World News In Brief

Rome, May 4.—(P)—Premier Alcide de Gasperi appealed yesterday to the big three western powers for intervention against Yugoslavia in the Trieste free territory dispute. He charged that Yugoslavia has violated treaty terms by her actions in the zone she controls. Intervention from the west is a "logical and necessary consequence" of the offer by Britain, the United States and France in 1948 to return the Trieste territory to Italy, he said.

New York, May 4.—(P)—Dr. Zola Bronson, area census director, indicated today that final figures on New York City's population will not reach 8,000,000. Bronson said the total count for the first month of the enumeration — up to last Saturday — was 7,591,550. He estimated that a "cleanup" operation would add only some 250,000 persons.

Hollywood, May 4.—(P)—Sarah Churchill, 36-year-old daughter of British statesman Winston Churchill, has signed a movie contract.

Metro-Goldwyn-Mayer studio announced yesterday that she will play the romantic lead opposite Fred Astaire in the film "Royal Wedding." The start of the picture has been set for next month.

Stockholm, May 4.—(P)—A lifejacket marked "USN" was found in the Baltic yesterday south of the island of Gotland, a Swedish air force spokesman said. The jacket may be from the missing United States "Pioneer" plane which disappeared over the Baltic April 8 with a crew of 10. The United States has accused the Russians of shooting it down. The Soviets say they shot at a B-29 bomber.

New York, May 4.—(P)—A federal mediator yesterday continued his efforts to settle the telegraph operators' strike for wages against the United Press Association which began three days ago. Mediator J. R. Mandelbaum said at the end of the day's efforts:

"I have been meeting separately with both sides again today in the hope of finding a basis upon which to resume joint sessions. Separate meetings have again been scheduled for tomorrow. The parties were more than \$4 apart on the question of a weekly pay increase when the strike began at midnight Sunday."

Prague, May 4.—(Reuters)—Czechoslovakia's army — being re-organized on the Russian pattern — will hold the greatest parade of its history May 7, fifth anniversary of the country's liberation from Nazism.

99-Day Chrysler Strike Ends With Company, Union Agreeing On New Contract

Roadblocks Face Girl's Plans To Wed

Montreal, May 4.—(P)—Further roadblocks to romance face winsome Elaine Masters today. The 19-year-old brunette from Ste. Genevieve, Que., wants to marry Nick Cooper, 22-year-old suspect in the \$4,400 robbery of the Royal Bank's Rosemount branch in northeastern Montreal last April 25. Cooper surrendered to police Tuesday night after telling a Montreal Herald editor that he wanted to "face the music."

"We want to get married," Cooper told city editor Harold Gardner. Cooper, a resident of suburban Verdun, comes up for arraignment tomorrow.

But the law's delays are creating problems to the marriage plans. Yesterday, Elaine and her mother visited a notary to apply for a licence because Miss Masters, as a minor, must have her parents' consent. They explained that Elaine's father has been "missing" somewhere in British Columbia for two years. That made it difficult. Notary Harry Kolber said that in such a case a writ must be made to the courts so that the mother's signature alone can be valid — and the technicalities will mean a 10-day delay.

But Elaine hasn't given up hope. "I will do everything possible to be married as soon as possible," she told reporters last night. Meanwhile, her boy friend may run into further difficulties. Detective Lieut. Romeo Longpre, head of the city police holdup squad, said yesterday that Cooper now is being questioned regarding three burglaries in addition to the bank robbery.

Police said that four young men pulled off the holdup, which ended with a running gun battle between the bandits and two police constables. George Wallace, 20, suffered a severe abdominal wound and now is in hospital. Cooper said when he gave himself up that he had been entrusted with the \$4,400 loot and that he had escaped to New York after the robbery. He denied that he had any part in the shooting and he turned over more than \$2,000 to police which he said was all that remained of the stolen money.

Strike Cost Nearly Billion And A Half Dollars—Was Auto Industry's Second Longest In History.

Detroit, May 4.—(P)—The 99-day Chrysler strike, second longest and costliest in the history of the automotive industry, was settled today. The strike cost \$1,427,920,880 in lost wages and sales—barely short of the record \$1,457,000,000 General Motors strike of 1945-46 that lasted 113 days. Chrysler and the United Automobile Workers (C. I. O.) announced agreement on new contracts this morning. The 89,000 strikers in 25 Chrysler plants across the United States will return to work by Monday. Fifty thousand made idle in supplier plants will stream back behind them. The company hopes to reach capacity production within two weeks. The union claims it received the 10-cent-an-hour "package" in pensions and hospital and medical benefits for which it called the strike January 25. Settlement carried a \$100 monthly pension, including federal social security benefits, for workers 65 with 25 years service. Hospital and medical benefits also were increased.

The new contract, which would run for three years, must have the formal approval of local unions before the U. A. W. will send the strikers back. That was believed to be a formality however.

Voting by the local unions is scheduled for Saturday. Although the first of the striking workers will be back on their jobs by Monday it is doubted that full production in the various Chrysler, DeSoto, Dodge and Plymouth assembly plants will be resumed before the middle of next week.

U. A. W. president Walter Reuther viewed the settlement as a "victory over the blind selfishness of the Chrysler corporation." He added:

"The Chrysler strike was more than a fight for pension, hospital, medical and insurance benefits and an improved contract. The Chrysler strike was a part of a great human crusade to build a better tomorrow and a better world — a world in which we and our children can have a little more of the good things in life, a little more security and a little more happiness."

Herman L. Weckler, Chrysler vice-president and general manager issued a statement stating: "The new contract is a good contract. It provides pension and insurance benefits that should be helpful to our employees in the emergencies of life that people are not always financially prepared to meet. And with the co-operation of our employees and the union, the contract should also make smoother operations in our plants. . . . As regards pension and other benefits that the individual employee gets under the new contract, he could have got substantially these at the conference table without losing a single day's pay."

In addition to pensions and hospital, medical and insurance benefits, the union claimed these other gains: A three-cent-an-hour wage boost for Chrysler workers in plants at Kokomo, New Castle and Evansville, Ind. Wage increases of three to 13 cents an hour for workers in several Chrysler parts plants. Higher vacation pay for Chrysler workers with from three to five years service. (It is customary in the auto industry to take pay in lieu of vacations.) The increase is \$31.0 a year.

The union also claimed these non-economic gains: A check-off of union dues. (It had asked a union shop agreement.) Strengthened grievance procedure. Improved seniority provisions. The pension plan is backed by a trust fund, to be jointly administered. The company is not forced to pay any specified cents-an-hour amount into the fund, but is pledged to keep it actuarially (financially) sound. The company offered before the walkout to pay \$100 monthly pensions including federal social security benefits, but refused to set up a trust fund. It declared its "good faith and credit" were guaranteed enough. The union demanded a trust fund.

The pension differences were major causes of the strike. The Chrysler pension plan is almost identical with one which recently went into effect at the Ford Motor Company, the only other major one in the auto industry. The union now is negotiating for \$125 monthly pensions, including federal social security, from General Motors, last of the industry's big three to get U.A.W. demands on pensions.

Acheson To Discuss Trade Policy

Washington, May 4.—(P)—State Secretary Dean Acheson is being urged by the United States commerce department to bring strong pressure on western European leaders to tighten their controls on trade with eastern Europe.

Commerce officials are reported to be concerned at what they consider discriminations against American business arising out of differences in the controls system operated by the western European countries and the United States.

East-west trade policies are expected to be among the subjects discussed by Acheson with Foreign Secretary Bevin of Britain, Foreign Minister Schuman of France and other foreign ministers whom he will meet in London.

A memorandum from commerce to the state department, it was reported today, advocates that Acheson take a strong line with the other conferees, raising a question of whether the United States will continue economic aid to those countries which persist in exporting to eastern European countries types of goods which the United States either embargoes or sharply controls.

Acheson is understood to disagree sharply with this recommendation on several grounds: (1) That drastic measures would harm the main objective of American policy which is western European recovery; (2) that east-west trade is necessary to western European recovery; (3) that the state department is constantly obtaining greater co-operation from the European governments on trade controls and heavy pressures are unnecessary.

For controls purposes, two chief types of goods are involved in trade between Soviet-block countries and the west. They are embargoed goods like guns and heavy machine tools which would raise the communist-bloc war potential; and controlled goods such as auto.

Sandbagging Hospital

Soldiers of the Winnipeg area took over dyking operations when civilian workmen became exhausted, and kept flood waters from forcing seriously-ill patients and expectant mothers from the hospital at Morris, Man. By Monday morning, the soldiers had strengthened the dyke and increased its height above the level of the flooding waters. (P Photo)

Red River Continues To Rise Along 30-Mile Course But Falls Elsewhere

Winnipeg, May 4.—(P)—The Red river gained ground over a 30-mile stretch of southern Manitoba today, but elsewhere it lolled like a spent fighter—sinister, but no longer deadly. The flood level continued to rise from Ste. Agathe, 24 miles north of Winnipeg. South of Ste. Agathe it receded sluggishly, slipping from the stricken lands as quietly as it had come.

At some points the run-off from tributaries gave the waning river a shot in the arm. But the main fight in the south was on the rail lines. Canadian National Railways' service was still suspended to Emerson, once the focal point of the flood on the international border. Officials cancelled all but work trains so that crews could weight down threatened tracks.

From St. Jean Baptiste north of Swains baillast and sandbags were dumped to hold the rails down. The two centres bracket Morris, 41 miles south of here. The rise at Morris, where most of the 1,100 inhabitants fled and where the river took over almost the entire town, had apparently stopped late last night.

Still to feel the crest were Winnipeg and the smaller centres near its widespread skirts. The reading in the province's largest city was 24.4 feet above Datum at 1 A. M. this morning. Three-tenths of an inch had been added in 12 hours.

The level was a foot above the crest in 1948, when property damage rose into hundreds of thousands of dollars. The peak was expected within 48 hours. The water still was rising.

It broke through a dike at Holly Avenue and Crescent Drive in Fort Garry, inundating four homes. A low-lying pocket of ground trapped the overflow, and Mayor F. R. Fennell said it was unlikely that more homes would be flooded without a considerably higher rise.

Another part of Fort Garry the Oakenwood dike was holding firm. A crew of volunteers and a reserve army vehicle were sent to join the round-the-clock vigil. In suburban East Kildonan after four feet deep pressed against the half-mile-long Leighton Avenue dike. Officials said an 18-inch rise would be necessary before the danger point was reached.

Dikes at three vulnerable residential areas in suburban St. Vital still held late night. On the 27-foot-high Lyndale Drive rampart in St. Boniface, another point of call on the Red's northward course, six bulldozers, four draglines and 75 trucks worked round the clock.

The picture elsewhere in the province. At Emerson, the Red was receding, but run-off from the Roseau river created higher levels at nearby Dominion City and at St. Jean Baptiste. The same was true at Letellier, nine miles north, where the drop was three inches yesterday. Throughout the two-week onslaught the 200-by-12-foot dike had held firm, and only a few basements were flooded.

At Dominion City, 60 miles south of here but about four miles from the normal Red's course, the Roseau forced its way into the streets. Two families were evacuated and a traffic bridge was threatened. St. Jean: Another 10 families moved out when the Roseau gained two inches. Livestock was in serious short supply.

Morris: A Canadian army detail and local volunteers still kept the river from the sandbagged hospital. The Red stool still for the first time in two weeks. Two dining cars were brought in by the C.N.R. to feed workers after the only remaining eating house was flooded out.

Commission On Medicine Is Proposed

Ottawa, May 4.—(P)—Establishment of a non-political national commission for medical research and development was urged yesterday by Dr. Wilder Penfield, director of the Montreal Neurological Institute.

Dr. Penfield, one of Canada's foremost surgeons, said the function of the commission would be to provide endowments for scientific institutes or departments within different Canadian universities.

He suggested Parliament might provide "millions of dollars" annually for this purpose. "Such national institutes would contribute to the health of the people in time of peace and would constitute bulwarks of defence in time of war."

Dr. Penfield said that scientific development is a field that must be entered by the federal government. Any country that would compete with its neighbors in peace or in war must give continuing support to scientific research.

"This applies to medical research as well as to industrial and defence research. Seen from an historical perspective, it is evident that this is Canada's great opportunity to lead."

Of the National Research Council, he said: "Canadians may well look with pride at the achievement of the N.R.C. Through it our federal government has made a contribution which is proportionately equal to that in Great Britain and the United States, and probably equal to that in Soviet Russia."

In a reference to state medicine, he said: "Medicine is coming to the cross-roads of its destiny, the rising costs of medical care, the rising costs of research, the rising costs of the scheme of socialized medicine in England now, defects which may well neutralize its virtues."

Of Russia he said: "The shadow of the secret Soviet police, that envelopes the Russian people, also falls across our path. . . . We are separated from this people with whom we have no quarrel and they are being taught that they must conquer or be conquered by us when we would gladly be friends."

Woman Killed In Explosion In Sicily

Catania, Sicily, May 4.—(P)—A deposit of heavy-calibre aerial bombs exploded with a tremendous roar near Catania today, killing at least 14 persons.

At least three persons were injured, two seriously. The blast rocked this city of 245,000 population. The deposit was in the suburb of Bicecca. The explosion gouged a hole 25 feet deep.

