ON FINAL STRETCH OF CAMPAIGN BOTH PARTIES QUITE CONFIDENT

Advance Polls Will Open Tomorrow in Some Two Hundred Districts for Railway Employees, Commercial Travellers and Sailors—Despite Extra Facilities, Twenty Thousand Sailors Will Be Unable to Cast Their Ballots—In Clash of Prophecy and Speech the Voices of Women Are Heard More Than Ever Before.

OTTAWA, Ont., July 23.—In approximately two hundred electoral districts advance polls open tomorrow for railway employees, commercial travellers and sailors. The hours of polling are from seven to ten p.m. (standard time). Advance polls open again at the same hours on Friday and from two p.m. to ten p.m. on Saturday. Despite these extra facilities, many sailors will be unable to vote. W. H. Duthie, operating department, Canada Steamship Lines, estimates that approximately twenty thousand sailors on the Great Lakes and Canadian coastal service will be absent.

On the last stretch, both old-line parties are confident of victory. The national Liberal bureau is claiming eighty "sure seats" east of Ottawa, a net gain for the Government of eight.

Miss Mildred Bennett, sister of the Conservative leader, is emphatic at Peterboro, Ont., that a Conservative victory "is in the air." Not to be outdone, J. S. Woodsworth, Labor candidate in Winnipeg North Centre, predicts that old line parties will be evenly balanced in the next House, with the balance of power in the hands of the independent group.

And in the clash of prophecy and speech, the voices of the women candidates are heard more than ever before. Dr. Grace Ritchie, England, candidate in Mount Royal, Montreal, under the double banner of Liberalism and women's rights in Quebec, describes the Punning budget as a "consumers' budget." "It is of special benefit to the housewife," she claims, "for it is the woman who spends the money." She declares that French and English-speaking women are the voice of the nation before, indifferent at the brand of inferiority placed on them by the Quebec Government which refused them the right to vote. In Brandon, Manitoba, where as Labor candidate she is opposing Hon. T. A. Crerar, Miss Beatrice Bridges describes both old-line parties as the voice of big business. "We are being done," she declared, "when one cent of wheat appears on the table as a ten cent loaf of bread, and a hog at seven cents appears as forty cent bacon."

STRIKE AVERTED
DUBLIN, July 23.—Through Government intervention a general strike over for midnight last night on the Great Southern Railway lines, which would have paralyzed rail communication over most of the Free State was averted late yesterday.

MINING FIRM HAS ALTERED DIRECTORATE

Official Statement Issued Yesterday Regarding Howey Gold Mines, Limited.

TORONTO, July 23.—An official statement regarding the changes in the directorate of Howey Gold Mines, Limited, was issued here yesterday. On the Standard Star of Mining Exchange the issue dropped all the opening to 43 and then rallied to noon at 47, a point above last Monday's close.

The statement said: "As a result of yesterday's meeting of the directors of the Howey Gold Mines Limited, the resignations of J. R. Hammell, A. W. Wendt and Harry Oakes were accepted. A new board composed of R. T. Birks, president, W. S. Cherry, vice-president, R. Homesmith, John A. Northway, and Andre Dorfman, directors, were elected."

This means that the Cherry interests have secured the co-operation of the Huroonian Mining and Finance Company, Limited, to assist in working out a definite programme for the future development of the property. The new board will supervise all operations for two or three months at the end of which time they will be in a position to lay a definite plan before the shareholders. In the meantime the Cherry interests have consented to postpone payments due under their loan until the shareholders' meeting, about October 1."

A VICTORY IS PREDICTED BY MISS BENNETT

"Victory Is in the Air," Declared Conservative Leader's Sister as She Described "Enthusiastic Receptions" Accorded Her Brother on His Campaign Tour.

PETERBORO, Ont., July 23.—Triumph for the Conservative party at the polls next Monday was predicted here last night by Miss Mildred Bennett, sister of Hon. R. B. Bennett, Conservative leader. Miss Bennett was guest of honor at a meeting held here in the interests of E. A. Peck, Conservative candidate in the riding. She was the recipient of a huge bouquet of flowers.

"Victory is in the air," declared Miss Bennett, as she described the "enthusiastic receptions" accorded her brother on his campaign tour through the Dominion.

A Conservative victory was also prophesied by Hon. William Finlayson, Minister of Lands and Forests for Ontario.

Mr. Howard Fallis, in appealing to the women of the constituency to take a keener interest in the political affairs of the country, declared that the Conservative party "need take no lesson of loyalty from anyone, least of all the King-Lapointe combination."

Mr. Howard Fallis, in appealing to the women of the constituency to take a keener interest in the political affairs of the country, declared that the Conservative party "need take no lesson of loyalty from anyone, least of all the King-Lapointe combination."

The meeting was enthusiastic but orderly. Armand Daigle, president of the Reform Club, and Major George Washington Stevens were joint chairmen and each spoke briefly. Hon. Bernard Rinfret, Secretary of State, eulogized the Prime Minister and prophesied victory for the administration.

A feminine touch was added to the meeting when Madame Pierre F. Casgrain welcomed the Prime Minister on behalf of the French speaking Liberal women, and the English speaking women's tribute was expressed by Dr. Grace Ritchie, England, Liberal candidate in Mount Royal division.

Premier King referred to the promises being made during the campaign by Hon. R. B. Bennett, leader of the Conservative party, and said that in some quarters it had been estimated that it would cost the country a billion dollars if all the promises were kept. Mr. Bennett had thought very grave consideration should be given before the House of Commons was considering a vote of \$50,000,000 for the Montreal Railway terminals, Mr. King observed.

"If Mr. Bennett was alarmed when he talked about \$50,000,000, he must be in a state of frenzy now when he talks about a billion," the Prime Minister remarked.

Mr. Bennett's proposal to summon parliament at once to deal with unemployment would cost two million dollars, Mr. King asserted. Why not give two millions to unemployed relief, he asked.

Dismissing the attitude of Mr. Bennett and the Conservative press, the Prime Minister remarked a Montreal newspaper had recently published an editorial attacking the budget. He then proceeded to quote an edition of the same paper published for circulation in Great Britain, which, he said, took a very different position.

"You would think that the owner of the paper was the author of the budget," said Mr. King.

It was Premier King's second visit to Quebec during the present campaign, he having addressed a meeting in Quebec City prior to his tour of the Maritime Provinces.

TWENTY THOUSAND SAILORS WILL BE UNABLE TO VOTE

Are Engaged on Great Lakes and in Canadian Coastal Service and Will Be Absent When Ballots Are Cast on Monday.

MONTREAL, July 23.—Approximately twenty thousand sailors on the Great Lakes and in Canadian coastal services will be unable to cast their votes in next Monday's Dominion election, according to W. H. Duthie, of operating department of the Canada Steamship Lines.

Mr. Duthie, who has been twenty-five years in the transportation business, has made a special study of the problem of securing the franchise rights of sea-going men who are absent from home on election day.

NAVAL TREATY WAS SIGNED BY PRES. HOOVER

Ceremony Carried Out in Simple Manner at Three O'Clock Yesterday Afternoon in Historic East Room of White House.

WASHINGTON, July 23.—President Hoover signed the London naval treaty at three o'clock yesterday afternoon. It was the simplest kind of a ceremony, the kind the President always prefers. There was no crowd about him when he penned his name to the treaty, there was no hand-clapping, no speech-making. Nearest the President when he signed were the four American delegates to London conference now in Washington, Secretary of State Stimson, Secretary of the Navy Adams, Senator Robinson, of Arkansas, and Senator Reed, of Pennsylvania. The only others present were Vice-President Curtis, Senator Watson, the Republican leader in the Senate, Senator Borah, the chairman, and Senator Swanson, ranking Democratic member.

No change is made under the new tariff in the law governing the personal effects of non-residents entering the United States. Such non-residents may bring into the country a limited number of articles, articles of personal adornment, toilet articles and similar personal effects necessary and appropriate for the use of such persons, provided they were owned by them and in their possession abroad at the time of their departure from a foreign country. Those provisions do not apply to merchandise or to articles intended for other persons or for sale, all of which are subject to duty at the appropriate rates.

GLENN H. CURTISS DEAD
BUFFALO, N. Y., July 23.—Glenn H. Curtiss, widely known aviation pioneer, died this morning in the General Hospital here.

**BOTH PARTIES ANXIOUS TO
RELIEVE UNEMPLOYMENT**
Hon. Ian Mackenzie Thinks It Is Too Bad to Make Unemployment an Election Issue, But Feels that Beneficial Results Should Come from Discussion.

