

## IMMIGRATION AND REPATRIATION PLAN

### Representative Delegation Interviewed Premier And Cabinet at Quebec To-Day. Supported by Local Representatives. Moderate and Definite Proposal. Premier Promises Assistance.

Quebec, Oct. 15.—(Special)—A representative delegation from the Eastern Townships Associated Boards of Trade, had an interview, at 11 o'clock, this morning, with the Premier, Sir Lomer Gouin, and members of the Cabinet.

The delegation laid before the government its new proposal relative to immigration and repatriation work in the Eastern Townships.

The delegation were very cordially received by the Premier and his colleagues and were accompanied by several of the Eastern Townships local members.

Mr. E. Winn Farwell, President of the Associated Boards, presented the following petition:

To the Hon. Sir Lomer Gouin, Premier and Members of the Quebec Cabinet—

Gentlemen—

In approaching you again with regard to the question of Immigration and Repatriation as it concerns the Eastern Townships, we wish at the outset to express our appreciation of the sympathetic hearing you have given us on former occasions. When we have come before you, Sir Lomer, and on the occasion of our informal conferences with your colleagues, Hon. P. S. G. Mackenzie, the Hon. Mr. Devlin, and our local representatives from townships constituencies, we have received evidence of good will and interest which have encouraged us to approach you again, and to submit our revised plan relative to Eastern Townships Immigration and Repatriation work.

The plan we beg very respectfully to submit embraces the following organization:

1. An Eastern Townships Immigration and Repatriation Society, incorporated, with a permanent office at Sherbrooke, to which we humbly petition you to make an annual grant of \$3,000. This society will conduct an office at a central point in the Townships, and employ a competent Secretary who would look after the Eastern Townships end of the work, receive applications for farm, help, and inquiries, distribute new arrivals, collect refunds of assisted fares, keep in touch with farmers and with immigrants and repatriated persons after they have been placed in positions, co-operate with agents in the Old Country, and in New England, and maintain a publicity bureau relative to the Eastern Townships.

2. Another edition of the Eastern Townships booklet, with more attractive cover, otherwise as published by your government last year, which we are pleased to say is the most attractive and comprehensive booklet yet issued on behalf of the Eastern Townships.
3. The immediate appointment of an agent lecturer under the direction of your government, with instructions to co-operate with our immigration and repatriation society branch, and engaged by the year. We believe that this agent should spend five months (November to April) in the Old Country, and the following three months should be employed in receiving on this side the people he has secured, and the balance of the year in travelling through the Townships, interviewing farmers and immigrants who have been placed, collecting data, samples and information for use the following year.

4. An agent lecturer assigned to the New England States, engaged by and working under instructions of your government, with instructions to co-operate with the Society, in an effort to interest former Canadian immigrants to return to their native province.
5. The appropriation by your government of \$5,000, which we consider a moderate amount, for the purpose of assisted fares, in the case only of desirable farm laborers, said advances to be protected and repayable in manner established by the Ontario authorities as described in papers herewith attached. The colonization office at Sherbrooke would undertake the collection of the refunds, and would, also, if you desired, undertake the administration of the fund itself, if it did not seem advisable to burden your London office with this work or to handle it directly through one of your Governmental Departments. In Ontario, \$25,000 was advanced in assisted fares this year, and the refunds showed a loss of only \$3 p.c.

Your petitioners after a careful study of local requirements and conditions and of experiences here and elsewhere in connection with immigration efforts, are convinced that some such plan as outlined above is essential if results are to be obtained.

We attach herewith for your information

- (a) Resolution bearing upon the subject, adopted by the Eastern Townships Associated Boards of Trade.
- (b) Copy of agreement relative to incorporation of an Eastern Townships Immigration and Repatriation Society.
- (c) Resolution appointing provisional directors.

(d) Compiled information relative to immigration work as carried on by Ontario, New Brunswick and Nova Scotia.

In conclusion, we thank you for this interview and respectfully petitioned for your favorable consideration of the plan as set forth above and your aid in carrying it into effect. We beg, also, to point out the necessity of an early decision in order that the plan, if approved, may be put into effect at an early date.

Respectfully submitted,  
EASTERN TOWNSHIPS ASSOCIATED BOARDS OF TRADE,  
October 15th, 1913.

### THE ASSOCIATED BOARDS' RESOLUTION.

The following is a copy of the resolution adopted at a meeting of the Eastern Townships Associated Boards of Trade, held at Farnham on June 20, 1913.

Moved by R. C. Wilkins, Seconded by V. E. Morrill, That in consideration of the information contained in report herewith attached, and which sets forth the work being done in the Provinces of Ontario, New Brunswick and Nova Scotia in the matter of colonization and immigration,

Be it hereby resolved: That these Eastern Townships Associated Boards of Trade ask the Provincial Government for financial assistance on behalf of similar work, and equal in amount to that devoted to these purposes by the Province mentioned above,

And be it further resolved to form from the members of the Associated Boards an incorporated organization that we may be in a better position to co-operate with the Government in this work and administer such funds as may be entrusted to us in this connection, the purpose of such incorporated organization being to promote:

1. Immigration of desirable people from the Old Country and the United States.
2. Colonization of lands vacant or about to become so.
3. Repatriation of former Canadians.

Carried unanimously.

The above has been modified somewhat in the petition presented. The plan as presented is much less than that which is being undertaken in other provinces, but it is felt that it is about all that can be carried out the coming year and that the larger programme will be something to grow to.

### THE EASTERN TOWNSHIPS IMMIGRATION AND REPATRIATION SOCIETY.

The following agreement was signed at the recent meeting at Ayer's Cliff:

We, the undersigned, do hereby severally covenant and agree each with the other to become incorporated as an Association under the name of the Eastern Townships Immigration and Repatriation Society, and authorize the Provisional Directors hereinafter named, to apply for an act of incorporation by the Legislature of the Province of Quebec, to incorporate the said Association, with such general powers as the said Provisional Directors may determine.

The said provisional Directors shall be—

McArthur, Windsor Mills; J. A. Goyette, Richmond; P. J. Girard, Richmond; M. F. Hackett, Stanstead; E. H. Whitcomb, Ayer's Cliff; G. G. Fish, Ayer's Cliff; W. G. Libby, Ayer's Cliff; R. J. McHarg, M.D., Coaticook; C. E. Soles, Sherbrooke; T. C. Norton, Ayer's Cliff; J. E. Poutre, Sherbrooke; W. E. Hurd, Ayer's Cliff; Jos. Audet, Coaticook.

### WHAT OTHER PROVINCES ARE DOING.

The delegation laid before the Government a comprehensive report on the methods pursued by Ontario, Nova Scotia and New Brunswick, in their immigration work.

THE PREMIER LIKELY TO GRANT REQUEST.

The Premier replied most encouragingly. He expressed his interest in the proposals and assured the delegation of an early, definite and he believed satisfactory decision.

## CAPT. INCH TELLS STORY

### Horror of the Disaster and Terrible Ordeal Told by Commander of Volturno

#### WHAT CAUSED THE FIRE HAS NOT YET BEEN REVEALED. MEN CAUGHT IN FLAME TRAP.

New York, Oct. 15.—(Special)—Francis Inch, whose steamer, the Volturno, was burned at sea with the loss of 136 lives, told his story of the disaster last night. It is a plain seaman's tale, but in the line by line, the horrors of the disaster and the terrible ordeal through which passengers and crew passed, are brought out all the more clearly, perhaps, because of the marked directness and simplicity with which the story is told.

From its beginning, where the outbreak of the fire which spelled the doom of the Volturno is recorded, the narrative runs without the apparent omission of any salient fact, but on to the point where the blazing ship was abandoned, the last remaining passenger taken off, and the captain and his men left on the crew hoarded the waiting Koonland. Captain Inch, however, does not say what caused the fire, reporting simply that the chief officer advised him at ten minutes before seven o'clock on the morning of October 9 of its existence below, and five minutes later the flames had burst through the forward hatches and were rapidly spreading.

Although all possible measures were at once taken to subdue the fire, the captain's story shows that it was even then too late to save the watch below. The men were trapped and the fire was spreading rapidly. The death there, their fellow-sailors helpless to aid them.

Then came explosions which wrecked part of the midship section of the steamer. The situation was plainly hopeless and the call for help by wireless had gone out as soon as the flames shot through the forward hatches, and the crew was doing its fighting best to stay the progress of the blaze until assistance should come.

### CAUSE OF FIRE ON VOLTURNO.

London, Oct. 15.—(Special)—The fire on the Volturno was caused by a flash from a cigarette, which was caught smoking a cigarette and fined. As a sailor approached him he threw the burning cigarette down a grating. It fell among baggage or among cases of oil and chemicals. There was an explosion followed by a rush of flame that trapped the watch below and burned them to death. For many hours thereafter the fire spread aft, causing explosions from time to time.

### THROWN INTO WATER FROM BURNING SHIP.

Liverpool, Oct. 15.—(Special)—Among the rescued from the burned steamer Volturno on the Devonian which arrived here Tuesday, was a golden haired, blue eyed girl of four who had been brought to the Devonian in a boat. She is a Hungarian and talked constantly of her uncle Helik Paul who was taking her to Hampton, N. Y., where her parents live. Her uncle, she said, threw her into the boat, but did not attempt to get in himself. His fate is uncertain.

The Volturno's master covers in a few words the progress of the fire through the night, and how, when the rescue started, the ship had failed because of the heavy weather to get boats to the burning liner, some passengers jumped overboard and were picked up by the attending craft. By midnight the ship worked its way aft, but this direful news was kept from the passengers, the captain says, and there was no panic.

Fearful that the fire might burst through the after deck, the day-break and transform the entire steamer into a mass of flame, the captain and crew worked hard through the small hours making raft for use in an emergency requiring the quick abandonment of the steamer. But the night passed without the happening which the captain feared, and wind and sea having moderated, the transfer of the passengers to the steamers hovering about the blazing Volturno was begun at early dawn and accomplished in less than three hours without mishap. By that time the fire was eating up through the after hatches, however, and Captain Inch and crew left the doomed steamer to her fate.

