MONTREAL SCHOOL TEACHERS END WALKOUT

World News In Brief

Washington, Jan. 24.—(AP)—“Axis Sally” treason trial gets under way in United States district court here today.

The treason charge against Mildred E. Gillars, 48, a native of Portland, Me., grew out of the German propaganda broadcasts known to allied servicemen as the “Axis Sally” program.

If convicted, the silver-haired defendant faces a possible death sentence. The minimum penalty for treason is five years’ imprisonment and a \$10,000 fine.

Athens, Jan. 24.—(AP)—Police today arrested the leader and 49 members of what they termed a Communist underground organization on charges of conspiring to assassinate three leading Greek officials. Authorities said they seized a large amount of arms. Six women were among those arrested.

Nagoya, Japan, Jan. 24.—Five Americans and a Japanese were killed in an American woman critically injured when an electric train struck their jeep near here yesterday.

London, Jan. 24.—(AP)—For 90 minutes Sunday morning life stood still for 1,000 families of Stepney, East London, while a demolition squad cut the life out of a 3,000-pound bomb which fell eight years ago.

“Commercial Charlie”—so-called because it was dropped near heavily travelled Commercial Road—was the second biggest record bomb dropped by the German air force on Britain.

Kingsport, Ont., Jan. 24.—Austin Craft, 34, a robber and murderer, paid with his life early today for the prison-break slaying of penitentiary messenger John D. Kennedy last April 26.

Jeff, who had spent more than half his 47 years in prisons, dropped through the trap-door of the gallows at Frontenac County jail here at 12:12 a.m. He was pronounced dead eight minutes later.

Regina, Jan. 24.—(AP)—Regina residents shivered their way to work today in 25 below-zero weather, either by walking or riding in army trucks, or other temporary transportation following yesterday’s \$1,000,000 fire which destroyed 75 per cent of the city’s street cars and buses.

City officials meanwhile started an investigation into the blaze, one of the most destructive in western history, which within a few hours destroyed 12 street cars, 17 trolley buses and nine gas buses. Earlier reports had placed the number of destroyed vehicles even higher.

Strikers Vote To Return To Work Unconditionally After Appeal By Parents’ Group

Death Toll At Week-End Was Twelve

By The Canadian Press

Investigations are under way into the violent deaths which occurred in eastern Canada during the week-end.

A total of 12 week-end fatalities was tabulated by The Canadian Press. Seven were the result of traffic accidents.

Joseph Allen Morrissey, 26, was found lying in a pool of blood in the bedroom of a Saint John, N.B., tenement house and police said “it looks like murder.” They said he had several knife wounds in the chest and head.

In London, Ont., police are seeking the cause of the death of Mrs. Ruth Paige, who succumbed early Monday of head injuries. Her husband said she limped into their home early Sunday and went to bed without explaining her injuries. She was unconscious in the morning.

Two men died in an auto accident Saturday at Grand Pre, N.S., when their car swerved into a ditch to avoid a cat. Raymond Duncan, 15, of Windsor, N.S., and Harry Nix, 31, of Canning, N.S., died of injuries and two other passengers are in serious condition.

At Baia, Ont., Walter G. Baldeck, 56, and Wilford K. Pordon, 48, died Sunday at a level crossing. Their motorcar slid on icy rails and was hit by a speeding freight locomotive.

Two others died Sunday in Toronto when their truck crashed into an auto. Victims were Donald J. McKenke, 36, and James Morris, 50, both of Toronto.

Alliance President, Leo Guindon, Tells Teachers to Report for Work This Afternoon—Decision Follows Night-Long Meeting.

Montreal, Jan. 24.—(AP)—An appeal from the Quebec Parent’s School brought surprise results early today when 1,800 Roman Catholic French and English-speaking teachers, on strike for higher wages, voted to return to work “unconditionally.”

Leo Guindon, president of the French Catholic Teachers Alliance which called the walkout, told the teachers to report to work at 1:10 P.M. today. He said that he thought they should get some rest before resuming classes. The meeting broke up shortly before 3 A.M.

Several hundred members of the French-speaking alliance voted against the proposal but only four members of the English-speaking Federation of Catholic Teachers, which walked out in sympathy, voted negative.

The strike, which started last Monday, marked the first time in this city’s history that a school teaching body has walked off their jobs. The week following was filled with meetings and statements from various organizations lauding the strikers, and reports from others condemning it.

Mercy Flight Is Completed Successfully

Churchill, Man., Jan. 24.—(AP)—When the twin-engine Dakota “Charley Able Dog” roared away from Rivers, Man., Jan. 17, bound for Arctic Bay, on Baffin Island and 400 miles within the Arctic circle, its mission was known unofficially as “Operation Dunn.”

Harold Dunn, object of its 2,000-mile mercy flight, was resting well in hospital at this port today. Near his was Oglomik, ailing Eskimo hunter also picked up by the Dakota, and the R.C.A.F. was following a return leg of the trip which saw the plane sprawled on the ice of Hudson Bay after a forced landing but its 12 men occupied safe.

For their safety they gave thanks to a wheels-up landing on the only piece of ice enabling them to set down safely, and to their skillful evacuation by an R.C.A.F. rescue plane which landed nearby and took off the crew and the two patients.

Said Flt.-Lt. Ken Moore of Vancouver, pilot and captain of the plane: “It was only by the grace of God that we were lucky in landing where we did.”

The Dakota was off course, its fuel was running short. At the time of the forced landing, almost complete darkness prevailed. Flt.-Lt. R. H. Henslip of Ottawa, Ont., co-pilot, made the successful landing at 2:40 a.m. Friday, in line with Moore’s decision to “go down on a prayer.”

“Operation Dunn” then became “Operation Moore.” Shortly before Henslip made the landing, the plane began sending out SOS messages which were picked up at Churchill. Reception of the Dakota’s distress signals sparked a large-scale search. Flt.-Lt. Norman Keene of White Rock, B.C., piloting a ski-equipped Norseman, landed on the ice half a mile from the Dakota Saturday after his position had been fixed by wireless contact.

Indian Rebel

Jules Sioui sits at a desk in his Indian “government” headquarters at Loretteville, Que., prior to leaving for Quebec jail where he was sentenced to two years in penitentiary for conspiring to incite Indians to rebellion. The well-scrubbed office on the Huron reservation is Sioui’s home, barbershop, and grocery store. Himself a Huron, Sioui can’t speak a word of any Indian dialect.

Quebec Huron Receives Two-Year Penitentiary Term

Quebec, Jan. 24.—(AP)—Jules Sioui, busy little Quebec Huron, was given a two-year penitentiary sentence Saturday for his activities as secretary-treasurer of an Indian “government,” formed three years ago.

The 44-year-old resident of Loretteville, was sentenced for conspiracy to incite rebellion among Canadian Indians after a six-day trial and in which a number of Canadian Indian leaders were witnesses.

Some of them declared that publications and special registration cards issued by Sioui’s organization, the “government of the North American Indian nation,” confused Indians on Canadian reservations.

Sioui, pale and weak from the hunger-strike he carried on in his jail cell during the week, he awaited sentence, said he would end his campaign by “legal and democratic means to recover the freedom of my people.”

When his trial concluded with a guilty verdict January 15 and date of sentence was fixed for January 17, Sioui reported sick and unable to appear in court.

Sentence was then fixed for January 24 but was advanced two days by crown authorities when Sioui launched his hunger strike as a protest against conviction.

From the time he was committed after preliminary hearing last June for Criminal Assizes he dispatched a series of motions to the court contenting its right to try him.

He said the case of Canadian Indians was due for study by the United Nations and that as an officer of a government he was imprisoned.

Israeli-Egyptian Peace Talks Resume After Being Broken Off Temporarily

By L. S. CHAKALES

Rhodes, Jan. 24.—(AP)—Israeli-Egyptian armistice talks in their final nervous stage were resumed today after a brief period in which it was feared the conference had been broken off in failure.

The resumption may be temporary, but the acting United Nations mediator, Dr. Ralph J. Bunche, labored to avert a breakdown over touchy Negev boundary issues. A spokesman said the “immediate difficulties” facing the delegations had been solved, but he gave no indication that a successful conclusion could be expected.

