Nazis Refuse To Maintain Loan Service

British Government May Re-Establish Clearings Legislation if Germany Persists in Refusal to Meet Interest Charges on Austrian Foreign Indebtedness — Franco Apologizes for Attacking British Ships.

London, June 2.—(C.P. Cable)—General Franco today apologized to Great Britain for the sinking of British ships in Spanish waters. He explained British shipping was not deliberately chosen for attack and added that he had ordered an investigation into the circumstances.

And while actively protesting against attacks on British shipping, the British Government moved for peace with two objectives in view.

1—A truce with Spain, with the settlement of the Spanish war. For until the Spanish question is settled the Anglo-Italian treaty does not become effective.

2—Re-opening of direct negotiations with Germany.

Yet while these are the recognized aims of British policy, British circles frankly recognize they cannot be achieved until considerable difficulties are overcome.

In regard to Spain it is felt the first step must be cessation of the air bombing of open towns with the slaughter of civilians. In Tuesday's air raid on the Catalan market town of Granollers five hundred were killed and wounded, of whom it is estimated eighty-five per cent were women and children. The British and French Governments made parallel protests.

Direct negotiations with Germany are unlikely to prove effective till the dispute with Czechoslovakia is settled. Difficulties also have arisen over the service of Austrian loans. Anglo-German negotiations in Berlin failed to get anywhere and remain suspended till after the Whitsuntide holidays.

Refuses Responsibility for Indebtedness.

Germany maintains that Austria now is only a German province and that the German Government, therefore, has no responsibility for Austria's foreign indebtedness. Britain declines to accept this interpretation and demands full service of Austrian loans.

Rumors circulate that Germany, if pressed unduly, may also default on the Young and Dawes loans. Four years ago, when the possibility of a German default arose, Prime Minister Chamberlain, then Chancellor of the Exchequer, piloted a bill through the House of Commons to create a debts clearing office and provide for imports restrictions reprisals.

The main provision of the bill was for the payment of twenty per cent of the value of all German imports to the customs in payment of the clearing office, the other eighty per cent, being paid to the German exporter and leaving him to collect the remainder from his own Government.

The effect of the bill would have been to impose compulsory clearing, in other words to appropriate from current British payments to Germany for imports the sums necessary to make full payment to British holders of Dawes and Young loans.

Germany, however, did not default. The bill was passed but was not put into operation. The bill, however, was not put into operation. The bill, however, was not put into operation.

Further Indictments Expected In Alleged Investment Trust Looting

District Attorney Claims Group of Attorneys and Brokers Pyramided Five Dollars into Control of Investment Trusts Worth Millions.

New York, June 2.—(AP)—Financial circles were stirred today by reports there would be further indictments in District Attorney Thomas E. Dewey's investigation of a ring he charged pyramided five dollars in to control of investment trusts with assets of \$16,000,000.

Six indictments were announced yesterday by the District Attorney, who denounced the alleged looting of seven investment trusts by the group as "the biggest financial steal in years."

The ring leaders, Dewey said, devised a method whereby investment trusts were made to pay for their own acquisition and stripping.

The only original expenditure, he said, was the five dollars spent to incorporate a Canadian holding company, the Fiscal Management Co., Limited, of Toronto.

As explained by Dewey, the system involved the wasting of about

SEARCH INTENSIFIED FOR MISSING SEAPLANE

Zeballos, B.C., June 2.—(AP)—Search for a missing Cootie Airways seaplane missing with four persons since last Friday was intensified by land today and airplanes continued a carefully-mapped sky patrol.

Motor boats left this morning on the west coast of Vancouver Island yesterday to put ashore men to comb on foot the heavily-timbered hills where Pilot Len Waagen might have been forced to land with his passengers, Mrs. George Nicholson, of Zeballos, Charles R. Rumsey, Toronto, and H. Boyd, of Steveston, B.C.

CHILE FORMALLY WITHDRAWN FROM LEAGUE

Geneva, June 2.—(AP)—Chile gave formal notice today of her withdrawal from the League of Nations. The resignation becomes effective in two years but the country will remain a member of the League of technical organizations such as the International Labor Office.

Japanese Army Planes Spread Fresh Trail Of Destruction

Series of Heavy Bombing Raids Enable Japanese Columns to Make Important Gains on Central China Front—Chinese Troops Still Maintaining Blockade of Important Japanese Division Northeast of Lanfeng with Capture of Three Villages.

Shanghai, June 2.—(AP)—War planes of the army of Nippon again spread a trail of destruction today through towns and villages about the Lunghai railway, and Japanese said this enabled their columns to make important gains.

The Japanese announced they had occupied a corner of Kishien, twenty miles south of Lanfeng, after an hour's fight. Chinese field gun positions north of Kishien were damaged heavily.

For two weeks, the Japanese have been fighting for staunchly defended villages about Lanfeng, railway station on the Lunghai on the westward route to Chengchow, whence they hope to turn southward in a mass offensive against Hankow, China's provisional capital.

One Japanese detachment claimed occupation of Luyi, fifteen miles west of Poshien, thereby helping to straighten the seventy-five mile crescent-shaped front running south from Lanfeng.

Supporting the land forces on this Central China front, Japanese planes concentrated on towns back from the railway right-of-way about Lanfeng, where Chinese said they still were holding firm.

Capture by Chinese of three villages north and east of Lanfeng, however, was reported by the Japanese as the result of the division commanded by Lieutenant General Kenji Doihara, the defenders said.

GRAND LODGE MASONS WILL VISIT BEDFORD

Corner Stone to Be Laid at Impressive Ceremony to Be Attended by Masons from Various Parts of Townships.

Bedford, June 2.—The ceremony in connection with the laying of the corner stone of the new Masonic Temple of Bedford Lodge No. 60, A.F. and A.M., takes place at Bedford on Saturday afternoon, June 4.

This ceremony will be under the direction of the officers of the Grand Lodge of Quebec with M.W. Bro. Duncan McCallan, Grand Master, officiating. Masons from all over the Bedford District will be in attendance. The Charter of Bedford Lodge dates back to 1876.

A copper receptacle containing copies of the Sherbrooke Record and the Montreal Gazette, copies of 1938 issue, postage stamps and other interesting documents will be deposited in the corner stone.

The Worshipful Master, Bro. E. A. Chadsey, and his officers are doing everything possible to make this event both interesting and attractive.

On this occasion the M.W. the Grand Master will present to Brother W. H. Williamson, of Bedford Lodge, a veteran's medal to mark his fifty-second year as a Mason.

Among the visitors from Grand Lodge will be: M.W. Bro. Duncan McCallan, Grand Master; M.W. Bro. W. W. Williamson, Grand Secretary; R.W. Bro. H. A. Mitchell, Deputy Grand Master; R.W. Bro. R. B. Hutchinson, Grand Session Warden; R.W. Bro. C. E. Devenny, Grand Junior Warden and many other distinguished visitors.

The building of the new Lodge building will be ready for occupancy in September.

DETENTION OF BRITISH WOMAN MERE ROUTINE

Czechoslovak Authorities Deny that Hon. Unity Freeman-Mitford, a Hitler Sympathizer, Was Suspected of Espionage.

Praha, June 2.—(AP)—Czechoslovak authorities explained today the five-hour detention of Hon. Unity Freeman-Mitford, daughter of Lord Redesdale, of England, was but a part of the routine inspection of all travellers passing through military defence zones.

Miss Freeman-Mitford was stopped yesterday when she drove through a military area en route to Karlovy Vary.

Her companions were a Sudeten German deputy in the Czechoslovak Parliament named Wolner, an unnamed British journalist, and an American.

Although Miss Freeman-Mitford was subjected to a thorough examination by Czechoslovak road patrols in the early hours of the morning, the authorities denied reports she was suspected of espionage and said she was not arrested.

They said three cameras, four film reels and a notebook were confiscated.

(Berlin reports said her belongings were returned to her at Karlovy Vary.)

(Miss Freeman-Mitford was bruised in a disturbance in Hyde Park in London April 10th when an anti-Nazi crowd resented her wearing a Swastika badge at a "Save Spain" rally. Avidly a sympathizer of Chancellor Hitler, she said the badge was a personal gift from him.)

GERMAN PAPERS EXAGGERATE INCIDENT

Berlin, June 2.—(AP)—Berlin newspapers today described the search of Miss Unity Freeman-Mitford in such banner headlines as "Waylaid Methods in Czechoslovakia."

Carrying the report under London headlines, the papers added that the daughter of Lord Redesdale was stripped by Czechoslovak women police officials while her car was searched, the upholstery cut open and the tires removed.

Miss Freeman-Mitford, according to reports current in Praha, incurred the displeasure of the Czechs by openly demonstrating pro-Fascist leanings and wearing Swastika emblems while staying there.

Berlin, June 2.—(C.P. Havas)—The German press today grew increasingly violent over the café shooting incident at Eger in which two Sudeten women were wounded by a Czech soldier.

The Voelkischer Beobachter, Nazi party organ, said responsibility and guilt did not lie with the officer who did the shooting but with the authorities in Praha.

"This is the result of savagery without parallel in Europe," the paper said. "The Czechs can no longer claim to be a civilized nation. They have fallen to the same level as their faithful friends, the criminal

soudrands of Moscow."

Under the headline "Scandal of Europe," the Lokalanzeiger said: "Czechoslovakia is the scene of unbridled savagery and excesses and has nothing in common with a state. Foreigners are no longer sure of their lives. The police act like the Okhrana (Czarist secret police). All who speak German are prey for the Czechoslovak brutes."

The Berliner Boerser Zeitung said "the treatment imposed by Praha on the Sudeten Germans is more brutal, more shameful than the most backward negro tribe would be obliged to accept."

Denies Japanese Territorial Designs Against Australians

Melbourne, June 2.—(AP-Reuters)—Assurance Japan has no territorial designs on Australia is made by K. Miyake, Japanese Vice Consul, in a long letter to the press.

After referring to the part played by the Japanese warship Iwaki in the events preceding the sinking of the German cruiser Emden at Cocos Island during the Great War, Mr. Miyake says:

"I am confident Australians, recollecting this historical evidence of Japanese-Australian friendship, will realize that 'good understanding' with foreign countries is far more conducive to the security of a nation than armaments — which impose a heavy burden upon its people, while necessitating a constant effort to keep up with those of foreign powers."

"May I take this opportunity to state, as has often been declared by responsible Japanese statesmen and officials, both civil and military, that Japan harbors no territorial designs upon Australia, and strives always to keep on the best possible terms with Australia."

"However, it is not unnatural that the feeling or attitude of the Japanese people toward Australia should depend on those of the Australian people toward Japan."

DEMOCRACIES ALONE RETAIN WOMEN'S RIGHT

University President Declares that Women Under Dictatorships Become Mere Biological Factor in Prosecution of War.

New Brunswick, N.J., June 2.—(AP)—Dr. Robert C. Clothier, President of Rutgers University, told the New Jersey College for Women graduating class today that the safeguarding of women's security and dignity depended upon the preservation of democracy.

Under dictatorships, he said in his baccalaureate address, women "in only too true measure resume the status of serfs and chattels."

"For dictatorship," he said, "inevitably calls for the building of great armies and the demands for men, more men and yet more men to fill the ranks, and women are told, callously, that their part in this new world is to bear sons, more sons, and yet more sons to maintain armies for the conquests of neighboring nations and the greater glory of the state."

"Again they become slaves to do the bidding of their masters and the honored and sacred profession of motherhood is made a mere biological technique in the prosecution of war."

Dr. Clothier said the likelihood of dictatorship supplanting democracy in the United States was remote, but warned that "complacency is the forerunner of disaster."

"Whether America is to go on to achieve new levels of human experience," he said, "will depend in no small measure upon what the women of America say she shall do."

ANCIENT ARMY UNITS HOLDING GREAT REUNION

Honorable Artillery Company of London Visiting Boston for Three Hundredth Anniversary of Boston Unit.

Boston, Mass., June 2.—(AP)—The Ancient and Honorable Artillery Company which fought with Captain Miles Standish on Plymouth colony against the Indians, welcomed today the King's Own arriving from London to participate in the three hundredth anniversary of the founding of the United States.

The Honorable Artillery Company of London, organized in 1537 and responsible only to the King, was invited to the observance because a former member of the British unit, Robert Keayne, helped organize and was the first captain of the United States.

BRITAIN LOSES HEAVILY FROM SMASHING GALE

Liners Detained, Army Camp Flattened and Show Tents Razed by Eighty-Mile Gale in Southern England.

London, June 2.—(AP)—An eighty-mile-an-hour gale smashed small shipping in the English Channel today and pounded the coasts and downs of Southern England.

One yachtman died of exposure and another was feared lost. Many were rescued by lifeboats and warships sent to the aid of distressed yachts and fishing boats.

The storm kept the liner Queen Mary outside the harbor of Cherbourg, France, for sixteen hours before she could pick up New York-bound passengers there.

It flattened every tent in an army camp of eight hundred soldiers at Manoir, Wales, tore a balloon loose from its moorings and razed show tents at the Royal Counties Agricultural Show at Bournemouth.

Reich Press Attacks Against Czech Police Activity Grow More Bitter

Recent Attack by Czech Soldier on Two Sudeten Germans in Cafe Claimed Example of Savagery Without Parallel in Europe Today—Charge Moscow Tactics.

Berlin, June 2.—(C.P. Havas)—The German press today grew increasingly violent over the café shooting incident at Eger in which two Sudeten women were wounded by a Czech soldier.

CLAIM ONTARIO ORIGINATOR OF SEAWAYS PLAN

Former Hydro Commissioner Tells Legislature Committee that Ontario Proposed the Present United States Offer.

Toronto, June 2.—(AP)—The former Ontario Hydro-Electric Power Commission under Chairman T. Stewart Lyon conceived the joint St. Lawrence Seaway and power development plan proposed to Canada by the United States, according to Arthur W. Roebuck, a former Hydro Commissioner.

Liberal Member of the Ontario legislature for Toronto Bellwoods, Mr. Roebuck told a special Legislative Committee yesterday that in 1936 the Commission, conferring in New York with the New York State Power Authority, arranged "the very offer made public today by the United States."

The statement was made during the committee's third day of sittings in connection with investigation of Hydro affairs. The inquiry followed charges by Leopold Macaulay, Conservative leader in the Legislature, that while Premier Hepburn publicly advocated a "Back to Niagara" hydro policy last fall he secretly was negotiating with Quebec power companies for renewal of contracts cancelled in 1935.

Mr. Roebuck and Mr. Lyon, Commission chairman from 1934 to 1937 when he was succeeded by Dr. T. H. Hogg, chief engineer, agreed yesterday further development of Niagara Falls was preferable to purchasing power from outside sources, though international agreements on water diversion were involved.

Describing the former Commissioner's visit to New York, Mr. Roebuck said New York officials were prepared to recommend to us a further five thousand cubic feet per second.

