Surprise Choice Is Aga's Heir

GENEVA (P) — A Harvard University senior is the new Aga Khan, spiritual ruler of 20,000,000 Ismaili Moslems.

The will of the old Aga Khan, made public Friday night, bypassed his two sons in a surprise move and named as his successor his 20-year-old grandson, Prince Karim. The handsome, six-foot youth immediately became Aga Khan IV.

The Aga Khan II's sons, Prince Aly and Prince Sadruddin, will share in their father's immense estates. Aly, 46, is the new Aga's father and Sadruddin, 24, his uncle.

Aly Khan appeared pleased at the decision. Sadruddin seemed in a pettish mood.

The old Aga, 79, died Thursday in his Swiss villa. He had reigned for 71 years, since he was 8. In his will he said he was picking Karim as his successor because he believed a young man brought up during the atomic age should take over the post.

COMPLETE SCHOOL

The new Aga wants to return to Harvard this fall for the completion of his senior year.

The new Aga is one of Aly Khan's two sons by his first marriage, to Joan Barbara Yarde-Buller, daughter of a British baron and ex-wife of a British brewing heir.

A British subject, Karim is of Persian and Italian descent though his father and English through his mother. He has dated French film starlet Anne Marie Mersen, but otherwise has not shown as much interest as his father, uncle and grandfather in fast cars, race horses and beautiful women.

L'ville Crash Injures Man

One man is in hospital and another is believed to be held by police in Sherbrooke following an accident early this morning in Lennoxville.

The car, from Huntingville, hit a tree on Lennoxville's main street. Condition of the man in Sherbrooke Hospital was described as serious.

PM Goes Fishing

OTTAWA (P) — Prime Minister John Diefenbaker left by plane Friday for a fishing holiday in the West and said he will return to the capital Tuesday, July 23. He was to attend the Calgary Stampede today.

Rebel Arms Cache

ALGIERS, Algeria (Reuters) — French security forces Friday discovered an Algerian rebel arms cache in the Khemis area of Oran, Western Algeria, and captured eight mines, 500 detonators, 33 pounds of explosive material, and scores of hand-grenades.

News Of The Week In Review

Queen's Visit And Trade Talks Make Headlines

By DON GILBERT

(Canadian Press Staff Writer) Prime Minister Diefenbaker made it definite. The Queen will open the new session of Parliament and read the first throne speech prepared by the new government.

The Prime Minister chose Thanksgiving Day, Monday, Oct. 14, for the occasion of the first parliamentary opening by a reigning sovereign in Canadian history. He said this would make it possible for many more Canadians to see Her Majesty than would be otherwise possible.

The Queen will be in Ottawa four days, Saturday to Wednesday. Then she's off on a six-day trip to Jamestown, Va., Washington and New York.

WHEAT BULGE

Another fall date in Mr. Diefenbaker's diary may be talks in the White House with President Eisenhower. About wheat, and trade generally.

U. S. wheat sales overseas have been soaring while Canada's have been in a slump. The Prime Minister let it be known he regards U. S. sales tactics as a violation of the 35-country Gen-

eral Agreement on Tariffs and Trade.

The word around Ottawa this week was that the problem may be tackled by getting Dief and Ike together. Such a plan may be furthered when the U. S. secretary of state, Foster Dulles, makes an informal visit to Ottawa late this month.

AGA'S DEATH

For half a century the portly figure of the Aga Khan was familiar to newspaper readers. Press pictures showed him in many poses: being weighed against gold, platinum or diamonds by his Ismaili subjects; leading in the winner of the Derby, or some other big race; chatting with kings and queens, or with one or another of his successive European wives.

This week, the Aga, his weight down to 132 pounds, succumbed at 79 to chronic heart disease at his villa near Geneva.

MALENKOV TO SALT MINES

In his heyday, Georgi Malenkov put many a disgraced Bolshevik on his way to Siberia. It became the former Soviet premier's own turn this week. But at least he escaped the firing squad.

The pudgy Stalinist was packed off to manage a power plant 2,000 miles from Moscow, in the province of East Kazakhstan. It's not exactly Siberia but not far from it. Presumably comparable jobs will be found for Molotov and Kaganovich, the other Soviet bigwigs ousted with Malenkov last week.

SHIPS AGROUND

Off the Nova Scotia coast, the \$4,000,000 government hydrographic ship Baffin, charting navigational hazards near the mouth of the Lavare River, its self fell victim to same. She was grounded on a rock shoal for five days.

A coral reef off Bermuda called Devil's fift snared the British liner Reina del Pacifico, en route to Liverpool with 600 passengers. It was four days before the 17,872-ton liner got free.

In New York, the skipper of the liner Queen Mary arrived with a report that icebergs in the North Atlantic are the worst in 50 years — "worse than the year of the Titanic" (1912).

TOP TOWN

World's biggest city? London? New York? Wrong. It's Tokyo.

Australian Epidemic

MELBOURNE, Australia (Reuters) — Asian influenza has reached epidemic proportions in Melbourne. A council of specialists said it is impossible to forecast how many cases there will be but hundreds have been reported.

1 In 5 Has Car

OTTAWA (P) — One Canadian in five had an automobile in 1956, the bureau of statistics reported Friday. Passenger cars registered last year climbed to a record 3,187,099.

'Crazy' Russian Plan To Warm The Arctic

OTTAWA (P) — The Russians say that for \$35,000,000,000 the Canadian Arctic could be warmed by 25 to 30 degrees.

This could be done by damming Bering Strait, pumping cold Arctic water into the Pacific and letting warm Atlantic water flow through the Arctic.

Midnight Chimes Awaken Residents

TORONTO (P) — Residents near Deer Park United Church in north Toronto were awakened by chimes at midnight Friday night.

Organist John Weatherseed, awakened from a sound sleep himself, said the church's electronic chimes had been repaired Friday by electricians.

"They must have hooked it up incorrectly and the chimes went off at midnight instead of noon," he said.

US Surgeon - General Gets Into Cancer - Smoking Arena

WASHINGTON (P) — Citing recent studies, United States Surgeon - General Leroy E. Burney said Friday there is increasing evidence that excessive cigarette smoking is "one of the causative factors in lung cancer."

Burney said the public health service favors more research to identify and "try to eliminate" these factors. He said "it is clear that heavy and prolonged cigarette smoking is not the only cause of lung cancer."

In New York, Dr. Clarence C. Little, chairman of the scientific advisory board to the tobacco industry research committee, said Burney's statement "adds nothing new to what has been known about the cause of lung cancer."

"It reflects the opinions of some statisticians and the relatively few experimental scientists who have actively charged that cigarette smoking is a cause of lung cancer," Little said.

The surgeon-general's statement was the first health service pronouncement on the question since the agency noted in 1954 that there was some evidence of a statistical association between cigarette smoking and lung cancer.

In Friday's statement, Dr. Burney offered no new proof but cited results of studies, especially one by a special group organized jointly by the public health service's National Cancer Institute and National Heart Institute and the American Cancer Society and the American Heart Association. This group's findings were made public last March.

Referring also to a report made by Dr. E. C. Hammond and Dr. Daniel Horn of the American Cancer Society to the American Medical Association in June, Dr. Burney said:

"In the light of these studies, it is clear that there is an increasing and consistent body of evidence that excessive cigarette smoking is one of the causative factors in lung cancer."

Explosion Near Mine

QUEBEC (P) — Three striking employees of Gaspe Copper Mines Limited at Murdochville, Que., were reported seriously injured late Friday night when an explosion occurred at a pipe carrying waste from the company's copper refinery.

The injured men are Herve Bernatchez, Nestor Henley and Norman Boudreau. They were taken to Murdochville Hospital.

The location of the blast was reported to be about one mile from the Murdochville plant in the heart of the Gaspé Peninsula. No other details were known immediately.

Lt. Gerard Timlin, in charge of a provincial police detachment of more than 100 which has been patrolling the town since 1,000 employees went on strike March 11, said by telephone he knew that "some people" had been injured in an explosion, but he knew nothing else at the moment.

Murdochville Hospital officials confirmed the injuries to the three strikers but declined to discuss their conditions.

The workers, members of the United Steel Workers of America (CLC), walked out to back demands for hourly wage increases averaging 50 cents.

The company has refused to bargain with a non-certified union, having stalled the union's certification bid with a writ of prohibition last summer questioning the legality of the Quebec labor relations board.

The company has notified striking workers renting company homes they must pay their rent, which has not been paid since the strike started, by next Monday or the matter will be put in the hands of solicitors.

McGill Man Declined To Sign H-Ban

MONTREAL (P) — Prof. J. Stuart Foster of McGill University says he "genuinely" regrets not having been able to sign a nuclear bomb test manifesto.

His refusal "was due mainly to my own conclusion that bomb tests should be stopped only if accompanied by suitable other understandings on disarmament in general."

Prof. Foster was one of two scientists who declined to sign a declaration by colleagues from 10 democratic and Communist countries who had met at Pugwash, N.S., as guests of industrialist Cyrus Eaton.

The declaration called for immediate cessation of nuclear bomb tests as a step to averting a civilization-wrecking war. Dr. Leo Szilard of the University of Chicago was the other non-signer.

Prof. Foster, who built McGill's atom-smashing cyclotron and who was a prominent research scientist during the Second World War, said he agreed with the closed conference's purpose but not its conclusions.

Today's Chuckle

Daughter: "I'm sure you're going to like Jack. He's a fine young man."

Father: "Does he have any money?"

Daughter: "Oh you men are all so curious. Jack asked me the same thing about you."

Richelieu - St. Lawrence Canal Link?

QUEBEC (P) — Premier Duplessis expressed confidence Friday that a canal linking the St. Lawrence and Richelieu Rivers eventually will be built.

Mr. Duplessis referred to the proposed canal — long a matter of speculation in announcing that plans are underway to build a new bridge across the Richelieu River between St. Johns and Iberville.

Engineers have been authorized to begin preliminary work towards construction of the bridge, he said, but "they must take into account the canalization of the Richelieu which will be realized one day."

A canal between the Richelieu and St. Lawrence Rivers would complete the water link between Montreal and New York City via the Richelieu River, Lake Champlain and the Hudson River. The canal would be about 20 miles long.

Jury Indicts Beck And Son

SEATTLE (P) — A grand jury has indicted Teamster Union President Dave Beck and his son, Dave Beck Jr., on charges of grand larceny of union funds.

The rotund president of the largest union in the United States surrendered Friday, posted \$3,000 bail and called a press conference to denounce the action as "simply ridiculous."

Callahan Held By U. S. Police

MONTREAL (P) — Three Montreal policemen are en route to Albany, N. Y., to pick up Edward Callahan, 32, for questioning in connection with the street beating of a Montreal returning officer.

He was arrested at an Albany hotel earlier and held on a warrant charging wounding with intent.

100 American Cities Under 'Enemy' Attack

CHICAGO (P) — "Enemy" bombers—theoretically — struck from the north Friday to unleash an imaginary torrent of nuclear death and destruction upon more than 100 United States cities.

It was a test to determine how well civil defence and government agencies could cope with the real thing.

The "surprise attack" was the fourth annual country-wide federal civil defence training exercise and was carried out under the name of Operation Alert

Election Cleanup Monday

GUELPH, Ont. (P) — Wellington South cleans up Canada's unfinished June 10 general election business Monday.

The 29,589 eligible voters in this constituency sat on the sidelines five weeks ago when the rest of the country voted, their trip to the polls deferred by the sudden death June 3 of Liberal candidate Henry Hosking who had held the seat since 1949.

They choose Monday between Progressive Conservative, Liberal and CCF candidates in a vote that commands country-wide interest because of the narrow margin the Progressive Conservative government forces hold over the Liberals in the 265-seat House of Commons.

