WRECKED AT GOLDEN GATE.

Pacific Mail Steamer, Rio de Janeiro, Struck on a Hidden Rock.

ONE HUNDRED AND FIFTY LOST.

Only Fifty Were Saved. The Fog Was Dense and the Ship Sank Soon After Striking.

San Francisco, February 23.—The Pacific mail steamer Rio de Janeiro, ran on a hidden rock while entering the Golden Gate early yesterday morning, in a dense fog. She sank in a few minutes after striking. It is thought that nearly 150 persons were drowned, but it is impossible to ascertain the exact number owing to the fact that Purser John Rooney, who had the passenger list and roster of the crew is among the missing.

Ten bodies were recovered, two white women, one white man, and seven Chinese. The most prominent passenger on the steamer was Roumsaville Wildman, U.S. consul at Hong Kong, who was accompanied by his wife and two children. It is thought all are drowned. The ship was in command of Pilot Frederick Jordan when she struck. He was rescued. Captain William Ward went down with his vessel. As nearly as can be learned, there were 234 people on board the Rio de Janeiro, as follows:

Cabin passengers, 29; second cabin, 7; steerage (Chinese and Japanese), 58; officers and crew, 140.

The following have been accounted for: Rescued, 79; bodies at the morgue, 10; total, 89. Missing, 145.

The Rio de Janeiro was three days over-due from Hong Kong, via Honolulu, when she arrived off Theads last night, and the dense fog prevailing at the time induced Pilot Jordan to bring her to anchor until he could see his way clear through the Gate. She laid to until about 4.30 o'clock yesterday morning, when the atmosphere cleared and she started toward Point Bonito.

All went well until 5.40 o'clock, when she struck. From all accounts it appears the officers remained cool, and gave the necessary orders with the least possible excitement. Captain Ward, who was on the deck when the vessel struck, at once gave orders to the crew on watch to hurry the passengers to the forward deck. At this time the quartermaster on duty sounded the signal for fire drill, and within five minutes all the men were at their stations.

There was no way of telling the extent of damage to the vessel, as she remained on an even keel for 15 minutes after striking.

WILD RUSH FOR BOATS.

But Capt. Ward, with the instinct of long experience, knew the gravest danger threatened the 200 souls in his charge, and he gave orders to lower the life boats and life rafts. There was not much confusion until fifteen minutes after striking, when the bow of the vessel suddenly plunged under water. Then there was a wild rush for the boats. Two boats had already been lowered, and others were getting away as rapidly as the trained discipline of the crew could prepare them.

A thick fog enveloped everything and as yet no sign had come from the life saving stations. Darkness was all about and with this added horror the people on the Rio had to cope. One boat, containing about a dozen vessels, got clear of the vessel.

VESSEL PLUNGED DOWNWARDS.

Another boat containing Third Officer Holland and J. K. Carpenter got away, but drifted close under the bow of the steamer. As the forward end of the vessel plunged downward the prow caught the boat and cut it in two. The two men in the boat were uninjured and swam away from the sinking steamer just in time to avoid being caught in the swirl in the water caused by the settling of the big ship.

While all this was going on, Captain Ward was directing the passengers and trying to keep them from panic. He succeeded only partially, as many of the terrified people rushed to the railings and jumped overboard. Some of these were picked up; others were drowned. The Chinese crew to the number of more than 100, was terrorized. Some of them huddled in little groups, chattering in fear. Others crouched close to the deck, moaning pitifully. Many jumped into the sea. Captain Ward remained on deck until the vessel had settled to such an extent that the water was engulfing him. Then he went up on the bridge, and from there continued to issue his directions, although by this time confusion was so great that few paid any attention to his commands.

That the steamer sank almost immediately after striking is the report of a majority of those rescued. Some of the passengers say that she instantly listed forward, and that in five minutes she went down, while others declare that she stayed afloat for half an hour after she struck. The wreck lies about three-fourths of a mile south of Fort Point, and about 1,000 yards off the rocky shore. The smoke stack and a portion of the upper works of the ill-fated steamer are visible.

THE 24TH OF MAY.

Will Be Observed as Empire Day.

PROTESTANT COMMITTEE OF COUNCIL OF PUBLIC INSTRUCTION IN SESSION.