COMMUNISTS TO BE SUSPENDED FROM I.O.D.E.

Local Chapters Instructed to Take the Necessary Action Against Any Member Known to Harbor Communist Views.

Vancouver, June 2.—(AP)—Delegates to the 38th annual meeting of the Imperial Order, Daughters of the Empire, today went into concluding sessions of their annual meeting here equipped with the knowledge of what to do "When you find out a member of your Chapter is a Communist."

The problem emerged from the "Question Box" at the administration conference on the "Work of the Order" last night.

In replying, Mrs. W. Horkins, of Toronto, referred to the constitution, which said if the conduct of any member be questioned because of any act of conduct detrimental to the "peace, harmony and well-being" of the Order it would be dealt with first by the Chapter of which the member is a member.

It might then be referred to a committee of the National Executive after receiving sworn statements in writing the committee had power to dismiss the complaint, or suspend or censure membership.

The "Question Box" also led to discussion of the preferred version of "O Canada." After three delegates stated their personal preferences for the anthem as written by Weir, Plécher and Buchan, it was agreed each Chapter should choose its own version.

LAUD POLICIES SUPPORTED BY CHAMBERLAIN

German Foreign Minister Pays Tribute to "Frankness and Courage" of Prime Minister Chamberlain in European Affairs.

Milan, Italy, June 2.—(C.P. Havas)—In a speech reaffirming Italian solidarity with Germany and Japan, Foreign Minister Galeazzo Ciano paid tribute today to the "frankness and courage" of Prime Minister Chamberlain and hailed the Anglo-Italian accord as a great step forward toward European appeasement.

Count Ciano addressed the opening of the National Congress for International Political Studies, which will consider various aspects of the world situation.

The basis of Italian foreign policy, he said, remained as stated by Premier Mussolini in his Genoa speech of several weeks ago.

"Faithful to the concepts of the Rome-Berlin axis," Count Ciano said, "Fascist Italy will continue to exercise a policy of close collaboration and intimate understanding with National Socialist Germany."

"This friendship has been put to the test and strengthened through difficult hours. Today the community of ideals and interests has been supplemented by a common frontier which constitutes for both young nations and both old peoples a new motive for reciprocal understanding, solidarity and respect."

This solidarity, the Foreign Minister said, was first expressed in the common effort by both countries to stem the "Bolshevik tide" that threatened to engulf Europe by securing a base in Spain."

He extended his greetings to the "noble and strong people of Japan," and declared Italy attached great importance to the collaboration of Japan in the fight against Bolshevism.

The present conflict in the Orient, he said, could be traced back to the "dissolving action of Bolshevism with which the Chinese Government imprudently solidarized itself."

Tampa, Fla., June 2.—(AP)—Twenty-two months old Madeline MacAdams, of Tallahassee, Fla., swallowed a chicken bone and her parents had her sped here by airplane for an operation. The flight made her ill. Today physicians said the bone was gone, apparently coughed up during her plane ride.

Thousands Enlisting In State-Wide Search For Kidnapped Florida Boy

Federal Bureau of Investigation Officials Basing Campaign on Assumption that Five-Year-Old Boy, Who Kidnappers Failed to Return to Parents After Taking Ransom Money, Is Dead — Undetermined Number of Persons Held in Custody.

Princeton, Fla., June 2.—(AP)—Federal agents called upon reinforced posses today to help solve the kidnapping of James Bailey Cash, Jr., although there was no development upon which to base even a hope the five-year-old boy was alive.

The federal men centered efforts on tracking down the abductors, who accepted a \$10,000 ransom payment without returning the victim.

In their custody were several persons—no outsiders knew exactly how many—and a number of funds regarded as clues. But if the United States Government's "Kidnap Squad" already knew who took young Cash from his bedroom last Saturday night it was a closely-guarded secret.

Sam Bennett, of Fort Pierce, District American Legion Commander, announced one thousand Legionnaires would join the spreading hunt early today, augmenting the hundreds of armed men who yesterday beat over palmetto groves and truck lands.

An indication of what the Federal Bureau of Investigation men think the searchers might find was contained in final instructions to E. J. Connelly, head of the Justice Department forces, to the posses.

"We must face the strong possibility this little boy will be found dead," Connelly told the posse leaders. "If you see signs of freshly disturbed dirt—dig. Take your time and dig deeply. Look well in every canal you pass, and in every clump of bushes. Overlook nothing."

Connelly also gave instructions that if the boy is found alive he be taken immediately to the nearest hospital or to his home.

"If the child is dead," he said, "under no circumstances touch the body. Form a cordon around the spot, and let no one inside your line. Touch nothing, and disturb nothing, until one of your number has notified us and a federal man comes to the scene to take charge."

British people were willing to co-operate with the demands of the Dominions. He said the British Government had no desire to repeat mistakes which lost Britain the colonies now comprising the United States.

Salt Lake City, June 2.—(AP)—A middle-aged man and woman paroled from Utah State prison after serving part of life sentences for killing their former mates, were married here, it was disclosed last night. John A. Harter, County Marriage License Clerk, said he performed the ceremony yesterday for Mrs. Elizabeth Drobny, forty-six, and Rupert A. Dewitt, forty-eight.

Reorganization of Rural Free Delivery of Mails Likely to Involve Post Office Department with Heavy Loss, Acting Postmaster General Declares.

Ottawa, June 2.—Canada's rural free delivery of mails may be reorganized under the Civil Service but it would mean heavy deficits in the Post Office Department, according to acting Postmaster-General W. D. Euler.

A long series of recommendations from members of all parties in the House of Commons yesterday urged that mileage rates assuring adequate compensation be set up, and patronage removed from selection of carriers. From several came the suggestion rural carriers be placed on the same basis as city postmen.

Trade Minister Euler, acting in the place of Postmaster General Elliott who has been ill for several weeks, succeeded in getting all the Post Office estimates through without the long wrangle which customarily arises over these votes.

Mr. Euler told the House the Government would carefully consider the recommendations on behalf of

the rural carriers but that branch of the service had always been a losing proposition and the schemes but it would mean heavy deficits in the Post Office Department, according to acting Postmaster-General W. D. Euler.

Some deficits were expected in the early operation of the Trans-Canada Air Lines which would have mail contracts but the Minister said the Government did not expect any loss on this venture once it was well launched.

OLD STANSTEAD STUDENTS MEET TO STUDY PLANS

Montreal Meeting Called by Alumni Association Executive — Many Volunteer Services for Old School.

The Alumni Association of Stanstead Wesleyan College took steps yesterday to lend a voice, representative of the many hundreds of Old Stanstead students, to the Trustees Committee now studying plans for the rebuilding of the burned main building of the College. An Alumni executive meeting was held in Montreal last night and an urgent general meeting of all old Stanstead students has been called there for tomorrow evening.

While a large part of the Alumni Association's lists were destroyed in the fire on Saturday, large numbers of its members, both young and old, have deeply felt the loss of their college home and have indicated their desire to do whatever they possibly can to assist the continuance of the school's work. It is expected that the emergency meeting will be well attended and that many well-considered views will be expressed to give the Board of Trustees' Committee, under Principal Errol C. Amaron's chairmanship, fullest cooperation and assistance.

Yesterday the College's safe, damaged as a result of the tremendous heat of the fire but sufficiently cooled from a night outside the ruins, was cracked open. Personal papers of members of the staff were found inside, slightly scorched, but otherwise intact.

second of water at Niagara permanently." He added: "They would take five thousand more cubic feet a second also. It was that easy."

"It was I who made the suggestion to them that they go ahead and either do the development of the international section of the St. Lawrence themselves or supply us with the money to build the dam on our side of the river."

"That's what you'll find in modified form today in the present offer in connection with the St. Lawrence waterways."

Dr. Hogg's attitude on the question of successfully negotiating the water rights agreements with the United States was "defeatist," Mr. Roebuck said. "Dr. Hogg's thought was always that of a defeatist in these matters."

Listing potential developments on the Ottawa river which could be developed in co-operation with Quebec and other projects that would require United States co-operation, Mr. Roebuck observed: "Here were 2,500,000 horsepower running around loose, and available as soon as we could clear up a few of these little difficulties."

EX-CITIZEN OF FARNHAM DIED IN MONTREAL

Mrs. Edward Parmelee Was Daughter of Former General Manager of Eastern Lines of C.N.R.

Farnham, June 2.—Mrs. Edward Parmelee, a native of this town and daughter of the late Franklin P. Brady, former General Manager of the eastern lines of the Canadian National Railways, died in Montreal today.

Mrs. Parmelee was educated in Toronto where she graduated from the Toronto Conservatory of Music. She also lived at Concord, N.H., Fort William, Ont., and at Winnipeg before going to the Montreal district eleven years ago.

The funeral service will be held on Saturday at Concord.

TEMPERATURES IN PAST MONTH WERE AVERAGE

Record for Single-Day Rainfall Made on May 20 When 1.35 Inches Were Measured at Lennoxville Experimental Farm.

May proved to be an average month as regards temperature, the average of 51.08 degrees comparing with a twenty-four year average of 51.24, according to meteorological statistics issued today by the Dominion Experimental Station at Lennoxville.

The average temperature for the corresponding period last year was recorded as 55.01 degrees. The highest mercury reading for the past month was 75 degrees, compared with the highest twenty-four year average of 89 degrees in 1932. The lowest figure during the month was 25 degrees, comparing with the record mark of nineteen established in 1924.

Sunshine in May was considerably above the average, the 224.5 hours comparing with the twenty-four year average of 203.5 and last year's figure of 183.6. The highest monthly sunshine for twenty-four years was 265.6 hours in May, 1934, and the lowest 123.9 in 1927.

Rainfall was reported at 2.58 inches, as against last year's 3.62 inches and the twenty-four year average of 2.2 inches. The highest May rainfall for twenty-four years was in 1930, 6.22 inches, and the lowest in 1921, .74 of an inch. The heaviest precipitation for day during the month was on May 20th, when a record rainfall of 1.35 inches occurred.

SEEK PEACE ALONG FOUR-FOLD FRONT

London, June 2.—(P)—Neville Chamberlain, this week starting his second year as Prime Minister, was reported today to have initiated fresh diplomatic activity in Spain, Czechoslovakia, Germany and France to restore and keep European peace.

The cabinet was understood to have approved a two-fold plan:

1.—To bring the Spanish Government and Spanish Insurgents together in a round table peace conference, a course which unconfirmed reports said Premier Mussolini of Italy already has approved.

2.—Negotiation of a solution of the difficulties between the Czechoslovak Government and its minority of Sudeten Germans who have the pledged "protection" of Germany.

The Government's hope of mediating the Spanish civil war, which will have been drawn out for two years by the end of the month.

1.—The belief in influential quarters that many Spaniards on both sides of the conflict are sick of war and would welcome a peace parley.

2.—Definite signs of progress toward obtaining withdrawal of foreign volunteers fighting in the war.

The latter question was up for discussion again at today's session of the twenty-seven nation Non-Intervention Committee.

Soundings on a peace conference were understood already to have been made both at Burgos, seat of General Franco's Insurgent Government, and at Barcelona, Spanish Government capital.

Viscount Halifax, Foreign Secretary, was reported to have reviewed the question with the Spanish Ambassador, Pablo de Azcarate Y Florez, last night.

The French Foreign Minister, Georges Bonnet, was said to have discussed the same question with the Spanish ambassador in Paris.

Some quarters said Great Britain favored as a possible basis for a peace parley the thirteen-point programme for the Spain of the future advanced May 1 by Premier Juan Negrin of the Spanish Government.

This programme included a guarantee of civil, social and religious liberty, assurance of the absolute independence of Spain from foreign powers, riddance of military forces, agrarian reforms to eliminate feudal aristocratic landowners, a guarantee of workers' rights through social legislation, and full amnesty for all Spaniards who would co-operate in reconstruction.

SIX TOWNSHIPS PUPILS PASSED IN ENGINEERING

List of Successful Students in First Three Years in Engineering Made Public by McGill University.

The names of six students from many Eastern Townships centres appear in the lists of successful students published at McGill University for the Faculty of Engineering yesterday.

In third year electrical engineering, Henry Hovey Rugg, of Sherbrooke, was successful and in third year mining engineering, Ian Victor McCallum, of Thetford Mines, and William Lorne O'Brien, of Farnham, also passed.

A successful candidate in second year engineering was William Kenneth Heron, of Asbestos. The district was likewise represented in the first year by Walter Barrett Scott, of Stanstead and by Samuel John Porter, of Waterloo.

FAMOUS YACHT DESIGNER HAS ENDED CAREER

Captain Nathanael Greene Herreshoff Built Every America's Cup Defender from 1893 to 1920.

Providence, R.I., June 2.—(P)—Captain Nathanael Greene Herreshoff, known in the yachting world as "The Wizard of Bristol," for his designing and building of America's Cup defenders, died early today at his Bristol home. He was in his ninety-first year and had been ill for a year.

Nat Herreshoff, one of seven brothers, three of whom were blinded in youth, designed and built every America's Cup defender from 1893 to 1920, and the firm built the defenders of 1930 and 1934, Enterprise and Rainbow, although the designing was done by W. Starling Burgess.

His blind brother, John, was the "hands" of the firm, and Nat was the "eyes." They worked together for years, and gave the world not only fin-keeled racing boats and other revolutionary designs in sail, but they developed a coil boiler in connection with a marine engine that turned up unprecedented horsepower and made Herreshoff steamers among the fastest in the world. Since 1924, when a new company was formed to take over the Herreshoff plant at Bristol, Nat had been a stock owner and adviser.

He is survived by his widow and four sons and a daughter. Two of the sons are connected with the Bristol plant.

IMPROVED AIR FORCE DELAYS REBELS' DRIVE

Revised Government Air Force Hampers General Franco in Efforts to Capture Barcelona — Loyalists Launch Counter-Offensives.

Hondaje, June 2.—(P)—The Insurgent power drive against the Teruel-Valencia highway appears to be stalling again before increasing Spanish Government resistance.

In many sectors of the mountainous front which guards the highway to the Mediterranean coast, Government counter-offensives in the last two days have recaptured territory lost to General Franco's warriors.

Heaviest fighting centred in a ten-mile zone from Insurgent-held Puebla de Valderosa on the highway itself toward Mora de Rubielos.

Government advisers said their militia captured General Franco's Coso, just outside Valbona.

Much of the Government resistance was attributed to its revised air corps, which again is disputing mastery of the air with Franco's warplanes.

Barcelona pilots prevented large-scale bombardments of Government positions, and in one combat, Government dispatches said, twelve Insurgent planes were shot down.

Ancient Army Units Holding Great Reunion

They furnished four generals to the Revolutionary war—Heath, Lincoln, Brooks and Hull—and to the Civil War more union army officers than any other similar unit.

More than fifty per cent. of its members, now numbering 650, held commissions in the Great War.