This statement came after Bunche went into separate huddles with the Egyptian and the Israeli delegations. Before the meetings, a usually reliable source had said the conference had broken down.

It also was learned here that the Israeli government had blocked the evacuation of Egyptian troops trapped in the Faluja pocket in southern Palestine. The evacuation had been scheduled to begin today.

The source which reported the breaking off of negotiations said the Jews and Egyptians both refused to budge from their previously stated positions on boundaries to be set in the Negev desert.

There was, however, a desperate hope that Bunche might pull a minor miracle by getting some modification from one or both sides to gain a resumption of the talks, the source said.

The Egyptians insist that the boundaries be set according to positions occupied by both sides before the successful Jewish offensives of Oct. 15 and last month.

The Jews, while apparently willing to give up some territory won in their most recent offensive, refuse flatly to retreat to positions held before Oct. 15.

Although a member of Bunche’s staff and an authoritative Jewish source denied reports the Jews had decided to abandon the talks because of the unyielding Egyptian attitude, the Israeli source said “we will not agree to the lines of Oct. 14.”

Bunche worked until the early hours today, meeting individually with the chiefs of the two delegations.

Shortly after midnight, however, a member of the mediator’s staff described the situation as “very sour.”

Another indication of the sudden turn for the worse in the talks was an announcement by a U.N. source in Tel Aviv that evacuation of about 3,000 Egyptian troops trapped at Faluja in southern Palestine had been suddenly postponed.

The evacuation had been agreed on early in the Rhodes negotiations.

The U.N. source said the evacuation had been scheduled to begin tonight after U.N. supervision, but was postponed indefinitely or

Nationalist Troops Are Withdrawing

By SEYMOUR TOPPING

Shanghai, Jan. 24.—(AP)—Large-scale withdrawal of Nationalist units from the Shanghai, Nanking and Hangchow areas were reported today under way today. The forces were described as Chiang Kai-Shek’s “personal troops” entraining for south China ports.

Thousands of troops, moving with full equipment, were evacuating garrison points between Shanghai and Nanking, there reports said. They jammed railroads and were reported to be on route to Chekiang province, where the Generalissimo now is in at least temporary retirement at his birthplace, Cailow.

Civilian trains packed with heavy New Year’s holiday traffic have been sidetracked for long periods during the last 24 hours to permit troop rail movements.

The government’s director of information, Shen Chang-Huan, said today Chiang is still President of China.

His statement was made in reply to a question by the Associated Press at a Nanking tea party for foreign diplomats to meet acting President Li Tsung-Jen, Shen explained, that under the constitution Vice-President Li is acting President because Chiang is absent and unable to perform his duties.

The party was held as Communist forces were reported to have arrived on the opposite banks of the Yangtze near Nanking.

There were no signs of a fight from the outnumbered, retreating Nationalist forces. The government continued the southward removal of its ministries, a spokesman said, “in order to fight on, if Communist peace terms are too harsh to be acceptable.”

From their conquest of Manchuria last fall, the Communists have piled victory upon victory. Now virtually all of China north of the Yangtze is under Communist control.

Peiping, the last major Nationalist stronghold in north China, surrendered Saturday with face-saving gestures.

AP Correspondent Spencer Moosa reported from Peiping that a Communist regiment slipped quietly into the city Sunday night in “the most unobtrusive arrival of conquerors the ancient capital ever experienced.”

Moosa said plans are under way to extend “peace” to parts of North China remaining in Nationalist hands—meaning, Taiyuan, capital of Shanxi province, and Kweisui, capital of Suiyuan province.

Communications from Peiping remained open Monday. And the

Two Million Sheep, Cattle Snow-Bound

Chicago, Jan. 24.—(AP)—The weather threw another solid punch today at the western United States livestock industry.

An estimated 2,000,000 sheep and cattle were snowbound in the Rocky Mountain area. Sheepmen said the heavy January storms, which have hampered and blocked efforts to get feed to the starving animals, poses a major threat to the industry. Cattlemen expected a heavy toll.

Seventeen flying boxcars were to lead hay at Fallon, Nev., to carry it 210 miles east to the Utah border. The hay will be dropped to the animals.

The United States weather bureau reported snow was general over the entire great plains region, with a new, sub-zero Canadian cold wave moving east. Twelve more inches of snow fell at Casper, Wyo. Early morning temperatures at Casper and Butte, Mont., were 34 below.

Sylvan J. Pauly, Deer Lodge, Mont., president of the National Wool Growers Association, said, “new storms have hurled obstacles in the path of heroic efforts to reach starving sheep.”

Pauly said his industry faced its worst threat of annihilation because of the lengthy storms. “The situation is grim at the present time,” he said. “We won’t know full extent of damage and loss until spring.”

Meat industry spokesmen said effects of the storms, price-wise, would not be felt before next fall. Most animals destined for spring marketing are now on eastern United States feedlots.

Transportation was snarled. The Union Pacific Railroad held its trains at Cheyenne and Green River, Wyo., for several hours because of blizzard conditions, but started them moving again.

Buses were delayed or halted, while airlines hoped to resume east-west operations from Denver this morning. Kansas City airports were closed. The Nebraska highway patrol said roads in the eastern part of the state were “practically impassable.”

Started In Hollywood, U.S. Spy Probe Outshines Movies

(Editor’s Note: This is the first of four stories describing the Congressional investigation of Communist espionage in the United States.)

By GEORGE RONALD

Canadian Press Staff Writer

Washington, Jan. 24.—(AP)—The Congressional spy hunt, a “fantastic hodge-podge of real-life mystery,” consistently itathines Hollywood, the make-believe city where it started.

Now popularly known as the Whittaker Chambers case—because of the sensational charges by a self-styled former Communist courier—the inquiry was launched in 1947, with the film capital the centre of attraction.

The House of Representatives non-American standing committee on un-American activities decided that year to dig into rumors that Hollywood was packed with Communists plotting overthrow of the United States government.

Some 50 movie personalities were summoned to Washington amid a glare of publicity that hasn’t faded yet. As newswires hummed under hot klieg lights, stars such as Adolphe Menjau and Robert Montgomery testified about Communist activity in Hollywood, particularly in the Screen Writers Guild.

Ten alleged Communists—writers and directors—refused on constitutional grounds to say whether they were or had been Communists. Among them was Edvard

U.S. Yachtsmen Held By Dutch

Singapore, Jan. 24.—(AP)—Two American yachtsmen have been held by Netherlands authorities at a Batavia concentration camp for two months on short rations, a Canadian said here today.

The Canadian, Philip Stacey of Regina, Sask., said he was sailing with the Americans when their yacht, the Lucky Boat, was picked up off Dutch Borneo and all three were interned by the Dutch on suspicion of smuggling.

Stacey said he was released Jan. 18 through intervention of the British consul. He said the American consul was working to get the others released. They were identified as Robert Smith, 25, former United States navy lieutenant from Portland, Ore., and Foster Pineo, Jr., of Snohomish, Wash.

Stacey said other Europeans are being held incommunicado at the camp. He described rations there as consisting of a bowl of rice and gravy at noon and four ounces of bread and jam at night. He said he lost 20 pounds in confinement.

Asian Bloc Demands Swift U.N. Action In Indonesia

New Delhi, Jan. 24.—(AP)—The Asian bloc spoke up today but firmly to the United Nations yesterday, demanding swift action to free the East Indies from Netherlands rule.

Observers said the significance of the conference—attended by 19 countries—went far beyond the immediate problem of Indonesia. It marked the birth of an Asian bloc representing more than half the world’s population and a third of the U.N. membership.

It also marked the emergence of India, which called the conference, in the role of leader of the east, replacing knocked-out Japan.

Prime Minister Jawaharlal Nehru of India, the conference president, sent the resolutions to Lake Success with a note saying action was over due.

Here are the conference’s recommendations:

1—Immediate withdrawal of Dutch troops from Jogjakarta, Indonesian republic capital, and withdrawal of troops from remaining republican territory by March 15th.

