

Mr. Simon Thompson and Mr. Andrew Thompson were visitors in town recently.

The Coaticook Boy Scout troop will welcome contributions to their fund, which may be sent to the committee treasurer, Mr. Robert McAlpine.

MAP SHOWS TOWN-PLANNER'S PROPOSALS FOR NEW CITY LAYOUT

Thetford Plans For Future

By GLADYS TAYLOR

Charles Michaud, town-planner for Thetford Mines, sees that city with a population of 28,000 in the next ten years. His glimpse into the future envisions an enlarging of the city limits to the north and northeast, a curbing of the spidery growth along the Robertsonville road, Thetford Mines as a regional centre on a par with Sherbrooke, and Labbe Avenue a traffic ar-

tery running from the new station, across town and linking the isolated Coleraine area with the city proper.

To Mr. Michaud town planning is not merely a matter of words and reports and piles of blueprints. Before starting his report he spent endless hours in preparation. He studied the people of the town, the history of the town, the habits of the town. As a consequence when his report on Thetford Mines is finally completed it won't be an abstract affair. It will be a picture, in words and blueprints, of what Thetford Mines was, of what it is, and of what it can and probably will be.

Many people think of town planning as a miracle that ends up with a city of wide streets and tree shaded boulevards. They expect this miracle to happen despite the years of non-planning which may have made their city a labyrinth of crooked streets and dirty alleys, or worse still as Mr. Michaud puts it, "a monstrous metropolitan agglomeration".

Though Thetford Mines need

not plead guilty to either of these accusations, it does have physical defects, transportation weaknesses and structural uglinesses that town planning can go far to correct.

For instance there is the question of trees. There is little doubt that Thetford streets are some of the most treeless in Canada. As a native-born Quebecer, Mr. Michaud has a plausible explanation for this.

Thetford Mines is essentially a French town he says, and the French people are not planters of trees. Instinctively, psychologically and traditionally they are "agin" them — and he goes back to the beginning of French life in Canada to prove it. Instinctively the French fear trees because in the early days every tree held potential death in the shape of an Indian. As a result they are psychologically incapable of becoming tree planters. Traditionally they were lumbermen. So whenever they see a tree, their first instinct is to cut it down — which they did with telling effect in Thetford Mines.

In his report Mr. Michaud ad-

vocates a tree-planting program in the same way as we have street cleaning programs. It will be of immediate interest to Thetford residents to know that City Hall has already taken the initial steps for a tree planting program to be carried out this year. One of the proposed tree planting areas is Bennett Street, where it is hoped a line of trees will eventually hide the railway track from view.

Mr. Michaud also suggests that some day the waste asbestos dumps might be covered with a layer of topsoil and planted to trees and grass. The lower, wider dumps might eventually be made into parks or playgrounds.

One of the first things a student of medicine must study is a skeleton. Before Mr. Michaud could diagnose Thetford Mines planning ills or prescribe a cure, he had to study the skeleton of the town. This skeleton included climate, water supply, geological potentialities, topographical characteristics, population, places of residence, places of work, cultural activities, clubs, schools and religious organizations.

Armed with this formidable array of data, plus a personal approach which includes a love of the beautiful, a realistic attitude and a native flexibility, he was ready to make a master plan and detailed report on the city of Thetford Mines, its past, present and future.

As Mr. Michaud sees Thetford Mines, the two biggest problems confronting city fathers is how to knit the town together despite the waste dumps that now divide the parish of Ste. Maurice from the city proper, and how to stop the serpentine windings of business and residence down Notre Dame North and into the Robertsonville Road.

The town-planner's remedy for this situation is to widen the city limits in the north and the northeast section of the city; the north area to take care of the industrial and commercial growth and the northeast the residential.

Mr. Michaud's solution for the problem of knitting the city closer together is itself part of another problem. That problem is transportation.

The Master Plan, which suggests the extension of Labbe Avenue in two directions also suggests the routing of traffic down specified streets, the streets themselves to be known as highways, collectors and residential, and used as such. If adopted, he feels this plan should go far to making Thetford streets safer for children.

He hopes for, and predicts, greatly improved highways in the next five years. He also introduces the thought of aerial transportation. He feels that eventually Thetford Mines may become part of a Montreal, Drummondville, Quebec, Sherbrooke airway circuit. In the meantime he envisages the introduction of helicopter use both between mines and for private use of mine executives on short inter-province trips.

Since traffic can't be dismissed without mention of parking areas, the Master Plan includes several suggested parking zones and recommendations for their upkeep. In addition to the proposed use of the space that will be left vacant when the market place is torn down and moved to a new site, Mr. Michaud suggests that the merchants of Thetford Mines should secure a strip of land of their own (he proposes an area some-

where between Notre Dame's commercial area and King mine) and, as a united project, prepare it for their customers use. He feels that there is little doubt it would soon pay for itself in increased patronage — and for this reason thinks it should be a joint effort of the merchants rather than that of City Hall and the taxpayers since the merchants themselves would be the real benefactors.