Rescue workers combed the ruins for additional casualties. Reuters News Agency reported a "double explosion" took place but listed no deaths. It said the explosions took place in a chemical factory five miles outside of Catania, smashing windows and sending hundreds in panic into the streets of the city proper.

The scene in the city recalled wartime bombing, as fire engines and ambulances raced through streets littered with broken glass to the factory.

The explosion, Reuters added, was believed to have originated in the research section of the chemical works. It disrupted telephone communications.

Debate On Communism Is Continuing In Parliament

Ottawa, May 4.—(P)—Parliament's debate on communism rolled through a second inconclusive day in the Commons yesterday with no indication of any move to banish the Russian credo from Canada.

Justice Minister Garson, in an hour-long address, said a motion by George Drew, Progressive Conservative leader, to outlaw communism and "other similar activities" under the criminal code, was unnecessary.

It would drive the communists underground, encourage conspiracy, arouse unjustified sympathy and shake faith in democratic institutions.

M. J. Coldwell, C.C.F. leader, generally agreed with the Justice Minister. He was afraid such an amendment might seriously curb civil liberties and said Canada, as a free nation, should "not adopt any of the methods of the Iron Curtain countries."

J. M. Macdonnell (P.C.-Toronto Greenwood) delivering the main opposition salvo of the short, three-hour sitting, said the Conservatives were not suggesting psychoanalysis of individuals. They merely asked a strengthening of the law, not a communist witch-hunt.

Pierre Gauthier (L.-Portneuf) urged that communism be fought "intelligently" and that the guiding principle be a belief in God. A vote may be reached on the question later in the week.

At the House opening Justice Minister Garson denied reports the government was considering making blood tests compulsory for suspected drunken automobile drivers.

In the Senate Senator W. D. Euler (L.-Ontario) launched a campaign to eliminate the eight per cent sales tax on margarine. There was immediate opposition from some of his Liberal colleagues.

Safeguards Urged To Plans For C.N.R. Recapitalization

Montreal, May 4.—Adequate safeguards to any recapitalization plan for the Canadian National Railway were urged by W. A. Mather, president of the privately-owned Canadian Pacific Railway, in his report to the 69th annual meeting of the company's shareholders held here yesterday.

Review of the capital structure of the publicly-owned railway is one of the terms of reference of the Royal Commission now examining Canada's rail freight situation.

Serious threats to the Canadian Pacific contained in a scaling down of Canadian National debt and fixed charges without these safeguards were listed by Mr. Mather under two headings: 1. The danger in the possibility that strong pressure would be exerted to have the Canadian National used as a yardstick in rate making and to treat its requirements as being restricted to the amount of its reduced fixed charges together with a small surplus.

2. The fact that the recapitalization proposals of the Canadian National make no firm commitment for the payment by the Canadian National of any part of carrying over reduced fixed charges as a return to the government on its investment. In the absence of such a commitment, substantial sums might be retained for additions and betterments to the property, retirement of debt, or other purposes, and thus place the Canadian Pacific in an even more disadvantageous position than it occupies today.

Mr. Mather said that his company would be deeply concerned unless the adequate safeguards were instituted concurrently with any reduction in fixed charges of the Canadian National, "so that your company will not be prevented from earning a reasonable return on its investment in railway facilities."

Touching on the current labor demands made by the rail workers in Canada, affecting both major systems, Mr. Mather said bluntly that these demands, if satisfied, must cause an increase in the charges to the public for transportation services. While realizing the "responsible nature of railway employment" and the desirability that employees should be "adequately rewarded," Mr. Mather pointed out that it must be evident that an unending spiral of increased costs and increased charges cannot be considered economically practicable without "affecting all segments of the national economy—a condition which cannot continue long without producing disaster."

"Once the present imbalance between railway operating costs and revenues is corrected, it would be undesirable for the railway industry to be compelled to follow a course which would involve further substantial increases in its charges to the public for service. Such a course could not fail to be injurious to the true interests of the railways and of the railway workers themselves."

Aligning the continued deficiency in railway earnings with inadequate freight rates, Mr. Mather said "Revenues from rail operation in 1949 were \$30 million below requirements established in the most recent judgment of the Board of Transport Commissioners. The deficiency in revenues over the past three years, even though calculated on what your company believes to be an inadequate rate formula, is estimated at \$81 million."

CARNIVAL By Dick Turner

"I had no intention of keeping the \$230,000 I embezzled. Mr. Teasdale! I just wanted to have something to hold over your head when I asked for a raise!"

A Hollywood scavenger hunt, found the toupee of her ex-husband, George Jessel, on her list of things to find.
Dashing out to Jessel's apartment, she cracked:
"I've got one of his old toupees at home, but that wouldn't be fair."
It's almost a sure bet that Connie Hilton's latest hotel acquisition will be the swank Flamingo in Las Vegas. Maybe Liz Taylor will get it for a wedding gift... Lana Turner and Bob Topping's after-hours Charleston bingle at Circo's is the talk of the Janitors' Union. Only a couple of writers, and the janitors, were left by the time Lana and Bob called it a night. If they're having trouble at home, they're not having it on a dance floor.

There's a welcome sign in Margaret Whiting's tresses for Lou Busch, the man Janet Blair just washed out of her hair. Margaret was holding Lou's hand as she told me:
"Sure you can say it's a romance. It's so real I blush when I talk about it. No, the Milton Berle thing is over. Lou is the greatest guy I know!"

Wedding Bells?
Hollywood is rooting for Bob Hutton and Cleatus Caldwell to try the rice-and-old-shoes routine for a second time... Now it's a sudee bathing suit. Designer Dorothy Thompson whipped it up for Yvonne de Carlo... Herbert Marshall is about to bust into television with a video film series of his radio success, "A Man Called X."
One of Frank DeVol's musicians took his little daughter to the movies for the first time. "Gosh," said the tot, "what a big television screen!"... Overheard: "He drinks so much they're afraid to send him to Europe for a movie. Of course, he could always go as a member of the U.S. Diplomatic service."
Butch Jenkins is all set for a western, "Danny," with Randolph Scott... Vic Damone has been penciled in for "Jumbo" at MGM... Promised and hoped for: Fred MacMurray's slick comedy performance in "Come Share My Love"... Fox executives are

bristling at the scuttlebutt that "Forever Amber" ended up in the red. They claim it's grossed \$5,000,000... Van Johnson, who started something with red socks, is now sporting tassel bows on his shoes... Hoot Gibson has closed up his Nevada home and moved into the Hollywood plains again for a TV killing. He's being primed to gallop in the video sweepstakes.

Mention Linda Susan Agar to papa John Agar and you spark a slow, loving grin. John, staggaring it at the Mocambo, told me: "I see her only occasionally. An arranged thing, you know. She has a wonderful way of saying 'daddy.' That sort of stays with me." John says his dates with Joanne Courtland are not serious.

Hardy note: Judy Canova's comedy, "Sis Hopkins," made seven years ago, is being reissued for the fourth time. Republic brass calls it "better than a first mortgage."

Phony
Overheard: "He's a great after-dinner speaker. After dinner he's speaking on the telephone when the waiter brings the check."

Eddie Albert opens in Boston for a three months' road tour of "Miss Liberty"... Bob Willis, the cowboy singer, is Hollywood bound to discuss film offers... Frankie Laine has been signed by Circo's for a future date... Judy Canova is off on another one-nighter stand through the south—money in the bank for Judy and bigger telephone bills for eastern manufacturer Fred Simpson.

Ella Raines received a note from her agent after her first color film, "Singing Guns," reading: "After this put it in black and white that you will only do color." Ella plays a girl born with a facial disfigurement in "Skin Deep." Wonder how many glamor girls would tackle a role like that?

Loretta Young has snipped her long tresses for "Cause for Alarm"... Doris Drew, a new blonde beauty around town, is being secretly tested by C. B. DeMille... Jeffrey Lynn raked in close to \$50,000 during his eight-month-long tour in "The Philadelphia Story" Co-star Sarah Churchill made the same amount.

Puzzle: "Home of the Brave" was banned in South Africa but MGM's "Intruder in the Dust" was given the censor's okay. Politics?

Napier, New Zealand Attains City Status

Napier, N.Z. — Napier, east-coast town which was almost destroyed with heavy loss of life by an earthquake in 1931, has just attained the status of a city. In New Zealand this involves reaching a population of 20,000.
At the time of the disaster Napier had a population of about 14,000. The town has been rebuilt in modern earthquake-resisting materials. It has one of the finest waterfront promenades in New Zealand and large areas of low-lying tidal flats, thrust upward by the earthquake, have been developed for residential and industrial purposes.

Brownies At North Hatley Have Big Night At Flying-Up Ceremony

North Hatley, May 4. — March 24th was a big day for the North Hatley Brownies. They were preparing for their first Flying-Up Ceremony to be held that night in the Town Hall. Parents and friends were invited to see the Brownies, a very rare occasion, for Brownies are not often seen, and especially at night.
The Town Hall was transformed into the Land of Brownies, with the Magic Carpet in the centre of the hall and a pathway for the Brownies to follow that leads to the Land of Adventure in Guiding. The Guides formed their Horse-shoe and sat around a Campfire. The hall was darkened and two owls sat on a branch of a tree with the moon shining behind them. Brown Owl called the Brownies to the Fairy Ring and a light shone on the Magic Oak tree, the symbol of the Gateway from the Land of Fantasy to the Land of Adventure.
The Brownies held a Pow Wow, and sang one of their songs, called Izza Butta, Zomba. They then scattered to the visitors and welcomed them in their own way. The Fairy Ring was then made and the Brownies vanished to their own homes.

Suddenly, one of the Brownies became "ill", which followed with another and still another. After they compared their own aches and pains, Brown Owl told them they would have to go to the Fairy Doctor and find out what was wrong. While the Brownies were waiting for the Fairy Doctor's office to open up, Brown Owl told the Pack that she thought that these Brownies would have to leave the Fairies' Forest and go to the Land of Adventure. All the Pack began to cry, but after telling them that soon they would follow them to this land, they found their Brownies smiling again.
The three sick Brownies went to see the Fairy Doctor, and he gave them three Tonics to take with them for always. One was Tonic to be taken three times a day; Manners Mixture, to be taken after meals, and Oil of Obedience, to be taken Morning, Noon and Night. He also told them that they had Brownie Bobly-Bits, which really is Brownie Growing Pains, and they would have to leave the woods. The Brownies then came back to the

toadstool and each of their sixes helped them to get ready for their journey. Badges were taken off their uniforms, as well as sixers' stripes.
They were then brought back to the Magic Carpet, and the Sixers called their seconders to the Toadstool and gave them their stripes. The Brownies then pinned their badges to the Magic Carpet and the Toadstool to a safe place and the Brownies stood on the Magic Carpet, while the Pack formed "trees" for the Forest. As the Brownies flew through the "Forest", the Pack sang, "Thru the forest, you must go, you must go, you must go, thru the forest you must go, onto Guidingland," and at the end of the "forest" Brown Owl pinned on the "Wings" that are worn on the Guide uniform to show that they were "first class" Brownies. Two Brownies flew up, while one Brownie had to be helped up. This Brownie sat on the Magic Carpet and Packie and Brown Owl helped her through the Forest, while the Brownies sang. She was sent on her way by the Pack and Brown Owl reminding her to always remember to wear her Brownie Smiles!
The three Brownies ventured on their way, and knocked on the doorway to the Land of Adventure. She was stopped by a Guide who asked her by what right had she to come to the Land of Adventure. Two Brownies gained their admittance by their Brownie Wings, while the other Brownie promised to try to do better in the Land of Adventure. They were then taken to Captain and after she had welcomed them to the Company, they were placed in their Patrol under the helpful hand of their Patrol Leader.
Brown Owl asked if the Pack could come and visit the Company, Captain said yes, so the Brownies formed a line and creeping up very quietly, saying, "We'll come very quietly and we won't make a sound, and then the Guides won't know that we're about; we'll come very quietly and creep right in. Into the Horseshow and Now we're right in."
The Brownies showed the Guides one of their singing games and then the Guides let the Brownies show them one of their games. We then played another game al-