Prime Minister Diefenbaker's supporters hold 109 seats. The Liberals, including a Liberal-Labor who supports the party, have 106. CCF has 25, Social Credit has 19, Independent 2, Independent-Liberal 1, Independent-Progressive Conservative 1. There is a vacancy in Lanark due to the death June 16 of Progressive Conservative William Blair. A byelection there has been called for Sept. 16.

The Liberals picked a 29-year-old businessman, David Tolton, as their candidate. The Progressive Conservative candidate is Alfred D. Hales, 48, and the CCF standard-bearer is Thomas L. Withers, 45, both of whom made an unsuccessful run for their parties in the 1955 election.

Tony Curtis Stops Arrow With Eye

DINARD, France (P) — Actor Tony Curtis was felled Friday by a Viking arrow that grazed his left eye and left him nursing a tremendous headache and a fine shiner.

He was in a scene showing the storming of the English coast by 150 Vikings, for the film The Vikings.

Bridge Closed

MONTREAL (P) — Jacques Cartier bridge will be closed for part of two nights next week to permit St. Lawrence Seaway alterations. The toll bridge will be closed from 1 a. m. to 4 a. m. next Tuesday and Thursday.

100 American Cities Under 'Enemy' Attack

With a noon signal that make-believe enemy bombers were approaching the United States from the north, a vast program was figuratively thrown into effect across the nation to coordinate relief, reconstruction and civilian mobilization to meet the emergency.

President Eisenhower, who theoretically already had issued a proclamation designating an "unlimited state of national emergency and threat of invasion," flew with key aides by helicopter for a hideaway "White House" at a secret location.

The supposed proclamation put military and civilian defence put military and civilian defences on the alert and created a top-level home-front war agency to supervise price, wage, rationing, priority and manpower controls.

The first phase of the test was for testing how well civil defence workers could tabulate and assess the devastation from nuclear bombs and missiles, as well as provide the greatest safety for citizens.

In following days, other officials will work on problems of maintaining normal government operations from emergency relocation centres.

In New York City, air raid sirens sounded at 1:45 p.m. People on the streets and in some buildings immediately were directed to air raid shelters.

The "take cover" operation proceeded quickly and effectively. Times Square and other well known points were cleared in about two minutes.

Ten persons were arrested at another point in Manhattan for refusing to go to a shelter.

Milk Producers Meet To Discuss Transportation

Richmond — The Richmond and district milk shippers met at the Richmond Hotel to discuss plans for transportation of milk to out-of-town points.

W. D. Lowe, secretary of the Montreal Milk Producers Association, spoke regarding the move by the C. N. R. to cut off the early morning train after July 21. The shippers, he said, will have to transport their milk by truck.

A committee was set up to discuss plans and make arrangements for a truck from each district to carry the milk to Montreal. The association had said that, with the morning trains discontinued, the producers would have to ship by the evening train. It appears the farmers do not wish to use the night train and will make other plans.

J. O. Asselin was named chairman of the committee, which will meet tonight at the Richmond Hotel. Mr. Lowe stressed the importance of the move by the farmers, who will have to find a means of transporting their product.

About 50 milk shippers from Richmond, South Durham and the surrounding district attended the meeting.

MARBLETON — Recent visitors at Mr. and Mrs. W. E. Bartlett were Mr. Ken Bartlett and Mrs. H. Bartlett, of Sherbrooke, Mr. and Mrs. Robert Boisvert, of Quebec City, and Mr. Donald Bartlett, of Montreal, who is spending his holidays at "Groveside."

Mrs. Maud Browning, of Boston, has arrived in town and will be the guest of her sister, Mrs. Aggie Weston for some time.

Mrs. Mac Foster and Mr. Douglas Weyland have returned to Portland after spending a few days in town at their old home here.

The work of painting St. Paul's Church will begin as soon as weather permits.

PINNACLE — Mr. and Mrs. Ross Carter, Mrs. Della Gallup, of Sherbrooke and Mr. William Carter, of Montreal, visited Mr. and Mrs. Leland Gallup.

Mrs. Marjorie Mills and son, of Montreal, were weekend guests of Mr. and Mrs. M. Gallup.

Miss Diane Andrew spent the weekend with her friend, Miss Sandra Gallup.

Mr. and Mrs. Leland Gallup, Sandra, Brian and Heather, overnight guests of Mrs. Gallup's parents, Mr. and Mrs. D. Sherrer, at Sutton.

Mr. and Mrs. Clark Reed were weekend guests of Mr. and Mrs. Wallace Gallup.

Red Cross Branch At Sutton Closes For Summer

SUTTON — Sutton branch of the Canadian Red Cross held its final work session for this summer at the Baptist hall. Besides work on miscellaneous aid-articles, a large shipment was packed to send to Headquarters. After completion of the afternoon's activities refreshments were served by the hostesses for the week: Mrs. H. Miller and Mrs. O. Baker.

The ladies of the Red Cross, although still doing some knitting and sewing for the organization in their homes, will enjoy at least a part-time summer vacation, for the Red Cross room will remain closed until after Labor Day.

The shipment packed at last session included: 6 quilts, 3 crib quilts, 10 skirts, 15 nightgowns, 56 pajamas, 8 infants vests, 13 infants gowns, 10 prs. pajamas, 5 shawls, 6 sweaters, 40 prs. socks, 200 swabs.

SCHOOL BOARD APPOINTMENTS

At an adjourned meeting of the school commissioners the resignation of D. N. Sweet as a commissioner was regretfully accepted. Cecil Carr was appointed to fill the vacant office for the balance of the year, and Rupert Phelps was made chairman of the School Board for the interim period before another meeting which was held on Monday evening, July 8th, at which his election was confirmed.

At a ratemakers' meeting on Monday forenoon, July 8th, Mr. Lewis Safford was elected as a school commissioner for a 3 yr. period.

NORTH HATLEY

Mrs. George St. Pierre entertained an afternoon bridge party and tea at her home. This was one of a series of such parties which interested friends have been holding to benefit the Water Safety program. Bridge was played at seven tables, and many guests came in for tea. The prize winners in bridge were Mrs. H. Montgomery and Mrs. R. Sterling. Tea was poured by Mrs. M. E. Hart and Mrs. P. Scowen. Mrs. Lee McKay and Mrs. G. E. Bennett also assisted Mrs. St. Pierre in serving.

Miss Janet Little was the guest of honor at a shower given her by St. Barnabas Anglican Guild at the Community Hall. An evening of games and a sing-song was enjoyed after which refreshments were served by the Guild members. Miss Little was presented with an attractive canister set, and gifts of glass and pyrex ware.

Mr. and Mrs. Ira Cochrane recently completed a motor trip from their home in Riverside, California, to North Hatley, where they are guests at the home of their sister, Mrs. S. M. Taylor.

Lieut. John Nash, Mrs. Nash and children, who have been visiting Mrs. Nash's parents, Mr. and Mrs. C. J. Reed, have left for Victoria, B.C., where Lieut. Nash will be stationed for two years with the Royal Canadian Navy. Lieut. Nash was formerly with the R.C.N. in Dartmouth, N.S.

Mr. and Mrs. I. O. Johnson, Miss Priscilla Johnson and Mr. Glen Johnson, of Cromwell, Conn., have been visiting Mrs. Johnson's mother, Mrs. Hugh Bennett.

loss of Mr. Leon Wentworth, formerly a resident of Sutton, who passed away last weekend at the Sweetsburg Hospital.

Mr. and Mrs. Lynwood Hawley, of Valois, have returned there after spending a fortnight at their summer home near Sutton.

Mr. Deane Jenne with three members of his family from Nashville, Tenn., are visiting his father, Mr. E. H. Jenne.

Either by intent or accident, a bullet from a .38 calibre revolver or automatic was fired through the door of Mr. Robert Pay's trailer-home on the Darah Bros. factory one night last week. The missile whizzed past the chair where Mr. Pay had been seated shortly before — and only the fact that he had just happened to change his position to another part of the room saved him from serious or even fatal injuries. Police are now investigating the incident.

The recent severe thunderstorm did considerable damage to crops and gardens in Sutton district, as it was accompanied by a hail bombardment lasting 15 minutes.

Mr. and Mrs. Harold Woodard entertained Mr. and Mrs. Clarence Howie and family, of Altadena, California, by giving them a sugar on snow in the summer time treat with maple sugar from their own sugar bush on snow kept in their deep freeze. This was a novelty to the younger Californians, who had never had wax on snow before and was much enjoyed by them.

Mr. William Miller has gone on a motor trip to spend a few days with relatives in Megantic.

Mrs. Lena Putnam, of Richmond Wales Home, is spending a few days with Mr. and Mrs. William Bergeron. She will also visit other friends, while here.

Because of a baptismal service next Sunday afternoon at Mansonville, service in the Sutton Baptist Church will be held at 7 p.m. that day instead of 7:30 p.m. to convenience members from here who will wish to be present at the baptism. The mid-week Bible study meeting will be at the Baptist parsonage on Wednesday evening as usual.

Miss Hilda Wieg, of Montreal, is spending a three week holiday at the home of Mr. and Mrs. William Bergeron.

Guests at the home of Mr. and Mrs. Orton Baker over the weekend included Mr. and Mrs. Malcolm Crittenden and little daughter Sherry, of Montreal, Mr. and Mrs. Shirley Catlin and daughter Rae, of St. Albans, Mr. and Mrs. Lynwood Hawley, of Valois, and Miss Beverley Baker, of Montreal.

Golden Rule Rebekah Lodge No. 20 met in regular session in the I. O. O. F. hall with Sister Hilda Arnett V. G. presiding. Minutes were read by the secretary, Sister Sylvia Cooke and the degree was conferred on two candidates. Members were present from Montreal, West Brome, Iron Hill. Meeting closed in ritual form after which refreshments were served by the committee in charge.

The Lend A-Hand-Club of the United Church was entertained by Mrs. James Flanagan. Mrs. Douglas Mudgett president conducted the meeting. Mrs. A. A. Thompson gave the devotional. Minutes were read by Mrs. Thomas Surtees and treasurer's report by Mrs. Thomas McClintock. Two sick members were sent cards. Aprons were brought in for the sale. Refreshments served and a social time enjoyed at the close of the meeting.

Kirkdale Group Gives Fine Financial Report

KIRKDALE — The Guild and W. A. met at the home of Mrs. R. F. Woodburn with 11 members and three visitors present. The meeting opened with the W. A. prayer and the secretary, Mrs. Riff read the minutes.

The financial report shows over \$300 made by the Guild during the first six months, but ex-

penses have been high for repairs to hall and donations to Church Assessment. The food sale netted \$31.50 and the ice cream social at the home of Mr. and Mrs. R. W. Simpson came to \$68. A vote of thanks was given Mr. and Mrs. Simpson for their kind hospitality.

There will be no social events during July and August. Mrs. Cross proposed that each member pay in one dollar for those two months rest.

A meeting will be held in the Hall on August 1st when possibly the church will be cleaned. A request for the use of the Church

Hall for an anniversary was accepted and the meeting closed with the Lord's prayer.

General Notes
Mrs. R. F. Woodburn and Mrs. F. McCaw spent several days in Montreal with relatives.

Mrs. G. Villemare and Miss Claudia visited relatives in St. Johnsbury, Vt., over the weekend.

