Gingues Predicts Start On Airport By Next Spring

Construction will start on the Sherbrooke airport next spring. This was announced yesterday by Maurice Gingues, M.P. for Sherbrooke, who said in effect that an airport had been approved for the Sherbrooke region even though the site had not been definitely settled.

Federal Transport and Communications ministry experts have already been at work in the district for two weeks studying different sites for the airport. Mr. Gingues said the Federal Transport Department had employed engineers and land surveyors to find suitable horizontal and vertical levels of the sites in question.

MAURICE GINGUES

Once this work has been completed, in October other experts will photograph the sites, both for ground level and planes. This will permit them to make a topographical map of the type just finished for the city of Sherbrooke.

Mr. Gingues hopes the site of the airport will be chosen before the beginning of 1957.

Indications are that four or five sites are the object of study but the exact number has not yet been divulged. Mr. Gingues intimated that the engineers and surveyors are now working in the Ascot region.

The deputy of the County of Sherbrooke underlined the necessity of choosing the most practical site for the people of Sherbrooke providing that the cost will not differ too much from the others. Room for a runway of 5,000 or 6,000 feet is required.

World News In Brief

LONDON—(Reuters)—Boris Alexandrov, leader of the Russian Army song-and-dance group which arrived Friday in Leningrad after a two-month season in Britain, said the British people showed a lively interest in the group and life in the Soviet Union, Tass, the Soviet news agency, reported.

BELGRADE, Yugoslavia — (Reuters)—Hopes of rescuing 11 peasants trapped in a landslide Wednesday near the Albanian frontier have been abandoned, the newspaper Borba said Friday.

BECKENHAM, Eng. — (Reuters)—Two men were temporarily blinded with pepper Friday and robbed of £750 as they left a bank. The money was for a payroll. The thieves escaped in a waiting car.

DORTMUND, West Germany—(Reuters)—Three miners were rescued Friday after being trapped underground for 16 hours by a fall of rock in the Graf Scherwin colliery at Castrop-Rauxel near here.

REGINA — Damaging frost struck crops in eastern Saskatchewan during the last two nights and officials said Friday serious reductions in yield and grade are expected on late-sown grain. Full extent of damage won't be known until grain is harvested.

MONTREAL — A driver guided his bus to the suburban Montreal south police station Thursday, when four passengers started a brawl. Several bus windows were broken. Police took the men into custody.

37 Are Injured In Train Wreck

WARSAW, Ind. (AP)—The Pennsylvania Railroad's Trail Blazer, less than two hours out of Chicago on its run to New York, jumped the track here late Friday, injuring 37 persons but none of them seriously.

Witnesses were amazed that none of the 272 passengers was killed. Derailed cars listed at a 45-degree angle but none fell over. Trainmen said the cars were held up by a soft roadbed, which had just been worked over by section crews.

Seaway Progresses — Upper left is the future entrance to the St. Lawrence Seaway from Montreal Harbour. Vessels seen are dredges preparing channel entrance. Note good progress in excavation of Seaway Channel sloping rock cushion and outside high dyke to left. This portion of Jacques Cartier Bridge shown must be permanently elevated to provide 120-foot overhead clearance for ships using the St. Lawrence Seaway.

Kentucky Near Showdown

STURGIS, Ky. — (AP)—Kentucky expects a segregation showdown Monday. A state official said the crisis is expected Monday when schools reopen in Sturgis and Clay, western Kentucky communities only 11 miles apart.

Nine Negro students have said they will try to return then to previously all-white Sturgis high school. And at Clay townspeople said they will continue to resist integration of white and Negro students.

A mob at Clay Friday turned back two grade-school Negro students and drove newspaper correspondents from the town.

Although investigators and members of the baby's family are satisfied "beyond question" that the body found is Cynthia's, Ruotolo has refused to agree.

Coroner James Corrigan Friday night quoted Ruotolo, 35, as declaring earlier that the body is that of a child too large to be his daughter. Members of Ruotolo's family, it was said, have been unsuccessful in their efforts to change his mind.

Mrs. Eleanor Ruotolo, her mother, Mrs. Anna Monte both made positive identification, the coroner said as have the pediatrician and a visiting nurse who had cared for Cynthia.

There was no question that investigators will continue through the week-end their toilsome efforts to separate fact from fancy in the bizarre case.

Assistant state attorney Arthur Gorman would not say if that meant more questioning of witnesses or a rechecking of statements and other information, including a quantity of bed clothing, a baby's crib and a set of golf clubs removed late Friday from the Ruotolo home in Hamden.

Father Won't Attend Funeral

NEW HAVEN, Conn. (AP)—Stephen Ruotolo has said he won't attend services today for the little girl whose body was found Thursday in a plastic sack in the waters of nearby Lake Whitney.

Ruotolo steadfastly has refused to identify the body as that of his six-week-old daughter, Cynthia, who was kidnapped from her carriage a week ago today in the foyer of a crowded department store in nearby Hamden.

Pakistan PM Resigns

KARACHI, Pakistan (Reuters)—Chaudrey Mohammed Ali, the prime minister of Pakistan, resigned today. He also resigned from the Moslem League.

His resignation followed announcement two days ago that two of his ministers had left the Moslem League. This meant Ali was the only remaining Moslem League minister left in the cabinet.

The ministers left the league for the Republican party because, he said, the league had become "a cesspool of intrigue."

All became prime minister in August, 1955.

Political tension has increased during recent months and had resulted in speculation as to the stability of the government.

Stalin Was No Prize Anyway

LONDON (Reuters) — Russia has taken Stalin's name off her national and international prizes and replaced it by the name of Lenin.

A news bulletin Friday night issued by the official Soviet newsagency Tass made known the decree, ordered by the central committee of the Communist party and the council of ministers. It represents a major step in the Russian campaign to "desanctify" the dead Soviet dictator.

The decree said the Lenin prizes — which had not been awarded since 1935—were being "re-established" for the most outstanding achievements in science, engineering, art and literature.