Rotterdam, Oct. 15.—Capt. Tinsley, the agent of the Uranium line, declared yesterday that the reports of a plot against the vessels of the line published in Europe and America are absolutely untrue. He said: "I never said a word to anybody relative to a letter having been received by the company threatening to burn the ship."

### "VOLTURNO" STILL AFLOAT

London, Oct. 15.—The "Volturno" was still afloat on the afternoon of Sunday, in latitude 47.37 north, longitude 32.45 west, and there is a possibility of the bulk yet reaching land. The "Campania" was in her vicinity at a quarter past two on Oct. 12, and Captain Rostron, in a wireless despatch to the Cunard Company, says the derelict was then "lying southeast, making about a knot an hour. Her hull appeared to be in good condition, and liable to float indefinitely. A careful search (Continued on page 8.)

## NECK BROKEN BY A FALL

### M. Baird of Iron Hill Fell Through Feed Hole in Barn

#### WAS ONE OF THE PROSPEROUS FARMERS OF DISTRICT AND WELL KNOWN.

Iron Hill, October 15.—(Special)—Moses Baird, a farmer of this place, fell through a feed hole in the barn last night and broke his neck.

At the time of the accident he was feeding the stock, when he stumbled and fell through the opening to the barn floor.

Assistance was immediately rendered him, and although medical aid was immediately summoned, it was apparent that it would be of no avail.

The Coroner of the District was notified, and an inquest was held this forenoon.

After hearing the evidence the jury returned a verdict of accidental death.

The late Mr. Baird was about 65 years of age, and was one of the prosperous farmers in the district. He leaves a widow and one daughter, Mrs. A. Graves.

## LIBERATED ON BAIL

### E. Lamarche Implicated in Bury Shooting Affair

#### Out on Bail

#### DEFENCE NOT YET DECIDED AS TO WHAT MOVE TO MAKE IN OTHER CASES.

E. Lamarche, one of the three men held in connection with the Bury shooting affair, was released on bail, his application for bail was made on his behalf before Mr. Justice Hutchinson, yesterday afternoon. His Lordship fixed the amount at five hundred dollars personal and a thousand dollars security.

Fortier and Benette, the other men implicated, are still in jail. Mr. Rioux, who is also retained by them, stated this morning that he had not yet decided what course to pursue in defending the accused.

## WELSH MINE DISASTER IS THE WORST IN HISTORY OF BRITAIN

### Four Hundred Colliers Perished in Burning Pit. All Hope Abandoned of Saving Any Now in Mine. Terrible Scenes Were Enacted at the Pit's Mouth Where Relatives Were Waiting for Word of Those Below. Rescue Prevented by Flames.

London, October 15.—The greatest disaster that has ever befallen a British mine occurred yesterday morning at the Universal colliery, Sengehydd, South Wales, eight miles from Cardiff. It is feared that over 400 miners perished in the burning pit.

It was soon apparent that there was no hope for the entombed men. The mine was closed in a few minutes. Rescue parties rushed from all the pits in the neighborhood, and apparatus was carried by eager helpers over the mountains. At night it was decided to seal that portion of the mine in which the men are entombed.

Twelve years ago an explosion at the same place resulted in the loss of eighty lives.

### EAGER TO FACE DEATH.

Fifty yards from the Lancashire pit rises the winding gear of the York pit. Fortunately, this escaped injury. Preparations were immediately made for rescue parties to descend. There was no lack of volunteers. Hundreds of brave miners were eager to face death underground in the hope of rescuing their comrades.

Soon after the first rescue parties were lowered came the news that of the 900 men who had gone down in the York pit, nearly 500 were safe. They were brought to the surface in batches of twenty and were seized, hugged and kissed by their women folk in a delirium of joy.

But the cage also brought up charred and mangled bodies found by the search parties on the fringe of the explosion area. Only two bodies were identified. The others were blown to pieces. A woman shrieked, as one corpse passed on a rough litter, the sack covering being momentarily displaced and the features revealed. "He was my husband!"

A dozen men brought up were still

## AUDACITY OF HUERTA

### Is Looked Upon With Abhorrence by U. S. Government

#### DEVELOPMENTS ARE EXPECTED TO FOLLOW RAPIDLY AFTER PRESIDENT'S NOTE IS RECEIVED.

Washington, Oct. 15.—The United States Government yesterday informed Provisional President Huerta that it looked with abhorrence and amazement upon his assumption of both executive and legislative powers in Mexico, and that in view of his course could not regard as constitutional the elections planned for October 26.

Two notes, the one strongly phrased and written by Secretary Bryan, inquiring about the safety of the imprisoned members of the Mexican Congress, and the other drawn in forcible language by President Wilson himself, are said to constitute practically the last efforts of the Washington Government to deal with the Huerta authorities by diplomatic means unless there is a decided change of spirit on the part of the officials in Mexico City.

The negotiations through John Lind had progressed to the point where the State Department accepted the endorsement of Federico Gamboa for the presidency as meaning the elimination of Huerta, and where it was confidently hoped that a fair and free election would be held on October 26. Now, however, President Wilson has made it clear that the Washington Government had with the events of the last few days—the imprisonment of the deputies and the establishment of a dictatorship by Huerta, lost all hope of seeing a constitutional election held by the Huerta regime.

The steps taken by the United States were formally communicated to all foreign governments. No further negotiations are planned through diplomatic channels, and it would not be surprising if John Lind, who has been waiting at Vera Cruz to observe the manner in which the Huerta officials carried out their promises, should return to the United States at once.

### EAST MIDDLESEX ELECTION.

London, Oct. 15.—At the nomination meeting held at Pottersbury at noon yesterday, Algernon Frank Glass, of London, was nominated by the Conservatives to contest the riding of East Middlesex in the by-election on Tuesday next, and R. G. Fisher, London, a hattermaker, was named by the Liberals to oppose him. No other names were presented and there were no speeches. Very few electors were in attendance.

## SPANISH PRISONER SWINDLE SEEKS SHERBROOKE VICTIM

### Mr. W. A. Hale Receives Letter. Like Aid McManany, a Few Years Ago, he is on to the Game. Wealthy Prisoner in Madrid Prison. Beautiful Daughter to be Rescued. Store of Hidden Treasure.

The famous Spanish swindle game is apparently still being used. Some years ago an attempt was made to entrap Aid McManany, of this city. They got up against the wrong man.

Mr. W. A. Hale, of Sherbrooke is the latest citizen to receive an offer of great riches through the Spanish prisoner proposition.

#### THE LETTER.

A few days ago Mr. Hale received the following letter:

Madrid 12-9-13.

Dear Sir—

Although I know you only from good references of your honesty, my sad situation compels me to reveal you an important affair in which you can procure a modest fortune saving at the same time that of my darling daughter.

Before being imprisoned here I was established as a banker in Russia in which you will see by the enclosed article about me of many English Newspapers which have published my arrest in London.

I beseech you to help me to obtain a sum of 480,000 dollars I have in America and come here to raise a sum of my baggage by paying to the Registrar of the Court the expenses of my trial and recover my portmanteau containing a secret pocket where I have hidden the document indispensable to recover the said sum.

As reward I give up to you the third part, via, 160,000 dollars. I cannot receive your answer in the prison but you must send a telegram to a person of my confidence who will deliver it to me.

Awaiting your cable to instruct you in all my secret.

I am Sir, Yours Truly,  
SOLOVIEFF.

First of all answer by cable not by letter as follows:

Fernin Gimenez,  
Calle Fiazars 18 bajo numbera  
Madrid, (Spain).

"Lleigue bien"

Hale.

### THE NEWSPAPER CLIPPING.

The newspaper clipping which always accompanies these propositions, read as follows:

"Arrest of a St. Petersburg Banker."

"Charged with fraud in Russia and manslaughter in Spain. Interview of the two Ambassadors."

### SWINDLE PURE AND SIMPLE.

This Spanish swindle is a very old game.—It always includes a prisoner and a pretty daughter and offer of great wealth if one will follow directions.

It is said to be impossible to track the perpetrators of this swindle. Victims are no doubt found from time to time or it would not be continued.

The Ladies' Aid Society of the East Angus Methodist Church scored another big success in their annual thanksgiving supper which took place on the evening of October 8th. The weather was all that could be desired and the evening people were to be seen walking their way to Cooper's Hall, where the supper was served by a committee organized to their usual custom, had the tables loaded with savory viands, which makes the heart of the hostess glad. In the hall also was a fancy work and home-made candy booth under the direction of Mrs. E. G. Caswell, Mrs. H. C. B. Burns and the Misses Gorham, and a vegetable booth presided over by Mrs. The. Parsons. A complimentary supper of Eaton Corners, a comparative stranger to East Angus audiences, was very enthusiastically received. Solos were also rendered by Mrs. C. Andrews, Mr. Bidlock and Mr. Jonathan Prece, all three of whom are well known and much appreciated soloists. The speaking of the evening were Rev. Macdonald, of Christ Church, Angus; Rev. Roy, of Marlboro; Rev. Nicholas, of Sawverville, and Rev. Plett, of Cookshire. The proceeds of the evening netted over \$125.

BURY. Arrivals and departures: Mrs. John Manes, accompanied by Mrs. Peter Reid, left on Monday for Leeds, Que., to visit her daughter, Mrs. McKensie, from Boston, Mass., where she spent the last week; Rev. Henry Desseve to Megantic last week; Mrs. Alex Doherty to Sherbrooke to visit her mother, Mrs. John Dunsmore; Messrs. Chas. Dunsmore, Langlois and E. Thomas to Sherbrooke, after a few days at Mr. Alex Doherty's; Mr. Geo. Doherty from the West on Monday, after an absence of three months.

The president of the Women's Auxiliary desires all the members to send their thirteenth offering boxes before November 15th.

Mr. S. J. Hamilton has sold his land on Victoria road to Mr. Steve Davis.