VANCOUVER, B. C., July 23.—Though it was a shame that unemployment had been made an election campaign issue, there would be beneficial result, Hon. Ian Mackenzie, Minister of Immigration, declared last night. Both parties, he was gratified to note, are committed to take immediate action on the question after the general election next Monday.

NAMED APOSTOLIC DATARY
VATICAN CITY, July 23.—Cardinal Raphael Scapinelli, of Legation here yesterday named apostolic datary.

This administrative office, the one special function of which is that of conferring the non-consistorial benefices, was held by the late Cardinal Vannutelli until his death.

VANCOUVER, B. C., July 23.—Henry S. Hannington, well known British Columbia barrister, is dead in Vancouver. The funeral will take place on Thursday.

ALIEN AGITATORS
NEW YORK, July 23.—Representative Hamilton Fish, Jr., in a radio address last night, urged that Congress take appropriate steps to deport all alien agitators and Communists affiliated with the Third International.

ST. ALBANS, Vt., July 23.—Customs and border patrol officers in the Vermont district took a heavy toll of seizures from the rum-running fraternity during the month of June, according to the monthly statement just issued by Collector Harry C. Whitehill. This statement indicates that twenty-four automobiles, valued at \$3,447.50, and thirteen thousand, four hundred and seventy-three bottles of prohibited liquors were confiscated during the month.

The largest single seizure of the month was made when a railway freight car, billed and manifested as a shipment of hay, was found on examination, to contain in addition to the hay 3,762 bottles of Canadian ale and wine. An additional 8,669 bottles of contraband liquors were taken from the seized automobiles, while the apprehension of four pack-laden horses on one of the back wheels trails seized another seven hundred bottles. Considering the heavy volume of tourist travel at this season of the year, comparatively little liquor smuggling by individual travelers was detected during the month.

Five automobile drivers, who entered the country without reporting to customs, as required by law, were apprehended and fined one hundred dollars each. Altogether, two hundred and fifty violations of the customs laws were detected during the month and fines and penalties aggregating \$2,952 were assessed and collected.

ST. ALBANS, Vt., July 23.—For the third time in two months the Central Vermont Railway has turned the tables on an alleged careless motorist and collected for damages to its equipment, charging negligence on the part of the tourist.

Attorney H. H. Powers today announced settlement out of court of a claim of \$23 against Proctor Drugg of Proctorsville.

TOURISTS ARE NOT AFFECTED BY NEW RULING

In Spite of Passage of New Tariff Regulation, American Tourists Are Still Allowed to Take a Certain Amount of Canadian-Made Goods Home With Them.

ST. ALBANS, July 23.—Large numbers of American residents visit Canada at this season of the year, and from inquiries received at the location, the new tariff uncertainty seems to prevail among these tourists, since the passage of the new tariff, as to the regulations governing their personal baggage upon returning to their country. In this connection, Collector Harry C. Whitehill, head of the Vermont district, stated that the Hawley-Smoot Act made but little change in the law governing personal baggage and that the exemption of one hundred dollars on articles acquired abroad by bona fide American residents, which has been allowed by the government for a number of years past, is still in force. This exemption, however, is granted only on articles acquired for personal or household use, or as souvenirs or curios, and does not apply to articles intended for sale or brought on commission. The new tariff contains a clause not included in the old law, which places a limit on the number of such exemptions that may be obtained by providing that a resident of the United States shall not take advantage of the exemption granted under the law within a period of thirty days from the last exemption claimed.

No change is made under the new tariff in the law governing the personal effects of non-residents entering the United States. Such non-residents may bring into the country a limited number of articles, articles of personal adornment, toilet articles and similar personal effects necessary and appropriate for the use of such persons, provided they were owned by them and in their possession abroad at the time of their departure from a foreign country. Those provisions do not apply to merchandise or to articles intended for other persons or for sale, all of which are subject to duty at the appropriate rates.

**GREAT AUGMENTATION IN
POPULATION OF UNITED
STATES IN LAST DECADE**
Increase of Over 17,000,000 People Indicated Since Last Census Taken in 1920—Population Now Nearly 123,000,000 Persons.

WASHINGTON, July 23.—A total of about 12,957,000 people—just a few thousands under 123,000,000—probably will be shown as the population of the United States for 1930 when the final count is announced here by Director W. M. Stuart, of the census.

The 1920 population was 105,710,620. Should final figures bear out the calculation, the country would show a growth of around 17,246,000 people in the ten years.

This approximate total figure has been calculated by the Associated Press on the basis of actual preliminary returns from 40 states and the District of Columbia.

EDWARDS BROS. ASSAULT CASE IS POSTPONED

Court Postponed Preliminary Hearing in Assault Case at Urgent Request of Counsel for Defense—Crowded Court Room This Morning.

When Judge J. H. Lemay entered the Magistrate's Court this morning he was greeted by a crowd that overflowed into the corridors of the Court House. And among the spectators, were numerous prominent citizens who had taken time from their daily duties to hear the case of Mr. Alfred Wood, editor of the Record, against J. K. Edwards, Ex-Mayor and Alderman of the city, and his brother, Arthur M. Edwards.

Not for many a moon has a cause aroused so much interest. However, the spectators today were deprived of any thrill. The court, at the urgent request of the defense, postponed the preliminary hearings of the two Edwards brothers for a week.

When the case was called by the clerk of the Court there was a great craning of necks as the crowd fought to catch a glimpse of the two whose cowardly attack on the complainant has aroused public sentiment to a high pitch. Before the accusation could be read, Mr. Laune, counsel for the defense, appealed to the Court for postponement and having obtained the consent of Col. Emile Rioux, K.C., and J. P. Hume, acting for Mr. Wood, the court agreed to remand the case until next Wednesday.

Dead silence reigned in the Court room as J. K. Edwards elbowed his way through the spectators and took his stand in the dock. Arthur Edwards, co-defendant in the assault case, appeared to be content in allowing his "big" brother to obtain the full benefit of the limelight and remained in the background. The original personal bail of \$1,000 each was allowed to remain.

TORONTO COMMUNISTS HAVE HAD TO ALTER PROGRAMME

Police Chief D. C. Draper Refused to Allow Communist Demonstration, So a Mass Meeting of City's Unemployed Was Held.

TORONTO, July 23.—A mass meeting of this city's unemployed will be held in Queen's Park, Friday evening, and will replace the Communist demonstration scheduled to be held on the City Hall steps today, Communist officials announced. The change in plans was necessitated by the refusal of Police Chief D. C. Draper to allow the demonstration.

Charles Simms, Communist candidate in the forthcoming election, has stated he will protest the matter in a letter to Chief Draper.

ACCIDENTS ON RAILWAYS TOOK A HEAVY TOLL

During Month of May Forty-One Persons Were Killed and 183 Injured—None of Those Killed Were Passengers—Ontario Led Provinces in Number of Accidents.

OTTAWA, Ont., July 23.—Railway accidents in Canada during May took a toll of forty-one lives and resulted in injuries to 183 persons, it is shown in a report issued by the Board of Railway Commissioners. None of these killed were passengers. Of those injured, thirteen were train employees and thirty-one were not. Of those injured, thirteen were train employees and thirty-one were not.

Of the total number of accidents, 166 were strictly railway accidents, accounting for twenty-six lives and injuries to 145 persons. The remaining twenty-nine accidents occurred at railway crossings and resulted in fifteen persons killed and thirty-one injured.

CONSERVATIVE CHIEFTAIN CLAIMS PREMIER 'TRYING TO CATCH VOTES'

Canada Within Empire Engaged a Considerable Portion of Remarks of Hon. R. B. Bennett at Kitchener—Declares that Prime Minister King Is Going About the Country Talking as if He Had Discovered Empire—Will Address Meeting at Exeter This Afternoon and Speak at Owen Sound Tonight.

KITCHENER, Ont., July 23.—Hon. R. B. Bennett was en route to Exeter early this morning to keep a late afternoon engagement at that point. At night, the Opposition leader will address a Conservative rally at Owen Sound.

Canada within the Empire engaged a considerable portion of the remarks of the Conservative leader here yesterday. He had references to the Prime Minister as trying to "catch votes," a speaking with "hysteria of a con man" and talking of his "new-born faith in Great Britain." The Prime Minister, the Conservative leader stated, was speaking of Empire trade, "Why," Mr. Bennett asked, "this new-born faith, this death bed repentance, this desire for forgiveness on the part of the returning prodigal, this man who talks so glibly of Empire and the flag?"

