FISHERY PROBLEMS WERE DISCUSSED

In the Commons. Mr. Hazen
Announced a Number of Im-
portant Measures

(Special to the Chronicle.)

Ottawa, Feb. 5.—The House spent the greater part of the day discussing fishery problems on the Atlantic and Pacific oceans. First Mr. Sinclair moved for papers relating to the efforts to abolish steam trawling and Mr. Hazen promised to do his best, but said that steam trawling is so extensively practised in Great Britain and the United States that there is little hope of procuring international agreements.

In response to complaints by British Columbia members, Mr. Hazen announced the following measures: He is tackling halibut poaching which has been so scandalously rife; the protection and patrol fleet is being rapidly strengthened; new vessels are to be built and pending their completion suitable ships will be hired.

Steps are being taken to summon an international conference in which the United States and Canada will be principally interested to take up the whaling industry both in the Pacific and Arctic waters, with a view to the preservation of these creatures. He has stopped the infamous farming out of fishermen's licenses, whereby they were issued for \$50 to middlemen who retailed them at prices as high as \$1,500. He has relieved the fishermen from the absolute domination of the capitalists of the canneries, by rescinding the prohibition of the export of fresh fish.

In addition he has the following under consideration and reserved an expression of opinion on them. The Japanese problem. A few years ago there were nearly 10,000 white fishermen in British Columbia. Now there are scarcely any, their places having been taken by 10,000 Japanese. The proposal to abolish the bonding privilege whereby halibut poached by Americans from Canadian waters can be shipped over Canada railways to American cities.

Later the House discussed compensation for injuries to cattle by railways on the bill of Mr. Meighen. The bill finally was referred to a small committee. Some other bills were passed and the House adjourned at midnight.

TIPPING DECLARED ILLEGAL.

Chicago, Feb. 5.—Tipping was branded as illegal and un-American by Judge Theodore Brentano today. Partners in a corporation which bought the "tip concession" from hotels and cafes, were in Circuit Court for the second time within a few months, quarrelling over a division of the profits of the business. For the second time they heard themselves called violators of the law. They supplied cafes with attendants, whose uniforms contained no pockets, and all gratuities were turned in to the promoters.

COSTLY SLICE OF BREAD AND BROILED LOBSTER.

Boston, Feb. 5.—The damage that a slice of Boston brown bread and a "broiled live" lobster may cause is estimated at \$18,000 by two women who brought suits in Boston courts today against a baker and a fish dealer, respectively. Mrs. John Cullen, of Cambridge, seeks \$8,000 damages from a Cambridgeport baker for the loss of a tooth due to biting a nail which she claims to have found in the brown bread bought of him. The nail is alleged to have penetrated the roof of her mouth and made her ill. Miss Cassie McNeil, passionately fond of lobsters, claims she lost her position in a department store in Boston because of illness caused by eating lobsters which she claims "were old enough to vote." She was forced to seek a new position which she found in a Rochester, N.Y., department store, and wants \$10,000.

BUDGET SPEECH IS POSTPONED

Until Next Month.—The Grain-
growers' Address to the
King.

(Special to the Chronicle.)

Ottawa, Ont. Feb. 5.—Hon W. T. White has decided to postpone his budget until the beginning of March, thus enabling him to have for the purposes of comparisons practically the same period as was covered in the Fielding budgets.

Sir Wilfrid Laurier intends to go to California for a lengthy holiday as soon as he is free of his House duties. This will probably mean that no effort will be made by the Opposition to prolong the session.

An important tariff change is asked for by some of the Western associations of farmers. Requests which farmers of the Prairie Provinces are making are very numerous and varied. The proposal now being made is that the duty on cattle imported from the United States be lifted in order that it may be found for the grain-said to be spoiling on the prairies. The suggestion is that United States cattle, now subject to a 25 per cent duty, be brought in free and fed on the wet grain. The Westerners say that they have a lot of feed grain and few cattle. Whereas, their neighbors to the south have many cattle and little feed, and would be willing to sell at low prices. The government has taken no action on this proposition.

With the object of having damaged grain rushed out of the West a deputation of grain growers interviewed the Premier today. An order has been issued by the Interstate Commerce Commission allowing Canadian roads to carry grain from western points to Minneapolis at the same rates as charged on shipments to Port Arthur and Fort William. The order is not effective, however, until March 1, as there must be thirty days' notice of a change in the rate. The deputation pointed out that by waiting the thirty days, the grain would, in all likelihood, be spoiled. The Premier accordingly agreed to communicate with the Interstate Commerce Commission with a view to having the thirty-day restriction lifted. No reply has yet been received.

The following cable was sent to King George today by the Duke of Connaught: "The government and people of Canada humbly desire to offer their heartfelt congratulations upon Your Majesty's home coming, and they rejoice in believing that the series of state and splendid pageants which have marked Your Majesty's progress through India testify that the spirit of affectionate loyalty which animates the people of Canada, is shared in equal measure by our fellow-subjects in those far-off lands from which, through the blessing of God, Your Majesties have safely returned."

THE WANDERERS AFTER NEW MAN FOR THEIR TEAM

Toronto, Ont., February 6.—The Mail and Empire says: "Another well known Toronto amateur has turned down an offer to turn 'pro,' and play with the Wanderers, one of the big teams in the National Hockey Association. Accompanying the offer of a big salary was a certified cheque for \$500, which the Wanderer management believed would land their man. The offer was promptly turned down and the cheque returned to the party who had signed it."

TWO NEW CUNARDERS FOR ST. LAWRENCE SERVICE

London, Feb. 5.—It transpires that the two new 13,000 ton steamers that have just been ordered by the Cunard line are intended for the Canadian service. The results of the inauguration of the Cunard service to the St. Lawrence have been so satisfactory that the directors have decided to augment their sailing list by the two new ships, which will measure 540 feet with a beam of 63 feet 9 inches.

THE PROGRESSIVE REPUBLICAN SPLIT

Between Senator LaFollette and
Colonel Roosevelt.—Former
Says he is a Candidate.

Washington, Feb. 5.—Senator LaFollette, through his campaign manager, announced to-night that he would not withdraw from the race for the Republican nomination for President. Fast on the heels of his declaration, one of his most ardent supporters, President Medill McCormick, of the Illinois Progressive Republican League, issued a call to the Illinois Progressives to desert the LaFollette standard and to work for a solid Roosevelt delegation from Illinois in the Chicago convention.

The two statements created a flurry in Progressive political circles. The first statement was made for Senator LaFollette by Col. W. L. Houser, his manager and chairman of the National Progressive Republican Committee. He said that despite his breakdown, Senator LaFollette was still in the field and as soon as he recovered would resume his platform campaign.

Mr. McCormick's call to the members of the Illinois Progressive Republican League was made public an hour later. It was telegraphed to the league headquarters in Chicago and was as follows:

"Considering all the circumstances, including Senator LaFollette's physical condition, in the opinion of the overwhelming majority of Progressive Republican members of both Houses of Congress, progressives in Illinois must unite to send Roosevelt delegates to the National Republican Convention. With Roosevelt and Jones, the progressives can sweep Illinois and establish in state and nation progressive administration, which will substitute a policy of positive leadership for a policy of compromise with principle and concessions to special interests."

The Jones mentioned as a running-mate on the ticket with Col. Roosevelt is the Progressive Republican candidate for the gubernatorial nomination in Illinois.

The Republican Congressional caucus met today with Senator Gallinger, of New Hampshire, as chairman, and on motion of Progressive Congressman McKinley, of Chicago, a regular, was re-elected chairman of the Election Committee. The regulars and insurgents manifested great harmony.

GREAT COLD WAVE SEVERE IN EUROPE

Baltic Frozen Over.—River
Elbe Filled with Ice Navi-
gation Impeded.

Berlin, Feb. 5.—The great cold wave continues and is most severe in the northwest. Holstein reports a temperature of 24 degrees below zero Fahrenheit. In Berlin and vicinity the mercury has fallen as low as 13. The Baltic between Mecklenburg and Denmark is frozen over and steam traffic between Wasmunde and Gjedser, Denmark, has been suspended. The River Elbe is filled with heavy ice and the large ocean liners are having difficulty in reaching Hamburg. The smaller steamers are stopping at Cuxhaven. Wilhelmshaven is almost ice locked and Kiel Ford is almost impossible of entrance to the larger vessels. The cattle steamer Stadt Kappeln has been wrecked in the North Sea, but the crew were saved. The Rhine has been dangerous to navigation by the drift ice and its currents are frozen over, which is a rare occurrence.

NINE PERSONS INJURED IN A TRAIN WRECK

Petersburg, Va., Feb. 5.—Nine persons were injured, three probably fatally, when the east-bound Norfolk & Western passenger train No. 16 was wrecked near Ford, 25 miles west of this city. The tender and seven coaches left the rails and mail, baggage and "Jim Crow" coaches being badly smashed.

IMPORTANT GIFTS TO AN AMERICAN MUSEUM.

New York, February 6.—At the annual meeting of the trustees of the American Museum of Natural History to-night, important gifts to the museum by J. P. Morgan, Jr., and Ogden Mills were announced. Mr. Morgan presented his almost priceless collection of meteorite, and minerals, and Mr. Mills gave the George Gatliff collection of 350 oil paintings of Indians and the life of the redskin in the west during the period between 1832 and 1840. President Harry Field Osborn and all of the other officers of the museum were re-elected. The Duke of Bedford was elected a Fellow for generosity in presenting to the museum two fine examples of the Prejavalsky horse. Sir Ernest Shackleton, the Polar explorer, was elected a life member of the museum association.

CHANGE IN PAY OF MILITARY MEN

That of the Non-Permanent
Forces has been Increased,
Other Changes.

Ottawa, Feb. 5.—The Canada Gazette announces a general change in the pay and allowances of officers and men in the permanent and non-permanent forces of the country. The pay of the men of the non-permanent forces has been increased from 30 cents a day to 75 cents a day. The schedule of efficiency pay has been done away with, and the schedule is now a flat rate of 75 cents a day and 85 cents a day for those serving two years in succession, with an efficiency allowance of 15 cents a day. The old rate was a flat rate of 50 cents and an efficiency and service allowance of 20 cents, 40 cents and 50 cents a day. The increase of non-commission is on the same relative basis. The pay of the men in the permanent forces has been improved and changed from a daily pay to an annual salary. The pay of non-commissioned officers of the high rank has been so arranged that now when they receive promotion they will not be reduced in pay. Formerly the non-commissioned officer was promoted would be actually losing money through his promotion, because the allowance for the lower rank was greater than for the higher rank. A slight change has been made in the allowances for officers with the annual salary, but the difference is not appreciable.

THE UNIONISTS AND ORANGEMEN

Promise Not to Interfere With
Mr. Churchill in Belfast on
Thursday.

Belfast, Feb. 5.—Self-denying resolutions passed by the Unionists and Orangemen today give promise of a peaceful meeting on Feb. 8 when Winston Spencer Churchill, First Lord of the Admiralty, and John E. Redmond, leader of the Irish Parliamentary party, will deliver addresses before the Ulsterites on the question of Home Rule for Ireland. The Unionists profess to be satisfied at having forced Mr. Churchill to speak in a Nationalist quarter and in a ring fenced by bayonets. The Liberal Association to-night proposed to the Unionist Council that both should cancel their engagements at Ulster Hall for Feb. 7 and 8. A decision on this matter will be taken to-morrow.

APPEAL NOT TO INTERFERE WITH CHURCHILL.

Belfast, Feb. 5.—The Ulster Unionist Council has issued a manifesto urging all Unionists to abstain from interference with the meeting at which Winston Spencer Churchill, First Lord of the Admiralty, is scheduled to speak on Feb. 8 on the Home Rule question. All loyal Unionists are requested to prevent any act which might reflect on the Unionist cause.

NARROW ESCAPE OF AN ACTING FOREMAN PRINTER.

Montreal, Feb. 5.—Enticing the job department of the Witness late this afternoon, Vitation John Arditti, an Egyptian, lately discharged, pointed a 44-calibre revolver at the head of Mr. Hornby, the acting foreman, and pulled the trigger. The revolver failed to explode and Mr. Hornby fled downstairs, closely pursued by his assailant. As the two entered the business office, J. Riley, the mechanical superintendent, took in the situation and leaped the counter, grappling with the Egyptian and thrusting his finger between the hammer of the revolver and the percussion cap, preventing it from going off when the man again pulled the trigger. Others assisted Riley and the man was overpowered and taken to the police station. His revolver was found to be in perfect order and only a defective cartridge which happened to be the one on which the hammer first fell saved Hornby's life.