A round of balls, banquets and entertainment will mark the Britons' visit in Boston, Newport, R.I., Providence, R.I., and New York. Monday they will participate in a street parade.

SOFT BALL IS A DIFFICULT GAME FOR ROTARIANS

Members of Sherbrooke Rotary Club Fail to Make Outstanding Showing with Girls of Industrial School at Sweetsburg.

Members of the Sherbrooke Rotary Club may be successful businessmen. They may be much concerned over community work. They may be good citizens, but as softball players they leave much to be desired.

At least, the Rotarians who journeyed to Sweetsburg yesterday afternoon to visit the Girls' Industrial School there did not make much of a showing when they matched their skill with the girls of the school, who defeated the Rotarians by such a one-sided score that it would hardly be fair to make the final results known.

Leaving here early yesterday afternoon the Rotarians and a few friends, motored to Sweetsburg. Upon arrival at the School they were welcomed by Miss Thurnham, the matron, who made the visit a most pleasant one. The staff and girls were also very kindly disposed towards the guests, despite the ball game, and everyone had a most pleasant outing and visit.

The ball game opened under most encouraging auspices for the Rotarians, when Rotarian Nelson Lothrop scored a home run. Followed at bat by Rotarian Leo Foley, everything looked fine for a short time.

Rotarian Foley caused a little uneasiness in the Rotarians' ranks when he failed to make contact with the first two balls, but on the third, by some good luck, he managed to make bat and ball contact. The result was that Rotarian Foley, still carrying the bat, made second base before any one could stop him to let him know he was a foul ball.

Disappointed and completely out of wind Rotarian Foley retired to the side lines, much dejected, and convinced that he was not destined for any of the major leagues.

Rotarian Tom Keeley proudly took up his position as pitcher and manager to work up sufficient strength to get one or two bats over to the catcher, but when he came to bat he was more Keeley than Kelly at the bat and did little, if anything, to keep the Sherbrooke colors flying.

When things began to look bad for the Sherbrooke team Rotarian George Ewing volunteered to do what he could, despite his will.

Rotarian Ewing's contribution to the cause of victory was of little avail. In fact, Rotarian Everett Good-enough had to come forward, but apart from taking off his coat and walking onto the field, it could hardly be said that he helped to save the day.

Rotarian Frank Norcross displayed a graceful form on the field and stuck by the boys from the beginning to the end, if memory serves the writer well, Rotarian Norcross did make first base on one occasion. Rotarian Fred Fontaine was by far one of the outstanding players. He was successful in putting several of the opponents hors d'combat and can claim credit for many of the points the Rotarians did manage to chalk up.

By way of reserve energy the Rotarians had Mr. and Mrs. Sanders, of New York, and Norman Walker and Junior Mutchler, both of Sherbrooke, on their side, but still the odds were in favor of the girls.

Rotarian J. Rosenbloom perhaps suffered as much as any of the other Rotarians. He did not play in the game, but sat on the sidelines. He had come to cheer for his team, but was given little occasion to cheer. The humiliation must have been terrible.

"Bill" Walters, of the Sherbrooke Y.M.C.A., acted as umpire, but his decisions, while not one-sided, seemed to be leaning more towards the girls.

However, like all good things, the ball game eventually came to an end and the visitors were guests of Miss Thurnham at supper.

Later in the evening the girls enjoyed games under the direction of Mr. Walters, the Rotarians watching with interest from the sidelines.

During the visit President-Elect George Ewing, on behalf of the Sherbrooke Rotary Club, and while the absence of President Rosalie Samson, thanked Miss Thurnham for the very pleasant visit and expressed the wish that the Rotarians would again have the privilege of visiting the School.

Although the visiting Rotarians failed to bring home the laurels of victory, they did bring back memories of a very pleasant visit.

NO RESTRICTIONS AGAINST OPERATING WHEAT POOL

Regina, June 2.—(P)—Under Canada's grain-marketing set-up of just a year there was nothing to prevent any organization from operating a wheat pool if they desired.

Hon. J. G. Gardiner, Federal Agriculture Minister, said at Lambert last night in the Saskatchewan election campaign.

With the Dominion guaranteeing a price of 87 1/2 cents a bushel such organization could have paid an initial price of 80 cents and been guaranteed against loss by the pegged price.

Mr. Gardiner said in addressing a group of supporters of Hon. C. M. Dunn, Minister of Highways, in Saskatchewan's Liberal Government and a candidate in Melville riding.

The Federal Minister said operation of the Canadian Wheat Board would be similar this year but did not indicate at what level the wheat price would be pegged.

DEFEAT USE OF UNION JACK AS STANDARD EMPIRE FLAG

Vancouver, June 2.—(P)—A resolution urging nations in the British Empire which use separate flags to adopt the Union Jack as their flag was defeated here yesterday at the annual convention of the Imperial Order, Daughters of the Empire.

Delegates felt it was a question for nations concerned to decide for themselves.

A resolution asking removal of the League of Nations Committee from the list of standing committees also was defeated.

The resolution was submitted by Mrs. W. G. Lumbers, of Toronto, who explained it "was not intended to disturb the National Chapter's affiliation with the League."

It was defeated by a three to one vote.

It appeared considerable confusion had arisen over the I.O.D.E.'s League of Nations work and many primary chapters were working directly through local League societies.

After Mrs. L. A. Genge, of Victoria read the report of the I.O.D.E. Girl Guides, the delegates resolved to prepare a scrapbook contest for the guides, to offer an annual prize for the best-written story, and to arrange for a five-minute story on some phase of I.O.D.E. work to be told monthly to Guide companies of the Order.

TWO WOMEN IN SASKATCHEWAN ELECTION RACE

Large Number of Candidates Dropped Out of the Many-Cornered Race Before Official Nominations Formally Closed.

Regina, June 2.—(P)—Two women were among the 157 candidates who returned to the hustings today after pausing yesterday to file nomination papers for the Saskatchewan elections.

With polling June 8, they will fight it out in forty-seven ridings for fifty seats in the Provincial Legislature. This is the way they line up: Liberals fifty, Social Credit forty-one, C.C.F. thirty-one, Conservatives twenty-three, Independents four, Progressive two, Independent Social Credit one, Independent Conservative one, Union-Progressive one, total 157.

Each candidate posted a deposit of \$100 which the Provincial Treasury will keep unless he gets half the votes polled by the winning man in his riding.

With four major parties in the field, the inevitable straight fights would be few.

There will be twenty-one three-cornered contests, thirteen with four candidates running and only ten with two men in the field. Fighting for two men seats are nine candidates in Regina, seven in Saskatoon and six in Moose Jaw.

There are forty-nine ridings altogether in Saskatchewan, electing fifty-two members, but the far-northern constituencies of Athabasca and Cumberland do not go to the polls until July 28 with nominations due June 30. Already in the field are two Liberals in Athabasca and a Liberal and Conservative in Cumberland.

There were comparatively few surprises yesterday. The executive of the Western Canada Social Credit Association, four Alberta cabinet ministers and an Alberta Member of Parliament, selected forty-four candidates. Four of them withdrew and an extra man entered the field to make a total of forty-one.

The four Social Crediters who failed to qualify were J. C. Davey in Arm River, M. J. Haver in Bengough, Chris Haun in Lumsden and John Duran in Regina.

The big surprise of the day was in Regina. Two Social Credit candidates, T. A. McInnis and John Doran, were the nominees of the Western Association. McInnis, however, filed his papers in the nearby riding of Lumsden, taking Haun's place, and Doran declined to run.

For a time it looked as if Regina would go to the polls without a Social Credit candidate. Shortly before the deadline, however, papers were filed by J. H. Crawford, Secretary of the Saskatchewan Social Credit League. Early in 1937, he acted as unofficial adviser to a group of insurgent Social Credit members of the Alberta Legislature who almost forced Premier Abernethy to resign. The movement fizzled out, however, when the Government agreed that Major C. H. Douglas, who first pronounced Social Credit money theories, should be given an opportunity to direct an experiment in Alberta.

The Conservatives, who left the fields to Liberal, C.C.F. and Social Credit nominees, were Alvin Hamilton in Biggar and C. G. Hare in Meadow Lake.

NEW MODERATOR IS ELECTED BY PRESBYTERIANS

Dr. Donald MacOdrum Selected on Second Ballot to Head the Presbyterian Church in Canada at Sixty-Fourth Annual Assembly.

Toronto, June 2.—(P)—Commissioners to the sixty-fourth annual Assembly of the Presbyterian Church in Canada opened business sessions in Calvin Church here today under the chairmanship of their newly-elected Moderator, Dr. Donald MacOdrum. The Brockville minister was elected on the second ballot in a contest with Dr. Stuart C. Parker, of Toronto, last night.

Traditional wit and oratory marked proceedings in the crowded church as five names were put before the Assembly for the Church's highest office. Dr. MacOdrum's election followed a stirring tribute to the Cape Breton born veteran churchman by Rev. Samuel Farley of Regina. Mr. Farley had been one of those nominated but he withdrew in favor of the man under whom he first served in Canada.

Rev. William MacKay, Superintendent of Home Missions in Northern Ontario and Manitoba, also withdrew before balloting began, and Rev. Peter Reith, Tara, Ont., was eliminated on the first ballot.

Election of Dr. MacOdrum as successor to Dr. Hugh Munroe, of New Glasgow, N.S., was virtually the only business item of the opening Sederunt following the retiring Moderator's sermon. Today's order of business was not known until the Assembly received the report of the business committee at the start of the second Sederunt.

RELIEF SYSTEM AT CLEVELAND IS CRITICIZED

State Auditor Charges Social Workers Seek to Perpetuate Relief Problem for Their Own Benefit.

Columbus, O., June 2.—(P)—Cleveland's poor relief administration was criticized today as lax and wasteful in a special examiner's report by State Auditor Joseph T. Ferguson.

Inadequate financial provision by city council for relief purposes, refusal to maintain adequate records and to adopt safeguards against waste of money, and asserted domination of the relief situation by social service workers were blamed for the recurring crisis in Ohio's largest city, where 87,000 are on direct relief.

The entire relief administration is being conducted, controlled and administered by the social workers and their union," the report said.

The report added that Cleveland relief agencies had established "a powerful bureaucracy motivated solely for the purpose of establishing a job tenure."

The auditor's report followed charges by an eleven-member House Investigating Committee that social workers in unspecified urban centres were seeking to perpetuate the relief problem for their own benefit.

AMENED PLEAS IN FAKE LOTTERY CASE

Boston, June 2.—(P)—Trial of two New York men for using the mails in promoting a fake Canadian lottery ended abruptly today when they retracted pleas of not guilty and pleaded guilty in Federal Court.

After the change in pleas, Maurice Barach of Albany, was sentenced to a year and a day in a Federal penitentiary by Judge Hugh D. McCreary and today Hamilton, of Glens Falls, was sentenced to six months in jail.

REPORT REVENUE RETURNS ABOVE AVERAGE

Total May Collections Attain \$144,945 Mark

Decrease of \$33,836 Compared with May Last Year Due to Fact 1937 Period Was Unusually High—Excise Taxes Provided Largest Amount of Revenue Collected in Past Month.

A decrease on May, 1937, of \$33,836, but an increase of \$53,053.13 over May, 1936, in total revenue collections at the local port were shown in figures released today by Major L. W. Greenland, collector in charge. Collections in May of this year were said to be above the average and the decrease on the 1937 figures was due to the fact that the \$178,781.71 taken in during May of that year was unusually large.

Excise taxes provided the greater amount of the revenue collected in the month just ended. These totalled \$101,584.38, while imports brought \$43,284.42 and sundry collections \$76.47. Excise taxes in May of last year were \$112,817.52 and \$69,208.88 in May, 1936. Imports were \$65,951.94 last year and \$22,519.77 in 1936. Sundry collections recorded an increase over the past two years, however, being but \$12.25 last year and \$10.00 in 1936.

For the two months of the fiscal year ending May 31st, total revenue receipts showed a decrease from last year of \$45,095.41. An increase of \$110,764.66 over the same period in 1936 was noted, however.

RETIRED C.N.R. EMPLOYEE DIES AT AGE OF 85

Edward Parsons, Who Succumbed to Long Illness at His Home Here Last Night, Said to Have Piloted First Train Over Quebec Bridge.

Edward Parsons, pensioned Canadian National Railways engineer who is said to have piloted the first passenger train over the Quebec Bridge upon its completion in 1919, died at his home, 78 Queen street, at eleven o'clock last evening. He was eighty-five years old and was considered one of the oldest pensioners of the C.N.R.

Mr. Parsons was born in Sherbrooke March 21, 1857, the son of James Parsons and his wife, Laura Burber, and moved at an early age to Hallow, near Lewis, where he entered the employ of the Canadian National. He returned to Sherbrooke to live seventeen years ago following his retirement from active duties with the railroad.

Deceased, who had been in failing health for the past few years and confined to his bed for three months, leaves five daughters, (Edith) Mrs. Joseph Mercier, of Quebec; (RUBY) Mrs. Edgar Mitchell, of Quebec; (Eva) Mrs. J. S. W. Hall, of Sherbrooke; (Marguerite) Mrs. E. Symes, of Auburnville, Alta.; and Mildred, of Sherbrooke; and four sons, Frank, of Charney, Que.; Frederick, of Calgary, and James and Maurice of this city.

The funeral service will be held tomorrow afternoon at St. Peter's Church, with interment in Elmwood Cemetery.

Bulk Contract Let At \$56,500 For Extension To Ste. Marie Academy

With contract awarded to a local construction firm, work is ready to start on the large addition to the Ste. Marie Academy in East Sherbrooke being undertaken by the Roman Catholic School Board to improve educational facilities for girls residing in that section of the city. Tenders were opened yesterday afternoon and contract let to the lowest bidder, Adelard Jacques, at \$56,500. It is expected that work will be inaugurated within the next few days so that the addition may be completed for re-opening of classes next September.

Seven local contracting firms submitted bids on the project, the highest figure being \$66,000. The plans prepared by Andre Royer, Sherbrooke architect, call for an extension 95 by 56 feet which will contain nine classrooms, a large recreation hall and will be of semi-fireproof construction. Part of the present structure will be renovated for janitors' quarters, and the chapel and dining hall will be enlarged. A modern ventilation system will service the new school. It is planned to install a centralized hot water heating system for both the old and new sections.

The programme will be varied commencing with the forming up. At two o'clock, fifty minutes of physical training demonstration will be given by the Preparatory School, followed by a half hour's exercise by the Upper School.

Company drill will commence at 3:20 p.m. and will last until 3:50 when demonstrations will be presented by the Lewis Gunners and Signalling squads.

DRUMMONDVILLE COMPANY LOSES SALES TAX CASE

Appeal of Dominion Silk Dyeing and Finishing Co., Ltd., Against Department of National Revenue Ruling Dismissed.