In fact the Lenin prizes were later "converted" into Stalin prizes which have been awarded annually since the end of the Second World War.

Winners of the prize get a cash award up to 100,000 rubles about \$25,000 at the current Soviet-fixed exchange rate.

Tennessee Town Ready To Take Over Policing

CLINTON, Tenn. — (AP)—This east Tennessee town, a hotbed of anti-integration rioting last week-end, confidently prepared today to take over police duties from the National Guard.

Town officials passed three restrictive emergency ordinances Friday designed to head off future trouble. An auxiliary police force was made ready to assist local authorities in maintaining order.

No date has been set for the departure of the last of the 633 guardsmen who moved in Sunday

in Sturgis when guardsmen with fixed bayonets escorted nine Negro students through a jeering mob into the school. The Negro students failed to appear the next day for fear of violence.

The trouble at Clay erupted Friday and Sturgis said state police officers will be sent to the community Monday.

Mrs. Francelle Armstrong, editor of the Henderson Ky. Clearer and Journal, went into Clay planning to take pictures of the crowd at the school. She said a man told her:

"Lady, you ain't going to take any pictures. And as far as that little squirt with you (referring to a reporter with her) we'll beat him up."

Frank Oliver Call Was Bishop's Professor For 37 Years

DR. F. O. CALL

SWEETSBURG — Frank Oliver Call, widely-known Canadian poet and modern language professor at Bishop's University for 37 years, died here Friday. He was 78.

Born in West Brome, Que., Dr. Call was educated at Stanstead College, Bishop's University and Marburg University in Paris. In 1920 he won the decoration of Chevalier de l'Ordre Latin for devotion to French-Canadian culture. He lived at his home in Knowlton, about 80 miles southwest of Montreal, until a short time before his death.

One of his better known books is The Spell of French Canada, published in 1926.

His collected poems were published in the books of Georgian verse series in 1916. Later publications were Acanthus and Wild Grapes, Blue Homespun Sonnets and Sonnets for Youth.

Canada-Russia "Mutual Friends"

VANCOUVER — A pledge of "mutual friendship" between Canada and Russia was voiced here Friday night by Russian Fisheries Minister Alexander Ishkov.

Mr. Ishkov made the statement at a dinner sponsored by the British Columbia Vessel Owners' Association at the Royal Vancouver Yacht Club. About 100 B.C. fishing captains were present.

He pledged "mutual friendship, a better life for both our countries, and a better world for our children."

This Week's News In Review

By THE CANADIAN PRESS

Australia's Prime Minister Robert Gordon Menzies has the reputation of being one of the most persuasive of Statesmen. But in five days of negotiation and manoeuvre in Cairo this week, he apparently was unable to nudge Egyptian President Nasser from his stand that Egypt alone will run the Suez Canal.

The best that seemed to be hoped for was that the door would be left open for further talks. The British Parliament was called back from its vacation to a special meeting next week to discuss the situation. Egypt was trying hard to woo Washington closer to its side, and away from Britain and France.

In Britain, opinion was divided between interventionists and those favoring a more cautious approach, perhaps an appeal to the United Nations. Cairo dispatches emphasized the affability of the Menzies-Nasser talks. Apparently there were no threats or recriminations.

In a social interlude, Nasser feted Menzies and his delegation at a lavish dinner in the exotic gardens of a palace on an island in the River Nile—an Oriental fairytale, they called the dinner scene.

RACE RIOTS With the beginning of the school year, the U.S. Supreme Court's desegregation rulings were put to the test in the southern states. These rulings were that white and Negro children must be received in the same schools and the same classrooms,

Hope For Peaceful Settlement Renewed As Talks Continuing

CAIRO (AP)—The Menzies discussions with Egyptian President Nasser on Suez "have not yet reached the final stages and are still going on," an official spokesman for the five-country body said today.

The spokesman said: "The five-nation delegates met two hours this morning and will meet again on Sunday before seeing President Nasser again."

The meeting with Nasser probably will be held Sunday, he added.

The statement reversed an earlier announcement by a mission spokesman that the talks had come to a "complete end" and all that remained for the delegates to do here was to say goodbye to Nasser and leave.

The earlier statement of the spokesman indicated the mission's hopes had been completely dashed of reaching an accord with Nasser that would provide for international operation of the Suez Canal, which Egypt Nationalized July 26. The mission, headed by Australian Prime Minister Robert G. Menzies has been engaged in negotiations here since Monday.

Before the spokesman announced that the talks were not at an end, Mohamed Hassanein Heikal, co-editor of the newspaper Akhbar Al Yom and a close associate of Nasser, set forth the Egyptian position as he understood it.

He said Nasser was "prepared to accept international co-operation" but was "not at all prepared to accept international control."

Heikal said in his newspaper that Nasser "saw eye to eye with the Menzies committee on many points." These points, he added, included: The seriousness of the situation; a desire to seek a peaceful settlement; the need for respecting Egyptian sovereignty; and the need for observing the 1888 international convention guaranteeing free navigation by the canal for all nations.

A point on which Nasser did not agree with the mission, he continued, was the proposed establishment of an international Suez Canal board, on which Egypt would be represented, to run the waterway.

But "even on that point," said Heikal, "Egypt did not say no." She explained her views, taking into account not only the question of sovereignty but also practical considerations relating to freedom of navigation on the canal.

"No international authority can undertake to protect freedom of navigation," he added.

"The real authority is the Egyptian people and army. Otherwise, an international authority will have to evacuate Egyptian residents from the area and bring along international forces to carry out its orders. Both of these are naturally impossible."

Typhoon Hits Okinawa

FORT BUCKNER, Okinawa — (AP)—Screaming typhoon Emma, her winds last clocked at 140 miles an hour, cut across Okinawa today and churned toward Japan, Korea and Red China after causing extensive damage to U.S. Army headquarters here.

The U.S. Army reported "one death by electrocution."

The 400-mile-wide storm smashed wind velocity measuring devices and turned over numerous cars.