DID NOT DIE WHILE FIGHTING WOLVES

Guelph, Ont., Feb. 5.—Word has been received from Mrs. Thomas Fennell, Denver, Colo., that her son Harry, reported to have died from exposure near Hudson's Bay, after a night spent fighting wolves to allow his companions to escape, is still alive. His friend, Morley Wilson, saw no signs of life in Fennell when he was found and left others to watch the body while he went to prepare for burial and notify the family. While he was gone, the watchers heard a slight sound from Harry, and brought in an Indian doctor, who kept him alive until the mail stage came. They then wrapped him in furs and brought him to where he could be properly nursed until he was better. His face, hands and feet were badly frozen. Fennell's brother, arriving to take charge of the body, found him recovering.

MURDER OF THE YOUNG WOMAN

By an Explosion Being Investi-
gated, Suspicion Points to
Her Visitor.

New York, Feb. 5.—The investigations of the police into the mysterious murder of Mrs. Helen Taylor, killed by the explosion of a bomb in her apartments in West 77th street last Saturday night, today brought out some alleged facts which they regard as significant in connection with the recent movements of Charles M. Dickinson, who was with the woman when the explosion occurred. On the Monday or Tuesday afternoon preceding the murder, Dickinson and Mrs. Taylor had a violent quarrel, the police say, in which the woman scratched Dickinson's face. On the Wednesday following, Mrs. Taylor called on her sister, Mrs. Evans, and told her what had happened and expressed her fear of Dickinson. On Friday Mrs. Taylor received a letter, found by the police among the dead woman's effects, signed by Dickinson, begging "to be taken back."

"Give me another chance," the police say it read. "I know you call me a bum and I have no money, but honest I'll work for you and always love you."

In Dickinson's pocket the police say they found writing on a piece of paper, apparently the answer to his letter, signed "G. W.," the initials of Grace Walker, another name the woman used, which read: "If you know what is good for you, you will stay away from my flat." On Friday, the day before the murder, Dickinson spent many hours, detectives learned, locked in his room in his boarding house and refused admittance to his landlady. How he employed himself during that time, the police are investigating on the theory, they state, that the bomb was manufactured in Dickinson's room. All the contents of the room have been confiscated, but what was found there the police have not disclosed. To complete this circumstantial evidence against the prisoner, the police have engaged an expert to compare the typewritten letters printed on the wrapper of the package in which the fatal bomb was sent with the typewriter which Dickinson used in the office of the United States Motor Company where he was employed as a clerk and stenographer. With the scars of the scratches said to have been inflicted by Mrs. Taylor still showing on his face and looking haggard from the effects of his two days' incarceration, Dickinson was brought down to the coroner's office today for arraignment and there met his aged white-haired father, postmaster at Champlain, N.Y. "I am innocent of this, father," he told the old man.

"I believe you, my boy," he replied. The elder Dickinson obtained from the coroner permission to have the hearing put over until Wednesday to give him an opportunity to get counsel for his son.

Concerning the matrimonial history of the Taylor woman, much conflicting evidence has been obtained by the police, but according to Deputy Police Commissioner Dougherty it was established to-day that one J. B. Taylor, supposed to have been a husband of the murdered woman, died in December, 1911, in a sanitarium at Plattsburg, N.Y.; that a man named Howard Taylor, a friend of the woman, died in Binghamton, N.Y., and that Howard Walker, also supposed to have been a husband, is alive and is being searched for by the police. Efforts to find the messenger boy who, according to Dickinson, delivered the bomb to Mrs. Taylor, have proved futile.

HIS WILL CANNOT BE FOUND.

New York, Feb. 5.—Although it is understood that he left an estate valued at approximately \$400,000, it became known to-day that the will of the late Edwin Hawley cannot be found. His private papers have been partly searched, but so far the document has not been discovered. Until it is found the disposition of Mr. Hawley's vast estate, including his great railroad interests, will remain in doubt. He made the will in 1903, naming as executor his partner, Frank H. Davis.

BANK ROBBERS GET LONG SENTENCE.

Norwich, N.Y., Feb. 5.—Petro Velensk, alias "Lawrence Billy" or "Black Billy," Chas. Adams, alias "Frank Allen," and Jas. L. Hill, alias "Providence Slim," entered pleas of guilty of burglary in the third degree here today for having attempted to rob the bank at Greene on the night of Nov. 27, 1911. Valensk and Adams were sentenced to nine years and six months each and Hill to not less than one year and not more than four years and six months in Auburn prison. The men succeeded in blowing open the door to the bank vault, but were frightened away before they secured any money. Later they were captured at Port Crane. Valensk and Adams have inter-state criminal records. Valensk under the name of "John Hughes" served a sentence in Massachusetts, and under the name of "Jas. Lang" was convicted of burglary in North Carolina and South Carolina. Adams under the name of "Frank Allen," was convicted in 1895 of burglary in Massachusetts and under the name of "Chas. Rodgers" in 1903 of the same crime in South Carolina.

Most Ills of Life

come from errors in diet, from too little exercise or from the mistakes we commit without thinking of consequences. These sicknesses may be slight at first, but they hinder work, prevent advancement or bring depression and spoil enjoyment. What is worse, they lead to serious physical disorders if not checked in time; but you CAN check them easily and quickly. They will

Danderine

Makes your hair grow long, heavy and luxuriant and we can prove it

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

Hair Becomes Soft, Fluffy, Lustrous and Abundant After a Danderine Hair Cleanse

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

Immediately after applying a little Danderine all dandruff will disappear, all itching of the scalp will cease and there will be no more loose or falling hair.

If you wish to double the beauty of your hair in ten minutes surely try this—moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil. In a few moments your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

If you care for beautiful, soft hair and lots of it surely get a 25 cent bottle of Danderine's Danderine from any drug store or toilet counter—A real surprise awaits you.

The Quebec Chronicle

QUEBEC'S INTERESTS BLOCKED

It is sometimes an easy matter to criticize the actions of some of our public bodies, and the Harbor Commission of this city have at times been the object of certain attacks in this respect.

It is only right and fair in consequence when merit is due, that a proper acknowledgement should be made. The present Harbor Board have started in on their duties in a remarkably business-like manner. They realized the importance of prompt action for the building up of Canada's greatest and most important natural harbor and port, and with this view, they have endeavored to interest the Department and Ministers at Ottawa, for the purpose of acting promptly and with a sound, practical effect. Last week, Mr. Chateaufort, the Chairman of the Board, with Mr. Renault, the efficient Secretary of the Commission, went to Ottawa to lay before Hon. Mr. Monk the plan of operations that had been decided upon by the Board. We are pleased to learn that those plans as outlined were thoroughly approved by Mr. Monk, and instructions were given to the Deputy Minister to carry out the detail. Here is where the hitch begins. We are creditably informed that almost from the smallest office boy in the Department of Public Works, right up to the Deputy Minister, Mr. J. B. Hunter, all are antagonistic to the interests of Quebec. Every obstacle seems to be brought to bear to delay matters and the greatest amount of red tape is made use of to interrupt and block the very important and immediate requirements of this port.

It is about time that plain language was used for officials of the type of Mr. J. B. Hunter. This gentleman seems to be of the narrow red tape brand, that will only allow matters to be put through in a style that suits himself and his cramped views. He forgets that the season of navigation opens here in April only about two months hence, and if we have not the facilities completed, the excuse will be taken to move the works up to Montreal.

It will be interesting to note why Mr. Hunter is holding up the work. The Harbor Commission have undertaken the building of a large New Immigration Building, in keeping with the necessities of the large influx that comes into Canada year after year. In order to accommodate the immigrants, another building is necessary, and as an additional shed is required for any new Ocean Steamship Company making Quebec their terminus, the Commissioners very wisely requested the Government to build an additional shed to the East of the present buildings which would cost only about \$18,000, and which could be utilized by the Immigration authorities during the period of the construction of their new building. But, although this proposition has been advocated for some weeks past, that spirit of obstruction that is so apparent in the Deputy Minister of Public Works, against Quebec's interests, is serving its purpose, to defer matters until it would be too late to secure adequate quarters here for the immigrants, and then the excuse could be made to bring them on to Montreal, where suitable accommodation can always be obtained. It is high time for our Quebec representatives, of whatever political views they may be, to sink all party feeling and insist on Quebec's rights being maintained, and an active practical and united support given the Harbor Commission in their unselfish efforts to promote and advance the advantages to which we are justly and naturally entitled. It is just about time that the Deputy Minister and others at Ottawa who are attempting to thwart the instructions of the Ministers, and balk the important works that are so vitally necessary here, should be given to understand that the will of the people is paramount, and no individual or selfish interest will be permitted to interfere with these requirements, in so far at least as these national improvements and natural requirements are concerned.

RAILROAD AND COLONIZATION

The importance of the railroads as colonizing factors in the Dominion may be seen from the fact that more than two hundred new towns in the West have been brought into being in the Western Provinces by the Canadian railroads, this means an average of nearly four towns per week, of these, no less than 130 owe their existence to the Canadian Northern Railway, 41 to the C. P. R. and 32 to the G. T. P., and it may be taken for granted that each of these new towns is likely to become the centre of a farming community.

In this connection, it may be remarked that the C. P. R. brought in as many as 175,000 immigrants last year, and will probably bring in 200,000 this year. About 150,000 settlers came in over the boundary line.

SIR JAS. McPHERSON LEMOINE

In the death of Sir James LeMoine Quebec mourns her loss of one to whom she owes a deep debt of gratitude. What Sir Walter Scott did for the border land of England and Scotland, what Wordsworth did for the lake country that he loved so well, and what R. D. Blackmore did for the land of Lorna Doone, all that, and even more, has Sir James LeMoine done for the city and district of Quebec. It is safe to say that no other historian, living or dead, has devoted the amount of time and labor to the collection of material relating to the early history of the Ancient Capital that has been given to it by Sir James M. LeMoine. This, which may justly be said to have been his life work, though much of it was accomplished during the leisure hours of a busy official life, in the service of his country, was his labor of love for over half a century. In fact, it is considerably over fifty years ago since he entered upon his self-imposed task of rescuing from oblivion much of the historical and legendary lore of the St. Lawrence and Quebec. This he achieved with so much of success that no future historian of our city can afford to ignore his work and when the history of Quebec comes to be written, as it has never yet been written, in complete and connected form, and upon such a scale, for instance, as that of Doughty and Parmelee's account of "The Siege of Quebec and the Battle of the Plains of Abraham," the historian's indebtedness to LeMoine will be greater than to any other author, for no one else has brought together in readily available form, so much miscellaneous material concerning every period of Quebec's history: much of it, it is true, from early printed works, but much also from original sources, such as personal reminiscences and manuscript memoirs, journals and correspondence.

Sir James LeMoine was born in this city on the 24th January, 1825, and had consequently completed his 87th year, only ten days before his death. His father, whom he once described as "a French gentleman in deportment, dress and social usages," traced his descent to the LeMoine who was one of the first Norman emigrants to Quebec, about 1650. The exporting firm of Stuart and LeMoine, of which he was a partner, was compelled by reverses in business, to suspend payment in the year that James LeMoine was born, and when the latter was but three years old his mother died, and he was adopted by his maternal grandfather, Daniel McPherson, Seigneur of Crane Island. McPherson was a United Empire Loyalist, driven from Philadelphia in 1753, and a native of Invernesshire, Scotland. This dual origin accounts for the equal facility with which Sir James has written in both French and English.

His earliest literary work was done in French. Fifty-two years ago he contributed a number of readable papers on the birds of Quebec to the columns of the Canadian. The study of birds, and in fact, of various other denizens of the woods, in the vicinity of St. Thomas, Montmagny in young Lemoine's schoolboy days stood him in good stead in later years, when he was encouraged to put in print his natural history observations and his fondness for bird life in particular was retained to the last years of his life. As in the case of Thoreau, there was something of reciprocity in this affection, for it is to the knowledge of the present writer that only the summer before last, when a pet canary of the household escaped from its cage into the garden of Spencer Grange and eluded all other attempts to recapture it, the appearance of Sir James on the verandah of the house with outstretched hand was all that was necessary to entice the little wanderer to fly towards him and to perch upon his finger.

