THOUSANDS HEAR PRIME MINISTER OUTLINE ADMINISTRATION POLICY

Road Construction and Colonization Activities Being Carried on With View to Relieving Unemployment—Awarding of Bridge Order to Local Firm Announced by Premier Taschereau at Gathering in Armory Last Evening.

CITIZENS of Sherbrooke turned out last night en masse to welcome Hon. Louis Alexandre Taschereau, Prime Minister of the Province of Quebec. At the Belvidere street armories, five thousand persons crowded the structure to capacity, while as many more gathered around the loud speakers placed outside to hear the words of the Liberal chieftain. Radio reception was perfect and many refrained from attempting to enter the warm building, consoled with the fact that, while they could not see and cheer their revered leader, they would at least be able to hear his spoken word.

The Premier reviewed his Government programme for the aiding of unemployment. And he brought a message of good news to the workers of Sherbrooke County for he told them that only that day the Government had approved a bridge contract that meant a \$200,000 order for a local structural steel plant. He again told them of his scheme for settling the unemployment with farming experience on the land. Once again he made a promise that if he was returned to power he would call a special session of the Legislature to prepare a programme of public work for the winter months that in his opinion would materially help to relieve the distress that usually follows a period of depression.

He repeated his challenge to the Opposition to keep unemployment out of politics and asked the leader of the opposition, as Mayor of the City of Montreal, to co-operate with him towards ameliorating the conditions that will be experienced during the coming winter.

In his opening remarks, the Prime Minister thanked the pro-Mayor for the whole-hearted welcome, extended him on behalf of the citizens of Sherbrooke. He referred to his first visit here forty-two years ago. Forty-two years was a long time in the life of a man, he said, and he noted many improvements in the city since then. For the last thirty years he had been a member of the Legislature and some of his opponents said that he was too old to carry on the task of administering the premier province of Canada.

"But," he said, "personally I feel better able to carry on the affairs of the province than I did thirty-one years ago and if elected I propose to devote my energies in the future as in the past to the service of my beloved province."

He had been Premier of Quebec for eleven years, continued Mr. Taschereau. This was the third time that he was coming before the electors and he would again renew their confidence in him.

"Sixty years and more have passed since Confederation," he said, and Canada has progressed greatly in that time. In the Province of Quebec, both Liberal and Conservative governments have been in power, each having divided the period almost equally and I ask you to compare the accomplishments of the two parties.

"Our opponents criticize us for the alleged invasion of foreign capital. But this foreign capital is the lifeblood of the province. True, we have encouraged foreign capitalists to invest in this province, but in doing so we have also created jobs for workers and the farmers, but in doing the moneyed men of the province.

"If we had not encouraged this investment, where would many of our leading cities of today be? What would be the condition of Shawinigan Falls, Arvida, Jonquières, Drummondville and many other of your beautiful cities of the Eastern Townships? We say to these capitalists, settle in Quebec, open your plants, employ our young men. Are we not right? In Sherbrooke alone millions have been spent by Americans in developing industry.

"Do you believe it is reasonable for the leader of the opposition to protest this? Ontario is spending thousands of dollars to attract foreign manufacturers to that province. Would you have me tell these American manufacturers, 'do not come here. Go to Ontario'? We are on the best of terms with Ontario, but we wish to develop Quebec first."

Turning to the policy of the Government towards the laboring man, the Premier asked his listeners to compare what the Liberal administration had carried out with the total lack of any legislation under the Conservative regime.

"In 1909, when I was Minister of Public Works and Labor," he said, "we introduced the first Workmen's Compensation Act to be passed on the North American continent. For the first time the injured workman was not required to prove at common law that the employer was at fault for accident. The employer was required to prove that the employee

PREMIER HENRY HELD MEETING WITH BENNETT

Further Relief for Unemployed in Ontario Discussed—Labor Minister Took Part in Meeting.

OTTAWA, Aug. 15.—Good progress in working out the details of unemployment assistance which Ontario, in co-operation with the Dominion Government, will carry out, resulted from conference Premier George S. Henry, of Ontario, held yesterday with Premier R. B. Bennett, and Senator Gordon Robertson, Minister of Labor.

The two chief features of the Ontario programme are that in the southern section the Dominion and the province will grant assistance to municipal undertakings very much along the same lines as they did last winter, and that in Northern Ontario assistance will largely revolve around the building of the trans-Canada highway.

The decision was made that the highway will run through the Ottawa Valley to North Bay and will come east from Kenora to Heron Bay. With regard to the intermediate stretch it has not yet been decided whether the highway will be routed by Cochrane or Sudbury.

In the stretch between Renfrew County and North Bay there will be a partial re-location over a stretch of 100 miles. In the western section between Kenora and Heron Bay 400 miles of new highway will be built.

Letters were sent out from Toronto to the municipalities asking to conduct registration of the unemployed in their localities so that plans can be made to extend assistance where it will be most needed. It is proposed that the single men who are unemployed will go to work on the trans-Canada highway and as far as possible married men will be given work near their homes.

TWO MEASURES TO BE CONSIDERED WHEN BRITISH PARLIAMENT MEETS

One Will Be a Finance Bill to Impose a New Taxation, and Second an Economy Bill to Enable Government to Wield Axe on Expenses—Representation Made Against Abolition of Empire Marketing Board.

LONDON, Aug. 15.—The Cabinet's "big five" are scattered from the Scottish highlands to the English Channel ruminating over the economy proposals.

Two bills will be necessary, it appears, when Parliament meets. One will be a finance bill to impose a new taxation. The other will be an economy bill to enable the Government to wield the axe on expenses.

Should the heads of all three major parties reach agreement on the Government's proposals a substantial majority for them in the House of Commons would, of course, be assured. Nevertheless economy bills usually find rough going. They arouse opposition from every interest affected.

The Labor Left Wingers increasingly truculent of late will fight any cuts in the social services just as they fought the Government bill to remedy anomalies in the "dole."

The New Zealand and Australian Agents' Association has already made representations to R. H. P. Phillips Snowden, Chancellor of the Exchequer, and Rt. Hon. J. H. Thomas, Secretary for the Dominions, against abolition of the Empire Marketing Board, which is being considered. The Board, financed by the British Treasury, advertises Canadian and other Empire produce in Britain. Its abolition was recommended in the recent report of the May economy committee. Political prophets forecast abolition of the board as likely to be among the Government's economy measures.

Labor ministers generally are echoing Prime Minister Ramsay MacDonald's Lossiemouth appeal to the nation to "keep steady." Co-operation for a national safety on the part of the three national parties, is the way Rt. Hon. J. R. Clynes, Home Secretary, puts it.

STREET FIGHTING IN GERMANY

LIMBACH, Germany, August 15.—One man was killed and four were injured in street fights during the night between Communists and National Socialists.

IMPORTS WERE MUCH HIGHER THAN EXPORTS

Figures for Year Ending March 31 Published by Dominion Bureau of Statistics.

OTTAWA, Aug. 15.—Canada's foreign trade in the fiscal year which ended last March 31 amounted in value to \$1,723,550,729, according to a preliminary summary issued by the Dominion Bureau of Statistics. This was made up of \$816,938,048 in exports and \$906,612,681 in imports, or an adverse balance of \$89,674,633. Canada's exports of Canadian produce amounted in value to \$709,652,687, the remainder being made up of re-export of foreign produce.

From the figures issued an interesting survey of the increase in exports of Canadian produce since Confederation is given. In 1868 these had a value of \$48,504,899. Three years later they had risen to \$57,043,590. Thenceforth the uprising was steady and continuous.

Following are the decennial totals:

1861	\$83,944,701
1871	\$88,671,738
1881	\$177,431,856
1891	\$274,110,553
1901	\$1,189,163,701
1911	\$799,652,687

It will thus be seen that Canada's exports of native produce have increased over 1,500 per cent. between 1868 and 1931. Imports in the last sixty-three years have also increased, although not to such an enormous extent as exports. In 1868 imports entered for consumption had a value of \$67,090,159, and in 1931 a value of \$906,612,681. That is to say, imports had risen 1,300 per cent.

Duty collected in the first year of Confederation amounted to \$3,801,446, and in 1931 to \$149,097,855. In this connection, it is interesting to note that the duty collected in 1868 was 20.2 per cent. of the total dutiable imports, in 1931 it was only 25 per cent.

Canada's banner year for exports was 1918, the last full year, when these had risen to \$1,540,027,788. Imports had a value of only \$968,532,578, leaving a favorable trade balance of no less than \$222,637,214—the greatest in the history of the country.

NEW YORK, August 15.—Dr. Domingo Mendez Capote, delegate general of the Cuban rebels, said today that the uprising would continue despite the capture of General Mario G. Menocal.

EXPECT BUDGET IN ONTARIO TO SHOW DEFICIT

Government Understood to Be Looking for New Sources of Revenue to Produce Balance.

TORONTO, Aug. 15.—Faced with an operating deficit for the current year that may run as high as \$8,000,000, the Ontario Government is tightening up its retrenchment policy more than ever, and is taking steps, it is understood, to eliminate wastage and duplication in departmental administration, and it is said to have its treasury experts now scouting the possibilities of new tax levies.

The deficit estimated for this year, in the Budget speech of last session was \$2,670,000. With only nine months of the year run, there is reported a deficit, however, of slightly in excess of \$8,000,000.

In every single department of Government activity revenue is said to be down, considerably, this year. Succession duties have fallen off. Sale of liquor is reported some 60 per cent below the corresponding period of last year.

THE MAN WHOM YOU MAY WANT TO KNOW.

Emery Hector Fortier

Born in a home on the hillside overlooking Sherbrooke some forty years ago, Emery Hector Fortier has been in the public eye for a full score of years—both as a business man and as a civic-spirited citizen.

Mr. Fortier is head of the Emery Fortier Syndicate, which conducts high-class grocery stores in East Sherbrooke, and in which portion of the city he is known to every man, woman and child.