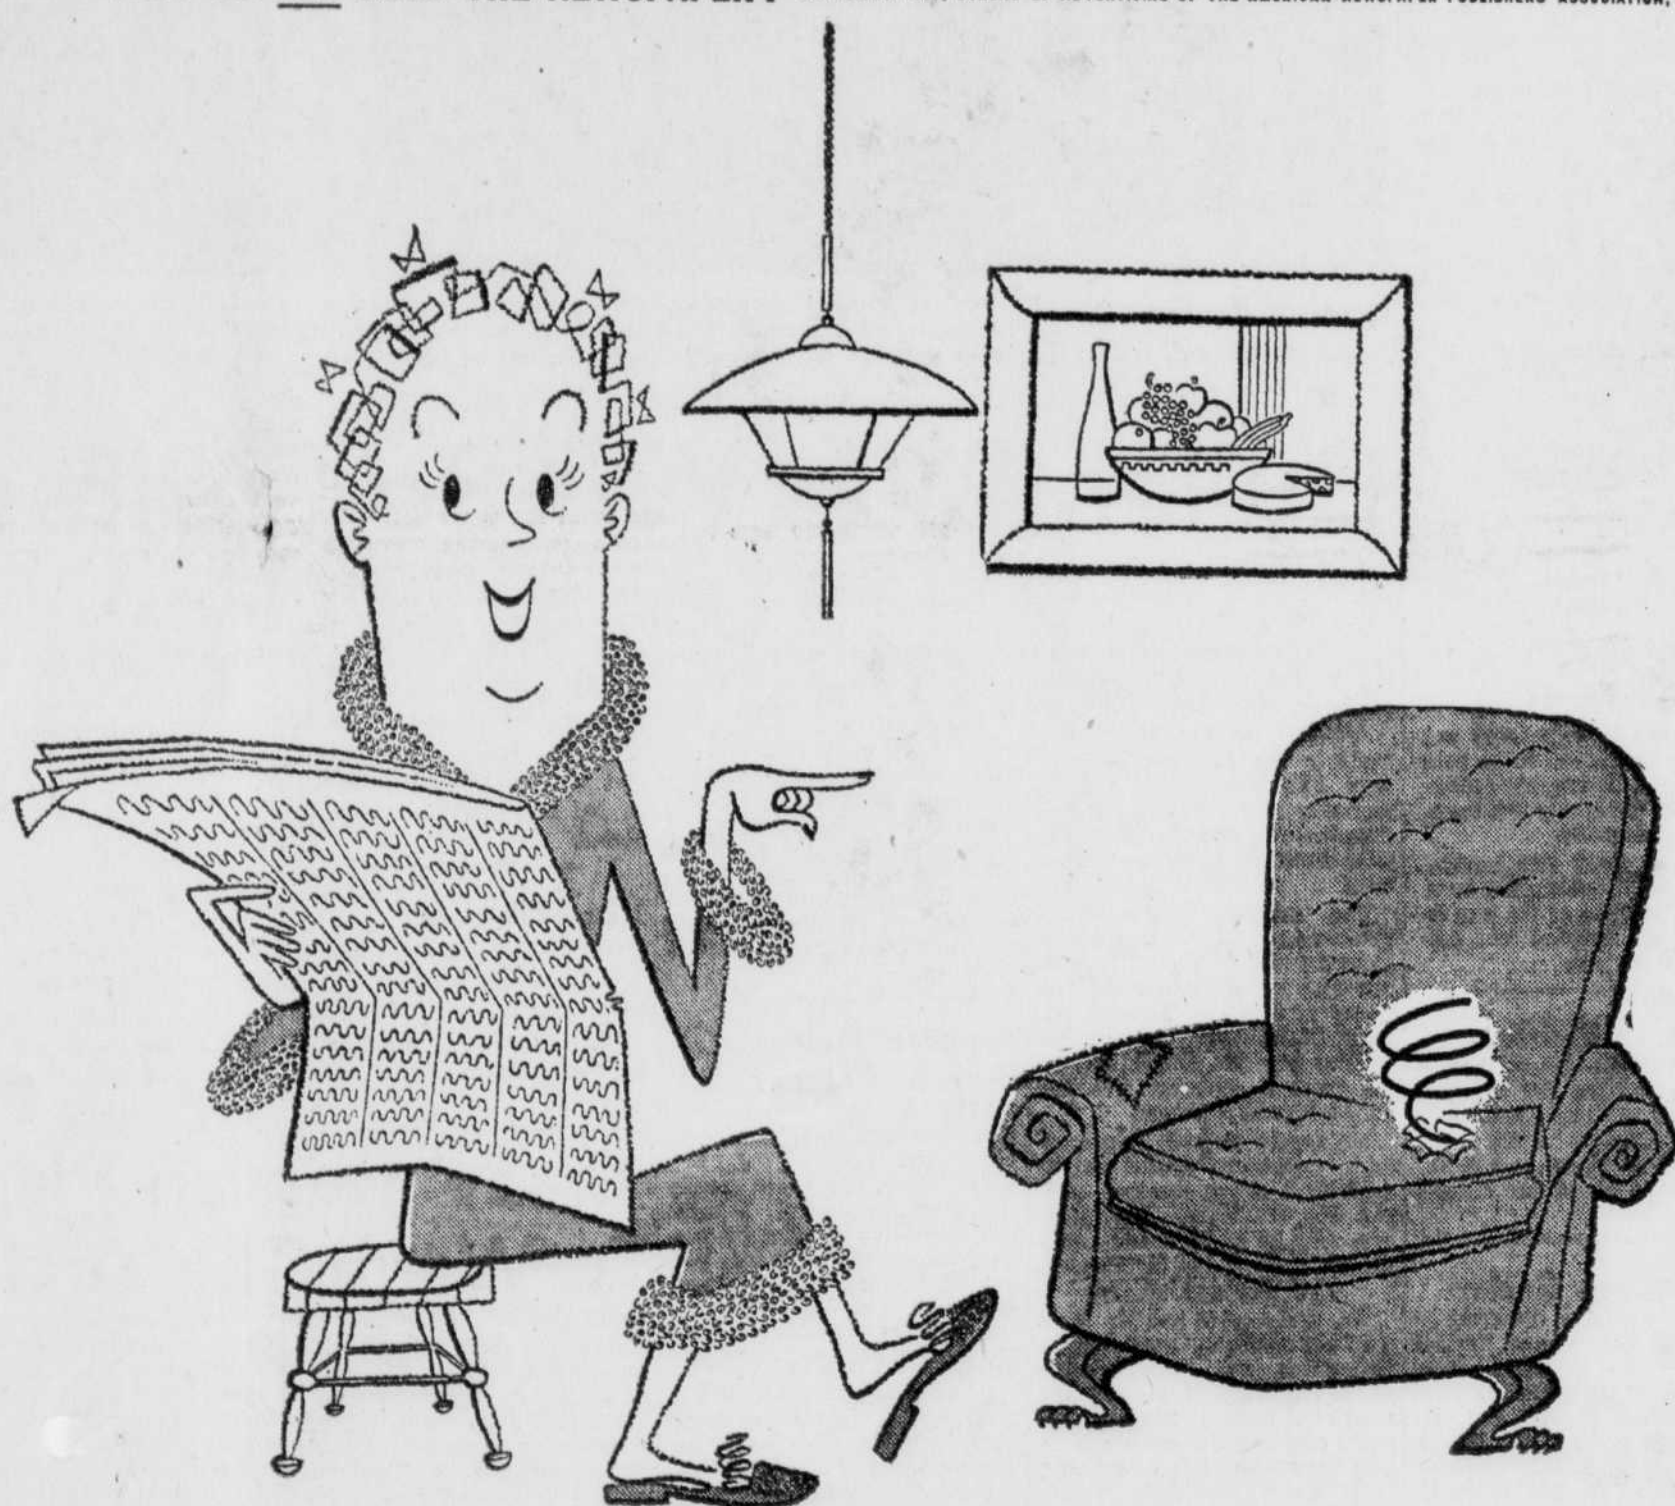

Mr. and Mrs. W. Patrick have returned from Toronto, where they visited relatives for a week.

Mr. Frank Riff has sold his farm here the former Gilchrist property, to Mr. L. Macy, of Melbourne.

WHY DO YOU READ THE NEWSPAPER? COPYRIGHT 1937, BUREAU OF ADVERTISING OF THE AMERICAN NEWSPAPER PUBLISHERS ASSOCIATION, INC.

"I sit down with the paper every day to read it

and look for ads on things I need..."

Morning, noon or night, any day of the week, in the house or out, the newspaper remains to be read — and shopped — at the reader's convenience. Some folks like to read their newspapers before bed. Others relish them with the morning coffee.

This is one of the great pluses for an advertiser — as so many advertisers well know. An ad is read by newspaper readers when the readers feel like it. There is no intrusion upon the readers' time and therefore no resentment by the prospective customers.

The convenience appeal of newspapers is

one reason why people pay over \$3,000,000 a day for the privilege of reading and shopping from more than 57,000,000 newspapers daily. People like to ponder over a potential purchase... and the best place to ponder is in the newspaper.

Whatever you sell, wherever you sell it — nationally, regionally or locally — you'll get more help selling it through the daily newspaper... where people find time to listen to your story.

MAN SEEKS RELATIVES — 82-year-old Guy C. Harkness writes from Shelbyville, Ill., seeking the identity of his father, the late Richard A. Harkness. . . Harkness is a retired Northwestern Bell pensioner and lives at 219 North Long St., Shelbyville, Ill. . . His father was more affectionately known as Dick and once worked in Montreal where he learned to speak French. . . The last time he saw his mother and father was at Davenport, Iowa. . . John Harkness, a brother to the father, was a horse breeder, and other brothers included George and William. . . Dick Harkness, according to the letter, took part in the American Civil War and apparently came to Sherbrooke after. . . Among other relatives named are Joe and Mary Marlin of St. Louis, Mo., and Stuart and Joe Marlin Jr. . . If anyone knows of any of the gentlemen mentioned by Mr. Harkness they could write him or get in touch with us.

MONTREAL FESTIVAL — The Montreal Music and Drama Festival opens at the St. Denis Theatre on July 22 with Don Giovanni being sung by the Grand Opera of Montreal and two days later Corneille's L'Illusion Comique will start a ten-run performance. . . Also during the summer festival, two of this year's winning Dominion Drama Festival plays will be staged. . . Four performances of La Tour Eiffel Qui Tue will be given at the Lafontaine Park Theatre by Le Theatre de Quat'Sous. . . This play won the Calvert Trophy in Edmonton and is well worth seeing. . . Five performances of On Borrowed Time by the Playcraftsmen of Toronto will be staged at the Gesu Theatre. . . Canadian pianist Glenn Gould, recently returned from Russia, is scheduled to give a concert. . . On July 23, at the Montreal Museum of Fine Arts a collection of 45 paintings recently bought by Greek shipping magnate Stavros Niarchos and formerly owned by film star Edward G. Robinson will be on exhibit. . . They are insured for \$1,500,000. . . If you have the chance, there is lots to see at the Montreal Festival.

ODDS AND ENDS — After all the fuss made about the purchase of the Old Post Office building by the city some time ago, we sort of wonder what is going to happen now. . . The building has just been sitting there. . . The Council expressed the wish that it be turned into a Municipal library but that is as far as it has gone. . . The clock in the tower was operated for a while, but that too seems to have broken down.

Laramie Coach Lines and Laramie "Service" Inc. should amalgamate under the name of Laramie Coasting. . . More than six months ago, Municipal Judge Richard Crepeau took under advisement a case in which the Hotel Sherbrooke was charged with Sunday dancing. . . So far no judgment has been rendered.

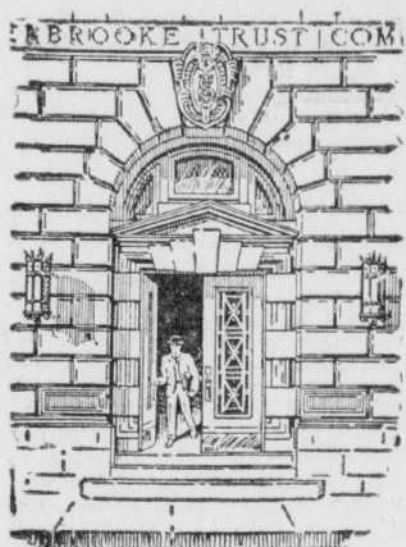

Gerry (Bowlrum) Mathieu and Det. Amicet Gosselin with wives, left for Vancouver and points south for a holiday cruise. . . Charlie Troelstrup, formerly of the Normandie Coffee Shop and Montreal, now at the Beaulac in Garthby.