His newspaper sketches of the birds of Quebec were, reprinted in book form in 1860 under the title "L'Ornithologie du Canada," "La Pecheries du Canada" followed in 1863 and contained a number of papers on our fresh and salt water fishes, which had also been previously contributed to different local French newspapers. In the meantime, Mr. LeMoine had written in French his studies on Sir Walter Scott, and in the Arctic explorers—Franklin, Kane and McClintock, and in English his *Legendary Lore of the St. Lawrence*, which was

published by the late George T. Cary, of the Mercury, in a small volume, together with an article on fishing by the late Mr. Whitcher, and with Mr. Woods' description of the River Saguenay.

In 1863 he was one of the witnesses heard before the Special Committee of the Legislative Assembly of Canada on the working of the fishery Act. At that time, and in fact, ever since 1850, he was a practising attorney having become a partner of the law firm of Kerr and LeMoine in 1854. Some years later he accepted the position of Inspector of Inland Revenue, from which he retired upon a pension several years ago. In 1856 he married Miss Harriet M. Atkinson a daughter of Edward Atkinson, of York, En., and a niece of the late Henry Atkinson, the old proprietor of Spencer Wood. Spencer Grange was originally part of Spencer Wood, but in selling the latter property to the Government of Canada, for the residence of the then Governor-General, Mr. Atkinson retained the former mentioned portion, which subsequently passed into the possession of Sir James and Lady Lemoine.

The merest mention of Sir James Lemoine's many publications would consume enormous space. He contributed freely during a long lifetime to newspapers and magazines in almost every part of the world, and the old-time readers of the Chronicle will recall the pleasant fact that many of the most interesting contents of his more important works first saw the light of day in the columns of this paper. Stewart's Quarterly, the New Monthly Magazine, the Canadian Magazine, Belford's Review, Forest and Stream and La Revue Canadienne are only a few of the many out-of-town periodicals in which his contributions have appeared from time to time.

It was in 1863 that the first of the well-known series of Maple Leaves made its first appearance, and a third of a century later, namely, in 1897, the services rendered by the gallant knight to his native city were recognized in a banquet tendered him at the Garrison Club. On two other occasions have his friends and fellow-citizens testified to their affection and esteem for the historian of Quebec. Complimentary addresses were presented to him on both occasions, accompanied in one instance by a handsome Dominion flag for the tower of Spencer Grange, and in the other by a speaking portrait in oils, painted from life by Wickenden.

The series of Maple Leaves to which reference has already been made are too well known to need analysis here. Only the very latest editions are now procurable, the earliest ones being particularly rare. This latter remark applies equally to Quebec Past and Present, and to many others of Sir James' books. Picturesque Quebec and the Legends of the St. Lawrence while less rare, are by no means, common in the book stores.

For many years Sir James was president of the Literary and Historical Society of Quebec, and its transactions contain several papers contributed by him. At the time of his death and for some years previous thereto, he occupied the office of Hon. President of the Society. He was one of the original members selected by the Marquis of Lorne to organize the Royal Society of Canada, and was the first president of the French section thereto. It was while filling the office of general president of the entire society that he was knighted by Queen Victoria. The degree of D.C.L. was conferred upon him a few years ago by Bishop's College, Lennoxville.

Sir Gilbert Parker was indebted to his brother knight, of Quebec, for the selection of a hero for "The Seats of the Mighty" and the Robert Moray of the story merely conceals the name of Major Robert Stobo, a hostage from Fort Necessity and a prisoner in a Quebec dungeon from 1755 to 1759. William Kirby related that the framework of his famous novel on the old regime of Quebec—The Golden Dog—was furnished by Sir James LeMoine, and Francis Parkman, gracefully acknowledged valuable assistance in his literary work from the same source. Many other leading lights in the literary firmament have been entertained from time to time at Spencer Grange, including Audubon, Canon Kingsley, Dean Stanley, Geo. Augustus Sala, John Morley and Wm. Dean Howells.

The warm hospitality and charming personality of Sir James LeMoine will be a never-fading memory of all who enjoyed the privilege of his acquaintance. All who knew him were his friends. One of his brothers was for many years the chaplain of the Ursuline Convent, and the funeral of Sir James is to take place to-morrow to Sillery Church.

To the surviving daughters of the deceased, Mrs. Frank Rhodes and Miss Jeannette LeMoine, the Chronicle tenders its respectful sympathy,—a sympathy which goes unreservedly out to them from all classes of our community.

INCURABLE INDIGESTION

COMPLETELY CURED BY "FRUIT-A-TIVES"

Bancroft, Ont., October 17th. "I have been troubled for years with indigestion, and have tried nearly every kind of medicine. I used 'Fruit-a-tives,' more or less, for eighteen months, and I am no longer troubled with indigestion. I think 'Fruit-a-tives' is a splendid remedy for this trouble." JOHN REDMOND. "Fruit-a-tives" will cure every trace of indigestion, dyspepsia, Sour Stomach, Bloating and Pain After Eating. Take them regularly—one before meals and at bedtime—give the intensified fruit juices a chance to regulate your system—and you will be cured. 50c a box, 6 for \$2.50, or trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

BLACK KNIGHT

STOVE POLISH

You don't have to mix "Black Knight" Stove Polish. There is no black watery liquid to stain your hands or dirty the floor. There is no "hard brick" to scrape—no trouble—no waste—no hard rubbing. "Black Knight" is a firm paste—ready to use—quickly applied—and shines quick as a wink.

It's as simple and easy to use as shoe polish, and a big stove can be shined with it almost as easily.

Perhaps your dealer does not handle "Black Knight" Stove Polish. If so, send loc. for a big can, free postpaid.

Correspondence

THE CANADIAN NAVAL QUESTION

Reply of Mr. Fred. C. Wurtele to Mr. Wade's Letter.

Editor of the Chronicle.

Dear Sir: In reply to Mr. Wade, I would say that he is mistaken at the tenor of my letter, although I made it plain, that the Canadian naval question is not: shall Canada get up a navy of sorts, but shall she do her duty and "reinforce the Royal Navy in the firing line?" So he wanders off into extraneous topics. Surely, it is no discredit to place bonds on the world's markets, where English people, Mr. Wade included, and foreigners will doubtless be glad to make safe and non-speculative investments for their surplus cash, but the modus operandi may be safely left to the financiers, who possibly may deem it preferable to pay cash down and not issue bonds at all.

Comparison with other nations cannot well be made by the annual expenditure on their navies and armaments, but it is the strength and efficiency of that navy which must be considered. In this case it is the British Navy versus the Triple Alliance. Taking the record of the capital ships built and building, it will stand thus on the 31st March, 1914: British, 72 vessels; Germany and the United States (the two power standard), 73; Germany, Italy and Austria (the Triple Alliance), 62 ships. Or armoured cruisers: British, 34; Germany and the United States, 24; the Triple Alliance, 22 vessels. So the "two keel for one" standard does not exist, and the reason not far to seek.

The Empire must prepare for war with any power, the United States included. Moreover, the "Kilkenny cats" were not in evidence after the Russo-Japanese war, but the Japanese navy, and all right, too. The firing line of the Royal Navy may be on the Pacific as well as on the Atlantic. I mentioned three complete battleship units, of the first unit as suggested by the Admiralty, to form part of the Royal Navy, so they would no doubt be stationed by the Admiralty to the best advantage.

History demonstrates that the United States coveted Canada in 1775 and does so to this day, all clerical and peace preachers to the contrary notwithstanding, therefore continued peace with that nation can by no means be a guaranteed fact; because, as in 1812, Britain entangled with, say, Germany, would give that Republic

its opportunity to have another attempt for the possession of Canada; besides the Taft arbitration treaty has been rejected by the United States Senate.

The poor Colonials may be mistaken in thinking that Britain needs ships, but let the radical Little Englanders make research and it will be found she does need them; moreover, the over-burdened English taxpayers are groaning under the heavy taxation required to keep the navy, let alone the army, up to proper standard, which neither are. Probably the radicals are paying off the national debt instead of making British defences secure, and showing bookkeeping, non-existing surpluses for party ends. If our friend will examine into it he will discover that Radical British Government has allowed Britain's defences to deteriorate for the sake of false economy, conte qui conte.

Building small cruisers and liners would be a good thing for Canada, but too costly, in spite of iron and coal at tide water, seeing such does not constitute the whole matter; hence the reason why nations who should build their own war vessels get them built in England, for the well-known fact that they can be constructed at less cost in Britain's well-equipped shipyards.

Discussing, as per Hansard, the results of the tenders for that proposed small Canadian second unit, will open up the political question not desired by Mr. Wade, we will let it go at that. Moreover, the first unit, which would have assisted the Royal Navy, was rejected by Canada, but adopted by Australasia, whose two battle-cruisers are now afloat and the smaller vessels nearing completion. Of course, if Canada chooses to pay 30 per cent more for her warships she is welcome to do so, but that is not business.

Canada, for many years, cannot make a single cruiser, because she has no naval organization whatever. The late Hon. Prefontaine passed a good naval militia act, which is still on the statute books, but has rested ever since in the departmental pigeon hole. Had that act been enforced and the militia raised at once, the personnel of the Canadian fleet would have been forthcoming to-day. To prove this, one has only to read the "Report of the Department of Naval Service," lately issued, to find that the Canadian sailors on board the "Niobe" number only 185, and 38 on the "Rainbow," about one-quarter of their complement, hence the balance of their crews are British tars, lent for the purpose of instructing those few Canadians, but not for battle purposes.

Since the conquest in 1759, Canada has been protected by the Royal Navy, but never assisted in the cost by one cent. Therefore it is the duty of every Canadian to further the object of "reinforcing the Royal Navy in the firing line" (the best expression), and do it quickly before the storm bursts over our Empire. Alas! not to forget that as long as "Britannia Rules the Waves," Canada's nationality, autonomy and freedom are safe, all the talk of radical Little Englanders and Wee Canadians to the

contrary notwithstanding, so it is our bounden duty to help to keep that secure.

I thank you, Mr. Editor, for the space, and hope the discussion of the naval question will awaken the public to its duties.

FRED. C. WURTELE.
Quebec, Feb. 5, 1912.

To the Editor of the Chronicle:
Dear Sir,—Will you kindly inform me through the columns of your paper if the time in England is ahead of Canada, or if vice versa, and by how much.

I am yours, faithfully,
J. BURNETT.

Note—Greenwich time is exactly five hours ahead of Quebec standard time.—Ed. Q. C.

SAYS BEAUTIFUL ABUNDANT HAIR FASCINATES MEN

Valerie de Merre in Parisian Modes. Eminent students of human nature, Darwin, Burroughs, etc., have assured us that woman's hair is her only means of adornment and corresponds to a bird's plumage in attracting and inviting the love of the opposite sex. Certainly it is difficult to imagine love—the divine passion—being aroused in man by a woman whose hair was coarse, oily, stringy and full of nasty dandruff, or thin, dry and scraggly, resembling more a handful of faded straw than anything growing on a human head. Invariably the woman who attracts and holds a man's esteem and love is the one possessing a lustrous, clean and beautiful mass of abundantly pretty hair, soft, fluffy, free from dandruff and those ugly, scraggly ends that make a neat coiffure well nigh impossible. I have found by actual test, after discarding dozens of worthless ready-made hair tonics, usually found in drug and department stores, that the most rapid hair grower and efficient dandruff germ destroyer, is one that any person can readily and inexpensively prepare at home in a few moments, or that can be put up by any druggist. Go to your druggist and get 6 ounces of Bay Rum and 2 ounces of common Lavona de Compose, to these add one-half drachm of Menthol Crystals; mix thoroughly by shaking and let stand one hour before using. This simple recipe is vastly superior to all the so-called hair tonics I have seen, many of which contain poisonous wood alcohol, and is economical as well. If you wish it perfumed, add a teaspoonful of To-Kalon Perfume, which mixes perfectly with the other ingredients. This preparation will not stain or dye, but is unequalled for restoring gray hair to natural color because of its invigorating action on the hair roots. It often makes hair grow with amazing rapidity and for that reason lady users should be careful not to apply to the face or where hair growth is not desired.

QUEBEC LADIES WIN THE ROYAL CALEDONIA CUP.

Montreal, Feb. 5.—Play for the cup presented by the Royal Caledonian Society continued in the ladies' curling bonspiel to-day. St. Lawrence defeated Quebec by 12 to 7 in the second part of the opening round, but, as Quebec won by 13 to 4 in the first part, they are adjudged the winners. Heather defeated Montreal 24 to 19.

WHY?