At the meeting of the St. Thomas' Guild on Friday there was a large attendance, and a pleasant afternoon was spent. At the conclusion a delightful lunch was served by Mrs. Alison in her usual hospitable manner.

The play entitled "A Race for a Widow," which was presented at the oyster supper here in the Town Hall on the 9th, will be again presented in the hall at Canterbury on the 14th inst. for the benefit of the English Church. There will be the same capable actors and a large crowd is anticipated.

RANDBORO. The little eight-year-old son of Mr. and Mrs. Hout, who contracted scarlet fever three weeks ago, followed by

complications, died on Sunday evening. Much sympathy is extended to Mr. and Mrs. Hout, as this was their only child.

Arrivals and departures: Mrs. Smiley, of Lennoxville, with her daughters, Mrs. H. Planché; Mr. and Mrs. Morrison, of St. Johnsbury, who have been visiting their sister, Mr. and Mrs. E. J. Parker, returned home; Mr. Albert Belevau to take a business course at Belleville, Ont.; Mr. Russel Planché, of Brooklyn, N. Y., visiting his sister, Mrs. C. Austin; Mrs. A. Mr. Geo. Carson who has been in the employ of Messrs. H. Max Richy & Co., Danville for some time, has left to enter into employment at Grand Mere.

Mrs. J. J. Barlow has been spending a few days in St. Lambert, where she was the guest of Mr. and Mrs. Austin Doyle. Mr. Barlow was also a guest of Mr. Doyle for the week-end. They both returned home on Monday evening. Messrs. Doyle and Barlow were old friends in Danville and it is needless to say that both Mr. and Mrs. Barlow had a very enjoyable holiday during their brief visit there. The former says he had the time of his life. They also met Mr. and Mrs. Madden of Montreal and renewed old friendship over again.

A lot of new Suitings just arrived—the latest fashions in the trade. A visit will convince you. Also a nice large line of Cloakings in the very latest patterns. Just received a lot of other goods suitable for Fall and Winter wear at Boivin's.

The Danville Academy will close Thursday and Friday to enable the teachers to attend the Teachers Convention in Sherbrooke, Monday being Thanksgiving Day. The school will not meet until Tuesday morning.

Preparations are almost completed for the Thanksgiving Ball which will be given by the local court of the Canadian Order of Foresters on the evening of Thanksgiving Day. Turcotte's Orchestra will be present, and the committee having the matter in hand is sparing no pains to make the evening an enjoyable one in every respect.

ULVERTON. The teachers of the Ulverton Model School, Miss Reed and Miss Bothwell held a meeting on Friday evening for the purpose of distributing the prizes awarded by the Principal of the school and the Commissioners to the successful pupils. There were quite a number present. Rev. Mr. Schagel presided in his usual able manner, and gave a very eloquent address on Education, dwelling on the helpful opportunities of the teachers in moulding character and congratulating them on their work during the past year. Rev. Mr. Adcock also gave an address on the benefits of ambition properly directed, being helpful to the student combined with a steadfast purpose to succeed which often comes to surpass those who could learn more readily. He also congratulated the people of Ulverton on having had good teachers in the past as well as the present. There was also singing by Miss Ruth Adcock and the Misses Bogie; reading, by Miss Vernie Gee, and recitations, by Alfred Johnston and D. Bothwell. The prizes presented by Rev. Mr. Schagel are as follows: I, Academy—R. Adcock, medal for rank and prize for English Literature; Victoria Adcock, prize for French; Beulah Porter, prize for Euclid, Grade III, Model—Alva Badnag, medal for highest percentage, prize for history and English Literature; Evelyn Bogie, prize for French, Grade II, Model—Gladys Mountain, prize for rank in Marion Bothwell, prize for attendance and French, Grade I, Model—Melzar Cummings, prize for rank, prize 2nd highest per cent. in school.

"I ATTRIBUTE MY CURE SOLELY

And Entirely To Taking "Fruit-a-tives"

HULL, QUE., DEC. 24th, 1909

"For the past twelve years, I had painful attacks of Dyspepsia. I could not digest my food and everything caused the most agonizing pain in my stomach. I also had a fearful attack of Constipation and at times, I had no movement of the bowels for two weeks.

Three doctors attended me for two years and gave me all kinds of medicine, but did me no good. My weight came to only 80 pounds and everyone thought I was going to die. Finally, I had the good fortune to try "Fruit-a-tives" and as soon as I began to take them, I felt better. I persisted in the treatment and to my great joy, I steadily improved.

Now I feel very well, weigh 115 pounds, and this is more than I ever weighed even before my illness.

I attribute my cure solely and entirely to "Fruit-a-tives" and can never praise them too much for saving my life. To all who suffer from Dyspepsia and Constipation, I recommend "Fruit-a-tives" as a miraculous remedy."

MRS. ANDREW STAFFORD. 50c a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

YOU CAN DEFY HEADACHE!

Yes you can, with a box of ZUTOO Tablets in your pocket or home.

Taken when you feel a headache coming on, one little tablet will ward it off—tip it in the bud. Taken later it will cure the headache in twenty minutes.

Why then continue to suffer when a box of ZUTOO will make you headache proof. You would be surprised to know how many people, who never before used a headache remedy, are now using ZUTOO Tablets. Why not you!

BEDFORD DISTRICT LOCAL HAPPENINGS

Gathered by Daily Record Correspondents in Various Communes

SOUTH STUKELY. On Wednesday the 15th inst., St. Matthew's Guild will hold their meeting at the Vicarage. The ladies will provide dinner for the men of the parish, who will have their annual bee to do different kinds of work on the globe grounds which is necessary before the approach of winter.

Arrivals and departures: Mr. and Mrs. Rufus McLaughlin, of West Bolton, at their brother's, Mr. R. H. McLaughlin's; Mr. Clarence Johnson of Foster, with his uncle, Mr. W.K. Knowlton; Mrs. S. Goddard and Miss Margaret Jenkins, of Waterloo with their relatives; Mr. and Mrs. W. R. Peters; Mr. E.W. Martin, home from Delson Junction for a few days; Mr. W.K. Knowlton to Magog, recently; Mrs. (Rev.) P.C. Ireland and children, home to Montreal after the summer with her parents, Mr. and Mrs. R. A. Savage.

On Sunday the 19th inst., the evening service at St. Matthew's will commence at seven o'clock instead of 7.30 as formerly. This change will continue through the coming winter. A beautiful monument of Scotch granite to the memory of the late J. R. Bridge has recently been placed by his widow in Brookside Cemetery.

The Ladies' Aid which met last week with Mr. and Mrs. W.R. Peters was well attended and enjoyed by those present. There will be a celebration of Holy Communion in St. Matthew's church next Saturday at 8 a.m.

A number from this place attended the funeral of the late W. S. Martin at Eastman last Thursday afternoon. The services were conducted by Rev. H. G. Bangh, at the home of the deceased.

GRANBY. The comedy "All the Comforts of Home," given for the benefit of the Horticultural Society by local talent under the direction of Mr. and Mrs. Irving Beers was a huge success. Both Wednesday and Thursday evenings every seat in the Hall was taken and they were the largest and most enthusiastic audiences ever seen in Granby. The parts were well selected and every character without one exception did justice to his role. Those taking part were Mrs. Irving Beers, Mrs. A. J. Lemieux, Misses Florence Mitchell, Beulah Graham, Hilda Graham and Beatrice Teese. Messrs. Irving Beers, Leslie Martin, Dr. Graham, D. M. Mitchell, Mr. Knight, Roy Clement, Herbert McCurdy, John Irving and V. MacHuchin. Mr. and Mrs. Beers were able instructors and brought out the talent in each performer to a marked degree which would almost equal professional actors. The comedy is very humorous and the audience was kept in a continuous roar of laughter. A pleasing variety was a song introduced at both evenings in the second act, "Gray Days," which was sung by Miss Florence Mitchell in her usual pleasing style. On Thursday evening Mr. Beers delighted the audience by two recitations, "Old Ace" and the creation of Dan MacGe, both of which were splendidly rendered. Both Mr. and Mrs. Beers and those taking part are to be congratulated on producing this fine comedy which was a treat to the people of Granby. The gross proceeds were \$266.50. After deducting expenses the net proceeds were \$220.65.

The play "Faded in Full" which was given on Monday evening in the Town Hall deserved a larger crowd than it brought out. No doubt this was due to the counter attractions of Wednesday and Thursday evenings. The play was well staged and those who attended thoroughly enjoyed the evening.

MILLINGTON. There was a birthday party given Mrs. Place last Tuesday afternoon. A birthday cake adorned the table with her age, 71 years, inscribed. A very nice tea was served and a very pleasant afternoon was spent. The "bee" at the church was well attended and good work done. The Ladies' Aid finished the dinner. It was decided to paper the church inside and Mrs. J.M. Bryant and Mrs. John Patterson are going around and soliciting funds to pay for same. They are meeting with good success as one gentleman gave \$5.

Mrs. Enoch Davis is sick at present. Her daughter, Nora Davis, is caring for her. Mrs. Patterson met with a bad accident, having sustained a broken hip. Mr. John Peesley, of Magog, was in town on Wednesday, placing a monument for his mother in the East Bolton Cemetery.

Arrivals and departures: Miss Sanford, of Orange, N.J., at Rev. and Mrs. Brill's; three Bishops were guests at the Priest's house at Gibraltar, one being from St. Hyacinthe one from Three Rivers, and the other from Sherbrooke; Mr. and Mrs. D.H. Ingalls from Farnham's Corner, and Mr. and Mrs. D. H. Ingalls, from Dunbro, motored to Mr. J.P. Taylor's on Saturday, returning on Sunday; Mr. LeGoff, and Mr. and Mrs. Lemovue were at Mr. Thomas Dufresne's for the week-end; Mrs. J. Lachelle and friend at Mr. Roy Patches recently; Mr. Laurel Powell and Mr. and Mrs. Wm. Fletcher, at Marlinton to attend the funeral of Mr. J. Jackson.