2—Immediate release of republican government leaders and all political prisoners in Indonesia.

3—Restoration to the republic by March 15th of all areas of Java, Sumatra and Madura held by the republic before the Dutch-termed “police action” began last month.

4—Election of an interim government composed of republican leaders and representatives of other Indonesian territories by

"What do you think of me?" he asked Shepherd, apologetically, "getting ready to desert in Salonika when they were fixin' to give me this?" He pointed to his prize. "And before the regiment drawn up at attention, too."

It turned out he got the Victoria Cross for gallantry in action above and beyond the line of duty while serving in France.

"Did you know Davis is dead?" said Shepherd.

"No," said replied the man, "and he died thinking I was yellow, too, didn't he?" Off he went crestfallen.

Before the war, there was a show playing in New York at the old Herald Square theater called "Three Twins" and the star was Beanie McCoy and her shadow, Dick Davis. She was one of the great stage figures of that day, talented as a singer, dancer and imitator. She afterward became Mrs. Davis.

One night the theater caught fire and fortunately her admirer was on hand to rush in and carry her to safety which heroic and romantic deed got a good deal of space in the papers the next day. I happened to be in Philadelphia, and one of the conservative morning dailies came out with a big headline on the story in the first edition—"THREE TWINS BURNED OUT AT HERALD SQUARE THEATRE."

A careful copyreader caught it all right. They are the men hired by newspapers to keep reporters from thinking they are authors. He took no chances and changed the headline for the later editions—"TWO TWINS BURNED OUT AT HERALD SQUARE THEATRE."

MOVIE GROUP LISTS BOX OFFICE 'POISON'; WHAT, NO POPCORN?

Hollywood.—Three film subjects currently "poison" at the box office according to the National Allied Theater Owners (a big group of independent) are crime, sex and costume pictures.

I've been hearing the same thing from my readers for a long time. Only encouraging note was that Alabama embassies who turned themselves in after learning, he said, a crime-does-not-pay lesson from the picture, "The Accused." Or was he under the influence of popcorn?

One of my spies who saw "The Barkley of Broadway" in an M-G-M projection room reports that Ginger Rogers' youthful appearance is amazing. She looks 25—the Motion Picture Almanac says she's 35—dances better than she ever did and the Metro front office is ready to give her the build-up of the year.

Fort Knox, Maybe?

A sign of the Hollywood times again: A big movie executive asked his girl friend whether she'd like a milk cat or a new car as a token of his love.

Said the girl: "Really, I'd just as soon have the money."

"But where," wailed the big shot, "can I get the money wholesale?"

Jane Wyatt is up for another big role at Warner Brothers as a result of "Task Force." It's nice to see Jane getting the breaks again. . . . Diana Lynn and her new husband are nixing all of those usual marriage stories the fan magz love to print.

Wonder if Louis Calhern, who has been married four times, will write a sequel to "Letter to Three Wives," titled, "Letter to Four Wives?"

The British, who have been complaining about the way English pictures are treated in this country, can throw away their crying towels. "The Red Shoes" is due for a three-million-dollar take in the U.S. You'll also be hearing about another English discovery—Carol Marsh, who plays the title role in "Alice in Wonderland." M-G-M, Eagle Lion and another studio are after her to sign up for Hollywood movies. J. Arthur Rank took her out of school for the picture.

Charles Bickford nixed another stage offer—a big role in the Broadway bound, "Tales of the South Pacific."

Loyal Fan

A producer whose name we shall not mention was going through a stack of audience reaction cards after the sneak preview of a male star's latest picture. His secretary noticed that he threw every fourth or fifth card into the wastebasket and finally she asked him why.

"Oh," said the producer, "after 10 years I can tell his wife's writing."

The Oscar awards dinner come March will be made on the big "Don Juan" set still standing on a Warner sound stage. The tables will be laid lengthwise to the dais so no one can get mad about having his back to the festivities.

Burt Lancaster, despite reports elsewhere, definitely will star in "Rope of Sand" for Hal Wallis. Wallis will have three films in production next month, three more than the current combined output of Warner Brothers, Paramount, and RKO, where not a camera is turning.

One of those snooty movie dolls was driving a waiter in a Hollywood cafe out of his mind by her arrogance and demanding whims. Finally she said:

"Waiter, why don't I get what I keep asking for?"

The waiter replied, "Only, madame, because I'm too much of a gentleman."

We did a big Job in 1948...

AND THERE'S A BIG JOB STILL TO BE DONE!

We've just completed the busiest year in our history. Ontario and Quebec telephone lines carried a record 9,000,000 calls daily, and service generally was better.

We built more new buildings than in any previous year, added 325,000 miles of wire — indications of the size of the construction program that enabled us to install 148,981 new telephones... another record.

Much remains to be done. Thousands still want telephones, further service improvement is still possible. Every day throughout the coming year, telephone men and women everywhere will be working hard to meet this challenge. In 1949, as in the past, all our efforts will be directed to the achievement of more and better telephone service at the lowest possible cost.

Amsterdam Assembly Was Topic Of Sermon By Rt. Rev. C. Ritchie Bell

"So much has been said about the Amsterdam Assembly that it is perhaps important to say what it was not rather than what it was," Rt. Rev. C. Ritchie Bell, B.D., Moderator of the General Assembly of the Presbyterian Church in Canada, declared last evening in the course of a sermon on "The Spirit of Amsterdam" delivered before a congregation at St. Andrew's Presbyterian Church. The service was conducted by Rev. E. A. Wright, Minister of the Church.

"It was not a conference about the reunion of the Churches. It was not a conference to create a 'super church.' Amsterdam was an attempt to hold for the first time, at any rate since the Reformation, a deliberate Assembly of the various units of Christ's Church and to bring Christian thought and teaching to bear on the big fundamental problems of man's life. It was a conference about the Church in the world—how the living Word of God, as seen in Christ and in the Body of Christ, acts in a world like this."

There were representatives of 147 Christian Churches from 41 widely separated lands gathered at Amsterdam. It was a wider conference than the United Nations because it included representatives of former enemy countries.

"The Council met with each of the member churches subscribing to the confession that Jesus Christ was God and Saviour, on that there was no discussion. On other matters there was discussion, keen, animated, prolonged, but on the basis of membership there was no discussion at all."

Citing the addresses of Professor Hromadka and John Foster Dulles, Mr. Bell said, "when these men addressed the Assembly on Communism and Capitalism the fact that there was a great difference in what they said should surprise nobody with imagination. That the conclusion of their addresses, they sat down together as Christians and smiled and shook hands as brothers should, is a mark of the hopefulness of world Christianity as a bridge of the gulf between peoples."

The world is in great need. In need of the Gospel of Jesus Christ. In real need of the simple necessities of life. Europe is one vast

Trinity Church Holds Annual Business Meeting

Representative members of Trinity United Church filled Wesley Hall Thursday night to hear the annual reports of organizations and to elect new board members. Rev. Fred Williams occupied the chair, and George Brault, secretary of the Official Board, acted as secretary of the meeting.

Reports of the various women's organizations at the church were a highlight. The impressive figures revealed a vast amount of social and missionary work done during the year, one of the junior women's clubs—the Trinity Club—under the presidency of Mrs. N. S. Lehn, reporting over \$1,100 raised during the year. The senior associations led by Mrs. M. V. Long and Mrs. H. A. Moore, respectively, also had a successful year. In like vein the Women's Missionary Society, with Mrs. Mackie Fuller in the chair, exceeded their allocation and set up a record that surpassed anything achieved for many years past.

P. R. Pollock, chairman of the Maintenance and Missionary Fund, reported an allocation that was exceeded by well over \$100.

The treasurer's report by Douglas S. Howard gave a resume of the general finances, and behind the figures was a picture of a fine, loyal and smooth-working organization. C. E. Soles, envelope steward, also reported for the Finance Board and filled in details of the general picture of the work of the year.

Walter Mutchler, superintendent of the Church School, reported for that body, and mentioned an upward swing in this vital work, while Mrs. S. MacLean told of nearly 80 members of tomorrow now on the Cradle Roll.