Do you pay high prices for imported mineral waters when you have much better here in your own city, at less than half the cost. We say much better, and mean it, and can prove it.
According to the Report of Dr. Milton L. Hersey,
M. Sc., Provincial Government Analyst,

CLAIRE-FONTAINE WATER

Leads the world, and his opinion cannot be contradicted, as he is authority when he speaks. As a medicinal and table water we challenge the best of them, and are willing to give \$100,000 to any Hospital in this city if any person can prove to the contrary.
Try it at our expense. If you have Dyspepsia, your liver is wrong or you are subject to headache. Kindly call or phone, and we will supply you for a time, and if you find it is not as we say, why, you don't pay us. The spring is upon our premises, 271 feet deep, in solid rock.
ALL RESPONSIBLE DEALERS SELL IT.

QUEBEC TEAM
IS GOING STRONG

Local Hockey Fans are Greatly
Pleased with Showing of the
Players.

Quebec hockey fans are greatly
pleased with the manner in which the
local team is going at present. The
defeat of Wanderers on Saturday
night showed that Quebec is going to
have a whole lot to say in regard to
the decision of the championship. "If
they keep the pace which they have at
last struck, it will take a whole lot of
beating to put them out of the cham-
pionship, and the Wanderers will have
to work a great deal harder on Wed-
nesday night than they did on Satur-
day if they wish to come out ahead,"
said a local fan.

"By the way, did you see the re-
markable improvement which that
young fellow Producers has shown
since his first game?" said another
fan. "Stage fright, possibly, was the
reason for the somewhat disappoint-
ing showing made on his first appear-
ance. But he soon got over that, and
to-day he is recognized by all the
clubs as one of the greatest finds of
the season. Just wait until next year,
and you will find that he will be one
of the greatest stars in the game. He
already has the so-called 'Cyclone'
Taylor discounted. Taylor is easily
run into a corner, but Producers has
no eye for the corners. His rush is
straight on the goals, and he certainly
gets there with both of those rapid
feet of his. Mark my words, Quebec
must not let this clever young player
go. There is nothing too good for
him in Quebec."

"I am glad to see that the advice
handed out to the locals to pay more
attention to combination, and to be
more unselfish, is bearing fruit. There
is still room for improvement, but the
team is getting there. If they con-
tinue in the same lines as they did
on Saturday night last, they can dis-
count the other teams." This was the
opinion of another fan.

It is a very interesting "fanning"
bee, and other hockey followers had
a word to say. "Talking about this
combination game," said one, "I must
say that Malone, Macdonald and Out-
man delivered the goods Saturday
night. They played together beauti-
fully, and they made a hit—and they
also made scores. It was not always
the man who brought up the puck who
scored, but on their united rushes,
there was always something doing,
and the Quebec score grew by de-
grees, but certainly."

"I want to say just one word," said
the man in the corner, "you may talk
about your goalkeepers, but is there
anyone who has anything on Paddy
Moran, the veteran of the Quebec
team. Goalers may come and goalers
may go, but Paddy seems to go on
forever. Quebec has produced a good
many of them—not forgetting Percy
LeSueur, of Ottawa—but Paddy is
still my choice."

"And don't you forget Joe Hall,"
said a mild-mannered member of the
gathering. "He's the wild man of the
west perhaps, but his hockey is not
wild by any means. He plays the
game and he plays to win, and any
man who fools Joe on the ice must be
a real terror. He has them all on his
hip by reason of his brain work."

POLICE GAZETTE

SPORTING ANNUAL.

The Chronicle acknowledges re-
ceipt of the Police Gazette Sport-
ing Annual of 1912, a most complete and
up-to-date record of the best perfor-
mances in athletics, pugilism, swim-
ming, rowing, baseball, trotting and
racing.

VETERAN BOWLER

DID SPLENDIDLY.

The Quebec B and District League
game played Thursday night, on the
Quebec B. and B. C. Alleys, Royal
Arcadium vs. Y. M. C. A. blues re-
sulted in a gain of three straight
games for the latter team which was
considerably helped by the ex-cham-
pion, Mr. John Noonan, who put up
a fine score of 544, although it being
his first appearance on any alley since
last season.

FRANK MORAN WON AGAIN.

London, Feb. 5.—Owing to the un-
satisfactory result of the contest be-
tween Frank Moran, the Pittsburgh
heavyweight, and Fred Storbeck, the
ex-heavyweight champion of South
Africa, a return match was fought at
Blackfriars to-night. In the previous
fight Storbeck was disqualified in the
seventh round for fouling. Moran
proved the winner to-night in a hard
fought battle. Both received much
punishment, and in the twelfth round
fouled Storbeck three times. Stor-
beck was unable to come up for the
thirteenth.

EXCITING GAME OF

HOCKEY AT PONT ROUGE.

There was an exciting game of hock-
ey at Pont Rouge on Sunday after-
noon, when the New Victoria Hotel
team were defeated after a hard strug-
gle by the locals. It took twenty min-
utes overtime before the Pont Rouge
team scored, the match ending one to
nothing in their favor. The referees
were Paul Lesage and Dave Beland,
and an old Quebec hockey player,
Laurent Morency, scored the winning
game. The New Victoria Hotel team
was as follows:—Geo. Belanger, R.
Crotty, R. Perry, John Phillips, F.
O'Brien, A. Chagnon, J. Soenza.

SUCCESSFUL
MOTHERHOOD

means more than a fat
baby. It means laying the
foundation of a strong,
sturdy constitution.

Fat alone is not enough;
there must be bone,
muscle, brain and nerves.

Scott's Emulsion
is the Acme of perfection for
Mother and Child.

ALL DRUGGISTS 11-61

PUBLIC NOTICE is hereby given
that under the first part of chapter 79
of the Revised Statutes of Canada,
1906, known as "The Companies Act,"
letters patent have been issued under
the Seal of the Secretary of State of
Canada, bearing the date the 15th day
of January, 1912, incorporating Gus-
tav Paul Eisenschiml, manufacturer's
agent, of Vienna, Austria; Siegfried
Hermann Mundheim, manufacturer,
of Halle, Germany; Edward Slade, en-
gineer; Andrew Lorne Hamilton, bank
manager; and Arthur DuBoulay, ac-
countant, all three of the city of Que-
bec, in the Province of Quebec, for
the following purposes, viz:—(a) To
manufacture, buy and sell and to
otherwise deal with Portland Cement,
marl, kieselguhr clay, putty, whitening,
bricks, lime, paints, fertilizers, deodor-
izers, drains and other tiles and stone,
sand and gravel, and artificial stone
and its products, and to manufacture
and deal in all compositions into
which any of the said articles and ma-
terials can be converted or used, and
for the said purposes; (b) To con-
struct and operate on the property of
the company or on property to be
acquired for the purpose, tramways
to railroads, and to navigable waters,
and to various marl beds, clay lands
and cement rock deposits and other
properties of the company; (c) Sub-
ject to the consent of municipalities,
and of owners of property interested
to build pipe lines from the sand marl
beds to the company's works; (d) To
purchase, lease, or otherwise ac-
quire water powers and water priv-
ileges for the purpose of generating
power or electricity with which to
carry on the company's operations; and
to dispose of any surplus electric
ity generated by the company in the
operation of its works and plant; (e)
To purchase, own and operate vessels
for the purpose of conveying cement
and other materials in connection with
the company's works; (f) To build
docks, wharves and works where it
may be found necessary to carry on
the company's business, and (g) To
build storehouses and elevators at
any points where it may be found nec-
essary to carry on the company's
business; (h) To make, build, con-
struct and operate any and all public
and private works, undertakings, con-
structions and operations; and to
manufacture, buy, sell and deal in
building material; (i) To manufacture
and sell brick, terra cotta, tiles, drain
and sewer pipes, and such like pro-
ductions, and to erect buildings for
the manufacturing of the company
and dwellings for the workmen; (j)
To invest in and acquire and hold the
bonds, debentures and stocks of other
companies with which the company
hereby incorporated is empowered to
contract; and (k) To distribute
amongst the shareholders of the com-
pany in kind and property of the com-
pany, and in particular, any shares,
bonds, debentures or securities of any
other companies belonging to the
company hereby incorporated, or of
which the company hereby incorporat-
ed may have the power of distribu-
tion; (l) To apply for, obtain, regis-
ter, purchase, lease or otherwise ac-
quire, and to hold, own, use, operate,
introduce and sell, assign or otherwise
dispose of, any and all trade marks,
formulas, secret processes, trade names
and distinctive marks, and all inven-
tions, improvements and processes
used in connection with or secured
under letters patent or otherwise, of
Canada, or of any other country; and
to use, exercise, develop, grant li-
censes in respect of, or otherwise turn
to account any and all such trade
marks, patents, licenses, concessions,
processes and the like, or any such
property, rights and information so
acquired, and with a view to the
working and development of the same,
to carry on any business, whether
mining, manufacturing, or otherwise,
which the corporation may think cal-
culated directly or indirectly to effec-
uate these objects; (m) To carry on
any other business (whether manufac-
turing or otherwise) which may seem
to the company capable of being con-
veniently carried on in connection
with the above, or calculated directly
or indirectly to enhance the value of
the company's property or rights.
The operations of the company to be
carried on throughout the Dominion
of Canada and elsewhere by the name
of "Cement Products Company of
Canada, Limited," with a capital
stock of one million dollars divided
into 10,000 shares of one hundred dol-
lars each, and the chief place of busi-
ness of the said company to be at the
city of Quebec, in the Province of
Quebec.

Don't Get Chilled

Getting chilled through and
through has laid the foundation
for more cases of grippe and
pneumonia than almost any
other cause. If you are inade-
quately clad, you run a serious
risk of inviting a horde of win-
ter ills to get their clutches on
you. Protect yourself against
their invasion by wearing an
overcoat of the necessary
weight for this weather. We
have an excellent line of this
material to select from, and we
can make it up for you just the
way you want it.

BIRTH.

CRAIG—To Dr. and Mrs. D. A. Craig, at Lake Edward, on Feb. 2nd a son.

DIED.

BERUBE—At St. Sauveur, on the 4th instant, at the age of 71 years, Mr. Severin Berube, widower of the late Mathilde Lapierre. The deceased was the father-in-law of Mr. J. N. Beaumont, of the Dominion Fish and Fruit Co., Limited, and Alderman for St. Peter's Ward; deceased was also father-in-law of Mr. Jean Lortie, civil service employee.

The funeral will take place on Wednesday morning at 9 o'clock, leaving the residence of his son-in-law, Mr. J. N. Beaumont, No. 47 Bayard street, at 8:45 o'clock, for the St. Sauveur Church, and thence to St. Sauveur Cemetery.

Friends and acquaintances are respectfully invited to attend without further notice.

CIMON—On 3rd February, 1912, Miss Ernestine Cimon, aged 24 years, beloved daughter of Alfred Cimon, of this city.

Funeral will leave her late residence, 57 D'Aiguillon street, at 8:45 o'clock Tuesday morning for St. Jean Baptiste Church, and thence to Belmont Cemetery.

FISHER—At her late residence, 341 Shaw street, Toronto, on 4th inst., Marion, eldest daughter of the late James Meiklejohn, and widow of the late Mr. Fisher, of Quebec.

Funeral from C.P.R. station on Wednesday on arrival of train at 3:25 p.m. to Mount Hermon Cemetery.

Friends and acquaintances will please accept this notice.

FRASER—At Coaticook, on January 31st, 1912, Agnes Sutherland, widow of the late John Fraser, N.P., formerly of Quebec.

LeMOINE—At "Spencer Grange," Quebec, on the 5th inst., Sir Jas. Macpherson LeMoine, in his 87th year.

Funeral from "Spencer Grange," at 9 a.m. to the parish church, Silvery, 9:30 a.m. Wednesday, the 7th inst.

Please omit flowers. Canadian papers please copy.

FUNERAL OF A DRAMATIST AND SONG WRITER.

Toronto, Feb. 5.—The funeral of George L. Stout, widely known as a dramatist, song writer and stage manager, took place to-day to Mount Pleasant Cemetery. The deceased gentleman had resided at 9 Garden Avenue for over a year, having moved from Baltimore, Md., to be near Toronto relatives. On Saturday last, after returning to his home from a brisk walk, he expired peacefully sitting in an arm chair. He was in his 80th year, and retained full possession of his faculties to the end. As a boy he was an intimate friend of the renowned actor, Edwin Booth. Mr. Stout himself was through the American civil war, and his father's house was the headquarters of the Confederate army.

