EAST PRUSSIA CUT OFF FROM GERMANY GERMAN RETREAT FROM ARDENNES CONTINUES

Soviet Troops Break Into Outskirts Of Breslau And City's Fall Expected Soon

Germans Report Decisive Battle Developing Near Poznan, 137 Miles East of Berlin—Russians Captured 1,596 Localities Along Flaming Front in Day's Operations—Oder River Crossed Southeast of Breslau and Again at Steinau.

London, Jan. 25.—(AP)—A Reuters dispatch from Moscow today said Soviet troops were "breaking into the outskirts" of Breslau. Moscow last night placed Russian vanguards at four miles southeast of the city.

London, Jan. 25.—(AP)—The Russians announce today that Soviet forces have crossed the Oder river southeast of Breslau and a German broadcast reported that other Red Army units had made another crossing at Steinau, thirty-two miles northwest of the city and 138 miles southeast of Berlin.

A Red Army break-through to the Baltic Sea east of Elbing, "thus cutting off East Prussia," was announced by the Germans.

Col. Ernst von Hammer, German military commentator, said earlier that a Russian spearhead had driven to the Baltic coast through the homeland of the Junkers, but was "encircled and largely wiped out."

The Soviet drive had carried to the Frische Haff—known as the Baltic Lagoon—which stretches from the mouth of the Vistula almost to Konigsberg, he said.

The fall of Breslau appeared imminent as hundreds of tanks and self-propelled guns laid down a searing barrage along the approaches to the Oder-straddling city, some only four miles away.

On the central Polish front, the Germans reported a decisive battle developing near Poznan, 137 miles east of Berlin, while still farther north Marshal Konstantin K. Rokossovsky's 2nd White Russian Army was relentlessly closing a noose around East Prussia.

Moscow said Rokossovsky's forces were within sixteen miles of the Baltic city of Elbing and forty-two miles south of Danzig.

The Russians had another day of sensational gains yesterday, capturing more than 1,596 localities along the flaming front, a Soviet communique said. German resistance appeared to have stiffened noticeably only before Poznan, on the direct road from Warsaw to Berlin where the 1st White Russian Army under Marshal Gregory Zhukov ploughed forward in gains which Moscow said ranged up to sixteen miles.

In outflanking Breslau, Marshal Ivan S. Konev's 1st Ukrainian Army captured the Polish border town of Rawicz, thirty-four miles northwest of the northern Silesian capital, while other units of his army toppled Oppeln, Southern Silesian capital, forty-eight miles southeast. Breslau is Germany's seventh largest city and the biggest thus far directly threatened by an invading army.

Elements of Konev's sources were close to a union with troops under Zhukov at a point between Grabow and Kalicz, historic Polish town whose capture yesterday by Zhukov was announced in an order of the day by Premier Stalin.

Three other orders of the day by Stalin disclosed the continued sweeping successes of the Russian drives and announced that still a sixth army, the 2nd Ukraine under Marshal Rodion Malinovsky, had joined the offensive in a sweep through Slovakia.

The Russian communique, in disclosing that Konev's army had extended its front along the east bank of the Oder to more than 50 miles, announced the capture of more than 1,000 German towns, among them Margareth, only 4 1-2 miles from

Highlights On Eastern Front

London, Jan. 25.—(AP)—The Moscow Radio said today that "mass unrest has broken out" in Prague, old Czechoslovak capital, and the Germans announced that a state of siege had been clamped on the city. A state of siege was imposed on other eastern cities of Czechoslovakia, Berlin disclosed, as Russian armies drove to within 170 miles of Prague from the Oder River sector. The Germans said they were retreating in Slovakia. In Prague, said Moscow, "workers have gone on strike and the population is trying to prevent the German evacuation of machinery and material. The population is fighting the Gestapo in various districts."

Stockholm, Jan. 25.—(AP)—The Danish press service in Sweden reported today that preparations were being made to evacuate Berlin and foreign correspondents working in the German capital had been warned they must be ready to leave at any moment. The Danish agency gave as its authority "a usually well-informed source."

London, Jan. 25.—(AP)—Russian forces advancing into East Prussia have found the towns in their path deserted by all living creatures except dogs and cats, a Moscow dispatch declared today.

Livestock which the Germans were unable to take with them was killed and chickens were found with their necks wrung, the dispatch said. Springs and wells were poisoned.

London, Jan. 25.—(AP)—The Russian army has advanced to within 125 miles of Berlin, Moscow announced officially today.

Paris, Jan. 25.—(AP)—France intends to maintain military forces all along the Rhine after the war, Gen. de Gaulle told a press conference today.

Meeting newspapermen for the first time in weeks, the French leader said regretfully that he had not been invited to the forthcoming "Big Three" conference.

He told 200 French and foreign correspondents that France had made no formal request for an invitation to the conference, but had believed the heads of all three big countries had known of the French attitude.

"France does not intend to finish this war without assurance that the French Army is installed permanently along the length of the Rhine from one end to the other," Gen. de Gaulle declared.

"They must be there not only for French security but for the security of the world."

He said history in the last 100 years had shown such a course to be essential, and added that France had suffered too much in this war not to claim this guarantee.

"We envisage control of the entire Rhine basin as an industrial unit," the head of the French state said, adding that this, perhaps, would be an inter-Allied control because "we have no reason to exclude the other Allied nations."

"This," he explained, "does not necessarily imply the extension of France's frontier to the Rhine. The

MANY AVIATION PROBLEMS COME UP FOR DEBATE

New York Conference Designed to Review Existing Trans-Border Agreements Between Canada and United States.

New York, Jan. 25.—(AP)—Canadian and American delegates gathered today to discuss aviation problems of mutual interest, heightened by two developments since adjournment of the International Civil Aviation conference at Chicago last autumn.

They were: Newfoundland's offer of its airports for trans-Atlantic commercial aircraft and the United States War Department's announcement that the globe-girdling Air Transport Command could carry a limited number of civilians at fares comparable to commercial airline rates.

This conference, in which Canada's place in the post-war civil aviation picture will be discussed, was called primarily for review of the existing trans-border agreements between Canada and the United States and questions arising out of the Chicago Conference.

Canada has not signed the "two freedoms" air agreement drawn up at Chicago. This agreement accorded transit privileges to the countries which signed it—the right to fly across the territory of another or to stop at designated airports to take on fuel. The United States is a signatory.

Newfoundland, whose airports are 1,100 miles from New York on the shortest route to the British Isles, was not included in the United Kingdom's commitment to the "two freedoms" agreement. However, the Newfoundland Commission Government announced January 16 that Great Britain had been requested to withdraw the reservation.

Canada has military control over the big Canadian-built Goose Bay airport in Newfoundland's Labrador territory.

United States airlines consider it important that they be permitted to fly through Canada on their way to Europe and Asia in the post-war period. One source said the fact that Canada did not sign the "two freedoms" agreement was no indication that it would refuse to enter into a bilateral agreement with the United States.

It seemed likely, too, that the delegates would consider the significance of the Air Transport Command decision to carry paying passengers. The A.T.C. has operated on a world-wide scale to take essential war travellers and materials to the battlefronts.

Reconstruction Minister C. D. Howe heads the Canadian delegation. Others are: R. A. C. Henry, Mr. Howe's Deputy; H. J. Symington, President of Trans-Canada Airlines; J. R. Baldwin of the External Affairs Department, and Escoffier, First Secretary of the Canadian Embassy at Washington.

British Drive Deeper Into Roer River Zone

3rd Army Advances to Within One to Three Miles of German-Luxembourg Frontier and Inside Germany Itself, Capturing Half a Dozen Towns in Process—Retreating Troops Harassed by Debris of Scores of Wrecked Troop Trains and Twisted Battle Equipment.

By EDWARD KENNEDY, Associated Press Staff Writer

Paris, Jan. 25.—(AP)—The great German eastward exodus from the Ardennes Salient continued today with the enemy resorting to railroads and roads farther south since those in Northeast Germany were declared choked with debris of scores of wrecked troop trains and twisted battle equipment.

The British 2nd Army drove deeper into the heavily fortified zone just west of the Roer River, capturing Uettersath, Heinsberg, Schlieden and Weerd. Heinsberg, 20 miles north of Aachen, is on the Wurm, a tributary of the Roer upon which the next German defence stand may be attempted.

Uettersath is 12 miles east of Sittard, starting point of the British attack now eight days old. The Tommies had fought to within 30 miles of the Rhine city of Dusseldorf and within 12 of the industrial centre of Munchen Gladbach.

More chunks of what remains of the Ardennes Salient were carved out by the United States 3rd Army, which advanced to within one to three miles of the German-Luxembourg frontier, and inside Germany itself. These troops took half a dozen towns and destroyed twelve tanks, two tank destroyers and three cannon in battles among snowdrifts up to seven feet deep.

The 3rd Army, like the British, noted further Nazi withdrawals eastward.