Noted Doctor Is Named To Local Hospital Post

The president of the Sherbrooke Hospital, Lieut.-Col. B. D. Lyon has announced the appointment of Dr. Walter Kintzen as physician-in-charge of the clinical and pathological laboratories on a full-time basis.

DR. WALTER KINTZEN

Dr. Kintzen is a graduate of the University of Berne in Switzerland and took two years of post-graduate work at University hospitals in that country. He arrived in Canada in 1952 and was attached to the Lancaster D.V.A. Hospital in New Brunswick and to the Shaugnessy D.V.A. Hospital in Vancouver. In 1955 he was appointed a Teaching Fellow at the Pathological Institute of McGill University, under the late Dr. G. Lyman Duff, continuing

his studies there and at the Montreal Children's Hospital and the Montreal General Hospital.

Col. Lyon stated that Dr. Kintzen succeeds Dr. Jacques Olivier, who acted as part time head of this particular department for a great many years. He went on to say that the growth of the department together with the changing concept of medical education and of medical care in the Hospital had made it essential to secure the services of a full-time man.

Long-Run Comedy Next Feature At N. H. Playhouse

John Van Druten's long-run comedy, "The Voice of the Turtle," will be the next applause-winning production of the North Hatley Players, starting this coming Tuesday at the Haskell Opera House, and the following evening at the Playhouse in North Hatley. Scheduled to run for four performances in North Hatley, "The Voice of the Turtle" is one of five most enduring and endearing plays in stage history, having played for four solid years in New York.

All the action in this hit comedy, which relates the hilarious complications arising during a weekend in which Sally Middleton, with Claudia - like ingenuity, wins Sgt. Bill Page away from her girl friend, Olive, takes place in Sally's apartment. In a most ingenious set, designed by Helen Austin, the stage apartment has a living room, bedroom and kitchen, all in simultaneous view. During the course of the gay comedy, Sally goes through all the domestic details of house-keeping in the set's completely practical kitchen.

Patricia Evans will be seen in the role of Sally, created on Broadway by Margaret Sullivan, and subsequently played by such other favourites as Betty Field and Martha Scott. In this part Miss Evans shows her versatility as an actress, having previously been viewed by Playhouse audiences as Helen Sherman in "The Seven Year Itch" and last week as Aunt Lavinia Penniman in "The Heiress." Coming to the Playhouse from New York, where she has appeared on Broadway in "Sabrina Fair," acted leads with the USO and other touring companies, played off Broadway with the N. Y. Drama Association, and worked for six seasons with various summer stock companies, Miss Evans puts her impressive amount of experience to good use in her other job as drama coach at the Playhouse.

Oliver Berg plays opposite her as Sgt. B. Page, the part first played in N. Y. by Elliot Nugent. Mr. Berg is also from New York, where he has been seen on Broadway in "Waiting for Godot" as understudy to E. G. Marshall, and in "Protective Custody," a play which starred Faye Emerson. He has also worked in such off-Broadway productions as "The Male Animal," "Our Town," and others, including "Twelfth Night," in which he played the part of Malvolio, and has appeared on Kraft Television Theatre, The Big Story, Producers' Showcase, and other TV shows.

Olive Lashbrooke, the girl who stands up the weekending G. I. for a Navy man, thus leaving the coast clear for Sally, will be played by Sondra Gibson, a Montreal actress making her first appearance with the North Hatley Players. Having worked with such well-known Canadian groups as the MRT, the Canadian Art Theatre, the Mountain Playhouse, and Le Theatre du Nouveau Monde, as well as doing radio work and her own TV show, Miss Gibson is no newcomer to the stage.

In a change of role, the NHP production of "The Voice of the Turtle" will be directed by Walter Massey, assisted by Eric Heath, both of whom are now well-known to audiences at the Playhouse for their acting.

Told with all the wit, wisdom and craftsmanship audiences have come to expect from the author of such successes as "I Remember Mama," "Bell, Book and Candle," and "I Am A Camera," Van Druten's comedy has been called by Life Magazine "a play that has all the enchantment of spring." Its unusual title is taken from one of the beautiful lines about spring in the Song of Solomon.

Students Find RCAF Summer Course Both Educational And Profitable

By HUGH DOHERTY
This summer will be a profitable one for 69 energetic high school students enrolled in the RCAF Reserve Tradesmen's Training Plan at the 2450 AC and W unit headquarters on Depot street.

They are learning the electronic intricacies of fighter control by radar. They're getting in on the ground floor of a career in the permanent Air Force. And they're getting paid for it all. The course, which has been held in Sherbrooke for the past six years, really started last April, when the students began phase one of the summer plan. Working five weekends, they went through a thorough training period in service methods and procedure. They wrote an exam when it was finished.

Then they started on the real meat of the plan; full time training starting on July 2.

At the present time, these youngsters are head deep in such subjects as military organization, meteorology, basic theory of radar, radio-telephone procedure, navigation, operations room procedure and method, and inevitably, military drill.

It's a pretty full schedule, starting bright and early at 8 a.m. in the morning with inspection, and finishing at 5 p.m.

But the rewards are great. At the end of August, the students will write an exam on the summer's work, and if they pass that, will have completed Group One of the fighter control operator trade. If, after this, they decide to join the auxiliary of the RCAF, they will do further night work and weekend training, and could end up within three years of starting as full-fledged sergeants.

This year, the local group has also inaugurated a course in the orderly department—clerk-typist trade. This gives opportunities for students with commercial training to get into the Air Force life.

Basic pay for the students is \$100 a month, with a \$61 subsistence allowance.

The students are enjoying the work, although the course is not an easy one. Officer Commanding the group, F/L Gordon Warner, says that naturally, "some of the youngsters joined just for a lark. But they soon find that the uniforms we issue them must be worn with military smartness at all times; that shoes and buttons must be kept clean and shiny; that punctuality and application to work are musts. They find, too, that they must pass exams every week on the week's work—and that if these exams aren't up to scratch, they have to find another summer position elsewhere."

Not all of the course is hard work. A weekly "sports parade" is an integral part of the course. At this time, students swim, and engage in summer sports.

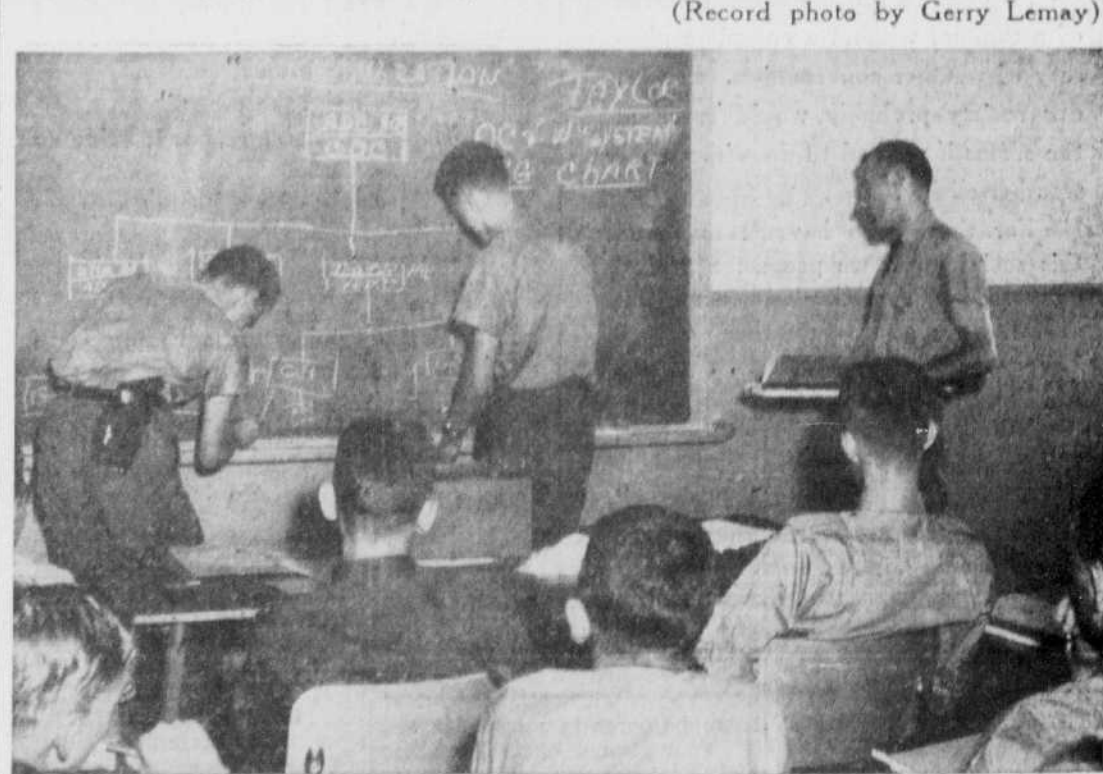

The purpose of the course is to show high school students the opportunities available in the Air Force, and to encourage them to join either the auxiliary, or the permanent force. At a time when Canada's defences are dependent on radar, such training as is given at the Sherbrooke RCAF centre can be invaluable.

The students, divided into three flights for the duration of the course, must be 16 (for boys) and 18 (for girls).

Once a year, a visit is made by the entire class to the regular heavy radar site at St. Sylvester, so that they can see how radar operates in action.

Their own radar set up at the Depot st. headquarters is a mo-

del. Special equipment simulates aircraft movements which are picked up on standard radar scopes. Students learn to read and plot these "blips," and relay them to the model operations room, where their progress is charted.

This summer's class hasn't yet reached the real radar screens; they are still in the process of mastering mock ones. There are five permanent force instructors from other stations at the headquarters. They are: Sgt. Charles Taylor, Cpl. J. Hargrave, Cpl. "Steevy" Steeves, Cpl. "Barney" Barnaby, all from St. Margaret's Radar Base, New Brunswick, and Cpl. Edgar Corscadden, from Halifax, N. S.

In the orderly room, permanent force men are LAC Henry Lacasse, and LAC David Noble. Regular support instructors stationed in Sherbrooke are Cpl. John Marshall, and Cpl. Claude Verge. The regular support officer is F/L Ernest Beland.

Cpl. Edwina Berikoff, and P/O Jane Hamilton, Personnel Administration Officer, are also attached to the summer staff.

At Radar Scope — Mary Neville learns to operate and read a radar scope.

Clean Bombs And Disarmament

Communist party boss Khrushchev's comment that President Eisenhower's prediction of a clean hydrogen bomb was "stupid" smacks of hypocrisy. The talk of a hydrogen bomb that could be tested without the danger of radioactive fallout doesn't fit in with the Communist propaganda line on disarmament.

A clean hydrogen bomb would not differ much from any other type of nuclear bomb. It would be capable of mass destruction just as the nuclear weapons now stockpiled by the United States and the Soviet Union are.

The Soviet delegation at disarmament talks in London has taken a stiffer line in recent days. The possibility that the Russians would meet the West halfway now seems more remote than it did a week ago.

It is useful therefore, to recall that the Russians have the biggest land army on earth and certainly the biggest if not the most powerful air force. This military establishment is well equipped with conventional arms, in addition to the Soviet stockpile of nuclear weapons.

The human beings who would be killed by the conventional bullets and shells would be just as dead as those

killed by a nuclear weapon. But the Russians seem to be saying that it is all right to kill people singly or in small groups or even by the hundreds — as they did and are doing in Hungary and other countries under Soviet rule — but it is wicked to develop weapons of mass destruction.

What the Soviets really dislike is the fact that the United States has a commanding advantage in nuclear weapons and tactical striking force. This blunts the claws of the Russian bear.

Leaving aside the moral arguments against nuclear weapons — and they are strong — it is clear that a clean hydrogen bomb would be to the West's advantage. It would mean that nuclear devices could be used tactically without danger to our own troops or population.