At fifteen years of age he had finished his schooling and taken a commercial course at Gleason's Business College, and immediately entered the firm of Hebert & Fortier, who operated an extensive chain of grocery stores. First as errand boy, then as clerk, and afterwards as office clerk. The wisdom of young Fortier's father was evidenced in his giving his son a thorough grounding in every detail of the business.

Ten years ago this firm was dissolved, and Emery Fortier entered into partnership with his brother, George Arthur Fortier, and purchased two of the most important stores with which he had been long affiliated. So successful were they that in a few years they were able to purchase the properties wherein were located the shops of the Fortier Syndicate.

Persuaded whilst twenty-nine years of age to enter the civic arena for the East Ward, Mr. Fortier served a two-year term, but declined re-election as he felt that he could better devote all his time to a growing business, but four years later he was again induced to accept the nomination, and much of his spare time has since been devoted to civic affairs. His colleagues in the City Council soon recognized his ability and experience as an executive, and this year he was promoted to the most important committee as chairman, that of public works. Within a month of his selection he had given proof of his talent in getting things done, and the recent adoption of the sidewalk building by-law was an endorsement of his executive talent and of his vision of what should and could be done. He has a pleasing personality and a facile knowledge of both languages, and is both a friend and a representative of whom any citizen may well be proud of.

In Civic Affairs he has been chairman of the Relief Committee, chairman of the Finance Committee, chairman of the Water Works Committee and chairman of the Health Committee which versatility of experience gives him a legislative background for the fulfillment of the "ambition of his life," which he frankly confesses to be his desired goal in his election to the Quebec Legislative Assembly. Mr. Fortier is also a member of the Sherbrooke Chamber of Commerce and of the St. Francis Snowshoe Club, but his business and civic activities have not afforded him the time for sharing much in the pleasures of the social clubs.

In 1912 Mr. Fortier was married to Elodia Dion, deceased who is sadly missed and mourned by a sturdy family of seven children, five boys and two girls, Roger, Marcel, Gilles, Maurice, Jacqueline, Andre and Rejanne. Their home is at 37 King Street East.

ALFRED GAGNE WAS VICTIM OF AUTO ACCIDENT

Former Resident of This City Had His Neck Broken in Three-Car Collision in Albany, N.Y.

ALBANY, N.Y., August 15.—His neck broken in a three-car collision on the main street here yesterday, Alfred Elzeaz Gagne, formerly of Sherbrooke, Que., is dead.

Joseph Collman, driver of one of the other cars, suffered cuts. He and James Luther, driver of the third car, were detained pending a coroner's investigation.

Edward Lucker and Carol Gimbel, who were in Collman's car, gave the police this version: Collman's car was following Luther's westbound. Gagne, approaching in an opposite direction, sideswiped Luther's machine and hurried it directly in the path of Collman's.

The body of the unfortunate young man is being sent here, and burial will take place at Thetford Mines. The late Mr. Gagne was the youngest son of Mr. and Mrs. Michael Gagne, of Sherbrooke, Que.

MONTREAL, Aug. 15.—The condition of Lady Bessborough and her son who was born yesterday was today reported by the secretary to the Governor-General as "very favorable." The younger,

MAN FINED FOR GIVING A RIDE TO NEIGHBORS

Ottawa Man Found Guilty of Competing With Ottawa Electric Railway Company.

OTTAWA, Ont., August 15.—On grounds that accepting money from friends whom he drove to work was in contravention to the terms of the city by-law concerning the Ottawa Electric Railway, Oliver Shaw was found guilty yesterday in police court of illegally competing with the company and was fined ten dollars and two dollars costs by acting Magistrate J. F. McKinley. The conviction was registered on one of three charges brought by the company against Mr. Shaw, the other two being withdrawn.

On judgment being given, Raymond Quin, counsel for the Ottawa Electric Railway Company, announced in court that similar charges would be brought against Ottawa motor car owners who persisted in giving "lifts" to passengers who otherwise would be carried in the street cars.

All three charges laid against Mr. Shaw by the Ottawa Electric Railway Company were of the same type alleging that he "did unlawfully compete with the Ottawa Electric Railway Company within the limits of the City of Ottawa, in its business of transporting passengers for hire."

Shaw himself, summoned as a witness, stated in response to questions that he had been in the habit of driving three of his friends and neighbors into their city offices. He had been, he said, no financial arrangements made, and no payment was discussed between himself and his friends. At different times, however, he continued, they had made him contributions for the purchase of gasoline for the car. He added that he was always in the habit of picking up his neighbors when he passed them on the street with his machine.

Colonel and Mrs. Lindbergh Successfully Covered 1,067 Mile Flight Across Bering Sea.

SEATTLE, Wash., August 15.—Colonel and Mrs. Lindbergh were at Karagin Island today, having flown to Asia from Alaska across the sea.

Their landing on the island on the east coast of Siberia after a 1,067 mile flight across the Bering Sea from Safety Bay, near Nome, Alaska, was announced by the naval radio station on St. Paul Island.

Several radio stations on the Pacific Coast received the message, saying the flying vacationers reached the little volcanic island at 1:49 a.m., eastern standard time, 5:40 p.m. on Karagin Island.

The Lindberghs left Safety Bay at 9 a.m., Friday (3 p.m., Eastern Standard Time) and crossed the Northern Sea in ten hours and forty-nine minutes. The story of the flight was told piecemeal in radio reports sent during its progress.

With a five hundred gallon supply of fuel the Lindbergh plane left American waters shortly after the fliers had received word of clearing weather to the westward. Fifteen minutes after the take off, all Nome watched as the plane disappeared toward Asia.

The St. Paul Island radio station made its first contact with the plane twenty minutes after the take off and worked with it at intervals until Mrs. Lindbergh advised she was reeling in her antenna preparatory to landing.

Colonel Lindbergh kept the speed of his ship close to one hundred miles an hour, the fuel saving gain throughout. After about two hours

FINANCE AND AGRICULTURE DEALT WITH BY DEPARTMENT MINISTERS

FAMILY GRANTS NOW PROPOSED BY MR. HOUDE

States that if Conservatives Are Returned He Will Appoint a Commission to Study Position of Family and Consider Granting of Allowances.

MONTREAL, Aug. 15.—Rural credit was dealt with by both the Liberal and the Conservative leaders in Quebec's general election campaign last night. At Valleyfield Mayor Camille Houde, the Conservative chieftain, repeated his promise of a loan to farmers at two per cent. At Sherbrooke, however, Premier L. A. Taschereau denied the possibility of such a loan. The cost of a loan to farmers at two per cent would have its compensations, argued Mr. Houde. It would serve to prevent the drift of men from the farm to the city, which was now robbing the land, embarrassing the cities, and adding to the unemployment problem. The loan could be easily arranged over a five year period, insisted the Opposition leader.

Mayor Houde stressed the importance of protecting the aged, widows and poor families. If returned to power on August 24 he would appoint a commission to study the position of the family and consider the granting of allowances to large families. He thought it unfair that single men should receive the same wages as married men. A premium of two cents a pound on butter and the provision of old age pensions with federal co-operation were part of the Conservative policy, said Mr. Houde. He also urged the revision of the workmen's compensation act, which he described as the most iniquitous in the country.

A premium of two cents a pound on butter and the provision of old age pensions with federal co-operation were part of the Conservative policy, said Mr. Houde. He also urged the revision of the workmen's compensation act, which he described as the most iniquitous in the country.

The Hon. Adela Godbout is considered one of the best men in the Province with the farm-trained mind, for all his life he has made a study of the practice and theory of farming. The son of a well-known farmer in Temiscouata, Monsieur Eugene Godbout, a former M.L.A., the new Minister of Agriculture is but thirty-nine years of age, and his personality would indicate that he is on the threshold of a great career in his native Province. He resides at St. Anne de la Pocaterie, where he finished up his practical and youthful work on the farm with the highest credit, and where he was afterwards engaged as a professor and demonstrator. A proud father was the first to greet him when he was sworn in last year as Minister of Agriculture.

Looking at these two young Ministers, write and versatile, both massive of their respective departments, both peculiarly equipped for their duties, one can understand how in their rejuvenation the Liberal regime in Quebec continues through the years.

Especially, succinctly, and in the phrases of the business man, so that everybody could follow and grasp the meaning of the millions handled by the Provincial Treasurer, Mr. Scott gave proof of the actuality of the surplus, in figures which he would present to the shareholders of a trust company or industrial enterprise. In round figures:

Ordinary receipts 1930 \$43,600,000
Ordinary expenses for year \$39,500,000
Surplus carried to reserve account \$4,100,000

To which had been added:
Public Charity Fund ... \$ 3,000,308
Trust Fund Receipts ... \$ 3,905,968
Temporary Loan \$ 7,000,000
Sundry Receipts \$ 392,000
Grand Total: \$15,012,276

Which amounts had been distributed:
To public charities ... \$ 3,738,608
Repayment of loans ... \$ 5,262,000
Roads and bridges ... \$ 3,200,000
Buildings \$ 1,225,000
Trust funds repaid ... \$ 1,100,000
Various miscellany ... \$ 456,668

Balancing total: \$15,012,276

So that there was not only an actual surplus on the year's operations, but there had been a substantial reduction of the provincial loans during the twelve months. Buildings, bridges, and good roads were carried as capital account, as they were permanent and immovable assets. This revenue of forty-three millions had been raised on this per-

... because
water cools 5 times slower
than air ...

ONE reason why heating authorities hold hot water heating best for the rigorous Canadian climate is because water cools five times slower than air. The heated water in radiators, a storage medium for heat units, continues to warm the building long after the fire dies low. The result is an even, more dependable heat.

Keep the fire in a Daisy boiler at the comfort point during the day, and when it is banked at night the temperature of Warden King radiators shades off slowly. Rooms cool gradually, as they should; not suddenly and completely.