Montreal, Feb. 23.—Hereafter, May 24, will be observed in the Protestant schools of this province, instead of May 23, as Empire Day.

This is in line with a resolution passed yesterday by the Protestant Committee of the Council of Public Instruction, which met in the Normal School, according to the plan of holding one quarterly meeting of the year in Montreal.

The meeting was presided over by Rev. Dr. Shaw, chairman, and there was a full attendance of members. Apologies for absence were received from the Lord Bishop of Quebec and Mr. Dunbar, of Quebec.

On the motion of Principal Peterson, a suitable resolution was adopted relative to the death of the Queen.

Mr. W. L. Shurtleff, advocate, Coaticook, was appointed to the vacancy in the associate membership of the committee.

The funds for poor municipalities were distributed, being considerably augmented this year by the appropriation of one-half of the marriage license fees.

The inspector of superior schools submitted his report, of which the chairman presented a digest, calling attention to the serious defects in some schools and recommending that hereafter in the bulletins of inspection, the question appear: "Have you a picture of the King in your school?" At present all the superior schools are furnished with a picture of the late Queen, which it is intended shall remain upon the walls.

This proposal of the chairman was cordially approved.

The important measure of enlarging the course of study was considered. Replies from 22 superior school boards were submitted, showing very general concurrence in enlarging the course from five to six years, for which a new syllabus of studies was submitted by Rev. E. I. Rexford, and was adopted.

In reply to the W.C.T.U., it was resolved: 1. That half an hour each week should be given to instruction in temperance and health. At present this is optional. 2. That all candidates in training as teachers shall attend a course of lectures in hygiene. 3. That specific enquiry be made by all inspectors as to the extent to which, per week, temperance instruction is given.

It was resolved that hereafter, all candidates for admission to the Normal School shall undergo medical examination as to their physical fitness for the work of teaching.

Of the $50,000 granted to elementary schools by the Flynn - Government, $7,000 became the share of the Protestants. Of this $3,000 have already been appropriated, and at yesterday's meeting, $2,100 further were appropriated, chiefly in a small subsidy to each school to buy dictionaries, school apparatus or pictures.

It was decided to hold the next quarterly meeting in Quebec, on May 17.

THE WARAGRAPH COMING.

No doubt the people of Sherbrooke will welcome the Edison Waragraph Company of New York, next week, in Art Hall. Mr. Chas. Law, the Canadian manager, is staying at the Grand Central Hotel and has completed arrangements for Friday and Saturday next. This Company comes highly recommended by Toronto, Montreal, Halifax and St. John press. Part of the entertainment consists of the reproduction of the Boer war, by a certain moving picture process. Every picture being accompanied by music, and startling mechanical sounding effects, which makes the entertainment wonderfully interesting. The company has met with wonderful success throughout Canada. Seats will be placed on sale at Fraser's drug store.

Customer.—You said these gloves were warm. My hands have been half frozen ever since I began to wear them.

Salesman.—You want to go to a doctor; I can't do anything for you. I never said anything about your hands. I said the gloves were warm; and so they were when I sold them to you.

A ROME DESPATCH.

Vatican Representation in Canada and U. S. May Unite.

MGR. FALCONIO, IT APPEARS, MAY BE THE ONLY REPRESENTATIVE IN AMERICA.

Vienna, February 23.—(Special)—According to a report from the Vatican, it has been decided for reasons of economy to unite the diplomatic representation of the Holy See in the United States and Canada in one and the same person.

MGR. FALCONIO MAY BE THE MAN

Ottawa, February 23.—Archbishop Falconio, when seen yesterday with regard to the Rome despatch stating that he was to succeed Mgr. Martinelli at Washington, said that he had not been made aware of the fact, but in face of the apparent directness of the message he would not say that there was not foundation for the report.

DEWET CAPTURED?

Says London Stock Exchange Rumor.

THERE IS, HOWEVER, NO CONFIRMATION OF THE REPORT.

London, February 23.—(Special)—A rumor that General DeWet had been captured was put in circulation on the Stock Exchange this morning, but no confirmation of the report could be obtained.

PROTECTION OF GAME.

GAME WARDEN VISITS GRANBY AND SECURES A CONVICTION.