Drummondville, June 2 — An appeal by the Dominion Silk Dyeing and Finishing Company, Ltd., from a ruling of the National Revenue Department that certain materials, sheetings and muslins of cotton, wool blankets, felt discs and strips, are not exempt from sales tax as consumables, was dismissed in Ottawa yesterday by the Tariff Board. The Board also reserved judgment on another appeal by the Drummondville firm from a Department ruling that silicate of soda used in the production of silk fabric is subject to sales tax.

E. T. RIVER IS PROSPECTED IN HUNT FOR GOLD

Construction Company Claims to Have Uncovered Placer Gold Beds of Considerable Value in Moe's River.

"Pardner, there's gold in them thar hills."

Such, at any rate, is the belief of the men operating the George M. Brunton Construction Company, who claim to have uncovered placer gold beds of considerable value in Moe's River, near Compton.

It is said that in years past wandering prospectors would come out of the district with small quantities of coarse gold removed from old pockets here and there, but the equipment used by these men was not capable of recovering the light free-float gold, of which it is believed there is a sizeable quantity disseminated through the gravel.

For many years Moe's River was (Continued on page 6, Col. 6)

IMPROVEMENTS TO CITY UNDER CONSIDERATION

Delegation from City Hall Visits Montreal with View to Bettering Garbage Collecting Facilities and Improving Public Parks.

Improved facilities for the collection of garbage and improvements to Sherbrooke public parks are under consideration by civic officials and a three-man delegation is in Montreal today conferring with authorities in regard to these matters. Alderman J. E. Lacroix, chairman of the Health Committee, is spending the day on an inspection of the metropolis' system of collecting garbage. At present the method used in Sherbrooke employs one truck and eight horse-drawn teams, giving residents one service a week. It has been thought that possibly a better and more economical service would be provided by using trucks alone and eliminating the teams. With this in view, Ald. Lacroix is also visiting leading truck manufacturers to obtain an idea of the equipment which can be provided.

Accompanied by J. A. Tardif, Superintendent of Parks, Ald. J. W. Genest has gone to Montreal to confer with that city's park superintendent, with whom the best methods of improving the local parks will be discussed. The parks in question are Racine, Victoria and the new Jacques Cartier Park on the Magog river.

MOTORIST HURT IN UNUSUAL ACCIDENT

Maurice Couture, twenty-eight-year-old Johnville resident, received a fractured left hand in an unusual accident on the Sherbrooke-Lennoxville highway last night. Couture had put his left arm out of the window of the car he was driving as a signal to following traffic that he was about to stop, when the arm was struck by the rear section of a passing truck. The injured man was admitted to St. Vincent de Paul Hospital.

MANY PAID FINAL TRIBUTE TO RALPH F. FULLER

With a large number of friends and relatives present, funeral services for Ralph Francis Fuller were held at the Church of the Advent following family prayers at the home on Tuesday, May 17th. The elder son of Mr. and Mrs. Albert J. Fuller, Ralph Fuller died at his home, 39 Hall avenue, on Sunday, May 15th, after a lingering illness. He was in his seventh year. Rev. E. K. Moffat officiated at the funeral services and two hymns, "There's a Home for Little Children" and "Peace, Perfect Peace," were sung by the choir, together with the twenty-third Psalm and the Nunc Dimittis. SENTENCE MAN IN VIOLATION OF DRUG ACT

Alcide Beaudin Given Six Months Plus Fine of \$200 and Costs for Selling Sodium Bicarbonate as a Morphine Drug.

Accused of selling sodium bicarbonate by representing it as a morphine drug, Alcide Beaudin, St. Johns stone-cutter, appeared before J. H. Lemay in Magistrate's Court yesterday and was sentenced to a jail term of six months, plus a fine of two hundred dollars and costs. In default of the payment of these charges Beaudin will spend an additional month behind bars.

Beaudin was arrested by Royal Canadian Mounted Police as he was allegedly in the act of selling the sodium bicarbonate, which he claimed to be a drug. The offence, according to the complaint sworn out by Constable J. R. P. Laliberte, comes under Article 4, sub-section one, paragraph F of the Opium and Narcotic Drug Act of 1929.

Napoleon Hamel, of Asbestos, found guilty of assault on the person of L. Roux at Asbestos on April 23rd, was sentenced by Judge Lemay to a fine of twenty-five dollars plus costs and to deposit a bond of two hundred dollars to keep the peace for the next twelve months. Fifteen witnesses appeared at the trial yesterday.

Accused of threatening Arthur Beaudin, a Charteauville taxi driver, Joseph Rodrigue, Victor Lauzon and Arthur Martin, all of Charteauville, appeared before Magistrate's Court at yesterday's session. Martin also operates a taxi and, with Rodrigue and Lauzon, was arrested on a complaint laid by Beaudin in which it was charged that the trio had threatened Beaudin.

A large number of witnesses appeared yesterday, out of which twelve were heard. The case will be continued next Wednesday.

Deceased leaves to mourn his early death his parents, one brother, Gerald, and one sister, Leatha, besides several uncles, aunts and more distant relatives.

Laud Government For Ban On Obscene Books

Emphatic Approval Given by Sherbrooke County W.C.T.U. to Recent Action Taken by Federal Authorities Regarding Objectionable Literature Entering Country—Mrs. M. Elizabeth McCurdy, of Lennoxville, Re-elected President of Union at Annual Convention Held Yesterday.

Banning by the Federal Government of eleven magazines said to contain obscene and immoral literature met with the emphatic approval of the Sherbrooke County Women's Christian Temperance Union at the ninth annual convention of that body held in the auditorium of the Lennoxville United Church yesterday. The Union also commended Sir Edward Beatty in drawing the attention of the Ottawa authorities to the objectionable type of reading matter entering the country.

The re-election of Mrs. M. Elizabeth McCurdy, of Lennoxville, as president and adoption of other resolutions objecting to liquor propaganda were highlights of the session.

With the exception of the office of second vice-president, which was relinquished by Mrs. W. G. Cross, of Sherbrooke, to Mrs. B. C. Howard, of Sherbrooke, the entire slate of officers were re-elected as follows: Mrs. Edgar A. Orr, Milby, Honorary President; Mrs. F. R. Matthews, Lennoxville, First Vice-President; Mrs. J. W. McVety, Milby, Third Vice-President; Mrs. T. W. Evans, Lennoxville, Recording Secretary;

Mrs. W. Henderson, Lennoxville, Corresponding Secretary, and Mrs. Mrs. W. H. Abbott, Lennoxville, Treasurer.

The following superintendents were also named: Sunday School and Campaign Secretary, Mrs. E. A. Orr, Milby; Scientific Temperance Instruction, Mrs. W. J. Beattie, Lennoxville; Evangelistic, Mrs. P. Pergau, Lennoxville; Comfort Bagg, Mrs. H. Banfill, of Milby; Franchise, Legislation and Press, Mrs. Ethel L. Seale, Lennoxville; Flower Mission, Mrs. R. S. Lipsey, Lennoxville; Social Meetings, Mrs. F. Ingham, Sherbrooke; Medal Contests, Mrs. E. Emerson, Sherbrooke; "White Ribbon Tidings," Mrs. L. W. Smith, Lennoxville; Temperance in Women's Missionary Society, Mrs. F. R. Matthews, Lennoxville; "Y" Superintendant and L.T.L. Superintendant, Mrs. F. Harrison, Milby; Literature, Mrs. Roy Sutor, Milby.

The slate was presented by Mrs. C. H. George, of Milby, convenor of the Nominating Committee. The afternoon session opened at two o'clock with a short executive meeting, during which the thirteen point programme and the Credentials Committee were discussed, and Continued on page 6, col. 4.

SHERBROOKE, THURSDAY, JUNE 2, 1938.

It is much easier to suppress a first desire than to satisfy those that follow.—Rochefoucauld.

The Seaways Issue Again

Once again like the Greek who came bearing gifts, the United States administration has approached the Canadian Government with a very attractive proposition for the development of the St. Lawrence deep waterways project. So ardent is the United States in its support of the scheme that it is prepared to finance the international section of the development while Canada would be given until 1949 to start work on its section.

Many and bright are the pictures painted of the benefits to be obtained from developing the river, but from the Canadian point of view, few of them carry any weight. The benefits to be derived from a deep seaway connecting the Atlantic to the Great Lakes are largely illusory, as at present a highly efficient system of lake carriage has been developed with specially constructed boats.

The picture of the huge electric power developments bringing in new industry is also far-fetched, as actual events prove that at the present time Canada has more than enough power to supply its needs, some of the leading companies seeking the right to export this white coal in large quantities. In addition there are many other power sites which could be developed with less capital expenditure which would care for industrial Canada's needs for many years to come. The Ontario Hydro Electric Commission, which is supposed to be the principal beneficiary by the scheme, will have nothing to do with it, if the words of Premier Hepburn are to be believed, the Ontario Prime Minister having once again voiced his objection to the expenditure of the money involved.

Moreover, President Roosevelt has not the undivided support of his own party on the matter. The two Democrat Senators from his home state of New York are opposed to the measure, Senator Copeland being against it in its entirety, while the canal plans come under the fire of Senator Wagner.

Senator Clarke from Missouri objects to the reduction in the diversion allowed for the Chicago drainage canal, while Senator Pittman, of Nevada, a former champion of the measure, does not like the additional favors being granted to Canada. Taken all-in-all, the new proposals submitted by the Washington administration leave much to be desired, while the heavy expenditure that will inevitably be involved in the scheme is too much for the people of Canada to bear at the present time.

The Canadian Government should exercise great care before taking any definite steps toward imposing upon the backs of the Canadian people a burden such as the deep waterways entails.

Rev. Hugh C. Sutherland, B.D., D.D.

The United Church of Canada and the District of Richmond both lose a faithful servant with the passing of Rev. Hugh C. Sutherland, B.D., D.D., superannuated minister who died at his home on Tuesday evening following a brief illness. Dr. Sutherland spent the greater part of his life in the ministry, caring for the needs of the Presbyterian Church in the pioneer sections of Western Canada in the early days and later in the older settled sections of Eastern Canada, many years being spent in these Eastern Townships, to which he returned to spend his declining years.

With the union of the Presbyterian, Methodist and Congregational Churches into the United Church, Dr. Sutherland continued his ministry in the combined body for several years prior to his retirement.

His service to the church of his choice did not end with his superannuation, however, but he continued to take a more or less active part in its affairs and served anywhere he could, for the past four years caring for the needs of St. Andrew's Church at Kingsbury where he was stated supply.

He played an important part in the field of education, for many years being a director of the School Commission in charge of St. Francis College at Richmond, while he also took a keen interest in municipal affairs of his adopted town.

A keen student of mineralogy for many years, last winter he completed the important task of classifying the collection of minerals which had remained unidentified in the college laboratory for some time. His love of flowers was manifest in the beautifying of the college grounds which he supervised, and the spacious gardens of his residence are the pride of Richmond.

In passing, Dr. Sutherland has left a mark in the community which time will take a long time to efface.

and his life offers a splendid tribute of service and leadership for the rising generation of the Eastern Townships who might well follow the path which he has laid out through a long and useful career.

Another Peace Disturber

Whether the City Fathers went too far in certain respects in connection with the anti-noise by-law passed last year is a debatable question, but there is one nuisance and peace-disturber which could be curtailed for the peace and general good of the average citizens. That is the practice of certain firms, usually from outside the city, to send in cars equipped with loud speakers which alternately blare forth cheap music from rather worn phonograph records and a blah-blah discourse on the benefits of somebody's cough syrup or cold cure.

It is not determined if these nuisances are definitely mentioned in the by-law but their curtailment should be easily arranged for under the heading of abolishing general nuisances, which they are, regardless of any anti-noise ordinance.

The manufacturers themselves who sponsor these contrivances might well study their real value, for it is doubtful if the advertising value they achieve is commensurate with the cost and the ill-will which they create among a large section of the public, who are becoming distinctly tired of these nerve-racking, noise-making contrivances.

Thirty Years Ago Today

From the Files of the Sherbrooke Record.
June 2nd, 1908.

A very heavy frost was reported in the vicinity of Barnston.

Work on the new extension to the Knowlton water supply has been started in earnest. Mr. Courtney began the ditch, starting from the hydrant in front of Robinson's Hotel, with nearly twenty men at work.

The regular session of the Municipal Council of the Corporation of the Village of Fredericton was held with Mayor E. E. Spencer occupying the chair and with Councillors A. J. Chaffin, F. X. Robert, H. T. Spencer and M. A. Leavitt present.

About fifty-six attended the meeting at the Columbian Club room, Rock Island, to aid in forming a permanent Fish and Game Club. The following officers were elected: H. Wright Hovey, Rock Island, President; Thomas J. Norris, Derby Line, Vice-President; D. R. Parsons, Rock Island, Vice-President; E. J. MacDougall, Stanstead, Vice-President; C. F. Bayley, Beebe Plain, Vice-President; Charles E. Bennett, Secretary-Treasurer.

THE GREEN MONTH.

What of all the colors shall I bring you for your fairing,
Fit to lay your fingers on, fine enough for you?
Yellow for the ripened rye, white for ladies' wearing,
Red for brier-roses, or the skies' own blue?
Nay, for spring has touched the elm, spring has touched the willow,
Winds that call the swallow home sway the boughs apart;
Green shall all my curtains be, green shall be my pillow,
Green I'll wear within my hair, and green upon my heart.

AGREES WITH MR. ARMSTRONG'S VIEWS

To the Editor,
Sherbrooke Record,
Dear Sir:—Mr. Armstrong's revival of my suggestion for the abolition of our foolish separate school system is very timely. With a need for better co-operation between our two races and a better educational system for both any possible solution is at least worthy of consideration.

A single school system, neither Catholic nor Protestant, would permit much better education at less cost and would eventually end the possibility of racial discord. In fact, if it were not for the well-meaning but damaging concession of separate schools, there would be no racial problem today. The whole trouble is brought about by a lack of understanding on the part of both races.

In regard to the French "priority claim," no one can deny that they were here first. At the same time, as Mr. Armstrong states, history does not give them any basis for prior rights to the country today on that account. I should like to add a little more to Mr. Armstrong's arguments in that respect. First, if priority claims were to be considered, the Indians were here before the French. If the French had retained possession of Canada would they have made the Indian languages official in Canada? Secondly, French prior rights cover a very small part of the Dominion since only a small section was settled before the English conquest.

Making concessions often does lead to a demand for still more. Making Canada a bilingual country was more than the French should have expected yet I think it would have been a good thing if all had gone to the same schools and learned both languages. While I have no animosity toward the French, I regret very much that I cannot speak their language. Now I lack the "nerve" to learn it, yet if I had been well taught during my school days, I should have learnt it easily.