It is interesting to note while mentioning City Hall that it is hoped eventually to build a new City Hall including the landscaping of a city park with an eye to tourist interest, somewhere in the hill area back of Dube Street.

In addition to his ideas on town appearance, Mr. Michaud has some definite opinions on the industrial outlook of Thetford Mines. It is quite obvious that the city is lopsided industrially. While on one side there is a heavy preponderance of primary industry, there is an almost complete lack of secondary industry.

Mr. Michaud attributes that to what he calls the psychological iron curtain that surrounds Thetford Mines. He might have called it the monetary mirage that everyone sees when they look toward the asbestos centre. New industries are afraid to come into Thetford because they know they can't meet the wage scale of the mines.

Actually the need to meet the wage scale is the mirage. In actual fact there is a working force of at least 400 women in Thetford Mines who would be glad of the opportunity to work for lower wages in a textile mill or similar factor — to say nothing of youths and older men not strong enough for mine work but still anxious for employment.

There is little doubt that there is a place for secondary industry in Thetford, and Mr. Michaud foresees the day in the not too distant future when this will be realized. When this happens Thetford Mines will take her rightful place as a regional centre.

When speaking of Thetford Mines as a regional centre, Mr. Michaud is also thinking in terms of Black Lake. It has often been said, no doubt provocatively by those living there, that the real future of Thetford Mines lies in Black Lake. In one sense, a basic industry sense, Mr. Michaud agrees with that. He sees Black Lake as the heart of the regional centre he visualizes, but Thetford Mines he sees as the frame that contains it.

At present there are 19,000 French speaking people in Thetford Mines and approximately

460 English speaking. The city area is divided into four parishes, but the Master Plan makes provision for four more. Mr. Michaud sees an increase in population of about 10,000 French in the next ten years and a doubling of the English population. It is probable that he bases this presumption chiefly on the fact that the birthrate in Thetford Mines is 4.5.

Mr. Michaud has been in Thetford Mines for some three months and expects to be here a month or two longer. He was

born in Montreal, graduated from Beaux Arts as an architect, received a Master's Degree as a planner from the University of Pennsylvania and has been employed in this line of work in Toronto and Mexico, by the federal government in Ottawa, McGill University and, immediately prior to coming to Thetford Mines, by the provincial government in Quebec City.

Thomas Jefferson, third U. S. president, who died in 1826, had 54 servants at his Monticello home in Virginia.

Five Young Burros graze on the E. J. Persons farm at Sweetsburg. Mr. Persons recently purchased these interesting little animals, which were flown from South America to Miami, Fla., and then brought to Sweetsburg by transport. One has been sold to a farmer near Bedford and to another near Knowlton. The five burros will be featured at the rodeo taking place at the Brome Exhibition Grounds June 30—July 1st. Film Proceeds For Red Cross Blood Program

ROCK ISLAND. — On June 6 and 7 Don McNally of the Derby Port Drive-In Theatre is giving the entire proceeds of the movie "Robinson Crusoe" to the Orleans County Chapter of the American Red Cross to help keep the blood program going, for unless the Chapter raises its quota it may lose the blood program. To date \$7,100 of the \$8,500 needed has been raised.

There are many people in the Border communities who receive treatment and blood transfusions at the Newport hospitals through the Red Cross program and it is felt local residents should try to help them.

"The Adventures of Robinson Crusoe" is an interesting and educational film and it is hoped Boundary citizens will support their neighbors in return for the support they have received.

Good morning... I'm your Census Taker

When I call at your home during the next few weeks I will have only a few simple questions—the name, age and marital status of those living at your address. If you live on a farm, there are some additional questions about acreage, crops, livestock and equipment.

The information you give me will be kept in strict confidence. Every Census worker has taken an oath of secrecy. By Act of Parliament, the personal information gathered by the Census about individual Canadians can be used only for general overall statistics. It cannot be disclosed to any government agency or private organization.

Canada is taking count to keep up with her rapid growth. Census facts are required to meet and plan overall national needs—schools, public utilities, welfare services, farm and industrial production, employment.

Musical Comedy Presented At Knowlton

Curtain Call —

Members of the cast of "The Gypsy Rover" receive enthusiastic applause at the close of the three-act musical comedy. The play was presented before a well-filled hall by the music students of Knowlton High School, directed by Miss Ethel Nesbitt. From the left above are Kingsford Flood, Brenda Harman, Ann Brown, Richard Staples, Barbara Duboyce, Louise Marion and John Patterson. The amusing plot centered around a youth who had been stolen when a baby by his nurse and brought up as a gypsy.

KNOWLTON — "The Gypsy Rover," a romantic, three-act musical comedy, was presented by the music pupils of Knowlton High School under the direction of Miss Ethel Nesbitt, in a hall filled to capacity by an appreciative audience.

The plot of the play is built around the character of Rob, later known as Sir Gilbert Howe, of noble ancestry, who is stolen when an infant by his nurse, Meg. The nurse later becomes the wife of Marto, a gypsy, and Rob grows to manhood among the gypsies, believing Meg and Marto to be his parents.