Granby, Feb. 23.—Game Warden Harry E. Hill was sent out to Granby last week by the Province of Quebec Association for the protection of fish and game to investigate a case of deer hunting out of season.

With the assistance of the local warden, Mr. J. Bruce Payne, whose interest in the protection of game is well known, they soon secured the necessary evidence.

A summons was issued against Mr. Stanley Purdy, of South Stukely, who had been visiting in that section, and this gentleman had the pleasure of paying a fine of $10, and $9.30 costs.

Mr. Purdy is a great fox hunter and although he states he will still continue to hunt deer when he wants to, it is likely he will think a moment before he again sets out to hunt deer out of season.

The deer in question was hounded, followed up on snowshoes and when brought to bay in the deep snow was ruthlessly potted.

Out of season shooting around Granby is practically unknown, the sentiment of the people being in favor of game protection.

Out of season shooters can take notice that Granby is not a profitable place for hunting.

SELLS AT COST ABROAD.

Because it Has Power to Charge What It Likes in the United States.

London, Feb. 23.—In a speech at Stockton, Thursday, Sir Christopher Furness, a well-known shipowner and shipbuilder, declared that there was no need of a panic over the new American steel trust. It might be temporarily successful, he said, and its power to charge what is liked for steel in the United States might enable it to make a bold bid for the world's markets by selling at cost price or less abroad, but the last Presidential election showed that America was growing restive under the oppression of the trusts.

DEATHS.

ABERCROMBIE—At East Helena, Montana, February 12, 1901, Mr. Robert A. Abercrombie, aged 41 years.

CLEVELAND.—At Richmond, on Sunday, Feb. 17, Helen Jane Ross, beloved wife of Dr. E. T. Cleveland, of Richmond, aged 36 years, 4 months and 8 days.

PEASLEY.—In Stanstead Township, Feb. 19th, of pneumonia, Miss Lois Peasley, aged 84 years.

IN PARLIAMENT.

Yesterday Was Busy But Uneventful.

HOUSE IN COMMITTEE ON SUPPLY.—SIR LOUIS DAVIES GIVES INFORMATION.

Ottawa, Ont., Feb. 23.—Yesterday was a busy day and rather uneventful one in the House of Commons. After Mr. Richardson and Mr. McCreary had been placed on the Debates Committee, the House went immediately into committee on supply. Sir Louis Davies was in the box all afternoon and evening, and practically the whole of the Department of Marine and Fisheries was covered. Seven long items were disposed of, including ocean and river service, lighthouse and coast service, scientific institutions and hydrographic surveys, marine hospitals, steamboat inspection, and fisheries. Mr. Fielding, just before adjournment brought up the superintendence of insurance. Most of the discussion was upon matters of detail.

R. T OF T.

DISTRICT MEETING AT MARTINVILLE, THIS WEEK.

Martinville, Feb. 23.—The district Council of R. T. of T. met here on Wednesday, the 20th inst. The attendance was not as numerous as could be wished on account of sickness and bad roads. Representatives from South Dudswell, Earle, Bury, and Sawyerville, were present. Enough to show that temperance sentiment is still strong in the district. Plans were adopted for more aggressive work. W. H. Cloveland was elected to represent the Royal Templars at the annual session of the Dominion Alliance, to be held in Montreal next month. The election of officers resulted in the re-election of A. F. Orr, as District Councillor; Mr. Whitehead, secretary, and Mr. Arthur Cairns, of Sawyerville, treasurer. A public meeting was held in the evening in the church when there was singing and speeches, which were duly appreciated.

INSURANCE RATES RAISED.

Toronto, February 23.—At an all-day session of the Canadian Fire Underwriters' Association yesterday, it was decided to increase the insurance rates as well as to arrange new schedules throughout Canada. The decision was reached after a full discussion of problems arising from the recent great fires, especially those at Ottawa, Hull and Montreal.

The details of the new arrangement were not decided upon, a committee being appointed for this work. There will be no flat rate over a district, as formerly existed; each risk will be judged on its merits and advances made on all buildings in the neighborhood of hazardous risks. It is confidently expected that the increased revenues will compensate the companies for the heavy losses recently sustained.

BEQUEST TO BISHOP COLLEGE, LENNOXVILLE.