JACOBY ON CANASTA

Hold Melds To Prevent Freeze
By OSWALD JACOBY
"Canasta must be a very mysterious game," writes A. M., of Cleveland. "You get credit only for the melds you put on the table. If you get caught with meldable cards in your hand, they count against you. It seems to me that you ought to put melds on the table as fast as you can. But no, you experts come along and make it look hard. You say that we mustn't put melds down so fast or the goblins will get us."
"Is there any logic to this, or are you just trying to complicate a very simple game?"
Canasta is not as simple as you think, my friend. There really is a good logical reason for not putting melds down as quickly as possible.
We must begin with the fact that the discard pile is of the highest importance. If you can pick up that pile fairly often, you will get a lot of cards to meld. If you can't get the pile, you won't meld very much.
Next point. Suppose you make it your practice to put all (or even nearly all) your meldable cards on the table as soon as you can. What happens if an opponent then freezes the pack?
He can then discard safely to you. He simply throws cards that match your melds. You won't have a matching pair in your hand because you've already melded all you could. Therefore you won't get the discard pile.
What is worse, you can't expect to make safe discards forever, sooner or later you or your partner will have to make a fatal discard. Then the opponents will pick up the discard pile, freeze

the pack again, and start the process over.
In short, the chief reason for keeping meldable cards in your hand is to discourage the opponents from freezing the pack. A simple reason, but very powerful. If you make it a practice to meld what you can, your opponents will mop up the floor with you practically every single time.
Q—This may sound terribly elementary, but I have trouble shuffling the deck. I usually split the deck in two and shuffle each half separately. This doesn't mix one half with the other. Is this all right?
A—It isn't bad. Don't worry about it. The best way to shuffle the deck is to riffle one-half against the other half, and then to use the old-fashioned overhand shuffle once or twice to mix up the halves. If your hand isn't big enough to do that, your own method is good enough.
Q—My partner asked "Partner, I think we are over 5000. Do you want me to go out?" We were not actually over 5000. What is the rule?
A—Your partner is obliged to go out, according to the rule. He is allowed to ask just the simple question. He is not allowed to give you information at the same time. If he does, he must go out regardless of what your wishes happen to be and regardless of the accuracy of the information that he gave you.
Mr. Jacoby is unable to answer individual questions on Canasta from readers. However, he will include the most frequently asked questions in his column.

together, and it was time for the Brownies to go back to the Fairies' Forest. We joined in with the Guides and we all said our Brownie Prayer, and then we travelled back through the Forest on our Magic Train. We arrived home safely and gathering around the Toadstool again, we sang our Brownie Taps together.
The Brownies closed their evening with a lunch, and they then vanished home until another Brownie Frolic.
The two Golden Hand Brownies who flew up behind on the Magic Carpet her Golden Bar and Golden Hand badges as well as her Book-lover's and Swimmer's, Peggy Taylor left her Golden Bar and Golden Hand. Both were sixers. The other Brownie who was helped up on the Magic Carpet was Arleen Knapp. The second who holds her Golden Bar badge had her sixer's stripes pinned on her arm by her sixer, Peggy Taylor and also had given her to look after the Log Book of her six, that had been presented to the Fairies for good work. The other Brownie who received her sixer's stripes, but will only wear them when she receives her Golden Bar, was Margaret Morley, who has only one or two more tests to pass before she receives her badge. Our Packie, Mary LeBaron, was the Fairy Doctor. The Guard at the Fairies' Forest Doorway was Margaret Banfill.
Patrol Leaders who welcomed the Brownies to their Patrols are Mary LeBaron, whose second, Thelma Hawse took over, and Patsy Kennedy. Brown Owl is Mrs. Bob Sturrock.

Dominion Burlington Plans New Mill In Sherbrooke

Large Kayon Plant Will Be Built On Montreal Highway; Operations At Other Mill Will Be Continued

One of the greatest industrial developments in Sherbrooke for the past ten years was announced in a statement by the Dominion Burlington Mills, Ltd., that a large new rayon plant would be erected here. The contract for the new building has been let and actual construction work is scheduled to begin within the next few days.

With an estimated future employment capacity of four hundred, in addition to the plants the company already operates in Sherbrooke and Montreal, the new plant will be located on the Montreal highway, just inside the city limits, and roughly opposite the location of the Provincial Government tree nursery and experimental station.

The plans prepared by the company's own officials to suit their specific needs call for a one-storey, brick building 330 feet square. Built on the most modern lines it will be a windowless plant, completely air-conditioned and fluorescent lighted throughout.

It will produce rayon fabrics woven from filament yarn. The Dominion Burlington Mills already operates a large plant in Sherbrooke in premises leased from the Dominion Textile Company, Ltd., on Pacific Street in the West Ward. According to company officials, the operation of the existing mill will not be interfered with by the new plant, which is designed to care for the increasing demand for the company's products. It is considered likely, however, that before the expiry of the present extended lease, the new mill will be enlarged to permit the transfer of all manufacturing operation in Sherbrooke to a single unit.

This is but one of the major industrial developments expected for Sherbrooke in the immediate future. A French manufacturer of precision instruments has completed negotiations with the City for the erection of a factory in the vicinity of the city-owned Collinsville industrial centre.

According to the agreement, which has already received the approval of the Quebec Legislature, the City will erect the building at an estimated cost of \$350,000.

Development Of Camp Site Is Planned

Property on Brompton Lake has been given to the Canadian Girl Guides of the Sherbrooke Division. This is an ideal camp site with a lake frontage of 1,700 feet and depth of 250 feet. It is high ground, well drained, and has a stream running through it. When cleared it will provide fuel to last indefinitely. The swimming facilities will be suitable for both the beginners and the more advanced Guides.

The camp will run from June 28 to July 12, and by then enough property will have been cleared for three units of 25. These will include the Guides from Lennoxville, North Hatley, Waterville and Sherbrooke. The Sea Rangers will have a clearing of their own some distance from the Guide camp.

As this is a new venture plans are being made to obtain only enough of the most necessary equipment. This will include covered barbecues, stove and sanitary arrangements for each unit besides two cooking stoves in a recreation hut large enough to accommodate the entire camp. It is hoped that companies outside the division will take advantage of an offer to procure any available site after July 12 and except when properties or patrols go down for a few days' camping.

Miss Margaret Newton, who has her camper's license and has had much experience in camp leadership, will be in charge. There will also be a registered nurse and several bronze medal swimmers. More details regarding arrangements will be given out week by week.

As money will have to be raised for the necessary equipment, a meeting of the representatives of all the local associations of the division was held at the home of Mrs. Robert Boright, district commissioner, to discuss ways and means of financing the project. Lee Watson, of Lennoxville, has offered to form a men's committee to help in any way possible. Mrs. H. Moffatt will head the finance committee and will be assisted by Mrs. C. F. Pyke, Mrs. J. R. Audet, Mrs. E. A. Richards, of Sherbrooke, Mrs. C. Boudreau, Mrs. H. Peterson, Mrs. K. Bryce, Mrs. Lee Mackay, of North Hatley, Mrs. Warren Gale and Mrs. G. Millmore, of Waterville.

This committee will endeavor to contact as many organizations and persons as possible for financial aid. Anyone interested in helping with a donation, however small, please contact Mrs. Howard Moffatt, of Lennoxville, or anyone on her committee.

Fifty Canadians Visiting England This Summer Include Two Sherbrooke Boys

Two Sherbrooke boys, George Morgan, 16, 48 Victoria Street, and Richard Ramsay, 16, 26 Brooks Street, will be among a group of 50 Canadian youths visiting Great Britain this summer as guests of W. Garfield Weston, it was announced today by Y.M.C.A. officials in charge of selecting the Quebec representation.

Five of the 13 chosen from Quebec are from the Montreal district, 2 from Quebec, and one each from Hull, Ste. Therese de Blainville and St. Romuald. All the boys are in the 15 to 16 years of age group.

The tour is part of a program sponsored by the Canadian-born industrialist to cultivate closer relations between the two countries. It began last year with a trip to Canada for 50 British boys. A similar group will come to Canada again this summer.

The Canadian boys will sail from Quebec City, July 12, aboard the Cunard liner "Franconia." They will spend nearly a month touring Great Britain before arriving back in Montreal August 17.

When Mr. Weston retired from the British House of Commons to return to his business interests, he

announced his plans to foster closer ties between Great Britain and Canada. The plan would enable teen-age British boys to visit Canada each year as soon as travel conditions permitted, he said.

"Those who came to Canada last year made many friends for Great Britain," said R. A. Robertson, president of George Weston Limited. "As a result, Mr. Weston decided to broaden the program to include trips to Great Britain for Canadian boys. The boys have been selected from all 10 provinces by a special committee of the Y.M.C.A. which is working with other boys' work groups."

Average age of the boys selected was 16. In the selection, emphasis was laid on such characteristics as broad interests, co-operation and enthusiasm for group activities.

Traveling with the boys as leaders will be two Y.M.C.A. boys' work secretaries. Arrangements in Canada are being made by the National Council of the Y.M.C.A. and the Weston Organization. The group, while in Great Britain, will be under the supervision of the National Association of Boys' Clubs and the Weston Organization there.

\$1,362 Raised During UNICEF Campaign Here

Final contributions in the local and district appeal for funds for the United Nations International Children's Emergency Fund were acknowledged today by the Sherbrooke committee.

It was announced by Ivan Saunders, local treasurer, that a total of \$1,362.28 was collected. Money donated to UNICEF goes towards providing food, medicine or clothing for a needy child, in some countries still suffering from the effects of war.

One representative from each of the service clubs here comprised the Sherbrooke committee. Following is the final list of donors:

\$18.90 St. Peter's Church, special collection.
\$5 R. E. Stewart, Mr. and Mrs. H. S. Horsfall, Lennoxville, H. K. Harris, Aerotron Fly Catcher of Canada, Ltd., Miss M. Haight.
Under \$5, Rev. T. D. F. Everett, Mrs. W. H. Fisher, Lennoxville, Mrs. D. O. Carter, L. Memory, Lennoxville.

Sher-Lenn Choir Plans Concert On May 30th

Jean Scarth and Malcolm Brown will be soloists at the choral concert of the Sher-Lenn choir to be held in the Sherbrooke High School auditorium on May 30. They will also be heard in duets.

Miss Scarth, a pupil of Mrs. C. B. Howard, needs no introduction to Sherbrooke audiences. She has appeared frequently in local recitals and was heard last fall with the Sherbrooke Symphony. She has also given concerts recently in Drummondville, Rock Island and New York City, where she won the New York Singing Teachers' Association audition, entitling her to a recital in Fisher Hall.

Mr. Brown, supervisor of music in Sherbrooke's Protestant schools, is director of St. Andrew's Church choir, a member of the Schubert Club, and the organizer of the Sher-Lenn Choir.

Composed of 22 members, mostly teachers from Lennoxville and Sherbrooke, the choir was organized at the opening meeting of the Sherbrooke County Teachers' Association, when Mr. Brown offered to direct it.

Its members assisted St. Andrew's choir with the annual Christmas carol service and sang for the Home and School Association meeting recently.

This recital, on May 30, is sponsored by the Ladies' Committee of the Sherbrooke Library. The original date scheduled for May 16, has been changed because of the Community Concert Association's last concert of the season, that same evening.

Appeal For Blood Donors Is Continued

Laurent Morin continued his appeal for blood donors for the forthcoming Red Cross Blood Clinic, due here May 8th to May 12th, when he addressed the Sherbrooke Y's Men's Club last night.

Morin cited several cases in which quick transfusions, administered free of charge at some of the local hospitals, had saved the lives of the recipients, and urged the Y's Men not only to donate themselves but to find other donors.

Morin, who last year flew over Sherbrooke and parachuted blood to a nearby locality in a demonstration of Red Cross efficiency, said that the mobile clinic is equipped to receive and process 1,500 bottles of blood a week. The clinic, he said, would go any place that donors are to be found.

Plans for the Y's Men's eighth annual Eastern Townships Inter-school Track Meet were formulated last night under the chairmanship of Mac Sanders. The meet is to be held May 28th at the Parade Grounds. The names of the participating schools have not yet been announced.

President Archie Mitchell announced that Gordon Whatley would represent the Sherbrooke club at the international meeting of Y's Men's clubs to be held this summer in Mexico.

Annual Y.M.C.A. Display Provides Good Entertainment; Show Tonight

Good entertainment for both young and old — was provided at the annual Y.M.C.A. gymnastic display staged at the local "Y" last evening.

The varied 11-act program included clowning, basketball, boxing, weight-lifting, gymnastics and even sing-songs.

The show, under the direction of Harry Weber, physical instructor at the Y.M.C.A., will be held for the final time this evening at 7:30. Several changes will be made in the program so that those who witnessed the show on opening night will be able to watch the performers — all local talent — perform again tonight.

Two paper weight boxers, Eddie Anderson and Bobby Smith, put on quite an exhibition. Trained by two tadpoles, Norman Webster and Christie Mills, the youngsters battled to a draw and received a loud ovation from the crowd.

Another act which was loudly applauded was the "Little Lady Meets a Wolf." The little lady, played by Jackie Roberts, tossed the wolf, Edgar Stracchino — a rood 200 pounds of muscle — over her back, threw him on the floor and in general handled him with ease. She was using Judo.

A hand balancing act, featuring Robert Chartier and Gilles Goddard, proved that with constant practice, patience and the will to learn, several amazing feats can be performed.

Miss Pat Morrison, well-known for her tap-dancing, took the part of a lady horse trainer and gave her black stallion a tap-dancing lesson. This act was also a favorite with the audience. Charles Buckland and Russell Hyman took the part of the horse.

Weightlifters including, Robert Chartier, Jacques Bruneau and Bertrand Guerin, under the supervision of Allan Odell, proved that with practice anyone can lift. It's not your size — it's the know-how.

A basketball game between Magog and Sherbrooke ended in a tie. The youngsters from Magog were under the supervision of Leonard Auger while the local "Y" engers were coached by Ted Robinson.

The Y.M.C.A. boys' choir, under the direction of Ed Shortt, rendered several pleasing songs and performed ground pyramids.

Box horse skill by the Hi-gang, was also much appreciated by the audience.

