ACTIVITY OF ENEMY ARTILLERY ALONG WHOLE FRONT IN FRANCE MAY BE PRELUDE TO OFFENSIVE

British Carry Out Operation in Flanders Front and Advance Line Short Distance. German Attacks in the Villers-Bretonneux area Were Repulsed—French Troops Retain Positions Recently Taken From Enemy in the Mont Didier Front—Since June 15 French and American Troops Have Captured 5400 Prisoners Including 60 Officers.

(Associated Press Despatch)

PARIS, July 10.—Artillery duels on the front north of Mont Didier and south of the Aisne, near Chavigny Farm, where French troops have recently made inroads on the German roads, were announced by the War Office today.

ENEMY ACTIVITY IN AMIENS REGION.

(Associated Press Despatch)

LONDON, July 10.—Considerable activity was developed early this morning by the German artillery and machine guns in the region east of Amiens, from the vicinity of Villers-Bretonneux to the Ancre, says today's War Office report.

The Germans delivered local attacks in the Villers-Bretonneux area, but these were repulsed.

On the Flanders front the British carried out an operation in the vicinity of Merris, northeast of Nieppe Wood, by means of which the line was advanced a short distance and prisoners were taken.

LULL ON AMERICAN FRONT.

(Associated Press Despatch)

With the American Army on the Marne, July 10.—The fronts west and east of Chateau Thierry where American troops hold positions have been unusually quiet, but it is believed that heavy fighting may break loose at any moment.

Last night the enemy artillery fire was far below normal. The American gunners maintained an intermittent bombardment of the enemy lines, especially in the region of Hill 204, west of Chateau Thierry.

FRENCH HARASSING ENEMY.

(Associated Press Despatch)

PARIS, July 10.—(Havas Agency)—Since the last German offensive, despite the absence of actions on a large scale, says a semi-official statement, the French troops have harassed the enemy by minor operations, improved the positions and captured numerous prisoners. Since June 15 the number of prisoners taken with the co-operation of the Americans, who especially distinguished themselves at Belleau Wood and Vaux, is 5,400, including sixty officers.

ALLIED FORCES MAKE SEVERAL ATTACKS ON FOE

(Associated Press Summary.)

While waiting for the German command to show its hand in beginning a new assault, the Allied forces on the western front are giving the enemy little opportunity to perfect his arrangements for launching his expected but still deferred attack. From the Lys sector, on the north, to the Champagne front, in eastern France, there have been sudden thrusts at the German lines, at least one of which has made considerable ground.

This particular blow was struck by the French, west of the Oise and north of the Matz River, on the battlefield, where the Germans were stopped short in their attempts to hew their way through the Compiègne early in June.

The French advanced along the Compiègne road northwest of Anteuil and occupied the Loge and Porte farms on each side of the highway. The ground they have taken is important from a defensive standpoint, and cuts down the area in which the Germans must manoeuvre in this part of the battle area.

There seems to have been some spirited fighting on the British front along La Bassée Canal, northwest of Lens, and north of the Somme, in the Picardy sector. Berlin announces that the British were repulsed in frequently repeated attacks in the former region, and adds that their attacks north of the Somme broke down.

The French attack at Anteuil is merely mentioned in the official German statement, which says, however, that attacks in the Villers-Coterets and Chateau Thierry sectors were repulsed by the Germans.

While the fighting on the Macedonian and Albanian frontiers must remain a side issue to the great battles that are expected momentarily in France, and possibly Northern Italy, the progress of the French and Italians along the Albanian coast brings that theatre of the war into consideration.

Rapid strides have been made since the French and Italian assault was launched north of Avlona on July 6. Strong Austrian positions have been stormed, and it appears that the Allies have been successful in turning the Austrian right wing. An official statement from Rome says that Italian cavalry have gained the Austrian rear and destroyed bridges across the Semini River, which parallels the Vojussa, where the attack was begun. This marks an advance of about fifteen miles.

ANTI-SPY LAW IN SPAIN.

MADRID, July 10.—Publication of any news of the movement of merchantmen is prohibited beginning today. This is the first application of the new anti-spy law.

AUSTRIA HAS DECLINED HUN ARMY LEADER

Reason Given is that Germany Refused to Send Twelve German Divisions to Italian Front With Commander.

(Associated Press Despatch)

ROME, July 10.—Austria has declined to accept General Otto von Buelow as commander-in-chief of the forces on the Italian front, because Germany refused to send twelve German divisions with him, according to the newspaper Epoca, which bases the statement on advices from a Swiss source.

Austria, it adds, has temporarily given up the idea of revenging herself for her recent defeat by Italy.

Despatches from Rome through Paris on July 7 reported that Germany intended sending three army corps to aid Austria, to be put under General Otto von Buelow as commander-in-chief on the Italian front. Reports from Zurich several days earlier declared that General von Buelow had been appointed commander-in-chief, but there has been no official confirmation that such a change in command had been effected or was contemplated.

NO DECISION AS TO ACTION IN RUSSIA

U. S. Government Has Made No Definite Plans as to Military Aid Owing to Rapid Changes in Situation.

(Associated Press Despatch)

WASHINGTON, D.C., July 10.—The Government regards the situation in Russia as so rapidly and constantly changing as to make it impossible to come as yet to any decision as to what military aid may be extended by the United States. This was stated authoritatively today.

All of the plans so far submitted which involve military action, the United States Government feels, involve at the same time a weakening of the western front. It is the decision of the Government that nothing must be permitted to detract from the military strength in France and Belgium.

The project for extending economic aid, it was stated, is going forward favorably.

WARNED GERMANS TO GET RID OF GOVERNMENT

Prussian Deputy Declared that America's Millions of Soldiers Will Prove Too Strong a Force to Combat.

(Associated Press Despatch)

WASHINGTON, July 10.—An official despatch from Switzerland says that the Independent Socialist Deputy Stroebel, in a violent speech in the Prussian Landtag recently, denounced the German Government for its efforts to secure a peace by force. He warned the German people that unless they rid themselves of their government, and send their politicians of war and rapine to the devil, "America's millions of soldiers will prove too strong a force to combat."