The Germans launched repeated and ominous probing attacks in Northern Alsace, apparently searching for new opportunities to crack at the 6th Army group, following Field Marshal van Rundstedt's frustration on the northern part of the front.

United States 7th Army troops were reported holding firmly to a new line in the Kaiserslautern north of Strasbourg after retreating from seven to ten miles along a twenty-mile front around Haguenau to the Bille area. During the night, the Germans spewed 200 shells into the Bischweiler area southeast of Haguenau. Germans were within eleven miles north and ten miles south of Strasbourg, the eastern end of an Allied salient to the Rhine.

The United States 1st Army in the St. Vith area of the Ardennes captured Molderscheid, eight miles northeast, and Audrange, six southwest.

British pilots attacked 63 trains yesterday. They destroyed 13 and damaged 50 locomotives, destroyed 36 railcars and damaged 194 and wrecked 69 trucks. In three days, the R.A.F. alone had attacked more than 260 trains.

British 2nd Army troops ground were inside Linne, three miles from

the German bastion of Oermond on the Maas.

French attacks on the southern rim of the Colmar Bulge continued, but achieved little because of bad terrain, unfavorable weather and stiff opposition, Supreme Headquarters said.

The Allies have been marking time for weeks on a 20-mile stretch of the barrier stream between Duren and Linlich, holding fast in positions won before Nazi Field Marshal von Rundstedt opened his Ardennes offensive.

(A Stockholm dispatch this morning quoted German military circles as saying a new Allied offensive could be expected at any moment along the Roer. It said German reconnaissance had spotted heavy troop concentrations yesterday west of Linlich which is on the Roer 15 miles northeast of Aachen and midway between Duren and Linlich.)

British 2nd Army advances have been steadily wiping out a German-held area west of the Roer and northwest of the Duren-Linlich sector. Gains of 2,000 yards yesterday pulled the British troops within three miles of the stream at three points.

In their most important gain, the Tommies captured the German high-way centre of Heinsberg, nine miles northwest of Linlich and 20 miles north of Aachen. Others drove into Linne, in Holland, less than three miles from the enemy-held Netherlands city of Roermond, which sits at the junction of the Roer with the Maas. The British troops also captured Haaren on the centre of their assault front.

Only action reported on the 1st Canadian Army front farther north yesterday was a skirmish at the southeastern end of it when Canadian

Enemy U-Boats Renew Threat To Troop Ships In Atlantic, According To McNaughton

Owen Sound, Ont., Jan. 25.—(AP)—Defence Minister McNaughton revealed last night that German submarines again are active in the North Atlantic and that special care has had to be exercised to protect troop ships against sinkings.

Addressing a political rally last night at Shallow Lake as Government candidate in the Grey North bye-election of February 5, Gen. McNaughton said:

"Today the North Atlantic is, as it hasn't been for months past, alive with German submarines. We are having ships torpedoed day by day."

He made the statements while explaining that he had been unable to meet the electors of the constituency last week because a draft of reinforcements for the Canadian Army was on the high seas.

Garfield Case, Progressive Conservative candidate, was prevented by snow-blocked roads from reaching the community of Heathcote where he was to deliver a campaign address. Instead, he spoke at his committee rooms here, delivering the address he had prepared for the Heathcote meeting. Air Vice-Marshal A. E. Godfrey, C.C.F. candidate, spoke at Holland Centre.

Mr. Case said the Co-Operative Commonwealth Federation Party was ready to support conscription of manpower provided Canada adopted Socialism—the "very things the boys Overseas are fighting against."

Air Marshal Godfrey said the C.C.F. believed that "our country has sufficient resources, if they are properly used, to raise the living standards of all our people without depriving anyone of any comfort."

Gen. McNaughton said it was not until last Saturday that he was able to tell the electors why he had not returned to the constituency to carry

YANKS BESIEGE CLARK FIELD'S 13 AIR STRIPS

U.S. Losses During First Two Weeks of Campaign on Luzon Island Placed at 657 Killed, 187 Missing and 2,301 Wounded.

Southwest Pacific Advance Command, Jan. 25.—(AP)—United States troops besieged Clark Field's 13 airstrips today after a two-week campaign on Luzon Island in the Philippines and Manila lies less than 50 miles distant.

American losses during the first two weeks of their 65-mile drive from Lingayen Gulf were placed by a communique at 657 killed, 187 missing and 2,301 wounded. The communique said a total of 6,449 enemy dead had been counted, 423 taken prisoner and an estimated 7,200 wounded.

An intricate maze of more than 30 fortress caves, which the Japanese spent months building as a major defence belt for Clark Field, littered with scores of wrecked Japanese bombers and fighters, is in the hands of the Americans. Spanish artillery spotter planes landed on the satellite field before the ground troops got there.

The Bamban river, where the enemy could have put up a delaying fight, has been crossed.

The town of Bamban has been seized and the town of Mabactac, last one before Clark Field, has been reached in a 10-mile push from Capas which has carried into Pampanga province, long referred to as "the gateway to Manila."

As long ago as Wednesday morning, the latest period covered in today's communique, motorized units

NOMINATIONS BEING HELD IN E.T. TODAY

All cities and towns in the Eastern Townships governed by the Cities and Towns Act, except those covered by a special charter, are holding nominations today for municipal elections. Nominations close at 2 o'clock.

Municipalities involved are Arthabaska, Victoriaville, Cookshire, Lake Megantic, Black Lake, Farraham, Cowansville, Bedford, Asbestos, Richmond, Windsor Mills, Waterloo, Lennoxville and Coaticook.

In each of the cities or towns, the offices of Mayor and varying numbers of Aldermen are open.

Washington, Jan. 25.—(AP)—A United States troop ship carrying more than 2,500 soldiers was sunk recently in European waters as a result of enemy action with the loss of 248 dead and 517 missing, it was announced today.

The remainder of the troops aboard, more than 1,400, were saved, Mr. Stimson said.

He gave no details.

War Secretary Stimson's announcement under scored the grim statement of Defence Minister McNaughton in Shallow Lake, Ont., last night that the work of the Atlantic now is "alive with German submarines." He told a political rally: "We are having ships torpedoed day by day."

Prime Minister Churchill warned in the House of Commons last week that the U-boat war was a number of recent sinkings.

on the bye-election campaign. The North Atlantic was a cold place and "we don't want the submarines to get our troop ships."

The War Today

By DEWITT MACKENZIE, Associated Press War Analyst.

The great Red offensive by hastening the end of the European war — as it obviously is doing — is piling up pressing political problems for the Big Three, and one of these has to do with the turbulent Balkans where several thrones are rocking in a strong wind which blows from off the Russian steppes.

Among the most urgent situations is that involving the battle of young King Peter of Yugoslavia to hang onto his royal prerogatives in the face of powerful opposition among his subjects. Any quarrel in the Balkans is dangerous, for this cockpit of southeastern Europe long has been the whelping ground of far-reaching trouble, and Yugoslavia is a hot spot. Thus, a couple of days ago we saw acting Secretary of State Grew call on the rival Yugoslav factions to reach an agreement.

There actually are two Yugoslav governments because of the split. There is the government headed by Marshal Tito, who takes inspiration from Moscow, and in fact controls Yugoslavia both militarily and politically. Then there is the government in London, headed by Premier Subasic, and this has been the government of King Peter until the other day when he fled it, or tried to.

What happened was that Subasic, being practical minded, got together with Tito and they agreed to form a single government under a regency, with the understanding that a plebiscite would be held after the war to decide whether the country wanted to continue the monarchy or substitute some other form of government. Peter refused to accept a regency, despite strong advice to do so from Prime Minister Churchill, and tried unsuccessfully to dismiss Subasic and his Ministers. They declined to be dismissed.

Here enters Mr. Grew, and it would seem that his message may have had a quick reaction, for Peter today is reporting, trying to effect a compromise with Subasic.

As a matter of fact, the way things now stand Peter hasn't much chance of hanging onto his throne. There will be a plebiscite in due course, but the matter would seem to be settled in advance — just as the Polish crisis has been determined. Marshal Tito, working with the friendly hand of Moscow on his shoulder, is in control of Yugoslavia, and his government is strongly leftist.

One of the factors working against the throne is the attitude of the British, who have since the crown he has encountered influences which were inimical to his own interests. And he has taken some bad advice.

Then there's another point, not generally known. Prince Paul, who was Regent of Yugoslavia until Peter came of age, has the blood of the Russian Czars in his veins, and for years maintained a hostile attitude towards Soviet Moscow. More than that, he has been informed by an unimpeachable source, Prince Paul has had dreams of ruling from a restored Czarist throne.

It would be difficult, it strikes me, to believe that the British would make the Yugoslav monarchy less agreeable to Moscow. So on the whole the cards are against Peter.