There are many other reasons why Daisy Boilers and Warden King Radiators make an ideal combination. But let the 79 year Warden King experience and the 75,000

The ruling spirit of Politics was depicted in verse by a Churchill of yore old time, who must have had the broad, non-partisan spirit:

Who's in or out, who moves the grand machine
Nor stirs my curiosity, or spleen;
Secrets of State no more I wish to know
Than secret movements of a puppet show;
Let but the puppets move, 'tis my desire,
Unseen the hand which guides the master wire."

The organizer in modern politics, on achieving success wires the chief, "Hug the machine." His odyssey still lives in Ontario, as does its author.

AND WE DO NOT KNOW THE HALF OF IT.

To be numbered among the know-nothings we would prefer rather than have our readers think that we think we know it all—yet because we do not bore our readers with a bombardment of facts, we are often accused of but telling half the story.

Even in school we were always satisfied to study one lesson a day—and not one in ten enjoyed mathematics.

We have emphasized John T. Hackett's portrayal of the extravagance and the fiscal imbecilities of the Canadian National Railways, but have never claimed that he was the originator of such a divulgence. He had illustrious predecessors who were well nigh as emphatic as he in presenting the folly of political ownership of a utility requiring one single and able autocrat, responsible only to the shareholders for an even break on operations for the year.

In 1917 the President of the Canadian Pacific Railway pointed out the alarming situation, and the analysis prepared by his financial advisors. But because this report came from an interested source the alarm did not reach the public. That is fourteen years ago.

In 1921 the C. P. R. president again wrote the then Prime Minister of Canada, emphasizing the serious results that would surely follow an oversupply of railways, and called it the menacing problem facing the country. But because we were in the throes of a political crisis which lasted for ten years, during which time the warring political parties were walking the tight rope and trying to keep their positions and place, nothing was done. No plan was conceived, no solution considered. Deficit was piled on deficit. Interest was compounded on interest.

Changes were made, to be sure.

Every bankrupt railway in the country negotiated the sale of its properties to the politically-operated Canadian National. Each seller no doubt has his Senator, or his friend of a Prime Minister whose sole asset was that he was the warm friend of Laurier, a statesman who had a million warm friends.

Sir Henry Drayton, Chairman of the Ontario Liquor Commission, is or was, acted with a man named W. M. Acworth, as a Commissioner around 1917, and produced what is known as the Drayton-Acworth Commission report. There was a report of men inexperienced in big business, and was not considered, for they recommended the setting up of a Dominion Railway Company, with a board of trustees, under politically undisturbed management, upon which plan was based the Canadian National Railways of present sad memory.

This Drayton-Acworth report did reject the idea of direct Government ownership and operation, and also rejected the proposal to merge the bankrupt railways with the C. P. R.

Their findings then are quite as true to-day, when they said, among other conclusions and recommendations, that—

(1) The mileage of Canadian railways is very great in proportion to the population of the country. It has increased out of proportion to the increase of population.

(2) Canada's natural waterways make railways less absolutely necessary than in other countries.

(3) The net return is so low as to prove that more railways have been built than can be justified on commercial grounds under present conditions.

(4) The public investment in railways is very large. The report then proceeded to reject direct Government ownership and operations, and also the proposed transfer of the G. T. P., the G. T. R., of the Canadian Northern in whole or in part to the Canadian Pacific Railway Company.

The two commissioners joined in recommending the setting up of a new public authority as the Dominion Railway Company, to be operated by a board of trustees under their own politically undisturbed management.

How far the idea was reached in the handling of the Canadian National Railways as to being "politically undisturbed" is but one part of the impossible calamity which persists to-day.

Neither Drayton nor Acworth were men of outstanding fame or ability, and their report became but a political football, even though their conclusion was adopted in part under the "Canadian National" rather than the "Dominion Railway."

But within a few years of being "politically undisturbed," the Canadian National management was forced to round out its tragedy by buying up all the "nuisances" that touch any point within miles of their system. Who the beneficiaries were will some day be disclosed by some able and courageous mathe-

matians. But this is true — under the name of "Canadian National" are to-day included all the dead horses of transportation which were in the hands of political undertakers with influence at Ottawa. No doubt these undertakers were contributors to both of the political campaign pots.

THE EUROPEAN DEPRESSION THAT IS AN ECLIPSE OF THE SUN TO CANADA.

When at the Paris Tribunal erected right after the war the Big Four scrambled the states and nations of Europe and made of them a huge political omelette, it is quite natural that they should lengthen what would be a long period of readjustment.

The four were politicians rather than reconstructors, and their re-making of the map of Europe was but a series of blundering compromises. Central Europe has since been a seething hive of rumbling discontent.

The propagandists engaged to write of the conference as the "Dawn of a New Day" for Europe were not judges of the inevitable outcome of a partitioning of the different countries, nor could they visualize the inevitable consequence of changes thrust upon the peoples through the half-baked doctrines of "self-determination." These high principles were but as a lot of plates in the hands of the political jugglers. The old Maps of Europe became caricatures, and the new maps looked like the work of a cartoonist.

It was not infidelity to their trust, but rather ignorance of national characteristics which caused the muddling of the Big Four. They were weighed down by the truism that it is, with nations as with individuals, those who know the least of others think the highest of themselves, for the whole family of pride and ignorance are incestuous and mutually beget their like.

To correct the errors of the politicians, mistakes made in the flush of victory and in the fever of convalescence from war-stricken panic, these men do not live to take part in a restoration, reformation and sane adjustment.

For a time New York was the world's financial center; then the power of money returned again to London, and Paris is struggling to become the gold center of the world.

Handicapped by the trade unions in England, the British commercial supremacy is quickly passing to Germany in Europe, and to New York in the Western Hemisphere. With a Labour Government and the parochial vision of men unversed in the higher economics of nations, the United Kingdom is heavily handicapped, and is in a period of inertia. This will pass away when the Empire minds are re-seated on Downing street.

Germany cannot be choked to death or forced into Bolshevikian repudiation. All the plans of reparations, of debt payments, the Dawes plan, the Young plan, and the Disarmament plans, have not overcome the crisis of Europe, but have been but slight palliatives.

This year of Anno Domini, 1931, with its rest from reparations paid to the United States for saving its export markets, should see some strong and certain solution, some unscrambling of the mess made in a hurry.

EDITOR'S NOTE BOOK.

Election in Three Rivers—Six days ago:
First Day report—Liberal elected.
Second Day—Conservative elected.
Third Day—251 Conservative majority.
Fourth Day—43 Conservative majority.
Fifth Day—102 majority Conservative.
Sixth Day—81 official Conservative majority.
What beautiful mathematicians we do select for Returning Officers!

Seventh Day—Liberals demand a recount.
Children exercise more foresight than grown-ups, is the opinion of the young person in charge of the front desk at the Sherbrooke Arena. "Where do we get free tickets for the Children's Day?" is a question asked by the school boys and girls who tramp all the way over to the Exhibition Grounds in good time, and a full fortnight ahead. It is a generous gesture of the directors to extend the freedom of the grounds and the whole Exhibition to all children up to fifteen years of age.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record.
August 15th, 1901.

A. L. Parker purchased the residence of Mrs. W. H. Ross on Portland Avenue.

Major R. J. Spearing returned from Ottawa, where he attended the Dominion rifle matches. As usual, he won his share of the prize money.

Henry Miles, a former Lennoxville boy, was elected president of the Montreal Board of Trade. He is now a member of the Quebec Legislative Council.

Mrs. C. H. Bowen, Mrs. W. Duncan Smith and Miss Morrell were the hostesses at the weekly Tennis Club tea.

Mrs. John Stocks returned from a visit to friends in Troy and Albany, N.Y., Miss N. Milford from a visit to Dorchester, Mass., and Richard Smith from Wilmington, Del.

Additional census returns showed that the population of the nine counties of the Eastern Townships had increased from 211,770 in 1891 to 220,648, or 4.1 per cent. Brome and Missisquoi showed decreases.

At the Knights Templar convention at St. John, N.B., A. N. Thompson, of Stanstead, was elected grand registrar, and H. E. Channell one of the provincial priors.

Visitors in town included George M. Howard, Brownsburg; James A. Sheddick, Magog; J. J. Irwin, Williamstown; and E. M. Martindale, Waterloo; Mrs. H. R. Lawrence, Lawrence, Mass.

The Brome Historical Society held an excursion to the Isle aux Noix. Three hundred members and friends attended, including the officers of the society, Hon. Justice Lynch, Lester Ball and Rev. E. M. Taylor.

Departures were: Chief Davidson to Dufresne; Mrs. J. Fales to visit relatives at Quebec; B. C. Howard to visit Dr. T. R. Stiles at St. Johnsbury, Vt.; Mrs. Haseltine and Master Harry to Black Lake; A. L. Parker and family for an outing at Eagle Point, Lake Memphremagog.

Q.C.R. ORGANIZE FOR A HIGHWAY AUTO SERVICE

First Motor Coach Service Will Be Established About September 1 Between Levis, St. George and Morisset.

Arrangements were completed for the incorporation of the Quebec Central Transportation Company as a subsidiary of the Quebec Central Railway Company, with powers to operate motor coaches and trucks on the highways, at a meeting held in Montreal yesterday.

The intention is to confine operations within the district served by the railway as a step towards improving the general transportation situation, and at the same time cope with the highway competition, which is very keen throughout the whole territory.

The directors of the new company elected at yesterday's meeting are Messrs. Grant Hall, A. D. MacTavish and J. Leslie, of Montreal, and Messrs. J. H. Walsh and Gifford D. Wadsworth, of Sherbrooke. The officers are Grant Hall, president; J. H. Walsh, vice-president; G. D. Wadsworth, general manager; H. C. Oswald, secretary, and A. H. Bradford, treasurer.

The first motor coach service to be established will be effective about September 1st, and will operate between Levis and St. George, and Morisset, in the County of Beauce, the route to be along the Levis-Jackman highway serving a populous and thriving manufacturing and agricultural district. The coach will be of a high standard de luxe type, seating about twenty-five persons with a baggage and mail compartment.