ROMAN CATHOLIC CHURCH DESTROYED BY FIRE

Campbellton, N. B., Feb. 5.—The beautiful Roman Catholic church, built of stone, at St. Anne de Restigouche, was totally destroyed by fire Saturday. An attempt was made to take the fire engine over from the town, but it was found impossible to do so. The destruction of their church is a hard blow to the fathers, who labored among the Indians on the reserve. The loss is estimated at \$30,000, and is partly covered by insurance. The fire is supposed to have come from an overheated furnace.

IN AND ABOUT TOWN

MAYOR WILL BE PATRON

Further Details of the Big Mardi-Gras Celebration in Quebec.

His Worship Mayor Drouin received yesterday afternoon the members of the Mardi-Gras Committee and accepted the honor conferred upon him of Patron of the celebration. Sir Francois Langelier, Lieutenant-Governor of the Province, has already accepted the office of Hon. Patron. The Mardi-Gras fetes in Quebec are daily assuming more extensive proportions. It is now announced that in addition to the other electrical decorations, the City Hall will also be brilliantly illuminated. Already the ice decorations are being begun on St. Joseph street. Over 100 floats and allegorical cars have already been entered for the grand parade.

HIGH SCHOOL AND ST. GEORGE.

Club colorings for the above named clubs may be had for sale at J. H. Mullin, 48 Fabrique street.

QUEBEC SKATING RINK.

The band will play this (Tuesday) at the Quebec Skating Rink from 8 to 10 o'clock.

Spectators will be admitted on payment of 10 cents.

COURT OF SESSIONS.

Louis Leneures, arrested some days ago on a serious offence against a 14-year-old girl, appeared before Judge Angers and changed his plea from not guilty to guilty. He was remanded to gaol until Thursday for sentence.

RECORDER'S COURT.

Six prisoners charged with drunkenness appeared before the Recorder yesterday. Five of them were condemned to fines ranging from \$2 and costs or eight days' jail to \$10 and costs or 1 month. The sixth, a girl, went to jail for two months, being unable to pay a fine of \$25 and costs.

ACCIDENT TO AN AGED CITIZEN.

While Mr. F. X. Dion, secretary of the corporation of Pilots, was crossing St. Joseph street on his way to church, when he was struck by a passing vehicle, and thrown to the ground. Mr. Dion, while badly shaken up, was not seriously injured.

ANOTHER CHANGE ON ST. JOHN STREET.

Another change on St. John street is announced, the firm of Robitaille and Picher, whose building on the corner of St. John and Glaces streets has been acquired for a new hotel, will transfer to the building now occupied by M. Regudis, within the gate.

ALDERMANIC CANDIDATES IN ST. ROCH.

Deputations last evening waited upon Messrs. A. Bovehard, and C. Matte and asked them to become candidates in St. Roch ward. Both gentlemen signified their intentions of accepting the candidature for the Council.

AUDITORIUM HAD FULL HOUSE YESTERDAY.

There were crowded houses at the Auditorium last evening, where a fine series of motion pictures and some excellent vaudeville acts were presented. The bill is an enjoyable one in every respect, and there will undoubtedly be large audiences during the week.

MEETING OF MERCHANTS.

A meeting of Quebec merchants was held last evening in the Union Commercial rooms, St. Rochs, under the presidency of Mr. Falardeau, president of the Retail Merchants' Association, when it was unanimously decided to support the bill, now before the Legislature, to fix working hours of females and children at 60 hours a week.

MUNICIPAL ELECTIONS.

Ald. Jos. Cote, who has represented No. 3 seat in St. Roch's ward since the last municipal elections, has consented. At the request of a large number of electors, to run for No. 2 seat in that ward, after having ascertained that Ald. John dropped that seat to contest No. 1 seat in Jacques Cartier ward, against Ald. Pouliot.

A PLEASANT AND ENJOYABLE MOONLIGHT DRIVE.

The members of the Young Peoples' Society of Trinity Church had a most enjoyable outing last evening. Having engaged the new four horse coach Montalm, the members, to the number of about thirty, drove out to Montmorency Falls, along the Beaufort road. After a short stay at the Falls they returned to town, and went to the church, where refreshments were served in the basement. Accompanying the young people were Revd. Mr. Beverley, Rector of Trinity, and Mr. R. Knox, Manager of the Quebec Cartage Co. This was the new coach.

A CIRCULAR OF MUCH INFORMATION

For All Interested in the Ports of Quebec and the St. Lawrence.

The J. Bell Forsyth & Co.'s Timber Circular will be on sale to-day at the Chronicle office, price 10 cents per copy. As usual, it is filled with matter of deep interest to all connected with the trade of the Port of Quebec. It contains, among other information, the supply, export and stock of the different kinds of timber at this port during the years 1911 and 1912, as well as a summary of the export of timber, deals and lumber from the St. Lawrence during 1911, with the names of the shippers. The prices current of timber, deals, etc., will be found in the Circular, as well as the number of vessels arriving and departing from Quebec and Montreal for some years past.

SALE OF OPERA OR EVENING GLOVES.

Ladies' Emporium are offering an unusual sale of 21-inch Opera or Evening Gloves, usually valued at \$2.50 and \$3.50—sale price \$1.50. These gloves are a direct French importation, soft pliable, of a superior quality. Ladies should not fail to at least see the gloves at D. R. Murphy's, 46 Fabrique street, thus prove for themselves the wonderful value given this Special Glove.

THE DEATH ROLL.

Boston, Feb. 5.—Mrs. Mary C. Leavitt, for 40 years an honorary president of the World's Woman's Christian Temperance Union, and a traveller in many lands in behalf of temperance, died in this city to-day. Mrs. Leavitt was born in Hopkinton, N.H., in 1830 and married Thomas H. Leavitt at Thetford, Vt., in 1857. She travelled 200,000 miles and with the aid of interpreters, spoke to people in fifty-one languages in behalf of temperance, morality and Christianity.

HEAVY DAMAGES AGAINST A MEDICAL MAN.

Vancouver, Feb. 5.—Judge Clement to-day awarded James Adams \$25,000 damages against Dr. W. C. Acheson. The latter had been called to attend Adams, who was a logger, and who suffered from a broken leg. The injured member was placed in a plaster cast and the next day another doctor took charge of the case in the hospital. A second doctor and other persons concerned in the case supposed that the leg had been set and it was not until several weeks later that it was found that the bone had never been set.

GRAND TO LIVE.

And the Last Laugh is Always the Best.

"Six months ago I would have laughed at the idea that there could be anything better for a table beverage than coffee," writes an Ohio woman, "now I laugh to know there is. (The effects of tea and coffee on the system are similar, because they both contain a drug—caffeine.)"

"Since childhood I drank coffee freely as did the other members of the family. The result was a puny, sickly girl; and as I grew into womanhood I did not gain in health, but was afflicted with heart trouble, a weak and disordered stomach, wrecked nerves and a general breaking down, till last winter, at the age of 38, I seemed to be on the verge of consumption."

"My friends greeted me with 'How bad you look! What a terrible color!' and this was not very comforting."

"The doctors and patent medicines did me absolutely no good. I was thoroughly discouraged."

"Then I gave up coffee and commenced Postum. At first I didn't like it, but after a few trials and following the directions exactly, it was grand. It was refreshing and satisfying. In a couple of weeks I noticed a great change."

"I became stronger, my brain grew clearer, I was not troubled with forgetfulness as in coffee times, my power of endurance was more than doubled."

"The heart trouble and indigestion disappeared and my nerves became steady and strong."

"I began to take an interest in things about me. Housework and home-making became a pleasure. My friends have marvelled at the change and when they enquire what brought it about I answer 'Postum,' and nothing else in the world." Name given by Canadian Postum Co., Windsor, Ont.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

POULTRY AND PET STOCK SHOW OPEN

Fine Collection of Birds Now On Exhibition at Drill Hall.

There is a splendid collection of poultry and pet stock now on view at the Drill Hall, where the annual exhibition of the Quebec Poultry Association opened yesterday. There are over fifty exhibitors, who have some 700 birds entered. There will be large additions to these to-day, a number of more exhibitors are expected this morning.

Yesterday was mainly occupied in getting the show into order, and last evening most of the entries had been placed in their respective positions. The exhibitors come from many outside points, including Sherbrooke, as well as from the district, and include in addition to all kinds of poultry, a very fine show of rabbits, pigeons, etc. Judging will commence to-day. Mr. Victor Fortier, of the Experimental Farm, Ottawa, being the official. In addition to the regular prizes a handsome silver cup has been offered for the best utility breeding pens of American breed, by Major A. de L. Panet, for Quebec, and Levis County exhibitors. Another beautiful cup has also been offered by Mr. Edw. Archer, of Quebec, for best utility breeding pens of Mediterranean breed, for Quebec and Levis exhibitors.

The show will be in full swing to-day and will be well worthy of a visit.

AGGREGATE SCORES FOR JANUARY

Results of the Shooting for the Macpherson and Price Cups.

The aggregate scores for January in the cup competitions on the ranges of the Quebec Miniature Rifle Club show continued good shooting.

In the Macpherson Cup, Sergt. Major Young, W.O., topped the list with 194, and he wins the cup and badge presented by Lt.-Col. Macpherson. Q.M.S.I. Vaughan was second with 191, winning the prize presented by Capt. G. H. Balfour. J. G. Prendergast was third with 187. There were 52 scores turned in in connection with this competition.

In the Price Challenge Cup, G. F. Smith was first with 187, winning the cup and badge. Cadet A. Sewell, of the High School, came second with 179, and he won Capt. Balfour's prize. Cadet E. Martimer, of the Victoria School, was third with 177. There were 104 scores turned in in connection with the Price Cup.

LECTURE AT COLUMBUS HALL.

There will be an interesting lecture at Columbus Hall this evening to which all members of the Knights of Columbus and their ladies are invited.

FIRE DUE TO A DEFECTIVE FLUE.

The Quebec Gas Company authorities wish it to be stated that the fire which occurred in a building in St. Roch on Sunday night was not caused by the explosion of a gas stove, but by a defective flue.

DONATION PARTY.

As the Lake Edward Sanatorium is now in its third year, the Ladies' Committee find it necessary to renew the house and table linen, kitchen ware, woollen sweaters, caps, etc., the Committee intend to hold a "Donation Party" in Morrin College Hall, on Wednesday, Feb. 7th, to which all friends of the institution are invited. Tea will be served from 4 to 6. Donations in money and kind will be thankfully received. Further information may be had from the following ladies: Mesdames Turner, Ross, Holt, Bartlett, Colley, McCorkill, A. Turner, J. Brown, Messervy, Wiggins, Poston, Misses Boswell, Carter and Irvine. The committee will attend at Morrin College Wednesday morning to receive donations. feb5,6,7x3

ARRESTED ON A CHARGE OF MISREPRESENTATION

Ottawa, Feb. 5.—Thos. Bates, who resides at 168 Gladstone avenue, Toronto, and was arrested in that city Saturday morning on a warrant from Chief Ross for alleged false pretences in connection with a deal put through in Ottawa, appeared before Magistrate O'Keefe this morning. Bates was not represented by counsel, and asked for an adjournment, until the general manager of a firm he claims to represent in Toronto could come to Ottawa. It is alleged that Bates closed a deal in December with Dr. Church, a city physician, and Mr. H. W. Chamberlain, real estate dealer, of Bank street, whereby these men would take over the Canadian Time-Test Tire Company, supposed to be located in Toronto. According to the police, the price paid was up in the thousands. Bates received \$400 in cash. He is now charged with alleged misrepresentation. According to the plaintiffs, the plant which they purchased for the manufacture of inner tire tubes for automobiles was not what it was claimed to be.

Laredo, Tex., Feb. 5.—Snow is reported from four to six inches deep on the level between Lampasas and Monterey, Mex., to-day. This is the first snow in that section in years.

THE National Cash Register
stops mistakes and losses
and increases trade and profit.

Money and accounts, the most
vital part of any business, are
protected.

Business is placed on the solid
foundation of carefulness and
accuracy.

The proprietor's time is saved. He is relieved
of a thousand worries. The important things in
his business can be given more of his thought
and attention. He can afford more comforts
and pleasures for his family.

The National Cash Register prevents carelessness
and laziness and removes temptation from
employees. It gives full credit to the employees
who do the best and the most work and makes
them more valuable to their employers.

Disputes and arguments are prevented. Customers
are satisfied. Buying and selling are
put on a just basis for proprietor, clerks and
customers.

Customers like to deal where National Cash
Registers are used.