Washington, Jan. 25.—(AP)—Hitler's grand strategy for the prolonged defence of the fortress of Germany possibly has been thrown completely off balance by the terrific impact of the Russian offensive.

This is the opinion of some military authorities here who are beginning to wonder how long now Germany will be able to hold out under the onslaught.

Estimates that the European war would last until late summer or fall as a result of the German west front offensive in December now are being scrapped. At the moment there is an open-minded attitude on how quickly and in what manner Germany may be defeated.

Defeat could take the form of unconditional surrender by the Army High Command if the command splits with the Nazi political leadership or could be evidenced by a fairly rapid break-up of organized resistance with a long period of guerrilla warfare following.

INSURANCE FIRM REPORTS RECORD SET DURING '44

All-time records in new business and in total business in force were reported at the 73rd annual meeting of the Confederation Life Association, held yesterday. The year's net gain in business in force, \$44,314,342, was exceeded only in 1929 by a small margin, when the entire business of another company was reinsured. More than 60 per cent. of the association's assets of \$174,122,811 is now invested in government bonds, the meeting was informed. New business amounted to \$68,351,682, while the total in force was \$571,513,804 at the end of the year. President V. R. Smith stated that results of combined operations during the year had not been exceeded in the company's 73-year history. At the same time, Mr. Smith declared that since wars do not create national wealth, but destroy it and impoverish the people, there is a stirring challenge facing every citizen to give more and more thought to post-war problems. "It is well to remember," he said, "that as the business man moves out of the field of national service, a vacuum is created and the crackpot and bureaucrat move in. No one can afford therefore to relax active interest in national affairs."

Mr. Smith named re-allocation of the taxing powers of the Dominion and the provinces as the foremost of Canada's post-war domestic problems, and felt the coming Dominion-Provincial conference could prove successful if an effort was made to have the whole question thoroughly discussed by average citizens. He hoped that Boards of Trade and other organizations would make a point of promoting the just arguments about public affairs which used to centre around the cracker barrels in country stores. He also said that, since Canada is now a creditor nation, if we wish to export, we must import at least an equal amount of goods and services. After commenting on the surplus position of \$12,969,011, of which \$4,000,000 has been set aside for war contingencies, C. D. Devlin, joint general manager, reported that mortality was lower than in any year of the past ten with one exception. "Total payments to policyholders, including dividends of \$1,767,476, amounted to \$13,440,032, an increase over 1943 of \$1,171,563," said Mr. Devlin. "There is no better evidence of the faith of policyholders in the security of their life insurance policies than the fact that payments for cash surrender values showed a further decrease of nearly \$100,000."

SELECT JURORS FOR BESSETTE THEFT HEARING

Selection of jurors occupied the morning session in the Court of King's Bench in the trial of Albin Bessette, of Ste. Edwidge, charged with theft from his brother, Roland, of fifty cords of wood, valued at \$500, during the spring of 1941, and in the fall of the following year, twelve feet of light wood, amounting to \$8, twenty cords of wood valued at \$50, and about 2,500 feet of pine, valued at \$50, in addition to having used a barn, belonging to Roland Bessette, valued at \$300.

With the selection of the twelve jurors, testimony in the case is scheduled to begin. Last week, the accused was found guilty, with a recommendation for clemency, on a charge of assault against his 64-year-old father.

Nearly forty talesmen were called by Court Clerk Hertel O'Bready this morning before the twelve jurors were chosen.

The jury is composed of Atchie Croteau, Greenlay, S. W. Broderick, Compton, L. A. St. Jean, Magog, Leo Bombardier, Brompton, Wilfred Robit, St. Elie, Arme Gagne, Notre Dame de Ham, Cyrille Bissonette, Wotton, Arthur Chenard, Stoke, Odilon Corbel, Wottonville, Antonio Bibone, Brompton, F. DEMOCRACY IS DENOUNCED BY FRENCH EDITOR

Charles Maurras, on Trial for Collaboration, Blames Republic for All Evils Which Have Befallen France.

Lyon, Jan. 25.—(AP)—Openly shouting his hatred of democracy, 76-year-old Charles Maurras, now on trial for treason and collusion with the enemy, declares he is glad he supported Marshal Petain during the German occupation—and would do it again if he could. The sharp-tongued former editor of L'Action Francaise, delivering a two-hour tirade to the court at the opening session yesterday, asserted that he was not a traitor but a "great patriot."

Infirm, deaf and bitter, he expressed his loyalty to the non-existent crown of France and said that "all the evils and catastrophes which have befallen France are the result of the Republic."

Speaking without notes and in the literary style punctuated with the invective for which he has been famous for half a century, Maurras reviewed his whole life and his struggle to set a king on the throne of France. If France had listened, he said, he could have saved it as far back as 1899 "by giving it a king."

Styling himself "the most French of Frenchmen" and the "most French of Frenchmen," he said the editor declared he was for royalism and order and that the only Frenchmen he had denounced during the occupation were "Frenchmen who were assassinating other Frenchmen."

His speech was filled with biting phrases and hatred for democracy, Jews and foreigners. Considerable hostility toward Maurras was evident at times in the packed courtroom. At one point the violence of his attack on the French Republic provoked a demonstration which, however, was quickly silenced by court attendants.

During one part of his two-hour address he read from the manuscript of a new work called "A Resume of General History." As he finished reading he let each sheet flutter to the floor. They were picked up by Maurras' Pajo, 72, his co-editor, who is on trial with him.

"I was just about to come to the point," he flashed while being led back to his cell for the night. He promised he would have much more to say during the second day's session.

Before Maurras was granted the right to speak in his own defence, the court read the accusations against him—a long document which conceded that the defendant, a member of the French Academy, was a writer of talent and that he had undeniably proved his patriotism in the First Great War.

One section of the accusation said the editor had attacked President Roosevelt as "a valet of the Jews" and Gen. de Gaulle and those fighting with him as traitors and deserters.

Gen. McNaughton said that appeals made by himself and Mr. King to the Home Defence Army were "met with abuse throughout the country—and made the subject of political controversy of the most virulent kind." The Government had survived the crisis that was stirred up and had made the necessary reinforcements available to the army overseas. The reinforcement programme now was ahead of schedule.

Mr. Case told his audience that Canada had progressed under the democratic system of the C.C.F. party would destroy it. It was true that some changes were needed to keep up with a changing world, but the troops overseas should have some say in any change in the economic set-up in Canada.

He said he wished to challenge a Winnipeg Free Press article which stated that John Bracken, Progressive Conservative leader, was opposed to putting up a candidate in the bye-election and that he regarded the candidacy of Mr. Case as not up to the standard he would prefer.

Mr. Case said Gen. McNaughton claimed that he had recommended last November that the Government make all Home Defence troops available for overseas service.

"If that is the case, he now is in the same position as Ralston was but apparently he hasn't the same courage to follow Ralston."

(Col. J. L. Ralston resigned last November as Defence Minister when the Government turned down his suggestion that Home Defence troops be made available for overseas service.)

Air Marshal Godfrey said that one of the reasons he joined the C.C.F. was because "I found it was the only party which had a constructive programme designed to improve the fortunes of those who were not so well off."

"I remember, after the Last War, how many of my former comrades came home to unemployment and breadlines. I find in the C.C.F. the only party which is determined that the veterans of this war shall not come home to the same conditions—and which has a practical programme to see that they do not."

"During the last depression it was my misfortune to be placed in military command of one of the 24-cent daily labor camps which were set up to answer the Conservative Government could find for unemployment. I did my best to make life as pleasant as possible for the men under my charge, but no effort on my part could change the fact that a Conservative Government had condemned these men to a bare existence, without prospects and without hope."

Air Marshal Godfrey will speak in Owen Sound tonight along with Mr. Coldwell, his party leader. Gen. McNaughton will hold three meetings, at Rocklyn, Kimberley and Heathcote. Mr. Case speaks at Woodford.

Douglas Amaron, Canadian Press war correspondent, reported that four Germans were captured and most of the remaining enemy forces were killed or wounded. The Germans had crossed to the west bank of the Maas (Meuse) River north of Bommer, fourteen miles south of Nijmegen, Tuesday night. Although the Germans were well dug in, the artillery-supported clean-up was completed without casualties to the Canadians, Amaron reported.

This action, the first of any importance on that part of the front for many weeks, followed a daylight Tuesday on enemy positions near the German village of Wyler, five miles southeast of Nijmegen. Ten prisoners were taken, three of them wounded. The raid, by troops of an eastern Canada Highland battalion, was led by Capt. Jack Veners of Fredericton.

The Canadians, wearing snowsuits and partly hidden by smoke, were almost on top of the Germans before they were sighted, Amaron reported. Three of the Canadians were wounded. A platoon led by Lieut. Lloyd Hill of Kentville, N.S., captured five of the prisoners and tossed grenades among several others who refused to come out of a dug-out.