SERBIANS WILLING TO SERVE IN U. S. ARMY

Order to Deport Men from Kansas City to Sussex, N. B., Has Been Cancelled.

(Associated Press Despatch)

PORT HURON, MICH., July 10.—United States Provost Marshal General Crowder has wired draft board officials to refuse permission to deport forty-three Serbians detained here, who were sent to Sussex, N. B., for service in the British army by Kansas City officers. The men have been ordered back to Kansas City. All the Serbians are eligible and willing to serve in the United States army, it is said.

DUNKIRK HOLDS RECORD FOR BEING BOMBARDED

(Associated Press Despatch)

DUNKIRK, France, July 10.—This city on the North Sea coast of France holds the record for having been bombed from land, sea and air. It has received bombs from airplanes, torpedoes from dirigibles, shells from German destroyers and projectiles from 14-inch guns. The number of alarms up to July 4 totalled 400.

INTERVENTION OF ALLIED TROOPS AT KOLA PORT

Report Given of Measures Taken to Aid Non-Bolshevik Russians Along the Murman Coast and Railway.

(Associated Press Despatch)

LONDON, July 10.—Measures taken by the Allies to aid non-Bolshevik Russians on the Murman coast, and protecting the Murman railroad and the ice free port of Kola are summarized by the Daily Express from Russian newspapers. While the Bolsheviks opposed the landing of allied troops, and even agreed to trade the Murman coast to Finland, the local population has decided to join the Allies and secede from the Bolsheviks.

The first allied intervention occurred early in April, when Finnish White Guards, assisted by Germans, faced the Red Guards at Kom. The Red Guards were reinforced by an Anglo-French detachment that had come up on armored train. The next Russian report mentions the landing of a force of British marines to co-operate in the defence of the coast. Defensive measures were said to be under the leadership of three men, a Russian, a Britisher and a Frenchman.

Two British and one French warship, and some British trawlers were in the harbor of Kola in addition to a Russian squadron. A report from the committee of the White Sea fleet to the Russian naval commissioner in Moscow, printed in a Russian paper, said that Kemp (assumed to be rear-Admiral Kemp, of the British navy) had declared there was no aggressive design regarding the Murman region, only a desire to help the Russian republic and protect the coast and the railroad. He also offered to assist in developing the local fisheries.

The Bolshevik Government, however, made public a protest through the Russian wireless on June 30. Leon Trotsky, the War Minister, on July 1, denounced as high treason, any help given "the foreign detachment which has invaded the Soviet republic," he also proclaimed M. Yuriv, president of the local Soviet, a traitor and an enemy of the people.

A despatch to the Daily Mail from Copenhagen dated Monday quotes German papers as saying that there are 25,000 Bolshevik troops left on Kola peninsula.

PLAN WELCOME FOR DR. BELAND

Big Demonstration Will Mark His Return to His Native Village in Beauce County.

QUEBEC, July 10.—When Hon. Dr. Beland, returning after being three years a prisoner in Hunland, puts his foot into his old riding of Beauce, the first public act he will be called upon to perform will be to assist at the celebration of a solemn Te Deum of thanksgiving, offered by the citizens generally, for his safe delivery from the hands of the Germans. The Beauce people are determined that it will be no small turnout which will greet their released representative in the Commons.

Though the exact date of his arrival is not yet known, they have set on foot a movement calling upon everyone to participate in the demonstration. There will be a special train to accommodate the hundreds from the riding who will come up to Levis to meet the Intercolonial train, which will arrive at 3.30 in the afternoon. At the Levis station an address of welcome will be read, and Hon. Dr. Beland will be conducted to the Quebec Central special, which will be waiting on an adjoining track.

115 PERSONS KILLED IN WRECK

Latest Reports Indicate that 50 White and 65 Negroes Were Victims of Railway Collision.

(Associated Press Despatch)

NASHVILLE, TENN., July 10.—Latest reports from the morgues and hospitals indicate that fifty white persons and sixty-five negroes were killed, and that one hundred were injured in the head-on collision between the two passenger trains on the Nashville, Chattanooga and St. Louis Railway near this city.

A number of the injured are expected to die. The track was cleared late last night, and trains today are running through the piles of wreckage.

No official statement has been made as to the cause of the collision between the trains.

CZECHO-SLOVAK TROOPS DESIRE TO GO TO FRANCE

Force Now Operating in Russia Send Memo that They Do Not Wish to Be Mixed Up in Russian Internal Affairs.

(Associated Press Despatch)

LONDON, July 10.—Czecho-Slovak troops now operating in Russia desire to fight on the western front, and do not want to be mixed up in Russian internal affairs. A memo to this effect has been presented to Japanese Foreign Minister and the Allied Ambassadors in Tokyo by Colonel Vladimir Hurban, on behalf of the Czecho-Slovak national council, says the correspondent of the Times at the Japanese capital.

The memo says among other things that the conflict between the Czecho-Slovaks and the Russian Soviets must be settled for the following reasons:

"Our forces are acting in Russia according to the orders of the Czecho-Slovak Council, which can only be modified by Professor T. G. Masaryk in agreement with the other members of the council. The orders are to transport the forces from Russia to the French front.

"The Czech army consists of volunteers whose objective is to fight Germany and Austria, to liberate the Czecho-Slovak nation, and to establish an independent state. We shall pursue this course to the last man. We desire above all to exhibit our determination on the battlefields of France.

"The Czecho-Slovaks are a subjugated nation making the first steps toward liberation by paying a blood tribute, and have no moral right to pursue a policy of protection with regard to such a state as Russia. No party in Russia, and no class, is capable of establishing anything that will endure. Order must be re-established by force, firm, energetic but friendly and humane force, which will open to the Russians the possibility of again finding themselves.

"For obvious reasons the Czecho-Slovaks cannot attempt to accomplish this. Their clear duty is to pursue a strategic movement toward France."

FRAME NEW WAR TAX LEGISLATION IN UNITED STATES

List of Articles to Come Under New Tariff Includes Clothing for Men and Women and Other Necessities.