It would be much preferable not to use them at all. That is why the West have made concessions at the disarmament conference. But there is nothing contradictory in going ahead in the meantime with perfecting our weapons.

As much as the West wants peace, it must be prepared to defend itself in case of attack. And it must go on preparing until real, enforceable disarmament becomes a reality.

Compulsory Car Inspection

The results of the recent safety inspection tests carried out by the local police department — which revealed that one in three of the cars taking the tests had some defect in their safety equipment — indicate the importance of these check-ups in the promotion of highway safety.

But the high percentage of defects — even if most are of a minor nature — demonstrates the need for these examinations being made compulsory for all motor vehicles, or for holding the tests without prior notice. The voluntary tests have considerable value, especially for drivers who might not be aware of the defects in their machines. But they can do little to curb the activ-

ities of those car-owners who persist in driving their machines which they know contain major defects. All the defaulting driver has to do is keep away from the announced area on the day the tests are being held.

In all probability the ordering of compulsory inspection of motor vehicles is the responsibility of the Provincial Government, which seems to have the final say on most traffic matters. One step forward has been taken with the requirement that operators pass on examination before getting their first permit. It would seem logical to advance even further by making the car undergo an examination before the license is issued.

Hot-Weather Talk

No one can run the social gauntlet of a summer without a complete glossary of weather conversation. In fact, our society probably would crack at the seams if we had to do without the weather clichés.

For those who haven't mastered this social must, we present a typical conversation, sparkling with acute observations on the weather (which "everyone talks about, but...").

"Hot enough for you?"
"Well, of course, it's not the heat, it's the humidity, you know."
"Looks like summer's really here."
"We could use some rain. Hold down the dust, you know."

"It's good for ducks, but that's about all."
"Helps the crops."
"Yeah, helps the crops."
"I can't ever remember it being so hot."
"Oh, used to be a lot hotter years ago."
"Yeah?"
"Yeah."
"I don't think these H-Bomb explosions help it any."
"They're not telling all they know about how it's changed the weather."
"They say if you drink something hot, it cools you off."
"That's what they say."
"Hot enough for you?"

TRICKY PLAY ON TRUMP

Take a look at the East hand only. North opens one club and it is up to you. What should you bid?

The answer is one diamond. You have a very strong hand for a mere overcall but no other bid is satisfactory.

The bidding continues one heart by South, one no-trump by North, three hearts by South and four hearts by North. Should you double?

The answer is "NO!" You have three aces but your partner can't have anything and the best you

can hope for is a one-trick set. Your partner opens the deuce of diamonds and dummy plays the five. You play the jack and it holds the trick. What should you return?

The answer to this one is that if you want to beat this hand you must cash your singleton ace of hearts and lead a spade right up to dummy's ace-queen-ten.

The spade play is not hard. Obviously you can't afford a club or a diamond lead. The tough play is to remember to get rid of your ace of trumps first. If you don't do this, and declarer is on his toes, he will run three spade tricks and then throw you in with it. In that case you will have to lay down one of your minor suit aces and South will make his game.

BIRTH OF A TOWN

(USSR Bulletin.)

The Presidium of the Supreme Soviet of Uzbekistan has passed a decision on the setting up of a new town Yangi Yer (New Land). The first building in this town was erected only last October. True enough, there are only four streets and 3,000 inhabitants in the new town at present.

The building up of Yangi Yer is part of the plan for irrigating and developing new lands in the Hungry Steppe. At present five new state cotton-growing farms have been set up near the town. Within the next few years another 34 state farms and a similar number of gineries will spring up on these new lands.

Another Beautiful Meadow

By Rev. B. S. Murray, M.A.

I have a friend who delights to occasionally tell me of those snow-capped mountains of clouds — those great rivers of stars — those walls of wind and trumpets of thunder he, on wings of imagination, envisaged as he walks across the sky.

Last week we walked out in the meadow with God, aware that every field has the breath of His power in it. This week I feel the urge to walk across the meadow of the sky, where, instead of daisies, we shall see those forget-me-nots of the angels, the stars.

I REMEMBER —

Once upon a time I took such an imaginary walk with my Sunnylean companion before that May, 1955 day when she left to walk the green fields of Paradise with her Lord and Master, Christ. I shall always remember the setting. I see once more those three tall trees hand in hand against the sky by Bromel Lake; darkness disclosing the great dipper, the everlasting star and the Milky Way and with the friendly glimmer of lights across and around the lake, off on the magic carpet we went, soaring up, up, up.

AN AWESOME JOURNEY

Now such a journey when and if embarked upon in a spirit of reverence will be so filled with awe, wonder and mystery, that dignity and enrichment will be added to daily living. Unfortunately far too many have in-

mark you, when we enlist in the crusade to "Glorify God," we hasten the day when Christ's rule of peace, purity and love begins. This is the new order God desires. It is His plan.

"TWINKLE TWINKLE, LITTLE STAR"

Do you recall when you became interested in Stars? Wasn't it when you began memorizing that verse, "twinkle twinkle, little star"? Anyway, children love stars and when they leave the old home, these dear old stars still serve as a link with the folks back home for they know that their loved ones can look up at the same time and think of each other. I know some who have a nightly rendezvous with the stars.

I recall a Christian gentleman whose only son had left at an early age for Paradise. On some lonely nights that devoted, loving father had his rendezvous with the stars. He thought between the stars and him in glad, full view, he could clearly see his son and Christ allowing him and all the glories of that future life when there would be no more parting in heaven. This man saw with his spirit eyes

So up in this meadow in the sky where we find space that defies our measuring rods, orderliness that outruns our science, infallibility and regularity that elude our understanding, we dismiss our doubts, arguments, even ignore the riddle of human suffering and accept the challenge of the stars to glorify God (Psalm 19-1). For,

what we, with our human eyes, can never see. He had eternity in his heart.

When, perchance, clouds of trouble—sorrow, need, sickness, frustration, disappointments, or any other adversity—beset us, let us remind ourselves that as clouds temporarily obstruct the stars yet they still shine so, in like manner, behind these earth-born clouds, the light of God's love cannot be put out. The love is full and free to all who look up!

LOOK UP! THE STARS!

Thinking of stars as stars can be informative and interesting, but to SEEK the God Who made the stars is an exciting adventure of the highest order. "Seek God" then penned Ames the prophet with the confidence of one who knows that both distance and nearness are the same with God and that He is mindful of the least of us (Ames 5, 8). Thrilling isn't it? To know that though Our God is able to create and do ALL things yet His sacred heart is tender, loving, so most wonderfully kind that He is ready to forgive and adequately provide for all who accept Him as Father.

This the Psalmist confirmed when he penned "Those who are broken in their hearts and grieved in their minds, He healeth and their painful wounds He tenderly unbinds. He counts the numbers of the stars: He names them every one. Great is our Lord and of great power: His wisdom search can none." (Psalm 147; 3, 4).

So keep telling it out, O Church of the Bright and Morning Star, that life will be as beautiful as it will be useful when we choose to follow, as the Wise Men did, the Star of the East (Matt. 2, 2) and give to Him Who is our God and Saviour our hearts overflowing with an accompanying tribute of thanksgiving expressed practically in walking before Him in holiness and righteousness all our days.

THE BRIGHT AND MORNING STAR

By day, we can out in the fields so sense the Presence of God that we can say without hesitation "God is NOW here." In fact, He is everywhere. Then, when heaven sets her evening lamps alight throughout the sky, we can let its quiet wonder steal over us as we, with eyes uplifted and hearts discerning walk about that meadow. Fortunately indeed are we that our Guide and Pilot is Him, one of whose descriptive names is that of The Bright and Morning Star. And whilst enjoying His companionship and drinking in His wonderful words of life, we, as we pick such flowers as the "asters" of faith, hope, love; of truth and righteousness, conscience and beauty, should resolve to see to it that as a result our ordered lives shall confess the beauty of His peace.

I thank God for the privilege of walking with wings of imagination, across the Meadow of Heaven with all the delight and wealth of comfort, cheer and inspiration to greater living and service it involves.

Don't you agree that Starland is another beautiful meadow?

Stories Of Famous Hymns

by Horace B. Powell

WE WOULD SEE JESUS

We would see Jesus: For the shadows lengthen
Across this little landscape of our life;
We would see Jesus, our weak faith to strengthen
For the last weariness, the final strife.

We would see Jesus, the great rock foundation
Whereon our feet were set with sovereign grace;
Nor life, nor death, with all their agitation,
Can thence remove us, if we see His face.

We would see Jesus: Other lights are paling
Which for long years we have rejoiced to see;
The blessings of our pilgrimage are failing:
We would not mourn them, for we go to Thee.

We would see Jesus: This is all we're needing:
Strength, joy, and willingness come with the sight;
We would see Jesus, dying, risen, pleading:
Then welcome day, and farewell mortal night.

"WE WOULD SEE JESUS"

Many of the world's most precious and enduring consecration hymns have been written by women and, in all the list, there is none more popular than this gem of Anna Bartlett Warner's. It was inspired by one of Jesus' experiences during the week that preceded His crucifixion.