MISS Helen Payne of Granby, was the guest of Miss Lila Barrage over the week-end. Mrs. E.E. Pare and children visited relatives in Montreal the past week. Mr. A.B. Caldwell, student at Montreal, very acceptably filled the pulpit at St. James Episcopal Church, on Sunday, in the absence of the Rector. Rev. Wm. Windsor, who is enjoying a short vacation trip to Engin and other Ontario points. Mr. and Mrs. E. F. Currie visited friends in Montreal over Sunday.

Among those visiting their respective homes over the week-end were: Messrs. L. H. Pliner, Douglas Saunders and Portant Trotter, of Montreal, and Mr. Chas. Beckus, of Delson Junction. An informal dance was given by the young people in the Foresters' Hall last Friday night at which the usual good time was enjoyed. Postmaster and Mrs. M. C. Hunterford and son spent Sunday at Swanton, Vt., the guests of relatives there.

Miss Manson, of St. Johns, Que., was the guest of her sister, Miss C. M. Manson, for the week-end last week.

NORTH STANBRIDGE. The funeral of the late Mr. Adam M. Stone, whose death occurred on the 5th inst., took place Monday afternoon at the home and was largely attended, not only by his neighbors but friends from a distance, including a large number of Free Masons, of which order he was one of the oldest members in the province. The service was conducted by the Rev. Mr. Ward of Bedford, who preached a very impressive sermon. The remains were interred in the Cemetery here with Masonic honors which was his request. Deceased was a man of more than ordinary ability, a kind friend and obliging neighbor, ready to extend the helping hand to any in distress and although eighty-four years of age will be much missed here. In religion he was a Methodist and in politics a Conservative.

PIGEON HILL. Mr. and Mrs. Ellsworth, who have been spending a few weeks in town, returned to their home in Lowell, Mass., on Monday morning; Mr. and Mrs. Chas. Johnson and their son, Hugh, of Bedford, in town on Sunday; Miss Florence Erno, of Stanbridge Ridge, visiting her parents, Mr. and Mrs. Chas. Erno, on Sunday.

DUNHAM. The Methodist Church, Dunham, is holding its annual Chicken Pie Supper and Harvest Home Festival on Friday evening, October 17th. Supper will be served in the basement of the Church from 6.30 to 8.30 p.m. An interesting programme is being prepared, including, music, recitations, etc. The Rev. A. A. Badley, Pastor of Sherbrooke St. Methodist Church, Montreal, and Chairman of the North Montreal District, will be the chief speaker of the evening. On the following Sunday, October 19th special Thanksgiving Services will be conducted by the Pastor, Rev. G. H. Forde. The Church will be decorated and appropriate music will be rendered by the choir.

Arrivals and departures: Major G. H. and Mrs. Maché, Clarenceville, week-end guests of Mr. and Mrs. M.

ARRIVALS AND DEPARTURES. Mr. C. Clark and daughter, Mrs. G. L. Clark, and Mr. and Mrs. E. Hunt and family, in their auto from Newport, Vt., to visit Mr. and Mrs. D. E. Clark; Mr. B. Longway, of Newport, Vt., in town on business; Mrs. Geo. Willard and mother, Mrs. Spring have moved from their cottage, Ho-Eo, to spend the winter at the Mansenville House; Mrs. W.W. White and family of Westford, Vt., visiting relatives and friends; Mr. and Mrs. D. G. Eldridge, Sunday at Lake Memphremagog; Mr. and Mrs. H. A. Gilman autored to Granby, Sunday.

Mrs. A.A. Manson's condition remains about the same. Mr. E. Lahue, of Ruitter Brook has moved into H. A. Gilman's tenement house. The Lynch and Manson Hill is much improved under the supervision of D. E. Warner, road master, and will be much appreciated by the travelling public.

Mr. D. G. Eldridge has purchased a property known as the W. Dingman farm and will take possession November 1st. Miss Bronlette who went to the Royal Victoria Hospital, Montreal, recently, is improving as well as can be expected. Mr. Wm. Miltmore has erected a new bridge across the river on his farm for his personal use. Mr. Daigle has his new house nearly finished. When completed it will be one of the finest houses in town. Rev. J.M. Coffin went to Richford on Sunday evening to take charge of the services there, there being no evening service here.

STANBRIDGE EAST. The coming event is the entertainment by the Stanbridge East Dramatic Club in the American House Hall on Monday evening, October 20th, when the popular drama entitled "Uncle Josh," is to be presented. Those taking part in the play are Messrs. J.H. Gardner, C.S. Moore, P.E. Wright, H. Baker, G. Forin, M.N. Harris, K. Tree, G. Corey, Mrs. M.A. Cornell, Mrs. G.G. Bullard, Miss H. O'Dell, Mr. A. B. Lawrence's Orchestra of St. Albans, will furnish music. There will be dancing after the entertainment.

ARRIVALS AND DEPARTURES. Mr. R. Kidd, Mrs. J. Holloway, Mr. and Mrs. P. E. Ribcud were at Freilighsburg on Thursday attending the Harvest Home at the Methodist Church. In addition to these there were about twenty young people from here who, in a hay rack load and in single team drove to Freilighsburg and took advantage of the pleasing entertainment. Mr. E. Fontaine has returned from Montreal and will do blacksmith work in the shop of Mr. J.A. Van Antwerp which he has rented. Quite a number from here were at the funeral of Mrs. Martha Jones on Sunday. Among them were Mrs. T. Ford, Mrs. H. McCarter, Mrs. N. White, Mrs. H. Perry, Mrs. W.A. Wright, Miss L. Wright, Mr. A.O. Westcott, Mr. E.L. Hodder, Mr. R. Westcott, Mr. W. B. Boucher. The funeral services were conducted by Rev. A. Wallace of Sutton.

SCHOOL TAXES LEVIED AT BEDFORD

Increased Rate Due to Improvements Made at the Academy

SCHOOL IS NOW IN FIRST CLASS CONDITION—PURCHASE SUPPLIES FOR ACADEMY. Bedford, Oct. 15. (Special)—The Protestant School Commission met in the County Building when the school taxes for the year ending June 30, 1914, were homologated. There were no complaints or amendments to make. The rate listed is seven mills on the dollar and a special tax of three mills. The last was made necessary by the extensive repairs carried on at the Academy the past few months and putting the school in a first class condition. Chairman H.A. Best presided at the meeting and Commissioners F. D. Walsh, P.P. Ewing, A.B. Foster and E.E. Creller were present as well as Mr. E. Creller representing the ratepayers. The petition being signed by a good number of the ratepayers in town the Council on motion by Councilor Creller and Lent decided to grant the license as requested.

The report of Special Superintendent D. J. Pellis was read in reference to the work performed by Contractor H.A. Best on the Freiligh Bridge and which was done in a most satisfactory manner. The Council was pleased to accept the report and authorized the Treasurer to pay Mr. Pellis's account of 16 days time at \$2 per day.

Councilor Poirier moved and Councilor Lent seconded that By-Law No. 36 be passed whereby the taxes for the year be as follows: One half mill on the dollar for all taxable real estate, and two-thirds mills on stocks and trades, for general purposes; Centre Ward for road tax, six mills and three mills stocks and trades; North and South Wards, for road tax, three mills and three mills stocks and trades; bridge tax, one-half mill.

Also that polling Division No. 2 be made into two polls, No. 2 and No. 4, with Bridge Street as the dividing line. This on account of the division as heretofore exceeding 200 the limit by law of voters in each polling division. It was also decided that the speed of motor vehicles in town be limited to a rate of eight miles an hour, and a fine of \$10 to be imposed on any person caught speeding at a faster rate than the above.

One or two small accounts were passed during the evening.

ARRIVALS AND DEPARTURES. Mr. C. Clark and daughter, Mrs. G. L. Clark, and Mr. and Mrs. E. Hunt and family, in their auto from Newport, Vt., to visit Mr. and Mrs. D. E. Clark; Mr. B. MEETING OF BEDFORD COUNCIL

Tax Rate Was Levied on Real Estate For Ensuing Year

A BY-LAW WAS PASSED LIMITING THE SPEED OF AUTOMOBILES WITHIN THE TOWN. Bedford, Oct. 15. (Special)—An adjourned session of the Town Council was held on Saturday evening with Mayor F.D. Walsh presiding and the following Councilors present, Messrs. Jos. McAleer and J.J. Creller representing the South Ward, Mr. A.A. Lent, the North Ward, and Mr. T. Poirier the Centre Ward. The Secretary Treasurer, Mr. George A. Sulley, was also present, and first read the minutes of the last meeting which were passed.

The Council then had a petition to deal with in which Messrs. John T. and Harold A. Sewell asked for a transfer of the license of the Central House from Mr. O.E. Grassetto, former owner, to themselves, the new proprietors of the Upper Town Hotel. The petition being signed by a good number of the ratepayers in town the Council on motion by Councilor Creller and Lent decided to grant the license as requested.

MARRIAGES

BARTLETT-SHEARAN. A pretty home wedding took place, yesterday at high noon, at the residence of Mr. and Mrs. John Shearan, Elmwood Avenue, when their eldest daughter, Miss Lillie May Shearan, was married to Mr. Russell Hawker Bartlett, son of Mr. and Mrs. Henry Bartlett, Brewster Avenue, East Sherbrooke.

The ceremony was performed by the Rev. J. C. Nicholson, pastor of St. Andrew's Church, in the Parlor, which was lavishly decorated with palms, ferns, festoons of evergreen over the windows, together with pink carnations and roses, while in one corner of the room branching palms made a bower, and from ropes of smilax, a wedding bell of white carnations and foliage was suspended under which the bride pair stood. White ribbons marked off the space for the guests, about thirty in number, including only the two families, and their immediate relatives.