All personnel were warned to remain inside headquarters because "36 vicious sentry dogs" escaped during the height of the storm.

NINA'S REFUGE

The Russian woman athlete who stole those hats in a London store spent the week in the sanctuary of the Soviet Embassy — where the bobbies couldn't get at her. But by the end of the week, everyone seemed keen on finding a way to drop the shoplifting charges against Nina Ponomareva which created something of an international incident.

HOLIDAY DEATHS

The Labor Day weekend resulted in violent death for 79 persons in Canada—two fewer than last year. Quebec led in traffic fatalities with 17. Ontario had the most drownings—nine. In the United States, there were 598 deaths.

INTEREST RATE

Canadians banking their money in savings accounts at the chartered banks will draw interest at 2½ per cent. This is the most paid since 1934. The change follows the worldwide trend to higher interest rates because of the scarcity of money for investment purposes.

CYPRUS BUILDUP

The first thing the French troops arriving in Cyprus did was to complain about the local wine. They found it too heavy and turned to beer until their own wine supplies arrived. This irked the Cypriot winners. They protested that bringing in French wine was "a moral and material blow" to the Cyprus wine industry.

The French troops are being stationed on the Mediterranean island as a precautionary measure during the Suez crisis.

Godspeed

Sherbrooke will certainly miss Captain and Mrs. Frank Taboika of the Salvation Army, who are leaving early next week for Lachine. Capt. Taboika will take a special course at McGill University, as well as being in charge of the Salvation Army's work among veterans at the Ste. Anne Military Hospital.
In the short time that Capt. Taboika has been in Sherbrooke, he has won many friends and has been a credit to the great organization which he represents.
The people of the Salvation Army work quietly and wonderfully, fre-

quently among the dregs of society, the down-and-outers who receive help and understanding that they can get no place else.

In his work here, Capt. Taboika has shown a fine understanding and sympathy for human failings. Nobody can know how many have been lifted from the depths and set again on their feet by the work of the Captain and his wife and their many associates.

Godspeed and success are Sherbrooke's wishes for this fine couple. And welcome to their successors, Sr. Major and Mrs. W. Remick, coming here from Montreal.

A Farmer's Advice To Farmers

The approach of the hunting season usually brings one additional concern to farmers in areas patronized by would-be big game hunters from the urban areas — Will the cattle survive the hunting season or will the near-white Ayrshires be mistaken for deer or moose?

This thought apparently was uppermost of the mind of a farmer at Lower Meagher's Grant, a community thirty miles east of Dartmouth, N.S., when he sent his daughter to an automobile supply store to buy some luminous red reflecting tape.

The girl told the store proprietor

her father will tape the horns of his cattle in the hopes that when hunters see glowing red horns, they'll know it isn't a deer.

Perhaps the Eastern Townships farmers, who have been victims of such mistakes in the past, might well follow the lead given by their Nova Scotia colleague.

Of course, if the auto supply store owner is a good salesman, he might be able to convince the farmer that an additional supply of tape be bought to place around the legs of the White Leghorn roosters lest they be mistaken for partridge.

Will They Protest?

If the neutralists in Asia and elsewhere are as neutral as they profess, we should not have to wait long to hear their stern complaints against the Soviet Union for exploding another nuclear bomb.

Particularly should we expect to hear from India, since the recent disclosure included notice that the latest Russian device had been detonated in southwest Siberia, not too far from the northern borders of India, Pakistan and Afghanistan.

India always has been ready to criticize the United States for experimenting with nuclear weapons in mid-Pacific.

It will be interesting to see whether they advance the same protest against Russia, especially since they are now being informed — presumably for the first time — exactly where the Kremlin is exploding its nuclear devices.

Up to now, though the Russians have exploded more than a dozen, no telling word of criticism has been registered against them. The neutral-

ists have appeared to take the view that lacking details, they would prefer to assume that reports of the explosions are false.

This approach may be thoroughly convenient for Asian leaders whose domestic politics compels them — they believe — to attack the West but avoid severe assault upon the Communist powers at their northern gates. But it does them no credit as appraisers of the real truth in the nuclear field.

If leaders in certain nations decline to accept positive evidence, then it is plain they do not know their business. No one ought to be impressed if they choose to substitute their emotional guesses for the expert judgments of the scientists.

Neither India nor anybody else can make out a convincing case for our halting atomic tests so long as Russia itself goes on with nuclear experiments and, in addition, maintains a colossal conventional military establishment.

Stories of Famous Hymns

by Horace B. Powell

A MIGHTY FORTRESS IS OUR GOD

A mighty fortress is our God,
A bulwark never failing;
Our helper He, amid the flood
Of mortal ills prevailing.
For still our ancient foe
Doth seek to work us woe;
His craft and power and great
And, armed with cruel hate,
On earth is not his equal.

Did we in our own strength confide,
Our striving would be losing;
Were not the right Man on our side,
The Man of God's own choos-
ing.

Dost ask who that may be?
Christ Jesus, it is He;
Lord Sabbath is His name,
From age to age the same,
And He must win the battle.

And though this world with devils filled,
Should threaten to undo us;
We will not fear, for God hath willed
His truth to triumph through us.

The prince of darkness grim —
We tremble not for him;
His rage we can endure,
For lo! his doom is sure.
One little word shall fell him.

That word above all earthly powers —
No thanks to them — abideth;
The Spirit and the gifts are ours
Through Him who with us
sitteth.

Let goods and kindred go,
This mortal life also;
The body they may kill;
God's truth abideth still,
His Kingdom is forever!

"A Mighty Fortress Is Our God"

The Protestant Reformation which rocked Germany four centuries ago swept along the success on the wings of evangelical song.

One of the greatest of the Reformation song writers was Dr. Martin Luther, Samuel Taylor Coleridge, the poet, once declared that "he did as much for the Reformation with his hymns as he did with his translation of the Bible." Luther realized the important role that music was bound to play in the religion of so musical a people as his countrymen. He found it much easier to spread his teachings over Germany after he had taught the people to sing his hymns.

