CLOSE CONTESTS EXPECTED IN ONTARIO TODAY

Chancellor Cuno States Resistance Will Be Continued

Cuno Says Ruhr Resistance Not To Be Abandoned

German Chancellor reiterated that passive resistance in Ruhr would be continued as long as necessary in interests of Germany—Trade Union Delegates Unanimously Decided that Abandonment of Passive Resistance Could Only Be Considered When "Brutal Foreign Military Opposition Ceases and Fair Terms of Negotiations Are Agreed To"—Nationalists of Communists Engage in Fighting at Eisleben, Prussian Saxony.

(Associated Press Despatch)

BERLIN, June 25.—In a speech at the opening of the agricultural exposition in Königsberg, East Prussia, yesterday, Chancellor Cuno referred to the Ruhr and reparations problems in words considered to show little disposition on the part of the Government to compromise.

The Chancellor declared the spirit of resistance and the will to resist were as firm as ever among the Ruhr population. This convinced him, he said, that the entire German people would show themselves as unswerving in political and economic matters as the people of the Ruhr and the Rhineland.

EISLEBEN WAS THE SCENE OF STREET FIGHTING

(Associated Press Despatch)

BERLIN, June 25.—Street fighting occurred in Eisleben, Prussian Saxony, between Nationalists and Communists on the occasion of the unveiling there of a memorial to the assassinated German Foreign Minister, Dr. Walter Rathenau, the Central News states. Two of the demonstrators are reported dead and twenty-five seriously injured.

REFUSE TO CONSIDER ABANDONMENT OF PASSIVE RESISTANCE

(Associated Press Despatch)

BERLIN, June 25.—A conference of trade union delegates from the Ruhr, meeting at Bielefeld yesterday, unanimously decided that abandonment of passive resistance could only be considered when "brutal foreign military opposition ceases and fair terms of negotiations are agreed to."

They further declared that passive resistance would not cease until "the brutal injustice" of the French and Belgians in paralyzing the railroads and thereby endangering the food supply, ceased.

POLICE BROKE UP A MEETING OF COMMUNISTS

Small Disorders Broke Out, But Were Quickly Stopped by Massed Police Charges.

(Associated Press Despatch)

PARIS, June 25.—Several thousand Communists and workers gathered in the Place de l'Opera on Saturday night for an announced demonstration against Fascism and the Royalists, but the heavy forces of police and mounted Republican guards sent to the scene, together with the great number of spectators, made the programme impossible of fulfillment.

A series of small disorders broke out in the vicinity of the Opera later, but they were quickly stopped by massed police charges, one of which went through a crowd of drinkers on the sidewalk in front of a boulevard cafe, overturning the tables and chairs and upsetting the customers.

The police swung their clubs freely and the mounted guards used the flats of their sabres.

Many bruises and bloody noses resulted from the scuffles, both in the ranks of the police and the demonstrators. A large number of arrests were made.

WANT NEXT ROTARY CONVENTION AT TORONTO

Donald A. McRae Elected on the Advisory Board at International Conference.

ST. LOUIS, Mo., June 25.—A delegation from Toronto appeared before the new Board of Directors of the Rotary International Saturday and urged that the next convention be held in Toronto. The Board promised to consider the invitation at its next meeting.

The Canadian delegates to the convention, which closed on Friday, elected among others, Donald A. McRae, of Halifax, on the Advisory Board.

ANGLO-AMERICAN TREATY OF ARBITRATION SIGNED

Convention Extending Treaty for Five Years Signed by Secretary Hughes and British Ambassador.

WASHINGTON, June 25.—A convention extending for five years the Anglo-American Treaty of Arbitration of 1908 was signed here on Saturday by Secretary Hughes and the British Ambassador.

Twelve buildings were completely destroyed and a number of persons injured in a tornado which recently swept the little town of Silver Springs, Md.

RUNAWAY HORSE CAUSED DEATH OF YOUNG BOY

Archie Brock Is Dead, His Young Sister Lies Unconscious and His Parents Are Seriously Injured.

(Special to the Record)

SWEETSBURG, QUE., June 25.—A fatal runaway accident occurred near here on Saturday, the victim being Archie, the eight-year-old son of Mr. and Mrs. William Brock, who resides some three miles above Sweetburg. Another member of the family, little seven-year-old Molly Brock, lies unconscious in a very serious condition, while Mr. and Mrs. Brock both suffered severe injuries.

Mr. and Mrs. Brock and their three children were driving their horse and buggy on their way to a fishing party to celebrate Mr. Brock's birthday. When they were coming down the steep grade known as Miltimore Hill, something happened to frighten the horse, with the result that the animal bolted, upsetting the buggy and throwing the occupants to the ground.

Assistance was soon on hand and the injured were removed to the home nearby of Mr. and Mrs. Chas. Whitehouse, where they were cared for by Mrs. Whitehouse and Mrs. Ernest Brown. It was soon quite evident that Archie, the eight-year-old lad, was fatally injured and he passed away half an hour after the accident.

It was also feared that Molly, the seven-year-old daughter, would not recover, she having suffered concussion of the brain and other severe injuries. However, it is stated today that her condition has improved and strong hopes are entertained for her recovery. The third child in the party, a boy of three years of age, escaped injury. Mr. and Mrs. Brock were both rather severely cut and bruised.

The funeral of little Archie Brock will be held this afternoon from the home of Mr. and Mrs. Whitehouse, Rev. Mr. Ford of Dunham, Methodist minister, officiating.

Word of the accident was immediately sent to Mrs. Brock's mother, Mrs. Heckley, of Boston, Mass., who with her two daughters, Eva and Gladys, and two sons, William and Freeman, arrived here today. Mr. and Mrs. George Brock, of Foster, the former a brother of Mr. Brock, also arrived today.

NEW OIL TRUST FORMED BY STINNES INTERESTS

HALLE, Germany, June 25.—A new oil trust capitalized at one hundred million gold marks has been formed by the Stinnes interests and the Riebeck mining works at a joint meeting held here. The firm is to be known as the Hugo Stinnes-Riebeck mining and Oil Works Incorporated.

The Stinnes contributions included important Argentine concessions, tank ships and contracts with the German Government. The Riebeck Company at the same time declared a dividend of four hundred per cent.

THE WEATHER

FAIR AND DECIDEDLY WARM

Pressure is low from the Southwest States to Manitoba and across Northern Ontario and Quebec, and high on the Pacific coast and over the Southern States. Decidedly warm weather prevails in Ontario, and a few scattered showers have occurred in nearly all the provinces.

Forecast: Moderate west to southwest winds, fair and decidedly warm today and most of Tuesday.

Election In Ontario Today Being Watched With Interest As Being Test Of Coalition

Generally Expected that Result of Today's Voting Will Be Close, as Outcome of What Is Practically a Three-Cornered Contest Throughout the Province—Present Government Was First Agrarian Administration in Canada or United States.

(Associated Press Despatch)

TORONTO, June 25.—With a clear, hot weather in most parts of the Province, the electors of Ontario started out early this morning to select their next and sixteenth Legislature. First reports today indicate a fairly heavy vote in the rural and most of the urban constituencies. Exceptions to this are noted in the cities where daylight saving is in force. In these constituencies the nine o'clockers did not have their usual opportunity to vote on the way to business, the polls opening on standard time. The campaign has been strenuous in these cities, however, and the party canvassers will make a tremendous effort to get out the vote later in the day.

It is generally expected that the result of today's voting will be close, as the outcome of what is practically a three-cornered contest throughout the Province. In most of the ridings there are candidates for the Government, (United Farmer-Labor), and the Conservative and Liberal oppositions, respectively. There are 111 seats in the Legislature, two of which have already been filled by acclamations—in Kenora, Peter Heenan, Labor, and in Kingston, W.F. Nickle, Conservative, making a score to date of one government and one opposition supporter elected.

The election in Ontario today is being watched with great interest from parts of Canada and beyond, as being the test of Coalition, group or "occupational" government as against the old straight line Liberal or Conservative party system.