CANDIDATES IN E. T. CAMPAIGN ARE LINED UP

Straight Fights Promised in All Eastern Townships Constituencies.

With the day of nomination of candidates for the forthcoming provincial elections only two days distant, both parties have completed an arduous task of selecting their standard-bearers in the Eastern Townships ridings.

Hon. J. E. Perrault, Minister of Roads and Mines and Eastern Townships representative in the cabinet, is again running in his home constituency of Arthabaska, and his re-election is virtually assured. Even the most ardent Conservative sees little possibility of turning this county, where in 1927 the Minister obtained a majority of 2,508 over his Conservative opponent. In the last election, Mr. Perrault gathered in 8,341 votes to 6,833 polled for his adversary. In the present campaign he is opposed by Bennett Feeney, N.P., of Princeville.

This year Brome County provides a straight fight between Liberal and Conservative, whereas in 1927 a triangular contest was witnessed. The late Carlisle Oliver, who represented the county for many years, was given 1,497 votes, while the Conservative, Francis Fyles, polled 872. L. J. Beauregard, the independent, lost his deposit, receiving only 259 votes.

The death of M. Oliver during the last session of the Legislature left the riding vacant, and new candidates have been chosen on both sides. The Liberal standard is being carried by Col. Ralph Stockwell, K.C., of Sweetsburg, while the Opposition have nominated L.A. Groulx, K.C., also of Sweetsburg, to represent their interests.

Compton is the only county in the district to experience a bye-election since 1927. In the last general election, Hon. Jacob Nicol, M.L.C., but then provincial treasurer, was returned by a majority of 1,200 over his Conservative opponent, E. B. Girard. On his appointment to the Legislative Council in 1930, Mr. Nicol was succeeded as treasurer by Hon. A. R. McMaster.

Mr. McMaster entered Mr. Nicol's riding and was elected over L. Pomeroy by a majority of 239 votes. This campaign, which terminated on November 4, 1930, was one of the bitterest in the history of the county, many extraneous issues being introduced by the Opposition in their efforts to defeat the Government nominee.

Mr. McMaster was forced to retire from politics due to ill health and William J. Duffy, Mayor of Gould, has been named by the Liberal forces as their representative.

Hon. Laureat Lapierre, Minister without portfolio, is being opposed by Tancred Labbe, Mayor of Thetford Mines, in Megantic County. In the last general election, Mr. Lapierre had a majority in excess of three thousand over the Conservative, Adair Chabot. The vote on this occasion was Lapierre 3,996, Chabot 807.

One of the hardest fights of the campaign is promised in Frontenac, where Louis H. Gagnon, the Government candidate, is battling with Amos Drouin, of Lake Megantic. Cyrille Baillargeon, who represented the riding for many years, did not offer himself at the Liberal convention. In 1927 Mr. Baillargeon polled 2,347 votes to 1,994 for J. B. Mathieu, the Conservative.

In Missisquoi, Alexandre Saurette, retiring Liberal member, has been selected to oppose Frank Pouliot, colors. His opponent, Frank Pouliot, has been campaigning since early spring, being the first Opposition candidate nominated in this district.

In the last general election, Mr. Saurette had a majority of 704 over the Opposition nominee, H. Bisil n. In 1923, when S. E. Desmarais first ran as Liberal in Richmond cost 40 cents.

SOCIAL AND PERSONAL

Miss Hazel Hatcher, of Montreal, is spending her holidays at her parents home in Lennoxville.

The Sherbrooke Country Club last night was the scene of another successful dance. This was the fifth of a series of six dances to be given.

Mr. Lionel Stanford and Mr. Maurice Stanford, of Westmount, are spending the week-end in Bromontville guests of Mr. Waldo Mullins.

Mrs. Gilbert Douglas, Miss Eileen and Miss Audrey Douglas, and Messrs. Elmer and Earl Douglas have returned to the city, after spending the past week visiting friends and relatives in the New England States.

MARRIAGES

SMITH-SALTER

The marriage of Miss Carmen Hayden Salter, daughter of Mrs. Harry Salter, of this city, and the late Mr. Salter, to Reginald Smith, son of Mrs. L. Smith, also of Sherbrooke, took place this afternoon, at half past twelve o'clock at Plymouth United Church. The bride wore a white satin gown made on long lines and her veil was arranged in cap effect and trimmed with a wreath of orange blossoms. She carried a bouquet of pale pink roses, and wore pearls, the gift of the groom.

The matron-of-honor, Mrs. Edgar Kellett, sister of the bride, was gowned in blue printed net, with a large picture hat to match and carried cream colored roses. The bridesmaids, Miss Iva Salter and Miss Marjorie Gilbert, were gowned alike in pink printed net, with hats to match, and carried sweet peas in pastel shades.

The best man was Mr. Robert Smith, brother of the groom, and the ushers were Mr. Edgar Kellett and Mr. Gordon Richards.

The bride's mother, Mrs. H. Salter, wore black georgette and carried red roses, and Mrs. Smith, mother of the groom, was also gowned in black with red roses. Mrs. Herring, of the Isle of Wight, England, aunt of the bride, wore queen blue.

The gifts of the bride to her attendants were crystal necklaces, and the groom presented the best man and ushers with gold cuff links. The church was decorated with gladioli, phlox, sweet peas and ferns. The same flowers decorated the Church Hall, which was turned into a living-room for the occasion, the bride and groom standing under an arch of ferns and hydrangeas to receive the congratulations of their friends.

Later Mr. and Mrs. Smith left on a motor trip to Quebec and Murray Bay, the bride travelling in a long coat of oxford gray with a grey fox collar, black velvet hat and blue dress and shoes. On their return they will take up residence in Sherbrooke.

TENNIS

E.T. TOURNAMENT STARTS TODAY

The first games in the Eastern Townships Championship Tournament will be played this afternoon on different courts in the city, including the Y.M.C.A., St. Francis and Sherbrooke Country Clubs.

While the number of entries is not as large as had been expected, the officials are confident that the tourney will be crowned with splendid success. Tennis fans are showing much interest in the newly-reorganized Eastern Townships tournament, which has not been staged for three years owing to the lack of interest in tennis during that period. The sport has now regained much of its lost prestige, however, as was demonstrated in the city tournament recently played and inter-club matches staged this summer.

County, he was opposed by J. H. Cote, N.P., of Asbestos. Mr. Desmarais won the confidence of the voters, and has represented the county at Quebec ever since. This year the Conservative mantle fell once more on Mr. Cote, and considerable interest is being displayed as to the outcome of the battle between these two veterans.

In Sheffield, the elevation of Hon. W. S. Bullock to the Legislative Council, left a vacancy in the Liberal ranks that it was found difficult to fill. For many years, Mr. Bullock was accorded an acclamation at both the conventions and at elections and upon his removal from the sphere of active campaigning there were several aspirants for the honors of carrying the party banner. The honors finally fell to Robt. Bachand, of Waterloo, who is being opposed by Joseph Gingras, of the same place.

Ald. Emery H. Fortier, the Liberal candidate in Sherbrooke, is waging a vigorous battle to regain the county, the only Conservative constituency in the Townships for the Liberal forces. Ald. Fortier is opposed by the sitting member, A. C. Crepeau, who was elected in 1927 over Ald. J. C. Morin by 406 majority.

Another hard battle is being conducted in Stanstead, where the member for the past eighteen years, Alf. Bissonnet, finds as his adversary Hector Verre, K.C., of Coaticook. In the last election, Mr. Bissonnet received a majority of 728 over his opponent, J. B. Bertrand.

The election of Dr. J. C. Lemieux in Wolfe is virtually conceded over Damien Despres, the Conservative candidate. Dr. Lemieux has represented the county since 1916, receiving acclamations in many of his elections.

Tell it to the public briefly, pointedly, state what price, and the Record want ads will find buyer or seller. The above sentence would cost 40 cents.

LARGE PARADE WAS HELD FOR MR. TASCHEREAU

Thousands of People Lined the Streets and Cheered Premier Taschereau.

Premier L. A. Taschereau was given an enthusiastic welcome by the people of Sherbrooke last evening, prior to his appearance at the 54th Armory, when staunch Liberal supporters lined the streets and cheered him as he drove past. The New Sherbrooke House was the starting point of a large parade which proceeded along Wellington street, up Frontenac and along Belvidere street as far as the Armory. All along the route people were lined up and gave vent to their sentiment and enthusiasm by cheering the Premier loudly.

Long before the parade started, crowds gathered near the New Sherbrooke House to await the appearance of Mr. Taschereau. The Harmony Band led the parade and many cars joined up in the procession as it proceeded towards its destination.

Thousands of persons had gathered at the 54th Armory and filled the street and terrace outside before the Premier arrived, and loud cheers resounded when he arrived upon the scene, surrounded by a few of his colleagues.

Local Conservative organizers did not lose the opportunity of securing a bit of free publicity at the expense of the Liberal party last evening. When the Harmony Band marched down the street towards the New Sherbrooke House before the start of the parade, it was closely followed by an automobile decorated with banners announcing that Mr. Houde would visit this city.

E. T. GOLF TITLE TO BE AT STAKE NEXT WEEK-END

Indications Are that a Representative Field Will Compete for 1931 Honors Over Sherbrooke Country Club Course.

The course of the Sherbrooke Country Club will be the scene of the 1931 Eastern Townships Amateur Golf Championship Tournament, which will be played on Friday and Saturday of next week. Each of the clubs represented in the membership of the E.T.G.A., comprising the Sherbrooke Country Club and St. Francis Club of Sherbrooke, Drummondville, Windsor, Lennoxville, Waterville, Dufferin Heights, Knowlton, Granby, Herming, Cowansville, Thetford, and Danville, is entitled to send a maximum of ten representatives and indications are that the field will comprise ninety to one hundred players. Each club is also entitled to name one or two teams of four men each to compete for the Sherbrooke Daily Record team trophy, the basis of play being the combined medal score of a team for the thirty-six holes on the first day's play. This trophy is presently held by the Country Club team.