More than a year ago, the Opposition leader proceeded, he had urged the calling of an economic conference for an interchange of commodities based on mutual preferences between the component parts of the Empire.

"These sentiments," he exclaimed, "were not formed to get votes. It is not a policy adopted at election time for the electors." This policy, the Opposition leader said, was traditional to the Conservative party to build up the Empire, but not to sacrifice Canadian industry in doing it.

Charging that Mr. King was trying "to catch votes," the Conservative chieftain declared that the Prime Minister had adopted a policy of which he (Mr. King) knew nothing. Yes, Mr. Bennett continued, the Prime Minister was talking about the country as if he had discovered the Empire. Of all the "cold-blooded effrontery, unmitigated nerve and gall" which was being displayed by the Liberal party, the Opposition leader said, this was the limit.

Three speeches were delivered by Mr. Bennett in his campaign yesterday. After only reaching Toronto near daylight, he addressed the Toronto Conservatives at the noon hour, and spoke at Dundas and here last night.

DAIRY PROBLEM IS DISCUSSED AT NORTH HATLEY

John T. Hackett, Conservative Candidate in Stanstead County, Led Attack on King Government at North Hatley Last Evening.

NORTH HATLEY, Que., July 23.—Nearly three hundred of the electors of the County of Stanstead gathered in the North Hatley Town Hall last evening to listen to the Conservative candidate, Mr. John T. Hackett, and his supporters deliver an attack on the King administration.

In discussing the tariff policy of the present regime, Mr. Hackett declared that upon assuming the leadership of the Liberal party, Premier King pledged himself to the doctrine of free trade. On being returned to power in 1921, the presence of such men as Sir Lomer Gouin, Hon. W. S. Fielding and others, however, restrained the application of these policies.

With the passing of these protectionist members of the cabinet, the Prime Minister began to rapidly apply his doctrine of free trade, described by the speaker as the policy of the open door.

SAWYERVILLE COUPLE FETED BY RELATIVES

Friends from Many Parts of Canada Assembled to Honor Mr. and Mrs. W. H. Osgood on Occasion of Their Golden Wedding Anniversary.

SAWYERVILLE July 23.—An event of some importance to the Eastern Townships at large, and to Sawyerville in particular, took place at noon on Tuesday, July 17th, when Mr. and Mrs. W. H. Osgood, of Sawyerville, celebrated their fiftieth wedding anniversary, when relatives from Saskatchewan, Atlantic City, Montreal, Brighton and Sawyerville, sat down to the sumptuous dinner that celebrated the event of 1880. After dinner speeches followed: the coffee, recalling the events that filled in the intervening years; years that have recorded many changes both material and personal.

Presentations and personal greetings came from many parts of Canada and the United States, bearing the congratulations of the numerous family connections of Mr. and Mrs. Osgood. This worthy couple have embodied the best traditions of that great stock that has been the foundation of the sterling manhood of the Eastern Townships.

Mr. Osgood has been one of the best known stockmen and farmers in Compton County, and politically and municipally, has done yeoman service down through the years. Still hale and hearty, and bearing his years with surprising lightness, he still carries on the work of a lifetime in a modified way. Mrs. Osgood, nee Emily Bridgette, a daughter of one of the old pioneer families, whilst not in possession of robust health, still carries on the duties of the household. The good wishes of the immediate family will be echoed by a host of friends from many parts of the Eastern Townships, to whom the name of W. H. Osgood has been a synonym for integrity of character and the friendliness of a good neighbor.

Burial of Mrs. Reggie Nutbrown

Mr. Reggie Nutbrown, formerly of East Leeds, now of Detroit, accompanied the remains of his wife, who died in Detroit, Mich., to her father's home, where funeral service was held for her in St. James' Roman Catholic Church, Leeds. Mrs. Nutbrown was before her marriage, Miss Rosie Cryan, and was only twenty-eight years of age at the time of her death. A doubly sad feature of the funeral service was the fact that the death of the child, a boy of eight years, a few days after his mother was buried. The body of the young son was also brought here and buried by his mother's side. To Mr. Nutbrown, the community owes their sympathy in his sad bereavement.

REEDSDALE

The celebration of the 12th of July by the Orangemen of Megantic County, which was held in Lowther, where the weather was ideal, was one of the largest on record. BURGESS BEDTIME STORIES

Egret Goes His Way
By Thornton W. Burgess

For freedom there can never be
A substitute, we all agree.
—Old Mother Nature.

Egret was feeling better every day. That is to say, his wing was feeling better where it had been wounded. Each day he tried lifting it a little more. Farmer Brown's Boy saw this and was glad. Yet he was sorry, too. He had grown fond of the beautiful white bird, and he didn't like to think of the time when he would see it no more. But, of course, Egret must go. Farmer Brown's Boy hadn't the slightest idea of keeping Egret a prisoner.

"He isn't a prisoner," explained Farmer Brown's Boy to Mother Brown. "People in hospitals are not prisoners. They are just patients. That is what Egret is, a patient. And when he is well he will be set free."

"Don't you think it would be nice to keep him as a pet?" asked Mother Brown. "He is such a handsome fellow, and so unusual, that I should think you would like to keep him as a pet. You could clip one of his wings, so that he couldn't fly."

Farmer Brown's Boy sighed. "I'd like to. But it wouldn't be fair to Egret. You know, to be happy Herons want to be where it is marshy and swampy and where there is plenty of water. Egret couldn't be truly happy up here. No, I shall let him go as soon as I am sure that his wing is strong and he is quite able to take care of himself."

Meanwhile, as often as possible Farmer Brown's Boy took Egret down to the Smiling Pool to catch his own meals. And he did! He proved himself a good fisherman. It was indeed a spiny minnow or frog that got away after once coming within reach of Egret. While he was waiting for a fish or frog to come, Egret would stand motionless, looking off into space. Yes, sir, that is what he would do. And Farmer Brown's Boy, noticing this, would feel sure that Egret was dreaming of his freedom. And Farmer Brown's Boy was right. Egret was thinking of his freedom. He was dreaming of the day when those great, broad wings of his carried him wherever he wanted to go, and he was wondering if ever again he would take long journeys on them. He loved these visits to the Smiling Pool, but at the same time they made him homesick.

Then came a day when Farmer Brown's Boy untied the string from the leg of Egret. Egret didn't know it. He didn't know that when Farmer Brown's Boy set him down on the edge of the Smiling Pool he was as free as ever he had been. He began fishing as usual. Farmer Brown's Boy withdrew a short distance. It suddenly came to Egret that he was walking more freely than usual. Still, he thought nothing of it. After a while he tried his wings, and he had so often tried them of late. Always before there had been a gentle tug at one leg where the string was fastened. This time there was no tug. Egret went up, up. That wounded wing was strong now.

With long legs stretched out behind him, his neck folded back so that his head rested between his shoulders, the great white bird mounted into the air. Perhaps you can guess how he felt. Farmer Brown's Boy could. Up, up went Egret and over toward the Big River. Then he turned, swung about in a circle and came back over

Up, up went Egret and over toward the Big River

Farmer Brown's Boy. It was as if he had returned to say good by. Perhaps he had. Who knows? At any rate, Farmer Brown's Boy was quite sure that he had.

Egret circled around the Smiling Pool, then once more headed for the Big River, and this time he kept right on going. Farmer Brown's Boy watched him disappear above the tree tops. Then, with a little sigh, he turned and made his way home.

"I'm sorry and I'm glad," said Farmer Brown's Boy. "And, oh, how I do hope that no killer with a dreadful gun will ever have a chance to shoot Egret again."

ANNIVERSARY CELEBRATED; GENERAL NEWS

Golden Wedding Anniversary of Mr. and Mrs. H. M. Carter Celebrated at Stanbridge East—Other Personals and News of General Interest.

STANBRIDGE EAST, July 23.—On Saturday afternoon, July 12th, Mr. and Mrs. H. M. Carter celebrated their fiftieth wedding anniversary at their home here. About seventy-five relatives and friends called to pay their respects on this occasion. On July 14th, 1880, Mr. H. M. Carter and Miss Eliza Wightman were united in marriage at the home of the bride's uncle, Mr. Henry Hutchinson, in Milford, N.H., where they remained a few days. They then moved to Lowell, Mass., where they lived for several months, after which they came to Stanbridge East.

Mr. and Mrs. Carter's union was blessed with four sons, Rev. Lindon J. Carter, Messrs. Millard M. Carter, Clarke E. Carter and Rev. Emmett L. Carter, all of whom were present at the celebration with their wives and families. Mr. and Mrs. Carter received some daily gifts in gold, also a purse of gold.