One day, while riding in woods, Lady Constance Martendale and her fiancé, Lord Craven, become lost. They wander into the gypsy camp where Constance and Rob meet and fall in love. Craven objects to Rob's attitude, but in a very funny comedy scene with Marto and Sinfio, he is made to tell Sir George, who later comes in search of Constance, that Rob is a charming fellow.

In Act II, Rob goes to the home of Constance and serenades her. They plan to elope but are overheard by Craven, who informs Sir George and plans are made to capture Rob. This is successfully accomplished and Rob is thrown into prison, but he escapes.

Two years elapse and Rob has come into his estate, his identity having been proven by Meg. He becomes a successful composer, a friend of the Prince and a social lion. Constance has remained true to her love for Rob and on his return to England, he wins her for his wife. There are also pretty love affairs between Nina and Capt. Jerome and Zara and Sinfio and

many comedy scenes by Sinfio and Marto.

The cast was as follows: Meg, Merete Carstensen; Zara, Evelyn Brunton; Marto, Kingsford Flood; Sinfio, James Scruton; Rob, John Pille; Lady Constance, Ruth Williams; Lord Craven, John Patterson; Sir George Martendale, Viggo Carstensen; Nina, Brenda Harman; Capt. Jerome, Richard Staples; Sir Toby Lyon, Peter Rogerson; McCorkle, Michael Call; Lackey, Donald Eyland.

Six gypsy children: Maureen Foster, Nancy Crandall, Georgina McBride, Colin Church, Kenneth Howard, John Cote. Chorus: Grades VIII, IX, X and Grade VIII boys.

Mr. J. Edward Perry was in charge of dialogue and Miss Ethel Nesbitt the music; Mrs. B. Davis and Mrs. Muriel did fine work with the scenery.

Miss P. McLeish and Miss Jean Evans looked after costumes and Mr. Glen Brown was in charge of staging. Robert Quilliams took care of the properties and Mr. David Haber looked after the lights. Programs were done by Shirley Moffatt and Denise Dagenais.

At the conclusion of the performance Miss Nesbitt and Mr. Perry were presented with gifts. Miss Nesbitt expressed special thanks to Mrs. Davis, Mrs. Carmichael and David Haber, as well as the many members of the staff who had assisted with the make-up and many other necessities back stage.

Contemporary Art On Exhibition At Thetford Mines

By GLADYS TAYLOR

THETFORD MINES — Under the patronage of His worship the Mayor and Mrs. Rodolphe Caouette, Sigmund de Szalmassy, Hungarian-born artist, now living in Montreal, presented his exposition of contemporary French art at the Centre Paroissial.

With an exhibit of approximately 65 pictures, featuring the work of some 45 Parisian artists, Mr. de Szalmassy played host to more than 300 Thetford Mines art enthusiasts.

His exhibit, marked by the absence of abstracts, cubism and surrealism, features portraits, animal studies, seascapes, landscapes, a few street scenes, at least one purely action painting and a number of flower delineations. Mr. de Szalmassy obviously chose his pictures with an eye to pleasing the unstudied art critic and in this he succeeded admirably. One or two of his exhibits might even have bordered on the realm of calendar art but others happily reached a level to please the aesthetic taste, if not the eye of a connoisseur.

Portrait artist M. Callewart was represented in the exhibit with two gypsy portraits. Both were remarkable for their fine use of color, particularly their bronzy highlights. Delightful was the red bronze in "The girl and the Guitar" and the coppery bronze threads in the shawls in each picture.

A. Bertalan, whose artistic range apparently includes almost any choice of subject, showed to

best advantage in his winter scenes. Two canvases, depicting Holland in winter, were particularly interesting for the snow treatment. Sharply white yet with streaks of melted slush, it had a cellophane crispness, combined with a cotton-ball softness.

Joly de Beynac, nature painter, exhibited a beautiful seascape which gave the viewer a sense of quiet serenity in its scope and muted coloring. The distant hills reflected in the blue-grey swirls of the ocean had the same restrained, even slightly misted use of color evident in all of Joly de Beynac's exhibits.

Gauthier's showed perhaps the greatest diversity of any artist in the exhibit, running the gamut from a tapestried corner, warm in rich reds, to an attic room, bleak in browns and grey

with stark loneliness in its single cap and coat and broken-down pair of shoes. His third canvas was a winter scene, cold and uninviting with park benches loaded with snow amid stiletto thin trees in a shivering world.

The one exuberant note in the exhibit was struck by Fried in his bullfight scene and his "Girl with the Flowers". The exuberance of his pictures was not only in their sense of action but more so in the bold sweep of his color, accented in most cases with an outline in black, which, though not always adding to their beauty, certainly added to their impact.

Though most of the exhibits were in oils or water color, Fred Money apparently preferred the use of tempera as a media of expression and used it most effectively in his exhibits.

Mr. de Szalmassy, himself an artist of no mean ability, refused to commit himself when asked to name his favorite painting or artist in the exhibit. He plans to show the paintings in several other centres in Quebec but not outside of the province at the present time.