Ontario's present farmer government was the first agrarian administration in Canada or the United States, provincial, state or federal. At dissolution of the last Legislature the "Farmer" Government of the Hon. E. C. Drury held power with the aid of the Labor members, by a majority of one over the combined Conservative and Liberal opposition, not to mention three Independents and a vagabond.

The standing at dissolution was as follows: United Farmers—45. Labor—9. Conservative—25. Liberal—28. Independents—3. Vacant (Conservative)—1. Total—111.

The campaigning of both Liberal and Conservative oppositions has been largely directed to charges against the Government of a poor enforcement of the Ontario Temperance Act and other indictments of maladministration—particularly of extravagance in management of the affairs of the province and disposition of the natural resources. To these charges the Premier and his cabinet ministers have made vigorous defence.

FRENCH LINER INTENDS TO TEST NEW AMERICAN LAW

(Associated Press Despatch) PLYMOUTH, June 25.—Like her sister ships and the British liners, the French steamer La France left yesterday for New York with reduced liquor supplies. Her captain intends to test the new American law, his ship carrying a considerable variety of liquor under seal, intended for the eastbound voyage.

SEIZURE OF LIQUOR ON BRITISH LINERS CONTINUES TO BE CHIEF FEATURE IN LONDON NEWSPAPERS

Daily Telegraph, One of the Most Moderate Commentators, Calls Attention to Fact that the Issue Is Not Merely One Between United States and Great Britain, but that Several Other Countries Are Also Involved—Urges, as Best Immediate Solution, Recourse to Arbitration and Suspension of New Regulations Pending Decision of a Chosen Tribunal.

(Associated Press Despatch)

LONDON, June 25.—The seizure of liquor on British liners in New York continues to be the outstanding feature in the press and most of the morning newspapers comment on the situation at some length. In several of the editorial articles there is a decided note of anxiety lest the controversy lead to serious ill feeling between Great Britain and the United States. These newspapers express the hope that people here will refrain from intemperate and unformed criticism of what is held to be purely legal question.

The hasty condemnation of the United States Supreme Court ruling which marked some of the earlier comment is also deprecated in a section of the press which pays high tribute to the exalted legal and moral status of the court.

ARBITRATION SUGGESTED

The Daily Telegraph, one of the most moderate commentators, calls attention to the fact that the issue is not merely one between the United States and Great Britain, but that several other countries are also involved. The newspaper urges, as the best immediate solution, recourse to arbitration and suspension of the new regulations pending the decision of a chosen tribunal.

The Telegraph suggests The Hague Tribunal or the Permanent Court of International Justice as a medium. This solution is also advocated by the Graphic.

The Daily Chronicle, endorsing Mr. Lloyd George's attitude toward the situation, urges the British to avoid attempting to take a hand in the conflict of wets and dries in America. "If the prohibition law in the United States fails," says the newspaper, "the worst possible thing would be that failure should be capable of being ascribed to British interference."

REGRETS SMUGGLING OF LIQUOR

The Chronicle also seriously regrets the smuggling of liquor into the United States from ships flying the British flag, and the same point is made by several other commentators who disapprove of helping United States citizens to break their own law.

The Daily News contends that the problem is in no wise a simple one because of the real conflict of rights involved. This publication condemns the procedure whereby many ships are making the test, contending that one could have raised all the issues successfully.

"The possibilities of annoyance and counter annoyance in importing or bidding liquor, and its seizure under protest," the Daily News adds, "are so obvious and really dangerous that they should be minimized immediately."

The Morning Post asserts that "the American public suffer under disabilities of a conscientious but inexperienced administration, and

AUTO INDUSTRY SETS NEW RECORD.
(Associated Press Despatch.)
WASHINGTON, June 25.—The United States Automobile industry set a new production record in May, turning out 350,180 passenger cars and 42,983 trucks. The April production was 434,474 passenger cars and 37,527 trucks.
The production of passenger cars in May, 1922, totalled 232,431 and of trucks, only 23,778.

opines that if the state department had been consulted respecting the Volstead Act, which the newspaper assumes it was not, it would have pointed out how international interests would be affected. The United States Government would thus have been saved "the gratuitous and unnecessary irritation involved in carrying the law into execution."

The Post reminds United States citizens that they are expressing themselves to the reciprocal measures of other nations. However, it excepts from the list Great Britain "which does not take these little experiments seriously."

HOPE GOVERNMENT WILL TAKE UP MATTER.

Hope that the British Government will take up the question instead of leaving it to the steamship companies is reiterated by the Daily Express, which contends that "an attempt to make foreigners teetotal in their own ships on the high seas is an assault on the very elements of freedom."

What is presumably the official view of the socialist labor party is expressed by the Daily Herald. This journal says the United States is perfectly within its right and that there would be no support in England for any hostile action toward the United States on a matter like this. The Herald supposes that some of the first class passengers on the liners think it a great hardship to be deprived of their wine for a few days, but adds that for the ordinary man to be deprived of alcohol during the return trip is really a very trifling matter.

Some commentators think appeal to the United States courts would be futile because the result would be a foregone conclusion.

The Telegraph holds otherwise, urging that such a step would be useful in forming the necessary basis for an appeal to International law.

ARTIFICIAL WOOD IS CLAIM OF SCIENTIST

Uses Mixture of Sawdust with Chalk and Chemicals, Subjecting These to Very Heavy Pressure.

(Associated Press Despatch.) CHRISTIANIA, June 25.—By using a mixture of fifty per cent sawdust with chalk and chemicals and subjecting these to very heavy pressure, a scientist of the Kullerund says he has succeeded in making "artificial wood," possessing all the qualities of genuine wood. Its specific gravity is the same as wood, its hardness the same as oak. It can be planed, sawed, bored, nailed, painted, stained or polished and submitted to every process of carpentry or manufacture to which real wood is subjected. It will not deteriorate in water, and on account of the chemicals it contains it is impervious to rot and only burns at a temperature very much higher than that at which real timber ignites.

STRENGTHENS WEAK THROAT, RELIEVES THE COUGH

splendid for Asthma, Bronchitis.

CATARRHOZONE

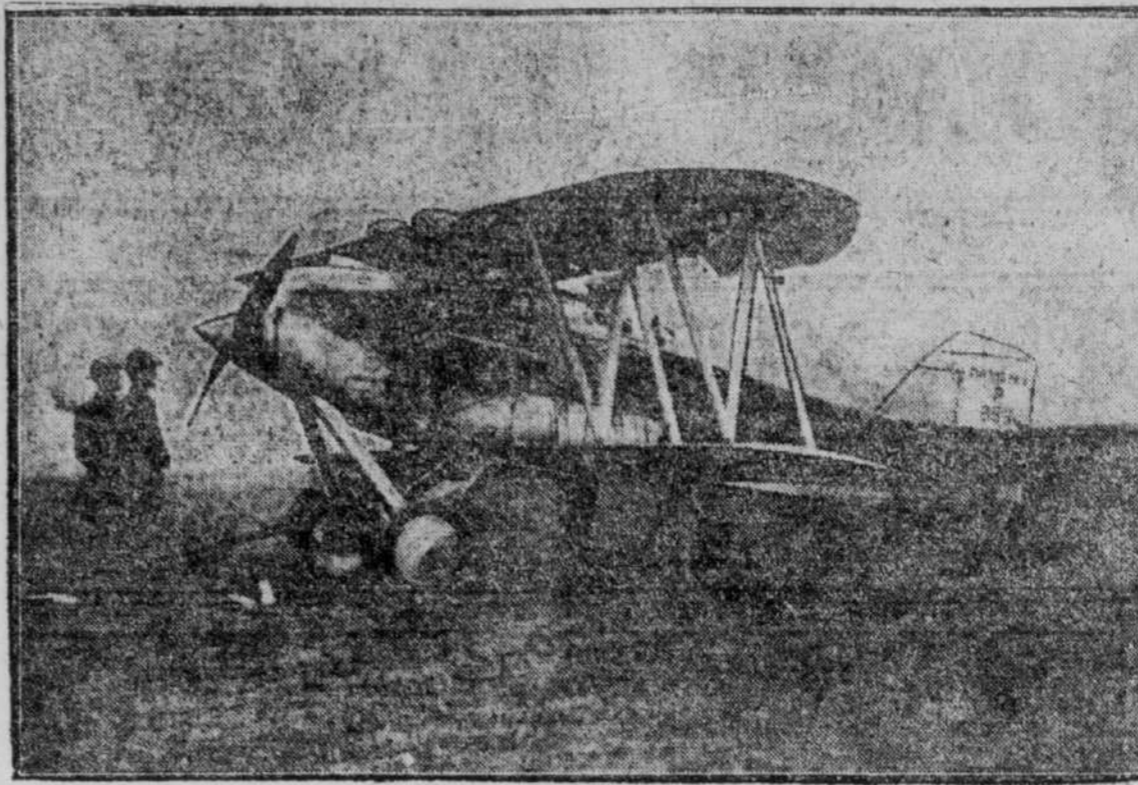

A Success Because It Really Reaches the Source of the Trouble.