Mr. and Mrs. Carter received their guests in their usual gracious manner, assisted by their four daughters-in-law, who served refreshments. The house was tastefully decorated with cut flowers and the dining-room table was adorned with a beautifully white and gold wedding cake. Among the out-of-town guests were Rev. and Mrs. Lindon J. Carter and family, of Everett, Mass.; Mr. and Mrs. Millard M. Carter and family, and Mr. and Mrs. Clarke E. Carter and family, of Montreal; Rev. and Mrs. Emmett L. It is an adage that Prejudice puts one's reputation in the graveyard of politics. Canada is coming through alright, though in this Twentieth Century of Canada's there may be many detours on the Road to Prosperity. We are on one now.

ELECTION STRATEGY.

Thirty years ago the politicians started to flay the prosperous manufacturers and held them up to scorn as malefactors of wealth. They succeeded in arraying the disloyal and thifflous workers against their own bread and butter.

There has been a change in sentiment, a very decided change, but many of the politicians had lost their sense of analysis. They did not keep their ears to the ground. They do not know.

Farmers in the country and workmen in the city realize that the market for their produce and for their labor was with the men who had the courage and ability to build big business and to cover their national field.

Within twenty years, and more decisively since Sir Wilfrid Laurier's untimely demise, the manufacturers of Canada have become merely agents for or branches of United States manufacturers. In the implement business all the oldtime firms are maintained only through their ability to secure American agencies.

Frost & Wood, of Smith's Falls, handle American agencies. So does the Cockshutt Plow Company. The Massey-Harris Company has an American branch from which they supply much of their Canadian requirements.

There is not in Canada a single Canadian motor industry, yet thirty years ago we made in Canada all our own vehicles.

We do manufacture in Canada all our own furniture, but that is for the sectional reason that the Minister of Trade and Commerce is a furniture maker, and that the Minister of Customs is elected in a constituency where the chief industries are twenty furniture factories. Naturally this industry has been immune from the vendetta.

It had been good political strategy and had strengthened the Liberal appeal had they expressed their conversion to protection of industry by giving to the manufacturers the same consideration given to the dairy farmers in a promise of relief.

There are other errors in strategy in the present campaign, and the Conservatives have made a few, but they have not been as inept as in former campaigns. They were lazy in selecting candidates, and lacked the proper teaching and training of candidates whom they did select. Too many failures of former days were allowed to persist.

In some constituencies nearby the Conservative candidates are making beautiful breaks because of lack of training in diplomacy and good judgment. They are killing splendid chances by rabid partisanship.

This is not a partisan article. It is an appeal to Canadians to adopt the policy of "Canada First" with the safe protection of all the business of agriculture and of other basic industries.

Premier Taschereau, at Quebec, showed Ottawa the road, but they refused to take it. The Hon. Mr. Taschereau and his associates forced the exportation of the finished paper where we had been exporting pulp.

The world is calling for Canada's resources. It is political strategy and conservative business sense that we sell them flour and biscuits, instead of wheat, and that we build up our home markets so that in good time our export markets will be but as a by-product in a gold mine.

THE TORCH THAT BURNS THE MAN WHO CARRIES IT.

What others have feared to do, the Hon. L. A. Taschereau, returning from his retreat in the deep and testing woods, has attempted, to light the fires of prejudice and carry a crusade into Saskatchewan as did Peter the Hermit carry the torch for his crusade into Palestine in yesteryear.

The Hon. Louis Alexandre has criticised the affairs of the province of Prime Minister King and therein he finds a mare's nest where his accepted leader could not find it, and who dared not mention it if he did.

It is bad politics.

Last night the Hon. Mackenzie King assured his hearers that there would be no break in the solid bloc from Quebec despite the fear of his supporters that they felt a heavy undercurrent which might develop into a sweep.

That is good tactics. It is cheering news for the civil servants.

But there are twenty members elected in Saskatchewan, and in all these twenty constituencies the interference of an outsider may cause a swing the opposite way. It surely will.

What a politic and sagacious man refuses to say is very often blasted by some over-zealous supporters who blazes his way into notoriety and causes a debacle.

Who does not recall the fanatical shriek of the partisan supporter of the competent Blaine, who whilst running for President of the United States, was swept out of the contest when the rampant Methodist minister declaimed against the Democrats with the cry of "Rum, Romanism and Rebellion." It was a bit of religious fanaticism

which shocked every right-thinking man. This tactical blunder of Taschereau may have been intended to help Bennett in Saskatchewan.

THE PURE WATER SEARCH.

Ponce de Leon, in his speech for the spring of life, did find an everlasting spring in South America, water that was pure and sweet, and continues to flow to this day.

Sherbrooke is in search of the pure water of health, and the present proposal is to purify the Magog water chloride of lime, or by chlorination.

It is a big question. The City Council are presently asking the citizens to approve the money for a filtration system, which in itself will not remove the need for continuing the present system of chlorination.

Theo. J. Lafreniere, the Provincial Sanitary Engineer, whose address to a body of citizens aroused the City Council to speedy consideration of the problem, asserts that even the clear blue waters of Brompton Lake would require chlorination should these waters be brought to the city by a gravitation tunnel. His letter appears on this page, and we commend its reading by every taxpayer. This letter is a reply to one from the editor, asking for the specific water elevations in and around Sherbrooke.

With his usual lucidity and directness Mr. Lafreniere gives the desired information without commenting on the present civic project. But he should be requested by the City Council to give such a report before the citizens are asked to endorse the projected system.

We do not wish to put the cart before the horse as was being done in the case of a civic incinerator for burning garbage.

AN ILLUSTRIOUS NEWSBOY.

When the Civil War in the United States was in progress, Thomas A. Edison, the electrical wizard was a newspaper boy, and in a recent article describes how he sold war specials of the Detroit dailies at twenty-five cents each, and that in one day he sold 1,000 copies at from ten to twenty-five cents. The Record offers its Election Special on Monday night at the regular price to newsboys with the request that they sell each copy at five cents. Only 1,000 copies will be printed at eleven o'clock on Monday night, with complete election returns up to 10.30. The standing of the parties will be given at that hour, with the final results in the Eastern constituencies, and the first returns from the Western Canada, Nova Scotia and New Brunswick returns should be complete by nine o'clock. Quebec and Ontario fairly complete by ten o'clock.

The boys will be up late at night, and we trust none of our lads will be blamed for asking the nickel. Though we confess one anonymous correspondent, no doubt a lady of Penny Bank descent, has cavilled at the very ideal Five cents for a Record!

Oh, by heck!

EDITOR'S NOTE BOOK.

Two correspondents, both anonymous, have sought to disturb the peace of the editor during his confinement in a dark chamber, where he had to dictate his page each day. One is a woman who will some day regret her hasty cry of "shame," and the other hails from Rock Island and signs himself "a casual reader," and also gloats over the assertion that the editor "subjects himself to the inevitable and misses miserably any public sympathy that would otherwise be given to him." Whilst we have expressed our opinion of the poison letter writer, and the anonymous back-biter, and have suppressed many hundreds of such letters affecting others, we propose to have a photo, engraving made of some of these mischievous letters and thus expose to the pity of their fellows the authors. This may be called spiteful, but it will be but doing a public duty to suppress the cowardly minds from spreading their spleen.

R. S. White, the popular Conservative member of Parliament, and the long time chief editor of the Montreal Gazette, had a quick switch made upon him in the election campaign. A Mr. Carveth, an unknown, had opened offices all through the constituency, but his canvass attracted so little attention that Mr. Cardin secured a lady doctor to enter the contest. Perhaps there is no man in Canada so popular with the ladies as "R. S." whom they all describe as a "perfect dear," and Mr. Cardin has again shown his ineptness at diplomacy. Mr. Carveth exacted a recompense of around \$5,000 for preliminary expenses before he would consent to retire in favor of the elderly lady. Cultured and highly educated is the doctor who forced a contest in Mount Royal, a Tory stronghold.

MR. LAFRENIERE GIVES A PURE WATER REPORT

Discusses the Question of Pure Water for the Citizens of Sherbrooke.

The letter from Theo. J. Lafreniere, the sanitary engineer, who recently addressed the Rotary Club in Sherbrooke, is of deep interest and we ask the reader to read it carefully in view of the fact that they may shortly be called upon to give their approval to a by-law for the purchase of a filtration plant. The letter follows:

Mr. Alfred Wood, Sherbrooke Daily Record, Sherbrooke, Que.