As to the radio license, I consider it a useless expense. We have paid it ever since we had a radio, yet if license fees to hear other programmes had cost as much as the CBC programme according to the amount we listen to them, the radio would have been given up. About the only good CBC programmes are the ones they broadcast from the American network. CKAC though it is a French station, provides as many good shows for the English listener as the CBC does. This year's increase in the fee will today go to hire white collar men to ride around the country in nice cars and collect the license from people who cannot afford any other type of entertainment.

Your truly,
Way's Mills.

"PRIMING THE PUMP"

(L'Information, Montreal)
It is certain that a dollar spent by the Government buys as much merchandise as a dollar spent by an individual. If, furthermore, this dollar is obtained by using bank credit instead of taxes, there is no doubt that purchasing power is increased accordingly. It is also clear that the more dollars the Government puts into circulation the better business will be. In principle, this theory certainly has something to be said for it but there are certain economic axioms which must not be forgotten.

For example, if nothing is done to put the economic system on a better footing while the priming is being done, there is the chance that the betterment in business will last only during that operation. When the spending is over, the situation will be no better than before and we will be left with the debt and the taxes. It is likewise clear that Government spending cannot continue indefinitely. If it goes on too long it will have the effect of discouraging private initiative and capital will seek employment outside the country.

It is to be noted like this that this theory cannot be pushed too far or last too long, for the psychological effect is not worth a great deal, and in a theory of this nature it must be admitted that that plays an important role.

CLAIMS GOVERNMENT'S STAND JUSTIFIED

(Le Droit, Ottawa)
This refusal to accord to the Rowell Commission, as it has been created, the right to investigate the finances of the Provinces, clearly places it in a false position. That is not the Commission's fault. The Federal Government should have thought of the consequences of its decision in the first place. The attitude of the Duplessis Government is entirely justifiable.

The Provinces are autonomous in their respective spheres and the Federal Government has no right to investigate that point without the consultation and approval of the Provincial Government.

While digging for fossils in England, geologists unearthed a new seam of coal, two miles in area, and estimated to contain 20,000,000 tons. Maya civilization lasted at least 2,500 years, according to archeologists, who say that is that much difference between the building of the earliest and latest temples.

PRESS COMMENTS

LABOR SHUNS "REDS"

(The Sudbury Star)
The "Popular Front" has broken down in the bye-election at Aylesbury, England, where voting takes place Thursday. Efforts to obtain withdrawal of the Labor candidate in favor of a Liberal-Labor alliance have failed.

There are indications that the British Labor party still is determined to hold aloof from the Communists and will not join a "Popular Front" with them and other radicals. Labor men are correct in saying that the Reds "are capable of stabbing us in the back."

The executive yesterday declared a basic reason for not joining a popular front was that the Labor party feels it is strong enough to face the country alone at the next election, and to win.

It is true that in recent bye-elections Labor has made some gains, but at this distance it can scarcely be conceived that the British people as a whole will turn out the National government which has gone so far to maintain world peace and at the same time to start the United Kingdom off on an aggressive re-armament programme that will insure adequate defence.

British Laborites are wise, and at the same time they are loyal, in refusing to unite with the "Popular Front." They most likely foresee serious consequences for British traditions and institutions if the radical element is permitted to gain influence.

NEW NAMES FOR OLD COUNTRIES

(Belfast Telegraph)
The transition the world's face has undergone in a few years has made the maps of today almost unrecognizable in contrast with the old. Mere memories now are hundreds of the familiar names of our school geography lessons. Into exile, for example, has gone the romantic-sounding Dutch East Indies. Now it is designated Netherlands India. You will look for Surinam in vain in an atlas of a year or so ago. It is the new name of Dutch Guiana. Abyssinia has become Ethiopia. St. Petersburg and Constantinople have been ousted, and replaced with Leningrad and Istanbul, just as Christiania now appears under the guise of Oslo. Russia has suffered like banishment. Now it is the Union of Soviet Socialist Republics. Scores of its towns and cities were re-christened to emphasize the new regime, and even yet the process is still going on. Persia became Iran. The kingdoms of Heland and Nejd have become Saudi Arabia. Esthonia has been erased in favor of Estonia. Reval, its capital, has been renamed Tallinn. Even at home we have the spectacle of the Irish Free State, falling victim to habit too. It has undergone transition into Eire.

SO THEY SAY

The principal difficulty was in flying alongside the railroad station to read the names without bumping into a train using the same tracks.—H. Paul Culver, of Detroit, recalling his early days as an air-mail pilot.

We have the God-given instinct to shoot straight. Please ship doctors high-power rifles and ammunition.—Capt. J. E. Shields, skipper of fishing vessel in the Bering Sea, wiring report of Jap vessels near Alaska Peninsula.

Modern science is more adept at tearing down the world than unifying it.—Rev. Philip P. Elliott.

I guess she must have meant it at that.—Charles Webb, of Philadelphia, in police court, one year after his former sweetheart started saying "No" and Charles started pestering her.

TO A CAGED CANARY.

Happy little warbler
Thrilling in your cage,
Greeting all who pass your way
From youth to ripe old age.
The joy of freedom you can't know
Behind your prison bars,
Yet as you flutter to and fro
The world your life ne'er mars.
(How often mortals long to soar
Beyond life's prison walls,
And live the life they yearn so for
Free from the world's pitfalls.)
A cage of lattice-work secure
Keeps you forever confined;
But naught can keep your song so pure
From drifting on the wind.

Full many a weary soul it cheers
When life seems scarce worth while,
And quells, no doubt, some morbid fears
Along life's last, lone mile.
Where'er I chance to pass this way
I hearken for your note,
And long to hear that song so gay
Float from your tiny throat.
Your life confined should serve to teach
Us sacrifice is sweet,
For goals which prove just out of reach
Oft shape lives more complete.
Ah, happy bird, trill out your lay
That passers-by may hear,
And gladden pilgrims on their way—
For we all need better cheer.

HAVE A SMILE

Mick and a Yankee sailor were always trying to beat each other at tricks of skill and strength. The Yankee climbed up to the top of the mainmast and stood there on his hands. Coming down, he dared Mick to emulate his performance.

Mick climbed up the mast, lost his hold, fell about fifty feet, caught in the rigging, turned and fell the rest of the way, landing in a tank of water quite unhurt.

He got out of the tank, shook himself, and with a superior grin at the Yankee, asked him: "Well, smarty, can ye do that?"

A lady who felt indisposed after attending a society function ordered her chauffeur to drive to her doctor's place. The doctor saw her at once, diagnosed her case rapidly, and gave prompt advice. "You have caught a chill," he said. "Drive straight home, get dressed, and go to bed."

"Women," exclaimed the quiet little man in the corner seat, "tendure pain more heroically than men. I know it from experience." "Are you a doctor, may I ask?" queried a fellow-passenger. "No, sir, I am a shoemaker," replied the little man.

"Yes, my boy, I've been a reckless man in my day," the Scot confessed to his young son, "I had a fine start in life—but I wasted it. Uncle Sandy left me \$75 and I squandered it in five years!"

The editor of a magazine featuring funny stories and jokes received a letter accompanying a number of would-be jokes, in which the writer asked: "What will you give me for these?" "Ten yards start," was the reply.

Young Mark—When does a chap learn horse-sense? Old Mark—As soon as he learns when to say "Nay," my son.

"I say, old man, I want ten dollars badly, and I haven't the faintest idea where I can get it." "Thank Heaven for that!"

TODAY'S TALK

By GEORGE MATTHEW ADAMS

Author of "You Can," "Un," "Just Among Friends,"

He Who Stands Out

Michelangelo has come down to us as a man of the ages, whose character and art stood out alone. Who were his ancestors—who are his successors?

During the pioneer and primitive years of man's existence on this globe there have always been those who stood out—geniuses in their own right, who were imitators of no one, but who dipped into their own souls for the substance with which to enlighten and enlarge the horizon of man's mind.

And so we have our history books spotted with heroes—men and women who stood out from the crowd—leaders, artists, writers, statesmen—and liberators!

But the greatest of all liberators is that one who liberates his own thinking, who has a grave respect for his divine calling, and who reveres the God within him. He becomes no imitator. There are secret springs to his nature of which no man knows. He distributes hope and takes pride in his gift of expression, be that in art, science, literature, or in the realm of free thought—suggesting to others their privilege of immortality.

No one in this life can ever hope to pass through without his own experience of pain, sorrow, disappointment, blasted dreams, human betrayal, agony of soul, or a scarred heart. But he who holds his head high in the midst of them all, takes what punishment is measured out to him—and who then stands sound and firm for the faith of his fathers, need have no worry as to his place among the servants of humanity. And he need not worry, either, about his full measure of the joys of this life.

Those who have achieved most have been compelled to stand out alone the greater part of their existence. Time, however, ripens the judgment of the mind. That is why we pay tribute to those to whom we refused honor while yet they lived. It takes generations for mankind to catch up with the endowed great.

Stand out. Be yourself. Tap your own intellectual springs. Imitate no one. God made every man unique in his own right!

Beauty Tips

Question: "My arms are fat and flabby. How can I improve them?"—Cora.
Better check up on your weight. If you weigh a few more pounds than you should be more careful about your diet, cut out most starches and sweets and make it a point never to eat between meals. Games like golf, tennis, badminton and swimming give you a splendid opportunity to exercise your arms, so take part in as many of these sports as you can. Simple arm exercise and massage will help, too.

If you have made your frosting a bit too soft and the layer cake is inclined to slip off unevenly, run a few toothpicks through the layers, holding them in place until the icing hardens.

Modes and Manners

Question: "Please let me know how radishes are eaten, whether with the fingers or a fork. Also, when the dish is passed, how many may one take?"—P. K. L.
Answer: Radishes are taken with the fingers. When a dish of them is passed, take one or two. These may be placed on the bread and butter or any other plate.

Question: "At a church wedding, which seats are reserved for the bride's family and which for the bridegroom's?"—C. B.
Answer: The mother and immediate family of the bride sit in the front pew at the left. The bridegroom's parents occupy the front pew at the right. Other relatives and friends take places anywhere.

The St. Anne's Guild of St. Paul's Church concluded the activities of the half-year with a social evening in the church hall. The girls, with their invited guests spent a happy, care-free evening in pleasant comradeship. Dancing was enjoyed and the time passed all too quickly in this and other attractive diversions. The hall was delightfully decorated with purple clusters of grape design, and baskets of lilac, harmonizing naturally with the plan, attained the very simple but pleasingly definite effect of an Old World garden. Refreshments were served just before ten o'clock, the girls and their guests gathered around one long table, with lilac again in simple relief to snow white tablecloths. Dancing once more was enjoyed, and a thoroughly happy evening concluded just after eleven o'clock with the singing of "God Save the King." The girls particularly desire to thank Mrs. R. Edgecombe and Mrs. Thomas for their efforts in making such a jolly evening possible.

Members of the Literary Club sponsored by the Catholic Women's League were delightfully entertained last evening by Miss Laura St. Laurent at her home in Compton, where a programme of musical interest was presented. In connection with the League's study of Communism a very fine paper was given by Mrs. George Sirois in the nature of a paraphrase on Communism and the Lord's Prayer. A group of short reviews by Mrs. Francis Hove on four delightful books, "Philip Second," by William Thomas Walsh; "Do Nothing," by Margaret Sothern; "The Long Tomorrow," by Evelyn Voss Wise, and "Three Ways Home," by Sheila K. Smith, concluded the charming programme. Later a delectable buffet supper was served in the dining room, the hostess presiding at the beautifully appointed table, which was centered with an artistic arrangement of blue campanulas and yellow rock carnations. Assisting were Miss Florine Mullins and Miss Loretta Steele.

Mrs. Alton Bray and Mrs. Cecil Shufelt entertained a charmingly arranged party last evening at the former's home on McManamy avenue, in honor of Miss Florence Pearson, whom many friends are honoring prior to her marriage. Cards were played at four tables, Miss Lydia Wyatt and Mrs. Irvine Smith winning the prize at court whist, while Miss Hilda Wood carried off the honors at bridge. During the evening little Patty Jean Bray presented the bride-elect with a lovely electric toaster, bringing in the "shower" gift in her little doll's carriage, which was prettily decorated in mauve and white, continuing the color scheme carried out by the hostesses with masses of fragrant lilacs. Mrs. C. H. Pearson, mother of the guest-of-honor, and Mrs. E. Dorman poured tea and coffee at the pretty table, which was covered with a cut-work cloth and centered with lily-of-the-valley in a crystal bowl and mauve candles in matching crystal holders. Assisting were Mrs. George Davidson and Mrs. Alex Davidson.

The lilac tea sponsored by the Ladies' Guild, under the convener-ship of Mrs. B. Thorne and Mrs. M. Johnson, assisted by Mrs. T. Wyatt, in St. Paul's Church Hall yesterday afternoon was an exceptionally pleasant social event and an outstanding success financially. Mrs. J. Halliday, the Guild's president, received the many guests who patronized the closing social event of the season and Mrs. C. Bowyer acted as treasurer. Lilacs played an important part in the lovely decorative scheme, large baskets of these fragrant flowers filling the four corners of the hall, while smaller baskets adorned the sales tables, where home-cooked food was sold by Mrs. S. Farmer and Mrs. W. Flynn, and fancy work by Mrs. D. Mandigo. Mrs. P. Dungeat, Mrs. H. Cuthbert and Mrs. H. Saunders. The honors at the lace-covered table were done by Mrs. E. Pudney, narcissi and lily-of-the-valley in a silver bowl and yellow candles in silver holders forming the dainty decorations. Lily-of-the-valley in silver vases adorned the many small tables placed about the hall which were filled time and again during the busy tea hours. Assisting the tea conveners already mentioned were Mrs. W. Smith, Mrs. George Howarth, Mrs. H. Stewart, Mrs. P. Buckland, Mrs. H. Hutley and Mrs. J. Nelson.

Mrs. D. Willard, of Magog, is visiting her daughter, Miss Alice Willard, High street.

Members of the Mayfair Christian Club were entertained very pleasantly last evening by Mrs. Roy Truett at her home on Bowen avenue south. Cards were played at two tables, the prize being won by Mrs. A. E. Williams, of Lennoxville. At the conclusion of the game, the hostess served delicious refreshments, assisted by Miss Patricia Maskell and Miss Juliette Ainslie. During the evening the president welcomed a new member to the club, Mrs. Harry Maskell will act as hostess for the next meeting at her home on Bowen avenue south.

Mrs. H. L. Cleveland entertained delightfully yesterday afternoon at her home on Montreal street in honor of Miss Florence Robinson, who is a visitor in Sherbrooke. Bridge was played at two tables, the prizes being won by Mrs. Miller Hall and Mrs. George Parsons. The hostess also presented a special gift prize to the guest-of-honor. During the interim between games tea was served in the dining room a la buffet, the lace-covered table being charmingly done with double buttercups in a silver bowl on a central mirror and matching yellow candles in silver candlesticks.