The frenzied nature of the opposition in this area was made clear in a field dispatch from Richard Bergholz, Associated Press war correspondent, near Pozzorbio. He described how Japanese climbed on American Sherman tanks and tried to shove flaming waste down into their fuel tanks while the armored units spun around, flinging the Japanese to the ground.

PEMBROKE, ONT., CAB-DRIVER IS SLAIN, ROBBED

Police Investigating Murder of Arthur Seelinger Presume Cabbie Had Gone to Petawawa and Was En Route Back to Pembroke When Attacked.

Pembroke, Ont., Jan. 25.—(AP)—Police today pressed an investigation into the slaying of Arthur Seelinger, youthful cab driver who died in hospital last night after being found beaten unconscious and robbed on the town's outskirts yesterday.

The inquiry centred around the big Petawawa military camp, ten miles west of here, where the 18-year-old cabbie went Tuesday night in response to a call to pick up a passenger at 8:15 o'clock at the Knights of Columbus hut in the camp.

He never was seen again until noon yesterday when he was found, his head battered and gashed and his hands, feet and face badly frozen, behind a woodpile 200 feet from an outlying road. His cab, blood-stained on the cushions and doors, was rammed into a snowbank and an iron pipe, also blood-stained, lay nearby.

Police, who began a search for Seelinger when advised he had not returned from his trip to Petawawa, rushed him to Pembroke General Hospital, where he died last night without regaining consciousness.

Chief D. J. Carnegie of the Pembroke police force said that a check of the mileage on Seelinger's car showed it had been driven 28 miles after he left the stand Tuesday night, indicating he had gone to Petawawa and was on his way back to Pembroke when attacked.

Provincial Police and local police began a search for an assailant and spent several hours at Petawawa Camp yesterday making inquiries, but the results of their investigation there or elsewhere were not known.

Police said Seelinger's wallet had been stolen but that his pockets contained a small amount of loose change.

They added that the interior of the taxicab showed signs of a struggle with the front seat cushions, both front doors and the windshield spattered with blood. Snow about the vehicle was crimsoned with blood and the iron piping found near the car was wrapped at one end with a blood-stained newspaper.

Gen. de Gaulle said France did not intend to recognize the Lublin Committee as the provisional government of Poland, at least not immediately.

Declaring it was "normal and desirable" to extend commercial relations with Spain for aiding the French war effort, Gen. de Gaulle added that France with other countries objected to the seizure of the international zone of Tangier and considered this a question which ought to be settled.

Ladies' Auxiliary Donates 18 Beds To Sherbrooke Hospital And Grants For Blood Transfusion, Penicillin

The decision to donate eighteen beds to the Sherbrooke Hospital, as well as \$250 grants for the Blood Transfusion Fund and the Penicillin Fund featured the annual meeting of the Sherbrooke Hospital Ladies' Auxiliary at the MacKinnon Memorial, following the Treasurer's report which showed the group's finances to be in a condition to warrant the expenditure which will total over \$2,000.

The meeting, presided over by Mrs. Colin L. Campbell, later returned to office as President, dealt with reports from all branches of the Auxiliary, which illustrated that the year 1944 had been one of the most outstanding on record.

Mrs. Gordon Sangster, Recording Secretary, in her annual report, reviewed the past year's activities in detail. A shorter report was given by Mrs. Gordon Armitage, Corresponding Secretary.

The excellent financial statement, covering the receipts and expenditures for the past year, was presented by Mrs. W. Miller Hall, and the satisfactory financial position of the Ladies' Auxiliary was highly gratifying to all concerned.

After the disposition of routine business, Mrs. Raymond D. Wood, at the President's request, assumed the chair for the election of officers, the slate prepared for 1945, being read by Mrs. R. Wiggitt, and later the Secretary was asked to cast one vote on its unanimous approval.

As she re-assumed the chair, Mrs.

Colin L. Campbell voiced her thanks and appreciation to the members, and appealed for the same loyal support and co-operation which had made 1944 a banner year for the Auxiliary.

In addition to the regular reports presented was Mrs. Guy Bryant's account of all linens purchased for the hospital during the year, and the statistical statement of the hospital activities given by Miss O. Harvey, Superintendent, as follows: Number of patients admitted in 1944, 2,572; number of operations, 2,279; number of babies, 325; number of meals served, 203,649.

The slate of officers and committees for 1945 follows: Hon. President Mrs. G. T. Armstrong; Hon. Vice President, Miss Olive Harvey; President, (re-elected), Mrs. Colin Campbell; First Vice-President, (re-elected), Mrs. Wilfred Davey; Second Vice-President, Mrs. W. Sutherland; Third Vice-President, Mrs. Ben C. Howard; Recording Secretary, (re-elected), Mrs. Gordon Sangster; Corresponding Secretary, Mrs. J. E. Herold; Treasurer, Mrs. E. Gilbey; Assistant Treasurer, Mrs. R. Wiggitt.

Former Mitchell Employee Finds Thrills Part Of Every-Day Life

F.L. SMITH, right, is shown above with F.L.A. L. FAWLEY of North Battleford, Sask.

Flight Lieut. E. W. Smith, D.F.C., who was employed on the staff of J. S. Mitchell Company, Limited, prior to enlisting in the Royal Canadian Air Force, has come to the conclusion that to be shot down over your home base by an enemy intruder after completing an attack on a German target and to "ditch" in the English Channel twice is quite enough excitement for any young fellow of twenty-four years, F.L. Smith has completed two tours of operations in Whitley and Halifax bombers. Although he has logged more than forty-three attacks on enemy targets.

Most of the thrills for the skipper occurred during his first tour with R.A.F. squadrons after he arrived overseas in March, 1941.

Apparently home safely over his base one night after successfully bombing Frankfurt, the Whitley he was piloting was attacked by a Jerry intruder, which riddled the aircraft with machine-guns and cannon shell. F.L. Smith was forced to crash-land the aircraft. It burst into flames and F.L. Smith suffered serious injuries. He was confined to hospital with concussion, a broken jaw and burns.

Prior to this experience the young pilot had had his first "ditching". He was returning from an earlier attack on Frankfurt one night at the

CIVIC NIGHT IS OBSERVED AT SNOWSHOE CLUB

Municipal aldermen, accompanied by Mayor Hector Lanctot and other officials, were entertained by the Sherbrooke Snow Shoe Club members at the Club House on Prospect Road last evening. Three members of the Tuque Rouge Club were also present, Charles A. Vincent, President, accompanied by Leon Lefebvre and Rudolph Languedoc.

The first "Tramp" of the season found only a handful of skiers and snowshoers on hand at the appointed corners. Those who did brave the cold weather were led by Ski-Captain Frank Simms and Snow Shoe Captain Rupert Lanctot. Trampers and non-trampers sharpened their appetites on the volley-ball floor before supper was served.

After the piping-hot baked bean supper was stowed away President Reg. Smith opened the meeting by introducing the guests present. Mayor Hector Lanctot replied to the President's introduction in the absence of Mayor Genest, who was unable to be present due to sickness.

Chorister Tom Keeley introduced City Clerk Anton Deslauriers, who gave an interesting talk on the parks of Sherbrooke, reviewing briefly the origin and history of each. Chorister Keeley (minus white gloves) took over from there and led the singing accompanied by Gize Gagnon at the piano. President Charles Vincent of the Tuque Rouge Club, added to the evening's fun by giving a humorous story and song in French. His contribution was followed by two songs by Leon Lefebvre of the Tuque Rouge Club.

City Fathers present included Hector Lanctot, Armand Fiset, Oliver Zizel, Alphonse Trudeau, Sylvio Bryant, Guy Bishop and Guy Bryson. Lt. Albert Broter, represented the Police Force while others present included Roland Berube, Chief Accountant; F. Chartier, Building Inspector; Charles Cote, City Engineer, and Mr. Deslauriers, City Clerk.

"Civic Night" was brought to a successful close with a reminder from the President that the church parade would be held Sunday next.

Institute For Blind To Open Its Annual Appeal With \$6,000 Quota

It was announced by the Institute for the Blind's local office today that the regular annual campaign for funds in the Eastern Townships is scheduled to commence the week of February 4 and will extend over the following two weeks.

This year the general joint chairmen are Mr. Justice J. Dalma Landry and Clifford G. Bryant, and the General Treasurer, Albert Charpentier.

There will be a simultaneous drive in the following Eastern Townships centres: Magog, with H. H. Nowlan as local chairman; Coaticook, with Roger Bouchard as chairman; Rock Island, with Lawrence Tilton and Raymond Pregeau as joint chairmen; East Angus, with J. E. Palmer as chairman; Windsor Mills, with John Quinn as chairman; Waterville, with Stuart Ball and Rock Gervais as joint chairmen. In Lennoxville, Miss Thelma Crawford has consented to organize a house-to-house canvass. The local ladies' committees will be organized by Mrs. C. A. Crocheteire in the Sherbrooke district.