Details Of Red Cross Blood Transfusion Service Outlined To Kiwanis Members

The Blood Transfusion Service of the Canadian Red Cross, on a national scale, was outlined to members of the Kiwanis Club last night by Captain Louis Poitras, Red Cross representative in charge of the second blood clinic to be held here next week.

During the war, the Red Cross collected blood from voluntary donors in the towns and villages of Canada, from coast to coast, in order that the armed forces might have adequate quantities of dried serum for their treatment of casualties, Captain Poitras said.

Toward the end of the war, however, the Red Cross was approached by a number of the Hospital Associations as well as provincial departments of health, with a request that a similar service might be provided in peace time to meet civilian hospital needs.

A plan for a National Blood Transfusion Service was drawn up and submitted to the joint committee of the Canadian Hospital Council, members of the National Research Council and the Canadian Red Cross.

Seated at the head table with the president and speaker were Henri Goulet, Roger Morin, Bill Black, Les Memory, Harry Blou, Guy Blanchette, W. McDougall, J. A. Winslow and Past President Hunter.

Air Force Week To Be Observed Here In June

Air Force Week will be observed in Sherbrooke from June 12 to June 17.

This decision was approved last night at a meeting of the R.C.A.F. Association, held at the New Sherbrooke Hotel.

While final plans for the week are still being prepared, it was announced that it is hoped to hold an air show over Sherbrooke on one of the days during the special week.

On Thursday, June 15, there will be a parade including the Air Cadets, the local mobile radar unit and the R.C.A.F. band from Montreal. The parade will start at the William Street Armory where there will be a display of equipment.

On the evening of June 15 there will be a concert by the R.C.A.F. band, which, it will be recalled, was heard in a concert here a little more than a year ago.

There will be a dance at the William Street Armory on Saturday, June 17, with music provided by dance musicians in the R.C.A.F. band.

Eric Webster will be chairman for the week, with Ossie Mallette chairman for the concert and Bill Richardson chairman for the dance.

Andre Duchesneau presided at the night's meetings, one of them a general meeting and the other of members of the executive. He acted in the absence of the association president, Mr. Webster.

Members of the radar unit were guests at the general meeting at which the film, "The Fighting Lady," dealing with a United States aircraft carrier, was shown.

Seated at the head table with the president and speaker were Henri Goulet, Roger Morin, Bill Black, Les Memory, Harry Blou, Guy Blanchette, W. McDougall, J. A. Winslow and Past President Hunter.

Youth Injured In Magog Accident

Magog, May 4.—Clement Gaudet, 17, of Magog was taken to the Neurological Institute at Montreal yesterday suffering from what is feared to be a fractured skull.

Gaudet was injured when his automobile crashed on a bridge crossing the Magog river and he was hurled against the bridge. He was treated at La Providence hospital before being moved to Montreal.

Rotterdam, May 4.—(AP)—Holland received its first shipment of Atlantic pact arms today despite demonstrations by leftists.

Most of the objectors were women. A number of them were arrested and one demonstrator received a sabre cut.

Two Homes Are Damaged By Fire In Magog

Magog, May 4.—Damage estimated at \$500 was caused yesterday by fire in the home of Arthur Meek, of Victoria Street.

The blaze, believed to have been caused by overheated pipes, broke out in the attic. Only quick work by the fire department prevented it from causing considerably greater damage.

A lesser fire caused slight damage to the kitchen of A. Pinard's home at 22 St. Catherine Street. This fire broke out when oil from a burner overflowed and caught fire. It was put out by an extinguisher.

London, May 4.—(AP)—Britain today appointed a spy Dr. Klaus Fuchs in its top atom research post.

Dr. Maurice H. L. Pryce, 37, was named chief of the theoretical physics division at Harwell, the ministry of supply's atom city.

Fuchs, German-born but naturalized, was sentenced to 14 years in prison March 1 for betraying secrets to Russia.

Baptist Y. P. U. Plans Rally At Coaticook

Coaticook, May 4.—The Baptist Young People's Union of southeastern Quebec district will hold their semi-annual rally at the Coaticook Baptist Church next Saturday afternoon and evening, May 6th. Sessions will be held at 2:30 and 7:00 o'clock. Important business will be transacted. Inspirational devotional messages will be delivered with Rev. L. K. Chubb, of St. Lambert, Que., as guest speaker. The public is cordially invited.

Gospel services at the Moe's River Baptist Church will be resumed next Sunday afternoon, May 7th, at 2:30 p.m., Daylight time. Dr. C. Ivar Johnson, of the Coaticook Baptist Church, will be in charge of these services.

Beginning next Sunday, May 7th, the Gospel services at the Barnston Baptist Church will be held at 9:30 a.m. The usual afternoon service will be discontinued.

Opening dance at Brome Pond or Tetrault Lake, Saturday, May 6th. Hollenbeck's Orchestra. Round and square dances. Adm. 50c. Lunch.

Missisquoi Bay Pickerel Netting To Be Probed

Quebec, May 4.—A spokesman for Quebec fish and game department said yesterday an official of the department granted any extension whatsoever of the pickerel netting season in Missisquoi bay in the Eastern Townships.

The spokesman said it is likely that an inquiry will be conducted by the department to determine on whose authority fishermen netted pickerel beyond the deadline of the season. An April 1 deadline applies to the east side of the bay and April 15 ends the season on the west side of the bay.

The department official made the statement in connection with a report April 28 by Isaak Hunter, Montreal Gazette outdoor columnist, that "walleye" netting at Missisquoi bay was extended to April 20.

"Apparently the day is not quite over when a member of the Legislature can re-make the fish and game laws to suit the whims of his electors," wrote Isaak Hunter.

Native Of Waterloo Gets New CNR Post

Montreal, May 4.—The appointment of O. A. Trudeau to be assistant general passenger traffic manager, Canadian National Railways, was announced here today by A. A. Gardiner, general passenger traffic manager of the company.

Mr. Trudeau, formerly assistant passenger traffic manager, brings to his new post forty-four years of experience in passenger traffic work. An acknowledged expert in railway passenger matters, he is also well known as a railway historian and has delivered many talks to associations and clubs in Canada and in the United States.

He was born at Waterloo, Que., in October 1888, and educated at St. Bernard College and Waterloo Academy. He joined the Grand Trunk Railway in 1906 as a clerk in the passenger audit department at Montreal, and became advertising clerk, chief clerk, special representative and, in 1935, promoter to the position of district passenger agent. He was appointed general passenger agent for the central region in 1942, and was made assistant passenger traffic manager in 1947.

Mr. Trudeau is vice president of the St. Lawrence Kiwanis Club of Montreal, director of La Chambre de Commerce de Montreal, of the Montreal Tourist and Convention Bureau and of the Antiquarian Numismatic Society of Montreal.

Evangelistic Spring Rally Scheduled Soon

The Seventh-day Adventist churches in the Eastern Townships have scheduled their Spring Evangelistic Rally for May 6 and 7 according to the district pastor, Malcolm S. Fisher, of Waterloo. Adhering to their annual practice, the church officials have again negotiated for the South Stukely Hall in which to convene their week-end assembly.

On Sunday evening next, as to all their meetings, the community is again cordially invited to attend a projection of the recently released color movie film, sponsored by the Moody Institute, "God of Creation."

This fundamental document is truly a most revealing commentary on creation and is currently being widely proclaimed by churches of all faiths throughout North America.

Among guest speakers will be some of the denomination's leaders including Roscoe W. Moore, president of the Northern New England Conference, and local born G. Eric Jones, of Oshawa, formerly missionary to India and now president of the Adventist church throughout Ontario and Quebec.

On Saturday evening the Dorcas Welfare Societies of the S. D. A. churches in the Eastern Townships are sponsoring a sale of handwork and home cooking to which the public is cordially invited. All proceeds are to be used for welfare work.

Education Tax At Coaticook

Montreal, May 4.—The provincial revenue department announced yesterday that merchants in six cities and towns in Quebec have been advised that a higher percentage will have to be collected for sales tax in accordance with bills adopted at the last session of the Legislature.

For A Balanced Budget: Make Clothing And Toys From Towels

Old terry toweling plus some simple sewing made the teddy bear, bib and ballet slippers shown here. The bear is made from sheeting, stuffed, and slip-covered with toweling. The bib and ballet slippers were made from old washcloths.

New York — (NEA) — Transforming old terry towels into clothing and toys for children is simple to do, easy on the budget and equally easy in the laundry. You might begin by making a set of bibs from three large washcloths. In addition to the cloth, you'll need 2½ yards of bias binding, six strand embroidery floss and mercerized sewing thread. Start by folding each washcloth

in half, edges even. Snip the folded edge to the open edges in a shallow half-circle. Open the washcloths flat and cut bias binding into three equal pieces. Match the center of the neck to the center of the binding, bind the neck edge and let the balance of the binding form neck strings. With a pencil, sketch the words, "Breakfast," "Lunch," and "Dinner" freehand, one to a bib,

and embroider in outline stitch. For a pair of small ballet slippers, you'll need two old washcloths of a 25 x 7 inch strip of old towel, 1 yard of bias binding, and 1 yard of white novelty cord. With scissors, round off two corners on one end of each cloth and make a diagonal dart 2 inches long in each corner at the opposite ends. Stitch up these heel darts and gather the front of the slipper to a 4-inch length. Stitch the bias binding around the top and sew a loop of the binding at the center of the heel. Cut the novelty cord in half for ankle straps and slip it through the loops. A teddy bear made from an old pillow slip and covered with a terry towel makes a wonderful toy—practical, inexpensive, easily laundered. To make the bear, you need a pillowcase or piece of sheeting 25 by 13 inches. The best plan is to cut a paper bear pattern first, then outline it in

WEST SUTTON

Word was received here by relatives from Athol, Mass., of the death of Mrs. Della Yates Lee, widow of Mr. Clarence A. Lee, of this place. pen on the sheeting. Sew it up, turn it inside out and stuff it with soft cotton.

Cut the terry cover for the bear one-half inch wider than the paper pattern, from an old towel. Cut two small quarter circles for ears, gather and pin in place. Sew up the bear, leaving selvage edges open. Insert a 7-inch zipper in selvage edges. Using black floss, embroider features on the terry cover, slip it over the bear, and zip it up.

To transform an old face towel, 16 by 27 inches, into a play apron, snip out five square inches from each side at one end of the towel. Cut a bib eight inches long and, using two yards of bias binding, bind the waist and bib part of the apron, leaving enough for string to tie at waist and neck. Bind three sides of the pockets and stitch to the apron. You'll have an apron which is absorbent and doesn't need ironing.

The Meridians Of Rock Island Gave A Highly Commendable Concert At Ayer's Cliff For Beulah Association

Ayer's Cliff, May 4. — At the Consolidated High School Auditorium on April 26, the "Meridians" of Rock Island, presented their thoroughly enjoyable concert under the auspices of the Beulah Evening Association.

It was regretted that they were not welcomed by a larger crowd but due to many of the gentlemen of the town being on the fire brigade, which was on guard at the "Burton" fire, the crowd was not as large as it otherwise would have been.

Under the very capable leadership of Mr. Turk MacLean, the following gentlemen: Clifford Narraway, Charles Murdock, George Cowles, Gardner Cowles, Philip Bates, Homer Brainerd, Frank Grout, Percy Wheeler, Bus Laythe, Larry Partridge, Dick Middleton, Emerson Peavey, James Ewan, George Eaton, A. Hamelin, Bruce Lafoe, Paul MacLure, Berkeley Keyser, Lawrence Wheeler, James Palin, Paul Bedard and Harold Taylor, with Mrs. Frank Grout at the piano, put on a program consisting of four groups, and opened with "O Canada," followed by the "Battle Song of the Republic," The Whiffin'poo Song, "Now Is The Hour," and "Joshua Fought the Battle of Jericho."

During the first intermission the audience was delighted with two beautiful piano solos by Miss Irene Boonhour, whose technique is outstanding. The ability displayed by this young artist is highly commendable.

The second group by the gentlemen opened with "Sweet Hour of Prayer" and was followed by "Kentucky Babe," "The Bells of St. Mary," and "Jingle Bells."

During the second intermission the audience was entertained by Lawrence Wheeler, one of the "Meridians" playing and singing, "Chattanooga Shoe Shine Boy," "Dear Hearts and Gentle People"

and "If I Had Known You Were Coming."

The third group consisted of "Keep In The Middle of the Road," "Dear Land of Home," "Deep River," and "Drink To Me Only With Thine Eyes."

The final group included "Shannon," "Rose of Tralee," "Jolly Roger" and "Abide With Me," followed by the National Anthem.

During the third intermission a humorous reading "Stove Pipe Hole," was given by Mr. M. L. Gilbert, after which Rev. W. H. Boonhour on behalf of the audience expressed appreciation to the "Meridians" for again coming and presenting their concert here and expressed the hope that they might return another year.

Mr. MacLean very appropriately replied to Rev. Boonhour saying that they enjoyed coming to Ayer's Cliff very much and would be looking forward to seeing them another year.

The gentlemen rendered most of their numbers unaccompanied and the close harmony, technique and expression, in all numbers was pronounced. Those having the pleasure of hearing them realized that they are not entertaining for financial gain but for the thorough enjoyment of singing and giving enjoyment to others. They ask no fee, expenses only but small donations for the purchasing of new music is greatly appreciated by them.