He wrote 36 hymns during his lifetime but none of them begins to compare with his immortal lyric, "A Mighty Fortress Is Our God." This masterpiece has been called the battle hymn of the Reformation. Written about 1530 while, it is said, the famous confession of faith drawn up by Luther and other Protestant leaders was on its way to be presented at

the Diet of Augsburg, the hymn soon was ringing in every corner of Germany.

Luther and his friends sang it on countless occasions to sustain their spirits in the religious crusade in which they were engaged. Again and again, it was an hymn of triumph for Christian martyrs who refused, even in death, to surrender their faith. Today, it is still one of Protestantism's most glorious songs.

The hymn was inspired by the forty-sixth Psalm: "God is our refuge and strength, a very present help in time of trouble."

Sometimes, when perplexed or low in spirit, Luther would turn to one of his friends and co-workers, Melancthon, and invite him to join in a song, "Come, Philip," he would say, "let us sing the forty-sixth Psalm."

The most popular English translation of Luther's hymn, the one which is used here, was made by Dr. Frederic Henry Hedge, for many years professor of German literature and ecclesiastical history at Harvard University, and later pastor of a Unitarian church at Providence, Rhode Island.

BID IS WEIRD, SO IS PLAY

Criticize the bidding as you like, but the fact remains that the hand was bid to six hearts by one of the best pairs in the country. Part of the story, probably, is that the hand took place at about two o'clock in the morning during the gruelling round-robin contest that decides the Master Team Championship each year. This is the hour at which weird bids and poor plays are born.

West opened the deuce of spades, expecting dummy to show up with length in both spades and hearts. He thought his partner might have a singleton spade and that the opening spade lead would pave the way for a ruff.

EDUCATION

(Edmonton Journal)

Canada's educational system will be in for its biggest test ever during the next 10 to 20 years. During that time, it will be turning out hundreds of thousands of young people, born during the baby-boom years of the Second World War and after. How well prepared they will be depends largely on those who are educating them now.

The fact that the next few years will provide the acid test is brought home sharply when we discover how many of our skilled positions are now filled by immigrants. Federal Labor Department figures show 8,123 engineers were added to the labor force by graduation and 4,124 by net immigration. Surveys now being carried out are expected to show much the same picture in other professions and in skilled trades.

While large numbers of highly-trained immigrants are giving our working force an indispensable boost at the moment, help from this source is not likely to continue. The Department of Labor estimates that "a few years hence the native labor supply will take a leap of at least 50 per cent, and gradually grow up to a crop twice as large as the present one." This means that Canada's hopes rest squarely on the young people now in school and on their younger brothers and sisters.

Whither

By Rev. B. S. Murray, M.A.

It's September 8th. With Labour Day and its farewell to many summer holidays behind us, we begin to resume the tasks God has, in His unerring wisdom, assigned us.

The Same Question

Back at work I suspect that many times you will pause and think of the happy carefree all-too-brief hours spent at the seaside, lakeside, in the hills, the green fields. There will be quiet hours when you will relive these days sorting out your impressions to the motif of "Whither goest thou?"—retaining only those that add to your progress as a Christian. Beware lest you forget that the wisdom of the ages suggests that the healthy life is the examined life. Let us therefore examine the way we go. The same source insists upon the importance of direction. So let us ask whither?

Going God's Way?

I know as I think of the usefulness and beauty the green fields, hills, rivers, the sea display. I keep asking myself if I am carrying over into the business of daily living the usefulness and beauty they suggest. What about you, my friend of the Pilgrim Road? Are you useful to Christ and His Cause, living a fragrant life? There are far too many who are living below par spiritually with the accent on the surface—the hypocrite—at the expense of depth, the hero in one's soul.

You admit I trust the stubborn fact that "as goes the individual, so goes the nation." So far an effective Christian social order we must have millions of individuals such as you and I who, renewed in Christ, with the Holy Spirit daily increasing in us more and more, go forth in God's Name resolved to live like Jesus lived with the accent on His most precious blood.

Life conceived in this way is a thrilling adventure. Make no mistake about it but we must shed our blood, expend our sweat, toil and oft tears in our endeavor to recover the lost sense of Brotherhood with its emphasis on human dignity and good will among men everywhere or we shall, by our indifference, be contributing to a new dark age. In the final analysis it all comes back to either being with or against Christ.

Shame on any child of God who refuses to co-operate with Christ and His cause. I am aware of the Pauline exhortation to take heed to thyself lest ye fall. Experience suggests that a danger if not applied. Aware of this, I dare you to associate with the Society of Jesus — the Church of God — the Christian Fellowship — the Household of faith and therein, imitating Christ and absorbing His principles, learn to live with an adventurous and forgiving love, with a

good will that will run across every frontier of misunderstanding and with a compassionate sympathy toward all the needs of all humanity in all the world.

Will you enlist in the thrilling crusade of making CANADA FIRST in spiritual matters? Will you encourage others to join this happy band of pilgrims with Jesus as their Fellow and thereby hasten the coming of the Kingdom of God on earth?

To you, Christ entrusts the difficult task to embrother men and emparadise the world, bidding you "In the Sign of the Cross, conquer."

If those gone before had done this and gone God's way, our world would not be engulfed in such chaos which will, if unchecked, lead to utter extinction. For man today, by the skill of his mind and hands, has harnessed such mighty nuclear forces that he can do just that. Mankind — you and I — must therefore choose whether he will go God's Road to detour speedily along the Devil's Highway which leads to destruction. So, Whither goest thou?

You Are Important

I hope you realize that you are important. So important art thou that your Savior died for you and His Bride, the Church, conceives it as Her duty to preach the worth of each individual. We are aware that the democracies have failed to give man his true status; the totalitarian regimes have deprived him of all status. So do Thou, O Church of the Secret Heart keep insisting that God made man IN HIS OWN IMAGE. In trumpet tones shout above all other voices that we were made with that within us which was intended for freedom and fellowship with God. We were made to glorify God and enjoy Him forever.