THE TEXTILE STRIKE AT LAWRENCE, MASS.

Efforts being Made to Settle
the Trouble. Strikers Leaving
the Place.

Lawrence, Mass., Feb. 5.—The American Federation of Labor will take its first step to-morrow to settle the Lawrence textile strike, which is being conducted by a rival organization, the Industrial Workers of the World. The officials of the Central Labor Union, which is affiliated with the Federation, announced to-night that seven meetings would be held to-morrow in order to assemble the grievances of the different classes of workmen into one statement. This statement will be presented to the mill agents. Other meetings will be held during the week until all classes are heard. There will be no discriminating the leaders over, against members of the Industrial Workers or those operatives who may not be members of either union organization, and the operatives will not be required to affiliate themselves with the Federation at this time.

The soldiers had no trouble in enforcing order to-day and there was no violence attempted when the mills opened. There was little change in the number of strikers, which various estimates place between 15,000 and 20,000.

The exodus of workers which has been in progress almost since the strike was inaugurated continues and to-day a local banker estimated that upwards of a thousand of his countrymen had left the city in the last seven days. Many of these have returned to the Old Country.

Agents from other cities have been here for several days hiring help from among the strikers, and to-day 30 loom fixers and rawers-in left for Utica, N. Y., where they were promised lucrative employment. Many workers of Canadian extraction have also left for their former homes.

THERE WILL BE A RECOUNT IN ST. JAMES WARD

Montreal, Feb. 5.—There will be a recount in St. James division, where, in the recent municipal election, ex-Alderman Groulx, leader of the "23" and champion of the reactionaries, triumphed over Alderman Brodeur, candidate of the reform element, by a majority of nine votes, a petition to this effect having been granted in the Practice Court by Mr. Justice Beaudin to-day. The recount will take place Thursday.

ALD. MEDERIC MARTIN AFTER CONTROLLERS' SCALPS

Montreal, Feb. 5.—Ald. Mederic Martin was on the rampage at the City Hall to-day. He is out after the "scalps" of the controllers and makes no attempt to conceal it. "I shall make a motion at the first meeting of the City Council," he said, "that the electorate be asked whether or not they still approve of government by a board of control. If the city attorney gives the opinion, that there must be an election to fill the place of Controller Wanklyn, it will then be an easy matter to get the opinion of the electorate on the question of the abolition of the board of control." It was the opinion of Mr. Martin that a majority of the electors would declare that they wanted to have nothing more to do with a board of control. Because he had been elected in his own ward on a cry against the controllers, he was quite convinced that every ward in the city felt as his ward did in the matter of the controllers. In fact, he was quite sure the days of the controllers were numbered. Another effort that Mr. Martin is to make against the controllers is that they shall no longer be permitted to sit with closed doors.

INDEPENDENT KINGDOMS UNDER A SINGLE KING

Montreal, Feb. 5.—Two independent kingdoms under a single king was the idea of nationalism placed before the Canadian Club to-day by Mr. Ewart, the Ottawa lawyer, when speaking on "two difficulties in the way of independence." After enunciating the difficulties met with in advocating this new national existence, he arrived at a point, he said, where nationalism seemed simple. He would consider

the first of the two difficulties encountered. Mr. Ewart said: "For some years a large number of persons advocated closed political corporation of the United Kingdom and Canada in what they called an 'Imperial Federation.' The idea was utterly visionary and perfectly impracticable. The supporters, although frequently challenged, never attempted to reduce it to the form of an intelligible plan." There was but one proposal with reference to the political future of Canada, namely, nationalism, and nation-

alism was merely the final step in Canada's political development." Mr. Ewart spent a long time in showing by history that two independent kingdoms might acknowledge allegiance to the same king. In conclusion, his words ran as follows: "I do not say that a dual kinship of the United Kingdom and Canada will end in complete separation or in some closer union. I am not a prophet, and for some years have not attempted the role. All I urge is that Canada must shed her swaddling clothes, and

that there is but one way in which she can do it."

A FEW OUTSTANDING FACTS FROM THE SIXTY-FIFTH ANNUAL REPORT OF THE CANADA LIFE ASSURANCE COMPANY

A Splendid Year.

The business of the year 1911 was, in all its material factors, the most important in the Company's long history of sixty-five years.

Greatest Surplus Earnings.

THE SURPLUS EARNED by the Canada Life in 1911 was \$1,293,597.00, the greatest on record. A new "high mark" for surplus earnings was reached four years ago, and in each year since then a new record has been established.

Interest Rate Increasing

THE INCOME, both from premiums and interest, \$6,543,201.00, shows a substantial increase over previous years. The rate of interest earned each year by the Canada Life has steadily been growing since 1899, and a further increase is expected for 1912. This is an important factor in making surplus.

Assets Doubled in Twelve Years.

THE ASSETS were increased by \$3,436,484.00, the largest growth in any year. The **TOTAL ASSETS** now stand at \$44,257,341.00, having more than doubled in the past twelve years.

A New Record.

THE NEW PAID-FOR POLICIES amounted to \$12,507,063.00, exceeding the best previous years. The **TOTAL ASSURANCES** now in force are over \$135,615,253.00.

Large Benefits to Policy- holders.

THE PAYMENTS TO POLICYHOLDERS in 1911 totalled \$2,295,073.00. In the past twelve years the Canada Life has paid or credited to its Policyholders or their beneficiaries nearly \$50,000,000.00.

Only High-class Investments.

THE INVESTMENTS of the Canada Life are carefully selected and distributed over a wide field of suitable securities, thus ensuring safety and good interest returns. In Western Canada the Company has invested \$3,200,000.00 in mortgage loans, upon which no loss has ever yet occurred. The total mortgage investments of the Company are over \$14,152,708.00.

Strength and Security.

THE CANADA LIFE now actually values over one-half of its business on a 3% interest basis, and the remainder at 3 1/4%, which means that it holds Reserves much stronger than are required by any Government Insurance Department on the North American Continent.

A copy of the Financial Statement and Report of Directors, together with the proceedings at the annual General Meeting held 1st February, 1912, at the Head Office, Toronto, will be mailed on request.

E. W. COX, General Manager.

CANADA LIFE EARNS

RECORD SURPLUS.

Business Accepted Largest in Company's History.

The great accomplishment of the Canada Life in recent years was strikingly shown in the statement of the General Manager, Mr. E. W. Cox, at the annual meeting that while in 1899 the company's assets were \$21,364,000, they are now \$44,257,000, and while the assets had more than doubled, the company had in the same twelve years paid policyholders and their beneficiaries in cash no less than \$27,084,000. The company, then, has paid or credited policyholders since 1899 the enormous sum of \$50,000,000. Of course, interest earnings have been a material factor in this result, and a very gratifying feature of the report is the satisfactory rate which is being earned, and the steady improvement it has shown from year to year.

The year 1911 was another record one in several important respects. The surplus earned was again the greatest in the company's history. For some years past the Canada Life has been breaking records, and the accomplishment of earning \$1,293,597 in 1911 marks a new high level in this regard. The new business accepted in 1911 forms another record, the policies issued totalling \$13,798,000. This amount, greater than the similar total of any previous year by nearly \$500,000, is largely due to increased activity and success of the Canadian agents, which must be gratifying to the management, being as it is an endorsement of the company by those who have known it longest and most intimately. The Canadian applications of \$9,352,000 were greater than those of the best previous year by \$2,270,000.

Mr. J. H. Plummer, Vice-President, dealt with the securities owned by the company, and as a result of a recent personal inspection was able to speak of them in the highest terms. In all its features the Canada Life report shows strong, sturdy growth and with it increase in strength and vigor. Policyholders of that company are certainly to be congratulated as are the officers and directors on whom rest the responsibility for its welfare.

INTERMENT OF THE LATE
GEORGE R. R. COCKBURN.

Toronto, Feb. 5.—Many leading citizens in educational and financial circles paid a last tribute to the memory of the late George R. R. Cockburn, former principal of Upper Canada College, and for years a prominent financier of this city, whose funeral service was held this afternoon in St. James Cathedral. Mr. Cockburn died in London, Eng., on Jan. 18. The remains were interred privately in St. James Cemetery. Sir Edmund Walker headed a deputation from the University of Toronto, and another coterie of gentlemen represented the governors of Upper Canada College; Rev. Canon Plumptre and Rev. T. C. S. MacKlem, provost of Trinity University, conducted the service. The chief mourners were Major Charles Cockburn and Sir Thomas Tait.

The pallbearers were Chief Justice Sir Charles Moss, Chief Justice Sir Glenholme Falconbridge, Chief Justice Sir William Meredith, representing the University; Chief Justice Sir Wm. Mulock, Principal H. W. Auden, of Upper Canada College; Frank E. Hodgkin, K.C.; J. K. Macdonald, D. R. Wilkie, V. B. Wadsworth and G. W. Yarker.

NEW YORK CLOSING LETTER.

Received over the private wire of McDougall & Cowans, stock brokers, 81 St. Peter street.

New York, Feb. 5.—The market opened quiet but fairly strong. Stocks were offered freely on the first strength, however, and there was nowhere any aggressive bullishness, the most conservative traders being inclined to talk of market waiting until the Henry money trust regulation was decided on Wednesday. Bears seeing this took courage and attacked the market successfully for five moderate declines throughout the list. Reading, Lehigh Valley, Steel and Union sold off fractionally. No liquidation, however, was induced by this decline and before long stocks rallied irregularly to about Saturday's close. From then on extreme dullness prevailed, and the market exhibited no tendency in either direction, although in most of the leading issues the tone was fairly firm and slight gains were shown in the general list as a result of the day's trading. There was no news during the day to affect the market and trade news continues rather mixed. Total sales 382,000 shares.

EDWARD A. EVANS
CIVIL ENGINEER.

Plans, Surveys, Reports, Superintendence of Construction, Railways, Power Plants, Land Improvement, &c. Office: 92 St. Peter St., Quebec. Telephone No. 2811.

WEDDING BELLS

<

It is Criminal to Neglect the Skin and Hair

THINK of the suffering entailed by neglected skin troubles—mental because of disfigurement, physical because of pain. Think of the pleasure of a clear skin, soft, white hands, and good hair. These blessings, so essential to happiness and even success in life, are often only a matter of a little thoughtful care in the selection of effective remedial agents. Cuticura Soap and Cuticura Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a postal to "Cuticura," Dept. 5M, Boston, U.S.A., will secure a liberal sample of each, with 32-page booklet on Skin and Scalp Treatment.

SMALLPOX ON BOARD.

Norfolk, Va., Feb. 5.—The British steamer Bangor, Capt. Borwin, from Savannah to Newport News, to-day was ordered to government quarantine at Fisherman's Island with a case of smallpox aboard.

MEXICAN REBELS GAINING GROUND

El Paso, Tex., Feb. 5.—Reports received here over railroad lines state that Casa Grandes and Pearson, Chihuahua, are in the hands of rebels, declaring themselves for Emilio Vasquez Gomez.

At Pearson the rebels disarmed the police Sunday and took the town.

Fighting also is reported at San Andreas.

Mexican Consul Llorente here says Orozco is to become the governor of the State of Chihuahua Tuesday.

THE "TURKEY TROT" DANCE.

New York, Feb. 5.—The "Turkey trot" dance will soon have to be passed upon by the Appellate Division of the Supreme Court. Justice Gerard to-day granted the application of George Gordon Battle for a certificate of reasonable doubt in the case of Wallace W. Sweeney, who was convicted in the Court of Special Sessions for keeping a disorderly place and sentenced to the penitentiary for six months. The man was convicted on the testimony of two policemen, who testified that they saw a dance called the "Nigger Wiggle" in his place. Their description of the dance is the same as the "Turkey Trot."

TO SHORTEN DELAYS IN MURDER CASES

Albany, N. Y., Feb. 5.—A bill designed to lessen delays in arguing murder cases before the Court of Appeals was introduced to-night by Assemblyman Whitney, of Saratoga. It provides that in cases where the punishment is death appeals must be taken within a month and argued within two months, unless the court extends the time, which shall not exceed four months. If the appeal is not argued within the time required, the court on motion of the district attorney shall affirm the judgment of conviction of the lower court in the same manner as if the arguments had been heard. Under the present law cases are frequently delayed for a year and sometimes two or three years elapse before the court is called upon to decide whether the conviction shall be affirmed or a new trial granted.

A NEW INTERNAL COMBUSTION ENGINE

Which Will Give Germany a Great Advantage Over all Rivals.