(Associated Press Despatch)

WASHINGTON, D.C., July 10.—Preparations for framing the new war revenue bill went forward in the House Ways and Means Committee today with attention centring upon the list of suggestions for new or higher taxes on luxuries and necessities, submitted yesterday by the Treasury Department.

Members of the committee indicated that the list would form the basis for consumption taxes in their draft of the bill, though some of the proposals would be changed and others disregarded.

Besides doubling present taxes on liquors and tobacco, quadrupling soft drinks levies, and making general increases in other existing rates, the treasury suggestions include taxes of 50 per cent. on retail prices of jewelry, watches and clocks, except those sold to army or navy men; 20 per cent. on automobiles, bicycles, musical instruments, etc.; 10 cents a gallon on gasoline, to be paid by the wholesaler; 10 per cent. on hotel bills for rooms over \$2.50 a day, or American plan over \$5; 10 per cent. on all cafe or restaurants bills, and taxes of unstated amounts on men's suits selling for more than \$20, women's suits over \$40 and coats over \$30, men's hats over \$4, shirts over \$2, pyjamas over \$2, hosiery over 35 cents, shoes over \$5, gloves over \$2, underwear over \$3, all neckwear and canes, women's dresses over \$25, skirts over \$15, hats over \$10, shoes over \$6, lingerie over \$5, corsets over \$5, and all furs, fans, etc., children's clothing, including suits over \$15; purses, toilet articles, etc., over \$2.

In addition to all these taxes, which would be levied directly upon the consumer, the list proposes doubling the present motion picture admission tax and imposing a tax of 5 per cent. on moving picture theatre rentals, with the present film tax eliminated.

IGNORED DEMAND OF GOVERNMENT.

(Associated Press Despatch)

CHICAGO, Ill., July 10.—President Koenigskamp said the Union insisted upon the reinstatement of a number of telegraphers discharged last March, who later were vindicated of charges made by the company. The Canadian Government officials, he said, had requested the company to reinstate the men, but the company had ignored the demand.

NEW PROVISIONAL GOVERNMENT WHICH WILL FIGHT GERMANY ESTABLISHED AT VLADIVOSTOK

Report Says New Administration Will Summon Constituent Assembly to Restore Law and Order Throughout the Country—Will be First Democratic State in History of Russia—Counter Revolution Assisted by the Czecho-Slovaks Spreading Throught Eastern Siberia—Bolsheviks is Expected to Be Eliminated from Country in Short Time.

(Associated Press Despatch)

AMSTERDAM, July 10.—A declaration that the Soviet Government of Russia would ally itself with Germany in case of Anglo-Japanese intervention in Russia is contained in a Moscow wireless message printed in the Vienna Neue Freie Presse, according to an undated message to the Berlin Lokal Anzeiger. The Vienna newspaper quotes the concluding sentence of the despatch as follows:

"If the Japanese and English should occupy Russian territory, the Soviet Government would immediately join Germany."

(Associated Press Despatch)

LONDON, July 10.—A new provisional government for Siberia, which has the unanimous support of the population, and which will continue to fight the Central Powers, has been established at Vladivostok, according to a Times despatch from Tokyo quoting the Vladivostok correspondent of the Asahi. The new government intends to summon a constituent assembly and to restore law and order throughout the country.

The programme of the new government includes the liberation of Siberia from the Bolsheviks, the avoidance, if possible, of foreign intervention, universal suffrage, establishment of provincial councils and a labor bureau distribution of the land among the landless, and control of economic activities.

Siberia will thus, adds the correspondent of the Times, become the first democratic state in the history of Russia, and, it is hoped, be the forerunner of a great Russia.

The flag adopted by the new government consists of two stripes of white and green.

Bolsheviks Being Driven Out. The situation in Siberia is undergoing important changes and the counter-revolution, assisted by the Czecho-Slovaks is spreading all over western Siberia, says a despatch to the Times from Peking, dated July 4. The Bolsheviks are being driven westward from Irkutsk and many are endeavoring to escape into Mongolia.

Referring to the Czecho-Slovak movements as a basis for the struggle against Bolshevism in Siberia, the correspondent predicts that it will lead to the elimination of the Bolsheviks in a short time.

The question of intervention, however, is still pressing, he adds, because Russia is torn with political differences and personal jealousies, and there is urgent need of a responsible government.

Political circles in Harbin are discussing the danger of a new government in the eastern provinces which may be formed of elements favorable to the old regime. Pro-Ally forces at Harbin have declared for an immediate summoning of the constituent

THE FOURTH AT RICHFORD

RICHFORD, VT., July 10.—(Special)—The glorious Fourth was celebrated here with the spirit of 1918, much in evidence and with an enthusiasm that far eclipsed other years, even though the old feature of fireworks was cut out as a war saving feature. The day was an ideal one, and a large turnout from all the surrounding towns, including hundreds of Canadian friends, came in to help celebrate Independence Day, and have a good outing. The parade was the largest ever seen in Richford, which means something, as there have been fine large parades here before, the present was about one mile in length, and the cheering and enthusiastic crowds that lined all the streets along the route of march attested their full appreciation of the same. The ball game on the Island Park between Richford and Enosburg teams was witnessed by over 1,000 people, the home team scoring by 17 to 4. The Colonial Theatre was patronized by upwards of 2,000 during the day and evening to witness the picture play "The Belgian."

CLARENCEVILLE TOWN COUNCIL

New Sidewalk will Be Made on North Street—Several Young Men Called for Service

CLARENCEVILLE, July 10. (Special)—The monthly meeting of the town Council was held on Saturday afternoon. The most important matter under consideration was the projected building of a sidewalk on North street. The process verbal as submitted by Mr. Hugh Monaghan, was homologated, and three years given for the building of the walk. A large amount of opposition has developed over the building of this walk, on account of already high taxes, but the sidewalk built on South street last fall has proven so satisfactory that North street has worked hard to make at least a start on one this year.

Call For Military Service.

About fifteen of the young men received calls to report for military duty in Montreal on Wednesday. In great many cases it is leaving the farmers without any help, but few complaints are heard. An informal dancing party was given in Empire hall, Monday night to give the boys' friends an opportunity to wish them "bon voyage."