A cough mixture usually fails because it slips over the sore spots, drops into the stomach, and does little else but upset your digestion. CATARRHOZONE is a real success because it goes where the trouble really is, because every time you breathe through the inhaler you send healing balsams to the inflamed parts. You experience a pleasant sensation of warmth, tightness, soreness and coughing disappear, the throat is strengthened, and further attacks are unlikely.

Ministers, singers, public speakers find CATARRHOZONE invaluable. For throat weakness, bad colds and the like, it is best of all. Get the complete outfit, \$1.00—lasts two months. Small size 50c. AT ALL DRUGGISTS.

FEW ATTENDED MEETING OF BURY CHURCH

Methodists Held Annual Congregational Meeting — Reports Submitted.

BURY, Que., June 25. — The annual congregational meeting of the Bury Methodist Church, held on Wednesday evening last, was only sparsely attended, few men being present. In view of the importance of this meeting it is regretted that more did not think it worth while to attend.

The Rev. E. M. Wilson, R.A., occupied the chair, and after the opening devotional exercises, called for reports from the various organizations. The first report was from the superintendent of the Sunday school, which was of an encouraging nature. Features of the report were an increased membership, the change from "uniform" to "graded lessons," and the donation of \$80 towards the mission and connexional funds of the church.

The report from the Ladies' Aid showed that a year of activity had been put in, and that of the money raised, almost all had been expended on various objects in connection with the church, a small balance of about \$60 remaining in the treasury at the close of the year.

The W.M.S. also presented a report which, although the total amount raised was under that of last year, tended to show that the society was very active among the church organizations.

The treasurer of the quarterly official board was then called upon to present the financial statement. On this occasion, through the use of the blackboard, the report was listened to with great attention, and with much interest. It was found that although a state of indebtedness still existed, the finances were in a somewhat better condition than at the beginning of the church year. The report was closed by a few remarks from the treasurer, who pointed out some of the causes of the recurring deficits, and to emphasize his remarks, placed upon the blackboard a facsimile of a page of his record book, which showed up very vividly the preponderance of blanks Sunday after Sunday.

The secretary-treasurer of the trustee board being absent, no report from this board was presented. A short report was presented from the choir.

The election of four members from the congregation to the quarterly official was the next business. By open nomination some nine or ten names were submitted. These were balloted upon, two ballots being necessary, and the result was the election of Mrs. Abel Whitehead, Mr. Herbert Keynes, Mr. Wm. Gathcart and Mr. M. T. Stokes.

At the close of the meeting refreshments were served by the ladies in the Sunday school room.

General Notes.

Mrs. Ashford, of Newcastle, N. B., has been paying a visit to her daughter, Mrs. (Rev.) E. M. Wilson.

Mrs. W. W. Webster returned on Saturday, June 16th, from her trip into Ontario, where she had been visiting at her son's and her daughter's home.

The Catholic Church is being painted. The work is being carried out by Mr. Oscar Prince.

Repairs have now been made to the dam at Pope's Pond, and the basin is slowly filling.

In the lower village the sites of the two fires which have presented such a forlorn and desolate appearance have now been cleared up by Mr. Alex Newman, and a large part of the land ploughed and seeded.

Miss R. E. Hurlbut, teacher of the elementary department of the Bury intermediate school, had to leave for her home immediately after the close of the examinations, owing to the serious illness of a near relative.

LAI D CHURCH CORNER STONE AT COATICOOK

New Methodist Church Is Being Erected — Parsonage Nearing Completion.

COATICOOK, Que., June 25. — A large gathering assembled on Thursday, June 21st, to attend the service of laying the corner stone of the new Methodist Church. The former church, whose fiftieth anniversary would have been observed next year, was destroyed by fire in the early morning of March 20th, last, when both church and parsonage were reduced to ashes. The church was a total wreck but the furniture of the parsonage, although considerably damaged, was mostly saved. The joint boards of the church met on the following Monday to consider the changed situation, and after due consideration resolved as follows: "Whereas there is no Presbyterian or Congregational Church in Coaticook, we feel that the interests of our constituency will be the most satisfactorily served by the erection of a new edifice therefore, be it resolved that we undertake to build forthwith." Plans were then adopted and operations were commenced as soon as possible. Since then the parsonage activities have so advanced as to promise occupation by August 1st.

The plans for the church, prepared by Mr. G.H. James, architect, of Sherbrooke, with modifications in keeping with the limited financial resources were accepted, and the contract awarded to the Newton-Dakin Company, contractors of Sherbrooke, for the sum of \$25,000.

The function of laying the corner-stone was performed on Thursday in a service specially called for the purpose. The hymn, "The Church's One Foundation," was sung and the Rev. A. Jones, of Matog, offered prayer. The scriptures were read by Rev. Grover K. Tyler, of the Baptist church, Coaticook. Others on the programme who were expected to take part were: Revs. C. G. Stevens, rector Harry Mick, B.D., of Stanstead; Arthur Hopper, B.D., of Hatley; F. R. Matthews, B.A., of Beebe; and B. B. Brown, of Sherbrooke. Letters of regret because of other engagements at this time as deputy examiners were received.

A forceful sermon was preached by the Rev. A. T. Halpenny, B.A., D.D., Principal of Stanstead College.

Dr. W. L. Shurtleff, K.C., secretary-treasurer of the trustee board, gave a statement of the finances making a strong plea for generous contributions in order to complete the work free of debt. He also introduced Dudley Wm. Davis, Esq., M.A., of Derby Line, Vt., a native of Coaticook, a life-long friend of the speaker, and also a life-long and generous supporter of the Coaticook church, as well as of his own church at Stanstead. Mr. Davis, assisted by Mr. Philip H. Armitage, chairman of the building committee, who presented him with a silver trowel, then proceeded to lay the corner-stone, bearing the date 1923, clearly and solemnly saying as he did so: "In the name of the Father and Son and of the Holy Spirit, I lay this corner-stone for the foundation of a House to be builded and consecrated to the service of Almighty God, according to the order and usages of the Methodist Church."

Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful what you wash it with. Do not use prepared shampoos or anything else that contains too much free alkali. This dries the scalp, makes the hair brittle, and ruins it.

Two or three spoonfuls of Mulsified is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, wavy and easy to manage.

You can get Mulsified coconut oil shampoo at any drug store. It is inexpensive, and a few ounces will supply every member of the family for months. Be sure and ask for "Mulsified." Beware of imitations. Look for the name Watkins on the package.

NO CAUSE FOR ALARM

"Doctor, I'm afraid there's something terrible the matter with my husband."

"What are his symptoms?"

POLICE STOPPED BOXING BOUTS AT ST. JOHNS

Boxing on Sunday Was Contrary to Law—Other Notices.

ST. JOHNS, Que., June 23. — The chief of police sent a constable to the Exhibition grounds on Sunday last to prevent the boxing matches which were advertised for that afternoon, as they were in contravention of both federal and provincial laws. Councillor Prescott's move to have the attention of the travelling public directed to our modern water-works plant by having the name either painted on the concrete beam encircling the building, or else erected on a wire screen on topis one in the right direction, as hundreds pass the plant daily by train or auto and beyond perhaps admiring the construction, are none the wiser as to what the building is. Councillor Prescott is also fathering the idea to have the name St. Johns painted on the big water tank when the repainting is done this year. The tower requires repainting its plain, and in order to do so, have run all the way from \$500 to \$1800. The first figure means the city supplying the paint.