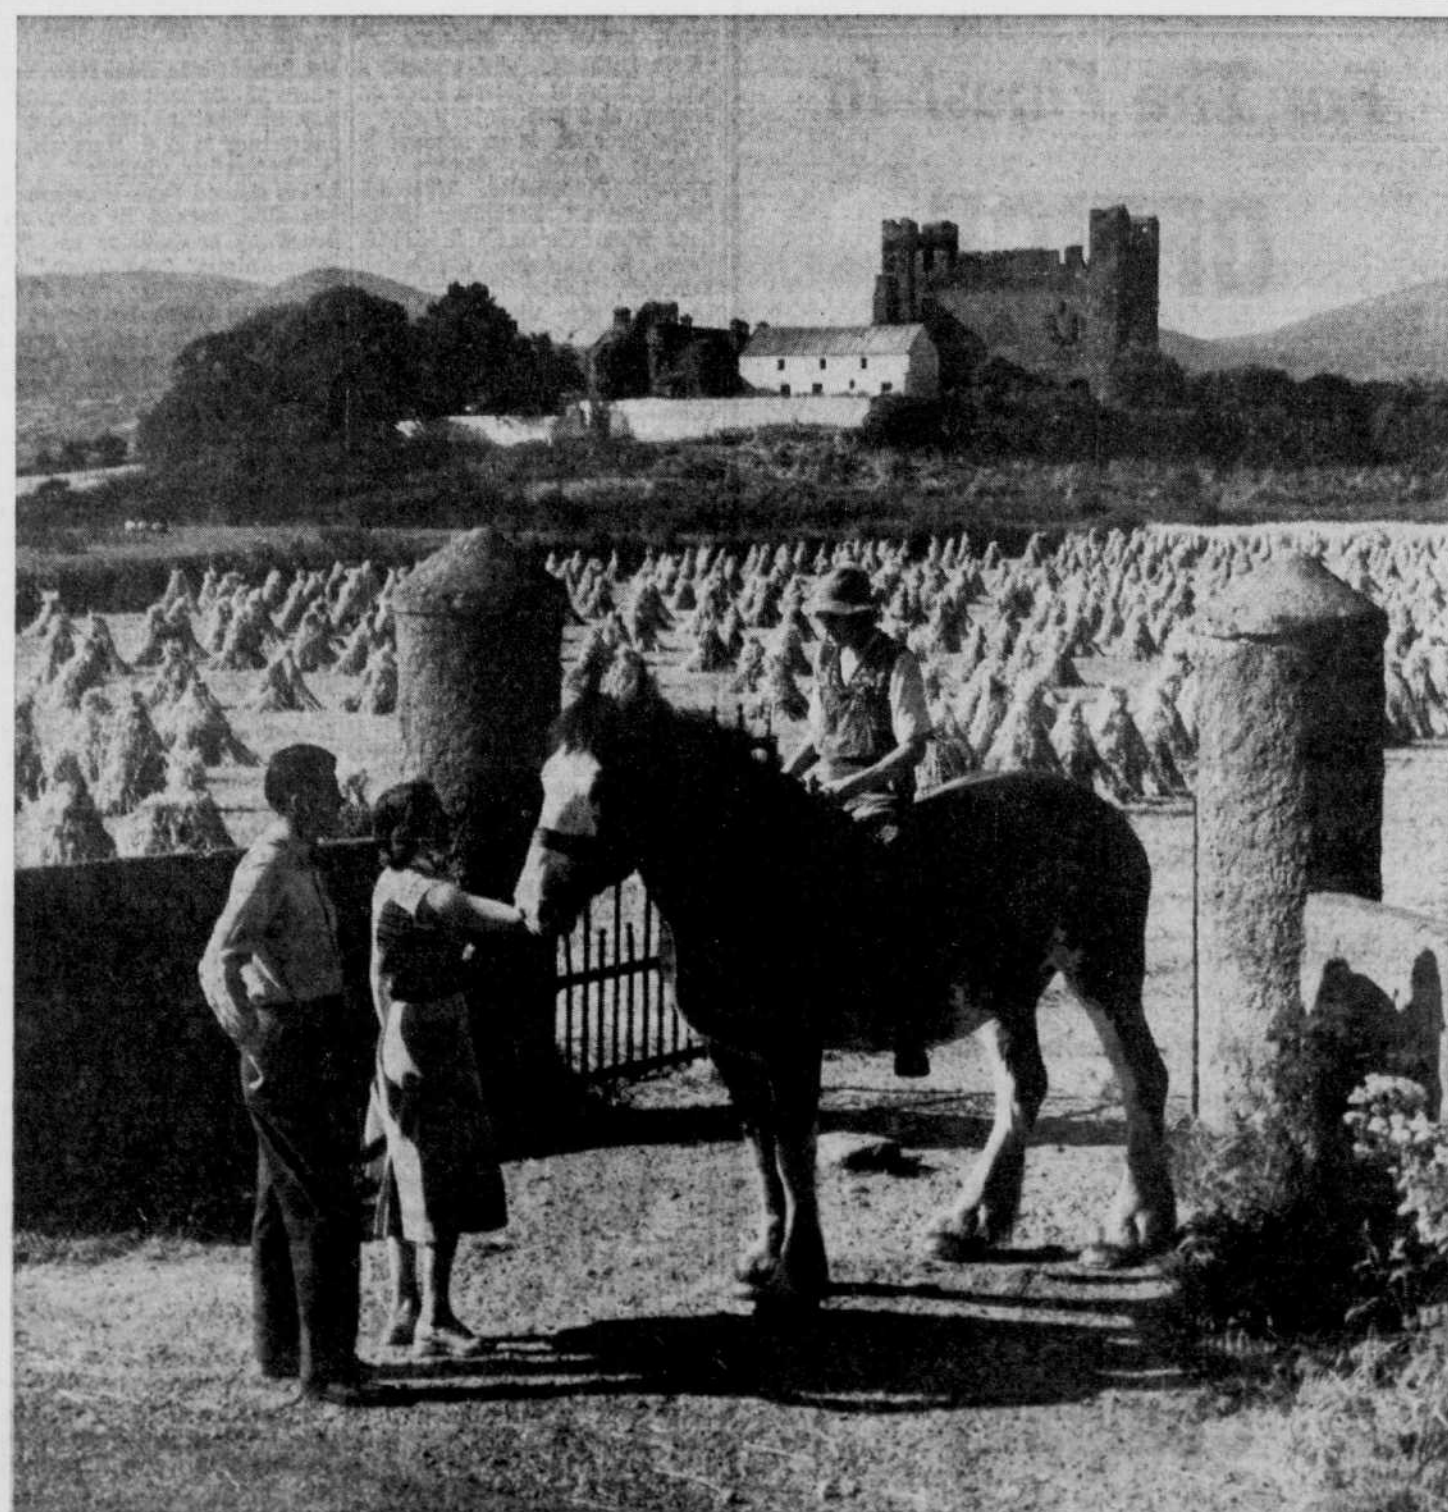

The Saviour, according to the biblical account of the incident, had come to Jerusalem where the Feast of the Passover was being celebrated. The city was crowded with pilgrims who had come to worship. St. John tells the story. He says:

"And there were certain Greeks among them that came to worship at the feast: The same came therefore to Philip, which was of Bethsaida of Galilee, and asked him, saying: 'Sir, we would see Jesus.' Philip cometh and telleth Andrew: and Andrew and Philip tell Jesus. And Jesus answered them, saying, 'The hour is come, that the Son of man should be glorified.'"

Miss Warner used the petition of the Gentile pilgrims as a theme for her hymn. It was written in 1851 and was given to the public seven years later in a volume of sacred songs which appeared under the title, "Hymns Of The Church Militant."

There is another hymn for which Miss Warner will always be known; she wrote it one day after receiving a letter from a minister-friend who told how, though he was physically weary at the end of a trying day, he was spiritually happy in Christian service. She gave it the title, "The Song Of A Tired Servant." Its opening stanza is familiar to all Christians:

"One more day's work for Jesus,
One less of life for me!
But heaven is nearer,
And Christ is dearer
Than yesterday to me;
His love and light,
Fill all my soul tonight."

Cowfeteria Pays Off

His Cows Are Lazy But Profits Are High

COTTAM, Ont. — W. Haggins thinks he has developed the laziest cows in the country but says his profits are higher.

Haggins, who operates a dairy farm on the outskirts of this Essex County community, has stopped turning his cows out to pasture. Instead he brings the pasture to them.

"I found when I turned the cattle out to pasture, they tramped down considerably more than they ate. It looked as if the entire farm would be needed for hay and pasture if I continued this method."

There are 48 Holstein and Guernsey cows on the farm and by this assembly-line dairying the work has been cut and returns are higher.

The cows never leave the barn-

yard. Mr. Haggins has designed and constructed a "cowfeteria" which lets the cows select and eat as much feed as they want. They are free to walk into a bunker silo and eat green ensilage or dry hay which is just a few feet away in a feed chute.

Only at milking times are the cows allowed into the main barn. The rest of the time they rest in a "breezeway" adjacent to the barn. In wintertime the air vents are closed and only the door leading to the feeding area remains open.

There are two silos. One is the bunker silo — two slabs of concrete 12 feet high, 105 feet long and 25 feet apart. The other is an orthodox upright silo.

"The green hay feedings keep cow milking steadier for the whole year," he said. "This

1,200 pounds of high grade milk every day of the year."

Using the new system it takes only an acre of hay to feed each cow for the entire year. "By not allowing the cows on the field, I can get as many as four cuttings off one field."

Orangemen Celebrate 12th Today

By THE CANADIAN PRESS

Parades and picnics were scheduled for today as Irish Protestants in Canada celebrated the 267th anniversary of the Battle of the Boyne.

Celebrations were held Friday — "the glorious 12th" — in some centres, but Orangemen in many parts of the country picked a Saturday to commemorate the day — actually July 11 — William of Orange defeated James II at the River Boyne in Ireland.

The grand master of British America, Leslie H. Saunders, is to speak today to Orangemen at the Canadian National Exhibition grounds in Toronto, climaxing a parade by 7,000 from the downtown area.

In the Eastern Townships a celebration is taking place today at Inverness.

The Orange society dates back before 1715.

In Northern Ireland the day ended quietly. No incidents were reported as the country's 100,000 active Orangemen made their way home after the traditional July 12 demonstrations.

Northern Ireland police earlier ripped off a flareup by a round up of 60 suspected extremists, including three women — most of them in County Fermanagh.

OBTAINED FIRST HONORS

Miss Joan Bryson received First Class honors in her Grade XI class at Mont Notre Dame, Sherbrooke, in the examinations of English-language Roman Catholic schools in Quebec province. Miss Bryson's standing was inadvertently omitted from listings published in yesterday's Record.

SOUTH DURHAM

Service will be held in St. James Church on July 21st at 8:00 p.m. Following the Service there will be a Vestry Meeting. All members are requested to attend.

spent the week-end with Mr. and Mrs. Beryl Davis and family, at Daleville and also called on friends in Ottawa, Ontario.

Mr. Clifford Johnston, of Montreal, accompanied by Mr. and Mrs. Gerald Johnston and son, and Mrs. Bessie Johnston, of Cowansville, Mr. and Mrs. David Duffy, of Sherbrooke, and Mr. and Mrs. Bruce George and son, Timothy, of Bolton Centre, were recent visitors of Mr. and Mrs. H. Daniel.

Local Symphony Concert Over National Radio

The Sherbrooke Symphony Orchestra, under the direction of Sylvio Lacharite, last night was featured in the CBC radio series, "Canadian Symphonies," broadcast on a national network, heard locally over CBM.

The half-hour broadcast consisted of excerpts from the last regular concert given by the local orchestra in the St. Charles Auditorium on April 30th.

It was the first national broadcast for the Sherbrooke symphony.

Fewer Live On The Farm

OTTAWA — Canada's farm population declined between 1951 and 1956, the bureau of statistics said Friday, but the average farm is larger than it was five years ago. The total area under cultivation has virtually not changed.

The bureau, in a report based on the 1956 national census, said greater use of farm machinery contributed to the changes.

The number of persons living on farms declined by five per cent or 166,241, between 1951 and 1956. In 1951 there were 2,911,996 living on farms compared to 2,746,755 last year.

The total number of occupied farms decreased 7.7 per cent from 623,091 in 1951 to 575,015 in 1956. As the total area under cultivation decreased only 0.1 per cent, the average size of farm increased to 302.2 acres in 1956 from 279.3 in 1951.

Births

MORFITT — At the Catherine Booth Hospital, Montreal, on July 9th, 1957, to Mr. and Mrs. Joseph Morfitt (nee Joan Heath) the gift of a daughter, Martha Anna Maria.

PLANCHE — At the Sherbrooke hospital, on July 12th 1957, to Mr. and Mrs. Ross Planche, a daughter, Sister for Scott. Both well.

Deaths

NEELHAM — Suddenly at Knowlton, Que., on July 12, 1957, Frank Thomas Needham, beloved husband of the late Gladys Whittier, in his 69th year. Funeral service from Robb's Funeral Home Reg'd, on Sunday, July 14 at 2:30 p.m. Interment at Knowlton, Que.

POULIN — Mrs. J. Aime Poulin, (nee Irene Leblanc), of 1103 Prospect St., passed away at the age of 61 years. Funeral service will be held Monday, July 15th 1957, leaving Brien's Funeral Parlor, 229 Queen Blvd. N., at 8:45, for Notre Dame du Perpetuel Secours Church for service at 9:00 a.m.

OBITUARIES

CHARLES HERMAN BUCKLAND OF SUDBURY, ONT., FORMERLY OF BEEBE

BEEBE — Funeral services were held on Thursday, July 4, at the Cass Funeral Home in Rock Island, for Charles Herman Buckland who passed away suddenly at Sudbury, Ont., on June 29, 1957, in his 43rd year.

Rev. H. Boothhour of Ayer's Cliff officiated at the services and the bearers were Stanley Lavers, Arthur Munroe, Harold Laroc, Arthur Ek, Ibril Wheeler and Howard Miller. Interment took place in Woodside Cemetery, Beebe.

Members of the Stanstead Frontier Branch of the Canadian Legion were in attendance and the lovely floral arrangements were silent tributes from relatives and friends.

Born in Beebe, Vt. in 1915, son of the late Edward Buckland and Lena (Belknap) Buckland the deceased had resided in Beebe, most of his life. He was employed at the Stanstead Granite Company stone sheds until his enlistment with the Sherbrooke Fusilier Regiment in 1939, with which he served in the European Theatre of war until 1945. Following the war he returned to his employment in Beebe and in 1947 he went to Sudbury, where he was employed until his death.