Examination Papers Lost

The papers of the June examinations of the Academy, have been lost on their way to Quebec, and although the Express Co., handling them, have had a tracer out for several weeks, no clue can be found regarding them. Miss Miltimore, of Cowansville, who has been engaged to teach the Model Department next year, was here one day recently.

Notes

Mr. and Mrs. George McKee, who are spending a few weeks' holidays with their mother, Mrs. Hall, and party of friends into Montreal last week for a few days motor trip.

The many friends of Mr. H. Green are pleased to learn of his recovery from his recent illness. Mr. Green is well along in the nineties, and his vigor, both mentally and physically, is rather a matter of pride in the village.

Mrs. Herman Beerworth returned from Montreal on Saturday night. She had spent several weeks in the city with her son, who has been in a private hospital undergoing treatment.

Mrs. Pat. Neville, of the Lake Shore, went into town on Saturday for hospital treatment, accompanied by her son, Harold.

WAR GARDEN BULLETIN.

PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN GREATER PRODUCTION CAMPAIGN.

Issued by the Canada Food Board in Collaboration with Experts on the Staff of the Dominion Experimental Farm.

TAKING CARE OF YOUR PEAS.

Every amateur gardener is particularly proud when he manages to raise a good crop of peas. But this is not always the easiest thing in the world, for he has a virulent enemy to contend with in the shape of the pea aphid. This is a very deceptive pest, for it is pea green in color and hard to detect. The aphids cluster on the growing tips and leaves and suck the strength out of the plants. They multiply very quickly, and unless they are attended to as soon as they appear, they are difficult to handle.

As soon as the aphids are discovered spray with nicotine sulphate—two teaspoonfuls to one gallon of water, with half an ounce of laundry or other soap dissolved in it. The spray must hit the aphids in order to be effective. In a few hours the aphids will die if the spray is going to kill them. After a day or two spray again if any aphids are left, so as to clear the plants of them as soon as possible.

Mildew is another destructive natural force among peas. It shows as a white coating over the leaves and pods, and ruins the crop. As soon as it appears dust the plants with sulphur and repeat every few days as long as the disease remains. Another remedy is to spray with Bordeaux mixture every ten days until the mildew disappears.

FOOD BOARD FLASHES FOR FEMINE FOLK

The need for extensive canning this year can scarcely be over-emphasized. All our fruit and vegetables must be used to the best advantage. The war gardeners have done their part. Now the housekeepers must do theirs.

Every assistance is being given them through the press, and no intelligent woman has the excuse that she does not know how to can or dry or make jam. She is given the clearest and simplest directions.

A five-cent booklet issued by the Food Board deals with the sugar situation and gives the most up-to-date "conservation" methods of taking care of the fruit and vegetable crops.

It is authoritative, and the woman who follows it will know that she is doing her patriotic duty and that the methods advocated are those best suited to meet the need of the hour.

KING GEORGE CHAPTER VOTED \$200 FOR THE FRANCE'S DAY FUND

Quite a Little Important Business Was Transacted at a Special Meeting Held Yesterday.

The sum of \$200 was voted yesterday by the King George Chapter, I.O.G.E., to the "France's Day Fund" at a special meeting held at the mess rooms, Mrs. W. S. Allan presiding. Mrs. Jack Morkill, president of the Sherbrooke branch of the Red Cross Society, had forwarded to the chapter the appeal issued by the chairman of the executive committee of the Canadian Red Cross for immediate aid to the sick and wounded in French hospitals and French prisoners of war, adding that he felt sure the response would be prompt and generous. Every member present felt that the brave Allies of the Empire should be assisted in every possible way, the treasurer stating that the balance on hand was sufficient to allow such a contribution.

One new member was proposed and later elected by ballot.

Mrs. Parnelle, the treasurer, read communications in regard to the donation of the chapter to the Queen Mary Needlework Guild, including a letter from the treasurer of the National Chapter.

In regard to the poem written by Mr. R. Stanley Weir, K.C., D.C.L., of Montreal, in response to a request from the King George V. Chapter, embodying the feeling of the women of Canada to the women of England, a copy of which it was intended to send to Her Majesty Queen Mary, Mrs. Bowen read certain correspondence between Mr. Weir and Sir Joseph Pope, Secretary of State.

The latter stated that the poem, if sent to him, open for examination, would be forwarded through the proper channels to Her Majesty. The form in which the poem was to be printed for transmission to the Queen was described, and it was suggested that a brief, simple, personal letter for the chapter could very well accompany it. The suggestion was approved, and a member of the chapter, prominent in all patriotic and Red Cross work, was appointed to draft such a letter, to be submitted to the Secretary of State.

It was moved and carried that 1,000 copies of the poem be ordered for distribution at a nominal price among the chapters in Sherbrooke and other places, as desired.

PUT OVER THE OLD PUNCH.

The man with the punch wins! The old wallop is the prime element of success in all things. The prize fighter, the baseball player, hockey player, golfer and business man must all get the punch in their work to win. The punch can win a war—and it will win it. The Canadians, English, French, Italians, etc., are proving it and they will be assisted in putting the final count over by the boys from America.

All real champions could hit. The immortal John L. Sullivan, Bob Fitz-

simmons, Stanley Ketchel, Sam Langford, James J. Jeffries, Joe Garza, Benny Leonard, Les Darcy, Kid Wilde, etc., were all with lightening jolts to dreamland. The fighter uses all his faculties in the fight over the K. O. He uses his feet, hands, eyes and brains. He first feints his man into position—makes him lower his guard—expose a vulnerable point, then gathering together his own energies into a swift, sudden attack—pop—arithmetic—and it is all over.

We must emulate the fighter in the ring. All of us, soldier, sailor, farmer, riveter, banker, laborer, capitalist, men, women and children, must summon up the old punch. Then put it over, and indeed it will be over "Over There."

ORBY, DERBY WINNER DEAD.

Orby, which won June 5th, 1907, won the Derby at Epsom Downs, making it a great day for New York and Ireland, was recently found dead in his box stall at Glencairn, Sandford, County Dublin.