Under the convensership of Mrs. Clough, Mrs. True, Miss Gustin, Mrs. McHarg, Mrs. Peavee and Miss Gill, delicious refreshments were served and social hour spent.

Mrs. Fletcher Celebrates 91st Birthday

Brome, May 4. — A pleasant social took place at the home of Mr. and Mrs. Andrew Libby, on Thursday, April 27, when Mrs. Mary J. Fletcher celebrated her ninety-first birthday. During the day she received visitors and at the tea hour she was given a surprise party. Friends and neighbors gathered to offer their felicitations and good wishes, and letters, cards and gifts of all kinds including fruit and candies were received from a host of friends and relatives.

News of the party spread around and radio station CJAD sent the guest of honor a beautiful bouquet comprised of tulips, daffodils, narcissuses and ferns. The children called on her and sang their song "Happy Birthday To You." Her daughter, Joyce Delaney, came by plane from Detroit, Mich. She assisted the hostess in serving lunch. A birthday cake, artistically decorated and with 91 in large figures on top made by Mrs. Libby, was admired and appreciated. The first piece was cut by the guest of honor.

Among those who assisted in serving were Mrs. G. A. Mason, Mrs. Hamilton, Joyce Delaney and George Edward Libby. Others present were Miss Andrea Osborne, Masters Macdonald Hamilton and Larry Eldridge.

Mrs. Fletcher is in fairly good health. The entire community joins in wishing her "many happy returns."

Among the ladies who gathered during the afternoon to help celebrate Mrs. Fletcher's birthday, were Mrs. G. A. Mason, Mrs. William Chapman Sr., Mrs. R. W. McCutcheon, Mrs. C. C. Salsburg, Mrs. Arthur Midgley, Mrs. B. Lora, Mrs. E. W. Ray, Mrs. C. M. Eldridge, Mrs. Lyla Owens, Mrs. George Woodgate, Mrs. H. A. Osborne Mrs. William Chapman, Jr., Mrs. William Hamilton, Mrs. James Alger, Miss Norma Owens, Emma Delanie, all of Brome, and Mr. and Mrs. Stanley Ball, of Knowlton.

Mrs. A. H. Cross was re-elected president of the Ladies' Library Committee at their annual meeting, held on Monday afternoon, May 1, at the home of Mrs. Everett Bayley, Huntingville Road, Lennoxville.

Mrs. A. H. Cross, president, was in the chair, and reports covering activities of the year, included the successful food sale, which, through the courtesy of Echenberg Bros., was held at their store.

A new member, Mrs. George Smith, was welcomed by Mrs. Cross, who afterwards expressed the regret felt by the committee at the resignation of two valued members, Mrs. S. H. Bachelier and Mrs. Wesley Elliott, who were presented with silver earrings, as a token of appreciation of devoted service for many years.

Further arrangements were made for the Sher-Lenn Choir concert, to take place at the Sherbrooke High School Auditorium on May 30. This presentation will be under the direction of Mr. Malcolm Brown, with Miss Jean Scarth as soloist.

Election of officers followed, when Mrs. A. H. Cross was re-elected president; Mrs. Everett Bayley, vice-president; and Miss Evelyn Bradley, past treasurer.

A social hour was enjoyed, when refreshments were served by the hostesses, with Mrs. Cross and Mrs. Kenneth Mills presiding at the tea table dined with a lace cloth, daffodils and white candytuft, and green tapers in silver holders.

PLAN "ONE-SIDED" SHOPPING CENTRES

London. — A social hour was enjoyed in building neighborhood shopping centres all one side of the street. The idea is to cut down on traffic accidents.

The council, governing body for greater London, has chosen Deptford as "guinea pig" for the experiments. If the idea succeeds the principle of "one-sided" shopping centres will be adopted in London's planning.

DOROTHY DIX

Boy's "Affliction"

Blushing, An Asset, Not Handicap, Says Miss Dix

Dear Miss Dix: I am 17 years of age and am afflicted with an ailment that is to me equal to death itself. It is blushing. It has already robbed me of my friends. It makes me a failure at school. It cuts me off from all the pleasures of my time of life. I am ashamed to go among people because I flush up every time they speak to me. I am unpopular, for it seems as though other people are embarrassed in my presence. What shall I do?

DOROTHY DIX

Answer: The best thing for you to do is to go and talk it all over with a psychiatrist. Perhaps he could make you see what a silly attitude you are taking toward what you call your "affliction." For, believe me, you have the act of blushing and the affect it has on other people all wrong. The ability to blush is an accomplishment and not a handicap. Personally speaking, I think it charming to see the quick young blood flush into a girl's or boy's face as he or she speaks or is spoken to. It gives an appearance of response, of sensitiveness to impressions, of eager interest and intelligence that is lacking in the flat dull faces of those whose color never changes.

TIME WILL CURE And don't worry about not being able to cure yourself. Time does that. Blushing is one of the feats that only youth can accomplish. You will get over it only too soon and be just as monotonous and commonplace as the rest of us.

Don't you see, what you think it over, how true what I am telling you is, and how lacking in common sense you are to let the fact that you blush spoil your life, as you are permitting it to do when you withdraw from your friends and make it an excuse for flapping in your schoolwork? I am giving you straight, son, that it is not the blood that comes into your face that is ruining you, it is the lack of blood that goes to your brain.

I can give you a sovereign remedy for your trouble, and that is to quit worrying about it. Quit exaggerating its importance. Stop thinking that you are so important that every eye is fastened on you and everybody counting your blood pressure. They are not. This is a self-centered world and everyone is so busy with his own affairs that he pays precious little attention to ours.

But your blushing will wreck your life if you make it an alibi for your laziness in not studying and for dodging the responsibilities of life. Then your face will have a right to be red. And with shame.

Dear Miss Dix: My mother has been a good mother to us and we love her and appreciate all she has done for us and we are anxious to repay her in every way we can, but has she a right to make us sacrifice our whole lives to her? Her complaint is that just as soon as we are grown we leave her. When I married she almost went into convulsions. When my sister married she reproached her so cruelly that she left for her new home with the tears rolling down her cheeks. My 18-year-old sister has never had a date and will not go out because she knows what a scene Mother will make if she does. My mother's position is that our leaving her for our own homes is an act of ingratitude and shows that we do not love her. Can anything be done about it?

A DEVOTED DAUGHTER Answer: Your mother is one of the possessive, selfish mothers who are perfectly willing to ruin their children's lives to gratify their own morbid maternal passion. There are plenty of them. They associate with youngsters of their own age. They ruthlessly shut the door of opportunity in their children's faces because they cannot bear to be parted from them. They keep their children from marrying because they can't bear to give them up.

There is no use in arguing with a possessive mother, because she accounts it for righteousness to be so frantic about her children that she wants to own them body and soul and keep them right in her hands all the time. But the children are weak and foolish and wrong to let her dominate them. They should break away from her and save their own lives.

The right sort of mother wants her children to do what is best and happiest for them. She is the one who sacrifices herself to her children. She does not exact the sacrifice of their lives to her.

Dear Miss Dix: I am a girl 20 years old considering marrying a man of 50. We love each other very much. What is the usual outcome of such a marriage? G. B.

Answer: Divorce. Any unhappiness for both parties. A few years' difference in age between a man and a woman makes no difference, no matter which is the elder, but thirty years is too much. Three decades make a gulf that not even love can bridge. Don't try such a hazardous experiment.

BETA SIGMA PHI

Members of the Beta Sigma Phi Sorority of Sherbrooke, held their annual Founder's Day banquet at Elmwood Inn, Lennoxville, on Thursday evening, April 27, to which event the Magog chapter was invited.

Covers were laid for thirty-two and the sorority colors were carried out in the attractive dining-room where yellow roses were used to decorate and matching tapers lighted the table.

During the course of the banquet, the welcome to the Magog chapter was extended by Mrs. John Barnack, following which, Mrs. Carl Griffith reviewed the history of the Beta Sigma Phi. Mrs. A. E. Sandell, social sponsor of the Magog chapter, read, "One World in True Friendship," especially written for the sorority by Marjorie Scott.

Miss Frances Brodeur, president of the Quebec Episcopal Chapter, read the Founder's Day message, and Mrs. George H. Carr, social sponsor, proposed a toast to the founder, Walter W. Ross, and read the Founder's Day pledge.

The toast to the "Vision and Power of Friendship," was given by Miss Ann Crochere, and Miss Joan Hurlbut followed with a toast to the "Realization of Friendship through Understanding." Miss Brodeur then asked the sorority to join her in a toast to Mrs. Carr.

The Beta Sigma Phi Love Song was sung by Mrs. Gerald Spafford and followed by the candlelight "Ritual of Jewels Ceremony," conducted by Mrs. Carr, when the seven new pledges were accepted into full membership in the sorority.

The Closing Ritual, repeated in unison by the members, brought the evening to a close.

MY HEAVIEST, DIRTIEST WASH CAME CLEAN WITHOUT RINSING!

I'LL NEVER RINSE AGAIN!

NEW HEAVYWEIGHT TIDE gets clothes dazzling clean WITHOUT RINSING!

Cuts washday work in half! Just wash-wring out-hang up!

HARD TO BELIEVE? Yes, but it's true! Get yourself a package of new Heavyweight Tide and see for yourself! You can take your family wash right from those amazing suds... put it through the wringer... and hang it up CLEAN. Without any rinsing at all!

THAT'S BECAUSE new Heavyweight Tide not only gets the dirt out of the clothes, but actually keeps it suspended in the sudsy water. When you wring the clothes, the dirt runs out with the wash water, and your clothes come so bright, white and clean, you'll be delighted.

CLOTHES DRY SOFT—SMELL FRESH and sweet. And they iron so easily and smoothly. There's never been anything like it—but it's the kind of miracle you have to see to believe! So just try it!

Brand new! With STEPPED-UP WASHING POWER!

NOTHING'S TOO DIRTY for new Heavyweight Tide! Because of its wonderful stepped-up washing power, every grain does more work... gets dirt and grease out of overalls and workshirts like magic! Yet—listen to this! With all its new washing power, it's truly safe for all washable colors!

"SUCH A FRESH, BRIGHT WASH—I WAS AMAZED!" SAYS MRS. L. C. WEST OF NORTH YORK

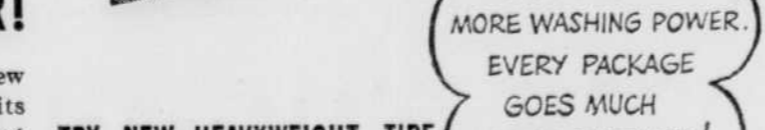

"I didn't believe it, but new Heavyweight Tide certainly kept its promise! My wash came bright and clean without any rinsing!"

TRY NEW HEAVYWEIGHT TIDE without rinsing. It saves your precious hot water... It saves you time and trouble... actually cuts your washday work in half! (Saves wear and tear on your clothes, too!) Sounds good? It's wonderful!

When you wash without rinsing—NO OTHER WASHING PRODUCT KNOWN WILL GET CLOTHES CLEANER THAN NEW HEAVYWEIGHT TIDE

MORE FOR YOUR MONEY! SO MUCH MORE WASHING POWER. EVERY PACKAGE GOES MUCH MUCH FARTHER!

Modern Features Mark Marcel Bernard's Grocery

Renovations To King Street East Store Make It Among Most Up-To-Date

In an effort to afford clients more pleasant shopping facilities, the management of MARCEL BERNARD GROCERY, located at 168 King Street East, has provided the citizens of Sherbrooke with a store which, after being entirely renovated, offers all the modern features of the up-to-date self-service store.

At first sight, the customer is faced with a neat and clean store; plaster-finished walls, the tiled floor, red in color, polished till it gleams. The fluorescent lighting system is the newest in lighting systems and shines brightly on the shelved articles.

On the right-hand side of the store displayed to catch the buyer's eye are the fresh fruits and vegetables. There is a balance scale to weigh the produce. Two other displays are set up in the store, one for beer and porter and one for general merchandise. Each food product is kept in its proper food group.

At the back of the store there is a large refrigerator to keep dairy products, butter, milk, cream and cheese. To allow the customers to serve themselves, glass windows have been installed in the refrigerator.

In the centre aisle one notices an array of all kinds of cookies, cakes and pastries. The cash register is in the centre of the store where a clerk wraps up your goods.

Interior view of the modern, scrupulously clean licensed grocery store operated by Marcel Bernard at the corner of King Street East and Murray Street. Mr. Bernard's Grocery features a city-wide delivery service; simply phone 4765 and your order will receive prompt attention.

This caved-in section of a 20-acre farm is viewed sadly by Mrs. Leo Guglyk, wife of a Ukrainian farmer in the Espanola district of Northern Ontario about 50 miles west of Sudbury. During the last few weeks, almost all the land the elderly couple cleared from the bush 34 years ago has sunk, in some places as much as 65 feet. The sinking is believed caused by erosion from an underground stream. Advised to vacate their home, Mr. and Mrs. Guglyk say they have no place to go.