So you are mighty important. It really does not greatly matter whether you are an architect, or a builder as long as you do the work cut out for you, thereby fulfilling the obligations to life which God has called you. It is not what you do but what you

make of yourself that is important. God does not judge you by how near you are to the top of the mountain but by the direction in which you are climbing.

Whither? That is the question poets, dramatists, philosophers, novelists are asking now. Of course it's an old question. I like how John Ruskin (1819-1900) in his concern for his generation composed a formula for each individual to daily ask (1) Where am I from? (2) Where am I going? (3) What must I do along the road? I suggest that you come to grips with these elemental questions and after seeking and finding the answers in the Pilgrim's Guide—the Holy Bible — and applying them in daily living then henceforth life will be a thrilling adventure keyed to peace, poise, power. These three.

If from your adventures in God's World and, perhaps from the birds and flowers, you caught their trust in God, and further in the quiet hours you spent—the place matters not—alone in converse with your Father God, confirmed and strengthened this faith, then your holidays were really holy days.

Filled with the sense that Tomorrow is in God's hands, you say goodbye to anxious thoughts, worry, fear, etc., believing and knowing that there is no need that cannot be met by His all-providing love. "His grace is sufficient" declared Paul who knew from experience.

With the key of faith in my hand and with God walking beside me, guiding my way, I am aware whence I came, where I am going and what I must do along the way. And my story, my song is, I WALK BY FAITH. And Faith is Forsaking All I Take Him—the initials spell Faith, don't they?

So forsaking all I take Him who declared: "I am the Way (John 14:6) the Road of and to Life, fully aware that in so doing, I flee "sin and death" and live here and now Life that is Life indeed. God bless and love you.

Official Regrets From U.S.

(Toronto Telegram)

As result of a protest by the Canadian Minister of External Affairs, the chief of the United States immigration service has expressed "deep regret" over the handling of the case of Milan Babic. A survivor of the Andrea Doria disaster, and on the way to his home in Toronto, Mr. Babic was held by New York immigration officials for 24 hours and grilled, he said, "like a criminal." Upon information available, Hon. Lester Pearson complained to Washington.

One result has been discussions regarding means of eliminating unreasonable delays of Canadians in transit. These do not require visas, and so are given preferential treatment over other nationals, but it is explained that the U. S. maintains a "lookout list"—Canada does not know who are on it, or why and anyone whose name is on it may expect to be held up for a time under the instructions governing the immigration officials.

The incident may bring about some betterment of port procedure. It does show that Canada is living alongside a good neighbor, not too big to admit a fault and take steps to prevent repetition. The case is happily closed.

TWENTY YEARS AGO

From the Record of Tues., Sept. 8th, 1936.

A news correspondent in Spain described internal dissension as the chief reason for the slow progress of the loyalist armies against the insurgents in the Spanish Civil War. He stressed also the insufficiency of arms and equipment, and the outdated nature of the equipment the loyalists did have.

American Secretary of State, Cordell Hull, made an appeal for peace at the third World Power Conference yesterday, warning that the "fabric of peace has been worn perilously thin." He called for a sane perspective with regard to international relations, the only alternative being another world war that might bring about a "veritable shattering of civilization."

dummy's pack of spades, since it would provide three club discards if this card held. East covered with the queen of spades and South ruffed.
South next led a low heart, and West took his ace.
It was now up to West to guess which ace his partner held. The longer West considered the matter, the more it seemed to him that South was ready for a club lead but might have been "lying" about his diamond bid. West therefore led a diamond, and the party was over.
South managed to discard both of dummy's clubs on the ace of diamonds, making his slam contract. If West had led a club, the contract would have been defeated.

IODE Librarian Urges Patients To Return Books

After a recess for the summer months the Sir John Sherbrooke Chapter, I.O.D.E. resumed regular monthly meetings Tuesday evening, with the regent, Mrs. E. W. L. Arnold presiding. Most gratifying reports of welfare and educational work, accomplished during June, July and August were submitted by the respective conveners.
Mrs. F. W. McCrea, who is in charge of volunteers for the Free Lending Library operated by the Chapter at the Sherbrooke Hospital reported that during this period 177 books had been loaned to hospitalized patients. The library was staffed by Mrs. W. McNeil, Mrs. Beatrice Bishop, Mrs. John York, Mrs. Robert Neil, Mrs. E. T. Webster, Mrs. Don Johnston, Mrs. B. C. Howard, Mrs. E. W. L. Arnold, Mrs. R. I. McCabe and Mrs. G. H. Logie.
Mrs. E. B. Sims, Chapter librarian, submitted a report stating that with the assistance of Mrs. E. T. Harbert, she had spent many hours during the summer months in the re-organization of the library. She stated that there is a regretful loss of books and urgently requested that on dismissal from the hospital, patients comply with the Chapter's request to turn in the books they have been loaned to hospital authorities on their respective floors. The gratitude of patients for this service has not diminished over the period of numerous years the library has been in operation, and it is greatly due to the generosity of the citizens of Sherbrooke and the surrounding communities that the Sir John Sherbrooke Chapter has been able to maintain and expand this effort. Donations of books were gratefully acknowledged from the following: Mr. M. C. Sewell, Huntingville; Mr. and Mrs. R. Hastings and Mr. T. F. Atkins, Sherbrooke; the Lennoxville Library; Mrs. Raymond Perkins, Sherbrooke;

Party Closes Stay-At-Home Camp At Y.W.C.A.