Hon. Evan John Price, of St. Colomb de Sillery, Quebec, died there in August of 1899. He had bank stock and other stocks in the province of Ontario worth $42,800, and his will, originally probated in Quebec, has been entered for probate in Toronto. The Lord Bishop, of the Anglican Church, in Quebec, is given $10,000 for church purposes besides $2,000 for the pension fund, $2,000 for St. Michael's Church, where Mr. Price lived; $5,000 to Bishop's College, Lennoxville; $5,000 to the Bishop Williams' Memorial Fund, and $2,000 to the Finlay Asylum. The residue of the estate is given to relatives.

WHAT PREMIER ROSS PROMISES.

Toronto, February 23.—The Premier and Provincial Treasurer of Ontario, Hon. G. W. Ross, in his budget speech outlined the Government's programme of legislation for the present session. Without committing himself to the project, he threw out the suggestion that a railway, 160 miles in length, from North Bay to Temiscaming, to open the latter district, might be built with public funds and leased to the G.T.R. He also announced that the Government would bring down bills to encourage beet sugar production, to improve the public highways by an expenditure of $1,000,000 in 10 years, to abolish toll roads, to encourage the dressed beef industry, and to promote technical education. The Government, he said, would also use its influence to secure the establishment of a remount depot in Canada for the British army, to have the tuberculin test on Canadian cattle entering the United States abolished, and to remove the quarantine against Canadian cattle in the British markets.

DEWET LOSES 1,000 MEN.

Froneman's Force Separates and Goes North. German Mercenaries Shot.

De Aar, Cape Colony, Feb. 23.—Commandant Froneman's force, about 1,000, has separated from Gen. DeWet and gone north. Gen. DeWet is moving westward to meet Commandant Hertzog, who is coming with a fresh supply of horses.

London, Feb. 23.—A despatch to the Daily Mail from Pietermaritzburg, records the capture of a gang of German mercenaries and dynamiters who were attempting to destroy a bridge near Krubersdorp. After they were captured they made a desperate attempt to escape and some of them had to be shot down.

IN THE LEGISLATURE.

Yesterday Very Quiet in Provincial Parliament.

PETITION TO INCREASE DEPARTMENTAL STORE TAXATION.

Quebec, February 23.—Yesterday was an exceptionally uninteresting day around the Parliament buildings, the only business transacted in the morning being the election of chairmen of committees, while in the afternoon the Legislature sat only ten minutes, as there was next to nothing on the orders of the day, and then adjourned until Monday afternoon.

Four petitions were presented during the afternoon's sitting, the most important being one presented by Mr. Cochrane on behalf of certain retail merchants of Montreal, asking that Act 62 Vic., ch. 58, be amended so as to impose certain taxes on the departmental stores in the metropolis.

The various committees have elected the following chairmen: Privileges and Elections, Hon. Mr. Turgeon; Industries, G. R. Smith; Agriculture, Hon. Mr. Dechene; Legislation, Hon. Mr. Duffy; Public Accounts, W. J. Watts; Railways and Canals, Dr. de Grosbois; Private Bills, Aug. Tessier; Standing Orders, Dr. Lalonde.

FUNERALS HOURLY.

SEVEN MORE BODIES RECOVERED BY SEARCHERS IN CUMBERLAND MINE.

Vancouver, B.C., February 22.—Seven additional bodies have been recovered from the Cumberland mine. Like the others found they had evidently been going toward No, 6 shaft, when cut off by the after-damp. All were lying on or under the fallen timber and debris. Several had arms or legs broken. They seemed to have been choked to death by the after-damp, while trying to crawl over the cave in which they had fallen before they reached it.

They were not burned, but were almost unrecognizable from the effects of the great heat which followed the sealing of the pit's mouth, and the stopping of the fans. Their faces were swollen and blackened, their clothes being the only sure marks by which to recognize them. Funerals have been held hourly all day.

Mrs. Dove—"My husband always kisses me when he leaves the house in the morning."

Miss Spiter—"Funny how good-natured some men are when they are getting away from home for a whole day."

CHAPLAIN ALMOND.

Interesting Lecture at Lennoxville on the War.

TELLS OF THE REVIEWING OF THE CANADIANS IN ENGLAND BY THE QUEEN.