The bride looked very charming in a gown of ivory-white charmeuse satin, draped in chiffon and trimmed with shadow lace and pearl pendants. Instead of a veil she wore a wreath of orange blossoms in her hair, and carried a shower bouquet of lilac-of-valley, with streamers of white satin ribbon. Her attendant was her sister, Miss Elsie Shearan, who was gowned in pale blue charmeuse with garniture of shadow lace and applique, and wore a sunburst of pearls, the gift of the groom. Her black plush hat had touches of blue, and her bouquet of pink carnations was tied with pink satin ribbon.

The best man was Mr. Chas. Bartlett, brother of the groom, and the bride was given away by her father, Mr. John Shearan. As the bridal party entered the room the Wedding March was played by Mrs. Robert Sims.

After the ceremony the usual congratulations and kindly wishes were offered to the newly-married pair and the wedding luncheon was served. The table was beautifully arranged with a graceful basket of pale pink carnations and ferns, in the center, pink satin ribbon being festooned from a huge knot on the arching handle to the four corners, ending in bows. The wedding cake, wreathed with smilax and white flowers was cut by the bride.

Mr. and Mrs. Bartlett left by the afternoon train for Montreal and Toronto, and on their return from their wedding trip, will live on Elmwood Avenue, where they have a pretty cottage. The bride's traveling costume was of navy blue serge with blouse of white shadow lace over pink, and blue hat trimmed with blue panne velvet and white aigrette. The wedding gifts were numerous and handsome, including cut glass, sterling silver, embroidered linen, furniture, paintings, etc. The employees of the firm of Bush & Bartlett presented a silver tea service, and Mr. John Milford, a case of silver spoons.

about midnight a bountiful supper was served. Music was furnished for dancing by Mr. C. Wheeler, and Mrs. Cutler gave some splendid piano selections, accompanied by Mr. L. Steel on the violin, which were much enjoyed by the guests. All voted the party a much successful affair and broke up with many thanks to the kind host and hostess for a pleasant evening.

A very sad death occurred in this city on Tuesday, October 7th, when little Clarice Celina aged 2 years and 8 months, youngest daughter of Mr. and Mrs. Henry Wilkinson, passed away after a very short illness of seven hours. The little one was stricken in the afternoon and in spite of all that doctors and loving friends could do, the little life could not be spared. The many friends of Mr. and Mrs. Wilkinson extend their deepest sympathy in the loss of their little child, who had such a sweet and loving disposition. The funeral was held on October 9th, from the residence of the child's parents, 2 Kingston Ave., to St. Patrick's Church, and the interment took place in St. Michael's Cemetery. The floral tributes were many, showing the love and affection in which the friends held the little child. Among those who attended the funeral were friends from Montreal, Cookshire and Ayer's Cliff.

TROLLEY WIRE BROKE. A broken trolley wire at the corner of King and Wellington Streets caused quite a commotion yesterday afternoon. The car service was tied up for about twenty minutes.

INFORMATION WANTED. A young boy of 15 years disappeared from the College at Victoriaville, Oct. 7th. His name is Justice Young and he is described as 5 ft. 6 in. tall, brown hair, mark on nose, black hair combed a la pompadour. When he left he was wearing a blue suit, short trousers and blue cap. Any information given in this matter will be gratefully received by Mr. Peter Young, Parkin, R.I.

A FAILURE EXPLAINS. Like all literary failures, he laid the blame on his wife. "Yes," he growled, over his ninth beer and twenty-fourth cigarette, "yes, you are too young for me. I'm forty-four, you're only thirty. That means you ain't serious. I've wanted to work, you've wanted to sport. Result, no fame after all these years." "Yes, Tom," she said, "but hadn't we better be going now?" "Wait till I've had three more beers," he said, taking a notebook from his pocket. "I want to tell you about an article I'm getting up— an article to prove that successful authors must have wives much older than themselves. Here are the facts. Lists: "Robert Louis Stevenson's wife was old enough to be his mother. Anne Hathaway was seventeen years older than Shakespeare. Dr. Samuel Johnson's wife was double his age—he was thirty, she sixty, when they married."

PROTEST LIKELY IN CHATEAUGUAY

LIBERALS CLAIM THAT THEY HAVE EVIDENCE OF ILLEGAL TACTICS.

Ottawa, Oct. 15.—It is practically certain that a protest will be promptly entered against the election of James Morris, the Government candidate in Chateauguay, on last Saturday. The evidence of wholesale bribery and electoral corruption by Hon. Robert Rogers' political machine, already in the possession of the Liberal leaders, is ample to prove that the election was won by unscrupulous and illegal tactics. Under the circumstances the wonder is that the Government majority was not up in the hundreds, instead of there being a net turnover of only ninety-two votes, as compared with the result at the general election in 1911. Startling revelations in court are promised as to the methods to which the Government forces resorted in order to defeat Hon. Sydney Fisher.

Commission Makes a Report on Alleged Shortness in Weight

FIND THAT OFFICIALS IN MONTREAL WEIGH CORRECTLY AND USE GOOD SCALES.

The Royal Commission which, under warrant of July and August, has been investigating alleged complaints of the weighing of butter and cheese in Montreal, has just reported the result of its hearings.

The report, which is signed by R. A. Pringle as chairman, and by A.H. Hodgson and S. J. Macdonell, finds that the trouble in regard to cheese honesty and lack of good scales at the factories, and not to any act of dealers or officials at Montreal.

The findings and recommendations of the commission follow:— "Your Commissioners would summarize their findings as follows:— (1) That in the opinion of your Commissioners, Mr. McLeod and his assistants weigh the cheese correctly, and that the scales used by them are well balanced and absolutely correct, and are examined by the official examiner from time to time.

(2) That the principal cause for the short weights complained of are as follows: Cheap, inefficient and not well balanced scales at the factories; careless weighing and false marking of weights on boxes at the factories; weighing the cheese too green at the factories.

(3) That all certificates as to weight are issued by Mr. McLeod and his staff, and that it is impossible for merchants to obtain blank certificates.

(4) That the weights from those factories that are farthest from Montreal appear to hold out better than those nearer Montreal.

(5) That the reputation of Canadian cheese in the English market is being seriously affected by the shipping of cheese too green.

(6) That a class of scales are being placed on the market in Canada at the present time, bearing the stamp of government inspection, that are not fit for the purposes intended.

(7) That no complaints have been received in regard to the weighing of butter.

RECOMMENDATIONS MADE. "Your commissioners would respectfully recommend that you take into consideration the advisability of amending the act respecting the weighing, measuring and gauging certain articles of general consumption, assented to on the 18th of March, 1885, so as to permit the appointment of special weighers for special trades.

"Your commissioners recommend that a competent official be appointed under the control and direction of the Dairy and Cold Storage Commissioner, with headquarters in Montreal, who shall be charged with the duty of investigating the weights of cheese when shortages arise, and as prompt action is necessary in the matter of reweighing cheese, your commissioners recommend that such official be instructed to inspect daily the certificates of Mr. McLeod and his assistants and where excessive shortages are shown, that he immediately reweigh the cheese, and the result of his weighing shall be considered to be the correct weighing between buyer and seller, and be final.

"Such official should be competent to judge as to quality of cheese, and when instructed by the Dairy and Cold Storage Commissioner he should inspect as to quality, not for the purpose of acting as arbitrator, but for the purpose of detecting faulty cheese, and that he co-operate with the Ontario and Quebec Departments of Agriculture in advancing dairy interests, by reporting such defects promptly.

"This official should also be provided with a thoroughly tested scale and be in a position when he found excessive shortages to go to the factory and examine into the reason for same, and if necessary test the scales in the factory. He should also be on the alert as to any false marking of weights, and where the same is found notify the proper authorities so that parties guilty of false marking can be properly punished.

"Your commissioners would further recommend that the Weights and Measures Act be amended so that all scales at cheese factories would be inspected at least once a year.

"Your commissioners further recommend that in the interests of the cheese industry of Canada legislation should be passed preventing the shipment of cheese from the place of production under ten days old.

A Proven Car

Back of every Russell car are the traditions of Russell reliability and the test of time. Always conservative in adopting new features—always zealous in developing and perfecting them when once proven right—the Russell has constantly maintained its reputation as a seat-head car.

RUSSELL-KNIGHT

is no exception. Every day for the past three years the Russell-Knight has been under-going practical service tests. In the hands of owners, hundreds of them have been performing every phase of service a car could be called upon to meet.

And they have met every task in a manner to command respect. Some of these cars—in years of service—have never had a wrench used in their engine. Their motors have run without repair—without adjustment—without falter.

They were more powerful the first day than any poppet motor of equal size. At the end of the first year they were developing more power than at the start. To-day they are running and "pulling" in a way no poppet valve motor can approach. They are not merely standing up—they are actually growing better with use.

Time-tested—developed in use—perfected by persistent and painstaking effort over 12 full months, the new Russell-Knight car stands as a car of proven reliability—of demonstrated worth.

Its power and silence, its beauty and convenience, its luxury and comfort, make it the ideal car for you to own or drive.

### ESTIMATE OF GRAIN YIELD IN CANADA

Bulletin Has Been Issued by the Census Department

IDEAL WEATHER PREVAILED THROUGHOUT THE COUNTRY DURING PERIOD OF HARVESTING THE GRAIN.

Ottawa, Oct. 15.—(Special)—A bulletin issued by the Census and Statistics Office of the Department of Trade and Commerce gives a provisional estimate of the yield of the principal grain crops and also the average quality of these crops at harvest time.

During the month ended Sept. 30th ideal weather for the ingathering of the grain crops prevailed over all Canada. In the greater part of Ontario and in the Western Provinces, harvesting operations were well completed by the middle of September, and only in parts of Quebec and the Maritime Provinces, where the spring opens later, was harvesting carried on during the latter part of the month.

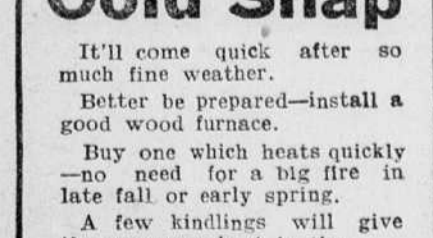

The estimates given a month ago are slightly greater than those now issued which may be presumed to be based more or less on results of threshing. The final estimates based altogether on threshing results and calculated on corrected areas will be issued as usual on Dec. 15th.