A party for the parents brought to a close the Stay-at-Home Camp held at the Y.W.C.A. from August 6-31. The Camp was well attended by girls 6 to 12 years of age.
Miss Susan Batrie was camp director, Miss Isabelle Hyndman the swimming director and Mr. Norman Tracy played the piano for the devotionals and the sing songs. The Counsellors were Magretta Allen, Ann Covey, Sandra Soles and Maida Stewart.
A morning at Stay at Home Camp usually went like this: A devotional period which consisted of two hymns and the Lord's Prayer; a sing song where old favorite songs like Down by the Old Mill Stream, Alouette, the Lollypop Song were sung and many new ones learned.
Then onto the gym floor for games such as Red River, Ship Ahoy and Home Run. The games were sometimes followed by a period of apparatus. Handicrafts were next and during the four-week period, paintings, stuffed animals, shell brooches and earrings, pie plate catch-alls and many other things were made by the campers.
At 10:30 Miss Hyndman led the way to the swimming pool. Those who could not swim were given instruction in elementary swimming. The girls who already knew how to swim went on to perfect their strokes and learn to dive.
Competition was very keen between the two Indian Tribes. The winning tribe was the Chipawawa while the Mandan was given to the Chipawawas and the Mandans received consolation prizes at the party on Friday afternoon last.

GARBAGE REMOVAL SERVICE NOTICE

Starting September the 10th, the garbage removal will be made on a new schedule. If garbage, for example, is removed on Monday on certain streets, it will always be removed on Monday on that same street.

It will take about two weeks to obtain good efficiency and we ask the ratepayers to allow for those two weeks before good service is given.

After that time a list will be published showing the days on which the garbage will be removed on each street.

Pennant Race In National League Gets Even Tighter

National League Leaders Have Trouble; Braves, Redlegs Lose, Dodgers Split;

Sam Jones, Vinegar Bend Mizell and Johnny Antonelli, three pitching disappointments who might have made it a different race, turn out to be the guys who put the National League pennant contenders in the spot they face today.

Jones, fast but wild, didn't have a single shutout in his 7.13 record for the last place Chicago Cubs. But he kept his walks in check fanned seven and scattered seven hits Friday to trim Milwaukee's first place Braves 5-0.

Mizell, the big lefty the St. Louis Cardinals had counted on for a flag chance but who was just 12-12, came alive and fired a two-hitter past Cincinnati's free-swinging Redlegs to win 1-0.

Antonelli was the New York Giants' big hope this year, but turned up with a 14-13 record. So he comes through with his first complete game in Ebbets Field to defeat Brooklyn 6-2. The Brooks had to scramble to win the second game of the two-night pair, with Carl Furillo's 11th-inning home run doing it 3-1 for Don Newcombe's 23rd victory.

As a result Milwaukee still holds a 1 1/2 game lead over Brooklyn and Cincinnati, as Dodgers crept into a second place tie with the Redlegs.

No Reason For Jim McCaffrey To Resign, Says President Dandurand; Just A Slight Misunderstanding

MONTREAL.—Leo Dandurand, president of Montreal Alouettes, said Friday there is no reason for Jim McCaffrey to consider resigning from the Big Four league presidency because "nobody is defying the league president or the rules."

"He is doing a good job and is acting in good faith and we wouldn't want him to resign over such a slight misunderstanding—it's not a big one by any means," said Dandurand.

The possibility of McCaffrey's resignation was mentioned in an Ottawa despatch quoting Citizen sports writer Jack Kinsella as saying the Big Four may have to name a new president at the specially called meeting Sunday regarding the league's import rule.

McCaffrey was quoted as saying "it may happen," but if he is to resign he would do it without making prior announcement.

Dandurand said he himself proposed the import rule — now the subject of wide debate — at a Big Four meeting in Ottawa last June 9. He said necessity for the clarifying rule arose over the dropping of a player last year by Toronto Argos. The player, who was needed at that time by Ottawa Rough Riders, was dropped by Argos without being put on waivers and turned up in Calgary.

Dandurand quoted the text of the rule, which was adopted at the June 9 meeting.

"Before dropping a player from a club's roster it is agreed that all American and Canadian players who are in camp and practicing with the teams shall be put on waivers."

"The key words are 'before dropping a player from a club's roster.'"

Rochester Red Wings still have a slim hope for the International League pennant. Slim? Well, if they pull it off, they'll take the flag by .001 of a percentage point.

The Red Wings need a four-game sweep in their final series with the first-place Toronto Maple Leafs to do it, and they got half of it Friday night, 5-4 and 5-2.

Toronto had a golden opportunity to nail the flag after Archie Wilson's homer put them in front 2-1 in the eighth inning of the nightcap. But Rochester boun-

CARS ARE MY LINE!

by T. H. FOX

A few years ago when new cars were hard to get some pretty grim jokes were told at the expense of car dealers. Some of the cynicism involved in the jokes was probably deserved. No garden is completely free of pests.

"Sure, I'll sell you a car at list price," a dealer would be quoted as saying. "Of course, I'll have to charge you for the extras - - \$500 for an engine and \$200 if you want a front seat."

Today, with the shoe on the other foot, there are still some jokes around. Or perhaps I should say jokers.

Friend of mine brought this to my attention the other day with a story of his experience. He had seen a newspaper ad in one of the big-city papers full of bold type and bold statements offering cars at fantastically low prices.

He went in to see what it was all about; he felt he couldn't afford to do otherwise. He had a fairly new car to trade in and he had wisely put aside a little money every month so he could pay for a new car.

To his surprise, the dealer offered him a not-so-bad trade-in on his old car, a little less than he had expected but that old trick of juggling trade-in prices works only on the most gullible nowadays.

But then came the joker. The dealer wouldn't take my friend's money. The dealer insisted that he finance the car over a long period of time although he was willing and able to write out a cheque on the spot. That, of course, was how the dealer could advertise his fantastically low prices; he made it up on the finance charges.

So my friend came sadly home and told me: "I guess there's only so much pie and everybody has to get his slice somehow. But I do think, he added, "that it would be a lot better if people were straight-forward and didn't try to confuse the issue with all that bold type, I mean type."

FREDERICK, Md.—(AP)—Richard Francis Nallin, an umpire of the infamous 1919 world series, died here Friday at the age of 78.

Nallin, an American League umpire for 17 years, always maintained he and his colleagues "had no suspicion whatever" of any sellout in the series between Chicago and Cincinnati.