Orby, like Dunbar II, was out of an American bred mare, for Rhodda B, she by Hanover, Margarine, was bred in Kentucky by Harry Standhouse. Mr. Croker bought her as a weanling for \$1,000 at the time the Hanover colts and fillies were all the rage on the American turf and while he was part owner of the Belle Meade stud in Tennessee.

As a two-year-old Orby showed great possibilities, both in England and Ireland. He was prepared for the Derby across the Channel by Dr. McCabe, an Irish trainer of note, and shipped to Epsom Downs only a few days before the big race. There he was guarded day and night and carried heavy insurance.

He went to the post with Johnny Rieff in the saddle and won easily by two lengths from Slieve Gallion. Then, as is the custom, he was led past the royal box by Richard Croker himself.

After the race Mr. Croker was summoned to the royal box by King Edward, who, it was said, won \$5,000 on Orby.

A few days later Richard Croker scratched his horse from the Royal Hunt Cup at Ascot and shipped him to the Curragh, where he won the Irish Derby easily.

Anent the betting end of Orby's Derby, his owner denied that he had wagered on the colt, but said that almost every man and woman in Ireland "had something on." Orby's price was 6 to 1.

Orby's career on the turf came to an end the following year, when one of the tendons on his never too sound legs was badly wrenched in careless handling by an exercise boy. He was then retired to the stud at Glencairn, where he stood to the time of his death.

WATERVILLE MAN MADE THE SUPREME SACRIFICE.

COMPTON, July 10.—(Special.)—Mrs. John Sanders, of this place, has received word from her sister-in-law, Mrs. W. H. Lane, residing on Ameha and Fifth St., Cornwall, Ont., that she had received a letter from Gunner Arthur Kennedy, son of Mrs. D. E. Kennedy, of that place, informing her of the death of Mr. Lane's brother, Gunner Delanson W. Lane, who was killed in action Sunday, June 3.

Both young men had been staunch friends and enlisted in the 75th battery and had chummed together at Kingston, Petawawa, and had been in Halifax at the time of the explosion and wreck of that city. Extracts from Gunner Kennedy's letter state they had slept together since they enlisted on May 13, 1917, and reached England last February. They had been on active service in France since April 3 of this year. His letter to

Gunner Lane's home was to carry out an arrangement the boys had made, whereby if one was injured or made the supreme sacrifice the other was to convey the news home at the first opportunity. He said they started up the line together the previous night, but his ankle gave out and he had to go back. When the boys came back the next morning they told him "Del," as Gunner Lane was called, had been killed. A young fellow who was with him to the last said he had been hit on the stomach and had said not to bother with him as they could do nothing for him. "We were like twins," Gunner Kennedy wrote, "as we had been together for the past year. Del was a good boy and made friends wherever he went." A letter also came from Gunner Lane's nephew, Gunner Arthur Edgcombe, formerly of Waterville, confirming the sad news. He wrote that he had asked permission to take his uncle's kit bag back with him, but this privilege was not granted. However, he was allowed to take one of a number of envelopes addressed by Mrs. Lane and given to Gunner Lane before he left Cornwall, and he had enclosed his letter in it. He said his uncle was to be buried the following day, June 3. The same mail brought a letter from the boy who gave up his life for his King and country. The day he wrote, Gunner Lane said he was writing in the Y.M.C.A. camp. He called it the soldiers' home and said the boys would have it pretty hard over there but for the Y.M.C.A., as they do a lot for the soldiers. Gunner Lane would have reached his 24th birthday had he lived until September 1. He was born in Waterville, where his parents still reside. He resided in Cornwall with Mr. and Mrs. W. H. Lane for four years previous to his enlistment. He had many friends in town whose deep sympathy goes out to the sorrowing parents, brothers and sisters. He is survived by his parents, four brothers, Mr. John Lane and Mr. Marcellus Lane, of Richmond; Mr. W. H. Lane, of Cornwall, and Mr. Irving Lane, of Compton; four sisters, Mrs. George Edgcombe and Mrs. Wm. McCann, of Waterville; Mrs. J. B. Roberts, of Winnipeg, Man., and Mrs. John Sanders, of Compton.

FINANCIAL AND MARKET NEWS

MONTREAL CATTLE MARKET

Trade Very Dull But Prices are Holding Well Under Poor Demand.

(Canadian Press Despatch)
MONTREAL, July 10.—The offerings of live stock at the Canadian Pacific stockyards this morning amounted to 200 cattle, 200 sheep and lambs, 700 hogs and 1,000 calves. The dullness which has prevailed over live stock markets for the past week was still in evidence. Abundant supplies are held, and it is supposed that this is one factor for the dullness and lack of demand.

Prices, however, are holding well under the poor demand, and at the C.P.R. yards choice steers sold at \$12 per 100 lbs., while poorer quality were as low as \$10. Choice bulls sold as high as \$10 and from that down to \$7. Butchers' cows were \$7 to \$9 per 100 lbs., while canners' were \$5 to \$6. Large quantities of calves coming to market caused a decline in prices, and choice milk-fed sold at from \$12 to \$13 per 100 lbs., while poorer grades sold down to \$7.

Sheep and lambs were steady, sheep at \$12 per 100 lbs. and spring lambs at \$12 per 100 lbs.

Choice select hogs off cars sold at \$19 per 100 lbs., while roughs and heavies were as low as \$15 in some instances.

The Little Grandmother Of Russian Revolution Speaks About the War

CATHERINE BRESHKOVSKY, "The Little Grandmother of the Russian Revolution," has long been considered a radical of the radicals. But Catherine Breshkovsky has no sympathy with any "stop-the-war" movement in Russia or out of it, or with the aims of the Bolsheviks. In all the interesting matter of that wonderful woman's long and eventful life, as told in the letters and records edited by Alice Stone Blackwell, there is nothing of greater interest than the letters that make plain Mrs. Breshkovsky's attitude on the war.

Mrs. Breshkovsky has always been a patriot. There is nothing of arid "internationalism," certainly, in the following extract from a letter to Miss Helena Dudley, written in May, 1915:

"From patriotism as well as from indignation against the ferocity of the Germans, I am hoping for the victory of the allies. And then the whole world would be gainers by getting back to a state of peace and being able to continue its work of culture. Our great country needs it badly."