A very good audience greeted the Rev. John Almond, chaplain of the first Canadian contingent, when he ascended the platform in St. George's Parish Hall, Lennoxville, last evening, to lecture upon his South African experiences.

The Rev. A. C. Scarth said a few pleasant words of introduction, referring to Mr. Almond's residence in Lennoxville, when he was a student at Bishop's College, and to the self-sacrificing work he had done in South Africa. The lecture was prefaced by a description of the Boer character, and training, and by a concise resume of the causes which led to the war. The lecturer paid a high tribute to Lennoxville and Sherbrooke men, mentioning Carrington Smith, Hugo Cummins, Holloway, Gilmour, Lightbound Burstall, (all old Lennoxville boys), and Surgeon-Major Worthington and Captain Fraser. Of the latter Mr. Almond spoke twice; in terms of strong affection and sincerest praise. A number of interesting pictures were then shown upon the screen, and were explained and illustrated by the lecturer, who described the terrible sand storms far worse than the deadly blizzards on the coast of Labrador, where he had spent two years; the long hard marches over the burning veldt; the poisoned water which men drank with eagerness, and died; the six thousand fever stricken men, and the sad and hopeless scenes in the hospital.

In simple, touching language he told of the soldier's burial, and the wail of the dead march and of the farewell bugle notes over the graves. A picture of Lord Roberts was thrown upon the screen, and amid a burst of cheering and applause, Mr. Almond said that the secret of Lord Roberts' vast influence over the army was owing as much to the fact that he was a sincere Christian as a fine soldier. Lord Kitchener was greeted with much applause, and also, when the well-known features of Father O'Leary appeared, the enthusiasm increased. Mr. Almond spoke affectionately of him as "that old hero, my faithful friend."

The young chaplain told of the homeward voyage, the reception in England, and the being reviewed by the Queen, the very last public function at which she appeared, and said that men and officers alike, all but broke down when the feeble voice of the aged Queen said to Col. Otter, "Tell my Canadian soldiers their Queen is proud of them."

Afterwards there was the presentation to His Royal Highness the Prince of Wales, and Mr. Almond spoke of his cordial kindness and warm handshake, and then the greeting at home in Canada.

The Rev. Mr. Scarth moved a vote of thanks to the lecturer for the very excellent and instructive lecture, in which the audience heartily concurred, and the evening appropriately closed with the singing of God Save the King.

CORRESPONDENCE.

PROTESTANT AND CATHOLIC.

To editor Sherbrooke Daily Record:

Dear Sir:—The letter of "Fiat Lux" in today's Record has just come to my notice. He is, I think, if he sticks to his resolve therein announced, retiring a little early from the discussion which he himself began. Nevertheless, I do not propose that he should change his mind; the effect of religious controversy often is, I am afraid, rather to embitter than to satisfy those who take different sides, so perhaps it will be well that the discussion he started should be brought to an end. Only I should like to say that if "Fiat Lux" is willing to authorize you, sir, to give me his name and address, I shall be glad for my part to authorize you to give him my name and address; and I shall then be further willing to enter into private correspondence with him in the hope of showing him that it is possible for some of those whom he calls "Protestants" to be "Catholics" also; and more particularly that members of the Anglican Communion have a right to call themselves Catholics and their church a Catholic church.

I am, dear sir,
Yours faithfully,
HOPE, THE HERMIT.

Montreal, Friday evening.

LIVE STOCK MARKET.—There was a good demand for prime beef at the Eastern Abattoir yesterday, but inferior stock was slow. Choice beeves sold at 4¼ to 4¾c, good at 3¾ to 4¼c, fair at 3c to 3¼c, and common grades at 1½c to 2½c per pound. Offerings of sheep and lambs were small, the former selling at 3½c to 3¾c, and lambs at 4½c to 4¾c per pound. Calves ranged from $3 to $6, according to quality. Receipts of live hogs were small, the demand was good and prices were stronger at 6½c to 7c per lb.

WHEAT.—The Liverpool wheat market was weaker today. Paris closed steady.

The American markets were closed today (Friday), Washington's birthday.

The South Australia wheat crop is now estimated at 9,937,000 bushels.

Wheat never passed a winter so well so far in Kansas, and a great crop is expected, though three-quarters of the area is now unprotected.