HUNTINGVILLE—

Mr. and Mrs. Lynwood Campbell and five children, of Hamilton, Ont., were weekend guests of Mr. and Mrs. John Campbell. Callers at the same home were Mr. and Mrs. Ambrose Deacon, of Waterville, and Mr. and Mrs. C. La Due Norwood, of Lennoxville.

ENGLISH WINS OVER SOUTH AFRICA

PRETORIA, South Africa. — (Reuters) — The English all-star soccer team won the seventh straight match of its South African tour Saturday when it defeated a Northern Transvaal club 3-0 after a scoreless first half.

Indians Edge Plessisville 5-4 In 13-Inning Battle; Thefford Downs Coaticook 13-5; Game Here Thursday

Three games were played over the week-end in the Eastern Townships Senior Baseball League. Sherbrooke Indians came through with a close 5-4 win over Plessisville, Thefford walloped Coaticook 13-5 while Saturday night Plessisville edged Thefford 4-3.

In a 12-inning duel yesterday afternoon Plessisville and Coaticook battled to a 1-1 stalemate. The tilt was called and will be completed at a later date.

A balk in the top half of the 13th inning allowed Paul Ruel to cross the plate with the winning run for the Indians in their marathon battle. Umpire Pelquin called the balk on pitcher

G. Latour and this brought a protest for Manager Brodeur. They entered a protest and finished the game as such.

On Thursday Sherbrooke will be host to Thefford in the only game of the week at the local park. Bert Cotterell and George Carpenter tossed good games with the Magog boy getting the decision. He gave up 11 hits, but kept them well spaced. He struck out five and issued six walks.

The Indians were without Gilles Dube, Claude Ruel and Normie Dussault. Bert Morin connected for a double and a single while Normand Jacques picked up three bingles in five trips to the plate.

Royals Come Up With Another Top Second Baseman In George Anderson; Win Opener As Second Is Called

Montreal, long a fertile field from which Brooklyn Dodgers have drawn high-class second basemen, has another about ready for delivery to the majors in 22-year-old George Anderson.

The 5-9, 165-pound infielder, who hit only 266 with Fort Worth last season, is rapidly making Royal fans forget Charlie Neal and Junior Gilliam, both of whom stepped from the International League club to the Brooklyn varsity.

Although batting eight in the power-laden Montreal lineup, Anderson is leading the league with a .438 average after getting five hits Sunday when the league-leading Royals defeated the Toronto Maple Leafs 8-2 in the first game of a scheduled double-header. The Leafs held a 3-1 lead and were one putout from victory when the second was suspended by Toronto's Sunday curfew. It will be completed at a later date.

Rocky Nelson, second to Anderson in league batting with a .393 average, further enhanced

his chances of moving up to the Dodgers by hitting his 12th homer in the first game. Veteran George Schuba also added a three-run homer in the fifth when the Royals broke out with six runs. In the second game Walter Derucki homered for the Leafs and Bobby Wilson gave the Royals their lone run with a circuit smash.

Miami's red-hot Marlins swept their third straight game from Havana 5-2. The other teams split doubleheaders. Columbus and Richmond traded shutouts with the Jets winning the first 1-0 and the Virginians taking the second 4-0. Buffalo ended a four-game losing streak and Rochester's five-game winning string by winning the nightcap 8-3 after the Red Wings had taken the opener 7-6.

Miami's ageless Satchel Paige, hurling the first five innings, and Seth Morehead checked the Sugar Kings on nine hits.

Jake Thies bested Al Cicotte in the Jets' victory, while Jim Post gave Columbus only two hits in the Virginians' triumph. Dick Getter drove in all of Richmond's runs with a two-run homer and two-run double.

Billy Harris, the Dorchester, N. B. product, toiled for Montreal against Toronto Saturday, but failed to figure in the decision, as the Leafs drove him to cover in the eighth inning and went on to win 9-8 in 10 innings.

Harris had a triple and a single as a batter, and drove in two runs. As a pitcher he gave up five runs, three of them earned, walked seven and struck out three.

Line Strength Is Big Problem Just Now — Walker

MONTREAL. — Coach Doug (Peahead) Walker, whose Montreal Alouettes start pre-season training July 3, says his "big problem at the moment" is to find strength for his tackle and backfield positions.

The coach made the statement Friday while commenting on his club's prospects for the coming big four football league season.

Between 60 and 65 players—25 of them United States imports—will be on hand for the Al's pre-season training.

"Our imports have to be two-way players," said Walker. "We are paying them top money and in return they have to be something more than specialists at one job."

Walker said he plans to carry two U.S. quarterbacks, holdover import Sam Etcheverry and newcomer Al Doggett. "We'll use Doggett as a halfback and as the second quarterback," the coach said.

Bob Bedard To Meet Harit In Finals Sunday

MONT GABRIEL, Que. —

—Val Harit sprung a tennis upset Saturday when he defeated his fellow-Montrealer Henri Rochon in the Mont Gabriel invitation tournament, the first of a series of tournaments that will have a bearing on naming players to Canada's Davis Cup team.

Harit dropped the first set to the veteran Davis Cupper but came through in the next two sets to win 4-6, 9-7, 6-3.