DENISON'S MILLS

Rev. Beattie, of Kirkdale conducted the Easter service in Holy Trinity Church. Mr. Beattie acted as organist for the service.

Misses Ann and Ruth Denison, of Montreal, were at home for the holidays. Visitors of Mr. and Mrs. Avery Denison included Mr. Gordon Denison, of Asbestos, and Mr. and Mrs. G. K. Brown and daughter, of Montreal.

Resort Operators Set Up Boundaries

Rainy River, Ont.—Resort owners in surrounding districts have set up boundaries in line with an amendment to the constitution of the Northern Ontario Outfitters Association.

At the association's recent convention at Kenora an amendment was passed calling for the chartering of local organizations and setting up of boundaries for the groups.

The boundaries were set by the Northwestern Ontario Camp Owners Association at a Fort Frances meeting. They are subject to approval by the N.O.O.A.

There are about 60 camp operators and outfitters in the Rainy River District.

Prime Minister And Girl

Prime Minister St. Laurent in a tour of Western Ontario visited Dresden, the scene of a flurry last year when some restaurants refused to serve Negroes. Mr. St. Laurent is shown holding on his knee an eight-year-old Negro girl, Doris Roper. He chatted with her about school. In an address the Prime Minister stressed that Dresden's early settlers "recognized the freedom and liberty of the human being." The original Uncle Tom, who inspired Harriet Beecher Stowe to write her famous book, is buried near Dresden.

Merchants Of Vermont City Offer Special Prices For Rest Of Week

Special bargain days which should be of particular interest to Canadian patrons are being featured in Newport, Vt., stores today, tomorrow and Saturday. Newport's merchants, under the sponsorship of the Chamber of Commerce, got together and arranged to hold these three big sales days.

Reduced prices in many lines of goods, special offerings of outstanding value will make it worthwhile for anyone to visit Newport during these three days.

The merchants are going all-out to attract Canadian business and the goods they have on display, and the low prices they are charging, are real eye-openers.

Newport is a comparatively short drive from most Townships' centres and the merchants invite Canadians to drop down and look around.

Rabbi H. J. Stern, Of Montreal, Gave Eloquent Talk To Boundary Rotary

"The Jewish people have wandered the world for 2,000 years buoyed up by the hope of sometime being able to return to Zion. They now have this opportunity in Palestine," said Rabbi Harry J. Stern, of Temple Emanu-El, in Montreal, in the course of a very eloquent and fine talk at the regular Monday evening meeting of the Rotary Club of the Boundary, held at the Del Monty Hotel.

"Palestine," said Rabbi Stern, "is a mere speck on the map, but it is of immense historical importance as the founding place of two great religions Mohammedanism and Christianity.

"The Jewish people has turned Palestine from a desert into a garden. They have returned to the soil, and have made this soil productive. The Balfour Declaration gave the Jews the chance to establish their own country, and to again have a true home. At the time of the appeasement policy, the Jews were slighted in favor of the Arabs. Yet Jewish youth fought with the allies, while the Arabs were either neutral or actually Fascists. The Grand Mufti was in Berlin broadcasting for Hitler.

"On Nov. 29th, 1947, the Arab and Jewish States were set up by the United Nations. On May 14th 1948, Chaim Weizman became president of Israel. The Arabs attacked the Jews with an overwhelming force, but were driven back actually beyond the established boundaries. The Mohammedan and Christian Holy Places in Jerusalem were saved. The Jewish Synagogues were destroyed.

"The Holy Places are now under international control, as they should be. They are of great religious and historical value to the entire world. More than four hundred thousand Jewish refugees have been received in Israel, more than those received by all the other countries of the world. The Jewish Constitution is democratic, and the government is democratic. The Jews offer a blueprint to the Arabs as to ways to live and how to develop their land.

"The greatest trouble in the Near East is absentee landlords. A very few people control the land, make the money, and the great balance of the other people are mere serfs. Until this situation changes, until some sort of justice for the individual is established, there will be trouble, and there will be more changes for the Soviets to take over, individual ownership, community ownership with all sharing—these things must be established if we hope for peace and prosperity in the Near East. The Jews have the pattern already, others can follow along the same ideas.

"The Jewish people can synthesize the mystic East and the two into one harmonious whole." In the course of his talk, Rabbi Stern stated that more than six million Jews were killed by the Nazis. The speaker was introduced by E. J. Struthers, and thanked for his most valuable talk by C. R. MacLean.

Visiting Rotarians present at the meeting were A. Bornstein of Westmount, Raymond Blake, Hazen Converse, Perry Fitch and Dr. Piette, of Newport, Vt. Visitors at the meeting were Sam Paperman, of Montreal, and Rev. E. C. Amarion, D.D., of Stanstead College. The visitors and Rotarians were welcomed by past president Earl Heath. Mrs. Amy Taylor, of Derby, acted as pianist for the singing, which was led by C. R. MacLean.

William Daily, of Derby, was welcomed back after his winter in Florida. Mr. Daily will be the chairman of the Rotary Children's Camp, at Lake Salem.

Secretary Vincent Davis read a letter from Philip Lovejoy, secretary of Rotary International, congratulating the club on having attained 100 per cent in donations to the Rotary Foundation.

President Maurice Moore announced that the Blood Donor Clinic would be held on Friday, May 5th, and that transportation would be provided for all who needed it.

The meeting next Monday will feature a film on forest conservation, supplied by Hiram Walker and Sons. May 15th meeting will feature the four prize winners from Derby Academy in the United Nations Essay Contest sponsored by the club. The meeting of the 22nd, will have the prize winners from Stanstead College present, and for the 29th, the winners from Ayer's Cliff Academy. The twelve winning essays will then be judged, and the grand prize winners will receive their prizes at a later meeting.

Floods And Snow

Volunteer crews in the Elm Park district of suburban Winnipeg were forced to fight wind-driven snow as well as flood waters from the Red River. Here they are erecting sandbag barricades in low-lying sections. They are a few of many fighting floods in the Winnipeg area.

Swordfish Holes Aussie Surfboat

Sydney, Australia. — When five lifesavers from the North Bondi Surf Club here were off Crowdy Head, 300 miles north of Sydney, a swordfish charged their 22-foot boat and made a hole in it. They plugged the hole with an old sock.

The lifesavers reached Coolangatta, Queensland, after an open-boat voyage of 600 miles, made in 27 days. They had a small sail but rowed most of the way. After competing in a surf carnival at Coolangatta they rowed on to Brisbane, another 100 miles.

Trophy 30 Years Cannon Blows Up

Birmingham, England. — One of the trophies of the First World War, a 3mm. German cannon, was the plaything of children for 20 years as it stood outside a Birmingham high school.

Nears The Top

This Canadian Pacific Railway line across Bradley Coulee near Emerson, Man., faces the threat of being cut by floods. The swollen Red River was within six inches of the rail Thursday. Normally water is 20 feet below the top of the rails. Railway officials think the track, running across a long fill and reinforced with 60 cars of gravel, will not wash out.

"Germany's Capital City Awaits...!"

Germans in the British sector of Berlin, still clearing away war's rubble, turn their backs on Soviet flags flying from Brandenburg Gate. The sign says, "Boys and Girls, Germany's Capital City Awaits You," a welcome to the communist Free German Youth organization which will convene in the city, 500,000-strong, in late May, and which has threatened to "capture" Western Berlin.

LAKE MEGANTIC

The Ladies' Aid of St. Andrew's Presbyterian Church held their regular meeting at the home of Mrs. John Matheson, one Wednesday afternoon. The meeting was called to order by the president, Mrs. Angus Morrison, with scripture reading and leading the members in the recital of the "Lord's Prayer." The minutes were read and adopted. The next meeting is to be held at the home of Mrs. David MacDonald. After the business was completed the meeting was adjourned and tea was served by the hostess.

The regular meeting of the Young Peoples' Society of St. Andrew's Church was held at the home of Mrs. D. Matheson one evening. There were eleven members and several visitors present. The meeting opened with Bible reading and prayer. Minutes of the previous meeting were read and approved. Aprons, crocheted articles and novelties were brought in and sold. The proceeds from the food, apron and rummage sale held recently, and the finishing of several quilts was turned in and sold, amounted to \$57.37. After the meeting closed, a social time was enjoyed and the hostess served refreshments, assisted by Mrs. R. Everett.

Mrs. Guy Rinfret and daughter, Frances, of the Town of Mount Royal, is a guest of Mrs. Rinfret's brother and sister-in-law, Mr. and Mrs. Malcolm MacDonald. Mr. Murray F. MacDonald, of Brownville Junction, Me., was a guest at the same home.

Mr. and Mrs. Clyde Elger were in Brownville Junction, Me., and Bangor, Me., where they were the guests of friends.

Mr. Greenway entertained the bridge club on Tuesday evening. The highest score was held by Mrs. Neil. Refreshments were served by the hostess, who was assisted in serving by Mr. D. Matheson and Mrs. Miller.

Mr. and Mrs. Joseph Miller have returned from their wedding trip, spent in the New England States.

Mrs. R. Mayhew spent a few days in Sherbrooke visiting friends.

outdoor sketching classes in the attractive countryside surrounding Ste. Anne de Bellevue. The craft courses offer both elementary and advanced work in weaving, leather and wood, to meet the needs of each student in both theory and practice. The instructors will be teachers from the staff of the college's handicraft division, Miss K. Frew and Miss Frances Wren.

Further information may be secured from the Adult Education Service, Handicraft Division, Macdonald College, P.Q.

Smartness Brings Death To "Alfred"

London. — Asked a voice on the telephone: "Can you preserve Alfred?"

Said a spokesman for a Piccadilly firm of taxidermists, discussing the call later:

"He talked as if I could have no doubt to whom he was referring. I even thought it might be a local celebrity by the confidential way he kept referring to Alfred."

The celebrity, it turned out, was a gorilla from a Bristol zoo, where the name Alfred meant only one thing.

The taxidermists weren't too keen at first. They had six years' work on hand, including the job of stuffing more than 100 wild beasts such as elephants, giraffes and the occasional rhinoceros.

"But because of Alfred's local significance we decided to do a rush job, and today he is back in Bristol, looking very life-like," said the spokesman for the Piccadilly firm, which has been in business 150 years.

Authorities decided that Alfred died because he was too intelligent.

"Yes, intelligent," said the spokesman. "He learned to connect the sound of planes with falling bombs. One day, when a plane flew low over his cage, he was so scared that he had a heart attack and died."

Rebuild Famous Suffolk Bridge

Ipswich, England. — Reconstruction of the Flatford Bridge in Suffolk is under discussion. The present structure is of English oak and it is proposed to rebuild it in Burmese teak.

Prolific Porker

This little pig set some kind of a record, giving birth to 26 piglets on the farm of V. C. Morrow of Rangerville, Tex. Morrow, at left, is helping to supervise the difficult feeding operation for the oversize litter.

The bridge spans the River Stour and leads to Flatford Mill which, like the bridge, has been immortalized on canvas by Constable. Although it is only 10 feet wide, Suffolk County Council is determined to retain the bridge's original character in every particular, in view of its international fame.

SWEETSBURG

Mrs. Sarah Rundle has returned to her duties in the Smith Falls Hospital after an absence of four months spent at her former home near West Brome with Mr. and Mrs. Robert McCutcheon and Mr. William McCutcheon. Mrs. Rundle also spent a week-end with Mr. and Mrs. Howard McCutcheon and Miss Smith on the Centre Road, before leaving for Smith Falls and visited Mrs. Edwin Housser, Mrs. N. M. Ingalls and their Sweetsburg friends.

Mr. and Mrs. Eric Russell and three sons of the Centre Road, were guests of relatives in Sutton on April 30.

Mrs. Eula White of the Centre Road area was in Cowansville for a few days with her son, Mr. Robert White, and family.

Guests on April 30 of Miss Hannah Smith and Mr. and Mrs. Howard McCutcheon on the Centre Road were their niece, Mrs. James Wilson, Mr. Wilson and son, Donald, of Montreal, and Miss L. E. Robinson, of Sweetsburg.

Mr. and Mrs. Ray Stokes have taken two rooms at the home of Mr. and Mrs. Marcel Fregeau. Mr. Stokes is the assistant superintendent of the Montreal Pipe Line Co. which is laying an 18 inch line from Mansonville to Montreal alongside the 12 inch line which was laid about 15 years ago.

Mr. Ralph Hopson has sold his gas station and restaurant and will be leaving Sweetsburg about the end of June.

Mr. Halton Robinson, of St. Eustache, was a guest of his brother, Mr. W. G. Robinson, on April 29.

Mr. Lawrence Barber has reached Field, B.C. He travelled by motor to Melville, Sask., with Mrs. H. L. Stowe, of Cowansville, and her daughter, Mrs. Leland Bell, of Melville, Sask. Because of flooded areas in Manitoba they made an eighty mile detour into the U.S.A., missing Winnipeg en route. Mr. Barker continued his trip by train to Field, B.C.

CANTERBURY

Most of the farmers have gathered their sap buckets. All reported a very good year.

Mr. and Mrs. Lindsay Groove, and Mr. and Mrs. Wallace Coates were guests of Mr. and Mrs. Russell Rudd, on Saturday evening.