Dear Sir: Upon my return from an extended tour of the Chouinard and Lake St. John district, I found your letter of the 22nd instant asking for information concerning lakes within a radius of twenty miles from the City of Sherbrooke and that could be used as a source of water supply.

In reply I wish to say that I have consulted the military maps Nos. 65, 67, 62, 75, 76 and 77 which give a detailed survey of all the lakes in the district covered by them.

Brompton Lake is the only one that has a water shed sufficient to satisfy the present and future needs of the City of Sherbrooke.

Your present water consumption is in the vicinity of four million gallons per day, and I assume that with the growth of the City of Sherbrooke, the water consumption would eventually reach ten million gallons per day. To supply such a volume of water would require a lake with a water shed of at least fifteen square miles exclusive of water area. As stated above, Brompton Lake is the only water body that would answer such requirements.

The elevation of Brompton Lake is given as 783 feet above mean sea level, and its distance from the city, in a straight line, is sixteen miles. This lake was examined last year as a proposed source of supply for the Town of Richmond, and after the sanitary survey which was made, the Provincial Bureau of Health required that the water be chlorinated before its use owing to the chances of contamination to which the lake was exposed.

I note in the issue of the Daily Record of July 13th that you are strongly opposed to a chlorinated water supply. Consequently I presume that Brompton Lake would not prove satisfactory to you as chlorination would still have to be used.

I am sorry to differ with you on the matter of filtration. The type of water filters required by the Provincial Bureau of Health is such as to render the water safe after filtration only, and chlorination is retained as an added factor of safety. This practice of retaining chlorination after filtration is followed by all over Canada and the United States, and to my knowledge in London and Paris.

The maps referred to in this letter can be obtained from the Department of the Interior, Topographic Survey, Ottawa.

Yours truly,
THEO. J. LAFRENIERE,
Sanitary Engineer.

SCHOOL BOARD MEETING HELD AT EAST ANGUS

Regular Session Held With Five Commissioners Present - Interesting Reports Read and Financial Statement Presented.

EAST ANGUS, July 23.—A regular meeting of the East Angus School Board was held Monday evening, July 22, in the High School building, with the following commissioners present: Dr. S. A. Banfill, Messrs. Jos. Burns, G. J. Planche, A. McKeag and J. E. Lipsey. The secretary-treasurer was also present.

The minutes of the last meeting on July 3rd, of the nomination on July 7th, and election on July 14th, were read and adopted. Commissioner J. Burns was elected chairman for the school year, 1930-31, while the financial statement, duly audited by Mr. H. H. Cooper, was read and adopted. This statement shows: July, 1929, cash, \$1,437. Arrears, 1929, \$2,094, new assessment \$3,154, Incorporated Company tax, \$1,766. Government grants \$1,532. School fees \$608. Interest \$46.00. Teachers' Pension Stoppages \$122. Hay sold \$10. Paid out for all purposes \$7,310, arrears, 1930, \$2,195, cash on hand, \$1,325.

Bills and accounts for the current year amounted to \$396 and were approved for payment. Letters were read from Hon. A. R. McMaster relative to grant for \$407 obtained by him for the school on account of repairs, letter from Inspector J. H. Hunter reporting his visit to the Annex school and suggesting some improvements to the grounds and grounds. Commissioners Planche and McKeag were appointed a committee to look after this work. Mr. H. L. Reilly was re-elected as caretaker for the High School and Mr. Wm. Gorham for the Annex School. The secretary-treasurer was also re-elected for another year. Mr. H. H. Cooper was appointed auditor.

Owing to the small amount of money on hand, the secretary-treasurer was instructed to collect the arrears of taxes without further delay, according to law.

MANY MEETINGS SCHEDULED FOR THIS EVENING

Activity Speeded as Election Day Draws Near - Both Parties Express Confidence.

With only five days more available for campaigning, local politicians are actively engaged in the struggle. Three meetings have been advertised for this evening. Harold Lynch, the Conservative candidate, will hold rallies at the Lawrence School on the Drummond Road, and a meeting to which ladies especially are invited will be held in his interests at Lennoxville. The candidate will be supported by Armand Crepeau, M.L.A., and many other speakers.

Charles Howard, ex-member for the county, is featuring a ladies' meeting in St. Jean Baptiste Hall, East Sherbrooke, tonight. Senator Tobin, Cesaire Gervais and Ald. E. H. Fortier will support Mr. Howard.

Enthusiasm throughout the district is growing with the approach of polling day, both organizations issuing the usual optimistic statements.

The more practical members of both parties realize, however, that in the words of the late Hon. John Pope "Elections ain't won by prayer," and that hard work will be required if they hope to realize their ambitions.

Both sides expect a heavy vote, the active campaigning having brought to the minds of more people than usual the issues at stake. In order that every available elector may be brought to the polls, both organizers are arranging for fleets of cars in order that distance may not be held as an excuse for voter absenteeism on July 28th.

CITY BRIEFLETS

MRS. KRAUSE, OF MONTREAL, MUCH IMPROVED. Mrs. Charles Krause, of Montreal, who is in the Sherbrooke Hospital suffering from serious injuries sustained last Sunday afternoon in an automobile accident near Asbestos, and whose condition was very critical for a few days, is now much improved and on the road to recovery.

REMOVING OLD LAMP POSTS

During the past few days employees of the municipal electric department have been engaged in removing the old wooden lamp posts from King street.

Since the new ornamental lights were erected the former posts are no longer needed and their presence did not improve the appearance of the street.

Last night drilling was under way at the corner of King and Wellington streets for the concealed cables which are to take care of the old cables which formerly were held up by the wooden poles.

GOOD CATCH OF COD FISH. ST. JOHN'S, Nfld., July 23.—(Operator between Hopedale and Battle Harbor, Labrador, 137 vessels have secured sixty thousand quintals of cod fish to date. Trapsmen numbering 250 and 105 handliners have landed 33,285 quintals, according to a report of statistician Mercier, who arrived here today on the coastal steamer Kyle.

ON WAY FOR FISHING TRIP TO GREENLAND

ST. JOHN'S, Nfld., July 23.—The Spanish auxiliary bark Ibaso, eight days out of Gibraltar, arrived here last night en route for a fishing trip to Greenland. The auxiliary trawling vessels Tolosa and Devatara, which will accompany the Ibaso, arrived this morning. They will resume the voyage soon.

ANNUAL SOUTHERN CANADA PICNIC AT DRUMMONDVILLE TODAY

The annual picnic for the employees of the Southern Canada Power Company and their families is being held today at Drummondville. On the programme for the day are field and aquatic events for every employee, both young and old. This morning about fifty of the local branch journeyed by special auto bus to take part in the annual festivities.

SENTENCED TO TWO YEARS ON CHARGE OF THEFT

Eugene Denaull, of this city, appeared for sentence this morning in the Magistrate's Court before Judge J. H. Lemay on a charge of stealing from the person of Michael Tremblay, of St. Foy. In sentencing the accused to two years in the penitentiary, Judge Lemay remarked that it was the second time that Denaull had appeared before him and that he would have to be severe. Denaull was the third to receive sentence in this case. On Saturday, Florence Cote and Rose Piet, both of this city, received sentences of five months each for their part in the robbery, which occurred when Denaull and the two women took the complainant for a ride and relieved him of his money.

Francis Gagne, of this city, pleaded guilty to a charge of selling liquor and was sent to the next month in jail. If he is unable to pay the costs of the case he will spend three additional months behind the bars.

Alberta Lahaie, of Greenlay, wife of Arthur Fortin, appeared this morning on a charge of attempted suicide and was remanded for a week.

REGULAR COURT SESSION HELD AT SWEETSBURG

Jailbreakers, Whose Attempts to Escape from the Local Jail on Monday Were Frustrated, Appeared for Sentence Before Judge Lemay.

SWEETSBURG, Que., July 23.—A busy court session was held here yesterday when nine persons appeared before Judge J. H. Lemay, of Sherbrooke, in the Magistrate's Court. Among these were the men who attempted to break away from the local jail on Monday while awaiting trial on theft charges. The five prisoners, Henri Donneau, Louis Charpentier, Clifford Ball, Emile Jalbert and Ernest Pinsoneault, were sentenced by Judge Lemay to three years in the penitentiary.

Benjamin Field, who appeared on a charge of driving a car without a licence, was fined ten dollars and costs or eight days in jail.

Etienne Beaugrand, accused of having obtained money under false pretences, was allowed out on a personal bail of \$1,000.

Gordon Hutchins, of St. Armand, was remanded until August 5th for sentence, when found guilty of petty theft.