Bob Bedard of Sherbrooke, expected to be top man in selection of the Davis Cup team that will meet the United States next month in Victoria, breezed through his match Saturday. He defeated Roland Godin of Montreal 6-0, 6-0.

The final between Harit and Bedard will be played next Saturday due to bad weather.

Bannister's Mile Is now 11th On List After 2 Yrs.

Roger Bannister's breakthrough of the four-minute mile barrier no longer can be included among the world's 10 fastest miles.

So common have sub-four-minute miles become that Bannister's first effort, 3:59.4 on May 6, 1954, little more than two years ago, now is 11th on the list.

The latest runners in the four-minute club are Ron Delany of Ireland with 3:59.0 Friday night at Compton, Calif., and Gunnar Nielsen of Denmark, with 3:59.1 in the same race.

Roger Bannister To Speak At MAAA

LONDON. — (Reuters) — Roger Bannister, first man in the world to run a mile in four minutes, has accepted an invitation to speak at the 75th annual dinner of the Montreal Amateur Athletic Association June 20.

The dinner, and a broadcast which Bannister will make during his short visit, are in aid of the Canadian Olympic fund.

He may also talk in Ottawa to Olympic authorities, but nothing has been settled. Asked whether he would be likely to run while in Canada, Bannister smiled and said "well — maybe — but yet I don't think so."

Milwaukee Braves Figure That Pirates Could Wind Up In First Division, But No Pennant As Yet

MILWAUKEE (AP) — Pittsburgh Pirates made believers out of many belittlers here over the weekend.

Most of the Milwaukee Braves' players now figure the high-riding Buccos could wind up in the first division. No pennant, mind you, but first division.

Before the Pirates swaggered into town, snatched three victories in four starts and even dislodged Milwaukee from first place for more than two hours Sunday, most of Charlie Grimm's men didn't think too highly of them.

But, today — "Right now," said Bobby Thomson, you've got to consider them for the first division. With the pitching they've been getting from Bob Friend and Ron Kline, they're tough, and not only on us."

Henry Aaron, Billy Brunton, Johnny Logan, and Dave Jolly

nodded in agreement. "They're definitely a first division club," said Jolly.

But at least two of the Braves ex-Pirate Danny O'Connell and Eddie Mathews figure it differently.

"They're playing way, way over their heads," Mathews said. "They're a sixth place club at best," said O'Connell.

Grimm calls Pittsburgh "A good club because of its pitching, timely hitting and hustle."

Ex-Pirate Frew Haney, who was fired as their manager last year and now is a Braves coach, said he isn't the least bit surprised at the Pirates' showing.

"I had them pegged for fifth place in spring training," he said. "Would you move them up a notch in your season prediction?"

"Not necessarily," Haney replied.

Marilyn Bell Will Attempt To Swim Famous Juan De Fuca Strait This Summer; \$30,000 Has Been Promised

TORONTO. — Marathon swimmer Marilyn Bell, only conqueror of Lake Ontario and the youngest to swim the English Channel, is to attempt the west coast's Strait of Juan de Fuca this summer, it was announced Saturday.

Prizes totalling \$30,000 have been promised the 17-year-old blonde athlete if she succeeds in conquering the 18.3-mile, tide-hazardous waters between Victoria and Port Angeles, Wash.

She gets \$20,000 for making the attempt, even if she fails. That and an additional \$10,000 for success have been offered by the Telegram and Canadian publications carrying the Weekend Magazine supplement.

She is to make the attempt in late August or early September after six weeks' training in Victoria.

It is said likely she will swim from Victoria to Port Angeles. Success would make her the first person to swim the Strait from the Canadian side.

The only successful crossing from Port Angeles was made last July 8 by U.S. logger Bert Thomas, on the burly ex-frogman's fifth attempt. He is from Tacoma, Wash.

The 270-pound swimmer battled 11 hours 10 minutes in 48-degree water.

The Strait so far has defied the efforts of a number of swimmers, including California's Florence Chadwick who has negotiated most of the world's other major water challenges except Lake Ontario.

The NHL governors will hold their own sessions Wednesday. Representatives of the QHL and WHL met Sunday. There was little discussion regarding a possible change in length of the best-of-nine Edinburgh Trophy series — the post-season series between playoff winners of the two leagues. The agreement under which the leagues operate has another year to run.

The QHL was represented by president George Slater and a committee of Ken Reardon, Frank Carlin and secretary Syd Homestead of Montreal and George Imlach of Quebec.

The joint affiliation committee of all pro leagues will meet later to discuss regulations relating to these bodies.

"I am going to quit for at least a month. I don't know, maybe longer," the former champion said. "I've got to do something about that government business and get it settled."

The government claims Louis owes about \$1,180,000 in back taxes.

"I can't do anything with that hanging over me," Louis said.

ALTHEA GIBSON WINS SURBITON, England. — (AP) — Althea Gibson of New York Saturday defeated Anne Shilcock of Britain 6-3, 13-11 to win the Surrey tennis tournament women's singles, her 17th victory of an Asian-European tour.