For spring wheat the estimate for the end of September is 188,468,000 bushels as compared with 182,840,000 bushels last year. For fall wheat the estimate is 19,107,000 bushels as compared with 18,396,000 bushels last year, and 18,481,000 bushels in the preliminary estimate this year. The total estimated wheat production this year is therefore 207,575,000 bushels as compared with 199,236,000 bushels last year, an increase of 8,339,000 bushels, or 4 1/2 per cent. The yield per acre for all wheat is 21.5 bushels as compared with 20.42 bushels last year. Oats show a total yield of 231,418,000 bushels and an average yield of 40.57 bushels as compared with 361,733,000 bushels and an average yield of 39.25 bushels. Barley gives an estimated total yield of 44,248,000 bushels and an average of 31.00 bushels per acre, as compared with 44,014,000 bushels and an average of 31.10 bushels in 1912.

For the three Northwest provinces, the total yield of spring wheat is estimated at 183,852,000 bushels, of fall wheat at 5,264,000 bushels, of oats at 239,595,000 bushels, of barley at 27,904,000 bushels, of rye at 1,686,000 bushels, of flax at 14,808,000 bushels. The average quality of these crops measured upon a per cent. basis of 100 as representing grain well headed, well filled, well saved and unaffected to any appreciable extent by frost, rust, smut, etc., is as follows:—Spring wheat 89.17, oats 90.52, barley 88.25, rye 85.41, peas 81.71, beans 78.48, buckwheat 73.44, mixed grains 90.59, flax 82.68, corn for husking 75.16. Of these, wheat, oats, barley and rye are above the average quality for either of the last two years.

The potato and root crops continue to show good figures, as representing average conditions during growth. The condition of potatoes is 83.59, turnips 82.62, mangolds 83.64, sugar beets 82.63.

The fact that a very large otter has been caught at Derwent is probably due to the otter weather.

### TITLES THAT ARE NOT CLAIMED

#### DORMANT HONOURS ARE LAND-LESS AND AS SUCH ARE NOT CLAIMED.

The betrothal of the Duchess of Fife to her relative, Prince Arthur of Connaught, is a reminder that the late duke's kinsman, Mr. Duff, who resides in Australia, at St. Kilda, Melbourne, has so far not troubled to establish his right to the Fife earldom in the Irish peerage. The honour is his if he cares to claim it, but realizing that there is no property attaching to the title, Mr. Duff has no desire to be Earl Fife without adequate means to sustain the dignity.

Though people are so eager to obtain handles to their names, immense sums being contributed to the party funds by ambitious individuals in the hope of getting a knighthood, baronetcy, or peerage, a good many titles are awaiting claimants. On the death of the seventh Earl of Milford in 1891, the honour became dormant, as no heir came forward, but one, it is alleged, to be found in the person of a guard on an Indian railway, who married a native, and has, rumor alleges, a dusky family. Possibly one day, therefore, the House of Lords may possess a dusky peer from India.

Through another peevage this potentiality is a likely one. Since the death thirty years ago of the third Lord Gardner, the barony has been dormant, but it is undoubtedly extant, and the rightful possessor is possibly a Gardner whose mother was a native princess of the Delhi family, and whose grandmother was a Begum. The latter was his husband's cousin, and daughter of another native princess by marriage to a Gardner of a previous generation whose parents were Colonel W. L. Gardner, of Gardner's Horse, and a dark but beautiful Princess of Cambay.

### THE PARCEL POST SYSTEM

SHOULD BE OF IMMENSE VALUE TO AMERICA AND THE DOMINION. (Christian Science Monitor)

A report from the postmaster-general to the effect that a steadily increasing use of the parcel post system in the forwarding of fruit, eggs and other farm produce is noticeable, will be received with something more than a sense of self-congratulation by those who were earnest and sanguine in their advocacy of the innovation as a means of lowering the cost of living. The parcel post system cannot be said to have passed as yet the initial stage of its development. There is much to be learned in the handling of it. There is much to be learned in the use of it. It will take considerable time to bring it to the highest point of efficiency and utility. But if at this early stage the increase in produce shipments has been such as to force itself upon the attention of the postmaster-general, that fact affords sufficient ground upon which to look confidently to the future usefulness of the service in the common affairs of the people.

There has never been any doubt regarding the helpfulness of the parcel post as a distributor of manufactured products and merchandise, and, therefore, the public is not surprised to learn that there are other classes of matter. Other countries had successfully experimented and this country had had some limited experience along this line, in the transmission of foreign packages, before the general domestic parcel post system was adopted. But, whatever European experiences may have been in the handling of farm and garden produce in the mails, the extent of American territory, the volume and variety of American agricultural products, the special needs, the habits and customs, of the American people, are so different from those obtaining in the older countries that the trial of the parcel post as a foodstuff distributor, it was seen, must be made here on entirely new and independent lines. Great Britain, Germany, France, Austria or Italy, within their own domains, might have succeeded in distributing cheaply and speedily by mail the fruits of the soil, but none of them had to meet the exigencies of practically a continental service, or the needs of people scattered, and often thinly scattered, over forty-eight states.

American experience with the parcel post should be of immense value to Canada. At the beginning, the parcel post will enjoy advantages denied the United States in the initial stages of the system's introduction. There is not the slightest reason why both countries within a few years should not have in the parcel post service nationally and internationally an agency for the distribution of foodstuffs equal to that in existence in any of the populous, highly cultivated and economically compact nations of Europe. The parcel post should be the means of equalizing the supply and steadily raising the markets of North America, so that "feast" and "famine" periods in various sections, like other unnecessary and unpleasant experiences, shall at least become infrequent in the future. It is not too much to hope that through perfected distribution they shall finally disappear altogether.

#### MR. A.'S PROFITLESS JOB.

Two patrons of a noted Ontario creamery, both members of a cow testing association, at the end of last year had three cows to attend. Mr. A., milking eight cows, sent a total of only 1,360 pounds of fat. Mr. B., with only five cows, sent 1,777 pounds. Dairy men in other sections are invited to consider what this means. Mr. A. had three cows more than Mr. B. to milk and feed all year, but received a smaller income than B. by quite ninety dollars. Nor is that all, for at the least ninety dollars more, making three extra cows consumed feed worth another ninety dollars that he was "out."

But one step further: A worked hard milking those three extra cows, spending probably 200 hours more than B. on a thankless and profitless job. The cows were worth something as an investment, but it is doubtful if they returned any interest on that, some allowance should be made for depreciation even of that wonderfully inefficient cow "plant," that stable accommodation had to be provided for them; and the general care of the herd called for some expenditure of thought and skill on the part of A. as general manager of his establishment.

The deductions are plain; however comforting a "guess" may be as to whether a cow, or a herd, "pays," there is nothing to take the place of actual dairy records. Further, whatever the production of a herd may be, comparisons with other annual records should be made in order to see if improvement is possible.

baron had the hapless Mary Queen of Scots in his custody, might be successfully claimed by a descendant living in South Africa; a Lord Willoughby of Farham could, it is thought, be found in America; and there, too, are the rightful owners of two ancient baronetcies—those of Peyton, of Isleham, Cambridgeshire, and Norwich, of Brampton, Northants, two ruined families whose representatives sought Marmion Ferrers, of Badesley Clunne fortunes across the Atlantic.

A Warwickshire squire, the late Mr. Ton, was the descendant and male representative of the Ferrers, Earls of Derby, and in the opinion of experts he could have established to the satisfaction of the Lords a right to the possessions of that earldom, which dates from 1188, and is older in creation by over three centuries than that of the King's host at Knowley the other week. There are only a few of many titles which may some day figure in the extant peerage. All these dormant honours are landless, so their possession would confer no pecuniary benefit, and this is the principal reason why they are not claimed, another being the great cost of prosecuting a claim, for the fees of peerage lawyers are heavy; so, too, are those of pedigree hunters, whose charges for searches are by no means light. ### PASSING OF THE COUNTRY TAVERN

THERE WILL BE NO BRINGING BACK OF THE ROMANCE OF THE HOSTELERY. (Christian Science Monitor)

Now and then the day's news bears some bit of tidings that sets going recollections of stories of the old order of New England manners and institutions. Just now comes the information that Paradise tavern has been sold. Its barns—the ranging stables were never other than barns in the language that belongs to the same period—and its sheds will be removed, the houses will be restored to their old colonial simplicity, and an appreciative new owner will make it his country home. The splendid landscape that was enjoyed by the traveller of years long past, even though he had been transported through a day's journey of landscapes, will be made available to the friends from town. But with all the restoration of the house, there will be no bringing back of the particular romance of the hostelry, save in the stories that will be refreshed for the guests who gather around its fireplace.

Paradise tavern has been brought down from the remote past of the wayside inns, when stages rolled over country roads now either become automobile highways or relegated to half-overgrown wood roads, and has had another period of accumulating interest in years when men of distinction have found it a welcome resort. Great literary names are associated with it; presidents have found it good for quiet and pleasure; young men at the college not far away have resorted to it for the dinner in honor of their friends; and Paradise comes down to its diversion to private conversing with continuing chapters of interest. None of the latter ones have done better than make it an exception in its ancient class, most of which have fallen away or remain in rather shabby old age. Its golden period was when the stage rolled up with its passengers on outside and in, its proud driver with long whip and a firm hold in the leather ribbons guiding wheelhorses and leaders with equalizing skill, and the loafers and half-employed better sort of the village gathered about the door to study its human freightage and possibly gain some knowledge of the world with which the lumbering vehicle furnished the liveliest, if not the sole communication.