LOCAL MARKET.—The market is steady. Quotations are about 31½ to 31¾c for No, 2 oats, ex store, and 28c west; peas are quoted as 62½c north and west; buckwheat sells at 49c west; rye, 49c west for export.

FEED.—The demand is brisk and prices steady to firm. We quote: Manitoba bran, in bags, $17; shorts, $18 in bags; Ontario bran, in bulk, $17.50 to $18; and shorts $18; moullie, $18 to $24.

ULVERTON.

Feb. 23.—Mr. Alex. Elliott is busy these days, filling up the ice-house at Mr. Miller's creamery.

A good season for butter is anticipated, as butter, in the English market, is advancing in price, while the price of cheese is constantly declining, owing to the large make of last year and the heavy stock now held, both here and abroad, all of which must be sold during the next three months. We notice, also, that the dealers and shippers, in Montreal, are out with circulars, requesting farmers and cheesemen not to make any fodder cheese, as it will further injure the market, and give our cheese a bad name. "A word to the wise is sufficient."

Miss Eva Wadleigh is away, visiting an old school mate and friend at Hanover, N. H.

A very sudden death occurred here last week. Mrs. Joseph Graham had a stroke of paralysis, and never came to consciousness again. She was a quiet unassuming women, of sterling Christian character, and universally respected by all who knew her. Her husband and family have the deep sympathy of the whole community, in their sad affliction.

Mr. George O. Cummings, of Ulverton, is authorized to receive either new or renewal subscriptions for the Daily Record.

"I am Satisfied I've Found a Friend---A Health Friend in MALT BREAKFAST FOOD.

An Ottawa business man prominent in society, has become a regular user of Malt Breakfast Food. His happy experience has led many others in the Capital City to share in the blessings that Malt Breakfast Food affords. He says:

"I heard of your popular Malt Breakfast Food through a railway official, and bought a package from my Grocer. I found it so rich and delicate in flavor, so easy to digest and so agreeable to the stomach, that I now use it every morning instead of oatmeal. From my comparatively short experience with Malt Breakfast Food, I have no hesitation in declaring it to be a true health food for either young or old. I am satisfied I've found a friend—a health friend in Malt Breakfast Food."

Malt Breakfast Food so strongly recommended by the highest medical authorities, is sold by all first-class Grocers.

Mrs. Solomon Fraser

AT ST. MOISE STATION

Highly Praises the Curative Properties of MORIN'S WINE Creso-Phates

Mrs. Solom. Fraser, whose husband is a dealer at St. Moise Station, writes us how she has been cured by Morin's Wine Creso-Phates.

Attacked by bronchitis, said she, was suffering for years, unable to find a remedy to my ills. Cold and damp weather never failed to increase sufferings. I was growing weaker daily, hopelessly of cure. I had often heard of that so far praised tonic, Morin's Wine "Creso-Phates," without a mind of trying it. Finally, I procured a bottle and began using it. The powerful effects of this excellent preparation became at once noticeable. I was gradually feeling better, my disease got lesser and lesser; I was cured.

I wish to give special mention not only that my bronchitis vanished, but that my health generally greatly improved.

From weak, I naturally was, I became strong and courageous, recovering good appetite, excellent digestion and restorative sleep.

I can now unwearriedly attend my household duties, enjoying prosperous health.

Mr. J. S. Roe, of the J. Hood Company, Montreal, is at the Magog House, with a fine collection of etchings, steel and colored engravings, etc., and will remain in town during the greater part of next week. Mr. Roe was in Sherbrooke in the spring of '98 with the royal painting, "For Queen and Empire," which was exhibited at the Art Hall.

Mr. and Mrs. C. O. Swanson spent a day in Sherbrooke this week.

COST OF THE WAR.

CHANCELLOR OF THE EXCHEQUER GIVES FIGURES.

London, February 23.—Referring to a question on the cost of the war, Sir Michael Hicks-Beach, chancellor of the Exchequer, said that thus far £81,500,000 of bonds had been issued, and the weekly issue was from £1,000,000 to £1,250,000.

Mr. Brodrick imparted the information that the Boers in the field had recently been estimated at from nineteen to twenty thousand. In January there were 16,000 Boer prisoners, and this number had since been increased.

ARMY DUELLING SCANDAL IN GERMANY.