She is reported, Miss Blackwell tells us, as saying that the best thing the Americans can do for the Russians at present is help them win the war against Germany. And, old and

**CATHERINE BRESHKOVSKY.**

Worn as she is, she has been doing active work among the women who are organizing regiments and preparing themselves to fight, and among other women and associations in Russia. But as early as the end of last April she began to fear trouble among the less responsible elements of the Russian population. To Miss Blackwell she wrote from Moscow, April 26-May 9:

"I am healthy and strong and happy—yes, happy, though always thinking about the future. How will the war end, and how soon? Will our people be always as reasonable as they are now? I am sure they will; but certain foolish individuals hope to influence the masses badly. Yet there are more good events, and a quantity of good people."

Mrs. Breshkovsky was elected a member of the National Peasants' Congress, and later of the preliminary Parliament of Russia. She was with Kerensky when he reviewed the Black Sea fleet, and she was on his side during the recent upheavals. When the preliminary Parliament assembled in Petrograd on Oct. 20, Kerensky, after his opening speech, called upon her to take the chair, as she was "the senior member of the Parliament."

The last letter in the book is very serious, though always hopeful and full to be noted, always charitable. She never blames these "ignorant children" who have been led astray by wrong and foolish ideas. And she continues unceasingly to work for the eradication of the illiteracy that she sees to be responsible for so much credulity and folly. In that letter, written from the Crimea June 10-23, and addressed to a number of friends in this country, she says:

"We are doing our utmost to combat the false ideas spread by stupid or malevolent persons, scoundrels who have nothing to lose, without conscience or honor, who have come from every part of the world. But the truth is that their propaganda affects only young, weak, and ignorant minds. And as our army is made up mostly of such elements, it is the army that is the breeding place of all the disturbances which we have to overcome. As for the rest of the population—the men and women of the villages and of the towns—they constitute a peaceful and patriotic element, desirous to see the war brought to an end advantageous to Russia (without losses and without humiliation)." In this letter she wrote of the educational work that she was doing, the great difficulty of carrying it on during wartime — "the bourgeoisie think only of themselves," she wrote, "they are not helping us"—the need of presses to print papers and pamphlets.

NO STATEMENT ON NEW POLICY TOWARD RUSSIA

Intimated in Washington that Line of Operation Would Not Be Revealed—Information Might Reach Germany.

(Associated Press Despatch) WASHINGTON, D. C., July 9.—Statements as regards the new policy towards Russia, believed to have been definitely decided upon, was not forthcoming from high officials today, and it was intimated that the line of operations to be followed would not be revealed. Rumors yesterday that a statement from the White House was under consideration could not be confirmed today.

Possibilities of endangering the programme to be carried through information reaching Germany, was regarded as the cause of the unusual reticence in official circles. Interchanges on the Russian situation between allied capitals are proceeding, it is known, and it was assumed that the subject of such communications was taken up at a conference yesterday between President Wilson and the British Ambassador.

(Associated Press Despatch) BOSTON, Mass., July 9.—William A. English and John H. It was, Federal officials said, the first case of the kind to be brought to the Grand Jury.

Public Sentiment Approves of This Method of Dealing With Offenders Under Conscription Act.

(Associated Press Despatch) ST. JOHN'S, Nfld., July 9.—Newfoundland military authorities began on Saturday a round-up of defaulters under the Conscription Act, and the first of these men, named Francis Daw, from the village of Kelligrewa, was before the police magistrate here yesterday and given the option of enlisting or serving two years in the penitentiary. He chose the former, and was enrolled in the Newfoundland regiment immediately.

Five others are being brought on by train by squads of soldiers from other localities and will be arraigned today. Public sentiment generally approves this method of dealing with offenders, and it is expected to result in large additional enlistments in the very near future.

ALLEGED GERMANS OWN NEW YORK NEWSPAPER

(Associated Press Despatch) NEW YORK, N.Y., July 9.—Assertions that Dr. Rumely, publisher of the Evening Mail, placed all his records at the disposal of the Department of Justice during personal visits to Washington, led to bail being fixed at \$35,000 instead of \$50,000, as originally asked for by the Federal counsel when Dr. Rumely was arraigned today before United States Commissioner Hitchcock on a charge of perjury.

BUSINESS QUIET ON CORN MARKET

(Associated Press Despatch) CHICAGO, Ill., July 9.—To a great extent traders in corn assumed a waiting attitude today and avoided commitments until after the issuance of the Government's crop report this afternoon. The effect was bearish, as the market tended to sag, owing to lack of support. Selling was of only a scattered sort. Opening prices, which varied from unchanged figures to ½¢ lower, with August 153½ to 154 and September 154½ to 155, were followed by a material setback all around and then a moderate rally.

Oats eased down a little with corn. The fact, though, that country offerings were not large was a steadying factor. After opening unchanged to ½¢ lower, with August 69½ to 70, the market declined slightly and recovered somewhat.

Weakness of grain and hogs turned provisions down grade. The chief drop was in pork.

U. S. COTTON CROP SMALLEST SINCE 1917

GERMANS HAVE SCOUT FORCE

Men are Specialists in Kidnapping Isolated French Soldiers in Hope of Securing Information.

(Via Reuter's Ottawa Agency) FRENCH HEADQUARTERS, July 9.—In order to obtain information as to what was passing behind our front, the Germans have formed "spachteltruppe" or scouting troops—specialists in kidnapping isolated French soldiers—in the hope of extracting from them information.

The German order deals with the organization of "spachteltruppe" and the qualities necessary for its officers and men. The German command is evidently anxious lest its own men, under similar circumstances, should be disposed to be too communicative. Two recent orders signed by General Ludendorff point out that "blabbers" are guilty of high treason to their country and their comrades. The complaint is made that the French prisoners evade examination and declare that they have just returned from leave. This, says Ludendorff, should be told to the soldiers for their guidance in the event of capture.

FLEET OF SUBS FAILED TO GET U. S. TRANSPORT

Three U-Boats Sunk By Gunfire and Ship Believed Lost By Bombs—Ship's Narrow Escape.