Mr. and Mrs. Lawrence Parsons and Ronald Parsons, of Island Pond, Vt., were guests of Mr. and Mrs. Hawley Aked.

Mr. George McCormack spent the week-end in Bury with Mr. and Mrs. William McCormack.

Mr. and Mrs. E. Bennett, Miss Doreen Bennett and Mr. and Mrs. Arthur Boron, of Lennoxville, were guests of Mr. and Mrs. F. G. Bennett.

Miss Margorite Dougherty, of Bury, spent the week-end with Mr. and Mrs. Harley Asker.

Quebec Backs Cancer Society Fund Campaign

The province of Quebec is rallying behind the Canadian Cancer Society's annual fund-raising campaign and early reports indicate the drive will receive wide public response.

Eighteen small towns of the province already have sent in subscriptions of \$25 or more as their part in the fight against cancer, according to M. E. Tansy, Quebec campaign director. The donations, from the towns themselves, have come from widely separated sections of Quebec.

Mr. Tansy said that among the towns subscribing were Port Alfred, Beauveville East, Cratree, Baie d'Urfe, St. Louis du Ha Ha and St. Eustache-sur-le-lac. In the case of the St. Louis du Ha Ha municipal donation, it was reported the local mayor, Dr. J. Ant. Raymond, had agreed to match the gift on his own behalf.

The society is seeking to raise \$250,000 in Quebec province. This is part of the \$1,000,000 objective set by the organization in its cross-country drive. The money will be

used to further scientific research, sponsor an expanding public education program and provide direct aid to cancer sufferers.

Campaign officials said that interest in the drive across the province was "most encouraging." In one large centre, the society had set a \$10,000 objective. Officials and citizens of the centre said that the amount was much too small for an organization of this kind. The society doubled its quota for that city and possibly even over-subscribed.

In another Quebec town, campaign men interviewed 15 people to find a local drive chairman. The chairmanship finally was taken over by a prominent citizen who said he had a particular interest in the work of the society — his mother had just died of cancer.

Units of La Chambre de Commerce des Jeunes, Lions Clubs, Kinsmen Clubs, Rotary Clubs and Canadian Legion branches have taken an active interest in the campaign, as well as various women's clubs and organizations. Officials said many service clubs were actually taking over the organization and direction of local drives in their respective communities. Labor unions reportedly were contributing to the drive as well. "We are most encouraged by public reaction so far," a drive spokesman said today.

Griffith To Keep Scarborough; O.K. With Yankees So Long As Pitcher Doesn't Go To Bosox

New York—(NEA)—Clark Griffith tells friends in Washington that he is not going to trade Rube Bess to the Yankees.

That is quite OK with the Yankees, just so long as the pitcher does not land with the Red Sox. Joe McCarthy's players have yet to kill the order harrang baseball writers from their clubhouse at any time before a game, and for 30 minutes after one. A New York writer was heaved out of the Boston Americans' dressing room at Yankee Stadium.

Birdie Tebbets suffered a broken little finger on his throwing hand a week before the season started. Not having him behind the bat operated against the Sox considerably.

Tebbets wanted to ignore the fracture and catch. But Manager McCarthy believes that all the talk about the Spartan fortitude of the Old Orioles, who are supposed to have stuck busted digits into the dirt and gone right on playing, is plain legend.

Edgar Laprade Wins Lady Byng Trophy

Montreal, May 4.—(C)—Edgar Laprade, 30-year-old centre with New York Rangers, has been awarded the National Hockey League's Lady Byng Trophy as the most gentlemanly player of the 1949-50 season, it was announced today.

Laprade, who collects a \$1,000 cheque from the N.H.L. for winning the trophy, was almost a unanimous choice by the 18 sport writers and broadcasters of the six N.H.L. cities who did the voting. A native of Mine Centre, Ont., he polled 48 of a possible 54 points, to beat out Detroit's Red Kelly by a wide margin.

The trophy is awarded to "the player adjudged to have exhibited the best type of sportsmanship and gentlemanly conduct combined with a high standard of playing ability during the season."

Laprade, winner of the Calder Memorial Trophy in 1945-46 as the N.H.L.'s outstanding rookie, incurred only one minor penalty in the last N.H.L. season.

Royals Stage Rally To Edge Out Jersey 4-3

The International League finally got a break from the weatherman.

Opening day was staged in the ball parks of the circuit's four Northern teams yesterday and a total of 69,570 fans turned out compared to the meagre 28,869 fans who saw the four Southern teams open their season some weeks ago.

The largest crowd of the day, 19,236 fans turned up at Toronto but Syracuse Chiefs spoiled the occasion by blanking the Maple Leafs 4-0 behind the three-hit pitching of Art Hartley.

Hartley duelled on even terms with young Buzz Bowers until the seventh when the Chiefs snapped a scoreless tie with two runs. They added two more in the following frame against Lou Fossell to clinch the decision.

The second largest crowd—18,027—showed up at Rochester and the Wings rewarded the turnout by downing Baltimore Orioles 6-2.

Johnny Yuhas was credited with the victory, his third without a loss. Yuhas left the game in the seventh after he was struck on the leg with a ground ball and Jackie Collum finished up Russ Derry and Don Richmond pounded out home runs to spark the Rochester attack.

A crowd of 16,500 witnessed the Royals turn back Jersey City Giants 4-3 in Montreal. The Royals won the game in the ninth inning when Damon Phillips singled with the bases loaded. The triumph was Turn Low's third without a defeat and Montreal's sixth in seven starts.

The defending champion Buffalo Bisons pleased a home crowd of 15,807 by scoring four runs in the ninth inning to defeat the Springfield Cubs 7-6.

Jack Hussey, young first baseman, broke up the game with a three-run, 400-foot home run. The blow was his fourth of the season. Cy Block also homered for Buffalo and Smokey Burgess and Bob Thurman for Springfield.

and 2 golden-eyes. Saskatchewan was next lowest, with 59 ducks of which 47 were mallards.

Derby Is First Test, But Big Horse Comes Out Of Belmont Stakes

Louisville — Gene Sarazen says a golfer winning the U.S. Open once could have been lucky.

"Win it twice and you're good," says the Little Roman. "Win it three times and you're great."

The same thing goes for racing's Triple Crown, but you're never sure of the big horse until the Belmont Stakes is run, this year on June 10.

The Kentucky Derby, May 6, is the first real test for three-year-olds, when they're asked to go a mile-and-a-quarter for the initial time.

A Derby winner strengthens his case, but doesn't prove it in the Preakness at the shorter distance of a mile and three-sixteenths this year set for Old Pimlico, May 20.

The men aren't separated from the boys until the route is lengthened to a mile and a half in the Belmont.

No one can fault Sir Barton, Gallant Fox, Omaha, War Admiral, Whirlaway, Count Fleet, Assault and Citation for galloping off with the Derby, Preakness and Belmont, but it was in the latter that they demonstrated they could make their run and maintain their speed at the true Derby distance.

Trainers used to break down horses over-working them in Kentucky, Maryland and New York for the early Derby, to please enthusiastic and Johnny-Come-Late-

Quebec Income Tax Bowlers Cop Trophy

Ottawa, May 4.—(CP)—A team from Quebec City has captured the Dominion-wide annual bowling championships of the Income Tax Division of the Revenue Department, it was announced yesterday.

Captained by J. Y. Gingras of the Quebec District income tax office, the team posted a total pinfall of 3,679 for three games to win the Ambassador's trophy, emblematic of the five-pin bowling championship of the Taxation division. Gingras himself took the high cross of 915 which included a top single of 381.

By reversion, R. MacKinnon of the Vancouver office won the prize for a single string with a 351.

Second in the standing for team honors was a St. John's, Nfld., team captained by R. Redmond, which had a total pinfall of 3,507. The trophy was won last year by a Regina team.

The tournament, opened to mixed teams, is conducted in the various cities where tax officers are located. Scores are forwarded to Ottawa for compilation.

Auto Racing Strictly Business To Holland; 500-Mile Champion After Coin, Not Thrills In Profession

New York — Handsome, gray-haired and conservatively-dressed Bill Holland belies his danger-packed profession.

Looking at him it's hard to imagine him climbing into one of Lou Moore's powerful cars, May 30, to defend his championship in the Kentucky Derby of auto racing—the classic 500-mile on the Indianapolis Speedway bricks.

Holland looks more like an across-the-counter business man than the popular conception of a race car driver.

Auto racing to Holland is simply a means of making a handsome living. He's not a captive of the sport; chained to it because of the thrills and the glory of writing his name on the pages of sports history.

When auto racing stops paying off, Holland will desert it.

Even now, while he's on the top of the heap, Holland laughingly admits: "There must be an easier way to make a living."

Like most of his colleagues, Holland is not a half-crazed daredevil.

He's a finely-trained chap who knows the limits of his machine and better still, knows his limits.

Holland trains for the auto racing season like any other athlete. He works out in a gymnasium, cutting down his weight, toning his muscles and gaining strength for the hard job ahead. He tries to reach the peak of his endurance and muscular sharpness by the time Memorial Day and the Indianapolis show roll around.

Holland's Indianapolis record is a rather amazing one. Although he's been racing for 15 years, he did not take a crack at the 500-mile test until 1947. Then he was sure he was ready, certain he had a good car, one of the stable of powerhouses owned by Lou Moore.

A misunderstood signal from his pit crew cost Holland victory his first time out in Indianapolis.

The controversy of why he was the runner-up wrote headlines for several weeks. In 1948, a faulty gear-shift mechanism hurt his chances as he once more finished second to Teammate Mauri Rose.

There was no denying Holland last year. He set a new track record as he won handily. It was a good, clean-cut victory, one that had been carefully calculated and carefully driven. It was business-like.

Between his racing dates this year, the 500-mile titleholder is fronting for an auto thrill show. Bill Holland's Hell Drivers. It's not because he needs thrills for breakfast, dinner and supper, but simply because the Hell Drivers' show pays off.

The pay-off is the important thing to Businessman Holland.

He returned to his Reading, Pa., home for a star's welcome after the 1949 Indianapolis victory. One of the first to greet him was a

Sports Roundup

By HUGH FULLERTON, JR.

New York, May 4.—(AP)—Contracting the old theory that everything happens in Brooklyn, Boston Red Sox fans ask: "Did a manager ever thumb himself out of a game there?" . . . Joe McCarthy did that and some say it's the screwiest happening of the season thus far. . . Seems Joe got the thumb while he was arguing with Umpire Bill McKinley and left the park. McKinley later said he had only told McCarthy: "go back and sit down." . . . But a couple of days before that Manager Al Vincent of the Tulsa (Texas League) Oilers rushed out to demand that an opposing player be given the heave-ho. Before he was through talking, Vincent had been tossed out himself. . . Then there's Clyde Smoll of West Palm Beach, Fla., who earned the doubtful distinction of being the first manager "fired" this season. His club lost 12 of its first 18 games. . . Sam Demma of the Opelika, Ala., club beat that rap. At odds with the club heads, Sam resigned two days before the season opened and took a playing job with Anniston.

French Leave

We can't swear to this story, but it comes from a good quarter. . . Seems that Paul Pettit, Pittsburgh's \$100,000 farmhand, was causing his New Orleans bosses considerable concern by disappearing for long walks, alone, in the French quarter. . . They figured Paul wasn't the kind of kid to get into trouble, but still it could happen in that part of town. . . Diplomatically, a couple of them dropped into Paul's room and carefully brought the conversation around to these jaunts. . . Pettit blushed, bulged out his cheek and produced a box of bubble gum. . . The French quarter attraction was a store that carried his favorite brand.

It Happens Everywhere

St. Louis Browns, as might be expected, got in early on the diamond oddities. . . First Doc Tracy, the psychologist, told Dick Kokos, "stand up there and hit a home run." . . Dick did. . . The Doc must have been looking the other way when pitcher Cliff Fanning, chasing fungoes in the outfield, stepped in a hole and twisted, not his ankle but his neck. . . Cliff was no worse off than Oakland's former major leaguer, Augie Galan, who lost a fly ball in the lights and was hit smack on the head. . . Augie did play for Brooklyn for several years. . . And Detroit's Gerry Priddy was socked with a \$100 fine for riding around town in a police car with a couple of detectives. He claimed he didn't know it wasn't okay. . . That's more than Clarence Weikel could say. With both eyes open, he quit a sports writing job in Dallas, Tex., to become an umpire.

long-time friend; a friend who had bet Holland \$5 that he wouldn't finish.

In honest joy for Holland's good fortune, the friend pumped Bill's hand, and said: "Congratulations, Bill."

Holland who had just pocketed \$50,000 in prize money and taxonimical fees, shot back: "Congratulations, nuts. Give me the five you owe me."

Ducks Wintering In Quebec On Decrease

Montreal, May 3.—A marked deduction in the number of ducks wintering in Canada is noted in the Mid-winter Waterfowl Inventory received by the Quebec Federation of Fish and Game Associations from Dominion Wildlife officials. In most provinces, there was a reduction in all species recorded, except that in the Maritime provinces golden-eyed ducks and Canada goose populations increased. The report says that Canada geese increased from the 1949 reported count of 14,659 to 19,200 birds counted in 1950.