Nallin began calling balls and strikes in the American League in 1915 and worked in four world series before stepping down to the International League in 1932. He put in two years in the International and then retired to a farm near Frederick.

Nallin claimed it was his idea that Zen Johnson, then president of the American League, inaugurated of assigning more than two umpires to a game. Nallin said he was the first man to umpire from third base in 1916.

Nallin rated Ty Cobb the greatest player he had seen.

"Yeah, Babe Ruth was good too," he admitted, "but Ruth was a different type player than Cobb. Ty would fight you to a standstill in a game but the Babe took things more in stride."

Clever Volo And Direct Harvester Favorites In "C" Handicap Pace Tomorrow; Nine Classes Tonight

Maryland Port and Bobby Taylor have been assigned a 50-foot handicap in the "DD" Handicap Pace and Trot tomorrow evening while in the Handicap "C" Pace six starters will face the gate in the main classes on the weekend card being presented by the Sherbrooke Racing Club.

Coombs' Clever Volo has drawn the sixth spot in the "C" class while Amedee Beaudoin and his Direct Harvester have number fifth in the field. Adolphe Dumas' Mary G. Herbert, who will be making her first start since she was injured in a smash-up a couple of weeks ago, has been given the pole spot.

Sturdy Allie, with owner Joe Laporte in the sulky, has second position, while Lucky G, with Victor Larose teaming, the third spot with G. W. Gagnon's Maryland Lady completing the class and will get away from number four slot in the field.

All tomorrow's events with the exception of the ninth race are doubles. Tonight's card is the same with four doubles and a single dash on the agenda.

In tonight's main event, the fifth and eighth races, will see seven starters go to the gate. Colonel Wilkins, despite his starting position from the seventh spot, is the favorite in this class. The rest of the field comprises Dave Adam, Doctor Brooke C. Wilgo, The Grey Goose, Mabel K. Brook and Wayne H. Abbe.

The pickers for the daily double will have their work cut out for them with eight horses going in the first two races on both nights. Tomorrow's program is very well balanced as several of the starters have posted victories in their last assignments.

The list of Sunday's starters follows:

1ST. & 4TH — D. PACE
Purse: \$200.00
1—RAMUNCHO, G. Desrochers.
2—LORD MIKE, E. Poulin.
3—BUCK UP, E. Larente.

Ginny Grant Cops Another Victory

BLACKPOOL, England.—Ginny Grant, 19-year-old-old Canadian Olympic swimmer, Friday night scored a repeat victory in the women's 220-yard free-style event at the English national championships.

The honey-blonde Toronto girl led all the way to win in two minutes, 30.6 seconds, nearly four seconds faster than her winning time in the same event last year.

E. C. Ferguson of York City was second in two minutes, 33 seconds, and Margaret Girvan of Motherwell, Scotland, was third.

Ginny thus made it four straight for the Grant family. Her sister, 16-year-old Susie, made a clean sweep of the three events in which she was entered earlier this week.

"This great stuff, but it's getting a little monotonous," said William Grant, father of the winning sisters.

CAHA To Raise Money To Send Team To Tourney

TORONTO.—Secretary-Manager George Dudley of the Canadian Amateur Hockey Association said Friday a private company's offer to sponsor a Canadian all-star team in the world hockey championships has been withdrawn.

He said the CAHA may try to raise the money by public subscription.

The team, to be made up of all-stars drawn from a list suggested by coaches of CAHA teams, is to start practicing at Vernon, B.C., as soon as possible. It will work into shape with a series of exhibition games.

This is the second obstacle the proposed team, to avenge Canada's loss to Russia last February, has met this week. Earlier, Conn Smythe, president of the Toronto Maple Leafs, said Leaf's general manager Happy Day would not be available to coach the all-stars.

Return Engagements Feature Big Four Today; Western Champs Lose Bright; Als To Be Full Strength For Argos

The surprises of the Big Four football season opens two weeks ago will be put to the test today when the same teams play return engagements.

Ottawa Rough Riders, upset 29-21 winners at Hamilton in their opener, will play host to the Tiger-Cats while Toronto Argonauts, who unexpectedly held Montreal to a 24-20 winning margin, will be at home to the undefeated, league-leading Alouettes.

The Alouettes, with Sam The Rifle Etcheverry's throwing arm in good shape and acrobatic pass-catcher Hal Mr. Wonderful Patterson intact, are 16-point favorites over the winless Argos.

The game at Ottawa rates as almost a tossup, however, since Hamilton, with two decisive victories over Argos, appears to be much improved. This is emphasized by the fact that even with the highly-touched Ronnie Knox in the lineup, veteran Nobby Wirkowski has been able to hold onto the quarterback job.

Rough Rider, who dropped a pair to Alouettes after beating Hamilton, will have end Joe Cummings back in the lineup for the first time since the opening game when he suffered an ankle injury.

Tiger-Cats have no serious injuries among their regulars.

Wirkowski is expected to handle the bulk of the quarterbacking although Knox may get in for a few plays and will be used as defensive safety.

For Alouettes, three Canadians who missed the opening three games because of injuries will be back and are expected to add defensive strength. They are mid-fielder Juan Sheridan, flying wing and defensive fullback Johnny Blaicher and backfielder Bill Bewley.

With Tom Dublinski and Gerry Doucette sidelined by injuries, Toronto will be using Arnie Galfiffa at quarterback. The former B. C. Lions player showed well against Hamilton on Labor Day.

E.T. OPEN GOLF TOURNAMENT TOMORROW

The 8th annual Eastern Townships Golf Tournament takes place this weekend at the Sherbrooke Country Club and a record crowd is expected to participate in the popular event.

Last year a total of 30 professionals fought it out for the top money prizes, while 267 amateurs competed for the Sherbrooke Daily Record trophy and the various prizes. The field started today at 9:00 and will continue until the final post-entries have teed off this afternoon.