(From the London Times.)

A dinner was given by the officers of the garrison of Morchingen, a town near Metz, in honor of the Kaiser's birthday. After dinner an army surgeon, Dr. Ruger, was giving a display of his strength, was giving a display of his strength, and took an officer of the Seventh Infantry Regiment, Capt. Adams, by the wrists and forced him off his chair onto the ground. It was all meant in good part, but Captain Adams resented it and struck Dr. Ruger, and then retired to his room. Thither he was shortly afterward followed by two other Captains, who had come to arrange the affair in accordance with the military code of honor. Captain Adams had gone to bed, but a third visitor was awaiting him. This was Lieut. Ruger, the brother of the insulted army surgeon.

Although the two Captains expostulated with him Lieut. Ruger insisted on remaining, and when the door of the room opened and Capt. Adams was about to enter he drew a pistol and shot him dead on the spot. Lieut. Ruger then handed over his sword to the two Captains and explained that he had sacrificed himself for his brother, who was the father of a family, and who would probably have been killed if he had fought a duel with Capt. Adams, that officer having been a notoriously good shot. On surrendering himself to the authorities of the garrison, Lieut. Ruger was conveyed to Metz, where he awaits his trial by court-martial. Such a tragedy can hardly fail to bring home to many the inequality, and therefore the essential injustice, of duelling as a means of settling disputes.

IN AUSTRALIA.

Big Campaign For First General Election.

TARIFF THE PRINCIPLE ISSUE.—CHOICE OF CAPITAL.

Vancouver, B.C., Feb. 23.—The campaign preceding the first general election of the Australian commonwealth is now in progress. The main issue is the tariff. Edmund Burton, the provisional premier, is a protectionist. The leader of the Opposition, G. H. Reid, is an advocate of free trade. The main features of the Government platform are a revenue tariff construction of a transcontinental railway, old age pensions, uniform suffrage, and "a white Australia." The Government proposes to extend the franchise to women, but will not admit the eligibility of women to seats in Parliament.

Regarding a "white Australia," the Government has announced that while it will not legislate for the oppression of Polynesians, the importation of others will be greatly restricted. Strong legislation will be passed against the importation of Asiatic labor.

The selection of a capital site is being urged. The Federal Government is without adequate quarters, and is minus many of the necessary conveniences for the transaction of Government business. Meantime the administration is being carried on at Sydney, but Parliament will sit at Melbourne, Bombala, in Victoria, seems to be favorably regarded as the capital site.

Premier Seddon, of New Zealand, is accused of attempting to form a Pacific federation in opposition to the Australian federation, by the annexation of the Fiji Islands to New Zealand.

SATURDAY REVIEW HAS A WORD TO SAY.

London, Feb. 23.—The Saturday Review, discussing American affairs, will say tomorrow:—

"Those who fancy we are going to get anything in Alaska in return for further concessions in Nicaragua must be willing dupes. Our Government has the game in their own hands. If they choose to take the European powers, who have every claim to be consulted, into their confidence. American statesmen are well aware, with difficulties thickening around them, that they dare not defy this country, much less Europe.

"Russia is giving an object lesson of the proper way of meeting an American bluff."

KING A HARD WORKER.

HIS MAJESTY ATTENDS TO EVERY DETAIL OF STATE AFFAIRS.

New York, February 23.—King Edward's activity and interest in his work continues unabated, says the Tribune's London correspondent. Every detail receives his attention and he insists upon having accurate knowledge of everything and forming an independent opinion. Those in touch with the court assert that all the important addresses and messages to the nation, army, navy and foreign rulers have been written by the King himself, and that the phrasing of all royal communications except, possibly the King's speech in Parliament, is his own. He rises early, works late, sleeps little, and his health already reveals the effect of this close occupation.

CORONATION OATH.

LORD SALISBURY REFERS TO IT IN THE HOUSE OF COMMONS.

London, February 23.—Lord Salisbury in the House of Commons yesterday, referring to the anti-Catholic declaration contained in the oath which King Edward took at the opening of Parliament, said that though he deplored the language in which the declaration was couched, it must be remembered that the enactment represented the passions and feelings of the period when it was adopted. The passions of Parliament now were not so strong, but there were undoubtedly parts of the country where the controversy which the declaration represented still flourished, and where the emotions which it had produced had not died out. If legislatuce was undertaken it ought to be started in the House of Commons, and he was not certain but that strong feelings might be aroused there.