The meeting endorsed the newly formed Pulpit Supply Committee whose task is to secure a successor to the present minister who recently resigned through ill-health, and whose resignation becomes effective in June.

A group of some 15 business and professional men were elected to fill board vacancies for the ensuing year.

Following the business meeting, tea was served by the members of the various women's groups, and a social hour was enjoyed.

Monument Makers Visit Beebe

The upper picture shows the group of members of the Canadian Association of Memorial Craftsmen, whose annual convention opens in Montreal today, who visited the plant of the Stanstead Granite Quarries, Co. Ltd., at Beebe yesterday. The picture was taken in front of the recently-dedicated gates of the Beebe Memorial Park.

The lower picture shows a group of Association and company executives: Reading from left to right are: Maurice L. Moore, Beebe; R. W. Beck, Montague, P.E.I., 1st vice-president of the Association; Norman Davis, Toronto, president of the Association; Charles Hepburn, Beebe, managing director of the Stanstead Granite Quarries; Harvey Creber, Toronto, secretary-treasurer of the Association; and J. M. Thomson, Beebe.

Tenders For Bond Issue To Be Considered

A special session of the City Council is being held this evening to consider tenders for a \$440,000 bond issue authorized last November when the ratepayers approved by-law No. 694. The bond issue bears interest at three per cent and matures over a period of twenty years.

The purpose of the bond issue is to finance improvements to the electric system, one of the chief items being the installation of two 7,500 kva transformers on which delivery has been promised in February.

Christian Churches Are Urged To Retain Their Missionary Zeal

"Any Christian church that loses its missionary zeal ceases to be a living church," said the Rev. Gordon Barss, Indian missionary, in his address to the congregation of the Sherbrooke Baptist Church yesterday morning.

Dressed in the white garb peculiar to the section of India where he worked, Mr. Barss pointed out that Christianity is the only way to God and that it is the responsibility of every Christian to carry the word of God to all parts of the world.

The speaker also noted that a campaign has been undertaken in India to strengthen the church there. Many native churches have already reached a state of self-support, financially and otherwise, he stated.

"Any church that looks only to itself is no longer a living Christian church," Mr. Barss said, urging the congregation to support the foreign mission financially and with new volunteers.

At the evening service, Mr. Barss discussed the changes that Christianity has wrought in the hearts of the people of India. "Their entire lives are changed," he said. "India's leaders (in Christianity) have come from the poor and humble folk, not from the houses of the great," Mr. Barss stated. "The educated leaders 'peter out' because they have no real foundation."

"The strong response to Christianity comes from the poor and outcast. The Gospel means most to them."

"Outcasts are known as untouchables. One who is not an outcast feels that even the shadow from an untouchable thrown upon him will pollute him."

"It is as bad as the superstition here in Canada of the black cat crossing our path . . . it means an evil omen. Sometimes even missionaries have been branded with untouchables."

The speaker stated that officially India is trying to rid the land of the caste system, that it can be made illegal.

"The outcasts are a depressed class, kept little better than slaves."

Monumental Craftsmen Pay Visit To Stanstead Granite Quarries At Beebe

Beebe, Jan. 24.—Monumental craftsmen from points as far removed as Brandon, Manitoba, and Montague, P. E. I., gathered in Beebe yesterday when the advance group of delegates to the 38th annual convention of the Canadian Association of Memorial Craftsmen, which opens in Montreal today, visited the plant of the Stanstead Granite Quarries, Co. Ltd.

The 31 guests journeyed from Montreal to Newporth by private car accompanied by M. L. Moore, secretary-treasurer of the Stanstead Granite Quarries, the trip from Newporth to the granite sheds being made by chartered bus and car. Prior to the visit to the Stanstead plant, the party proceeded to the Beebe Memorial Park where an inspection was made of the recently-dedicated gates, a product of Stanstead Granite Quarries, and group photographs were taken of the party.

The guests were welcomed at the plant by Charles Hepburn, managing director of the company, and other officials who outlined the various processes used in preparing the products of the company and explained the purpose of certain special machinery used in speeding up the fabrication of the stone from the quarry to the finished product.

Several attractive displays had been arranged of the various types of stone handled by the company, including, in addition to the varieties quarried in the immediate vicinity of the plant, imported stone from the United States, the British Isles and Sweden.

The modern machinery used in cutting and polishing the stone particularly impressed some of the older visitors who had learned their trade in the days when most stone was processed by hand. One guest, viewing the giant rotary saws for cutting and shaping the rough blocks as they came from the quarry or flatcar and the various polishing devices, recalled how in the days he learned his trade the cutting was done by a hand saw with sand and water being used as an abrasive. Similarly the polishing was done by hand with sand serving as the polishing agent.

The international character of the plant also fascinated some of the visitors who found it rather difficult to realize that by crossing an invisible line which ran through one end of the plant they could move from Canada to the United States or vice versa.

Following the inspection of the plant, refreshments were served to the guests in the office building. Shortly after three o'clock, the group started for Newporth where the return trip was made to Montreal.

The guests included: Norman Davis, Toronto, president of the Canadian Association of Memorial Craftsmen, and Mrs. Davis; R. W. Beck, Montague, P. E. I., vice-president; Harvey Creber, Toronto, secretary-treasurer; A. Marchant, Montreal; Mr. and Mrs. W. Ronald Listowel, Ont.; Mr. and Mrs. A. L. Pollock, Galt, Ont.; Charles W. Stafford, Whitby, Ont.; Mr. and Mrs. W. A. Tingley, Amherst, N. S.; Howard F. Mullen, Kingston, Ont.; J. Stanley Brown, Ottawa, Ont.; George H. Froats, P. E. U.K. Palestine Debate May Bring Fireworks

By DEWITT MACKENZIE
Associated Press News Analyst

The British government's Palestine policy, which is being under fire both at home and abroad, is scheduled for an airing this week in a House of Commons debate which is likely to produce fireworks but may ease a difficult situation.

To put the case on thumb, critics of the government charge that John Bull is retaining his influence with the Arab countries at the expense of Israel.

This highly controversial issue is generally referred to as "Bevin's policy" because Foreign Secretary Bevin is responsible for carrying it out. Actually, while Bevin may have originated the policy, it is a collective cabinet responsibility.

Thus, while the outspoken and two-fisted secretary is the individual who is to be put on the carpet, Prime Minister Attlee and his entire government will be under fire. The attack is coming only from Conservatives under Winston Churchill's leadership, but from a considerable bloc in Bevin's own Labor party.

Britain long ago committed herself to great responsibility to both Jews and Arabs. In dealing with this responsibility Bevin—who prides himself on handling affairs without gloves and always having his cards "face up" on the table—became involved in controversies with Jewish leaders. You will hear Britons themselves say they feel Bevin in a bind.

Such action by the two powers would bring closer their policies in that strategically important zone in which both have strategic military and oil interests.

Stanstead-North Hatley Married Men Play Hockey

If a score or more of Stanstead County residents fail to report for work today—there's a reason.

On Saturday night the married men of Stanstead encountered the North Hatley men of equal status in their annual hockey match at the North Hatley rink. Spills, thrills and plenty of laughs were provided for the cheering crowd composed chiefly of wives and children of the stalwarts.

The only qualification for this "ball and chain" league was a marriage certificate—and that's about all some of them had. Stan Meigs' stick-handling and Grant LeBaron's goal tending reminded many a spectator the games played twenty years ago by these same men.

Meigs led the hometown team with two goals and the help of the timekeeper the game ended in a 5-3 tie.

The teams were evenly matched and the bumps and bruises were equally well distributed. When the final whistle blew everyone was too tired even to think of overtime and the skates were hung up for another year.

QUEBEC REPORT

By RICHARD DAIGNAULT
Canadian Press Staff Writer

Quebec, Jan. 24.—In his day, the late Senator Charles Beaubien of Montreal acquired quite a reputation as an orator. His perfect diction even amazed the people of France, particularly since he was "un Canadien-Français."

The Senator's death last week recalled to people here, who were close to him, the impression he made on the French during a visit after the First World War. He led a Canadian friendship auto-train through France's cities and villages, making 60 speeches on the tour.