This year's objective for the whole district is \$6,000, which is a very modest sum when it is considered that the Institute has some 242 names of blind people on its local register, and also 400 prevention cases. This year it is hoped that the

Y'S MEN'S CLUB HEARS ADDRESS ON AIR CADETS

Outlining the history in general of the Air Cadet Movement, J. A. Archambault addressed the regular meeting of the Y's Men's Club last evening, detailing the development of the 67th Sherbrooke Rotary Air Cadet Squadron.

During the business meeting, reports were submitted on the various Y's Men's teams registered in local leagues. Bill Hammond stated that in basketball, the team had been undefeated to date. In the ping-pong league, Jeff Wilson reported an eleven-point lead. Barney Hopcraft was able to report that the Y's Men's bowling team was fourth in a league of twelve teams.

Mr. Archambault stated that the Air Cadet movement began in England shortly before this war. Filtrating into Canada soon after, an Army Cadet League of Canada was formed in Vancouver. Before the present war broke out, the Canadian Air Cadet League had become a separate organization.

Cadets join and belong to the Canadian Air Cadet League on a completely voluntary basis, though their training is directed with a view to enlistment in the R.C.A.F., the speaker explained. Any Air Cadet is free to request a discharge at any time, though 5,000 have volunteered for service in the R.C.A.F.

The speaker spoke of the success of the local 67th Squadron, which was established on December 18, 1941, and mentioned the co-operation that the Sherbrooke Regiment accorded the Air Cadets.

In connection with the coming Air Cadet Week, Mr. Archambault announced that it would open on Tuesday, January 30, when a hockey match will be played between the Air Cadets and the Sherbrooke High School. On the following night, a parents' night will be held at the armory. A squadron dance is scheduled for February 2, also to be held at the armory.

In conclusion, the speaker stressed that the Federal Government recognizes the Air Cadets as an important youth movement—as an excellent training of our youth against tomorrow. Public opinion in general favors continuing the movement, for there is no doubt that the training offered by the Air Cadet League is valuable to members who later enlist in the Royal Canadian Air Force.

PTE. R. BRAULT IS BACK HOME FROM OVERSEAS

Private R. Brault, of Covansville, was among a group of Canadian Army men of Military District No. 4 who arrived back in Canada on the hospital ship Lady Nelson and landed in Montreal yesterday.

He was one of four amputation cases, all of whom were transferred to military hospital.

With the co-operation of the military authorities, the Legion War Services inaugurated a new system of "welcome home" under which relatives were accommodated with guests in the concourse, and by alphabetical arrangement of names, so that the returning soldier could be immediately directed to them on arrival. The arrangements worked smoothly, and officials were assisted by members of the Vimy branch of the Legion.

In the same group was Major J. P. G. Kemp, of the Black Watch, son of Major J. C. Kemp, who played football and was a track star at Bishop's.

ROTARY ETHICS COMMENDED BY BISHOP DIGNAN

Speaking before the North Bay Rotary Club, His Excellency the Most Reverend R.H. Dignan, Roman Catholic Bishop of Sault Ste. Marie, paid a glowing tribute to the traditions, aspirations and the Rotary code of ethics.

Speaking on the "Reclaiming of Youth," the Bishop said: "It is a noble work, a great work for our country. All that many of these youths need is guidance. But, there is my New Year's message to you, it is a work quite in line with the traditions, aspirations and code of ethics of Rotary."

This indeed is a great tribute to Rotary from a great and leading churchman who appreciates the efforts of Rotary and who is ready to give credit where credit is due.

CONCERT TO BE GIVEN HERE BY NOTED HARPIS

Miss Ruth Blane, celebrated concert harpist will present a programme in conjunction with J. G. Scott, organist and choir director of Plymouth United Church, in Plymouth Church on Thursday evening, February 8.

Miss Blane is youthful and attractive, and according to the Portland Press Herald, a miniature League of Nations in herself. She was born in London, England, where she remained until she was six years old, then she came to London, Ont., her present home, and received most of her musical education in the United States.

Miss Blane started the study of the piano at the age of ten, and after a few years later, five years ago she became a member of the Summer Harp Colony of America, in Camden, N.J., founded and directed by the world renowned harpist, Carlos Salzedo and his wife, Marjorie Call Salzedo.

Before the war, Ruth Blane with her two brothers—now in the R.C.A.F.—and her younger sister, had formed an instrumental ensemble composed of harp, flute, 'cello and piano.

It is said that the artist combines technical skill with a rare understanding of the different shades of meaning and feeling involved in her selections, reaching the heart as well as the ear, making her programme an experience in music appreciation not soon to be forgotten.

ROCK ISLAND BLOOD CLINIC WELL ATTENDED

Rock Island, Jan. 25.—One hundred persons presented themselves at Rock Island Blood Clinic held in the Red Cross Rooms of the Southern Canada Power Building on Tuesday afternoon. Ninety-eight were accepted as donors in a collective donation which established the day's clinic as the second largest which has been held in this community. About ten per cent of those attending were first-time donors, which indicates an increasing interest in the project. The majority of the former donors will shortly qualify for their sixth-donation buttons.

The Mobile Unit from Sherbrooke, under the supervision of Mrs. H. D. Hedley, M.B.E., displayed their usual fine efficiency in handling the technical requirements. They were assisted by Drs. D'Avignon and White, of Stanstead, and the following nurses: Miss Orpha Durland, Mrs. A. B. Lovelace, Mrs. Harold Cass, Mrs. Ernest Johnston, Mrs. A. Fregeau, Mrs. Jack Cowens and Mrs. M. B. Quillman. Mrs. Grace Taylor and Mrs. J. D. Ferguson were most gracious in registering and receiving the donors. The refreshment committee under the able co-operation of Mrs. Lee Jenkins and composed of the Misses Jean and Elsie McIntosh and Mrs. Archie Grady helped to make the event a most sociable occasion.

Erwin Taylor, Michael Holmes, Douglas Young and Teddy Wadeigh were responsible for arranging the rooms in preparation for the clinic.

ATTENDANCE AT BLOOD CLINIC HERE GROWING

A total of seventy blood donor volunteers presented themselves at the Dufferin Avenue centre this week to make the showing for Sherbrooke a little more encouraging than it has been in the past few weeks. With fifteen at the regular Monday morning session, and fifty-five at the Wednesday night assembly, a total of sixty-five of the seventy were acceptable as blood donors.

Last night, there was a good representation from the surrounding country district, with turnouts from Sawyerville, Windsor Mills, Bulwer, Lennoxville, Huntingville, Cookshire, North Hatley and Waterville.

Many in the group donated for the first time, which would indicate an increased interest in the Red Cross plasma cause.

GLORIFY YOURSELF . . . EYE-CATCHING ORNAMENTS DOUBLE DEMAND FOR BRIGHT, HEALTHY HAIR

ANN SHERIDAN: Sparkles.

With so many sparkling, colorful doodads gravitating towards heads—glittering leaves, flower clusters, ribbon-tied fancies—the need is urgent to make a coif as bright and shining as the competing ornament. According to the Hollywood girls who started all of this business—a glamorous ring-leader is Ann ("The Doughgirls") Sheridan—hair should look as faultlessly groomed as a store-window mannikin's, before you reach for any doodad. "Unkempt locks," says spokeswoman Ann, suffer badly in contrast with an eye-catching ornament. On the other hand, if hair is above reproach and the thingamabob isn't—because it has been kicking around too long—the effect is just as bad!

Women's Institute At Cookshire To Give Prizes To High School

Cookshire, Jan. 25. — Mrs. R. J. Hodge and Mrs. H. C. Barter were hostesses at a largely attended meeting of the Women's Institute, which was held at the home of Mrs. H. S. Osgood. The subject of the meeting was "Music and Poetry." The President opened the meeting by reading Canon Scott's poem, "The Colors of the Flag," which was followed by the pledge of allegiance and the usual devotional exercises. After the reading of the minutes, donations were received for the Self-Denial Fund and a report was read by Mrs. MacRae showing that five ditty bags had been filled and sent to the Navy League and a very nice letter of acknowledgment received. It was reported that wool for Norwegian relief work had been ordered and several ladies agreed to knit articles for this cause. Mrs. C. M. McEne gave a brief report of the work being done by the Red Cross Society and urged the members to increase their efforts if possible.

The corresponding included a letter from Mrs. Smallman and one from Mrs. Hodges of the Wartime Prices and Trade Board, and "Consumers' News" was distributed. It was decided to give prizes in Grade X this year at the High School—a \$5 War Savings Certificate to the pupil obtaining the highest average marks, and four War Savings Stamps to the pupil in second place. The sum of \$4 was voted for seeds for Britain and \$3 to the library.