Individual honours are decided over the seventy-two hole route, all entries playing thirty-six holes medal play the first day, and the best twenty-four scores of the first day playing a further thirty-six holes the second day, combined scores for the two days determining the winner. With the title of Eastern Townships champion goes the trophy won last year by Douglas Doak, of Cowansville. Entries have already been received from some clubs but as entries do not close until 6 p.m. Thursday, August 20, the complete list of entries is not yet available. The draw will be made Thursday evening, and no entries will be received after the draw has been posted. Play will start at 9 a.m. (summer time).

There is little thought that there will be any change in the Liberal Administration at Quebec, a Government which enjoys the full confidence of the country.

Sherbrooke has had an Opposition member at Quebec for many years—an able and competent man who is ever in good faith, but who is quite helpless, and has not been able to accomplish anything for the city or the county. Would it not be better for Sherbrooke to select a Liberal this year, and thus be in working union with the Taschereau Administration? I ask this question in the serious wish that we should be on the right side for once—or in one House.

Every indication points to the triumphant return of the Taschereau Government to power. A campaign of abuse is neither pleasing nor constructive. I ask you for your vote and influence on Monday, the 24th of August, 1931.

Emery H. Fortier.

LAST EVENING
Two persons, Hermenigilde Sim-
ard, thirty-five years old, of Little
Lake, and Miss Augustine Bouch-
ard, seventeen years old, of Boston,
Mass., are in the St. Vincent de
Paul Hospital today, suffering
from injuries sustained last even-
ing when the horse-drawn vehicle in
which they were travelling was
struck by an automobile.The accident occurred at about
nine o'clock on the Montreal Road
a short distance from Little Lake.
The automobile which struck the
wagon continued on its way, not
stopping to see what damage it
had caused or to assist the injured
persons. Simard sustained a dislo-
cated shoulder, while the younggirl suffered from severe bruises
to the head, to the right thigh and
to the left foot.
They were immediately removed
to the hospital, where their condi-
tion is reported as satisfactory to-
day.

Province of Quebec. Municipality of the town of Megantic.

Public notice is hereby given by De Lourdes Lippe, clerk of the municipal council of the town of Megantic, that the said Council, at its general sitting held on the third day of the month of August, 1931, has adopted the following by-law, namely:

BY-LAW NO. 82

Art. 1.—That Article 2 of By-law No. 59 of this town be amended by striking out therefrom the words, "one or two store permits" to replace them therein by the words: "permits to licensed grocers."

Art. 2.—The present by-law shall be submitted to the approval of the municipal council of the town of Megantic, at the dates and place which will be fixed by public notice to that effect, and will not come into force and vigor until being approved by the majority in number of the aforesaid municipal councilors who will have voted, according to law.

Public notice is also given that, in order to have it enacted according to law, whether by-law will be approved or rejected by the municipal councilors of the town of Megantic, a vote by ballot will be held at the town hall, in the town of Megantic, Province of Quebec, on the eighteenth day of the month of September, 1931, from ten o'clock in the forenoon to five o'clock in the afternoon, and between the same hours and at the same place, on the following day, if required.

Given at the town of Megantic, this sixth day of the month of August, nineteen hundred and thirty-one.

D. L. LIPPE, Clerk.

ELIMINATES BONDED INDEBTEDNESS

The Kelvinator Corporation of Canada has called all its outstanding six per cent. convertible gold notes at the call price of 105, announces G. W. Mason, the president. The redemption will take place on September 30 at the end of a sixty-day required notice period. This will leave the Kelvinator Corporation without any outstanding bonded indebtedness except the building bonds. The corporation shows a working capital of \$7,432,000 and a ratio of current assets over current liabilities of 9.8 to 1.

United States Steel opened off 3-8, then recovered. American Telephone was unchanged.

EXPECT BUDGET IN ONTARIO
TO SHOW DEFICIT

(Continued from Page 1.)
Undoubtedly, more taxation will be announced next Legislature. In the survey which the Government is reported to have launched, increased charges for motor markers, stiff trucking assessment, a one-cent boost in the gasoline tax, costlier liquors, higher mining taxes, and new fishing licensing are all reported to be receiving consideration.

C. C. Chichester, New Zealand Aviator, Seriously Injured When His Plane Crashed.

TOKYO, August 15.—The effort of C. C. Chichester, New Zealand aviator, to blaze a new air route from Australia to England, ended in failure at Katsura, Wakayama Prefecture, today when his plane crashed as he started for Tokyo and he was seriously injured.

Chichester apparently had difficulty in making altitude and as he flew low along the beach a wing or the tail of his plane struck a telegraph pole on the roadway and the plane crashed to the ground. It was badly damaged.
Chichester left Sydney, Australia, on July 3rd and flew northward, stopping in the East Indies. He made his way to Ormoc Leyte Island of the Philippine Archipelago but as he was taking off there his propeller hit a floating object on the water. He paroled the propeller with a piece of gasoline can and tacks and rubber tape and finally reached Manila.
Repairs were made to his plane there but difficulties again beset him when Japanese authorities refused to allow him to fly over a string of fortified islands leading from Formosa to Japan. He flew

Montreal Power Continued in Stronger Vein.

MONTREAL, Que., August 15.—Stocks continued firming at the opening of the Montreal stock market this morning, though gains did not exceed one point.
Brazilian was unchanged at 18 1/2 and Nickel was steady at 13 1/2. Yesterday's close, Dominion Bridge registered a gain of 3-4 at 33 1/4 and British Columbia Power was up 3-4 at 36. Smelters yielded 1-4 at 97, and Shawinigan was off 1-2 at 41. Montreal Power continued in a stronger vein, up 1-8 at 48 1/2. Power Corporation advanced 1-4 to 43 1/2. Quebec Power was unchanged at 32 1/2.

AIR PAGEANT

Post and Gatty, With Their Globe-Circling Plane, "Winnie Mae," Among Feature Attractions.

MONTREAL, Aug. 15.—Thousands thrilled to the concert drone of nearly fifty aeroplane engines today as the Third Annual Canadian Air Pageant embarked upon a 7-day programme of aeronautical showmanship at St. Hubert Airport here. The seventeen planes of the Trans-Canada Air Pageant were augmented by eighteen Boeing fighters of the United States Army Air Corps First Pursuit Group at Selfridge Field, Michigan, and a tri-motored transport from the same unit, Captain Frank Hawkes, American aerial speedster, was present with his record-breaking low wing monoplane, together with Wiley Post and Harold Gatty and the "Winnie Mae," in which they circled the globe in a little more than a week. From the Royal Canadian Air Force were six Siskin fighters. Aeroplanes clubs of Eastern Canada were well represented among the fleet of civilian flyers who came as visitors.

Special trains brought hundreds of air-minded visitors from New York and Boston, while other trains hurried thousands of Montrealers out to the big Government airport. Early today strange planes dropped down on the wide runways, bearing visitors from many cities. The pageant officially closes Montreal's aviation week, and His Honor Mayor Houde was present. From Ottawa came J. A. Wilson, Comptroller of Civil Aviation, Col. D. M. Sutherland, Minister of National Defence, G. J. Desbarats, Deputy Minister of National Defence, and officers of the Royal Canadian Air Force.

A galaxy of the most modern type of aircraft, including an Altiogiro, performed a lengthy programme of air manoeuvres lasting over four hours, comprising military display stunts and comedy flying. Frank Hawkes gave a speed demonstration in his famous plane. In contrast to the lumbering tri-motors, the little Aeronaucs with their two-cylinder engines, performed their tricks for the crowd, while Swanne Taylor provided another contrast in his S.E.5 scout plane of wartime vintage.

PERILOUS PART OF JOURNEY HAS BEEN COMPLETED

(Continued from Page 1.)
of flying Mrs. Lindbergh reported low fog, a wind of five miles an hour and a smooth sea. She was attempting to make contact with Russian wireless stations in Siberia.
Keeping to the north of the storm area, the plane continued its steady progress. Mrs. Lindbergh reported sighting Cape Navarin, 250 miles west of St. Lawrence Island, at 7:40 p.m., eastern standard time, saying the plane was flying high and the visibility good.
At 9:30 p.m., eastern standard time, alert ears heard Mrs. Lindbergh report her position as seventy-five miles south of Cape Navarin, 3,200 feet in the air and flying over broken fog along the Siberian coast. She was trying to communicate with the steamer Buriat.

Karagin Island, a small body of volcanic origin lies about five miles off the coast of Kamchatka Peninsula and is about 1,300 from Tokyo. The Lindberghs originally planned to end their flight at the Japanese Capital but while in Nome announced they intended to continue on around the world.
To the passengers of the Karagin the plane was a strange sight, but the Lindberghs themselves doubtless will see strange things there. It is little more than a trading post with a main village of a few crude habitations. So little was known of the island that Lindbergh, in plotting his course, was not sure whether he should stop there or continue on to the mainland.
That part of Kamchatka in the vicinity of Karagin Island is described by the National Geographic Society as desolate and uninhabited. To the south, however, the fliers will find grass covered sand hills and volcanic mountains.
Lindbergh previously arranged for a cache of fuel at Karagin to supply him for the hop to Petropavlovsk, largest town on the Kamchatka Peninsula 360 miles to the south.

to the northern end of Luzon Island, then to China and from there to Japan. He had planned to continue his flight over the Aleutian Islands.

Summer Tourist Trade Believed to Have Reached Its Peak During Past Two Weeks.

MONTREAL, Aug. 15.—Demand for light wearing apparel has lessened with the advancing season but retail sales of millinery, hosiery, etc., have been fairly active. The summer tourist traffic also reached its peak during the past two weeks, dealers in novelties and other specialties have handled a good volume of business.
The comparative mid-summer lull, usual on wholesale circles, was replaced by the activities of the fourth annual buyers' week, sponsored by the Board of Trade and leading wholesale and manufacturing concerns, the interest in which has become Dominion-wide.
The number of buyers participating was well up to expectations and sales results have justified the making of this an annual event.
Groceries continue in steady movement; new season's pack of vegetables and fruits is coming on the market in increasing quantities with no price revisions, quoted apart from one or two lines which have shown a rising tendency.