The lighter side of this highly successful jaunt was told later by author Jean Bruchesi, assistant Provincial Secretary of Quebec, in his book "Jours Eternels (Eternal Days)." Bruchesi at the time was a law student visiting Paris and he and dozens of other students were along with the Senator on his two-month goodwill mission.

"Canadien" was a word still fresh in the memory of Frenchmen who were still eager to learn more about them.

Almost everywhere the sprightly—stepping, well-groomed Mr. Beaubien went, French dignitaries exclaimed: "My, how well you speak French! where did you learn it?"

The auto-train moved merrily along through decorated towns, whose inhabitants greeted the visitors warmly, showered them with flowers and fed them with the daintiest of morsels. And as the tour progressed so did the tempo of compliments for Mr. Beaubien's classical French.

At Nancy, a sparkling little town, wearing a white gown, made a speech. He had read up on Quebec and discovered that 65,000 Frenchmen had lived there at the time of the British conquest.

While talking of Quebec's history and its settlers he came up with this amazing observation: "I have just learned that Quebec now has 1,400,000 inhabitants. What vitality!" Needless to say, he had not heard that another 1,000,000 French descendants lived in the United States and other parts of Canada.

But it wasn't until Senator Beaubien's safari reached Marcellais that the Canadians got their biggest surprise. The Senator was startled by the high-accent of the people of Marcellais and their flamboyant characteristics.

The Canadians were asked to dance on the sands of the beach. A woman, her hair done up in a mountainous touque, walked up to them and was overheard ask some people next to her: "where are these Canadians?"

"Right there," she was told. Oubou, crestfallen, the woman's brow knit into a frown as she said: "What a pity. And I thought I was going to see them in their red costumes, with the feathers!"

The Marcellais were in for a surprise of their own. When Senator Beaubien took to the outdoor platform, the seats of honor all were occupied by civic dignitaries. Far in the background sat the Bishop of Marcellais.

Sensor Beaubien did a typically Quebec thing. His opening greetings were in French.

But some Nanking leaders predicted, nonetheless, that the Communists would accept the government's request for negotiation.

The government has named a five-man delegation to seek the negotiations. The chairman, Shao Li-Tze, former ambassador to Moscow, was in Shanghai Sunday.

Meanwhile, only a shell of the Nationalist government remained in Nanking. Officials said the seat of government would remain there, but that most government personnel are going south—many to Canton.

Cannes, France, Jan. 24.—(P)—The Aga Khan, spiritual leader of 70,000,000 Ismaili Mohammedans, will give his blessing to the marriage of his son and twice-divorced movie star Rita Hayworth.

Prince Aly Khan said that the marriage ceremony, one civil and one in a mosque, will be held in Cannes so that his father will be present.

Tokyo, Jan. 24.—(P)—The Japanese turned to political extremes right and left—in an impatient polling booth demand yesterday for leadership toward economic stability.

They gave Prime Minister Shigeru Yoshida's ultra-Conservative Democratic Liberal party 252 Diet seats, a gain of 100 seats on the basis of incomplete returns. Yoshida claimed a clear Parliamentary working majority—the first under the occupation—to advance his program of lessened economic controls.

At the same time the Communists with a popular vote of more than 1,000,000 won 33 seats to emerge for the first time in Japan's history as a political faction of consequence.

At the regular monthly meeting of the North Hatley Women's Institute a few of the Brownies were invited to serve tea. These smartly uniformed Brownies were Deborah Reed, Kelsey Blackford, Nyla Pike, Peggy Taylor, Faith Clark and Margaret McLellan. The members of the Institute remarked on how nicely they assisted and were well pleased with them.

Perched on a branch of a "make believe" tree in a "make believe" Brownies Forest sat on aid owl glancing here and there before calling the Brownies to their Fairy Frolic. "Tu-whit-tu-whit-tu-whit-tu" was heard and one by one the Brownies quickly dropped what they were doing and quietly danced into their Fairy Ring.

After Brown Owl and Tawny Owl had called in each six and Brownies, we all danced and sang our Fairy Gold. The six chosen to be keepers of the Toadstool this week were the Fairies, with Peggy Taylor as Fairy Gold treasurer. After a bit of work was done in each of their sixes, Brown Owl and Tawny Owl and then through a singing game they learned last week.

The Toadstool was brought to the centre of the Fairy Ring and during this time Brown Owl explained the meaning of an enrolment and took Robin Smith to the Toadstool and heard her repeat her Promise there, and after receiving her pin, she returned to her six and was welcomed into the Pack by the Brownies who gave her the Grand Howl. Then the Brownies decided on what we will do for our joint Scout-Guide week, which is going to be a surprise. We agreed to send a parcel to a Pack in England (we had to postpone this before Christmas because most of the Brownies had come too close to the outside world and had caught measles.) Our Brownies Frolic closed here with prayer and taps and the Brownies "helped one another dress to vanish before the night came on.

Our new Tawny Owl is Miss Pauline Stone, who is a wonderful help in our Brownies Land.

Members of the Taylor family who were at the parental home on the 25th, included Mr. and Mrs. Keith Taylor, the Misses Pamela, Janice, Madelyn and Betty and Douglas and Bradley Taylor, of Austin; Mr. and Mrs. D. Taylor and daughters, Patricia and Linda, of East Bolton Road.

Mr. and Mrs. John P. Taylor accompanied by Messrs. J. D. Taylor and C. L. Channell attended the funeral of the late Mark Taylor, at Granby. Mr. Taylor was born here on the old homestead, the oldest son of Mark Spinney Taylor and his wife, Ella Channell Taylor.

Trading Quiet, Prices Steady In Livestock

Montreal, Jan. 24.—Early sales were quiet and prices were from steady to slightly easier on the two Montreal livestock markets today.

Receipts were 699 cattle, 528 calves, 380 hogs and 85 sheep. Trading on cattle was dull and buyers were bidding as much as \$1 lower. There were not enough cattle sold to make any quotations. Veal calves were in good demand at steady prices. Good quality veals brought \$22-\$23, common to medium kinds \$22-\$23. Grassers were slow at \$15-\$15.50 for light ones and \$12-\$13 for yearlings.

A weaker undertone appeared on the hog market. Buyers bid \$50 for Grade A and \$22-\$30 for cows dressed. Salesmen asked \$31 for Grade A. No early sales were made.

Few lambs offering sold on flat basis at \$22-\$23. Sheep were \$6-\$10 according to quality.

The Doctor Says

GLAUCOMA, CAUSE OF BLIND-
NESS, MUST RECEIVE EARLY
TREATMENT

By Edwin P. Jordan, M.D.
A serious cause of blindness is a
disease known as glaucoma. When
glaucoma is neglected or the drug
treatment prescribed is not faithfully
followed, the vision will be-

come constant-
ly poorer. Total
blindness can
occur. For all
these reasons,
there are few
conditions
known in which
it is more im-
portant to make
an early diag-
nosis, start pro-
per treatment
promptly, and
continue it without
letup.

An acute attack usually begins
with severe pain in one eye rather
than in both. More eyes water and
the affected eyeball looks inflamed
or affected. Swelling of the
eyelids is common. Even before
this happens, there may be some
loss of vision, but this is often un-
noticed by the patient.

Pain can be extremely severe
and an acute attack is practically
a medical emergency largely be-
cause of this pain.

Injury Can Cause It
Injury of the eye and infection

ningham were guests of Mr. and

elsewhere in the body can cause
glaucoma. In most cases, however,
the cause cannot be discovered,
though it is often associated with
hardening of the arteries. Four
principal kinds are usually de-
scribed. These are the acute in-
flammatory, the chronic inflamma-
tory, the chronic inflammatory,
the "absolute" and chronic
simple types. Glaucoma comes
principally to people between 35
and 70 and is a little more common
in women than in men. The acute
inflammation usually subsides and
gradually becomes chronic. The
so-called "absolute" glaucoma is
merely the final stage of a glau-
coma which has not been success-
fully treated.

In this disease it is extremely
important to make a diagnosis and
begin treatment early. When this
is done the eye can be saved in
most cases. Certain drugs are very
helpful in the early stages, though
they may have to be continued
more or less indefinitely. If glau-
coma has lasted too long or does
not yield to drug treatment, an
operation may be advisable to pre-
serve the sight.