Where is Paradise tavern? Does it matter? It is only concessive to the curiosity of modern type that brooks no omission from the story of the news to say that it is in Stamford, Vt., in the milder green hills, where they moderate their height towards the Massachusetts boundary, nearer to North Adams than any other town grown large enough to have a mayor, and not so remote from Williams College. No guide is needed to it for the people of the corners of the two states who have had their taste of its hospitality and whose fathers and grandfathers knew it when it was not a singular exception of roadside resorts of quality and trade.

New acquaintance with the old inns such as these, as remnants, is being afforded by the swift cars that are running over the old stage routes. Some of them are finding a new possibility of business in harboring the tourists that race where their predecessors of a few generations ago crawled over country roads. Others are being transformed, like Paradise tavern, into private country places. They are standing in for the rediscovery of the remote but beautiful places that the new means of travel is making possible. And while there is a glow of romance over the stage travel, there is no possibility that the swift modern tourist would endure the old means of travel. Have they heard it described by some passenger who was compelled to use it? Then, they know that it was not without its deprivations. The horses that moved grandly into the village under the crack of the whip and stirred by the blast of the horn that told them as well as the passengers, of approach to a resting place, were slow movers out on the long stretches. The old pictures, either of print or story, never show the lagging and plodding horses of the distances between the towns.

Let the romance of the old days be unmarred. The forgetfulness of their deprivations need not be disturbed. Nevertheless the Paradise inns are undeniably more agreeably reached by 40-horsepower propulsion than 4-horse pulling it. It is fine to summon the old stories that cling to the ancient inns. It is finer to be of a later era.

THE LAST CAVITY. "You claim he's a true friend of yours, and yet you say he wouldn't hesitate to put you in a hole." "I do." "Don't see how you figure that out." "Easy enough. He's an undertaker."

### MODEL VILLAGE FOR COAL MINERS

WILL BE ERECTED WITHIN THE GROUNDS OF COMRIE CASTLE PROPERTY.

Edinburgh, Scotland—Owing to the opening of the new colliery by the Coltness company, the Coltness Iron Company, Ltd., are about to establish a mining village within the grounds of Comrie castle.

The village, which is to take the name of Blairhall, will contain 390 houses built upon 34 acres, thus giving nearly 12 houses to the acre. Four of the houses are to be of three apartment type with scullery, and 386 will consist of one room, kitchen and scullery. In some of the five mining villages where three or more rooms are provided, many of the miners sublet one or two of their rooms, but in the village of Blairhall the management of Coltness Iron Company will discourage subletting.

The architectural inspector of the local government board for Scotland has proposed that a hostel might be erected for the young unmarried miners and, should this be carried out, it would certainly do away with the temptation to small families to sublet. Some of the cottages will be provided with gardens, and tenants, who make application for ground will be allotted a stretch of the castle garden if the cottages that they rent have only space for drying clothes. There will be a beautiful bowling green and curling pond attached to the village and it is thought possible that Comrie Castle might be transformed into a village institute, provision being made for a reading room, library and billiards.

## To Heat the House as well as do the Cooking

### "BELANGER" RANGES ARE LEADING

Because they are specially built for the climate of the Province of Quebec.

Because our models differ entirely from those of American foundries, with small flues and very little drawing power.

Because they economically combine 3 stoves in 1—a kitchen stove, a hot-air furnace and a hot-water furnace.

THE FIRE BOX is large and can be reduced in size at will for a small summer fire.

THE INTERIOR PIPE are scientifically made in proportion with the fire box and oven.

THE NEW GRATE, with its sliding plate, completely closing it at bottom, permits keeping an all-night fire and emptying the ashes in the ash pit without using a poker.

THE HEAT REGULATOR assures a perfect heating of the house, as a special pipe heats at will any particular room, no matter how distant, or an entire upper floor. The illustration shows the back of our range; the cold air enters by the opening at the bottom, and replaces the hot air, which escapes by the pipe marked "hot air." By turning the key of the damper on top of the stove both openings are opened, and as the register works automatically, you need not bother about it.

SERPENTINE COILS placed inside of the fire box heat enough water for circulation in 400 or 500 feet of 1-inch piping, which is sufficient to heat an entire upper floor.

In these ranges everything is calculated and combined so as to assure perfect cooking, correct heating of the house and economy of work as well as fuel.

Illustrated catalogue, prices and further information gladly sent upon request.

HAD FIFTY SURVIVORS

Liverpool, Oct. 15.—The Leyland liner "Devonian," commanded by Captain Grant, arrived here yesterday, bringing 50 survivors from the wrecked steamer "Victoria." On board the "Devonian" were many remnants of families crazed with grief and terror at the great tragedy they had passed through. Ernest Herrmann, a German passenger, asserts that he was the first to notice the fire in the hold of the "Victoria" and that the flames soon then had made such progress that it was impossible to subdue them.

Among the rescued was a baby which the hysterical mother had flung into the sea. Arthur Hazelwood, a seaman of the "Devonian" sprang overboard and rescued the child. Another pathetic figure was that of a tiny girl four years old, whose nationality even is as yet unknown. She stood among her fellow sufferers, bewildered, unrecognized and unclaimed.

WANT WIRELESS ON CARGO BOATS.

London, Oct. 15.—The executive committee of the National Sailors' and Firemen's Union, at an emergency meeting yesterday decided to take a ballot of members of the Union on the question whether they were prepared to refuse after May 1, 1914, to ship on board any ocean-going craft not equipped with wireless telegraphy. The council expressed the opinion that much loss of life on cargo boats could be avoided if they were equipped with wireless telegraphy, which could be done at a cost of \$2,000 a year for each vessel. The council proposed to invite seamen of other nations to join in the movement.

DOCTOR SUES FOR \$5,000

Claims Municipality Had No Right to Pass Resolution of Censure on Him

ALLEGED THAT DOCTOR FAILED AND NEGLECTED TO REPORT CASES OF CONTAGIOUS DISEASE.

A case of considerable interest to Boards of Health and physicians was begun before Mr. Justice Globensky, this morning, in the Superior Court. The point at issue is whether a municipal council has the right to censure a physician who has failed to report a case of contagious disease to the proper authorities, and be immune from damages at the hands of the physician so censured.

Dr. Jean Louis Faillie, of St. George de Windsor, is the plaintiff in the case, the defendant being the corporation of the Township of St. George de Windsor. In the fall and winter of 1912-1913, according to the defendant, an epidemic of smallpox broke out in the Township of St. George de Windsor, and the plaintiff, although he was supposed to have had cases in his own family, failed to report to the municipality, whereupon the Council of St. George passed a resolution censuring the physician for failing to report.

The resolution, which was passed unanimously by the Council, was as follows: "Moved by Celestin Clement, seconded by James Bolduc, and resolved that: Whereas the first case of smallpox in the Municipality of St. George de Windsor were those in the family of Dr. J. L. Faillie and another family, and that Dr. Faillie failed to communicate the premises or report to the Municipality, this Council therefore holds him responsible for the ravages of smallpox in this municipality at this day, and he has thereby incurred a heavy penalty, but considering, however, that it was more through lack of thought than through willful intent that Council decides not to make any complaint on condition that he will be more careful in the future, and that a copy of this resolution be sent to him and to His Honor, the Parish Priest, as members of the Board of Health for this municipality."

WANTS \$5,000 DAMAGES. Dr. Faillie, through his attorney, Mr. C. C. Cahana is now suing the Corporation for \$5,000 damages. He claims that the resolution of censure was injurious to him, and that the Council had no right to pass it. Mr. F. Campbell is conducting the case for the defendant Corporation.

KILLED BY PUBLIC APATHY. London, Oct. 15.—Truth says that the naval movement in Canada has been killed by public apathy, just as in Australia it has flourished on enthusiasm. The great stimulus to naval expansion is lacking in Canada with the proposal that the money for ships and guns be spent out of the country. Canada does not want an armaments ring, and has no enthusiasm for raising recruits, says the paper. Public opinion is said to be against assuming foreign responsibilities, and the nation has no desire to interfere in the affairs of others.

AVIATOR JEWELL IS STILL MISSING

General Belief is That he Was Carried Out to the Atlantic Ocean

IF SO HE WILL HAVE PERISHED BY FALLING INTO THE WATER.

New York, Oct. 15.—After a day of fruitless effort to get some trace of Albert J. Jewell, the aviator who disappeared early Monday, the airman and his plane were still missing last night. Reports have had him last seen above Long Island, the New Jersey marshes, and other places, but according to best accounts last night he lost himself above the Atlantic Ocean, and his friends believe he was carried out to sea by a strong wind.

Fishermen, hunters and school children in Long Island towns between Hempstead, where Jewell was reported to have dived Monday, and Rockaway Point, recalled yesterday having seen a biplane high aloft. From their statements there is reason to believe that Jewell flew west as far as Springfield, and there turned south toward the open sea. Whether strong winds swept him along against his will, or he lost his sense of direction, is a question. He was flying toward Staten Island, intending to take part in Monday's aerial derby around Manhattan Island, but as he was inexperienced as an aviator his friends think he may have steered out to sea and there was forced to descend when his supply of gasoline gave out. W. R. Hervey, a Rockaway Point fisherman, said yesterday that he saw a biplane flying south out over the Atlantic a few hours after sunset. The aviator did not appear to be having trouble with his machine, said Hervey.

SYLVIA PANKHURST AGAIN UNDER ARREST

Militants Tried to Rescue Her From the Police, But Efforts Were Futile

WAS PLACED IN A TAXICAB AND DRIVEN TO HOLLOWAY JAIL FOR SAFE KEEPING.

London, Oct. 15.—Sylvia Pankhurst, who was the central figure of the fierce struggle Monday night between the police and the militant suffragettes in the east end of London, was arrested last night when about to enter the Poplar Town Hall with the object of addressing another meeting. The militants tried to rescue her, but the police, who were in large numbers, succeeded in placing her in a taxicab and driving to Holloway jail.

ROYAL BETROTHAL DENIED.

Coburg, Germany, Oct. 15.—The Dowager-Duchess Marie of Saxe-Coburg-Gotha, yesterday authorized a denial of the reports published in Europe and abroad of the betrothal of the Princess Elizabeth of Romania to Crown Prince George of Greece. The Dowager-Duchess says the Prince and Princess has never seen each other.