An interesting item was read from the League of Nations magazine. The motto of the meeting was "Remember that everything of beauty tends to the elevation of man," and the subject of the roll call was to "Name a famous composer." A very interesting paper on "Canon Frederick George Scott, the Beloved Padre," was read by Miss A. E. McDonald, who ended her excellent address by reading several well-chosen poems by the late Rev. Archdeacon Scott.

Mrs. J. W. French read an article about "Gilbert and Sullivan," which was also much enjoyed. The programme was concluded with a "peny auction," which provoked a lot of fun and realized a satisfactory sum. At the tea hour delicious refreshments were served.

THE PARISH GUILD
The annual meeting of the Parish Guild of St. Peter's Church was held at the home of Mrs. Leon DesRuis-

seau. Rev. W. T. Gray conducted the devotional service and presided during the election of officers.

Mrs. W. T. Gray, the Secretary, read the minutes of the last annual meeting and also read several notes of thanks for remembrance at Christmas. The President, Mrs. DesRuisseaux, expressed her thanks to all the officers and members for their loyal co-operation and ever-ready help during her year of office and said she knew her successor would receive the same consideration. She voiced the sorrow of all that Mr. and Mrs. Gray were leaving this parish and wished them every happiness in their new field of service.

The Secretary's report covered the work of the year and the Treasurer's report revealed that the year had been outstanding and show a substantial balance on hand, with no liabilities.

Rev. Mr. Gray said that the church owed a debt of gratitude to the Ladies' Guild and he commended the President, officers and members for their splendid efforts, saying that he had always been impressed by the harmony and good-fellowship which prevailed at the meetings. He said that he and Mrs. Gray would have many happy memories of their stay in Cookshire and would treasure the friendships they had formed there.

The election of officers resulted as follows: President, Mrs. H. S. Osgood; First Vice-President, Mrs. A. W. Standish; Second Vice-President, Mrs. H. C. Barter; Secretary, Mrs. J. W. French; Treasurer, Miss Margaret Kirby.

In assuming the chair, Mrs. Osgood tendered a vote of thanks to the retiring President, Mrs. DesRuisseaux, for the splendid year just ended and said that everyone was very sorry that she had felt that she could not accept the presidency for another year.

At the close of the meeting, a dainty tea was served by the hostesses, assisted by Mrs. Frank Hurd.

A FAREWELL PARTY
In the Parish Hall of St. Peter's Church, members of the church and a number of the citizens of the town met in a social gathering for the purpose of wishing goodspeed and goodwill to Rev. and Mrs. W. T. Gray, who are leaving this parish to take up work in a parish in New Jersey.

The first part of the evening was

spent in playing cards. After the games D. Ives Pope, Rector's Warden, addressed the gathering and on their behalf expressed the appreciation of everyone for the very great and fine work accomplished by Rev. Mr. Gray since his coming to the parish. He would be very much missed not only in the parish but in the town generally, as he had always been ever-ready to help in the various activities of the town. Mr. Pope then on behalf of the members of the church presented Rev. Mr. Gray with a purse of money with the cordial good wishes of his flock. Rev. Mr. Gray then spoke, thanking everyone for their kindness and goodwill to both Mrs. Gray and himself, and said that his work here had always been a real pleasure. They had made many good friends during their stay here and would have many pleasant memories to take with them, and he could assure them that as he occasionally came to visit in this district he would find the time for a greeting to many of the friends they had made.

A. W. Pratt, on behalf of the congregation of Trinity United Church, spoke of the friendliness and co-operation of both Rev. and Mrs. Gray, and said that they would be greatly missed here and wished for them both much happiness and success in their new field of endeavor.

Mrs. Eardley-Wilmet then made a presentation to Mrs. Gray from the Girls' Guild and W.A., of which Mrs. Gray was a very active member.

The gathering closed with the serving of delicious refreshments under the very capable direction of the Ladies' Guild.

Authorities say the difference between husky children and those who are poor eaters, underweight and nervous is often simply a matter of proper nourishment, especially an adequate supply of vitamins.

But vitamins alone are not enough. For authorities now agree that vitamins do not work alone. They work as a team with certain other food elements.

For this reason, thousands are switching to Ovaltine. Unlike mere "vitamin carriers," Ovaltine food beverage contains not only extra vitamins but nearly all the precious food elements needed for health and top vitality. These include Vitamins A, B₁ and D, the important minerals calcium, phosphorus and iron, high quality proteins and quick energy fuel-food—a combination of food elements authorities agree are needed for best results.

So, if your child is thin, nervous and not developing properly, why not turn to Ovaltine as thousands are doing. Three normal meals plus two glasses of Ovaltine a day give your child all the extra amounts of vitamins and minerals needed for health and top vitality.

Cowansville, Jan. 25.—The 75th Field Battery has resumed parades after a Christmas recess. A new syllabus has been made up for 1945 and calls for many different types of training. During the winter several schemes are to be held, where this will be used by the men. Several parades will be made up of training films on almost every phase of modern warfare, but dealing mostly with artillery.

A new system has been set up whereby men from the following districts, Dunham, Sweetsburg, For-

dyce and East Farnham, will be picked up by truck every parade night, and taken home again. Men seventeen or over who wish to join this unit of the Reserve Army may apply at almost any time of the day to the armory on South Street, Cowansville, or to Capt. Buzzell at his garage, also on South Street.

The prime object of the training is to get the unit ready and trained for next summer's camp.

Interesting Year Is Reviewed At St. James Church Vestry Meeting

Bedford, Jan. 25. — The annual vestry meeting of St. James Church was held in the Masonic Hall with an excellent attendance of church members. The meeting was opened with prayer by the Rector, the Rev. H. V. Fricker, after which the vestry clerk, Mr. Ralph Van Horn, read the minutes of the preceding meeting, which were accepted as read. The report of the people's warden, Sinclair McIntosh, then followed and showed that almost three thousand dollars had been taken in during 1944, sources of revenue being church envelopes, contribution from the Church Guild, church collections and interest from the endowment fund of the church. A balance of \$178.65 was on hand for the new year. The report of the Guild was given by Mrs. Ross Preston and showed that the organization had concluded a very successful year. The report for the Senior W. A. was given by the Treasurer, Mrs. Richard Craighead, and showed that an increase in the appointment of from \$75 to \$90 had been met, \$60 had been given to the missionary budget of St. James' Church, while donations had been given for hospital supplies, and also for famine relief in India and China.

The report of the Sunday School was presented by the superintendent, C. B. Gittens, and that for the cemetery by the Secretary, William Taylor. The report of the Girls' Auxiliary was presented by Mrs. Harry Jones, the supervisor in the absence of the Treasurer, Miss June Holland, and showed that the organization had had a very successful year. After meeting all obligations, a substantial balance was left on hand for the new year.

Delegates to the Synod were re-appointed, namely F. W. Jones and D. J. Reid, with H. W. Jones and B. W. Draper as substitutes.

The Rector expressed his thanks and appreciation to the retiring wardens, W. B. Bradshaw and Sinclair McIntosh, who had filled these positions during the past two years and announced that Arthur Williams

would fill the position of rector's warden, while Mr. George Harland was chosen as people's warden for the coming year.

The following are the members of the finance committee of the church, Harry W. Jones, B. W. Draper, Raymond Whitcomb, Sinclair McIntosh, W. B. Bradshaw, Ralph Van Horn, Ross Preston, Wilbur Borden, R. L. Craighead and B. L. Wightman.

W. R. Bradshaw and W. H. Baglow were appointed as auditors for the coming year. William Taylor was appointed as secretary of the cemetery, replacing Malcolm McCaw, who had resigned.