Q — My nephew accidentally
swallowed a moth. Could it lay its
larvae in the body, and what could
I give to get it out?

A — Have no fear. The moth
was killed by the acid juices of the
stomach, if not smothered to
death first. It could not lay eggs
inside the body and would be elim-
inated through the ordinary chan-
nels.

TURNING THE PAGES OF "Canada Unlimited"

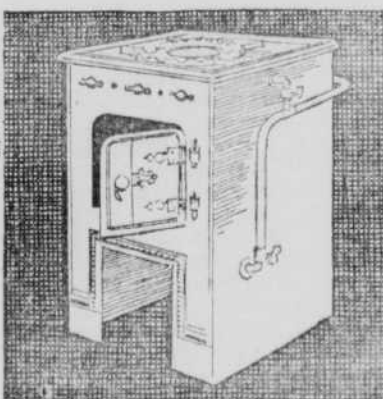

Within 50 years, early French
farmers had a stone open-air
cooking oven called a
"caboose". This type of oven
can still be seen in some parts
of Quebec.

In 1621, Marie Couillard, daughter of
Canada's first farmer, Louis Hebert, cooked
her husband's meals in a large iron pot
suspended in their big stone
fireplace.

In the 18th century, a Jesuit, Father
Biard, suggested using an iron box,
such as was used in Germany, in
which a wood fire could be built.
This was Canada's first type of stove.

Shortly after Canada's first gas
company was started in Montreal in
1847, the gas stove was introduced.
This, with the electric range which
was developed early in this century,
changed the Canadian kitchen.

Today, the modern homemaker has
at her command many types of sleek,
efficient stoves to lighten her work.

O'Keefe's
BREWING
COMPANY LIMITED

Tomorrow, cooking may
also be done electrically—
developments portend still greater
opportunities, for there's room
to grow in Canada Unlimited.

KNOWLTON

The regular weekly meeting of the Canadian Girls in Training was held in the United Church parlour one evening, under the joint leadership of Mrs. William Stockwell and Miss Lorna McGlynn. The president, Trilixie Sharman, was in the chair and the meeting opened with the singing of "A Gadsome Hymn of Praise We Sing." Jane Hamilton read the Scripture selection and the offering was taken up by Faye Armstrong. The story of the "Magic Spectacles" was read by Miss McGlynn. The devotional service closed with a prayer read by Faye Armstrong. The C.G.I.T. Purpose was then repeated in unison. The minutes of the last meeting were read by the secretary, Beverley Bockus, and approved. Nine members answered the roll call. The report for last year was made and games were enjoyed and the meeting closed with "Taps."

Knowlton Lodge, No. 28, I.O.O.F., met in regular session with the noble grand, Brother Grant Windie, in the chair. The minutes of the previous meeting were read by the secretary, Brother Stephen Morrison, and approved and the secretary's report was also given. Regular business matters were given attention. The third degree was then conferred on a candidate in a very creditable manner by the degree team, after which supper was served in the dining hall.

New London W.A. Held Fine Meeting

Cleveland, Jan. 24.—Mrs. Raymond Pease entertained eight members of the New London Women's Association at her home on Thursday afternoon, January 13.

In the absence of the president, Mrs. John Hawker, the first vice-president presided. The meeting was brought to order by all repeating the "Lord's Prayer."

Mrs. Flora Monahan, secretary, read the minutes of the previous meeting, called the roll and read the correspondence, which included a letter from Mrs. Lane, of Lennoxville, regarding missionary work. The members of this association have been affiliated with the W.M.S. for five years.

Mrs. Percy Tozer, treasurer gave her annual report, which was very gratifying.

After some discussion it was decided that the afternoon tea served at the meetings be simplified.

Motions were made and carried that the Association continue with their sale of articles every month and that the sunshine money be handed in once during the year.

The next meeting will be held with Mrs. Clarence Pease.

DOROTHY DIX

Should Widowers Remarry?

Middle-Aged Or Elderly Men Find
Second Marriage Greatly Beneficial

Dear Miss Dix: My mother died a few months ago, leaving father alone at his home in a distant city. They were very happy together and enjoyed life; but now dad is living in a lonesome, dejected atmosphere and we are sure he never will be happy again until he accepts another helpmate.

What do you think of second marriages?

TWO DAUGHTERS.

Answer: I think you two daughters are taking exactly the right attitude toward your father. They consider that father is showing disrespect to mother's memory if he puts another wife in mother's place, and feel that they are acting nobly when they invite father to come and live with them. None of these arguments cover the case at all. They ignore the fact that a middle-aged or elderly man, who has had a long and happy life with his wife, is just as helpless as a lost child when she dies. She has been a friend, companion and personal manager for him, and he doesn't know how to get along without her. He can't even find a shirt or know what to order for dinner, and he is desperately lonely. For few men have many personal friends. They depend upon their wives making their social contacts.

OLD ADAGE COME TRUE

And father, who has been at the head of his house for a generation, simply doesn't fit into his children's homes. He is used to giving orders and doesn't know how to adapt himself to his daughter-in-law's and son-in-law's regime. The children's noise gets on his nerves. Their friends bore him, and he doesn't like his daughter-in-law's cooking. It is the old adage come true again—that you can't teach an old dog new tricks.

So that is why widowers marry. It is the only solution of their problem, and it is the wise thing for them to do, provided they pick out a wife in their own age class and who is, preferably, an old friend of their deceased mate.

Dear Dorothy Dix: I am a girl of 18 and have been going with a guy, who is 19, for a year. He is very jealous and gets furious when I even look at another boy. He tells me not to go to town alone or with another girl for fear I might speak to some boy. But if I don't talk much, he says I have a guilty conscience and I have been out with another boy.

What can I do about this? I like him very much and wish you would give me some advice.

GWEN.

Answer: Well, Gwen, my earnest advice is for you to give this miserable little end his walking papers and tell him to walk high, wide and handsome around you. I think I never heard of one boy who had so many objectionable qualities as this one has, and you certainly are showing great lack of plain, hard, common sense when you let him dictate to you about what you shall do and leave undone.

No girl who has any self-respect will submit to a crazily jealous boy who orders her to do this and forbids her to do that. His every act is an insult to you, and you certainly should ditch him for a boy who is at least a gentleman. There are lots of nice boys in the world. Why pick out a heel for your steady?

Dear Dorothy Dix: I am in love with a boy who professes his love for me, but desires a couple of years of freedom before he settles down. Should I do what he asks me to do and go out with other boys for a while? Should I date him on his condition, or will it be better not to date him at all until he feels sure that he really loves me?

P.A.K.

Answer: I think that your boy friend is showing a lot of intelligence by frankly telling you that he wants to have his fling before he marries, instead of afterward. It gives him to work off some of the effervescence of youth and to find out that there isn't so much fun in being a playboy, anyway. Also, it enables him to range his affections toward you and find out if what he feels is the grand passion or just a passing fancy. It is a matter of common knowledge that no men are so housebroken as the ones who have had wandering feet and are ready to settle down and be domestic.

And it is equally good for a girl of 18 to have had her little playtime. The most contented wives are those who have had lots of beans and who have danced their toes off of their feet.

The Record will be pleased to receive any letters to this Dorothy Dix column. These will be forwarded to Miss Dix who will answer them as quickly as possible.

HISTORIC MEDICAL HIGHLIGHTS—No. 21

Pasteur and the Mad Wolf

ONE day in October 1831, a nine year old boy named Louis Pasteur ran from a gathering at the door of a village smithy in Eastern France.

A man had just been mangled by a mad wolf, spitting poison foam from the mouth, and the blacksmith was burning out the infected flesh with a hot iron. The incident remained indelibly on Pasteur's mind. For years he experimented to discover an effective treatment for canine madness, called hydrophobia or, more commonly, rabies. Finally in 1885 the Academy of Sciences accepted his treatment of rabies as one of the greatest accomplishments in medical history.