The city engineer and a member of the Kiwanis were in Montreal last week looking over the system of installation of civic playground gymnastic material. It has been decided to install the bars, swings, etc., on the lot in rear of the city hall along the north side and along the west side fronting on Longueue street, thus leaving sufficient ground for the playing of squash ball.

There was a joint meeting on Monday of the councils of Irberville and St. Johns and representatives of the parishes in connection with matters pertaining to the upkeep and repair of the Gouin bridge. The municipal offices will be closed on Saturday afternoons during July, August and September.

Tried to Pass Bogus Money. A hanger-on of the circus attempted to pass a bogus \$100 bill on V. Poirier, grocer, on Wednesday morning. The police were notified and Constable Fontaine took the man in charge. He was held at the station until the show was ready to pull out, when he was allowed his liberty, with a warning to shake the dust of St. Johns off his feet.

In the Magistrate's Court. Judge Lemay sat in the magistrate's court on Thursday last and besides hearing a number of civil cases, further postponed the case of Boudreau and Duchesne at the request of Mr. Jacques Cartier, who is acting for the Crown, and who is desirous of checking up the statement of Duchesne as to his movements on the night of the alleged theft.

In the case of one Morin, accused of alleged attempt to commit indecent assault on a child of tender years, the magistrate after hearing the evidence committed the accused to stand his trial at the next term of the Criminal Court.

7TH HUSSARS WENT TO CAMP THIS MORNING

Men from Cookshire, Scotstown and Bury Trained for St. Johns—Officers in Command.

COOKSHIRE, June 25.—The 7th Hussars entrained this morning at Cookshire, Scotstown and Bury, the officers and men going by special coach, attached to the morning Halifax (C.P.R.) for sixteen days' training at St. Johns, Que. They will drill in company with the 5th, 13th and 17th Cavalry Regiments, forming the Eastern Townships Brigade. Comfortable quarters are being provided for both men and horses and the members of this unit are looking forward to a period of instructive drill and a pleasant and profitable time. The battalion is up to the authorized strength and the men should give a good account of themselves at St. Johns.

The officers are as follows: Lieutenant Colonel Thomas O' Farnsworth (Cookshire), commanding officer; Major George W. Beard, (Scotstown), second in command; Captain V. Rich, (Bishops Crossing), Veterinary officer; Lieutenant H. Leslie Cleland, (Cookshire), Signalling officer and Acting Adjutant; Lieutenant H. H. Scowen, (Bishop's Crossing), Quartermaster. "A" Squadron (Bury) will be under the command of Major Stanley Sample and Captain W. Bishop, both of Bury, while "B" Squadron (Cookshire) will have as its officers, Major H. H. Robinson, (Sawyerville); Captain Cyrus Wood, (Sawyerville); Lieutenant Stanley Wood, both of Cookshire. "C" Squadron which is comprised of men from Scotstown and district, is under the supervision of Captain Boy (Scotstown) as provisional captain; Lieutenant Thomas McAuley (East Angus), Lieutenant D. Mayhew (Canterbury) and Lieutenant E. C. McAuley (Bishop's Crossing).

The horses are being shipped by special trains from Scotstown, Bury and Cookshire to the barracks at St. Johns. Camp will break up on Monday, July 16th.

MISS C. THERRIEN GAINS 15 POUNDS BY TAKING TANLAC

Declares It Entirely Overcame Indigestion, Palpitations and Weakness.

"Mother certainly did me a good turn when she had me try Tanlac, for the treatment restored me to perfect health again," recently said Miss Cecile Therrien, popular young lady residing at 230 Joliette St., Montreal.

"It was about three years ago I suffered for a whole year with indigestion, palpitation of the heart and general debility. I became terribly thin and underweight, and felt weak and dizzy all the time."

"Well, mother got me started on Tanlac and the treatment made my digestion good and ended that palpitation and weak, dizzy feeling altogether. I gained about fifteen pounds, and recovered my health so completely that I haven't had any trouble since, but have been feeling better than I ever have before. I think Tanlac is just wonderful."

Tanlac is for sale by all good druggists. Accept no substitutes. Over 37 million bottles sold.

What Men Use

To get those glistening teeth

Note how many men and women show white teeth nowadays. They are proud to show them when they smile—because they are attractive. There is a new way of teeth cleaning which millions now employ. It means whiter, safer, cleaner teeth. Men who want good teeth should use it. Make this free test and see just what it does.

It removes film You can feel on your teeth a viscous film. It clings to teeth, gets between the teeth and stays. Food stains, etc., discolor it. Then it forms lumpy coats. Tartar is based on film. That's why teeth look cloudy. Film also holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it, and they cause many troubles. That's how teeth are ruined.

You must do this Old ways of brushing do not end that film. Some always remains to threaten serious damage night and day. So dental science sought a film combatant, and two methods were discovered. One acts to curdle film, one to remove it. Experts proved those ways effective. Then dentists everywhere began to advise their use. A new-type tooth paste was created, based on modern research. The name is Pepsodent. Those two great film combatants were embodied in it, for daily application. Now careful people of some fifty nations use this new way to clean teeth.

Fights acid too Pepsodent also multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay. Pepsodent multiplies the starch digestant in the saliva. That is there to digest starch deposits in teeth which may otherwise ferment and form acids. Those are Nature's great tooth-protecting agents in the mouth. Every use of Pepsodent gives them manifold effect.

The new-day way Pepsodent is the tooth paste of today. Millions already use it. All careful people will adopt it when they know its benefits. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Then you will realize what this method means to you, now and in the future. Cut out the coupon now.

Avoid Harmful Grit Pepsodent erodes the film and removes it without harmful scouring. Its polishing agent is far softer than enamel. Never use a film combatant which contains harsh grit.

Made in Canada CANADA Pepsodent The New-Day Dentifrice A scientific film combatant, which whitens, cleans and protects the teeth without use of harmful grit. Now advised by leading dentists the world over.

COUNCIL MEETING TONIGHT An adjourned session of the City Council will be held this evening, when consideration will be given to the reading of the by-law for \$300,000 for paving requirements. The introduction of this separate by-law is in accordance with the steps taken in connection with the borrowing for road purposes as outlined at a special meeting held in the city auditorium.

WANT POST OFFICE AT PERKINS POINT. A petition is being forwarded to the post office authorities today by the summer residents of Perkins Point, Lake Massawippi, requesting that a summer post office be established there. There are now some twenty families at this resort and a daily mail delivery would be a great convenience. The residents are in hopes that their request will be granted.

WORK PROGRESSING ON WOLFE STREET. After the completion of the paving of the Wolfe Street Bridge, the Road Department has turned its attention to Wolfe Street proper and work is already in an advanced stage. The sidewalk on the west side of the street from the bridge to Montcalm street has been completed and work on the opposite sidewalk has been commenced.

The street car tracks are being re-laid and excavation work on the corner of Queen and Portland has interfered with vehicle traffic during the past few days. The road along Wolfe Street is in a rough condition.

EAST ANGLUS GROUPS AWARDED SHIELD. In the National C.S.E.T. outdoor athletic meet, which was held between May 24th, and June 9th, the provincial athletic shields have been awarded to the Knights of Honor Tuxis Square of East Anglus, Methodist Church and the Radiofan Trail Ranger Camp of Montreal South Methodist Church.

Other Tuxis Squares participating in the Townships included Best Square, South Dudswell and the Big Four Square, Cookshire. Only twenty per cent of the C.S.E.T. groups in the province participated in this meet and of this number about twenty-five per cent fell down on their average because their members did not compete in every event.

MANY ATTEND SERVICES AT ST. ANDREW'S Very successful and largely attended services were conducted in St. Andrew's Presbyterian Church on Sunday. The Sacrament of the Lord's Supper was observed at the close of the service when four hundred and thirty-six communicants remained for the service, which is possibly the largest number of communicants at the summer communion in the history of the congregation.