The case against Evariste Riendeau for house breaking was dismissed.

MARRIAGES

DESJARDINS-CASAVANT. GRANBY, July 21.—Notre Dame Church was the scene of a very pretty wedding on July 10th, when Miss Diana Laura Casavant, daughter of Mr. F. Casavant, of Granby, and the late Mr. Casavant, was married to Mr. Arthur Desjardins, of Montreal, son of Mr. and Mrs. Eugene Desjardins. Rev. Father Vadnais, of St. Hyacinthe, performed the ceremony.

The bride who was given away by her father, wore a gown of eggshell satin, jade green hat and slippers. Her only ornament was a jade necklace, the gift of the groom, while she carried lilies-of-the-valley. The bridesmaid was Miss Rolande Casavant, sister of the bride, who wore a pink net and green gown. Her hat and shoes to match, and carried pink roses.

Mr. Urie Desjardins, brother of the groom, acted as best man and the ushers were Messrs. G. Gravel and Horace Boivin. Fathers Pelletier and Boucher and Mrs. A. Marchand rendered vocal solos and Mr. Horace L. Enuyer a violin solo.

The breakfast was served at the "Windsor" at which there were seventy-five invited guests. Mr. and Mrs. Desjardins left for a trip to the Saguenay, the bride travelling in a printed crepe ensemble with hat and shoes to match. The out-of-town guests included Mr. and Mrs. George Casavant, Mr. and Mrs. Eugene Desjardins, Mr. A. Desjardins, Mr. and Mrs. Joseph

TOWGOOD—EVANS.

OYAMA, B.C., July 23.—A charming wedding which created great local interest was solemnized at St. Mary's Church on Saturday afternoon, June 21st, when Miss Vera Evans, only daughter of Mr. and Mrs. A. A. Evans was united in marriage to Thomas Towgood, second son of Mr. and Mrs. A. Towgood.

The officiating clergyman was the Rev. H. Pearson. The little church was beautifully decorated. Peonies and carnations were grouped on the altar, a bridal arch of syringa and peonies received the happy couple, while the guest-pews were marked with bunches of carnations and pink roses. At the windows, masses of sweet williams and honeysuckle were arranged.

The participating parties are both well known and very popular locally, having grown up in Oyama and attended the public and high schools here. The bride, who entered the church in a gown of white satin, was charmingly dressed in carnation pink silk with a hat to match, and carried a bouquet of Ophelia roses and asparagus fern. She was attended by Miss Alice Towgood, sister of the bridegroom as maid of honor, dressed in a flowered gown and pink hat in harmony with the bride, and carrying a bouquet of pink ranunculus and light blue delphiniums, tied with blue and pink ribbon. Mrs. Evans, mother of the bride, wore canary silk with a black hat, and Mrs. Towgood, the bridegroom's mother, wore a figure fitting gown with navy blue hat, and carried a bouquet of dark blue delphiniums and red roses. Mr. Eldred Evans, brother of the bride, was the best man, while Messrs. Lawrence Evans and Robert Towgood attended as ushers.

The church was filled to capacity when the strains of the wedding march from Lohengrin were heard, played by Mrs. Akehurst, cousin of the bride, who also concluded the service with Mendelssohn's march.

A charming incident was a presentation to the bride of a Bible handed to her by the Rev. H. Pearson from the parishioners, a time honored gift to the first bride to be married in a new church. Following the ceremony a reception was held at Juniper Ranch, the home of Mr. and Mrs. R. Rayburn, where the beautiful grounds and well fitted background for the festive scene.

The young people received the congratulations of their friends and excellent refreshments were served in a three-tiered wedding cake which the bride cut and which was first lavishly enjoyed. Later in the afternoon Mr. and Mrs. Towgood left by car for the Coast where the honeymoon will be spent, after which they will live at the bridegroom's fox ranch on the east side of Wood's Lake, South Oyama.

There was a beautiful display of wedding gifts, prominent among which was a filigree gold chain and pendant and set of apostle spoons, presented by the bride's grandmother, Mrs. Evans, who, in spite of advanced age, was one of the gayest and most interested guests, and took a keen pleasure in the proceedings from first to last.

The above newspaper extract clipped from the Vernon, B.C., news, will be of interest to residents of Kingsley and vicinity where the bride and groom are now.

OF THE CHURCH CHURCHLY. The new treasurer wrote a letter, and 50 per cent of those in arrears to the church paid up; he wrote another letter and all but one paid. Finally he wrote one more and the last man sent

GAVE A REVIEW OF PROGRAMME AT CONVENTION

Rotarian Bart Holtham Was Speaker at Weekly Meeting of Local Club Yesterday—Gave Extracts of Convention Speakers' Addresses.

The district governor being unable to be present at the weekly luncheon of the Rotary Club at the New Sherbrooke House yesterday, Rotarian Holtham, who represented the local club last week at the district assembly at Albany, New York, delivered an interesting account to his fellow Rotarians of his experiences at the convention. In touching the "high spots" of the event, he expressed a hope that Rotarians here would realize that Sherbrooke is part and parcel of Rotary International, and that it is up to the members to make of the local organization a worthy contributor to this world-wide club. "Upon my arrival at the assembly," said Rotarian Holtham, "my first impressions were of the existing spirit of fellowship that prevailed throughout; and the prompt dispatch of all business matters."

In discussing the primary aims, plans and objects of Rotary at the assembly, Rotarian Holtham said stress was laid upon the fact that it is the duty of every Rotarian not only to uphold his club ideal, which is of service, and to apply it to his own business principles, but to pass it on to his fellowman, whether he be Rotarian or not. Interesting extracts were then read from several speakers' addresses. At the district assembly, a vote of thanks was moved the speaker by Rotarian Richardson and vice-president Parent, who presided in the absence of President Diplock, mentioned the fact that active business was being carried on by the Inter-city Committee, and that in the near future there should be several inter-city meetings.

at about ten o'clock this morning. The firemen worked for about an hour, controlling a chimney blaze that had started in the building. The smoke damaged the interior of the house somewhat.

HEROIC EFFORT OF YOUNG MAN WAS FRUITLESS

Eighteen-Year-Old Arnold Deacon, of Waterville, Played Heroic Role Involving Personal Safety in Accident Which Caused Death of Frederick Carr, of Eustis.

A heroic act of bravery entailing personal danger came to light yesterday afternoon in connection with the tragic death in a local hospital on Saturday of Mr. Frederick Carr, a well-known farmer and respected citizen of Eustis. The injuries to which Mr. Carr succumbed were inflicted when the fifty-four-year-old farmer was badly gored by an enraged bull which he was attempting to tame. The animal had broken its traces the previous evening and had remained in the pasture throughout the night with the rest of the cattle. In the morning Mr. Carr succeeded in driving it in and was about to tie the animal up when it became enraged and attacked him. He was tossed to the ceiling and in falling he caught hold of the ring in the bull's nose, but was unable to regain his equilibrium, and was being trampled upon and gored.

It was at this stage that the heroic drama was injected. Going home from working on the night shift in the mines, Arnold Deacon, eighteen years of age, of Waterville, heard the cries for help. He ran to the barn and at once realized what had taken place. Standing between him and the injured man were twenty cows which at any moment threatened to stampede, while the angry bull was standing over the prostrate victim. Obtaining a pitch fork, young Deacon made his way towards the bull and after several attempts succeeded in driving it away. Picking up the badly injured man, he carried him to his home, where Dr. Henry, of Lennoxville, was summoned and Lord's ambulance conveyed the man to the Sherbrooke Hospital. From the first his injuries were considered critical and he passed away on Saturday morning. A verdict of accidental death was brought in by the coroner.

Although the tragedy in which he played a vital part proved to be fatal, the heroic effort and bravery of young Deacon will stand out long after the fatal accident is forgotten.

GOSSIP IN THE WORLD OF FINANCE

Furnished by Johnston & Ward.

ELECTION EFFECT ON MARKET

MONTREAL, July 23.—The Montreal Financial Service says: The local market yesterday was exceptionally dull, the majority of price changes being of little importance. Dominion Bridge was an outstanding exception recording a fair sized advance after opening easier. The New York market continued firm, although weak spells developed now and again.

The federal elections in Canada to be held next Monday may not doubt be one of the factors retarding any progress the list might make at the present time. The fact that the Canadian markets remained compar-

atively quiet with few important changes, last week in face of a buoyant and active Wall Street list is responsible for this feeling. No matter which party gets into power, some companies are bound to be affected and this should result in some market activity. In the meantime everyone is adopting a waiting attitude.