The field is divided into three classes besides the professional end. Today, class "B" and "C" are slated to play while tomorrow only the low amateurs and professionals will be seen in action. Some of the best pros in the Province and from the border states will compete.

In the amateur section of the field, such outstanding boys as Joe Leblanc, Don Doe, Brian McGuigan and many others will be on hand. Leblanc and Doe are both members of this year's Quebec Willingdon Cup team and are rated with the best amateurs in the country.

Last year's winner, Leo Bourassa of Grand'Mere, will be back to defend his Open crown. John Dukelow of Granby tied with the player from below Trois Rivieres but lost out in a three-hole playoff. Both had 73's, which was one more than the pros.

Bill Kerr of Beaconsfield, Gerry Huot of Granby and Rollie Breault of St. Hyacinthe ended in a three-way stalemate last year and after the playoff were still tied. They split the money and Bill Kerr won the Sherbrooke Country Club Shield on a toss.

Among the contestants is Jean "Gros Bill" Beliveau of the world champion Montreal Canadiens. He will play tomorrow morning and will tee off with Bobby Fillion, Molson's representative from Thetford, and Armand Dussault of the Country Club.

Some of the best amateurs will seek the Record Trophy tomorrow and we figure that the golfing fans will certainly see the best in this part of the country in action. Tommy Hunter and Al Godel were members of the Quebec Willingdon Cup team a few years back and they should be right in the thick of the battle.

Willis Kirby, who won the E.T. Amateur crown a couple of weeks ago, is teamed up with Frank Ward, a two-handicapper from Sumner, and last year's champion, Bourassa, which should make a good match to watch.

Pat Fletcher, who is playing out of Royal Montreal and hails from the West, will be in a threesome with Bill Kerr and Don Doe. Fletcher, along with Stan Leonard, represented Canada abroad this summer and he is considered as one of the better pros in this part of the country.

The field commences at 9:00 tomorrow morning while the first pros will tee off around noon. The course is open to the public and the followers of golf should drop around and see the game at its best.

Miss Jeannette Cote and Guy Durocher made a clean sweep of the Eastern Townships Tennis Tournament over Labor Day weekend.

Both won their singles then copped the doubles and to make it a perfect day teamed up in the mixed to complete things.

Guy Durocher met Pierre Lambert of Victoriaville in the finals and gave the youngster from "Bois-Francis" a lesson in general courtmanship. The youngster blew his top when he couldn't get his service in and then proceeded to boot the match away. He took quite a razzing for his exhibition. Maybe next year he will give a better show. Congratulations to the newly-crowned champions.

We understand that the Trois Rivieres Braves are a little put out about our remarks regarding the "gentlemen's agreement" in the Q.R.F.U. re-import players.

They claim there was nothing in the minutes regarding it hence why bother about it? One way to look at it.

Gordon Breen, Dow sportscaster on CKTS, really went to town on them. He was also on the local TV station which was picked up in Trois Rivieres and he voiced his opinion in no uncertain terms. As we previously stated it is a shame that the agreement isn't respected. It certainly will kill the loop.

Tomorrow the Athletics travel to the Duplessis City and they may be in for a bad beating but we are certain that the boys will go down fighting. Last weekend the Braves were playing their second game in two days and showed signs of fatigue and should be much stronger tomorrow.

Coach Pee Wee Berwick has been working his team hard all week and he knows he has a tough one tomorrow. Just the same we are sure that the team has the full support of the local fans, win, lose or draw. And the beauty of the whole thing is that the Athletics are comprised of all local talent. The team and executive are trying to revive football in the City and one way to do that is to give the locals a chance.

So Athletics good luck tomorrow. We are sure that you can hold your own and with a few breaks you may pull a surprise to make a winning club.

Coach Doug Walker of the Montreal Alouettes will be the guest speaker at a banquet which will be held at the New Wellington Hotel on Monday, Sept. 24.

The Al's pilot will be introduced by Doug "Dow" Smith, who gives us the play-by-play description of all the Al's games. The dinner is being organized by the Sherbrooke Athletics Football team and the proceeds from it will be used to help finance the club. Tickets can be had from the players or the executive.

See where Herb Capozzi former tackle with the Montreal Alouettes and Calgary Stampede, claims that "Canadians playing in the Grey Cup, pretty strong statement we must admit.

He bases his statement on the showing of our Canadians and that they are just out-classed by the Americans. This is easy to understand as the boys from across the border go in more for football and baseball than we do. It is like comparing the Americans to Canadians as far as hockey is concerned. It would work out the same way.

Improving it in high schools like they do in the States is quite a proposition. In the first place we don't know a school that would be willing to pay \$5,000 or more for a top-notch coach and still this is overcome the situation will remain the same. All high schools in the States pay top salaries to their coaches and go in for football in a big way.

We have watched some American players in action and we don't think that they are the best tacklers we have ever seen. In the old days the boys pulled them down by the shoe-strings but during the past few years this system has been dropped. Maybe the kids are seeing too much Big Four football where they stand and shove them out-of-bounds or run into them.

As for our Canadians who are playing in the Big Four and Western circuit we believe they are just as good as their American friends. In Canada players were trained as two-way performers while in the States they stressed only one thing but now they are going in for the two-way players like Canada.

No doubt the story will certainly bring plenty of comments around the country and it will be interesting to read the various ideas about it. He has a good point when he states that the coaches in the high schools should be better but on the other hand cash is lacking to pay the salaries. So in the meantime let's do the best we can with what we have.

Eskimos Lose Johnny Bright

EDMONTON.—Edmonton Eskimos took a severe blow from injury Friday when it was learned that fullback Johnny Bright, an outstanding performer on both offence and defence in the last two seasons, will be lost for the rest of the year because of a shoulder dislocation.

Eskimo president M. I. Moe Liberman said Bright, 26, has been taken off the active player list for the remainder of the 1956 Western Interprovincial Football Union season.

Tackle Bob Dean, placement kicking specialist with Eskos the last two years, has been returned to the playing roster to fill the import vacancy caused by Bright's injury.