Mrs. F. H. Rider, of Fitch Bay was the soloist at both services and sang "The Lord is My Light" (Alfonsen) and "Come Ye Blessed" (Scott). Her presence in the choir and her assistance to the services were much appreciated and she will be welcomed to any future visit to St. Andrew's.

The annual church parade of the Order of the St. John Ambulance Brigade took place at the morning service and the members present were welcomed in a few words of appreciation by Rev. Alfred Bright.

At the close of the Communion service yesterday, Rev. Alfred Bright referred to the fact that the communion table cloth with a beautifully worked "cross" appearing on it was the work of the late Mrs. J. W. Crawford, who died a few weeks ago. The preparation of the communion table cloth was a task which she did previous to her death.

CHURCH BUILDING CAMPAIGN LAUNCHED. At yesterday morning's service in Plymouth Congregational Church the pastor, Dr. Reed, during the course of his sermon announced that it had been definitely decided to make alterations in the church and to build a new Sunday school. This statement came as the result of six years' planning and waiting, during which the members of the church and the board have delayed the construction till favorable circumstances had been obtained.

It was now felt compulsory, stated Dr. Reed, to proceed with the building, and architects in Montreal had been consulted and approximate estimates as to cost have been received. These plans call for changes in the organ and choir arrangements and for the construction of a modern and well-designed school building, where many important branches of church and school work may be carried on under the most satisfactory conditions. The sum of ten thousand dollars is needed, either in cash or in promises, before the work can be started, and the pastor stated that no definite financial campaign would be held, but that free-will offerings would be received for this purpose, donations to be sent to himself or to Mr. J. G. Ransheousan. Yesterday and today many subscriptions were received, and if the general response is favorable, it is hoped that it will be possible to finish the work before the beginning of the winter.

REGATTA HELD SATURDAY WAS GREAT SUCCESS

Many Witnessed Water Sports Held Under Ideal Conditions on Magog River.

The success which greeted the efforts of those responsible for the regatta which was held on the Magog River on Saturday afternoon was so encouraging that there is little doubt that the Sherbrooke Regatta Association will continue in existence and to organize these events each season.

There were a large number of entries in each event and the contests were in most cases of the keenest nature. The day was ideal for racing, the air being quite warm and the water smooth. There were many close finishes, particularly in the rowboat races, both single and double oared events. A few collisions occurred in the canoe events, but the contestants extricated themselves good-naturedly and no upsets resulted.

Probably the most amusing of the events from the spectator's point of view was the crab race, in which many interesting situations occurred. The tilting contests were also the cause of a great deal of excitement. This event was won by Messrs. L. Bowen who handled the paddle, and H. E. Saunders, who managed the pole. The latter deserves much praise for the manner in which he wielded his pole, overcoming two opponents, and winning the medal.

The negotiation of the greased pole proved to be an exceedingly difficult problem and few contestants managed to cling to it for more than a couple of feet. Nelson Lothrop showed the greatest ability in this event, and slid to the end of the pole twice.

Aqua-planing, although it is a well-known and popular sport at most watering places, has not in the past been indulged in this city to any great extent. W. L. McGannon gave an excellent exhibition of the art, however, and carried out the difficult balancing feat behind a fast motor boat with considerable skill.

The whole regatta was carried through in the smoothest possible manner and very little time was lost in getting the different races started, so that in spite of a long programme, the last event was completed before 5:30 p. m.

During the afternoon the band of the First Sherbrooke Regiment provided music which was a very important contribution to the success of the regatta, inspiring, as it did, the contestants to greater effort.

The contests were well handled by Mr. James Watson, who acted as starter, Lt. Col. F. C. Bowen, Messrs. M. O'Reilly, James Duncan, J. O. Darche and Dr. V. Olivier, as judges, Messrs. E. J. Page and J. A. McManamy as timers, and Mr. C. C. Cabana, president of the Sherbrooke Regatta Association, as announcer.

The results of the regatta events were as follows:— Canoe covered canoes, single, men, first, R. E. Richardson, second, L. Gagne.

Rowboat race, single, men, C. Sunborg, second, Mr. Adams. Canoe Crab Race, first, L. Gagne, second, R. E. Richardson.

Swimming, girls, first, Miss B. Reid, second, Miss E. Cutter. Basswood and cedar canoes, tandem, men—1 V. Jutras and L. Turcotte, 2 R. Saunders and L. Bowen. Swimming, men, 50 yards—1 C. Skinner, 2 A. E. Smith. Greased pole—1 Nelson Lothrop. Free-for-all canoe race—1 R. E. Richardson, 2 F. Mitten.

HEAVY THUNDER STORM EARLY THIS MORNING

Very Heavy Rainfall at Early Hour—Ontario Has Hot Spell.

Carrying out the predictions of the barometer, which had been falling steadily for thirty-six hours until it reached a point as low as it has touched this season, the fall weather broke at about six o'clock this morning, and this vicinity was visited by a severe thunder storm which was accompanied by a heavy downpour of rain, which for a moment threatened to assume the proportions of a cloudburst.

Further east the temperature in dispersing to a certain extent the heavy haze which has been hanging over the country for the past couple of days. This haze is apparently caused by forest fires, and has been particularly dense during the last few days.

The temperature over the week-end was cool after the very hot weather of last week. Today promises to be warmer, however.

HOT IN ONTARIO. TORONTO, June 25.—New heat records for the year were reported from various parts of Ontario yesterday.

London topped the list with a maximum of 98, Toronto coming second with 96.

Further east the temperature was not so bad, Ottawa getting off with a high of 82 and Kingston 80.

TWELVE PERSONS DROWNED. DETROIT, Mich., June 25.—Seeking relief from the sweltering Sunday heat, twelve persons were drowned in the lakes and rivers of Michigan yesterday.

Grand Rapids holds the record for drownings, according to reports, when three persons lost their lives, and two were drowned in Detroit.

The official temperature here was 84, and Grand Rapids reported 93.

Mr. Jack Lunn, physical director of the Young Men's Christian Association, acted as judge of the diving, and fulfilled that difficult position in a manner which was entirely satisfactory to everyone. A great deal of praise is due these gentlemen, Messrs. A. T. Scott and J. Levesque, who have given a great deal of their time to promote interest in water sports in Sherbrooke, and who by means of their great experience have been a great help to the younger enthusiasts.

On Saturday evening, a decorated canoe parade was held near the diving float. First prize was awarded to Joseph Matheau, whose prettily decorated canoe with its many colored lights and evergreen boughs tastefully arranged, made a very pleasing appearance. Second prize went to Miss Phyllis Forrest, whose gondola-like canoe was decidedly pretty and novel in appearance. Mr. C. C. Cabana kindly acted as judge for this display.

The results of the regatta events were as follows:— Canoe covered canoes, single, men, first, R. E. Richardson, second, L. Gagne.

Rowboat race, single, men, C. Sunborg, second, Mr. Adams. Canoe Crab Race, first, L. Gagne, second, R. E. Richardson.

Mr. and Mrs. James Wilson, who spent a few days last week in Sherbrooke, have gone to Montreal, where they will reside.

Mrs. F. H. Rider, of Fitch Bay, was the guest of her sister, Mrs. F. J. Steele, Drummond Road, over the week-end.

Mr. James Dillson, son of Mr. and Mrs. W. Dillson, of Lennoxville, has returned home from Leicester, England, after an absence of three years.

Miss Audrey McKechnie, Melbourne street, left today for Knowlton, where she will attend the Knowlton conference.

Congratulations are being extended today to Mr. Enoch Berwick, who is celebrating his eighty-eighth birthday. Since the passing away of the late Mr. James Moy, Mr. Berwick is believed to be the oldest of Sherbrooke's citizens who have spent practically their lifetime here.

Mr. and Mrs. Abercrombie Bowman and Mr. S. F. Morey passed through here yesterday on their way to Scarborough, Me., for a short holiday. Mr. Bowman, who has been connected with the Canadian Inger-

sol-Rand Company at Toronto for a number of years, has been transferred to the Montreal office of the company and will shortly take up his residence in that city.