London, Feb. 5.—The British Admiralty has received news from a reliable source that a type of internal combustion engine has been brought well toward completion by German engineers, which, if it fulfills the expectations of its designers, should give the German navy an immense advantage in its race for supremacy against the British, and against all the other navies of the world.

A prominent engineer who has learned of the main details of this engine—which its designers have endeavored to keep secret—said to-day: "I can conceive that vessels may be designed, using these engines, which make the latest Dreadnought obsolete, and it would look as if the revolution was imminent. For such a vessel, the radius of steaming might be multiplied by three or four, or the thickness of armour it could carry greatly increased, or the vulnerability which diminished."

In one of the principal works in Germany a marine plant has been completed, after exhaustive studies and expensive experiments by a most able and confidential staff, which can be destined only for the use of the navy. It is of 18,000 horse power, consisting of three engines of 6,000 horse power each; one to each propeller. Each engine has three cylinders producing 2,000 horse power each; the cylinders being double-acting, the explosion occurring on both sides of the pistons.

The incorporation of such an installation in a war vessel means the abolition of boilers and smoke stacks, also the saving of the space occupied by bunkers, as the engines would require less than one-half pound per hundred tons of oil per 24 hours for full power, full speed. Any kind of crude or refined oil may be used.

The original Diesel engine was invented some years ago and the basic patents have expired, but during the past three or four years a great revolution has been in progress in perfecting the reliability, performance of duty and economy of the type. The principal problems have been to secure perfect combustion, to enlarge the cylinder units, to solve the problem of having the explosion transpire on both sides of the piston.

Germany has led in the study and evolution of this engine, and is far in advance of other countries. The internal details of such an engine are easily kept secret, and the perfection of a successful counter-design by any other nation would necessarily require a long period of experiments. It appears to the scientific men who know of this work by the German engineers that the German navy may have a profound advantage over its rivals in this engine, which apparently is nearly ready for use. No other navy, it is believed, has advanced nearly so far in work upon internal combustion engines.

BAD FIRE IN HAMILTON, ONT.

Hamilton, Ont., Feb. 5.—Fire broke out early this morning in the lithographing and printing plant of the Robert Duncan Company and one of the biggest blocks in the city was threatened with destruction. In less than half an hour the plant was gutted, entailing a total loss of close upon \$250,000. Delay on the part of an operator at the Central Telephone Station in transmitting the alarm to possessors, and the fact that the hydrants were frozen as the result of the bitter cold weather, were responsible for the fire getting a good start. The firemen fought the blaze in weather 4 degrees below zero, but finally gained control. All the employees escaped to safety when the first alarm was sounded and no lives were lost.

AFFAIRS IN MEXICO ARE MUDDLED

There Appears to be a Number of Parties in the Field.

Mexico City, Feb. 5.—Pascual Orozco will be appointed military dictator of the State of Chihuahua if the recommendation of the retiring acting Governor Aureliano Gonzalez is heeded by the federal authorities. It was stated in a telegram from Chihuahua to a high official in the capital that the State Government felt itself powerless to control the situation there and that the acting chief executive, in tendering his resignation yesterday offered the above suggestion as a possible remedy. The despatch added that there had been no disorders in the city since the battle last Friday.

President Madero has not announced his plans. He has shown, however, that he has full confidence in the loyalty of Orozco, but it is known that Minister Calero of the Department of Foreign Relations, does not share the President's confidence.

The anniversary of the adoption of the Mexican constitution was celebrated here to-day with a parade and speech-making at the Juarez monument. President Madero attended. His reception by the crowd in the streets and about the monument was apathetic.

A NEGRO LYNCHED.

Macon, Ga., Feb. 5.—Charles Powell, a negro, who assaulted and robbed a young white woman here last night, was taken from officers and lynched by a mob early to-day.

STORMY WEATHER IMPEDES WORK OF SALVAGE

Portsmouth, Eng., Feb. 5.—Owing to the stormy weather all operations directed at raising the British submarine A3 were suspended to-day. Little progress has been made in the attempt to save the submarine, which, with four officers and men, was sunk off Spithead Friday in a collision with the torpedo gunboat Hazard, as yesterday the operations were greatly impeded by the fog.

SIX FISHERMEN SUPPOSED TO BE DROWNED.

Tilghmans, Md., Feb. 5.—Six oyster men are believed to have been drowned in the Choptank River when their boats were carried into the open waters in the ice jam that began to move early this morning with the gale that swept over Tilghman's Island. The ice boat Annapolis, up to a late hour had found no trace of the boats or men. Five other launches, caught in the swirling ice and water, managed to fight their way through the buffeting cakes and make clear water. They are now anchored in the middle of the Choptank trying to ride down the gale. The fight was watched by Tilghman's Islanders who stood on the wharf and shore, powerless to give assistance.

ONTARIO LEGISLATURE WILL OPEN ON WEDNESDAY.

Toronto, Ont., Feb. 5.—The first session of the thirteenth Legislature of Ontario will be formally opened on Wednesday. Everything is ready for the Lieut.-Governor to make the first of his two annual State visits, to set the law making machinery in motion. This year the proceedings will have an added interest owing to the election of a successor for Hon. Thomas Crawford, Speaker in the last House. The nomination of W. H. Howie, of North Ontario, will be made by Sir James Whitney. The speech this year will make the usual references to the prosperity of the province and the increase in revenue. Special reference will be made to the success of the Hydro-Electric system and to the further extensions about to be commenced. It is not unlikely that a tribute to Hon. Adam Beck will be included.

Buy it by the Box

of any dealer

It costs LITTLE by the package, but LESS by the box. You HAVE it when you WANT it and you save some cash besides.

It stays in good condition until used. It is a handy, healthful, refreshing pastime. It carries without crushing or becoming sticky.

Isn't it the confection you prefer for your little ones?

LEGAL QUESTION HOLDS UP TRIAL

Of Young Marchand, Charged With Setting Fire to Holy Cross College.

Sweetsburg, Que., Feb. 5.—The trial of young Jean Paul Marchand, the Montreal boy charged with having burnt down the college of the Holy Cross at Farnham, last week, opened here this morning before Judge Mulvena, and after a good deal of evidence was heard, the case seemed to hinge upon the question as to whether he was old enough to appreciate the gravity of his alleged act, or as to whether the confession of so young a child could be accepted in law. This was offered by Mr. A. Papineau Mansfield, appearing for young Marchand, who contended that the Criminal Code made special provision regarding children under fourteen, and on his representations the hearing was postponed until next Monday, when counsel for either side will present argument on this point in written form. In the meantime the lad is at liberty on his original bail, and the charge against the two other boys, Bernard and Hery, who are accused of conspiracy to burn the building, will be gone on with to-morrow.

BODIES OF THE NIAGARA VICTIMS

Not Yet Recovered and May Never Be.—Father of Heacock Proud of his Son.

Niagara Falls, Ont., Feb. 5.—Although watchers were stationed at the whirlpool rapid early to-day, it was not expected that the ice churning waters would soon, if ever, release the bodies of Eldredge Stanton, his wife and Burrell Heacock, who were swept down the gorge with floss from yesterday's sudden break-up of the ice bridge. Great cakes of ice were being hurled down stream under the bridges, where still dangled the ends of the ropes which proved useless in the endeavor to rescue the victims.

Nelson R. Butcher and Oliver B. Stanton, both of Toronto, were here this afternoon, inquiring into the details of the drowning of their daughter and brother respectively. They crossed to the American side, where they claimed the baggage which Mr. and Mrs. Stanton left behind, and made all the preliminary arrangements possible for the shipment of the bodies when they are recovered, if they are ever recovered.

H. L. Heacock, of Cleveland, O., father of Burrell Heacock, who was the first to go to his death in the rapids, was also here. He expressed satisfaction that his son had died a hero.

This afternoon twelve men ventured out on a portion of the fatal ice bridge which became anchored near the plant of the Aluminium Company. They broke open a locked shack in the floor, and out jumped a Collie dog, shivering from his 24 hours' enforced confinement without food or water. Had the Stantons and young Heacock remained on this floor they would unquestionably have been saved.

Superintendent Jackson, of the Queen Victoria Park, and Superintendent Harries, of the State Reservation, held two conferences to-day with a view of taking some action which will close the ice bridge to traffic in the future. Whatever is done will be done simultaneously by the park boards of both sides of the river.

TROUBLE BREWING BETWEEN FRANCE AND ITALY.

Paris, Feb. 5.—The French Government has sent telegrams to Constantinople and Obok, French Somaliland, in quest of information regarding the activities of the Italian warships in the Red Sea to call at Horeida and take off the French residents there. While it is admitted that Italy appears legally to be entitled to bombard the railroad, which is being constructed at Hodeida under the supervision of French engineers, the many Italian assaults on this territory and the rapid succession of incidents in this connection, of which France is the victim, are causing a good deal of bitter feeling among a large section of the French people, who believe that they reveal something more than a mere coincidence.

WILL BRITAIN AND GERMANY

Divide the Portuguese Colonies if Latter are Offered for Sale?

London, February 6.—Most of the leading London dailies print this morning Berlin despatches quoting from the Vossische Zeitung this announcement: "From trustworthy source, we heard that at the present moment, important negotiations are proceeding between Berlin and London, the publication of the results of which in a few weeks time will constitute a political event of the first importance. We gladly note this information and shall be honestly pleased if these expectations are fulfilled."

The Daily Telegraph's correspondent adds: "Vague rumors of similar purport have appeared in other papers but did not seem to have more substantial foundation than conjecture. The Vossische Zeitung, like most of its contemporaries, treats Lloyd George's latest speech and other conciliatory utterances from England in the encouraging spirit of a man whose grievance has not yet ceased to rankle."

The Standard suggests that the statement refers to negotiations in connection with the division between England and Germany of the Portuguese colonies if the latter are offered for sale.

QUICK TRIED AND MADE WITH GRAFT CHARGES.

Winnipeg, Feb. 5.—Quick dispatch and rapid examination was the order of the day at the enquiry into the graft charges against members of the Winnipeg City Council before Judge Myers this morning. City Solicitor Hunt examined a number of witnesses concerning a number of deals, and His Lordship professed to be satisfied that a short examination was sufficient. The solicitor on one occasion remarked that there were no suspicious circumstances in any of the deals, and His Lordship remarked: "But we must go through with it." The first case of the day was that of the deal on Rupert street next to the police station, on which so much has been heard and over which Ald. Willoughby resigned from the Council. The evidence was very short, only the vendor being called, and his story was told in about five minutes.

CANADIAN PACIFIC RY. CALLED UPON TO EXPLAIN

Ottawa, Feb. 5.—The Railway Commission wants the Canadian Pacific Railway to show why the company should not make the regular connections with the Grand Trunk trains at Brockville. An order in force now requires the Canadian Pacific Railway trains from Ottawa to connect with the main line trains on the Grand Trunk Railway running east and west, but this order is evidently not strictly obeyed. The matter will be dealt with at the meeting of the Railway Commission to-morrow at the Central Station.

THE DEATH ROLL

Toronto, Feb. 5.—Mrs. Darcy Boulton, whose death occurred this morning, was the widow of the late Geo. Darcy Boulton, K.C., and eldest daughter of the late Thomas Gibbs Ridout. She is survived by her son, Gerald Boulton of the Imperial Bank, and three daughters, Mrs. Pelham Edgar, Miss Boulton and Miss A. M. Boulton.

Halifax, Feb. 5.—The death occurred this evening of the wife of G. F. Pearson, son of the late Hon. B. F. Pearson. Mrs. Pearson became ill at the beginning of the year, having contracted a cold while looking at the burning of the King Edward Hotel. She was a daughter of Mr. Miller, formerly supervisor of the schools in Dartmouth.

Ottawa, Feb. 5.—The blacksmith who originally discovered the silver mines of Cobalt, died to-day in Hull. He was J. B. Larose, once part owner of the Larose mine. While he has been wealthy since the famous stroke of luck that brought him and Ontario fortune, he had lost much in litigation proceedings and the usual story of wealth drifting into other hands will be shown in his estate.

ALL YOUR STOMACH TROUBLE VANISHES

Indigestion, Gas, Heartburn and Dyspepsia Go and You Feel Fine in Five Minutes.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-door stomach five minutes afterward.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Get from your Pharmacist a 50-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-door stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disorder.

We want every person who is suffering from any skin injury or disease to personally prove the merits of Zam-Buk.