An Atlantic Port, July 9.—A transport which has just returned from France was attacked in the Bay of Biscay, when she was eastbound and loaded with troops, by eight submarines and had a narrow escape from their torpedoes. Five of the missiles were fired at her bow and stern, and two of the torpedoes missed the transport by less than five feet.

Two of the submarines were sunk by shell fire from the transport and the destroyers escorting her, three others were believed to have been sunk by depth charges, and three got away clear.

FOOD SUPPLY FROM AMERICA TO GT. BRITAIN

Officer of Food Ministry Gives Striking Figures Showing How Self-imposed Restrictions Have Worked Out.

(Associated Press Despatch)
LONDON, July 10.—Sir Wm. A. M. Goode, liaison officer of the Food Ministry, in an address today before the Consumers' Council, gave striking figures showing how the people of the United States by self-imposed food restrictions have aided in maintaining the food supplies of the European Allies.

From July, 1917, to April, 1918, the United States exported to the Allies 80,000,000 bushels of wheat products, said Sir William. It was calculated by Herbert Hoover, United States Food Administrator, that 50,000,000 of this represented the voluntary sacrifice of the American people. American exports of pork products to the Allies in March, 1918, were 308,000,000 pounds. This was accomplished by porkless days and ceaseless hog production in the United States.

In January, Sir William continued, the Allies asked Mr. Hoover for 70,000,000 pounds of frozen beef monthly for three months. In March 86,000,000 pounds of frozen beef were shipped. This was due almost wholly to meatless days in the United States.

BREAKDOWN IN DISCIPLINE IN GERMAN ARMY

Orders Which Have Fallen Into British Hands Tells of Soldiers Refusing to Obey Orders—Bulgarians Desert.

(Associated Press Despatch)
LONDON, July 10.—Indications of a breakdown in discipline in the second German army are found in two orders issued by General Von Der Marwitz, which have fallen into British hands, says the correspondent of the Times at British headquarters in France. In the orders, General Von Der Marwitz makes this complaint:

"Discipline, which is the keystone of our army, is seriously shaken. Cases of soldiers refusing to obey orders are increasing to an alarming extent."

DESERTIONS FROM BULGARIAN ARMY.

Desertions from the Bulgarian army on the Macedonian front are increasing greatly, French headquarters in Macedonia informs the Salonika correspondent of the Times. All the deserters say that conditions in Bulgaria have become unbearable, and that hopes of an ultimate victory have vanished. Insubordination has increased in the Bulgarian army, and many units recently have refused to obey orders to attack.

The submarine danger in the Mediterranean is declining, the correspondent adds. Supplies needed in Greece are arriving with greater regularity.

GUARANTEES SAFETY OF GERMAN.

(Associated Press Despatch)

GOVERNMENT CONTROL OF ALL WIRES IN U. S.

Interstate Committee Reports Resolution to House Without Amendment—Senate May Act Soon on Question.

WASHINGTON, D.C., July 10.—After a three hours' examination of Newcomb Carlton, president of the Western Union Telegraph Company, the Senate Interstate Commerce Committee yesterday voted 7 to 3 to report without amendment on further hearings the House resolution authorizing Government control during the war of telegraph, telephone, cable and radio systems.

Chairman Smith plans to report the resolution to the Senate today, but it is undetermined whether to urge immediate consideration and thus replace the \$11,000,000 emergency agricultural appropriation bill with its war-time prohibition rider. While expecting a bitter contest, Senate leaders believe a vote can be reached soon, and that further hearings will not be ordered in view of the President's insistence that early action be taken.

Mr. Carlton told the committee that he did not think there was necessity for the Government taking over telegraph wires, but that he would not oppose it unless the design was to unionize the employees. Sharp criticism of the majority's course was planned by those advocating further hearings, but they did not expect to be able to reopen the hearings.

URGE STATE TO TAKE ACTION.

(Associated Press Despatch)
BATON ROUGE, La., July 10.—Governor Pleasant, the State Council of Defence and the National Council of Defence are called upon in a resolution introduced in the Upper House of the Louisiana Legislature last night to "take such steps, criminal action if necessary, to force the Western Union Telegraph Company to cease dismissing patriotic telegraph operators upon their becoming members of the Commercial Telegraphers' Union."

The resolution, which was referred to a committee, declared the telegraph service to and from the State Capital was badly crippled, and requested that the Western Union be forced to restore conditions to normal.

DUTCH STEAMER REACHES AMSTERDAM

Sailed from New York—Germany Guaranteed Safety of Vessel.

AMSTERDAM, July 8.—The Dutch steamship Hollandia passed the Haaks lightship today and is expected in port before nightfall.

A London despatch on June 6 reported the Amsterdam correspondent of the Times as saying that the steamship Hollandia, which was then in New York, had sailed shortly for Holland, and that another ship would leave Holland for the United States in exchange for the Hollandia. Germany was said to have guaranteed the safety of both vessels.

ENEMY AIRDROMES ATTACKED WITH GOOD RESULTS

(Associated Press Despatch)
LONDON, July 10.—An official statement relative to aerial operations issued by the Air Ministry says: "On July 8 our machines successfully bombed an enemy airdrome, bombs being observed to burst on the sheds and hangars. During the night of July 8, enemy airdromes were again attacked with good results, two hangars being reported as having been set on fire. Trains and searchlights were attacked from a low altitude. All our machines returned safely."

CALL FOR FISH TODAY EXCEEDED THE SUPPLY

Public Asked to Keep on Demanding Fish and Thus Aid the Big Campaign in Sherbrooke.

Eat fish. Demand fish. If you are unable to secure the quantity of fish which you require, do not become discouraged, but simply keep on demanding it.

That is the simple advice given the householders by the local authorities, who are exerting every effort to make the "fish campaign" or rather the campaign for "fish at reasonable prices" in Sherbrooke a huge success.

True, the campaign received somewhat of a jolt in its initial chapter today, owing to the fact that the shippers were unable to supply the merchants with the required quantity of fish, but that is by no means serving to discourage the men interested in the big move. In fact, the little set-back which they have secured has simply determined them to exert even greater efforts to make the campaign a success. But to make the campaign a success, the co-operation of the public is required. And since this slight set-back it is required more than ever.