GIANTS HAVE SAFE MARGIN IN FIRST PLACE

McGraw's Aggregation Registered Their Sixth Consecutive Victory Yesterday at Expense of Braves.

(Associated Press Despatch) NEW YORK, June 25.—The New York Giants today have a safe margin in first place. They are making pay while the Boston sun shines and licking chops at the prospects of the near advent of the Philadelphia Quakers, while Pittsburgh, Cincinnati, Chicago and St. Louis muss up each other.

The Giants won their sixth consecutive game yesterday by 6 to 3, making it three straight from the Braves. Previously they had won three straight from St. Louis.

Pittsburgh also won over St. Louis 6 to 4, but it seems as though the Pirates are getting farther from the Reds rather than keeping after the champions.

Chicago's steady playing is less normal like. The Cubs got near to the Reds by giving Laque, the Havana twirler, his second defeat of the season in eleven starts, and broke his winning streak of seven games. Grover Alexander opposed him and allowed only three hits. The score was 2 to 0.

Brooklyn fattened on Philadelphia 0 to 4, making six runs in the first inning and getting only one hit. The Quakers just hand over their games without being asked.

While the Yankees were idle, Philadelphia passed up another chance to shorten the distance to the leadership by presenting Washington with an 8 to 0 victory.

Sherry Smith, former Brooklyn elab artist, kept "coming back" to Cleveland, beating St. Louis 8 to 2, while another veteran, George Daus, of Detroit, blew up in the ninth after he had his game won, let in six runs, and lost to Chicago, 9 to 8.

LOCALS DEFEAT BOSTON TIGERS IN CLOSE GAME

A Seventh Inning Rally Netted Three Runs—Second Game to Be Played This Evening.

The lucky seventh ran true to form yesterday when the locals overcame a two run lead and sent three men across the plate, incidentally retaining their undefeated record, by nosing out with a 3 to 2 victory at the expense of the Boston Colored Tigers.

Insofar as baseball is concerned, yesterday's game was the best, from the spectators' point of view, of the season, while the close scoring added to the interest of the keen play.

Granai twirled for the locals and opposed by Crudup, who was so successful in the box last season. Both pitchers were touched up fairly consistently, each allowing ten scattered hits.

The Boston Tigers opened the scoring in the second inning when Crudup slammed out a two bagger which brought home Conklin and Sampson. This lead was retained until the seventh although the Sherbrooke boys frequently threatened to break loose. With two on bases and two down in the sixth, Ralph Jenkins poled out a long fly to centre field but Sisco made a nice stab and retired the locals without any further damage.

With the arrival of the seventh, the Sherbrooke boys stepped into the breach and three hits, a sacrifice and an error were largely responsible for the three runs which were sufficient to ensure a complete victory.

It was in the second that the visitor scored their tallies. Phillips was thrown out at first, Conklin singled and went to second while Rhone fanned. Sampson singled, Conklin going to third and both players came in when Crudup doubled to centre. Sampson should have been held at third but Giboin threw wild to third and allowed the extra run.

The locals did all their scoring in the seventh. Giboin opened with a single and went to second when Lomax, in right field, muffed Granai's fly. Reed struck out but Giboin and Granai worked the double steal. Savage sacrificed to centre field scoring Giboin and Landry came along with a timely three bagger sending in Granai. Thormahlen and Andy Jenkins came across with additional singles, Landry crossing the plate for the third tally. Kenison fled out to left field.

The Tigers threatened again in the ninth and with men on first and second and two down, Sisco failed to connect with the necessary hit. Nelson Chartier was behind the plate with "Big Ben" Clancy on bases.

The teams lined up as follows: Boston Tigers—Fuller, 2b; Lomax, rf; Crudup, ss; Sisco, cf; Phillips, lb; Conklin, c; Rhone, 3b; Sampson, lf; Crudup, p. Sherbrooke—Reed, 2b; Savage, ss; Landry, c; Thormahlen, rf; A. Jenkins, cf; Kenison, 3b; R. Jenkins, lb; Giboin, lf; Granai, p.

Score by innings: R. H. E. Tigers . . . 020 000 000—2 10 2 Sherbrooke . . 000 000 30x—3 10 2 Batteries—Crudup and Conklin; Granai and Landry.

GAME THIS EVENING Arrangements have been completed for a second game to be played this evening at six o'clock, daylight saving time, when Thormahlen will be on the mound for the Sherbrooke boys. Another good game is anticipated and the locals will have to work hard to retain their unbeaten record.

LENNOXVILLE WON OPENING TENNIS GAMES

Made Clean Sweep of Series with East Angus—Mostly Straight Sets.

Lennoxville officially opened their tennis on Saturday afternoon with a clean sweep of all the events in their series with the East Angus tennis players. With the exception of one set of doubles, the Lennoxville boys won by a substantial margin, straight sets being the order of the day. Powers and Waterfield put up a stiff contest against Bas Baker and J. Clark and after a couple of 6-4 sets, the final series ran up to 12-10 before the Lennoxville boys definitely acquired the honors.

MacLear, Jr., was in splendid form and won handsomely from Ray Hawkins in straight sets, while Wm. Burt and Clark were not extended very severely in their contests.

The full results are as follows: Singles MacLear, Jr., Lennoxville, defeated R. J. Hawkins, East Angus, 6-1, 6-4. Wm. Burt, Lennoxville, defeated Davis, East Angus, 6-2, 6-3. Clark, Lennoxville, defeated D. Read, East Angus, 6-3, 6-2.

Doubles MacLear, Sr., and A. O. Beck, Lennoxville, defeated Davis and D. Read, East Angus, 6-0, 6-2. MacLear, Jr., and W. Burt, Lennoxville, defeated Davis and R. J. Hawkins, East Angus, 6-0, 6-3. B. Baker and J. Clark, Lennoxville, defeated Powers and Waterfield, East Angus, 6-4, 4-6, 12-10. A return series will be played at East Angus on Wednesday.

RESOLUTION OF CONDOLENCE.

Moved by S. P. Knight, seconded by A. M. Gardner, and carried by a standing vote.

"That the Stanbridge Township Farmers' Association at their annual meeting held at Stanbridge East, Que., in the County of Missisquoi on the 20th and 21st of June, A.D. 1923, desire to place on record their sense of the great and deep loss which the County of Missisquoi and the Township of Stanbridge in particular has sustained by the death of the late Charles S. Campbell, K.C., as a resident of Stanbridge Ridge he was well known as one who had transformed the countryside and by his experimental and scientific farming brought help and enthusiasm to the whole agricultural operations of the neighborhood.

"As a friend of all the people of the neighborhood he will long be remembered, his kindly smile, his word of encouragement, always backed up by real and substantial assistance in case of need, were characteristic of the man the remembrance of whose presence amongst us will long remain a cherished memory."

H. E. HIEBER, Acting Secretary, Stanbridge East, Que., June 20th, 1923.

DEATHS REPORTED

MR. JAMES PARKER, RAND- BORO. RANDBORO, Que., June 25. — The death of Mr. James Parker took place on Saturday, June 16th.

As previously reported, on Tuesday night Mr. Parker was stricken with a paralytic stroke and remained in a semi-conscious condition till the last. In his death the community has met with a loss hard to be replaced, as he had been choir leader for many years, a member of the Methodist quarterly board and a constant attendant to church and Sunday school, always ready and willing to give assistance wherever needed.

Mrs. Parker extends her heartfelt thanks to all those who assisted through her sad bereavement, also the choir for their services at the funeral.

WILLIAM R. THWAITES, WEST COMPTON. WEST COMPTON, June 25.— Mr. William R. Thwaites, a well-known citizen, died on June 6 at his home here, on the farm where he was born and where he had spent all his life. Mr. Thwaites was born on January 21, 1843, and on February 28, 1870, was married to Eliza McKay. Five children were born of this marriage, four sons and one daughter, the daughter dying when an infant.

He leaves to mourn his loss his wife and four sons, James, Hanson, Charles and Thomas, also six grandchildren; two sisters, Mrs. I. Leavitt and Mrs. Nelson LeBaron; a number of nephews and nieces, besides a large number of other relatives and friends.