He leaves to mourn their loss, a sister, Mrs. Mary Hier of Bennington, Vt., two brothers, George Wright of Beebe and Orvis (Mick) of Graniteville, as well as nephews and nieces.

Attending the funeral were Mrs. Mary Hier, Mr. and Mrs. Ernest Harwood and Mrs. Ormal Pierce of Bennington, Vt.; and J. H. Allen, I. Eichenberg, E. L. Arnold, C. C. Skinner, E. J. Gilbert, all of whom were officers with the Sherbrooke Fusilier Regiment.

Beauty Tips

Thought of exercising wears

out most women. But consider

the end result. Actually, a simple

exercise done five or 10 minutes

a day will pep you up. It helps

the body eliminate waste and

tunes up muscles you never

knew you had.

Exercisers get impatient to

see results if they are trying to

whittle a few pounds here and

there or correct minor posture

faults. It takes at least a month

to note what exercise is doing

for you. You'll see results in

your waist and hipline first and

legs and bustline last. The latter

may take a year of exercising be-

fore any improvement.

Sitting at a desk can tie a per-

son in knots. So why not make

simple office tasks work for you

in the way of exercise? For ex-

ample, place a telephone a dis-

tance from you so you will have

to stretch to reach it. This is

good for the arms and upper part

of your body.

A mature woman can become

more charming as she grows

older. This results from contin-

uing good grooming habits she

began as a young woman. As she

grows older she sees that she has

no hair struggles, is personally

dainty and that her clothes are

neat and spotless.

BURKE EMERY FIGHTS HERE THURSDAY AT ARENA
The boxing fans of the Eastern Townships will have the opportunity of seeing a bout here next Thursday which was the semi-final on the Sugar Ray Robinson-Gene Fullmer card presented at Madison Square Gardens last January when Burke Emery and Irish Mickey McGrath tangled.

This bout was rated as one of the best ever to be witnessed in the Gardens and the sports writers rate our Sherbrooke citizen as one of the up-and-coming fighters. Burke is very well known in these parts having started his career in Sherbrooke before moving to the Big City.

In glancing over the list of fights one must admit that some very good fighters will be in action. Yvon Turenne, the only fighter we know to hold a decision over Marcel Piau of Windsor, will meet Bobby Gomez. Turenne hails from Montreal and is another Canadian boy who has moved to New York.

Manager Al Bachman of New York, who handles Emery, has gone to considerable pains in lining up this card and we think that the fans will see something worthwhile. Al Kouri, director of Sports Inc., who is sponsoring this fight figures this is one card that the fans should see if they are at all interested in fighting. It has a local angle with Emery in action and it should be worthwhile to see the progress he has made since going to New York.

Burke's trainer is none other than Charley Goldman, the smart little man who trained Rocky Marciano to a world title. Goldman claims that he has a good boy in Burke and thinks very highly of him. He is also, looking after Turenne so the boys must be good if men, so well known in the fight game as Bachman and Goldman take time to handle them.

The tickets for this fight are now on sale and can be had by calling the Arena or at Laforest's Restaurant and Sherbrooke News.

Manager Bachman will arrive in the city Monday along with his boys to finish training. Johnny McCoy of Houston, Texas, and Eddie Henderson of Newark angle in one of the six-round bouts while Helmut Ball, former amateur champion of Germany, will meet Johnny McLaine of New York.

Al Kouri and Al Bachman certainly deserve a lot of credit for putting on such a card. We understand that if this one goes good Rory Calhoun will appear on the next card. In fact, if he wasn't fighting he would have put in an appearance this time. So fans don't forget to get your tickets early and watch a real top-notch hard-hitting fixture.

Listening to the game report on the Cincinnati-Dodgers tiff on Thursday night it seemed for awhile that we had tuned in on a fight from St. Nick's instead of a ball game. You not only got a ball game but at the same time had a ring-side seat for two fights. It will be interesting to see what the League president will do as soon as he gets the umpires' report. Somebody will get fined and suspended — that we are sure of. Hoak came out with a statement which could really get him in hot water.

The second half of the National League pennant race opened with a real bang. If the preview is any indication then the fans are in for some real excitement. There was a little of everything tossed in including a couple of fights.

The Cards were stopped in their first game following the lay-off and broke their five-game winning streak. The Braves lost two players in a fielding collision, even the Big Boys run into each other, while the Yankees had to rely on their power-hitters to knock over the seventh-place Kansas City A's. So it looks like a torrid race down to the wire.

It seems that the general opinion of the tennis world that the signing of Lew Hoad to a \$125,000 contract will do little more than supply new life to professional tournaments and won't effect the Aussies in the least in their defense of the Davis Cup.

The experts can't see Hoad's defection to the pros altering the Davis Cup situation and they don't expect him to do much winning as a pro. In other words it looks as though they don't rate him very much. They figure he can't stand up to the better players such as Pancho Gonzales and Pancho Segura.

It seems that the Australian tennis system has several newcomers coming along hence the reason that they are not worrying too much. They still have Ashley Cooper, Neal Fraser, Malcolm Anderson, Roy Emerson and Mervyn Rose just naming a few. Frank Sedgman, former running-mate of Hoad's, who was the big amateur before joining the pros figures Hoad will have his hands full trying to beat the top pros.

Despite the fact that the two top Australians of last winter are now shooting for money, none of the pros can see America regaining the Davis Cup this year. Hoad gets a break in starting against the pros on the grass courts at Forest Hills in the Round Robin and also in Los Angeles but when they hit the canvas it will be a different story.

There seems to be quite a lot of confusion over the tag-day which is being held by the P.O.N.Y. Baseball League. A lot of the fans can't understand why it is taking place and at the Little League fixture Thursday they couldn't fathom why they should pass the hat around after selling tags.

The Little League is a sponsored outfit with all local service clubs looking after things whereas the P.O.N.Y. aggregation is handled by the league itself hence the reason for additional funds we understand.

We wonder why the City of Sherbrooke paints "white lines" on the street and calls them "safetyzone" as very few motorists pay any attention to them. It would take several policemen on a busy day to get pedestrians across the street within the lines.

Car owners don't think that people walking have any rights and they are supposed to give way to all cars. At least we have some thoughtful drivers who wave you across without trying to run you down. Even some don't stop when the officer on duty puts his hand up and when he gets a ticket he wonders why. We think the worst thing in the City, especially on Friday nights, is the continual parading of teenagers in cars whistling and bothering everybody. We noticed there were not so many last week no doubt Chief Moreau has issued orders to that effect.

One brave elderly lady ran the gauntlet very nicely yesterday afternoon when she stepped into the "safety zone" put up both hands to stop traffic and walked across. She just didn't know what a risk she took with some of our drivers at the wheel.

Chief Moreau is doing his duty but we think that a little more co-operation from the motorists would certainly help matters for everyone concerned. Less accidents, less tickets and the tourists would go home with a better opinion of the City of Sherbrooke.

Moe Norman, ex-amateur Canadian champion, has certainly made his presence felt in the Canadian Open with his rushing style. Moe who chases around the golf course like a man trying to catch a train could be the brightest Canadian on the big-time tournament trail.

The career Moe, who talks almost as fast as he plays, was the leading Canadian after Thursday's round when he posted a neat 68. Ken Venturi of Los Angeles thinks that Moe is the brightest thing to come along since the time of Walter Hagan, the old time king of the pros.

Fighting Not Part Of Baseball, Says President Giles Of National League; Players Fined And Warned For Bouts

CINCINNATI (AP) — Declaring fighting is not a part of baseball and not helpful to what it stands for, President Warren C. Giles of the National League, said Friday any recurrence of the Brooklyn-Cincinnati melee of Thursday night will be dealt with severely.

Two Redlegs and two Dodgers — Don Hoak and Raul Sanchez — were fined \$100 each for fighting. Hoak, who said afterward he would "get him Neal" in the ball park on Tuesday, was given a special warning by Giles.

"I feel impelled to advise you that any revival of the incident whether it be on the field or off the field will be considered a serious offense and dealt with accordingly," Giles told Hoak.

"You owe it to yourself and your club not to revive the incident," Giles said.

Single Dashes Headline Weekend Racing Program

Eight Listed On Both Cards; Fabi's General Gallon In Main Event Sunday; 7 Starters In Tonight's Main Event

Five dashes and two double events are listed on the Sunday night program being presented by the Sherbrooke Racing Club at on the card which commences at 8:00.

The main class tomorrow, the "C" Pace, will bring together a well balanced field of seven starters. Fabi's General Gallon, back from Montreal, with Fern St. Denis at the helm, has been nominated for the seventh slot in the field.

The Fabi entry has just returned from the Metropolis where he has been for over a week. He made a couple of starts but had breaks were his downfall. He will be making his first start since returning and must be taken into consideration when picking the winner.

Merrie Darnleyson, a newcomer, will be making her second try since coming to Sherbrooke. Fern Desrochers will be driving and will be after first spot following her poor start last Sunday. Buster Huckins and Hieland Grattan will get away from fifth with Mathieu's Deep-Diamond breaking out of fourth. Dumas' Mary G. Herbert, Beaudoin's Direct Harvester and Reynold's Victor Abbe comprise the balance of the class.

This evening's Handicap Pace has seven starters also with Dr. Taylor's Laurina Rosecroft in seventh with Coombs' Clever Volo, and Buster Huckins, in sixth. Helen Volo H. Dave Adam and Janie Hutch are in along with two new entries, Uscita's Boy and Darkey Blewin. This should give the fans a good race as the class seems well balanced with Laurina Rosecroft the slight favorite.

Tonight's other double event, the "D" Pace, will see eight horses in the field. Glendale Banker and Joan Mite are the new entries while the rest of the class are well known to the railbirds.

The single dashes seem to meet with the approval of the fans and at the same time it helps for better racing as the drivers must go all out as they have only one try for top money. It helps to do away with the idea of coasting in one heat and going all out in the second. This way the bettor has an even chance picking the winner without any upsets.

Jack Kramer's Tourney Of Champions Opens Without Big Pancho Gonzales; Lew Hoad Making First Appearance

FOREST HILLS, N. Y. (AP) — Minus the undisputed ruler of the professionals — big Pancho Gonzales — Jack Kramer's tournament of champions gets underway in the West Side Tennis Club today.

"Pancho is out," said Kramer grimly. "I'd rather lose money than give in to him."

The six-man field is headlined by Lew Hoad, a pro of just one week. Playing in the tournament with him will be Tony Trabert, Frank Sedgman, Pancho Segura, Ken Rosewall and Dinny Pails.

It's a strong field, but a professional tournament without Gonzales is like starting the American League pennant race without New York Yankees.

"It's a blow to us, and I'll admit I'm upset," said Kramer. "We all worked hard to put this thing over and now this has to happen. But I'll never give into Pancho."

"Right now the entire case is in the hands of my attorneys. I understand Gonzales' lawyer in Los Angeles tried to get him to accept my terms but he refused. "The next step will be to find out if our contract is valid. I think he is under the impression that he can get away with it."

At first, Gonzales said his 100-match tour with Hoad starting next January would be hurt financially if he played in the tournament. Then he said he wanted more money from Kramer. Hoad is guaranteed \$125,000 for two years.

Pails, an ex-Australian champion, will be his singles replacement.

BURKE EMERY is shown above punching the heavy bag, with manager Al Bachman holding, during one of his workouts in Stillman's Gym in New York. Emery will resume his training at the local Y.M.C.A. Monday.

Burke Emery Winds Up New York Training; To Finish Drills At Local Y.M.C.A. Next Week

Burke Emery, No. 2 ranking light heavyweight in Canada, wound up his training sessions at Stillman's gym in New York yesterday. Emery, with manager Al Bachman, left New York early this morning for Sherbrooke, where he will wind up his drills for his 10-round main event against Mickey McGrath here next Thursday.