It is the general view that discrimination must be exercised in buying selections even when orders are placed under the market in hope of getting the stocks on technical reactions. When the market was declining, there was a considerable irregularity and all stocks did not move in the same manner. A similar condition is likely during upturns. For that reason most observers favor concentrating in stocks with good dividend records and prospects of improving business and earnings.

Those recommending Canadian Car preferred as an attractive purchase point out that the security is

currently yielding nearly 6.34 per cent, is recognized as having considerable merit, both in respect to equity and earning power. This is the senior security of the company, all funded debt having been retired last year. During the fiscal year 1929 earnings were more than twice dividend requirements. Though the present year still has two months to run the dividend on both the preferred and common stocks has been earned. Low value of the stock at the moment is due to uncertainty over business for the coming year. In this respect, however, it is understood that several good orders are in prospect while a free movement of the crop would have a favorable effect upon the railways decision in deliveries of rolling stock in 1931. Another point to bear in mind is the possible element of the company's claim before the mixed claims court at Washington. This year claim involves about \$11,000,000 and prospects for a favorable decision are stated to be promising. This stock participates equally with the common in any further distribution of earnings.

LAIDLAW'S LETTER

NEW YORK, July 23.—Laidlaw and Co. says: After opening weak, encouragement was given the market yesterday by the manner in which the volume of offering dried up under pressure indicating that the shake-down of Monday had greatly strengthened the technical position. The business news was generally of a favorable nature, including the fractional increase in steel output, lower oil production, disposal of the naval treaty, general improvement in trade sentiment throughout the country. In the commodity market supplied only a mixed influence. The market is now in an indeterminate position in which it is likely to be swayed by the influence of trade news or special situations more easily. If prices manage to hold the net gain of the month over the next few weeks it will be an encouraging sign to general business.

NEW YORK, July 23.—The Wall Street Mirror says today: Further advance will be seen in the stock market today. The complete reversal of sentiment in the financial district has been shown by the offerings on each small setback. In quarters that are usually correct on market movements it is now stated that the low prices made on the recession since last Friday may prove to be the lows for some weeks to come. The important factor is that now many professional traders and individual operators are waiting for reactions on which to buy stocks in much the same manner as they awaited rallies on which to sell during May and June. This buying power works as safety valve for the market and will prevent any drastic reactions.

An important market operator, whose name was linked with many of the startling upward movements last year, is said to be a large buyer of Fox Film during the last few days. A price of seventy for the stock with a short period is predicted.

National Cash Register still harbors a large short interest and any attempt to buy the stock in any volume would be the means of causing a sharp upward movement.

Borden Company has been accumulated during the past week market recession by those close to the company. This is one of the companies that will show material benefit from the low price of commodities used in the manufacture of many of their nationally distributed packaged goods. The company is also one of the most important manufacturers of ice cream in the country and this division of their business will benefit from the unusual summer season.

An upward movement of considerable extent may get under way in Worthington Pump at any time.

crease in the short interest, which now can be capitalized with telling effect in stepping up the resumed operations for the rise. Seven of the fifteen stocks recommended in Monday night's letter were available within our suggested buying range. Of the remaining eight stocks, six got within a fraction of our buying range. The mere fact that stocks not only held well but actually rallied following a minor penetration of these limits, which were also important resistance points, is a strong indication of the underlying strength of the market.

In short, we believe the market has received an effective test, has immeasurably strengthened its technical position, and is ready to proceed in accordance with the plans laid under the virtual guidance of the powerful constructive interest, who have been co-operating with the administration in fostering the optimism that is justified by the near term business outlook. Continue with our recommended stock.

Utilities, for some reason or other, probably poor bearish propaganda, word has gone the rounds during recent sessions that the utilities were in disfavor. Tape action indicates that the contrary is true and that a substantial volume of business has been bagged in this group.

We believe purchases are warranted in American and Foreign Power, Electric Power and Light, Consolidated Gas, North American and for those who are content to buy and hold for a substantial profit. Brooklyn Union Gas House Ltd. has affected a consolidation of its market position that suggests it can be followed for a sizeable advance.

TRADING FORECAST AND FACTORS

Further attempts to rally the market are expected today, with activities centred largely around the leading stocks.

MONTREAL LIVE STOCK MARKET QUOTATIONS

MONTREAL, Que., July 23.—There were only 35 cattle, 91 lambs, 163 hogs and 31 calves received for sale on the two Montreal markets, in addition a couple of cars of Monday's cattle were still on sale.

Light common steers and heifers averaging around 800 pounds sold for \$6 and one lot of fair steers averaging 1025 pounds was sold for \$7.50.

The lambs were not sold this morning.

Hogs were \$13 for hams and butchers with \$1 premium on select.

Sows were from \$8.50 to \$9. Odd trim young sows sold up to \$9.50 or better.

A BULL DRIVE SENT SOME STOCKS UP AT NEW YORK

NEW YORK, July 23.—The appearance of a new bull drive sent several stocks up briskly at the opening of the market today. Standard of New Jersey and General Motors each mounted 3/4 of a point with initial transactions of 5,000 shares.

U. S. Steel, Westinghouse Electric and Consolidated Gas advanced about 1 1/4 each. Gains of around two points were recorded by American Can, American Tobacco B and Columbian Carbon. Case mounted nearly three. Sears-Roebuck, however, sagged 3/4.

DODGERS TODAY BACK AGAIN IN FIRST PLACE

Brooklyn Won Pitchers' Battle
from Cardinals—Best Chicago
Could Do Was to Divide Double
Header With Giants.

NEW YORK, July 23.—Two teams which sometimes look as if they might get somewhere in the major league pennant races, but which are not doing it, are the St. Louis Browns and the Philadelphia Nationals. Both clubs are having unusual winning streaks for them, with three successive victories apiece. But such occasions are too rare for them to make much progress toward the top. It has been over a month since either has won so many games in succession, and there have been only a few such occasions all season.

St. Louis made it a real triumph yesterday by downing the Washington Senators by three to one, for a third straight win. Not only did the victory protect the Browns' record of having beaten the Senators oftener than they have lost to them, a thing no other club has done this year, but it put St. Louis in sixth place, a few points ahead of Chicago.

Coffman's pitching turned the trick, although the Browns were again out-hit by seven to nine. He kept the Senators' blows scattered and harmless.

The Boston Red Sox pushed Chicago down behind the Browns in joining three hits with a Chicago error to score twice in the ninth inning and win the game by four to three.

The feat of the Phillies in trouncing Pittsburgh by eleven to five for a third straight victory was somewhat overshadowed by the return of Brooklyn to first place in the National League standing, but the individual feats of Phil Collins could not be left in the shade. Collins not only continued his effective pitching, but his two successive home runs and a single served to bring in four Phillies runs.

Brooklyn tried Hollis Thurston as a starting moundman in its struggle to get back to the top. The American League cast-off held the St. Louis Cardinals to three hits to win a one to nothing decision. The Robins made only five hits off Hallahan and Lindsey, but two of them and Frisch's error produced the only run.

The Robins received a lot of assistance from the New York Giants, who sent Chicago's Cubs downward by winning the second game of a double-header by six to one after the Cubs had won the first by five to four. Ethan Allen's homer with the bases loaded brought most of the Giant runs in the second game, halted by rain after seven innings, in which Bill Walker gave

Chicago only six hits. The Cubs piled up fifteen blows in the first game and four of their runs came in the last three innings.

The Cleveland Indians registered the day's big gain in the American League, although they could not advance in the standing as did the Browns. Cleveland took both ends of a twin bill from the New York Yankees by six to five and ten to eight. George Pipgras failed to break the Indian jinx in the first game after Cleveland had almost tossed the game away by errors. He yielded two runs in the ninth inning and lost. New York made six misplays in the second contest, but still it required Earl Averill's eight inning homer, his second of the game, to give Cleveland the decision. The double victory left the Indians six games behind the Yanks.

The Philadelphia Athletics lost an opportunity to gain on Washington's second place team when they dropped a six to five decision to the Detroit Tigers. Although he did not pitch, George Uhle won the game when he cracked out a pinch single in the eighth to drive in two runs.

ANOTHER WIN STRENGTHENS Q. C. R.'S LEAD

Defeated Sherbrooke United Last
Evening in a Regular League
Fixture by Score of 4 to 1.