The funeral was held in the Congregational Church at Waterville on June 9, the Rev. Mr. Teal officiating. The interment took place in the Greenwood Cemetery. The bearers were Messrs. Bond Little, Taylor Little, Thomas Little, Ray Little, Thomas Adam and Benjamin Fowler. The floral tributes were many and beautiful.

ROCK ISLAND AND DERBY LINE. The Robinson Circus at Newport on Saturday did not draw the usual large crowd from the villages, although the several townspeople who did attend report it the best for many years.

BEEBE WON IN FEATURE GAME ON SATURDAY

Defeated Quebec Central by 2 to 1 — Richmond and Thesco Won.

Beebe remained within striking reach of the leading East Angus team as a result of their victory at the expense of Quebec Central on Saturday afternoon last. The local railway men went down with colors flying and it was only after a stubbornly disputed contest that the granite men nosed out winners by the odd goal in three.

The game was scarcely fifteen minutes old when J. Candlish, moved up to the forward line, smashed the ball past Campbell for the opening tally. At half time Beebe led by 1 to 0. During the course of the second period, Quebec Central were awarded a foul outside the Beebe penalty area but were unable to convert and the ball was swung down to the Quebec Central citadel where the Beebe inside left secured and scored a second point.

The railwaymen refused to be subdued by this additional reverse and, following a determined attack, Emslie shot towards Stewart, and Candlish, on the defence, diverted the ball into his own net. With barely a goal lead to overcome the Sherbrooke boys strived hard to equalize but in vain, and a splendid game, well handled by referee P. D. Mathias, concluded in favor of Beebe 2 to 1.

THESCO SMOTHER LENNOXVILLE The Thesco eleven, failed to be disturbed by their successive defeats at the hands of the Quebec Central team and made a great comeback on Saturday against Lennoxville. The final score was 7 to 1 and helped to boost the local team's goal average. At half time, Thesco led 3 to 0, Grigsby, Rice and Fitzsimmons being responsible for the score.

The second half was practically a repetition of the first forty-five minutes and Thesco added four additional points while Lennoxville responded with a single goal, the result of a penalty when Mason was upset within the danger area. Mason took the kick himself and beat Jack Grimes who substituted for McGinty in the nets. The other goals scored in the closing period were credited to Rice (2), Fitzsimmons and Grigsby. The game was refereed by Mr. Davidson.

RICHMOND WON FROM CIRCO At Richmond, Circo dropped a couple of valuable points when they were defeated by a score of 2 to 0. The Richmond boys are becoming a very hard team to defeat on their own ground and promise to have much to say with regard to the league standing before the close of the season. Saturday's game was handled by Mr. Southgate.

CHARITY CUP GAMES ON SATURDAY The semi-finals of the Charity Cup games will be played on Saturday afternoon next, when two splendid cards are scheduled for play. East Angus will be at home to Circo while Beebe, present holders, will receive the Quebec Central

eleven. The game at East Angus will be handled by Mr. Davidson with Mr. Southgate officiating at Beebe.

HIGH SCHOOL WON The Sherbrooke High School broke into the winning column on Saturday with their initial victory at the expense of the "Rangers". At half time the High School boys lead by a score of 1 to 0 as a result of a penalty kick which was converted by Hammond.

In the second half, McGinty increased lead for High School when he accepted a pass from Conner and scored. The Rangers attacked hard and Loomis made several splendid saves. In the closing minutes of the game, Jeff Littler, tapped the ball into the net for the Rangers' only tally.

GOLF GRADUATED TO "HOLE IN ONE" CLASS MONTREAL, June 25.—J. F. Aitchison, formerly of Montreal, now resident in Toronto, as assistant comptroller of the Canadian National Railways, entered the golfers' hall of fame on Saturday while playing on the Country Club course at St. Lambert near here. Playing in a foursome he holed in one on the sixth, 140 yards from the tee. He pitched to the green and the ball rolled about ten feet on a line to the cup until it trickled into the hole between the flag pin and the rim.

ONTARIO AMATEUR TOURNEY TORONTO, June 25.—Robert M. Gray, Jr., of the Rosedale Golf Club, defeated a field of 130 players Saturday and won the Amateur championship of Ontario. His score over the Lakeview course in the final round was 79, which gave him the margin of one over Frank Thompson, runner-up.

LADIES TO HOLD COMPETITION ON THURSDAY The lady members of the St. Francis Golf Club will hold a "sealed hole" competition on Thursday afternoon at the local course. This competition was originally scheduled to take place on June 16th, but owing to a heavy downpour of rain on that date had to be postponed.

The members of the ladies' golf committee are anxious that players turn in as many scores as possible immediately so that handicaps can be arranged for their competitors.

J. P. L. STEWART WON MONTHLY MEDAL J. P. L. Stewart, with a handicap of fourteen, won the first monthly medal competition at the St. Francis Golf Club, turning in a gross score of 62 for the eighteen holes. Eighteen signed the entry lists for the monthly medal competition before going out on the course on Saturday afternoon. Out of these, however, only ten turned in their scores. J. P. L. Stewart made a 37 and a 25 giving a total of 76 and with a handicap of 14, making a net score of 62. H. S. Lawrence ranked second with a net score of 65. His gross total was 79 and he had a handicap of 14. D. C. McRae, with a handicap of 12 strokes, placed third, with a net score of 69.

R. Marchand, with a handicap of 17; H. St. C. Clayton, with a handicap of 13; and G. Miller, with a handicap of 7, were tied for fourth place, with net scores of 70.

REDVERS MACKENZIE WON PROVINCIAL CHAMPIONSHIP MONTREAL, June 25.—Redvers MacKenzie, of the Country Club, carried off the Provincial amateur golf championship at the Beaconsfield course on Saturday, when he completed the thirty-six holes in 155. MacKenzie, the day previous, tied for fourth place in the open title play, when he made a score of 154, three strokes behind the winner, C. R. Murray.

In Saturday's play, Alex Fraser, of the St. Francis Golf Club, Sherbrooke, turned in a score of 163 and H. D. Bayne, of the same club, played 184.

BUTTER PRICE DROPS AGAIN ON EXCHANGE

Ruling Quotation Was 29 1-2 Cents Per Pound—Seven Factories Boarded 471 Boxes.

(Special to the Record.) FARNHAM, Que., June 25.—The price of butter continued its downward trend on Saturday, when the ruling quotation on the Eastern Townships Dairymen's Exchange was 29 1/2 cents a pound. This is 1/2 cent lower than the week previous, while the ruling price of two weeks previous was 31 1/2 cents. The past four weeks have witnessed an upward and downward tendency, the first two experiencing a steady rise and the last two a sharp decline.

Seven factories boarded 471 boxes on Saturday, all selling at 29 1/2 cents. This is a decrease from the week previous when seven factories boarded 485 boxes.

OTHER DAIRY BOARDS YANKLEEK HILL, Ont., June 25.—At the regular cheese board meeting there was sold 1,065 boxes of white and 225 colored, all at 16c.

CORNWALL, Ont., June 25.—The offerings on the Cornwall Cheese Board on Saturday were 470 white and 1,840 colored, a total of 2,410 boxes. The white sold at 15 1/2c and the colored at 16c. A year ago 590 white sold at 18 1/2c and 675 colored at 18 1/2c.

THE MONTREAL CATTLE MARKET QUOTATIONS Prices Paid for Cattle at the Montreal Stockyards — Other Details.

MONTREAL, June 25.—(Dominion Live Stock Branch Report.)—Cattle receipts 867. Good cattle sold about with last week, but sales of medium and common lots inclined to drag, with prices edging toward lower levels. Two lots of good quality Ontario steers and heifers weighing slightly over one thousand pounds sold for \$8 per cwt., and one lot of heavy steers, rather rough but fat, were unsold at a bid of \$8.25. A few lots of medium steers weighed up at \$7.25 and \$7.50, and one better lot brought \$7.90. Common steers sold slow and only a few small lots were sold up to 10 o'clock. They brought \$6 to \$6.50. Medium heifers sold from \$6.50 to \$7.25. Good cows brought from \$5.50 to \$6, and medium ones from \$4.50 to \$5.25. Canners were \$2.75 and up. One or two bulls reached \$6. Good bulls were \$5 to \$5.50, and common ones \$3.50 and up.