There is nothing experimental about the filling of prescriptions by our highly specialized pharmacists. Thoroughly trained, they conscientiously compound prescriptions in a scientific, accurate manner.

Knox, St. Barnabas' and St. Andrew's Churches Held A Joint Carol Service

Lake Megantic, Jan. 24. — A Christmas candlelight and carol service was held in Knox United Church one Sunday evening with the congregation of St. Barnabas' Anglican and St. Andrew's Presbyterian churches uniting for this special occasion.

The church was effectively decorated with wreaths, evergreens and red and white candles.

The service was conducted by the minister, Rev. W. W. Jones, and Rev. Mr. Patton, of the Presbyterian Church, spoke on "The Star in the East," while Rev. R. J. Oakley, of the Anglican Church, spoke on "Bethlehem." Both of these talks were most interesting and were enjoyed by the large congregation.

The adult choir was comprised of members of the three churches with Mrs. Jones, the organist.

How many things made of aluminum can you see in a kitchen?

"WELL," you say, "it depends on the kitchen."

Right! The more modern the kitchen, the more aluminum you will see. For aluminum is the modern metal. It has so many advantages. It is light, strong, good-looking, will not rust. No wonder more and more people want more and more things made of it.

Not only things for the kitchen. In fact, more than 1,000 Canadian

firms are shaping aluminum into products as big as railway cars, as small as hair curlers.

All this means a lot of work for Canadians. There are 15,000 people on the Alcan payroll. Then, too, there are all the fifty-odd thousand

Bishop's College Swamps Loyola 71-31 In I.C.I.A.U. Cage Tilt; Kuehner Sets New Scoring Record

Two men ran riot Saturday night as the William Street Army moved as Bishop's University smashed Loyola College, 71-31, in an intermediate I.C.I.A.U. basketball match. The two John Kuehner and "Squirt" Johnston, put on an exhibition of high and fancy shooting as they popped the ball in from all angles to rack up 57 points between them.

The sizeable crowd was brought to its feet time and time again as the Purple and White racked up their initial league victory of the season and young Kuehner set a new I.C.I.A.U. individual scoring record with 30 points, 3 more than line-mate Johnston.

Kuehner scored his final basket with less than 15 seconds of play remaining, to climax a demonstration of basketball skill such as has seldom been seen on a local floor. The record, which until last night was held by Jim Beving, of Bishop's, who scored 29 points against Dawson last season, thus remains at the local University for a while.

It was apparent from the start of the game that the two boys were "hot" this evening. Other members of the squad realized this immediately and fed the two ceaselessly. The consequent individual scores show this point up clearly and also show the wisdom of the strategy.

The boys just couldn't miss the basket. Field goals came one on top of the other and free shots came just as easily. Johnston attempted to be just what the boys needed. They looked like champions, and not like a squad that had dropped a 33-29 decision to Loyola earlier in the season.

As the score indicates the Purple and White played well not only on the offensive but also in guarding their own goal. Harry Andrews and "Rock" Macfarlane put up a stone wall defence through which the opposing forwards were unable to penetrate. The Bishop's zone would be broken up almost on their back stairs.

Bob Birch, Gordie Dickson, and particularly Gordie Bennett also played extremely well for the locals, but their performances were overshadowed by those of the other four. Bennett set up shots for Kuehner and Johnston and did much to allow them their high scores.

The game started off extremely slowly and, at first, appeared as if the spectators were in for a dull evening. The score saw-sawed back and forth for the first 10 minutes with neither side able to gain a definite advantage or to give any indication as to which way the game would end.

Then McVie's boys came to life. A 14 point outburst put them safely in front, and from that time they were never headed. By half time the score was 33-18 in Bishop's favor, and during the second period they just kept pouring on the heat.

Both squads started out with a zone defence and at first it appeared as if both were going to shine on defensive rather than offensive play. After the opening Bishop's onslaught, however, Loyola's back appeared broken. Their zone crumbled and the Maroon and White switched, first to a criss-cross zone and then to a man-to-man system, but it was of no avail, with the attacking forwards sinking them in from all sides.

Herb Shannon was the outstanding man on the Loyola squad, playing guard, he scored 11 points, besides putting up the best defence for the visitors. Little Ed Tozko also did some effective work for Loyola, scoring all four of his free throws besides a field goal, for a 6 point total. Other visitors who figured in the scoring were John Gutelius, Mike Kraml, Fred Zamboni and Clayton Mayotte, with 5, 4, 3, and 2 points respectively.

Basket Weavings: As both teams wore white uniforms, Bishop's had to strip off their shirts and play bare-backed. If athletic superstition prevails they should do likewise at their next outing. The locals hit the road this week, playing the University of Montreal on Wednesday, at the latter's court. Herb Dickson missed the game due to sickness and was badly missed on the court, particularly by line-mate brother Gord. The Loyola quintet represented all possible sizes a clothier could ask for, from Tozko's 5'4" to Fred Zamboni's 6'6" plus. After watching the game it was hard to see how Bishop's had come out at the short end of the score at their last outing. Jack Simpson, who had been ill during the past few days, was kept in reserve but did not see action in the game.

The lineup: Loyola—Kraml, 4; Tozko, 6; Griffin, 0; Mayotte, 2; Gutelius, 5; Shannon, 11; Zamboni, 3; Hennessy, 0—31.

Bishop's—Dickson, 4; Kuehner, 30; Bennett, 8; Johnston, 27; Simpson, 0; Macfarlane, 0; Birch, 1; Andrews, 1—71.

Referees—Bill Cohoon and Ken Jackson.

Rovers Drop 4-3 Tilt To Shawinigan Falls

Shawinigan Falls, Jan. 24.—(P)—Sparked by Bucky Buchanan and Maurice Deslongchamps, Shawinigan Falls Cataracts edged the battling New York Rovers 4-3 here Sunday for their first victory since New Year's Eve.

The last-place Rovers made a fight of it all the way and were out-luckied in dropping their second one-goal decision of the week-end. A goal by Buchanan at 7:23 of the third frame broke a 3-3 deadlock and proved to be the winner.

Deslongchamps fired two goals, and assisted on another, while Buchanan collected one marker and two assists. Hughie Riopelle scored the other Shawinigan counter while the Rovers' marksmen were Joe Carroll, Yves Cote and Orval Lavelle.

New York jumped into a 2-0 lead in the opening frame, but the Cats out-scored the visitors 3-1 in the middle session to send the contest into the last period all even.

Defenceman Lou Holmes, of New York, was injured late in the game when he crashed into the boards feet first and had to be carried off on a stretcher. It was feared he suffered a fractured bone in his leg.

SHERBROOKE COYS TWO TO STRETCH UNBEATEN STREAK TO 12

Saints Down Braves 5-1 And 4-0 Behind Leclerc's Outstanding Work; Phil Watson's Rovers Here Tomorrow

By LEN O'DONNELL
Sherbrooke Record Sports Editor

"Sherbrooke rolls along" the Saints continued their winning stride over the week-end when they swamped the Braves of Valleyfield 5-1, Saturday evening at the local arena, and then yesterday afternoon blanked them 4-0 behind the excellent goal keeping of Paul Leclerc to extend their streak to twelve games without a loss.

Saturday evening the locals outshot the Braves 44-33 but in yesterday's tilt the table was reversed as the Gerry Philbin's quad drove 23 shots at Paul Leclerc while the Saints could only muster 19 drives at Guy Leclerc. But even with this difference in their favor the Braves found Paul Leclerc just too good for them as he turned them aside to rob what looked like sure goals.

For the locals Big Ivan Irwin and Phil Metcalfe, who replaced Captain Bill Heindl on the blueline, teamed up to form a stonewall duo in front of Leclerc and time after time their bodychecks had a telling effect on the light Braves as they were bounced around and they did not run wild as they usually did.

The double win increased Sherbrooke's margin over the third-place Montreal Royals to six points and left them still five points in arrears of the leading Ottawa Senators, who also swept a pair of games.

Marcel Filiol, was top scorer for the Saints with three goals while Kel Burnett and Adj Cote accounted for two each with Tony Demers, George Roy and Ray Barry notching the others.