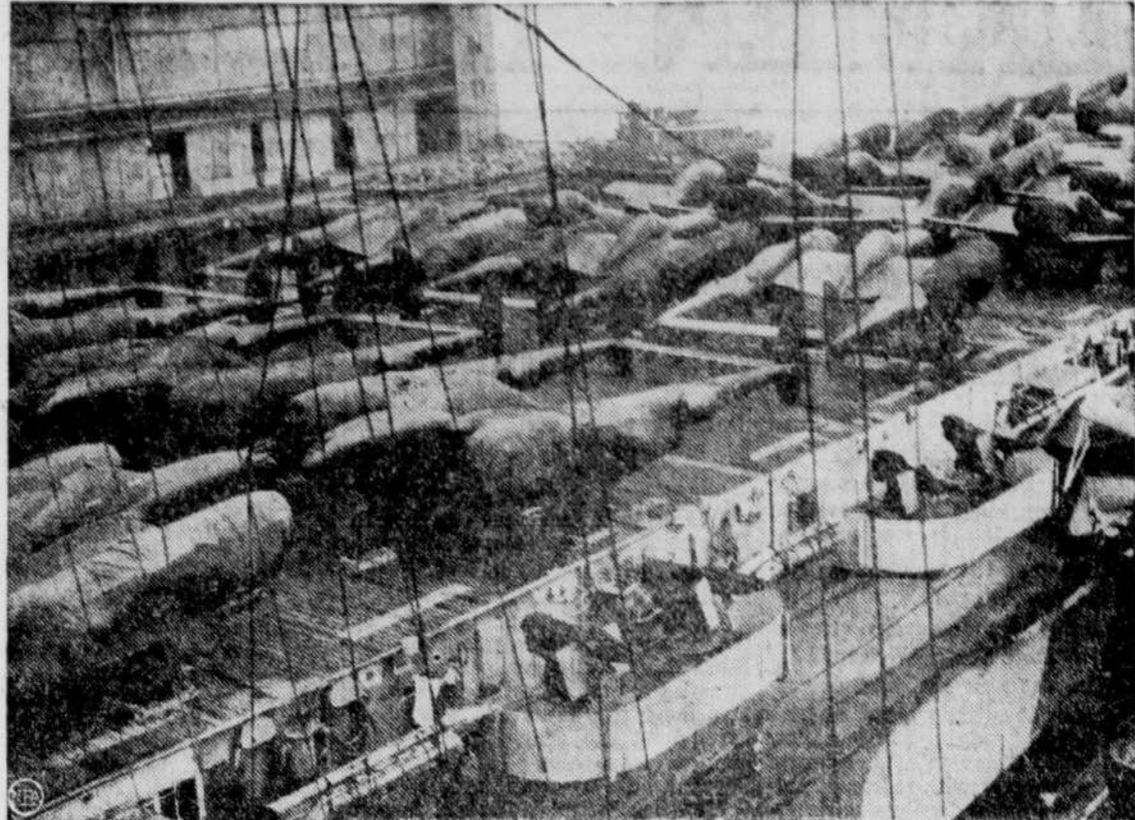

The following were appointed as sidesmen, Malcolm McCaw, W. H. Baglow, Raymond Whitcomb, Thomas Bird, William Taylor, Clarence Collins, Richard W. Craighead, C. B. Gittens, Austin Campbell and B. W. Draper.

In his address to the meeting the Rector reported that he had nineteen baptisms, three weddings and eight funerals during the past year. He spoke of the great loss, suffered by the parish in the loss of a valued member, the late Mrs. A. S. McCaw, who during a period of over thirty years was a devout and faithful member of St. James' Church, in the work of which she took a deep interest, serving for some years as organist, also as a teacher in the Sunday School, and was also an able worker in the affairs of the Church Guild.

The Rector spoke of the donations received during the past year. Funds had been received from Mrs. Stewart Roy, of Sherbrooke, for a new altar for the church in memory of her mother, the late Mrs. Hiram Best, who for many years was a faithful and devout member of St. James' Church.

The Rector also stated that funds were being collected for the purchase of a rector's, and that a committee would be appointed to look after the purchasing of the same. Thanks were expressed by the Rector for the kindness and co-operation displayed during the past year

by the members of his congregation, and expressed the hope that the forthcoming year would grant victory to the Allies, and stressed the importance of regular attendance at church.

A vote of thanks to the Rector and Mrs. Fricker was moved by Mr. Harry W. Jones.

CHURCH GUILD

The first meeting of the Guild of St. James' Church was held at the home of Mrs. Ross Preston. The meeting was opened by the Rector, the Rev. H. V. Fricker with prayer, after which Mrs. Preston, who presided, called upon the Secretary, Miss Jessie Blackwood, for the reading of the minutes of the last meeting, which was held at St. James' Rectory, with Mrs. H. V. Fricker as hostess. The minutes were approved as read. Miss Blackwood reported that Mrs. Preston and the members of her group, Mrs. Hannibal Sheltus, Mrs. H. V. Fricker, Mrs. George Moody and Mrs. Allan Palmer, who were in charge of the Guild work for the last four months, had had a very successful term of office, having raised \$199.65. Mrs. Preston thanked the Guild members for their help and reported that twelve Christmas baskets had been packed for distribution at the holiday season. As this was the annual meeting, the Rev. Mr. Fricker then took the chair. The minutes of the last annual meeting were read by the Secretary and approved as read. The report of Miss Blackwood showed the Guild had had a very successful year, and that a balance of almost two hundred dollars remained on hand for the coming year. The system of collections from the parishioners has proved most successful, since this system has been in use, church suppers and church bazaars have been done away with.

The following members were chosen for the first four month period with Mrs. Wilbur Borden as leader, Mrs. F. M. Williams, Mrs. William Corey and Mrs. John Cook, Mrs. Malcolm McCaw and her group will be in charge of the summer months, while Mrs. Ralph Van Horn will be in charge of the last four months of the year. Inspector Poyart paid his annual visit to the Bedford High School this week.

Over one million books, that is the gigantic total of free reading matter so far distributed to Canadian Armed Forces here and overseas by the Imperial Order Daughters of the Empire. But the life of these books on active service is short. Some never return from their travels, some find a final resting place in foreign land and ocean graves. Books that ease the strain and tension for men who man our submarines come back greasy, oily and undecipherable. New books, replacements of old books, must be forthcoming in a constant stream. This year the I.O.D.E. needs \$300,000 to buy enough books to meet the every-growing demand. The work done by the I.O.D.E. members themselves is entirely voluntary, every cent contributed to this worthy cause goes directly to the purchase of new books. In connection with this drive for funds Missisquoi Chapter, I.O.D.E. is raising funds to meet its quota by the sale of tickets

Kills Many a Romance

The lives of many young people are made miserable by the breaking out of pimples, and you probably know of cases where a promising romance has been spoiled by those red, white, festering and pus filled sores on the face.

The trouble is not so much physical pain, but the mental suffering caused by the embarrassing disfigurement which very often makes the sufferer ashamed to go out in company.

The quickest way to get rid of pimples is to improve the general health by a thorough cleansing of the blood.

Burdock Blood Bitters helps to cleanse the blood and with the blood cleansed the complexion should clear up.

TIGERS SWAMP SILKMEN 12-4 TO TAKE LEAD

Armand Theroux Scores Three Goals As Tigers Triumph To Top Indians In Loop Standing

Cutting loose to bang in twelve markers to overwhelm the visiting Drummondville Silkmen, the Victoriaville Tigers last night swept to an easy 12-4 triumph to take over the leadership of the E. T. Intermediate Hockey League from the Sherbrooke Indians and dim the Silkmen's chances of climbing out of the league cellar.

The fixture was played at Victoriaville before a jam-packed arena. Led by Armand Theroux, who let fly with three markers and two assists, the Tigers had no trouble with their opponents, scoring almost as they melted through the Silkmen's defence for a barrage of shots at Drummondville Goalie Jacques Garceau.

The league leaders broke into a fast lead, chalking up three markers in the first frame and bringing the count to 4-0 before Desnoyers of the Silkmen scored the first Drummondville goal at 6:17 of the sandwich session.

The Tigers then added three more tallies to lead by a 7-1 margin. The Silkmen then made a stab at a comeback and netted two markers. The second period ended with the score at 7-3.

Again going on a scoring spree in the final frame, the Tigers dented the twice behind Garceau three times to lead 10-3. The last Silkmen marker came at 16:57, and was followed by another brace of tallies by the Victoriaville squad, bringing the final score to 12-4 in the Tigers' favor.

Gerry David, of the Tigers, also starred in the game as he chalked up one counter and made the play for three others. Playing Coach Cliff "Red" Goupille, also turned in an outstanding game as he beat Garceau twice and aided on another.

Majella Laforest, who at one time sported a Sherbrooke uniform, was also brilliant last night as he tallied once and set the ball rolling for four other Victoriaville markers.

The other Victoriaville star was Johnny Poulin who tallied twice and drew three assists. A hard-working man, Poulin is Johnny-on-the-spot when a goal is needed.

Garneau also had a field day at the expense of the Silkmen as he netted the disc twice and assisted on three other markers. The other Victoriaville tally was scored by George Archibald.

The Drummondville counters were evenly divided between four players. Desnoyers, Leo Pelouquin, Mario Blanchard and Milot were the marksmen. Pelouquin was playing his first game with the Silkmen since he was suspended by the league for his part in the fracas with Referee-in-Chief Gerry Mathieu.

Sherbrooke Rink Survives Second Round Of Play

Montreal, Jan. 25.—(P)—Mrs. R. F. Dettmers' Montreal Outrigger Rink, which upset Miss E. Gauthier's title Buckingham rink from the Women's Corporation Trophy curling event Tuesday, was among those who fell to the sidelines in second round games here yesterday.

Rated No. 1 on the strength of previous wins, Mrs. Dettmers was beaten in a top-flight battle with Mrs. G. Poulin's Ottawa foursome, 10-7. A former winner of the title, Mrs. Poulin skinned an outstanding game to pile up the needed points in the last three ends.

Only one Montreal rink survived the day's play, but Mrs. R. Fales of Royal Montreal, who dourned Mrs. J. Copeman, Hawkesbury, Que., 18-9, stamped herself on a par with the rest of the rinks still in the chase.