Operations in the building trades continue to be large centered in dwelling and apartment construction in the suburban districts. Hardware, plumbing supplies, paints, building materials, etc., have been in fair demand.
Orders for fall footwear have been fairly numerous, but manufacturers, in some instances, are delaying production in view of possible cancellation. Collections have slightly improved.
Thirteen district failures listed for the week, total liabilities \$129,166 with a similar amount of insolvencies during the preceding week and liabilities of \$443,146.

ORANGEMEN AND
HIBERNIANS IN
TROUBLE AGAIN

Hibernians Interfered With Recent Celebration, So Today When They Came to Do Some Celebrating of Their Own They Found Their Plans Interrupted.

BELFAST, Northern Ireland, Aug. 15.—A band of about twenty men wrecked a locomotive near Rich Hill early today and established a blockade along a railroad line on which delegates to the assembly of the Ancient Order of Hibernians were scheduled to travel.
The gang lifted the rails, and stopped a train. They made the engine detach the locomotive and start it at full speed toward a gap. It smashed up along the right of way and established an effective barrier against further traffic.
Their action was interpreted as a measure of reprisal against the "Irish Republican Army" which prevented Orangemen from holding a meeting at Coot Hill in the Free State on Wednesday. It was thought that unless speedy repairs should be effected, the Hibernian Assembly at Armagh would be greatly handicapped.
Rich Hill is in County Armagh, close to the border of the Free State, and is a strong Orange center.

Henry Bell, engineer of the wrecked locomotive, said he had stopped his train when he saw a red light, waved frantically ahead of him. No sooner had he brought it to a halt than he was surrounded by men brandishing pistols.
They told him what to do and when he protested against sending his engine into the gap in the track one of the men sent a bullet whirling over his head.
"The men's one for you," the men warned him, and Bell did as he was told.
As the locomotive struck the broken rails and overturned the gang walked coolly away.
In the Market Hill district of County Armagh trees were felled across roads and telephone wires were cut. At Armagh City a Union Jack was ripped from its staff in the night.

U. S. AVIATORS

UP DIFFICULTY

Herdon and Pangborn Fined 2,050 Yen for Violation of Japanese Aviation Laws.

TOKYO, Aug. 15.—Hugh Herdon, Jr., and Clyde Pangborn, United States fliers, were fined 2,050 yen (\$1,025) each by the district court today for violating Japanese aviation laws.
The aviators, who flew to Tokyo from Khabarovsk, Siberia, after a projected world-girdling flight ended there, were charged with having taken pictures of Japanese fortifications. They denied they planned to take off here for Seattle in an attempt to span the Pacific for a cash prize of \$25,000. They flew to Japan without a permit.

The cost of government in the executive side compared favorably with that of any industrial corporation from money and investments.

As a result of its thirty-two years of administration, the Liberal Government in Quebec is a strong and solid one, declared the Hon. Gordon Scott, in his address to the large assemblage. The Conservatives claimed that there was something wrong with the Taschereau Government, but doing his duty if he had allowed Ontario to develop its forestry resources and created no great industry in Quebec.

Mr. Kelly talked of the development of the water powers showing the results which had come about. Since the Taschereau Government had taken charge of affairs not a single water power had been sold, and in all cases they had gone to the highest bidders and the conditions had been such as to bring about a great industrial development and also bring a substantial revenue to the province.

was solely at fault and that the accident was preventable.
"This legislation has been amended and improved year after year until at the last session we introduced the most modern and generous Workmen's Compensation Act. This act has been given the whole-hearted support of the various labor unions. No longer must the workmen be exposed before the courts and hire lawyers. Now he is heard before a commission on which labor is represented. This commission has been ordered to give generous but fair indemnities."

"In the future," he declared, "it is possible that changes may be desired in the interpretation of the law and the Liberal Government is ever ready to pass this legislation."
"Legislation has been passed," continued Mr. Taschereau, "for the creation of a separate Department of Labor. After this election, I hope to appoint a real labor man to this position."
"Much has been said of the problem of social insurance and I tell you that the Government is not asleep to the situation. But the problem is not solved by merely creating old age pensions, sickness and unemployment insurance. Certain difficulties are in the way. Certain difficulties are in the way. We have appointed a special commission to investigate the matter and if their report is favorable and the finances of the Province admit we will adopt their recommendations. But I make you no definite promises. Last summer the promise was made that the Federal Government would assume the whole cost of the old age pension scheme, but now they go about the country boasting that they have increased this payment to seventy-five per cent."

The problem of finance next received the attention of the Prime Minister. When he took over the reins of office in 1920, the total revenues of the Province were \$14,000,000. Without levying a single tax on the farmer or the working man these revenues had been increased to \$43,000,000. Furthermore, in spite of the greatly increased expenditure during this period, when practically every government in the world was faced with a deficit, the Province of Quebec reported a surplus. In 1931, it was a small surplus, he admitted, but a surplus just the same.

The unemployment problem was the next topic to be discussed by the Prime Minister.
"Unemployment is nobody's fault," said Mr. Taschereau. "It exists everywhere. Our city workers suffered from it last winter and probably the conditions will be worse this year. We agree with the Federal Government that it is the duty of the different Governments to relieve the consequent distress."
"The Ottawa Government made great promises of what they would do. They voted twenty million dollars or two dollars a head, less than the average Canadian could spend in an evening. But they inserted a joker in the grant. They insisted that to take advantage of this grant for a province must spend one dollar for every dollar the Federal Government and the municipalities must spend two dollars."

"While we were opposed to the principal of the scheme, we called a special session of the Legislature in order to assume the burden. The sum of \$2,500,000 was allotted to the Province of Quebec, but in order to take advantage of it the Province and municipalities were compelled to spend \$6,000,000. Many of the poor municipalities have been plunged into debt and their credit injured, and the scheme cannot be repeated this year."
In outlining his plans for the coming winter, the Premier said that the Legislature had approved the expenditure of \$7,500,000 on bridges to give employment to thousands and this money had been obtained out of revenues. Borrowing was not resorted to.

The Agricultural Department was interested in the science of agriculture, stated Mr. Godbout, and would not rest until the Quebec farmer had become the best educated farmer in the world. The matter of education was an important one, he continued, and young men from seventeen to twenty-five years of age would be instructed through the efforts of the Government. Younger boys in rural schools should also receive instruction in farm work, the speaker said. The promise of Mr. Houde to lend the farmer money at two per cent would never be realized, said Mr. Godbout, as such action was impossible. The Government itself could not obtain money at such a low rate of interest.

The final speaker of the evening, Hon. John Hall Kelly, M.L.C., of Gaspe, said the best service the people of Sherbrooke could render the Liberal party was to hear Mr. Houde tonight. The mention of Mr. Houde's name brought forth hisses and catcalls. Mr. Kelly said Mr. Houde would tell the audience that Mr. Taschereau had sold the province to the Americans.

Since Canada had existed the forests of the province had been considered to be their mightiest resource. Even before Confederation, forest limits were sold and Mr. Taschereau could not be for it. In the forest in these days were sold after Confederation and during 25 years of Conservative Government there had been sold by private sale a total of 87,900 square miles of forests at \$19 a square mile.

It was a different matter with the Taschereau Government, the forests had been leased through public auction at remunerative prices. Mr. Taschereau would not be doing his duty if he had allowed Ontario to develop its forestry resources and created no great industry in Quebec.

Mr. Kelly talked of the development of the water powers showing the results which had come about. Since the Taschereau Government had taken charge of affairs not a single water power had been sold, and in all cases they had gone to the highest bidders and the conditions had been such as to bring about a great industrial development and also bring a substantial revenue to the province.

PRICES AND DETAILS OF
SHERBROOKE MARKET

Both butter and eggs were stronger at the Sherbrooke Market yesterday, increased export demand causing a diminishing of stocks of both commodities. Butter advanced one cent a pound from the price of the previous week, creamery butter selling at twenty-four to twenty-six cents a pound, with twenty-three to twenty-four cents being asked for dairy butter. Eggs were up one to two cents a dozen yesterday, selling at twenty-seven to thirty-two cents, compared with twenty-six to thirty cents the previous Friday.

The usual summer slump occurred in the vegetable section. Corn fell from twenty to thirteen cents a bushel. Yellow bantam corn fell from twenty-five to fifteen cents a dozen. Iceberg lettuce sold at ten cents a head compared with fifteen cents a week ago, while native lettuce was selling at five cents instead of ten cents.

New potatoes were down five cents a bushel, being on sale at sixty cents a bushel. The prevailing prices yesterday were:

THE DAIRY MARKET	
Pimento cheese, per lb.	60c
Butter, best creamery	24c to 26c
Butter, best dairy	23c to 24c
Eggs, fresh	27c to 28c

diture of \$7,500,000 on bridges to give employment to thousands and this money had been obtained out of revenues. Borrowing was not resorted to.
Of particular interest to his Sherbrooke audience was the announcement that only that day he had signed an order for the construction of a bridge over the St. Francis that would result in a \$200,000 order being placed with the MacKinnon Steel Company, a local organization. He impressed the fact upon his audience that the Provincial Government was paying for the whole of this and not a mere twenty-five per cent.
Tenders were being called, he continued, for further structures that he hoped would result in more work for the local shops.

The road programme of the Government, which was costing \$13,000,000 was providing work for 30,000 men, without prejudice as to their political color. The Government realized, he said, that men with families must eat and must be provided with work. These men were not asked how they would vote, but were left to vote with their conscience, and he added, "I am sure they will vote Liberal."