Read the experience of these three persons—possibly one of them may be well known to you—and then make it a personal matter. If you cut out this advertisement, write across it the name of this paper and mail it to us with a 10 stamp (to pay return postage) we will send you a trial box of Zam-Buk free!

Zam-Buk is a proved cure for eczema, ulcers, abscesses, poisoned sores, chapped hands, cold sores, eruptions, cuts, bruises, burns, scalds, sore throat, dandruff, chapped lips, and all skin injuries and diseases. It also cures piles. All druggists and stores for 50c, or post free from Zam-Buk Co., Toronto, for price.

What Followed a Scratch.

Mrs. Brown 7 Calumet Ave., Montreal, says: "While busy in the kitchen one day the oven door fell off, striking my right leg and inflicting a nasty scratch. While this was painful, I never thought it would become a serious wound, but to my surprise it became very much inflamed and very painful. I found that the dye from my stockings had got 'to it' and it was very sore. I then used Zam-Buk and the wound healed in a few days. I obtained a trial box of Zam-Buk and I reduced the inflammation and soothed the wound. I naturally persevered with Zam-Buk and within a few weeks the wound was quite healed."

Eczema Banished.

To be covered with sores which sometimes itch and burn and then, when rubbed, cause acute agony—sores which look repulsive as well as cause pain—sores which have defied all remedies that have been applied to them—what could be worse? Yet this is the lot of scores of people to-day who suffer from that terrible disease, Eczema. To all such sufferers we will send trial box of Zam-Buk free! Write us, enclosing 10 stamp to pay return postage.

Mr. Wm. Dangerfield, 938 Lipton St., Winnipeg, says: "Last winter I suffered from Eczema. After trying lotions, salves and powders given me by the doctor, which failed to do me any good, I tried Zam-Buk. This proved equal to my case and cured me."

Use as a Household Balm.

Mrs. W. Blair, 91 St. Catharine St., Hamilton, speaks of the value of Zam-Buk as a household balm. She says: "One day slipped and fell against a Morris rocker, knocking my knee very badly. The knee turned black and blue and was very painful. I rubbed Zam-Buk well into the injured member and it was indeed surprising how quickly I found relief. The swelling was soon reduced and pain and discoloration banished. By perseverance with Zam-Buk my injured knee was well again in a couple of days."

"I have since proved it to be the handiest and best balm for household purposes. A few applications of Zam-Buk gave me ease from rheumatism also!"

DELIGHTED WITH TRIP TO QUEBEC

Montreal Grand Opera Company
Broke All Records in Ancient Capital.

The characteristic charms of our Valentine Post Cards are originality of designs, beauty of coloring and attractiveness of finish. There is a wide range of designs, embracing such subjects as Cupids, Flowers, Hearts, Doves and Children. The color-work is beautiful, being extremely dainty and natural. The prices range from ONE CENT each upwards.

We carry the biggest variety in the city of Valentine Cards at ONE CENT each.

See our stock of Comic Valentines and Comic Postals.

Don't forget our "Jigger Bob's Valentines." Also our "Dan Cupid Night Letter Telegram."

UNION BANK OF CANADA

DIVIDEND NO. 100.

Notice is hereby given that a dividend of Two per cent, being at the rate of eight per cent, per annum, on the Paid-up Capital Stock of this Institution, has been declared for the current quarter, and that the same will be payable at the Bank and its Branches on and after Friday, the 1st day of March next, to Shareholders of record on February 15th, 1912. By order of the Board.
G. H. BALFOUR,
General Manager.
Quebec, January 19th, 1912.

TAYLOR HAS BEEN SUSPENDED

Ottawa has been Fined One Hundred Dollars by the National Hockey Association.

Montreal, Feb. 5.—The meeting of the National Hockey Association held here to-night took drastic action in the case of Fred Taylor, who was played against the Wanderer team by the Ottawa club for the first period of their game here, although he was the property of the Wanderers. They fined both Fred Taylor and the Ottawa club \$100 and suspended Taylor indefinitely. Just what the Ottawa club will do now is not known and there is considerable interest taken in the case here, hockey fans wondering if the Ottawa club will carry out its threat to make trouble.

The game in which Taylor figured and which was played under protest by the Wanderers is to be played over if the result affects the championship.

POUND DAY.

Will any or everyone, charitably inclined, send one pound of anything to the Auditorium, on Friday next, between 8 a.m. and 6 p.m. All will be impartially distributed to Catholic and Protestant poor where help is needed.

Knights of Columbus

All the members and ladies are invited to attend the lecture which will be held this evening in our Concert Hall, by distinguished orators named in our last circular.

Entrance: Columbus Hall Door.
DR. N. A. DUSSAULT,
Grand Knight.

N.B.—It was by a clerical error that the Telegraph announced "Members and their friends," when it should have read "Members and Ladies."

QUIET DAY IN THE ASSEMBLY

Amendment to Quebec Medical Act—Abolition of Turnpikes—New Seats.

As is usual on Monday afternoon, yesterday was very quiet in the Local House and many of the members were absent.

Mr. Morissette's bill to amend the Revised Statutes respecting the Quebec Medical Act was presented. The object is to provide that medical licenses issued in our province should be good in another.

Mr. Taschereau's bill for the abolition of turnpikes and tollgates also came up. It is the intention of the Government to spend \$500,000 in abolishing these relics of mediaevalism during the next five years.

The redistribution bill is almost complete. There will be five new seats in the Island of Montreal, one in North Pontiac, one in Ottawa and one in Megantic. The Saguenay is likely to be run in with Charlevoix as both have blue tendencies and Quebec West is also likely to see a change.

Mr. Bourassa's bill to give the franchise to professors and school teachers not under the jurisdiction of the School Commission was given second reading. Premier Gouin said that his "One man, one vote" bill would cover it.

Mr. Bernard was informed that the salary of the Lieutenant-Governor was \$10,000 a year and this was paid him by the Federal Government. During the year 1910-11 the expenditures on Spencerwood were \$10,577.12.

IN THE SUPERIOR COURT.

The following actions were issued in this court during the past week: Louis Carrier, farmer, of St. Joseph, Levis, against Joseph Aubert, senior, St. Louis de Pintendu; \$2,388. Obligation.

La Compagnie C. H. Lepage, Limited, Quebec, against V. Briere, of St. Wenceslas, County of Nicolet; \$105. Promissory note.

Carrier, Laine & Co., Levis, against David R. Hastings and the Escurianc Land and Lumber Co. of Hastings, State of Maine; \$900. Petitory action and damages.

Albert Plante, of Quebec, joiner, against the Q. R. L. H. & P. Co.; \$156. Damages.

The P. T. Legare Co. against Eugene Houle, of Rimouski; \$253.60. Debt.

G. N. B. Ileau & Co., merchants, of Quebec, against Joseph T. Michaud, merchant, of Thetford Mines, and J. B. L. Couillard, formerly merchant, of the same place; \$127. Debt.

Philippe Cote, of the village of Montmorency, against John Paradis, trader, of the city of Quebec; \$128.93. Damages.

Dame Marie Zoe Georgiana Picher, of Quebec, against L. D. Morin; \$61.49.75. Debt.

Desire E. Drolet, of Quebec, merchant, against Ambroise Chouinard, of L'Ause aux Griffons, County of Gaspé; \$127. Debt.

Apollinaire Plamondon, of Quebec, trader, against The National Breweries, Ltd.; \$300. Damages.

The Quebec Preserving Co. against Benoni Drouin, of St. George, Beauce; \$321. Account.

Phileas Pare, of Quebec, baker, against Wilfrid Langlois, of Quebec, carter; \$106. Ejectment for rent.

Ivan Reindeau, of Quebec, clerk, against The Aetna Insurance Company; \$1,100. Insurance policy.

La Cie. Tremblay & Desbriens, of La Tuque, against Dame Elmiere Baribeault, of La Croche, County of Champlain; \$1,095. Debt.

Adjutor Beland, of Lac aux Sables, County Portneuf, against Bruno Charrest, of the same place; \$399. Damages.

Dame Marie Elvieve Leclerc, of Quebec against the Q. R. L. H. & P. Co.; \$300. Damages.

Justinien Coulombe, trader, of Baie St. Paul, against Francois Beaulieu, of St. Ambroise, Jeanne Lorette; \$273. Promissory note.

Justinien Coulombe, of Baie St. Paul, trader, against Adelard Cote, of Quebec; \$140.70. Promissory note.

The Quebec Permanent Building Society against Wilfrid Bonneau, of St. Elderidee, County of Lake St. John; \$134.90. Personal action.

H. Silberman & Co., traders, Quebec, against The Canadian Pacific Ry. Co.; \$298.60.

Fidèle Blouin and Pierre Blouin, boot and shoe manufacturers, Quebec, against Alderic Bourassa, of St. Boniface, District of Three Rivers; \$115. Account.

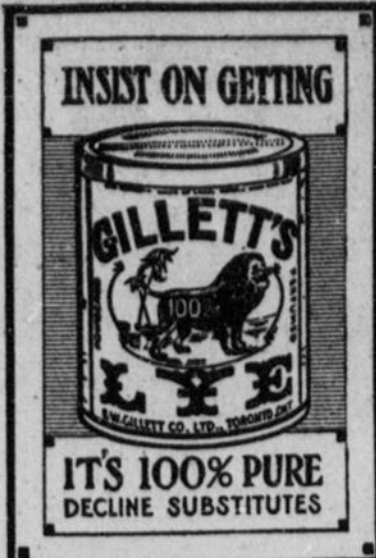

Cyrille Robitaille, piano dealer, of Quebec, against Napoleon Couture, of Murray Bay; \$120. Debt.

SALE OF RUSSIAN PAINTINGS.

San Francisco, Feb. 5.—A collection of Russian paintings valued at \$124,000 was placed on sale at auction at the customs house here to-day. The pictures, numbering 664, were brought to America for the St. Louis Exposition. After the exposition federal officials ordered that they be deported or a duty of \$25,000 be paid. They were sent to Canada, and when C. Henry Kowalski brought them to San Francisco, a year ago, they again fell into the clutches of the customs officials.

THE SAFE WAS EMPTY.

Seattle, Wash., Feb. 5.—The safe of Delarm & Biehl, "bonds," which was seized last week by the safe dealers, who sold it to the firm on credit, was opened to-day and found to be empty. W. E. Delarm, senior member of the firm, which organized the Columbia Orchards Company, and sold bonds of the face value of \$5,000,000, with the co-operation of the Washington Orchard and Irrigation and Fruit Company and the Oregon-Washington Trust Company, of Portland, Ore., is believed to be in British Columbia.

PERSONAL

Girard, Roberval; A. Roy, Three Rivers; J. H. Grondin, Three Rivers; A. Labrecque, N. Labere, of Montreal.

LAUNCH OF A SPANISH BATTLESHIP.

Ferrol, Spain, Feb. 5.—King Alfonso and Queen Victoria were present to-day at the launching of the battleship Espana, which was made the occasion of elaborate ceremonies. The Espana is the first of the battleships of the new Spanish navy to take the water. King Alfonso was present at the laying down of her keel in July, 1909. The Espana is a four crew steel vessel, 435 feet in length. Her displacement is 15,450 tons and her estimated speed 19.5 knots. She will carry 8 12-inch guns, 20 4-inch guns and a number of quick-firers and machine guns.

OLD METHODS OF TRANSPORTATION

We have been requested to publish the following, which may be of interest to some railroad men:

Morris & Essex Railroad.

This road was chartered Jan. 29th, 1835, and the company commenced running their cars by horse power from Newark to Orange Nov. 19th, 1836; from Newark to Madison by steam power on Monday the 2nd of October, 1837; and from Newark to Morristown on the first day of January, 1838. The average daily receipts from Newark to Morristown (for passengers) from 1st of January to 1st of May, has been \$72. An eight-wheel car, capable of carrying from 70 to 100 passengers, was placed on the road the 15th of February, 1838, and a second engine was put on the road in May, 1838. The cars now leave Newark and Morristown three times a day. The road has also been surveyed from Morristown to Easton, and is expected to be under contract this summer—and from thence to Carpenter's Point.

Summer Arrangements: Leaves Newark, 6.30 a.m., 10 a.m., and 5 p.m. Leaves Morristown, 6.30 a.m., 1.30 p.m. and 5 p.m.

Fare: Newark to Orange, 12½ cents; Newark to South Orange, 25 cents; Newark to Millville, 31½ cents; Newark to Summit, 44 cents; Newark to Chatham, 50 cents; Newark to Madison, 62½ cents; Newark to Morristown, 75 cents.