A number of the merchants are not as yet thoroughly convinced that the public is willing to eat a sufficient quantity of fish to enable them to sell it at reasonable prices, but if the householders will only continue to demand fish, these few dealers will soon change their views. Not only that, but it will not be long before residents of Sherbrooke will be able to secure cod, haddock, etc., at the reasonable prices which are being quoted in Montreal, Toronto, Quebec, and other cities. Furthermore, in demanding fish, the public will aid the men who are launching the campaign for "fish at reasonable prices," to a very great extent, and also aid the Allies to crush democracy.

In discussing the shortage of fish today, one of the men interested in the campaign explained that such set-backs as occurred today on account of the order of the local merchants for over 1,300 pounds of fish being filled only to the extent of 300 pounds. He stated that such cogs could be expected in the launching of such a huge campaign. "However, we expect to get the wheels all well oiled, and if the people will only assist us by demanding fish, not only once a week, but twice or three times each week, it will not be long before they will be able to secure cod, haddock, etc., at reasonable prices, and the campaign proven a grand success," he continued.

Big Demand Today

There was a large demand for fish today. Householders did their part well, but it was pointed out that they must continue to do their part. The orders for cod and haddock came into the dealers by phone, messenger, etc. In fact, never before has there been such a demand for fish on a Wednesday as was the case today. The result was that it was not long before the supply on hand was soon all sold, and although orders kept pouring in, they could not be filled by the dealers.

"The demand is surprising and most encouraging," said one of the largest dealers this morning. Just at that moment a customer entered his shop and asked for some haddock. "There are six of us at home and we would all be glad to eat fish every day, if we could only secure it, and at reasonable prices," she explained while putting her haddock away in her hand-bag.

Demand Fish On Friday.

Although there was not a sufficient supply of fish on hand today to meet the demand, it is hoped that there will be a much larger supply for Friday. There is always a big demand for fish on Fridays, but the authorities hope that the demand this Friday and all the following Fridays will be far greater than ever before.

Alderman Skinner, chairman of the Market Committee, is doing everything in his power to make the campaign a huge success, and has written the following letter to Mr. Furois, of the Canada Food Board.

Sherbrooke, July 9, 1918.
Mr. Philippe Furois, Esq.,
Quebec City, Que.

Dear Mr. Furois:—
We have the cold storage, the dealers co-operating, the newspapers doing their part, the public demanding fish, and no fish.

We ordered a fair quantity of cod and haddock last Friday and were informed that haddock would be scarce, but that there was plenty of cod. We got our dealers to switch part of their haddock order to cod, got the newspapers to write up several articles asking everybody to buy cod on Wednesday, and now at the last minute are shipped about 300 pounds of haddock, and no cod at all.

The public are asking for fish and find it strange that there is none to be had.

Now, I fail to see in what way a trip to Montreal will help, but if that is what is necessary, make the necessary arrangements and state where to meet you, and I will go in or have some one else do so.

This propaganda to eat more fish will fall flat here unless we can have the fish, fresh, in plenty, and low in price as promised by the Canada Food Board.

Please wire me what you advise.
Yours truly,
A. C. SKINNER.

GENERAL STRIKE TELEGRAPHERS IS THREATENED

Unless Government Acts Today to Compel G. N. W. to Reinstate Two Discharged Employees Men Will Go Out.

(Canadian Press Despatch)
TORONTO, Ont., July 10.—Unless the Dominion Government acts today and secures the immediate reinstatement of two discharged employees of the Great North Western Telegraph Company, a general strike of these employees from one end of Canada to the other will be called at once by C. E. Hill, who is acting here for S. J. Konenkamp, president of the International Commercial Telegraphers' Union. This is the situation as the result of a conference here yesterday between the representatives of the men and the Hon. Gideon Robertson, who came from Ottawa to try to straighten out the trouble.

Senator Robertson returned to Ottawa last night in company with Messrs. Z. A. Lash, K.C., and D. J. Harna, directors of the Canadian Northern Railway, who control the Great North Western Telegraph Company.

The situation is further complicated by the fact that the Government is taking over the C.N.R., and presumably the G.N.W. telegraphs with it.

GRAND RAPIDS, MICH., July 10.—Overtures by the Democrats of Michigan for the bi-partisan nomination of Henry Ford for United States Senator, were ignored by Republicans at the meeting of the State Central Committee here today.

MAY HAVE MARTIAL LAW.

LITTLE ROCK, Ark., July 10.—Whether martial law shall be proclaimed in Cleburne County, Ark., where a band of draft registers had been hiding in the hill country since Sunday defying a large force of deputy sheriffs and soldiers, depended today upon report to Governor Charles H. Brough by Colonel Leonard Ellis, commander of the Fourth Regiment, Arkansas National Guard, whom the governor late last night sent to take charge of the situation. Confirmation is still lacking of reports of a serious clash yesterday between possemen and the registers, who were described as fleeing and setting fire to the woods to conceal their movements.

Forty-Six of Them

All Upholding Dodge Service Standards

There is no open season for buying Transmission Machinery.

Orders are placed day and night. If something goes wrong, and a pulley, shaft or coupling is needed, it is always wanted at once.

Or if a new battery of lathes is about to be put in, pulleys and countershafts must be had quickly. The buyer wants to be able to send downtown and get pulley equipment from stock.

So we have made it easy for him to do it.

In forty-six towns a reliable firm acts as Dodge Stocker—in the fullest meaning of the term. Stock is carried in such quantity and variety as will meet any ordinary call.

All stockers carry a range of sizes in wood-split pulleys, cast-iron pulleys, couplings, bearings, universal hangers, sprocket-chain, and small size split friction clutches.

Such orders as they cannot fill from stock they wire or telephone to Toronto or Montreal Headquarters.

In newspapers, at almost every stocker's centre, we advertise continuously to let buyers know there is a Dodge Stocker there. And we send able men to call upon stockers regularly to see to it that they render service according to Dodge Standards, because to be a Dodge Stocker in a community is to hold a trust and own a valuable franchise.