Mayor Lee Watson Tosses Out First Ball To Officially Open Season; Senators And Athletics Meet Tonight

Two games were played in the Sher-Lenn Little League opening in Lennoxville Saturday afternoon. The Sherbrooke Optimists Red Sox took the opener 12-1 against the Lennoxville Optimists sponsored Yankees while in the nightcap the Rotary sponsored Indians edged out the Lions Club sponsored Athletics 9-6 in a closely contested game.

Prior to the games a parade was held, forming up at the Union Screen Plate plant, proceeding to the ball park. His Honor Mayor Lee Watson met the players and officials of the league. Mayor Watson praised the Little League organization for the splendid work they were doing for boys in Lennoxville and Sherbrooke and hoped the citizens of Lennoxville would turn out and support them. Mayor Watson threw out the first ball to start of the afternoon proceedings.

Young McKelvie, Red Sox hurler, won the opening tilt allowing the Yankees only two hits in the game. Both teams went scoreless in the first two innings, but in a big third inning the Red Sox pushed home 5 runs on six hits and three free passes. Yankees got their lone tally, also in the third, on two hits and a base on balls.

Red Sox added 6 more in the remaining innings while the Yankees went scoreless. McKelvie with four hits, Addis and O'Connor with three apiece were the Red Sox stars. In losing the Yankees showed up well and when they have had more practice will be much stronger than last season. The team is well managed and coached this season and the youngsters should benefit from it.

Manager Fred Wilson of the Rotary sponsored Indians seems to have rounded out a fairly good team again this year, and will be a contender all the way. They had things a little tough in winning against the new Lions Club entry taking the game 9-5.

Athletics jumped into 3-1 lead in the first two innings but Indians came back and pushed home 5 runs in a big third inning for a 6-3 lead. They added runs again in the fourth and fifth innings, which brought their total to 9 runs. Athletics fought back gamely adding runs in each of the fourth and sixth innings.

Though going down to a 9-5 defeat the Athletics showed lots of promise and will be tough to beat as the season rolls along. Gregoire was credited with the win while Rivard was the loser. Pillette and Gregoire starred for the Indians while Fortier and G. Ginges showed up on a good Athletic team. Tonight at the Parade Grounds the Kiwanis Club sponsored Senators will clash with the Athletics game time 6:30 p.m.

Red Sox 006 204—12 16 1

Baseball May Adopt New Draft Plan — Daniel

ST. LOUIS. — (P) — The Sporting News says organized baseball may adopt the "free agent draft plan" now used by pro football and basketball in an effort to solve the critical minor league problem.

The baseball weekly, in a dispatch from New York by Dan Daniel, says such a plan would help restore the balance of power by giving the tailend clubs a chance to land good young players.

The dispatch says such a "share-the-wealth program" also would tend toward more equitable distribution of wealth within the majors themselves," Daniel wrote.

Under the system, the Sporting News says, all college, high school American legion junior and sandlot players would be tossed into a pool each year. Then they would be drafted, first by major league clubs and then by the minors, in the inverse order of the previous season's finish, just as now is done in the regular baseball draft meeting.

Each major league club would be able to draft only three players, for a big league total of 48, and the other prospects would go to the minors.

Canada Is Not Interested In Olympics — Duthie

WINNIPEG. — George Duthie, sports director of the Canadian National Exhibition in Toronto, says while most countries in the world would give almost anything for a chance to stage the Olympic Games, it seems Canada has no desire to play host to the event.

In an interview Friday, Duthie said Canada is almost assured of winning support for a bid to handle the 1964 games; support could be found everywhere but in Canada.

"You'd think this country would jump at the chance to stage the Olympics... but eastern reaction has been, 'what do you want to get into that kind of a headache for?'"

Duthie was making his annual cross-country selling tour for the Canadian Olympic training plan.

Fabi's Helen Van Sets Season Mark Pacing Home In 2:08.3 Sunday

Mighty Tarr Cops Both Ends Of Main Event; Daily Double Pays \$68.70 On Saturday; W. Lamoureux Wins TV Set

Helen Van, owned by Fabi & Fils of Sherbrooke, set the low mark for the season at the local track when she paced home ahead of the field in 2:08.3. In the main event Mighty Tarr walked off with the honors when he finished out in front in both heats. The brown gelding from Pitham, Conn., was teamed to his victory by Richard Croteau instead of his regular driver, Dr. C. Taylor.

Canetown, the property of Eddie Asselin of Montreal, was one of the other double winners taking the first and fourth races. Buster Huckins of Derby Line, Vt., drove his Jeanne All to two firsts, in the second and sixth races, to win both ends of the "DD" Trot and Pace.

In the main event it was a battle between Mighty Tarr and Eddie Blouin's Voluminous with the lead changing several times during both heats. G. W. Gagnon's Newport Bruce, the only trotter in the class, didn't fare quite so well as in his previous starts and finished fifth both times.

The prices for the afternoon were moderate as the bettors were riding along with favorites. The daily double of Canetown, in the first, and Jeanne All, in the second, paid \$34.50. The quinellas were the same with \$8.05 being collected in the fourth with \$8.90 being picked up in the ninth for the combination of Sturdy Allie and George Brooke.