The Quebec Central football team added another victory to their string last evening when they took the Sherbrooke United into camp to the tune of four goals to one, at the Parade Grounds. The game was a regular Eastern Townships Football League fixture, and the result entrenched the Railroaders firmly in first place, five points ahead of the runners-up, Celanese. Hammond shoved the United further into the cellar. The score, however, does not clearly indicate the trend of the play, for in the second half the United held control of the play the greater part of the time. Hard luck around the goal prevented them from tallying more than one goal.

Play started out fast. After forcing the pace for several minutes, Benny Grime tallied number one for his team when a neat combination play allowed him to tattle Anderson. Shortly afterwards Hammond made the score read two to nothing on another combination play which gave the United goalies no chance to save. This ended the scoring in the first half, with the United pressing to penetrate the Railroaders' defence.

The second period opened with play centred around midfield. United gained control of the ball, but were unable to hold it, and Benny Grime scored his second goal of the evening and his team's third. Murray brought his team within striking distance of the victors' score when he succeeded in beating Stoyles, but the Quebec Central aggregation sewed the game up when Hammond repeated his feat of the first half on a lone rush to end the scoring. The game was satisfactorily handed by Mr. W. Wright.

The line-up last evening were: Q.C.R.—Stoyles, Pierce, Loach, Twyman, Joiner, Adair, H. Grime, Hammond, B. Grime, McNally, Pentland.

United—Anderson, Dudley, Nichols, Dowling, Taylor, Hatch, Parzin, Foley, Murray, Hatch and Gardner.

Y.M.C.A. TO PRACTICE TOMORROW EVENING
The Y.M.C.A. football team will hold a practice on the Parade Grounds tomorrow evening at seven o'clock. The management earnestly requests that all members be on hand for this work-out.

THOS. J. DUGGAN DIED SUDDENLY THIS MORNING

Noted Canadian Sports Impresario Was Busily Engaged in Handling His Various Activities When He Passed Away Before Medical Aid Could Reach Him.

MONTREAL, July 23.—Thomas J. Duggan, noted Canadian sports impresario, died suddenly at his home last night. Prominent in baseball, thoroughbred racing and hockey interests both in Canada and the United States, Duggan was busily engaged in handling his various activities when he passed away in his forty-ninth year before medical aid could reach him.

He was talking with a prominent local sports authority early in the evening, and was commenting on the sudden demise of Paddy Harmon, promoter of Chicago, a mutual friend. His death followed shortly after.

Tom Duggan had been a prominent figure in professional sport for the past twenty-five years. His associations extended to many fields, including baseball, horse racing, hockey and dog racing. He was one of the foremost promoters in these branches of sport in the past decade.

Prominent in both advertising and real estate locally, he entered into professional sport at the time the old Federal League was formed and secured a franchise at Buffalo.

The venture was not a success and Duggan turned his attention to horse racing which held his attention up to the time of his death. He built Mount Royal Race Track and Devonshire Park at Toronto and also had interests in several racetracks in the United States at various times.

Duggan's role in professional hockey was one of a builder. He built the Mount Royal Arena here and later made unsuccessful bids to obtain the Canadian Hockey Club. He also held two franchises in the National Hockey League which he subsequently sold to New York and Boston interests. The deal with Charles Adams, of the Boston club, developed into a long suit which was only closed recently.

Tom Duggan's most recent venture was into dog racing and his interests of late centred around New York after an unsuccessful attempt to stage the sport in Chicago.

SPORTING NOTES

PADDY HARMON DIES
CHICAGO, July 23.—Patrick T. (Paddy) Harmon, who rose from a street newspaper boy to builder of a \$7,000,000 Chicago Stadium, greatest indoor sports arena in America, was killed yesterday, victim of an automobile accident in which his speeding sedan turned over five times, before plunging into a ditch.

Harmon, for twenty-five years a Chicago's leading sports and amusement promoters, was returning home from his summer home in Crystal Lake, Ill., accompanied by a wife, and a guest, Dr. E. T. Rand, when his automobile hit a rough spot in the highway.

MILAN
Mr. Duncan L. McLeod had the misfortune to fracture one of his arms while working in his father's mill on Thursday afternoon.

Miss Katie McLeod, of Montreal, and Mr. Allen McLeod, of Ottawa, were week-end guests of their parents, Mr. and Mrs. Ewen McLeod.

Mrs. George Ridgway and daughters, of Milton, Mass., are visiting her parents, Mr. and Mrs. John N. Murray. They were accompanied home by Mrs. Katie Morrison and son, Alexander, who spent a short vacation with relatives in Vermont and Massachusetts.

Mrs. White and little daughter, Clare, of La Tuque, are guests of Mrs. White's sister, Mrs. George McDonald, and Mr. McDonald.

Miss Ivy Nicholl, of Quebec City, is spending her vacation at her home here.

Many friends here are pleased to see Mrs. D. L. McLeod, of Winnipeg, Man., back at her old home.

The community was shocked and saddened on Sunday evening to hear of the tragic death of Dannie K. McDonald, of Montreal, who was drowned. During the evening service Mr. McKay earnestly prayed in behalf of this unfortunate family in their terrible affliction and distress, and especially for the heartbroken mother, who only fifteen weeks ago watched her only daughter pass away after months of suffering. Mrs. McDonald has been called upon to part with nine children and her husband, the late Kenneth D. McDonald.

REGATTA PLANS WERE DRAWN UP LAST EVENING

Additional Features Added to
Programme of Annual Aquatic
Event, Which Will Be Held
This Year on Saturday, August
9—New War Canoe Purchased.

A well-attended meeting of the Sherbrooke Canoe Club was held last evening at the club's new headquarters, when the principal item on the agenda was the purchase of a war canoe. Mr. Frank Norcross had been authorized at a previous meeting to inspect a canoe, the property of the Grand Trunk Boating Club, and on his recommendation last evening it was decided to equip the club with this additional canoe.

The canoe will be brought to Sherbrooke within the next few days. The local paddlers will use the craft for preliminary practice.

Plans for the annual regatta, which is to be held on Saturday, August 9th, brought forth many suggestions, chief among which was the addition to the afternoon's events of a ladies' war canoe race. The ladies are taking great interest in the coming aquatic event, and indications are that there will be a greater number of entries in the events for the fair sex. It was decided to have ribbons made as souvenirs and these will be sold at the regatta. Mr. McVie and the president, Mr. E. Kenalty, were authorized to obtain quotations on the prizes and trophies to be offered in the different divisions. Mr. R. E. Richardson was appointed chairman of the programme committee and will select the remaining members to work with him, while Mr. Clarence Hawkins was appointed to survey the course.

After much discussion it was moved and carried that the entrance fee for all events would remain the same as last year viz., \$1 for all events, with fifty cents the entry price for juniors under sixteen years of age. Plans were also drawn up for a dance to be held in conjunction with the distribution of prizes the night of the regatta, while a smoker is scheduled for Saturday evening, August 2nd, for the members only. Final arrangements were drawn up for the weekly "at home" tomorrow evening, Gagnon's Orchestra being again engaged for the occasion.

The meeting closed with the president asking for the support of all the members to make the regatta one of the greatest successes in the annals of the club, and to start practicing for the various events.

Announcement A. R. Wilson Limited

This enterprising firm have recently secured the services of

MR. ARTHUR LaFRANCE

with a long and varied experience in heating and ventilating work, having been with the Lennox Furnace Company of Syracuse, New York and Marshalltown, Iowa, and was by them transferred to Canada when a Canadian company was formed.

Mr. LaFrance will devote his entire time and experience to the further development of the heating and plumbing business for which A. R. Wilson & Company have had such a splendid reputation. It is Mr. LaFrance's intention to carry on in an aggressive, modern, up-to-date manner, a business which he believes to be a real asset and a necessity in a progressive city like Sherbrooke. The citizens will, no doubt, appreciate having their heating problems handled by a man of so much experience.

Mr. LaFrance admires very much the splendid business methods that the late Allen R. Wilson had developed as well as the unusual confidence the people had in Mr. Wilson and says it is his humble intention to, in every way, merit a continuity of this confidence.

A New Bathroom Scale DIETEST

The DIETEST is the last word in attractive scale design. Pleasing, flowing lines are the first and lasting impression.

More compact, lower in height, and a much larger base are combined in its attractive appearance, yet it requires less floor space than any previous model, is more stable and requires less effort to step on to the weighing platform.

The DIETEST has an attractive and distinctive weighing chart. The color scheme is ideal, with the result that the figures and graduations are clear and impressive.

The weighing chart is protected by a convex glass which prevents light reflection and enables the chart to be read from any angle in any light.

This scale was designed, developed and is manufactured entirely in Sherbrooke.