Emery has been training hard for his all-important home-town debut and will enter the ring at the peak of condition. Trainer Charley Goldman has been pleased with the Sherbrooke boxer's progress during the past year. Goldman, trainer of ex-heavyweight champion Rocky Marciano, claims that Emery has developed a fine left hand to go along with the pulverizing right that many local boxing fans can remember.

Emery's manager, Al Bachman, says that Emery will be a champion contender within the next 12 months. Emery, along with several other fighters that will appear on next Thursday's boxing programme, will resume training at the local Y.M.C.A. Monday. They will hold daily session here to keep the fine edge of their previous training. The public is invited to attend these training sessions and see the high calibre of fighters that will be appearing locally next week.

The semi-final of the card will pit Yvon Turenne, Classy French-Canadian against Bobby Gomez of Portugal, now fighting out of Philadelphia, Penn.

Turenne is the only boxer to hold a decision over Marcel Piau of Windsor, since Piau turned pro, 23 fights ago. Piau is a former Canadian amateur middleweight champion and represented Canada in the 1954 British Empire Games. The Turenne-Gomez bout will be an 8-round affair.

The local promoters have lined up two 6-round bouts to wind up what should be the best boxing programme ever held in this city.

Tickets may be obtained at the Sherbrooke Arena, Laforest's Restaurant and the Sherbrooke News.

Hicks Leaves For Home After Tryout With Als

MONTREAL — Billy Hicks, a 190-pound fullback from Jacksonville State Teachers College in Alabama, has quit Montreal Alouettes of the Big Four Football League and returned to his home.

Hicks came here as one of two imports rated a better than even chance of replacing Pat Abbruzzi as Als regular fullback.

Asked Thursday why he was leaving Hicks said: "No one is going to take Abbruzzi's job, least of all me. My wife is on the verge of giving birth and since I don't honestly feel that I will make the club I'm better off going home."

Ken Owen, a big burly back from Georgia, remains to battle with Abbruzzi for the fullback spot.

Jungwirth Sets World Record For 1,500 Metres

VIENNA (AP) — Czechoslovakian runner Stanislav Jungwirth Friday bettered the world record for 1,500 metres in Prague by clocking 3 minutes 38.1 seconds, the Czechoslovak news agency CTK said.

Only Thursday in Finland Olavi Salsola was timed in 3:40.2 for the distance, approximately 120 yards short of a mile. The listed record is 3:40.6 set by Istvan Rozsavolgyi of Hungary.

Friday's time for the metric mile would approximate 3:55 for the linear mile. The current world mark of 3:58 is held by John Landy of Australia.

Buenos Aires—Pascual Perez, 108½, Buenos Aires, outpointed Luis Angel Jimenez, 111¼, Argentina, 10 non-title.
Melbourne—Roy Riojas, Houston, Tex., stopped George Bracken, Australia, 4 lightweights.

It's The Same Old Story For Those New York Yankees Again This Year; Sixth Consecutive Win To Top AL

Unimaginative bunch those New York Yankees. They change a few names in the cast every now and then, even get into a bit of a scramble for the American League lead once in awhile — but day by day, year by year it's the same old stuff.

Take today, July 13. They've played 79 games, stand 53-26, have won six in a row, lead by four games and have lost only four of their last 28 games.

Mantilla And Bruton Return For Checkup

PITTSBURGH — (AP) — Shortstop Felix Mantilla and center-fielder Billy Bruton of the Milwaukee Braves will return to Milwaukee for further examination of injuries suffered Thursday night in a collision during a game with the Pittsburgh Pirates.

An examination Friday by the Pirates' physician, Dr. Joseph Finegold, showed each suffered "badly bruised right knees" but no fractures, the club said.

Mantilla and Bruton collided in the first inning while chasing a bloop for the bat of the Pirates' Bill Virdon. Each walked off the field.

Ibbotson Fails To Qualify At British Meet

LONDON — (AP) — Derek Ibbotson, the smiling Yorkshireman who has twice run the mile in less than four minutes, failed Friday night to qualify for today's mile final of the British national track and field championship.

Ibbotson ran second in his heat in 4:15.5. He was one-tenth of a second too slow to get among the nine qualifiers. Winners of three heats and the six fastest losers won their way into the final.

Ibbotson arrived at the stadium just 10 minutes before his heat was run. He had been delayed in a traffic jam.

Davis Cup Squad Named; Bedard Is Number One Man

MONTREAL (AP) — President Harry Marpole of the Canadian Lawn Tennis Association said Friday Brazil has named its squad for the Davis Cup round here next weekend against Canada and that "on their records they're stronger than we are."

Marpole said the Brazilian players will be Armando Vieira, ranked 14th in United States standings, Jose Aguiro, successor to Hamilton Richards in 1955 as American intercollegiate champion, and Carlos Fernandez, who holds a victory over Lew Hoad to his credit.

Bob Bedard of Sherbrooke, Que., Don Fontana of Toronto and Paul Willey of Vancouver, ranked in that order by the CLTA, will oppose Brazil in matches next Friday, Saturday and Sunday.

Miscellaneous Shower Honors Popular Bride-To-Be At Knowlton

KNOWLTON — Honoring Miss Faye Armstrong, on the occasion of her approaching marriage, a delightful miscellaneous shower took place at the home of Mrs. Ekton Bockus with Mesdames Harold Spencer, F. M. Bowen, Earl B. Mizener and Wayne Peak as assistant hostesses.

There were over forty guests present to greet Miss Armstrong, who on her arrival, was presented with a corsage of pink roses by Mrs. Bowen. She was escorted to a chair at the head of the dining-room table which had

been decorated with pink and aqua streamers running to each corner from a pink parasol suspended above the table. The table was centered with pink roses and baby's breath in a silver bowl, and pink candles in silver holders.

The guest-of-honor was assisted in unwrapping the attractively wrapped packages by her sister, Mrs. Kenneth MacGillivray and Mrs. Thelma Pittman. Miss Armstrong expressed her sincere thanks for the lovely gifts and

for the party.

Two contests were enjoyed and the winning contestants were Mrs. William J. Partridge, Mrs. Kenneth MacGillivray, Mrs. Donald Miller and Mrs. Keith Mizener.

Guests were present from St. Johnsbury, Vt., Newport, Vt., Montreal, Sherbrooke and North Hatley.

Prior to leaving St. Eustache, where she was on the staff of the High School, Miss Armstrong was presented with a blanket and an electric fry-pan at a shower tendered her. She was also guest-of-honor at a miscellaneous shower at the home of Mr. and Mrs. William Beane at North Hatley, where 76 guests were present.

FAREWELL PARTY

Corporal Greffard of the R.C. M.P. and Mrs. Greffard were honored at a farewell party held at the Ottawa Hotel at Cowansville recently on the occasion of Corporal Greffard's transfer from Knowlton detachment, of which he has been in charge for the past four years. On July 1st he took over new duties in Montreal.

Corporal and Mrs. Greffard will be greatly missed in Knowlton where they had made many friends. CARS Line

Everyone remembers the crazy days just after the war when people were standing around with fistfuls of money willing to pay more for a used car than a new one (since they couldn't buy a new one anyway).

Even then, the old law of supply and demand hadn't been repealed. Cars sold easily, but there were fewer to sell. Now, there are lots of cars, but you work harder to move them.

Sure, there were used car dealers in those days who cleaned up. But then as now the basic rules of the new car dealer remain.

A new car dealer like ourselves is in the used car business only to make it easier to sell new cars, to provide a market and an incentive for people to trade. The rule of thumb is that you make NO money out of the used car side of the business.

But what a funny business! With used cars you're handling a product that's falling in value every day. About a dollar a day according to industry cost accountants who have made a study of it.

Ah! you say, I'll just wait 100 days and save \$100 on the car I liked. No, I'm afraid the rules work for everyone. We won't hang on to a used car for 100 days — why make it more of a losing business. And the car YOU have is dropping a dollar a day too.

And despite all the new cars on the street strange things are happening in the new car business. A national survey showed that in 1930 the average profit in the business was a modest 6.6 per cent. Last year it was down to .6 per cent. Yes, I said POINT six — six-tenths of one per cent.

No, we're not weeping, but we do think that if we claim to know something about cars, and I think we do, you should know something about us at Foxbrooke Motors.

North Stanstead W. I. Member Wins Second Prize In Painting Contest

STANSTEAD — The July meeting of the Stanstead North Women's Institute was held at the Red School house with a large attendance of members and two guests, Mrs. William Shuttleworth and Miss Louise Lemon.

The president, Miss Norma Holmes in the chair, reports were given and correspondence was read.

Further inquiry is to be made by the secretary, in regards to costs of electricity before continuing the wiring of the school house project.

A letter of appreciation is to be sent to the Stanstead Municipal Council for use of the hall for the leather work and glove making course, another to a friend in Stanstead, for the gift of an oil stove for the school house.

Miss Holmes announced special train rates to be in effect from Sherbrooke to Ottawa for the Dominion Conference in October. She also reminded the members of the quarterly meeting in August at Ayer's Cliff.

Mrs. B. W. Brown was congratulated on receiving second prize in the Tweedsmuir painting contest.

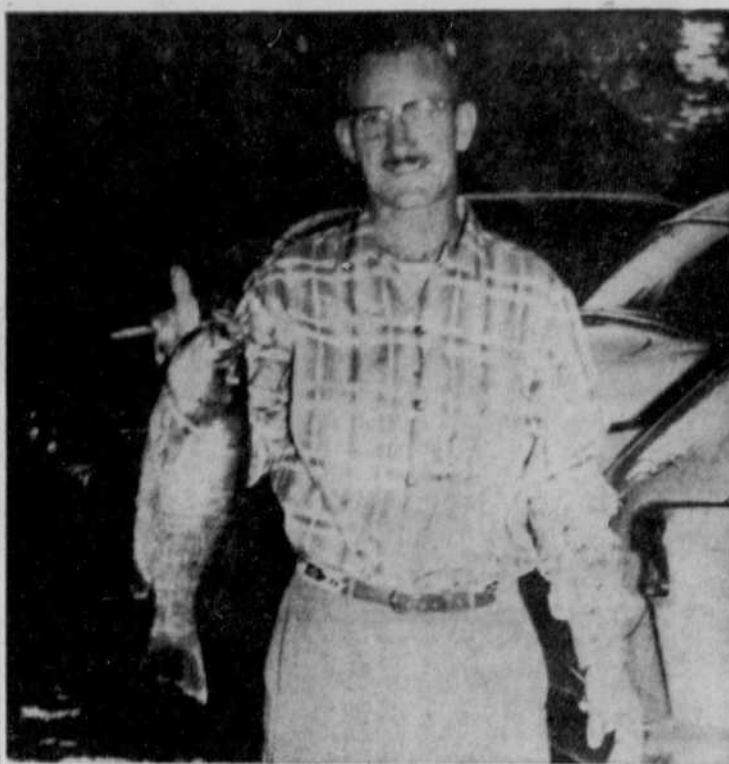

test held at Macdonald College recently.

Conveners reports included one from Welfare and Health and Citizenship. Home Economics reported supply of remnant materials on hand and it was decided to make these up into articles for the autumn sale.

Plans were made for the annual dinner and sale to take place a month earlier this year, on September 5th at the Red School house. Mrs. Eulalie Goodsell, Mrs. Thomas Goodsell, Mrs. Edgar Hill and Mrs. Ivar Lemon to be in charge of the sales and snipline tables. Mrs. Douglas Mayneux will convene the dinner and an absent member is to be asked to be in charge of the dining room.

Plans were made for a trip, possibly through Lake Memphremagog on the boat during August. Another regular meeting will not be held until October.

Miss Ruth Hethrington, delegate to Provincial Convention at Macdonald College, gave an interesting report, for which she was given a vote of appreciation. Terminating the meeting, afternoon tea was served by the hostesses, Mrs. Ivar Lemon and Mrs. Alice Curtis, assisted by Miss Lemon. During the social period, Mrs. Edgar Hill acted as