Buster Huckins' Jeanne All paid the top of the afternoon for a win bet with \$10.20 in the second race while Ubaldo Lalume's Julius Boy of St. Hyacinthe rewarded his backers with \$10.50 in the eighth on a place bet. Amedee Beaudoin's Rose Harvester B took the honors for the show wagers with the sum of \$5.60 in the ninth race.

W. Lamoureux of Magog was the lucky winner of the TV set drawn by the Sherbrooke Racing Club as a door prize. His ticket was number 44,151 and was the only one drawn by Alderman R.

Bavasi Gives Club Vote Of Confidence

CHICAGO. — (AP) — Brooklyn Dodgers were given a vote of confidence Sunday by general manager Buzz Bavasi after he flew here from Brooklyn.

He said he will stick with the present team and there will be "no trades unless someone is silly enough to make us the kind of a proposition we can't refuse."

He added, however, that two players may be brought up from the farm clubs. He said a decision will be made on Rocky Nelson, slugging first baseman for Montreal of the International League, in about a week.

Also, a pitcher will be brought up to replace Don Bessent if it is found last year's late-season star is unable to pitch. Bessent underwent a stomach operation in March.

"We are going to sink or swim with our world championship club," said Bavasi. "We still think it's the best in the National League."

Only A Brave Man Would Predict Pittsburgh Won't Hit First Place Again Soon; Tigers Dump Yanks Twice

For 145 minutes the giddy Pittsburgh Pirates led the National League Sunday afternoon before losing the second half of a doubleheader. Although Bobby Bragan's upstarts finished the day six percentage points behind Milwaukee, it would take a brave man to predict they won't hit the top again.

The fired-up Pirates, whose rise from the cellar has excited the nation, actually led Milwaukee by a half game in the won-and-lost figures. Due to a difference in total games played during this rainy spring (40 by Pittsburgh, 33 by Milwaukee), the Braves hold the edge in percentages.

Until Pittsburgh came to town Friday, Milwaukee's muscular home run hitters had smashed 14 in their last three games and 16 in their last four, but Pirate pitching clipping their wings. With Bob Friend, Red Munger, Ronnie Kline, Roy Face, Nelson King, Vern Law and Jack McMahon doing the tricks, not a single Milwaukee homer was hit in the four-game series.

When Pittsburgh edged Milwaukee in Sunday's first game 3-1, it put them in first place for the first time since June 16, 1948. A two-run uprising in the sixth broke up a tight battle between Face, getting his first start after 15 calls from the bullpen, and Milwaukee's Ray Crone. King came into stop the Braves in the ninth.

Pittsburgh almost pulled out the second game against Bob Buhl but finally bowed 4-3. The Pirates closed the gap to one run in the seventh and had two on in the ninth with two out when Gene Freese grounded out. The defeat was charged to Law.

Elsewhere in the National, Cincinnati remained in third place by splitting with New York Giants. Two run homers by Frank Robinson and Ray Jablonski set up the Redlegs' opening victory 7-3, but the Giants fought off a late spurt to save the second 4-3, despite two homers by Gus Bell.

After Murry Dickson, an ex-Phil, pitched the Cardinals to a 2-1 edge over the Phils' Robin Roberts, the Phils came back for an even break 9-3 behind Harvey Haddix, an ex-Cardinal. Richie Ashburn had five hits in the second game and Stan Lopata homered in each contest.

Brooklyn awoke after losing three straight and knocked off the Cubs 4-3. Carl Furillo and Gil Hodges of the Brooks and Gene Baker of the Cubs hit homers.

The American League "run-away" become more of a penant race when Detroit dumped the leading New York Yankees twice, 6-3 and 7-4 in 10 innings. The results cut the Yanks' lead to 4 1/2 games over Chicago, which thumped Baltimore 12-0 and 9-2. Cleveland dropped to third in a split at Washington. The Tribe took the first in 12 innings 8-4 with the help of Vic Wertz' three-run homer, but Washington won the second 7-1 behind Hal Griggs. Kansas City had a 7-6 edge over Boston in 10 innings. Rain washed out a scheduled second game.

Detroit ran its winning streak to six games and eight of the last nine to earn a fourth-place tie with Boston, only 6 1/2 games off the pace. The Tigers knocked out Whitey Ford in the opener, with Billy Hoelt scattering nine hits.

Bill Tuttle knocked in the tie-breaking run in the 10th inning of the second game.

Gene Littler Takes Lead In Dallas Open

DALLAS. — (AP) — Gene Littler moved into the undisputed lead in the \$70,000 Texas International Open Sunday with a three-under-par 67 that gave him 197 for 54 holes.

Genial Gene broke out of a tie with Roberto de Vicenzo, the Argentine, as the swarthy man from the south shot even par to make his total 200—three strokes off the pace.

Cary Middlecoff of Dallas eased in with a 68 for 199 and second place.

Well back of the leaders were Gerry Kesselring of Kitchener, Ont., with a 79 and Al Belding of Toronto with 216.

Rev. Armstrong Holder Of 3 Boxing Titles, Is O.K.