The back to the land movement was declared to be the most effective means of relieving unemployment. The Government had taken the families of two thousand unemployed men and settled them on Crown lands. They were decided the land, live stock and implements were provided, while the Government gave them sustenance until God provided them with a suitable harvest.

"Unemployment is above politics," he declared. "All who wish to work must get it. We appeal to the Provincial Government and the municipalities, who are able to do so, to proceed with all the available public works during the coming months."

"I will not make you promises. You had enough of them last year, and you know how they were carried out."

He referred to the promise of the Opposition to defray the cost of the Government to two per cent, as impossible. Drawn to a logical conclusion, he said, the Government should lend money to city residents at the same rate to erect dwellings.
Declaring that a man must be judged by his acts, he asked the electors to judge his opponent by the latter's record. Mayor of Montreal. The city had been plunged into a financial morass, he said, and predicted an early increase in the tax rate.

SOMERVILLE TO DEFEND TITLE AGAINST YATES

Canadian Amateur Golf Championship Final Is International Match—Large Gallery on Hand to Witness Contest.

MONTREAL, Aug. 15.—Two great amateur golf stars today set out to win the Canadian amateur golf title in an international match. The closing day of a week of keen competition found C. Ross Somerville, present champion, matching strokes over the thirty-six hole route with Arthur Yates, of Rochester, N.Y.

The opening eighteen hole round began at 11 a.m., with the afternoon battle scheduled to commence at 3 p.m. Somerville, three times champion of Canada, reached the final by defeating Bob Morrison, of Victoria, B.C., seven up and six to go in the semi-final yesterday, while Yates won from Jack Cameron, Laval, Montreal, seven up and five to go. Both matches were thirty-six hole affairs.

A large gallery, which threatened to reach huge proportions by the time the afternoon round started, was on hand to see the players start their titanic round over the south course of the historic Royal Montreal Golf Club.

Today's match was the climax of a week during which 122 players from coast to coast of Canada and the United States attempted to dethrone Somerville, defending champion. Most of the entrants were eliminated on Monday when the qualifying round was played.

The thirty-two who survived that round went into match play, and on each day Somerville scored a thirty-six hole victory by a large majority. Yates also went smoothly throughout the week, disposing of some excellent opponents.

The finalists have long been outstanding golfers. Somerville held the title in 1926, 1928 and 1930 in addition to winning dozens of provincial and club titles. Yates was New York State champion in 1927, a semi-finalist in the United States national amateur in 1923 and holder of a number of winter tournament titles.

The Somerville-Morrison match was the feature yesterday. The British Columbia star was shooting with deadly accuracy in the morning round and an amazed gallery saw the coast player lead Somerville by one and two holes throughout as the first eighteen. Matching the champion's best strokes, Morrison even outdid the London player at times, and looked as if he might beat the champion until the very end of the morning round.

Going to the 17th hole two down, Somerville proved his championship calibre by pounding out two birdie fours in a row to square the match as they went in to lunch. The 17th hole is 555 yards, and the 18th 400 yards in length, and it required only spired blows by the champion to score birdies, tie up the match and relieve Morrison of much of the confidence a two-hole lead might have given him in going into the afternoon round.

The second 18-hole round saw the champion rise to the heights and leave Morrison far behind. After halving the 19th, 20th and 21st, Morrison's consistency broke down and he dropped five straight holes to Somerville's wizardry, thus dropping out of contention. The Phil's effort on Somerville's part to win a few more holes against the faltering westerner, and he ended the match on the 30th green with a par three effort.

It was the closest call the champion had had since the opening of the tourney and Morrison made an undoubted impression on eastern galleries. He had a smooth, easy style and an unconcerned temperament that should carry him to the heights in future events.

Yates' victory was clean-cut. The Rochester golfer was in deadly form and he came up against the Laval player in a shaky mood. Cameron's iron game seemed to have left in the morning and he dropped five out of the first six holes, most of them by poor approach shots. That margin was too much for Cameron to overcome, and although he brightened up on the homeward nine, he could not reduce the margin of five holes and he dropped the seventeenth to go six down at lunch hour.

A ray of hope shone for the Canadian at the start of the afternoon round. He played two impressive shots to reach the green 490 yards away. Yates was also on in two, and nearer the pin, but Cameron stepped up confidently and swept in a 40-foot putt for an eagle three, his second at the hole in two days. But Yates was unbeatable, and although Cameron fought grimly and made some of the most remarkable recoveries seen in the tournament, Yates breezed along confidently to end it at the 31st hole, 7 and 5.

CALUMET BUTLER CHAMPION TROTTER

GOSHEN, N. Y. August 15.—The new United States three year old trotting champion is Calumet Butler, owned by William M. Wright, of Lexington, Ky.

An outsider in the betting, Calumet Butler, driven by sixty-two year old Dick McMahon, raced to victory in the \$50,000 Hambletonian stake here yesterday. The victory carried with it the three year old trotting title and a cash prize of \$31,549.97.

The son of Truxout of Justissima placed third in the opening heat of one mile, won by John M. Berry's Keno, of Rome, Ga., and then went out to capture the second in fairly easy fashion and the third and deciding heat from Keno by the narrowest of margins. The times were 2:04 1/4; 2:03 3/4; 2:05 1-5.

Second money of \$3,014.28 went to Keno. Third of \$4,567.14 to Calumet Beltrick and fourth of \$1,000 to Charlotte Hanover.

ATHLETICS AND ST. LOUIS HAVE BIG MARGINS

Two Leading Teams Maintain Terrific Pace—Lou Gehrig and "Babe" Ruth Clouted Out Home Runs Yesterday.

NEW YORK, Aug. 15.—The two weeks of baseball campaigning which began a few days ago with the start of the most recent international series in the major leagues appear to be just about enough to settle the pennant races for this season. The eastern clubs of the American League and the western teams of the National, which include the leaders and most of their rivals in both circuits, are making their final visits to the rival cities.

If the visiting leaders can get through these tours successfully they have good chances for the rest of the season when they play nearly all their games in the more comfortable surroundings of the home fields. And so far the St. Louis Cardinals and Philadelphia Athletics have done practically nothing but increase their leads.

The A's, although idle yesterday, had the edge in their first western series with Detroit, while their nearest rivals, the Washington Senators, dropped their third straight game to the Chicago White Sox and the third place New York Yankees lost two to Cleveland, leaving them 11 1/2 and 13 1/2 games behind, respectively.

The Cards failed to register an increase yesterday when they took their fourth game in succession from Brooklyn, but while they were registering that sweep Chicago dropped to third place by breaking even with the Phillies and New York barely edged out Pittsburgh in a five game series, finishing nine and a half games back of St. Louis.

Joe Frasier's fine relief pitching in the ninth held off a Washington rally and gave the White Sox a five to four victory they earned by pounding Sam Jones for three runs in the seventh. Homer number thirty-two by Lou Gehrig and number thirty-one by Babe Ruth failed to win for the Yankees in the first game as Earl Averill outdid both by clouting his twenty-third homer of the year with the bases full.

The final count in the opening slugfest was thirteen to seven, and Cleveland went right on hitting to win the second game by nine to one behind Willis Hudlin's six-hit pitching.

The second division leaders of the league, the St. Louis Browns, pounded a twelve to two victory over the Boston Red Sox, which left them 31 1/2 games behind the Athletics.

Adolf Luque's pitching kept the Cardinals trailing up to the eighth inning, but they broke loose then and scored eight runs in two frames to beat Brooklyn by nine to three. It was the Robins' fifth straight defeat. New York's Giants kept pace when they started their new pitcher, Jim Mooney, and beat out Glenn Spencer and the Pittsburgh Pirates by two to one. Mooney, just up from Bridgeport, gave nine hits, but fanned seven.

The Phillies made it two in a row over Chicago, dropping the Cubs from their virtual tie for second place as they pounded out a fourteen to four decision. The Phil's collected fifteen hits, while Ray Benze limited the Cubs to seven.

Boston's Braves broke another virtual tie, regaining undisputed possession of fifth place by taking both games of a double header from Cincinnati. Ed Brandt outpitched Larry Benton to win the first by one to nothing, while Willie Sherdel did as well, winning the second by three to one on a five-hit performance.

BASEBALL'S BIG SIX. "Babe" Ruth did most of the hitting for the "Big Six" batmen yesterday, gathering his thirty-first home run and three singles in eight times at bat. This clouting raised his average to .353, five points behind the idle leader, Al Simmons.

WESTERN TEAM CARRIED OFF RIFLE HONORS

Margin of Eleven Points Marked Victory of Westerners Over East Yesterday at Connaught Ranges.

CONNAUGHT RANGES, Ont., August 14.—The west still seems to be the home of the sharp shooter. At any rate a picked team of eight men from west of the Great Lakes defeated the eight choice shots from the east at a specially arranged match at the Dominion of Canada Rifle Association's meet here yesterday. The margin of victory was small, however, a total of only eleven points, on the three ranges, 300, 900 and 1000 yards, separating the two teams.

Twenty marksmen were nominated to represent each side. From these twenty, numbering among them some of Canada's greatest marksmen, two teams were chosen. The teams consisted of eight men each, with a coach. The coaches were Lieut. Desmond Burke, Ottawa, for the east, and Lt.-Col. R. M. Blair, Vancouver, for the west.

The teams: West—Sgt. J. H. Regan, Victoria; Capt. D. E. Blair, Vancouver; Sgt. T. A. Jensen, Calgary; Cadet. Lt. D. Brereton, Winnipeg; Quarter Master Sergeant H. W. Burton, Calgary; Armourer Quarter Master Sergeant A. E. Evans, Esquimaux; Lieut. W. Worsick, Winnipeg; and Sgt. J. A. Davidson, Winnipeg.

East—Capt. J. W. Houlden, Sherbrooke; Lt. R. A. Sweet, Hamilton; Capt. J. E. Foreman, Hamilton; Lt. J. N. Downey, Saint John; Capt. J. T. Steel, Guelph; Sgt. J. H. Gray, Toronto; C.S.M. H. Rusk, Ottawa; Capt. G. A. Herling, Regina.