Mrs. A. Greer of Auoyre, Que., had an easy time in disposing of Mrs. H. V. Clements, Montreal West, 18-7, while Mrs. H. Johnston, of Sherbrooke, had to go to an extra end before sending Mrs. A. Heath, Montreal West, into a 14-13 defeat.

Seven games went by the boards in the first round of the Balmoral Trophy Consolation bracket. Mrs. J. A. Supple's Pembroke, Ont., four pulled the big surprise of the round when she tacked a 25-1 beating on

BUFFALO, REDS DRAW 7-7 WHILE BISON WIN 4-3

Buffalo Bison took a one-point lead in the American Hockey League race last night by a 7-7 draw with Providence Reds at Buffalo. Right on their heels were Indianapolis Capitals and Cleveland Barons, tied as a result of Barons' 4-3 victory over Hornets at Pittsburgh.

Capitals have a chance to regain leadership tonight when they meet the Reds at Providence.

A six-goal scoring spree in the third period, led by Pat Courteau with three, gave Reds the tie. They had trailed Bison 5-0 before George Patterson made their first score a little more than halfway through the game. Roger Gagne, with two, and George Bellemare accounted for the rest of the Reds' goals.

Paul Mandrick notched up two goals for Bison, and other scorers were Doug Lewis, Kenny Kilrea, Wimpy Jones, Roger Leger and Len Halderston.

At Pittsburgh, Barons took a three-point lead on counters by Dan Sprout, Lou Trudel and Rusty Waldriff before Hornets got going when the final period was more than half gone. Then Roland Rossignol and Bob Graebie both scored within a minute and Marcel Bessette got another in the last 22 seconds of the game, 13 seconds after George Agar had netted Barons' fourth.

CADETS MEET CANADIENS TONIGHT

One of the most interesting juvenile tilts of the season will be run off tonight at the Sherbrooke Arena when the second-place Cadets tackle the Canadiens in a regular league fixture to be played at nine o'clock.

Both teams are bitter rivals and a highly-contested game is expected when the squads meet.

LACHINE SCORES 4-3 WIN TO TAKE OVER 2ND PLACE

Lachine, Que., Jan. 25.—(P)—Lachine Rapids defeated Shawinigan Falls 4-3 last night in a game that was fast from start to finish, taking over sole possession of second place in the Interprovincial Hockey League.

Shawinigan was all-out for victory and in the final period play was concentrated at the Lachine end as Playing Coach Jack Toupin kept four forwards continuously on the ice.

However, Lachine took the lead midway in the first period, when Rene Valliere scored after picking up a loose puck in front of the net, and held it throughout.

Jack Drouin of Rapids Juniors, playing his first senior game, scored Lachine's second tally early in the second period on a pass from Dan Porteous. In the last minute of the frame Ossie Carnegie, unassisted, registered Shawinigan's first score.

Jean Armand increased Rapids' lead in the third minute of the final period, but Marcel Lajoie whittled it down again three minutes later. Skipper Bean scored again for Lachine about midway in the period but Isabel came back a minute later with another for Shawinigan.

New York Boxing Commissioner Says Judging Rules May Soon Be Changed; Leonard Honored

New York, Jan. 25.—(P)—Edward P. Fagan, new chairman of the New York State Athletic Commission, said last night that the method of judging fights in New York, where most of the major bouts are held, may be changed.

Speaking at the annual dinner of the New York Boxing Writers' Association, the new chairman asserted, "I am not entirely satisfied with the method of judging bouts in New York State. I plan to hold separate meetings shortly with referees, judges and the boxing writers to determine if any changes should be made."

Eagan did not mention any specific bout but he may have had in mind the recent Fritz Zivis-Billy Arnold windup at Madison Square

Garden in which Zivis scored a major upset by winning the decision. Ringsiders were divided in their opinion, many believing that Arnold's forcing tactics were superior to Zivis's counter punches.

Lt.-Cmdr. Benny Leonard of the Maritime Service, former lightweight champion, was honored at the dinner as the recipient of the Edward J. Neil Memorial Plaque, awarded annually to the boxer who has done the most for the sport throughout the year. Leonard is in charge of teaching boxing at the Sheepshead Bay Station here.

Maj.-Gen. John J. Phelan, former chairman of the Commission, was honored for long and meritorious service to the sport and Pte. Beau Jack, former lightweight champ, received the Ring Magazine award as the boxer of the year.

Perrault's And Fashion Craft Stalemated For Leadership In City Duck Pin Bowling League

Perrault's, through a 2-1 win over the King George Hotel, managed to keep up with the Fashion Craft, tying that squad for the City Duck Pin Bowling League lead.

The Fashion Craft also won a 2-1 decision, beating Patoin's.

In other games, the Kayser took a 2-1 triumph over Guertin's while Bergeron's gained a two-string win over East Sherbrooke. The Rand scored an identical victory over the Belvidere team.

The Rubin squad received a bye in the evening's games and were credited with three strings won.

The team highest pinfall was chalked up by the Fashion Craft whose players rolled a top score of 2,084. The team high string went to the Kayser crew who rolled 774.

O. Roy, of Bergeron's, starred for the evening as he took both the high single and high triple, rolling a ten-box score of 185 and an aggregate of 523.

Rangers Battle Away To Score 4-3 Triumph Over Chicago And Park On Bostonians' Doorstep

By FRED KERNER.
Canadian Press Staff Writer.
The battling Rangers kept battling last night and added another two points to their ever-increasing total in the National Hockey League standing by virtue of a 4-3 victory over the tail-end Chicago Black Hawks. It was the fifth-place Rangers' 31st game of the season and marked their seventh victory.

But from the viewpoint of the N.H.L. ladder, Rangers closed within two points of the fourth-place—and last playoff spot—Boston Bruins. The week-end may easily see Rangers' grace that fourth rung of the ladder.

Come this Saturday and Sunday, Bruins play a home-and-home series with the loop-leading Canadiens, while Rangers tackle the third-place Toronto Maple Leafs in a city-and-city series. Last time the Rangers met the Leafs, the Boucher-coached men wound up atop a 5-4 score.

The winning goal—after the score had been tied three times—was scored by hockey's Beau Brummel, Kilby Macdonald. Kilby was the rookie champ of the 1939-40 season and then went into the Canadian Army. But thanks to ulcers that threatened to ruin his hockey career, he was discharged from the Army, and went back to Rangers.

Macdonald tallied twice, the first time in the second period and his winner near the 13-minute mark of the last frame. Other Ranger goals were scored by veteran Phil Watson and Ab DeMarco. The DeMarco goal was disputed by Hawks, who said it hit a goal upright and bounced out but it was ruled a tally by the scorer.

Flashy Bill Mosienko paced the Hawks in their attempt to boost themselves out of the basement. Bill earned himself a pair of markers, Wilf Field getting the other.

SPORTING NOTES
Toronto, Jan. 25.—(P)—A possible loophole in the U.S. anti-racing edict may prove good medicine for western racing next summer, suggests Harry (Calgary Albertan) Scott. It seems one phase of the regulations prohibit shipping horses to any Canadian track less than 300 miles from the border, but the Edmonton track is considerably outside that orbit.

Technically, U.S. operators may be able to send a flock of steeds to Edmonton for the meet, and after that they could move to other Canadian tracks. If so, that would be quite a boost for the westerners, but he hardly seems likely things will work out so simply. Any such loopholes probably will be plugged.

Moner Overwhelmed:
Red Reeve, back from the European battlefronts, figures it might be a trifle quieter over there than in the hurly-burly surrounding his homecoming. The Moaner, in his first Toronto Telegram column since getting back, advises the boys over there to "come back in a body. If you check in on this town one at a time they will kill you with kindness." The Moaner got quite a reception, all right, all right!

No, No, Not That!
It's reported in Montreal the Forum has decided against staging any more boxing shows, after the display put on the other night by Dave Cartilloux and Bo. J. Gantner. Funny, even the wrestlers haven't oodled up any joint to that extent.

Here to There:
President Bill Tobin of Chicago Black Hawks has a legitimate interest in Edmonton hockey doings. He used to play goal for the Edmonton Canada loop. Baz (Montreal Star) O'Meara reports Frankie Boucher of the New York Rangers would like to abolish the practically forgotten penalty shot. It has over-stayed its welcome. J. K. Greenway of Winnipeg, said to be the fi telegraph operator in Western Canada to tap out play-by-play on hockey games from the rinkside, has retired after 42 years' service. Greenway used to write his own yarns as he clicked out the words on the telegraph key.

HOCKEY'S BIG SEVEN
By The Canadian Press
Ab Demarco, New York, was the only one of the National Hockey League's top scorers to figure in last night's single game in which Rangers defeated Chicago Black Hawks 4-3. Demarco, in seventh place, added one point to his total.