The Province of Newfoundland was included in the 1950 inventory for the first time, and the Wildlife Division reports that it received excellent co-operation from the Royal Canadian Mounted Police, the Newfoundland Rangers and Provincial game wardens. The majority of birds reported were along the South coast, with eider duck most numerous and black and golden-eyes in almost equal numbers.

Fewer ducks were reported wintering in Quebec this year, presumably due to cold weather, and of these golden-eyes were most numerous. The Quebec census showed a total of 906 ducks wintering in the province. Golden eyes, numbering 692, were most numerous, with 113 blacks, 23 ring-necked, and 80 eiders counted, in addition to 60 of "other species" and 22 unidentified birds.

Manitoba had the lowest winter duck population with one mallard

Queen Store Gains Slight Edge Over LaSalle Hotel In First Half Of Big Ten Pin Bowling Playoffs

Queen Store took a 60 pin lead over the LaSalle Hotel aggregation in the first half of a six-string total pinfall playoff for the championship of the Big Ten Pin Bowling League.

The LaSalle squad had previously eliminated Unitcast while Queen Store gained their berth in the finals by downing Sinclair.

Queen Store found themselves on the short end of the first string score by 24 pins, but came back to shade the hotel team by 39 pins in the second, and stretched it to 45 pins in the third to amass a total of 60 pins for their evening's work.

Marcel Dion paced the Queen Store with the high single of 201 and triple of 508 while L. Baker was the high man for the hotel squad with 165 and 484.

The teams and scores follow:

Oma, Weinberg Both Disqualified In Bout

Cincinnati, Ohio, May 4.—(AP)—Both Lee Oma of Detroit, gunning for a crack at the heavyweight boxing championship, and Bill Weinberg of New York were disqualified for foul tactics here last night in the seventh round of a scheduled 10-round bout.

Referee Earl Butler ordered both fighters out of the ring after almost seven full rounds of mauling, cutting and heeling that drew constant howls from the estimated crowd of 3,500.

Oma, rated the No. 3 heavyweight in National Boxing Association rankings, weighed 194 and Weinberg 212½.

Butler declared both fighters had butted and heeled in every round except the first.

Cincinnati — Lee Oma, 194, Detroit, and Bill Weinberg 212½, New York, both disqualified in seventh round.

Washington, D. C. — Charley Salas, 149, Tucson, outpointed Leon Daughtry, 147½, Washington (10).

Harry Conover, Model Agency Head, Names Ottawa's Barbara Ann Scott To His "All-Glamor" Team In Sports

New York, May 4.—(AP)—Harry Conover, who deals in figures—the kind that walk on high heels—named eight women including Ottawa's Barbara Ann Scott on his "All-Glamor" team of sports.

"Gorgeous Gussie" Moran of the lacy-panties tennis fame isn't on it.

"My choice as the No. 1 beauty in athletics would be a tie between Nancy Chaffee, the tennis star, and Phyllis Riggs, a little-known roller skater," the Model Agency executive said.

"Gussie Moran has her merits but I think much of her glamor is due to clever publicity. She doesn't make my varsity."

Here's Conover's varsity of pulchritude:

Nancy Chaffee, Ventura, Calif. tennis.

Phyllis Riggs, New York, roller skating.

Barbara Ann Scott, former World and Olympic figure-skating champion.

Brenda Helser, Los Angeles, Olympic swimmer.

Alice Bauer, Midland, Tex., golf.

Yvonne Sherman, New York, United States figure skating champion.

Vicki Draves, Pasadena, Calif., Olympic diving champion.

Sarah Palfrey Cooke, New York, ranking tennis star.

The beauty expert, who daily passes judgment on some of the most stunning female creatures in the world, said he thinks skating and tennis do the best job of putting feminine curves where they ought to be.

"In fact, if one could combine

the two—skate to develop shapely legs and play tennis to improve the upper part of the body—the result would be an almost perfect figure.

"Did you ever see an ice skater or roller skater who didn't have trim, beautiful stems? I never did. Take Sonia Henie, Yvonne Sherman, Barbara Ann Scott, for example."

"Women golfers are generally on the dowdy side, masculine and leathery complexioned," he said, "but the Bauer girls are an exception. Marlene is nice but still very young. Alice has a blonde, fresh beauty."

"Swimmers, you'll notice, always have tremendous shoulders and don't seem tight-wounded, take Eleanor Holm and Esther Williams. But you have to admit they're mighty lovely mermaids."

"Brenda Helser, the Olympic star, carries on the tradition."

Nancy Chaffee is the 21-year-old U.S. indoor tennis champion, described by Conover as "an attractive brunette with the proper equipment."

The Model Agency head said he had to agree with Miss Chaffee and recently said of Miss Moran: "Gussie hasn't anything more to offer than I have—except a few sprinkles of lace here and there."

Conover discovered Phyllis Riggs in a Long Island roller skating competition.

She's 18, has a beautiful face, natural red hair and a five-foot-seven, 120-pound figure that is perfectly proportioned," Conover said. She takes people's breath away."

New Balk Rule Threatens To Make Force Of Baseball In General; Four Called Against Vic Raschi

Balk. Balk. Balk. Balk. How silly can you get? Pitcher Vic Raschi of New York Yankees, Umpire Bill Summers and the American League hold a major league record that is better forgotten.

Raschi, guilty of only one previous balk in his big league career, was nailed four times by Summers yesterday at Yankee Stadium. And this in the league where "the same old rule" was to be enforced. Each time Raschi was found guilty of a "non stop" violation.

In all the years of baseball no pitcher ever balked four times in a game before Raschi. Three was the old high.

Raschi's first three balks didn't matter much. Summers called out one in the first and two in the second. Chicago didn't score in either inning.

The fourth balk hurt, but not fatally. Following a single and an error in the fourth, it permitted Gordon Goldsberry to stroll home from third breaking a 0-0 tie.

As it turned out, Raschi survived balks, walks and 10 hits for a 4-3 victory over Bob Kuzava of the White Sox. Phil Rizzuto's double in the fifth accounted for two big runs.

Those Boston Red Sox, breathing fire at their Fenway Park home, ripped off their sixth straight victory, a 7-2 romp over Cleveland. The Sox routed Bobby Feller who won his first two starts. Ellis Kinder went all the way for the Sox. Walt Dropp clubbed a two-run homer and single. Both helped doom Feller.

Detroit, rained out at Philadelphia for the second straight time, still clings to the league lead by 31 percentage points. The Yanks and Red Sox are right behind.

Gial Coan hit a home run with the bases filled and two out in the seventh inning to give Washington a 4-3 comeback edge over St. Louis Browns. Ned Garver was

coasting along with a three-hit 3-0 shutout when Coan hit his second home of the year.

Sid Hudson settled down after giving up two runs in the first and Ken Wood's fourth homer in the fourth. He allowed only five hits over the route.

St. Louis' Cardinals, those aging Red Birds, took a series from Brooklyn, just when the Dodgers threatened to run away with the National League.

The Cards did it the hard way yesterday, winning in 13 innings, 6-5 with two runs in the last of the 13th. Jim Russell apparently won the game for Brooklyn with a homer in the first of the 13th. But Joe Garagiola's two-run single while Ramsdell knuckled out.

Garagiola set the stage for the dramatic ending by driving home the tying run with two out in the last of the ninth. Carl Erskine was pitching at the time.

Al Brazie picked up the victory on a neat four-inning relief job. Ramsdell took the loss.

Leo Durocher got the thumb from Umpire Larry Goetz but the New York Giants won anyhow 5-2 over Cincinnati. It was the Giants' second victory of the year. Monte Kennedy went the route, scattering nine hits to whip Ken Raffensberger. Don Mueller led the hitting parade with three singles and a double.

Johnny Sain barely survived a three-run Pittsburgh first inning. Then he settled down to show the boys how it is done. While holding the Pirates to four hits, the Boston Braves' righthander drove in four of the Braves' first five runs with three hits. The Braves needed an 11-run ninth inning to win, 15-4.

Willie (Puddin' Head) Jones, off to a sensational start, hit two homers for the Phillies in a 5-2 decision over the Chicago Cubs.

Russ Dertell Outstanding In Nets For Calgary As Teams Battle Hard; Penalties Play Important Part

Calgary, May 4.—(AP)—Calgary Stampede fulfilled predictions last night that the cowboys would make the Allan Cup final a hell-for-leather series when they rode to a 5-4 victory over Toronto Marlboros.

Equally as close as the first game of the best-of-seven series which Toronto took 6-5, the contest was a faster, more thrilling and better-played game. Both teams obviously have found their hockey legs and the sparring is over.

More than 6,000 fans saw the Calgarians lead the eastern champions 2-1 in the first period and then waver in the second session as the Marlies tied it up 3-3.

As in the first game, a third-period penalty set the stage for the game's winning goal.

Rightwinger Stan Devick scored what proved the decider at 14:25.

of the third period when Bill (Red) Johnson, one of the stars of Toronto's Monday victory, was off for holding—the only penalty of the third period.

Devick tallied the score by tipping in defenceman Archie Wilder's hard drive from left boards in the Toronto area.

It was vindication for the former Edmonton Flyer who in the second period overtook the rubber and allowed Toronto's John McLellan to pounce on the puck in front of Russ Dertell and beat the Calgary goalie with a slow backhand.

It was veteran Dertell's terrific display between the pipes however, which throughout the game was the high spot of the cowboy's play.

Another outstanding performer for the Western titlists was veteran Doug (Crafty) Cairns. The 35-year-old pivot man scored two goals and with 33-year-old Bunny Dame—the former Trail Smoke Eater—was at his best when killing off penalties.

Calgary for four of the game's nine minors and scored two of their goals while Toronto was short-handed.

Johnny Millard and Mitch Pechet accounted for Calgary's other markers. Millard also getting two assists.

Rightwinger George Armstrong was the most dangerous man on the ice. The darkhaired, 19-year-old youth paced the Marlies with two goals and was equally valuable on defence, swooping down persistently to overtake and break up Stampede attacks.

Scotty Mair, who got the winning counter for Toronto Monday night, got another goal and John McLellan also scored a single.

As a result of the Stampede victory, Calgary hockey fans will be able to see another Allan Cup game. Next game will be the fourth game Saturday night and the fourth game will also go here Monday. If Stamps had lost last night and also Saturday the fourth contest would have been played in Edmonton Monday.

Ezzard Charles Slated To Pass Medical Board

Chicago, May 4.—(AP)—Ezzard Charles, National Boxing Association heavyweight boxing champion, was to be examined today by a panel of Chicago medical experts to determine his physical condition.

The examination was ordered by the N.B.A.

Charles has been idle the last three months since a New York Athletic Commission physical examination disclosed he was suffering from a bruised heart muscle. His twice postponed bout with Freddie Beshore has been tentatively scheduled for Buffalo, N.Y., on June 7.

The champion now says he is in excellent physical condition.

Charles also is scheduled to undergo a similar examination May 11 in New York, which is not a member of the N.B.A.

Your Host Still Rated On Inside For Derby

Louisville, Ky., May 4.—(AP)—The Kentucky Derby masters' ratings are unanimous today in the thought that Your Host will sizzle out of the starting gate in the \$100,000 "Run For The Roses" Saturday and say:

"Come on and catch me—if you can."

The speedy California express still is the favorite for this 76th running of North America's most colorful turf event, which will see 13 or more three-year-olds tackle the tough 1¼-mile distance.

Several big questions are up for consideration, and all won't be answered until shortly after the field slams out of the barrier at Churchill Downs the day after tomorrow at 5:30 p.m. EDT (6:30 p.m.).

The many questions are:

1. Will the track be fast?
2. What horse will try to run with Your Host's blazing speed?

Several trains said "let 'er rain," while others were praying for clear skies and a fast track.

Harry Daniels, trainer of Bill Goetz's Your Host, would prefer the latter. Your Host never has had to race in the mud.

Your Host flex to a six-length victory at Keeneland in his last outing, and broke the track record for seven furlongs in the process.

Someone who reminded Johnny Longene, who will ride Your Host, that the colt really got out fast at Keeneland.

"He'll do it Saturday, too, and I believe he'll go the distance."

Some observers thought Middle-ground, one half of the King Ranch entry, might be the one to go out and run with the pace-setter.

ONE IN A SERIES OF BASEBALL THRILLS

WHAT A Home Run!

...SOMETHING TO TALK ABOUT!

The centre field fence at Roosevelt Park in Jersey City is 401 feet from home plate — and eight feet high. It takes a really hefty wallop to send a ball outside the grounds at that particular point. But George Schmees of Montreal Royals clouted one on opening day that cleared the fence with ease. Next day, the same Montreal felder came to bat in the third inning — and blasted a second home run in exactly the same place!

Junior Canadiens Favored To Take Memorial Cup In Four Straight

Montreal, May 4. — (AP) — Montreal Junior Canadiens today are hot favorites to give Regina Pats the coup de grace and win the Canadian junior hockey title in four straight games.

Going into the fourth encounter of a best-of-seven final series for the Memorial Cup with a 3-0 lead, Canadiens are a two-to-one favorite to sew up the series.

Coaches of the "cousin" teams — both are farmclubs of Montreal's National Hockey League Canadiens — had little to say about the outcome of the game.

After seeing the Montreal opener of the International Baseball League yesterday between