Members of the Baptist Ladies' Aid were delightfully entertained yesterday afternoon by Mrs. James Byrd at her home on Elgin avenue. Mrs. A. E. Willis, the president, occupied the chair during the brief business session when material for work was distributed amongst the members who were willing to prepare articles for the autumn sale. While enjoying their summer holidays, later, tea and dainty refreshments were served in the dining room, Mrs. Willis presiding at the lace-covered table, which was attractively centered with lily-of-the-valley in a silver bowl and yellow candles in silver candlesticks. Assisting were Mrs. Ernest Wheeler and Miss Anne Holgate. The pleasant afternoon was brought to a close by Mr. Ward, associate pastor of the Baptist Church, who pronounced the benediction.

Mrs. W. J. Humphrey, president of St. Andrew's Auxiliary, received the many guests who patronized the salad tea convened by Mrs. R. S. Giff, assisted by Mrs. L. Leslie. Mrs. R. Cutts and Mrs. W. Elliott, in the church hall yesterday afternoon. The decorations were beautifully done with a profusion of mauve and white lilacs, the same fragrant blooms centering the pretty tea table at which Mrs. H. L. Allen presided. Mrs. A. Jobel was in charge of the sale of dainty handkerchiefs, which was a special feature. Mrs. J. Sawyer sold towels for every occasion and use, and aprons in great variety were looked after by Mrs. George MacRae. Mauve and white lilacs continued the color scheme on the small tables at which the guests enjoyed the delicious salads, and they were also placed about the hall in decorative baskets and vases. During the brief business period, which preceded the pleasant and successful social hour, Mrs. A. Jobel gave a gratifying report on the rummage sale recently sponsored by the Auxiliary.

Miss Donna Hillhouse has returned to her home on Mount Pleasant street, from Theford Mines, where she has been practicing her profession of nursing for the past few months.

Mr. Roland Mareschal, who has spent two years with the Canadian Bank of Commerce at St. Pierre de Miquelon, and has been enjoying a two months' holiday with his parents, Mr. and Mrs. D. Benoit, Bowen avenue south, is leaving tomorrow morning to resume his duties.

Miss Gladys Moulard was the guest-of-honor at a surprise party given at her home on Stanley avenue last Friday evening on the occasion of her birthday. The guests included about twenty-five friends, who after extending felicitous birthday greetings and presenting Miss Moulard with many lovely gifts, played games and enjoyed some vocal solos to the accompaniment of the guest-of-honor's guitar. Later delicious refreshments were served by the Misses Nell, Violet and Mabel Moulard.

A largely attended and very enjoyable salad tea in the parish hall yesterday afternoon most successfully concluded the social activities of St. Peter's Guild for the summer season. Mrs. F. J. Southwood, the president, received and Mrs. G. S. Thomson acted as treasurer. While Mrs. W. H. Fuller, Mrs. W. E. Campbell and Mrs. Fred Pearson were hostesses for the pleasant closing event. Assisting were Mrs. Charles Coombs, Mrs. W. Byham, Miss Bessie Wilson, Mrs. C. J. Rose, Mrs. Frank Eastman, Mrs. T. C. Hurn and Mrs. S. Ward. The lovely decorations were done under the supervision of Mrs. A. E. Berwick, who chose lilacs, the season's loveliest flowers, to carry out her pretty color scheme of mauve and white. These same fragrant blooms in a silver basket adorned the lace-covered tea table at which Mrs. C. E. Fuller and Mrs. W. H. Fuller did the honors. An additional attraction and source of revenue was a table of fancy and useful articles in charge of Mrs. W. Ward and Mrs. J. Strickland, and the small tea tables also being decorated with lilac blooms. Under the supervision of Mrs. C. H. Bowen and in charge of Miss Queenie Smith, there were two tables for the girls' branch of the Women's Auxiliary, one where home-made candy was sold and the other displaying fancy and useful articles for sale. On exhibition was a complete layette made by the girls, which will soon be forwarded to Saskatchewan in answer to a special appeal. The closing business meeting of the Guild will be held at the residence of the president, Mrs. F. J. Southwood, next Wednesday afternoon.

EFFICIENT SLIPCOVER MATERIALS

Outside of beauty of patterns and colors, new slipcover fabric offer several new qualities of efficiency—materials pre-shrunk, color fast, processed to resist dampness, chintzes with a permanent glaze—all designed to hold shape and to launder satisfactorily.

Left-over pickled peach juice, added to French dressing, produces a delightful flavor.

ANNUAL LILAC TEA AND SALE AT LENNOXVILLE

Successful Event Held Yesterday Afternoon Under Auspices of Parish Guild of St. George's Church—Lennoxville Items.

The Parish Hall of St. George's Church, Lennoxville, was beautifully decorated with lilacs and other summer blooms yesterday afternoon for the very successful annual lilac tea and sale held under the auspices of the Parish Guild.

Mrs. T. D. Bozer, the president, assisted by Mrs. Albert Jones, extended a gracious welcome to the many guests. The several booths were artistically decorated with lavender and white crepe paper and small bouquets of lilacs. A white trellis at each end of the platform, was covered with mauve and white lilacs, large baskets of these blooms, forget-me-nots and lilies of the valley also being used as further decorations on the platform, where small painted wooden figures of little girls with watering pots added another colourful touch.

The long tea table, presided over by Mrs. William Paige and Mrs. W. Stacey, was artistically centered with a large silver basket of lilacs, four slender silver vases of lilies of the valley and forget-me-nots, and the lovely gleaming Sheffield silver services.

Small vases of mauve and white lilacs and tiny purple menu cards, decorated with sprays of lilacs, adorned the small tea tables.

To Mrs. Clifford Waite, the tea convenor, goes much credit for the splendid success of this event. She was capably and willingly assisted in serving by Mrs. Edward Crawford, Mrs. M. H. Pegg, Miss Beatrice Everett, and the following young ladies of the church, the Misses Dorothy Woodward, Virginia Loach, Vivian and Sheila Cann and Marjorie Waite. Mrs. M. Roberts acted as treasurer. Mrs. James Arnold, Mrs. Grace O'Keefe and Mrs. Robert Neill, were in charge of activities in the kitchen, and Mrs. R. C. McFadden and Mrs. E. J. Tapp were in charge of the ice cream.

The following ladies had charge of the attractive booths, where the many beautiful and useful articles were eagerly purchased: Fancy work, Mrs. Maude Mills and Mrs. W. A. Fager; cooking, Mrs. Andrew Merrill, Mrs. E. S. Burbridge and Mrs. Frank Spry; aprons, Mrs. E. Deacon, Mrs. John Nichol and Mrs. J. E. Bellam; plants and flowers, Mrs. E. L. Atto and Mrs. W. H. Fisher.

The lovely lace centerpiece, donated by Mrs. Maude Mills, was won by Miss Bernice Glass, and the beautiful water jug donated by Mrs. T. D. Bozer, by the holder of number sixty.

The Guild wishes to express sincere thanks to all who gave or loaned flowers or assisted in any other way towards the success of this event.

TO DECORATE GRAVES

The graves of members of Myrtle Rebekah Lodge No. 28 and Havlock Lodge No. 5 will be decorated

in the near future, it was decided at the regular semi-monthly meeting of Myrtle Rebekah Lodge No. 28 held last evening in the I.O.O.F. Hall, with Sister Rhoda Hawes, Noble Grand, presiding over a good attendance of members.

A marker for a member who has passed away since the last meeting will be placed on her grave at St. Andrew in loving memory of her sisters of this lodge.

A report of the Rebekah Assembly of Quebec, held recently in Sherbrooke, was given by the delegate, Sister Hazel Crosby, P.N.G., and listened to with much interest.

Sister Winnifred Reed, of Sherbrooke, Past President of the Rebekah Assembly of Quebec, was present and extended her sincere thanks to this lodge for their gift of a hand-carved Indian coffee table which she gave her at the Assembly meeting upon her retirement as president. She also thanked them for the drill which they put on at that time, and for the co-operation and kind assistance which they have given her during her term of office. Sister Reed's mother, Sister Edith Reed, P.N.G., was present with her. Nominations were held for the officers of the ensuing term, and the election will be held at the next meeting.

Sister Margaret Spry, P.N.G., gave a report of the recent rummage sale held by the lodge in conjunction with the Past Noble Grand's Bridge Club, when a satisfactory sum was realized.

A report was also given by Sister Mildred Bown, P.N.G., on the proposed home bridges to be held this summer by the members for the Jewel Fund.

A communication, read by the secretary, Sister Beatrice Everett, P.N.G., from the Grand Sire, asked that a candidate be initiated on July 4th to honour the Lodges of the United States, and in a similar manner, in the United States on Canada's holiday, July 1st. This, he believed, would tend to strengthen the already strong feeling of goodwill which exists between the lodges of the two countries.

The secretary was instructed to extend the heartfelt sympathy of the members to the bereaved husband of Sister Martha Munroe, one of the lodge's most beloved members, who passed away since the last meeting, and whose funeral was attended by a body of the members wearing their emblematic badges.

General Notes.
Mrs. R. McCombe and three children, Ann, Robert and Richard, have returned to their home on Belvidere street, after spending a few days in Montreal, where they were visiting Mr. McCombe's parents, Dr. and Mrs. McCombe.

Dr. Mary O. Vaudry has returned to her home on Belvidere street, after spending a few days in Waterloo, where she visited friends.

The many friends of Rev. I. N. Kerr, who is a patient in the Sherbrooke Hospital, will be pleased to learn that he is progressing as well as can be expected. All join in best wishes for his speedy and complete recovery.

CARE ABOUT BASTINGS

If you are making a dress, remember that pleats must be pressed before removing the bastings. As the bastings will mark, it is best to press these parts lightly first, and remove the bastings before a final, thorough pressing.

STEELS LED IN FORWARD LIFT AT NEW YORK

Warm Reception for United States Steel Debenture Issue Resulted in Strengthening of New York Prices.

New York, June 2.—(P)—Steels and specialties led a quiet resumption of the forward tilt in today's stock market.

While the ticker tape moved at a leisurely gait from the start, gains running to two points or so, were fairly well distributed near the second hour.

Prominent on the advance were U.S. Steel, Bethlehem, Republic, Chrysler, Consolidated Edison, Westinghouse, General Electric, Eastman Kodak and International Harvester.

Bonds again displayed rising tendencies, apparently buoyed by the favorable reception announced for today's \$100,000,000 offering of U.S. Steel debentures. It was reported these were already being quoted at a premium.

Further strength in commodities was helpful for stocks. Aiding copper shares was a boost in the scrap metal and a lift in export rates.

FRACTIONAL GAINS PREDOMINANT AT MONTREAL

Montreal, June 2.—(P)—Fractional gains marked opening of trading on the Stock Exchange today though interlisted issues generally held unchanged.

Imperial Oil, International Petroleum, Dominion Steel and Coal "B" and Price Brothers showed small advances. Utilities were quiet, but Montreal Power managed a gain of 1/2 at 28 1/2. Nickel was unchanged and so was Canadian Pacific.

VALUES HIGHER THAN ANTICIPATED

The Duncro Corporation announced that the east drift on the second level, on which development of its properties is at present proceeding, is in ore and values considerably higher than were expected have been shown in recently completed assays.

According to officers of the Corporation, one car sample gave results of \$630, \$700, \$455, \$10.85 and \$7.00 which are considered very encouraging and indicative of a favorable formation east of the shaft. Further reports from the Corporation's engineers are awaited.

HIGH PERFORMANCE AND ALSO ECONOMY

Among the Many Valued Features Reported of Nash Ambassador Models.

Nash Ambassador models are reported to have demonstrated unusual motor efficiency and economy in operation. Features of the valve-in-head engine design which combine to achieve efficient, economical motor powers are twin ignition, direct down draft carburetion and Nash "super-hard" motor blocks.

The principle of valve-in-head engines is that the valves are located directly above the pistons. Energy created by the combination of the fuel mixture occurs directly over the piston head, facilitating increase in power output and elimination of power waste. The advantages of a freer passage for the fuel mixture, speedier filling of the cylinders and quicker disposal of exhaust gases are effectively attained by the distinctive Nash design.

Twin ignition, an exclusive Nash feature, has been applied in the engines of speed automobiles, speed planes and boats, with recognized effect. It consists of two spark plugs for each cylinder. First, the spark plug ignites the gas mixture, which is manifested in greater power, gasoline economy, and livelier performance of Nash models.

Combined with these efficiency features, Nash design includes 100 p.c. down-draft carburetion, the fuel mixture flowing from the carburetor by the quickest, most direct route, downward all the way into the cylinder.

All Nash cylinder blocks and cylinder heads are cast chrome nickel alloy iron—the hardest iron available for this purpose. Longer life of cylinder barrels, elimination of hardened valve seat inserts are referred to as other factors contributing to the high value and efficient, economic operation of the Nash cars.

GARDEN SOCIAL AT SCOTSTOWN WAS ENJOYABLE

Various Articles on Display at Garden Fair Sponsored by Women's Institute Found Ready Sale.

Scotstown, June 2.—The Women's Institute held their annual garden fair on the lawn of Mr. R. A. Scott, Dr. C. M. Smith and Mr. P. A. Sherman.

The various booths presented a festive appearance and were well-laden with a wide variety of articles for the garden.

Mrs. Philip Boy had charge of the smocks, apron and hats and carried on a keen business.

Of interest was a donation table of Canadian-made articles under the co-operation of Mrs. J. B. Scott and Mrs. R. A. Scott. The variety of articles on this table attracted many customers.

Under a large garden umbrella Mrs. Scarth and Mrs. Ladd carried on a lively business with perennials, shrubs, trees, garden fertilizer and the like.

In the cool of an arbour Mrs. K. R. MacLeod and Mrs. C. M. Smith sold many beautiful potted plants and hanging baskets, many of which were laden with fragrant blossoms.

Furniture, consisting of garden decorations, tables, trellises and chairs, temptingly spread on Dr. C. M. Smith's lawn was under Mrs. George Kinsey's supervision.

A table gaily decorated with a tulip cover and spread with bulbs, seeds, seedlings and potted tuberoses begonia under the sponsorship of Mrs. S. J. Scott and Mrs. Harvey Parsons did a thriving business.

Under the able co-operation of Mrs. Angus MacLennan a salad tea was served on Mr. P. A. Sherman's lawn, which presented a gala appearance with its well-laden tables and garden umbrellas.

As the day was rather warm the ice cream booth in charge of Mrs. K. Smith proved a source of great attraction, especially to the young folk.

At the close of the evening the conveners of the various booths brought the receipts of the day to be totaled and all voted the day a great financial success.

Much of the credit for the success of this enterprise is due to the untiring efforts of the president, Mrs. P. A. Sherman, to the conveners and to the patronage of various Institute members from Bury, Canterbury and Gould.

Everything in the various booths was sold except a few articles and plants which will be disposed of at the next regular meeting.