THOMAS MAY & CO.' NEW QUARTERS.

The millinery trade will be glad to hear that the disastrous fire which destroyed the warehouse of Thomas May & Co., wholesale milliners, Montreal, will not prevent them filling all orders, including factory orders as usual. The firm immediately secured a large warehouse, 196 McGill street, as well as new factory premises so that business has continued virtually without interruption.

Their spring opening on March 5th, 6th and 7th will surpass that of any previous season in the display of new goods.

STANSTEAD LOST.

DEFEATED BY B.C.S. AT LENNOXVILLE LAST NIGHT.

At Minto Rink, Lennoxville, last night, B.C.S. II. and Stanstead College met in E.T. Junior hockey league match. The result was a victory for B.C.S. by a score of 6 to 3. The match was very good. The Stanstead team is a promising one, but lack of combination work, due somewhat, perhaps, to the fact of being on a strange rink, rendered them hardly a match for the B.C.S.

THE LADIES WON.

Rock Island, February 23.—(Special)—An interesting hockey match was played in the College rink Thursday, between the smaller boys of the College and the young ladies. The score was 3 to 2 in favor of the latter.

A SPECIAL MEETING.

A special meeting of the intermediate Canadian Amateur Hockey Association will be held at the M.A.A.A. rooms, Montreal, on Tuesday night, to consider the protest of the Laviblettes against the Quebec club.

MONTAGNARD CHAMPIONS.

HIGH SCHOOL II. LOSE A GAME AT LENNOXVILLE.

The High School junior hockey team went to Lennoxville and played a team from that place this forenoon.

The match resulted in a victory for the Lennoxvilles by a score of 7 to 1.

The High School team was composed of: Goal, Fred Eadie; point, W. Hutton; cov. point, C. Howard; forwards, G. Davis, Norman Conley, M. Armitage and C. Kinkead.

The Lennoxville team was composed of: Goal, Lane; point, ——; cover point, Chapman; forwards, Perry, Wiggett, Lane and Hughes.

THE CANADIAN ORDER OF FORESTERS.

This purely Canadian fraternal, benevolent and insurance society was organized in 1879 and now has a membership of upwards of 40,000, distributed in every province of the Dominion, to which its operations are confined. The society gives insurance to its members in policies of $500, $1,000, $1,500 or $2,000, the latter sum being the limit on any life. The premiums, payable monthly in advance, are as follows:

Between the Ages of	On $500	On $1,000	On $1,500	On $2,000
18 to 25	.35	.60	.90	$1.20
26 to 30	.40	.65	.98	$1.30
30 to 35	.45	.70	$1.05	$1.40
35 to 40	.50	.85	$1.28	$1.70
40 to 45	.55	$1.00	$1.50	$2.00

After paying upwards of one million and three-quarters in death claims, the Order had a surplus in the insurance department of $1,001,000 at the end of January last, all of which is invested in gilt-edged securities in Canada, or is on deposit in the best monetary institutions of the country. Not a dollar of the moneys collected for the insurance fund is or has been used for the expense of management. The death rate per 1,000 of membership in 1898 was 4.56 and for 1899, 4.43, and since the organization of the society, the average death rate has been only 4.92.

The Sick and Funeral Benefit Branch is a very popular department and upwards of 22,000 of the members of the society are participating in this feature of the order. The benefits are $3.00 per week for the first two weeks of illness, and $5.00 per week for the following ten weeks, altogether $56.00 during any one year, besides a funeral benefit of $30.00. In case of continued illness, $56 is paid each year in sick benefits. The fees, monthly in advance, are as follows:

Between 18 and 25 years	.25 cents
Between 25 and 30 years	30 cents
Between 30 and 35 years	35 cents
Between 35 and 40 years	40 cents
Between 40 and 45 years	45 cents

During the year 1900 over $63,000 were paid out in sick and funeral benefits, and $195,000 in death benefits. All physically and morally qualified males, between the ages of 18 and 45 years, who are not disqualified on account of occupation, are accepted for membership.

For further particulars enquire of any of the officers or members of the Order, or address,