Quotations: Butcher steers, good \$7.50 to \$8.25; medium \$7 to \$7.50; common \$5 to \$6.75; butcher heifers, good \$8; medium \$6 to \$7; common \$4 to \$5.75; butcher cows, good \$5.50 to \$6, medium \$4 to \$5.50, canners \$2 to \$2.25, cutters \$2.50 to \$3.50; butcher bulls, good \$5 to \$6, common \$3.50 to \$4.50. Calf receipts 1,427. Calves were lower. A few good veals weighed out brought \$8, and straight lots of medium and fairly good calves sold from \$6 to \$6.50. Over half the calves offered were common drinkers, and these were very hard to sell. A few sales of drinkers were made at from \$3.50 to \$4.25, and other lots were unsold at a bid of \$3.25.

Quotations: Good veal \$8, medium \$6 to \$6.50, common \$3.50 to \$5. Sheep receipts 1,004. Receipts of sheep and lambs were heavier and trading was somewhat slow. Sheep sold from \$3.50 to \$5.50, and lambs from \$12.50 to \$15 per cwt. Quotations: Ewes \$3.50 to \$5.50; lambs, good \$12.50 to \$15. Hog receipts 2,956. Hogs lower. Sales of good quality local hogs were made in ungraded lots at \$10. Coarse and poorer lots \$9 to \$9.50. Sows were \$6.50 to \$7. A large number of the hogs on the market today were delivered on contracts made last week. Packers offered \$10.50 for select bacon hogs under government grading.

championship at the Beaconsfield course on Saturday, when he completed the thirty-six holes in 155. MacKenzie, the day previous, tied for fourth place in the open title play, when he made a score of 154, three strokes behind the winner, C. R. Murray.

HEAVY SELLING OF MOTOR SHARES ON WALL STREET (Associated Press Despatch) NEW YORK, June 25.—(Wall Street Noon.)—Heavy selling of the motor shares, apparently based on the belief that the peak of motor car production and sales had been reached for this year, turned the whole list heavy before noon. Chandler was pushed down four points to a new low and Studebaker dropped 3 1/2 also to a minimum. Trading in railroad shares was sluggish, with a number of active issues yielding in sympathy with the industrials. Some of the largest losses were represented by Dupont, Mack Truck, Stewart Warner, Pan-American, Stromberg, Maxwell Motors A, Houston and West Pennsylvania Power to 2 to 4 1/2 per cent.

Call money opened at 5 per cent. FAIRLY STRONG TONE ON MONTREAL EXCHANGE (Associated Press Despatch) MONTREAL, June 25.—Trading was dull at the opening of the local market this morning, with prices displaying a tendency to move into higher ground. Laurentide came out unchanged at 95 1/2. Smelters registered a gain of 1/2 to 2 1/2. Brazilian dropper 1/2 to 4 1/2 over the week-end. The balance of the list was unchanged.

EASIER TONE NOTED ON CHICAGO WHEAT MARKET

(Associated Press Despatch.) CHICAGO, June 25.—Rains and cooler weather in the spring crop region tended to ease the wheat market today during the early dealings. The opening which varied from unchanged figures to 1/2 cent lower, with September at \$1.03 1/2 to \$1.04 1/2 and December at \$1.06 1/2 to \$1.07 1/2 was followed by a moderate general sag and then something of a rally. After opening at quarter cent off 79 cents, the corn market underwent to a like advance, with September at a setback all around, but then recovered most of the loss. Oats started a shade lower to 1/2 cent gain, with September at 37 1/2 to 37 3/4 cents. Later all the months showed a little decline. Lower quotations on hogs weakened the provision market.

ANOTHER NEW YORK FIRM FAILS (Associated Press Despatch.) The Wings of the Morning

A Great Story of Adventure and Romance
BY LOUIS TRACY.

He managed to conjure up a smile, and the ruse was effective. She applied the words to his past history. "I hope they will not be revealed so dramatically," she said. "You never can tell," he answered. They were in prophetic vein that morning. They returned in silence to the cave.

"I wish to go inside, with a lamp, May I?" he asked.

"Certainly. Why not?"

He had an odd trick of blushing. This bronzed man with a gnarled soul. He could not frame a satisfactory reply, but busted himself in re-

filling the lamp. "May I come too?" she demanded. He flung aside the temptation to answer her in kind, merely assenting, with an explanation of his design. When the lamp was in order he held it close to the wall and conducted a systematic survey. The geological fault which favored the construction of the tunnel seemed to diverge to the left at the further end. The "face" of the rock exhibited the marks of persistent labor. The stone had been hewn away by main force when the dislocation of strata ceased to be helpful.

His knowledge was limited on the subject, yet Jenks believed that the material here was a hard limestone rather than the external basalt. Searching each inch with the feeble light, he paused once, with an exclamation. "What is it?" cried Iris. "I cannot be certain," he said, doubtfully. "Would you mind holding the lamp whilst I use a crow-bar?"

In the stone was visible a thin vein, bluish white in color. He managed to break off a fair-sized lump containing a well-defined specimen of the foreign metal.

They hurried into the open air and examined the fragment with curious eyes. The sailor picked it with his knife, and the substance in the vein came off in laminated layers, small, brittle scales.

"Is it silver?" Iris was almost excited. "I do not think so. I am no expert, but I have a vague idea—I have seen—"

He wrinkled his brows and pressed away the furrows with his hand, that physical habit of his when perplexed.

"I have it," he cried. "It is anti-mony."

Miss Deane pursed her lips in disdain. Antimony! What was antimony?

"So much fuss for nothing," she said. "It is used in alloys and medicines," he explained. "To us it is useless."

He threw the piece of rock contemptuously among the bushes. But, being thorough in all that he undertook, he returned to the cave and again conducted an inquisition. The silver-hued vein became more strongly marked at the point where it disappeared downward into a collection of rubble and sand. That was all. Did men give their toll, their lives, for this? So it would appear. Be that as it might, he had a more pressing work. If the cave still held a secret it must remain there.

Iris had gone back to her sago-kneading. Necessity had made the lady a bread-maid.

"Fifteen hundred years of philology bridged by circumstances," mused Jenks. "How Max Muller would have reveled in the incident."

Shouldering the axe he walked to the bench. The tide was low and the circular sweep of the reef showed up irregularly, its black outlines sticking out of the vividly green water like jagged teeth.

Save on Sugar by using LILY WHITE Corn Syrup For Preserving

WHY SUGAR MAY COST HOUSEWIFE LITTLE MORE

Acute Situation Due to Shortage of Raw Material

REDUCED CONSUMPTION NECESSARY TO MEET CASE

Housewives in Montreal, and in fact in any part of Canada, may make up their minds that they are not going to get their sugar supplies this year at any cheaper prices than now prevail, and it may be said that they will probably be paying a little more before the summer rolls by.

The sugar situation is in an acute stage as shown by official statistics, because of the pronounced shortage of the raw material. It is pointed out that at the beginning of the year the world's available supply of sugar was 1,200,000 tons less than at the corresponding time in 1922.

It is a sound economy to put up your regular quantity of preserves this year, if you use half sugar and half LILY WHITE CORN SYRUP.

Sold by all grocers in 2, 5, and 10 pound tins.

THE CANADA STARCH CO., LIMITED, MONTREAL.

Write for our Cook Book—mailed free.

In the face of a world shortage of Sugar and the resulting high prices, LILY WHITE CORN SYRUP comes to the rescue of the housewives of Canada at preserving time.

For LILY WHITE CORN SYRUP means *better* preserves as well as *cheaper* preserves. Half sugar and half LILY WHITE CORN SYRUP makes a preserving syrup of the right consistency; that will not "sugar" (or crystallize).

The addition of LILY WHITE brings out the fresh fruit flavours; and gives a *better* flavour to jams, jellies and preserves. Everything, put up this way, will *keep*.