BRIDE-ELECT FETED

Miss Hope Scott and Miss Rita Mayhew entertained at a very enjoyable party on Saturday evening at the home of the former's parents, Mr. and Mrs. R. A. Scott, in honor of Miss Clara Parsons, a popular bride-to-be. The special feature of the evening was a presentation of a china "shower" to the bride-elect, the gifts being attractively arranged on a table centred with purple violets in a silver holder and placed within a bow decorated with purple and white, the colors of Bishop's University, of which Miss Parsons is a graduate.

Towards the close of the enjoyable social evening, a buffet lunch was served a large number of guests, the color scheme being continued on a lace covered table, with lilacs of the valley and purple tulips in a crystal container and white candles in silver holders.

During the evening several piano selections by Miss Rita Mayhew were much enjoyed.

The out-of-town guests were Miss Betty Sherman, of Manchester, N. H., Miss Wanda Orr, of Waterloo, and Miss Irene George, of Lennoxville.

French Hope Daladier Is Long-Sought "Strong Man"

London, June 2.—The economic dictator of France—absolute ruler of the marts of high finance as well as custodian of the little man's shabby pocketbook—seldom knew the sound of more than two francs jingling together in his jeans when he was a boy.

Edouard Daladier, whose title of Premier is almost secondary to his possession of full powers to "save the franc," is the son of a humble banker in the ancient town of Carpentras. And this stocky, pug-nacious-countenanced man who now holds the purse-strings of all France and was able just the other day, by personal decree, to raise State taxes eight per cent, was so poor in his youth that, except for the aid of hard-earned scholarships, he would have had no higher schooling at all.

After studying in the gymnasium of Lyons and, later, the university, Daladier practised law until the war broke out. He went in a subaltern. He came out a Colonel.

In 1919 he ran for the Chamber of Deputies in his native department of Orange and has been continuously re-elected ever since. Five years after he took his seat in Parliament, he became Minister of Colonies. In more than half the many cabinets that have been formed since then, he has held office.

Feared Fascism

In the troubled days of 1933, when French finances were going to the bad, Daladier formed his first cabinet on January 28. It only lasted till October 23 of the same year.

He was back as Premier on January 25, 1934, at one of the stormiest and most dangerous periods in French history. The Stavisky financial scandal had occurred. The extreme parties of the Right were demonstrating in the streets of Paris. Prefect of Police Chiappe had seemed over-tolerant of them and Daladier promptly fired him. On the night of February 6, 1934, an enormous clash occurred between police and rioters. Twenty were killed. A thousand rioters and 600 police and mobile guards were injured. Daladier and his colleagues were called assassins. They resigned on February 7.

But the riots had one immense result. Fear of Fascism brought together Daladier and Socialist Leon Blum, who had often fought each

Edouard Daladier

other. The Radical chief, the Socialist chief and Thorez, head of the Communists, appeared on the same platform in July, 1935, laying the foundation for the "Popular Front" which swept France in the next parliamentary elections.

Takes Bold Step

In May, 1936, Blum became Premier. Daladier became his Minister of War. In the second Blum cabinet, which fell just a few weeks ago, Daladier was once more War Minister.

Faced by the menace of the totalitarian states, Daladier took a bold step. He gave to Field Marshal Gamelin the supreme control of the army, the air force and the navy.

This "democrat stuffed with republican prejudices," as an opposition newspaper calls him, is aced up now with the soldiers. He is like them—short on speech, but long on action.

And France hopes Daladier may prove to be the "strong man" she has sought ever since losing Clemenceau and Poincare.

somewhat improved in health and made the trip very comfortably.

Mr. C. P. Rider has been confined to his room by illness.

Mr. Roy Alger and daughter, of Newport, Vt., spent the week-end here with relatives.

Mrs. E. C. Williams, who has been a guest of Mr. and Mrs. B. H. Rider, was called to East Barrington, N.H., on Saturday morning by the serious

DEATHS REPORTED

FUNERAL OF MRS. ERVIN L. MCINTYRE, DIXVILLE.

Dixville, June 2.—The funeral of Mrs. McIntyre, who passed away on May 10th, was held from her late home on Wednesday afternoon, May 11th, and was attended by a large number of relatives and friends. The service was conducted by Rev. C. P. England, of Waterville, a former pastor of the Baptist Church here, and for many years a friend of the deceased and her family. There were many beautiful floral offerings, silent tokens of respect for the departed.

A quartette composed of Mrs. E. W. Damon, Miss Frances Parker and Messrs. H. Judson Norris and Guelph Parker rendered the old hymn "The Sweet By-and-By." Mr. W. J. Parker acted as director and the Parker were Messrs. Ora A. McIntyre, Willis F. Wiggitt, James B. Robinson and A. W. Cushing. Interment was in the Crocker Cemetery.

Mrs. Mc Intyre nee (Lillie B. Swales), eldest daughter of the late Samuel and Elizabeth (Wright) Swales, was born in Dixville on March 23, 1887. Her marriage to Ervin L. McIntyre, second son of the late Mr. and Mrs. Seymour F. McIntyre, of this place, was solemnized on October 21, 1914. Of this union two daughters were born, the Misses Beryl L. and Esther E. McIntyre, who survive. She also leaves to mourn three sisters, Edith (Mrs. James B. Robinson) of Shawbridge; Ethel (Mrs. W. P. Wiggitt) and Julia (Mrs. A. W. Cushing), of Dixville, and a large number of relatives and many friends who will long cherish her memory.

The deceased was a faithful wife and mother and a devoted sister, a good neighbor and a woman of sterling character. In young womanhood she united with the Baptist Church, and in the intervening years was closely identified with the work of the B.Y.P.U. and Sunday School and in recent years the Ladies' Mission Circle.

Friends from out-of-town attending the service were Mr. and Mrs. James B. Robinson, Shawbridge; Mrs. Horlene Rose, Mr. and Mrs. Charles Rose, Mr. and Mrs. Kenneth Drew and daughter, Barnston; Mrs.

WEST BOLTON SOCIAL EVENT FINE SUCCESS

Younger Pupils of the Creek School Gave Surprise Party for Edythe Whitcher and Arthur Hastings on Their Birthdays.

West Bolton, June 2.—A dozen of the younger pupils of the Creek School met at the home of Mr. and Mrs. G. C. Whitcher to give Miss Edythe Whitcher and Master Arthur Hastings a surprise on the occasion of their birthday.

After a jolly afternoon of sports and games a delicious lunch was served, the central attraction being a beautifully decorated birthday cake inscribed with the names of Edythe and Arthur.

The little girls greatly enjoyed the favors and both Edythe and Arthur received small gifts.

In the evening the young people gathered at the home of Mr. and Mrs. Gerald Martin, of Frost Village, to give their daughter, Miss Norma, a surprise on her birthday.

A general good time was much enjoyed by all and cake sandwiches and coffee were served.

Miss Martin received a gift from the guests, Mr. Winfield Durrell making the presentation.

KLEINMEN AND HOBOES REMAIN UNDEFEATED

Hold First And Second In City Softball Loop

Kayser Downed J. N. Boisvert Six to Three and Hoboes Upset New Wellington Five to Four—Textile Scored Easy Nine to Two Victory Over Hapless Etoile Filante.

Kayser defeated J. N. Boisvert six to three, Textile downed Etoile Filante nine to two and Hoboes edged out a five to four decision over New Wellington in the City Softball League games on the Parade Grounds last night.

By virtue of their victory Kayser took over first place in the loop and Hoboes climbed to second. New Wellington's defeat dropped them into second place, one game behind the leaders.

With "Buzz" Demass hurling four-hit ball the Kleinmen had little difficulty in disposing of Boisvert.

Kayser rang up two runs in the first inning, Courchesne doubled and scored on Paul Drapeau's lousy two-bagger, while Latulippe drove Drapeau in with a third two-base knock.

Cy Moore and Corcoran crossed the plate in the Boisvert half of the inning to tie the score at two-all, but Drapeau doubled in the third to score Courchesne and place Kayser one run in the lead.

Moore tallied again in the third to even the game, but a triple by Latulippe and a circuit clout by Chartier gave Kayser a two-run lead which was stretched to three in the seventh by Dion's run. Boisvert were held scoreless during the last four frames.

Line-ups:
Kayser: Courchesne, Drapeau, Dion, Chartier, Latulippe, Pinard, Morin, Guay, Audet and Demass.
Boisvert: Moore, MacLean, Corcoran, Paton, Murray, F. Slater, Rousseau, E. Heath, G. Slater and H. Heath.

Score by innings:
Kayser 201 020 1-5 9 0
Boisvert 201 000 0-3 4 4
Batteries: Demass and Pinard; Corcoran and G. Slater.

HOBOS STOPPED NEW WELLINGTON
Scoring two runs in the first inning and two in the fifth and eighth Hoboes upset New Wellington's plans for an undefeated season by holding them to four runs for a five to four triumph.

Luke Lesage's long triple driving home Charlie Clark and H. Boisvert, who had been given free tickets to

first base by Harry Kouri, New Wellington finger, gave the Hoboes a two to nothing lead in the opening inning, while three more runners crossed the plate in the fifth when H. Boisvert homered to score Murphy and Clark.

The hotelmen staged a belated rally in the last two innings and Leo Fournier, Ben Rousseau, Dunc McLeod and R. Leclerc tallied but Armand Filion tightened up and retired the side.

Line-ups:
Hoboes: Murphy, Clark, H. Boisvert, Lepage, Filion, Choquette, Parsons, Naeau, L. Boisvert and Milton.

New Wellington: Gosselin, Fournier, Rousseau, Brault, McLeod, Duchard and Kouri.

Score by innings:
Hoboes 200 030 0-5 7 3
New Wellington 000 003 1-4 7 1
Batteries: Filion and L. Boisvert; Kouri and McLeod.

TEXTILE SCORED EASY WIN
Petit scored in the second inning to send Etoile Filante into an early lead in their game against Textile, but Luc Roy and G. Riel tallied in the third to put Textile ahead two to one.

Roy, Humphrey and R. Baker scored in the fifth and Lefebvre, J. Riel, Raymond and Roy in the sixth to give Textile a nine to one lead, and Etoile Filante's last inning rally was good for only one run, so the final result was nine to two for Textile.

Line-ups:
Textile: Courchesne, Drapeau, Dion, Chartier, Latulippe, Pinard, Morin, Guay, Audet and Demass.
Etoile Filante: Roy, Humphrey, R. Baker, Lefebvre, J. Riel, Raymond and Roy in the sixth to give Textile a nine to one lead, and Etoile Filante's last inning rally was good for only one run, so the final result was nine to two for Textile.

Score by innings:
Textile 201 020 1-5 9 0
Etoile Filante 201 000 0-3 4 4
Batteries: Demass and Pinard; Corcoran and G. Slater.

Somewhat it was hard to listen to the description of the Henry Armstrong-Barney Ross fight on the radio Tuesday night.

After the first few rounds, when Barney stood right up there and traded toe-to-toe punches with the California clouter, the battle turned into a rout and it was only a question of time, it seemed, before Armstrong would stretch the gallant champion out on the canvas.

One could see right into Madison Square Garden Bowl with the mind's eye and watch the crowd, for the most part cheering for the Chicago lad, rock with excitement in the first three rounds, only to gradually take on a resigned attitude, their exultation at his showing gone as Ross weakened. At the twelve-round mark there were cries for Arthur Donovan to stop the fight, but Ross wouldn't give up and was on his feet to the last.

Thus, with his head high and his courage unbroken, did a champion turn his back on the scenes of his triumphs, flinging down his torch to a youthful ebony warrior who well deserved to grasp it and carry it aloft.

Ross will never be forgotten for his courageous stand, and for his brilliant battles against Jim McLarnin and other top notch pugilists.

The new welterweight champ is already looking for new fields to conquer and has chosen Lou Ambers as his next victim.

Armstrong, described by one observer as "the nearest thing to perpetual motion I have ever seen," should go a long way before he reaches the end of the fistful trail.

Bois Roussel, a twenty to nothing shot in pre-Deby betting, whisked over a difficult uphill homestretch at Epsom Downs yesterday and flashed home four lengths ahead of Scottish Union to record another of the upsets which crop up with confusing regularity in the realms of sport.

H. E. Morris' Pasch, the top-heavy favorite, was third, two lengths behind Scottish Union and six lengths in the rear of the winner.

Bois Roussel was well-supported in pre-race wagering and on the morning of the classic was bandied about the stands as a "hot tip."

A certain Canadian using the name "Bad Luck" did all right for himself, collecting the sum of \$150,000 as a result of Bois Roussel's victory. Aurele Labelle, of Buckingham, Que., and William Riddle, of Mount Pleasant, Ont., won \$50,000 each, but had to split with co-sharers of their tickets.

A lot of money changes hands in the sweeps every year. Many people win but a whole host of others exclaim annually, "It's nice work if you can get it."

"Columbia Lou" Gehrig, the "Iron Man" of the mighty New York Yankees, is still going strong after thirteen years of service in the uniform of Col. Jake Ruppert, Gotham beer baron. He has changed a lot from the piano-legged youngster who got into the New York line-up in 1925 as substitute for famous Wally Pipp and today, a grizzled veteran from the point of view of years of service and experience, he is a grim-lipped performer whom fans consider as much a part of the Yanks as their famous stadium.

When he broke into the game Ty Cobb, Grover Cleveland Alexander, Eddie Collins and Walter Johnson were in harness. They faded, as did the luminaries in the period of the great Herman "Babe" Ruth, but Gehrig goes marching on, aiming his sights at his 2,500th game.

It looks as if the Yanks have finally hit their stride. In the past two years, after floundering around aimlessly for about a month, the team has tightened up to commence uninterrupted marches to the world's championship, and they show signs of preparing to repeat their feat.

Bill Knickerbocker, purchased from Cleveland to bolster the Ruppert Rifes at second base in the event that young Gordon, brought up from Newark, failed to deliver, is beginning to pound the pellet in true Yankee fashion, while Dickey, Rolfe, DiMaggio and Gehrig, noted members of the feared Murderers' Row, are hurling defiance in the teeth of the Cleveland Indians and Joe Cronin's Red Sox. Keep your eyes on the Yanks. They're pennant-bent again.

Tommy Osborne, British Empire heavyweight boxing champion, walked to a first round K. O. over Paul Pross, of New York, in his professional debut at Montreal. Although spotting Pross an advantage of ten and a half pounds in weight, the Montreal rushed his man from the start and floored him with hard rights and lefts in a minute and twenty seconds of the first round.

Somewhat or other the whole thing seemed to be a trifle hard to understand. Many of the crowd booed the New York pugilist and accused him of taking the proverbial "dive."

However, experts claim that Osborne hit him with everything he had, and when Osborne gets into the ring he doesn't pull his punches.

With a little more experience the young professional should make a fine showing against the top-ranking heavies.