LOS ANGELES. — (AP) — Rev. Henry Armstrong, only man in boxing history to hold three world titles simultaneously, was reported out of danger Sunday following a convulsive seizure.

Armstrong, 43, a fighter who became a minister, was stricken at his home Saturday night and taken to hospital.

His physician said the attack apparently followed a digestive disorder.

"There is no indication of brain or nervous system damage," he added. "In other words, Armstrong is not punch drunk."

Armstrong held the featherweight, lightweight and welterweight titles at the same time for several months in 1938.

At the end of 1938 he gave up his featherweight crown because the 126-pound limit was getting too hard to make. Lou Ambers came back to outpoint him in 15 rounds to regain the lightweight crown Aug. 22, 1939.

Armstrong's sway over the welterweight class extended through 20 successful defenses over a period of 28 months, until Fritz Zivic decided him in 15 rounds Oct. 4, 1940.

Armstrong hung up the gloves in 1945. He became interested in religion and was ordained a Baptist minister in 1951.

John Beharrell, 18-Year-Old British Youth, Becomes Youngest Player Ever To Hold British Amateur Championship

TROON, Scotland. — (AP) — John Beharrell, rosy-cheeked, 18-year-old son of an English exporter, Saturday became the youngest player ever to win the British Amateur golf championship, one of the sport's major titles.

The chunky, blond student, hailed as a coming star, beat 32-year-old Leslie Taylor of Scotland 5 and 4 while gales from the Firth of Clyde drove spectators to shelter and played mischievously even with putts rolling toward the cups.

No golfer so young has ever before won either the British or American amateurs. Bobby Jones reached the American finals at 17 in 1919 but lost to D. Heron.

The English lad, who gave up school and took up golf seriously for his health only a year ago, won his first title by playing impeccable shots around the gale-swept greens and tacking the longer ones through the wind.

He had to beat Taylor, the weather and these rugged links in the 36-hole final.

He saw a six-hole lead melt to only two and shook his head in amazement as the wind whirled his ball out of line time after time and even altered the course of his putts.

But he had great shots when disaster threatened. The Birmingham teenager, playing nervelessly as a robot, holed a remarkable 70-yard iron shot at the 368-yard 25th for an eagle two. Under the prevailing playing conditions it was little short of miraculous. Even more important for him was a 15-foot putt he sank at the 30th hole to halt Taylor's last gasp bid.

The Glasgow insurance man had won the four preceding holes and for the first time appeared to have a chance to take the title.

Walking away from the 32nd and final green, Beharrell, expressionless here all week, managed a thin grin and said: "It feels wonderful to have it over."

Twelve times during the two-round match over the 6,583-yard seaside course Beharrell got down with a chip and a putt after missing the green with his approach. That was the difference. When Taylor missed the green he almost invariably lost the hole.

Three Berths In European Zone Are Settled

LONDON. (AP)—Three of the four semi-finalists in the European zone of the Davis Cup tournament were decided in week-end play with one berth to be settled today.

Sweden, the defending zone champions, breezed to a third straight victory over Belgium as their veteran doubles pair of Sven Davidson and Torsten Johansson outlasted Jacques Brichant and Gino Mezzi 6-3, 5-7, 6-4, 2-6, 6-4. The Swedes earlier won the first two singles matches in the best-of-five series.

England's youthful team won the right to oppose the Swedes in one semi-final bracket when young Roger Becker defeated Chile's Andres Hammersley 6-4, 6-1, 6-1 Saturday to give the Britons an unbeatable 3-1 lead.

France earned its berth Saturday as Marcel Bernard and Paul Remy routed Peter Scholl and Franz Feldbausch of Germany 6-3, 6-2, 6-2, for a third victory. Scholl salvaged a singles match Sunday, downing France's Pierre Darmon 6-2, 6-0, 6-4 but France ran the final count to 4-1 as Robert Haillet took the measure of Feldbausch 6-2, 6-3, 6-2.

Italy took a 2-1 lead over Denmark in the battle for the final spot, splitting Saturday's singles matches and taking the lead Sunday as Nicola Pietrangeli and Orlando Sirola downed Kurt Nielsen and Torben Ulrich 6-4, 6-2, 6-3.

Master Your Game...No. 19

Come To Complete Stop

By JACKIE BURKE
Master of the Masters
ON ANY shot, once you have addressed the ball properly the most important single act you can perform is to pause between the backswing and the down.

No swing is complete without it.

I never cottoned to the theory that the swing is composed of three or more sections. Two is the most I have been able to discover.

You swing the club back and down. What else can or should you do with it?

To come down to the ball after having gone back, you must shift out of reverse. In order to keep from stripping your gears, you must come to a complete stop before you shift.

The pause must be done deliberately.

It causes the slow backswing, which, in turn, prevents the body from swaying.

You can't help but move the head back and forth.

The danger is in moving it up and down, which can be prevented simply by standing erect at the address.

What actually happens when most golfers believe they merely moved the head is that they swayed the entire body.

This is caused by taking the club back faster than the hands, arms and shoulders can handle it as a unit. (NEA.)

NEXT: The feet, motor of the swing.