PRINCE ARTHUR OF CONNAUGHT AND DUCHESS OF FIFE MARRIED

Brilliant Scene Was Witnessed at the Ceremony Which Took Place in the Chapel Royal of St. James To-Day. Both Bride and Bridegroom Are Direct Descendent of Late Queen Victoria. Great Crowd Witnessed Arrival of Bridal Party.

London, Oct. 15.—(Special)—In the presence of King George, Queen Mary, and a brilliant gathering of royal and distinguished personages, the young Duchess of Fife, daughter of the Princess Royal, was united in marriage to-day in the Chapel Royal of St. James' Palace, to Prince Arthur of Connaught, son of the Duke and Duchess of Connaught. Both bride and bridegroom are direct descendants of the late Queen Victoria, the bride being a charming type of English beauty and refinement. Her jewels were magnificent pearls, some formerly worn by Queen Alexandra, and some the gift of King George and Queen Mary.

Much of the formality and ceremony that accompany a state wedding was dispensed with, in accordance with the desire to make the wedding more private than public. The King having led his niece to her place before the altar, she curtsied to the imposing group of her royal relatives, and the King then gave her hand to Prince Arthur, who, bending his head, took the hand in his own and just brushed the finger tips with his lips. Immediately afterwards the voice of the officiating clergyman broke the stillness of the chapel, and the bride and bridegroom were pronounced man and wife. Prince Arthur spoke the responses in a loud and firm voice. The bride was almost inaudible, and one could not fail to notice that, as the bishop solemnly spoke of marriage as "not by any to be entered upon nor to be taken in hand unadvisedly, lightly, or wantonly," tears were plainly visible in her large eyes.

MILITANT SUFFRAGETTES WERE FOILED

London, Oct. 15.—(Special)—A futile attempt to reach King George and Queen Mary was made by a militant suffragette, Margaret Sterling, as their Majesties were driving to St. James Palace to attend the wedding of Prince Arthur of Connaught and the Duchess of Fife. The woman broke through the line of police waving a petition, but was seized and arrested.

The ancient chapel, one of the few remains of the old palace of the Tudors, was tastefully though not elaborately decorated for the wedding. Out of respect to the bride, whose home is in the Scottish Highlands, white heather figured conspicuously in the floral adornments of the chapel. A great crowd assembled in St. James' Square to watch the arrival of the bridal party and the guests. There was little to reward the curiosity of the onlookers, however, as the most distinguished of the participants and guests at the wedding were the King and Queen, Queen Alexandra, her sister, Empress Marie of Russia, the King and Queen of Norway, and others of the royal family, made their entrance through a specially covered way erected between the Chapel Royal and St. James' Palace and Marlborough House. A similar passageway was provided from Clarence House for the special convenience of the Duchess of Connaught.

The ceremony was conducted by the Bishop of London, who was assisted by several other well-known prelates. The bishop took his stand to the right of the altar, and was followed almost immediately by the bridegroom and his supporters, the youthful Prince of Wales and his cousin, the Duke of Saxe-Coburg-Gotha. The bridegroom was attired in the uniform of his regiment, the Scots Guards.

When the bride, accompanied by the officers of the crowd, were introduced and sustained, so that the young Duchess seemed much affected by the warmth of the popular greeting. At the entrance to the chapel her royal highness was received by the Lord Chamberlain, and other dignitaries. Here she was joined by her bridesmaids, Princess Mary of Wales, Princess Maud of Fife, Princess Patricia of Connaught, and Princess Mary of Teck. The bridesmaids were gowne in blue. Little Prince John, youngest son of the King and Queen, and his cousin, Prince Olaf of Norway, joined the procession as train bearers. Meanwhile the members of the distinguished company of guests, some 500 in all, were taking up their places inside the chapel, occupying gilt chairs, grouped in front of the altar, were the Queen and other members of the royal family. In her bridal dress of soft ivory satin and an exquisite wedding veil that had belonged to Queen Victoria, the youthful bride looked a charming type of English beauty and refinement. Her jewels were magnificent pearls, some formerly worn by Queen Alexandra, and some the gift of King George and Queen Mary.

HONORS FOR PRINCE ARTHUR. London, Oct. 15.—(Special)—It has been rumored for some time that King George would confer a Royal Dukedom on Prince Arthur of Connaught on the eve of his marriage to the Duchess of Fife. This was not done, but by a royal decree he is created a Knight of the Thistle and promoted from a Captain to a Major of his regiment, the Grenadier Guards.

The benediction having been pronounced, the bride and bridegroom proceeded to the altar, where the organ pealing forth the joyous strains of Mendelssohn's wedding march. The bride and bridegroom had many good wishes expressed, as after the ceremony they proceeded to St. James' Palace. The register was signed in the great drawing room, four queens and two kings, as well as other members of the royal circle, appending their signatures with the clergy in attendance. The wedding breakfast was served in the state dining room for the King and Queen, the bride and bridegroom, and the royal and princely guests. Her Majesty proposed the health of the newly wedded pair. The early days of the honeymoon will be spent at a well-known country estate belonging to intimate friends of the royal family. Subsequently the young couple will take up their home at Burslem, near York.

GENERAL ELECTION OR WAR IN IRELAND

Unionist Paper Says it is Useless to Look For Loopholes

MR. REDMOND'S SPEECH HAS RECEIVED WARM SUPPORT OF NATIONALIST PRESS.

London, Oct. 15.—Mr. Redmond's speech at Limerick has received the warm support of the Nationalist press in the demand for the inclusion of Ulster in the home rule bill. It has also had the effect of hardening parts of the Irish Unionist and the Irish Times leads the way with the declaration that it is a useless waste of time looking for loopholes, as Mr. Redmond's speech has disposed of all hope of a compromise.

Mr. Redmond, it declares, has succeeded in narrowing down the issue to a civil war or a general election. Bonar Law and Sir Edward Carson have agreed to address a great anti-home rule meeting in Birmingham previous to the latter's campaign in Scotland.

DOMINION LOSSES COMPANIES CASE SUPREME COURT DECIDES IN FAVOR OF THE PROVINCES

Ottawa, Oct. 15.—The Supreme Court of Canada, on rising for luncheon yesterday afternoon, handed down a memo of the judgment in the Companies' Act and insurance cases. Generally speaking, the provinces win, the court dividing by four to two. Justices Anglin, Duff, Idington and Brodeur uphold the provinces, while the Chief Justice and Mr. Justice Davies sustain the Dominion contentions. There is a similar judgment in the reference respecting the insurance case as to what provinces may incorporate companies have to issue policies all over Canada. Their right to do so is upheld in a similar division. The formal reasons for judgment and specific answers were not given out yesterday, but the foregoing is the effect of them. It is quite likely that the case will be appealed to the Privy Council.

GREECE CAN HOLD HER OWN HAVE COME TO CONCLUSION THEY CAN WARD OFF TURKEY'S DEMAND.

London, Oct. 15.—The feeling of uneasiness in the near East is rapidly decreasing. The Greeks seem to have come to the conclusion that they are perfectly able to hold their own against the Turks, and that an attack on the islands by the latter would end in disaster. Resumption of negotiations is still delayed, but there is a marked disposition in Athens to take the Turkish demands too seriously.

WANTED TO GO BACK TO JAIL

Man Named Vincent Asked For Money he Had Paid For Fine

SYRIAN PEDDLER FINED FOR HAVING TEMPERANCE BEER IN HIS POSSESSION.

M. Robert Vincent applied for re-admission to Sherbrooke jail this forenoon. He had paid a fine yesterday afternoon to the jailer, at the jail, but he evidently slept over the matter and wanted his money back, so that he could be boarded at the expense of the people.

Vincent was charged before Judge Mulvena with having committed an assault on a fellow workman by striking him on the head with a gun, and also with threatening to kill him. The accused had been committed by a justice of the peace at Weedon the assault having taken place at the Eastern Canada Smelting and Mining Co. He was fined \$15 and costs and to give security to keep the peace for twelve months under a bond of \$100, and in default, 30 days in jail. HAD "TEMPERANCE" BEER IN HIS POSSESSION.

A Syrian peddler, with an unpronounceable name, was charged with being in possession of intoxicating liquor without a license and pleaded guilty. He was fined \$50 and costs. The liquor was of the same nature as that known as "temperance" beer, and the same as that for which Lake Megantic traders were fined for having in their possession.

George Henry Hewitt pleaded not guilty to a charge of having refused to provide for his family. He was convicted on evidence and sent to jail for eight days without the option of a fine.

U. S. HAS NEW TARIFF ON PAPER

Repeals the Canadian Reciprocity Act and Fixes Another Schedule

CUSTOMS OFFICERS HAVE BEEN NOTIFIED TO COLLECT COUNTERVAILING DUTY.

Washington, Oct. 15.—Customs officers were notified yesterday by the Treasury Department to collect countervailing duties on all printing paper valued above 24 cents a pound imported from British Columbia, Quebec, Finland or Portugal. The Canadian reciprocity treaty entered free all paper under four cents a pound. The new tariff bill repeals the Canadian reciprocity act and fixes free limit at 24 cents. Yesterday's order will result in the assessment of twelve per cent plus the countervailing duty equal to the export duty imposed by the country of origin of the paper above 24 cents in value, and Sals to aid.

WITNESSES ADMIT UNTRUTHS

THOSE FOR THE PROSECUTION BROKE DOWN AT THE KIEFF MURDER TRIAL.

London, Oct. 15.—Witnesses produced for the prosecution in the Kieff murder trial broke down to a man and wept, being driven to admit, like those who have preceded them, that their accusations were nothing better than inventions. The trial of Motel Beiliss is becoming more and more of a public scandal every day that it lasts, and unless it is intended to raise the ignorant fanaticism of the anti-Semites to undertake another pogrom, the proceedings have no raison d'être whatever.