It would be a great thing if we could have a Canadian heavyweight champ.

Thirty or more species of Philippine lumber now are appearing in world export markets.

IRISH GREENS STRETCH LEAD BY SMART WIN

Downed St. Pat's Whites to Increase Margin over the Second-Place S.H.S. in the Local Inter-School Softball League.

Sherbrooke High School and St. Pat's Greens scored one-sided victories yesterday in the scheduled Inter-School Softball League. Y.M.C.A. A went down to a seventeen to eleven defeat at the hands of the High School lads, while the St. Pat's Whites were trounced sixteen to six by their school mates.

S.H.S. unlimbered their heavy siege guns to blast out their victory over the "Y" team after their opponents had taken a seven to five lead in the first two innings in a rally featured by three homers, two off the bat of Bill Stewart and one by Campbell.

The High School team went to work in the fourth and piled up eight runs and were never in danger from then on.

Jim Clowery and Gordon Stewart hit for the circuit while "Cook" Jackson connected for three two-baggers.

Jeff Wilson was the most effective hitter on the "Y" squad, smashing two doubles and scoring three runs.

Score by innings:
S.H.S. 032 801 3-17 16 11
Y.M.C.A. 161 200 1-11 13 23
Batteries: G. Stewart and R. Campbell; Stevens, Bishop and W. Jackson.

GREENS TOO POWERFUL FOR WHITES
Led by Lebrun and Barlow the St. Pat's Greens marked up eight runs in the first five innings against the Whites and held a two-run lead going into the sixth.

In the sixth the Greens ran wild

for eight more runs. Johnny Southern lining a terrific smash into left field for the only four-ply clout of the game.

Udall, Daniels and Wilcox alternated on the mound for the winners, with Daniels turning in the most effective performance.

Johnny Dupont paced the losing team with three singles and a two-bagger while Howard and C. Vincent also played well.

Score by innings:
Greens 104 128 0-16 23 9
Whites 030 120 0-6 14 15
Batteries: Udall, Wilcox, Daniels and Blais; Pelletier and Dupont.

GOLF

HORTON SMITH HAS GOLFING BRIDE

Springfield, Mo., June 2.—(A)—Horton Smith, professional golfer, brought Miss Barbara Louise Bourne, heiress to a part of the Singer Sewing Machine fortune, here to visit his parents last night and said they probably would be married in the fall.

Barbara Bourne is a top-ranking golfer herself. Last year she defeated Mildred "Babe" Didrikson in the Aiken, S.C., women's tournament, only to lose to Patty Berg, of Minneapolis, in the finals. Her romance with Smith grew on the links.

New York, June 2.—(P)—They fattened up Henry Armstrong for the Barney Ross scrap with sherry, stout and beer. Henry got a glass of sherry with an egg in it every morning for breakfast and in the evening he was given a glass of stout and a bottle of beer with his dinner.

Bill Terry is trying desperately for a second sacker. He tried to get Tony Cuccinello from the Bees and now is after Alex Kampouris of the Reds. Burgess Whitehead not only is out for the season, but his baseball career is threatened.

STUMPED

Paul Waner, who has a habit of leading National League batters and has an average of .349 for 12 years, sits before the mirror, looks at the record book, and asks, "Is this the same bloke I'm reading about?" The famous Pittsburgh outfielder's average dropped below .200 in the worst slump he's ever experienced.

SMALL MINIONS WERE DEFEATED IN TOUGH TILT

St. Hyacinthe Bunched Hits to Down Charley Small's Team Three to Two—Three Rivers Won Against Quebec.

Sherbrooke lost a heart-breaking three to two decision to Jim Irving's St. Hyacinthe aggregation on the latter teams home diamond last night, while Three Rivers downed Quebec eight to three.

Young Calvert, Sherbrooke pitcher, hurled fine ball throughout the game, limiting the Saints to five safeties, but his mates were unable to bunch their eight hits for more than two runs.

Sweeney marked up the first St. Hyacinthe run in the second inning. After getting a free ticket to the initial sack the Saints' third baseman worked his way around to first and scored on a single by Fox. Sweeney singled in the sixth and scored again on pitcher Andrews' long double over Dale Allen's head in centre field.

Sherbrooke drew even in the seventh, Barry and Allen hit successive singles, were advanced on a sacrifice by "Lefty" Joyce, who was playing in the outfield, and were driven home by Charley Small.

The winning St. Hyacinthe run came in the last half of the seventh inning as Cicero poled out a double and yaced across the plate on a two-bagger by Poitank.

Dave Barry hit three singles for Sherbrooke to top the hitters on both teams.

Score by innings:
St. Hyacinthe 010 001 10x-3 5 1
Sherbrooke 000 000 200-2 8 2
Batteries: Calvert and Barry; Andrews and O'Flaherty.

THREE RIVERS RALLIED TO WIN

Wiping out Quebec's two run lead with a five-run outburst in the fifth inning, Pinky Hargreaves' Three Rivers men proceeded to ring up an eight to three triumph over the visiting Athletics.

Manager Hargreaves smashed out a long single to drive Crowley and Conley home and spark the rally, then a pass to Trudel and doubles by Martin and Sullivan notched three more tallies.

The Trifurcians nine scored single runs in the first, seventh and eighth frames while Quebec tallied in the first, fourth and fifth.

Roland Shapiro, leaping catch of a drive by Shapiro with "base hit" written all over it was the feature of the game. Gladu also led the visitors at bat with a triple and single.

Score by innings:
Three Rivers 100 050 11x-8 7 1
Quebec 100 110 000-3 7 1
Batteries: Robinson, Shapiro and Conley; Pepper, Marshall and Bennett.

ARMSTRONG IS LIKEABLE LAD OUTSIDE RING

Although a Vengeful Fighter, Called by Many a Human Destroyer, Henry Is Different in Everyday Life.

New York, June 2.—(A)—Henry Armstrong devoted an hour to giving Barney Ross one of the most unmerciful beatings ever meted out to a champion, and then spent hours trying to raise Barney on the telephone to ask how he was feeling.

Henry must have known yesterday how Barney felt, because it was no secret that Barney's face was terribly swollen and that he was grieving for his lost welterweight title. But it was typical of Armstrong, a friendly little negro, that he would want to say he was sorry.

Armstrong is a vengeful fighter. He has been called many kinds of assassin and human destroyer lately. But outside the ring he is an exceptionally likeable and pleasant person.

Even should he add the lightweight crown to his title collection when he meets champion Lou Ambers July 26, there is not likely to be a popular demand for a "white hope" to knock Henry's ears down.

He is such an amazing fighter and wears his laurels so modestly that his popularity is likely to increase with every scrap.

At twenty-five, he is a solid family man, with a wife and child and a home in Los Angeles. He sings in his church choir every Sunday when he is at home.

PITCHERS DOMINATE BIG LEAGUE PLAY

New York, June 2.—(P)—Four players, three of them pitchers, share top honors in the Associated Press' first roundup of stars for the 1938 season.

Based on the daily tabulation of "Yesterday's Stars," pitchers "Red" Ruffing, of the Yankees, Paul Derringer, Cincinnati's come-backer, and Cleveland Bobby Feller, and "Roundhouse" Rudy York, Detroit wallpaper, were deadlocked for the top. Each was mentioned five times in the Associated Press' daily list from the beginning of the season, April 19, up to Tuesday's games.

Connie Mack's Outfit Humbled Loop Leaders

Athletics Thumped Cleveland Indians Nine to Five—Have Won Seven Out of Last Ten Starts in Drive Which Has Carried Them into Sixth Place—Pirates Downed Terry's Giants.

They laughed when old Cornelius McGillicuddy hinted he might do something with his apathetic Athletics this season. They laughed when he tossed a couple of former college boys into his line-up, and they wanted to know if he thought a Ph.D. or two could change a situation that looked like the cellar from Philadelphia to Moscow and back.

But they're laughing out of the other side of their faces now. For the venerable Mr. McGillicuddy—he's the same old Connie Mack, of course—looks like he really might have something there in Philly.

Now don't get the wrong impression. It's definitely not a pennant winner that the lean leader has put together; and it's extremely doubtful if even so excellent a tactician as cagy Connie can pull his boys out of second-division darkness.

But several of the young gentlemen have been doing such tricks recently that Mr. Mack finds them in the American League's sixth place today, with seven wins in their last ten starts, the latest a nine to five thumping they handed Cleveland's league-leading Indians yesterday.

Their record shows seventy-five runs in 109 hits in the last eleven games and even Bill Terry is looking enviously at that power. For Bill's Giants are deep in a hitting slump—so deep, in fact, that they've managed to score just one run in the twenty-seven innings of their last three starts, all of them losing efforts. Even against their customary cousins, Pittsburgh Pirates, the National League leaders looked pretty sour yesterday as they dropped a four to one decision, with young Russ Bauers turning in a five-hitter.

Yanks found Vernon Kennedy's flinging too much and were belted around eight to four by Detroit Tigers. Kennedy chalked up his eighth straight and Hank Greenberg hit his thirteenth homer in this one.

The Giants' lead, meantime, was shaved to two games over the Cubs, whose clash with Boston's third-place Bees was rained out. Cardinals featured homers by "Ducky" Medwick and Enos Slaughter in walloping Phillies nine to four, and Johnny Vandemeer pitched a five-hitter to give Cincinnati Reds a four to one victory over Brooklyn Dodgers.

Joe Cronin's homer with two aboard was enough for Boston Red Sox to trounce St. Louis Browns six to three. Buddy Lewis' ninth-inning single drove in the run that enabled Washington Senators to nose out White Sox five to four.

KELLER WIELDS MIGHTY BAT
Charley Keller, clouting outfielder of Newark Bears, of the International League, is one piece of baseball "ivory" who is getting more valuable with age.

Last year when he led the International's batters with a .353 average after coming straight from the University of Maryland, Keller was the answer to fifteen big league managers' prayers, but just a pleasant problem to Joe McCarthy, of the New York Yankees.

McCarthy would have liked to use the twenty-one year old slugger but with a few guys named DiMaggio, Hendich, Selkirk and Hoag around, there wasn't room in the outfield for the prize rookie of the circuit, so Keller was forced to remain with the Bears.

The youthful flycatcher hasn't wasted any time on regrets. He's been powdering the ball at such a murderous clip that Bob Quinn, general manager of the stingless Boston Bees, vainly offered \$75,000 for him.

Over the .400 mark all season, Keller boasted his average, several notches yesterday when he walked out four hits in as many tributes including a homer and double, and drove in five runs. His big bat paced

the Bears to a seven to three victory—their fifth straight—over Syracuse Chiefs and moved the league leaders four games in front of the idle Buffalo Bisons and Rochester Red Wings, who are in a virtual tie for second.

The Chiefs defeat dropped them out of the first division and Toronto Maple Leafs moved in with a nine to three triumph over Montreal Royals as Frank Reiber batter in six runs with a homer and double.

Jersey City Giants stopped Baltimore Orioles by seven to one behind the one-hit pitching of Tom Baker in the other game of the day.

Baker, who held the Orioles to three hits in his last start against them, fanned four and walked eight, with Bucky Crouse's looping Texas leaguer into centerfield the only safe blow off his delivery.

NORTH HATLEY WAS SCENE OF AMUSING PLAY

Large and Appreciative Audience Enjoyed Three-Act Play "You're Telling Me" Presented by Local Talent.

North Hatley, June 2.—A large audience enjoyed a three-act play entitled, "You're Telling Me" presented by local talent under the auspices of the Community Club in the Town Hall here.

The cast of characters was as follows: Mrs. Venita Carstairs, in whose home the entire play took place, Elizabeth Bennett; George Carstairs, her lazy brother, Merritt LeBaron; Kit Carstairs, her daughter; Doris Guild; Mrs. Antoinette Regan, who has just inherited a large sum of money, Emily LeBaron; Teddie Regan, her oldest daughter, who is movie-mad; Lillian Bowen; Marleen Regan, her youngest daughter; Muriel Parkes; Pamela Snowden; Kitts dearest friend Ruth Seguin; Lloyd Hamilton, who poses as the butler, Bruce McKay; Ward Wanger, her friend; Suphrine Gomez; Edouard LaRue, the real Lord Hamilton; Stewart Reed.

The entire play takes place in the home of Mrs. Venita Carstairs and her daughter, Kit, who has a plan to make some money. She invites the Regan's to visit them to meet members of the nobility. She gets Pamela to pose as a Lady, to impress the Regan's, and Fredericks, the butler, overhearing them, has his friend Ward pretend to be Lord Hamilton. Pamela turns out to be a cousin of the Regan's and in some way is believed to be married to Lord Hamilton. Finally all this is straightened out by the appearance of the real Lord Hamilton, under the name of Edouard LaRue, who has read the announcement in the newspapers of the engagement to Kit to Lord Hamilton, given out when Mrs. Carstairs believed Lloyd Hamilton is Lord Hamilton.

It turns out that Lloyd really accepted the position as butler in the Carstairs home to be near Pamela and Ward has fallen madly in love with Kit. Mrs. Regan and George Carstairs find they have very much in common, Teddie has a chance to prove to her mother that she can really act when she persuades Marleen to disappear and pretend to kill herself, but Marleen cannot wait, and appears with the news that Mrs. Carstairs has gone to marry Lord Hamilton, then believed to be Ward.

Thedda thinks that Edouard looks exactly like a movie hero and succeeds in getting him to take her up in his airplane. Mrs. Regan believes that Thedda has found herself a title at least. The trouble is finally cleared up and the play ends happily for all concerned.

Rev. and Mrs. W. J. Baxter rendered several piano duets and the Misses Muriel Bowen, Marcella and Pauline Vaisard sang, "Good Night Angel" and "Where Have We Met Before?" between acts. God Save the King was sung to bring the play to a close.

Lunch was served the members of the cast and those who assisted in any way in the Community Hall by several members of the Club. Much thanks is due Mrs. A. B. Vintinner, who directed the play, Mrs. J. A. Seguin, Kenneth Basset, who handled the sound effects, Nelson Pike, who sold tickets, Rev. and Mrs. Baxter, the members of the Community Club, and all those who helped in any way.

General Notes.

Rev. R. L. Weiss, in speaking of "John Wesley, Saint," on Sunday, May 22nd, stated that Universalists were particularly interested in Wesley for two reasons; the fact that he was one of the saintly men of all time and thus a true member of the Church Universal, and because of his warm friendship for the father of John Murray, the founder of American Universalism.

Mr. Weiss was requested to assist at the funeral service of Mrs. D. L. Allen, in Waterloo, on May 21st. Mrs. Allen, who had been confined to her bed for the past three years, was formerly president of the Women's Missionary Society of the Universalist denomination and was widely known in church circles. After the Universalist Church in Waterloo the present Masonic Temple, was closed she attended the Anglican Church. The new rector, Mr. Stans, assisted by Mr. Weiss, conducted the last rites.