Tomorrow evening the up and coming New York Rovers with their aggressive coach, Phil Watson, will move into town to tangle with the locals.

SATURDAY
The Braves opened up with a burst of speed to carry the play into the Saints' territory. The locals after a few minutes drove right back as Red Goupille broke out of his own zone, passed to Gilles Dube at the blueline, and he cutting in front of Guy Leclerc, forcing him to his knees, but Adj Cote flew in to lift the rubber over the prostrate Leclerc to put the Saints out in front, from which they were never headed. It was the only tally of the frame.

The locals then began their evening's work by peppering Leclerc from all angles, but as in his previous appearances, he kicked them aside. The Braves returned and Metcalfe came up with two beautiful saves as Philbin's squad closed in on Paul Leclerc. Leclerc tested him at close quarters, and then Andre Corriveau missed the open corner of the net when he was in all alone.

In the middle session both teams opened up a little and the game was more interesting to watch as the boys left their checks a little more heavy. Demers was in, but

Barry

Filiol

failed to click, and the Braves applied the pressure, in their turn, but Paul Leclerc and company were hemmed in their own zone for a while.

Eddie Cyr then drew the only penalty of the game for chopping down Bernie Vinet and Coach Dugre threw on his heavy artillery. From a faceoff in Braves' territory the disc was passed back to Cote, by Burnett, and he shot to have Ray Barry push in the rebound.

With Cyr back the Braves took over, and catching the whole Sherbrooke team down the ice, Corriveau, put in the clear by Joannette, coasted in to drive the disc by Paul Leclerc to rob him of his shutout. It was the only goal of the evening for the Braves.

Disc Hits Post; Causes Argument.
The Saints returned and after a few drives at Guy Leclerc one landed flush on the post to drop a couple of inches outside the goal line. But before the locals could push it in Leclerc put his hand on it and referee Storey blew his whistle as the goal judge flashed on the light to cause an argument. But the referees stuck to their decision and the goal was not allowed.

Sherbrooke's Pony Line of Barry, Burnett and Filiol then came up with another beautiful passing attack which caught the Braves unawares and Kel Burnett drove the disc into the net to extend the local's lead to 3-1 as the game sounded.

The final session got under way with the Braves starting to lay on the hickory. Ilec Legris was trying to ride Ossie Carnegie, but he met with a little stubborn opposition and dropped the matter quickly.

After a couple of changes, with both squads going full blast, the Ponies came through once again with Kel Burnett, doing the finishing work. He was set up by his mates, Ray Barry and Marcel Filiol, and dented the twine behind Guy Leclerc. Still pounding away the boys missed a few more close ones.

Adj Cote's trio kept the Braves boxed in. Conny Brown broke out and Paul Leclerc was forced to make a quick save. The Braves were forcing the play, but Irwin and Metcalfe teamed up to dump a few of the featherweight around and they held their distance, Irwin and Metcalfe, who replaced the injured Heindl on the blueline, formed the best defensive duo on the ice and time after time they broke up the Braves' dangerous rushes.

Following this the Pony Line, who were rolling along in high gear, came up with another nice passing play to baffle the Braves.

Messenger Cops Howard Trophy As O'Keefe Wins Armstrong; Hammond Takes Elliot In Junior Bonspiel

Ted Messenger and his Lennoxville rink copped the Senator and Mrs. C. B. Howard Trophy when they edged out Carl Skinner's foursome 11-8 and Dave O'Keefe guided his quartet to a surprising 11-5 victory over Don Johnston's squad to win the H. Armstrong Trophy while Bill Hammond and his aggregation swamped Albert Raycraft's Lennoxville crew 13-7 to win the Don Elliot Memorial Trophy in the finals of the Junior Bonspiel Saturday evening at the Sherbrooke Curling Club.

In the semi-finals Don Racey and his crew dropped a close 8-5 decision to Ted Messenger and his squad in a nip and nip battle, with first one side laying shot and then the other crew would take over. In the other fight for favored spot Carl Skinner and his foursome were too much for M. Wilson and his aggregation and chalked up a 10-1 verdict to move into the finals.

In the Armstrong section the fights were closer as Don Johnston came through with some nice skipping to move his team into the finals by downing Rev. Mr. Wright's rink 8-4. In the other fight two young rinks battled it out and the boys gave a good account of themselves. Dave O'Keefe's quartet outlasted G. Lessard's Lennoxville squad 8-4 to win the round.

The matches for the berth of the Elliot Memorial Trophy were wide open games. In one half Bill Hammond and his rink gave Bert Hill a sound 10-1 trimming while in the other half Albert Raycraft's Ville squad swamped Norm Farrell's rink 15-5 to earn the right to meet with Hammond in the finals.

A mixed dinner was held prior to the finals for the contestants, their wives and club members. Max Long, president of the club, presided. Following the dinner President Long thanked the committee for their fine work in organizing the bonspiel and congratulated the junior skips with their rinks for their fine work. He then called on Senator Howard for a few words. G. Lessard spoke on behalf of the Lennoxville curlers and thanked the local club for their fine foresight in holding the bonspiel, and although his rink did not win at least he had made new friends.

President Long then gave a brief outline and history of the junior bonspiel. The 'Spel commenced eleven years ago and J. A. Loughheed, E. Nicol, H. J. Kennedy with

J. Thissen as skip won the initial tourney. President Long was chairman of the match committee at that time and ten rinks took part in the tourney which was held March 17, 1938.

The rinks in the semi-finals and finals follow:

Detroit Stretches N.H.L. Lead To Six Points; Canadiens Win Saturday 4-2 But Drop 3-0 Decision Sunday

Sid Abel may be a little slower than he used to be, but the 31-year-old Detroit centre still knows what to do with the puck when in close on a netminder.

It was a big week-end for this Melville, Sask., puck-chaser who banged home the 100th and 101st goals of his eight-year National League career as the Wings gained a victory and a draw in two meetings with Toronto Leafs.

The Leafs, battling to keep pace with Chicago and New York in the red-hot contest for the fourth and last playoff spot, came from behind to earn a 2-2 standoff at home Saturday and then dropped a tough 2-1 decision to the Wings in Detroit last night.

In another weekend double date, Montreal and Boston traded victories, each club winning at home. Canadiens shaded the Bruins 4-2 in Montreal Saturday night, but were blanked 3-0 in Boston last night with Goalie Gordon (Red) Henry of the Bruins turning in a white wash job in his major league debut. New York and Chicago ended up in a 2-2 tie at the Windy City Sunday in the other N.H.L. fixture.

The three points Detroit picked up at the expense of the Leafs boosted the pace-setting Wings into a six-point lead over second-place Boston, with Montreal in third spot another two points back.

Rookie Ted Sloan was the hero for 14,056 Maple Leaf Garden fans Saturday when he scored the goal that gave Toronto a tie with Detroit. The goal came with six minutes left in the final frame and wiped out a 2-1 lead the Wings had, built up on goals by Jim McFadden and Sid Abel. Guy Klusky opened the scoring for Toronto early in the middle session.

Gordie Howe, back in action after a 20-game layoff for a knee operation, scored the first marker at Detroit which gave the Wings a 2-1 triumph and marked their seventh game without a defeat.

A crowd of 14,448, third largest of the season at the Olympia, saw the Hawks.

Boston wrapped up the contest during the ninth minute of the first period when Paul Ronty beat Durnan from close range while Montreal played a man short. Five minutes later Babando cashed his fifth goal in the last four games, and Peirson made it 3-0 in the final.

For the Sunday game Boston brought up Henry from their Hershey farm and the redhead played in flawless style to shut out the Habs 3-0. The Bruins out-shot Montreal by a fair margin and gave Henry great protection all the way.

Chuck Rayner had a busy night as New York earned a 2-2 tie against the Black Hawks in Chicago. The Blueshirt net custodian blocked 45 shots, while Chicago's Sugar Jim Henry was only called on to handle 25.

Rangers led twice during the clean, wide-open game before 16,618 Chicago Stadium fans, but failed to hold their margin. Clint Albright and Nick Mickoski were the Ranger marksmen, while Roy Concher and Gus Budnar connected for the Hawks.