Two of the greatest cadet teams Canada has ever known settled a friendly argument at the 500 and 600 yard ranges here, and when the count was tallied, the Motherland, represented by eight expert school boy marksmen from the Old Country, had defeated Hamilton Central Collegiate by eight points.

The match, an added feature to the Dominion Rifle Association meeting was featured by all the drama, all the tragedy, of great rifle matches. Searforth Highlanders, Vancouver, won the Gillespie Challenge Cup, open to the teams of four men making highest aggregate scores in the City of Ottawa first stage Governor-General's and MacDonald Brier competitions. The team was composed of Lt.-Col. R. M. Blair, Capt. D. R. Blair, Capt. J. M. MacNeil and Pte. I. M. Grant, 48th Highlanders, were second and Sherbrooke Regiment, third.

SHERBROOKE THIRD FOR ACTIVE SERVICE COMPETITION. CONNAUGHT RANGES, Ont., August 15.—Thirty bullets will spell the difference between victory and defeat for 150 of Canada's finest marksmen today. The second stage of the Governor-General's match, greatest event of the Dominion Rifle Association meet and sterner test of marksmanship in Canada, is to be fired today. The 150 who are in the second stage by reason of qualifying in the first on

Eddie Morgan, of Cleveland, returned to the "Big Six" as he hit three times in nine tries. His average dropped a point to .361, but he gained third place in the American League when Earl Webb failed to connect in four tries and fell three to .360.

Player G A R H PCT. Simmons, Atl. 111 449 97 171 381. Ruth, Yankees 102 379 104 145 383. Morgan, Indians 97 349 60 126 361. Davis, Phillies 91 294 122 102 317. Klein, Phillies 111 451 97 155 344. Terry, Giants 110 440 83 151 323.

Wednesday will go to the 600 and 900 yard ranges today, fire fifteen shots at each range and then wait the result. To the winner goes the Governor-General's gold medal, and the title of "finest shot in Canada." And with the medal and title will also go \$500. Second prize is \$300, third \$200 and fourth \$100. The match is the richest of the Canadian shooting season, with a total of \$3,496 being distributed in cash.

Following the Governor-General's match, the Empire match, between eight of Canada's best and eight from the English Bisleys team now visiting Canada, will take place. This will be the greatest team event of the week, with the visitors having a slight "edge." In the Canada match, fired on Wednesday, the British squad defeated the Canadians by fifteen points shooting at 300, 500 and 600 yards. Today's match will take place at 900 and 1,000, and competition will be even keener than it was on Wednesday. The prize is a challenge trophy presented for Empire competition by the Canadian Pacific Railway, while Wednesday's prize was the Canada Cup, presented by the Canadian National Railway.

With the close of the Empire match, the meeting will end. The week has been featured by unusually high scoring and nearly perfect weather throughout. Not one individual match in the entire week has been decided outright, for so many men have had perfect scores that tie shoots have been necessary to decide the issue. The number of various matches has varied between sixteen in one match to two in another.

Results of the Gascoigne active service competition, open to teams of four men and awarded for high aggregate at 300 yards in the Borden, 500 yards in the Sherwood and 200 yards in the Helmer memorial matches were issued today.

Queen's Own Rifles, Toronto, won the trophy, with an aggregate score of 350, with Victoria Rifles, Montreal, in second place with the same score. Queen's Own won, however, by having "best" scores at longest range. Sherbrooke Regiment placed third. Members of the winning team were Captain R. S. Harrison, Lt. R. Storror, C.S.M. N. J. McLeod, and C.Q.M.S. W. C. Morrish, all of Toronto.

RYE, N.Y., August 15.—The eastern turf court tennis championships will have to get along this year without a women's singles title holder.

Joan Ridley and Mrs. Elsie Goldsack Pittman, Britons both and close friends to boot, walked off the courts of the Westchester Country Club yesterday after dividing the first two sets of their final round match for the women's singles crown and declined to finish it.

Although Dr. Philip B. Hawk, chairman of the championship committee, protested that such an action was unprecedented in the annals of major American tournaments, the British girls declared they wanted to save their strength for the doubles and that they contended their action in refusing to continue the singles match "perfectly proper."

Nothing could shake the Britons from their decision and it finally was decided to award them first and second prizes to be divided as they saw fit. Neither's name, however, will appear on the championship trophy.

Mrs. Pittman won the first set 6-3, but Miss Ridley came back to take the second 6-4.

After the strange ending of their singles duel, the British girls teamed up to win the doubles, beating Josephine Cruickshank, of Santa Ana, Calif., and Mrs. Marjorie Gladman Van Ryn, of Philadelphia, in a gruelling match, 13-11, 4-6, 6-3.

KNOWLTON LAD IS HOLDER OF JUNIOR TITLE

John Kerrigan Captured Eastern Townships Junior Golf Crown After Exciting Play-Off With Billy McDonald, of Granby.

GRANBY, QUE., August 15.—John Kerrigan, fifteen-year-old star of the Knowlton Golf Club, is the new junior golf champion of the Eastern Townships as a result of his excellent play in the annual tournament held yesterday at Granby.

Some forty-five boys ranging in age from twelve to seventeen years, representing Sherbrooke Country Club, St. Francis, Lennoxville, Waterville, Knowlton, Granby, Windsor Mills and Dufferin Heights competed over the eighteen hole route for the title won last year at Sherbrooke by Robert Johnson of the Knowlton club.

Against a par of 3 4 4, 5 3 4, 4 3 4, Kerrigan's card was as follows:

Out—4 4 5, 5 3 5, 4 4 4—38. In—2 4 4, 6 3 6, 4 4 4—37. Total 75.

One of the first to finish, Kerrigan's amazing card seemed good enough for the title, but somewhere out on the course was a fighting tow haired youngster, Billy McDonald, of the Granby club, whose first nine holes of 40 appeared to be too big a handicap to overcome.

Word came in from the seventh tee that Billy had a fighting chance of that Billy had a fighting chance of equalling Kerrigan, but he needed 4 3 3 against a par of 4 3 4. McDonald got his four at the seventh and then raised the hopes of his followers to fever pitch when he sank a long putt at the short eight for a birdie two. A three at the last would win and a four tie Kerrigan, but after a poor tee shot at the last hole the best the boy could hope for was a four, and this he procured. McDonald's last nine holes of 35 was the best round of the day.

Followed by a large gallery the two boys started off again for a further nine holes. The first two shots on the first hole decided the issue as results proved. McDonald, driving first, found the deep trap at the left of the green, while Kerrigan's ball trickled into the trap at the right. McDonald was short coming out of the trap, while the Knowlton boy put his ball the feet from the pin. Trying desperately to hole a long putt, McDonald ran so far past the hole that he required two more putts to go down for a five, while Kerrigan sank his for a par three. The next two holes were halved in par fours, but at the long par five fourth hole McDonald picked up a stroke, getting a five to Kerrigan's six. On the short fifth, Kerrigan picked up his two stroke advantage by getting a four to McDonald's five. Both boys sided in traps guarding the green, but McDonald had the harder recovery and his shot from the trap was short, while Kerrigan was on twelve feet past the pin. McDonald pitched on with his third and both boys took two putts to hole out. The next three holes were halved in 5, 5, 4, still leaving Kerrigan a two stroke advantage with only one hole to play. Against a player of the golfing caliber of young Kerrigan it was too much to hope for by even his most enthusiastic supporter, although McDonald got a par four to Kerrigan's five, still leaving him one stroke shy of the title.

To Kerrigan went the P.Q.G.A. trophy cup, donated last year by Mr. George Forster, president of the P.Q.G.A. for annual competition among Eastern Townships Juniors and first prize. To Billy McDonald went second prize, and

John Kerrigan Captured Eastern Townships Junior Golf Crown After Exciting Play-Off With Billy McDonald, of Granby.

GRANBY, QUE., August 15.—John Kerrigan, fifteen-year-old star of the Knowlton Golf Club, is the new junior golf champion of the Eastern Townships as a result of his excellent play in the annual tournament held yesterday at Granby.

Some forty-five boys ranging in age from twelve to seventeen years, representing Sherbrooke Country Club, St. Francis, Lennoxville, Waterville, Knowlton, Granby, Windsor Mills and Dufferin Heights competed over the eighteen hole route for the title won last year at Sherbrooke by Robert Johnson of the Knowlton club.

Against a par of 3 4 4, 5 3 4, 4 3 4, Kerrigan's card was as follows:

Out—4 4 5, 5 3 5, 4 4 4—38. In—2 4 4, 6 3 6, 4 4 4—37. Total 75.

One of the first to finish, Kerrigan's amazing card seemed good enough for the title, but somewhere out on the course was a fighting tow haired youngster, Billy McDonald, of the Granby club, whose first nine holes of 40 appeared to be too big a handicap to overcome.

Word came in from the seventh tee that Billy had a fighting chance of that Billy had a fighting chance of equalling Kerrigan, but he needed 4 3 3 against a par of 4 3 4. McDonald got his four at the seventh and then raised the hopes of his followers to fever pitch when he sank a long putt at the short eight for a birdie two. A three at the last would win and a four tie Kerrigan, but after a poor tee shot at the last hole the best the boy could hope for was a four, and this he procured. McDonald's last nine holes of 35 was the best round of the day.

Followed by a large gallery the two boys started off again for a further nine holes. The first two shots on the first hole decided the issue as results proved. McDonald, driving first, found the deep trap at the left of the green, while Kerrigan's ball trickled into the trap at the right. McDonald was short coming out of the trap, while the Knowlton boy put his ball the feet from the pin. Trying desperately to hole a long putt, McDonald ran so far past the hole that he required two more putts to go down for a five, while Kerrigan sank his for a par three. The next two holes were halved in par fours, but at the long par five fourth hole McDonald picked up a stroke, getting a five to Kerrigan's six.
